[Approved by Governor October 6, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

(b) The Legislature further finds and declares that California has a legitimate interest in reserving, as exclusive unto itself, exercise of its sovereign power to recognize the authority of any jurisdiction, outside of this state, to enforce the housing, confinement, or detention of any person within the borders of California.

SEC. 2. Section 11198 is added to the Penal Code, to read:

11198. (a) Except as authorized by California statute, no city, county, city and county, or private entity shall cause to be brought into, housed in, confined in, or detained in this state any person sentenced to serve a criminal commitment under the authority of any jurisdiction outside of California.

[Approved by Governor October 6, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 7026 of the Business and Professions Code is amended to read:

7026. "Contractor," for the purposes of this chapter, is synonymous with "builder" and, within the meaning of this chapter, a contractor is any person, who undertakes to or offers to undertake to, or purports to have the capacity to undertake to, or submits a bid to, or does himself or by or through others, construct, alter, repair,

add to, subtract from, improve, move, wreck or demolish any building, highway, road, parking facility, railroad, excavation or other structure, project, development or improvement, or to do any part thereof, including the erection of scaffolding or other structures or works in connection therewith, or the cleaning of grounds or structures in connection therewith, or the preparation and removal of roadway construction zones, lane closures, flagging, or traffic diversions, and whether or not the performance of work herein described involves the addition to, or fabrication into, any structure, project, development or improvement herein described of any material or article of merchandise. "Contractor" includes subcontractor and specialty contractor. "Roadway" includes, but is not limited to, public or city streets, highways, or any public conveyance.

SEC. 2. Section 7058 of the Business and Professions Code is amended to read:

7058. (a) A specialty contractor is a contractor whose operations involve the performance of construction work requiring special skill and whose principal contracting business involves the use of specialized building trades or crafts.

(b) A specialty contractor includes a contractor whose operations include the business of servicing or testing fire extinguishing systems.

(c) A specialty contractor includes a contractor whose operations are concerned with the installation and laying of carpets, linoleum, and resilient floor covering.

(d) A specialty contractor includes a contractor whose operations are concerned with preparing or removing roadway construction zones, lane closures, flagging, or traffic diversions on roadways, including, but not limited to, public streets, highways, or any public conveyance.

On and after January 1, 2001, no person or entity shall set up or remove roadway construction zones, lane closures, flagging, or traffic diversions on any roadway unless that person or entity holds the appropriate specialty license pursuant to this chapter.

SEC. 3. Section 7058.1 is added to the Business and Professions Code, to read:

7058.1. (a) An individual or entity covered under subdivision (d) of Section 7058 is exempt from testing for a specialty license with regard to those operations if, by no later than March 31, 2000, the individual or entity provides documentation and certification under penalty of perjury that all of the following apply:

(1) The individual or entity has been continuously engaged in the business of traffic control for at least the prior 10 years.

(2) The individual or entity has not been a party to a construction litigation judgment totaling more than five hundred thousand dollars ($500,000) or 5 percent of the annual value of work performed, whichever is less.

(3) The individual or entity has not had any conviction for a serious or willful violation of the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code).

(4) The individual or entity has not been convicted of a violation of federal or state law, including, but not limited to, a violation of provisions governing the payment of wages, benefits, or personal income tax withholding, or provisions governing Federal Insurance Contributions Act (FICA) withholding requirements, state disability insurance withholding requirements, or unemployment insurance payment requirements, during the last five years. For the purposes of the paragraph, only a conviction as an employer shall be deemed applicable, unless it is shown that the individual or entity, in the capacity of an employer, failed to comply with the conditions set forth in subdivision (b) of Section 1775 of the Labor Code.

(5) The individual or entity has not been convicted of submitting a false or fraudulent claim to a public agency during the last five years.

(b) Any employer who is found to have falsified his or her application for exemption from testing with respect to any information required to be provided under this section may not reapply for that exemption or apply for the required specialty license for a period of two years.

(c) Until the Contractors' State Licensing Board adopts an examination for the classification specified in subdivision (d) of Section 7058, any individual or entity that does not qualify for an exemption from testing under subdivision (a) and is performing work defined under subdivision (d) of Section 7058 shall be required to apply for a license in order to continue performing that work until an examination is available, at which time, that individual or entity shall be subject to the examination requirement.

SEC. 4. In enacting this act, it is the intent of the Legislature not to require any licensed contractor to obtain a new license for the preparation and removal of roadway construction zones, lane closures, or traffic diversions as long as that work is incidental to the performance of work for which the contractor is licensed and the Legislature expressly recognizes that any licensed contractor may perform this work pursuant to Section 7059 of the Business and Professions Code.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government

Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 709

Article 10. School Project Safety Components

17077.10. (a) It is a goal of the Legislature to eventually enhance pupil safety by equipping all elementary and secondary school classrooms with a telephone hook connected to a public switched network.

(b) The Legislature finds and declares that as of 1999, there are approximately 205,000 classrooms in California's elementary and secondary schools and only a small, undetermined percentage of these classrooms have telephones. The Legislature finds and declares that in order to protect the safety of pupils, schools should be integrated into local emergency, information, and interagency health and safety, networks with up-to-date telecommunications systems. Connection to these systems would also facilitate community and parent interaction with teachers and schools, and thereby further enhance pupil safety.

(c) "School building" as used in this section means and includes any building used, or designed to be used, for elementary or secondary school purposes and constructed, reconstructed, altered, or added to, by the state or by any city or city and county, or by any political subdivision, or by any school district of any kind within the state, or by any regional occupational center or program, established by or authorized to act by any agreement under joint exercise of power, or by the United States government, or any agency thereof. This definition includes any fabrication, construction, or alteration of a relocatable school building.

(d) Commencing with applications submitted on or after January 1, 2000, any school district applying for funding pursuant to this chapter shall include in its plans and specifications for the construction or fabrication of a new or modernized school building,

that includes the construction or fabrication of new or modernized classrooms, a hard-wired connection to a public switched telephone network in each new or modernized classroom. However, a school district may meet this requirement by utilizing wireless technology equal to a hard-wired connection to a public switched telephone network.

SEC. 2. Section 17096 is added to the Education Code, to read:

17096. Commencing with leases entered into on or after January 1, 2000, the plans and specifications for portable classrooms funded pursuant to this chapter shall include a provision for a telephone in each portable classroom. The connection from the portable classroom to a public switched telephone network, as set forth in Section 17077.10, shall be made by the school district at the time of the installation of the building. However, a school district may meet this requirement by utilizing wireless technology equivalent to a hard-wired connection to a public switched telephone network.

SEC. 3. Article 4 (commencing with Section 115810) is added to Chapter 4 of Part 10 of Division 104 of the Health and Safety Code, to read:

Article 4. Safe Playground Facilities and Recycled Materials

115810. This article shall be known, and may be cited, as the Playground Safety and Recycling Act of 1999.

115811. The playground safety and recycling program is hereby established, to be administered by the California Integrated Waste Management Board. The purpose of the program is to prevent childhood injuries on public playgrounds, while developing a market for recycled materials suitable for use in public playgrounds.

115812. As used in this article, the following terms have the following meanings:

(a) "Board" means the California Integrated Waste Management Board established pursuant to Section 40400 of the Public Resources Code.

(b) "Playground" means an improved outdoor area designed, equipped, and set aside for children's play that is not intended for use as an athletic playing field or athletic court, and includes in that area such facilities as play equipment, surfacing, fencing, signs, internal pathways, internal land forms, vegetation, and related structures.

(c) Grants shall be awarded pursuant to this article to local agencies, including, but not limited to, schools, school districts, cities, counties, cities and counties, special districts, and joint ventures between school districts and other local agencies, including, but not limited to, park districts, for the purpose of improving or replacing their public playgrounds.

(d) To be eligible for a grant pursuant to this article, a local agency shall do both of the following:

(1) Demonstrate its ability to provide a 50 percent match, either through public or private funds or in-kind contributions. The matching requirement may be reduced to a 25 percent match, either through public or private funds or in-kind contributions, upon a finding by the board that the 50 percent matching requirement would impose an extreme financial hardship on the local agency applying for the grant.

(2) Guarantee that 50 percent of the grant funds will be used for the improvement or replacement of playground equipment or facilities through the use of recycled materials.

(e) No grant made pursuant to this article shall exceed the sum of twenty-five thousand dollars ($25,000) for any one playground.

115814. (a) The board may adopt emergency regulations to implement this article in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code and the adoption of those emergency regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(b) Emergency regulations adopted pursuant to this section shall be exempt from the review and approval of the Office of Administrative Law.

(c) The emergency regulations shall be submitted to the Office of Administrative Law only for purposes of filing with the Secretary of State and publication in the California Code of Regulations.

115815. (a) The Playground Safety and Recycling Account is hereby created in the State Treasury. Moneys in the account may be expended, upon appropriation by the Legislature, for the purposes of this article and for the administrative costs incurred by the board in administering the program. Those administrative costs shall not exceed 5 percent of the funds made available annually for the program, or an amount otherwise specified in the annual Budget Act.

(b) The program established by this article shall be implemented by the board with funds appropriated by the Legislature for deposit in the Playground Safety and Recycling Account or with other funds made available specifically for this program.

(c) To the extent that Proposition 98 funds are deposited into the Playground Safety and Recycling Account or otherwise made available for the purposes of providing grants pursuant to this article, those funds shall be used exclusively for grants to eligible local educational agencies.

115816. This article shall become inoperative on July 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute that becomes effective on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. The Superintendent of Public Instruction shall enter into a memorandum of understanding with the California Integrated Waste Management Board for the purpose of allocating the two million dollars ($2,000,000) appropriated to the Superintendent of Public Instruction by subdivision (bb) of Section 65 of Chapter 78 of the Statutes of 1999, to provide matching grants to local educational agencies for the purpose of improving or replacing schoolsite playground equipment to meet state-mandated playground safety standards, consistent with the Playground Safety and Recycling Act of 1999 established by Article 4 (commencing with Section 115810) of Chapter 4 of Part 10 of Division 104 of the Health and Safety Code, as added by Section 5 of this act.

CHAPTER 713

An act to add Article 8.5 (commencing with Section 51795) to Chapter 5 of Part 28 of the Education Code, relating to school instructional gardens.

[Approved by Governor October 6, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Article 8.5 (commencing with Section 51795) is added to Chapter 5 of Part 28 of the Education Code, to read:

Article 8.5. School Instructional Gardens

51795. The Legislature finds and declares all of the following:

(a) School garden projects provide an interactive, hands-on learning environment to teach composting and waste management techniques and the fundamental nutrition concepts embodied in the Dietary Guidelines for Americans and to foster a better

understanding and appreciation of where food comes from, how it gets from the farm to the table, and the important role of agriculture in the state, national, and global economy.

(b) Encouraging and supporting a garden in every school creates opportunities for children to make healthier food choices, participate more successfully in their education experiences, and develop a deeper appreciation of both their community and each other.

(c) Garden programs can equally enhance any subject area including science, environmental education, math, reading, writing, art, physical education, history, and geography. As California continues to strive toward improved pupil performance, the garden project provides a unique method through which it can be achieved.

51796. (a) The Instructional School Gardens Program is hereby established for the promotion, creation, and support of instructional school gardens by eligible educational agencies. The program shall be administered by the State Department of Education through the allocation of grants to applicant eligible education agencies and the provision of technical assistance to eligible education agencies. The State Department of Education may consult with the Integrated Waste Management Board and any appropriate public institution of higher education regarding curriculum development and regarding the evaluation of any program established pursuant to this article. Any eligible education agency interested in participating in the Instructional School Gardens Program may apply to the State Department of Education for a one-time grant.

(b) For purposes of this article, "eligible educational agency" means any school district or county office of education.

51797. During its annual discretionary grant funding process, the California Integrated Waste Management Board shall give preferential consideration to providing an appropriate level of funding to the program established pursuant to this article.

51798. This article shall be implemented only if funds become available from private donations, special fund money, or federal money, or any combination thereof, for the purposes of this article.

CHAPTER 714

An act to add Section 709.7 to the Public Utilities Code, relating to telecommunications.

[Approved by Governor October 6, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The Legislature has encouraged and continues to encourage the rapid deployment of advanced telecommunications services and capabilities to all Californians. In effect, those persons excluded from high-speed networks today will find themselves excluded from the economic opportunities of tomorrow.

(b) High bandwidth connections between the telecommunications network and end users in California facilitate the availability of important new telecommunications services and capabilities, including telemedicine, distance learning, telecommuting, high-speed Internet access, and video telephony.

(c) The California economy will benefit significantly from expanded competition and availability of high bandwidth services provided over the telephone network to individual consumers, small and medium sized businesses, and educational facilities.

(d) Expanded competition and availability for high bandwidth services can add over $64,000,000,000 to gross state output and create over 600,000 new jobs in California by the end of 2001.

(e) In order to ensure that California consumers will benefit from broad availability of high-speed access, affordable pricing, and the highest quality of consumer service, the Legislature instructs the Public Utilities Commission to take certain actions to monitor and participate in the pending proceeding of the Federal Communications Commission, entitled "In the Matters of Deployment of Wireline Services Offering Advanced Telecommunications Capability," CC Docket No. 98-147, adopted March 18, 1999 (the Advanced Services Docket), in which the Federal Communications Commission is engaging in a rulemaking proceeding to consider issues related to loop access, pricing, and cost allocation in the provision of broadband data services over telephone lines provided by an incumbent local exchange carrier.

(f) The Federal Communications Commission has established the following initial deadlines for the Advanced Services Docket: June 15, 1999, for comments and July 15, 1999, for reply comments. Based on those dates, the Legislature believes that the Federal Communications Commission will complete its rulemaking proceeding before January 1, 2000, and that the Public Utilities Commission will benefit significantly from the development of the record in the Advanced Services Docket.

SEC. 2. It is the intent of the Legislature that the Public Utilities Commission do one of the following:

(a) If the Federal Communications Commission adopts an order on or before January 1, 2000, with regard to its proceeding entitled "In the Matters of Deployment of Wireline Services Offering Advanced Telecommunications Capability," CC Docket No. 98-147, adopted March 18, 1999, that the Public Utilities Commission comply with, and implement, that order, consistent with state and federal law, within 90 days from the date that the rules adopted by that order are published in the Federal Register.

(b) If the Federal Communications Commission does not adopt an order on or before January 1, 2000, with regard to its proceeding entitled "In the Matters of Deployment of Wireline Services Offering Advanced Telecommunications Capability," CC Docket No. 98-147, adopted March 18, 1999, that the Public Utilities Commission expeditiously examine the technical, operational, economic, and policy implications of line sharing and, if the Public Utilities Commission determines it to be appropriate, adopt rules to require incumbent local exchange carriers in this state to permit competitive data local exchange carriers to provide high bandwidth data services over telephone lines with voice services provided by incumbent local exchange carriers.

SEC. 3. Section 709.7 is added to the Public Utilities Code, to read:

709.7. (a) This section shall be known and may be cited as the California High Speed Internet Access Act of 1999.

(b) The Public Utilities Commission shall monitor and participate in the proceeding of the Federal Communications Commission, entitled "In the Matters of Deployment of Wireline Services Offering Advanced Telecommunications Capability," CC Docket No. 98-147, adopted March 18, 1999, addressing whether to require incumbent local exchange carriers to permit interconnection by competitive data local exchange carriers at any technically feasible point to permit those competitive local exchange carriers to provide high bandwidth data services over telephone lines with voice services provided by incumbent local exchange carriers.

(c) If the Federal Communications Commission adopts an order on or before January 1, 2000, with regard to the proceeding described in subdivision (b), the Public Utilities Commission shall comply with, and implement, in a manner that the Public Utilities Commission determines to be appropriate, that order, as it pertains to loop access, pricing, and cost allocation in the provision of broadband data services over telephone lines provided by an incumbent local exchange carrier, consistent with state and federal law, within 90 days from the date that the rules adopted by that order are published in the Federal Register. If the Federal Communications Commission does not adopt an order on or before January 1, 2000, with regard to the proceeding described in subdivision (b), the Public Utilities Commission shall expeditiously examine the technical, operational, economic, and policy implications of interconnection as described in subdivision (b) and, if the Public Utilities Commission determines it to be appropriate, adopt rules to require incumbent local exchange carriers in this state to permit competitive local exchange carriers to provide high bandwidth data services over telephone lines with voice services provided by incumbent local exchange carriers.

(d) As used in this section, the following terms have the following meanings:

(1) "Incumbent local exchange carrier" has the same meaning as that term is defined in Section 251(h)(1) of Title 47 of the United States Code.

(2) "Competitive local exchange carrier" has the same meaning as the term "local exchange carrier," as defined in Section 153(26) of Title 47 of the United States Code.

CHAPTER 715

An act to amend Sections 10089.39 and 10089.40 of, and to amend, repeal, and add Section 10089.27 of, the Insurance Code, relating to earthquake insurance.

[Approved by Governor October 6, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 10089.27 of the Insurance Code is amended to read:

10089.27. (a) Every participating insurer that has inforce residential earthquake insurance policies in the state as of the date of commencement of authority operations shall renew each inforce residential earthquake insurance policy or earthquake coverage provided by endorsement into the authority at the time the policy or endorsement comes up for renewal. The effective date of each policy renewal into the authority shall be the renewal date of the policy as recorded in the records of the insurer and disclosed to the policyholder. The risk of loss under the insurance policy does not transfer to the authority until 12:01 a.m. of the policy renewal date.

(b) (1) All policies of residential earthquake insurance written by any participating insurer shall have been renewed into the authority within one year of the commencement of operations of the authority or the date an insurer elects to participate in the authority, whichever is later, and after that date, no participating insurer shall be permitted to write a policy of insurance that provides coverage within the terms and limits of a policy of basic residential earthquake insurance for any qualifying residential property in the state. Participating insurers may sell residential earthquake insurance products that supplement or augment the basic residential earthquake insurance provided by the authority.

(2) Upon application to the authority demonstrating good cause and approval of the commissioner, a participating insurer may take up to 60 days beyond that one-year period to complete its renewal of earthquake policies into the authority. No extension of time to complete earthquake policy renewals into the authority shall serve to extend the due date by which an insurer is to make its initial capital

contribution, as set forth in Section 10089.15. The commissioner shall not approve any extension if the effect of the extension would allow an insurer to selectively transfer earthquake policies with high risks to the authority while retaining policies with lower risks during that interim period.

(3) After policies of residential earthquake insurance are renewed in the authority, insurers shall have no responsibilities or liabilities regarding those policies for losses incurred after the date of renewal of those policies, except for duties and responsibilities to the authority and policyholders under the terms of this chapter.

(4) No insurer may participate in the authority unless every insurer affiliated with that insurer (as defined in subdivision (a) of Section 1215) or under common control with that insurer (as defined in subdivision (b) of Section 1215) also participates in the authority.

(5) If a person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing less than 33 percent of the voting securities of an insurer that writes earthquake insurance, but does not write homeowners or dwelling fire insurance in the state, and the insurer became part of an affiliated group which includes one or more participating insurers as a result of an acquisition or merger which occurred after the effective date of this chapter, notwithstanding paragraph (4), the insurer is not required to participate in the authority even though an insurer affiliated with it or under common control with it does participate in the authority, provided the insurer does not transact residential earthquake insurance business with agents exclusively appointed or employed by the participating insurer.

(6) On or after October 1, 2002, but before January 1, 2003, each insurer exempted from participation in the authority by paragraph (5) shall report to the commissioner and the Legislature on the number of residential earthquake insurance policies written by that insurer where a participating insurer affiliated or under common control with that insurer has written the policies of residential property insurance on the same residential properties, the geographic distribution of those residential properties, and the percentage of that insurer's total residential earthquake insurance business represented by those policies. The commissioner shall compare the information received from each insurer exempt pursuant to paragraph (5), with the number and geographic distribution of residential earthquake insurance policies placed with the authority where the participating affiliated insurer has written the policy of residential property insurance. The commissioner shall report this data to the Legislature, together with a determination of whether or not there has been material adverse selection.

(c) This section shall become inoperative on January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before that date, deletes or extends that date.

SEC. 1.5. Section 10089.27 is added to the Insurance Code, to read:

10089.27. (a) Every participating insurer that has in-force residential earthquake insurance policies in the state as of the date of commencement of authority operations shall renew each in-force residential earthquake insurance policy or earthquake coverage provided by endorsement into the authority at the time the policy or endorsement comes up for renewal. The effective date of each policy renewal into the authority shall be the renewal date of the policy as recorded in the records of the insurer and disclosed to the policyholder. The risk of loss under the insurance policy does not transfer to the authority until 12:01 a.m. of the policy renewal date.

(b) (1) All policies of residential earthquake insurance written by any participating insurer shall have been renewed into the authority within one year of the commencement of operations of the authority or the date an insurer elects to participate in the authority, whichever is later, and after that date, no participating insurer shall be permitted to write a policy of insurance that provides coverage within the terms and limits of a policy of basic residential earthquake insurance for any qualifying residential property in the state. Participating insurers may sell residential earthquake insurance products that supplement or augment the basic residential earthquake insurance provided by the authority.

(2) Upon application to the authority demonstrating good cause and approval of the commissioner, a participating insurer may take up to 60 days beyond that one-year period to complete its renewal of earthquake policies into the authority. No extension of time to complete earthquake policy renewals into the authority shall serve to extend the due date by which an insurer is to make its initial capital contribution, as set forth in Section 10089.15. The commissioner shall not approve any extension if the effect of the extension would allow an insurer to selectively transfer earthquake policies with high risks to the authority while retaining policies with lower risks during that interim period.

(3) After policies of residential earthquake insurance are renewed in the authority, insurers shall have no responsibilities or liabilities regarding those policies for losses incurred after the date of renewal of those policies, except for duties and responsibilities to the authority and policyholders under the terms of this chapter.

(4) No insurer may participate in the authority unless every insurer affiliated with that insurer (as defined in subdivision (a) of Section 1215) or under common control with that insurer (as defined in subdivision (b) of Section 1215) also participates in the authority.

(c) This section shall become operative on January 1, 2004.

SEC. 2. Section 10089.39 of the Insurance Code is amended to read:

10089.39. (a) The operational rules of the Earthquake Loss Mitigation Fund shall be part of the authority's plan of operations.

(b) On or before July 1, 2000, the authority shall establish in the operational rules of the Earthquake Loss Mitigation Fund, a plan for

the expedited expansion of the residential retrofit program statewide. The program shall include personnel and administrative requirements and all other programmatic specifications necessary to the implementation of the plan.

SEC. 3. Section 10089.40 of the Insurance Code is amended to read:

10089.40. (a) Rates established by the authority shall be actuarially sound so as to not be excessive, inadequate, or unfairly discriminatory. Rates shall be established based on the best available scientific information for assessing the risk of earthquake frequency, severity, and loss. Rates shall be equivalent for equivalent risks. Factors the board shall consider in adopting rates include, but are not limited to, the following:

(1) Location of the insured property and its proximity to earthquake faults and to other geological factors that affect the risk of earthquake or damage from earthquake.

(2) The soil type on which the insured dwelling is built.

(3) Construction type and features of the insured dwelling.

(4) Age of the insured dwelling.

(5) The presence of earthquake hazard reduction factors, including those set forth in subdivision (a) of Section 10089.2.

(b) (1) If scientific information from geologists, seismologists, or similar experts that assesses the frequency or severity of risk of earthquake is considered in setting rates or in arriving at the modeling assumptions upon which those rates are based, the information may be used to establish differentials among risks only if the information, assumptions, and methodology used are consistent with the available geophysical data and the state of the art of scientific knowledge within the scientific community.

(2) Scientific information from geologists, seismologists, or similar experts shall not be conclusive to support the establishment of different rates between the most populous rating territories in the northern and southern regions of the state unless that information, as analyzed by experts such as the United States Geological Survey, the California Division of Mines and Geology, and experts in the scientific or academic community, clearly shows a higher risk of earthquake frequency, severity, or loss between those most populous rating territories to support those differences.

(3) It is not the intent of the Legislature in adopting this subdivision to mandate a uniform statewide flat rate for California Earthquake Authority policies.

(c) The classification system established by the board shall not be adjusted or tempered in any way to provide rates lower than are justified for classifications that present a high risk of loss or higher than are justified for classifications that present a low risk of loss.

(d) Policyholders who have retrofitted their homes to withstand earthquake shake damage according to standards and to the extent set by the board shall enjoy a premium discount or credit of 5 percent

on the authority-issued policy of residential earthquake coverage. For residential dwellings, the 5-percent discount shall be applicable if the dwelling, at a minimum, meets the following requirements: the dwelling was built prior to 1979, is tied to the foundation, has cripple walls braced with plywood or its equivalent, and the water heater is secured to the building frame. For mobilehomes, the 5-percent discount shall be applicable if the mobilehome, at a minimum, is reinforced by an earthquake resistant bracing system certified by the Department of Housing and Community Development. The board may approve a premium discount or credit above 5 percent, as long as the discount or credit is determined actuarially sound by the authority.

(e) On or before July 1, 2000, the authority shall issue a report to the Legislature on the current status of the Earthquake Loss Mitigation Fund established by Section 10089.37, the residential retrofit program authorized by Section 10089.38, and application of the retrofit premium discount or credit established in subdivision (d). The report shall include a financial report on fund deposits, income, and expenditures. The report shall also include statistics about the number of counties which are eligible for the retrofit program, the number of homeowners who have applied for the program, the number of retrofits which have been approved and completed, a breakdown of the amount of authority funds and private funds which have been expended in the program, the dollar amount of insurance rate reductions which have been provided, and other information concerning the status of the program. The report shall also include a copy of the plan for the expedited expansion of the residential retrofit program required by subdivision (b) of Section 10089.39 and any specifications for additional statutory authority or regulations necessary for the implementation of the plan.

(f) All rates shall be approved by the commissioner prior to their use.

CHAPTER 716

An act to amend Section 1358.20 of, and to add Section 1358.24 to, the Health and Safety Code, and to amend Section 10194.8 of, and to add Section 10192.24 to, the Insurance Code, relating to health care coverage.

[Approved by Governor October 6, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

Each Medicare supplement contract currently available from a plan shall be made available to all applicants who qualify under this section. This section shall not be construed as preventing the exclusion of benefits under a contract, during the first six months, based on a preexisting condition for which the subscriber or enrollee received treatment or was otherwise diagnosed during the six months before it became effective.

(b) (1) In determining whether an exclusion of benefits for a preexisting condition may be applied to any person during the open enrollment period provided in this section for Medicare supplement coverage, a plan shall credit the time the person was covered under creditable coverage, provided the individual becomes eligible for coverage under the Medicare supplement plan:

(A) Within 180 days of the termination of any creditable coverage if the creditable coverage is offered through employment or sponsored by an employer and if the Medicare supplement insurance is offered through succeeding employment or sponsored by a succeeding employer, and is not in violation of the Medicare Secondary Payer provision of Section 1862(b) of the Social Security Act (42 U.S.C. (4) Health plans that terminate Medicare enrollees shall notify those enrollees in the termination notice of the additional open enrollment period authorized by this subdivision. Health plan notices shall inform enrollees of the opportunity to secure advice and assistance from the Health Insurance Counseling Advocacy Program (HICAP) in their area, along with the toll-free telephone number for HICAP.

(g) An individual shall be entitled to an annual open enrollment period lasting 30 days or more, commencing with the individual's birthday, during which time that person may purchase any Medicare supplement coverage, with the exception of a Medicare Select policy, that offers benefits equal to or lesser than those provided by the previous coverage. During this open enrollment period, no plan that offers contracts to supplement Medicare that falls under this provision shall deny or condition the issuance or effectiveness of Medicare supplement coverage, nor discriminate in the pricing of coverage, because of health status, claims experience, receipt of health care, or medical condition of the individual if, at the time of the open enrollment period, the individual is covered under another

Medicare supplement policy or contract. A plan that offers contracts to supplement Medicare shall notify a policyholder of his or her rights under this subdivision at least 30 and no more than 60 days before the beginning of the open enrollment period.

SEC. 3. Section 10194.8 of the Insurance Code is amended to read:

10194.8. (a) No Medicare supplement insurer shall deny or condition the issuance or effectiveness of Medicare supplement coverage, nor discriminate in the pricing of coverage, because of health status, claims experience, receipt of health care or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. This section shall not be construed as preventing the exclusion of benefits for preexisting conditions as defined in paragraph (1) of subdivision (a) of Section 10195, except as provided for in paragraph (1) of subdivision (b).

(b) (1) In determining whether an exclusion of benefits for a preexisting condition may be applied to any person during the open enrollment period provided in this section, a Medicare supplement insurer shall credit the time the person was covered under creditable coverage, provided the individual becomes eligible for coverage under the Medicare supplement policy:

(A) Within 180 days of the termination of any creditable coverage if the creditable coverage is offered through employment or sponsored by an employer and if the Medicare supplement insurance is offered through succeeding employment or sponsored by a succeeding employer, and is not in violation of the Medicare Secondary Payer provision of Section 1862(b) of the Social Security Act (42 U.S.C. This section shall not be construed as preventing the exclusion of benefits for preexisting conditions as defined in paragraph (1) of subdivision (a) of Section 10195, except as provided for in paragraph (1) of subdivision (b).

(b) (1) In determining whether an exclusion of benefits for a preexisting condition may be applied to any person during the open enrollment period provided in this section, a Medicare supplement insurer shall credit the time the person was covered under creditable coverage, provided the individual becomes eligible for coverage under the Medicare supplement policy:

(A) Within 180 days of the termination of any creditable coverage if the creditable coverage is offered through employment or sponsored by an employer and if the Medicare supplement insurance is offered through succeeding employment or sponsored by a succeeding employer, and is not in violation of the Medicare Secondary Payer provision of Section 1862(b) of the Social Security Act (42 U.S.C. A Medicare supplement insurer shall notify a policyholder of his or her rights under this subdivision at least 30 and no more than 60 days before the beginning of the open enrollment period.

SEC. 5. Sections 2 and 4 of this act shall only become operative if Senate Bill 764 of the 1999–2000 Regular Session is enacted and becomes operative on or before January 1, 2000, and repeals Article 3.5 (commencing with Section 1358) of Chapter 2.2 of Division 2 of the Health and Safety Code, and Article 6 (commencing with Section 10192.05) of Chapter 1 of Part 2 of Division 2 of the Insurance Code. CHAPTER 717

An act to amend Sections 11875, 11876, 11877.6, 11877.7, 11877.8, and 11877.14 of, and to add Section 11876.1 to, the Health and Safety Code, relating to alcohol and drug programs.

[Approved by Governor October 6, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 11875 of the Health and Safety Code is amended to read:

11875. The Legislature finds and declares that it is in the best interests of the health and welfare of the people of this state to coordinate narcotic treatment programs to use replacement narcotic therapy in the treatment of addicted persons whose addiction was acquired or supported by the use of a narcotic drug or drugs, not in compliance with a physician and surgeon's legal prescription, and to establish and enforce minimum requirements for the operation of all narcotic treatment programs in this state.

SEC. 2. Section 11876 of the Health and Safety Code is amended to read:

11876. (a) In addition to the duties authorized by other provisions, the department shall perform all of the following:

(1) License the establishment of narcotic treatment programs in this state to use replacement narcotic therapy in the treatment of addicted persons whose addiction was acquired or supported by the use of a narcotic drug or drugs, not in compliance with a physician and surgeon's legal prescription, except that the Research Advisory Panel shall have authority to approve methadone or LAAM research programs. The department shall establish and enforce the criteria for the eligibility of patients to be included in the programs, program operation guidelines, such as dosage levels, recordkeeping and reporting, urinalysis requirements, take-home doses of methadone, security against redistribution of the replacement narcotic drugs and any other regulations that are necessary to protect the safety and well-being of the patient, the local community, and the public and to carry out the provisions of this chapter. A program may admit a patient to narcotics maintenance or narcotics detoxification treatment seven days after completion of a prior withdrawal treatment episode. The arrest and conviction records and the records of pending charges against any person seeking admission to a narcotic treatment program shall be furnished to narcotic treatment program directors upon written request of the narcotic treatment program director provided the request is accompanied by a signed release from the person whose records are being requested.

(2) Inspect narcotic treatment programs in this state and ensure that programs are operating in accordance with the law and promulgated regulations. The department shall have sole responsibility for compliance inspections of all programs in each county. Annual compliance inspections shall consist of an evaluation by onsite review of the operations and records of licensed narcotic treatment programs' compliance with applicable state and federal laws and regulations and the evaluation of input from local law enforcement and local governments, regarding concerns about the narcotic treatment program. At the conclusion of each inspection visit, the department shall conduct an exit conference to explain the cited deficiencies to the program staff and to provide recommendations to ensure compliance with applicable laws and regulations. The department shall provide an inspection report to the licensee within 30 days of the completed onsite review describing the program deficiencies. A corrective action plan shall be required from the program within 30 days of receipt of the inspection report. All corrective actions contained in the plan shall be implemented within 30 days of receipt of approval by the department of the corrective action plan submitted by the narcotic treatment program. For programs found not to be in compliance, a subsequent inspection of the program shall be conducted within 30 days after the receipt of the corrective action plan in order to ensure that corrective action has been implemented satisfactorily. Subsequent inspections of the program shall be conducted to determine and ensure that the corrective action has been implemented satisfactorily. For purposes of this requirement "compliance" shall mean to have not committed any of the grounds for suspension or revocation of a license provided for under subdivision (a) of Section 11877.7 or paragraph (2) of subdivision (b) of Section 11877.7. Inspection of narcotic treatment programs shall be based on objective criteria including, but not limited to, an evaluation of the programs' adherence to all applicable laws and regulations and input from local law enforcement and local governments. Nothing in this section shall preclude counties from monitoring their contract providers for compliance with contract requirements.

(3) Charge and collect licensure fees. In calculating the licensure fees the department shall include staff salaries and benefits, related travel costs, and state operational and administrative costs. Fees shall be used to offset licensure and inspection costs not to exceed actual costs.

(4) Study and evaluate, on an ongoing basis, narcotic treatment programs including, but not limited to, the adherence of the programs to all applicable laws and regulations and the impact of the programs on the communities in which they are located.

(5) Provide advice, consultation, and technical assistance to narcotic treatment programs to ensure that the programs comply with all applicable laws and regulations and to minimize any negative

impact that the programs may have on the communities in which they are located.

(6) In its discretion, to approve local agencies or bodies to assist it in carrying out the provisions of this chapter provided that the department may not delegate responsibility for inspection or any other licensure activity without prior and specific statutory approval. However, the department shall evaluate recommendations made by drug program administrators regarding licensing activity in their respective counties.

(7) The director may grant exceptions to the regulations adopted under this chapter if he or she determines that this action would improve treatment services or achieve greater protection to the health and safety of patients, the local community, or the general public. No exception may be granted if it is contrary to, or less stringent than, the federal laws and regulations which govern narcotic treatment programs.

(b) It is the intent of the Legislature in enacting this section in order to protect the general public and local communities, that self-administered dosage shall only be provided when the patient is clearly adhering to the requirements of the program, and where daily attendance at a clinic would be incompatible with gainful employment, education, and responsible homemaking. The department shall define "satisfactory adherence" and shall ensure that patients not satisfactorily adhering to their programs shall not be provided take-home dosage.

(c) There is established in the State Treasury a Narcotic Treatment Program Licensing Trust Fund. All licensure fees collected from the providers of narcotic treatment service shall be deposited in this fund. Except as otherwise provided in this section, if funds remain in this fund after appropriation by the Legislature and allocation for the costs associated with narcotic treatment licensure actions and inspection of narcotic treatment programs, a percentage of the excess funds shall be annually rebated to the licensees based on the percentage their licensing fee is of the total amount of fees collected by the department. A reserve equal to 10 percent of the total licensure fees collected during the preceding fiscal year may be held in each trust account to reimburse the department if the actual cost for the licensure and inspection exceed fees collected during a fiscal year.

(d) Notwithstanding any provision of this code or regulations to the contrary, the department shall have sole responsibility and authority for determining if a state narcotic treatment license shall be granted and for administratively establishing the maximum treatment capacity of any license. However, the department shall not increase the capacity of a program unless it determines that the licensee is operating in full compliance with applicable laws and regulations.

SEC. 3. Section 11876.1 is added to the Health and Safety Code, to read:

11876.1. The department shall impose a civil penalty of one hundred dollars ($100) a day for a program that fails to timely submit a corrective action plan, or to timely implement any corrective action when it has been found to not be in compliance with applicable laws and regulations as required in Section 11876.

SEC. 4. Section 11877.6 of the Health and Safety Code is amended to read:

11877.6. The director may deny the application for initial issuance of a license if the applicant, or any partner, officer, director, or 10 percent or greater shareholder:

(a) Fails to meet the qualifications for licensure established by the department pursuant to this article. However, the director may waive any established qualification for licensure of a narcotic treatment program if he or she determines that it is reasonably necessary in the interests of the public health and welfare.

(b) Was previously the holder of a license issued under this article, and the license was revoked and never reissued or was suspended and not reinstated, or the holder failed to adhere to applicable laws and regulations regarding narcotic treatment programs while the license was in effect.

(c) Misrepresented any material fact in the application.

(d) Committed any act involving fraud, dishonesty, or deceit, with the intent to substantially benefit himself or herself or another or substantially injure another, and the act is substantially related to the qualification, functions or duties of, or relating to, a narcotic treatment program license.

(e) Was convicted of any crime substantially related to the qualifications, functions, or duties of, or relating to, a narcotic treatment program license.

(f) The director, in considering whether to deny licensure under subdivision (d) or (e), shall determine whether the applicant is rehabilitated after considering all of the following criteria:

(1) The nature and severity of the act or crime.

(2) The time that has elapsed since the commission of the act or crime.

(3) The commission by the applicant of other acts or crimes constituting grounds for denial of the license under this section.

(4) The extent to which the applicant has complied with terms of restitution, probation, parole, or any other sanction or order lawfully imposed against the applicant.

(5) Other evidence of rehabilitation submitted by the applicant.

(g) With respect to any other license issued to an applicant to provide narcotic treatment services, violated any provision of this article or regulations adopted under this article that relate to the health and safety of patients, the local community, or the general public. Violations include, but are not limited to, violations of laws

and regulations applicable to take-home doses of methadone, urinalysis requirements, and security against redistribution of replacement narcotic drugs. In these cases, the department shall deny the application for an initial license unless the department determines that all other licensed narcotic treatment programs maintained by the applicant have corrected all deficiencies and maintained compliance for a minimum of six months.

SEC. 5. Section 11877.7 of the Health and Safety Code is amended to read:

11877.7. (a) The director shall suspend or revoke any license issued under the provisions of this article, or deny an application to renew a license or to modify the terms and conditions of a license, upon any violation by the licensee of any provision of this article or regulations adopted under this article that presents an imminent danger of death or severe harm to any participant of the program or a member of the general public.

(b) The director may suspend or revoke any license issued under this article, or deny an application to renew a license or to modify the terms and conditions of a license, upon any of the following grounds and in the manner provided in this article:

(1) Violation by the licensee of any laws or regulations of the United States Food and Drug Administration or the United States Department of Justice, Drug Enforcement Administration which are applicable to narcotic treatment programs.

(2) Any violation that relates to the operation or maintenance of the program that has an immediate relationship to the physical health, mental health, or safety of the program participants or general public.

(3) Aiding, abetting, or permitting the violation of, or any repeated violation of, any of the provisions set forth in subdivision (a) or in paragraph (1) or (2).

(4) Conduct in the operation of a narcotic treatment program which is inimical to the health, welfare, or safety of either an individual in, or receiving services from, the program, the local community, or the people of the State of California.

(5) The conviction of the licensee, or any partner, officer, director, or 10 percent or greater shareholder, at any time during licensure, of a crime substantially related to the qualifications, functions or duties of, or relating to, a narcotic treatment program licensee.

(6) The commission by the licensee, or any partner, officer, director, or 10 percent or greater shareholder, at any time during licensure, of any act involving fraud, dishonesty, or deceit, with the intent to substantially benefit himself or herself or another, or substantially to injure another and which act is substantially related to the qualifications, functions or duties of, or relating to, a narcotic treatment program licensee.

(7) Diversion of narcotic drugs. A program's failure to maintain a narcotic drug reconciliation system that accounts for all incoming

and outgoing narcotic drugs, as required by departmental or federal regulations, shall create a rebuttable presumption that narcotic drugs are being diverted.

(8) Misrepresentation of any material fact in obtaining the narcotic treatment program license.

(9) Failure to comply with a department order to cease admitting patients or to cease providing patients with take-home dosages of replacement narcotic drugs.

(10) Failure to pay any civil penalty assessed pursuant to paragraph (3) of subdivision (a) of Section 11877.14 where the penalty has become final, unless payment arrangements acceptable to the department have been made.

(c) Prior to issuing an order pursuant to this section, the director shall ensure continuity of patient care by the program's guarantor or through the transfer of patients to other licensed programs. The director may issue any needed license or amend any other license in an effort to ensure that patient care is not impacted adversely by an order issued pursuant to this section.

SEC. 6. Section 11877.8 of the Health and Safety Code is amended to read:

11877.8. (a) The department shall cease review of an application for a license if:

(1) An application for a license indicates, or the department determines during the application inspection process, that the applicant was issued a license under this article and the prior license was revoked within the preceding two years. The department shall cease any further review of the application until two years have elapsed from the date of the revocation.

(2) An application for a license indicates, or the department determines during the application inspection process, that the applicant was denied a license or had a license suspended under this article within the preceding year. The department shall cease any further review of the application until one year has elapsed from the date of the denial or suspension.

(b) The department may cease review of an application for license renewal if either of the following occur:

(1) The applicant has not paid the required license fee.

(2) The county in which the licensee is located certifies to the department's satisfaction that there is no need for the narcotic treatment program because of a substantial decline in medically qualified narcotic treatment patients in the licensee's catchment area, or clearly demonstrates that other applicants for licensure can provide more efficient, cost-effective and sufficient narcotic treatment services in the catchment area, or that the license should not be renewed due to one of the grounds which are enumerated in Section 11877.7.

(c) Upon cessation of review, the license shall be permitted to expire by its own terms. However, if the licensee subsequently

submits the items, the absence of which led to the cessation of review, the department may reinstate the license.

(d) Cessation of review shall not constitute a denial of the application for purposes of Sections 11877.6 and 11877.7.

SEC. 7. Section 11877.14 of the Health and Safety Code is amended to read:

11877.14. (a) (1) The director shall, in addition to any other remedy, issue an order that prohibits a narcotic treatment program from admitting new patients or from providing patients with take-home dosages of a replacement narcotic drug when the director determines pursuant to the compliance inspection procedures set out in paragraph (2) of subdivision (a) of Section 11876, that a program has done any of the following:

(A) Failed to provide adequate security measures over its narcotic drug supply as agreed in the program's approved protocol.

(B) Failed to maintain a narcotic drug reconciliation system which accounts for all incoming and outgoing narcotic drugs.

(C) Diverted narcotic drugs.

(D) Repeatedly violated one or more departmental or federal regulations governing narcotic treatment programs, which violations may subject, or may have subjected a patient to a health or life-endangering situation.

(E) Repeatedly violated one or more departmental or federal regulations governing the provisions of take-home medication.

(F) Operated above combined licensed capacity for maintenance and detoxification programs at a single location. This paragraph shall not become operative until department regulations on narcotic treatment programs are revised to identify specific requirements in conjunction with this paragraph.

(2) (A) The order becomes effective when the department serves the program with a copy of the order. The order shall state the deficiencies forming the basis for the order and shall state the corrective action required for the department to vacate the order. The order, as it pertains to subparagraph (F) only, shall automatically be vacated when the department receives the program's written notification that licensed capacity has been achieved. If the order is issued pursuant to subparagraph (A), (B), (C), (D), or (E), the department shall vacate the order when the program submits a corrective action plan that reasonably addresses the deficiency or substantially conforms to the required action set out in the order.

(B) The department shall notify the program that the corrective action is accepted or rejected within 10 working days after receipt of the plan. If the department rejects the corrective action plan, it shall detail its reason in writing. The department order is vacated when the department either accepts a corrective action plan and ensures substantial conformity with the required action set out in the order or fails to reject a plan within 10 working days after receipt of the plan.

(3) In addition to any other remedies, a failure of the program to comply with the order of the department under this subdivision shall give rise to a civil penalty of five hundred dollars ($500) a day for each day that the order is violated.

(4) All civil penalties collected by the department under paragraph (3) shall be deposited in the Narcotic Treatment Program Licensing Trust Fund, and shall be used to offset the department's costs associated with collecting the civil penalties, or associated with any civil, administrative, or criminal action against the program when appropriated for this purpose.

(b) (1) The director may, in addition to any other remedy, issue an order temporarily suspending a narcotic treatment program license prior to any administrative hearing for the reasons stated in subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (a) when the department determines pursuant to the compliance inspection procedures set out in paragraph (2) of subdivision (a) of Section 11876, that the action is necessary to protect patients of the program from any substantial threat to their health or safety, or to protect the health or safety of the local community or the people of the State of California. Prior to issuing the order the director shall assure continuity of patient care by the program's guarantor or through the transfer of patients to other licensed programs. The director may issue any needed license or amend any other license in his or her effort to assure that patient care is not impacted adversely by the suspension order.

(2) The director shall notify the licensee of the temporary suspension and the effective date thereof and at the same time shall serve the licensee with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible, but not later than 20 days, exclusive of weekends, after receipt of the notice. The temporary suspension shall remain in effect until the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 20 days after the original hearing has been completed. Failure to cease operating after the department issues an order temporarily suspending the license shall constitute an additional ground for license revocation and shall constitute a violation of Section 11877.6. The department shall suspend the program's license if the hearing outcome is adverse to the license. The department shall notify the program of the license suspension within five days of the director's final decision.

(3) Failure of the licensee to cease operating after the director issues a temporary suspension order under paragraph (1) shall constitute an additional ground for license revocation.

(c) A program may, at any time after it is served with an order, petition the superior court to review the department's issuance of an order or rejection of a corrective action plan.

SEC. 2. Section 17199.1 of the Education Code is amended to read:

17199.1. (a) Any participating district, exclusively for the purpose of securing financing or refinancing of projects or working capital pursuant to this chapter through the issuance, by the authority, of revenue bonds, certificates of participation, or other means, and notwithstanding any other provision of law, may: (1) sell to the authority all or part of any rights to or possibilities regarding funding for school facilities approved by the State Allocation Board pursuant to Chapter 12.5 (commencing with Sec. 17070.10) including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board; (2) issue bonds to the authority; or (3) borrow money or purchase or lease educational facilities from the authority, and in connection therewith, sell or lease property to the authority, in each case at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other transfer, assignment, payment, security, default, remedy, and other terms or provisions as may be specified in the sale of rights agreement or the bonds of the participating district or a loan, loan purchase, installment sale, lease, or other agreement between the authority and the participating district, subject to the following conditions:

(A) The sum of the amount borrowed to finance working capital and the interest payable thereon at the initial interest rate if interest is variable, shall not exceed 85 percent of the estimated amount of uncollected taxes, income, revenue, cash receipts, and other district funds which will be available in any fiscal year for the repayment of the loan and the interest thereon. For purposes of this paragraph, "revenue" includes, but is not limited to, federal and state funds received by the district.

(B) In computing the maximum amount which may be borrowed in any fiscal year pursuant to subparagraph (A), the district may exclude the amount of any principal or interest which is secured by a pledge of the amount in any inactive or term deposit of the district which has a term scheduled to terminate during that fiscal year.

(C) A participating district that borrows money to finance working capital pursuant to this subdivision shall be required to repay and discharge the loan, including interest, within 15 months of the loan date.

(D) In enacting this chapter, it is the intent of the Legislature to provide financing of working capital needed to cover temporary or cash-flow deficits and needs for working capital and not long-term budget deficits or shortfalls in funding. The participating school district must demonstrate to the satisfaction of the authority that, during the term of any working capital loan received pursuant to this chapter, the participating district will receive or otherwise have (without additional borrowing) sufficient funds to repay and discharge the loan. The participating district may take into account all district funds and may base future projections upon historical experience or reasonable expectations, or a combination thereof.

(b) Notwithstanding Sections 700, 703, and 1045 of the Civil Code, the rights and possibilities that a participating district may have or obtain in the future to unfunded school facility approvals of the State Allocation Board pursuant to Chapter 12.5 (commencing with Sec. 17070.10), shall constitute property for all purposes and may be transferred as provided in subdivision (a). In the case of any transfer or assignment of rights or possibilities relating to funds for which bonds have been approved by the voters but are not yet available, the transfer or assignment shall be approved by resolution of the State Allocation Board prior to becoming effective.

(c) Any participating district may enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or appropriate in connection with the issuance of bonds, the borrowing of money or the lease or purchase of educational facilities, whichever is applicable. Any participating district or districts may also do all things and execute all documents as may be necessary or desirable in connection with the issuance of certificates of participation, or other interests, in any bond, loan, installment sale, lease, or other agreement of the district.

(d) A school district may by resolution authorize any county or city board of education or superintendent of schools, and a community college district may by resolution authorize the Board of Governors of the California Community Colleges or the Chancellor of the California Community Colleges, to act as its agent in the performance of any of the matters permitted by this section or any other provision of this chapter. Notwithstanding any other provision of law, the agent shall have the powers granted by the resolution for purposes of this chapter. The resolution shall be deemed to bind the school district or community college district, as the case may be, to any contract, agreement, instrument, or other document executed by the agent on behalf of the school district or community college district, and all duties, obligations, or responsibilities contained therein on the part of the school district or community college district, to the same extent as if duly authorized, executed, and delivered by the school district or community college district.

(e) This section shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized by this section, and the sale or transfer of any rights to or possibilities regarding funds for school facilities approved by the State Allocation Board including amounts apportioned and funded and amounts approved but not yet funded to, issuance of bonds to, borrowing of money from, or sale or purchase or lease of educational facilities from or to, the authority. Any agreement entered into in connection with the transfer of any rights to or possibilities regarding funds for any unfunded school facilities approvals of the State Allocation Board, including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board or the issuance of bonds, the borrowing of money or the sale, purchase, or lease of educational facilities, including, without limitation, any agreement for liquidity or credit enhancement under this section, need not comply with the requirements of any other law applicable to issuance of bonds, borrowing, selling, purchasing, leasing, pledge, encumbrance, or credit, as the case may be, by a school district or community college district, or by a county or city board of education or superintendent of schools or the Board of Governors of the California Community Colleges or Chancellor of the California Community Colleges.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to meet the school facility needs of pupils and school districts, it is necessary that this act take effect immediately.

CHAPTER 719

An act to amend Sections 1337.3 and 1337.6 of, and to add Section 1338.2 to, the Health and Safety Code, relating to care facilities.

[Approved by Governor October 6, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Patient needs in long-term health care facilities have changed dramatically in the last ten years with many patients requiring more intensive medical care for shorter periods of time.

(b) The nurse assistant training program has not been reviewed or revised for more than ten years to address the changing needs of patient care in today's long-term health care facilities.

(c) There is currently a shortage of 10,000 certified nurse assistants available for hire and an inadequate number of active training centers in the state to respond to this need, especially in rural areas.

SEC. 2. It is the intent of the Legislature that training center requirements be revised to provide greater consistency among training programs and greater access for individuals to receive college credits. It is the further intent of the Legislature that the State Department of Health Services convene a work group to provide recommendations to the department on addressing the availability of qualified certified nurse assistants for hire in the state.

SEC. 3. Section 1337.3 of the Health and Safety Code is amended to read:

1337.3. (a) The state department shall prepare and maintain a list of approved training programs for nurse assistant certification. The list shall include training programs conducted by skilled nursing or intermediate care facilities, as well as local agencies and education programs. In addition, the list shall include information on whether a training center is currently training nurse assistants, their competency test pass rates, and the number of nurse assistants they have trained. Clinical portions of the training programs may be obtained as on-the-job training, supervised by a qualified director of staff development or licensed nurse.

(b) It shall be the duty of the state department to inspect a representative sample of training programs. The state department shall protect consumers and students in any training program against fraud, misrepresentation, or other practices that may result in improper or excessive payment of funds paid for training programs. In evaluating a training center's training program, the state department shall examine each training center's trainees' competency test passage rate, and require each program to maintain

an average 60 percent test score passage rate to maintain its participation in the program. The average test score passage rate shall be calculated over a two-year period. If the state department determines that any training program is not complying with regulations or is not meeting the competency passage rate requirements, notice thereof in writing shall be immediately given to the program. If the program has not been brought into compliance within a reasonable time, the program may be removed from the approved list and notice thereof in writing given to it. Programs removed under this article shall be afforded an opportunity to request reinstatement of program approval at any time. The state department's district offices shall inspect facility-based centers as part of their annual survey.

(c) Notwithstanding provisions of Section 1337.1, the approved training program shall consist of at least the following:

(1) A 16-hour orientation program to be given to newly employed nurse assistants prior to providing direct patient care, and consistent with federal training requirements for facilities participating in the Medicare or medicaid programs.

(2) A certification training program consisting of at least 60 classroom hours of training on basic nursing skills, patient safety and rights, the social and psychological problems of patients, and elder abuse recognition and reporting, as well as at least 100 hours supervised and on-the-job training clinical practice. The 100 hours may consist of normal employment as a nurse assistant under the supervision of either the director of staff development or a licensed nurse. The 60 classroom hours of training may be conducted within a skilled nursing facility, an intermediate care facility, or an educational institution.

(d) The state department, in consultation with the State Department of Education and other appropriate organizations, shall develop criteria for approving training programs, that includes program content for orientation, training, inservice and the examination for testing knowledge and skills related to basic patient care services and shall develop a plan that identifies and encourages career ladder opportunities for certified nurse assistants. This group shall also recommend, and the department shall adopt, regulation changes necessary to provide for patient care when facilities utilize noncertified nurse assistants who are performing direct patient care. The requirements of this subdivision shall be established by January 1, 1989.

(e) A skilled nursing or intermediate care facility shall determine the number of specific clinical hours within each module identified by the state department required to meet the requirements of subdivision (d), subject to subdivisions (b) and (c). The facility shall consider the specific hours recommended by the state department when adopting the certification training program required by this chapter.

(f) This article shall not apply to a program conducted by any church or denomination for the purpose of training the adherents of the church or denomination in the care of the sick in accordance with its religious tenets.

(g) The Chancellor of the California Community Colleges shall provide to the state department a standard process for approval of college credit. The state department shall make this information available to all training programs in the state.

SEC. 3.5. Section 1337.3 of the Health and Safety Code is amended to read:

1337.3. (a) The state department shall prepare and maintain a list of approved training programs for nurse assistant certification. The list shall include training programs conducted by skilled nursing or intermediate care facilities, as well as local agencies and education programs. In addition, the list shall include information on whether a training center is currently training nurse assistants, their competency test pass rates, and the number of nurse assistants they have trained. Clinical portions of the training programs may be obtained as on-the-job training, supervised by a qualified director of staff development or licensed nurse.

(b) It shall be the duty of the state department to inspect a representative sample of training programs. The state department shall protect consumers and students in any training program against fraud, misrepresentation, or other practices that may result in improper or excessive payment of funds paid for training programs. In evaluating a training center's training program, the state department shall examine each training center's trainees' competency test passage rate, and require each program to maintain an average 60 percent test score passage rate to maintain its participation in the program. The average test score passage rate shall be calculated over a two-year period. If the state department determines that any training program is not complying with regulations or is not meeting the competency passage rate requirements, notice thereof in writing shall be immediately given to the program. If the program has not been brought into compliance within a reasonable time, the program may be removed from the approved list and notice thereof in writing given to it. Programs removed under this article shall be afforded an opportunity to request reinstatement of program approval at any time. The state department's district offices shall inspect facility-based centers as part of their annual survey.

(c) Notwithstanding provisions of Section 1337.1, the approved training program shall consist of at least the following:

(1) A 16-hour orientation program to be given to newly employed nurse assistants prior to providing direct patient care, and consistent with federal training requirements for facilities participating in the Medicare or medicaid programs.

(2) (A) A certification training program consisting of at least 60 classroom hours of training on basic nursing skills, patient safety and rights, the social and psychological problems of patients, and elder abuse recognition and reporting pursuant to subdivision (e) of Section 1337.1. The 60 classroom hours of training may be conducted within a skilled nursing facility, an intermediate care facility, or an educational institution.

(B) In addition to the 60 classroom hours of training required under subparagraph (A), the certification program shall also consist of 100 hours of supervised and on-the-job training clinical practice. The 100 hours may consist of normal employment as a nurse assistant under the supervision of either the director of staff development or a licensed nurse. The 100 hours shall consist of at least four hours of supervised training to address the special needs of persons with developmental and mental disorders, including mental retardation, Alzheimer's disease, cerebral palsy, epilepsy, dementia, Parkinson's disease, and mental illness.

(d) The state department, in consultation with the State Department of Education and other appropriate organizations, shall develop criteria for approving training programs, that includes program content for orientation, training, inservice and the examination for testing knowledge and skills related to basic patient care services and shall develop a plan that identifies and encourages career ladder opportunities for certified nurse assistants. This group shall also recommend, and the department shall adopt, regulation changes necessary to provide for patient care when facilities utilize noncertified nurse assistants who are performing direct patient care. The requirements of this subdivision shall be established by January 1, 1989. This subdivision shall become inoperative on January 1, 2005.

(e) (1) On or before January 1, 2003, the state department, in consultation with the State Department of Education, the American Red Cross, and other appropriate organizations, shall do the following:

(A) Develop a standardized curriculum for approved training programs for certified nurse assistants and criteria for approving training programs, that includes program content for orientation, training, in-service programs, and the examination for testing knowledge and skills related to basic patient care services.

(B) Review the current examination for approved training programs for certified nurse assistants to ensure the accurate assessment of whether a nurse assistant has obtained the required knowledge and skills related to basic patient care services and that shall be consistent with the standardized curriculum developed pursuant to subparagraph (A).

(C) Develop a plan that identifies and encourages career ladder opportunities for certified nurse assistants, including the application of on-the-job postcertification hours to educational credits.

(2) On or before January 1, 2004, the group established for purposes of paragraph (1) shall recommend, and the department shall adopt, regulation changes necessary to provide for the certification training programs.

(f) A skilled nursing or intermediate care facility shall determine the number of specific clinical hours within each module identified by the state department required to meet the requirements of subdivision (d), subject to subdivisions (b) and (c). The facility shall consider the specific hours recommended by the state department when adopting the certification training program required by this chapter.

(g) This article shall not apply to a program conducted by any church or denomination for the purpose of training the adherents of the church or denomination in the care of the sick in accordance with its religious tenets.

(h) The Chancellor of the California Community Colleges shall provide to the state department a standard process for approval of college credit. The state department shall make this information available to all training programs in the state.

SEC. 4. Section 1337.6 of the Health and Safety Code is amended to read:

1337.6. (a) Certificates issued under this article shall be renewed every two years and renewal shall be conditional upon the occurrence of all of the following:

(1) The certificate holder submitting documentation of completion of 48 hours of in-service training every two years obtained through an approved training program or taught by a director of staff development for a licensed skilled nursing or intermediate care facility that has been approved by the state department, or by individuals or programs approved by the state department. At least 12 of the 48 hours of in-service training shall be completed in each of the two years.

(2) The certificate holder obtaining a criminal record clearance.

(b) Certificates issued under this article shall expire on the certificate holder's birthday. If the certificate is renewed more than 30 days after its expiration, the certificate holder, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this article.

(c) To renew an unexpired certificate, the certificate holder shall, on or before the certificate expiration date, apply for renewal on a form provided by the state department, pay the renewal fee prescribed by this article, and submit documentation of the required in-service training.

(d) The state department shall give written notice to a certificate holder 90 days in advance of the renewal date and, 90 days in advance of the expiration of the fourth year that a renewal fee has not been paid, and shall give written notice informing the certificate holder, in general terms, of the provisions of this article. Nonreceipt of the

renewal notice does not relieve the certificate holder of the obligation to make a timely renewal. Failure to make a timely renewal shall result in expiration of the certificate.

(e) Except as otherwise provided in this article, an expired certificate may be renewed at any time within two years after its expiration on the filing of an application for renewal on a form prescribed by the state department, and payment of the renewal fee in effect on the date the application is filed, and documentation of the required in-service education.

Renewal under this article shall be effective on the date on which the application is filed, on the date when the renewal fee is paid, or on the date on which the delinquency fee is paid, whichever occurs last. If so renewed, the certificate shall continue in effect until the date provided for in this article, when it shall expire if it is not again renewed.

(f) If a certified nurse assistant applies for renewal more than two years after the expiration, the certified nurse assistant shall complete an approved 75-hour competency evaluation training program and competency evaluation program. If the certified nurse assistant demonstrates in writing to the state department's satisfaction why the certified nurse assistant cannot pay the delinquency fee, then the state department on a case-by-case basis shall consider waiving the delinquency fee. A suspended certificate is subject to expiration and shall be renewed as provided in this article, but this renewal does not entitle the certificate holder, while the certificate remains suspended, and, until it is reinstated, to engage in the certified activity, or in any other activity or conduct in violation of the order or judgment by which the certificate was suspended.

(g) A revoked certificate is subject to expiration as provided in this article, but it cannot be renewed. If reinstatement of the certificate is approved by the state department, the certificate holder, as a condition precedent to reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the date the application for reinstatement is filed, plus the delinquency fee, if any, accrued at the time of its revocation.

(h) Except as provided in subdivision (i), a certificate that is not renewed within four years after its expiration cannot be renewed, restored, reissued, or reinstated except upon completion of a certification program unless deemed otherwise by the state department if all of the following conditions are met:

(1) No fact, circumstance, or condition exists that, if the certificate was issued, would justify its revocation or suspension.

(2) The person pays the application fee provided for by this article.

(3) The person takes and passes any examination that may be required of an applicant for a new certificate at that time, that shall be given by an approved provider of a certification training program.

(i) A certified nurse assistant whose certificate has expired after two years may have his or her certificate renewed if he or she pays a training application fee, completes 75 hours in an approved competency evaluation training program, passes a competency test, and obtains a criminal background clearance prior to the renewal. The department shall develop a training program for these previously certified individuals.

(j) Certificate holders shall notify the department within 60 days of any change of address. Any notice sent by the department shall be effective if mailed to the current address filed with the department.

(k) Certificate holders that have been certified as both nurse assistants pursuant to this article and home health aides pursuant to Chapter 8 (commencing with Section 1725) of Division 2 shall renew their certificates at the same time on one application.

SEC. 5. Section 1338.2 is added to the Health and Safety Code, to read:

1338.2. (a) The state department shall convene a work group to develop recommendations to the department on ways to expand the availability of training programs and certified nurse assistants available for hire in the state. The work group shall investigate, but not be limited to investigating, all of the following:

(1) Work-based learning programs for students in the regional occupational programs in the state.

(2) Utilization of apprenticeships.

(3) Promotional programs for training centers and certified nurse assistant jobs.

(4) Utilization of expanded data resources.

(b) The recommendations required by subdivision (a) shall be submitted by the work group to the state department on or before July 1, 2001.

(c) The work group shall consist of, but not be limited to, all of the following:

(1) A representative from the State Department of Education.

(2) Nurse-Assistant training center representatives.

(3) A director of staff development for a long-term health care facility.

(4) A publisher of nurse assistant training and competency curricula.

(5) An industry representative.

(6) A currently certified nurse assistant.

(7) A consumer representative.

(8) A labor union representative.

(9) A representative of the American Red Cross.

(10) The Chancellor of the California Community Colleges.

(11) A representative from the Office of Statewide Health Planning and Development.

(12) A registered nurse and a licensed vocational nurse, both of whom are currently providing long-term care nursing services.

SEC. 6. Section 3.5 of this bill incorporates amendments to Section 1337.3 of the Health and Safety Code proposed by both this bill and AB 1160. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2000, (2) each bill amends Section 1337.3 of the Health and Safety Code, and (3) this bill is enacted after AB 1160, in which case Section 3 of this bill shall not become operative.

CHAPTER 720

An act to add Title 13.7 (commencing with Section 2870) to Part 4 of Division 3 of the Civil Code and to add Title 11.65 (commencing with Section 1776) to Part 3 of the Code of Civil Procedure, relating to resolution of claims.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Fair Insurance Responsibility Act of 2000" or as "FAIR."

SEC. 2. Title 13.7 (commencing with Section 2870) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 13.7. OBLIGATION TO SETTLE INSURANCE CLAIMS FAIRLY

2870. (a) For purposes of this title, the following definitions shall apply:

(1) "Third-party claimant" or "claimant" shall mean each person seeking recovery of benefits against an insured under a liability insurance policy or a self-funded liability protection program, fund, or plan, whether for personal injury or wrongful death, or other economic loss, or both including, without limitation, damages resulting from loss of consortium or loss of care, comfort, society and the like resulting from wrongful death.

(2) "Insured" shall mean a person or entity named as an insured in a liability insurance policy or a private self-funded liability protection program, fund, or plan; a person or entity who is identified as an additional insured under a liability insurance policy or a private self-funded liability protection program, fund, or plan; a person or entity who is an additional insured under the definitions of insured persons set forth in a liability insurance policy or a private self-funded liability protection program, fund, or plan; a person or entity who is defined, by law, as an insured under a liability insurance policy or a private self-funded liability protection program, fund, or plan; or

cooperative corporations or interindemnity arrangements provided for under Section 1280.7 of the Insurance Code.

(3) "Insurer" shall include any liability insurer licensed pursuant to, or subject to regulation under, the Insurance Code who provides liability coverage to an insured against whom the third-party claimant makes a claim for personal injury, wrongful death, or other economic loss, and the third-party administrator of any private self-funded liability protection program, fund, or plan; or cooperative corporations or interindemnity arrangements provided for under Section 1280.7 of the Insurance Code. However, "insurer" does not include the self-funded liability protection program, fund, or plan, itself, an insurer named as the insurer under a policy of workers' compensation insurance, nor a self-insured public entity, a private administrator for a public entity, or a public entity insured by a private insurer or carrier. For purposes of this section, "public entity" has the meaning set forth in Section 811.2 of the Government Code.

2871. (a) Every insurer, as defined in paragraph (3) of subdivision (a) of Section 2870, doing business in the State of California shall act in good faith toward and deal fairly with third-party claimants. A third-party claimant may bring an action against an insurer doing business in the State of California to recover damages, including general, special, and exemplary damages, for commission of any unfair claims settlement practice specified in subdivision (h) of Section 790.03 of the Insurance Code as it relates to a third-party claimant.

(b) A third-party claimant shall not be entitled to assert the remedies set forth in subdivision (a) unless the third-party claimant (1) obtains in the underlying action a final judgment after trial, a judgment after default, or an arbitration award arising from a contractual predispute binding arbitration clause or agreement, and (2) the third-party claimant makes a written demand by certified mail to settle the claim in the underlying action, and the claimant's judgment or arbitration award in that prior proceeding exceeded the amount of the final written demand on all claims by the third-party claimant made before the trial, entry of default or arbitration listed above. A final written demand sent by certified mail may not exceed the applicable policy limits and shall be deemed rejected if not responded to within 30 days of receipt of the final written demand. Subject to subdivision (h) of Section 790.03 of the Insurance Code, the verdict's amount may be considered as evidence of bad faith, but shall not be the sole consideration.

(c) The remedies set forth in this title shall apply to any insurer who violates the standards set forth in subdivision (a) in its handling, processing, or settlement of the claims made by a third-party claimant under the insured's insurance protection.

(d) A professional liability insurer is not liable under this title if all the following conditions apply:

(1) The consent of the policyholder to settlement is a prerequisite to settlement under the terms of the insurance policy or by statute.

(2) The insurance company has assessed the case against the policyholder as to potential liability and damages known at that time and has fully informed the policyholder of that assessment.

(3) The policyholder's refusal to consent is not based on intentionally erroneous or misleading information provided by the insurer.

(e) A person injured in an accident arising out of the operation or use of a motor vehicle, who at the time of the accident was operating a motor vehicle in violation of Section 23152 or 23153 of the Vehicle Code, and was convicted of that offense, may not assert a cause of action under this section.

(f) Any time period within which an action must be commenced pursuant to any applicable statute of limitations shall not begin until the underlying claim has been resolved through a final judgment. In the event of an appeal by either party, resolution of the appeal shall be a prerequisite to a claim under this title.

(g) Nothing in this title shall abrogate or limit any theory of liability or remedy otherwise available at law including, but not limited to, tort remedies for the breach of implied covenant and fair dealing or any theory of liability or remedy based on Comunale v. Traders & General Ins. Co. (1958) 50 Cal.2d 654 or Crisci v. Security Ins. Co. (1967) 66 Cal.2d 425. Nothing in this section shall relieve an insurer of its obligation of good faith and fair dealing to its own insured. However, the insurer cannot wrongfully use its obligation to its own insured to violate its duties under this section.

(h) The provisions of this title shall apply, prospectively, to events or accidents covered by the applicable insurance policy that occur on or after January 1, 2000.

SEC. 3. Title 11.65 (commencing with Section 1776) is added to Part 3 of the Code of Civil Procedure, to read:

TITLE 11.65. ALTERNATIVE DISPUTE RESOLUTION ACT

1776. For the purposes of this title, the following definitions apply:

(a) "Claimant" means a person defined in paragraph (1) of subdivision (a) of Section 2870 of the Civil Code.

(b) "Insurer" shall include any liability insurer licensed pursuant to or subject to regulation under the Insurance Code, any private self-funded liability protection program, fund or plan, and any person or entity meeting the Vehicle Code definition of a permissible self-insured. However, "insurer" does not include a self-insured public entity, a private administrator for a public entity, or a public entity insured by a private insurer or carrier. For purposes of this section, "public entity" has the meaning set forth in Section 811.2 of the Government Code.

1777. (a) In a claim where the amount in controversy is for either a dollar amount that does not exceed fifty thousand dollars ($50,000), or is within policy limits, exclusive of applicable uninsured or underinsured motorist coverage, if the policy limits do not exceed fifty thousand dollars ($50,000), whichever is less, a claimant who is represented by counsel may request arbitration pursuant to this title.

(b) Notwithstanding subdivision (b) of Section 2017, prior to a request for arbitration, a claimant may demand and obtain insurance coverage policy limits information concerning all applicable, and potentially applicable, policies of insurance, to decide whether to participate in arbitration as set forth in this title. The insurer shall respond within 10 days and verify in writing that the information about coverage and policies is true and correct. An insurer that releases such information shall not be subject to civil liability to the insured or any other insurer for release of the policy limits information.

(c) An insurer may request arbitration under this title where the claimant is represented by counsel under any of the following conditions:

(1) If a claimant makes a settlement demand against all responsible or potentially responsible persons or entities that does not exceed fifty thousand dollars ($50,000) in total, and the arbitration request is made within 90 days of the settlement demand.

(2) In any action in which the policy limits applicable to the claimant do not exceed fifty thousand dollars ($50,000), provided that the request for arbitration is made not later than 150 days after the service of the complaint.

(3) Subject to paragraphs (1) and (2), in an action involving more than one responsible party, an insurer may request arbitration under this title if all parties agree to arbitration or the insurer offers to settle the action for policy limits.

(d) The request for arbitration shall be in writing and sent by certified mail.

(e) (1) Within 30 days after receipt of a request for arbitration, the insurer or claimant shall respond to the request in writing, sent by certified mail, return receipt requested.

(2) The request shall be deemed rejected if not responded to within 30 days, unless the parties stipulate in writing to an extension of time.

(f) Nothing in this section shall relieve an insurer of its obligation of good faith and fair dealing to its own insured.

(g) An arbitration award pursuant to this section shall not exceed the available policy limits and shall not include damages that are not covered by the applicable insurance policies.

(h) A claimant or insurer requesting or agreeing to arbitration under this section shall at the same time send by certified mail a copy of each offer or agreement to arbitrate to all claimants and all insurers involved in the claim. Offers and agreements made by counsel under

this section shall be deemed to be made with the authority of all clients represented by that counsel. The arbitration of all claims under this title shall be pursuant to a written arbitration agreement.

1778. If the insurer agrees to submit a claim to arbitration under Section 1777 the insurer shall be conclusively presumed to have complied with the duties under subdivision (a) of Section 2871 of the Civil Code.

1779. (a) Upon a showing of good cause in a petition before the court having jurisdiction over the amount in controversy, either side may request removal from arbitration under this title and to commence or continue a civil action, upon a showing of any of the following:

(1) Either party discovers new information regarding insurance coverage that creates aggregate coverage for the claim in excess of fifty thousand dollars ($50,000).

(2) A change in the nature or extent of the claimant's injury or damages, which, despite reasonable inquiry, was not discovered prior to the acceptance of the offer to engage in alternative dispute resolution, and causes the claimant or attorney to believe that the reasonable value of the claim will exceed fifty thousand dollars ($50,000).

(3) A party discovers new, additional, potentially responsible persons or entities who are not parties to the arbitration.

(4) The insurer discovers evidence that the claim is in violation of Section 550 of the Penal Code. The insurer shall document the basis for its finding and provide the information to the court. The court shall make the information available to the claimant or his or her counsel, if represented, unless the court determines that releasing the information would substantially impede the investigation or future prosecution of the claim for fraud.

(5) A change of law affects the remedies available to a claimant, or a change in law expands or contracts the claimant's legal right to recover.

(6) The interests of justice support permitting a party to commence a civil action.

(7) A party unreasonably interferes with the completion of the arbitration.

(b) Within 60 days of discovery of one of the conditions outlined in subdivision (a), and before commencement of the arbitration, the party seeking to remove the claim from arbitration under this title shall petition the court having jurisdiction over the amount in controversy, establishing good cause for the request.

(c) If a court finds good cause pursuant to a petition filed by a claimant to remove the claim from arbitration under subdivision (a), the presumption of good faith under Section 1778 shall not apply if the good cause arises from a misrepresentation, error or unreasonable interference in the conduct of the arbitration by the insurer.

(d) If the insurer removes the claim from arbitration pursuant to this title, the presumption of good faith under Section 1778 does not apply.

1780. (a) Any applicable period of limitations shall be tolled from the date of receipt of a request to participate in arbitration until 30 days after the insurer responds to the offer. If the request for arbitration is accepted, the period is tolled until settlement, satisfaction of judgment, or 30 days after a court order to remove a claim from arbitration under Section 1779.

(b) Any applicable case management rules are suspended upon agreement of the parties to arbitrate a claim under this title. Additionally, an agreement to participate in arbitration under this title relieves the parties of any obligation to participate in court-ordered arbitration or mediation.

1781. Except as otherwise provided by this title, arbitration shall be conducted under the same procedures as are applicable to other arbitration agreements under Title 9 (commencing with Section 1280).

1782. The following additional and supplemental provisions govern arbitration under this title:

(a) The provisions of Section 1987 shall govern attendance of parties at arbitration.

(b) Arbitrators shall be paid at the prevailing rate for judicial arbitrators. The cost of the arbitrator will be borne equally between the insurers and the claimants. The obligation of the parties for the arbitrator's fee does not include preparation time, travel time, and postarbitration time, unless the parties agree otherwise.

(c) The parties shall select a single neutral arbitrator pursuant to Section 1281.6. Unless the parties agree otherwise, the arbitrator shall be a retired judge.

(d) The parties to the arbitration shall pay an arbitration filling fee of two hundred dollars ($200). The fee shall be borne in equal portions by each party to the arbitration.

(e) If the parties cannot agree on a date to commence arbitration, the arbitrator shall set a date convenient to the parties.

(f) Disputes arising regarding discovery shall be resolved by motion before the arbitrator. The arbitration shall be deemed to be a proceeding and the hearing before the arbitrator shall be deemed to be the trial of an issue for those purposes.

(g) No party may introduce new or different information from that provided under subdivision (f) at the arbitration unless it is provided to the other side at least 30 days before the arbitration except when such evidence is offered solely for impeachment. Upon a showing of good cause under Section 9 of the Standards for Judicial Administration, the arbitrator may grant a continuance to permit the introduction of the new information.

(h) Each party shall exchange a list of all witnesses and all exhibits no later than 20 days before the arbitration. Witnesses and exhibits

not listed shall not be considered or relied upon by the arbitrator unless offered solely for impeachment.

(i) If more than one person or insurer may be liable for the injury, and if the actions against each are subject to this title, the arbitration proceedings with respect to each may be consolidated by agreement of the parties.

(j) The rules of evidence and rules for conduct of hearing set forth in Rules 1613 and 1614 of the California Rules of Court, shall apply to the arbitration.

(k) The arbitrator may continue the arbitration pursuant to Section 9 of the Standards of Judicial Administration.

1783. (a) The award shall be binding on all parties and upon the insurer and shall resolve all disputes between the parties, and may be reviewed only for the reasons set forth in Section 1286.2.

(b) The insurer shall satisfy the arbitration award within 20 days of conclusion of any postresolution motions or settlement. Interest shall accrue at the legal rate thereafter.

1784. A claimant and an insurer may agree in writing to submit any claim for personal injury or wrongful death to arbitration pursuant to this title, provided that the notice requirements set forth in Section 1777 are met. The agreement to, and subsequent participation in, binding arbitration by the parties provides the protections set forth in Section 1778.

CHAPTER 721

An act to amend Sections 2870 and 2871 of the Civil Code, to amend Section 1063.1 of, and to add Section 1872.91 to, the Insurance Code, and to amend Section 3702.8 of the Labor Code, relating to insurance.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that public employers are liable for the payment of workers' compensation benefits in substantial amounts. These amounts are owed to current or former county employees who have previously been injured on the job, and to others in accordance with applicable law. The Legislature finds that new liabilities are created every year, as additional persons become eligible for workers' compensation benefits.

SEC. 2. Section 2870 of the Civil Code, as added by Senate Bill 1237 of the 1999–2000 Regular Session, is amended to read:

2870. (a) For purposes of this title, the following definitions shall apply:

(1) "Third-party claimant" or "claimant" shall mean each individual seeking recovery against an insured under a liability insurance policy or a self-funded liability protection program, fund, or plan, for bodily injury; wrongful death; or property damage resulting from an incident involving a motor vehicle; including, without limitation, damages resulting from loss of consortium or loss of care, comfort, society and the like resulting from wrongful death.

(2) "Insured" shall mean a natural person or entity named as an insured in a liability insurance policy or a private self-funded liability protection program, fund, or plan; a natural person or entity who is identified as an additional insured under a liability insurance policy or a private self-funded liability protection program, fund, or plan; a natural person or entity who is an additional insured under the definitions of insured persons set forth in a liability insurance policy or a private self-funded liability protection program, fund, or plan; a natural person or entity who is defined, by law, as an insured under a liability insurance policy or a private self-funded liability protection program, fund, or plan; or cooperative corporations or interindemnity arrangements provided for under Section 1280.7 of the Insurance Code.

(3) "Insurer" shall mean any insurer licensed pursuant to, or subject to regulation under, the Insurance Code which provides liability insurance to an insured against whom a third-party claimant makes a claim for bodily injury, or for property damage resulting from an incident involving a motor vehicle, and the third-party administrator of any private self-funded liability protection program, fund, or plan; or cooperative corporations or interindemnity arrangements provided for under Section 1280.7 of the Insurance Code. However, "insurer" does not include the self-funded liability protection program, fund, or plan, itself, an insurer named as the insurer under a policy of workers' compensation insurance, nor a self-insured public entity, a private administrator for a public entity, or a public entity insured by a private insurer or carrier. For purposes of this section, "public entity" has the meaning set forth in Section 811.2 of the Government Code.

(4) "Liability insurance" shall mean that portion of a personal or commercial insurance policy or a private self-funded liability protection program, fund or plan, which provides liability coverage for bodily injury, or for property damage resulting from an incident involving a motor vehicle.

(5) "Bodily injury" shall mean actual physical injury, sickness, or disease sustained by a person, including death therefrom. "Bodily injury" shall not mean (a) emotional distress, of any kind, resulting from economic loss, or (b) emotional distress resulting from a cause other than economic loss unless accompanied by actual physical manifestations of such emotional distress.

SEC. 3. Section 2871 of the Civil Code, as added by Senate Bill 1237 of the 1999–2000 Regular Session, is amended to read:

2871. (a) (1) Every insurer, as defined in paragraph (3) of subdivision (a) of Section 2870, doing business in the State of California shall act in good faith toward and deal fairly with third-party claimants. A third-party claimant may bring an action against an insurer doing business in the State of California to recover damages, including general, special, and exemplary damages, for commission of any unfair claims settlement practice specified in paragraph (1), (2), (3), (5), (8), (9), (10), (11), (12), (13), (14), or (15) of subdivision (h) of Section 790.03 of the Insurance Code as it relates to a third-party claimant.

(2) (A) In considering a third-party claim an insurer shall make an honest, intelligent and knowledgeable evaluation of the claim on its merits. However, an insurer shall not be considered to have violated its obligation to act in good faith and deal fairly with a third-party claimant because of the insurer's honest mistake in judgment in connection with the settlement of a claim.

(B) The fact that an insurer did not settle a claim is not necessarily proof of bad faith.

(b) A third-party claimant shall not be entitled to assert the remedies set forth in subdivision (a) unless the third-party claimant (1) obtains in the underlying action a final judgment after trial, a judgment after default, or an arbitration award arising from a contractual predispute binding arbitration clause or agreement, and (2) the third-party claimant makes a written demand by certified mail to settle the claim in the underlying action, and the claimant's judgment or arbitration award in that prior proceeding exceeded the amount of the final written demand on all claims by the third-party claimant made before the trial, entry of default or arbitration listed above. The final written demand sent by certified mail may not exceed the applicable policy limits and shall be deemed rejected if not responded to within 30 days of receipt of the final written demand.

(c) The remedies set forth in this title shall apply to any insurer who violates the standards set forth in subdivision (a) in its handling, processing, or settlement of the claims made by a third-party claimant under the insured's insurance protection.

(d) A professional liability insurer for medical, health care, or legal malpractice is not liable under this title if both of the following conditions apply:

(1) The consent of the policyholder to settlement is a prerequisite to settlement.

(2) The policyholder withholds consent to settlement.

(e) A person injured in an accident arising out of the operation or use of a motor vehicle, who at the time of the accident was operating a motor vehicle in violation of Section 23152 or 23153 of the Vehicle Code, and was convicted of that offense, may not assert a cause of action under this section.

(f) Any time period within which an action must be commenced pursuant to any applicable statute of limitations shall not begin until the underlying claim has been resolved through a final judgment. In the event of an appeal by either party, resolution of the appeal shall be a prerequisite to a claim under this title.

(g) Nothing in this title shall abrogate or limit any theory of liability or remedy otherwise available at law including, but not limited to, tort remedies for the breach of implied covenant and fair dealing or any theory of liability or remedy based on Comunale v. Traders & General Ins. Co. (1958) 50 Cal.2d 654 or Crisci v. Security Ins. Co. (1967) 66 Cal.2d 425.

(h) The provisions of this title are prospective and are only applicable as follows:

(1) To accidents, events, occurrences, or losses that occur on or after January 1, 2000.

(2) To conduct by any insurer, its agents or employees concerning accidents, events, occurrences, or losses that occur on or after January 1, 2000.

SEC. 4. Section 1778 of the Code of Civil Procedure, as added by Senate Bill 1237 of the 1999–2000 Regular Session, is amended to read:

1778. If the insurer requests or agrees to submit a claim to arbitration under Section 1777 the insurer shall be conclusively presumed to have complied with the duties under subdivision (a) of Section 2871 of the Civil Code.

SEC. 5. Section 1063.1 of the Insurance Code is amended to read:

1063.1. As used in this article:

(a) "Member insurer" means an insurer required to be a member of the association in accordance with subdivision (a) of Section 1063, except and to the extent that the insurer is participating in an insolvency program adopted by the United States government.

(b) "Insolvent insurer" means a member insurer against which an order of liquidation or receivership with a finding of insolvency has been entered by a court of competent jurisdiction.

(c) (1) "Covered claims" means the obligations of an insolvent insurer, including the obligation for unearned premiums, (i) imposed by law and within the coverage of an insurance policy of the insolvent insurer; (ii) which were unpaid by the insolvent insurer; (iii) which are presented as a claim to the liquidator in this state or to the association on or before the last date fixed for the filing of claims in the domiciliary liquidating proceedings; (iv) which were incurred prior to the date coverage under the policy terminated and prior to, on, or within 30 days after the date the liquidator was appointed; (v) for which the assets of the insolvent insurer are insufficient to discharge in full; (vi) in the case of a policy of workers' compensation insurance, to provide workers' compensation benefits under the workers' compensation law of this state; and (vii) in the case of other classes of insurance if the claimant or insured is a resident of this state

at the time of the insured occurrence, or the property from which the claim arises is permanently located in this state.

(2) "Covered claims" also include the obligations assumed by an assuming insurer from a ceding insurer where the assuming insurer subsequently becomes an insolvent insurer if, at the time of the insolvency of the assuming insurer, the ceding insurer is no longer admitted to transact business in this state. Both the assuming insurer and the ceding insurer shall have been member insurers at the time the assumption was made. "Covered claims" under this paragraph shall be required to satisfy the requirements of subparagraphs (i) to (vii), inclusive, of paragraph (1), except for the requirement that the claims be against policies of the insolvent insurer. The association shall have a right to recover any deposit, bond, or other assets that may have been required to be posted by the ceding company to the extent of covered claim payments and shall be subrogated to any rights the policyholders may have against the ceding insurer.

(3) "Covered claims" does not include obligations arising from the following:

(i) Life, annuity, health, or disability insurance.

(ii) Mortgage guaranty, financial guaranty, or other forms of insurance offering protection against investment risks.

(iv) Credit insurance.

(v) Title insurance.

(vi) Ocean marine insurance or ocean marine coverage under any insurance policy including claims arising from the following: the Jones Act (46 U.S.C.A. Sec. 688), the Longshore and Harbor Workers' Compensation Act (33 U.S.C.A. Sec. 901 et seq.), or any other similar federal statutory enactment, or any endorsement or policy affording protection and indemnity coverage.

(vii) Any claims servicing agreement or insurance policy providing retroactive insurance of a known loss or losses, except a special excess workers' compensation policy issued pursuant to subdivision (c) of Section 3702.8 of the Labor Code that covers all or any part of workers' compensation liabilities of an employer that is issued, or was previously issued, a certificate of consent to self-insure pursuant to subdivision (b) of Section 3700 of the Labor Code.

(4) "Covered claims" does not include any obligations of the insolvent insurer arising out of any reinsurance contracts, nor any obligations incurred after the expiration date of the insurance policy or after the insurance policy has been replaced by the insured or canceled at the insured's request, or after the insurance policy has been canceled by the association as provided in this chapter, or after the insurance policy has been canceled by the liquidator, nor any obligations to any state or to the federal government.

(5) "Covered claims" does not include any obligations to insurers, insurance pools, or underwriting associations, nor their claims for

contribution, indemnity, or subrogation, equitable or otherwise, except as otherwise provided in this chapter.

An insurer, insurance pool, or underwriting association may not maintain, in its own name or in the name of its insured, any claim or legal action against the insured of the insolvent insurer for contribution, indemnity or by way of subrogation, except insofar as, and to the extent only, that the claim exceeds the policy limits of the insolvent insurer's policy. In those claims or legal actions, the insured of the insolvent insurer is entitled to a credit or setoff in the amount of the policy limits of the insolvent insurer's policy, or in the amount of the limits remaining, where those limits have been diminished by the payment of other claims.

(6) "Covered claims," except in cases involving a claim for workers' compensation benefits or for unearned premiums, does not include any claim in an amount of one hundred dollars ($100) or less, nor that portion of any claim that is in excess of any applicable limits provided in the insurance policy issued by the insolvent insurer.

(7) "Covered claims" does not include that portion of any claim, other than a claim for workers' compensation benefits, that is in excess of five hundred thousand dollars ($500,000).

(8) "Covered claims" does not include any amount awarded as punitive or exemplary damages.

(9) "Covered claims" does not include (i) any claim to the extent it is covered by any other insurance of a class covered by this article available to the claimant or insured nor (ii) any claim by any person other than the original claimant under the insurance policy in his or her own name, his or her assignee as the person entitled thereto under a premium finance agreement as defined in Section 673 and entered into prior to insolvency, his or her executor, administrator, guardian or other personal representative or trustee in bankruptcy and does not include any claim asserted by an assignee or one claiming by right of subrogation, except as otherwise provided in this chapter.

(10) "Covered claims" does not include any obligations arising out of the issuance of an insurance policy written by the separate division of the State Compensation Insurance Fund pursuant to Sections 11802 and 11803.

(11) "Covered claims" does not include any obligations of the insolvent insurer arising from any policy or contract of insurance issued or renewed prior to the insolvent insurer's admission to transact insurance in the State of California.

(12) "Covered claims" does not include surplus deposits of subscribers as defined in Section 1374.1.

(f) "Control" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control is presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, 10 percent or more of the voting securities of any other person. This presumption may be rebutted by showing that control does not in fact exist.

(g) "Claimant" means any insured making a first party claim or any person instituting a liability claim; provided that no person who is an affiliate of the insolvent insurer may be a claimant.

(h) "Ocean marine insurance" includes marine insurance as defined in Section 103, except for inland marine insurance, as well as any other form of insurance, regardless of the name, label, or marketing designation of the insurance policy, that insures against maritime perils or risks and other related perils or risks, which are usually insured against by traditional marine insurance such as hull and machinery, marine builders' risks, and marine protection and indemnity. Those perils and risks insured against include, without limitation, loss, damage, or expense or legal liability of the insured arising out of or incident to ownership, operation, chartering, maintenance, use, repair, or construction of any vessel, craft or instrumentality in use in ocean or inland waterways, including liability of the insured for personal injury, illness, or death for loss or damage to the property of the insured or another person.

(i) "Unearned premium" means that portion of a premium that had not been earned because of the cancellation of the insolvent insurer's policy and is that premium remaining for the unexpired term of the insolvent insurer's policy. "Unearned premium" does not include any amount sought as return of a premium under any policy providing retroactive insurance of a known loss or return of a premium under any retrospectively rated policy or a policy subject to a contingent surcharge or any policy in which the final determination of the premium cost is computed after expiration of the policy and is calculated on the basis of actual loss experience during the policy period.

SEC. 6. Section 1872.91 is added to the Insurance Code, to read:

(1) Filing annual reports as deemed necessary by the director to carry out the requirements of this chapter.

(2) In the case of a private employer, depositing and maintaining a security deposit for accrued liability for the payment of any workers' compensation that may become due, pursuant to subdivision (b) of Section 3700 and Section 3701, except as provided in subdivision (c).

(3) Paying within 30 days all assessments of which notice is sent, pursuant to subdivision (b) of Section 3745, within 36 months from the last day the employer's certificate of self-insurance was in effect. Assessments shall be based on the benefits paid by the employer during the last full calendar year of self-insurance on claims incurred during that year.

(b) In addition to proceedings to establish liabilities and penalties otherwise provided, a failure to comply may be the subject of a proceeding before the director. An appeal from the director's determination shall be taken to the appropriate superior court by petition for writ of mandate.

(c) Notwithstanding subdivision (a), any employer who is currently self-insured or who has ceased to be self-insured may purchase a special excess workers' compensation policy to discharge any or all of the employer's continuing obligations as a self-insurer to pay compensation or to secure the payment of compensation.

(1) The special excess workers' compensation insurance policy shall be issued by an insurer authorized to transact workers' compensation insurance in this state.

(2) Each carrier's special excess workers' compensation policy shall be approved as to form and substance by the Insurance Commissioner, and rates for special excess workers' compensation insurance shall be subject to the filing requirements set forth in Section 11735 of the Insurance Code.

The director's

acceptance shall discharge the Self-Insurer's Security Fund, without recourse or liability to the Self-Insurer's Security Fund, of any continuing liability for the claims covered by the special excess workers' compensation insurance policy.

(5) For public employers, no security deposit or financial guarantee bond or other security shall be required. The director shall set minimum financial rating standards for insurers issuing special excess workers' compensation policies for public employers.

(d) (1) In order for the special excess workers' compensation insurance policy to discharge the full obligations of a private employer to maintain a security deposit with the director for the payment of self-insured claims, applicable to the period to be covered by the policy, the special excess policy shall provide coverage for all claims for compensation arising out of that liability. The employer shall maintain the required deposit for the period covered by the policy with the director for a period of three years after the issuance date of the special excess policy.

(2) If the special workers' compensation insurance policy does not provide coverage for all of the continuing obligations for which the private self-insured employer is liable, to the extent the employer's obligations are not covered by the policy a private employer shall maintain the required deposit with the director. In addition, the employer shall maintain with the director the required deposit for the period covered by the policy for a period of three years after the issuance date of the special excess policy.

SEC. 3. Section 12804.9 of the Vehicle Code, as amended by Section 54.5 of Chapter 877 of the Statutes of 1998, is amended to read:

12804.9. (a) (1) The examination shall include all of the following:

(A) A test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways.

(B) A test of the applicant's ability to read and understand simple English used in highway traffic and directional signs.

(C) A test of the applicant's understanding of traffic signs and signals, including the bikeway signs, markers, and traffic control devices established by the Department of Transportation.

(D) An actual demonstration of the applicant's ability to exercise ordinary and reasonable control in operating a motor vehicle by driving it under the supervision of an examining officer. The applicant shall submit to an examination appropriate to the type of motor vehicle or combination of vehicles he or she desires a license to drive, except that the department may waive the driving test part of the examination for any applicant who submits a license issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico if the department verifies through any acknowledged national driver record data source that there are no stops, holds, or other impediments to its issuance. The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(E) A test of the hearing and eyesight of the applicant, and of other matters that may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways, and whether any grounds exist for refusal of a license under this code.

(2) The examination for a class A or class B license under subdivision (b) shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a health care professional. As used in this

The report shall be on a form approved by the department, the Federal Highway Administration, or the Federal Aviation Administration. In establishing the requirements, consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration.

Otherwise, the license shall be valid only for operating class C vehicles that are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2 vehicles, if so endorsed, that are not commercial vehicles, as defined in subdivision (b) of Section 15210.

the commissioner pursuant to Section 2932 in lieu of a driving test on class M1 or M2 applications, if the applicant has met the other examination requirements for the license for which he or she is applying. The department shall review and approve the written and driving test used by a program to determine whether the program may issue a certificate of completion.

(h) Notwithstanding subdivision (b), any person holding a valid California driver's license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this paragraph, "short-term" means 48 hours or less.

(i) No person under the age of 21 years shall be issued a class M1 or M2 license or endorsement unless he or she provides evidence satisfactory to the department of completion of a motorcycle safety training program that is operated pursuant to Article 2 (commencing with Section 2930) of Chapter 5 of Division 2.

(j) Drivers of vanpool vehicles may operate with class C licenses but shall possess evidence of a medical examination required for a class B license when operating vanpool vehicles. (b) It is the intent of the Legislature in adding this article to promote the use of alternative low-emission or no-emission transportation.

21220.5. For the purposes of this article, a motorized scooter is defined in Section 407.5.

21221. (b) A lamp or lamp combination, emitting a white light, attached to the operator and visible from a distance of 300 feet in front and from the sides of the motorized scooter, may be used in lieu of the lamp required by paragraph (1) of subdivision (a).

(c) A red reflector, or reflectorized material meeting the requirements of Section 25500, attached to the operator and visible from a distance of 500 feet to the rear when directly in front of lawful upper beams of headlamps on a motor vehicle, may be used in lieu of the reflector required by paragraph (2) of subdivision (a).

21224. (a) A person operating a motorized scooter is not subject to the provisions of this code relating to financial responsibility, registration, and license plate requirements, and, for those purposes, a motorized scooter is not a motor vehicle.

(b) A motorized scooter is exempt from the equipment requirements in Division 12 (commencing with Section 24000), except for Sections 24003 and 27400, Article 4 (commencing with Section 27450) of Chapter 5 of Division 12, and Section 27602.

(c) Notwithstanding subdivision (b), any motorized scooter may be equipped with equipment authorized by Division 12 (commencing with Section 24000).

21225. This article does not prevent local authorities, by ordinance, from regulating the registration of motorized scooters and the parking and operation of motorized scooters on pedestrian or bicycle facilities, if the regulation is not in conflict with this code.

21227. (a) A motorized scooter shall comply with one of the following:

(1) Operate in a manner so that the electric motor is disengaged or ceases to function when the brakes are applied.

(2) Operate in a manner so that the motor is engaged through a switch or mechanism that, when released, will cause the electric motor to disengage or cease to function.

(b) It is unlawful for a person to operate a motorized scooter that does not meet one of the requirements of subdivision (a).

21228. (a) Any person operating a motorized scooter upon a highway at a speed less than the normal speed of traffic moving in the same direction at that time shall ride as close as practicable to the right-hand curb or right edge of the roadway, except under the following situations:

(1) When overtaking and passing another vehicle proceeding in the same direction.

(2) When preparing for a left turn, the operator shall stop and dismount as close as practicable to the right-hand curb or right edge of the roadway and complete the turn by crossing the roadway on foot, subject to the restrictions placed on pedestrians in Chapter 5 (commencing with Section 21950).

(B) For the purposes of subparagraph (A), a "substandard width lane" is a lane that is too narrow for a motorized scooter and another vehicle to travel safely side by side within the lane.

(4) Any person operating a motorized scooter upon a highway that carries traffic in one direction only and has two or more marked traffic lanes may operate the motorized scooter as near the left-hand curb or left edge of that roadway as practicable.

However, when preparing for a right turn, the operator shall stop and dismount as close as practicable to the left-hand curb or left edge of the highway and complete the turn by crossing the roadway on foot, subject to the restrictions placed on pedestrians in Chapter 5 (commencing with Section 21950).

21229. (a) Whenever a class II bicycle lane has been established on a roadway, any person operating a motorized scooter upon the roadway shall ride within the bicycle lane, except that the person may move out of the lane under any of the following situations:

(1) When overtaking and passing another vehicle or pedestrian within the lane or when about to enter the lane if the overtaking and passing cannot be done safely within the lane.

(2) When preparing for a left turn, the operator shall stop and dismount as close as practicable to the right-hand curb or right edge of the roadway and complete the turn by crossing the roadway on foot, subject to the restrictions placed on pedestrians in Chapter 5 (commencing with Section 21950).

(3) When reasonably necessary to leave the bicycle lane to avoid debris or other hazardous conditions.

(4) When approaching a place where a right turn is authorized.

(b) No person operating a motorized scooter shall leave a bicycle lane until the movement can be made with reasonable safety and then only after giving an appropriate signal in the manner provided in Chapter 6 (commencing with Section 22100) in the event that any vehicle may be affected by the movement.

21230. Notwithstanding any other provision of law, a motorized scooter may be operated on a bicycle path or trail or bikeway, unless the local authority or the governing body of a local agency having jurisdiction over that path, trail, or bikeway prohibits that operation by ordinance.

21235. The operator of a motorized scooter shall not do any of the following:

(a) Operate a motorized scooter unless it is equipped with a brake that will enable the operator to make a braked wheel skid on dry, level, clean pavement.

(b) Operate a motorized scooter on a highway with a speed limit in excess of 25 miles per hour unless the motorized scooter is operated within a class II bicycle lane.

(c) Operate a motorized scooter without wearing a properly fitted and fastened bicycle helmet that meets the standards described in Section 21212.

(d) Operate a motorized scooter when the operator is under the age of 16 years.

(e) Operate a motorized scooter with any passengers in addition to the operator.

(g) Operate a motorized scooter upon a sidewalk, except as may be necessary to enter or leave adjacent property.

(h) Operate a motorized scooter on the highway with the handlebars raised so that the operator must elevate his or her hands above the level of his or her shoulders in order to grasp the normal steering grip area.

(i) Leave a motorized scooter lying on its side on any sidewalk, or park a motorized scooter on a sidewalk in any other position, so that there is not an adequate path for pedestrian traffic.

Any prohibition or restriction pertaining to bicycles, motor-driven cycles, or motorized scooters, shall be deemed to include motorized bicycles; and no person may operate a motorized bicycle wherever that prohibition or restriction is in force. Notwithstanding any provisions of any order, ordinance, or resolution to the contrary, the driver or passengers of a disabled vehicle stopped on a freeway may walk to the nearest exit, in either direction, on that side of the freeway upon which the vehicle is disabled, from which telephone or motor vehicle repair services are available.

(b) The prohibitory regulation authorized by subdivision (a) shall be effective when appropriate signs giving notice thereof are erected upon any freeway and the approaches thereto.

(d) Vehicles carrying items prohibited by regulations promulgated by the Department of Transportation.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

SEC. 12. Section 8503 of the Revenue and Taxation Code is amended to read:

8503. (a) Prior to imposing the tax, the commission shall adopt a regional transportation expenditure plan for the revenues derived from the tax. The regional transportation expenditure plan shall describe specific proposed transportation projects and the estimated cost of each project.

(b) The regional transportation expenditure plan shall also meet the following minimum objectives and criteria:

(1) Project expenditures shall reflect an equitable distribution of revenues throughout the region with not less than 95 percent of revenues from each county, based on population, being invested over the 20-year life of the tax in projects attributable to that county. In addition, during every five-year period, no less than 80 percent of the revenues from each county, based on population, invested during that period shall be invested in projects attributable to that county. The commission shall allocate any accrued interest according to the same formula. At the time of the development of the expenditure plan, the commission shall use population data from the most recent United States census, and shall take into account estimated increases in population over the 20-year period projected by the Association of Bay Area Governments.

(2) Projects included in the expenditure plan shall be consistent with the commission's regional transportation plan, a congestion management program, or a countywide transportation plan. The commission shall, in prioritizing projects in the expenditure plan, give additional consideration to projects where local land use policies reduce dependence on single-occupant motor vehicle travel. The expenditure plan development process shall include consultation with cities, counties, transit operators, congestion management agencies, and other interested groups.

(3) Cost estimates for each project shall be prepared by the commission, in consultation with project sponsors, and verified by an independent cost-estimating firm retained by the commission for that purpose. Estimates of other funding required to complete any project shall be based on an estimate of funds reasonably expected to be available during the 20-year period commencing with the year that the tax is initially imposed.

(4) To be eligible for inclusion in the expenditure plan, a project shall meet at least one of the following regional transportation needs:

(A) Fund maintenance and rehabilitation of local streets and roads, sidewalks, or bicycle routes, or close a gap in the local street and road system.

(B) Fund capital or operating expenses of public transit systems.

(C) Fund rail extension projects in the commission's Resolution 1876, Tier I funding plan, dated February 26, 1992, as contained in the commission's regional transportation plan.

(D) Provide an alternative to single occupancy automobile travel.

(E) Improve safety on specific roadway segments where accident or fatality rates exceed the expected rate for those segments over a multiyear timeframe, including, but not limited to, expansion or realignment of the roadway.

(F) Improve the operational efficiency of the existing roadway system without a physical expansion of the system. However, expansion projects to reconfigure existing interchanges are eligible for inclusion in the plan.

(G) Fund implementation of the requirements of the federal Americans with Disabilities Act of 1990 (P.L. 101-336), or those requirements as revised, on public transit systems and other transportation-related facilities.

(H) Fund seismic retrofitting of transportation facilities.

(I) Fund intermodal freight or passenger facilities.

(J) Fund transportation enhancement activities, as defined in subsection (a) of Section 101 of Title 23 of the United States Code.

(K) Defray interest costs and other expenses associated with the issuance of revenue bonds or revenue anticipation notes.

(5) If not otherwise available, sufficient funding shall be included in the cost estimates and expenditure plan presented to the voters to operate and maintain each included project for the duration of the tax.

SEC. 13. Section 8504 of the Revenue and Taxation Code is amended to read:

8504. (a) Following the adoption by the commission of a regional transportation expenditure plan, the board of supervisors of each county and city and county in the region shall, upon the request of the commission, submit to the voters at a local election consolidated with a statewide primary or general election specified by the commission, a measure, adopted by the commission, authorizing the commission to impose the tax throughout the region.

(b) The measure may not be grouped with state or local measures on the ballot, but shall be set forth in a separate category and shall be identified as Regional Measure 2.

(c) Regardless of the system of voting used, the wording of the measure shall read as follows:

"Shall The Metropolitan Transportation Commission be authorized to impose a tax of _____ per gallon on the sale of gasoline to build and operate transportation projects identified in the expenditure plan adopted by the commission?"

(d) The commission shall reimburse each county and city and county in the region for the cost of submitting the measure to the voters. These costs shall be reimbursed from revenues derived from the tax if the measure is approved by the voters or, if the measure is

not approved, from any funds of the commission that are available for general transportation planning.

(e) The board of supervisors of a county or city and county may elect not to submit the measure adopted by the commission to the voters if it submits an alternative countywide transportation funding measure to the voters at the same election.

SEC. 14. Section 10753 of the Revenue and Taxation Code, as amended by Section 139 of Chapter 17 of the Statutes of 1997, is amended to read:

10753. (a) Upon the first sale of a new vehicle to a consumer and upon each sale of a used vehicle to a consumer, the department shall determine the market value of the vehicle on the basis of the cost price to the purchaser as evidenced by a certificate of cost, but not including California sales or use tax or any local sales, transactions, use, or other local tax. "Cost price" includes the value of any modifications made by the seller.

(b) Notwithstanding subdivision (a), the department shall not redetermine the market value of used vehicles, or modify the vehicle license fee classification of used vehicles determined pursuant to Section 10753.1 or 10753.2, when the seller is the parent, grandparent, child, grandchild, or spouse of the purchaser, and the seller is not engaged in the business of selling vehicles subject to registration under the Vehicle Code, or when a lessor, as defined in Section 372 of the Vehicle Code, transfers title and registration of a vehicle to the lessee at the expiration or termination of a lease.

(c) (1) In the event any commercial vehicle is modified or additions are made to the chassis or body at a cost of two thousand dollars ($2,000) or more, but not including any change of engine of the same type or any cost of repairs to a commercial vehicle, the owner of the commercial vehicle shall report any modification or addition to the department and the department shall classify or reclassify the commercial vehicle in its proper class as provided in Section 10753.1 or 10753.2, taking into consideration the increase in the market value of the commercial vehicle due to those modifications or additions, and any reclassification resulting in increase in market value shall be based on the cost to the consumer of those modifications or additions. In the event any vehicle is modified or altered resulting in a decrease in the market value thereof of two hundred dollars ($200) or more as reported to and determined by the department, the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.1 or 10753.2.

(2) Paragraph (1) does not apply under any of the following conditions:

(A) When the cost of any modification or addition to the chassis or body of a commercial vehicle is less than two thousand dollars ($2,000).

(B) When the cost is for modifications or additions necessary to incorporate a system approved by the State Air Resources Board as meeting the emission standards set forth in subdivisions (a) and (b) of former Section 39102 and former Section 39102.5 of the Health and Safety Code as they read on December 31, 1975.

(C) When the cost is for modifications that are necessary to enable a disabled person to use or operate the vehicle.

79020. Unless the context otherwise requires, the following definitions govern the construction of this chapter.

(a) "Federal act" means the federal Safe Drinking Water Act (42 U.S.C. Sec. 300f et seq.), and includes any amendments thereto.

(b) "State department" means the State Department of Health Services.

(c) "Supplier" means any person, partnership, corporation, association, public agency, or other entity, including any Indian tribe having a federally recognized governing body carrying out substantial governmental duties in and powers over any area, that owns or operates a public water system.

Article 2. Safe Drinking Water State Revolving Fund

79021. The sum of seventy million dollars ($70,000,000) is hereby transferred from the fund to the Safe Drinking Water State Revolving Fund created by Section 116760.30 of the Health and Safety Code.

Article 3. Safe Drinking Water Program

79022. (a) The money transferred to the Safe Drinking Water State Revolving Fund pursuant to Section 79021, except as otherwise provided in Sections 79022.7 and 79025, shall be used by the state department for loans and grants to suppliers for the purposes of undertaking infrastructure improvements and related actions to meet safe drinking water standards, in accordance with the Safe Drinking Water State Revolving Fund Law of 1997 (Chapter 4.5 (commencing with Section 116760) of Part 12 of Division 104 of the Health and Safety Code).

(b) A supplier that is eligible for grants under Section 300j-12(i) of the federal act (42 U.S.C. Sec. 1452(i)) may concurrently make application for funds annually appropriated under the federal act and for bond proceeds made available under this chapter. The state department shall not place a public water system on the priority list for project funding or enter into a contract and award a grant or loan if a supplier has previously received a grant for public water system expenditure for the same project under Section 300j-12(i) of the federal act (42 U.S.C. Sec. 1452(i)) or if the supplier does not have a public water system permit pursuant to Section 116525 of the Health and Safety Code. The state department may place a public water system on the priority list for funding if a supplier has not otherwise received a letter of commitment to make a grant from the Administrator of the Environmental Protection Agency after 180 days from the date of the original submission of an application for a grant under Section 300j-12(i) of the federal act (42 U.S.C. Sec. 1452(i)).

(c) The Legislature finds and declares that Indian tribes shall be encouraged to cooperate with an adjacent public water system to determine whether the delivery of water from the public water system to the Indian tribe would be feasible and cost-effective in comparison to the improvement of a public water system owned or operated by the Indian tribe. The determination of feasibility shall include an assessment of whether the tribal water supplier possesses adequate financial, managerial, and technical capability to ensure the delivery of pure, wholesome, potable water to consumers. The Legislature further finds and declares that public water suppliers shall be encouraged to investigate opportunities for Indian tribes to deliver water beyond trust land boundaries to consumers that may not be economically served by a public water system.

(d) The state department shall encourage loan or grant applicants, where feasible, to consider the consolidation of small public water systems and community water systems with other public water systems to reduce the cost of service and improve the level of protection for consumers.

(e) To the extent that loans under this chapter that are made to a public water system regulated by the Public Utilities Commission

bear a lower interest rate than that supplier could receive from nongovernmental sources, the Public Utilities Commission shall ensure that the entire benefit of the interest rate differential shall benefit the rate payers of that system by including the lower interest rate when establishing the water system's weighted average cost of capital.

79022.5. Any repayment of loans made pursuant to this article, including interest payments, and all interest earnings on or accruing to, any money resulting from the implementation of this chapter in the Safe Drinking Water State Revolving Fund shall be deposited in that fund and shall be available for the purposes of this chapter.

79022.7. Notwithstanding Item No. 4260-115-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50, Statutes of 1999), no money transferred to the Safe Drinking Water State Revolving Fund pursuant to this article may be transferred to the General Fund.

79024. Of the funds transferred pursuant to Section 79021, the sum of two million dollars ($2,000,000) is hereby transferred from the Safe Drinking Water State Revolving Fund to the Technical Assistance Account.

79025. (a) Notwithstanding Section 13340 of the Government Code, the money in the Technical Assistance Account is hereby continuously appropriated, without regard to fiscal years, to the state department, to provide technical assistance to public water systems in the state in accordance with Section 300j-12(g)(2) of the federal act (42 U.S.C. Sec. 1452(g)(2)). For the purposes of this section, "technical assistance" includes assistance to disadvantaged communities, including Indian tribes.

(1) Assess the technical, managerial, and financial capability of a disadvantaged community.

(2) Assist an applicant in the preparation of an application for funding under Chapter 4.5 (commencing with Section 116760) of Part 12 of Division 104 of the Health and Safety Code or Section 300j-12(i) of the federal act (42 U.S.C. Sec. 1452(i)).

79039. (a) In order to ensure that property acquired under paragraph (1) of subdivision (b) of Section 79037 remains on the county tax rolls and in agricultural use to the greatest extent practicable, the acquisition of easements shall be the preferred method of acquiring property interests under that paragraph unless the acquisition of a fee interest is required for management purposes or the landowner will only consider the sale of a fee interest in the land. No acquisition of a fee interest shall be undertaken under paragraph (1) of subdivision (b) of Section 79037 until all practical alternatives have been considered by the department.

Interest from the trust fund shall be used only to maintain the lands that are acquired pursuant to this chapter.

(2) A local public agency or nonprofit organization that acquires land with money from the subaccount and transfers the land to another public agency or nonprofit organization shall also transfer the ownership of the trust fund that was established to maintain that land.

CHAPTER 9. WATER SUPPLY, RELIABILITY, AND INFRASTRUCTURE PROGRAM

Article 1. Water Supply, Reliability, and Infrastructure Account

79165. For the purposes of this chapter, "account" means the Water Supply, Reliability, and Infrastructure Account created by Section 79166.

79166. The Water Supply, Reliability, and Infrastructure Account is hereby created in the fund. The sum of six hundred thirty million dollars ($630,000,000) is hereby transferred from the fund to the account.

Article 2. Groundwater Storage Program

79170. The Legislature finds and declares that the conjunctive management of surface water and groundwater is an effective way to improve the reliability of water supply for all sectors in California.

79171. Unless the context otherwise requires, the following definitions govern the construction of this article:

(a) "Conjunctive use" means the temporary storage of water in a groundwater aquifer through intentional recharge and subsequent extraction for later use. Storage is accomplished by either of the following methods:

(1) "Direct recharge" of an aquifer by conducting surface water into the ground by various means, including, without limitation, spreading ponds and injection wells for the purpose of making the water stored in the aquifer available for extraction and later use in drier years.

(2) "In-lieu recharge" means increasing the amount of groundwater available in an aquifer by substituting surface water supplies to a user who would otherwise pump groundwater.

(b) "Conjunctive use facilities" include land and appurtenant facilities for any phase of a conjunctive use operation. Appurtenant facilities may include subsurface storage, treatment, conveyance, recharge ponds, injection wells, spreading grounds, monitoring, measurements, subsidence detection, flow regulation, detention basins to facilitate recharge, diversion facilities, and extraction facilities.

(c) "Conjunctive use project" means a project that is intended to produce water supply benefits for the local agency or a project that is intended to produce water supply benefits for water users, including the environment, in addition to the local agency.

(d) "Local agency" means any city, county, city and county, district, joint powers authority, mutual water company, or other political subdivision of the state.

(e) "Project participants" means any public agency participating in, and benefiting from, a conjunction use project under this article.

(f) "Subaccount" means the Conjunctive Use Subaccount created by Section 79172.

79172. There is hereby created in the account the Conjunctive Use Subaccount.

79173. The sum of two hundred million dollars ($200,000,000) is hereby transferred from the account to the subaccount for the purposes of implementing this article.

79174. The money in the subaccount, upon appropriation by the Legislature to the department, may be used by the department for grants for feasibility studies, project design, or the construction of conjunctive use projects on a pilot or operational scale.

79175. Not more than 5 percent of the total amount deposited in the subaccount may be expended for purposes of financing feasibility studies.

79176. For the purpose of approving projects pursuant to this article, the department shall give priority to those projects for which there is available third-party funds from any source other than the Central Valley Project Restoration Fund authorized by the Central Valley Project Improvement Act. The department shall also take into consideration all of the following with regard to each proposed project:

(a) The magnitude of the actual increase in water supply yield and reliability compared to preexisting conditions.

(b) The consistency with the plans or recommendations proposed by CALFED.

(c) The distribution of the benefits to water supply and to the environment.

(d) The availability of the storage for conserved water.

(e) The technical and environmental suitability of the groundwater basin for conjunctive use.

(f) The potential to reduce critically overdrafted conditions in a groundwater basin.

(g) The need for the project.

(h) The potential to alleviate salt water intrusion into groundwater basins or other groundwater quality degradation.

(i) The economic, engineering, and hydrogeologic justification for the project.

(j) The availability of third-party or local matching funds from any source other than the Central Valley Project Restoration Fund authorized by the Central Valley Project Improvement Act.

(k) The involvement of one or more local agencies whose jurisdiction or water service area overlies or is adjacent to the aquifer utilized to store water.

(*l*) The potential to reduce dry year demand for surface water under existing contracts.

(m) The existence of a system for the recovery of the stored water or an agreement with the department or a local agency for the installation of that system.

(n) Whether the project is located in an area that is subject to a groundwater management program.

79177. To be eligible for funding for the construction of a conjunctive use project under this article, an applicant that is other than a local agency shall be required to carry out that project with the participation of a local agency. The department or a local agency may provide technical assistance, coordination, or any other

assistance in implementing a project or study if requested by the participating local agency.

79178. No construction project may receive more than fifty million dollars ($50,000,000) from the subaccount.

79179. Not more than 5 percent of the total amount deposited in the subaccount may be used to pay the costs incurred in connection with the administration of this article.

79180. Not less than 40 percent of the total amount deposited in the subaccount shall be expended for studies, projects, and facilities within watersheds of the central valley.

79181. (a) A project undertaken pursuant to this article shall fully protect and preserve the groundwater rights of the overlying landowners and shall fully protect and preserve the water rights of the project participants. The department shall not provide funding for a project unless it determines that the project will be designed and operated in a manner that ensures that other users of the same or a hydrologically related aquifer will not suffer any unreasonable diminution of the quantity or quality of their groundwater supplies or incur additional uncompensated expense as a result of the implementation of the project.

(b) For the purposes of receiving funding for a conjunctive use project pursuant to this article, the applicant shall be required to do both of the following:

(1) Provide for a continuing groundwater monitoring and mitigation program.

(2) Limit the extraction of the groundwater to not more than the amount of water that is stored or recharged by the project participants or the amount that complies with all laws and contract terms governing the extraction, appropriation, and use of groundwater by the project participants.

(c) Persons and agencies participating in the project may not assert a claim or file a cause of action against an overlying landowner who is not exceeding either of the following:

(1) The overlying landowner's historic rate of groundwater pumping.

(2) The full amount of groundwater to which the overlying landowner would be entitled to under state law regarding rights to groundwater and reasonable beneficial use on the landowner's land that overlies the groundwater.

(d) The overlying landowners may not assert a claim or file a cause of action against the persons or agencies participating in the project if the project is implemented in compliance with this section, except as provided by contract between the project participants.

(e) Nothing in this article modifies state law with regard to groundwater rights, regulation, or management.

79182. In carrying out this article and awarding grants, the department shall convene and consult with an advisory committee comprised of technically qualified representatives of local water

agencies, project participants, environmental interests, agricultural laborer interests, and interests representing farmers who use groundwater. The advisory committee shall be geographically balanced to reflect the communities that use water in the Central Valley. If a member of the advisory committee, or a member of his or her immediate family, is employed by a grant applicant or the employer of a grant applicant, the committee members shall make that disclosure to the other members of the committee and shall not participate in the review of the grant application of that applicant.

79183. The department may adopt regulations to carry out this article.

Article 3. Bay-Delta Multipurpose Water Management Program

79190. Unless the context otherwise requires, the following definitions govern the construction of this article:

(a) "CALFED Bay-Delta Program" or "program" means the undertaking by CALFED pursuant to the Framework Agreement dated June 20, 1994, to develop a long-term solution to water management, environmental, and other problems in the bay-delta watershed by means of a programmatic environmental impact statement/environmental impact report.

(b) "CALFED EIS/EIR" means the final programmatic environmental impact statement/environmental impact report prepared by CALFED.

(c) "CALFED stage 1 action" means an action identified in the preferred alternative of the CALFED EIS/EIR as an action intended for implementation during stage 1 of Phase III of the CALFED Bay-Delta Program.

(d) (1) "Eligible project" means a demonstration project, subject to the CALFED adaptive management principle that requires an assessment of the performance of the demonstration projects in order to determine which projects are successful in achieving the goals of the program.

(2) "Eligible project" means a project that meets both of the following requirements.

(A) The project is identified in the CALFED EIS/EIR as a CALFED stage 1 action.

(B) The project does one or more of the following:

(i) Constructs treatment facilities or relocates discharge facilities for agricultural drainage generated within the delta to improve water quality in the delta or the quality of water that is transported from the delta.

(ii) Constructs facilities to control waste discharges that contribute to low dissolved oxygen and other water quality problems in the lower San Joaquin River and the south delta.

(iii) Constructs fish facilities for the State Water Project or the Central Valley Project intakes in the south delta, such as facilities for

fish screens, fish handling, and fish passage, or modifications to intake structures or other facilities, to reduce losses of any life stages of fish to water diversions in the San Joaquin River and the delta in accordance with paragraph (1) of Section (C) of Chapter IV of the board's 1995 water quality control plan.

(iv) Constructs a permanent barrier at the head of Old River to improve fish migration and other permanent barriers in the south delta channels to improve water quality and water level for local diversions.

(v) Constructs facilities to control drainage from abandoned mines that adversely affect water quality in the bay-delta.

(a) CALFED is in the process of preparing a programmatic EIS/EIR for a long-term comprehensive plan that will resolve problems related to ecosystem restoration, including the recovery of endangered species such as chinook salmon, water quality, water supply, water management, and system integrity for the protection of beneficial uses of the bay-delta ecosystem.

(b) The CALFED Bay-Delta Program is of statewide and national importance. The state should participate in the funding of eligible projects as a part of its ongoing program to improve conditions in the bay-delta ecosystem.

(c) The programmatic EIS/EIR will include a schedule for funding and implementing all elements of the long-term comprehensive plan.

(d) The elements of the CALFED Bay-Delta Program will achieve balanced solutions in all identified problem areas, including the ecosystem, water quality, water supply, and system integrity.

79193. (a) This article does not authorize the implementation of the CALFED Bay-Delta Program or any element of that program. The implementation of the CALFED Bay-Delta Program, or any element of that program, shall only be undertaken pursuant to authority provided by law other than this division.

(b) Nothing in this article affects the obligation to comply with provisions of existing law in connection with the implementation of this article.

79194. There is hereby created in the account the Bay-Delta Multipurpose Water Management Subaccount.

79195. The sum of two hundred fifty million dollars ($250,000,000) is hereby transferred from the account to the subaccount.

(b) Money in the subaccount that is allocated to carry out eligible projects, as described in clauses (ii), (iv), and (vi) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190, and is not expended for those purposes, may be reallocated by the department to carry out other eligible projects, as described in clauses (i), (iii), and (v) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

(c) No funds in the subaccount shall be used by the department unless and until the department has consulted, on an annual basis, with the state and federal agencies that participate in CALFED, as well as representatives of the public convened as a duly authorized advisory committee, with regard to the specific projects proposed for funding under this article. Decisions regarding specific expenditures of funds provided under this article shall be jointly determined, to the maximum extent possible, by the recommendations of the state and federal CALFED agencies with the advice of the advisory committee.

79196.5. The funds appropriated pursuant to Section 79196 shall be allocated as following:

(a) Seventeen million dollars ($17,000,000) for the purposes of the project described in clause (i) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

(b) Forty million dollars ($40,000,000) for the purposes of the project described in clause (ii) of subparagraph (B) of paragraph (2) of subdivision (d) of Section 79190.

79197. No funds in the subaccount may be expended until all of the following conditions have been met:

(a) The CALFED EIS/EIR has been certified by the state lead agency and a notice of determination has been issued as required by

Division 13 (commencing with Section 21000) of the Public Resources Code.

(b) The CALFED EIS/EIR has been filed by the federal lead agencies with the United States Environmental Protection Agency, the required notice has been published in the Federal Register, and there has been federal approval of a program identical to the program approved by the state.

79198. The state, to the greatest extent possible, shall secure federal and nonfederal funds to implement this article.

79199. Due to the importance of issuing permits and otherwise expediting all elements of the CALFED Bay-Delta Program in a timely and balanced manner, the following procedures shall apply to the use of funds authorized by this article:

(a) After the requirements set forth in Section 79197 are met, funds in the subaccount shall become available for use in accordance with the schedule for eligible projects set forth in the final programmatic EIS/EIR, unless the Secretary of the Resources Agency determines that the schedule established in the final programmatic EIS/EIR has not been substantially adhered to.

(b) On or before November 15 of each year, the Secretary of the Resources Agency, in consultation with state and federal CALFED representatives and other interested persons and agencies, shall review adherence to the schedule.

(c) The absence of funding from nonfederal or nonstate sources shall not be a basis for a determination that the schedule has not been adhered to.

(d) If, at the conclusion of each annual review, the Secretary of the Resources Agency determines that the schedule established in the final programmatic EIS/EIR, or a revised schedule prepared pursuant to this subdivision, has not been substantially adhered to, the secretary, after notice to, and consultation with, state and federal CALFED representatives and other interested persons and agencies, shall prepare a revised schedule that ensures that balanced solutions in all identified problem areas, including ecosystem restoration, water supply, water quality, and system integrity are achieved, consistent with the intent of the final programmatic EIS/EIR. Funds shall be available for expenditure unless a revised schedule has not been developed within six months from the date on which the secretary determines that the prior schedule has not been substantially adhered to. Upon the preparation of any revised schedule under this subdivision, funds shall be expended in accordance with that revised schedule.

(e) Funds in the subaccount shall become available in accordance with the cost-share agreement developed by the CALFED Bay-Delta Program, which shall describe the federal, state, and local share of funding for the programs, projects, and other CALFED stage 1 actions.

79200. On or before December 15 of each year, the Secretary of the Resources Agency shall submit an annual report to the Legislature that describes the status of the implementation of all elements of the CALFED Bay-Delta Program, any determinations made by the secretary pursuant to subdivisions (b) and (d) of Section 79199 and other significant scheduling issues. The report also shall include a detailed accounting of expenditures, descriptions of programs for which expenditures have been made, and a schedule of anticipated expenditures for the next year.

79201. The report prepared pursuant to Section 79200 shall include both of the following:

(a) A summary of the results achieved by the projects funded under this article.

(b) An identification of any necessary modifications that should be made to eligible projects or other CALFED bay-delta projects, to ensure that the goals and objectives of CALFED are met.

79201.5. Nothing in this article shall be construed to address the allocation of benefits from projects or programs funded by this article. It is anticipated that this issue will be settled in the CALFED process or by the Legislature by statute.

79202. Not more than 5 percent of the total amount deposited in the subaccount may be used to pay the costs incurred in connection with the administration of this article.

79203. The department may adopt regulations to carry out this article.

Article 4. Interim Water Reliable Supply and Water Quality Infrastructure and Management Program

79205.2. (a) "Delta export service area," as used in this article, means both of the following:

(1) The counties included within the Association of Bay Area Governments.

(2) Those areas of the state outside the delta that receive water from the State Water Project or the Central Valley Project, either directly or by exchange, by means of diversions from the delta.

(b) "Local agency," as used in this article, means any city, county, city and county, district, or other political subdivision of the state.

79205.4. (a) There is hereby created the Interim Water Supply and Water Quality Infrastructure and Management Subaccount.

(b) For the purposes of this article, "subaccount" means the Interim Reliable Water Supply and Water Quality Infrastructure and Management Subaccount.

79205.6. The sum of one hundred eighty million dollars ($180,000,000) is hereby transferred from the account to the subaccount for the purposes of this article.

79205.8. (a) The money in the subaccount, upon appropriation by the Legislature to the department, may be used by the

department to provide grants or loans, or any combination thereof, which are approved by the Governor, to local agencies located in the delta export service areas for programs or projects that can be completed and provide the intended benefits not later than March 8, 2009, and are designed to increase water supplies, enhance water supply reliability, or improve water quality.

(b) The department shall provide grants for programs or projects located outside the delta and which meet one of the following requirements:

(1) The project or program constructs new or expands existing groundwater storage and recovery projects or acquires rights to use storage in existing reservoirs.

(2) The project or program implements measures that facilitate improved water treatment, water transfers, or exchanges, including, but not limited to, a project that improves water quality by shifting reliance from lower quality to higher quality water supplies.

(3) The project or program implements state of the art agricultural water conservation programs, and programs that treat or manage agricultural drainage water for reuse or instream water quality benefits.

(c) The department shall list the projects that are proposed to be funded from the subaccount.

79205.10. For purposes of prioritizing eligible programs or projects for funding under this article, the department shall give priority to programs or projects that meet one or more of the following requirements:

(a) Can be completed expeditiously and thereby provide near term benefits and more immediate mitigation of urgent problems related to water supply and water quality.

(b) Implements actions to improve water quality and protect water level conditions in San Luis Reservoir.

(c) Includes public-private partnerships or cost sharing arrangements that maximize public benefits.

(d) Sponsored by a public agency with water supplies that are being or would be impacted to a greater degree by delta-related water supply shortages and water quality degradation.

79205.12. The state, to the greatest extent possible, shall seek matching federal funds to implement this article.

79205.14. Funds available from the subaccount shall be available for all phases of project development including, but not limited to, project administration, permitting and environmental compliance, feasibility studies, and construction.

79205.16. Not more than 5 percent of the total amount deposited in the subaccount may be used to pay costs incurred in connection with the administration of this article.

CHAPTER 10. FISCAL PROVISIONS

79210. Bonds in the total amount of one billion nine hundred seventy million dollars ($1,970,000,000), not including the amount of any refunding bonds issued in accordance with Section 79219, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this division and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

79211. (a) The bonds authorized by this division shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), except Section 16727, and all of the provisions of that law apply to the bonds and to this division and are hereby incorporated in this division as though set forth in full in this division.

(b) For purposes of the State General Obligation Bond Law, each state agency that administers an appropriation of the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Bond Fund is designated the "board."

79212. Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this division, the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Finance Committee is hereby created. For purposes of this division, the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Finance Committee is the "committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Treasurer, the Controller, and the Director of Finance, or their designated representatives. A majority of the committee may act for the committee.

79213. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this division in order to carry out the actions specified in this division and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

79214. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the

collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

79215. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this division, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this division, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 79216, appropriated without regard to fiscal years.

79216. For the purposes of carrying out this division, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds that have been authorized by the committee to be sold for the purpose of carrying out this division. Any amount withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this division.

79217. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

79218. The agency that administers an appropriation of the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Bond Fund may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this division. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this division. The requesting agency shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the requesting agency in accordance with this division.

79219. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this division includes the approval of the issuance of any other bonds issued to refund any bonds originally issued under this division or any previously issued refunding bonds.

79220. Notwithstanding any provision of this division or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this division that include a bond counsel opinion to the effect that

the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of that state.

79221. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this division are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

SEC. 1.5. Section 1812.6 is added to the Water Code, to read:

1812.6. (a) On or before October 15, 1999, the Imperial Irrigation District, the Coachella Valley Water District, and the Metropolitan Water District of Southern California shall sign and adopt a quantification agreement regarding their respective Colorado River entitlements. The quantification agreement shall secure the approval of the Metropolitan Water District of Southern California and the Coachella Valley Water District for a transfer for the benefit of the San Diego County Water Authority of up to 200,000 acre-feet of water under the exchange agreement between the San Diego County Water District and the Metropolitan Water District of Southern California dated November 10, 1998. The quantification agreement shall be consistent with federal and state law.

(b) If by October 15, 1999, the quantification agreement described in subdivision (a) is not signed by all three districts listed in subdivision (a), the Governor or his sole designee shall promulgate a quantification settlement by January 1, 2000, and impose that settlement on the Imperial Irrigation District, the Coachella Valley Water District, and the Metropolitan Water District of Southern California. The quantification settlement shall meet the requirement of subdivision (a). The Governor, or his designee shall insure that any quantification agreement or settlement, whether imposed by the Governor pursuant to this subdivision or agreed to among the Imperial Irrigation District, the Coachella Valley Water District, the Metropolitan Water District of Southern California and any other parties, shall not limit the right or obligation of the State of California, or the right of any person, to enforce the provisions of the California Constitution and conforming state statutes and regulations.

(c) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

SEC. 2. Section 13480 of the Water Code is amended to read:

13480. (a) Moneys in the fund shall be used only for the permissible purposes allowed by the federal act, including providing financial assistance for the following purposes:

19989. The grant funds authorized pursuant to Section 19988, and the matching funds provided pursuant to Section 19995, shall be used by the recipient for any of the following purposes:

(a) Acquisition or construction of new facilities or additions to existing public library facilities.

(b) Acquisition of land necessary for the purposes of subdivision (a).

19991. All construction contracts for projects funded in part through grants awarded pursuant to this chapter shall be awarded through competitive bidding pursuant to Part 3 (commencing with Section 20100) of Division 2 of the Public Contract Code.

19992. This chapter shall be administered by the State Librarian. The board shall adopt rules, regulations, and policies for the implementation of this chapter.

19993. A city, county, city and county, or district may apply to the State Librarian for a grant pursuant to this chapter, as follows:

(a) Each application shall be for a project for a purpose authorized by Section 19989.

(b) An application may not be submitted for a project for which construction bids already have been advertised.

(c) The applicant shall request not less than fifty thousand dollars ($50,000) per project.

19994. (a) The State Librarian shall consider applications for construction of new public library facilities submitted pursuant to Section 19993 in the following priority order:

(1) First priority shall be given to joint use projects in which the agency that operates the library and one or more school districts have a cooperative agreement.

(2) Second priority shall be given to all other public library projects.

(b) The State Librarian shall consider applications for remodeling or rehabilitation of existing public library facilities pursuant to Section 19993 in the following priority order:

(1) First priority shall be given to public library projects in the attendance areas of public schools that are determined, pursuant to regulations adopted by the board, to have inadequate infrastructure to support access to computers and other educational technology.

(2) Second priority shall be given to all other projects.

19995. (a) Each grant recipient shall provide matching funds from any available source in an amount equal to 35 percent of the costs of the project. The remaining 65 percent of the costs of the project, up to a maximum of twenty million dollars ($20,000,000) per project, shall be provided through allocations from the fund.

(b) Qualifying matching funds shall be cash expenditures in the categories specified in Section 19989 which are made not earlier than three years prior to the submission of the application to the State Librarian. Except as otherwise provided in subdivision (c), in-kind expenditures do not qualify as matching funds.

(c) Land donated or otherwise acquired for use as a site for the facility, including, but not limited to, land purchased more than three years prior to the submission of the application to the State Librarian, may be credited towards the 35 percent matching funds requirement at its appraised value as of the date of the application. This subdivision shall not apply to land acquired with funds authorized pursuant to Part 68 (commencing with Section 100400).

(d) Architect fees for plans and drawings for library renovation and new construction, including, but not limited to, plans and drawings purchased more than three years prior to the submission of the application to the State Librarian, may be credited towards the 35 percent matching funds requirement.

19996. (a) The estimated costs of a project for which an application is submitted shall be consistent with normal public construction costs in the applicant's area.

(b) An applicant wishing to construct a project having costs that exceed normal public construction costs in the area may apply for a grant in an amount not to exceed 65 percent of the normal costs up to a maximum of twenty million dollars ($20,000,000) per project if the applicant certifies that it is capable of financing the remainder of the project costs from other sources.

19997. Once an application has been approved by the board and included in the State Librarian's request to the committee, the amount of the funding to be provided to the applicant may not be increased. Any actual changes in project costs are the full

responsibility of the applicant. If the amount of funding that is provided is greater than the cost of the project, the applicant shall return that portion of the funding that exceeds the cost of the project to the fund. If an applicant has been awarded funding by the board, but chooses not to proceed with the project, the applicant shall return all of the funding to the fund.

19998. (a) In reviewing applications, as part of establishing the priorities set forth in Section 19994 the board shall consider all of the following factors:

(1) Needs of urban and rural areas.

(2) Population growth.

(3) Age and condition of the existing library facility.

(4) The degree to which the existing library facility is inadequate in meeting the needs of the residents in the library service area and the degree to which the proposed project responds to the needs of those residents.

(5) The degree to which the library's plan of service integrates appropriate electronic technologies into the proposed project.

(6) The degree to which the proposed site is appropriate for the proposed project and its intended use.

(7) The financial capacity of the local agency submitting the application to open and maintain operation of the proposed library for applications for the construction of new public libraries.

(b) If, after an application has been submitted, material changes occur that would alter the evaluation of an application, the State Librarian may accept an additional written statement from the applicant for consideration by the board.

19999. (a) A facility, or the part thereof, acquired, constructed, or remodeled, or rehabilitated with grants received pursuant to this chapter shall be dedicated to public library direct service use for a period of not less than 20 years following completion of the project.

(b) The interest of the state in land or a facility, or both, pursuant to the funding of a project under this chapter, as described in subdivision (a), may be transferred by the State Librarian from the land or facility, or both, for which that funding was granted to a replacement site and facility acquired or constructed for the purpose of providing public library direct service.

(c) If the facility, or any part thereof, acquired, constructed, remodeled, or habilitated with grants received pursuant to this chapter ceases to be used for public library direct service prior to the expiration of the period specified in subdivision (a), the board is entitled to recover, from the grant recipient or the recipient's successor in the maintenance of the facility, an amount that bears the same ratio to the value of the facility, or the appropriate part thereof, at the time it ceased to be used for public library direct service as the amount of the grant bore to the cost of the facility or the appropriate part thereof. For purposes of this subdivision, the value of the facility, or the appropriate part thereof, is determined by the mutual

agreement of the board and the grant recipient or successor, or through an action brought for that purpose in the superior court.

(d) Notwithstanding subdivision (f) of Section 16724 of the Government Code, any money recovered pursuant to subdivision (c) shall be deposited in the fund, and shall be available for the purpose of awarding grants for other projects.

Article 3. Fiscal Provisions

20000. Bonds in the amount of three hundred fifty million dollars ($350,000,000), exclusive of refunding bonds, or so much thereof as is necessary, may be issued and sold for deposit in the fund to be used in accordance with, and for carrying out the purposes expressed in, this chapter, including all acts amendatory thereof and supplementary thereto, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of and interest on bonds as the principal and interest become due and payable.

20001. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

20002. (a) For purposes of this chapter, the California Library Construction and Renovation Finance Committee established pursuant to Section 19972 is the "committee" as that term is used in the State General Obligation Bond Law.

(b) For purposes of the State General Obligation Bond Law, the California Public Library Construction and Renovation Board established pursuant to subdivision (c) of Section 19986 is designated the "board."

20003. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in this chapter, including all acts amendatory thereof and supplementary thereto, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

20004. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of and interest on the bonds each year. It is the

duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

20005. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of and interest on bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 20006, appropriated without regard to fiscal years.

20006. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, with interest at the rate earned by the money in the Pooled Money Investment Account during the time the money was withdrawn from the General Fund pursuant to this section, from money received from the sale of bonds for the purpose of carrying out this chapter.

20007. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

20008. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government Code. Approval of the electors of the state for the issuance of bonds under this chapter shall include the approval of the issuance of any bonds issued to refund any bonds originally issued or any previously issued refunding bonds.

20009. All money deposited in the fund that is derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

20010. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the

California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

20011. Amounts deposited in the fund pursuant to this chapter may be appropriated in the annual Budget Act to the State Librarian for the actual amount of office, personnel, and other customary and usual expenses incurred in the direct administration of grant projects pursuant to this chapter, including, but not limited to, expenses incurred by the State Librarian in providing technical assistance to an applicant for a grant under this chapter.

Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting in the election is done by a means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

(b) The amount of the general obligation bonds to be sold shall equal the cost of construction, renovation, and equipping of the laboratories and facilities, the cost of working drawings and preliminary plans, sums necessary to pay financing costs, including interest during construction, and a reasonable reserve fund.

14108.3. The bonds authorized by this title shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

14108.4. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this title, the Hertzberg-Polanco Forensic Laboratories Construction Act Finance Committee is hereby created. For purposes of this chapter, the Hertzberg-Polanco Forensic Laboratories Construction Act Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Controller, the Director of Finance, and the Treasurer, or their designated representatives. The Treasurer shall serve as chairperson of the committee. A majority of the committee may act for the committee.

(b) For purposes of the State General Obligation Bond Law, the Forensic Laboratories Authority is designated the "board."

14108.5. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this title in order to carry out Section 14108.1 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

14108.6. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds maturing each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

14108.7. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this title, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this title, as the principal and interest become due and payable.

(b) The sum that is necessary to carry out Section 14108.8, appropriated without regard to fiscal years.

14108.8. For purposes of carrying out this title, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this title. Any amount withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this title.

14108.9. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for purposes of carrying out this title. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this title. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this title.

14108.10. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

14108.11. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this title includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this title or any previously issued refunding bonds.

14108.12. Notwithstanding any provision of this title or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this title that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

14108.13. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this title are not "proceeds of taxes" as that term is used in Article XIII B

of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

14108.14. The authority is authorized to apply for any funds that may be available from the federal government to further the purposes of this title.

CHAPTER 2. FORENSIC LABORATORIES AUTHORITY

14109. (a) There is hereby created within the Department of Justice the Forensic Laboratories Authority.

(b) (1) The authority shall be composed of seven members, including the Attorney General, the State Director of Crime Laboratories, and five members who shall be appointed by the Governor, with the advice and consent of the Senate.

(2) Of the members that are first appointed, two shall be appointed for a term of two years, two for a term of three years, and one for a term of four years. Their successors shall serve for a term of three years and until appointment and qualification of their successors, each term to commence on the expiration date of the term of the predecessor.

(c) The first appointments shall be made by April 1, 2000.

(d) The first meeting of the authority shall occur by May 15, 2000. The authority shall meet at least twice a year.

(e) The Governor shall select a chair and vice-chairperson from among its members. Four members of the authority shall constitute a quorum.

(f) If any appointed member is not in attendance for three consecutive meetings, the authority shall recommend to the Governor that the member be removed and the Governor shall make a new appointment for the remainder of the term.

(g) The authority shall comply with the state open meetings law pursuant to Article 9 (commencing with Section 11120) of Division 3 of Title 2 of, and Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of, the Government Code.

14109.1. Members of the authority shall receive no compensation, but shall be reimbursed for their actual and necessary travel expenses incurred in the performance of their duties. For purposes of compensation, attendance at meetings of the authority shall be deemed performance by a member of the duties of his or her state or local governmental employment.

14109.2. This chapter shall be repealed on January 1, 2010.

CHAPTER 3. FORENSIC LABORATORY CONSTRUCTION AND REMODELING APPLICATIONS

14109.5. (a) The authority shall consider applications for funding the construction of new local forensic laboratories and the renovation of existing local forensic laboratories.

(b) Upon approval of an application, the authority shall have the authority to make grants from the Forensic Laboratories Capital Expenditure Bond Fund to fund the construction and renovation of forensic laboratories.

(c) The manner and form of the application shall be prescribed by the authority.

(d) The Legislature may establish additional criteria which the authority shall use for approval of applications for construction and renovation.

(e) The authority shall make grants for the construction and renovation of forensic laboratories only if the following requirements are met:

(1) The applicant provides 10 percent in matching funds. This requirement may be modified or waived by the Legislature where it determines that it is necessary to facilitate the expeditious and equitable construction or remodeling of local forensic laboratory facilities.

(2) The governing body of the entity, or of each entity, comprising the applicant approves a resolution or resolutions agreeing to pay for the ongoing operating costs of the laboratory.

(3) The application will not jeopardize the tax-exempt status of the bond issue.

(4) Construction or renovation project management is vested in a public works, or similar agency with the requisite expertise.

(5) The construction or renovation project complies with state or local bidding and contract requirements.

SEC. 2. Section 1 of this act shall take effect upon adoption by the voters at the March 7, 2000, primary election, of the Hertzberg-Polanco Crime Laboratories Construction Bond Act of 1999, as set forth in Section 1 of this act.

SEC. 3. Section 1 of this act shall be submitted to the voters at the March 7, 2000, primary election, in accordance with provisions of the Elections Code and Government Code governing the submission of statewide measures to the voters.

SEC. 4. (a) Notwithstanding any other provision of law, all ballots of the election shall have printed thereon and in a square thereof, the words: "The Hertzberg-Polanco Crime Laboratories Construction Bond Act of 1999," and in the same square under those words, the following in 8-point type: "This act provides for a bond issue of two hundred twenty million dollars ($220,000,000) to provide funds for a program for the construction, renovation, and infrastructure costs associated with the construction of new local forensic laboratories and the remodeling of existing local forensic laboratories." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

(b) If the voting in the election is done by means of voting machines used pursuant to law in a manner that carries out the intent

of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Secretary of State has directed that in order for a bond measure to be placed on the March 7, 2000, ballot, the measure must contain an urgency provision. In order to submit this bond measure to the voters on that ballot and to ensure funding of local forensic laboratories, it is necessary that this act take effect immediately.

(2) Expand the state's policy to accept into the veterans' homes those veterans who suffer from Alzheimer's disease or other diseases causing dementia.

(3) Set a goal of at least 3 percent of the construction contracts for these homes to be awarded to disabled veteran business enterprises.

SEC. 1.5. Section 15819.90 of the Government Code is amended to read:

15819.90. (a) It is the intent of the Legislature to make an appropriation for three additional sites of the Southern California Veterans' Home, for a total of four sites.

(b) (1) (A) The board shall issue revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to Chapter 5 (commencing with Section 15830) to finance the construction of an additional site of the Southern California Veterans' Home only in accordance with subparagraph (B).

(B) Authorization and bond issuance for the second site shall take place after the department certifies that the construction of the first site, the veterans' home at Barstow, as set forth in Section 15819.85, has been completed and opened, and demonstrates to the State Public Works Board that the facility is fully operational and that there is a demonstrated demand for a second site.

(2) The second, third, and fourth sites shall be in addition to the first site provided for in Section 15819.85.

(c) The amount of revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold pursuant to Chapter 5 (commencing with Section 15830) for capital outlay for this purpose shall not exceed the sum of twelve million dollars ($12,000,000). These funds shall also be used for repayment of any loan made pursuant to former Section 15819.90, as added by Chapter 943 of the Statutes of 1995, for costs related to the first and second sites.

(d) In addition to the funds appropriated pursuant to subdivision (g), the sum of sixty-six million dollars ($66,000,000) in federal matching funds available pursuant to the State Veterans' Home

(g) Notwithstanding Section 13340, funds derived for the purposes of this section from the financing methods of Chapter 5 (commencing with Section 15830) are hereby appropriated, without regard to fiscal year, to the board on behalf of the Department of Veterans Affairs for the construction or repayment of any loans related to the second site of the Southern California Veterans' Home.

(h) The State Public Works Board may borrow funds for all phases of the projects from the Pooled Money Investment Account pursuant to Sections 16212 and 16313, and any other legal fund sources.

(i) The board may authorize the augmentation of the cost of the construction of the sites set forth in this chapter pursuant to the board's authority under Section 13332.11. In addition, the board may authorize any additional amounts necessary to pay the costs of financing, including, but not limited to, the payment of interest during construction of the sites, any additional amount as may be authorized by the board to pay the cost of financing a reasonably required reserve fund, interest payable on any interim loan for the homes from the Pooled Money Investment Account pursuant to Section 16312, and the costs of issuance of permanent financing of the sites. Notwithstanding subdivision (d) of Section 13332.11, the board shall defer all augmentations in excess of 10 percent of the amount appropriated for each capital outlay project until the Legislature makes additional funds available for the specific project.

The Director of Veterans Affairs shall notify the Chairperson of the Joint Legislative Budget Committee of the director's intention to execute any lease agreement authorized by this section at least 45 days prior to its execution.

CHAPTER 2. VETERANS' HOMES BOND ACT OF 2000

Article 1. General Provisions

1100. This chapter shall be known, and may be cited, as the Veterans' Homes Bond Act of 2000.

1102. As used in this chapter, the following terms have the following meaning:

(a) "Board" means the Department of Veterans Affairs designated in accordance with subdivision (b) of Section 1108.

(b) "Committee" means the Veterans' Home Finance Committee created pursuant to subdivision (a) of Section 1108.

(c) "Fund" means the Veterans' Home Fund created pursuant to Section 1103.

1104. (a) Upon appropriation by the Legislature, money in the fund shall be used by the Department of Veterans Affairs for the purpose of designing and constructing veterans' homes in California and completing a comprehensive renovation of the Veterans' Home at Yountville. Funding from this bond shall be allocated to fund the state's matching requirement to construct or renovate those veterans' homes in Section 1011 first, and then fund any additional homes established under this section. These homes shall be in addition to sites authorized under Section 1011.

(b) Notwithstanding any other provision of law, construction contracts awarded for veterans' homes shall have a statewide participation goal of not less than 3 percent for disabled veteran business enterprises, as defined in subdivision (g) of Section 999.

Article 3. Fiscal Provisions

1105. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the State Treasury to the credit of the Veterans' Home Fund, created by Section 1103.

1106. Bonds in the total amount of fifty million dollars ($50,000,000), not including the amount of any refunding bonds issued in accordance with Section 1130, or as much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to be used and sold for carrying out the purposes of Section 1104 and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and shall constitute a valid and binding obligation

of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both the principal of, and interest on, the bonds as the principal and interest become due and payable.

1107. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

1108. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this chapter, the Veterans' Home Finance Committee is hereby created. For purposes of this chapter, the Veterans' Home Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Treasurer, the Controller, the Director of Finance, and the Secretary of Veterans Affairs, or their designated representatives. The Treasurer shall serve as chairperson of the committee. A majority of the committee may act for the committee.

(b) For purposes of the State General Obligation Bond Law, the Department of Veterans Affairs is designated the "board."

1109. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in this chapter and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

1110. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds maturing each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

1111. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 1112 appropriated without regard to fiscal years.

1112. The Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the

amount of the unsold bonds that have been authorized by the committee to be sold for the purpose of carrying out this chapter. Any amount withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from money received from the sale of bonds for the purpose of carrying out this chapter.

1113. The Department of Veterans Affairs may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account in accordance with Section 16312 of the Government Code for the purposes of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter. The department shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the department in accordance with this chapter.

1114. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

1115. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.

1116. Notwithstanding any provision of this chapter or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

1117. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the

California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

SEC. 2.5. Section 1.5 of this act shall become operative only if the voters approve the Veterans' Homes Bond Act of 2000, as set forth in Section 2 of this act, at the March 7, 2000, statewide primary election.

SEC. 3. Chapter 2 (commencing with Section 1100) of Division 5 of the Military and Veterans Code, as added by Section 2 of this act, shall become effective upon the adoption by the voters of the Veterans' Homes Bond Act of 2000, as set forth in Section 2 of this act.

SEC. 4. (a) The Secretary of State shall submit Chapter 2 (commencing with Section 1100) of Division 5 of the Military and Veterans Code (the Veterans' Homes Bond Act of 2000), as set forth in Section 2 of this act, to the voters at the March 7, 2000, statewide direct primary election.

(b) The Secretary of State shall ensure the placement of Chapter 2 (commencing with Section 1100) of Division 5 of the Military and Veterans Code (the Veterans' Homes Bond Act of 2000), as set forth in Section 2 of this act, on the March 7, 2000, statewide direct primary election ballot.

(c) The Secretary of State shall include, in the ballot pamphlets mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of the Elections Code regarding the bond act contained in Chapter 2 (commencing with Section 1100) of Division 5 of the Military and Veterans Code (the Veterans' Homes Bond Act of 2000), as set forth in Section 2 of this act. If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding Chapter 2 (commencing with Section 1100) of Division 5 of the Military and Veterans Code (the Veterans' Homes Bond Act of 2000), as set forth in Section 2 of this act, to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall be mailed separately.

SEC. 5. (a) Notwithstanding any other provision of law, with respect to the Veterans' Homes Bond Act of 2000, all ballots of the election shall have printed thereon and in a square thereof, exclusively, the words "Veterans' Homes Bond Act of 2000" (At this point, the Attorney General shall include the financial impact summary prepared pursuant to Section 9087 of the Elections Code and Section 88003 of the Government Code). Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

(b) Notwithstanding Sections 13247 and 13281 of the Elections Code, the language in subdivision (a) shall be the only language included in the ballot label for the condensed statement of the ballot title, and the Attorney General shall not supplement, subtract from, or revise that language, except that the Attorney General may include the financial impact summary prepared pursuant to Section

9087 of the Elections Code and Section 88003 of the Government Code. The ballot label is the condensed statement of the ballot title and the financial impact summary.

(c) Notwithstanding Section 13282 of the Elections Code, the public shall be permitted to examine the condensed statement of the ballot title in subdivision (a) for not more than eight days, and the financial impact statement from the time it is received by the Secretary of State until the end of the eight days. Any voter may seek a writ of mandate for the purpose of requiring any statement of the ballot label, or portion thereof, to be amended or deleted only within that eight-day period.

(d) Where the voting in the election is done by means of voting machines used pursuant to law in a manner that carries out the intent of this section, the use of the voting machines and the expression of the voter's choice by means thereof are in compliance with this section.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide adequate facilities for the care of California's veterans at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 729

An act to amend Sections 120102.5 and 120265 of, and to add Section 99400.7 to, the Public Utilities Code, and to amend Sections 30796.7 and 30796.10 of the Streets and Highways Code, relating to transportation.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 99400.7 is added to the Public Utilities Code, to read:

99400.7. Notwithstanding Section 99232, cities within the County of San Diego may file a claim under this article with the transportation planning agency to provide commuter ferry service on San Diego Bay for the purpose of serving peak period commute trips for pedestrians and bicycles. The commuter ferry service may be located anywhere on San Diego Bay, but shall be consistent with the regional transportation plan, shall serve employment centers and high volume activity centers, and may be provided by contract with operators, private entities operating under a franchise or license, or

nonprofit corporations organized pursuant to Division 2 (commencing with Section 9000) of Title 1 of the Corporations Code.

SEC. 2. Section 120102.5 of the Public Utilities Code is amended to read:

120102.5. (a) A majority of the members of the board constitutes a quorum for the transaction of business. All official acts of the board require the affirmative vote of the majority of the members of the board. However, after a vote of the members is taken, a weighted vote may be called by any two members, at least one of whom is not a City of San Diego representative.

(b) In the case of a weighted vote, each of the four representatives of the City of San Diego shall exercise $12^1/_2$ weighted votes, for a total of 50 votes. The County of San Diego and each city, other than the City of San Diego, shall, in total, exercise 49 weighted votes to be apportioned annually by population. The chairperson, if not chosen from the membership of the board, shall exercise one weighted vote.

(c) Approval under the weighted vote procedure requires the vote of the representatives of not less than three jurisdictions representing not less than 51 percent of the total weighted vote to supersede the original action of the board.

(d) The weighted vote procedure shall not be used on any matter of purely intracity local service, unless it is the desire of the affected city or jurisdiction.

(e) The weighted vote procedure shall not be used for purposes of subdivision (c) of Section 120265.

(f) For purposes of subdivision (c), the population of the County of San Diego is the population in the unincorporated area of the county within the area of jurisdiction of the transit development board.

(g) The board shall adopt a policy and procedure to implement this section.

SEC. 2.5. Section 120265 of the Public Utilities Code is amended to read:

120265. (a) The board shall provide a system of regional transit operating services and support activities including, but not limited to, facilities, fare media, information, maintenance, marketing, security, and signing for its area of jurisdiction, to be funded from the regional transit fund which the board shall create. The board may provide the regional services directly, by contract with the San Diego Transit Corporation, or by contract with any other provider of services as it deems appropriate, and upon terms and conditions that the board finds in its best interests. The board shall complete an economic feasibility study of competitive bidding for regional transit service within 180 days from the date of acquisition of the San Diego Transit Corporation and shall update the study at any time the board deems appropriate to consider changed circumstances. (G) Recognition of the size of the population of each member jurisdiction.

(2) The formula adopted or amended under paragraph (1) may not provide for an assessment for any city that is greater than 50 percent of that city's annual apportionment for support of regional services.

(3) The regional transit service advisory committee created under subdivision (b) shall review, on an annual basis, the assessment formula adopted or amended under paragraph (1) and shall submit to the board any recommended changes to the formula that are based on the factors listed in paragraph (1).

(d) The board may enter into agreements with any local jurisdiction to provide local transit services by the means and upon terms and conditions as may be mutually agreed upon.

County of San Diego or the cities within the board's area of jurisdiction for any obligations and liabilities of the corporation by virtue of their membership on the board.

SEC. 3. Section 30796.7 of the Streets and Highways Code is amended to read:

30796.7. (a) Notwithstanding any other provision of law, the San Diego Association of Governments, on behalf of the state, may impose a toll on vehicles crossing the San Diego-Coronado Bridge. The toll shall be established by the association after conducting at least one public hearing.

(b) The authority of the commission relative to tolls on the bridge is hereby transferred to the San Diego Association of Governments. All tolls on the bridge shall be at the rates established by the San Diego Association of Governments, except that at no time shall the rate of toll for class 1 vehicles exceed one dollar and fifty cents ($1.50) per vehicle.

(c) (1) The revenues from any tolls imposed on the bridge shall be used first for expenses related to the collection of tolls, including, but not limited to, the installation and operation of an automated toll collection system, if that system is installed by the association, and operation of the bridge, including, but not limited to, reimbursement for any operating and retrofitting costs and, second, for improvements to the bridge and its approaches. Tolls shall be established at an amount which will generate revenue sufficient to meet the requirements set forth in this paragraph, as determined by the department. Maintenance of the bridge shall be funded by the state under Section 188.4.

(2) The revenues from any tolls imposed on the bridge may also be used for costs incurred by the San Diego Association of Governments in administering this section and for any of the following:

(A) Transportation services that either increase the capacity of the bridge and its approaches or reduce the demand for travel in the transportation corridor that includes the bridge.

(B) Alternative forms of transportation, within the transportation corridor that includes the bridge, that reduce congestion and air pollution, including, but not limited to, ferry service and public transit.

(C) Capital improvements and related expenditures within the transportation corridor for construction and maintenance of bikeways.

(d) For the purposes of this section, "transportation corridor" means the San Diego-Coronado Bridge and its approaches which extend from Route 5 in the City of San Diego to the North Island Naval Air Station via Route 282, and to the Naval Amphibious Base via Route 75 in the City of Coronado.

(e) All money deposited in the San Diego-Coronado Toll Bridge Revenue Fund prior to March 26, 1992, and not expended,

encumbered, or programmed before January 1, 1994, is appropriated to the Controller for allocation to the San Diego Association of Governments for the purposes of paragraph (2) of subdivision (c).

(f) The San Diego Association of Governments shall include in the regional transportation improvement program, and every update thereof, an expenditure plan specifying the projects and programs that are to be funded with toll revenues.

(g) If the San Diego Association of Governments, on behalf of the state, imposes tolls pursuant to subdivision (a), it shall reimburse the department for costs incurred by the department in operating the bridge, collecting tolls, and performing other related services. The association and the department shall enter into an agreement which provides for the full reimbursement of the department for all operating costs.

(h) The San Diego Association of Governments shall prepare an annual audit of expenditures that are funded with toll revenues. The audit shall be funded solely with toll revenues and shall not include expenditures made by the department. The association shall review the annual financial report on state-owned toll bridges that is prepared by the department for revenues collected under this section.

SEC. 4. Section 30796.10 of the Streets and Highways Code is amended to read:

30796.10. (a) The San Diego Association of Governments may issue bonds payable from the revenues derived from the tolls imposed on the bridge. The bonds may be issued by the San Diego Association of Governments at any time, and from time to time payable from the revenues from the tolls. The bonds shall be referred to as "toll bridge revenue bonds." The association shall be an instrumentality of the state for the purposes of those issuances.

(b) The revenues from the tolls on the bridge shall be subject to a statutory lien in favor of the bondholders to secure all amounts due on the bonds and in favor of any provider of credit enhancement for the bonds to secure all amounts due to the provider with respect to those bonds. The lien shall immediately attach to the toll revenues and be effective, binding, and enforceable against the San Diego Association of Governments, its successors, creditors, and all others asserting the rights therein, irrespective of whether those parties have notice of the lien and without the need for any physical delivery, recordation, filing, or further act. The toll revenues shall remain subject to the lien until all bonds are paid in full or provisions are made therefor. The bridge shall not become a free public bridge until that time.

(c) The liens on toll revenues created by this section shall be subject to expenditures for the collection of tolls, if those expenditures are not otherwise provided for by statute, including, but not limited to, expenditures relating to the installation and operation of an automated toll collection system, if that system is

installed by the association, but shall have priority over the use of any of the toll revenues for improvements undertaken pursuant to the authorization contained in subdivision (c) of Section 30796.7.

(d) Toll bridge revenue bonds shall be issued pursuant to a resolution adopted at any time, and from time to time, by the San Diego Association of Governments by a majority vote of the governing board of the association.

The San Diego Association of Governments may from time to time, issue bonds in accordance with the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), for the purpose of constructing, improving, or equipping the bridge, or for any of the purposes authorized by Section 30796.7 for the expenditure of toll revenues. Operation of the bridge shall constitute an "enterprise" within the meaning of Section 54309 of the Government Code, and the San Diego Association of Governments shall constitute a "local agency" within the meaning of Section 54307 of the Government Code. Article 3 (commencing with Section 54380) of Chapter 6 of Part 1 of Division 2 of Title 5 of the Government Code shall not apply to the issuance and sale of bonds pursuant to this section. Instead, the San Diego Association of Governments shall authorize the issuance of bonds by resolution, which resolution shall specify all of the following:

(1) The purposes for which the bonds are to be issued.

(2) The maximum principal amount of the bonds.

(3) The maximum term for the bonds.

(e) The maximum rate of interest to be payable upon the bond which interest rates shall not exceed the maximum rate specified in Section 53531 of the Government Code. The rate may be either fixed or variable and shall be payable at the times and in the manner specified in the resolution.

(f) Interest on any bonds issued pursuant to this section shall at all times be free from state personal income tax and corporate income tax.

(g) Any bonds issued pursuant to this section are a legal investment for all trust funds; for the funds of insurance companies, commercial and savings banks, and trust companies; and for state school funds. Whenever any money or funds may, by any law now or hereafter enacted, be invested in bonds of cities, counties, school districts, or other districts within the state, those funds may be invested in the bonds issued pursuant to this section, and whenever bonds of cities, counties, school districts, or other districts within this state may, by any law now or hereafter enacted, be used as security for the performance of any act or the deposit of any public money, the bonds issued pursuant to this section may be so used. The provisions of this section are in addition to all other laws relating to legal investments and shall be controlling as the latest expression of the Legislature with respect thereto.

(h) The State of California pledges and agrees with the holders of the bonds issued pursuant to this chapter, and with those parties who may enter into contracts with the San Diego Association of Governments pursuant to the provisions of this chapter, that the state will not limit, alter, or restrict the rights hereby vested in the San Diego Association of Governments to finance the toll bridge improvements and other projects and programs authorized by this chapter. The State of California pledges and agrees not to impair the terms of any agreements made with the holders of bonds, and with the parties who may enter into contracts with the San Diego Association of Governments pursuant to this chapter, and pledges and agrees not to impair the rights or remedies of the holders of any revenue bonds or any parties until the bonds, together with interest, are fully paid and discharged and any contracts are fully performed on the part of the San Diego Association of Governments.

(i) The San Diego Association of Governments may include the pledges made under this section in its revenue bonds.

SEC. 5. For the 1999–2000 fiscal year only, each jurisdiction within the San Diego Metropolitan Transit Development Board area, as described in Section 120054 of the Public Utilities Code, shall be assessed by the board proportionately for the cost of commuter ferry service with the total aggregate amount assessed not to exceed one hundred twenty thousand dollars ($120,000). The board shall determine the specific amount of the assessment for each jurisdiction and claim that amount.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. (2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and

public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. (6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (B) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (B) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. (m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(6) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other designated law enforcement entity upon request, the following information regarding each identified high-risk sex offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any designated law enforcement entity to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the offender's vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(q) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to any other punishment, by a five-year term of imprisonment in the state prison. Any person who uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(r) The registration and public notification provisions of this section are applicable to every person described in this section, without regard to when his or her crimes were committed or his or her duty to register pursuant to this section arose, and to every offense described in this section, regardless of when it was committed.

SEC. 1.1. Section 290 of the Penal Code is amended to read:

290. (2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314, any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction

or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. (F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim

The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement shall retain one copy.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person

who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. (E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the

The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(2) Except as provided in paragraph (5), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this

section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, fails to verify his or her registration every 90 days as required pursuant to subparagraph (D) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (B) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (B) of paragraph (1) of subdivision (a) shall update their registration every

90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(5) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that

the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(6) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(q) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to any other punishment, by a five-year term of imprisonment in the state prison. Any person who uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(r) The registration and public notification provisions of this section are applicable to every person described in this section, without regard to when his or her crimes were committed or his or her duty to register pursuant to this section arose, and to every offense described in this section, regardless of when it was committed.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. (C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon release from incarceration, placement, or commitment, pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as shall be required by the Department of Justice and giving the name and address of the person's employer, and the address of the person's place of employment if that is different from the employer's main address.

(B) The fingerprints and photograph of the person.

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(D) Notice to the person that, in addition to the requirements of paragraph (4), he or she may have a duty to register in any other state where he or she may relocate.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. The law enforcement agency or agencies shall,

within three days after receipt of this information, forward a copy of the change of address or location information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(g) (1) Any person who is required to register under this section based on a misdemeanor conviction who willfully violates any requirement of this section is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year.

(2) Except as provided in paragraphs 5 and 7, any person who is required to register under this section based on a felony conviction who willfully violates any requirement of this section or who has a prior conviction for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the

person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, and who fails to verify his or her registration every 90 days as required pursuant to subparagraph (E) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (C) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person

other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(B) Other community members at risk.

(2) The law enforcement agency may authorize persons and entities who receive the information pursuant to paragraph (1) to disclose information to additional persons only if the agency does the following:

(A) Determines that all conditions set forth in paragraph (1) have been satisfied regarding disclosure to the additional persons.

(B) Identifies the appropriate scope of further disclosure.

(3) Persons notified pursuant to paragraph (1) may disclose the information provided by the law enforcement agency in the manner and to the extent authorized by the law enforcement agency.

(4) The information that may be disclosed pursuant to this section includes the following:

(I) The offender's address, which must be verified prior to publication.

(J) Description and license plate number of offender's vehicles or vehicles the offender is known to drive.

(K) Type of victim targeted by the offender.

(L) Relevant parole or probation conditions, such as one prohibiting contact with children.

(M) Dates of crimes resulting in classification under this section.

(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(5) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(6) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like

position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a designated law enforcement entity may advise the public of the presence of high-risk sex offenders in its community pursuant to this subdivision.

(C) A violent nonsex offense means any offense defined in Section 187, subdivision (a) of Section 192, or Section 203, 206, 207, or 236, provided that the offense is a felony, subdivision (a) of Section 273a, Section 273d or 451, or attempted murder, as defined in Sections 187 and 664.

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(2) The Department of Justice shall continually search the records provided to it pursuant to subdivision (b) and identify, on the basis of those records, high-risk sex offenders. Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other designated law enforcement entity upon

request, the following information regarding each identified high-risk sex offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any designated law enforcement entity to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the offender's vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(2) Any public or private educational institution, day care facility, or any child care custodian described in Section 11165.7, or any employee of a public or private educational institution or day care facility which in good faith disseminates information as authorized pursuant to paragraph (3) of subdivision (m) or paragraph (4) of subdivision (n) that is provided by a law enforcement agency or an employee of a law enforcement agency shall be immune from civil liability.

(q) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to any other punishment, by a five-year term of imprisonment in the state prison. Any person who uses information disclosed pursuant to this section to commit a misdemeanor shall be

subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(r) The registration and public notification provisions of this section are applicable to every person described in this section, without regard to when his or her crimes were committed or his or her duty to register pursuant to this section arose, and to every offense described in this section, regardless of when it was committed.

SEC. 1.3. Section 290 of the Penal Code is amended to read:

290. (a) (1) (A) Every person described in paragraph (2), for the rest of his or her life while residing in, or, if he or she has no residence, while located within California, shall be required to register with the chief of police of the city in which he or she is residing, or if he or she has no residence, is located, or the sheriff of the county if he or she is residing, or if he or she has no residence, is located, in an unincorporated area or city that has no police department, and, additionally, with the chief of police of a campus of the University of California, the California State University, or a community college if he or she is residing, or if he or she has no residence, is located upon the campus or in any of its facilities, within five working days of coming into, or changing his or her residence or location within, any city, county, or city and county, or campus in which he or she temporarily resides, or, if he or she has no residence, is located.

(B) If the person who is registering has no residence address, he or she shall update his or her registration no less than once every 90 days in addition to the requirement in subparagraph (A), on a form as may be required by the Department of Justice, with the entity or entities described in subparagraph (A) in whose jurisdiction he or she is located at the time he or she is updating the registration.

(C) Beginning on his or her first birthday following registration or change of address, the person shall be required to register annually, within five working days of his or her birthday, to update his or her registration with the entities described in subparagraph (A), including, verifying his or her name and address, or temporary location, and place of employment including the name and address of the employer, and the address of the person's place of employment if that is different from the employer's address, on a form as may be required by the Department of Justice.

(E) No entity shall require a person to pay a fee to register or update his or her registration pursuant to this section. The registering

agency shall submit registrations, including annual updates or changes of address, directly into the Department of Justice Violent Crime Information Network (VCIN).

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314, any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to

register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement shall retain one copy.

(c) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation, granted conditional release without supervised probation, or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy

to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of both of the following:

If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register. If a registrant fails to furnish proof of residence within this 30-day period, he or she shall be guilty of a misdemeanor.

The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty

described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, fails to verify his or her registration every 90 days as required pursuant to subparagraph (D) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (B) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (B) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision,

"parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(6) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. (F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The

Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place

If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but

For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole

This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons,

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim

has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement shall retain one copy.

(c) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation, granted conditional release without supervised probation, or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register

under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person

who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of both of the following:

(A) A preregistration statement in writing, signed by the person, giving information that shall be required by the Department of Justice.

(B) The fingerprints and photograph of the person.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the

person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register. If a registrant fails to furnish proof of residence within this 30-day period, he or she shall be guilty of a misdemeanor.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(2) Except as provided in paragraph (5), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this

section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she hall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, fails to verify his or her registration every 90 days as required pursuant to subparagraph (D) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

Any subsequent violation of this requirement that persons described in subparagraph (B) of paragraph (1) of subdivision (a) shall update their registration every

90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(6) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(G) Persons required to register in their state of residence who are out-of-state residents employed in California on a full-time or part-time basis, with or without compensation, for more than 14 days, or for an aggregate period exceeding 30 days in a calendar year, shall register in accordance with subparagraph (A). Persons described in paragraph (2) who are out-of-state residents enrolled in any educational institution in California, as defined in Section 22129 of the Education Code, on a full-time or part-time basis, shall register in accordance with subparagraph (A). The out-of-state resident subject to this subparagraph shall, in addition to the information required pursuant to subdivision (e), provide the

registering authority with the name of his or her place of employment or the name of the school attended in California, and his or her address or location in his or her state of residence. The registration requirement for persons subject to this subparagraph shall become operative on November 25, 2000.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314, any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes

of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of

persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(c) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation, granted conditional release without supervised probation, or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within

three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

(B) Any offense defined in paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, Section 264.1, 266c, or 267, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 286, Section 288 or 288.5, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 288a, subdivision (a) of Section 289, or Section 647.6.

(C) A violation of Section 207 or 209 committed with the intent to violate Section 261, 286, 288, 288a, or 289.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and

public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of both of the following:

(A) A preregistration statement in writing, signed by the person, giving information that shall be required by the Department of Justice.

(B) The fingerprints and photograph of the person.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon release from incarceration, placement, or commitment, pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as shall be required by the Department of Justice and giving the name and address of the person's employer, and the address of the person's place of employment if that is different from the employer's main address.

(B) The fingerprints and photograph of the person.

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(D) Notice to the person that, in addition to the requirements of paragraph (4), he or she may have a duty to register in any other state where he or she may relocate.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the

statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. The law enforcement agency or agencies shall, within three days after receipt of this information, forward a copy of the change of address or location information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(g) (1) Any person who is required to register under this section based on a misdemeanor conviction who willfully violates any requirement of this section is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year.

(2) Except as provided in paragraphs 5 and 7, any person who is required to register under this section based on a felony conviction who willfully violates any requirement of this section or who has a prior conviction for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty

described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, and who fails to verify his or her registration every 90 days as required pursuant to subparagraph (E) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (C) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of

law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(B) Other community members at risk.

(2) The law enforcement agency may authorize persons and entities who receive the information pursuant to paragraph (1) to disclose information to additional persons only if the agency does the following:

(B) Identifies the appropriate scope of further disclosure.

(3) Persons notified pursuant to paragraph (1) may disclose the information provided by the law enforcement agency in the manner and to the extent authorized by the law enforcement agency.

(K) Type of victim targeted by the offender.

(L) Relevant parole or probation conditions, such as one prohibiting contact with children.

(M) Dates of crimes resulting in classification under this section.

(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(5) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(6) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a designated law enforcement entity may advise the public of the presence of high-risk sex offenders in its community pursuant to this subdivision.

(1) For purposes of this subdivision:

(C) A violent nonsex offense means any offense defined in Section 187, subdivision (a) of Section 192, or Section 203, 206, 207, or 236,

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(ii) The offender notifies the Department of Justice, on a form approved by the department and available at any sheriff's office, that he or she has not been convicted in the preceding 15 years, excluding periods of confinement, of an offense for which registration is required under paragraph (2) of subdivision (a), and the department is able, upon exercise of reasonable diligence, to verify the information provided in paragraph (2).

(H) "Confinement" means confinement in a jail, prison, school, road camp, or other penal institution, confinement in a state hospital to which the offender was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, or confinement in a facility designated by the Director of Mental Health to which the offender was committed as a sexually violent predator under Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code.

(I) "Designated law enforcement entity" means any of the following: municipal police department; sheriff's department; district attorney's office; county probation department; Department

(2) The Department of Justice shall continually search the records provided to it pursuant to subdivision (b) and identify, on the basis of those records, high-risk sex offenders. Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other designated law enforcement entity upon request, the following information regarding each identified high-risk sex offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any designated law enforcement entity to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the offender's vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(5) The law enforcement agency may authorize persons and entities who receive the information pursuant to paragraph (3) to disclose information to additional persons only if the agency does the following:

The out-of-state resident subject to this subparagraph shall, in addition to the information required pursuant to subdivision (e), provide the registering authority with the name of his or her place of employment or the name of the school attended in California, and his or her address or location in his or her state of residence. The registration requirement for persons subject to this subparagraph shall become operative on November 25, 2000.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314, any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between

consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have

sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(c) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation, granted conditional release without supervised probation, or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local

jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any

person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of both of the following:

(A) A preregistration statement in writing, signed by the person, giving information that shall be required by the Department of Justice.

(B) The fingerprints and photograph of the person.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon release from incarceration, placement, or commitment, pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as shall be required by the Department of Justice and giving the name and address of the person's employer, and the address of the person's place of employment if that is different from the employer's main address.

(B) The fingerprints and photograph of the person.

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(D) Notice to the person that, in addition to the requirements of paragraph (4), he or she may have a duty to register in any other state where he or she may relocate.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether

within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. The law enforcement agency or agencies shall, within three days after receipt of this information, forward a copy of the change of address or location information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(g) (1) Any person who is required to register under this section based on a misdemeanor conviction or juvenile adjudication who willfully violates any requirement of this section is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year.

(2) Except as provided in paragraphs 5 and 7, any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, and who fails to verify his or her registration every 90 days as required pursuant to subparagraph (E) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (C) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of

law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(B) Other community members at risk.

(2) The law enforcement agency may authorize persons and entities who receive the information pursuant to paragraph (1) to disclose information to additional persons only if the agency does the following:

(B) Identifies the appropriate scope of further disclosure.

(3) Persons notified pursuant to paragraph (1) may disclose the information provided by the law enforcement agency in the manner and to the extent authorized by the law enforcement agency.

(4) The information that may be disclosed pursuant to this section includes the following:

(K) Type of victim targeted by the offender.

(L) Relevant parole or probation conditions, such as one prohibiting contact with children.

(M) Dates of crimes resulting in classification under this section.

(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(5) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(6) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a designated law enforcement entity may advise the public of the presence of high-risk sex offenders in its community pursuant to this subdivision.

(1) For purposes of this subdivision:

(A) A high-risk sex offender is a person who has been convicted of an offense specified in paragraph (1) of subdivision (a) of Section 290.4, and also meets one of the following criteria:

CHAPTER 731

An act to amend Sections 39606, 39660, and 40451 of, to add Section 39617.5 to, to add Part 3 (commencing with Section 900) to Division 1 of, and to add Article 4.5 (commencing with Section 39669.5) to Chapter 3.5 of Part 2 of Division 26 of, the Health and Safety Code, relating to environmental health protection.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Infants and children have a higher ventilation rate than adults relative to their body weight and lung surface area, resulting in a greater dose of pollution delivered to their lungs.

(b) Children have narrower airways than adults. Thus, irritation or inflammation caused by air pollution that would produce only a slight response in an adult can result in a potentially significant obstruction of the airway in a young child.

(c) Children spend significantly more time outdoors, especially in the summer, when ozone air pollution levels are typically highest. National statistics show that children spend an average of 50 percent more time outdoors than adults.

(d) Air pollution is known to exacerbate asthma and be a trigger for asthma attacks in infants and children, 500,000 of whom are afflicted with this chronic lung disease in California.

(e) Infant's and children's developing organs and tissues are more susceptible to damage from some environmental contaminants than are adult organs and tissues.

(f) It is the intent of the Legislature in enacting this act, to require that the state's air quality standards and airborne toxic control measures be reviewed to determine if they adequately protect the health of infants and children, and that these standards and measures be revised if they are determined to be inadequate.

(g) It is also the intent of the Legislature in enacting this act to require the State Air Resources Board and the Office of Environmental Health Hazard Assessment to consider the health

impacts to all populations of children, including special subpopulations of infants and children that comprise a meaningful portion of the general population, such as children with asthma, cystic fibrosis, or other respiratory conditions or diseases, in setting or revising standards pursuant to this act.

SEC. 2. Part 3 (commencing with Section 900) is added to Division 1 of the Health and Safety Code, to read:

PART 3. CHILDREN'S ENVIRONMENTAL HEALTH CENTER

900. There is hereby created the Children's Environmental Health Center within the Environmental Protection Agency. The primary purposes of the center shall include all of the following:

(a) To serve as the chief advisor to the Secretary for Environmental Protection and to the Governor on matters within the jurisdiction of the Environmental Protection Agency relating to environmental health and environmental protection as each of those matters relates to children.

(b) To assist the boards, departments, and offices within the Environmental Protection Agency to assess the effectiveness of statutes, regulations, and programs designed to protect children from environmental hazards.

(c) To coordinate within the Environmental Protection Agency and with other state agencies, regulatory efforts, research and data collection, and other programs and services that impact the environmental health of children, and coordinate with appropriate federal agencies conducting related regulatory efforts and research and data collection.

(d) In consultation with the State Air Resources Board and the Office of Environmental Health Hazard Assessment, and notwithstanding Section 7550.5 of the Government Code, to report to the Legislature and the Governor no later than December 31, 2001, on the progress of the state board and the office toward implementing the act that added this part during the 1999–2000 Regular Session and to make recommendations for any statutory or regulatory changes that may be necessary to carry out the intent of that act to protect the public health, including infants and children, from air pollutants and toxic air contaminants.

SEC. 3. Section 39606 of the Health and Safety Code is amended to read:

39606. (a) The state board shall do both of the following:

(1) Based upon similar meteorological and geographic conditions and consideration for political boundary lines whenever practicable, divide the state into air basins to fulfill the purposes of this division.

(2) Adopt standards of ambient air quality for each air basin in consideration of the public health, safety, and welfare, including, but not limited to, health, illness, irritation to the senses, aesthetic value, interference with visibility, and effects on the economy. These

standards may vary from one air basin to another. Standards relating to health effects shall be based upon the recommendations of the Office of Environmental Health Hazard Assessment.

(b) In its recommendations for submission to the state board pursuant to paragraph (2) of subdivision (a), the Office of Environmental Health Hazard Assessment, to the extent that information is available, shall assess the following:

(1) Exposure patterns, including, but not limited to, patterns determined by relevant data supplied by the state board, among infants and children that are likely to result in disproportionately high exposure to ambient air pollutants in comparison to the general population.

(2) Special susceptibility of infants and children to ambient air pollutants in comparison to the general population.

(3) The effects on infants and children of exposure to ambient air pollutants and other substances that have a common mechanism of toxicity.

(4) The interaction of multiple air pollutants on infants and children, including the interaction between criteria air pollutants and toxic air contaminants.

(c) In assessing the factors specified in subdivision (b), the office shall use current principles, practices, and methods used by public health professionals who are experienced practitioners in the field of human health effects assessment. The scientific basis or scientific portion of the method used by the office to assess the factors set forth in subdivision (b) shall be subject to peer review as described in Section 57004 or in a manner consistent with the peer review requirements of Section 57004. Any person may submit any information for consideration by the entity conducting the peer review, which may receive oral testimony.

(d) (1) No later than December 31, 2000, the state board in consultation with the office, shall review all existing health-based ambient air quality standards to determine whether, based on public health, scientific literature, and exposure pattern data, the standards adequately protect the health of the public, including infants and children, with an adequate margin of safety. The state board shall publish a report summarizing these findings.

(2) The state board shall revise the highest priority ambient air quality standard determined to be inadequate to protect infants and children with an adequate margin of safety, based on its report, no later than December 31, 2002. Following the revision of the highest priority standard, the state board shall revise any additional standards determined to be inadequate to protect infants and children with an adequate margin of safety, at the rate of at least one per year. The standards shall be established at levels that adequately protect the health of the public, including infants and children, with an adequate margin of safety.

(e) Nothing in this section shall restrict the authority of the state board to consider additional information in establishing ambient air quality standards or to adopt an ambient air quality standard designed to protect vulnerable populations other than infants and children.

SEC. 4. Section 39617.5 is added to the Health and Safety Code, to read:

39617.5. (a) Not later than January 1, 2003, the state board shall do all of the following:

(1) Evaluate the adequacy of the current monitoring network for its ability to gather the data necessary to determine the exposure of infants and children to air pollutants including criteria air pollutants and toxic air contaminants.

(2) Identify areas where the exposure of infants and children to air pollutants is not adequately measured by the current monitoring network.

(3) Recommend changes to improve air pollution monitoring networks and data collection to more accurately reflect the exposure of infants and children to air pollutants.

(b) In carrying out this section, the state board, in cooperation with the districts, shall expand its existing monitoring program in six communities around the state in nonattainment areas, as selected by the state board, to include special monitoring of children's exposure to air pollutants and toxic contaminants. The expanded program shall include placing air pollution monitors near schools, day care centers, and outdoor recreational facilities that are in close proximity to, or downwind from, major industrial sources of air pollutants and toxic air contaminants, including, freeways and major traffic areas. The purpose of the air pollution monitors shall be to conduct sampling of air pollution levels affecting children. Monitoring may include the use of fixed, mobile, and other monitoring devices, as appropriate.

(c) The expanded monitoring program shall include the following:

(1) Monitoring during multiple seasons and at multiple locations within each community at schools, day care centers, recreational facilities, and other locations where children spend most of their time.

(2) A combination of upgrading existing fixed monitoring sites, establishing new fixed monitoring sites, and conducting indoor and outdoor sampling and personal exposure measurements in each community to provide the most comprehensive data possible on the levels of children's exposure to air pollutants and toxic air contaminants.

(d) Data collected from expanded air quality monitoring activities conducted pursuant to this section may be used for any purpose authorized by law, including, but not limited to, determinations as to whether an area has attained or has not attained the state and national ambient air quality standards, if the monitoring devices from

which the data was collected meet the monitoring requirements specified in Section 58.14 of Title 40 of the Code of Federal Regulations for special purpose monitors, all other monitoring requirements of Part 58 of Title 40 of the Code of Federal Regulations, and all applicable requirements specified in regulations adopted by the state board.

SEC. 5. Section 39660 of the Health and Safety Code is amended to read:

39660. (a) Upon the request of the state board, the office, in consultation with and with the participation of the state board, shall evaluate the health effects of and prepare recommendations regarding substances, other than pesticides in their pesticidal use, which may be or are emitted into the ambient air of California and that may be determined to be toxic air contaminants.

(b) In conducting this evaluation, the office shall consider all available scientific data, including, but not limited to, relevant data provided by the state board, the State Department of Health Services, the Occupational Safety and Health Division of the Department of Industrial Relations, the Department of Pesticide Regulation, international and federal health agencies, private industry, academic researchers, and public health and environmental organizations. The evaluation shall be performed using current principles, practices, and methods used by public health professionals who are experienced practitioners in the fields of epidemiology, human health effects assessment, risk assessment, and toxicity.

(c) (1) The evaluation shall assess the availability and quality of data on health effects, including potency, mode of action, and other relevant biological factors, of the substance, and shall, to the extent that information is available, assess all of the following:

(A) Exposure patterns among infants and children that are likely to result in disproportionately high exposure to ambient air pollutants in comparison to the general population.

(B) Special susceptibility of infants and children to ambient air pollutants in comparison to the general population.

(C) The effects on infants and children of exposure to toxic air contaminants and other substances that have a common mechanism of toxicity.

(D) The interaction of multiple air pollutants on infants and children, including the interaction between criteria air pollutants and toxic air contaminants.

(2) The evaluation shall also contain an estimate of the levels of exposure that may cause or contribute to adverse health effects. If it can be established that a threshold of adverse health effects exists, the estimate shall include both of the following factors:

(A) The exposure level below which no adverse health effects are anticipated.

(B) An ample margin of safety that accounts for the variable effects that heterogeneous human populations exposed to the substance under evaluation may experience, the uncertainties associated with the applicability of the data to human beings, and the completeness and quality of the information available on potential human exposure to the substance. In cases in which there is no threshold of significant adverse health effects, the office shall determine the range of risk to humans resulting from current or anticipated exposure to the substance.

(3) The scientific basis or scientific portion of the method used by the office to assess the factors set forth in this subdivision shall be reviewed in a manner consistent with this chapter by the Scientific Review Panel on Toxic Air Contaminants established pursuant to Article 5 (commencing with Section 39670). Any person may submit any information for consideration by the panel, which may receive oral testimony.

(d) The office shall submit its written evaluation and recommendations to the state board within 90 days after receiving the request of the state board pursuant to subdivision (a). The office may, however, petition the state board for an extension of the deadline, not to exceed 30 days, setting forth its statement of the reasons that prevent the office from completing its evaluation and recommendations within 90 days. Upon receipt of a request for extension of, or noncompliance with, the deadline contained in this section, the state board shall immediately transmit to the Assembly Committee on Rules and the Senate Committee on Rules, for transmittal to the appropriate standing, select, or joint committee of the Legislature, a statement of reasons for extension of the deadline, along with copies of the office's statement of reasons that prevent it from completing its evaluation and recommendations in a timely manner.

(e) (1) The state board or a district may request, and any person shall provide, information on any substance that is or may be under evaluation and that is manufactured, distributed, emitted, or used by the person of whom the request is made, in order to carry out its responsibilities pursuant to this chapter. To the extent practical, the state board or a district may collect the information in aggregate form or in any other manner designed to protect trade secrets.

(2) Any person providing information pursuant to this subdivision may, at the time of submission, identify a portion of the information submitted to the state board or a district as a trade secret and shall support the claim of a trade secret, upon the written request of the state board or district board. Subject to Section 1060 of the Evidence Code, information supplied that is a trade secret, as specified in Section 6254.7 of the Government Code, and that is so marked at the time of submission, shall not be released to any member of the public. This section does not prohibit the exchange of properly designated trade secrets between public agencies when those trade secrets are

relevant and necessary to the exercise of their jurisdiction if the public agencies exchanging those trade secrets preserve the protections afforded that information by this paragraph.

(3) Any information not identified as a trade secret shall be available to the public unless exempted from disclosure by other provisions of law. The fact that information is claimed to be a trade secret is public information. Upon receipt of a request for the release of information that has been claimed to be a trade secret, the state board or district shall immediately notify the person who submitted the information, and shall determine whether or not the information claimed to be a trade secret is to be released to the public. The state board or district board, as the case may be, shall make its determination within 60 days after receiving the request for disclosure, but not before 30 days following the notification of the person who submitted the information. If the state board or district decides to make the information public, it shall provide the person who submitted the information 10 days' notice prior to public disclosure of the information.

(f) The office and the state board shall give priority to the evaluation and regulation of substances based on factors related to the risk of harm to public health, amount or potential amount of emissions, manner of, and exposure to, usage of the substance in California, persistence in the atmosphere, and ambient concentrations in the community. In determining the importance of these factors, the office and the state board shall consider all of the following information, to the extent that it is available:

(1) Research and monitoring data collected by the state board and the districts pursuant to Sections 39607, 39617.5, 39701, and 40715, and by the United States Environmental Protection Agency pursuant to paragraph (2) of subsection (k) of Section 112 of the federal act (42 U.S.C. Sec. 7412(k)(2)).

(2) Emissions inventory data reported for substances subject to Part 6 (commencing with Section 44300) and the risk assessments prepared for those substances.

(3) Toxic chemical release data reported to the state emergency response commission pursuant to Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 (42 U.S.C. Sec. 11023) and Section 6607 of the Pollution Prevention Act of 1990 (42 U.S.C. Sec. 13106).

(4) Information on estimated actual exposures to substances based on geographic and demographic data and on data derived from analytical methods that measure the dispersion and concentrations of substances in ambient air.

SEC. 6. Article 4.5 (commencing with Section 39669.5) is added to Chapter 3.5 of Part 2 of Division 26 of the Health and Safety Code, to read:

Article 4.5. Special Provisions For Infants And Children

39669.5. The Legislature finds and declares that certain toxic air contaminants may pose risks that cause infants and children to be especially susceptible to illness and that certain actions are necessary to ensure their safety from toxic air contaminants.

(a) By July 1, 2001, the following shall occur:

(1) The office, in consultation with the state board, shall establish a list of up to five toxic air contaminants identified or designated by the state board pursuant to Section 39657 that may cause infants and children to be especially susceptible to illness. In developing the list, the office shall take into account public exposures to toxic air contaminants, whether by themselves or interacting with other toxic air contaminants or criteria pollutants, and the factors listed in subdivision (c) of Section 39660. The office shall submit a report containing the list and its reasons for including the toxic air contaminants on the list to the Scientific Review Panel on Toxic Air Contaminants established pursuant to Article 5 (commencing with Section 39670).

(2) The scientific review panel, in a manner consistent with this chapter, shall review the list of toxic air contaminants submitted by the office pursuant to paragraph (1). As part of the review, any person may submit any information for consideration by the panel, which may receive oral testimony.

(b) (1) Within two years of the establishment of the list required pursuant to subdivision (a), the state board shall review and, as appropriate, revise any control measures adopted for the toxic air contaminants identified on the list, to reduce exposure to those toxic air contaminants pursuant to Article 4 (commencing with Section 39665), to protect public health, and particularly infants and children.

(2) Within three years of the establishment of the list required pursuant to subdivision (a), for up to five of those toxic air contaminants for which no control measures have been previously adopted, the state board shall prepare a report on the need for regulations, following the procedure specified in Section 39665. The state board shall adopt within that same three-year timeframe, as appropriate, any new control measures to reduce exposure to those toxic air contaminants pursuant to Article 4 (commencing with Section 39665), to protect public health, particularly infants and children.

(c) Beginning July 1, 2004, the office shall annually evaluate at least 15 toxic air contaminants identified or designated by the state board pursuant to Section 39657, and provide threshold exposure levels and nonthreshold health values, as appropriate, for those toxic air contaminants. The activities required pursuant to this subdivision shall continue until all toxic air contaminants are evaluated. The levels shall be established pursuant to the procedures adopted for

health and risk assessments pursuant to paragraph (2) of subdivision (b) of Section 44360, and taking into account the factors listed in subdivision (c) of Section 39660. Based on this evaluation, and after review by the scientific review panel as prescribed in paragraph (2) of subdivision (a), the office shall update the list established pursuant to subdivision (a), by July 1, 2005, and each year thereafter. Within three years of the initial or subsequent listing update, for up to five of the toxic air contaminants contained on that list for which no control measures have been previously adopted, or for at least five of the toxic air contaminants if more than five toxic air contaminants have been identified, the state board shall prepare a report on the need for regulation, following the procedure specified in Section 39665. The state board shall adopt within that three-year timeframe, as appropriate, new control measures, pursuant to Article 4 (commencing with Section 39665), to reduce exposure to those toxic air contaminants, to protect public health, and particularly infants and children.

(d) Toxic air contaminants evaluated and listed pursuant to this section shall not include substances in those uses that are not subject to regulation by the state board pursuant to this chapter.

SEC. 7. Section 40451 of the Health and Safety Code is amended to read:

40451. (a) The south coast district shall use the Pollutant Standards Index developed by the Environmental Protection Agency and shall report and forecast pollutant levels daily for dissemination in the print and electronic media.

(b) Using existing communication facilities available to it, the south coast district shall notify all schools and, to the extent feasible and upon request, daycare centers in the South Coast Air Basin whenever any federal primary ambient air quality standard is predicted to be exceeded.

(c) Whenever it becomes available, the south coast district shall disseminate to schools, amateur adult and youth athletic organizations, and all public agencies operating parks and recreational facilities in the south coast district the latest scientific information and evidence regarding the need to restrict exercise and other outdoor activities during periods when federal primary air quality standards are exceeded.

(d) Once every two months and annually, the south coast district shall report on the number of days and locations that federal and state ambient air quality standards were exceeded and the number of days and locations of these occurrences.

SEC. 7.5. Section 40451 of the Health and Safety Code is amended to read:

40451. (a) The south coast district shall use the Pollutant Standards Index developed by the United States Environmental Protection Agency and shall report and forecast pollutant levels daily for dissemination in the print and electronic media. Commencing

July 1, 2001, the south coast district shall also include in its report and forecast levels of PM2.5 in excess of the 24-hour federal ambient air standard, as adopted in July 1997, or any standard adopted by the United States Environmental Protection Agency that succeeds that standard.

(b) Using existing communication facilities available to it, the south coast district shall notify all schools and, to the extent feasible and upon request, daycare centers in the South Coast Air Basin whenever any federal primary ambient air quality standard is predicted to be exceeded. Commencing July 1, 2001, using communication facilities available to it, the south coast district shall also notify all schools in the South Coast Air Basin when the ambient level of PM2.5 is predicted to exceed the 24-hour federal ambient air standard, as adopted in July 1997, or any standard adopted by the United States Environmental Protection Agency that succeeds that standard.

SECTION 1. Section 60605 of the Education Code, as amended by Chapter 78 of the Statutes of 1999, is amended to read:

60605. (a) (1) (A) Not later than January 1, 1998, the State Board of Education shall adopt statewide academically rigorous content standards, pursuant to the recommendations of the Commission for the Establishment of Academic Content and Performance Standards, in the core curriculum areas of reading, writing, and mathematics to serve as the basis for assessing the academic achievement of individual pupils and of schools, school districts, and the California education system. Not later than November 1, 1998, the State Board of Education shall adopt these standards in the core curriculum areas of history/social science and science. The performance standards and the assessments described in subdivision (c) may be developed concurrently, and shall be based on the content standards adopted by the board pursuant to this section.

(B) The board shall adopt statewide performance standards in the core curriculum areas of reading, writing, mathematics, history-social science, and science based on the recommendations made by a contractor or contractors. By November 15, 2000, the

board shall complete the adoption of the portion of the pupil assessments described in subdivision (c) in the core curriculum areas of reading, writing, mathematics, history-social science, and science.

(C) In specifying timeframes for deliverables in the request for proposal developed pursuant to subdivision (i), the State Board of Education shall require the contractor or contractors to submit performance standards to the board not later than a specified date that allows sufficient opportunity for the board to conduct regional hearings prior to the adoption of the performance standards by the dates specified in subparagraph (B).

(2) (A) The State Board of Education may modify any proposed content standards or performance standards prior to adoption and may adopt content and performance standards in individual core curriculum areas as those standards are submitted to the board by the commission or the contractor. The performance standards shall be established against specific grade level benchmarks of academic achievement for each subject area tested and shall be based on the knowledge and skills that pupils will need in order to succeed in the information-based, global economy of the 21st century. These skills shall not include personal behavioral standards or skills, including, but not limited to, honesty, sociability, ethics, or self-esteem. The standards adopted pursuant to this section shall be for the purpose of guiding state decisions regarding the development, adoption, and approval of assessment instruments pursuant to this chapter and shall not be construed to mandate any actions or activities by school districts.

(B) Because these standards are models, the adoption of these standards is not subject to the Administrative Procedure Act. This subparagraph is declaratory of existing law.

(3) Before adopting academic content and performance standards, the board shall hold regional hearings for the purpose of giving parents and other members of the public the opportunity to comment on the proposed standards.

(b) (1) The State Board of Education shall require the State Department of Education to notify publishers of the opportunity to submit, for consideration by the State Board of Education pursuant to Section 60642, tests of achievement that include all of the basic academic skills identified in subdivision (c) of Section 60603 in grades 2 to 8, inclusive, and the core curriculum areas identified in subdivision (e) of Section 60603 in grades 9 to 11, inclusive.

5, 8, and 10, assess basic academic skills and incorporate the use of direct writing assessment and other assessments of applied academic skills.

(2) The State Board of Education shall annually require that each school district administer the statewide assessment pursuant to this subdivision to all pupils in grades 4, 5, 8, and 10. The core curriculum areas shall be addressed by that assessment. Notwithstanding any other provision of law, the assessment provided for under this subdivision shall address, in grade 4, only reading, written expression, and mathematics, and, in grade 5, only history/social science and science. Pupils in a given school shall be administered a portion of all subjects of the assessment that will be representative of all the assessment objectives, goals, and categories of items on the entire assessment in a manner that will produce results that are valid and reliable at the school and school district level. The State Department of Education may provide assistance to school districts in the implementation of the assessment established pursuant to this subdivision.

(3) Nothing in this subdivision shall be construed to prevent the State Board of Education from developing or adopting an assessment instrument that also contains assessments of basic academic skills.

(d) The State Board of Education shall adopt assessments pursuant to subdivision (c) that are aligned with the statewide content and performance standards adopted pursuant to subdivision (a). The State Board of Education shall not adopt an assessment pursuant to subdivision (c) for any core curriculum area until the statewide content standards for that core curriculum area have been adopted by the board pursuant to subdivision (a). The State Board of Education shall not award contracts for the development of performance standards and assessments pursuant to subdivision (c) for any core curriculum area until after adoption of statewide content standards for that core curriculum area.

(e) After adopting statewide content standards, the State Board of Education shall review the achievement test designated pursuant to Section 60642 for conformance with these statewide standards.

(f) After adopting statewide content and performance standards, the State Board of Education shall review the existing curriculum frameworks for conformity with the new statewide standards and shall modify the curriculum frameworks where appropriate to bring them into alignment with the standards.

(g) The State Board of Education shall adopt regulations for the conduct and administration of the testing and assessment program.

(h) The State Board of Education shall adopt a regulation for minimum security procedures that test and assessment publishers and school districts must follow to ensure the security and integrity of test and assessment questions and materials.

(i) Following consideration of recommendations of the Superintendent of Public Instruction, the State Board of Education

shall award a contract or contracts to develop performance standards pursuant to subdivision (a) and instruments to be used for the purposes of subdivision (c), according to competitive bidding procedures.

(1) As part of this process, the board may convene an advisory panel composed of nationally recognized experts in pupil assessment. Two members of the panel shall be selected from a list of at least 10 nominees of the Superintendent of Public Instruction. This panel, if convened, shall assist the board and the Superintendent of Public Instruction in the preparation of the request or requests for proposals to develop performance standards and instruments for use as assessments of applied academic skills and in the review and rating of proposals that are submitted. The panel shall also assist the board and the Superintendent of Public Instruction in determining methods of ensuring that the achievement test designated pursuant to Section 60642 meets the requirements of Section 60644. The State Department of Education shall provide any necessary staff support for the work of the advisory committee.

(2) Any contractor to whom a contract is awarded pursuant to this subdivision shall assure that parents, classroom teachers, administrators, school district governing board members, and the general public are actively involved in the development of any assessment instruments.

(3) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, appropriations made for the payment of contracts awarded pursuant to this subdivision shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202, for the applicable fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202, for that fiscal year.

(j) (1) Not less than 60 days before adopting the statewide pupil assessment pursuant to subdivision (c), the State Board of Education shall make the proposed assessment available for inspection by the public. The board shall adopt any proposed amendments or modifications to the assessment before this public inspection period so that the materials available for inspection are the same materials that the board shall consider for final adoption. This provision applies to subsequent amendments or modifications of the examination in addition to the initial adoption. The proposed assessment shall be available for inspection by the public for a reasonable period of time.

(2) The assessment adopted pursuant to subdivision (c) shall be available for inspection at each county superintendent of schools' office and within each school district at a centrally located site selected by the governing board of each school district. The governing board may also make the assessment available for public

inspection at other locations within the school district. An assessment may not be copied or taken from the inspection site.

(4) Exemplars of pupil performance that exemplify the content and performance standards.

(b) The State Board of Education shall ensure that the performance standards system is aligned to the state's academically rigorous content standards.

SEC. 3. Section 60640 of the Education Code, as amended by Chapter 78 of the Statutes of 1999, is amended to read:

60640. (a) There is hereby established the Standardized Testing and Reporting Program, to be known as the STAR Program.

(b) Commencing in the 1997–98 fiscal year and each fiscal year thereafter, and from the funds available for that purpose, each school district, charter school, and county office of education shall administer to each of its pupils in grades 2 to 11, inclusive, before May 15, the achievement test designated by the State Board of Education pursuant to Section 60642.

(c) The publisher and the school district shall provide two makeup days for the testing of previously absent pupils no later than May 25.

(d) The governing board of the school district may administer achievement tests in kindergarten, and grade 1 or 12, or both, as it deems appropriate.

(e) Individuals with exceptional needs who have an explicit provision in their individualized education program that exempts them from the testing requirement of subdivision (b) shall be so exempt.

(f) At the school district's option, pupils of limited English proficiency who are enrolled in any of grades 2 to 11, inclusive, may take a second achievement test in their primary language. Primary language tests administered pursuant to this subdivision and subdivision (g) shall be subject to the requirements of subdivisions (b), (c), (d), and (e) of Section 60641. These primary language tests shall produce individual pupil scores that are valid and reliable. Notwithstanding any other provision of law, the State Board of Education shall designate for use, as part of this program, a single primary language test in each language for which such a test is available for grades 2 to 11, inclusive, no later than November 14, 1998, pursuant to the process used for designation of the assessment chosen in the 1997–98 fiscal year, as specified in Section 60642 and 60643, as applicable.

(g) Pupils of limited English proficiency who are enrolled in any of grades 2 to 11, inclusive, shall be required to take a test in their primary language if such a test is available, if fewer than 12 months have elapsed after their initial enrollment in any public school in the state.

(h) (1) The Superintendent of Public Instruction shall apportion funds to school districts to enable school districts to meet the requirements of subdivisions (b), (f), and (g).

(2) The State Board of Education shall annually establish the amount of funding to be apportioned to school districts for each test administered and shall annually establish the amount that each publisher shall be paid for each test administered under the agreements required pursuant to Section 60643. The amounts to be paid to the publishers shall be determined by considering the cost estimates submitted by each publisher each September and the amount included in the Budget Act and by making allowance for the estimated costs to school districts for compliance with the requirements of subdivisions (b), (f), and (g).

(3) An adjustment to the amount of funding to be apportioned per test may not be valid without the approval of the Director of Finance. A request for approval of an adjustment to the amount of funding to be apportioned per test shall be submitted in writing to the Director of Finance and the chairpersons of the fiscal committees of both houses of the Legislature with accompanying material justifying the proposed adjustment. The Director of Finance is authorized to approve only those adjustments related to activities required by statute. The Director of Finance shall approve or disapprove the amount within 30 days of receipt of the request and shall notify the chairpersons of the fiscal committees of both houses of the Legislature of the decision.

(i) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation for the apportionments made pursuant to paragraph (1) of subdivision (h), and the payments made to the publishers under the contract required pursuant to Section 60643 between the State Department of Education and the publisher, shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202 of the Education Code, for the applicable fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for that fiscal year.

(j) As a condition to receiving an apportionment pursuant to subdivision (h), a school district shall report to the superintendent all of the following:

(1) The number of pupils enrolled in the school district in grades 2 to 11, inclusive.

(2) The number of pupils to whom an achievement test was administered in grades 2 to 11, inclusive, in the school district.

(3) The number of pupils in paragraph (1) who were exempted from the test pursuant to subdivision (e) of Section 60640.

(4) The number of pupils in paragraph (1) who were exempted from the test at the request of their parents or guardians.

SEC. 4. Section 60641 of the Education Code is amended to read:

60641. The State Department of Education shall ensure that school districts comply with each of the following requirements:

(a) The achievement test designated pursuant to Section 60642 is scheduled to be administered to all pupils during the period prescribed in subdivision (b) of Section 60640.

(b) The individual results of each pupil test administered pursuant to Section 60640 shall be reported, in writing, to the pupil's parent or guardian. The written report shall include a clear explanation of the purpose of the test, the pupil's score, and its intended use by the school district. Nothing in this subdivision shall be construed to require teachers to prepare individualized explanations of each pupil's test score.

(c) The individual results of each pupil test administered pursuant to Section 60640 shall also be reported to the pupil's school and teachers. The school district shall include the pupil's test results in his or her pupil records. However, except as provided in this section, individual pupil test results may only be released with the permission of the pupil's parent or guardian.

(d) The districtwide, school-level, and grade-level results of the STAR Program in each of the grades designated pursuant to Section 60640, but not the score or relative position of any individually ascertainable pupil, shall be reported to the governing board of the school district at a regularly scheduled meeting, and the countywide, school-level, and grade-level results for classes and programs under the jurisdiction of the county office of education shall be similarly reported to the county board of education at a regularly scheduled meeting. These results shall be reported at the same meeting at which the results of the assessments of applied academic skills are reported pursuant to Section 60609, when those assessments are implemented.

(e) The publisher designated pursuant to Section 60642 shall make the individual pupil, grade, school, school district, and state results available to the State Department of Education pursuant to paragraph (8) of subdivision (a) of Section 60643 by July 8 of each year in which the achievement test is administered. The State Department of Education shall make the grade, school, school district, and state results available on the Internet by July 15 of each year in which the achievement test is administered.

SEC. 4.5. Section 60641 of the Education Code is amended to read:

60641. The State Department of Education shall ensure that school districts comply with each of the following requirements:

(a) The achievement test designated pursuant to Section 60642 is scheduled to be administered to all pupils during the period prescribed in subdivision (b) of Section 60640.

(b) The individual results of each pupil test administered pursuant to Section 60640 shall be reported, in writing, to the pupil's parent or guardian. The written report shall include a clear explanation of the purpose of the test, the pupil's score, and its intended use by the school district. Nothing in this subdivision shall be construed to require teachers to prepare individualized explanations of each pupil's test score.

(c) The individual results of each pupil test administered pursuant to Section 60640 shall also be reported to the pupil's school and teachers. The school district shall include the pupil's test results in his or her pupil records. However, except as provided in this section, individual pupil test results may only be released with the permission of the pupil's parent or guardian.

(d) (1) (A) Except as provided in subparagraph (B), the districtwide, school-level, and grade-level results of the STAR Program in each of the grades designated pursuant to Section 60640, but not the score or relative position of any individually ascertainable pupil, shall be reported to the governing board of the school district at a regularly scheduled meeting.

(B) The scores of pupils with limited-English-proficient status who have been enrolled in the school district for fewer than 12 months shall not be included in the districtwide, school-level, or grade-level results of the STAR program.

(2) The countywide, school-level, and grade-level results for classes and programs under the jurisdiction of the county office of education shall be similarly reported to the county board of education at a regularly scheduled meeting.

(3) The results described in this subdivision shall be reported at the same meeting at which the results of the assessments of applied academic skills are reported pursuant to Section 60609, when those assessments are implemented.

(e) The publisher designated pursuant to Section 60642 shall make the individual pupil, grade, school, school district, and state results available to the State Department of Education pursuant to paragraph (8) of subdivision (a) of Section 60643 by July 8 of each year in which the achievement test is administered. The State Department of Education shall make the grade, school, school district, and state results available on the Internet by July 15 of each year in which the achievement test is administered.

SEC. 5. Section 60643 of the Education Code, as amended by Chapter 78 of the Statutes of 1999, is amended to read:

60643. (a) To be eligible for consideration under Section 60642 by the State Board of Education, test publishers shall agree in writing each year to meet the following requirements, if selected:

(1) Enter into an agreement, pursuant to subdivision (e), with the State Department of Education by November 15, for the 1999–2000 school year, or by October 15, for any school year thereafter.

(2) Align the achievement test to the academically rigorous content and performance standards adopted by the State Board of Education.

(3) Comply with subdivisions (c) and (d) of Section 60645.

(4) Provide valid and reliable individual pupil scores only in the content areas specified in subdivision (c) of Section 60642 to parents or guardians, teachers, and school administrators.

(5) Provide valid and reliable aggregate scores only in the content areas specified in subdivision (c) of Section 60642 to school districts and county boards of education in all of the following forms and formats:

(A) Grade level.

(B) School level.

(C) District level.

(D) Countywide.

(E) Statewide.

(F) Comparison of statewide scores relative to other states.

(6) Provide disaggregated scores, based on limited-English-proficient status and non-limited-English-proficient status. For purposes of this section, pupils with "non-limited-English-proficient status" shall include the total of those pupils who are English-only pupils, fluent-English-proficient pupils, and redesignated fluent-English-proficient pupils. These scores shall be provided to school districts and county boards of education in the same form and formats listed in paragraph (5).

(7) Provide disaggregated scores by pupil gender and provide disaggregated scores based on whether pupils are economically disadvantaged or not. These disaggregated scores shall be in the same form and formats as listed in paragraph (5). In any one year, the disaggregation shall entail information already being collected by school districts, county offices of education, or charter schools.

(8) Provide disaggregated scores for pupils who have individualized education programs and have enrolled in special education, to the extent required by federal law. These scores shall be provided in the same forms and formats listed in paragraph (5). This section may not be construed to exclude the scores of special education pupils from any state or federal accountability system.

(9) Provide information listed in paragraphs (5), (6), (7), and (8) to the State Board of Education and the State Department of Education in the medium requested by each entity, respectively, by the date set forth in subdivision (e) of Section 60641.

(b) It is the intent of the Legislature that the publisher work with the Superintendent of Public Instruction and the State Board of Education in developing a methodology to disaggregate statewide scores as required in paragraphs (6) and (7) of subdivision (a), and in determining which variable indicated on the STAR testing document shall serve as a proxy for "economically disadvantaged" status pursuant to paragraph (7).

(c) Access to any information about individual pupils or their families shall be granted to the publisher only for purposes of correctly associating test results with the pupils who produced those results or for reporting and disaggregating test results as required by this section. School districts are prohibited from excluding a pupil from the test if a parent or parents decline to disclose income. Nothing in this chapter shall be construed to abridge or deny rights to confidentiality contained in the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Sec. 1232g) or other applicable provisions of state and federal law that protect the confidentiality of information collected by educational institutions.

(d) Notwithstanding any other provision of law, the publisher of the achievement test designated pursuant to Section 60642 shall comply with all of the conditions and requirements enumerated in subdivision (a) to the satisfaction of the State Board of Education.

(e) (1) Commencing January 1, 2000, a publisher may not provide a test described in Section 60642 or in subdivision (f) of Section 60640 for use in California public schools unless the publisher enters into a written contract with the State Department of Education as set forth in this subdivision.

(2) The State Department of Education shall develop, and the State Board of Education shall approve, a contract to be entered into with a publisher pursuant to paragraph (1). The department may develop the contract through negotiations with the publisher.

(3) For purposes of the contract authorized pursuant to this subdivision, the State Department of Education is exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code and from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

(4) The contract shall include provisions for progress payments to the publisher for work performed or costs incurred in the performance of the contract. Not less than 10 percent of the amount budgeted for each separate and distinct component task provided for in each contract shall be withheld pending final completion of all component tasks by that publisher. The total amount withheld pending final completion shall not exceed 10 percent of the total contract price.

(5) The contract shall require liquidated damages to be paid by the publisher in the amount of up to 10 percent of the total cost of any component task that the publisher through its own fault or that of its

subcontractors fails to substantially perform by the date specified in the agreement.

(6) The contract shall establish the process and criteria by which the successful completion of each component task shall be recommended by the State Department of Education and approved by the State Board of Education.

(7) The publishers shall submit, as part of the contract negotiation process, a proposed budget and invoice schedule, that includes a detailed listing of the costs for each component task and the expected date of the invoice for each completed component task.

(8) The costs associated with item development shall be provided as a separate amount and shall not be amortized across the number of tests to be administered.

(9) The contract shall specify the following component tasks that are separate and distinct:

(A) Development of new tests or test items as required by paragraph (3) of subdivision (a).

(B) Test materials production or publication.

(C) Delivery of test materials to school districts.

(D) Test processing, scoring, and analyses.

(E) Reporting of test results to the school districts, including, but not limited to, all reports specified in this section.

(F) Reporting of test results to the State Department of Education, including, but not limited to, the electronic files required pursuant to this section.

(G) All other analyses or reports required by the Superintendent of Public Instruction to meet the requirements of state and federal law and set forth in the agreement.

(10) The contract shall specify the specific reports and data files that are to be provided to school districts by the publisher and the number of copies of each report or file to be provided.

(11) The contract shall specify the means by which the delivery date for materials to each school district shall be verified by the publisher and the school district.

(12) School districts may negotiate a separate agreement with the publisher for any additional materials or services not within the contract specified in this subdivision, including, but not limited to, the administration of the tests to pupils in grade levels other than grades 2 to 11, inclusive. Any separate agreement is not within the scope of the contract specified in this subdivision.

SEC. 5.5. Section 60643 of the Education Code, as amended by Chapter 78 of the Statutes of 1999, is amended to read:

60643. (a) To be eligible for consideration under Section 60642 by the State Board of Education, test publishers shall agree in writing each year to meet the following requirements, if selected:

(D) Countywide.

(E) Statewide.

(F) Comparison of statewide scores relative to other states.

(6) Provide disaggregated scores, based on limited-English-proficient status and non-limited-English-proficient status. Scores of pupils with a limited-English-proficient status should be further disaggregated, based on whether those pupils have been enrolled in the school district for fewer than 12 months. For purposes of this section, pupils with "non-limited-English-proficient status" shall include the total of those pupils who are English-only pupils, fluent-English-proficient pupils, and redesignated fluent-English-proficient pupils. These scores shall be provided to school districts and county boards of education in the same form and formats listed in paragraph (5).

(7) Provide disaggregated scores by pupil gender and provide disaggregated scores based on whether pupils are economically disadvantaged or not. These disaggregated scores shall be in the same form and formats as listed in paragraph (5). In any one year, the disaggregation shall entail information already being collected by school districts, county offices of education, or charter schools.

(8) Provide disaggregated scores for pupils who have individualized education programs and have enrolled in special education, to the extent required by federal law. These scores shall be provided in the same forms and formats listed in paragraph (5). (b) It is the intent of the Legislature that the publisher work with the Superintendent of Public Instruction and the State Board of Education in developing a methodology to disaggregate statewide scores as required in paragraphs (6) and (7) of subdivision (a), and

in determining which variable indicated on the STAR testing document shall serve as a proxy for "economically disadvantaged" status pursuant to paragraph (7).

(c) Access to any information about individual pupils or their families shall be granted to the publisher only for purposes of correctly associating test results with the pupils who produced those results or for reporting and disaggregating test results as required by this section. School districts are prohibited from excluding a pupil from the test if a parent or parents decline to disclose income. Nothing in this chapter shall be construed to abridge or deny rights to confidentiality contained in the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Sec. 1232g) or other applicable provisions of state and federal law that protect the confidentiality of information collected by educational institutions.

(d) Notwithstanding any other provision of law, the publisher of the achievement test designated pursuant to Section 60642 shall comply with all of the conditions and requirements enumerated in subdivision (a) to the satisfaction of the State Board of Education.

(e) (1) Commencing January 1, 2000, a publisher may not provide a test described in Section 60642 or in subdivision (f) of Section 60640 for use in California public schools unless the publisher enters into a written contract with the State Department of Education as set forth in this subdivision.

(2) The State Department of Education shall develop, and the State Board of Education shall approve, a contract to be entered into with a publisher pursuant to paragraph (1). The department may develop the contract through negotiations with the publisher.

(3) For purposes of the contract authorized pursuant to this subdivision, the State Department of Education is exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code and from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

Not less than 10 percent of the amount budgeted for each separate and distinct component task provided for in each contract shall be withheld pending final completion of all component tasks by that publisher. The total amount withheld pending final completion shall not exceed 10 percent of the total contract price.

(5) The contract shall require liquidated damages to be paid by the publisher in the amount of up to 10 percent of the total cost of any component task that the publisher through its own fault or that of its subcontractors fails to substantially perform by the date specified in the agreement.

(6) The contract shall establish the process and criteria by which the successful completion of each component task shall be

recommended by the State Department of Education and approved by the State Board of Education.

(7) The publishers shall submit, as part of the contract negotiation process, a proposed budget and invoice schedule that includes a detailed listing of the costs for each component task and the expected date of the invoice for each completed component task.

(8) The costs associated with item development shall be provided as a separate amount and shall not be amortized across the number of tests to be administered.

Any separate agreement is not within the scope of the contract specified in this subdivision.

SEC. 6. Section 60643.1 is added to the Education Code, to read:

60643.1. (a) (1) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher designated by the State Board of Education pursuant to Section 60643 shall make available a reading list on the Internet by June 1. The reading list shall include an index that correlates ranges of pupil reading scores on the English language arts portion of the achievement test administered pursuant to subdivision (b) of Section 60640 to titles of materials that would be suitable for pupils in each of grades 2 to 11, inclusive, to read in order to improve their reading skills. This reading list shall include titles of books that allow a pupil to practice reading at his or her current reading level and that will assist the pupil in achieving a higher level

of proficiency. To the extent possible, the index shall also include information related to the subject matter of each title. At a minimum, the reading list shall also categorize titles by subject matter and identify age-appropriate distinctions in the list.

(2) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher shall make available, for purchase by school districts, a report that provides a numerical distribution of the reading scores of all pupils in California who took the achievement test administered pursuant to subdivision (b) of Section 60640.

(3) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher shall make available, for purchase by school districts, reading lists that can be distributed to pupils based on a pupil's age and the ranges of scores on the English language arts portion of the achievement test administered pursuant to subdivision (b) of Section 60640.

(4) The requirements of this subdivision shall only become operative upon a determination by the Director of Finance that funds are available to make an adjustment pursuant to subdivision (h) of Section 60640.

(b) The State Board of Education and the Superintendent of Public Instruction shall jointly certify that the process used by the publisher to determine the reading levels of the corresponding reading list pursuant to paragraph (1) of subdivision (a) meets the following criteria:

(1) The process is educationally valid.

(2) The process results in a reading list for each reading span that provides titles at the pupil's current reading level and the next higher level for challenging practice.

(3) The process results in a selection from the universe of titles from the list developed pursuant to subdivision (d) that matches each reading level.

(4) The process is unbiased in the selection of publishers' titles from the legal compliance list.

(c) The titles listed at each reading level range posted on the Internet and the reading lists made available to school districts pursuant to subdivision (a) shall, at a minimum, include all relevant literature materials approved as of September 1, 1999, as being legally compliant pursuant to Article 3 (commencing with Section 60040) of Chapter 1, and the titles listed in all of the content area reading and literature lists that are developed and published by the State Department of Education and that have been determined by the department to meet the relevant reading level as certified pursuant to subdivision (b).

(d) By imposing the requirements of this section on publishers, it is not the intent of the Legislature to unfairly disadvantage any publisher who has otherwise met the requirements of this section or

of Article 3 (commencing with Section 60040) of Chapter 1 of Part 33.

SEC. 7. Section 60644 of the Education Code is amended to read:

60644. In designating an achievement test pursuant to Section 60642, the State Board of Education shall adopt only a nationally normed test and shall consider each of the following criteria:

(a) Ability of the publisher to produce valid, reliable individual pupil scores.

(b) Quality and age of empirical data supporting national norm referenced data analysis of the proposed assessment.

(c) Ability to report results pursuant to the provisions of paragraphs (4) to (7), inclusive, of subdivision (a) of Section 60643 by July 8.

(d) Ability to report results that permit comparability between data from school districts' previous administration of standardized achievement tests, if feasible.

(e) Ability to provide results comparable with data from the 1998 benchmark year and administrations in subsequent years with the grade level competencies established pursuant to the academically rigorous content and performance standards adopted by the State Board of Education pursuant to Section 60605.

(f) (1) Ability to align the achievement test with academically rigorous content and performance standards as those standards are adopted by the State Board of Education. It is the intent of the Legislature that, to the extent feasible, the nationally-normed test shall be augmented with items that assess the specific grade-level content standards and produce valid and reliable scores for pupils achievement for each of the State Board of Education designated performance standards adopted by the State Board of Education pursuant to subdivision (a) of Section 60605.

(2) Until the State Board of Education adopts academically rigorous content standards, the test shall be consistent with Section 60200.4, reasonably aligned with the state curriculum frameworks, and substantively aligned with the program advisories jointly adopted by the Superintendent of Public Instruction, the State Board of Education, and the Commission on Teacher Credentialing in 1996.

(g) Per-pupil cost estimates of administering the proposed assessment.

(h) The publisher's procedure for ensuring the security and integrity of test questions and materials.

(i) Experience in the successful conduct of testing programs adopted and administered by other states. For experience to be considered, the number of grades and pupils tested shall be provided.

SEC. 8. Section 60646 of the Education Code is repealed.

SEC. 9. Section 11126 of the Government Code is amended to read:

11126. (a) (1) Nothing in this article shall be construed to prevent a state body from holding closed sessions during a regular or

special meeting to consider the appointment, employment, evaluation of performance, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing.

(2) As a condition to holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, and that notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. If notice is not given, any disciplinary or other action taken against any employee at the closed session shall be null and void.

(3) The state body also may exclude from any public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body.

(4) Following the public hearing or closed session, the body may deliberate on the decision to be reached in a closed session.

(b) For the purposes of this section, "employee" shall not include any person who is elected to, or appointed to a public office by, any state body. However, officers of the California State University who receive compensation for their services, other than per diem and ordinary and necessary expenses, shall, when engaged in that capacity, be considered employees. Furthermore, for purposes of this section, the term employee shall include a person exempt from civil service pursuant to subdivision (e) of Section 4 of Article VII of the California Constitution.

(c) Nothing in this article shall be construed to do any of the following:

(1) Prevent state bodies that administer the licensing of persons engaging in businesses or professions from holding closed sessions to prepare, approve, grade, or administer examinations.

(2) Prevent an advisory body of a state body that administers the licensing of persons engaged in businesses or professions from conducting a closed session to discuss matters that the advisory body has found would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting, provided the advisory body does not include a quorum of the members of the state body it advises. Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

(3) Prohibit a state body from holding a closed session to deliberate on a decision to be reached in a proceeding required to be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 or similar provisions of law.

(4) Grant a right to enter any correctional institution or the grounds of a correctional institution where that right is not otherwise granted by law, nor shall anything in this article be construed to prevent a state body from holding a closed session when considering and acting upon the determination of a term, parole, or release of any individual or other disposition of an individual case, or if public disclosure of the subjects under discussion or consideration is expressly prohibited by statute.

(5) Prevent any closed session to consider the conferring of honorary degrees, or gifts, donations, and bequests that the donor or proposed donor has requested in writing to be kept confidential.

(6) Prevent the Alcoholic Beverage Control Appeals Board from holding a closed session for the purpose of holding a deliberative conference as provided in Section 11125.

(7) (A) Prevent a state body from holding closed sessions with its negotiator prior to the purchase, sale, exchange, or lease of real property by or for the state body to give instructions to its negotiator regarding the price and terms of payment for the purchase, sale, exchange, or lease.

The Charter School Revolving Loan Fund shall be comprised of federal funds obtained by the state for charter schools and any other funds appropriated or transferred to the fund through the annual budget process. Funds appropriated to the Charter School Revolving Loan Fund shall remain available for the purposes of the fund until reappropriated or reverted by the Legislature through the annual Budget Act or any other act.

(b) Loans may be made from moneys in the Charter School Revolving Loan Fund to a chartering authority for charter schools that are not a conversion of an existing school, or directly to a charter school that qualifies to receive funding pursuant to Chapter 6 (commencing with Section 47630) that is not a conversion of an existing school, upon application of a chartering authority or charter school and approval by the Superintendent of Public Instruction. A loan is for use by the charter school during the period from the date the charter is granted pursuant to Section 47605 to the end of the fiscal year in which the charter school first enrolls pupils. Money loaned to a chartering authority for a charter school, or to a charter school, pursuant to this section shall be used only to meet the purposes of the charter granted pursuant to Section 47605. (2) He or she attended a charter school sponsored by the school district between July 1 and the last day of the second period, inclusive, in the current year.

(c) To the greater of the amounts computed pursuant to subdivisions (a) and (b), add the regular average daily attendance in the current year of all pupils attending charter schools sponsored by the district that are not funded pursuant to this chapter.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that necessary educational opportunities can be made available for the entire 1999–2000 public school year, it is necessary that this act take effect immediately.

CHAPTER 737

An act to amend Section 44253.8 of, and to add and repeal Section 44259.8 of the Education Code, relating to teacher credentialing.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) California needs between 250,000 and 300,000 teachers in the next 10 years.

(2) Other states have initiated signing bonuses of one thousand dollars ($1,000) to twenty thousand dollars ($20,000) in order to attract new teachers to the teaching profession. California must also be aggressive in its effort to recruit, train, and retrain professionals in the teaching profession and to reduce barriers to entering the teaching profession, while maintaining high standards of competency for teachers.

(b) It is the intent of the Legislature to allow highly qualified teaching candidates the opportunity to enter the teaching profession with relative ease and to ensure that teaching candidates are truly competent professionals prior to obtaining a professional clear teaching credential.

SEC. 2. Section 44253.8 of the Education Code is amended to read:

44253.8. (a) For the examinations required by Sections 44253.5 and 44253.7, the commission shall charge examination fees that are sufficient to recover the costs of developing and administering the examinations, including the costs of periodic studies of the examinations, except to the extent that these costs are recovered by appropriations from another source of funds.

(b) In addition to the fees collected pursuant to subdivision (a), within the limits set forth in this chapter, the commission may establish and collect fees to recover its costs for the administration of any assessment of teaching competence adopted by the commission to implement the provisions of this chapter, unless the costs are recovered by appropriations from another source of funds.

SEC. 3. Section 44259.8 is added to the Education Code, to read:

44259.8. (a) Upon the recommendation of the governing board of a school district, the commission shall issue a California

Preliminary (CAP) credential to any person who displays knowledge and expertise in a subject area as demonstrated by all of the following qualifications:

(1) Possession of a postbaccalaureate or graduate degree in a subject specified in Section 44257 from a regionally accredited institution of higher education.

(2) Five or more full-time equivalent years of practice in the field for which the postbaccalaureate or graduate degree was awarded.

(3) Basic skills proficiency as measured by the test adopted pursuant to Section 44252.

(b) The CAP credential is a preliminary single subject teaching credential. The CAP credential shall authorize teaching in the subject or subject area, or the performance of services, approved by the commission and designated on the credential. The commission shall also approve and designate on the credential the grade level or levels for which the teaching or service authorization is valid.

(c) The governing board of a school district electing to recommend a person for the CAP credential shall do the following:

(1) Enroll candidates for the CAP credential in a preservice training program for a minimum of 40 hours of pedagogical training that is aligned with the California Standards for the Teaching Profession. A candidate for the CAP credential shall complete this training before providing classroom instruction. The preservice training program shall include the following:

(A) Preparation in classroom management and organization.

(B) Grade-level curriculum content and instructional models and strategies.

(C) Pupil assessment practices.

(D) Literacy development in the subject to be authorized on the credential.

(E) Equity, access, and diversity training.

(F) Appropriate instructional strategies for English language learners and pupils with special needs.

(2) Develop an individual program of professional preparation consisting of not less than 150 hours of study for each candidate to pursue professional development in the areas specified in subparagraphs (A) to (F), inclusive, of paragraph (1) and designed to assist the candidate in passing the assessment specified in paragraph (2) of subdivision (e).

(3) Require each recipient of the CAP credential to complete the preservice training program specified in paragraph (1) and the preparation program specified in paragraph (2).

(d) Each CAP credential shall be issued initially and renewed for the following periods of time pending completion of the requirements of this section:

(1) The CAP credential shall be valid for two years to allow for completion of the requirements of subdivision (e).

(2) Upon the completion of the requirements of subdivision (e), the CAP credential shall, upon application, be renewed for two additional years to allow for completion of the requirements of subdivision (f).

(3) Upon completion of the two-year renewal period and completion of the requirements of subdivision (f), the holder of a CAP credential shall be eligible, upon application, for a professional clear teaching credential.

(e) Holders of a CAP credential shall meet the following requirements prior to receiving a two-year renewal of the CAP credential:

(1) Completion of the individual program of professional preparation offered pursuant to paragraph (2) of subdivision (c).

(2) Demonstration of basic pedagogical skills by passing the teacher performance assessment that is adopted by the commission pursuant to Section 44320.2.

(f) Holders of a renewed CAP credential shall meet the following additional requirements prior to obtaining a professional clear credential:

(1) Participation in a two-year induction program, as specified in paragraph (2) of subdivision (c) of Section 44259 or Section 44279.1, that is designed to extend the teacher's prior preparation and help the teacher prepare for the assessment requirement of paragraph (2).

(2) Demonstration of teaching competence by passing an assessment of the depth and breadth of the teacher's pedagogical knowledge, skills, and abilities that shall be adopted for this purpose by the commission.

(3) Establishment of subject matter competence pursuant to paragraph (5) of subdivision (b) of Section 44259.

(g) The commission may not accept new applications for the CAP credential after January 1, 2005.

(h) The commission shall report to the Legislature by February 1, 2004 on the following:

(1) The number of CAP credentials issued in each subject specified in Section 44257.

(2) The retention rates of candidates who receive a CAP credential.

(3) Recommendations for improvements to the CAP credential program.

(i) This section shall remain in effect until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

CHAPTER 738

An act to amend Sections 87861, 87863, 87883, and 87884 of, to add Section 87482.4 to, and to repeal Section 87865 of, the Education Code, relating to community colleges, and making an appropriation therefor.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) California's community colleges have historically hired part-time faculty to meet short-term community needs. By employing working professionals as teachers, this practice has the effect of enriching the curriculum and strengthening the tie between the college and its community.

(b) Part-time faculty also provide hiring flexibility, and often fill voids created by unanticipated enrollment growth. In some cases, part-time faculty are able to provide colleges with technical expertise that regular full-time faculty may lack, and can do so at a lower cost than full-time faculty.

(c) Part-time faculty are usually paid only for the hours they are actually in the classroom, with no compensation for related work performed outside of the classroom, including, but not limited to, research, preparation time, and evaluation of student work.

(d) However, rapidly expanding community colleges are now overusing part-time faculty. Community colleges often utilize part-time positions for financial reasons alone, rather than reasons related to the enhancement of the curriculum. California's Community College system currently employs 67 percent of its teaching force in part-time positions. Temporary contracts are being misused to employ part-time faculty members when the duration and nature of prior service, together with the overall circumstances of the employment relationship, indicate that a full-time position would be more appropriate. This practice is unfair to the part-time faculty member because, as a part-time faculty member, the person will not be able to attain a salary commensurate with the nature and type of service that the person has provided to the community college.

(e) The principle of equal pay for equal work requires that part-time faculty be provided compensation that is directly proportionate to full-time faculty employment. In this way, part-time faculty employed in settings that more closely resemble full-time situations will receive compensation that more closely resembles full-time compensation.

SEC. 2. Section 87482.4 is added to the Education Code, to read:

87482.4. (a) The Legislature finds and declares that, in the state's community college system, teaching constitutes a greater share of the faculty workload, as compared to the California State University or the University of California systems. California's community college system requires that a faculty member hold, as a basic qualification, a master's degree. Furthermore, the community college system uses a different professional review process, as compared to the California State University or the University of California systems.

(b) The California Postsecondary Education Commission shall conduct a comprehensive study of the California Community College system's part-time faculty employment, salary, and compensation patterns as they relate to full-time community college faculty with similar education credentials and work experience. The study shall include a representative sample of urban, rural, and suburban community colleges in California and shall also refer to similarly situated community colleges in other states.

(c) The study specified in subdivision (b) shall include, but not necessarily be limited to, the addressing of policy options available to achieve pay equity between community college part-time faculty and full-time faculty and shall also include both of the following:

(1) A quantitative analysis examining duties and tasks of part-time faculty as compared to full-time faculty. The duties and tasks examined shall include classroom teaching, preparation, office hours, recordkeeping, student evaluations, recommendations, and other professional practices that compare the similarities and differences between a part-time and full-time faculty position. This quantitative analysis shall also include both of the following:

(A) An examination of whether part-time faculty salaries vary significantly among community colleges and the factors that are associated with any salary differential.

(B) Data concerning the salary compensation pattern for part-time community college faculty in California and in similarly situated community colleges in other states, and the disparity between part-time and full-time compensation for the equivalent education and experience.

(2) An identification of specific policy and fiscal recommendations that would enable the California Community Colleges to achieve a compensation schedule that achieves pay equity for part-time faculty.

(d) The California Postsecondary Education Commission shall, in conducting the study required by this section, consult various representatives of the education community, including the Board of Governors of the California Community Colleges, community college faculty groups, and other interested parties.

(e) Notwithstanding Section 7550.5 of the Government Code, the California Postsecondary Education Commission shall release the

preliminary findings of the study required by this section to the Legislature and the Governor, on or before March 31, 2000, and shall transmit the study to the Legislature and the Governor on or before July 1, 2000.

(f) It is the intent of the Legislature that funding for conducting the study required by this section shall be made available through an appropriation, either in future legislation or in the annual Budget Act, in an amount of up to one hundred fifty thousand dollars ($150,000).

SEC. 3. Section 87861 of the Education Code is amended to read:

87861. For the purposes of this article:

(a) "Health insurance benefits" include medical benefits but do not include vision or dental benefits.

(b) "Part-time faculty" refers to any faculty member whose teaching assignment equals or exceeds 40 percent of the cumulative equivalent of a minimum full-time teaching assignment.

(c) The changes made to subdivision (b) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of those changes in the annual Budget Act or in another measure. If the amount appropriated in the annual Budget Act or in another measure for purposes of this section is insufficient to fully fund those changes for the fiscal year, the chancellor shall prorate the funds among the community college districts affected by this section.

SEC. 4. Section 87863 of the Education Code is amended to read:

87863. (a) A part-time faculty member and his or her eligible dependents are eligible to participate in the program established pursuant to this article.

(b) The changes made to subdivision (a) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of those changes in the annual Budget Act or in another measure. If the amount appropriated in the annual Budget Act or in another measure for purposes of this section is insufficient to fully fund those changes for the fiscal year, the chancellor shall prorate the funds among the community college districts affected by this section.

(c) Any changes made pursuant to this section to the Part-time Community College Faculty Health Insurance Program shall not affect any part-time health insurance program in effect on January 1, 2000.

SEC. 5. Section 87865 of the Education Code is repealed.

SEC. 6. Section 87883 of the Education Code is amended to read:

87883. (a) The governing board of a community college district may provide compensation for office hours to part-time faculty.

(b) The compensation paid to part-time faculty under this article shall equal at least one paid office hour for every two classes or more taught each week or 40 percent of a full-time load as defined by the community college district.

(c) Nothing in this section precludes compensation under this program for paid office time for each 20 percent of a full-time load, or fraction thereof, as defined by the community college district.

(d) The change made to subdivision (c) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of that change in the annual Budget Act or in another measure. If the amount appropriated in the annual Budget Act or in another measure for purposes of this section is insufficient to fully fund that change for the fiscal year, the chancellor shall prorate the funds among the community college districts affected by this section.

SEC. 7. Section 87884 of the Education Code is amended to read:

87884. (a) The governing board of each community college district that establishes a program pursuant to this article shall negotiate with the exclusive bargaining representative, or in instances where there is no bargaining unit shall meet and confer with the faculty, to establish a program to provide part-time faculty office hours.

(b) Any hours negotiated under this program shall not be applied toward the 60-percent requirement as specified in Section 87882. These hours shall not be counted towards the hours per week of teaching adult or community college classes for purposes of acquiring eligibility for tenure or for purposes of fulfilling any probationary hour requirements.

(c) On or before June 1 of each year, each community college district participating in the program shall send a verification to the Chancellor of the California Community Colleges specifying the total costs of the compensation paid for office hours of part-time faculty participating in the program.

(d) Any changes made by this section to the Community College Part-time Faculty Office Hours Program shall not affect any part-time faculty office hours program in effect on January 1, 2000.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 9. The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the General Fund to the Board of Governors of the California Community Colleges in augmentation of Schedule (p) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1999 (Ch. 50, Stats. 1999) for purposes of the Part-Time Community College Faculty Health Insurance Program established

pursuant to Article 9 (commencing with Section 87860) of Chapter 3 of Part 51 of the Education Code.

CHAPTER 739

CHAPTER 741

An act to amend Section 16946 of the Welfare and Institutions Code, relating to human services.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 16946 of the Welfare and Institutions Code is amended to read:

16946. (a) The Hospital Services Account portion of each county's allocation pursuant to Sections 16932 and 16941 shall be divided into two amounts by:

(1) Multiplying the Hospital Services Account funding portion by the percentage specified in paragraph (5) of subdivision (c) of Section 16945.

(2) Multiplying the amount of the Hospital Services Account funding portion by the percentage specified in paragraph (6) of subdivision (c) of Section 16945.

(b) The amount of each county's Hospital Services Account funding portion calculated in paragraph (1) of subdivision (a) shall be used for payment or support of services provided on or after July 1, 1989, by noncounty hospitals. Beginning in the 1991–92 fiscal year and annually thereafter, these amounts shall be reduced by dividing each county's amount by the total amount for all counties, multiplied by the sum of twelve million dollars ($12,000,000). This amount for each county shall be further divided into two equal parts, as follows:

(1) (A) The first part shall be allocated to each noncounty hospital within a county in amounts determined by multiplying the percentages specified in paragraph (7) of subdivision (c) of Section 16945 by the amount of the first part, and may be used for payment or support of services provided by noncounty hospitals to any eligible patient treated at any time during the fiscal year of the allocation.

(B) Funds distributed during fiscal years subsequent to the 1989–90 fiscal year shall be accounted for on a quarterly basis.

(C) For the 1989–90 fiscal year, noncounty hospitals shall provide the demographic data specified in paragraph (2) of subdivision (b) of Section 16918 on a minimum of 5 percent of patients for whom services are paid for in whole or in part by funds allocated pursuant to this paragraph, in addition to any other requirements specified in Section 16918.

(D) For the 1990–91 fiscal year and fiscal years thereafter, noncounty hospitals shall provide data pursuant to the reporting requirements specified in Section 16918 and shall provide posted and individual notices pursuant to Section 16818 for the duration of any quarter during which funds allocated pursuant to this paragraph are used.

(E) Amounts calculated pursuant to this paragraph shall not be reduced or utilized to offset the costs of administering the Hospital Services Account.

(2) (A) (i) The remaining 50 percent of the funds from the Hospital Services Account shall be distributed by the county to hospitals, including those under contract with the county, to maintain access to emergency care and to purchase other necessary hospital services provided during the fiscal year of the allocation.

(ii) In contracting for emergency care with hospitals in neighboring counties, the county shall not impose conditions to accept transfers that it does not impose on hospitals within its own boundaries.

(B) (i) Prior to distributing funds to hospitals, each county shall consult with the hospitals and consider the historic and projected patterns of care provided by hospitals, by geographic catchment areas within both urban and nonurban areas, unique costs associated with treating disproportionate numbers of severely ill indigent patients, and disproportionate losses sustained by hospitals in the provision of care.

(ii) The county shall also consider the patterns of care of its residents provided by Level I trauma care hospitals in contiguous counties and may make proportionate allocations to those trauma centers.

(c) (1) The amount of each county's Hospital Services Account funding portion calculated in paragraph (2) of subdivision (a) may be used for the payment or support of services provided in county hospitals or noncounty hospitals as determined by each county during the fiscal year of the allocation.

(2) Beginning in the 1991–92 fiscal year and annually thereafter, the amount of each county's funding portion calculated pursuant to paragraph (2) of subdivision (a) shall be reduced by an amount that shall be calculated as follows:

(A) Divide each county's amount of funding under paragraph (2) of subdivision (a) by the total amount of funding under that paragraph for all counties.

(B) Multiply the quotient calculated pursuant to subparagraph (A) by the sum of six million dollars ($6,000,000).

(d) As a condition of receiving funds under this section and Section 16932, each county shall require each county and noncounty hospital to do all of the following:

(1) (A) Maintain the same number and classification of emergency room permits and trauma facility designations as existed on January 1, 1990.

(B) (i) Any hospital that maintained two special permits for basic emergency service on the effective date of this part shall be deemed to have met the requirements of paragraph (1) of subdivision (d), if each of the emergency rooms was located on separate campuses of the hospital and was located not more than two miles from the other emergency room.

(ii) Clause (i) shall apply even if one of the emergency room permits is surrendered after the effective date of this part.

(2) Provide data and reports on the use and expenditure of all funds received. This information shall be in a form and according to procedures specified by the county and the department.

(3) Assure that funds received pursuant to this section are used only for services for persons who cannot afford to pay for those services, and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government.

(e) (1) If a county or noncounty hospital does not comply with this section, the county shall recover funds received by the hospital as follows:

(A) For any violation of paragraph (1) of subdivision (d), the county shall recover that portion of the funds received which equal the ratio of the number of months not in compliance to 12 months.

(B) For any violation of paragraph (2) of subdivision (d), the county shall recover all funds received.

(C) For any violation of paragraph (3) of subdivision (d), the county shall recover the difference between the amount received and the amount for which the hospital can document that the funds were used only for services for persons who cannot afford to pay for those services and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government.

(2) The county may deny further payments required by this section until the hospital demonstrates compliance.

(f) Funds withheld or recovered pursuant to this section may be reallocated and distributed by the county pursuant to paragraph (2) of subdivision (b).

(g) (1) Except as provided in paragraph (2), funds allocated pursuant to paragraph (1) or (2) of subdivision (b) which are not expended because a hospital does not participate shall be redistributed pursuant to paragraph (2) of subdivision (b).

(2) If no noncounty hospitals remain to participate, the county may distribute those unexpended funds pursuant to subdivision (c).

(h) (1) In any county that comprises not more than one-half percent of the total state population and in which there are a county hospital and a noncounty hospital with emergency room permits

located within two miles of each other, the county hospital may surrender its emergency room permit without any penalty for violation of paragraph (1) of subdivision (d) if, in the alternative, all of the following occur:

(A) The county shall enter into a contractual arrangement with the noncounty hospital.

(B) The county and noncounty hospital shall provide for the availability of at least the same level of emergency services and specialty backup which the county hospital and noncounty hospital provided prior to the surrendering of the emergency room permit.

(C) The county shall establish sufficient capacity, including evening and weekend coverage, in its urgent care clinic and other outpatient clinics to provide for the same or greater level of urgent care and nonemergency visits that were provided in the county hospital emergency department in the calendar year prior to the surrendering of the emergency room permit.

(D) The county shall provide for adequate initial public hearings and ongoing public notification and information, in Spanish and English, on the availability of emergency, urgent care, and nonurgent clinic services and how to obtain those services. The county shall provide for, as part of the ongoing public notification, an outreach program to ensure that the medically indigent community, particularly migrant and seasonal farmworkers, and cultural and linguistic minority patients, are effectively made aware of the alternative system of care and the ways to access it.

(E) The county ensures that there are adequate Spanish translation services and referral services on a 24-hour basis at the noncounty hospital emergency department, and at the county hospital clinics, during their hours of operation.

(F) The county shall ensure, in planning for an alternative delivery system as provided for in paragraph (C), participation of those existing agencies providing health care services to the uninsured and working poor medically indigent, including federally qualified health centers and nonprofit community-based rural health clinics.

(G) The county shall ensure that its alternative delivery system includes medical providers who are culturally and linguistically competent to service the diverse medically indigent populations and have been serving uninsured persons seeking care at the county hospital prior to closing. These providers shall include, among others, nonprofit community-based safety net and traditional providers currently serving both the uninsured and medically indigent populations.

(H) The county shall ensure that its alternative delivery system does not provide less health care services and resources than that being made available to the medically indigent and uninsured prior to the closing of the county hospital.

(2) The department shall annually review the county's compliance with this subdivision. If the department determines that the county is not in compliance with this subdivision, it shall require the county to recover funds and deny further payments pursuant to subdivision (e) until compliance is resumed.

(3) Any county that is permitted under paragraph (1) to surrender its emergency room permit shall continue to fulfill its duties and obligations to provide indigent care according to Section 17000.

(i) Any county of the 20th class or the 24th class that discontinues the provision of acute inpatient care services may surrender its emergency room permit without any penalty for violation of paragraph (1) of subdivision (d), provided that the county shall enter into a contractual arrangement with at least one noncounty hospital meeting the requirements of subdivision (d) and all of the requirements of subparagraphs (A) to (H), inclusive, of paragraph (1) of subdivision (h) are met by the county and the contracting noncounty hospital, in which case paragraphs (2) and (3) of subdivision (h) shall apply to that county.

(j) Notwithstanding any other provision of law, any county of the 20th class or the 24th class that meets the requirements and conditions of subdivision (i) shall be eligible to receive funds distributed pursuant to any provision of this section equal to that amount received by the county for the fiscal year immediately preceding the year in which it discontinues the provision of acute inpatient care services. The amount calculated pursuant to this subdivision shall be adjusted annually based upon the funding available from the Hospital Services Account in the Cigarette and Tobacco Products Surtax Fund.

CHAPTER 742

An act to add Article 2.3 (commencing with Section 10134) to Chapter 1 of Part 2 of Division 2 of the Insurance Code, relating to structured settlements.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

(c) "Interested parties" means, with respect to a structured settlement agreement, the payee, the payee's attorney, any beneficiary irrevocably designated under the annuity contract to receive payments following the payee's death, the annuity issuer, the structured settlement obligor, and any other party who has continuing rights or obligations under the structured settlement agreement.

(1) The amounts and due dates of the structured settlement payments to be transferred.

(2) The aggregate amount of the structured settlement payments to be transferred.

No contract for the transfer of structured settlement payment rights shall be valid unless the seller has separately acknowledged that he or she has read the language required by this subdivision.

(b) The transferee provides written notice of the proposed transfer to all other interested parties 10 or more days prior to the date specified in the transfer agreement as the date on which the transfer agreement first becomes binding upon the payee and 60 or more days prior to the date on which the first payment is due under

a schedule established by the structured settlement agreement. At any time prior to the date on which the transfer agreement first becomes binding upon the payee, the payee may cancel the transfer agreement without cost or further obligation, by providing written notice of cancellation to the transferee.

(c) The contract for transferring the structured settlement payment rights does not violate the provisions of Section 10138.

10137. A transfer of structured settlement payment rights is void unless all of the following conditions are met:

(a) The transfer of the structured settlement payment rights is fair and reasonable and in the best interest of the payee.

(b) The transfer complies with the requirements of this chapter and will not contravene other applicable law.

(c) Notice is given in compliance with subdivision (b) of Section 10136.

10138. (a) A contract for the transfer of structured settlement payment rights shall not include any provision described in the paragraphs below, where the seller is a California resident. Any inclusion of a prohibited provision shall make the contract void and unenforceable.

(2) Any provision that requires the seller to indemnify and hold harmless the buyer, or to pay the buyer's costs of defense, in any claim or action brought by the seller or on the seller's behalf contesting the sale for any reason.

(9) Any forum selection provision providing for jurisdiction to be in a court outside of California for any action arising under the contract.

(10) Any choice-of-law provision that provides for controlling law to be other than California law in any action arising under the contract.

(b) This section may not be waived by agreement of the parties.

10139. (a) At the time notice is provided to interested parties pursuant to subdivision (b) of Section 10136, or subdivision (c) of Section 10137, the transferee shall file with the Attorney General a copy of the transfer agreement, a copy of the written disclosure statement required by subdivision (a) of Section 10136, proof of notice to the interested parties, and a verified statement from the transferee stating that all of the conditions set forth in Sections 10136, 10137, and 10138 have been met. The Attorney General may review any transfer agreement filed pursuant to this section in order to ensure that it meets the requirements of this article.

(b) The Attorney General may charge a reasonable fee for the filing of the transfer agreement as provided in this section. The fee shall be paid by the transferee.

10140. Nothing in this article applies to blanket loan agreements in which the lender takes a security interest in the borrower's assets to secure the loan.

An act to repeal and add Section 22825.01 to the Government Code, relating to health care coverage.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 22825.1 of the Government Code, it is the intent of the Legislature to provide a subsidy to assist state employees and annuitants living in defined rural areas who do not have genuine access to a competitive health maintenance organization and who, instead, must choose a higher-than-average cost health maintenance organization or one or more preferred provider plans and incur substantially higher out-of-pocket expenses for health care.

SEC. 2. Section 22825.01 of the Government Code is repealed.

SEC. 3. Section 22825.01 is added to the Government Code, to read:

22825.01. (a) As used in this section, the following definitions shall apply:

(1) A "rural area" means an area in which there is no board-approved health maintenance organization plan available for enrollment by state employees or annuitants who live in the area.

(2) "Coinsurance" means the provision of a medical plan design in which the plan or insurer and state employee or annuitant share the cost of hospital or medical expenses at a specified ratio.

(3) A "deductible" means the annual amount of out-of-pocket medical expenses that state employees or annuitants must pay before the insurer or self-funded plan begins paying for expenses.

(4) "Department" means the Department of Personnel Administration.

(5) "Fund" means the Rural Healthcare Equity Trust Fund.

(b) (1) The Rural Health Care Equity Trust Fund is hereby established in the State Treasury for the purpose of funding the subsidization and reimbursement of premium costs, deductibles, coinsurance,, and other out-of-pocket health care costs, which would otherwise be covered if the state employee or annuitant was enrolled in a board-approved health maintenance organization plan, paid by employees and annuitants living in rural areas, as authorized by this section. The fund shall be administered by the department or by a third-party administrator approved by the department in a manner consistent with all applicable state and federal laws. Interest earned from the fund shall be used to offset administrative costs. The board shall determine the rural area for each subsequent fiscal year at the same meeting when the board approves premiums for health maintenance organizations.

(2) Separate accounts shall be maintained within the fund for (A) employees, as defined in subdivision (c) of Section 3513; (B) excluded employees, as defined in subdivision (b) of Section 3527; and (C) annuitants as defined in subdivision (e) of Section 22754.

(c) Moneys in the Rural Health Care Equity Trust Fund shall be allocated to the separate accounts as follows:

(1) As the employer's contribution with respect to each employee, as defined in subdivision (c) of Section 3513, who lives in a rural area and who is otherwise eligible, an amount to be determined through the collective bargaining process.

(2) As the employer's contribution with respect to each excluded employee, as defined in subdivision (b) of Section 3527, who lives in a rural area and who is otherwise eligible, an amount equal to, but not to exceed, the amount given to eligible state employees, as defined in subdivision (c) of Section 3513, who live in a rural area.

(3) As the employer's contribution with respect to each annuitant, as defined in subdivision (e) of Section 22754, who lives in a rural area, is not a Medicare participant, and who is otherwise eligible, an amount not to exceed five hundred dollars ($500) per year.

(4) As to the state's contribution with respect to each state annuitant, as defined in subdivision (e) of Section 22754 who lives in a rural area, participates in a board-approved, Medicare-coordinated health plan, participates in a board-approved health plan, and is otherwise eligible, an amount equal to the Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five

dollars ($75) per month. The state shall not reimburse for penalty amounts.

(5) As to an employee who enters state service or leaves state service during a fiscal year, contributions for the employee shall be made on a pro rata basis. A similar computation shall be used for anyone entering or leaving the bargaining unit, including a person who enters the bargaining unit by promotion in mid-fiscal year.

(d) Each fund of the State Treasury, other than the General Fund, shall reimburse the General Fund for any sums allocated pursuant to subdivision (c) for employees and annuitants whose compensation or annuities are paid from that fund.

(e) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the Rural Health Care Equity Trust Fund shall be disbursed for the benefit of an employee who lives in a rural area and who is otherwise eligible. The disbursements shall, where there is no board-approved health maintenance organization plan available in an area that is open for enrollment for the employee, (1) subsidize the preferred provider plan premiums for the employee, by an amount equal to the difference between the weighted average of board-approved health maintenance organization premiums and the lowest board-approved preferred provider plan premium available under this part and (2) reimburse the employee for a portion or all of his or her incurred deductibles, coinsurances, and other out-of-pocket health-related expenses, which would otherwise be covered if the employee was enrolled in a board-approved health maintenance organization plan.

These subsidies and reimbursements shall be provided according to a plan determined by the department, which may include, but is not limited to, a supplemental insurance plan, a medical reimbursement account, or a medical spending account plan.

(f) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the Rural Health Care Equity Trust Fund shall be disbursed for the benefit of eligible annuitants, as defined in subdivision (e) of Section 22754, who live in rural areas and who are otherwise eligible. The disbursements shall, where there is not board-approved health maintenance organization plan available and open to enrollment by the annuitant, either (A) reimburse the annuitant if he or she is not a Medicare participant, for some or all of his or her deductibles, not to exceed five hundred dollars ($500) per fiscal year, or (B) reimburse Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars ($75) per month, exclusive of penalties. These reimbursements shall be provided by the department.

The state shall not reimburse for penalty amounts.

(g) Any moneys remaining in any account of the fund at the end of any fiscal year shall remain in the account for use in subsequent fiscal years until the account is terminated. Moneys remaining in any account of the fund upon termination, after payment of all

outstanding expenses and claims incurred prior to the date of termination, shall be deposited in the General Fund.

(h) The Legislature finds and declares that the Rural Health Care Equity Trust Fund is a trust fund held for the exclusive benefit of employees, annuitants, and family members.

(h) This section shall cease to be operative on January 1, 2005, or on such earlier date as the board makes a formal determination that HMOs are no longer the most cost-effective health care plans offered by the board.

SEC. 4. All qualified employees and annuitants may seek reimbursement for qualified medical expenses incurred on or after January 1, 2000.

CHAPTER 744

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 124555 of the Health and Safety Code is repealed.

SEC. 2. Section 124555 is added to the Health and Safety Code, to read:

124555. The department shall grant funds, for up to three years per grant, to eligible, private, nonprofit, community-based primary care clinics for the purpose of establishing and maintaining a health services program for seasonal agricultural and migratory workers and their families.

SEC. 3. Section 124570 is added to the Health and Safety Code, to read:

124570. (a) Notwithstanding any other provision of law, the department shall, to the extent that funds are available, provide to a grantee semiannual prospective payments during a 12-month fiscal year.

(b) An amount equal to not more than 50 percent of the total grant shall be processed for payment to the grantee following the enactment of the annual Budget Act, and upon formal execution of the grant by the state. The processing by the department of the grantee's first semiannual prospective payment shall also be contingent upon both of the following:

(1) A written request for payment from the grantee.

(2) Except as provided in this paragraph, the third quarter progress budget and expenditure report. If the grantee is currently under the first fiscal year of a three-year multiple grant, this requirement shall not apply as a condition for the grantee's first semiannual prospective payment, unless the grantee is a continuing grantee from the prior three-year multiple year of the grant. If the grantee is currently under the second or third fiscal year of a three-year, multiple-year grant, the department's processing of the first semiannual prospective payment for the current grant year shall be contingent upon the grantee's timely and accurate submission, and the department's approval of, the third quarter progress and budget expenditure report from the previous grant year.

(c) Based upon the grantee's timely and accurate submission of the first quarterly progress and budget expenditure report from the grant year, and satisfactory performance under the grant, the processing of a second semiannual prospective payment of not more than 40 percent of the total grant shall be processed by the department for payment to a grantee no earlier than January 1 during the term of the grant year. The processing of the grantee's second semiannual prospective payment by the department shall be contingent upon all of the following:

(3) If the grantee is currently under the second or third fiscal year of a three-year, multiple-year grant, the grantee's timely and accurate submission, and the department's approval, of the fourth quarterly progress and budget expenditure report, and the annual reconciliation report, from the prior year.

(d) An amount equal to 10 percent of the total grant award shall be retained by the department, pending satisfactory submission by the grantee of all quarterly progress and budget expenditure reports and an annual reconciliation report for the grant year. Payment of the withheld 10 percent shall be processed by the department for payment to the grantee upon the grantee's satisfactory completion and submission, and the department's approval, of these reports.

SEC. 4. Section 124710 of the Health and Safety Code is repealed.

SEC. 5. Section 124710 is added to the Health and Safety Code, to read:

124710. The department shall grant funds, for up to three years per grant, to eligible, private, nonprofit, community-based primary care clinics for the purpose of establishing and maintaining rural health services and development projects as specified under this article.

SEC. 7. Section 124725 of the Health and Safety Code is amended to read:

124725. Project funding shall be for up to three years. Continuation of funding for a project shall depend on progress toward achieving the goals of the project. The director shall make the final decision to continue or discontinue a project. In evaluating the success of a project, the director shall take into account the number of additional persons who are receiving quality health care as a result of the operation of the project and the improvement in health status of the population served by the project.

SEC. 8. Section 124735 of the Health and Safety Code is amended to read:

124735. Each grant for a project shall require the grantee agency to seek third-party reimbursements, including Medi-Cal and private insurance, for any person served under the grant. Each grant shall require the grantee agency to provide reports to the department on reimbursements and may require the grantee agencies to contribute all or part of the proceeds of reimbursements to the department for deposit in the State Treasury in accordance with regulations to be adopted by the department after the regulations are approved by the Director of Finance.

SEC. 9. Section 124745 is added to the Health and Safety Code, to read:

124745. (a) Notwithstanding any other provision of law, the department shall, to the extent that funds are available, provide to a grantee semiannual prospective payments during a 12-month fiscal year.

(b) An amount equal to not more than 50 percent of the total grant shall be processed for payment to the grantee following the enactment of the annual Budget Act, and upon formal execution of the grant by the state. The processing by the department of the grantee's first semiannual prospective payment shall also be contingent upon both of the following:

(1) A written request for payment from the grantee.

(2) Except as provided in this paragraph, the third quarter progress budget and expenditure report. If the grantee is currently under the first fiscal year of a three-year multiple grant, this requirement shall not apply as a condition for the grantee's first semiannual prospective payment. If the grantee is currently under the second or third fiscal year of a three-year, multiple-year grant, the department's processing of the first semiannual prospective payment for the current grant year shall be contingent upon the grantee's timely and accurate submission, and the department's approval of, the third quarter progress and budget expenditure report from the previous grant year.

(c) Based upon the grantee's timely and accurate submission of the first quarterly progress and budget expenditure report from the grant year, and satisfactory performance under the grant, the processing of a second semiannual prospective payment of not more than 40 percent of the total grant shall be processed by the department for payment to a grantee no earlier than January 1 during the term of the grant year. The processing of the grantee's second semiannual prospective payment by the department shall be contingent upon all of the following:

(1) A written request for payment from the grantee.

(2) The grantee's timely and accurate submission, and the department's approval, of the first quarterly progress and budget expenditure report.

(3) If the grantee is currently under the second or third fiscal year of a three-year, multiple-year grant, the grantee's timely and accurate submission, and the department's approval, of the fourth quarterly progress and budget expenditure report, and the annual reconciliation report, from the prior year.

(d) An amount equal to 10 percent of the total grant award shall be retained by the department, pending satisfactory submission by the grantee of all quarterly progress and budget expenditure reports and an annual reconciliation report for the grant year. Payment of the withheld 10 percent shall be processed by the department for payment to the grantee upon the grantee's satisfactory completion and submission, and the department's approval, of these reports.

There is hereby appropriated the sum of one million six hundred fifty-three thousand dollars ($1,653,000) from the Physician Services Account in the Cigarette and Tobacco Products Surtax Fund to the State Department of Health Services, in augmentation of Item 4260-111-0233 of the Budget Act of 1999, for expanded access to primary care clinics.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide funding necessary for the expansion of access to primary care clinic programs and to make other changes necessary for the operation of those programs, at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 745

An act to amend Sections 25160, 25165, 25175, and 25250.8 of, and to add Section 25250.26 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 25160 of the Health and Safety Code is amended to read:

25160. (a) For purposes of this chapter, "manifest" means a shipping document originated and signed by a generator of hazardous waste that contains all of the information required by the department and that complies with all applicable federal and state regulations.

(b) (1) Any person generating hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, shall complete a manifest prior to the time the waste is transported or offered for transportation, and shall designate on that manifest the facility to which the waste is to be shipped for the handling, treatment, storage, disposal, or combination thereof. The manifest shall be completed, as required by the department. The generator shall provide the manifest to the person who will transport the hazardous waste, who is the driver, if the hazardous waste will be transported by vehicle, or the person designated by the railroad corporation or vessel operator, if the hazardous waste will be transported by rail or vessel. The generator shall use the standard California Uniform Hazardous Waste Manifest supplied by the department for all shipments of hazardous waste for which a manifest is required, except as provided in paragraph (2). A manifest shall only be used for the purposes specified in this chapter, including, but not limited to, identifying materials that the person completing the manifest reasonably believes are hazardous waste. Within 30 days from the date of transport, or submission for transport, of hazardous waste, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator and the transporter. In lieu of submitting a copy of each manifest used, a generator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(2) Any person generating hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, outside of the state, shall complete, whether or not the waste is determined to be

hazardous by the importing country or state, a standard California Uniform Hazardous Waste Manifest, or the generator shall complete, in its own form of manifest, the manifest required by the receiving state and shall submit a copy of that manifest to the department within 30 days from the date of the transport, or submission for transport, of the hazardous waste. In lieu of submitting a copy of each manifest used, a generator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(3) Within 30 days from the date of transport, or submission for transport, of hazardous waste out of state, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator. If within 35 days from the date of the initial shipment, or for exports by water to foreign countries, 60 days after the initial shipment, the generator has not received a copy of the manifest signed by all transporters and the facility operator, the generator shall contact the owner or operator of the designated facility to determine the status of the hazardous waste and to request that the owner or operator immediately provide a signed copy of the manifest to the generator. If within 45 days from the date of the initial shipment or, for exports by water to foreign countries, 90 days from the date of the initial shipment, the generator has not received a copy of the signed manifest from the facility owner or operator, the generator shall submit an exception report to the department.

(4) For shipments of waste that do not require a manifest pursuant to Title 40 of the Code of Federal Regulations, the department, by regulation, may establish manifest requirements that differ from the requirements of this subdivision. The requirements for an alternative form of manifest shall ensure that the hazardous waste is transported by a registered hazardous waste transporter, that the hazardous waste is tracked, and that human health and safety and the environment are protected.

(5) (A) Notwithstanding any other provision of this subdivision, except as provided in subparagraph (B), the generator copy of the manifest is not required to be submitted to the department for any waste transported in compliance with the modified manifest procedures that are not in conflict with this paragraph and that are set forth in Section 66263.42 of Title 22 of the California Code of Regulations, or as that regulation may be further amended, or in Section 25250.8, if the generator, transporter, and facility are all identified by the same EPA identification number on the hazardous waste manifest. Nothing in this paragraph affects the obligation of a facility operator to submit to the department a copy of a manifest pursuant to this section.

(B) If the waste subject to subparagraph (A) is transported out of state, the generator shall either ensure that the facility operator

submits to the department a copy of the manifest or the generator shall submit a copy to the department that contains the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator pursuant to paragraph (3).

(c) (1) The department shall determine the form and manner in which a manifest shall be completed and the information that the manifest shall contain. The information requested on the manifest shall serve as the data dictionary for purposes of the developing of an electronic reporting format pursuant to Section 71062 of the Public Resources Code. The form of each manifest and the information requested on each manifest shall be the same for all hazardous wastes, regardless of whether the hazardous wastes are also regulated pursuant to the federal act or by regulations adopted by the United States Department of Transportation. However, the form of the manifest and the information required shall be consistent with federal regulations.

(2) Pursuant to federal regulations, the department may require information on the manifest in addition to the information required by federal regulations.

(d) (1) Any person who transports hazardous waste in a vehicle shall have a manifest in his or her possession while transporting the hazardous waste. The manifest shall be shown upon demand to any representative of the department, any officer of the California Highway Patrol, any local health officer, or any local public officer designated by the director. If the hazardous waste is transported by rail or vessel, the railroad corporation or vessel operator shall comply with Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations and shall also enter on the shipping papers any information concerning the hazardous waste which the department may require.

(2) Any person who transports any waste, as defined by Section 25124, and who is provided with a manifest for that waste shall, while transporting that waste, comply with all requirements of this chapter, and the regulations adopted pursuant thereto, concerning the transportation of hazardous waste.

(3) Any person who transports hazardous waste shall transfer a copy of the manifest to the facility operator at the time of delivery, or to the person who will subsequently transport the hazardous waste in a vehicle. Any person who transports hazardous waste and then transfers custody of that hazardous waste to a person who will subsequently transport that waste by rail or vessel shall transfer a copy of the manifest to the person designated by the railroad corporation or vessel operator, as specified by Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations.

(4) Any person transporting hazardous waste by motor vehicle, rail, or water shall certify to the department, at the time of initial

registration and at the time of renewal of that registration pursuant to this article, that the transporter is familiar with the requirements of this section, the department regulations, and federal laws and regulations governing the use of manifests.

(e) (1) Any facility operator in the state who receives hazardous waste for handling, treatment, storage, disposal, or any combination thereof, which was transported with a manifest pursuant to this section, shall submit a copy of the manifest to the department within 30 days from the date of receipt of the hazardous waste. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the facility operator. In instances where the generator or transporter is not required by the generator's state or federal law to sign the manifest, the facility operator shall require the generator and all transporters, excepting intermediate rail transporters, to sign the manifest before receiving the waste at any facility in this state. In lieu of submitting a copy of each manifest used, a facility operator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(2) Any treatment, storage, or disposal facility receiving hazardous waste generated outside this state may only accept the hazardous waste for treatment, storage, disposal, or any combination thereof, if the hazardous waste is accompanied by a completed standard California Uniform Hazardous Waste Manifest.

(3) A facility operator may accept hazardous waste generated offsite that is not accompanied by a properly completed and signed standard California Uniform Hazardous Waste Manifest if the facility operator meets both of the following conditions:

(A) The facility operator is authorized to accept the hazardous waste pursuant to a hazardous waste facilities permit or other grant of authorization from the department.

(B) The facility operator is in compliance with the regulations adopted by the department specifying the conditions and procedures applicable to the receipt of hazardous waste under these circumstances.

(4) This subdivision applies only to shipments of hazardous waste for which a manifest is required pursuant to this section and the regulations adopted pursuant to this section.

(f) A generator, transporter, or facility operator may comply with the requirements of Sections 66262.40, 66263.22, 66264.71, and 66265.71 of Title 22 of the California Code of Regulations by storing manifest information electronically. A generator, transporter, or facility operator who stores manifest information electronically shall use the standardized electronic format and protocol for the exchange of electronic data established by the Secretary for Environmental Protection pursuant to Part 2 (commencing with Section 71050) of Division 34 of the Public Resources Code and the stored information

shall include all the information required to be retained by the department, including all signatures required by this section.

(g) The department shall make available for review, by any interested party, information regarding the department's progress in adopting revised regulations relating to hazardous waste manifests, including specific requirements for milk run operations set forth in Section 66263.42 of Title 22 of the California Code of Regulations.

(h) The department shall make available for review, by any interested party, the department's plans for revising and enhancing its system for tracking hazardous waste for the purposes of protecting human health and the environment, enforcing laws, collecting revenue, and generating necessary reports.

SEC. 2. Section 25165 of the Health and Safety Code is amended to read:

25165. (a) A hazardous waste transporter's application for original and renewal registration shall be on a form provided by the department. Any application for an original or renewal registration received on or after January 1, 2000, from a transporter that transports, or intends to transport, used oil, antifreeze, oil/water separation sludge or parts cleaning solvent pursuant to the modified manifesting procedure specified in subdivision (b) of Section 25250.8, shall include a statement by the transporter notifying the department of that transportation.

(b) Any application for registration under this section shall be filed with the department.

SEC. 3. Section 25175 of the Health and Safety Code is amended to read:

25175. (a) (1) The department shall prepare and adopt, by regulation, a list, and on or before January 1, 2002, and when appropriate thereafter, shall revise, by regulation, that list, of specified hazardous wastes that the department finds are economically and technologically feasible to recycle either onsite or at an offsite commercial hazardous waste recycling facility in the state, taking into consideration various factors that shall include, but are not limited to, the quantities of, concentrations of, and potential contaminants in, these hazardous wastes, the number and location of recycling facilities, and the proximity of these facilities to hazardous waste generators.

(2) Whenever any hazardous waste on the list adopted or revised pursuant to paragraph (1) is transported offsite for disposal, the department may request, in writing, by certified mail with return receipt requested, and the generator of that waste shall supply the department with a formal, complete, and detailed statement justifying why the waste was not recycled, in writing, by certified mail with return receipt requested, within 30 calendar days of receipt of the department's request. This statement shall include the generator's assessment of the economic and technological feasibility of recycling the wastes and may include, but is not required to be

limited to, the generator's good faith determination that sending the hazardous waste to any recycling facility where it is feasible to recycle that hazardous waste would constitute an unacceptable environmental or business risk. This determination by the generator shall be based upon an environmental audit or other reasonably diligent investigation of the environmental and other relevant business practices of the recycling facility or facilities where it would otherwise be feasible to recycle the waste. If the request is made of any entity listed in Section 25118 other than an individual, the statement shall be issued by the responsible management of that entity. The department shall keep confidential any trade secrets contained in that statement.

(3) On or before January 1, 2002, the department shall establish a procedure for the department to independently verify whether any hazardous waste identified in the list adopted pursuant to paragraph (1) is disposed of, rather than recycled. The department shall, on or before January 1, 2002, prepare and adopt those regulations that the department finds necessary to ensure that it can fully perform its duties pursuant to subdivisions (k) and (*l*) of Section 25170 to encourage the exchange of hazardous waste and to establish and maintain an information clearinghouse of hazardous wastes that may be recyclable.

(4) On or before July 1, 2000, the department shall establish an advisory committee to advise the department on the development of the regulations required or authorized by this section and on the department's implementation of this section. The advisory committee shall consist of representatives of generators, hazardous waste facility operators, environmental organizations, the Legislature, and other interested parties.

(5) In determining to which generators the department will send the request specified in paragraph (2), the department shall give priority to notifying generators transporting offsite for disposal more than 1000 pounds per year of the type of hazardous waste that would be the subject of the request, to the extent this prioritization is feasible within the information management capabilities of the department.

(b) (1) If, after the department receives a statement from a generator pursuant to paragraph (2) of subdivision (a), the department finds the recycling of a hazardous waste to be economically and technologically feasible, the department shall inform the generator, in writing, by certified mail, return receipt requested, that 30 days after the date the generator receives notice of the department's finding, any of the generators' hazardous waste transported offsite to which the department's finding applies shall, after that date, be recycled. The department may establish procedures for rescinding or modifying any finding made by the department pursuant to this paragraph if there is a pertinent change in circumstances related to that finding.

(2) Notwithstanding paragraph (1), the department shall not find the recycling of a hazardous waste to be economically and technologically feasible if a generator includes a good faith determination in the statement submitted pursuant to paragraph (2) of subdivision (a) that sending its hazardous waste to any recycling facility where it is otherwise feasible to recycle the hazardous waste constitutes an unacceptable environmental or business risk.

(c) A generator who does not recycle a hazardous waste after the generator receives a notice of the departments' findings pursuant to subdivision (b) that the hazardous waste is economically and technologically feasible to recycle is subject to five times the disposal fee that would otherwise apply to the disposal of that hazardous waste pursuant to Section 25174.1.

(d) For purposes of this section, "recycle" and "recycling" shall have the same meaning as set forth in subdivision (a) of Section 25121.1.

SEC. 4. Section 25250.8 of the Health and Safety Code is amended to read:

25250.8. Used oil, antifreeze, oil/water separation sludge, and parts cleaning solvent, including, but not limited to, an aqueous solution, shall be manifested under either one of the following procedures:

(a) The procedures prescribed by Sections 25160 and 25161.

(b) The following modified manifesting procedure, which may be used only for non-RCRA waste or for RCRA waste that is not required to be manifested pursuant to the federal act or the federal regulations adopted pursuant to the federal act and transported by a registered hazardous waste transporter, and used only with the consent of the generator:

(1) A separate manifest shall be completed by each vehicle driver, with respect to each transport vehicle operated by that driver for each date.

(2) The transporter shall complete both the generator's and the transporter's section of the manifest using the transporter's name, Environmental Protection Agency identification number, terminal address, and phone number. The transporter's section shall be completed prior to commencing each day's used oil, antifreeze, oil/water separation sludge, and parts cleaning solvent collections. The driver shall sign and date the generator's and transporter's sections of the manifest.

(3) The transporter shall attach to the front of the manifest legible receipts for each quantity of used oil, antifreeze, oil/water separation sludge, or parts cleaning solvent that is received from a generator. The receipts shall be used to determine the total volume of used oil, antifreeze, oil/water separation sludge, or parts cleaning solvent in the vehicle. After the used oil, antifreeze, oil/water separation sludge, or parts cleaning solvent is delivered, the receipts shall be affixed to the transporter's copy of the manifest. The transporter shall

leave a copy of the receipt with the generator of the used oil, antifreeze, oil/water separation sludge, or parts cleaning solvent. The generator shall retain each receipt for at least three years.

(4) All copies of each receipt shall contain all of the following information:

(A) The name, address, Environmental Protection Agency identification number, and telephone number of the generator, and the signature of the generator or the generator's representative.

(B) The date of the shipment.

(C) The state manifest number.

(D) The volume of each waste stream received and its proper shipping description, including the hazardous class and identification number, if applicable.

(E) The name and the address of the permitted facility to which the used oil, antifreeze, oil/water separation sludge, or parts cleaning solvent will be transported.

(F) The transporter's name, address, and Environmental Protection Agency identification number.

(G) The driver's signature.

(H) The receipts for antifreeze, oil/water separation sludge, or parts cleaning solvent shall include a statement, signed by the generator, certifying that the generator has established a program to reduce the volume or quantity and toxicity of the hazardous waste to the degree, determined by the generator, to be economically practicable.

(5) The transporter shall enter the total volume of each waste stream transported on the manifest at the change of each date, change of driver, change of transport vehicle, and upon the last delivery of used oil, antifreeze, oil/water separation sludge, or parts cleaning solvent to the receiving facility. The total volume shall be the cumulative amount of each waste stream collected from the generators listed on the individual receipts.

(6) The transporter shall submit the generator copy of the manifest to the department within 30 days of each shipment.

(7) The transporter shall retain a copy of the manifest and all receipts for each manifest at a location within the state for three years.

(8) The transporter shall submit all copies of the manifest to the designated facility. A representative of the designated facility that receives the used oil, antifreeze, oil/water separation sludge, or parts cleaning solvent shall sign and date the manifest, return two copies to the hauler, retain one copy, and send the original to the department within 30 days.

(9) All other manifesting requirements of Sections 25160 and 25161 shall be complied with unless specifically exempted under this subdivision.

(10) Antifreeze, oil/water separation sludge, and parts cleaning solvents may be manifested under the procedures specified in this subdivision only if all of the following requirements are satisfied:

(A) The waste is either a non-RCRA hazardous waste, or it is a RCRA hazardous waste that is not required to be manifested pursuant to the federal act or the federal regulations adopted pursuant to the federal act.

(B) The generator enters into an agreement with the transporter in which the transporter agrees that the transporter will submit a confirmation to the generator that the hazardous waste was transported to an authorized hazardous waste treatment facility for appropriate treatment. The agreement may provide that the hazardous waste will first be transported to a storage or transfer facility in accordance with the applicable provisions of law.

(C) The generator meets one of the following conditions:

(i) The antifreeze, oil/water separation sludge, or parts cleaning solvent is accepted from a generator who has generated used oil that was transported pursuant to the modified manifesting procedure specified in this subdivision in the same 90-day period in which the transporter accepts the antifreeze, oil/water separation sludge, or parts cleaning solvent. Parts cleaning solvent accepted pursuant to this clause shall not be generated from any activity that is physically and operationally separate and distinct from the activity that generated the used oil that was transported pursuant to the modified manifesting procedure specified in this subdivision.

(ii) If the waste is parts cleaning solvent and the generator has not generated used oil that was transported in the same 90-day period in which the transporter accepts the antifreeze, oil/water separation sludge, or parts cleaning solvent, the parts cleaning solvent is accepted from a generator who does not generate more than 1,000 kilograms per month of non-RCRA hazardous waste. For purposes of this clause, any non-RCRA hazardous waste that is generated from an activity that is physically and operationally separate and distinct from an activity that generates the parts cleaning solvent shall not be considered in calculating the amount of non-RCRA hazardous waste generated by the generator, if none of the waste generated from a physically and operationally separate and distinct activity is accepted pursuant to the modified manifesting procedure specified in this subdivision.

(D) If the waste is oil/water separation sludge, the transporter shall comply with both of the following requirements:

(i) The transporter shall not accept more than 500 gallons of oil/water separation sludge from any generator in any 30-day period.

(ii) The oil/water separation sludge is generated from a catch basin, clarifier, or similar collection device that is used to collect water containing residual used oil and antifreeze and incidental amounts of other substances and contaminants associated with activities that generate used oil and antifreeze.

(c) The department may adopt, by regulation, a requirement that transporters using the modified manifesting procedures specified in subdivision (b), or pursuant to Section 66263.42 of Title 22 of the California Code of Regulations, submit a report to the department not more than once every 3 months, summarizing the information required to be contained in the receipts required pursuant to paragraph (4) of subdivision (b).

SEC. 5. Section 25250.26 is added to the Health and Safety Code, to read:

25250.26. (a) Every generator of used oil, other than the owner or operator of a used oil collection center, as defined in Section 48622 of the Public Resources Code, or a household hazardous waste collection facility, as defined in Section 25218.1, that transfers used oil to a recycling facility, shall submit a certification to the transporter that the used oil transferred meets the definition of used oil pursuant to subdivision (a) of Section 25250.1. The certification shall specifically state that the used oil does not contain polychlorinated biphenyls (PCBs) at a concentration of 5 ppm, or greater, in accordance with clause (iv) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 25250.1. This subdivision shall not be construed to affect the methods that a generator is authorized to use to determine whether its waste constitutes used oil or hazardous waste pursuant to Section 66262.11 of Title 22 of the California Code of Regulations or under any other regulation or provision of law.

(b) (1) Any generator that falsely certifies pursuant to subdivision (a) that the used oil transferred to a used oil recycling facility does not contain PCBs at a concentration of 5 ppm or greater shall be liable for damages equal to three times the amount of any costs incurred by any transporter, facility owner or operator, or any other person adversely affected by the false certification, in a civil action that may be brought by the adversely affected party.

(2) In an action pursuant to this subdivision against a generator whose used oil was commingled with used oil generated by other generators prior to being delivered to the facility, the plaintiff shall demonstrate, by clear and convincing evidence, that the generator generated used oil containing PCBs at a concentration of 5ppm or greater.

(c) For the purposes of this section, the calculation of damages shall include any consequential damages caused by mixing the incorrectly certified PCB-contaminated used oil with other used oil.

(d) Nothing in this section shall affect the right of the department or any other enforcement agency to institute an administrative, civil, or criminal action against a generator that has made a false certification.

(e) Any plaintiff seeking damages pursuant to this section shall give written notice to the director upon filing an action pursuant to this section.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 62.5 is added to the Labor Code, to read:

62.5. (a) The Workers' Compensation Administration Revolving Fund is hereby created as a special account in the State Treasury. Money in the fund may be expended by the department, upon appropriation by the Legislature, for the administration of the workers' compensation program set forth in this division and Division 4 (commencing with Section 3200), other than the activities financed pursuant to Section 3702.5, and shall not be used for any other purpose.

(b) The fund shall consist of assessments made pursuant to this section. Costs of the program shall be shared on a proportional basis between the General Fund and employer assessments. The General Fund appropriation shall account for 80 percent, and employer assessments shall account for 20 percent, of the total costs of the program.

(c) Assessments shall be levied by the director upon all employers as defined in Section 3300. The total amount of the assessment shall be allocated between self-insured employers and insured employers in proportion to payroll respectively paid in the most recent year for which payroll information is available. The director shall promulgate reasonable rules and regulations governing the manner of collection of the assessment. The rules shall require the assessment to be paid by self-insurers to be expressed as a percentage of indemnity paid during the most recent year for which information is available, and the assessment to be paid by insured employers to be expressed as a percentage of premium. In no event shall the assessment paid by

insured employers be considered a premium for computation of a gross premium tax or agents' commission.

(e) Incentives to public health authorities to design innovative and creative programs that will promote and achieve full and timely immunization of children.

SEC. 2. Section 120335 of the Health and Safety Code is amended to read:

SEC. 4. Sections 1, 2, and 3 of this act shall become operative only if Assembly Bill 1558 of the 1999–2000 Regular Session is enacted and adds Section 2244 to the Business and Professions Code, in which event it shall become operative at the same time as Assembly Bill 1558.

CHAPTER 749

An act to amend Sections 2836.1, 2836.2, 3502.1, 4040, 4060, and 4174 of the Business and Professions Code, and to amend Sections 11026 and 11150 of the Health and Safety Code, relating to health care practitioners.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 2836.1 of the Business and Professions Code is amended to read:

2836.1. Neither this chapter nor any other provision of law shall be construed to prohibit a nurse practitioner from furnishing or ordering drugs or devices when all of the following apply:

(a) The drugs or devices are furnished or ordered by a nurse practitioner in accordance with standardized procedures or protocols developed by the nurse practitioner and his or her supervising physician and surgeon under any of the following circumstances:

(1) When furnished or ordered incidental to the provision of family planning services.

(2) When furnished or ordered incidental to the provision of routine health care or prenatal care.

(3) When rendered to essentially healthy persons.

(b) The nurse practitioner is functioning pursuant to standardized procedure, as defined by Section 2725, or protocol. The standardized procedure or protocol shall be developed and approved by the supervising physician and surgeon, the nurse practitioner, and the facility administrator or his or her designee.

(c) The standardized procedure or protocol covering the furnishing of drugs or devices shall specify which nurse practitioners may furnish or order drugs or devices, which drugs or devices may be furnished or ordered, under what circumstances, the extent of physician and surgeon supervision, the method of periodic review of the nurse practitioner's competence, including peer review, and review of the provisions of the standardized procedure.

(d) The furnishing or ordering of drugs or devices by a nurse practitioner occurs under physician and surgeon supervision. Physician and surgeon supervision shall not be construed to require the physical presence of the physician, but does include (1) collaboration on the development of the standardized procedure, (2) approval of the standardized procedure, and (3) availability by telephonic contact at the time of patient examination by the nurse practitioner.

(e) For purposes of this section, no physician and surgeon shall supervise more than four nurse practitioners at one time.

(f) Drugs or devices furnished or ordered by a nurse practitioner may include Schedule III through Schedule V controlled substances under the California Uniform Controlled Substances Act (Division 10 (commencing with Section 11000) of the Health and Safety Code) and shall be further limited to those drugs agreed upon by the nurse practitioner and physician and surgeon and specified in the standardized procedure. When Schedule III controlled substances, as defined in Section 11056 of the Health and Safety Code, are furnished or ordered by a nurse practitioner, the controlled substances shall be furnished or ordered in accordance with a patient-specific protocol approved by the treating or supervising physician. A copy of the section of the nurse practitioner's standardized procedure relating to controlled substances shall be provided upon request, to any licensed pharmacist who dispenses drugs or devices, when there is uncertainty about the nurse practitioner furnishing the order.

(g) The board has certified in accordance with Section 2836.3 that the nurse practitioner has satisfactorily completed (1) at least six month's physician and surgeon-supervised experience in the furnishing or ordering of drugs or devices and (2) a course in pharmacology covering the drugs or devices to be furnished or ordered under this section. The board shall establish the requirements for satisfactory completion of this subdivision.

(h) Use of the term "furnishing" in this section, in health facilities defined in subdivisions (b), (c), (d), (e), and (i) of Section 1250 of the Health and Safety Code, shall include (1) the ordering of a drug

or device in accordance with the standardized procedure and (2) transmitting an order of a supervising physician and surgeon.

(i) Nothing in this section, nor any other provision of law, shall be construed to authorize a nurse practitioner in solo practice to furnish drugs or devices, under any circumstances.

(j) "Drug order" or "order" for purposes of this section means an order for medication which is dispensed to or for an ultimate user, issued by a nurse practitioner as an individual practitioner, within the meaning of Section 1306.02 of Title 21 of the Code of Federal Regulations. Notwithstanding any other provision of law, (1) a drug order issued pursuant to this section shall be treated in the same manner as a prescription of the supervising physician; (2) all references to "prescription" in this code and the Health and Safety Code shall include drug orders issued by nurse practitioners; and (3) the signature of a nurse practitioner on a drug order issued in accordance with this section shall be deemed to be the signature of a prescriber for purposes of this code and the Health and Safety Code.

SEC. 2. Section 2836.2 of the Business and Professions Code is amended to read:

2836.2. Furnishing or ordering of drugs or devices by nurse practitioners is defined to mean the act of making a pharmaceutical agent or agents available to the patient in strict accordance with a standardized procedure. All nurse practitioners who are authorized pursuant to Section 2831.1 to furnish or issue drug orders for controlled substances shall register with the United States Drug Enforcement Administration.

SEC. 3. Section 3502.1 of the Business and Professions Code is amended to read:

3502.1. (a) In addition to the services authorized in the regulations adopted by the board, and except as prohibited by Section 3502, while under the supervision of a licensed physician and surgeon or physicians and surgeons approved by the board, a physician assistant may administer or provide medication to a patient, or transmit orally, or in writing on a patient's record or in a drug order, an order to a person who may lawfully furnish the medication or medical device pursuant to subdivisions (c) and (d).

(1) A supervising physician and surgeon who delegates authority to issue a drug order to a physician assistant may limit this authority by specifying the manner in which the physician assistant may issue delegated prescriptions.

(2) Each supervising physician and surgeon who delegates the authority to issue a drug order to a physician assistant shall first prepare and adopt a written, practice specific, formulary and protocols that specify all criteria for the use of a particular drug or device, and any contraindications for the selection. The drugs listed shall constitute the formulary and shall include only drugs that are appropriate for use in the type of practice engaged in by the supervising physician and surgeon. When issuing a drug order, the

physician assistant is acting on behalf of and as an agent for a supervising physician and surgeon.

(b) "Drug order" for purposes of this section means an order for medication which is dispensed to or for a patient, issued and signed by a physician assistant acting as an individual practitioner within the meaning of Section 1306.02 of Title 21 of the Code of Federal Regulations. Notwithstanding any other provision of law, (1) a drug order issued pursuant to this section shall be treated in the same manner as a prescription or order of the supervising physician, (2) all references to "prescription" in this code and the Health and Safety Code shall include drug orders issued by physician assistants pursuant to authority granted by their supervising physicians, and (3) the signature of a physician assistant on a drug order shall be deemed to be the signature of a prescriber for purposes of this code and the Health and Safety Code.

(c) A drug order for any patient cared for by the physician assistant that is issued by the physician assistant shall either be based on the protocols described in subdivision (a) or shall be approved by the supervising physician before it is filled or carried out.

(1) A physician assistant shall not administer or provide a drug or issue a drug order for a drug other than for a drug listed in the formulary without advance approval from a supervising physician and surgeon for the particular patient. At the direction and under the supervision of a physician and surgeon, a physician assistant may hand to a patient of the supervising physician and surgeon a properly labeled prescription drug prepackaged by a physician and surgeon, manufacturer as defined in the Pharmacy Law, or a pharmacist.

(2) A physician assistant may not administer, provide or issue a drug order for Schedule II through Schedule V controlled substances without advance approval by a supervising physician and surgeon for the particular patient.

(3) Any drug order issued by a physician assistant shall be subject to a reasonable quantitative limitation consistent with customary medical practice in the supervising physician and surgeon's practice.

(d) A written drug order issued pursuant to subdivision (a), except a written drug order in a patient's medical record in a health facility or medical practice, shall contain the printed name, address, and phone number of the supervising physician and surgeon, the printed or stamped name and license number of the physician assistant, and the signature of the physician assistant. Further, a written drug order for a controlled substance, except a written drug order in a patient's medical record in a health facility or a medical practice, shall include the federal controlled substances registration number of the physician assistant. The requirements of this subdivision may be met through stamping or otherwise imprinting on the supervising physician and surgeon's prescription blank to show the name, license number, and if applicable, the federal controlled substances number of the physician assistant, and shall be

signed by the physician assistant. When using a drug order, the physician assistant is acting on behalf of and as the agent of a supervising physician and surgeon.

(e) The medical record of any patient cared for by a physician assistant for whom the supervising physician and surgeon's drug order has been issued or carried out shall be reviewed and countersigned and dated by a supervising physician and surgeon within seven days.

(f) All physician assistants who are authorized by their supervising physicians to issue drug orders for controlled substances shall register with the United States Drug Enforcement Administration (DEA).

(C) The date of issue.

(D) Either rubber stamped, typed, or printed by hand or typeset, the name, address, and telephone number of the prescriber, his or her license classification, and his or her federal registry number, if a controlled substance is prescribed.

(E) A legible, clear notice of the condition for which the drug is being prescribed, if requested by the patient or patients.

(F) If in writing, signed by the prescriber issuing the order, or the physician assistant or nurse practitioner who issues a drug order pursuant to Section 3512.1 or 2836.1.

(2) Issued by a physician, dentist, optometrist, podiatrist, or veterinarian, or, if a drug order is issued pursuant to Section 3502.1 or 2836.1, by a physician assistant or nurse practitioner licensed in this state.

In the event of a conflict between this subdivision and Section 11164 of the Health and Safety Code, Section 11164 of the Health and Safety Code shall prevail.

(c) "Electronic transmission prescription" includes both image and data prescriptions. "Electronic image transmission prescription"

means any prescription order for which a facsimile of the order is received by a pharmacy from a licensed prescriber. "Electronic data transmission prescription" means any prescription order, other than an electronic image transmission prescription, that is electronically transmitted from a licensed prescriber to a pharmacy.

(d) The use of commonly used abbreviations shall not invalidate an otherwise valid prescription.

(e) Nothing in the amendments made to this section (formerly Section 4036) at the 1969 Regular Session of the Legislature shall be construed as expanding or limiting the right that a chiropractor, while acting within the scope of his or her license, may have to prescribe a device.

SEC. 5. Section 4060 of the Business and Professions Code is amended to read:

4060. No person shall possess any controlled substance, except that furnished to a person upon the prescription of a physician, dentist, podiatrist, or veterinarian, or furnished pursuant to a drug order issued by a physician assistant pursuant to Section 3502.1 or a nurse practitioner pursuant to Section 2836.1. This section shall not apply to the possession of any controlled substance by a manufacturer, wholesaler, pharmacy, physician, podiatrist, dentist, veterinarian, physician assistant, or nurse practitioner, when in stock in containers correctly labeled with the name and address of the supplier or producer.

Nothing in this section authorizes a nurse practitioner or a physician assistant to order his or her own stock of dangerous drugs and devices.

SEC. 6. Section 4174 of the Business and Professions Code is amended to read:

4174. Notwithstanding any other provision of law, a pharmacist may dispense drugs or devices upon the drug order of a nurse practitioner functioning pursuant to Section 2836.1 or a certified nurse midwife functioning pursuant to Section 2746.51, a drug order of a physician assistant functioning pursuant to Section 3502.1, or the order of a pharmacist acting under Section 4052.

SEC. 7. Section 11026 of the Health and Safety Code is amended to read:

11026. "Practitioner" means any of the following:

SEC. 8. Section 11150 of the Health and Safety Code is amended to read:

11150. SEC. 9. This act is intended solely to conform state law to the federal Controlled Substances Act, and nothing in this act is intended to increase the scope of practice of physician assistants or nurse practitioners.

SEC. 3. Section 11362.9 is added to the Health and Safety Code, to read:

11362.9. (a) (1) It is the intent of the Legislature that the state commission objective scientific research by the premier research institute of the world, the University of California, regarding the efficacy and safety of administering marijuana as part of medical treatment. If the Regents of the University of California, by appropriate resolution, accept this responsibility, the University of California shall create a three-year program, to be known as the California Marijuana Research Program.

(2) The program shall develop and conduct studies intended to ascertain the general medical safety and efficacy of marijuana and, if found valuable, shall develop medical guidelines for the appropriate administration and use of marijuana.

(b) The program may immediately solicit proposals for research projects to be included in the marijuana studies. Program requirements to be used when evaluating responses to its solicitation for proposals, shall include, but not be limited to, all of the following:

(1) Proposals shall demonstrate the use of key personnel, including clinicians or scientists and support personnel, who are prepared to develop a program of research regarding marijuana's general medical efficacy and safety.

(2) Proposals shall contain procedures for outreach to patients with various medical conditions who may be suitable participants in research on marijuana.

(3) Proposals shall contain provisions for a patient registry.

(4) Proposals shall contain provisions for an information system that is designed to record information about possible study participants, investigators, and clinicians, and deposit and analyze data that accrues as part of clinical trials.

(5) Proposals shall contain protocols suitable for research on marijuana, addressing patients diagnosed with the acquired immunodeficiency syndrome (AIDS) or the human immunodeficiency virus (HIV), cancer, glaucoma, or seizures or muscle spasms associated with a chronic, debilitating condition. The proposal may also include research on other serious illnesses, provided that resources are available and medical information justifies the research.

(6) Proposals shall demonstrate the use of a specimen laboratory capable of housing plasma, urine, and other specimens necessary to study the concentration of cannabinoids in various tissues, as well as housing specimens for studies of toxic effects of marijuana.

(7) Proposals shall demonstrate the use of a laboratory capable of analyzing marijuana, provided to the program under this section, for purity and cannabinoid content and the capacity to detect contaminants.

(c) In order to ensure objectivity in evaluating proposals, the program shall use a peer review process that is modeled on the

process used by the National Institutes of Health, and that guards against funding research that is biased in favor of or against particular outcomes. Peer reviewers shall be selected for their expertise in the scientific substance and methods of the proposed research, and their lack of bias or conflict of interest regarding the applicants or the topic of an approach taken in the proposed research. Peer reviewers shall judge research proposals on several criteria, foremost among which shall be both of the following:

(1) The scientific merit of the research plan, including whether the research design and experimental procedures are potentially biased for or against a particular outcome.

(2) Researchers' expertise in the scientific substance and methods of the proposed research, and their lack of bias or conflict of interest regarding the topic of, and the approach taken in, the proposed research.

(d) If the program is administered by the Regents of the University of California, any grant research proposals approved by the program shall also require review and approval by the research advisory panel.

(e) It is the intent of the Legislature that the program be established as follows:

(1) The program shall be located at one or more University of California campuses that have a core of faculty experienced in organizing multidisciplinary scientific endeavors and, in particular, strong experience in clinical trials involving psychopharmacologic agents. The campuses at which research under the auspices of the program is to take place shall accommodate the administrative offices, including the director of the program, as well as a data management unit, and facilities for storage of specimens.

(2) When awarding grants under this section, the program shall utilize principles and parameters of the other well-tested statewide research programs administered by the University of California, modeled after programs administered by the National Institutes of Health, including peer review evaluation of the scientific merit of applications.

(3) The scientific and clinical operations of the program shall occur, partly at University of California campuses, and partly at other postsecondary institutions, that have clinicians or scientists with expertise to conduct the required studies. Criteria for selection of research locations shall include the elements listed in subdivision (b) and, additionally, shall give particular weight to the organizational plan, leadership qualities of the program director, and plans to involve investigators and patient populations from multiple sites.

(4) The funds received by the program shall be allocated to various research studies in accordance with a scientific plan developed by the Scientific Advisory Council. As the first wave of studies is completed, it is anticipated that the program will receive

requests for funding of additional studies. These requests shall be reviewed by the Scientific Advisory Council.

(5) The size, scope, and number of studies funded shall be commensurate with the amount of appropriated and available program funding.

(e) All personnel involved in implementing approved proposals shall be authorized as required by Section 11604.

(f) Studies conducted pursuant to this section shall include the greatest amount of new scientific research possible on the medical uses of, and medical hazards associated with, marijuana. The program shall consult with the Research Advisory Panel analogous agencies in other states, and appropriate federal agencies in an attempt to avoid duplicative research and the wasting of research dollars.

(g) The program shall make every effort to recruit qualified patients and qualified physicians from throughout the state.

(h) The marijuana studies shall employ state-of-the-art research methodologies.

(i) The program shall ensure that all marijuana used in the studies is of the appropriate medical quality and shall be obtained from the National Institute on Drug Abuse or any other federal agency designated to supply marijuana for authorized research. If these federal agencies fail to provide a supply of adequate quality and quantity within six months of the effective date of this section, the Attorney General shall provide an adequate supply pursuant to Section 11478.

(j) The program may review, approve, or incorporate studies and research by independent groups presenting scientifically valid protocols for medical research, regardless of whether the areas of study are being researched by the committee.

(k) (1) To enhance understanding of the efficacy and adverse effects of marijuana as a pharmacological agent, the program shall conduct focused controlled clinical trials on the usefulness of marijuana in patients diagnosed with AIDS or HIV, cancer, glaucoma, or seizures or muscle spasms associated with a chronic, debilitating condition. The program may add research on other serious illnesses, provided that resources are available and medical information justifies the research. The studies shall focus on comparisons of both the efficacy and safety of methods of administering the drug to patients, including inhalational, tinctural, and oral, evaluate possible uses of marijuana as a primary or adjunctive treatment, and develop further information on optimal dosage, timing, mode of administration, and variations in the effects of different cannabinoids and varieties of marijuana.

(2) The program shall examine the safety of marijuana in patients with various medical disorders, including marijuana's interaction with other drugs, relative safety of inhalation versus oral forms, and the effects on mental function in medically ill persons.

(3) The program shall be limited to providing for objective scientific research to ascertain the efficacy and safety of marijuana as part of medical treatment, and should not be construed as encouraging or sanctioning the social or recreational use of marijuana.

(*l*) (1) Subject to paragraph (2), the program shall, prior to any approving proposals, seek to obtain research protocol guidelines from the National Institutes of Health and shall, if the National Institutes of Health issues research protocol guidelines, comply with those guidelines.

(2) If, after a reasonable period of time of not less than six months and not more than a year has elapsed from the date the program seeks to obtain guidelines pursuant to paragraph (1), no guidelines have been approved, the program may proceed using the research protocol guidelines it develops.

(m) In order to maximize the scope and size of the marijuana studies, the program may do any of the following:

(1) Solicit, apply for, and accept funds from foundations, private individuals, and all other funding sources that can be used to expand the scope or timeframe of the marijuana studies that are authorized under this section. The program shall not expend more than 5 percent of its General Fund allocation in efforts to obtain money from outside sources.

(2) Include within the scope of the marijuana studies other marijuana research projects that are independently funded and that meet the requirements set forth in subdivisions (a) to (c), inclusive. In no case shall the program accept any funds that are offered with any conditions other than that the funds be used to study the efficacy and safety of marijuana as part of medical treatment. Any donor shall be advised that funds given for purposes of this section will be used to study both the possible benefits and detriments of marijuana and that he or she will have no control over the use of these funds.

(n) (1) Within six months of the effective date of this section, the program shall report to the Legislature, the Governor, and the Attorney General on the progress of the marijuana studies.

(2) Thereafter, the program shall issue a report to the Legislature every six months detailing the progress of the studies. The interim reports required under this paragraph shall include, but not be limited to, data on all of the following:

(A) The names and number of diseases or conditions under study.

(B) The number of patients enrolled in each study by disease.

(C) Any scientifically valid preliminary findings.

(o) If the Regents of the University of California implement this section, the President of the University of California shall appoint a multidisciplinary Scientific Advisory Council, not to exceed 15 members, to provide policy guidance in the creation and implementation of the program. Members shall be chosen on the basis of scientific expertise. Members of the council shall serve on a

voluntary basis, with reimbursement for expenses incurred in the course of their participation. The members shall be reimbursed for travel and other necessary expenses incurred in their performance of the duties of the council.

(p) No more than 10 percent of the total funds appropriated be used for all aspects of the administration of this section.

(q) This section shall be implemented only to the extent that funding for its purposes is appropriated by the Legislature in the annual Budget Act.

The people of the State of California do enact as follows:

SECTION 1. Section 104181.5 is added to the Health and Safety Code, to read:

104181.5. The department, in awarding grants under this program, shall not encumber money allocated in any fiscal year other than the fiscal year in which the appropriation was made beginning with nonobligated 2000–01 fiscal year funds, subject to receiving multiyear spending authority for those funds.

SEC. 2. Section 104182.5 is added to the Health and Safety Code, to read:

104182.5. Not less than a majority of the appointed members of the Cancer Research Council shall be present and voting for approval and selection of research priorities under Section 104185 and ultimate recommendations to the State Department of Health Services regarding grantmaking decisions.

(b) Any amount of funding for gender-specific cancer research for any fiscal year, to the extent the amount is below the threshold minimum allocation for any fiscal year established pursuant to subdivision (a), shall be carried forward, upon approval of the council for the following fiscal year or years for gender-specific cancer research, to the extent allowed by the limitations on the

appropriated funds subject to that allocation. Funding allocations carried over from any fiscal year under this subdivision shall be in addition to the funding allocation for gender-specific cancer research for fiscal years to which the additional allocation is transferred pursuant to this subdivision.

SEC. 4. Section 104187 of the Health and Safety Code is amended to read:

104187. The State Department of Health Services shall do all of the following:

(a) Provide overall coordination of the program.

(b) Provide staff assistance to the program and council.

(c) Develop administrative procedures relative to the solicitation, review, and awarding of grants to ensure an impartial, high-quality peer review system.

(d) Recruit and supervise research review panels. The membership of these panels shall vary depending on the subject matter of proposals and review requirements, and shall draw on the most qualified individuals. The work of the review panels shall be administered pursuant to policies and procedures established for the implementation of the program. In order to avoid conflicts of interest and to ensure access to qualified reviewers, the department may utilize reviewers not only from California but also from outside the state. When serving on review panels, institutions, corporations, or individuals who have submitted grant applications for funding by this program shall be governed by conflict-of-interest provisions consistent with Section 52h.5 of Title 42 of the Code of Federal Regulations governing scientific review of research grant applications, and any applicable conflict-of-interest provisions in state law. Any appointed member of the Cancer Research Council shall be ineligible to apply for or receive funding for cancer research from the Cancer Research Program during his or her term of service on the council, and for one cycle immediately following his or her term of service on the council, if the council member helped plan that subsequent cycle.

(e) Provide for periodic program evaluation to ensure that research funded is consistent with program goals.

(f) Disseminate grant moneys within 60 days of notification of the award and maintain a system of financial reporting and accountability. Grant moneys disseminated pursuant to this subdivision shall be available for expenditure for a period of three years beginning with funds appropriated in the 1998–99 fiscal year.

(g) Provide for the systematic dissemination of research results to the public and the health care community, including work to produce public service advertising on screening and research results, and provide for a mechanism to disseminate the most current research findings in the areas of cause and prevention, cure, diagnosis, and treatment of cancer, in order that these findings may

be applied to the planning, implementation, and evaluation of any cancer-related programs of the department.

(h) Develop policies and procedures to facilitate the translation of research results into commercial, alternate technological, and other applications wherever appropriate and consistent with state and federal law.

(i) Transmit, on or before December 31, 1998, and annually on or before each December 31 thereafter, a report to the Legislature on grants made, grants in progress, program accomplishments, and future program directions. (1) The number and dollar amounts of research grants, including the amount allocated to indirect costs.

(2) The subject of research grants.

(3) The relationship between federal and state funding for cancer research.

(4) The relationship between each project and the overall strategy of the research program.

(5) A summary of research findings, including discussion of promising new areas.

(6) The corporations, institutions, and campuses receiving grant awards.

SEC. 5. Section 104187.5 is added to the Health and Safety Code, to read:

104187.5. Peer review panels, in reviewing proposals for cancer research, may recommend the awarding of a grant to a cancer research proposal on the condition that a single adjustment or correction be made before the receipt of funding under this article.

CHAPTER 752

An act relating to parks and recreation, and making an appropriation therefor.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

CHAPTER 753

An act to amend Section 769 of the Insurance Code, relating to insurance.

[Approved by Governor October 7, 1999. Filed with Secretary of State October 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 769 of the Insurance Code is amended to read:

769. (a) After a written agency or written brokerage contract, where the broker-agent represents the insurer, has been in effect for at least one year, it shall not be terminated or amended by an insurer, except by mutual agreement, unless 120 days' advance written notice has been given by the insurer to the broker-agent.

(b) The advance notice required by this section does not apply if the broker-agent has done any of the following:

(1) Exceeded his or her binding authority under the agency or brokerage contract.

(2) Violated the written underwriting rules or regulations of the insurer, a copy of which has been provided to the broker-agent, which misleads the insurer concerning the nature or extent of a risk.

(3) Failed to comply with the fiduciary requirements set forth in Section 1733, 1734, 1734.5, or 1735.

(4) Failed, either within 10 days after written notice upon failure to remit funds within the time limits set forth in the agency or brokerage contract or within 30 days after written demand if the agency or brokerage contract does not set forth time limits, to remit funds due and owing to the insurer.

(5) Had his or her license suspended or revoked by the commissioner.

(6) Engaged in fraudulent acts affecting his or her relationship with the insurer or its insureds.

(7) Transferred ownership, control, or servicing of policies written with the insurer to another insurer, or to an entity directly or indirectly owned or controlled by an insurer or to an entity directly or indirectly owning or controlling an insurer.

(c) When a broker-agent's contract is terminated as provided by this section, the rights, duties, and obligations set forth in the terminated contract of the broker-agent having property rights in renewals shall continue solely with respect to policies then in force or renewed as provided by this section until those policies are canceled in accordance with law, placed by the broker-agent with another insurer, or have expired. The broker-agent's authority during the period following notice of termination of his or her contract shall be governed by the written contract between the broker-agent and the insurer, except that, after the receipt of the notice of termination, the broker-agent shall not bind new risks on behalf of the insurer, renew policies except as permitted by this section, or otherwise increase the obligation of the insurer, without the express approval of the insurer or in accordance with the terms of an existing policy.

(d) If a terminated broker-agent is unable, after making a good faith effort, to place existing policies with another insurer, the insurer then insuring the risk shall, at the broker-agent's request, renew any insurance contract written by the broker-agent for the insurer for one policy term or a period of one year, whichever is shorter. Where the insurer is prohibited by subdivision (c) of Section 1861.03 from nonrenewing the risk, the insurer shall continue to compensate the broker-agent for servicing the policies written by the insurer prior to termination of the broker-agent relationship until the insurer can cancel or nonrenew the policyholder pursuant to statute or the broker-agent moves the policyholder to another insurer but, in no event, shall the insurer's obligation to compensate the broker-agent exceed three years after termination of the broker-agent's contract,

unless otherwise provided by terms of the contract. The renewal shall be at the insurer's premium rates in effect on the date of renewal and at prevailing commission rates for that class or line of business in effect on the date of renewal for broker-agents whose contracts are not terminated. An insurer shall not be precluded from paying a commission to a terminated broker-agent pursuant to this section at a level the insurer is paying at the time it provides notice to the broker-agent that it is terminating the contract or as set forth in the written agreement, providing that there has not been any unilateral change in the commission paid by the insurer within 180 days of the notice of the broker-agent's termination. An insurer shall be allowed to subtract from the three-year time period provided to a broker-agent upon termination, the time period that elapsed during which the broker-agent is involved in a rehabilitation program with an insurer.

(e) (1) Notwithstanding any other provision of this section, no insurer shall be required to renew any policy of insurance or compensate a terminated broker-agent pursuant to the provisions of this section if any of the following apply:

(A) The broker-agent is no longer the broker-agent of record with respect to the policy, or the broker-agent has transferred ownership, control, or servicing of policies written with the insurer to another insurer or an entity owned or controlled, directly or indirectly, by another insurer or to an entity owning or controlling, directly or indirectly, another insurer.

(B) The broker-agent has died or has become unable to conduct his or her business affairs.

(C) The broker-agent has failed, either within 10 days after written demand upon failure to remit funds within the time limits set forth in the agency or brokerage contract or within 30 days after written demand if the agency or brokerage contract does not set forth time limits, to remit funds due and owing to the insurer.

(D) The broker-agent has failed to follow the written instructions of the insurer, a copy of which has been provided to the broker-agent, generally applicable to the renewal of policies.

(E) The commissioner has determined that the renewal of the policy would threaten the solvency of the insurer.

(F) The insurer suffers the withdrawal of reinsurance covering all or part of the risk and this withdrawal of reinsurance is likely to threaten, in the opinion of the commissioner, the financial integrity or solvency of the insurer.

(G) The insurer has withdrawn from the State of California in accordance with Sections 1070 to 1076, inclusive.

(2) Nothing in this subdivision shall be construed to authorize the nonrenewal of a good driver discount policy as defined and issued pursuant to the provisions of Sections 1861.02, 1861.025, and 1861.03.

(f) This section shall not apply to a life insurer, an agent of a life insurer, a disability insurer, a nonprofit hospital service plan, an agent

of a disability insurer or nonprofit hospital service plan, an agent who is the employee of an insurer, or to an agent who, by contractual agreement either represents only one insurer or group of affiliated insurers or who is required by contract to submit risks to a specified insurer or group of affiliated insurers prior to submitting them to other insurers.

(g) This section does not apply to any management contract of a managing general agent as defined in Section 1735, but it shall continue to apply to any agency or brokerage contract of a managing general agent or any portion of a management contract authorizing a managing general agent to act in his or her capacity as an insurance agent as defined in Section 1621, or an insurance broker as defined in Section 1623.

(h) (1) For purposes of this section, a "rehabilitation program" shall include, but not be limited to, all of the following:

(A) Written communication to the broker-agent outlining the fact that the broker-agent is on rehabilitation status.

(B) Identification by the company of problem areas.

(C) Mutual agreement on performance objectives and specific dates for accomplishment.

(D) Length of rehabilitation plan to be negotiated, but not less than six months.

(2) For purposes of subdivision (d), a good faith effort is satisfied by a terminated broker-agent who markets his or her book of business to other insurers that underwrite the same or similar lines of insurance, consistent with the interests of the policyholders. An insurer who terminates a broker-agent shall be entitled to be informed of the marketing activity and to obtain copies of any correspondence reflecting these efforts. However, nothing in this section shall be interpreted to allow the insurer to require the terminated broker-agent to obtain written rejections of an agency appointment from other insurers, or written rejections from individual policyholders.

(i) An insurer that takes action, other than terminating the written agency or brokerage contract, solely for the purpose of avoiding the provisions of subdivision (a) shall be required to extend existing policies pursuant to the applicable provision of subdivision (d) if both of the following apply:

(1) The action is designed to impact only a specific agency or agencies and the business produced by them.

(2) The action results in the cancellation or nonrenewal of substantially all of the agency's or agencies' business.

(j) This section shall apply to written agency contracts becoming effective on or after January 1, 1987. The amendments to this section by the act adding this sentence also apply to any written agency contract amended after January 1, 1988.

(k) The amendments to this section made by the act adding this subdivision shall apply to any written brokerage contract becoming effective, or amended, on or after January 1, 1996.

A "capital project" does not include the provision of furnishings or of equipment that is not fixed equipment.

(A) Provided services to Medi-Cal beneficiaries.

(B) Was a distinct part of an acute care hospital providing skilled nursing care and supportive care to patients whose primary need is for the availability of skilled nursing care on an extended basis. For the purposes of this section, "acute care hospital" means the facilities defined in subdivisions (a) or (b), or both, of Section 1250 of the Health and Safety Code.

(2) The department shall confirm in writing project eligibility under this section.

(d) (1) Capital projects receiving funding shall include only the upgrading or construction of buildings and equipment to a level required by currently accepted medical practice standards, including projects designed to correct Joint Commission on Accreditation of Hospitals and Health Systems, fire and life safety, seismic, or other related regulatory standards.

(2) Capital projects receiving funding may expand service capacity as needed to maintain current or reasonably foreseeable necessary bed capacity to meet the needs of Medi-Cal beneficiaries after giving consideration to bed capacity needed for other patients, including unsponsored patients.

(3) Supplemental reimbursement shall only be made for capital projects, or for that portion of capital projects that provide skilled nursing services, and that are available and accessible to patients eligible for services under this chapter.

(e) An eligible facility's supplemental reimbursement for a capital project qualifying pursuant to this section shall be calculated and paid as follows:

(1) For any fiscal year for which the facility is eligible to receive supplemental reimbursement, the facility shall report to the department the amount of debt service on the revenue bonds or other financing instruments issued to finance the capital project.

(2) For each fiscal year in which an eligible facility requests reimbursement, the department shall establish the ratio of skilled nursing Medi-Cal days of care provided by the eligible facility to total skilled nursing patient days of care provided by the eligible facility. The ratio shall be established using data obtained from audits performed by the department, and shall be applied to the

corresponding fiscal year of debt service on the revenue bonds or other financing instruments issued to finance the capital project.

(3) The amount of debt service that will be submitted to the federal Health Care Financing Administration for the purpose of claiming reimbursement for each fiscal year shall equal the amount determined annually in paragraph (1) multiplied by the percentage figure determined in paragraph (2).

(4) The supplemental reimbursement to an eligible facility shall be equal to the amount of federal financial participation received as a result of the claims submitted pursuant to paragraph (2) of subdivision (j).

(5) In no instance shall the total amount of supplemental reimbursement received under this section combined with that received from all other sources dedicated exclusively to debt service exceed 100 percent of the debt service for the capital project over the life of the loan, revenue bond, or other financing mechanism.

(6) A facility qualifying for and receiving supplemental reimbursement pursuant to this section shall continue to receive reimbursement until the qualifying loan, revenue bond, or other financing mechanism is paid off, and as long as the facility meets the requirements of paragraph (3) of subdivision (d).

(7) The supplemental Medi-Cal reimbursement provided by this section shall be distributed under a payment methodology based on skilled nursing services provided to Medi-Cal patients at the eligible facility, either on a per diem basis, a per discharge basis, or any other federally permissible basis. The department shall seek approval from the federal Health Care Financing Administration for the payment methodology to be utilized, and shall not make any payment pursuant to this section prior to obtaining that approval.

(8) The supplemental reimbursement provided by this section shall not commence prior to the date upon which the hospital submits to the department a copy of the certificate of occupancy for the capital project.

(f) (1) It is the Legislature's intent in enacting this section to provide a funding source for a portion of the construction costs of eligible facilities without any expenditure from the state General Fund.

(2) The state share of the amount of the debt service submitted to the federal Health Care Financing Administration for purposes of supplemental reimbursement shall be paid with county-only funds and certified to the state as provided in subdivision (g). Any amount of the costs of the capital project that are not reimbursed by federal funds shall be borne solely by the eligible facility.

(3) Prior to receiving any funding through this section, an eligible facility shall demonstrate its ability to cover all of the anticipated costs of construction, including those not reimbursed through federal funding.

(g) The county or city and county, on behalf of any eligible facility, shall do all of the following:

(3) Submit data, as specified by the department, to determine the appropriate amounts to claim as expenditures qualifying for financial participation.

(4) Keep, maintain, and have readily retrievable, such records as specified by the department in order to fully disclose reimbursement amounts to which the eligible facility is entitled, and any other records required by the federal Health Care Financing Administration.

(h) The department may require that any county or city and county seeking supplemental reimbursement under this section enter into an interagency agreement with the department for the purpose of implementing this section.

(i) All payments received by an eligible facility pursuant to this section shall be placed in a special account, the funds of which shall be used exclusively for the payment of expenses related to the eligible capital project.

(j) (1) The department shall promptly seek any necessary federal approvals for the implementation of this section. If necessary to obtain federal approval, the department may, for federal purposes, limit the program to those costs that are allowable expenditures under Title XIX of the federal Social Security Act (Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code). If federal approval is not obtained for implementation of this section, this section shall become inoperative.

(2) The department shall submit claims for federal financial participation for the expenditures for debt service that are allowable expenditures under federal law.

(3) The department shall, on an annual basis, submit any necessary materials to the federal government to provide assurances that claims for federal financial participation will include only those expenditures that are allowable under federal law.

(k) Supplemental reimbursement paid under this section shall not duplicate any reimbursement received by an eligible facility pursuant to this chapter for construction costs that would otherwise be eligible for reimbursement under this section. In no event shall the total Medi-Cal reimbursement pursuant to this chapter to a facility eligible under this section be less than what would have been paid had this section not existed.

(*l*) In the event there is a final judicial determination by any court of appellate jurisdiction or a final determination by the administrator

of the federal Health Care Financing Administration that the supplemental reimbursement provided in this section must be made to any facility not described therein, this section shall become immediately inoperative.

(m) Any and all funds expended pursuant to this section shall be subject to review and audit by the department.

SEC. 2. Section 6364 of the Revenue and Taxation Code is amended to read:

6364. There are exempted from the taxes imposed by this part, the gross receipts from the sale in this state of and the storage, use, or other consumption in this state of:

However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

The fee is uniformly applied to each class of on-airport or off-airport customers.

(3) The fee is imposed on a per contract basis and does not exceed ten dollars and fifteen cents ($10.15).

(4) Collection of the fee commences when the consolidated rental car facility is constructed, occupied, and opened for service.

(A) Consolidated rental car facilities.

(B) An airport-mandated common use transportation system for the movement of passengers between the terminals and the consolidated on-airport rental car facilities.

(8) Revenues collected from the fees are not applied to costs for the design and construction of a consolidated rental car facility in excess of $155 million or to costs for the design and construction of a common use transportation system in excess of $120 million.

(b) Notwithstanding subdivision (m) of Section 1936, a rental car company conducting business with customers that use an airport-mandated common use busing system operated for the movement of passengers between the terminal and an interim car rental facility at San Jose International Airport shall surcharge a fee to its customers. The surcharge shall meet all of the following criteria:

(5) Separately identify the purpose of the fee and the amount on its rental agreement.

(d) If any person or entity other than a rental car company, including a passenger carrier or a seller of travel services, advertises or quotes a rate for a car rental subject to a surcharge imposed pursuant to subdivision (a) or (b), that person or entity shall, to the extent not specifically prohibited by federal law, clearly disclose the existence and the amount of the fee in any telephonic, in-person, or computer-transmitted quotation at the time of making an initial quotation of a rental rate and at the time of making a reservation of a rental car.

(e) Notwithstanding any other provision of law, including, but not limited to, Part 1 (commencing with Section 6001) to Part 1.7 (commencing with Section 7280), inclusive, of Division 2 of the Revenue and Taxation Code, the fees collected pursuant to this section shall not be subject to sales, use, or transaction taxes.

(b) Notwithstanding any other law, each district shall provide the city, county, or regional agency in which it is located, information on the programs implemented by the district and the amount of waste disposed and diverted within the district. The board may adopt regulations pertaining to the format of the information to be provided and deadlines for supplying this information to the city, county, or regional agency so that it may be incorporated into the annual report submitted to the board pursuant to Section 41821.

SEC. 4. Chapter 18.5 (commencing with Section 42920) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 18.5. STATE AGENCY INTEGRATED WASTE MANAGEMENT PLAN

42920. (a) On or before February 15, 2000, the board shall adopt a state agency model integrated waste management plan for source reduction, recycling, and composting activities.

(b) (1) On or before July 1, 2000, each state agency shall develop and adopt, in consultation with the board, an integrated waste management plan, in accordance with the requirements of this chapter. The plan shall build upon existing programs and measures, including the state agency model integrated waste management plan adopted by the board pursuant to subdivision (a), that will reduce solid waste, reuse materials whenever possible, recycle recyclable materials, and procure products with recycled content in all state agency offices and facilities, including any leased locations. It is the intent of the Legislature that the local jurisdiction and the state agency or large state facility located within that jurisdiction work together to implement the state agency integrated waste management plan.

(2) Each state agency shall submit an adopted integrated waste management plan to the board for review and approval on or before July 15, 2000. The board shall adopt procedures for reviewing and approving those integrated waste management plans. The board shall complete its plan review process on or before January 1, 2001.

(3) If a state agency has not submitted an adopted integrated waste management plan or the model integrated waste management plan with revisions to the board by January 1, 2001, or if the board has disapproved the plan that was submitted, then the model integrated waste management plan, as revised by the board in consultation with the agency, shall take effect on that date, or on a later date as determined by the board, and shall have the same force and effect as if adopted by the state agency.

(c) Notwithstanding subdivision (b) of Section 12159 of the Public Contract Code, at least one solid waste reduction and recycling coordinator shall be designated by each state agency. The coordinator shall perform the duties imposed pursuant to this chapter using existing resources. The coordinator shall be responsible for implementing the integrated waste management plan and shall serve as a liaison to other state agencies and coordinators.

(d) The board shall provide technical assistance to state agencies for the purpose of implementing the integrated waste management plan.

42921. (a) Each state agency and each large state facility shall divert at least 25 percent of all solid waste generated by the state agency from landfill disposal or transformation facilities by January 1, 2002, through source reduction, recycling, and composting activities.

(b) On and after January 1, 2004, each state agency and each large state facility shall divert at least 50 percent of all solid waste from landfill disposal or transformation facilities through source reduction, recycling, and composting activities.

42922. (a) On and after January 1, 2002, upon the request of a state agency or a large state facility, the board may establish a source reduction, recycling, and composting requirement that would be an alternative to the 50-percent requirement imposed pursuant to subdivision (b) of Section 42921, if the board holds a public hearing and makes all of the following findings based upon substantial evidence on the record:

(1) The state agency or a large state facility has made a good faith effort to effectively implement the source reduction, recycling, and composting measures described in its integrated waste management plan, and has demonstrated progress toward meeting the alternative requirement as described in its annual reports to the board.

(2) The state agency or the large state facility has been unable to meet the 50-percent diversion requirement despite implementing the measures described in paragraph (1).

(3) The alternative source reduction, recycling, and composting requirement represents the greatest diversion amount that the state agency or the large state facility may reasonably and feasibly achieve.

(b) In making the decision whether to grant an alternative requirement pursuant to subdivision (a), and in determining the amount of the alternative requirement, the board shall consider

circumstances that support the request for an alternative requirement, such as waste disposal patterns and the types of waste disposed by the state agency or the large state facility. The state agency or the large state facility may provide the board with any additional information that the state agency or the large state facility determines to be necessary to demonstrate to the board the need for the alternative requirement.

(c) If a state agency or a large state facility that requests an alternative source reduction, recycling, and composting requirement has not previously requested an extension pursuant to Section 42923, the state agency or the large state facility shall provide information to the board that explains why it has not requested an extension.

(d) A state agency or a large state facility that has previously been granted an alternative source reduction, recycling, and composting requirement may request another alternative source reduction, recycling, and composting requirement. A state agency or a large state facility that requests another alternative requirement shall provide information to the board that demonstrates that the circumstances that supported the previous alternative source reduction, recycling, and composting requirement continue to exist, or shall provide information to the board that describes changes in those previous circumstances that support another alternative source reduction, recycling, and composting requirement. The board shall review the original circumstances that supported the state agency's or the large state facility's request, as well as any new information provided by the state agency or the large state facility that describes the current circumstances, to determine whether to grant another alternative requirement. The board may approve another alternative requirement if the board holds a public hearing and makes both of the following findings based upon substantial evidence in the record:

(1) The state agency or the large state facility has made a good faith effort to effectively implement the source reduction, recycling, and composting measures described in its integrated waste management plan, and has demonstrated progress toward meeting the alternative requirement as described in its annual reports to the board.

(2) The alternative source reduction, recycling, and composting requirement represents the greatest diversion amount the state agency or the large state facility may reasonably and feasibly achieve.

(e) If the board establishes a new alternative requirement or rescinds the existing alternative requirement, the board shall do so at a public hearing. If the board establishes a new alternative requirement, it shall make all of the following findings based upon substantial evidence in the record:

(1) The state agency or the large state facility has made a good faith effort to effectively implement the source reduction, recycling,

and composting measures described in its integrated waste management plan, and has demonstrated progress toward meeting the alternative requirement as described in its annual reports to the board.

(2) The former alternative diversion requirement is no longer appropriate.

(3) The new alternative requirement represents the greatest amount of diversion that the state agency or the large state facility may reasonably and feasibly achieve.

(f) (1) No single alternative requirement may be granted for a period that exceeds three years and, if after the granting of the original alternative requirement, another alternative requirement is granted, the combined period that the original and the new alternative requirement is in force and effect shall not exceed a total of five years.

(2) No alternative requirement shall be granted for any period after January 1, 2006, and no alternative requirement shall be effective after January 1, 2006.

(3) No state agency or large state facility shall be granted an alternative requirement if the state agency or the large state facility has failed to meet, on or before January 1, 2002, the requirements of subdivision (a) of Section 42921.

(g) (1) When considering a request for an alternative source reduction, recycling, and composting requirement, the board may make specific recommendations for the implementation of the alternative plan.

(2) Nothing in this section precludes the board from disapproving any request for an alternative requirement.

(3) If the board disapproves a request for an alternative requirement, the board shall specify, in writing, the reasons for its disapproval.

(h) If the board grants an alternative source reduction, recycling, and composting requirement, the state agency may request technical assistance from the board to assist it in meeting the alternative source reduction, recycling, and composting requirement. If requested by the state agency or the large state facility, the board shall assist with identifying model policies and plans implemented by other agencies.

(i) A state agency or a large state facility that is granted an alternative requirement pursuant to this section shall continue to implement source reduction, recycling, and composting programs, and shall report the status of those programs in the report required pursuant to Section 42926.

(j) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

42923. (a) The board may grant one or more single or multiyear time extensions from the requirements of subdivision (a) of Section

42921 to any state agency or large state facility if all of the following conditions are met:

(1) Any multiyear extension that is granted does not exceed three years, and a state agency or a large state facility is not granted extensions that exceed a total of five years.

(2) No extension is granted for any period after January 1, 2006, and no extension is effective after January 1, 2006.

(3) The board considers the extent to which a state agency or a large state facility complied with its plan of correction before considering another extension.

(4) The board adopts written findings, based upon substantial evidence in the record, as follows:

(A) The state agency or the large state facility is making a good faith effort to implement the source reduction, recycling, and composting programs identified in its integrated waste management plan.

(B) The state agency or the large state facility submits a plan of correction that demonstrates that the state agency or the large state facility will meet the requirements of Section 42921 before the time extension expires, includes the source reduction, recycling, or composting steps the state agency or the large state facility will implement, a date prior to the expiration of the time extension when the requirements of Section 42921 will be met, existing programs that it will modify, any new programs that will be implemented to meet those requirements, and the means by which these programs will be funded.

(b) (1) When considering a request for an extension, the board may make specific recommendations for the implementation of the alternative plans.

(2) Nothing in this section shall preclude the board from disapproving any request for an extension.

(3) If the board disapproves a request for an extension, the board shall specify its reasons for the disapproval.

(c) (1) In determining whether to grant the request by a state agency or a large state facility for the time extension authorized by subdivision (a), the board shall consider information provided by the state agency or the large state facility that describes relevant circumstances that contributed to the request for extension, such as a lack of markets for recycled materials, local efforts to implement source reduction, recycling, and composting programs, facilities built or planned, waste disposal patterns, and the type of waste disposed by agency.

(2) The state agency or the large state facility may provide the board with any additional information that the state agency or the large state facility determines to be necessary to demonstrate to the board the need for the extension.

(d) If the board grants a time extension pursuant to subdivision (a), the state agency may request technical assistance from the board

to assist it in meeting the diversion requirements of subdivision (a) of Section 42921 during the extension period. If requested by the state agency or the large state facility, the board shall assist the state agency or the large state facility with identifying model policies and plans implemented by other agencies.

(e) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

42924. (a) On or before February 15, 2000, the board shall develop and adopt requirements relating to adequate areas for collecting, storing, and loading recyclable materials in state buildings. In developing the requirements, the board may rely on the model ordinance adopted pursuant to Chapter 18 (commencing with Section 42900).

(b) Each state agency or large state facility, when entering into a new lease, or renewing an existing lease, shall ensure that adequate areas are provided for, and adequate personnel are available to oversee, the collection, storage, and loading of recyclable materials in compliance with the requirements established pursuant to subdivision (a).

(c) In the design and construction of state agency offices and facilities, the Department of General Services shall allocate adequate space for the collection, storage, and loading of recyclable materials in compliance with the requirements established pursuant to subdivision (a).

42925. (a) Any cost savings realized as a result of the state agency integrated waste management plan shall, to the extent feasible, be redirected to the agency's integrated waste management plan to fund plan implementation and administration costs, in accordance with Sections 12167 and 12167.1 of the Public Contract Code.

(b) The board shall establish and implement a waste reduction award program for state agencies and large state facilities that develop, adopt, and implement innovative and effective integrated waste management plans in compliance with this chapter.

42926. (a) In addition to the information provided to the board pursuant to Section 12167.1 of the Public Contract Code, each state agency shall submit a report to the board summarizing its progress in reducing solid waste as required by Section 42921. The annual report shall be due on or before April 1, 2002, and on or before April 1 in each subsequent year. The information in this report shall encompass the previous calendar year.

(b) Each state agency's annual report to the board shall, at a minimum, include all of the following:

(1) Calculations of annual disposal reduction.

(2) Information on the changes in waste generated or disposed of due to increases or decreases in employees, economics, or other factors.

(3) A summary of progress made in implementing the integrated waste management plan.

(4) The extent to which the state agency intends to utilize programs or facilities established by the local agency for the handling, diversion, and disposal of solid waste. If the state agency does not intend to utilize those established programs or facilities, the state agency shall identify sufficient disposal capacity for solid waste that is not source reduced, recycled, or composted.

(5) If the agency has been granted a time extension by the board pursuant to Section 42923, the state agency shall include a summary of progress made in meeting the integrated waste management plan implementation schedule pursuant to subdivision (b) of Section 42921 and complying with the state agency's plan of correction, prior to the expiration of the time extension.

(6) If the state agency has been granted an alternative source reduction, recycling, and composting requirement pursuant to Section 42922, the state agency shall include a summary of progress made towards meeting the alternative requirement as well as an explanation of current circumstances that support the continuation of the alternative requirement.

(7) Other information relevant to compliance with Section 42921.

(c) The board shall use, but is not limited to the use of, the annual report in the determination of whether the agency's integrated waste management plan needs to be revised.

42927. (a) If a state agency is unable to comply with the requirements of this chapter, the agency shall notify the board in writing, detailing the reasons for its inability to comply and shall request an alternative pursuant to Section 42922 or an extension pursuant to Section 42923.

(b) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

42928. (a) The board may adopt regulations that establish specified criteria for granting, reviewing, and considering reductions or extensions pursuant to Sections 42922 and 42923.

(b) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Tuberculosis (TB) disease rates in southern California counties, including Los Angeles, San Diego, and Imperial, are higher than the rest of the state and the nation. Mexican-born patients comprise approximately 30 percent of southern California's reported TB cases, and rates of drug-resistant TB strains have been documented by the United States Public Health Services in a study of border counties to be almost seven times higher among foreign-born Hispanic patients than among United States-born non-Hispanic patients.

(b) Rates of hepatitis A and gastrointestinal illnesses such as shigella are higher in southern California than in the rest of the state and the nation, with the highest rates seen in Hispanics.

(c) Communicable disease tracking by public health authorities is often severely hampered by the movement of infectious cases across the border.

(d) Imperial County does not meet California Environmental Protection Agency standards for ambient ozone levels, at least in part due to increasing traffic at the Calexico-Mexicali border, and Imperial County childhood asthma hospitalization rates have increased annually since 1989.

(e) The New River in Imperial County is the most polluted in the nation, containing more than 100 chemicals and receiving 76 million liters of raw sewage each day.

(f) Recent outbreaks of mercury poisoning related to a beauty cream, and hepatitis A related to contaminated strawberries, underscore the need for better notification systems between United States and Mexican health authorities regarding contaminated commercial products and related investigations.

SEC. 2. Part 3 (commencing with Section 475) is added to Division 1 of the Health and Safety Code, to read:

PART 3. OFFICE OF BINATIONAL BORDER HEALTH

475. (a) (1) The State Department of Health Services shall establish a permanent Office of Binational Border Health to facilitate cooperation between health officials and health professionals in

California and Mexico, to reduce the risk of disease in the California border region, and in those areas directly affected by border health conditions.

(2) The department shall administer the office, and shall seek available public or private funding, or both, to support the activities of the office.

(b) The Office of Binational Border Health shall convene a voluntary community advisory group of representatives of border community-based stakeholders to develop a strategic plan with short-term, intermediate, and long-range goals and implementation actions. The advisory group shall include no more than 12 California representatives. The advisory group shall include, but not be limited to, members from local government, hospitals, health plans, community-based organizations, universities, Los Angeles, San Diego, and Imperial County health departments, and a representative from an association of local health officers specializing in border health issues. The office shall invite and request appropriate participation from representatives of the Baja California health department and other Mexican health departments affected by border health issues. Recommendations resulting from the strategic plan shall be developed and shared in consultation with the California appointees to the United States-Mexico Border Health Commission established pursuant to Section 290n of Title 22 of the United States Code, including the Director of Health Services. The office shall prepare an annual border health status report, and shall submit it to the Director of Health Services, the Legislature, and the Governor.

The people of the State of California do enact as follows:

SECTION 1. Section 56.31 is added to the Civil Code, to read:

56.31. Notwithstanding any other provision of law, nothing in subdivision (f) of Section 56.30 shall permit the disclosure or use of medical information regarding whether a patient is infected with or exposed to the human immunodeficiency virus without the prior authorization from the patient unless the patient is an injured worker claiming to be infected with or exposed to the human immunodeficiency virus through an exposure incident arising out of and in the course of employment.

SEC. 2. Section 3762 of the Labor Code is amended to read:

3762. (a) Except as provided in subdivisions (b) and (c), the insurer shall discuss all elements of the claim file that affect the employer's premium with the employer, and shall supply copies of the documents that affect the premium at the employer's expense during reasonable business hours.

(b) The right provided by this section shall not extend to any document that the insurer is prohibited from disclosing to the employer under the attorney-client privilege, any other applicable privilege, or statutory prohibition upon disclosure, or under Section 1877.4 of the Insurance Code.

(c) An insurer, third-party administrator retained by a self-insured employer pursuant to Section 3702.1 to administer the employer's workers' compensation claims, and those employees and agents specified by a self-insured employer to administer the employer's workers' compensation claims, are prohibited from disclosing or causing to be disclosed to an employer, any medical information, as defined in subdivision (b) of Section 56.05 of the Civil Code, about an employee who has filed a workers' compensation claim, except as follows:

(1) If the diagnosis of the injury for which workers' compensation is claimed would affect the employer's premium, then an insurer may disclose that diagnosis pursuant to subdivision (a).

(2) Medical information regarding the injury for which workers' compensation is claimed that is necessary for the employer to have in order for the employer to modify the employee's work duties.

SEC. 3. The addition of Section 56.31 to the Civil Code by this act is not intended either to abrogate the holdings in Allison v. Workers' Comp. Appeals Bd. (1999) 72 Cal.App.4th 654, or to prohibit a redaction decision by a workers' compensation judge from being appealed to the Workers' Compensation Appeals Board.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
