[Approved by Governor August 31, 1999. Filed with
Secretary of State September 1, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The January 17, 1994, Northridge earthquake, measuring 6.8 magnitude on the Richter Scale, and its aftershocks, caused major damage in southern California.

(b) Structural damage in schools was minimal. Fortunately, the quake occurred at 4:31 a.m., but if students had been present, many could have been injured by nonstructural elements, such as light fixtures, ceilings, storage cabinets, and broken glass, that fell or collapsed during the earthquake.

(c) Affected school districts suffered many millions of dollars in damage, lost both computerized and written records, closed schools for one to eight weeks, and had to undertake massive cleanup and repair efforts. This massive disruption to schools was caused, for the most part, by damage to the contents of the school buildings, not to the buildings themselves.

(d) The Long Beach earthquake of 1933 demonstrated the hazards of structural collapse of school buildings and generated the building code requirements delineated in the Field Act. Field Act designed buildings performed very well in the Northridge earthquake; there was some structural damage, but no life-threatening building collapse. However, the Northridge earthquake made it clear that nonstructural hazards inside our schools might be deadly.

SEC. 2. Section 8587.7 is added to the Government Code, to read:

8587.7. (a) The Office of Emergency Services, in cooperation with the State Department of Education, the Department of General Services, and the Seismic Safety Commission, shall develop an educational pamphlet for use by grades K-14 personnel to identify and mitigate the risks posed by nonstructural earthquake hazards.

(b) The office shall print and distribute the pamphlet to the governing board of each school district and community college district in the state, along with a copy of the current edition of the office's school emergency response publication. The office shall also make the pamphlet or the current edition of the office's school emergency response publication available to a private elementary or secondary school upon request.

(c) The office, as soon as feasible, shall make the pamphlet and the current edition of the office's school emergency response publication available by electronic means, including, but not limited to, the Internet.

SEC. 3. The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the Office of Emergency Services for the purposes of this act.

CHAPTER 295

An act to add and repeal Article 16 (commencing with Section 35400) of Chapter 2 of Part 21 of the Education Code, relating to the Los Angeles Unified School District, and declaring the urgency thereof, to take effect immediately.

(d) Notwithstanding any other provision of the law, any person who, after the administration of an oath or affirmation pursuant to this section, states or affirms as true any material matter which he or she knows to be false is guilty of a misdemeanor punishable by imprisonment in a county jail not to exceed six months or by a fine not to exceed five thousand dollars ($5,000), or by both that fine and imprisonment for the first offense. Any subsequent violation shall be punishable by imprisonment in a county jail not to exceed one year

or by a fine not to exceed ten thousand dollars ($10,000), or by both that fine and imprisonment.

(e) The director shall submit an interim report to the Legislature by July 1, 2000, and a final report by December 1, 2000, regarding the use and effectiveness of the subpoena power authorized by this section in the successful completion of his or her duties.

(f) This article shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2001, deletes or extends that date.

35401. (a) If the Director of the Internal Audit and Special Investigations Unit determines that there is reasonable cause to believe that an employee or outside agency has engaged in any illegal activity, he or she shall report the nature and details of the activity on a timely basis to the local district attorney or the Attorney General.

SEC. 2. The Legislature finds and declares that, due to the unique circumstances applicable to the Director of the Internal Audit and Special Investigations Unit within the Los Angeles Unified School District, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

17620. (a) (1) The governing board of any school district is authorized to levy a fee, charge, dedication, or other requirement against any construction within the boundaries of the district, for the purpose of funding the construction or reconstruction of school facilities, subject to any limitations set forth in Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7 of the Government Code. This fee, charge, dedication, or other requirement may be applied to construction only as follows:

(A) To new commercial and industrial construction. The chargeable covered and enclosed space of commercial or industrial construction shall not be deemed to include the square footage of any structure existing on the site of that construction as of the date the first building permit is issued for any portion of that construction.

(B) To new residential construction.

(C) (i) Except at otherwise provided in clause (ii), to other residential construction, only if the resulting increase in assessable space exceeds 500 square feet. The calculation of the "resulting increase in assessable space" for this purpose shall reflect any decrease in assessable space in the same residential structure that also results from that construction. Where authorized under this paragraph, the fee, charge, dedication, or other requirement is applicable to the total resulting increase in assessable space.

(ii) This subparagraph does not authorize the imposition of a levy, charge, dedication, or other requirement against residential

construction, regardless of the resulting increase in assessable space, if that construction qualifies for the exclusion set forth in subdivision (a) of Section 74.3 of the Revenue and Taxation Code.

(D) To location, installation, or occupancy of manufactured homes and mobilehomes, as defined in Section 17625.

(2) For purposes of this section, "construction" and "assessable space" have the same meaning as defined in Section 65995 of the Government Code.

(3) For purposes of this section and Section 65995, "construction or reconstruction of school facilities" does not include any item of expenditure for any of the following:

(A) The regular maintenance or routine repair of school buildings and facilities.

(B) The inspection, sampling, analysis, encapsulation, or removal of asbestos-containing materials, except where incidental to school facilities construction or reconstruction for which the expenditure of fees or other consideration collected pursuant to this section is not prohibited.

(C) The purposes of deferred maintenance described in Section 17582.

(4) The appropriate city or county may be authorized, pursuant to contractual agreement with the governing board, to collect and otherwise administer, on behalf of the school district, any fee, charge, dedication, or other requirement levied under this subdivision. In the event of any agreement authorizing a city or county to collect that fee, charge, dedication, or other requirement in any area within the school district, the certification requirement set forth in subdivision (b) or (c), as appropriate, is deemed to be complied with as to any residential construction within that area upon receipt by that city or county of payment of the fee, charge, dedication, or other requirement imposed on that residential construction.

(5) Fees or other consideration collected pursuant to this section may be expended by a school district for the costs of performing any study or otherwise making the findings and determinations required under subdivisions (a), (b), and (d) of Section 66001 of the Government Code, or in preparing the school facilities needs analysis described in Section 65995.6 of the Government Code. In addition, an amount not to exceed, in any fiscal year, 3 percent of the fees collected in that fiscal year pursuant to this section may be retained by the school district, city, or county, as appropriate, for reimbursement of the administrative costs incurred by that entity in collecting the fees. When any city or county is entitled, under an agreement as described in paragraph (4), to compensation in excess of that amount, the payment of that excess compensation shall be made from other revenue sources available to the school district. For purposes of this paragraph, "fees collected in that fiscal year pursuant to this section" does not include any amount in addition to the

amounts specified in paragraphs (1) and (2) of subdivision (b) of Section 65995 of the Government Code.

(b) A city or county, whether general law or chartered, may not issue a building permit for any construction absent certification by the appropriate school district that any fee, charge, dedication, or other requirement levied by the governing board of that school district has been complied with, or of the district's determination that the fee, charge, dedication, or other requirement does not apply to the construction. The school district shall issue the certification immediately upon compliance with the fee, charge, dedication, or other requirement.

22970.83. (a) Upon receipt of proof of a participant's death, the beneficiary or beneficiaries shall be entitled to a death benefit that is a lump sum distribution of the balance remaining in the participant's account.

(b) If the participant died prior to termination of employment or distribution of all of the contributions and earnings credited to the participant's account, the lump sum distribution shall be an amount that is equal to the balance remaining in the participant's account.

(c) Application for the distribution shall be made on an application form and in the manner prescribed by the board.

22970.84. (a) Any participant who is entitled to a distribution may elect to receive the distribution in either of the following forms:

CHAPTER 12. DISTRIBUTIONS AND ROLLOVERS

22970.85. Notwithstanding any other provision of this part, a participant or beneficiary shall not be permitted to elect a distribution under this part that does not satisfy the requirements of paragraph (9) of subsection (a) Section 401 of Title 26 of the United States Code, including the incidental death benefit requirements of subparagraph (G) of paragraph (9) of subsection (a) of Section 401 and the regulations thereunder. The required beginning date of distributions that reflect the entire interest of the participant shall be as follows:

(a) In the case of a lump sum distribution to the participant, the lump sum payment shall be made not later than April 1 of the calendar year following the later of the calendar year in which the participant attains the age of $70^1/_2$ years or the calendar year in which the participant terminates employment.

(b) In the case of a distribution to the participant in the form of periodic payments, payment shall begin not later than April 1 of the calendar year following the later of the calendar year in which the participant attains the age of $70^1/_2$ years or the calendar year in which the participant terminates employment.

(c) In the case of a benefit payable on account of the participant's death after distributions to the participant have commenced in the form of periodic payments, the remainder of the participant's account shall be distributed at least as rapidly as if the participant had not died.

(d) In the case of a benefit payable on account of the participant's death before distributions to the participant have commenced, distributions shall be paid no later than December 31 of the calendar year in which the fifth anniversary of the participant's date of death occurs unless the benefit is paid over a period not extending beyond the life expectancy of the beneficiary and distributions commence not later than December 31 of the calendar year immediately following the calendar year in which the participant died, or in the event that the beneficiary is the participant's spouse, distributions must commence on or before the later of either:

(1) December 31 of the calendar year immediately following the calendar year in which the participant dies.

(2) December 31 of the calendar year in which the participant would have attained the age of $70^1/_2$ years.

22970.86. (a) Distributions from the plan shall be made as soon as practicable after the first valuation date immediately following the date of the request for distribution calculated based upon the valuation date immediately preceding the distribution.

(b) Notwithstanding Chapter 3 (commencing with Section 13100) of Part 1 of Division 8 of the Probate Code or any other law to the contrary, the death benefit payable under the plan may be

Upon the exercise of the election by a person with respect to a distribution or a portion thereof, the distribution by the plan of the amount so designated, once distributable under the terms of the plan, shall be made in the form of a direct rollover to the eligible retirement plan so specified.

(b) Notwithstanding any other provision of this part or Part 3 (commencing with Section 20000), a participant may at any time, in writing, authorize the board to apply any or all of the participant's account to payment of any contributions required as a member of the system or payable to the system at the option of the member pursuant to any provision of Part 3 (commencing with Section 20000), except the normal monthly contributions required in Article 1 (commencing with Section 20671) of Chapter 8 of Part 3. Any distribution or transfer made pursuant to this subdivision shall comply with applicable provisions of Title 26 of the United States Code.

22970.88. Except as otherwise provided in this part, all distributions shall be made directly from the fund to the participant or beneficiary. To the extent required by federal and state law, income and other taxes shall be withheld from each distribution, and the payment shall be reported to the appropriate governmental agency or agencies.

22970.89. (a) The plan's obligations to a participant, beneficiary, or nonparticipant spouse who elected a lump sum distribution cease upon distribution of the lump sum benefit.

(1) Deposit in the United States mail of a warrant drawn in favor of the participant, beneficiary, or nonparticipant spouse and addressed to the latest address on file for that person constitutes distribution of the benefit.

(2) Deposit in the United States mail of a notice that the requested electronic funds transfer has been made as directed by the participant, beneficiary, or nonparticipant spouse constitutes distribution of the benefit.

Section 401 of Title 26 of the United States Code, deposit in the United States mail of a notice that the requested transfer has been made constitutes distribution of the benefit.

(b) The plan's obligations to a participant or beneficiary who elected to receive a benefit in the form of partial distributions cease upon distribution of the final payment.

(1) Deposit in the United States mail of a warrant drawn in favor of the participant or beneficiary and addressed to the latest address on file for that person constitutes distribution of the benefit.

(2) Deposit in the United States mail of a notice that the requested electronic funds transfer has been made as directed by the participant or beneficiary constitutes distribution of the benefit.

(c) Distribution under paragraph (1), (2), or (3) of subdivision (a) or paragraph (1) or (2) of subdivision (b) pursuant to the board's determination in good faith of the existence, identity, or other facts relating to entitlement of persons constitutes a complete discharge and release of the board, system, and plan from liability for payments.

CHAPTER 308

An act to amend Section 50710.1 of the Health and Safety Code, relating to housing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 1, 1999. Filed with Secretary of State September 2, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 50710.1 of the Health and Safety Code is amended to read:

50710.1. (a) If all the development costs of any migrant farm labor center assisted pursuant to this chapter are provided by federal, state, or local grants, and if inadequate funds are available from any federal, state, or local service to write-down operating costs, the department may approve rents for that center which are in excess of rents charged in other centers assisted by the Office of Migrant Services. However, prior to approving these rents, the department shall consider the adequacy of evidence presented by the entity operating the center that the rents reimburse actual, reasonable, and necessary costs of operation.

(b) At the end of each fiscal year, any entity operating a migrant farm labor center pursuant to this chapter may establish a reserve account comprised of the excess funds provided through the annual operating contract received from the department, if the department certifies there is no need to address reasonable general maintenance requirements or repairs, rehabilitation, and replacement needs of

the requesting migrant farm labor center which affect the immediate health and safety of residents. The cumulative balance of the reserve account shall not exceed 10 percent of the annual operating funds annually committed to the entity by the department. Funds in the reserve account shall be used only for capital improvements such as replacing or repairing structural elements, furniture, fixtures, or equipment of the migrant farm labor center, the replacement or repair of which are reasonably required to preserve the migrant farm labor center. Withdrawals from the reserve account shall be made only upon the written approval of the department of the amount and nature of expenditures.

(c) A migrant farm labor center governed by this chapter may be operated for an extended period beyond 180 days after approval by the department, provided that all of the following conditions are satisfied:

(1) No additional subsidies provided by the department are used for the operation or administration of the migrant farm center during the extended occupancy period except to the extent that state funds are appropriated or authorized for the purpose of funding all or part of the cost of subsidizing extended occupancy periods during the first 14 days only.

(2) Rents are not to be increased above the rents charged during the period immediately prior to the extended occupancy period unless the department finds that an increase is necessary to cover the difference between reasonable operating costs necessary to keep the center open during the extended occupancy period and the amount of state funds available pursuant to paragraph (1) and any contributions from agricultural employers or other federal, local, or private sources. These contributions shall not be used to reduce the amount of state funds that otherwise would be made available to the center to subsidize rents during an extended occupancy period.

(3) In no event shall the rent during the extended occupancy period exceed the average daily operating cost of the center, less any subsidy funds available pursuant to paragraph (1) or (2). Households representing at least 25 percent of the units in the center shall have indicated their desire and intention to remain in residency during an extended occupancy period by signing a petition to the local entity to keep the center open for an extended period at rents that are the same or higher than rents during the regular period of occupancy. Each household shall receive a clear bilingual notice describing the extended occupancy options attached to the lease.

The Legislature finds and declares that because the number of residents may be substantially reduced during the extended occupancy period, a rent increase may be necessary to cover operating costs. It is the intent of the Legislature that the public sector, private sector, and farmworkers should each play an important role in ensuring the financial viability of this important source of needed housing.

(4) An extended occupancy period is requested by an entity operating the migrant farm labor center and received by the department no earlier than 30 days and no later than 15 days prior to the center's scheduled closing date. The department shall notify the entity and petitioning residents of the final decision no later than seven days prior to the center's scheduled closing date. During the extended occupancy period, occupancy shall be limited to migrant farmworkers and their families who resided at a migrant center during the regular period of occupancy.

(5) Before approving or denying an extension and establishing the rents for the extended occupancy period, both of which shall be within the sole discretion of the department, the department shall take into consideration all of the following factors:

(A) The structural and physical condition of the center, including water and sewer pond capacity and the capacity and willingness of the local entity to operate the center during the extended occupancy period.

(B) Whether local approvals are required, and whether there are competing demands for the use of the center's facilities.

(C) Whether there is adequate documentation that there is a need for residents of the migrant center to continue work in the area, as confirmed by the local entity.

(D) The climate during the extended occupancy period.

(E) The amount of subsidy funds available that can be allocated to each center to subsidize rents below the operating costs and the cost of operating each center during the extended occupancy period.

(F) The extended occupancy period is deemed necessary for the health and safety of the migrant farmworkers and their families.

(G) Other relevant factors affecting the migrant farmworkers and their families and the operation of the centers.

(6) The rents collected during the extended occupancy period shall be remitted to the department. However, based on financial records to the satisfaction of the department, the department may reduce the amount to be remitted by an amount it determines the local entity has expended during the extended occupancy period that is not being reimbursed by department funds.

(7) The occupancy during the extended occupancy period represents a new tenancy and is not subject to existing and statutory and regulatory limitations governing rents. Prior to the beginning of the extended occupancy period, residents shall be provided at least two days' advance written notice of any rent increase and of the expected length of the extended occupancy period, including the scheduled date of closure of the center, and prior to being eligible for residency during the extended occupancy period, residents shall sign rental documents deemed necessary by the department.

(d) The Legislature finds and declares that variable annual climates and changing agricultural techniques create an inability to accurately predict the end of a harvest season for the purposes of

housing migrant farmworkers and their families. Because of these factors, in any part of this state, and in any specific year, one or more migrant farmworker housing centers governed by this chapter need to remain open for up to two additional weeks to allow the residents to provide critical assistance to growers in harvesting crops while also fulfilling work expectations that encouraged them to migrate to the areas of the centers. In addition, if the centers close prematurely, the migrant farmworkers often must remain in the areas to work for up to two weeks. During this time they will not be able to obtain decent, safe, and affordable housing and the health and safety of their families and the surrounding community will be threatened.

The Legislature therefore finds and declares that, for the purposes of any public or private right, obligation, or authorization related to the use of property and improvements thereon as a 180-day migrant center, an extended use of any housing center governed by this chapter pursuant to this section is deemed to be the same as the 180-day use generally authorized by this chapter.

SEC. 2. The sum of sixty thousand dollars ($60,000) is hereby appropriated from the General Fund to the Department of Housing and Community Development for the Office of Migrant Services for the purpose of funding during the 1999–2000 fiscal year the extended occupancy periods authorized by subdivision (c) of Section 50710.1 of the Health and Safety Code, as amended by Section 1 of this act. This appropriation shall be in addition to any sums allocated to the Office of Migrant Services in the Budget Act of 1999.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to overcome the delay of the 1999 agricultural season due to the 1998–99 winter freezes and the heavy rains in early 1999 and make funds available so that migrant farmworkers and their families will be able to obtain housing to complete the harvest before the end of the 1999 growing season, it is necessary for this act to take effect immediately.

CHAPTER 309

An act to amend Sections 661 and 1861.16 of the Insurance Code, relating to insurance.

[Approved by Governor September 1, 1999. Filed with Secretary of State September 2, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 661 of the Insurance Code is amended to read:

661. (a) A notice of cancellation of a policy shall be effective only if it is based on one or more of the following reasons:

(1) Nonpayment of premium.

(2) The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has been under suspension or revocation during the policy period or, if the policy is a renewal, during its policy period or the 180 days immediately preceding its effective date.

(3) Discovery of fraud by the named insured in pursuing a claim under the policy provided the insurer does not rescind the policy.

(4) Discovery of material misrepresentation of any of the following information concerning the named insured or any resident of the same household who customarily operates an automobile insured under the policy:

(A) Safety record.

(B) Annual miles driven in prior years.

(C) Number of years of driving experience.

(D) Record of prior automobile insurance claims, if any.

(E) Any other factor found by the commissioner to have a substantial relationship to the risk of loss.

Any insured who negligently misrepresents information described in this paragraph may avoid cancellation by furnishing corrected information to the insurer within 20 days after receiving notice of cancellation and agreeing to pay any difference in premium for the policy period in which the information remained undisclosed.

(5) A substantial increase in the hazard insured against.

(b) This section shall not apply to any policy or coverage that has been in effect less than 60 days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(c) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding one hundred dollars ($100) shall not be deemed a cancellation of the coverage or of the policy.

(d) This section shall not apply to nonrenewal.

SEC. 2. Section 1861.16 of the Insurance Code is amended to read:

1861.16. (a) An insurer issuing a policy described in subdivision (a) of Section 660 by or through an insurance agent where a commission is paid, directly or indirectly, to that agent shall, when issuing a policy in the minimum financial responsibility coverage amount as required by Section 1861.15, pay a commission on the same terms and on the same percentage basis to that agent as for any higher amount of policy coverage sold by that agent. In no case shall the percentage amount of commission paid to that agent for a policy of minimum financial responsibility coverage be less than the

percentage commission paid to that agent on any higher level of policy coverage issued by that insurer.

(b) An agent or representative representing one or more insurers having common ownership or operating in California under common management or control shall offer, and the insurer shall sell, a good driver discount policy to a good driver from an insurer within that common ownership, management, or control group, which offers the lowest rates for that coverage. This requirement applies notwithstanding the underwriting guidelines of any of those insurers or the underwriting guidelines of the common ownership, management, or control group. Nothing in this subdivision shall require an insurer to offer and sell a good driver discount policy that the insurer would otherwise not be required to offer and sell in accordance with paragraph (3) of subdivision (b) of Section 1861.02. As used in this subdivision, "representative" means any person who offers or prepares premium quotations on behalf of either an insurer or any entity acting directly or indirectly on behalf of an insurer. This subdivision shall not be construed to either permit a representative to transact insurance, or to exempt a representative who does transact insurance from the licensing provisions of this code.

This subdivision shall become operative on January 1, 1991.

(c) An insurer that is required by this section or Section 1861.02 to offer and sell good driver discount policies to good drivers to whom it did not sell those policies prior to November 8, 1988, due to driving safety record or vehicle type may file and, upon the approval of the commissioner, implement an interim rating plan for those applicants until the rating plan required by subdivision (a) of Section 1861.02 is adopted, provided that the insurer has timely filed an automobile insurance rating plan in compliance with subdivision (a) of Section 1861.02, and that plan has not been approved. An insurer may file an interim plan prior to the operative date of subdivision (b).

The commissioner shall notify the public of any application by an insurer for an interim rating plan. The public notice shall meet the requirements of Section 1861.06. The application shall be deemed approved 60 days after public notice unless (1) a consumer or his or her representative requests a hearing within 45 days of public notice and the commissioner grants the hearing, or determines not to grant the hearing and issues written findings in support of that decision, or (2) the commissioner on his or her own motion determines to hold a hearing. If the commissioner grants a request for a hearing or determines on his or her own motion to hold a hearing on the application for an interim rating plan, but does not approve or disapprove the proposed interim rating plan within the later of 30 days from the date the commissioner grants a request or determines to hold the hearing or January 1, 1991, the interim rating plan may be used until the time that the commissioner issues a decision.

If an interim rate or proposed interim rate is greater than the rate ultimately approved, the insurer shall refund to its applicable

policyholders, in proportion to the amount of premium paid by each, the difference between the total amount earned and the amount to which the insurer is entitled under the rate ultimately approved, together with interest at the rate of 10 percent per year. In lieu of a refund, the insurer may provide a credit to the policyholder if the amount due is less than three dollars ($3).

(d) Nothing contained in subdivision (b) or (c) shall be construed to expand, limit, or modify the requirements of subdivision (b) of Section 1861.02.

(e) A violation of this section by any insurer shall subject it to the penalties provided by Section 1861.14.

SEC. 3. The Legislature finds and declares that Section 2 of this act furthers the purpose of Proposition 103 by clarifying the persons required to provide good driver coverage required under Proposition 103.

CHAPTER 310

An act to amend Sections 18672, 18680, 18710, 18939, 19063, 19063.1, 19063.2, 19063.5, 19063.8, 19144, 19253.5, 19401, 19402, 19403, 19405, 19406, and 19585 of, to add Section 21419.5 to, and to repeal Section 19404 of, the Government Code, relating to state employees.

[Approved by Governor September 1, 1999. Filed with Secretary of State September 2, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 18672 of the Government Code is amended to read:

18672. (a) Subpoenas and subpoenas duces tecum may be issued for attendance at a hearing and for production of documents at any reasonable time and place. However, a subpoena shall not be issued to compel attendance of any witness who does not reside within 100 miles of the place where the hearing or investigation is held unless it is shown to the satisfaction of a member of the board, the executive officer, or the person authorized to conduct the investigation or hearing, by affidavit stating the facts, that the witness is a material witness. Such a statewide subpoena shall be served at least five days prior to the date of hearing.

(b) Subpoenas and subpoenas duces tecum shall be issued by the board or its authorized representative at the request of a party.

(c) The process extends to all parts of the state and shall be served in accordance with Sections 1987 and 1988 of the Code of Civil Procedure. A subpoena or subpoena duces tecum may also be delivered by certified mail return receipt requested or by messenger. Service by messenger shall be effected when the witness

acknowledges receipt of the subpoena to the sender, by telephone, by mail, or in person, and identifies himself or herself either by reference to date of birth and driver's license number or Department of Motor Vehicles identification number, or the sender may verify receipt of the subpoena by obtaining other identifying information from the recipient. The sender shall make a written notation of the acknowledgment. A subpoena issued and acknowledged pursuant to this section has the same force and effect as a subpoena personally served. Failure to comply with a subpoena issued and acknowledged pursuant to this section may be punished as a contempt and the subpoena may so state. A party requesting a continuance based upon the failure of a witness to appear at the time and place required for the appearance or testimony pursuant to a subpoena, shall prove that the party has complied with this section. The continuance shall only be granted for a period of time that would allow personal service of the subpoena and in no event longer than that allowed by law.

(d) No witness is obliged to attend unless the witness is a resident of the state at the time of service.

(e) The custodian of documents that are the subject of a subpoena duces tecum may satisfy the subpoena by delivery of the documents or a copy of the documents, or by making the documents available for inspection or copying, together with an affidavit in compliance with Section 1561 of the Evidence Code.

SEC. 2. Section 18680 of the Government Code is amended to read:

18680. The remedy provided in Sections 11186 to 11188 inclusive is cumulative, and does not impair or interfere with either the power of the board or its authorized representative to conduct the hearing or investigation to enforce the attendance of witnesses and the production of books or papers or the power of any party to seek court enforcement of a subpoena issued by the board or its authorized representative.

SEC. 3. Section 18710 of the Government Code is amended to read:

18710. All orders and decisions of the board made pursuant to Article VII of the California Constitution or this part shall be obeyed by and are binding upon all parties to a proceeding before it, including, but not limited to, appointing powers and all their employees, including their personnel officers, regardless of whether an appointing power or other party agrees or disagrees with a decision or order of the board.

All orders and decisions, other than orders or decisions of the board itself, shall be reviewed by the executive officer or an employee of the board designated by the executive officer.

If any appointing power or other party refuses or neglects to comply with any such order or decision, the board may , in its sole discretion, after investigation with or without a hearing, do any of the following:

(a) Issue further findings interpreting or clarifying the order or decision.

(b) Issue further findings as to whether an appointing power or other party has or has not complied with the order or decision.

(c) Issue an order to show cause, directed to the appointing power, why the board should not file a petition for a writ of mandate to compel the appointing power to comply with the order or decision.

If the board finds that no good cause exists for the refusal or neglect of the appointing power or other party to comply with the order or decision, the board may issue a further order or decision consistent with its findings. Alternatively, the board may file a petition for a writ of mandate in the manner and in the court provided for by law to compel the appointing power or other party to comply with the order or decision.

This procedure for the enforcement of the orders and decisions of the board is in addition to any other means or procedure which may be provided by law. Nothing in this section shall preclude a party to a proceeding before the board from seeking judicial enforcement of an order or decision of the board.

SEC. 4. Section 18939 of the Government Code is amended to read:

18939. For classes of positions for which the board or a designated appointing power finds it difficult to maintain adequate eligible lists it may receive applications, conduct examinations, and create eligible lists continuously. The names of eligibles who took the same or a comparable examination on different dates may be ranked for purposes of certification in the order of final earned ratings, except as the order may be modified by the application of veterans preferences or career credits, consistent with applicable statutes. Eligibility from a continuous examination may be deemed to be established as of the date of examination.

SEC. 5. Section 19063 of the Government Code is amended to read:

19063. (a) Any person receiving state public assistance under the CalWORKs program (Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code) who meets the minimum qualifications for any civil service position described by the State Personnel Board as a seasonal or an entry level nontesting class that does not require an examination shall be given priority consideration. ''Priority consideration'' means, for the purposes of this article, that after consideration has been made for all conditions described in this section, the state agency involved shall hire all qualified job applicants who are receiving state public assistance before hiring any other applicant. The board shall review all nontesting classes and determine those that are subject to this article.

(b) Public assistance recipients who apply for openings under this article shall be required to undergo the same employment process

used by state agencies to select any other person for appointment to a position in such a class. If a state agency does not select a public assistance recipient to fill an opening, it shall document in its employment records the reasons why the public assistance recipient was not selected and any other information determined to be necessary by the board.

(c) The employment of public assistance recipients shall be consistent with the goals established by each agency under Section 19790.

(d) This section shall not preclude a state agency from hiring any person appointed during the prior 12 months in the class for which the vacancy exists.

SEC. 6. Section 19063.1 of the Government Code is amended to read:

19063.1. Each state agency that intends to establish qualified hiring pools, as defined by the State Personnel Board, for seasonal or entry level nontesting class employment shall notify the Employment Development Department or its delegate in the area where the openings are expected to occur at least 45 calender days prior to the establishment of the pool. The state agency shall request referrals of public assistance recipients and at the same time shall provide necessary job-related information.

SEC. 7. Section 19063.2 of the Government Code is amended to read:

19063.2. Each state agency that has an open seasonal or entry level nontesting class position, but does not have a qualified hiring pool, shall notify the Employment Development Department or its delegate in the area where the job is located of the opening no later than five working days after the vacancy occurs. The state agency shall request referrals of public assistance recipients and at the same time shall provide necessary job-related information. The agency shall provide a reasonable period for referrals, but not less than 10 working days.

SEC. 8. Section 19063.5 of the Government Code is amended to read:

19063.5. Notwithstanding any other provision of law, participation in a seasonal or entry level nontesting class vacancy by a public assistance recipient shall be voluntary only, and in no event shall any person be subject to sanctions, through loss of benefits or eligibility, for not applying for, accepting, or continuing in such a position. All notices shall explain the voluntary nature of the application to work in a seasonal or entry level nontesting class opening, the job requirements, the amount of pay, and the job qualifications. All notices, shall also inform public assistance recipients that they will have priority in being hired for jobs in these openings as provided in Section 19063.

SEC. 9. Section 19063.8 of the Government Code is amended to read:

19063.8. Any seasonal or entry level nontesting classifications specifically designed to support a program to train students, as determined by the board, to the extent that they are authorized as of the effective date of this article, shall be exempt from this article. However, state agencies shall be encouraged by the board to increase their efforts to recruit disadvantaged youth or students for these jobs.

SEC. 10. Section 19144 of the Government Code is amended to read:

19144. Subject to Sections 21223 and 21224, a person who has retired from state civil service may be employed temporarily in a civil service position at any time following retirement, provided that the position is either:

(a) In the class in which the person had permanent or probationary status or a career executive assignment appointment at the time of retirement.

(b) In another class to which the person could have been permanently transferred, reinstated, or demoted at the time of retirement.

SEC. 11. Section 19253.5 of the Government Code is amended to read:

19253.5. (a) In accordance with board rule, the appointing power may require an employee to submit to a medical examination by a physician or physicians designated by the appointing power to evaluate the capacity of the employee to perform the work of his or her position.

(b) Fees for the examination and for the services of medical specialists or technicians, if necessary, shall be paid by the state agency. The employee may submit medical or other evidence to the examining physician or to the appointing power. The examining physician shall make a written report of the examination to the appointing power. The appointing power shall provide a copy to the physician designated by the employee.

(c) When the appointing power, after considering the conclusions of the medical examination and other pertinent information, concludes that the employee is unable to perform the work of his or her present position, but is able to perform the work of another position including one of less than full time, the appointing power may demote or transfer the employee to such a position.

Except as authorized by the Department of Personnel Administration under Section 19837, the employee demoted or transferred pursuant to this section shall receive the maximum of the salary range of the class to which he or she is demoted or transferred, provided that the salary is not greater than the salary he or she received at the time of his or her demotion or transfer.

(d) When the appointing power after considering the conclusions of the medical examination provided for by this section or medical reports from the employee's physician, and other pertinent information, concludes that the employee is unable to perform the

work of his or her present position, or any other position in the agency, and the employee is not eligible or waives the right to retire for disability and elects to withdraw his or her retirement contributions or to permit his or her contributions to remain in the retirement fund with rights to service retirement, the appointing power may terminate the appointment of the employee.

(e) The appointing power may demote, transfer, or terminate an employee under this section without requiring the employee to submit to a medical examination when the appointing power relies upon a written statement submitted to the appointing power by the employee as to the employee's condition or upon medical reports submitted to the appointing power by the employee.

(f) The employee shall be given written notice of any demotion, transfer, or termination under this section at least 15 days prior to the effective date thereof. No later than 15 days after service of the notice, the employee may appeal the action of the appointing power to the board. The board, in accordance with its rules, shall hold a hearing. The board may sustain, disapprove, or modify the demotion, transfer, or termination.

(g) Whenever the board revokes or modifies a demotion, transfer, or termination, the board shall direct the payment of salary to the employee calculated on the same basis and using the same standards as provided in Section 19584.

(h) Upon the request of an appointing authority or the petition of the employee who was terminated, demoted, or transferred in accordance with this section, the employee shall be reinstated to an appropriate vacant position in the same class, in a comparable class or in a lower related class if it is determined by the board that the employee is no longer incapacitated for duty. Such a reinstatement to a position in a different agency may be made only with the concurrence of that agency. In approving or ordering the reinstatements, the board may require the satisfactory completion of a new probationary period. When the board finds the employee who was terminated, demoted, or transferred is no longer incapacitated for duty but there is no vacant position to which the employee appropriately can be appointed, the name of the employee shall be placed upon those reemployment lists that are determined to be appropriate by the board.

(i) (1) If the appointing power, after considering the conclusions of the medical examination provided for by this section or medical reports from the employee's physician and other pertinent information, concludes that the employee is unable to perform the work of his or her present position or any other position in the agency and the employee is eligible and does not waive the right to retire for disability, the appointing power shall file an application for disability retirement on the employee's behalf. The appointing power shall give the employee 15 days written notice of its intention to file such an application and a reasonable opportunity to respond to the

appointing power prior to the appointing power's filing of the application. However, the appointing power's decision to file the application is final and is not appealable to the State Personnel Board.

(2) Notwithstanding Section 21153, upon filing the application for disability retirement, the appointing power may remove the employee from the job and place the employee on involuntary leave status. The employee may use any accrued leave eligible during the period of the involuntary leave. If the employee's leave credits and programs are exhausted or if they do not provide benefits at least equal to the estimated retirement allowance, the appointing power shall pay the employee an additional temporary disability allowance so that the employee receives payment equal to the retirement allowance. The appointing power shall continue to make all employer contributions to the employee's health plans during the period of the involuntary leave.

(3) If the application for disability retirement is subsequently granted, the retirement system shall reimburse the appointing power for the temporary disability allowance which shall be deducted from any back disability retirement benefits otherwise payable to the employee. If the application is denied, the appointing power shall reinstate the employee to his or her position with back salary and benefits pursuant to subdivision (g), less any temporary disability allowance paid by the appointing power. The appointing power shall also restore any leave credits the employee used during the period of the involuntary leave.

SEC. 12. Section 19401 of the Government Code is amended to read:

19401. All departments and agencies of state government shall establish an effective program of upward mobility for employees in low paying occupational groups, as defined by the State Personnel Board. In developing their upward mobility programs, departments and agencies shall endeavor to provide, to the greatest extent possible, the following opportunities for employees who meet criteria established by the department or agency, demonstrate the aptitude or potential for advancement, and wish to participate in:

(a) Career counseling utilizing individual professional, administrative, and technical employees who can serve as career models, and a course in group career counseling. Each employee who wishes to participate in an upward mobility program should be required to develop a career development plan.

(b) Appropriate academic counseling.

(c) Training opportunities such as college programs related to special training programs. This training may include release time at reduced cost or no cost to the employee and may be offered in geographically remote areas through cooperative arrangements with other departments and colleges.

(d) Training and development assignments.

(e) On-the-job training.

(f) Job restructuring, including the development of career ladders and lattices, and modifications of requirements where employment barriers exist.

SEC. 13. Section 19402 of the Government Code is amended to read:

19402. All upward mobility programs shall include annual goals that include the number of employees expected to progress from positions in low paying occupational groups to entry-level technical, professional, and administrative positions, and the timeframe within which this progress shall occur. The State Personnel Board shall be responsible for approving each department's annual upward mobility goals and timetables.

Any department or agency of state government that determines that it will be unable to achieve the goals may request the board for a reduction in the goals. If the board determines that the department or agency has not made a good faith effort to achieve the goals, the board shall hold public hearings to determine the reasons for the deficiencies and to establish a program to overcome these deficiencies.

SEC. 14. Section 19403 of the Government Code is amended to read:

19403. The State Personnel Board shall, in cooperation with departments, establish bridging classifications and career ladders to provide upward mobility from jobs in low paying occupations to technical, professional, and administrative jobs on an ongoing basis.

SEC. 15. Section 19404 of the Government Code is repealed.

SEC. 16. Section 19405 of the Government Code is amended to read:

19405. The State Personnel Board shall annually submit a report to the Legislature on the performance of each department and agency in state government in meeting its obligations under this article.

SEC. 17. Section 19406 of the Government Code is amended to read:

19406. The State Personnel Board shall prepare written guidelines for implementation of the upward mobility program described in this article within six months from the effective date of this article. The board shall involve representatives from a cross section of groups and organizations representing state employees, including target groups, both in the initial discussion and in the subsequent preparation of the guidelines.

SEC. 18. Section 19585 of the Government Code is amended to read:

19585. (a) This section shall apply to permanent and probationary employees and may be used in lieu of adverse action and rejection during probation when the only cause for action against an employee is his or her failure to meet a requirement for continuing employment, as provided in this section. This section shall not apply

to cases subject to the provisions of termination or demotion for medical reasons or retirement for disability.

(b) An appointing power may terminate, demote, or transfer an employee who fails to meet the requirement for continuing employment that is prescribed by the board on or after January 1, 1986, in the specification for the classification to which the employee is appointed. Notwithstanding the foregoing, as prescribed by Article 11 (commencing with Section 19991) of Chapter 1 of Part 2.6, the appointing power may grant the employee a leave of absence in lieu of one of the actions specified above. In prescribing requirements for continuing employment, the board may specify standards to ensure that the requirements are consistently applied. The board may also specify when separation from a position for failure to meet requirements for continuing employment also constitutes separation from former positions that the employee held in other classifications that have the same or greater requirements for continuing employment.

(c) The federal Immigration Reform and Control Act of 1986 requires termination of an employee for failure to meet the employment eligibility requirements of that act, and if this is the only cause for action against that employee, the termination shall be carried out pursuant to this section. If a person fails to meet the employment eligibility requirements of the federal Immigration Reform and Control Act of 1986, that information, when used under this section, except for purposes of the appeals process, shall be confidential, as provided in the federal Immigration Reform and Control Act of 1986.

(d) For the purposes of this section, requirements for continuing employment shall be limited to the acquisition or retention of specified licenses, certificates, registrations, or other professional qualifications, education, or eligibility for continuing employment or advancement to the fully qualified level within a particular class series. The board shall prescribe procedures to ensure that employees affected by the requirements are informed of them. Requirements for continuing employment that are established for the purposes of this section shall not include medical, physical ability, work, or academy performance standards.

(e) For the purposes of this section, an employee who has filed a proper and timely application for renewal of a required license, registration, or certificate shall be considered as having maintained the license, registration, or certificate unless it is subsequently denied, revoked, or suspended.

(f) The employee shall receive at least five days' written notice of termination, demotion, or transfer and shall have the right to appeal the action to the board.

(g) When the requirements for continuing employment have been regained, terminated, demoted, or transferred employees may be reinstated pursuant to Section 19140.

(h) Any action under this section shall be considered nondisciplinary for the purposes of the State Civil Service Act and board rules.

(i) Whenever the board revokes or modifies a termination, demotion, or transfer under this section, the board shall direct the payment of salary and benefits to the employee calculated on the same basis and using the same standards as provided in Section 19584.

SEC. 19. Section 21419.5 is added to the Government Code, to read:

21419.5. The system shall deduct the amount of interim disability allowance made to a state member pursuant to subdivision (i) of Section 19253.5 from the member's retroactive disability allowance, and reimburse the state agency that has made the interim disability allowance payments. If the retirement disability allowance is not sufficient to reimburse the total interim disability allowance payments, an amount no greater than 10 percent of the member's monthly disability allowance shall be deducted and reimbursed to the state agency until the total interim disability allowance payments have been repaid. The state member and this system may agree to any other arrangements or schedule for the member to repay the interim disability allowance payments. If the disability application is denied, the system shall not be responsible for reimbursing the amount of interim disability allowance paid to the member by the state agency.

(d) Any person who willfully or negligently discloses the results of a test for a genetic characteristic to a third party in a manner that identifies or provides identifying characteristics of the person to whom the test results apply, except pursuant to a written authorization as described in subdivision (g), that results in economic, bodily, or emotional harm to the subject of the test, is guilty of a misdemeanor punishable by a fine not to exceed ten thousand dollars ($10,000).

and enforce compliance with Section 1374.7 of the Health and Safety Code.

(i) For purposes of this section, "genetic characteristic" has the same meaning as that set forth in subdivision (d) of Section 1374.7 of the Health and Safety Code.

SEC. 2. Section 12926 of the Government Code is amended to read:

12926. As used in this part in connection with unlawful practices, unless a different meaning clearly appears from the context:

(a) "Affirmative relief" or "prospective relief" includes the authority to order reinstatement of an employee, awards of backpay, reimbursement of out-of-pocket expenses, hiring, transfers, reassignments, grants of tenure, promotions, cease and desist orders, posting of notices, training of personnel, testing, expunging of records, reporting of records, and any other similar relief that is intended to correct unlawful practices under this part.

(b) "Age" refers to the chronological age of any individual who has reached his or her 40th birthday.

(c) "Employee" does not include any individual employed by his or her parents, spouse, or child, or any individual employed under a special license in a nonprofit sheltered workshop or rehabilitation facility.

(d) "Employer" includes any person regularly employing five or more persons, or any person acting as an agent of an employer, directly or indirectly, the state or any political or civil subdivision thereof, and cities, except as follows:

(1) "Employer" does not include a religious association or corporation not organized for private profit.

(2) "Employer," for purposes of provisions defining unlawful employment practices related to mental disability, means any person regularly employing 15 or more persons, or any person directly or indirectly acting as an agent of such an employer, and also includes the state and municipalities and political subdivisions of the state.

(e) "Employment agency" includes any person undertaking for compensation to procure employees or opportunities to work.

(f) "Essential functions" means the fundamental job duties of the employment position the individual with a disability holds or desires. "Essential functions" does not include the marginal functions of the position.

(1) A job function may be considered essential for any of several reasons, including, but not limited to, any one or more of the following:

(A) The function may be essential because the reason the position exists is to perform that function.

(B) The function may be essential because of the limited number of employees available among whom the performance of that job function can be distributed.

(C) The function may be highly specialized, so that the incumbent in the position is hired for his or her expertise or ability to perform the particular function.

(2) Evidence of whether a particular function is essential includes, but is not limited to, the following:

(A) The employer's judgment as to which functions are essential.

(B) Written job descriptions prepared before advertising or interviewing applicants for the job.

(C) The amount of time spent on the job performing the function.

(D) The consequences of not requiring the incumbent to perform the function.

(E) The terms of a collective bargaining agreement.

(F) The work experiences of past incumbents in the job.

(G) The current work experience of incumbents in similar jobs.

(g) "Labor organization" includes any organization that exists and is constituted for the purpose, in whole or in part, of collective bargaining or of dealing with employers concerning grievances, terms or conditions of employment, or of other mutual aid or protection.

(h) "Medical condition" includes either of the following:

(1) Any health impairment related to or associated with a diagnosis of cancer, for which a person has been rehabilitated or cured, based on competent medical evidence.

(2) Genetic characteristics. For purposes of this section, "genetic characteristics" means either of the following:

(A) Any scientifically or medically identifiable gene or chromosome, or combination or alteration thereof, that is known to be a cause of a disease or disorder in a person or his or her offspring, or that is determined to be associated with a statistically increased risk of development of a disease or disorder, and that is presently not associated with any symptoms of any disease or disorder.

(B) Inherited characteristics that may derive from the individual or family member, that are known to be a cause of a disease or disorder in a person or his or her offspring, or that are determined to be associated with a statistically increased risk of development of a disease or disorder, and that are presently not associated with any symptoms of any disease or disorder.

(i) "Mental disability" includes any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. However, "mental disability" does not include conditions excluded from the federal definition of "disability" pursuant to Section 511 of the Americans with Disabilities Act of 1990 (42 U.S.C., Sec. 12211). Additionally, for purposes of this part, the unlawful use of controlled substances or other drugs shall not be deemed, in and of itself, to constitute a mental disability.

(j) "On the bases enumerated in this part" means or refers to discrimination on the basis of one or more of the following: race,

religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or age.

(4) Being regarded as having, or having had, a disease, disorder, condition, cosmetic disfigurement, anatomical loss, or health impairment that has no present disabling effect but may become a physical disability as described in paragraph (1) or (2).

It is the intent of the Legislature that the definition of "physical disability" in this subdivision shall have the same meaning as the term "physical handicap" formerly defined by this subdivision and construed in American National Ins. Co. v. Fair Employment & Housing Com., 32 Cal.3d 603. However, "physical disability" does not include conditions excluded from the federal definition of "disability" pursuant to Section 511 of the Americans with Disabilities Act of 1990 (42 U.S.C., Sec. 12211). Additionally, for purposes of this part, the unlawful use of controlled substances or other drugs shall not be deemed, in and of itself, to constitute a physical disability.

(*l*) Notwithstanding subdivisions (i) and (k), if the definition of "disability" used in the Americans with Disabilities Act of 1990 (Public Law 101-336) would result in broader protection of the civil rights of individuals with a mental disability or physical disability, as defined in subdivision (i) or (k), or would include any medical condition not included within those definitions, then that broader protection or coverage shall be deemed incorporated by reference into, and shall prevail over conflicting provisions of, the definitions in subdivisions (i) and (k).

(2) Inherited characteristics that may derive from the individual or family member, that are known to be a cause of a disease or disorder in a person or his or her offspring, or that are determined to be associated with a statistically increased risk of development of a disease or disorder, and that are presently not associated with any symptoms of any disease or disorder.

SEC. 4. Section 10123.3 of the Insurance Code is amended to read:

10123.3. (a) No self-insured employee welfare benefit plan shall refuse to enroll any person or accept any person as a subscriber or renew any person as a subscriber after appropriate application on the basis of a person's genetic characteristics that may, under some circumstances, be associated with disability in that person or that person's offspring. No plan shall require a higher rate or charge, or offer or provide different terms, conditions, or benefits, on the basis of a person's genetic characteristics that may, under some circumstances, be associated with disability in that person or that person's offspring than is at the time required of any other individual in an otherwise identical classification, nor shall any plan make or require any rebate, discrimination, or discount upon the amount to be paid or the service to be rendered under the plan because the person carries those traits.

(b) No self-insured employee welfare benefit plan shall seek information about a person's genetic characteristics for any nontherapeutic purpose.

(c) No discrimination shall be made in the fees or commissions of a solicitor or solicitor firm for an enrollment or a subscription or the renewal of an enrollment or subscription of any person on the basis of a person's genetic characteristics that may, under some circumstances, be associated with disability in that person or that person's offspring.

(d) "Genetic characteristics" as used in this section means either of the following:

(1) Any scientifically or medically identifiable gene or chromosome, or combination or alteration thereof, that is known to be a cause of a disease or disorder in a person or his or her offspring, or that is determined to be associated with a statistically increased risk of development of a disease or disorder, and that is presently not associated with any symptoms of any disease or disorder.

(2) Inherited characteristics that may derive from the individual or family member, that are known to be a cause of a disease or disorder in a person or his or her offspring, or that are determined to be associated with a statistically increased risk of development of a disease or disorder, and that are presently not associated with any symptoms of any disease or disorder.

SEC. 5. Section 10147 of the Insurance Code is amended to read:

10147. As used in this article:

(a) "Disability income insurance" means insurance against loss of occupational earning capacity arising from injury, sickness, or disablement, and includes insurance which provides benefits for overhead expenses of a business or profession when the insured becomes disabled.

(b) "Genetic characteristics" means any scientifically or medically identifiable gene or chromosome, or alteration thereof, that is known to be a cause of a disease or disorder, or that is determined to be associated with a statistically increased risk of development of a disease or disorder, and that is presently not associated with any symptoms of any disease or disorder.

9237.5. The provisions of this code relating to the form of petitions, the duties of the county elections official, and the manner of holding elections shall govern the petition procedure and submission of the ordinance to the voters.

SEC. 24. Section 13107 of the Elections Code is amended to read:

13107. (a) With the exception of candidates for Justice of the State Supreme Court or court of appeal, immediately under the name of each candidate, and not separated from the name by any line, may appear at the option of the candidate only one of the following designations:

(1) Words designating the elective city, county, district, state, or federal office which the candidate holds at the time of filing the nomination documents to which he or she was elected by vote of the people, or to which he or she was appointed, in the case of a superior or municipal court judge.

(2) The word "incumbent" if the candidate is a candidate for the same office which he or she holds at the time of filing the nomination papers, and was elected to that office by a vote of the people, or, in the case of a superior or municipal court judge, was appointed to that office.

(3) No more than three words designating either the current principal professions, vocations, or occupations of the candidate, or the principal professions, vocations, or occupations of the candidate during the calendar year immediately preceding the filing of nomination documents. For purposes of this section, all California geographical names shall be considered to be one word. Hyphenated words that appear in any generally available standard reference dictionary, published in the United States at any time within the 10 calendar years immediately preceding the election for which the words are counted, shall be considered as one word. Each part of all other hyphenated words shall be counted as a separate word.

(4) The phrase "appointed incumbent" if the candidate holds an office other than a judicial office by virtue of appointment, and the candidate is a candidate for election to the same office, or, if the candidate is a candidate for election to the same office or to some other office, the word "appointed" and the title of the office. In either instance, the candidate may not use the unmodified word

"incumbent" or any words designating the office unmodified by the word "appointed." However, the phrase "appointed incumbent" shall not be required of a candidate who seeks reelection to an office which he or she holds and to which he or she was appointed, as a nominated candidate, in lieu of an election, pursuant to Sections 5326 and 5328 of the Education Code or Section 7228, 7423, 7673, 10229, or 10515 of this code.

(b) Neither the Secretary of State nor any other election official shall accept a designation of which any of the following would be true:

(1) It would mislead the voter.

(2) It would suggest an evaluation of a candidate, such as outstanding, leading, expert, virtuous, or eminent.

(3) It abbreviates the word "retired" or places it following any word or words which it modifies.

(4) It uses a word or prefix, such as "former" or "ex-," which means a prior status. The only exception is the use of the word "retired."

(5) It uses the name of any political party, whether or not it has qualified for the ballot.

(6) It uses a word or words referring to a racial, religious, or ethnic group.

(7) It refers to any activity prohibited by law.

(c) If, upon checking the nomination documents, the election official finds the designation to be in violation of any of the restrictions set forth in this section, the election official shall notify the candidate by registered or certified mail return receipt requested, addressed to the mailing address appearing on the candidate's nomination documents.

(1) The candidate shall, within three days from the date of receipt of the notice, appear before the election officer or, in the case of the Secretary of State, notify the Secretary of State by telephone, and provide an alternate designation.

(2) In the event the candidate fails to provide an alternate designation, no designation shall appear after the candidate's name.

(d) No designation given by a candidate shall be changed by the candidate after the final date for filing nomination documents, except as specifically requested by the elections official as specified in subdivision (c) or as provided in subdivision (e).

(e) The designation shall remain the same for all purposes of both primary and general elections, unless the candidate, at least 98 days prior to the general election, requests in writing a different designation which the candidate is entitled to use at the time of the request.

(f) In all cases, words so used shall be printed in 8-point roman uppercase and lowercase type except that, if the designation selected is so long that it would conflict with the space requirements of Sections 13207 and 13211, the elections official shall use a type size for the designation for each candidate for that office sufficiently smaller to meet these requirements.

(g) Whenever a foreign language translation of a candidate's designation is required under the Voting Rights Act of 1965 (42 U.S.C.A. Sec. 1971), as amended, to appear on the ballot in addition to the English language version, it shall be as short as possible, as consistent as is practicable with this section, and shall employ abbreviations and initials wherever possible in order to avoid undue length.

SEC. 25. Section 13112 of the Elections Code is amended to read:

13112. The Secretary of State shall conduct a drawing of the letters of the alphabet, the result of which shall be known as a randomized alphabet. The procedure shall be as follows:

(a) Each letter of the alphabet shall be written on a separate slip of paper, each of which shall be folded and inserted into a capsule. Each capsule shall be opaque and of uniform weight, color, size, shape, and texture. The capsules shall be placed in a container, which shall be shaken vigorously in order to mix the capsules thoroughly. The container then shall be opened and the capsules removed at random one at a time. As each is removed, it shall be opened and the letter on the slip of paper read aloud and written down. The resulting random order of letters constitutes the randomized alphabet, which is to be used in the same manner as the conventional alphabet in determining the order of all candidates in all elections. For example, if two candidates with the surnames Campbell and Carlson are running for the same office, their order on the ballot will depend on the order in which the letters M and R were drawn in the randomized alphabet drawing.

(b) (1) There shall be four drawings, three in each even-numbered year and one in each odd-numbered year. Each drawing shall be held at 11 a.m. on the date specified in this subdivision. The results of each drawing shall be mailed immediately to each county elections official responsible for conducting an election to which the drawing is applicable, who shall use it in determining the order on the ballot of the names of the candidates for office.

(A) The first drawing under this subdivision shall take place on the 82nd day before the April general law city elections, and shall apply to those elections and any other elections held at the same time.

(B) The second drawing under this subdivision shall take place on the 82nd day before the direct primary of an even-numbered year, and shall apply to all candidates on the ballot in that election.

(C) (i) The third drawing under this subdivision shall take place on the 82nd day before the November general election of an even-numbered year, and shall apply to all candidates on the ballot in the November general election.

(ii) In the case of the primary election and the November general election, the Secretary of State shall certify and transmit to each county elections official the order in which the names of federal and state candidates, with the exception of candidates for State Senate

and Assembly, shall appear on the ballot. The elections official shall determine the order on the ballot of all other candidates using the appropriate randomized alphabet for that purpose.

(D) The fourth drawing under this subdivision shall take place on the 82nd day before the first Tuesday after the first Monday in November of the odd-numbered year, and shall apply to all candidates on the ballot in the elections held on that date.

(2) In the event there is to be an election of candidates to a special district, school district, charter city, or other local government body at the same time as one of the four major election dates specified in subparagraphs (A) to (D), inclusive, and the last possible day to file nomination papers for the local election would occur after the date of the drawing for the major election date, the procedure set forth in Section 13113 shall apply.

(c) Each randomized alphabet drawing shall be open to the public. At least 10 days prior to a drawing, the Secretary of State shall notify the news media and other interested parties of the date, time, and place of the drawing. The president of each statewide association of local officials with responsibilities for conducting elections shall be invited by the Secretary of State to attend each drawing or send a representative. The state chairman of each qualified political party shall be invited to attend or send a representative in the case of drawings held to determine the order of candidates on the primary election ballot, the November general election ballot, or a special election ballot as provided for in subdivision (d).

(d) In the case of any special election for State Assembly, State Senate, or Representative in Congress, on the first weekday after the close of filing of nomination papers for the office, the Secretary of State shall conduct a public drawing to produce a randomized alphabet in the same manner as provided for in subdivisions (a) and (c). The resulting randomized alphabet shall be used for determining the order on the ballot of the candidates in both the primary election for the special election and in the special election.

SEC. 26. Section 13300.5 is added to the Elections Code, to read:

13300.5. In order to facilitate the timely production and distribution of sample ballots, the county elections official may prepare a combined sample ballot.

SEC. 27. Section 1780 of the Government Code is amended to read:

1780. (a) Notwithstanding any other provision of law, a vacancy in any elective office on the governing board of a special district, other than those specified in Section 1781, shall be filled as provided in this section. The district shall notify the county elections official of the vacancy no later than 15 days following either the date on which the district board is notified of the vacancy or the effective date of the vacancy, whichever is later. The remaining district board members may fill the vacancy by appointment. The person appointed shall hold office until the next general district election that

is scheduled 130 or more days after the date the district board is notified of the vacancy, and thereafter until the person elected at that election to fill the vacancy has been qualified. The person elected to fill the vacancy shall fill the balance of the unexpired term. If the term of office is due to expire following the next general district election and that election is scheduled 130 or more days after the date the county elections official is notified of the vacancy, the person appointed to the vacancy shall fill the balance of the unexpired term of his or her predecessor. Appointments pursuant to this subdivision shall be made within a period of 60 days immediately subsequent to either the date on which the district board is notified of the vacancy or the effective date of the vacancy, whichever is later, and a notice of the vacancy shall be posted in three or more conspicuous places in the district at least 15 days before the appointment is made. The county elections official shall be notified of the appointment no later than 15 days after the appointment. In lieu of making an appointment the remaining members of the board may within 60 days of the date the district board is notified of the vacancy or the effective date of the vacancy, whichever is later, call an election to fill the vacancy. The election shall be held on the next established election date provided in Chapter 1 (commencing with Section 1000) of Division 1 of the Elections Code that is 130 or more days after the date the district board calls the election.

(b) If the vacancy is not filled by the district board as specified, or if the board has not called for an election within 60 days of the date the district board is notified of the vacancy or the effective date of the vacancy, whichever is later, the city council of the city in which the district is wholly located, or if the district is not wholly located within a city, the board of supervisors of the county representing the larger portion of the district area in which the election to fill the vacancy will be held, may fill the vacancy within 90 days of the date the district board is notified of the vacancy or the effective date of the vacancy, whichever is later, or the city council or county supervisors may order the district to call an election to fill the vacancy. The election shall be held on the next established election date provided in Chapter 1 (commencing with Section 1000) of Division 1 of the Elections Code that is 130 or more days after the date the city council or board of supervisors calls the election.

(c) (1) If within 90 days of the date the district board is notified of the vacancy or the effective date of the vacancy, whichever is later, the remaining members of the board or the appropriate board of supervisors or city council have not filled the vacancy and no election has been called for, the district shall call an election to fill the vacancy. The election shall be held on the next established election date provided in Chapter 1 (commencing with Section 1000) of Division 1 of the Elections Code that is 130 or more days after the date the district board calls the election.

(2) If the number of remaining members of the board falls below a quorum, at the request of the district secretary, or a remaining board member, the board of supervisors or the city council may waive the 60-day period provided in subdivision (a) and appoint immediately to fill the vacancy as provided in subdivision (a), or may call an election to fill the vacancy. The election shall be held on the next established election date provided in Chapter 1 (commencing with Section 1000) of Division 1 of the Elections Code that is held 130 or more days after the date the city council or board of supervisors calls the election.

The board of supervisors or the city council shall only fill enough vacancies to provide the board with a quorum.

(d) Persons appointed to fill a vacancy shall hold office until the next general district election that is scheduled 130 or more days after the date the county elections official is notified of the vacancy and thereafter until the person elected at that election to fill the vacancy has been qualified, but persons elected to fill a vacancy shall hold office for the unexpired balance of the term of office.

6254.4. (a) The home address, telephone number, precinct number, or other number specified by the Secretary of State for voter registration purposes, and prior registration information shown on the voter registration card for all registered voters is confidential, and shall not be disclosed to any person, except pursuant to Section 2194 of the Elections Code.

(b) For purposes of this section, "home address" means street address only, and does not include an individual's city or post office address.

(b) The summary statements required by this section shall be prepared by the Legislative Analyst. These statements are not intended to provide comprehensive information on each measure. The Legislative Analyst shall be solely responsible for determining the contents of these statements. The statements shall be available for public examination and amendment pursuant to Section 88006.

SEC. 30. The Legislature finds and declares that the provisions of Section 29 of this bill further the purposes of the Political Reform Act

of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 31. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 313

An act to amend Sections 663.5, 675, and 11580.1 of the Insurance Code, relating to insurance.

[Approved by Governor September 1, 1999. Filed with Secretary of State September 2, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 663.5 of the Insurance Code is amended to read:

663.5. (a) No insurer shall fail to renew a policy solely on the basis of the age of the insured.

(b) On and after January 1, 2000, no insurer shall fail to renew a policy solely on the grounds that a claim is pending under the policy. This subdivision shall not be construed to limit an insurer's ability to nonrenew a policy based upon a directive from the commissioner for solvency or other financially related issues. This subdivision shall not be construed to limit an insurer's right to cancel a policy pursuant to Section 676.

SEC. 2. Section 675 of the Insurance Code is amended to read:

675. (a) Except as provided in Sections 676.8 and 679.6, this chapter shall apply to policies of insurance, other than automobile insurance and workers' compensation insurance, on risks located or resident in this state which are issued and take effect or which are renewed after the effective date of this chapter and insuring any of the following contingencies:

(1) Loss of or damage to real property which is used predominantly for residential purposes and which consists of not more than four dwelling units.

(2) Loss of or damage to personal property in which natural persons resident in specifically described real property of the kind described in paragraph (1) have an insurable interest, except personal property used in the conduct of a commercial or industrial enterprise.

(3) Legal liability of a natural person or persons for loss of, damage to, or injury to, persons or property, but not including policies primarily insuring risks arising from the conduct of a commercial or industrial enterprise.

(b) This chapter shall not be construed so as to modify or negate any of the provisions of Chapter 3 (commencing with Section 330) of Part 1 of Division 1, nor to destroy any rights or remedies therein provided.

(c) On and after January 1, 2000, an insurer may not refuse to renew a policy of insurance specified in subdivision (a) solely on the grounds that a claim is pending under the policy. This subdivision is not applicable to claims made under coverage for loss or damage caused by the peril of earthquake as provided in Chapter 8.5 (commencing with Section 10081) or Chapter 8.6 (commencing with Section 10089.5), of Part 1 of Division 2.

SEC. 3. Section 11580.1 of the Insurance Code is amended to read:

11580.1. (a) No policy of automobile liability insurance described in Section 16054 of the Vehicle Code covering liability arising out of the ownership, maintenance, or use of any motor vehicle shall be issued or delivered in this state on or after the effective date of this section unless it contains the provisions set forth in subdivision (b). However, none of the requirements of subdivision (b) shall apply to the insurance afforded under the policy (1) to the extent that the insurance exceeds the limits specified in subdivision (a) of Section 16056 of the Vehicle Code, or (2) if the policy contains an underlying insurance requirement, or provides for a retained limit of self-insurance, equal to or greater than the limits specified in subdivision (a) of Section 16056 of the Vehicle Code.

(b) Every policy of automobile liability insurance to which subdivision (a) applies shall contain all of the following provisions:

(1) Coverage limits not less than the limits specified in subdivision (a) of Section 16056 of the Vehicle Code.

(2) Designation by explicit description of, or appropriate reference to, the motor vehicles or class of motor vehicles to which coverage is specifically granted.

(3) Designation by explicit description of the purposes for which coverage for those motor vehicles is specifically excluded.

(4) Provision affording insurance to the named insured with respect to any owned or leased motor vehicle covered by the policy, and to the same extent that insurance is afforded to the named insured, to any other person using the motor vehicle, provided the use is by the named insured or with his or her permission, express or implied, and within the scope of that permission, except that: (i) with regard to insurance afforded for the loading or unloading of the motor vehicle, the insurance may be limited to apply only to the named insured, a relative of the named insured who is a resident of the named insured's household, a lessee or bailee of the motor vehicle, or an employee of any of those persons; and (ii) the insurance

afforded to any person other than the named insured need not apply to: (A) any employee with respect to bodily injury sustained by a fellow employee injured in the scope and course of his or her employment, or (B) any person, or to any agent or employee thereof, employed or otherwise engaged in the business of selling, repairing, servicing, delivering, testing, road-testing, parking, or storing automobiles with respect to any accident arising out of the maintenance or use of a motor vehicle in connection therewith. As used in this chapter, "owned motor vehicle" includes all motor vehicles described and rated in the policy.

(c) In addition to any exclusion provided in paragraph (3) of subdivision (b), the insurance afforded by any policy of automobile liability insurance to which subdivision (a) applies, including the insurer's obligation to defend, may, by appropriate policy provision, be made inapplicable to any or all of the following:

(1) Liability assumed by the insured under contract.

(2) Liability for bodily injury or property damage caused intentionally by or at the direction of the insured.

(3) Liability imposed upon or assumed by the insured under any workers' compensation law.

(4) Liability for bodily injury to any employee of the insured arising out of and in the course of his or her employment.

(5) Liability for bodily injury to an insured or liability for bodily injury to an insured whenever the ultimate benefits of that indemnification accrue directly or indirectly to an insured.

(6) Liability for damage to property owned, rented to, transported by, or in the charge of, an insured. A motor vehicle operated by an insured shall be considered to be property in the charge of an insured.

(7) Liability for any bodily injury or property damage with respect to which insurance is or can be afforded under a nuclear energy liability policy.

(8) Any motor vehicle or class of motor vehicles, as described or designated in the policy, with respect to which coverage is explicitly excluded, in whole or in part.

The term "the insured" as used in paragraphs (1), (2), (3), and (4) shall mean only that insured under the policy against whom the particular claim is made or suit brought. The term "an insured" as used in paragraphs (5) and (6) shall mean any insured under the policy including those persons who would have otherwise been included within the policy's definition of an insured but, by agreement, are subject to the limitations of paragraph (1) of subdivision (d).

(d) Notwithstanding the provisions of paragraph (4) of subdivision (b), or the provisions of Article 2 (commencing with Section 16450) of Chapter 3 of Division 7 of, or Article 2 (commencing with Section 17150) of Chapter 1 of Division 9 of, the Vehicle Code, the insurer and any named insured may, by the terms

of any policy of automobile liability insurance to which subdivision (a) applies, or by a separate writing relating thereto, agree as to either or both of the following limitations, the agreement to be binding upon every insured to whom the policy applies and upon every third-party claimant:

(1) That coverage and the insurer's obligation to defend under the policy shall not apply nor accrue to the benefit of any insured or any third-party claimant while any motor vehicle is being used or operated by a natural person or persons designated by name. These limitations shall apply to any use or operation of a motor vehicle, including the negligent or alleged negligent entrustment of a motor vehicle to that designated person or persons. This agreement applies to all coverage provided by that policy and is sufficient to comply with the requirements of paragraph (2) of subdivision (a) of Section 11580.2 to delete coverage when a motor vehicle is operated by a natural person or persons designated by name. The insurer shall have an obligation to defend the named insured when all of the following apply to that designated natural person:

(A) He or she is a resident of the same household as the named insured.

(B) As a result of operating the insured motor vehicle of the named insured, he or she is jointly sued with the named insured.

(C) He or she is an insured under a separate automobile liability insurance policy issued to him or her as a named insured, which policy does not provide a defense to the named insured.

An agreement made by the insurer and any named insured more than 60 days following the inception of the policy excluding a designated person by name shall be effective from the date of the agreement and shall, with the signature of a named insured, be conclusive evidence of the validity of the agreement.

That agreement shall remain in force as long as the policy remains in force, and shall apply to any continuation, renewal, or replacement of the policy by the named insured, or reinstatement of the policy within 30 days of any lapse thereof.

(2) That with regard to a policy issued to a named insured engaged in the business of leasing vehicles for those vehicles that are leased for a term in excess of six months, or selling, repairing, servicing, delivering, testing, road-testing, parking, or storing automobiles, coverage shall not apply to any person other than the named insured or his or her agent or employee, except to the extent that the limits of liability of any other valid and collectible insurance available to that person are not equal to the limits of liability specified in subdivision (a) of Section 16056 of the Vehicle Code. If the policy is issued to a named insured engaged in the business of leasing vehicles, which business includes the lease of vehicles for a term in excess of six months, and the lessor includes in the lease automobile liability insurance, the terms and limits of which are not otherwise specified in the lease, the named insured shall incorporate a provision

in each vehicle lease contract advising the lessee of the provisions of this subdivision and the fact that this limitation is applicable except as otherwise provided for by statute or federal law.

(e) Nothing in this section or in Section 16054 or 16450 of the Vehicle Code shall be construed to constitute a homeowner's policy, personal and residence liability policy, personal and farm liability policy, general liability policy, comprehensive personal liability policy, manufacturers' and contractors' policy, premises liability policy, special multiperil policy, or any policy or endorsement where automobile liability coverage is offered as incidental to some other basic coverage as an "automobile liability policy" within the meaning of Section 16054 of the Vehicle Code, or as a "motor vehicle liability policy" within the meaning of Section 16450 of the Vehicle Code, nor shall any provision of this section apply to a policy that provides insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle in the Republic of Mexico issued or delivered in this state by a nonadmitted Mexican insurer, notwithstanding that the policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

(f) On and after January 1, 1976, no policy of automobile liability insurance described in subdivision (a) shall be issued, amended, or renewed in this state if it contains any provision that expressly or impliedly excludes from coverage under the policy the operation or use of an insured motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing social service transportation. This subdivision shall not apply in any case in which the named insured receives any remuneration of any kind other than reimbursement for actual mileage driven in the performance of those services at a rate not to exceed the following:

(1) For the 1980–81 fiscal year, the maximum rate authorized by the State Board of Control, which shall also be known as the "base rate."

(2) For each fiscal year thereafter, the greater of either (A) the maximum rate authorized by the State Board of Control or (B) the base rate as adjusted by the California Consumer Price Index.

No policy of insurance issued under this section may be canceled by an insurer solely for the reason that the named insured is performing volunteer services for a nonprofit charitable organization or governmental agency consisting of providing social service transportation.

For the purposes of this section, "social service transportation" means transportation services provided by private nonprofit organizations or individuals to either individuals who are senior citizens or individuals or groups of individuals who have special transportation needs because of physical or mental conditions and

supported in whole or in part by funding from private or public agencies.

(g) Notwithstanding the provisions of paragraph (4) of subdivision (b) of this section, or the provisions of Article 2 (commencing with Section 16450) of Chapter 3 of Division 7 of, or Article 2 (commencing with Section 17150) of Chapter 1 of Division 9 of, the Vehicle Code, a Mexican nonadmitted insurer and any named insured may, by the terms of any policy of automobile insurance for use solely in the Republic of Mexico to which subdivision (a) applies, or by a separate writing relating thereto, agree to the limitation that coverage under that policy shall not apply to any person riding in or occupying a vehicle owned by the insured or driven by another person with the permission of the insured. The agreement shall be binding upon every insured to whom the policy applies and upon any third-party claimant.

(h) No policy of automobile insurance that provides insurance covering liability arising out of the ownership, maintenance or use of any motor vehicle solely in the Republic of Mexico issued by a nonadmitted Mexican insurance company, shall be subject to, or provide coverage for, those coverages provided in Section 11580.2.

CHAPTER 314

An act to repeal Section 1490 of the Insurance Code, relating to reciprocal insurers.

CHAPTER 315

An act to amend Section 18766 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 2, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 18766 of the Revenue and Taxation Code is amended to read:

18766. (a) This article shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2005, deletes that date.

(b) If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000) for taxable years beginning in 2000, or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on and after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contributions.

(c) For each calendar year, beginning with calendar year 1992, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 316

An act to amend Sections 221, 9564, and 40000.5 of the Vehicle Code, relating to vehicles.

(ii) For use by a licensed dismantler or an entity described in paragraph (3).

(D) Any motor vehicle repair business registered with the Bureau of Automotive Repair, or those exempt from registration under the Business and Professions Code or applicable regulations, that does not sell parts of the vehicles, except for either of the following purposes:

(3) The owner of a steel mill, scrap metal processing facility, or similar establishment purchasing vehicles of a type subject to registration, not for the purpose of selling the vehicles, in whole or in part, but exclusively for the purpose of reducing the vehicles to their component materials, if either the facility obtains, on a form approved or provided by the department, a certification by the person from whom the vehicles are obtained that each of the vehicles has been cleared for dismantling pursuant to Section 5500 or 11520, or the facility complies with Section 9564.

(4) Any person who acquires used parts or components for resale from vehicles which have been previously cleared for dismantling pursuant to Section 5500 or 11520.

Nothing in this paragraph permits a dismantler to acquire or sell used parts or components during the time the dismantler license is under suspension.

(b) Any vehicle acquired for the purpose specified in paragraph (3) of subdivision (a) from other than a licensed dismantler, or from other than an independent hauler who obtained the vehicle, or parts thereof from a licensed dismantler, shall be accompanied by either a receipt issued by the department evidencing proof of clearance for dismantling under Section 5500, or a copy of the ordinance or order issued by a local authority for the abatement of the vehicle pursuant to Section 22660. The steel mill, scrap metal processing facility, or

similar establishment acquiring the vehicle shall attach the form evidencing clearance or abatement to the certification required pursuant to this section.

(1) Documentation that the vehicle was acquired pursuant to Section 22669 and disposed of in compliance with Article 2 (commencing with Section 22850) of Chapter 10 of Division 11.

(2) The properly endorsed certificate of title transferring title to the scrap iron processor and any available license plates or registration documents.

(c) A vehicle delivered to a scrap metal processor under subdivision (a) shall not be reconstructed or made operable, unless it is a vehicle which qualifies for either horseless carriage license plates or historical vehicle license plates pursuant to Section 5004, in which case the vehicle may be reconstructed or made operable.

SEC. 3. Section 40000.5 of the Vehicle Code is amended to read:

40000.5. A violation of any of the following provisions shall constitute a misdemeanor, and not an infraction:

Section 20, relating to false statements.

Section 27, relating to impersonating a member of the California Highway Patrol.

Paragraph (3) of subdivision (a), or subdivision (b), or both, of Section 221, relating to proper evidence of clearance for dismantling.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor September 2, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 742.31 of the Insurance Code is amended to read:

742.31. Each self-funded or partially self-funded multiple employer welfare arrangement transacting business in the state shall file all of the following with the commissioner:

(a) No later than May 15th of each calendar year or four months and 15 days after the end of each fiscal year not on a calendar year basis, financial statements audited by a certified public accountant, and an actuarial opinion rendered by a qualified actuary. The opinion shall be based on standards adopted from time to time by the Actuarial Standards Board and on any additional standards that the commissioner may, by regulation, prescribe. For the purposes of this section, "qualified actuary" means a member in good standing of the American Academy of Actuaries who meets the requirements set forth in regulations of the commissioner. The qualified actuary shall be liable for damages to any person caused by his or her negligence or other tortious conduct.

(b) Within 60 days after the end of each fiscal quarter, unaudited financial statements, affirmed by an appropriate officer or agent of the multiple employer welfare arrangement.

(c) Within 60 days after the end of each fiscal quarter, a report certifying that the multiple employer welfare arrangement maintains cash or liquid assets in a claim reserve account sufficient to meet its contractual obligations and that it maintains a policy of aggregate and specific stop loss insurance.

742.435. The Department of Insurance, in consultation with the Department of Corporations, shall conduct an evaluation of multiple employer welfare arrangements and report to the Legislature and the Governor by January 1, 2002. The evaluation shall include, but not be limited to, the effectiveness of multiple employer welfare arrangements in providing participants with options for affordable health care coverage, and the effect of multiple employer welfare arrangements on persons or entities purchasing health care coverage who are not multiple employer welfare arrangement participants.

SEC. 3. Section 742.44 of the Insurance Code is amended to read:

742.44. This article shall remain in effect until January 1, 2004, and as of that date is repealed, unless a later enacted statute that is enacted before that date deletes or extends that date.

CHAPTER 318

An act to amend Sections 6980.18, 6980.42, 7503.1, 7506.5, 7525.1, 7582.7, 7583.9, 7593.1, and 7598.4 of the Business and Professions Code, relating to professions and vocations, and making an appropriation therefor.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 6980.18 of the Business and Professions Code is amended to read:

6980.18. (a) Each individual applicant, each partner of a partnership, and designated officers of a corporation shall submit with the application one personal identification form provided by the chief upon which shall appear a photograph taken within one year immediately preceding the date of the filing of the application, together with two legible sets of fingerprints, one set of which shall be forwarded to the Federal Bureau of Investigation for purposes of a background check, and a personal description of each person, respectively. Any photograph submitted by an applicant shall measure $1^1/_4$ by $1^1/_2$ inches, with a face size no greater than 1 by $1^1/_4$ inches. The identification form shall include residence addresses and employment history for the previous five years.

(b) The bureau may impose a fee not to exceed three dollars ($3) for processing classifiable fingerprint cards submitted by applicants, excluding those submitted into an electronic fingerprint system using electronic fingerprint technology.

6980.42. (a) Within seven days after commencing employment, any employee of a locksmith who is not currently registered with the bureau and who is performing the services of a locksmith shall submit to the bureau a completed application for registration, two classifiable fingerprint cards, one set of which shall be forwarded to the Federal Bureau of Investigation for purposes of a background check, and the appropriate registration fee. No application is required to be submitted if the employee terminated employment within seven days. "Within seven days" means 168 hours from the time an employee provides any service for which he or she shall be compensated by a licensee.

(b) Except as provided in subdivision (c), an employee of a licensee may be assigned to work with a temporary registration card issued by the licensee until the bureau issues a registration card or denies the application for registration. A temporary registration card shall in no event be valid for more than 120 days. However, the director may extend the expiration date beyond the 120 days if there is an abnormal delay in processing applications for locksmith employees. For purposes of this section, the 120-day period shall commence on the date the applicant signs the application.

(c) An employee who has been convicted of a crime prior to applying for a position as a locksmith employee performing the services of a locksmith shall not be issued a temporary registration card and shall not be assigned to work as a locksmith until the bureau issues a permanent registration card. This subdivision shall apply only if the applicant for registration has disclosed the conviction to the bureau on his or her application form, or if the fact of the conviction has come to the attention of the bureau through official court or other governmental documents.

(d) The bureau may impose a fee not to exceed three dollars ($3) for processing classifiable fingerprint cards submitted by applicants, excluding those submitted into an electronic fingerprint system using electronic fingerprint technology.

CHAPTER 319

An act to amend Section 1788 of, and to add Section 1788.17 to, the Civil Code, relating to debt collection.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1788 of the Civil Code is amended to read:

1788. This title may be cited as the Rosenthal Fair Debt Collection Practices Act.

SEC. 2. Section 1788.17 is added to the Civil Code, to read:

1788.17. Notwithstanding any other provision of this title, every debt collector collecting or attempting to collect a consumer debt shall comply with the provisions of Sections 1692b to 1692j, inclusive, of, and shall be subject to the remedies in Section 1692k of, Title 15 of the United States Code. However, subsection (11) of Section 1692e and Section 1692g shall not apply to any person specified in paragraphs (A) and (B) of subsection (6) of Section 1692a of Title 15 of the United States Code. The references to federal codes in this section refer to those codes as they read January 1, 2000.

CHAPTER 320

An act to add and repeal Section 5408.7 of the Business and Professions Code, relating to outdoor advertising.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 5408.7 is added to the Business and Professions Code, to read:

5408.7. (a) It is the intent of the Legislature that this section shall not serve as a precedent for other changes to the law regarding outdoor advertising displays on, or adjacent to, highways. The Legislature recognizes that the streets in the City and County of San Francisco that are designated as state or federal highways are unique in that they are also streets with street lights, sidewalks, and many of the other features of busy urban streets. At the same time, these streets double as a way, and often the only way, for people to move through the city and county from one boundary to another. The Legislature recognizes the particular topography of the City and County of San Francisco, the popularity of the area as a tourist destination, the high level of foot traffic, and the unique design of its highways.

(b) For purposes of this section, "street furniture" is any kiosk, trash receptacle, bench, public toilet, news rack, or public telephone placed on, or adjacent to, a street designated as a state or federal highway.

(c) In addition to the advertising displays permitted by Sections 5405, 5408, and 5408.5, advertising displays located on street furniture may be placed on, or adjacent to, any street designated as a state or federal highway within the jurisdiction of a city and county, subject to all of the following conditions:

(1) The advertising display meets the traffic safety standards of the city and county. These standards may include provisions requiring a finding and certification by an appropriate official of the city and county that the proposed advertising display does not constitute a hazard to traffic.

(2) Any advertising display that is within 660 feet of, and visible from, any street designated as a state or federal highway shall be consistent with federal law and regulations.

(3) Advertising displays on street furniture shall be placed in accordance with a permit or agreement with the city and county.

(4) Advertising displays on street furniture shall not extend beyond the exterior limits of the street furniture.

(d) Advertising displays placed on street furniture pursuant to a permit or agreement with the city and county shall not be subject to

the state permit requirements of Article 6 (commencing with Section 5350). This subdivision does not affect the authority of the state to enforce compliance with federal law and regulations, as required by paragraph (2) of subdivision (c).

(e) (1) The city and county shall, upon written notice of any suit or claim of liability against the state for any injury arising out of the placement of an advertising display approved by the city and county pursuant to subdivision (c), defend the state against the claim and provide indemnity to the state against any liability on the suit or claim.

(2) For the purposes of this subdivision, "indemnity" has the same meaning as defined in Section 2772 of the Civil Code.

(f) (1) This section shall become inoperative not later than 60 days from the date the director receives notice from the United States Secretary of Transportation that future operation of this section will result in a reduction of the state's share of federal highway funds pursuant to Section 131 of Title 23 of the United States Code.

(2) Upon receipt of the notice described in paragraph (1), the director shall notify in writing the Secretary of State and the City and County of San Francisco of that receipt.

(3) This section shall be repealed on January 1 immediately following the date the Secretary of State receives the notice required under paragraph (2).

SEC. 2. The Legislature finds and declares that a special statute is necessary and that a general statute cannot be made applicable, within the meaning of Section 16 of Article IV of the California Constitution, because of the unique circumstances in the City and County of San Francisco, including the city and county's particular topography, the area's popularity as a tourist destination, and the unique design of the city and county's highways.

CHAPTER 321

An act to amend Sections 5540.5 and 5546 of the Public Resources Code, relating to parks and recreation.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 5540.5 of the Public Resources Code is amended to read:

5540.5. (a) Notwithstanding Section 5540, a district, with the approval by a unanimous vote of the members of its board of directors, may exchange any real property dedicated and used for

park or open-space, or both, purposes for real property that the board of directors determines to be of equal or greater value and is necessary to be acquired for park or open-space, or both, purposes.

(b) A district shall not in any calendar year exchange more than 10 acres of district-owned real property pursuant to this section for other real property, and any real property acquired by the district shall be adjacent to other real property owned by the district.

(c) Notwithstanding subdivision (b), the East Bay Regional Park District and the Midpeninsula Regional Open Space District may exchange up to a maximum of 40 acres of district-owned real property in any calendar year pursuant to this section for other real property, and any real property so acquired by the district shall be adjacent to other real property owned by the district.

SEC. 2. Section 5546 of the Public Resources Code is amended to read:

5546. A district may contribute money, in those amounts the board of directors, by resolution, finds to be proper, to the State Park and Recreation Commission or to any municipality, county, or other public corporation, district, or agency, for the purpose of assisting in the acquisition of lands within or outside of the district for the purposes specified in section 5541, or for improving the lands in the manner therein specified, when in the judgment of the board of directors the acquisition or improvement is so located and planned as to be of benefit to the district. A district may grant funds to a private nonprofit entity for the purposes of this section.

CHAPTER 322

An act to add Section 321.7 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Agriculture is among the most important economic activities in this state.

(b) Agriculture in this state uses significant amounts of energy in production on farms and ranches. The high cost of energy for agriculture in this state, relative to the cost of energy in other parts of the country, undermines the competitive position of state agriculture in national and international markets.

(c) There is a need to determine if the following circumstances cause inequitable rates for electricity for agriculture in this state:

(1) Small farms and ranches often pay substantially more per kilowatt hour for utility stranded costs than other energy customers.

(2) The costs of providing electric distribution service in some rural areas are less than the costs for providing that service in other parts of the state, while rates are often higher.

(3) The rates for electric distribution service in some rural areas of the state are higher than in rural areas in other parts of the United States, although the terrain and weather in this state is often less severe.

(d) The primary goal of electrical restructuring was to reduce the cost of electricity for consumers in this state.

(e) To the extent that energy costs for agriculture are inequitable, it is in the public interest to correct the inequities.

SEC. 2. (a) The Energy Resources Conservation and Development Commission shall study the causes of high rates for electrical service to agriculture. The Commission shall include in its study a comparison of rates for agriculture with rates for other customer classes and a comparison of the agricultural electric rates in California with the electric rates for agriculture in other states. The commission may recommend strategies by which agriculture can reduce its electric service costs and identify factors that may affect the rate structure for agricultural electric customers following termination of the rate levels provided for in subdivision (a) of Section 368 of the Public Utilities Code.

(b) Notwithstanding Section 7550.5 of the Government Code, the Energy Resources Conservation and Development Commission shall prepare and submit to the Legislature a report that details its findings and conclusions pursuant to this section on or before September 1, 2000.

SEC. 3. Section 321.7 is added to the Public Utilities Code, to read:

321.7. (a) The commission shall include in the annual work plan access guide prepared by the commission pursuant to Section 321.6 a statement that specifies activities that the commission proposes to reduce the costs of, and rates for, energy, including electricity, and for improving the competitive opportunities for state agriculture and other rural energy consumers.

(b) The commission shall include in the annual report submitted by the commission to the Governor pursuant to Section 316 a statement that specifies the activities and achievements of the commission in reducing the costs of, and rates for, energy, including electricity, for state agriculture and other rural energy consumers.

CHAPTER 323

An act to amend Section 798.25 of the Civil Code, relating to mobilehome parks.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.25 of the Civil Code is amended to read:

798.25. (a) When the management proposes an amendment to the park's rules and regulations, the management shall meet and consult with the homeowners in the park, their representatives, or both, after written notice has been given to all the homeowners in the park 10 days or more before the meeting. The notice shall set forth the proposed amendment to the park rules and regulations and shall state the date, time, and location of the meeting.

(b) Following the meeting and consultation with the homeowners, the noticed amendment to the park rules and regulations may be implemented, as to any homeowner, with the consent of that homeowner, or without the homeowner's consent upon written notice of not less than six months, except for regulations applicable to recreational facilities, which may be amended without homeowner consent upon written notice of not less than 60 days.

(c) Written notice to a homeowner whose tenancy commences within the required period of notice of a proposed amendment to the park's rules and regulations under subdivision (b) shall constitute compliance with this section where the written notice is given before the inception of the tenancy.

(d) Any amendment to the park's rules and regulations that creates a new fee payable by the homeowner and that has not been expressly agreed upon by the homeowner and management in the written rental agreement or lease, shall be void and unenforceable.

SEC. 2. The Legislature finds and declares that this act is intended to prohibit park owners from amending park rules and regulations to impose new fees on park residents. The act is not intended to limit the provisions of Article 4 (commencing with Section 798.30) of Chapter 2.5 of Title 2 of Part 2 of Division 2 of the Civil Code with respect to the imposition of fees.

CHAPTER 324

An act to amend Sections 51.2, 51.3, and 51.11 of the Civil Code, relating to housing.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 51.2 of the Civil Code is amended to read:

51.2. (a) Section 51 shall be construed to prohibit a business establishment from discriminating in the sale or rental of housing based upon age. Where accommodations are designed to meet the physical and social needs of senior citizens, a business establishment may establish and preserve that housing for senior citizens, pursuant to Section 51.3, except housing as to which Section 51.3 is preempted by the prohibition in the federal Fair Housing Amendments Act of 1988 (P.L. 100-430) and implementing regulations against discrimination on the basis of familial status. Where accommodations constructed before February 8, 1982, meet the criteria for senior citizen housing specified in Section 51.4, a business establishment may establish and preserve that housing for senior citizens until January 1, 2001, in accordance with Section 51.4.

(b) This section is intended to clarify the holdings in Marina Point, Ltd. v. Wolfson (1982) 30 Cal. 3d 72 and O'Connor v. Village Green Owners Association (1983) 33 Cal. 3d 790.

(c) This section shall not apply to the County of Riverside.

SEC. 2. Section 51.3 of the Civil Code is amended to read:

51.3. (a) The Legislature finds and declares that this section is essential to establish and preserve specially designed accessible housing for senior citizens. There are senior citizens who need special living environments and services, and find that there is an inadequate supply of this type of housing in the state.

(b) The Legislature finds and declares that different age limitations for senior citizen housing are appropriate in recognition of the size of a development in relationship to the community in which it is located.

(c) For the purposes of this section, the following definitions apply:

(1) "Qualifying resident" or "senior citizen" means a person 62 years of age or older, or 55 years of age or older in a senior citizen housing development.

(2) "Qualified permanent resident" means a person who meets both of the following requirements:

(A) Was residing with the qualifying resident or senior citizen prior to the death, hospitalization, or other prolonged absence of, or the dissolution of marriage with, the qualifying resident or senior citizen.

(B) Was 45 years of age or older, or was a spouse, cohabitant, or person providing primary physical or economic support to the qualifying resident or senior citizen.

(3) "Qualified permanent resident" also means a permanently physically or mentally impaired or terminally ill adult who is a dependent child of the qualifying resident, senior citizen, or qualified permanent resident as defined in paragraph (2), unless the board of directors or other governing body of the senior citizen housing development determines that there are special circumstances to disallow this particular dependent child as a qualified permanent

resident. Special circumstances means a condition wherein this dependent child is or may be harmful to himself or herself or others.

(4) "Senior citizen housing development" means a residential development developed, substantially rehabilitated, or substantially renovated for, senior citizens that meets any of the following requirements:

(A) At least 70 dwelling units built prior to January 1, 1996, or at least 150 dwelling units built on or after January 1, 1996, in a metropolitan statistical area, as defined by the Federal Committee on Metropolitan Statistical Areas, with a population of at least 1,000 residents per square mile or 1,000,000 total residents, based on the 1990 census.

(B) At least 100 dwelling units in a metropolitan statistical area, as defined by the Federal Committee on Metropolitan Statistical Areas, with a population not to exceed 999 residents per square mile and not to exceed 399,999 total residents, based on the 1990 census.

(C) At least 35 dwelling units in any other area.

The number of dwelling units within a development includes all dwelling units developed, whether in single or multiple phases. Developments commenced after July 1, 1986, shall be required to have been issued a public report as a senior citizen housing development under Section 11010.05 of the Business and Professions Code.

(5) "Dwelling unit" or "housing" means any residential accommodation other than a mobilehome.

(6) "Cohabitant" refers to persons who live together as husband and wife.

(7) "Permitted health care resident" means a person hired to provide live-in, long-term, or terminal health care to a qualifying resident.

(d) The covenants, conditions, and restrictions or other documents or written policy shall not limit occupancy, residency, or use on the basis of age more proscriptively than to require that one person in residence in each dwelling unit may be required to be a senior citizen and that each other resident in the same dwelling unit may be required to be a qualified permanent resident.

(e) The covenants, conditions, and restrictions or other documents or written policy shall permit temporary residency, as a guest of a senior citizen or qualified permanent resident, by a person of less than 45 years of age for periods of time, not less than 60 days in any year, that are specified in the covenants, conditions, and restrictions or other documents or written policy.

(f) Upon the death or dissolution of marriage, or upon hospitalization, or other prolonged absence of the qualifying resident, any qualified permanent resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident.

(g) The condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential rental property shall have been developed for, and initially been put to use as, housing for senior citizens, or shall have been substantially rehabilitated or renovated for, and immediately afterward put to use as, housing for senior citizens, as provided in this section.

(h) The covenants, conditions, and restrictions or other documents or written policies applicable to any condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential property that contained age restrictions on January 1, 1984, shall be enforceable only to the extent permitted by this section, notwithstanding lower age restrictions contained in those documents or policies.

(i) Any person who has the right to reside in, occupy, or use the housing or an unimproved lot subject to this section on January 1, 1985, shall not be deprived of the right to continue that residency, occupancy, or use as the result of the enactment of this section.

(j) The covenants, conditions, and restrictions or other documents or written policy of the senior citizen housing development shall permit the occupancy of a dwelling unit by a permitted health care resident during any period that the person is actually providing live-in, long-term, or hospice health care to a qualifying resident for compensation.

(k) Notwithstanding any other provision of this section, this section shall not apply to the County of Riverside.

SEC. 3. Section 51.11 of the Civil Code is amended to read:

51.11. (a) The Legislature finds and declares that this section is essential to establish and preserve housing for senior citizens. There are senior citizens who need special living environments, and find that there is an inadequate supply of this type of housing in the state.

(b) For the purposes of this section, the following definitions apply:

(1) "Qualifying resident" or "senior citizen" means a person 62 years of age or older, or 55 years of age or older in a senior citizen housing development.

(2) "Qualified permanent resident" means a person who meets both of the following requirements:

(A) Was residing with the qualifying resident or senior citizen prior to the death, hospitalization, or other prolonged absence of, or the dissolution of marriage with, the qualifying resident or senior citizen.

(B) Was 45 years of age or older, or was a spouse, cohabitant, or person providing primary physical or economic support to the qualifying resident or senior citizen.

(3) "Qualified permanent resident" also means a permanently physically or mentally impaired or terminally ill adult who is a dependent child of the qualifying resident, senior citizen, or qualified permanent resident as defined in paragraph (2), unless the board of

directors or other governing body of the senior citizen housing development determines that there are special circumstances to disallow this particular dependent child as a qualified permanent resident. Special circumstances means a condition wherein this dependent child is or may be harmful to himself or herself or others.

(4) "Senior citizen housing development" means a residential development developed with more than 20 units as a senior community by its developer, zoned as a senior community by a local governmental entity, or characterized as a senior community in its governing documents, as these are defined in Section 1351, or qualified as a senior community under the federal Fair Housing Amendment Act of 1988, as amended. Developments commenced after July 1, 1986, and before January 1, 1997, shall be required to have been issued a public report as a senior citizen housing development under Section 11010.05 of the Business and Professions Code. However, developments may elect to amend their governing documents to become a senior citizen housing development after the expiration date of the public report.

(5) "Dwelling unit" or "housing" means any residential accommodation other than a mobilehome.

(6) "Cohabitant" refers to persons who live together as husband and wife.

(7) "Permitted health care resident" means a person hired to provide live-in, long-term, or terminal health care to a qualifying resident.

(c) The covenants, conditions, and restrictions or other documents or written policy shall not limit occupancy, residency, or use on the basis of age more restrictively than to require that one person in residence in each dwelling unit may be required to be a senior citizen and that each other resident in the same dwelling unit may be required to be a qualified permanent resident or permitted health care resident.

(d) The covenants, conditions, and restrictions or other documents or written policy shall permit temporary residency, as a guest of a senior citizen or qualified permanent resident, by a person of less than 55 years of age for periods of time, not more than 60 days in any year, that are specified in the covenants, conditions, and restrictions or other documents or written policy.

(e) Upon the death or dissolution of marriage, or upon hospitalization, or other prolonged absence of the qualifying resident, any qualified permanent resident shall be entitled to continue his or her occupancy, residency, or use of the dwelling unit as a permitted resident.

(f) The covenants, conditions, and restrictions or other documents or written policies applicable to any condominium, stock cooperative, limited-equity housing cooperative, planned development, or multiple-family residential property that contained age restrictions on January 1, 1984, shall be enforceable only to the

extent permitted by this section, notwithstanding lower age restrictions contained in those documents or policies.

(g) Any person who has the right to reside in, occupy, or use the housing or an unimproved lot subject to this section on or after January 1, 1985, shall not be deprived of the right to continue that residency, occupancy, or use as the result of the enactment of this section by Chapter 1147 of the Statutes of 1996.

(h) A housing development may qualify as a senior citizen housing development under this section even though, as of January 1, 1997, it does not meet the definition of a senior citizen housing development specified in subdivision (b), if the development complies with that definition for every unit that becomes occupied after January 1, 1997, and if the development was once within that definition, and then became noncompliant with the definition as the result of any one of the following:

(1) The development was ordered by a court or a local, state, or federal enforcement agency to allow persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development.

(2) The development received a notice of a pending or proposed action in, or by, a court, or a local, state, or federal enforcement agency, which action could have resulted in the development being ordered by a court or a state or federal enforcement agency to allow persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development.

(3) The development agreed to allow persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development by entering into a stipulation, conciliation agreement, or settlement agreement with a local, state, or federal enforcement agency or with a private party who had filed, or indicated an intent to file, a complaint against the development with a local, state, or federal enforcement agency, or file an action in a court.

(4) The development allowed persons other than qualifying residents, qualified permanent residents, or permitted health care residents to reside in the development on the advice of counsel in order to prevent the possibility of an action being filed by a private party or by a local, state, or federal enforcement agency.

(i) The covenants, conditions, and restrictions or other documents or written policy of the senior citizen housing development shall permit the occupancy of a dwelling unit by a permitted health care resident during any period that the person is actually providing live-in, long-term, or hospice health care to a qualifying resident for compensation.

(j) This section shall only apply to the County of Riverside.

CHAPTER 325

An act to add Section 31108 to the Corporations Code, relating to franchises.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 31108 is added to the Corporations Code, to read:

31108. There shall be exempted from the provisions of Chapter 2 (commencing with Section 31110), any offer or sale of a franchise if the franchise involves the adding of a new product or service line to the existing business of a prospective franchisee, provided all of the following requirements are met:

(a) For at least the last 24 months prior to the date of sale of the franchise, the prospective franchisee, or if the prospective franchisee is not a natural person, an existing officer, director, or managing agent of the prospective franchisee who has held that position with the prospective franchisee for at least the last 24 months, has been engaged in a business offering products or services substantially similar or related to those to be offered by the franchised business.

(b) The new product or service is substantially similar or related to the product or service being offered by the prospective franchisee's existing business.

(c) The franchised business is to be operated from the same business location as the prospective franchisee's existing business.

(d) The parties anticipated, in good faith, at the time the agreement establishing the franchise relationship was reached, that sales resulting from the franchised business will not represent more than 20 percent of the total sales in dollar volume of the franchisee on an annual basis.

(e) The prospective franchisee is not controlled by the franchisor.

(f) The franchisor files with the commissioner a notice of exemption and pays the fee prescribed in subdivision (f) of Section 31500 prior to an offer or sale of such a franchise in this state during any calendar year in which one or more of those franchises are sold.

CHAPTER 326

An act to add Section 798.44 to the Civil Code, relating to mobilehomes.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Liquified petroleum gas is a source of heat for mobilehome owners and tenants within a mobilehome park.

(b) Many mobilehome park owners do not permit mobilehome owners or tenants to purchase their own liquified petroleum gas, thereby requiring mobilehome owners or tenants to purchase liquified petroleum gas from the mobilehome park owner. The park owner usually monitors the mobilehome owners' or tenants' use of liquified petroleum gas through a master meter and submeter.

SEC. 2. Section 798.44 is added to the Civil Code, to read:

798.44. (a) The management of a park that does not permit mobilehome owners or park tenants to purchase liquified petroleum gas for use in the mobilehome park from someone other than the mobilehome park management shall not sell liquified petroleum gas to mobilehome owners and tenants within the park at a cost which exceeds 110 percent of the actual price paid by the management of the park for liquified petroleum gas.

(b) The management of a park shall post in a visible location the actual price paid by management for liquified petroleum gas sold pursuant to subdivision (a).

(c) This section shall apply only to mobilehome parks regulated under the Mobilehome Residency Law. This section shall not apply to recreational vehicle parks, as defined in Section 18215 of the Health and Safety Code, which exclusively serve recreational vehicles, as defined in Section 18010 of the Health and Safety Code.

(d) Nothing in this section is intended to abrogate any rights which mobilehome park owners may have under Section 798.31 of the Civil Code.

CHAPTER 327

An act to add Section 311.4 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The Legislature has encouraged state agencies to make information available to the public through various means, including the Internet.

(2) The Internet has permitted increased communication between the people of this state and state agencies, educating the people of this state on the role and function of each agency.

(3) The Internet web site maintained by the Public Utilities Commission provides the people of this state with information regarding the commission and the markets and services that the commission regulates. The web site also provides a way for members of the public to communicate with the commission.

(4) Currently, the Public Utilities Commission web site accepts informal complaints.

(5) Customers for services regulated by the Public Utilities Commission and the companies offering those services are entitled to an efficient dispute resolution process.

(6) The Internet is an ideal means for resolving disputes between customers and service providers in an efficient manner, regardless of the geographic location of the customer.

(b) It is the intent of the Legislature to enhance the role of the Public Utilities Commission by allowing customers and service providers the option to resolve disputes through electronic communications to provide a greater level of efficiency for the parties involved and to make the Public Utilities Commission dispute resolution process accessible to all people of this state.

SEC. 2. Section 311.4 is added to the Public Utilities Code, to read:

311.4. (a) On or after July 1, 2001, the commission shall establish procedures to permit the submission of informal complaints through electronic means in accordance with this section.

(b) On or before January 1, 2002, the commission shall provide on its Internet web site the means by which consumers may submit informal complaints through electronic means.

(c) It is the intent of the Legislature that, commencing one year from the date that the procedures described in subdivision (a) are implemented, the commission annually review the procedures and the technology involved to ensure the continued effectiveness of the program, and report any findings to the Legislature.

(d) For the purpose of this section, "electronic means" includes, but shall not be limited to, e-mail or the Internet, or both.

(e) Upon the receipt of an informal complaint submitted by electronic means, the commission shall immediately forward the complaint to the entity named in the complaint.

(f) The commission shall permit the submission of informal complaints through electronic means, if, as determined by the commission, both of the following conditions are met:

(1) The dollar amount in the complaint does not exceed the jurisdictional limit of a small claims court specified in subdivision (a) of Section 116.220 of the Code of Civil Procedure.

(2) The commission has addressed any impediments in the electronic systems employed by the commission that would prevent

or substantially adversely affect the ability of the commission to receive informal complaints by electronic means.

(g) The commission shall include a notice on its Internet web site of the availability of the procedures described in subdivision (a).

(h) For the purposes of implementing this section, the commission shall make available to the public an industry specific online complaint form that allows a customer to specify information that the commission determines to be relevant for purposes of resolving a dispute, including the account number, the type of dispute, and the opportunity to make general comments.

(i) This act may not be implemented, and no information technology-related preparatory work may be undertaken in connection with this act prior to July 1, 2001, without the concurrence of the commission and the authorization of the Department of Information Technology pursuant to Executive Order D-3-99.

The UPAs also have the responsibility and authority, to the extent provided by this chapter and Sections 25404.1 and 25404.2, to implement and enforce the regulations adopted to implement the requirements of this chapter listed in paragraph (3) of subdivision (c) of Section 25404. After a CUPA has been certified by the secretary, the unified program agencies shall be the only local agencies authorized to enforce the requirements of this chapter listed in paragraph (3) of subdivision (c) of Section 25404 within the jurisdiction of the CUPA. This paragraph shall not be construed to limit the authority or responsibility granted to the board and the regional boards by this chapter to implement and enforce this chapter and the regulations adopted pursuant thereto.

(d) "Department" means the Department of Toxic Substances Control.

(e) "Facility" means any one, or combination of, underground storage tanks used by a single business entity at a single location or site.

25299.10. (a) This chapter shall be known, and may be cited, as the Barry Keene Underground Storage Tank Cleanup Trust Fund Act of 1989.

(b) The Legislature hereby finds and declares all of the following:

(1) In order to help ensure an efficient petroleum underground storage tank cleanup program that adequately protects public health and safety and the environment and provides for the rapid distribution of cleanup funds that will assist the state's recovery, it is in the best interest of the public that the board devote maximum effort to the expedited processing and payment of all claims filed pursuant to Sections 25299.57 and 25299.58.

(2) It is estimated that approximately 90 percent of the underground storage tanks in the state contain petroleum and the remaining 10 percent of the tanks contain various chemical constituents.

(3) Although the exact extent of the problem is unknown, it is thought that a significant number of the underground storage tanks containing petroleum in the state may be leaking.

(4) In recent years, owners or operators of underground storage tanks have been unable to obtain affordable environmental impairment liability insurance coverage to pay for corrective action or the obtainable coverage has been outside their financial means.

(5) There are long-term threats to public health and water quality if a comprehensive, uniform, and efficient corrective action program is not established.

(6) It is in the best interest of the health and safety of the people of the state to establish a fund to pay for corrective action where coverage is not available.

(7) A uniform, comprehensive, and efficient program establishing financial responsibility and corrective action requirements for leaking underground storage tanks containing petroleum will enable private commercial insurers to expand the availability and affordability of insurance coverage.

(8) An efficient program of establishing corrective action requirements and funds or insurance coverage should encourage corrective action to be taken in the first instance by the owner or operator of the leaking underground storage tank containing petroleum.

(9) Subchapter IX (commencing with Section 6991) of Chapter 82 of Title 42 of the United States Code provides for regulation of underground storage tanks and allows underground storage tanks to be regulated pursuant to a state program, in lieu of a federal program, in states which are authorized to implement these provisions.

(10) It is in the interest of the people of the state, in order to avoid direct regulation by the federal government of persons already subject to regulation under state law pursuant to Chapter 6.7 (commencing with Section 25280), to authorize the state to implement the provisions of Subchapter IX (commencing with Section 6991) of Chapter 82 of Title 42 of the United States Code, including any acts amending or supplementing Subchapter IX and any federal regulations and guidelines adopted pursuant to Subchapter IX.

(11) It is in the public interest for the state to provide financial assistance to small businesses and farms which have limited financial resources, to ensure timely compliance with the law governing underground storage tanks, and to ensure the adequate protection of groundwater.

(12) Nothing in this chapter shall be construed as waiving any immunity provided the state or its departments and agencies by the United States Constitution.

SEC. 3. Section 25299.11.5 is added to the Health and Safety Code, to read:

25299.11.5. "Adjudicative proceeding" has the same meaning as defined in Section 11405.20 of the Government Code.

25299.13. "Claim" means a written request for payment of costs eligible for reimbursement from the fund.

SEC. 5. Section 25299.23.1 of the Health and Safety Code is amended to read:

25299.23.1. (a) "Site" means the parcel of real property at which an underground storage tank is located.

(b) If underground storage tanks are located at adjacent parcels of real property, the adjacent parcels together constitute one site if both of the following apply:

(1) The underground storage tanks are, or have been, operated by the same person.

(2) The adjacent parcels are under common ownership or control.

(c) Notwithstanding subdivision (a), the board may consider a parcel of real property as consisting of multiple sites, corresponding

to the number of distinct underground storage tank operations at the parcel, if the board makes both of the following findings:

(1) There is more than one underground storage tank located at the parcel.

(2) Each separately operated underground storage tank or group of underground storage tanks is not, and has not been, operated by a person who is operating or has operated another underground storage tank at the same parcel.

SEC. 6. Section 25299.24 of the Health and Safety Code is amended to read:

25299.24. "Tank", "underground storage tank," "underground tank system," and "tank system" have the same meaning as defined in Chapter 6.7 (commencing with Section 25280), except that "tank", "underground storage tank," "underground tank system," and "tank system" mean only those tanks that are defined as petroleum underground storage tanks under the federal act.

SEC. 7. Section 25299.37 of the Health and Safety Code is amended to read:

25299.37. (a) Each owner, operator, or other responsible party shall take corrective action in response to an unauthorized release in compliance with this article and regulations adopted pursuant to Section 25299.77. In adopting regulations pursuant to Section 25299.77, the board shall develop corrective action requirements for health hazards and protection of the environment, based on the severity of the health hazards and the other factors listed in subdivision (b).

(b) Any corrective action conducted pursuant to this chapter shall ensure protection of human health, safety, and the environment. The corrective action shall be consistent with any applicable waste discharge requirements or other order issued pursuant to Division 7 (commencing with Section 13000) of the Water Code, all applicable state policies for water quality control adopted pursuant to Article 3 (commencing with Section 13140) of Chapter 3 of Division 7 of the Water Code, and all applicable water quality control plans adopted pursuant to Section 13170 of the Water Code and Article 3 (commencing with Section 13240) of Chapter 4 of Division 7 of the Water Code.

(c) (1) When a local agency, the board, or a regional board requires an owner, operator, or other responsible party to undertake corrective action, including preliminary site assessment and investigation, pursuant to an oral or written order, direction, notification, or approval issued pursuant to this section, or pursuant to a cleanup and abatement order or other oral or written directive issued pursuant to Division 7 (commencing with Section 13000) of the Water Code, the owner, operator, or other responsible party shall prepare a work plan that details the corrective action the owner, operator, or other responsible party shall take to comply with the

requirements of subdivisions (a) and (b) and the corrective action regulations adopted pursuant to Section 25299.77.

(2) The work plan required by paragraph (1) shall be prepared in accordance with the regulations adopted pursuant to Section 25299.77. The work plan shall include a schedule and timeline for corrective action.

(3) At the request of the owner, operator, or other responsible party, the local agency, the board, or the regional board shall review a work plan prepared pursuant to paragraph (1) and either accept the work plan, if it meets the requirements of this section, or disapprove the work plan if it does not meet those requirements. If the local agency, board, or the regional board accepts the work plan, it shall indicate to the owner, operator, or other responsible party, the actions or other elements of the work plan that are, in all likelihood, adequate and necessary to meet the requirements of this section, and the actions and elements that may be unnecessary. If the local agency, board, or regional board disapproves the work plan, it shall state the reasons for the disapproval.

(4) In the interests of minimizing environmental contamination and promoting prompt cleanup, the responsible party may begin implementation of the proposed actions after the work plan has been submitted but before the work plan has received regulatory agency acceptance, except that implementation of the work plan may not begin until 60 calendar days from the date of submittal, unless the responsible party is otherwise directed in writing by the regulatory agency. However, before beginning implementation pursuant to this paragraph, the responsible party shall notify the regulatory agency of the intent to initiate proposed actions set forth in the submitted work plan.

(5) The owner, operator, or other responsible party shall conduct corrective actions in accordance with the work plan approved pursuant to the section.

(6) (A) The local agency, the board, or the regional board shall advise and work with the owner, operator, or other responsible party on the opportunity to seek preapproval of corrective action costs pursuant to Section 2811.4 of Title 23 of the California Code of Regulations or any successor regulation. Regional board staff and local agency staff shall work with the responsible party and fund staff to obtain preapproval for the responsible party. The fund staff shall grant or deny a request for preapproval within 30 calendar days after the date a request is received. If fund staff denies a request for preapproval or fails to act within 30 calendar days after receiving the request, an owner, operator, or other responsible party who has prepared a work plan that has been reviewed and accepted pursuant to paragraph (3), and is denied preapproval of corrective action costs for one or more of the actions required by the work plan, may petition the board for review of the request for preapproval. The board shall review the petition pursuant to Section 25299.56, and for that purpose

the petition for review of a request for preapproval of corrective action costs shall be reviewed by the board in the same manner as a petition for review of an unpaid claim.

(B) If the board receives a petition for review pursuant to subparagraph (A), the board shall review the request for preapproval and grant or deny the request pursuant to this subparagraph and subparagraph (C). The board shall deny the request for preapproval if the board makes one of the following findings:

(i) The petitioner is not eligible to file a claim pursuant to Article 6 (commencing with Section 25299.50).

(ii) The petitioner failed to submit one or more of the documents required by the regulations adopted by the board governing preapproval.

(iii) The petitioner failed to obtain three bids or estimates for corrective action costs and, under the circumstances pertaining to the corrective action, there is no valid reason to waive the three-bid requirement pursuant to the regulations adopted by the board.

(C) If the board does not deny the request for preapproval pursuant to subparagraph (B), the board shall grant the request for preapproval. However, the board may modify the request by denying preapproval of corrective action costs or reducing the preapproved amount of those costs for any action required by the work plan, if the board finds that the fund staff has demonstrated either of the following:

(i) The amount of corrective action reimbursement requested for the action is not reasonable. In determining if the fund staff has demonstrated that the amount of reimbursement requested for an action is not reasonable, the board shall use, when available, recent experience with bids or estimates for similar actions.

(ii) The action required in the work plan is, in all likelihood, not necessary for the corrective action to comply with the requirements of subdivisions (a) and (b) and the corrective action regulations adopted pursuant to Section 25299.77.

(7) When the local agency, the board, or the regional board requires a responsible party to conduct corrective action pursuant to this article, it shall inform the responsible party of its right to request the designation of an administering agency to oversee the site investigation and remedial action at its site pursuant to Section 25262 and, if requested to do so by the responsible party, the local agency shall provide assistance to the responsible party in preparing and processing a request for that designation.

(d) Notwithstanding Section 25297.1, the board shall implement a procedure that does not assess an owner, operator, or responsible party taking corrective action pursuant to this chapter for the costs of a local oversight program pursuant to paragraph (4) of subdivision (d) of Section 25297.1. The board shall institute an internal procedure for assessing, reviewing, and paying those costs directly between the

board and the local agency. At least 15 days before the board proposes to disapprove a claim for corrective action costs which have been incurred on the grounds that the costs were unreasonable or unnecessary, the board shall issue a notice advising the claimant and the lead agency of the proposed disallowance, to allow review and comment.

(e) A person to whom an order is issued pursuant to subdivision (c), shall have the same rights of administrative and judicial appeal and review as are provided by law for cleanup and abatement orders issued pursuant to Section 13304 of the Water Code.

(f) Until the board adopts regulations pursuant to Section 25299.77, the owner, operator, or other responsible party shall take corrective action in accordance with Chapter 6.7 (commencing with Section 25280) and the federal act.

(g) If a person to whom an order is issued pursuant to subdivision (c) does not comply with the order, the regional board or the local agency may undertake or contract for corrective action and recover costs pursuant to Section 25299.70.

(h) The following uniform closure letter shall be issued to the owner, operator or other responsible party taking corrective action at an underground storage tank site by the local agency or the regional board with jurisdiction over the site, or the board, upon a finding that the underground storage tank site is in compliance with the requirements of subdivisions (a) and (b) and with any corrective action regulations adopted pursuant to Section 25299.77 and that no further corrective action is required at the site:

SEC. 8. Section 25299.38 of the Health and Safety Code is repealed.

SEC. 9. Section 25299.39 of the Health and Safety Code is amended to read:

25299.39. (a) (1) Unless the board, in consultation with local agencies and the regional board determines that a site is an emergency site, the board, at the request of an eligible responsible party, may suspend additional corrective action or investigation work at a site, based on a preliminary site assessment conducted in accordance with the regulations adopted by the board implementing Section 25299.37, but the board shall not suspend any of the following activities pursuant to this section:

(A) Removal of, or approved modifications of, existing tanks.

(B) Excavation of petroleum saturated soil or removal of excess petroleum from saturated soil.

(C) Removal of free product from the saturated and unsaturated zones.

(D) Periodic monitoring to ensure that released petroleum is not migrating in an uncontrolled manner that will cause the site to become an emergency site.

(2) For purposes of this subdivision, "emergency site" means a site that, because of an unauthorized release of petroleum, meets one of the following conditions:

(A) The site presents an imminent threat to public health or safety or the environment.

(B) The site poses a substantial probability of causing a condition of contamination or nuisance, as defined in Section 13050 of the Water Code, or of causing pollution of a source of drinking water at a level that is a violation of a primary or secondary drinking water standard adopted by the State Department of Health Services pursuant to Chapter 4 (commencing with Section 116270) of Part 12 of Division 104.

(b) The suspension shall continue until one of the following occurs:

(1) The board provides the eligible responsible party with a letter of commitment that the party will receive reimbursement for the corrective action.

(2) The responsible party requests in writing that the suspension be terminated and that the work continue.

(3) The fund is no longer in existence.

(c) The board shall adopt regulations that specify the conditions under which a site is an imminent threat to public health or safety or to the environment or poses a substantial probability of causing a condition of contamination, nuisance, or pollution as specified in paragraph (2) of subdivision (a). The board shall not suspend corrective action or investigation work at any site pursuant to this section until the effective date of the regulations adopted by the board pursuant to this subdivision.

SEC. 10. Section 25299.39.1 of the Health and Safety Code is amended to read:

25299.39.1. (a) The board shall develop, implement, and maintain a system for storing and retrieving data from cases involving discharges of petroleum from underground storage tanks to allow regulatory agencies and the general public to use historic data in making decisions regarding permitting, land use, and other matters. The system shall be accessible to government agencies and the general public. A site included in the data system shall be clearly designated as having no residual contamination if, at the time the site is closed or at any time after closure, the board determines that no residual contamination remains on the site.

(b) For purposes of this section, "residual contamination" means the petroleum that remains on a site after a corrective action has been carried out and the cleanup levels established by the corrective action plan for the site, pursuant to subdivision (g) of Section 2725 of Title 23 of the California Code of Regulations, have been achieved.

SEC. 11. Section 25299.39.2 of the Health and Safety Code is amended to read:

25299.39.2. (a) The manager responsible for the fund shall notify tank owners or operators who have an active letter of commitment that has been in an active status for five years or more and shall review the case history of their tank case on an annual basis unless otherwise notified by the tank owner or operator within 30 days of the notification. The manager, with approval of the tank owner or operator, may make a recommendation to the board for closure. The board may close the tank case or require the closure of a tank case at a site under the jurisdiction of a regional board or a local agency implementing a local oversight program under Section 25297.1 if the board determines that corrective action at the site is in compliance with all of the requirements of subdivisions (a) and (b) of Section 25299.37 and the corrective action regulations adopted pursuant to Section 25299.77. If a tank case is at a site under the jurisdiction of a local agency that is not implementing a local oversight program under Section 25297.1, the board may recommend to the local agency that the case be closed.

(b) (1) Any owner, operator, or other responsible party who has a tank case and who believes that the corrective action plan for the site has been satisfactorily implemented, but where closure has not been granted, may petition the board for a review of the case, whether or not the petitioner is eligible for reimbursement from the fund pursuant to Section 25299.54.

(2) Upon receipt of a petition pursuant to paragraph (1), the board may close the tank case or require closure, if the tank case is at a site under the jurisdiction of a regional board or a local agency that is implementing a local oversight program under Section 25297.1 and if the board determines that corrective action at the site is in compliance with all of the requirements of subdivisions (a) and (b) of Section 25299.37 and the corrective action regulations adopted pursuant to Section 25299.77. If a tank case is at a site under the jurisdiction of a local agency that is not implementing a local oversight program pursuant to Section 25297.1, the board may recommend to the local agency that the tank case be closed.

(c) Any aggrieved person may, not later than 30 days from the date of final action by the board, pursuant to subdivision (a) or (b), file with the superior court a petition for writ of mandate for review of the decision. If the aggrieved person does not file a petition for writ of mandate within the time provided by this subdivision, a board decision shall not be subject to review by any court. Section 1094.5 of the Code of Civil Procedure shall govern proceedings for which petitions are filed pursuant to this subdivision. For purposes of subdivision (c) of Section 1094.5 of the Code of Civil Procedure, the court shall uphold the decision if the decision is based upon substantial evidence in light of the whole record.

(d) The authority provided under this section does not limit a person's ability to petition the board for review under any other state law.

SEC. 12. Section 25299.51 of the Health and Safety Code is amended to read:

25299.51. The board may expend the money in the fund for all of the following purposes:

(a) In addition to the purposes specified in subdivisions (c), (d), and (e), for expenditure by the board for the costs of implementing this chapter, which shall include costs incurred by the board pursuant to Article 8.5 (commencing with Section 25299.80.1).

(b) To pay for the administrative costs of the State Board of Equalization in collecting the fee imposed by Article 5 (commencing with Section 25299.40).

(c) To pay for the reasonable and necessary costs of the regional board or local agency for corrective action pursuant to Section 25299.36, up to one million dollars ($1,000,000) per occurrence. The Legislature may appropriate the money in the fund for expenditure by the board, without regard to fiscal year, for prompt action in response to any unauthorized release.

(d) To pay for the costs of an agreement for the abatement of, and oversight of the abatement of, an unauthorized release of hazardous substances from underground storage tanks, by a local agency, as authorized by Section 25297.1 or by any other provision of law, except that, for the purpose of expenditure of these funds, only underground storage tanks, as defined in Section 25299.24, shall be the subject of the agreement.

(e) To pay for the costs of cleanup and oversight of unauthorized releases at abandoned tank sites. The board shall not expend more than 25 percent of the total amount of money collected and deposited in the fund annually for the purposes of this subdivision and subdivision (h).

(f) To pay claims pursuant to Section 25299.57.

(g) To pay, upon order of the Controller, for refunds pursuant to Part 26 (commencing with Section 50101) of Division 2 of the Revenue and Taxation Code.

(h) To pay for the reasonable and necessary costs of the regional board or the local agency for corrective action pursuant to subdivision (g) of Section 25299.37.

(i) To pay claims pursuant to Section 25299.58.

SEC. 13. Section 25299.52 of the Health and Safety Code is amended to read:

25299.52. (a) The board shall adopt a priority ranking list at least annually for awarding claims pursuant to Section 25299.57 or 25299.58. Any owner or operator eligible for payment of a claim pursuant to Section 25299.54 shall file an application with the board within a reasonable period, to be determined by the board, prior to adoption of the priority ranking list.

(b) Except as provided in subdivision (c), in awarding claims pursuant to Section 25299.57 or 25299.58, the board shall pay claims in accordance with the following order of priority:

(1) Owners of tanks who are eligible to file a claim pursuant to subdivision (e) of Section 25299.54.

(2) Owners and operators of tanks which are either of the following:

(A) An owner or operator of a tank that is a small business, by meeting the requirements of subdivision (d) of Section 14837 of the Government Code. An owner or operator which meets that definition of small business, but who is domiciled or has its principle office outside of the state, shall be classified in this category if the owner or operator otherwise meet the requirements of subdivision (d) of Section 14837 of the Government Code with regard to the number of employees and the total annual revenues received.

(B) An owner or operator which is a city, county, district, or nonprofit organization that receives total annual revenues of not more than seven million dollars ($7,000,000). In determining the amount of a nonprofit organization's annual revenues, the board shall calculate only those revenues directly attributable to the particular site at which the tank or tanks for which the claim is submitted are located.

(3) Owners or operators of tanks which are either of the following:

(A) The owner or operator owns and operates a business which employs fewer than 500 full-time and part-time employees, is independently owned and operated, and is not dominant in its field of operation.

(B) The owner or operator is a city, county, district, or nonprofit organization that employs fewer than 500 full-time and part-time employees. In determining the number of employees employed by a nonprofit organization, the board shall calculate only those employees employed at the particular site at which the tank or tanks for which the claim is submitted are located.

(4) All other tank owners and operators.

(c) (1) In any year in which the board is not otherwise authorized to award at least 15 percent of the total amount of funds committed for that year to tank owners or operators in those categories set forth in paragraph (3) or (4) of subdivision (b) due to the priority ranking list award limitations set forth in subdivision (b), the board shall allocate between 14 and 16 percent of the total amount of funds committed for that year to each category that is not otherwise entitled to at least that level of committed funding for that year.

(2) If the total amount of claims outstanding in one or more of the priority categories specified in paragraph (3) or (4) of subdivision (b) is less than 15 percent of the total amount annually appropriated from the fund for the purpose of awarding claims, the board shall reserve for making claims in that category only the amount that is necessary to satisfy the outstanding claims in that category.

(d) The board shall give priority to a claim that is filed before September 24, 1993, by a city, county, or district that is eligible for payment pursuant to Section 25299.54 in the following manner:

(1) The board shall determine whether the priority category specified for a city, county, or district pursuant to subparagraph (B) of paragraph (2), or pursuant to subparagraph (B) of paragraph (3), of subdivision (b) requires that the priority ranking of the claim be changed.

(2) If the priority ranking of the claim is changed and the claim is placed into either the priority category specified in subparagraph (B) of paragraph (2), or specified in subparagraph (B) of paragraph (3), of subdivision (b), the board shall pay all other claims that were assigned to that priority category prior to September 24, 1993, before paying the claim of the city, county, or district.

(e) The board may, to carry out the intent specified in paragraph (1) of subdivision (b) of Section 25299.10 and to expedite the processing and awarding of claims pursuant to Sections 25299.57 and 25299.58, implement the contracting procedures required by Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code, as may be necessary, to alleviate the claims processing and award backlog. If, at the conclusion of any fiscal year, 25 percent or more of the funds appropriated annually for awards to claimants during that year have not actually been obligated by the board, the board shall, at its next regularly scheduled meeting, determine, in a public hearing, whether, given the circumstances of the awards backlog, it is appropriate to implement those contracting procedures for some, or all, of the claims filed with the board.

(f) For purposes of this section, the following definitions shall apply:

(1) "Nonprofit organization" means a nonprofit public benefit organization incorporated pursuant to Part 2 (commencing with Section 5110) of Division 2 of Title 1 of the Corporations Code.

(2) "Annual revenue," with respect to public entities, means the total annual general purpose revenues, excluding all restricted revenues over which the governing agency has no discretion, as reported in the Annual Report of Financial Transactions submitted to the Controller, for the latest fiscal year ending prior to the date the fund reimbursement claim application was filed.

(3) "Annual revenue," with respect to nonprofit organizations, means the total annual revenues, as shown in an annual fiscal report filed with the Registry of Charitable Trusts of state and federal tax records, based on the latest fiscal year ending prior to the date the fund reimbursement claim application was filed.

(4) "General purpose revenues," as used in paragraph (2), means revenues consisting of all of the following: secured and unsecured revenues; less than countywide funds, secured and unsecured; prior year secured and unsecured penalties and delinquent taxes; sales and use taxes; transportation taxes (nontransit); property transfer taxes; transient lodging taxes; timber yield taxes; aircraft taxes; franchise taxes; fines, forfeitures, and penalties; revenues from use of money and property; motor vehicle in-lieu taxes; trailer coach in-lieu taxes;

homeowner property tax relief; open-space tax relief; and cigarette taxes.

SEC. 14. Section 25299.53 of the Health and Safety Code is amended to read:

25299.53. (a) A regional board or a local agency taking, or contracting for, corrective action pursuant to subdivision (g) of Section 25299.37 shall, before commencing the corrective action, take both of the following actions:

(1) The regional board or local agency shall notify the board of the planned corrective action. If an owner, operator, or other responsible party is taking the corrective action in accordance with Section 25299.37, the regional board or local agency shall not initiate a corrective action pursuant to this chapter.

(2) If an owner, operator, or other responsible party is not taking or has not taken the action specified in paragraph (1), the regional board or local agency shall submit the estimated cost of the corrective action to the board, which shall approve or disapprove the reasonableness of the cost estimate. The regional board or local agency shall obtain approval of the corrective action and the cost estimate before taking, or contracting for, any corrective action.

(b) If the board approves the request of the regional board or local agency made pursuant to paragraph (2) of subdivision (a), the board shall, after making the determination specified in subdivision (c), pay for the costs of corrective action performed by a regional board, local agency, or qualified contractor.

(c) The board shall not make any payment pursuant to subdivision (b) unless the board determines that the owner, operator, or other responsible party of the tank has failed or refused to comply with a final order for corrective action issued pursuant to Section 25299.37 with respect to the unauthorized release of petroleum from the tank.

(d) Upon making any payment to a regional board or local agency pursuant to subdivision (b), the board shall recover the amount of payment pursuant to Section 25299.70.

SEC. 15. Section 25299.54 of the Health and Safety Code is amended to read:

25299.54. (a) Except as provided in subdivisions (b), (c), (d), (e), and (g), an owner or operator, required to perform corrective action pursuant to Section 25299.37, or an owner or operator who, as of January 1, 1988, is required to perform corrective action, who has initiated this action in accordance with Division 7 (commencing with Section 13000) of the Water Code, who is undertaking corrective action in compliance with waste discharge requirements or other orders issued pursuant to Division 7 (commencing with Section 13000) of the Water Code, or Chapter 6.7 (commencing with Section 25280), may apply to the board for satisfaction of a claim filed pursuant to this article.

(b) A person who has failed to comply with Article 3 (commencing with Section 25299.30) is ineligible to file a claim pursuant to this section.

(c) Any owner or operator of an underground storage tank containing petroleum is ineligible to file a claim pursuant to this section if the person meets both of the following conditions:

(1) The person knew, before January 1, 1988, of the unauthorized release of petroleum which is the subject of the claim.

(2) The person did not initiate, on or before June 30, 1988, any corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code concerning the release, or the person did not, on or before June 30, 1988, initiate corrective action in accordance with Chapter 6.7 (commencing with Section 25280) or the person did not initiate action on or before June 30, 1988, to come into compliance with waste discharge requirements or other orders issued pursuant to Division 7 (commencing with Section 13000) of the Water Code concerning the release.

(d) An owner or operator who violates Article 4 (commencing with Section 25299.36) is liable for any corrective action costs that result from the owner's or operator's violation of Article 4 (commencing with Section 25299.36) and is ineligible to file a claim pursuant to this section.

(e) Notwithstanding this chapter, a person who owns a tank located underground that is used to store petroleum may apply to the board for satisfaction of a claim, and the board may pay the claim pursuant to Section 25299.57 without making the findings specified in paragraph (3) of subdivision (d) of Section 25299.57 if all of the following apply:

(1) The tank meets one of the following requirements:

(A) The tank is located at the residence of a person on property used exclusively for residential purposes at the time of discovery of the unauthorized release of petroleum.

(B) The tank owner demonstrates that the tank is located on property which, on and after January 1, 1985, is not used for agricultural purposes, the tank is of a type specified in subparagraph (B) of paragraph (1) of subdivision (x) of Section 25281, and the petroleum in the tank is used solely for the purposes specified in subparagraph (B) of paragraph (1) of subdivision (x) of Section 25281 on and after January 1, 1985.

(2) The tank is not a tank described in subparagraph (A) of paragraph (1) of subdivision (x) of Section 25281 and the tank is not used on or after January 1, 1985, for the purposes specified in that subparagraph.

(3) The claimant has complied with Section 25299.31 and the permit requirements of Chapter 6.7 (commencing with Section 25280), or the claimant is not subject to the requirements of those provisions.

(f) Whenever the board has authorized the prepayment of a claim pursuant to Section 25299.57, and the amount of money available in the fund is insufficient to pay the claim, the owner or operator shall remain obligated to undertake the corrective action in accordance with Section 25299.37.

(g) The board shall not reimburse a claimant for any eligible costs for which the claimant has been, or will be, compensated by another person. This subdivision does not affect reimbursement of a claimant from the fund under either of the following circumstances:

(1) The claimant has a written contract, other than an insurance contract, with another person that requires the claimant to reimburse the person for payments the person has provided the claimant pending receipt of reimbursement from the fund.

(2) An insurer has made payments on behalf of the claimant pursuant to an insurance contract and either of the following apply:

(A) The insurance contract explicitly coordinates insurance benefits with the fund and requires the claimant to do both of the following:

(i) Maintain the claimant's eligibility for reimbursement of costs pursuant to this chapter by complying with all applicable eligibility requirements.

(ii) Reimburse the insurer for costs paid by the insurer pending reimbursement of those costs by the fund.

(B) The claimant received a letter of commitment prior to June 30, 1999, for the occurrence and the claimant is required to reimburse the insurer for any costs paid by the insurer pending reimbursement of those costs by the fund.

(h) The Legislature finds and declares that the changes made to subparagraph (A) of paragraph (1) of subdivision (e) by Chapter 1290 of the Statutes of 1992 is declaratory of existing law.

(i) The Legislature finds and declares that the amendment of subdivisions (a) and (g) by the act amending this section during the 1999–2000 Regular Session is declaratory of existing law.

SEC. 16. Section 25299.56 of the Health and Safety Code is repealed.

SEC. 17. Section 25299.56 is added to the Health and Safety Code, to read:

25299.56. (a) The board shall determine an applicant's eligibility for a claim for corrective action costs or third-party compensation costs pursuant to Section 25299.57 or 25299.58 and notify the applicant of that determination within 60 days from the date of the receipt of the claim application. The board may classify the claimant's application pursuant to Section 25299.52 after that 60-day period. If the board sends an applicant a determination of eligibility pursuant to this subdivision, the board shall not revoke that determination of eligibility, unless the application contained fraudulent information or a misrepresentation. However, the board may suspend making a reimbursement for a claim until the claimant corrects any

deficiencies that are the basis for the suspension. Reinstatement of reimbursement shall occur when funds are available and that reinstatement shall be made ahead of any new letters of commitment issued as of the date of reinstatement.

(b) A claimant may request review of any claim or portion of a claim not paid. The review shall be conducted and a decision rendered within 30 days from the date of receipt of the request.

(c) A claimant may file a petition for review, in writing, with the board with regard to any unpaid claim that is unresolved to the satisfaction of the claimant upon expiration of the 30-day period specified in subdivision (b) and the board shall take final action on the petition within 90 days of the board's receipt of a complete petition for review, except that if the board initiates an adjudicative proceeding on the petition, the board shall take final action within 270 days of the board's receipt of a complete petition for review.

(d) Final action on a petition taken by the board is a final agency action for the purposes of judicial review of a board decision.

(e) A claimant may, not later than 30 days from the date of final action by the board pursuant to subdivision (c), file with the superior court a petition for writ of mandate for review of the decision. If the claimant does not file a petition for writ of mandate within the time provided by this subdivision, a board decision shall not be subject to review by the court. Section 1094.5 of the Code of Civil Procedure shall govern the proceeding for a petition filed pursuant to this subdivision. For purposes of subdivision (c) of Section 1094.5 of the Code of Civil Procedure, the court shall uphold the decision if the decision is based upon substantial evidence in light of the whole record.

(f) Except as specified in subdivision (g), the procedures in Article 8 (commencing with Section 11435.05) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of, and in Section 11513 of, the Government Code apply to any adjudicative proceedings conducted by the board pursuant to this article.

(g) (1) Notwithstanding subdivision (f), Sections 801, 802, 803, 804, and 805 of the Evidence Code apply to any adjudicative proceeding conducted by the board pursuant to this article.

(2) This section is not a limitation on the authority of the board to authorize the use of the procedure provided in Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 18. Section 25299.57 of the Health and Safety Code is amended to read:

25299.57. (a) If the board makes the determination specified in subdivision (d), the board may only pay for the costs of a corrective action that exceeds the level of financial responsibility required to be obtained pursuant to Section 25299.32, but not more than one million dollars ($1,000,000) for each occurrence. In the case of an owner or operator who, as of January 1, 1988, was required to perform

corrective action, who initiated that corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), and who is undertaking the corrective action in compliance with waste discharge requirements or other orders issued pursuant to Division 7 (commencing with Section 13000) of the Water Code or Chapter 6.7 (commencing with Section 25280), the owner or operator may apply to the board for satisfaction of a claim filed pursuant to this article. It is the intent of the Legislature that claimants applying for satisfaction of claims from the fund be notified of eligibility for reimbursement in a prompt and timely manner and that a letter of credit or commitment that will obligate funds for reimbursement follow the notice of eligibility as soon thereafter as possible.

(b) (1) For claims eligible for reimbursement pursuant to subdivision (c) of Section 25299.55, the claimant shall submit the actual cost of corrective action to the board, which shall either approve or disapprove the costs incurred as reasonable and necessary.

(2) The board shall not reject any actual costs of corrective action in a claim solely on the basis that the invoices submitted fail to sufficiently detail the actual costs incurred, if all of the following applies:

(A) Auxiliary documentation is provided which documents to the board's satisfaction that the invoice is for necessary corrective action work.

(B) The costs of corrective action work in the claim are reasonably commensurate with similar corrective action work performed during the same time period covered by the invoice for which reimbursement is sought.

(C) The invoices include a brief description of the work performed, the date that the work was performed, the vendor, and the amount.

(c) For claims eligible for prepayment pursuant to subdivision (c) of Section 25299.55, the claimant shall submit the estimated cost of the corrective action to the board, which shall approve or disapprove the reasonableness of the cost estimate.

(d) Except as provided in subdivision (j), a claim specified in subdivision (a) may be paid if the board makes all of the following findings:

(1) There has been an unauthorized release of petroleum into the environment from an underground storage tank.

(2) The claimant is required to undertake or contract for corrective action pursuant to Section 25299.37, or, as of January 1, 1988, the claimant has initiated corrective action in accordance with Division 7 (commencing with Section 13000) of the Water Code.

(3) (A) Except as provided in subparagraph (B), the claimant has complied with Section 25299.31 and the permit requirements of Chapter 6.7 (commencing with Section 25280).

(B) All claimants who file their claim on or after January 1, 1994, and all claimants who filed their claim prior to that date but are not eligible for a waiver of the permit requirement pursuant to board regulations in effect on the date of the filing of the claim, and who did not obtain or apply for any permit required by subdivision (a) of Section 25284 by January 1, 1990, shall be subject to subparagraph (A) regardless of the reason or reasons that the permit was not obtained or applied for. However, on and after January 1, 1994, the board may waive the provisions of subparagraph (A) as a condition for payment from the fund if the board finds all of the following:

(i) The claimant was unaware of the permit requirement prior to January 1, 1990, and there was no intent to intentionally avoid the permit requirement or the fees associated with the permit.

(ii) Prior to submittal of the application to the fund, the claimant has complied with Section 25299.31 and has obtained and paid for all permits currently required by this paragraph.

(iii) Prior to submittal of the application to the fund, the claimant has paid all current underground storage tank fees imposed pursuant to Section 25299.41 and all prior fees due on and after January 1, 1991.

(C) (i) A claimant exempted pursuant to subparagraph (B) shall obtain a level of financial responsibility twice as great as the amount which the claimant is otherwise required to obtain pursuant to subdivision (a) of Section 25299.32.

(ii) The board may waive the requirements of clause (i) if the claimant can demonstrate that the conditions specified in clauses (i) to (iii), inclusive, of subparagraph (B) were satisfied prior to the causing of any contamination. That demonstration may be made through a certification issued by the permitting agency based on site and tank tests at the time of permit application or in any other manner acceptable to the board.

(D) The board shall rank all claims resubmitted pursuant to subparagraph (B) lower than all claims filed before January 1, 1994, within their respective priority classes specified in subdivision (b) of Section 25299.52.

(4) The board has approved either the costs incurred for the corrective action pursuant to subdivision (b) or the estimated costs for corrective action pursuant to subdivision (c).

(e) The board shall provide the claimant, whose cost estimate has been approved, a letter of credit authorizing payment of the costs from the fund.

(f) The claimant may submit a claim for partial payment to cover the costs of corrective action performed in stages, as approved by the board.

(g) (1) Any claimant who submits a claim for payment to the board shall submit multiple bids for prospective costs as prescribed in regulations adopted by the board pursuant to Section 25299.77.

(2) Any claimant who submits a claim to the board for the payment of professional engineering and geologic work shall submit

multiple proposals and fee estimates, as required by the regulations adopted by the board pursuant to Section 25299.77. The claimant's selection of the provider of these services is not required to be based on the lowest estimated fee, if the fee estimate conforms with the range of acceptable costs established by the board.

(3) Any claimant who submits a claim for payment to the board for remediation construction contracting work shall submit multiple bids, as required in the regulations adopted by the board pursuant to Section 25299.77.

(4) Paragraphs (1), (2), and (3) do not apply to a tank owned or operated by a public agency if the prospective costs are for private professional services within the meaning of Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code and those services are procured in accordance with the requirements of that chapter.

(h) The board shall provide, upon the request of a claimant, assistance to the claimant in the selection of contractors retained by the claimant to conduct reimbursable work related to corrective actions. The board shall develop a summary of expected costs for common remedial actions. This summary of expected costs may be used by claimants as a guide in the selection and supervision of consultants and contractors.

(i) The board shall pay, within 60 days from the date of receipt of an invoice of expenditures, all costs specified in the work plan developed pursuant to Section 25299.37, and all costs which are otherwise necessary to comply with an order issued by a local, state, or federal agency.

(j) (1) The board shall pay a claim of not more than three thousand dollars ($3,000) per occurrence for regulatory technical assistance to an owner or operator who is otherwise eligible for reimbursement under this chapter.

(2) For the purposes of this subdivision, regulatory technical assistance is limited to assistance from a person, other than the claimant, in the preparation and submission of a claim to the fund. Regulatory technical assistance does not include assistance in connection with proceedings under Section 25299.39.2 or 25299.56 or any action in court.

(k) (1) Notwithstanding any other provision of this section, the board shall pay a claim for the costs of corrective action to a person who owns property on which is located a release from a petroleum underground storage tank which has been the subject of a completed corrective action and for which additional corrective action is required because of additionally discovered contamination from the previous release, only if the person who carried out the earlier and completed corrective action was eligible for, and applied for, reimbursement pursuant to subdivision (b), and only to the extent that the amount of reimbursement for the earlier corrective action did not exceed the amount of reimbursement authorized by

subdivision (a). Reimbursement to a claimant on a reopened site shall occur when funds are available, and reimbursement commitment shall be made ahead of any new letters of commitment to be issued, as of the date of the reopening of the claim, if funding has occurred on the original claim, in which case funding shall occur at the time it would have occurred under the original claim.

(2) For purposes of this subdivision, a corrective action is completed when the local agency or regional board with jurisdiction over the site or the board issues a closure letter pursuant to subdivision (h) of Section 25299.37.

SEC. 19. Section 25299.59 of the Health and Safety Code is amended to read:

25299.59. (a) If the board has paid out of the fund for any costs of corrective action, the board shall not pay any other claim out of the fund for the same costs.

(b) Notwithstanding Sections 25299.57 and 25299.58, the board shall not reimburse or authorize prepayment of any claim in an aggregate amount exceeding one million dollars ($1,000,000), less the minimum level of financial responsibility specified in Section 25299.32, for a claim arising from the same event or occurrence.

(c) The board may conduct an audit of any corrective action claim honored pursuant to this chapter. The claimant shall reimburse the state for any costs disallowed in the audit. A claimant shall preserve, and make available, upon request of the board or the board's designee, all records pertaining to the corrective action claim for a period of three years after the final payment is made to the claimant.

SEC. 20. Section 25299.62 is added to the Health and Safety Code, to read:

25299.62. All claims that are approved shall be forwarded to the Controller within 10 days from the date of approval, for payment by the Controller.

SEC. 21. Section 25299.63 is added to the Health and Safety Code, to read:

25299.63. This article does not require any person to pursue a claim against the board pursuant to this article before seeking any other remedy. This section does not affect the requirement for exhaustion of administrative remedies before obtaining judicial review of any action of the board on a claim or petition for closure of a tank case.

SEC. 22. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 329

An act to amend Section 3482.6 of the Civil Code, to amend Sections 19213, 19300, 19302, 19304, 19305, 19306, and 19447 of, and to add Section 19300.5 to, the Food and Agricultural Code, relating to animal rendering.

[Approved by Governor September 3, 1999. Filed with Secretary of State September 3, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 3482.6 of the Civil Code is amended to read:

3482.6. (a) No agricultural processing activity, operation, facility, or appurtenances thereof, conducted or maintained for commercial purposes, and in a manner consistent with proper and accepted customs and standards, shall be or become a nuisance, private or public, due to any changed condition in or about the locality, after it has been in continuous operation for more than three years if it was not a nuisance at the time it began.

(b) If an agricultural processing activity, operation, facility, or appurtenances thereof substantially increases its activities or operations after January 1, 1993, then a public or private nuisance action may be brought with respect to those increases in activities or operations that have a significant effect on the environment. For increases in activities or operations that have been in effect more than three years, there is a rebuttable presumption affecting the burden of producing evidence that the increase was not substantial.

(c) This section does not supersede any other provision of law, except other provisions of this part, if the agricultural processing activity, operation, facility, or appurtenances thereof, constitute a nuisance, public or private, as specifically defined or described in the provision.

(d) This section prevails over any contrary provision of any ordinance or regulation of any city, county, city and county, or other political subdivision of the state, except regulations adopted pursuant to Section 41700 of the Health and Safety Code as applied to agricultural processing activities, operations, facilities, or appurtenances thereof that are surrounded by housing or commercial development on January 1, 1993. However, nothing in this section precludes a city, county, city and county, or other political subdivision of this state, acting within its constitutional or statutory authority and not in conflict with other provisions of state law, from adopting an ordinance that allows notification to a prospective homeowner that the dwelling is in close proximity to an agricultural processing activity, operation, facility, or appurtenances thereof and is subject to provisions of this section consistent with Section 1102.6a.

(e) For the purposes of this section, the following definitions apply:

(1) "Agricultural processing activity, operation, facility, or appurtenances thereof" includes, but is not limited to rendering plants licensed pursuant to Section 19300 of the Food and Agricultural Code and collection centers licensed pursuant to Section 19300.5 of the Food and Agricultural Code, the canning or freezing of agricultural products, the processing of dairy products, the production and bottling of beer and wine, the processing of meat and egg products, the drying of fruits and grains, the packing and cooling of fruits and vegetables, and the storage or warehousing of any agricultural products, and includes processing for wholesale or retail markets of agricultural products.

(2) "Continuous operation" means at least 30 days of agricultural processing operations per year.

(3) "Proper and accepted customs and standards" means the compliance with all applicable state and federal statutes and regulations governing the operation of the agricultural processing activity, operation, facility, or appurtenances thereof with respect to the condition or effect alleged to be a nuisance.

(f) This section does not apply to any litigation pending or cause of action accruing prior to January 1, 1993.

SEC. 2. Section 19213 of the Food and Agricultural Code is amended to read:

19213. "Rendering" means the recycling, processing, and conversion of animal and fish byproducts and carcasses from the meat, poultry, and seafood industries, as well as used kitchen grease into fats, oils, and proteins that are used primarily as feed in the animal, poultry, and pet food industries.

SEC. 3. Section 19300 of the Food and Agricultural Code is amended to read:

19300. Every person engaged in the business of rendering shall obtain a license from the department for each rendering plant.

SEC. 4. Section 19300.5 is added to the Food and Agricultural Code, to read:

19300.5. Every person engaged in the business of operating a collection center shall obtain a license from the department for each collection center operated.

SEC. 5. Section 19302 of the Food and Agricultural Code is amended to read:

19302. The department, after notice and hearing, may refuse to issue a license unless the department finds that the applicant satisfies both of the following:

(a) Is properly equipped to engage in the business of rendering or operating a collection center. For these purposes, the department shall consult with the rendering industry to determine the equipment that shall be required.

(b) Has never been convicted of a felony involving adulterated or misbranded food.

SEC. 6. Section 19304 of the Food and Agricultural Code is amended to read:

19304. All records required to be retained pursuant to this chapter shall be maintained at the regular place of business of every renderer and collection center operator licensed pursuant to this article and every transporter registered pursuant to Article 6.5 (commencing with Section 19310). Those records shall be exhibited on demand to any peace officer of this state or any employee of the department.

SEC. 7. Section 19305 of the Food and Agricultural Code is amended to read:

19305. Any peace officer of this state, or any employee of the department, during normal business hours, may inspect any premises maintained by a renderer or collection center operator licensed pursuant to this article or a transporter registered pursuant to Article 6.5 (commencing with Section 19310), and any inedible kitchen grease located on the premises, for the purpose of determining whether that renderer, collection center operator, or transporter is complying with the record maintenance requirements of this article.

SEC. 8. Section 19306 of the Food and Agricultural Code is amended to read:

19306. (a) Any renderer or collection center operator licensed pursuant to this article or transporter registered pursuant to Article 6.5 (commencing with Section 19310) who fails in any respect to keep the written records required by this article, or to set out in that written record any matter required by this article to be set out in the record, is guilty of a misdemeanor.

(b) Every renderer, collection center operator, or transporter who refuses, upon demand of any peace officer of this state or any employee of the department, to exhibit any written record required by this article, or who destroys that record within one year after making the final entry of any information required by this article, is guilty of a misdemeanor.

(c) Any violation of subdivision (b) is punishable as follows:

(1) For a first offense, by a fine of not less than five hundred dollars ($500), or by imprisonment in a county jail for not more than 30 days, or by both the fine and imprisonment.

(2) For a second offense within a period of one year, by a fine of not less than one thousand dollars ($1,000), or by imprisonment in a county jail for not more than 30 days, or by both the fine and imprisonment. In addition to any other punishment imposed pursuant to this paragraph, the court may order the defendant to stop engaging in the business as a renderer, collection center operator, or transporter for a period not to exceed 30 days.

(3) For a third or any subsequent offense within a period of two years, by a fine of not less than two thousand dollars ($2,000), or by

imprisonment in a county jail for not more than six months, or by both the fine and imprisonment. In addition to any other sentence imposed pursuant to this paragraph, the court shall order the defendant to stop engaging in the business as a renderer, collection center operator, or transporter for a period of 30 days.

SEC. 9. Section 19447 of the Food and Agricultural Code is amended to read:

19447. (a) In lieu of any civil action pursuant to Section 19445, and in lieu of seeking prosecution, the secretary may levy a civil penalty against a person who violates Article 6 (commencing with Section 19300), Article 6.5 (commencing with Section 19310), or any regulation adopted pursuant to those articles, in an amount not to exceed one thousand dollars ($1,000) for each violation.

(b) Before a civil penalty is levied, the person charged with the violation shall receive notice of the nature of the violation and shall be granted the opportunity to review the department's evidence and, for up to 30 days following the issuance of the notice, the opportunity to present written argument and evidence to the department as to why the civil penalty should not be imposed or should be reduced from the amount specified in the penalty notice. Notwithstanding Chapter 4.5 (commencing with Section 11400) of, and Chapter 5 (commencing with Section 11500) of, Part 1 of Division 3 of Title 2 of the Government Code or any other provision of law, this section does not require the department to conduct either a formal or informal hearing. The department instead may dispose of the matter upon review of the documentation presented.

(c) Any person upon whom a civil penalty is levied may appeal to the secretary within 10 days of the date of receiving notification of the penalty, as follows:

(1) The appeal shall be in writing and signed by the appellant or his or her authorized agent and shall state the grounds for the appeal.

(2) Any party, at the time of filing the appeal, or within 10 days thereafter, may present written evidence and a written argument to the secretary.

(3) The secretary may grant oral arguments upon application made at the time written arguments are made.

(4) If an application to present an oral argument is granted, written notice of the time and place for the oral argument shall be given at least 10 days prior to the date set therefor. This time requirement may be altered by an agreement between the secretary and the person appealing the penalty.

(5) The secretary shall decide the appeal on any oral or written arguments, briefs, and evidence that he or she has received.

(6) The secretary shall render a written decision within 45 days of the date of appeal, or within 15 days of the date of oral arguments. A copy of the secretary's decision shall be delivered or mailed to the appellant.

(7) The secretary may sustain the decision, modify the decision by reducing the amount of the penalty levied, or reverse the decision.

(8) A review of the decision of the secretary may be sought by the appellant pursuant to Section 1094.5 of the Code of Civil Procedure.

(d) Any penalties levied by the secretary pursuant to this section shall be deposited in the General Fund.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 330

An act to amend, repeal, and add Section 40000.13 of, and to add and repeal Sections 5205.5 and 21655.9 of, the Vehicle Code, relating to vehicles.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The federal Clean Air Act Amendments of 1990 (Public Law 101-549) sought to accelerate the deployment of inherently low emission vehicles (ILEVs) through the use of nonmonetary incentives in areas that do not meet federal ambient air quality standards.

(b) Federal regulations to implement these federal Clean Air Act Amendments were adopted by the United States Environmental Protection Agency in 1993, and are set forth in Part 88 (commencing with Section 88.101-94) of Title 40 of the Code of Federal Regulations. These federal regulations direct states to exempt federally certified and labeled ILEVs in fleets from high-occupancy vehicle (HOV) restrictions for single-occupant vehicles (Sec. 88.313-93, Title 40, C.F.R.). Five years later, California has not yet conformed to those federal regulations.

(c) In addition to these federal requirements pertaining to ILEVs in fleets the Transportation Equity Act for the 21st Century (Public Law 105-178), commonly known as TEA-21, encourages and permits states to extend the HOV lane access exemption to nonfleet owners of ILEVs.

(d) In most instances, existing HOV lanes in California are uncongested and underutilized, resulting in less than optimal traffic flow. Traffic flow efficiency and air quality would, therefore, be improved by an exemption for ILEVs from the HOV lane access restrictions in these uncongested HOV lanes.

(e) The federal regulations provide a mechanism for California and other states to remove congested HOV lanes, or portions thereof, from having access by single-occupant ILEVs, thus guaranteeing that ILEVs cannot be a cause of congestion in HOV lanes.

(f) The federal regulations affirm a state's authority to establish ILEV identification requirements, in addition to the EPA requirements, that are necessary and appropriate to facilitate enforcement.

(g) California's urban air quality is the worst of any state in the United States, with over 80 percent of our population living in areas that do not meet federal or state ambient air quality standards, and approximately 75 percent of our urban smog coming from mobile sources, primarily light-duty cars and trucks.

(h) The people of California want and need healthful air quality, and are well served by incentive-based approaches to encourage early deployment of cleaner vehicles at little or no cost to the state.

SEC. 2. Section 5205.5 is added to the Vehicle Code, to read:

5205.5. (a) For the purposes of implementing Section 21655.9, beginning July 1, 2000, and through December 31, 2003, the department, in consultation with the Department of the California Highway Patrol, shall make available for issuance, for a fee determined by the department to be sufficient to reimburse the department for actual costs incurred pursuant to this section, distinctive decals, labels, or other identifiers for vehicles that meet California's ultra-low emission vehicle (ULEV) standard for exhaust emissions and the federal ILEV evaporative emission standard, as defined in Part 88 (commencing with Section 88.101-94) of Title 40 of the Code of Federal Regulations, in a manner that clearly distinguishes them from other vehicles.

(b) For the purposes of implementing Section 21655.9, beginning January 1, 2004, and through December 31, 2007, the department shall make available for issuance, for a fee determined by the department to be sufficient to reimburse the department for actual costs incurred pursuant to this section, distinctive decals, labels, and other identifiers for vehicles that meet California's super ultra-low emission vehicle (SULEV) standard for exhaust emissions and the federal inherently low-emission vehicle (ILEV) evaporative emission standard, as defined in Part 88 (commencing with Section 88.101-94) of Title 40 of the Code of Federal Regulations, in a manner that clearly distinguishes them from other vehicles.

(c) The department shall include a summary of the provisions of this section on each motor vehicle registration renewal notice, or on

a separate insert, if space is available and the summary can be included without incurring additional printing or postage costs.

(d) The Governor may remove individual high-occupancy vehicle (HOV) lanes, or portions of those lanes, during periods of peak congestion from the ILEV access provisions provided in subdivisions (a) and (b), following a finding by the Department of Transportation as follows:

(1) The lane, or portion thereof, exceeds a level of service C, as discussed in subdivision (b) of Section 65089 of the Government Code.

(2) The operation or projected operation of the vehicles described in subdivisions (a) and (b) in these lanes, or portions thereof, will significantly increase congestion.

The finding also shall demonstrate the infeasibility of alleviating the congestion by other means, including, but not limited to, reducing the use of the lane by noneligible vehicles, further increasing vehicle occupancy, or adding additional capacity.

(e) For purposes of subdivisions (a) and (b), the Department of the California Highway Patrol shall design and specify the placement of the decal, label, or other identifier on the vehicle. Each decal, label, or other identifier issued for a vehicle shall display a unique number, which number shall be printed on, or affixed to, the vehicle registration.

(f) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 3. Section 21655.9 is added to the Vehicle Code, to read:

21655.9. (a) Whenever the Department of Transportation authorizes or permits exclusive or preferential use of highway lanes or highway access ramps for high-occupancy vehicles pursuant to Section 21655.5, the use of those lanes or ramps shall also be extended to vehicles that are issued distinctive decals, labels, or other identifiers pursuant to Section 5205.5 regardless of vehicle occupancy or ownership.

(b) No person shall drive a vehicle described in subdivisions (a) and (b) of Section 5205.5 with a single occupant upon a high-occupancy vehicle lane pursuant to this section unless the decal, label, or other identifier issued pursuant to Section 5205.5 are properly displayed on the vehicle, and the vehicle registration described in Section 5205.5 is with the vehicle.

(c) No person shall operate or own a vehicle displaying a decal, label, or other identifier, as described in Section 5205.5, if that decal, label, or identifier was not issued for that vehicle pursuant to Section 5205.5. A violation of this subdivision is a misdemeanor.

(d) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 4. Section 40000.13 of the Vehicle Code is amended to read:

40000.13. A violation of any of the following provisions is a misdemeanor, and not an infraction:

(a) Section 16560, relating to interstate highway carriers.

(b) Sections 20002 and 20003, relating to duties at accidents.

(c) Section 21200.5, relating to riding a bicycle while under the influence of an alcoholic beverage or any drug.

(d) Section 21651, subdivision (b), relating to wrong-way driving on divided highways.

(e) Section 21655.9, subdivision (c), relating to illegal use of decals, labels, or other identifiers.

(f) Section 22520.5, a second or subsequent conviction of an offense relating to vending on or near freeways.

(g) Section 22520.6, a second or subsequent conviction of an offense relating to roadside rest areas and vista points.

(h) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 5. Section 40000.13 is added to the Vehicle Code, to read:

40000.13. A violation of any of the following provisions is a misdemeanor, and not an infraction:

(a) Section 16560, relating to interstate highway carriers.

(b) Sections 20002 and 20003, relating to duties at accidents.

(c) Section 21200.5, relating to riding a bicycle while under the influence of an alcoholic beverage or any drug.

(d) Section 21651, subdivision (b), relating to wrong-way driving on divided highways.

(e) Section 22520.5, a second or subsequent conviction of an offense relating to vending on or near freeways.

(f) Section 22520.6, a second or subsequent conviction of an offense relating to roadside rest areas and vista points.

(g) This section shall become operative on January 1, 2008.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 331

An act to amend Section 830.7 of the Penal Code, relating to arrest.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 830.7 of the Penal Code is amended to read:

830.7. The following persons are not peace officers but may exercise the powers of arrest of a peace officer as specified in Section 836 during the course and within the scope of their employment, if they successfully complete a course in the exercise of those powers pursuant to Section 832:

(a) Persons designated by a cemetery authority pursuant to Section 8325 of the Health and Safety Code.

(b) Persons regularly employed as security officers for independent institutions of higher education, recognized under subdivision (b) of Section 66010 of the Education Code, if the institution has concluded a memorandum of understanding, permitting the exercise of that authority, with the sheriff or the chief of police within whose jurisdiction the institution lies.

(c) Persons regularly employed as security officers for health facilities, as defined in Section 1250 of the Health and Safety Code, that are owned and operated by cities, counties, and cities and counties, if the facility has concluded a memorandum of understanding, permitting the exercise of that authority, with the sheriff or the chief of police within whose jurisdiction the facility lies.

(d) Employees or classes of employees of the California Department of Forestry and Fire Protection designated by the Director of Forestry and Fire Protection, provided that the primary duty of the employee shall be the enforcement of the law as that duty is set forth in Section 4156 of the Public Resources Code.

(e) Persons regularly employed as inspectors, supervisors, or security officers for transit districts, as defined in Section 99213 of the Public Utilities Code, if the district has concluded a memorandum of understanding permitting the exercise of that authority, with, as applicable, the sheriff, the chief of police, or the Department of the California Highway Patrol within whose jurisdiction the district lies. For the purposes of this subdivision, the exercise of peace officer authority may include the authority to remove a vehicle from a railroad right-of-way as set forth in Section 22656 of the Vehicle Code.

(f) Nonpeace officers regularly employed as county parole officers pursuant to Section 3089.

(g) Persons appointed by the Executive Director of the California Science Center pursuant to Section 4108 of the Food and Agricultural Code.

(h) Persons regularly employed as investigators by the Department of Transportation for the City of Los Angeles and designated by local ordinance as public officers, to the extent necessary to enforce laws related to public transportation, and authorized by a memorandum of understanding with the chief of police, permitting the exercise of that authority. For the purposes of this subdivision, "investigator" means an employee defined in

Section 53075.61 of the Government Code authorized by local ordinance to enforce laws related to public transportation. Transportation investigators authorized by this section shall not be deemed "peace officers" for purposes of Sections 241 and 243.

CHAPTER 332

An act to amend Section 48918 of the Education Code, relating to pupil expulsion.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 48918 of the Education Code is amended to read:

48918. The governing board of each school district shall establish rules and regulations governing procedures for the expulsion of pupils. These procedures shall include, but are not necessarily limited to, all of the following:

(a) The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 schooldays after the date the principal or the superintendent of schools determines that the pupil has committed any of the acts enumerated in Section 48900, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall specify that the pupil is entitled to at least one postponement of an expulsion hearing, for a period of not more than 30 calendar days. Any additional postponement may be granted at the discretion of the governing board.

Within 10 schooldays after the conclusion of the hearing, the governing board shall decide whether to expel the pupil, unless the pupil requests in writing that the decision be postponed. If the hearing is held by a hearing officer or an administrative panel, or if the district governing board does not meet on a weekly basis, the governing board shall decide whether to expel the pupil within 40 schooldays after the date of the pupil's removal from his or her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent, unless the pupil requests in writing that the decision be postponed.

If compliance by the governing board with the time requirements for the conducting of an expulsion hearing under this subdivision is impracticable during the regular school year, the superintendent of schools or the superintendent's designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. If compliance by the governing board

with the time requirements for the conducting of an expulsion hearing under this subdivision is impractical due to a summer recess of governing board meetings of more than two weeks, the days during the recess period shall not be counted as schooldays in meeting the time requirements. The days not counted as schooldays in meeting the time requirements for an expulsion hearing because of a summer recess of governing board meetings shall not exceed 20 schooldays, as defined in subdivision (c) of Section 48925, and unless the pupil requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of school for the school year. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

(b) Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days prior to the date of the hearing. The notice shall include all of the following:

(1) The date and place of the hearing.

(2) A statement of the specific facts and charges upon which the proposed expulsion is based.

(3) A copy of the disciplinary rules of the district that relate to the alleged violation.

(4) A notice of the parent, guardian, or pupil's obligation pursuant to subdivision (b) of Section 48915.1.

(5) Notice of the opportunity for the pupil or the pupil's parent or guardian to appear in person or to be represented by legal counsel or by a nonattorney adviser, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses. In a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault as specified in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall be given five days' notice before being called to testify, and shall be entitled to have up to two adult support persons, including, but not limited to, a parent, guardian, or legal counsel, present during their testimony. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential. Nothing in this subdivision shall preclude the person presiding over an expulsion hearing from removing a support person whom the presiding person finds is disrupting the hearing. If one or both of the support persons is also a witness, the provisions of Section 868.5 of the Penal Code shall be followed for the hearing. Nothing in this section is intended to require a pupil or the pupil's parent or

guardian to be represented by legal counsel or by a nonattorney adviser at the hearing.

(A) For purposes of this section, "legal counsel" means an attorney or lawyer who is admitted to the practice of law in California, and is an active member of the State Bar of California.

(B) For purposes of this section, "nonattorney advisor" means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the pupil or pupil's parent or guardian to provide assistance at the hearing.

(c) Notwithstanding Section 54593 of the Government Code and Section 35145, the governing board shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days before the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the governing board may meet in closed session for the purpose of deliberating and determining whether the pupil should be expelled.

If the governing board or the hearing officer or administrative panel appointed under subdivision (d) to conduct the hearing admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel of the pupil also shall be allowed to attend the closed deliberations.

If the hearing is to be conducted at a public meeting, and there is a charge of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

(d) Instead of conducting an expulsion hearing itself, the governing board may contract with the county hearing officer, or with the Office of Administrative Hearings of the State of California pursuant to Chapter 14 (commencing with Section 27720) of Part 3 of Division 2 of Title 3 of the Government Code and Section 35207, for a hearing officer to conduct the hearing. The governing board may also appoint an impartial administrative panel of three or more certificated persons, none of whom is a member of the board or employed on the staff of the school in which the pupil is enrolled. The hearing shall be conducted in accordance with all of the procedures established under this section.

(e) Within three schooldays after the hearing, the hearing officer or administrative panel shall determine whether to recommend the expulsion of the pupil to the governing board. If the hearing officer

or administrative panel decides not to recommend expulsion, the expulsion proceedings shall be terminated and the pupil immediately shall be reinstated and permitted to return to a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs. Placement in one or more of these programs shall be made by the superintendent of schools or the superintendent's designee after consultation with school district personnel, including the pupil's teachers, and the pupil's parent or guardian. The decision not to recommend expulsion shall be final.

(f) If the hearing officer or administrative panel recommends expulsion, findings of fact in support of the recommendation shall be prepared and submitted to the governing board. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the governing board accepts the recommendation calling for expulsion, acceptance shall be based either upon a review of the findings of fact and recommendations submitted by the hearing officer or panel or upon the results of any supplementary hearing conducted pursuant to this section that the governing board may order.

The decision of the governing board to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided in this section, no evidence to expel shall be based solely upon hearsay evidence. The governing board or the hearing officer or administrative panel may, upon a finding that good cause exists, determine that the disclosure of either the identity of a witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the governing board or the hearing officer or administrative panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

(g) A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.

(h) Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the governing board to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated in Section 48900.

In hearings which include an allegation of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or committing a sexual battery as defined in

subdivision (n) of Section 48900, evidence of specific instances, of a complaining witness' prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before the person conducting the hearing makes the determination on whether extraordinary circumstances exist requiring that specific instances of a complaining witness' prior sexual conduct be heard, the complaining witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

(i) (1) Before the hearing has commenced, the governing board may issue subpoenas at the request of either the superintendent of schools or the superintendent's designee or the pupil, for the personal appearance of percipient witnesses at the hearing. After the hearing has commenced, the governing board or the hearing officer or administrative panel may, upon request of either the county superintendent of schools or the superintendent's designee or the pupil, issue subpoenas. All subpoenas shall be issued in accordance with Sections 1985, 1985.1, and 1985.2 of the Code of Civil Procedure. Enforcement of subpoenas shall be done in accordance with Section 11525 of the Government Code.

(2) Any objection raised by the superintendent of schools or the superintendent's designee or the pupil to the issuance of subpoenas may be considered by the governing board in closed session, or in open session, if so requested by the pupil before the meeting. Any decision by the governing board in response to an objection to the issuance of subpoenas shall be final and binding.

(3) If the governing board, hearing officer, or administrative panel determines, in accordance with subdivision (f), that a percipient witness would be subject to an unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as provided for in subdivision (f).

(4) Service of process shall be extended to all parts of the state and shall be served in accordance with Section 1987 of the Code of Civil Procedure. All witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the state or any political subdivision thereof, shall receive fees, and all witnesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed for witnesses in civil actions in a superior court. Fees and mileage shall be paid by the party at whose request the witness is subpoenaed.

(j) Whether an expulsion hearing is conducted by the governing board or before a hearing officer or administrative panel, final action to expel a pupil shall be taken only by the governing board in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the superintendent of schools or his or her designee to the pupil or the pupil's parent or guardian and shall be accompanied by all of the following:

(1) Notice of the right to appeal the expulsion to the county board of education.

(2) Notice of the education alternative placement to be provided to the pupil during the time of expulsion.

(3) Notice of the obligation of the parent, guardian, or pupil under subdivision (b) of Section 48915.1, upon the pupil's enrollment in a new school district, to inform that district of the pupil's expulsion.

(k) The governing board shall maintain a record of each expulsion, including the cause therefor. Records of expulsions shall be a nonprivileged, disclosable public record.

The expulsion order and the causes therefor shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1700 of the Welfare and Institutions Code is amended to read:

1700. The purpose of this chapter is to protect society from the consequences of criminal activity and to that purpose community restoration, victim restoration, and offender training and treatment shall be substituted for retributive punishment and shall be directed

toward the correction and rehabilitation of young persons who have committed public offenses.

CHAPTER 334

An act to amend Sections 441 and 463 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 441 of the Revenue and Taxation Code is amended to read:

441. (a) Each person owning taxable personal property, other than a mobilehome subject to Part 13 (commencing with Section 5800), having an aggregate cost of one hundred thousand dollars ($100,000) or more for any assessment year shall file a signed property statement with the assessor. Every person owning personal property that does not require the filing of a property statement or real property shall, upon request of the assessor, file a signed property statement. Failure of the assessor to request or secure the property statement does not render any assessment invalid.

(b) The property statement shall be declared to be true under the penalty of perjury and filed annually with the assessor between the lien date and 5 p.m. on April 1. The penalty provided by Section 463 applies for property statements not filed by May 7. If May 7 falls on a Saturday, Sunday, or legal holiday, a property statement that is mailed and postmarked on the next business day shall be deemed to have been filed between the lien date and 5 p.m. on May 7. If, on the dates specified in this subdivision, the county's offices are closed for the entire day, that day is considered a legal holiday for purposes of this section.

(c) The property statement may be filed with the assessor through the United States mail, properly addressed with postage prepaid. For purposes of determining the date upon which the property statement is deemed filed with the assessor, the date of postmark as affixed by the United States Postal Service, or the date certified by a bona fide private courier service on the envelope containing the application, shall control. This subdivision shall be applicable to every taxing agency, including, but not limited to, a chartered city and county, or chartered city.

(d) At any time, as required by the assessor for assessment purposes, every person shall make available for examination information or records regarding his or her property or any other personal property located on premises he or she owns or controls. In

this connection details of property acquisition transactions, construction and development costs, rental income, and other data relevant to the determination of an estimate of value are to be considered as information essential to the proper discharge of the assessor's duties.

(e) In the case of a corporate owner of property, the property statement shall be signed either by an officer of the corporation or an employee or agent who has been designated in writing by the board of directors to sign the statements on behalf of the corporation.

(f) In the case of property owned by a bank or other financial institution and leased to an entity other than a bank or other financial institution, the property statement shall be submitted by the owner bank or other financial institution.

(g) The assessor may refuse to accept any property statement he or she determines to be in error.

(h) If a taxpayer fails to provide information to the assessor pursuant to subdivision (d) and introduces any requested materials or information at any assessment appeals board hearing, the assessor may request and shall be granted a continuance for a reasonable period of time. The continuance shall extend the two-year period specified in subdivision (c) of Section 1604 for a period of time equal to the period of the continuance.

(i) Notwithstanding any other provision of law, every person required to file a property statement pursuant to this section shall be permitted to amend that property statement until May 31 of the year in which the property statement is due, for errors and omissions not the result of willful intent to erroneously report. The penalty authorized by Section 463 shall not apply to an amended statement received prior to May 31, provided the original statement is not subject to penalty pursuant to subdivision (b). The amended property statement shall otherwise conform to the requirements of a property statement as provided in this article.

(j) This subdivision shall apply to the oil, gas, and mineral extraction industry only. Any information that is necessary to file a true, correct, and complete statement shall be made available by the assessor, upon request, to the taxpayer by mail or at the office of the assessor by February 28. For each business day beyond February 28 that the information is unavailable, the filing deadline in subdivision (b) shall be extended in that county by one business day, for those statements affected by the delay. In no case shall the filing deadline be extended beyond June 1 or the first business day thereafter.

SEC. 2. Section 463 of the Revenue and Taxation Code is amended to read:

463. If any person who is required by law or is requested by the assessor to make an annual property statement fails to file an annual property statement within the time limit specified by Section 441 or make and subscribe the affidavit respecting his or her name and place of residence, a penalty of 10 percent of the assessed value of the

unreported taxable tangible property of that person placed on the current roll shall be added to the assessment made on the current roll.

Notice of any penalty added to the secured roll pursuant to this section shall be mailed by the assessor to the assessee at his or her address as contained in the official records of the county assessor.

If the assessee establishes to the satisfaction of the county board of equalization or the assessment appeals board that the failure to file the property statement within the time required by Section 441 was due to reasonable cause and not due to willful neglect, it may order the penalty abated, provided the assessee has filed with the county board written application for abatement of the penalty within the time prescribed by law for the filing of applications for assessment reductions.

If the penalty is abated it shall be canceled or refunded in the same manner as an amount of tax erroneously charged or collected.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

CHAPTER 335

An act to add Section 72114.2 to, to repeal Sections 26666 and 72114 of, and to repeal Article 25.5 (commencing with Section 74361) of Chapter 10 of Title 8 of, the Government Code, relating to court services.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 26666 of the Government Code is repealed.

SEC. 2. Section 72114 of the Government Code is repealed.

SEC. 3. Section 72114.2 is added to the Government Code, to read:

72114.2. (a) Notwithstanding any other provision of law, on or after January 1, 2000, the San Diego County Marshal's Office shall be abolished, and there shall be a bureau in the San Diego County Sheriff's Department under which court security services and the service of civil and criminal process are consolidated.

This bureau's primary function shall be to provide the management with direction, supervision, and personnel for court-related services which include court security, the service of civil and criminal process, public safety protection, judicial

protection, standards of performance, and other matters incidental to the performance of those services.

The sheriff shall be appointing authority for all bureau personnel. The person selected by the sheriff to oversee the operation of court-related services, as described in this section, shall report directly to the sheriff.

Notwithstanding Section 77212, the operational service level for court security services shall be in accordance with agreements between the court and the County of San Diego, which shall not provide a lesser operational service level than may be required by statute.

The operational service level for the service of civil and criminal process and for administrative services shall be in accordance with agreements between the court and the County of San Diego, which shall not provide a lesser operational service level than may be required by statute.

To ensure that the costs assessed to the court for bureau services are in full conformance with the rules of court and statutes concerning trial court funding, the bureau shall be maintained as a separate organizational unit for budgeting and cost accounting purposes.

On a semiannual basis or more often as required by law, the sheriff shall provide the court with an accounting of costs for the bureau, in sufficient detail to allow for an assessment of budget performance, separately, for each function of the bureau. The county auditor and controller shall provide to the court copies of each audit report conducted on the bureau. The court is authorized to conduct, and the sheriff shall cooperate in, independent financial audits of the bureau, either by court staff or by independent auditors.

(b) Notwithstanding any other provision of law, concomitant with the abolition of the marshal's office all personnel of the marshal's office shall become employees of the sheriff's department at their existing or equivalent classification, salaries, and benefits.

The marshal and the assistant marshal or their equivalents, may become employees of the sheriff's department.

(c) Permanent employees of the marshal's office on the effective date of transfer of services from the marshal to the sheriff pursuant to this section shall be deemed to be qualified, and no other qualifications shall be required for employment or retention. Promotions for all personnel from the marshal's office shall be made pursuant to standards set by the sheriff. Probationary employees in the marshal's office on the effective date of the abolition shall not be required to serve a new probationary period. All probationary time served as an employee of the marshal shall be credited toward probationary time required as an employee of the sheriff's department.

(d) All county service and all service with the marshal's office by employees of the marshal's office on the effective date of the abolition

of the marshal's office shall be counted toward seniority in the sheriff's department. All time spent in the same, equivalent, or higher classification shall be counted toward classification seniority.

(e) As a result of the abolition of the marshal's office, no employee of the marshal's office who becomes an employee of the sheriff's department pursuant to this section shall lose peace officer status or be reduced in rank or salary.

(f) Prior to the abolition of the marshal's office, the court and the County of San Diego shall enter into a contractual agreement regarding the provision of court security services to be provided by the sheriff. Thereafter, from time to time, the court and the County of San Diego may enter into agreements regarding the provision of court security services to be provided by the sheriff.

(g) After abolition of the marshal's office, a two-member committee comprised of a representative of the presiding judge of the superior court and a representative of the sheriff shall make recommendations to the sheriff regarding courtroom assignments of bailiffs. Bailiff assignments and the release from those assignments shall be made only after consultation with, and concurrence of, the affected judge or judicial officer. The presiding judge may provide the concurrence required by this section. This subdivision shall not apply to actions instituted by the sheriff for fitness for duty reasons or discipline that is subject to review by the San Diego County Civil Service Commission.

(h) For a period of five years following the abolition of the marshal's office, personnel of the marshal's office who become employees of the sheriff's department shall not be transferred from the bureau in the sheriff's department under which court-related services and the service of civil and criminal process are consolidated, unless the transfer is voluntary or is the result of fitness for duty reasons or discipline that is subject to review by the San Diego County Civil Service Commission.

(i) Personnel of the marshal's office who become employees of the sheriff's department shall be entitled to request an assignment to another bureau or division within the sheriff's department, and that request shall be reviewed the same as any other request from within the department.

(j) This section shall become operative in the County of San Diego when the board of supervisors adopts a resolution declaring this section operative. The implementation of this section shall be subject to approval and adoption by the board of supervisors of necessary actions, appropriations, and ordinances consistent with the Charter of the County of San Diego and other statutory authority.

SEC. 4. Article 25.5 (commencing with Section 74361) of Chapter 10 of Title 8 of the Government Code is repealed.

SEC. 5. Due to unique facts and circumstances applicable to San Diego County, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16

of Article IV of the California Constitution. Special legislation is, therefore, necessarily applicable to only San Diego County.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 22442.4 is added to the Business and Professions Code, to read:

22442.4. An immigration consultant shall notify the Secretary of State's office within 30 days of any change of name, address, telephone number, or agent for service of process.

SEC. 2. Section 22443.1 of the Business and Professions Code is amended to read:

22443.1. (a) Prior to engaging in the business or acting in the capacity of an immigration consultant on or after January 1, 1998, each person shall file with the Secretary of State a bond of fifty thousand dollars ($50,000) executed by a corporate surety admitted to do business in this state and conditioned upon compliance with this chapter. The total aggregate liability on the bond shall be limited to fifty thousand dollars ($50,000). The bond may be terminated pursuant to Section 995.440 of, and Article 13 (commencing with Section 996.310) of Chapter 2 of Title 14 of Part 2 of, the Code of Civil Procedure.

(b) The bond required by this section shall be in favor of, and payable to, the people of the State of California and shall be for the benefit of any person damaged by any fraud, misstatement, misrepresentation, unlawful act or omission, or failure to provide the services of the immigration consultant or the agents, representatives, or employees of the immigration consultant while acting within the scope of that employment or agency.

(c) The Secretary of State shall charge and collect a filing fee to cover the cost of filing the bond or the deposit filed in lieu of a bond as set forth in Section 995.710 of the Code of Civil Procedure.

(d) The Secretary of State shall enforce the provisions of this chapter that govern the filing and maintenance of bonds and deposits in lieu of bonds.

(e) A deposit may be made in lieu of a bond as set forth in Section 995.710 of the Code of Civil Procedure. When a deposit is made in lieu of the bond, the person asserting the claim against the deposit shall establish the claim by furnishing evidence to the Secretary of State of a money judgment entered by a court together with evidence that the claimant is a person described in subdivision (b).

(f) When a claimant has established the claim with the Secretary of State, the Secretary of State shall review and approve the claim and enter the date of approval thereon. The claim shall be designated an "approved claim."

(g) When the first claim against a particular deposit has been approved, it shall not be paid until the expiration of a period of 240 days after the date of its approval by the Secretary of State. Subsequent claims that are approved by the Secretary of State within the same 240-day period shall similarly not be paid until the expiration of the 240-day period. Upon the expiration of the 240-day period, the Secretary of State shall pay all approved claims from that 240-day period in full unless the deposit is insufficient, in which case each approved claim shall be paid a pro rata share of the deposit.

(h) When the Secretary of State approves the first claim against a particular deposit after the expiration of a 240-day period, the date of approval of that claim shall begin a new 240-day period to which subdivision (g) shall apply with respect to any amount remaining in the deposit.

(i) After a deposit is exhausted, no further claims shall be paid by the Secretary of State. Claimants who have had claims paid in full or in part pursuant to subdivision (g) or (h) shall not be required to return funds received from the deposit for the benefit of other claimants.

(j) When a deposit has been made in lieu of a bond, the amount of the deposit shall not be subject to attachment, garnishment, or execution with respect to an action or judgment against the assignor of the deposit, other than as to an amount as no longer needed or required for the purpose of this title which would otherwise be returned to the assignor of the deposit by the Secretary of State.

(k) The Secretary of State shall retain a cash deposit for two years from the date the Secretary of State receives written notification from the assignor of the deposit that the assignor has ceased to engage in the business or act in the capacity of an immigration consultant or has filed a bond pursuant to subdivision (a), provided that there are no outstanding claims against the deposit. The written notice shall include all of the following: (1) name, address, and telephone

number of the assignor; (2) name, address, and telephone number of the bank at which the deposit is located; (3) account number of the deposit; and (4) a statement whether the assignor is ceasing to engage in the business or act in the capacity of an immigration consultant or has filed a bond with the Secretary of State. The Secretary of State shall forward an acknowledgment of receipt of the written notice to the assignor at the address indicated therein, specifying the date of receipt of the written notice and anticipated date of release of the deposit, provided there are no outstanding claims against the deposit.

(*l*) A judge of a municipal or superior court may order the return of the deposit prior to the expiration of two years upon evidence satisfactory to the judge that there are no outstanding claims against the deposit or order the Secretary of State to retain the deposit for a specified period beyond the two years pursuant to subdivision (k) to resolve outstanding claims against the deposit.

(m) This section does not apply to employees of nonprofit, tax-exempt corporations who help clients complete application forms in immigration matters, either free of charge or for a fee. Any fees charged may include reasonable costs and shall be consistent with fees authorized by the United States Immigration and Naturalization Service for qualified designated entities.

SEC. 3. Section 22445 of the Business and Professions Code is amended to read:

22445. (a) A person who violates this chapter shall be subject to a civil penalty not to exceed ten thousand dollars ($10,000) for each violation, to be assessed and collected in a civil action brought by any person injured by the violation.

(b) In addition to the provisions of subdivision (a), a violation of this chapter is a misdemeanor punishable by a fine of not less than two thousand dollars ($2,000) or more than ten thousand dollars ($10,000), as to each client with respect to whom a violation occurs, or imprisonment in the county jail for not more than one year, or by both fine and imprisonment. However, payment of restitution to a client shall take precedence over payment of a fine.

(c) A second or subsequent violation of Sections 22442.2, 22442.3, and 22442.4 is a misdemeanor subject to the penalties specified in subdivisions (a) and (b). A second or subsequent violation of any other provision of this chapter is a felony punishable by imprisonment in state prison.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government

Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 337

An act relating to postsecondary education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The increasing complexity of the tasks of the California work force and the need for increased intellectual competencies in workers creates a context where postbaccalaureate learning and economic prosperity are inextricably connected.

(b) Applied doctorate programs bridge the duality between abstract, theoretical, and intellectual work and the practical requirements of everyday work and employment. These programs construct important connections among communities, employers, and academia.

(c) Where the demand for doctoral education is significant and opportunities for collaboration within California are limited, it may be possible for California public colleges and universities to develop more applied joint doctoral programs to meet the increasing needs of the state's work force.

(d) These potential collaborations between in-state and out-of-state institutions may capitalize on complementary resources, unusual specializations, and existing scholarly ties.

(e) The opportunity to leverage expertise may present an excellent opportunity to enhance the education and professional qualifications of California's students and, ultimately, its work force.

SEC. 2. (a) The California Postsecondary Education Commission shall conduct a study to determine the current capacity for applied joint doctorates in the state. The study shall specifically focus on whether the state is meeting its needs for applied joint doctorates with its current applied joint doctoral programs.

(b) While developing the study pursuant to this section, the commission shall consult with all segments of higher education, including approved degree-granting institutions, representatives from business, industry, and professional communities, officials from state and local governments, and representatives from local educational agencies, with the intent to qualify and quantify the

value and merit of applied joint doctoral programs to present and future work force needs.

(c) Notwithstanding Section 7550.5 of the Government Code, on or before June 30, 2000, the commission shall complete the study conducted pursuant to this section and transmit copies of the study to the Governor and to the appropriate education policy and fiscal committees of the Legislature.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the important study required by Section 2 of this act to be conducted in a timely manner, it is necessary that this act take effect immediately.

CHAPTER 338

An act to add Section 3307.5 to the Government Code, relating to public safety officers.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 3307.5 is added to the Government Code, to read:

3307.5. (a) No public safety officer shall be required as a condition of employment by his or her employing public safety department or other public agency to consent to the use of his or her photograph or identity as a public safety officer on the Internet for any purpose if that officer reasonably believes that the disclosure may result in a threat, harassment, intimidation, or harm to that officer or his or her family.

(b) Based upon his or her reasonable belief that the disclosure of his or her photograph or identity as a public safety officer on the Internet as described in subdivision (a) may result in a threat, harassment, intimidation, or harm, the officer may notify the department or other public agency to cease and desist from that disclosure. After the notification to cease and desist, the officer, a district attorney, or a United States Attorney may seek an injunction prohibiting any official or unofficial use by the department or other public agency on the Internet of his or her photograph or identity as a public safety officer. The court may impose a civil penalty in an amount not to exceed five hundred dollars ($500) per day

commencing two working days after the date of receipt of the notification to cease and desist.

CHAPTER 339

An act to repeal and add Section 11517 of the Government Code, relating to administrative adjudication.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 11517 of the Government Code is repealed.

SEC. 2. Section 11517 is added to the Government Code, to read:

11517. (a) A contested case may be originally heard by the agency itself and subdivision (b) shall apply. Alternatively, at the discretion of the agency, an administrative law judge may originally hear the case alone and subdivision (c) shall apply.

(b) If a contested case is originally heard before an agency itself, all of the following provisions apply:

(1) An administrative law judge shall be present during the consideration of the case and, if requested, shall assist and advise the agency in the conduct of the hearing.

(2) No member of the agency who did not hear the evidence shall vote on the decision.

(3) The agency shall issue its decision within 100 days of submission of the case.

(c) (1) If a contested case is originally heard by an administrative law judge alone, he or she shall prepare within 30 days after the case is submitted to him or her a proposed decision in a form that may be adopted by the agency as the final decision in the case. Failure of the administrative law judge to deliver a proposed decision within the time required does not prejudice the rights of the agency in the case. Thirty days after the receipt by the agency of the proposed decision, a copy of the proposed decision shall be filed by the agency as a public record and a copy shall be served by the agency on each party and his or her attorney. The filing and service is not an adoption of a proposed decision by the agency.

(2) Within 100 days of receipt by the agency of the administrative law judge's proposed decision, the agency may act as prescribed in subparagraphs (A) to (E), inclusive. If the agency fails to act as prescribed in subparagraphs (A) to (E), inclusive, within 100 days of receipt of the proposed decision, the proposed decision shall be deemed adopted by the agency. The agency may do any of the following:

(A) Adopt the proposed decision in its entirety.

(B) Reduce or otherwise mitigate the proposed penalty and adopt the balance of the proposed decision.

(C) Make technical or other minor changes in the proposed decision and adopt it as the decision. Action by the agency under this paragraph is limited to a clarifying change or a change of a similar nature that does not affect the factual or legal basis of the proposed decision.

(D) Reject the proposed decision and refer the case to the same administrative law judge if reasonably available, otherwise to another administrative law judge, to take additional evidence. If the case is referred to an administrative law judge pursuant to this subparagraph, he or she shall prepare a revised proposed decision, as provided in paragraph (1), based upon the additional evidence and the transcript and other papers that are part of the record of the prior hearing. A copy of the revised proposed decision shall be furnished to each party and his or her attorney as prescribed in this subdivision.

(E) Reject the proposed decision, and decide the case upon the record, including the transcript, or upon an agreed statement of the parties, with or without taking additional evidence. By stipulation of the parties, the agency may decide the case upon the record without including the transcript. If the agency acts pursuant to this subparagraph, all of the following provisions apply:

(i) A copy of the record shall be made available to the parties. The agency may require payment of fees covering direct costs of making the copy.

(ii) The agency itself shall not decide any case provided for in this subdivision without affording the parties the opportunity to present either oral or written argument before the agency itself. If additional oral evidence is introduced before the agency itself, no agency member may vote unless the member heard the additional oral evidence.

(iii) The authority of the agency itself to decide the case under this subdivision includes authority to decide some but not all issues in the case.

(iv) If the agency elects to proceed under this subparagraph, the agency shall issue its final decision not later than 100 days after rejection of the proposed decision. If the agency elects to proceed under this subparagraph, and has ordered a transcript of the proceedings before the administrative law judge, the agency shall issue its final decision not later than 100 days after receipt of the transcript. If the agency finds that a further delay is required by special circumstance, it shall issue an order delaying the decision for no more than 30 days and specifying the reasons therefor. The order shall be subject to judicial review pursuant to Section 11523.

(d) The decision of the agency shall be filed immediately by the agency as a public record and a copy shall be served by the agency on each party and his or her attorney.

CHAPTER 340

An act to amend Section 230 of the Labor Code, relating to employment.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 230 of the Labor Code is amended to read:

230. (a) No employer shall discharge or in any manner discriminate against an employee for taking time off to serve as required by law on an inquest jury or trial jury, if the employee, prior to taking the time off, gives reasonable notice to the employer that he or she is required to serve.

(b) No employer shall discharge or in any manner discriminate or retaliate against an employee, including, but not limited to, an employee who is a victim of a crime, for taking time off to appear in court to comply with a subpoena or other court order as a witness in any judicial proceeding.

(c) No employer shall discharge or in any manner discriminate or retaliate against an employee who is a victim of domestic violence as defined in Section 6211 of the Family Code for taking time off from work to obtain or attempt to obtain any relief, including, but not limited to, a temporary restraining order, restraining order, or other injunctive relief, to help ensure the health, safety, or welfare of a domestic violence victim or his or her child.

(d) As a condition of taking time off for a purpose set forth in subdivision (c), the employee shall give the employer reasonable notice that he or she is required to appear in court unless an unscheduled or emergency court appearance is required for the health, safety, or welfare of the domestic violence victim or his or her child. When an unscheduled or emergency court appearance is required, the employer shall not take any action against the employee if the employee, within a reasonable time after the appearance, provides evidence from the court or prosecuting attorney that he or she has appeared in court.

(e) Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated or retaliated against in the terms and conditions of employment by his or her employer because the employee has taken time off for a purpose set forth in subdivision (a), (b), or (c) shall be entitled to

reinstatement and reimbursement for lost wages and work benefits caused by the acts of the employer. Any employer who willfully refuses to rehire, promote, or otherwise restore an employee or former employee who has been determined to be eligible for rehiring or promotion by a grievance procedure or hearing authorized by law is guilty of a misdemeanor.

(f) (1) Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated or retaliated against in the terms and conditions of employment by his or her employer because the employee has exercised his or her rights as set forth in subdivision (a), (b), or (c) may file a complaint with the Division of Labor Standards Enforcement of the Department of Industrial Relations pursuant to Section 98.7.

(2) Notwithstanding any time limitation in Section 98.7, an employee filing a complaint with the division based upon a violation of subdivision (c) shall have one year from the date of occurrence of the violation to file his or her complaint.

(g) An employee may use vacation, personal leave, or compensatory time off that is otherwise available to the employee under the applicable terms of employment, unless otherwise provided by a collective bargaining agreement, for time taken off for a purpose specified in subdivision (a), (b), or (c). The entitlement of any employee under this section shall not be diminished by any collective bargaining agreement term or condition.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 341

An act to add Section 7513.5 to the Government Code, relating to state retirement systems.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature of the State of California is concerned about allegations of religious and ethnic discrimination

(b) The Teachers' Retirement Board and the Board of Administration of the Public Employees' Retirement System, respectively, shall compile a list of domestic and international corporations that, directly or through a subsidiary, do business in Northern Ireland, and in whose stocks or obligations it has invested, and determine whether each corporation on the list has, during the preceding year, taken substantial action, in compliance with the law applicable in Northern Ireland, designed to lead toward the achievement of the following goals:

The State Bar shall establish a request for proposal procedure by rule, pursuant to the general standards established in Article 4 (commencing with Section 10335) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code.

SEC. 1.5. Section 6031.5 is added to the Business and Professions Code, to read:

6031.5. (a) The Conference of Delegates, as established under and pursuant to Article 6 of the Rules and Regulations of the State Bar, shall not be funded after January 1, 2000, with mandatory fees collected pursuant to subdivision (a) of Section 6140.

The State Bar may provide the Conference of Delegates with administrative and support services, provided the State Bar shall be reimbursed for the full cost of those services out of funds collected pursuant to subdivision (c), funds raised by or through the activities of the Conference of Delegates, or other funds collected from voluntary sources. The financial audit specified in Section 6145 shall confirm that the amount assessed by the State Bar for providing the services reimburses the costs of providing them, and shall verify that mandatory dues are not used to fund the Conference of Delegates.

(b) State Bar sections, as established under and pursuant to Article 13 of the Rules and Regulations of the State Bar, and their activities shall not be funded after January 1, 2000, with mandatory fees collected pursuant to subdivision (a) of Section 6140.

This subdivision shall not be construed to require an attorney to cooperate with a request that requires the attorney to waive any constitutional or statutory privilege or to comply with a request for information or other matters within an unreasonable period of time in light of the time constraints of the attorney's practice. Any exercise by an attorney of any constitutional or statutory privilege shall not be used against the attorney in a regulatory or disciplinary proceeding against him or her.

A member of the State Bar who fails to satisfy the mandatory continuing legal education requirements of the program authorized by the Supreme Court rule shall be enrolled as an inactive member pursuant to rules adopted by the Board of Governors of the State Bar.

(b) For purposes of this section, statewide associations of public agencies and incorporated, nonprofit professional associations of

attorneys, shall be certified as State Bar approved providers upon completion of an appropriate application process to be established by the State Bar. The certification may be revoked only by majority vote of the board, after notice and hearing, and for good cause shown. Programs provided by the California District Attorneys Association or the California Public Defenders Association, or both, including, but not limited to, programs provided pursuant to Title 1.5 (commencing with Section 11500) of Part 4 of the Penal Code, are deemed to be legal education activities approved by the State Bar or offered by a State Bar approved provider.

(c) Notwithstanding the provisions of subdivision (a), officers and elected officials of the State of California, and full-time professors at law schools accredited by the State Bar of California, the American Bar Association, or both, shall be exempt from the provisions of this section. Full-time employees of the State of California, acting within the scope of their employment, shall be exempt from the provisions of this section. Nothing in this section shall prohibit the State of California, or any political subdivision thereof, from establishing or maintaining its own continuing education requirements for its employees.

(d) The State Bar shall provide and encourage the development of low-cost programs and materials by which members may satisfy their continuing education requirements. Special emphasis shall be placed upon the use of internet capabilities and computer technology in the development and provision of no-cost and low-cost programs and materials. Towards this purpose, the State Bar shall ensure that by July 1, 2000, any member possessing or having access to the internet or specified generally available computer technology shall be capable of satisfying the full self-study portion of his or her MCLE requirement at a cost of fifteen dollars ($15) per hour or less.

SEC. 4. Section 6085 of the Business and Professions Code is amended to read:

6085. Any person complained against shall be given fair, adequate, and reasonable notice and have a fair, adequate, and reasonable opportunity and right:

(a) To defend against the charge by the introduction of evidence.

(b) To receive any and all exculpatory evidence from the State Bar after the initiation of a disciplinary proceeding in State Bar Court, and thereafter when this evidence is discovered and available. This subdivision shall not require the disclosure of mitigating evidence.

(c) To be represented by counsel.

6140. (a) The board shall fix the annual membership fee for active members at a sum not exceeding three hundred eighteen dollars ($318).

(b) The annual membership fee for active members is payable on or before the first day of February of each year. If the board finds it appropriate and feasible, it may provide by rule for payment of fees on an installment basis with interest, by credit card, or other means, and may charge members choosing any alternative method of payment an additional fee to defray costs incurred by that election.

(c) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

SEC. 6. Section 6140.05 is added to the Business and Professions Code, to read:

6140.05. (a) The invoice provided to members for payment of the annual membership fee shall provide each member the option of deducting five dollars ($5) from the annual fee if the member elects not to support lobbying and related activities by the State Bar outside of the parameters established by the United States Supreme Court in Keller v. State Bar of California (1990) 496 U.S. 1.

(b) For the support or defense of lobbying and related activities conducted by the State Bar on or after January 1, 2000, outside of the parameters of Keller v. State Bar of California, and in support or defense of any litigation arising therefrom, the Board of Governors of the State Bar shall not expend a sum exceeding the following: the product of the number of members paying their annual dues who did not elect the optional deduction multiplied by five dollars ($5).

Moneys collected pursuant to this section shall not be deemed voluntary fees or funds for the purpose of subdivision (c) of Section 6031.5.

(c) As used in this section, "lobbying and related activities by the State Bar" includes the consideration of measures by the Board of Governors of the State Bar that are deemed outside the parameters established in Keller v. State Bar, the purview determination, lobbying and the preparation for lobbying of the measures, and any litigation in support or defense of that lobbying. The determination of these costs shall include, but not be limited to, overhead and administrative costs.

6141.1. (a) The payment by any member of the annual membership fee, any portion thereof, or any penalty thereon, may be waived by the board as it may provide by rule. The board may require submission of recent federal and state income tax returns and other proof of financial condition as to those members seeking waiver

of all or a portion of their fee or penalties on the ground of financial hardship.

(b) The board shall adopt rules providing that:

(1) An active member who can demonstrate annual income from the practice of law of less than forty thousand dollars ($40,000) shall presumptively qualify for a waiver of 25 percent of the annual membership fee.

(2) An active member who can demonstrate annual income from the practice of law of less than twenty-five thousand dollars ($25,000) shall presumptively qualify for a waiver of 50 percent of the annual membership fee.

SEC. 8. Section 6145 of the Business and Professions Code is repealed.

SEC. 9. Section 6145 is added to the Business and Professions Code, to read:

6145. (a) The board shall contract with a nationally recognized independent public accounting firm for an audit of its financial statement for each fiscal year beginning after December 31, 1998. The financial statement shall be promptly certified under oath by the treasurer of the State Bar, and a copy of the audit and financial statement shall be submitted within 120 days of the close of the fiscal year to the board, the Chief Justice of the Supreme Court, and to the Assembly and Senate Committees on Judiciary.

The audit shall examine the receipts and expenditures of the State Bar, the Conference of Delegates, and the State Bar sections, to assure that the receipts of the Conference of Delegates and the sections are being applied, and their expenditures are being made, in compliance with subdivisions (a) and (b) of Section 6031.5, and that the receipts of the Conference of Delegates and the receipts of the sections are applied only to the work of the Conference of Delegates and the sections, respectively.

(b) The board shall contract with the Bureau of State Audits to conduct a performance audit of the State Bar's operations from July 1, 2000, to December 31, 2000, inclusive. A copy of the performance audit shall be submitted by May 1, 2001 to the board, to the Chief Justice of the Supreme Court, and to the Assembly and Senate Committees on Judiciary.

Every two years thereafter, the board shall contract with the Bureau of State Audits to conduct a performance audit of the State Bar's operations for the respective fiscal year, commencing with January 1, 2002, through December 31, 2002, inclusive. A copy of the performance audit shall be submitted within 120 days of the close of the fiscal year for which the audit was performed to the board, to the Chief Justice of the Supreme Court, and to the Assembly and Senate Committees on Judiciary.

For the purposes of this subdivision, the Bureau of State Audits may contract with a third party to conduct the performance audit. This

subdivision is not intended to reduce the number of audits the Bureau of State Audits may otherwise be able to conduct.

The people of the State of California do enact as follows:

SECTION 1. Section 6301.1 of the Business and Professions Code is amended to read:

6301.1. Notwithstanding Section 6301, in San Diego County the board of law library trustees shall be constituted, as follows:

(a) Four judges of the superior court, to be elected by and from the superior court judges of the county. Each superior court judge so elected shall serve a three-year term. In order to maintain overlapping terms, those judges holding office as of the date of unification of the municipal and superior courts of San Diego County shall remain in office until the expiration of their original terms.

(b) The board of supervisors shall appoint three attorneys resident in the county to the board of law library trustees, to serve overlapping three-year terms. In order to stagger the three appointments, the board of supervisors shall, in January of 1997, appoint one attorney to a one-year term, one attorney to a two-year term, and one attorney to a three-year term; and as each term expires, the new appointee shall thereafter serve three-year terms. At least one attorney appointed pursuant to this subdivision shall be a member of the San Diego County Bar Association.

(c) In the event a trustee cannot serve a full term, the appointing authority for that individual shall appoint another qualified person to complete that term. Interim appointments may be made by the board of law library trustees in accordance with Section 6305.

SEC. 2. Section 77 of the Code of Civil Procedure is amended to read:

77. (a) In every county and city and county, there is an appellate division of the superior court consisting of three judges or, when the Chief Justice finds it necessary, four judges.

The Chief Justice shall assign judges to the appellate division for specified terms pursuant to rules, not inconsistent with statute, adopted by the Judicial Council to promote the independence and quality of each appellate division. Each judge assigned to the appellate division of a superior court shall be a judge of that court, a judge of the superior court of another county, or a judge retired from the superior court or a court of higher jurisdiction in this state.

The Chief Justice shall designate one of the judges of each appellate division as the presiding judge of the division.

(b) In each appellate division, no more than three judges shall participate in a hearing or decision. The presiding judge of the division shall designate the three judges who shall participate.

(c) In addition to their other duties, the judges designated as members of the appellate division of the superior court shall serve for the period specified in the order of designation. Whenever a judge is designated to serve in the appellate division of the superior court of a county other than the county in which that judge was elected or appointed as a superior court judge, or if the judge is retired, in a county other than the county in which the judge resides, the judge shall receive from the county to which the judge is designated expenses for travel, board, and lodging. If the judge is out of the judge's county overnight or longer, by reason of the designation, that judge shall be paid a per diem allowance in lieu of expenses for board and lodging in the same amounts as are payable for those purposes to justices of the Supreme Court under the rules of the State Board of Control. In addition, a retired judge shall receive from the state and the county to which the judge is designated, for the time so served, amounts equal to that which the judge would have received from each if the judge had been assigned to the superior court of the county.

(d) The concurrence of two judges of the appellate division of the superior court shall be necessary to render the decision in every case in, and to transact any other business except business that may be done at chambers by the presiding judge of, the division. The presiding judge shall convene the appellate division when necessary. The presiding judge shall also supervise its business and transact any business that may be done at chambers.

(e) The appellate division of the superior court has jurisdiction on appeal from the following courts, in all cases in which an appeal may

be taken to the superior court or the appellate division of the superior court as provided by law, except where the appeal is a retrial in the superior court:

(1) The municipal courts within the county.

(2) The superior court in a county in which there is no municipal court.

(f) The powers of each appellate division shall be the same as are now or may hereafter be provided by law or rule of the Judicial Council relating to appeals to the appellate division of the superior courts.

(g) The Judicial Council shall promulgate rules, not inconsistent with law, to promote the independence of, and govern the practice and procedure and the disposition of the business of the appellate division.

(h) Notwithstanding any other provision of law, the Chief Justice may designate any municipal court judge as a member of the appellate division of the superior court if the municipal court is participating in a trial court coordination plan approved by the Judicial Council and the designated municipal court judge has been assigned to the superior court of the county by the Chief Justice.

(i) A reference in any other statute to the appellate department of the superior court means the appellate division of the superior court.

SEC. 3. Section 87 is added to the Code of Civil Procedure, to read:

87. (a) A limited civil case may be brought in the small claims division if the case is within the jurisdiction of the small claims division as otherwise provided by statute. Where a statute or rule applicable to a small claims case conflicts with a statute or rule applicable to a limited civil case, the statute or rule applicable to a small claims case governs the small claims case and the statute or rule applicable to a limited civil case does not.

(b) Nothing in this section affects the jurisdiction of the small claims division as otherwise provided by statute.

SEC. 4. Section 88 is added to the Code of Civil Procedure, to read:

88. A civil action or proceeding other than a limited civil case may be referred to as an unlimited civil case.

SEC. 5. Section 116.950 of the Code of Civil Procedure is amended to read:

116.950. (a) This section shall become operative only if the Department of Consumer Affairs determines that sufficient private or public funds are available in addition to the funds available in the department's current budget to cover the costs of implementing this section.

(b) There shall be established an advisory committee, constituted as set forth in this section, to study small claims practice and

procedure, with particular attention given to the improvement of procedures for the enforcement of judgments.

(c) The members of the advisory committee shall serve without compensation, but shall be reimbursed for expenses actually and necessarily incurred by them in the performance of their duties. The advisory committee shall report its findings and recommendations to the Judicial Council and the Legislature.

(d) The advisory committee shall be composed as follows:

(1) The Attorney General or a representative.

(2) Two consumer representatives from consumer groups or agencies, appointed by the Secretary of the State and Consumer Services Agency.

(3) One representative appointed by the Speaker of the Assembly and one representative appointed by the President pro Tempore of the Senate.

(4) Two representatives, appointed by the Board of Governors of the State Bar.

(5) Two representatives of the business community, appointed by the Secretary of the Trade and Commerce Agency.

(6) Six judicial officers who have extensive experience presiding in small claims court, appointed by the Judicial Council. Judicial officers appointed under this subdivision may include judicial officers of the superior court, judicial officers of the municipal court, judges of the appellate courts, retired judicial officers, and temporary judges.

(7) One representative appointed by the Governor.

(8) Two clerks of the court, appointed by the Judicial Council.

(e) Staff assistance to the advisory committee shall be provided by the Department of Consumer Affairs, with the assistance of the Judicial Council, as needed.

SEC. 9. Section 399.5 of the Code of Civil Procedure is repealed.

SEC. 10. Section 400 of the Code of Civil Procedure is amended to read:

400. When an order is made by the superior court granting or denying a motion to change the place of trial, the party aggrieved by

the order may, within 20 days after service of a written notice of the order, petition the court of appeal for the district in which the court granting or denying the motion is situated for a writ of mandate requiring trial of the case in the proper court. The superior court may, for good cause, and prior to the expiration of the initial 20-day period, extend the time for one additional period not to exceed 10 days. The petitioner shall file a copy of the petition in the trial court immediately after the petition is filed in the court of appeal. The court of appeal may stay all proceedings in the case, pending judgment on the petition becoming final. The clerk of the court of appeal shall file with the clerk of the trial court, a copy of any final order or final judgment immediately after the order or judgment becomes final.

SEC. 11. Chapter 2 (commencing with Section 403.010) is added to Title 4 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 2. RECLASSIFICATION OF CIVIL ACTIONS AND PROCEEDINGS

403.010. (a) This chapter applies in a county in which there is no municipal court.

(b) Nothing in this chapter expands or limits the law on whether a plaintiff, cross-complainant, or petitioner may file an amended complaint or other amended initial pleading. Nothing in this chapter expands or limits the law on whether, and to what extent, an amendment relates back to the date of filing the original complaint or other initial pleading.

403.020. (a) If a plaintiff, cross-complainant, or petitioner files an amended complaint or other amended initial pleading that changes the jurisdictional classification from that previously stated in the caption, and simultaniously pays the reclassification fees provided in Section 403.050, the clerk shall promptly reclassify the case.

(b) For purposes of this section, an amendment to an initial pleading shall be treated in the same manner as an amended initial pleading.

403.030. If a cross-complainant in a limited civil case files a cross-complaint that causes the action or proceeding to exceed the maximum amount in controversy for a limited civil case, or otherwise fail to satisfy the requirements for a limited civil case as prescribed by Section 85, the caption of the cross-complaint shall state that the action or proceeding is a limited civil case to be reclassified by cross-complaint, or words to that effect. The cross-complainant shall pay the reclassification fees provided in Section 403.050, and the clerk shall promptly reclassify the case.

403.040. (a) If the caption of a complaint, cross-complaint, petition, or other initial pleading misstates the jurisdictional classification of the action or proceeding, or mistakenly fails to state, pursuant to Section 422.30, that the action or proceeding is a limited civil case, the defendant or cross-defendant may file a motion for

reclassification within the time allowed for that party to respond to the initial pleading. The court, on its own motion, may reclassify a case at any time. A motion for reclassification does not extend the moving party's time to answer or otherwise respond. The court shall grant the motion and enter an order for reclassification, regardless of any fault or lack of fault, if the caption of the initial pleading misstates the jurisdictional classification of the action or proceeding, or mistakenly fails to state, pursuant to Section 422.30, that the action or proceeding is a limited civil case.

(b) If a defendant or cross-defendant files a motion for reclassification after the time for that party to respond to the complaint, cross-complaint, or other initial pleading, the court shall grant the motion and enter an order for reclassification only if both of the following conditions are satisfied:

(1) The caption of the initial pleading misstates the jurisdictional classification of the action or proceeding, or mistakenly fails to state, pursuant to Section 422.30, that the action or proceeding is a limited civil case.

(2) The moving party shows good cause for not seeking reclassification earlier.

(c) Nothing in the section shall be construed to require the superior court to reclassify an action or proceeding because the judgment to be rendered, as determined at the trial or hearing, is one that might have been rendered in a limited civil case.

(d) In any case where the misclassification is due solely to an excess in the amount of the demand, the excess may be remitted and the action may continue as a limited civil case.

403.050. Unless the court otherwise directs:

(a) If a court grants a motion for reclassification, the reclassification fees shall be determined as follows:

(1) If a party misclassifies a case as a limited civil case and the case is reclassified, the party shall pay as a reclassification fee the difference between the fee paid for filing the first paper in a limited civil case and the fee for filing the first paper in a case other than a limited civil case. A similar adjustment shall be made for other fees paid before reclassification. Each party shall pay for reclassification of that party's pleadings, but the Judicial Council may prescribe rules governing the manner of making payment and consequences of failure to make payment.

(2) If a party fails to classify a case as a limited civil case and the case is reclassified, the party shall not be required to pay a new fee for filing the first paper in a limited civil case, but the party is not entitled to a refund of the difference between the fee for filing the first paper in a case other than a limited civil case and the fee for filing the first paper in a limited civil case. Other fees paid before reclassification shall be handled in the same manner.

(b) If an action or proceeding is reclassified by filing an amended pleading or an amendment to a pleading pursuant to Section 403.020

or a cross-complaint pursuant to Section 403.030, the reclassification fees shall be determined as if the court had granted a motion for reclassification.

403.060. (a) If an order is made for reclassification of an action or proceeding pursuant to Section 403.040, and fees have been paid as provided in Section 403.050, the clerk shall promptly reclassify the case.

(b) If the fees have not been paid as provided in Section 403.050 within five days after service of notice of the order for reclassification, any party interested in the case, regardless of whether that party is named in the complaint, may pay the fees, and the clerk shall promptly reclassify the case as if the fees had been paid as provided in Section 403.050.

(c) The cause of action shall not be further prosecuted in any court until the reclassification fees are paid. If those fees are not paid within 30 days after service of notice of an order for reclassification, the court on its own motion or motion of any party may dismiss the action without prejudice to the cause on the condition that no other action on the cause may be commenced in another court before the reclassification fees are paid.

403.070. (a) An action or proceeding that is reclassified shall be deemed to have been commenced at the time the complaint or petition was initially filed, not at the time of reclassification.

(b) The court shall have and exercise over the reclassified action or proceeding the same authority as if the action or proceeding had been originally commenced as reclassified, all prior proceedings being saved. The court may allow or require whatever amendment of the pleadings, filing and service of amended, additional, or supplemental pleadings, or giving of notice, or other appropriate action, as may be necessary for the proper presentation and determination of the action or proceeding as reclassified.

403.080. When an order is made by the superior court granting or denying a motion to reclassify an action or proceeding pursuant to Section 403.040, the party aggrieved by the order may, within 20 days after service of a written notice of the order, petition the court of appeal for the district in which the court granting or denying the motion is situated for a writ of mandate requiring proper classification of the action or proceeding pursuant to Section 403.040. The superior court may, for good cause, and prior to the expiration of the initial 20-day period, extend the time for one additional period not to exceed 10 days. The petitioner shall file a copy of the petition in the superior court immediately after the petition is filed in the court of appeal. The court of appeal may stay all proceedings in the case, pending judgment on the petition becoming final. The clerk of the court of appeal shall file with the clerk of the superior court, a copy of any final order or final judgment immediately after the order or judgment becomes final.

403.090. The Judicial Council may prescribe rules, not inconsistent with statute, governing the procedure for reclassification of civil actions and proceedings.

SEC. 12. The heading of Chapter 2 (commencing with Section 404) of Title 4 of Part 2 of the Code of Civil Procedure is amended and renumbered to read:

CHAPTER 3. COORDINATION

SEC. 13. Section 422.30 of the Code of Civil Procedure is amended to read:

422.30. (a) Every pleading shall contain a caption setting forth:

(1) The name of the court and county, and, in municipal courts, the name of the judicial district, in which the action is brought.

(2) The title of the action.

(b) In a limited civil case in a county in which there is no municipal court, the caption shall state that the case is a limited civil case, and the clerk shall classify the case accordingly.

SEC. 14. Section 871.3 of the Code of Civil Procedure is amended to read:

871.3. A good faith improver may bring an action in the superior court or, subject to Section 396 and Chapter 2 (commencing with Section 403.010) of Title 4, may file a cross-complaint in a pending action in the superior or municipal court for relief under this chapter. In every case, the burden is on the good faith improver to establish that the good faith improver is entitled to relief under this chapter, and the degree of negligence of the good faith improver should be taken into account by the court in determining whether the improver acted in good faith and in determining the relief, if any, that is consistent with substantial justice to the parties under the circumstances of the particular case.

SEC. 15. Section 1014 of the Code of Civil Procedure is amended to read:

1014. A defendant appears in an action when the defendant answers, demurs, files a notice of motion to strike, files a notice of motion to transfer pursuant to Section 396b, moves for reclassification pursuant to Section 403.040, gives the plaintiff written notice of appearance, or when an attorney gives notice of appearance for the defendant. tribunal, board, or officer, and there is no appeal, nor, in the judgment of the court, any plain, speedy, and adequate remedy.

(b) The appellate division of the superior court may grant a writ of review directed to the superior court in a limited civil case or in a misdemeanor or infraction case. Where the appellate division grants a writ of review directed to the superior court, the superior court is an inferior tribunal for purposes of this chapter.

SEC. 17. Section 1085 of the Code of Civil Procedure is amended to read:

(b) The appellate division of the superior court may grant a writ of mandate directed to the superior court in a limited civil case or in a misdemeanor or infraction case. It is issued upon the verified petition of the person beneficially interested.

(b) The appellate division of the superior court may grant a writ of prohibition directed to the superior court in a limited civil case or in a misdemeanor or infraction case. SEC. 20. Section 26863 of the Government Code is amended to read:

(b) The board of supervisors may increase this additional fee to not more than three dollars ($3) if it expends an additional, matching amount from the county general fund, equal to the revenue derived from the increase, exclusively to pay the costs of automating the trial court recordkeeping system or converting the trial court's document system to micrographics, or both.

(c) Upon completion of the automation and conversion, and payment of the costs therefor, the additional fee shall no longer be imposed.

1214. (a) If the judgment is for a fine, including a restitution fine ordered pursuant to Section 1202.4 or Section 1203.04 as operative on

or before August 2, 1995, or Section 13967 of the Government Code, as operative on or before September 28, 1994, with or without imprisonment, the judgment may be enforced in the manner provided for the enforcement of money judgments generally.

(b) In any case in which a defendant is ordered to pay restitution, the order to pay restitution (1) is deemed a money judgment if the defendant was informed of his or her right to have a judicial determination of the amount and was provided with a hearing, waived a hearing, or stipulated to the amount of the restitution ordered, and (2) shall be fully enforceable by a victim as if the restitution order were a civil judgment, and enforceable in the same manner as is provided for the enforcement of any other money judgment. Upon the victim's request, the court shall provide the victim in whose favor the order of restitution is entered with a certified copy of that order and a copy of the defendant's disclosure pursuant to paragraph (4) of subdivision (f) of Section 1202.4, or affidavit or information pursuant to paragraph (5) of subdivision (f) of Section 1202.4, or report pursuant to paragraph (7) of subdivision (f) of Section 1202.4. The court also shall provide this information to the district attorney upon request in connection with an investigation or prosecution involving perjury or the veracity of the information contained within the defendant's financial disclosure. In addition, upon request, the court shall provide the State Board of Control with a certified copy of any order imposing a restitution fine or order and a copy of the defendant's disclosure pursuant to paragraph (4) of subdivision (f) of Section 1202.4, or affidavit or information pursuant to paragraph (5) of subdivision (f) of Section 1202.4, or report pursuant to paragraph (7) of subdivision (f) of Section 1202.4. A victim shall have access to all resources available under the law to enforce the restitution order, including, but not limited to, access to the defendant's financial records, use of wage garnishment and lien procedures, information regarding the defendant's assets, and the ability to apply for restitution from any fund established for the purpose of compensating victims in civil cases. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation or parole is enforceable by the victim pursuant to this section. Victims and the State Board of Control shall inform the court whenever an order to pay restitution is satisfied.

(c) Except as provided in subdivision (d), and notwithstanding the amount in controversy limitation of Section 85 of the Code of Civil Procedure, a restitution order or restitution fine that was imposed pursuant to Section 1202.4 by a municipal court, or by the superior court acting pursuant to subdivision (d) of Section 1462, may be enforced in the same manner as a money judgment in a limited civil case.

(d) Chapter 3 (commencing with Section 683.010) of Division 1 of Title 9 of Part 2 of the Code of Civil Procedure shall not apply to a judgment for any fine or restitution ordered pursuant to Section

1202.4 or Section 1203.04 as operative on or before August 2, 1995, or Section 13967 of the Government Code, as operative on or before September 28, 1994.

(B) The judicial application described in paragraph (1) documents the need for time to adjust restitution procedures and practices, as well as to facilitate judicial education and training in direct restitution to victims under subdivision (f) of Section 1202.4.

(C) The Judicial Council grants the extension upon finding good cause.

(2) Upon the grant of an extension pursuant to the application of a court under this subdivision, the provisions of former Section 1202.4 shall continue to apply with respect to that court. The extension may be for any period of time set by the Judicial Council, but shall not exceed January 1, 2002, in any case.

(6) An order modifying the verdict or finding by reducing the degree of the offense or the punishment imposed or modifying the offense to a lesser offense.

(7) An order dismissing a case prior to trial made upon motion of the court pursuant to Section 1385 whenever such order is based upon an order granting the defendant's motion to return or suppress property or evidence made at a special hearing as provided in this code.

(8) An order or judgment dismissing or otherwise terminating all or any portion of the action including such an order or judgment after a verdict or finding of guilty or an order or judgment entered before the defendant has been placed in jeopardy or where the defendant has waived jeopardy.

(9) An order denying the motion of the people to reinstate the complaint or a portion thereof pursuant to Section 871.5.

(10) The imposition of an unlawful sentence, whether or not the court suspends the execution of the sentence, except that portion of a sentence imposing a prison term which is based upon a court's

choice that a term of imprisonment (A) be the upper, middle, or lower term, unless the term selected is not set forth in an applicable statute, or (B) be consecutive or concurrent to another term of imprisonment, unless an applicable statute requires that the term be consecutive. As used in this paragraph, "unlawful sentence" means the imposition of a sentence not authorized by law or the imposition of a sentence based upon an unlawful order of the court which strikes or otherwise modifies the effect of an enhancement or prior conviction.

(11) An order recusing the district attorney pursuant to Section 1424.

(b) If, pursuant to paragraph (8) of subdivision (a), the people prosecute an appeal to decision, or any review of such decision, it shall be binding upon them and they shall be prohibited from refiling the case which was appealed.

(c) When an appeal is taken pursuant to paragraph (7) of subdivision (a), the court may review the order granting the defendant's motion to return or suppress property or evidence made at a special hearing as provided in this code.

(d) Nothing contained in this section shall be construed to authorize an appeal from an order granting probation. Instead, the people may seek appellate review of any grant of probation, whether or not the court imposes sentence, by means of a petition for a writ of mandate or prohibition which is filed within 60 days after probation is granted. The review of any grant of probation shall include review of any order underlying the grant of probation.

SEC. 26. Section 1382 of the Penal Code is amended to read:

1382. (a) The court, unless good cause to the contrary is shown, shall order the action to be dismissed in the following cases:

(1) When a person has been held to answer for a public offense and an information is not filed against that person within 15 days.

(2) In a felony case, when a defendant is not brought to trial within 60 days of the defendant's arraignment on an indictment or information, or reinstatement of criminal proceedings pursuant to Chapter 6 (commencing with Section 1367) of Title 10 of Part 2, or, in case the cause is to be tried again following a mistrial, an order granting a new trial from which an appeal is not taken, or an appeal from the superior court, within 60 days after the mistrial has been declared, after entry of the order granting the new trial, or after the filing of the remittitur in the trial court, or after the issuance of a writ or order which, in effect, grants a new trial, within 60 days after notice of the writ or order is filed in the trial court and served upon the prosecuting attorney, or within 90 days after notice of the writ or order is filed in the trial court and served upon the prosecuting attorney in any case where the district attorney chooses to resubmit the case for a preliminary examination after an appeal or the issuance of a writ reversing a judgment of conviction upon a plea of guilty prior to a preliminary hearing. However, an action shall not be

dismissed under this paragraph if either of the following circumstances exist:

(A) The defendant enters a general waiver of the 60-day trial requirement. A general waiver of the 60-day trial requirement entitles the superior court to set or continue a trial date without the sanction of dismissal should the case fail to proceed on the date set for trial. If the defendant, after proper notice to all parties, later withdraws his or her waiver in the superior court, the defendant shall be brought to trial within 60 days of the date of that withdrawal. If a general time waiver is not expressly entered, subparagraph (B) shall apply.

(B) The defendant requests or consents to the setting of a trial date beyond the 60-day period. Whenever a case is set for trial beyond the 60-day period by request or consent, expressed or implied, of the defendant without a general waiver, the defendant shall be brought to trial on the date set for trial or within 10 days thereafter.

Whenever a case is set for trial after a defendant enters either a general waiver as to the 60-day trial requirement or requests or consents, expressed or implied, to the setting of a trial date beyond the 60-day period pursuant to this paragraph, the court may not grant a motion of the defendant to vacate the date set for trial and to set an earlier trial date unless all parties are properly noticed and the court finds good cause for granting that motion.

(3) Regardless of when the complaint is filed, when a defendant in a misdemeanor or infraction case is not brought to trial within 30 days after he or she is arraigned or enters his or her plea, whichever occurs later, if the defendant is in custody at the time of arraignment or plea, whichever occurs later, or in all other cases, within 45 days after the defendant's arraignment or entry of the plea, whichever occurs later, or in case the cause is to be tried again following a mistrial, an order granting a new trial from which no appeal is taken, or an appeal from a judgment in a misdemeanor or infraction case, within 30 days after the mistrial has been declared, after entry of the order granting the new trial, or after the remittitur is filed in the trial court. However, an action shall not be dismissed under this subdivision if any of the following circumstances exist:

(A) The defendant enters a general waiver of the 30-day or 45-day trial requirement. A general waiver of the 30-day or 45-day trial requirement entitles the court to set or continue a trial date without the sanction of dismissal should the case fail to proceed on the date set for trial. If the defendant, after proper notice to all parties, later withdraws his or her waiver, the defendant shall be brought to trial within 30 days of the date of that withdrawal. If a general time waiver is not expressly entered, subparagraph (B) shall apply.

(B) The defendant requests or consents to the setting of a trial date beyond the 30-day or 45-day period. In the absence of an express general time waiver from the defendant, the court shall set a trial date. Whenever a case is set for trial beyond the 30-day or 45-day

period by request or consent, expressed or implied, of the defendant without a general waiver, the defendant shall be brought to trial on the date set for trial or within 10 days thereafter.

(C) The defendant in a misdemeanor case has been ordered to appear on a case set for hearing prior to trial, but the defendant fails to appear on that date and a bench warrant is issued, or the case is not tried on the date set for trial because of the defendant's neglect or failure to appear, in which case the defendant shall be deemed to have been arraigned within the meaning of this subdivision on the date of his or her subsequent arraignment on a bench warrant or his or her submission to the court.

(b) Whenever a defendant has been ordered to appear in superior court on a felony case set for trial or set for a hearing prior to trial after being held to answer, if the defendant fails to appear on that date and a bench warrant is issued, the defendant shall be brought to trial within 60 days after the defendant next appears in the superior court unless a trial date previously had been set which is beyond that 60-day period.

(c) If the defendant is not represented by counsel, the defendant shall not be deemed under this section to have consented to the date for the defendant's trial unless the court has explained to the defendant his or her rights under this section and the effect of his or her consent.

SEC. 27. Section 19280 of the Revenue and Taxation Code is amended to read:

19280. (a) (1) Fines, state or local penalties, forfeitures, restitution fines, restitution orders, or any other amounts imposed by a superior or municipal court of the State of California upon a person or any other entity that is due and payable in an amount totaling no less than two hundred fifty dollars ($250), in the aggregate, for criminal offenses, including all offenses involving a violation of the Vehicle Code except offenses relating to parking or registration or offenses by pedestrians or bicyclists, may, no sooner than 90 days after payment of that amount becomes delinquent, be referred by the county or the state to the Franchise Tax Board for collection under guidelines prescribed by the Franchise Tax Board.

(2) For purposes of this subdivision:

(A) The amounts referred by the county or state under this section may include any amounts that a government entity may add to the court-imposed obligation as a result of the underlying offense, trial, or conviction. For purposes of this article, those amounts shall be deemed to be imposed by the court.

(B) Restitution orders may be referred to the Franchise Tax Board only by a government entity, as agreed upon by the Franchise Tax Board, provided that all of the following apply:

(i) The government entity has the authority to collect on behalf of the state or the victim.

(ii) The government entity shall be responsible for distributing the restitution order collections, as appropriate.

(iii) The government entity shall ensure, in making the referrals and distributions, that it coordinates with any other related collection activities that may occur by counties or other state agencies.

(iv) The government entity shall ensure compliance with laws relating to the reimbursement of the State Restitution Fund.

(C) The Franchise Tax Board shall establish criteria for referral, which shall include setting forth a minimum dollar amount subject to referral and collection.

(b) For the period January 1, 1995, to December 31, 1997, inclusive, for purposes of a manageable implementation and evaluation of the program authorized by this article, the Franchise Tax Board may limit referrals to nine counties.

(c) Upon written notice to the obligor from the Franchise Tax Board, any amount referred to the Franchise Tax Board under subdivision (a) and any interest thereon, including any interest on the amount referred under subdivision (a) that accrued prior to the date of referral, shall be treated as final and due and payable to the State of California, and shall be collected from the obligor by the Franchise Tax Board in any manner authorized under the law for collection of a delinquent personal income tax liability, including, but not limited to, issuance of an order and levy under Article 4 (commencing with Section 706.070) of Chapter 5 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure in the manner provided for earnings withholding orders for taxes.

(d) (1) Part 10 (commencing with Section 17001), this part, Part 10.7 (commencing with Section 21001), and Part 11 (commencing with Section 23001) shall apply to amounts referred under this article in the same manner and with the same force and effect and to the full extent as if the language of those laws had been incorporated in full into this article, except to the extent that any provision is either inconsistent with this article or is not relevant to this article.

(2) Any information, information sources, or enforcement remedies and capabilities available to the court or the state referring to the amount due described in subdivision (a), shall be available to the Franchise Tax Board to be used in conjunction with, or independent of, the information, information sources, or remedies and capabilities available to the Franchise Tax Board for purposes of administering Part 10 (commencing with Section 17001), this part, Part 10.7 (commencing with Section 21001), or Part 11 (commencing with Section 23001).

(e) The activities required to implement and administer this part shall not interfere with the primary mission of the Franchise Tax Board to administer Part 10 (commencing with Section 17001) and Part 11 (commencing with Section 23001).

(f) For amounts referred for collection under subdivision (a), interest shall accrue at the greater of the rate applicable to the

amount due being collected or the rate provided under Section 19521. When notice of the amount due includes interest and is mailed to the obligor and the amount is paid within 15 days after the date of notice, interest shall not be imposed for the period after the date of notice.

(g) In no event shall a collection under this article be construed as a payment of income taxes imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001).

SEC. 28. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Senate Constitutional Amendment 4 of the 1995–96 Regular Session of the Legislature, as approved by the voters, changes the appellate jurisdiction of the courts and enables the municipal and superior courts in a county to unify. It is necessary that technical and corresponding changes in the statutes be made immediately so that an orderly transition of the court system will occur.

CHAPTER 345

An act to amend Sections 18210, 18321, and 18437 of, and to add Section 18003.7 to, the Financial Code, relating to industrial loan companies.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 18003.7 is added to the Financial Code, to read:

18003.7. "Demand deposit" means investment or thrift certificates in account, passbook, or certificate form which are redeemable and payable upon demand to the owner.

SEC. 2. Section 18210 of the Financial Code is amended to read:

18210. (a) Except as provided in Sections 18205.5 and 18209 and subject to subdivision (b) and (c), an industrial loan company shall not make any loan or purchase or discount any note secured primarily by real property unless the loan or other obligation is repayable in substantially equal weekly, semimonthly, monthly, or quarterly installments during its term, which shall not exceed 30 years and 30 days from the date the loan or other obligation is made or acquired by the company. Equal installment requirements shall not apply to adjustable or variable rate loans or obligations made or purchased by the industrial loan company in accordance with Title VIII of the Garn-St. Germaine Depository Institutions Act of 1982 and

any applicable regulations, guidelines, and policies adopted thereunder. However, an industrial loan company may make loans secured by first trust deeds on real property containing single family, or one to four residential, units provided that the repayment period for each loan does not exceed 40 years and 30 days from the date the loan is made by the company. All loans with repayment periods in excess of 30 years and 30 days shall not exceed in the aggregate 5 percent of all outstanding loans and obligations of the company.

(b) Any consumer loan or any purchase or discount of any consumer obligation having a term in excess of three years from the date the loan or other obligation is made or acquired by the company shall be secured solely by real property or solely by personal property. However, if the original principal amount of the consumer loan or obligation is twenty thousand dollars ($20,000) or more, then the loan or obligation shall be secured solely by real property or solely by personal property, or by both real property and personal property. All loans and obligations made and purchased pursuant to this subdivision shall be repayable in installments and within a term not to exceed the limitations set forth in subdivision (a), except that consumer loans or obligations secured solely by personal property shall have a term not to exceed the term provided for in Section 18205 and except as otherwise may be provided for in Sections 18207, 18208, and 18209. The equal installment requirements set forth in subdivision (a) shall not apply to loans or obligations made or purchased by the industrial loan company in accordance with Title VIII of the Garn-St. Germaine Depository Institutions Act of 1982 and any applicable regulations, guidelines, and policies adopted thereunder.

(c) In order to ensure the safety and soundness of industrial loan companies and to avoid an unreasonable concentration of loans and obligations that could result in balloon payments, all loans and obligations with a term in excess of 15 years and 30 days shall be repaid in substantially equal weekly, semimonthly, monthly, or quarterly installments during their term.

SEC. 3. Section 18321 of the Financial Code is amended to read:

18321. (a) Nothing in this division authorizes an industrial loan company to receive demand deposits.

(b) Subject to Section 18315, an industrial loan company that is a member of the Federal Deposit Insurance Corporation pursuant to Section 18521.5 may use the term "certificate of deposit" as defined in Section 18003.6 with respect to an investment certificate that does not authorize either of the following:

(1) Redemption prior to its maturity.

(2) Reduction of the interest rate payable thereon other than a variable interest rate.

SEC. 4. Section 18437 of the Financial Code is amended to read:

18437. (a) Except as provided in subdivision (b), an industrial loan company shall not make loans to, or purchase any obligations

from, persons who do not reside or have a place of business in the State of California, unless those loans or obligations comply with all of the following conditions:

(1) If the loan or obligation is unsecured, then only if the loan or obligation bears the unqualified written guaranty of a financially responsible person, considering the amount of the obligation, who resides or has a place of business in the State of California.

(2) If the documents and security for the loan or obligation and all records relating to the transaction are in California at the time the loan or obligation is made or acquired and are thereafter kept in California while the loan or obligation remains unsatisfied, except that where the security is aircraft, the security need not be in California at the time the loan or obligation is made or acquired, nor need it thereafter be held in California while the loan or obligation remains unsatisfied.

(b) Notwithstanding subdivision (a), an industrial loan company may make loans to, or purchase any obligations from, persons who do not reside or have a place of business in the State of California not to exceed 25 percent, in the aggregate, of an industrial loan company's total assets. Upon application to and approval by the commissioner, an industrial loan company may increase its loans to, or purchases of obligations from, persons who do not reside or have a place of business in this state not to exceed 50 percent, in the aggregate, of an industrial loan company's total assets. The application shall include all of the following information:

(1) A description of the company's proposed plan of business.

(2) The character, business qualifications, and other experience of the proposed officers and managers directing the line of business for which authorization is requested.

(3) Any other facts and circumstances bearing on the proposal that, as determined by the commissioner, may be relevant.

(c) This section does not apply to loans made to, or acquired from, persons who do not reside or have a place of business in this state if all of the following conditions are met:

(1) The loans are for the purchase or refinance of single- or multi-family residential property or nonresidential property.

(2) The loans are salable in the secondary market as evidenced by commitments to buy by a buyer in the secondary market.

(3) The loans are owned by the industrial loan company for 90 days or less.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government

Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 346

An act to amend Section 917.7 of the Code of Civil Procedure, and to amend Section 300.2 of the Welfare and Institutions Code, relating to dependent children.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 917.7 of the Code of Civil Procedure is amended to read:

917.7. The perfecting of an appeal shall not stay proceedings as to those provisions of a judgment or order which award, change, or otherwise affect the custody, including the right of visitation, of a minor child in any civil action, in an action filed under the Juvenile Court Law, or in a special proceeding, or the provisions of a judgment or order for the temporary exclusion of a party from a dwelling, as provided in the Family Code. However, the trial court may in its discretion stay execution of these provisions pending review on appeal or for any other period or periods that it may deem appropriate. Further, in the absence of a writ or order of a reviewing court providing otherwise, the provisions of the judgment or order allowing, or eliminating restrictions against, removal of the minor child from the state are stayed by operation of law for a period of seven calendar days from the entry of the judgment or order by a juvenile court in a dependency hearing, or for a period of 30 calendar days from the entry of judgment or order by any other trial court. The periods during which these provisions allowing, or eliminating restrictions against, removal of the minor child from the state are stayed, are subject to further stays as ordered by the trial court or by the juvenile court pursuant to this section.

SEC. 2. Section 300.2 of the Welfare and Institutions Code is amended to read:

300.2. Notwithstanding any other provision of law, the purpose of the provisions of this chapter relating to dependent children is to provide maximum safety and protection for children who are currently being physically, sexually, or emotionally abused, being neglected, or being exploited, and to ensure the safety, protection, and physical and emotional well-being of children who are at risk of that harm. This safety, protection, and physical and emotional well-being may include provision of a full array of social and health services to help the child and family and to prevent reabuse of

children. The focus shall be on the preservation of the family as well as the safety, protection, and physical and emotional well-being of the child. The provision of a home environment free from the negative effects of substance abuse is a necessary condition for the safety, protection and physical and emotional well-being of the child. Successful participation in a treatment program for substance abuse may be considered in evaluating the home environment. In addition, the provisions of this chapter ensuring the confidentiality of proceedings and records are intended to protect the privacy rights of the child.

CHAPTER 347

An act to amend Sections 22203, 22251, 22305, 22330, 22467, and 22551 of the Financial Code, relating to finance lenders.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 22203 of the Financial Code is amended to read:

22203. "Consumer loan" means a loan, whether secured by either real or personal property, or both, or unsecured, the proceeds of which are intended by the borrower for use primarily for personal, family, or household purposes. For purposes of determining whether a loan is a consumer loan, the lender may rely on any written statement of intended purposes signed by the borrower. The statement may be a separate statement signed by the borrower, or may be contained in a loan application or other document signed by the borrower. The lender shall not be required to ascertain that the proceeds of the loan are used in accordance with the statement of intended purposes. Nothing in this section shall authorize the taking of real property as security, except as specified in Section 22330.

SEC. 2. Section 22251 of the Financial Code is amended to read:

22251. Any section that refers to this section does not apply to any loan of the bona fide principal amount specified in the regulatory ceiling provision of that section or more if that provision is not used for the purpose of evading this division. In determining under Section 22250, 22303, or 22304 or any section that refers to this section whether a loan is a loan of a bona fide principal amount of the amount specified in that section or more and whether the regulatory ceiling provision of that section is used for the purpose of evading this division, the following principles apply:

(a) If a borrower applies for a loan in a bona fide principal amount of less than the specified amount and a loan to that borrower of a bona

fide principal amount of the specified amount or more if made by a licensed finance lender, no adequate economic reason for the increase in the size of the loan exists, and by prearrangement or understanding between the borrower and the licensee a substantial payment is to be made upon the loan with the effect of reducing the bona fide principal amount of the loan to less than the specified amount within a short time after the making of the loan other than by reason of a requirement that the loan be paid in substantially equal periodical installments, then the loan shall not be deemed to be a loan of the bona fide principal amount of the specified amount or more and the regulatory ceiling provisions shall be deemed to be used for the purpose of evading this division unless the loan complies with the other provisions of the section that includes the regulatory ceiling provisions.

(b) If a loan made by a licensed finance lender is in a bona fide principal amount of the specified amount or more, the fact that the transaction is in the form of a sale of accounts, chattel paper, goods, or instruments or a lease of goods, or in the form of an advance on the purchase price of any of the foregoing, shall not be deemed to affect the loan or the bona fides of the amount thereof or to indicate that the regulatory ceiling provisions are used for the purpose of evading this division.

(c) For the purposes of determining whether the loan amount exceeds a regulatory ceiling, the "bona fide principal amount" shall not be comprised of any charges or any other fees or recompense specified in Sections 22200, 22201 (including, but not limited to, amounts paid for insurance of the types specified in Sections 22313 and 22314), 22202, 22305, 22316, 22317, 22318, 22319, 22320, 22320.5, and 22336. Nothing in this subdivision shall be construed to prevent those specified charges, fees, and recompense that have been earned and remain unpaid in an existing loan from being considered as part of the bona fide principal amount of a new loan to refinance that existing loan, provided the new loan is not made for the purpose of circumventing a regulatory ceiling provision. This subdivision is intended to define the meaning of "bona fide principal amount" as used in this division solely for the purposes of determining whether the loan amount exceeds a regulatory ceiling, and is not intended to affect the meaning of "principal" for any other purpose.

SEC. 3. Section 22305 of the Financial Code is amended to read:

22305. In addition to the charges authorized by Section 22303 or 22304, a licensee may contract for and receive an administrative fee, which shall be fully earned immediately upon making the loan, with respect to a loan of a bona fide principal amount of not more than two thousand five hundred dollars ($2,500) at a rate not in excess of 5 percent of the principal amount (exclusive of the administrative fee) or fifty dollars ($50), whichever is less, and with respect to a loan of a bona fide principal amount in excess of two thousand five hundred dollars ($2,500), at an amount not to exceed seventy-five dollars

($75). No administrative fee may be contracted for or received in connection with the refinancing of a loan unless at least one year has elapsed since the receipt of a previous administrative fee paid by the borrower. Only one administrative fee may be contracted for or received until the loan has been repaid in full. For purposes of this section, "bona fide principal amount" shall be determined in accordance with Section 22251.

SEC. 4. Section 22330 of the Financial Code is amended to read:

22330. No licensee shall take a deed of trust, mortgage, or lien upon real property as security for any loan made under this division, except any lien as is created by law upon the recording of an abstract of judgment. This section shall not apply to any loan of a bona fide principal amount of five thousand dollars ($5,000) or more as determined in accordance with Section 22251.

SEC. 5. Section 22467 of the Financial Code is amended to read:

22467. (a) Any section that refers to this section or that is subject to Section 22251 does not apply to any open-end loan of the bona fide principal amount specified in the regulatory ceiling provision of that section or more, or to a duly licensed finance lender in connection with any such loan if that provision is not used for the purpose of evading this division.

(b) In determining whether an open-end loan is an open-end loan of a bona fide principal amount specified in any section in this division or more and whether the regulatory ceiling provision of that section is used for the purpose of evading this division, the open-end loan shall be deemed to be for that amount or more if both the following criteria are met:

(1) The line of credit is equal to or more than the bona fide principal amount of the specified amount.

(2) The initial advance was equal to or more than the bona fide principal amount of the specified amount.

(c) A subsequent advance of money of less than the specified amount pursuant to the open-end loan agreement between a borrower and a licensed finance lender shall be deemed to be a loan of a bona fide principal amount of the specified amount if the criteria of paragraphs (1) and (2) of subdivision (b) have been met, even though the actual unpaid balance after the advance or at any other time is less than the bona fide principal amount of the specified amount.

(d) Notwithstanding subdivisions (b) and (c), the amount of the line of credit of an unsecured open-end loan shall be the criterion to determine whether an unsecured open-end loan is of a bona fide principal amount or more specified in any section in this division.

(e) For the purposes of determining whether the loan amount exceeds a regulatory ceiling, the provisions of subdivision (c) of Section 22251 shall apply to open-end loans.

SEC. 6. Section 22551 of the Financial Code is amended to read:

22551. In determining whether a loan is a loan of a bona fide principal amount of the specified amount or more, the following principles shall apply:

(a) If a borrower applies for a loan in a bona fide principal amount of less than the specified amount and a loan to that borrower of a bona fide principal amount of the specified amount or more is made by a licensed finance lender, no adequate economic reason for the increase in the size of the loan exists, and by prearrangement or understanding between the borrower and the licensee a substantial payment is to be made upon the loan with the effect of reducing the bona fide principal amount of the loan to less than the specified amount within a short time after the making of the loan other than by reason of a requirement that the loan be paid in substantially equal periodical installments, then the loan shall not be deemed to be a loan of the bona fide principal amount of the specified amount or more.

(b) A subsequent advance of money of less than a bona fide principal amount of the specified amount pursuant to a revolving or open-end loan agreement or similar agreement between a borrower and a licensed finance lender which gives the borrower the right to draw upon all or any part of the line of credit, or a loan agreement providing for the making of advances to the borrower from time to time up to an aggregate maximum amount which gives the borrower the right to draw all or any part of the total amount, shall be deemed to be a loan of a bona fide principal amount of the specified amount or more if the line of credit or the aggregate maximum amount is a bona fide principal amount of the specified amount or more and the initial advance was a bona fide principal amount of the specified amount or more even though the actual unpaid balance after the advance or at any other time is less than a bona fide principal amount of the specified amount.

(c) If a loan made by a licensed finance lender has a bona fide principal amount of the specified amount or more, the fact that the transaction is in the form of a sale of accounts, chattel paper, goods, or instruments, or a lease of goods, or in the form of an advance on the purchase price of any of the foregoing, shall not be deemed to affect the bona fides of the amount thereof.

(d) For the purposes of this section, "the specified amount" means five thousand dollars ($5,000).

(e) For the purposes of determining whether the loan amount exceeds a regulatory ceiling, the "bona fide principal amount" shall not be comprised of any charges or any other fees or recompense specified in Sections 22500, 22501, and 22601. Nothing in this subdivision shall be construed to prevent those specified charges, fees, and recompense that have been earned and remain unpaid in an existing loan from being considered as part of the bona fide principal amount of a new loan to refinance that existing loan, provided the new loan is not made for the purpose of circumventing a regulatory ceiling provision. This subdivision is intended to define

the meaning of "bona fide principal amount" as used in this division solely for the purposes of determining whether the loan amount exceeds a regulatory ceiling, and is not intended to affect the meaning of "principal" for any other purpose.

CHAPTER 348

An act to add Sections 19225 and 21015.5 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 19225 is added to the Revenue and Taxation Code, to read:

19225. CHAPTER 349

An act to amend Sections 1091 and 1091.5 of the Government Code, relating to conflicts of interest.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1091 of the Government Code is amended to read:

1091. (a) An officer shall not be deemed to be interested in a contract entered into by a body or board of which the officer is a member within the meaning of this article if the officer has only a remote interest in the contract and if the fact of that interest is disclosed to the body or board of which the officer is a member and noted in its official records, and thereafter the body or board authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest.

(b) As used in this article, "remote interest" means any of the following:

(1) That of an officer or employee of a nonprofit corporation, except as provided in paragraph (8) of subdivision (a) of Section 1091.5.

(2) That of an employee or agent of the contracting party, if the contracting party has 10 or more other employees and if the officer was an employee or agent of that contracting party for at least three years prior to the officer initially accepting his or her office and the officer owns less than 3 percent of the shares of stock of the contracting party; and the employee or agent is not an officer or director of the contracting party and did not directly participate in formulating the bid of the contracting party.

For purposes of this paragraph, time of employment with the contracting party by the officer shall be counted in computing the three-year period specified in this paragraph even though the contracting party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by the officer. Time of employment in that case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the contracting party is the same or substantially similar to that which existed before the transfer or change in organization. For purposes of this paragraph, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of the contracting party.

(3) That of an employee or agent of the contracting party, if all of the following conditions are met:

(A) The agency of which the person is an officer is a local public agency located in a county with a population of less than 4,000,000.

(B) The contract is competitively bid and is not for personal services.

(C) The employee or agent is not in a primary management capacity with the contracting party, is not an officer or director of the contracting party, and holds no ownership interest in the contracting party.

(D) The contracting party has 10 or more other employees.

(E) The employee or agent did not directly participate in formulating the bid of the contracting party.

(F) The contracting party is the lowest responsible bidder.

(4) That of a parent in the earnings of his or her minor child for personal services.

(5) That of a landlord or tenant of the contracting party.

(6) That of an attorney of the contracting party or that of an owner, officer, employee, or agent of a firm which renders, or has rendered, service to the contracting party in the capacity of stockbroker, insurance agent, insurance broker, real estate agent, or real estate broker, if these individuals have not received and will not receive remuneration, consideration, or a commission as a result of the contract and if these individuals have an ownership interest of 10

percent or more in the law practice or firm, stock brokerage firm, insurance firm, or real estate firm.

(7) That of a member of a nonprofit corporation formed under the Food and Agricultural Code or a nonprofit corporation formed under the Corporations Code for the sole purpose of engaging in the merchandising of agricultural products or the supplying of water.

(8) That of a supplier of goods or services when those goods or services have been supplied to the contracting party by the officer for at least five years prior to his or her election or appointment to office.

(9) That of a person subject to the provisions of Section 1090 in any contract or agreement entered into pursuant to the provisions of the California Land Conservation Act of 1965.

(10) Except as provided in subdivision (b) of Section 1091.5, that of a director of or a person having an ownership interest of 10 percent or more in a bank, bank holding company, or savings and loan association with which a party to the contract has a relationship of borrower or depositor, debtor or creditor.

(11) That of an engineer, geologist, or architect employed by a consulting engineering or architectural firm. This paragraph applies only to an employee of a consulting firm who does not serve in a primary management capacity, and does not apply to an officer or director of a consulting firm.

(12) That of an elected officer otherwise subject to Section 1090, in any housing assistance payment contract entered into pursuant to Section 8 of the United States Housing Act of 1937 (42 U.S.C. Sec. 1437f) as amended, provided that the housing assistance payment contract was in existence before Section 1090 became applicable to the officer and will be renewed or extended only as to the existing tenant, or, in a jurisdiction in which the rental vacancy rate is less than 5 percent, as to new tenants in a unit previously under a Section 8 contract. This section applies to any person who became a public official on or after November 1, 1986.

(13) That of a person receiving salary, per diem, or reimbursement for expenses from a government entity.

(c) This section is not applicable to any officer interested in a contract who influences or attempts to influence another member of the body or board of which he or she is a member to enter into the contract.

(d) The willful failure of an officer to disclose the fact of his or her interest in a contract pursuant to this section is punishable as provided in Section 1097. That violation does not void the contract unless the contracting party had knowledge of the fact of the remote interest of the officer at the time the contract was executed.

SEC. 2. Section 1091.5 of the Government Code is amended to read:

1091.5. (a) An officer or employee shall not be deemed to be interested in a contract if his or her interest is any of the following:

(1) The ownership of less than 3 percent of the shares of a corporation for profit, provided that the total annual income to him or her from dividends, including the value of stock dividends, from the corporation does not exceed 5 percent of his or her total annual income, and any other payments made to him or her by the corporation do not exceed 5 percent of his or her total annual income.

(2) That of an officer in being reimbursed for his or her actual and necessary expenses incurred in the performance of official duty.

(3) That of a recipient of public services generally provided by the public body or board of which he or she is a member, on the same terms and conditions as if he or she were not a member of the board.

(4) That of a landlord or tenant of the contracting party if the contracting party is the federal government or any federal department or agency, this state or an adjoining state, any department or agency of this state or an adjoining state, any county or city of this state or an adjoining state, or any public corporation or special, judicial, or other public district of this state or an adjoining state unless the subject matter of the contract is the property in which the officer or employee has the interest as landlord or tenant in which event his or her interest shall be deemed a remote interest within the meaning of, and subject to, the provisions of Section 1091.

(5) That of a tenant in a public housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code in which he or she serves as a member of the board of commissioners of the authority or of a community development commission created pursuant to Part 1.7 (commencing with Section 34100) of Division 24 of the Health and Safety Code.

(6) That of a spouse of an officer or employee of a public agency in his or her spouse's employment or officeholding if his or her spouse's employment or officeholding has existed for at least one year prior to his or her election or appointment.

(7) That of a nonsalaried member of a nonprofit corporation, provided that this interest is disclosed to the body or board at the time of the first consideration of the contract, and provided further that this interest is noted in its official records.

(8) That of a noncompensated officer of a nonprofit, tax-exempt corporation, which, as one of its primary purposes, supports the functions of the body or board or to which the body or board has a legal obligation to give particular consideration, and provided further that this interest is noted in its official records.

For purposes of this paragraph, an officer is "noncompensated" even though he or she receives reimbursement from the nonprofit, tax-exempt corporation for necessary travel and other actual expenses incurred in performing duties of his or her office.

(9) That of a person receiving salary, per diem, or reimbursement for expenses from a government entity, unless the contract directly involves the department of the government entity that employs the officer or employee, provided that the interest is disclosed to the

body or board at the time of consideration of the contract, and provided further that the interest is noted in its official record.

(10) That of an attorney of the contracting party or that of an owner, officer, employee, or agent of a firm which renders, or has rendered, service to the contracting party in the capacity of stockbroker, insurance agent, insurance broker, real estate agent, or real estate broker, if these individuals have not received and will not receive remuneration, consideration, or a commission as a result of the contract and if these individuals have an ownership interest of less than 10 percent in the law practice or firm, stock brokerage firm, insurance firm, or real estate firm.

(11) Except as provided in subdivision (b), that of an officer or employee of or a person having less than a 10-percent ownership interest in a bank, bank holding company, or savings and loan association with which a party to the contract has a relationship of borrower or depositor, debtor, or creditor.

(b) An officer or employee shall not be deemed to be interested in a contract made pursuant to competitive bidding under a procedure established by law if his or her sole interest is that of an officer, director, or employee of a bank or savings and loan association with which a party to the contract has the relationship of borrower or depositor, debtor or creditor.

CHAPTER 350

An act to amend Section 668 of, and to add Section 668.5 to, the Penal Code and to amend Section 6600 of the Welfare and Institutions Code, relating to punishment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 668 of the Penal Code is amended to read:

668. Every person who has been convicted in any other state, government, country, or jurisdiction of an offense for which, if committed within this state, that person could have been punished under the laws of this state by imprisonment in the state prison, is punishable for any subsequent crime committed within this state in the manner prescribed by law and to the same extent as if that prior conviction had taken place in a court of this state. The application of this section includes, but is not limited to, all statutes that provide for an enhancement or a term of imprisonment based on a prior conviction or a prior prison term.

SEC. 2. Section 668.5 is added to the Penal Code, to read:

668.5. An offense specified as a prior felony conviction by reference to a specific code section shall include any prior felony conviction under any predecessor statute of that specified offense that includes all of the elements of that specified offense. The application of this section includes, but is not limited to, all statutes that provide for an enhancement or a term of imprisonment based on a prior conviction or a prior prison term.

SEC. 3. Section 6600 of the Welfare and Institutions Code is amended to read:

6600. As used in this article, the following terms have the following meanings:

(a) "Sexually violent predator" means a person who has been convicted of a sexually violent offense against two or more victims for which he or she received a determinate sentence and who has a diagnosed mental disorder that makes the person a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent criminal behavior.

For purposes of this subdivision, a prior finding of not guilty by reason of insanity for an offense described in subdivision (b), a conviction for an offense under a predecessor statute that includes all of the elements of an offense described in subdivision (b), a conviction prior to July 1, 1977, for an offense described in subdivision (b), a conviction resulting in a finding that the person was a mentally disordered sex offender, or a conviction in another jurisdiction for an offense that includes all the elements of an offense described in subdivision (b), shall also be deemed to be a sexually violent offense even if the offender did not receive a determinate sentence for that prior offense.

Conviction of one or more of the crimes enumerated in this section shall constitute evidence that may support a court or jury determination that a person is a sexually violent predator, but shall not be the sole basis for the determination. The existence of any prior convictions may be shown with documentary evidence. The details underlying the commission of an offense that led to a prior conviction, including a predatory relationship with the victim, may be shown by documentary evidence, including, but not limited to, preliminary hearing transcripts, trial transcripts, probation and sentencing reports, and evaluations by the State Department of Mental Health. Jurors shall be admonished that they may not find a person a sexually violent predator based on prior offenses absent relevant evidence of a currently diagnosed mental disorder that makes the person a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent criminal behavior.

(b) "Sexually violent offense" means the following acts when committed by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, and that are committed on, before, or after the effective date of this article and

result in a conviction or a finding of not guilty by reason of insanity, as provided in subdivision (a): a felony violation of paragraph (2) of subdivision (a) of Section 261, paragraph (1) of subdivision (a) of Section 262, Section 264.1, subdivision (a) or (b) of Section 288, or subdivision (a) of Section 289 of the Penal Code, or sodomy or oral copulation in violation of Section 286 or 288a of the Penal Code.

(c) "Diagnosed mental disorder" includes a congenital or acquired condition affecting the emotional or volitional capacity that predisposes the person to the commission of criminal sexual acts in a degree constituting the person a menace to the health and safety of others.

(d) "Danger to the health and safety of others" does not require proof of a recent overt act while the offender is in custody.

(e) "Predatory" means an act is directed toward a stranger, a person of casual acquaintance with whom no substantial relationship exists, or an individual with whom a relationship has been established or promoted for the primary purpose of victimization.

(f) "Recent overt act" means any criminal act that manifests a likelihood that the actor may engage in sexually violent predatory criminal behavior.

SEC. 4. This act is intended to be declaratory of existing law as contained in People v. Butler (1998) 68 Cal.App.4th 421, at pages 435-441.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify the qualification of prior convictions under predecessor statutes at the earliest possible time so as to avoid confusion regarding their use, it is necessary for this act to take effect immediately.

CHAPTER 351

An act to amend Section 19853.5 of, and to amend and renumber Section 19846A of, the Business and Professions Code, and to amend Section 62 of Chapter 867 of the Statutes of 1997, relating to gambling, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 19846A of the Business and Professions Code is amended and renumbered to read:

19846. Except as otherwise provided by statute or regulation, every person who, by statute or regulation, is required to hold a state license shall obtain the license prior to engaging in the activity or occupying the position with respect to which the license is required. Every person who, by order of the commission, is required to apply for a gambling license or a finding of suitability shall file the application within 30 calendar days after receipt of the order.

SEC. 2. Section 19853.5 of the Business and Professions Code is amended to read:

19853.5. The division shall furnish to the applicant supplemental forms, which the applicant shall complete and file with the division. These supplemental forms shall require, but shall not be limited to requiring, complete information and details with respect to the applicant's personal history, habits, character, criminal record, business activities, financial affairs, and business associates, covering at least a 10-year period immediately preceding the date of filing of the application. Each applicant shall submit two sets of fingerprints on forms provided by the division. The division may submit one fingerprint card to the United States Federal Bureau of Investigation.

SEC. 3. Section 62 of Chapter 867 of the Statutes of 1997 is amended to read:

Sec. 62. (a) For the purposes of this section, "provisional license" means a license that is either granted by operation of law pursuant to this section, or is issued by the Director of the Division of Gambling Control pursuant to this section, and authorizes the holder to own and operate a gambling establishment, as defined by the Gambling Control Act (Chapter 5 (commencing with Section 19800) of Division 8 of the Business and Professions Code), as enacted by this act. The issuance of a provisional license creates no vested right to the issuance of a state gambling license. A provisional license is held subject to all terms and conditions under which a state gambling license is held pursuant to the Gambling Control Act (Chapter 5 (commencing with Section 19800) of Division 8 of the Business and Professions Code), as enacted by this act.

(b) (1) Every person possessing a valid registration, issued pursuant to former Chapter 5 (commencing with Section 19800) of Division 8 of the Business and Professions Code, as it read immediately prior to its repeal by this act, and which expires as of January 1, 1998, shall be deemed, as of January 1, 1998, to hold a provisional license to conduct those activities authorized by the registration.

(2) (A) Every owner of a gaming club who possesses a valid registration issued pursuant to former Chapter 5 (commencing with Section 19800) of Division 8 of the Business and Professions Code, as it read immediately prior to its repeal by this act, if the license has expired as of January 1, 1998, shall be deemed to hold a provisional license to own, manage, or operate all or a part of another gambling establishment, or of other gambling establishments, if all of the

following conditions are satisfied with respect to the other gambling establishment or establishments:

(i) The gambling establishment, on January 1, 1998, was owned by a person holding a provisional license pursuant to this subdivision.

(ii) Acquisition of the ownership interest is completed no later than June 30, 1998.

(iii) The applicant has deposited all moneys as required pursuant to Section 19855 of the Business and Professions Code, as enacted by this act.

(iv) The applicant has deposited with the division a license fee calculated as the amount specified for the appropriate level of operation in subdivision (a) of Section 19941 of the Business and Professions Code, as enacted by this act.

(B) A provisional license granted in respect to a gambling establishment by operation of subparagraph (A) shall expire on July 30, 1998, unless, on or before that date, the holder of the provisional license files an application for a gambling license with respect to that gambling establishment under the Gambling Control Act (Chapter 5 (commencing with Section 19800) of Division 8 of the Business and Professions Code), as enacted by this act.

(3) Until a provisional licensee is summoned pursuant to subdivision (e), no other state gambling license and no key employee license shall be required in connection with the operation that is owned, managed, or operated by a person holding a provisional license. Nothing in this paragraph shall relieve any person who, on or after the effective date of this act, acquires an ownership interest in a gambling establishment, from the provisions of Section 19840 of the Business and Professions Code, as enacted by this act. Upon payment of the fees described in this section, the provisional license shall be valid until the earlier of the following events:

(A) December 31, 1998.

(B) The granting or denial of an application for a gambling license.

(c) Until July 1, 1998, the Director of the Division of Gambling Control may issue a provisional license to any person who submitted a completed application for registration pursuant to former Chapter 5 (commencing with Section 19800) of Division 8 of the Business and Professions Code, as it read immediately prior to its repeal by this act, if all of the following are true:

(1) The director determines that the applicant is not disqualified based on any of the reasons for which an application for registration could have been denied or revoked under former Section 19809 or 19810 of the Business and Professions Code as those sections read immediately prior to repeal by this act.

(2) The applicant has paid all fees required pursuant to Section 19855 of the Business and Professions Code, as enacted by this act, less any fees paid pursuant to Section 19808 of the Business and

Professions Code, as that section read immediately prior to its repeal by this act.

(3) The applicant has deposited with the division a license fee calculated as the amount specified for each level of operation in subdivision (b) of Section 19941 of the Business and Professions Code, as enacted by this act.

(d) Every person holding a provisional license pursuant to subdivision (b), who desires that the provisional license be converted to a gambling license under the Gambling Control Act enacted by this act shall, no later than January 31, 1998, deposit with the Division of Gambling Control a license fee calculated as the amount specified for the appropriate level of operation in subdivision (b) of Section 19941 of the Business and Professions Code, as enacted by this act.

(e) (1) Commencing July 1, 1998, the Division of Gambling Control shall summon persons holding provisional licenses for the purpose of applying for gambling licenses under the Gambling Control Act enacted by this act. Thereafter, except as otherwise provided herein, the license application process shall proceed as an initial application for licensure in accordance with the provisions of the Gambling Control Act, including the advance deposit of fees for investigation of the application or applications, if any.

(2) The division shall not require an applicant who holds a provisional license pursuant to subdivision (b) to furnish, in connection with an application for licensure, information or documentation that is presently in the possession of the Department of Justice by virtue of having conducted a prior investigation of the applicant pursuant to former Chapter 5 (commencing with Section 19800) of Division 8 of the Business and Professions Code, as it read immediately prior to its repeal by this act.

(f) If an application for a gambling license is granted, and upon payment of the fees specified in the Gambling Control Act, a gambling license may be issued to the owner of a gambling enterprise, to expire not later than 12 months thereafter. If this license is issued prior to December 31, 1998, the licensee shall be entitled to a credit, if any, for the fee paid pursuant to subdivision (d).

(g) Notwithstanding subdivision (a) of Section 19847, there shall be a rebuttable presumption that every natural person who, on December 31, 1997, holds a valid and unexpired registration issued pursuant to former Chapter 5 (commencing with Section 19800) of Division 8 of the Business and Professions Code, as it read immediately prior to its repeal by this act, is suitable for licensure pursuant to this act.

(h) If an application for a gambling license is denied, the applicant shall be entitled to a pro rata refund of the fee paid pursuant to subdivision (d), and any unused deposit of investigative fees.

(i) The Division of Gambling Control may extend a provisional license if, prior to the expiration of the license, the holder of the license requests an extension, pays all applicable fees, and the

provisional licensee's gambling establishment is located in a city, county, or city and county that has a gambling ordinance that complies with the Gambling Control Act. Thereafter, the process described in subdivisions (e), (f), and (g) shall apply in similar fashion.

(j) No application for a state gambling license may be submitted to the Division of Gambling Control prior to July 1, 1998. It is the intent of the Legislature that the division and the Gambling Control Board shall be fully operative by July 1, 1998.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide continuity in the regulation and oversight of provisional licensees by the Division of Gambling Control at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 352

An act to amend Section 70 of the Revenue and Taxation Code, relating to property taxation, to take effect immediately, tax levy.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 70 of the Revenue and Taxation Code is amended to read:

70. (a) "Newly constructed" and "new construction" means:

(1) Any addition to real property, whether land or improvements (including fixtures), since the last lien date; and

CHAPTER 353

An act to amend Section 998 of the Code of Civil Procedure, relating to offers to compromise.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 998 of the Code of Civil Procedure is amended to read:

998. (a) The costs allowed under Sections 1031 and 1032 shall be withheld or augmented as provided in this section.

(b) Not less than 10 days prior to commencement of trial or arbitration (as provided in Section 1281 or 1295) of a dispute to be resolved by arbitration, any party may serve an offer in writing upon any other party to the action to allow judgment to be taken or an award to be entered in accordance with the terms and conditions stated at that time.

(1) If the offer is accepted, the offer with proof of acceptance shall be filed and the clerk or the judge shall enter judgment accordingly. In the case of an arbitration, the offer with proof of acceptance shall be filed with the arbitrator or arbitrators who shall promptly render an award accordingly.

(2) If the offer is not accepted prior to trial or arbitration, within 30 days after it is made, whichever occurs first, it shall be deemed withdrawn, and cannot be given in evidence upon the trial or arbitration.

(3) For purposes of this subdivision, a trial or arbitration shall be deemed to be actually commenced at the beginning of the opening statement of the plaintiff or counsel, and if there is no opening statement, then at the time of the administering of the oath or affirmation to the first witness, or the introduction of any evidence.

(c) (1) If an offer made by a defendant is not accepted and the plaintiff fails to obtain a more favorable judgment or award, the plaintiff shall not recover his or her postoffer costs and shall pay the defendant's costs from the time of the offer. In addition, in any action or proceeding other than an eminent domain action, the court or arbitrator, in its discretion, may require the plaintiff to pay a reasonable sum to cover costs of the services of expert witnesses, who are not regular employees of any party, actually incurred and reasonably necessary in either, or both, preparation for trial or arbitration, or during trial or arbitration, of the case by the defendant.

(2) (A) In determining whether the plaintiff obtains a more favorable judgment, the court or arbitrator shall exclude the postoffer costs.

(B) It is the intent of the Legislature in enacting subparagraph (A) to supersede the holding in Encinitas Plaza Real v. Knight, 209 Cal. App. 3d 996, that attorney's fees awarded to the prevailing party were not costs for purposes of this section but were part of the judgment.

(d) If an offer made by a plaintiff is not accepted and the defendant fails to obtain a more favorable judgment or award in any action or proceeding other than an eminent domain action, the court or arbitrator, in its discretion, may require the defendant to pay a reasonable sum to cover costs of the services of expert witnesses, who are not regular employees of any party, actually incurred and reasonably necessary in either, or both, preparation for trial or arbitration, or during trial or arbitration, of the case by the plaintiff, in addition to plaintiff's costs.

(e) If an offer made by a defendant is not accepted and the plaintiff fails to obtain a more favorable judgment or award, the costs under this section, from the time of the offer, shall be deducted from any damages awarded in favor of the plaintiff. If the costs awarded under this section exceed the amount of the damages awarded to the plaintiff the net amount shall be awarded to the defendant and judgment or award shall be entered accordingly.

(f) Police officers shall be deemed to be expert witnesses for the purposes of this section; plaintiff includes a cross-complainant and defendant includes a cross-defendant. Any judgment or award entered pursuant to this section shall be deemed to be a compromise settlement.

(g) This chapter does not apply to an offer that is made by a plaintiff in an eminent domain action.

(h) The costs for services of expert witnesses for trial under subdivisions (c) and (d) shall not exceed those specified in Section 68092.5 of the Government Code.

(i) This section shall not apply to labor arbitrations filed pursuant to memoranda of understanding under the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1 of the Government Code).

CHAPTER 354

An act to add Section 17210 to the Business and Professions Code, to add Section 1865 to the Civil Code, and to amend Section 365 of the Penal Code, relating to public accommodations.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 17210 is added to the Business and Professions Code, to read:

17210. (a) For purposes of this section, "hotel" means any hotel, motel, bed and breakfast inn, or other similar transient lodging establishment, but it does not include any residential hotel as defined in Section 50519 of the Health and Safety Code. "Innkeeper" means the owner or operator of a hotel, or the duly authorized agent or employee of the owner or operator.

(b) For purposes of this section, "handbill" means, and is specifically limited to, any tangible commercial solicitation to guests of the hotel urging that they patronize any commercial enterprise.

(c) Every person (hereinafter "distributor") engages in unfair competition for purposes of this chapter who deposits, places, throws, scatters, casts, or otherwise distributes any handbill to any individual guest rooms in any hotel, including, but not limited to, placing, throwing, leaving, or attaching any handbill adjacent to, upon, or underneath any guest room door, doorknob, or guest room entryway, where either the innkeeper has expressed objection to handbill distribution, either orally to the distributor or by the posting of a sign or other notice in a conspicuous place within the lobby area and at all points of access from the exterior of the premises to guest room areas indicating that handbill distribution is prohibited, or the distributor has received written notice pursuant to subdivision (e) that the innkeeper has expressed objection to the distribution of handbills to guest rooms in the hotel.

(d) Every person (hereinafter "contractor") engages in unfair competition for purposes of this chapter who causes or directs any other person, firm, business, or entity to distribute, or cause the distribution of, any handbill to any individual guest rooms in any hotel in violation of subdivision (c) of this section, if the contractor has received written notice from the innkeeper objecting to the distribution of handbills to individual guest rooms in the hotel.

(e) Every contractor who causes or directs any distributor to distribute, or cause the distribution of, any handbills to any individual guest rooms in any hotel, if the contractor has received written notice from the innkeeper or from any other contractor or intermediary pursuant to this subdivision, objecting to the distribution of handbills to individual guest rooms in the hotel has failed to provide a written copy of that notice to each distributor prior to the commencement of distribution of handbills by the distributor or by any person hired or retained by the distributor for that purpose, or, within 24 hours following the receipt of the notice by the contractor if received after the commencement of distribution, and has failed to instruct and demand any distributor to not distribute, or to cease the distribution of, the handbills to individual guest rooms in any hotel for which such a notice has been received is in violation of this section.

(f) Any written notice given, or caused to be given, by the innkeeper pursuant to or required by any provision of this section shall be deemed to be in full force and effect until such time as the notice is revoked in writing.

(g) Nothing in this section shall be deemed to prohibit the distribution of a handbill to guest rooms in any hotel where the distribution has been requested or approved in writing by the innkeeper, or to any individual guest room when the occupant thereof has affirmatively requested or approved the distribution of the handbill during the duration of the guest's occupancy.

SEC. 2. Section 1865 is added to the Civil Code, to read:

1865. (a) For purposes of this section, "hotel" means any hotel, motel, bed and breakfast inn, or other similar transient lodging establishment, but it shall not include any residential hotel as defined in Section 50519 of the Health and Safety Code. "Innkeeper" means the owner or operator of a hotel, or the duly authorized agent or employee of such owner or operator.

(b) For purposes of this section, "guest" means, and is specifically limited to, an occupant of a hotel whose occupancy is exempt, pursuant to subdivision (b) of Section 1940 of the Civil Code, from Chapter 2 (commencing with Section 1940) of Title 5 of Part 4 of Division 3 of the Civil Code.

(c) In addition to, and not in derogation of, any other provision of law, every innkeeper shall have the right to evict a guest in the manner specified in this subdivision if the guest refuses or otherwise fails to fully depart the guest room at or before the innkeeper's posted checkout time on the date agreed to by the guest, but only if both of the following conditions are met:

(1) If the guest is provided written notice, at the time that he or she was received and provided accommodations by the innkeeper, that the innkeeper needs that guest's room to accommodate an arriving person with a contractual right thereto, and that if the guest fails to fully depart at the time agreed to the innkeeper may enter the guest's guest room, take possession of the guest's property, re-key the door to the guest room, and make the guest room available to a new guest. The written notice shall be signed by the guest.

(2) At the time that the innkeeper actually undertakes to evict the guest as specified in this subdivision, the innkeeper in fact has a contractural obligation to provide the guest room to an arriving person.

In the above cases, the innkeeper may enter the guest's guest room, take possession of the guest's property, re-key the door to the guest room, and make the guest room available to a new guest. The evicted guest shall be entitled to immediate possession of his or her property upon request therefor, subject to the rights of the innkeeper pursuant to Sections 1861 to 1861.28, inclusive.

(d) As pertains to a minor, the rights of an innkeeper include, but are not limited to, the following:

(1) Where a minor unaccompanied by an adult seeks accommodations, the innkeeper may require a parent or guardian of the minor, or another responsible adult, to assume, in writing, full liability for any and all proper charges and other obligations incurred by the minor for accommodations, food and beverages, and other services provided by or through the innkeeper, as well as for any and all injuries or damage caused by the minor to any person or property.

(2) Where a minor is accompanied by an adult, the innkeeper may require the adult to agree, in writing, not to leave any minor 12 years of age or younger unattended on the innkeeper's premises at any time during their stay, and to control the minor's behavior during their stay so as to preserve the peace and quiet of the innkeeper's other guests and to prevent any injury to any person and damage to any property.

SEC. 3. Section 365 of the Penal Code is amended to read:

365. Every person, and every agent or officer of any corporation carrying on business as an innkeeper, or as a common carrier of passengers, who refuses, without just cause or excuse, to receive and entertain any guest, or to receive and carry any passenger, is guilty of a misdemeanor. However, an innkeeper who has proceeded as authorized by Section 1865 of the Civil Code shall be rebuttably presumed to have acted with just cause or excuse for purposes of this section.

CHAPTER 355

An act to amend, repeal, and add Section 44015 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 44015 of the Health and Safety Code is amended to read:

44015. (a) A licensed smog check station shall not issue a certificate of compliance, except as authorized by this chapter, to any vehicle that meets the following criteria:

(1) A vehicle that has been tampered with.

(2) A vehicle that, prior to repairs, has been initially identified by the smog check station as a gross polluter. Certification of a gross polluting vehicle shall be conducted by a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2 and is participating in the pilot program pursuant to subparagraph (B) of paragraph (2) of subdivision (g) of Section 44014.5.

(3) A vehicle described in subdivision (c).

(b) If a vehicle meets the requirements of Section 44012, a smog check station licensed to issue certificates shall issue a certificate of compliance or a certificate of noncompliance.

(c) (1) A repair cost waiver shall be issued, upon request of the vehicle owner, by an entity authorized to perform referee functions for a vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit established under Section 44017 and that every defect specified by paragraph (2) of subdivision (a) of Section 43204, and by paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected. A repair cost waiver issued pursuant to this paragraph shall be accepted in lieu of a certificate of compliance for the purposes of compliance with Section 4000.3 of the Vehicle Code. No repair cost waiver shall exceed two years' duration. No repair cost waiver shall be issued until the vehicle owner has expended an amount equal to the applicable repair cost limit specified in Section 44017.

(2) An economic hardship extension shall be issued, upon request of a qualified low-income motor vehicle owner, by an entity authorized to perform referee functions, for a motor vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit, as established pursuant to Section 44017.1, that every defect specified in paragraph (2) of subdivision (a) of Section 43204, and in paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected, that the low-income vehicle owner would suffer an economic hardship if the extension is not issued, and that all appropriate emissions-related repairs up to the amount of the applicable repair cost limit in Section 44017.1 have been performed.

(d) No repair cost waiver or economic hardship extension shall be issued under any of the following circumstances:

(1) If a motor vehicle was issued a repair cost waiver or economic hardship extension in the previous biennial inspection of that vehicle. A repair cost waiver or economic hardship extension may be issued to a motor vehicle owner only once for a particular motor vehicle belonging to that owner. However, a repair cost waiver or economic hardship extension may be issued for a motor vehicle that participated in a previous waiver or extension program prior to January 1, 1998, as determined by the department. For waivers or extensions issued in the program operative on or after January 1, 1998, a waiver or extension may be issued for a motor vehicle only once per owner.

(2) Upon initial registration of all of the following: a direct import motor vehicle, a motor vehicle previously registered outside this state, a dismantled motor vehicle pursuant to Section 11519 of the Vehicle Code, a motor vehicle that has had an engine change, an alternate fuel vehicle, and a specially constructed vehicle.

(e) Except as provided in subdivision (f), a certificate of compliance or noncompliance shall be valid for 90 days.

(f) Except as provided in Sections 4000.1, 24007, 24007.5, and 24007.6 of the Vehicle Code, a licensed motor vehicle dealer shall be responsible for having a smog check inspection performed on, and a certificate of compliance or noncompliance issued for, every motor vehicle offered for retail sale. A certificate issued to a licensed motor vehicle dealer shall be valid for a two-year period, or until the vehicle is sold and registered to a retail buyer, whichever occurs first.

(g) A test may be made at any time within 90 days prior to the date otherwise required.

(h) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 2. Section 44015 of the Health and Safety Code is added, to read:

44015. (a) A licensed smog check station shall not issue a certificate of compliance, except as authorized by this chapter, to any vehicle that meets the following criteria:

(1) A vehicle that has been tampered with.

(2) A vehicle that, prior to repairs, has been initially identified by the smog check station as a gross polluter. Certification of a gross polluting vehicle shall be conducted by a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2 and is participating in the pilot program pursuant to subparagraph (B) of paragraph (2) of subdivision (g) of Section 44014.5.

(3) A vehicle described in subdivision (c).

(b) If a vehicle meets the requirements of Section 44012, a smog check station licensed to issue certificates shall issue a certificate of compliance or a certificate of noncompliance.

(c) (1) A repair cost waiver shall be issued, upon request of the vehicle owner, by an entity authorized to perform referee functions for a vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit established under Section 44017 and that every defect specified by paragraph (2) of subdivision (a) of Section 43204, and by paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected. A repair cost waiver issued pursuant to this paragraph shall be accepted in lieu of a certificate of compliance for the purposes of compliance with Section 4000.3 of the Vehicle Code. No

repair cost waiver shall exceed two years' duration. No repair cost waiver shall be issued until the vehicle owner has expended an amount equal to the applicable repair cost limit specified in Section 44017.

(2) An economic hardship extension shall be issued, upon request of a qualified low-income motor vehicle owner, by an entity authorized to perform referee functions, for a motor vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit, as established pursuant to Section 44017.1, that every defect specified in paragraph (2) of subdivision (a) of Section 43204, and in paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected, that the low-income vehicle owner would suffer an economic hardship if the extension is not issued, and that all appropriate emissions-related repairs up to the amount of the applicable repair cost limit in Section 44017.1 have been performed.

(d) No repair cost waiver or economic hardship extension shall be issued under any of the following circumstances:

(1) If a motor vehicle was issued a repair cost waiver or economic hardship extension in the previous biennial inspection of that vehicle. A repair cost waiver or economic hardship extension may be issued to a motor vehicle owner only once for a particular motor vehicle belonging to that owner. However, a repair cost waiver or economic hardship extension may be issued for a motor vehicle that participated in a previous waiver or extension program prior to January 1, 1998, as determined by the department. For waivers or extensions issued in the program operative on or after January 1, 1998, a waiver or extension may be issued for a motor vehicle only once per owner.

(2) Upon initial registration of all of the following: a direct import motor vehicle, a motor vehicle previously registered outside this state, a dismantled motor vehicle pursuant to Section 11519 of the Vehicle Code, a motor vehicle that has had an engine change, an alternate fuel vehicle, and a specially constructed vehicle.

(e) Unless the certificate is issued to a licensed automobile dealer, a certificate of compliance or noncompliance shall be valid for 90 days. If the certificate is issued to a licensed automobile dealer, the certificate shall be valid for 180 days.

(f) A test may be made at any time within 90 days prior to the date otherwise required.

(g) This section shall become operative on January 1, 2002.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime

or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 356

An act to add Section 8588.7 to the Government Code, relating to emergency services.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The ability of emergency response agencies, particularly those under mutual-aid agreements, to communicate during disaster situations is critical to saving lives and property.

(b) During recent disasters, such as the Loma Prieta earthquake, the Oakland-East Bay Hills Fire, and the Northridge earthquake, mutual-aid emergency response agencies experienced difficulties communicating because they operated on incompatible frequency bands.

(c) Compounding the problem is the fact that conventional communications' systems such as hard-wire telephones and cellular telephones are vulnerable to failing, particularly to the forces generated by earthquakes, placing a greater reliance on the communication capabilities of mutual-aid emergency response agencies.

(d) It is necessary for the state, in the interest of protecting the lives and property of its residents, to procure and install communication translators that will enable mutual-aid emergency response agencies that operate on incompatible frequencies to communicate.

SEC. 2. Section 8588.7 is added to the Government Code, to read:

8588.7. (a) The Office of Emergency Services shall procure mobile communication translators to enable mutual-aid emergency response agencies to communicate effectively while operating on incompatible frequencies.

(b) Translators shall be located in the San Francisco Bay area and the Los Angeles metropolitan area, made ready for use by local public safety officials by the Office of Emergency Services, and provided to the appropriate state-established mutual-aid region pursuant to Section 8600.

(c) The Office of Emergency Services shall implement this section only to the extent that funds are appropriated to the office for this purpose in the Budget Act or in other legislation.

CHAPTER 357

An act to amend Section 19605 of the Government Code, relating to state civil service.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 19605 of the Government Code is amended to read:

19605. (a) Supervisory employees, as defined in subdivision (g) of Section 3513, shall not be included within any demonstration project unless there are written agreements with respect to the demonstration project between the affected state agency and all verified supervisory employee organizations that represent supervisory employees covered by the demonstration project.

(b) Employees within any bargaining unit with respect to which a labor organization has not been accorded exclusive recognition shall not be included within any demonstration project unless the employer first meets and confers in good faith with the employees and any employee organizations representing the employees. "Meet and confer in good faith" means that the employer and employees and employee organizations shall have the mutual obligation personally to meet and confer promptly upon request by either party and continue for a reasonable time in order to exchange freely information, opinions, and proposals, and to endeavor to reach agreement.

CHAPTER 358

An act to amend Section 5406 of, and to add Section 5406.6 to, the Labor Code, relating to workers' compensation.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Cliff Ojala Death Benefits Act.

SEC. 2. The Legislature finds and declares as follows:

(a) An HIV-infected worker may be asymptomatic for as long as 10 years.

(b) The current statute of limitations restricts the ability of the surviving spouse and other dependents of a worker who is infected with HIV in the workplace to file a workers' compensation claim for death benefits if the worker does not die of the disease within 240 weeks of the date of injury.

(c) It is the intent of the Legislature to ensure that the dependents of workers whose death is caused by an HIV infection sustained in the workplace will receive the death benefits provided by the Labor Code even though the death may occur more than 240 weeks after the date of the initial injury.

SEC. 3. Section 5406 of the Labor Code is amended to read:

5406. Except as provided in Section 5406.5 or 5406.6, the period within which may be commenced proceedings for the collection of the benefits provided by Article 4 (commencing with Section 4700) of Chapter 2 of Part 2 is one year from:

(a) The date of death where death occurs within one year from date of injury; or

(b) The date of last furnishing of any benefits under Chapter 2 (commencing with Section 4550) of Part 2, where death occurs more than one year from the date of injury; or

(c) The date of death, where death occurs more than one year after the date of injury and compensation benefits have been furnished.

No such proceedings may be commenced more than one year after the date of death, nor more than 240 weeks from the date of injury.

SEC. 4. Section 5406.6 is added to the Labor Code, to read:

5406.6. (a) In the case of the death of a health care worker, a worker described in Section 3212, or a worker described in Section 830.5 of the Penal Code from an HIV-related disease, the period within which proceedings may be commenced for the collection of benefits provided by Article 4 (commencing with Section 4700) of Chapter 2 of Part 2 is one year from the date of death, providing that one or more of the following events has occurred:

(1) A report of the injury or exposure was made to the employer or to a governmental agency authorized to administer industrial injury claims, within one year of the date of the injury.

(2) The worker has complied with the notice provisions of this chapter and the claim has not been finally determined to be noncompensable.

(3) The employer provided, or was ordered to provide, workers' compensation benefits for the injury prior to the date of death.

(b) For the purposes of this section, "health care worker" means an employee who has direct contact, in the course of his or her employment, with blood or other bodily fluids contaminated with blood, or with other bodily fluids identified by the Division of Occupational Safety and Health as capable of transmitting HIV, who is either (1) any person who is an employee of a provider of health care, as defined in subdivision (d) of Section 56.05 of the Civil Code, including, but not limited to, a registered nurse, licensed vocational nurse, certified nurse aide, clinical laboratory technologist, dental hygienist, physician, janitor, or housekeeping worker, or (2) an employee who provides direct patient care.

CHAPTER 359

An act to amend Section 1569.17 of the Health and Safety Code, relating to care facilities.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. The Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has been exonerated. That criminal history

information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code. The following shall apply to the criminal record information:

(1) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(2) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services shall cease processing the application until the conclusion of the trial.

(3) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(4) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(5) An applicant and any person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1569.50. The department may also suspend the license pending an administrative hearing pursuant to Sections 1569.50 and 1569.51.

(b) In addition to the applicant, the provisions of this section shall apply to criminal convictions of the following persons:

(1) (A) Adults responsible for administration or direct supervision of staff.

(B) Any person, other than a client, residing in the facility. Residents of unlicensed independent senior housing facilities that are located in contiguous buildings on the same property as a residential care facility for the elderly shall be exempt from these requirements.

(C) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility for the elderly. The facility shall maintain the copy of the certification on file as long as the care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for the elderly pursuant to Section 1569.58.

(D) Any staff person, volunteer, or employee who has contact with the clients.

(E) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in a similar capacity.

(F) Additional officers of the governing body of the applicant or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(2) The following persons are exempt from requirements applicable under paragraph (1):

(A) A spouse, significant other, or close friend of a client shall be exempt if this person is visiting the client or provides direct care and supervision to that client only.

(B) A volunteer to whom all of the following apply:

(i) The volunteer is at the facility during normal waking hours.

(ii) The volunteer is directly supervised by the licensee or a facility employee with a criminal record clearance or exemption.

(iii) The volunteer spends no more than 16 hours per week at the facility.

(iv) The volunteer does not provide clients with assistance in dressing, grooming, bathing, or personal hygiene.

(v) The volunteer is not left alone with clients in care.

(C) A third-party contractor retained by the facility if the contractor is not left alone with clients in care.

(D) A third-party contractor or other business professional retained by a client and at the facility at the request or by permission of that client. These individuals shall not be left alone with other clients.

(E) Licensed or certified medical professionals are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption shall not apply to a person who is a community care facility licensee or an employee of the facility.

(F) Employees of licensed home health agencies and members of licensed hospice interdisciplinary teams who have contact with a resident of a residential care facility at the request of the resident or resident's legal decisionmaker are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption shall not apply to a person who is a community care facility licensee or an employee of the facility.

(G) Clergy and other spiritual caregivers who are performing services in common areas of the residential care facility, or who are advising an individual resident at the request of, or with permission of, the resident, are exempt from fingerprint and criminal background check requirements imposed by community care licensing. This exemption shall not apply to a person who is a community care facility licensee or an employee of the facility.

(H) Nothing in this paragraph shall prevent a licensee from requiring a criminal record clearance of any individual exempt from the requirements of this section, provided that the individual has client contact.

(c) (1) (A) Subsequent to initial licensure, any person required to be fingerprinted pursuant to subdivision (b) shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, to the Department of Justice, or to comply with paragraph (1) of subdivision (g) prior to the person's employment, residence, or initial presence in the residential care facility for the elderly.

(B) These fingerprints shall be on a fingerprint card provided by the State Department of Social Services and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations as permitted by Section 1569.49. The licensee shall then submit these fingerprints to the State Department of Social Services for processing. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for

inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1569.49.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If the State Department of Social Services determines, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, or 273d, subdivision (a) or (b) of Section 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1569.50.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate

community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office. The request shall be submitted in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred under this section.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written

notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing on January 1, 1999.

An act to add Section 6010.40 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as the Pet Adoption Sales and Use Tax Relief Act of 1999.

SEC. 2. Section 6010.40 is added to the Revenue and Taxation Code, to read:

6010.40. "Sale" and "purchase," for the purpose of this part, do not include the transfer by a city, city and county, county, or other local government animal shelter or a nonprofit animal welfare organization of any animal to an individual for use as a pet, or any charges made by the government shelter or nonprofit organization for services in connection with the transfer of that animal, including, but not limited to, the spaying or neutering or future spaying or neutering of the animal, or any vaccination, future vaccination, or similar service. For purposes of this section, "nonprofit animal welfare organization" means any organization formed and operated for the primary purpose of prevention of abuse, neglect, or exploitation of animals and that qualifies for the exemption from taxation pursuant to Section 23701d.

SEC. 3. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

CHAPTER 362

An act to amend Section 33080.2 of, and to add Section 33080.8 to, the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 33080.2 of the Health and Safety Code is amended to read:

33080.2. (a) When the agency presents the annual report to the legislative body pursuant to Section 33080.1, the agency shall inform the legislative body of any major violations of this part based on the independent financial audit report. The agency shall inform the legislative body that the failure to correct a major violation of this part may result in the filing of an action by the Attorney General pursuant to Section 33080.8.

(b) The legislative body shall review the report and take any action which it deems appropriate on the report submitted pursuant to Section 33080.1 no later than the first meeting of the legislative body occurring more than 21 days from the receipt of the report.

SEC. 2. Section 33080.8 is added to the Health and Safety Code, to read:

33080.8. (a) On or before April 1 of each year, the Controller shall compile a list of agencies that appear to have major violations of this part, based on the independent financial audit reports filed with the Controller pursuant to Section 33080.

(b) On or before June 1 of each year, for each major violation of each agency identified pursuant to subdivision (a), the Controller shall determine if the agency has corrected the major violation. Before making this determination, the Controller shall consult with each affected agency. In making this determination, the Controller may request and shall receive the prompt assistance of public officials and public agencies, including, but not limited to, the affected agencies, counties, and cities. If the Controller determines that an agency has not corrected the major violation, the Controller shall

send a list of those agencies and their major violations to the Attorney General for action pursuant to this section.

(c) For each agency that the Controller refers to the Attorney General pursuant to subdivision (b), the Controller shall notify the agency and the legislative body that the agency was on the list sent to the Attorney General. The Controller's notice shall inform the agency and the legislative body of the duties imposed by Section 33080.2.

(d) Within 45 days of receiving the list of agencies and major violations pursuant to subdivision (c), the Attorney General shall determine whether to file an action to compel the agency's compliance with this part. The time limit for the Attorney General to make this determination is directory and not mandatory. Any action shall be accompanied by an affidavit or affidavits setting forth facts that demonstrate a likelihood of success on the merits of the claim that the agency has a major violation of this part. The affidavit shall also certify that the agency and the legislative body were informed not less than 10 days prior to the date on which the action was filed.

(e) (1) On the earliest day that the business of the court will permit, but not later than 15 days after the filing of an action pursuant to this section, the court shall conduct a hearing to determine if good cause exists for believing that the agency has a major violation of this part and has not corrected that violation.

(2) If the court determines that no major violation exists or that the agency had a major violation but corrected the major violation, the court shall dismiss the action.

(3) If the court determines that there is good cause for believing that the agency has a major violation of this part and has not corrected that major violation, the court shall immediately issue an order that prohibits the agency from doing any of the following:

(A) Encumbering any funds or expending any money derived from any source except to pay the obligations designated in subparagraphs (A) to (G), inclusive, of paragraph (1) of subdivision (e) of Section 33334.12.

(B) Adopting a redevelopment plan.

(C) Amending a redevelopment plan except to correct the major violation that is the subject of the action.

(D) Issuing, selling, offering for sale, or delivering any bonds or any other evidence of indebtedness.

(E) Incurring any indebtedness.

(f) In a case that is subject to paragraph (3) of subdivision (e), the court shall also set a hearing on the matter within 30 days.

(g) If, on the basis of that subsequent hearing, the court determines that the agency has a major violation and has not corrected that violation, the court shall order the agency to comply with this part within 30 days. The order issued by the court pursuant to paragraph (3) of subdivision (e) shall continue in effect until the

court determines that the agency has corrected the major violation. If the court determines that the agency has corrected the major violation, the court may dissolve its order issued pursuant to paragraph (3) of subdivision (e) at any time.

(h) An action filed pursuant to this section to compel an agency to comply with this part is in addition to any other remedy, and is not an exclusive means to compel compliance.

(i) As used in this section, "major violation" means that, for the fiscal year in question, an agency did not:

(1) File an independent financial audit report that substantially conforms with the requirements of subdivision (a) of Section 33080.1.

(2) File a fiscal statement that includes substantially all of the information required by Section 33080.5.

(3) Establish time limits, as required by Section 33333.6.

(4) Establish a Low and Moderate Income Housing Fund, as required by subdivision (a) of Section 33334.3.

(5) Accrue interest earned by the Low and Moderate Income Housing Fund to that fund, as required by subdivision (b) of Section 33334.3.

(6) Initiate development of housing on real property acquired using moneys from the Low and Moderate Income Housing Fund or sell the property, as required by Section 33334.16.

(7) Adopt an implementation plan, as required by Section 33490.

CHAPTER 363

An act to amend Section 1424 of the Penal Code, relating to criminal law.

[Approved by Governor September 7, 1999. Filed with Secretary of State September 7, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1424 of the Penal Code is amended to read:

1424. (a) (1) Notice of a motion to disqualify a district attorney from performing an authorized duty shall be served on the district attorney and the Attorney General at least 10 court days before the motion is heard. The notice of motion shall contain a statement of the facts setting forth the grounds for the claimed disqualification and the legal authorities relied upon by the moving party and shall be supported by affidavits of witnesses who are competent to testify to the facts set forth in the affidavit. The district attorney or the Attorney General, or both, may file affidavits in opposition to the motion and may appear at the hearing on the motion and may file with the court hearing the motion a written opinion on the disqualification issue. The judge shall review the affidavits and

determine whether or not an evidentiary hearing is necessary. The motion may not be granted unless the evidence shows that a conflict of interest exists that would render it unlikely that the defendant would receive a fair trial. An order recusing the district attorney from any proceeding may be reviewed by extraordinary writ or may be appealed by the district attorney or the Attorney General. The order recusing the district attorney shall be stayed pending any review authorized by this section. If the motion is brought at or before the preliminary hearing, it may not be renewed in the trial court on the basis of facts that were raised or could have been raised at the time of the original motion.

(2) An appeal from an order of recusal or from a case involving a charge punishable as a felony shall be made pursuant to Chapter 1 (commencing with Section 1235) of Title 9, regardless of the court in which the order is made. An appeal from an order of recusal in a misdemeanor case shall be made pursuant to Chapter 2 (commencing with Section 1466) of Title 11, regardless of the court in which the order is made.

(b) (1) Notice of a motion to disqualify a city attorney from performing an authorized duty involving a criminal matter shall be served on the city attorney and the district attorney at least 10 court days before the motion is heard. The notice of motion shall set forth a statement of the facts relevant to the claimed disqualification and the legal authorities relied on by the moving party. The district attorney may appear at the hearing on the motion and may file with the court hearing the motion a written opinion on the disqualification issue. The motion may not be granted unless the evidence shows that a conflict of interest exists that would render it unlikely that the defendant would receive a fair trial.

(2) An order recusing the city attorney from a proceeding may be appealed by the city attorney or the district attorney. The order recusing the city attorney shall be stayed pending an appeal authorized by this section. An appeal from an order of disqualification in a misdemeanor case shall be made pursuant to Chapter 2 (commencing with Section 1466) of Title 11.

(c) Motions to disqualify the city attorney and the district attorney shall be separately made.

CHAPTER 364

An act to repeal and add Chapter 5.5 (commencing with Section 12531) of Division 5 of the Business and Professions Code, relating to weights and measures, and making an appropriation therefor.

[Became law without Governor's signature. Filed with Secretary of State September 8, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.5 (commencing with Section 12531) of Division 5 of the Business and Professions Code is repealed.

100850. (a) (1) Upon the filing of an application for certification and after a finding by the department that there is full compliance with this article and regulations adopted under this article, the department shall issue to the owner a certificate in the fields of testing identified in Section 100860 or 100862.

(2) Evidence of compliance by a laboratory with this article and any regulations adopted thereunder shall be forwarded by the ATPLAO to the department for review and approval prior to issuance of a certificate by the department pursuant to this section. The department shall retain ultimate authority to decide whether a laboratory shall be certified or decertified. Whenever an approved laboratory that has been issued a certificate pursuant to this section no longer is approved by an ATPLAO, the certificate issued pursuant to this section shall be automatically revoked by the department, pursuant to appropriate administrative due process as may be prescribed by the department by regulation. However, the

laboratory may apply to the department for immediate recertification pursuant to this section. Immediate recertification may occur if the department determines that the loss of certification does not result in the laboratory's failure to be in compliance with this article and the regulations adopted thereunder.

(b) The department shall deny or revoke a certificate if it finds any of the following:

(1) The laboratory fails to report acceptable results in the analysis of proficiency testing samples.

(2) The laboratory fails to pass an onsite assessment.

(3) The laboratory is not in compliance with any other provision of this article or regulations adopted under this article.

(c) Provided that there is compliance with all other provisions of this article, a certificate may be restricted by the department to the fields of testing of Section 100860 or 100862 or subgroups thereof as defined by regulation for which acceptable results have been produced and the onsite assessment was passed.

(d) Upon the filing of a complete application for a certificate pursuant to subdivision (a), the department may issue an interim certificate pending the completion of onsite assessment and an analysis of proficiency testing samples. An interim certificate shall be nonrenewable and shall remain in effect until a certificate is either granted under subdivision (a) or denied under subdivision (b), but not later than one year after the date of issuance.

SEC. 11. Section 100851 is added to the Health and Safety Code, to read:

100851. (a) An application for NELAP accreditation or renewal of NELAP accreditation shall be denied by the accrediting authority for any of the following reasons:

(1) Failure to submit all information necessary to determine the laboratory's eligibility for its accreditation or continued compliance with this section or regulations adopted thereunder.

(2) Failure of the laboratory staff to meet NELAC standards for personnel requirements. These qualifications may include education, training, and experience requirements.

(3) Failure to successfully analyze and report proficiency testing samples.

(4) Failure to respond to a deficiency report from the onsite assessment with a corrective action report within 30 calendar days of the receipt of the report.

(5) Failure to implement the corrective actions detailed in the corrective action report within the specified amount of time.

(6) Misrepresentation of any material fact pertinent to receiving or maintaining NELAP accreditation.

(b) The NELAP approved accrediting authority may suspend the accreditation of a NELAP accredited laboratory, in whole or in part, for failure to correct the deficiencies, within a specified amount of time, as identified in the onsite assessment. The laboratory shall

retain those areas of accreditation where it continues to meet the requirements of the accrediting authority. A suspended NELAP accredited laboratory shall not be required to reapply for accreditation if the causes for suspension are corrected within six months.

(c) The NELAP approved accrediting authority shall suspend a NELAP accreditation in whole or in part for the following reasons:

(1) Failure to complete proficiency testing studies.

(2) Failure to maintain a history of at least two successful, out of the most recent three, proficiency testing studies for each affected accreditation field of testing, subgroup, or analyte for which the laboratory is accredited.

(3) Failure to successfully analyze and report proficiency testing sample results pursuant to Chapter 2 of the NELAC standards.

(4) Failure to submit an acceptable corrective action report in response to a deficiency report and failure to implement corrective action related to any deficiencies found during laboratory assessments within the required time period, as required by the NELAC standards.

(5) Failure to notify the accrediting authority of any changes in key accreditation criteria, as required by Chapter 4 of the NELAC standards.

(6) Failure to perform all accredited tests in accordance with NELAC standards.

(7) Failure to meet all of the requirements of Chapter 5 of the NELAC standards.

(d) A suspended laboratory shall not be required to reapply for any NELAP accreditation if the causes for suspension are corrected within six months. A suspended laboratory may not continue to analyze samples for the affected fields of testing for which it holds accreditation. A suspended laboratory shall remain suspended without a right to appeal if the suspension is caused by unacceptable proficiency testing sample results.

(e) If a laboratory is unable to correct the reason for suspension, the laboratory's accreditation shall be revoked in whole or in part.

(f) A laboratory's accreditation may not be suspended without the right to due process, as set forth in Chapter 4 of the NELAC standards.

Within 20 calendar days of receipt, the applicant or organization may present the department with a written petition for a hearing. Upon receipt in proper form by the department, the petition shall be set for hearing. The proceedings shall be conducted in accordance with Section 100171 and the department has all the powers granted in that section.

The number of daily feeder bus runs, if any, that failed to carry even one passenger shall be identified.

(6) A recommendation of a level of and program for services over a 10-year period, including a list of service enhancements on existing and additional routes, with funding and priority recommendations. This shall include identification of feeder bus service improvements and a management and operating plan for achieving these improvements.

(A) The relationship of fare policies to ridership and yield, including the impact of (A) a variety of regular fares, including fares such as midweek and other off-peak discounts, (B) discount fare blackouts during certain holiday travel periods on yield and ridership, and (C) discount fares for small groups traveling together.

(B) Lightly travelled route segments where current fares are too high for the demand, and where ridership or yield, or both, would increase with lower fares.

(C) A potential fare policy that would maximize both ridership and yield.

(D) A summary of discussions with Amtrak on the subject of fares.

(c) The freight rail element shall contain all of the following:

(1) Environmental aspects, which shall include air quality, land use, and community impacts.

(2) Financing issues, which shall include a means to obtain federal and state funding.

The people of the State of California do enact as follows:

SECTION 1. Section 3071 of the Civil Code is amended to read:

3071. (a) A lienholder shall apply to the department for the issuance of an authorization to conduct a lien sale pursuant to this section for any vehicle with a value determined to be over four thousand dollars ($4,000). A filing fee shall be charged by the department and may be recovered by the lienholder if a lien sale is conducted or if the vehicle is redeemed. The application shall be executed under penalty of perjury and shall include all of the following information:

(1) A description of the vehicle, including make, year model, identification number, license number, and state of registration. For motorcycles, the engine number also shall be included. If the vehicle identification number is not available, the department shall request an inspection of the vehicle by a peace officer, licensed vehicle verifier, or departmental employee before accepting the application.

(2) The names and addresses of the registered and legal owners of the vehicle, if ascertainable from the registration certificates within the vehicle, and the name and address of any person whom the lienholder knows, or reasonably should know, claims an interest in the vehicle.

(3) A statement of the amount of the lien and the facts that give rise to the lien.

(b) Upon receipt of an application made pursuant to subdivision (a), the department shall do all of the following:

(1) Notify the vehicle registry agency of a foreign state of the pending lien sale, if the vehicle bears indicia of registration in that state.

(2) By certified mail, send a notice, a copy of the application, and a return envelope preaddressed to the department to the registered and legal owners at their addresses of record with the department, and to any other person whose name and address is listed in the application.

(c) The notice required pursuant to subdivision (b) shall include all of the following statements and information:

(1) An application has been made with the department for authorization to conduct a lien sale.

(2) The person has a right to a hearing in court.

(3) If a hearing in court is desired, a Declaration of Opposition form, signed under penalty of perjury, shall be signed and returned to the department within 10 days of the date that the notice required pursuant to subdivision (b) was mailed.

(4) If the Declaration of Opposition form is signed and returned to the department, the lienholder shall be allowed to sell the vehicle only if he or she obtains a court judgment, if he or she obtains a subsequent release from the declarant or if the declarant, cannot be served as described in subdivision (e).

(5) If a court action is filed, the declarant shall be notified of the lawsuit at the address shown on the Declaration of Opposition form and may appear to contest the claim.

(6) The person may be liable for court costs if a judgment is entered in favor of the lienholder.

(d) If the department receives the Declaration of Opposition form in the time specified, the department shall notify the lienholder within 16 days of the receipt of the form that a lien sale shall not be conducted unless the lienholder files an action in court within 30 days of the department's notice under this subdivision. A lien sale of the vehicle shall not be conducted unless judgment is subsequently entered in favor of the lienholder or the declarant subsequently releases his or her interest in the vehicle. If a money judgment is entered in favor of the lienholder and the judgment is not paid within five days after becoming final, then the judgment may be enforced by lien sale proceedings conducted pursuant to subdivision (f).

(e) Service on the declarant in person or by certified mail with return receipt requested, signed by the declarant or an authorized agent of the declarant at the address shown on the Declaration of Opposition form, shall be effective for the serving of process. If the lienholder has served the declarant by certified mail at the address shown on the Declaration of Opposition form and the mail has been returned unclaimed, or if the lienholder has attempted to effect service on the declarant in person with a marshal, sheriff, or licensed process server and the marshal, sheriff, or licensed process server has been unable to effect service on the declarant, the lienholder may proceed with the judicial proceeding or proceed with the lien sale without a judicial proceeding. The lienholder shall notify the department of the inability to effect service on the declarant and shall provide the department with a copy of the documents with which service on the declarant was attempted. Upon receipt of the notification of unsuccessful service, the department shall send authorization of the sale to the lienholder and send notification of the authorization to the declarant.

(f) Upon receipt of authorization to conduct the lien sale from the department, the lienholder shall immediately do all of the following:

(1) At least five days, but not more than 20 days, prior to the lien sale, not counting the day of the sale, give notice of the sale by advertising once in a newspaper of general circulation published in the county in which the vehicle is located. If there is no newspaper published in the county, notice shall be given by posting a Notice of Sale form in three of the most public places in the town in which the vehicle is located and at the place where the vehicle is to be sold for 10 consecutive days prior to and including the day of the sale.

(A) The registered and legal owners of the vehicle, if registered in this state.

(B) All persons known to have an interest in the vehicle.

(C) The department.

(g) All notices required by this section, including the notice forms prescribed by the department, shall specify the make, year model, vehicle identification number, license number, and state of registration, if available, and the specific date, exact time, and place of sale. (2) Within five days of the sale, submit a completed "Notice of Release of Liability" form to the Department of Motor Vehicles.

(i) The Department of Motor Vehicles shall retain all submitted forms described in paragraph (2) of subdivision (h) for two years.

(j) No lien sale shall be undertaken pursuant to this section unless the vehicle has been available for inspection at a location easily accessible to the public for at least one hour before the sale and is at the place of sale at the time and date specified on the notice of sale. Sealed bids shall not be accepted. The lienholder shall conduct the sale in a commercially reasonable manner.

(k) Within 10 days after the sale of any vehicle pursuant to this section, the legal or registered owner may redeem the vehicle upon the payment of the amount of the sale, all costs and expenses of the sale, together with interest on the sum at the rate of 12 percent per annum from the due date thereof or the date when that sum was advanced until the repayment. If the vehicle is not redeemed, all lien sale documents required by the department shall then be completed and delivered to the buyer.

(*l*) Any lien sale pursuant to this section shall be void if the lienholder does not comply with this chapter. Any lien for fees or storage charges for parking and storage of a motor vehicle shall be subject to Section 10652.5 of the Vehicle Code.

SEC. 2. Section 3072 of the Civil Code is amended to read:

3072. (a) For vehicles with a value determined to be four thousand dollars ($4,000) or less, the lienholder shall apply to the department for the names and addresses of the registered and legal owners of record. The request shall include a description of the vehicle, including make, year, model, identification number, license number, and state of registration. If the vehicle identification number is not available, the Department of Motor Vehicles shall request an inspection of the vehicle by a peace officer, licensed vehicle verifier, or departmental employee before releasing the names and addresses of the registered and legal owners and interested parties.

(b) The lienholder shall, immediately upon receipt of the names and addresses, send, by certified mail with return receipt requested

or by United States Postal Service Certificate of Mailing, a completed Notice of Pending Lien Sale form, a blank Declaration of Opposition form, and a return envelope preaddressed to the department, to the registered owner and legal owner at their addresses of record with the department, and to any other person known to have an interest in the vehicle. The lienholder shall additionally send a copy of the completed Notice of Pending Lien Sale form to the department by certified mail on the same day that the other notices are mailed pursuant to this subdivision.

(c) All notices to persons having an interest in the vehicle shall be signed under penalty of perjury and shall include all of the following information and statements:

(1) A description of the vehicle, including make, year model, identification number, license number, and state of registration. For motorcycles, the engine number shall also be included.

(2) The specific date, exact time, and place of sale, which shall be set not less than 31 days, but not more than 41 days, from the date of mailing.

(4) All of the following statements:

(A) The amount of the lien and the facts concerning the claim which gives rise to the lien.

(B) The person has a right to a hearing in court.

(C) If a court hearing is desired, a Declaration of Opposition form, signed under penalty of perjury, shall be signed and returned to the department within 10 days of the date the Notice of Pending Lien Sale form was mailed.

(D) If the Declaration of Opposition form is signed and returned, the lienholder shall be allowed to sell the vehicle only if he or she obtains a court judgment or if he or she obtains a subsequent release from the declarant or if the declarant cannot be served as described in subdivision (e).

(E) If a court action is filed, the declarant shall be notified of the lawsuit at the address shown on the Declaration of Opposition form and may appear to contest the claim.

(F) The person may be liable for court costs if a judgment is entered in favor of the lienholder.

(d) If the department receives the completed Declaration of Opposition form within the time specified, the department shall notify the lienholder within 16 days that a lien sale shall not be conducted unless the lienholder files an action in court within 30 days of the notice and judgment is subsequently entered in favor of the lienholder or the declarant subsequently releases his or her interest in the vehicle. If a money judgment is entered in favor of the lienholder and the judgment is not paid within five days after

becoming final, then the judgment may be enforced by lien sale proceedings conducted pursuant to subdivision (f).

(e) Service on the declarant in person or by certified mail with return receipt requested, signed by the declarant or an authorized agent of the declarant at the address shown on the Declaration of Opposition form, shall be effective for the serving of process. If the lienholder has served the declarant by certified mail at the address shown on the Declaration of Opposition form and the mail has been returned unclaimed, or if the lienholder has attempted to effect service on the declarant in person with a marshal, sheriff, or licensed process server and the marshal, sheriff, or licensed process server has been unable to effect service on the declarant, the lienholder may proceed with the judicial proceeding or proceed with the lien sale without a judicial proceeding. The lienholder shall notify the Department of Motor Vehicles of the inability to effect service on the declarant and shall provide the Department of Motor Vehicles with a copy of the documents with which service on the declarant was attempted. Upon receipt of the notification of unsuccessful service, the Department of Motor Vehicles shall send authorization of the sale to the lienholder and shall send notification of the authorization to the declarant.

(f) At least 10 consecutive days prior to and including the day of the sale, the lienholder shall post a Notice of Pending Lien Sale form in a conspicuous place on the premises of the business office of the lienholder and if the pending lien sale is scheduled to occur at a place other than the premises of the business office of the lienholder, at the site of the forthcoming sale. The Notice of Pending Lien Sale form shall state the specific date and exact time of the sale and description of the vehicle, including the make, year model, identification number, license number, and state of registration. For motorcycles, the engine number shall also be included. The notice of sale shall remain posted until the sale is completed.

(g) Following the sale of a vehicle, the lienholder shall do both of the following:

(h) The Department of Motor Vehicles shall retain all submitted forms described in paragraph (2) of subdivision (g) for two years.

(i) No lien sale shall be undertaken pursuant to this section unless the vehicle has been available for inspection at a location easily accessible to the public at least one hour before the sale and is at the place of sale at the time and date specified on the notice of sale. Sealed bids shall not be accepted. The lienholder shall conduct the sale in a commercially reasonable manner. All lien sale documents required by the department shall be completed and delivered to the buyer immediately following the sale.

(j) Any lien sale pursuant to this section shall be void if the lienholder does not comply with this chapter. Any lien for fees or storage charges for parking and storage of a motor vehicle shall be subject to Section 10652.5 of the Vehicle Code.

CHAPTER 377

An act to add Section 33204.4 to the Public Resources Code, relating to parks and open space.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 33204.4 is added to the Public Resources Code, to read:

33204.4. (a) The Legislature finds and declares all of the following:

(1) The boundary of the Rim of the Valley Trail Corridor should be determined exclusively upon the best scientific and resource-based information regarding trail, recreational, and environmental resources in the area.

(2) Landowners, local government entities, members of the public, and other affected parties should be afforded maximum participation in the process by which the Rim of the Valley Trail Corridor is delineated.

(b) (1) Notwithstanding the requirements of Section 33015.5, if the conservancy determines, based on relevant scientific information and land use planning studies, and after holding at least one public hearing in the area that would be affected by a revision of the boundaries of the Rim of the Valley Trail Corridor, that a boundary revision in the vicinity of Placerita Canyon State Park east of State Route 14, including Whitney Canyon and its adjacent watersheds, is necessary, the executive director shall prepare and file with the Secretary of State, the Assembly Committee on Natural Resources and the Senate Committee on Natural Resources and Wildlife, a revised map showing the changes in the boundaries of the Rim of the Valley Trail Corridor.

(2) A revised map prepared pursuant to paragraph (1) shall be supported by relevant scientific information and be in accordance with the purposes and objectives of Section 33204.3.

(c) Nothing in this section shall be interpreted to affect any portion of Elsmere Canyon. In addition, nothing in this section shall be interpreted to have any effect on the decisions whether or not to permit Elsmere Canyon as a solid waste facility, as identified in the

final Los Angeles County Countywide Siting Element, prepared and approved pursuant to Division 30 (commencing with Section 40000).

(d) Notwithstanding Section 33201, nothing in this section shall affect the jurisdiction of the State Coastal Conservancy.

CHAPTER 378

An act to add and repeal Article 6.5 (commencing with Section 217) of Chapter 1 of Division 1 of the Streets and Highways Code, relating to highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Under the traditional means of contracting for the construction of highway improvements, construction of any portion of the project cannot be commenced until the Department of Transportation has developed complete plans and specifications for the project, placed the contract out for bid, and awarded the contract.

(b) Recent construction practices have shown that there is potential for faster performance and cost savings if commencement of construction is not dependent upon completion of plans and specification for the entire project, but only completion of plans and specifications for each construction phase. This form of contracting is commonly known as design-sequencing contracting.

(c) To test whether the design-sequencing form of contracting would be beneficial to California in the administration of its highway improvement program, the Director of Transportation should be authorized to implement a pilot program of no more than six highway improvement projects using design-sequencing design to permit concurrent construction activities.

SEC. 2. Article 6.5. (commencing with Section 217) is added to Chapter 1 of Division 1 of the Streets and Highways Code, to read:

Article 6.5. Design-Sequencing Demonstration and Evaluation Program

217. For purposes of this article, the following terms have the following meanings:

(a) "Design-sequencing" is a method of contracting that enables the sequencing of design activities to permit each construction phase

to commence when design for that phase is complete, instead of requiring design for the entire project to be completed before commencing construction.

(b) A "design-sequencing contract" is a contract between the department and a contractor that requires the department to prepare a design and permits construction of a project to commence upon completion of design for a construction phase.

(c) "Design" is a plan completed to a level of 30 percent.

217.2. (a) Notwithstanding Chapter 1 (commencing with Section 10100) of Part 2 of Division 2 of the Public Contract Code, except Section 10128 of that code, and Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code, the department may conduct a pilot program to let design-sequencing contracts for the design and construction of no more than six transportation projects, to be selected by the director. For the purpose of this article, these projects shall be deemed public works.

(b) In selecting projects for the pilot program authorized under subdivision (a), the director shall attempt to balance geographical areas among test projects as well as pursue diversity in the types of projects undertaken.

(c) To the extent available, the department shall seek to incorporate existing knowledge and experience on design-sequencing contracts in carrying out its responsibilities under subdivision (a).

217.4. Not later than July 1 of each year for which the design-sequencing contracts are underway, the department shall prepare a status report on its contracting methods, procedures, costs, and delivery schedules. Upon completion of all design-sequencing contracts, notwithstanding Section 7550.5 of the Government Code, the department shall establish a peer review committee to prepare a report for submittal to the Legislature that describes and evaluates the outcome of the contracts provided for in this article, stating the positive and negative aspects of using design-sequencing as a contracting method.

217.6. Design-sequencing contracts shall be awarded in accordance with all of the following:

(a) The department shall advertise design-sequencing projects by special public notice to contractors.

(b) Contractors shall be required to provide prequalification information establishing appropriate licensure and successful past experience with the proposed work.

217.8. This article shall become inoperative on July 1, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends the date on which it becomes inoperative and is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning

of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to assist in alleviating, as soon as possible, the loss of productivity caused by the continuing traffic gridlock and delay on the state's system of highways, it is necessary that this act take effect immediately.

CHAPTER 379

An act to add Section 67302 to the Education Code, relating to instructional materials.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 67302 is added to the Education Code, to read:

67302. (a) An individual, firm, partnership or corporation that publishes or manufactures printed instructional materials for students attending the University of California, the California State University, or a California Community College, shall provide to the university, college, or particular campus of the university or college, for use by students attending the University of California, the California State University, or a California Community College, any printed instructional material in an electronic format mutually agreed upon by the publisher or manufacturer and the college or campus. Computer files or electronic versions of printed instructional materials shall maintain the structural integrity of the printed instructional material, be compatible with commonly used braille translation and speech synthesis software, and include corrections and revisions as may be necessary. The computer files or electronic versions of the printed instructional material shall be provided to the university, college, or particular campus of the university or college at no additional cost and in a timely manner, upon receipt of a written request that does all of the following:

(1) Certifies that the university, college, or particular campus of the university or college has purchased the printed instructional material for use by a student with a disability or that a student with a disability attending or registered to attend that university, college, or particular campus of the university or college has purchased the printed instructional material.

(2) Certifies that the student has a disability that prevents him or her from using standard instructional materials.

(3) Certifies that the printed instructional material is for use by the student in connection with a course in which he or she is

registered or enrolled at the university, college, or particular campus of the university or college.

(4) Is signed by the coordinator of services for students with disabilities at the university, college, or particular campus of the university or college or by the campus or college official responsible for monitoring compliance with the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) at the university, college, or particular campus of the university or college.

(b) An individual, firm, partnership or corporation specified in subdivision (a) may also require that, in addition to the conditions enumerated above, the request shall include a statement signed by the student agreeing to both of the following:

(1) He or she will use the electronic copy of the printed instructional material in specialized format solely for his or her own educational purposes.

(2) He or she will not copy or duplicate the printed instructional material for use by others.

(c) If a college or university permits a student to directly use the electronic version of an instructional material, the disk or file shall be copy-protected or the college or university shall take other reasonable precautions to ensure that students do not copy or distribute electronic versions of instructional materials in violation of the Copyright Revisions Act of 1976, as amended (17 U.S.C. Sec. 101 et seq.).

(d) An individual, firm, partnership or corporation that publishes or manufactures nonprinted instructional materials for students attending the University of California, the California State University, or a California Community College shall provide computer files or other electronic versions of the nonprinted instructional materials for use by students attending the University of California, the California State University, or a California Community College, subject to the same conditions set forth in subdivisions (a) and (b) for printed instructional materials, when technology is available to convert these nonprinted instructional materials to a format that maintains the structural integrity of the nonprinted instructional materials that is compatible with braille translation and speech synthesis software.

(e) For purposes of this section:

(1) "Instructional material or materials" means textbooks and other materials written and published primarily for use by students in postsecondary instruction that are required or essential to a student's success in a course of study in which a student with a disability is enrolled. The determination of which materials are "required or essential to student success" shall be made by the instructor of the course in consultation with the official making the request pursuant to paragraph (4) of subdivision (a) in accordance with guidelines issued pursuant to subdivision (i). "Instructional material or materials" does not include nontextual mathematics and

science materials until the time software becomes commercially available that permits the conversion of existing electronic files of the materials into a format that is compatible with braille translation software or alternative media for students with disabilities.

(2) "Printed instructional material or materials" means instructional material or materials in book or other printed form.

(3) "Nonprinted instructional materials" means instructional materials in formats other than print, and includes instructional materials that require the availability of electronic equipment in order to be used as a learning resource, including, but not necessarily limited to, software programs, video disks, and video and audio tapes.

(4) "Structural integrity" means all of the printed instructional material, including, but not limited to, the text of the material, sidebars, the table of contents, chapter headings and subheadings, footnotes, indexes, glossaries, and bibliographies. "Structural integrity" need not include nontextual elements such as pictures, illustrations, graphs, or charts. If good faith efforts fail to produce an agreement pursuant to subdivision (a) between the publisher or manufacturer and the university, college, or particular campus of the university or college, as to an electronic format that will preserve the structural integrity of the printed instructional material, the publisher or manufacturer shall provide the instructional material in ASCII text and shall preserve as much of the structural integrity of the printed instructional material as possible.

(5) "Specialized format" means braille, audio, or digital text that is exclusively for use by blind or other persons with disabilities.

(f) Nothing in this section shall be construed to prohibit a university, college, or particular campus of the university or college from assisting a student with a disability by using the electronic version of printed instructional material provided pursuant to this section solely to transcribe or arrange for the transcription of the printed instructional material into braille. In the event a transcription is made, the campus or college shall have the right to share the braille copy of the printed instructional material with other students with disabilities.

(g) The Chancellor of the California Community Colleges, the Chancellor of the California State University, and the President of the University of California may each establish one or more centers within their respective segments to process requests for electronic versions of instructional materials pursuant to this section. If a segment establishes a center or centers, each of the following shall apply:

(1) The colleges or campuses designated as within the jurisdiction of a center shall submit requests for instructional material made pursuant to paragraph (4) of subdivision (a) to the center, which shall transmit the request to the publisher or manufacturer.

(2) If there is more than one center, each center shall make every effort to coordinate requests within its segment.

(3) The publisher or manufacturer of instructional material shall be required to honor and respond to only those requests submitted through a designated center.

(4) If a publisher or manufacturer has responded to a request for instructional materials by a center, or on behalf of all the centers within a segment, all subsequent requests for these instructional materials shall be satisfied by the center to which the request is made.

(h) Nothing in this section shall be deemed to authorize any use of instructional materials that would constitute an infringement of copyright under the Copyright Revision Act of 1976, as amended (17 U.S.C. Sec. 101 et seq.).

(i) The governing boards of the California Community Colleges, the California State University, and the University of California shall each adopt guidelines consistent with this section for its implementation and administration. At a minimum, the guidelines shall address all of the following:

(1) The designation of materials deemed "required or essential to student success."

(2) The determination of the availability of technology for the conversion of nonprinted materials pursuant to subdivision (d) and the conversion of mathematics and science materials pursuant to paragraph (4) of subdivision (e).

(3) The procedures and standards relating to distribution of files and materials pursuant to subdivisions (a) and (b).

(4) Other matters as are deemed necessary or appropriate to carry out the purposes of this section.

(j) Failure to comply with the requirements of this section shall be a violation of Section 54.1 of the Civil Code.

CHAPTER 380

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 13132.7 of the Health and Safety Code is amended to read:

13132.7. (a) Within a very high fire hazard severity zone designated by the Director of Forestry and Fire Protection pursuant to Article 9 (commencing with Section 4201) of Chapter 1 of Part 2 of Division 4 of the Public Resources Code and within a very high hazard severity zone designated by a local agency pursuant to Chapter 6.8 (commencing with Section 51175) of Part 1 of Division

1 of Title 5 of the Government Code, the entire roof covering of every existing structure where more than 50 percent of the total roof area is replaced within any one-year period, every new structure, and any roof covering applied in the alteration, repair, or replacement of the roof of every existing structure, shall be a fire retardant roof covering that is at least class B as defined in the Uniform Building Code, as adopted and amended by the State Building Standards Commission.

(b) In all other areas, the entire roof covering of every existing structure where more than 50 percent of the total roof area is replaced within any one-year period, every new structure, and any roof covering applied in the alteration, repair, or replacement of the roof of every existing structure, shall be a fire retardant roof covering that is at least class C as defined in the Uniform Building Code, as adopted and amended by the State Building Standards Commission.

(c) Notwithstanding subdivision (b), within state responsibility areas classified by the State Board of Forestry and Fire Protection pursuant to Article 3 (commencing with Section 4125) of Chapter 1 of Part 2 of Division 4 of the Public Resources Code, except for those state responsibility areas designated as moderate fire hazard responsibility zones, the entire roof covering of every existing structure where more than 50 percent of the total roof area is replaced within any one-year period, every new structure, and any roof covering applied in the alteration, repair, or replacement of the roof of every existing structure, shall be a fire retardant roof covering that is at least class B as defined in the Uniform Building Code, as adopted and amended by the State Building Standards Commission.

(d) (1) Notwithstanding subdivision (a), (b), or (c), within very high fire hazard severity zones designated by the Director of Forestry and Fire Protection pursuant to Article 9 (commencing with Section 4201) of Chapter 1 of Part 2 of Division 4 of the Public Resources Code or by a local agency pursuant to Chapter 6.8 (commencing with Section 51175) of Part 1 of Division 1 of Title 5 of the Government Code, the entire roof covering of every existing structure where more than 50 percent of the total roof area is replaced within any one-year period, every new structure, and any roof covering applied in the alteration, repair, or replacement of the roof of every existing structure, shall be a fire retardant roof covering that is at least class A as defined in the Uniform Building Code, as adopted and amended by the State Building Standards Commission.

(2) Paragraph (1) does not apply to any jurisdiction containing a very high fire hazard severity zone if the jurisdiction fulfills both of the following requirements:

(A) Adopts the model ordinance approved by the State Fire Marshal pursuant to Section 51189 of the Government Code or an ordinance that substantially conforms to the model ordinance of the State Fire Marshal.

(B) Transmits, upon adoption, a copy of the ordinance to the State Fire Marshal.

(e) The State Building Standards Commission shall incorporate the requirements set forth in subdivisions (a), (b), and (c) by publishing them as an amendment to the California Building Standards Code in accordance with Chapter 4 (commencing with Section 18935) of Part 2.5 of Division 13.

(f) Nothing in this section shall limit the authority of a city, county, city and county, or fire protection district in establishing more restrictive requirements, in accordance with current law, than those specified in this section.

(g) This section shall not affect the validity of an ordinance, adopted prior to the effective date for the relevant roofing standard specified in subdivisions (a) and (b), by a city, county, city and county, or fire protection district, unless the ordinance mandates a standard that is less stringent than the standards set forth in subdivision (a), in which case the ordinance shall not be valid on or after the effective date for the relevant roofing standard specified in subdivisions (a) and (b).

(h) Any qualified historical building or structure as defined in Section 18955 may, on a case-by-case basis, utilize alternative roof constructions as provided by the State Historical Building Code.

(i) The installer of the roof covering shall provide certification of the roof covering classification, as provided by the manufacturer or supplier, to the building owner and, when requested, to the agency responsible for enforcement of this part. The installer shall also install the roof covering in accordance with the manufacturer's listing.

(2) The 10-year natural weathering test required by this subdivision shall be conducted in accordance with standard 15-2 of the 1994 edition of the Uniform Building Code at a testing facility recognized by the State Fire Marshal.

(k) The Insurance Commissioner shall accept the use of fire retardant wood roofing material that meets the requirements of this section, used in the partial repair or replacement of nonfire retardant wood roofing material, as meeting the requirement in Section 2695.9 of Title 10 of the California Code of Regulations relative to matching replacement items in quality, color, and size.

CHAPTER 381

An act to add Sections 44225.6 and 44225.7 to the Education Code, relating to teacher credentialing.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) The most important education variable in pupil achievement is a fully prepared classroom teacher.

(2) Research clearly demonstrates that low-achieving pupils perform at levels equal to their peers when they are placed in classrooms with teachers who have completed state-approved preparation programs.

(b) The Legislature intends to do all of the following:

(1) Build upon systematic efforts over the past several years to strengthen teacher recruitment and retention, to the end that every pupil in a California public school classroom is taught by a fully prepared teacher.

(2) Maintain and expand, through the annual Budget Act process and as appropriate, existing state programs designed to expand the pool of prospective teachers, strengthen the pipeline into teaching, and remove unnecessary barriers to teaching careers. Those existing programs include the Paraprofessional Teacher Training Program, the Alternative Certification Program, the California Center for Teaching Careers, the Assumption Program of Loans for Educators, the Cal T Grant Program for teacher candidates, and the California Mathematics Initiative.

(3) Continue to expand the capacity of public institutions of higher education to enroll additional teacher candidates in approved teacher preparation programs, until these efforts result in enough fully prepared teachers to meet the needs of all California schools and classrooms.

SEC. 2. Section 44225.6 is added to the Education Code, to read:

44225.6. (a) By January 10 of each year, the commission shall report to the Legislature and the Governor on the number of classroom teachers who received credentials, internships, and emergency permits in the previous fiscal year. This report shall include the following information:

(1) The number of individuals recommended for credentials by institutions of higher education.

(2) The number of individuals recommended by school districts operating district internship programs.

(3) The number of individuals receiving an initial credential based on a program completed outside of California.

(4) The number of individuals serving in the following capacities by subject matter, county, and school district:

(A) University internship.

(B) District internship.

(C) Pre-Internship.

(D) Emergency permit.

(E) Credential waiver.

(5) The specific subjects and teaching areas in which there are a sufficient number of new holders of credentials to fill the positions currently held by individuals with emergency permits.

(b) The commission shall make this report available to school districts and county offices of education to assist them in the recruitment of credentialed teachers.

(c) A common measure of whether teacher preparation programs are meeting the challenge of preparing increasing numbers of new teachers is the number of teaching credentials awarded. The number of teaching credentials recommended by these programs and awarded by the commission are indicators of the productivity of teacher preparation programs. The commission shall include in the report prepared for the Legislature and Governor pursuant to subdivision (a) the total number of teacher credentials recommended by all accredited teacher preparation programs authorized by the commission and the number recommended by each of the following:

(1) The University of California system.

(2) The California State University system.

(3) Independent colleges and universities that offer teacher preparation programs approved by the commission.

(4) Other institutions that offer teacher preparation programs approved by the commission.

SEC. 3. Section 44225.7 is added to the Education Code, to read:

44225.7. (a) The commission may approve a school district request for the assignment of an individual pursuant to subdivision (m) of Section 44225 or Section 44300 if the district has certified by an annual resolution of the governing board that it has made reasonable efforts to recruit a fully prepared teacher for the assignment. If a suitable fully prepared teacher is not available to the school district, the district shall make reasonable efforts to recruit an individual for the assignment, in the following order:

(1) A candidate who is scheduled to complete initial preparation requirements within six months.

(2) A candidate who is qualified to participate in an approved internship program in the region of the school district.

(b) If a suitable individual who meets the priorities listed in subdivision (a) is not available to the school district, the district may, as a last resort, request approval for the assignment of a person who does not meet that criteria.

(c) As the supply of teaching interns increases as a result of legislative efforts to expand the Alternative Certification Program, the commission shall notify school districts that state policy directs the assignment of interns to classrooms when available in a given region, with decreased reliance on persons serving on emergency permits or credential waivers.

(d) As the supply of fully prepared teachers increases as a result of the Legislature's efforts to recruit and retain qualified teachers for California classrooms, the commission shall notify school districts that state policy directs the assignment of fully prepared teachers to California classrooms, with the use of permits or waivers only when school districts are geographically isolated from teacher preparation programs or in the case of unanticipated, short-term need for the assignment of personnel.

(e) As used in this section, a "fully prepared teacher" means an individual who has completed a teacher preparation program. For purposes of this subdivision, a "teacher preparation program" means either a set of courses, including supervised field experience, or an equivalent alternative program, that provides a curriculum of systematic preparation for serving as an educator in California public schools.

CHAPTER 382

An act to amend Sections 1048.1 and 1050 of the Penal Code, relating to career criminal prosecutions.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1048.1 of the Penal Code is amended to read:

1048.1. In scheduling a trial date at an arraignment in superior court involving murder, as defined in subdivision (a) of Section 187, an alleged sexual assault offense, as described in subdivisions (a) and (b) of Section 11165.1, or an alleged child abuse offense, as described in Section 11165.6, or a case being handled in the Career Criminal Prosecution Program pursuant to Sections 999b through 999h, reasonable efforts shall be made to avoid setting that trial, when that case is assigned to a particular prosecuting attorney, on the same day that another case is set for trial involving the same prosecuting attorney.

SEC. 2. Section 1050 of the Penal Code is amended to read:

1050. (a) The welfare of the people of the State of California requires that all proceedings in criminal cases shall be set for trial and heard and determined at the earliest possible time. To this end the

Legislature finds that the criminal courts are becoming increasingly congested with resulting adverse consequences to the welfare of the people and the defendant. Excessive continuances contribute substantially to this congestion and cause substantial hardship to victims and other witnesses. Continuances also lead to longer periods of presentence confinement for those defendants in custody and the concomitant overcrowding and increased expenses of local jails. It is therefore recognized that the people, the defendant, and the victims and other witnesses have the right to an expeditious disposition, and to that end it shall be the duty of all courts and judicial officers and of all counsel, both for the prosecution and the defense, to expedite these proceedings to the greatest degree that is consistent with the ends of justice. In accordance with this policy, criminal cases shall be given precedence over, and set for trial and heard without regard to the pendency of, any civil matters or proceedings.

(b) To continue any hearing in a criminal proceeding, including the trial, (1) a written notice shall be filed and served on all parties to the proceeding at least two court days before the hearing sought to be continued, together with affidavits or declarations detailing specific facts showing that a continuance is necessary and (2) within two court days of learning that he or she has a conflict in the scheduling of any court hearing, including a trial, an attorney shall notify the calendar clerk of each court involved, in writing, indicating which hearing was set first. A party shall not be deemed to have been served within the meaning of this section until that party actually has received a copy of the documents to be served, unless the party, after receiving actual notice of the request for continuance, waives the right to have the documents served in a timely manner. Regardless of the proponent of the motion, the prosecuting attorney shall notify the people's witnesses and the defense attorney shall notify the defense's witnesses of the notice of motion, the date of the hearing, and the witnesses' right to be heard by the court. The superior and municipal courts of a county may adopt rules, which shall be consistent, regarding the method of giving the notice or waiver of service required by this subdivision, where a continuance is sought because of a conflict between scheduled appearances in the courts of that county.

(c) Notwithstanding subdivision (b), a party may make a motion for a continuance without complying with the requirements of that subdivision. However, unless the moving party shows good cause for the failure to comply with those requirements, the court may impose sanctions as provided in Section 1050.5.

(d) When a party makes a motion for a continuance without complying with the requirements of subdivision (b), the court shall hold a hearing on whether there is good cause for the failure to comply with those requirements. At the conclusion of the hearing the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts

proved that justify its finding. A statement of the finding and a statement of facts proved shall be entered in the minutes. If the moving party is unable to show good cause for the failure to give notice, the motion for continuance shall not be granted.

(e) Continuances shall be granted only upon a showing of good cause. Neither the convenience of the parties nor a stipulation of the parties is in and of itself good cause.

(f) At the conclusion of the motion for continuance, the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of facts proved shall be entered in the minutes.

(g) When deciding whether or not good cause for a continuance has been shown, the court shall consider the general convenience and prior commitments of all witnesses, including peace officers. Both the general convenience and prior commitments of each witness also shall be considered in selecting a continuance date if the motion is granted. The facts as to inconvenience or prior commitments may be offered by the witness or by a party to the case.

For purposes of this section, "good cause" includes, but is not limited to, those cases involving murder, as defined in subdivision (a) of Section 187, allegations that a violation of one or more of the sections specified in subdivision (a) of Section 11165.1 or Section 11165.6, or domestic violence as defined in Section 13700, or a case being handled in the Career Criminal Prosecution Program pursuant to Sections 999b through 999h, has occurred and the prosecuting attorney assigned to the case has another trial, preliminary hearing, or motion to suppress in progress in that court or another court. A continuance under this subdivision shall be limited to a maximum of 10 additional court days. Only one continuance per case may be granted to the people under this subdivision for cases handled under the Career Criminal Prosecution Program and that continuance shall be for the shortest time possible, not to exceed 10 days.

(h) Upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court on an indictment or information is a Member of the Legislature of this state and that the Legislature is in session or that a legislative interim committee of which the attorney is a duly appointed member is meeting or is to meet within the next seven days, the defendant shall be entitled to a reasonable continuance not to exceed 30 days.

(i) A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the court shall state on the record the facts proved that justify the length of the continuance, and those facts shall be entered in the minutes.

(j) Whenever it shall appear that any court may be required, because of the condition of its calendar, to dismiss an action pursuant

to Section 1382, the court must immediately notify the Chair of the Judicial Council.

(k) This section shall not apply when the preliminary examination is set on a date less than 10 court days from the date of the defendant's arraignment on the complaint, and the prosecution or the defendant moves to continue the preliminary examination to a date not more than 10 court days from the date of the defendant's arraignment on the complaint.

SEC. 3. Section 1050 of the Penal Code is amended to read:

1050. (a) The welfare of the people of the State of California requires that all proceedings in criminal cases shall be set for trial and heard and determined at the earliest possible time. To this end the Legislature finds that the criminal courts are becoming increasingly congested with resulting adverse consequences to the welfare of the people and the defendant. Excessive continuances contribute substantially to this congestion and cause substantial hardship to victims and other witnesses. Continuances also lead to longer periods of presentence confinement for those defendants in custody and the concomitant overcrowding and increased expenses of local jails. It is therefore recognized that the people, the defendant, and the victims and other witnesses have the right to an expeditious disposition, and to that end it shall be the duty of all courts and judicial officers and of all counsel, both for the prosecution and the defense, to expedite these proceedings to the greatest degree that is consistent with the ends of justice. In accordance with this policy, criminal cases shall be given precedence over, and set for trial and heard without regard to the pendency of, any civil matters or proceedings.

(b) To continue any hearing in a criminal proceeding, including the trial, (1) a written notice shall be filed and served on all parties to the proceeding at least two court days before the hearing sought to be continued, together with affidavits or declarations detailing specific facts showing that a continuance is necessary and (2) within two court days of learning that he or she has a conflict in the scheduling of any court hearing, including a trial, an attorney shall notify the calendar clerk of each court involved, in writing, indicating which hearing was set first. A party shall not be deemed to have been served within the meaning of this section until that party actually has received a copy of the documents to be served, unless the party, after receiving actual notice of the request for continuance, waives the right to have the documents served in a timely manner. Regardless of the proponent of the motion, the prosecuting attorney shall notify the people's witnesses and the defense attorney shall notify the defense's witnesses of the notice of motion, the date of the hearing, and the witnesses' right to be heard by the court. The superior and municipal courts of a county may adopt rules, which shall be consistent, regarding the method of giving the notice or waiver of service required by this subdivision, where a continuance is sought

because of a conflict between scheduled appearances in the courts of that county.

(c) Notwithstanding subdivision (b), a party may make a motion for a continuance without complying with the requirements of that subdivision. However, unless the moving party shows good cause for the failure to comply with those requirements, the court may impose sanctions as provided in Section 1050.5.

(d) When a party makes a motion for a continuance without complying with the requirements of subdivision (b), the court shall hold a hearing on whether there is good cause for the failure to comply with those requirements. At the conclusion of the hearing the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of the finding and a statement of facts proved shall be entered in the minutes. If the moving party is unable to show good cause for the failure to give notice, the motion for continuance shall not be granted.

(e) Continuances shall be granted only upon a showing of good cause. Neither the convenience of the parties nor a stipulation of the parties is in and of itself good cause.

(f) At the conclusion of the motion for continuance, the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of facts proved shall be entered in the minutes.

(g) (1) When deciding whether or not good cause for a continuance has been shown, the court shall consider the general convenience and prior commitments of all witnesses, including peace officers. Both the general convenience and prior commitments of each witness also shall be considered in selecting a continuance date if the motion is granted. The facts as to inconvenience or prior commitments may be offered by the witness or by a party to the case.

(2) For purposes of this section, "good cause" includes, but is not limited to, those cases involving murder, as defined in subdivision (a) of Section 187, allegations that stalking, as defined in Section 646.9, a violation of one or more of the sections specified in subdivision (a) of Section 11165.1 or Section 11165.6, or domestic violence as defined in Section 13700, or a case being handled in the Career Criminal Prosecution Program pursuant to Sections 999b through 999h, has occurred and the prosecuting attorney assigned to the case has another trial, preliminary hearing, or motion to suppress in progress in that court or another court. A continuance under this paragraph shall be limited to a maximum of 10 additional court days.

(3) Only one continuance per case may be granted to the people under this subdivision for cases involving stalking or those handled under the Career Criminal Prosecution Program. Any continuance granted to the people in a case involving stalking or handled under

the Career Prosecution Program shall be for the shortest time possible, not to exceed 10 court days.

(h) Upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court on an indictment or information is a Member of the Legislature of this state and that the Legislature is in session or that a legislative interim committee of which the attorney is a duly appointed member is meeting or is to meet within the next seven days, the defendant shall be entitled to a reasonable continuance not to exceed 30 days.

(i) A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the court shall state on the record the facts proved that justify the length of the continuance, and those facts shall be entered in the minutes.

(j) Whenever it shall appear that any court may be required, because of the condition of its calendar, to dismiss an action pursuant to Section 1382, the court must immediately notify the Chair of the Judicial Council.

(k) This section shall not apply when the preliminary examination is set on a date less than 10 court days from the date of the defendant's arraignment on the complaint, and the prosecution or the defendant moves to continue the preliminary examination to a date not more than 10 court days from the date of the defendant's arraignment on the complaint.

SEC. 4. Section 3 of this bill incorporates amendments to Section 1050 of the Penal Code proposed by both this bill and SB 69. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2000, (2) each bill amends Section 1050 of the Penal Code, and (3) this bill is enacted after SB 69, in which case Section 2 of this bill shall not become operative.

CHAPTER 383

An act to add Section 1380 to the Evidence Code, relating to evidence.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1380 is added to the Evidence Code, to read:

1380. (a) In a criminal proceeding charging a violation, or attempted violation, of Section 368 of the Penal Code, evidence of a statement made by a declarant is not made inadmissible by the hearsay rule if the declarant is unavailable as a witness, as defined in

subdivisions (a) and (b) of Section 240, and all of the following are true:

(1) The party offering the statement has made a showing of particularized guarantees of trustworthiness regarding the statement, the statement was made under circumstances which indicate its trustworthiness, and the statement was not the result of promise, inducement, threat, or coercion. In making its determination, the court may consider only the circumstances that surround the making of the statement and that render the declarant particularly worthy of belief.

(2) There is no evidence that the unavailability of the declarant was caused by, aided by, solicited by, or procured on behalf of, the party who is offering the statement.

(3) The entire statement has been memorialized in a videotape recording made by a law enforcement official, prior to the death or disabling of the declarant.

(4) The statement was made by the victim of the alleged violation.

(5) The statement is supported by corroborative evidence.

(6) The victim of the alleged violation is an individual who meets both of the following requirements:

(A) Was 65 years of age or older or was a dependent adult when the alleged violation or attempted violation occurred.

(B) At the time of any criminal proceeding, including, but not limited to, a preliminary hearing or trial, regarding the alleged violation or attempted violation, is either deceased or suffers from the infirmities of aging as manifested by advanced age or organic brain damage, or other physical, mental, or emotional dysfunction, to the extent that the ability of the person to provide adequately for the person's own care or protection is impaired.

(b) If the prosecution intends to offer a statement pursuant to this section, the prosecution shall serve a written notice upon the defendant at least 10 days prior to the hearing or trial at which the prosecution intends to offer the statement, unless the prosecution shows good cause for the failure to provide that notice. In the event that good cause is shown, the defendant shall be entitled to a reasonable continuance of the hearing or trial.

(c) If the statement is offered during trial, the court's determination as to the availability of the victim as a witness shall be made out of the presence of the jury. If the defendant elects to testify at the hearing on a motion brought pursuant to this section, the court shall exclude from the examination every person except the clerk, the court reporter, the bailiff, the prosecutor, the investigating officer, the defendant and his or her counsel, an investigator for the defendant, and the officer having custody of the defendant. Notwithstanding any other provision of law, the defendant's testimony at the hearing shall not be admissible in any other proceeding except the hearing brought on the motion pursuant to this section. If a transcript is made of the defendant's testimony, it

shall be sealed and transmitted to the clerk of the court in which the action is pending.

CHAPTER 384

An act to add Section 2889.4 to the Public Utilities Code, relating to telecommunications.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 2889.4 is added to the Public Utilities Code, to read:

2889.4. (a) A local exchange service provider that offers and charges for pay per use features that do not require an access code to be dialed to activate the service shall provide a new residential subscriber, including an existing residential customer ordering an additional line, during the verbal service order process, with information about those features. The representatives of a provider shall offer that subscriber blocking options for those features.

(b) (1) A local exchange service provider that offers the features described in subdivision (a) shall advise an existing residential subscriber who inquires about the features, or who seeks a bill adjustment for the inadvertent or unauthorized use of those per use custom calling features, that the features can be blocked and shall inquire as to whether the subscriber would like to block any or all of the features.

(2) (A) A local exchange service provider that offers the features described in subdivision (a) shall provide notice to all existing residential subscribers not later than May 1, 2000, describing all features provided on a per use basis, the charge for each activation, any additional usage or other charges, and detailed information about the ability to block these features.

(B) The notice shall contain a toll-free number for further information and shall contain a noticeable postcard size bill insert that may be returned in the subscriber's bill envelope if they wish to block any or all of the per use features described in subdivision (a).

(c) A local exchange service subscriber that has not blocked per use features in accordance with this section is entitled to a one-time bill adjustment which shall equal the sum of the charges for every incident that occurred during the first billing cycle pursuant to which the subscriber notifies the local exchange service provider that inadvertent or unauthorized activation occurred with regard to those per use services that do not require coded dialing to activate. The one-time bill adjustment shall include an adjustment for any

additional usage charges occurring as a result of inadvertent or unauthorized activation. The adjustment shall take the form of a credit to the subscriber's account if the existing technology or facilities of the local exchange service provider measure usage and permit a usage credit to be determined and provided.

(d) Nothing in this section prohibits a local exchange service provider from providing additional bill adjustments at its discretion in connection with charges imposed for features described in subdivision (a).

CHAPTER 385

An act to amend Section 14157 of, and to add and repeal Section 14160 of, the Financial Code, relating to credit unions.

(6) The credit union submits an annual audit report to the commissioner as prescribed in Article 2 (commencing with Section 14250) of Chapter 3.

(7) The credit union pays the cost of examination or services performed in accordance with Section 14353.5.

(8) The credit union pays to the commissioner an annual fee of two hundred fifty dollars ($250). The credit union is not subject to Section 14350, 14351, or 14352.

(b) For the purpose of implementing the provisions of this section, the commissioner may cooperate with the administrators of the

credit union laws of other states and the commissioner may share with them information received in the administration of this division.

(c) The commissioner may disapprove an application filed pursuant to this section, or upon reasonable notice and opportunity for hearing suspend or revoke approval of an application, if the commissioner finds that the standards of organization, operation and regulation of the credit union, including, but not limited to, the laws and regulations of the jurisdiction in which it is organized, do not reasonably conform to the standards of organization, operation and regulation established pursuant to this division, or that 50 percent or more of the members of the credit union are, or are reasonably expected to be, residents of this state.

(d) Nothing in this section shall prohibit a credit union doing business in this state pursuant to this division from expanding or doing business in other states, countries, or foreign jurisdictions.

SEC. 2. Section 14160 is added to the Financial Code, to read:

14160. (a) It is the intent of the Legislature to enact legislation that would do all of the following:

(1) Permit credit unions organized under the laws of a foreign country to conduct the business of a credit union in this state if authorized by the commissioner.

(2) Provide for the regulation and supervision by the commissioner of foreign credit unions doing business in this state.

(3) Protect the interests of persons living and working in this state who may become members, borrowers, or creditors of foreign credit unions.

(4) Provide for foreign credit unions to transact business in this state in a safe and sound manner.

(5) Provide for foreign credit unions to transact business in this state in accordance with the laws of this state that are applicable to California state-licensed credit unions, as may be necessary or appropriate.

(b) The commissioner shall prepare recommendations for a comprehensive statutory framework to implement the legislative intent of subdivision (a), and shall submit the recommendations to the appropriate policy committees in each house of the Legislature on or before January 30, 2000.

(c) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

CHAPTER 386

An act to add Section 4460 to the Government Code, relating to accessibility standards.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 4460 is added to the Government Code, to read:

4460. (a) The Legislature finds and declares that it is essential that detectable warning and directional surfaces comply with the California Building Standards Code in order to ensure that those products are adequate to meet the safety and accessibility needs of the blind and visually impaired.

(b) All detectable warning products and directional surfaces installed after January 1, 2001, shall be evaluated by an independent entity, selected by the Department of General Services, Division of the State Architect, in consultation with the Department of Housing and Community Development when the products and surfaces may be mandated for use in residential housing, that shall issue and register a two-year product approval, renewable upon reevaluation at two-year intervals thereafter. The approval shall include conformation with architectural standards published in the California Building Standards Code as well as durability criteria appropriate for the type of installation, established by the Department of General Services, Division of the State Architect, in consultation with the Department of Housing and Community Development when the products and surfaces may be mandated for use in residential housing. The codes developed by the Department of General Services pursuant to this section shall ensure that shape, color fastness, confirmation, sound-on-cane acoustic quality, resilience, and attachment will not degrade significantly for at least five years. The Department of General Services, Division of the State Architect, shall impose fees to recover administrative and code development costs, as necessary, to develop standards and administer the registration and approval program. The fees shall be paid by manufacturers of detectable warning products and directional surfaces. All fees shall be deposited in the Access for Handicap Account created pursuant to Section 4454 and may be expended for costs incurred by the Department of General Services, Division of the State Architect, in performance of the requirements of this section.

As used in this section, "significant degradation" means that the product maintains at least 90 percent of its approved design characteristics. The Department of General Services may provide exceptions to this section for justifiable cause pursuant to Section 4451.

(c) The independent entity selected by the Department of General Services, Division of the State Architect, shall be recognized as having appropriate expertise in determining whether products

governed by this section comply with the California Building Standards Code.

CHAPTER 387

An act to amend Sections 194.2, 194.4, 194.5, and 195.1 of, and to repeal Section 194.6 of, the Revenue and Taxation Code, relating to disaster relief, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 194.2 of the Revenue and Taxation Code is amended to read:

194.2. On or before January 15 or May 15, whichever date is sooner, the tax collector of an eligible county shall certify to the Director of Finance the total amount of the most recent installment of property taxes for all eligible property on both the regular secured roll that were deferred pursuant to Section 194.1 or pursuant to an ordinance adopted by the eligible county pursuant to Section 195.1.

SEC. 2. Section 194.4 of the Revenue and Taxation Code is amended to read:

Upon receipt of certification by the Director of Finance, the Controller shall make the appropriate allocation to the county within 10 working days thereafter.

SEC. 3. Section 194.5 of the Revenue and Taxation Code is amended to read:

SEC. 4. Section 194.6 of the Revenue and Taxation Code is repealed.

other provision of this chapter, also for the further postponement of the preceding installment of taxes on property on the regular secured roll which was deferred pursuant to Section 194.1, until that date. The state shall provide no reimbursement payments to local jurisdictions for the postponement of property taxes pursuant to this section, unless the Governor specifies otherwise in the proclamation of the emergency with respect to which the postponement was implemented.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide as soon as possible that measure of fiscal relief that will help to alleviate the fiscal impact upon local governments of recent natural disasters, it is necessary that this act take effect immediately.

CHAPTER 388

An act to add Section 778.3 to the Insurance Code, relating to insurance.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 778.3 is added to the Insurance Code, to read:

778.3. The amount of the periodic finance charges, if any, imposed for the premium financing purchased and the annual percentage rate associated with those charges shall be disclosed in the policy itself, or if arranged pursuant to a separate premium financing agreement in the premium financing agreement itself, and in the premium finance billings. If the finance charge is a fixed fee, regardless of the amount of the loan or the balance due, the disclosure is not required to include the annual percentage rate associated with those charges. This section shall not apply to any insurance policy or premium finance billing if the same information is otherwise disclosed to the insured as required by any other provision of state or federal law.

CHAPTER 389

An act to amend Section 35160.5 of the Education Code, relating to school finance.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 35160.5 of the Education Code is amended to read:

35160.5. (a) The governing board of each school district that maintains one or more schools containing any of grades 7 to 12, inclusive, shall, as a condition for the receipt of an inflation adjustment pursuant to Section 42238.1, establish a school district policy regarding participation in extracurricular and cocurricular activities by pupils in grades 7 to 12, inclusive. The criteria, which shall be applied to extracurricular and cocurricular activities, shall ensure that pupil participation is conditioned upon satisfactory educational progress in the previous grading period. Pupils who are eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 are covered by this section consistent with that subdivision. No person shall classify a pupil as eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 for the purpose of circumventing the intent of this subdivision.

(1) For purposes of this subdivision, "extracurricular activity" means a program that has all of the following characteristics:

(A) The program is supervised or financed by the school district.

(B) Pupils participating in the program represent the school district.

(C) Pupils exercise some degree of freedom in either the selection, planning, or control of the program.

(D) The program includes both preparation for performance and performance before an audience or spectators.

(2) For purposes of this subdivision, an "extracurricular activity" is not part of the regular school curriculum, is not graded, does not offer credit, and does not take place during classroom time.

(3) For purposes of this subdivision, a "cocurricular activity" is defined as a program that may be associated with the curriculum in a regular classroom.

(4) Any teacher graded or required program or activity for a course that satisfies the entrance requirements for admission to the California State University or the University of California is not an extracurricular or cocurricular activity as defined by this section.

(5) For purposes of this subdivision, "satisfactory educational progress" shall include, but not be limited to, the following:

(A) Maintenance of minimum passing grades, which is defined as at least a 2.0 grade point average in all enrolled courses on a 4.0 scale.

(B) Maintenance of minimum progress toward meeting the high school graduation requirements prescribed by the governing board.

(6) For purposes of this subdivision, "previous grading period" does not include any grading period in which the pupil was not in attendance for all, or a majority of, the grading period due to absences excused by the school for reasons such as serious illness or injury, approved travel, or work. In that event, "previous grading period" is deemed to mean the grading period immediately prior to the grading period or periods excluded pursuant to this paragraph.

(7) A program that has, as its primary goal, the improvement of academic or educational achievements of pupils is not an extracurricular or cocurricular activity as defined by this section.

(8) The governing board of each school district may adopt, as part of its policy established pursuant to this subdivision, provisions that would allow a pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), in the previous grading period to remain eligible to participate in extracurricular and cocurricular activities during a probationary period. The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district. A pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), during the probationary period shall not be allowed to participate in extracurricular and cocurricular activities in the subsequent grading period.

(9) Nothing in this subdivision shall preclude the governing board of a school district from imposing a more stringent academic standard than that imposed by this subdivision. If the governing board of a school district imposes a more stringent academic standard, the governing board shall establish the criteria for participation in extracurricular and cocurricular activities at a meeting open to the public pursuant to Section 35145.

The governing board of each school district shall annually review the school district policies adopted pursuant to the requirements of this section.

(b) (1) On or before July 1, 1994, the governing board of each school district shall, as a condition for the receipt of school apportionments from the state school fund, adopt rules and regulations establishing a policy of open enrollment within the district for residents of the district. This requirement does not apply to any school district that has only one school or any school district with schools that do not serve any of the same grade levels.

(2) The policy shall include all of the following elements:

(A) It shall provide that the parents or guardian of each schoolage child who is a resident in the district may select the schools the child shall attend, irrespective of the particular locations of his or her residence within the district, except that school districts shall retain

the authority to maintain appropriate racial and ethnic balances among their respective schools at the school districts' discretion or as specified in applicable court-ordered or voluntary desegregation plans.

(B) It shall include a selection policy for any school that receives requests for admission in excess of the capacity of the school that ensures that selection of pupils to enroll in the school is made through a random, unbiased process that prohibits an evaluation of whether any pupil should be enrolled based upon his or her academic or athletic performance. For purposes of this subdivision, the governing board of the school district shall determine the capacity of the schools in its district. However, school districts may employ existing entrance criteria for specialized schools or programs if the criteria are uniformly applied to all applicants. This subdivision shall not be construed to prohibit school districts from using academic performance to determine eligibility for, or placement in, programs for gifted and talented pupils established pursuant to Chapter 8 (commencing with Section 52200) of Part 28.

(C) It shall provide that no pupil who currently resides in the attendance area of a school shall be displaced by pupils transferring from outside the attendance area.

(3) Notwithstanding the requirement of subparagraph (B) of paragraph (2) that the policy include a selection policy for any school that receives requests for admission in excess of the capacity of the school that ensures that the selection is made through a random, unbiased process, the policy may include any of the following elements:

(A) It may provide that special circumstances exist that might be harmful or dangerous to a particular pupil in the current attendance area of the pupil, including, but not limited to, threats of bodily harm or threats to the emotional stability of the pupil, that serve as a basis for granting a priority of attendance outside the current attendance area of the pupil. A finding of harmful or dangerous special circumstances shall be based upon either of the following:

(i) A written statement from a representative of the appropriate state or local agency, including, but not limited to, a law enforcement official or a social worker, or properly licensed or registered professionals, including, but not limited to, psychiatrists, psychologists, or marriage, family and child counselors.

(ii) A court order, including a temporary restraining order and injunction, issued by a judge.

A finding of harmful or dangerous special circumstances pursuant to this subparagraph may be used by a school district to approve transfers within the district to schools that have been deemed by the school district to be at capacity and otherwise closed to transfers that are not based on harmful or dangerous special circumstances.

(B) It may provide that any pupil attending a school prior to July 1, 1994, may be considered a current resident of that school for

purposes of this section until the pupil is promoted or graduates from that school.

(C) It may provide that no pupil who was on a waiting list for a school or specialized program, on or before July 1, 1994, pursuant to a then-existing district policy on transfers within the district, shall be displaced by pupils transferring after July 1, 1994, from outside the attendance area, as long as the continued maintenance on a waiting list remains consistent with the former policy.

(D) It may provide that schools receiving requests for admission shall give priority for attendance to siblings of children already in attendance in that school and to children whose parent or legal guardian is assigned to that school as his or her primary place of employment.

(E) It may include a process by which the school district informs parents or guardians that certain schools or grade levels within a school are currently, or are likely to be, at capacity and, therefore, those schools or grade levels are unable to accommodate any new pupils under the open enrollment policy.

(4) It is the intent of the Legislature that, upon the request of the pupil's parent or guardian and demonstration of financial need, each school district provide transportation assistance to the pupil to the extent that the district otherwise provides transportation assistance to pupils.

CHAPTER 390

An act to amend and renumber Section 39619 of, and to add Section 17584.1 to, the Education Code, relating to school facilities.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Because of the diminishing funds available through the excess repayments from the State School Building Aid Program, the state has been unable to fully fund the maximum amount of its contribution to the deferred maintenance fund authorized by law since the early 1980's.

(b) School districts have the expectation that state funds will be available to match the local funds they set aside to meet their deferred maintenance needs.

(c) The state's practice of not providing consistent, ongoing funding for deferred maintenance purposes has resulted in greater future facilities costs and has reduced the quality of education that can be provided to the state's 5.6 million public school pupils.

(d) If repairs to school facilities are continually deferred, school districts eventually face more expensive investments, including, but not limited to, critical repairs, major rehabilitation, or complete replacement. School districts should be discouraged from deferring maintenance projects in the short run, because inadequate ongoing maintenance reduces the useful life of facilities resulting in increased capital outlay needs, and putting more pressure on schools to access more expensive bond dollars in the long run.

(e) Approximately $2.4 billion in backlogged, unfunded deferred maintenance needs exist for K–12 schools statewide.

(f) Educational research suggests a positive relationship between pupil achievement and the condition of the facility in which pupils are schooled.

(g) It is important for school facilities to be maintained in order to provide a safe, clean, adequate environment for teachers to teach effectively and for pupils to be educated properly and to excel academically.

SEC. 2. Section 39619 of the Education Code is amended and renumbered to read:

17584. (a) Whenever, in any given fiscal year, a school district has budgeted, exclusive of state matching funds and district funds previously matched pursuant to subdivision (b), in its deferred maintenance fund established pursuant to Section 17582 an amount equal to, or greater than, that amount the district expended from its general fund for major maintenance, repair, or modernization of existing school buildings, as specified in Section 17582, exclusive of categorical aid funds and any proceeds from the sale of district property which were expended for the purpose of the district deferred maintenance account, in either the 1978–79 or 1979–80 fiscal year, adjusted annually to the current fiscal year in conformance with the percentage change in the district revenue limit computed pursuant to Section 42237 or 42238, the Superintendent of Public Instruction shall so certify to the State Allocation Board.

(b) The State Allocation Board shall apportion, from the State School Deferred Maintenance Fund, to school districts an amount equal to one dollar ($1) for each one dollar ($1) of local funds up to a maximum of $^1/_2$ percent of the district's current-year revenue limit average daily attendance multiplied by the average, per unit of average daily attendance, of the total expenditures and ending fund balances of the total general funds and adult education funds for districts of similar size and type, as defined in subdivision (b) of Section 42238.4, for the second prior fiscal year, exclusive of any amounts expended for capital outlay or debt service, to the extent of funds available.

(c) Notwithstanding subdivision (a), in order to be eligible to receive state aid pursuant to subdivision (b), no district shall be required to budget from local district funds an amount greater than $^1/_2$ percent of the district's current-year revenue limit average daily

attendance, multiplied by the average, per unit of average daily attendance, of the total expenditures and ending fund balances of the total general funds and adult education funds for districts of similar size and type, as defined in subdivision (b) of Section 42238.4 for the second prior fiscal year, exclusive of any amounts expended for capital outlay or debt service.

SEC. 3. Section 17584.1 is added to the Education Code, to read:

17584.1. (a) The governing board of a school district shall discuss proposals and plans for expenditure of funds for the deferred maintenance of school district facilities at a regularly scheduled public hearing.

(b) In any year that the school district does not set aside $^1/_2$ of one percent of its current-year revenue limit average daily attendance for deferred maintenance, the governing board of a school district shall submit a report to the Legislature by March 1, with copies to the Superintendent of Public Instruction, the State Board of Education, the Department of Finance, and the State Allocation Board.

(c) The report required pursuant to subdivision (b) shall include all of the following:

(1) A schedule of the complete school facilities deferred maintenance needs of the school district for the current year, including a schedule of costs per schoolsite and total costs.

(2) A detailed description of the school district's spending priorities for the current year, and an explanation of why those priorities, or any other considerations, have prevented the school district from setting aside sufficient local funds so as to permit it to fully fund its deferred maintenance program and, if eligible, to participate in the state deferred maintenance funding program as set forth in Section 17584.

(3) An explanation of how the governing board of a school district plans to meet its current-year facilities deferred maintenance needs without setting aside the funds set forth in Section 17584.

(d) Copies of the report shall be made available at each schoolsite within the school district and shall be provided to the public upon request.

(e) The purposes of this section is to inform the public regarding the local decisionmaking process relating to the deferred maintenance of school facilities, and to provide a foundation for local accountability in that regard.

SEC. 3.5. Section 17584.1 is added to the Education Code, to read:

17584.1. (a) The governing board of a school district shall discuss proposals and plans for expenditure of funds for the major maintenance of school district facilities at a regularly scheduled public hearing.

(b) In any year that the school district does not set aside one-half of 1 percent of its current-year revenue limit average daily attendance for major maintenance, the governing board of a school district shall submit a report to the Legislature by March 1, with

copies to the Superintendent of Public Instruction, the State Board of Education, the Department of Finance, and the State Allocation Board.

(c) The report required pursuant to subdivision (b) shall include all of the following:

(1) A schedule of the complete school facilities major maintenance needs of the school district for the current year, including a schedule of costs per schoolsite and total costs.

(2) A detailed description of the school district's spending priorities for the current year, and an explanation of why those priorities, or any other considerations, have prevented the school district from setting aside sufficient local funds so as to permit it to fully fund its major maintenance program and, if eligible, to participate in the state major maintenance funding program as set forth in Section 17584.

(3) An explanation of how the governing board of a school district plans to meet its current-year facilities major maintenance needs without setting aside the funds set forth in Section 17584.

(d) Copies of the report shall be made available at each schoolsite within the school district and shall be provided to the public upon request.

(e) The purpose of this section is to inform the public regarding the local decisionmaking process relating to the major maintenance of school facilities, and to provide a foundation for local accountability in that regard.

SEC. 4. This bill and A.B. 148 both make amendments relating to funding of school facility maintenance. A.B. 148, in part, renames the State Deferred Maintenance Fund to the School Major Maintenance Match Fund and makes conforming changes relating to related local school district funds. Section 3.5 of this bill contains provisions that conform to the name change relating to the state and local funds proposed in A.B. 148, and Section 3 of this bill does not contain those conforming changes. Therefore, Section 3.5 of this bill shall become operative only if (1) A.B. 148 contains the provisions renaming the related funds, and (2) A.B. 148 is enacted and takes effect on or before January 1, 2000, in which case Section 3 shall not become operative.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 391

An act to amend Sections 17980 and 17980.6 of the Health and Safety Code, relating to housing.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 17980 of the Health and Safety Code is amended to read:

17980. (a) If any building is constructed, altered, converted, or maintained in violation of any provision of, or of any order or notice that gives a reasonable time to correct that violation issued by an enforcement agency pursuant to, this part, the building standards published in the California Building Standards Code, or other rules and regulations adopted pursuant to this part, or if a nuisance exists in any building or upon the lot on which it is situated, the enforcement agency shall, after 30 days' notice to abate the nuisance, institute any appropriate action or proceeding to prevent, restrain, correct, or abate the violation or nuisance.

(b) (1) Whenever the enforcement agency has inspected or caused to be inspected any building and has determined that the building is a substandard building, the enforcement agency shall commence proceedings to abate the violation by repair, rehabilitation, vacation, or demolition of the building. The enforcement agency shall not require the vacating of a residential building unless it concurrently requires expeditious demolition or repair to comply with this part, the building standards published in the California Building Standards Code, or other rules and regulations adopted pursuant to this part. The owner shall have the choice of repairing or demolishing. However, if the owner chooses to repair, the enforcement agency shall require that the building be brought into compliance according to a reasonable and feasible schedule for expeditious repair. The enforcement agency may require vacation and demolition or may itself vacate the building, repair, demolish, or institute any other appropriate action or proceeding, if any of the following occur:

(A) The repair work is not done as scheduled.

(B) The owner does not make a timely choice of repair or demolition.

(C) The owner selects an option which cannot be completed within a reasonable period of time, as determined by the department, for any reason, including, but not limited to, an outstanding judicial or administrative order.

(2) In deciding whether to require vacation of the building or to repair as necessary, the enforcement agency shall give preference to

the repair of the building whenever it is economically feasible to do so without having to repair more than 75 percent of the dwelling, as determined by the enforcement agency, and shall give full consideration to the needs for housing as expressed in the local jurisdiction's housing element.

(c) (1) Notwithstanding subdivision (b) and notwithstanding local ordinances, tenants in a residential building shall be provided notice of any violation described in subdivision (a) which affects the health and safety of the occupants and which violates Section 1941.1 of the Civil Code, an order of the code enforcement agency issued after inspection of the premises declaring the dwelling to be substandard, the enforcement agency's decision to repair or demolish, or the issuance of a building or demolition permit following the abatement order of an enforcement agency.

(2) Notice pursuant to this subdivision shall be provided to each affected residential unit by the enforcement agency that issued the order or notice, in the manner prescribed by subdivision (a) of Section 17980.6.

(d) All notices issued by the enforcement agency to correct violations or to abate nuisances shall contain a provision notifying the owner that, in accordance with Sections 17274 and 24436.5 of the Revenue and Taxation Code, a tax deduction may not be allowed for interest, taxes, depreciation, or amortization paid or incurred in the taxable year.

(e) The enforcement agency may charge the owner of the building for its postage or mileage cost for sending or posting the notices required to be given by this section.

SEC. 2. Section 17980.6 of the Health and Safety Code is amended to read:

17980.6. (a) If any building is maintained in a manner that violates any provisions of this part, the building standards published in the State Building Standards Code relating to the provisions of this part, or any other rule or regulation promulgated pursuant to the provisions of this part, and the violations are so extensive and of such a nature that the health and safety of residents or the public is substantially endangered, the enforcement agency may issue an order or notice to repair pursuant to this part. Any order or notice pursuant to this subdivision shall be provided either by both posting a copy of the order or notice in a conspicuous place on the property and by first-class mail to each affected residential unit, or by posting a copy of the order or notice in a conspicuous place on the property and in a prominent place on each affected residential unit. The order or notice shall include, but is not limited to, all of the following:

(1) The name, address, and telephone number of the agency that issued the notice or order.

(2) The date, time, and location of any public hearing or proceeding concerning the order or notice.

(3) Information that the lessor cannot retaliate against a lessee pursuant to Section 1942.5 of the Civil Code.

(b) If the owner does not correct the condition that caused the violation within a reasonable time after issuance of the notice or order, the enforcement agency may, in addition to any other remedies provided by law, seek the remedies provided for in Section 17980.7 if the court finds the owner responsible for a violation of this part and orders repairs as part of a civil or criminal judgment against the owner, or in a stipulation to a judgment by the owner which includes provisions governing repairs.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 392

An act to add Chapter 4.1 (commencing with Section 56375) to Part 30 of the Education Code, relating to special education.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that individuals with exceptional needs are not being appropriately recognized when they complete their schooling by means of an alternative course of study, or when they satisfactorily meet the goals and objectives in their individualized education program, or have satisfactorily attended high school, participated in the instruction prescribed in their individualized education program and have met their individualized education program transition plan.

(b) The Legislature further finds and declares that individuals with exceptional needs are often excluded from participation in graduation ceremonies and related activities even though they have achieved or completed what was prescribed in their individualized education program during their high school years.

(c) It is, therefore, the intent of the Legislature that Chapter 4.1 (commencing with Section 56375) be added to Part 30 of the Education Code to recognize the educational achievement or completion of individuals with exceptional needs when they complete high school and allow these individuals to participate in

graduation ceremonies and related activities along with their nondisabled peers.

SEC. 2. Chapter 4.1 (commencing with Section 56375) is added to Part 30 of the Education Code, to read:

CHAPTER 4.1. RECOGNITION FOR EDUCATIONAL ACHIEVEMENT OR COMPLETION OF PROGRAM

56375. Notwithstanding Section 51412 or any other provision of law, a local educational agency may award an individual with exceptional needs a certificate or document of educational achievement or completion if the requirements of subdivision (a), (b), or (c) are met.

(a) The individual has satisfactorily completed a prescribed alternative course of study approved by the governing board of the school district in which the individual attended school or the school district with jurisdiction over the individual and identified in his or her individualized education program.

(b) The individual has satisfactorily met his or her individualized education program goals and objectives during high school as determined by the individualized education program team.

(c) The individual has satisfactorily attended high school, participated in the instruction as prescribed in his or her individualized education program, and has met the objectives of the statement of transition services.

56376. An individual with exceptional needs who meets the criteria for a certificate or document described in Section 56375 shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a pupil of similar age without disabilities would be eligible to participate. The right to participate in graduation ceremonies does not equate a certificate or document described in Section 56375 with a regular high school diploma.

56377. It is not the intent of the Legislature by enacting this chapter to eliminate the opportunity for an individual with exceptional needs to earn a standard diploma issued by a local or state educational agency when the pupil has completed the prescribed course of study and has passed the proficiency requirements with or without differential standards pursuant to Section 51215.

56378. On or before July 1, 2000, the Advisory Commission on Special Education shall, pursuant to Section 33595, study and report to the State Board of Education, the Superintendent of Public Instruction, the Legislature, and the Governor on the practice of awarding certificates or documents of educational achievement or completion and diplomas, as appropriate, to individuals with exceptional needs. The report shall contain recommendations for

improving the system of recognition for educational achievement or completion of studies to individuals with exceptional needs.

CHAPTER 393

An act to amend Sections 11125, 11125.4, 11125.5, 11130, and 11130.3 of the Government Code, relating to open meetings.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 11125 of the Government Code is amended to read:

11125. (a) The state body shall provide notice of its meeting to any person who requests that notice in writing. Notice shall be given and also made available on the Internet at least 10 days in advance of the meeting, and shall include the name, address, and telephone number of any person who can provide further information prior to the meeting, but need not include a list of witnesses expected to appear at the meeting. The written notice shall additionally include the address of the Internet site where notices required by this article are made available.

(b) The notice of a meeting of a body that is a state body as defined in Section 11121, 11121.2, 11121.5, or 11121.7 shall include a specific agenda for the meeting, which shall include the items of business to be transacted or discussed in closed session. A brief general description of an item generally need not exceed 20 words. A description of an item to be transacted or discussed in closed session shall include a citation of the specific statutory authority under which a closed session is being held. No item shall be added to the agenda subsequent to the provision of this notice.

(c) The notice of a meeting of an advisory body that is a state body as defined in Section 11121.8 shall include a brief, general description of the business to be transacted or discussed, and no item shall be added subsequent to the provision of the notice.

(d) Notice of a meeting of a state body that complies with this section shall also constitute notice of a meeting of an advisory body of that state body, provided that the business to be discussed by the advisory body is covered by the notice of the meeting of the state body, provided that the specific time and place of the advisory body's meeting is announced during the open and public state body's meeting, and provided that the advisory body's meeting is conducted within a reasonable time of, and nearby, the meeting of the state body.

(e) A person may request, and shall be provided, notice pursuant to subdivision (a) for all meetings of a state body or for a specific meeting or meetings. In addition, at the state body's discretion, a person may request, and may be provided, notice of only those meetings of a state body at which a particular subject or subjects specified in the request will be discussed.

(f) A request for notice of more than one meeting of a state body shall be subject to the provisions of Section 14911.

SEC. 2. Section 11125.4 of the Government Code is amended to read:

11125.4. (a) A special meeting may be called at any time by the presiding officer of the state body or by a majority of the members of the state body. A special meeting may only be called for one of the following purposes where compliance with the 10-day notice provisions of Section 11125 would impose a substantial hardship on the state body or where immediate action is required to protect the public interest:

(1) To consider "pending litigation" as that term is defined in subdivision (e) of Section 11126.

(2) To consider proposed legislation.

(3) To consider issuance of a legal opinion.

(4) To consider disciplinary action involving a state officer or employee.

(5) To consider the purchase, sale, exchange, or lease of real property.

(6) To consider license examinations and applications.

(7) To consider an action on a loan or grant provided pursuant to Division 31 (commencing with Section 50000) of the Health and Safety Code.

(b) When a special meeting is called pursuant to one of the purposes specified in subdivision (a), the state body shall provide notice of the special meeting to each member of the state body and to all parties that have requested notice of its meetings as soon as is practicable after the decision to call a special meeting has been made, but shall be delivered in a manner that allows it to be received by the members and by newspapers of general circulation and radio or television stations at least 48 hours before the time of the special meeting specified in the notice. Notice shall be made available to newspapers of general circulation and radio or television stations by providing that notice to all national press wire services. Notice shall also be made available on the Internet within the time periods required by this section. The notice shall specify the time and place of the special meeting and the business to be transacted. The written notice shall additionally specify the address of the Internet site where notices required by this article are made available. No other business shall be considered at a special meeting by the state body. The written notice may be dispensed with as to any member who at or prior to the time the meeting convenes files with the clerk or

secretary of the state body a written waiver of notice. The waiver may be given by telegram, facsimile transmission, or similar means. The written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes. Notice shall be required pursuant to this section regardless of whether any action is taken at the special meeting.

(c) At the commencement of any special meeting, the state body must make a finding in open session that the delay necessitated by providing notice 10 days prior to a meeting as required by Section 11125 would cause a substantial hardship on the body or that immediate action is required to protect the public interest. The finding shall set forth the specific facts that constitute the hardship to the body or the impending harm to the public interest. The finding shall be adopted by a two-thirds vote of the body, or, if less than two-thirds of the members are present, a unanimous vote of those members present. The finding shall be made available on the Internet. Failure to adopt the finding terminates the meeting.

SEC. 3. Section 11125.5 of the Government Code is amended to read:

11125.5. (a) In the case of an emergency situation involving matters upon which prompt action is necessary due to the disruption or threatened disruption of public facilities, a state body may hold an emergency meeting without complying with the 10-day notice requirement of Section 11125 or the 48-hour notice requirement of Section 11125.4.

(b) For purposes of this section, "emergency situation" means any of the following, as determined by a majority of the members of the state body during a meeting prior to the emergency meeting, or at the beginning of the emergency meeting:

(1) Work stoppage or other activity that severely impairs public health or safety, or both.

(2) Crippling disaster that severely impairs public health or safety, or both.

(c) However, newspapers of general circulation and radio or television stations that have requested notice of meetings pursuant to Section 11125 shall be notified by the presiding officer of the state body, or a designee thereof, one hour prior to the emergency meeting by telephone. Notice shall also be made available on the Internet as soon as is practicable after the decision to call the emergency meeting has been made. If telephone services are not functioning, the notice requirements of this section shall be deemed waived, and the presiding officer of the state body, or a designee thereof, shall notify those newspapers, radio stations, or television stations of the fact of the holding of the emergency meeting, the purpose of the meeting, and any action taken at the meeting as soon after the meeting as possible.

(d) The minutes of a meeting called pursuant to this section, a list of persons who the presiding officer of the state body, or a designee

thereof, notified or attempted to notify, a copy of the rollcall vote, and any action taken at the meeting shall be posted for a minimum of 10 days in a public place, and also made available on the Internet for a minimum of 10 days, as soon after the meeting as possible.

SEC. 4. Section 11130 of the Government Code is amended to read:

11130. (a) The Attorney General, the district attorney, or any interested person may commence an action by mandamus, injunction, or declaratory relief for the purpose of stopping or preventing violations or threatened violations of this article or to determine the applicability of this article to past actions or threatened future action by members of the state body or to determine whether any rule or action by the state body to penalize or otherwise discourage the expression of one or more of its members is valid or invalid under the laws of this state or of the United States, or to compel the state body to tape record its closed sessions as hereinafter provided.

(b) The court in its discretion may, upon a judgment of a violation of Section 11126, order the state body to tape record its closed sessions and preserve the tape recordings for the period and under the terms of security and confidentiality the court deems appropriate.

(c) (1) Each recording so kept shall be immediately labeled with the date of the closed session recorded and the title of the clerk or other officer who shall be custodian of the recording.

(2) The tapes shall be subject to the following discovery procedures:

(A) In any case in which discovery or disclosure of the tape is sought by the Attorney General, the district attorney, or the plaintiff in a civil action pursuant to this section or Section 11130.3 alleging that a violation of this article has occurred in a closed session that has been recorded pursuant to this section, the party seeking discovery or disclosure shall file a written notice of motion with the appropriate court with notice to the governmental agency that has custody and control of the tape recording. The notice shall be given pursuant to subdivision (b) of Section 1005 of the Code of Civil Procedure.

(B) The notice shall include, in addition to the items required by Section 1010 of the Code of Civil Procedure, all of the following:

(i) Identification of the proceeding in which discovery or disclosure is sought, the party seeking discovery or disclosure, the date and time of the meeting recorded, and the governmental agency that has custody and control of the recording.

(ii) An affidavit that contains specific facts indicating that a violation of the act occurred in the closed session.

(3) If the court, following a review of the motion, finds that there is good cause to believe that a violation has occurred, the court may review, in camera, the recording of that portion of the closed session alleged to have violated the act.

(4) If, following the in-camera review, the court concludes that disclosure of a portion of the recording would be likely to materially assist in the resolution of the litigation alleging violation of this article, the court shall, in its discretion, make a certified transcript of the portion of the recording a public exhibit in the proceeding.

(5) Nothing in this section shall permit discovery of communications that are protected by the attorney-client privilege.

SEC. 5. Section 11130.3 of the Government Code is amended to read:

11130.3. (a) Any interested person may commence an action by mandamus, injunction, or declaratory relief for the purpose of obtaining a judicial determination that an action taken by a state body in violation of Section 11123 or 11125 is null and void under this section. Any action seeking such a judicial determination shall be commenced within 90 days from the date the action was taken. Nothing in this section shall be construed to prevent a state body from curing or correcting an action challenged pursuant to this section.

(b) An action shall not be determined to be null and void if any of the following conditions exist:

(1) The action taken was in connection with the sale or issuance of notes, bonds, or other evidences of indebtedness or any contract, instrument, or agreement related thereto.

(2) The action taken gave rise to a contractual obligation upon which a party has, in good faith, detrimentally relied.

(3) The action taken was in substantial compliance with Sections 11123 and 11125.

(4) The action taken was in connection with the collection of any tax.

SEC. 6. It is the intent of the Legislature, in amending Sections 11130 and 11130.3 of the Government Code, to supersede the decision of the California Supreme Court in Regents of the University of California v. Superior Court (Molloy) (1999) 20 Cal.4th 509, in which the Court held that the only remedy under the Bagley-Keene Act for an action taken in violation of that act is to bring a lawsuit to nullify the action within 30 days.

SEC. 7. The amendments to Sections 11125, 11125.4, and 11125.5 of the Government Code made by this act shall not be implemented until July 1, 2001, unless otherwise authorized by the Department of Information Technology pursuant to Executive Order D-3-99.

CHAPTER 394

An act to amend Section 53292 of the Government Code, relating to local agency firefighters.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 53292 of the Government Code is amended to read:

53292. (a) Whenever a special district or joint powers agency that provides fire protection or a city fire department is dissolved or the area it serves is decreased by reason of a consolidation, merger, incorporation, annexation, or contract, and the district, joint powers agency, or city fire department taking over the duties of the dissolved or decreased district, joint powers agency, or department decides to hire additional firefighters, it shall give first choice for the positions to be filled to firefighters employed by the dissolved or decreased district, joint powers agency, or department. As nearly as possible, the firefighters who are hired shall be given positions with a rank comparable to that which they held in the dissolved or decreased district, joint powers agency, or department. No firefighter shall be hired who is over the mandatory retirement age of the district, joint powers agency, or city fire department which is taking over the duties of the dissolved or decreased district, joint powers agency, or department.

(b) Notwithstanding any other provision of law, where firefighters are hired as a result of the consolidation, merger, incorporation, annexation, or contract, the seniority or other employment rights of the employees of the district, joint powers agency, or fire department taking over the duties of the dissolved or decreased district, joint powers agency, or department shall not be impaired as a result of the consolidation, merger, incorporation, annexation, or contract, except as otherwise agreed upon in a county, other than a county of the first class, in a memorandum of understanding with each employee organization, which has been recognized pursuant to Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, and which represents employees of the district, joint powers agency, or department taking over the duties of the dissolved or decreased district, joint powers agency, or department who are in classes affected by the consolidation, merger, incorporation, annexation, or contract.

CHAPTER 395

An act relating to hazardous substances.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) For purposes of this section the following definitions apply:

(1) "City" means the City of Sacramento.

(2) "Completion of the city's land use planning process" means the adoption, after January 1, 1999, of a general plan amendment and rezoning of the site pursuant to the city's land use process.

(3) "Site" means the site at 3675 Western Pacific Avenue in Sacramento, California, which is the subject of response action approved and overseen by the Department of Toxic Substances Control pursuant to Enforceable Agreement No. HSA 86/87-015EA issued by the department on March 26, 1987.

(b) (1) The Legislature finds and declares that the final remedial action plan prepared and approved in 1995 pursuant to the enforceable agreement for the site expressly recognizes that the city is processing a change in the land use for the site, including a general plan amendment and rezoning, and that the city's final land use plan for the site may require that additional portions of the site be remediated to unrestricted use levels beyond the area indicated in the 1995 final remedial action plan.

(2) The Legislature further finds and declares that a general statute cannot be made applicable to the site, within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution, due to the unique circumstances at the site. At this site, the department has approved a remedial action plan specifying a level of cleanup protective of human health and safety based on current land use even though the department is aware that the local government, the property owner, and the community all intend and plan that the site will not remain in its current use but will ultimately be put to a more intense use with more potential for human exposure to any residual contamination. The department specifically acknowledges, in a memorandum dated June 30, 1998, that unique circumstances are present at the site.

(c) Notwithstanding any other provision of law, the Department of Toxic Substances Control shall not make a determination that the response action at the site is complete, including, but not limited to, issuing a certification, a no further action letter, or a closure letter, or entering into a settlement or release of liability, until after the city has completed its land use planning process and all response actions necessary to conform to the approved land use plan are complete.

(d) This section does not apply to any portion of the site acquired by the Sacramento Regional Transit District in accordance with the Draft and Final Subsequent Environmental Impact Report and the Draft and Final Environmental Impact Statement for the South

Sacramento Corridor Light Rail Project, and all addenda and supplements attached thereto.

CHAPTER 396

An act to add Section 152 to the Penal Code, relating to wrongful concealment.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 152 is added to the Penal Code, to read:

152. (a) Every person who, having knowledge of an accidental death, actively conceals or attempts to conceal that death, shall be guilty of a misdemeanor punishable by imprisonment in a county jail for not more than one year, or by a fine of not less than one thousand dollars ($1,000) nor more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

(b) For purposes of this section, "to actively conceal an accidental death" means any of the following:

(1) To perform an overt act that conceals the body or directly impedes the ability of authorities or family members to discover the body.

(2) To directly destroy or suppress evidence of the actual physical body of the deceased, including, but not limited to, bodily fluids or tissues.

(3) To destroy or suppress the actual physical instrumentality of death.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 397

An act to amend Section 48209.16 of, and to add Section 48209.17 to, the Education Code, relating to school attendance.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 48209.16 of the Education Code is amended to read:

48209.16. This article shall become inoperative on July 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 48209.17 is added to the Education Code, to read:

48209.17. On or before July 1, 2002, the Superintendent of Public Instruction shall report to the Governor and the Legislature on the effectiveness of this article and make recommendations regarding the continuation or modification of this article.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 398

An act to add and repeal Article 15 (commencing with Section 18861) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Article 15 (commencing with Section 18861) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 15. Birth Defects Research Fund

18861. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the Birth Defects Research Fund, which is established by Section 18862. That designation is to be used as a voluntary contribution on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and once made is irrevocable. If payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. If no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

(d) If an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled the "Birth Defects Research Fund" to allow for the designation permitted. The form shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used for the California Birth Defects Monitoring Program.

(f) Notwithstanding any other provision, a voluntary contribution designation for the Birth Defects Research Fund shall not be added on the tax return until another voluntary contribution designation is removed, or until taxable years beginning on or after January 1, 2002, whichever occurs first.

(g) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18862. There is in the State Treasury the Birth Defects Research Fund to receive contributions made pursuant to Section 18861. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18861 to be transferred to the Birth Defects Research Fund. The Controller shall transfer from the Personal Income Tax Fund to the Birth Defects Research Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18861 for payment into that fund.

18863. All money transferred to the Birth Defects Research Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the State Department of Health Services for allocation to the birth defects monitoring program. Funds shall be allocated to the contract for the birth defects monitoring program authorized by

Section 103855 of the Health and Safety Code and may not be used for the department's administrative costs.

18864. It is the intent of the Legislature that this article create an additional funding source for the contract for the birth defects monitoring program and shall be used to supplement, not supplant, other funding sources for this program.

18865. (a) This article shall remain in effect only until January 1 of the fifth taxable year following the first appearance of the Birth Defects Research Fund on the tax return or January 1, 2007, whichever occurs first, and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) If, in any calendar year after the first taxable year the Birth Defects Research Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contribution.

(c) For each calendar year, beginning with the second calendar year the Birth Defects Research Fund appears on the tax return, or 2004, whichever occurs first, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 399

An act to amend Sections 361.5, 366.21, and 366.22 of the Welfare and Institutions Code, relating to dependent children.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care.

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1) and (2), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time

period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the 12-month period shall not serve to interrupt the running of the period. If at the end of the 12-month period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian, the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been

taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child. For the purposes of this paragraph, "serious danger" means that without the

intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That (A) the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), or (B) the parental rights of a parent or guardian over any sibling or half-sibling of the child had been permanently severed, and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(12) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(13) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(14) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if

services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the 12-month limitation imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties

that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

SEC. 1.1. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care.

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1) and (2), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a

substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the 12-month period shall not serve to interrupt the running of the period. If at the end of the 12-month period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian, the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or

guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the

abandonment itself constituted a serious danger to the child. For the purposes of this paragraph, "serious danger" means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That (A) the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), or (B) the parental rights of a parent or guardian over any sibling or half-sibling of the child had been permanently severed, and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(12) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(13) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(14) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or

refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child

bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the 12-month limitation imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and

the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status. The evaluation of the minor's scholastic status shall include whether the child has been identified as having exceptional needs as described in Part 30 (commencing with Section 56000) of Division 4 of Title 2 of the Education Code or disabilities justifying accommodations as described in Chapter 16 of Title 29 of the United States Code Annotated; and any information concerning whether the right of the parent or guardian to make educational decisions for the child has previously been limited by the court under Section 7579.5 of the Government Code; and whether the parent or guardian has previously designated an educational representative.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

SEC. 1.2. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, "a sibling group" shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1) , (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the

failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the

child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child. For the purposes of this paragraph, "serious danger" means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That (A) the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), or (B) the parental rights of a parent or guardian over any sibling or half-sibling of the child had been permanently severed, and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(12) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(13) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(14) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that,

based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the

capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

SEC. 1.3. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the child and the

relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, "a sibling group" shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1) , (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court

shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or

guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the

abandonment itself constituted a serious danger to the child. For the purposes of this paragraph, "serious danger" means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That (A) the court ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), or (B) the parental rights of a parent or guardian over any sibling or half-sibling of the child had been permanently severed, and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(12) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(13) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(14) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or

refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child

bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status. The evaluation of the minor's scholastic status shall include whether the child has been identified as having exceptional needs as described in Part 30 (commencing with Section 56000) of Division 4 of Title 2 of the Education Code or disabilities justifying accommodations as described in Chapter 16 of Title 29 of the United States Code Annotated; and any information concerning whether the right of the parent or guardian to make educational decisions for the child has previously been limited by the court under Section 7579.5 of the Government Code; and whether the parent or guardian has previously designated an educational representative.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

SEC. 2. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the social worker to the same persons as in the original proceeding, to the child's parent or guardian, to the foster parents, relative care givers, community care facility, or foster family agency having physical custody of the child in the case of a child removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the child being recommended by the supervising agency. The notice to the foster parent, relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency shall indicate that the foster parent, relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the recommendation is not to return the child to a parent or guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or guardian with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or guardian, the social worker shall provide a summary of his or her recommendation for disposition to the counsel for the child, any court-appointed child advocate, foster parents, relative care givers, certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, community care facility, or foster family agency having the physical custody of the child at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or foster family agency that may result in the return of the child to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative care giver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, may file with the court a report containing his or her

recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing the court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal, may be

returned to his or her parent or guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or guardian, the court shall determine whether reasonable services have been provided or offered to the parent or guardian which were designed to aid the parent or guardian in overcoming the problems which led to the initial removal and the continued custody of the child. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, that shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or guardian that were designed to aid the parent or guardian to overcome the problems that led to the initial removal and continued custody of the child. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that

return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1) or (2) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

The court shall inform the parent or guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.36 may be instituted. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or guardian.

(2) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and shall not preclude a different recommendation at a later date if the child's circumstances change.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the child pending the hearing unless it finds that visitation would be detrimental to the child.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties

that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

SEC. 2.1. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the

hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the social worker to the same persons as in the original proceeding, to the child's parent or guardian, to the foster parents, relative care givers, community care facility, or foster family agency having physical custody of the child in the case of a child removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the child being recommended by the supervising agency. The notice to the foster parent, relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency shall indicate that the foster parent, relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the recommendation is not to return the child to a parent or guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or guardian with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or guardian, the social worker shall provide a summary of his or her recommendation for disposition to the counsel for the child, any court-appointed child advocate, foster parents, relative care givers, certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption

agency, community care facility, or foster family agency having the physical custody of the child at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or foster family agency that may result in the return of the child to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative care giver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return

would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal, may be returned to his or her parent or guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or guardian, the court shall determine whether reasonable services have been provided or offered to the parent or guardian which were designed to aid the parent or guardian in overcoming the problems which led to the initial removal and the continued custody of the child. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined

pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, that shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or guardian that were designed to aid the parent or guardian to overcome the problems that led to the initial removal and continued custody of the child. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1) or (2) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

The court shall inform the parent or guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.36 may be instituted. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or guardian.

(2) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and shall not preclude a different recommendation at a later date if the child's circumstances change.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the child pending the hearing unless it finds that visitation would be detrimental to the child.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status. The evaluation of the minor's scholastic status shall include whether the child has been identified as having exceptional needs as described in Part 30 (commencing with Section 56000) of Division 4 of Title 2 of the Education Code or disabilities justifying accommodations as described in Chapter 16 of Title 29 of the United States Code Annotated; and any information concerning whether the right of the parent or guardian to make educational decisions for the child has previously been limited by the court under Section 7579.5 of the Government Code; and whether the parent or guardian has previously designated an educational representative.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

SEC. 2.2. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the social worker to the same persons as in the original proceeding, to the child's parent or guardian, to the foster parents, relative care givers, community care facility, or foster family agency having physical custody of the child in the case of a child removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the child being recommended by the supervising agency. The notice to the foster parent, relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed

adoption agency shall indicate that the foster parent, relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or guardian with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or guardian, the social worker shall provide a summary of his or her recommendation for disposition to the counsel for the child, any court-appointed child advocate, foster parents, relative care givers, certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, community care facility, or foster family agency having the physical custody of the child at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or foster family agency that may result in the return of the child to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative care giver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5 and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned

to his or her parent or guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or guardian, the court shall determine whether reasonable services have been provided or offered to the parent or guardian that were designed to aid the parent or guardian in overcoming the problems that led to the initial removal and the continued custody of the child. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, that shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or guardian that were designed to aid the parent or guardian to overcome the problems that led to the initial removal and continued custody of the child. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1) , (2) or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or guardian at the

permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

The court shall inform the parent or guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.36 may be instituted. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or guardian.

(2) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and shall not preclude a different recommendation at a later date if the child's circumstances change.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the child pending the hearing unless it finds that visitation would be detrimental to the child.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

SEC. 2.3. Section 366.21 of the Welfare and Institutions Code is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the social worker to the same persons as in the original proceeding, to the child's parent or guardian, to the foster parents, relative care givers, community care facility, or foster family agency having physical custody of the child in the case of a child removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the child being recommended by the supervising agency. The notice to the foster parent, relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency shall indicate that the foster parent, relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or guardian with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or guardian, the social worker shall provide a summary of his or her recommendation for disposition to the counsel for the child, any court-appointed child advocate, foster parents, relative care givers, certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, community care facility, or foster family agency having the physical custody of the child at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or foster family agency that may result in the return of the child to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative care giver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative care giver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional

well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5 and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, may be returned to his or her parent or guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for

some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or guardian, the court shall determine whether reasonable services have been provided or offered to the parent or guardian that were designed to aid the parent or guardian in overcoming the problems that led to the initial removal and the continued custody of the child. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, that shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits

of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or guardian that were designed to aid the parent or guardian to overcome the problems that led to the initial removal and continued custody of the child. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1) , (2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the child

will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

The court shall inform the parent or guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.36 may be instituted. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or guardian.

(2) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child and shall not preclude a different recommendation at a later date if the child's circumstances change.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the child pending the hearing unless it finds that visitation would be detrimental to the child.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status. The evaluation of the minor's scholastic status shall include whether the child has been identified as having exceptional needs as described in Part 30 (commencing with Section 56000) of Division 4 of Title 2 of the Education Code or disabilities justifying accommodations as described in Chapter 16 of Title 29 of the United States Code Annotated; and any information concerning whether the right of the parent or guardian to make educational decisions for the child has previously been limited by the court under Section 7579.5 of the Government Code; and whether the parent or guardian has previously designated an educational representative.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the

adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

SEC. 3. Section 366.22 of the Welfare and Institutions Code is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the permanency review hearing shall occur within 18 months after the date the child was originally removed from the physical custody of his or her parent or guardian. The court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the child is not returned to a parent or guardian at the permanency review hearing, the court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, that there is a compelling reason, as described in paragraph (2) of subdivision (g) of Section 366.21, for determining that a hearing held under Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship, then the court may, only under these circumstances, order that the child remain in long-term foster care. The hearing shall be held no later than 120 days from the date of the permanency review hearing. The court shall also order termination of reunification services to the parent. The court shall continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child. The court shall determine whether reasonable services have been offered or provided to the parent or guardian.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, "extended family" for the purposes of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the

capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(c) This section shall become operative January 1, 1999. If at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(d) As used in this section, "relative" means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words "great," "great-great," or "grand," or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

CHAPTER 400

An act to add Section 44302 of the Education Code, relating to teacher credentialing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 44302 is added to the Education Code, to read:

44302. The Commission on Teacher Credentialing shall regularly notify local education agencies of the various provisions in current law that allow the assignment of personnel when a fully qualified teacher is not available and a substitute has served for the maximum days permitted by law, including emergency permits under Section 44300, long-term and short-term waivers under subdivision (m) of Section 44225, pre-intern certificates under Section 44305, and intern permits under Sections 44235, 44250, and 44464. When fulfilling the

notification requirements of this section, the commission shall utilize a variety of approaches, including, but not limited to, correspondence, annual workshops for credential analysts, a credential handbook, a waiver handbook, the commission website, and special telephone, fax, and e-mail lines for school districts and county offices of education. Additionally, the commission shall provide local education agencies with information about waiver requests including specific timelines, key steps, and appeal rights.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to improve the educational instruction of pupils which is being adversely affected by the present severe shortage of credentialed teachers and the limitation imposed by the operation of a current regulation adopted by the Commission on Teacher Credentialing, it is necessary that this act take effect immediately.

CHAPTER 401

An act to amend Section 25160.1 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 25160.1 of the Health and Safety Code is amended to read:

25160.1. (a) The department shall revise the hazardous waste code identification system established in Appendix XII of Chapter 11 (commencing with Section 66261.1) of Division 4.5 of Title 22 of the California Code of Regulations. The revised hazardous waste code identification system shall meet the requirements of subdivision (b).

(b) The revised hazardous waste code identification system adopted pursuant to subdivision (a) shall meet all of the following requirements:

(1) RCRA hazardous wastes shall be identified by the same hazardous waste code identification designations that are given to those hazardous wastes by the RCRA hazardous waste code system adopted pursuant to the federal act.

(2) Non-RCRA hazardous wastes shall be identified by hazardous waste code identification designations that are consistent with the federal waste code identification designations and shall be based on the criteria that causes the waste to be regulated as a hazardous waste in this state. The identification code system shall not require the

hazardous wastes subject to this paragraph to be identified by a RCRA hazardous waste code identification.

(3) Notwithstanding the requirements of paragraphs (1) and (2), the department may propose and adopt additional modifications to the hazardous waste code identification system if the department determines that those additional modifications are necessary and essential to provide any one of the following:

(A) Significant benefit to the protection of human health or the environment.

(B) Significant benefit to compliance and enforcement activities.

(C) Significant additional assurance that hazardous wastes are properly managed.

(c) To facilitate implementation of the revised hazardous waste code identification system adopted pursuant to this section, the department shall do all of the following:

(1) Determine an operative date for the regulations establishing the revised hazardous waste code identification system in order to allow for a reasonable transition period, which shall not exceed three years after the date the revised waste code regulations are adopted. If the department determines, prior to the end of that three-year period, that additional time is necessary for the new waste code system to become operative, the department may revise the regulations to extend the transition period and the operative date for up to an additional two years.

(2) Adopt a regulatory procedure for the amendment of existing permits, registrations, licenses, certifications, and other authorizations that have been issued by the department to allow the revised hazardous waste code identification system to be used by facilities with existing authorizations that refer to, or incorporate, the old hazardous waste code identification system, subject to all of the following limitations:

(A) The regulatory procedure will not change the type or amount of hazardous waste that persons are authorized to treat, store, transfer, dispose of, or otherwise handle in accordance with this chapter.

(B) To the extent consistent with the federal act, the regulatory procedure will not require individual modification to individual facility permits, registrations, licenses, certifications, or other authorizations solely for the purpose of reflecting the revised hazardous waste code identification system.

(C) The regulatory procedure for the amendment of existing permits, registrations, licenses, certifications, or other authorizations shall apply to all applicable facilities on the operative date of the revised hazardous waste code identification system, as determined by the department pursuant to paragraph (1) of subdivision (c).

(3) Conduct a public education, outreach, and notification program to ensure that users of the hazardous waste code

identification system are reasonably notified of and understand the changes made to the system pursuant to this section.

CHAPTER 402

An act relating to community colleges.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In 1986, Assembly Bill 3049 of the 1985–86 Regular Session (Chapter 1465 of the Statutes of 1986) called for a comprehensive review of community college financing based on the reform proposals of the Commission for Review of the Master Plan for Higher Education. The recommendations of the review were transmitted by the Chancellor of the California Community Colleges to the Legislature in 1987, and were subsequently adopted in Assembly Bill 1725 of the 1987–88 Regular Session (Chapter 973 of the Statutes of 1988).

(b) That review resulted in a restructuring of the community college financing system, aimed at making it more consistent with the status and role of the colleges as postsecondary institutions. The new structure was based on a program-based funding formula that weighed various categories, such as instruction, instructional services, student services, maintenance and operations, and institutional support. In addition, multicollege district and small district factors were considered in funding formulas, as well as equalization funding for districts below the program-based funding standards.

(c) After a decade of experience, it is appropriate to review the funding structure in order to ensure that it provides access to high-quality educational services to California students irrespective of the college or district at which they are enrolled. To that end, the Chancellor of the California Community Colleges has convened a broad-based task force on community college funding formulas to address issues related to program-based funding, enrollment growth, equalization, cost-of-living adjustments, and noncredit instruction. For example, the task force will consider whether districts with significant underserved adult populations receive appropriate weight in enrollment growth allocation formulas.

SEC. 2. Notwithstanding Section 7550.5 of the Government Code, the Board of Governors of the California Community Colleges shall report to the Legislature and the Governor on community

college financing. In preparing the report, the board of governors shall consider issues regarding program-based funding criteria, the enrollment growth funding formula, the equalization funding formula, the cost-of-living adjustment, and funding formulas for noncredit instruction. The board of governors shall attempt to provide this report to the Legislature and the Governor on or before January 15, 2000. The report shall identify any budgetary changes or statutory modifications necessary to accomplish the recommendations of the board of governors.

CHAPTER 403

An act to amend Section 2089 of the Business and Professions Code, to add Section 1254.7 to the Health and Safety Code, relating to the healing arts.

[Approved by Governor September 15, 1999. Filed with Secretary of State September 15, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 2089 of the Business and Professions Code is amended to read:

The total number of hours of all courses shall consist of a minimum of 4,000 hours. At least 80 percent of actual attendance shall be required. (c) The requirement that an applicant successfully complete a medical curriculum that provides instruction in pain management and end-of-life care shall only apply to a person entering medical school on or after June 1, 2000.

SEC. 2. Section 1254.7 is added to the Health and Safety Code, to read:

1254.7. (a) It is the intent of the Legislature that pain be assessed and treated promptly, effectively, and for as long as pain persists.

(b) Every health facility licensed pursuant to this chapter shall, as a condition of licensure, include pain as an item to be assessed at the same time as vital signs are taken. The health facility shall ensure that pain assessment is performed in a consistent manner that is appropriate to the patient. The pain assessment shall be noted in the patient's chart in a manner consistent with other vital signs.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 404

An act to amend Section 18979 of the Government Code, and to amend Section 891 of, and to repeal Section 891 of, the Military and Veterans Code, relating to veterans.

The people of the State of California do enact as follows:

SECTION 1. Section 18979 of the Government Code is amended to read:

(c) A person who does not meet the criteria specified in subdivision (a) shall not be appointed to the position of disabled veterans' outreach program representative.

SEC. 2. Section 891 of the Military and Veterans Code, as amended by Section 1 of Chapter 822 of the Statutes of 1996, is amended to read:

891. (a) A dependent of a veteran applying for aid under this article shall be over 14 years of age or shall have entered the ninth grade, and shall be a native of or shall have lived in this state for five of the nine years immediately preceding the date that the application is filed.

[Approved by Governor September 16, 1999. Filed with Secretary of State September 16, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5.2 (commencing with Section 8333) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 5.2. GRANT INFORMATION ACT OF 1999

8333. This chapter shall be known and may be cited as the Grant Information Act of 1999. All state agencies that have Internet websites shall implement to the best of their ability this act in a manner that is consistent with the statewide strategy for electronic commerce as established by the Department of Information Technology.

8334. (a) State agencies may make available on the Internet a listing of all grants administered by that agency, which shall provide instructions on filing grant applications electronically, or on the manner in which to download, complete, and mail grant applications to the state agency, or both, consistent with whichever method the agency establishes for the filing of grant applications.

CHAPTER 407

(10) Any person licensed as a residential mortgage lender or servicer when acting under the authority of that license.

(b) Persons described in paragraph (1), (2), or (3), as follows, are exempt from the provisions of subdivisions (d) and (e) of Section 10131 or Section 10131.1 with respect to the collection of payments or performance of services for lenders or on notes of owners in

connection with loans secured directly or collaterally by liens on real property:

SEC. 2. Section 50704 of the Financial Code is repealed.

SEC. 3. Section 50707 of the Financial Code is amended to read:

50707. (a) This chapter shall remain operative until June 30, 2005, on which date it shall be repealed, unless a later enacted statute extends or deletes that date. The purpose of this provision is to allow the Legislature to assess whether this chapter (1) increases or decreases the protections and remedies for consumers of brokerage services compared to provisions of the Real Estate Law applicable to mortgage brokerage activities; and (2) increases or decreases the cost to the state of regulating mortgage brokerage activities.

(b) On or before December 31, 1999, the Secretary of the Business, Transportation and Housing Agency shall conduct a study of the

matters referenced in subdivision (a) of this section, and deliver a report summarizing the findings of the study to both the Assembly Committee on Rules and Senate Rules Committee, which shall refer the report to appropriate policy committees. This report shall be prepared from then existing agency resources.

CHAPTER 408

An act to add Section 367.7 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 16, 1999. Filed with Secretary of State September 16, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 367.7 is added to the Public Utilities Code, to read:

367.7. (a) It is the intent of the Legislature in enacting this section to ensure that individual customers do not experience rate increases as a result of the allocation of transition costs, in accordance with paragraph (2) of subdivision (e) of Section 367.

(b) The commission shall implement a methodology whereby the Power Exchange energy credit for a customer with a meter installed on or after June 30, 2000, that is capable of recording hourly data is calculated based on the actual hourly data for that customer. The Power Exchange energy credit for a customer with a meter installed before June 30, 2000, that is capable of recording hourly data shall, at the election of the customer, on a one-time basis before June 30, 2000, be calculated based on either (1) the actual hourly data for that customer or (2) the average load profile for that customer class. If the customer fails to make an election, that customer's Power Exchange energy credit shall continue to be based on the average load profile for that customer class.

(c) Additional incremental billing costs incurred as a result of the methodology implemented by the commission pursuant to subdivision (b) may be recoverable through rates for that customer class, if the commission finds that the costs are reasonable.

(d) The methodology implemented by the commission pursuant to subdivisions (b) and (c) shall not result in any shifts in cost between customer classes and shall be consistent with the firewall provision set forth in subdivision (e) of Section 367.

CHAPTER 409

An act to add Chapter 13 (commencing with Section 2850) to Part 4 of Division 4 of the Probate Code, relating to conservatorship.

[Approved by Governor September 16, 1999. Filed with Secretary of State September 16, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 13 (commencing with Section 2850) is added to Part 4 of Division 4 of the Probate Code, to read:

CHAPTER 13. STATEWIDE REGISTRY

2850. (a) The Department of Justice shall maintain a Statewide Registry and shall make all information in the registry available to the court for any purpose, but shall otherwise be kept confidential. On request, the registry may disclose to the public whether an individual is or is not registered with the Statewide Registry. Except as otherwise provided in Section 2854, all persons who wish to serve as a conservator or guardian or who are currently serving as a conservator or guardian shall register with the Statewide Registry and shall re-register every three years thereafter.

(b) All conservators and guardians required to file information with the county clerk pursuant to Section 2340 and to register pursuant to this chapter shall file a signed declaration with the Statewide Registry. A person who signs a declaration pursuant to this subdivision asserting the truth of any material matter which he or she knows to be false is guilty of a misdemeanor punishable by imprisonment for up to one year in a county jail, or a fine of not more than two thousand dollars ($2,000), or both that fine and imprisonment. The declaration shall contain the following information:

(1) Full name.

(2) Professional name, if different from (1).

(3) Business address.

(4) Business telephone number or numbers.

(5) His or her educational background and professional experience, including verification of any college or graduate degree claimed.

(6) The names of the conservator's or guardian's current conservatees.

(7) The aggregate dollar value of all assets currently under the conservator's or guardian's supervision.

(8) Whether he or she has ever been removed for cause or resigned as conservator or guardian in a specific case, the circumstances of that removal or resignation, and the case names, court locations, and case numbers.

(c) On request, the registry may disclose to a member of the public the educational background and professional experience of a conservator or guardian registered with the Statewide Registry.

(d) The Department of Justice may charge a reasonable fee to persons registering and re-registering with the Statewide Registry for the cost of that registration. The Department of Justice shall issue a certificate of registration to each registrant.

(e) Each court clerk shall forward a copy of any complaint filed with that court, and found to be meritorious by that court, against a conservator or guardian in his or her capacity as a conservator or guardian for inclusion in the Statewide Registry. The Statewide Registry shall place any copies of those complaints in the file of that conservator or guardian.

2851. (a) A court may not appoint a person as a conservator or guardian unless that person is registered with the Statewide Registry. In appointing a person as a conservator or guardian, the court shall examine and consider the information contained in the Statewide Registry for that person.

(b) Any person serving as a conservator or guardian prior to January 1, 2000, who does not register with the Statewide Registry by either January 1, 2001, or by the date of the next required review pursuant to Section 1850, whichever is sooner, shall be removed as a conservator or guardian by the court.

2852. (a) Any person who serves as a conservator or guardian without being registered with the Statewide Registry, who commits fraud in registering, who falsely asserts that he or she is registered, or who makes false claims or representations as to the nature of his or her file contained in the registry, shall be subject to a civil penalty in the amount of two hundred dollars ($200) for the first violation and a civil penalty in the amount of five hundred dollars ($500) for each subsequent violation, to be assessed and collected in a civil action brought by the Department of Justice. All civil penalties collected shall be deposited in the General Fund. A person who lawfully delays registration pursuant to subdivision (b) of Section 2851 shall not be subject to a civil penalty for serving as a conservator or guardian without being registered until the time that subdivision (b) of Section 2851 authorizes his or her removal for failure to register.

(b) Any court that removes a conservator or guardian for cause and any court that has accepted the resignation of a conservator or guardian shall notify the Statewide Registry of that removal and the

reason therefor. The courts shall consider that information prior to the appointment of a conservator or guardian pursuant to a subsequent petition for appointment as conservator or guardian.

2853. Notwithstanding any other provision of this chapter, in cases of urgency, where circumstances and justice warrant the appointment of a conservator or guardian and time is limited, a court may appoint a person as conservator or guardian without consulting the Statewide Registry or requiring registration prior to appointment.

2854. (a) This chapter does not apply to any public conservator, public guardian, or to any conservator or guardian who is related to the conservatee or ward by blood, marriage, or adoption. This chapter does not apply to any person who is not required to file information with the county clerk pursuant to Section 2340, to any person or entity subject to the oversight of a local government, including an employee of a city, county, or city and county, or to any person or entity subject to the oversight of the state or federal government, including a supervised financial institution.

(b) This chapter does not apply to any conservator who resided in the same home with the conservatee immediately prior to the condition or event that gave rise to the necessity of a conservatorship. This subdivision does not create any order or preference of appointment, but simply exempts a conservator described by this subdivision from registration.

2855. It is the intent of the Legislature that both:

(a) Counties that provide for registration of conservators or guardians continue to do so, and that the Statewide Registry not replace county registration.

(b) Courts maintain oversight over the complaint process in order to safeguard the reputations of conservators and guardians against unfounded complaints.

2856. Any trustee may register with the Statewide Registry. It is the intent of the Legislature that trustees may register if they so desire, but that trustees are not required to register.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for

reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 410

An act to add Section 1507.3 to the Health and Safety Code, relating to care facilities.

[Approved by Governor September 16, 1999. Filed with Secretary of State September 16, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1507.3 is added to the Health and Safety Code, to read:

1507.3. (a) A residential facility that provides care to adults may obtain a waiver from the department for the purpose of allowing a resident who has been diagnosed as terminally ill by his or her physician or surgeon to remain in the facility when all of the following conditions are met:

(1) The facility agrees to retain the terminally ill resident and to seek a waiver on behalf of the individual, provided the individual has requested the waiver and is capable of deciding to obtain hospice services.

(2) The terminally ill resident has obtained the services of a hospice certified in accordance with federal medicare conditions of participation and licensed pursuant to Chapter 8 (commencing with Section 1725) or Chapter 8.5 (commencing with Section 1745).

(3) The facility, in the judgment of the department, has the ability to provide care and supervision appropriate to meet the needs of the terminally ill resident, and is in substantial compliance with regulations governing the operation of residential facilities that provide care to adults.

(4) The hospice has agreed to design and provide for care, services, and necessary medical intervention related to the terminal illness as necessary to supplement the care and supervision provided by the facility.

(5) An agreement has been executed between the facility and the hospice regarding the care plan for the resident. The care plan shall designate the primary caregiver, identify other caregivers, and outline the tasks the facility is responsible for performing and the approximate frequency with which they shall be performed. The care plan shall specifically limit the facility's role for care and supervision to those tasks authorized for a residential facility under this chapter.

(6) The facility has obtained the agreement of those residents who share the same room with the terminally ill resident to allow the hospice caregivers into their residence.

(b) At any time that the licensed hospice, the facility, or the terminally ill resident determines that the resident's condition has changed so that continued residence in the facility will pose a threat to the health and safety to the terminally ill resident or any other resident, the facility may initiate procedures for a transfer.

(c) Nothing in this section is intended to expand the scope of care and supervision for a residential facility, as defined in this chapter, that provides care to adults nor shall a facility be required to alter or extend its license in order to retain a terminally ill resident as authorized by this section.

(d) Nothing in this section shall require any care or supervision to be provided by the residential facility beyond that which is permitted in this chapter.

(e) Nothing in this section is intended to expand the scope of life care contracts or the contractual obligation of continuing care retirement communities as defined in Section 1771.

(f) The department shall not be responsible for the evaluation of medical services provided to the resident by the hospice and shall have no liability for the independent acts of the hospice.

(g) The department, in consultation with the State Fire Marshal, shall develop and expedite implementation of regulations related to residents who have been diagnosed as terminally ill who remain in the facility and who are nonambulatory that ensure resident safety but also provide flexibility to allow residents to remain in the least restrictive environment.

(h) Nothing in this section shall be construed to relieve a licensed residential facility that provides care to adults of its responsibility, for purposes of allowing a resident who has been diagnosed as terminally ill to remain in the facility, to do both of the following:

(1) With regard to any resident who is bedridden, as defined in subdivision (b) of Section 1569.72, to, within 48 hours of the resident's retention in the facility, notify the local fire authority with jurisdiction in the bedridden resident's location of the estimated length of time the resident will retain his or her bedridden status in the facility.

(2) Secure a fire clearance approval from the city or county fire department, fire district, or any other local agency providing fire protection services, or the State Fire Marshal, whichever has primary fire protection jurisdiction.

CHAPTER 411

An act to amend Section 680 of the Business and Professions Code, relating to certified nurse assistants.

[Approved by Governor September 16, 1999. Filed with Secretary of State September 16, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 680 of the Business and Professions Code is amended to read:

680. (a) Except as otherwise provided in this section, a health care practitioner shall disclose, while working, his or her name and practitioner's license status, as granted by this state, on a name tag in at least 18-point type. A health care practitioner in a practice or an office, whose license is prominently displayed, may opt to not wear a name tag. If a health care practitioner or a licensed clinical social worker is working in a psychiatric setting or in a setting that is not licensed by the state, the employing entity or agency shall have the discretion to make an exception from the name tag requirement for individual safety or therapeutic concerns. In the interest of public safety and consumer awareness, it shall be unlawful for any person to use the title "nurse" in reference to himself or herself and in any capacity, except for an individual who is a registered nurse, or a licensed vocational nurse, or as otherwise provided in Section 2800. Nothing in this section shall prohibit a certified nurse assistant from using his or her title.

(b) Facilities licensed by the State Department of Social Services, the State Department of Mental Health, or the State Department of Health Services, shall develop and implement policies to ensure that health care practitioners providing care in those facilities are in compliance with subdivision (a). The State Department of Social Services, the State Department of Mental Health, and the State Department of Health Services shall verify through periodic inspections that the policies required pursuant to subdivision (a) have been developed and implemented by the respective licensed facilities.

(c) For purposes of this article, "health care practitioner" means any person who engages in acts that are the subject of licensure or regulation under this division or under any initiative act referred to in this division.

CHAPTER 412

An act to amend Section 2955.5 of the Civil Code, relating to hazard insurance.

[Approved by Governor September 16, 1999. Filed with Secretary of State September 16, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 2955.5 of the Civil Code is amended to read:

2955.5. (a) No lender shall require a borrower, as a condition of receiving or maintaining a loan secured by real property, to provide hazard insurance coverage against risks to the improvements on that real property in an amount exceeding the replacement value of the improvements on the property.

(b) A lender shall disclose to a borrower, in writing, the contents of subdivision (a), as soon as practicable, but before execution of any note or security documents.

(c) Any person harmed by a violation of this section shall be entitled to obtain injunctive relief and may recover damages and reasonable attorney's fees and costs.

(d) A violation of this section does not affect the validity of the loan, note secured by a deed of trust, mortgage, or deed of trust.

(e) For purposes of this section:

(1) "Hazard insurance coverage" means insurance against losses caused by perils which are commonly covered in policies described as a "Homeowner's Policy," "General Property Form," "Guaranteed Replacement Cost Insurance," "Special Building Form," "Standard Fire," "Standard Fire with Extended Coverage," "Standard Fire with Special Form Endorsement," or comparable insurance coverage to protect the real property against loss or damage from fire and other perils covered within the scope of a standard extended coverage endorsement.

(2) "Improvements" means buildings or structures attached to the real property.

SEC. 2. Section 1 of this bill shall become operative on July 1, 2000.

CHAPTER 413

An act to amend Section 779.36 of the Insurance Code, relating to credit insurance.

[Approved by Governor September 16, 1999. Filed with Secretary of State September 16, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 779.36 of the Insurance Code is amended to read:

779.36. (a) The commissioner shall adopt regulations that become effective no later than January 1, 2001, specifying prima facie

rates based upon presumptive loss ratios, with rates which would be expected to result in a target loss ratio of 60 percent, or any other loss ratio as may be dictated after applying the factors contained in this subdivision, for each class of credit disability, credit unemployment, credit property, and credit life insurance. The prima facie rates shall be based upon loss experience filed with the commissioner, aggregated by class.

If any rate established under the commissioner's ratemaking authority produces actual loss ratios that are lower than the presumptive loss ratio, prospective rates may be adjusted, but no retroactive refunds shall be required. In order to provide insurers an opportunity to earn a fair and reasonable rate of return, the commissioner in the ratemaking process shall consider the following factors: acquisition costs, including commissions and other forms of compensation, expenses, profits, loss ratios, reserves, and other reasonable actuarial considerations.

(b) The commissioner shall provide for rate deviations. Upward and downward deviations shall be considered by the commissioner upon initiation by the department, or at the insurer's request at the time of review of annual experience reports filed by insurers, or as provided by regulations pursuant to Section 779.21. Requested deviation rates shall be deemed approved if not disapproved within 120 days after submission to the department for approval. Creditor and agent compensation shall be based upon the prima facie rate, and shall not be affected by a deviated rate pursuant to this subdivision. This subdivision does not prohibit an insurer from paying compensation that is less than the prima facie rate.

(c) The commissioner shall adopt regulations that become effective no later than January 1, 2001, specifying prima facie rates based upon presumptive loss ratios, with rates which would be expected to result in a target loss ratio of 60 percent, or any other loss ratio as may be dictated after applying the factors contained in this subdivision, for each class of joint life insurance, joint disability insurance, joint credit unemployment insurance, and joint credit property insurance. Those rates shall be expressed as a multiple of the prima facie rate for each class of insurance subject to subdivision (a), and shall be based upon loss experience filed with the commissioner, aggregated by class.

If any rate established under the commissioner's ratemaking authority produces actual loss ratios that are lower than the presumptive loss ratio, prospective rates may be adjusted, but no retroactive refunds shall be required. (c) A member of the Department of the California Highway Patrol may direct a responsible party to remove the aggregate material described in subdivision (d) of Section 23114 from a highway when that material has escaped or been released from a vehicle.

(d) Notwithstanding any other provision of law, a government agency described in subdivision (b), the Department of the California Highway Patrol, or the employees or officers of those agencies, may not be held liable for any damage to material, to cargo, or to personal property caused by a negligent act or omission of the employee or officer when the employee or officer is acting within the scope and purpose of subdivision (b) or (c). CHAPTER 425

An act to add and repeal Article 3.7 (commencing with Section 15346) of Chapter 1 of Part 6.7 of Division 3 of Title 2 of the Government Code, relating to defense conversion.

[Approved by Governor September 16, 1999. Filed with Secretary of State September 16, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Article 3.7 (commencing with Section 15346) is added to Chapter 1 of Part 6.7 of Division 3 of Title 2 of the Government Code, to read:

Article 3.7. California Defense Retention and Conversion Act of 1999

15346. This article shall be known and may be cited as the California Defense Retention and Conversion Act of 1999.

15346.1. The Legislature finds and declares as follows:

(a) For over half a century, California's industries, universities, businesses, and workers have contributed to our nation's defense, utilizing their capital, talents, and skills to develop and bring to production important new technologies and advanced weapons systems, aircraft, and missiles.

(b) Defense spending in California peaked at sixty billion dollars ($60,000,000,000) in 1988. Since then, it has decreased by 16 percent with the resulting loss of 126,000 jobs. The Commission on State Finance projected a further 22 percent reduction to thirty-seven billion dollars ($37,000,000,000) in 1997, with a loss of another 81,000 jobs. California is expected to experience the most severe impact of defense cuts since 1994.

(c) California has experienced four rounds of base closures resulting in the closure or realignment of 29 bases since 1988. Additional bases may be considered for closure in future closure rounds.

(d) California lost more federal payroll jobs from its 29 military base closures under rounds one to four, inclusive, than all of the rest of the states put together. The reduced military payroll, including military and civilian employees, in California is approximately 101,000 jobs. About 300,000 private sector defense industry jobs in California have been lost.

(e) California needs a focused, coordinated defense retention and conversion program within the state in order to protect the existing defense installations and facilities within the state and to assist those communities that have experienced an installation's closing.

(f) Currently, there are over 300,000 active duty and civilian defense personnel in California.

(g) The direct Department of Defense expenditures in California are over thirty billion dollars ($30,000,000,000) for employees, contracts, and capital investment.

(h) California has over 36 major and 25 minor active military installations.

(i) The Department of Defense pays ten million dollars ($10,000,000) annually in fees, permits, and licenses within the state.

(j) Having been the leader in the nation's defense effort, the state must now also assume the role as leader in defending existing military installations within its borders. That role will require a coordinated effort to ensure that California promotes the necessity of existing defense facilities, assist local governments and organizations in planning retention efforts, and design and implement a single unified plan for active defense retention efforts on the federal level.

(k) It is the intent of the Legislature that the state's role in defense retention, conversion, and military base reuse be consolidated in the Trade and Commerce Agency.

15346.2. The Legislature recognizes the potential for federal legislation to close additional military installations nationwide. In an effort to be proactive in retaining these facilities within California that are necessary for the defense of the nation and to provide for a single, focused defense of these installations, the California Defense Retention and Conversion Council is hereby created in the Trade and Commerce Agency.

15346.3. The California Defense Retention and Conversion Council shall consist of the following members, who shall be appointed as follows:

(a) The Governor shall have 11 appointees, who may include, but are not limited to, the following:

(1) The Secretary of Trade and Commerce, or his or her designee.

(2) The Secretary of Environmental Protection, or his or her designee.

(3) The Director of Employment Development, or his or her designee.

(5) The Director of the Energy Resources, Conservation and Development Commission, or his or her designee.

(6) The Director of Transportation, or his or her designee.

(7) The Director of the Employment Training Panel, or his or her designee.

(8) The Secretary of Resources, or his or her designee.

(9) A member who is an elected public official from local government representing a community with an active defense installation.

(10) A member who is an elected public official from local government representing a community with a closed defense installation.

(11) A public member selected at large.

(b) The Speaker of the Assembly shall have two appointees who may include, but are not limited to, members representing labor, business, or local government.

(c) The Senate Committee on Rules shall have two appointees who may include, but are not limited to, members representing labor, business, or local government.

(d) Nonvoting members, to consist of all of the following:

(1) At his or her option, the President of the University of California, or his or her designee.

(2) The Chancellor of the California State University, or his or her designee.

(3) The Chancellor of the California Community Colleges, or his or her designee.

(4) The Speaker of the Assembly, or his or her designee.

(5) The President pro Tempore of the Senate, or his or her designee.

(6) A representative from each branch of the United States Armed Forces within California, appointed by the Governor.

15346.4. (a) The members of the council shall elect a member to be the chairperson of the council.

(b) The Office of Military Base Retention shall provide staff support to the council.

(c) It shall be the purpose of the council to provide a central clearinghouse for all defense retention, conversion, and base reuse activities in the state.

15346.5. The council shall do all of the following:

(a) Develop and recommend to the Governor and the Legislature a strategic plan for state and local defense retention and conversion efforts. The plan shall address the state's role in assisting communities with potential base closures and those impacted by previous closures. The council may coordinate with other state agencies, local groups, and interested organizations on this strategic plan to retain current Department of Defense installations, facilities, bases, and related civilian activities. The opportunity shall be provided for public review and comments on the strategic plan prior to submission to the Governor and the Legislature. Notwithstanding Section 7550.5, the plan shall be submitted to the Governor and the Legislature on or before December 1, 2000.

(b) Conduct outreach to entities and parties involved in defense retention and conversion across the state and provide a network to facilitate assistance and coordination for all defense retention and conversion activities within the state.

(c) Help develop and coordinate state retention advocacy efforts on the federal level.

(d) (1) Conduct an evaluation of existing state retention and conversion programs and provide the Legislature recommendations on the continuation of existing programs, including, but not limited to, the possible elimination or alteration of those programs. Notwithstanding Section 7550.5, this evaluation shall be transmitted to the Legislature on or before November 1, 2000, and again on or before November 1, 2003.

(2) The council may provide recommendations to the Legislature on the necessity of new programs for defense retention and adequate funding levels.

(e) Utilize and update the plan prepared by the Defense Conversion Council as it existed on December 31, 1998, to minimize California's loss of bases and jobs in future rounds of base closures. This plan shall include, but not be limited to, all of the following:

(1) Identification of major installations in California.

(2) Determination of how best to defend existing bases and base employment in this state.

(3) Coordination with communities that may face base closures.

(4) Development of data and analyses on bases in this state.

(5) Coordination with the congressional delegation, the Legislature, and the Governor. With the consent of the appropriate authority, the council may temporarily borrow technical, policy, and administrative staff from other state agencies, including the Legislature.

(f) Where funds and resources are available, the council may undertake all of the following activities:

(1) Provide a central clearinghouse for all base retention or conversion assistance activities, including, but not limited to, employee training programs and regulation review and permit streamlining.

(2) Provide technical assistance to communities with potential or existing base closure activities.

(3) Provide a central clearinghouse for all defense retention and conversion funding, regulations, and application procedures for federal or state grants.

(4) Serve as a central clearinghouse for input and information, including needs, issues, and recommendations from businesses, industry representatives, labor, local government, and communities relative to retention and conversion efforts.

(5) Identify available state and federal resources to assist businesses, workers, communities, and educational institutions that may have a stake in retention and conversion activities.

(6) Provide one-stop coordination, maintain and disseminate information, standardize state endorsement procedures, and develop fast-track review procedures for proposals seeking state funds to match federal defense conversion funding programs.

(7) Maintain and establish data bases in such fields as defense-related companies, industry organization proposals for the state and federal defense industry, community assistance, training, and base retention, and provide electronic access to the data bases.

15346.8. (a) The council shall meet at the times and in places it deems necessary, but no less than once a quarter. Whenever possible, meetings shall be held in Sacramento in state facilities.

(b) Under no circumstances shall the council permit absentee or proxy voting at any of its proceedings. However, a vote by a designee, as provided in paragraphs (1) to (8), inclusive, of subdivision (a), and paragraphs (1) to (5), inclusive, of subdivision (d), of Section 15346.3,

shall not be construed to be an absentee or proxy vote under this subdivision.

(c) Council members may receive reimbursement for travel costs directly related to council attendance if funding is available.

(d) The council shall apply for grants and may seek contributions from private industry to fund its operations.

(e) The council shall actively solicit and accept funds from industry, foundations, or other sources to promote and fund research and development of dual technologies, to identify alternative applications of military technologies, to initiate market research for identifying possible defense conversion products, to establish worker and business training programs, and to operate pilot projects to evaluate and demonstrate useful approaches. These efforts should be coordinated with the regional technology alliances.

15346.9. In addition to the duties specified in Section 15346.5, the council shall do all of the following:

(a) At the request of a council member, the council may review actions or programs by state agencies that may affect military base retention and reuse and offer comments or suggest changes to better integrate these actions or programs into the overall state strategic plan required pursuant to subdivision (a) of Section 15346.5.

(b) The council shall prepare a study considering strategies for the long-term protection of lands adjacent to military bases from development that would be incompatible with the continuing missions of those bases. The study shall include the effects of local land use encroachment, environmental impact considerations, and population growth issues. The study shall recommend basic criteria to assist local governments in identifying lands where incompatible development may adversely impact the long-term missions of these bases. The study shall also identify potential mechanisms, including recommendations for changes in law at the local or state level, to address these issues. In conducting this study, the council may use the Naval Air Station at Lemoore and Edwards Air Force Base as case studies.

The council shall hold public hearings on this study, including at least one in the vicinity of either Lemoore or Edwards. Notwithstanding Section 7550.5, the council shall prepare and submit to the Governor and the Legislature by November 30, 2000, a report on this study with any recommendations.

15346.10. The Trade and Commerce Agency, with input and assistance from the council, shall establish a Defense Retention Grant Program to grant funds to communities with military bases to assist them in developing a retention strategy. The agency may use grant criteria similar to those for existing defense conversion grant programs as a basis for developing the new grant program. To discourage multiple grant applications for individual defense installations in a region, the criteria shall be drafted to encourage a single application for grant funds to develop, where appropriate, a

single, regional defense retention strategy. The structure, requirements, administration, and funding procedures of the grant program shall be submitted to the Legislature for review at least 90 days prior to making the first grant disbursement. The agency may make no grant award without the local community providing at least 50 percent or more in matching funds or in-kind services.

15346.12. The Trade and Commerce Agency shall adopt regulations to implement the programs authorized in this chapter. The agency shall adopt these regulations as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1, and for purposes of that chapter, including Section 11349.6, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall be repealed within 180 days after their effective date, unless the agency complies with Chapter 3.5 (commencing with Section 11340) of Part 1 as provided in subdivision (e) of Section 11346.1.

15346.13. This chapter shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

The commissioner shall biennially approve or disapprove the course outlines and schedule of classes to be provided.

(c) The statewide professional organization or other providers responsible for providing education for licensure under this chapter shall consult with the California State Sheriffs' Association, the California District Attorneys Association, the California Advisory Board of Surety Agents, and the California Bail Agents Association, prior to submission of the course outlines for approval by the commissioner. The bail license fee shall be increased, the amount of which shall be determined by the commissioner, which shall be deposited in the Insurance Fund for the purposes of recovering the administrative costs for meeting the conditions and purposes of this section. Providers of education or continuing education shall offer courses to all applicants at the same course fees.

(d) Any person who falsely represents to the commissioner that compliance with this section has been met shall be subject, after notice and hearing, to the penalties and fines set out in Section 1814.

(e) A licensee shall not be required to comply with the continuing education requirements of this section if the licensee submits proof satisfactory to the commissioner that he or she has been a licensee in good standing for 30 continuous years in this state and is 70 years of age or older.

(f) The commissioner may make reasonable rules and regulations necessary, advisable, and convenient for the administration and enforcement of this chapter.

(c) This section shall not preclude an individual authorized by Section 1299.02 to apprehend a bail fugitive from making or attempting to make a lawful arrest of a bail fugitive on bond pursuant to Section 1300 or 1301. The fact that a bench warrant is not located or entered into a warrant depository or system shall not affect a lawful arrest of the bail fugitive.

(d) For the purposes of this section, notice may be provided to a local law enforcement agency by telephone prior to the arrest or, after the arrest has taken place, if exigent circumstances exist. In that case the name or operator number of the employee receiving the notice information shall be obtained and retained by the bail, depositor of bail, or bail fugitive recovery person.

SECTION 1. Section 13848.7 of the Penal Code is amended to read:

1633.2. In this title the following terms have the following definitions:

(a) "Agreement" means the bargain of the parties in fact, as found in their language or inferred from other circumstances and from rules, regulations, and procedures given the effect of agreements under laws otherwise applicable to a particular transaction.

(o) "Transaction" means an action or set of actions occurring between two or more persons relating to the conduct of business, commercial, or governmental affairs.

1633.3. (a) Except as otherwise provided in subdivisions (b) and (c), this title applies to electronic records and electronic signatures relating to a transaction.

(b) This title does not apply to transactions subject to the following laws:

(1) A law governing the creation and execution of wills, codicils, or testamentary trusts.

(2) Division 1 (commencing with Section 1101) of the Uniform Commercial Code, except Sections 1107 and 1206.

of, or Section 3071.5 of, the Civil Code, subdivision (b) of Section 18608 or Section 22328 of the Financial Code, Section 1358.15, 1365, 1368.01, 1368.1, 1371, or 18035.5 of the Health and Safety Code, Section 658, 662, 663, 664, 666, 667.5, 673, 677, 678, 678.1, 786, 10083, 10086, 10087, 10102, 10113.7, 10127.7, 10127.9, 10127.10, 10197, 10199.44, 10199.46, 10235.16, 10235.40, 10509.4, 10509.7, 11624.09, or 11624.1 of the Insurance Code, Section 779.1, 10010.1, or 16482 of the Public Utilities Code, or Section 9975 or 11738 of the Vehicle Code. An electronic record may not be substituted for any notice that is required to be sent pursuant to Section 1162 of the Code of Civil Procedure. Nothing in this subdivision shall be construed to prohibit the recordation of any document with a county recorder by electronic means.

(d) This title applies to an electronic record or electronic signature otherwise excluded from the application of this title under subdivision (b) when used for a transaction subject to a law other than those specified in subdivision (b).

(e) A transaction subject to this title is also subject to other applicable substantive law.

(f) The exclusion of a transaction from the application of this title under subdivision (b) or (c) shall be construed only to exclude the transaction from the application of this title, but shall not be construed to prohibit the transaction from being conducted by electronic means if the transaction may be conducted by electronic means under any other applicable law.

1633.4. This title applies to any electronic record or electronic signature created, generated, sent, communicated, received, or stored on or after January 1, 2000.

1633.5. (a) This title does not require a record or signature to be created, generated, sent, communicated, received, stored, or otherwise processed or used by electronic means or in electronic form.

(b) This title applies only to a transaction between parties each of which has agreed to conduct the transaction by electronic means. Whether the parties agree to conduct a transaction by electronic means is determined from the context and surrounding circumstances, including the parties' conduct. Except for a separate and optional agreement the primary purpose of which is to authorize a transaction to be conducted by electronic means, an agreement to conduct a transaction by electronic means may not be contained in a standard form contract that is not an electronic record. An agreement in such a standard form contract may not be conditioned upon an agreement to conduct transactions by electronic means. An agreement to conduct a transaction by electronic means may not be inferred solely from the fact that a party has used electronic means to pay an account or register a purchase or warranty. This subdivision may not be varied by agreement.

(c) A party that agrees to conduct a transaction by electronic means may refuse to conduct other transactions by electronic means. If a seller sells goods or services by both electronic and nonelectronic means and a buyer purchases the goods or services by conducting the transaction by electronic means, the buyer may refuse to conduct further transactions regarding the goods or services by electronic means. This subdivision may not be varied by agreement.

(d) Except as otherwise provided in this title, the effect of any of its provisions may be varied by agreement. The presence in certain provisions of this title of the words "unless otherwise agreed," or words of similar import, does not imply that the effect of other provisions may not be varied by agreement.

1633.6. This title shall be construed and applied according to all of the following:

(1) To facilitate electronic transactions consistent with other applicable law.

(2) To be consistent with reasonable practices concerning electronic transactions and with the continued expansion of those practices.

(3) To effectuate its general purpose to make uniform the law with respect to the subject of this title among states enacting it.

1633.7. (a) A record or signature may not be denied legal effect or enforceability solely because it is in electronic form.

(b) A contract may not be denied legal effect or enforceability solely because an electronic record was used in its formation.

(c) If a law requires a record to be in writing, an electronic record satisfies the law.

(d) If a law requires a signature, an electronic signature satisfies the law.

1633.8. (a) If parties have agreed to conduct a transaction by electronic means and a law requires a person to provide, send, or deliver information in writing to another person, that requirement is satisfied if the information is provided, sent, or delivered, as the case may be, in an electronic record capable of retention by the recipient at the time of receipt. An electronic record is not capable of retention by the recipient if the sender or its information processing system inhibits the ability of the recipient to print or store the electronic record.

(b) If a law other than this title requires a record to be posted or displayed in a certain manner, to be sent, communicated, or transmitted by a specified method, or to contain information that is formatted in a certain manner, all of the following rules apply:

(1) The record shall be posted or displayed in the manner specified in the other law.

(2) Except as otherwise provided in paragraph (2) of subdivision (d), the record shall be sent, communicated, or transmitted by the method specified in the other law.

(3) The record shall contain the information formatted in the manner specified in the other law.

(c) If a sender inhibits the ability of a recipient to store or print an electronic record, the electronic record is not enforceable against the recipient.

(d) The requirements of this section may not be varied by agreement, except as follows:

(1) To the extent a law other than this title requires information to be provided, sent, or delivered in writing but permits that requirement to be varied by agreement, the requirement under subdivision (a) that the information be in the form of an electronic record capable of retention may also be varied by agreement.

(2) A requirement under a law other than this title to send, communicate, or transmit a record by first-class mail may be varied by agreement to the extent permitted by the other law.

1633.9. (a) An electronic record or electronic signature is attributable to a person if it was the act of the person. The act of the person may be shown in any manner, including a showing of the efficacy of any security procedure applied to determine the person to which the electronic record or electronic signature was attributable.

(b) The effect of an electronic record or electronic signature attributed to a person under subdivision (a) is determined from the context and surrounding circumstances at the time of its creation, execution, or adoption, including the parties' agreement, if any, and otherwise as provided by law.

1633.10. If a change or error in an electronic record occurs in a transmission between parties to a transaction, the following rules apply:

(1) If the parties have agreed to use a security procedure to detect changes or errors and one party has conformed to the procedure, but the other party has not, and the nonconforming party would have detected the change or error had that party also conformed, the conforming party may avoid the effect of the changed or erroneous electronic record.

(2) In an automated transaction involving an individual, the individual may avoid the effect of an electronic record that resulted from an error made by the individual in dealing with the electronic agent of another person if the electronic agent did not provide an opportunity for the prevention or correction of the error and, at the time the individual learns of the error, all of the following conditions are met:

(i) The individual promptly notifies the other person of the error and that the individual did not intend to be bound by the electronic record received by the other person.

(ii) The individual takes reasonable steps, including steps that conform to the other person's reasonable instructions, to return to the other person or, if instructed by the other person, to destroy the

consideration received, if any, as a result of the erroneous electronic record.

(iii)The individual has not used or received any benefit or value from the consideration, if any, received from the other person.

(3) If neither paragraph (1) nor (2) applies, the change or error has the effect provided by other law, including the law of mistake, and the parties' contract, if any.

(4) Paragraphs (2) and (3) may not be varied by agreement.

1633.11. (a) If a law requires that a signature be notarized, the requirement is satisfied with respect to an electronic signature if an electronic record includes, in addition to the electronic signature to be notarized, the electronic signature of a notary public together with all other information required to be included in a notarization by other applicable law.

(b) In a transaction, if a law requires that a statement be signed under penalty of perjury, the requirement is satisfied with respect to an electronic signature, if an electronic record includes, in addition to the electronic signature, all of the information as to which the declaration pertains together with a declaration under penalty of perjury by the person who submits the electronic signature that the information is true and correct.

1633.12. (a) If a law requires that a record be retained, the requirement is satisfied by retaining an electronic record of the information in the record, if the electronic record reflects accurately the information set forth in the record at the time it was first generated in its final form as an electronic record or otherwise, and the electronic record remains accessible for later reference.

(b) A requirement to retain a record in accordance with subdivision (a) does not apply to any information the sole purpose of which is to enable the record to be sent, communicated, or received.

(c) A person may satisfy subdivision (a) by using the services of another person if the requirements of subdivision (a) are satisfied.

(d) If a law requires a record to be retained in its original form, or provides consequences if the record is not retained in its original form, that law is satisfied by an electronic record retained in accordance with subdivision (a).

(e) If a law requires retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with subdivision (a).

(f) A record retained as an electronic record in accordance with subdivision (a) satisfies a law requiring a person to retain a record for evidentiary, audit, or like purposes, unless a law enacted after the effective date of this title specifically prohibits the use of an electronic record for a specified purpose.

(g) This section does not preclude a governmental agency from specifying additional requirements for the retention of a record subject to the agency's jurisdiction.

1633.13. In a proceeding, evidence of a record or signature may not be excluded solely because it is in electronic form.

1633.14. (a) In an automated transaction, the following rules apply:

(1) A contract may be formed by the interaction of electronic agents of the parties, even if no individual was aware of or reviewed the electronic agents' actions or the resulting terms and agreements.

(2) A contract may be formed by the interaction of an electronic agent and an individual, acting on the individual's own behalf or for another person, including by an interaction in which the individual performs actions that the individual is free to refuse to perform and which the individual knows or has reason to know will cause the electronic agent to complete the transaction or performance.

(b) The terms of the contract are determined by the substantive law applicable to it.

1633.15. (a) Unless the sender and the recipient agree to a different method of sending that is reasonable under the circumstances, an electronic record is sent when the information is addressed properly or otherwise directed properly to the recipient and either (1) enters an information processing system outside the control of the sender or of a person that sent the electronic record on behalf of the sender, or (2) enters a region of an information processing system that is under the control of the recipient.

(b) Unless the sender and the recipient agree to a different method of receiving that is reasonable under the circumstances, an electronic record is received when the electronic record enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent, in a form capable of being processed by that system, and from which the recipient is able to retrieve the electronic record.

(c) Subdivision (b) applies even if the place the information processing system is located is different from the place the electronic record is deemed to be received under subdivision (d).

(d) Unless otherwise expressly provided in the electronic record or agreed between the sender and the recipient, an electronic record is deemed to be sent from the sender's place of business and to be received at the recipient's place of business or, if the recipient is an individual acting on his or her own behalf, at the recipient's place of residence. For purposes of this subdivision, the following rules apply:

(1) If the sender or recipient has more than one place of business, the place of business of that person is the place having the closest relationship to the underlying transaction.

(2) If the sender or the recipient does not have a place of business, the place of business is the sender's or recipient's residence, as the case may be.

(e) An electronic record is received under subdivision (b) even if no individual is aware of its receipt.

(f) Receipt of an electronic acknowledgment from an information processing system described in subdivision (b) establishes that a record was received but, by itself, does not establish that the content sent corresponds to the content received.

(g) If a person is aware that an electronic record purportedly sent under subdivision (a), or purportedly received under subdivision (b), was not actually sent or received, the legal effect of the sending or receipt is determined by other applicable law. Except to the extent permitted by the other law, this subdivision may not be varied by agreement.

1633.16. If a law other than this title requires that a notice of the right to cancel be provided or sent, an electronic record may not substitute for a writing under that other law unless, in addition to satisfying the requirements of that other law and this title, the notice of cancellation may be returned by electronic means. This section may not be varied by agreement.

1633.17. No state agency, board, or commission may require, prohibit, or regulate the use of an electronic signature in a transaction in which the agency, board, or commission is not a party unless a law other than this title expressly authorizes the requirement, prohibition, or regulation.

SEC. 2. Section 18608 of the Financial Code is amended to read:

18608. (a) A premium finance agreement may contain a power of attorney or other authority enabling the company to cancel the insurance contract or contracts listed in the agreement in the event of default in the terms thereof.

(b) Upon the exercise of such a right to cancel, the company shall mail to the insured, to his or her last known address or to the address shown on the premium finance agreement at least 10 days prior to cancellation, a notice of its intent to cancel the insurance contract or contracts.

(c) The liability of a company to any person or corporation upon the exercise of such a right or authority of cancellation shall be limited to the amount of the principal balance, except in the event of willful failure by the company to mail the notice required by this section.

SECTION 1. Section 1357 of the Health and Safety Code is amended to read:

1357. As used in this article:

(a) "Dependent" means the spouse or child of an eligible employee, subject to applicable terms of the health care plan contract covering the employee, and includes dependents of guaranteed association members if the association elects to include dependents under its health coverage at the same time it determines its membership composition pursuant to subdivision (o).

(b) "Eligible employee" means either of the following:

(1) Any permanent employee who is actively engaged on a full-time basis in the conduct of the business of the small employer with a normal workweek of at least 30 hours, at the small employer's

regular places of business, who has met any statutorily authorized applicable waiting period requirements. The term includes sole proprietors or partners of a partnership, if they are actively engaged on a full-time basis in the small employer's business and included as employees under a health care plan contract of a small employer, but does not include employees who work on a part-time, temporary, or substitute basis. It includes any eligible employee as defined in this paragraph who obtains coverage through a guaranteed association. Employees of employers purchasing through a guaranteed association shall be deemed to be eligible employees if they would otherwise meet the definition except for the number of persons employed by the employer. Permanent employees who work at least 20 hours but not more than 29 hours are deemed to be eligible employees if all four of the following apply:

(A) They otherwise meet the definition of an eligible employee except for the number of hours worked.

(B) The employer offers the employees health coverage under a health benefit plan.

(C) All similarly situated individuals are offered coverage under the health benefit plan.

(D) The employee must have worked at least 20 hours per normal workweek for at least 50 percent of the weeks in the previous calendar quarter. The health care service plan may request any necessary information to document the hours and time period in question, including, but not limited to, payroll records and employee wage and tax filings.

(c) "In force business" means an existing health benefit plan contract issued by the plan to a small employer.

(d) "Late enrollee" means an eligible employee or dependent who has declined enrollment in a health benefit plan offered by a small employer at the time of the initial enrollment period provided under the terms of the health benefit plan and who subsequently requests enrollment in a health benefit plan of that small employer, provided that the initial enrollment period shall be a period of at least 30 days. It also means any member of an association that is a guaranteed association as well as any other person eligible to purchase through the guaranteed association when that person has failed to purchase coverage during the initial enrollment period provided under the terms of the guaranteed association's plan contract and who subsequently requests enrollment in the plan, provided that the initial enrollment period shall be a period of at least 30 days. However, an eligible employee, any other person eligible for coverage through a guaranteed association pursuant to subdivision (o), or dependent shall not be considered a late enrollee if any of the following is applicable:

(A) He or she was covered under another employer health benefit plan or no share-of-cost Medi-Cal coverage at the time the individual was eligible to enroll.

(B) He or she certified at the time of the initial enrollment that coverage under another employer health benefit plan or no share-of-cost Medi-Cal coverage was the reason for declining enrollment, provided that, if the individual was covered under another employer health plan, the individual was given the opportunity to make the certification required by this subdivision and was notified that failure to do so could result in later treatment as a late enrollee.

(C) He or she has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan's coverage, cessation of an employer's contribution toward an employee or dependent's coverage, death of the person through whom the individual was covered as a dependent, legal separation, divorce, or loss of no share-of-cost Medi-Cal coverage.

(D) He or she requests enrollment within 30 days after termination of coverage or employer contribution toward coverage provided under another employer health benefit plan.

(2) The employer offers multiple health benefit plans and the employee elects a different plan during an open enrollment period.

(3) A court has ordered that coverage be provided for a spouse or minor child under a covered employee's health benefit plan.

(4) (A) In the case of an eligible employee as defined in paragraph (1) of subdivision (b), the plan cannot produce a written statement from the employer stating that the individual or the person through whom the individual was eligible to be covered as a dependent, prior to declining coverage, was provided with, and signed, acknowledgment of an explicit written notice in boldface type specifying that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the individual's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion, unless the individual meets the criteria specified in paragraph (1), (2), or (3).

(B) In the case of an association member who did not purchase coverage through a guaranteed association, the plan cannot produce a written statement from the association stating that the association sent a written notice in boldface type to all potentially eligible association members at their last known address prior to the initial enrollment period informing members that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the member's later decision to elect coverage, an

exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion unless the member can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1) or paragraph (2) or (3).

(C) In the case of an employer or person who is not a member of an association, was eligible to purchase coverage through a guaranteed association, and did not do so, and would not be eligible to purchase guaranteed coverage unless purchased through a guaranteed association, the employer or person can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1), or paragraph (2) or (3), or that he or she recently had a change in status that would make him or her eligible and that application for enrollment was made within 30 days of the change.

For purposes of this section, the definition of "COBRA" set forth in subdivision (e) of Section 1373.621 shall apply.

(6) The individual is a dependent of an enrolled eligible employee who has lost or will lose his or her no share-of-cost Medi-Cal coverage and requests enrollment within 30 days after notification of this loss of coverage.

(7) The individual is an eligible employee who previously declined coverage under an employer health benefit plan and who has subsequently acquired a dependent who would be eligible for coverage as a dependent of the employee through marriage, birth, adoption, or placement for adoption, and who enrolls for coverage under that employer health benefit plan on his or her behalf, and on behalf of his or her dependent within 30 days following the date of marriage, birth, adoption, or placement for adoption, in which case the effective date of coverage shall be the first day of the month following the date the completed request for enrollment is received in the case of marriage, or the date of birth, or the date of adoption or placement for adoption, whichever applies. Notice of the special enrollment rights contained in this paragraph shall be provided by the employer to an employee at or before the time the employee is offered an opportunity to enroll in plan coverage.

(8) The individual is an eligible employee who has declined coverage for himself or herself or his or her dependents during a previous enrollment period because his or her dependents were covered by another employer health benefit plan at the time of the previous enrollment period. That individual may enroll himself or herself or his or her dependents for plan coverage during a special open enrollment opportunity if his or her dependents have lost or will lose coverage under that other employer health benefit plan. The special open enrollment opportunity shall be requested by the employee not more than 30 days after the date that the other health

coverage is exhausted or terminated. Upon enrollment, coverage shall be effective not later than the first day of the first calendar month beginning after the date the request for enrollment is received. (1) Any individual or group policy, contract, or program that is written or administered by a disability insurer, health care service plan, fraternal benefits society, self-insured employer plan, or any other entity, in this state or elsewhere, and that arranges or provides medical, hospital, and surgical coverage not designed to supplement other private or governmental plans. Plans shall be deemed

to be operating statewide if their coverage area includes 90 percent or more of the state's population. Geographic regions established pursuant to this section shall, as a group, cover the entire state, and the area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous.

(B) In determining rates for small employers, a plan that does not operate statewide shall use no more than the number of geographic regions in the state than is determined by the following formula: the population, as determined in the last federal census, of all counties that are included in their entirety in a plan's service area divided by the total population of the state, as determined in the last federal census, multiplied by nine. The resulting number shall be rounded to the nearest whole integer. No region may be smaller than an area in which the first three digits of all its ZIP Codes are in common within a county and no county may be divided into more than two regions. The area encompassed in a geographic region shall be separate and distinct from areas encompassed in other geographic regions. Geographic regions may be noncontiguous. No plan shall have less than one geographic area.

(1) Any person, firm, proprietary or nonprofit corporation, partnership, public agency, or association that is actively engaged in business or service, that, on at least 50 percent of its working days during the preceding calendar quarter or preceding calendar year, employed at least two, but no more than 50, eligible employees, the majority of whom were employed within this state, that was not formed primarily for purposes of buying health care service plan contracts, and in which a bona fide employer-employee relationship exists. In determining whether to apply the calendar quarter or calendar year test, a health care service plan shall use the test that ensures eligibility if only one test would establish eligibility. However, for purposes of subdivisions (a), (b), and (c) of Section 1357.03, the definition shall include employers with at least three eligible employees until July 1, 1997, and two eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies and that are eligible to file a combined tax return for purposes of state taxation shall be considered one employer. Subsequent to the issuance of a health care service plan contract to a small employer pursuant to this article, and for the purpose of determining eligibility, the size of a small employer shall be determined annually. Except as otherwise specifically provided in this article, provisions of this article that apply to a small employer shall continue to apply until the plan contract anniversary following the date the employer no longer meets the requirements

of this definition. It includes any small employer as defined in this paragraph who purchases coverage through a guaranteed association, and any employer purchasing coverage for employees through a guaranteed association.

The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a contract issued by a plan is with an association or a trust formed for, or sponsored by, an association to administer benefits for association members.

For purposes of this subdivision, an association formed by a merger of two or more associations after January 1, 1992, and otherwise meeting the criteria of this subdivision shall be deemed to have been in active existence on January 1, 1992, if its predecessor organizations had been in active existence on January 1, 1992, and for at least five years prior to that date and otherwise met the criteria of this subdivision.

(B) In the case of an eligible employee who is a guaranteed association member, the plan cannot produce a written statement from the guaranteed association stating that the association sent a written notice in boldface type to all potentially eligible association members at their last known address prior to the initial enrollment period informing members that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the member's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion unless the member can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1) or paragraph (2) or (3).

Geographic regions may be noncontiguous.

(B) In determining rates for small employers, a carrier that does not operate statewide shall use no more than the number of geographic regions in the state than is determined by the following formula: the population, as determined in the last federal census, of all counties which are included in their entirety in a carrier's service area divided by the total population of the state, as determined in the last federal census, multiplied by nine. In determining whether to apply the calendar quarter or calendar year test, the insurer shall use the test that ensures eligibility if only one test would establish eligibility. However, for purposes of subdivisions (b) and (h) of Section 10705, the definition shall include employers with at least three eligible employees until July 1, 1997, and two eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies and that are eligible to file a combined income tax return for purposes of state taxation shall be considered one employer. Except as otherwise specifically provided, provisions of this chapter that apply to a small employer shall continue to apply until the health benefit plan anniversary following the date the employer no longer meets the requirements of this definition. The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a master policy by an admitted insurer is delivered directly to the association or a trust formed for or sponsored by an association to administer benefits for association members.

For purposes of this subdivision, an association formed by a merger of two or more associations after January 1, 1992, and otherwise meeting the criteria of this subdivision shall be deemed to have been in active existence on January 1, 1992, if its predecessor organizations had been in active existence on January 1, 1992, and for at least five years prior to that date and otherwise met the criteria of this subdivision.

Except as used in Sections 1001, 1101, and 1113, a "parent" of a specified corporation is an affiliate in control (Section 160(a)) of that corporation directly or indirectly through one or more intermediaries. In Sections 1001, 1101, and 1113, "parent" means a person in control (Section 160(b)) of a domestic corporation, a foreign corporation, or an other business entity.

SEC. 5. Section 181 of the Corporations Code is amended to read:

181. "Reorganization" means either:

(a) A merger pursuant to Chapter 11 (commencing with Section 1100) other than a short-form merger (a "merger reorganization").

(b) The acquisition by one domestic corporation, foreign corporation, or other business entity in exchange, in whole or in part, for its equity securities (or the equity securities of a domestic corporation, a foreign corporation, or an other business entity which is in control of the acquiring entity) of equity securities of another domestic corporation, foreign corporation, or other business entity if, immediately after the acquisition, the acquiring entity has control of the other entity (an "exchange reorganization").

(c) The acquisition by one domestic corporation, foreign corporation, or other business entity in exchange in whole or in part for its equity securities (or the equity securities of a domestic corporation, a foreign corporation, or an other business entity which is in control of the acquiring entity) or for its debt securities (or debt securities of a domestic corporation, foreign corporation, or other business entity which is in control of the acquiring entity) which are not adequately secured and which have a maturity date in excess of five years after the consummation of the reorganization, or both, of all or substantially all of the assets of another domestic corporation, foreign corporation, or other business entity (a "sale-of-assets reorganization").

SEC. 6. Section 1001 of the Corporations Code is amended to read:

1001. (a) A corporation may sell, lease, convey, exchange, transfer, or otherwise dispose of all or substantially all of its assets when the principal terms are approved by the board, and, unless the transaction is in the usual and regular course of its business, approved by the outstanding shares (Section 152), either before or after approval by the board and before or after the transaction.

A transaction constituting a reorganization (Section 181) is subject to the provisions of Chapter 12 (commencing with Section 1200) and not this section (other than subdivision (d)).

(b) Notwithstanding approval of the outstanding shares (Section 152), the board may abandon the proposed transaction without further action by the shareholders, subject to the contractual rights, if any, of third parties.

(c) The sale, lease, conveyance, exchange, transfer or other disposition may be made upon those terms and conditions and for that consideration as the board may deem in the best interests of the corporation. The consideration may be money, securities, or other property.

(d) If the acquiring party in a transaction pursuant to subdivision (a) of this section or subdivision (g) of Section 2001 is in control of or under common control with the disposing corporation, the principal terms of the sale must be approved by at least 90 percent of the voting power of the disposing corporation unless the disposition is to a domestic or foreign corporation or other business entity in consideration of the nonredeemable common shares or nonredeemable equity securities of the acquiring party or its parent.

(e) Subdivision (d) does not apply to any transaction if the Commissioner of Corporations, the Commissioner of Financial Institutions, the Insurance Commissioner or the Public Utilities Commission has approved the terms and conditions of the transaction and the fairness of those terms and conditions pursuant to Section 25142, Section 696.5 of the Financial Code, Section 838.5 of the Insurance Code, or Section 822 of the Public Utilities Code.

SEC. 7. Section 1100 of the Corporations Code is amended to read:

1100. Any two or more corporations may be merged into one of those corporations. A corporation may merge with one or more domestic corporations (Section 167), foreign corporations (Section 171), or other business entities (Section 174.5) pursuant to this chapter. Mergers in which a foreign corporation but no other business entity is a constituent party are governed by Section 1108, and mergers in which an other business entity is a constituent party are governed by Section 1113.

SEC. 8. Section 1101 of the Corporations Code is amended to read:

1101. The board of each corporation which desires to merge shall approve an agreement of merger. The constituent corporations shall be parties to the agreement of merger and other persons, including a parent party (Section 1200), may be parties to the agreement of merger. The agreement shall state all of the following:

(a) The terms and conditions of the merger.

(b) The amendments, subject to Sections 900 and 907, to the articles of the surviving corporation to be effected by the merger, if any. If any amendment changes the name of the surviving corporation the new name may be the same as or similar to the name of a disappearing domestic or foreign corporation, subject to subdivision (b) of Section 201.

(c) The name and place of incorporation of each constituent corporation and which of the constituent corporations is the surviving corporation.

(d) The manner of converting the shares of each of the constituent corporations into shares or other securities of the surviving corporation and, if any shares of any of the constituent corporations are not to be converted solely into shares or other securities of the surviving corporation, the cash, rights, securities, or other property which the holders of those shares are to receive in exchange for the shares, which cash, rights, securities, or other property may be in addition to or in lieu of shares or other securities of the surviving corporation, or that the shares are canceled without consideration.

(e) Other details or provisions as are desired, if any, including, without limitation, a provision for the payment of cash in lieu of fractional shares or for any other arrangement with respect thereto consistent with the provisions of Section 407.

Each share of the same class or series of any constituent corporation (other than the cancellation of shares held by a constituent corporation or its parent or a wholly owned subsidiary of either in another constituent corporation) shall, unless all shareholders of the class or series consent and except as provided in Section 407, be treated equally with respect to any distribution of cash, rights, securities, or other property. Notwithstanding subdivision (d), except in a short-form merger, and in the merger of a corporation into its subsidiary in which it owns at least 90 percent of the outstanding shares of each class, the nonredeemable common shares or nonredeemable equity securities of a constituent corporation may be converted only into nonredeemable common shares of the surviving party or a parent party if a constituent corporation or its parent owns, directly or indirectly, prior to the merger shares of another constituent corporation representing more than 50 percent of the voting power of the other constituent corporation prior to the merger, unless all of the shareholders of the class consent and except as provided in Section 407.

SEC. 9. Section 1101.1 of the Corporations Code is amended to read:

1101.1. Subdivision (c) of Section 1113 and the last two sentences of Section 1101 do not apply to any transaction if the Commissioner of Corporations, the Commissioner of Financial Institutions, the Insurance Commissioner or, the Public Utilities Commission has approved the terms and conditions of the transaction and the fairness of those terms and conditions pursuant to Section 25142 or Section 696.5, 5750, or 5802 of the Financial Code, Section 838.5 of the Insurance Code, or Section 822 of the Public Utilities Code.

SEC. 9.5. Section 1109 of the Corporations Code is amended to read:

1109. Whenever a domestic or foreign corporation or domestic or foreign other business entity having any real property in this state

merges or consolidates with another domestic or foreign corporation or other business entity pursuant to the laws of this state or of the state or place in which any constituent party to the merger was incorporated or organized, and the laws of the state or place of incorporation or organization (including this state) of any disappearing party to the merger provide substantially that the making and filing of the agreement of merger or consolidation or certificate of ownership or certificate of merger vests in the surviving or consolidated party to the merger all the real property of any disappearing party to the merger, the filing for record in the office of the county recorder of any county in this state in which any of the real property of that disappearing party to the merger is located of a copy of the agreement of merger or consolidation or certificate of ownership or certificate of merger, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the merger or consolidation is effected, shall evidence record ownership in the surviving or consolidated party to the merger, of all interest of the disappearing party to the merger in and to the real property located in that county.

SEC. 10. Section 1113 of the Corporations Code is amended to read:

1113. (a) Any one or more corporations may merge with one or more other business entities (Section 174.5). One or more domestic corporations (Section 167) not organized under this division and one or more foreign corporations (Section 171) may be parties to the merger. Notwithstanding the provisions of this section, the merger of any number of corporations with any number of other business entities may be effected only if:

(1) In a merger in which a domestic corporation not organized under this division or a domestic other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(2) In a merger in which a foreign corporation is a party, it is authorized by the laws under which it is organized to effect the merger.

(3) In a merger in which a foreign other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(b) Each corporation and each other party which desires to merge shall approve, and shall be a party to, an agreement of merger. Other persons, including a parent party (Section 1200), may be parties to the agreement of merger. The board of each corporation which desires to merge, and, if required the shareholders, shall approve the agreement of merger. The agreement of merger shall be approved on behalf of each party by those persons required to approve the merger by the laws under which it is organized. The agreement of merger shall state:

(1) The terms and conditions of the merger.

(2) The name and place of incorporation or organization of each party to the merger and the identity of the surviving party.

(3) The amendments, if any, subject to Sections 900 and 907, to the articles of the surviving corporation, if applicable, to be effected by the merger. If any amendment changes the name of the surviving corporation, if applicable, the new name may be, subject to subdivision (b) of Section 201, the same as or similar to the name of a disappearing party to the merger.

(4) The manner of converting the shares of each constituent corporation into shares, interests, or other securities of the surviving party. If any shares of any constituent corporation are not to be converted solely into shares, interests or other securities of the surviving party, the agreement of merger shall state (i) the cash, rights, securities, or other property which the holders of those shares are to receive in exchange for the shares, which cash, rights, securities, or other property may be in addition to or in lieu of shares, interests or other securities of the surviving party, or (ii) that the shares are canceled without consideration.

(5) Any other details or provisions required by the laws under which any party to the merger is organized, including, if a public benefit corporation or a religious corporation is a party to the merger, Section 6019.1, or, if a mutual benefit corporation is a party to the merger, Section 8019.1, or, if a consumer cooperative corporation is a party to the merger, Section 12540.1, or, if a domestic limited partnership is a party to the merger, Section 15678.2, or, if a domestic partnership is a party to the merger, Section 16911, or, if a domestic limited liability company is a party to the merger, Section 17551.

(6) Any other details or provisions as are desired, including, without limitation, a provision for the payment of cash in lieu of fractional shares or for any other arrangement with respect thereto consistent with the provisions of Section 407.

(c) Each share of the same class or series of any constituent corporation (other than the cancellation of shares held by a party to the merger or its parent, or a wholly owned subsidiary of either, in another constituent corporation) shall, unless all shareholders of the class or series consent and except as provided in Section 407, be treated equally with respect to any distribution of cash, rights, securities, or other property. Notwithstanding paragraph (4) of subdivision (b), the nonredeemable common shares of a constituent corporation may be converted only into nonredeemable common shares of a surviving corporation or a parent party (Section 1200) or nonredeemable equity securities of a surviving party other than a corporation if another party to the merger or its parent owns, directly or indirectly, prior to the merger shares of that corporation representing more than 50 percent of the voting power of that corporation, unless all of the shareholders of the class consent and except as provided in Section 407.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger or the certificate of merger, as is applicable, if the amendment is approved by the board of each constituent corporation and, if the amendment changes any of the principal terms of the agreement, by the outstanding shares (Section 152), if required by Chapter 12 (commencing with Section 1200), in the same manner as the original agreement of merger. If the agreement of merger as so amended and approved is also approved by each of the other parties to the agreement of merger, the agreement of merger as so amended shall then constitute the agreement of merger.

(e) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other parties to the agreement of merger, without further approval by the outstanding shares (Section 152), at any time before the merger is effective.

(f) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president or a vice president and also by its secretary or an assistant secretary acting on behalf of their respective corporations.

(g) (1) If the surviving party is a corporation or a foreign corporation, or if a public benefit corporation (Section 5060), a mutual benefit corporation (Section 5059), a religious corporation (Section 5061), or a corporation organized under the Consumer Cooperative Corporation Law (Section 12200) is a party to the merger, after required approvals of the merger by each constituent corporation through approval of the board (Section 151) and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and by the other parties to the merger, the surviving party shall file a copy of the agreement of merger with an officers' certificate of each constituent domestic and foreign corporation attached stating the total number of outstanding shares or membership interests of each class entitled to vote on the merger (and identifying any other person or persons whose approval is required), that the agreement of merger in the form attached or its principal terms, as required, were approved by that corporation by a vote of a number of shares or membership interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class and, if applicable, by such other person or persons whose approval is required, or that the merger agreement was entitled to be and was approved by the board alone (as provided in Section 1201, in the case of corporations subject to that section). If equity securities of a parent party (Section 1200) are to be issued in the merger, the officer's certificate of that controlled party shall state either that no vote of the shareholders of the parent party was required or that the required vote was obtained. In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the

Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all managers of the limited liability company (unless a lesser number is specified in its articles or organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed those officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for that party the provision of law or other basis for the authority of the signing persons. The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of the constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the agreement of merger in the form attached or its principal terms, as required, were approved by a vote of the number of interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4, if a domestic partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. The certificate of merger for each constituent foreign other business entity, if any, shall also set forth the statutory or other basis under which that foreign other business entity is authorized by the laws under which it is organized to effect the merger. The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon filing of the agreement of merger with an officer's certificate of each constituent domestic and foreign corporation and a certificate of merger for each constituent other business entity, subject to subdivision (c) of Section 110 and subject to the provisions of subdivision (j), and the several parties thereto

shall be one entity. The agreement of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger taxed under the Bank and Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger, the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger pursuant to Section 1555 of the Insurance Code. The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(2) If the surviving entity is an other business entity, and no public benefit corporation (Section 5060), mutual benefit corporation (Section 5059), religious corporation (Section 5061), or corporation organized under the Consumer Cooperative Corporation Law (Section 12200) is a party to the merger, after required approvals of the merger by each constituent corporation through approval of the board (Section 151) and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and by the other parties to the merger, the parties to the merger shall file a certificate of merger in the office of, and on a form prescribed by, the Secretary of State. The certificate of merger shall be executed and acknowledged by each constituent domestic and foreign corporation by its chairperson of the board, president or a vice president and also by its secretary or an assistant secretary and by each domestic constituent limited liability company by all managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed those officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact. The certificate of merger shall be signed by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for that party the provision of law or other basis for the

authority of the signing persons. The certificate of merger shall set forth all of the following:

(A) The name, place of incorporation or organization, and the Secretary of State's file number, if any, of each party to the merger, separately identifying the disappearing parties and the surviving party.

(B) If the approval of the outstanding shares of a constituent corporation was required by Chapter 12 (commencing with Section 1200), a statement setting forth the total number of outstanding shares of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of shares of each class entitled to vote and the percentage vote required of each class.

(C) The future effective date or time, not more than 90 days subsequent to the date of filing of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(D) A statement, by each party to the merger which is a domestic corporation not organized under this division, a foreign corporation, or an other business entity, of the statutory or other basis under which that party is authorized by the laws under which it is organized to effect the merger.

(E) Any other information required to be stated in the certificate of merger by the laws under which each party to the merger is organized, including, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552, if a domestic partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4.

(F) Any other details or provisions that may be desired.

Unless a future effective date or time is provided in a certificate of merger, in which event the merger shall be effective at that future effective date or time, a merger shall be effective upon the filing of the certificate of merger in the office of the Secretary of State and the several parties thereto shall be one entity. The certificate of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger that is taxed under the Bank and Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by the Bank and Corporation Tax Law have been paid or secured. The surviving other business entity shall keep a copy of the agreement of merger at its principal place of business which, for purposes of this subdivision, shall be the office referred to in Section 17057 if a domestic limited liability company, at the business address specified in paragraph (5) of subdivision (a) of Section 17552 if a foreign limited liability company, at the office referred to in subdivision (a) of Section 16403 if a domestic general partnership, at the business address specified in subdivision (f) of Section 16911 if a

foreign partnership, at the office referred to in subdivision (a) of Section 15614 if a domestic limited partnership, or at the business address specified in paragraph (5) of subdivision (a) of Section 15678.4 if a foreign limited partnership. Upon the request of a holder of equity securities of a party to the merger, a person with authority to do so on behalf of the surviving other business entity shall promptly deliver to that holder, a copy of the agreement of merger. A waiver by that holder of the rights provided in the foregoing sentence shall be unenforceable. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger in accordance with Section 1555 of the Insurance Code.

(h) (1) A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving party to the merger and the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger.

(2) For all purposes for a merger in which the surviving entity is a domestic other business entity and the filing of a certificate of merger is required by paragraph (2) of subdivision (g), a copy of the certificate of merger duly certified by the Secretary of State is conclusive evidence of the merger of the constituent corporations, either by themselves or together with the other parties to the merger, into the surviving other business entity.

(i) (1) Upon a merger pursuant to this section, the separate existences of the disappearing parties to the merger cease and the surviving party to the merger shall succeed, without other transfer, to all the rights and property of each of the disappearing parties to the merger and shall be subject to all the debts and liabilities of each in the same manner as if the surviving party to the merger had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent corporations and other parties to the merger shall be preserved unimpaired, provided that those liens upon property of a disappearing party shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing corporation or disappearing party to the merger may be prosecuted to judgment, which shall bind the surviving party, or the surviving party may be proceeded against or substituted in its place.

(4) If a limited partnership or a general partnership is a party to the merger, nothing in this section is intended to affect the liability

a general partner of a disappearing limited partnershipor or general partnership may have in connection with the debts and liabilities of the disappearing limited partnership or general partnership existing prior to the time the merger is effective.

(j) (1) The merger of domestic corporations with foreign corporations or foreign other business entities in a merger in which one or more other business entities is a party shall comply with subdivision (a) and this subdivision.

(2) If the surviving party is a domestic corporation or domestic other business entity, the merger proceedings with respect to that party and any domestic disappearing corporation shall conform to the provisions of this section. If the surviving party is a foreign corporation or foreign other business entity, then, subject to the requirements of subdivision (c), and of Section 407 and Chapter 12 (commencing with Section 1200) and Chapter 13 (commencing with Section 1300), and, if applicable, corresponding provisions of the Nonprofit Corporation Law or the Consumer Cooperative Corporation Law, with respect to any domestic constituent corporations, Chapter 13 (commencing with Section 17600) of Title 2.5 with respect to any domestic constituent limited liability companies, Article 6 (commencing with Section 16601) of Chapter 5 of Title 2 with respect to any domestic constituent general partnerships, and Article 7.6 (commencing with Section 15679.1) of Chapter 3 of Title 2 with respect to any domestic constituent limited partnerships, the merger proceedings may be in accordance with the laws of the state or place of incorporation or organization of the surviving party.

(3) If the surviving party is a domestic corporation or domestic other business entity, the certificate of merger or the agreement of merger with attachments shall be filed as provided in subdivision (g) and thereupon, subject to subdivision (c) of Section 110 or paragraph (2) of subdivision (g), as is applicable, the merger shall be effective as to each domestic constituent corporation and domestic constituent other business entity.

(4) If the surviving party is a foreign corporation or foreign other business entity, the merger shall become effective in accordance with the law of the jurisdiction in which the surviving party is organized, but, except as provided in paragraph (5), the merger shall be effective as to any domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction upon the filing in this state of a copy of the agreement of merger with an officers' certificate of each constituent foreign and domestic corporation and a certificate of merger of each constituent other business entity attached, which officers' certificates and certificates of merger shall conform to the requirements of paragraph (1) of subdivision (g). If one or more domestic other business entities is a disappearing party in a merger pursuant to this subdivision in which a foreign other business entity is the surviving entity, a certificate of merger

required by the laws under which that domestic other business entity is organized, including subdivision (a) of Section 15678.4, subdivision (b) of Section 16915, or subdivision (a) of Section 17552, as is applicable, shall also be filed at the same time as the filing of the agreement of merger.

(5) If the date of the filing in this state pursuant to this subdivision is more than six months after the time of the effectiveness in the foreign jurisdiction, or if the powers of a domestic disappearing corporation are suspended at the time of effectiveness in the foreign jurisdiction, the merger shall be effective as to the domestic disappearing corporation as of the date of filing in this state.

(6) In a merger described in paragraph (3) or (4), each foreign disappearing corporation that is qualified for the transaction of intrastate business shall automatically by the filing pursuant to this subdivision surrender its right to transact intrastate business as of the date of filing in this state or, if later, the effective date of the merger. With respect to each foreign disappearing other business entity previously registered for the transaction of intrastate business in this state, the filing of the agreement of merger or certificate of merger, as is applicable, pursuant to this subdivision automatically has the effect of a cancellation of registration for that foreign other business entity as of the date of filing in this state or, if later, the effective date of the merger, without the necessity of the filing of a certificate of cancellation.

(7) A certificate of satisfaction of the Franchise Tax Board for each disappearing party to the merger shall be filed when required by subdivision (g) or when required by Section 23334 of the Revenue and Taxation Code.

SEC. 11. Section 1200 of the Corporations Code is amended to read:

1200. A reorganization (Section 181) or a share exchange tender offer (Section 183.5) shall be approved by the board of:

(a) Each constituent corporation in a merger reorganization;

(b) The acquiring corporation in an exchange reorganization;

(c) The acquiring corporation and the corporation whose property and assets are acquired in a sale-of-assets reorganization;

(d) The acquiring corporation in a share exchange tender offer (Section 183.5); and

(e) The corporation in control of any constituent or acquiring domestic or foreign corporation or other business entity under subdivision (a), (b) or (c) and whose equity securities are issued, transferred, or exchanged in the reorganization (a "parent party").

SEC. 12. Section 1201 of the Corporations Code is amended to read:

1201. (a) The principal terms of a reorganization shall be approved by the outstanding shares (Section 152) of each class of each corporation the approval of whose board is required under Section 1200, except as provided in subdivision (b) and except that

(unless otherwise provided in the articles) no approval of any class of outstanding preferred shares of the surviving or acquiring corporation or parent party shall be required if the rights, preferences, privileges and restrictions granted to or imposed upon that class of shares remain unchanged (subject to the provisions of subdivision (c)). For the purpose of this subdivision, two classes of common shares differing only as to voting rights shall be considered as a single class of shares.

(b) No approval of the outstanding shares (Section 152) is required by subdivision (a) in the case of any corporation if that corporation, or its shareholders immediately before the reorganization, or both, shall own (immediately after the reorganization) equity securities, other than any warrant or right to subscribe to or purchase those equity securities, of the surviving or acquiring corporation or a parent party (subdivision (d) of Section 1200) possessing more than five-sixths of the voting power of the surviving or acquiring corporation or parent party. In making the determination of ownership by the shareholders of a corporation, immediately after the reorganization, of equity securities pursuant to the preceding sentence, equity securities which they owned immediately before the reorganization as shareholders of another party to the transaction shall be disregarded. For the purpose of this section only, the voting power of a corporation shall be calculated by assuming the conversion of all equity securities convertible (immediately or at some future time) into shares entitled to vote but not assuming the exercise of any warrant or right to subscribe to or purchase those shares.

(c) Notwithstanding subdivision (b), the principal terms of a reorganization shall be approved by the outstanding shares (Section 152) of the surviving corporation in a merger reorganization if any amendment is made to its articles which would otherwise require that approval.

(d) Notwithstanding subdivision (b), the principal terms of a reorganization shall be approved by the outstanding shares (Section 152) of any class of a corporation which is a party to a merger or sale-of-assets reorganization if holders of shares of that class receive shares of the surviving or acquiring corporation or parent party having different rights, preferences, privileges or restrictions than those surrendered. Shares in a foreign corporation received in exchange for shares in a domestic corporation have different rights, preferences, privileges and restrictions within the meaning of the preceding sentence.

(e) Notwithstanding subdivisions (a) and (b), the principal terms of a reorganization shall be approved by the affirmative vote of at least two-thirds of each class of the outstanding shares of any close corporation if the reorganization would result in their receiving shares of a corporation which is not a close corporation. However, the

articles may provide for a lesser vote, but not less than a majority of the outstanding shares of each class.

(f) Notwithstanding subdivisions (a) and (b), the principal terms of a reorganization shall be approved by the outstanding shares (Section 152) of any class of a corporation which is a party to a merger reorganization if holders of shares of that class receive interests of a surviving other business entity in the merger.

(g) Notwithstanding subdivisions (a) and (b), the principal terms of a reorganization shall be approved by all shareholders of any class or series if, as a result of the reorganization, the holders of that class or series become personally liable for any obligations of a party to the reorganization, unless all holders of that class or series have the dissenters' rights provided in Chapter 13 (commencing with Section 1300).

(h) Any approval required by this section may be given before or after the approval by the board. Notwithstanding approval required by this section, the board may abandon the proposed reorganization without further action by the shareholders, subject to the contractual rights, if any, of third parties.

6010. (a) A public benefit corporation may merge with any domestic corporation, foreign corporation (Section 171), or other business entity (Section 5063.5). However, without the prior written consent of the Attorney General, a public benefit corporation may only merge with another public benefit corporation or a religious

corporation or a foreign nonprofit corporation the articles of which provide that its assets are irrevocably dedicated to charitable, religious, or public purposes.

(b) At least 20 days prior to consummation of any merger allowed by subdivision (a), the Attorney General must be provided with a copy of the proposed agreement of merger.

(c) Without the prior written consent of the Attorney General, when a merger occurs pursuant to subdivision (a), each member of a constituent corporation may only receive or keep a membership in the surviving corporation for or as a result of the member's membership in the constituent corporation.

SEC. 14. Section 6019.1 is added to the Corporations Code, to read:

6019.1. (a) Subject to the provisions of Sections 6010 and 9640, any one or more corporations may merge with one or more other business entities (Section 5063.5). One or more other domestic corporations and foreign corporations (Section 5053) may be parties to the merger. Notwithstanding the provisions of this section, such a merger may be effected only if:

(1) In a merger in which a domestic corporation or domestic other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(2) In a merger in which a foreign corporation is a party, it is authorized by the laws under which it is organized to effect the merger.

(3) In a merger in which a foreign other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(b) Each corporation and each other party which desires to merge shall approve an agreement of merger. The board and the members (Section 5034) of each corporation which desires to merge, and each other person or persons, if any, whose approval of an amendment of the articles of that corporation is required by the articles or bylaws shall approve the agreement of merger. The agreement of merger shall be approved on behalf of each other party by those persons authorized or required to approve the merger by the laws under which it is organized. The parties desiring to merge shall be parties to the agreement of merger and other persons, including a parent party (Section 5064.5), may be parties to the agreement of merger. The agreement of merger shall state all of the following:

(1) The terms and conditions of the merger.

(2) The name and place of incorporation or organization of each party and the identity of the surviving party.

(3) The amendments, if any, subject to Sections 5810 and 5816, to the articles of the surviving corporation, if applicable, to be effected by the merger. The name of the surviving corporation may be, subject to subdivision (b) of Section 5122 and subdivision (b) of

Section 9122, the same as, or similar to, the name of a disappearing party to the merger.

(4) The manner, if any, of converting the memberships of each of the constituent corporations into shares, memberships, interests, or other securities of the surviving party; and, if any memberships of any of the constituent corporations are not to be converted solely into shares, memberships, interests, or other securities of the surviving party, the cash, rights, securities, or other property which the holders of those memberships are to receive in exchange for the memberships, which cash, rights, securities, or other property may be in addition to, or in lieu of, shares, memberships, interests, or other securities of the surviving corporation or surviving other business entity.

(5) Any other details or provisions required by the laws under which any party to the merger is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.2, or, if a domestic general partnership is a party to the merger, subdivision (a) of Section 16911, or, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17551.

(6) Any other details or provisions as are desired.

(c) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger if the amendment is approved by each constituent corporation in the same manner as the original agreement of merger. If the agreement of merger as so amended and approved is also approved by each of the other parties to the agreement of merger, as so amended it shall then constitute the agreement of merger.

(d) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other parties to the agreement of merger, without further approval by the members (Section 5034) or other persons, at any time before the merger is effective.

(e) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president or a vice president, and also by its secretary or an assistant secretary acting on behalf of their respective corporations.

(f) After required approvals of the merger by each constituent corporation and each other party to the merger, the surviving party shall file a copy of the agreement of merger with an officers' certificate of each constituent domestic and foreign corporation attached stating the total number of outstanding shares or membership interests of each class, if any, entitled to vote on the merger (and identifying any other person or persons whose approval is required), that the agreement of merger in the form attached or its principal terms, as required, were approved by that corporation by a vote of a number of shares or membership interests of each class entitled to vote, if any, which equaled or exceeded the vote required,

specifying each class entitled to vote and the percentage vote required of each class, and, if applicable, by that other person or persons whose approval is required.

If equity securities of a parent party (Section 5064.5) are to be issued in the merger, the officers' certificate or certificate of merger of the controlled party shall state either that no vote of the shareholders of the parent party was required or that the required vote was obtained. The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon the filing of the agreement of merger, subject to the provisions of subdivision (h). The agreement of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger taxed under the Bank and Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger, the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger pursuant to Section 1555 of the Insurance Code.

In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all of the managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and also by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed such officers, by the chairperson of the board, president, or vice president, and also by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for such party the provision of law or other basis for the authority of the signing persons.

The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of a constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the agreement of merger or its principal terms, as required, were approved by a vote of the number of interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4, if a domestic general partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. The certificate of merger for each constituent foreign other business entity, if any, shall also set forth the statutory or other basis under which that foreign other business entity is authorized by the laws under which it is organized to effect the merger.

The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(g) A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving party to the merger, the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger, and the merger of the constituent corporations, either by themselves or together with other constituent parties, into the surviving party to the merger.

(h) (1) The merger of domestic corporations with foreign corporations or foreign other business entities in a merger in which one or more other business entities is a party shall comply with subdivisions (a) and (f) and this subdivision.

(2) Subject to subdivision (c) of Section 5008 and paragraph (3), the merger shall be effective as to each domestic constituent corporation and domestic constituent other business entity upon filing of the agreement of merger with attachments as provided in subdivision (f).

(3) If the surviving party is a foreign corporation or foreign other business entity, except as provided in paragraph (4), the merger shall be effective as to any domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction upon the filing in this state of a copy of the agreement of merger with an officers' certificate of the surviving foreign corporation and of each constituent foreign and domestic corporation and a certificate of merger of each

constituent other business entity attached, which officers' certificates and certificates of merger shall conform to the requirements of subdivision (f).

If one or more domestic other business entities is a disappearing party in a merger pursuant to this subdivision in which a foreign other business entity is the surviving entity, a certificate of merger required by the laws under which each domestic other business entity is organized, including subdivision (a) of Section 15678.4, subdivision (b) of Section 16915, or subdivision (a) of Section 17552, if applicable, shall also be filed at the same time as the filing of the agreement of merger.

(4) If the date of the filing in this state pursuant to this subdivision is more than six months after the time of the effectiveness in the foreign jurisdiction, or if the powers of a domestic disappearing corporation are suspended at the time of effectiveness in the foreign jurisdiction, the merger shall be effective as to the domestic disappearing corporation as of the date of filing in this state.

(5) Each foreign disappearing corporation that is qualified for the transaction of intrastate business shall automatically by the filing pursuant to subdivision (f) surrender its right to transact intrastate business as of the date of filing in this state or, if later, the effective date of the merger. With respect to each foreign disappearing other business entity previously registered for the transaction of intrastate business in this state, the filing of the agreement of merger pursuant to subdivision (f) automatically has the effect of a cancellation of registration for that foreign other business entity as of the date of filing in this state or, if later, the effective date of the merger, without the necessity of the filing of a certificate of cancellation.

SEC. 15. Section 6020 of the Corporations Code is amended to read:

(b) All rights of creditors and all liens and trusts upon or arising from the property of each of the constituent corporations and other parties to the merger shall be preserved unimpaired, provided that the liens and trust obligations upon property of a disappearing party shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(c) Any action or proceeding pending by or against any disappearing corporation or other party to the merger may be prosecuted to judgment, which shall bind the surviving party to the merger, or the surviving party to the merger may be proceeded against or substituted in its place.

SEC. 16. Section 6021 of the Corporations Code is amended to read:

6021. Whenever a domestic or foreign corporation or other business entity (Section 5063.5) having any real property in this state merges with another domestic or foreign corporation or other business entity pursuant to the laws of this state or of the state or place in which any constituent party to the merger was organized, and the laws of the state or place of organization (including this state) of any disappearing party to the merger provide substantially that the making and filing of the agreement of merger vests in the surviving party to the merger all the real property of any disappearing party to the merger, the filing for record in the office of the county recorder of any county in this state in which any of the real property of the disappearing party to the merger is located of either (a) a certificate prescribed by the Secretary of State, or (b) a copy of the agreement of merger or certificate of merger, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the merger is effected, shall evidence record ownership in the surviving party to the merger of all interest of that disappearing party to the merger in and to the real property located in that county.

SEC. 18. Section 8010 of the Corporations Code is amended to read:

8010. A mutual benefit corporation may merge with any domestic corporation, foreign corporation, foreign business corporation, or other business entity (Section 5063.5). However, a merger with a public benefit corporation or a religious corporation must have the prior written consent of the Attorney General.

SEC. 19. Section 8019.1 is added to the Corporations Code, to read:

8019.1. (a) Subject to the provisions of Section 8010, any one or more corporations may merge with one or more other business entities (Section 5063.5). One or more other domestic corporations, foreign corporations (Sections 5053), and foreign business corporations (Section 5052) may be parties to the merger. Notwithstanding the provisions of this section, such a merger may be effected only if:

(1) In a merger in which a domestic corporation or domestic other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(2) In a merger in which a foreign corporation or foreign business corporation is a party, it is authorized by the laws under which it is organized to effect the merger.

The agreement of merger shall be approved on behalf of each other constituent party by those persons authorized or required to approve the merger by the laws under which it is organized. The parties desiring to merge shall be parties to the agreement of merger and other persons, including a parent party (Section 5064.5), may be parties to the agreement of merger. The agreement of merger shall state all of the following:

(4) The manner, if any, of converting the memberships or securities of each of the constituent corporations into shares, memberships, interests, or other securities of the surviving party; and, if any memberships or securities of any of the constituent corporations are not to be converted solely into shares, memberships, interests, or other securities of the surviving party, cash, rights, securities, or other property which the holders of those memberships or securities are to receive in exchange for the memberships or securities, which cash, rights, securities, or other property may be in addition to or in lieu of shares, memberships, interests, or other securities of the surviving party.

(5) Any other details or provisions required by the laws under which any party to the merger is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.2, or, if a domestic general partnership is a party to the merger, subdivision (a) of Section 16911, or, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17551.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger if the amendment is approved by each constituent corporation in the same manner as the original agreement of merger. If the agreement of merger as so amended and approved is also approved by each of the other parties to the agreement of merger, as so amended it shall then constitute the agreement of merger.

(e) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other parties to the agreement of merger, without further approval by the members (Section 5034) or other persons, at any time before the merger is effective.

(f) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president, or a vice president and also by its secretary or an assistant secretary acting on behalf of their respective corporations.

The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon the filing of the agreement of merger, subject to the provisions of subdivision (i). The agreement of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger taxed under the Bank and Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured. domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger, the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger pursuant to Section 1555 of the Insurance Code.

In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all of the managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed such officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for such party the provision of law or other basis for the authority of the signing persons.

The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of a constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4, if a domestic general partnership is a party to the merger, subdivision (b) of Section 16915 and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. The certificate of merger for each constituent foreign other business entity, if any, shall also set forth the statutory or other basis under which that foreign other business entity

is authorized by the laws under which it is organized to effect the merger.

The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(h) A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving party to the merger, the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger, and of the merger of the constituent corporations, either by themselves or together with other constituent parties, into the surviving party to the merger.

(i) (1) The merger of domestic corporations with foreign corporations or foreign other business entities in a merger in which one or more other business entities is a party shall comply with subdivisions (a) and (g) and this subdivision.

(2) Subject to subdivision (c) of Section 5008 and paragraph (3), the merger shall be effective as to each domestic constituent corporation and domestic constituent other business entity upon filing of the agreement of merger with attachments as provided in subdivision (g).

(3) If the surviving party is a foreign corporation or foreign business corporation or foreign other business entity, except as provided in paragraph (4), the merger shall be effective as to any domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction upon the filing in this state of a copy of the agreement of merger with an officers' certificate of the surviving foreign corporation or foreign business corporation and of each constituent foreign and domestic corporation and a certificate of merger of each constituent other business entity attached, which officers' certificates and certificates of merger shall conform to the requirements of subdivision (g).

If one or more domestic other business entities is a disappearing party in a merger pursuant to this subdivision in which a foreign other business entity is the surviving entity, a certificate of merger required by the laws under which each domestic other business entity is organized, including subdivision (a) of Section 15678.4, subdivision (b) of Section 16915, or subdivision (a) of Section 17522, if applicable, shall also be filed at the same time as the filing of the agreement of merger.

(4) If the date of the filing in this state pursuant to this subdivision is more than six months after the time of the effectiveness in the foreign jurisdiction, or if the powers of a domestic disappearing corporation are suspended at the time of effectiveness in the foreign

jurisdiction, the merger shall be effective as to the domestic disappearing corporation as of the date of filing in this state.

(5) Each foreign disappearing corporation that is qualified for the transaction of intrastate business shall automatically by the filing pursuant to subdivision (g) surrender its right to transact intrastate business as of the date of filing in this state or, if later, the effective date of the merger. With respect to each foreign disappearing other business entity previously registered for the transaction of intrastate business in this state, the filing of the agreement of merger pursuant to subdivision (g) automatically has the effect of a cancellation of registration for that foreign other business entity as of the date of filing in this state or, if later, the effective date of the merger, without the necessity of the filing of a certificate of cancellation.

(b) All rights of creditors and all liens and trusts upon or arising from the property of each of the constituent corporations and other parties to the merger shall be preserved unimpaired, provided that the liens and trust obligations upon property of a disappearing party shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(c) Any action or proceeding pending by or against any disappearing corporation or other party to the merger may be prosecuted to judgment, which shall bind the surviving party to the merger, or the surviving party to the merger may be proceeded against or substituted in its place.

SEC. 23.7. Section 12242.6 is added to the Corporations Code, to read:

12242.6. "Parent party" means the corporation in control of any constituent domestic or foreign corporation or other business entity and whose equity securities are issued, transferred, or exchanged in a merger pursuant to Section 12540.1.

SEC. 24. Section 12530 of the Corporations Code is amended to read:

12530. Any corporation may merge with another domestic corporation, foreign corporation, or other business entity (Section 12242.5). However, a merger with a public benefit corporation or a religious corporation must have the prior written consent of the Attorney General.

SEC. 25. Section 12540.1 is added to the Corporations Code, to read:

12540.1. (a) Any one or more corporations may merge with one or more other business entities (Section 12242.5). Subject to the provisions of Section 12530, one or more other domestic corporations or foreign corporations (Section 12237) may be parties to the merger.

Notwithstanding the provisions of this section, such a merger may be effected only if:

(1) In a merger in which a domestic corporation or domestic other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(2) In a merger in which a foreign corporation is a party, it is authorized by the laws under which it is organized to effect the merger.

(3) In a merger in which a foreign other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(b) Each corporation, other domestic corporation, foreign corporation, and other business entity which desires to merge shall approve an agreement of merger. The board and the members of each corporation which desires to merge shall approve (Sections 12222 and 12224) the agreement of merger. The agreement of merger shall be approved on behalf of each other constituent party by those persons authorized or required to approve the merger by the laws under which it is organized.

The parties desiring to merge shall be parties to the agreement of merger and other persons, including a parent party (Section 12242.6), may be parties to the agreement of merger. The agreement of merger shall state all of the following:

(1) The terms and conditions of the merger.

(2) The name and place of incorporation or organization of each party and the identity of the surviving party.

(3) The amendments, if any, subject to Sections 12500 and 12507, to the articles of the surviving corporation, if applicable, to be effected by the merger. The name of the surviving corporation may be, subject to subdivisions (b) and (c) of Section 12302, the same as, or similar to, the name of a disappearing party to the merger.

(4) The manner, if any, of converting the memberships or securities of each of the constituent corporations into shares, memberships, interests, or other securities of the surviving party and, if any memberships or securities of any of the constituent corporations are not to be converted solely into shares, memberships, interests, or other securities of the surviving party, the cash, rights, securities, or other property which the holders of those memberships or securities are to receive in exchange for the memberships or securities, which cash, rights, securities, or other property may be in addition to or in lieu of shares, memberships, interests, or other securities of the surviving party.

(5) Any other details or provisions required by the laws under which any party to the merger is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.2, or, if a domestic general partnership is a party to the merger, subdivision (a) of Section 16911, or, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17551.

(6) Any other details or provisions as are desired.

(c) Each membership of the same class of any constituent corporation (other than the cancellation of memberships held by a party to the merger or its parent or a wholly owned subsidiary of

either in another constituent corporation) shall be treated equally with respect to any distribution of cash, property, rights, or securities unless (i) all members of the class consent or (ii) the commissioner has approved the terms and conditions of the transaction and the fairness of those terms pursuant to Section 25142.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger if the amendment is approved by each constituent corporation in the same manner as the original agreement of merger. If the agreement of merger as so amended and approved is also approved by each of the other parties to the agreement of merger, as so amended it shall then constitute the agreement of merger.

(e) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other parties to the agreement of merger, without further approval by the members (Section 12224), at any time before the merger is effective.

(f) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president, or a vice president and also by its secretary or an assistant secretary acting on behalf of their respective corporations.

(g) After required approvals of the merger by each constituent corporation and each other party to the merger, the surviving party shall file a copy of the agreement of merger with an officers' certificate of each constituent domestic and foreign corporation attached stating the total number of outstanding shares or membership interests of each class entitled to vote on the merger (and identifying any other person or persons whose approval is required), that the agreement of merger in the form attached or its principal terms, as required, were approved by that corporation by a vote of a number of shares or membership interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and, if applicable, by that other person or persons whose approval is required.

If equity securities of a parent party (Section 12242.6) are to be issued in the merger, the officers' certificate or certificate of merger of the controlled party shall state either that no vote of the shareholders of the parent party was required or that the required vote was obtained. The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon the filing of the agreement of merger, subject to the provisions of subdivision (i). The agreement of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger taxed under the Bank and Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured. If a

domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger, the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger pursuant to Section 1555 of the Insurance Code.

In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all of the managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent general partnership or foreign constituent limited liability company by one or more managers and by each foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed such officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for such party the provision of law or other basis for the authority of the signing persons.

The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of the constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the agreement of merger or its principal terms, as required, were approved by a vote of the number of interests of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4, if a domestic general partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. The certificate of merger for each constituent foreign other business entity, if any, shall also set forth the statutory or other basis under which that foreign

other business entity is authorized by the laws under which it is organized to effect the merger.

The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(h) a copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving party to the merger, the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger, and of the merger of the constituent corporations, either by themselves or together with other constituent parties, into the surviving party to the merger.

(i) (1) The merger of domestic corporations with foreign corporations or foreign other business entities in a merger in which one or more other business entities is a party shall comply with subdivisions (a) and (g) and this subdivision.

(2) Subject to subdivision (c) of Section 12214 and paragraph (3), the merger shall be effective as to each domestic constituent corporation and domestic constituent other business entity upon filing of the agreement of merger with attachments as provided in subdivision (g).

(3) If the surviving party is a foreign corporation or foreign other business entity, except as provided in paragraph (4), the merger shall be effective as to any domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction upon the filing in this state of a copy of the agreement of merger with an officers' certificate of the surviving foreign corporation and of each constituent foreign and domestic corporation and a certificate of merger of each constituent other business entity attached, which officers' certificates and certificates of merger shall conform to the requirements of subdivision (g).

If one or more domestic other business entities is a disappearing party in a merger pursuant to this subdivision in which a foreign other business entity is the surviving entity, a certificate of merger required by the laws under which each domestic other business entity is organized, including subdivision (a) of Section 15678.4, subdivision (b) of Section 16915 or subdivision (a) of Section 17552, if applicable, shall also be filed at the same time as the filing of the agreement of merger.

(4) If the date of the filing in this state pursuant to this subdivision is more than six months after the time of the effectiveness in the foreign jurisdiction, or if the powers of a domestic disappearing corporation are suspended at the time of effectiveness in the foreign jurisdiction, the merger shall be effective as to the domestic disappearing corporation as of the date of filing in this state.

(5) Each foreign disappearing corporation that is qualified for the transaction of intrastate business shall automatically by the filing pursuant to subdivision (g) surrender its right to transact intrastate business as of the date of filing in this state or, if later, the effective date of the merger. With respect to each foreign disappearing other business entity previously registered for the transaction of intrastate business in this state, the filing of the agreement of merger pursuant to subdivision (g) automatically has the effect of a cancellation of registration for that foreign other business entity without the necessity of the filing of a certificate of cancellation.

SEC. 25.2. Section 12550 of the Corporations Code is amended to read:

12550. (a) Upon merger pursuant to this chapter the separate existences of the disappearing parties to the merger cease and the surviving party to the merger shall succeed, without other transfer, to all the rights and property of each of the disappearing parties to the merger and shall be subject to all the debts and liabilities of each and trust obligations upon the property of a disappearing party in the same manner as if incurred by the surviving party to the merger.

(b) All rights of creditors and all liens and trusts upon or arising from the property of each of the constituent corporations and other parties to the merger shall be preserved unimpaired, provided that these liens and trust obligations upon property of a disappearing party shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(c) Any action or proceeding pending by or against any disappearing corporation or other party to the merger may be prosecuted to judgment, which shall bind the surviving party to the merger, or the surviving party to the merger may be proceeded against or substituted in its place.

SEC. 28. Section 16911 of the Corporations Code is amended to read:

16911. (a) Each partnership and other business entity which desires to merge shall approve an agreement of merger. The agreement of merger shall be approved by the number or percentage of partners specified for merger in the partnership agreement of the constituent partnership. If the partnership agreement fails to specify the required partner approval for merger of the constituent partnership, then the agreement of merger shall be approved by that number or percentage of partners specified by the partnership agreement to approve an amendment to the partnership agreement. However, if the merger effects a change for which the partnership agreement requires a greater number or percentage of partners than that required to amend the partnership agreement, then the merger shall be approved by that greater number or percentage. If the partnership agreement contains no provision specifying the vote required to amend the partnership agreement, then the agreement of merger must be approved by all the partners. The agreement of merger shall be approved on behalf of each constituent other business entity by those persons required to approve the merger by the laws under which it is organized. Other persons may be parties to the agreement of merger. The agreement of merger shall state all of the following:

(1) The terms and conditions of the merger.

(2) The name and place of organization of the surviving partnership or surviving other business entity, and of each disappearing partnership and disappearing other business entity, and the agreement of merger may change the name of the surviving partnership, which new name may be the same as, or similar to, the name of a disappearing partnership.

(3) The manner of converting the partnership interests of each of the constituent partnerships into interests or other securities of the surviving partnership or surviving other business entity, and if

partnership interests of any of the constituent partnerships are not to be converted solely into interest or other securities of the surviving partnership or surviving other business entity, the cash, property, rights, interests, or securities which the holders of the partnership interest are to receive in exchange for the partnership interests, which cash, property, rights, interests, or securities may be in addition to or in lieu of interests or other securities of the surviving partnership or surviving other business entity, or that the partnership interests are canceled without consideration.

(4) Any other details or provisions as are required by the laws under which any constituent other business entity is organized.

(5) Any other details or provisions that are desired, including, without limitation, a provision for the treatment of fractional partnership interests.

(b) If the partnership is merging into a limited partnership, then in addition to the approval of the partners as set forth under subdivision (a), the agreement of merger must be approved by all partners who will become general partners of the surviving limited partnership upon the effectiveness of the merger.

(c) Notwithstanding its prior approval, an agreement of merger may be amended before the merger takes effect if the amendment is approved by the partners of each constituent partnership, in the same manner as required for approval of the original agreement of merger, and by each of the constituent other business entities.

(d) The partners of a constituent partnership may in their discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other constituent partnerships and constituent other business entities, if the abandonment is approved by the partners of the constituent partnership in the same manner as required for approval of the original agreement of merger.

(e) An agreement of merger approved in accordance with subdivision (a) may (1) effect any amendment to the partnership agreement of any domestic constituent partnership or (2) effect the adoption of a new partnership agreement for a domestic constituent partnership if it is the surviving partnership in the merger. Any amendment to a partnership agreement or adoption of a new partnership agreement made pursuant to the foregoing sentence shall be effective at the effective time or date of the merger.

(f) The surviving partnership or surviving other business entity shall keep the agreement of merger at the principal place of business of the surviving entity if the surviving entity is a partnership or a foreign other business entity, at the office referred to in Section 1500 if the surviving entity is a domestic corporation, at the office referred to in subdivision (a) of Section 15614 if the surviving entity is a domestic limited partnership or at the office referred to in Section 17057 if the surviving entity is a domestic limited liability company and, upon the request of a partner of a constituent partnership or a holder of interests or other securities of a constituent other business

entity, the authorized person on behalf of the partnership or the surviving other business entity shall promptly deliver to the partner or the holder of interests or other securities, at the expense of the surviving partnership or surviving other business entity, a copy of the agreement of merger. A waiver by a partner or holder of interests or other securities of the rights provided in this subdivision shall be unenforceable.

SEC. 29. Section 16914 of the Corporations Code is amended to read:

16914. (a) When a merger takes effect, all of the following apply:

(1) The separate existence of the disappearing partnerships and disappearing other business entities ceases and the surviving partnership or surviving other business entity shall succeed, without other transfer, act or deed, to all the rights and property whether real, personal, or mixed, of each of the disappearing partnerships and disappearing other business entities and shall be subject to all the debts and liabilities of each in the same manner as if the surviving partnership or surviving other business entity had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent partnerships and constituent other business entities shall be preserved unimpaired and may be enforced against the surviving partnership or the surviving other business entity to the same extent as if the debt, liability or duty that gave rise to that lien had been incurred or contracted by it, provided that those liens upon the property of a disappearing partnership or disappearing other business entity shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing partnership or disappearing other business entity may be prosecuted to judgment, which shall bind the surviving partnership or surviving other business entity, or the surviving partnership or surviving other business entity may be proceeded against or be substituted in the disappearing partnership's or the disappearing other business entity's place.

(b) (1) Unless a certificate of merger has been filed to effect the merger, the surviving entity shall promptly notify the Secretary of State of the mailing address of its agent for service of process, its chief executive office, and of any change of address. To enforce an obligation of a limited partnership that has merged with a foreign entity, the Secretary of State shall only be the agent for service of process in an action or proceeding against the surviving foreign other business entity, if the agent designated for the service of process for the entity is a natural person and cannot be found with due diligence or if the agent is a corporation and no person, to whom delivery may be made, can be found with due diligence, or if no agent has been designated and if no one of the officers, partners, managers, members, or agents of the entity can be found after diligent search,

and it is so shown by affidavit to the satisfaction of the court. The court then may make an order that service be made by personal delivery to the Secretary of State or to an assistant or deputy Secretary of State of two copies of the process together with two copies of the order, and the order shall set forth an address to which the process shall be sent by the Secretary of State. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of the process and order and the fee set forth in Section 12206 of the Government Code, the Secretary of State shall give notice to the entity of the service of the process by forwarding by certified mail, return receipt requested, a copy of the process and order to the address specified in the order.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State and shall record therein the time of service and the Secretary of State's action with respect thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice thereof to the entity, and the forwarding of the process, shall be competent and prima facie evidence of the matters stated therein.

(c) A partner of the surviving partnership or surviving limited partnership, a member of the surviving limited liability company, a shareholder of the surviving corporation, or a holder of equity securities of the surviving other business entity, is liable for all of the following:

(1) All obligations of a party to the merger for which that person was personally liable before the merger.

(2) All other obligations of the surviving entity incurred before the merger by a party to the merger, but those obligations may be satisfied only out of property of the entity.

(3) All obligations of the surviving entity incurred after the merger takes effect, but those obligations may be satisfied only out of property of the entity if that person is a limited partner, a shareholder in a corporation, or, unless expressly provided otherwise in the articles of organization or other constituent documents, a member of a limited liability company or a holder of equity securities in a surviving other business entity.

(d) If the obligations incurred before the merger by a party to the merger are not satisfied out of the property of the surviving partnership or surviving other business entity, the general partners of that party immediately before the effective date of the merger, to the extent that party was a partnership or a limited partnership, shall contribute the amount necessary to satisfy that party's obligations to the surviving entity, in the manner provided in Section 16807 or in the limited partnership act of the jurisdiction in which the party was formed, as the case may be, as if the merged party were dissolved.

(e) A partner of a domestic disappearing partnership, who does not vote in favor of the merger and does not agree to become a partner, member, shareholder, or holder of interest or equity

securities of the surviving partnership or surviving other business entity shall have the right to dissociate from the partnership, as of the date the merger takes effect. Within 10 days after the approval of the merger by the partners as required under this article, each domestic disappearing partnership shall send notice of the approval of the merger to each partner that has not approved the merger, accompanied by a copy of Section 16701 and a brief description of the procedure to be followed under that section if the partner wishes to dissociate from the partnership. A partner that desires to dissociate from a disappearing partnership shall send written notice of that dissociation within 30 days after the date of the notice of the approval of the merger. The disappearing partnership shall cause the partner's interest in the entity to be purchased under Section 16701. The surviving entity is bound under Section 16702 by an act of a general partner dissociated under this subdivision, and the partner is liable under Section 16703 for transactions entered into by the surviving entity after the merger takes effect. The disassociation of a partner in connection with a merger pursuant to the terms of this subdivision shall not be deemed a wrongful disassociation under Section 16602.

SEC. 30. Section 16915 of the Corporations Code is amended to read:

16915. (a) In a merger involving only partnerships, or in a merger to which a domestic partnership and an other business entity is a party but in which no other domestic other business entity is a party, the surviving partnership or surviving foreign other business entity may file with the Secretary of State a statement that one or more partnerships have merged into the surviving partnership or surviving other business entity. A statement of merger shall contain the following:

(1) The name of each partnership or other business entity that is a party to the merger.

(2) The name of the surviving entity into which the other partnerships or other business entities were merged.

(3) The street address of the surviving entity's chief executive office and of an office in this state, if any.

(4) Whether the surviving entity is a partnership or an other business entity, specifying the type of the entity.

(b) In a merger involving a domestic partnership in which a domestic other business entity is also a party, after approval of the merger by the constituent partnerships and any constituent other business entities, the constituent partnerships and constituent other business entities shall file a certificate of merger in the office of, and on a form prescribed by, the Secretary of State, but if the surviving entity is a domestic corporation or a foreign corporation in a merger in which a domestic corporation is a constituent party, the surviving corporation shall file in the office of the Secretary of State a copy of the agreement of merger and attachments required under paragraph (1) of subdivision (g) of Section 1113. The certificate of

merger shall be executed and acknowledged by each domestic constituent partnership by two partners (unless a lesser number is provided in the partnership agreement) and by each foreign constituent partnership by one or more partners, and by each constituent other business entity by those persons required to execute the certificate of merger by the laws under which the constituent other business entity is organized. The certificate of merger shall set forth all of the following:

(1) The names and the Secretary of State's file numbers, if any, of each of the constituent partnerships and constituent other business entities, separately identifying the disappearing partnerships and disappearing other business entities and the surviving partnership or surviving other business entity.

(2) If a vote of the partners was required under Section 16911, a statement that the principal terms of the agreement of merger were approved by a vote of the partners, which equaled or exceeded the vote required.

(3) If the surviving entity is a domestic partnership and not an other business entity, any change to the information set forth in any filed statement of partnership authority of the surviving partnership resulting from the merger, including any change in the name of the surviving partnership resulting from the merger. The filing of a certificate of merger setting forth any changes to any filed statement of partnership authority of the surviving partnership shall have the effect of the filing of a certificate of amendment of the statement of partnership authority by the surviving partnership, and the surviving partnership need not file a certificate of amendment under Section 16015 to reflect those changes.

(4) The future effective date or time (which shall be a date or time certain not more than 90 days subsequent to the date of filing) of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(5) If the surviving entity is an other business entity or a foreign partnership, the full name, type of entity, legal jurisdiction in which the entity was organized and by whose laws its internal affairs are governed, and the address of the principal place of business of the entity.

(6) Any other information required to be stated in the certificate of merger by the laws under which each constituent other business entity is organized.

(b) The legislative body shall review any report submitted pursuant to Section 33080.1 and take any action it deems appropriate on that report no later than the first meeting of the legislative body occurring more than 21 days from the receipt of the report.

(A) Disburse voluntarily its excess surplus to the county housing authority or to another public agency exercising housing development powers within the territorial jurisdiction of the agency in accordance with subdivision (b).

(B) Expend or encumber its excess surplus within two additional years.

(2) If an agency, after three years has elapsed from the date that the moneys become excess surplus, has not expended or encumbered its excess surplus, the agency shall be subject to sanctions pursuant to subdivision (e), until the agency has expended or encumbered its excess surplus plus an additional amount, equal to 50 percent of the amount of the excess surplus that remains at the end of the three-year period. The additional expenditure shall not be from the agency's Low and Moderate Income Housing Fund, but shall be used in a manner that meets all requirements for expenditures from that fund.

(b) The housing authority or other public agency to which the money is transferred shall utilize the moneys for the purposes of, and subject to the same restrictions that are applicable to, the redevelopment agency under this part, and for that purpose may exercise all of the powers of a housing authority under Part 2 (commencing with Section 34200) to an extent not inconsistent with these limitations.

(c) Notwithstanding Section 34209 or any other provision of law, for the purpose of accepting a transfer of, and using, moneys pursuant to this section, the housing authority of a county or other public agency may exercise its powers within the territorial jurisdiction of a city redevelopment agency located in that county.

(d) The amount of excess surplus that shall be transferred to the housing authority or other public agency because of a failure of the redevelopment agency to expend or encumber excess surplus within one year shall be the amount of the excess surplus that is not so expended or encumbered. The housing authority or other public agency to which the moneys are transferred shall expend or encumber these moneys for authorized purposes not later than three years after the date these moneys were transferred from the Low and Moderate Income Housing Fund.

(e) (1) Until a time when the agency has expended or encumbered excess surplus moneys pursuant to subdivision (a), the agency shall be prohibited from encumbering any funds or expending any moneys derived from any source, except that the agency may encumber funds and expend moneys to pay the following obligations, if any, that were incurred by the agency prior to three years from the date the moneys became excess surplus:

(A) Bonds, notes, interim certificates, debentures, or other obligations issued by an agency, whether funded, refunded, assumed, or otherwise, pursuant to Article 5 (commencing with Section 33640).

(F) Obligations incurred pursuant to Section 33401.

(G) An amount, to be expended for the operation and administration of the agency, that may not exceed 75 percent of the amount spent for those purposes in the preceding fiscal year.

(2) This subdivision shall not be construed to prohibit the expenditure of excess surplus funds or other funds to meet the requirement in paragraph (2) of subdivision (a) that the agency spend or encumber excess surplus funds, plus an amount equal to 50 percent of excess surplus, prior to spending or encumbering funds for any other purpose.

(f) Nothing in this section shall be construed to limit any authority a redevelopment agency may have under other provisions of this part to contract with a housing authority for increasing or improving the community's supply of low- and moderate-income housing.

(g) For purposes of this section:

(1) "Excess surplus" means any unexpended and unencumbered amount in an agency's Low and Moderate Income Housing Fund that exceeds the greater of one million dollars ($1,000,000) or the aggregate amount deposited into the Low and Moderate Income Housing Fund pursuant to Sections 33334.2 and 33334.6 during the agency's preceding four fiscal years. The first fiscal year to be included in this computation is the 1989–90 fiscal year, and the first date on which an excess surplus may exist is July 1, 1994.

(2) Moneys shall be deemed encumbered if committed pursuant to a legally enforceable contract or agreement for expenditure for purposes specified in Section 33334.2 or 33334.3.

(3) (A) For purposes of determining whether an excess surplus exists, it is the intent of the Legislature to give credit to agencies which convey land for less than fair market value, on which low- and moderate-income housing is built or is to be built if at least 49 percent

of the units developed on the land are available at affordable housing cost to lower income households for at least the time specified in subdivision (e) of Section 33334.3, and otherwise comply with all of the provisions of this division applicable to expenditures of moneys from a low- and moderate-income housing fund established pursuant to Section 33334.3. Therefore, for the sole purpose of determining the amount, if any, of an excess surplus, an agency may make the following calculation: if an agency sells, leases, or grants land acquired with moneys from the Low and Moderate Income Housing Fund, established pursuant to Section 33334.3, for an amount which is below fair market value, and if at least 49 percent of the units constructed or rehabilitated on the land are affordable to lower income households, as defined in Section 50079.5, the difference between the fair market value of the land and the amount the agency receives may be subtracted from the amount of moneys in an agency's Low and Moderate Income Housing Fund.

(B) If taxes that are deposited in the Low and Moderate Income Housing Fund are used as security for bonds or other indebtedness, the proceeds of the bonds or other indebtedness, and income and expenditures related to those proceeds, shall not be counted in determining whether an excess surplus exists. The unspent portion of the proceeds of bonds or other indebtedness, and income related thereto, shall be excluded from the calculation of the unexpended and unencumbered amount in the Low and Moderate Income Housing Fund when determining whether an excess surplus exists.

(C) Nothing in this subdivision shall be construed to restrict the authority of an agency provided in any other provision of this part to expend funds from the Low and Moderate Income Housing Fund.

(D) The department shall develop and periodically revise the methodology to be used in the calculation of excess surplus as required by this section. The director shall appoint an advisory committee to advise in the development of this methodology. The advisory committee shall include department staff, affordable housing advocates, and representatives of the California Redevelopment Association, the California Society of Certified Public Accountants, the Controller, and any other authorities or persons interested in the field that the director deems necessary and appropriate.

(h) Communities in which an agency has disbursed excess surplus funds pursuant to this section shall not disapprove a low- or moderate-income housing project funded in whole or in part by the excess surplus funds if the project is consistent with applicable building codes and the land use designation specified in any element of the general plan as it existed on the date the application was deemed complete. A local agency may require compliance with local development standards and policies appropriate to and consistent with meeting the quantified objectives relative to the development of housing, as required in housing elements of the community

pursuant to subdivision (b) of Section 65583 of the Government Code.

(i) Notwithstanding subdivision (a), any agency that has funds that become excess surplus on July 1, 1994, shall have, pursuant to subdivision (a), until January 1, 1995, to decide to transfer the funds to a housing authority or other public agency, or until January 1, 1997, to expend or encumber those funds, or face sanctions pursuant to subdivision (e).

SEC. 6. Section 33672.5 of the Health and Safety Code is amended to read:

33672.5. (a) Upon the written request of a redevelopment agency for the purpose of assisting the agency, the county auditor or other officer responsible for allocation of tax revenues pursuant to Section 33670 shall prepare a statement each fiscal year, commencing with the 1992–93 fiscal year, for each redevelopment project area and each area added to a redevelopment project area by amendment, which provides for all the following:

(1) The total taxable assessed value of secured, unsecured, and state-assessed railroad and nonoperating, nonunitary property.

(2) The total taxable assessed value used by the county auditor to determine the division of taxes required by subdivision (a) of Section 33670.

(3) The total taxable assessed value used by the county auditor to determine the division of taxes required by subdivision (b) of Section 33670.

(4) The estimated amount of taxes calculated pursuant to subdivision (b) of Section 33670, as adjusted by subdivision (e) of Section 33670 and subdivision (a) of Section 33676. The statement shall specify the gross amount of tax-increment revenue allocated to the agency and any payments to other taxing entities that are deducted from the gross amount allocated.

(5) The estimated amount of taxes to be allocated pursuant to subdivisions (c) and (d) of Section 100 of the Revenue and Taxation Code.

(b) If requested to provide a statement pursuant to subdivision (a), the county auditor shall deliver each statement to the respective redevelopment agencies receiving property tax revenue on or before November 30 of each year.

(c) (1) Upon the request of a redevelopment agency pursuant to subdivision (a), and concurrently with the disbursement of those property tax revenues, the county auditor shall prepare a statement which provides the amount of disbursement made pursuant to all of the following:

(A) Section 33670.

(B) Section 100 of the Revenue and Taxation Code.

(C) Supplemental property tax revenues allocated pursuant to Sections 75 to 75.80 of the Revenue and Taxation Code, inclusive.

(2) The statement provided pursuant to this subdivision shall also include corrections, updates, or adjustments, if any, to the property tax revenue amounts and taxable assessed values reported pursuant to subdivision (a) of Section 33670.

(d) The county auditor shall also provide to a redevelopment agency, no later than 30 days after the receipt of a written request from that agency, information or clarification with respect to any statement issued pursuant to this section.

(e) If any redevelopment agency requests a statement or information pursuant to this section, the agency shall reimburse the county auditor for all actual and reasonable costs incurred.

SEC. 7. The Legislature finds and declares that Section 33121.5 of the Health and Safety Code, as added by Section 4 of this act, is declaratory of, and does not constitute a change in, existing law.

SEC. 8. Section 3.5 of this bill incorporates amendments to Section 33080.2 of the Health and Safety Code proposed by both this bill and SB 497. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2000, (2) each bill amends Section 33080.2 of the Health and Safety Code, and (3) this bill is enacted after SB 497, in which case Section 3 of this bill shall not become operative.

SEC. 9. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 443

An act to add and repeal Article 1.5 (commencing with Section 7063) of Chapter 8 of Part 1 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 7063) is added to Chapter 8 of Part 1 of Division 2 of the Revenue and Taxation Code, to read:

Article 1.5. Public Disclosure of Tax Delinquencies

7063. (a) Notwithstanding any other provision of law, the board shall make available as a matter of public record each quarter a list of the 12 largest tax delinquencies in excess of one million dollars ($1,000,000) under this part. For purposes of compiling the list, a tax delinquency means an amount owing the board which is all of the following:

(1) Based on a determination made under Article 2 (commencing with Section 6481) or Article 3 (commencing with Section 6511) of Chapter 5 deemed final pursuant to Article 5 (commencing with Section 6561) of Chapter 5, or that is "due and payable" under Article 4 (commencing with Section 6536) of Chapter 5.

(2) Recorded as a notice of state tax lien pursuant to Chapter 14 (commencing with Section 7150) of Division 7 of Title 1 of the Government Code, in any county recorder's office in this state.

(3) For an amount of tax delinquent for more than 90 days for which the person has received tax or tax reimbursement, including any additions, penalties, or interest.

(b) For purposes of the list, a tax delinquency does not include any of the following and may not be included on the list:

(1) A delinquency that is under litigation in a court of law.

(2) A delinquency under which the person has filed a petition for redetermination.

(3) A delinquency for which payment arrangements have been agreed to by both the taxpayer and the board and the taxpayer is in compliance with the arrangement.

(4) A delinquency under which the taxpayer has filed for bankruptcy protection pursuant to the United States Bankruptcy Code.

(c) Each quarterly list shall, with respect to each delinquency, include all the following:

(1) The name of the person or persons liable for payment of the tax and that person's or persons' last known address.

(2) The amount of delinquency, including any applicable interest or penalties.

(3) The length of time for which payment has been delinquent.

(4) The type of tax that is delinquent.

Prior to making a tax delinquency a matter of public record as required by this section, the board shall provide a preliminary written notice to the person or persons liable for the tax by first-class mail, return receipt required. If within 30 days after receipt of the notice of receipt, the person or persons do not remit the amount due or make arrangements with the board for payment of the amount due, the tax delinquency shall be included on the list.

(d) The quarterly list described in subdivision (a) shall include the following:

(1) The telephone number and address of the board office to contact if a person believes placement of his or her name on the list is in error.

(2) The aggregate number of persons that have appeared on the list who have satisfied their delinquencies in their entirety and the dollar amounts, in the aggregate, that have been paid attributable to those delinquencies.

(e) As promptly as feasible, but no later than 5 business days from the occurrence of any of the following, the board shall remove that taxpayer's name from the list of tax delinquencies:

(1) Tax delinquencies for which the person liable for the tax has contacted the board and resolution of the delinquency is being arranged or has been arranged.

(2) Tax delinquencies for which the board has verified that an active bankruptcy proceeding has been initiated.

(3) Tax delinquencies for which the board has verified that a bankruptcy proceeding has been completed and there are no assets available with which to pay the delinquent amount or amounts.

(4) Tax delinquencies that the board has determined to be uncollectible.

(f) A person whose delinquency appears on the quarterly list, and who satisfies that delinquency in whole or in part, may request the board to include in its quarterly list any payments that person made to satisfy the delinquency. Upon receipt of that request, the board shall include those payments on the list as promptly as feasible.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2005, deletes or extends that date.

CHAPTER 444

An act to amend Sections 1985.3, 1985.6, and 2020 of the Code of Civil Procedure, to amend Sections 1560, 1561, and 1563 of the Evidence Code, and to amend Section 4055.2 of the Labor Code, relating to confidentiality.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1985.3 of the Code of Civil Procedure is amended to read:

1985.3. (a) For purposes of this section, the following definitions apply:

(1) "Personal records" means the original, any copy of books, documents, other writings, or electronic data pertaining to a

consumer and which are maintained by any "witness" which is a physician, dentist, ophthalmologist, optometrist, chiropractor, physical therapist, acupuncturist, podiatrist, veterinarian, veterinary hospital, veterinary clinic, pharmacist, pharmacy, hospital, medical center, clinic, radiology or MRI center, clinical or diagnostic laboratory, state or national bank, state or federal association (as defined in Section 5102 of the Financial Code), state or federal credit union, trust company, anyone authorized by this state to make or arrange loans that are secured by real property, security brokerage firm, insurance company, title insurance company, underwritten title company, escrow agent licensed pursuant to Division 6 (commencing with Section 17000) of the Financial Code or exempt from licensure pursuant to Section 17006 of the Financial Code, attorney, accountant, institution of the Farm Credit System, as specified in Section 2002 of Title 12 of the United States Code, or telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, or psychotherapist, as defined in Section 1010 of the Evidence Code, or a private or public preschool, elementary school, secondary school, or postsecondary school as described in Section 76244 of the Education Code.

(2) "Consumer" means any individual, partnership of five or fewer persons, association, or trust which has transacted business with, or has used the services of, the witness or for whom the witness has acted as agent or fiduciary.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding pursuant to this code, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(4) "Deposition officer" means a person who meets the qualifications specified in paragraph (3) of subdivision (d) of Section 2020.

(b) Prior to the date called for in the subpoena duces tecum for the production of personal records, the subpoenaing party shall serve or cause to be served on the consumer whose records are being sought a copy of the subpoena duces tecum, of the affidavit supporting the issuance of the subpoena, if any, and of the notice described in subdivision (e), and proof of service as indicated in paragraph (1) of subdivision (c). This service shall be made as follows:

(1) To the consumer personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the consumer is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or

if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor or with whom the minor resides or by whom the minor is employed, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(3) At least five days prior to service upon the custodian of the records, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall do either of the following:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the consumer or by his or her attorney of record. The witness may presume that any attorney purporting to sign the authorization on behalf of the consumer acted with the consent of the consumer, and that any objection to release of records is waived.

(d) A subpoena duces tecum for the production of personal records shall be served in sufficient time to allow the witness a reasonable time, as provided in paragraph (1) of subdivision (d) of Section 2020, to locate and produce the records or copies thereof.

(e) Every copy of the subpoena duces tecum and affidavit, if any, served on a consumer or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) records about the consumer are being sought from the witness named on the subpoena; (2) if the consumer objects to the witness furnishing the records to the party seeking the records, the consumer must file papers with the court or serve a written objection as provided in subdivision (g) prior to the date specified for production on the subpoena; and (3) if the party who is seeking the records will not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the consumer's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) A subpoena duces tecum for personal records maintained by a telephone corporation which is a public utility, as defined in Section 216 of the Public Utilities Code, shall not be valid or effective unless it includes a consent to release, signed by the consumer whose records are requested, as required by Section 2891 of the Public Utilities Code.

(g) Any consumer whose personal records are sought by a subpoena duces tecum and who is a party to the civil action in which this subpoena duces tecum is served may, prior to the date for

production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness and deposition officer at least five days prior to production. The failure to provide notice to the deposition officer shall not invalidate the motion to quash or modify the subpoena duces tecum but may be raised by the deposition officer as an affirmative defense in any action for liability for improper release of records.

Any other consumer or nonparty whose personal records are sought by a subpoena duces tecum may, prior to the date of production, serve on the subpoenaing party the witness, and the deposition officer, a written objection that cites the specific grounds on which production of the personal records should be prohibited.

No witness or deposition officer shall be required to produce personal records after receipt of notice that the motion has been brought by consumer, or after receipt of a written objection from a nonparty consumer, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and consumers affected.

The party requesting a consumer's personal records may bring a motion under Section 1987.1 to enforce the subpoena within 20 days of service of the written objection. The motion shall be accompanied by a declaration showing a reasonable and good faith attempt at informal resolution of the dispute between the party requesting the personal records and the consumer or the consumer's attorney.

(h) Upon good cause shown and provided that the rights of witnesses and consumers are preserved, a subpoenaing party shall be entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(i) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular consumer or consumers and which requires a custodian of records to delete all information which would in any way identify any consumer whose records are to be produced.

(j) This section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

(k) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the personal records sought by a subpoena duces tecum.

SEC. 2. Section 1985.6 of the Code of Civil Procedure is amended to read:

1985.6. (a) For purposes of this section, the following definitions apply:

(1) "Employment records" means the original or any copy of books, documents, other writings, or electronic data pertaining to the

employment of any employee maintained by the current or former employer of the employee.

(2) "Employee" means any individual who is or has been employed by a witness subject to a subpoena duces tecum.

(3) "Subpoenaing party" means the person or persons causing a subpoena duces tecum to be issued or served in connection with any civil action or proceeding, but shall not include the state or local agencies described in Section 7465 of the Government Code, or any entity provided for under Article VI of the California Constitution in any proceeding maintained before an adjudicative body of that entity pursuant to Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code.

(4) "Deposition officer" means a person who meets the qualifications specified in paragraph (3) of subdivision (d) of Section 2020.

(b) Prior to the date called for in the subpoena duces tecum of the production of employment records, the subpoenaing party shall serve or cause to be served on the employee whose records are being sought a copy of: the subpoena duces tecum; the affidavit supporting the issuance of the subpoena, if any; and the notice described in subdivision (e), and proof of service as provided in paragraph (1) of subdivision (c). This service shall be made as follows:

(1) To the employee personally, or at his or her last known address, or in accordance with Chapter 5 (commencing with Section 1010) of Title 14 of Part 3, or, if he or she is a party, to his or her attorney of record. If the employee is a minor, service shall be made on the minor's parent, guardian, conservator, or similar fiduciary, or if one of them cannot be located with reasonable diligence, then service shall be made on any person having the care or control of the minor, or with whom the minor resides, and on the minor if the minor is at least 12 years of age.

(2) Not less than 10 days prior to the date for production specified in the subpoena duces tecum, plus the additional time provided by Section 1013 if service is by mail.

(3) At least five days prior to service upon the custodian of the employment records, plus the additional time provided by Section 1013 if service is by mail.

(c) Prior to the production of the records, the subpoenaing party shall either:

(1) Serve or cause to be served upon the witness a proof of personal service or of service by mail attesting to compliance with subdivision (b).

(2) Furnish the witness a written authorization to release the records signed by the employee or by his or her attorney of record. The witness may presume that the attorney purporting to sign the authorization on behalf of the employee acted with the consent of the employee, and that any objection to release of records is waived.

(d) A subpoena duces tecum for the production of employment records shall be served in sufficient time to allow the witness a reasonable time, as provided in paragraph (1) of subdivision (d) of Section 2020, to locate and produce the records or copies thereof.

(e) Every copy of the subpoena duces tecum and affidavit served on an employee or his or her attorney in accordance with subdivision (b) shall be accompanied by a notice, in a typeface designed to call attention to the notice, indicating that (1) employment records about the employee are being sought from the witness named on the subpoena; (2) the employment records may be protected by a right of privacy; (3) if the employee objects to the witness furnishing the records to the party seeking the records the employee shall file papers with the court prior to the date specified for production on the subpoena; and (4) if the subpoenaing party does not agree in writing to cancel or limit the subpoena, an attorney should be consulted about the employee's interest in protecting his or her rights of privacy. If a notice of taking of deposition is also served, that other notice may be set forth in a single document with the notice required by this subdivision.

(f) Any employee whose employment records are sought by a subpoena duces tecum may, prior to the date for production, bring a motion under Section 1987.1 to quash or modify the subpoena duces tecum. Notice of the bringing of that motion shall be given to the witness and the deposition officer at least five days prior to production. The failure to provide notice to the deposition officer shall not invalidate the motion to quash or modify the subpoena duces tecum but may be raised by the deposition officer as an affirmative defense in any action for liability for improper release of records.

Any nonparty employee whose employment records are sought by a subpoena duces tecum may, prior to the date of production, serve on the subpoenaing party, and the deposition officer, the witness a written objection that cites the specific grounds on which production of the employment records should be prohibited.

No witness or deposition officer shall be required to produce employment records after receipt of notice that the motion has been brought by an employee, or after receipt of a written objection from a nonparty employee, except upon order of the court in which the action is pending or by agreement of the parties, witnesses, and employees affected.

The party requesting an employee's employment records may bring a motion under subdivision (c) of Section 1987 to enforce the subpoena within 20 days of service of the written objection. The motion shall be accompanied by a declaration showing a reasonable and good faith attempt at informal resolution of the dispute between the party requesting the employment records and the employee or the employee's attorney.

(g) Upon good cause shown and provided that the rights of witness and employees are preserved, a subpoenaing party shall be

entitled to obtain an order shortening the time for service of a subpoena duces tecum or waiving the requirements of subdivision (b) where due diligence by the subpoenaing party has been shown.

(h) Nothing contained in this section shall be construed to apply to any subpoena duces tecum which does not request the records of any particular employee or employees and which requires a custodian of records to delete all information which would in any way identify any employee whose records are to be produced.

(i) This section shall not apply to proceedings conducted under Division 1 (commencing with Section 50), Division 4 (commencing with Section 3200), Division 4.5 (commencing with Section 6100), or Division 4.7 (commencing with Section 6200) of the Labor Code.

(j) Failure to comply with this section shall be sufficient basis for the witness to refuse to produce the employment records sought by subpoena duces tecum.

SEC. 3. Section 2020 of the Code of Civil Procedure is amended to read:

2020. (a) The method for obtaining discovery within the state from one who is not a party to the action is an oral deposition under Section 2025, a written deposition under Section 2028, or a deposition for production of business records and things under subdivisions (d) and (e). Except as provided in paragraph (1) of subdivision (h) of Section 2025, the process by which a nonparty is required to provide discovery is a deposition subpoena. The deposition subpoena may command any of the following:

(1) Only the attendance and the testimony of the deponent, under subdivision (c).

(2) Only the production of business records for copying, under subdivision (d).

(3) Both the attendance and the testimony of the deponent, as well as the production of business records, other documents, and tangible things, under subdivision (e).

Except as modified in this section, the provisions of Chapter 2 (commencing with Section 1985), and of Article 4 (commencing with Section 1560) of Chapter 2 of Division 11 of the Evidence Code, apply to a deposition subpoena.

(b) The clerk of the court in which the action is pending shall issue a deposition subpoena signed and sealed, but otherwise in blank, to a party requesting it, who shall fill it in before service. In lieu of the court-issued deposition subpoena, an attorney of record for any party may sign and issue a deposition subpoena; the deposition subpoena in that case need not be sealed, a copy may be served on the nonparty, and the attorney may retain the original.

(c) A deposition subpoena that commands only the attendance and the testimony of the deponent shall specify the time when and the place where the deponent is commanded to attend for the deposition. It shall set forth a summary of (1) the nature of a deposition, (2) the rights and duties of the deponent, and (3) the

penalties for disobedience of a deposition subpoena described in subdivision (h). If the deposition will be recorded by videotape under paragraph (2) of subdivision (*l*) of Section 2025, the deposition subpoena shall state that it will be recorded in that manner. If the deponent is an organization, the deposition subpoena shall describe with reasonable particularity the matters on which examination is requested, and shall advise that organization of its duty to make the designation of employees or agents who will attend described in subdivision (d) of Section 2025.

(d) (1) A deposition subpoena that commands only the production of business records for copying shall designate the business records to be produced either by specifically describing each individual item or by reasonably particularizing each category of item; however, specific information identifiable only to the deponent's records system, such as a policy number or the date the consumer interacted with the witness, shall not be required. This deposition subpoena need not be accompanied by an affidavit or declaration showing good cause for the production of the business records designated in it. It shall be directed to the custodian of those records or another person qualified to certify the records. It shall command compliance in accordance with paragraph (4) on a date that is no earlier than 20 days after the issuance, or 15 days after the service, of the deposition subpoena, whichever date is later.

(2) If, under Section 1985.3 or 1985.6, the one to whom the deposition subpoena is directed is a witness, and the business records described in the deposition subpoena are personal records pertaining to a consumer, the service of the deposition subpoena shall be accompanied either by a copy of the proof of service of the notice to the consumer described in subdivision (e) of Section 1985.3, or subdivision (b) of Section 1985.6, as applicable, or by the consumer's written authorization to release personal records described in paragraph (2) of subdivision (c) of Section 1985.3, or paragraph (2) of subdivision (c) of Section 1985.6, as applicable.

(3) The officer for a deposition seeking discovery only of business records for copying under this subdivision shall be a professional photocopier registered under Chapter 20 (commencing with Section 22450) of Division 8 of the Business and Professions Code, or a person exempted from the registration requirements of that chapter under Section 22451 of the Business and Professions Code. This deposition officer shall not be financially interested in the action, or a relative or employee of any attorney of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the date of production or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(4) Unless directed to make the records available for inspection or copying by the subpoenaing party's attorney or a representative of that attorney at the witness' business address under subdivision (e)

of Section 1560 of the Evidence Code, the custodian of the records or other qualified person shall, in person, by messenger, or by mail, deliver only to the deposition officer specified in the deposition subpoena (1) a true, legible, and durable copy of the records, and (2) an affidavit in compliance with Section 1561 of the Evidence Code. If this delivery is made to the office of the deposition officer, the records shall be enclosed, sealed, and directed as described in subdivision (c) of Section 1560 of the Evidence Code. If this delivery is made at the office of the business whose records are the subject of the deposition subpoena, the custodian of those records or other qualified person shall (1) permit the deposition officer specified in the deposition subpoena to make a copy of the originals of the designated business records during normal business hours as defined in subdivision (e) of Section 1560 of the Evidence Code, or (2) deliver to that deposition officer a true, legible, and durable copy of the records on receipt of payment in cash or by check, by or on behalf of the party serving the deposition subpoena, of the reasonable costs of preparing that copy, and an itemized statement for the cost of preparation, as determined under subdivision (b) of Section 1563 of the Evidence Code. This copy need not be delivered in a sealed envelope. Unless the parties, and if the records are those of a consumer as defined in Section 1985.3 or 1985.6, the consumer, stipulate to an earlier date, the custodian of the records shall not deliver to the deposition officer the records that are the subject of the deposition subpoena prior to the date and time specified in the deposition subpoena. The following legend shall appear in boldface type on the deposition subpoena immediately following the date and time specified for production: "Do not release the requested records to the deposition officer prior to the date and time stated above."

(5) Promptly on or after the deposition date and after the receipt or the making of a copy of business records under this subdivision, the deposition officer shall provide that copy to the party at whose instance the deposition subpoena was served, and a copy of those records to any other party to the action who then or subsequently, within a period of six months following the settlement of the case, notifies the deposition officer that the party desires to purchase a copy of those records.

(6) The provisions of Section 1562 of the Evidence Code concerning the admissibility of the affidavit of the custodian or other qualified person apply to a deposition subpoena served under this subdivision.

(e) A deposition subpoena that commands both the attendance and the testimony of the deponent, as well as the production of business records, documents, and tangible things, shall (1) comply with the requirements of subdivision (c), (2) designate the business records, documents, and tangible things to be produced either by specifically describing each individual item or by reasonably particularizing each category of item, and (3) specify any testing or

sampling that is being sought. This deposition subpoena need not be accompanied by an affidavit or declaration showing good cause for the production of the documents and things designated.

Where, as described in Section 1985.3, the person to whom the deposition subpoena is directed is a witness, and the business records described in the deposition subpoena are personal records pertaining to a consumer, the service of the deposition subpoena shall be accompanied either by a copy of the proof of service of the notice to the consumer described in subdivision (e) of Section 1985.3, or by the consumer's written authorization to release personal records described in paragraph (2) of subdivision (c) of Section 1985.3.

(f) Subject to paragraph (1) of subdivision (d), service of a deposition subpoena shall be effected a sufficient time in advance of the deposition to provide the deponent a reasonable opportunity to locate and produce any designated business records, documents, and tangible things, as described in subdivision (d), and, where personal attendance is commanded, a reasonable time to travel to the place of deposition. Any person may serve the subpoena by personal delivery of a copy of it (1) if the deponent is a natural person, to that person, and (2) if the deponent is an organization, to any officer, director, custodian of records, or to any agent or employee authorized by the organization to accept service of a subpoena.

If a deposition subpoena requires the personal attendance of the deponent, under subdivision (c) or (e), the party noticing the deposition shall pay to the deponent in cash or by check the same witness fee and mileage required by Chapter 1 (commencing with Section 68070) of Title 8 of the Government Code for attendance and testimony before the court in which the action is pending. This payment, whether or not demanded by the deponent, shall be made, at the option of the party noticing the deposition, either at the time of service of the deposition subpoena, or at the time the deponent attends for the taking of testimony.

Service of a deposition subpoena that does not require the personal attendance of a custodian of records or other qualified person, under subdivision (d), shall be accompanied, whether or not demanded by the deponent, by a payment in cash or by check of the witness fee required by paragraph (6) of subdivision (b) of Section 1563 of the Evidence Code.

(g) Personal service of any deposition subpoena is effective to require of any deponent who is a resident of California at the time of service (1) personal attendance and testimony, if the subpoena so specifies, (2) any specified production, inspection, testing, and sampling, and (3) the deponent's attendance at a court session to consider any issue arising out of the deponent's refusal to be sworn, or to answer any question, or to produce specified items, or to permit inspection or photocopying, if the subpoena so specifies, or specified testing and sampling of the items produced.

(h) A deponent who disobeys a deposition subpoena in any manner described in subdivision (g) may be punished for contempt under Section 2023 without the necessity of a prior order of court directing compliance by the witness, and is subject to the forfeiture and the payment of damages set forth in Section 1992.

SEC. 4. Section 1560 of the Evidence Code is amended to read:

1560. (a) As used in this article:

(1) "Business" includes every kind of business described in Section 1270.

(2) "Record" includes every kind of record maintained by a business.

(b) Except as provided in Section 1564, when a subpoena duces tecum is served upon the custodian of records or other qualified witness of a business in an action in which the business is neither a party nor the place where any cause of action is alleged to have arisen, and the subpoena requires the production of all or any part of the records of the business, it is sufficient compliance therewith if the custodian or other qualified witness, within five days after the receipt of the subpoena in any criminal action or within the time agreed upon by the party who served the subpoena and the custodian or other qualified witness, or within 15 days after the receipt of the subpoena in any civil action or within the time agreed upon by the party who served the subpoena and the custodian or other qualified witness, delivers by mail or otherwise a true, legible, and durable copy of all the records described in the subpoena to the clerk of the court or to the judge if there be no clerk or to another person described in subdivision (c) of Section 2026 of the Code of Civil Procedure, together with the affidavit described in Section 1561.

(c) The copy of the records shall be separately enclosed in an inner envelope or wrapper, sealed, with the title and number of the action, name of witness, and date of subpoena clearly inscribed thereon; the sealed envelope or wrapper shall then be enclosed in an outer envelope or wrapper, sealed, and directed as follows:

(1) If the subpoena directs attendance in court, to the clerk of the court, or to the judge thereof if there be no clerk.

(2) If the subpoena directs attendance at a deposition, to the officer before whom the deposition is to be taken, at the place designated in the subpoena for the taking of the deposition or at the officer's place of business.

(3) In other cases, to the officer, body, or tribunal conducting the hearing, at a like address.

(d) Unless the parties to the proceeding otherwise agree, or unless the sealed envelope or wrapper is returned to a witness who is to appear personally, the copy of the records shall remain sealed and shall be opened only at the time of trial, deposition, or other hearing, upon the direction of the judge, officer, body, or tribunal conducting the proceeding, in the presence of all parties who have appeared in person or by counsel at the trial, deposition, or hearing. Records

which are original documents and which are not introduced in evidence or required as part of the record shall be returned to the person or entity from whom received. Records which are copies may be destroyed.

(e) As an alternative to the procedures described in subdivisions (b), (c), and (d), the subpoenaing party may direct the witness to make the records available for inspection or copying by the party's attorney, the attorney's representative, or deposition officer as described in paragraph (3) of subdivision (d) of Section 2020 of the Code of Civil Procedure, at the witness' business address under reasonable conditions during normal business hours. Normal business hours, as used in this subdivision, means those hours that the business of the witness is normally open for business to the public. When provided with at least five business days' advance notice by the party's attorney, attorney's representative, or deposition officer, the witness shall designate a time period of not less than six continuous hours on a date certain for copying of records subject to the subpoena by the party's attorney, attorney's representative or deposition officer. It shall be the responsibility of the attorney's representative to deliver any copy of the records as directed in the subpoena. Disobedience to the deposition subpoena issued pursuant to this subdivision is punishable as provided in subdivision (h) of Section 2020.

SEC. 5. Section 1561 of the Evidence Code is amended to read:

1561. (a) The records shall be accompanied by the affidavit of the custodian or other qualified witness, stating in substance each of the following:

(1) The affiant is the duly authorized custodian of the records or other qualified witness and has authority to certify the records.

(2) The copy is a true copy of all the records described in the subpoena duces tecum, or pursuant to subdivision (e) of Section 1560 the records were delivered to the attorney, the attorney's representative, or deposition officer for copying at the custodian's or witness' place of business, as the case may be.

(3) The records were prepared by the personnel of the business in the ordinary course of business at or near the time of the act, condition, or event.

(4) The identity of the records.

(5) A description of the mode of preparation of the records.

(b) If the business has none of the records described, or only part thereof, the custodian or other qualified witness shall so state in the affidavit, and deliver the affidavit and those records that are available in one of the manners provided in Section 1560.

(c) Where the records described in the subpoena were delivered to the attorney or his or her representative or deposition officer for copying at the custodian's or witness' place of business, in addition to the affidavit required by subdivision (a), the records shall be accompanied by an affidavit by the attorney or his or her

representative or deposition officer stating that the copy is a true copy of all the records delivered to the attorney or his or her representative or deposition officer for copying.

SEC. 6. Section 1563 of the Evidence Code is amended to read:

1563. (a) This article shall not be interpreted to require tender or payment of more than one witness fee and one mileage fee or other charge, to a witness or witness' business, unless there is an agreement to the contrary between the witness and the requesting party.

(b) All reasonable costs incurred in a civil proceeding by any witness which is not a party with respect to the production of all or any part of business records the production of which is requested pursuant to a subpoena duces tecum may be charged against the party serving the subpoena duces tecum.

(1) "Reasonable cost," as used in this section, shall include, but not be limited to, the following specific costs: ten cents ($0.10) per page for standard reproduction of documents of a size $8^1/_2$ by 14 inches or less; twenty cents ($0.20) per page for copying of documents from microfilm; actual costs for the reproduction of oversize documents or the reproduction of documents requiring special processing which are made in response to a subpoena; reasonable clerical costs incurred in locating and making the records available to be billed at the maximum rate of twenty-four dollars ($24) per hour per person, computed on the basis of six dollars ($6) per quarter hour or fraction thereof; actual postage charges; and the actual cost, if any, charged to the witness by a third person for the retrieval and return of records held offsite by that third person.

(2) The requesting party, or the requesting party's deposition officer, shall not be required to pay those costs or any estimate thereof prior to the time the records are available for delivery pursuant to the subpoena, but the witness may demand payment of costs pursuant to this section simultaneous with actual delivery of the subpoenaed records, and until payment is made, is under no obligation to deliver the records.

(3) The witness shall submit an itemized statement for the costs to the requesting party, or the requesting party's deposition officer, setting forth the reproduction and clerical costs incurred by the witness. Should the costs exceed those authorized in paragraph (1), or the witness refuses to produce an itemized statement of costs as required by paragraph (3), upon demand by the requesting party, or the requesting party's deposition officer, the witness shall furnish a statement setting forth the actions taken by the witness in justification of the costs.

(4) The requesting party may petition the court in which the action is pending to recover from the witness all or a part of the costs paid to the witness, or to reduce all or a part of the costs charged by the witness, pursuant to this subdivision, on the grounds that those costs were excessive. Upon the filing of the petition the court shall issue an order to show cause and from the time the order is served

on the witness the court has jurisdiction over the witness. The court may hear testimony on the order to show cause and if it finds that the costs demanded and collected, or charged but not collected, exceed the amount authorized by this subdivision, it shall order the witness to remit to the requesting party, or reduce its charge to the requesting party by an amount equal to, the amount of the excess. In the event that the court finds the costs excessive and charged in bad faith by the witness, the court shall order the witness to remit the full amount of the costs demanded and collected, or excuse the requesting party from any payment of costs charged but not collected, and the court shall also order the witness to pay the requesting party the amount of the reasonable expenses incurred in obtaining the order including attorney's fees. If the court finds the costs were not excessive, the court shall order the requesting party to pay the witness the amount of the reasonable expenses incurred in defending the petition, including attorney's fees.

(5) If a subpoena is served to compel the production of business records and is subsequently withdrawn, or is quashed, modified or limited on a motion made other than by the witness, the witness shall be entitled to reimbursement pursuant to paragraph (1) for all costs incurred in compliance with the subpoena to the time that the requesting party has notified the witness that the subpoena has been withdrawn or quashed, modified or limited. In the event the subpoena is withdrawn or quashed, if those costs are not paid within 30 days after demand therefor, the witness may file a motion in the court in which the action is pending for an order requiring payment, and the court shall award the payment of expenses and attorney's fees in the manner set forth in paragraph (4).

(6) Where the records are delivered to the attorney, the attorney's representative, or the deposition officer for inspection or photocopying at the witness' place of business, the only fee for complying with the subpoena shall not exceed fifteen dollars ($15), plus the actual cost, if any, charged to the witness by a third person for retrieval and return of records held offsite by that third person. If the records are retrieved from microfilm, the reasonable cost, as defined in paragraph (1), shall also apply.

(c) When the personal attendance of the custodian of a record or other qualified witness is required pursuant to Section 1564, in a civil proceeding, he or she shall be entitled to the same witness fees and mileage permitted in a case where the subpoena requires the witness to attend and testify before a court in which the action or proceeding is pending and to any additional costs incurred as provided by subdivision (b).

SEC. 7. Section 4055.2 of the Labor Code is amended to read:

4055.2. Any party who subpoenas records in any proceeding under this division shall concurrent with service of the subpoena

upon the person who has possession of the records, send a copy of the subpoena to all parties of record in the proceeding.

CHAPTER 445

An act to add Section 3044 to the Family Code, relating to family law.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 3044 is added to the Family Code, to read:

3044. (a) Upon a finding by the court that a party seeking custody of a child has perpetrated domestic violence against the other party seeking custody of the child or against the child or the child's siblings within the previous five years, there is a rebuttable presumption that an award of sole or joint physical or legal custody of a child to a person who has perpetrated domestic violence is detrimental to the best interest of the child, pursuant to Section 3011. This presumption may only be rebutted by a preponderance of the evidence.

(b) In determining whether the presumption set forth in subdivision (a) has been overcome, the court shall consider all of the following factors:

(1) Whether the perpetrator of domestic violence has demonstrated that giving sole or joint physical or legal custody of a child to the perpetrator is in the best interest of the child.

(2) Whether the perpetrator has successfully completed a batterer's treatment program that meets the criteria outlined in subdivision (c) of Section 1203.097 of the Penal Code.

(3) Whether the perpetrator has successfully completed a program of alcohol or drug abuse counseling if the court determines that counseling is appropriate.

(4) Whether the perpetrator has successfully completed a parenting class if the court determines the class to be appropriate.

(5) If the perpetrator is on probation or parole, whether he or she is restrained by a protective order granted after a hearing, and whether he or she has complied with its terms and conditions.

(6) Whether the perpetrator of domestic violence has committed any further acts of domestic violence.

(c) In cases in which both parents are perpetrators of domestic violence, this presumption shall not be applicable.

(d) For purposes of this section, a person has "perpetrated domestic violence" when he or she is found by the court to have intentionally or recklessly caused or attempted to cause bodily injury,

or sexual assault, or to have placed a person in reasonable apprehension of imminent serious bodily injury to that person or to another, or to have engaged in any behavior involving, but not limited to, threatening, striking, harassing, destroying personal property or disturbing the peace of another, for which a court may issue an exparte order pursuant to Section 6320 to protect the other party seeking custody of the child or to protect the child and the child's siblings.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1094.5 of the Code of Civil Procedure is amended to read:

1094.5. (a) Where the writ is issued for the purpose of inquiring into the validity of any final administrative order or decision made as the result of a proceeding in which by law a hearing is required to be given, evidence is required to be taken, and discretion in the determination of facts is vested in the inferior tribunal, corporation, board, or officer, the case shall be heard by the court sitting without a jury. All or part of the record of the proceedings before the inferior tribunal, corporation, board, or officer may be filed with the petition, may be filed with respondent's points and authorities, or may be ordered to be filed by the court. Except when otherwise prescribed by statute, the cost of preparing the record shall be borne by the

petitioner. Where the petitioner has proceeded pursuant to Section 68511.3 of the Government Code and the Rules of Court implementing that section and where the transcript is necessary to a proper review of the administrative proceedings, the cost of preparing the transcript shall be borne by the respondent. Where the party seeking the writ has proceeded pursuant to Section 1088.5, the administrative record shall be filed as expeditiously as possible, and may be filed with the petition, or by the respondent after payment of the costs by the petitioner, where required, or as otherwise directed by the court. If the expense of preparing all or any part of the record has been borne by the prevailing party, the expense shall be taxable as costs.

(b) The inquiry in such a case shall extend to the questions whether the respondent has proceeded without, or in excess of jurisdiction; whether there was a fair trial; and whether there was any prejudicial abuse of discretion. Abuse of discretion is established if the respondent has not proceeded in the manner required by law, the order or decision is not supported by the findings, or the findings are not supported by the evidence.

(c) Where it is claimed that the findings are not supported by the evidence, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, abuse of discretion is established if the court determines that the findings are not supported by the weight of the evidence. In all other cases, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record.

(d) Notwithstanding subdivision (c), in cases arising from private hospital boards or boards of directors of districts organized pursuant to The Local Hospital District Law, Division 23 (commencing with Section 32000) of the Health and Safety Code or governing bodies of municipal hospitals formed pursuant to Article 7 (commencing with Section 37600) or Article 8 (commencing with Section 37650) of Chapter 5 of Division 3 of Title 4 of the Government Code, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record. However, in all cases in which the petition alleges discriminatory actions prohibited by Section 1316 of the Health and Safety Code, and the plaintiff makes a preliminary showing of substantial evidence in support of that allegation, the court shall exercise its independent judgment on the evidence and abuse of discretion shall be established if the court determines that the findings are not supported by the weight of the evidence.

(e) Where the court finds that there is relevant evidence that, in the exercise of reasonable diligence, could not have been produced or that was improperly excluded at the hearing before respondent, it may enter judgment as provided in subdivision (f) remanding the case to be reconsidered in the light of that evidence; or, in cases in

which the court is authorized by law to exercise its independent judgment on the evidence, the court may admit the evidence at the hearing on the writ without remanding the case.

(f) The court shall enter judgment either commanding respondent to set aside the order or decision, or denying the writ. Where the judgment commands that the order or decision be set aside, it may order the reconsideration of the case in the light of the court's opinion and judgment and may order respondent to take such further action as is specially enjoined upon it by law, but the judgment shall not limit or control in any way the discretion legally vested in the respondent.

(g) Except as provided in subdivision (h), the court in which proceedings under this section are instituted may stay the operation of the administrative order or decision pending the judgment of the court, or until the filing of a notice of appeal from the judgment or until the expiration of the time for filing the notice, whichever occurs first. However, no such stay shall be imposed or continued if the court is satisfied that it is against the public interest. The application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2. If an appeal is taken from a denial of the writ, the order or decision of the agency shall not be stayed except upon the order of the court to which the appeal is taken. However, in cases where a stay is in effect at the time of filing the notice of appeal, the stay shall be continued by operation of law for a period of 20 days from the filing of the notice. If an appeal is taken from the granting of the writ, the order or decision of the agency is stayed pending the determination of the appeal unless the court to which the appeal is taken shall otherwise order. Where any final administrative order or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect, the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of the proceedings.

(h) (1) The court in which proceedings under this section are instituted may stay the operation of the administrative order or decision of any licensed hospital or any state agency made after a hearing required by statute to be conducted under the Administrative Procedure Act, as set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, conducted by the agency itself or an administrative law judge on the staff of the Office of Administrative Hearings pending the judgment of the court, or until the filing of a notice of appeal from the judgment or until the expiration of the time for filing the notice, whichever occurs first. However, the stay shall

not be imposed or continued unless the court is satisfied that the public interest will not suffer and that the licensed hospital or agency is unlikely to prevail ultimately on the merits. The application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

(2) The standard set forth in this subdivision for obtaining a stay shall apply to any administrative order or decision of an agency that issues licenses pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code or pursuant to the Osteopathic Initiative Act or the Chiropractic Initiative Act. With respect to orders or decisions of other state agencies, the standard in this subdivision shall apply only when the agency has adopted the proposed decision of the administrative law judge in its entirety or has adopted the proposed decision but reduced the proposed penalty pursuant to subdivision (b) of Section 11517 of the Government Code; otherwise the standard in subdivision (g) shall apply.

(3) If an appeal is taken from a denial of the writ, the order or decision of the hospital or agency shall not be stayed except upon the order of the court to which the appeal is taken. However, in cases where a stay is in effect at the time of filing the notice of appeal, the stay shall be continued by operation of law for a period of 20 days from the filing of the notice. If an appeal is taken from the granting of the writ, the order or decision of the hospital or agency is stayed pending the determination of the appeal unless the court to which the appeal is taken shall otherwise order. Where any final administrative order or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect, the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of the proceedings.

(i) Any administrative record received for filing by the clerk of the court may be disposed of as provided in Sections 1952, 1952.2, and 1952.3.

(j) Effective January 1, 1996, this subdivision shall apply to state employees in State Bargaining Unit 5. This subdivision shall apply to state employees in State Bargaining Unit 8. For purposes of this section, the court is not authorized to review any disciplinary decisions reached pursuant to Section 19576.1 or 19576.5 of the Government Code.

SEC. 2. Section 1094.7 of the Code of Civil Procedure is repealed.

SEC. 3. Section 3517.6 of the Government Code is amended to read:

3517.6. (a) (1) In any case where the provisions of Section 70031 of the Education Code, or subdivision (i) of Section 3513, or Section 14876, 18714, 19080.5, 19100, 19143, 19261, 19818.16, 19819.1, 19820,

These methods may include seniority and other considerations.

(2) Notwithstanding paragraph (1), this paragraph shall apply to state employees in State Bargaining Unit 5, 6, or 8. (C) Any other matters as are necessary or advisable to the operation of this chapter.

(3) For state employees in State Bargaining Unit 8, less than full-time service shall be prorated.

(b) For professional, scientific, administrative, management, and executive classes, the department shall prescribe standards and methods by rule whereby employee efficiency shall be combined with seniority in determining the order of layoffs and the order of names on reemployment lists. SEC. 75. Section 19997.5 of the Government Code is amended to read:

19997.5. (a) Separations that are necessary by reason of reinstatement of an employee or employees after recognized military service as provided for in Section 19780 shall be made by layoff. In making these separations, the regular method of determining the order of layoff shall be used unless this would result in the layoff of an employee who has been reinstated in the class and subdivision of layoff under Section 19780, and in the retention of an employee who was appointed in the class and subdivision of layoff during the time that a reinstated employee was on military leave. Under these circumstances, seniority shall not be counted as provided in Section 19997.3. Instead, service in the subdivision of layoff that qualifies under Section 19997.3 for credit is the only state service that shall be counted.

Whenever such a layoff results in the demotion to a lower class of an employee who has been reinstated after recognized military service as provided in Section 19780, the resulting layoff, if any, in the lower class shall be made as though that reinstated employee had been in that lower class at the time he or she went on military leave.

Any layoff occurring within one year after reinstatement of an employee after recognized military service shall be presumed to have been necessary by reason of reinstatement of an employee or employees under Section 19780 unless the department determines that the reason for layoff is clearly not related to the reinstatement.

(b) Notwithstanding subdivision (a), this subdivision shall apply to state employees in State Bargaining Unit 5, 6, or 8. Separations that are necessary by reason of reinstatement of an employee or employees after recognized military service as provided for in Section 19780 shall be made by layoff. In making these separations, the regular method of determining the order of layoff shall be used.

SEC. 76. Section 19997.6 of the Government Code is amended to read:

19997.6. (a) A veteran, except a veteran who was reinstated from military leave, shall in the event of layoff receive seniority credit for recognized military service if the veteran entered the state service after discharge, the end of the national emergency, or the end of the state military emergency.

(b) Seniority credit for recognized military service shall be computed as if it were service in the class to which the employee was first given permanent civil service or exempt appointment after his

or her entry into the state service following recognized military service.

(c) Seniority credit for recognized military service shall not exceed one year's credit if the veteran had no state service prior to entering the military service.

(d) This section shall become operative on July 1, 1993.

(e) Notwithstanding subdivisions (a), (c), and (d), this subdivision shall apply to state employees in State Bargaining Unit 5, 6 or 8. A veteran, except a veteran who was reinstated from military leave, shall in the event of layoff receive a maximum of one year's seniority credit for recognized military service if the veteran entered the state service after discharge, the end of the national emergency, or the end of the state military emergency. For purposes of this subdivision, "recognized military service" means service in a military campaign or expedition for which a medal was authorized by the government of the United States in accordance with Section 300.1 of Title 12 of the California Code of Regulations.

SEC. 77. Section 19997.7 of the Government Code is amended to read:

19997.7. (a) Employees in the class under consideration, up to the number of positions to be abolished or discontinued, shall be laid off in the order as determined under this part. As between two or more of these employees who have the same score, veterans shall have preference in retention. Other ties shall be resolved according to department rule that shall take into consideration other matters of record before names are drawn by lot.

(b) Notwithstanding subdivision (a), this subdivision shall apply to state employees in State Bargaining Unit 5, 6, or 8. Employees in the class under consideration, up to the number of positions to be abolished or discontinued, shall be laid off in the order as determined under this part. As between two or more employees who have the same score, veterans shall have preference in retention. Other ties shall be determined by lot.

SEC. 78. Section 19997.8 of the Government Code is amended to read:

19997.8. (a) (1) In lieu of being laid off an employee may elect demotion to: (A) any class with substantially the same or a lower maximum salary in which he or she had served under permanent or probationary status, or (B) a class in the same line of work as the class of layoff, but of lesser responsibility, if such a class is designated by the department. Whenever a demotion requires a layoff in the elected class, the seniority score for the demoted employee shall be recomputed in that class. The appointing power shall inform the employee in the notice of layoff of the classes to which he or she has the right to demote. To be considered for demotion in lieu of layoff an employee must notify his or her appointing power in writing of his or her election not later than five calendar days after receiving notice of layoff.

(2) Notwithstanding paragraph (1), this paragraph shall apply to state employees in State Bargaining Unit 5, 6, or 8. Whenever a demotion requires a layoff in the elected class, the seniority score for the demoted employee shall be recomputed in that class if necessary. The appointing power shall inform the employee in the notice of layoff of the classes to which he or she has the right to demote. To be considered for demotion in lieu of layoff an employee must notify his or her appointing power in writing of his or her election not later than five calendar days after receiving notice of layoff.

(b) Demotions in lieu of layoff, and layoffs resulting therefrom, shall be governed by this article and shall be made within the subdivisions approved by the department for this purpose. These subdivisions need not be the same as those used to determine the area of layoff under Section 19997.2.

(c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 79. Section 19997.11 of the Government Code is amended to read:

19997.11. (a) (1) The names of employees to be laid off or demoted shall be placed upon the reemployment list for the subdivision, if such a subdivision was designated, upon the departmental reemployment list and upon the general reemployment list, for the class from which the employees were laid off or demoted. The department may also place these names upon the general reemployment list for any other appropriate classes as the department determines.

The department shall also place these names upon the general reemployment list only for the entry level class within the employee's primary demotional pattern. This general reemployment list shall be a rule of one name.

(b) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

In order for the provisions of this act to be applicable as soon as possible in the 1999–2000 fiscal year and thereby facilitate the orderly administration of state government at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 447

An act to amend Sections 9562 and 10721 of, to amend and renumber Sections 10782 and 10783 of, and to add Sections 10704, 10782, 10783, and 10784 to, the Food and Agricultural Code, relating to agriculture.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 9562 of the Food and Agricultural Code is amended to read:

9562. (a) Subject to the rights and procedures established pursuant to Chapter 4.5 (commencing with Section 11400) of Division 3 of Title 2 of the Government Code, and in accordance with regulations adopted pursuant to this code, the State Veterinarian shall impose a quarantine if he or she believes, upon any basis reasonably supportable by standard epidemiological practice or credible scientific research, that a population of domestic animals or food product from animals has contracted, or may carry, an illness, infection, pathogen, contagion, toxin, or condition that, without intervention, could transmit an illness that could kill or seriously damage other animals or humans, including, in addition to the original condition, those clinically plausible secondary illnesses, infections, pathogens, contagions, toxins, or conditions arising from the effects of the original.

(b) (1) Because the authority conferred by this section is designed to protect the health and safety of the citizens of this state, the authority shall be interpreted broadly to give full effect to the purpose of protecting the public health and safety and shall be construed to include the imposition of quarantines in the circumstances of natural disaster, whether occurring or imminent, or declared emergencies.

(2) In furtherance of the objectives of the quarantine, the State Veterinarian may impose restrictions not only on the affected animals themselves and the uses to which those animals may be put, but on products produced from, by, or with those animals in order to minimize the risk or spread of food-borne illness.

(3) The State Veterinarian's quarantine powers set forth in this section expressly include the power to order movement, segregation, isolation, or destruction of animals or food products, as well as the power to hold animals or food products in place.

SEC. 2. Section 10704 is added to the Food and Agricultural Code, to read:

10704. "Premises" is the farm of origin where swine were born and raised or where they have resided for a minimum of 90 continuous days immediately preceding shipment.

SEC. 3. Section 10721 of the Food and Agricultural Code is amended to read:

10721. (a) It is unlawful for any person to import any swine into this state except for immediate slaughter, unless the person procures a health certificate and import permit from the department prior to the shipment or movement of the swine.

(b) It is unlawful for any person to import any swine into this state for immediate slaughter unless the person procures an import permit from the department prior to the shipment or movement of the swine.

(c) Any person requesting an import permit shall identify the premises of the swine prior to the shipment of the swine into the state.

SEC. 4. Section 10782 of the Food and Agricultural Code is amended and renumbered to read:

10785. If the secretary finds and determines that similar regulations are necessary to control the diseases described in Section 10781 while hogs or swine are in interstate movement, the secretary shall notify the Governor so that the Governor may act pursuant to Section 9570.

SEC. 5. Section 10782 is added to the Food and Agricultural Code, to read:

10782. The department, after notice and hearing, may revoke a license granted by the department to a person conducting business as a packer, stockyard, dealer, agent, or any individual that receives, transports or deals with the marketing of swine or swine products that violates this chapter or a regulation adopted pursuant to this chapter.

SEC. 6. Section 10783 of the Food and Agricultural Code is amended and renumbered to read:

10786. (a) (1) Whenever a person violates any regulation that is adopted pursuant to this article, the department may impose an administrative penalty not to exceed one hundred dollars ($100) per individual animal for each violation.

(2) If the department issues an administrative penalty pursuant to paragraph (1), the department shall issue a Notice of Violation to the alleged offender or the offender's agent. The notice shall be written in plain English and shall inform the offender as to how the offender may challenge the administrative penalty.

(b) (1) A willful and knowing violation of any regulation that is adopted pursuant to this article is a crime, punishable as (A) an infraction by a fine of not more than one hundred dollars ($100) per individual animal for each violation, (B) a misdemeanor, or (C) a felony.

(2) Notwithstanding any other provision of law, the imposition of an administrative penalty pursuant to subdivision (a) shall not preclude prosecution of a person pursuant to paragraph (1).

SEC. 7. Section 10783 is added to the Food and Agricultural Code, to read:

10783. A previous violation of any provision of this chapter, or a regulation adopted pursuant to this chapter, is sufficient cause for the revocation of a license under Section 10782. Proof of a previous violation of this code, or a regulation adopted pursuant to this article, shall be considered an aggravating factor for a current offense.

SEC. 8. Section 10784 is added to the Food and Agricultural Code, to read:

10784. Any proceeding for the denial or revocation of a license pursuant to Section 10782 shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The department shall have all of the powers that are granted in that Chapter 5.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 448

An act to amend Section 1793.22 of the Civil Code, relating to warranties.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1793.22 of the Civil Code is amended to read:

1793.22. (a) This section shall be known and may be cited as the Tanner Consumer Protection Act.

(b) It shall be presumed that a reasonable number of attempts have been made to conform a new motor vehicle to the applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the odometer of the vehicle, whichever occurs first, either (1) the same nonconformity has been subject to repair four or more times by the manufacturer or its agents and the buyer has at least once directly notified the manufacturer of the need for the

repair of the nonconformity or (2) the vehicle is out of service by reason of repair of nonconformities by the manufacturer or its agents for a cumulative total of more than 30 calendar days since delivery of the vehicle to the buyer. The 30-day limit shall be extended only if repairs cannot be performed due to conditions beyond the control of the manufacturer or its agents. The buyer shall be required to directly notify the manufacturer pursuant to paragraph (1) only if the manufacturer has clearly and conspicuously disclosed to the buyer, with the warranty or the owner's manual, the provisions of this section and that of subdivision (d) of Section 1793.2, including the requirement that the buyer must notify the manufacturer directly pursuant to paragraph (1). This presumption shall be a rebuttable presumption affecting the burden of proof, and it may be asserted by the buyer in any civil action, including an action in small claims court, or other formal or informal proceeding.

(c) If a qualified third-party dispute resolution process exists, and the buyer receives timely notification in writing of the availability of that qualified third-party dispute resolution process with a description of its operation and effect, the presumption in subdivision (b) may not be asserted by the buyer until after the buyer has initially resorted to the qualified third-party dispute resolution process as required in subdivision (d). Notification of the availability of the qualified third-party dispute resolution process is not timely if the buyer suffers any prejudice resulting from any delay in giving the notification. If a qualified third-party dispute resolution process does not exist, or if the buyer is dissatisfied with that third-party decision, or if the manufacturer or its agent neglects to promptly fulfill the terms of the qualified third-party dispute resolution process decision after the decision is accepted by the buyer, the buyer may assert the presumption provided in subdivision (b) in an action to enforce the buyer's rights under subdivision (d) of Section 1793.2. The findings and decision of a qualified third-party dispute resolution process shall be admissible in evidence in the action without further foundation. Any period of limitation of actions under any federal or California laws with respect to any person shall be extended for a period equal to the number of days between the date a complaint is filed with a third-party dispute resolution process and the date of its decision or the date before which the manufacturer or its agent is required by the decision to fulfill its terms if the decision is accepted by the buyer, whichever occurs later.

(d) A qualified third-party dispute resolution process shall be one that does all of the following:

(1) Complies with the minimum requirements of the Federal Trade Commission for informal dispute settlement procedures as set forth in Part 703 of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1987.

(2) Renders decisions which are binding on the manufacturer if the buyer elects to accept the decision.

(3) Prescribes a reasonable time, not to exceed 30 days after the decision is accepted by the buyer, within which the manufacturer or its agent must fulfill the terms of its decisions.

(4) Provides arbitrators who are assigned to decide disputes with copies of, and instruction in, the provisions of the Federal Trade Commission's regulations in Part 703 of Title 16 of the Code of Federal Regulations as those regulations read on January 1, 1987, Division 2 (commencing with Section 2101) of the Commercial Code, and this chapter.

(5) Requires the manufacturer, when the process orders, under the terms of this chapter, either that the nonconforming motor vehicle be replaced if the buyer consents to this remedy or that restitution be made to the buyer, to replace the motor vehicle or make restitution in accordance with paragraph (2) of subdivision (d) of Section 1793.2.

(6) Provides, at the request of the arbitrator or a majority of the arbitration panel, for an inspection and written report on the condition of a nonconforming motor vehicle, at no cost to the buyer, by an automobile expert who is independent of the manufacturer.

(7) Takes into account, in rendering decisions, all legal and equitable factors, including, but not limited to, the written warranty, the rights and remedies conferred in regulations of the Federal Trade Commission contained in Part 703 of Title 16 of the Code of Federal Regulations as those regulations read on January 1, 1987, Division 2 (commencing with Section 2101) of the Commercial Code, this chapter, and any other equitable considerations appropriate in the circumstances. Nothing in this chapter requires that, to be certified as a qualified third-party dispute resolution process pursuant to this section, decisions of the process must consider or provide remedies in the form of awards of punitive damages or multiple damages, under subdivision (c) of Section 1794, or of attorneys' fees under subdivision (d) of Section 1794, or of consequential damages other than as provided in subdivisions (a) and (b) of Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(8) Requires that no arbitrator deciding a dispute may be a party to the dispute and that no other person, including an employee, agent, or dealer for the manufacturer, may be allowed to participate substantively in the merits of any dispute with the arbitrator unless the buyer is allowed to participate also. Nothing in this subdivision prohibits any member of an arbitration board from deciding a dispute.

(9) Obtains and maintains certification by the Department of Consumer Affairs pursuant to Chapter 9 (commencing with Section 472) of Division 1 of the Business and Professions Code.

(e) For the purposes of subdivision (d) of Section 1793.2 and this section, the following terms have the following meanings:

(1) "Nonconformity" means a nonconformity which substantially impairs the use, value, or safety of the new motor vehicle to the buyer or lessee.

(2) "New motor vehicle" means a new motor vehicle that is used or bought for use primarily for personal, family, or household purposes. "New motor vehicle" also means a new motor vehicle that is bought or used for business and personal, family, or household purposes by a person, including a partnership, limited liability company, corporation, association, or any other legal entity, to which not more than five motor vehicles are registered in this state. "New motor vehicle" includes the chassis, chassis cab, and that portion of a motor home devoted to its propulsion, but does not include any portion designed, used, or maintained primarily for human habitation, a dealer-owned vehicle and a "demonstrator" or other motor vehicle sold with a manufacturer's new car warranty but does not include a motorcycle or a motor vehicle which is not registered under the Vehicle Code because it is to be operated or used exclusively off the highways. A demonstrator is a vehicle assigned by a dealer for the purpose of demonstrating qualities and characteristics common to vehicles of the same or similar model and type.

(3) "Motor home" means a vehicular unit built on, or permanently attached to, a self-propelled motor vehicle chassis, chassis cab, or van, which becomes an integral part of the completed vehicle, designed for human habitation for recreational or emergency occupancy.

(f) (1) Except as provided in paragraph (2), no person shall sell, either at wholesale or retail, lease, or transfer a motor vehicle transferred by a buyer or lessee to a manufacturer pursuant to paragraph (2) of subdivision (d) of Section 1793.2 or a similar statute of any other state, unless the nature of the nonconformity experienced by the original buyer or lessee is clearly and conspicuously disclosed to the prospective buyer, lessee, or transferee, the nonconformity is corrected, and the manufacturer warrants to the new buyer, lessee, or transferee in writing for a period of one year that the motor vehicle is free of that nonconformity.

(2) Except for the requirement that the nature of the nonconformity be disclosed to the transferee, paragraph (1) does not apply to the transfer of a motor vehicle to an educational institution if the purpose of the transfer is to make the motor vehicle available for use in automotive repair courses.

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 3 (commencing with Section 27302) of Chapter 5 of Division 12 of the Vehicle Code is amended to read:

Article 3. Safety Belts and Inflatable Restraint Systems

SEC. 2. Section 27317 is added to the Vehicle Code, to read:

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 450

An act to amend, repeal, and add Section 6723 of the Food and Agricultural Code, relating to agriculture.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 6723 of the Food and Agricultural Code is amended to read:

6723. (a) The secretary shall establish the minimum license fee at an amount not to exceed one hundred eighty dollars ($180).

(b) The secretary may fix the minimum license fee at an amount that is less than one hundred eighty dollars ($180) and may adjust the license fee if, after investigation and due notice, the secretary finds that the cost of administering this division and Chapter 5 (commencing with Section 53301) of Division 18, which relate to nursery stock, can be defrayed from revenues derived from the license fee in combination with those sums as provided by Sections 435 and 5822.

(c) Both of the following amounts shall be added as an additional license fee to the license fee established pursuant to subdivisions (a) and (b):

(1) An equal sum for each branch salesyard, store, or sales location that is owned and operated by the applicant in the state.

(2) (A) An acreage fee in an amount to be established by the secretary for land used in the production, storage, or sale of all nursery stock, except as provided in subparagraph (B), in excess of one acre, which the secretary determines is necessary to carry out this part and any portion of this code that relates to nursery stock. The total acreage fee shall not be less than twenty-five dollars ($25) nor more than nine hundred dollars ($900) for each licensee. The acreage fee shall be calculated using as a basis the total of the acreage at all locations where nursery stock is produced, stored, or sold.

(B) Subparagraph (A) does not apply to those licensees whose gross income from the production of cut flowers and cut ornamentals is 75 percent or greater of the gross income of their nursery.

(d) As to all the fees, the secretary may require payment of prorated amounts when necessary in the issuance of new licenses for branch salesyards, stores, or sales locations to persons already licensed pursuant to the licensing periods established in Section 6724.

(e) This section shall become inoperative on July 1, 2005, and as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 6723 is added to the Food and Agricultural Code, to read:

6723. (a) The secretary shall establish the minimum license fee at an amount not to exceed one hundred dollars ($100).

(b) The secretary may fix the minimum license fee at an amount that is less than one hundred dollars ($100) and may adjust the license fee if, after investigation and due notice, the secretary finds that the cost of administering this division and Chapter 5 (commencing with Section 53301) of Division 18, which relate to nursery stock, can be defrayed from revenues derived from the license fee in combination with those sums as provided by Sections 435 and 5822.

(c) Both of the following amounts shall be added as an additional license fee to the license fee established pursuant to subdivisions (a) and (b):

(1) An equal sum for each branch salesyard, store, or sales location that is owned and operated by the applicant in the state.

(2) (A) An acreage fee in an amount to be established by the secretary for land used in the production, storage, or sale of all nursery stock, except as provided in subparagraph (B), in excess of one acre, which the secretary determines is necessary to carry out this part and any portion of this code that relates to nursery stock. The total acreage fee shall not be less than twenty-five dollars ($25) nor more than nine hundred dollars ($900) for each licensee. The acreage fee shall be calculated using as a basis the total of the acreage at all locations where nursery stock is produced, stored, or sold.

The list shall include the following dates and information, if available:

(1) The date the district adopted the revision.

(2) The date the revision was submitted to the state board.

(3) The date the state board submitted the revision to the United States Environmental Protection Agency.

(4) The date the United States Environmental Protection Agency published notice of a proposed action on the revision in the Federal Register and the nature of that proposed final action.

(5) The date the United States Environmental Protection Agency took final action of the revision and the nature of that final action.

(b) The state board may remove a revision from the list published pursuant to subdivision (a) 30 days after the United States Environmental Protection Agency takes final action on the revision.

(c) For the purposes of this section, "publish" means to post the information on the state board's Internet website, or to make the information available to any party in writing upon request.

CHAPTER 452

An act to amend Section 42943 of the Food and Agricultural Code, relating to agriculture.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 42943 of the Food and Agricultural Code is amended to read:

42943. (a) It is unlawful for any person to mislabel any fruit, nut, or vegetable, or place or have any false or misleading statement or designation of quality, grade, trademark, or trade name, on any wrapper or container, or on the label or lining of any container of any fresh or dried fruit, nut, or vegetable, or on any placard which is used in connection with, or which has reference to, any fresh or dried fruit, nut, or vegetable or container, bulk lot, bulk load, load, arrangement, or display of fresh or dried fruits, nuts, or vegetables.

(b) This section requires the obliteration of incorrect or unauthorized labels or markings prior to commercial reuse of containers. The use of empty containers solely as a platform for retail display of other properly labeled containers containing the commodity for sale, or the use of containers for purposes not involving the sale of the product therein, does not constitute "commercial reuse" for these purposes.

(c) This section does not require the obliteration of old markings or labels by a grower employing a used container solely to transport, and not for display or sale, that grower's own agricultural products to or from, or both to and from, a certified farmers' market.

CHAPTER 453

An act amend Sections 5222, 5237, 5819, 6018, 6211, 6611, 7222, 7236, 8011, 8018, 8211, 8611, 8723, 9222, 9245, 12362, 12376, 12531, 12539, 12571, 12631, and 12662 of, and to add Sections 6325, 7122.3, 8325,

12302.1, and 12594 to, the Corporations Code, relating to corporations.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 5222 of the Corporations Code is amended to read:

5222. (a) Subject to subdivisions (b) and (f) of this section, any or all directors may be removed without cause if:

(1) In a corporation with fewer than 50 members, the removal is approved by a majority of all members (Section 5033).

(2) In a corporation with 50 or more members, the removal is approved by the members (Section 5034).

(3) In a corporation with no members, the removal is approved by a majority of the directors then in office.

(b) Except for a corporation having no members pursuant to Section 5310:

(1) In a corporation in which the articles or bylaws authorize members to cumulate their votes pursuant to subdivision (a) of Section 5616, no director may be removed (unless the entire board is removed) when the votes cast against removal, or not consenting in writing to the removal, would be sufficient to elect the director if voted cumulatively at an election at which the same total number of votes were cast (or, if the action is taken by written ballot, all memberships entitled to vote were voted) and the entire number of directors authorized at the time of the director's most recent election were then being elected.

(2) When by the provisions of the articles or bylaws the members of any class, voting as a class, are entitled to elect one or more directors, any director so elected may be removed only by the applicable vote of the members of that class.

(3) When by the provisions of the articles or bylaws the members within a chapter or other organizational unit, or region or other geographic grouping, voting as such, are entitled to elect one or more directors, any director so elected may be removed only by the applicable vote of the members within the organizational unit or geographic grouping.

(c) Any reduction of the authorized number of directors or any amendment reducing the number of classes of directors does not remove any director prior to the expiration of the director's term of office.

(d) Except as provided in this section and Sections 5221 and 5223, a director may not be removed prior to the expiration of the director's term of office.

(e) Where a director removed under this section or Section 5221 or 5223 was chosen by designation pursuant to subdivision (d) of Section 5220, then:

(1) Where a different person may be designated pursuant to governing article or bylaw provision, the new designation shall be made.

(2) Where the governing article or bylaw provision contains no provision under which a different person may be designated, the governing article or bylaw provision shall be deemed repealed.

(f) When by the provisions of the articles or bylaws a person or persons are entitled to designate one or more directors, then:

(1) Unless otherwise provided in the articles or bylaws at the time of designation, any director so designated may be removed without cause by the designating person or persons.

(2) Any director so designated may only be removed under subdivision (a) with the written consent of the designating person or persons.

SEC. 2. Section 5237 of the Corporations Code is amended to read:

5237. (a) Subject to the provisions of Section 5231, directors of a corporation who approve any of the following corporate actions shall be jointly and severally liable to the corporation for:

(1) The making of any distribution.

(2) The distribution of assets after institution of dissolution proceedings of the corporation, without paying or adequately providing for all known liabilities of the corporation, excluding any claims not filed by creditors within the time limit set by the court in a notice given to creditors under Chapters 15 (commencing with Section 6510), 16 (commencing with Section 6610) and 17 (commencing with Section 6710).

(3) The making of any loan or guaranty contrary to Section 5236.

(b) A director who is present at a meeting of the board, or any committee thereof, at which action specified in subdivision (a) is taken and who abstains from voting shall be considered to have approved the action.

(c) Suit may be brought in the name of the corporation to enforce the liability:

(1) Under paragraph (1) of subdivision (a) against any or all directors liable by the persons entitled to sue under subdivision (b) of Section 5420;

(2) Under paragraph (2) or (3) of subdivision (a) against any or all directors liable by any one or more creditors of the corporation whose debts or claims arose prior to the time of the corporate action who have not consented to the corporate action, whether or not they have reduced their claims to judgment;

(3) Under paragraph (1), (2) or (3) of subdivision (a), by the Attorney General.

(d) The damages recoverable from a director under this section shall be the amount of the illegal distribution, or if the illegal distribution consists of property, the fair market value of that property at the time of the illegal distribution, plus interest thereon from the date of the distribution at the legal rate on judgments until paid, together with all reasonably incurred costs of appraisal or other valuation, if any, of that property, or the loss suffered by the corporation as a result of the illegal loan or guaranty.

(e) Any director sued under this section may implead all other directors liable and may compel contribution, either in that action or in an independent action against directors not joined in that action.

(f) Directors liable under this section shall also be entitled to be subrogated to the rights of the corporation:

(1) With respect to paragraph (1) of subdivision (a), against the persons who received the distribution.

(2) With respect to paragraph (2) of subdivision (a), against the persons who received the distribution.

(3) With respect to paragraph (3) of subdivision (a), against the person who received the loan or guaranty.

Any director sued under this section may file a cross-complaint against the person or persons who are liable to the director as a result of the subrogation provided for in this subdivision or may proceed against them in an independent action.

SEC. 4. Section 5819 of the Corporations Code is amended to read:

5819. (a) A corporation may restate in a single certificate the entire text of its articles as amended by filing an officers' certificate or, in circumstances where incorporators or the board may amend a corporation's articles pursuant to Sections 5811 and 5815, a certificate signed and verified by a majority of the incorporators or the board, as applicable, entitled "Restated Articles of Incorporation of (insert name of corporation)" that shall set forth the articles as amended to the date of filing of the certificate, except that the signatures and acknowledgments of the articles by the incorporators and any statements regarding the effect of any prior amendment upon memberships and any provisions of agreements of merger (other than amendments to the articles of the surviving corporation) and the names and addresses of the first directors and of the initial agent for service of process shall be omitted (except that the names and addresses of the initial agent for service of process and, if previously set forth in the articles, the initial directors, shall not be omitted prior to the time that the corporation has filed a statement under Section 6210). Those omissions are not alterations or amendments of the articles. The certificate may also itself alter or amend the articles in any respect, in which case the certificate must comply with Section 5814 or 5815, as the case may be, and Section 5816.

(b) If the certificate does not itself alter or amend the articles in any respect, it shall be approved by the board or, prior to the issuance

of any memberships and the naming and election of directors, by a majority of the incorporators, and shall be subject to the provisions of this chapter relating to an amendment of the articles not requiring approval of the members (Section 5034). If the certificate does itself alter or amend the articles, it shall be subject to the provisions of this chapter relating to the amendment or amendments so made.

(c) Restated articles of incorporation filed pursuant to this section shall supersede for all purposes the original articles and all amendments filed prior thereto.

SEC. 5. Section 6018 of the Corporations Code is amended to read:

6018. (a) Subject to the provisions of Section 6010, the merger of any number of corporations with any number of foreign corporations may be effected if the foreign corporations are authorized by the laws under which they are formed to effect the merger. The surviving corporation may be any one of the constituent corporations and shall continue to exist under the laws of the state or place of its incorporation.

(b) Under regulations adopted by the Secretary of State, the resignation of an agent may be effective if the agent disclaims having been properly appointed as the agent. Similarly, a person named as an officer or director may indicate that the person was never properly appointed as the officer or director.

SEC. 30. Section 12594 is added to the Corporations Code, to read:

12594. For a period of 60 days following the conclusion of an annual, regular, or special meeting of members, a corporation shall, upon written request from a member, forthwith inform the member of the result of any particular vote of members taken at the meeting,

including the number of memberships voting for, the number of memberships voting against, and the number of memberships abstaining or withheld from voting. If the matter voted on was the election of directors, the corporation shall report the number of memberships, or votes if voted cumulatively, cast for each nominee for director. If more than one class or series of memberships voted, the report shall state the appropriate numbers by class and series of memberships.

SEC. 31. Section 12631 of the Corporations Code is amended to read:

(b) The certificate shall be an officers' certificate or shall be signed and verified by at least a majority of the directors then in office or by one or more members authorized to do so by approval of a majority of all members (Section 12223) and shall set forth:

(c) If an election to dissolve made pursuant to subdivision (a) of Section 12630 is made by the vote of all the members of a corporation with members or by all members of the board of a corporation without members and a statement to that effect is added to the certificate of dissolution pursuant to Section 12631, the separate filing of the certificate of election pursuant to this section is not required.

SEC. 32. Section 12662 of the Corporations Code is amended to read:

12662. (a) (1) Causes of action against a dissolved corporation, whether arising before or after the dissolution of the corporation, may be enforced against any of the following:

(A) Against the dissolved corporation, to the extent of its undistributed assets; including, without limitation, any insurance assets held by the corporation that may be available to satisfy claims.

(B) If any of the assets of the dissolved corporation have been distributed to other persons, against those persons to the extent of their pro rata share of the claim or to the extent of the corporate assets distributed to them upon dissolution of the corporation, whichever is less.

The total liability of a person under this section may not exceed the total amount of assets of the dissolved corporation distributed to that person upon dissolution of the corporation.

(2) Except as set forth in subdivision (c), all causes of action against a person to whom assets were distributed arising under this section are extinguished unless the claimant commences a proceeding to enforce the cause of action against that person prior to the earlier of the following:

(A) The expiration of the statute of limitations applicable to the cause of action.

(B) Four years after the effective date of the dissolution of the corporation.

(3) As a matter of procedure only, and not for purposes of determining liability, persons to whom assets of a dissolved corporation are distributed may be sued in the name of the corporation upon any cause of action against the corporation. This section does not affect the rights of the corporation or its creditors under Section 2009, or the rights, if any, of creditors under the Uniform Fraudulent Transfer Act, which may arise against persons to whom such assets are distributed.

This subdivision applies to corporations dissolved on or after January 1, 2000. Corporations dissolved prior to that date are subject to the law in effect prior to that date.

(b) Summons or other process against a dissolved corporation may be served by delivering a copy thereof to an officer, director or person having charge of its assets or, if that person cannot be found, to any agent upon whom process might be served at the time of dissolution. If none of these persons can be found with due diligence and it is so shown by affidavit to the satisfaction of the court, then the court may make an order that summons or other process be served upon the dissolved corporation by personally delivering a copy thereof, together with a copy of the order, to the Secretary of State or an assistant or deputy secretary of state.

(c) Every dissolved corporation shall survive and continue to exist indefinitely for the purpose of being sued in any quiet title action. Any judgment rendered in any quiet title action shall bind each and all of its members or other persons having any equity or other interest in that corporation, to the extent of their interest therein, and that action shall have the same force and effect as an action brought under the provisions of Sections 410.50 and 410.60 of the Code of Civil Procedure. Service of summons or other process in any quiet title action may be made as provided in Chapter 4 (commencing with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure or as provided in subdivision (b).

(d) Upon receipt of that process and the fee therefor, the Secretary of State forthwith shall give notice to the corporation as provided in Section 1702.

The people of the State of California do enact as follows:

SECTION 1. Article 10.5 (commencing with Section 6175) is added to Chapter 4 of Division 3 of the Business and Professions Code, to read:

Article 10.5. Provision of Financial Services by Lawyers

6175. As used in this article, the following definitions apply:

(a) "Lawyer" means a member of the State Bar or a person who is admitted and in good standing and eligible to practice before the bar of any United States court or the highest court of the District of Columbia or any state, territory, or insular possession of the United States, or licensed to practice law in, or is admitted in good standing and eligible to practice before the bar of the highest court of, a foreign country or any political subdivision thereof, and includes any agent of the lawyer or law firm or law corporation doing business in the state.

(b) "Client" means a person who has, within the three years preceding the sale of financial products by a lawyer to that person, employed that lawyer for legal services. The settlor and trustee of a trust shall be considered one person.

(c) "Elder" and "dependent elder" shall have the meaning as defined in Chapter 11 (commencing with Section 15600) of Part 3 of Division 9 of the Welfare and Institutions Code.

(e) "Sell" means to act as a broker for a commission.

6175.3. A lawyer, while acting as a fiduciary, may sell financial products to a client who is an elder or dependent adult with whom the lawyer has or has had, within the preceding three years, an attorney-client relationship, if the transaction or acquisition and its terms are fair and reasonable to the client, and if the lawyer provides

that client with a disclosure that satisfies all of the following conditions:

(a) The disclosure is in writing and is clear and conspicuous. The disclosure shall be a separate document, appropriately entitled, in 12-point print with one inch of space on all borders.

(b) The disclosure, in a manner that should reasonably have been understood by that client, is signed by the client, or the client's conservator, guardian, or agent under a valid durable power of attorney.

(c) The disclosure states that the lawyer shall receive a commission and sets forth the amount of the commission and the actual percentage rate of the commission, if any. If the actual amount of the commission cannot be ascertained at the outset of the transaction, the disclosure shall include the actual percentage rate of the commission or the alternate basis upon which the commission will be computed, including an example of how the commission would be calculated.

(d) The disclosure identifies the source of the commission and the relationship between the source of the commission and the person receiving the commission.

(e) The disclosure is presented to the client at or prior to the time the recommendation of the financial product is made.

(f) The disclosure advises the client that he or she may obtain independent advice regarding the purchase of the financial product and will be given a reasonable opportunity to seek that advice.

(g) The disclosure contains a statement that the financial product may be returned to the issuing company within 30 days of receipt by the client for a refund as set forth in Section 10127.10 of the Insurance Code.

(h) The disclosure contains a statement that if the purchase of the financial product is for the purposes of Medi-Cal planning, the client has been advised of other appropriate alternatives, including spend-down strategies, and of the possibility of obtaining a fair hearing or obtaining a court order.

6175.4. (a) A client who suffers any damage as the result of a violation of this article by any lawyer may bring an action against that person to recover or obtain one or more of the following remedies:

(1) Actual damages, but in no case shall the total award of damages in a class action be less than five thousand dollars ($5,000).

(2) An order enjoining the violation.

(3) Restitution of property.

(4) Punitive damages.

(5) Any other relief that the court deems proper.

(b) A client may seek and be awarded, in addition to the remedies specified in subdivision (a), an amount not to exceed ten thousand dollars ($10,000) where the trier of fact (1) finds that the client has suffered substantial physical, emotional, or economic damage resulting from the defendant's conduct, (2) makes an affirmative

finding in regard to one or more of the factors set forth in subdivision (b) of Section 3345 of the Civil Code, and (3) finds that an additional award is appropriate. Judgment in a class action may award each class member the additional award where the trier of fact has made the foregoing findings.

6175.5. A violation of this article by a member shall be cause for discipline by the State Bar.

6175.6. The court shall report the name, address, and professional license number of any person found in violation of this article to the appropriate professional licensing agencies for review and possible disciplinary action.

6176. Nothing in this article shall be deemed to limit, reduce, or preclude enforcement of any obligation, statute, State Bar Rule of Professional Conduct, or court rule, including, but not limited to, those relating to the lawyer's fiduciary duties, that are otherwise applicable to any transaction in which a lawyer is involved.

the positions in order based upon the degree in which their duties meet the criteria. An employee organization that requests a determination with respect to a class of position previously determined not to meet the criteria shall submit a written argument supporting the assertion that the class of position meets the criteria. The board, if it finds the written argument to be unpersuasive, may refuse to commence determination proceedings unless and until either the Department of Personnel Administration requests a determination with respect to that class of position or the employee organization submits to the board a supporting argument which the board finds persuasive. The board shall indicate to the department whether the classes qualify for state safety membership. The Public Employees' Retirement System and employing agencies shall assist and cooperate with the board in preparation of the report.

(b) The board shall transmit the report directly to the department, which shall make a copy available to the exclusive representative of any employee organization upon its written request.

(d) The department shall not recommend safety membership for any class of employees who have not been determined by the board to meet the established criteria.

(e) For classes of employees recommended for state safety membership by a memorandum of understanding reached pursuant to Section 3517.5, a copy of the report authorized under this section shall be submitted to the Legislature with the signed memorandum of understanding.

(d) For classes or positions that are found to meet this criteria, the department may agree to provide safety membership by a memorandum of understanding reached pursuant to Section 3517.5 if the affected employees are subject to collective bargaining. The department shall notify the retirement system of its determination, as prescribed in Section 20405.1.

For noncontracting local public agencies, the state department shall certify the completed years of local agency service to be credited to the employee to the Public Employees' Retirement System at the time of separation for retirement.

(g) Whenever the state contracts to assume a local public agency function, completed years of service rendered by the personnel for compensation as employees or appointed or elected officers of the local public agency shall be credited as state service only upon a finding by the Department of Finance that the contract contains a benefit factor sufficient to reimburse the state for the amount necessary to fully compensate the state for postretirement dental benefit costs for those personnel.

(h) This section shall not apply to employees of the California State University or the Legislature.

CHAPTER 458

An act to add Section 14035.55 to the Government Code, relating to transportation.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 14035.55 is added to the Government Code, to read:

14035.55. (a) The Legislature finds and declares all of the following:

(1) Intercity passenger bus service provided by intercity bus companies on a regular route basis is the only public mass transportation service in the state to provide surface transportation without public subsidy.

(2) The long-term maintenance of private sector intercity passenger service is of vital importance to the state.

(3) Intercity bus companies serve over 250 communities throughout California, providing a network of connection points without equal by any other mode of public or private transportation.

(b) To the extent permitted by federal law, the department shall encourage Amtrak and motor carriers of passengers to do both of the following:

(1) Combine or package their respective services and facilities to the public as a means of improving services to the public.

(2) Coordinate schedules, routes, rates, reservations, and ticketing to provide for enhanced intermodal surface transportation.

(c) Except as authorized under subdivision (e), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers for the intercity

(1) The motor carrier is not a public recipient of governmental assistance, as defined in Section 13902(b)(8)(A) of Title 49 of the United States Code, other than a recipient of funds under Section 5311(f) of that title and code. This paragraph does not apply if a local public motor carrier proposes to serve passengers only within its service area.

(2) Service is provided only for passengers on trips where the passengers have had prior movement by rail or will have subsequent movement by rail, evidenced by a combination rail and bus one-way or roundtrip ticket.

(3) Vehicles of the motor carrier, when used to transport passengers pursuant to paragraph (2), are used exclusively for that purpose.

(4) The motor carrier is registered with the United States Department of Transportation (DOT) and operates in compliance with the federal motor carrier safety regulations, and provides service that is accessible to persons with disabilities in compliance with applicable DOT regulations pertaining to Amtrak services, in accordance with the federal Americans with Disabilities Act of 1990 (Public Law 101-336).

(d) The department shall incorporate the conditions specified in subdivision (c) into state-supported passenger rail feeder bus service agreements between Amtrak and motor carriers of passengers. The bus service agreements shall also provide that a breach of those conditions shall be grounds for termination of the agreements.

(e) Notwithstanding subdivisions (c) and (d), the department may provide funding to Amtrak for the purpose of entering into a contract with a motor carrier of passengers to transport Amtrak passengers on buses operated on a route, if the buses are operated by the motor carrier as part of a regularly scheduled, daily bus service that has been operating consecutively without an Amtrak contract for 12 months immediately prior to contracting with Amtrak.

(f) For purposes of this section, the following terms have the following meanings:

(1) "Amtrak" means the National Railroad Passenger Corporation.

(2) Notice of the hearing shall be mailed or delivered at least 10 days prior to the hearing to each local agency expected to provide water, sewage, streets, roads, schools, or other essential facilities or services to the project, whose ability to provide those facilities and services may be significantly affected.

CHAPTER 461

An act to add Chapter 1.692 (commencing with Section 5096.300) to, and Chapter 1.693 (commencing with Section 5096.400) to, Division 5 of the Public Resources Code, relating to financing a program for the acquisition, development, improvement, rehabilitation, restoration, enhancement, and protection of park, recreational, cultural, historical, fish and wildlife, lake, riparian, reservoir, and coastal resources, by providing the funds necessary therefor through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1999. Filed with Secretary of State September 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.692 (commencing with Section 5096.300) is added to Division 5 of the Public Resources Code, to read:

CHAPTER 1.692. SAFE NEIGHBORHOOD PARKS, CLEAN WATER, CLEAN AIR, AND COASTAL PROTECTION BOND ACT OF 2000

(THE VILLARAIGOSA-KEELEY ACT)

Article 1. General Provisions

5096.300. This chapter shall be known, and may be cited, as the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (the Villaraigosa-Keeley Act).

5096.301. Responding to the recreational and open-space needs of a growing population and expanding urban communities, this act will revive state stewardship of natural resources by investing in neighborhood parks and state parks, clean water protection, and coastal beaches and scenic areas.

5096.302. The Legislature finds and declares all of the following:

(a) Historically, California's local and neighborhood parks often serve as the recreational, social, and cultural centers for cities and communities, providing venues for youth enrichment, senior activities, and family recreation.

(b) Neighborhood and state parks provide safe places to play in the urban neighborhoods, splendid scenic landscapes, exceptional experiences, and world-recognized recreational opportunities, and in so doing, are vital to California's quality of life and economy.

(c) For over a decade, the state's commitment to parks and natural resources has dwindled. California has not kept pace with the needed funding to adequately manage and maintain its multibillion dollar investment in neighborhood, urban, and state parks and natural areas resulting in disrepair and overcrowding of many park facilities and the degradation of wild lands.

(d) The magnificent Pacific Coast, outstanding mountain ranges, and unique scenic regions are the source of tremendous economic opportunity and contribute enormously to the quality of life of Californians.

(e) Continued economic success and enjoyment derived from California's natural resources depends on maintaining clean water, healthy ecosystems, and expanding public access for a growing state.

(f) The backlog of needs for repair and maintenance of local and urban parks exceeds two billion five hundred million dollars and the need for maintenance of state parks exceeds one billion dollars. The state's conservancies and wildlife agencies report a need for habitat acquisition and restoration exceeding $1.8 billion.

(g) This act will begin to address these critical neighborhood park and natural resources needs.

5096.303. The Legislature further finds and declares all of the following:

(a) Air pollution continues to be a major problem in California which harms the health of our residents, costs our economy billions

of dollars related to health care costs, reduced agricultural productivity, and damage to our infrastructure, and otherwise decreases the quality of life in our state.

(b) Forests and trees improve air quality by removing carbon dioxide, particulates, and other pollutants from the air, and by producing oxygen.

(c) Park, open-space, and tree planting projects also improve air quality and decrease congestion by reducing sprawl, improving the quality of life in areas that are already developed by helping local agencies implement sound land use plans that promote energy efficiency, and by providing incentives to reduce development in inappropriate areas.

5096.306. It is the intent of the Legislature to strongly encourage every state or local government agency receiving the bond funds allocated pursuant to this chapter for an activity to give full and proper consideration to the use of recycled and reusable products whenever possible with regard to carrying out that activity.

5096.307. (a) Every proposed activity to be funded pursuant to this chapter shall be in compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000)).

(b) Lands acquired with funds allocated pursuant to this chapter shall be acquired from a willing seller of the land.

5096.3075. Upon a finding by the administering entity that a particular project for which funds have been allocated cannot be completed, or that the funds are in excess of the total needed, the Legislature may reallocate those funds for other high priority needs consistent with this act.

5096.308. As used in this chapter, the following terms have the following meanings:

(a) "Acquisition" means the acquisition from a willing seller of a fee interest or any other interest, including easements and development rights, in real property from a willing seller.

(b) "Board" means the Secretary of the Resources Agency designated in accordance with subdivision (b) of Section 5096.362.

(c) "Certified local community conservation corps programs" means programs operated by public or private nonprofit agencies pursuant to Section 14406.

(d) "Committee" means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Finance Committee created pursuant to subdivision (a) of Section 5096.362.

(e) "District" means any regional park district, regional park and open-space district, or regional open-space district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3, any recreation and park district formed pursuant to Chapter 4 (commencing with Section 5780), or an authority formed pursuant to Division 26 (commencing with Section 35100). With respect to any

community or unincorporated region that is not included within a district, and in which no city or county provides parks or recreational areas or facilities, "district" also means any other district that is authorized by statute to operate and manage parks or recreational areas or facilities, employs a full-time park and recreation director, offers year-round park and recreation services on lands and facilities owned by the district, and allocates a substantial portion of its annual operating budget to parks or recreation areas or facilities

(f) "Fund" means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Bond Fund created pursuant to Section 5096.310.

(g) "Historical resource" includes, but is not limited to, any building, structure, site area, place, artifact, or collection of artifacts that is historically or archaeologically significant in the cultural annals of California.

(h) "Program" means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Program established pursuant to this chapter.

(i) "Secretary" means the Secretary of the Resources Agency.

(j) (1) "Stewardship" means the development and implementation of projects for the protection, preservation, rehabilitation, restoration, and improvement of natural systems and outstanding features of the state park system and historical and cultural resources. Those efforts may not include activities that merely supplement normal park operations or that are usually funded from other sources.

(2) (A) "Cultural resources stewardship" may include, but is not limited to, stabilization and protection of historical resources, including archaeological resources, in the state park system. Those resources may include sites, features, ruins, archaeological deposits, historical landscape resources, rock art features, and artifacts making up the physical legacy of California's past.

(B) "Cultural resources stewardship" does not include the rehabilitation, restoration, reconstruction, interpretation, or mitigation of historical resources typically required as part of a development program.

(3) "Natural resources stewardship" may include, but is not limited to, such objectives as the control of major erosion and geologic hazards, the restoration and improvement of critical plant and animal habitat, the control and elimination of exotic species encroachment, the stabilization of coastal dunes and bluffs, and the planning necessary to implement those objectives.

(k) "Wildlife conservation partnership" means a cooperative acquisition, restoration, or management of wildlife habitat for which the Wildlife Conservation Board provides matching funds to leverage other public, private, or nonprofit resources to maximize the conservation benefits to wildlife and wildlife habitat.

5096.309. Pursuant to guidelines issued by the secretary, all recipients of funding pursuant to this chapter shall post signs acknowledging the source of the funds.

Article 2. Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Program

5096.310. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Bond Fund, which is hereby created. Unless otherwise specified and except as provided in subdivision (m), the money in the fund shall be available for appropriation by the Legislature, in the manner set forth in this chapter, only for parks and resources improvement and administrative costs allocable to the bond funded projects, in accordance with the following schedule:

(a) The sum of five hundred two million seven hundred fifty thousand dollars ($502,750,000) to the department for the following purposes:

(1) To rehabilitate, restore, and improve units of the state park system that will ensure that state park system lands and facilities will remain open and accessible for public use.

(2) To develop, improve, rehabilitate, restore, enhance, and protect facilities and trails at existing units of the state park system that will provide for optimal recreational and educational use, activities, improved access and safety, and the acquisition from a willing seller of inholdings and adjacent lands. Adjacent lands are lands contiguous to, or in the immediate vicinity of, existing state park system lands and that directly benefit an existing state park system unit.

(3) For stewardship of the public investment in the preservation of the critical natural heritage and scenic features, and cultural heritage stewardship projects that will preserve vanishing remnants of California's landscape, and protect and promote a greater understanding of California's past, and the planning necessary to implement those efforts.

(4) For facilities and improvements to enhance volunteer participation in the state park system.

(5) To develop, improve, and expand interpretive facilities at units of the state park system, including educational exhibits and visitor orientation centers.

(6) To rehabilitate and repair aging facilities at winter recreation facilities pursuant to the Sno-Park program, as provided for in Chapter 1.27 (commencing with Section 5091.01), that provide for improved public safety.

(7) For projects that improve air quality related to the state park system, including, but not limited to, the purchase of low-emission or advanced technology vehicles and equipment and clean fuel

distribution facilities that will avoid or reduce air emissions at state park facilities.

(b) The sum of eighteen million dollars ($18,000,000) to the department to undertake stewardship projects, including cultural resources stewardship and natural resources stewardship projects, that will restore and protect the natural treasures of the state park system, preserve vanishing remnants of California's landscape, and protect and promote a greater understanding of California's past.

(c) The sum of four million dollars ($4,000,000) to the department for facilities and improvements to enhance volunteer participation in the state park system.

(d) The sum of twenty million dollars ($20,000,000) to the department for grants to local agencies administering units of the state park system under an operating agreement with the department, for the development, improvement, rehabilitation, restoration, enhancement, protection, and interpretation of lands and facilities of, and improved access to, those locally operated units.

(e) The sum of ten million dollars ($10,000,000) to the California Heritage Fund, created pursuant to Section 5079.10, for competitive grants, in accordance with Section 5096.335.

(f) The sum of three hundred eighty-eight million dollars ($388,000,000) to the department for grants, in accordance with Sections 5096.332, 5096.333, and 5096.336, on the basis of population, for the acquisition, development, improvement, rehabilitation, restoration, enhancement, and interpretation of local park and recreational lands and facilities, including renovation of recreational facilities conveyed to local agencies resulting from the downsizing or decommissioning of federal military installations.

(g) The sum of two hundred million dollars ($200,000,000) to the department for grants to cities, counties, and districts for the acquisition, development, rehabilitation, and restoration of park and recreation areas and facilities pursuant to the Roberti-Z'berg-Harris Urban Open-Space and Recreational Program Act (Chapter 3.2 (commencing with Section 5620)).

(h) The sum of ten million dollars ($10,000,000) to the department for grants, in accordance with Section 5096.337, for the improvement or acquisition and restoration of riparian habitat, riverine aquatic habitat, and other lands in close proximity to rivers and streams for river and stream trail projects undertaken in accordance with Section 78682.2 of the Water Code, and for purposes of Section 7048 of the Water Code.

Not less than two million five hundred thousand dollars ($2,500,000) of this amount shall be allocated toward

the completion of projects that link existing bicycle and pedestrian trail systems to major urban public transportation systems, to promote increased recreational opportunities and nonmotorized commuter usage. Of this amount, no less than two hundred seventy-five thousand dollars ($275,000) shall be allocated to the East Bay Regional Park District toward the completion of the Iron Horse Trail.

(a) The department shall annually submit to the Legislature and to the secretary a report, consisting of a prioritized listing and comparative evaluation of needs.

(b) Projects approved by the secretary shall be forwarded by the secretary to the Director of Finance for inclusion in the Budget Bill.

5096.322. (a) No later than November 1, 2001, the director shall determine the amount of funding that is necessary to complete all deferred maintenance projects within each unit of the state park system.

(b) Except as provided in subdivision (c), no proceeds of the bonds issued and sold pursuant to this chapter may be used to acquire improved property for a unit of the state park system until 75 percent of the amount determined pursuant to subdivision (a) has been appropriated, and allocated to complete deferred maintenance projects within that unit from an appropriated funding source other than the proceeds of the bonds issued and sold pursuant to this chapter.

(c) Real property may be acquired under this chapter for a unit of the state park system that does not meet the requirements of subdivision (b) only if the director finds, with respect to that unit, that a unique opportunity is presented to acquire real property that will constitute a significant improvement of the state park system.

(d) As used in this section, "deferred maintenance project" means any project identified in the department's 2001 Deferred Maintenance Assessment that rehabilitates or repairs a facility to a safe and usable condition for the visiting public.

5096.323. Fifty million dollars ($50,000,000) of the funds allocated pursuant to subdivision (a) of Section 5096.310 shall be expended for the acquisition of land from willing sellers that are a high priority for

Notwithstanding paragraph (2) of subdivision (a) of Section 5096.310, those land acquisitions may be for either new or existing units of the state park system.

(7) The sum of two million seven hundred fifty thousand dollars ($2,750,000) for restoration of historic rail sites and capital outlay projects for state approved underground mine tour sites.

(8) The sum of ten million dollars ($10,000,000) for the acquisition of lands from willing sellers of lands that are forested with redwoods or that will enhance the protection or preservation of the redwood forest ecosystem. Article 4. Grant Program

5096.331. The Legislature hereby recognizes that public financial resources are inadequate to meet all of the funding needs of local public park and recreation providers and that there is an urgent need for safe, open, and accessible local park and recreational facilities and for the increased recreational opportunities that provide positive alternatives to social problems. Accordingly, it is declared to be the policy of this state that the funds allocated pursuant to subdivisions (f) and (g) of Section 5096.310 to local agencies shall be appropriated primarily for projects that accomplish all of the following:

(a) Rehabilitate facilities at existing local parks that will provide for more efficient management and reduced operational costs. This may include grants to local agencies for the renovation of recreational facilities conveyed to local agencies resulting from the downsizing and decommissioning of federal military installations.

(b) Develop facilities that promote positive alternatives for youth and that promote cooperation between local park and recreation service providers and youth-serving nonprofit organizations.

(c) Promote family oriented recreation, including art activities.

(d) Provide for open, safe, and accessible local park lands, facilities, and botanical gardens.

5096.332. Each city's and district's allocation shall be in the same ratio as the city's or district's population is to the combined total of the state's population that is included in incorporated areas and unincorporated areas within the district, except that each city or district shall be entitled to a minimum allocation of thirty thousand dollars ($30,000). In any instance in which the boundary of a city overlaps the boundary of such a district, the population in the area of overlapping jurisdictions shall be attributed to each jurisdiction in proportion to the extent to which each operates and manages parks and recreational areas and facilities for that population. In any instance in which the boundary of a city overlaps the boundary of such a district, and in the area of overlap the city does not operate and manage parks and recreational areas and facilities, all grant funds shall be allocated to the district.

(b) Each city and each district subject to subdivision (a) whose boundaries overlap shall develop a specific plan for allocating the grant funds in accordance with the formula specified in subdivision (a). If, by April 1, 2001, the plan has not been agreed to by the city and district and submitted to the department, the director shall

determine the allocation of the grant funds among the affected jurisdictions.

5096.333. (a) Forty percent of the total funds available for grants pursuant to subdivision (f) of Section 5096.310 shall be allocated to counties and regional park districts, regional park and open-space districts, or regional open-space districts formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3.

(b) Each county's allocation under subdivision (a) shall be in the same ratio as the county's population, except that each county shall be entitled to a minimum allocation of one hundred fifty thousand dollars ($150,000).

(c) In any county that embraces all or part of the territory of a regional park district, regional park and open-space district, or regional open-space district, whose board of directors is not the county board of supervisors, the amount allocated to the county shall be apportioned between that district and the county in proportion to the population of the county that is included within the territory of the district and the population of the county that is outside the territory of the district.

(d) In any county that currently embraces all or a part of the territory of a regional open-space district and an authority formed pursuant to Division 26 (commencing with Section 35100), the allocation shall be distributed between the county and these entities as follows:

(1) First, the funds shall be apportioned between the district and the county in proportion to the population of the county that is included within the territory of the district, and the proportion of the population of the county that is outside the district. The amounts resulting from this calculation shall be known as the district's share, and the county's first balance. The district's share shall be allocated to the district. The county's first balance shall be further apportioned as provided in paragraph (2).

(2) The county's first balance, as determined in accordance with paragraph (1), shall be further apportioned between the authority and the county in proportion to the population of the county that is included within the territory of the authority, and the proportion of the population of the county that is outside the authority. The amounts resulting from this calculation shall be known as the authority's share, and the county's second balance.

(3) The authority's share shall be divided equally between the county and the authority. The county shall receive all of the county's second balance.

5096.334. Notwithstanding Section 5096.331, of the funds allocated on the basis of population pursuant to subdivision (f) of Section 5096.310 within counties with a population of five million persons or more, not less than 75 percent of the total amount shall be available as follows:

(c) Not less than 10 percent for urban reforestation projects.

(d) Not more than 5 percent for projects that convert publicly owned land to a neighborhood park providing open-space, recreational, cultural, and festival opportunities, if the bond proceeds do not exceed 25 percent of the total project cost and there is a 75 percent funding match.

5096.335. Funds authorized pursuant to subdivision (e) of Section 5096.310 shall be administered by the State Office of Historic Preservation and shall be available as grants, on a competitive basis, to cities, counties, districts, local agencies formed for park purposes pursuant to a joint powers agreement between two or more local entities, and nonprofit organizations for the acquisition, development, rehabilitation, restoration, and interpretation of historical resources.

For purposes of this subdivision, "urbanized counties" means a county with a population of 200,000 or greater.

5096.337. (a) Funds authorized pursuant to subdivisions (h), (i), and (z) of Section 5096.310 shall be available as grants, on a competitive basis, to cities, counties, districts, local agencies formed for park purposes pursuant to a joint powers agreement as defined in subdivision (b), and other districts, as defined in subdivision (c).

5096.343. (a) Except as provided in subdivision (c), no grant funds authorized pursuant to subdivisions (f), (g), (h), (i), and (*l*) of Section 5096.310 may be disbursed unless the applicant has agreed, in writing, to both of the following:

(1) To maintain and operate the property funded pursuant to this chapter for a period that is commensurate with the type of project and the proportion of state funds and local matching funds or property allocated to the capital costs of the project. With the approval of the department, the grantee, or the grantee's successor in interest in the property, may transfer the responsibility to maintain and operate the property in accordance with this section.

(2) To use the property only for the purposes for which the grant was made and to make no other use or sale or other disposition of the property, except as authorized by specific act of the Legislature.

Article 13. Fiscal Provisions

5096.360. Bonds in the total amount of two billion one hundred million dollars ($2,100,000,000), not including the amount of any refunding bonds issued in accordance with Section 5096.370, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes set forth in Section 5096.310 and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government

Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

5096.361. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

5096.362. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this chapter, the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Finance Committee is hereby created. For purposes of this chapter, the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Governor, the Controller, the Director of Finance, the Treasurer, and the secretary, or their designated representatives. The Treasurer shall serve as chairperson of the committee. A majority of the committee may act for the committee.

(b) For purposes of the State General Obligation Bond Law, the secretary is designated the "board."

5096.363. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter to carry out Section 5096.310 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

5096.364. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds maturing each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act which is necessary to collect that additional sum.

5096.365. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 5096.366, appropriated without regard to fiscal years.

5096.366. For purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this chapter. Any amount withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund from proceeds received from the sale of bonds for the purpose of carrying out this chapter.

5096.367. Pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, the cost of bond issuance shall be paid out of the bond proceeds. These costs shall be shared proportionally by each program funded through this bond act.

5096.367.5. Actual costs incurred in connection with administering programs authorized under the categories specified in Section 5096.310 shall be paid from the funds authorized by this act.

5096.368. The secretary may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for purposes of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter. The secretary shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

5096.369. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

5096.370. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state of the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

5096.371. Notwithstanding any provision of this chapter or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal

law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

5096.372. (a) The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

(b) Funds provided pursuant to this chapter, and any appropriation or transfer of those funds, shall not be deemed to be a transfer of funds for the purposes of Chapter 9 (commencing with Section 2780) of Division 3 of the Fish and Game Code.

(c) The Secretary of State shall include, in the ballot pamphlets mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of the Elections Code regarding the bond act contained in Section 1 of this act. If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding this act to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall be mailed separately.

SEC. 4. (a) Notwithstanding any other provision of law, with respect to the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (the Villaraigosa-Keeley Act), all ballots of the election shall have printed thereon and in a square

thereof, exclusively the words: "Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (the Villaraigosa-Keeley Act)" and in the same square under those words, the following in 8-point type: "This act provides two billion one hundred million dollars ($2,100,000,000) to protect land around lakes, rivers, and streams and the coast to improve water quality and ensure clean drinking water; to protect forests and plant trees to improve air quality; to preserve open space and farmland threatened by unplanned development; to protect wildlife habitats; and to repair and improve the safety of state and neighborhood parks. [At this point, the Attorney General shall include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code]." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

(b) Notwithstanding Sections 13247 and 13281 of the Elections Code, the language in subdivision (a) shall be the only language included in the ballot label for the condensed statement of the ballot title, and the Attorney General shall not supplement, subtract from, or revise that language, except that the Attorney General may include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code. The ballot label is the condensed statement of the ballot title and the financial impact summary.

(c) Notwithstanding Section 13282 of the Elections Code, the public shall be permitted to examine the condensed statement of the ballot title in subdivision (a) for not more than eight days, and the financial impact statement from the time it is received by the Secretary of State until the end of the eight days. Any voter may seek a writ of mandate for the purpose of requiring any statement of the ballot label, or portion thereof, to be amended or deleted only within that eight-day period.

(d) Where the voting in the election is done by means of voting machines used pursuant to law in a manner that carries out the intent of this section, the use of the voting machines and the expression of the voter's choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (the Villaraigosa-Keeley Act), set forth in Section 1 of this act, may be submitted for voter approval at the earliest possible time, and in order to make provision

An act to add and repeal Section 53084 of the Government Code, and to add and repeal Section 33426.7 of the Health and Safety Code, relating to local government.

[Approved by Governor September 22, 1999. Filed with Secretary of State September 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the provision of financial assistance by local agencies to automobile dealerships and big box retailers that seek to obtain public funds from local agencies as subsidies for their relocation, results in the loss of public funds available for public purposes, impedes the implementation of good planning, encourages unfair competition between local agencies, and does not result in a public benefit to the people of the state.

(b) The Legislature further finds and declares that limiting this competition for sales tax revenues is an issue of statewide concern and therefore it is necessary to apply the provisions of this act to all cities and counties in the state.

SEC. 2. Section 53084 is added to the Government Code, to read:

53084. (a) Notwithstanding any other provision of this part, a local agency shall not provide any form of financial assistance to an automobile dealership or big box retailer, or a business entity that sells or leases land to an automobile dealership or big box retailer, that is relocating from the territorial jurisdiction of one local agency to the territorial jurisdiction of another local agency but within the same market area, unless the legislative body of the local agency to which the relocation will occur offers the contract to the local agency from which the relocation is occurring pursuant to this section.

(b) If the automobile dealership or big box retailer is relocating within the same county, including both incorporated and unincorporated territory, or to an adjacent county or a city within an adjacent county, the local agency proposing to offer financial assistance shall prepare a report that describes the market area for the automobile dealership or big box retailer that is relocating. The report shall include the information required to be contained in the resolution pursuant to subdivision (e). The report shall refer to and cite the independent literature, trade publications, and recognized and established business policies and practices describing the market area for the automobile dealership or big box retailer that is

relocating. The report shall conclude that the relocation is occurring either within the same market area or outside the same market area. The report shall be available to the public not later than 45 days prior to the date of the public hearing required by subdivision (d). In addition, the notice of the public hearing and the report shall be mailed to the local agency from which the relocation is occurring.

(c) (1) If the report prepared pursuant to subdivision (b) concludes that the automobile dealership or big box retailer is relocating within the same market area, at least 45 days prior to the public hearing required pursuant to subdivision (d), the agency shall notify the local agency from which the relocation is occurring of its intent to give financial assistance and shall send to that local agency a contract that has been approved by a two-thirds vote of the legislative body of the local agency and that apportions the sales tax generated from the automobile dealership or big box retailer after the relocation between the two local agencies in the following manner:

(A) The annual amount of assistance shall be subtracted from the annual sales tax.

(B) The difference shall be divided equally between the two local agencies for the first 10 fiscal years following the relocation. However, in no event shall the local agency from which the relocation is occurring receive more sales tax than it received from the automobile dealership or big box retailer in the fiscal year prior to the relocation.

(C) After the first 10 fiscal years following the relocation, the contract shall terminate and the apportionment shall end unless the contract is extended by both local agencies.

(2) The local agency from which the relocation is occurring shall have 30 days after receipt of the contract to approve the contract by enacting a resolution or ordinance approved by a two-thirds vote of its legislative body.

(d) Prior to a local agency giving any financial assistance to an automobile dealership or big box retailer that is relocating, the agency shall hold a public hearing. Notice of the time and place of the public hearing shall be published in a newspaper of general circulation in the local agency at least once per week for at least three successive weeks, as specified in Section 6063 of the Government Code, prior to the hearing.

(e) The resolution approving financial assistance shall do all of the following:

(1) Identify the present name and, if different, the former name of the relocating automobile dealership or big box retailer.

(2) Identify the address, including the local agency, from which the automobile dealership or big box retailer has moved or will move.

(3) Identify the address, including the local agency, to which the automobile dealership or big box retailer will move.

(4) Contain one of the following findings:

(A) That the automobile dealership or big box retailer is not relocating within the same market area.

(B) That the automobile dealership or big box retailer is relocating within the same market area but that a contract containing the terms specified in subdivision (c) has been approved by the local agency's legislative body, and offered to the local agency from which the relocation has occurred, which has approved the agreement, entered into another agreement acceptable to both local agencies, or has not accepted the proposed contract within the 30-day period.

These findings shall be final and conclusive as to all persons except for the automobile dealership or big box retailer that is the subject of the findings and the community from which the relocation has occurred, all of which may bring an action to challenge these findings.

(f) As used in this section, the following terms have the following meaning:

(1) "Big box retailer" means a store of greater than 75,000 square feet of gross buildable area that will generate sales or use tax pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) "Local agency" means a chartered or general law city, a chartered or general law county, or a city and county. "Local agency" does not include a redevelopment agency that is subject to Section 33426.7 of the Health and Safety Code.

(3) "Financial assistance" includes, but is not limited to, any of the following:

(A) Any appropriation of public funds, including loans, grants, or subsidies or the payment for or construction of parking improvements.

(B) Any tax incentive, including tax exemptions, rebates, reductions, or moratoria of a tax, including any rebate or payment based upon the amount of sales tax generated from the automobile dealership or big box retailer.

(C) The sale or lease of real property at a cost that is less than fair market value.

(D) Payment for, forgiveness of, or reduction of fees.

(4) (A)"Market area" means a geographical area that is described in independent and recognized commercial trade literature, recognized and established business or manufacturing policies or practices, or publications of recognized independent research organizations as being an area that is large enough to support the location of the specific automobile dealership or the specific big box retailer that is relocating.

(B) With respect to an automobile dealership, a "market area" shall not extend further than 40 miles, as measured by the most reasonable route on roads between two points, starting from the location from which the automobile dealership is relocating and

ending at the location to which the automobile dealership is relocating.

(C) With respect to a big box retailer, a "market area" shall not extend further than 25 miles, as measured by the most reasonable route on roads between two points, starting from the location from which the big box retailer is relocating and ending at the location to which the big box retailer is relocating.

(5) "Relocating" means the closing of an automobile dealership or big box retailer in one location and the opening of an automobile dealership or big box retailer in another location within a 365-day period when a person or business entity has an ownership interest in both the automobile dealership or big box retailer that has closed or will close and the one that is opening. "Relocating" does not mean and shall not include the closing of an automobile dealership or big box retailer because the automobile dealership or big box retailer has been or will be acquired or has been or will be closed as a result of the use of eminent domain.

(g) This section does not apply to local agency assistance in the construction of public improvements that serve all or a portion of the jurisdiction of the local agency and that are not required to be constructed as a condition of approval of the automobile dealership or big box retailer. This section also does not prohibit assistance in the construction of public improvements that are being constructed for a development other than the automobile dealership or big box retailer.

(h) Notwithstanding Section 7550.5, on or before January 1, 2004, the California Research Bureau shall report to the Legislature and the Governor regarding the implementation of this section. The report shall identify the reports prepared pursuant to subdivision (b), the contracts offered pursuant to subdivision (c), and the resolutions approved pursuant to subdivision (e). The report may include any additional information that the bureau finds relevant. The report may also include recommendations for legislative action, including, but not limited to, amending, or extending the repeal date of, this section.

(i) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2005, deletes or extends that date.

SEC. 3. Section 33426.7 is added to the Health and Safety Code, to read:

33426.7. (a) Notwithstanding any other provision of this part, a redevelopment agency shall not provide any form of financial assistance to an automobile dealership or big box retailer, or a business entity that sells or leases land to an automobile dealership or big box retailer, that is relocating from the territorial jurisdiction of the community to the territorial jurisdiction of another community but within the same market area, unless the legislative body of the community to which the relocation will occur offers the contract to

the community from which the relocation is occurring pursuant to this section.

(b) If the automobile dealership or big box retailer is relocating within the same county, including both incorporated and unincorporated territory, or to an adjacent county or a city within an adjacent county, the redevelopment agency proposing to offer financial assistance shall prepare a report that describes the market area for the automobile dealership or big box retailer that is relocating. The report shall include the information required to be contained in the resolution pursuant to subdivision (e). The report shall refer to and cite the independent literature, trade publications, and recognized and established business policies and practices describing the market area for the automobile dealership or big box retailer that is relocating. The report shall conclude that the relocation is occurring either within the same market area or outside the same market area. The report shall be available to the public not later than 45 days prior to the date of the public hearing required by subdivision (d). In addition, the notice of the public hearing and the report shall be mailed to the community from which the relocation is occurring.

(c) (1) If the report prepared pursuant to subdivision (b) concludes that the automobile dealership or big box retailer is relocating within the same market area, at least 45 days prior to the public hearing required pursuant to subdivision (d), the agency shall notify the community from which the relocation is occurring of its intent to give financial assistance and shall send to that community a contract that has been approved by a two-thirds vote of the legislative body of the agency and that apportions the sales tax generated from the automobile dealership or big box retailer after the relocation between the two communities in the following manner:

(A) The annual amount of assistance shall be subtracted from the annual sales tax.

(B) The difference shall be divided equally between the two communities for the first 10 fiscal years following the relocation. However, in no event shall the community from which the relocation is occurring receive more sales tax than it received from the automobile dealership or big box retailer in the fiscal year prior to the relocation.

(C) After the first 10 fiscal years following the relocation, the contract shall terminate and the apportionment shall end unless the contract is extended by both communities.

(2) The community from which the relocation is occurring shall have 30 days after receipt of the contract to approve the contract by enacting a resolution or ordinance approved by a two-thirds vote of its legislative body.

(d) Prior to a redevelopment agency giving any financial assistance to an automobile dealership or big box retailer that is

relocating, the agency shall hold a public hearing. Notice of the time and place of the public hearing shall be published in a newspaper of general circulation in the community at least once per week for at least three successive weeks, as specified in Section 6063 of the Government Code, prior to the hearing.

(e) The resolution approving financial assistance shall do all of the following:

(1) Identify the present name and, if different, the former name of the relocating automobile dealership or big box retailer.

(2) Identify the address, including the city or county, from which the automobile dealership or big box retailer has moved or will move.

(3) Identify the address, including the city or county, to which the automobile dealership or big box retailer will move.

(4) Contain one of the following findings:

(A) That the automobile dealership or big box retailer is not relocating within the same market area.

(B) That the automobile dealership or big box retailer is relocating within the same market area but that a contract containing the terms specified in subdivision (c) has been approved by the agency's legislative body, and offered to the community from which the relocation has occurred, which has approved the agreement, entered into another agreement acceptable to both communities, or has not accepted the proposed contract within the 30-day period.

These findings shall be final and conclusive as to all persons except for the automobile dealership or big box retailer that is the subject of the findings and the community from which the relocation has occurred, all of which may bring an action to challenge these findings.

(f) As used in this section, the following terms have the following meaning:

(1) "Big box retailer" means a store of greater than 75,000 square feet of gross buildable area that will generate sales or use tax pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) "Community" and "territorial jurisdiction" have the meanings specified in Sections 33002 and 33120, respectively.

(3) "Financial assistance" includes, but is not limited to, any of the following:

(A) Any appropriation of public funds, including loans, grants, or subsidies or the payment for or construction of parking improvements.

(B) Any tax incentive, including tax exemptions, rebates, reductions, or moratoria of a tax, including any rebate or payment based upon the amount of sales tax generated from the automobile dealership or big box retailer.

(C) The sale or lease of real property at a cost that is less than fair market value.

(D) Payment for, forgiveness of, or reduction of fees.

(4) (A) "Market area" means a geographical area that is described in independent and recognized commercial trade literature, recognized and established business or manufacturing policies or practices, or publications of recognized independent research organizations as being an area that is large enough to support the location of the specific automobile dealership or the specific big box retailer that is relocating.

(B) With respect to an automobile dealership, a "market area" shall not extend further than 40 miles, as measured by the most reasonable route on roads between two points, starting from the location from which the automobile dealership is relocating and ending at the location to which the automobile dealership is relocating.

(C) With respect to a big box retailer, a "market area" shall not extend further than 25 miles, as measured by the most reasonable route on roads between two points, starting from the location from which the big box retailer is relocating and ending at the location to which the big box retailer is relocating.

(5) "Relocating" means the closing of an automobile dealership or big box retailer in one location and the opening of an automobile dealership or big box retailer in another location within a 365-day period when a person or business entity has an ownership interest in both the automobile dealership or big box retailer that has closed or will close and the one that is opening. "Relocating" does not mean and shall not include the closing of an automobile dealership or big box retailer because the automobile dealership or big box retailer has been or will be acquired or has been or will be closed as a result of the use of eminent domain.

(g) This section does not apply to agency assistance in the construction of public improvements that serve all or a portion of a project area and that are not required to be constructed as a condition of approval of the automobile dealership or big box retailer. This section also does not prohibit assistance in the construction of public improvements that are being constructed for a development other than the automobile dealership or big box retailer.

(h) Notwithstanding Section 7550.5 of the Government Code, on or before January 1, 2004, the California Research Bureau shall report to the Legislature and the Governor regarding the implementation of this section. An act to add Section 19041.5 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 23, 1999. Filed with Secretary of State September 23, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 19041.5 is added to the Revenue and Taxation Code, to read:

19041.5. (a) Notwithstanding any other provision of this part, Part 10 (commencing with Section 17001), or Part 11 (commencing with Section 23001), any amount paid as a tax or in respect of a tax that is paid after the mailing of a notice of proposed deficiency assessment and designated by the taxpayer as a deposit in the nature of a cash bond made to stop the running of interest, shall not be considered a payment of tax for purposes of filing a claim for refund pursuant to Section 19306 or an action pursuant to Section 19384 until either of the following occurs:

(1) The taxpayer provides a written statement to the Franchise Tax Board specifying that the deposit shall be a payment of tax for purposes of Section 19306, 19335, or 19384.

(2) The deficiency assessed becomes due and payable in accordance with Section 19049.

(b) The Franchise Tax Board may promulgate rules and regulations to adopt applicable provisions of federal Revenue Procedure 84-58, 1984-2 C.B. 501, for purposes of this section.

(2) Notwithstanding paragraph (1), the amount of the reduction specified in that paragraph for any county or city and county that has been materially and substantially impacted as a result of a federally declared disaster, as evidenced by at least 20 percent of the cities, or cities and unincorporated areas of the county representing 20 percent of the population within the county suffering substantial damage, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date

of this section, shall be reduced by that portion of five million dollars ($5,000,000) determined for that county or city and county pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each county and city and county in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each county and city and county as described in subparagraph (A) its share of five million dollars ($5,000,000) on the basis of that county's population relative to the total population of all counties described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(b) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each city, except for a newly incorporated city that did not receive property tax revenues in the 1991–92 fiscal year, shall be reduced by 9 percent. In making the above computation with respect to cities in Alameda County, the computation for a city described in paragraph (6) of subdivision (a) of Section 100.7, as added by Section 73.5 of Chapter 323 of the Statutes of 1983, shall be adjusted so that the amount multiplied by 9 percent is reduced by the amount determined for that city for "museums" pursuant to paragraph (2) of subdivision (h) of Section 95.

(2) Notwithstanding paragraph (1), the amount of the reduction determined pursuant to that paragraph for any city that has been materially and substantially impacted as a result of a federally declared disaster, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of fifteen million dollars ($15,000,000) determined for that city pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each city in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each city as described in subparagraph (A) its share of fifteen million dollars ($15,000,000) on the basis of that city's population relative to the total population of all cities described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(4) In the 1992–93 fiscal year and each fiscal year thereafter, the auditor shall adjust the computations required pursuant to Article 4 (commencing with Section 98) so that those computations do not

result in the restoration of any reduction required pursuant to this section.

(c) (1) Subject to paragraph (2), the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall be reduced by 35 percent. For purposes of this subdivision, "revenues that are pledged to debt service" include only those amounts required to pay debt service costs in the 1991–92 fiscal year on debt instruments issued by a special district for the acquisition of capital assets.

(2) No reduction pursuant to paragraph (1) for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the 1989–90 edition of the State Controller's Report on Financial Transactions Concerning Special Districts (not including any annual revenues from fiscal years following the 1989–90 fiscal year). With respect to any special district, as defined pursuant to subdivision (m) of Section 95, that is allocated property tax revenue pursuant to this chapter but does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, the auditor shall determine the total annual revenues for that special district from the information in the 1989–90 edition of the State Controller's Report on Financial Transactions Concerning Counties. With respect to a special district that did not exist in the 1989–90 fiscal year, the auditor may use information from the first full fiscal year, as appropriate, to determine the total annual revenues for that special district. No reduction pursuant to paragraph (1) for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(3) The auditor in each county shall, on or before January 15, 1993, and on or before January 30 of each year thereafter, submit information to the Controller concerning the amount of the property tax revenue reduction to each special district within that county as a result of paragraphs (1) and (2). The Controller shall certify that the calculation of the property tax revenue reduction to each special district within that county is accurate and correct, and submit this information to the Director of Finance.

(A) The Director of Finance shall determine whether the total of the amounts of the property tax revenue reductions to special districts, as certified by the Controller, is equal to the amount that would be required to be allocated to school districts and community college districts as a result of a three hundred seventy-five million dollar ($375,000,000) shift of property tax revenues from special districts for the 1992–93 fiscal year. If, for any year, the total of the

amount of the property tax revenue reductions to special districts is less than the amount as described in the preceding sentence, the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall, subject to subparagraph (B), be reduced by an amount up to 5 percent of the amount subject to reduction for that district pursuant to paragraphs (1) and (2).

(B) No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the most recent State Controller's Report on Financial Transactions Concerning Special Districts. No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(C) In no event shall the amount of the property tax revenue loss to a special district derived pursuant to subparagraphs (A) and (B) exceed 40 percent of that district's property tax revenues or 10 percent of that district's total revenues, from whatever source.

(4) For the purpose of determining the total annual revenues of a special district that provides fire protection or fire suppression services, all of the following shall be excluded from the determination of total annual revenues:

(A) If the district had less than two million dollars ($2,000,000) in total annual revenues in the 1991–92 fiscal year, the revenue generated by a fire suppression assessment levied pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(B) The total amount of all funds, regardless of the source, that are appropriated to a district, including a fire department, by a board of supervisors pursuant to Section 25642 of the Government Code or Chapter 7 (commencing with Section 13890) of Part 2.7 of Division 12 of the Health and Safety Code for fire protection. The amendment of this subparagraph by Chapter 290 of the Statutes of 1997 shall not be construed to affect any exclusion from the total annual revenues of a special district that was authorized by this subparagraph as it read prior to that amendment.

(C) The revenue received by a district as a result of contracts entered into pursuant to Section 4133 of the Public Resources Code.

(5) For the purpose of determining the total annual revenues of a resource conservation district, all of the following shall be excluded from the determination of total annual revenues:

(A) Any revenues received by that district from the state for financing the acquisition of land, or the construction or improvement of state projects, and for which that district serves as the fiscal agent in administering those state funds pursuant to an agreement entered into between that district and a state agency.

(B) Any amount received by that district as a private gift or donation.

(C) Any amount received as a county grant or contract as supplemental to, or independent of, that district's property tax share.

(D) Any amount received by that district as a federal or state grant.

(d) (1) The amount of property tax revenues not allocated to the county, cities within the county, and special districts as a result of the reductions calculated pursuant to subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund to be established in each county. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1991–92 fiscal year.

(2) The auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district and county office of education in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district and county office of education. In no event shall any additional money be allocated from the fund to a school district or county office of education upon that school district or county office of education becoming an excess tax school entity.

(3) The auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any

additional money be allocated from the fund to a community college district upon that district becoming an excess tax school entity.

(4) (A) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2).

(B) (i) For the 1995–96 fiscal year and each fiscal year thereafter except the 1999–2000 fiscal year, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall, subject to clauses (ii) and (iii), allocate those excess funds to the county superintendent of schools. Funds allocated pursuant to this subparagraph shall be counted as property tax revenues for special education programs in augmentation of the amount calculated pursuant to Section 2572 of the Education Code, to the extent that those property tax revenues offset state aid for county offices of education and school districts within the county pursuant to subdivision (c) of Section 56836.08 of the Education Code.

(ii) For the 1995–96 fiscal year only, this subparagraph shall have no application to the County of Mono and the amount allocated pursuant to this subparagraph in the County of Marin shall not exceed five million dollars ($5,000,000).

(iii) For the 1996–97 fiscal year only, the total amount of funds allocated by the auditor pursuant to this subparagraph and subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3 shall not exceed that portion of two million five hundred thousand dollars ($2,500,000) that corresponds to the county's proportionate share of all moneys allocated pursuant to this subparagraph and subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3 for the 1995–96 fiscal year. Upon the request of the auditor, the Department of Finance shall provide to the auditor all information in the department's possession that is necessary for the auditor to comply with this clause.

(iv) For the 1999–2000 fiscal year, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate the funds to the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. This clause shall be operative for the 1999–2000 fiscal year only to the extent that moneys are appropriated for purposes of this clause in the Budget Act of 1999 by an appropriation that specifically references this clause.

(C) For purposes of allocating the Educational Revenue Augmentation Fund for the 1996–97 fiscal year, the auditor shall, after making the allocations for special education programs, if any, required by subparagraph (B), allocate all remaining funds among the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. For purposes of ad valorem property tax revenue allocations for the 1997–98 fiscal year and each fiscal year thereafter, no amount of ad valorem property tax revenue allocated to the county, a city, or a special district pursuant to this subparagraph shall be deemed to be an amount of ad valorem property tax revenue allocated to that local agency in the prior fiscal year.

(5) For purposes of allocations made pursuant to Section 96.1 or its predecessor section for the 1993–94 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than amounts deposited in the Educational Revenue Augmentation Fund pursuant to Section 33681 of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(e) (1) For the 1997–98 fiscal year:

(A) The amount of property tax revenue deemed allocated in the prior fiscal year to any city subject to the reduction specified in paragraph (2) of subdivision (b) shall be reduced by an amount that is equal to the difference between the amount determined for the city pursuant to paragraph (1) of subdivision (b) and the amount of the reduction determined for the city pursuant to paragraph (2) of subdivision (b).

(B) The amount of property tax revenue deemed allocated in the prior fiscal year to any county or city and county subject to the reduction specified in paragraph (2) of subdivision (a) shall be reduced by an amount that is equal to the difference between the amount specified for the county or city and county pursuant to paragraph (1) of subdivision (a) and the amount of the reduction determined for the county or city and county pursuant to paragraph (2) of subdivision (a).

(2) The amount of property tax revenues not allocated to a city or city and county as a result of this subdivision shall be deposited in the Educational Revenue Augmentation Fund described in subparagraph (A) of paragraph (1) of subdivision (d).

(3) For purposes of allocations made pursuant to Section 96.1 for the 1998–99 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision shall be deemed property tax revenues allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(f) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 97.03 of the Revenue and Taxation Code, as added by Senate Bill 617 of the 1991–92 Regular Session.

CHAPTER 27.5. REPLACEMENT BENEFITS PROGRAM

24250. It is the intent of the Legislature in repealing Sections 22316 and 22317 and adding Section 24275 to revoke the election made on behalf of the plan under Section 415(b)(10) of the Internal Revenue Code of 1986 and to provide for restoration of benefits pursuant to Section 24275.

24255. (a) There is in the State Treasury a trust fund to be known as the Teachers' Replacement Benefits Program Fund. There shall be deposited directly in that fund, and not transferred from the Teachers' Retirement Fund, that portion of employer contributions determined by the board as necessary to fund the replacement benefits program.

(b) Notwithstanding Section 13340 of the Government Code, moneys in the Teachers' Replacement Benefits Program Fund are continuously appropriated without regard to fiscal years to pay

benefits to members and beneficiaries of the defined benefit program, and to pay related administrative expenses.

(c) The board may authorize the transfer and disbursement of funds from the Teachers' Replacement Benefits Program Fund for the purpose of carrying into effect this chapter upon the signature of either or both of its chairperson and vice chairperson or the chief executive officer or any employee of the system designated by the chief executive officer.

(d) Disbursements of money from the Teachers' Replacement Benefits Program Fund of whatever nature shall be made upon claims duly audited in the manner prescribed for the disbursement of other public funds except that notwithstanding the foregoing disbursements may be made to return funds deposited in the fund in error.

24260. (a) A replacement benefits program is hereby established under this chapter for the exclusive purpose of providing to members or their beneficiaries in accordance with subdivisions (c) and (d) that portion of the annual benefit of the member or the member's beneficiaries otherwise payable under the provisions of this part that exceeds the limitations on the dollar amount of annual benefit under Section 415 of the Internal Revenue Code of 1986 (26 U.S.C. Sec. 415) as applicable to a governmental plan, as defined in subdivision (d) of Section 414.

(b) The replacement benefits program established by this chapter is intended to comply with the provisions of Section 415(m) of the Internal Revenue Code of 1986 (26 U.S.C. Sec. 415(m)).

(c) In any case in which (1) the annual benefit of the member or the member's beneficiaries for the calendar year otherwise payable under the terms of this part, as measured under the provisions of Section 415(b)(2) of the Internal Revenue Code of 1986 (26 U.S.C. Sec. 415(b)(2)) and adjusted to exclude the portion of the annual benefit attributable to employee contributions that are not "picked up" under Section 414(h)(2) of the Internal Revenue Code of 1986 (26 U.S.C. Sec. 414(h)(2)) or attributable to rollover contributions described in Section 415(b)(2) of the Internal Revenue Code of 1986, exceeds (2) the limitation on the dollar amount of an annual benefit applicable for the calendar year under Section 415(b)(1)(A) or subdivision (e) as applicable to a governmental plan, as defined in Section 414(d) of the Internal Revenue Code of 1986 (26 U.S.C. Sec. 414(d)), the amount of the portion of the annual benefit shall be paid to the member or the member's beneficiaries under the replacement benefit program in the manner described in subdivision (d). In no event shall the portion of the annual benefit from the replacement benefits program be payable from the assets of the Teachers' Retirement Fund. Upon receipt of the warrants for the employer contributions as described in Section 23001, the board shall retain and place in the Teachers' Replacement Benefits Program Fund only the amounts of employer contributions as are necessary for the exclusive purpose of paying currently the monthly installment next due of the portion of the annual benefit payable from the replacement benefits program to the member or the member's beneficiaries as well as any administrative expenses associated with the replacement benefits program. Amounts shall not be accumulated in the Teachers' Replacement Benefits Program Fund for the payment of future benefits, and a member or the member's beneficiaries who are to receive the portion of his or her annual benefit under the replacement benefits program shall have no entitlement to amounts in the Teachers' Replacement Benefits Program Fund until distributed to him or her as a benefit.

(e) The portion of the annual benefit payable under the replacement benefits program shall be subject to withholding for any applicable income or employment taxes.

(f) The board may by plan amendment amend the terms of the replacement benefits program established under this section as appropriate to comply with applicable federal or state law.

24270. In the case of any member or member's beneficiaries whose annual benefit otherwise payable under the provisions of this part has been reduced for any year by reason of application of the 100 percent of compensation limitation on benefits under Section 415(b)(1)(B) of the Internal Revenue Code of 1986 (26 U.S.C. Sec. 415(b)(1)(B)) the reduced annual benefit shall be restored to its full amount otherwise payable for that year. Sec. 415) as applicable to a governmental plan as those sections are amended from time to time or their successor sections.

(b) This section and Section 24270 shall be applicable to benefits payable in all plan years beginning before, on, or after enactment of this chapter.

(d) "Recycling market development zone" or "zone" means any single or joint, contiguous parcels of property that, based on the determination of the board, meets the following criteria:

(1) The area has been zoned an appropriate land use for the development of commercial, industrial, or manufacturing purposes.

(2) The area is identified in the countywide or regional agency integrated waste management plan as part of the market development area.

(3) The area is located in a city with an existing postconsumer waste collection infrastructure.

(e) "Revolving loan program" means the Recycling Market Development Revolving Loan Program established pursuant to Section 42023.1.

(f) "Secondary waste material" means industrial byproducts which would otherwise go to disposal facilities and wastes generated after completion of a manufacturing process, but does not include internally generated scrap commonly returned to industrial or manufacturing processes, such as home scrap and mill broke.

(g) "Subaccount" means the Recycling Market Development Revolving Loan Subaccount created pursuant to subdivision (a) of Section 42023.1.

SEC. 2. Section 42010 of the Public Resources Code is amended to read:

(b) The proposal of a recycling market development zone shall be based upon the following findings by the local governing body:

(1) The current waste management practices and conditions are favorable to the development of postconsumer waste material markets.

(2) The designation as a recycling market development zone is necessary to assist in attracting private sector recycling investments to the area.

SEC. 3. Section 42023.1 is added to the Public Resources Code, to read:

In addition, the board may expend money in the account to administer the revolving loan program, upon the appropriation of funds in the subaccount for that purpose in the annual Budget Act. However, funding for the administration of the revolving loan program from the account shall

be provided only if there are not sufficient funds in the subaccount to fully fund the administration of the program.

(i) The board, pursuant to subdivision (a) of Section 47901, may set aside funds for the purposes of paying costs necessary to protect the state's position as a lender-creditor. These costs shall be broadly construed to include, but not be limited to, foreclosure expenses, auction fees, title searches, appraisals, real estate brokerage fees, attorney fees, mortgage payments, insurance payments, utility costs, repair costs, removal and storage costs for repossessed equipment and inventory, and additional expenditures to purchase a senior lien in foreclosure or bankruptcy proceedings.

Notwithstanding any term of the agreement, any recipient of a loan that the board approves shall repay the principal amount, plus interest on the basis of the rate of return for money in the Surplus Money Investment Fund at the time of the loan commitment. Except as provided in subdivision (a) of Section 42023.3, all money received as repayment and interest on loans made pursuant to this section shall be deposited in the subaccount.

(2) The repeal of this section pursuant to paragraph (1) shall not extinguish any loan obligation or the authority of the state to pursue appropriate actions for the collection of a loan.

The Treasurer shall specify the form of the deposit, which may be a cashier's check, a surety bond, a wire transfer of funds, or a combination thereof. The deposit shall not bear interest.

SEC. 3. Section 16754 of the Government Code is amended to read:

16754. The bonds specified in the resolution shall be sold by the Treasurer, at the time fixed by the Treasurer, and upon the notice that the Treasurer may deem advisable, or at the time to which the sale shall have been so continued, at public sale to the bidder whose bid will result in the lowest interest cost on account of those bonds, but the Treasurer shall reject any and all bids for the bonds that shall be below the par value thereof plus the interest that shall have accrued thereon from the date thereof (or, if any past due coupon or coupons have been detached from the bonds prior to the delivery thereof, then from the due date of the latest coupon so detached) to the date of the purchaser's payment for the bond. The method of determining the lowest interest cost bid shall be prescribed in the bond resolution and shall be limited to either the net interest cost method or the present worth basis method, also referred to as the true interest cost, bond book basis, and Canadian interest cost method. The net interest cost of each bid shall be determined by ascertaining the total amount of interest that the state would be required to pay under that bid, from the date of the bonds to the respective maturity dates of the bonds then offered for sale, at the coupon rate or rates specified in the bid, less the total amount of the premium, if any, offered by the bid. The bid under which the amount so ascertained is the least shall be deemed to be the bid resulting in the lowest net interest cost. Under the present worth basis method, the bonds shall be awarded to the bidder submitting the lowest interest rate bid determined by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments to the specified interest computation date and to the price bid. Under either method, the sale shall be for cash, payable upon the delivery of the bonds in definitive form, or if the right to deliver temporary securities has been reserved, then upon the delivery of the temporary securities.

SEC. 4. Section 16754.3 of the Government Code is amended to read:

16754.3. (a) The bonds specified in the resolution shall be sold by the Treasurer, at the time fixed by the Treasurer, and upon the notice that the Treasurer may deem advisable, or at the time to which the sale shall have been so continued, either at public sale to the bidder whose bid will result in the lowest interest cost on account of those bonds or by negotiated sale if the Treasurer determines it will result in a lower interest cost. With respect to bonds sold by the Treasurer by negotiated sales, the Treasurer shall make a finding on the public record as to why a public sale was not used. The Treasurer may sell the bonds at a price below the par value thereof, but the discount on bonds so sold shall not exceed 3 percent of the par value. The interest, if any, accrued to the date of delivery of, and payment for, the bonds shall be added to the sale price of the bonds in any case.

(b) The method of determining the lowest interest cost bid shall be prescribed in the bond resolution and shall be limited to either the net interest cost method or the true interest cost method. The net interest cost of each bid shall be determined by ascertaining the total amount of interest that the state would be required to pay under that bid, from the date of the bonds to the respective maturity dates of the bonds then offered for sale, at the interest rate or rates specified in the bid, less the total amount of the premium, if any, or plus the total amount of the discount, if any, offered by the bid. The bid under which the amount so ascertained is the least shall be deemed to be the bid resulting in the lowest net interest cost. Under the true interest cost method, the bonds shall be awarded to the bidder submitting the lowest interest rate bid determined by the nominal interest rate that, when compounded semiannually and used to discount the debt service payments on the bonds to the date of the bonds, results in an amount equal to the price bid for the bonds, excluding interest accrued to the date of delivery. Under either method, the sale shall be for cash, payable upon the delivery of the bonds in definitive form, or if the right to deliver temporary securities has been reserved, then upon the delivery of the temporary securities.

(c) This section shall apply to any bonds authorized at any statewide election held at any time after the effective date of this section. Section 16754 shall apply only to bonds authorized at elections held before the effective date of this section.

SEC. 5. Section 16754.3 of the Government Code is amended to read:

16754.3. (a) The bonds specified in the resolution shall be sold by the Treasurer, at the time fixed by the Treasurer, and upon the notice that the Treasurer may deem advisable, or at the time to which the sale shall have been so continued, either at public sale to the bidder whose bid will result in the lowest interest cost on account of those bonds or by negotiated sale if the Treasurer determines it will result in a lower interest cost. With respect to bonds sold by the Treasurer by negotiated sales, the Treasurer shall make a finding on the public record as to why a public sale was not used. The Treasurer may sell the bonds at a price below the par value thereof, but the discount on bonds so sold shall not exceed 3 percent of the par value. The interest, if any, accrued to the date of delivery of, and payment for, the bonds shall be added to the sale price of the bonds in any case.

(b) The method of determining the lowest interest cost bid shall be prescribed in the bond resolution and shall be limited to either the net interest cost method or the true interest cost method. The net interest cost of each bid shall be determined by ascertaining the total amount of interest that the state would be required to pay under that bid, from the date of the bonds to the respective maturity dates of the bonds then offered for sale, at the interest rate or rates specified in the bid, less the total amount of the premium, if any, or plus the total

amount of the discount, if any, offered by the bid. The bid under which the amount so ascertained is the least shall be deemed to be the bid resulting in the lowest net interest cost. Under the true interest cost method, the bonds shall be awarded to the bidder submitting the lowest interest rate bid determined by the nominal interest rate that, when compounded semiannually and used to discount the debt service payments on the bonds to the date of the bonds, results in an amount equal to the price bid for the bonds, excluding interest accrued to the date of delivery. Under either method the sale shall be for cash, payable upon the delivery of the bonds in definitive form, or if the right to deliver temporary securities has been reserved, then upon the delivery of the temporary securities.

(c) If the resolution prescribes that the bonds may pay a variable interest rate, as specified in subdivision (d) of Section 16731, the Treasurer may sell the bonds either at public sale, upon sealed bids, or by negotiated sales, as prescribed in subdivision (a).

(d) This section shall apply to any bonds authorized at any statewide election held at any time after the effective date of this section. Section 16754 shall apply only to bonds authorized at elections held before the effective date of this section.

SEC. 6. Section 5 of this bill incorporates amendments to Section 16754.3 of the Government Code proposed by both this bill and SB 997. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2000, (2) each bill amends Section 16754.3 of the Government Code, and (3) this bill is enacted after SB 997, in which case Section 4 of this bill shall not become operative.

CHAPTER 469

An act to amend Section 62.9 of the Labor Code, relating to occupational safety and health.

[Approved by Governor September 23, 1999. Filed with Secretary of State September 23, 1999.]

The people of the State of California do enact as follows:

SECTION 1. On or before April 1, 2000, the Occupational Safety and Health Standards Board shall report to the Legislature on the nature and the extent of investigations conducted pursuant to subdivision (b) of Section 143 of the Labor Code.

SEC. 2. Section 62.9 of the Labor Code is amended to read:

62.9. (a) (1) The director shall levy and collect assessments from employers in accordance with this section. The total amount of the assessment collected shall be the amount determined by the

director to be necessary to produce the revenue sufficient to fund the programs specified by Section 62.7, except that the amount assessed in any year for those purposes shall not exceed 50 percent of the amounts appropriated from the General Fund for the support of the occupational safety and health program for the 1993–94 fiscal year, adjusted for inflation. The director also shall include in the total assessment amount the department's costs for administering the assessment, including the collections process and the cost of reimbursing the Franchise Tax Board for its cost of collection activities pursuant to subdivision (c).

(2) The insured employers and private sector self-insured employers that, pursuant to subdivision (b), are subject to assessment shall be assessed, respectively, on the basis of their annual payroll subject to premium charges or their annual payroll that would be subject to premium charges if the employer were insured, as follows:

(A) An employer with a payroll of less than two hundred fifty thousand dollars ($250,000) shall be assessed one hundred dollars ($100).

(B) An employer with a payroll of two hundred fifty thousand dollars ($250,000) or more, but not more than five hundred thousand dollars ($500,000), shall be assessed two hundred dollars ($200).

(C) An employer with a payroll of more than five hundred thousand dollars ($500,000), but not more than seven hundred fifty thousand dollars ($750,000), shall be assessed four hundred dollars ($400).

(D) An employer with a payroll of more than seven hundred fifty thousand dollars ($750,000), but not more than one million dollars ($1,000,000), shall be assessed six hundred dollars ($600).

(E) An employer with a payroll of more than one million dollars ($1,000,000), but not more than one million five hundred thousand dollars ($1,500,000), shall be assessed eight hundred dollars ($800).

(F) An employer with a payroll of more than one million five hundred thousand dollars ($1,500,000), but not more than two million dollars ($2,000,000), shall be assessed one thousand dollars ($1,000).

(G) An employer with a payroll of more than two million dollars ($2,000,000), but not more than two million five hundred thousand dollars ($2,500,000), shall be assessed one thousand five hundred dollars ($1,500).

(H) An employer with a payroll of more than two million five hundred thousand dollars ($2,500,000), but not more than three million five hundred thousand dollars ($3,500,000), shall be assessed two thousand dollars ($2,000).

(I) An employer with a payroll of more than three million five hundred thousand dollars ($3,500,000) shall be assessed two thousand five hundred dollars ($2,500).

(b) (1) In the manner as specified by this section, the director shall identify those insured employers having a workers' compensation experience modification rating of 1.25 or more, and

private sector self-insured employers having an equivalent experience modification rating of 1.25 or more as determined pursuant to subdivision (e).

(2) The assessment required by this section shall be levied annually, on a calendar year basis, on those insured employers and private sector self-insured employers, as identified pursuant to paragraph (1), having the highest workers' compensation experience modification ratings or equivalent experience modification ratings, that the director determines to be required numerically to produce the total amount of the assessment to be collected pursuant to subdivision (a).

(c) The director shall collect the assessment from insured employers as follows:

(1) Upon the request of the director, the Department of Insurance shall direct the licensed rating organization designated as the department's statistical agent to provide to the director, for purposes of subdivision (b), a list of all insured employers having a workers' compensation experience rating modification of 1.25 or more, according to the organization's records at the time the list is requested, for policies commencing the year preceding the year in which the assessment is to be collected.

(2) The director shall determine the annual payroll of each insured employer subject to assessment from the payroll that was reported to the licensed rating organization identified in paragraph (1) for the most recent period for which one full year of payroll information is available for all insured employers.

(3) On or before September 1 of each year, the director shall determine each of the current insured employers subject to assessment, and the amount of the total assessment for which each insured employer is liable. The director immediately shall notify each insured employer, in a format chosen by the insurer, of the insured's obligation to submit payment of the assessment to the director within 30 days after the date the billing was mailed, and warn the insured of the penalties for failure to make timely and full payment as provided by this subdivision.

(4) The director shall identify any insured employers that, within 30 days after the mailing of the billing notice, fail to pay, or object to, their assessments. The director shall mail to each of these employers a notice of delinquency and a notice of the intention to assess penalties, advising that, if the assessment is not paid in full within 15 days after the mailing of the notices, the director will levy against the employer a penalty equal to 25 percent of the employer's assessment, and will refer the assessment and penalty to the Franchise Tax Board for collection. The notices required by this paragraph shall be sent by United States first-class mail.

(5) If an assessment is not paid by an insured employer within 15 days after the mailing of the notices required by paragraph (4), the director shall refer the delinquent assessment and the penalty to the

Franchise Tax Board for collection pursuant to Section 19290.1 of the Revenue and Taxation Code.

(d) The director shall collect the assessment directly from private sector self-insured employers. The failure of any private sector self-insured employer to pay the assessment as billed constitutes grounds for the suspension or termination of the employer's certificate to self-insure.

(e) The director shall adopt regulations implementing this section that include provision for a method of determining experience modification ratings for private sector self-insured employers that is generally equivalent to the modification ratings that apply to insured employers and is weighted by both severity and frequency.

(f) The director shall determine whether the amount collected pursuant to any assessment exceeds expenditures, as described in subdivision (a), for the current year and shall credit the amount of any excess to any deficiency in the prior year's assessment or, if there is no deficiency, against the assessment for the subsequent year.

CHAPTER 470

An act to amend Sections 1300 and 25219 of the Corporations Code, to amend Section 45308.5 of the Government Code, to amend Section 1170.3 of the Harbors and Navigation Code, to amend Sections 1792.2 and 25112.5 of the Health and Safety Code, and to amend Sections 1192.8 and 11521.2 of the Insurance Code, relating to securities.

[Approved by Governor September 23, 1999. Filed with Secretary of State September 23, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1300 of the Corporations Code is amended to read:

1300. (a) If the approval of the outstanding shares (Section 152) of a corporation is required for a reorganization under subdivisions (a) and (b) or subdivision (e) or (f) of Section 1201, each shareholder of the corporation entitled to vote on the transaction and each shareholder of a subsidiary corporation in a short-form merger may, by complying with this chapter, require the corporation in which the shareholder holds shares to purchase for cash at their fair market value the shares owned by the shareholder which are dissenting shares as defined in subdivision (b). The fair market value shall be determined as of the day before the first announcement of the terms of the proposed reorganization or short-form merger, excluding any appreciation or depreciation in consequence of the proposed action, but adjusted for any stock split, reverse stock split, or share dividend which becomes effective thereafter.

(b) As used in this chapter, "dissenting shares" means shares which come within all of the following descriptions:

(1) Which were not immediately prior to the reorganization or short-form merger either (A) listed on any national securities exchange certified by the Commissioner of Corporations under subdivision (o) of Section 25100 or (B) listed on the National Market System of the NASDAQ Stock Market, and the notice of meeting of shareholders to act upon the reorganization summarizes this section and Sections 1301, 1302, 1303 and 1304; provided, however, that this provision does not apply to any shares with respect to which there exists any restriction on transfer imposed by the corporation or by any law or regulation; and provided, further, that this provision does not apply to any class of shares described in subparagraph (A) or (B) if demands for payment are filed with respect to 5 percent or more of the outstanding shares of that class.

(2) Which were outstanding on the date for the determination of shareholders entitled to vote on the reorganization and (A) were not voted in favor of the reorganization or, (B) if described in subparagraph (A) or (B) of paragraph (1) (without regard to the provisos in that paragraph), were voted against the reorganization, or which were held of record on the effective date of a short-form merger; provided, however, that subparagraph (A) rather than subparagraph (B) of this paragraph applies in any case where the approval required by Section 1201 is sought by written consent rather than at a meeting.

(3) Which the dissenting shareholder has demanded that the corporation purchase at their fair market value, in accordance with Section 1301.

(4) Which the dissenting shareholder has submitted for endorsement, in accordance with Section 1302.

(c) As used in this chapter, "dissenting shareholder" means the recordholder of dissenting shares and includes a transferee of record.

SEC. 2. Section 25219 of the Corporations Code is amended to read:

25219. Notwithstanding any other provision of this division, if in his or her opinion the public interest and the protection of investors so require, the commissioner is authorized summarily to suspend all over-the-counter trading in this state by broker-dealers and agents in any security or summarily to suspend all trading on a national securities exchange located in this state in any security (provided, in the case of trading on that exchange, that the security is not listed on the National Market System of the NASDAQ Stock Market or any national securities exchange located outside this state on which trading has not been suspended) for a period not exceeding 90 days, and for successive periods of 90 days. No broker-dealer or agent shall effect any transaction (other than an unsolicited brokerage transaction effected on the National Market System of the NASDAQ Stock Market or on a national securities exchange located outside this

state) in, or induce or attempt to induce the purchase or sale of, any security in this state in which trading is in any manner suspended under this section, except in performance of a contract previously entered into.

SEC. 3. Section 45308.5 of the Government Code is amended to read:

45308.5. Notwithstanding Section 45308.1, in addition to any other investments as are authorized by this article, city retirement systems may in their discretion under the advice of proper counsel invest the assets of the retirement fund in an amount, determined on the basis of cost, not to exceed 10 percent of the assets in the first two years after the effective date of this section, not to exceed 15 percent during the third year after the effective date of this section, and not to exceed 25 percent thereafter, in common stock or shares, and not to exceed 2 percent of the assets in the first year after the effective date of this section, not to exceed 3 percent during the second year after the effective date of this section, and not to exceed 5 percent thereafter, in preferred stock or shares, of corporations created or existing under the laws of the United States, or any state, district, or territory thereof; provided that

(a) The stock is registered on a national securities exchange, as provided in the "Securities Exchange Act of 1934" as amended, or is listed on the National Market System of the NASDAQ Stock Market. The registration shall not be required with respect to the following stocks:

(1) The common stock of a bank which is a member of the Federal Deposit Insurance Corporation and has capital funds, represented by capital, surplus, and undivided profits, of at least fifty million dollars ($50,000,000);

(2) The common stock of an insurance company which has capital funds, represented by capital, special surplus funds, and unassigned surplus, of at least fifty million dollars ($50,000,000);

(3) Any preferred stock.

(b) The corporation has total assets of at least one hundred million dollars ($100,000,000);

(c) Bonds of that corporation, if any are outstanding, qualify for investment of the retirement fund, and that there are no arrears of dividend payments on its preferred stock;

(d) The corporation has paid a cash dividend on its common stock in at least 8 of the 10 years next preceding the date of investment, and the aggregate net earnings available for dividends on the common stock of the corporation for the whole of that period have been equal to the amount of the dividends paid, and the corporation has paid an earned cash dividend in each of the last three years;

(e) The investment in any one company may not exceed 5 percent of the common shares outstanding; and

(f) No single common stock investment, based on cost, may exceed 2 percent of the assets of the fund.

SEC. 4. Section 1170.3 of the Harbors and Navigation Code is amended to read:

1170.3. (a) The board shall adopt, by regulation, a pilot's conflict-of-interest code which shall include, but not be limited to, a provision specifying that a pilot shall not have any interest in, or derive any income from, any tugboat in operation on the Bays of San Francisco, San Pablo, and Suisun. This requirement of divestiture does not apply to the ownership of barges and vessels similar to barges.

(b) The conflict-of-interest code shall not prohibit the ownership of stock in any corporation registered on a national securities exchange or on the National Market System of the NASDAQ Stock Market, pursuant to Section 78f of Title 15 of the United States Code, which may own tugboats in operation on the Bays of San Francisco, San Pablo, and Suisun.

SEC. 5. Section 1792.2 of the Health and Safety Code is amended to read:

1792.2. (a) Any entity that has executed or assumed continuing care contracts shall maintain reserves covering obligations thereunder.

(b) The following assumptions shall be used when calculating the reserves:

(1) The following life expectancy table shall be used in connection with all continuing care contracts:

Age	Females	Males	Age	Females	Males
55	26.323	23.635	83	7.952	6.269

82	8.501	6.719	110	1.500	1.500

The life expectancy table set forth in this paragraph shall be used until this section is amended.

(2) For residents over 110 years of age use 1.500 for computing the statutory reserve requirements.

(3) If a continuing care retirement community has contracted with a resident under 55 years of age, provide the department with the methodology used to determine that resident's life expectancy.

(4) A zero interest assumption shall be used to adjust resident life expectancies in conjunction with the computation of the statutory reserve requirement.

(c) The reserves shall be calculated by progressing through each of the following steps:

(1) Compute net cash per capita costs:

(A) Cash operating expenses: Deduct: depreciation and other noncash expenses; processing fees; community services; expenses that will not be incurred in future years; reimbursements for services to nonresidents; donated services, if included as an operating expense on the income statement; investment income; contributions received; and other items that the continuing care retirement community reasonably believes should be deducted with accompanying explanation.

For a continuing care retirement community in its first year of operation or following a major addition to an existing continuing care retirement community, cash operating expenses for calculating reserve requirements may be classified as fixed or variable and totaled separately.

(B) Mean number of residents by level of care: List the number of residents for each level of care separately at the beginning of the fiscal year. Add the number of residents for each level of care separately at the end of the fiscal year. Divide the total for each level of care by two.

(C) Total mean number of residents: Add the total number of residents at the beginning of the fiscal year to the total number of residents at the end of the fiscal year and divide by two. For continuing care retirement communities wherein resident

population fluctuates significantly from month to month and for continuing care retirement communities in their first year of operation, the mean number of residents by level of care or the total mean number may be computed by adding the number of residents at the end of each month in the fiscal year and dividing by the total number of months included. The daily attendance for the fiscal year may also be used to determine the mean number of residents.

(D) Net cash per capita cost: Cash operating expenses divided by the mean number of residents. It is acceptable, but not required, to compute net cash per capita for various levels of care, based on allocated expenses and contributions from consolidated financial statements. Allocation methods shall be subject to the approval of the department, and schedules shall be prepared for all levels of care, including any levels not covered by continuing care contracts. For a continuing care retirement community in its first year of operation or following a major addition to an existing continuing care retirement community, net cash per capita cost for calculating reserve requirements may be the sum of the figures determined by dividing fixed cash operating expenses by the number of residents at the end of the fiscal year, and dividing variable cash operating expenses by the mean number of residents.

(2) Compute projected life cost:

(A) Compute aggregate life expectancies: For each resident, compare age against the life expectancy table and total all life expectancies.

(B) Multiply net cash per capita costs by aggregate life expectancies.

(3) Compute five-year plan residents: Determine the maximum annual total of SSI/SSP payments for the year of entry for each resident. If that amount is greater than the amount of the entrance fee paid by a resident, the resident is designated a "Five-year Plan Resident" and the entrance fee is amortized over five years. No reserves are required for these residents after the fifth year.

(4) Compute projected life revenue:

(A) Annual fee: Multiply by 12 each monthly fee paid by residents, including payments to be made by third-party payers on behalf of the resident, including SSI/SSP and Medi-Cal, and contributions, donations, or endowments, that the provider actually used for operating expenditures for continuing care contracts during the fiscal year.

(B) Continuing care residents requiring full reserves: Enter the number of continuing care residents for each annual fee, excluding five-year plan residents.

(C) Aggregate life expectancies: For each resident, compare age against the life expectancy table and total all life expectancies for each annual fee.

(D) Total projected life revenue: Multiply each annual fee by aggregate life expectancies. Total the products obtained.

(5) Compute statutory reserve:

(A) Reserves not including five-year plan residents: Deduct the projected life revenue from the projected life cost. If the remainder is less than zero, use zero.

(B) Total statutory reserves: Add the total unamortized balance for five-year plan residents to the remainder in paragraph (A) above.

(6) Compute liquid asset portion of statutory reserve: For providers that have executed monthly fee contracts with at least one-half of the residents, compute 5 percent of the total statutory reserves. For providers that have executed prepaid contracts with at least one-half of the residents, compute 25 percent of the total statutory reserves.

(d) At least 25 percent of the statutory reserve shall consist of liquid assets, as defined in paragraph (8) of subdivision (e), except that a 5 percent requirement shall apply to the continuing care retirement communities that have executed monthly fee contracts with at least 50 percent of the residents.

(e) The assets available for reserves shall consist of the following:

(1) Deposits in commercial and savings accounts with California banks that are members of the Federal Deposit Insurance Corporation.

(2) Notes receivable by the continuing care retirement community, that are secured by first deeds of trust and first mortgages on property not owned by the provider or its affiliates.

(3) Stocks, bonds, and securities, at current market value unless otherwise specified, shall meet the following criteria to be approved as assets available for statutory reserves:

(A) Highly liquid money securities, including, but not limited to, United States Treasury Bills, prime banker's acceptances, negotiable time certificates of deposit, and short-term tax-exempt notes.

(B) Common stocks rated "above average" or higher by any national rating agency. For example, a rating of A+, A, or A— by Standard and Poor's Corporation is required for common stock.

(C) Bonds issued by the United States government or federal agencies.

(D) Nonfederal bonds that have a current rating of at least "A" by Moody's Investors Service, Standard and Poor's Corporation, or Fitch Investors Service, and are listed on a national securities exchange or on the National Market System of the NASDAQ Stock Market.

(E) Bonds that are not listed on a national securities exchange or on the National Market System of the NASDAQ Stock Market, but are traded over-the-counter and have a current rating of at least "Aa" by Moody's Investors Service or at least "AA" by Standard and Poor's Corporation or Fitch's Investors Service.

(F) The security interest in the cash surrender value of life insurance policies assigned by residents to the continuing care retirement community.

(4) Stocks, bonds, and securities that do not meet the approval criteria may be retained as part of the reserves with the specific approval of the department. If necessary to meet reserve requirements, stocks, bonds, and securities that are not approved by the department may be disposed of in a gradual manner, to avoid loss to certificate holders.

(5) Real estate used to provide care and housing for holders of continuing care contracts, or real estate, or equities therein, owned by the entity as an investment, the rents from which are used to discharge obligations to holders of continuing care contracts or to reinvest as a part of the reserves. These investments may be located outside the State of California.

CHAPTER 473

An act to amend Sections 50780, 50781, 50783, 50784, 50785, 50786, and 50786.5 of the Health and Safety Code, relating to mobilehome parks, and making an appropriation therefor.

[Approved by Governor September 23, 1999. Filed with Secretary of State September 23, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 50780 of the Health and Safety Code is amended to read:

50780. (a) The Legislature finds and declares as follows:

(1) That manufactured housing and mobilehome parks provide a significant source of homeownership for California residents, but increasing costs of mobilehome park development and construction, combined with the costs of manufactured housing, the costs of financing and operating these parks, the low vacancy rates, and the pressures to convert mobilehome parks to other uses increasingly render mobilehome park living unaffordable, particularly to those residents most in need of affordable housing.

(2) That state government can play an important role in addressing the problems confronted by mobilehome park residents by providing supplemental financing that makes it possible for mobilehome park residents to acquire the mobilehome parks in which they reside and convert them to resident ownership.

(3) That a significant number of older mobilehome parks exist in California, the residents of which may collectively lack the experience or other qualifications necessary to successfully own and operate their parks; that these parks provide low-cost housing for their residents that would be difficult to replace if the parks were converted to other uses; that these parks are more likely than other parks to be threatened by physical deterioration or conversion to other uses; and that it is, therefore, appropriate to use the resources of the fund pursuant to this chapter to transfer these parks to ownership by qualified nonprofit housing sponsors or by local public entities for the purpose of preserving them as affordable housing.

(b) Therefore, it is the intent of the Legislature, in enacting this chapter, to encourage and facilitate the conversion of mobilehome parks to resident ownership or ownership by qualified nonprofit housing sponsors or by local public entities, to protect low-income mobilehome park residents from both physical and economic displacement, to obtain a high level of private and other public financing for mobilehome park conversions, and to help establish acceptance for resident-owned, nonprofit-owned, and government-owned mobilehome parks in the private market.

SEC. 2. Section 50781 of the Health and Safety Code is amended to read:

50781. Unless the context otherwise requires, the following definitions given in this section shall control construction of this chapter:

(a) "Affordable" means that, where feasible, low-income residents should not pay more than 30 percent of their monthly income for housing costs.

(b) "Conversion costs" includes the cost of acquiring the mobilehome park, the costs of planning and processing the conversion, the costs of any needed repairs or rehabilitation, and any expenditures required by a governmental agency or lender for the project.

(c) "Department" means the Department of Housing and Community Development.

(d) "Fund" means the Mobilehome Park Purchase Fund created pursuant to Section 50782.

(e) "Housing costs" means the total cost of owning, occupying, and maintaining a mobilehome and a lot or space in a mobilehome park. The department's regulations shall specify the factors included in these costs and may, for the purposes of calculating affordability, establish reasonable allowances.

(f) "Individual interest in a mobilehome park" means any interest that is fee ownership or a lesser interest that entitles the holder to occupy a lot or space in a mobilehome park for a period of not less than either 15 years or the life of the holder. Individual interests in a mobilehome park include, but are not limited to, the following:

(1) Ownership of a lot or space in a mobilehome park or subdivision.

(2) A membership or shares in a stock cooperative, as defined in Section 11003.2 of the Business and Professions Code, or a limited equity housing cooperative, as defined in Section 33007.5 of this code.

(3) Membership in a nonprofit mutual benefit corporation that owns, operates, or owns and operates the mobilehome park.

(g) "Low-income resident" means an individual or household that is a lower income household, as defined in Section 50079.5. However, personal assets shall not be considered in the calculation of income, except to the extent that they actually generate income.

(h) "Low-income spaces" means those spaces in a mobilehome park operated by a resident organization, a qualified nonprofit housing sponsor, or a local public entity that are occupied by low-income residents.

(i) "Mobilehome park" means a mobilehome park, as defined in Section 18214, or a manufactured home subdivision created by the conversion of a mobilehome park, as defined in Section 18214, including a senior park, to resident ownership or ownership by a qualified nonprofit housing sponsor or local public entity.

(j) "Program" means the Mobilehome Park Resident Ownership Program.

(k) "Qualified nonprofit housing sponsor" means a nonprofit public benefit corporation, as defined in Part 2 (commencing with Section 5110) of Division 2 of the Corporations Code, that (1) has received its tax-exempt status under Section 501(c)(3) of the Internal Revenue Code, (2) is not affiliated with or controlled by a for-profit organization or individual, (3) has extensive experience with the development and operation of publicly subsidized affordable housing, (4) the department determines is qualified by experience and capability to own and operate a mobilehome park that provides housing affordable to low-income households, and (5) has formal arrangements for ensuring resident participation or input in the management of the park that may include, but not be limited to, membership on the board of directors.

(*l*) "Resident organization" means a group of mobilehome park residents who have formed a nonprofit corporation, cooperative corporation, or other entity or organization for the purpose of acquiring the mobilehome park in which they reside and converting the mobilehome park to resident ownership. The membership of a resident organization shall include at least two-thirds of the households residing in the mobilehome park, or in each park of a combination of parks where the residents of two or more parks

combine to form a single resident organization. The two-thirds of households in the resident organization at the time of funding the park need not be the same households that were residing in the park when the application for assistance was submitted to the department. A household's membership in the resident organization when the application was submitted to the department shall not be a requirement for that household to receive a loan or assistance under this chapter.

(m) "Resident ownership" means, depending on the context, either the ownership by a resident organization of an interest in a mobilehome park that entitles the resident organization to control the operations of the mobilehome park for a term of no less than 15 years, or the ownership of individual interests in a mobilehome park, or both.

SEC. 3. Section 50783 of the Health and Safety Code is amended to read:

50783. (a) The department may make loans from the fund to resident organizations for the purpose of financing mobilehome park conversion costs.

(b) Loans provided pursuant to this section shall be for a term of no more than three years and shall bear interest at a rate of 3 percent per annum.

(c) Loans provided pursuant to this section shall be for the minimum amount necessary to enable a resident organization to acquire and convert the mobilehome park. To the extent possible, the loan amount shall not exceed 50 percent of the approved conversion costs. However, the loan amount may be for up to 95 percent of the approved conversion costs attributable to the low-income households in the park when approved by the department.

(d) The department may grant approval to exceed 50 percent of the approved conversion costs only where both of the following are demonstrated:

(1) That the applicant has made an effort to secure additional funds from other sources and these funds are not available.

(2) That the project would not be feasible, as determined by the department, without a waiver of the 50 percent financing limitation.

(e) The total secured debt in a superior position to the department's loan plus the department's loan shall not exceed the value of the collateral securing the loan.

SEC. 4. Section 50784 of the Health and Safety Code is amended to read:

50784. (a) The department may make loans from the fund to (1) individual low-income residents of mobilehome parks that have converted to resident ownership, (2) resident organizations that have converted or plan to convert a mobilehome park to resident ownership, or (3) qualified nonprofit housing sponsors or local public entities that plan to acquire a mobilehome park, provided that no less

than 30 percent of the spaces in the park are for occupancy by manufactured homes owned by low-income residents. The purpose of providing loans pursuant to this section is to reduce the monthly housing costs for low-income residents to an affordable level.

(b) (1) Any mobilehome park purchased by a local public entity with a loan pursuant to this section shall be transferred to a nonprofit housing sponsor or resident organization that has converted, or plans to convert, the park to resident ownership no later than three years from the date of loan closing, with all obligations under the loan assumed by the nonprofit organization or resident organization.

(2) If a local public entity has made a good faith effort, but has not been able, to transfer the park by the end of the three-year period, the entity may apply to the department for an additional three-year extension. Upon a determination by the department that the local public entity has made a good faith effort to transfer the park in accordance with paragraph (1), it shall have an additional three years from the expiration date of the first three-year period to consummate the transfer. The three-year extension shall only be granted once by the department for each loan to a local public entity.

(3) Where a local public entity fails to make a good faith effort to transfer the park within the first three-year period, as determined by the department, or fails to transfer the park by the expiration date of the extended three-year period, it shall repay the loan in full to the department.

(c) Loans provided pursuant to this section shall be for a term of no more than 30 years and shall bear interest at a rate of 3 percent per annum.

(d) The department may establish flexible repayment terms for loans provided pursuant to this section if the terms are necessary to reduce the monthly housing costs for low-income residents to an affordable level, and do not represent an unacceptable risk to the security of the fund. Flexible repayment terms may include, but are not limited to, graduated payment schedules with negative amortization.

(e) Loans provided to low-income residents pursuant to this section shall be for the minimum amount necessary to reduce the borrower's monthly housing costs to an affordable level. All of the following shall apply to loans to finance individual interests pursuant to this section:

(1) To the extent possible, loan amounts shall not exceed 50 percent of the acquisition costs of the individual interests in the mobilehome parks. However, the loan amounts may be for up to 95 percent of the acquisition costs of the individual interests in the mobilehome parks when approved by the department.

(2) The department may grant approval to exceed 50 percent of the acquisition costs of the individual interests only where both of the following are demonstrated:

(A) That the low-income resident has made an effort to secure additional funding from other sources and these funds are not available.

(B) That the low-income resident would be unable to purchase an individual interest without a waiver of the 50 percent financing limitation.

(3) The total indebtedness of the loan provided pursuant to this section plus any senior debt upon individual interests may not exceed 95 percent of the value of the collateral securing the loan.

(f) Loans provided to resident organizations, qualified nonprofit housing sponsors, or local public entities pursuant to this section shall be for the minimum amount necessary to reduce the monthly housing costs of low-income residents to an affordable level. All of the following shall apply to loans made to resident organizations, qualified nonprofit housing sponsors, or local public entities pursuant to this section:

(1) To the extent possible, loan amounts shall not exceed 50 percent of the conversion costs attributable to the low-income spaces. However, the loan amounts may be for up to 95 percent of the conversion costs attributable to the low-income spaces when approved by the department.

(2) The department may grant approval to exceed 50 percent of the conversion costs attributable to low-income spaces only where both of the following are demonstrated:

(A) That the applicant has made an effort to secure additional funds from other sources and these funds are not available.

(B) That the project would not be feasible as determined by the department without a waiver of the 50 percent financing limitation.

(3) The total secured debt in a superior position to the department's loan plus the department's loan shall not exceed the value of the collateral securing the loan.

(g) Funds provided pursuant to this section shall not be used to (1) assist residents who are not of low income, (2) reduce monthly housing costs for low-income residents to less than 30 percent of their monthly income, or (3) facilitate the purchase of a park by a qualified nonprofit corporation or local public entity from a public entity that had acquired the park prior to the commitment of the loan from the program.

(h) Subject to the restrictions of this subdivision, funds provided pursuant to this section may be used to finance the costs of relocating a mobilehome park to a more suitable site within the same jurisdiction if the department determines that the cost of the relocation, including any and all relocation costs to the affected households, is a more prudent expenditure of funds than the costs of needed or repetitive repairs to the existing park. Funds provided pursuant to this section shall not be used to relieve a park owner of any responsibility for covering the costs of mitigating the impacts of

a park closure as may be provided for by local ordinance or pursuant to Section 65863.7 or 66427.4 of the Government Code.

SEC. 5. Section 50785 of the Health and Safety Code is amended to read:

50785. (a) In determining the eligibility for and amount of loans pursuant to Sections 50783 and 50784, the department shall take into consideration, among other factors, all of the following:

(1) The reasonableness of the conversion costs relating to repairs, rehabilitation, construction, or other costs.

(2) Any administrative and security factors affecting the department's program operation and administration.

(3) Whether or not the projects complement the implementation of a local housing program to preserve or increase the supply of housing for persons and families of low or moderate income.

(4) Whether or not state funds are utilized in the most efficient and effective manner.

(5) In the case of a loan to a qualified nonprofit housing sponsor or to a local public entity, evidence of resident participation in the conversion and management of the park, in the form of either resident participation on the board of directors of the entity that acquires ownership of the park, or the establishment of, and consultation with, a permanent resident advisory board.

(b) To the extent consistent with requests for assistance, the department shall allocate funds available for the purposes of this chapter throughout the state in accordance with identified housing needs, including seeking to allocate not less than 20 percent to rural areas.

SEC. 6. Section 50786 of the Health and Safety Code is amended to read:

50786. (a) The department shall adopt regulations for the administration and implementation of this chapter.

(b) The department shall obtain the best available security for loans made pursuant to this chapter. The security may include a note, deed of trust, assignment of lease, or other form of security on real or personal property which the department determines is adequate to protect the interests of the state. To the extent applicable, these documents and any regulatory provisions shall be recorded or referenced in a recorded document in the office of the county recorder of the county in which the mobilehome park is located.

(c) The degree of continuing regulatory control with respect to park operations and resident loans exercised by the department in making loans pursuant to this chapter shall be commensurate with the level of financial assistance provided and in all cases shall be adequate to protect the state's security interest and ensure the accomplishment of the purposes of the program authorized by this chapter. The regulatory requirements shall be set forth in a regulatory agreement, deed of trust, or other lien, and any violation of these requirements shall be considered a violation of a security

document. Where loans are made to a qualifying nonprofit housing sponsor or local public entity, a regulatory agreement shall be recorded against the mobilehome park. This regulatory agreement shall contain provisions limiting occupancy, rents, and park operation for the original loan term. The department may release individual spaces from the regulatory agreement only if they are purchased by low-income residents who occupy them.

(d) Before providing financing pursuant to this chapter, the department shall require provision of, and approve, at least all of the following:

(1) Verification at the time of application and prior to funding that at least two-thirds of the households residing in the mobilehome park support the plans for acquisition and conversion of the park.

(2) Verification that either no park residents shall be involuntarily displaced as a result of the park conversion or the impacts of the displacement shall be mitigated as required under state and local law. For purposes of this requirement, compliance with Section 66427.5 of the Government Code shall be conclusively presumed to have mitigated economic displacement.

(3) Verification that the conversion is consistent with local zoning and land use requirements, other applicable state and local laws, and regulations and ordinances.

(4) Projected costs and sources of funds for all conversion activities.

(5) Projected operating budget for the park during and after the conversion.

(6) A management plan for the conversion and operation of the park.

(7) If necessary, a relocation plan for residents not participating that is in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code.

(e) The department shall, to the greatest extent feasible, do all of the following:

(1) Require participation by cities and counties in loan applications submitted pursuant to this chapter.

(2) Contract with private lenders or local public entities to provide program administration and to service loans made pursuant to this chapter.

(3) Give priority to applications for resident-owned parks.

SEC. 7. Section 50786.5 of the Health and Safety Code is amended to read:

50786.5. Notwithstanding any other provision of this chapter, where a city, county, or other local governmental entity has acquired a mobilehome park for the purpose of converting the park to resident ownership, and the department has entered into a binding agreement for the commitment of funds to the project, the department shall not require that more than a simple majority of households residing in the park actually purchase, or have opened

escrow to purchase, interests or spaces in the park as a condition of disbursement of funds for loans made pursuant to Section 50784 to qualified individual households.

CHAPTER 474
