NOTE: Superior numbers appear as a separate section at the end of the digests.

employees, agents, or contractors, as specified. The bill would provide as of July 1, 2000, that the board may impose a fine against a licensee not to exceed $1,000 for a violation of these provisions. These provisions, however, would not apply to biological specimens received by mail in compliance with applicable laws and regulations.

By providing that the board may impose a fine against a licensee for a violation of these provisions, the bill would increase the amount of moneys deposited in a continuously appropriated fund, thereby making an appropriation.

The bill would provide that it shall only become operative if both this bill and SB 765 are enacted and become law effective on or before January 1, 2000.

Ch. 923 (AB 1571) Villaraigosa. Carl Moyer Memorial Air Standards Attainment Program.

Existing law contains various provisions relative to air pollution control.

This bill would create the Carl Moyer Memorial Air Quality Standards Attainment Program, to be administered by the State Air Resources Board. Under the program, the state board would be authorized to make grants for the purchase of low-emission, heavy-duty engines for vehicles, equipment, vessels, and locomotives, as specified. The bill would permit the administration of the program to be delegated to air pollution control districts and air quality management districts. The bill would require the state board, not later than January 15, 2000, to prepare a report on the implementation of the existing diesel emissions incentive program, as specified, and to submit that report to the Governor and the Legislature. The bill would also establish the Carl Moyer Program Advisory Board, as specified, to review the report, and to prepare and submit an additional report to the Legislature and the Governor by March 31, 2000, that may recommend a continuing program, as provided.

The bill would create the Carl Moyer Memorial Air Quality Standards Attainment Trust Fund in the State Treasury to provide funds to carry out the program.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 924 (AB 1630) Lowenthal. Local agency formation commission: Los Angeles.

Under existing law, a county local agency formation commission (LAFCO) is required to initiate and make studies of existing governmental agencies so as to advantageously provide for the present and future needs of each county and its communities and may apply for or accept any financial assistance and grants-in-aid from the state or from a local government.

This bill would appropriate $320,000 from the General Fund to the Los Angeles County LAFCO, to study whether it is feasible for the Harbor Area communities to detach from the City of Los Angeles and to incorporate into their own city.

Ch. 925 (AB 1620) Torlakson. Hazardous materials: release.

Existing law authorizes a local health officer to take prescribed actions to obtain information after the declaration of a health emergency or county health emergency relating to a release, spill, or escape of hazardous waste.

This bill would authorize the board of supervisors to delegate to the county health officer or administering agency the responsibility to examine a person subpoenaed, as specified, regarding the cause of a release or threatened release of a hazardous material from the premises of a handler, as those terms are defined.

The bill would require the county health officer or administering agency that is delegated that responsibility to report to the board of supervisors regarding what actions should be taken to prevent a similar incident from occurring again. The bill would allow a handler subject to a subpoena to submit to the health officer or administering agency specified information and the health officer or administering agency would be required to consider, and respond to, this information in preparing the report.

Ch. 926 (AB 1639) Committee on Public Employees, Retirement and Social Security. State employees: State Bargaining Unit 8.

(1) Existing law generally requires state agencies to adopt regulations pursuant to procedures set forth in the Administrative Procedure Act, but exempts the Department

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

of Personnel Administration from that act with respect to regulations that apply to state employees in State Bargaining Unit 5, 6, 8, or 16.

This bill would delete the specific exemption for the department with respect to regulations that apply to state employees in State Bargaining Unit 8, and would generally exempt the department from the Administrative Procedure Act with respect to regulations concerning matters within the scope of collective bargaining that apply to state employees in a state bargaining unit that has agreed to this exemption in a memorandum of understanding.

(2) Existing law requires the Department of Personnel Administration to establish and adjust salary ranges for each class of position in the state civil service.

The bill would require the department to take into consideration the salary and benefits of other jurisdictions employing 75 or more full-time firefighters who work in California prior to making salary recommendations for state firefighters.

(3) Existing law authorizes the Board of Administration of the Public Employees' Retirement System to adopt regulations permitting a temporary extension of coverage of family members in the case of the death of an employee or annuitant for a period of not less than 30 days.

This bill would require the state employer, with respect to specified state employees and officers and employees of the executive branch of state government who are not members of the state civil service, to continue, upon the death of an employee while in state service, to pay employer contributions for health, dental, and vision benefits for a period not to exceed 120 days beginning in the month of the employee's death, and would require the surviving spouse or other eligible family member to be advised of specified rights and obligations.

(4) Existing law provides that if any provision of a memorandum of understanding reached between the state employer and a recognized employee organization representing state civil service employees requires the expenditure of funds, those provisions of the memorandum of understanding shall not become effective unless approved by the Legislature in the annual Budget Act.

This bill would approve provisions of a specified memorandum of understanding entered into between the state employer and the California Department of Forestry Employees Association, and would provide that the provisions of any memorandum of understanding that require the expenditure of funds shall become effective even if the provisions of the memorandum of understanding are approved by the Legislature in legislation other than the annual Budget Act.

This bill would provide that provisions of the memorandum of understanding approved by this bill that require the expenditure of funds shall not take effect unless funds for these provisions are specifically appropriated by the Legislature, and would provide that if funds for these provisions are not specifically appropriated by the Legislature, the state employer and the affected employee organization shall meet and confer to renegotiate the affected provisions.

(5) This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 927 (AB 1559) Wiggins. Property tax welfare exemption: low- and moderate-income housing.

Existing property tax law establishes a welfare exemption under which property is exempt from taxation if, among other things, that property is used exclusively for religious, hospital, scientific, or charitable purposes and is owned and operated by an entity, as provided, that is itself organized and operated for those purposes. Existing law also establishes a partial welfare exemption for property used exclusively for rental housing and related facilities and owned and operated by a nonprofit entity or veterans' organization that meets exemption requirements. This partial exemption corresponds to the proportion of the property that serves lower income households and applies in certain instances, including the instance in which a minimum of 20% of households are lower income households with rent not in excess of a statutorily prescribed level. This partial exemption requires, among other things, the certification by the owner that the property is subject to a deed restriction, agreement, or other legal document that restricts the property's usage, as provided.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would eliminate the application of the exemption in the instance in which the 20% lower income standard is met and would revise the certification requirement to instead require a property owner to certify the existence of an enforceable and verifiable agreement with a public agency or a recorded deed restriction with respect to the property's usage.

This bill would also clarify that the welfare exemption applies to property that is owned and operated by a nonprofit corporation, otherwise qualifying for the welfare exemption, that is organized and operated for the purpose of building and rehabilitating single-family or multifamily residences for sale, as provided, at cost to low-income families. This bill would, in the case of property not previously designated as open space, also specify that the welfare exemption as so applied may not be denied on the basis that the subject property does not currently include a residence or a residence under construction. This bill would, with respect to exempt property as so described, also apply provisions that, subject to certain conditions, exclude a welfare exemption claimant from annual exemption reapplication requirements.

This bill would make legislative findings and declarations that certain of the changes made by this bill do not constitute a change in, but are declaratory of, existing law.

Section 2229 of the Revenue and Taxation Code requires the Legislature to reimburse local agencies annually for certain property tax revenues lost as a result of any exemption or classification of property for purposes of ad valorem property taxation.

This bill would provide that, notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made and the state shall not reimburse local agencies for property tax revenues lost by them pursuant to the bill.

This bill would result in a change in state taxes for the purpose of increasing state revenues within the meaning of Section 3 of Article XIII–A of the California Constitution, and thus would require for passage the approval of $^2/_3$ of the membership of each house of the Legislature.

This bill would take effect immediately as a tax levy, but its provisions would apply commencing on the January 1, 2000, property tax lien date.

Ch. 928 (AB 1636) Mazzoni. Tax assistance.

The Gonsalves-Deukmejian-Petris Senior Citizens Property Tax Assistance Law provides for the specified tax assistance to claimants who own or rent their residence. The Senior Citizens and Disabled Citizens Property Tax Postponement Law provides for the postponement of property taxes for eligible individuals.

This bill would provide that for purposes of those laws a residential dwelling includes houseboats and floating homes.

Ch. 929 (AB 1638) Committee on Revenue and Taxation. State Board of Equalization: sales and use taxes: excise and special taxes.

The Sales and Use Tax Law provides that the State Board of Equalization may, in its discretion, enter into a written installment payment agreement with a person for the payment of any taxes due, interest, and applicable penalties, in installments over an agreed period.

This bill would require the board to provide each taxpayer who has an installment payment agreement in effect with an annual statement specifying certain information.

The Sales and Use Tax Law establishes specified limitation periods for the approval by the State Board of Equalization of any refund for an overpayment.

This bill would suspend that limitation period during any period of a person's life that the person is "financially disabled," as defined.

The State Board of Equalization administers various excise and special tax laws, including the Motor Vehicle Fuel License Tax Law, the Use Fuel Tax Law, the Private Railroad Car Tax Law, the Cigarette and Tobacco Products Tax Law, the Alcoholic Beverage Tax Law, the Timber Yield Tax Law, the Energy Resources Surcharge Law, a taxpayer's bill of rights law, the Emergency Telephone Users Surcharge Act, the Hazardous Substances Tax Law, the Integrated Waste Management Fee Law, the Oil Spill Response, Prevention, and Administration Fees Law, the Underground Storage Tank Maintenance Fee Law, the Fee Collection Procedures Law, and the Diesel Fuel Tax Law.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide for purposes of one or more of those laws, as applicable, that the board may establish a uniform policy for the acceptance of specified documents, relieve certain interest imposed on a person if the failure to pay tax is due to an unreasonable error or delay by an employee of the board, make technical changes to the board's education and information programs, specify that a taxpayer is entitled to reimbursement of fees and expenses for a hearing before the board if, among other things, a claim is made within one year of the date the decision of the board becomes final, authorize the board to enter into written installment payment agreements, require the return of property levied upon under certain circumstances, allow the board an alternative procedure with respect to the recovery of certain erroneous refunds or credits, and allow the board to release or subordinate certain liens if the board determines that the release or subordination will facilitate the collection of tax or will be in the best interest of the state and the taxpayer.

Ch. 930 (AB 1637) Committee on Revenue and Taxation. Tentative minimum tax.

The Personal Income Tax Law provides that only certain credits may reduce specified taxes below the tentative minimum tax.

This bill would also allow credits for personal exemption and credit for land and water conservation to reduce those taxes below the tentative minimum tax.

This bill would take effect immediately as a tax levy.

Ch. 931 (SB 94) Chesbro. Income and bank and corporation taxes: IRS restructuring and reform.

The Personal Income Tax Law and the Bank and Corporation Tax Law impose taxes on income and, among other things, provide for specified conformity to federal income tax laws. In this connection, the federal Internal Revenue Service Restructuring and Reform Act of 1998 provides for, among other things, changes to the way the Internal Revenue Service (IRS) is organized, additional taxpayer rights, including a shifting of the burden of proof, and changes to the rules as to how taxes are computed.

This bill would provide for specified conformity to that federal act with respect to awarding costs and fees, liens, suspension of interest, penalties, notices, abatement of interest, collections, financial status audits, trade secrets (including a criminal penalty for divulging or making known software), motion to quash, levies, assessments, waivers, seizure of property, installment agreements, explanation of disallowance, whistle-blower disclosure, identification of return preparer, innocent spouse rules, and correction to rules relating to the proration of the exclusion in the case where a taxpayer does not meet the ownership and use requirements pertaining to a sale of his or her principal residence. This bill would also provide the Franchise Tax Board with the authority to compromise a tax debt, modify rules pertaining to taxpayer tax credit and employer deficiency assessments for the issuance of an earnings withholding order for taxes, and modify or clarify specified operative date language. By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would incorporate certain changes to laws proposed by both this bill and SB 299 if this bill and SB 299 are enacted and become effective, as provided.

This bill would take effect immediately as a tax levy.

Ch. 932 (SB 433) Johnson. Child custody.

Existing law authorizes the court to appoint an investigator to conduct a child custody investigation. Existing law requires court-appointed investigators to have specified domestic violence training, and requires the Judicial Council to draft a statewide rule of court requiring domestic violence training for all court-appointed persons who evaluate or investigate child custody matters.

This bill would revise these provisions to authorize the court to appoint a child custody evaluator in any contested proceeding involving child custody or visitation where the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

court determines it is in the best interests of the child, and would require court-connected and private child custody evaluators to complete a described domestic violence training program and comply with other requirements. It would require the Judicial Council to formulate a statewide rule of court by January 1, 2002, that establishes education, experience, and training requirements for all child custody evaluators and requires child custody evaluators to declare under penalty of perjury that they are currently licensed, if applicable, and meet all requirements of the rule. By expanding the crime of perjury, the bill would create a state-mandated local program.

The bill would additionally require, on and after January 1, 2005, except under specified circumstances, that each child custody evaluator be a licensed physician who is a board certified psychiatrist, or a psychologist, a marriage and family therapist, a clinical social worker, or a court-connected evaluator, as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 933 (SB 465) Committee on Appropriations. Claims against the state: appropriation.

Existing law requires the Attorney General to report to the Legislature when there is no sufficient appropriation available for the payment of a claim against the state.

This bill would appropriate $1,787,253.29 from the General Fund and the Motor Vehicle Account in the State Transportation Fund to the Attorney General for allocation in specified amounts to pay damages, attorney fees, and interest in specified cases.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 934 (SB 618) Chesbro. Child care facilities: fingerprinting and criminal record information: fees.

Existing law provides for the licensure and regulation of child day care facilities by the State Department of Social Services. Existing law requires an applicant and other specified persons to submit fingerprints to the department and permits the department to obtain a criminal record of these persons. Existing law, effective January 1, 2000, prohibits a fee from being charged by the Department of Justice and the State Department of Social Services for the processing of fingerprints, or for obtaining certain criminal records of certain categories of persons including volunteers who have contact with the children.

This bill would limit the prohibition on fees being charged for the processing of fingerprints or for the obtaining of certain criminal records to volunteers at a child care facility who are required to be fingerprinted. It would prohibit the charging of fees for these purposes between January 1, 2000 and July 1, 2000, and would prohibit the charging of fees after that date if funds for those purposes are appropriated in the annual Budget Act.

The bill would also require the State Department of Social Services, on or before March 1, 2000, to convene a workgroup consisting of representatives of various groups to review current criminal background check requirements and processes for screening care providers that would study and make recommendations concerning improving the coordination of the different populations who are required to undergo multiple criminal background checks, methods to reduce the costs, and expedite the process of conducting criminal background checks.

Ch. 935 (SB 702) Peace. Cigarette tax.

(1) The Cigarette and Tobacco Products Tax Law requires that an appropriate stamp be affixed to, or that an appropriate meter impression be made upon, each package of cigarettes prior to distribution, and prohibits any stamping or metering of packages of cigarettes unless those packages comply with federal labeling requirements for cigarettes to be sold within the United States. Existing law requires the State Board of Equalization to revoke the license issued to a distributor that is determined to be in violation of these stamping or metering requirements.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would additionally prohibit any stamp or meter impression from being affixed to, or made upon, packages of cigarettes if the package is labeled for use outside the United States, has been altered, or was imported in violation of federal law, as specified. By creating a new crime in the form of a misdemeanor for a violation of these requirements, this bill would establish a state-mandated local program. The bill would also provide for the forfeiture of the cigarettes in packages that are in violation, and provide that a violation of those requirements shall constitute unfair competition.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 936 (SB 808) Peace. California Infrastructure and Economic Development Bank: eligible projects.

The Bergeson-Peace Infrastructure and Economic Development Bank Act establishes the California Infrastructure and Economic Development Bank for the purpose of funding specified types of infrastructure development projects, including public development facilities, by qualified public entities and certain qualified private entities. The term "public development facilities" is defined for these purposes as meaning real and personal property, structures, conveyances, equipment, thoroughfares, buildings, and supporting components thereof, excluding any housing, that are directly related to providing, among other things, communications, including facilities for telephone and telecommunications service.

This bill instead would specify that these facilities are directly related to providing, among other things, power and communications, including facilities for the transmission or distribution of electrical energy, natural gas, and telephone and telecommunications service.

This bill would incorporate additional changes in Section 63010 of the Government Code proposed by AB 779, to be operative if AB 779 and this bill are both enacted and become effective on or before January 1, 2000, and this bill is enacted last.

Ch. 937 (SB 810) Costa. Alcoholic beverages: advertising restrictions.

Existing provisions of the Alcoholic Beverage Control Act known as "tied-house" restrictions generally prohibit certain alcoholic beverage licensees from holding an interest in various other alcoholic beverage licensees. Existing law generally prohibits a manufacturer of alcoholic beverages and a winegrower from paying, crediting, or compensating a retailer for advertising or paying or giving anything of value for the privilege of placing a sign or advertisement with a retail licensee. It authorizes, as an exception, the holder of a beer manufacturer's or winegrower's license to purchase advertising space and time from, or on behalf of, an on-sale retail licensee, subject to specified conditions, including that the on-sale licensee is the owner, an agent of the owner, manager of the stadium or arena, assignee of the owner's advertising rights, or the major tenant of the owner, of either an outdoor stadium or a fully enclosed arena with a fixed seating capacity in excess of 10,000 seats located in a county of the 8th class, or of a fully enclosed arena with a fixed seating capacity in excess of 18,000 seats located in Orange County. Existing law makes it a misdemeanor for the holder of a beer manufacturer's license or winegrower's license to induce a beer or wine wholesaler licensee to provide that advertising space or time to the on-sale retail licensee.

This bill would extend that exception to an on-sale licensee who is the owner, manager, agent of the owner, assignee of the owner's advertising rights, or the major tenant of the owner of an outdoor stadium or fully enclosed arena with a fixed seating capacity in excess of 8,500 seats located in Kern County or an exposition park of not less than 50 acres that includes an outdoor stadium with a fixed seating capacity in excess of 8,000 seats and a fully enclosed arena with an attendance capacity in excess of 4,500 people, located within a county of the 4th class.

Under existing law, the holder of a beer manufacturer's license or a winegrower's license is permitted to purchase advertising space and time from, or on behalf of, an

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

on-sale retail licensee under certain conditions, if the on-sale licensee owns a specified facility.

This bill would add a theme or amusement park and the adjacent retail, dining, and entertainment area located in Orange County to those facilities owned by on-sale retail licensees from whom holders of a beer manufacturer's or winegrower's license may purchase advertising space and time, as provided.

This bill would also make it a misdemeanor for an on-sale retail licensee, subject to the provisions of the bill, to solicit or coerce a holder of a beer or wine wholesaler's license to solicit a holder of a beer manufacturer's or winegrower's license to purchase that advertising space or time.

By creating a new crime, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 938 (SB 970) Costa. Water rights.

(1) Existing law declares that when any person entitled to the use of water under an appropriative right fails to use all or part of the water because of water conservation efforts, any cessation or reduction in the use of the appropriative water shall be deemed equivalent to a reasonable beneficial use of water to the extent of the cessation or reduction in use. Existing law declares that where water appropriated for irrigation purposes is not used by reason of land fallowing or crop rotation, the reduced usage shall be deemed to constitute water conservation for the purposes of that provision.

This bill would, instead, provide that where water appropriated for irrigation purposes is not used as a result of temporary land fallowing or crop rotation, as specified, the reduced usage shall be deemed to constitute water conservation for the purposes of that provision.

(2) Existing law regulates water transfers.

This bill would provide that the transfer of water, or the offer of water for transfer, shall not cause, or be the basis for, a forfeiture, abandonment, or modification of any water right, contract right, or other right to the use of that water. The bill would prohibit certain transactions relating to the transfer of water from being used as evidence of waste or unreasonable use, or of cessation of use, of the water made available for transfer. The bill would require, during the term of a temporary change, as defined, if an enforcement action or other proceeding is commenced that alleges that the use of water violates certain limitations on the water that is subject to that water transfer, that the determination of the alleged violation be based on an assessment of the transferee's use of the transferred water. The bill would require a transferred water right to revert from the transferee to the transferor under specified conditions. The bill would prohibit a transferee or any beneficiary of a transfer from bringing any claim for a continuation of the water supply made available by a transfer agreement or otherwise claiming any right to a continued supply of water as a result of the transfer beyond the term of the transfer agreement. The bill would provide that the beneficial use of water pursuant to a transfer or exchange constitutes a beneficial use of water by the holder of the water right that is the basis for the transfer or exchange and shall not affect any determination of forfeiture, as prescribed.

(3) Existing law authorizes a person entitled to the use of water to petition the State Water Resources Control Board for a change in a point of diversion, place of use, or purpose of use of that water for purposes of preserving or enhancing wetlands habitat, fish and wildlife resources, or recreation in, or on, the water, if the state board determines that the proposed change meets specified requirements.

This bill would provide that, upon the request of the petitioner, the state board may specify as part of its approval of the petition that any water that is subject to the approval shall be in addition to water that is required, if any, to be used for instream purposes to meet certain federal, state, or local regulatory requirements. The bill would, except as provided, require water that is subject to a petition granted pursuant to these provisions

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

to be used to meet, in whole or in part, those requirements, as prescribed. The bill would specify related matters.

(4) Existing law provides procedures for temporarily changing the point of diversion, place of use, or purpose of use involving the transfer of water.

This bill would revise and recast those procedures, including prescribed procedures for petition, notice, review, comment, and decision regarding a proposed change.

Ch. 939 (SB 1074) Committee on Public Employment and Retirement. State Teachers' Retirement System.

The State Teachers' Retirement Law prescribes the retirement benefits of eligible teachers in the public schools who are participants in the Defined Benefit Program and the Cash Balance Benefit Program. Those programs were separately administered by the Teachers' Retirement Board until they were merged by Chapter 1048 of the Statutes of 1998.

This bill would revise various provisions to reflect that merger, make related technical changes, update various provisions, and codify various existing regulations. The bill would define various terms for purposes of benefit computations.

The State Teachers' Retirement Law prescribes retirement benefits for a nonmember spouse who is awarded a separate account upon legal separation or dissolution of marriage.

This bill would incrementally increase the maximum benefit factor for calculation of benefits for a nonmember spouse whose retirement is effective on or after January 1, 1999, and at an age greater than normal retirement age, as specified.

The State Teachers' Retirement Law provides increased benefits for members who have 30 or more years of credited service, subject to certain conditions.

The bill would specify types of credited service that are excluded from or included in the calculation of credited service for determining eligibility for those increased benefits and provide that nonmember spouses are eligible for those increased benefits if the member had 30 or more years of credited service on the date the parties separated. The bill would state that certain of these provisions are declaratory of existing law.

Existing law, known as the Dave Elder State Teachers' Retirement System Home Loan Program Act, establishes a member home loan financing program and requires the Teachers' Retirement Board to adopt regulations governing the program.

This bill would modify the terms and conditions of that program and add an authorization for personal loans, secured by a portion of a member's accumulated retirement contributions, to be used to finance a portion of the purchase price of the member's home, subject to specified terms.

The bill would provide that any other act enacted by the Legislature during 1999 that affects any section of the bill shall prevail over the provisions of the bill.

Ch. 940 (SB 1162) Burton. Minors: contracts.

Existing law governs the earnings and accumulations of minors, as specified.

This bill would regulate the disposition of earnings or accumulations by an unemancipated minor by requiring a certain portion to be held in trust, as specified. The bill would require the trustee of the trust to, among other things, prepare a specified written statement under penalty of perjury, thereby expanding the crime of perjury and creating a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 941 (SB 1231) Committee on Revenue and Taxation. Taxation.

The California Constitution generally limits ad valorem taxes on real property to 1% of the full cash value of that property. For purposes of this limitation, "full cash value" is defined as the assessor's valuation of real property as shown on the 1975–76 tax bill under "full cash value" or, thereafter, the appraised value of that real property when purchased, newly constructed, or a change in ownership has occurred. The California

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

Constitution also excludes from the terms "purchased" and "change in ownership" the purchase or transfer of the principal residence of the transferor, or the purchase or transfer of the first $1,000,000 of all other real property, in the case of a purchase or transfer between parents and their children, as defined by the Legislature.

Statutory law that implements this constitutional exclusion requires an application for exclusion to be filed within certain specified time periods.

This bill would clarify the filing requirements for claiming an exclusion in the circumstance where the property has not been transferred to a 3rd party. By imposing new duties upon local assessors in the processing of exclusion claims, this bill would impose a state-mandated local program.

Existing law provides that, unless otherwise provided in the California Constitution, all property is taxable and shall be assessed at the same percentage of fair market value, and further requires that all property so assessed shall be taxed in proportion to its full value. The taxable value of real property may not be increased by more than 2% annually unless there is a change in ownership or new construction. Provisions of the California Constitution enacted by initiative in 1998 permit persons whose property was affected by contamination to transfer the base assessed value of their property to replacement property or to have repair or replacement construction excluded from reappraisal as "new construction."

This bill would enact statutory provisions to implement the initiative and would establish a method for determining base year value for transfers under these provisions.

The California Constitution permits the Legislature to exempt from taxation property that is used exclusively for religious, hospital, or charitable purposes and owned or held in trust by nonprofit entities.

This bill would create an exemption under the above constitutional provisions for low-income housing owned and operated by a housing entity of a federally designated Indian tribe.

Existing law prohibits the assessor from considering as income certain subsidy payments made by the federal government to a lender on certain property when valuing that property for persons of low and moderate income that is financed under Section 236 of the federal National Housing Act.

This bill would make those provisions also applicable to property financed under Section 515 of the federal National Housing Act.

The Timber Yield Tax Law at one time required the State Board of Control to approve whether any amount in excess of $50,000 had been illegally determined to be in excess of the amount legally due, prior to the State Board of Equalization authorizing the cancellation of the amount upon its records.

This bill would eliminate the reference to any amount in excess of $50,000 with respect to that prior approval requirement of the State Board of Control.

Existing law requires every generator of hazardous waste to pay an annual generator fee to the State Board of Equalization but exempts, from those fees hazardous materials that are recycled and used onsite, and certain aqueous wastes.

Existing law provides that a generator who pays a hazardous waste generator inspection fee to a certified unified program agency is eligible for a refund of the generator fee, under specified conditions.

This bill would revise the computation of the maximum permissible refund.

Under existing law, tire recycling fees of $0.25 per tire are required to be paid to the State Board of Equalization.

This bill would revise the timeframe for reporting and paying these fees.

Under the Use Fuel Tax Law, the State Board of Equalization is authorized to relieve various penalties imposed pursuant to that law under specified circumstances.

This bill would make technical corrections in these provisions.

The existing Cigarette and Tobacco Products Tax Law exempts from taxation the sale or transfer of untaxed cigarettes to law enforcement agencies for use in criminal investigations.

This bill would also provide an exemption from the tax for tobacco products under similar circumstances, and would also require wholesalers to report to the State Board of Equalization on information regarding purchases, sales, and inventory of tobacco

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

products in the same manner as they are required to report that information to the board regarding cigarettes.

The bill would also permit cigarettes in packages that fail to conform to federal labelling requirements to be forfeited to the state upon seizure by the board.

Under existing law, the State Board of Equalization administers and collects both occupational and childhood lead poisoning prevention fees.

This bill would make clarifying changes in references for "department" and "director" with regard to the childhood lead poisoning prevention fee to mean the State Department of Health Services and the State Director of Health Services in order to conform those provisions with the occupational lead poisoning prevention fee provisions.

Under the existing Underground Storage Tank Maintenance Fee Law, the State Board of Equalization is authorized to disclose otherwise confidential information obtained from the lessee or operator of an underground storage tank only to the feepayer, and only to a limited extent.

This bill would authorize the board to disclose the information obtained from the person who sold or provided petroleum to the lessee or operator of the underground storage tank.

Existing property tax law requires alternative assessment appeals board procedures to determine assessment appeals filed by assessment appeals boards or alternate board members.

This bill would require these alternative procedures to determine assessment appeals filed by employees of the clerk of the county board of equalization or employees of assessment appeals boards when representing themselves or family members, or by members of the assessment appeals board or alternate board members when representing family members, as specified, and would preclude these employees and board members from representing, for compensation, applicants who have filed assessment appeals.

Under existing property tax law, a remittance to a taxing agency is deemed to be received on the date shown by the post office cancellation mark under specified conditions.

This bill would also permit payments to be made through independent delivery services under specified conditions, and would clarify the postal provisions regarding payments on property on the secured roll.

Existing property tax law requires the tax collector to mail a tax bill for every property on the secured roll and authorizes the tax collector to mail a tax bill on assessments on the unsecured roll.

This bill would permit the tax collector to electronically transmit these tax bills.

Existing property tax law requires the tax collector to transmit a statement to the Controller after a declaration of default showing the amount in default and the property affected.

This bill would repeal that provision.

Existing law requires the tax collector to take various actions regarding the sale of tax-defaulted property, and requires the original notice to indicate that any parcel remaining unsold may be resold within a 90-day period.

This bill would specify the types of notices in which that provision would be required.

Existing property tax law permits, at the election of the assessee, the installment payment of delinquent taxes on tax-defaulted property under an installment payment plan. Existing law permits a one-year deferral of payment under an existing installment plan if the county in which the property is located was declared by the Governor to be in a state of disaster as a result of the fires which occurred in 1987.

This bill would permit a one-year deferral of payment under an existing installment plan if the county was declared by the Governor to be in a state of emergency or disaster due to a major misfortune or calamity, and specified conditions are met.

Existing property tax law provides, as specified, for the payment of escape assessments for prior fiscal years over a 4-year period. However, the balance of the tax to be paid becomes immediately due and payable under specified circumstances, including an installment not being paid timely or a default.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would authorize the tax collector to reinstate the installment account under specified conditions if the tax collector is convinced that the missed payment was not due to the fault of the assessee.

The bill would also make technical or clarifying changes to the provisions regarding the making of escape assessments, the contents of the local property tax roll, the place of payment of taxes, the accrual of interest on escape assessments and under assessments, and the cancellation of fees and penalties due to errors made by the tax collector, auditor, or assessor.

The bill would also permit any document that is required by the property tax law to be acknowledged by the county clerk to be acknowledged by a notary public or other county official under specified conditions.

The bill would also make various technical and clarifying changes to certain property tax provisions.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 942 (SB 1234) Schiff. Property taxation: assessment appeals boards.

Under existing law, a person appointed or selected to be a member of an assessment appeals board must have certain qualifications relating to experience and knowledge. Existing law encourages every member of an assessment appeals board to complete certain training developed and conducted by the State Board of Equalization.

This bill would, on or after January 1, 2001, require members of an assessment appeals board to complete a course of training and continuing education conducted by either the State Board of Equalization, or by the county at the option of the county. A member who does not complete the required training would be deemed to have resigned, as provided.

Ch. 943 (AB 868) Cardoza. Long-Term Care Ombudsman Program.

Existing law, as part of the Mello-Granlund Older Californians Act, provides for the Long-Term Care Ombudsman Program, headed by the State Long-Term Care Ombudsman in the California Department of Aging. Under this program funds are allocated to local ombudsman programs to assist elderly persons in long-term health care facilities and residential care facilities by, among other things, investigating and seeking to resolve complaints against these facilities.

This bill would encourage the director to do certain things with respect to publicizing a vacancy in the office of the State Ombudsman, and would revise the standards of training and experience required of the State Ombudsman.

Existing law requires the department to establish an 11-member advisory council to provide advice and consultation to the State Long-Term Care Ombudsman on issues affecting the provision of ombudsman services and recommendations as appropriate.

This bill would require the council to review any proposed policy changes to the operation of the State Long-Term Care Ombudsman Program, and permit the council to make recommendations, as specified.

Existing law permits the department to adopt regulations, including emergency regulations, implementing the Mello-Granlund Older Californians Act.

The bill would require the department to adopt regulations implementing the State Long-Term Care Ombudsman Program.

Ch. 944 (AB 271) Gallegos. Health care.

Existing law requires reports regarding personal injury judgments and settlements involving health care providers, and other reports of possible incompetence by health care providers.

This bill would enact the Cosmetic and Outpatient Surgery Patient Protection Act. This act would require any physician and surgeon who performs a scheduled medical

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

procedure outside of a general acute care hospital that results in the death or transfer to a hospital or emergency center for medical treatment for a period exceeding 24 hours, of any patient on whom that medical treatment was performed by the physician and surgeon, or by a person acting under the physician and surgeon's orders or supervision, to report, in writing, that occurrence to the Medical Board of California within 15 days after the occurrence, as specified. It would provide that the failure to comply with this requirement constitutes unprofessional conduct.

The bill would also provide that, on and after July 1, 2000, it is unprofessional conduct for a physician and surgeon to perform procedures in any outpatient setting unless the setting has a minimum of 2 staff persons on the premises, one of whom is either a licensed physician and surgeon or a licensed health care professional with current certification in advanced cardiac life support, as long as a patient is present who has not been discharged from supervised care. It would further provide that it is unprofessional conduct for a physician and surgeon to fail to provide adequate security by liability insurance or by participation in an interindemnity trust for claims by patients arising out of surgical procedures performed outside of a general acute care hospital.

Existing law provides for the licensure and regulation of health facilities. Existing law provides for the accreditation of outpatient facilities subject to the supervision of the Division of Licensing of the Medical Board of California. Existing law regulates those facilities. Existing law requires outpatient facilities to submit an emergency plan to accrediting agencies.

This bill would require outpatient settings to post the certificate of accreditation in a location readily visible to patients and staff, and to post the name and telephone number of the accrediting agency with instructions on the submission of complaints in a location readily visible to patients and staff. It would require outpatient settings to have a written discharge criteria.

The bill would also require outpatient settings to have a minimum of 2 staff persons on the premises, one of whom shall be either a licensed physician and surgeon or a licensed health care professional with current certification in advanced cardiac life support, as long as a patient is present who has not been discharged from supervised care. It would provide that transfer to an unlicensed setting of a patient who does not meet the discharge criteria shall constitute unprofessional conduct.

Ch. 945 (AB 394) Kuehl. Health facilities: nursing staff.

Existing law provides for the licensing, registration, and regulation of nurses, and sets forth the scope of practice.

This bill would prohibit a general acute care hospital, an acute psychiatric hospital, and a special hospital, as defined, from assigning an unlicensed person to perform nursing functions in lieu of a registered nurse, or from allowing unlicensed personnel under the direct clinical supervision of a registered nurse to perform certain functions.

Existing law prohibits operation of a health facility, as defined, without a license issued by the State Department of Health Services and provides for the issuance of licenses and for the regulation of health facilities and sets forth the services to be provided therein. Willful or repeated violation of these provisions is a crime.

This bill would require the department, with regard to general acute care hospitals, acute psychiatric hospitals, and special hospitals, to adopt regulations that establish certain minimum nurse-to-patient ratios, and would require these health facilities to adopt written policies and procedures for training and orientation of nursing staff. This bill would authorize the department to take into consideration the unique nature of the University of California teaching hospitals as educational institutions when establishing the ratios, in accordance with certain requirements. This bill would also require a county hospital in Los Angeles County to be subject to a phase-in process developed in conjunction with the department.

By changing the definition of an existing crime this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 946 (SB 393) Speier. Pharmacies: prescription benefits: Medicare beneficiaries.

Existing law provides for the Medi-Cal program, administered by the State Department of Health Services, under which qualified low-income persons are provided with health care services, including prescription benefits. Under existing law, the department pays participating pharmacists a discounted price for drugs on the Medi-Cal drug formulary. Existing law separately regulates the operation of pharmacies.

This bill would authorize payment of a price not to exceed the Medi-Cal reimbursement rate for prescription medicines, and an amount to cover electronic transmission charges by Medicare beneficiaries, upon showing their Medicare card and prescription, as a condition of a pharmacy's participation in the Medi-Cal program.

The bill would also require the State Department of Health Services to conduct a study of the adequacy of Medi-Cal pharmacy reimbursement rates, including the cost of providing prescription drugs and services.

This bill would provide that these provisions are repealed as of January 1, 2003.

Ch. 947 (SB 870) Vasconcellos. Long-term care insurance.

Existing law prescribes various requirements and conditions governing the delivery or issuance for delivery in this state of individual or group long-term care insurance.

This bill would make various changes to those provisions, including changes clarifying an insurer's obligations to file, offer, and market policies intended to be federally qualified and policies that are not intended to be federally qualified; changes mandating coverage for care in a residential care facility; changes relating to coverage for preexisting conditions; changes regarding prohibited policy provisions and prohibited insurer actions in connection with policies; and changes regarding the right of a policy or certificate holder to appeal decisions regarding benefit eligibility, care plans, services and providers, and reimbursements.

Ch. 948 (SB 910) Vasconcellos. Aging: strategic planning.

The Mello-Granlund Older Californians Act, which is administered by the California Department of Aging, establishes various programs that serve older individuals, including area agencies on aging, home-delivered meals programs, community-based services programs, multipurpose senior services programs, senior center funding programs, and aging information and education programs.

This bill would make legislative findings regarding the need for a strategic plan coordinating the services available to older individuals, and would request the University of California to compile specified information, including a survey of existing resources throughout California's governmental and administrative structure that are available to address the needs of an aging society. The bill would require the Secretary of the California Health and Human Services Agency, based upon the information compiled by the University of California and with the consultation or advice of specified entities, to develop a statewide strategic plan on aging for long-term planning purposes and submit the plan to the Legislature by July 1, 2003.

The bill would appropriate $125,000 from the General Fund to the University of California if the University of California conducts the survey of existing resources specified above.

Ch. 949 (SB 1082) Ortiz. Continuing care contracts.

Under existing law, the State Department of Social Services is responsible for regulating activities relating to continuing care contracts.

This bill would specify rights of which no resident of a continuing care retirement community may be deprived, and would authorize the department to adopt reasonable rules further defining those rights.

This bill would also require providers to adopt and submit to the department a comprehensive disaster preparedness plan specifying policies for evacuation, relocation,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

continued services, reconstruction, organizational structure, insurance coverage, resident education, and plant replacement.

The bill would revise requirements for the submission of applications by providers of continuing care to sell deposit subscription agreements prior to initiating construction or a new phase or expansion of an existing continuing care retirement facility or prior to closing the sale or transfer of a continuing care retirement community.

The bill would also revise procedures for the department to follow in monitoring providers of continuing care.

This bill would require that all continuing care contracts shall include a copy of the resident's bill of rights.

Ch. 950 (AB 27) Nakano. Long-term care infrastructure blueprint. [5]

Existing law provides for the provision of various long-term care services.

This bill would require the California Health and Human Services Agency to develop a long-term care infrastructure blueprint, and to contract with a consulting firm possessing specified qualifications for the preparation of a technical analysis of infrastructure development costs relating to long-term care. This bill would require the agency to report to the Legislature on the results of the technical analysis and the progress on the development of the infrastructure blueprint on or before January 1, 2001.

The bill would appropriate $149,000 from the General Fund to the California Health and Human Services Agency for the purpose of funding the preparation of the long-term care infrastructure blueprint and technical analysis of infrastructure development costs required by the bill.

Existing law provides that certain philanthropic support is not treated as revenue allocable to the cost of care provided by a health facility or clinic.

This bill would make nonsubstantive, technical changes to those provisions.

Ch. 951 (SB 565) Costa. State facilities: Department of Transportation: study.

Existing law generally authorizes the Director of General Services to hire, lease, lease-purchase, or lease with the option to purchase any real or personal property for the use of any state agency, if the director deems the hiring or leasing is in the best interest of the state.

This bill would require the director to undertake a study regarding the purchase, exchange, or acquisition of real property and the construction of facilities in the County of Fresno for use by the Department of Transportation and other state agencies. The bill would require the director to report to the Legislature on or before July 1, 2000.

These provisions would remain in effect only until January 1, 2001, and as of that date would be repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

Ch. 952 (SB 645) Burton. Higher education labor relations.

Existing law contains provisions relating to employer-employee relations between the State of California and the employees of state institutions of higher education, as defined to include the University of California and the California State University. These provisions provide that these employees have the right to form, join, and participate in the activities of employee organizations for the purpose of representation on all matters of labor relations. Existing law limits the permissible forms of organizational security for those employees to an arrangement pursuant to which an employee may decide whether or not to join the recognized or certified employee organization, but which requires the employer to deduct from the wages or salary of the employee who does join, and pay to the employee organization representing that employee, the fees, dues, or assessments of the organization.

This bill would require employees of the California State University and employees of the University of California, other than faculty of the University of California who are eligible for membership in the Academic Senate, to either join the employee organization or to pay the organization a fair share service fee.

The bill would establish a procedure for employees to petition for rescission of this form of organizational security , would provide that the cost of conducting the rescission election would be borne by the petitioning party, and would require the election to be

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

conducted at the worksite by secret ballot. If the organizational security arrangement is rescinded, the bill would establish a similar procedure for reinstatement of the arrangement.

The bill would provide for a procedure under which an employee of the California State University or the University of California, other than faculty of the University of California who are eligible for membership in the Academic Senate, who is a member of a bona fide religion, body, or sect that has historically held conscientious objections to joining or financially supporting public employee organizations, would not be required to join, but would instead be required to pay a sum equal to the fair share service fee to a nonreligious, nonlabor charitable fund, as prescribed.

The bill would require every recognized or certified employee organization that has an agency shop provision to keep an adequate itemized record of its financial transactions, and to make available an annual detailed report of those transactions, as specified.

This bill would make various technical, nonsubstantive changes to the law relating to higher education labor relations.

Ch. 953 (SB 391) Chesbro. Public postsecondary education: excuse of tuition and fees.

(1) Existing law requires the Regents of the University of California and the Trustees of the California State University to excuse the tuition and fees of any surviving child, natural or adopted, of a deceased person who was a resident of the state, who was employed by a public agency, as defined, whose principal duties consisted of active law enforcement service or active fire suppression and prevention, as specified, and who was killed in the performance of active law enforcement or active fire suppression and prevention duties, as specified. This provision is applicable to the Regents of the University of California only if the regents, by resolution, make it applicable.

This bill would specify that this provision applies to mandatory systemwide tuition and fees. The bill would extend the scope of this provision so that it would apply to the Board of Directors of the Hastings College of the Law. The bill would also extend the scope of this provision so that it would apply, until January 1, 2002, to the surviving child of a person who died while performing these duties, and who was employed as a contractor, or as an employee of a contractor, performing services for a public agency, as defined.

(2) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 954 (AB 655) Scott. Public postsecondary education: nursing report.

Existing law establishes the system of public postsecondary education in the state. Among the segments of this system are the California Community Colleges, the California State University, and the University of California.

This bill would require the Chancellor of the California Community Colleges, the Chancellor of the California State University, the President of the University of California, and the President of the Association of Independent Colleges and Universities to jointly issue a report to the Governor and the Legislature with respect to a recommended plan, that may include alternative strategies, and budget for significantly increasing the number of students graduating from nursing programs in the state and for providing specialty training to licensed nurses in prescribed areas of specialization. The bill would require the report to be submitted on or before January 1, 2001. The bill would apply to the University of California only to the extent that the Regents of the University of California, by resolution, make it applicable.

The bill would declare that it would take effect immediately as an urgency statute.

Ch. 955 (AB 1319) Correa. Early Intervention for School Success Program.

Existing law states the Legislature's intent to implement the Early Intervention for School Success Program in 300 public schoolsites between July 1, 1994, and June 30, 1999. Existing law requires the program to use a collaborative team approach and the use of the home language of the pupil to assess the pupil's developmental stages. Existing law requires the use of authentic assessment techniques in determining the developmental stages and learning styles of pupils. Existing law repeals the program on January 1, 2000.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would extend the dates during which this program would be implemented to July 1, 1999, through June 30, 2004, in the 300 schoolsites. The bill would require the use of a collaborative school team approach instead of a collaborative team approach and would delete the required use of the home language of the pupil to assess the pupil's developmental stages. The bill would refer to instructional levels instead of developmental stages. The bill would require the use of multiple, rather than authentic, assessment techniques, including norm and criterion referenced tests in determining the instructional levels of pupils. The bill would require the development and management of classroom environments, consistent with class size reduction legislation, that encourage and motivate pupils to succeed and the implementation of interventions and appropriate differentiated instruction that prevent reading failures.

Existing law requires the management plan for the Early Intervention for School Success Program to include, among other things, the awarding of incentive grants to schools and adaptation of the program to meet local needs.

This bill would require that plan instead to include the implementation of the program at 300 schoolsites between July 1, 1999, and June 30, 2004; the awarding of competitive grants and adaptation of the program to meet state and local standards, the goals of the California Reading Initiative and the expectations of the class size reduction legislation; the development of a statewide support network, the provision of professional development; and the training of school personnel in certain skills.

Existing law requires the training received by a teacher in techniques for the Early Intervention for School Success Program apply toward the professional growth required to maintain the validity of teaching credentials.

This bill would require that the training also be consistent with the California Standards for the Teaching Profession developed by Commission on Teacher Credentialing.

This bill would provide that the program becomes inoperative on July 1, 2004 and would repeal the program on January 1, 2005.

Ch. 956 (SB 1131) Burton. Motor vehicle fuel industry practices: prices: mergers: investigation. [6]

Existing law provides that the Attorney General is the head of the Department of Justice, and has charge of all legal matters in which the state is interested, including antitrust matters, except as specifically provided.

This bill would appropriate $1,000,000 from the General Fund to the Department of Justice for the purposes of investigating industry practices relevant to the production, distribution, and pricing of gasoline and diesel fuel, and reviewing pending mergers between major oil companies, and would make legislative findings and declarations in this regard.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 957 (SB 1199) Costa. Child protective services: reports.

Existing law establishes procedures for notifying appropriate local government officials of the release or parole of persons convicted of violent crimes and for reporting to a child protective agency suspected incidents of child abuse and neglect. Under existing law, when an inmate who is serving a term for committing a violent felony is scheduled to be released on parole, the paroling authority is required to notify the local law enforcement authority of the community into which the inmate is scheduled to be released upon parole.

This bill additionally would require, with respect to the latter provision, that the paroling authority notify the local law enforcement authority of the community in which the inmate was convicted. This bill also would require parole officers to report to the appropriate child protective agency if a person paroled following conviction of specified child abuse offenses or any sex offense identified in statutory law as being perpetrated against a minor victim has violated a term or condition of parole restricting contact with the victim or the victim's family. This bill would require the Department of Corrections to annually provide parole officers with a written summary of this duty and their duty to report suspected incidents of child abuse and neglect.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require the Board of Prison Terms and the Department of Corrections, as appropriate, to notify local law enforcement having jurisdiction over the community in which the parolee was convicted and the community to which the parolee is to be released, when the parolee was convicted of specified child abuse offenses or any sex offense identified in statutory law as being perpetrated against a minor victim.

Ch. 958 (AB 1498) Ducheny. Outdoor science programs.

Existing law authorizes the governing board of any school district or a county superintendent of schools to conduct an outdoor science education and conservation education program or class.

The bill would establish eligibility criteria for a residential outdoor science program and would require the Superintendent of Public Instruction to apportion, subject to appropriation of funds for that purpose, to each school district or county office of education that operates a residential program, an amount of $10 per eligible participating pupil per day of participation.

This bill would declare that its purpose is to implement the Budget Act of 1999.

Ch. 959 (SB 213) Polanco. Community colleges: Mexican International Trade Centers: outreach programs. [7]

The Budget Act of 1999 appropriates, among other amounts, $2,236,714,000 from the General Fund to the Board of Governors of the California Community Colleges for allocation for local assistance.

This bill would augment this amount by $1,050,000 for allocation for the establishment, commencing January 1, 2000, of 17 Mexican International Trade Centers for the purposes of increasing Mexican export opportunities for California. To the extent that these funds are allocated to a school district or a community college district, these funds would be applied toward the minimum funding requirements imposed by Section 8 of Article XVI of the California Constitution.

The Budget Act of 1999 appropriates $70,077,000 from the General Fund to the Board of Governors of the California Community Colleges for the purposes of the Extended Opportunity Programs and Services and Special Services.

This bill would augment that amount by $2,000,000 for the purposes of the Extended Opportunity Programs and Services. To the extent that these funds are allocated to a school district or community college district, these funds would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

The Budget Act of 1999 appropriates $15,218,000 from the General Fund to the Board of Governors of the California Community Colleges for the Fund for Student Success.

This bill would augment that amount by $2,000,000 for the purposes of the Community Colleges Puente Project. To the extent that these funds are allocated to a school district or community college district, these funds would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

Ch. 960 (AB 1675) Committee on Judiciary. Civil procedure.

Existing law provides that a cause of action against a person arising from any act of that person in furtherance of the person's right of petition or free speech under the United States or California Constitution in connection with a public issue, as specified, shall be subject to a special motion to strike, unless the court, after considering the pleadings and supporting and opposing affidavits, determines that there is a probability that the plaintiff will prevail on the claim.

This bill would provide that an appeal may be taken directly from an order granting or denying such a special motion to strike to the court of appeal, as specified. The bill would also require any party who files or opposes such a special motion to strike, to promptly transmit various documents related thereto, to the Judicial Council by e-mail or fax, and would require the Judicial Council to maintain a public record of this information for at least 3 years.

This bill would declare that it is to take effect immediately as an urgency statute.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 961 (AB 1168) Frusetta. Noxious Weeds Management Program. [8]

Existing law sets forth provisions in the Food and Agricultural Code relating to weeds and pest seeds.

This bill would designate the Department of Food and Agriculture as the lead department in noxious weed management. The bill would also create the Noxious Weed Management Account in the Department of Food and Agriculture Fund, would appropriate $500,000 for each of the following 3 fiscal years from the General Fund to the account for the 1999–2000, 2000–01, and 2001–02 fiscal years, for expenditure by the Secretary of Food and Agriculture, for the purpose of managing and eradicating noxious weeds through local weed management areas, as specified.

The bill would require the department to establish an oversight committee, with a described membership representation, to monitor the bill's provisions and would require the department to report on or before April 1 of each year, to and including the year 2005, to the Legislature.

Ch. 962 (AB 910) Washington. Education: school library materials.

Existing law requires the governing board of each school district to provide school library services for the pupils and teachers of the district by establishing and maintaining school libraries.

This bill would appropriate, without regard to fiscal year, $1,000,000 from the General Fund to the Superintendent of Public Instruction for allocation to school districts and county offices of education to fund the acquisition of school library materials. These funds would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

Ch. 963 (AB 807) Keeley. Pajaro River Watershed Flood Prevention Authority.

(1) Existing law authorizes specified entities to provide flood control benefits.

This bill would enact the Pajaro River Watershed Flood Prevention Authority Act, which would grant specified powers to the Pajaro River Watershed Flood Prevention Authority, as created under the act. The bill would designate the boards of supervisors of certain counties and the boards of directors of certain local districts as "appointing authorities." The bill would require the appointing authorities to appoint members to the board of the authority, thereby imposing a state-mandated local program on those specified local boards. The bill would specify boundaries, purposes, and governance of the authority. The bill would authorize the authority to undertake flood prevention and control projects within the boundaries of the Pajaro River Watershed, as prescribed. The bill would authorize the authority to levy and collect assessments and special taxes and to sell bonds in accordance with prescribed procedures. The bill would define terms and prescribe related matters.

The provisions of the bill would become inoperative on July 1, 2000, and would be repealed on January 1, 2001, upon the occurrence of certain specified events.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 964 (AB 519) Aroner. Sexual harassment.

(1) Existing law provides that a person is liable in a cause of action for sexual harassment when the plaintiff proves, among other things, that the defendant has made sexual advances, solicitations, sexual requests, or demands for sexual compliance by the plaintiff that were unwelcome and persistent and severe, continuing after a request by the plaintiff to stop.

This bill would revise that cause of action by extending it to apply to verbal, visual, or physical conduct of a sexual nature or hostile nature based on gender, requiring the conduct to be pervasive rather than persistent, deleting the requirement that the conduct continue after a request by the plaintiff to stop, and specifying that the cause of action applies to an injury involving emotional distress or violation of a statutory or

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

constitutional right. The bill would also delete the requirement that the complaint and answer be verified and would specify that the above definitions and standards only apply to a cause of action brought under this provision.

(2) Existing law provides that whoever denies the right to be free from violence or intimidation because of their race, color, religion, ancestry, national origin, sex, sexual orientation, age, disability, position in a labor dispute, as specified, or similar characteristics, or who aids, incites, or conspires in that denial, is liable for each and every offense for the actual damages suffered by any person denied that right, exemplary damages, and attorney's fees as may be determined by the court.

This bill would extend these provisions to persons having a cause of action for sexual harassment discussed above. The bill would also incorporate additional changes to Section 52 of the Civil Code proposed by AB 1268, contingent upon its prior enactment.

Ch. 965 (AB 1645) Committee on Agriculture. Agricultural education. [9]

Under existing law there is, within the State Department of Education, an agricultural vocational education unit to assist school districts in the establishment and maintenance of agricultural vocational educational programs.

This bill would enact the Agricultural Education Act of 1999 and would require the State Department of Education to establish a comprehensive agricultural education program for prekindergarten and kindergarten children and grades 1 to 12, inclusive, to provide statewide coordination for agricultural education in California schools. This program would include, but would not be limited to, the development, review and dissemination of curriculum, the development of statewide educational activities for pupils, state level consultation with local education agencies, agricultural organizations, and universities and colleges, for materials review, professional development, and support, and the coordination and monitoring of the regional agricultural education program delivery. This program would also provide for regional delivery of education in agricultural awareness, literacy, career exploration, and preparation activities.

This bill would appropriate $127,500 from the General Fund to the State Department of Education for expenditure for staff for purposes of the comprehensive agricultural education program that would be established by the bill. The bill would also appropriate $300,000 from the General Fund to the State Department of Education for purposes of curriculum development for agricultural education.

Ch. 966 (AB 919) Dutra. Land use: local agencies.

Under the Planning and Zoning Law, local agencies are required to make specified findings based upon substantial evidence before disapproving or conditionally approving a housing development project that renders it infeasible for the use of low- and moderate-income households. This law requires that when a proposed housing development project complies with the applicable general plan, zoning, and development policies in effect at the time that the project's application is determined to be complete, a local agency may not propose to disapprove the project or conditionally approve it at a lower density unless the agency bases its decision on written findings supported by substantial evidence on the record that certain conditions exist.

This bill would revise this procedure to require that a proposed housing development project include very low, low- or moderate-income households and comply with the applicable, objective general plan and zoning standards and criteria, and would make changes in the conditions that a local agency is required to find. The bill also would revise the definitions of "affordable to low- and moderate-income households" to include very low income households or middle income households, as defined, and "area median income" to include very low or low-income households.

The bill would also provide that it shall not become operative if SB 948 is enacted and becomes effective on or before January 1, 2000.

Ch. 967 (AB 1505) Ducheny. Farmworker housing.

(1) The Williamson Act authorizes any city or county to enter into a contract with the owner of agricultural land for the purpose of preserving that land in accordance with the conditions established by the act and that contract. The act authorizes the landowner to petition the governing body of the relevant city or county for cancellation of a contract

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

or portion thereof for agricultural laborer housing that is determined not to be a compatible use of the contracted lands. Prior to any tentative approval of the cancellation, the governing body of the relevant city or county is required to certify to the county auditor the amount of a cancellation fee that the contracting landowner will pay as deferred taxes upon cancellation of the contract, as specified.

This bill would, with respect to agricultural laborer housing that is a compatible use within an agricultural preserve, authorize indemnification of the owner against claims arising from that use, if the owner has agreed to that use. The bill would also authorize a landowner subject to a Williamson Act contract to subdivide not more than 5 acres of land under contract to be sold or leased to a nonprofit organization, city, county, housing authority, or state agency and used for agricultural laborer housing for at least 30 years, as specified.

(2) Existing law sets forth matters to be included in the housing element of a local general plan.

This bill would require the element to identify adequate sites for farmworker housing, as specified, thereby creating a state-mandated local program by imposing new duties on local agencies.

(3) Existing law prescribes criteria for the disapproval of housing development projects by local agencies.

This bill would prescribe additional criteria relative to the time period for approving or disapproving housing for agricultural employees, thereby creating a state-mandated local program by imposing new duties on local agencies. These provisions would become operative only if SB 948 is not enacted in the first year of the 1999–2000 Regular Session.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 968 (SB 948) Alarcon. Affordable housing developments.

(1) Under the Ellis Act, public entities generally are prohibited from adopting any statute, ordinance, or regulation, or taking any administrative action, to compel the owner of residential real property to offer or to continue to offer accommodations in the property for rent or lease. The act also authorizes any public entity that has in effect any system of rent control, notwithstanding any provision of the Ellis Act, to subject to specified provisions, accommodations that had been withdrawn from rent or lease and are again offered for rent or lease for residential purposes within one year of the date that the accommodations were withdrawn pursuant to a 60-day notice.

This bill would revise the act's statement of legislative intent. It would also extend the period from one year to 2 years that accommodations that are offered again for rent or lease for residential purposes are subject to specified regulatory provisions and it would revise those provisions. The bill would also require that a specified notice and conditions apply to a tenant or lessee who is at least 62 years of age or disabled, as defined, and has lived in his or her accommodations for at least one year, as specified, when the owner of the residential property delivers to the public entity a notice of intent to withdraw the accommodations from rent or lease under the act.

The bill would also change the notice of intent to withdraw to the public entity from 60 days to 120 days and would require that these provisions shall only apply to accommodations where the date of delivery to the public entity of the notice of intent to withdraw is on or after January 1, 2000.

(2) Under existing law, the Planning Zoning Law requires an action or proceeding against local zoning and planning decisions of a legislative body to be commenced and the legislative body to be served within a year after accrual of the cause of action if it meets certain requirements, including that it is brought in support of the development of housing that meets the requirements for housing persons and families with low or moderate incomes. Where the action or proceeding challenges the adequacy of a housing

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

element, the action or proceeding may be initiated up to 60 days following the date the Department of Housing and Community Development reports its findings concerning the housing element pursuant to specified provisions.

This bill would revise these provisions to include actions or proceedings to encourage or facilitate the development of housing and would include persons and families of very low and middle incomes. The bill would also provide that any action or proceeding challenging the adequacy of a housing element pursuant to these provisions may be brought as specified above.

(3) Existing law requires local agencies to make specified findings before disapproving or conditionally approving certain housing development projects. Existing law also requires local agencies to provide developer incentives for the production of lower income housing units within a housing development if the developer meets specified requirements. Developer incentives include, among other things, a density bonus, as defined.

This bill would make specified changes in these findings relating to very low income, low-income, lower to moderate-income housing, middle-income households and the housing element of a general plan, respectively. The bill would revise the definition of "affordable to low- and moderate-income households" to include very low income households or middle-income households, as defined, and would add a definition for "disapprove the development project" to these provisions. The bill would also require the court in any action brought to enforce these provisions to order a local agency, within 60 days, to comply with these provisions and take action on the development projects that were disapproved on the basis of findings that were inadequate or lacked substantial evidence and to retain jurisdiction for this purpose. The bill would also revise the definitions of "density bonus" and "area median income" to mean very low or low-income households for purposes of these provisions.

Because these changes would impose new duties on local agencies, the bill would impose a state-mandated local program.

(4) Under the Permit Streamlining Act, a public agency that is the lead agency for a development project is required to approve or disapprove the project within 180 days from the date of certification by the lead agency of an environmental impact report if the report is prepared pursuant to specified provisions.

This bill, in addition, would reduce that period to 90 days if the development project is affordable to very low or low-income households and the project applicant has provided written notice to the lead agency that an application has been or will be made to a public or federal agency for an allocation or commitment of financing, tax credits, bond authority, or other financial assistance and there is confirmation that the application was made prior to certification of the environmental impact report.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 969 (SB 1006) Costa. Drinking water: water softening and conditioning devices.

Existing law prohibits a residential water softening or conditioning appliance from being installed except in certain circumstances, including when the regeneration of the appliance discharges to the waste disposal system of the residence where the appliance is used and certain other conditions are satisfied. These conditions include the requirement that the appliance is certified to control the quantity of salt used per regeneration by a preset device and the settings of the device are limited so that a specified salt efficiency rating is achieved.

This bill would revise and recast these provisions, and would authorize a local agency, as defined, to prospectively limit the availability of residential water softening or conditioning appliances to appliances that activate regeneration by demand control. It

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

would also authorize a local agency, by ordinance, to limit the availability, or prohibit the installation, of residential water softening or conditioning appliances that discharge to the community sewer system if the local agency makes certain findings and includes them in the ordinance.

Ch. 970 (AB 1387) Florez. Public employee disability benefits.

(1) Under existing law, certain peace officers and other specified public employees are entitled to a leave of absence without loss of salary while disabled by injury or illness arising out of and in the course of their duties.

This bill would extend that provision to specified employees of a probation office.

(2) This bill would incorporate additional changes in Section 4850 of the Labor Code proposed by AB 224, to be operative if AB 224 and this bill are both enacted and become effective on or before January 1, 2000, and this bill is enacted last.

Ch. 971 (SB 1279) Polanco. Higher education labor relations: definition of "employee."

Existing law contains provisions relating to employer-employee relations between the State of California and the employees of state institutions of higher education. For the purposes of these employer-employee relations, "employee" or "higher education employee" is defined as any employee of the Regents of the University of California, the Directors of the Hastings College of the Law, or the Trustees of the California State University whose employment is principally within the State of California.

This bill would delete the requirement that the employment of an "employee" or "higher education employee" be principally within the State of California, but would exclude employees whose principal place of employment is outside the State of California at a worksite with 100 or fewer employees. The bill would provide that an organization that represents one or more employees whose principal worksite is outside the State of California is required to file a statement, as prescribed, submitting to the jurisdiction of the Public Employment Relations Board, before it could act as an employee organization. The bill would also make several technical, nonsubstantive, and conforming changes.

Ch. 972 (AB 574) Hertzberg. Public contracts: responsible bidder.

Existing law defines the terms "public entity" and "public works contract" for the purposes of specified provisions of the Public Contract Code.

This bill would define the term "responsible bidder" for these purposes, and would authorize a public entity to require each prospective bidder for a contract to complete and submit to the entity a standardized questionnaire and financial statement. This bill would require, with a specified exception, any public entity requiring standard questionnaires and financial statements to adopt and apply a uniform system of rating bidders on the basis of standard questionnaires and financial statements. This bill would require the Department of Industrial Relations, in collaboration with affected agencies and interested parties, to develop and draft a standardized questionnaire that public entities may use and to develop guidelines for rating bidders. The bill would also require the public entity requiring the prequalification to establish a process to permit prospective bidders to dispute their proposed prequalification rating.

Under existing law, a prime contractor whose bid is accepted may not substitute a person as subcontractor in place of the subcontractor listed in the original bid, except that the awarding authority may, except as otherwise provided, consent to the substitution of another person as a subcontractor in specified situations.

This bill would provide for the consent to the substitution in the situation when the awarding authority determines that a listed subcontractor is not a responsible contractor.

Ch. 973 (SB 656) Solis. Unemployment disability.

(1) Existing unemployment compensation disability law generally requires each worker to pay contributions at specified rates to the Unemployment Compensation Disability Fund, which is continuously appropriated for the purpose of providing disability benefits to workers who are unemployed due to injury or sickness not related to work. Existing law provides that an individual shall be deemed to be disabled on any

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

day that he or she is unable to perform regular or customary work because of his or her physical or mental condition, as specified.

The Moore-Brown-Roberti Family Rights Act, among other things, makes it an unlawful employment practice for any employer who employs 50 or more persons to refuse to grant a request by any employee who meets certain requirements to take a total of 12 workweeks in a 12-month period for an unpaid family care and medical leave in connection with the birth or adoption of, or the serious illness of, a child of the employee, or to care for a parent or spouse of the employee or the employee due to a serious health care condition.

This bill would require the Employment Development Department to report to the Legislature on or before July 1, 2000, on the fiscal impact on the Disability Fund of extending unemployment compensation disability benefits to an individual who is absent from work due to having been granted a family care and medical leave or who is absent from work and who would have been eligible for that leave if his or her employer had not been exempt from the requirement to grant a leave.

(2) The existing unemployment compensation disability law provides a formula for determining benefits available to qualifying disabled individuals. For an individual who has quarterly base wages of greater than $1,749.20, the weekly benefit is calculated by multiplying base wages by 55% and dividing the result by 13. However, under existing law, the weekly benefit cannot exceed $336.

This bill would provide that the weekly benefit amount for periods of disability commencing on or after January 1, 2000, may exceed this amount but may not exceed the maximum workers' compensation temporary disability indemnity weekly benefit amount. Because the bill would increase the amount payable from the Disability Fund, a continuously appropriated special fund, the bill would make an appropriation.

Ch. 974 (AB 431) Dutra. Real estate transactions: appraisers: trust deeds.

(1) Existing law provides for the licensing and certification of real estate appraisers. Existing law provides that a license issued under those provisions is generally valid for 4 years, subject to renewal thereafter. Existing law requires that on and after January 1, 2000, 5% of the amount of license or certificate fees collected under these provisions be credited to the Recovery Account, a continuously appropriated account within the Real Estate Appraisers Regulation Fund.

This bill would instead provide that a license with an effective date of January 1, 2000, or later issued under those provisions is generally valid for 2 years, subject to renewal thereafter, and would decrease licensure and renewal fees, as specified. This bill would also delay until January 1, 2003, the date on which 5% of license or certificate fees collected under these provisions are required to be credited to the Recovery Account. Because the aggregate effect of these changes, including changes decreasing the effective duration of licenses, would be to increase licensure fees deposited into the Recovery Account, which is continuously appropriated, this bill would make an appropriation. This bill would also extend certain deadlines applicable to the administration and review of the Recovery Account and would make changes relating to the continuing education requirements of licensees under those provisions.

(2) Existing law provides for security interests in real property by way of mortgages and deeds of trust. Existing law provides for the recordation of deeds and similar instruments.

The bill would also provide that in performing acts required in connection with a deed of trust, the trustee shall incur no liability for any good faith error resulting from reliance on information provided in good faith by the beneficiary regarding the nature and the amount of the default under the secured obligation, deed of trust, or mortgage.

(3) Existing law authorizes the reinstatement of a monetary default under a deed of trust or mortgage in certain circumstances. Existing law provides that no beneficiary, trustee, mortgagee, or their agents or successors shall be liable to a trustor or mortgagor for the failure to allow a reinstatement of the obligation secured by a deed of trust or mortgage during the period of 5 business days prior to the sale of the security property.

This bill would also provide in those circumstances that there is no liability to any beneficiary under a subordinate deed of trust or mortgage.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(4) Existing law requires a notice of sale under a power of sale contained in a mortgage or deed of trust to contain specified information, including the street address and telephone number of the trustee.

This bill would require that information to be the street address in this state, which may reflect an agent of the trustee, and either a toll-free telephone number or a telephone number in the state.

(5) Existing law requires notice to certain persons with recorded interests after a sale in which there are proceeds remaining.

This bill would provide that the notice inform the persons that they may be required to provide proof that the person holds the beneficial interest in the obligation and the security interest therefor, and would provide that, in the case of an original promissory note secured by a deed of trust, proof may include the original note and any assignments of beneficial interests related thereto. The bill would require the Judicial Council to adopt the form of the notice by July 1, 2000.

The bill would also provide that a trustee in possession of surplus proceeds not deposited with the court following such notice is required, to comply with the Unclaimed Property Law, as specified. As the latter law requires moneys received to be deposited in a continuously appropriated fund, the bill would make an appropriation.

(6) Existing law authorizes a trustee to charge costs and expenses, and specifies that if a fee does not exceed $100, it is conclusively presumed reasonable.

This bill would provide that if the fee does not exceed $100 or $125, as specified, it is conclusively presumed reasonable.

(7) Existing law provides that in certain actions in which a deed of trust is involved, the trustee may file a declaration of nonmonetary status, but that parties may file and serve on the trustee a demand to participate in the action.

This bill would instead authorize parties to make a motion to amend pleadings.

(8) Existing law provides for the substitution of trustees in certain circumstances, and requires the beneficiary or beneficiaries to mail a copy of the substitution to be mailed.

This bill would authorize the mailing by authorized agents and would define trustee to include any agent or employee of the trustee who performs some or all of the trustee's duties.

Ch. 975 (AB 924) Committee on Public Safety. Controlled substances: gamma-butyrolactone.

(1) Existing law categorizes controlled substances into 5 schedules and places the greatest restrictions on those contained in Schedule I. Schedule II includes the controlled substance gamma-hydroxybutyrate.

This bill would revise the above reference in Schedule II to gamma-hydroxybutyrate so as to provide that gamma-hydroxybutyrate, including its immediate precursors, isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, including, but not limited to, the currently unscheduled depressant gamma-butyrolactone, are all classified within Schedule II. By creating new crimes relating to gamma-butyrolactone and related substances, this bill would impose a state-mandated local program.

(2) Existing law provides that any manufacturer, wholesaler, retailer, or other person in this state who sells, transfers, or otherwise furnishes any of a list of specified chemical substances to any person or business entity in this state or any other state shall submit a report to the Department of Justice of any transaction prior to the transaction which report shall include specified identification information from the purchaser. Failure to submit a report or to knowingly submit a false report, and a violation of the provisions on proper identification, are crimes.

This bill would include gamma-butyrolactone within the list of chemical substances for which the transactional reports specified above must be made. By expanding the scope of existing crimes, this bill would impose a state-mandated local program. This bill would make a conforming change to a related provision.

(3) This bill would incorporate changes to Section 11055 of the Health and Safety Code made by SB 550 if both this bill and SB 550 are chaptered and this bill is chaptered last.

This bill would incorporate changes to Section 11100 of the Health and Safety Code made by AB 162 if both this bill and AB 162 are chaptered and this bill is chaptered last.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 976 (AB 1188) Runner. Undetectable knives.

Existing law makes it a misdemeanor or a felony for any person in this state to manufacture or cause to be manufactured, import into the state, keep for sale, or offer or expose for sale, or to give, lend, or possess any specified weapon, including, but not limited to, any undetectable firearm.

This bill would provide that any person in this state who commercially manufactures or causes to be commercially manufactured, or who knowingly imports into the state for commercial sale, keeps for commercial sale, or offers or exposes for commercial sale any undetectable knife, as defined, is guilty of a misdemeanor. This bill would also, as of a specified date, require California commercial manufacturers of undetectable knives, as defined, that utilize undetectable materials to include materials that will ensure they are detectable by a metal detector set at standard calibration. The bill would exempt from these provisions undetectable knives that are manufactured or imported for sale to, or subsequently sold to, law enforcement or military entities. This bill would also exempt from these provisions undetectable knives that are manufactured or imported for sale to, or subsequently sold to, historical societies, museums, and institutional collections. By creating a new crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 977 (AB 1252) Wildman. Podiatric fees: workers' compensation: doctors of podiatric medicine.

Existing law specifies a biennial renewal fee for a certificate to practice podiatric medicine of $800.

This bill would, until January 1, 2002, increase that amount to $900. This increased fee would be deposited into the Podiatry Fund, which is continuously appropriated. By increasing the fee revenues deposited into this fund, the bill would make an appropriation.

Existing law requires the Industrial Medical Council to consist of 9 doctors of medicine, 2 doctors of osteopathic medicine, 2 doctors of chiropractic, one physical therapist, one doctor of psychology, and one medical economist. Four of the doctors of medicine are appointed by the Governor.

This bill would additionally require that a doctor of podiatric medicine and an acupuncturist serve on the council. It would also increase from 9 to 11, the number of doctors of medicine on the council. The 2 additional doctors of medicine would be appointed by the Governor.

Ch. 978 (AB 162) Runner. Controlled substances: ephedrine: retail distributors.

(1) Existing law regulates any manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes specified chemical substances to any person in this state, as specified.

This bill would make it a misdemeanor for any retail distributor to sell in a single transaction more than 3 packages of a product that he or she knows to contain ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine, or to knowingly sell more than 9 grams of ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine. The bill would make an exception for pediatric liquid forms, as defined. The bill would also make the 3 packages per transaction limitation or 9 grams per transaction limitation applicable to any product that is lawfully sold, transferred, or furnished over the counter without a prescription pursuant to specified provisions of federal law, except as specified. The bill would make clarifying and conforming changes

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

to related provisions. By creating a new crime, this bill would impose a state-mandated local program.

This bill would also provide that it is the intent of the Legislature that specified provisions of state law shall preempt all local ordinances or regulations governing the sale by a retail distributor of over-the-counter products containing ephedrine, pseudoephedrine, norpseudoephedrine, or phenylpropanolamine.

(2) This bill would incorporate changes to Section 11100 of the Health and Safety Code made by AB 924 if both this bill and AB 924 are chaptered and this bill is chaptered last.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 979 (AB 1202) Firebaugh. Hemodialysis: technician training.

Existing law requires the State Department of Health Services to adopt rules and regulations prescribing minimum training standards for hemodialysis technicians who are certified, as specified.

This bill would require the department to do so by July 1, 2001.

Existing law provides for the regulation and training of hemodialysis technicians. Certain of these provisions relating to certification and training will become inoperative on July 1, 2000, and repeal these provisions on January 1, 2001.

This bill would repeal these inoperative and repeal dates, and make related and technical changes.

Existing law provides that certification of hemodialysis technicians is subject to review by the Joint Legislative Sunset Review Committee, as specified.

This bill would repeal those provisions.

Existing law provides that a violation of the provisions relating to hemodialysis technician training is a crime punishable as a misdemeanor.

This bill, by extending the operation of certain of these provisions, would create a new crime and thus would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 980 (AB 1671) Committee on Judiciary. Family law: child custody and support.

(1) Existing law provides for proceedings to determine the custody of a child.

This bill would specify that these provisions apply to proceedings to determine the physical or legal custody of a child.

(2) Existing law specifies matters to be considered by the court when granting custody of a child or otherwise determining the best interest of the child.

This bill would prohibit the court from considering the absence or relocation of a party as a factor in determining custody or visitation in specified circumstances.

(3) Existing law provides that an order or judgment to pay child support may require a child support obligor to designate an account for the purpose of paying the child support obligation by electronic funds transfer, and may require the obligor to deposit funds in an account with a financial institution for that purpose. However, existing law provides that if the obligor does not have an account, the court may not require the obligor to establish an account.

This bill would provide that the court may require the obligor to establish an account.

(4) Existing law, known as the Uniform Interstate Family Support Act, provides procedures for interstate establishment, modification, registration, and enforcement of support orders.

This bill would provide additional procedures relating to the issuance of a summons or order to show cause upon commencement of proceedings under the act and the transfer of proceedings to a court in another county or state in specified circumstances.

NOTE: Superior numbers appear as a separate section at the end of the digests.

In proceedings under the act prosecuted by the district attorney or Attorney General, the bill would authorize service on the respondent of a proposed form of judgment, as specified, with the summons and petition, which form would include specified information regarding the respondent's presumed income, and would specify that a respondent may obtain relief from a judgment obtained pursuant to that presumption of income according to provisions of existing law. Because the bill would impose additional duties on court personnel, this bill would create a state-mandated local program.

(5) Existing law authorizes the court, in proceedings under the Domestic Violence Prevention Act, to issue an order for support of a child if the respondent is the child's presumed father.

This bill would additionally authorize that order to be entered in those proceedings if the parties are married to each other and no other child support order exists.

(6) Existing law provides for the collection of child support delinquencies by the Franchise Tax Board.

This bill would, effective July 1, 2000, require the Department of Justice, Child Support Program, to compile a file of support obligors with out-of-state arrearages and forward that file to the Franchise Tax Board and would make technical changes.

(7) Existing law authorizes the court, in proceedings to declare a child a dependent child or ward of the juvenile court to issue specified restraining orders against the child's parent, guardian, or other specified persons. Those orders may remain in effect, at the discretion of the court, for up to one year. Violation of those restraining orders is a misdemeanor.

This bill would authorize those restraining orders to remain in effect for up to 3 years. By expanding the duration of the orders, the bill would expand the scope of an existing crime, thus imposing a state-mandated local program.

(8) Existing law provides that judgments for child support are enforceable in generally the same manner as money judgments, including by the creation of a judgment lien on real property, as specified.

This bill would, in cases where the local child support agency is enforcing a delinquent support obligation, provide for the creation of a lien on the personal property, as defined, of the support obligor in specified circumstances. The bill would also specify priorities between child support liens, state tax liens, and other liens and provide that a personal property lien for support arising in another state would be enforceable in this state.

(9) Existing law requires each county to maintain a child support unit in the district attorney's office. Existing law requires the Judicial Council to develop simplified summons, complaint, and answer forms for support actions brought under these provisions, and requires the simplified complaint form in certain instances to inform the defendant that income shall be presumed in an amount that results in a court order equal to the minimum basic standard of adequate care.

This bill would provide that this minimum basic standard of adequate care is that for Region I.

(10) Existing law authorizes the Director of Social Services to approve county demonstration projects to provide employment and training services to nonsupporting, noncustodial parents of children receiving aid under the CalWORKs program.

This bill would expand the eligibility for those services, within budgeted resources, to nonsupporting, noncustodial parents of children receiving other types of aid, as specified.

(11) This bill would incorporate additional changes to Section 213.5 of the Welfare and Institutions Code, made by this bill and AB 825 to take effect if both bills are enacted and this bill is enacted last.

(12) This bill would incorporate additional changes to Sections 19272 of the Revenue and Taxation Code and 18205 of the Welfare and Institutions Code, made by this bill and SB 542 to take effect if both bills are enacted and this bill is enacted last.

(13) This bill would provide that certain of its provisions would be operative in the Family Code if AB 196 is enacted and becomes operative, otherwise those provisions would become operative in the Welfare and Institutions Code. The bill would also incorporate additional changes to Section 17400 of the Family Code proposed by AB 196 and SB 542 to take effect if either or both of those bills are enacted and this bill is enacted

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

last. It also would make additional changes contingent upon the enactment of AB 380 as specified.

(14) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 981 (AB 1551) Pescetti. Energy efficiency.

(1) Existing law, the Leroy F. Greene School Facilities Act of 1998, (the Greene Act of 1998) establishes a program in which the State Allocation Board is required to provide state per-pupil funding, including hardship funding, for new school facilities construction and school facilities modernization for applicant school districts.

Existing law requires all new state public buildings and publicly funded schools to be models of energy efficiency and to be designed, constructed, and equipped with all energy efficiency measures, materials, and devices that are feasible and cost effective over the life of the building.

This bill would authorize, as part of the requirements for submission of an application to the State Allocation Board for new construction funding pursuant to the Greene Act of 1998, the applicant school district to certify that an energy analysis and report, not to exceed prescribed costs, has been prepared that sets forth the utility savings that would be generated if the facilities were designed, constructed, and equipped, with the energy efficiency and renewable energy technology, that would make the facilities as designed exceed the minimum building energy-efficiency standards mandated for new public buildings through the use of energy efficiency and renewable energy technologies. The bill would permit a school district to count funds relating to energy efficiency measures or programs actually applied to the project received from prescribed sources, that may include the Public Utilities Commission.

(2) Existing law authorizes the State Public Works Board, until January 1, 2000, to issue revenue bonds, notes, and bond anticipation notes to finance the cost of cogeneration equipment, alternative energy equipment, and conservation measures in public buildings in an amount of $50,000,000 in each of the 10 fiscal years beginning with the 1982–83 fiscal year, but provides that any portion of that authorization not used in any fiscal year may be used in any future fiscal year.

This bill would provide that the total amount of revenue bonds, notes, and bond anticipation notes issued by the board may not exceed a total amount of $500,000,000, and would extend to January 1, 2005, the termination date of those provisions.

(3) Existing law, the Warren-Alquist State Energy Resources Conservation and Development Act, until January 1, 2000, declares that it is the policy of the state to encourage 3rd-party financing of energy and water projects at state-owned sites and that development of energy and water projects at state-owned sites can be accelerated where reasonable incentives are provided, and sets forth specified incentive benefits between the state and the institutions siting the energy and water projects.

This bill would extend to January 1, 2005, the termination date of those provisions.

Ch. 982 (AB 1678) Committee on Consumer Protection, Governmental Efficiency and Economic Development. Business and professions.

(1) Existing law provides for the licensure and regulation of architects by the California Board of Architectural Examiners. Existing law provides that a licensed architect who signs and stamps plans, specifications, reports, or documents shall not be responsible for damage caused by subsequent changes to or uses of those plans, if those subsequent changes or uses are not authorized or approved by that licensed architect, and the service of the architect was not also a proximate cause of the damage.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would instead provide that the licensed architect shall not be responsible in those cases if those subsequent changes or uses are not authorized or approved in writing by that licensed architect, the written authorization or approval is not unreasonably withheld by the architect, and the architectural service of the architect is not a proximate cause of the damage. This bill would change the name of the California Board of Architectural Examiners to the California Architects Board and would also make several changes to related provisions, including those specifying grounds for disciplinary action.

(2) Existing law provides for the licensure of landscape architects and requires licensees under those provisions to provide customers with detailed written contracts that include certain specified provisions.

The bill would make changes to the provisions required to be included in those contracts.

(3) Existing law provides for the licensure and regulation of contractors, and prescribes certain licensure fees, including delinquency fees, in this regard.

This bill would delete a $25 cap on delinquency licensure fees, which would have the effect of raising revenue flowing into the Contractors' License Fund, a continuously appropriated fund. Thus, this bill would make an appropriation.

This bill would also make a technical change in the provisions governing payments to contractors for the construction of private works of improvement, and would make changes to requirements applicable to home improvement contracts and legal actions brought for violations thereof.

(4) Existing law requires the Contractors' State License Board to semiannually compile and distribute to city, county, and city and county building departments a list of all contractors who did not secure payment of workers' compensation for workers employed during the preceding 6 months.

This bill would make that requirement contingent upon the request of city, county, and city and county building departments.

(5) Existing law requires contractors, at the time of receiving any required city or county permit to construct, alter, improve, demolish, or repair any building or structure, to show their valid workers' compensation insurance certificate.

This bill would provide that, in the alternative, the city or county may verify the workers' compensation coverage of contractors by electronic means.

(6) Existing law provides, until January 1, 2000, for the Structural Fumigation Enforcement Program.

This bill would extend the duration of that program until July 1, 2003, and would make other specified changes to the program.

(7) Existing law specifies that the jurisdiction of the small claims court includes various actions in which the demand does not exceed $5,000, with specified exceptions. This jurisdiction also includes defendant guarantors who are required to respond based upon the default, actions, or omissions of another, if the demand does not exceed $2,500, or $4,000, if the action is filed on or after January 1, 2000, and the defendant guarantor charges a fee for its guarantor or surety services.

This bill would make that $4,000 limit applicable if the action is filed on or after January 1, 2000, and the dependant guarantor charges a fee for its guarantor or surety services or the defendant guarantor is the Registrar of the Contractors' State License Board.

Ch. 983 (SB 1307) Committee on Business and Professions. Licensed professionals.

(1) Existing law establishes within the Department of Consumer Affairs a State Board of Guide Dogs for the Blind, which licenses schools for the training of guide dogs for the blind. Existing law establishes, until July 1, 2002, a pilot project for the arbitration of disputes between guide dog users and guide schools relating to the continued physical custody and use of the guide dog when the dog user is not the legal owner of the dog. Pursuant to this provision, guide dog users who are dissatisfied with decisions of schools regarding continued use of the guide dogs may appeal to the board to convene an arbitration panel. The arbitration panel includes a representative of the board who serves as chair of the panel.

This bill would provide that the board and its representative are not a party to any dispute described in that provision. The bill would also provide that each party to the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

dispute waives any right for subsequent judicial review by voluntarily agreeing to have the dispute resolved by the board.

(2) Existing law with respect to the regulation of tax preparers specifies certain educational requirements.

This bill would revise and recast those requirements, as specified, and, among other things, prohibit the giving of false and misleading information to the California Tax Education Council. A violation of provisions regulating tax preparers is a crime. In enlarging the scope of an existing crime the bill would impose a state-mandated local program.

(3) Existing law provides for the licensing and regulation of various professions, including barbering and cosmetology, and structural pest control, as defined, and automotive repair.

The bill would, with respect to the provisions governing barbering and cosmetology, repeal a provision that provides that an applicant who, without good cause, fails to appear for an examination after being notified of his or her eligibility for the exam, forfeits the examination fee. The bill would also authorize the board to make an administrative change with respect to the collection of fees, as specified.

The bill would expand the definition of a structural pest control field representative, as specified. The bill would revise and recast various other structural pest control provisions and requirements and make other technical changes. Among other things, the bill would revise certain inspection report requirements with respect to inspections for wood destroying pests or organisms and wood roof cleaning and treatment. The bill would also revise requirements with respect to notices of work completed and not completed. It would delete provisions providing any person, whether or not a party to a real property transaction the right to obtain from the board copies of inspection reports, as specified. It would revise certain notices of proposed action provisions, make certain inspection report requirements applicable to field notes and notices of work completed, and revise and recast certain suspension and fine provisions.

The bill would also require an automotive repair dealer, to the extent required by the Director of Consumer Affairs, to identify members and trustees who indirectly control or conduct the business on prescribed forms. Since a violation of this provision would be a misdemeanor, the bill would create a new crime, thereby imposing a state-mandated local program.

(4) Existing law, the Professional Engineers Act and the Professional Land Surveyors' Act, provides for the registration and licensure, respectively, of professional engineers and land surveyors under the jurisdiction of the Board for Professional Engineers and Land Surveyors.

This bill would require the board to issue, upon application and payment of a specified fee to be established under an existing schedule for active licensees, a retired professional engineer's license and a retired land surveyor's license, as specified. Because this bill would provide for new fees to be deposited into the Professional Engineer's and Land Surveyor's Fund, a continuously appropriated special fund, this bill would make an appropriation.

(5) Existing law regulating professional engineers and land surveyors makes it a crime to, among other things, impersonate or use the seal of any other practitioner.

This bill would instead make it a crime for any person to impersonate or use the seal of a licensed professional engineer, or licensed professional land surveyor, respectively. By changing the definition of a crime, this bill would impose a state-mandated local program.

The bill would also make misrepresentation in the practice of land surveying a basis for license suspension or revocation.

(6) Existing law regulates the certification requirements for shorthand reporters. Exempted from certification requirements, among others, are salaried, full-time employees of a district attorney.

This bill would remove that exemption. It would prohibit the renewal of expired, suspended, or revoked certificates if the certificate holder has failed to pay monetary sanctions imposed by a court for failure to provide timely transcripts and makes the record of a court order or a certified copy of the order conclusive evidence that the sanction was imposed. This bill would also prohibit the renewal of a certificate, and would

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

authorize disciplinary action, if a certificate holder fails to pay a penalty imposed for a failure to notify the board of a change of name or address.

Existing law establishes the fee for filing an application for each certifying examination.

This bill would add provisions setting the maximum fee for administering this examination, it would increase the maximum duplicate certificate fee from $5 to $10, and would increase the penalty for a failure to notify the board of a change of name or address from $20 to $50.

(7) Existing law, with respect to the time for commencing certain criminal actions, provides for the tolling or extension of certain time periods and provides that a limitation of time does not commence to run until certain specified offenses have been discovered, or could have reasonably been discovered.

This bill would include as one of the enumerated offenses within that provision the theft or embezzlement of the property of an elder or dependent adult by a person who is not a caretaker. This bill would restore language previously chaptered out in 1998 with respect to the addition of certain enumerated offenses within that provision.

(8) Existing law provides that provisions establishing a structural fumigation enforcement program, as specified, shall be repealed effective January 1, 2000.

This bill would extend that date of repeal until July 1, 2003, and would make related changes.

(9) This bill would make various other technical and conforming changes, as specified.

(10) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 984 (SB 199) Polanco. Juveniles: confidentiality of records and reports.

Existing law limits the inspection of certain documents relating to a juvenile court proceeding, as specified. Existing law prohibits the dissemination of any records or reports relating to a matter within the jurisdiction of the juvenile court prepared by or released by the court, a probation department, or the county department of social services, any portion of those records or reports, and information relating to the contents of those records or reports, to any person or agency other than an authorized receiving agency.

This bill would revise and recast these provisions to limit the inspection of a juvenile case file, as defined, and would require the release of a juvenile case file to the public, pursuant to an order by the juvenile court after a hearing on a petition therefor, when the child is deceased, except as specified. The bill would require the redaction of any information relating to any child other than the deceased or which could identify another child.

The bill would also provide that unless a person is listed in specified state law and is entitled to access a juvenile case file or any portion thereof that is privileged or confidential pursuant to another state law or federal law or regulation, the person must petition the juvenile court, which, consistent with that law or regulation, may only release the file or portion thereof if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition. The bill would provide that these provisions shall be known and may be cited as the Lance Helms Law of Confidentiality. By imposing additional duties upon local officials, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 985 (SB 792) Ortiz. Child custody: reports of child abuse.

Existing law authorizes the court to impose specified sanctions against any person found to have knowingly made a false accusation of child abuse or neglect during a child custody proceeding.

This bill would provide that no parent shall be placed on supervised visitation, or be denied child custody or visitation, and no custody or visitation rights shall be limited, solely because the parent lawfully reported suspected sexual abuse of the child or took other actions with respect to suspected sexual abuse of the child, as specified. However, the bill would authorize the court to limit a parent's custody or visitation rights if it finds substantial evidence that the parent with the intent to interfere with the other parent's lawful contact with the child made a false report of suspected child sexual abuse, if that limitation would be in the best interest of the child, and if the court has considered the state's policy of assuring that children have frequent and continuing contact with both parents, as specified. The bill would additionally require any supervised visitation imposed by the court to be administered pursuant to the California Standards of Judicial Administration recommended by the Judicial Council.

Existing law imposes limits on access to specified records of juvenile court proceedings but provides for an exception thereto in accordance with specified legislative intent.

This bill would revise this statement of legislative intent.

The bill would incorporate additional changes to Section 827 of the Welfare and Institutions Code proposed by SB 199 and SB 334, to be operative if this bill and one or both of the other bills are enacted, and this bill is enacted last.

Ch. 986 (SB 1108) Perata. State funds: appropriations.

(1) Existing law provides for state funding for various governmental activities and public programs.

This bill would appropriate $6,970,000 from the General Fund, to be allocated in part in specified amounts to the City of Los Angeles Department of Parks and Recreation for renovation work at the Griffith Observatory, to the Office of Criminal Justice Planning for the Plaza de la Raza for at-risk youth mentoring and the Orange County TracKRS Program, to the California Arts Council for allocation to the Los Angeles Children's Museum and to the Hollywood Entertainment Museum, to the County of Los Angeles Local Agency Formation Commission for a secession study for the Harbor Area, and to the Department of Parks and Recreation to maintain a unit in the state parks system that serves a specified purpose.

(2) Existing law, Chapter 950 of the Statutes of 1998, appropriated a sum not to exceed $5,000,000 to the Chabot Observatory and Science Center, a joint powers agency created by the City of Oakland, the Oakland Unified School District, and the East Bay Regional Park District, to fund the completion of a new Chabot Observatory and Science Center facility and its science education programs. That law also appropriated a sum not to exceed $2,000,000 to the town of Apple Valley to administer a grant to the nonprofit High Desert "Partnership in Academic Excellence" Foundation to provide classroom and laboratory space for the Lewis Center for Earth Science.

This bill would allocate $1,000,000 of the $6,970,000 appropriation made by the bill to the California Arts Council for allocation to the Chabot Observatory and Science Center to help fund the completion of this facility and an additional $1,000,000 of that appropriation to the town of Apple Valley to administer a grant to the foundation to provide classroom and laboratory space for the Lewis Center for Earth Science. The bill would also require the Legislative Analyst to review and to prepare and submit a report to the Legislature on its findings regarding the use of those funds appropriated to the centers pursuant to Chapter 950 of the Statutes of 1998. The bill would require the centers to submit a report to the Joint Legislative Budget Committee and the Department of Finance, as specified, as a condition of receiving funds appropriated by this bill.

(3) The Budget Act of 1999 appropriated $1,000,000 to the California Arts Council for allocation to the Japanese-American National Museum, subject to specified conditions.

This bill would impose additional conditions on the expenditure of these funds.

Ch. 987 (SB 1229) Committee on Revenue and Taxation. Income and bank and corporation taxes.

NOTE: Superior numbers appear as a separate section at the end of the digests.

The Personal Income Tax Law and the Bank and Corporation Tax Law generally prohibit, in computing the income that is subject to the taxes imposed by those laws, the deduction by any taxpayer who derives rental income from substandard housing, as defined, of any interest, taxes, depreciation, or amortization paid during a taxable or income year with respect to substandard housing.

This bill would make technical, clarifying changes to these provisions with respect to the definition of substandard housing.

The Bank and Corporation Tax Law provides, in the case of a business with income derived from, or attributable to, sources both within and without this state, that income is apportioned between this state and foreign jurisdictions in accordance with a specified formula. The Bank and Corporation Tax Law authorizes a taxpayer whose income is subject to apportionment to determine its income under a water's edge election made in connection with a specified contract.

This bill would modify these provisions to delete obsolete language with respect to the apportionment of dividends, and would make clarifying changes with respect to the audit process followed by the Franchise Tax Board with respect to taxpayers that have made a water's-edge election. This bill would make legislative findings and declarations that these clarifying changes do not constitute a change in, but are declaratory of, existing law.

The Personal Income Tax Law allows a dependent parent credit in an amount equal to the lesser of 30% of the net tax or $200, as adjusted, to a taxpayer who meets certain requirements.

This bill would provide an additional requirement that the taxpayer uses the head of household or surviving spouse filing status.

The Personal Income Tax Law provides for specified taxation with respect to nonresidents.

This bill would clarify the treatment accorded to nonresidents and part-year residents, as provided.

Existing law providing for the administration of income and bank and corporation tax laws requires every taxpayer subject to taxes under the Bank and Corporation Tax Law to file a return within 2 months and 15 days after the close of its income year.

This bill would require those taxpayers to file a return on or before the 15th day of the 3rd month following the close of its income year.

Existing franchise and income tax laws provide, among other things, an extension for filing certain corporation tax returns, payment of estimated taxes by corporations, and certain penalties and additions to tax.

This bill would make nonsubstantive, clarifying changes to those provisions.

The Bank and Corporation Tax Law provides for the suspension or forfeiture of certain exempt corporations.

This bill would provide that if those corporations have suffered a suspension or forfeiture, as specified, they may be required to file a new application for exemption with an application for revivor.

Existing unemployment insurance law requires the Director of Employment Development, in collaboration with the Franchise Tax Board, to take certain actions with respect to disability insurance contribution overpayments.

This bill would clarify those duties and the manner in which interest is to be paid on overpayments.

This bill would for purposes of the Personal Income Tax Law or the Bank and Corporation Tax Law, or both, make numerous technical, clarifying, and supplemental changes relating to, among other things, federal determinations and changes, alternative minimum tax, voluntary contribution funds, various credits, net operating losses, scholarshare, emergency food assistance, minimum franchise tax, and dividends received from an insurance company subsidiary.

This bill would also make numerous nonsubstantive, technical changes relating to taxation, as provided.

This bill would incorporate changes to certain laws proposed by this bill, AB 473, SB 1125, or AB 1208 or any combination thereof, if this bill and those other bills are chaptered, as provided.

This bill would take effect immediately as a tax levy.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Ch. 988 (SB 246) Solis. California Firefighters' Memorial Fund: vehicle special license plates.

(1) The Personal Income Tax Law allows taxpayers, until January 1, 2001, to contribute amounts in excess of their tax liability for the support of the California Firefighters' Memorial Fund for the construction of a memorial to California firefighters on the grounds of the State Capitol.

This bill would extend the operation of those contribution provisions to January 1, 2006. This bill would provide that money in the fund also shall be allocated for maintenance of the memorial.

(2) Existing law authorizes a person who is a firefighter or a retired firefighter to apply for special license plates for the person's vehicle. The special license plates, which contain the words "California Firefighter" and run in a regular numerical series, are issued upon application to the Department of Motor Vehicles, presentation of proof of certain facts, and payment of certain fees. Except for fees charged for issuing the plates as environmental license plates, all the revenues derived from the fees charged for the plates, less costs incurred by the department in issuing the plates, are required to be deposited in the California Firefighters' Memorial Fund, prior to January 1, 2001, and in the California Fire and Arson Training Fund, on and after January 1, 2001.

This bill, instead, would require the specified fees to be deposited in the California Firefighters' Memorial Fund prior to January 1, 2006, and in the California Fire and Arson Training Fund on and after that date.

Ch. 989 (SB 1064) Perata. Taxation: contributions: California Mexican American Veterans Memorial Beautification and Enhancement Account.

Under the existing Personal Income Tax Law, individual taxpayers are allowed to contribute amounts in excess of their tax liability for the support of specified funds or accounts, including, among others, the California Mexican American Veterans' Memorial Beautification and Enhancement Account. Existing law provides for the repeal of the contribution provisions for this account on January 1 of any calendar year that the Franchise Tax Board estimates the minimum contribution amount will be less than a prescribed amount.

This bill would modify this provision so that it would be repealed on January 1 of any calendar year beginning on or after January 1, 2001, that the Franchise Tax Board estimates the minimum contribution amount will be less than the prescribed amount.

Ch. 990 (SB 480) Solis. Health care coverage.

Existing law provides for the regulation of health care providers by various state agencies.

This bill would require the Secretary of the California Health and Human Services Agency to submit a report to the Legislature, on or before December 1, 2001, concerning the results of the process established to examine the options for providing universal health care coverage.

Ch. 991 (SB 45) Sher. Commercial law: secured transactions.

Existing provisions of the Commercial Code govern security interests in personal property and fixtures, as well as certain sales of accounts, contract rights, and chattel paper.

This bill would, as of July 1, 2001, repeal those provisions and replace them with new provisions concerning those subjects. Among other things, the new provisions would (1) broaden the scope of covered transactions and collateral, (2) expand the duties of secured parties relating to the release of control and the provision of information to debtors with respect to collateral and the obligations it secures, (3) change certain choice-of-law rules and other requirements regarding the perfection of security interests, (4) revise and add certain new priority rules for secured interests generally and certain special priority rules relating to banks and deposit accounts, (5) revise provisions relative to the relationships between certain 3rd parties and the parties to secured transactions, (6) enact new provisions governing the assignment of certain types of collateral, (7) revise specified filing requirements and financing statement requisites,

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

and impose certain new reporting and other duties on the Secretary of State in connection with these changes, and (8) change certain default and enforcement rules.

This bill would appropriate $128,000 from the Secretary of State's Business Fees Fund to the Secretary of State to implement these new provisions. It would revise cross-references and make related changes in several codes to conform to the bill.

Ch. 992 (AB 387) Wildman. School facilities: site contamination.

Under Leroy F. Greene School Facilities Act of 1998, an eligible school district may receive funding for new construction of school facilities.

This bill would provide that in addition to this funding for new construction and subject to certain limitations, that funding may be provided for 50% of the cost of the evaluation of hazardous materials, as defined, at a site to be acquired by the school district and for 50% of the response cost of removal of hazardous waste or solid waste, the removal of hazardous substance, or other remedial action in connection with hazardous substances at that site and up to 100% of these costs in the case of financial hardship assistance, as defined. This bill would permit a school district with a site that meets an environmental hardship criteria, as described, to apply to the State Allocation Board for site acquisition funding for that site prior to having construction plans for that site approved by the Division of the State Architect and the State Department of Education. The bill would require the State Allocation Board to develop regulations that allow school districts with financial hardship site acquisition funding prior to ownership of the site or evidence that the site is in escrow.

Existing law prohibits the governing board of a school district from approving a project involving the acquisition of a schoolsite or the construction of a school by the school district unless specified actions are taken with regard to potential contamination of the site, including a determination by the lead agency, as defined, that the property purchased or to be built upon is not the site of a current or former hazardous waste disposal site or solid waste disposal site, or a hazardous substance release site.

The bill would require a school district that owns a proposed schoolsite as a condition of receiving state funds to enter into an agreement with the Department of Toxic Substances Control to oversee response action if a preliminary endangerment assessment discloses the presence of a hazardous material release, or threatened release, or the presence of naturally occurring hazardous materials, at a proposed schoolsite at concentrations that could pose a significant risk to children or adults, and the school district owns the proposed schoolsite. The bill would also require the school district to take response action pursuant to the Carpenter-Presley-Tanner Hazardous Substance Account Act as may be required by the Department of Toxic Substances Control.

This bill would make certain prohibitions inapplicable to schoolsites acquired prior to January 1, 2000.

The bill would require the State Department of Education to monitor the performance of the Department of Toxic Substances Control in meeting timeframes under its provisions and would require a report of findings to the Department of General Services and the Department of Finance. The bill would also require the State Department of Education to report to the Department of General Services and the Department of Finance every 6 months for a period of 2 years, the amount of fees or other charges of any state agency review paid by school districts regarding schoolsites, and any concerns about those fees or charges.

This bill would provide that it would not become operative unless and until SB 162 is chaptered and becomes operative.

Ch. 993 (AB 784) Romero. Medi-Cal.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services, pursuant to which medical benefits are provided to public assistance recipients and certain other low-income persons.

Existing law specifies that any Medi-Cal provider of durable medical equipment or incontinence supplies shall provide to the department a bond of not less than $25,000, but authorizes the provider to seek an exemption from that requirement after continuous operation of 3 years.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would extend those requirements to other providers under the Medi-Cal program, and would require the department to establish a mechanism to track participation rates to determine if the requirement is a deterrent to Medi-Cal program participation.

Existing law provides that principal labelers and other primary suppliers of goods and services to incontinence supplies providers under the Medi-Cal program maintain accounting records to support the cost of goods and services provided to those providers, subject to audit or examination by the department.

This bill would extend that requirement to primary Medi-Cal suppliers, as defined, of equipment and supplies to all providers under the Medi-Cal program.

Existing law requires the Director of Health Services to establish administrative appeal processes to review grievances or complaints arising from the findings of an audit or examination for final settlements.

This bill would revise those procedures to require that collection of overpayments subject to a notice of deficiency by the department shall not be deferred although the provider has submitted a request for an appeal process, if the department determines that fraud or willful misrepresentation was applied in the provision of the goods or services, until the completion of the appeal process except in certain cases of extreme financial hardship.

Existing law requires that a provider of durable medical equipment or incontinence supplies under the Medi-Cal program shall be subject to certain penalties and interest on reimbursements received under the Medi-Cal program to which the provider is not entitled.

This bill would extend those penalty and interest requirements to also apply to any provider of services, as defined.

This bill would exempt certain primary care clinics from all the provisions of the bill.

Ch. 994 (SB 831) Baca. Agricultural land.

(1) Under existing law, the Williamson Act authorizes a city or county, upon petition by a landowner, to cancel any contract if a city or county makes specified findings and the landowner pays a cancellation fee. The act also authorizes a city or county, upon petition by a landowner, to enter into an agreement with the landowner to rescind a Williamson Act contract in order to simultaneously place other land under an agricultural conservation easement if the legislative body of the city or county makes specified findings, including, among other things, that the proposed agricultural conservation easement is consistent with specified criteria.

This bill instead would require that the land subject to the proposed easement be within the city, the county, or the county where the contract is canceled and that the easement be consistent with the purposes and requirements of the Agricultural Land Stewardship Program. The bill would also require the legislative body to make findings that the easement is consistent with specified eligibility criteria and is evaluated pursuant to specified selection criteria. The bill would make this a cancellation process, instead of a rescission process, that is subject to additional, specified findings and the payment of a cancellation fee.

(2) Existing law, the Williamson Act, authorizes counties and cities to contract with landowners to keep lands as open spaces in exchange for reduced property taxes. Under existing law, the county or city may enter into an agreement with the landowner to rescind a contract in order to simultaneously place other land under an agricultural conservation easement if specified findings are made regarding the agreement, the easement, and the land involved. One finding is that the Director of Conservation approves the agreement pursuant to specified criteria.

This bill would authorize one or more cities or counties to adopt a plan to implement these recission provisions with respect to multiple transactions within one or more specific areas located in a designated area within the Counties of San Bernardino and Riverside and to submit the plan to the director for approval, as specified.

Ch. 995 (SB 746) Schiff. Sexually violent predators.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Existing law sets forth procedures under which a person under the jurisdiction of the Department of Corrections may be referred for evaluation at least 6 months prior to the person's scheduled date for release from prison if the director determines that the person may be a sexually violent predator. Existing law provides, under certain circumstances, that this person may be required to stand trial, be found beyond a reasonable doubt to be a sexually violent predator, and be committed for 2 years to the custody of the State Department of Mental Health for treatment and confinement in a secure facility until his or her diagnosed mental disorder has so changed that he or she is not likely to commit an act of sexual violence.

Existing law defines sexually violent predator, for purposes of these provisions, to mean a person who has been convicted of a sexually violent offense against 2 or more victims for which he or she received a determinate sentence and who has a diagnosed mental disorder that makes the person a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent criminal behavior.

This bill would provide that a prior conviction for which a person received a determinate sentence shall include a prior juvenile adjudication of a sexually violent offense if certain conditions exist.

Existing law authorizes the juvenile court to make any and all reasonable orders for the care, supervision, custody, conduct, maintenance, and support of a minor who has been adjudged a ward of the juvenile court for the violation of any law or ordinance or because the minor is beyond control, violates curfew, or persistently and habitually refuses to obey the reasonable and proper directives of his or her parents, guardian, or custodian.

This bill would entitle a minor adjudged a ward of the court for commission of an offense that is defined as a sexually violent offense to specific treatment as a sexual offender. The bill would provide that the failure of a minor to receive that treatment shall not constitute a defense or bar to a determination that any person is a sexually violent predator, as defined.

This bill would incorporate additional changes to Sections 6600 of the Welfare and Institutions Code proposed by AB 1458 and SB 786, to be operative if this bill, AB 1458 and SB 786 are enacted and become effective on or before January 1, 2000, and this bill is enacted last.

Ch. 996 (SB 334) Alpert. Youthful offenders: education. [10]

(1) Existing law, the Arnold-Kennick Juvenile Court Law, provides that any person who is under the age of 18 years when he or she violates any criminal law while in this state, except an age curfew ordinance, comes within the jurisdiction of the juvenile court, which may adjudge the person a ward of the court. Existing law also sets forth various provisions governing the adjudication of juvenile court cases, the transfer of certain juvenile court cases to criminal court, the detention of juveniles prior to hearing, the conduct of juvenile court hearings, judgments and orders governing wards of the juvenile court, and juvenile court records.

This bill would enact the " 'No More Victims' Violence Prevention and School Safety 2000 Strategy," setting forth the findings and declarations of the Legislature regarding juvenile crime. The bill would also revise and recast various provisions of the Arnold-Kennick Juvenile Court Law with respect to the direct prosecution of certain juvenile repeat offenders who are 16 years of age or older in a criminal court, the sentencing of juvenile offenders who are convicted in a court of criminal jurisdiction, the assessment of the mental health status of juveniles armed during a felony or attempted felony, the conditions of release from secure detention, public attendance at juvenile court hearings, the rights of victims of juvenile crime to attend juvenile court hearings with support persons and to present victim impact statements, the notification of the Department of Justice by the juvenile court regarding minors adjudged a ward of the court for specified criminal offenses, reports to the court by a juvenile regarding the payment of restitution or performance of community service, and the disclosure by a law enforcement agency of the names of juveniles 14 years of age or older who are alleged to have committed a serious or violent felony, as defined. The bill would impose a state-mandated local program by revising the elements of a crime regarding the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

confidentiality provisions governing records of pupils who have been declared wards of the juvenile court, violation of which is a misdemeanor.

(2) Existing law requires the Department of the Youth Authority to establish the office of the Superintendent of Education to oversee educational programs under the jurisdiction of the department.

This bill would require the department to ensure that each ward who has not attained a high school diploma or equivalent shall be enrolled in an appropriate educational program as deemed necessary by the department, and to develop a high school graduation plan for that ward.

(3) Existing law declares the intent of the Legislature that all California public schools operated by school districts develop a comprehensive school safety plan. Existing law requires that the comprehensive school safety plan include, but not necessarily be limited to, among other things, assessing the current status of school crime committed on school campuses and at school-related functions and identifying appropriate strategies and programs that will provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety.

Under existing law, the governing board of a school district, on behalf of one or more schools within the district that have developed a school safety plan, may apply to the Superintendent of Public Instruction for a grant to implement school safety plans, and the Superintendent of Public Instruction is required to award those grants in the 1989–90, 1990–91, and 1991–92 fiscal years, in an amount not to exceed $5,000.

Existing law requires that the comprehensive school safety plan be evaluated and amended, as needed, by the schoolsite council or the school safety planning committee no less than once a year. Existing law requires that each school adopt its comprehensive school safety plan by September 1, 1998.

Existing law requires each school to forward its comprehensive school safety plan to the school district or county office of education for approval. Existing law requires each school district or county office of education to notify the State Department of Education by October 15, 1998, of any schools that have not complied with the requirement of developing a comprehensive school safety plan.

Under existing law, these provisions would be repealed on January 1, 2000, however, the comprehensive school safety plan would continue to be evaluated and amended by the schoolsite council.

This bill would extend the operative date of those provisions indefinitely and would instead require each school to adopt its comprehensive school safety plan by March 1, 2000, and to review and update the plan by March 1 every year thereafter. The bill would also require each school district or county office of education to notify the State Department of Education annually of any schools that have not complied with the requirement of developing a comprehensive school safety plan. The bill would require, commencing in July 1, 2000, and every July thereafter, each school to report on the status of its school safety plan, including a description of its key elements in the school accountability report card otherwise required by law.

(4) Under existing law, various programs are designed to promote school safety and prevent school violence including, among others, the Interagency School Safety Demonstration Act of 1985, the School Community Policing Programs, and provisions pertaining to the development of school safety plans.

This bill would establish the School Safety and Violence Prevention Strategy Program, to be administered by the Superintendent of Public Instruction for the purpose of promoting school safety and violence prevention programs among children and youth in the public schools. The bill would require the Superintendent of Public Instruction, in conjunction with the Attorney General, to develop guidelines and standards for evaluating grant applications, and to award grants on a competitive basis to schools that develop school safety plans and demonstrate a collaborative and coordinated approach for implementing a comprehensive school safety and violence prevention strategy to be used for certain purposes, including, but not limited to, providing counselors who are specially trained in identifying and supporting at-risk children and youth. The bill would require the Superintendent of Public Instruction and the Attorney General to cooperatively design an evaluation process for the program and activities established under the School Safety and Violence Prevention Strategy, and to report to the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

Legislature by January 1 of each year on those programs. The bill would also require a school principal to disseminate information regarding a minor who has been found to have committed any specified felony or misdemeanor to a teacher or administrator, as specified.

The bill would appropriate $5,000,000 from the General Fund to the Superintendent of Public Instruction to carry out the program. The bill would provide that these funds would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution. The bill would appropriate $1,500,000 from the General Fund to the Board of Corrections for the At-Risk Youth Early Intervention Program, as specified. The bill would also appropriate $3,000,000 to the County of San Diego for the purchase of the San Pasqual Academy, as specified, $1,800,000 to the City and County of San Francisco for the purchase and installation of surveillance cameras on the public transit vehicles of the municipal railway, and $1,500,000 to the City of Riverside for the purpose of expanding the operation of the Project Bridge Gang crime prevention program.

(5) Because the provisions of the bill described above increase the duties of school officials, court personnel, law enforcement officers, and various other local officials, this bill would impose a state-mandated local program.

(6) The bill would incorporate additional changes to Section 827 of the Welfare and Institutions Code made by SB 199 and SB 792, to take effect if one or both bills are enacted and this bill is enacted last.

(7) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Ch. 997 (AB 575) Aroner. Child welfare services.

(1) Existing law provides that children may be adjudged wards of the juvenile court on the basis of criminal behavior, truancy, or other specified reasons. Existing law defines punishment for purposes of these provisions of the juvenile court law.

Existing law also establishes the jurisdiction of the juvenile court in the case of children who have been abused or neglected, who may be adjudged dependent children of the juvenile court. These provisions require that parents and guardians be notified regarding hearings concerning children in their care. These provisions also require that a case plan be prepared regarding dependent children and that specified services shall be provided to effect family reunification in designated circumstances.

Existing law provides that a child may be declared free from the custody and control of a parent, upon clear and convincing evidence, that the parent has abandoned, neglected, or cruelly treated the child, or that the parent is incapacitated, as specified, and is determined to be unable or unfit to care for or control the child.

This bill would require the filing of a specified social study prior to the filing of that petition. The bill would establish proceedings for reviewing the status of and, in certain cases, terminating parental rights with respect to, a minor who has been adjudged a ward of the juvenile court and who has been placed in foster care. The bill would also require that where a court orders a minor to be placed under the supervision of the probation officer, the court shall inquire as to the identity and address of all presumed or alleged fathers, as specified.

The bill would revise the definition of punishment to specifically exclude the placement of a child in defined foster care from that definition. The bill would require that foster parents, relative caregivers, legal guardian, and preadoptive parents, as defined, receive notice and other specified information when children in their care are taken into custody or are the subjects of various hearings which may result in, or are the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

result of, the children being adjudged wards of the juvenile court. The bill would require the probation officer to prepare a case plan describing the strengths and needs of a minor and his or her family when a minor is detained. The bill would also require that a case plan be prepared describing the services provided to children who are at risk of entering foster care as specified. The bill would make other, related changes requiring, among other things, that child welfare services be provided to wards of the juvenile court who are in defined foster care and their parents and that a review of their status be conducted no less frequently than once every 6 months. It also would require specified permanency planning hearings. By imposing additional duties on local officials, the bill would impose a state-mandated local program.

(2) The bill would also require the Judicial Council to adopt rules of court, forms, and procedures to implement statutes pertaining to children in foster care placements.

(3) The bill would incorporate additional changes to Section 202 of the Welfare and Institutions Code made by this bill and AB 645 to take effect if both bills are enacted and this bill is enacted last.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 998 (SB 209) Burton. Deceased personalities.

Existing law establishes a cause of action for damages on behalf of specified injured parties for the unauthorized use of a deceased personality's name, voice, signature, photograph, or likeness for commercial purposes within 50 years of the personality's death, except as specified.

This bill would revise that provision to extend the period of protection from 50 years to 70 years after the personality's death. The bill would also revise the exceptions applicable to this protection, as specified, and would state that its provisions apply if any of the acts giving rise to the action occurred directly in this state. In addition, the bill would require the Secretary of State, upon the filing of a claim as successor in interest to the rights of a deceased personality, as provided pursuant to existing law, to post the document along with the entire registry of persons filing such claims on the World Wide Web.

This bill would provide that these provisions may be known and cited as the Astaire Celebrity Image Protection Act.

Ch. 999 (SB 408) Alpert. Secretary of State: fees.

Existing law authorizes the Secretary of State to establish by regulation special handling fees in connection with the filing of documents, issuing of certificates, and other services performed by the office. Existing law also requires that these fees approximate the estimated cost of special handling and be accounted as expenditure reimbursements by the Secretary of State.

This bill would authorize the Secretary of State to charge fees which may be in different amounts not to exceed $1,000 for preclearance documents and expedited filings, as specified, and would require the secretary to report to the Legislature on the implementation of these provisions. The bill would specify that the preclearance or expedited filing of documents by the Secretary of State shall be considered discretionary pursuant to other provisions exempting public employees from liability for discretionary acts or omissions.

Ch. 1000 (SB 284) Kelley. Secretary of State.

(1) Existing law authorizes the Secretary of State to charge various fees for the filing, indexing, and furnishing of various documents and the performance of other functions by the Secretary of State. Existing law, until January 1, 2000, requires that fees collected and interest earned in excess of the authority of the Secretary of State to expend those

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

fees and interest pursuant to the annual Budget Act, up to $2,000,000 at the end of each fiscal year, be transferred from the Secretary of State's Business Fees Fund to the Business Reinvestment Fund. Existing law, until January 1, 2000, requires any additional excess fees and interest earned be transferred to the General Fund at the end of each fiscal year. Existing law, as of January 1, 2000, requires that all fees collected and interest earned in excess of the authority of the Secretary of State to expend those fees and interest pursuant to the annual Budget Act be transferred to the General Fund at the end of each fiscal year.

This bill would consolidate the statutory fees for various business programs in the Government Code and revise certain of those fees. This bill would require that of the fees collected and interest earned in excess of the authority of the Secretary of State to expend those fees and interest pursuant to the annual Budget Act, up to $1,000,000 may remain in the Business Fees Fund. Any additional excess fees and interest earned would be transferred to the General Fund.

(2) Existing law requires every corporation to file, within 90 days after the filing of its original articles of incorporation and annually thereafter, a statement of general information and a designation of an agent for the service of process with the Secretary of State. Existing law requires every limited liability company and every foreign limited liability company registered to transact intrastate business in this state to file, within 90 days after the filing of its original articles of organization and annually thereafter, a statement of general information and a designation of an agent for the service of process with the Secretary of State.

This bill would require a corporation, limited liability company, and foreign limited liability company to file this statement biennially and would permit changes to be filed to these statements without charge until the next filing is due.

(3) Existing law designates the Secretary of State as the agent for service of process for various purposes, including, but not limited to, nonresident applicants for real estate licenses, registration of savings and loan holding companies, and nonresidents with respect to the use of watercraft or ownership of aircraft.

This bill would delete the requirement that the Secretary of State be named the agent for service of process under these provisions of law.

(4) Existing law authorizes the Secretary of State to file or record any document by using automated data processing, telecommunications, and other information technologies that do not permit additions, deletions, or changes in the original document.

This bill would authorize the Secretary of State to adopt rules and regulations to authorize the electronic filing of any documents required to be filed with the Secretary of State under any law administered by the Secretary of State. This bill would authorize the filing officer to employ a system of microphotography, optical disk, or reproduction by other techniques, which do not permit additions, deletions, or changes to the original documents.

(5) Existing law provides procedures for the merger of corporations.

This bill would require a surviving domestic corporation in a merger to assume the tax liability of a domestic disappearing corporation and would authorize the Secretary of State under specified circumstances to file a corporate merger without the certificate of satisfaction of the Franchise Tax Board and to notify the board of the merger.

(6) Existing law requires that a notice be filed with the Secretary of State in the event a registered limited liability partnership or a foreign limited partnership ceases to be a limited liability partnership.

This bill would require a tax clearance certificate issued by the Franchise Tax Board to be filed with the notice.

(7) Existing law, in an uncodified provision, provides that nothing in specified laws that amend the Beverly-Killea Limited Liability Company Act, is to be construed to permit a domestic or foreign limited liability company to render professional services.

This bill would codify that provision.

(8) This bill would provide that its provisions pertaining to information technology may not be implemented, and no information technology related preparation work may be undertaken in connection with these provisions prior to July 1, 2001, unless otherwise authorized by the Department of Information Technology pursuant to a specified executive order.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(9) This bill would incorporate additional changes in Section 990 of the Civil Code proposed by SB 209, to be operative if SB 209 and this bill are both enacted and become effective on or before January 1, 2000, and this bill is enacted last.

(10) This bill would add an alternative version of Section 12182 to the Government Code that would incorporate changes in Section 12208 of the Government Code and a related reporting requirement that are proposed by SB 408, to be operative if SB 408 and this bill are both enacted and become effective on or before January 1, 2000, and this bill is enacted last.

Ch. 1001 (SB 1039) Johnson. Education: school facilities: funding. [11]

Under existing law, school districts are required to use funds derived from the sale of surplus property for capital outlay or for costs of maintenance of school district property. The proceeds may be deposited into the general fund of the school district for any general fund purpose if the school district governing board and the State Allocation Board have determined that the district has no anticipated need for additional sites or building construction for the 5-year period following the sale or lease of the surplus property.

Existing law that was in effect until January 1, 1998, provided an exception to the above-described provisions and authorized a school district in Orange County, that was unable to access funds of the school district deposited into the county treasury as a result of the financial crisis that led to the filing of a petition for the declaration of bankruptcy of Orange County, to deposit the proceeds derived from the sale of surplus property of the district into the general fund of the district and to expend those proceeds for general fund purposes. The law required that the proceeds from the sale of surplus property first be used to replenish fully any capital outlay funds or accounts that were lost due to the Orange County financial crisis.

Existing law prohibits any school district that deposits the proceeds from the sale of surplus property pursuant to that provision from applying for funding for school construction or modernization within 5 years from the date of the last deposit.

This bill would authorize any school district that is in Orange County and that deposited proceeds derived from the sale of surplus property into the general fund of the school district and used those proceeds for general fund purposes pursuant to those provisions to submit a placeholder application for state per-pupil facilities funding prior to the completion of the 5-year period.

This bill would, notwithstanding the 5-year waiting period, authorize the State Allocation Board to approve the district's new construction and modernization eligibility but would prohibit approval of state funds until completion of the 5-year period.

This bill would appropriate $250,000 from the General Fund to the Superintendent of Public Instruction for the purposes of providing a grant to Alumnae Resources, a nonprofit organization, for the purposes of providing job training and education services.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1002 (SB 162) Escutia. School facilities: contamination.

Under the Leroy F. Greene School Facilities Act of 1998, an eligible school district may receive funding for new construction of school facilities.

Existing law prohibits the governing board of a school district from approving a project involving the acquisition of a schoolsite or the construction of a school by the school district unless specified actions are taken with regard to potential contamination of the site, including a determination by the lead agency, as defined, that the property purchased or to be built upon is not the site of a current or former hazardous waste disposal site or solid waste disposal site, or a hazardous substance release site.

This bill would provide that, as a condition of receiving funding under the Leroy F. Greene School Facilities Act of 1998, the governing board of a school district is prohibited from approving the acquisition of a schoolsite, or if the school district owns or leases a schoolsite, from proceeding with the construction of a project, unless the governing board causes certain environmental assessments to be conducted that are reviewed and approved by the Department of Toxic Substances Control.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require the school district to reimburse the Department of Toxic Substances Control for all of its response costs and would provide that these costs may be reimbursed under the Leroy F. Greene School Facilities Act of 1998.

This bill would provide that a school district is not liable in any action filed against the district for making a preliminary endangerment assessment available for public review.

This bill would provide that the Carpenter-Presley-Tanner Hazardous Substance Account Act applies to schoolsites of school districts electing to receive state funds where naturally occurring hazardous materials are present, regardless of whether there has been a release of a hazardous material.

This bill would provide that it would not become operative unless and until AB 387 is chaptered and becomes operative.

Ch. 1003 (SB 767) Committee on Budget and Fiscal Review. Budget Act of 1999: augmentation.

Existing law, as set forth in the Budget Act of 1999, makes various appropriations for support of state government for the 1999–2000 fiscal year.

In augmentation of the Budget Act of 1999, this bill would appropriate $392,000 from the General Fund to the Energy Resources, Conservation and Development Commission for a local assistance grant to Kern County to convert a traffic pedestrian light to LED, $120,000 from the Harbors and Watercraft Revolving Fund to the Department of Boating and Waterways to provide a grant for the Lake Isabella patrol boat dock and covering, $1,000,000 from the General Fund to the State Coastal Conservancy to fund Window by the Bay in Monterey County, $450,000 from the General Fund to the Department of Parks and Recreation to fund a recreational grant for land acquisition for YMCA/Lancaster Park in the City of Lancaster, $25,000 from the General Fund to the Department of Parks and Recreation to fund a recreational grant for renovation of the Civic Center in the City of Scotts Valley, $25,000 from the General Fund to the Department of Parks and Recreation to fund a recreational grant to San Benito Youth Services for land acquisition for a youth center, $300,000 from the General Fund to the Department of Water Resources for local assistance to Butte County to fund the Rock Creek/Keefer Slough Flood Control Project Study, $400,000 to the Department of Corrections for local assistance to fund remodeling of the courthouse in Imperial County, $12,000 from the General Fund to the California State Library to fund the Palmdale City Library, $120,000 from the General Fund to the Office of Criminal Justice Planning to fund the City of Oceanside Gangbusters Program, $120,000 from the General Fund for purchase of two ambulances in Imperial County, and $300,000 from the General Fund to assist construction of job training centers in the Cities of Oxnard and Ventura. The bill would also reappropriate $17,000 from the Proposition 98 Reversion Account to the Superintendent of Public Instruction for allocation to the North Cow Creek School District, as specified.

Ch. 1004 (AB 673) Honda. Child visitation and exchange program.

Existing law requires a court making a custody order to grant reasonable visitation rights to a parent unless it would be detrimental to the best interest of the child and authorizes the granting of reasonable visitation rights to other specified persons.

This bill would authorize the family law division of a superior court, subject to the availability of federal funding, to establish programs for supervised visitation and exchange services, specified education programs, and group counseling for parents and children. The bill would authorize the court to contract with eligible supervised visitation and exchange, education, and group counseling providers, as defined, to provide supervised visitation and exchange program services subject to specified standards of practice, education, and group counseling. The bill would require the court to approve sliding scale fees so that families would pay for the services based on their ability to pay. The bill would also require the Judicial Council to apply for federal grants, as specified, to fund child custody and visitation programs; charge the Judicial Council with the administration of the grant funds; specify criteria for awarding of grant funds; state the intent of the Legislature that, effective October 1, 2000, grant funds shall be used for supervised visitation and exchange services, specified education, and group

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

counseling for parents and children; and require the Judicial Council to report to the Legislature regarding the programs, as specified.

Existing law, known as the Friend of the Court Act, expresses legislative intent to create in each superior court, an office of the friend of the court, contingent upon federal funding therefor.

This bill would repeal that act.

Ch. 1005 (AB 1658) Committee on Utilities and Commerce. Public utilities.

(1) Existing law requires the Public Utilities Commission to prepare reports on a one-time basis to the Legislature on various regulatory issues within the jurisdiction of the commission.

This bill would make legislative findings that the purposes of this bill are to eliminate obsolete provisions of the Public Utilities Code by eliminating reports that were required on a one-time basis and other obsolete provisions, to clarify existing law to reflect the internal reorganization of the commission and recent statutory enactments, to update the Public Utilities Code in light of regulatory changes mandated by state and federal laws, and to clarify the continuing authority of the commission.

(2) Existing law provides specified peace officer authority to persons employed by the Safety and Enforcement Division of the commission as investigators and investigator supervisors who are designated by the director of the division and approved by the commission.

This bill would provide this peace officer authority to persons employed as investigators or investigator supervisors of the Consumer Services Division or the Rail Safety and Carrier Division of the commission who are designated by the commission's executive director and approved by the commission.

(3) Existing provisions of the Public Utilities Code authorize the commission to regulate railroads. Federal law gives exclusive jurisdiction to the federal Surface Transportation Board to regulate rates, classifications, rules, and other specified activities over most intrastate railroad transportation.

This bill would make inapplicable any provision of the Public Utilities Act relating to railroad transportation that is in conflict with that federal law.

The bill would define "network railroad transportation" to mean railroad transportation subject to the jurisdiction of the federal Surface Transportation Board pursuant to that federal law, and would amend various provisions of the Public Utilities Code to specify that they do not apply to "network railroad transportation," and would make related changes.

(4) Existing law provides for the Public Utilities Ratepayer Advocate Fund, but does not provide a source of funding for that fund.

This bill would require, in the annual Budget Act, that funds be transferred from the Public Utilities Commission Reimbursement Account to the Public Utilities Ratepayer Advocate Fund.

(5) Existing law relating to electrical restructuring requires each entity offering electrical service to residential and small commercial customers, except as specified, to register with the commission and to comply with certain other provisions relating to consumer protection.

This bill would instead require each electric service provider, as defined, to register with the commission and to comply with those consumer protection provisions. The bill would additionally require each electric service provider to furnish to the commission fingerprints for specified persons associated with the electric service provider, to be checked as prescribed.

(6) Existing law requires the commission to annually determine a fee to be paid by railroad corporations for state funded railroad investigation and enforcement activities, as specified. Existing law limits the expenditure of the fees to specified activities relating to railroads and requires the commission to submit a detailed budget to the Legislature for those expenditures each fiscal year.

This bill would limit those expenditures to employees actually performing the specified services. The bill would include, until January 1, 2002, as a permissible expenditure, the pro rata share of the commission's overhead costs in implementing the budgeted activities. The bill would require the commission to expend funds budgeted

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

for the salaries, per diem, and travel expenses of railroad-safety personnel, as specified, unless, by statute, the commission is specifically prohibited from expending all or part of the funds.

(7) Existing law authorizes the commission to establish rates for public utilities regulated by the commission.

This bill would make specified changes in that authority and the procedures relating to setting rates and charges.

(8) Existing law permits the commission to exempt certain common carriers from California antitrust laws.

This bill would repeal that authority.

(9) Existing law requires commission approval for the transfer or encumbrance of public utility property, as specified.

This bill would exempt from commission approval the transfer of the ownership interest in a water utility with 10,000 or fewer service connections, when the transfer is from a decedent to a member of a decedent's family pursuant to probate, a will, trust, or other instrument.

(10) Existing law requires a written report of ex parte communication by a decisionmaker, as defined, and any party, irrespective of who initiated the communication, and the filing with the commission of the original and 12 copies of the report.

This bill would delete the specified number of copies of the report to be filed, and require filing be in accordance with the procedures established by the commission for the serving of the notice.

(11) Existing provisions of law require the commission to periodically review and monitor the development and use of any operations model used by any public utility, as specified, and to verify, validate, and improve the production cost planning models and the financial planning models of public utilities to facilitate their use by the commission.

This bill would repeal these provisions, thereby making the review by the commission discretionary.

(12) Existing law requires the commission to design and implement a program whereby each telephone corporation is required to provide, as specified, telecommunication services capable of serving the needs of individuals who are deaf or hearing impaired.

This bill would authorize the commission to direct a telephone corporation to implement the program, rather than requiring the commission to direct each telephone corporation to implement the program.

(13) Existing law requires persons, corporation, or billing agents that transmit telephone bills to include information concerning the nature of the charges, dispute resolution, and complaint procedures. Until January 1, 2001, this includes a bill for noncommunications-related goods and services included in an envelop with a telephone bill.

This bill would require a toll free number for resolving disputes and appropriate addresses for filing written complaints, as prescribed.

(14) Existing law provides a fee of $25 to be paid to the commission for the filing of the initial registration of private carriers of passengers, and an annual renewal fee of $20. Existing law permits the commission to increase this amount to $35 and $30, respectively, which the commission has done.

This bill would increase the statutory fee amount to $35 and $30, respectively.

(15) Existing law requires the commission to establish a surcharge to cover the commission's cost of the propane safety inspection and enforcement program, as specified. Existing law requires these surcharges to be deposited into the Propane Safety Inspection and Enforcement Program Trust Fund, from which funds may only be expended upon appropriation.

This bill would require the transfer of these funds to the Utilities Reimbursement Account in the General Fund, to be available upon appropriation to cover the cost of the propane safety inspection and enforcement program.

(16) Existing law provides regulatory jurisdiction of household goods carriers, as defined, by the commission. Existing law establishes the requirement, and application procedures, for a household goods carrier permit.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would exclude from that term a household goods carrier when the carrier is transporting used office, store, and institution furniture and fixtures and make related changes. The bill would permit, as specified, a household goods carrier to elect to transport these items under its household goods carrier permit by meeting specified conditions including paying a specified fee. The bill would provide that if the household goods carrier does not so elect or revokes a prior election, then the household goods carrier has to comply with the provisions of the Motor Carriers of Property Permit Act in the Vehicle Code. The bill would require the commission to require a household goods carrier permit applicant to submit fingerprints for specified persons, as a prerequisite to the issuance of a permit, to be checked as specified.

(17) Under the Passenger Charter-Party Carriers' Act, the furnishing of specified passenger transportation services by a charter-party carrier of passengers, as defined, is subject to the jurisdiction and control of the commission and is required to be furnished pursuant to a certificate of public convenience and necessity or a permit issued by the commission.

This bill would make inapplicable any provision of the Passenger Charter-Party Carriers' Act or of the Public Utilities Act, relating to charter bus transportation, as defined, that conflicts with the federal Transportation Equity Act for the 21st Century, and would make related changes to existing law.

(18) Existing law requires the commission and the State Energy Resources and Conservation and Development Commissions to participate in an annual meeting with representatives from specified public utilities and invited entities, as specified.

This bill would delete the commission from this provision.

(19) This bill would make clarifying and technical changes to specified provisions of the Public Utilities Code.

(20) (a) This bill would incorporate additional changes in Section 7232 of the Revenue and Taxation Code proposed by SB 532, to become operative only if both bills are enacted and become operative on or before January 1, 2000, and this bill is chaptered last.

(b) This bill would incorporate additional changes in Section 34601 of the Vehicle Code proposed by SB 533, to become operative only if both bills are enacted and become operative on or before January 1, 2000, and this bill is chaptered last.

Ch. 1006 (AB 957) Scott. Vehicles: motor carriers of property.

(1) Existing law requires the Department of the California Highway Patrol to inspect every motor carrier terminal under the biennial inspection of terminals program, at least every 25 months, as specified. Existing law requires a motor carrier to schedule the inspection with the department and to submit fees as specified. Applications and fees for subsequent inspections are required to be submitted, as specified, before the expiration of the motor carrier's then current inspection term.

Existing provisions of the Public Utilities Code require the Public Utilities Commission, upon recommendation of the Department of the California Highway Patrol, and after a hearing, to suspend a household goods carrier's permit if the carrier has either (a) failed to maintain any vehicle used in transportation for compensation in a safe operating condition or to comply with the Vehicle Code or with regulations relative to motor safety, if that failure is either consistent failure or presents an imminent danger to public safety, or (b) failed to enroll all drivers in the required pull notice system, as defined.

This bill would add failure to submit any application or to pay any fee required through the inspection program within the required timeframes to the list of actions for which the Department of the California Highway Patrol would recommend suspensions.

(2) Existing provisions of the Vehicle Code require the Department of the California Highway Patrol, for motor carriers of property, to recommend that the Department of Motor Vehicles suspend or revoke the permit of a motor carrier of property, or for interstate operators, to recommend to the federal Highway Administration Office of Motor Carriers that appropriate administrative action be taken against a carrier, when the carrier has either (a) failed to maintain any pertinent vehicle in a safe operating condition or to comply with regulations relative to motor carrier safety, as specified, or (b) failed to enroll all drivers in a required pull-notice system, as defined.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would add failure to submit any application or pay any fees required through the inspection program within the required timeframes to the list of actions for which the Department of the California Highway Patrol would make those recommendations. Because a motor carrier of property whose permit has been suspended or revoked under these provisions would have to pay a reinstatement fee that is to be deposited into the Transportation Rate Fund, which is a continuously appropriated fund, the bill would make an appropriation.

(3) Existing provisions of the Vehicle Code prohibit a motor carrier of property from operating a commercial motor vehicle on any public highway in this state during any period its motor carrier of property permit is suspended pursuant to specified existing law.

This bill would prohibit a motor carrier of property whose motor carrier permit is suspended pursuant to specified existing law, which suspension is based wholly or in part on the failure of the motor carrier to maintain any vehicle in safe operating condition, from leasing, or otherwise allowing another motor carrier to operate the vehicles of the carrier subject to the suspension, during the period of the suspension. The bill would also prohibit a motor carrier of property from knowingly leasing, operating, dispatching or otherwise utilizing any vehicle from a motor carrier of property whose motor carrier permit is suspended in the manner described above, and would authorize the department to immediately suspend the motor carrier permit of any motor carrier that the department determines to be in violation of that prohibition. Because a violation of the Vehicle Code under existing law is a crime, this bill would create new crimes, thereby imposing a state-mandated local program.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1007 (SB 532) Committee on Transportation. Transportation.

(1) Under existing law, each transportation planning agency is required to adopt and submit biennially, an updated regional transportation plan to the California Transportation Commission and to the Department of Transportation, except a transportation planning agency that does not contain an urbanized area, may adopt a plan every 4 years beginning with December 1, 1997.

This bill would require the plan to be adopted and submitted every 3 years, rather than biennially, beginning by September 1, 2001, and would extend until September 1, 2001, the date that 4-year plans shall begin.

(2) Existing law prescribes the allocation of funds from the Public Transportation Account and the State Highway Account.

This bill would authorize expenditure of these funds allocated to the new Fresno Amtrak Station to be expended on any Fresno Amtrak project, as prescribed, thereby making an appropriation.

(3) Existing law, with regard to a public transportation system, as defined, specifies prohibitions against, among other things, the evasion of the payment of fares. Existing law additionally authorizes a local or regional transit agency or joint powers agency operating a rail service pursuant to specified provisions in the Public Utilities Code to authorize by contract designated persons as conductors performing fare inspection duties who are employed by a railroad corporation that operates public rail commuter transit services for that agency to act as its agent in the enforcement of those laws specified above with regard to the evasion of the payment of fares if they complete specified training that shall be provided by the authorizing agency. Existing law also provides that the employees acting as agents pursuant to this provision are public officers, not peace officers, have no authority to carry firearms or any other weapons, and may not exercise the powers of arrest of a peace officer while performing the duties authorized in these provisions.

This bill would specify that the governing board of the Peninsula Corridor Joint Powers Board, a joint powers agency, may designate persons to act as its agents in the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

enforcement of specified provisions of law relating to the operation of a public transportation system.

This bill would state findings and declarations of the Legislature that a special law is necessary and that a general law cannot be made applicable.

(4) Existing law imposes competitive bidding requirements on the Southern California Rapid Transit District with regard to purchases of supplies, equipment, and materials and the construction of facilities and works when the expenditure required exceeds $25,000.

This bill would repeal those provisions.

(5) Existing law requires all contracts for the construction of transit works or transit facilities in excess of $5,000 to be awarded to the lowest responsible bidder after competitive bidding.

This bill would increase the amount to $25,000 from $5,000 for the Los Angeles County Metropolitan Transportation Authority.

(6) Existing law imposes competitive bidding requirements on transit development boards with regard to certain contracts for construction.

This bill would exempt the Los Angeles County Metropolitan Transportation Authority from these provisions.

(7) Under existing law, contracts for the purchase of supplies, equipment, and materials in excess of $10,000 shall be awarded by the Sacramento Regional Transit District to the lowest responsible bidder, after competitive bidding, except in an emergency declared by a $^4/_5$ vote of the board of the district.

This bill would increase the amount to $40,000 from $10,000.

(8) Existing law requires all contracts for the purchase of supplies, equipment, and materials in excess of $10,000 that is awarded by the Sacramento Regional Transit District to be awarded to the lowest responsible bidder after competitive bidding except in an emergency declared by $^4/_5$ of the board of the district.

This bill would allow the district to procure one or more streetcars that operated more than 50 years ago in the district service area without having to comply with competitive bidding procedures.

(9) Under existing law, a county transportation commission is required to award a contract for the purchase of all supplies, equipment, and materials, and the construction of all facilities and works to the lowest responsible bidder when the expenditure required exceeds $25,000. Existing law also requires the commission to obtain a minimum of 3 quotations, which permit price and terms to be compared, whenever the expected expenditure required exceeds $1,000, but not $25,000.

This bill would, for the Los Angeles County Metropolitan Transportation Authority, require a contract by the commission for the purchase of all supplies, equipment, and materials to be let to the lowest responsible bidder when the expenditure required exceeds $40,000. The bill also would instead require the commission to obtain a minimum of 3 quotations which permit price and terms to be compared, whenever the expected expenditure required exceeds $2,500 but not $40,000.

(10) The Local Transportation and Improvement Act authorizes a county board of supervisors to create a local transportation authority. Under the act, a board of supervisors that chooses to create an entirely new entity as an authority is required to determine the membership of the authority with the concurrence of a majority of the cities having a majority of the population in the incorporated area of the county.

This bill would authorize each member of an authority to have an alternate to vote or otherwise officially participate on behalf of the member at meetings of the authority when the member is not present, to be designated as prescribed.

(11) Existing law designates State Highway Route 91.

This bill would authorize the relinquishment of a specified portion of Route 91 to designated cities, as prescribed.

(12) Existing law designates State Highway Route 217.

This bill would relinquish a portion of the route to Santa Barbara County, as prescribed.

(13) Existing law requires motor carriers of property to annually pay a permit fee to the Department of Motor Vehicles. Motor carriers of property is defined to mean any person who operates any commercial motor vehicle, but does not include defined specified vehicles.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would further exclude motor trucks or 2-axle truck trailers operated in noncommercial use with a gross vehicle weight of less than 26,001 pounds used solely to tow certain trailers from the definitions of commercial motor vehicles under this provision.

(14) Under existing law, whenever possession is taken of any vehicle by or on behalf of any legal owner under the terms of a security agreement or lease agreement, the person taking possession is required to immediately notify by the most expeditious means available local law enforcement agencies.

This bill would require the notification to be made within one hour after taking possession of the vehicle.

(15) Existing law defines "certificate of compliance" for purposes of the Vehicle Code as a document issued by a state agency, board, or commission, or authorized person setting forth that the requirements of a particular law have been satisfied.

This bill would revise that definition to specify that the document is an electronic or printed document.

(16) Existing law specifies fees for transferring title to a registered motor vehicle.

This bill would change a fee, as prescribed.

(17) Existing law prohibits covering vehicle license plates, except as specified.

This bill would allow for the installation of license plate security covers under specified conditions, so long as no portion of a license plate security cover rests over the license plate number.

(18) Existing law requires a person who is employed as a driver of a paratransit vehicle to meet certain requirements. Those requirements include the successful completion of specialized training. Existing law provides that the training requirement is satisfied if the driver receives training or a certificate pursuant to, among other things, regional centers for persons with developmental disabilities.

This bill would delete the reference to regional centers for persons with developmental disabilities.

(19) Under existing law, it is a misdemeanor for any person or corporation to operate or cause to be operated on the highways any motor vehicle transporting property or passenger for compensation in interstate commerce without first complying with registration requirements of the Public Utilities Commission.

This bill would recast this provision by correcting a cross-reference and making other technical changes, and by expanding the scope of the provision to apply to motor carriers of property that are engaged in any interstate or foreign transportation for compensation who must first register with the Department of Motor Vehicles or with the carrier's base registration state. By expanding the scope of a crime, the bill would impose a state-mandated local program.

(20) Existing law prohibits persons from stopping, standing, sitting, or loitering upon certain defined bikeways or any public or private bicycle path or trail if that act impedes or blocks the movement of any bicyclist. Existing law also prohibits a person from placing or parking any, among other things, vehicles upon those bikeways, paths, or trails which impede or block bicyclists, except as specified.

This bill would exempt from these prohibitions the driver or owner of a rubbish or garbage truck while the truck is actually engaged in the collection of rubbish or garbage in a business or residence district if the front turn signal lamps at each side of the vehicle are being flashed simultaneously and the rear turn signal lamps at each side of the vehicle are being flashed simultaneously.

(21) Existing law makes it an infraction for a person to park a vehicle within 3 feet of any sidewalk access ramp constructed adjacent to a crosswalk so as to be accessible to and usable by the physically disabled, if the area adjoining the ramp is designated by either a sign or red paint.

This bill would recast the above provision to make it an infraction for a person to engage in the above conduct where the ramp is constructed at, or adjacent to, a crosswalk or at any other location on a sidewalk under the circumstance described above. Because this would expand the scope of an existing crime, the bill would impose a state-mandated local program.

(22) Existing law authorizes the owner or person in lawful possession of any private property, subsequent to notifying, by telephone or, if impractical, by the most

NOTE: Superior numbers appear as a separate section at the end of the digests.

expeditious means available, the local traffic law enforcement agency to cause the removal of a vehicle parked on the property to the nearest public garage under specified circumstances.

This bill would allow for the above action if the notification is made within one hour of the person's causing the removal of the vehicle.

(23) Existing law requires the Department of the California Highway Patrol to report to the applicable school board district if the department's inspection of a maintenance facility or terminal of any person who operates a schoolbus results in an unsatisfactory terminal rating by the department.

The bill would include carrier facility within the scope of this provision.

(24) Under existing law, all employers of drivers who operate paratransit vehicles, and the drivers of those vehicles, are required to participate in a program consistent with the controlled substances and alcohol use and testing requirements of the United States Secretary of Transportation as set forth in federal law.

This bill would specify that the above applies to employers and drivers who are not otherwise required to participate in a federal program.

(25) (a) This bill would incorporate additional changes in Section 65080 of the Government Code proposed by AB 308, to become operative only if both bills are enacted and become operative on or before January 1, 2000, and this bill is enacted last.

(b) This bill would incorporate additional changes in Section 7232 of the Revenue and Taxation Code proposed by AB 1658, to become operative only if both bills are enacted and become operative on or before January 1, 2000, and this bill is enacted last.

(c) This bill would incorporate additional changes in Section 22658 of the Vehicle Code proposed by SB 852, to become operative only if both bills are enacted and become operative on or before January 1, 2000, and this bill is enacted last.

(26) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1008 (SB 533) Committee on Transportation. Vehicles.

(1) Existing law defines a passenger vehicle as any motor vehicle, other than a motortruck or truck tractor, designed for carrying not more than 10 persons including the driver, and used or maintained for the transportation of persons.

This bill would revise that provision to also exclude from the definition of passenger vehicle any bus, as defined under existing law.

(2) For purposes of the Vehicle Code, existing law defines a "utility trailer" as any trailer or semitrailer used solely for the transportation of the user's personal property and that does not exceed a gross weight of 6,000 pounds. In addition, existing law specifies that notwithstanding any other provision of law, a "utility trailer" includes any trailer or semitrailer designed and used for the transportation of equine, not on a for-hire basis, that does not exceed a gross weight of 10,000 pounds.

This bill, instead, would define a "utility trailer," for the purposes of the Vehicle Code, as any trailer or semitrailer used solely for the transportation of the user's personal property and that does not exceed a gross weight of 10,000 pounds.

(3) Existing law specifies that certain licenses issued by the Commissioner of the California Highway Patrol shall not be transferable and that any change in ownership or control of the licensed activity shall require a new license.

This bill instead would specify that licenses issued by the commissioner shall not be transferable and that a change in ownership or control of the licensed activity shall render the existing license null and void and that a new license shall be required. The bill also, for these purposes, would list specified instances that do not include a change of ownership or control.

(4) Existing law requires, among other things, that the name of the licensee be contained in the identifying information listed on a lawfully issued driver's license.

This bill would specify that the name listed on the driver's license be the true full name of the licensee.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(5) Existing law authorizes the department to issue an identification card to a person attesting to, among other things, his or her true name.

This bill would specify that the person must attest to his or her true full name in order to receive an identification card.

(6) Existing law provides for the replacement of identification cards under certain circumstances that include the acquiring of a new name.

This bill would specify that a new true full name must be acquired in order to qualify for a new identification card.

(7) Existing law requires every notice of suspension or revocation of a driver's license to include a demand to surrender to the Department of Motor Vehicles, within 15 days of the effective date of the suspension or revocation, of all driver's licenses held by that person. Existing law also requires the notice to state the reinstatement penalty fees required in the event the person is eligible for future reinstatement.

This bill would repeal these provisions.

(8) Existing law specifies that if a person fails to surrender his or her license to operate a motor vehicle to the Department of Motor Vehicles, as specified, the department shall set and charge a license reinstatement penalty fee in addition to any other specified fees that may be required.

This bill would repeal these provisions.

(9) Existing law authorizes the department to take action regarding the commercial driving privilege of any person when appropriate pursuant to a specified section of the Welfare and Institutions Code concerning child and family support orders.

This bill would repeal these provisions.

(10) Existing law specifies that signals required by specified provisions of the Vehicle Code shall be given either by means of the hand and arm or by a signal lamp, except as provided.

This bill instead would provide that these signals shall be given by signal lamp, unless a vehicle is not required to be and is not equipped with turn signals, in which case the signal shall be given by hand and arm. In addition, the bill would specify that in the event the signal lamps become inoperable while driving, hand and arm signals shall be used in the manner required by the Vehicle Code.

(11) Existing law requires the Commissioner of the California Highway Patrol to appoint a committee of 9 members to act in an advisory capacity when developing and adopting regulations affecting schoolbuses and schoolbus operations.

This bill would add 2 members to that advisory committee, as prescribed.

(12) Existing law requires a truck terminal operator, after achieving 2 consecutive satisfactory ratings during Biennial Inspection of Terminals (BIT) program inspections, to be awarded an appropriate certificate, denoting the number of consecutive satisfactory ratings, and provides for an administrative review in lieu of the next required inspection, unless the terminal has received an unsatisfactory compliance rating as a result of any inspection conducted in the interim between consecutive inspections, as specified.

This bill would apply these provisions to motor carrier terminals, rather than to truck terminal operators. In addition, the bill would authorize the administrative review in lieu of the next-required inspection, as provided above, unless the motor carrier is rated unsatisfactory by the Department of the California Highway Patrol following a controlled substances and alcohol testing program inspection. The bill also would make technical, nonsubstantive changes to outdated references.

(13) For purposes of the Vehicle Code, existing law specifies that a "commercial motor vehicle" does not include vehicles operated by household goods carriers, as specified, or pickup trucks, as specified, and 2-axle daily rental trucks with gross vehicle weight ratings less than 26,001 pounds when operated in noncommercial use.

This bill would add to this list of vehicles, that are not commercial motor vehicles, a motor truck or 2-axle truck tractor, with a gross vehicle weight rating of less than 26,001 pounds, used solely to tow a camp trailer, trailer coach, 5th-wheel travel trailer, or utility trailer. The bill also would specify that these vehicle combinations are not subject to specified provisions of the Vehicle Code relating to signs, motor carrier inspections, and carrier identification number requirements.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(14) Under existing law, a court may order a continuance of a proceeding against a person who receives a notice to appear in court for a violation of any statute relating to the safe operation of a vehicle in consideration for attending a licensed school for traffic violations, a licensed driving school or any other court-approved program of driving instruction, and, after that attendance, the court may dismiss the complaint if, among other things, the offense is not alleged to have occurred within 12 months of another offense that was dismissed under the same provisions.

This bill instead would change this latter provision to specify that the offense is not alleged to have occurred within 18, rather than 12, months of another offense that was dismissed under the same provisions.

(15) The bill would incorporate additional changes in Section 34601 of the Vehicle Code proposed by AB 1658, to become operative only if both bills are enacted and become operative on or before January 1, 2000, and this bill is enacted after AB 1658.

(16) This bill also would make technical, clarifying changes in existing law.

Ch. 1009 (AB 56) Mazzoni. State Department of Education: English language education.

Under Proposition 227, approved by the voters at the June 2, 1998, primary election, all children in California public schools are generally required to be taught English by being taught in English in English language classrooms.

This bill would require the Superintendent of Public Instruction, in consultation with the State Board of Education, to convene a working group for the purpose of selecting a contractor on a competitive basis to conduct an independent evaluation of the effects of the implementation of Proposition 227 on the education of pupils attending kindergarten and grades 1 to 12, inclusive, in California public schools. This bill would require that the contract shall provide for 2 interim reports and a final report to the Governor and the Legislature. This bill would require the interim reports to analyze the preliminary effects of Proposition 227, make findings and recommendations regarding how a school district may modify its implementation of Proposition 227 to improve pupils' academic achievement and acquisition of the English language, and make findings and recommendations, if any, regarding modifications and revisions to Proposition 227 that are necessary to facilitate implementation in a way that will maximize academic achievement and the acquisition of the English language.

This bill would require that the final report present results from sample programs that detail achievement data that identifies programs that are effective in teaching pupils the English language and curriculums for limited-English-speaking pupils that are effective in enabling these pupils to meet state and district standards, compares program benefits, and detail any unintended consequences, and identify programs, if any, that are not effective in teaching pupils the English language and curriculums, if any, for limited-English-speaking pupils that are not effective in enabling these pupils to meet state and district standards.

This bill would provide that its provisions would be implemented only if funds are appropriated for these purposes.

This bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1010 (SB 204) Lewis. Red imported fire ants. [12]

Existing law generally provides for the control and eradication of pests, as specified. Existing law also provides for the Red Imported Fire Ant Advisory Panel.

This bill would appropriate $9,500,000 from the General Fund to the Department of Food and Agriculture Fund for the purpose of controlling and eradicating the infestation of the red imported fire ant in California, as specified.

The bill also would require the department, not later than June 30, 2000, to report to the Legislature outlining its expenditures and setting forth its progress in eradicating the infestation of the red imported fire ant in the state.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1011 (SB 428) Perata. Transportation: San Francisco Bay Area Water Transit Authority.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law authorizes the Metropolitan Transportation Commission to develop and adopt a long-range plan for implementing high-speed water transit on the San Francisco Bay.

This bill would repeal the authority of the commission to adopt a long-range plan for implementing high-speed water transit on the San Francisco Bay. The bill would create the San Francisco Bay Area Water Transit Authority, and would require the board of directors of the authority to consist of 11 members to be appointed and selected, as specified. The bill would prescribe the terms of the directors on the board. The bill would require the board to employ a chief executive officer and a general counsel and to convene a community advisory committee and a technical advisory committee. The bill would require the board to prepare and adopt a San Francisco Bay area water transit implementation and operations plan, and to operate a comprehensive bay area regional public water transit system, as prescribed. The provision of the water transit plan would not become operative until the Legislature, by statute, approves the plan. The bill would prescribe related matters with regard to the powers and duties of the authority.

The bill would impose a state-mandated local program by imposing those duties on the authority.

The bill would require the commission to cooperate with the authority to prepare the plan by performing certain functions. The bill thereby would create a state-mandated local program by imposing additional duties upon the commission.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 1012 (SB 525) Polanco. Child abuse: state and local coordination.

Existing law provides for coordination between specified state and local entities to address fatal child abuse and neglect, and to provide a body of information to prevent child deaths.

This bill would recast those provisions. The bill would add more state and private entities to the members of the California State Child Death Review Council, specify additional duties for the council and the Department of Justice in connection with gathering and tracking information regarding child deaths from abuse or neglect, and specify additional duties for the State Department of Health Services in connection with tracking child abuse information in specified state data systems. The bill would provide that the provisions requiring the development of the tracking system would be operative July 1, 2000, and that implementation of the tracking system by the State Department of Health Services, and implementation of training and other duties by the Office of Criminal Justice Planning would be done only to the extent that funds are appropriated for that purpose in the Budget Act. The bill would also require law enforcement and child welfare agencies to cross-report, and county child welfare agencies to create a record in the Child Welfare Services/Case Management System of, all cases of child death suspected to be child abuse or neglect related. By imposing additional duties on local governments, this bill would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 1013 (SB 570) Alarcon. School personnel: disruptions or threats: mandatory reporting of missing children.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law provides that any minor over 16 years of age or any adult, not a pupil at a school, who comes upon any school ground and interferes with any school activity, as specified, is guilty of a misdemeanor punishable by a fine of not less than $100, or more than $1,000, or imprisonment in a county jail not to exceed 6 months, or by both the fine and imprisonment. Existing law also provides that any parent, guardian, or other person whose conduct in a place where a school employee is required to be in the course of his or her duties, disrupts classwork or extracurricular activities, as specified, is guilty of a misdemeanor punishable by a fine not exceeding $100, or imprisonment in a county jail not exceeding 10 days, or by both imprisonment and the fine.

This bill would provide that for either of the above-described misdemeanors, the offense would be punishable by a fine of not less than $500, nor more than $1,000, or by imprisonment in a county jail not exceeding one year, or by both imprisonment and the fine. The bill would also provide for certain minimum periods of imprisonment in a county jail for subsequent commissions of the above-described offenses, as specified. The bill would also provide that upon a showing of good cause, the court may grant probation, or suspension of the execution or imposition of the sentence, with regard to subsequent commissions of the above-described crimes. By changing the definition of a crime, this bill would impose a state-mandated local program.

(2) Existing law requires the reporting by certain persons of known or suspected instances of child abuse to a child protective agency, as specified.

This bill would declare the intent of the Legislature regarding the reporting by, school personnel, to a law enforcement agency of missing children as specified.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1014 (AB 1685) Committee on Information Technology. Regulated substances: local agencies.

(1) Existing law requires a city or county that adopts or amends an ordinance related to acutely hazardous materials to do so at a public meeting for which notice has been given in a newspaper of general circulation that is published and circulated in the affected city or county, and requires the city or county to state in the ordinance the reasons for adopting or amending the ordinance. Existing law provides that the program for the prevention of accidental releases of regulated substances, as defined, adopted pursuant to the federal Clean Air Act, with certain additional provisions, is the accidental release prevention program for the state.

This bill would repeal the existing provisions concerning ordinances related to acutely hazardous materials, and would instead require a city or county that adopts, amends, or repeals an ordinance related to the regulation of regulated substances, as specified, to do so at a public meeting for which notice has been given and to state the reasons for the adoption, amendment, or repeal of the ordinance, thereby imposing a state-mandated local program by imposing new duties on local agencies.

The bill would permit a city or county, in addition to giving that notice of a public meeting, to submit a notice to the California Environmental Protection Agency. The bill would require the agency to post that notice on the Internet on and after July 1, 2001, unless authorized to do so on an earlier date in accordance with a process for considering exemptions established by the Year 2000 Executive Committee.

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 1015 (AB 993) Shelley. Marine resources: Marine Life Protection Act.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(1) Existing law designates specified lands and ocean waters as marine life refuges and prohibits the taking of fish and other forms of aquatic life within those refuges, except as specified.

This bill would enact the Marine Life Protection Act. The bill would require the Fish and Game Commission to adopt a master plan that guides the adoption and implementation of the Marine Life Protection Program established by the bill. The bill would require the Department of Fish and Game to convene a master plan team to advise and assist in the preparation of a master plan, as specified. The bill would require the department to submit a draft of the master plan to the commission on or before January 1, 2002, and a proposed final master plan on or before April 1, 2002.

The bill would require the department, on or before July 1, 2001, to convene, in each biogeographical region, siting workshops, composed of interested parties, to review the alternatives for MPA networks and to provide advice on a preferred siting alternative. The bill would require the commission to submit the master plan and program description to the Joint Committee on Fisheries and Aquaculture for review and comment. The bill would require the commission to consider all recommendations submitted by the joint committee.

The bill would require the program to include an improved marine life reserve component, as specified, and would define "marine life reserve" as a marine protected area in which all extractive activities, including the taking of marine species, are prohibited.

The bill would prohibit the taking of a marine species in a marine life reserve for any purpose, except if taken under a scientific collecting permit issued by the department, as specified. Because other existing law would make a violation of this provision a crime, the bill would impose a state-mandated local program.

(2) Existing law continuously appropriates money in the Fish and Game Preservation Fund to the department to pay all necessary expenses incurred in carrying out the Fish and Game Code and any other law for the protection and preservation of birds, mammals, reptiles, and fish, and to the commission to pay the compensation and expenses of the commissioners and employees of the commission.

This bill would make an appropriation by imposing new duties on the department and the commission payable from that fund.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1016 (SB 496) Sher. Wild and scenic rivers: South Yuba River.

The existing Wild and Scenic Rivers Act includes specified rivers and segments thereof within the California Wild and Scenic River system, which are subject to specified protections under the act.

This bill would include certain segments of the South Yuba River within the system, and would designate those segments as scenic or recreational, as specified.

Ch. 1017 (AB 1593) Villaraigosa. Wild and scenic rivers: South Yuba River.

The existing Wild and Scenic Rivers Act includes specified rivers and segments thereof within the California Wild and Scenic River system, which are subject to specified protections under the act.

Senate Bill No. 496, if enacted, would include certain segments of the South Yuba River within the system, and would designate those segments as scenic or recreational, as specified.

This bill would, contingent on the enactment of S.B. 496, provide that the provisions described above pertaining to the South Yuba River shall become operative on January 1, 2001.

Ch. 1018 (SB 985) Johnston. Agricultural preserves: public use.

(1) Under existing law, the Williamson Act provides that a landowner and a city or county may enter into a mutually beneficial contract to restrict the use of agricultural

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

land by creating an "agricultural preserve," as defined, in order to preserve the limited supply of agricultural land necessary to the conservation of the state's economic resources. The act also defines other terms for purposes of its provisions, including "recreational use."

This bill would revise the definition of "recreational use."

(2) The act provides that an agricultural preserve may contain land other than agricultural land not under contract if the land is restricted within 2 years of the effective date of the contract by zoning or other suitable means in such a way as not to be incompatible with the agricultural use of the land.

This bill would limit the means of restriction to zoning.

(3) The act also requires that any proposal to establish an agricultural preserve be submitted to the local planning department or planning commission and that the planning department or commission submit a report to the county board of supervisors or the city council within 30 days after receiving the proposal. The report is required to include a statement that the preserve is consistent or inconsistent with the general plan, and the board or council is required to make a finding to that effect.

This bill would require the report to contain a statement and the board or council to make a finding that the proposal is consistent with the general plan.

(4) Under the act, the parties to a contract may enter into an agreement to rescind a contract in order to simultaneously place other land under an agricultural conservation easement, if specified findings are made.

This bill would permit the parties to rescind the contract in order to place other specified land under an agricultural conservation easement if different findings are made.

(5) Existing law permits the parties to rescind a contract or contracts and simultaneously enter into a new contract or contracts to facilitate a lot line adjustment under the Subdivision Map Act if the board of supervisors or the city council makes specified findings.

This bill would require an additional finding that the lot line adjustment does not result in a greater number of developable parcels or an adjusted lot that is inconsistent with the general plan.

(6) Existing law requires that, prior to cancellation of a contract, the county assessor shall determine the cancellation valuation of the land for purposes of determining the cancellation fee which the landowner shall pay to the county treasurer as deferred taxes upon cancellation.

This bill would delete references to the cancellation fee as deferred taxes and state that the fees are not taxes.

(7) Under the Williamson Act, whenever it appears that land within an agricultural preserve may be required by a public agency or person, as defined, for a public use, the public agency or person is required to provide specified notices and findings to the Director of Conservation and the local governing body responsible for the administration of the preserve, that explain its intention to consider the location of a public improvement within the preserve. The act also provides that the required notices and findings may be given and contained in documents prepared pursuant to the California Environmental Quality Act (CEQA) as long as they are provided no later than the times set forth in these provisions. The act provides that the notice requirements do not apply to the acquisition of land for the erection, construction, alteration, or maintenance of gas, electric, water, or communication facilities.

This bill would repeal these provisions that allow the CEQA documents to provide the required notices and findings and would revise the required findings. The bill would provide that the notice requirements do not apply to the erection, construction, alteration, or maintenance of gas, electric, piped subterranean water or wastewater, or communication facilities or to the acquisition of land for those purposes.

(8) Existing law also authorizes the rescission of contracts under the Williamson Act in order to place the land under an open-space easement or agricultural conservation easement.

This bill would provide that the laws authorizing rescissions of the Williamson Act contracts in order to enter into open space easement or agricultural conservation easements are not applicable to farmland security zones.

NOTE: Superior numbers appear as a separate section at the end of the digests.

(9) Under the Subdivision Map Act, the legislative body of a city or county is required to deny approval of a tentative map, or a parcel map for which a tentative map was not required, if it finds that the land is subject to a Williamson Act contract and that the resulting parcels following a subdivision of the land would be too small to sustain their agricultural use.

This bill would also require denial of approval if the legislative body finds that the land is subject to a Williamson Act contract and the subdivision will result in residential development not incidental to the commercial agricultural use of the subject land. The bill would declare that this provision is declaratory of existing law.

Ch. 1019 (SB 649) Costa. Open-space subventions: farmland security zone contracts.

(1) Existing law requires the Controller to pay subventions to local governments at specified rates per acre to replace property tax revenues lost by reason of the required reductions in assessments of property restricted to use as open space. Those amounts are continuously appropriated from the General Fund to the Controller for that purpose.

This bill would include within those provisions, subject to a 10-year limit on those payments and a $100,000 annual cap applicable until 2005, certain land as to which a notice of nonrenewal of a use restriction has been served if the land was previously assessed at a specified rate applicable to land subject to a farmland security zone contract. The bill would increase the amount to be paid with respect to land subject to a farmland security zone contract or for which such a notice of nonrenewal was served in a county that has adopted farmland security zones.

(2) Existing law provides procedures for cancellation or nullification of contracts for the establishment of agricultural preserves and for the rescission of those contracts in order to place the land under a farmland security zone contract.

This bill would impose additional specified requirements for the cancellation of farmland security zone contracts, thereby creating a state-mandated local program by imposing new duties on local agencies.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Ch. 1020 (SB 679) Johnston. Education: California State University.

Existing law requires the California State University to offer undergraduate and graduate instruction through the master's degree in the liberal arts and sciences and professional education. Existing law authorizes research, scholarship, and creative activity in support of the university's undergraduate and graduate instructional mission.

This bill would appropriate $1,600,000 from the General Fund to the Trustees of the California State University for allocation in the 1999–2000 fiscal year. Of that amount, $1,300,000 would be allocated to California State University, Stanislaus, for expenditure for maintenance and operation of physical facilities located on the site of the Stockton Development Center, and $300,000 would be allocated to the trustees for purposes of funding a feasibility study regarding the site to be conducted by the trustees, the Department of General Services, the Department of Finance, and the City of Stockton, as required by the bill. The study would be required to be completed by September 1, 2000.

Ch. 1021 (SB 735) Committee on Budget and Fiscal Review. Budget Act of 1999: augmentation and reappropriation. [13]

Existing law, as set forth in the Budget Act of 1999, makes various appropriations for support of state government for the 1999–2000 fiscal year.

In augmentation of the Budget Act of 1999, this bill would appropriate $250,000 from the General Fund to the Trade and Commerce Agency for a grant to the California Institute for Federal Policy Research; would appropriate $1,150,000 from the General Fund to the Department of Parks and Recreation for local assistance, with $400,000 to the Plaza Community Center organization, $200,000 to the City of Yucaipa, $50,000 to the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

City of Calimesa, and $500,000 to the City of El Monte; would appropriate $50,000 from the General Fund to the Employment Development Department for local assistance to the City of Vallejo; and would appropriate $2,500,000 from the General Fund for support of the University of California for Internet2 projects and $1,000,000 from the General Fund to the University of California for the Welfare Policy Research Project mandated under existing law.

The bill would reappropriate funds appropriated to the Department of Parks and Recreation for local assistance recreational grants to specified entities for specific projects to different entities for the same projects, and would reappropriate funds for a specified project in the City of El Monte.

The bill would authorize the use of up to 5% of specified funds appropriated in the Budget Act of 1999 for delta levee maintenance to be used for road repair and maintenance. The bill would appropriate $31,000 from the General Fund for local assistance to Sacramento County for specified street improvements. The bill would also add provisions requiring the Department of Corrections to reimburse a city or county for specified costs from specified items of the annual Budget Act.

The bill would also appropriate $2,000,000 from the General Fund for support of the Department of Industrial Relations, and would reduce the appropriation and the amount payable from the Uninsured Employers Account in the Uninsured Employers Fund by $2,000,000. The bill would specify the contents of specified budget reports of the Energy Resources Conservation and Development Commission.

The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 1022 (AB 403) Romero. Law enforcement: domestic violence. [14]

Existing law establishes procedures for the prevention of domestic violence and provides both civil and criminal sanctions for acts of domestic violence.

This bill would require each state and local law enforcement agency to provide, without imposing a fee, one copy of any domestic violence incident report face sheet, domestic violence incident report, or both, upon request, to a victim of domestic violence within a specified amount of time, thereby imposing a state-mandated local program.

The bill would also appropriate $200,000 from the General Fund to the Department of Justice for training local law enforcement on the enforcement of firearms laws at gun shows.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 1023 (AB 1492) Thomson. Traumatic brain injury project.

Existing law requires the State Department of Mental Health to establish up to 4 3-year demonstration projects for a postacute continuum-of-care model for adults 18 years of age or older with acquired traumatic brain injuries. These provisions are to be repealed as of January 1, 2000.

This bill would recast these provisions to, instead, require the department to designate sites in order to develop a system of postacute continuum-of-care models, revise the requirements for , and require the department to expand, participation in the project, and extend the authority for implementation of the project to January 1, 2005.

Ch. 1024 (AB 648) Strickland. Dance studio lessons.

Existing law provides that a contract for dance studio lessons and other services, as specified, may not exceed a total sum of $3,750, and prohibits payments or financing by the buyer that exceed a period of 2 years. Existing law also requires such a contract to provide for performance of the contract to begin within 12 months from the date the contract is entered into, and that the contract may be canceled within 180 days, as specified.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would delete the provisions limiting the monetary amount of a contract for dance studio lessons and other services, would require such a contract to provide that performance of the contract will begin within 6 months, and would provide that the period of payments or financing by the buyer may not exceed one year.

The bill would revise the provisions regarding cancellation of the contract by providing that the contract may be canceled at any time by the student with written notice, as specified, and would require the dance studio to calculate the student's pro rata refund, if any, and to refund the money to the student within 10 days of receiving the written cancellation notice. However, the dance studio would be authorized to deduct any moneys it is owed by the student for services rendered prior to the cancellation from the amount owed on the refund to the student, as specified.

Existing law requires every dance studio to maintain a bond in a specified amount and to file a copy of the bond with the Secretary of State. Existing law also provides, however, that a dance studio may make a deposit in lieu of a bond, pursuant to specific provisions, and authorizes the Secretary of State to enforce provisions governing the filing and maintenance of bonds, and deposits in lieu thereof, and to charge a filing fee, as specified.

This bill would repeal the provisions providing for a deposit in lieu of a bond, and would make other related changes.

Ch. 1025 (AB 1253) Nakano. Health services pilot program: uninsured working poor families.

Existing law establishes the Medi-Cal program, administered by the State Department of Health Services, under which qualified low-income persons are provided with health care services. Existing law also provides for the Healthy Families Program, and for the Managed Risk Medical Insurance Board to administer the program.

This bill would require the department to establish a 3-year pilot program to provide health care services to certain uninsured poor children and adults through a specified participating community care clinic. This bill would authorize the School of Public Health of the University of California, Los Angeles, with the consent of the Regents of the University of California, to participate in the pilot program by developing an evaluation design and evaluating the pilot program. This bill would authorize the department, in consultation with the participating community clinic, to appoint an advisory group to provide assistance and advice to the pilot program. This bill would make its provisions inoperative on July 1, 2003, and would repeal them as of January 1, 2004.

NOTE: Superior numbers appear as a separate section at the end of the digests.

DIGESTS OF STATUTES ENACTED IN 1999

1999–2000 FIRST EXTRAORDINARY SESSION

BILL CHAPTERS

Ch. 1 (SB 2) O'Connell. Education accountability: high school exit examination.

(1) Existing law requires the governing board of each school district maintaining any or all of grades 7 to 12, inclusive, to offer summer school instructional programs for pupils enrolled in those grades who were assessed as not meeting the district's adopted standards of proficiency in basic skills. Existing law requires the summer school programs also to be offered to pupils who were enrolled in grade 12 during the prior school year after the completion of grade 12, and upon the successful completion of the summer program, authorizes these pupils to be reassessed for purposes of meeting the district's standards of proficiency.

This bill would instead require these school districts to offer summer school instruction for pupils who do not demonstrate sufficient progress toward passing the exit examination required for high school graduation. The bill would delete the authorization for the reassessment of pupils who were enrolled in grade 12 during the prior school year and successfully completed the summer program after the completion of grade 12. The bill would provide that these provisions become operative on January 1, 2000.

(2) Existing law requires the governing board of each school district maintaining a junior or senior high school to adopt standards of proficiency in basic skills for pupils and requires the governing board of each school district maintaining grade 6 or 8, or the equivalent, to adopt standards of proficiency in basic skills for pupils attending these grades. These standards are required to be directly related to the district's instructional program and to include reading comprehension, writing, and computation skills, in the English language. Existing law requires the governing board of each school district to take appropriate steps to ensure that the progress towards proficiency in basic skills is assessed in the English language during the regular instructional program at least once during the 4th through 6th grade, inclusive, once during the 7th through 9th grade, inclusive, and twice during the 10th through 11th grade, inclusive. Proficiency assessments are required to be used to determine whether pupils need additional assistance in basic skills and if so, the appropriate content and mode of any additional assistance. Existing law prohibits an English-speaking pupil or limited-English-proficient pupil from receiving a high school diploma unless he or she passes the English language proficiency assessment normally required for graduation. If a pupil does not demonstrate sufficient progress toward mastery of basic skills to meet prescribed standards upon exit from the 6th, 8th, or 12th grade, whichever is appropriate, existing law authorizes the principal to arrange a conference between the parent or guardian of the pupil and a certificated employee familiar with the pupil's progress to discuss the results of the individual pupil assessment and recommended actions to further the pupil's progress. Notices to pupils in grades 9 to 12, inclusive, are required to inform the parent or guardian that the pupil will not receive a high school diploma unless the prescribed standards are met. Instruction in basic skills is required to be provided for any pupil who does not demonstrate sufficient progress toward mastery of basic skills and continue until the pupil has been given numerous opportunities to achieve mastery. Existing law allows that instruction to be provided in summer school programs. Existing law prohibits a pupil who was enrolled in the 9th grade, or the equivalent thereof, from receiving a diploma of graduation from high school if he or she has not met the standards of proficiency in basic skills prescribed by the secondary school district governing board and the school district has developed and made available to the pupil remedial instruction programs in basic skills for at least 2 consecutive sessions.

This bill would make these provisions inoperative on July 31, 1999, and repeal the provisions on January 1, 2000.

(3) Existing law requires pupils to complete certain coursework as a condition to graduation from high school. Existing law, the Standardized Testing and Reporting Program, requires school districts, charter schools, and county offices of education to administer to each of its pupils in grades 2 to 11, inclusive, an achievement test.

This bill would require the Superintendent of Public Instruction, with a High School Exit Examination Standards Panel established by the Superintendent of Public Instruction and with the approval of the State Board of Education, to develop a high

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

school exit examination in language arts and mathematics in accordance with the statewide academically rigorous content standards adopted by the State Board of Education. The bill would require the State Board of Education to adopt a high school exit examination that is aligned with statewide academically rigorous content standards. Commencing with the 2003–04 school year and each school year thereafter, the bill would require each pupil completing grade 12 to successfully complete the exit examination as a condition of receiving a diploma of graduation, thereby imposing a state-mandated local program. The bill would require the State Board of Education, in consultation with the Superintendent of Public Instruction, to study the appropriateness of other criteria by which pupils may demonstrate their competency and receive a diploma.

This bill would impose a state-mandated local program by requiring that the exit examination be offered in each public school and state special school that provides instruction in grade 9, 10, 11, or 12 on the dates designated by the Superintendent of Public Instruction, requiring that the results of the examination be returned to each pupil taking the test within 8 weeks of the administration of the exit examination, and requiring provision of supplemental instruction to any pupil who does not demonstrate sufficient progress toward passing of the examination.

This bill would, notwithstanding any other provision of law, require a school district to use regularly available resources, general funds appropriated for after school programs, the Student Academic Partnership Program, funds appropriated to prevent social promotion, and funds for other similar supplemental remedial programs to prepare pupils to succeed on the exit examination. To the extent this would permit expenditure of existing funds for purposes not currently authorized, it would make an appropriation.

This bill would appropriate $2,000,000 from the Federal Trust Fund, from GOALS 2000 funds, to the Superintendent of Public Instruction for the purpose of developing the exit examination. The bill would also appropriate $250,000 from the General Fund to the Superintendent of Public Instruction to provide support services therefor.

(4) Existing law requires, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district to notify the parent or guardian of its minor pupils regarding the right or responsibility of the parent or guardian under certain provisions of law.

This bill would additionally require that notice to include notice that, commencing in the 2003–04 school year, and each school year thereafter, each pupil completing the 12th grade will be required to successfully pass the high school exit examination, and would be required to include, at a minimum, the date of the examination, the requirements for passing the examination, and the consequences of not passing the examination and to inform parents and guardians that passing the examination is a condition of graduation, thereby imposing a state-mandated local program.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 2 (AB 2) Mazzoni. Education.

(1) Existing law establishes various programs that relate to reading development for elementary pupils, including the Reading Initiative Program, the Comprehensive Reading Leadership Program, and the Back to Basics Summer School Reading Program. Under existing law, the adopted course of study for grades 1 to 6, inclusive, is required to include instruction in the skill of reading.

This bill would do each of the following with regard to reading development:

(a) Establish the Elementary School Intensive Reading Program, whereby increased funding would be available, upon application, to school districts that maintain kindergarten and any of grades 1 to 4, inclusive, for the operation of a program that provides multiple, intensive reading opportunities for pupils in those grades and would

NOTE: Superior numbers appear as a separate section at the end of the digests.

require a school district, when expending these funds, to give first priority to increasing instructional opportunities for pupils who are experiencing difficulty learning to read. The bill would require the Superintendent of Public Instruction, with input from an advisory committee, to evaluate the program. The bill would appropriate $75,000,000 to the State School Fund for allocation by the Superintendent of Public Instruction to school districts that apply for funding pursuant to this program, and would require that the appropriation be included in the amounts appropriated by the state in the 1999–2000 fiscal year for the purpose of meeting the state's minimum funding obligation to school districts and community college districts under Section 8 of Article XVI of the California Constitution for that fiscal year.

(b) Establish the Governor's Reading Award Program, to be administered by the state Secretary for Education, whereby annual awards of up to $5,000 would be provided to schools offering instruction in kindergarten or any of grades 1 to 8, inclusive, whose pupils meet certain reading criteria. The bill would require the state Secretary for Education to develop criteria for the awards. The bill would appropriate $2,000,000 to the Superintendent of Public Instruction for allocation to applicant school districts, and would require that the appropriation be included in the amounts appropriated by the state in the 1999–2000 fiscal year for the purpose of meeting the state's minimum funding obligation to school districts and community college districts under Section 8 of Article XVI of the California Constitution for that fiscal year.

(c) Request the Regents of the University of California to jointly establish, with the Trustees of the California State University and the independent colleges and universities, the California Reading Professional Development Institutes. The bill would appropriate $6,000,000 to the State School Fund for allocation by the Superintendent of Public Instruction to school districts, and would require that the appropriation be included in the amounts appropriated by the state in the 1999–2000 fiscal year for the purpose of meeting the state's minimum funding obligation to school districts and community college districts under Section 8 of Article XVI of the California Constitution for that fiscal year.

(2) Existing provisions of the California Constitution establish the University of California as a public trust under the administration of the Regents of the University of California.

This bill would request the Regents of the University of California to develop a teacher preparation program to be known as the Governor's Teacher Scholars Program and to develop an administrator preparation program to be known as the Governor's Principal Leadership Institute, in accordance with prescribed criteria.

The bill would also require the state Secretary for Education to contract for the development and establishment of a public involvement campaign to promote reading in the public schools and would appropriate $4,000,000 from the General Fund for this purpose.

The bill would appropriate, without regard to fiscal years, a total of $7,000,000 from the General Fund to the Regents of the University of California for the Governor's Teacher Scholars Program, the Governor's Principal Leadership Institute, and for administering the California Reading Professional Development Institutes.

The bill would not be applicable to the University of California and the $7,000,000 appropriation would not be operative unless and until the Regents of the University of California act, by resolution, to make the bill applicable.

(3) The bill would declare that it is to take effect immediately as an urgency statute.

Ch. 3 (SB 1) Alpert. Education accountability.

Existing law requires each school district, charter school, and county office of education to administer to each of its pupils in grades 2 to 11, inclusive, an achievement test designated by the State Board of Education as part of the Standardized Testing and Reporting program.

This bill would establish the Public School Performance Accountability Program that would consist of an Academic Performance Index, an Immediate Intervention/Underperforming Schools Program, and a Governor's High Achieving/Improving Schools Program.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would require the Superintendent of Public Instruction, with approval of the State Board of Education, to develop the Academic Performance Index (API), consisting of a variety of indicators, to be used to measure performance of schools. The bill would require the Superintendent of Public Instruction to develop, and the State Board of Education to adopt, expected annual percentage growth targets for all schools based on their API baseline score and would prescribe a minimum percentage growth target of 5% annually. Upon adoption of state performance standards by the State Board of Education, the Superintendent of Public Instruction would be required to recommend, and the State Board of Education would be required to adopt, a statewide API performance target. The bill would also require the Superintendent of Public Instruction to establish an advisory committee to advise the Superintendent of Public Instruction and the State Board of Education on matters relative to the programs established by the bill.

This bill would require the Superintendent of Public Instruction, with the approval of the State Board of Education, to invite schools that scored below the 50th percentile on the Standardized Testing and Reporting program achievement tests to participate in the Immediate Intervention/Underperforming Schools Program that would be limited to 430 schools with a maximum number of schools in each of 3 grade level categories. This bill would impose a state-mandated local program by providing that if fewer than the number of schools in any grade level category apply, schools that scored below the 50th percentile in those grades may be randomly selected to participate in this program. A school selected to participate would be awarded a planning grant of $50,000.

This bill would require the Superintendent of Public Instruction to develop, and the State Board of Education to approve, minimum qualifications for external evaluators and, with the approval of the State Board of Education, to develop and disseminate an application process by which to establish a list of external evaluators.

This bill would require the governing board of a school district having jurisdiction over a school selected for participation in the Immediate Intervention/Underperforming Schools Program to contract with an external evaluator and to appoint a broad-based schoolsite and community team. The bill would require the external evaluator to complete a review of the school that identifies weaknesses that contribute to the school's below-average performance and makes recommendations for improvement. The external evaluator and a broad-based schoolsite would be required to develop an action plan with prescribed components to improve the academic achievement of the pupils enrolled at the school. The bill would require the plan to be submitted to the governing board of the school districts for its approval and after the plan is approved to be submitted to the Superintendent of Public Instruction with a request for funding. The bill would require the State Board of Education to review and approve or disapprove the school's request for funding, based on the recommendation of the Superintendent of Public Instruction, and would authorize the board to waive all or any part of any provision of the Education Code, or any board adopted regulation, controlling categorical education programs if certain conditions are met.

This bill would require a school whose application is approved to receive funding in each fiscal year that it participates in the program in an amount up to $200 per pupil enrolled in the school, with a minimum allocation of $50,000 per schoolsite. The bill would require the participating school or the school district having jurisdiction over that school to match the state funding and would require them to redirect for purposes of their academic improvement plan their new or existing categorical education funding. To the extent this requirement results in the expenditure of categorical education funding for purposes other than those for which it was appropriated, the bill would reappropriate those funds.

This bill would require the governing board of a school that fails to meet its annual short-term growth target within 12 months following receipt of funding to hold a public hearing at a regularly scheduled meeting to ensure that members of the school community are aware of the lack of progress and to choose from a range of interventions for the school to continue implementing the action plan and progressing toward meeting the school's growth targets.

This bill would require a school that meets or exceeds its growth target within 24 months after receipt of funding to receive an award under the Governor's Performance

NOTE: Superior numbers appear as a separate section at the end of the digests.

Award program. The bill would require a school that has not met its performance goals, but demonstrates significant growth within this period to continue to participate in the program for an additional year and to receive funding. The bill would deem a school that does not meet its performance goals within 24 months after receipt of funding and has failed to show significant growth a low-performing school.

This bill would require the Superintendent of Public Instruction to assume all the legal rights, duties, and powers of the governing board with respect to a low-performing school. The bill would require the Superintendent of Public Instruction, in consultation with the State Board of Education and the governing board of the school district, to reassign the principal of that school and to take other enumerated actions.

This bill would require, under the High Achieving/Improving Schools Program, the Superintendent of Public Instruction to rank all public schools based on the API in decile categories by grade level of instruction provided. The bill would require that the rankings indicate the target annual growth rates, the actual growth rates attained by the schools, and how growth rates compare schools that have similar characteristics. The bill would require the Superintendent of Public Instruction to annually publish these rankings on the Internet.

This bill would require the governing board of each school district to discuss the results of the annual ranking at a regularly scheduled meeting, thereby imposing a state-mandated local program.

This bill would authorize a school that is eligible to participate in the Governor's Performance Award Program to request the State Board of Education to waive all, or any part of, any provision of the Education Code, or any board adopted regulation, controlling categorical education programs and would authorize the board to grant the request if certain conditions are met. The bill would also require that a school that demonstrates significant growth be granted maximum flexibility in its expenditure of new and existing categorical funds to enable the school to continue improvement in pupil performance.

This bill would provide that a school that fails to meet the established annual state growth targets may be subject to the Immediate Intervention/Underperforming Schools Program.

This bill would require the State Board of Education to establish a Governor's Performance Award program to provide monetary and nonmonetary awards to schools that meet or exceed API performance growth targets and would make all schools, including schools participating in the Immediate Intervention/Underperforming Schools Program eligible to participate in the Governor's Performance Award program.

This bill would appropriate $193,200,000 to the Superintendent of Public Instruction for the purposes of its provisions, of which$160,754,000 would be appropriated from the General Fund and$32,446,000 would be appropriated from the Federal Trust Fund. The funds appropriated from the General Fund by this bill for allocation to school districts would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 4 (AB 1) Villaraigosa. California Peer Assistance and Review Program for Teachers.

(1) Existing law establishes the California Mentor Teacher Program and provides that the primary function of a mentor teacher is to provide assistance and guidance to new teachers. Existing law authorizes mentor teachers to provide staff development for teachers and develop special curriculum.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This bill would make the California Mentor Teacher Program inoperative on July 1, 2001, and would repeal it as of January 1, 2002. The bill would establish the California Peer Assistance and Review Program for Teachers, which would become fully operational on July 1, 2001, when it would completely replace the California Mentor Teacher Program.

This bill would allow the governing board of a school district and the exclusive representative of the certificated employees in the school district to implement a peer assistance and review program for teachers. The bill would require teachers receiving assistance in the program to have permanent status if the school district has 250 or greater units of average daily attendance or to be a permanent or probationary employee if the school district has fewer than 250 units of average daily attendance and to volunteer to participate or be referred for participation in the program as a result of their biennial evaluation. The program would also require performance goals for individual teachers to be in writing, clearly stated, and aligned with pupil learning goals, assistance and review to include multiple observations of a teacher during periods of classroom instruction, a school district to provide sufficient staff development activities to assist teachers to improve their teaching skills and knowledge, a teacher's final evaluation on program participation to be made available for placement in the teacher's personnel file, and a monitoring component with a written record.

This bill would require a joint teacher administrator peer review panel to select consulting teachers and to annually evaluate the impact of the district's peer assistance and review program in order to improve the program.

This bill would provide that a school district that accepts state funds for purposes of this program agrees to negotiate the development and implementation of the program with the exclusive representative of the certificated employees in the school district, if the certificated employees in the district are represented by an exclusive representative.

This bill would provide that not more than 5% of the funds received by a school district for the Peer Assistance and Review Program for Teachers may be expended for administrative expenses.

This bill would permit a school district to notify the Superintendent of Public Instruction that it plans to implement a program and would require the superintendent to apportion funds to that school district for staff development activities and training for district personnel that are necessary to implement a program.

This bill would make a school district that does not elect to participate in the California Peer Assistance and Review Program for Teachers ineligible for any apportionment, allocation, or other funding from an appropriation for this program, for local assistance appropriated pursuant to Budget Act Item 6110-231-0001, for the Administrator Training and Evaluation Program, for the Instructional Time and Staff Development Reform Program, and for school development plans.

This bill would, commencing with the 2000–01 fiscal year, authorize a school district that receives funds for the California Peer Assistance and Review Program for Teachers to expend those funds also for the Marian Bergeson Beginning Teacher Support and Assessment System, the California Pre-Internship Teaching Program, district intern program, and other professional development, as described.

This bill would require the Superintendent of Public Instruction, subject to the availability of funding in the annual Budget Act, to contract with an independent evaluator on or before December 15, 2002, to prepare a comprehensive evaluation of the implementation, impact, cost, and benefit of the California Peer Assistance and Review Program for Teachers and to submit the evaluation to the Legislature, the Governor, and interested parties on or before January 1, 2004.

This bill would provide that state funding for this program subsequent to the 1999–2000 fiscal year is subject to an appropriation in the annual Budget Act.

(2) Existing law requires the governing board of each school district to evaluate and assess certificated employee performance as it reasonably relates to the progress of pupils toward the standards of expected pupil achievement established by the governing board.

This bill would require the governing board also to evaluate and assess certificated employee performance as it reasonably relates to the progress of pupils toward the state-adopted academic content standards as measured by state-adopted criterion referenced assessments, thereby imposing a state-mandated local program. The bill would require the results of an employee's participation in the Peer Assistance and

NOTE: Superior numbers appear as a separate section at the end of the digests.

Review Program to be considered in this evaluation. The bill would authorize a school district to require that a certificated employee who receives an unsatisfactory rating in this evaluation to participate in its Peer Assistance and Review Program.

(3) This bill would appropriate $125,082,000 for the 1999–2000 fiscal year from the General Fund to the Superintendent of Public Instruction, with $41,800,000 for the purpose of providing staff development activities and training for school district personnel that is necessary to implement the Peer Assistance and Review Program for Teachers, $83,200,000 for the purpose of the California Mentor Teacher Program, and $82,000 for support services for the Peer Assistance and Review Program for Teachers.

To the extent that funds appropriated by this bill are allocated to a school district or community college district, those funds would be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates that do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Ch. 5 (AB 27) Leach. State basic skills proficiency test.

Existing law requires the Superintendent of Public Instruction to adopt and the Commission on Teacher Credentialing to administer the state basic skills proficiency test to determine whether applicants for teaching credentials are qualified to receive the credentials. Existing law requires the State Board of Education to adopt statewide academically rigorous content and performance standards in core curriculum areas.

This bill would require the Commission on Teacher Credentialing to review the state basic skills proficiency test to evaluate the test's content validity, reliability, and passing scores. The bill would require the commission to submit a written report pertaining to this review, including any findings and recommendations, to the Legislature, the Governor, and the State Board of Education.

NOTE: Superior numbers appear as a separate section at the end of the digests.

DIGESTS OF RESOLUTIONS AND PROPOSED CONSTITUTIONAL AMENDMENTS ADOPTED IN 1999

1999–2000 REGULAR SESSION

RESOLUTION CHAPTERS

Res. Ch. 1 (ACR 3) Wesson. Dr. Martin Luther King, Jr. Day.
This measure would honor the late Rev. Dr. Martin Luther King, Jr., and commemorate Dr. Martin Luther King, Jr. Day.

Res. Ch. 2 (AJR 1) Florez. Disaster area: cold storms.
This measure would memorialize the President of the United States to declare the affected portions of California as a federal natural disaster area as a result of the cold storms and consequent frost damage that occurred in December 1998.

Res. Ch. 3 (ACR 12) Steinberg. The Honorable Robert K. Puglia.
This measure would honor Presiding Justice Robert K. Puglia on his outstanding record of judicial leadership with the California Court of Appeal, Third Appellate District, commend, congratulate, and honor him on his long and distinguished record of public service and on his outstanding display of civic leadership, and convey to him best, heartfelt wishes for good health and every continued success and happiness in his future endeavors.

Res. Ch. 4 (SCR 10) Dunn. Orange County Vietnamese-American Community Week.
This measure would proclaim the week of February 12 through February 20, 1999, as "Orange County Vietnamese-American Community Week" to honor the contributions and achievements of the state's Vietnamese-American community.

Res. Ch. 5 (SCR 3) Solis. College Awareness Month.
This measure would proclaim February 1999 to be "College Awareness Month." This measure would urge California residents to encourage elementary and secondary school pupils to succeed in their academic endeavors so they may earn a college education and contribute to the economic, social, and political future of California.

Res. Ch. 6 (ACR 9) Campbell. Engineer's Week.
This measure would designate the week of February 21 to 27, 1999, inclusive, as "Engineer's Week" in California.

Res. Ch. 7 (ACR 15) Honda. Day of Remembrance.
This measure would declare February 19, 1999, as a Day of Remembrance in order to increase public awareness of the events surrounding the internment of Americans of Japanese ancestry during World War II.

Res. Ch. 8 (SCR 20) Chesbro. Adult education.
This measure would designate the week of March 14 through March 20, 1999, as California Adult Education Week, and would commend the students, classified staffs, teachers, and administrators of California's adult schools for their support of, and contributions to, the quality of public education in this state.

Res. Ch. 9 (ACR 6) Reyes. Agriculture: frost damage.
This measure would request the Public Utilities Commission to cooperate with the state's public utilities in immediately approving advice filings to establish appropriate payment deferral programs for citrus growers whose crops were destroyed as a result of the cold storms and consequent frost damage that occurred in December, 1998. The measure would also request the commission to authorize recovery for the actual administrative costs, with the exception of interest foregone on deferred amounts, and recovery of uncollected deferred amounts incurred by the state's public utilities as a result of this program.

Res. Ch. 10 (SCR 23) O'Connell. Absolutely Incredible Kids Day.
This measure would proclaim Thursday, March 18, 1999, as the Third Annual Absolutely Incredible Kids Day.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Res. Ch. 11 (AJR 11) Romero. Staff Sergeant Andrew A. Ramirez, Staff Sergeant Christopher J. Stone, and Specialist Steven M. Gonzales.

This measure would memorialize the President and the Congress of the United States to press for the safe and speedy return of United States Army Staff Sergeant Andrew A. Ramirez, Staff Sergeant Christopher J. Stone, Specialist Steven M. Gonzales, and all other prisoners of war.

Res. Ch. 12 (SJR 11) Solis. United States Army Staff Sergeant Andrew A. Ramirez, Staff Sergeant Christopher Stone, and Specialist Steven Gonzales.

This measure would memorialize the President of the United States and the United States Congress to secure and expedite the safe return of Staff Sergeant Andrew A. Ramirez, Staff Sergeant Christopher Stone, and Specialist Steven Gonzales who were captured by the Yugoslav Armed Forces in Macedonia.

Res. Ch. 13 (ACR 7) Battin. Child abuse and neglect.

This measure would acknowledge the Child Abuse Prevention Month "Honor Our Children" Campaign as a positive effort to promote public awareness of child abuse and its prevention.

Res. Ch. 14 (ACR 10) Machado. California Architecture Week.

This measure would proclaim the week of April 12, 1999, to April 18, 1999, inclusive, as California Architecture Week.

Res. Ch. 15 (ACR 21) Davis. California Holocaust Memorial Week.

This measure would designate the week of April 11 through April 17, 1999, as California Holocaust Memorial Week, and would urge Californians to observe these days of remembrance for the victims of the Holocaust in an appropriate manner.

Res. Ch. 16 (SCR 30) Rainey. California Library Week.

This measure would declare the week of April 11 through April 17, 1999, as California Library Week.

Res. Ch. 17 (ACR 36) Wayne. Older Californians Month.

This measure would declare the month of May 1999 as Older Californians Month.

Res. Ch. 18 (ACR 34) Cedillo. El Dia de los Niños.

This measure would declare April 30, 1999, to be El Dia de los Niños.

Res. Ch. 19 (ACR 32) Honda. The Japanese YWCA in San Francisco.

This measure would declare that it shall be state policy to eradicate any vestiges of the racism of the California Alien Land Law that was repealed in 1956, and to take steps to ensure the enforcement of charitable trusts created in response to that law.

Res. Ch. 20 (ACR 30) Gallegos. Child Passenger Safety Week.

This measure would declare the week of April 26 to May 2, 1999, to be Child Passenger Safety Week.

Res. Ch. 21 (ACR 20) Kaloogian. Armenian Genocide: Day of Remembrance.

This measure would designate April 24, 1999, as "California Day of Remembrance for the Armenian Genocide of 1915–1923, and for the Victims of the Sumgait Pogroms of 1988 and Baku Riots of 1990." It would call upon the people of California to use vigilance to ensure the peaceful settlement of the Nagorno Karabagh conflict while protecting the security of the Armenians in the Republic of Nagorno Karabagh.

Res. Ch. 22 (ACR 19) Knox. Public Service Recognition Week.

This measure would designate the first Monday of May to the following Sunday of May, inclusive, each year as "Public Service Recognition Week" and would request the Governor to issue a proclamation calling upon the people of California to observe this week with appropriate programs, ceremonies, and activities.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Res. Ch. 23 (ACR 11) Papan. American Flag Month.

This measure would declare that the 30 days from June 14 to July 14, inclusive, shall be observed annually as American Flag Month in the State of California.

Res. Ch. 24 (SCR 6) Baca. Cinco de Mayo.

This measure would call on all the people of California to celebrate and recognize May 5 as Cinco de Mayo.

Res. Ch. 25 (ACR 46) Gallegos. Skin cancer and melanoma awareness.

This measure would declare that the month of May shall be recognized as Skin Cancer Awareness Month in California, and would encourage all Californians to make themselves and their families aware of the risk of skin cancer and the preventive measures. The measure would also proclaim May 3, 1999, as Melanoma Awareness Monday in California, to increase public awareness of the importance of routine complete skin examination to detect early melanoma.

Res. Ch. 26 (ACR 1) Thomson. Vic Fazio Wildlife Area; Phil and Marilyn Isenberg Sandhill Crane Reserve; Kenneth L. Maddy Equine Analytical Chemistry Laboratory.

This measure would request the Department of Fish and Game to change the name of the Yolo Bypass Wildlife Area to the Vic Fazio Yolo Wildlife Area and the name of the Woodbridge Ecological Reserve to the Phil and Marilyn Isenberg Sandhill Crane Reserve. The measure would also request the Regents of the University of California to change the name of the Equine Analytical Chemistry Laboratory to the Kenneth L. Maddy Equine Analytical Chemistry Laboratory.

Res. Ch. 27 (ACR 26) Wayne. California SAFE KIDS Week.

This measure would declare the week of May 1 through May 8, 1999, as California SAFE KIDS Week, in support of the activities of the National SAFE KIDS Campaign during National SAFE KIDS Week, and would encourage Californians to participate in the state and local activities planned for the observance of that week.

Res. Ch. 28 (ACR 49) Correa. Cinco de Mayo.

This measure would call on the people of California to join in celebrating Cinco de Mayo, the historic date of May 5, 1862, as a day to honor the valiant spirit of the brave Mexicanos who defended the town of Puebla and the Mexican Americans of today who have fought and died for the freedom of the United States of America and would declare the week of May 2 through May 8 as Cinco de Mayo Week.

Res. Ch. 29 (ACR 50) Baugh. Columbine High School tragedy.

This measure would ask for blessings and comfort for all those who have been touched directly or indirectly by the tragic events in Littleton, Colorado.

Res. Ch. 30 (ACR 56) Wiggins. California Winemaking Families and Grape Growers Appreciation Day.

This measure would commend the family vintners and grape growers of this state and would designate the day of May 17, 1999, as California Winemaking Families and Grape Growers Appreciation Day.

Res. Ch. 31 (ACR 54) Strom-Martin. Day of the Teacher.

This measure would proclaim May 12, 1999, to be Day of the Teacher and would urge Californians to observe that day.

Res. Ch. 32 (SCR 7) Solis. Domestic Violence Awareness Month.

This measure would proclaim the month of October 1999 as Domestic Violence Awareness Month.

Res. Ch. 33 (SCR 27) Johannessen. Amyotrophic Lateral Sclerosis (ALS) Awareness Month.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This measure would proclaim the month of May in each year as Amyotrophic Lateral Sclerosis Awareness Month. This measure would encourage Californians to join the Amyotrophic Lateral Sclerosis Association in its war against amyotrophic lateral sclerosis.

Res. Ch. 34 (SCR 28) Burton. 9-1-1 for Kids Week.
This measure would designate the week of May 16 through May 22, 1999, as "9-1-1 for Kids Week" in the State of California.

Res. Ch. 35 (SCR 19) Burton. Leaf blowers.
This measure would memorialize the State Air Resources Board, on or before January 1, 2000, to prepare and submit a report to the Legislature, as provided, summarizing the potential health and environmental impacts of leaf blowers and including recommendations for alternatives to their use. The measure would also request each governing body of a city, including a charter city, or county to refrain from enacting any new ordinance that prohibits the use of leaf blowers until the state board submits that report to the Legislature.

Res. Ch. 36 (ACR 16) Torlakson. California Fitness Month.
This measure would proclaim the month of May 1999 as California Fitness Month, and would encourage all Californians to enrich their lives through proper diet and exercise.

Res. Ch. 37 (ACR 22) Correa. Hispanic Heritage Month.
This measure would designate September 15 to October 15, 1999, as California Hispanic Heritage Month and would encourage Californians to observe this event.

Res. Ch. 38 (ACR 38) Wayne. California Beach Safety Week.
This measure would proclaim the week of May 24, 1999 to May 30, 1999, as California Beach Safety Week.

Res. Ch. 39 (ACR 47) Machado. State Parks Month.
This measure would proclaim May 1999, as State Parks Month.

Res. Ch. 40 (AJR 9) Correa. Social Security: mandatory coverage.
This measure would memorialize the President and the Congress of the United States not to include mandatory Social Security coverage on noncovered state and local government employees in any Social Security reform legislation.

Res. Ch. 41 (ACR 39) Wayne. Military Families Recognition Day.
This measure would designate Saturday, November 20, 1999, as Military Families Recognition Day.

Res. Ch. 42 (ACR 40) Wayne. Fourth of July.
This measure would memorialize that July 4, 1999, be fully observed in this state as Independence Day.

Res. Ch. 43 (SCR 29) Alpert. Education master plan.
This measure would resolve that a joint legislative committee be established to develop a "Master Plan for Education-Kindergarten through University" to provide a blueprint for education in California in the 21st century, to support lifelong learning for all Californians, and to serve as an example to other states by raising the standard for educational excellence.

Res. Ch. 44 (SCR 32) Baca. National Day of Prayer.
This measure would recognize the first Thursday in May as the National Day of Prayer and ask that religious faiths of all denominations celebrate the dignity of and respect for all people and bring the message of peace and hope through prayer.

Res. Ch. 45 (SCR 35) Monteith. Remembrance Memorial for California Korean War Veterans.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This measure would honor the Remembrance Memorial for California Korean War Veterans located in the San Joaquin Valley National Cemetery.

Res. Ch. 46 (SCR 5) Kelley. Baja California, Mexico: sister state relationship/relación de hermandad con el Estado de Baja California, Mexico.

This measure would extend an invitation to the people of the State of Baja California, Mexico, to join with California in a sister state relationship/relación de hermandad con el Estado de Baja California, Mexico.

Res. Ch. 47 (SCR 18) Baca. Reflex Sympathetic Dystrophy (RSD) Syndrome Awareness Month.

This measure would proclaim May 1999 as Reflex Sympathetic Dystrophy (RSD) Syndrome Awareness Month.

Res. Ch. 48 (ACR 64) Leonard. Juneteenth, Emancipation Day.

This measure would declare June 19 as Juneteenth throughout the State of California, in honor of the 134th anniversary of Juneteenth, or Emancipation Day. The measure also would urge all Californians to reflect on the significant role that African Americans have played in the history of the United States and California and on the positive impact that they continue to make on society.

Res. Ch. 49 (ACR 5) Mazzoni. Marin County Veterans Memorial Freeway.

The measure would designate a specified portion of State Highway Route 101 in San Rafael the Marin County Veterans Memorial Freeway.

The measure would request the Department of Transportation to determine the cost of erecting appropriate highway signs or markers designating that specific portion of State Highway Route 101 in San Rafael the Marin County Veterans Memorial Freeway, and, upon receiving donations from nonstate sources covering that cost, to erect appropriate highway signs or markers.

Res. Ch. 50 (ACR 71) Steinberg. Synagogue fires in Sacramento.

This measure would declare that the Legislature sends support and heartfelt condolences to Congregation B'nai Israel, Congregation Beth Shalom, Kenesset Israel Torah Center, and the entire Sacramento community in connection with recent arson crimes committed at those synagogues. The measure also denounces these criminal acts and resolves to combat hatred, promote unity, assist in bringing those responsible to justice, and help the community rebuild the damaged synagogues.

Res. Ch. 51 (SCR 11) Hughes. School safety.

Existing law and the California Constitution set forth various provisions relating to school safety.

This measure would designate October 1999 as School Safety Month and the week of January 10 to 14, 2000, inclusive, as Yellow Ribbon Week.

Res. Ch. 52 (SCR 16) Perata. Stephen Lindheim Overcrossing.

This measure would designate the pedestrian overcrossing at 98th Avenue and Interstate Highway Route 880 in Oakland, California, the Stephen Lindheim Overcrossing in memory of Stephen Lindheim. The measure also would request the Department of Transportation to determine the cost of appropriate plaques or markers showing that special designation, and, upon receiving donations from nonstate sources covering that cost, to erect those plaques and markers.

Res. Ch. 53 (SJR 12) Escutia. Relative to housing.

This measure would memorialize the President and Congress of the United States and the federal Department of Housing and Urban Development to establish policies and funding priorities that will ensure the preservation of the inventory of federally assisted housing in California.

Res. Ch. 55 (SCR 12) Johannessen. POW Recognition Day.

This measure would designate April 9, 1999, as POW Recognition Day in California.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Res. Ch. 56 (SJR 3) Burton. U.S. Coast Guard.

This measure would memorialize the President and the Congress of the United States, and the United States Coast Guard to continue the operation of the United States Coast Guard Training Facility (TRACEN) Petaluma.

Res. Ch. 57 (SJR 10) Dunn. Reauthorization of the federal Older Americans Act of 1965.

Existing federal law establishes the federal Older Americans Act of 1965, which provides money for major nutrition, transportation, and other senior services.

This measure would memorialize the President and Congress of the United States to enact legislation reauthorizing the federal Older Americans Act of 1965.

Res. Ch. 58 (AJR 6) Briggs. Transportation: federal funds.

This measure would memorialize the President and the Congress to use the framework established under the federal Transportation Equity Act for the 21st Century when allocating federal transportation funds to California.

Res. Ch. 59 (ACR 55) Olberg. Fibromyalgia Awareness Month.

This measure would declare June 1999 to be Fibromyalgia Awareness Month, and would encourage the observance of this event in communities throughout the state.

Res. Ch. 60 (ACR 72) Ashburn. Valley Fever Awareness Month.

This measure would proclaim August 1999 as Valley Fever Awareness Month.

Res. Ch. 61 (SCR 17) Schiff. The Gene Autry Memorial Interchange.

This measure would designate the freeway interchange at the juncture of Interstate Highway Route 5 and State Highway Route 134, commonly referred to as the Ventura Freeway, the Gene Autry Memorial Interchange. The measure also would request the Department of Transportation to determine the cost for appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 62 (SCR 33) Dunn. Commemoration of the 100th anniversary of the Veterans of Foreign Wars.

This measure would commemorate the 100th anniversary of the founding of the Veterans of Foreign Wars.

Res. Ch. 63 (SJR 1) Speier. Medicare coverage.

This measure would memorialize the federal government to take steps to ensure that persons abandoned by Medicare HMOs have access to other HMOs or Medigap policies and to rescind the determination that disabled persons under 65 years of age enrolled in HMOs do not have the same rights as other Medicare enrollees, and would memorialize the President to issue an Executive order directing his administration to work closely and coordinate with California and other states to guide and assist Medicare enrollees who are abandoned by their HMOs to obtain new Medicare coverage.

Res. Ch. 64 (SJR 4) Solis. Afghan women's rights.

This measure would request the President of the United States and Congress to take necessary action to ensure the rights of women and girls in Afghanistan are not systematically violated, as specified.

Res. Ch. 65 (SJR 6) Solis. Filipino veterans of World War II: veterans' benefits.

This measure would memorialize the President and the Congress of the United States to take action necessary to honor our country's moral obligation to provide Filipino veterans with the military benefits that they deserve, including, but not limited to, holding related hearings, and acting favorably on legislation pertaining to the granting of full veterans' benefits to Filipino veterans of the United States Armed Forces.

Res. Ch. 66 (SJR 8) Solis. Main San Gabriel Groundwater Basin.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This measure would memorialize the President and Congress to enact legislation to make available necessary funds to implement groundwater remediation in the Main San Gabriel Groundwater Basin.

Res. Ch. 67 (SJR 9) Lewis. Orange County commissary.
This measure would request the President of the United States, the Congress, the Secretary of Defense, the Chairperson of the Joint Chiefs of Staff, the Chief of Naval Operations, and the Marine Commandant to authorize the continued operation of a commissary in Orange County after the closure of the United States Marine Corps Air Station at El Toro.

Res. Ch. 68 (ACR 4) Machado. Neighborhood Watch Month.
This measure would designate the month of August 1999 as Neighborhood Watch Month.

Res. Ch. 69 (ACR 65) Machado. California Pear Day.
This measure would declare August 11, 1999, as California Pear Day.

Res. Ch. 70 (AJR 4) Maldonado. Poisonous and noxious weeds.
This measure would memorialize all government agencies, particularly the United States Forest Service , the United States Bureau of Land Management, the Department of Transportation (CALTRANS), the Department of Fish and Game, and the Department of Forestry and Fire Protection, to abstain from using nonnative plant material and encourage the use of weed-free straw or California-grown rice straw in any of their programs within California.

Res. Ch. 71 (AJR 10) Leonard. Cryptographic products.
This measure would memorialize the President and the Congress to consider the relaxation of current United States export control laws governing cryptographic products, as specified, and to discourage the implementation of a federally mandated "key recovery" program.

Res. Ch. 72 (SCR 25) Morrow. Gunnery Sergeant John Basilone Memorial Freeway.
This measure would designate a specified portion of Interstate 5 the "Gunnery Sergeant John Basilone Memorial Freeway." The measure also would request the Department of Transportation to determine the cost for appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 73 (SCR 31) Polanco. Latino Behavioral Health Week.
This measure would proclaim the third week of September of each year "Latino Behavioral Health Week."

Res. Ch. 74 (SCR 37) Costa. California's Legislators Go Back to School Week.
This measure would proclaim the 3rd week in September as the annual week for California's Legislators Go Back to School Week.

Res. Ch. 75 (SJR 13) Baca. Former military base properties.
This measure would memorialize the President and the Congress of the United States to enact legislation to transfer former military base property to local communities at no cost if the local communities use the property for job-generating economic development, and to forgive lease payments for communities that have already entered into agreements with the Department of Defense.

Res. Ch. 76 (AJR 12) Lempert. Special education: federal funding.
This measure would memorialize the President and Congress of the United States to provide the full federal share of funding for special education programs to the states so that California and other states will not be required to take funding from other vital state and local programs to fund this underfunded federal mandate.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Res. Ch. 77 (AJR 17) Aroner. Work Incentives Improvement Act of 1999.

This measure would urge the United States Congress to pass the Work Incentives Improvement Act of 1999 in order to meet the urgent demands of people with disabilities who work or want to work across the nation.

Res. Ch. 78 (AJR 19) Papan. Just and peaceful resolution of the situation in Cyprus.

This measure would memorialize the President and Congress of the United States to continue their active support in finding a just, viable, and lasting solution to the situation in Cyprus within the framework, parameters, and principles set forth in House Concurrent Resolution No. 81 and Senate Concurrent Resolution No. 41, both of the 105th Congress, and United Nations Security Council Resolution 1217, adopted on December 22, 1998.

Res. Ch. 79 (ACR 2) Papan. Financial institutions: investigating committee.

This measure would establish a Joint Committee to Investigate Financial Institution Mergers and Acquisitions.

Res. Ch. 80 (ACR 14) Gallegos. California History Week.

This measure would designate the Saturday before, to the Sunday following, September 9th of every year as California History Week with special emphasis on September 9, Admission Day.

Res. Ch. 81 (ACR 17) Wayne. California Law Revision Commission: studies.

Under existing law, the California Law Revision Commission is required to study, and is limited to studying, those topics approved for its study by concurrent resolution of the Legislature.

This measure would grant approval to the commission to continue its study of designated topics that the Legislature previously authorized or directed the commission to study, would delete 5 topics that previously were approved by the Legislature for study by the commission, and would authorize the study of 4 new topics.

Res. Ch. 82 (ACR 35) Steinberg. University of California: remains of Ishi.

This measure would urge the Regents of the University of California to immediately take any and all actions necessary to ensure that the remains of Ishi, who was the last surviving member of the Yahi Indians, be returned to the appropriate tribal representatives. The measure would also urge the Governor to direct all affected state agencies to cooperate in this effort so that a proper Indian burial ceremony may take place.

Res. Ch. 83 (ACR 78) McClintock. North Valley Jewish Community Center tragedy.

This measure would condemn the acts of violence directed against the North Valley Jewish Community Center and postal carrier, Joseph Ileto, extend the sympathy of the Legislature to the victims and their families, and express the renewed determination of the state to eradicate the elements responsible for this violence.

Res. Ch. 84 (SCR 9) Baca. Red Ribbon Week.

This measure would proclaim October 23 through October 31, 1999, as Red Ribbon Week and would encourage all Californians to help build drug-free communities.

Res. Ch. 85 (SCR 15) Ortiz. State employee merit awards.

This measure would request that additional merit award payments, authorized by the Department of Personnel Administration, be made to specified individuals whose proposals have resulted in annual savings and net revenue gain to the state.

Res. Ch. 86 (SJR 2) Alpert. Offshore oil leases.

This measure would memorialize President Clinton to extend the moratorium on federal offshore leases to certain leases awarded prior to the moratorium or to terminate those leases.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Res. Ch. 87 (SJR 18) Kelley. Undocumented persons: medical and burial costs.

This measure would memorialize the President and Congress of the United States to enact legislation to provide for reimbursement of Imperial County for certain medical and burial costs incurred with respect to undocumented persons and would memorialize the United States Border Patrol to take certain actions with respect to those persons.

Res. Ch. 88 (ACR 53) Zettel. CHP Officer Christopher D. Lydon Memorial Freeway.

This measure would dedicate the northbound and southbound portions of State Highway Route 67 between Interstate Highway Route 8 and Mapleview Street in Lakeside, California, to the memory of California Highway Patrol Officer Christopher D. Lydon and would specify that this portion of State Highway Route 67 shall be known as the "CHP Officer Christopher D. Lydon Memorial Freeway." The measure also would request the Department of Transportation to determine the cost of appropriate highway markers or signs showing that special designation and, upon receiving donations from nonstate sources covering that cost, to erect appropriate highway markers and signs.

Res. Ch. 89 (ACR 77) Granlund. Truck Driver Appreciation Week.

This measure would declare the week of August 21 to August 28, 1999, Truck Driver Appreciation Week.

Res. Ch. 90 (AJR 27) Honda. War crimes: Japanese military during World War II.

This measure would urge the Government of Japan to finally bring closure to concerns relating to World War II by formally issuing a clear and unambiguous apology for the atrocious war crimes committed by the Japanese military during World War II and immediately paying reparations to the victims of those crimes. This measure would also call upon the United States Congress to adopt a similar resolution and would urge the President of the United States to take all appropriate action to bring about a formal apology and reparations by the Government of Japan.

Res. Ch. 91 (AJR 23) Runner. California film industry.

This measure would memorialize the President and the Congress of the United States to evaluate the relocation of film industry business to Canada and other foreign nations and to initiate trade-related legislation that would persuade the film industry to remain in California.

Res. Ch. 92 (SCR 8) Costa. Paraná: sister state relationship.

This measure would extend an invitation to the people of the State of Paraná, Brazil, to join with California in a sister state relationship.

Res. Ch. 93 (SCR 26) Costa. Inner Mongolia: friendship state relationship.

This measure would extend an invitation to the people of the Inner Mongolian Autonomous Region of China to join with California in a friendship state relationship.

Res. Ch. 94 (SCR 34) Peace. Donna De Neal Bridge.

This measure would designate the Interstate 805 Orange Avenue overcrossing as the Donna De Neal Bridge in honor and recognition of Donna De Neal. The measure also would request the Department of Transportation to determine the cost for appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 95 (SJR 15) Sher. Gasoline: MTBE.

This measure would memorialize the United States Environmental Protection Agency, to the extent permitted by the federal Clean Air Act, to grant an administrative waiver of the act's oxygenated gasoline requirement for the State of California. The measure would also memorialize the United States Congress, to the extent that an administrative waiver may not be granted, to enact legislation that would permit California to promulgate and implement specified reformulated gasoline standards and would memorialize the President of the United States to sign that legislation, if enacted.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Res. Ch. 96 (ACR 60) Corbett. The Loma Prieta earthquake and earthquake preparedness.

This measure would commemorate the 10-year anniversary of the Loma Prieta earthquake on October 17, 1999, and urge all California residents and businesses to engage in appropriate earthquake safety-related activities on an ongoing basis.

Res. Ch. 97 (ACR 67) Wildman. Glendale Police Officer Charles A. Lazzaretto Memorial Freeway.

This measure would designate the eastbound and westbound portions of State Highway Route 134 between Interstate Highway 5 and State Highway Route 2 the "Glendale Police Officer Charles A. Lazzaretto Memorial Freeway."

This measure would also request the Department of Transportation to determine the cost of appropriate plaques and markers showing that special designation, and, upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers.

Res. Ch. 98 (ACR 81) Reyes. California Grown Certified Farmers' Market.

This measure would recognize August 1999 as California Grown Certified Farmers' Market Month.

Res. Ch. 99 (ACR 87) Villaraigosa. 1999 earthquake in Turkey.

This measure would extend the condolences of the Legislature to the Republic of Turkey and to the victims of the August 17, 1999, earthquake and their families. It would express support for the citizens of Turkey, and urge the citizens of California to give generously to responsible charitable funds and organizations that are supporting relief efforts in the region.

Res. Ch. 100 (AJR 7) Maldonado. Alternative minimum tax.

This measure would urge the Congress of the United States to index the alternative minimum tax exemption and tax brackets for inflation.

Res. Ch. 101 (AJR 15) Robert Pacheco. Filipino veterans of the United States Armed Forces: full benefits.

This measure would memorialize the President and the Congress of the United States during the First Session of the 106th Congress to take action necessary to grant full veterans benefits to Filipino veterans of the United States Armed Forces.

Res. Ch. 102 (AJR 18) Reyes. Medicare coverage of prescription drugs.

Under existing law, the federal government provides health benefits to eligible individuals under the Medicare program. Generally, Medicare benefits do not include the cost of prescription drugs.

This measure would memorialize the President and Congress of the United States to enact legislation expanding Medicare benefits to include the cost of prescription drugs.

Res. Ch. 103 (AJR 26) Honda. Asian Pacific Americans.

This measure would request the President, Congress, and every American to recognize that it is necessary to protect the national security at national weapons laboratories in a manner that avoids false characterizations and stereotypes of all Asian Pacific Americans. The measure would urge the United States Attorney General and the United States Secretary of Energy to fully investigate all allegations of security breaches at national weapons laboratories and all allegations of retaliatory actions and discrimination against Asian Pacific Americans at national weapons laboratories and would also request the federal Equal Employment Opportunity Commission to vigorously investigate and enforce employment discrimination claims filed by Asian Pacific Americans. This measure would reaffirm that Americans of Asian Pacific ancestry are entitled to the same rights and privileges afforded all Americans.

Res. Ch. 104 (ACR 57) Hertzberg. Commemorative state seals.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This measure would provide for the creation of a 13-member Commemorative Seals Advisory Committee to make recommendations to the Governor and the Legislature regarding the design, construction, and dedication of 2 commemorative seals, one honoring Native Americans in California and the other honoring California's Spanish and Mexican heritage, for installation on the landing of the upper steps on the west side of the State Capitol on the level below the Great Seal of California.

The measure would specify that funds for the construction of the commemorative seals are to be provided either (1) by appropriation by the Legislature, provided that $^{1}/_{2}$ of the funds come from private contributions, or (2) by private donations to the advisory committee. The measure would further provide that the Joint Rules Committee shall be the recipient of these funds and responsible for administering the funds and organizing the construction of the commemorative seals.

Res. Ch. 105 (AJR 16) Torlakson. Transportation: trucks from Mexico.

This measure would memorialize the President and the Congress to maintain the existing restrictions on trucks from Mexico and other foreign nations entering California and to continue efforts to ensure full compliance by the owners and drivers of those trucks with all highway safety, environmental, and drug-enforcement laws.

Res. Ch. 106 (ACR 76) Campbell. California Family Month.

This measure would recognize November 1999 as California Family Month.

Res. Ch. 107 (ACR 93) Bock. California Skate Park Day.

This measure would proclaim October 23, 1999, as California Skate Park Day. The measure would also recognize the young people of the state who have empowered and improved themselves by working to bring about the construction of skate parks and would encourage all communities and private industries in California to recognize the benefits of skate parks by assisting in the creation and on-going support of those parks.

Res. Ch. 108 (ACR 18) Machado. Relative to California Veterans Day, 1999.

This measure would designate Thursday, November 11, 1999, as California Veterans Day, 1999.

Res. Ch. 109 (ACR 51) Wayne. Breast cancer.

This measure would designate the month of October as Breast Cancer Awareness Month and would designate October 15, 1999, as Breast Exam and Mammography Awareness Day.

Res. Ch. 110 (ACR 68) Oller. Officer Bill C. Bean, Jr. Memorial Highway.

This measure would designate a portion of State Highway Route 174, as prescribed, as the Officer Bill C. Bean, Jr. Memorial Highway. The measure would request that the Department of Transportation determine the cost of appropriate plaques and markers showing this designation and, upon receiving donations from nonstate sources, to erect plaques and markers.

Res. Ch. 111 (ACR 79) Hertzberg. Retinoblastoma Awareness Month.

This measure would recognize the month of October 1999 as Retinoblastoma Awareness Month and would encourage all Californians to make themselves and their families aware of the risk of retinoblastoma and the need for appropriate screening, early diagnosis, and referral.

Res. Ch. 112 (AJR 21) Runner. Child sexual abuse.

This measure would respectfully urge the President and Congress to reject and condemn any suggestions that sexual relations between children and adults, except for legal marriage relationships, are anything but abusive, destructive, exploitive, reprehensible, and punishable by law.

Res. Ch. 113 (AJR 32) Strickland. Medicare payments.

This measure would memorialize the Congress of the United States to enact legislation to require the Medicare prospective payment system to take into account the costs

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

associated with providing medically complex care and to provide a more accurate inflation adjuster index.

Res. Ch. 114 (ACR 91) Villaraigosa. Mexican Independence Week.

This measure would call on all the people of California to join the people of Mexico and Californians of Mexican heritage in recognizing and celebrating the 16th of September as Mexican Independence Day with the cry of Father Miguel Hidalgo y Costilla, "Long live independence! Death to bad government!" and would declare September 12 to 18, 1999, as Mexican Independence Week.

Res. Ch. 115 (AJR 33) Nakano. Space-related commerce.

This measure would memorialize the President and Congress of the United States to support specified federal legislation to classify spaceports as exempt facilities and enable state and local entities to sell bonds for private or public development of spaceport infrastructure.

Res. Ch. 116 (ACR 73) Thomson. Health screening and diagnosis.

This measure would urge health insurers and health care service plans to provide expeditious access to diagnostic and screening tests to ensure medically appropriate and cost-effective use of innovative treatments for life-threatening diseases and conditions, and would urge patients to be active advocates in seeking access to appropriate diagnostic and screening tests to support more informed treatment decisions and to ensure that health insurers and health care service plans provide coverage and payment.

Res. Ch. 117 (ACR 80) Thomson. California Hospice Month.

This measure would declare and proclaim the month of November as California Hospice Month.

Res. Ch. 118 (ACR 84) Reyes. Officer James Rapozo Memorial Freeway.

This measure would designate the portion of State Highway Route 198 that is between the intersection with State Highway Route 99 and State Highway Route 245 as the Officer James Rapozo Memorial Freeway.

The measure would also request the Department of Transportation to determine the cost of appropriate plaques and markers showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect appropriate plaques and markers.

Res. Ch. 119 (ACR 86) Aroner. Court Adoption and Permanency Month.

This measure would proclaim November 1999 to be "Court Adoption and Permanency Month."

Res. Ch. 120 (ACR 88) Cox. Rett Syndrome Awareness Month.

This measure would designate October 1999 as Rett Syndrome Awareness Month.

Res. Ch. 121 (ACR 92) Papan. Gambling prevalence survey.

This measure would express legislative support to conduct a gambling prevalence survey.

Res. Ch. 122 (AJR 31) Scott. NASA: Budget for fiscal year 2000.

This measure would commend the actions of the members of the United States House of Representatives from California to restore full programming for the National Aeronautics and Space Administration (NASA) for fiscal year 2000 and would strongly encourage all members of the United States Congress to actively support NASA funding for fiscal year 2000 in an amount sufficient to fully support and sustain scheduled projects.

Res. Ch. 123 (SCA 4) McPherson. Lotteries: charitable raffles.

(1) The California Constitution generally provides that the Legislature has no power to authorize lotteries and shall prohibit the sale of lottery tickets in the state, but specifically provides for the operation of the California State Lottery and empowers the

---

NOTE: Superior numbers appear as a separate section at the end of the digests.

Legislature to authorize cities and counties to provide for bingo games conducted for charitable purposes.

This measure would provide that, notwithstanding the general constitutional prohibition against lotteries, the Legislature may authorize private, nonprofit, eligible organizations to conduct raffles as a funding mechanism to provide support for their own or another private, nonprofit, eligible organization's beneficial and charitable works, provided that at least 90% of the gross receipts from the raffle go directly to beneficial or charitable purposes in California, and any person who receives compensation in connection with the operation of a raffle is an employee of the private nonprofit organization that is conducting the raffle. This measure would also state findings and declarations of the Legislature, as specified.

(2) The California Constitution provides that the Legislature may, by $^{2}/_{3}$ vote of each house of the Legislature, propose an amendment or revision of the Constitution, and that a proposed amendment or revision shall be submitted to electors and if approved by a majority of votes thereon takes effect the day after the election unless the measure provides otherwise.

This measure would provide that, notwithstanding this requirement, the Legislature may amend the percentage of a raffle's gross receipts required by this measure to be dedicated to beneficial or charitable purposes by means of a statute that is passed by a $^{2}/_{3}$ vote of each house of the Legislature and signed by the Governor.

Res. Ch. 124 (SCR 2) Murray. National Eye Care Month.

This measure would declare the month of January 1999 National Eye Care Month.

Res. Ch. 125 (SCR 14) Baca. Mexican independence.

This measure would call on all the people of California to join the people of Mexico and Californians of Mexican heritage in celebrating Mexican independence on the anniversary of the popular uprising of September 16, 1810.

Res. Ch. 126 (SCR 24) O'Connell. National Lymphoma Awareness Week.

This measure would designate the second week of October as National Lymphoma Awareness Week and recognize the work of the Lymphoma Research Foundation of America.

Res. Ch. 127 (SCR 36) Speier. CHP Officer Hugo Olazar Memorial Highway.

This measure would designate that portion of northbound Interstate 280 from the San Jose Avenue/Sickles Avenue onramp to the San Jose Avenue overcrossing to the memory of California Highway Patrol Officer Hugo Olazar. The measure also would request the Department of Transportation to determine the cost for appropriate signs showing this special designation and, upon receiving donations from nonstate sources covering that cost, to erect those signs.

Res. Ch. 128 (SCR 38) Johnston. City of Lodi Motorcycle Police Officer Rick Charles Cromwell.

This measure would designate the portion of State Highway Route 12 between Lower Sacramento Road and the Lodi City limits at State Highway Route 99 the "Officer Rick Charles Cromwell Memorial Freeway."

The measure also would request the Department of Transportation to determine the cost of appropriate plaques and markers showing that special designation, and, upon receiving donations from nonstate sources sufficient to cover that cost, to erect those plaques and markers.

Res. Ch. 129 (SCR 39) Baca. Memorial Day and Veterans Day: days of remembrance.

This measure would encourage Californians to demonstrate their support for veterans on Memorial Day and Veterans Day by treating those days as special days of remembrance and would make a statement regarding houses of worship and other institutions ringing bells at noon on those days, to be followed by a moment of silence, in recognition of veterans on Memorial Day and Veterans Day.

NOTE: Superior numbers appear as a separate section at the end of the digests.

Res. Ch. 130 (SCR 41) Murray. Sister state relationship: Governorate of Cairo, Egypt.

This measure would, on behalf of the people of California, extend an invitation to the people of the Governorate of Cairo, Egypt, to join with California in a sister state relationship in order to encourage and facilitate mutually beneficial social, economic, educational, and cultural exchanges that would lead to an indelible and lasting relationship between the residents of California and Cairo.

Res. Ch. 131 (SCR 43) Baca. Prostate Cancer Awareness Month.

This measure would proclaim the month of September 1999 as Prostate Cancer Awareness Month.

Res. Ch. 132 (SCR 46) Ortiz. Ovarian Cancer Awareness Month.

This measure would designate the month of September as Ovarian Cancer Awareness Month throughout the State of California, and would encourage and promote efforts to educate the people and the health care practitioners of the state regarding that disease and its early detection and prevention, the risk factors involved in its development, and the early warning symptoms and signs.

Res. Ch. 133 (SCR 49) Rainey. Breast Cancer Awareness Month and Breast Exam and Mammography Awareness Day.

This measure would declare the month of October 1999 as Breast Cancer Awareness Month and October 15, 1999, as Breast Exam and Mammography Awareness Day.

Res. Ch. 134 (SCR 51) Vasconcellos. Joint Committee on Preparing California for the 21st Century.

This measure would establish the Joint Committee on Preparing California for the 21st Century with specified duties and responsibilities. The joint committee would be composed of 9 members from each house of the Legislature. The joint committee would be authorized to act until November 4, 2004, when its existence would terminate.

Res. Ch. 135 (SJR 14) Costa. Relative to immunosuppressive drugs.

This measure would memorialize the Congress of the United States to enact Sen. No. 631 and H.R. No. 1115, in order that transplant recipients covered by Medicare will be able to receive immunosuppressive drugs for as long as is necessary for their continued health and well-being.

Res. Ch. 136 (SJR 21) Burton. Neurodevelopmental disorders.

This measure would memorialize the President and the Congress of the United States to provide substantial additional funding to the National Institutes of Health to study neurodevelopmental disorders in order to advance research and best practices in the assessment, intervention, and prevention of those disorders.

Res. Ch. 137 (SJR 22) Burton. Commemorative stamps.

This measure would urge Californians, government officials, and others to observe October 1999 as National Stamp Collecting Month.

Res. Ch. 138 (AJR 25) Briggs. Allied Hmong-Lao veterans.

This measure would memorialize the President and Congress of the United States to recognize the sacrifices and services rendered to our country by the Hmong-Lao veterans who served in the special guerrilla units that were allied with, and operating in support of, the military forces of the United States during the Vietnam War, by granting those veterans and their immediate families full United States citizenship.

Res. Ch. 139 (AJR 36) Havice. Americans with Disabilities Act.

This measure would memorialize the President and the Congress to (1) stand firm in their resolve to uphold the current provisions of the Americans with Disabilities Act (ADA), (2) thwart any attempts to weaken the act by enacting new legislation that nullifies the effect of any court decision that weakens the ADA, (3) take appropriate measures to encourage both public and private entities to implement the provisions of

NOTE: Superior numbers appear as a separate section at the end of the digests.

the ADA, and (4) establish whether the ADA has been applied in the manner in which it was intended, and whether any unintended consequences have resulted.

Res. Ch. 140 (ACR 69) Briggs. Lao-Hmong New Year Celebration.

This measure would proclaim November 25, 26, 27, and 28, 1999, as days for the celebration of the Lao-Hmong New Year in the City of Sacramento, and December 26, 27, 28, 29, 30, and 31, 1999, and January 1 and 2, 2000, as days for that celebration in the City of Fresno.

Res. Ch. 141 (ACR 90) Ducheny. Archie Moore Memorial Freeway.

This measure would designate the portion of Interstate Highway Route 15 between the Home Avenue exit and the Ocean View Boulevard exit in the City of San Diego as the Archie Moore Memorial Freeway.

Res. Ch. 142 (SCA 11) Burton. Gambling.

The California Constitution provides that the Legislature has no power to authorize lotteries, and shall prohibit the sale of lottery tickets in the state, but specifically authorizes the establishment of the California State Lottery. The California Constitution provides that the Legislature may provide for the regulation of horse racing and wagering on the results and may authorize cities and counties to provide for bingo games, but only for charitable purposes. The California Constitution also provides that the Legislature has no power to authorize, and shall prohibit, casinos of the type currently operating in Nevada and New Jersey.

This measure would provide that, notwithstanding the provisions of the California Constitution prohibiting lotteries and casinos of the type operating in Nevada and New Jersey, the Governor is authorized to negotiate and conclude compacts, subject to ratification by the Legislature, for the operation of slot machines and for the conduct of lottery games, and banking and percentage card games by federally recognized Indian tribes on Indian lands in California in accordance with federal law. The measure would also expressly permit slot machines, lottery games, and banking and percentage card games to be conducted and operated on tribal lands subject to these compacts.

Res. Ch. 143 (SCR 45) Karnette. Interagency Task Force on the Economic Development of the California-Mexico Border.

This measure would request the Governor to immediately establish an Interagency Task Force on the Economic Development of the California-Mexico Border, to comprise specified heads of state agencies. It would request the task force to perform specified duties and make reports to the Governor and the Legislature with respect to coordinating and promoting the federal administration's efforts for sustainable development along the California-Mexico border. It would provide that the task force shall terminate 30 days after submitting its final report due on July 15, 2002, unless a task force consensus recommends continuation of its activities.

Res. Ch. 144 (SCR 48) Brulte. Youth Day.

This measure would declare October as America's Celebration of Youth Month and proclaims that the 4th Sunday of October be declared annually as Youth Day in California.

Res. Ch. 145 (SJR 20) Alarcon. Atlas mill radioactive tailings site.

This measure would memorialize the President and the Congress of the United States to take those actions necessary to remove the radioactive mill tailings from the Atlas mill tailings site to an environmentally preferred location, and to transfer jurisdiction of the Atlas mill tailings site from the Nuclear Regulatory Commission to the Department of Energy, so that the site may be managed and funded under the Uranium Mill Tailings Radiation Control Act of 1978.

Res. Ch. 146 (SJR 24) Burton. Wildland fires: infrared line scan imaging technology.

NOTE: Superior numbers appear as a separate section at the end of the digests.

This measure would memorialize the Congress of the United States to ensure that the infrared line scan thermal imaging technology developed by the Department of Forestry and Fire Protection be deployed in the state by April 1, 2000.

NOTE: Superior numbers appear as a separate section at the end of the digests.

DIGEST OF RESOLUTION ADOPTED IN 1999

1999–2000 FIRST EXTRAORDINARY SESSION

RESOLUTION CHAPTER

Res. Ch. 1 (SCR 2) Burton. Final adjournment: 1999–2000 First Extraordinary Session.

This measure would provide that the 1999–2000 First Extraordinary Session of the Legislature shall adjourn sine die at midnight on March 26, 1999.

NOTE: Superior numbers appear as a separate section at the end of the digests.

1999 DIGEST CHAPTERS SUPERIOR NUMBERS

1 [Ch. 50] I object to the following appropriations contained in Senate Bill 160.

Item 0250-001-0001—For support of Judiciary. I reduce this item from $239,105,000 to $239,104,000 by reducing:

(c) 30-Judicial Council from $58,996,000 to $58,995,000,

and by deleting Provision 6.

I am deleting Provision 6 which would require the Judicial Council to develop and support a strategic committee on drug court strategy in the Judicial Council's drug court program and the Department of Alcohol and Drug Programs (DADP) Partnership Program. The DADP Partnership Program already has an existing committee assigned to determining administration of the Partnership Program, and the Judicial Council administers the drug court program. Therefore, this language is unnecessary because it would create duplicative activities that can best be handled by existing resources and their mutual coordination.

I am reducing $1,000 from this item to reflect savings that will be achieved based on vetoing Provision 6 of this Item.

Item 0250-101-0001—For local assistance, Judiciary. I reduce this item from $11,875,000 to $11,775,000 by reducing the following:

(b) 30.20-Califomia Drug Court Project from $1,958,000 to $1,858,000.

I am deleting the $100,000 legislative augmentation which would have supported establishment of a drug court program in the City of Fontana. This proposal would have created a local exception to the statewide application process to the Department of Alcohol and Drug Programs' Partnership Program and the Judicial Council's drug court program. Such an exception is not conducive to the already existing support program and evaluation system that is in place. However, if the County of San Bernardino wishes to tailor its own drug court program for the City of Fontana, the authority to do so exists pursuant to Chapter 1132, Statutes of 1996.

I am sustaining the $10,000,000 legislative augmentation to this item for the Equal Access Fund which will provide legal services for indigents in civil matters; however, I am sustaining this augmentation on a one-time basis.

Item 0450-101-0932—For local assistance, State Trial Court Funding. I reduce this item from $1,776,178,000 to $1,771,678,000 by reducing:

(d) 45-Court Interpreters from $51,619,000 to $47,119,000.

I am reducing the $7,000,000 legislative augmentation, which would have increased trial court interpreter compensation from the current level of $200 per day to $250 per day, by $4,500,000 and sustaining $2,500,000 of the augmentation. This will provide sufficient funding to allow the Judicial Council to ensure certified and registered interpreters are available for trial court criminal proceedings only to avoid criminal trials from being dismissed or re-tried due to lack of available certified interpreters.

Item 0450-111-0001—For transfer by the Controller to the Trial Court Trust Fund. I reduce this item from $890,370,000 to $885,870,000.

I am reducing this item to conform to the actions I have taken in Item 0450-101-0932.

Item 0540-001-0001—For support of Secretary for Resources. I revise this item by reducing:

(a) 10-Administration of Resources Agency from $4,244,000 to $3,494,000, and

(f) Amount payable from the Forest Resources Improvement Fund (Item 0540-001-0928) from −$1,000,000 to −$250,000.

I am revising this item to conform to the action I have taken in Item 0540-001-0928.

Item 0540-001-0928—For support of Secretary for Resources. I reduce this item from $1,000,000 to $250,000 and revise Provision 1.

I am reducing this item by $750,000 and sustaining $250,000 for the Secretary for Resources to develop a detailed strategy on how to best obtain a statewide assessment of the State's natural resources and habitat, and develop a long-term set of priorities and targets for future investment in resource protection and habitat acquisition and preservation. I believe that this effort is meritorious and will be useful in developing and implementing a strategy where growth is welcome in the State and at the same time identify where California's natural resources need to be protected. Because this will be a significant, multiyear effort, I believe that $250,000 is a sufficient level of resources to begin this important task.

I am revising Provision 1 to conform to this action.

"1. Notwithstanding Section 4799.13 of the Public Resources Code, of the amount appropriated by this item, ~~$1,000,000~~ *$250,000* shall be used by the Secretary for Resources for the development and publishing of a statewide Conservation and habitat blueprint. The blueprint shall assess the current condition of the state's natural resources and habitat and establish a long-term set of funding and policy priorities and targets for future for investment in resource protection and habitat acquisition or preservation. On or before January 10, 2000, the Secretary for Resources shall report to the chairs of the fiscal and policy committees of the Legislature on the development of the blueprint and when it anticipates the blueprint will be published."

Item 0540-103-0001—For local assistance, Secretary for Resources. I reduce this item from $4,200,000 to $3,200,000 by deleting:

(c) County of Los Angeles-Tujunga Wash River Parkway ($1,000,000)

Although this project may be meritorious, I am deleting funding for it to ensure the State maintains a prudent reserve.

Item 0550-005-0001—For support of the Secretary for the Youth and Adult Correctional Agency. I reduce this item from $1,622,000 to $622,000 by reducing:

(a) 15-Commission on Correctional Peace Officers' Standards and Training from $1,622,000 to $622,000.

and by revising Provision 1.

I am reducing the $1,200,000 Legislative augmentation for the Commission on Correctional Peace Officers' Standards and Training (CPOST) by $1,000,000 because I believe the remaining $200,000 will be sufficient to address the requirements of Chapter 762, Statutes of 1998. While I am strongly supportive of training for state correctional officers, and have provided sufficient funding in the Budget to increase new correctional officer training from 6 to 10 weeks, I believe it is premature to develop a 16 week training curriculum until the issue of further increase in training time has been addressed. I believe it would be prudent to allow CPOST to complete the training review and make recommendations regarding the appropriate number of training hours prior to developing and approving the curriculum.

I am revising Provision 1 to conform to this action.

"1. Of the funds appropriated in this item, ~~$1,200,000~~ $200,000 shall be available only to carry out duties assigned to the Commission on Correctional Peace Officer Standards and Training under Chapter 762 of the Statutes of 1998 ~~, and to review and approve curriculum for a future expansion of the Basic Correctional Peace Officer Training Academy to 16 weeks per training cohort~~ . Any funds not used for these specific purposes shall revert to the General Fund.

Item 0555-001-0001—For support of Secretary for Environmental Protection. I reduce this item from $5,710,000 to $3,710,000 and revise Provision 1 and delete Provision 2.

I am reducing $1,500,000 of the $2,000,000 legislative augmentation to implement a trailer bill that would authorize the Deputy Secretary for Law Enforcement and Counsel to enforce laws administered by CalEPA boards and departments. I am, however, supportive of the new enforcement authority provided in the trailer bill, and the $500,000 of this augmentation I have sustained should be more than adequate to fulfill this new responsibility.

I am revising Provision l to conform to this action.

''1. Of the ~~funds~~ *amount* appropriated in this item, ~~$2,000,000~~ *$500,000* shall be available only for the implementation of a statute that authorizes the Deputy Secretary for Law Enforcement and Counsel in the office of the secretary to enforce the laws administered by the boards, departments, and office that comprise the California Environmental Protection Agency, provided that 60 days prior to the expenditure of any of these funds, the secretary shall notify the Chair of the Joint Legislative Budget Committee of the secretary's expenditure plan for the funds.''

I am deleting the $500,000 legislative augmentation to implement a Presidential Executive Order on environmental justice. The Secretary for Environmental Protection is reviewing the structure, funding, and delivery of environmental programs and therefore this augmentation is premature.

I am deleting Provision 2 to conform to this action.

Item 0555-001-0044—For support of Secretary for Environmental Protection. I revise this item by reducing:

(b) 20-Special Environmental Programs from $8,259,000 to $6,259,000;
(5) 20.30-Environmental Enforcement ($1,500,000);
(6) 20.35-Environmental Justice ($500,000).

and (d) Amount payable from the General Fund (Item 0555-001-0001) from –$5,710,000 to –$3,710,000;

I am revising the schedules in this item to conform to the action I have taken in Item 0555-001-0001.

Item 0650-001-0001—For support of Office of Planning and Research. I delete Provision 1.

I am deleting Provision 1, which would require the Office of Planning and Research to fund the Innovation in Government Project within existing resources. This provision would not allow the Office of Planning and Research to receive reimbursements for this Project from the existing resources of participant departments, which is inconsistent with the Legislature's intent language in connection with the same project in the Department of General Services, the Department of Motor Vehicles, and the Franchise Tax Board. Clearly, the Legislature approved moving forward with the project, and Provision 1 conflicts with its intent and approval.

Therefore, because I am in agreement with the Legislature's intent that the Innovation in Government Project be funded within existing resources, I am vetoing the related funding appropriated to the Employment Development Department and the Department of Social Services. Further, I am directing that all five participant departments involved provide reimbursements to the Office of Planning and Research, as necessary to review projects in their area.

Item 0690-101-0001—For local assistance, Office of Emergency Services. I reduce this item from $1,299,000 to $1,249,000 by deleting:

(e) City of Garden Grove-Emergency Operations Center ($50,000)

I am deleting this legislative augmentation for a generator at the City of Garden Grove Emergency Operations Center. Although this augmentation may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

Item 0750-001-0001—For support of Office of the Lieutenant Governor. I reduce this item from $2,572,000 to $1,740,000.

I am deleting the $532,000 legislative augmentation for the Commission for Economic Development. The Commission was created by Chapter 1230, Statutes of 1971, ostensibly to assist in furthering the economic development of the state. Since 1971, other state agencies, including the Trade and Commerce Agency, have been charged with the responsibility for stimulating economic development in the state and funding for this Commission was eliminated in the 1994 Budget Act and has not since been funded.

I am also reducing the $510,000 legislative augmentation for additional staffing for this Office to $210,000. This funding will provide for two Principal Assistant positions: one to staff the Lieutenant Governor in his role on the Governor's State Housing Task Force and one to staff the Lieutenant Governor in his capacity as co-chair of the Commission on Building for the 21st Century. With this action, I have approved total increases over the prior level of staffing and funding for this Office of almost 25 percent.

Item 0820-001-0001—For support of Department of Justice. I reduce this item from $239,971,000 to $238,729,000 by reducing:

(4) 30-Civil Law from $87,922,000 to $87,422,000; and

(6) 45-Public Rights from $38,156,000 to $37,414,000.

I am deleting the $742,000 legislative augmentation for the Environmental Law Section. I have already proposed augmentations for the Public Rights Division that total over $4 million, which are sufficient to address the needs of the Public Rights Division, including the Environmental Law Section.

I am also deleting the $500,000 legislative augmentation to fund the implementation of SB 48, which would create a procedure under which the Attorney General could review a denial by a public agency of a request for disclosure of information under the Public Records Act. While I fully endorse strict compliance with the Public Records Act, there has been no demonstration that this amount would be necessary to implement the legislation. Providing this funding would be premature since this legislation has not been enacted.

Item 0820-101-0001—For local assistance, Department of Justice. I reduce this item from $7,774,000 to $6,524,000 by reducing:

(b) 40-Criminal Law from $3,855,000 to $3,355,000;

(c) 50-Law Enforcement from $1,000,000 to $250,000;

and by deleting Provision 3.

I am deleting a $500,000 legislative augmentation to provide funding for the Family Violence Unit of the County of Merced District Attorney's Office. While I fully support the intent of this program, this is an ongoing program for which funding should be a local responsibility.

I am reducing a $1,000,000 legislative augmentation for Sexual Assault Felony Enforcement (SAFE) teams by $750,000. The effect of this action is to approve $250,000 on a one-time basis to provide grants to local law enforcement agencies on a competitive basis to support SAFE teams. While I fully support the intent of this program, this is an ongoing program for which funding should be a local responsibility

I am deleting Provision 3 which would provide definitions of violence prevention and violence prevention programs, and require the Department to perform evaluations of its local assistance, violence prevention programs to ensure that they meet the definitions, maximize efficiency among programs, and establish meaningful performance goals. New violence prevention programs, which are often intended to address long standing social problems with creative and innovative approaches, is unnecessarily restricted by the predetermined definitions contained in this language.

Item 0845-001-0217—For support of Department of Insurance. I reduce this item from $102,582,000 to $101,582,000 by reducing:

(b) 12-Consumer Protection from $29,572,000 to $28,572,000.

This technical veto conforms to the Legislature's intent, and is consistent with the legislative action taken in Item 0845-011-0001, which included a $4,668,000 General Fund loan to the Insurance Fund which fully funds the Holocaust Era Insurance Claims Project. This veto will eliminate a $1,000,000 appropriation from the Insurance Fund that was inadvertently left in this item.

Item 0950-001-0001—For support of State Treasurer. I reduce this item from $5,119,000 to $5,079,000 by reducing:

(a) 100000-Personal Services from $13,721,000 to $13,579,000; and

(c) Reimbursements from –$13,056,000 to –$12,954,000.

I am deleting the $142,000 ($40,000 General Fund and $102,000 reimbursements) legislative augmentation for the restructuring of the Treasury Program Manager series. There is no question that I value the work performed by all state employees. Moreover, I recognize recruitment and retention of state employees is a widespread concern. However, this issue is more appropriately the responsibility of the Department of Personnel Administration.

Item 1100-301-0001—For capital outlay, California Science Center. I reduce this item from $788,000 to $538,000 by reducing:

(2) 11.00.004-Technology Hall and Hall of Health-Remodel—Preliminary plans, working drawings and construction from $750,000 to $500,000.

I am reducing the $750,000 legislative augmentation for the remodel of Technology Hall and Hall of Health at the California Science Center to $500,000. While I understand the need to relocate the administrative offices out of the armory related to the K–5 school project, the plans for the office relocation have not been fully developed. I am directing the Science Center to develop a relocation proposal, including justification for the scope, all support and capital outlay costs and schedules. The Science Center is further directed to provide the proposal to the Department of Finance for review by September 15, 1999.

I delete Provision 1 to conform with this action.

Item 1730-001-0001—For support of Franchise Tax Board. I delete Provision 5.

I am deleting Provision 5, which requires the Franchise Tax Board to provide notification to the Legislature upon approval by the Department of Information Technology of a special project report on the Board's acquisition of disaster recovery capability for its mainframe computer applications.

The special project report relating to this program was approved by the Department of Information Technology on June 4, 1999, and was forwarded to legislative committees and staff. Retention of this language would unnecessarily delay this project.

Item 1760-001-0001—For support of Department of General Services. I reduce this item from $10,735,000 to $10,535,000.

I am deleting the legislative augmentation of $200,000 for Capitol Commemorative Seals. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

Item 1760-001-0666—For support of Department of General Services. I revise this item by reducing:

(a) Program support from $521,593,000 to $521,393,000, and

(c) Amount payable from the General Fund (Item 1760-001-0001) from –$10,735,000 to –$10,535,000.

I am revising this item to conform to the action I have taken in Item 1760-001-0001.

Item 1760-101-0001—For local assistance, Department of General Services. I am reducing this item from $580,000 to $230,000 by deleting:

(a) Bookmobile Vehicles $350,000.

I am deleting the legislative augmentation of $350,000 for purchase of bookmobile vehicles in the County of Tulare. Although this augmentation may be meritorious, I am deleting this funding because this is essentially a local responsibility.

Item 1760-302-0001—For capital outlay, Department of General Services. I delete this item and Provision 1.

I am deleting the $3,000,000 legislative augmentation.

I do not believe it is appropriate to spend $3,000,000 in additional public funds for construction of a Governor's residence. Instead, I believe private funds should be sought to complete this project.

Item 2240-101-0001—For local assistance, Department of Housing and Community Development. I reduce this item from $7,354,000 to $7,054,000 by reducing:

(a) 20-Community Affairs Program from 113,189,000 to $112,889,000.

I am sustaining $500,000 for a specific farmworker housing development in Salinas. The budget also provides $3,500,000 from the General Fund for the Farmworker Housing Grant program in Item 2240-104-0001 for similar projects, making a total of $4,000,000 for housing for farm workers and their families. Thus I am deleting the $300,000 balance of the augmentation for this project.

Item 2240-104-0001—For transfer by the Controller to the Farmworker Housing Grant Fund (0927). I reduce this item from $5,000,000 to $3,500,000.

I am reducing the $3,000,000 legislative augmentation to expand the farmworker housing grant program by $1,500,000. Including the funds I am sustaining in Item 2240-101-0001, this program will have a total funding level of $4,000,000 in 1999–00. This is a substantial increase over the funding average of about $1.2 million per year over the past few years.

Item 2240-105-0001—For transfer by the Controller to the Emergency Housing and Assistance Fund (0985). I delete Provision 1.

I am deleting Provision l to conform to the action taken in Item 2240-109-0001.

Item 2240-107-0001—For transfer by the Controller to the Housing Rehabilitation Loan Fund (0929). I reduce this item from $12,500,000 to $6,000,000 and revise Provision 1.

I am reducing this $12,500,000 legislative augmentation for housing rehabilitation, acquisition, and code enforcement activities by $6,500,000. The $6,000,000 I am retaining in this item is intended to provide funds for loans for preserving, rehabilitating and building new housing for low-income families. I expect these funds to be used to efficiently leverage federal, local and private-sector funds available for housing. I have not retained funds for local code enforcement programs, pending a review by my Housing Task Force of the priorities for housing funding.

In addition to these funds, the Budget provides $2,500,000 for predevelopment loans for affordable housing, with a focus on coordinating available housing resources. Moreover, I understand that the federal government has recently modified its policies that threatened to produce large numbers of conversions of low cost rental housing to market rate housing and that it has identified $40 million for additional assistance to preserve existing low cost housing. This is a positive development, and I strongly encourage the federal government to allocate a more equitable share of resources for low cost housing to California.

I am revising Provision 1 to conform with this action.

''1. The funds transferred by this item shall be utilized for the purposes set forth in Chapter 6.5 (commencing with Section 50660) of Part 2 of Division 31 of the Health and Safety Code for multifamily housing rehabilitation or acquisition, or rehabilitation and acquisition ~~, or for support of local code enforcement programs~~ . First priority for the funds shall be the conservation of affordable housing for existing tenants. The funds shall be subject to the following provisions:

(a) Principal and accumulated interest is due and payable upon completion of the term of the loan. The loan shall bear interest at the rate of 3 percent per annum on the unpaid principal balance. At the time of loan closing, the Department of Housing and Community Development, ~~or the local government for code enforcement activities~~ , may defer up to 2 percent of the interest rate if necessary to provide affordable rents to households of very-low and low income. ''Affordable rent'' for the purposes of this item shall be established by the department to be consistent with the rent limitations imposed by the Low Income Housing Tax Credit Program, as administered by the California Tax Credit Allocation Committee.

(b) For projects receiving low-income housing tax credits, a sponsor may set income limits that match those required under any regulatory agreement entered into with the California Housing Tax Credit Allocation Committee.

(c) The department shall endeavor to achieve a reasonable geographic distribution of these funds and may waive any requirements of Chapter 6.5 (commencing with Section 50660) of Part 2 of Division 31 of the Health and Safety Code and any regulations adopted thereunder that are in conflict with the provisions of this item or that are necessary for prompt and effective implementation of the programs described in this item. Any rule, policy, or standard of general application employed by the department in implementing this section shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(d) The department may use up to ~~$800,000~~ *$400,000* of the amount transferred by this item for program administration.''

Item 2240-109-0001—For local assistance, Department of Housing Community Development; for transfer by the Controller to the Emergency Housing and Assistance Fund (0985). I delete this item and Provision 1.

I am deleting the $1,000,000 legislative augmentation and the $365,000 that the Legislature shifted from the Military Department's armory-based shelter program to this item for the Department of Housing and Community Development's weather-based homeless shelter grant program. I am setting aside these funds for appropriation by subsequent legislation that would expand the availability of the armories as a resource for homeless assistance as well as address the needs for homeless shelter funds in counties without armories. Under existing law, these funds would be distributed pursuant to a formula that takes into consideration the employment rates and relative poverty of the population of a county. All counties would be allocated a share of this amount, whether or not a Department of Military armory also serves the homeless population of that county.

I am also deleting Provision 1 of this item which raises the minimum county grant to $40,000, in conformance with this action. The existing minimum grant level of $10,000 is appropriate for the funding level I am retaining for the program.

Item 2660-001-0042—For support of Department of Transportation. I revise this item by deleting Provisions 8 and 15.

I am deleting Provision 8 which prohibits Caltrans from spending any funds for support, right-of-way, acquisition or construction of the 'Hatton Canyon Freeway' on Highway 1, between Carmel River Bridge and State Route 68, except funds necessary to obtain permits. In May, 1999, an amendment to the 1998 State Transportation Improvement Program was approved by the California Transportation Commission (CTC) to delete this project and reprogram the funding for the Route 101 Prunedale Bypass project. Consequently, this provision is unnecessary. If this project were to be reinstated in future years, existing law already requires Caltrans to obtain these permits before actual construction, making this language duplicative. Additionally, I view this language as inconsistent with Section 167 of the Streets and Highways Code which prohibits legislative selection for transportation projects.

I am deleting Provision 15 which prohibits the Department from spending any funds for right-of-way or for construction of the State Route 58 project in Kern County, until the Department produces reports on the project's effects on local water resources and agriculture. The Department of Transportation is already required by state and federal law to satisfy all local, state, and federal environmental review and permitting requirements and processes. The requirement to perform an agricultural study prior to proceeding with any support or right-of-way activities is a new requirement and represents a substantive change in law which can only be included within a single subject bill, not the budget act. I believe that the CTC has established adequate safeguards to be met prior to the construction of this project and any additional study requirements could delay the project unnecessarily.

Item 2660-101-0001—For local assistance, Department of Transportation. I reduce this item from $21,000,000 to $20,000,000 and revise Provision 1.

This legislative augmentation would partially fund the construction of a three-story 850-space parking structure adjacent to the Altamont Commuter Express rail station and the Livermore Valley Center Project by the City of Livermore. This project benefits a local public/private hotel and commercial space development more than parking for train riders. The budget includes $14 million that I proposed in the May Revision for a new engine and cars which will expand capacity for the Altamont Commuter Express by 50 percent and more directly serve the needs of commuters. Additionally, to the extent that the garage serves commuters, it should be included in the Regional Transportation Improvement Plan and proposed for funding through the normal transportation project budgeting process. As such, I view this augmentation as project-specific budgeting by the Legislature, which is inconsistent with Section 167 (e) of the Streets and Highways Code.

I am revising Provision 1 to conform to this action.

"1. Of the amount appropriated in this item, $14,000,000 shall be used for grants for the purchase of rolling stock for the Altamont Commuter Express, ~~$1,000,000 shall be used by the City of Livermore for the construction of a parking lot adjacent to the Altamont Commuter Express rail system,~~ and $6,000,000 shall be used for assistance to local government ferry operators in the San Francisco Bay Area in acquiring additional ferry boats. The Department of Transportation shall award one or more grants for ferry boats on a competitive basis. The availability of matching funds may be used as one means of ranking proposals."

Item 2660-103-0001—For local assistance, Department of Transportation. I delete this item.

I am deleting the legislative augmentation of $200,000 for allocation to the City of West Covina to purchase vacant property adjacent to Interstate 10 to use as an additional Park-n-Ride site. This project would be eligible for funding through the State Transportation Improvement Program (STIP); and thus there is no need to use General

Fund for this project. Because this project is eligible for funding through the STIP, I view this as project-specific budgeting by the Legislature, which is inconsistent with Section 167 (e) of the Streets and Highways Code.

Item 2660-104-0001—For local assistance, Department of Transportation. I reduce this item from $1,630,000 to $835,000 by reducing:

(a) 20.30-Local Assistance Grants from $1,630,000 to $835,000 by deleting $795,000 for the following projects:
  (1) City of Firebaugh, Street Sweeper Purchase (125,000)
  (2) City of McFarland Bus Stop Installation (25,000)
  (4) Bay Area Rapid Transit Mitigation Work in Millbrae School District (475,000)
  (6) Crescent City Airport Renovation (70,000)
  (7) State Highway 62 Repair (100,000)

I am deleting $795,000 for five local assistance grants in this item. The legislative augmentations for the City of McFarland Bus Stop Installation ($25,000), the Crescent City Airport Renovation ($70,000), and the State Highway 62 Repair ($100,000) should have been considered for inclusion in the State Transportation Improvement Program (STIP), and thus it is inappropriate to use the General Fund as a funding source. Since these projects are eligible for the STIP, I view their designation in this item as project-specific budgeting by the Legislature, which is inconsistent with subdivision (e) of Section 167 of the Streets and Highways Code. Additionally, I object to inclusion of $125,000 for a street sweeper for the City of Firebaugh on the basis that routine maintenance of local streets should remain exclusively a local responsibility. I am deleting the legislative augmentation of $475,000 to Millbrae Elementary School District to fund district revenue decreases associated with declining enrollment in the district due to construction related to the BART expansion to the airport. Current law allows districts a one-year ''hold-harmless'' provision, called the declining enrollment adjustment, for districts which experience a loss of students. Millbrae Elementary School District is eligible for and will automatically receive this funding, which allows school districts to receive funding based upon the greater of current year or prior year average daily attendance numbers, in order to allow the district sufficient time to make the necessary budget changes to accommodate permanent enrollment decreases. One year should be sufficient time for Millbrae Elementary School District to adjust expenditure levels to reflect the provision of services to fewer students.

Item 2660-301-0042—For capital outlay, Department of Transportation. I delete Provision 3.

Provision 3 identifies the source of revenues for the appropriation of the $22 million in this item for rail capital improvements. The definition of the revenue source referenced in this provision was to be established through separate legislation. However, these references no longer exist in the proposed legislation, rendering this provision meaningless.

Item 2740-001-0044—For support of Department of Motor Vehicles. I delete Provision 3.

I am deleting Provision 3 because this language is unduly restrictive and interferes with executive branch discretion regarding the implementation and continuation of new information technology projects. Detailed departmental assessments of Year 2000 readiness should proceed as currently planned, and a decision should be made on a case-by-case basis as to whether critical information technology projects can proceed, pending completion of Year 2000 related activities. This is consistent with my action taken on Section 11.10.

Item 2920-001-0001—For support of Trade and Commerce Agency. I reduce this item from $26,040,000 to $25,555,000 by reducing:

(a) 10-Economic Development from $10,459,000 to $10,359,000,

(d) 30-Tourism from $8,581,000 to $8,196,000.

I am deleting the legislative augmentation of $100,000 to study the economic benefits of an Inland Empire distribution center. The general feasibility of extending ship-going freight breakdown and repacking activities to the Inland Empire has already been studied by Caltrans at the Legislature's request. This study of a private freight distribution center would be more appropriately funded through private resources.

I am reducing by $385,000 the legislative augmentation of $950,000 for the California Film Commission. I am retaining $565,000 to provide assistance to film companies seeking California locations through the use of the CinemaScout computerized location database, by working to provide permits for film companies to use state property quickly and providing more assistance to local film liaisons. I am vetoing the remaining funds at this time until the need for them has been clearly demonstrated.

Item 2920-101-0001—For local assistance, Trade and Commerce Agency. I reduce this item from $26,453,000 to $22,903,000 by reducing.

(a) 10.30-Economic Development (Strategic Technology Program) from $21,088,000 to $17,788,000;

and by deleting:

(d) 40-Contracts, Grants and Loans ($250,000);

and by deleting Provision 3 as a conforming action.

I am deleting the $150,000 General Fund augmentation for support of a San Benardino Regional Technology Alliance. Regional technology alliances conduct peer reviews of applications for the Manufacturing Technology Grant program and provide assistance to regional manufacturing concerns developing new technology. Regions should compete on an equitable basis for creation of new technology alliances through the Trade and Commerce Agency process rather than being provided earmarked funding.

I am also reducing the California Unified Space Development program by $3,150,000 and deleting Provision 3 that allocates these funds as a conforming action. However, I am enthusiastic about the emerging commercial space flight industry that has the potential to add materially to California's economy and therefore sustaining only the appropriations of $1,250,000 for the California Space Flight Competitive Grant Program administered by the California Space and Technology Alliance, $1,100,000 for the Highway to Space Competitive Grant Program administered by the Western Commercial Space Center, and $1,000,000 for efforts to attract the VentureStar reusable launch vehicle project to a California site.

While I applaud the efforts of industry groups and local and regional government entities in providing direction to the development of this industry, however, there is a need to improve California's competitiveness with respect to other states and countries by establishing a more focused strategy for state government involvement. Before committing to an expansion of funding, legislation is needed which better articulates state government's goals and role in stimulating the development of this unique industry.

I am deleting the $250,000 augmentation for the California Institute for Federal Policy Research, a private, non-profit organization. These funds would provide support to the institute for policy research, a cash reserve for contingencies, and the implementation of a "California House" in Washington, DC. It is appropriate for state funds to be used to support California's official presence on federal policy issues through the Governor's Washington, DC office.

Item 2920-111-0001—For transfer, upon order of the Director of Finance, to the California Infrastructure and Economic Development Bank Fund (0649). For local assistance, California Trade and Commerce Agency. I delete Provision 1.

I am deleting Provision 1 that makes expenditure of the $425 million appropriated to the California Infrastructure and Economic Development Bank in this item contingent on enactment of a trailer bill.

AB 1661 appears to be the trailer bill that Provision 1 refers to, but the bill also includes a program to provide ongoing financial assistance for general local government purposes. The Infrastructure Bank program is already authorized in statute, and the provisions of AB 1661 are not essential with respect to the Bank. By linking the availability of these funds appropriated in the budget to the approval of this legislation, the Legislature has attempted to constrain my constitutional authority should I choose to veto AB 1661. While I am approving the $150 million one-time appropriation in Item 9210-118-0001 for local government in this budget, consideration of ongoing funding for local government should occur in the context of a broader local government discussion. I cannot be required to sign AB 1661 in order to preserve the availability of the funds appropriated in this item of the Budget Bill.

Tying the availability of the funds appropriated in the budget bill to separate legislation, which is unnecessary to authorize the expenditures contemplated in the budget bill, conflicts with the provisions of the State Constitution.

Item 3340-001-0001—For support of California Conservation Corps. I reduce this item from $33,807,000 to $32,195,000 by reducing:

(a) 10-Training and Work Program from $40,911,000 to $39,299,000,

and by deleting Provision 5.

I am reducing this item by $1,612,000 for the Bay Area Ridge Trail Project. Although this project may be meritorious, I am deleting funding for it to ensure the State maintains a prudent reserve.

I am deleting Provision 5 to conform to this action.

Item 3360-001-0001—For support of Energy Resources, Conservation and Development Commission. I reduce this item from $5,000,000 to $4,000,000.

I am reducing this item by $1,000,000 and sustaining $4,000,000 for a diesel emissions incentive program. This augmentation, together with the actions I am taking in the Air Resources Board budget, represents a considerable $23 million investment in this program, which represents a sufficient increase within available resources.

Item 3360-001-0465—For support of Energy Resources, Conservation and Development Commission. I revise this item by reducing:

(c) 30-Development from $93,827,000 to $92,827,000;

(fx) Amount payable from the General Fund (Item 3360-001-0001) from −$5,000,000 to −$4,000,000;

and by revising Provision 3.

I am revising Provision 3, which specifies the allocation of the amount appropriated in Item 3360-001-0001 for the diesel emissions incentive program, to conform with my action taken in Item 3360-001-0001.

"3. Of the funds appropriated in Schedule (fx), ~~$5,000,000~~ *$4,000,000* shall be expended for the support of the Diesel Emissions Incentive Program. Of this amount, ~~$2,500,000~~ *$2,000,000* shall be used for advanced technology projects and ~~$2,500,000~~ *$2,000,000* shall be used for alternative fuels infrastructure."

I am sustaining Provisions 1 and 2 which requires the Energy Resources, Conservation and Development Commission to evaluate the efficacy of the State's Renewable Energy Resources Program. I am also sustaining Provision 5, which requires the

Commission to prepare a plan regarding the post-transition administrative structure to achieve cost-effective energy efficiency and conservation in the State's energy markets. I believe that both reports will be useful. However, the reporting requirements outlined in these provisions fall short of providing a complete, objective assessment of the affected programs. The provisions prejudge the evaluations by assuming program continuation without first providing consideration for whether there is a need for the programs. Additionally, the provisions do not provide for adequate independent review to ensure the studies are valid, reliable, statistically sound, and based on performance measures. Therefore, I am directing the California Energy Commission to include these factors in the evaluations.

I am revising this item to conform to the action taken in Item 3360-001-0001.

Item 3360-102-0001—For local assistance, Energy Resources, Conservation and Development Commission. I reduce this item from $1,342,000 to $600,000 by deleting:

(a) Ventura County Air Pollution Control District—Clean Fuel Vehicles ($250,000);
(e) Santa Cruz Metropolitan Transit District—Alternative Fuel Program ($100,000); and
(f) Kern County—Convert Traffic Pedestrian Light to LED ($392,000).

Although these projects may be meritorious, I am deleting the funding at this time for these three projects to ensure the State maintains a prudent reserve.

Item 3480-102-0001—For local assistance, Department of Conservation. I delete this item.

I am deleting the $150,000 legislative augmentation for a local assistance grant to the City of Irwindale for the Manning Pit Reclamation project. Funding the reclamation of this city-owned abandoned mining site is a local responsibility. Additionally, it is my understanding that not all of the funds to complete the project have been committed, and there may be significant costs in future years. I am concerned about the precedent of providing state funding for this potentially costly local responsibility.

Item 3540-001-0001—For support of Department of Forestry and Fire Protection. I revise this item by reducing:

(b) 300000-Operating expenses and equipment from $169,737,000 to $168,237,000; and
(o) Amount payable from the Forest Resources Improvement Fund (Item 3540-001-0928) from −$17,189,000 to −$15,689,000;

and by deleting Provisions 4 and 5.

I am deleting Provision 4 which directs the Department of Forestry and Fire Protection to reactivate a fire crew at the Delta Conservation Camp to perform fire prevention and presuppression activities in the East Bay. As part of the California Fire Plan, the Department already assists communities in identifying prefire management projects that reduce total costs and losses from a major fire. Consequently, I have sustained the legislative augmentation of $220,000 to allow the Department to begin an assessment of the need for more firecrews in the East Bay.

I am deleting Provision 5 which would authorize the Department to begin a site selection process for a new fire camp in the Santa Clara Ranger Unit. I am not aware of any critical need for a new fire camp in the Santa Clara Ranger Unit. Given that the Department is fully staffed for its initial attack efforts, I question the need for additional fire camps. Moreover, a statewide assessment of fire camp needs should be conducted prior to selecting sites for any new fire camps.

I am revising this item to conform to the action I have taken in Item 3540-001-0928.

Item 3540-001-0928—For support of Department of Forestry and Fire Protection. I reduce this item from $17,189,000 to $15,689,000 and revise Provision 5.

I am reducing this item by $1,500,000 which provides that a fuel load reduction program be carried out by the California Conservation Corps and certified local community conservation corps. The Department of Forestry and Fire Protection does not have an expenditure plan for the use of these funds. I believe, however, that there is some need to increase the Department's fuel load reduction efforts for fire prevention purposes. Consequently, I am sustaining $500,000 and directing the Department to address the most critical areas in need of fuel load reduction and, where possible, to use the services of the state and local conservation corpsmember crews.

I am also revising Provision 5 to conform with the reduction I have made in this item and because it is unnecessarily restrictive and hinders the ability of the Department to achieve its goals related to wildland fire suppression.

"5. Notwithstanding Section 4799.13 of the Public Resources Code, of the amount appropriated in this item, ~~$2,000,000~~ *$500,000* shall be available for a fuel load reduction program to reduce the damage from wildfires spreading into urban areas. ~~To carry out this program, the Department of Forestry and Fire Protection shall use up to $1,000,000 of these funds to contract for the services of the California Conservation Corps and not less than $1,000,000 for grants to certified community conservation corps.~~ "

Item 3560-001-0001—For support of State Lands Commission. I reduce this item from $11,407,000 to $11,342,000 by reducing:

(b) 20-Land Management from 6,803,000 to $6,738,000,

and by deleting Provision 3.

I am deleting the $65,000 legislative augmentation for the museum display of artifacts recovered from the Brother Jonathan shipwreck. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am also deleting Provision 3 to conform to this action.

Item 3600-001-0001—For support of Department of Fish and Game. I reduce this item from $35,128,000 to $34,128,000.

I am deleting the legislative augmentation of $1,000,000 and five biologist positions and five botanist positions. No specific workload has been identified to support the need for these positions at this time. The Department has identified a significant number of vacancies in comparable classifications that will be filled in the near future. The 1998 Budget Act also provided $1.2 million to increase operational support for field biologists. The programmatic efficacy of the 1998–99 funding augmentation and filling the vacant positions should be assessed before consideration is given to any additional increases.

Item 3600-001-0200—For support of Department of Fish and Game. I revise this item by reducing:

(a) 20-Biodiversity Conservation Program from $73,641,000 to $72,641,000; and

(i) Amount payable from the General Fund (Item 3600-001-0001) from –$35,128,000 to –$34,128,000.

I am revising this item to conform to the action I have taken in Item 3600-001-0001.

Item 3600-102-0001—For local assistance, Department of Fish and Game. I reduce this item from $360,000 to $350,000 by deleting:

(2) 20.01-Calaveras County: New Hogan Lake Conservancy ($10,000).

Although this project may be meritorious, I am reducing the funding for it to ensure the State maintains a prudent reserve.

Item 3640-301-0001—For capital outlay, Wildlife Conservation Board. I reduce this item from $34,100,000 to $33,100,000 by reducing:

(2) 80.10-Wildlife Conservation Board Projects (Unscheduled) from $19,500,000 to $18,500,000.

I am strongly supportive of additional funding for acquisitions aimed at protecting wildlife habitat. However, I am making this modest reduction in the Board's funding to ensure the State maintains a prudent reserve. Overall, the Budget Act provides $158 million for wildlife habitat, land conservation, and public access to our State's natural resources.

Item 3680-101-0001—For local assistance, Department of Boating and Waterways. I delete this item and Provisions 1 and 2.

I am deleting the legislative augmentation of $3,500,000 for beach erosion control projects. This program activity is typically not funded from the General Fund. However, I am sustaining $500,000 from the Harbors and Watercraft Revolving Fund (Item 3680-101-0516) for this purpose.

I am deleting Provision 1 to conform to my action in this item.

I am also deleting the legislative augmentation of $12,000,000 for port dredging projects. The port and harbor authorities have the ability to generate operating revenue from their port activities. This legislative augmentation would constitute a subsidy for a revenue generating enterprise, which I do not believe is appropriate.

I am also deleting Provision 2 to conform to this action.

Item 3680-101-0516—For local assistance, Department of Boating and Waterways. I reduce this item from $58,254,000 to $55,134,000 by reducing:

(a) 10-Boating Facilities from $59,952,000 to $47,832,000 by revising and deleting the following subschedules:

Launching Facility Grants from (18,286,000) to (18,166,000)

(33) Kern County: Lake Isabella patrol boat dock and covering (120,000); Port Dredging Grants (12,000,000)

Port Dredging Grants (12,000,000)

(c) 30-Beach Erosion Control from $7,255,000 to $755,000;

by deleting:

(cx) Amount payable from the General Fund (Item 3680-101-0001) (–$15,500,000);

and by revising Provision 3.

I am reducing this item by $3,000,000 for the beach erosion control project and $120,000 for the Kern County Lake Isabella project due to inadequate revenues in the Harbors and Watercraft Revolving Fund to fund these projects. This action is necessary to continue funding for previously approved projects.

I am revising Provision 3 to conform to this action.

''3. Of the amount appropriated in Schedule (c), *$500,000* ~~$7,000,000~~ is for one-time funding of beach erosion control programs. ~~Of the amount specified in this provision, $3,500,000 is funded by the Harbors and Watercraft Revolving Fund, and $3,500,000 is funded by the General Fund.~~ Of the amount specified in this provision, 60 percent shall be available for allocation by the Department of Boating and Waterways for projects south of the point at which the Pacific Ocean meets the border between the County of San Luis Obispo and County of Monterey and 40 percent shall be available for allocation to projects located north of that point. Prior to the allocation of any of these funds, the department shall develop guidelines that include application requirements and criteria, consistent with the Resources Agency's policies for shoreline erosion protection.''

I am revising this item to conform to the action taken in Item 3680-101-0001.

Item 3760-302-0001—For capital outlay, State Coastal Conservancy. I reduce this item from $46,435,000 to $38,750,000 by reducing:

(1) 80.97.030-Conservancy Programs from $46,435,000 to $38,750,000,

and by revising Provision 3.

Since the State Budget includes approximately $158 million for conservancy programs and wildlife habitat preservation, I am deleting or reducing $7,685,000 in legislative augmentations from this item at this time to ensure the State maintains a prudent reserve. I am deleting funding for the following projects: Big Sur Scenic View Shed acquisition ($900,000), Capitola Wharf Public Access Project Rehabilitation ($285,000), and Monterey County Window by the Bay ($1,000,000). I am reducing the following projects: Elysian Valley from $5,000,000 to $1,500,000 and Mendocino Coast acquisitions from $5,000,000 to $3,000,000.

I am revising Provision 3 to conform to this action.

''3. The funds available in this item are available for activities consistent with Division 21 (commencing with Section 31000) of the Public Resources Code for the following projects: Association of Bay Area Governments: S.F. Bay Trail $2,500,000; City of Seal Beach: Ocean Water Quality Program, $150,000; City of Seal Beach planning, design, and construction of debris boom, $300,000; Bay Area Conservancy, $10,000,000; Palo Corona Ranch, $5,000,000; Union Point Park, $1,500,000; Otay River Valley acquisition, $3,250,000; Gaviota Coast acquisition, $5,000,000; City of Maywood: Maywood River Park, $1,800,000; Elysian Valley, ~~$5,000,000~~ *$1,500,000* ; Mendocino Coast acquisitions, ~~$5,000,000~~ *$3,000,000* ; Tijuana River Valley acquisition, $2,000,000; Bolina Lagoon restoration, $1,500,000; ~~Big Sur Scenic View Shed acquisition, $900,000~~ ; ~~Capitola: Wharf Public Access Project Rehabilitation, $285,000~~ ; Chollas Creek projects, $1,250,000; and ~~Monterey County: Window by the Bay, $1,000,000~~ .''

Item 3790-001-0001—For support of Department of Parks and Recreation. I reduce this item from $66,876,000 to $66,676,000 and delete Provision 1.

I am deleting the $200,000 legislative augmentation to undertake a study of the best ecological management of the Pescadero Marsh Natural Preserve. Although this project may be meritorious, I am deleting funding for it at this time to ensure the State maintains a prudent reserve.

I am deleting Provision 1 to conform to this action.

Item 3790-001-0392—For support of Department of Parks and Recreation. I revise this item by reducing:

(a) For support of the Department of Parks and Recreation from $194,219,000 to $194,019,000, and

(c) Amount payable from the General Fund (Item 3790-001-0001) from –$66,876,000 to –$66,676,000.

I am revising this item to conform to the action taken in Item 3790-001-0001.

Item 3790-101-0001—For local assistance, Department of Parks and Recreation. I reduce this item from $55,783,000 to $47,452,000 by reducing:

(a) 80.25-Recreational Grants from $55,783,000 to $47,452,000,

by deleting $6,106,000 for the following subschedules:

(3) City of Anaheim: Rehabilitate Hansen Park and School Children's Playground (150,000)

(4) City of Anaheim: Rehabilitate Maxwell Park's Playground (100,000)

(6) Antelope Valley High School District: Agricultural Vocational Center (350,000)

(11) City of Buena Park: Bellis Park Renovations (150,000)

(14) Carmichael Recreation and Park District: Renovation and Remodel for the Carmichael Park Swimming Pool (50,000)
(27) East Bay Regional Park District: Finish Iron Horse Trail (275,000)
(32) City of Folsom: Bicycle/Pedestrian Bridge (75,000)
(45) City of Garden Grove: Replace Marquee Sign at Garden Grove Gem Theater (25,000)
(47) City of Garden Grove: Upgrade Village Green Amphitheater (250,000)
(57) Highway 50 Association: Funding for Historic Wagon Train Activities (5,000)
(59) Jurupa Park and Recreation District: Memorial Park Swimming Pool Rehabilitation or Construction (200,000)
(60) Jurupa Park and Recreation District: Paramount Park (150,000)
(61) Jurupa Park and Recreation District: Rehabilitation of Memorial Park Community Center (200,000)
(70) City of Lancaster: National Soccer Center Activity Building (200,000)
(71) City of Lancaster: Antelope Valley Fairgrounds Exhibit Hall (800,000)
(72) City of Lancaster: Land Acquisition for YMCA/Lancaster Park (450,000)
(90) Los Angeles County: Hanson Dam Skateboard Park Construction (141,000)
(95) Mariposa County: Construction of paved walkways, parking, restrooms, and information outlets (125,000)
(102) City of Norco: Ingall Regional Park (200,000)
(104) North Highlands Recreation and Park District: Youth Center at McClellan Airbase (20,000)
(105) City of North Hollywood: Valley View Park Improvements (100,000)
(110) Orangevale Recreation and Park District: Upgrades and ADA Compliance to the Orangevale Community Park (65,000)
(113) City of Pomona: Community Center at Central Park-Funds for Design and Building (200,000)
(114) City of Pomona: Harrison Park (200,000)
(123) County of Sacramento: Bank Stabilization Project at Discovery Park (100,000)
(125) San Benito County: Veterans Memorial Park (100,000)
(126) San Benito Youth Services: Youth Center Land Acquisition (25,000)
(142) City of San Fernando: Renovation and Construction Projects at Brand Park (450,000)
(146) City and County of San Francisco: Edgehill Mountain Open Space Park acquisition (300,000)
(167) City of Scotts Valley: Civic Center renovation (25,000)
(173) Sunrise Park and Recreation District: Play Equipment and Surfacing Material at Antelope Station Park and Blue Oak Park (100,000)
(177) Tulare County: Creation of the Tulare Santa Fe Trail (250,000)
(178) Tuolumne County: Funding to Repair Check Dams in the Emigrant Wilderness Area (25,000)
(185) City of Yucaipa: Community Swimming Pool (250,000)

and by reducing $2,125,000 from the following subschedules:

(13) City of Campbell: Heritage Theater Restoration Project from $500,000 to $250,000;
(31) City of El Monte: Durfee Recreational Facility Project from $800,000 to $300,000;
(97) Mission San Juan Capistrano Preservation Society: Mission San Juan Capistrano Restoration from $2,000,000 to $1,000,000;

(106) City of Oakland: Conduct Engineering Study for the Concrete Walls Surrounding Lake Merritt from $750,000 to $500,000; and

(183) City of Westminster: Little Saigon Cultural Heritage Museum from $250,000 to $125,000.

Although these projects may be meritorious, I am deleting and reducing the funding for them to ensure the State maintains a prudent reserve. The reduction to subschedule (31) City of El Monte: Durfee Recreational Facility Project is to reflect an appropriate level of state participation in the project.

I am also deleting $100,000 for the City of Fresno: Replacement Underground Storage Tank of the Historic Van Ness Chevron (subschedule (39)) in Fresno because removal of underground storage tanks is the responsibility of the property owner. Additionally, by law, public and private property owners were required to remove underground storage tanks by December 1998.

Item 3790-301-0263—For capital outlay, Department of Parks and Recreation. I reduce this item from $10,815,000 to $10,814,000 by reducing:

(3) 90.RS.414-Guzman Ranch Project—Acquisition and Study from $5,305,000 to $5,304,000,

and by deleting Provision 3.

I am reducing this item by $1,000 and deleting Provision 3, which would require the Department of Parks and Recreation to notify the Legislature which property would be acquired for the Fresno Area Off-Highway Recreation Area not less than 30 days prior to the acquisition. The Budget already includes funding in this item to specifically purchase the Guzman property in Madera County for the Fresno Area Off-Highway Recreation Area. Therefore, this notification is redundant and unnecessary.

Item 3790-302-0001—For capital outlay, Department of Parks and Recreation. I reduce this item from $20,697,000 to $11,447,000 by reducing:

(1.1) 90.9H.120-Colonel Allensworth State Historic Park: Restorations—Preliminary plans, working drawings, and construction from $12,000,000 to $4,000,000;

(1.2) 90.CO.402-Henry W. Coe State Park: Mt. Hamilton—Acquisition from $2,000,000 to $1,000,000;

by deleting:

(1.3) 90.5N.411-Mount Diablo State Park: Open Space—Acquisition (250,000);

and by deleting Provision 1.

Although these projects may be meritorious, I am deleting or reducing $9,250,000 in legislative augmentations from this item to ensure the State maintains a prudent reserve.

Item 3860-002-0001—For support of Department of Water Resources. I reduce this item from $3,000,000 to $1,000,000 by reducing:

(a) 10-Continuing Formulation of the California Water Plan from $3,000,000 to $1,000,000,

and by revising Provision 1.

I am reducing this item because the multiyear appropriation provided in this augmentation is not consistent with Section 2 of the Budget Act, which provides that unless otherwise specified (such as capital outlay), the appropriations in the Budget Act are to be one year in nature. While I support the concept of updating the State's inventory of groundwater resources, and have retained $1,000,000 in this item to begin that process, I believe the Department of Water Resources should submit a comprehensive multiyear plan for the updating of Bulletin 118-80 that addresses the future year costs of this effort.

I am revising Provision 1 to conform to this action.

"1. Of the amount appropriated in this item, $1,000,000 shall be used ~~annually, in each of the 1999–00, 2000–01, and 2001–02 fiscal years,~~ to pay for the statewide update of the inventory of groundwater basins contained in Bulletin 118-80, which includes, but is not limited to, the following: the review and summary of boundaries and hydrographic features, hydrogeologic units, yield data, water budgets, well protection characteristics, and water quality and active monitoring data; development of a water budget for each groundwater basin; development of a format and procedures for publication of water budgets on the Internet; development of the model groundwater management ordinance; and development of guidelines for evaluating local groundwater management plans."

Item 3860-101-0001—For local assistance, Department of Water Resources. I reduce this item from $8,000,000 to $7,000,000 by reducing:

(a) 30.20-Flood Control Subventions from $2,000,000 to $1,000,000.

I am reducing the $2,000,000 legislative augmentation to fund local flood control projects authorized in the Flood Control Subventions Program to $1,000,000. I note that $44,000,000 is already appropriated for fiscal year 1999–00 for local flood control subventions and believe that additional state funding should include programmatic reforms that reexamine the State's role in funding these projects.

Item 3860-201-0001—For local assistance, Department of Water Resources. I reduce this item from $9,025,000 to $5,725,000 by deleting:

(e) City of Chico-Flood Study ($100,000),

(g) Colusa Basin Drainage District ($3,000,000),

and by reducing:

(i) Bethel Island Municipal District-Levees from $250,000 to $100,000,

Although these projects may be meritorious, I am deleting and reducing the funding for them to ensure the State maintains a prudent reserve.

I am also deleting the $50,000 legislative augmentation for the Anaheim Bay/Pacific Coast Highway debris removal project (Schedule (b)) because this is an issue which should be resolved between the City of Seal Beach and the California Department of Transportation. I am also directing the Department of Transportation to remove any debris for which it is responsible from the property at issue.

I delete Provision 1 to conform to this action.

Item 3900-001-0001—For support of State Air Resources Board. I reduce this item from $30,334,000 to $29,334,000 and revise Provision 3.

I am reducing $1,000,000 of the $6,000,000 legislative augmentation to provide grants for the purchase of new, low-emission technology for heavy-duty engines. Although this program is very important, this reduction is necessitated by the need to maintain a prudent reserve. Nevertheless, the $5 million sustained in this item, when combined with $14 million from a settlement with diesel engine manufacturers and $4 million in the Energy Commission's budget, provides a total of $23 million for the program. In addition, I am deleting language that would tie this augmentation to specific legislation. However, I am amenable to considering legislation that would establish this type of program in statute.

I am revising Provision 3 to conform to this action. This provision needs to be revised to conform the dollar amount and delete the language tying the money to legislation.

"3. Of the amount appropriated in this item, ~~$6,000,000~~ *$5,000,000* shall be used for the Diesel Emissions Incentives Program ~~, and shall only be available for expenditure if legislation that establishes the Carl Moyer Memorial Air Standards Program is enacted by January 1, 2000~~ ."

Item 3900-001-0044—For support of State Air Resources Board. I revise this item by reducing:

(a) 15-Mobile Source from $90,420,000 to $89,420,000

(f) Amount payable from the General Fund (Item 3900-001-0001) from –$30,334,000 to –$29,334,000.

I am revising the schedules in this item to conform to the actions I have taken in Item 3900-001-0001.

Item 3900-001-0115—For support of State Air Resources Board. I revise Provision 1.

I am revising Provision 1 because it would tie the expenditure of $14 million in this item to the enactment of specific legislation. Although the Air Resources Board already is implementing a diesel emissions incentive program under its basic statutory authority, I am willing to consider legislation that would establish this program specifically in statute.

''1. Of the amount appropriated in this item, $14,000,000 shall be used for the Diesel Emissions Incentives Program ~~, and shall be contingent on the availability of funds from a settlement with diesel engine manufacturers and the enactment of legislation by January 1, 2000, that establishes the Carl Moyer Memorial Air Standards Program~~ .''

Item 3900-101-0044—For local assistance, State Air Resources Board. I reduce this item from $15,111,000 to $7,511,000 by reducing:

(a) 35-Subvention from $15,111,000 to $7,511,000,

and by deleting Provision 1.

I am deleting the $7,600,000 legislative augmentation to provide additional financial assistance to local air pollution control districts for enforcement and compliance activities. Local air pollution control districts have the authority to charge fees to cover their administrative costs.

I am deleting Provision 1 to conform to this action.

Item 3930-001-0001—For support of Department of Pesticide Regulation. I reduce this item from $13,246,000 to $11,246,000 by reducing:

(b) 17-Enforcement, Environmental Monitoring and Data Management from $28,811,000 to $26,811,000,

and by revising Provision 1.

I am reducing $2,000,000 of the $3,000,000 legislative augmentation for the Pest Management Alliance Program, which provides grants for demonstration projects that promote reduced-risk pest management practices. The $1,000,000 sustained in this item, when combined with $500,000 budgeted in the Food Safety Account, will provide total program resources of $1,500,000, which equals the amount expended in each of the past two years. This action is necessary to ensure a prudent reserve

I am revising Provision 1 to conform to this action.

''1. Of the amount appropriated in this item, ~~$2,700,000~~ *$900,000* shall be used for grants administered through the Pest Management Alliance Program, and ~~$300,000~~ *$100,000* for administration of the program.''

Item 3940-001-0001—For support of State Water Resources Control Board. I reduce this item from $59,639,000 to $56,239,0000 by reducing:

(a) 10-Water Quality from $337,763,000 to $334,363,000,

and by deleting Provisions 3, 4, and 8 and revising Provision 7.

I am reducing $3,000,000 of the $4,000,000 legislative augmentation for ambient surface and groundwater quality monitoring in order to ensure a prudent reserve. This leaves a net augmentation of $1,000,000, which essentially doubles existing funding available for this meritorious effort.

I am revising Provision 7 to conform to this action.

''7. Of the amount appropriated in this item, ~~$1,000,000~~ *$250,000* shall be allocated to expand the existing toxicity testing program to test all priority watersheds identified by the State Water Resources Control Board in its annual priority watershed list where such testing would be beneficial ~~,~~ *;* ~~$1,000,000~~ *$250,000* shall be allocated to expand the existing Toxic Substances Monitoring Program, the State Mussel Watch Program, and the Coastal Fish Contamination Study ~~,~~ *;* and ~~$2,000,000~~ *$500,000* shall be allocated to contract with the United States Geological Service to monitor groundwater basins on a rotating basis.''

I am deleting the $400,000 legislative augmentation for completion of Phase I of the California Inland Waters Plan and the Bays and Estuaries Plan, because this activity already is being accomplished with existing resources.

I am deleting Provision 8 to conform to this action.

I am sustaining, on a one-time basis, the $3,000,000 legislative augmentation for the update and renewal of Waste Discharge Requirements and National Pollutant Discharge Elimination System permits and the $3,500,000 legislative augmentation for inspections of waste dischargers to address backlogs in these activities. Nevertheless, I am concerned about the use of the General Fund for these purposes since it appears appropriate that those who are regulated should pay for the cost of regulation under the ''polluter pays'' principle. Accordingly, I am asking the Water Resources Control Board to review the adequacy of the core regulatory program fee structure and future funding needs.

I am sustaining Provisions 6 and 9 to conform to this action.

I am deleting Provision 3 because it would prohibit the expenditure of $3,923,000 for TMDL activities prior to enactment of a statute that defines and codifies the Board's Impaired Water Bodies Restoration Program. The Board already has general statutory authority to implement this Program. Therefore, additional statutory authority is unnecessary.

I am deleting Provision 4 because it would condition the expenditure of one-third of the Board's budget on the adoption of legislation. This restriction is an infringement on the Executive Branch's ability to administer programs pursuant to existing law.

Item 3940-001-0890—For support of State Water Resources Control Board. I delete Provision 1.

I am deleting Provision 1 because it would prohibit the expenditure of $6,000,000 for TMDL activities prior to enactment of a statute that defines and codifies the Board's Impaired Water Bodies Restoration Program. The Board already has general statutory authority to implement this Program. Therefore, additional statutory authority is unnecessary.

Item 3940-011-0740—For transfer by the Controller from the 1984 State Clean Water Bond Fund to the State Water Pollution Control Revolving Fund. I delete Provision 1.

I am deleting Provision 1 because it would condition the expenditure of one-third of the Board's budget on the adoption of legislation. This restriction is an infringement on the Executive Branch's ability to administer programs pursuant to existing law.

Item 3940-101-0744—For local assistance, State Water Resources Control Board. I delete Provision 1.

I am deleting Provision 1 because it would condition the expenditure of one-third of the Board's budget on the adoption of legislation. This restriction is an infringement on the Executive Branch's ability to administer programs pursuant to existing law.

Item 3940-102-0001—For local assistance, State Water Resources Control Board. I delete this item.

I am deleting the $272,000 legislative augmentation for the forgiveness of a Water Quality Control loan obtained by Ventura County because the Board's statutory authority does not provide for the forgiveness of grants and loans issued for the building, replacement or modification of municipal wastewater collection and treatment systems. In addition, this augmentation would be inequitable to other similarly situated localities which retain a legal obligation for loan repayment.

Item 3960-001-0001—For support of Department of Toxic Substances Control. I reduce this item from $36,374,000 to $32,270,000 and delete Provisions 4 and 5.

I am deleting and setting aside the $1,000,000 legislative augmentation for the assessment of toxic exposure in schools. While the specific purposes of this augmentation were not delineated by the Legislature, the Site Mitigation program is currently addressing, on a priority basis, school sites with identified contamination problems. In addition, I applaud the efforts of local school districts to address this problem.

There is a need, however, to address the issue of possible toxic contamination in portable classrooms. Therefore, I am setting aside these funds and will be seeking legislation for that purpose.

I am deleting the $400,000 General Fund legislative augmentation to fund community assistance offices. Chapter 23, Statutes of 1999, which reestablished and revised the State Superfund Law, requires the Department to create two community service offices. Under the terms of Chapter 23, these offices are to be funded by a $400,000 annual appropriation from the Orphan Share Reimbursement Trust Fund; consequently, it would be inconsistent with statutory direction to fund the offices from the General Fund. It is my understanding that legislation has been introduced which would identify a source of funding for the Orphan Share Reimbursement Trust Fund, and the community assistance offices could be funded under the authority of that legislation upon enactment.

I am reducing $300,000 of the $500,000 legislative augmentation for increased inspection and enforcement at oil refineries. The net augmentation of $200,000 will increase inspection resources by over 70 percent, which I believe is an appropriate increase.

I am reducing $1,750,000 of the $2,000,000 legislative augmentation for increased hazardous waste management enforcement staff. I am concerned about the use of the General Fund for this purpose. It is appropriate that those who are regulated should pay for the cost of regulation under the ''polluter pays'' principle. Accordingly, I am asking the Director of the Department of Toxic Substances Control to review the adequacy of the Hazardous Waste Management Program fee structure and future funding needs.

I am deleting Provision 4 to conform to this action.

I am deleting the $654,000 legislative augmentation for new regulatory standards for unregulated chemicals. I believe that the enforcement of existing standards is a higher priority than developing new standards at this time. Also, I am concerned about the use of the General Fund for this purpose. It is appropriate that those who are regulated should pay for the cost of regulation under the ''polluter pays'' principle. Accordingly, I am asking the Director of the Department of Toxic Substances Control to review the adequacy of the Hazardous Waste Management Program fee structure and future funding needs.

I am deleting Provision 5 to conform to this action.

Item 3960-001-0014—For support of Department of Toxic Substances Control. I revise this item by reducing:

(a) 12-Site Mitigation from $74,077,000 to $72,677,000.

(b) 13-Hazardous Waste Management from $41,206,000 to $38,502,000.

(h) Amount payable from the General Fund (Item 3960-001-0001) from –$36,374,000 to –$32,270,000.

I am revising the schedules in this item to conform to the actions I have taken in Item 3960-001-0001.

Item 3980-001-0001—For support of Office of Environmental Health Hazard Assessment. I reduce this item from $11,262,000 to $9,162,000 by reducing:

(a) 10-Health Risk Assessment from $15,499,000 to $13,399,000,

and by deleting Provision 1.

I am reducing the $2,000,000 legislative augmentation for the scientific review of chemicals for various programs by $1,000,000 to ensure the State maintains a prudent reserve. I believe that a net augmentation of $1,000,000, combined with $2,000,000 of existing funding will be sufficient to address the most critical needs related to air toxic contaminants, public health goals, and bays and estuaries.

I am reducing $350,000 of the $700,000 legislative augmentation to develop regulations relating to pesticide worker safety, investigate reported illnesses, and provide physician training on pesticide-related illnesses due to lack of utilization of these funds in the past. In addition, investigating pesticide-related illnesses is the responsibility of the Department of Pesticide Regulation, and it would be inappropriate to transfer this responsibility to the Office of Environmental Health Hazard Assessment.

I am deleting the $500,000 legislative augmentation to develop guidelines for risk assessment procedures for chemical contaminants in food. While this is an important health issue the need for additional funds to incorporate new federal food safety requirements into dietary risk assessment guidelines has not been fully demonstrated and therefore this augmentation may not be necessary.

I am deleting the $250,000 legislative augmentation to evaluate exposure to diesel exhaust and develop related regulations. The state budget already contains $23,000,000 to address diesel exhaust. After extensive research, it is generally acknowledged that diesel exhaust constitutes a serious health risk. I believe that funds should be directed toward reducing exhaust emissions rather than more studies.

I am deleting Provision 1 to conform to this action.

Item 4140-001-0001—For support of Office of Statewide Health Planning and Development. I reduce this item from $2,006,000 to $826,000 by reducing:

30-Health Professions Development from $4,623,000 to $3,443,000,

and by deleting Provision 1.

I am deleting the $1,115,000 legislative augmentation to expand the Health Professions Career Opportunity Program and $65,000 and one position to expand the Song Brown Family Practice Residency Program. The 1999–00 Budget provides $9.7 million for health professions development, and given our other competing health care funding needs, I do not support this augmentation.

I am deleting Provision 1 to conform to this action.

Item 4140-101-0001—For local assistance, Office of Statewide Health Planning and Development. I am reducing this item from $7,420,000 to $7,235,000 by reducing:

(a) 30-Health Professions Development (Family Physician Training) from $6,820,000 to $6,635,000,

and by deleting Provision 2.

I am deleting the $185,000 legislative augmentation to expand the Song Brown Family Physician Program. The Song Brown Program has a base budget of $5.6 million, and given the need for funding in other health care priority programs, I do not support this augmentation.

I am deleting Provision 2 to conform with this action.

Item 4170-001-0001—For support of Department of Aging. I reduce this item from $3,892,000 to $3,742,000 by reducing:

(d) 40-Special Projects from $4,655,000 to $4,350,000; and

(g) Reimbursements from −$2,054,000 to −$1,899,000;

and by deleting Provision 1.

I am deleting the legislative augmentation of $150,000 and 3.8 personnel years to increase state staff for the Multipurpose Senior Services Program, which is administered by the Department of Aging but funded in the Medi-Cal budget. This conforms with my action to delete the augmentation for this program in Items 4260-101-0001 and 4260-101-0890.

I am also reducing reimbursements in this item by $155,000 to conform to the action taken in this item and in Item 4260-101-0890.

I am deleting Provision 1 to conform to actions taken in Item 4170-101-0001.

Item 4170-101-0001—For local assistance, Department of Aging. I reduce this item from $34,052,000 to $32,085,000 by reducing:

(a) 10-Nutrition from $65,980,000 to $64,980,000;

(c) 30-Supportive Services and Centers from $37,012,000 to $36,712,000; and

(d) 40-Special Projects from $22,755,000 to $22,088,000;

and by deleting Provision 3 and revising Provision 4.

I am sustaining the $4,196,000 legislative augmentation for the Linkages, Long-Term Care Ombudsman, Respite, Brown Bag, Senior Companion and Foster Grandparent programs. The Budget I am approving for the Nutrition Program includes an increase of $474,000 to meet increased demand for services; therefore, I am deleting the legislative augmentation of $1,000,000. Also, the Health Insurance Counseling and Advisory Program includes an increase of $501,000 to meet the increased demand for services, therefore I am deleting the $667,000 legislative augmentation.

I am deleting Provision 3 and revising Provision 4 to conform to this action.

''4. Of the funds appropriated in this item, ~~$3,196,000~~ *$2,196,000* shall be available for the expansion of community-based programs. These funds shall be allocated according to the following schedule: $1,500,000 for Linkages ~~,~~ ~~$1,000,000~~ ~~for the home -delivered meals nutrition program~~ , $200,000 for Brown Bag, $187,000 for Respite purchase of service, $183,000 for Senior Companion, and $126,000 for Foster Grandparents. Included in this funding are administrative costs for participating Area Agencies on Aging, as provided for in subdivision (b) of Section 9536 of the Welfare and Institutions Code. An Area Agency on Aging shall not quality [sic] for community-based service program expansions funded in this act for any program from which they have transferred funds as allowed by subdivision (e) of Section 9535 of the Welfare and Institutions Code.''

I am deleting the $300,000 legislative augmentation for the Westminster Senior Center to purchase passenger vans. The Budget allocates $31,514,000 to local Area Agencies on Aging for older adult supportive services. The Area Agencies on Aging may allocate their funding to senior centers and/or transportation assistance projects as part of the competitive grant process if these services are a local priority.

Item 4200-001-0001—For support of Department of Alcohol and Drug Programs. I reduce this item from $4,946,000 to $4,646,000 by reducing:

(a) 15-Alcohol and Other Drug Services Program from $29,144,000 to $28,844,000.

I am reducing the $300,000 legislative augmentation for the administrative costs associated with the expansion of Drug Courts to conform to action taken in item 4200-101-0001.

Item 4200-101-0001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from $38,028,000 to $32,328,000 by reducing:

(a) 15-Alcohol and Other Drug Services Program from $302,286,000 to $296,586,000.

I am deleting the $5,700,000 legislative augmentation to expand Drug Courts to include Juvenile, Dependency, Pre- and Post-Conviction Drug Courts. The 1999–00 Budget provides an increase of $8,000,000 for the Drug Court Partnership Program, a 200 percent increase above the base funding of $4,000,000. This increase for Drug Courts is provided as specified in Chapter 1007, Statutes of 1998.

Item 4260-001-0001—For support of Department of Health Services. I reduce this item from $188,357,000 to $183,217,000 by reducing:

(1) 10-Public and Environmental Health from $275,283,000 to $258,925,000;

(2) 20-Health Care Services from $397,402,000 to $397,042,000;

(25) Amount payable from the Health Education Account, Cigarette and Tobacco Products Surtax Fund (Item 4260-001-0231) from –$36,353,000 to –$25,045,000;

(43) Amount payable from the Federal Trust Fund (Item 4260-001-0890) from –$263,057,000 to –$262,787,000;

and by deleting Provisions 7 and 11.

I am reducing $2,500,000 of the $5,000,000 General Fund legislative augmentation for certain cancer research expansions. While I support this important program, the Budget contains approximately $32.5 million General Fund, including $25.0 million in recent increases and $2.5 million in 1999–00 for enhancing cancer-related services. The Budget also contains $5.0 million General Fund for a one-year breast cancer treatment program that will provide services through a contract to a nonprofit organization with prior successful experience administering such a program. I am deleting Provision 11 to conform to this action.

I am deleting the $2,400,000 General Fund legislative augmentation for the California Cancer Registry. While I am supportive of the services provided by this program, the Budget already contains approximately $6,700,000 ($4,000,000 General Fund) for the Cancer Registry and additional resources for expansions of other high-priority cancer-related services, as indicated above.

I am deleting the $150,000 General Fund legislative augmentation for evaluating the State's capacity to collect ethnicity data. The Budget includes $2,000,000 ($1,000,000 General Fund) to improve data collection and analysis efforts, including services for ethnic communities. I am deleting Provision 7 to conform to this action.

I am reducing the $13,308,000 legislative augmentation from the Cigarette and Tobacco Products Surtax Fund (CTPSF) litigation reserves by $11,308,000 for the anti-tobacco media campaign ($10,000,000) and program administration ($1,308,000). These reserves were originally set aside for the Americans for Non-Smokers Rights II v. State of California case. Additional state exposure exists in the related and outstanding Just Say No To Tobacco Dough Campaign et al. v. State of California case. Accordingly, these funds are being held in reserve to minimize fiscal exposure until a settlement has been reached in both cases.

I am deleting the $90,000 General Fund Legislative augmentation to review treatment authorization requests (TARs) at Southern California hospitals. This augmentation is unnecessary because the budget already includes sufficient funding to meet TAR workload. Further, the Department of Health Services already has the flexibility to redirect TAR review staff to hospital locations. In addition, I am deleting $270,000 from the Federal Trust Fund 4260-001-0890 to conform to this action.

Item 4260-001-0231—For support of Department of Health Services. I reduce this item from $36,353,000 to $25,045,000 by reducing:

I am reducing this item by $11,308,000 from the Cigarette and Tobacco Products Surtax Fund litigation reserves to conform to actions taken in Item 4260-001-0001.

Item 4260-001-0890—For support of Department of Health Services. I reduce this item from $263,057,000 to $262,787,000 by reducing:

I am reducing this item by $270,000 to conform with actions taken in Item 4260-001-0001.

Item 4260-101-0001—For local assistance, Department of Health Services. I reduce this item from $7,628,395,000 to $7,586,720,000 by reducing:

(a) 20.10.030-Benefits (Medical Care and Services) from $18,702,607,000 to $18,548,063,000;

(b) 20.10.010-Eligibility (County Administration) from $1,027,134,000 to $1,025,286,000;

(e) Amount payable from Federal Trust Fund (Item 4260-101-0890) from –$12,297,525,000 to –$12,182,808,000;

and by deleting Provisions 14,18, 20,21 and 22.

I am deleting the $2,000,000 General Fund legislative augmentation which requires the Department of Health Services (DHS) in conjunction with the University of California to conduct and evaluate pilot projects for dental care. Private foundation or Proposition 10 funds are a more appropriate funding source for this research.

I am reducing by $1,400,000 the $2,800,000 General Fund legislative augmentation to increase Medi-Cal optometry rates. The remaining augmentation is expected to provide Medi-Cal beneficiaries with greater access to optometry services. In addition, I am deleting $1,400,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am deleting the $400,000 General Fund legislative augmentation for the Plaza Community Center organization to construct a teen center in the City Terrace neighborhood of Los Angeles. Because this augmentation is not for direct health care, it does not fit within the purposes of the Medi-Cal program. However, because this is a commendable endeavor, I would be willing to consider legislation appropriating General Fund for this project.

I am reducing by $2,000,000 the $4,000,000 General Fund legislative augmentation to increase Medi-Cal ambulance rates. The remaining augmentation along with the $4,000,000 General Fund for a rate increase in the 1998–99 budget, which increases rates over a two-year period by 53 percent, is sufficient to ensure the provision of critical ambulance services. In addition, I am deleting $2,000,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am reducing by $175,000 the $262,000 General Fund legislative augmentation for a 30 percent increase in Medi-Cal and Family PACT rates for tubal ligations. In addition, I am deleting $1,331,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action. The remaining increase of $753,000 will provide a 10 percent rate increase for tubal ligations in both programs, which is sufficient to maintain access to these important services.

I am deleting the $1,850,000 General Fund legislative augmentation to expand the Multipurpose Senior Services Program (MSSP), which is administered by the Department of Aging but funded in the Medi-Cal budget. The 1999–00 budget includes a 21 percent increase in MSSP funding without this augmentation. This reflects the full-year cost of the program expansion initiated in 1998–99 which provided a 54 percent increase in funding for the MSSP program. With this expansion, MSSP services are available to residents in all counties. In addition, I am deleting $2,000,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am reducing by $5,100,000 the $5,600,000 General Fund legislative augmentation for therapeutic behavioral services to children eligible for early and periodic screening, diagnosis, and treatment. The known current population of children to be served in this program is five or fewer. Therefore, the amount of the augmentation is greater than necessary. However, upon resolution of a pending lawsuit, this program caseload and cost will likely increase. To the extent the magnitude of this increase can be estimated by next fall, I will include expanded funding in the 2000–01 proposed budget. In addition, I am deleting $5,100,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am reducing by $26,700,000 the $67,700,000 General Fund legislative augmentation for expansion of Medi-Cal for low-income families which would have raised to 150 percent of poverty the maximum income levels for applicant families to be made eligible for Medi-Cal services. Instead, I am raising the maximum applicant income level to 100 percent of the federal poverty level which will allow over 250,000 additional persons to be covered by Medi-Cal. This action requires only $41,000,000 of the $67,700,000 augmentation. In addition, I am deleting $26,700,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am reducing by $2,050,000 the $2,734,000 General Fund legislative augmentation to conform to the actions taken in Item 4260-111-0001 related to California Children's Services rates. In addition, I am deleting $2,050,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am reducing by $65,150,000 the $91,035,000 legislative augmentation from the Federal Trust Fund, Item 4260-101-0890, to conform to action taken in Item 5180-111-0001 related to In-Home Supportive Services Public Authority State Share-of-Cost, Department of Social Services.

I am reducing by $8,986,000 the $10,276,000 legislative augmentation from the Federal Trust Fund, Item 4260-101-0890, to conform to action taken in Item 5180-151-0001 related to Adult Protective Services Program expansion, Department of Social Services.

I am deleting Provision 14, which would require the DHS to convene a workgroup comprised of county representatives, consumers, representatives of the Legislature, and children's groups to craft options for streamlining the Medi-Cal application process and related functions. This language is unnecessary as DHS already seeks input on these matters from such groups. Further, I am directing DHS to review the Medi-Cal application process and to develop proposals, with appropriate input, to streamline this process.

I am deleting Provision 18 which would require DHS and the Managed Risk Medical Insurance Board (MRMIB) to convene a workgroup of specified composition to discuss and craft options to implement a single point of entry for Medi-Cal and Healthy Families child enrollment and related functions. This language is unnecessary as DHS and MRMIB already confer with workgroups, as appropriate. However, I am supportive of cost-effective modifications and simplification in eligibility determination to reduce the burden on both applicants and county administration and am supportive of mail-in applications for eligibility determination by the counties and removal of the need for applicants to apply in person.

I am deleting Provision 20 which would require DHS to convene a work group including drug manufacturers, physicians, health care organizations, and Medi-Cal beneficiary advocates to discuss options to ''streamline'' the treatment authorization request (TAR) process and to improve patient access to prescription drugs. Additionally, the workgroup would consider authorizing physicians to self-approve their own TARs for prescriptions. The DHS would be required to report to the Legislature on the workgroup's recommendations by March 1, 2000. These requirements are unnecessary.

Turnaround time for processing pharmaceutical TARs is currently less than 24 hours. However, I am directing the DHS to consider further improvements to the treatment authorization process.

I am deleting Provision 21 which would require DHS to redirect budgeted resources to complete a public awareness survey to measure the effectiveness of Medi-Cal and Healthy Families Program outreach activities. This language is unnecessary and duplicative. Existing law requires a comprehensive annual outreach plan to be submitted to the Legislature, including results of the previous year's outreach efforts. The DHS has existing authority to conduct any necessary survey without this language.

I am deleting Provision 22 in Item 4260-101-0001 and Provision 14 in Item 4260-111-0001, which would require DHS to withhold the Los Angeles County share of any benefit from the reduction of the ''State Administrative Fee,'' and all funds under the Disproportionate Share Hospital (DSH) program, and the California Health Care for the Indigents Program until Los Angeles County submits plans to construct a 750-bed hospital, as certified by the Office of Statewide Health Planning and Development. There are no funds in Item 4260-101-0001 which represent benefit to the County resulting from the reduction in required contribution and which therefore could be withheld pursuant to this Provision. As Los Angeles County is statutorily required to contribute to the DSH program, such contributions without return may constitute a reimbursable state mandated local cost resulting in the General Fund repaying Los Angeles County. Further, notwithstanding language limiting the impact of this provision only to the ''LAC/USC Medical Center,'' the language would directly affect all private and public hospitals if Los Angeles County elected not to submit its corresponding intergovernmental transfer, substantially reducing the nonfederal portion of the entire DSH Program adversely. Finally, this language would put at risk hundreds of millions of Los Angeles County's health care funding, thereby jeopardizing the health of the residents of the county. I call upon the Los Angeles County Board of Supervisors and all interested parties to reach consensus on the appropriate size for this hospital prior to my submission of the 2000–01 State Budget.

I am sustaining the $36,000,000 General Fund and commensurate federal fund legislative augmentation to increase minimum nursing home staff-to-resident ratios and provide a five percent wage and benefits increase to direct care staff in these facilities. However, I am sustaining this augmentation with the expectation that the nursing home industry work with the Administration, the Legislature, and others to develop and approve meaningful nursing home reforms to accompany these rate increases.

I am sustaining the $500,000 General Fund augmentation for school-based health centers in Alameda County. However, this augmentation is for one-year only in order to allow Alameda County to pursue federal funds potentially available for this purpose or local school district funds.

I am sustaining the $200,000 General Fund augmentation for the South Coast Air Quality Management District (SCAQMD) to conduct face-to-face community educational outreach focused on at-risk children and activities related to chronic illness caused by air pollution. While the efforts of SCAQMD are commendable, this augmentation is for one-year only to allow SCAQMD time to seek funding through other, more appropriate sources such as private foundation or Proposition 10 funding for these activities.

I am sustaining the $250,000 General Fund augmentation for the Venice Dental Clinic. While these funds are to fill an unfunded deficit in this clinic's operational budget, to the extent these services are provided to those who are Medi-Cal eligible, these services are already funded. Clinic services for the medically indigent are an on-going responsibility of the county. Therefore, these funds are provided on a one-time basis.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from $12,297,525,000 to $12,182,808,000.

I am reducing this item to conform to the action I have taken in Item 4260-101-0001.

Item 4260-111-0001—For local assistance, Department of Health Services. I reduce this item from $402,303,000 to $346,723,000 by reducing:

(5) 10.30.040-Chronic Diseases from $99,502,000 to $64,506,000;
(7) 10.30.060-AIDS from $232,872,000 to $229,397,000;
(8) 20.30-County Health Services from $124,555,000 to $94,553,000;
(9) 20.40-Primary Care and Family Health from $1,388,370,000 to $1,363,469,000;
(17) Amount Payable from the Health Education Account, Cigarette and Tobacco Products Surtax Fund (Item 4260-111-0231) from –$54,316,000 to –$35,116,000;
(19) Amount Payable from the Physician Services Account, Cigarette and Tobacco Products Surtax Fund (Item 4260-111-0233) from –$10,386,000 to –$7,974,000;
(20) Amount Payable from the Unallocated Account, Cigarette and Tobacco Products Surtax Fund (Item 4260-111-0236) from –$82,311,000 to –$68,129,000;
(26) Amount payable from the Federal Trust Fund (Item 4260-111-0890) from –$1,002,305,000 to –$1,000,305,000;

and by deleting Provisions 5, 6, 8, 9, 10, 11, 12 and 14.

While I am sustaining a $500,000 General Fund augmentation for osteoporosis prevention and treatment, this funding is provided on a one-time basis only for 1999–00.

I am reducing by $6,000,000 the $11,000,000 General Fund legislative augmentation for the following clinical services programs: Rural Health Clinics, Seasonal Agricultural and Migratory Worker Clinics, and Indian Health Clinics. I am also directing the Department of Health Services (DHS) to allocate the remaining $5,000,000 for the areas most in need, as determined by DHS, so that the 21 percent increase in total clinic funding can be used most effectively. I am also deleting Provisions 5, 6, and 8 to conform to this action.

I am reducing by $7,408,000 the $7,700,000 General Fund legislative augmentation for local public health staffing. The remaining $292,000 will provide for a total General Fund budget of $1 million, a 22 percent increase, to enhance local food safety, immunization assistance, and disease control efforts.

I am reducing by $10,102,000 the $18,000,000 General Fund legislative augmentation for Expanded Access to Primary Care (EAPC) clinics. The Budget increases the total program allocation by five percent in recognition of the important services it provides to vulnerable populations statewide. This increase assumes enactment of deficiency legislation which appropriates $1,653,000 Cigarette and Tobacco Products Surtax Fund (CTPSF) for the program, as I originally proposed.

I am deleting the $16,594,000 legislative augmentation from the CTPSF for the California Healthcare for Indigents Program (CHIP) and Rural Health Services. I will sign legislation appropriating the $16,594,000 CTPSF for Breast Cancer Early Detection Program (BCEDP) ($14,941,000) and EAPC ($1,653,000) as I had originally proposed in the Governor's Budget. Consistent with these reductions, I am deleting the $14,941,000 General Fund legislative augmentation to support the BCEDP as the Budget included CTPSF for BCEDP to fully address anticipated demand, without any General Fund expense. The BCEDP should continue to be supported from tobacco tax resources as a priority use of CTPSF, which is diminishing as a result of increased tobacco taxes enacted by Proposition 10 and higher wholesale tobacco prices imposed by the industry. Moreover, if the State obtains approval of federal funding for the BCEDP and Access for Infants and Mothers programs, additional CTPSF will be available to augment indigent health care programs at that time.

I am deleting the $6,000,000 General Fund legislative augmentation for CHIP. While the program provides valuable services, CTPSF is a diminishing fund source. Also, expansions of the Healthy Families and Medi-Cal programs will decrease the indigent health care burden at the local level. Lastly, increased local revenues (Proposition 10 and tobacco settlement funds, for example) are available at county discretion to augment the program.

I am deleting the $19,200,000 legislative augmentation for Competitive Grants from the CTPSF litigation reserves (Health Education Account) to conform with the actions taken in Item 4260-001-0001.

I am reducing $949,000 of the $1,266,000 General Fund legislative augmentation to increase California Children's Services (CCS) provider rates by 5 percent instead of the proposed 20 percent, to improve access to care. Rates and their impact on access to and quality of care can be better assessed when improved data from the newly implemented CCS management information system is available.

I am deleting the $355,000 General Fund legislative augmentation for a Parkinson's Disease outreach center. While the proposal has merit, resources should be allocated through a competitive process rather than directly to particular agencies. I am deleting Provision 9 to conform to this action.

I am sustaining the $2,500,000 General Fund augmentation to increase funds for the Battered Women's Shelter Program. I am deleting Provision 11, as it conflicts with current law exempting these allocations from the competitive bidding process and could hinder the department from effectively administering services and allocating resources expeditiously.

I am reducing by $500,000 the $2,000,000 General Fund legislative augmentation for Alzheimer's disease research, diagnosis, and treatment. The Budget provides a 44 percent increase in funding for those activities which will substantially enhance services without adding new special projects to the program budget. I am deleting Provision 12 to conform to this action.

I am deleting the $5,000,000 General Fund legislative augmentation to increase rates for the Adolescent Family Life Program. The proposal represents an approximate 40 percent rate increase, intended to expand access to services and address findings of a study indicating that reimbursement rates do not fully cover program costs. However, rates have been established recognizing that local participation is a requirement.

I am deleting the $850,000 General Fund legislative augmentation for the Farmer's Market Program. Chapter 294, Statutes of 1997, shifted authority for the program to DHS to enable continuation of the service without General Fund expense. Furthermore, nutritional services (including fresh fruits and vegetables in some instances) are currently available through other programs such as the Women, Infants, and Children Program, Food Stamps, the California Food Assistance program, and the Emergency Food Assistance Program. I am also reducing the Federal Trust Fund by $2,000,000 in item 4260-111-0890 to conform to this action.

I am sustaining the $4,156,000 General Fund legislative augmentation to reduce transmission of the AIDS virus in high-risk communities. In addition, the Budget (1) includes a $13.4 million General Fund increase for education, prevention, care and treatment services, (2) fully funds anticipated demand for the AIDS Drugs Assistance Program ($140.3 million, of which $46.2 million is General Fund) and (3) expands the Family, Planning, Access, Care and Treatment Program, which will benefit Californians with HIV/AIDS. These expansions will make a significant contribution toward preventing the transmission of HIV and in providing effective treatment. However, I am reducing by $3,475,000 the $6,931,000 General Fund legislative augmentation for HIV/AIDS services: anonymous testing ($1,600,000), partnership counseling ($1,000,000), early intervention ($375,000) and housing ($500,000). I am deleting Provision 10 to conform to this action.

I am deleting Provision 14 to conform with the action taken in Item 4260-101-0001.

Item 4260-111-0231—For local assistance, Department of Health Services. I reduce this item from $54,316,000 to $35,116,000 by reducing:

I am reducing this item by $19,200,000 for competitive grants from Cigarette and Tobacco Products Surtax Fund litigation reserves to conform to actions taken in Item 4260-001-0001.

Item 4260-111-0233—For local assistance, Department of Health Services. I reduce this item from $10,386,000 to $7,974,000 by reducing:

I am reducing this Item by $2,412,000 to conform to actions taken in Item 4260-111-0001.

Item 4260-111-0236—For local assistance, Department of Health Services. I reduce this item from $82,311,000 to $68,129,000 by reducing:

I am reducing this item by $14,182,000 to conform to actions taken in Item 4260-111-0001.

Item 4260-111-0890—For local assistance, Department of Health Services. I reduce this item from $1,002,305,000 to $1,000,305,000 and delete Provision 2.

I am reducing this item by $2,000,000 to conform with actions taken in Item 4260-111-0001.

Item 4280-101-0001—For local assistance, Managed Risk Medical Insurance Board. I delete Provision 2.

I am deleting Provision 2 to conform to action taken in Item 4260-101-0001.

Item 4300-003-0001—For support of Department of Developmental Services. I reduce this item from $53,805,000 to $52,305,000 by reducing:

(a) 20-Developmental Centers Program from $527,807,000 to $526,307,000,

and by deleting Provision 10.

I am deleting the $1,500,000 legislative augmentation which was intended to fund health benefits for janitorial staff at the Developmental Centers. The Developmental Centers have contracted for janitorial staff since January 1987. The contracts for these services have been awarded in accordance with existing State contract guidelines and policies which place responsibility for the provision of health benefits with the contractor, however, the level of benefits currently provided are in some cases inadequate. I will issue an Executive Order directing the Department of General Services to ensure that all state contracts, whether new or being re-bid, provide benefits comparable to those provided for state employees.

I delete Provision 10 to conform to this action.

Item 4440-001-0001—For support of Department of Mental Health. I reduce this item from $25,816,000 to $25,316,000 by reducing:

(a) 10-Community Services from $28,380,000 to $27,880,000,

and by deleting Provision 4.

I am deleting the $500,000 legislative augmentation requiring the Department of Mental Health to contract for the provision of workshops to teach volunteers to work with chronically and terminally ill persons. Counties are currently responsible for the design and implementation of treatment and other services to meet the needs of clients at the local level. Currently, counties have flexibility in the use of their State-Local realignment funds which would allow them to provide workshops for volunteers to work with this client population if they choose to do so.

I am deleting Provision 4 to conform to this action.

Item 4440-011-0001—For support of the State Hospitals Department of Mental Health. I reduce this item from $323,183,454 to $323,084,000 by reducing:

(a) 20.10-Long-Term Care Services - Lanterman-Petris-Short from $109,463,454 to $109,364,000; and

I am deleting the $99,454 legislative augmentation to increase the interagency agreement between the Department of Mental Health and the California Highway Patrol (CHP) for security services at Patton State Hospital. The Commissioner of the California Highway Patrol does not support this augmentation as the increased assessment costs for CHP coverage is funded on a statewide basis in the Budget, including funds for the assessments to the state hospitals.

Item 4440-101-0001—For local assistance, Department of Mental Health. I reduce this item from $64,756,000 to $51,356,000 by reducing:

(a) 10.25-Community Services—Other Treatment from $674,769,000 to $662,569,000;

(c) 10.47-Community Services—Children's Mental Health Services from $37,754,000 to $26,354,000;

(e) Reimbursements from –$668,607,000 to –$658,407,000;

and by deleting Provisions 5 and 7.

I am retaining the $10,000,000 augmentation on a one-time basis for local incentive grants and directing the Department of Mental Health to provide such funding to counties for existing successful programs for provision of integrated services to severely mentally ill adults who would otherwise be at risk of homelessness or incarceration. However, I am deleting provision 7 pertaining to the augmentation and encouraging service delivery rather than further program planning.

Given the augmentation above, I am deleting the $2,000,000 legislative augmentation to provide supportive housing for individuals with special needs. I also note that the Budget provides $1 million in the Department of Mental Health and $5 million in the Department of Housing and Community Development for supportive housing for CalWORKs recipients with special needs. Any augmentation for other special needs clients appears duplicative of existing support programs including health care, substance abuse treatment, education, and counseling which are currently provided through other State agencies.

I am reducing $11,400,000 of the $13,400,000 legislative augmentation for the Children's System of Care. The remaining $2,000,000 augmentation will allow for a expansion of the program. I am also deleting Provision 5 which specified the allocation of the funds in order to allow the Department of Mental Health to allocate the funds based on departmental policy.

I am reducing the legislative augmentation for the Early Periodic Screening, Diagnosis and Treatment (EPSDT) Therapeutic Behavioral Service by $10,200,000 to conform with actions taken in items 4260-101-0001 and 4260-101-0890.

I delete Provisions 1 and 2 to conform with this action.

Item 5100-101-0001—For local assistance, Employment Development Department. I sustain this item.

I am sustaining the $450,000 legislative augmentation for the California Youthbuild Program on a one-time basis only.

Item 5100-001-0185—For support of Employment Development Department. I reduce this item from $37,705,000 to $37,489,000.

I am deleting the $216,000 augmentation for the Innovation in Government Project to conform to action I have taken in Item 0650-001-0001. This action is consistent with the Legislature's intent to fund the project within existing resources.

Item 5100-001-0869—For support of state programs under the Job Training Partnership Act, Employment Development Department. I delete Provisions 4 and 5.

I am deleting Provision 4 which would require the Employment Development Department to use $1.8 million from the Job Training Partnership Act, Title III 40 Percent Governor's discretionary funds to conform current data collection and reporting, and performance management systems to federal Workforce Investment Act

requirements. No analysis has been performed to indicate the need to target these funds for data collection and reporting systems. I believe this Provision interferes with the Administration's ability to target funds for needed planning activities or local employment activities.

I am deleting Provision 5 which would require the Employment Development Department to use $5.4 million from the Job Training Partnership Act, Title III 40 Percent Governor's discretionary funds for local Service Delivery Areas or Local Workforce Investment Boards for transition activities related to implementation of the federal Workforce Investment Act. I am deleting this provision for the same reasons cited for Provision 4 above.

Item 5100-001-0870—For support of Employment Development Department. I revise this item by reducing:

(d) 30.01-General Administration from $48,616,000 to $48,400,000, and

(j) Amount payable from the Employment Development Contingent Fund (Item 5100-001-0185) from −$37,705,000 to −$37,489,000.

I am revising this item to conform to the reduction taken in Item 5100-001-0185.

Item 5180-001-0001—For support of Department of Social Services. I reduce this item from $80,991,000 to $79,775,000 by reducing:

(a) 16-Welfare Programs from $80,066,000 to $79,066,000;

(d) 60.01-Administration from $34,471,000 to $34,255,000;

and by revising Provision 4 and deleting Provision 8.

I am deleting the $216,000 augmentation for the Innovation in Government Project to conform to the action I have taken in Item 0650-001-0001. This action is consistent with the Legislature's intent to fund the Project within existing resources.

I am sustaining $1,000,000 of the $2,000,000 one-time legislative augmentation for the Emergency Food Assistance Program for local food bank programs to expand refrigeration space and purchase vehicles and other equipment that would be used directly for the purchase, delivery, or distribution of food. However, I am reducing the legislative augmentation for this program by $1,000,000, the amount to be used for food purchases, because the food purchases under this program traditionally have been 100 percent federally funded, and providing General Fund for this purpose could set a precedent for future General Fund support. Federal funding for this program, the federal Food Stamp program, the federal Women, Infants, and Children program, is available to provide food to qualifying individuals and households, as is the state funding for the California Food Assistance Program.

I am revising Provision 4 to conform to this action.

"4. Of the amount appropriated in this item, ~~$2,000,000~~ *$1,000,000* shall be allocated on a one-time basis ~~as follows: (a)~~ ~~$1,000,000~~ to local food bank programs to expand refrigeration space, purchase vehicles, or purchase other equipment that would be directly used for the purchase, delivery, or distribution of food products or for other uses that would allow food banks to increase the amount of food they can receive and distribute, with the allocation process for this $1,000,000 to be developed by the department in consultation with the Emergency Food Assistance Advisory Board ~~; (b) $900,000 to local food distribution programs; (c) $100,000 for regional and statewide efforts for food purchase or to aid in the collection of donated food~~ ."

I am deleting Provision 8, which would require the Department of Social Services to conduct a study of the key factors that affect the ability of those who owe child support to meet their obligations. Within the context of efforts to reform the child support program I have already directed the department to work with other appropriate state agencies to profile child support obligors in order to gain a better understanding of how the state may improve the collectability of child support obligations. Therefore, this provision is unnecessary.

Item 5180-101-0001—For local assistance, Department of Social Services. I reduce this item from $2,633,896,000 to $2,627,679,000 by reducing:

(a) 16.30-CalWORKs from $4,709,139,000 to $4,704,739,000;
(2) 16.30.020-Services from $507,867,000 to $504,367,000;
(4) 16.30.040-Child Care from $427,673,000 to $426,773,000;
(f) 16.60-Food Stamps from $66,397,000 to $61,080,000;
(i) Amount payable from the Federal Trust Fund (Item 5180-101-0890) from –$3,449,174,000 to –$3,445,674,000;

and by deleting Provision 11.

I am deleting the $3,500,000 Federal Trust Fund legislative augmentation and Provision 11, which would fund county costs of providing wage-based community service or subsidized jobs to CalWORKs recipients. Under current law, the counties have the option and sufficient funding to adopt various approaches for CalWORKs recipients to meet work requirements, including wage-based community service.

I am deleting the $900,000 General Fund legislative augmentation to exempt child care centers from the Department of Justice and Federal Bureau of Investigation fees for background checks and fingerprinting, effective January 1, 2000. The current Department of Justice fee structure includes a surcharge to cover the cost of community care providers who are exempted from paying the fee. I would support legislation to exempt child care volunteers from having to pay the fees for fingerprinting and background checks.

I am reducing the $11,543,000 General Fund legislative augmentation for an expansion of the California Food Assistance program by $5,317,000 to reflect revised cost estimates of the program and the effect of the October 1, 1999, start date of the one-year expanded program.

Item 5180-101-0890—For local assistance, Department of Social Services. I reduce this item from $3,449,174,000 to $3,445,674,000.

I am reducing this item by $3,500,000 to conform with actions taken Item 5180-101-0001 and Item 5180-111-0551.

Item 5180-111-0001—For local assistance, Department of Social Services. I reduce this item from $3,069,663,000 to $3,013,263,000 by reducing:

(b) 25.15-IHSS from $1,766,319,000 to $1,605,473,000;
(1) 25.15.010-Services from $1,625,029,000 to $1,464,183,000; and
(c) Reimbursements from –$1,053,279,000 to –$948,833,000.

I recognize the need for state participation in funding wage increases for IHSS providers and, as a result, I am sustaining $67,885,000, including reimbursements, to provide for a 50 cent wage increase for providers in public authority counties effective July l, 1999, with an 80 percent State/20 percent county share-of-cost for 1999–00 only. Consistent with this action, I am reducing the $90,000,000 General Fund legislative augmentation for a 100 percent state share-of-cost for In-Home Supportive Services (IHSS) provider wages above the minimum wage by $56,400,000 General Fund. The State has does not participate in IHSS provider wage and benefit negotiations and, therefore, would be unable to manage the program costs in which it would share under a 100 percent state funded increase. A county share-of-cost would provide the incentive for counties to contain program costs and control future major General Fund costs.

I am also reducing reimbursements in this item by $104,446,000 to conform to the action taken in this item and in Item 4260-101-0890.

Item 5180-111-0551—For transfer by the Controller from the federal Temporary Assistance for Needy Families Fund to the Federal Trust Fund. I reduce this item from ($4,149,096,000) to ($4,145,596,000).

I am reducing this item by $3,500,000 to conform with actions taken Item 5180-101-0001 and Item 5180-101-0890.

Item 5180-113-0551—For transfer by the Controller from the federal Temporary Assistance for Needy Families Fund to the Federal Trust Fund. I reduce this item from ($267,300,000) to ($257,300,000).

I am reducing this item by $10,000,000 to conform with actions taken in Item 6110-196-0001.

Item 5180-141-0001—For local assistance, Department of Social Services. I reduce this item from $341,397,000 to $341,291,000 by reducing:

(a) 16.80-County Administration from $843,948,000 to $843,842,000;

and by deleting Provision 8.

I am reducing the $363,000 General Fund legislative augmentation for a one-year expansion of the California Food Assistance program by $106,000 to conform to the action I have taken in Item 5180-101-0001.

I am deleting Provision 8, which removes the discretion of the State to request waivers from the United States Department of Agriculture and requires the department to request such waivers, whether a county has requested the department to do so. Currently, only two counties have requested such waivers, and both of those counties have the waivers in place. However, I am directing the Director of Social Services to evaluate whether a request for a blanket approval of waivers for work requirements would be expedient in order to have the flexibility to immediately issue waivers in times of disaster or emergency.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from $661,451,000 to $639,251,000 by reducing:

(a) 25.25-Children's Services from $1,434,040,000 to $1,429,732,000;
  (1) 25.25.010-Child Welfare Services from $1,335,738,000 to $1,331,738,000;
  (2) 25.25.020-Adoptions from $67,181,000 to $66,873,000;
(b) 25.35-Special Programs from $171,227,000 to $142,241,000;
  (5) 25.35.050-County Services Block Grant from $125,801,000 to $96,815,000;
(d) Reimbursements from –$81,733,000 to –$72,747,000;
(f) Amount payable from the Federal Trust Fund (Item 5180-151-0890) from –$876,622,000 to –$874,514,000;

and by deleting Provision 11.

I am deleting the $2,000,000 General Fund and $2,000,000 Federal Trust Fund legislative augmentation for pilot projects to develop placement resources as an alternative to out-of-county/state placements. Current law already permits counties to enter into performance agreements with nonprofit agencies for innovative services delivery. While I am supportive of efforts in this area, the budget provides substantial augmentations for foster care rate increases which should promote expansion of the existing in-state capacity for foster youth.

I am deleting Provision 11 to conform to this action.

I am deleting the $200,000 General Fund and $108,000 Federal Trust Fund legislative augmentation for the Specialized Training for Adoptive Parents program. I am sustaining the reappropriation language in Item 5180-490, which would fully fund the costs of this worthwhile program in 1999–00.

I am reducing the $30,000,000 General Fund and $10,276,000 Reimbursements legislative augmentation for the Adult Protective Services (APS) program by $20,000,000 and by $8,986,000, respectively. The 1999–00 Governor's Budget included a $23,562,000 augmentation to fully fund the APS program based on a recent nationwide study on elder abuse released by American Public Human Services Association. Because unsubstantiated cases had been excluded from that national study, the May Revision included an $11,290,000 augmentation to fund costs relating to the

investigation of those cases. As a result, I am reducing APS funding to the level of funding included in the May Revision, and I am sustaining Provision 10 which requires the Department of Social Services to implement a claims processing, payment and reporting system to assess future program funding needs.

I am reducing reimbursements in this item by $8,986,000 to conform to the action taken in this item and in Item 4260-101-0890.

Item 5180-151-0890—For local assistance, Department of Social Services. I reduce this item from $876,622,000 to $874,514,000.

I am revising this item to conform to the actions taken in Item 5180-151-0001.

Item 5240-001-0001—For support of the Department of Corrections. I reduce this item from $3,812,955,000 to $3,812,740,000 by reducing:

(b) 22-Health Care Services Program from $537,431,947 to $537,256,947;

(c) 31-Community Correctional Program from $472,146,220 to $471,306,220;

and by deleting Provisions 9 and 21, and revising Provision 11.

I am deleting Provision 9 which requires that the Department of Corrections prospectively include a funding factor for the Preventing Parolee Crime Program in its population budget change proposal. I believe this provision is an intrusion on the Executive Branch's prerogative to develop future Governor's Budgets.

I am deleting $175,000 for treatment and services for inmates infected with Hepatitis B and C because the budget already includes significant additional funding for medical treatment for inmates which can be used for this purpose. I am revising Provision 11 to conform to this action.

''11. Of the funds appropriated in this item, ~~$500,000~~ *$325,000* shall be expended for prevention, education, treatment, and related tests, for inmates infected with hepatitis B and C. Any funds not used for these purposes shall revert to the General Fund.''

The Budget includes substantial increases in services for Parolees and Prevention of Parolee crime. Therefore, I am deleting the $840,000 legislative augmentation for the implementation of a mentoring program for parolees. I am also deleting Provision 21 to conform to this action.

I am also revising this item to correct a technical error in the Budget Bill.

As part of the 1999–00 State Budget, I am approving $38,654,000 in funding for various programs that provide treatment and services for state prison inmates and parolees to assist in their transition back into the community and to reduce recidivism. However, I strongly object to the $1,000,000 augmentation for the community punishment program intended to utilize intermediate sanctions for parole violators. I am directing the Director of Corrections not to use any funding in this item for that purpose. I note that Assembly Bill 1535, which I intend to approve, would authorize the transfer of monies between the programs delineated in the specified provisions of Item 5240-001-0001 in the Budget Act. I am, accordingly, directing the Director of Corrections to utilize these funds to implement or expand those programs that include elements or services that do not jeopardize public safety, while providing the best results in terms of reducing recidivism among the state parolee population.

Additionally, as part of this budget, I am sustaining 45.7 positions which were approved by the Legislature without funding. While the Legislature and I concur about the need for the 45.7 positions, I disagree with the Legislature's action to remove the funding for these positions. In order to fund these positions, the Department would have to redirect significant resources, negatively impacting the Department's ability to provide existing program services at a level consistent with current law. Therefore, I will seek the resources necessary to fully fund these positions through the deficiency process, as provided for in Control Section 27.00 of the 1999–00 Budget Act.

Item 5240-101-0001—For local assistance, Department of Corrections. I reduce this item from $48,583,000 to $48,433,000 by reducing:

(a) 21-Institutions Program from $15,282,000 to $15,132,000.

I am deleting the $150,000 legislative augmentation intended to address the costs incurred by counties for the transportation of prisoners to and between state prisons. The budget I proposed includes increased funding for this purpose, and the need for additional resources beyond that increase has not been demonstrated.

Item 5240-102-0001—For local assistance, Department of Corrections. I delete this item and Provision 1.

I am deleting the $400,000 legislative augmentation provided to Imperial County for the purpose of funding security improvements at the administrative building located in Brawley. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am deleting Provision 1 to conform to this action.

Item 5240-103-0001—For local assistance, Department of Corrections. I delete this item and Provision 1.

I am deleting the $1,748,429 augmentation to the City of Coalinga. This funding is reflective of monies that the city might have received if it had continued as a plaintiff in litigation against the State. The provision of such funding would set an undesirable precedent with regard to other plaintiffs involved in litigation with the State.

I am deleting Provision 1 to conform to this action.

Item 5430-110-0001—For local assistance, Board of Corrections. I delete this item and Provision 1.

I am deleting the $2,000,000 legislative augmentation for expansion of existing jail facilities in Fresno County. The State should not embark upon a direct General Fund program for refurbishing local jail facilities. Additionally, funding for local detention facilities is available through the federally funded Violent Offender Incarceration/ Truth-in-Sentencing grant award program.

I am deleting Provision 1 to conform to this action.

Item 5430-111-0001—For local assistance, Board of Corrections. I reduce this item from $37,700,000 to $27,000,000, and revise Provision 1.

I am reducing this item by $10,700,000. While I am supportive of efforts to address issues related to crime committed by the mentally ill, I believe that a more modest expansion is prudent since this program is in the early stages of implementation and has not yet been evaluated.

''(1) Of the amount appropriated in this item, ~~$37,700,000~~ *$27,000,000* shall be allocated for Mentally Ill Offender Crime Reduction grants, pursuant to Chapter 501 of the Statutes of 1998, as set forth in priority order on the list of projects identified effective May 20, 1999, by the Board of Corrections. Further, no grant shall exceed $5,000,000. Notwithstanding the provisions of Chapter 501 of the Statutes of 1998, the board shall allocate $5,000,000 to the County of Los Angeles and $5,000,000 to the City and County of San Francisco for the purpose of demonstrating the effectiveness of interventions relating to mentally ill offenders who are likely to be committed to state prison.''

Item 5460-001-0001—For support of Department of the Youth Authority. I reduce this item from $266,390,000 to $265,390,000 by reducing:

(b) 30-Parole Services from $46,035,000 to $45,035,000

and by deleting Provision 3.

I am deleting the $1,000,000 legislative augmentation for tattoo removal. I believe additional resources are premature because funding provided in previous legislation is sufficient for operation of the existing program.

I am deleting Provision 3 to conform to this action.

Item 6110-001-0001—For support of Department of Education. I reduce this item from $37,748,000 to $35,677,000 by reducing:

(b) 20-Instructional Support from $57,350,000 to $55,279,000,

and by deleting Provisions 16, 20, 21, 23 and 26.

I am reducing Schedule (b) by reducing the augmentation of $221,000 which was proposed to support the Parent Involvement Program. This augmentation was intended to provide technical assistance for school districts that implemented a parent involvement program. Since I am deleting the funding for this program, pending the receipt of a revised legislative proposal, this augmentation is not necessary. I am deleting Provision 16 to conform to this action.

I am also reducing Schedule (b) of this item by eliminating the legislative augmentation of $250,000 for support of the English language learners program established pursuant to legislation enacted during the 1999–00 Regular Session that becomes operative on or before January 1, 2000. This augmentation was approved by the Legislature prior to the development and adoption of the program for English language learners and based on the assumption that the State Department of Education (SDE) would play a greater role in administering the program. However, given that the funding for this program is to be allocated based on a specified formula, state operations costs should be minimal. In addition, the SDE currently has 24 Bilingual Education Consultant positions that could be redirected to provide any necessary support services related to this program. I am deleting Provision 20 to conform to this action.

I am also reducing Schedule (b) by eliminating the legislative augmentation of $150,000 for the SDE to develop the appropriate project approval documents related to the California School Information Services System. These funds cannot be spent until the SDE conducts a management review of its existing data systems, and the Department of Information Technology and the Department of Finance review and approve that review. This funding for the project approval documents is premature because it is estimated that the management review will not be completed and approved to allow sufficient time to develop the project approval documents in the 1999–00 fiscal year. Furthermore, the SDE has not yet received an exemption from the Y2K Executive Order or necessary approval from the Department of Information Technology to develop the project approval documents for this project. I am deleting Provision 21 to conform to this action.

I am also reducing Schedule (b) by eliminating the legislative augmentation of $1,000,000 for a new intersegmental program to provide Advanced Placement (AP)/honors courses over the Internet. Of this funding, $700,000 was to have been for a sole-source contract to a specified contractor to provide training to high school teachers to become site coordinators for the delivery of the Internet AP/honors courses. The remaining $300,000 was to have been available to the SDE for administrative support of the program. This funding would have been premature since the University of California (UC) is still in the process of developing the AP/honors courses. Moreover, staff development might also be more appropriately provided by UC, and administrative costs of the program would exist primarily at the local level, resulting in minimal costs to the SDE. Finally, sole source contracts are permissible only on a by-exception basis. I am deleting Provision 23 to conform to this action.

I am also reducing Schedule (b) by eliminating the legislative augmentation of $450,000 for evaluations of programs administered by school districts and county offices of education. Requests for funding for evaluations should be submitted in the budget change proposal process with specific justification for the amount of funding requested. I am deleting Provision 26 to conform to this action.

Item 6110-103-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from $10,696,000 to $9,508,000 and revise Provision 6.

I am reducing this item by $1,188,000 for growth funding to Apprentice programs. Over the past several years, the funding for the Apprentice programs has not been fully utilized, therefore, there is no indication that an increase in growth is necessary. However, I am maintaining $1,252,000 of the legislative augmentation for this item to provide a rate increase from $4.22 per hour to $4.86 per hour for Apprentice programs.

I am revising Provision 6 to conform to this action.

''6. Of the funds appropriated in this item, ~~$1,188,000 shall be used to provide an adjustment for growth of enrollment in apprenticeship programs operated by school districts and county offices of education and~~ $1,252,000 shall be used to provide a rate increase from $4.22 per hour, ~~as~~ specified in Provision 2 of this item, to a reimbursement rate of $4.86 per hour consistent with the requirements specified in Provision 2 of this item.''

Item 6110-114-0001—For local assistance, Department of Education (Proposition 98). I delete Provision 10.

I am deleting Provision 10 of this item which, requires any savings or unencumbered balances available in the budget year and requires it to be appropriated to reimburse desegregation program deficiencies. Desegregation claims are funded in accordance with an existing statutory formula, as limited by funding appropriated in the Budget Act. Based on these statutory provisions, there is no legal obligation to fund these programs beyond the amount provided in the annual Budget Act.

Item 6110-115-0001—For local assistance, Department of Education (Proposition 98). I delete Provision 11.

I am deleting Provision 11 of this item which, requires any savings or unencumbered balances available in the budget year and requires it to be appropriated to reimburse desegregation program deficiencies. Desegregation claims are funded in accordance with an existing statutory formula, as limited by funding appropriated in the Budget Act. Based on these statutory provisions, there is no legal obligation to fund these programs beyond the amount provided in the annual Budget Act.

Item 6110-120-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from $22,102,000 to $19,202,000.

I am reducing a legislative augmentation of $7,900,000 for the expansion of the existing School-Based Pupil Motivation and Maintenance Program by $2,900,000. In reducing this augmentation, I am providing $5,000,000 to fund the backlog of 100 grant applicants. Prior to further expansion of the program, beyond the level authorized by this expansion, an evaluation of the current program's effectiveness is necessary.

Item 6110-195-0001—For local assistance, Department of Education. I delete this item and Provisions 1 and 2.

I am deleting the $29,000,000 legislative augmentation for high school academic block grants. While the provisional language in this item states legislative intent that funding received pursuant to this item be used to prepare high school students to pass the High School Exit Examination, significant flexibility has already been provided to school districts to utilize summer school and after school funding for this purpose. Moreover, the estimated statewide average high school revenue limit for 1999–00 is $4,614, versus $3,996 for unified schools and $3,840 for elementary schools.

Item 6110-196-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from $904,750,000 to $854,750,000 by reducing:

(b) 30.10.020-Child Care Services from $1,281,964,000 to $1,221,964,000,

(5.2) 30.10.020.012-Special Program, Child Development, Alternative Payment Program-Stage 3 from $51,714,000 to $1,714,000,

(11) 30.10.020.901-Special Program, Child Development, Quality Improvement from $35,238,000 to $25,238,000,

(e) Amount Payable from the Federal Trust Fund (Item 6110-196-0890) from –$630,409,000 to –$620,409,000,

and by revising Provision 9 and deleting Provisions 7(c.2.) and Provision 20.

I am deleting $50,000,000 for CalWORKs Stage 3 child care and setting these funds aside for restoration upon enactment of legislation. This amount reflects a legislative augmentation to the proposed May Revision level of services which unnecessarily grants access to a continuous child care slot for some CalWORKs families who are still within their transitional period of entitlement to child care services. This creates an inequity between working poor families and CalWORKs families.

As I indicated in my May Revision proposal, the Administration's policy for increasing permanent child care capacity is to grant at least equal access, based on state level affordability, to working poor populations who must compete for child care benefits on the basis of lowest income. The remaining Stage 3 amount of $1,714,000 understates the remaining funding in Stage 3 due to a technical error that inadvertently shifted funds between Stages 2 and 3 during preparation of the budget bill. The correct amount should be $77,500,000 which will be amended through the technical revision process with the Controller. The remaining amounts are estimated to fully fund permanent slots for the first cohort of CalWORKs families who will exhaust their two year transitional benefit effective January 1, 2000.

While Stage 2 and the child care reserve provide sufficient funds for the estimated numbers of CalWORKs families still covered by the transitional entitlement, I recognize that the estimate is subject to error. I am therefore setting aside this $50 million for restoration upon enactment of legislation which would schedule it for Stage 2 child care with revised control language in Stage 3 developed by the Department of Finance which includes ''grandfathering'' into continuous care any families served under the current year appropriation who exhaust transitional benefits during the budget year if the new increment of $17.5 million budgeted in Stage 3 proves insufficient.

I am also revising Provision 9 as follows to conform to this action:

''9. $60,000,000 of the funds in Schedule (b)(5.2) are intended to be for families who have been receiving child care services pursuant to Section 8351 or 8353 of the Education Code and who are currently receiving cash assistance or have been off of cash assistance. Alternative payment providers shall continue to replace families receiving child care services through the alternative payment program as set forth in Section 8220.1 of the Education Code until all the federal funds described in this section have been committed to families who have been receiving child care services pursuant to Section 8351 or 8353 of the Education Code and meeting the conditions specified previously. ~~$67,500,000~~ $17,500,000 of the funds in Schedule (b)(5.2) of this item are reserved exclusively for child care for former CalWORKs recipients who have left cash aid, but still meet eligibility requirements for receipt of child care services.''

I am also deleting the $10,000,000 federal fund legislative augmentation for initiating a new program of direct state contributions for child care worker compensation. While turnover in the child care profession may create problems for certain communities in filling vacancies in a timely manner, I am not convinced that this approach is warranted. I am concerned with both introducing direct state subsidies into an occupation or profession which is subject to local market forces as well as establishing a costly new state responsibility that will grow rapidly over time. In addition, this augmentation results in an additional transfer from the TANF surplus which creates additional encroachment on General Fund resources in the future. Proposition 10 provides funding at local discretion to improve early childhood development programs. This source may be an alternative to the extent local commissions believe the problems

of staff turnover are of sufficient local priority. In any event, I believe local discretion is preferable to creation of a costly new statewide program.

I am deleting Provision 7(c.2) of this item and revising Provision 4 of subsidiary Item 6110-196-0890 to conform to this action.

Furthermore, I am deleting Provision 20, which specifies, among other activities, an intent that a new family fee schedule for child care be implemented through legislation. Current law already authorizes the Superintendent of Public Instruction to develop and revise the fee schedule. Legislation for this purpose is, therefore, not necessary. As I have indicated previously in both the Governor's Budget Summary and May Revision, reforming the family fee schedule in line with the recent recommendations of two multi-agency task forces is needed to more fairly distribute limited state subsidies and to diminish inappropriate incentives created by the current schedule. While I believe additional legislation is unnecessary, I support the remaining intent statements and encourage the Department of Education to both gather broad-based public input, including input from taxpayers and families on waiting lists, and to work with the Department of Social Services to develop a new schedule and secure the approval of the Secretary of Health and Human Services by April, 2000. It would then be appropriate for the Superintendent to implement the new schedule for the 2000–01 fiscal year.

Item 6110-196-0890—For local assistance, Department of Education. I reduce this item from $630,409,000 to $620,409,000 and revise Provision 4.

I am deleting $10,000,000 from this subsidiary item to conform to my action in Item 6110-196-0001 relative to child care worker compensation.

I am also revising Provision 4 of this item as follows to conform to that action since the additional transfer of funds from TANF is not necessary:

''4. Of the funds appropriated in this item, ~~$267,300,000~~ $257,300,000 is from the transfer of funds from the federal Temporary Assistance for Needy Families (TANF) Block Grant administered by the State Department of Social Services to the federal Child Care and Development Block Grants (CCDBG) for Stage 2 child care. This amount may be increased by transfer from the CalWORKs child care reserve pursuant to Items 5180-111-0551 and 5180-112-0551 of this act, except that funds shall not be first transferred to the Child Care Development Block Grant if those transfers result in an increase to the federal quality requirements beyond the level currently budgeted for quality activities.''

Item 6110-250-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from $20,000,000 to $8,239,000, and delete Provision 1 and revise Provision 2:

I am reducing this item by eliminating the funding for the Parent Involvement Program. I am not satisfied that the budget proposal meets my goal of providing teachers the opportunity to visit their students' homes on weekends and evenings to meet with parents or guardians, as well as opening schools on weekends to allow working parents the opportunity to meet with their children's teachers as a means of becoming more involved with their children's education. I will consider legislation to achieve this objective.

The remainder of the funds in this item shall be used for the purpose of providing funds to compensate for the elimination of the transfer of unallocated Educational Revenue Augmentation Funds (ERAF) from Marin County for special education. However, I am reducing that amount by $5 million, and request legislation to cap the ERAF amount retained by Marin County at $8,239,000 for one year. This action is necessary to ensure that the State maintains a prudent reserve.

I am deleting Provision 1 and making the following changes to conform to this action:

"6110-250-0001-For local assistance, Department of Education, (Proposition 98), for transfer to Section A of the State School Funds, ~~Parent Involvement Grant Program~~..... ~~20,000,000~~ 8,239,000

1. ~~The funds appropriated in this item are available to fund the Parent Involvement Grant Program contingent upon the creation of that program pursuant to legislation enacted during the 1999–2000 Regular Session.~~
2. Of the funds appropriated in this item, not more than ~~$13,239,000~~ $8,239,000 may be used for the purpose of providing funds to compensate for the elimination of the remainder of unallocated Education Revenue Augmentation Funds (ERAF) from Marin County for Special Education."

Item 6110-490—Reappropriation, Department of Education. I revise this item by deleting language that is unnecessarily restrictive.

I am deleting language which would have required that specific portions of the reappropriated funds to the Fiscal Crisis and Management Assistance Team (FCMAT) be used for purposes of implementing the recovery plans at Compton Unified School District and for initiating audits of the San Francisco Unified School District and the Oakland Unified School District. FCMAT should have the flexibility to determine its priorities regarding the projects for which the additional funding will be used. Additionally, the education trailer bill specifically appropriates funds for the Oakland School District audit. However, I request that FCMAT conduct a comprehensive review of the San Francisco Unified School District's financial condition and submit a report to the Superintendent of Public Instruction, the Director of Finance, the Secretary for Education, and the district by October 30, 1999. The review should include an assessment on whether the district is capable of meeting its fiscal obligations for the current and two subsequent fiscal years. This review may begin immediately but shall incorporate data from the closing of the 1998–99 fiscal books.

Subdivision 1 is revised as follows:

"(1) The unencumbered balance as of June 30, 1999, from Schedule (c) of Item 6110-107-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) and the unencumbered balance as of June 30, 1999, from Schedule (c) of Item 6110-107-0001 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997) to augment Schedule (b) of Item 6110-107-0001 of Section 2.00 of this act, for allocation by the Controller directly to the county office of education that is selected pursuant to subdivision (a) of Section 42127.8 of the Education Code to oversee Fiscal Crisis and Management Assistance Team (FCMAT) responsibilities with respect to these funds and to meet the costs of participation under Section 42127.8 of the Education Code. ~~The funds shall be provided to the County Office Fiscal Crisis and Management Assistance Team for the following purposes:~~

~~1. $100,610 shall be provided for the purpose of implementing the recovery plans at Compton Unified School District pursuant to Chapter 767 of the Statutes of 1997.~~

~~2. $66,000 shall be provided for the purposes of initiating an audit of the Oakland Unified School District.~~

~~3. $66,000 shall be provided for the purpose of initiating an audit of the San Francisco Unified School District.~~ "

Item 6120-140-0001—For local assistance, California State Library. I am reducing this item from $937,000 to $400,000

I am reducing $537,000 of the $937,000 legislative augmentation for local library projects. While these projects are all meritorious, I am reducing the funding so that I can ensure the State maintains a prudent reserve.

I am revising Provision 1 to conform to this action.

"1. Funds appropriated in this item are for the purpose of funding local assistance projects at local public libraries. These funds are to be allocated on a one-time basis only.

~~(a) Of the funds appropriated in this item, $150,000 is for the purpose of funding computers and materials at Ventura City Library.~~

~~(b) Of the funds appropriated in this item, $48,000 is for the purpose of funding the Foster Library Homework Center at Ventura City Library.~~

~~(c) Of the funds appropriated in this item, $167,000 is for the purpose of funding a multimedia youth center at Anaheim Public Library.~~

(d) Of the funds appropriated in this item, $120,000 is for the purpose of funding homework materials at nine branch libraries of the San Diego County Library.

(e) Of the funds appropriated in this item, $140,000 is for the purpose of funding a library bookmobile at the Humboldt County Library.

(f) Of the funds appropriated in this item, $140,000 is for the purpose of funding improvements and renovation at McFadden Library.

~~(g) Of the funds appropriated in this item, $160,000 is for the purpose of funding renovation at Foresthill Library.~~

~~(h) Of the funds appropriated in this item, $12,000 is for the purpose of funding the Palmdale City Library~~ ."

Item 6120-221-0001—For local assistance, California State Library. I reduce this item from $58,870,000 to $56,870,000

I am reducing $2,000,000 of the $20,000,000 augmentation provided for the Public Library Foundation. I am very supportive of additional funding for local public libraries and see them as a key component to increasing literacy. With this augmentation, I am increasing the program by more than 45 percent. This amount, coupled with last year's augmentation, increases funding for public libraries by almost 150 percent over the two year period.

Item 6360-001-0407—For support of the Commission on Teacher Credentialing. I reduce this item from $15,091,000 to $14,582,000 by reducing:

(a) 10-Standards for Preparation and Licensing of Teachers from $15,091,000 to $14,582,000;

(b) 10.40.010-Departmental Administration from ($4,766,000) to ($4,257,000);

(c) 10.40.020-Distributed Departmental Administration from (−$4,766,000) to (−$4,257,000); and by deleting Provision 5.

I am deleting the $509,000 augmentation to fund two new information technology projects. The feasibility study reports for these two projects have been disapproved by the Department of Information Technology pending Year 2000 remediation efforts. In my Executive Order D-3-99, I have indicated that Year 2000 remediation is the State's highest priority for information technology for the upcoming year, and have directed the Department of Information Technology to develop and coordinate a comprehensive State solution. Consequently, all new non-Year 2000 computer projects not required by law are being deferred. Therefore, it would be premature to provide funding at this time.

I am deleting Provision 5 to conform to this action.

Item 6420-001-0001—For support of California Postsecondary Education Commission. I reduce this item from $3,397,000 to $2,973,000 by reducing:

(a) 100000-Personal Services from $2,846,000 to $2,629,000, and

(b) 300000-Operating Expenses and Equipment from $850,000 to $683,000.

I am deleting the $424,000 legislative augmentation to expand the scope of the Commission's higher education database to support studies of student progression and outcomes of higher education. It is premature to expand this database because the Commission has not submitted a proposal to the Department of Information Technology or Finance to determine the specific business need to be addressed and whether the proposed information technology project provides a viable solution. In addition, there are unresolved issues dealing with privacy laws and the use of social security numbers to track students. The reduction to Operating Expenses and Equipment is offset by a $40,000 increase that was necessary due to a technical error which occurred during budget bill preparation that inadvertently understated the Operating Expenses and Equipment schedule by $40,000.

Item 6440-001-0001—For support of University of California. I reduce this item from $2,548,853,000 to $2,541,403,000 by reducing:

(a) Support from $2,426,853,000 to $2,419,403,000,

and revising Provision 10 and deleting Provision 20.

I am sustaining the $25,000,000 augmentation for deferred maintenance ($7.1 million), instructional equipment ($7.1 million), educational technology ($7.1 million), and library materials ($3.7 million). Future funding for these purposes will be agreed upon with the University of California as part of the partnership agreement currently being negotiated. I expect the partnership agreement to encompass funding stability, negotiated goals, measurable performance objectives, and accountability.

I am deleting the $5,300,000 legislative augmentation to backfill a reduction in summer term fees, which is intended as an interim step in moving to year-round operations. I will be directing the Department of Finance to conduct a study on the feasibility and costs of year-round operations at the University of California and California State University. The study will include an analysis of the costs and benefits of fully utilizing existing facilities on a year-round basis. A reduction in summer fees prior to establishing year-round operations would not result in additional enrollment or course offerings, but would simply increase General Fund costs.

I am reducing the $2,000,000 legislative augmentation for professional school outreach by $500,000 to $1,500,000. This $1.5 million augmentation represents a 300 percent increase in funding for professional school outreach, bringing the total to $2,000,000, including the current base funding for this program. I am revising Provision 10 to reflect an allocation of $1,125,000, instead of $1,500,000, for medical school outreach and engineering and science doctoral program outreach. Due to a technical error during preparation of the budget bill, Provision 10 of this item reflects a $500,000 allocation for law school outreach, instead of reflecting $1 million. As reflected below, I am reducing this allocation from $l million to $750,000. I am revising Provision 10 to conform to the above actions.

''10. Of the amount appropriated in schedule (a), ~~$40,500,000~~ *$40,000,000* is provided for outreach to be used to fund new and existing programs that are aimed at improving the chances for pupils from a wide diversity of backgrounds to become eligible for the University of California, as follows:

(a) The following amounts are for pupil academic development and school partnership programs and shall be matched on a one-to-one basis by the participating schools:

(1) $15,000,000 is to expand pupil academic development programs, including MESA, Puente, and the Early Academic Outreach Program, so that these programs may increase the number of pupils who participate in the programs and may offer services such as college admissions test preparation programs, fee waivers for Advance Placement tests,

and an increased number of field trips for high school and middle school participants to visit college campuses.

(2) $15,000,000 is provided for the expansion of K–12 school partnership pro-grams to systemically reform partner schools in order to achieve long-term improvements in student success.

$1,000,000 is provided to expand both pupil academic development programs and K–12 partnership programs in the central valley.

(b) $3,500,000 is provided for expansion of services to community college students to promote transfer.

(c) $1,000,000 is provided for informational outreach to pupils, families, and K–12 teachers and counselors.

(d) $1,000,000 is provided for charter schools.

(e) $500,000 is provided for outreach by professional schools to be matched on a one-to-one basis by those professional schools.

(f) ~~$2,000,000~~ *$1,500,000* is provided for systemwide graduate and professional school outreach, to be matched by ~~$2,000,000~~ *$1,500,000* in university funds. Of these funds, ~~$1,500,000~~ *$1,125,000* shall be provided for medical school outreach, ~~$1,500,000~~ *$1,125,000* for engineering and science doctoral program outreach, and ~~$500,000~~ *$750,000* for law school outreach.

(g) $1,500,000 is provided for long-term evaluation of the effectiveness of outreach programs, including college graduation rates for pupils who participated in the K–12 programs, regardless of the college attended.''

I am sustaining $1,000,000 of the $2,000,000 legislative augmentation for liver and kidney transplant research for people with HIV, which will permit the San Francisco campus to examine organ transplants treatment options for individuals with HIV. Because this is a new undertaking, I am reducing this augmentation by $1,000,000, and asking the University to report to the Administration and the Legislature on the results of this research.

I am deleting the $600,000 legislative augmentation to provide funding for the New Teacher Center at the Santa Cruz campus. This Center should be funded through the University's budget for teacher preparation programs. Alternatively, the Center could charge fees for its services.

I am deleting the $50,000 legislative augmentation for student voter registration information. While voter registration is an important activity, it does not appear necessary to provide funding for an activity that could be easily undertaken by campus groups or other civic groups.

I am sustaining the $4 million legislative augmentation to implement advanced placement on-line courses. I am requesting the University to provide an ongoing evaluation of the program's effectiveness.

I am sustaining the $2,000,000 legislative augmentation for AIDS programs. I am deleting Provision 20 which provides that these funds be used for core infrastructure support for interdisciplinary coordination of AIDS research at University of California medical schools, and provides how funds are to be allocated among campuses. Instead, consistent with the its constitutional autonomy, I am requesting the University of California to appropriately allocate these funds specifically for AIDS research.

Although the Legislature deleted funding for the support of the Internet 2 project, I would support legislation appropriating $1 million for this effort.

Item 6440-001-0234—For support of University of California. I reduce this item from $38,726,000 to $36,726,000.

I am reducing the $9,000,000 legislative augmentation for tobacco use research by $2,000,000 to conform to my action in Items 4260-001-0001 and 4260-001-0231.

Item 6440-301-0574—For capital outlay, University of California. I reduce this item from $9,494,000 to $6,494,000 by deleting:

San Francisco Campus:

(2.2) 99.02.120-Mission Bay Research Building-Preliminary Plans ($3,000,000).

I am deleting the legislative augmentation of $3,000,000 for preliminary plans for the San Francisco Mission Bay Research Building project because it is more appropriately funded from revenue bonds. I am concerned about the use of higher education bond funds for a facility that is not instructionally based, because I believe that those limited bond resources should be utilized first for instructional and instructional support facilities. Because I am supportive of this proposal, however, I am sustaining the authorization provided in Item 6440-401 which will allow the University to construct the research facility at the Mission Bay site using ''Garamendi'' bonds, and I will propose the adoption of a resolution by the Regents authorizing that approach.

Item 6610-001-0001—For support of California State University. I reduce this item from $2,221,286,000 to $2,190,847,000 by reducing:

(a) Support from 2,977,761,000 to $2,947,422,000

and by revising Provision 10.

I am sustaining the $8,000,000 legislative augmentation to accelerate the development of California State University's (CSU) integrated technology strategy. This augments the $2,000,000 currently allocated to this project. I am also sustaining the $8,000,000 legislative augmentation for deferred maintenance. Future funding for these purposes will be agreed upon with the California State University as part of the partnership agreement currently being negotiated. I expect the partnership to encompass funding stability, negotiated goals, measurable performance objectives, and accountability.

I am deleting the $10,400,000 legislative augmentation to provide an average of four percent increase in employee compensation to all employees. This augmentation is unnecessary as the May Revision provided sufficient funds for the proposed increase.

I am deleting $9,559,000 in legislative augmentations to provide employee compensation increases above the four percent increase for all employees. The augmentations would provide additional compensation for skilled tradesworkers ($889,000), employees represented by the Statewide University Police Association ($270,000), and for employees represented by the California State Employees Association ($8,400,000) to fund additional raises of between 2 and 2.35 percent. Setting aside funds for salary increases for specific classifications would set an undesirable precedent. Specific increases should be negotiated with each bargaining unit, and I encourage the Trustees to continue collective bargaining negotiations with these employee groups.

I am deleting the $7,500,000 legislative augmentation to supplement high cost academic programs. Funding for the California State University's programs is based on a marginal cost formula that provides for an average student to faculty ratio of 18.9 to 1. While some programs may have lower student to faculty ratios, the University has the ability to offset these costs against programs that have higher student to faculty ratios. Since the University is able to make adjustments to account for the differential costs of various programs, it would be inappropriate to provide supplemental funding above the marginal-cost formula.

I am reducing the $2,000,000 legislative augmentation for the California Academic Partnership Program which supports California State University's participation in partnerships with K–12 schools and community colleges by $1 million. The remaining augmentation will double the existing program. Additionally, $15 million is provided to California State University for other outreach programs, which represents a 250 percent increase over the prior year.

I am revising Provision 10 of Schedule (a) to conform to this action and to correctly reference that a total of $15,000,000 is being provided for outreach. Due to a technical error during the preparation of the budget bill, the total outreach funds referenced in Provision 10 were understated by $12 million. I am revising Provision 10 as follows:

"10. Of the funds appropriated in Schedule (a), ~~$4,000,000~~ *$15,000,000* is provided for outreach to be used to fund new and existing programs that are aimed at improving the chances for K–12 pupils from a wide diversity of backgrounds to become eligible and prepared for the California State University. Of this total, $5,000,000 is provided for faculty-to-faculty alliance with high school teachers of English and mathematics, $4,000,000 is provided for learning assistance programs in high schools, and $2,000,000 is provided for the Precollegiate Academic Development Program at the California State University, $2,000,000 is for the California State University Educational Opportunity Program (Art. 6 (commencing with Sec. 89521), Ch. 2, Pt. 55, Ed. C.), and ~~$3,000,000~~ *$2,000,000* is for the California Academic Partnership Program (Ch. 11 (commencing with Sec. 11000), Pt. 7, Ed. C.)."

I am deleting the $1,300,000 legislative augmentation to backfill a shortfall in lease revenues at the Stockton Off-Campus Center. I am setting these funds aside for legislation to provide a loan as an interim measure until the redevelopment agency includes the Center within its redevelopment zone, and California State University is able to increase the number of tenants and lease revenue.

I am deleting the $380,000 augmentation for the Coachella Valley Off-Campus Center. Routine workload adjustments for internally adopted standards should be funded from within California State University's base funding.

I am deleting the $100,000 legislative augmentation for student voter registration information. While voter registration is an important activity, it does not appear necessary to provide funding for an activity that could be easily undertaken by campus groups or other civic groups.

I am deleting the $200,000 for new engineering equipment at the Pomona campus. Although the augmentation for this equipment may be meritorious, equipment purchases for standard University use should be funded from CSU's base funding.

I am also revising Schedule (a) of this item to correct a $100,000 understatement due to a technical error in the Budget Bill.

I am sustaining the $360,000 legislative augmentation to fund the Royball Institute for Applied Gerontology. However, this is a one-time augmentation, and the University needs to address the need for a reliable funding source for this program.

Item 6610-002-0001—For support of California State University. I reduce this item from $2,454,000 to $2,314,000 by reducing:

(f) Judicial Fellows from $341,000 to $201,000

I am deleting the $140,000 legislative augmentation to add five additional judicial fellows. This program currently supports five judicial fellows and there is no compelling need to expand the program at this time.

Item 6870-001-0001—For support of Board of Governors of the California Community Colleges. I reduce this item from $11,140,000 to $11,006,000 by reducing:

(b) 20-Special Services and Operations from $17,332,000 to $17,198,000.

I am reducing the legislative augmentation of $184,000 for the Student Senate by $134,000 including the two new permanent full time positions. I am willing to sustain $50,000 which will double the current budget for support of student representatives in the consultation process. Noting that the other higher education segments support similar activities from voluntary student assessments, the Student Senate may wish to promote this concept at their campuses if additional support for this function is desired.

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I reduce this item from $2,259,249,000 to $2,236,714,000 by reducing:

(e) 20.10.005-Student Financial Aid Administration from $6,518,000 to $6,416,000
(f) 20.10.010-Extended Opportunity Programs and Services and Special Services from $76,577,000 to $70,077,000
(h) 20.10.040-Fund for Student Success from $18,578,000 to $15,218,000
(j) 20.10.060-Foster Care Education Program from $1,892,000 to $1,866,000
(n) 20.20.020-Academic Senate for the Community Colleges from $504,000 to $497,000
(o) 20.20.040-Faculty and Staff Diversity from $1,885,000 to $1,859,000
(p) 20.20.050-Part-Time Faculty Health Insurance from $1,000,000 to $500,000
(r) 20.30.010-Faculty and Staff Development from $5,307,000 to $5,233,000
(s) 20.30.011-Telecommunications and Technology Infrastructure from $28,220,000 to $28,000,000
(y) 20.40.035-Instructional Equipment and Library Materials Replacement from $44,620,000 to $44,000,000.

by deleting

(dx) 10.10.055-Full-Time Faculty ($10,600,000)
(zz) 20.40.047.002-College of the Desert ($500,000)

and by revising Provisions 8, 10, and 18

I am deleting the legislative augmentation of $10,600,000 in schedule (dx) for converting part-time faculty positions to full-time. While I am supportive of growth in full-time faculty, the community college system is utilizing part-time faculty in numbers consistent with the national average. Moreover, substantial growth in full-time hires is already taking place at district discretion through general purpose growth funding increases and augmentations for the Partnership for Excellence, both of which are substantially increased in this budget and which require accountability for increased student outcomes, consistent with my overall policy for the higher education segments.

I am supportive of improved working conditions for part-time faculty; therefore, I am deleting and setting aside the $500,000 legislative augmentation in schedule (p) for the Part-Time Faculty Health Benefits program for legislation designed to improve utilization of the state health benefit incentive, targeted at those part-time faculty members who do not have access to health coverage through another existing employer or their spouse's employer. I am also sustaining the $500,000 augmentation for the Part-Time Office Hours program to expand teacher-student interaction at community college campuses.

I am reducing the $2,000,000 legislative augmentation for the Cooperative Agencies Resources for Education (CARE) program in schedule (f) by $1,500,000 because, while this program is meritorious to the target population, the magnitude of this increase is inconsistent with the growth rate in the target population eligible for these services.

I am revising Provision 8 to conform to this action in context of other actions to schedule (f) described below.

I am deleting the $500,000 legislative augmentation for the Desert Community College District in schedule (zz). Although this additional augmentation may be meritorious, I am deleting the funding in this item to ensure the State maintains a prudent reserve.

I am deleting legislative augmentations totaling $8,360,000 in schedules (f) and (h) for Extended Opportunity Programs and Services ($5,000,000) and the Puente Program ($3,360,000), respectively. Partnership for Excellence funding has already been

augmented by $45 million in this budget, which provides resources for all districts to initiate and expand these successful categorical programs or any others which increase student outcomes at their discretion.

I am revising Provisions 8 and 10 as follows to conform with these actions:

"8. Of the funds appropriated in Schedule (f), ~~$64,720,000~~ $59,720,000 is for Extended Opportunity Programs and Services in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code; ~~$11,857,000~~ $10,357,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The board of governors shall allocate funds on a priority basis and to local programs on the basis of need for student services."

"10. The funds in Schedule (h), with the exception of the funds identified in subdivisions (c) and (d) of this provision, shall be used for competitive grants to increase student success based on an analysis of student outcomes. The funds used for these grants shall be available for a limited duration, after which colleges shall institutionalize the programs within their budgets. The chancellor shall develop criteria for allocation of the competitive grants. Of the funds appropriated in Schedule (h):

(a) $1,000,000 shall be available for small planning grants of up to one year duration.

(b) $8,985,000 shall be available for the initial year of two or three year projects where the state share shall be no greater than 75% of the costs of the first year and no more than 25 in the last.

(c) Up to ~~$4,304,000~~ $944,000 is for the Puente Project if these funds are matched by $100,000 of private funds and the participating community colleges and University of California campuses maintain their 1995–96 support level for the Puente Project. These funds are not required to be allocated on a temporary basis and may be allocated on a permanent basis to support a Puente Project that meets the conditions of the Puente Project contract agreement.

(d) Up to $2,489,000 is for the Mathematics, Engineering and Science Achievement/Minority Engineering (MESA/MEP) Programs. These funds are not required to be allocated on a temporary basis and maybe allocated on a permanent basis provided the conditions for receipt of funds continue to be met. For each dollar allocated, the recipient district shall provide one dollar in matching funds.

(e) No less than $1.8 million is reserved for expansion of middle colleges pursuant to the Governor's initiative. Of the funds provided herein, the chancellor shall have the discretion to extend the grant period beyond the normal pattern for the Fund for Student Success as necessary to meet the goals of the initiative.

(f) With the exception of special part-time students at the community colleges pursuant to Section 48802 of the Education Code, student workload based on participation in the Middle College High School Program shall not be eligible for community college state apportionment. As a condition of receipt of funds pursuant to Provision 15 (a) and (b), colleges must submit to the chancellor's office a yearly report including: an expenditure plan, a progress report detailing number of students served, and the ability of the college to increase student success based on an analysis of student outcomes. It is the intent that the chancellor's office submit an annual report to the Legislature and Department of Finance by November 1, of each year. The report shall include an analysis of the programs funded at

each campus, including the effects on student outcomes. The chancellor shall also identify any colleges which did not continue operation of the program after state funds have ceased and the reasons therefore.''

I am reducing the $1,075,000 legislative augmentation for seven specialized categorical programs in schedules (j), (r), (n), (o), (e), (s) and (y) for cost-of-living (COLA) increases. These programs are not primarily salary nor student-growth driven and, as such, do not present a compelling case for COLA adjustments.

I am revising Provision 18 to conform to this action as follows:

''18. (a) $15,600,000 of the funds provided in Schedule (s) shall be for the purpose of providing allocations to all districts. It is the intent that colleges receiving these funds shall maintain all of the capabilities specified in the 1996–97, 1997–98 and 1998–99 Budget Acts for the Telecommunications and Technology Infrastructure program. The funds appropriated in this item shall be allocated by the chancellor, shall not supplant existing funds used for technology and networking purposes, and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. It is the intent that this allocation shall enable further development of networks. Therefore, colleges shall match maintenance and ongoing costs with other funds, after installation, for the following required purposes: (1) maintenance of communication lines, software and other costs associated with connecting to the collaborative California State University/California Community College telecommunications wide area network (C Net); (2) video conference connectivity, transport, maintenance, and training; (3) local planning and development for improving library technology including library automation, connections to college local area networks and connections to external data bases; (4) digital satellite systems and the following optional purposes: (A) the development and expansion of local area networks both within and between buildings:

(B) development of district-wide area networks for interconnecting multiple campuses and off-campus centers within a district; and

(C) implementation of local technology applications that are intended to improve student learning and other services.

The chancellor shall allocate the ~~$15,820,000~~ $15,600,000 by providing ~~$140,701~~ $138,645 for each of the 107 colleges and $45,000 for each of the 17 governing sites that are not colocated (sic) with the colleges. All provisions related to technology standards and telecommunication plans as specified in Provision 17(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) and Provision 14(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997), shall apply.

(b) $6,400,000 of the funds provided in Schedule (s) of this item shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college system toward improving learning outcomes. Allocations shall be made by the chancellor, based on criteria and guidelines as developed by the chancellor, on a competitive basis through the RFA/RFP application process as follows:

(1) At least $700,000 shall be available for technical and application pilot projects that improve intercollege relationships in the areas of: (a) learning and instructional services; (b) student services; and (c) administrative services, however not more than 25 percent of the amount shall be allocated for this purpose.

(2) All provisions as specified in Provision 17(b)(2) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply to Provision (1) above.

Not more than $3,700,000 shall be available for centers to provide regional coordination for technical assistance and planning, cooperative purchase agreements, and faculty and staff development. All other provisions as specified in Provision 17( )b)(3) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply. The $1.5 million increase from the previous year for this subdivision is intended to fund the segment's share of upgrading the 4C Net backbone from an OC-3 to an OC-12 Network and shall be matched dollar for dollar by the CSU. If this condition is not met, the chancellor shall report the reasons the expenditure should still be made on any other use of the funds using the reporting provisions of the Section 28.00 process.

(4) $2,000,000, or as much as necessary, shall be available for a statewide digital uplink for the purpose of delivering statewide satellite services to system colleges and districts related to instruction, student support, and administration.

(c) $6,000,000 of the funds provided in Schedule (s), shall be for allocations to community college districts to fund faculty and staff training in the use of technology to assist learning (including distance education and online courses), expand access, and contribute to student success. The chancellor shall develop an allocation formula that reflects the number of faculty and provides a minimum grant for small sites. The disbursement of funds shall be contingent upon inclusion of a satisfactory staff development component by each district within its telecommunications and technology use plan, as specified by the chancellor. Districts may not use these funds to supplant existing training and staff development efforts related to technology; the chancellor shall ensure that these funds are used for additional training and development in the use of technology. The use of technology training allocations shall be included in reports required for this program.

(d) The chancellor shall submit an annual report to the Legislative Analyst, the budget and fiscal committees of the Legislature, and the Department of Finance no later than November 1, 1999, identifying any changes to the standards developed pursuant to the control provisions for this program in the Budget Act of 1997 (Ch. 282, Stats. 1997), the status of the implementation of the telecommunication and technology infrastructure program to date and any additional needs, including the reasons therefore.''

Item 7980-001-0001—For support of Student Aid Commission. I reduce this item from $9,256,000 to $8,006,000 by reducing:

(a) 15-Financial Aid Grants Program from $9,302,000 to $8,052,000,

and deleting Provision 1.

I am deleting the $250,000 legislative augmentation to fund the Commission's costs of adjusting its systems to provide Cal Grants for summer programs. I will be directing the Department of Finance to conduct a study on the feasibility and costs of year-round operations at the University of California and California State University. The study will include an analysis of the costs and benefits of fully utilizing existing facilities on a year-round basis. It would be premature to expand financial aid for year-round operations prior to completing this study. I am deleting Provision 1 to conform to this action.

I am deleting the $1,000,000 legislative augmentation to expand the College Making It Happen outreach program. This program is administered by the Intersegmental Coordinating Committee (ICC) of the California Education Roundtable. ICC activities are

currently funded by its members, which include the Association of Independent Colleges and Universities, the California Community Colleges, the California Department of Education, the California Postsecondary Education Commission, the California State University, and the University of California. I encourage members to continue funding ICC activities, such as College Making It Happen, and to raise additional private funds to expand ICC activities.

Item 7980-101-0001—For local assistance, Student Aid Commission. I reduce this item from $384,429,000 to $379,429,000 by reducing:

(a) 15-Financial Aid Grants Program from $393,656,000 to $388,656,000,

and by deleting Provision 6.

I am deleting the $5,000,000 legislative augmentation for additional Cal Grant T awards beginning in 1999–00. This program provides Cal Grants to individuals enrolled in teacher preparation programs. As an alternative, my Budget proposed, and the higher education trailer bill includes, authorization for an additional 1,000 awards under the Assumption Program of Loans for Education (APLE). APLE provides loan forgiveness for each year of teaching service in a recognized shortage area, up to a maximum of $11,000 for four years of teaching service. This provides a stronger incentive for individuals receiving financial aid to provide the required teaching service. I am deleting Provision 6 to conform to this action.

Item 8100-101-0001—For local assistance, Office of Criminal Justice Planning. I reduce this item from $75,661,000 to $71,581,000 by reducing:

(vx) 50.30.700-Special Projects-Public Safety from $6,218,000 to $2,138,000

and I am deleting Provisions 3 and 4.

I am reducing this item by $300,000 by deleting the augmentation to purchase a mobile emergency center for the City of Palmdale because providing equipment for law enforcement is primarily a local responsibility. In addition, the budget includes $30 million in order to address one-time local law enforcement equipment needs through competitive grants.

I am reducing this item by $1,265,000 by deleting the following legislative augmentations because these funds are proposed to fund ongoing programs that are local responsibilities and should be provided on a priority basis from local funds:

$500,000 for the Orange County Multi-Agency Task Force.

$500,000 for Ventura County Violence Prevention.

$150,000 for the Elk Grove Gang Prevention Program.

$115,000 for City of Oceanside ''Gangbusters.''

I am further reducing this item by $2,515,000 by deleting the following legislative augmentations. Although these programs may be meritorious, I am deleting the funding for them because these funds are proposed to fund programs that are local responsibilities and should be provided on a priority basis from local funds:

$1,850,000 for MUNI Cameras.

$500,000 for Antelope Valley Gang Prevention.

$100,000 for Antelope Valley Courthouse Security.

$50,000 for Anaheim Laboratory Design.

$15,000 for City of Danville Public Safety Equipment.

I am also deleting Provisions 3 and 4. Provision 3 would define ''violence prevention'' and ''violence prevention programs'' for the purposes of programs operated by the Office of Criminal Justice Planning. Provision 4 would require the Office of Criminal Justice Planning to evaluate its violence prevention programs. These provisions are unnecessarily restrictive and confusing, and would infringe upon the ability of the Executive Branch to properly prioritize and address its responsibilities.

Item 8260-103-0001—For local assistance, California Arts Council. I reduce this item from $35,347,000 to $26,187,000 by deleting or reducing allocations for various projects in this item.

Although these projects may be meritorious, I am reducing or deleting the funding for them to ensure that the State maintains a prudent reserve. I am deleting funding for the Children's Museum of La Habra Edwards Air Force Base Flight Test Museum, the Fender Museum and Education Center, the Historical Air Museum, the Los Angeles Children's Museum, the Miner's Foundry Cultural Center, the Northern Los Angeles County Historic Agricultural Museum, the Palmdale Historic Airpark and the Port San Luis Marine Institute. I am also reducing the appropriation for the Los Angeles Civic Center by $5,000,000 from $10,000,000 to $5,000,000.

I am revising Provision 1 to conform to this action.

''1. Of the funds appropriated in this item, the following allocations shall be made to museums and cultural institutions: $464,000 for the Armenian Film Foundation; $250,000 for Arte Americas; $1,600,000 for the Asian Art Museum; $162,000 for the Bonita Historical Museum; $500,000 for the Brava Theater Youth Outreach; ~~$410,000 for the Children's Museum of La Habra;~~ $1,000,000 for the Chinese-American Museum and Italian Hall; ~~$100,000 for the Edwards Air Force Base Flight Test Museum;~~ $750,000 for the El Pueblo de Los Angeles Historic Monument; ~~—$200,000 for the Fender Museum and Education Center;~~ $34,000 for the Harry Sweet Film Archives; $40,000 for the historic transportation system in Old Sacramento; ~~—$500,000 for the Historical Air Museum;~~ $1,000,000 for the Hollywood Entertainment Museum; $1,000,000 for the Japanese-American National Museum; $800,000 for the Latino Museum of History, Art and Culture; ~~$2,000,000 for the Los Angeles Children's Museum; $10,000,000~~ *$5,000,000* for the Los Angeles Civic Center; $250,000 for the Mexican-American Heritage Museum; $1,250,000 for the Mid-Peninsula Jewish Community Center; ~~$200,000 for the Miner's Foundry Cultural Center;~~ $250,000 for the Model Railroad Museum at Balboa Park; $540,000 for the Museum of Latin American Art; $1,500,000 for the Natural History Museum of Los Angeles County; ~~$200,000 for the Northern Los Angeles County Historic Agricultural Museum;~~ $1,000,000 for the Orange County Marine Institute ~~;~~ ~~$50,000 for the Palmdale Heritage Airpark; $350,000 for the Port San Luis Marine Institute~~ ; $145,000 for the Randall Museum; $72,000 for the Redding Old City Hall Arts Center; $200,000 for the San Bernardino County traveling museum exhibit; $500,000 for the San Diego Maritime Museum; $2,000,000 for the San Francisco Jewish Museum; $1,000,000 for the San Francisco Mexican Museum; $45,000 for the San Francisco Philharmonic; $35,000 for the Santa Clarita Historical Steam Engine; $200,000 for the Santa Maria Children's Museum; $2,000,000 for the Simon Weisenthal Center Museum of Tolerance; $2,000,000 for the Skirball Museum; and $400,000 for the Zimmer Museum.

I am also reducing the amount specified in Provision 5 for administrative costs of the Arts Council from $350,000 to $200,000 to reflect the fact that I am reducing from funding for these projects.

I am revising Provision 5 to conform to this action.

''5. Of the funds appropriated by this item, ~~$350,000~~ *$200,000* shall be used by the California Arts Council to defray it for support and related expenses for performing its responsibilities under this item. The council may enter into an interagency agreement to obtain personnel services relating to the review and approval of capital outlay expenditure plans.''

Item 8350-001-0001—For support of Department of Industrial Relations. I reduce this item from $141,265,000 to $140,765,000 by reducing:

(5) 36-Commission on Health and Safety and Workers' Compensation, from $1,169,000 to $981,000,

(8) 60-Promotion, Development, and Administration of Apprenticeship and other On-the-Job Training, from $4,983,000 to $4,483,000,

(19) Amount payable from the Workplace Health and Safety Revolving Fund (Item 8350-001-0222), from –$1,169,000 to –$981,000.

I am reducing the $1,000,000 legislative augmentation and 15 positions for the Division of Apprenticeship Standards by $500,000 and 7.5 positions. With this action I am approving additional resources to oversee the operation of apprenticeship programs in the state and ensure these programs are in compliance with the rules and regulations established by the California Apprenticeship Council.

I am revising this item to conform to the action taken in Item 8350-001-0222.

Item 8350-001-0222—For support of Department of Industrial Relations. I reduce this item from $1,169,000 to $981,000.

I am deleting the $188,000 legislative augmentation and three positions for the Commission on Health, Safety, and Workers' Compensation. The need for this augmentation has not been demonstrated.

Item 8570-101-0001—For local assistance, Department of Food and Agriculture. I reduce this item from $14,015,000 to $10,515,000 by reducing:

(a) 11-Agricultural Plant and Animal, Pest and Disease Prevention from $14,015,000 to $10,515,000.

I am reducing the $4,000,000 legislative augmentation to the County High Risk Pest Exclusion Program to $500,000. The Budget I submitted in January provided for a continuation of the $5 million legislative augmentation which had been included in the 1998 Budget Act. I believe that the additional $5.5 million, coupled with the apportionment to counties of approximately $17 million annually in unclaimed refundable gas tax revenues, which is designated for this and other county agricultural programs, provides an adequate level of state support for county pest exclusion activities.

Item 8570-103-0001—For local assistance, Department of Food and Agriculture. I delete this item.

This augmentation would provide a portion of the costs of building a horse arena at the Antelope Valley Polo Grounds, which is planned for construction in the City of Lancaster. Although this project may be meritorious, I am deleting the funding for it to ensure that the State maintains a prudent reserve and because it is primarily a local project that should be funded from local resources.

Item 8955-102-0001—For local assistance, Department of Veterans Affairs. I am reducing this item from $295,000 to $135,000 by deleting:

(c) Foresthill Veterans Hall ($160,000)

I am deleting the $160,000 Legislative augmentation for renovation of the veterans hall in Foresthill. Although this augmentation may be meritorious, it is a local project that should be funded from local resources.

Item 9210-115-0001—For local assistance, Local Government Financing. I reduce this item from $4,266,000 to $3,766,000 by reducing:

(2) City of Pacifica: Police Facility from $1,000,000 to $500,000.

I am reducing the $1,000,000 legislative augmentation for the City of Pacifica to construct a police facility by $500,000 because the funding for this project should include a matching local obligation. Police services are fundamentally a local responsibility. Thus, I am sustaining $500,000 of this augmentation on the assumption that the

City of Pacifica will fulfill its local government responsibility by providing for the remainder of the funds needed to complete the project.

Item 9210-116-0001—For local assistance, Local Government Financing. I reduce this item from $600,000 to $200,000 by deleting:

(1) Burbank-Glendale-Pasadena Airport Flight Path: Residential Acoustic Treatment Program ($400,000).

I am deleting this $400,000 legislative augmentation for Burbank-Glendale-Pasadena Airport Flight Path Residential Acoustic Treatment Program because this is a local federal matching issue that should be locally funded based on local priorities. Furthermore, this project has not been reviewed and evaluated in the context of competing needs for limited state resources.

Item 9210-117-0001—For local assistance, Local Government Financing, Local Services. I delete this item.

I am deleting the $120,000 legislative augmentation for the County of Imperial to fund the purchase of two ambulances and the $500,000 legislative augmentation for the County of Ventura to assist in the construction of two job training centers. I am deleting this item and its two legislative augmentations totaling $620,000 because these are local issues that should be locally funded based on local priorities.

SEC. 4.40—Federal Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA). I delete this control section.

This language would prohibit use of funds in the budget to implement restrictions on eligibility of aliens for state and local benefit programs contained in the Federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996. I am striking this language because it is inconsistent with federal law. Appropriate action by state agencies and departments should await the promulgation of relevant federal regulations.

SEC. 5.00—Reporting of Claims, Judgements, and Settlements. Legislative Claims and Settlement Reporting. I delete this control section.

I am deleting Control Section 5.00 because its reporting requirements are overly broad and duplicative.

As introduced, the Budget Bill proposed that state agencies prepare a schedule which includes each claim, judgment, compromise, and settlement, by category and fund for the 1998–99 fiscal year, for which the payment was the lesser of (1) $400,000 or more, or (2) five percent of the agency's 1998 Budget Act appropriation for the fund from which the payment was made. I am directing state agencies to comply with the reporting requirements that I had originally proposed. This action will result in reports concerning the more significant claims, judgments, compromises, and settlements to assist the Legislature in its oversight responsibilities.

SEC. 11.10—Deferred Information Technology Projects. I delete this control section.

I am deleting this control section because the language as modified by the Legislature is unduly restrictive and interferes with executive branch discretion regarding the implementation and continuation of new information technology projects. It remains my intention to require the completion of detailed departmental assessments of Year 2000 readiness and then, on a case by case basis, determine whether to allow critical new development projects to move forward.

SEC. 24.35—Allowable Uses for Lease Revenues. I delete this control section.

I am deleting Control Section 24.35 because it is unduly restrictive and interferes with executive branch discretion. This section is narrow in scope, recognizing only one of many possible uses for funds administered by the State Allocation Board. It is questionable whether the revenues derived from the lease of portable classrooms would be

used at all under the limitations contained in this control section. Therefore, in order to ensure that funds are available in the programs where they are most needed, I must delete this control section.

With the above deletions, revisions and reductions, I hereby approve Senate Bill 160.

GRAY DAVIS, Governor

2 [Ch. 78] I am signing Assembly Bill No. 1115, however, I am reducing the appropriations made in Section 65, 66, 70, 72 and 73 by a total of $15,526,000. These appropriations are being eliminated because I have specific concerns about the projects or to ensure the State maintains a prudent reserve. The specific reductions are as follows:

I am reducing the reappropriation in Section 65 by eliminating subdivision (b) which allocates $200,000 to the Julian Union School District for kitchen equipment needed for nutrition programs. Although this program may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 65 by eliminating subdivision (c) which allocates $200,000 to the Grossmont Union High School District for construction of a swimming pool at Steele Canyon High School. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 65 by eliminating subdivision (d) which allocates $100,000 on a one-time basis to the San Diego County Office of Education to provide assistance for schools to secure health insurance for uninsured, low-income pupils. Although this program may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 65 by $25,000 by reducing subdivision (e) from $27,500 to $2,500 for the Alta-Dutch Flat Union School District for afternoon school busing service. I am taking this action because to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 65 by eliminating subdivision (f) which allocates $100,000 on a one-time basis to the Los Gatos Union School District to support the expansion of science programs through the Youth Science Institute in the City of Los Gatos. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 65 by eliminating subdivision (g) which allocates $250,000 on a one-time basis to the Oak Park Unified School District for the purpose of purchasing computer equipment and materials for the library at Oak Park High School. I am taking this action because the budget currently includes $150.5 million which is allocated to all school districts on the basis of average daily attendance, which districts can use specifically for library materials and equipment.

I am reducing the reappropriation in Section 65 by eliminating subdivision (h) which allocates $175,000 to the Anaheim City School District for an after-school learning safe neighborhoods program. I am eliminating this project because the use of one-time Proposition 98 funding, for what appears to be an ongoing program, is not appropriate. Moreover, there is an existing grant program for this purpose, the After-School Learning and Safe Neighborhoods Partnerships program, which awards renewable grants and is increased by $35 million in the 1999 Budget Act for the 1999–2000 fiscal year. Local programs may compete for renewable grants for either purpose by applying through the Department of Education.

I am reducing the reappropriation in Section 65 by eliminating subdivision (i) which allocates $250,000 to the Rio Del Valle Elementary School District for construction of a gymnasium at Rio Del Valle Junior High School. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 65 by eliminating subdivision (k) which allocates $6,000 on a one-time basis to the San Juan Unified School District for the purchase of a computer, printer, and appropriate software for the Cottage Elementary School library. I am taking this action because the budget currently includes $158.5 million which is allocated to all school districts on the basis of average daily attendance, which districts can use specifically for library materials and equipment.

I am reducing the reappropriation in Section 65 by eliminating subdivision (*l*) which allocates $250,000 to the Saddleback Valley Unified School District for construction of a gymnasium at Laguna Hills High School. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 65 by eliminating subdivision (m) which allocates $100,000 to the Woodlake Union High School District for construction of a swimming pool. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the appropriation in Section 65 by eliminating subdivision (n) which allocates $110,000 to the Sacramento City Unified School District to support the Sacramento START after-school program. I am eliminating this project because the use of one-time Proposition 98 funding, for what appears to be an ongoing program, is not appropriate. Moreover, there is an existing grant program for this purpose, the After-School Learning and Safe Neighborhoods Partnerships program, which awards renewable grants and is increased by $35 million in the 1999 Budget Act for the 1999–2000 fiscal year. Local programs may compete for renewable grants for either purpose by applying through the Department of Education.

I am reducing the reappropriation in Section 65 by eliminating subdivision (o) which allocates $30,000 on a one-time basis to the Galt Joint Union Elementary School District to support an education program using STAR test results to improve teaching. I am deleting this funding because I recently enacted legislation implementing the state wide accountability initiative to hold schools accountable for their performance and to reward high achieving and improving schools, therefore this proposal unnecessary.

I am reducing the reappropriation in Section 65 by eliminating subdivision (p) which allocates $10,000 to the Oak View Unified School District to repair the school blacktop area. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the appropriation in Section 65 by eliminating subdivision (r) which allocates $30,000 to the ABC School District for an after school project at Hawaiian Gardens Elementary School. I am eliminating this project because the use of one-time Proposition 98 funding, for what appears to be an ongoing program, is not appropriate. Moreover, there is an existing grant program for this purpose, the After-School Learning and Safe Neighborhoods Partnerships program, which awards renewable grants and is increased by $35 million in the 1999 Budget Act for the 1999–2000 fiscal year. Local programs may compete for renewable grants for either purpose by applying through the Department of Education.

I am sustaining subdivision (z) of Section 65 which reappropriates $700,000 to the Superintendent of Public Instruction for allocation to the County Office Fiscal Crisis and Management Assistance Team (FCMAT) for distribution to the Compton Unified School District. However, I am requesting that these funds be used only for the specific purposes of implementing the school district's recovery plans. I also encourage the Compton Unified School District to fully avail itself of the existing program funding provided, including for summer school programs, after school programs, and the staff development day buy out program as appropriate, to assist the district in funding its reforms.

I am sustaining subdivision (aa) of Section 65 which reappropriates $1,500,000 to subsidize the costs of low-income children's participation in residential science camps. However, I note that this is a one-time appropriation; this program should develop alternative funding sources for the future.

I am reducing the reappropriation in Section 65 by eliminating subdivision (cc) which allocates $232,000 on a one-time basis to the Bilingual Foundation of the Arts to develop arts-based literacy skills in school age children. I am deleting the funding because the budget includes $6 million for Local Arts Education projects which can be used for this purpose.

I am reducing the reappropriation in Section 65 by eliminating subdivision (dd) which allocates $100,000 to the Los Angeles Unified School District to renovate the San Fernando High School Teen Health Clinic. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the appropriation in Section 65 of this bill by eliminating subdivision (hh) which allocates $16,900 to replace funding reduced as a result of an audit exception at the North Cow Creek School District. An independent audit of the district's class size reduction funding determined that the district inappropriately claimed $16,900 of incentive funding during the 1996–97 school year for classes with excess enrollment. Since the purpose of the incentive funding is to reduce enrollment to no more than 20 students per teacher and the program does not permit waiver of the class size requirement, it would be inappropriate, and establish an undesirable precedent, to restore funding to the district.

I am reducing the reappropriation in Section 65 by eliminating subdivision (jj) which allocates $120,000 to the Golden Valley Unified School District for home-to-school transportation. I am taking this action because this augmentation provides funding on a one-time basis for costs that are ongoing.

I am reducing the reappropriation in Section 65 by eliminating subdivision (mm) which allocates $288,000 on a one-time basis to the Oxnard Unified School District for the Parent University Project. I am taking this action because this augmentation provides funding on a one-time basis for costs that are ongoing.

I am reducing the appropriation in Section 65 bill by eliminating subdivision (oo) which allocates $139,000 on a one-time basis to the Sacramento City Unified School District for the Center for Educational Excellence. This program provides local services and also disseminates the Center's language arts curricula and models statewide. This augmentation would reimburse the district for additional costs of statewide distribution. It is not clear why this school district is involved in a program that distributes materials on a statewide basis or whether the materials meet the standards established by the State Board of Education. The distribution function described for the Center is currently and appropriately performed by the State Department of Education.

I am sustaining subdivision (pp) of Section 65 which reappropriates $750,000 to the Superintendent of Public Instruction for allocation to the County Office Fiscal Crisis and Management Assistance Team (FCMAT) for an audit of the Oakland Unified School District. However, I am requesting that FCMAT conduct a comprehensive assessment of the District in its major operational areas and provide recommendations by January 31, 2000. FCMAT and the district, in consultation with the Department of Finance, should enter into a contract specifying the terms of the assessments and the responsibilities of each of the parties prior to allocation of the $750,000 to FCMAT.

I am reducing the reappropriation in Section 65 by eliminating subdivision (qq) which allocates $250,000 to the Capistrano Unified School District for a planning grant to develop a teacher training and development facility. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 65 by eliminating subdivision (ss) which allocates $500,000 to the Los Angeles Unified School District for renovation of the San Fernando Middle School Auditorium. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the appropriation in Section 66 by eliminating subdivision (b) which allocates $500,000 to the Sacramento County Office of Education for a State Resource Center for the California Reading Initiative. Although this project may be meritorious, I am deleting the funding for it to ensure the State maintains a prudent reserve.

I am reducing the reappropriation in Section 70 by $2,820,000 by deleting subdivisions (a), (b), (c), (d)(1), (e) and (f), which would have provided for a variety of local projects for Community College districts. While voter registration is an important activity, I am reducing the $300,000 in schedule (c) for voter registration purposes because it does not appear necessary to provide funding for an activity that could be easily undertaken by campus groups or other civic groups. Although the other deleted projects may be meritorious, I am deleting the funding for them to ensure the state maintains a prudent reserve.

I am reducing the appropriation in Section 72 by eliminating subdivision (a) which appropriates $2,000,000 to the Department of Education for allocation by the Controller for reimbursement of Sacramento City Unified School District's 1998–99 voluntary desegregation audited claim. The state is not statutorily obligated to pay for any costs incurred for voluntary integration programs above the amount budgeted for that purpose. Desegregation claims are funded in accordance with an existing statutory formula, as limited by funding appropriated in the Budget Act. Based on these statutory provisions, there is no legal obligation to fund these programs beyond the amount provided in the annual Budget Act.

I am reducing the appropriation in Section 73 by eliminating subdivisions (a), (b), (c) and (d) which allocate a total of $6,724,100 to reimburse school districts desegregation program deficiencies for fiscal years 1994–95 and 1995–96. Desegregation claims are funded in accordance with an existing statutory formula, as limited by funding appropriated in the Budget Act. Based on these statutory provisions, there is no legal obligation to fund these programs beyond the amount provided in the annual Budget Act. In addition, the Legislature statutorily limited the funding formula for this program in the current year as well as in the past four years in the education trailer bills. The provisions statutorily limit the funding otherwise provided in statute for court-ordered desegregation and voluntary integration programs to the level of funding provided in the appropriation for these programs, consistent with all other programs funded through the mega-item appropriation. Finally, districts are advised of the amounts available for each fiscal year for these programs by the State Department of Education.

GRAY DAVIS, Governor

3 [Ch. 79] I am signing Assembly Bill No. 1662, relating to booking fees after vetoing subdivisions (c) and (d) of Section 29550.4 of the Government Code as added by this bill.

AB 1662 continuously appropriates up to $50 million annually from the General Fund to the Controller for allocation to cities for reimbursement of their actual booking and processing costs paid to counties. Under this bill, the amount appropriated from the General Fund would be increased annually by two percent beginning with the 2000–01 fiscal year. I am deleting the provisions authorizing this two percent annual adjustment because future increases in these reimbursements should be provided subject to the state's ability to fund these increases rather than automatically through a continuous appropriation.

GRAY DAVIS, Governor

4 [Ch. 811] I am signing Assembly Bill No. 756, however I am reducing the following item:

Item 3790-302-001—for relocation and restoration of Stilwell Hall in Monterey County, and for the stabilization and restoration of the Copperopolis Armory in Calaveras County. I reduce this item from $3,020,000 to $3,010,000 by deleting the funding for Copperopolis Armory.

This appropriation inappropriately diverts funding intended for high priority state park cultural heritage projects to a local project. This project should be funded from local resources.

The other budgetary augmentations and reallocations provided for in this bill are appropriate expenditures and have my full support.

GRAY DAVIS, Governor

5 [Ch. 950] I am signing AB 27, which requires the California Health and Human Services Agency to prepare a long term care information infrastructure blueprint.

However, I am deleting the $149,000 General Fund appropriation from the bill and instead directing the Secretary of Health and Human Services Agency to implement the provisions of AB 27 within existing resources.

GRAY DAVIS, Governor

6 [Ch. 956] I am signing Senate Bill No. 1131, encouraging the Department of Justice to investigate the practices of the motor vehicle fuel industry related to the production, distribution and pricing of gasoline and diesel fuel.

However, I am deleting the $1 million General Fund appropriation from the bill and instead ask the Attorney General to implement the provisions of SB 1131 within existing resources. The 1999 Budget Act contains $3.2 million for the Department of Justice's Antitrust workload, which includes a $667,000 General Fund augmentation to address such expected workload increases.

GRAY DAVIS, Governor

7 [Ch. 959] I am signing Senate Bill No. 213. However, I am deleting the $4,000,000 appropriation for the Puente Project and the Extended Opportunity Programs and Services (EOPS).

I previously vetoed augmentations of $3.36 million for the Puente Project and $5 million to EOPS from the Budget Act of 1999. In doing so, I noted that the $45 million augmentation to the Partnership for Excellence program could be used for these purposes at local discretion. While I appreciate the merits of these programs, I note that the state has recently made a significant investment of $145 million in the Partnership for Excellence, which allows each district to invest in these and other programs based on local need.

GRAY DAVIS, Governor

8 [Ch. 961] I am signing Assembly Bill 1168, which creates the Noxious Weed Management Account and establishes a new local mechanism to address the eradication of noxious weeds.

However, I am reducing the appropriation in the bill from $500,000 to $200,000 per year for the 1999–2000, 2000–01, and 2001–02 fiscal years.

GRAY DAVIS, Governor

9 [Ch. 965] I am signing Assembly Bill No. 1645; however, I am eliminating the $127,500 appropriation to the State Department of Education made in subdivision (a) of Section 2. The bill provides that this appropriation is for expenditure ''exclusively for staff.'' Appropriate funding levels for staff are typically determined in the annual budget change proposal process based on a workload analysis and in consideration of all other priorities. Given that the department has eight staff already devoted to this area, it should be able to implement this bill without additional staff.

I am, however, sustaining the one-time $300,000 appropriation which will be used to develop an agricultural education curriculum. Agriculture plays a vital role in California's culture and economy. This bill will help ensure that agriculture is given the appropriate emphasis in our curriculum so that out children grow up recognizing its value.

GRAY DAVIS, Governor

10 [Ch. 996] I am signing Senate Bill No. 334; however, I am deleting specified appropriations made by this bill as described below.

This bill establishes the School Safety and Violence Prevention Strategy and makes an appropriation therefore to the Superintendent of Public Instruction; repeals the January 1, 2000, sunset clauses in existing law for the development and implementation of school safety plans; makes an appropriation to the Board of Corrections to carry out the At-Risk Youth Early Intervention Program; makes several revisions to existing statutes relating to juvenile criminal procedure; requires the Department of the Youth Authority to develop a high school graduation plan for each ward who has not attained a high school diploma or equivalent certificate and to enroll that ward in an appropriate educational program; and makes appropriations to the Counties of Riverside, San Diego, and San Francisco for specified programs.

I approved a $100 million augmentation in the 1999 Budget Act for school safety to fund school district safety initiatives such as school counselors, school psychologists, fencing, and video cameras. Consequently, I am deleting the $5 million appropriation to the Superintendent of Public Instruction to carry out the School Safety Violence Protection Act program.

In addition, I am deleting the appropriations of $1.5 million to the Board of Corrections; $1.5 million to the County of Riverside to expand the Project Bridge Gang Crime Prevention Program; and $3 million in 1999–00 and an additional $1 million in both 2000–01 and 2001–02 to the County of San Diego for the purchase and operation of the San Pasqual Academy. I believe these appropriations should be considered within the context of the annual budget process, competing with other General Fund priorities.

However, I am sustaining the $1.8 million appropriation to the City and County of San Francisco to acquire and install surveillance cameras on its municipal railway public transit vehicles; this appropriation was erroneously deleted in the 1999 Budget Act.

GRAY DAVIS, Governor

11 [Ch. 1001] I am signing Senate Bill No. 1039, however I am deleting the $250,000 General Fund appropriation for Alumnae Resources.

This bill will allow the Newport-Mesa Unified School District to submit a placeholder application to the State Allocation Board for facilities funding from Proposition 1A.

GRAY DAVIS, Governor

12 [Ch. 1010] I am signing Senate Bill No. 204 which provides resources for local treatment to control and eradicate the Red Imported Fire Ant (RIFA). However, I am reducing the appropriation by $7,500,000 leaving $2 million for these purposes.

I included in my 1999–2000 budget $8,800,000 for statewide eradication efforts. Additionally, the California Department of Food and Agriculture's multi-year action plan for control and eradication of this pest calls for additional funds in each of the next four budget years. I will review the need for these additional funds during the budget process.

In order to assist local jurisdictions with eradication efforts, I am directing the Secretary of Food and Agriculture to redirect $4,000,000 from existing statewide funds for local treatment efforts.

Responsibility for eradication efforts must be borne primarily by the areas impacted, and funding for local treatment programs must reflect that responsibility. Therefore, I am directing the Secretary of Food and Agriculture to seek additional funds from both the federal government and local entities for these efforts.

GRAY DAVIS, Governor

13 [Ch. 1021] I am signing Senate Bill No. 735, however, I am reducing augmentations and reappropriations made to various items by a total of $523,000 General Fund.

This bill would appropriate $4,981,000 General Fund, reduce existing special fund appropriations by $2 million, and reappropriate $5,725,000 General Fund for programs and projects as a supplement to the Budget Act of 1999 (Chapter 50, Statutes of 1999) as follows: $250,000 appropriation to the Department of Trade and Commerce for the California Institute for Federal Policy Research; $1.5 million reappropriation to the State Coastal Conservancy for Elysian Valley and Arroyo Seco projects; $3,275,000 to the Department of Parks and Recreation (DPR) for reappropriation of 10 local projects; $950,000 reappropriation to DPR for Rancho San Andres Castro Adobe as a capital outlay project; $1,150,000 appropriation to DPR for four new projects including $400,000 for a teen center and a senior center for the Plaza Community Center; $31,000 to Sacramento County for Street and Traffic Lighting; $50,000 to the Employment Development Department for a grant to the Vallejo Cadet Project; $31,000 to Sacramento County for Street and Traffic Lighting; Plaza Community Center, $31,000 to Sacramento County for Street and Traffic Lighting; $50,000 to the Employment Development Department for a grant to the Vallejo Cadet Project; $1 million to the University of California (UC) for the Welfare Policy Research Project; $2.5 million to UC for Internet 2; and $2 million special fund reduction to the Department of Industrial Relations related to the Uninsured Employers Fund. The bill would also add provisional language for the following; the California Energy Commission, the Public Utilities Commission, and the Electricity Oversight Board regarding a report on electricity reliability issues; the Department of Water Resources regarding road repair; the Department of Corrections regarding the reimbursement of local costs for detention and parole revocation proceedings; and the California Arts Council for the Japanese American National Museum.

I am deleting funding for the $250,000 appropriation for the California Institute for Federal Policy Research because the State already maintains an office in Washington, DC which is the appropriate voice for California's positions on federal policy issues.

I am deleting the $31,000 appropriation for the Sacramento County Street and Traffic Lighting. While this project may have merit, it is not of sufficient priority to fund and maintain a prudent General Fund reserve.

I am reducing the Internet2 appropriation to the University of California from $2.5 million to $2.25 million. I support this appropriation to allow the University of California to make progress toward completing this information technology project.

I am reducing the appropriation to DPR for the Plaza Community Center from $400,000 to $399,000 and deleting a reference to a senior citizen center for the Plaza Community Center project. This is necessary in order to correct a drafting error.

I am sustaining the reappropriation for a capital outlay project at the Rancho San Andres Castro Adobe, the historic home of Jose Joaquin Castro, only because DPR indicates that there is an excellent prospect that the facility could be operated as a concession agreement without state funding. My sustaining this reappropriation also reflects my position that the $950,000 appropriation would represent the State's full commitment to the restoration project.

GRAY DAVIS, Governor

14 [Ch. 1022] I am signing Assembly Bill No. 403; however, I am deleting the $200,000 General Fund appropriation contained in Section 1.5.

AB 403 would appropriate $200,000 from the General Fund to the Department of Justice (DOJ) for training local law enforcement on the enforcement of firearm laws at gun shows.

Having recently signed legislation tightening regulation of gun shows, I support the need for additional training. However, primary responsibility of law enforcement at gun shows is a local responsibility, and I believe the Commission on Peace Officers Standards an Training is the appropriate state agency to provide training for local law enforcement officers.

If the Commission desires to contract with the Department of Justice to provide such training, I will provide the necessary funding in the budget process.

This bill would also require local law enforcement agencies to make available to a victim one copy of domestic violence incident report within a specific period of time.

I believe this is an important measure that will help victims of domestic violence obtain the documentation they need to secure restraining orders as quickly as possible.

GRAY DAVIS, Governor

NOTE: Superior numbers appear as a separate section at the end of the Statutory Record.

1999 Superior Numbers

* Effective immediately.
1 Operative January 1, 2000.
2 Repeal operative January 1, 2000.
3 Contingent effect.
4 Inoperative July 1, 2001.
5 Repeal operative January 1, 2002.
6 Operative for taxable years beginning on or after January 1, 1998.
7 Repeal operative August 7, 1999.
8 Operative January 1, 2002.
9 Paragraphs (1) to (3), inclusive, of subdivision (b) shall not become operative unless and until the Regents of the University of California adopt a resolution within the meaning of Sections 92851, 92856, and 99221 of the Education Code.
10 Operative when Los Angeles County Board of Supervisors, by resolution adopted by majority vote, makes provisions of this section applicable in the county.
11 Inoperative July 31, 1999.
12 Inoperative July 1, 1999.
13 Repeal deleted by amendment.
14 Inoperative January 1, 2001.
15 Repeal operative July 1, 1999.
16 Operative July 1, 1999.
17 Operative pursuant to the provisions of Sec. 25390.9 of the Health and Safety Code, as added by Ch. 23, Stats. 1999.
18 Repeal operative January 1, 2005.
19 Repeal operative January 1, 2004.
20 Repeal operative January 1, 2003.
21 Inoperative July 1, 2002.
22 Operative January 1, 2004.
23 In effect until the effective date of the Budget Act of 2000 or June 30, 2000, whichever occurs later.
24 Repeal operative January 1, 2001.
25 Operative January 1, 2001.
27 Repeal operative on June 30, 2000, or on the day following the execution of the transfers required under Sections 4, 5, and 6 of Chapter 85 of the Statutes of 1999, whichever date is first.
28 Operative on June 30, 2000, or on the day following the execution of the transfers required under Sections 4, 5, and 6 of Chapter 85 of the Statutes of 1999, whichever date is first.
29 Not operative unless an amendment to the California Constitution is placed on the ballot by the Legislature and is approved by the statewide electorate during the 2000 calendar year, that would do as specified in Sec. 11 of act.
30 Any section of any act enacted by the Legislature during the 1999 calendar year that takes effect on or before January 1, 2000, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 1999 calendar year and takes effect on or before January 1, 2000, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
31 Inoperative June 30, 2000.

32 Operative only if an appropriation is made for its purposes in the Budget Act of 1999, or in another statute enacted during the first calendar year of the 1999–2000 Regular Session, and shall be funded exclusively with funds appropriated thereby.
33 Effective only until the effective date of the Budget Act of 2000 or July 1, 2000, whichever occurs later.
34 Operative January 1, 2003.
35 Operative July 1, 2002.
36 Inoperative date deleted by amendment.
37 See Governor's Item Veto Message.
38 Repeal operative January 1, 2010.
39 Repeal operative July 1, 2000.
40 This section prevails over the same-numbered section as added to the Water Code by Ch. 92, Stats. 1999.
41 Repealed as of the date the relinquishment authorized under subd. (b) becomes effective.
42 Subdivision (m), paragraph (1) shall become inoperative when the State Department of Health Services has obtained all necessary federal approvals pursuant to Welfare and Institutions Code Section 14132.95, subdivision (j), paragraph (3).
43 Repeal operative January 1, 2006.
44 Operative March 1, 2000.
45 Inoperative July 1, 2000.
46 Subdivision (b), paragraph (1) shall become inoperative January 1, 2005.
47 The changes to subdivision (c) made by the act adding this subdivision shall apply to each taxable year beginning on or after January 1, 1999.
48 Inoperative on the effective date of the relinquishment by the California Transportation Commission to the City of Downey of the portion of Route 19 located between Gardendale Street and Telegraph Boulevard within the city.
49 Operative January 1 following the effective date of the relinquishment by the California Transportation Commission to the City of Downey of the portion of route 19 located between Gardendale Street and Telegraph Boulevard within the city.
50 Operative as of the effective date of the relinquishment by the California Transportation Commission to the City of Downey of the portion of Route 19 located between Gardendale Street and Telegraph Boulevard within the city, pursuant to subdivision (c) of Section 319, as that section read on the day before it was repealed pursuant to the act that added this section during the 1999–2000 Regular Session.
51 Operative November 1, 2000.
52 Repeal operative on effective date of a final judgment based on a claim under California or United States Constitution holding that evidence that is relevant, reliable, and material may not be considered for purposes of a judicial determination of factual innocence under this section.
53 In the event that the Department of Finance determines that the program operated under the authority of the waiver described in subd. (aa), para. (2) is no longer cost-effective, subd. (aa) shall become inoperative on the first day of the first month following the issuance of a 30-day notification of that determination in writing by the Department of Finance to the chairperson in each house that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees in each house that considers the State Budget, and the Chairperson of the Joint Legislative Budget Committee.
54 Inoperative date repealed.
55 Not operative in any county until the time the board of retirement, by a majority vote, makes this section applicable in the county.

56 Operative July 1, 2000.
57 Termination date repealed.
58 Repeal operative January 1, 2006. However, if, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 9.5 (Sec. 18805 et seq.)) made on returns filed in that calendar year will be less than $250,000, or the adjusted amount specified in RTC 18808(c), as may be applicable, then this section is repealed with respect to taxable years beginning on and after January 1 of the calendar year.
59 Inoperative date for para. (9) of subd. (b) deleted by amendment.
60 Repeal operative January 1, 2005. However, if the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 3 (Sec. 18721 et seq.)) made on returns filed in that calendar year will be less than $250,000 for taxable years beginning in 2001, or the adjusted amount specified in RTC 18724(c) for any subsequent taxable year, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
61 The changes made to RTC 23305.5 by this act shall apply to taxable years beginning on or after January 1, 1997.
62 Inoperative June 30, 2003.
63 Operative January 1, 2005.
64 The provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.
65 Repeal operative January 1, 2005. If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article (RTC Art. 6 (Sec. 18761 et seq.)) made on returns filed in that calendar year will be less than $250,000 for taxable years beginning in 2000, or the adjusted amount specified in RTC 18766(c) for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
66 Inoperative not later than 60 days from the date the Director of Transportation receives notice from the United States Secretary of Transportation that future operation of this section will result in a reduction of the state's share of federal highway funds pursuant to Section 131 of Title 23 of the United States Code.
67 Operative on January 1 immediately following the date the Secretary of State receives the notice required under paragraph (2) of this section.
68 Repeal operative January 1, 2008.
69 Operative January 1, 2008.
70 Inoperative July 1, 2004.
71 Amendments to section not implemented until July 1, 2001, unless otherwise authorized by the Department of Information Technology pursuant to Executive Order D-3-99.
72 Repeal operative January 1 of the fifth taxable year following the first appearance of the Birth Defects Research Fund on the tax return or January 1, 2007, whichever occurs first. If, in any calendar year after the first taxable year the Birth Defects Research Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subd. (c), RTC Sec. 18865 for subsequent taxable years, as may be applicable, then this section is repealed with respect to taxable years beginning on or after January 1 of that calendar year.
73 Inoperative July 1, 2003.
74 Repeal operative June 30, 2005.
75 Repeal operative January 1, 2007.

76 Operative January 1, 2001, with respect to any cash register or other machine or device that electronically prints receipts for credit card transactions that is first put into use on or after January 1, 2001; operative January 1, 2004, with respect to any cash register or other machine or device that electronically prints receipts for credit card transactions that is in use before January 1, 2001.
77 Inoperative January 1, 2000.
78 Repeal operative January 1 of an unspecified year.
79 Inoperative July 1, 2005.
80 Operative January 1, 2006.
81 Operative July 1, 2005.
82 Not operative.
84 The changes made to subdivision (b) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of those changes in the annual Budget Act or in another measure.
85 The changes made to subdivision (a) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of those changes in the annual Budget Act or in another measure.
86 The change made to subdivision (c) during the 1999 portion of the 1999–2000 Regular Session of the Legislature shall be operative in any fiscal year only if funds are appropriated for purposes of that change in the annual Budget Act or in another measure.
87 Operative only if there is an appropriation in the Budget Act to fund the provisions of this act.
88 Operative only if the voters approve the Veterans' Homes Bond Act of 2000, as set forth in Section 2 of this act (M&VC Ch. 2 (Sec. 1100 et seq.)), at the March 7, 2000, statewide primary election.
89 Effective upon the adoption by the voters of the Veterans' Homes Bond Act of 2000, as set forth in Section 2 of this act (M&VC Ch. 2 (Sec. 1100 et seq.)).
90 Effective upon adoption by the voters of the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000, as set forth in Section 1 of this act, (PRC Ch. 1.692 (Sec. 5096.300 et seq.)).
92 Operative in the County of San Diego when the board of supervisors adopts a resolution declaring this section operative.
93 Operative only if the federal waiver identified under Section 14495.10 of the Welfare and Institutions Code is approved by the federal Health Care Financing Administration.
94 Paragraphs (2) and (3) of subdivision (b) inoperative January 1, 2001.
95 Repeal operative July 1, 2003.
96 Operative July 1, 2001.
98 Inoperative July 1, 2006.
99 Subdivision (g) operative January 1, 2001.
100 Operative January 1, 2007.
101 Clause (iv), of subparagraph (B), of paragraph (4), of subdivision (d), of this section shall be operative for the 1999–2000 fiscal year only to the extent that moneys are appropriated for purposes of that clause in the Budget Act of 1999 by an appropriation that specifically references that clause.
103 In effect as long as Section 42 of the Internal Revenue Code, relating to low-income housing credits, remains in effect.
104 Operative June 1, 2001.
105 Subdivision (*l*) operative January 1, 2001.
106 Applicable to taxable years beginning on or after January 1, 1999.
107 Operative only when funds are specifically appropriated for the purposes of the California YouthBuild Act.

110 Prevails over and supersedes Chapter 461, Statutes of 1999, Reg. Sess., with regard to this section. Secretary of State shall submit section to voters at March 7, 2000, statewide general election as part of the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000, in place of same numbered section as added by Chapter 461, Statutes of 1999, Reg. Sess.
111 Repeal operative January 1, 2011.
112 This act shall become effective on January 1, 2000, and shall become operative on the date that the Governor, by executive order, establishes the Department of Managed Care or July 1, 2000, whichever occurs first.
113 Inoperative date for subdivision (p) deleted by amendment.
114 Any section of any act enacted by the Legislature during the 1999 calendar year that takes effect on or before January 1, 2000, and that amends, amends and renumbers, adds, repeals and adds, or repeals a section that is amended, amended and renumbered, repealed and added, or repealed by this act, shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act.
115 Operative as of the date of approval by the governing board of the Los Angeles Unified School District of the contract to provide air-conditioning to 150 schools within the district.
116 Subdivision (a), paragraph (2) is repealed on January 1, 2005.
117 Operative only for as long as Fam C Sec. 17704 requires participating counties to report data to the department.
118 Operative July 1, 1998.
119 Paragraph (1) subd. (a) inoperative January 1, 2000. Paragraph (2) subd. (a) operative January 1, 2000.
120 Paragraph (1) subd. (c) inoperative January 1, 2000. Paragraph (2) subd. (c) operative January 1, 2000.
121 Applicable on and after the property tax lien date on January 1, 2000.
122 Subdivision (e) of this section shall become operative on July 1, 2000, and shall be implemented only to the extent that funds are appropriated for its purposes in the Budget Act.
123 Effective upon voter approval of the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Act.
124 This section shall remain in effect only until the operative date of the independent review process established by Chapter 533 of the Statutes of 1999, and as of that date is repealed.
127 Not operative unless the Board of Administration of the Public Employees' Retirement System adopts a resolution that does both of the following: (A) employs, for the June 30, 1998, valuation, 95 percent of the market value of assets of the state employer as the actuarial value of the assets; and (b) amortizes the June 30, 1998, excess assets over a period of 20 years, beginning July 1, 1999.
129 Subdivision (a) shall only become operative upon a determination by the Director of Finance that funds are available to make an adjustment pursuant to subdivision (h) of EDC Sec. 60640.
130 Repeal operative August 1, 2000.
131 Inoperative on the date that the director executes a declaration stating that Section 11265.2 of the Welfare and Institutions Code, as added by the act adding this subdivision, is fully implemented statewide, and shall be repealed on January 1 of the year following the year in which it becomes inoperative.
132 Paragraph (2) of subdivision (a) inoperative January 1, 2004.
133 Inoperative July 1, 2000, and repealed January 1, 2001, if all of the events described in Section 901 of the Pajaro River Watershed Flood Prevention Authority Act (Stats. 1999, Ch. 963) occur.
134 Applicable to taxable years beginning on or after January 1, 1998.
135 Applicable to income years beginning on or after January 1, 1998.

136 Applicable to taxable or income years beginning on or after January 1, 1998.
137 The amendments made to subdivision (a) shall apply to all income years for which the Franchise Tax Board may propose an assessment or allow a claim for refund.
138 Subdivision (h) shall remain operative until January 1, 2005, and as of that date shall be repealed.
139 Subdivision (m) shall remain operative only until January 1, 2005.
140 Operative on January 1 of the year following the year in which it becomes inoperative.
142 Inoperative January 1, 2005, or on such earlier date as the Board of Administration of the Public Employees' Retirement System makes a formal determination that HMOs are no longer the most cost-effective health care plans offered by the board.
143 Repealed as of January 1 following the Secretary of State's submittal to the Legislature of the report regarding the special handling fee charged for preclearance documents and expedited filings provided for in Gov. C. Sec. 12208.
144 Any section of any act enacted by the Legislature during the 1999 calendar year that takes effect on or before January 1, 2000, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of Sections 3 to 18, inclusive, of this act shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 1999 calendar year and takes effect on or before January 1, 2000, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.
145 Repeal operative December 31, 2002.
146 Inoperative April 1, 2005.
147 Subdivision (e) of this section shall be operative only until January 1, 2003.
148 Inoperative February 1, 2000.
149 Inoperative June 30, 2001.
152 Repealed on January 1 of the fifth taxable year following the notification required under subd. (a) of Sec. 18821, RTC, unless a later enacted statute, which is enacted before that date, deletes that date. However, if, in any calendar year, beginning in the year 2001, the Franchise Tax Board estimates by September 1 that contributions described in Art. 11, Ch. 3, Pt. 10.2, Div. 1 (Sec. 18821 et seq.) RTC, made on returns filed in that calendar year will be less than $250,000 then this section is repealed with respect to taxable years beginning on and after January 1 of that calendar year.
153 Subdivision (c) of this section inoperative December 31, 2001.
154 Subd. (b), paragraph (10) shall be operative only to the extent that funds for purposes of paragraph (10) are appropriated in the annual Budget Act.
155 Repeal operative April 1, 2000.
156 Operative December 31, 2003.
157 Not operative until the State Mining and Geology Board approves the County of Yolo implementing ordinance governing in-channel noncommercial extraction activities carried out pursuant to the Cache Resource Management Plan and notifies the Secretary of State in writing of that approval.
160 Shall take effect upon adoption by the voters at the March 7, 2000, primary election, of the Hertzberg-Polanco Crime Laboratories Construction Bond Act of 1999, as set forth in Section 1 of this act.
161 Repealed as of January 1 following the Secretary of State's submittal to the Legislature of the report regarding the special handling fee charged for preclearance documents and expedited filings provided for in Gov. C. Sec. 12182.
162 Second paragraph of subdivision (*l*) operative January 1, 2001.
163 Subparagraph (A) shall become inoperative on October 1, 2002.

164 Applicable to the entire 1999–2000 fiscal year, regardless of the effective date of act.

165 Operative upon adoption by the voters of the California Library Construction and Renovation Bond Act of 2000, as set forth in Section 1 of this act (Ed. C. Ch. 12 (Sec. 19985 et seq.)).

166 This section shall prevail over Section 1874.8 of the Insurance Code as added by Chapter 884 of the Statutes of 1999 to the extent that it provides for the allocation and distribution of funds under the program established to target organized fraud activity.

167 Section 1874.8 of the Insurance Code as added by Chapter 885 of the Statutes of 1999 shall prevail to the extent that it provides for the allocation and distribution of funds under the program established to target organized fraud activity.

168 Section is inoperative if federal approval is not obtained for its implementation. Section shall also become immediately inoperative in the event there is a final judicial determination by any court of appellate jurisdiction or a final determination by the administrator of the federal Health Care Financing Administration that the supplemental reimbursement provided in this section must be made to any facility not described therein.

169 Amendments not operative unless the Board of Administration of the Public Employees' Retirement System adopts a resolution that does both of the following: (A) employs, for the June 30, 1998, valuation, 95 percent of the market value of assets of the state employer as the actuarial value of the assets; and (B) amortizes the June 30, 1998, excess assets over a period of 20 years, beginning July 1, 1999.

APPENDIX

COUNTY, CITY, AND CITY AND COUNTY CHARTERS AND CHARTER AMENDMENTS

as transmitted by the Secretary of State for inclusion in the official statutes in accordance with Section 3, Article XI, of the California Constitution as amended by vote of electors on November 5, 1974.

CHARTER AMENDMENTS—1999

Charter Chapter Number	City—County	Date of Election	Date of Filing
1	County of Santa Clara	Nov. 3, 1998	March 4, 1999
2	City of Napa	March 2, 1999	March 25, 1999
3	City of Modesto	Nov. 3, 1998	April 14, 1999
4	City of Santa Monica	April 24 & 25, 1999	June 15, 1999
5	City of Los Angeles	June 8, 1999	June 24, 1999
6	City and County of San Francisco	Nov. 2, 1999	Dec. 15, 1999

Charter Chapter 1—County of Santa Clara

Amendments to the Charter of the County of Santa Clara

[Filed with the Secretary of State March 4, 1999.]

ARTICLE VII, SECTION 712 is amended to read:

Except as otherwise provided in this Charter, elective and appointive officers and employees serving with compensation are prohibited from engaging in any private practice or business during the regular business hours specified for the performance of their duties and during such hours they shall devote all their time to the duties of their respective positions. This section shall not apply to members of the Board of Supervisors or to officers or employees exempted by the administrative code.

ARTICLE III, SECTION 301 is amended to read:

The Board of Supervisors shall:

(a) Adopt a statement of the goals of the county reflecting the quality and direction of the activities of county government for the enhancement of human and physical resources of the county. The board shall annually review the adopted goals and may modify them as necessary.

(b) Encourage cooperation among local public agencies both within Santa Clara County and the San Francisco Bay Area. When appropriate recommend and promote solutions to regional issues of mutual concern to Santa Clara County and other agencies.

(c) Appoint, suspend, or remove subject to the provisions of this Charter the County Executive, County Counsel, Public Defender, Clerk of the Board of Supervisors, Chief of Correction, and members of boards and commissions.

(d) Adopt an administrative code by ordinance which shall prescribe the powers and duties of appointive departments and officers and the procedures and rules of operation of all departments and officers of the county.

(e) Provide for the number and compensation of all officers and employees.

(f) Adopt such ordinances as may be necessary to establish and carry into effect the provisions of this Charter.

ARTICLE V, SECTION 507 is deleted in its entirety.

ARTICLE II, SECTION 202: The term of office of supervisor is four years. The term of office commences at noon on the first Monday in January.

The elections for members of the Board of Supervisors shall be staggered so that the Supervisor for the Second, Third and Fifth Districts shall be elected in the same general election as the Presidential election, and Supervisor for the First and Fourth Districts shall be elected in the same general election as the Gubernatorial election.

A candidate is elected who receives a majority of all votes cast at the primary election. When no candidate is so elected, the two candidates who received the highest number of votes shall be the candidates at the November election.

No charge shall be imposed for a candidate statement of qualifications to be included in the voter's pamphlet. In all other respects the elections shall be conducted pursuant to general law.

No person elected or appointed as a Supervisor may serve as such for more than three successive four year terms. Any person appointed to the office of Supervisor to complete in excess of two years of a four year term shall be deemed, for the purpose of this section, to have served one full term upon the expiration of that term. No person having served three successive four year terms may serve as a Supervisor, either by election or appointment, until at least four years after the expiration of the third successive term in office. Any Supervisor who resigns with less than two full years remaining until the expiration of the term shall be deemed, for the purpose of this Section, to have serviced a full four year. The above shall not disqualify any person from running for election to the Board of Supervisors for any term or terms which are not successive.

ARTICLE II, SECTION 208: Nothing in this Charter shall preclude the Board of Supervisors from authorizing an instant run-off voting system for the November general election, which eliminates the need for run-off elections, when such technology is available to the County.

Certified to be a true copy by Pete McHugh, Chairperson of the Board, and Phyllis A. Perez, Clerk.

Date of Municipal Election: November 3, 1998.

Charter Chapter 2—City of Napa

Amendments to the Charter of the City of Napa

[Filed with the Secretary of State on March 25, 1999.]

Section 76.1 F(1) (Personnel system.) is amended to read as follows:

(1) If appointment is to be made from employment or promotional lists, the names of persons willing to accept such appointments shall be certified by the Personnel Director in the order in which they appear on the lists, provided that eligibles on promotional lists for any particular class shall be certified before eligibles on open lists. Appointment shall be made from the eligibles standing highest on the employment list or lists for the class whenever a position in the classified service is to be filled. If at least one current regular employee is on the list, the number of eligibles certified shall not exceed by more than two (2) the number of vacancies to be filled. If no current regular employee is on the list, the number of eligibles certified shall not exceed by more than five (5) the number of vacancies to be filled.

Section 180 is added to read as follows:

Rural Urban Limit Line

Section 180.

A. There is hereby established a Rural Urban Limit line, which shall also be referred to as the "RUL." The RUL shall be as set forth and delineated in the 1982 General Plan of the City of Napa, as amended by the City Council prior to March 1999. The RUL shall not be amended or modified, and no urban development shall be permitted in any area outside the RUL except as approved by the City's voters, following approval by the City's Planning Commission and City Council as a General Plan amendment. Notwithstanding the foregoing, the RUL may be changed, modified or amended as a General Plan amendment by four-fifths (4/5) vote of the City Council, without approval by the voters, where necessary to comply with state or federal law, or to allow any community or recreational facilities, parks, public service facilities including, but not limited to, fire and police stations and substations, or similar facilities sponsored or developed by the City of Napa, the Napa Valley Unified School District, or other public educational facilities. No amendment or modification to the RUL, either by voter approval or by four-fifths (4/5) City Council vote, shall be permitted unless the City Council first has determined that such amendment or modification is consistent with the criteria contained in Chapter 9 of the draft General Plan Update, known as Envision Napa 2020, approved by the Napa Planning Commission in June 1998.

B. Except as expressly provided herein, no City of Napa water service shall be provided for any area or site outside the RUL. The City of Napa shall provide City water service to all properties within the incorporated area of the City of Napa and may, in its sole discretion, provide City water service for areas or sites outside the RUL and outside the incorporated area of the City of Napa as of March 1999 as follows:

(1) To be used for municipal purposes by any other incorporated city or municipality;

(2) To be used for community facilities, recreational facilities, parks, public service facilities including, but not limited to, fire and police stations and substations, any similar facilities, as well as any public school facilities sponsored or developed by the City of Napa, the Napa Valley Unified School District or other public educational bodies;

(3) If such area or site qualifies for interruptible surplus agricultural water service pursuant to Napa Municipal Code Section 13.04.050 as the same may be amended from time to time;

(4) For existing uses which have been provided with City of Napa water prior to the effective date of this charter amendment;

(5) As necessary to fulfill any contractual obligation existing prior to the effective date of this charter amendment;

(6) For any other uses approved by four-fifths (4/5) vote of the City Council.

Certified to be a true copy by Ed Henderson, Mayor, and Pamyla Nigliazzo, City Clerk.

Date of Municipal Election: March 2, 1999.

Charter Chapter 3—City of Modesto

Amendment to the Charter of the City of Modesto

[Filed with the Secretary of State April 14, 1999.]

SECTION 1206. IMPARTIAL ARBITRATION FOR POLICE AND FIRE DEPARTMENT EMPLOYEE DISPUTES.

(a) Impartial Arbitration—Declaration of Policy. It is hereby declared to be the policy of the City of Modesto that strikes by police officers and firefighters are not in the public interest and should be prohibited, and that a method should be adopted for peacefully and equitably resolving disputes that might otherwise lead to such strikes.

(b) Prohibition Against Strikes. No City of Modesto police officer or firefighter shall wilfully engage in a strike against the City. Any such employee against whom the City brings charges of failing to report for work as part of a strike shall be subject to dismissal from his or her employment in the event the charges are sustained upon conclusion of the proceedings that are required by law for the imposition of disciplinary action upon said employee.

(c) Obligation to Negotiate in Good Faith. The City, through its duly authorized representatives, shall negotiate in good faith with recognized employee organizations which represent sworn members of the City of Modesto Police Department or the City of Modesto Fire Department on all matters relating to the wages, hours and other terms and conditions of City employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of any negotiated agreement. Unless and until agreement is reached through negotiations between the City and a recognized employee organization for the police department or fire department bargaining unit, or a determination is made through the arbitration procedure hereafter provided, no existing benefits or conditions of employment for said police department or fire department employees shall be eliminated or changed.

(d) Impasse Resolution Procedures. All disputes or controversies pertaining to wages, hours or terms and conditions of employment which remain unresolved after good faith negotiations between the City and the recognized police department or fire department employee organization involved in the dispute shall be submitted to a three-member Board of Arbitrators upon the declaration of an impasse by the City or by the recognized employee organization.

Representatives designated by the City and representatives of the recognized employee organization involved in the dispute shall each appoint one (1) arbitrator to the Board of Arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the Arbitration Board shall be selected by agreement between the two (2) arbitrators selected by the City and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the arbitrators selected by the City and the employee organization cannot agree upon the selection of the

third arbitrator within ten (10) days from the date that either party has notified the other that it has declared an impasse, then either party may request the State of California Mediation and Conciliation Service to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the arbitrators selected by the City and the employee organization cannot agree within three (3) days after receipt of such list on one (1) of the seven (7) to act as third arbitrator, they shall alternately strike names from the list of nominees until one (1) name remains and that person shall then become the third arbitrator and chairperson of the Arbitration Board.

Any arbitration proceeding convened pursuant to this article shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The Arbitration Board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The Arbitration Board, in the exercise of its discretion, may meet privately with the parties and mediate or mede-arb issues in dispute. The Arbitration Board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

At the conclusion of the arbitration hearings, the Arbitration Board shall direct each of the parties to submit, within such time limit as the Arbitration Board may establish, a last offer of settlement on each of the issues in dispute. The Arbitration Board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms with those factors traditionally taken into consideration in the determination of wages, hours, and other terms and conditions of public and private employment, including, but not limited to, changes in the average consumer price index for goods and services, the wages, hours, and other terms and conditions of employment of other employees performing similar services, and the financial condition of the City and its ability to meet the cost of the award.

After reaching a decision, the Arbitration Board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the Arbitration Board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties may meet privately, attempt to resolve their differences, and by mutual agreement amend or modify any of the decisions of the Arbitration Board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the Arbitration Board, incorporating any amendments or modifications agreed to by the parties, shall be publicly disclosed and shall be binding upon the parties. The City and the recognized employee organization shall take whatever action is necessary to carry out and effectuate the final Arbitration Board award (incorporating any amendments or modifications agreed to by the parties as provided above).

The expenses of any arbitration convened pursuant to this article, including the fee for the services of the Chairperson of the Arbitration Board, shall be borne equally by the parties. All other expenses which the parties may incur individually are to be borne by the party incurring such expenses.

Certified to be a true copy by Richard A. Lang, Mayor, and Jean Zahr, City Clerk.

Date of Municipal Election: November 3, 1998.

Charter Chapter 4—City of Santa Monica

Amendments to the Charter of the City of Santa Monica

[Filed with the Secretary of State June 15, 1999.]

Section 1806 of the City Charter of the City of Santa Monica is amended to read as follows:

1806. Eviction.

No landlord shall take action to terminate any tenancy including service of any notice to quit or other eviction notice or bring any action to recover possession or be granted recovery of possession of a controlled rental unit unless:

(a) The tenant has failed to pay the rent to which the landlord is entitled under the rental housing agreement and this Article.

(b) The tenant has committed a material and substantial breach of an obligation or covenant of his or her tenancy which the landlord has not waived either expressly or impliedly through the landlord's conduct and which the landlord is not estopped from asserting, other than the obligation to surrender possession upon proper notice, and the tenant has failed to cure such violation after having received written notice thereof from the landlord in the manner required by law.

(c) The tenant is committing or expressly permitting a nuisance in, or is causing substantial damage to, the controlled rental unit, or is creating a substantial interference with the comfort, safety, or enjoyment of the landlord or other occupants or neighbors of the same.

(d) The tenant is convicted of using or expressly permitting a controlled rental unit to be used for any illegal purpose.

(e) The tenant, who had a rental housing agreement which had terminated, has refused, after written request or demand by the landlord, to execute a written extension or renewal thereof for a further term of like duration and in such terms as are not inconsistent with or violative of any provisions of this Article and are materially the same as in the previous agreement.

(f) The tenant has refused the landlord reasonable access to the controlled rental unit for the purposes of making necessary repairs or improvements required by the laws of the United States, the State of California or any subdivision thereof or for the purpose of showing the rental housing to any prospective purchaser or mortgagee.

(g) The tenant holding at the end of the term of the rental housing agreement is a subtenant not approved by the landlord.

(h) The landlord seeks to recover possession in good faith for use and occupancy by herself or himself, or her or his children, parents, grandparents, brother, sister, father-in-law, mother-in-law, son-in-law, or daughter-in-law. For purposes of evictions under this Subsection:

(1) A "landlord" shall be defined as a natural person who has at least a fifty (50) percent ownership interest in the property.

(2) No eviction may take place if any landlord or enumerated relative already occupies one unit on the property, or if a vacancy already exists on the property and the vacant unit is comparable to the unit for which eviction is sought. Where the vacant unit is determined not to be comparable, thereby permitting eviction under this Subsection, the evicted tenant or tenants shall be first given the right to occupy the vacant unit and the rent thereof shall be the lesser of the maximum allowable rent for the vacant unit and the maximum allowable rent of the unit from which the tenant or tenants are evicted. The Rent Control Board shall promulgate regulations defining when a unit is comparable for purposes of this paragraph.

(3) The notice terminating tenancy shall contain the name, address and relationship to the landlord of the person intended to occupy.

(4) The landlord or enumerated relative must intend in good faith to move into the unit within thirty (30) days after the tenant vacates and to occupy the unit as a primary residence for at least one year. The Board may adopt regulations governing the determination of good faith.

(5) If the landlord or relative specified on the notice terminating tenancy fails to occupy the unit within thirty (30) days after the tenant vacates, the landlord shall:

(i) Offer the unit to the tenant who vacated it.

(ii) Pay to said tenant all reasonable expenses incurred in moving to and/or from the unit.

(6) No eviction pursuant to this Subsection shall be allowed in any condominium or stock cooperative unit which has been converted from an apartment or other rental unit after April 10, 1979, unless the Rent Control Board has issued a removal permit or declared a vested right for said unit. As used in this subpart, a unit shall be deemed converted after April 10, 1979, if on April 10, 1979, the recorded tract map or parcel map for the property showed the unit as included in the property.

(i) The landlord seeks to recover possession to demolish or otherwise remove the controlled rental unit from rental residential housing use after having obtained all proper permits from the City of Santa Monica.

Notwithstanding the above provisions, possession shall not be granted if it is determined that the eviction is in retaliation for the tenant reporting violations of this Article, for exercising rights granted under this Article, including the right to withhold rent upon authorization of the Board under Section 1803(q) or Section

1809 or for organization other tenants. In any notice purporting to terminate tenancy the landlord shall state the cause for the termination, and in any action brought to recover possession of a controlled rental unit, the landlord shall allege and prove compliance with this Section.

Any violation of this Section shall render the landlord liable to the tenant in a civil action for actual and punitive damages. The prevailing party in an action based upon this Section shall recover costs and attorneys fees.

Certified to be a true copy by Pam O'Connor, Mayor, and Maria M. Stewart, City Clerk.

Date of Municipal Election: April 24 & 25, 1999.

Charter Chapter 5—City of Los Angeles

Charter of the City of Los Angeles

[Filed with the Secretary of State June 24, 1999.]

PREAMBLE

We the people of the City of Los Angeles, in order to establish a responsive, effective and accountable government through which all voices in our diverse society can be heard; to provide fair representation and distribution of government resources and a safe, harmonious environment based on principles of liberty and equality, do enact this Charter.

ARTICLE I
INCORPORATION AND POWERS

Sec. 100. Incorporation.

The City of Los Angeles shall continue to be a municipal corporation under the same name and possessed of all the property and interests of which it was possessed at the time the Charter takes effect. The boundaries of the City shall be the boundaries as established at the time the Charter takes effect, or as may later be changed in the manner authorized by law.

Sec. 101. Powers of the City.

The City of Los Angeles shall have all powers possible for a charter City to have under the constitution and laws of this state as fully and completely as though they were specifically enumerated in the Charter, subject only to the limitations contained in the Charter.

Sec. 102. Relationship to Other Governmental Entities.

(a) The City may, by ordinance, transfer or consolidate functions of the City government to or with appropriate functions of the state or county government or other governmental entities, or make use of functions of the state or county government or other governmental entities. The Charter provisions providing for the function of the City government transferred or consolidated may, by ordinance, be

suspended during the continuation of the transfer or consolidation. Any transfer or consolidation may be repealed by ordinance, which repeal will terminate the suspension of the Charter provisions providing for the transferred or consolidated functions. Nothing in this section shall be construed as affecting transfers or consolidations approved prior to the operative date of the Charter.

(b) The City may exercise any of its powers or perform any of its functions and may participate in the financing of its efforts, jointly or in cooperation, by contract or otherwise, with one or more other cities, states, or other governmental bodies, the United States or any of its agencies.

Sec. 103. Delivery of Services.

Every City office and department, and every City official and employee, is expected to perform their functions with diligence and dedication on behalf of the people of the City of Los Angeles. In the delivery of City services and in the performance of its tasks, the government shall endeavor to perform at the highest levels of achievement, including efficiency, accessibility, accountability, quality, use of technologically advanced methods, and responsiveness to public concerns within budgetary limitations. Every analysis and review of the performance of the government and its officers shall seek to ascertain whether these high standards are being met, and if not, shall recommend methods of improvement.

Sec. 104. Restrictions on the Powers of the City.

The rights and powers granted by the Charter shall be subject to the restrictions set forth in this section or elsewhere in the Charter.

(a) Mortgaging of Property. The City shall have no power to mortgage its property for any purpose, but may buy property subject to mortgage.

(b) License Taxes. It shall require an ordinance adopted by a two-thirds vote of the Council to levy a license tax. No discrimination in the amount of license tax shall be made between persons engaged in the same business, other than by proportioning the tax to the amount of business done, except that the Council by ordinance may provide for license tax exemptions and decreases to promote City economic development under the following circumstances. Any incentives shall be limited to predefined areas of the City, such as redevelopment areas, enterprise zones, employment and economic incentive areas, or revitalization zones, where other federal, state, or local economic incentive areas have been established by the Council, by ordinance or by other method required by state or federal law. In addition, any business tax exemptions or reductions shall require the adoption of an ordinance by the Council specifying the amount of the exemption or reduction; the period of time for which the exemption or reduction will be allowed; the specific business tax classification, or classifications, which will be eligible for the exemption or reduction; and the geographical boundaries within which the exemption or reduction will be applicable.

(c) Sale of Public Utilities. No public utility owned by the City shall be sold, leased or otherwise transferred without the assent of two-thirds of the registered voters of the City voting on the proposition. However, with the authorization of the

Council by ordinance, the Board of Water and Power Commissioners shall have the power and authority to sell, lease, transfer or dispose of the public utility water distribution facilities owned by the City of Los Angeles located in the communities of Big Pine, Lone Pine, Independence and Laws in Inyo County, California, together with sufficient water or water rights to supply the service areas of those communities, to public agencies or utilities in those communities, without a vote of the people.

(d) Use of Los Angeles River Bed. The bed of the Los Angeles River, or any part of it, as now or hereafter defined and located, shall not ever be sold, granted, leased, transferred or alienated in any way, but shall be kept at all times for municipal purposes, free and clear of all encumbrances and obstructions, except as follows:

(1) Franchises or rights may be granted by ordinance for crossings over or under the riverbed to railways, pipelines or other public utilities, plants or equipment, as long as they do not obstruct the flow of the Los Angeles River in times of flood, nor conflict with any longitudinal use of the riverbed by the City itself or other uses authorized in this section.

(2) Franchises may be granted for the construction and operation of railroad tracks longitudinally along the riverbed only when such construction and operation is required in connection with a grade crossing plan for the elimination of grade crossings and the unification of all public terminal rail facilities, other than street and interurban railways, after the grade crossing plan has been approved by two-thirds of the voters voting on the question at a general or special election.

(3) The City may grant permits for the removal of sand and gravel from the riverbed, so long as the removal of sand and gravel does not jeopardize or injure any structures authorized by this section.

(e) Floor Area Restriction. The total floor area contained in all the buildings on any one building site shall not exceed 13 times the buildable area of the site as such buildable area is defined by ordinance. The Council, by ordinance, may define and implement the provisions of this subsection and may further restrict and regulate the total floor area, height or bulk of buildings or structures.

(f) Municipal Newspaper. The City shall not appropriate any public money for the printing, publication, sale or distribution of a commercial municipal newspaper.

(g) Business Enterprises. The City shall not engage in any purely commercial or industrial enterprise, except upon a majority vote of the voters of the City voting on the question, unless the enterprise was engaged in by the City at the time the Charter becomes effective, or unless engaging in the enterprise is elsewhere specifically authorized in the Charter.

(h) Rail Transit Assessments.

(1) In the exercise of any powers it may have under any state, federal or other law, the City shall not approve the boundaries or the method of assessment of, or otherwise approve, an assessment district proposed to assess properties for

benefits from a rail transit system or stations if assessments are to be made on properties in residential use before April 9, 1985, or under construction before that date for residential use in that district or any zone thereof.

For purposes of this subsection, a "residential use" of property shall include use as a single-family residence, a multi-family residence, a retirement home, or other property improved with a structure designed and used for housing a person or family, including property improved with a residential building which is temporarily vacant as well as property with a residential building under construction, but shall not include use as a hotel, motel or similar transient housing facility. In the event a property is in both residential and non-residential use, assessment may be approved, but shall be calculated only on the non-residential portion.

(2) Neither the Council nor any City board, officer or employee in the exercise of any power or authority it may have shall authorize or approve any grant of funds for a rail transit project unless the district, agency or entity proposing to initiate or implement the project has first entered into a contract with the City which binds the district, agency or entity:

(A) to not levy any assessments on any property in residential use or under construction prior to April 9, 1985, as that term is defined in subsection (h)(1) of this section, to pay in whole or in part for the acquisition, construction, development, joint development, operation, maintenance or repair of the project or stations connected therewith; and

(B) to pay or fully refund to the payors thereof any assessments required by law to be levied thereon.

(i) Non-discrimination. In the employment of persons in the service of the City, there shall be no discrimination in selection or compensation on account of race, religion, national origin, ancestry, sex, sexual orientation, age, disability, or marital status.

Sec. 105. Title to Property.

The title to all property of the City of Los Angeles, now owned or hereafter acquired, including all property in the name of any officer, board, commission or department of the City, shall be vested and held in the name of the City of Los Angeles.

Sec. 106. Definitions.

(a) Days. If this Charter requires an act to be performed within a specified number of days, it shall mean consecutive calendar days unless otherwise stated. When the last day to perform an act falls on a weekend or City holiday, the period shall extend to the next business day.

(b) Notice. Unless otherwise provided by this Charter or ordinance, if this Charter requires notice to be given to an individual, that notice shall be deemed given on the date of personal service, or upon deposit in the mail, certified or first class mail, to the last known address. Unless otherwise provided by this Charter or ordinance, if notice is mailed, the time by which the recipient must take any action required under the Charter shall commence five days after this notice is mailed.

Sec. 107. Effect of Invalidity in Part.

If any section, subsection, sentence, clause or phrase of this Charter, or any amendment thereto, is for any reason held to be unconstitutional or otherwise invalid, that decision shall not affect the validity of the remaining portions of this Charter. The people of the City of Los Angeles hereby declare that they would have ratified and adopted this Charter and each section, subsection, sentence, clause and phrase thereof, and any amendment thereto, irrespective of the fact that any one or more other sections, subsections, sentences, clauses, phrases or amendment be declared unconstitutional or otherwise invalid.

TRANSITION PROVISIONS

Sec. 108. Intent of Voters.

Except with respect to the provision establishing the size of the City Council, it is the intent of voters adopting this Charter that it not be amended at the same election at which it is adopted other than by a conflicting measure that receives more votes than those received for this Charter.

Sec. 109. Adoption Date; Operative Date.

The Adoption Date of this Charter shall be that date upon which the adopted Charter is filed in accordance with state law. The Operative Date of this Charter shall be July 1, 2000, except that Article IX, Department of Neighborhood Empowerment shall be in effect and operative on the Adoption Date. In addition, the Council, Mayor, City officers and employees shall take those actions set forth in Section 118 after the Adoption Date of this Charter and prior to its Operative Date as prescribed in that section.

Sec. 110. Effect of Enactment on Existing Law and Offices.

(a) Until July 1, 2000, the City and its departments, boards, offices and employees shall continue to exercise and have the powers, duties and obligations provided in the Charter of the City immediately prior to the Adoption Date of this Charter, unless amended or repealed by Charter amendment, regardless of any conflict with the provisions of this Charter.

(b) On or after the Operative Date, to the extent the provisions of this Charter are the same in terms or in effect as provisions of the Charter prior to the Operative Date, they shall be construed and applied as a continuation of those provisions.

(c) On or after the Operative Date, all City ordinances, resolutions and other regulations in force on the Operative Date and not inconsistent with this Charter shall remain in force until changed or repealed by the proper authority and in accordance with the provisions of this Charter. Ordinances, resolutions and other regulations in effect on the Operative Date, regardless of the method or manner of adoption, are repealed and superseded to the extent inconsistent with the provisions of this Charter.

Sec. 111. Obligations of Contract Not Impaired.

All rights, claims, actions, orders, obligations, proceedings, bond authorizations, contracts, franchises, leases and agreements existing on the Operative Date

of this Charter shall not be affected by adoption of this Charter. To the extent functions, powers and duties have been reassigned, the office, agency or department to which functions, powers, and duties have been reassigned shall have charge of the matter.

Sec. 112. Previous Charter Sections Treated as Ordinance.

The following sections of the Charter as they existed immediately prior to the Operative Date of this Charter shall be treated as if enacted into ordinance, and may be amended, repealed or replaced by ordinance after the Operative Date of this Charter. To the extent of conflict or inconsistency between the provisions treated as if enacted into ordinance under this section and this Charter, this Charter shall prevail.

Sec. 37	Sec. 295.2	Sec. 385.1
Sec. 38	Sec. 297	Sec. 386
Sec. 49	Sec. 301	Sec. 390
Sec. 90	Sec. 302	Sec. 391
Sec. 92	Sec. 303	Sec. 501.1
Sec. 93	Sec. 304	Sec. 502
Sec. 155	Sec. 309	Sec. 503
Sec. 272	Sec. 310	Sec. 507
Sec. 273	Sec. 315	Sec. 508
Sec. 275	Sec. 316	Sec. 508.1
Sec. 285	Sec. 317	Sec. 509
Sec. 288	Sec. 318	Sec. 509.1
Sec. 290.1	Sec. 321	Sec. 510
Sec. 290.2	Sec. 324	Sec. 510.1

Sec. 291.1	Sec. 335	Sec. 511.1
Sec. 291.2	Sec. 336	Sec. 511.2
Sec. 292.1	Sec. 338	Sec. 512
Sec. 292.2	Sec. 356	Sec. 512.1
Sec. 293	Sec. 363	Sec. 512.2
Sec. 295.1	Sec. 364	Sec. 513

Sec. 113. Effect on Pension and Retirement Benefits.

The adoption of this Charter is not intended in any way to diminish the benefits of any pension or retirement system of the City.

Sec. 114. Changes in City Offices.

(a) City Administrative Officer. On the Operative Date of this Charter, the person then serving as City Administrative Officer shall be deemed to be appointed to the position of Director of the Office of Administrative and Research Services. That office shall perform those duties assigned to it by the Charter.

(b) City Engineer; Purchasing Agent. On the Operative Date of this Charter, the positions of City Engineer and Purchasing Agent shall continue to exist to the extent provided by ordinance.

Sec. 115. Changes in City Departments.

After the Operative Date of this Charter, the departments of Animal Regulation and Building and Safety, which are no longer included in the Charter, shall continue to exist, and to perform the powers and duties prescribed for them in the Charter immediately prior to the Operative Date, until the departments, powers or duties are changed or eliminated by ordinance.

The adoption of this Charter is not intended to affect the powers and duties of the Department of Cultural Affairs or Department of Transportation or their respective commissions. Those powers and duties shall continue until changed or eliminated by ordinance.

Sec. 116. Status of Incumbent Officers and Employees.

(a) No change in the appointment process for any City officer or employee shall affect the status of any person serving as a City officer or employee as of the Operative Date of this Charter. Changes in the process for removal of any City officer or employee shall be effective upon the Operative Date of this Charter.

(b) Individuals in civil service positions that become exempt through the enactment of this Charter shall not have civil service standing as to the newly exempt positions, but will retain their civil service status as to their prior position in accordance with Section 1001(e).

(c) Any City officer or employee in the service of the City on the Operative Date of this Charter, whose position becomes part of the classified civil service by reason of the enactment of this Charter, shall continue in his or her present position with the full seniority and other rights he or she would have if he or she had been under the classified civil service from the commencement of his or her City service.

Sec. 117. Changes in Civil Service Discipline Provisions.

Changes in the civil service discipline provisions of Section 1016 shall not affect any proceeding or action that has been commenced prior to the Operative Date of this Charter.

Sec. 118. Actions to be Taken Prior to Operative Date.

(a) Changes in Boards. After the Adoption Date of this Charter, the Council and Mayor shall take all steps necessary to:

(1) Create Area Planning Commissions as prescribed in Section 552, and appoint the members of those boards whose terms shall commence July 1, 2000.

(2) Define the residency requirement for two members of the Airport Commission provided in Section 630 of this Charter, and appoint two additional members, whose terms shall commence July 1, 2000, so that commission composition satisfies the residency requirements.

(3) Define the residency requirement for the member of the Harbor Commission provided in Section 650 of this Charter prior to July 1, 2000. The Mayor shall appoint a member to the Commission satisfying the residency requirements of that ordinance if not otherwise satisfied, upon the first vacancy to occur in the Harbor Commission on or after July 1, 2000.

(4) Establish the procedures for the election process to elect two additional members to the Board of Fire and Police Pension Commissioners provided in Section 1104(a) so that the terms of the two additional members may commence on July 1, 2000.

(5) The Mayor shall appoint a City Employee Retirement System retiree to the first opening in a term of a commissioner of the Board of Administration for the Los Angeles City Employees Retirement System appointed by the Mayor, occurring on or after July 1, 2000.

(6) The Board of Water and Power Commissioners shall appoint a department retiree to replace one of the Water and Power Commissioners serving on the Board of Administration of the Water and Power Employees Retirement System, so that the term of that member may commence July 1, 2000.

(b) Rules, Regulations and Codes. After the Adoption Date of this Charter, and prior to its Operative Date:

(1) Each officer, department, agency, and board responsible for promulgating rules and regulations of the City under this Charter shall review all rules and regulations for which it is responsible, and amend and adopt rules and regulations consistent with this Charter to become effective July 1, 2000. The rules and regulations shall be submitted to the City Attorney sufficiently in advance of that date to permit City Attorney review.

(2) The City Attorney, City Administrative Officer and City Clerk shall review all provisions of the Administrative, Municipal, and Election Codes and report to the Mayor and propose to the Council the adoption of ordinances or amendments consistent with this Charter, to become effective July 1, 2000.

(c) Each department shall assess whether any changes in personnel or resources will be needed in light of changed duties under the new Charter, and make recommendations to the Mayor and Council.

Sec. 119. Repeal of Former Charter.

The provisions of the Charter of the City of Los Angeles, operative immediately prior to July 1, 2000, are hereby repealed except to the extent and for the purposes that this Charter expressly continues them in effect.

Sec. 120. Increase in Council Size.

If Section 241 of this Charter concerning Council size is amended through approval by the voters of a separate ballot measure at the same election at which this Charter appears on the ballot, Section 204(g) shall read as follows, rather than as stated in Section 204(g) in Article II of this Charter: "(g) Effective Date of Redistricting; Terms. The Council members elected in the election held in 2001 shall serve two-year terms. The Council districts adopted by ordinance in 2002 shall first become effective beginning with the election held in 2003, at which time, the entire Council shall be elected. The Council members elected in 2003 from the even-numbered districts shall initially serve two-year terms and the members elected in 2003 from odd-numbered districts shall serve four-year terms. Members of the Council elected in 2005 from the even-numbered districts shall

serve four-year terms, and thereafter all Council members shall serve four-year terms. The two-year terms contained in this section shall not constitute a term of office for purposes of the term limits contained in Section 206 unless a member serves two two-year terms or the member has served two terms of office prior to initiation of the two-year term."

Sec. 121. Effect of New Charter on Board of Education.

In the event that this Charter is adopted by the qualified voters of the City of Los Angeles at the election held on June 8, 1999, but the provisions of Article IV and Article III relating to the Board of Education of the Los Angeles Unified School District are not approved by a majority of the qualified voters of that district voting at the election held on June 8, 1999, the provisions of Article IV shall be effective for elections of officers of the City only, and not for members of the Board of Education. In that event, the provisions of the Charter of the City of Los Angeles in effect immediately prior to July 1, 2000, shall remain in effect with respect to the Board of Education until amended.

Sec. 122. Elimination of Transition Provisions.

In the event any of the sections included in these Transition Provisions become obsolete in the judgment of the City Attorney, by virtue of the completion of all acts required under the section, the section shall be deemed expired and the City Clerk shall secure removal of that section from the next printing of the Charter.

ARTICLE II
OFFICERS OF THE CITY

GENERAL PROVISIONS RELATED TO OFFICERS

Sec. 200. City Officers.

All officers of the City, both elected and appointed, shall be subject to recall as provided in Article IV. The officers of the City shall be:

A Mayor

The Members of the Council

A City Attorney

A City Clerk

A Controller

A Treasurer

The members of the boards or commissions of the departments and the chief administrative officer of each department and office

An Executive Director of the Board of Police Commissioners

Other officers as prescribed by ordinance

Sec. 201. City Offices.

The City Offices shall be:

Office of the Mayor

Office of the City Council

Office of the City Attorney

Office of the Controller

Office of Administrative and Research Services

Office of the City Clerk
Office of Finance

Sec. 202. Election of Officers at Large.

The following officers of the City shall be elected by the electors of the City, at large:

Mayor
City Attorney
Controller

Sec. 203. Appointment and Removal of Officers.

Except as otherwise provided in the Charter, City officers shall be appointed by the Mayor, subject to confirmation by the Council. Except as otherwise provided in the Charter, the appointing power shall have the power of removal.

Sec. 204. Election of City Council Members; Redistricting.

(a) Redistricting by Ordinance. Commencing in 2002, the Council shall by ordinance redraw district lines to be used for all elections of Council members, including their recall, and for filling any vacancy in the office of member of the Council, after the effective date of the redistricting ordinance. Districts so formed shall each contain, as nearly as practicable, equal portions of the total population of the City as shown by the Federal Census immediately preceding the formation of districts.

(b) Redistricting Commission. There shall be a Redistricting Commission to advise the Council on drawing of Council district lines. The Commission members shall be appointed in the following manner: one by each Council member except that the Council President shall appoint two members, three by the Mayor, one by the City Attorney, and one by the Controller. No City officer or employee shall be eligible to serve on the Commission. The Redistricting Commission shall appoint a director and other personnel, consistent with budgetary approval, which positions shall be exempt from the civil service provisions of the Charter.

(c) Redistricting Process. The Redistricting Commission shall be appointed no later than the date by which the Census Bureau is to release decennial census data. A new Commission shall be appointed to advise the Council prior to each subsequent redistricting. The Commission shall begin the redistricting process at any time after the necessary data are obtained from the most recent Federal Census, but no later than January 1, 2002, and each subsequent tenth anniversary of that date. The Commission shall seek public input throughout the redistricting process. The Commission shall present its proposal for redistricting to the Council no later than a date prescribed by ordinance.

The Council shall adopt a redistricting ordinance no later than July 1, 2002, and each subsequent tenth anniversary of that date. Nothing in this section shall prohibit the Council from redistricting with greater frequency provided that districts so formed each contain, as nearly as practicable, equal portions of the total population of the City as shown by the Federal Census immediately preceding the formation of districts or based upon other population reports or estimates determined by the Council to be substantially reliable.

(d) Criteria for Redistricting. All districts shall be drawn in conformance with requirements of state and federal law and, to the extent feasible, shall keep neighborhoods and communities intact, utilize natural boundaries or street lines, and be geographically compact.

(e) Effect of Redistricting on Incumbents. No change in the boundary or location of any district by redistricting shall operate to abolish or terminate the term of office of any member of the Council prior to expiration of the term of office for which the member was elected.

(f) Annexation or Consolidation. Any territory annexed to or consolidated with the City shall, prior to or concurrently with completion of the proceedings therefor, be added to an adjacent district or districts by the Council by ordinance, which addition shall be effective upon completion of the annexation or consolidation proceedings notwithstanding any other provision of the Charter to the contrary.

(g) Terms. The terms of office for those members of the Council elected from odd-numbered districts shall commence during each fourth anniversary of the year 1997 and for the members elected from even-numbered districts shall commence during each fourth anniversary of the year 1999.

Sec. 205. Term of Office.

The Mayor, City Attorney, Controller and members of the Council shall hold their offices for a term of four years. The terms of all those officials shall commence on the first day of July next succeeding their election. Except where a vacancy in office is created pursuant to Section 207, the incumbents of the elected and appointed offices shall hold office until their successors have qualified.

Sec. 206. Term Limits.

No person may serve more than two terms of office as Mayor. No person may serve more than two terms of office as City Attorney. No person may serve more than two terms of office as Controller. No person may serve more than two terms of office as member of the City Council. These limitations on the number of terms of office shall not apply to any unexpired term to which a person is elected or appointed if the remainder of the term is less than one-half of the full term of office.

Sec. 207. Vacancy in City Offices.

An office becomes vacant when:

(a) the incumbent dies, retires, resigns, is adjudged insane, pleads guilty or no contest to or is convicted of a felony, is removed from office or fails to qualify within ten days from the time he or she receives his or her certificate of election or appointment;

(b) the incumbent ceases to be a registered voter or resident of the City, where being a registered voter or City residency is a qualification for the office;

(c) the incumbent is convicted of an offense involving a violation of official duties, including, without limitation, a violation of the conflict of interest and government ethics provisions of the Charter or City ordinances. However, removal

from office for violating conflict of interest or governmental ethics provisions shall be required only if a court determines that the seriousness of the offense and degree of culpability of the officer so warrant;

(d) the incumbent has been absent from the City without the consent of the Council for more than 60 consecutive days. Absence from the City of the incumbent of an elected office shall be deemed to be with the consent of the Council if the absence was caused by illness, injury or other reason, and if the incumbent could not reasonably have been expected to have returned to the City under the circumstances;

(e) the incumbent of an elected office, or the Chief of Police has ceased to discharge the duties of the office for 90 consecutive days, except when prevented by illness, injury, or other reasonable cause; or

(f) the incumbent of an elected office, or the Chief of Police is found by a court to be incapacitated according to the criteria contained in Section 208.

Sec. 208. Determination of Incapacity.

(a) For purposes of Section 207(f), an elected office and the office of Chief of Police become vacant when, in a quo warranto action or other applicable proceeding as may be established by state law, a court has found that:

(1) the incumbent is physically or mentally incapacitated due to illness, injury or other reason such that he or she cannot perform the duties of the office;

(2) the incumbent was so incapacitated for at least 90 consecutive days prior to the filing of the application with the Office of the California Attorney General for leave to sue in quo warranto or, if the application was not legally required, any other act commencing litigation under this subsection; and

(3) there is reasonable cause to believe that the incumbent will not be able to perform the duties of the office for the remainder of the term of office.

(b) If the City Clerk, after investigation, has reason to believe that all of the conditions set forth in subsection (a) exist, the City Clerk, on behalf of the City, shall initiate, or cause to be initiated, litigation by filing an application for leave to sue in quo warranto with the Office of the California Attorney General or by following any other applicable procedure as may be established by state law. Litigation under this section, in quo warranto or as otherwise provided by state law, may also be brought by any person authorized to do so by state law.

Sec. 209. Code of Conduct of Elected Officials; Censure.

All elected officials of the City are expected to conform to the highest standards of personal and professional conduct. The Council shall have the power to adopt, by a two-thirds vote, a resolution of censure with respect to any member of the Council whose actions constitute a gross failure to meet such high standards, even if the action does not constitute a ground for removal from office under the Charter.

Sec. 210. Acting Incumbency in City Offices.

The City Controller, City Attorney, Treasurer, City Clerk and Director of the Office of Administrative and Research Services shall each designate an assistant

or deputy, who shall become the acting incumbent in case of any vacancy in the office. The designation of acting incumbent shall be made in writing filed with the City Clerk, and may be changed from time to time. Upon a vacancy, the acting incumbent shall serve until the office is filled in accordance with Sections 409, 508(b) or 508(c). Any person so designated must possess the qualifications prescribed for the office and shall take the oath prescribed by the Charter before assuming his or her duties as acting incumbent. If a vacancy in the office occurs, and no acting incumbent has been designated, or if the designated acting incumbent is unable to serve, the Council may designate the acting incumbent for the office.

Sec. 211. Suspension Pending Trial.

Pending trial, the Council may suspend any elected officer, and the appointing power may suspend any appointed officer, against whom felony criminal proceedings, or criminal misdemeanor proceedings related to a violation of official duties as described in Section 207(c). The temporary vacancy shall be filled in accordance with the Charter.

Sec. 212. Prohibition on Council Member Serving in Other Capacity.

No member of the Council shall, during the term for which he or she has been elected, serve in any other office, if the position is appointed by or subject to confirmation by the Council.

Sec. 213. Additional Powers and Duties of Officers and Employees.

In addition to the powers and duties prescribed by the Charter, the officers, employees, and boards of the City shall have such other powers and perform such other duties as may be prescribed by the laws of the State of California, or by ordinance, not in conflict with the Charter, or by resolution adopted by the Council, not in conflict with the provisions of the Charter or ordinance.

Sec. 214. Creation of Additional Departments and Officers.

The Council may by ordinance create additional departments, offices and boards, and consistent with the Charter, provide for the election or appointment of officers other than those designated in the Charter, whenever the public necessity or convenience may require. The Council may by ordinance prescribe the duties of those officers, provided that those duties shall not include any of the duties of any officer designated in the Charter, except as authorized under Section 514.

Sec. 215. Oath of Office.

Every officer provided for in the Charter shall, before entering upon the discharge of the duties of office, take the following oath or affirmation: "I do solemnly swear (or affirm, as the case may be) that I will support the Constitution of the United States and the Constitution of the State of California and the Charter of the City of Los Angeles, and that I will faithfully discharge the duties of the office of (here inserting the name of the office) according to the best of my ability."

Sec. 216. Annual Report.

Every officer or board of the City government shall make and present to the Mayor and Council an annual report relating to their work, and any other reports as may be required by the Charter or by the Council, by ordinance.

Sec. 217. Investigations and Proceedings.

(a) Administration of Oaths. The Mayor, Controller, Treasurer, the Zoning Administrator, and each member of the Council and of each board provided for in the Charter, and the secretary of each of those boards, shall have the power to administer oaths and affirmations in any investigation or proceeding pending before any of those officers or bodies, or concerning any demand on the City Treasury, and the City Clerk shall have the power to administer all oaths and affirmations required by the Charter.

(b) Witnesses and Subpoenas. The Mayor, Controller, Treasurer, the Zoning Administrator, Council, and each board provided for in the Charter shall have the power and authority to examine witnesses under oath and compel the attendance of witnesses and the production of evidence before them. Upon the request of the Mayor, Controller, Treasurer, President of the Council, or the presiding officer of any board, the City Clerk shall issue subpoenas in the name of the City, attested with the corporate seal, requiring the attendance and testimony of the witness or production of documents at a specified time and place before the Mayor, Controller, Treasurer, Council, or board requesting the subpoena. Nothing in this section shall require Council, any board or officer, or the Zoning Administrator to provide for examination of witnesses under oath in any particular proceeding.

(c) Penalties and Procedure. The Chief of Police, or other officer designated by ordinance, shall cause all such subpoenas to be served. The Council shall prescribe by ordinance suitable penalties for disobedience of subpoenas, and the refusal of witnesses to testify or produce evidence.

(d) Board Examiners. Under procedures prescribed by ordinance:

(1) Each board of commissioners may appoint one or more examiners, or may designate one or more of its members to serve as examiners, whenever, under the Charter or by any law, a right of appeal or protest to the board is given, or where it is required to conduct any investigation or hearing;

(2) Each board may adopt, reject or modify the report of any examiner in whole or in part, or may reconsider the matter in whole or in part;

(3) Each examiner shall have power to administer oaths and require the City Clerk to issue subpoenas; and

(4) Reference to an examiner shall not extend or curtail the time within which the action of any board must be taken, as required by the Charter, any other law or by ordinance.

Sec. 218. Compensation of Elected Officers and Limitation on Outside Activities.

(a) Compensation. The Mayor, City Attorney, Controller and members of the Council shall receive compensation for their services only as provided in this section and shall not receive any other compensation for those services.

(1) Salaries. Members of the City Council shall be paid a salary equal to that prescribed by law for judges of the Municipal Court of the Los Angeles Judicial District or its successor in the event that court is dissolved or reconstituted.

The Controller shall be paid a salary that is 10% more than that of a Council member. The City Attorney shall be paid a salary that is 20% more than that of a Council member. The Mayor shall be paid a salary that is 30% more than that of a Council member.

The Controller shall be responsible for ascertaining the salary of Municipal Court judges and for setting and adjusting the salaries of elected officers in accordance with this section. Salaries shall be paid in bi-weekly increments unless the Council, by ordinance, prescribes otherwise.

(2) Other Benefits. The Council may, by ordinance, subject to referendum as specified in Article IV of the Charter, confer benefits other than salary upon elected officers as additional compensation for their services. However, benefits from the Los Angeles City Employees' Retirement System may not be provided for elected officers that would exceed benefits generally provided to members of the System who are non-represented officers or employees of the City or, if there are no non-represented officers or employees, that would exceed benefits generally provided to other members of the System.

(3) Operative Date of Changes in Salaries. The salaries of elected officers shall be adjusted in the manner provided in this section upon the effective date of any change in the salaries of Municipal Court judges.

(b) Restrictions on Outside Activities. The Mayor, City Attorney, Controller, and members of the Council shall devote their entire time to duties related to their offices. They shall not receive any compensation, including honoraria, for their services other than that provided in this section, except that which may be provided for their serving on governmental entities where payment is authorized for other governmental officers or employees serving in that capacity.

Sec. 219. Salary Setting.

The Council shall set salaries for all officers and employees of the City, including those officers and employees provided for in departments having control of their own definite revenues and funds, except for salaries specifically set or otherwise provided for by the Charter. Salaries shall be set by ordinance, unless otherwise set through collective bargaining agreements approved by the Council and entered into in accordance with the provisions of state law. Collective bargaining shall be conducted in accordance with procedures established by ordinance; provided, however, the ordinance shall provide an opportunity for the Mayor to participate in a committee established to give advice and instructions with respect to the City's bargaining position in the meet and confer process. This committee shall also advise with respect to salaries set by ordinance.

Sec. 220. Restrictions on Compensation of Officers.

No officer of the City shall be compensated by fees or commissions. No officer of the City shall retain any fee, recompense or compensation received by him or her for the discharge of any duty of office from any person other than the City, but shall immediately pay over to the Treasurer all money received.

Sec. 221. Surety Bonds.

The Council shall by ordinance fix the amounts and terms of the official bonds of all officers and employees of the City who are required by the Charter or by ordinance to give a bond. These bonds shall be approved by the City Attorney as to form, and shall be filed with and remain in the keeping of the Office of the City Clerk. The City shall pay the premium on any official bond required by the Charter or ordinance.

Sec. 222. Conflicts of Interest; Board of Referred Powers.

(a) City Attorney Opinion. Any board, board member, officer or employee of the City may request the City Attorney to render an opinion concerning the obligation of the board, board member, officer (other than a member of the Council), or employee under applicable laws to refrain from voting or acting upon any matter, contract, sale or transaction to which the board, board member, officer or employee may be a party, or concerning any situation where it would violate state law or where it may not be in the public interest for the board, board member, officer or employee to act in a particular matter, contract, sale or transaction. Likewise, any elected City officer may request an opinion with respect to any board member.

If the City Attorney receives such a request, the City Attorney shall render a written opinion. If the request is made by an elected City officer concerning a board member, the opinion shall be rendered within ten days of the City Attorney's receipt of the request; provided, however, that if the City Attorney determines that the request does not contain sufficient information upon which to render an opinion, the City Attorney shall notify the person making the request, and the time within which the City Attorney must render the opinion shall not commence until that information has been provided to the City Attorney.

(b) Transfer to the Board of Referred Powers. If the City Attorney renders an opinion concluding that the board, board member, officer or employee is disqualified from acting under applicable law, or that it is not in the public interest for the board, board member, officer or employee to act in the matter, contract, sale or transaction involved, the board, board member, officer or employee shall be disqualified from acting on or in any way attempting to influence action on the matter. Except as otherwise provided in this section, the matter shall be transferred for action to the Board of Referred Powers, which is hereby created. In the event that one or more members of a board, but less than a quorum, are disqualified from acting pursuant to the opinion of the City Attorney, the member or members so disqualified shall not act on the matter, but the matter shall not be transferred to the Board of Referred Powers. If state law makes it unlawful for the board to act in the matter by reason of the disqualification of one or more members, the matter shall be transferred for action to the Board of Referred Powers.

Unless a transfer is prohibited by applicable state law, the Board of Referred Powers is vested with the same power to act upon any matter, contract, sale or transaction transferred to it with the same force and effect as if acted upon by the

board, officer or employee from whom the matter, contract, sale or transaction was transferred. The Council shall provide by ordinance for all matters relating to number of members, appointment and functioning of the Board of Referred Powers and the procedure applicable in referring matters to it for its determination.

EXECUTIVE BRANCH

Sec. 230. Mayor.

Except as otherwise provided in the Charter, management authority shall be vested in the Mayor who shall be the Chief Executive Officer of the City and shall devote his or her entire time to the duties of the office. The Mayor shall execute and uphold all laws and ordinances of the City.

Sec. 231. Powers and Duties.

The Mayor shall have the power and duty to:

(a) exercise management authority over all departments, agencies and appointed offices of the City, except where the Charter provides otherwise;

(b) appoint and remove staff as may be needed to perform the duties and carry out the responsibilities of the Mayor's office, subject only to budgetary appropriation;

(c) unless provided otherwise in the Charter, appoint chief administrative officers of City departments and appointed offices, and the members of the boards of commissioners created by the Charter, each subject to Council confirmation as provided in the Charter;

(d) unless otherwise provided in the Charter, appoint the members of standing commissions and boards created by ordinance that are advisory to or manage a department or appointed office, or perform regulatory functions, subject to Council confirmation as provided in the Charter;

(e) remove from office any chief administrative officer or commissioner, except where otherwise provided in the Charter;

(f) publicly address the Council on the state of the City, annually prior to the submission of the proposed budget;

(g) prepare and submit the Mayor's proposed annual budget to the Council for consideration in accordance with Article III of the Charter;

(h) represent the City in intergovernmental relations in accordance with City policy and supervise the City's intergovernmental relations function;

(i) declare a local emergency and coordinate the City's emergency response activities in accordance with procedures established by ordinance, and supervise emergency preparedness activities in the various departments and offices, including the Mayor's office, in a manner consistent with City policy;

(j) establish procedures and implement policies not inconsistent with the Charter or ordinance as are necessary to effectively manage and supervise the responsibilities entrusted to the Mayor through the issuance of executive direc-

tives, which, in the absence of conflicting provisions in the Charter or ordinance, and until revised or rescinded by the Mayor, shall be binding on all departments, commissions, appointed officers and employees of the City. Executive directives shall be filed with the City Clerk and be published in the manner described in Section 251. Executive directives shall take effect 15 days after publication;

(k) certify in writing to the Council, for each appointment that requires Council confirmation, that in the Mayor's opinion the appointee is especially qualified by reason of training and experience for the position, and that the appointment is made solely in the interest of the City; and

(*l*) perform other duties and have other powers as are provided elsewhere in the Charter or by ordinance.

Sec. 232. Executive Budget.

There shall be an executive budget division within the office of the Mayor with the power and duty to:

(a) assist the Mayor in the preparation and submission to the Council of a proposed budget and executive summary in accordance with Article III; and

(b) review and monitor departmental budgets and expenditures to ensure that departmental expenditures do not exceed budgeted appropriations for that department.

The Mayor may request the assistance in these duties from other City departments and offices.

Sec. 233. Temporary Transfer of Employees.

The Mayor may make temporary transfers of employees, not to exceed 120 days in any calendar year, from one appointed office or department to another, except the Proprietary Departments, to relieve temporary shortages in personnel, or to meet temporary demands for additional employees caused by temporary or seasonal requirements in any office or department. The Mayor shall notify the City Clerk at the time the transfer of employees is made, and the City Clerk shall notify the President of the Council, the Director of the Office of Administrative and Research Services and the Board of Civil Service Commissioners of the transfer. The compensation of employees so transferred shall be a charge upon the office or department to which the employees are transferred for the period of the transfer. In the event of objection in writing to the temporary transfer by any of the appointing authorities involved, the Mayor shall determine whether or not the transfer shall be made.

Sec. 234. Joint Labor-Management Partnerships.

The City shall encourage joint labor-management partnerships to set goals, encourage agreements, solve problems, create incentives for outstanding individual or team performance and encourage flexibility and innovation. Collective bargaining and discipline shall not be within the jurisdiction of these partnerships.

LEGISLATIVE BRANCH

Sec. 240. Legislative Power.

All legislative power of the City except as otherwise provided in the Charter is vested in the Council and shall be exercised by ordinance, subject to the power of veto or approval by the Mayor as set forth in the Charter. Other action of the Council may be by order or resolution, not inconsistent with the duties and responsibilities set forth in the Charter or ordinance. Except as otherwise specifically provided in the Charter, the Council shall have full power to pass ordinances upon any subject of municipal concern.

Sec. 241. Council Size.

The Council shall consist of 15 members, elected by districts as provided elsewhere in the Charter.

Sec. 242. Conduct of Business.

The Council shall be the sole judge of the election and qualification of its members. Meetings and records of the proceedings of the Council and of the committees of the Council shall be open to the public, except that closed sessions may be held as permitted by law. The Council shall have the exclusive power to organize its business, prescribe the rules of its proceedings and preserve order at its meetings, subject to the following:

(a) The Council shall hold regular meetings at least three days each week. Meetings may be held in City Hall or elsewhere in the City. By resolution, the Council may establish periods during which the Council or its committees will be in recess. The Council and its committees may also each hold special meetings with proper notice.

(b) The Council, by ordinance or resolution, shall establish a sufficient number of committees to enable it to carry out its duties. The duty of the Council and its committees is to become fully informed of the business of the City so as to oversee all the functions of the City government, and to report to the Council any information or recommendations necessary to enable the Council to properly legislate. Committees shall have the power of investigation, but shall have no administrative control over the various functions of the City government. The administration of the City government shall be vested in the officials designated in the Charter to perform those functions. The President of the Council shall appoint the members and the chair of the committees and each Council member shall be appointed to at least one committee.

Sec. 243. President and President Pro Tempore.

(a) The Council shall elect one of its members as presiding officer, who shall be called the President of the Council. In case of any vacancy in the office of Mayor pending appointment and qualification of a successor, or in case of unavailability due to sickness, absence from the state, or disability of the Mayor, the President of the Council shall act as Mayor of the City. The President of the Council, while acting as Mayor, shall not lose his or her rights as a member of the Council.

(b) The Council shall elect one of its members "President Pro Tempore" who shall act as presiding officer in the absence of the President of the Council and, in case of vacancy in the office of President of the Council, or in the case of unavailability due to sickness, absence from the state or disability of the President of the Council, shall exercise the powers and duties of the President of the Council under the provisions of this section.

(c) The Council shall provide by ordinance for the succession from among its members to the powers and duties of the President Pro Tempore in case of unavailability due to sickness, absence from the state or disability of the President Pro Tempore, or in the case of a vacancy in that office.

Sec. 244. Quorum and Vote Necessary to Take Action.

Two-thirds of the members of the Council shall constitute a quorum for the transaction of business. Nothing in the Charter shall prevent a smaller number from transacting business by a majority vote of members present to the extent necessary to fill vacancies in the membership of the Council in the manner provided in Article IV, where no quorum can be assembled except by filling the vacancies. Except as otherwise provided in the Charter, action by the Council shall be taken by a majority vote of the entire membership of the Council. Whenever in the Charter a certain proportion of the Council is required for the performance of any act, it shall mean that proportion of the entire membership of the Council.

Sec. 245. City Council Veto of Board Actions.

Actions of boards of commissioners shall become final at the expiration of the next five meeting days of the Council during which the Council has convened in regular session, unless the Council acts within that time by two-thirds vote to bring the action before it or to waive review of the action, except that as to any action of the Board of Police Commissioners regarding the removal of the Chief of Police, the time period within which the Council may act before the action of the Board shall become final shall be ten meeting days during which the Council has convened in regular session.

(a) Action by Council. If the Council timely asserts jurisdiction over the action, the Council may, by two-thirds vote, veto the action of the board within 21 calendar days of voting to bring the matter before it, or the action of the board shall become final. Except as provided in subsection (e), the Council may not amend, or take any other action with respect to the board's action.

(b) Waiver. The Council may, by ordinance, waive review of classes or categories of actions, or, by resolution, waive review of an individual anticipated action of a board. The Council may also, by resolution, waive review of a board action after the board has acted. Actions for which review has been waived are final upon the waiver, or action of the board, as applicable.

(c) Effect of Veto. An action vetoed by the Council shall be remanded to the originating board, which board shall have the authority it originally held to take action on the matter.

(d) Exempt Actions. The following actions are exempt from Council review under this section:

(1) actions of the Ethics Commission;

(2) actions of the Board of Fire and Police Pension Commissioners;

(3) actions of the Board of Administration for Los Angeles City Employees Retirement System;

(4) actions of the Board of Administration of Water and Power Employees Retirement Plan;

(5) quasi-judicial personnel decisions of the Board of Civil Service Commissioners;

(6) actions of a board organized under authority of the Meyers-Milias Brown Act for administration of employer-employee relations;

(7) individual personnel decisions of boards of commissioners other than the Board of Police Commissioners; and

(8) actions which are subject to appeal or review by the Council pursuant to other provisions of the Charter, ordinance or other applicable law.

(e) Exceptions for Actions of City Planning Commission and Area Planning Commissions. The Council shall not be limited to veto of actions of the City Planning Commission or Area Planning Commissions, but, subject to the time limits and other limitations of this section, after voting to bring the matter before it, shall have the same authority to act on a matter as that originally held by the City Planning Commission or Area Planning Commission.

Sec. 246. Provision of Quarters; Creation of Positions.

Except as to those departments given control of their own revenues or funds, the Council shall provide suitable quarters, equipment and supplies for the various departments and offices of the City government. It shall create the necessary positions in addition to those created by the Charter in those departments and offices, authorize the necessary deputies, assistants and employees, and provide the necessary funds for carrying on the work of the departments and offices. Upon request from any department given control of its own revenues or funds, the Council may assist the department in the performance of its functions with appropriations of money or otherwise.

Sec. 247. Public Improvements.

The City shall have power to provide for public improvements by contract or by the direct employment of labor and purchase of materials. The Council may cause the costs and expenses of the improvements, including any damages to private property caused thereby, to be paid from the General Fund or a special fund of the City, or may make those costs and expenses, including incidental expenses and damages, a lien upon the abutting property, or upon property in districts according to benefits. The Council may establish, by ordinance, an assessment process, the priority of the lien and the method for enforcement, and may levy and collect or cause to be levied and collected assessments upon property according to frontage or upon property in districts according to benefits, to pay the cost of the improve-

ments. The City may cause to be issued and sold bonds, notes and other evidences of indebtedness, bearing interest, extending over a period not exceeding such time as permitted by state law, to represent any or all the assessments in accordance with requirements and procedures to be established by ordinance.

Sec. 248. Issuance of Housing Revenue Bonds.

In accordance with a procedure established by ordinance, the Council may issue or authorize the issuance of revenue bonds, notes and other evidences of indebtedness from time to time, the proceeds of which may be used for the purpose of acquiring, developing, constructing and rehabilitating, and for the purpose of making loans for the financing or refinancing of the acquisition, development, construction and rehabilitation of, single family and multi-family residential housing developments, including low and moderate-income housing developments and market rate housing developments. The City may cooperate with and receive aid from other agencies of government in accomplishing the purposes described in this section, but shall make no contributions to the payment of interest or principal due on any of these revenue bonds, notes or other evidences of indebtedness, from taxes imposed by the City.

Sec. 249. Ordinances—Enacting Clause.

The enacting clause of all ordinances shall be substantially as follows:

"The People of the City of Los Angeles do ordain as follows:"

Sec. 250. Procedure for Adoption of Ordinances.

(a) Introduction and Passage. No ordinance shall be passed finally on the day it is introduced, but it shall be held over for one week, unless approved by unanimous vote of all the members of the Council present, provided there is not less than three-fourths of all the members present.

(b) Presentation to Mayor. Every ordinance passed by the Council shall, before it becomes effective, be signed by the City Clerk or other person authorized by the Council, and be presented to the Mayor for approval and signature. If the Mayor does not approve the ordinance, the Mayor shall endorse on it the date of its presentation to him or her, and return it to the City Clerk with a written statement of objections to the ordinance. The City Clerk shall endorse on the ordinance the date of its return to him or her. If the Mayor does not approve or veto an ordinance in accordance with this section within ten days after its presentation to him or her, the ordinance shall be as effective as if signed by the Mayor.

(c) Override by Council. The City Clerk shall present the ordinance, with the objections of the Mayor, at the first Council meeting after the Clerk has received the Mayor's objections. The Council may pass any ordinance over the veto of the Mayor within 45 days after the objections of the Mayor are presented to the Council, by two-thirds vote of the Council or by three-fourths vote where two-thirds vote or more was required for passage of the original ordinance.

Sec. 251. Publication or Posting of Ordinances.

All ordinances finally adopted under the provisions of the Charter shall be published in the English language at least once in some daily newspaper circu-

lated in the City of Los Angeles, or publicized by some other method authorized by ordinance. No ordinance shall be valid or take effect until that publication or satisfaction of other method authorized by ordinance. As used in the Charter, publication of an ordinance shall mean compliance with this section.

Sec. 252. Effective Date of Ordinances, Orders and Resolutions.

Orders and resolutions shall take effect upon their passage unless requiring Mayoral approval, in which case they shall take effect upon Mayoral approval or override of Mayoral veto. An ordinance shall go into effect 31 days from its publication, except for urgency ordinances adopted pursuant to Section 253, and except for the following ordinances, which shall take effect upon their publication:

(a) an ordinance ordering, or otherwise relating to an election;

(b) an ordinance ordering or otherwise relating to the levying or collection of the annual City taxes;

(c) an ordinance which provides for or changes any of the following with respect to streets, boulevards, alleys, courts or other public places: name, curb lines, grade, improvement, opening, widening, straightening or extension;

(d) an ordinance relating to the construction of sewers or storm drains;

(e) an ordinance relating to the bringing or conduct of suits or actions or the levying or collection of local assessments upon private property for any of the purposes referenced in subsections (c) and (d);

(f) an ordinance relating to the condemnation of lands for parks, boulevards or playgrounds under laws or ordinances providing for the payment of the expense thereof by local assessment upon private property;

(g) an ordinance relating to creating classes of positions, setting salaries, authorizing the employment of personnel or prescribing conditions of employment;

(h) an ordinance establishing Council or Board of Education districts;

(i) an ordinance establishing pension or retirement benefits in accordance with Article XI of the Charter;

(j) an ordinance making or authorizing any contract, other than an ordinance granting any franchise, right or privilege; and

(k) any ordinance making or authorizing the sale or issuance of bonds of the City or of any district within the City.

Sec. 253. Urgency Ordinances.

The Council may adopt an urgency ordinance that shall take effect upon its publication. An urgency ordinance may only be adopted if required for the immediate preservation of the public peace, health or safety. Any urgency ordinance shall contain a specific statement showing its urgency, and must be passed by a three-fourths vote of the Council. No grant of any franchise, right or privilege shall ever be construed to be an urgency measure.

Sec. 254. Legislation Pending Before State and Federal Government.

The Council, by resolution, may establish the official position of the City with respect to legislation proposed to or pending before the state or federal government. The resolution shall be subject to veto by the Mayor, and override of the

Mayor's veto by a two-thirds vote of the Council. The Council, by ordinance, shall adopt procedures to implement the provisions of this section, which procedures shall set the time periods for Council and Mayoral action.

CONTROLLER

Sec. 260. Auditor and General Accountant.

The Controller shall be the auditor and general accountant of the City and shall exercise a general supervision over the accounts of all offices, departments, boards and employees of the City charged in any manner with the receipt, collection or disbursement of the money of the City. The Controller shall be elected as provided in Section 202.

Sec. 261. Powers and Duties.

The Controller shall:

(a) appoint assistants, deputies, clerks and other persons as the Council shall prescribe by ordinance;

(b) prescribe the method of keeping all accounts of the offices, departments, boards or employees of the City in accordance with generally accepted accounting principles, except that any change of the system of accounting shall first be authorized by the Council;

(c) regularly review the accounting practices of offices and departments and upon finding serious failings in accounting practices, be empowered to take charge of the accounting function, and thereafter assist the office or department in implementing appropriate accounting standards and practices;

(d) maintain a complete set of accounts which shall be deemed the official books and accounts of the City, which shall show at all times the financial condition of the City, the state of each fund, including funds of departments responsible for managing their own funds, the source from which all money was derived and for what purposes all money has been expended;

(e) in compliance with generally accepted government auditing standards, audit all departments and offices of the City, including proprietary departments, where any City funds are either received or expended; be entitled to obtain access to all department records and personnel in order to carry out this function; establish an auditing cycle to ensure that the performance, programs and activities of every department are audited on a regular basis, and promptly provide completed audit reports to the Mayor, Council, and City Attorney and make those reports available to the public;

(f) maintain a reconciliation between the accounts in all offices and departments with the accounts in the Controller's office, and from time to time, verify the condition of all City funds in the City Treasury, and report to the Mayor and Council thereon;

(g) allocate among the several respective funds all public money at any time in the City Treasury not otherwise specifically allocated and appropriated by law or ordinance, and promptly notify the Treasurer of the allocation or appropriation;

(h) report to the Mayor and Council, at times established by law, the condition of each fund, and make other reports as the Mayor or Council requests;

(i) maintain each fund on a parity with its obligations at all times by transferring from the Reserve Fund as a loan to any fund which may become depleted through tardy receipt of revenues, and upon receipt of revenues sufficient to make an allocation as will restore each fund to parity, retransfer the amount of the loan to the Reserve Fund;

(j) monitor the level of debt incurred by the City and report periodically to the Mayor and Council on City debt; and

(k) conduct performance audits of all departments and may conduct performance audits of City programs, including suggesting plans for the improvement and management of the revenues and expenditures of the City. Nothing in this subsection shall preclude the Mayor or Council from conducting management studies or other review of departmental operations.

Sec. 262. Approval of Demands on Treasury.

(a) The Controller shall, prior to approval of any demand, make inspection as to the quality, quantity and condition of services, labor, materials, supplies or equipment received by any office or department of the City, and approve before payment all demands drawn upon the Treasury if the Controller has adequate evidence that:

(1) the demand has been approved by every board, officer or employee whose approval is required by the Charter or ordinance;

(2) the goods or services have been provided, except that advance payment may be authorized by ordinance for specified categories of goods and services;

(3) the payment is lawful;

(4) the appropriation for the goods or services has been made;

(5) the prices charged are reasonable;

(6) the quantity, quality and prices correspond with the original specifications, orders or contracts; and

(7) any additional criteria established by ordinance have been satisfied.

(b) Notwithstanding subsection (a), the Controller shall delegate to the various offices and departments the duties of inspection of goods and services and approval of demands, in accordance with methods for inspection and approval established by the Controller, but the Controller may suspend the authority delegated pursuant to this subsection upon a finding of abuse of that authority or on a determination that the office or department lacks adequate controls to exercise that authority properly. In the event of suspension of the authority delegated pursuant to this subsection, the Controller shall assist the office or department to achieve adequate controls and standards prior to reinstatement of that authority to the office or department.

(c) The Controller shall withhold approval of any demand, in whole or in part, if there is a question as to whether it is improper, illegal, or unauthorized, and immediately file a report with the Mayor and Council stating the objections to

the demand. The Council shall promptly consider the report and may overrule or sustain the objections of the Controller.

(d) The Controller shall keep a record of all demands on the Treasury approved by the Controller and of all demands to which objections have been made and overruled.

Sec. 263. Approval of Expenses of Controller.

All demands for the expenses of the office of the Controller shall, before payment, be presented to the Mayor, who shall have the same powers as to approval or disapproval as are exercised by the Controller in the case of other demands. The action of the Mayor shall be subject to review by the Council.

Sec. 264. Reduction of Demand on Treasury.

No demand upon the Treasury shall be allowed by the Controller in favor of any person or entity indebted to the City without first deducting the amount of the indebtedness, to the extent permitted by law.

Sec. 265. Payment of Bonds.

Nothing in this Article shall be construed as interfering with or preventing the payment by the Treasurer of principal and interest on bonds payable by the City in accordance with the California Constitution, laws and ordinances authorizing the issuance and payment of those bonds.

Sec. 266. Periodic Surveys of Proprietary Departments.

(a) The Controller, Council and Mayor shall jointly cause, at least once in every five years, an industrial, economic and administrative survey to be made of the business and property of each of the Harbor, Water and Power and Airports Departments and shall select an independent qualified industrial engineer or organization specializing in such surveys to conduct the survey. The cost of each survey shall be paid for from the funds of the surveyed department.

(b) Each survey shall be made in consultation with the Mayor and City Council to ascertain if the surveyed department is operating in the most efficient and economical manner.

(c) A copy of the report of each survey shall be transmitted to the Mayor, Council, and board of the surveyed department and shall be made available to the public.

CITY ATTORNEY

Sec. 270. Qualifications.

The City Attorney must be qualified to practice in all the courts of the state, and must have been so qualified for at least five years immediately preceding his or her election. The City Attorney shall devote his or her entire time to the duties of the office.

Sec. 271. Powers and Duties.

The powers and duties of the City Attorney shall be as follows:

(a) The City Attorney shall represent the City in all legal proceedings against the City. The City Attorney shall initiate appropriate legal proceedings on behalf of the City.

(b) The City Attorney shall be the legal advisor to the City, and to all City boards, departments, officers and entities. The City Attorney shall give advice or opinion in writing when requested to do so by any City officer or board.

(c) The City Attorney shall prosecute on behalf of the people all criminal cases and related proceedings arising from violation of the provisions of the Charter and City ordinances, and all misdemeanor offenses arising from violation of the laws of the state occurring in the City.

(d) The City Attorney shall approve in writing the form of all surety or other bonds required by the Charter, or by ordinance, before the bonds are submitted to the proper body, board or officer for final approval, and no such bond shall be approved without approval as to form by the City Attorney. Except as otherwise provided in the Charter, the City Attorney shall approve in writing the form of all contracts before the contracts are entered into by or on behalf of the City.

(e) The City Attorney shall keep records of all actions and proceedings in which the City or any officer or board is an interested party, and copies of all written opinions given by the City Attorney's office. The City Attorney shall comply with all requests for information from the Mayor or Council, and shall report on a regular basis to the Mayor and Council on all matters of litigation, in a form and at times specified by ordinance. In all litigation involving potential financial liability of the City, the City Attorney shall keep the Mayor and Council informed as to the status and progress of litigation.

Sec. 272. Control of Litigation.

The civil client of the City Attorney is the municipal corporation, the City of Los Angeles. The City Attorney shall defend the City in litigation, as well as its officers and employees as provided by ordinance. The City Attorney may initiate civil litigation on behalf of the City or the People of the State of California, and shall initiate civil litigation on behalf of the City when requested to do so by the authority having control over the litigation as set forth below. The City Attorney shall manage all litigation of the City, subject to client direction in accordance with this section, and subject to the City Attorney's duty to act in the best interests of the City and to conform to professional and ethical obligations. In the course of litigation, client decisions, including a decision to initiate litigation, shall be made by the Mayor, the Council, or boards of commissioners in accordance with this section. However, the decision to settle litigation shall be made in accordance with Section 273.

(a) Council. The Council shall make client decisions in litigation involving matters over which the Charter gives the Council responsibility.

(b) Mayor. The Mayor shall make client decisions in litigation involving matters over which the Charter gives the Mayor responsibility.

(c) Boards. The boards of the Proprietary Departments, the Ethics Commission, the Board of Fire and Police Pension Commissioners, the Board of Administration of the Los Angeles City Employees' Retirement System, and the Board of Administration of the Water and Power Employees' Retirement System

shall make client decisions in litigation exclusively involving the policies and funds over which the Charter gives those boards control.

(d) Interpretation of Section. The City Attorney shall have the authority to make the determination regarding who is authorized to make client decisions on behalf of the City in accordance with the principles of this section and accepted principles of representation of municipal entities.

Sec. 273. Settlement of Litigation.

(a) Boards. The boards of the Proprietary Departments, the Ethics Commission, the Board of Fire and Police Pension Commissioners, the Board of Administration of the Los Angeles City Employees' Retirement System and the Board of Administration of the Water and Power Employees' Retirement System shall have the authority to approve or reject settlement of litigation exclusively involving the policies and funds over which the Charter gives those boards control. The settlement of all other litigation shall be in accordance with subsections (b) and (c) of this section.

(b) Settlements Involving Only Money Damages.

(1) The Mayor shall have authority to approve or reject settlements involving only the payment or receipt of money damages not exceeding an amount set by ordinance, and shall make client decisions with respect to settlement of such litigation. The Mayor may delegate this authority to the City Attorney.

(2) A claims board comprised of the Mayor as chair, the President of the Council and the City Attorney, or their designees, shall have the authority to approve or reject settlement of litigation involving only the payment or receipt of money damages exceeding the amount that is within the Mayor's authority under the preceding subsection, and below an amount set by ordinance. The claims board shall make client decisions with respect to settlement of such litigation.

(3) The Council shall have the authority to approve or reject settlement of litigation that involves only the payment or receipt of money damages exceeding the amount that is within the authority of the claims board under the preceding subsection, subject to veto of the Mayor, and Council override of the Mayor's veto by a two-thirds vote of the Council. The Council shall make client decisions with respect to settlement of such litigation. The claims board shall make recommendations to the Council concerning settlement of litigation within the scope of this subsection.

(c) Other Settlements. The Council shall have the authority to approve or reject settlement of litigation that does not involve only the payment or receipt of money, subject to veto of the Mayor, and Council override of the Mayor's veto by a two-thirds vote of the Council.

Sec. 274. Employment of Assistants.

The City Attorney may appoint assistants, deputies, clerks and other persons as the Council shall prescribe by ordinance. Each Assistant City Attorney must, at the time of appointment, be qualified to practice in all courts of the state and

must have been so qualified for at least two years immediately preceding the appointment. Employment in the City Attorney's office shall be subject to Section 1050 of Article X of the Charter.

Sec. 275. Employment of Other Legal Counsel.

Upon recommendation of a board enumerated in Section 272(c), and the written consent of the City Attorney, the City may contract with attorneys outside of the City Attorney's Office to assist the City Attorney in providing legal services to that department. The City may otherwise contract with outside legal counsel to assist the City Attorney in the discharge of his or her duties under the Charter only upon written approval of the Council and the City Attorney, and consistent with budgetary appropriations.

CITY CLERK

Sec. 280. Appointment and Removal.

The City Clerk shall be appointed and removed by the Mayor, subject in both appointment and removal to confirmation by the Council.

Sec. 281. Powers and Duties.

(a) The City Clerk shall be the custodian of the City seal, the City ordinances, contracts, records, including a complete record of the real estate holdings of the City, and other City documents entrusted to the Clerk's care.

(b) The City Clerk shall keep all ordinances, contracts, records and documents properly indexed and, when not in actual use, open during regular office hours to public inspection.

(c) The City Clerk shall be present at each meeting of the Council and keep a record of its proceedings.

(d) The City Clerk shall administer all oaths and affirmations except as otherwise provided by the Charter.

(e) The City Clerk shall superintend elections as provided in the Charter.

(f) The City Clerk shall devote his or her entire time to the duties of the office.

(g) The City Clerk shall keep a record and have custody of all official bonds, and place and renew all corporate surety bonds of officers or employees provided that the reliability of corporate sureties has been approved by the Council.

OFFICE OF ADMINISTRATIVE AND RESEARCH SERVICES

Sec. 290. Appointment and Removal; Qualifications; Assistants.

The Director of the Office of Administrative and Research Services shall be appointed and removed as provided in Section 508. The Director shall have administrative and executive ability as demonstrated by five years experience at the executive or administrative level within ten years immediately preceding appointment to the position of Director. The Director may appoint and remove as many assistants as may be authorized by the Charter and ordinance.

Sec. 291. Powers and Duties.

The Director shall have the power and duty to:

(a) keep the Mayor and the Council advised of the condition, finances and future needs of the City, and make recommendations as are appropriate;

(b) assist in the preparation of the annual budget in accordance with policies prescribed by the Mayor;

(c) develop work programs and standards required in the proper planning of the budget;

(d) prepare reports on revenue and costs and, throughout the year, conduct studies and investigations that will assist in the preparation of the budget;

(e) assist the Council in the review of the proposed budget;

(f) assist the Mayor and Council in the consideration of any appropriations subsequent to the adoption of the budget, as set forth elsewhere in the Charter;

(g) plan and direct a system of budgetary administration to assure the proper and effective expenditure of funds;

(h) subject to the approval of the Mayor, prescribe rules and standards governing the matters under the jurisdiction of the Office of Administrative and Research Services with which all officers and departments of the City must comply;

(i) furnish the Mayor or Council aid, information or recommendation as requested in writing by the Mayor, the Council, or Council Committee; and

(j) perform other duties assigned to the office in the Charter.

Except as provided in Section 292, the powers and duties of the Director of the Office of Administrative and Research Services set forth in this section shall not apply to the Proprietary Departments.

Sec. 292. Administrative Management Research.

The Director of the Office of Administrative and Research Services shall conduct research in administrative management for the improvement of the organization, policies and practices of all appointed offices, departments and other agencies of City government, including, without limitation, the Proprietary Departments, for the purpose of evaluating programs and developing performance measures concerning the duties of the various positions, the methods and the standards of efficiency. The Director of the Office of Administrative and Research Services shall recommend to the Mayor, Council and the respective departments and agencies those changes that will promote economy and efficiency in the conduct of City government.

Sec. 293. Additional Responsibilities.

Notwithstanding Section 213, additional responsibilities related to management-employee relations or other responsibilities that are not the responsibility of other departments, offices and commissions may be assigned to the Office of Administrative and Research Services by ordinance. Responsibilities of other departments, offices and commissions may be transferred to the Office of Administrative and Research Services only pursuant to Section 514.

ARTICLE III
FINANCE, BUDGET AND CONTRACTS

OFFICE OF FINANCE

Sec. 300. Director of Finance; Powers and Duties of Office.

The chief administrative officer of the Office of Finance shall be the Director of Finance, who shall be appointed and removed as provided in Section 508. The Office of Finance shall have the power and duty to:

(a) develop and implement the City's revenue policy consistent with the Charter and ordinance, and develop guidelines for the collection of outstanding receivables;

(b) collect revenues and issue those licenses, permits and tax registration certificates not issued by the City officers or departments; and

(c) make recommendations to the Mayor and Council concerning the efficient organization of the revenue collection functions performed by City offices and departments.

Sec. 301. Treasury; Treasurer.

The official depository of the City shall be known as the City Treasury, which shall be under the direction and control of the Treasurer who shall be appointed and removed by the Mayor, subject in both appointment and removal to confirmation by the Council.

The Treasurer shall have the following powers and duties:

(a) The Treasurer shall be the custodian of all money deposited in the City Treasury. Money in the Treasury shall only be paid out upon the presentation of warrants or other forms of communication prescribed by the Controller, after demands for payment have been approved by the Controller in the manner provided elsewhere in the Charter or by ordinance, except that no warrants shall be required for payment of the principal and interest of bonds or other evidence of indebtedness payable by the City when due.

(b) When warrants presented to the Treasurer have all the signatures required by law, and are countersigned by the Controller, those signatures shall be prima facie evidence of the legality of the warrants. The Treasurer may, in the event of the authenticity of any warrant being questioned, fully investigate and satisfy himself or herself regarding the authenticity before paying.

(c) The Treasurer shall transmit to the Controller, at the end of each business day, a detailed statement showing the receipts and disbursements credited or debited to each fund or account.

(d) The Treasurer shall, at the end of each fiscal year, submit to the Mayor and Council a detailed statement of the receipts, disbursements and balances of the Treasury.

(e) The Treasurer shall be the custodian of all securities bought by the City. Upon sale of any bonds by the City, the Treasurer shall deliver the bonds, receive and credit the proceeds to the proper fund or accounts, and report the action to the Council.

(f) The Treasurer shall assist any officer of the City who is authorized by the Charter or ordinance to inspect the records and deposits in the Office of the Treasurer to make an inspection.

(g) The Treasurer shall perform those duties imposed upon City treasurers by any law of the state applicable to the City, and shall furnish a bond for the faithful performance of duties.

(h) The Treasurer shall assist the Controller and outside auditors as requested in the audits of the City's finances.

Sec. 302. Funds.

All money paid into the City Treasury shall be credited to and kept in separate funds in accordance with the provisions of the Charter, ordinance or other applicable law. In addition to funds established elsewhere in the Charter for departments controlling their own funds, the following funds are hereby established: General Fund, Reserve Fund, and bond funds, interest funds, sinking funds, trust funds and other funds as may be required by law or ordinance. For the purposes of the Charter, the General Fund is established as a medium of control of and accounting for municipal activities other than activities authorized or contemplated by special funds. All revenues and receipts which are not by law or Charter pledged or encumbered for special purposes shall be credited to the General Fund.

Sec. 303. Investments.

(a) The Treasurer may deposit the money held in the Treasury in the institutions and upon terms provided by law.

(b) Notwithstanding other provisions of the Charter, the boards of the Proprietary Departments, and of the Departments of Recreation and Parks and Library may grant to the Treasurer the authority to combine money in funds under their respective control with other City money for the purpose of investment. Earnings from the investment of the money of these departments shall be paid by the Treasurer to the department fund from which the money was derived in proportion to the share of the total investment supplied by that fund. The computation of the proportionate shares shall be by a method proposed by the Treasurer, subject to the approval of each of the above boards.

GENERAL BUDGET

Sec. 310. Fiscal Year.

The fiscal year of the City shall begin on July 1 of each year and shall end on June 30 of the following year.

Sec. 311. Budget Estimates to Mayor; Statement of Budget Priorities.

(a) At the time the Mayor prescribes, but not later than January 1 of each year, each board or officer at the head of any department or office, or other City governmental activity, other than those departments having control of their own funds, shall submit to the Mayor, with copies to the Council and the Director of the Office of Administrative and Research Services, on forms and in the manner prescribed by the Mayor, a detailed estimate of the money required for the next fiscal year for the proper operation of their departments and offices. These esti-

mates shall contain uniform budget classifications and shall clearly set forth the functions performed and the items and services required for such performance. Summaries, schedules and supporting data shall be attached to the estimates. Any department head or officer requesting an increase over the prior year's appropriation shall indicate which classifications need the increase and rank the order of immediate need for each classification. After consultation with an officer or head of a department, the Mayor may refer the estimate back with instructions to prepare a revised estimate on the basis of a maximum sum for the department, office or activity, that maximum sum to be fixed by the Mayor, or with further qualification as the Mayor shall determine. The officer or head of department shall present the revised estimate to the Mayor, with a duplicate to the Council and to the Director of the Office of Administrative and Research Services, at a date fixed by the Mayor.

(b) On or before February 1, the Mayor shall publish his or her budget priorities for the next fiscal year in order to facilitate public comment.

(c) On or before March 1 of each year the Controller shall submit to the Mayor, with a duplicate to the Council and to the Director of the Office of Administrative and Research Services, a detailed statement of the money that the Controller estimates will be required for the interest and sinking funds and for all outstanding bonded indebtedness and other lawful obligations of the City or of special districts and an estimate of the revenue to be derived from fines, licenses and other sources.

Sec. 312. Mayor's Proposed Budget.

On or before April 20 of each year, the Mayor shall submit to the Council a budget for the next ensuing fiscal year setting forth in summary and in detail:

(a) estimates of the expenditures and appropriations necessary for the support of the required work programs of the City government for the ensuing fiscal year, including interest and sinking funds or payments of principal on the bonded indebtedness of the City and of special districts;

(b) detailed estimates of the receipts of the City during the ensuing fiscal year, under laws existing at the time the budget is transmitted, and also under the revenue proposals, if any, contained in the budget;

(c) the expenditures and receipts of the City government during the last completed fiscal year;

(d) estimates of the expenditures and receipts of the City government during the fiscal year in progress;

(e) the amount of annual, permanent or other appropriations, including balances of appropriations for prior fiscal years, available for expenditure during the fiscal year in progress, as of June 30 of such year;

(f) balanced statements of:

(1) the condition of the Treasury at the end of the last completed fiscal year;

(2) the estimated condition of the Treasury at the end of the fiscal year in progress; and

(3) the estimated condition of the Treasury at the end of the ensuing fiscal year in case the financial proposals contained in the budget are adopted.

(g) all essential facts regarding the bonds, notes and other lawful obligations of the City;

(h) other financial statements and data necessary or desirable in order to make known in all practical detail the financial condition of the City government;

(i) an Unappropriated Balance, which shall be available for appropriations later in the ensuing fiscal year to meet contingencies as they arise; and

(j) a statement of resources of the Reserve Fund which shall be carried over to the next ensuing fiscal year to meet the cash requirements of the City for the portion of the next ensuing fiscal year prior to the receipt of taxes, or for appropriations to the Unappropriated Balance as provided in the Charter.

Sec. 313. Council Consideration of Budget.

After receiving the budget submitted by the Mayor, and prior to taking action on the budget, the Council shall hold a noticed public hearing. On or before June 1, the Council shall:

(a) approve the budget as submitted by the Mayor; or

(b) modify the budget by disapproving in whole or in part any items, or by increasing or decreasing any item, or by adding new items, and return the budget as modified by the Council to the Mayor. Any action taken by the Council under this section shall be taken by a majority vote of its members.

Upon failure of the Council to return the budget to the Mayor as provided in this section, the budget as submitted by the Mayor to the Council shall be signed by the City Clerk and thereupon become the general City budget for the ensuing fiscal year.

Sec. 314. Mayor's Veto.

The budget as adopted by the Council shall not be held for reconsideration but shall be promptly transmitted by the City Clerk to the Mayor upon whose approval and signature it shall become effective. If the Mayor shall fail to act upon the budget within five days, excluding Saturdays, Sundays and legal holidays, after its adoption by the Council, it shall be signed by the City Clerk and shall thereupon become effective. If the Mayor disapproves of any increase, decrease, omission or insertion of any item of the budget by the Council, the Mayor may veto, restore or otherwise change any item to the amount originally proposed by the Mayor or to any amount between that originally proposed by the Mayor and that adopted by the Council. The Mayor, however, shall have no power to change any description or limitation made applicable to an item by the Council, except to veto the change or to restore the description or limitation to the condition originally proposed by the Mayor. Upon completion of these changes, the Mayor shall within the five day period return the budget to the Council with a statement of action taken.

Sec. 315. Council Consideration of Mayor's Veto Message; Final Adopted Budget.

Upon receipt by the Council of the budget veto message from the Mayor, the Council shall have five days, excluding Saturdays, Sundays and legal holidays,

within which to overcome the action of the Mayor relative to any item or items of the budget. Any item or items of the budget which shall have been vetoed, or otherwise changed by the Mayor, and which shall not be, by a two-thirds vote of all of the members of the Council, either readopted notwithstanding the objections of the Mayor or changed to an amount between that as originally adopted by the Council and that as changed by the Mayor, shall remain as modified by the Mayor.

Where the Mayor has changed any description or limitation applicable to an item, the Council, in its action pursuant to this section, shall have no power to alter the description or limitation other than to restore it to the condition in which it was originally adopted by the Council.

Upon the expiration of the Council's five day period, or sooner if the Council by majority vote so directs, the budget as returned by the Mayor, and to the extent modified thereafter by the Council, shall become the general City budget for the ensuing fiscal year and shall not be held for reconsideration but shall be promptly transmitted to the City Clerk, signed by the City Clerk and filed in the office of the Controller.

EXPENDITURES

Sec. 320. Expenditure Programs.

Each office and department provided for in the general City budget, and the Departments of Library and Recreation and Parks to the extent that they are assisted by appropriations from the General Fund, shall have authority to expend, in the manner provided by law, the funds appropriated for its support during the ensuing fiscal year, but only in accordance with a program of planned expenditures which shall be prepared, filed and modified from time to time, as provided by law. No department, bureau, or office of the City government shall make expenditures or incur liabilities in excess of the amount appropriated therefor.

DEBT

Sec. 325. Debt Impact Statements.

Prior to the adoption of any ordinance or resolution authorizing the incurring of any indebtedness by the City or the placing of any debt authorization on the ballot, the Mayor and Council shall have prepared a debt impact statement. The debt impact statement shall analyze the effect of the new debt on the City's finances and indicate the amount of additional funds required to be budgeted for debt service.

TAXATION

Sec. 330. Use of County System of Assessment and Taxation.

Until otherwise provided by ordinance, the City shall continue to use, for purposes of municipal taxation, the county system of assessment and tax collection. Should the City resume the work of assessment and tax collection, the procedure shall be fixed by ordinance and, so far as applicable, shall be substantially the same as provided at the time by law for county taxes in the County of Los Angeles.

Sec. 331. Tax Levy.

Not earlier than the month of June, but not later than the last day of the month in which the statement of property valuations within the City as required by law is received, the Council shall adopt an ordinance levying upon the assessed valuation of the property in the City, in accordance with the provisions of law, a rate of taxation upon each one hundred dollars ($100) of valuation, which, with the amounts, if any, transferred from the Reserve Fund in or for the current fiscal year subsequent to the adoption of the annual budget and the amount estimated to be received from fines, licenses and other sources of revenue, will be sufficient to raise the amount appropriated in the annual budget.

Sec. 332. Tax Levy—Alternate Method.

If the Council fails to levy a rate of taxation at the time and in the manner provided by the Charter, the Controller shall add to the budget the amount required to meet maturing portions of principal and interest on the bonded indebtedness of the City and of special districts in the City, and any special taxes lawfully imposed, and shall calculate a rate of taxation as provided in Section 331, not exceeding the limit provided by law. The Controller shall give public notice of the rate of taxation by publication in a newspaper of general circulation in the City or by other means provided by ordinance, and the tax rate calculated by the Controller shall be the rate of taxation of the City. The Controller is hereby vested with all necessary legislative power to carry out the provisions of this section.

TRANSFERS

Sec. 340. Transfers Between Funds; Temporary Transfers.

(a) It shall not be lawful to transfer money from one fund to another or to use the money in one fund in payment of demands upon another fund, except in the case of the Unappropriated Balance and the Reserve Fund, or except as specifically provided in the Charter.

(b) Notwithstanding subsection (a), the Treasurer and the Controller, when authorized and directed by the Council by resolution, shall make temporary transfers, in accordance with procedures established by law, from the funds of the City as may be necessary to provide funds for meeting obligations of the City. The amount of any temporary transfers shall not at any one time exceed 85% of the ad valorem property taxes accruing to the City, shall not be made after the last Monday in April of the current fiscal year, and shall be replaced from the taxes accruing to the City before any other obligation of the City is met from those taxes.

Sec. 341. Transfers from Reserve Fund; Appropriations from Unappropriated Balance.

Transfers may be made from the Reserve Fund after adoption of the annual budget to meet in whole or in part any appropriated item of the annual budget, or may be made to the General Fund or the Unappropriated Balance. These transfers

and any appropriations from the Unappropriated Balance may be made after adoption of the budget, as follows:

(a) upon recommendation of the Mayor, approved by a majority vote of the Council;

(b) upon a majority vote of the Council, subject to the approval of the Mayor, or passage by the Council over the Mayor's veto by a two-thirds vote.

If any order making a transfer or appropriation is not returned to the City Clerk by the Mayor for presentation to the Council, with objections in writing, within ten days after it has been presented, it shall become effective and be as valid as if the Mayor had approved and signed it.

Sec. 342. Transfers of Appropriated Funds.

Funds appropriated in the general City budget or thereafter by the Council for expenditure by any officer, board or department may be transferred to the Reserve Fund or the Unappropriated Balance, or appropriated for the same or other purposes by other authorized officers, boards or departments and the budget or other spending authority amended accordingly:

(a) for transfers not in excess of an amount established by ordinance, on the approval of the Mayor, provided that the Mayor shall give notice of such transfer at the time it is made to the City Clerk who shall notify the President of the Council, the Controller and the Director of the Office of Administrative and Research Services of the transfer;

(b) for transfers in excess of an amount established by ordinance, on the approval of the Mayor and a majority vote of the Council; or

(c) for transfers in excess of an amount established by ordinance, on the majority vote of the Council, subject to the approval of the Mayor, or passage by the Council over the Mayor's veto by a two-thirds vote.

If any order making a transfer is not returned to the City Clerk by the Mayor, for presentation to the Council, with objections in writing, within ten days after it has been presented, it shall become effective and be as valid as if the Mayor had approved and signed it.

Sec. 343. Intra-Departmental Transfer.

(a) Departments Not Controlling Their Own Funds. The head of any department not having control of its own funds may make application in writing to the Mayor for a transfer of amounts from one appropriated item to another in the budget allowance of the department or to a new item created after adoption of the annual budget. On the approval of the Mayor, the Controller shall make the transfer, but no transfer of an amount exceeding either thirty-five thousand dollars ($35,000) or other amount established by ordinance shall be made unless approved by a majority vote of the Council. Notwithstanding the above, for transfers within the Council's budget, the President of the Council shall be authorized to approve transfers.

(b) Departments Controlling Their Own Funds. The general manager of any department having control of its own funds may make application in writing to

the board having control and management over the department for a transfer of amounts from one budget item to another in the annual budget of the department, or to a new item created after adoption of the annual budget. On the approval of the board, the Controller shall make the transfer, but no transfer of an amount exceeding thirty-five thousand dollars ($35,000) or other amount established by ordinance shall be made unless approved in writing by the Mayor.

(c) Increase in Limit. The monetary limitations of thirty-five thousand dollars ($35,000) in subsections (a) and (b) above shall commence at the beginning of the City's 1999–2000 fiscal year and shall be subject in subsequent fiscal years to an annual adjustment at the beginning of the fiscal year based upon the Consumer Price Index for all urban consumers for the Los Angeles area published by the United States Department of Labor, Bureau of Labor Statistics.

(d) Notice. At the time any transfer of funds pursuant to this section is made, the authority approving the transfer shall give notice to the City Clerk, who shall notify the President of the Council, the Controller and the Director of the Office of Administrative and Research Services of the transfer.

Sec. 344. Transfer of Surplus to Reserve Fund.

At the close of each fiscal year, the Controller and Treasurer shall transfer all surplus money remaining in each fund over and above the amount of outstanding demands and liabilities payable out of the fund to the Reserve Fund, except surplus money in the several bond funds, interest and sinking funds, trust funds, pension and retirement funds, Harbor Revenue Fund, Library Fund, Recreation and Parks Fund, Power Revenue Fund, Water Revenue Fund, Airport Revenue Fund and other funds as provided by the Charter or ordinance. The Council may, by ordinance, direct that surplus money in the Harbor Revenue Fund, the Power Revenue Fund or the Water Revenue Fund be transferred to the Reserve Fund with the consent of the board in charge of the fund, but not otherwise. Surplus money may be transferred from the Airport Revenue Fund only as provided in Section 635.

CLAIMS

Sec. 350. Claims Against City.

(a) Claim Required. No suit shall be brought on any claim for money or damages against the City, or any officer or board of the City, until a claim has been filed with the City Clerk, and rejected in whole or in part. If rejected in part, suit may be brought to recover the whole. Claim procedures and requirements shall be governed by state law or ordinance not inconsistent with state law. Except in those cases where a shorter period of time is otherwise provided by state law, all claims for damages against the City must be presented within six months for personal injury and within one year for property damage after the occurrence from which the damages arose, or after the last item of the account or claim accrued.

(b) Action on Claim. In all cases, the claim shall be approved or rejected in writing and the date given. Failure to act upon any claim within 45 days from the date the claim is filed with the City Clerk or, if amended, within 45 days after the

amended claim is filed with the City Clerk, or within any greater period provided by state law, shall be deemed to be a rejection.

(c) Applicability. The requirements of this section shall not apply to claims for payment upon presentation and surrender of any bonds, notes or other evidences of indebtedness authorized by the Charter or state law and payable solely from any revenue fund or other special fund.

MISCELLANEOUS FINANCE

Sec. 360. Payment into Treasury.

Except as provided by ordinance, all public money collected by any officer, employee of the City or other person shall immediately be paid into the City Treasury, without any deduction on account of any claim for fees, commissions or any other cause.

Sec. 361. Law Governing Bonded Indebtedness.

Except for revenue bonds issued pursuant to Section 609 or related ordinance or other bonded indebtedness issued pursuant to other procedural ordinance, the laws of the State of California establishing the procedure for the creation of bonded indebtedness in force at the time any bonded indebtedness is created by the City shall, so far as applicable, be followed.

Sec. 362. Annual Audit.

At the end of each fiscal year, the Council shall require the income and expenditures of each department and office of the City to be audited by one or more certified public accountants, who are not connected with the department to be audited. The accountants shall make their report directly to the Council and send copies to the Mayor and Controller. The Council shall determine the extent of the audit as to each of the departments, and may provide for the taking of the audit by resolution.

CONTRACTS

Sec. 370. Contracts Required to be in Writing and Signed.

Every contract involving consideration reasonably valued at more than an amount specified by ordinance shall, except in cases of urgent necessity for the preservation of life, health or property as provided in Section 371(e)(5), be made in writing, or other manner as provided by ordinance. The draft of the contract shall be approved by the board, officer or employee authorized to make the contract. Every contract must be approved by the City Attorney as to form, except for contracts or classes of contracts involving consideration reasonably valued at less than an amount set by ordinance.

The contract shall be signed on behalf of the City by:

(a) the Mayor; or

(b) the board, officer or employee authorized to enter into the contract; or

(c) in the case of a contract authorized by Council, the person authorized by the Council.

The City shall not be, and is not, bound by any contract unless it complies with the requirements of this section and all other applicable requirements of the Charter.

Sec. 371. Competitive Bidding; Competitive Sealed Proposals.

(a) Competitive Bidding. Except as provided in subsection (e) below, the City shall not be, and is not, bound by any contract unless the officer, board or employee authorized to contract has complied with the procedure for competitive bidding or submission of proposals established by this section and ordinance.

Contracts shall be let to the lowest responsive and responsible bidder furnishing satisfactory security for performance. This determination may be made on the basis of the lowest ultimate cost of the items in place and use. Where the items are to constitute a part of a larger project or undertaking, consideration may be given to the effect on the aggregate ultimate cost of the project or undertaking. Notwithstanding the provision of this subsection requiring award to the lowest responsive and responsible bidder, a bid preference can be allowed in the letting of contracts for California or Los Angeles County firms, and the bid specifications can provide for a domestic content and recycled content requirement. The extent and nature of the bid preference, domestic content and recycled content requirement and any standards, definitions and policies for their implementation shall be provided by ordinance.

(b) Competitive Sealed Proposals. As an alternative to an award pursuant to open and competitive bidding, a contract can be let pursuant to a competitive sealed proposal method, in accordance with criteria established by ordinance adopted by at least a two-thirds vote of the Council. The competitive sealed bid proposal system may permit negotiations after proposals have been opened to allow clarification and changes in the proposal. Adequate precautions shall be taken to treat each proposer fairly. No award may be made pursuant to this alternative method to a proposer whose final proposal is higher as to the ultimate cost to the City, as above defined, than any other responsive proposal submitted. The contracting authority, in order to utilize this alternative method, must make a written finding supported by a written statement of facts that adherence to the rule that the award be made to the lowest responsive and responsible bidder is not practicable or advantageous and shall also state in writing the reason for the particular award.

Consistent with competitive bidding requirements, design-build or other appropriate project delivery systems may be used when justified by the type of project and approved by the contracting authority.

(c) Right to Reject. The City shall reserve the right to reject any and all bids or proposals and to waive any informality in the bid or proposal when to do so would be to the advantage of the City. The City may also reject the bid or proposal of any bidder or proposer who has previously failed to timely and satisfactorily perform any contract with the City.

(d) Notice. The Council, board, officer or employee authorized to contract shall cause notice inviting bids or proposals to be published at least once in a daily newspaper circulated in the City, or to be given by other method prescribed by ordinance, inviting bids or proposals. All bids and proposals shall comply with additional requirements provided by ordinance, including, but not limited to, the furnishing of a bid bond, performance bond and affidavit of non-collusion. Further procedures for competitive bidding shall be prescribed by ordinance.

(e) Exceptions. The restrictions of this section shall not apply to:

(1) Contracts involving consideration reasonably valued at less than an amount specified by ordinance.

(2) Contracts, as determined by the contracting authority, for the performance of professional, scientific, expert, technical, or other special services of a temporary and occasional character for which the contracting authority finds that competitive bidding is not practicable or advantageous.

(3) Contracts for the furnishing of articles covered by letters patent granted by the government of the United States.

(4) Contracts for leasing as lessee or purchasing real property when approved by majority vote of the Council.

(5) Contracts for repairs, alterations, work or improvements declared in writing by the contracting officer or board, or its designee, to be of urgent necessity for the preservation of life, health or property. The declaration shall give the reasons for the urgent necessity and must be approved by the Council or its designee. Approval may be conditioned upon compliance with one or more of the requirements of this section.

(6) Contracts entered into during time of war or national, state or local emergency declared in accordance with federal, state or local law, where the Council, by resolution adopted by two-thirds vote and approved by the Mayor, suspends any or all of the restrictions of this section or their applicability to specific boards, officers or employees.

(7) Contracts for equipment repairs or parts obtained from the manufacturer of the equipment or its exclusive agent.

(8) Contracts for cooperative arrangement with other governmental agencies for the utilization of the purchasing contracts and professional, scientific, expert or technical services contracts of those agencies and any implementing agreements, even though the contracts and implementing agreements were not entered into through a competitive bid process.

(9) New, long-term concession agreements with the existing merchants as of the Adoption Date of the Charter on Olvera Street negotiated by the City department responsible for administering the El Pueblo de Los Angeles Historical Monument.

(10) Subject to the requirements of Section 1022, contracts (including without limitation those, as determined by the contracting authority, for the performance

of professional, scientific, expert, technical or other special services), where the contracting authority finds that the use of competitive bidding would be undesirable, impractical or impossible or where the common law otherwise excuses compliance with competitive bidding requirements.

Sec. 372. Competitive Proposals Preferred.

Except as otherwise provided by ordinance, in all cases where bids are not required by the Charter, competitive proposals or bids shall be obtained as far as reasonably practicable and compatible with the City's interests. In all cases, a public record of these proposals and agreements shall be kept. The right to reject any and all proposals or bids shall be reserved in all cases.

Sec. 373. Long Term Contracts; Approval by Council.

Except as otherwise provided in the Charter, no board, officer or employee shall make any type of contract, as specified by ordinance, obligating the City or any department to make or receive payments of money or other valuable consideration for a period longer than such period as provided by ordinance, unless such contract shall have been first approved by the Council. The ordinance shall set a time period for review by the Council, and may further define what constitutes a term of more than the specified period. If the Council does not approve the contract, the Council shall not modify the contract, but shall return it to the contracting authority for reconsideration and resubmission to Council. This section shall not apply to contracts entered into with the United States government, or other governmental agencies, or as specifically authorized in Sections 605 through 607.

Sec. 374. Contract or Direct Employment.

Whenever any board, officer or employee is given authority in the Charter to construct any public work or improvement, that authority shall include the right to proceed either by contract or by the direct employment of labor and purchase of materials, in accordance with the Charter.

Sec. 375. Prequalification of Bidders.

Nothing in this Article shall prevent the prequalification of bidders in accordance with criteria provided by ordinance if the process is clearly described in the bid specifications or request for proposals, and the contracting authority makes a written finding that utilization of such process would benefit the City.

Sec. 376. Change Orders.

Upon the award of any contract, the contracting authority may delegate the approval of change orders to a department employee, but that delegation shall specify the dollar amount that can be approved without further authorization by the contracting authority.

Sec. 377. Prevailing Wage.

The provisions of California Labor Code Section 1770 et. seq. regarding prevailing wages on public works and related regulations, as now existing and as may be amended, are accepted and made applicable to the City, its departments, boards, officers, agents and employees.

Sec. 378. Living Wage.

The City shall require that a living wage be provided to the employees of those doing business with the City in a manner to be prescribed by ordinance.

PURCHASES

Sec. 380. Purchases.

The City shall prescribe by ordinance the process for purchases of materials and supplies, equipment and equipment rental, repair and maintenance, consistent with the requirements of the Charter.

SALES

Sec. 385. Sale of City Property.

Any real or personal property owned by the City that is no longer needed may, subject to the limitations elsewhere prescribed in the Charter, be sold under terms and conditions prescribed by ordinance. However, any real or personal property under the control of any board authorized by the Charter or by law to acquire, hold or control the property shall not be sold without the approval of the board or officer having the management of the department. Except as otherwise provided by law, the proceeds of the sale shall be paid into the City Treasury and placed in the fund of the department having control of the property.

FRANCHISES

Sec. 390. Franchises.

(a) Granting of Franchises. The City may grant franchises for fixed terms, permits or privileges (Franchises) for the construction and operation of plants or works necessary or convenient for furnishing the City and its inhabitants with transportation, communication, terminal facilities, water, light, heat, power, refrigeration, storage, or any other public utility or service (Public Utility Service). The Council may prescribe the terms and conditions of the grant, and shall prescribe by ordinance the procedure for making these grants, subject to the limitations provided in the Charter and applicable law.

(b) Award of Franchise. Before granting any Franchise, the Council shall advertise its intention to grant the Franchise and shall award the Franchise to the highest responsible and responsive bidder after competitive bidding, in accordance with the procedures prescribed by ordinance governing the granting of Franchises.

(c) Term of Franchises. No Franchise for the construction and operation of plants or works necessary or convenient for the furnishing of the City and its inhabitants with Public Utility Service shall be made for a period exceeding 21 years, except Franchises for the construction and operation of subways, elevated railways and grade separated railways, which shall be granted for a period not exceeding 40 years for the original Franchise. No grant for the extension of facilities of an existing utility operating under a Franchise granted by the City or county shall be made for a period beyond the expiration date of the Franchise under which the utility, or the portion of the utility with which the extension is to be connected, is operated.

The City may, by ordinance, five years or less prior to the expiration of any Franchise, grant to the holder of the Franchise a new Franchise to replace the expiring Franchise. The term of the replacement Franchise shall not exceed ten years from the date of expiration of the Franchise it replaces, except that any replacement cable television Franchise may be granted for a period not to exceed 15 years. Each replacement Franchise shall comply with the ordinances governing the granting of Franchises in force at the time the replacement Franchise is granted, and shall carry all the conditions required in the original Franchise.

(d) Terms and Conditions of Franchises.

(1) Power to Order Extensions of Facilities. Every Franchise shall provide that the board designated by ordinance to have such authority shall have the power to order extensions of the facilities authorized in the Franchise, after a hearing as provided by ordinance.

(2) Right to Purchase. Except as otherwise provided in the Charter, every Franchise shall reserve to the City the right to purchase the property of the Public Utility Service, or find a purchaser therefor, upon one year's written notice, either at an agreed price or a price to be determined in a manner prescribed in the grant.

(3) Price for Purchase. In fixing in any Franchise the price to be paid by the City for any utility, no allowance shall be made for Franchise value, good will, going concern, earning power, increased cost of reproduction, severance damage or increased value of right of way.

(4) Assumption of Bonds. Every Franchise shall provide that when purchasing the property of the grantee, the City, if and when permitted by the California Constitution, may assume the obligations of the grantee for the payment of the bonds then outstanding against the property, not exceeding in aggregate par value the valuation of the property purchased, as determined in accordance with this section. In this case, the par value of the bonds shall be deducted from the valuation of the property, and the excess, if any, of the valuation of the property over the par value of the bonds assumed shall be the net purchase price to be paid to the grantee.

(5) Consolidated or Annexed Territory. Every Franchise shall provide that in case of consolidation with or annexation to the City of any territory not now included in the City, any Franchise to operate the Public Utility Service or any part thereof, held or claimed by the holder of the Franchise in or for any portion of territory consolidated or annexed to the City shall automatically be surrendered to the City, and the rights and obligations of the Franchise shall automatically extend to the additional territory.

(e) Resettlement Franchises. A resettlement Franchise may be granted to a public utility operating in the City under more than one Franchise issued for different periods, and for different expiration dates for different parts of its system, which resettlement Franchise shall be in lieu of all other Franchises held by the grantee within the City.

(f) Applicability. Nothing in this section shall apply to the granting of Franchises by the Departments of Harbor and Airports.

ARTICLE IV
ELECTIONS

GENERAL PROVISIONS RELATING TO ELECTIONS

Sec. 400. Types of Elections.

Municipal elections held in the City of Los Angeles shall be classified as primary nominating elections, general municipal elections and special elections.

Sec. 401. Election Days—City of Los Angeles and Board of Education.

For City offices and elections of the Board of Education, primary nominating elections shall be held on the second Tuesday in April in every odd-numbered year, and general municipal elections shall be held on the first Tuesday after the first Monday in June in every odd-numbered year. However, if holding the election on that day would conflict with a significant event or occurrence, and the Council finds that holding the election on that day would substantially reduce voter participation, the Council may set the election on a specific alternate day not earlier than the previous Tuesday nor later than the subsequent Tuesday from the regularly scheduled election day. The Council may set the alternate day only if it finds that holding the election on such alternate day would not substantially reduce voter participation. Any action setting an alternate election day must be adopted by the Council by resolution no later than six months before the date on which the affected election would otherwise take place.

Sec. 402. Ordinance Ordering the Holding of an Election.

The Council shall, by ordinance, order the holding of all elections. The ordinance ordering the election shall specify the object and time of holding the election, shall establish election precincts, designate polling places, and name officers of election for each precinct. That ordinance may do so by making reference to other enactments or documents. Any ordinance ordering the holding of an election may also order the holding of a run-off election, to be held if necessary.

Sec. 403. Officers of Election.

Officers of election shall be registered voters of the City, or of the School District in the case of Board of Education elections, and shall be selected and appointed in accordance with procedures set forth in the City Election Code. No candidate who has taken out papers for nomination, nor a member of his or her immediate family, shall be permitted to act as an election officer, nor shall the polling place be held in his or her residence.

Sec. 404. Returns of Election.

The returns of every election shall be delivered to the City Clerk, who shall, within 14 days after any election, canvass the returns and certify them to the Council, who shall declare the result and order the issuance of certificates of nomination or election as appropriate. The Council shall be the judge of the qualifications of all of the elected officers. When any municipal election is consolidated

with any state or county election, after the Board of Supervisors or Registrar of Voters of Los Angeles County has canvassed the returns and certified the result of the canvass of all municipal questions submitted at the election to the Council, the Council shall declare the result. Any act in relation to the conduct of the election required by the Charter to be performed by an officer or employee of the City may be performed by the proper officer or employee of the county.

Sec. 405. Employment of Additional Persons.

Whenever requested by the City Clerk, the Council shall authorize the Clerk to employ those persons, in addition to the persons regularly employed in the Clerk's office, as may be necessary to assist in the performance of any duty imposed upon the Clerk in connection with the conduct of any election. The provisions of the Charter respecting the classified civil service of the City shall not apply to the persons so specially employed.

Sec. 406. Recounts.

(a) Applicability. This section governs recounts of all primary nominating, general municipal, and special elections of the City of Los Angeles and any elections of other jurisdictions consolidated with those elections. Nothing in this section shall be construed to prevent any person from contesting the results of any election by judicial proceedings authorized by law.

(b) Procedure. Within five days after the Council's declaration of the results of an election, any registered voter of the City, or of the School District in the case of Board of Education elections, may file with the City Clerk a written request to recount all of the votes cast at that election for candidates for any office, or for and against any measure. The request shall comply with the requirements of the City Election Code. The recount shall be conducted publicly and shall commence not more than seven calendar days after the City Clerk's acceptance of the recount request. No person who is an interested party to the recount shall be involved in the recount. The recount shall otherwise be conducted in accordance with procedures set forth in the City Election Code.

(c) Results of Recount. Upon completion of the recount, the Council shall declare the result. If any person who had not been declared nominated or elected is found upon the recount to be entitled to nomination or election, the Council shall so declare and direct that the proper certificate of nomination or election be issued to that person. If by the recount it is determined that the result of a ballot measure election is different than as already declared, the Council shall so declare.

(d) Costs of Recount. Any request for recount shall be accompanied by a bond or cash deposit in a sum specified by ordinance, in a form satisfactory to the City Clerk. The bond or deposit shall be payable to the City of Los Angeles in the event that the recount does not change the result of the election. If the result of an election is changed by the recount, the expense of the recount shall be borne by the City, and the bond or cash deposit shall be returned to the elector who requested the recount. The results of an election are considered changed if the identity of any person who had been declared nominated or elected is changed, or if the approval or disapproval of any ballot measure is changed.

Sec. 407. Eligibility for Office.

(a) Election. To be eligible for nomination or election to any office under the Charter, a person must be a registered voter of the City or of the School District in the case of candidates for the Board of Education, at the time of his or her nomination and election, and have been a resident of the City, in the case of candidates for Mayor, Controller, or City Attorney, or of the Council district or Board district from which he or she is nominated or elected in the case of candidates for City Council and Board of Education, for at least 30 days immediately preceding the first day upon which candidates could file a Declaration of Intention to run for office at that election. When an election is to be held to fill a vacancy in an elected office and the Charter does not require the filing of a Declaration of Intention to run for that office, the 30 day residency requirement shall be measured from and precede the first day upon which candidates are permitted to secure Nominating Petitions for that office from the City Clerk.

(b) Appointment. The eligibility requirements of subsection (a) shall also apply to persons appointed to fill a vacancy in an elected office; however, the 30 day residency requirement shall be measured from and precede the date of appointment.

(c) Disqualification. No person shall be eligible to file a Declaration of Intention to run for City office or for election or appointment to any elected City office, who, within the prior five years:

(1) was convicted of a felony or entered a plea of guilty or no contest to a felony charge; or

(2) was convicted of a violation of the conflict of interest or governmental ethics provisions of the Charter, City ordinances, or state or federal law, unless the court at the time of sentencing specifically determines that this provision shall not apply.

(d) Any person disqualified under these provisions from seeking election or appointment to an elected City office shall likewise be ineligible for the same period of time to hold any appointed position in the City government.

Sec. 408. Eligibility to Vote.

To be eligible to vote at any of the elections held under the Charter, a person must be registered in the manner and have the qualifications required by the general laws of this state respecting the registration and qualification of voters for state and county elections.

Sec. 409. Filling Vacancies in the Offices of Mayor, City Attorney, Controller and Member of the City Council.

Vacancies in the offices of Mayor, City Attorney, Controller and members of the City Council shall be filled by either appointment or election in the manner set forth in this section.

(a) Appointment. The Council may fill a vacancy by appointing a person to hold the office for the portion of the unexpired term remaining through the next June 30 of an odd-numbered year. If any portion of the term remains after that date,

the Council shall also call a special election or elections to fill the remainder of the term, and shall consolidate the election with the primary nominating election and general municipal election next following the appointment. If a vacancy is filled by appointment after the first date fixed by law for filing a Declaration of Intention to become a candidate at the next primary nominating election, the person appointed shall hold the office for the remainder of the unexpired term.

(b) Special Election. Instead of filling a vacancy by appointment, the Council may call a special election, and special runoff election, if necessary, by ordinance for the purpose of filling the vacancy for the remainder of the unexpired term. The Council shall provide in the ordinance for the consolidation of the election with any other election and for the procedure for nominating candidates, including the amount of the filing fee, if any, to be paid by candidates and other matters pertaining to the election. In the case of a tie vote, the Council shall decide which candidate receiving an equal number of votes is elected to fill the vacancy.

(c) Recall. Any person appointed or elected to fill a vacancy may be removed from office by the recall in the same manner as if he or she had been elected to office.

Sec. 410. Filling Vacancies in the Office of Members of the Board of Education.

Vacancies in the office of Members of the Board of Education shall be filled by either appointment or election in the manner set forth in this section.

(a) Appointment. The Board of Education may fill a vacancy by appointing a person to hold the office for the portion of the unexpired term remaining through the next June 30 of an odd-numbered year. If any portion of the term remains after that date, the Board shall also contract with the City of Los Angeles for the calling and conducting of a special election or elections to fill the remainder of the term, and the Council shall consolidate the election with the primary nominating election and general municipal election next following the appointment. If a vacancy is filled by appointment after the first date fixed by law for filing a Declaration of Intention to become a candidate at the next primary nominating election, the person appointed shall hold the office for the remainder of the unexpired term.

(b) Special Election. Instead of filling a vacancy by appointment, the Board of Education may contract with the City of Los Angeles for the calling and conducting of a special election or elections for the purpose of filling the vacancy for the remainder of the unexpired term. The contract shall be subject to approval by the City Council, and shall contain a provision that the Los Angeles Unified School District shall pay for all costs incurred in conducting the special election or elections. Unless otherwise specified in the contract, within 30 days of the Council's approval of the contract, the Council shall adopt a resolution calling a special election, and special runoff election, if necessary, for the purpose of filling the vacancy and provide in that ordinance the time for holding the election, whether consolidation with any other scheduled election will be sought; the pro-

cedures for nominating candidates, including the amount of the filing fee, if any, to be paid by candidates; and other matters pertaining to the election.

(c) Recall. Any person appointed or elected to fill a vacancy may be removed from office by the recall in the same manner as if he or she had otherwise been elected to office.

Sec. 411. Substantial Compliance with Election Requirements.

Substantial compliance with the provisions of this Article shall be sufficient for the holding of any election, and for the approval or rejection of any ordinance, order or resolution submitted to a vote of the electors of the City.

Sec. 412. City Election Code; Amendments.

All elections, unless otherwise provided in the Charter, shall be conducted and held in accordance with the provisions of the City Election Code. No amendment to the City Election Code shall affect any election, petition, or other election-related proceeding occurring within six months following the publication of the ordinance effecting the amendment.

PRIMARY NOMINATING AND GENERAL MUNICIPAL ELECTIONS

Sec. 420. Candidate's Filing Fee.

The Council may by ordinance provide for a filing fee to be paid to the City Clerk by each candidate for elected office, provided that the ordinance also allows the requirement to be satisfied by a substitute means other than fee payment.

Sec. 421. Declaration of Intention.

(a) Form and Timing. Each candidate for nomination to any elected office shall sign and file with the City Clerk a sworn Declaration of Intention to become a candidate for the office designated in the Declaration. The Declaration of Intention must be made on a form furnished by the City Clerk, and shall include an affidavit by the candidate that he or she possesses all necessary legal qualifications to be a candidate for the designated office. The Declaration of Intention shall be filed not earlier than 90 days, nor later than 85 days prior to the primary nominating election.

(b) Restrictions; Withdrawal. A candidate may not file a Declaration of Intention to become a candidate for more than one office at the same primary nominating election. Prior to the issuance of a Nominating Petition, a candidate may withdraw the Declaration of Intention to become a candidate for the office designated therein by filing a written statement with the City Clerk. In that case, a candidate may file a new Declaration of Intention to become a candidate for another office not later than 85 days prior to the primary nominating election.

(c) Statement of Economic Interests. Each candidate for Mayor, City Attorney, Controller and member of the City Council shall file a Statement of Economic Interests that itemizes investments, interests in real property and income, except for gifts, received in the previous 12 month period. The Statement shall be filed with the City Ethics Commission no later than the final filing date for filing

the Declaration of Intention. A Declaration of Intention shall not be valid unless a Statement of Economic Interests has been submitted by the final filing date for the Declaration of Intention.

Sec. 422. Nominating Petition.

(a) Form and Requirements. The City Clerk shall prepare and furnish a Nominating Petition to each candidate who has filed a valid Declaration of Intention. The Nominating Petition shall specify the name of the office and the name of the candidate to be nominated, and shall otherwise comply with the requirements of the City Election Code. In order to qualify a candidate for placement on the primary nominating ballot, the Nominating Petition shall be signed by at least 500 registered voters of the City, in the case of nomination to an office elected at large, or of the Council district or Board district in the case of nomination to the City Council or Board of Education. Only signatures of registered voters living within the Council district or Board district, as the case may be, shall be counted in determining the sufficiency of those petitions. Voters may sign more than one petition for a candidate for the same office. A petition presented to the City Clerk shall not be valid if it contains blanks for more than one thousand signatures.

(b) Filing and Certification. Nominating Petitions shall be filed with the City Clerk not more than 80 days and not less than 65 days prior to the primary nominating election. No Nominating Petition shall be filed with the City Clerk until any filing fee requirement has been satisfied. The City Clerk shall examine the Nominating Petition, and determine whether it contains the requisite number of signatures of qualified registered voters, in accordance with procedures contained in the City Election Code. When the City Clerk has completed the examination of the petition, the Clerk shall prepare a dated certificate showing the result of the examination.

(c) Supplementing the Petition. The City Election Code shall govern the process by which and circumstances under which an insufficient Nominating Petition may be supplemented. However, no supplement to a Petition shall be allowed after the expiration of the time for filing the Nominating Petition set forth in the Charter, and no signature may be withdrawn from a Nominating Petition after its presentation to the Clerk.

Sec. 423. Withdrawal of Nominating Petition.

Within three days after the expiration of the time for filing a Nominating Petition, any person for the nomination of whom a petition has been filed, may cause his or her name to be withdrawn from nomination by filing a request in writing with the City Clerk. No name so withdrawn shall be printed on the primary nominating election ballot. If after a withdrawal, or by the death or other disqualification of any person for the nomination of whom a petition has been filed, only one candidate remains for any given office, then other nominations for that office may be made by filing petitions within ten days after the expiration of the time for the filing of Nominating Petitions, but no supplement to any Petition shall be allowed.

Sec. 424. Primary Nominating Election Ballot.

(a) Order of Placement. The names of candidates who have qualified for placement on the ballot, except candidates who have withdrawn or died or otherwise been disqualified, together with any measures or propositions as ordered by the Council or otherwise required by law, shall appear on the ballot. The offices to be filled shall be arranged on the ballot as follows: Mayor, City Attorney, Controller, member of the Council, member of the Board of Education, followed by any other offices to be filled in the order determined by the Council. Measures and propositions shall appear on the ballot in the order determined by the Council.

(b) Nonpartisan Ballot. There shall be nothing on any ballot indicative of the party affiliation, source of candidacy or support of any candidate.

(c) Write-in Candidates. Each ballot shall provide an opportunity for voters to write-in, for each office on the ballot, the name of any person whose name does not appear on the ballot and for whom the voter wishes to vote.

Sec. 425. Results of Primary Nominating Election.

(a) In the event that any candidate receives a majority of the votes cast for an office at the primary nominating election, that candidate shall be elected to the office.

(b) In the event no candidate receives a majority of the votes cast for an office, the two candidates receiving the highest number of votes for the office shall be the candidates, and the only candidates, for that office whose names shall appear on the ballots to be used at the general municipal election.

(c) In the event that two or more persons receive an equal number of votes as candidates for an office at the primary nominating election, so that the result of the election does not determine which of the persons are entitled to be nominated as candidates, the Council shall draw lots to determine which of the persons shall be the candidate or candidates for the office. The lots shall be drawn at the next regular Council meeting occurring later than five days after the declaration of the result of the election, in the manner the Council prescribes. However, if a recount of the ballots with respect to the office in question is timely requested, lots shall not be drawn until and unless the recount also fails to result in a determination of which persons are entitled to be nominated as candidates for the office.

Sec. 426. General Election Ballot.

The ballot for any general election shall be in the same general form as for the primary nominating election, so far as applicable, and without any indication as to the party affiliation, source of candidacy or support of any candidate.

Sec. 427. Death or Disqualification of Candidate.

In the event of the death, resignation or other disqualification of any candidate nominated at a primary nominating election, the person who received the next highest number of votes for that office at the primary nominating election shall be deemed a candidate and, if practicable, his or her name shall be printed on the ballot to be used at the general municipal election.

RECALL

Sec. 430. Subject of Recall.

Any incumbent of an elected office, whether elected by vote of the people or appointed to fill a vacancy, may be removed from office by the registered voters of the City of Los Angeles, or the registered voters of the School District in the case of removal of a member of the Board of Education. The removal of the incumbent shall be known as the recall.

Sec. 431. Recall Petition.

A recall petition shall comply with the provisions of the Charter and the City Election Code. The following shall apply to all recall petitions:

(a) To qualify for presentation to the City Council, a recall petition shall be signed by registered voters equal in number to at least 15% of the registered voters eligible to vote for the office, the incumbent of which is sought to be removed. The 15% shall be computed upon the number of registered voters on the date of filing with the City Clerk of the Notice of Intention to circulate the petition described in subsection (b) of this section. If the recall petition concerns removal of a member of Council, or member of the Board of Education, the 15% shall be computed upon the total number of registered voters within the Council district or Board district from which the Council member, or member of the Board of Education was elected. Only signatures of registered voters living within the Council district or Board district, as the case may be, shall be counted in computing the 15%, and only voters residing within the district shall be entitled to vote at the election. All names signed to a petition must have been secured within the time period described in subsection (d), and any signature affixed outside of this time period shall not be counted in determining the sufficiency of the petition.

(b) Before submitting a recall petition for signatures, its proponents shall publish a Notice of Intention and a Statement of Reasons (Statement) for the proposed recall. No such notice shall be effective if published: (1) before the officer has held his or her current term of office for three months, or (2) within six months of the expiration of the current term of office, or (3) within six months after a recall election at which the officer was retained in office. The Statement shall be served on the officer to be recalled and on the City Clerk, and shall otherwise comply with requirements of the City Election Code. The sufficiency of the Statement shall not be subject to review by the Council; however, the petition, when circulated, shall have attached to it an affidavit of one or more of the proponents that all of the facts contained in the Statement are true.

(c) The officer whose recall is sought, or anyone acting upon his or her behalf, may publish an Answer to the Statement (Answer) in accordance with the requirements of the City Election Code. If an Answer is published, it shall be served on the proponent of the recall and on the City Clerk, and shall otherwise comply with requirements of the City Election Code. The Statement and Answer are intended solely for the information of the voters and no insufficiency in their form or substance shall affect in any manner the validity of the proceedings taken under the Charter.

(d) Within the time after the publication and service of the Statement as provided in the City Election Code, the petition demanding the recall of the officer may be circulated for signatures. The petition shall contain a copy of the Statement and any Answer, and shall otherwise be in a form prescribed by the City Election Code. Signatures shall be secured and the petition filed within 120 days from the first day to circulate.

(e) Except as otherwise provided, the provisions of this Article relating to the form and to the mode of signing initiative petitions, and to the filing, examining, certifying, supplementing, presenting to the Council and the retaining thereof, shall apply to any petition filed with the City Clerk under this section. The sufficiency or insufficiency of any recall petition shall not be subject to review by the Council.

Sec. 432. Action by Council on Recall Petition.

When a recall petition is presented to the Council by the City Clerk, the Council shall within 20 days, by order or ordinance, call for the holding of a special election, and if necessary a special runoff election, for the purpose of submitting to the voters of the City at large, of the Council district, or of the Board district, as the case may be, the question of whether the officer shall be recalled, and if recalled, for the election of his or her successor. The special election shall be held not less than 60 days nor more than 110 days after the date of Council action on the petition; provided, however, that if any other election for any purpose at which all the qualified voters of the City, of the Council District, or of the Board District, as the case may be, are entitled to vote, is to occur during that time period, the Council shall order the holding of the recall election and the consolidation thereof with such other election.

Sec. 433. Supporting and Opposing Arguments.

Any incumbent of an office whose removal is sought may file with the City Clerk an Argument Opposing the Recall, justifying the incumbent's course in office. The person filing the recall petition, or the person or organization on whose behalf a recall petition was filed, shall have the right to present to the City Clerk an Argument Supporting the Recall. These Arguments shall comply with the requirements of the City Election Code with respect to form and time for filing. The costs of printing the Arguments supporting and opposing the recall in the voter information pamphlet shall be paid by the City.

Sec. 434. Prohibition on Reappointment.

No person who has been removed from an elected office by the recall, or who has resigned from office while recall proceedings were pending, shall be appointed to any office under the Charter for two years after that removal or resignation.

Sec. 435. Recall Ballot.

In addition to the question of whether the incumbent shall be removed from office, each recall ballot shall also list the names of all persons who have been nominated as candidates to succeed the person whose removal is sought. No vote cast for any candidate shall be counted unless the voter also voted on the question of recall of the incumbent. The name of the incumbent shall not appear on the

ballot as a candidate for the office. If a majority of the registered voters voting on the matter vote in favor of the recall, then the incumbent shall be removed from office effective on the date the successor qualifies.

Sec. 436. Nomination of Candidates to Replace Recalled Officer.

Any candidate to be voted for at a recall election, other than the incumbent sought to be removed, may be nominated by petition, which petition shall conform to the provisions of the Charter, so far as applicable, relating to nominating petitions at primary nominating elections. Nominating petitions may be circulated upon the City Clerk's certificate of sufficiency of the recall petition. Each nominating petition must be filed with the City Clerk within the time established in the ordinance calling the special election. The City Clerk shall ascertain whether or not the petition is signed by the requisite number of registered voters of the City, Council district, or Board district, as the case may be, in accordance with the requirements of the Charter and the City Election Code. The City Election Code shall govern the circumstances under which and process by which insufficient petitions may be supplemented.

Sec. 437. Election of Candidate to Succeed Recalled Officer.

If the vote at any recall election shall recall an officer of the City of Los Angeles, or a member of the Board of Education, then the candidate who receives a majority of the votes cast for candidates to succeed the officer removed shall be declared elected for the remainder of the term. If no candidate receives a majority of the votes cast, the two candidates receiving the highest number of votes at the recall election shall be candidates at a special runoff election, and whichever candidate receives the majority vote at that election shall be elected to succeed the recalled officer.

Sec. 438. Removal of Appointed Officers.

In addition to any other process for removal provided by law, the incumbent of any appointed office provided for in the Charter or created by ordinance under the authority thereof may be removed at any time after the expiration of three months from appointment by the registered voters of the City. The procedure to effect the removal of the incumbent of an appointive office shall be the same as that for the removal of the incumbent of an elected office by the recall, with the following exceptions:

(a) The petition for the removal of the incumbent of an appointed office shall be signed by registered voters equal in number to at least 20% of the entire vote cast for the office of Mayor at the last preceding general municipal election, or primary nominating election, at which a Mayor was elected.

(b) If a majority of the registered voters voting on the question vote in favor of the removal of the appointed officer, the officer shall be removed from office upon the declaration of the result of the election by the Council, and the office shall thereupon become vacant. The vacancy shall be filled by the appointing power in the same manner as other vacancies, but any appointed officer so removed shall not be eligible to any appointed or elected office under the Charter until the expiration of two years after removal.

Sec. 439. Resignation or Vacancy Pending Removal.

In the event that any appointed officer whose removal is sought resigns at any time after the filing of a removal petition with the City Clerk, or a vacancy from any other cause occurs in that office, at any time prior to two days before the election, the election shall be held, but the incumbent shall not be eligible to any appointed or elected office under the Charter until the expiration of two years from the date of resignation or removal.

Sec. 440. Removal of the City Clerk.

In the event that the City Clerk is the officer whose removal is sought by petition, all powers and duties prescribed in this Article for the City Clerk shall be performed by the City Attorney and not by the City Clerk.

INITIATIVE

Sec. 450. Subject of Initiative.

(a) Any proposed ordinance which the Council itself might adopt may be submitted to the Council by a petition filed with the City Clerk, requesting that the ordinance be adopted by the Council or be submitted to a vote of the electors of the City. Any proposed ordinance amending or repealing an ordinance previously adopted by a vote of the electors may be submitted to the Council by a petition filed with the City Clerk requesting that the ordinance be submitted to a vote of the electors of the City.

(b) Petitions to amend the Charter shall be governed by provisions of the California Constitution and applicable provisions of state law concerning Charter amendments.

Sec. 451. Initiative Petition.

Any petition submitting a proposed ordinance to the Council as provided in this Article shall comply with the provisions of the Charter and the City Election Code. The following shall apply to all initiative petitions:

(a) Prior to the circulation of any initiative petition, the proponents of the petition shall submit a draft of the petition to the City Clerk, setting forth the proposed ordinance in full. In accordance with procedures contained in the City Election Code, the City Attorney shall prepare an official title and summary of the petition provisions of the proposed ordinance. The official title and summary shall be incorporated into and appear on all copies of the initiative petition circulated for signatures and filed with the City Clerk.

(b) All names signed to a petition must have been secured not more than 120 days prior to the date of filing. Any signature affixed outside of this time period shall not be counted in determining the sufficiency of the petition. To qualify for presentation to the Council, an initiative petition shall be signed by registered voters of the City in a number equal to 15% of the total number of votes cast for all candidates for the office of Mayor at the last general municipal election, or primary nominating election, at which a Mayor was elected prior to the filing of the petition. In order to be accepted for filing with the City Clerk, the petition must on its face purport to have the requisite number of signatures appended to it.

(c) The City Clerk shall examine the petition and determine whether it contains the requisite number of signatures of registered voters, in accordance with procedures contained in the City Election Code. When the City Clerk has completed the examination of the petition, the Clerk shall prepare a dated certificate showing the result of the examination, and shall notify the sponsors of the petition of either the sufficiency or insufficiency of the petition without delay.

(d) The City Election Code shall govern the process by which and circumstances under which an insufficient petition may be supplemented, the process by which a certificate of insufficiency may be contested, and the process by which and circumstances under which the signer of a petition may withdraw his or her name.

(e) If, by the certificate of the City Clerk, the petition is shown to be sufficient, the City Clerk shall present the petition to the Council without delay. The sufficiency or insufficiency of the petition shall not be subject to review by the Council.

(f) No amendments, changes, alterations or corrections of any kind, clerical or otherwise, shall be permitted to be made in any petition after it has been filed with and approved by the City Clerk.

Sec. 452. Action by Council on Initiative Petition Requesting Adoption of Ordinance.

When an initiative petition requesting the adoption by the Council of a proposed ordinance is presented to the Council by the City Clerk, the Council must take one of the following actions within 20 days after the presentation:

(a) adopt the proposed ordinance, without alteration;

(b) call a special election to be held not earlier than 110 days nor more than 140 days after Council action on the petition to submit the proposed ordinance, without alteration, to a vote of the electors of the City; and

(c) determine to submit the proposed ordinance, without alteration, to a vote of the electors of the City at the earlier of the following two elections that occurs more than 110 days from the date of Council action on the petition:

(1) the next regular City election; or

(2) a special election consolidated with the next election conducted by the County of Los Angeles occurring wholly or partially within the same area, provided that the voters eligible to vote in the County-conducted election comprise 100% of all the voters eligible to vote on the measure.

Any ordinance proposed by initiative petition, adopted by the Council and approved by the Mayor, or adopted over the Mayor's veto, shall be subject to a referendary vote as provided in Section 460 in the same manner as other ordinances adopted by the Council.

Sec. 453. Action by Council on Initiative Petition Requesting Amendment or Repeal of Ordinance.

When an initiative petition requesting the submission of a proposed ordinance amending or repealing an ordinance previously adopted by a vote of the electors is

presented to the Council by the City Clerk, the Council must submit the proposed ordinance to a vote of the electors of the City at the next election for any purpose at which all the qualified voters of the City are entitled to vote, that shall be held at any time after 90 days from the date of the certification of the petition to the Council by the City Clerk.

Sec. 454. Supporting and Opposing Arguments.

Any person or persons filing an initiative petition or the person or organization on whose behalf the petition is filed, shall have the right to file with the City Clerk, within the time specified by ordinance, an argument favoring the proposed ordinance. The Council shall have the right to present, or permit to be presented and filed with the City Clerk within the same limit of time, an argument opposing the ordinance. Arguments supporting and opposing the ordinance proposed by initiative shall be submitted in accordance with the requirements of the City Election Code. All arguments submitted in connection with any particular measure shall be printed in the voter information pamphlet. The costs of printing supporting and opposing arguments shall be paid by the City.

Sec. 455. Adoption of Ordinances by Initiative.

If a majority, or other percentage as required by law, of the voters voting on any ordinance proposed by initiative petition vote in favor, the ordinance shall become an ordinance of the City upon the declaration by the Council of the result of the election.

REFERENDUM

Sec. 460. Subject of Referendum.

Any ordinance adopted by the Council, except an ordinance taking effect upon its publication or passage as provided in Section 252, is subject to a referendary petition as set forth in this Article.

In addition, the Council is authorized to submit to a vote of the registered voters of the City, at any election for any purpose at which all the registered voters of the City are entitled to vote, any proposed ordinance, order or resolution, that the Council itself might adopt.

Sec. 461. Referendary Petition.

Any referendary petition shall comply with the provisions of the Charter and the City Election Code. The following shall apply to all referendary petitions:

(a) The referendary petition circulated for signature shall contain the full text of the subject ordinance. All names signed to a petition must have been secured within 30 days after publication of the ordinance. Any signature affixed outside of this time period shall not be counted in determining the sufficiency of the petition. To qualify for presentation to the Council, a referendary petition must be signed by registered voters of the City in an amount equal to 10% of the total number of votes cast for all candidates for the office of Mayor at the last general municipal election, or primary nominating election at which a Mayor was elected prior to the filing of the petition.

(b) The provisions of the Charter and the City Election Code relating to filing, examination, certification, supplementation and amendment of initiative petitions, the processing of supporting and opposing arguments, and the presentation of initiative petitions to the Council by the City Clerk, shall apply to referendary petitions.

(c) If a referendary petition is filed, and the City Clerk certifies that the petition is sufficient, the subject ordinance, order or resolution shall not take effect until adoption by a vote of the electors and declaration by the Council of the result of the election. If the City Clerk certifies that the petition is insufficient, the ordinance shall take effect upon the date of the certificate, but in no event earlier than 30 days from publication of the ordinance.

(d) If more than one petition is filed with respect to the same ordinance, all signatures on all those petitions shall be counted in determining the sufficiency of the petition, as though all the names had been appended to a single petition.

Sec. 462. Action by City Council on Referendary Petition.

When a referendary petition is presented to the City Council by the City Clerk, the Council must take one of the following actions within 20 days of the presentation:

(a) repeal the ordinance;

(b) call a special election to be held not earlier than 110 days nor more than 140 days after action by the Council on the petition to submit the ordinance to a referendary vote; or

(c) determine to submit the ordinance to a vote of the qualified electors of the City for approval or rejection at the next regular City election to be held more than 110 days from date of certification of such petition.

Sec. 463. Conflict Between Measures.

If the provisions of two or more ordinances, orders or resolutions adopted at the same election by vote of the qualified electors of the City conflict, then the ordinance, order or resolution receiving the highest affirmative vote shall prevail.

Sec. 464. Amendment and Repeal of Ordinances Adopted by Initiative and Referendum.

(a) Initiative. Any ordinance adopted by a vote of the electors of the City pursuant to an initiative petition cannot be amended or repealed, except by an ordinance proposed either by petition or by the Council at its own instance and adopted by a vote of the electors, or by an amendment of the Charter superceding the ordinance.

(b) Referendum. Any ordinance, order or resolution adopted by referendum shall be subject to amendment or repeal as provided in subsection (a). In addition, any ordinance, order or resolution shall be subject to amendment or repeal by the Council at any time, but amendment or repeal shall not be made within six months after adoption, except by unanimous vote of the Council, and the amendment or repeal shall be subject to a referendary vote as provided in this Article.

CAMPAIGN FINANCE

Sec. 470. Limitations on Campaign Contributions in City Elections.

(a) Purpose. The purpose of this section is to encourage a broader participation in the political process by placing limits on the amount any person may contribute or otherwise cause to be available to candidates for election to the offices of Mayor, City Attorney, Controller and City Council of the City of Los Angeles and by regulating the disposition of unexpended contributions received by or on behalf of such candidates.

This section is intended to supplement the Political Reform Act of 1974.

(b) Definitions.

(1) The definitions set forth in the Political Reform Act of 1974 as amended (Government Code Sections 82000 through 82055) shall govern the interpretation of this section, unless otherwise specified herein.

(2) The term elected City office, as used herein, shall mean the offices of Mayor, City Attorney, Controller and member of the City Council.

(3) The term election shall include a primary nominating election, a general municipal election, a special election and a recall election.

(c) Campaign Contribution Limitations.

(1) No intended candidate for any elected City office, and no committee acting on behalf of such candidate, shall solicit or accept, or cause to be solicited or accepted, any contribution for use in any election for such office unless and until such candidate shall have filed a Declaration of Intent to Solicit and Receive Contributions in connection with candidacy for a specific elected City office. That declaration shall be filed with the City Ethics Commission on a form prescribed by the City Ethics Commission. Once the election takes place, the declaration is thereafter void. No person may file such declaration for more than one elected City office nor have more than one such declaration on file at the same time. A candidate may, however, file a form canceling one declaration and may thereafter file a new declaration.

(2) The candidate and the treasurers of the candidate's controlled committees shall file with the City Ethics Commission on a form prescribed by the City Ethics Commission a statement under oath that the candidate and the treasurers have read and understood Section 470. This statement shall be filed concurrent with the filing of the Declaration of Intent to Solicit and Receive Contributions.

(3) No person shall contribute a total of more than five hundred dollars ($500) to any candidate for City Council and to his or her controlled committee for a single election. A candidate for City Council and his or her controlled committee shall not accept any contribution or contributions totaling more than five hundred dollars ($500) from any person for a single election. Nothing in this section is intended to limit the amount a candidate may contribute to his or her campaign for City Council from his or her personal funds.

(4) No person shall contribute a total of more than one thousand dollars ($1,000) to any candidate for Mayor, City Attorney or Controller and to his or her

controlled committee for a single election. A candidate for Mayor, City Attorney or Controller, and or his or her controlled committee, shall not accept any contribution or contributions totaling more than one thousand dollars ($1,000) from any person for a single election. Nothing in this section is intended to limit the amount a candidate can contribute to his or her candidacy for Mayor, City Attorney or Controller from his or her personal funds.

(5) No person shall make to any committee (other than the candidate's controlled committee) which supports or opposes any candidate for Mayor, City Attorney, Controller or City Council, and no such committee shall accept from any such person, a contribution or contributions totaling more than five hundred dollars ($500) in any calendar year.

(6) No person shall make a contribution in connection with a single election for an elected City office which would cause the aggregate amount of such contributions by that person to exceed a sum equal to five hundred dollars ($500) multiplied by the number of City Council offices appearing on the ballot at that election plus one thousand dollars ($1,000) multiplied by the number of City-wide offices appearing on the ballot at that election, but in no case less than one thousand dollars ($1,000), in connection with all candidates in that election seeking election to all elected City offices; provided, however, that a candidate shall not be limited by this subsection (6) in the amount he or she may contribute or expend in connection with his or her own campaign, subject to the provisions of subsection (c) (10) of this section.

(7) Contributions From Persons Other than Individuals.

(A) No candidate for City Council, together with the controlled committee of such candidate, shall accept more than a total of one hundred fifty thousand dollars ($150,000) in contributions from persons, other than individuals, in connection with any election.

(B) No candidate for City Attorney or Controller, together with the controlled committee of such candidate, shall accept more than a total of four hundred thousand dollars ($400,000) in contributions from persons, other than individuals, in connection with any election.

(C) No candidate for Mayor, together with the controlled committee of such candidate, shall accept more than a total of nine hundred thousand dollars ($900,000) in contributions from persons, other than individuals, in connection with any election.

(D) If a candidate for elected City office declines matching funds and receives contributions or spends an amount exceeding the applicable expenditure ceilings, this subsection shall not apply to any of the candidates for the same office.

(8) No person shall make, and no person or candidate shall solicit or accept any loan of more than five hundred dollars ($500) for use in connection with an election for City Council, or of more than one thousand dollars ($1,000) for use in connection with an election for Mayor, City Attorney or Controller. Further, no person shall make, and no person or candidate shall solicit or accept any loan

for use in connection with an election for City office for a period of more than 30 days. Loans to a candidate or to a candidate's controlled committees shall be counted against the contribution limitations applicable to the candidate. A candidate is not prohibited from obtaining a personal loan of any amount from a licensed financial lending institution in the regular course of business, unless the loan is made for political purposes. This subsection (8) shall not limit the amount or duration of loans from the candidate to his or her own campaign.

(9) Any contributions solicited or accepted pursuant to this section shall be expended only in connection with the candidacy for the office specified in the candidate's Declaration of Intent to Solicit and Receive Contributions. Contributions solicited or accepted pursuant to this section for one individual shall not be expended for the candidacy of any other individual seeking City office or in support of or in opposition to any City ballot measure. No candidate, committee controlled by a candidate, or elected City officer shall use contributed funds to make any contribution to any other candidate running for office or to any committee supporting or opposing a candidate for office. Provided, however, a candidate shall not be prohibited from making a contribution from his or her own personal funds to his or her own candidacy, to the candidacy of any other candidate for elected City office or in support of or in opposition to any City ballot measure.

(10) No candidate shall expend or contribute more than thirty thousand dollars ($30,000) in personal funds in connection with his or her campaign for elected City office unless and until the following conditions are met.

(A) Notice of the candidate's intent to so expend or contribute shall be provided by registered mail to all opponents and to the City Ethics Commission at least 30 days in advance of the election, specifying the amount intended to be expended or contributed.

(B) All personal funds to be expended or contributed by the candidate in excess of thirty thousand dollars ($30,000) shall first be deposited in the candidate's campaign contribution checking account at least 30 days before the election.

Each opponent of any candidate who has complied with the above conditions shall be permitted to solicit and receive, and contributors to each such opponent may make, contributions in excess of the limitations established in subsections (c)(3) and (4) until such opponent has raised contributions in amounts above such limits equal to the amount of personal funds deposited by the candidate in his or her campaign contribution checking account.

(d) Cash Contributions. No person shall make, and no candidate or committee shall solicit or accept, any cash contribution in excess of twenty-five dollars ($25).

(e) Anonymous Contributions. Total anonymous contributions to a candidate or committee which exceed in the aggregate two hundred dollars ($200) with respect to a single election shall not be used by the candidate or committee for whom such contributions were intended, but instead, such excess shall be paid promptly to the City Treasurer for deposit in the General Fund of the City.

(f) Adjustment of Limits. The amounts specified in subsections (c) and (d) of this section may be modified from time to time by ordinance to reflect changes in the consumer price index for the Los Angeles-Long Beach metropolitan statistical area.

(g) Campaign Contribution Checking Account. No more than one campaign contribution checking account shall be established by each candidate for elected City office, and by each committee supporting or opposing such candidate. The account shall be established at an office of a bank or savings and loan institution located in the City of Los Angeles. Upon opening such account, the candidate shall file with the City Ethics Commission within ten days of opening the campaign bank account, the name of the bank or savings and loan institution and the account number. Funds shall only be disbursed from such account by checks signed by the candidate, treasurer or designated agent of the treasurer. A candidate, treasurer or designated agent of the treasurer shall deposit into the campaign checking account all contributions received in connection with a City election. A candidate, treasurer or designated agent of the treasurer shall pay all campaign expenditures for a City election with monies from this campaign checking account.

If a candidate has other controlled committees and such committees have checking accounts, the candidate shall notify the City Ethics Commission in writing of these committees and the names and addresses of the banks or savings and loan institutions and the account numbers of any such accounts. A candidate shall notify the City Ethics Commission of these committees, the banks or savings and loan institutions, and the account numbers concurrent with the filing of the Declaration of Intent to Solicit and Receive Contributions. If committees are thereafter formed or accounts thereafter opened, then the candidate shall notify the City Ethics Commission on the next regular business day on which the office is open. No contribution shall be commingled with the personal funds of the candidate or any other person.

This subsection shall not prohibit the establishment of savings accounts or certificates of deposit, provided that no campaign expenditures may be made therefrom.

(h) Treasurer. A candidate having campaign committees for elected City office shall appoint a treasurer of each committee. No expenditure shall be made by or on behalf of a committee without the authorization of the treasurer or that of his or her designated agents. No contribution or expenditure shall be accepted or made by or on behalf of a committee at a time when there is a vacancy in the office of treasurer. It shall be the duty of the candidate and the treasurer to approve and authorize such payments and to retain such authorizations, detailed accounts, records, bills and receipts.

(i) Accountability. The candidate and the treasurer shall maintain such detailed accounts, records, bills and receipts as are necessary to prepare campaign statements. The candidate and the treasurer shall retain the detailed accounts, records, bills and receipts for the periods specified in the Political Reform Act

of 1974 as amended. Every candidate and committee shall make available on demand to any public officer having legal authority to enforce this section, details of checking and financial accounts of each committee controlled by the candidate and all records supporting such details.

(j) Petty Cash Fund. Subsection (g) notwithstanding, a candidate, campaign treasurer and other designated agents authorized to issue checks on a campaign contribution checking account may disburse to the candidate or committee establishing the checking account an amount not greater than fifty dollars ($50) per week to be used for petty cash purposes by the candidate or committee.

(k) Assumed Name Contributions. No contribution shall be made, directly or indirectly, by any person or combination of persons, acting jointly in a name other than the name by which they are identified for legal purposes, nor in the name of another person or combination of persons. No person shall make a contribution in his, her or its name of anything belonging to another person or received from another person on the condition that it be used as a contribution. In the event it is discovered by a candidate or committee treasurer that a contribution has been received in violation of this subsection, the candidate or treasurer shall promptly pay the amount received in violation of this subsection to the City Treasurer for deposit in the General Fund of the City.

(*l*) Campaign Expenditures—Uncontrolled by Candidate or Committee. Persons or organizations not subject to the control of a candidate or committee but who make independent expenditures for or against a candidate or committee shall indicate clearly on any material published, displayed or broadcast that it was not authorized by a candidate or a committee controlled by a candidate.

(m) Suppliers of Goods and Services—Disclosure of Records Required. No person who supplies goods or services or both goods and services to a candidate or committee for use in connection with the campaign for an elected City office shall knowingly refuse to divulge or disclose to the City Ethics Commission or to any public officer having legal authority to enforce this section, the details and the records supporting such details of any expenditures made by the candidate or committee in payment for such goods or services or both.

(n) Duties of City Ethics Commission. The City Ethics Commission shall administer the provisions of this section. In addition to other duties required under the terms of this section, the City Ethics Commission shall:

(1) Report apparent violations of this section and applicable state law to the City Attorney.

(2) Conduct audits and investigations of reports and statements filed by candidates and committees supporting or opposing candidates for City offices as required under both the Political Reform Act of 1974 as amended and this section. The City Ethics Commission shall employ investigators where necessary to fully investigate candidate spending and reporting.

(3) Enforce or cause to be enforced the provisions of this section pursuant to Section 90002(c) of the Government Code. The City Ethics Commission may

subpoena witnesses, compel their attendance and testimony, administer oaths and affirmations, take evidence and require by subpoena the production of any books, papers, records or other items necessary to the audit and investigation of candidates for election to City office.

(o) Enforcement.

(1) Criminal Enforcement—Any person who knowingly or willfully violates any provisions of this section is guilty of a misdemeanor. Any person who causes any other person to violate any provision of this section, or who aids and abets any other person in the violation of any provision of this section, shall be liable under the provisions of this section. Prosecution for violation of any provision of this section must be commenced within two years after the date on which the violation occurred.

(2) Civil Enforcement.

(A) Any person who intentionally or negligently violates any provision of this section shall be liable in a civil action brought by the City Attorney or by a person residing within the City. Where no specific civil penalty is provided, a person may be liable for an amount up to two thousand dollars ($2,000) for each violation.

(B) Any person who intentionally or negligently makes or receives a contribution, or makes an expenditure, in violation of any provision of this section shall be liable in a civil action brought by the City Attorney or by a person residing within the City for an amount up to three times the amount of the unlawful contribution or expenditure.

(C) If two or more persons are responsible for any violation, they shall be jointly and severally liable.

(D) Any person, before filing a civil action pursuant to this subsection, must first file with the City Attorney a written request for the City Attorney to commence the action. The request shall contain a statement of the grounds for believing a cause of action exists. The City Attorney shall respond within 40 days after receipt of the request, indicating whether the City Attorney intends to file a civil action. If the City Attorney indicates in the affirmative, and files suit within 40 days thereafter, no other action may be brought unless the action brought by the City Attorney is dismissed without prejudice.

(E) Not more than one judgment on the merits with respect to any violation may be obtained under this subsection. Actions brought for the same violation or violations shall have precedence for purposes of trial in the order of the time filed. Such actions shall be dismissed once judgment has been entered or a settlement approved by the court in a previously filed action. The court may dismiss a pending action without prejudice to any other action for failure of the plaintiff to proceed diligently and in good faith. The action may be so dismissed on motion by the City Attorney or any plaintiff in an action based on the same violation.

(F) In determining the amount of liability under this subsection, the court may take into account the seriousness of the violation and the degree of culpability of the defendant.

(i) No civil action alleging a violation of subsection (c) of this section, in connection with a contribution or expenditure shall be filed more than four years after an audit could begin as set forth in the Political Reform Act of 1974 as amended.

(ii) No civil action alleging a violation of any provisions of this section other than subsection (c) of this section shall be filed more than four years after the date of the violation.

(p) Effect of Violation on Outcome of Election.

(1) If a candidate is convicted of a misdemeanor violation of any provision of this section, the court shall make a determination as to whether the violation had a material effect on the outcome of the election. If the court finds such a material effect, then:

(A) if such conviction becomes final before the date of the election, the votes for such candidate shall not be counted, and the election shall be determined on the basis of the votes cast for the other candidates in that race;

(B) if such conviction becomes final after the date of the election, and if such candidate was declared to have been elected, then such candidate shall not assume office, the office shall be deemed vacant and shall be filled as otherwise provided in the Charter;

(C) if such conviction becomes final after the candidate has assumed office, then the candidate shall be removed from office, the office shall be deemed vacant and shall be filled as otherwise provided in the Charter; and

(D) the person so convicted shall be ineligible to hold any elected City office for a period of five years after the date of such conviction.

(2) The City Clerk shall not issue any certificate of nomination or election to any candidate until his or her pre-election campaign statements required by the Political Reform Act of 1974, as amended, or if no campaign statement is required, the written declaration permitted under Section 84205 of the Government Code, have been filed in the form and at the place required by the Political Reform Act of 1974.

(q) Verification. All declarations, reports and statements filed under this section shall be signed and verified by the filer under penalty of perjury. The candidate and any person signing declarations, reports and statements under this provision shall read, know and understand the contents of all such declarations, reports and statements.

(r) Injunction. The City Attorney on behalf of the people of the City of Los Angeles or any person residing in the City of Los Angeles may sue for injunctive relief to enjoin violations or to compel compliance with the provisions of this section. The Court may award a plaintiff or defendant who prevails his or her costs of litigation, including reasonable attorney's fees; provided, however, that no such award may be granted against the City of Los Angeles.

(s) Severability. If any provision or portion of this section is for any reason held to be invalid or unconstitutional by the decision of any court, such decision shall not affect the remaining portions of this section.

Sec. 471. Public Matching Funds and Campaign Expenditure Limitations.

(a) Findings and Purposes.

(1) Monetary contributions to political campaigns are a legitimate form of participation in the American political process, but the financial strength of certain individuals or organizations should not permit them to exercise a disproportionate or controlling influence on the election of candidates.

(2) Therefore, this section is enacted to accomplish the following purposes:

(A) To assist serious candidates in raising enough money to communicate their views and positions adequately to the public without excessive expenditures or contributions, thereby promoting public discussion of the important issues involved in political campaigns.

(B) To limit overall expenditures in campaigns, thereby reducing the pressure on candidates to raise large campaign funds for defensive purposes, beyond the amount necessary to communicate reasonably with voters.

(C) To provide a source of campaign financing in the form of limited public matching funds.

(D) To substantially restrict fund-raising in non-election years.

(E) To increase the value to candidates of smaller contributions.

(F) To reduce the excessive fund-raising advantage of incumbents and thus encourage competition for elective office.

(G) To help restore public trust in governmental and electoral institutions.

(b) Matching Funds and Expenditure Limitations Authorization. The City shall also adopt by ordinance limitations on campaign expenditures by candidates for elected City office who qualify for and accept public matching funds. The City shall adopt by ordinance regulations concerning the use of public funds to partially finance campaigns for elected City office through a system of matching public funds for qualifying campaign contributions. Such ordinances may be amended to further the purposes of this section of the Charter.

(c) Appropriation of Funds.

(1) The City Council shall appropriate two million dollars ($2,000,000) per fiscal year for public matching funds, subject to the limitations in subsection 2, below. The Council shall appropriate such funds for each following fiscal year. The amount of such appropriation shall be adjusted for cost of living changes based on the percentage increase or decrease in the Consumer Price Index (for all items other than housing) for the Los Angeles-Long Beach metropolitan statistical area.

(2) All such funds shall be appropriated into a trust fund established by the Council by ordinance with interest accruing to the fund. The amount in the trust fund shall not exceed eight million dollars ($8,000,000) in any fiscal year, and the amount otherwise required herein to be appropriated annually to that fund shall be reduced by the amount estimated as necessary to comply with such limitation. Such amount shall be adjusted for cost of living changes based on the percentage increase or decrease in the Consumer Price Index (for all items other than housing) for the Los Angeles-Long Beach metropolitan statistical area.

(3) If there are insufficient funds to provide the maximum matching funds available to a candidate in any election, as specified by ordinance, the limitations on total contributions from persons other than individuals imposed by Section 470 shall not apply to any of the candidates for the same office.

(4) The funds used to make payments for matching funds shall come exclusively from City sources of revenues.

ARTICLE V
DEPARTMENTS

GENERAL PROVISIONS RELATED TO DEPARTMENTS

Sec. 500. Creation and Management of Departments.

(a) There shall be the following departments each of which shall be under the control and management of a board of commissioners that shall be the head of the department:

Fire
Fire and Police Pensions
Library
Los Angeles City Employees' Retirement System
Police
Public Works
Recreation and Parks

(b) There shall be the following departments each of which shall be under the control and management of a chief administrative officer, who shall be the head of the department:

City Planning
Personnel

(c) The phrase "departments having control of their own special funds" and "departments which have control of definite revenue or funds" and other substantially equivalent terms used in the Charter shall mean the departments of Fire and Police Pensions, Los Angeles City Employees' Retirement System, Library, Recreation and Parks, and the Proprietary Departments.

Sec. 501. Boards of Commissioners.

(a) Creation. Each department created in the Charter shall have a board of commissioners consisting of five commissioners, unless some other number is provided in the Charter for a specific board.

Each board shall be known as the Board of (insert name of department) Commissioners, except that the Board of the Personnel Department shall be known as the Board of Civil Service Commissioners.

(b) Attendance Fees. The Council shall, by ordinance adopted by a two-thirds vote, establish the amount of attendance fees to be paid to commissioners. Attendance fee ordinances shall be adopted no more frequently than once a year.

(c) Term. A commissioner term shall be five years, beginning on July 1. The terms of the commissioners shall be designated so that as much as possible the

terms of office are staggered. The period of the term of each commissioner shall be designated in the appointment. An appointment to fill an unexpired term on any board shall be for the period of the unexpired term.

(d) Qualifications. No person shall be appointed to a Charter created commission who is not a registered voter of the City. This requirement shall also apply to standing commissions created by ordinance that are advisory to a department or office. This requirement does not apply to commissioners who are elected or who serve ex officio.

(e) Diversity. Unless otherwise provided in the Charter, the Mayor, Council or other appointing authority shall strive to make his or her overall appointments to appointed boards, commissions or advisory bodies established by the Charter or ordinance reflect the diversity of the City, including, but not limited to, communities of interest, neighborhoods, ethnicity, race, gender, age and sexual orientation.

Sec. 502. Appointment and Removal of Commissioners.

(a) Appointment. Unless otherwise provided in the Charter, commissioners of Charter created boards and of standing commissions created by ordinance that are advisory to, or manage a department or appointed office, or perform regulatory functions, shall be appointed by the Mayor, subject to the approval of the Council. The Mayor shall appoint the commissioners of all other ordinance created commissions, unless otherwise provided in the ordinance.

Within 45 days of a vacancy created by the expiration of a term of office or otherwise, the Mayor shall submit to the Council for its approval the name of the Mayor's appointee to serve for the next ensuing term or remainder of the unexpired term created by the vacancy.

If the Council does not disapprove the appointment within 45 days after its submission to the Council, the appointment shall be deemed approved. If the Council disapproves an appointment, the Mayor shall make and submit to the Council a new appointment within 45 days of Council disapproval. Each subsequent Council disapproval of a mayoral appointment shall create a new 45 day period.

(b) Appointment by President of the Council. In the event the Mayor fails to submit an appointment to the Council within any of the 45 day periods provided in this section, the President of the Council shall, within an additional 45 days, submit an appointment for that office to the Council for its approval. If the Council does not disapprove the appointment made by the President of the Council within 45 days after submission, the appointment shall be deemed approved by the Council.

If the Council disapproves the appointment made by the President of the Council within the 45 day period, the President of the Council shall make a new appointment to the office involved within 45 days of the disapproval of the previous appointment. Each subsequent disapproval of an appointment made by the President of the Council shall create a new 45 day period.

(c) Appointment by Council Resolution. Upon failure of the President of the Council to submit an appointment to the Council for its approval as provided in this section, that appointment shall be made by the Council, by resolution, within 45 days from the expiration of the 45 day period within which the President of the Council failed to act.

(d) Removal. Members of a board or commission, other than the City Ethics Commission and the Police Commission, who are appointed by the Mayor subject to approval by the Council, may be removed by the Mayor without Council confirmation. Members of the Police Commission may be removed by the Mayor, but a removed member may, within ten calendar days of the removal, appeal the action to the Council. Within ten Council meeting days of receipt of the appeal, the Council may reinstate the commissioner by a two-thirds vote of the Council. Failure of the Council to reinstate the commissioner during this time period shall constitute a denial of the appeal. Action on an appeal shall be by an action separate from the approval of the appointment of a successor to the removed member. Members of the City Ethics Commission may be removed in accordance with Section 700.

Sec. 503. Organization of the Board.

(a) Officers. Each of the boards created in the Charter shall elect one of its members President and one Vice-President. Officers shall hold office for one year and until their successors are elected, unless their membership on the board expires sooner. Elections shall be held during its last meeting in July of each year, but the board may fill the unexpired term of any vacancy occurring in the office of President or Vice-President at any meeting.

(b) Meetings. Each board shall hold a regular meeting at least twice a month. All meetings shall be in a municipal or other facility open to the public.

(c) Action. Each board shall exercise the powers conferred upon it by the Charter by order or resolution adopted by a majority of its members. Action of the board shall be attested by the signatures of the President or Vice-President, or two members of the board, and by the signature of the secretary of the board.

Sec. 504. Secretary and Chief Accounting Employee.

(a) Secretary to the Board. The head of each department shall appoint an employee of the department other than a member of the board, to serve as secretary to the board. The secretary shall perform those duties imposed upon him or her by the Charter, ordinance or order of the board.

(b) Chief Accounting Employee. The head of each department shall appoint an employee of the department, other than a member of the board or the chief administrative officer, to serve as chief accounting employee. The chief accounting employee shall perform those duties imposed upon him or her by the Charter, by ordinance, or by the board.

(c) Appointment Subject to Civil Service. Appointments made under this section are subject to the civil service provisions of the Charter. The Council

may provide by ordinance for combining the positions of secretary and chief accounting employee with other positions in the civil service.

Sec. 505. Approval by Chief Accounting Employee of Use of Funds.

The written approval of the chief accounting employee shall be required for the withdrawal of money from any fund of any department created by the Charter under the control and management of a board of commissioners. However, this requirement does not apply to withdrawals made for the purpose of purchases through a centralized City purchasing system.

Sec. 506. Powers of the Board and the Head of the Department.

Subject to the provisions of the Charter, and to any ordinances as are not in conflict with the grants of power made to each department in the Charter:

(a) Management. The head of each department shall have power to supervise, control, regulate and manage the department.

(b) Rules and Regulations. The head of each department shall have the power to make and enforce all rules and regulations necessary for the exercise of the powers conferred upon the department by the Charter. The board of each department under the control and management of a general manager shall have the power to make and enforce all rules and regulations necessary for the exercise of powers and the performance of the duties conferred upon that board by the Charter. Every order or resolution adopting a rule of general application to be followed by the public shall be published once in a daily newspaper and shall take effect upon publication. Those rules, when adopted by order of a general manager who is the head of a department, shall be subject to the approval of the Mayor.

(c) Acquisition of Real Property; Approval of Contracts. Subject to Section 373, any action by a department created in the Charter authorizing the acquisition or sale of real property, approving of contracts which obligate the City for a longer period of time than as provided by ordinance, or which involve consideration reasonably valued in excess of such monetary limitation as provided by ordinance, shall be taken by the head of the department by order or resolution.

(d) Police Power. No grant of power by the Charter to any department or board of City government shall be construed to restrict the power of the Council to enact ordinances under the police power of the City, except as otherwise specifically provided in the Charter.

Sec. 507. Chief Administrative Officers.

Other than the elected offices, each department and office established by the Charter or created by ordinance, and each of the Public Works bureaus of Contract Administration, Engineering, Sanitation, Street Lighting, and Street Services shall have a chief administrative officer. In departments under the control and management of a board of commissioners, the chief administrative officer administers the affairs of the department. In departments and offices not under the control and management of a board of commissioners, the chief administrative officer has full charge and control of all work of the department or office. Elsewhere in the Charter and in the Los Angeles Administrative Code, chief administrative officers may have different position titles including general manager and director.

Sec. 508. Appointment and Removal of Chief Administrative Officers.

(a) Applicability. Subsections (a) through (e) of this section shall apply to all chief administrative officers, except the Chief of Police, the Executive Officer of the City Ethics Commission, the Executive Director of the Employee Relations Board, the general managers of the Fire and Police Pensions and the Los Angeles City Employees Retirement System, and the general managers of the Proprietary Departments. The following shall also be considered chief administrative officers for the purposes of this section: the Treasurer; the Executive Director of any City commission or agency created by ordinance that performs regulatory functions; and the executive director of all other ordinance created commissions or agencies unless the ordinance creating the commission or agency provides otherwise. The provisions of this section shall not apply to the Chief Legislative Analyst.

(b) Appointment. Each chief administrative officer to whom this section applies shall be appointed by the Mayor, subject to confirmation by the Council. If the Council does not disapprove the appointment within 45 days after its submission to the Council, the appointment shall be deemed approved. The Mayor may, but shall not be required to, use the assistance of the Personnel Department in the recruitment and selection of candidates for appointment. No chief administrative officer appointed under this section shall acquire any property interest in employment in that position.

(c) Temporary Appointments. The Mayor must fill any vacancy in the position of chief administrative officer within ten days of the vacancy. The Mayor may appoint a temporary chief administrative officer for six months, which period may be extended with the consent of Council for an additional six months. If no permanent appointment has been submitted to the Council during the initial or extended period, the temporary appointment shall be deemed submitted as a permanent appointment, and the time period for Council approval or disapproval shall commence as of that date.

(d) Annual Review. The Mayor shall evaluate each chief administrative officer annually. The Mayor shall set or adjust the amount of compensation for the chief administrative officer within the guidelines established by Council, after recommendations concerning those guidelines have been made to the Council by the Director of the Office of Administrative and Research Services.

(e) Removal. The Mayor may remove, by written notice, the City Clerk and the Treasurer, subject to approval by the Council. The Mayor may remove, by written notice, all other chief administrative officers to whom this section applies without Council confirmation. However, those removals may be appealed to the Council in accordance with this subsection. Within ten calendar days of the removal, the chief administrative officer may appeal the removal to the Council. Within 10 Council meeting days of receipt of the appeal, the Council may reinstate the chief administrative officer by a two-thirds vote of the Council. Failure of the Council to reinstate the chief administrative officer during this time period shall constitute a denial of the appeal.

(f) Chief Administrative Officers Appointed by a Commission. Any chief administrative officer or executive director that is appointed by a Commission pursuant to ordinance shall be annually reviewed by the appointing commission. That commission shall set or adjust the compensation for the chief administrative officer or executive director within the salary guidelines established by Council, after recommendations concerning those guidelines have been made to the Council by the Director of the Office of Administrative and Research Services. The commission shall forward a copy of the evaluation and salary determination to the Mayor and Council for information.

Sec. 509. Powers of Chief Administrative Officer of Department Under the Control of a Board of Commissioners.

Subject to the provisions of the Charter, the rules of the department and the instruction of his or her board, the chief administrative officer of a department or bureau under the control and management of a board of commissioners, except the Police Department, shall:

(a) administer the affairs of the department or bureau as its chief administrative officer;

(b) appoint, discharge, suspend, or transfer the employees of the department or bureau, other than the secretary of the board and the chief accounting employee of the department, all subject to the civil service provisions of the Charter;

(c) issue instructions to employees, in the line of their duties, all subject to the civil service provisions of the Charter;

(d) expend the funds of the department or bureau in accordance with the provisions of the budget appropriations or of appropriations made after adoption of the budget;

(e) recommend to the board of the department prior to the beginning of each fiscal year an annual departmental budget covering the anticipated revenues and expenditures of the department or bureau, conforming so far as practicable to the forms and dates provided in Article III in relation to the general City budget;

(f) certify all expenditures of the department or bureau to the chief accounting employee;

(g) file with the board and the Mayor a written report on the work of the department or bureau on a regular basis and as requested by the Mayor or board; and

(h) exercise any further powers in the administration of the department as may be conferred upon him or her by the board of the department.

Sec. 510. Powers of Chief Administrative Officer of Department Under the Management and Control of Chief Administrative Officer.

Each chief administrative officer who is the head of the department shall:

(a) have full charge and control of all work of the department;

(b) be responsible for the proper administration of its affairs;

(c) appoint, discharge, suspend or transfer all employees of the department, subject to the civil service provisions of the Charter;

(d) issue instructions to employees in the line of their duties, all subject to the civil service provisions of the Charter;

(e) as authorized by ordinance, assign employees of the department as are required for the carrying out of the powers and duties of the board of commissioners, if any;

(f) provide technical assistance and information as requested in writing by the board of commissioners of the department, if any;

(g) prior to the beginning of each fiscal year submit an annual budget covering the anticipated revenues and expenditures of the department, including, pursuant to the instructions of the board of commissioners, if any, the money required for the proper conduct of the board's affairs;

(h) expend the funds of the department in accordance with the provisions of the budget appropriations or of appropriations made after adoption of the budget, including those appropriated for the board of commissioners, if any;

(i) file with the board and the Mayor a written report on the work of the department on a regular basis and as requested by the Mayor or board; and

(j) exercise any further powers as may be conferred upon him or her.

Sec. 511. Responsibilities of Boards of Departments Controlling Their Own Funds.

In addition to the other powers and duties imposed upon them by the Charter, the board of each department having control over its own special funds shall:

(a) provide suitable quarters, equipment and supplies for the department, create the necessary positions in the department, authorize the necessary deputies, assistants and employees and fix their duties, and may require bonds of any or all the department's employees for the faithful performance of their duties; and

(b) prior to the beginning of each fiscal year, adopt an annual departmental budget and make an annual department budget appropriation, covering the anticipated revenues and expenditures of the department. The departmental budget shall conform as far as practicable, to the forms and times provided in Article III for the general City budget. Each departmental budget shall contain a sum to be known as the Unappropriated Balance, which sum shall be available for appropriation by the board later in the ensuing fiscal year to meet contingencies as they may arise. A copy of the budget when adopted, and of every resolution subsequently adopted making appropriation from the Unappropriated Balance shall promptly be filed with the Mayor and Controller. No expenditure shall be made or financial obligations incurred by the department except as authorized by the annual departmental budget appropriation, or appropriations made after the adoption of the annual budget, or as otherwise provided in the Charter.

Sec. 512. Temporary Absence or Inability to Act.

Wherever the Charter provides for the discharge of specific duties by a specific appointee other than the Chief of Police, the appointing power may designate an employee in the same department to act in case of the appointee's temporary absence or other inability to act, or upon the written request of such appointee.

Sec. 513. Relationship of General Provisions to Specific Departmental Provisions.

The provisions of this Article shall be subject to any modifications specifically set forth in the sections of the Charter dealing with specific departments.

Sec. 514. Transfer of Powers.

(a) Charter Created Powers and Duties. The Mayor may propose the transfer of any of the powers, duties and functions of the departments, offices and boards of the City set forth in the Charter to another department, office or board created by the Charter or by ordinance. The transfer shall be effective if approved by ordinance adopted by a two-thirds vote of the Council, or if the Council fails to disapprove the matter within 45 days after submittal by the Mayor of all documents necessary to accomplish the transfer, including the proposed ordinance transferring powers, duties or functions, and any related ordinances or resolutions concerning personnel or funds affected by the transfer. The Council on its own initiative may, by ordinance, adopted by a two-thirds vote of the Council, subject to the veto of the Mayor or by a three-fourths vote of the Council over the veto of the Mayor, make any such transfer.

(b) Exceptions. The power of the Mayor and Council to act as provided in this section shall not extend to:

(1) Elected Offices;

(2) Proprietary Departments;

(3) Los Angeles City Employees' Retirement System;

(4) Department of Fire and Police Pensions;

(5) City Ethics Commission;

(6) The disciplinary functions of the Fire Department and the Police Department as contained in Sections 1060 and 1070; and

(7) The Police Department and the Fire Department, if the transfer or consolidation would significantly alter or affect the primary purpose or character of the departments.

(c) Ordinance Created Powers and Duties. Powers, duties and functions established by ordinance may be transferred or eliminated by an ordinance proposed by the Mayor or Council. If the Mayor proposes a transfer or elimination, the action shall be effective if approved by ordinance adopted by a majority vote of the Council, or if the Council fails to disapprove the matter within 45 days after submittal by the Mayor of all documents necessary to accomplish the transfer or elimination, including the proposed ordinance transferring powers, duties or functions, and any related ordinances or resolutions concerning personnel or funds affected by the transfer or elimination.

FIRE DEPARTMENT

Sec. 520. Powers and Duties of the Department.

The Fire Department shall have the power and duty to:

(a) control and extinguish injurious or dangerous fires and to remove that which is liable to cause those fires;

(b) enforce all ordinances and laws relating to the prevention or spread of fires, fire control and fire hazards within the City, and the waters under the jurisdiction of the City, and vessels or structures thereon, provided however that nothing herein shall require the Fire Department to provide services to, on, in, or for the benefit of any lands, waters, properties or waterfront under the control of the Harbor Department, except pursuant to an agreement by the Board of Harbor Commissioners to reimburse the General Fund for the costs of those services;

(c) conduct fire investigations; and

(d) protect lives and property in case of disaster or public calamity. The scope and extent of those emergency powers and duties and the manner of their exercise shall be prescribed by ordinance consistent with Section 231(i).

Sec. 521. Authority of Officers.

The officers of the Fire Department who are in charge at the scene of any fire or emergency shall have full power and authority to direct the operation of controlling and containing the fire or emergency. The officers may prohibit approach to the fire or emergency site and may remove any person, vehicle, vessel or thing not needed in controlling and containing the fire or emergency or preserving property in the vicinity.

This section shall not limit the authority of the master or officers of any vessel requiring Fire Department response, subject to the Fire Department's authority to control the operations in protection of the public interest.

Sec. 522. Fire Chief.

The chief administrative officer of the Fire Department shall be known as the Fire Chief and shall be appointed and removed as provided in Section 508.

LIBRARY DEPARTMENT

Sec. 530. Powers and Duties of the Department.

The Library Department shall have the power and duty to:

(a) establish, manage, control, and operate a central library and branch libraries within the City, and to acquire and take by purchase, lease, condemnation, gift, in trust, or otherwise, and to hold for the City, any and all property necessary or convenient for those purposes; and

(b) design, construct, alter, and maintain all buildings, structures and grounds devoted to purposes of the department, from any funds under its control and available for those purposes, notwithstanding other provisions of the Charter.

Sec. 531. Financial Support.

(a) For the financial support of the Library Department, there shall be appropriated an annual sum of not less than 0.0175% of assessed value of all property in the City as assessed for City taxes.

(b) Additional appropriations may be made from the General Fund.

(c) All money derived from (a) or (b) plus sums received by the Library Department from fines, sales, gifts or otherwise in connection with the operation of the library, shall be placed to the credit of the Library Department in a fund to be known as the Library Fund.

Except as provided in Section 342 with regard to funds appropriated from the General Fund to the Library Fund, money in the Library Fund shall be used only for the financial support of the Library Department.

Sec. 532. Board of Library Commissioners.

The Board of Library Commissioners shall control, appropriate and expend all money coming into the Library Fund for the purposes of the department. The board may authorize the Treasurer to invest any surplus funds under its control in accordance with Section 303(b).

Sec. 533. City Librarian.

The chief administrative officer of the Library Department shall be known as the City Librarian and shall be appointed and removed as provided in Section 508.

Sec. 534. Library Property.

Acquisition of real property by the City for library sites shall first be approved by the Board of Library Commissioners. The board shall have full control over all library sites and none of these sites shall be devoted to any other purpose in whole or in part without permission from the board.

Sec. 535. Subsurface Parking Structures.

The Board of Library Commissioners may lease subsurface property under its control in accordance with requirements and proceedings similar to Section 596. Any revenue from these leases shall be credited to the Library Fund. The board may design, construct and operate subsurface parking structures under lands within its control, subject to similar requirements as found in Section 596(a)(1) and (2).

PERSONNEL DEPARTMENT

Sec. 540. Powers and Duties of the Department.

The Personnel Department shall have the power and duty to administer the civil service system in accordance with the civil service provisions of Article X of the Charter and the civil service rules established by the Board of Civil Service Commissioners, and perform any other employment related duties as may be prescribed by ordinance.

Sec. 541. Board of Civil Service Commissioners.

The Board of Civil Service Commissioners shall have the power and duty to make and enforce the civil service rules and to establish and maintain the civil service system in accordance with the civil service provisions of Article X of the Charter.

Sec. 542. Chief Administrative Officer.

The chief administrative officer of the Personnel Department shall be the head of the department and have the powers and duties of general managers set forth in Section 510, except those expressly reserved to the Board of Civil Service Commissioners as provided in the civil service provisions of Article X of the Charter.

CITY PLANNING DEPARTMENT

Sec. 550. Powers and Duties of the Department.

The Department of City Planning shall have and exercise all the powers and duties provided for it in the Charter or by ordinance.

Sec. 551. City Planning Commission.

The Board of Commissioners of the City Planning Department shall be known as the City Planning Commission and shall consist of nine members. It shall:

(a) give advice and make recommendations to the Mayor, Council, Director of Planning, municipal departments and agencies with respect to City planning and related activities and legislation;

(b) make recommendations concerning amendment of the General Plan and proposed zoning ordinances in accordance with Sections 555 and 558;

(c) make reports and recommendations to the Council and to other governmental officers or agencies as may be necessary to implement and secure compliance with the General Plan; and

(d) perform other functions prescribed by the Charter or ordinance.

Sec. 552. Area Planning Commissions.

The Council shall adopt an ordinance creating not less than five separate bodies to be known as Area Planning Commissions. The ordinance shall establish the boundaries of the area to be served by each Area Planning Commission, which shall be drawn so that all areas of the City are served by an Area Planning Commission. Each Area Planning Commission shall consist of five members. Members shall be appointed and removed in the same manner as members of the City Planning Commission, except that residency in the area served by the Area Planning Commission shall be a qualification for appointment. Except as provided in subsection (d), Area Planning Commissions are quasi-judicial agencies.

Each Area Planning Commission, with respect to matters concerning property located in the area served by the Area Planning Commission, shall have and exercise the power to:

(a) hear and determine appeals where it is alleged there is error or abuse of discretion in any order, requirement, decision, interpretation or other determination made by a Zoning Administrator;

(b) hear and make determinations on any matter normally under the jurisdiction of a Zoning Administrator when that matter has been transferred to the jurisdiction of the Area Planning Commission because the Zoning Administrator has failed to act within the time limits prescribed by ordinance;

(c) hear and determine applications for, or appeals related to, conditional use permits and other similar quasi-judicial approvals, in accordance with procedures prescribed by ordinance;

(d) make recommendations with respect to zone changes or similar matters referred to it from the City Planning Commission pursuant to Section 562; and

(e) hear and determine other matters delegated to it by ordinance.

Sec. 553. Director of Planning.

(a) The chief administrative officer of the Department of City Planning shall be known as the Director of Planning and shall be appointed and removed as provided in Section 508. The Director shall be chosen on the basis of administrative and technical qualifications, with special reference to actual experience in and knowledge of accepted practice in the field of City planning.

(b) The Director of Planning or his or her designee shall:

(1) prepare the proposed General Plan of the City and proposed amendments to the General Plan;

(2) prepare all proposed zoning and other land use regulations and requirements, including maps of all proposed districts or zones;

(3) make investigations and act on the design and improvement of all proposed subdivisions of land as the advisory agency under the State Subdivision Map Act; and

(4) have those additional powers and duties provided by ordinance.

Sec. 554. General Plan—Purpose and Contents.

The General Plan shall be a comprehensive declaration of goals, objectives, policies and programs for the development of the City and shall include, where applicable, diagrams, maps and text setting forth those and other features.

(a) Purposes. The General Plan shall serve as a guide for:

(1) the physical development of the City;

(2) the development, correlation and coordination of official regulations, controls, programs and services; and

(3) the coordination of planning and administration by all agencies of the City government, other governmental bodies and private organizations and individuals involved in the development of the City.

(b) Content. The General Plan shall include those elements required by state law and any other elements determined to be appropriate by the Council, by resolution, after considering the recommendation of the City Planning Commission.

Sec. 555. General Plan—Procedures for Adoption.

Procedures pertaining to the preparation, consideration, adoption and amendment of the General Plan, or any of its elements or parts, shall be prescribed by ordinance, subject to the requirements of this section.

(a) Amendment in Whole or in Part. The General Plan may be amended in its entirety, by subject elements or parts of subject elements, or by geographic areas, provided that the part or area involved has significant social, economic or physical identity.

(b) Initiation of Amendments. The Council, the City Planning Commission or the Director of Planning may propose amendments to the General Plan. The Director of Planning shall make a report and recommendation on all proposed amendments. Prior to Council action, the proposed amendment shall be referred to the City Planning Commission for its recommendation and then to the Mayor for his or her recommendation.

(c) Commission and Mayoral Recommendations. The City Planning Commission shall hold a public hearing before making any recommendation on a proposed amendment to the General Plan and shall act within the time specified by ordinance. If the Commission recommends disapproval of an amendment initiated by the Commission, it shall report its decision to the Council and Mayor. After the Commission recommends approval of an amendment initiated by the Commission, or takes action concerning an amendment initiated by the Director or the Council, the Commission shall forward its recommendation to the Mayor. The Mayor shall have 30 days to forward his or her recommendation to the Council regarding the proposed amendment to the General Plan. If either the City Planning Commission or the Mayor does not act within the time specified, the Commission or Mayor shall be deemed to have recommended approval of the proposed amendment.

(d) Council Action. The Council shall conduct a public hearing before taking action on a proposed amendment to the General Plan.

If the Council proposes any modification to the amendment approved by the City Planning Commission, that proposed modification shall be referred to the City Planning Commission and the Mayor for their recommendations. The City Planning Commission and the Mayor shall review any modification made by the Council and shall make their recommendation on the modification to the Council in accordance with subsection (c) above.

If no modifications are proposed by the Council, or after receipt of the Mayor's and City Planning Commission's recommendations on any proposed modification, or the expiration of their time to act, the Council shall adopt or reject the proposed amendment by resolution within the time specified by ordinance.

(e) Votes Necessary for Adoption. If both the City Planning Commission and the Mayor recommend approval of a proposed amendment, the Council may adopt the amendment by a majority vote. If either the City Planning Commission or the Mayor recommends the disapproval of a proposed amendment, the Council may adopt the amendment only by a two-thirds vote. If both the City Planning Commission and the Mayor recommend the disapproval of a proposed amendment, the Council may adopt the amendment only by a three-fourths vote. If the Council proposes a modification of an amendment, the recommendations of the Commission and the Mayor on the modification shall affect only that modification.

Sec. 556. General Plan Compliance.

When approving any matter listed in Section 558, the City Planning Commission and the Council shall make findings showing that the action is in substantial conformance with the purposes, intent and provisions of the General Plan. If the Council does not adopt the City Planning Commission's findings and recommendations, the Council shall make its own findings.

Sec. 557. General Plan Areas.

For the purpose of reviewing or amending the General Plan, the City Planning Commission shall make its recommendations to the Council relative to the division

of the entire City into areas and the Council, after considering the recommendations of the City Planning Commission, shall adopt a resolution providing for those General Plan areas. To the extent feasible, general plan areas shall be drawn to keep areas geographically compact, to keep neighborhoods and communities intact, and to utilize natural boundaries and street lines.

Sec. 558. Procedure for Adoption, Amendment or Repeal of Certain Ordinances, Orders and Resolutions.

(a) The requirements of this section shall apply to the adoption, amendment or repeal of ordinances, orders or resolutions by the Council concerning:

(1) the creation or change of any zones or districts for the purpose of regulating the use of land;

(2) zoning or other land use regulations concerning permissible uses, height, density, bulk, location or use of buildings or structures, size of yards, open space, setbacks, building line requirements, and other similar requirements, including specific plan ordinances;

(3) private street regulations;

(4) public projects; and

(5) the acquisition of, change of area or alignment to, abandonment of, or vacation of any public right of way, park, playground, airport, public building site or other public way, ground or open space, but not including easements for sewers, storm drains or slopes, nor the temporary transfer of jurisdiction over any portion of a street to another local agency.

(b) Procedures for the adoption, amendment or repeal of ordinances, orders or resolutions described in subsection (a) shall be prescribed by ordinance, subject to the following limitations:

(1) Initiation. An ordinance, order or resolution may be proposed by the Council, the City Planning Commission, or Director of Planning or by application of the owner of the affected property if authorized by ordinance.

(2) Recommendation of the City Planning Commission. After initiation, the proposed ordinance, order or resolution shall be referred to the City Planning Commission for its report and recommendation regarding the relation of the proposed ordinance, order or resolution to the General Plan and, in the case of proposed zoning regulations, whether adoption of the proposed ordinance, order or resolution will be in conformity with public necessity, convenience, general welfare and good zoning practice. The City Planning Commission shall act within the time specified by ordinance. After the City Planning Commission has made its report and recommendation, or after the time for it to act has expired, the Council may consider the matter. Failure to act within the time prescribed by ordinance shall be deemed to be a recommendation of approval by the City Planning Commission of the proposed ordinance, order or resolution.

(3) Action by the Council. Before adopting a proposed ordinance, order or resolution, the Council shall make the findings required in subsection (b)(2) of this section.

(A) Planning Commission Recommendation of Approval. If the City Planning Commission recommends approval of the proposed ordinance, order or resolution, the Council may adopt an ordinance, order or resolution conforming to the Commission recommendation by majority vote.

(B) Planning Commission Recommendation Against Approval. If the City Planning Commission recommends against approval of the proposed ordinance, order or resolution, and the matter has been initiated by the filing of an application, the City Planning Commission action shall be final, subject to appeal to the Council in accordance with procedures prescribed by ordinance. The Council shall review the action of the Commission appealed from and may adopt an ordinance, order or resolution contrary to the recommendation of the Commission only by a two-thirds vote. If the City Planning Commission recommends against approval of the proposed ordinance, order, or resolution, and the matter has been initiated by the Council, the Council may take action on the matter without an appeal. The Council may adopt the proposed ordinance, order or resolution only by a two-thirds vote.

(C) Failure of Planning Commission to Act. If the Commission fails to make any recommendation within the time specified by ordinance, an ordinance, order or resolution in conformity with that which was initiated by the Council or by application shall be prepared and presented to the Council, and may be adopted by majority vote.

Sec. 559. Delegation of Authority.

The City Planning Commission may authorize the Director of Planning to approve or disapprove for the Commission any ordinance, order or resolution or modification thereto which is subject to the provisions of Sections 555 or 558. In exercising that authority, the Director must make the same findings as would have been required for the City Planning Commission to act on the same matter. An action of the Director under this authority shall be subject to the same time limits and shall have the same effect as if the City Planning Commission had acted directly.

Sec. 560. Hearings and Investigations.

The City Planning Commission and Area Planning Commissions may authorize the Director of Planning or his or her designee to conduct hearings on behalf of the commission. The Director of Planning shall make investigations relative to all matters provided for in Sections 555 and 558 as the City Planning Commission may direct and shall file reports with the City Planning Commission.

Sec. 561. Office of Zoning Administration.

There shall be a quasi-judicial agency known as the Office of Zoning Administration. The duties of this office shall be performed by one or more Zoning Administrators as authorized by the Council, who shall be appointed by the Director of Planning subject to the civil service provisions of the Charter. If more than one Zoning Administrator is authorized, a position of Chief Zoning Administrator shall be established, the appointment to which shall be made by the Director

of Planning, and the others shall be Associate Zoning Administrators. Subject to rules and regulations as may be prescribed by ordinance, the Office of Zoning Administration shall investigate and determine all applications for variances from any of the regulations and requirements of the zoning ordinances, and shall have other powers and duties with respect to zoning and land use as prescribed by ordinance.

The Council shall by ordinance provide time limits within which a Zoning Administrator must act for each type of case under his or her jurisdiction. If no determination is made by a Zoning Administrator within the prescribed time, the applicant may request that the matter be transferred to the jurisdiction of an Area Planning Commission or other board as prescribed by ordinance.

The Chief Zoning Administrator may adopt rules necessary to carry out the requirements prescribed by ordinance and which are not in conflict or inconsistent with those ordinances. All rules and regulations shall be available for inspection in the Office of Zoning Administration.

Sec. 562. Variances.

The Council shall prescribe by ordinance the procedures for the granting of variances subject to the following:

(a) Initial Hearing and Determination. All applications for variances shall be heard and determined by a Zoning Administrator except as otherwise provided in Section 564.

(b) Appeals Process. An aggrieved person may appeal a variance decision of the Zoning Administrator to the Area Planning Commission. The grant of a variance by the Area Planning Commission may be further appealed to the City Planning Commission or Council as prescribed by ordinance. There shall be no further appeal from the decision of the Area Planning Commission to deny a variance. However, that action of the Area Planning Commission is subject to Council review pursuant to Section 245.

(c) Findings for Granting a Variance. The following findings shall be made before a variance may be granted:

(1) that the strict application of the provisions of the zoning ordinance would result in practical difficulties or unnecessary hardships inconsistent with the general purposes and intent of the zoning regulations;

(2) that there are special circumstances applicable to the subject property such as size, shape, topography, location or surroundings that do not apply generally to other property in the same zone and vicinity;

(3) that the variance is necessary for the preservation and enjoyment of a substantial property right or use generally possessed by other property in the same zone and vicinity but which, because of the special circumstances and practical difficulties or unnecessary hardships, is denied to the property in question;

(4) that the granting of the variance will not be materially detrimental to the public welfare, or injurious to the property or improvements in the same zone or vicinity in which the property is located; and

(5) that the granting of the variance will not adversely affect any element of the General Plan.

The grant of a variance may include conditions that will remedy a disparity of privileges and that are necessary to protect the public health, safety or welfare and assure compliance with the objectives of the General Plan and the purpose and intent of the zoning ordinance. A variance shall not be used to grant a special privilege or to permit a use substantially inconsistent with the limitations upon other properties in the same zone and vicinity. The Zoning Administrator may deny a variance if the conditions creating the need for the variance were self-imposed.

Sec. 563. Conditional Use Permits and Other Approvals.

(a) Subdivisions. The procedure for the approval of parcel maps, subdivision maps and other approvals granted pursuant to the State Subdivision Map Act shall be prescribed by ordinance.

(b) Conditional Use Permits and Other Similar Quasi-Judicial Approvals. The Council shall prescribe by ordinance the procedure for the granting of conditional use permits and similar quasi-judicial approvals subject to the following:

(1) Initial Determination. Applications for conditional use permits and similar quasi-judicial land use approvals shall be heard and determined either by the Zoning Administrator or Area Planning Commission as provided by ordinance. However, the City Planning Commission may adopt rules and regulations, subject to approval by ordinance, that identify classes or categories of quasi-judicial approvals that have citywide impact, and provide for those approvals to be heard and determined by the City Planning Commission instead of an Area Planning Commission.

(2) Appeals Process. An aggrieved person may appeal a decision of the Zoning Administrator with respect to a conditional use permit or similar quasi-judicial approval to the Area Planning Commission. Decisions of an Area Planning Commission, except those decisions made by the Area Planning Commission on appeal from a decision of the Zoning Administrator, may be appealed either to the City Planning Commission or Council, as provided by ordinance. However, the process for the approval of conditional use permits and similar quasi-judicial approvals may not include more than one level of appeal from the decision of a decision-making official or body. For purposes of this restriction:

(A) The use of hearing examiners or other methods by which recommendations are made to a decision-making official or body does not preclude an appeal from the decision of the decision-making official or body.

(B) If the Council is acting as the appellate body, the Council's action may be subject to Mayoral approval and Council override of Mayoral disapproval by a two-thirds vote of the Council, if so provided by ordinance.

(C) Council review of an action under Charter Section 245 shall not be considered an appeal for purposes of this section.

(D) The restrictions on appeals do not apply to any legislative actions.

Sec. 564. Projects Requiring Multiple Approvals.

If a project requires approvals by both the Zoning Administrator and either an Area Planning Commission or the City Planning Commission, those approvals that would otherwise be heard and determined by the Zoning Administrator shall be heard and determined by the Area Planning Commission or City Planning Commission, whichever has jurisdiction over the other approvals required for the project. Approvals for a project that requires both quasi-judicial and legislative actions shall be heard and determined by the City Planning Commission, except as provided in Section 565.

Sec. 565. Delegation of Legislative Authority to Area Planning Commissions.

The City Planning Commission may adopt rules and regulations, subject to approval by ordinance, identifying classes or categories of legislative actions for projects determined not to have citywide impact, and provide for action on those projects to be taken by an Area Planning Commission in lieu of the City Planning Commission.

Sec. 566. Time Limits.

The Council shall by ordinance establish time limits by which action shall be taken on all requests for quasi-judicial approvals and proposed zone changes initiated by application of the affected property owner.

POLICE DEPARTMENT

Sec. 570. Powers and Duties of the Department.

The Police Department shall have the power and duty to enforce the penal provisions of the Charter, City ordinances and state and federal law. In the discharge of these powers and duties, the members of the department shall have the powers and duties of peace officers as defined by state law. The officers and employees of the Police Department shall have the power and duty to protect lives and property in case of disaster or public calamity. The scope and extent of those emergency powers and duties and the manner of their exercise shall be prescribed by ordinance consistent with Section 231(i).

Sec. 571. Board of Police Commissioners.

(a) Members of the Board of Police Commissioners shall serve for a maximum of two five-year terms, except that a member may serve up to two years of an unexpired term plus two terms of five years. A member of the Board of Police Commissioners shall be limited to two consecutive one-year terms as President of the Board of Police Commissioners.

(b) The Board of Police Commissioners shall have the power to:

(1) issue instructions to the Chief of Police concerning the exercise of the authority conferred on the Chief of Police by the Charter, other than the disciplinary authority conferred by Section 1070;

(2) evaluate the Chief of Police annually, set or adjust the compensation for the Chief of Police within the salary guidelines established by Council after recommendations concerning those guidelines have been made to the Council by

the Director of the Office of Administrative and Research Services; and forward a copy of the evaluation and salary determination to the Mayor and Council for information;

(3) appoint and remove an Executive Director whose position shall be exempt from the civil service provisions of the Charter and who shall not be a member of the Police Department; and

(4) appoint and remove an Inspector General of the Police Department subject to Section 245, whose position shall be exempt from the civil service provisions of Article X of the Charter and who shall not be a member of the Police Department.

Sec. 572. Executive Director of the Board of Police Commissioners.

Subject to the provisions of the Charter, the rules of the Police Department, and the instruction of the Board of Police Commissioners, the Executive Director of the Board of Police Commissioners shall have the power and duty to:

(a) administer the affairs of the Board of Police Commissioners as its chief administrative officer;

(b) appoint, discharge, discipline, transfer and issue instructions to employees appointed as independent staff of the Board of Police Commissioners, except for employees under the direction of the Inspector General, all subject to the civil service provisions of Article X of the Charter;

(c) expend the funds designated by budgetary appropriations or appropriations made after adoption of the budget for expenditure by the Board of Police Commissioners or its staff, in accordance with the provisions of those appropriations;

(d) recommend to the Board of Police Commissioners prior to the beginning of each fiscal year a budget covering the anticipated revenues and expenditures of the board and its staff, conforming so far as practicable to the forms and dates provided in the Charter in relation to the general City budget;

(e) certify the expenditures of the Board of Police Commissioners and its staff to the chief accounting employee; and

(f) exercise further powers in the administration of the Board of Police Commissioners conferred upon the Executive Director by the board.

The authority of the Executive Director shall not extend to authority over the Chief of Police nor encroach upon the authority of the Chief of Police to administer the affairs of the Police Department as its general manager and chief administrative officer.

Sec. 573. Inspector General.

The Inspector General shall report to the Board of Police Commissioners and shall have the same access to Police Department information as the Board of Police Commissioners. The Inspector General shall have the power and duty to:

(a) under rules established by the Board of Police Commissioners, audit, investigate and oversee the Police Department's handling of complaints of misconduct by police officers and civilian employees and perform other duties as may be assigned by the board;

(b) conduct any audit or investigation requested by majority vote of the board;

(c) initiate any investigation or audit of the Police Department without prior authorization of the Board of Police Commissioners, subject to the authority of the board by majority vote to direct the Inspector General not to commence or continue an investigation or audit;

(d) keep the board informed of the status of all pending investigations and audits; and

(e) appoint, discharge, discipline, transfer and issue instructions to employees under his or her direction.

Sec. 574. Powers and Duties of the Chief of Police.

The chief administrative officer of the Police Department shall be known as the Chief of Police. Subject to the provisions of the Charter, the rules of the Police Department, and the instruction of the Board of Police Commissioners, the Chief of Police shall have the power and duty to:

(a) suppress all riots, disturbances and breaches of the peace, and to that end may call on any person for aid. The Chief may pursue and arrest, within the limits of the City, any person fleeing from justice, and shall without delay bring all persons arrested by the department before a judge of the proper court for trial or examination. The Chief may receive and execute any proper authority for the arrest and detention of criminals fleeing or escaping from places outside the City;

(b) administer the affairs of the department as its chief administrative officer, except as to matters under the control of the Executive Director of the Board of Police Commissioners;

(c) appoint, discharge, discipline, transfer and issue instructions to the employees of the department, other than the Secretary of the Board, the chief accounting employee of the department, the Inspector General of the Police Department and his or her staff, the Executive Director of the Board and his or her staff, all subject to the civil service provisions of the Charter;

(d) expend the funds of the department, except those funds under the control of the Executive Director, in accordance with the provisions of the budget appropriations or of appropriations made after adoption of the budget;

(e) recommend to the Board of Police Commissioners prior to the beginning of each fiscal year an annual departmental budget covering the anticipated revenues and expenditures of the department, except the anticipated revenues and expenditures under the control of the Executive Director, and conforming so far as practicable to the forms and dates provided in the Charter for the general City budget;

(f) certify all expenditures of the department to the chief accounting employee, except those expenditures under the control of the Executive Director;

(g) exercise further powers in the administration of the department conferred upon the Chief of Police by the Board of Police Commissioners; and

(h) execute, personally or by deputy, and return all writs and processes issued by any court having jurisdiction of criminal cases arising upon violations of the provisions of the Charter or ordinance. The Chief's jurisdiction and that of his or her deputies in the service of process in all criminal cases, and in cases of violation of City ordinances, shall be co-extensive with that of the County of Los Angeles.

Sec. 575. Appointment and Removal of the Chief of Police.

The Chief of Police shall be appointed, shall serve, and shall be removed in accordance with the following provisions:

(a) Recruitment and Selection. The recruitment and selection of qualified candidates for the position of Chief of Police shall be administered by the general manager of the Personnel Department, in cooperation with the Board of Police Commissioners, through a system of open competition based on professionally accepted recruitment and selection standards. The general manager of the Personnel Department shall refer a group of at least six highly qualified candidates to the Board of Police Commissioners, which shall then provide a list of three recommended candidates, in ranked order, to the Mayor for review and for appointment of one of them to the Office of Chief of Police. At the request of the Mayor, the Board of Police Commissioners shall provide the Mayor with an additional list of three candidates, in ranked order, from the group of candidates previously provided by the general manager of the Personnel Department. The Mayor's appointee shall be subject to confirmation by the Council. Should the Council fail to confirm the appointee, and if any additional candidates remain, the Mayor may request and receive from the Board of Police Commissioners one additional candidate, who will be selected from the group of candidates previously provided by the general manager of the Personnel Department. The Mayor may appoint that candidate or one of the candidates on the list or lists previously provided to the Mayor by the Board of Police Commissioners, subject to Council confirmation.

(b) Term. The Chief of Police shall serve a five-year term and may be appointed, in the manner described below, to a second five-year term. No person shall serve as Chief of Police for more than ten years altogether. Time accrued as Acting Chief of Police or as a temporary Chief of Police shall not be included in calculating the ten years.

(c) Reappointment. If the Chief of Police wishes to be considered for appointment to a second term, he or she shall apply to the Board of Police Commissioners for that appointment at least 180 days prior to the expiration of the first term. At least 90 days prior to the expiration of the first term, the Board of Police Commissioners shall, in its discretion, respond affirmatively or negatively to that application. If the Board of Police Commissioners acts, affirmatively or negatively, on the application for appointment, that action shall be subject to the provisions of Section 245 and the Council may assert its jurisdiction over the matter of the application for appointment. Should that jurisdiction be asserted,

any affirmative or negative action on the appointment shall be final. If the Board of Police Commissioners fails to respond to the application within 90 days prior to the expiration of the first term, the Mayor shall, at least 60 days prior to the expiration of the first term, act in lieu of the Board. Should the Mayor so act, the Council, by two-thirds vote, may act within 30 days thereafter to override the Mayor's action. If the Council does not act within 30 days to override the Mayor's action, the action shall be final. If the request of the Chief of Police for appointment to a second term is not approved as provided in this section, there shall be no reappointment and a vacancy in the Office of the Chief of Police shall occur at the expiration of the first term.

(d) Removal by Board. The Chief of Police shall serve at the pleasure of the City, as set forth herein, and shall not attain any property interest in the position of Chief of Police. The Board of Police Commissioners may remove the Chief of Police from office at any time prior to the expiration of a first or second five-year term. Should the Board of Police Commissioners so act to remove the Chief of Police, it shall promptly notify the Mayor of its action. If the Council has not asserted its jurisdiction over the matter of the removal of the Chief of Police as permitted under Section 245, the Mayor shall have five days from the last date on which the Council could have asserted jurisdiction to reverse the action of the Board of Police Commissioners. Upon the Mayor's failure to act within that period, the removal shall become effective. By a letter received by the City Clerk within five days of the effective date of the removal, the removed Chief of Police may request a hearing on the removal before the Council which, by two-thirds vote, may override the removal and restore the Chief of Police to office. If the Council asserts jurisdiction over the matter of the removal of the Chief of Police and acts to retain the Chief, the action shall be final. If the action of the Council is to remove the Chief of Police, the removal shall be effective immediately. Should the provision of an appeal from the removal be required by law, the Council shall, by ordinance, provide an appellate procedure in conformance with the law. The Chief of Police may request an appeal by letter to the City Clerk within five days of the effective date of the removal.

(e) Removal by Council. The Council may remove the Chief of Police from office in accordance with the following procedures. The Council, by two-thirds vote, may initiate removal proceedings by giving ten days written notice of a public hearing on the proposed removal to the Mayor, the Board of Police Commissioners and the Chief of Police. At the hearing, the Mayor and the Board of Police Commissioners shall appear to discuss with the Council whether the Chief of Police should be removed from office. The views of the Chief of Police shall be heard and considered at his or her request. Thereafter, the Council, by two-thirds vote, may act to remove the Chief of Police from office, and the removal shall be effective immediately. Should the provision of an appeal from the removal be required by law, the Council shall, by ordinance, provide an appellate procedure in conformance with the law. The Chief of Police may request an appeal by letter to the City Clerk within five days of the effective date of the removal.

Sec. 576. Acting and Temporary Chief of Police.

(a) The Chief of Police, by a letter to the Board of Police Commissioners, shall designate a person or persons who shall serve as Acting Chief of Police for those periods of time that the Chief of Police is out of the City or is temporarily unable to perform the duties of the office.

(b) The Board of Police Commissioners is authorized to appoint a temporary Chief of Police during a vacancy in the office and pending the regular appointment of a Chief of Police. The person appointed as temporary Chief of Police shall be entitled to compensation appropriate to the position of Chief of Police for the duration of the appointment. The length of the temporary appointment shall not exceed 12 months and shall terminate when a regular appointment is made. The appointment of a temporary Chief of Police shall terminate the authority of an Acting Chief of Police.

PUBLIC WORKS DEPARTMENT

Sec. 580. Public Works Department Powers and Duties.

The Department of Public Works shall have the following powers and duties:

(a) design, construct, excavate and maintain streets and public works improvements including but not limited to bridges, public parkways and rights-of-way, sanitary sewers and storm drains, water and sewer treatment facilities, landfills and public rights-of-way lighting facilities owned by the City;

(b) design and construct public buildings belonging to the City, except those under the jurisdiction of the Proprietary Departments and the Department of Recreation and Parks;

(c) dispose of solid waste; and

(d) perform other duties as may be assigned by ordinance, if not inconsistent with Section 514.

Sec. 581. Board of Public Works.

Members of the Board of Public Works shall devote their entire time to the duties of office. Subject to the Charter and applicable ordinances and law, the board shall have the power and duty to:

(a) set policy for and manage the Department of Public Works;

(b) establish procedures for the examination, consideration and preparation of requests for proposals or bids, and for the advertisement and establishment of the amount of the required bond, all as provided by Sections 370 through 378 and related ordinances, for any work or improvements;

(c) approve the award of contracts;

(d) fix the time when work shall be commenced and completed in accordance with applicable law;

(e) exercise the power of eminent domain, subject to Council authorization, and lease or purchase property on behalf of the City for the construction and maintenance of public works projects;

(f) exercise the powers and duties imposed by law or delegated by the Council relating to the award of contracts for work specified in Section 580 and the determination of benefits, damages and costs incident to a proposed change or improvement of any public place, right-of-way or property belonging to the City and the making and levying of assessments upon property to cover the damages and costs;

(g) conduct hearings and hear appeals as authorized by ordinance relating to the work of the department, including hearings pertaining to special assessments;

(h) on its own initiative or upon complaint, investigate departmental operations and acts of employees and report findings to the Director of Public Works, the Mayor and the Council;

(i) approve specifications for public works construction projects;

(j) accept completed public works projects, provided that the board may delegate to the Director of Public Works the authority to accept projects involving less than one hundred thousand dollars ($100,000) or such other amount prescribed by the board;

(k) make recommendations about short- and long-range public works plans and programs to the Mayor and Council; and

(*l*) annually present to the Council at its meeting in the second week of July, a report for the previous fiscal year stating the amount of proceeds from the sale of bonds, the purposes for which those proceeds have been expended, the amount expended, the balance in each bond fund and other information and suggestions as it deems appropriate.

The Board of Public Works shall have power to proceed with all such construction and maintenance, and to carry out any of the purposes herein mentioned from any funds under its control and available for such purposes; provided, that nothing in this section shall be construed to abridge the power of the Council to order any work or improvements and to provide the manner of paying therefor, such work or improvement, however, to be done under the superintendence and control of the Board of Public Works.

Sec. 582. Director of Public Works

There shall be a chief administrative officer of the Department of Public Works, known as the Director of Public Works, who shall be appointed and removed as provided in Section 508. Instead of those powers and duties set forth in Section 509, the director shall have the power and duty to:

(a) enforce all orders, rules and regulations adopted by the board;

(b) administer contracts;

(c) supervise and manage construction and maintenance work authorized by the board;

(d) approve those public works contracts within the authority delegated to the Director by the board or by ordinance;

(e) grant street encroachment and other permits necessary for the temporary use of City rights-of-way;

(f) make recommendations to the board about short- and long-range public works plans and programs;

(g) oversee the functions of departmental accounting and management-employee services including any bureaus charged with performing those functions, and issue instructions to, appoint, discharge, suspend and transfer the employees that perform those functions, all subject to the civil service provisions of the Charter;

(h) recommend to the board prior to the beginning of each fiscal year an annual departmental budget covering the anticipated revenues and expenditures of the department, conforming so far as practicable to the forms and dates provided in Article III in relation to the general City budget; and

(i) file with the board and the Mayor a written report on the work of the department on a regular basis as requested by the Mayor or board.

RECREATION AND PARKS DEPARTMENT

Sec. 590. Powers and Duties of the Department.

The Department of Recreation and Parks shall have the power and duty:

(a) to establish, construct, maintain, operate and control, wherever located:

(1) all parks of the City of Los Angeles;

(2) all recreational facilities, museums, observatories, municipal auditoriums, sports centers and all lands, waters, facilities or equipment set aside or dedicated for recreational purposes and public enjoyment; and

(3) all property acquired by it or assigned to its jurisdiction for public recreation.

(b) to design, construct and operate, lease, rent or sell concessions or privileges to be exercised for the benefit, education, amusement, convenience or enjoyment of the public, in connection with any function, site or facility under the jurisdiction of the department;

(c) to establish schedules of charges for special services;

(d) to promote public recreation and cooperate with other public agencies and organizations for that purpose; and

(e) to establish, maintain and operate playgrounds or other recreational facilities upon portions of public streets, under terms and conditions provided by ordinance.

Sec. 591. Board of Recreation and Park Commissioners.

The Board of Recreation and Park Commissioners shall have power:

(a) to control all recreation and park sites;

(b) to control, appropriate and expend all money in the Recreation and Parks Fund and authorize the City Treasurer to invest any surplus funds under its control in accordance with Section 303(b); and

(c) to organize the work of the department into divisions and to appoint an administrative officer for each division or for any group of divisions.

Sec. 592. Chief Administrative Officer of Recreation and Parks.

The chief administrative officer of the Department of Recreation and Parks shall be appointed and removed as provided in Section 508.

Sec. 593. Financial Support.

(a) For the financial support of the Department of Recreation and Parks, there shall be appropriated an annual sum of not less than 0.0325% of assessed value of all property as assessed for City taxes.

(b) Additional appropriations may be made from the General Fund.

(c) All money derived from (a) or (b), plus all other sums received by the department shall be placed to the credit of the Recreation and Parks Fund.

Except as provided in Section 342 with regard to funds appropriated from the General Fund to the Recreation and Parks Fund, money in the Recreation and Parks Fund shall be used only for the financial support of the Department of Recreation and Parks.

Sec. 594. Control and Management of Recreation and Park Lands.

(a) Management and Control. The Department of Recreation and Parks shall operate, manage and control all property now or hereafter owned or controlled by the City for public recreation, including parks, and shall have power in the name of the City to acquire and take by purchase, lease, condemnation, gift, in trust or otherwise, any and all property necessary or convenient for recreation, including park purposes.

(b) Acquisition of Property. No real property shall be acquired by the City for recreation sites, including parks, unless first approved by the Board of Recreation and Park Commissioners.

(c) Restrictions on Transfer of Dedicated Parks. All lands heretofore or hereafter set apart or dedicated as a public park shall forever remain for the use of the public inviolate; but the board may authorize use of the lands for any park purpose, and for:

(1) Easements or rights-of-way for any work, improvement or structure necessary and convenient for giving service to the City or its inhabitants in connection with any public utility owned by the City. Under similar circumstances, similar permission may be given to any private public utility holding a franchise, and limited to the life of the franchise. These easements or rights-of-way shall be subject to regulation by ordinance.

(2) Leases to the County of Los Angeles or the State of California or the United States for periods not to exceed 50 years, of sites in any public park for the erection and maintenance of public buildings consistent with public park purposes.

(3) Taking and disposal of molding sand, or other natural resources under terms as the board may prescribe and in a manner as to work no substantial impairment of public use and enjoyment of the premises.

(4) Opening, establishment and maintenance of streets or other public ways in and through the park lands controlled by the board.

(d) Transfer to Purposes other than Recreation and Park Purposes. No sites under the management and control of the department shall be devoted or transferred to any other purpose in whole or in part, except in compliance with all of the following:

(1) Procedure. Any transfer shall require a resolution of the board, approved by the Council by ordinance, incorporating the prescribed terms and conditions to be observed by the permitee. However, Council approval shall not be required for the granting of leases of property not immediately needed for the purposes of the department for a term not to exceed three years.

(2) Restrictions on Transfer. No transfer shall be permitted if it would violate the provisions of subsection (c) of this section, or in any case where the proposed use violates a specific trust or dedication upon which the property was acquired.

(3) Requirement of Equivalent Property or Funds. If property to be transferred to another use has been acquired from funds specifically provided for the Department of Recreation and Parks or its predecessors, the department shall be assigned the equivalent in property or funds as a condition of transfer of the property from its control, when required by the board.

(e) Remaining Land Unsuitable for Park Use. Where lands forming a portion of an existing public park have been removed from the jurisdiction of the board by reason of their dedication or use for public purposes incompatible with park use, the remaining lands, or any portion thereof, within the park shall not be subject to the provisions of subsection (c) of this section in the event that:

(1) the board and Council find and determine that the remaining lands, or specific portion thereof, are unsuitable for further use as a public park; and

(2) lands of an area at least equal to the lands found to be unsuitable for further use as a public park are acquired in the same portion of the City and set apart or dedicated as a public park.

Sec. 595. Lease of Facilities.

The Board of Recreation and Park Commissioners may lease for recreational purposes any municipal auditoriums, arenas, sports centers or related facilities subject to the following conditions:

(a) The term of the lease shall not exceed 35 years. Leases in excess of five years shall be approved by the Council by ordinance.

(b) The public must be entitled to use and enjoy the property or facility for the purposes for which it was acquired, constructed or completed and any lease shall require the lessee to operate the property or facility so as to furnish the public with that use and enjoyment.

(c) The board may enter into the lease without inviting bids and may prescribe other terms and conditions as it deems appropriate.

Sec. 596. Leasing of Subsurface Space.

(a) Notwithstanding the provisions of Section 595, the Board of Recreation and Park Commissioners may lease, to the highest responsive and responsible bidder in accordance with Section 371, subsurface space under any public park or public grounds under its control subject to the following conditions:

(1) The use will not breach the conditions under which the land has been deeded to the City.

(2) The board finds that the works to be constructed will not result in material detriment to the purpose for which the land was dedicated or set aside by the City. The board's finding will become final and conclusive upon Council approval by ordinance.

(3) The lease shall not exceed a term of 50 years.

(4) The lease is for the construction and operation of a public parking structure, subway or subway station. The operation of a public parking structure shall include related incidental facilities and functions. The retail sale of gasoline, oil and accessories and the provision of service to private vehicles shall be prohibited except at the Pershing Square subterranean parking structure. This prohibition shall apply to the department and its lessees, sub-lessees, partners and franchisees.

(5) The board shall prescribe the terms and conditions of the lease, and the proceeds shall be paid into the Recreation and Parks Fund.

(6) The lease shall be approved by the Council by ordinance.

(b) The board may design, construct and operate subsurface parking structures under lands within its control, subject to subsection (a)(1) and (2) of this section. The revenue derived from the operation of the parking structures shall be paid into the Recreation and Parks Fund.

Sec. 597. Location of Police Training Facility.

Notwithstanding any other provisions of the Charter or ordinance, jurisdiction over that portion of Elysian Park described in Council File 70-5114 and supplements, containing approximately 21.464 acres which was used as of July 1, 1972, primarily as a police training facility, is transferred to the Department of Public Works for use as public buildings and grounds, including use as police training facilities and related purposes. Such portion shall, upon abandonment of the site as a police training facility, be transferred to the Department of Recreation and Parks and shall be dedicated as a public park.

ARTICLE VI
PROPRIETARY DEPARTMENTS

GENERAL PROVISIONS FOR PROPRIETARY DEPARTMENTS

Sec. 600. Creation of Proprietary Departments and Boards.

(a) Departments Created. The following departments, which shall be known as the Proprietary Departments, are created:

Airports

Harbor

Water and Power

(b) Head of Department. Each Proprietary Department shall be under the control and management of a board of commissioners that shall be the head of the department.

(c) Applicability. Each Proprietary Department shall be governed by the following:

(1) provisions specific to each department set forth in this Article;

(2) these General Provisions for Proprietary Departments;

(3) the General Provisions for Departments contained in Article V, to the extent not inconsistent with this Article; and

(4) other provisions of the Charter applicable to departments and boards to the extent not inconsistent with this Article.

Sec. 601. Departmental Purposes.

The boards and general managers shall operate the Proprietary Departments for the following purposes, which shall be known as the Departmental Purposes:

Airports: In connection with, or for the promotion and accommodation of air commerce and air navigation.

Harbor: In connection with, or for the promotion and accommodation of maritime commerce, navigation, and fishery.

Water and Power: In connection with, or for the production and delivery of water and electric power, and for the promotion of the conservation of water and power resources.

Sec. 602. Possession, Management and Control of Assets.

The board of each Proprietary Department shall have possession, management and control of all property and rights of every kind whatsoever:

(a) conferred upon the department by the Charter;

(b) purchased with funds under its control; or

(c) received through ordinance, or with approval of the board, through other action of the Council or from any other source, if consistent with Departmental Purposes.

Sec. 603. Control of Departmental Funds.

(a) Special Funds. Each Proprietary Department shall have one or more special funds including accounts or subaccounts for the purpose of segregating its revenues from other money of the City.

(b) Expenditures. The board of each Proprietary Department shall have control over its special funds, consistent with other provisions of the Charter. For Departmental Purposes, a board shall have the power to appropriate and expend all money in the department's special revenue funds and of all money derived from the sale of bonds of the department.

Sec. 604. General Managers.

(a) Appointing Authority. The board of each Proprietary Department shall appoint the general manager subject to confirmation by the Mayor and Council, and shall remove the general manager subject to confirmation by the Mayor. A general manager removed pursuant to the provisions of this section may appeal the removal to the Council in the manner provided in Section 508(e).

(b) Annual Review. The board of each Proprietary Department shall evaluate its general manager at least annually and shall set or adjust the compensation of

the general manager within guidelines established by Council, after recommendations concerning those guidelines have been made to the Council by the Director of the Office of Administrative and Research Services. The board shall forward a copy of its performance evaluation and salary determination to the Mayor and Council.

(c) Powers and Duties. The powers and duties of general managers contained in Section 509 shall apply to general managers of the Proprietary Departments. Additionally, the board of each Proprietary Department may authorize its general manager to contract on behalf of the department where the contract does not involve payment or receipt of money or consideration reasonably valued in excess of a monetary limit provided by ordinance.

Sec. 605. Power to Grant Franchises, Concessions, Permits and Licenses and Enter Into Leases.

(a) For Departmental Purposes. Subject to any limitations imposed upon a specific proprietary board in this Article, each board shall have the power to grant and set the terms and conditions for any franchise, concession, permit, license, or lease concerning any property under its control that will further Departmental Purposes or anything incidental to those purposes and, with respect to the Harbor Department, will not be inconsistent with any trust upon lands held by the City.

(b) For Non-Departmental Purposes. The board of each Proprietary Department shall have the power to grant a license or to enter into a lease concerning property under its control for purposes other than Departmental Purposes, if the board finds in writing that:

(1) the property to be licensed or leased is not presently needed for Departmental Purposes;

(2) the grant of the license or lease will not interfere with Departmental Purposes; and

(3) with respect to the Harbor Department, the license or lease is not inconsistent with any trust upon lands held by the City.

Sec. 606. Process for Granting Franchises, Permits, Licenses and Entering Into Leases.

Board action granting franchises, concessions, permits and licenses or approving leases shall be taken by order or resolution. If the board's order or resolution grants a franchise, permit or license or approves a lease for a term greater than five years, it shall be submitted to Council for its approval or disapproval. The Council may, by ordinance, further define what constitutes a term of more than five years. Unless Council takes action disapproving the franchise, permit, license or lease within 30 days after submission of it to Council, the franchise, permit, license or lease shall be deemed approved. If Council does not approve the franchise, permit, license or lease, Council shall return it to the originating board for reconsideration and resubmission. Any order or resolution granting a franchise for a term of more than five years shall be published once in the same manner as ordinances of the City and shall take effect 30 days after publication.

Sec. 607. Limitations on Franchises, Concessions, Permits, Licenses and Leases.

Franchises, concessions, permits, licenses and leases shall be subject to further limitations specified in this Article for each Proprietary Department and the following:

(a) Length. The term shall not exceed 30 years or the term specified by applicable federal or state law, whichever is less. If Council makes a finding that a term longer than 30 years would be in the best interest of the City, Council may, by a two-thirds vote, subject to Mayoral veto, or three-fourths vote over the veto of the Mayor, authorize a term up to 50 years, or the maximum period allowed by any federal or state law, whichever is less.

(b) Compensation Adjustments. Every franchise, concession, permit, license, or lease shall include a procedure to adjust the compensation periodically but in no case shall the period between adjustments exceed five years.

Sec. 608. Harbor and Airport Regulation of Public Service and Public Utilities.

To the extent not preempted by federal or state law, the Board of Airport Commissioners and Board of Harbor Commissioners have the power to:

(a) regulate and control all public service and public utilities operated in connection with Departmental Purposes;

(b) to fix the proper franchise or license fees to be paid to the department by any public service or utility; and

(c) to fix and regulate the rates, tolls and charges to be charged and collected for services furnished by any public service or utility.

The board shall have the right to have reasonable access to and to examine all records showing the transactions, and financial condition of the operators of a public service or utility and to require reports from the operators as the board may prescribe. The amounts of the franchise or license fees to be paid to the department by any operator of a public service or utility, and the rates, tolls and charges to be charged and collected for services furnished or supplied by a public service or utility shall be fixed by the board by order, subject to approval or modification by the Council by ordinance.

Sec. 609. Revenue Bonds and Other Obligations.

(a) Power to Issue Debt. Each Proprietary Department shall have the power to borrow money and to issue bonds, refunding bonds, notes and other evidences of indebtedness (collectively referred to in this section as "Revenue Bonds") for any lawful purpose relating to the department payable from the revenues of the department and from any other money lawfully available to the department or under its control, in the form and manner approved by the board of the department. The Council shall adopt procedural ordinance(s) (each a "Procedural Ordinance") which shall set forth the procedures under which Revenue Bonds may be issued. The Procedural Ordinance(s) shall require that a resolution of the board authorizing the issuance of Revenue Bonds be transmitted to the Council and Mayor for their approval or disapproval in the manner set forth in the Procedural Ordinance(s).

(b) No Obligation of the General Revenues of the City. No Revenue Bond issued or incurred by any department under this section shall constitute or evidence an indebtedness of the City or a lien or charge on any property or the general revenues of the City, but shall constitute and evidence an obligation of the applicable department payable only from the specified revenues and other money of the applicable department and the face of each Revenue Bond shall contain a legend to this effect.

(c) Payment of Revenue Bonds. As long as any Revenue Bonds issued or incurred under this section and payable out of all or a portion of the revenue of a department shall be outstanding and unpaid, the board of the department shall fix rates for service from the municipal works to which that revenue pertains. It shall collect charges to provide revenue which, together with the other available funds of the department, shall be at least sufficient to pay, as the same shall become due, the principal and interest on all Revenue Bonds so outstanding payable out of revenue, including premiums, if any, due upon the redemption of any of the Revenue Bonds, in addition to paying, as it shall become due, the necessary expenses of operating and maintaining the works, and all other obligations and indebtedness payable out of the revenue of the department. If at any time during the life of Revenue Bonds issued under this section, the Council is required to review any rates adopted by a board, the Council shall approve rates in an amount sufficient to meet all the revenue requirements of this section.

(d) Competitive Bidding or Private Sale. Revenue Bonds shall be sold pursuant to a competitive bidding process; however, Revenue Bonds may be sold by private sale or in any other manner acceptable to the department and the Council as authorized by a Procedural Ordinance, subject to the following conditions:

(1) The board of a department has authorized the sale of Revenue Bonds pursuant to private sale after written recommendation of the chief financial officer of the department stating the reasons why a private sale will benefit the department.

(2) Council, after receiving a report of the Director of the Office of Administrative and Research Services, has approved the private sale.

(3) Council has been provided an opportunity, as set forth in a Procedural Ordinance, to disapprove the selection by a department of the underwriting firm(s) for the private sale of Revenue Bonds.

(e) Prohibition of Underwriter Gifts and Political Contributions.

(1) No underwriting firm which, within the prior 12 months, made one or more gifts totaling fifty dollars ($50) or more, or one or more political contributions totaling one hundred dollars ($100) or more, to the Mayor, the City Attorney, any member of the Council, any member of the board of the department whose bonds are the subject of the sale, or any other City official having the authority to make or participate in making decisions concerning the sale, shall be selected by the Council or by a department as the underwriter for a sale of Revenue Bonds where the selection of the underwriting firm is made on a basis other than by competitive bidding (referred to hereafter as “noncompetitive sale”). An underwriting firm

seeking selection shall cause one of its officers to certify under oath that no such gifts or contributions were made. That certification shall be filed with the City Clerk prior to the date on which a selection is made. If the selected underwriting firm made any of the gifts or contributions specified above, but the certification was nevertheless made, the underwriting firm and any other person responsible for the error in the certification shall be subject to the penalties provided for violation of Section 470.

(2) No underwriting firm selected as the underwriter for a noncompetitive sale of Revenue Bonds shall make one or more gifts totaling fifty dollars ($50) or more, or one or more political contributions totaling one hundred dollars ($100) or more, to any official referenced in subsection (e)(1) during the 12 months after being so selected. Any person violating the provisions of this subsection shall be subject to the penalties provided for violations of Section 470.

(3) A gift or contribution shall be considered as having been made by an underwriting firm if that gift or contribution was made by the firm itself; by any other business entity related to the firm as a parent, subsidiary or other related business entity; by any political action committee controlled or primarily financed by the firm or by a business entity related to the firm as a parent, subsidiary or other related business entity; by the president, chairperson of the board, chief executive officer, or chief operating officer of the firm; by any vice president, assistant vice president or managing director employed in the public finance unit of the firm; by any other employee of the firm who communicates with one or more City officers or employees for the purpose of influencing the City's selection of an underwriter for a particular bond issue; or by any person owning a 10% or greater investment in the firm.

(4) A contribution shall be considered as having been made to any of the officials referenced in subsection (e)(1) if it is made to the official or to any controlled committee of the official.

(5) Any term used herein which is defined in the California Political Reform Act of 1974, as amended, or in the regulations of the California Fair Political Practices Commission, as amended, shall have the meaning set forth in those provisions.

(6) No provision of subsection (e) shall require any person to do or refrain from doing any act which would violate federal law.

(f) Investment of Proceeds. Proceeds of the Revenue Bonds may be invested in those obligations set forth in the applicable financing documents, if those obligations are authorized for the investment of money of the City, as provided in a Procedural Ordinance.

(g) Effect of Section on Issuance of Bonds.

(1) Complete Authority to Issue Bonds. This section and the Procedural Ordinance shall be complete authority for the issuance of Proprietary Department Revenue Bonds. No action or proceeding other than those required by this section or the Procedural Ordinance shall be necessary for the valid authorization and issuance of the Revenue Bonds.

(2) No Council Veto. After the Council and Mayor approve the issuance of Revenue Bonds for a department as described in subsection (a), and subject to Council disapproval of a department's selected underwriter for a noncompetitive sale as provided in subsection (d), the issuance of Revenue Bonds for a Proprietary Department shall not be subject to any further Council review including the veto provided in Section 245.

(3) Validity of Revenue Bonds. The validity of Revenue Bonds reciting that they have been issued pursuant to this section shall not be affected by any provision or limitation contained in any other section of the Charter. Any required signatures to the Revenue Bonds issued pursuant to this section may be by facsimile or by autograph. Charter Sections 146, 146.1, 229, 229.1 and 239 existing on June 1, 1996 shall remain in full force and effect after the adoption of this section until the Council has adopted the Procedural Ordinance(s) provided for in this section.

(4) Section Applies Only to Proprietary Revenue Bonds. The provisions of this section apply only to Revenue Bonds issued by Proprietary Departments under authority of this section.

Sec. 610. Debt Accountability and Capital Improvement Plan.

Every two years, in conjunction with submittal of its annual budget, each Proprietary Department shall submit a debt accountability and major capital improvement plan to the Mayor, Council and Controller.

DEPARTMENT OF AIRPORTS

Sec. 630. Board Composition.

The Board of Airport Commissioners shall consist of seven members appointed and removed as provided in Section 502. At least one member shall reside within the area surrounding Los Angeles International Airport and at least one member shall reside within the area surrounding Van Nuys Airport, as those areas are defined by ordinance.

Sec. 631. Possession, Management and Control of Airport Assets.

The Board of Airport Commissioners shall have the possession, management and control of all airports, airport sites and all equipment, accommodations and facilities for aerial navigation, flight, instruction and commerce belonging to the City. The lands, property, facilities, and interests therein, under the management, supervision and control of the board shall be known as the Airport Assets.

Sec. 632. Powers and Duties of the Board.

The board shall have the power and duty to:

(a) Rates and Charges. Fix and collect rates and charges for the use of the Airport Assets and any other service provided by the department.

(b) Rules and Regulations. Subject to the powers of then United States respecting commerce, make and enforce all necessary rules and regulations governing the use and control of City owned or controlled airports located inside and outside of the City and the use of airways and waterways proximate to these

airports incident to aerial navigation. Regulations adopted by the board shall be approved by ordinance that shall prescribe the penalties for the violation of these rules and regulations. These rules and regulations may include, but are not limited to, the following subjects:

(1) the ascent, landing, mooring, movement, maintenance, operation or use of all apparatus for aerial navigation and flight, or convenient or necessary in connection with those operations; and

(2) the design, construction, maintenance, use, condition and operation of any utility, machine, building, structure or improvement on any airport, and control of excavation, obstructions and traffic on or in the airports.

(c) Development of the Airports. Purchase, lease, acquire, condemn, design, erect, maintain, improve, repair and operate all property, improvements, utilities, equipment, supplies or facilities as it may deem necessary or convenient for Departmental Purposes. The power of condemnation shall only be exercised with approval of the Council.

Sec. 633. Powers and Duties of the General Manager.

In addition to those powers and duties prescribed in Section 604, the general manager of the Department of Airports shall have the power and duty to:

(a) enforce all orders, rules and regulations adopted by the board;

(b) supervise and manage the design, construction, maintenance and operation of all work or improvements authorized or ordered by the board;

(c) designate and assign space for the use of aircraft at the established rates or charges and subject to the rules and regulations of the department;

(d) designate and assign space in any warehouse, shop, field, runway, hangar or like facility at the established rates or charges and subject to the rules and regulations of the department;

(e) revoke any assignment made under subsection (c) or (d) of this section, in accordance with Section 634(b); and

(f) carry out all powers and duties of the department delegated by the board.

Sec. 634. Limitations upon Permits and Licenses.

In addition to the limitations set forth in Section 607, permits or licenses shall be subject to the following:

(a) Reservation for Departmental Purposes. Every assignment of space shall reserve to the department the right to use the space or facility for Departmental Purposes when the space is not required for the use of the grantee.

(b) Revocation Upon Notice. Every assignment of space shall be revocable without compensation to the grantee, upon notice.

(c) Common Use Requirement. Every assignment of space shall include a provision that use of airport facilities shall be in common with others, but only to the extent necessary to exercise the rights granted by the permit or license.

Sec. 635. Airport Revenue Fund.

(a) Creation of Fund. All fees, charges, rentals and revenue from every source collected by the Department of Airports in connection with its possession, man-

agement and control of the Airport Assets shall be deposited in the City Treasury to the credit of the Airport Revenue Fund. However, there shall be excluded from the Airport Revenue Fund any revenues received or to be received for the payment of any special purpose indebtedness of the Department payable solely out of the monies received or collected by the Department for the use or operation of special purpose facilities. This fund shall be exempt from the end of year transfer provisions of Section 344.

The Board may create for each airport, heliport and related facility operated by the Department, one or more separate revenue and expense accounts within the Airport Revenue Fund. The Board may place in said account all or a portion of the revenues, income and expenses derived from or allocated to one or more airports owned, operated or controlled by the Department. If separate accounts are created in the Airport Revenue Fund, the Board may create corresponding separate accounts in the Maintenance and Operation Reserve Fund. With respect to one or more airports, the Board may choose to fund Maintenance and Operation Reserve Fund and to pay debt service and maintenance and operations expenses attributable to said airport or airports solely from the monies placed in a specified account or accounts in the Airport Revenue Fund or may choose to pay such amounts and expenses from any monies held in the Airport Revenue Fund or in any account or subaccount thereof, all in such manner as the Board shall determine. Notwithstanding anything to the contrary herein, if separate accounts are created in the Airport Revenue Fund and/or Maintenance and Operation Reserve Fund, the Board shall have the power to direct that such monies can be used solely for a specified purpose related to the airport, heliport and related facility from which such monies are derived or to which such monies have been allocated. The implementation or subsequent modification of any of the foregoing provisions of this paragraph shall be subject to approval by ordinance.

(b) Use of Funds. The money in the Airport Revenue Fund may not be appropriated or expended for any purpose except the following:

(1) Operation and Maintenance. For the necessary expenses of operating the Department of Airports, including the operation, promotion and maintenance of the Airport Assets for Departmental Purposes.

(2) Development of Assets. For the acquisition, construction, completion and maintenance of airport improvements, works, utilities, facilities, services and aircraft for Departmental Purposes, and for the acquisition or taking by purchase, lease, condemnation or otherwise of any property, real or personal, or other interest necessary or convenient for Departmental Purposes.

(3) Payment of Debt. For the payment of the principal and interest of bonds issued by the department or by the City for Departmental Purposes.

(4) Pension Contributions. For defraying the expenses of any pension or retirement system applicable to the employees of the department.

(5) Reimbursements. For reimbursement to another department or office of the City on account of services rendered, or materials, supplies or equipment furnished to support Departmental Purposes.

(6) Discretionary Transfer to General Fund. For transfer to the General Fund of money determined by the board to be surplus, but only to the extent not inconsistent with federal or state law, regulation or contractual obligations.

Sec. 636. Airport Police.

The Airport Police shall remain under the independent and autonomous control of the Department of Airports.

HARBOR DEPARTMENT

Sec. 650. Board Composition.

The Board of Harbor Commissioners shall consist of five members appointed and removed as provided in Section 502. The board shall include at least one member who resides within the area surrounding the Harbor District, as that area is defined by ordinance.

Sec. 651. Possession, Management and Control of the Harbor Assets.

(a) The Board of Harbor Commissioners shall have the possession, management and control of all navigable waters and all tidelands and submerged lands, whether filled or unfilled, situated below the line of mean high tide northerly and easterly of the United States government breakwater at Los Angeles Harbor and within the limits of the City of Los Angeles; and all harbor and port improvements, works, utilities, facilities and watercraft owned, controlled or operated by the department, as well as those properties referred to in Section 602(b) and (c).

The lands and waters, and interests therein, under the possession, management and control of the Board of Harbor Commissioners shall be known as the Harbor District. The Harbor District and all harbor and port improvements, works, utilities, facilities and watercraft owned, controlled, or operated by the department shall be known as the Harbor Assets.

(b) Prohibition of Sale. The City of Los Angeles and the Harbor Department shall not grant, sell, convey, alienate, transfer or otherwise dispose of any of the right, title or interest of the City in and to the tidelands and submerged lands of the Harbor District, or any part thereof; except that grants of these lands may be made to the State of California or to the United States for public purposes, when approved by a majority vote of the registered voters of the City voting upon the question.

(c) Public Use of Water Frontage.

(1) Reserved Space. Not less than ten thousand feet of the water frontage of Los Angeles Harbor, linear measurement, measured along the United States harbor lines, together with the necessary coterminous and adjacent tidelands and submerged lands as may be determined by the board and approved by the Council by ordinance, owned or controlled by the City, are hereby forever reserved for public use to be improved, controlled, maintained and operated by the City.

(2) Included Public Uses. The following uses are considered consistent with the public use requirement of subsection (c)(1) above:

(A) The assignment of berths or landings for the use of vessels at any wharf located in the reserved portion of the Harbor District if the assignment reserves to

the City the right to use the wharf or other facility when the assigned space is not required for the use of the permitee or licensee.

(B) The assignment of space in any warehouse, elevator, or like facility operated by the City, located in the Harbor District at the established rates for the use of these facilities.

Sec. 652. Powers and Duties of the Board.

The board shall have the power and duty to:

(a) Rules and Regulations. Make and enforce all necessary rules and regulations governing the maintenance, operation and use of the Harbor District, and enforce penalties for the violation of those rules and regulations.

(b) Harbor Traffic. Regulate and control the piloting, anchoring, mooring, towing and docking of all vessels and watercraft in the Harbor District.

(c) Control Over Harbor Facilities. Regulate and control the construction, maintenance, operation and use of any railroad, wharf, warehouse or other facility, utility, structure or improvement used in connection with the Harbor District.

(d) Dredging. Regulate and control all dredging, filling and excavating in the Harbor District.

(e) Rates. Fix and collect rates and charges for the use of the Harbor Assets, pilotage and towage, and any other service provided by the department.

(f) Development of the Harbor District. Acquire, provide for, construct, maintain and operate all improvements, utilities, structures, watercraft, facilities and services for Departmental Purposes and to acquire and take, by purchase, lease, condemnation or otherwise, in the name of the City, any property, real or personal, or any interest therein, and to designate the site for any public buildings, structures or facilities in the Harbor District. The power of condemnation shall only be exercised with the approval of Council.

Sec. 653. Rates, Rules and Regulations.

(a) Council Approval. The board, by order, shall make and enforce rules and regulations of general application, and fix, regulate and collect rates and charges. These orders must be approved by the Council by ordinance before they become effective.

(b) Temporary Rules or Rates. Notwithstanding subsection (a), the board shall have the power to enact, suspend or modify any rule, regulation, rate or charge, without Council approval, for a period not to exceed 90 days.

(c) Penalties. The Council shall, by ordinance, prescribe penalties for violation of the provisions of a rule or regulation adopted under this section. The Council may provide that violation constitutes a misdemeanor, and may declare penalties that include a fine not to exceed the maximum amount provided by the general laws of the state or imprisonment not exceeding six months or both.

Sec. 654. Limitations on Franchises, Permits, Licenses or Leases.

In addition to the limitations set forth in Section 607, franchises, permits, licenses or leases shall be subject to the following:

(a) Maximum Use of Water Frontage.

(1) Board Approval Required. Unless approved by a four-fifths vote of the board and approved by a two-thirds vote of Council, no franchise, permit, license or lease shall be made to any one person, firm or corporation to use in excess of 3,000 feet of the water frontage, linear measurement, measured along United States harbor lines of the Harbor District.

(2) Automatic Termination for Violation. No assignment, transfer, gift, hypothecation, or grant of control of a franchise, permit, license, or lease shall be valid for any purpose unless first approved by the board. Any franchise, permit, license or lease shall be terminated by operation of law if the holder of it attempts to assign, transfer, sublease, give, hypothecate or grant it and the result would be any usage by another person, firm or corporation of more than the 3,000 foot limitation described in subsection (a)(1).

(b) Prohibition on Leasing Harbor Property as Excess. No wharf, dock, pier, mole or transit shed owned or controlled by the City shall ever be leased for non-departmental purposes under Section 605(b).

(c) Revocation Upon Notice. Every assignment of a berth or landing, or of space in any warehouse, elevator or like facility operated by the City, or grant of a revocable permit shall be revocable by the general manager, without compensation to the grantee or lessee, upon notice.

Sec. 655. Powers and Duties of the General Manager.

In addition to those powers and duties described in Section 604, the general manager of the Harbor Department shall have the power and duty to:

(a) enforce all orders, rules and regulations adopted by the board relating to regulation, operation or control of the Harbor District;

(b) supervise and manage the design, construction, maintenance and operation of all work or improvements authorized or ordered by the board;

(c) designate and assign berths or landings for the use of vessels at any wharf or like facility at the established rates or charges, subject to the rules and regulations of the department;

(d) designate and assign space in any warehouse, elevator or similar facility at the established rates or charges and subject to the rules and regulations of the department;

(e) subject to approval of the board, grant revocable permits to use the lands and waters, or interests therein in the Harbor District, or any structure or appurtenance thereto, for any and all purposes which shall not interfere with commerce or navigation, and are not inconsistent with any trusts upon which the land may be held by the City;

(f) revoke any assignment made under subsection (c), (d), or (e) of this section in accordance with Section 654(c); and

(g) carry out all powers and duties of the department delegated by the board.

Sec. 656. Harbor Revenue Fund.

(a) Creation of Fund. All fees, charges, rentals and revenue from every source collected by the Harbor Department in connection with its possession, man-

agement and control of the Harbor District and Harbor Assets, shall be deposited in the City Treasury to the credit of the Harbor Revenue Fund.

(b) Use of Funds. The money in the Harbor Revenue Fund shall not be appropriated or used for any purposes except the following:

(1) Operation and Maintenance. For the necessary expenses of operating the Harbor Department, including the operation, promotion and maintenance of the Harbor Assets for Departmental Purposes.

(2) Development of Assets. For the acquisition, construction, completion and maintenance of Harbor Assets for Departmental Purposes, and for the acquisition or taking by purchase, lease, condemnation or otherwise of property, real or personal, or other interest necessary or convenient for Departmental Purposes.

(3) Payment of Bonds. For the payment of the principal and interest of bonds issued by the department or by the City for Departmental Purposes.

(4) Pension Contributions. For defraying the expenses of any pension or retirement system applicable to the employees of the department.

(5) Reimbursements. For reimbursements to another department or office of the City on account of services rendered, or materials, supplies or equipment furnished to support Departmental Purposes.

Sec. 657. Port Police.

The Los Angeles Port Police shall remain under the independent and autonomous control of the Harbor Department.

DEPARTMENT OF WATER AND POWER

Sec. 670. Board Composition.

The Board of Water and Power Commissioners shall consist of five members appointed and removed as provided in Section 502.

Sec. 671. The Los Angeles River.

The City of Los Angeles shall continue in the ownership and enjoyment of all the rights to the water of the Los Angeles River, vested in it and its predecessors, including the Pueblo of Los Angeles, and is hereby declared to have the full, free and exclusive right to all the water flowing in the river and also the exclusive ownership of, and the exclusive right to develop, economize, control, use and utilize all the water flowing beneath the surface in the bed of the river at any point from its sources to the intersection of the river with the southern boundary of the City.

Sec. 672. Possession, Management and Control of Water and Power Assets.

The Board of Water and Power Commissioners shall have the possession, management and control of:

(a) Water and Water Rights, Lands, and Facilities. Whether situated inside or outside of the City or the State of California, all the water and water rights of the Los Angeles River, all other water or water rights of every nature and kind owned or controlled by the City, and all the lands, rights-of-way, sites, facilities and property used for the capture, transportation, distribution and delivery of water for the benefit of the City, its inhabitants and its customers. The water and water

rights, lands, rights-of-way, sites, facilities and other interests of the City related to its water business under the possession, management and control of the board shall be known as the Water Assets.

(b) Electric Energy Rights, Lands and Facilities. All the electric energy rights, lands, rights-of-way, sites, facilities and property used for the generation, transportation, distribution and delivery of power for the benefit of the City, its inhabitants and its customers. The electric energy rights, lands, facilities and all other interests of the City related to its energy business under the possession, management and control of the board shall be known as the Power Assets.

Sec. 673. Water and Water Rights.

(a) Los Angeles River. The City shall not sell, lease or otherwise dispose of the City's rights in the waters of the Los Angeles River, in whole or in part.

(b) Other Water and Water Rights. Except as provided in this Article, no other water or water rights owned or controlled by the City shall ever be sold, leased or disposed of, in whole or in part, without the assent of two-thirds of the registered voters of the City voting on the proposition, and no water shall ever be sold, supplied or distributed to any person or corporation other than to municipalities for resale, rental or disposal to consumers for their own use.

(c) Exceptions. To the extent authorized in Section 677, the prohibitions in subsection (b) shall not apply to the ordinary sale and distribution of water or reclaimed water to City inhabitants for their own use, the supply or distribution by the City of surplus water or reclaimed water outside the City, or the exchange of water with any public agency.

Sec. 674. Power Contracts.

(a) Subject to approval by ordinance, the board shall have the power to contract with the United States or any of its agencies, any state or state agency, and any corporation, public or private, located inside or outside of the City or State of California:

(1) For the construction, ownership, operation, and maintenance of facilities for the generation, transformation, and transmission of electric energy, subject to the following:

(A) Any contract entered into under this subsection may provide for a sharing of the use and benefits and of the capital charges and other obligations associated with the facilities.

(B) The term of any contract entered into under this subsection is not subject to the term limitations specified in Section 607(a) and may extend over the useful life of the facilities constructed, purchased or developed.

(2) For the sale, purchase, exchange or pooling of electric energy or electric generating capacity.

(b) The board may renew, without Council approval, any contract with the United States existing as of December 12, 1940 concerning the delivery of electric energy to the City and the customers of the department from the Hoover Dam electric generating facility.

Sec. 675. Powers and Duties of the Board.

(a) Rules and Regulations. The board shall have the power and duty to make and enforce all necessary rules and regulations governing the construction, maintenance, operation, connection to and use of the Water and Power Assets for Departmental Purposes.

(b) Rates and Charges. The board shall have the power and duty to:

(1) regulate and control the use, sale and distribution of water, reclaimed water, surplus water, electric energy and surplus electric energy owned or controlled by the City;

(2) grant permits for connections with the water or electric works of the City and fix the charges for these connections;

(3) fix the rates to be charged for water, reclaimed water, surplus water, electric energy or surplus electric energy for use inside or outside the City in accordance with Section 676; and

(4) prescribe the time and the manner of payment for the collection of the rates and charges for water and electric energy.

(c) Development of the Water and Power Assets. The board shall have the power and duty to acquire, provide for, construct, extend, maintain and operate all improvements, utilities, structures, facilities and services as it may deem necessary or convenient for Departmental Purposes.

(d) Real Estate Interests.

(1) The board shall have the power and duty to acquire and take, by purchase, lease, condemnation or otherwise, in the name of the City, any and all property, real or personal, or any interest therein, situated inside or outside the City or State of California, that may be necessary or convenient for Departmental Purposes. The power of condemnation shall only be exercised with the approval of Council.

(2) Subject to the water and water rights of the City set forth in Section 673, no real property or any rights or interests in real property held by the board shall be sold, leased or otherwise disposed of, or in any manner withdrawn from its control, unless by written instrument authorized by the board, and approved by the Council.

(e) Incidental Authority. The board also shall also have the power to:

(1) enter into agreements with department customers to engage in co-generation projects;

(2) finance the sale and use of systems, equipment, devices or materials designed to conserve the use of water or electric energy;

(3) purchase, sell or exchange by-products of electrical power generation such as steam, hot water, chilled water or other thermal energy products;

(4) advertise its products and services to increase any of its businesses; and

(5) dispose, from time to time, of personal property, that is no longer necessary or suitable for the use of the Department.

Sec. 676. Rate Setting.

(a) Rate Setting Procedure. Subject to approval by ordinance, rates for water, reclaimed water, surplus water, electric energy and surplus energy shall be fixed

by the board from time to time as necessary. Except as otherwise provided in the Charter, rates shall be of uniform operation for customers of similar circumstances throughout the City, as near as may be, and shall be fair and reasonable, taking into consideration, among other things:

(1) the nature of the uses;

(2) the quantity supplied; and

(3) the value of the service.

The rates inside the City may be less, but not greater, than the rates outside the City for the same or similar uses.

(b) Individual Power Contracts. Rates for electric energy may be negotiated with individual customers, provided that these rates are established by binding contract, contribute to the financial stability of the electric works and are consistent with procedures established by ordinance.

Sec. 677. Sale or Exchange of Water and Power.

The board shall have the power:

(a) Surplus Water. To supply and distribute any surplus water owned or controlled by the City and not required for the use of consumers served by the City within its limits:

(1) to consumers outside the City for their own use; and

(2) to municipalities outside the City for municipal uses, or for resale, disposal or distribution to consumers within those municipalities, subject to the following:

(A) Any contract for the supply or distribution of surplus water shall be subject to the paramount right of the City, at any time, to discontinue the contract, in whole or in part, and to take, hold and distribute, the surplus water for the use of the City and its inhabitants.

(B) Contracts for supplying surplus water by the City to other municipalities outside the City may be made by the board for periods not exceeding 15 years, and upon terms and conditions set by the board and approved by ordinance. Any contract shall include the right to terminate the contract upon three years written notice to the municipality that the water supplied under the contract is required for the City and its inhabitants.

(C) Prior to execution, the contract must be assented to by a majority of the registered voters of the City voting on the question at a regular or special election.

(b) Exchange of Water. To enter into contracts with any public agency for the exchange of water as long as the water exchanged is replaced in full to the City within a reasonable period set by the board.

(c) Reclaimed Water. To supply and distribute reclaimed water to consumers served by the City within its limits, to consumers outside the City for their use, and to public agencies outside of the City for public uses and for resale, disposal or distribution to consumers within the public agency's jurisdiction.

(d) Surplus Energy. To supply and distribute or exchange any surplus electric energy, owned or controlled by the City and not required for the use of consumers

served by the City within its limits, to any person or entity whether located inside or outside of the City.

Sec. 678. Powers and Duties of the General Manager.

In addition to the powers described in Section 604, the general manager of the department shall have the power and duty to:

(a) enforce all orders, rules and regulations adopted by the board;

(b) supervise and manage the design, construction, maintenance and operation of all work or improvements authorized or ordered by the board; and

(c) carry out all powers and duties of the department delegated by the board.

Sec. 679. Water and Power Revenue Funds.

(a) Water Revenue Fund. All revenue from every source collected by the department in connection with its possession, management and control of the Water Assets of the City shall be deposited in the City Treasury to the credit of the Water Revenue Fund.

(b) Power Revenue Fund. All revenue from every source collected by the department in connection with its possession, management and control of the Power Assets of the City shall be deposited in the City Treasury to the credit of the Power Revenue Fund.

(c) Use of Funds. The money in the Water Revenue Fund and Power Revenue Fund may not be appropriated, transferred or expended for any purposes except the following:

(1) Operation and Maintenance. For the necessary expenses of operating the department, including the operation, promotion and maintenance of the Water and Power Assets for Departmental Purposes.

(2) Retirement of Indebtedness. For the payment of the principal and interest, due or coming due during the fiscal year in which the revenues are received, or are to be received, upon outstanding notes, certificates or other evidences of indebtedness issued against revenues from the Water or Power Assets or bonds or other evidences of indebtedness of the department.

(3) Development of Assets. For the necessary expenses of constructing, extending and improving the Water or Power Assets, including the purchase or condemnation of lands, water rights and other property for Departmental Purposes.

(4) Reimbursements. For reimbursement to another department or office of the City on account of services rendered, or materials, supplies or equipment furnished to support Departmental Purposes.

(5) Promotion of Business. For the promotion of any of its products or services.

(6) Promotion of Conservation. For the development, or promotion or use of systems, equipment, devices or materials by department customers that conserve utilization of water, electric energy and related departmental services.

(7) Employee Benefits. For defraying the expenses of any pension or retirement system and health or other benefits applicable to the employees of the department.

(8) Bond Reserve Funds. For establishing and maintaining a reserve fund to insure the payment at maturity of the principal and interest on all bonds now outstanding or hereafter issued for Departmental Purposes and the money set aside and placed in these funds shall remain in the funds until expended and shall not be transferred to the Reserve Fund of the City.

(9) General Fund Transfers. To be transferred to the City General Fund as provided in Section 344.

Sec. 680. Other Enterprises.

(a) Entry into Any Other Business. Notwithstanding any provision in the Charter to the contrary, the Council, upon making a finding that it is in the best interests of the City, may by ordinance authorize the department to engage in any lawful business enterprise that is in the best interests of the City's inhabitants and that will not interfere with the department's role as a provider of water and power to the City's inhabitants.

(b) Entry into Public Utility Competition. Without limiting the provisions of subsection (a), the Council may by ordinance adopted by a two-thirds vote and approved by the Mayor, or passed by three-fourths vote of the Council over the veto of the Mayor, authorize the department to provide electricity service or any other service, which may be provided by another utility or direct competitor to any person or entity, whether situated inside or outside of the City or the State of California.

(c) Prohibition of Entry into Water Service Outside Service Area. Water service or products that would be provided outside the department's retail service area are specifically excluded from the provisions of this section.

(d) No Limitation on Department. Nothing in this section limits any right, power or authority granted to the department or to the board elsewhere in the Charter.

Sec. 681. Division of Departmental Functions.

(a) Division. Notwithstanding any provision in the Charter to the contrary, the board shall have the power to divide the functions of the department into two divisions. A Division of Water Services shall carry out the Departmental Purposes associated with water and a Division of Electric Services shall carry out the Departmental Purposes associated with electric energy. Each division shall be directed by a general manager appointed, removed and evaluated, and vested with the same powers and duties provided in Sections 604 and 678.

(b) Consolidation. Upon the division of departmental functions provided in subsection (a), the board shall have the power to discontinue the divisions and consolidate the functions of the department under the direction of a single general manager.

Sec. 682. Health Benefits.

The Board of Water and Power Commissioners may provide by order or resolution for health insurance and similar benefits to active employees and department retirees. The board shall determine eligibility and required contributions and other

terms and conditions in its order or resolution establishing or modifying these benefits.

ARTICLE VII
CITY ETHICS COMMISSION; SPECIAL PROSECUTOR

Sec. 700. City Ethics Commission.

(a) Establishment. There shall be a City Ethics Commission that shall have the powers, duties and responsibilities set forth in this Article and elsewhere in the Charter. The commission shall have five members, each of whom shall be a part-time commissioner.

(b) Appointment. The Mayor, the City Attorney, the Controller, the President of the Council and the President Pro Tem of the Council shall each appoint one member to the commission. All appointments shall be subject to confirmation by a majority vote of the Council. A President and Vice President of the commission shall be selected by the commission and shall serve in those capacities as set forth in Section 503.

(c) Terms of Office. The members of the commission, including the president, shall serve staggered five-year terms beginning on July 1 and ending on June 30. No member who has served a complete five-year term shall be eligible for reappointment.

(d) Qualifications. Each member of the commission shall be a registered voter of the City. During his or her tenure, neither a member of the commission nor its Executive Director shall hold any other public office, participate in or contribute to a City election campaign or to a City official running for any elective office, or employ or be employed as a person required to register as a lobbyist with the City of Los Angeles. Neither a member of the commission nor its Executive Director shall seek election to any City office concerning which the commission has made a decision during the term of the commissioner or Executive Director unless the election for that office is to be held at least two years following the expiration of the term of office of the commissioner or Executive Director.

(e) Removal. Members of the commission may be removed by the Mayor, with the concurrence of the Council by majority vote, or by a two-thirds vote of the Council for substantial neglect of duty, gross misconduct in office, inability to discharge the powers and duties of office or violation of this Article, after written notice of the grounds on which removal is sought and an opportunity for a reply.

(f) Vacancies. Appointments to fill vacancies on the commission shall be made within 30 days by the same appointing authority who appointed the prior holder of the position. Appointments to fill vacancies shall be for the unexpired term of the member whom the appointee succeeds. A vacancy or vacancies shall not impair the right of the remaining members to exercise the powers of the Commission.

(g) Quorum. Three members shall constitute a quorum, and the concurring vote of at least three members shall be required to take any action.

(h) Compensation; Expenses. Members of the commission shall be compensated in the same manner and at the same rate as provided by Section 501. The members of the commission shall be reimbursed for expenses incurred in the performance of their official duties.

Sec. 701. Executive Director, Commission Staff and Delegation of Authority.

(a) The Commission shall appoint and has the authority to discharge an Executive Director, who shall act in accordance with commission policies and regulations and with applicable law. The Executive Director shall serve at the will of the commission, shall not be subject to civil service provisions, and shall have no property interest in his or her employment. The salary of the Executive Director shall be set by the Council, subject to approval of the Mayor and shall be based on a recommendation submitted by the Director of the Office of Administrative and Research Services after a review and analysis of the responsibilities and authority vested in the position. The Executive Director shall not serve in that capacity for more than ten years.

(b) The Executive Director shall appoint and has the authority to discharge commission staff members and prescribe their duties. Non-clerical personnel of the commission shall serve at the will of the Executive Director, shall not be subject to civil service provisions, and shall have no property interest in their employment.

(c) The commission may delegate authority to the Executive Director to act on behalf of the commission between meetings of the commission, except that rules, regulations and adjudicatory decisions can only be acted upon by the commission.

Sec. 702. Duties and Responsibilities of the Ethics Commission.

The commission shall have responsibility for the impartial and effective administration and implementation of the provisions of the Charter, statutes and ordinances concerning campaign financing, lobbying, conflicts of interest and governmental ethics.

The City Ethics Commission shall have the following duties and responsibilities:

(a) to receive documents required to be filed pursuant to, and to otherwise administer, the provisions of Section 470 and to conduct audits as otherwise set forth in that Section;

(b) to receive documents required to be filed pursuant to, and to otherwise administer, the provisions of the City's municipal lobbying ordinance;

(c) to act as the filing officer and to otherwise receive documents in any instance where the City Clerk would otherwise be authorized to do so pursuant to Chapters 4 and 7 of the California Political Reform Act of 1974 (Government Code Section 81000, et seq.), as amended;

(d) to audit disclosure statements and other relevant documents and investigate alleged violations of state law, the Charter and City ordinances relating to limitations on campaign contributions and expenditures, lobbying, governmental ethics

and conflicts of interest and to report the findings to the City Attorney and other appropriate enforcement authorities. Audits shall be conducted of every candidate receiving public matching funds and may be conducted of other candidates and committees involved in City elections;

(e) to provide assistance to agencies and public officials in administering the provisions of the Charter and other laws relating to campaign finance, conflicts of interest and governmental ethics;

(f) to make recommendations to the Mayor and the Council concerning campaign finance reform, lobbying, governmental ethics and conflicts of interest and to report to the Council every three years concerning the effectiveness of these laws;

(g) to maintain a whistle-blower hot line;

(h) to annually adjust the limitation and disclosure thresholds required by City law to reflect any increases or decreases in the Consumer Price Index. Adjustments shall be rounded off to the nearest hundred dollars for the limitations on contributions and the nearest thousand dollars for the limitations on expenditures and the matching funds provisions of relevant ordinances;

(i) to assist departments in developing their conflict of interest codes as required by state law;

(j) to advocate understanding of the Charter, City ordinances and the roles of elected and other public officials, City institutions and the City electoral process;

(k) to have full charge and control of its office, to be responsible for its proper administration, to submit annually a proposed budget and to expend the funds of the office, all as otherwise prescribed by law; and

(*l*) to receive grants, gifts and appropriations, subject to the approval of the Council.

Sec. 703. Rules and Regulations.

(a) The commission may adopt, amend and rescind rules and regulations, subject to Council approval without modification, to carry out the purposes and provisions of the Charter and ordinances of the City relating to campaign finance, conflicts of interest, lobbying, and governmental ethics and to govern procedures of the commission.

(b) Within 60 days after a rule or regulation is adopted by the commission, the Council shall hold a public hearing concerning the matter and act to approve or disapprove the rule or regulation in the form approved by the commission by ordinance. If the Council fails to disapprove within the 60 day period, the rule or regulation shall be presented to the Mayor for approval or veto, and to the Council for override of the Mayor's veto. If approved by the Mayor, or the Mayor fails to act, or approved by the Council on override of the Mayor's veto, the rule or regulation shall have the force of law. Violation of the rule or regulation shall be subject to those penalties and remedies as may be provided.

Sec. 704. Additional Duties.

The commission shall have the following additional duties, which may be exercised by motion or order:

(a) Prescribe forms for reports, statements, notices and other documents required by the Charter, ordinances or other laws relating to campaign financing, conflicts of interest, lobbying or governmental ethics.

(b) Prepare and publish manuals and instructions setting forth methods of bookkeeping, preservation of records to facilitate compliance with and enforcement of the above laws, and explaining applicable duties of persons and committees.

(c) Develop an educational program consisting of the following components:

(1) seminars, when deemed appropriate, to familiarize newly elected and appointed officers and employees, candidates for elective office and their campaign treasurers, and lobbyists with City, state and federal ethics laws and the importance of ethics to the public's confidence in municipal government.

(2) annual seminars for top-level officials, including elected officers and commissioners, to reinforce the importance of compliance with and to inform them of any changes in the law relating to conflicts of interest and governmental ethics.

(3) a manual that summarizes, in simple, non-technical language, ethics laws and reporting requirements applicable to City officers and employees, instructions for completing required forms, questions and answers regarding common problems and situations, and information regarding sources of assistance in resolving questions. The manual shall be updated when necessary to reflect changes in applicable City, state and federal laws governing the ethical conduct of City employees.

Sec. 705. Requests for and Issuances of Opinions; Advice.

(a) Any person may request the commission to issue a written opinion with respect to his or her duties under provisions of the Charter or any ordinance relating to campaign finance, conflicts of interest, lobbying or governmental ethics. The commission shall, within 14 days, either issue a written opinion or advise the person who made the request whether an opinion will be issued. No person who acts in good faith on a written opinion issued to him or her by the commission shall be subject to criminal or civil penalties for so acting, provided that the material facts are as stated in the opinion request. The commission's opinions shall be public records and may from time to time be published.

(b) Any person may request the commission to provide written advice with respect to the person's duties under provisions of the Charter or any ordinance relating to campaign finance, conflicts of interest, lobbying, or governmental ethics. Advice shall be provided within 21 working days of the commission's actual receipt of the request, except that the time may be extended by the commission for good cause. Reliance on the advice, or the failure of the Commission to provide the advice within 21 working days of its receipt of the request, or within the extended time for response, shall be a complete defense in any enforcement proceeding initiated by the commission, and evidence of good faith conduct in any other civil or criminal proceeding if the requester, at least 21 working days prior to the alleged violation, requested written advice from the commission in good faith, disclosed truthfully all the material facts, and committed the acts complained of

either in reliance on the advice or because of the failure of the commission to provide advice within 21 days of the request or such later extended time.

Sec. 706. Investigations and Enforcement Proceedings.

The commission shall conduct investigations of alleged violations of state law, the Charter and City ordinances relating to campaign financing, lobbying and conflicts of interest and governmental ethics.

Any person who violates any provision of the Charter or of a City ordinance relating to campaign financing, lobbying, conflicts of interest or governmental ethics, or who causes any other person to violate any provision, or who aids and abets any other person in a violation, shall be liable under the provisions of this Article.

(a) Investigations.

(1) If the commission, upon the sworn complaint of any person or on its own initiative, first determines that there is sufficient cause to conduct an investigation, it shall investigate alleged violations of state law, the Charter or City ordinances relating to campaign financing, lobbying, conflicts of interest and governmental ethics. The commission shall not be required to investigate a complaint filed with it unless the complaint identifies the specific alleged violation which forms the basis for the complaint and contains sufficient facts to warrant an investigation.

(2) The investigation shall be conducted in a confidential manner. Records of any investigation shall be considered confidential information pursuant to Section 18362 of Title 2 of the California Code of Regulations, as amended, or any successor provision. Any member or employee of the commission or other person who, prior to a determination by the Executive Director whether or not to proceed with an administrative or other enforcement action, discloses information about any preliminary investigation, except as necessary to conduct the investigation, shall be liable pursuant to this Article. The unauthorized release of confidential information shall be sufficient grounds for the termination of the employee or removal of the commissioner responsible for the release. The termination of clerical employees only shall be subject to applicable civil service provisions.

(3) The commission and any special prosecutor may subpoena witnesses, compel their attendance and testimony, administer oaths and affirmations, take evidence and require by subpoena the production of any books, papers, records or other items material to the performance of the commission's duties or exercise of its powers.

(b) Findings of Probable Cause; Administrative Enforcement. If the Executive Director of the commission determines that there is probable cause to believe that a provision of the Charter or City ordinances relating to campaign financing, lobbying, conflicts of interest or governmental ethics has been violated, the Executive Director shall cause an administrative enforcement accusation to be issued and served. No finding of probable cause shall be made by the commission unless, at least 21 days prior to the commission's consideration of the alleged violation, the person alleged to have committed the violation is notified of

the alleged violation by service of process or registered mail with return receipt requested, is provided with a summary of the evidence, and is informed of his or her right to be present in person and represented by counsel at any proceeding held for the purpose of considering whether probable cause exists for believing the person committed the violation. Notice to the alleged violator shall be deemed made on the date of service, the date the registered mail receipt is signed, or, if the registered mail receipt is not signed, the date returned by the post office. A proceeding held for the purpose of considering probable cause shall be private unless the alleged violator files with the commission a written request that the proceeding be public.

(c) Administrative Hearings, Orders and Penalties. After an accusation is issued and served, the commission shall cause a public evidentiary hearing to be held to determine if a violation has occurred. When the commission determines on the basis of substantial evidence presented at the hearing that a violation has occurred, it shall issue an order which may require the violator to:

(1) cease and desist the violation;

(2) file any reports, statements or other documents or information required by law; and/or

(3) pay a monetary penalty to the General Fund of the City of up to five thousand dollars ($5,000) for each violation or three times the amount which the person failed to report properly or unlawfully contributed, expended, gave or received, whichever is greater. When the commission determines that no violation has occurred, it shall publish a declaration so stating.

(d) Referrals Between Agencies. Regardless of whether the Executive Director makes a formal determination concerning probable cause, he or she may refer the matter to another appropriate agency for purposes of enforcement.

Sec. 707. Divestiture.

In the event a member of a City board or commission is disqualified during any 365 day period from acting on (1) three or more agenda matters by reason of the same investment in a business entity, the same interest in real property or the same source of income, or (2) 1% or more of the matters pending before the board or commission by reason of any investments in business entities, any interests in real property or any sources of income, the commission shall examine the nature and extent of the conflicts and shall determine whether the member has a significant and continuing conflict of interest. If the commission so determines, it shall order divestment of the conflicting investment, interest or source of income. The Council may, by ordinance, impose additional requirements to assure that continuing conflicts of interest by members of boards and commissions are adequately monitored and avoided.

Sec. 708. Legal Services.

The City Attorney shall provide legal services to the commission. Notwithstanding Section 275, the commission may employ or contract for staff counsel to give advice to the commission and to take such action as the commission may

direct on matters which directly involve the conduct of the City Attorney, his or her office, or his or her election campaign.

Sec. 709. Judicial Review.

Any interested person may seek judicial review of any action of the commission.

Sec. 710. Appointment of Special Prosecutor.

(a) Notwithstanding Section 275, when the City Attorney determines that his or her office has a possible conflict of interest and that the office should not investigate or prosecute alleged violations of the Charter, City ordinances or regulations, or statutes relating to campaign financing, lobbying, conflicts of interest or governmental ethics, the City Attorney shall notify the City Ethics Commission, which by a four-fifths vote of all of its members may request the appointment of a special prosecutor to conduct the investigation. A special prosecutor shall not be appointed when it appears from a preliminary investigation that an alleged violation will warrant only an action for civil damages or administrative penalties.

(b) The request for the appointment of a special prosecutor shall be made to a standing committee composed of three retired judges selected by the commission at the beginning of each odd-numbered year. The three judge panel shall name the special prosecutor, who upon appointment shall have the authority to file and prosecute criminal and civil actions in the name of the People.

(c) Each fiscal year there shall be included in the budget of the City Ethics Commission the sum of two hundred fifty thousand dollars ($250,000) for expenditure to support any special prosecutor appointed pursuant to this section. In the event that all these funds have been or are likely to be expended before the end of any fiscal year, the commission may ask the Council for an additional appropriation. Under no circumstance shall the amount appropriated or provided under contract for a special prosecutor exceed two hundred fifty thousand dollars ($250,000) in any fiscal year without Council approval. The Council shall have 30 days (excluding weekends and holidays) following its receipt to accept, reject, or modify a request for additional funds from the commission. The Mayor shall act on the Council's action within five days (excluding weekends and holidays). If the Mayor vetoes the Council's action, the Council shall have five days (excluding weekends and holidays) to override that veto by a two-thirds vote.

(d) A special prosecutor appointed pursuant to this section may be removed from office only by the action of the commission, and only for good cause, physical disability, mental incapacity, or any other condition that substantially impairs the performance of the special prosecutor's duties.

Sec. 711. Appropriation.

The Council shall appropriate funds for the commission at least one year in advance of each subsequent fiscal year.

Sec. 712. Authority; Conflict with other Charter Provisions.

This Article is adopted pursuant to and under the authority of Article XI, Section 5 of the California Constitution, and California Government Code Section 81013.

In the event any provision of this Article conflicts with other provisions of the Charter, this Article shall prevail.

ARTICLE VIII
BOARD OF EDUCATION

Sec. 800. Authority.

The provisions of this Article are adopted pursuant to the City's authority under California Constitution Article XI, Section 5, and Article IX, Section 16.

Sec. 801. Board of Education.

The Board of Education of the Los Angeles Unified School District shall consist of seven members, elected by districts.

Sec. 802. Redistricting.

(a) Redistricting by Ordinance. Commencing in 2002, the Council shall by ordinance redistrict the Los Angeles Unified School District into seven districts designated in the ordinance by numbers from one to seven, inclusive. Those districts shall be used for all elections of members of the Board of Education, including their recall, and for filling any vacancy in the office of member of the Board of Education, after the effective date of the ordinance and until new districts are established.

(b) Redistricting Commission. There shall be a Redistricting Commission to advise the Council on drawing of Board district lines. The Commission members shall be appointed in the following manner: one by each member of the Board of Education, four by the Council President, and four by the Mayor. Notwithstanding the provision of Section 501(d), one of the Council President's appointees, and one of the Mayor's appointees, must reside within the Los Angeles Unified School District but outside the limits of the City. No officer or employee of the School District shall be eligible to serve on the Commission. The Redistricting Commission shall appoint a director and other personnel, consistent with budgetary approval, which positions shall be exempt from the civil service provisions of the Charter.

(c) Redistricting Process. The Redistricting Commission shall be appointed before the date by which the Census Bureau is to release the decennial census data. A new Commission shall be appointed to advise the Council prior to each subsequent redistricting. The Commission shall begin the redistricting process at any time after the necessary data are obtained from the most recent Federal Census, but no later than January 1, 2002 and each subsequent tenth anniversary of that date. The Commission shall seek public input throughout the redistricting process. The Commission shall present its proposal for redistricting to the Council no later than a date prescribed by ordinance.

The Council shall adopt a redistricting ordinance no later than July 1, 2002, and each subsequent tenth anniversary of that date. Nothing in this section shall prohibit the Council from redistricting with greater frequency provided that dis-

tricts so formed each contain, as nearly as practicable, equal portions of the total population of the Los Angeles Unified School District as shown by the Federal Census immediately preceding the formation of districts or based upon other population reports or estimates as may be determined by the Council to be substantially reliable.

(d) Criteria for Redistricting. All districts shall be drawn in conformance with the requirements of state and federal law and to the extent feasible shall keep neighborhoods and communities intact, utilize natural boundaries or street lines, be geographically compact, and conform to high school attendance zones.

(e) Effect of Redistricting on Incumbents. No change in the boundary or location of any district by redistricting shall operate to abolish or terminate the term of office of any member of the Board of Education prior to expiration of the term of office for which that member was elected.

(f) Annexation or Consolidation. Territory added to the Los Angeles Unified School District after the adoption of a districting ordinance shall be added to an adjacent and contiguous district or districts by the Council by ordinance.

(g) Terms of Office. Members of the Board of Education shall hold their office for a term of four years. The terms of office of those Board members elected from odd-numbered districts shall commence during each fourth anniversary of 1979, and for the members elected from even numbered districts shall commence during each fourth anniversary of 1981.

Sec. 803. Election of Board Members.

The election of Members of the Board of Education of the Los Angeles Unified School District shall be conducted in accordance with the provisions of Article IV of the Charter and applicable ordinances consistent with the Charter.

Sec. 804. Compensation.

Each member of the Board of Education shall receive, in full compensation for all services of every kind rendered by him or her, such amounts payable from funds of the school district, as are now or may hereafter be provided by the general laws of this state.

Sec. 805. Powers of the Board.

The Board of Education shall have power to control and manage the public schools of the Los Angeles Unified School District in accordance with the Constitution and laws of the state.

ARTICLE IX
DEPARTMENT OF NEIGHBORHOOD EMPOWERMENT

Sec. 900. Purpose.

To promote more citizen participation in government and make government more responsive to local needs, a citywide system of neighborhood councils, and a Department of Neighborhood Empowerment is created. Neighborhood Councils shall include representatives of the many diverse interests in communities and shall have an advisory role on issues of concern to the neighborhood.

Sec. 901. Department of Neighborhood Empowerment.

The Department of Neighborhood Empowerment shall have the duties and responsibilities set forth in this article and elsewhere in the Charter to implement and oversee the ordinances and regulations creating the system of neighborhood councils enacted pursuant to Section 905. Duties and responsibilities shall include:

(a) prepare a plan for the creation of a system of neighborhood councils to ensure that every part of the City is within the boundary of a neighborhood council, and has an opportunity to form a neighborhood council (Plan);

(b) assist neighborhoods in preparing petitions for recognition or certification, identifying boundaries that do not divide communities, and organizing themselves, in accordance with the Plan;

(c) arrange Congress of Neighborhood meetings if requested to do so by recognized neighborhood councils;

(d) assist neighborhood councils with the election or selection of their officers;

(e) arrange training for neighborhood councils' officers and staff;

(f) assist neighborhood councils to share resources, including offices, equipment, and other forms of support for them to communicate with constituents, other neighborhood councils and with government officials; and

(g) perform other duties as provided for by ordinance.

Sec. 902. Board of Neighborhood Commissioners.

(a) There shall be a board of seven commissioners to be known as the Board of Neighborhood Commissioners (board). Commissioners shall be appointed by the Mayor, and shall be from diverse geographic areas, as further specified by ordinance. Appointment and removal of commissioners shall otherwise be in accordance with Section 502.

(b) The board shall be responsible for policy setting and policy oversight, including the approval of contracts and leases and the promulgation of rules and regulations, but shall not be responsible for day-to-day management.

(c) The board shall operate in accordance with Sections 503 through 508 and 510 of the Charter.

Sec. 903. General Manager.

(a) There shall be a general manager of the Department of Neighborhood Empowerment who shall be appointed by the Mayor, subject to confirmation by the Council, and may be removed as provided in Section 508.

(b) The general manager shall have those powers and duties set forth in Section 510.

(c) The general manager shall appoint, discharge and prescribe the duties of the staff, consistent with the civil service provisions of the Charter.

Sec. 904. Development of the Neighborhood Council Plan.

The Department of Neighborhood Empowerment shall develop a Plan for a citywide system of neighborhood councils, in conformance with the following:

(a) The Department of Neighborhood Empowerment shall seek public input in the formulation of the Plan.

(b) The Plan shall contain a statement of goals, policies and objectives of the Neighborhood Council system, and shall contain specific regulations, in draft ordinance format (Regulations) which, if adopted by ordinance, would be sufficient to implement the Plan.

(c) The Regulations shall establish the method by which boundaries of the neighborhood councils will be determined. The system for determining boundaries shall maintain neighborhood boundaries to the maximum extent feasible, and may consider community planning district boundaries where appropriate.

(d) The Regulations must ensure that all areas of the City are given an equal opportunity to form neighborhood councils.

(e) The Regulations shall establish the procedure and criteria for recognition or certification of neighborhood councils.

(f) The Regulations shall not restrict the method by which the members of a neighborhood council are chosen, if the process otherwise satisfies the requirements of this Article.

(g) The Regulations shall require that neighborhood councils adopt fair and open procedures for the conduct of their business.

(h) The Mayor and Council shall provide for the creation of the Department of Neighborhood Empowerment and appointment of the general manager within 120 days of the effective date of this Article.

Sec. 905. Implementation of the Plan.

The Department of Neighborhood Empowerment shall complete development of the Plan and present the Plan and all necessary Regulations for a system of neighborhood councils to the Council and Mayor within one year of the establishment of the department and commission. The Council shall consider the Regulations, and within six months after presentation of the Plan to Council may adopt ordinances to implement the Regulations as proposed, or as modified by the Council consistent with the requirements of the Plan set forth in Section 904. If implementing ordinances are not adopted within this time period, the Regulations shall become effective, and to the extent not inconsistent with law shall be binding upon all City departments and offices.

Sec. 906. Certification of Neighborhood Councils.

(a) By-laws. Each neighborhood council seeking official certification or recognition from the City shall submit an organization plan and by-laws to the Department of Neighborhood Empowerment showing, at a minimum:

(1) the method by which their officers are chosen;

(2) neighborhood council membership will be open to everyone who lives, works or owns property in the area (stakeholders);

(3) assurances that the members of the neighborhood council will reflect the diverse interests within their area;

(4) a system through which the neighborhood council will communicate with stakeholders on a regular basis;

(5) a system for financial accountability of its funds; and

(6) guarantees that all meetings will be open and public, and permit, to the extent feasible, every stakeholder to participate in the conduct of business, deliberation and decision-making.

(b) Petitioning for Certification and Approval. Neighborhood councils may petition for certification or recognition in accordance with rules and procedures set forth in the Plan.

Sec. 907. Early Warning System.

The Regulations shall establish procedures for receiving input from neighborhood councils prior to decisions by the City Council, City Council Committees and boards and commissions. The procedures shall include, but need not be limited to, notice to neighborhood councils as soon as practical, and a reasonable opportunity to provide input before decisions are made. Notices to be provided include matters to be considered by the City Council, City Council Committees, and City boards or commissions.

Sec. 908. Powers of Neighborhood Councils.

Subject to applicable law, the City Council may delegate its authority to neighborhood councils to hold public hearings prior to the City Council making a decision on a matter of local concern.

Sec. 909. Annual City Budget Priorities.

Each neighborhood council may present to the Mayor and Council an annual list of priorities for the City budget. The Mayor shall inform certified neighborhood councils of the deadline for submission so that the input may be considered in a timely fashion.

Sec. 910. Monitoring of City Services.

Neighborhood councils shall monitor the delivery of City services in their respective areas and have periodic meetings with responsible officials of City departments, subject to their reasonable availability.

Sec. 911. Appropriation.

The Mayor and Council shall appropriate funds for the Department of Neighborhood Empowerment and for the startup and functioning of neighborhood councils for the first two years after the effective date of this Article. Funds shall be appropriated into a special fund to be established by ordinance. The Mayor and Council shall thereafter appropriate funds for the department and neighborhood councils at least one year in advance of each subsequent fiscal year.

Sec. 912. Review.

The Mayor and Council shall appoint a commission as prescribed by ordinance to evaluate the provisions of this Article, the Regulations adopted pursuant to this Article, and the efficacy of the system of neighborhood councils no later than seven years after the adoption of the Charter. The commission shall make recommendations to the Council regarding changes to the Charter or the Regulations, as it deems appropriate.

Sec. 913. Transfer of Powers.

Notwithstanding any other provision of the Charter, the Mayor and Council shall not transfer powers, duties or functions of the Department of Neighborhood Empowerment to any other department, office or agency pursuant to Section 514 during the first five years after implementation of the Plan pursuant to Section 905.

Sec. 914. Effect of Ordinances.

The Council may adopt ordinances concerning neighborhood councils consistent with requirements for the Plan set forth in Section 904 at any time, which ordinances shall supercede any inconsistent Regulations that have become effective pursuant to Section 905.

ARTICLE X
EMPLOYMENT PROVISION

CIVIL SERVICE

Sec. 1000. Applicability.

The provisions of this Article shall apply to all employees of the City, except for those specifically exempted in Section 1001.

Sec. 1001. Exemptions.

Each of the following positions shall be exempt from this Article:

(a) Exempt Positions.

(1) All officers elected by the people.

(2) All members of the boards of commissioners.

(3) All chief administrative officers of the City's departments and offices and the Directors of the Public Works' Bureaus of Contract Administration, Engineering, Sanitation, Street Lighting and Street Services.

(4) Two positions in the class of Assistant General Manager or Deputy Director in each City office or department, and two positions in the class of Assistant Director in each of the Public Works Bureaus of Contract Administration, Engineering, Sanitation, Street Lighting and Street Services, and two positions in the class of Deputy Controller in the Office of Controller.

(5) All Deputy Chiefs of Police.

(6) Positions in the Office of the Mayor.

(7) Positions established by the Council for the purpose of assisting the members of the Council in the performance of their duties, except for clerical personnel.

(8) All positions in the office of the City Attorney.

(9) The Chief Financial Officer of the Department of Water and Power.

(10) The Executive Director of the Board of Police Commissioners.

(11) The Inspector General of the Police Department.

(12) The Executive Officer and all non-clerical personnel of the City Ethics Commission.

(13) All Assistant Directors in the Office of Administrative and Research Services.

(14) The Traffic Manager and the Port Warden of the Harbor Department.

(15) Crossing Guards.

(16) All physicians and psychologists subject to Section 1040.

(17) All officers of election.

(18) Persons specially employed by the City Clerk, as authorized by the provisions of Section 405 of the Charter, to assist in the conduct of any election.

(19) Positions elsewhere specifically exempted by the Charter.

(b) Management, Professional, Scientific or Expert Services. In addition to those positions described in subsections (a), (c) and (d) of this section, up to 150 persons to provide management services or to render professional, scientific or expert services of an exceptional character to offices or departments including the Proprietary Departments. Appointments under this subsection shall be subject to the following:

(1) As to each position to be exempted under this subsection, and prior to the initiation of the selection process to fill the position, the Mayor shall forward to the Council a recommendation for an exempt position which sets forth the educational, experience and other professional requirements of the position and describes the circumstances presented by the department seeking the appointment that preclude filling the position through the civil service system. Within ten Council meeting days from receipt of the recommendation, the Council may by two-thirds vote disapprove the Mayor's recommendation for the exemption. If the Council does not act on the recommendation within the specified time period, the recommendation shall be deemed approved. When the position is vacated, the exemption shall terminate unless re-authorized in accordance with this subsection.

(2) No person may be employed under this subsection if he or she has served in an exempt position in the office of an elected City official in the prior two years unless he or she meets the professional experience requirements established for the position.

(3) Persons who have been exempted or who have been appointed to an exempt position prior to the effective date of this Charter, will retain their exemption. Exemptions under this subsection shall be prospective and shall be made only at the time of filling a vacant position.

(4) Council may, by ordinance adopted by two-thirds vote, increase the maximum number of exempt positions as provided in subsection (b) to no more than one percent (1%) of the regular authorized positions in the City workforce, provided that if the maximum number of exempt positions is increased pursuant to this subsection, the number of positions created by subsections (a) (4), (5) and (c) of this section shall be counted toward the maximum allowable exemptions. If Council provides for a maximum number of exemptions based on a percentage of the workforce, and a reduction in the workforce results in more filled exempt positions than permissible, each incumbent shall retain the exemption, but when vacated, such excess exemptions shall terminate.

(c) Proprietary Department Positions. In addition to the exempt positions in the Proprietary Departments created by subsections (a), (b) (1), (2), (3) and (d) of this section, up to 15 positions in the Department of Water and Power and up to ten positions to be allocated between the Harbor Department and the Department of Airports for employment of persons to provide management services or to render professional, scientific or expert services of an exceptional character. Exemption of these positions shall be subject to the following:

(1) Upon receipt of a request for an exempt position by the department which sets forth the educational, experience and other professional requirements of the position and describes the circumstances that preclude filling the position through the civil service system, the Mayor shall forward to the Council a recommendation for the exempt position. Within ten Council meeting days from receipt of the recommendation, the Council may by two-thirds vote disapprove the Mayor's recommendation for the exemption. If the Council does not act on the recommendation within the specified time period, the recommendation shall be deemed approved.

(2) No person may be employed under this subsection if he or she has served in an exempt position in the office of an elected City official in the prior two years unless he or she meets the professional experience requirements established for the position.

(3) Persons who have been exempted or who have been appointed to an exempt position prior to the effective date of this Charter, shall retain their exemption. Exemptions under this subsection shall be prospective and shall be made only at the time of filling a vacant position.

(d) Positions Approved by Council. In addition to the exempt positions created in subsections (a), (b) and (c) of this section, any of the following may be exempted from the provisions of this Article upon the request of the head of the department or office in which they are employed, by order of the Board of Civil Service Commissioners, approved by the Council by resolution:

(1) positions of unskilled laborers, including drivers;

(2) positions for workers, mechanics or craftspersons (including crew leaders) employed exclusively in that position on the construction of public works, improvements or buildings;

(3) any position requiring the services of one individual for not more than half time and paying a salary not to exceed three-fourths of the monthly rate established by the salary fixing authority of the department, division or office for entering-level clerical positions;

(4) grant-funded positions for a term of no more than two years which, by application of the procedures described in this subsection, may be extended for one additional year for a maximum exemption period of three years.

Any exemption made under the provisions of (1) through (4) may be terminated at any time by resolution of the Board of Civil Service Commissioners.

(e) Leave of Absence from Civil Service. Each person exempted or appointed to an exempt position under this section shall, during the period of exempt employment, be considered as being on leave of absence from the classified civil service if at the time of exemption he or she holds a position in the classified civil service, or is entitled to hold a position therein, and shall continue, during such period, to accrue seniority credit the same as though serving in such position.

Sec. 1002. Employees of Acquired Public Utility.

All persons employed in the operating service of any public utility acquired by the City, who have been so employed for at least one year immediately prior to the date of the acquisition, may be employed by the City in their respective positions to the extent practicable, and, so long as continuously so employed by the City, shall be exempt from the civil service provisions of this Charter.

Sec. 1003. Classification of Positions.

The Board of Civil Service Commissioners shall establish classes for all positions of employment. The positions classified by the board shall constitute the classified civil service of the City, and no appointment to any of these positions shall be made except in accordance with the rules adopted by the board under the authority of this Article (the civil service rules).

Each class shall be given an appropriate title and shall include all positions sufficiently similar in respect to duties and responsibilities and that have the same requirements as to education, experience, knowledge and ability; the same tests of fitness; and to which the same schedule of compensation may apply with fairness.

Sec. 1004. Civil Service Rules.

The board shall promulgate civil service rules to carry out the purposes of this Article in accordance with applicable law. All rules and any changes to those rules shall be made in writing. The board shall give notice by publication in some daily newspaper circulated in the City of Los Angeles of the place or places where the rules may be obtained, and the date, not less than 30 days after the date of publication, when the rules shall go into effect. The civil service rules shall provide for, among other subjects, examinations, leaves of absence, transfers, temporary appointments, disciplinary hearings, layoffs, and procedures for the review and appeal of determinations by the general manager of the Personnel Department with respect to the civil service provisions of the Charter.

Sec. 1005. Examinations.

All applicants for positions in the classified civil service shall be subject to examination, which shall be public, competitive and open to all, with specified limitations as to experience and moral character. Examinations shall be practical, and shall relate to those matters that will fairly test the relative capacity of the persons examined to discharge the duties of the position to which they seek to be appointed and, when appropriate, shall include, or exclusively consist of, tests of physical qualifications, and manual skill. No limitation or restriction whatsoever shall be imposed, excepting to the extent permitted by applicable state or federal

law in the departments of fire and police, fixing a maximum age in excess of which persons shall be deprived from taking examinations for or being employed in the classified civil service. The provisions of Section 104 (i) regarding discrimination on the basis of age shall not prohibit fixing a maximum age in the departments of fire and police if otherwise authorized by this section.

Sec. 1006. Credit for Military Service.

(a) Subject to the conditions set forth in this section, in all original examinations, the Board of Civil Service Commissioners shall, in addition to all other credits, give a credit of five percent of the total credits specified for an examination to all persons who receive a passing score on the examination and who have served in the armed forces of the United States during time of war or armed insurrection, or during any time when the United States is engaged in active military operations against any foreign power, whether or not war has been formally declared, or when the United States is assisting the United Nations in actions involving the use of armed forces to restore international peace and security (Military Service), if such persons are honorably discharged from active service even if they remain in the military reserve.

(b) The five percent (5%) credit shall be granted for a period of five years from the date of release from active Military Service of an eligible person or five years from the date the person becomes available for employment. A person shall be deemed unavailable for employment if the person is a student engaged in a training or educational process approved by the board or is hospitalized as a result of a service-connected injury or illness.

(c) A five percent (5%) credit for a period not to exceed five years shall be given to widows or widowers of persons killed while in Military Service. Such five-year period shall commence to run from the date the spouse is deceased.

(d) A five percent (5%) credit for a period not to exceed five years shall be given to spouses of persons who are unable to work because of disabilities resulting from Military Service. Such five-year period shall commence to run from the date the board determines that the person became unable to work.

(e) Notwithstanding any time limitations set forth in other parts of this section, the five percent (5%) credit shall be provided to all persons with disabilities resulting from Military Service without regard to the date of discharge. For purposes of this subsection, a person shall be deemed disabled if the disability is certified by the Veterans Administration or its successor agency.

Sec. 1007. Examination Bulletins.

Notice of time, place and general scope of every examination shall be given by the general manager of the Personnel Department as provided in the civil service rules.

Sec. 1008. Register of Eligible Candidates.

The general manager of the Personnel Department shall prepare a register for each class of position in the classified civil service of the persons whose general average standing upon examination for the class is not less than the minimum

fixed by the civil service rules, and who are otherwise eligible. These persons shall be listed in the register as candidates in the order of their relative excellence, as determined by their examination without reference to the date of examination. The board may prescribe a minimum score in the written portion of any examination, including credit for past service in examinations for promotion, and may exclude from subsequent portions of the examination any candidate who fails to attain the minimum score.

The board may, by its rules, provide for the extension of the life of an eligible list and may delegate to the general manager of the Personnel Department the authority to extend the life of an eligible list for entry-level positions in accordance with the civil service rules.

Sec. 1009. Promotion.

The board shall by its rules provide for promotion in the classified civil service on the basis of ascertained merit and seniority in service and examination, and shall provide, in all cases where it is practicable, that vacancies shall be filled by promotion. All examinations for promotion shall be competitive among members of lower ranks who apply for the examination and who have the experience and qualifications required by the board as a prerequisite for taking the examination. The general manager of the Personnel Department shall submit to the appointing authority for each promotion the names of eligible applicants in accordance with Section 1010.

In rating eligible candidates, the board shall make an allowance of credits for past service. The announcement of the examination shall state that credits will be given for past service. Upon the written request of the appointing authority, the board may certify the names of those applicants having the highest ratings on the open competitive eligible list whose scores before adjustment for preferential credits are higher than the score of the highest available applicant on the promotional eligible register after credits for past service have been added. Names of candidates shall be removed from the register of eligibles for promotion after they have remained on the register for two years without re-examination.

Promotional examinations shall be held at intervals necessary to maintain a register of eligibles for promotional positions in which there are vacancies. The method and rules governing examination and certification for promotions shall be the same as provided for applicants for original appointment, except as otherwise provided in this section.

Sec. 1010. Certification.

(a) Three Highest Whole Scores. The appointing authority of a department shall notify the board when one or more classified positions are to be filled. The general manager of the Personnel Department shall certify to the appointing authority the names and addresses of those eligibles having the three highest whole scores on the register for the class to which the positions belong. The appointing authority shall fill the positions from the names certified by the general manager within 60 days from the date of certification. Certified test scores shall be made public.

(b) Selective Certification. Upon request of the appointing authority and approval by the board, the general manager of the Personnel Department may establish a separate register of eligibles from among those eligibles having the three highest whole scores based on factors such as special skills, licenses, language proficiency and specialized training.

(c) Extra Certifications. If there are sufficient eligibles available, the general manager of the Personnel Department shall certify at least five names and addresses more than the number of positions to be filled. If there are less than five available eligibles more than the number of positions to be filled within a range of three whole scores, the general manager of the Personnel Department shall certify the names and addresses of all available eligibles within such additional number of whole scores as necessary to provide a minimum of five available eligibles more than the number of positions to be filled.

Where there are remaining on the eligible list less than five available eligibles more than the number of positions to be filled and the general manager of the Personnel Department finds that it is for the good of the civil service, the names of all available eligibles may be certified and appointments may be made from among those available eligibles.

(d) Certification Within Range of One or More Whole Scores. In consideration of the number of vacancies to be filled and the likely number of available eligibles within a range of three whole scores, the general manager of the Personnel Department may certify the names and addresses of all available eligibles within a range of one or more whole scores whenever a certification is requested by an appointing authority and there are at least five eligibles available within such range over and above the number of positions to be filled.

(e) Order of List. Whenever the general manager of the Personnel Department certifies the names and addresses of eligible candidates, the names shall be listed in the order of the whole scores achieved, except that within the range of each single whole score the names of eligibles shall be listed in random order.

(f) Certification at Least Three Times. Each candidate, unless he or she is sooner appointed, or otherwise lawfully ceases to be a candidate, shall be certified for appointment in the class for which he or she is eligible not less than three times.

Sec. 1011. Probation.

(a) Length of Probation. A candidate appointed to an entry level classified position shall be employed on probation for a period not exceeding 12 months, with the specific period to be established by the board, and for a period not exceeding 18 months, to be measured from the commencement of recruit training, for those members of the Police Department appointed under civil service rules and regulations and sworn in, as provided by law, to perform the duties of regular police officers. The civil service rules may provide for a different period of probation for non-entry level employees, not exceeding six months except that a longer period, not exceeding 12 months, may be fixed for management personnel.

(b) Termination During Probation. At or before the expiration of the probationary period, the appointing authority may terminate the probationary employee by delivering written notice of termination to the employee assigning in writing the reasons for the termination. The appointing authority shall subsequently notify the board of such termination. Unless the probationary employee is served with written notice of termination during the probationary period, the employee's appointment shall be deemed complete.

Sec. 1012. Removal from and Reinstatement to the Register of Eligible Candidates.

(a) No candidate shall lose his or her place on a register of eligible candidates by certification or rejection, except that the board may remove names of candidates from a register after they have remained on the register for more than two years.

(b) The board may, by its rules, provide for striking off names of candidates from open competitive eligible lists established as a result of continuous examinations after they have remained on the list for six months.

(c) The civil service rules shall provide for reinstatement to the register of eligibles, on recommendation of the head of the department, of persons who have become separated from the civil service or who have been reduced in rank, other than persons who have been removed for cause.

(d) The board may, by its rules, provide for restoration to the register of eligibles, those candidates who are terminated during the probationary period, but the general manager of the Personnel Department may not certify any candidate to the department or office which terminated the candidate except at the specific request of the appointing authority of that department or office.

Sec. 1013. Temporary Appointment.

(a) Length of Appointment. To prevent the stoppage of public business or to meet extraordinary exigencies, any appointing authority may make temporary appointments to classified positions in accordance with civil service rules that the board shall prescribe. The board shall have the power to authorize such temporary appointments for up to 120 days. If the board is unable to establish an eligible list or if the eligible list is established but no employees can be secured from the list, the board may provide by rule for an extension of a temporary appointment for a period not to exceed an additional 120 days.

(b) Termination. Any temporary appointment shall terminate immediately when a regular appointment can be made unless the board finds that for a specified period it is necessary that the temporary employee remain to orient or train the new regular appointee.

(c) Temporary and Intermittent Appointments. The civil service rules shall provide for the tenure of persons appointed from a register of eligibles to positions determined by the board to be temporary or intermittent in character. Any rules adopted pursuant to this subsection shall provide that when appointment is made to a position determined to be temporary or intermittent, the provisions of

Section 1011 with respect to period of probation and completion of appointment shall not apply.

Sec. 1014. Special Reassignments.

(a) Reassignment Without Examination. In addition to and notwithstanding the provisions of Section 1015, the board may by its rules provide for status and seniority for civil service employees in classes other than those for which they were examined, where:

(1) an employee is incapable of performing satisfactorily the duties of his or her position because of injury, sickness or disability; or

(2) an employee has completed a probationary period in the City service.

(b) Requirements for Reassignment. Any rules adopted by the board pursuant to this section shall provide that:

(1) no employee may be placed in a different class without first receiving the employee's written consent to the reassignment;

(2) no change of class status may be allowed if it would result in a promotion;

(3) no employee may be placed in a different class unless the employee possesses the minimum qualifications required for the class and the capability of performing the required duties;

(4) no employee who is placed in a different class pursuant to the provisions of this section may be credited with more seniority than accumulated in the employee's former class.

Sec. 1015. Layoffs.

In addition to all other matters, the board shall by its rules provide for the following:

(a) Order of Suspension and Restoration. The civil service rules shall provide the manner and order, not inconsistent with the provisions of this section, in which all persons employed in the classified civil service shall be suspended and restored where the suspension results from lack of work, lack of funds or abolishment of position or otherwise, excepting suspension for personal delinquency. In all cases, suspension and restoration shall be based upon seniority as provided in this section, or as provided by the civil service rules.

No assignment of employees to positions within a class, except as provided in this section, for which no different examination requirements have been established by the board shall affect the requirements of this section governing suspension and restoration for lack of work, lack of funds or abolishment of position or otherwise. In all of these cases, all employees within the same Class-Group, as defined below, and for which similar examinations are required by the board shall be considered as one Class-Group for purposes of suspension and restoration.

Whenever suspension other than for personal delinquency is to be made in any class in an office, department, bureau or major division in a department having control of its own funds (Class-Group), the person to be suspended shall be selected in the order determined by length of service in such class and in classes of higher rank since regular appointment in the classified civil service, after

deducting periods of absence in accordance with the civil service rules. Persons having the shortest length of service shall be suspended first.

(b) Displacement. Any person so suspended shall be entitled to displace the person holding a position in a Class-Group in which a regular position was formerly held by the person so suspended, who has the shortest length of service in such Class-Group and in classes of higher rank after deducting periods of absence as provided by the civil service rules. Any person entitled to displace a person may fill instead, with the consent of the appointing authority, a vacant position in the Class-Group in which he or she is entitled to displace. In the event an employee exercises his or her right to displacement, the employee shall receive the salary at the level of the highest paygrade in the Class-Group which the employee held prior to leaving the Class-Group.

(c) Determination of Class-Groups. The Class-Group in which suspension is to be made or the Class-Group in which restoration is to be made, shall include all positions created from such Class-Group after the original regular appointment therein of the person suspended or restored. The determination of the board as to the Class-Group from which such positions were subsequently created shall be final and conclusive.

(d) Reserve List. A reserve list shall be established in each class in each office, department, bureau or division of a department having control of its own funds which shall consist of the names of those persons who have been regularly appointed or promoted to, and have served beyond the probationary period in a class and have been suspended for causes other than personal delinquency. Each person whose name appears on the reserve list, until regularly restored to a position in the class in the office, department, bureau or division from which he or she was suspended shall be certified for appointment to a position in the class in the office, department, bureau or division from which he or she was suspended. The name of any person who has been out of the service of the City for more than five years shall be permanently removed from the reserve list.

(e) Order of Certification. Whenever any vacancy is to be filled, it shall be filled by certifying in the following order:

(1) from the reserve list, if any, in the class and office, department, bureau or major division in which the vacancy exists, the name of the person with greatest length of service in the class and all classes of higher rank, or by transfer of a person whose service in the class and classes of higher rank is greater than that of any person on the reserve list.

(2) from the promotional list, if any, provided for in Section 1009, of the office, department, bureau or major division where the vacancy is to be filled;

(3) from the reserve list of other offices, departments, bureaus and major divisions as provided in the civil service rules;

(4) by certifying from the appropriate register of eligibles provided in this Article.

As to certifications to be made from other than the reserve list of the office, department, bureau or major division in which the vacancy exists, the board may

by its rules provide that when the list or register from which certification is to be made does not contain as many names as may be certified for any vacancy or vacancies under the provisions of Section 1010, additional names, up to but not exceeding the maximum number allowed, shall be certified from the list or register next in the order as provided above.

(f) Procedural Review. The board shall have the same power and duty to review as to regularity of procedure all cases of suspension for lack of work, lack of funds or abolishment of position or otherwise, as elsewhere provided in the Charter for removal, discharge, or suspension for cause; but the question of the necessity for suspension for lack of work, lack of funds or abolishment of position shall not be subject to review by the board.

Sec. 1016. Discharge or Suspension.

(a) Discharge or Suspension for Cause. Any board or officer having the power of appointment shall have the power to suspend or discharge any officer, member or employee of the office or department. No person in the classified civil service shall be discharged or suspended except for cause, which shall be stated in writing by the board or officer having the power to make such discharge or suspension.

(b) Statement of Cause. The written statement of cause shall be filed with the Board of Civil Service Commissioners, with certification that a copy has been served upon the person so discharged or suspended, in accordance with Section 1018. Upon filing with the board, the discharge or suspension shall take effect.

(c) Application for Hearing. Within five days of service of the written statement upon any person so discharged or suspended, the person shall file a written application with the board in order to require the board to hold a hearing to investigate the grounds for the discharge or suspension. In the event that the person does not file an application, the board may, but is not required to, within 15 days after the filing of the written statement with the board, determine to hold a hearing to investigate the grounds for the discharge or suspension.

(d) Reinstatement; Restoration. If, after investigation and hearing as required by law is held, the board finds, in writing, that the grounds stated for the discharge or suspension were insufficient or were not sustained, the board shall order the person to be reinstated or restored to duty. With the consent of the appointing authority, the board may also reduce the length of the suspension, or may substitute suspension for discharge, if the board makes a written finding that such action is warranted. The order of the board with respect to the discharge or suspension shall be promptly certified to the appointing board or officer, and shall be final and conclusive.

(e) Compensation. If the board orders reinstatement or restoration to duty of a person who has been discharged or suspended, the person shall be entitled to receive compensation from the City the same as if he or she had not been discharged or suspended by the appointing board or officer.

(f) Change of Disciplinary Review. The Council may, by ordinance, provide for an alternative system for impartial review of employee discipline as set forth

in subsections (b) through (e) of this section, provided that such a system conforms with due process standards for a fair hearing, and provided there remains a process for review of employee discipline in which costs are borne by the City.

(g) Finality of Order of Suspension for Lack of Funds. The order of any appointing board or officer suspending any person because of lack of funds or lack of work in the department shall be final, and shall not be subject to review by the Board of Civil Service Commissioners.

(h) Applicability. The procedure for review of discipline set forth in this section shall not apply to:

(1) those members of the Police Department appointed under civil service rules and regulations and sworn in, as provided by law, to perform the duties of regular police officers who are subject to the provisions of Section 1070 of the Charter.

(2) those members of the Fire Department appointed under civil service rules and regulations to perform the duties of regular firefighters who are subject to the provisions of Section 1060 of the Charter.

(3) any suspension of five working days or less in any 12 month period for personal delinquency. The reasons stated in writing for any suspension shall be furnished to the suspended employee and promptly filed with the board. Any suspension which results in an employee having a total suspended time by reason of the exercise of authority under this subsection in excess of five working days in any 12 month period shall be subject to all of the provisions of this section.

Sec. 1017. Demand for Reinstatement; Claim for Compensation.

Whenever it is claimed by any person that he or she has been unlawfully demoted, suspended, laid off or discharged, and that person has filed an application for a hearing as provided in Section 1016(c) and reinstatement or restoration to duty has been denied, the person may file a written claim for compensation and a demand for reinstatement. The claim and demand must be filed within 90 days from the date of the decision of the board following a hearing, or if no hearing is applied for, from the date on which it is claimed that the person was first illegally, wrongfully or invalidly demoted, laid off, suspended or discharged. The demand for reinstatement must be filed with the board and the claim for compensation must be filed with the City Clerk. Failure to file a demand for reinstatement with proof of filing with the board, within the time specified in this section, shall be a bar to any action to compel reinstatement. Proof of filing with the City Clerk of the claim for compensation within the time and in the manner specified shall be a condition precedent to any recovery of wages or salary claimed to be due on account of demotion, layoff, suspension or discharge. Except as provided in this section, claims for compensation shall conform to the requirements of Section 350.

Sec. 1018. Service of Notice.

Service of notice in accordance with this Article may be made by handing a copy to the person or by sending a copy by certified mail to the person's last known residence if, after due diligence, the person cannot be found.

Sec. 1019. Falsification and Corruption.

(a) Investigation. The board shall investigate the enforcement of the civil service provisions of this Article and the civil service rules. All officers of the City shall aid the board in all proper ways in carrying out the civil service provisions of this Article.

(b) Reprimand; Recommendation of Discharge or Suspension. Any person holding a position in the classified civil service who willfully violates any of the civil service provisions of this Article shall, after hearing by the board, be subject to reprimand by the board. The board shall have the right to recommend suspension, discharge, or in lieu of discharge, demotion of the person to the appointing power.

(c) Misdemeanors. The following conduct is a violation of this Article and shall be punishable as a misdemeanor:

(1) any oral or written false statement willfully made under oath in any application or document filed with the board, in any proceeding before the board, in any investigation conducted by or under the jurisdiction of the board, or in any proceeding arising under this Article.

(2) any conduct, whether done alone or in cooperation with others to defeat, deceive or obstruct any person in respect to his or her right of examination; to corruptly or falsely mark, grade, estimate, or report upon the examination of proper standing of any person examined under the civil service provisions, or aid in so doing; or to willfully or corruptly furnish to any person any special or secret information for the purpose of either improving or injuring the prospects of any person for employment or promotion.

(3) direct or indirect payment or promise of payment of money or other valuable consideration to any person for appointment, proposed appointment, or promotion to a position in the classified civil service.

Sec. 1020. Certification of Employment.

The Controller shall not approve any compensation for services to any person performing the duties of a position in the classified civil service, unless the board has certified that the person has been employed in accordance with this Article and the civil service rules.

Sec. 1021. Employment Upon Consolidation or Annexation of Other Governmental Entities.

Officers and employees of any governmental agency, municipality or any special assessment or other special district created under general laws, all or part of which may become part of the City through consolidation, annexation or joint powers agreement, may upon Council approval of the consolidation, annexation or joint powers agreement become employees of the City in a similar capacity as provided in this section.

In order to avoid suspension for lack of work of employees of the Community Redevelopment Agency (CRA), the Council may, by resolution, direct the Board of Civil Service Commissioners to develop procedures allowing placement, as pro-

vided in this section, of CRA employees in civil service positions for which they are qualified in any City office or department except the Department of Water and Power. Appointment would be made only at the discretion of the City department or office where there is a vacancy, and only after persons on a department reserve list, if any, have been offered the position in accordance with civil service rules.

Upon consideration of the resolution regarding CRA employees or consolidation, annexation, or joint powers agreement, but prior to final approval, the Council shall request that the Board of Civil Service Commissioners establish the qualifications, fitness requirements and background standards for the prospective employees and establish the method of determining that the prospective employees meet those qualifications, requirements and standards. The board shall also establish the appropriate employment classifications, length of probationary periods, and seniority for layoff and examination purposes for the prospective employees. The Council may establish terms and conditions of employment in addition to those provided elsewhere in the Charter, and in addition to or different from those provided by ordinance, by memorandum of understanding or otherwise.

Those employees who are determined by the board to have met the qualifications, requirements, and standards established by the board, and who meet all other legally applicable requirements, shall become employees of the City upon final approval of the consolidation, annexation or joint powers agreement by the Council or, in the case of individual CRA employees, upon approval of the appointment by the board.

If the duties of any officer or employee of any municipality or any special assessment or other special district conflict with the duties of any officer of the City, then that officer or employee shall become an employee of the City in a position subordinate to the officer of the City.

Sec. 1022. Use of Independent Contractors.

Nothing in this Article shall be deemed or construed as preventing the Council, or a board of commissioners in the case of those departments having control of their own revenues and funds, from entering into contracts for the performance of work when it is determined by the Council or the board of commissioners that the work can be performed more economically or feasibly by independent contractors than by City employees. The authority of the Council set forth in this section may be delegated to departments and officers of the City under rules and procedures as the Council may prescribe. Nothing in this section shall limit the application of Sections 370 through 373 of the Charter relating to contracts and competitive bidding for contracts.

Sec. 1023. Military Leave.

Every officer or employee who leaves his or her office or position to serve in the armed forces of the United States shall be entitled to a leave of absence and, upon returning to the service of the City, shall be entitled to restoration to the position to which he or she would have been entitled as if the leave had not occurred, subject to applicable state and federal law and as further provided by ordinance.

Sec. 1024. Non-discrimination.

Notwithstanding any other provision of the Charter, the City shall not discriminate in the provision of employee benefits between employees with spouses and employees with domestic partners. The Council shall adopt ordinances to implement this provision.

DISCIPLINE FOR PHYSICIANS AND PSYCHOLOGISTS

Sec. 1040. Rights and Due Process Procedures.

Persons appointed to full-time, non-management positions as physicians or psychologists shall be employed on probation for a period of two years. Persons serving in such positions as of the effective date of this section, shall be given credit for their service with the City prior to the effective date with respect to completion of the required probationary period. Upon successful completion of the probationary period, these employees shall be entitled to the rights and due process procedures set forth in Section 1016.

Notwithstanding any other provision of this section, any person employed by the City as a full-time physician or psychologist is subject to layoff due to lack of work, lack of funds, or abolishment of position in a manner consistent with the principles contained in Section 1015. The civil service rules promulgated pursuant to that section shall establish the procedure for such layoffs, determination of seniority rights and for the establishment of reserve lists.

EMPLOYMENT IN THE CITY ATTORNEY'S OFFICE

Sec. 1050. Employment in the City Attorney's Office.

The City Attorney's Office shall be subject to the following:

(a) No person shall be removed, suspended or reduced in grade without good cause who has served continuously as an attorney in the Office of the City Attorney for two years or more immediately preceding the action, or who has served continuously in any other capacity in the Office of the City Attorney for one year or more immediately preceding the action. The time during which persons serve at the pleasure of the City Attorney as prescribed in subsection (d) shall not be considered in the computation of time periods under this provision.

(b) Every person having served for those periods enumerated in the preceding subsection who is removed, suspended, or reduced in grade, shall have the right to appeal to an impartial trier of fact in accordance with written rules promulgated by the City Attorney. The rules shall, before they become effective, be submitted to the Council. If the Council approves the rules, or if the Council fails to disapprove the rules within 60 days after submission, they shall become effective. The rules shall provide for service upon the person involved of a written statement of grounds and for a fair hearing by an impartial trier of fact who may:

(1) deny the appeal;

(2) sustain the appeal and order that the appellant be reinstated with full back pay to the position from which removed, suspended, or reduced in grade; or

(3) sustain the appeal in part and deny it in part and substitute as a lesser penalty either a suspension or a reduction in grade as may be appropriate. The trier of fact shall have the power to administer oaths and affirmations, examine witnesses under oath, and compel the attendance of witnesses and the production of evidence at the hearing by subpoena to be issued by the City Clerk.

(c) Notwithstanding any other provision of this section, any person employed in the Office of the City Attorney is subject to layoff due to lack of work, lack of funds, or abolishment of position in a manner consistent with the principles contained in Section 1015. The rules promulgated pursuant to the preceding subsection shall establish the procedures for layoffs, determination of seniority rights, and for the establishment of reserve lists.

(d) Notwithstanding any other provision of this section, the City Attorney may appoint to serve at the pleasure of the City Attorney from among persons not then employed in the Office of the City Attorney no more than four assistants who meet the qualifications for those positions, and no more than four other persons. At the time of the appointments, the City Attorney shall file with the City Clerk a statement identifying the persons appointed. The appointment of all persons serving at the pleasure of the City Attorney shall terminate when the succeeding City Attorney is sworn in, unless reappointed by the succeeding City Attorney. In the event there is no vacancy in the class of positions to which a person is appointed under this provision, and should the Council fail to authorize an additional position, the person in the class to which the appointment is to be made having the least seniority in that class and higher classes shall be reassigned to a position in any other lower class of positions in which that person has displacement rights based on seniority or, at that person's option, may be transferred to any vacant position in the Office at the same or lower level class for which that person is found by the City Attorney to be qualified.

DISCIPLINARY PROCEDURES FOR THE FIRE DEPARTMENT

Sec. 1060. Rights and Due Process Procedures.

(a) Applicability; Rights. For purposes of this section, the term "member" refers to all officers and firefighters of the Fire Department. This section shall not apply to any member of the department who has not completed the period of probation in his or her entry position as provided in Section 1011(a). Members not covered by this section who are otherwise entitled by law to a hearing or appeal with regard to proposed or imposed discipline shall be provided a hearing or appeal under rules promulgated by the Fire Chief.

The right of a member of the Fire Department, except the Fire Chief and any other member in a position exempt from civil service, to hold his or her office or position and to receive compensation attached to the office or position is hereby declared to be a substantial property right of which the holder shall not be deprived arbitrarily or summarily, nor other than as provided in this section. No member of the Fire Department shall be suspended, removed, or otherwise separated from

the service of the Fire Department (other than by resignation), except for good and sufficient cause shown upon a finding of guilty of the specific charge or charges assigned as cause or causes after a full, fair and impartial hearing before a Board of Rights except as provided in subsection (b) and (h) of this section. The charges must be filed within one year of the department's discovery of the act committed or omitted by a member and in no event later than two years from the date of the act or omission. No case of suspension with loss of pay shall be for a period exceeding six months.

(b) Temporary Relief from Duty; Suspension. After following predisciplinary procedures otherwise required by law, the Fire Chief may:

(1) temporarily relieve from duty any member pending a hearing before and decision by a Board of Rights on any charge or charges pending against the member; or

(2) suspend the member for a total period not to exceed 30 days with loss of pay and with or without reprimand, subject to the right of the member to a hearing before a Board of Rights. In the event the member files an application for a hearing before a Board of Rights as provided in this section, the suspension shall automatically become a temporary relief from duty pending hearing and decision by the Board of Rights. In the event that the member fails to apply for a hearing within the period prescribed, he or she shall be deemed to have waived the hearing and the suspension shall remain effective, unless the Fire Chief requires that a hearing be held.

(3) cancel such temporary relief from duty, or following such relief from duty, restore the member to duty with or without restrictions pending a hearing before a Board of Rights.

(c) Complaint. In the event any order of relief from duty or suspension is made, the order shall contain a statement of the charges assigned as causes. The Fire Chief shall, within five days after the order is served as provided in subsection (d), file with the Board of Fire Commissioners, a copy of a verified written complaint upon which the order is based, with a statement that a copy of the order and verified complaint was served upon the accused. The complaint shall be verified by the oath of the Fire Chief and shall contain a statement in clear and concise language of all the facts constituting the charge or charges. If the complaint and proof of service are not filed within the five day period prescribed, the order of temporary relief from duty or suspension shall be void and of no effect and shall be automatically revoked, and the accused member restored to duty with the department without loss of pay and without prejudice, as if no order of relief from duty or suspension had been made.

(d) Service. The service of any notice, order or process mentioned in this section, other than service of subpoena, may be made either by handing the member a copy personally or by sending a copy by certified mail to his or her last known address of record with the Fire Department if, after due diligence, the member cannot be found.

(e) Application for Hearing. Within five days after personal service upon the accused of a copy of the verified complaint or within ten days after service by certified mail, the accused member may file with the Fire Chief a written application for a hearing before and decision by a Board of Rights.

(f) Time and Place of Hearing. Upon the selection of a Board of Rights, the Fire Chief shall set the time (not less than five nor more than ten days thereafter) and designate a place where the hearing is to be held, and shall cause notice thereof to be served upon the accused. After the Board of Rights has first convened, the board may continue the hearing of the matter to a specific date, and no other notice need be given, except as required by order of the board.

(g) Composition of Board of Rights. The Board of Rights shall be composed of three officers of the rank of battalion chief or higher. Upon the filing of the request for hearing before a Board of Rights, the accused shall draw six cards from a box containing the names of all officers who are qualified to be members of the board (except the names of the accused, the accuser, the Fire Chief, Deputy Chiefs, and other officers who may be prejudiced or disqualified by reason of being a material witness to the facts constituting the charges made), and shall select any three of the six names drawn to be members of the Board of Rights, rejecting the three names not selected by replacing them in the box.

(h) Failure to Request a Hearing; Failure to Appear. In the event the accused fails to request a hearing before a Board of Rights within the period prescribed, the Fire Chief may require a hearing to be held before a Board of Rights and may for that purpose, within five days after the expiration of such period, draw three names from a box to constitute the board.

If a Board of Rights has been constituted for the purpose of hearing and the accused, without reasonable excuse, fails, or refuses to appear before the Board of Rights at the time and place designated, the Fire Chief may, at his or her discretion, either direct the Board of Rights to proceed with the hearing in the absence of the accused, or the Fire Chief may, without a hearing, impose the penalty of suspension or removal as he or she deems fit and proper. The Fire Chief shall cause notice of the action to be served upon the accused and shall file a statement of the action with the Board of Fire Commissioners within five days.

If the accused and the Fire Chief both fail to draw and create a Board of Rights within the period prescribed in any case of temporary relief from duty pending hearing, the temporary relief from duty shall be null and void.

(i) Oaths, Affirmations and Subpoenas. Each member of the Board of Rights shall have the power to administer oaths and affirmations, in any investigation or proceeding pending before the board, examine witnesses under oath, and compel the attendance of witnesses and the production of evidence.

Upon demand of any member of the Board of Rights, the City Clerk shall issue a subpoena in the name of the City, and attest the same with the corporate seal. The subpoena shall direct and require the attendance of the witnesses or the production of evidence at the time and place specified. It shall be the duty of the Chief

of Police to cause all such subpoenas to be served upon the person or persons required to attend or produce evidence. It shall be the duty of the Council to provide suitable penalties for disobedience of such subpoenas, and the refusal of witnesses to testify or produce evidence.

(j) Legal Advice. Upon the request of any two members of the Board of Rights, the board's chairperson shall request an attorney from the City Attorney's office who shall advise the board on legal matters during any session of the hearing. The attorney need not be physically present at the hearing, but may advise the Board telephonically or through other means of communication. The same attorney advising the Board of Rights shall not advise the department's advocate in the same matter.

(k) Burden of Proof. In Board of Rights proceedings, the Fire Department shall have the burden of proving each charge, including those based on conduct punishable in whole or in part as a crime, by a preponderance of the evidence.

(*l*) Representation; Transcript. At the hearing, the accused shall have the right to appear in person and by counsel or representative, or both, and make defense to the charges and may produce witnesses and cross-examine witnesses. The accused shall have the right and privilege to select and name any other member of the department of any rank not higher than the rank of captain (who is not otherwise disqualified by reason of prejudice or being a party to the action in any capacity) to act as his or her defense representative at the hearing. The Fire Chief must immediately assign the member selected to act as defense representative, and it is hereby made the duty of such member to use every legal means available and exercise the best efforts of which he or she is capable to defend the accused at the hearing.

All testimony at the hearing shall be given under oath, reported by a stenographer and transcribed and the member shall be entitled, upon request, to a certified copy of the transcript without charge or payment of fee.

(m) Findings and Decision. The Board of Rights shall, at the conclusion of the hearing, make its findings of guilty or not guilty on each charge which must be based only upon the evidence presented at the hearing. If the accused is found not guilty, the board shall order his or her restoration to duty without loss of pay and without prejudice, and the order shall be self-executing and immediately effective. If the accused is found guilty, the Board of Rights shall, by order, prescribe its penalty of:

(1) suspension for a definite period not exceeding six months with total loss of pay, and with or without reprimand; or

(2) reprimand without further penalty; or

(3) removal from office or position.

The decision and order must be certified in writing and a copy immediately delivered to the Fire Chief.

(n) Personnel History and Records. The departmental personnel history and records of the accused shall be available to the Board of Rights only if the accused

has been found guilty of any charge upon which he or she was heard by the Board of Rights, and then only for the purpose of determining a proper penalty, except that the medical package of the accused shall not be considered by the board with regard to penalty unless such information is relevant to a charge as to which there was a finding of guilty. At the penalty stage, the board must look to the nature and gravity of the offense of which the accused has been found guilty and may at its discretion review the departmental personnel history and record of the accused, provided that no item or entry in the record may be considered by the board except in the presence of the accused, unless the member has failed or refused to be present, and then only if the accused has been given a fair and reasonable opportunity to explain the item or entry.

(o) Imposition; Reduction of Penalty. Within five days of delivery to the Fire Chief of a certified copy of the decision and order of the Board of Rights, the Fire Chief shall either execute the order, or the Fire Chief may, at his or her discretion and in lieu of the order, impose a penalty less severe than that ordered by the Board of Rights, but may not impose a greater penalty. In the case of a suspension or removal, the Fire Chief shall cause a copy of the notice of the penalty to be served upon the accused and shall file a statement of such action with the Board of Fire Commissioners within five days thereafter.

(p) Effective Date of Penalty. In any case of suspension or removal prescribed by the Board of Rights, or by the Fire Chief if no hearing is held before a Board of Rights, the time of the suspension shall be computed from the first day the member was suspended or relieved from duty pending hearing before and decision by the Board of Rights and the removal shall relate back to and be effective as of the date of the relief from duty pending hearing before and decision by the Board of Rights. Notwithstanding the above, the Fire Chief and the member may agree to an alternative date for the commencement of the period of suspension and/or may agree to non-consecutive dates for the term of the suspension.

(q) Double Jeopardy; Exoneration. No member shall be twice tried for the same offense, except upon his or her request. In any case of exoneration of the accused after a hearing before a Board of Rights, exoneration shall be without prejudice to the member.

(r) Rehearing. At any time within three years after the effective date of removal, the removed member may file a request with the Fire Chief to be reheard or to be heard on the cause of his or her removal, together with a supporting affidavit setting forth in clear and concise language the reasons or grounds for a hearing or rehearing. The Fire Chief shall consider and make a decision upon the request within 30 days after filing. If the Fire Chief determines that good reason or cause exists for a hearing or rehearing, the Fire Chief shall without unnecessary delay, cause a Board of Rights to be constituted for the purpose of hearing and deciding upon the matter. The Board of Rights shall, at the conclusion of the hearing, render and certify its findings (independent of any previous findings by any other Board of Rights, or any other court, board or other tribunal, or any

investigation or report of or discretion exercised by the Fire Chief in cases where no hearing was had before a Board of Rights), based only upon the evidence presented at such hearing. The board shall make and certify its decision and order in writing, and deliver a copy to the Fire Chief. The Fire Chief shall proceed in the same manner as provided for above after decision by a Board of Rights.

(s) Other Legal Rights. This section shall not be construed to affect any rights a member may have to assert other legal rights or remedies in relation to his or her office or position or to the compensation attached thereto, or to appeal to or be heard or tried by any court or other tribunal of competent jurisdiction.

(t) Restoration to Duty. Any person restored to duty or reinstated in his or her office or position after suspension or removal, shall be entitled to receive full compensation from the City as if the suspension or removal had not been made, except that such compensation shall not be for more than one year's salary unless otherwise provided by law.

(u) Effects of New Charter. This section shall not apply to the discipline of any member who was relieved from duty or who appealed a suspension to a Board of Rights prior to its effective date. Matters arising out of such relief from duty or suspension shall be adjudicated in accordance with applicable prior Charter provisions.

DISCIPLINARY PROCEDURES FOR THE POLICE DEPARTMENT

Sec. 1070. Rights and Due Process Procedures.

(a) Applicability; Rights. As used in this section, member shall mean an employee of the Police Department who has peace officer status as defined in California Penal Code Section 830.1. The provisions of this section shall not apply to any member of the Police Department who has not completed the period of probation in his or her entry level position, as provided in Section 1011(a). Non-tenured Police officers, where otherwise entitled by law to a hearing or appeal with regard to proposed or imposed discipline, shall be provided a hearing or appeal under procedures promulgated by the Chief of Police.

The rights of a member, except the Chief of Police and any other member in a position exempt from civil service, to hold his or her office or position and to receive compensation attached to the office or position is hereby declared to be a substantial property right of which the holder shall not be deprived arbitrarily or summarily, nor other than as provided in this section. No member shall be suspended, demoted in rank, suspended and demoted in rank, removed, or otherwise separated from the service of the department (other than by resignation), except for good and sufficient cause shown upon a finding of guilty of the specific charge or charges assigned as cause or causes after a full, fair, and impartial hearing before a Board of Rights, except as provided in subsections (b) and (i). No case of suspension with loss of pay shall be for a period exceeding three months.

(b) Temporary Relief from Duty; Suspension; Demotion. After following predisciplinary procedures otherwise required by law, the Chief of Police may:

(1) temporarily relieve from duty any member pending a hearing before and decision by a Board of Rights on any charge or charges pending against the member, except that a member so relieved shall not suffer a loss of compensation until 30 days after the date on which the member was served with the charge or charges, except as provided for in subsection (q). If the hearing before the Board of Rights for a member who has been temporarily relieved from duty is not completed within 60 days of such relief from duty, and such failure to complete the hearing is not due to any delay or continuance caused by the member or his or her counsel, the member shall not suffer a loss of pay for a further period of 30 days. There shall be a calendar priority for Board of Rights hearings when a member is subject to relief from duty pending a hearing. The Chief of Police in his or her sole discretion shall have the power to cancel temporary relief from duty, or following relief from duty, to restore the member to duty with or without restrictions pending hearing; or

(2) suspend the member for a total period not to exceed 30 days with loss of pay and with or without reprimand, subject to the right of the member to a hearing before a Board of Rights; or

(3) demote in rank, with or without suspension or reprimand or both, any member, subject to the right of the member to an appeal to a Board of Rights as provided in this section.

In the event the member suspended or demoted in rank under this subsection files an application for a hearing by a Board of Rights as provided in this section, the suspension or demotion shall automatically be stayed pending hearing and decision by the Board of Rights. In the event that the member fails to apply for a hearing within the period prescribed, the member shall be deemed to have waived a hearing, and the suspension or demotion shall remain effective unless the Chief of Police requires that a hearing be held.

(c) Limitations Periods. No member shall be discharged, suspended, demoted in rank, or suspended and demoted in rank for any conduct that was discovered by the department and brought to the attention of the Chief of Police more than one year prior to the filing of the complaint against the member under subsection (d) or falls outside of the applicable limitations period below. Such limitations period shall have reference to the date on which the Chief files a complaint against a member under subsection (d). For the purpose of ascertaining such period only, conduct, wherever it occurred in fact, shall be deemed to have occurred within the City. For an administrative charge based substantially or entirely on conduct which may be punishable criminally, the limitations period shall be based upon the most comparable, applicable penal law—federal, state, county, or City.

(1) If violation of a law is punishable as a felony, the limitations period shall be that period established for the crime. Where no limitations period is established for the felony, there shall be no limitations period for administrative purposes. Conduct treated either as a felony or misdemeanor under the applicable penal law shall be regarded as felonious.

(2) For an administrative charge based substantially or entirely on conduct punishable as a misdemeanor, the limitations period shall be three years from the occurrence. Conduct treated as either a misdemeanor or an infraction under the applicable penal law shall be regarded as a misdemeanor.

(3) For all other misconduct, the limitations period shall be two years from the occurrence.

(d) Complaint. Any order of relief from duty, cancellation of relief from duty pending a Board of Rights hearing, suspension, demotion in rank, or suspension and demotion in rank shall contain a statement of the charges assigned as causes. The Chief of Police shall, within five days after the order is served as provided in subsection (e), file with the Board of Police Commissioners a copy of a verified written complaint upon which the order is based, with a statement that a copy of the order and verified complaint was served upon the accused. The complaint shall be verified by the oath of the Chief of Police and shall contain a statement in clear and concise language of all the facts constituting the charge or charges.

(e) Service. The service of any notice, order, or process mentioned in this section, other than service of subpoena, may be made by handing the accused a copy personally. If a copy of any notice, order or process cannot with reasonable diligence be personally served, substitute service may be made in accordance with policies adopted by the department.

(f) Application for Hearing. Within five days after personal service upon the accused of a copy of the verified complaint, or within ten days after service in any other manner provided for in this section, the member may file with the Chief of Police a written application for a hearing before and decision by a Board of Rights.

(g) Time and Place of Hearing. Upon the selection of a Board of Rights, the Chief of Police shall set the time for (not less than 10 nor more than 30 days thereafter) and designate a place where the hearing is to be held, and shall cause notice thereof to be served upon the accused. After the Board of Rights has first convened, the board may continue the hearing of the matter to a specific date, and no other notice need be given, except as may be required by order of the board.

(h) Composition of Board of Rights. The Board of Rights shall be composed of two officers of the rank of captain or above and an individual who is not a member of the department (the civilian member). The members selected as prescribed in this section shall constitute the board for the purpose of hearing and deciding upon the matter for which it was specially drawn. The qualifications of, selection procedures for, and compensation of the civilian members shall be established by ordinance. Upon the filing of the request for a hearing before a Board of Rights, as provided in subsection (f), the accused shall draw four cards from a box containing the names on cards of all officers who are qualified to be members of the Board of Rights (except the names of the accused, accuser, the Chief of Police, any staff or command officer specifically exempted by the Chief of Police in accordance with the provisions of the Board of Rights Manual or suc-

cessor document, and any other officer who may be prejudiced or disqualified by reason of being a material witness to the facts constituting the charges made, otherwise disqualified for cause as determined by the Chief, or who has a conflict of interest). The accused shall select any two of the four names drawn to be members of the Board of Rights, rejecting the two names not selected by replacing them in the box.

(i) Failure to Request a Hearing; Failure to Appear. In the event the accused fails to request a hearing before a Board of Rights as provided in subsection (f) within the period prescribed, the Chief may require a hearing to be held before a Board of Rights and may for that purpose, within five days after the expiration of such period, draw two names from a box to sit on the board.

If a Board of Rights has been constituted for the purpose of hearing and the accused, without reasonable excuse, fails or refuses to appear before the board at the time and place designated, the Chief of Police may, at his or her discretion, either direct the Board of Rights to proceed with the hearing in the absence of the accused, or the Chief may, without a hearing, impose a penalty of suspension, demotion in rank, suspension and demotion in rank, or removal as he or she deems fit and proper. The Chief shall cause notice of the action to be served upon the member and shall file a statement of the action with the Board of Police Commissioners within five days.

If the accused and Chief both fail to draw and create a Board of Rights within the period prescribed, the complaint shall be null and void.

(j) Oaths, Affirmations and Subpoenas. Each board member shall have the power to administer oaths and affirmations in any investigation or proceeding pending before a Board of Rights, examine witnesses under oath, and compel the attendance of witnesses and the production of evidence by subpoena. Upon demand of any board member, the City Clerk shall issue a subpoena in the name of the City and attest the same with the corporate seal. The subpoena shall direct and require the attendance of the witnesses or the production of evidence, at the time and place specified. It shall be the duty of the Chief of Police to cause all such subpoenas to be served upon the person or persons required to attend or produce evidence. It shall be the duty of the Council to provide suitable penalties for disobedience of such subpoenas and the refusal of witnesses to testify or produce evidence.

(k) Legal Advice; Ex Parte Communication. Upon the request of any two board members, the board's chairperson shall request an attorney from the City Attorney's office who shall advise the board on legal matters during any session of the hearing. The attorney need not be physically present at the hearing, but may advise the board telephonically or through other means of communication. The attorney may not advise the department's advocate in the same matter.

Ex Parte communication with members of a Board of Rights regarding the subject matter of the hearing while proceedings are pending is prohibited. No person shall attempt to influence the decision of a Board of Rights except during the hearing and on the record.

(*l*) Burden of Proof. In Board of Rights proceedings, the department shall have the burden of proving each charge, including those based on conduct punishable in whole or in part as a crime, by a preponderance of the evidence.

(m) Representation; Transcript; Evidence. At the hearing, the accused shall have the right to appear in person and by counsel or representative, or both, and make defense to the charges and may produce witnesses and cross-examine witnesses. The accused shall have the right and privilege to select and name any other officer of the department of any rank not higher than the rank of lieutenant (who is not otherwise disqualified by reason of prejudice or being a party to the action in any capacity) to act as his or her defense representative at the hearing. The Chief of Police must immediately assign the officer selected to act as defense representative, and it is hereby made the duty of such officer to use every legal means available and exercise the best efforts of which he or she is capable to defend the accused at the hearing.

All testimony at the hearing shall be given under oath and shall be reported by a stenographer for possible transcription. The accused shall be entitled, upon request, to a certified copy of the transcript without charge. When the report is transcribed, the original transcript shall be placed on file in the department.

Evidence of prior acts, irrespective of whether they were associated with a personnel complaint against the accused and irrespective of the resolution of the complaint, may be considered in the discretion of a Board of Rights if relevant to the charges, such as, if the prior acts tend to prove that the conduct charged is consistent with a pattern of conduct.

(n) Finding and Decision. The Board of Rights shall at the conclusion of the hearing make findings of guilty or not guilty on each charge, which findings shall be based only upon the evidence presented at the hearing. If the accused is found not guilty, the board shall order the member's restoration to duty without loss of pay and without prejudice, and the order shall be self-executing and immediately effective. If the accused is found guilty, the Board of Rights shall prescribe its penalty by written order of:

(1) suspension for a definite period not exceeding three months with total loss of pay, and with or without reprimand; or

(2) demotion in rank, with or without suspension or reprimand or both; or

(3) reprimand without further penalty; or

(4) removal.

The decision and order must be certified in writing and a copy delivered to the Chief of Police as soon as practicable, but in no event later than ten days after the decision of the Board of Rights. Whenever a Board of Rights prescribes a penalty of suspension or removal and the member is not currently relieved from duty, the Chief may temporarily relieve the member from duty pending execution of the order.

For purposes of this section, demotion in rank shall mean reduction in civil service classification. The provisions of this section shall not apply to reductions

in pay grade or similar personnel actions caused by reassignment, deselection from bonused positions, and the like. Reductions shall be administered under policies adopted by the department.

(o) Personnel History and Records. The departmental personnel history and records of the accused shall be available to the Board of Rights only if the accused has been found guilty of any charge upon which the member was heard or tried by the Board of Rights, and then only for the purpose of determining a proper penalty. At the penalty stage, the board may consider the entire departmental personnel history and record of the accused, which shall include, among other things, information concerning personnel complaints against the accused that were sustained and information derived from complaints against the accused that were not resolved, to the extent and in the manner allowed by department policy except that the medical package of the accused shall not be considered by the board with regard to penalty unless such information is relevant to a charge as to which there was a finding of guilty. In prescribing the penalty, the board shall look to the nature and gravity of the offense of which the member has been found guilty and may at its discretion review the departmental personnel history and record of the member. No item or entry in the record may be considered by the board except in the presence of the member and only where the member has been given a fair and reasonable opportunity to explain any item or entry unless the member has failed or refused to be present.

(p) Imposition; Reduction of Penalty. Within five days of delivery of a certified copy of the decision and order of a Board of Rights to the Chief of Police, the Chief shall either execute the order or may, at his or her discretion and in lieu of the order, impose a penalty less severe than that ordered by the Board of Rights, but may not impose a greater penalty. In the case of a demotion, suspension, demotion and suspension, or removal, the Chief shall cause a copy of the notice of the penalty to be served upon the member and shall file a statement of this action with the Board of Police Commissioners within five days.

(q) Effective Date of Penalty. A removal prescribed by the Board of Rights, or by the Chief of Police if no hearing is had before a Board of Rights, shall relate back to and be effective as of the date of the relief from duty pending hearing before and decision by the Board; however where a final decision has been made by the Chief of Police prior to the end of the 30 day period referred to in subsection (b) (1), the removal shall be effective immediately.

The effective date of any suspension or demotion prescribed by the Board of Rights, or by the Chief if no hearing is had before a Board of Rights, shall be determined by policies adopted by the department, with practices in effect on the effective date of the most recent amendment to this section remaining in effect until the adoption; provided, that in case of suspension where there has been a temporary relief from duty, the 30 day period referred to in subsection (b) (1) or any portion thereof in which the member received compensation shall not be counted as part of the suspension. Nothing in this section shall preclude the impo-

sition of a suspension without pay when a final decision is made prior to the end of the 30 day period.

(r) Calendar Days. Except as otherwise provided in this section, all time periods, including those of limitation, shall be calculated in calendar days. When the last day of any such period falls on a weekend or City holiday, the period shall extend to the next business day.

(s) Double Jeopardy; Exoneration. No member shall be twice tried for the same offense, except upon the request of the member. In any case of exoneration of the accused after a hearing before a Board of Rights, the exoneration shall be without prejudice to the member.

(t) Rehearing. At any time within three years after the effective date of removal, the removed member may file a request with the Chief of Police to be reheard or to be heard on the cause of the member's removal, together with a supporting affidavit setting forth in clear and concise language the reasons or grounds for a hearing or rehearing. The Chief shall consider and make a decision on the request and affidavit within 30 days after filing. If the Chief determines that good reason or cause exists for a hearing or rehearing, the Chief shall, without unnecessary delay, cause a Board of Rights to be constituted for the purpose of hearing and deciding upon the matter. The Board of Rights shall, at the conclusion of the hearing, render and certify its findings (independent of any previous findings by any other Board of Rights, or any other court, board, or other tribunal, or any investigation or report of or discretion exercised by the Chief in such cases where no hearing was had before a Board of Rights) based only upon the evidence presented at the hearing. The board shall make and certify its decision and order in writing and deliver a copy to the Chief. The Chief shall proceed in the same manner as provided for above after decision by a Board of Rights.

(u) Other Legal Rights. This section shall not be construed to affect any rights a member may have to assert other legal rights or remedies in relation to his or her office or position or to the compensation attached thereto, or to appeal to or be heard or tried by any court or other tribunal of competent jurisdiction.

(v) Restoration to Duty. A member restored to duty after removal or temporary relief from duty, or whose suspension or demotion has been overturned in whole or in part, shall be entitled to receive full compensation from the City as if the nullified penal action had not been taken; except that such compensation shall not exceed one year's salary unless otherwise required by law.

(w) Independence of Board of Rights. Members of a Board of Rights are to make decisions based solely on the evidence before them. No sworn member of a Board of Rights shall be subject to any benefit, retaliation or adverse personnel action based upon their findings or recommendations at a Board of Rights hearing. No civilian member of a Board of Rights shall be coerced or intimidated as a result of findings or recommendations at a Board of Rights hearing.

(x) Effects of New Charter. This section shall not apply to the discipline of any member who was relieved from duty or who appealed a demotion or sus-

pension or both to a Board of Rights prior to its effective date. Matters arising out of such relief from duty, demotion or suspension shall be adjudicated in accordance with applicable prior Charter provisions.

ARTICLE XI
PENSION AND RETIREMENT SYSTEMS

GENERAL PROVISIONS FOR PENSION AND RETIREMENT SYSTEMS

Sec. 1100. Applicability.

Each pension or retirement department or plan set forth in this Article shall be governed by the following:

(a) provisions specific to each department or plan set forth in this Article or elsewhere in the Charter; and

(b) these General Provisions for Pension and Retirement Systems.

Additionally, the General Provisions for Departments contained in Article V shall apply to the departments listed in Section 1102(a) to the extent not inconsistent with this Article.

Sec. 1102. Pension and Retirement Departments and Plans.

(a) Departments of the City. The following pension and retirement system departments, created in Section 500, are included within this Article:

Fire and Police Pension System

Los Angeles City Employees' Retirement System (LACERS)

(b) Plan Created. The following retirement system is created within the Department of Water and Power and included within this Article:

Water and Power Employees' Retirement Plan (WPERP)

(c) Boards Created. Each of the pension and retirement system departments or plans set forth in subsections (a) and (b) shall be under the management and control of a board of commissioners. The boards shall have these names:

Board of Fire and Police Pension Commissioners

Board of Administration of the Los Angeles City Employees' Retirement System

Board of Administration of the Water and Power Employees' Retirement Plan

Sec. 1104. Pension and Retirement System Boards.

(a) Board of Fire and Police Pension Commissioners. The Board of Fire and Police Pension Commissioners shall consist of nine members. Five shall be appointed by the Mayor, subject to the approval of the City Council. One shall be an active sworn member of the Fire Department as defined in this Article and elected by the members of the Fire Department. One shall be an active sworn member of the Police Department as defined in this Article and elected by the members of the Police Department. One shall be a retired member of the Fire Department as defined in this Article and elected by the retired members of the Fire Department. One shall be a retired member of the Police Department as defined in this Article and elected by the retired members of the Police Department.

(b) Board of Administration for LACERS. The Board of Administration for LACERS shall consist of seven members. Four members, one of whom shall be a retired member of the system, shall be appointed by the Mayor subject to the approval of the Council. Two members shall be active employee members of the system elected by the active employee members. One shall be a retired member of the system elected by the retired members of the system.

(c) Board of Administration for WPERP. The Board of Administration for the WPERP shall consist of seven members. Three members shall be ex officio, three members shall be elected, and one member shall be appointed. The ex officio members shall be the General Manager of the Department, the Chief Accounting Employee of the Department, and one Board of Water and Power Commissioner selected by that board. Three elected members shall be active employee members of the system elected by the active employee members. One member shall be a retired member of the system appointed by the Board of Water and Power Commissioners.

(d) Terms of Board Members. For the Board of Fire and Police Pension Commissioners and the Board of Administration for LACERS, each elected board member shall serve for a term of five years. For the Board of Administration for WPERP, the appointed retired member and each elected board member shall serve for a term of three years. The terms of board members on all boards shall be staggered as determined by each board. In case of a vacancy of an appointed seat on any board, the appointing authority for the seat shall appoint a member to serve out the unexpired term of office. In case of a vacancy of an elected seat on any board that has more than six months remaining before expiration of the term, the applicable board shall conduct an election to select a member of the group represented by the vacant seat to serve out the unexpired term of office.

(e) Restrictions on Board Membership. No person who is employed in any capacity by the LACERS or by WPERP shall be eligible to file for election to or be appointed to the board of their respective systems.

Sec. 1106. Powers and Duties of Pension and Retirement Boards.

Consistent with Article XVI, Section 17 of the California Constitution, and any successor constitutional provision, and subject to the limitations set forth elsewhere in the Charter concerning anything other than pension and retirement system administration and control over system investments, each pension and retirement board of the City shall:

(a) Administration of the Pension or Retirement System. Have sole and exclusive responsibility to administer its system for the following purposes:

(1) to provide benefits to system participants and their beneficiaries and to assure prompt delivery of those benefits and related services;

(2) to minimize City contributions; and

(3) to defray the reasonable expenses of administering the system.

The duty to system participants and their beneficiaries shall take precedence over any other duty.

(b) Assets. Have sole and exclusive fiduciary responsibility over the assets of its system which are held in trust for the exclusive purposes of:

(1) providing benefits to system participants and their beneficiaries; and

(2) defraying the reasonable expenses of administering the system.

(c) Prudent Person Standard. Discharge its duties with respect to its system with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

(d) Investments. Diversify the investments of the system so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly not prudent to do so.

(1) Investment Statement. The board of each pension and retirement system shall adopt a statement of investment objectives and policies for the system. The statement shall include at least the desired rate of return and acceptable levels of risk for each asset class, asset allocation goals, guidelines for the delegation of authority, and information of the types of reports to be used to evaluate investment performance. At least annually, the board shall review the statement and change or reaffirm it. After each annual review, the board shall forward the statement to the Mayor and Council for informational purposes.

(2) Performance Evaluation. At least annually, the board of each pension and retirement system shall retain an outside performance evaluation firm to calculate the returns on all of the system investments.

(e) Actuarial Services. Have the sole and exclusive power to provide for actuarial services in order to assure the competency of the assets of its systems in accordance with recognized actuarial methods.

(f) Rules and Regulations. Have the power to adopt any rules, regulations, or forms it deems necessary to carry out its administration of a pension or retirement system or assets under its control.

Sec. 1108. General Manager of Pension or Retirement Systems.

(a) Applicability. Except as provided in this section, the provisions regarding general managers contained in Article V shall apply to the general managers of the pension and retirement systems of the City.

(b) Appointing Authority. The Board of Fire and Police Pension Commissioners and the Board of Administration of the Los Angeles City Employees' Retirement System shall appoint their respective general manager subject to confirmation by the Mayor and Council and shall remove their respective general manager subject to confirmation by the Mayor. A general manager removed pursuant to the provisions of this section may appeal the removal to the Council in the manner provided in Section 508(e).

(c) Annual Review. The Board of Fire and Police Pension Commissioners and the Board of Administration for the Los Angeles City Employees' Retirement System shall evaluate their respective general manager at least annually and shall

set or adjust the compensation of the general manager with guidelines established by Council. Each board shall forward a copy of its performance evaluation and salary determination to the Mayor and Council.

Sec. 1110. Control of Pension and Retirement Funds.

(a) Special Funds. Each pension and retirement board shall have a special trust fund or funds on deposit with the Treasurer for the purpose of segregating its revenues from the other money of the City.

(b) Control of Special Funds. The board of each pension and retirement system shall have control over their respective funds. Transfers or expenditures shall be drawn upon funds only upon demands signed by the chief accounting employee of the board. All payments from the funds shall be made upon demands prepared and approved in accordance with the provisions of the Charter.

(c) Master Trustee or Custodian. Each pension and retirement board, in its sole discretion, may designate one or more master trustees or custodians to hold securities and funds of the system for the purpose of carrying out the investment policies and decisions of the board.

(d) Fund Earnings. The money in any pension or retirement system fund shall be invested at the sole and exclusive direction of the respective board and all earnings shall be credited to the respective funds by the Treasurer or the Master Trustee or Custodian designated by the respective board.

Sec. 1112. Management Audits.

(a) Conduct of Audit. The Mayor, Council, and Controller at least once in every five years, shall jointly require a management audit to be made of the business and property of each of the pension and retirement systems by an independent qualified management auditing firm. Each audit shall examine whether the pension or retirement system is operating in the most efficient and economical manner and shall evaluate the asset allocation of the system. The firm employed to conduct the audit shall be selected by the Mayor, Council and Controller.

(b) Audit Results. A copy of the report of each audit shall be transmitted to the Mayor, Council and the board of the audited pension or retirement system. Upon receipt of the audit, Council may request that some or all of the audit recommendations be implemented by a board, but the board shall retain sole and exclusive authority over administration of its system and assets to the extent provided in Article XVI, Section 17 of the California Constitution.

Sec. 1114. Council Veto of Board Decisions.

The right of Council to veto board decisions provided in Section 245 shall not apply to decisions of the City's pension and retirement boards.

Sec. 1116. Right to Retire While on Military Leave.

Any officer or employee who, while on Military Leave as defined in Section 1023 of the civil service provisions of the Charter, is or becomes entitled to retire on pension or is or becomes entitled to any benefits under any provision of this Article, may exercise such rights or claim such benefits while on Military Leave.

Sec. 1118. Gender and Number.

As used in this Article, the masculine, feminine, or neuter gender, and the singular or plural number, shall each be deemed to include the others unless the context clearly indicates otherwise.

Sec. 1120. Purchases of Real Property.

(a) Real Estate Held in Board Name. Notwithstanding the provisions of Sections 105 and 385 of the Charter, title to any real property or interest in real property shall be held in the name of the applicable board and any real property or interests owned by a board may be sold, leased, or encumbered by the board.

(b) Board Names for Real Estate Purposes. The pension and retirement boards shall hold real property in the following names:

Board of Fire and Police Pension Commissioners of the City of Los Angeles

Board of Administration of the Los Angeles City Employees' Retirement System

Board of Administration of the Water and Power Employees' Retirement Plan of the City of Los Angeles

(c) Voting Procedure for Real Estate Investments. Any purchase of real property by a pension or retirement board shall require approval by a majority vote of all its members but one of the affirmative votes must be cast by an elected employee member of the board.

PART 1
LOS ANGELES CITY EMPLOYEES' RETIREMENT SYSTEM

Sec. 1150. Los Angeles City Employees' Retirement System (LACERS).

There is hereby created, established and adopted a retirement system for all officers and employees of the City of Los Angeles not now included within any other pension or retirement system under the provisions of this Article. The benefits of the System's Plan shall be adopted by ordinance in accordance with Section 1168 of this Part 1 and shall be set forth in the City Administrative Code.

Sec. 1152. Definitions.

For the purpose of this Part 1 concerning the LACERS, the following words and phrases shall have the meaning ascribed to them in this section unless a different meaning is clearly indicated by the context:

(a) Accumulated Contributions: The total of the amounts paid into the fund by the member and any interest credited to the member's account.

(b) Beneficiary: Persons entitled to receive a benefit from the Plan.

(c) Member: An employee of the City of Los Angeles who meets the membership requirements of the Plan as further defined in ordinance(s) establishing the benefits of the Plan.

(d) Plan: The Los Angeles City Employees' Retirement System as adopted by the Council under authority of Section 1168.

(e) Retired Member: A member who has ceased employment with the City of Los Angeles and is receiving a regular monthly benefit payment from the Plan.

(f) Retirement Fund: The trust fund established for the LACERS separate and apart from the other money of the City.

(g) System: The Los Angeles City Employees' Retirement System (LACERS).

Sec. 1154. Retirement Fund.

There shall be a fund known as Los Angeles City Employees' Retirement Fund for the payment of administration expense, retirement allowances and other benefits of the System, which fund shall consist of all money paid into the fund in accordance with the provisions of this Part 1, and earnings from investments.

Sec. 1156. Transfer of Released Liability for Transferred Employees.

If any City function and System Members who perform that function are transferred to another public agency, and if the receiving public agency affords System Members the opportunity to secure retirement credit for their City service in that public agency's retirement system, then the Released Liability to this System for the transferred System Members who elect to transfer their accumulated contributions from this System to the retirement system of the receiving public agency shall be made available for payment on account of the required employer contribution for the retirement system of the receiving public agency. The Released Liability shall be made available in the manner specified in the ordinance authorizing the transfer of the City function but in no event shall the amount of money made available exceed the required employer contributions on account of those System Members who request the transfer of their accumulated contributions.

For the purpose of this section, the phrase Released Liability shall mean the City's share of the actuarially determined present value of benefits earned to the date of the transfer under the LACERS and shall be based upon the rates of withdrawal and other actuarial assumptions in effect on the date of the transfer and an assumed interest factor as determined by the Board of Administration which reflects, as closely as practicable, the interest rate at which member contributions and the City reserves were credited as provided in Section 1162 for the six-month period immediately preceding the date of the transfer.

Sec. 1158. Actuarial Standards.

(a) Reserve Basis. The Board of Administration shall adopt an actuarial report showing the cost of maintaining, upon a reserve basis, the System and Fund, and shall, at intervals of not to exceed five years, cause to be made an actuarial investigation into the mortality, service, and compensation experience of the members and beneficiaries, and shall further cause to be made an actuarial valuation of the assets and liabilities of the Retirement Fund. The board shall keep in convenient form any data necessary for the actuarial valuation of the Retirement Fund established in Section 1154.

(b) Setting Actuarial Assumptions. Upon the basis of the investigation and valuation, the Board of Administration shall:

(1) adopt for the System an interest rate and mortality, service and other tables as deemed necessary by the board; and

(2) revise or change the rates of the City contributions on the basis of these mortality, service and other tables.

(c) Records. In addition to other records and accounts, the board shall keep any records and accounts necessary to show at any time:

(1) the total accumulated contributions of the Members, both individually and collectively;

(2) the total accumulated contributions of Retired Members, less the total annuity payments made to such retired members; and

(3) separately the amounts paid into the fund by the City on account of that part of the cost of the System to be borne by the City.

(d) Annual Report. The board shall prepare at the close of each fiscal year a financial statement showing the assets and liabilities of the Retirement System and Fund.

Sec. 1160. Budget.

(a) Transmittal of Budget. The board shall annually prepare and transmit to the Mayor and Controller a budget setting forth the estimated cost of maintaining the Retirement Fund. The budget shall include separate items as follows:

(1) City Contributions. A sum equal to a percentage of the salaries of all members of the retirement system, which percentage shall be the same as that shown in the last actuarial report rendered, as herein before provided to be the percentage required for members of departments with no past service.

(2) Liquidation of Unfunded Liabilities. A sum sufficient to liquidate, over a period of up to 30 years, any accrued unfunded liabilities assumed by the System.

(3) Administratively Expenses. At the discretion of the City Council, the administrative expenses of the System.

(b) General Obligation of the City. The obligation to pay benefits of LACERS shall be a general obligation of the City of Los Angeles.

Sec. 1162. Contribution of Members.

(a) Contribution Required. Each Member shall contribute to the System by salary deduction at the rate of contribution established by ordinance.

(b) Member Accounts. The Board of Administration shall maintain an individual account of the contributions made by or for each Member. Regular interest shall be credited to the individual accounts as of the last day of each month equal to the yield of the five year Treasury Note as determined by the board.

(c) Payroll Deduction. Each Member shall be deemed to consent and agree to each deduction made as provided for in this section and the payment of each payroll check to a Member shall be a full and complete discharge and acquittance of all claims and demands whatever for the services rendered by each Member during the period covered by the payroll, except any claims that the Member has to the benefits provided for in this Part 1.

(d) Refund of Contributions. The right of each and every Member to be paid his or her accumulated contributions in the event of any subsequent repeal of

this Part 1 is hereby declared to be a vested property right of each Member. Furthermore, the right of each and every Member to be paid his or her accumulated contributions upon his or her separation from the City service and the right of each and every beneficiary to be paid the Member's accumulated contributions upon the Member's death before retirement or his or her unused contributions upon the Member's death after retirement are hereby declared to be vested property rights of each Member or Beneficiary.

Sec. 1164. Employment by the City of a Retired Member of the System.

(a) Prohibition. No person who shall have been retired from the service and employment of the City pursuant to the provisions of this System shall thereafter be paid for any service rendered as an officer or employee of the City, except for service rendered as an election officer, as an officer elected by the electors of the City, or as a Retired Member of the Board of Administration.

(b) Exception for Temporary Service. The Mayor may, at the request of the appointing authority, authorize employment of a Retired Member to a vacant position in a class in which he or she has been employed or, subject to the civil service provisions of the Charter, in any other position, for a period not to exceed 90 days in any fiscal year when such Member's services are required for an emergency or to prevent a stoppage of public business or when his or her special skills are needed to perform work of a limited duration. While so employed, the Retired Member will continue to receive his or her retirement allowance as a Retired Member, but will make no further contribution to the System, and will not be subject to any change in benefits from the System as the result of the employment.

(c) Exception for Board Fees and Employment as Election Employee. Notwithstanding any other provision of this section, no Retired Member appointed to a board of commissioners established by the Charter or by ordinance, shall be barred by reason of retirement from receiving the attendance fee provided for the members of the board, nor shall any Retired Member be barred by reason of retirement from receiving compensation for serving not more than 120 days in any calendar year as a temporary election employee exempted from the classified civil service of the City pursuant to the provisions of Section 1001 of the Charter. No Retired Member receiving compensation described in this subsection shall be considered as an active member of this System for any purpose.

Sec. 1166. Authority to Administer Other Retirement Plans.

(a) Council Authorization. The Council may by ordinance adopted in accordance with Section 1168 authorize the Board of Administration to administer retirement plans for employees of the City who are not Members of the LACERS, or as a plan supplemental to any other pension or retirement plan established under the Charter or by ordinance. This plan or supplement shall be separate and distinct from LACERS and not subject to the definitions, conditions of entitlement or requirements applicable to LACERS.

(b) Fund. A separate fund administered by the Board of Administration of LACERS shall be created and established for the payment of administration expenses and benefits of any plan enacted under subsection (a). The source of funding for any such plan shall be determined by ordinance except that no assets of the LACERS Fund shall be available for such purpose. To the extent that the board is entrusted with investment responsibilities for such plans, the board shall be responsible for the investment of such funds in accordance with the standards that apply to the LACERS.

Sec. 1168. Establishment of Benefits by Ordinance.

(a) Procedure for Adoption of Benefits. Ordinances adopted pursuant to this section must be approved by not less than two-thirds of the Council, subject to the veto of the Mayor and override by Council by three-fourths of Council. No such ordinance may be finally adopted by the Council until the expiration of at least 30 days after its first presentation to the Council, nor until after a public hearing has been held.

(b) Limitation on Council Authority to Increase or Modify Benefits. The Council may, by an ordinance adopted pursuant to the requirements contained in subsection (a) modify or add to the benefits set forth in the Administrative Code or change conditions of entitlement. However, the Council may not increase or modify benefits if doing so would violate limitations imposed by federal or state law. As a further condition to the final adoption of benefit modifications, it shall be required that the Council be advised in writing by an enrolled actuary as to the cost of benefit increases.

Any ordinance adopted pursuant to this section shall go into effect upon publication, but the Council may provide that the terms of the ordinance, or portions of it, shall be operative at a later date or dates. Ordinances adopted pursuant to this section shall be codified in the Los Angeles Administrative Code.

An allowance which becomes effective after the publication of an ordinance adopted pursuant to this section but prior to the operative date shall be modified or increased only from and after the operative date of the providing ordinance.

Sec. 1170. Benefits Not Assignable.

The right of every Member and of every beneficiary to receive and be paid any money under any of the provisions of the LACERS is a right personal to the Member or Beneficiary which cannot be assigned to any other person, in any manner or for any purpose, the intent being that payments shall in all cases be made directly to the Member or Beneficiary.

PART 2
WATER AND POWER EMPLOYEES' RETIREMENT PLAN

Sec. 1180. Applicability of the Plan.

(a) Water and Power Department Employees and Beneficiaries. The Water and Power Employees' Retirement Plan (WPERP) created in Section 1102(b) of this Article shall be binding in its entirety upon all employees of the Water and Power Department and all beneficiaries of the Plan. All benefits under the

retirement, disability and death benefit features of the Plan shall be granted only upon the terms and conditions set forth in the Plan.

(b) Intermittent, Occasional and Temporary Employees. Under no circumstances shall persons employed by the Department of Water and Power to render services of an intermittent or occasional character be eligible for the benefits of the Plan. Any employee, who shall have been excluded from participation in the benefits of the Plan on account of his or her temporary employment status, shall be permitted to participate in the benefits upon the terms and conditions provided by the Plan.

Sec. 1182. Definitions.

For the purpose of this Part 2 concerning the Water and Power Employees' Retirement Plan, the following words and phrases shall have the meaning ascribed to them in this section unless a different meaning is clearly indicated by the context:

(a) Beneficiary: A person entitled to receive a benefit from the Plan.

(b) Member: An employee of the Department of Water and Power who meets the membership requirements of the Plan as further defined in Plan.

(c) Plan: The Water and Power Employees' Retirement Plan adopted by the Board of Administration pursuant to Section 1186.

(d) Retired Member: A member who has ceased employment with the Department of Water and Power and is receiving a regular monthly benefit payment from the Plan.

(e) System: The Water and Power Employees' Retirement Plan.

Sec. 1184. Retirement from Active Service.

(a) Normal Retirement. The normal retirement date for a Member shall be the first day of the calendar month which next follows the Member's 60th birthday. A Member shall be retired from the service of the Department of Water and Power on the person's normal retirement date or on the first day of any calendar month thereafter, upon his or her written application filed with the Board not less than 30 days prior to the date of retirement.

(b) Early Retirement. Any Member may be retired from the service of the Department of Water and Power prior to his or her normal retirement date upon his or her written application if the retirement is recommended by the general manager of the department and approved by the Board of Water and Power Commissioners in accordance with rules and regulations set forth in the Plan.

Sec. 1186. Amendment of Plan and Provision of Health and Welfare Benefits.

The provisions of the Plan may be amended from time to time to provide retirement, disability or death benefits upon the approval of the Board of Water and Power Commissioners and adoption by the Board of Administration. Prior to the adoption of any benefit change, a report from the Plan's actuary must be presented to both the Board of Administration and the Board of Water and Power Commissioners analyzing the cost impact of the proposed changes upon the Plan.

Sec. 1188. Water and Power Employees' Retirement Fund.

(a) Creation of Fund. The Water and Power Employees Retirement Fund, the Water and Power Employees Disability Fund, and the Water and Power Employees Death Benefit Fund are created.

(b) Member Contributions. All contributions of employees and the Department of Water and Power under the Plan shall be paid into the Water and Power Employees Retirement Fund. The board, as authorized in Section 1110, may segregate revenues, contributions, and expenses of the various benefit programs of the Plan including Retirement, Disability, and Death Benefits.

(c) General Obligation. The obligation to pay benefits of WPERP shall be a general obligation of the Department of Water and Power and any of its successors.

Sec. 1190. Actuarial Survey.

The Board of Administration of WPERP shall, at regular intervals not to exceed five years, secure a general survey and actuarial report of the Plan.

PART 3
FIRE AND POLICE PENSION PLANS

GENERAL PROVISIONS

Sec. 1200. Applicability.

Each Tier of Fire and Police Pension Plans shall be governed by the following:

(a) provisions specific to each Tier as set forth in this Article; and

(b) these General Provisions for the Fire and Police Pension Plans.

Sec. 1202. Definitions.

For the purposes of the Tiers of the Fire and Police Pension Plans set forth in this Part 3, the following words and phrases shall have the meaning ascribed to them in this section, unless a different meaning is clearly indicated by the context.

(a) City: The City of Los Angeles.

(b) Board: The Board of Fire and Police Pension Commissioners.

(c) Plan or System: The applicable Tier of the Fire and Police Pension Plans.

(d) Beneficiary: Person entitled to receive a benefit from any of the Plans.

(e) Department Member: A person who is a sworn Member of the Fire Department or a sworn Member of the Police Department.

(f) Retired Plan Member: A person who is a former Plan Member whose active duty status has been terminated and is receiving a regular monthly benefit payment from any Tier of the Fire and Police Pension Plans.

(g) Tier: Any one of the several plans administered by the Board within the Fire and Police Pension Plans.

(h) Outside Agency: Any governmental entity other than the Fire or Police Departments of the City of Los Angeles.

(i) Transferring Employees: Employees of an Outside Agency who become Department Members pursuant to a merger or contract for fire or police services authorized by action of the Council.

Sec. 1204. Consolidation of General Manager and Secretary.

The positions of general manager of the Fire and Police Pension Department and of secretary to the Board may be consolidated, in the discretion of the Board.

Sec. 1206. Persons Not Entitled to Fire and Police Pension.

A deputized, reserve or auxiliary police officer or firefighter hired by the City of Los Angeles to perform duties on a part-time basis shall:

(a) not be a Plan Member or System Member of any Tier for any purpose;

(b) not be entitled, and the surviving spouse or surviving minor or dependent children or dependent parent(s) shall not be entitled to payment of any benefit or pension provided by the Fire and Police Pension Plans; and

(c) not have any deductions made for pension purposes from any moneys earned or paid by the City.

Sec. 1208. Repeal of Limitations on Surviving Spouse Benefits.

After December 5, 1996, the survivor benefit of a Qualified Surviving Spouse under any Tier of the Fire and Police Pension Plan shall not be discontinued due to the subsequent remarriage of a Qualified Surviving Spouse.

Sec. 1210. Budget.

(a) Adoption of Annual Budget. The Board of Fire and Police Pension Commissioners shall adopt a budget each year setting forth the administration expense for each Tier of the Fire and Police Pension Plans. The budget shall be adopted at a meeting open to the public. At the discretion of the Council, administrative expense, which includes investment management expense, may be paid from the assets of the applicable Tier.

(b) Separate Items of Budget. The Board shall annually prepare and transmit to the Mayor, Council and Controller a budget setting forth the estimated cost of maintaining the Fire and Police Pension Plans. The budget shall include separate items as follows:

(1) Fire and Police Pension Plan—Tier 1.

(A) A sum equal to that percentage of the salaries of all Tier 1 Members shown in the last actuarial valuation to be required to cover the entry age cost to be paid by the City on account of new entrants into Tier 1. The entry age cost is defined as the level percentage of compensation of new Tier 1 entrants which must be paid into the Fire and Police General Pension Fund—Tier 1 from their date of entry in order to provide the benefits under the Plan, less the contributions to be made by new entrants during the period of their membership as provided in Section 1324.

(B) A sum equal to the dollar amount shown in the last actuarial valuation to be required to amortize the unfunded liabilities of Tier 1. The unfunded liabilities are the present value of all of the assumed obligations of Tier 1, less:

(i) the present value of the future contributions to be made by the City under the preceding subsection and by the members under Section 1324, and

(ii) the assets of the Fire and Police Tier 1 Service Pension Fund and of the Fire and Police Tier 1 General Pension Fund.

The amortization period shall be 70 years beginning with the fiscal year 1967–1968.

(C) A sum sufficient to cover the cost, as determined by an actuarial estimate, of benefits granted by the Council under the authority of Section 1330 of Tier 1.

(2) Fire and Police Pension Plan—Tier 2.

(A) A sum equal to that percentage of the salaries of all Tier 2 Members shown in the last actuarial valuation to be required to cover the entry age cost to be paid by the City on account of new System Member entrants into Tier 2. The entry age cost being defined as the level percentage of salary of Tier 2 entrants which must be paid into the Fire and Police Tier 2 General Pension Fund from their respective dates of entry in order to provide the benefits pursuant to this Plan, less the deductions to be made from the salaries of new entrants, while they are Tier 2 Members, as provided by Section 1420.

(B) A sum equal to that percentage of the aggregate salaries of all members of the Fire Department and of the Police Department who are included under the provisions of Tiers 1, 2 and 3 of this Article, as shown in the last actuarial valuation required to amortize the unfunded liabilities of Tier 2, which sum will remain level as a percentage of salary, but which will increase in dollar amount in accordance with the aggregate salary increase assumption. Unfunded liabilities are defined as the present value of all of the assumed obligations of the Plan less:

(i) the present value of the future contributions to be made by the City pursuant to the preceding subsection (2) (A);

(ii) the present value of the deductions to be made from the salaries of the Tier 2 Members; and

(iii) the assets of the Fire and Police Tier 2 Service Pension Fund and of the Fire and Police Tier 2 General Pension Fund.

The amortization period shall be 70 years beginning with the fiscal year 1967–68, except the Board shall assume that the unfunded liabilities of Tier 2 shall be $258,000,000 as of July 1, 1967.

(C) A sum sufficient to cover the cost as determined by actuarial estimate, of benefits granted by the Council under the authority of Section 1428 of this Tier 2.

(3) Fire and Police Pension Plan—Tier 3.

(A) A sum equal to that percentage of the salaries of all Tier 3 Members shown in the last actuarial valuation to be required to cover the entry age cost to be paid by the City on account of Tier 3 Member entrants into the Fire and Police Pension Plan—Tier 3. The entry age cost being defined as the level percentage of salary of new Tier 3 Member entrants which must be paid into the fund from their respective dates of entry in order to provide the benefits pursuant to the Tier 3 provisions, less the deductions to be made from the salaries of new entrants while they are Tier 3 Members.

(B) A sum equal to that percentage of salaries of all Tier 3 Members shown in the last actuarial valuation to be required to amortize the unfunded liabilities of the Fire and Police Pension Plan—Tier 3. The unfunded liabilities being defined as the present value of all the assumed obligations of the Fire and Police Pension Plan—Tier 3 less:

(i) the present value of the future contributions to be made by the City;

(ii) the present value of the deductions to be made from the salaries of the Tier 3 Members; and

(iii) the assets of the funds of the Fire and Police Pension Plan—Tier 3.

(C) A sum sufficient to cover the cost, as determined by an actuarial estimate, of benefits granted by the City Council by ordinance as authorized by Tier 3.

(4) Fire and Police Pension Plan—Tier 4.

(A) A sum equal to that percentage of the salaries of all Tier 4 Members shown in the last actuarial valuation to be required to cover the entry age cost to be paid by the City on account of Tier 4 Member entrants into the Fire and Police Pension Plan—Tier 4. The entry age cost is defined as the level percentage of salary of new Tier 4 Member entrants which must be paid into the fund from their respective dates of entry in order to provide the benefits pursuant to the Tier 4 provisions, less the deductions to be made from the salaries of new entrants while they are Tier 4 Members.

(B) A sum equal to that percentage of salaries of all Tier 4 Members shown in the last actuarial valuation to be required to amortize the unfunded liabilities of the Fire and Police Pension Plan—Tier 4. The unfunded liabilities being defined as the present value of all the assumed obligations of the Fire and Police Pension Plan—Tier 4 less:

(i) the present value of the future contributions to be made by the City;

(ii) the present value of the deductions to be made from the salaries of the Tier 4 Members; and

(iii) the assets of the funds of the Fire and Police Pension Plan—Tier 4.

(C) A sum sufficient to cover the cost, as determined by an actuarial estimate, of benefits granted by the Council by ordinance as authorized by Tier 4.

(c) General Obligation of the City. For the purpose of providing funds to meet the budget of all the Fire and Police Pension Plans, the Council annually shall provide from revenues available to it, funds sufficient to provide the total amount of all items in the budget submitted by the board.

Sec. 1212. Effect of Receipt of Workers' Compensation.

(a) Definition. For the purposes of this section, "compensation" is defined as every payment provided for by any general law granting benefits for injury, sickness or death caused by or arising out of employment, and also includes payments made to satisfy any claim for damages to the extent that the payments relieve the obligation to pay compensation under that general law.

(b) Coordination of Pension Benefits. If, pursuant to general law, an award of compensation is made or compensation is paid on account of injury, sickness

or death caused by or arising out of employment as a Department Member, then the total amount of any disability or survivor pension granted pursuant to any Tier of the Fire and Police Pension Plans shall be reduced by the total amount of the awarded compensation and the amount remaining after reduction shall be the pension granted.

(c) Payment Procedure. If the reduction provided in subsection (b) of this section is applicable to a pension:

(1) Applied First to Compensation Award. Any pension payments made under any Tier of the Fire and Police Pension Plans shall be deemed to be, and shall be, payments of the compensation award and shall be first applied as payments of the compensation award. Any pension payments not applied as satisfaction of the compensation award shall be deemed to be, and shall be, applied as payments of the pension granted.

(2) Payments Made to the Extent They Exceed Award. Pension payments shall be made only to the extent that the cumulative sum of the payments of disability or survivor pension provided in any Tier exceed the cumulative sum of the compensation award.

(3) Limit on Installment Basis. Compensation awards may be deducted on an installment basis if no installment is less than 25% of any monthly pension amount payable to the Retired Plan Member.

(d) Service Pensions Not Affected. The reduction provided in subsection (b) of this section shall not apply to any service pension granted under any Tier of the Fire and Police Pension Plans. Nor shall any pension be reduced by any compensation which shall be awarded or paid to any Retired Plan Member receiving a service pension under any Tier of the Fire and Police Pension Plans or to any Plan Member who shall die while eligible to retire. Any deductions made from the salary of any Plan Member and deposited to the credit of any Tier of the Fire and Police Pension Plans shall be applied solely to the cost of service pensions granted under that Tier and never shall cover, directly or indirectly, the cost of any compensation award.

Sec. 1214. Domestic Partner Benefits.

(a) Council Authority. The Council may by ordinance provide survivor benefits for domestic partners of members of Tiers 2, 3 and 4 of the Fire and Police Pension Plans, subject to any conditions of entitlement set forth in any ordinance adopted in accordance with the provisions of this section. The authority granted in this section shall include the authority to expand the definition of "qualified surviving spouse" for purposes of the Fire and Police Pension Plans to include a domestic partner.

(b) Mode of Adoption. Ordinances adopted under this section "shall be adopted in the same manner as provided in Section 1618(b), but Council shall be advised in writing by an enrolled actuary as to the cost of the proposed benefits.

Sec. 1216. Pension Benefits in Connection with Mergers and Contracts for Fire and Police Services.

(a) Council Authority. The Council may by ordinance establish pension benefits for persons who leave the employment of an Outside Agency to become Department Members of the Fire or Police Department pursuant to a merger or contract for fire or police services which is authorized by action of the Council. Except as limited in subsection (c), Council shall have broad authority to enact ordinances necessary for the provision and funding of pension benefits for Transferring Employees.

(b) Examples of Council Authority. The broad authority granted to Council includes, but is not limited to:

(1) Different Benefits Allowed. The authority to provide Transferring Employees with benefits other than those provided in the Fire and Police Pension Plans, whether by contracting for coverage with a non-City pension plan, by providing for alternative benefits to be administered by the Board or by other means as the Council shall determine;

(2) Transfer of Assets and Liabilities. The authority to provide for the transfer of pension assets and liabilities in connection with mergers and contracts.

Should it be necessary for the City to assume responsibility for the provision of pension benefits to persons other than the Transferring Employees in order to facilitate a merger or contract, then the Council's authority shall include the authority to provide benefits to these other persons if the future annual costs attributable to the provision of these benefits is clearly identified in the actuary's report and any ordinance providing these benefits must prescribe a mechanism for funding the cost of these benefits. The funding mechanism may include, but is not limited to, the transfer of assets from another pension plan and/or reimbursements from the Outside Agency.

(c) Limitation Upon Council Authority. The authority given to the Council to establish pension benefits herein is specifically limited as follows:

(1) No City Service Credit. The Council may not provide service credit to a Transferring Employee for service performed prior to becoming a Department Member if the Transferring Employee is receiving or will be entitled in the future to receive pension benefits from another pension plan based upon prior service.

(2) Funding of Costs of Service Credit Granted. Any ordinance adopted pursuant to this section which provides for a Transferring Employee to receive service credit for prior service must prescribe a mechanism for funding the costs attributable to this prior service which may include, but is not limited to, the transfer of assets from another pension plan and/or reimbursements of costs from the Outside Agency.

(d) Mode of Adoption. Ordinances adopted under this section shall be adopted in the same manner as provided in Section 1618(b), but Council shall be advised in writing by an enrolled actuary as to the cost of the proposed benefits.

FIRE AND POLICE PENSION PLANS—TIER 1
(formerly Article XVII)

Sec. 1300. Tier 1 Members.

A Plan Member hired on or before January 28, 1967, shall be a Fire and Police Pension Plan—Tier 1 Member.

Sec. 1302. Definitions.

In addition to the words and phrases defined in the Fire and Police Pension Plans General Provisions in Part 3 and for the purposes of this Tier 1, the following words and phrases shall have the meaning ascribed to them in this section, unless a different meaning is clearly indicated by the context.

(a) Member of Fire or Police Department. A "Member of the Fire Department" shall consist of all persons duly and regularly appointed in the Fire Department under civil service rules and regulations to perform the duties of a regular firefighter in the City of Los Angeles, under whatever designation they may be described in any salary or departmental ordinance providing compensation for the Fire Department; and a "Member of the Police Department" shall consist of all members of the Police Department appointed under civil service rules and regulations and sworn in, as provided by law, to perform the duties of a regular police officer of the City of Los Angeles, under whatever designation that they may be described in any salary or departmental ordinance providing compensation for the members of the Police Department. The provisions of Tier 1 shall apply to all members of the Fire and Police Departments as defined in this Tier 1, and to all members of these departments who have been granted pensions pursuant to this Tier 1.

(b) Eligible Widow. An "eligible widow" means the widow of a deceased member of the Fire Department or the Police Department who, as such, is entitled to a pension.

On or before December 5, 1996 any eligible widow, who remarried and thereby ceased to be an eligible widow, shall be reinstated as an eligible widow as of the latest of:

(1) the date upon which a judgment or decree did or shall become final dissolving the marriage upon any ground or declaring a void or voidable marriage to have been null and void or voided, if the date was or shall be within 5 years from the date of the marriage ceremony;

(2) the date upon which the marriage was or shall be dissolved by the death of the other party if the date was or shall be within 5 years from the date of the marriage ceremony; or

(3) the date upon which this section shall become effective, but if either of the events mentioned in (1) or (2) had occurred prior thereto, it had occurred within 5 years from the date of the marriage ceremony.

A reinstated eligible widow shall be entitled to the reinstatement of her pension effective as of the latest of such dates, whichever shall be applicable, but shall not be entitled to the payment of any pension for the period prior to such applicable date and subsequent to the date of the marriage ceremony. The pension paid to

any other person during or for the period of the marriage or purported marriage of such reinstated eligible widow or during or for any period after the dissolution thereof shall cease when her pension shall be reinstated. However, should such reinstated eligible widow thereafter be a party to another marriage ceremony her pension as such shall cease and never again shall be reinstated regardless of whether such marriage ceremony shall result in a valid marriage or in a voidable or void marriage and whether or not the same legally shall be terminated. The pension which shall become payable to any reinstated eligible widow shall commence in the same monthly amount which then would have been payable if she never had ceased to be an eligible widow and thereafter it shall be adjusted as otherwise provided in Section 1328 relating to Cost of Living Adjustments.

The provisions of Sections 1314 and 1316 relating to Service and Nonservice Connected Survivor Pensions hereafter shall be construed and applied in accordance with the provisions of this subsection.

(c) Dependent Child. A "dependent child" means a person, but not including a person who is an illegitimate child of a deceased member of the Fire Department or the Police Department who had not been legitimated by such member, who is a legitimate child, a legitimated child or an adopted child of such member, and who had not been adopted by a person of the same gender as such member prior to the date of his death, who is not married and who, while under the age of 21 years, had become disabled, either prior or subsequent to the date of death of such member, from earning a livelihood for any cause or reason whatsoever, other than by reason of his own moral turpitude or as a result thereof. Such person shall be a dependent child only until he:

(1) shall be adopted by a person of the same gender as such member or shall marry, whichever shall be the earlier, regardless of his age at the time of the occurrence of either such event and whether or not he then is disabled from earning a livelihood;

(2) shall attain the age of 18 years if neither of the events mentioned in (1) had occurred prior thereto and if, at that time, he is not disabled from earning a livelihood; or

(3) shall cease to be disabled from earning a livelihood if none of the events mentioned in (1) or (2) had occurred prior thereto.

The Board shall have the power to determine whether or not a child of a deceased member is a Dependent Child and to determine, from time to time, the fact of whether or not a child who had been determined by it to be a Dependent Child continues to be a Dependent Child.

The provisions of Section 1314 and 1316 relating to Service and Nonservice Connected Survivor Pensions hereafter shall be construed and applied in accordance with the provisions of this subsection.

(d) Assignment Pay. "Assignment Pay" means any additional gross monthly pay or 1/12 of any additional gross annual pay which, by reason of assignment to perform special duties or hazardous duties, in a higher class, position, grade, code

or other title than the lowest thereof within the member's rank, shall be provided therefor by ordinance, upon the conditions therein set forth, as of the date of the termination of such member's status as a member of the Fire Department or the Police Department.

Any such assignment pay shall not be considered as "the highest salary (exclusive of any amount payable by reason of assignment to special duty) attached to the rank of policeman or fireman" for the purposes of either Section 1312 or Section 1316 relating to Nonservice Connected Disability and Survivor Pensions. Any such assignment pay hereafter shall be included in "the average monthly rate of salary assigned to the ranks or positions held by such member" in the case of a member who shall retire upon a service pension or in the case of a member who shall die while eligible for a service pension if he had received the same immediately preceding the date of his retirement or death or upon the last day he had performed duties as a member of the Fire Department or the Police Department or, if he had not received the same at either such time but had received such pay at some time prior thereto, 10% of the assignment pay which he had received at the time of the termination of his last assignment to such duties for each year in the aggregate of his assignment to such duties not exceeding, however, 10 years in the aggregate.

The provisions of Section 1304 relating to Service Pensions, Section 1306 (a)(4)(M) relating to Return or Recall to Active Duty, and Section 1314 relating to Service Connected Survivor Pensions hereafter shall be construed and applied in accordance with the provisions of this subsection.

(e) Partial Year of Service. "Partial Year of Service" means any period of less than 12 months for which the member, if it had been a complete year, would have been entitled to credit toward retirement.

In the case of any member who had become such on or subsequent to January 17, 1927, any such partial year of service shall be calculated from the end of the member's last completed year of service to the end of the payroll period immediately prior to the date of his retirement and shall be counted as part of his years of service for his retirement upon a service pension hereafter granted or for a pension hereafter granted to his widow, minor child or children, dependent child or children or dependent parent or parents if he hereafter shall die while eligible for a service pension prior to having served 25 years in the aggregate.

Any such partial year of service, in case of a member who shall have had less than 25 years of service, shall be credited in the same ratio of 2% of the average monthly rate of salary assigned to the ranks or positions held by him immediately preceding the date of his retirement or death as such partial year shall bear to a complete year and, in the case of a member who shall have had 25 years of service or more, shall be credited in the same ratio 1 2/3% of such average rate of salary as such partial year shall bear to a complete year.

The provisions of Section 1304 relating to Service Pensions, Section 1306 (a)(4)(M) relating to Return or Recall to Duty, and Section 1314 relating to Service

Connected Survivor Pensions hereafter shall be construed and applied in accordance with the provisions of this section.

Sec. 1304. Service Pension.

Any member of the Fire or Police Department who shall have served in such department for 20 years or more in the aggregate in any capacity or rank whatever, on his request, or by order of the Board, if it be deemed for the good of the department, shall be retired from further service in such department, and such member shall thereafter, during his lifetime, be paid in equal monthly installments a pension as follows:

(a) Twenty Years Service: For 20 years aggregate service, 40% of the average monthly rate of salary assigned to the ranks or positions held by the member during the three years immediately preceding the date of his retirement;

(b) Twenty up to Twenty-Five Years Service: And an additional 2% of the average rate of salary for each year over 20 and less than 25 years in the aggregate served by the member before retirement;

(c) Twenty-Five Years Service: For 25 years aggregate service, 50% of the average monthly rate of salary assigned to the ranks or positions held by the member during the three years immediately preceding the date of his retirement;

(d) Twenty-Five up to Thirty-Five Years Service: And an additional 1 2/3% of the average rate of salary for each year over 25 and less than 35 years in the aggregate served by the member before retirement;

(e) Thirty-Five or More Years Service: For 35 years or more aggregate service, two-thirds of the average monthly rate of salary assigned to the ranks or positions held by the member during the three years immediately preceding the date of his retirement.

(f) Hires Prior to January 17, 1927 with Thirty Years Service: Any member of the Fire or Police Department who shall have become a member of such department prior to January 17, 1927, who shall have served in such department for 30 years in the aggregate in any capacity or rank whatever, shall, on his request, or by order of the Board, if it be deemed for the good of the department, be retired from further service in such department, and he shall thereafter, during his lifetime, be paid in equal monthly installments a pension equal to two-thirds of the average monthly rate of salary assigned to the ranks or positions held by such member during the three years immediately preceding the date of his retirement.

(g) Hires Prior to January 17, 1927 with Twenty Years Service: After 20 years aggregate service, on request of a member who shall have become a member of such department prior to January 17, 1927, or by the Board for the good of the department, such member shall be retired and paid in equal monthly installments a limited pension as follows:

(1) Twenty Years Service. For 20 years aggregate service, 50% of the average monthly rate of salary assigned to the ranks or positions held by the member during the three years immediately preceding the date of his retirement;

(2) Twenty up to Thirty Years Service. An additional 1 2/3% of the average rate of salary for each year over 20 years and less than 30 years in the aggregate served by the member before retirement.

In computing the aggregate period of service of a member of the Fire or Police Department for the purposes of this section, there shall be included the period or periods of time, if any, while the member was on disability retirement pursuant to the provisions of Sections 1310 or 1312 relating to Service and Nonservice Connected Disability Pensions of this Charter.

The provisions of this section are subject to the further conditions set forth in Section 1308 relating to the Maximum Tier 1 Pensions of this Charter.

Sec. 1306. Return or Recall to Active Duty.

(a) Return to Active Duty.

(1) Conditions for Return to Active Duty. A retired member, whenever retired, may file, with the Chief of the department from which he retired, a written application to be returned to active duty therein only upon the conditions:

(A) Service Retirement and Former Rank. That his original retirement had been pursuant to Section 1304 relating to Service Pensions and had been from the Fire Department while holding a rank no higher than Engineer or from the Police Department while holding a rank no higher than Sergeant; and

(B) Time Since Original Retirement and Age. That, as of the filing date of the application, the period of his original retirement had been no longer than three years and he shall be under the age of 55 years; and

(C) Medical Exam. That he satisfactorily had passed, a medical examination not more than 30 days prior to the effective date of his original retirement, but the Chief, if the effective date thereof had been prior to May 2, 1969, may waive the condition contained in this subsection.

(2) Subsequent Conditions for Return to Active Duty. The Chief may approve any application only upon the conditions that, after the filing date thereof, the retired member:

(A) Medical Exam. Had passed a medical examination from which it had been determined that he would be capable of performing the duties which would be assigned to him if he were to be returned to active duty, if the determination had been approved or concurred in by the Board; and

(B) Certification. Had certified, in writing, that he had read and understands the provisions of this section and Section 1404 relating to Requests of Reactivated Members of Tier 1 to Become Tier 2 System Member.

(3) Return to Rank at Original Retirement. The Chief, if he were to approve the application, may return the retired member to active duty only in or to a vacant position in the rank held by him at the effective date of his original retirement.

(4) Status of a Reactivated Member of Tier 1. A retired member, if he were to be returned to active duty, thereafter shall be known as a "reactivated member" and, as such:

(A) Privilege, Not An Appointment. His return to active duty shall be a privilege only and not an appointment as a Department Member as provided by

Section 1400 relating to Plan Members for the purposes of Tier 2, he shall be on probation for one year from and after the effective date thereof regardless of any other provision of law contained in the Charter or otherwise, and the Chief may terminate his service at any time during such year;

(B) Original Pension Terminated. His pension, granted by reason of his original retirement, shall be terminated by the Board as of the effective date of his return to active duty;

(C) Method of Calculating Years of Service. His service after the effective date of his return to active duty, for the purposes of this Tier 1 and regardless of any other provision of law contained in the Charter or otherwise, shall consist of only

(i) the days for which he shall be paid for performing his assigned duties;

(ii) his days of vacation with pay; and

(iii) his regular days off duty with pay, and one year of such service shall consist of a total of 365 such days;

(D) Years of Service for Purposes of Civil Service and Related Purposes. His aggregate years of service, for the purposes of his eligibility to advancement in accordance with civil service rules and regulations and the payment of his salary and longevity pay or merit pay, shall consist of only his years of service prior to the effective date of his original retirement and his service after the effective date of his return to active duty;

(E) Years of Service for Purposes of Tier 1. His aggregate years of service, for the purposes of this Tier 1 and regardless of any other provision of law contained in the Charter or otherwise, shall consist of only his years of service prior to the effective date of his original retirement and his service subsequent to the effective date of his return to active duty. Such service shall be for not less than one year as defined in subsection (a)(4)(C) of this section;

(F) Salary, Longevity, & Merit Pay. He shall be assumed to have a satisfactory standard of service and shall be paid the salary provided for his rank and the longevity pay or merit pay provided for his aggregate years of service as defined in subsection (a)(4)(E) of this section, subject, however, to all provisions applicable to the termination of payment of longevity pay or merit pay;

(G) Payroll Deduction. He shall have deductions made for pension purposes, pursuant to Section 1324 relating to Member Contributions—Tier 1, from his salary and longevity pay or merit pay;

(H) Prohibition of Nonservice Connected Pensions. He never shall be entitled to a subsequent retirement pursuant to Section 1312 relating to Nonservice Connected Disability Pensions and his widow, his minor child or children (hereafter referred to in this subsection as "his child") or his dependent parent or parents (hereafter referred to in this subsection as "his parent") never shall be granted a pension pursuant to Section 1316 relating to Nonservice Connected Survivor Pensions;

(I) Allowance of Service Connected Pensions. He shall be entitled to a subsequent retirement pursuant to Section 1310 relating to Service Connected Disability Pensions if he were to become eligible therefor and upon his death, if he theretofore had had such a subsequent retirement, a pension shall be granted pursuant to applicable provisions of Section 1314 relating to Service Connected Survivor Pensions to his widow, (if she shall have been married to him for at least one year prior to the effective date of his original retirement or for at least one year after the effective date of his return to active duty and prior to the effective date of his subsequent retirement), or to his child or to his parent;

(J) Allowance of Service Related Survivor Pension. His widow or his child or his parent, if he were to die while a reactivated member from any cause arising out of or from the performance of his duties, shall be granted a pension pursuant to applicable provisions of Section 1314 relating to Service Connected Survivor Pensions;

(K) Allowance of Survivor Pension Upon Death of Reactivated Member. His widow, (if she shall have been married to him for at least one year prior to the effective date of his original retirement or for at least one year after the effective date of his return to active duty and prior to the date of his death), or his child or his parent, if he were to die while a reactivated member from any cause other than a cause arising out of or from the performance of his duties, shall be granted the same pension she would have received pursuant to applicable provisions of Section 1314 relating to Service Connected Survivor Pensions;

(L) Reinstatement of Original Pension. His pension, granted by reason of his original retirement, if his service were to be terminated during the one year from and after the effective date of his return to active duty for any reason other than by reason of his subsequent retirement pursuant to Section 1310 relating to Service Connected Disability Pensions, shall be reinstated by the Board, as of the effective date of the termination of his service, at the amount of pension which then would have been payable to him if he had not returned to active duty and, upon his death, the pension which shall be granted pursuant to Section 1314 relating to Service Connected Survivor Pensions to his widow (if she shall have been married to him for at least one year prior to the effective date of his original retirement), or to his child or to his parent, shall be calculated upon the salary upon which his pension had been calculated as of the effective date of his original retirement; and

(M) Retirement as Reactivated Member. He shall be entitled to a subsequent retirement pursuant to Section 1304 relating to Service Pensions, based upon his aggregate years of service as defined in subsection (a)(4)(E) and his pension shall be calculated upon a sum equal to the salary upon which his pension had been calculated as of the effective date of his original retirement (hereinafter referred to as "such salary"), plus a percentage of the difference between such salary and his salary as of the effective date of his subsequent retirement, for his years of

service subsequent to the effective date of his return to active duty as defined in subsection (a)(4)(C), so that such sum shall be:

(i) such salary plus 20% of such difference for one such year,

(ii) such salary plus 40% of such difference for two such years,

(iii) such salary plus 60% of such difference for three such years,

(iv) such salary plus 80% of such difference for four such years and

(v) such salary plus 100% of such difference for five or more such years or the equivalent of his salary as of the effective date of his subsequent retirement and upon his death, if he previously had had such a subsequent retirement,

the pension which shall be granted pursuant to Section 1314 relating to Service Connected Survivor Pensions to his widow, (if she shall have been married to him for at least one year prior to the effective date of his original retirement or for at least one year after the effective date of his return to active duty and prior to the effective date of his subsequent retirement), or to his child or to his parent, shall be calculated upon the sum upon which his pension had been calculated as of the effective date of his subsequent retirement.

(5) Applicability of Tiers 1 & 2 to Reactivated Members. The provisions of this Tier 1 and of Section 1400 of Tier 2 hereafter shall be construed and applied, as to a reactivated member, his widow, his child and his parent, in accordance with respectively applicable provisions of subsection (a)(4) of this section.

(b) Recall to Active Duty.

(1) Rules for Recall to Active Duty. The Chief shall promulgate rules and set standards as he may deem to be necessary or desirable with respect to recalling a retired member to active duty.

(2) Conditions for Recall to Active Duty. A retired member, whenever retired, shall be eligible to be recalled to active duty in the department from which he retired only upon the conditions:

(A) Service Retirement and Former Rank. That his original retirement has been pursuant to Section 1304 relating to Service Pensions and had been from the Fire Department while holding a rank lower than Fire Chief or from the Police Department while holding a rank lower than Chief of Police;

(B) Certification. That he had certified, in writing, that he had read and understands the provisions of this section; and

(C) Consent to Recall. That he voluntarily had consented to be recalled to active duty.

(3) Limitations on Recall. The Chief may recall a retired member to active duty:

(A) Rank at Retirement. Only in or to a vacant position in the rank held by him at the effective date of his original retirement;

(B) 90 day Limit. For not to exceed 90 days in any one calendar year; and

(C) Status Defined in this Section. The salary, benefits and other terms and conditions of employment of any recalled member shall be as provided under subsections (b)(5) and (b)(6) of this section.

(4) No Recall of Police Exceeding 12 Months Without Loss of Pension. Recall of retired members of the Police Department may be approved for a period in excess of 90 days but not for more than 12 consecutive months, without loss of pension, in which case the salary, benefits and other terms and conditions of employment for recalled police officers shall be established by ordinance.

(5) Status of Recalled Member. A retired member, if he were to be recalled to active duty, thereafter shall be known as a "recalled member" and, as such:

(A) Privilege Only. His recall to active duty shall be a privilege only and the Chief may terminate his service at any time;

(B) Existing Pension Continues. His pension shall be paid during the period of his recall to active duty;

(C) Salary Amount. He shall be paid the salary provided for his rank and the longevity pay or merit pay provided for his aggregate years of service prior to the effective date of his original retirement;

(D) No Contributions Deducted. He shall have no deductions made for pension purposes, pursuant to Section 1324 relating to Member Contributions—Tier 1, from his salary and longevity pay or merit pay; and

(E) No Survivor Pension for Recalled Service. He, his widow, his minor child or children or his dependent parent or parents never shall be entitled to any pension benefits provided by Tier 1 or Tier 2 by reason of his service as a recalled member.

(6) Tier 1 Construed with Recalled Members Rules. The provisions of this Tier 1 hereafter shall be construed and applied, as to a recalled member, his widow, his minor child or children and his dependent parent or parents, in accordance with applicable provisions of subsection (b)(5) of this section.

Sec. 1308. Maximum Tier 1 Pension.

The limitations of the amount of maximum pension payable pursuant to Section 1304 relating to Service Pensions of Tier 1 shall apply uniformly to all members of the Fire and Police Departments.

Sec. 1310. Disability Pension—Service Connected.

(a) Service Connected Disability Pension. Whenever any member of the Fire or Police Department shall become so physically or mentally disabled by reason of bodily injuries received in, or by reason of sickness caused by the discharge of his duties in such department as to necessitate his retirement from active service, the Board shall order and direct that the member be retired from further service in such department; and thereafter the member so retired shall, during his lifetime, be paid a pension in an amount to be determined by the Board. The pension shall be equal to not less than 50%, nor more than 90%, of the salary attached to the rank or position held by him in such department at the date of the retirement order. The pension shall be paid in equal monthly installments.

(b) Termination of Disability Pension. Any pension granted to any member of the Fire or Police Department for disability or sickness, as provided for in this section, shall cease when the disability or sickness ceases and such member

shall, subject to civil service and other provisions of the Charter governing the appointment of City employees, have been restored to active duty in such department of which such person was a member at the time of disability retirement to the same rank or position he previously held.

(c) Board Investigation and Findings. The Board of Pension Commissioners shall have the power to hear and determine all matters pertaining to the granting and termination of any pension award as provided for in this section. The Board shall make its findings in writing, based upon the report of at least three regularly licensed, practicing physicians, and such other evidence concerning the disability as it may have before it. The Board shall determine the degree of disability and the determination shall govern the amount of pension to be awarded to the disabled member.

(d) Petition for Reconsideration. Upon the written request of any such retired member, or upon its own motion, the Board shall have the power, at any time prior to the restoration of the retired member to active service, to consider new evidence pertaining to the case of the retired member and to increase or decrease the amount of pension award to be thereafter paid.

Sec. 1312. Disability Pension—Nonservice Connected.

(a) Nonservice Connected Disability Pension. Any member of the Fire or Police Department who shall have served in such department for five years or more in the aggregate from the date of his last appointment to such department and who has become physically or mentally incapacitated by reason of injuries or sickness other than injuries received or sickness caused by the discharge of his duties in such department, and who is incapable as a result thereof from performing his duties, shall be retired upon written application of such person or of any person acting in his behalf or of the head of the department in which the member is employed.

(b) Board Investigation and Pension Amount. The Board shall cause the member to be examined by and a written report thereon rendered by three regularly licensed, practicing physicians selected by the Board, and shall hear such other evidence relating to such disability of such member as may be presented to the Board. If, upon considering the report of such physicians and such other evidence as shall have been presented to it, the Board finds that the member has become physically or mentally incapacitated by reason of the injuries or sickness other than injuries received or sickness caused by the discharge of the duties of the member in such department, and he is incapable as a result thereof of performing his duties, and if the Board finds that such disability was not due to or caused by the moral turpitude of the member, he shall be retired from further service in such department, and thereafter the member so retired shall, during his lifetime, be paid a pension in an amount equal to 40% of the highest salary (exclusive of any amount payable by reason of assignment to special duty) attached to the rank of policeman or fireman at the date of the retirement order. The pension shall be paid in equal monthly installments.

(c) Termination of Disability Pension. Any pension granted to any member of the Fire or Police Department for disability or sickness as provided in this section shall cease when the disability or sickness ceases, and such member shall, subject to civil service and other provisions of the Charter governing the appointment of City employees, have been restored to active duty in such department of which such person was a member at the time of disability retirement to the same rank or position he previously held. The Board of Pension Commissioners shall have the power to hear and determine all matters pertaining to the granting and termination of any pension award as provided for in this section.

(d) Applicability of Section. This section shall be applicable only where a member is not entitled to a disability pension under the provisions of Section 1310 relating to Service Connected Disability Pensions.

Sec. 1314. Survivor Pension—Service Connected Member's Death.

(a) Service Connected Survivor Pension. Whenever any member of the Fire or Police Department shall die as a result of any injury received during the performance of his duty, or from sickness caused by the discharge of such duty, or after retirement, or while eligible to retire from such department on account of years of service, then an annual pension shall be paid in equal monthly installments to his widow, or child or children, or dependent parent or parents, in an amount equal to one-half of the average monthly rate of salary assigned to the ranks or positions held by such member during the three years immediately preceding the time of his death or the date of his retirement from active duty in such department.

(b) Persons Entitled to Pension. The pension described in subsection (a) shall be paid to the widow during her lifetime, and thereafter the same pension amount shall be paid in equal monthly installments, to the legally appointed guardian of the child or children of such deceased member until such child or children shall have attained the age of 18 years, or to his child or children should there be no widow until such child or children shall have attained the age of 18 years, or to his dependent parent or parents during their lifetime or during such dependence, should there be no widow or child.

(c) Additional Amounts for Children. During the lifetime of such widow an additional amount shall be paid to such widow for each child during the lifetime of such child, or until such child shall have married or reached the age of 18 years, as follows:

(1) For one child: twenty-five percent (25%) of the pension in subsection (a);

(2) For two children: forty percent (40%) of such pension; and

(3) For three or more children: fifty percent (50%) of such pension.

(d) Pension Entitlement or Termination. No widow of a pensioner shall be entitled to a pension unless she shall have been married to such deceased pensioner at least one year prior to the date of his retirement. No widow of a member of the Fire or Police Department eligible for retirement from such department, who dies from causes other than those arising out of or from the performance of his duties, shall be entitled to a pension unless she shall have been married to such deceased member for at least one year prior to the date of his death. If such

child or children shall marry, then the pension paid to the person so marrying shall cease. Should the dependency of such parent or parents terminate, then the pension paid to such dependent parent or parents shall cease.

(e) Limitation on Certain Pensions. The pension payable hereunder to the widow, child or children or dependent parent or parents of a member of the Fire or Police Department who became a member of such department on or after January 17, 1927, who, after retirement on account of years of service, but having served less than 25 years in the aggregate prior to the time of such retirement, or who, while eligible to retire from such department on account of years of service, but prior to having served 25 years in the aggregate shall die from causes other than those arising out of or from the performance of his duties, shall not exceed the amount of the pension which such retired member was receiving at the time of his death or which such member eligible for retirement would have been eligible to receive at the date of his death under the provisions of Sections 1304 relating to Service Pensions and 1308 relating to Maximum Tier 1 Pensions of this Charter, and the additional amount payable to such widow on account of children pursuant to the provisions of this section shall be the applicable percentage hereinabove set forth of a pension in such maximum amount.

Sec. 1316. Survivor Pension—Nonservice Connected Member's Death.

(a) Nonservice Connected Survivor Pension. Whenever any member of the Fire or Police Department (other than a member retired on account of years of service or a member eligible to retire on account of years of service, but including a member retired on account of disability pursuant to the provisions of Section 1312 of this Tier 1) who shall have served in such department for five years or more in the aggregate from the date of his last appointment to such department, shall die from causes other than those arising out of or from the performance of his duties, then an annual pension shall be paid in equal monthly installments to his widow, or child or children, or dependent parent or parents, in an amount equal to 40% of the highest salary (exclusive of any amount payable by reason of assignment to special duty) attached to the rank of police officer or fire fighter at the date of such member's death.

(b) Persons Entitled to Pension. The pension described in subsection (a) shall be paid to the widow during her lifetime and thereafter a pension in the same amount shall be paid in equal monthly installments to the legally appointed guardian of the child or children of such deceased member until such child or children shall have attained the age of 18 years, or to his child or children should there be no widow until such child or children shall have attained the age of 18 years, or to his dependent parent or parents during their lifetime or during such dependence, should there be no widow or child. During the lifetime of such widow an additional amount shall be paid to such widow for each child during the lifetime of such child, or until such child shall have married or reached the age of 18 years, as follows:

(1) For one child: 25% of the pension allowed in subsection (a);

(2) For two children: 40% of such pension; and

(3) For three or more children: 50% of such pension.

(c) Limitation on Widow Pensions. No widow shall be entitled to a pension pursuant to the provisions of this section unless she shall have been married to such deceased member for at least one year prior to the date of his death. No widow of a member who shall die while on disability retirement pursuant to the provisions of Section 1312 relating to Nonservice Connected Disability Pensions of the Charter shall be entitled to a pension pursuant to the provisions of this section unless she shall have been married to such deceased member for at least one year prior to the date of his retirement.

Sec. 1318. Election of Pension.

(a) Election. Upon the death of a retired member retired pursuant to Section 1312 relating to Nonservice Connected Disability Pensions, any person entitled to a pension pursuant to Section 1316 relating to Nonservice Connected Survivor Pensions must make and file with the Board a written election to have the amount thereof calculated either upon the salary specified in Section 1316 relating to Nonservice Connected Survivor Pensions or upon the salary specified in Section 1312 relating to Nonservice Connected Disability Pensions and the Board shall grant the pension in accordance therewith.

(b) Election for Incompetent Person or Minor Child. Any such election, on behalf of any incompetent person or on behalf of a minor child of such member, must be made by the guardian of his estate and shall be either authorized or approved by a court order, a certified copy of which shall be filed with the Board. Section 1316 relating to Nonservice Connected Survivor Pensions hereafter shall be construed and applied in accordance with this section.

Sec. 1320. Tier 1 Pension Funds.

(a) Creation of Funds. Two entirely separate and distinct funds hereby are created and established for the payment of pension benefits pursuant to this Tier 1 and certain other benefits as may be authorized from time to time pursuant to the enabling provisions of Section 1330 of Tier 1, one of which shall be known as the "Fire and Police Tier 1 Service Pension Fund" and the other of which shall be known as the "Fire and Police Tier 1 General Pension Fund."

(b) Fire and Police Tier 1 Service Pension Fund. The Fire and Police Tier 1 Service Pension Fund shall consist of:

(1) contributions made, pursuant to Section 1324 concerning Member Contributions, from the salaries of members of the Fire Department and of the Police Department; and

(2) all interest, earnings and profits resulting from investments of such moneys.

(c) Fire and Police Tier 1 General Pension Fund. The Fire and Police Tier 1 General Pension Fund shall consist of:

(1) all moneys appropriated to the fund by the Council;

(2) all interest, earnings and profits resulting from investments of fund moneys; and

(3) all moneys transferred from the Fire and Police Tier 2 General Pension Fund created and established by Tier 2 of this Article.

(d) Use of Funds. The moneys in the Fire and Police Tier 1 Service Pension Fund shall be used, other than for the investment thereof, exclusively for the payment of service pensions granted pursuant to Section 1304 concerning Service Pensions. The moneys in the Fire and Police Tier 1 General Pension Fund shall be used, other than for the investment thereof and except as provided in subsection (e), exclusively for the payment of all pensions other than service pensions and such other benefits as may be provided by ordinance adopted pursuant to the provisions of Section 1330 of this Tier 1.

(e) Transfer to Service Pension Fund. In the event that the moneys in the Fire and Police Tier 1 Service Pension Fund should be insufficient, at any time, to pay all service pensions, then the Board shall have the power and authority to cause the Controller of the City to transfer to the fund sufficient moneys therefor from the Fire and Police Tier 1 General Pension Fund. In no other event shall any of the moneys in either of these funds be commingled with any of the moneys in the other of these funds, whether as moneys or cash on deposit or as moneys invested.

Sec. 1322. Actuarial Standards.

(a) Reserve Basis of System. The Fire and Police Pension Plan—Tier 1 shall be maintained on a reserve basis which, for the purposes of this Tier 1 shall mean one which provides for the accumulation and maintenance of the Fire and Police Tier 1 Service Pension Fund and the Fire and Police Tier 2 General Pension Fund which together will at all times be equal to the difference between the present value of the obligations assumed and the present value of the moneys to be received for paying such obligations, where such present values are estimated in accordance with accepted actuarial methods and on the basis of an assumed rate of interest and the mathematical probabilities of the occurrence of such contingencies as affect both the payment of the assumed obligations and the receipt of moneys with which they are to be paid in accordance with the provisions of Sections 1210(b)(1) concerning Fire and Police Pension Plans Budget and 1324 concerning Member Contributions. The Board shall retain a competent consulting actuary for the purpose of making the necessary actuarial studies and reports on the required investigations and valuations.

(b) Actuarial Investigation and Valuation. The Board shall secure an actuarial valuation showing the cost of maintaining the system and funds on such reserve basis and, at intervals of not to exceed five years, shall cause to be made an actuarial investigation including, but not limited to, the mortality, service and salary experience of the members and beneficiaries and shall further cause to be made annually an actuarial valuation of the assets and liabilities of the funds.

(c) Assumed Rate of Interest. The Board, from time to time and with the advice of the investment counsel, shall establish an assumed rate of interest as in its judgment seems proper in the light of the experience and prospective earnings on the investments of the funds.

(d) Unrealized Profits and Losses. With the advice of the consulting actuary and of the investment counsel, the Board, for the purpose of the actuarial valuations, shall provide by rule for the manner and to the extent to which any unrealized profits or losses in the equity-type investments of the funds shall be taken into consideration.

Sec. 1324. Member Contributions—Tier 1.

(a) Required Contributions. Each member of the Fire Department and of the Police Department included within the pension provisions of this Tier 1 shall contribute to the Fire and Police Tier 1 Service Pension Fund in the manner provided in this section, except that further contributions to the Fund shall not be required from an employee who has served as a member of the Fire Department or of the Police Department for more than 30 years.

(b) Payroll Deduction. The administrative head of each such department shall cause to be shown on each and every payroll of the department a deduction of six percent (6%) of the amount of salary, as shown on each such payroll, of each such member whose name appears thereon, and shall certify to the Controller on each such payroll the amount to be deducted from the compensation of each such member whose name appears thereon, and shall cause to be drawn a payroll check in favor of the "Board of Fire and Police Pension Commissioners" for the total amount of deduction shown on each payroll of such department, and the Board shall deposit the payroll check to the credit of the Fire and Police Tier 1 Service Pension Fund. It shall be the duty of the administrative head of each department to cause to be furnished a copy of each and every payroll to the Board.

(c) Deemed Consent to Deduction. Each member shall be deemed to consent and agree to each deduction made as provided for herein and the payment of each payroll check to such member shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by each member during the period covered by such payroll, except such claims as a member has to the benefits or payments provided for in this Tier 1.

(d) Maintenance of Individual Accounts. Starting July 1, 1982, the Board shall maintain an individual account of the contributions by each member, as hereinabove provided. Regular interest shall be credited to such individual accounts as of the last day of June and December of each year after July 1, 1982, at such rate as the Board may deem proper in light of the earnings of the funds of the Fire and Police Pension Plan—Tier 1, exclusive of profits and losses on principal resulting from sales of securities. No such interest shall be credited at any other time, except such interest shall be credited to the individual account of a member whose employment is terminated for any reason for any period of service between the next preceding last day of June or December and the end of the pay period preceding the date of such termination at the rate at which regular interest was last credited to members' individual accounts.

(e) Refund of Individual Account Balance. Every person who is a member of the Fire and Police Pension Plan—Tier 1 on July 1, 1982 shall, upon termination of employment be entitled to a refund of contributions made by him or her

pursuant to the provisions of this section. A person not a member on July 1, 1982 and whose employment terminated prior to that date, shall not be entitled to a refund of contributions made by him or her during periods of membership prior to July 1, 1982.

The refund of contributions shall be subject to the following conditions and limitations:

(1) Refund on Termination. Upon termination of employment as a member of the Fire Department or the Police Department for any reason except retirement pursuant to the provisions of this Tier 1, a member shall be entitled to have refunded to him or her all contributions made by such member to the Fire and Police Tier 1 Service Pension Fund (and any predecessor funds) prior to July 1, 1982, plus 6% per annum interest on such contributions calculated in the same manner as if interest had regularly been credited to the member's contributions, compounded as of the last day of the last pay period of December and to the end of the last pay period preceding the effective date of termination of employment.

(2) Forfeiture of Pension. Members who elect to receive a refund of contributions, forfeit the right to benefits provided in this Tier 1. After payment of any pension benefit has commenced, a member forfeits the right to a refund of the member's contributions. Members who return to active duty from a disability pension may not thereafter have contributions made by them prior to their retirement on such disability pension refunded.

(3) Beneficiary Designation. Members shall have the right to designate persons who shall be entitled to receive monies to which a member would otherwise be entitled upon termination of employment, to be payable to such designated person or persons upon the member's death; except that no such monies shall become payable if any person should be entitled to any other benefit provided in this Tier 1. The Board shall adopt appropriate forms for the designation by members of persons who shall be a member's beneficiaries.

Sec. 1326. Overtime Work.

(a) Time Off With Pay. Whenever a member, for overtime work, shall take a period of time off with pay:

(1) a deduction for pension purposes shall be made from such pay but only in the same amount as that which would have been deducted from his regular salary if such period had been one of regular work;

(2) such pay shall be part of the salary assigned or attached to the rank or position held by him but only in the same amount as that which would have been his regular salary if such period had been one of regular work; and

(3) such period shall be part of his years of aggregate service.

(b) Cash Payment. Whenever a member, for overtime work, shall receive a cash payment:

(1) a deduction for pension purposes shall not be made from such payment;

(2) such payment shall not be part of the salary assigned or attached to the rank or position held by him; and

(3) the period of overtime work for which he shall receive such payment shall not be part of his years of aggregate service except that any period of a member's overtime work, for which he shall not have taken time off with pay, shall be credited, by the Board, as part of his years of aggregate service, upon his or his survivor's written request therefor, to the same extent as he would have been entitled to take therefor time off with pay but only to the extent, and not in excess thereof, that he, while a member, shall have had any period of absence from work without pay. Such request shall be accompanied with payment of the amount which would have been deducted for pension purposes from his regular salary if the period of overtime work, to the extent credited, had been one of regular work.

Sec. 1328. Cost of Living Adjustment.

(a) Service, Disability and Survivor Pensions to Remain Unaffected Except as Adjusted for Cost of Living. That all pensions granted in accordance with the provisions of Sections 1304, 1310, 1312, 1314 and 1316 concerning Service, Disability and Survivor Pensions shall remain in full force and effect for the period granted, and any increase or decrease of salaries of active members of the Fire and Police Departments shall not in any way affect the amount of the pensions to be paid to retired members of such departments, or to any other person pensioned pursuant to the provisions of this Tier 1, nor shall the amount of such pensions be changed for any other reason, except as otherwise specifically provided in this Tier 1.

(b) Cost of Living Adjustment. From and after July 1, 1961, pension payments on account of service-connected disability or death granted prior to June 30, 1960, shall be increased as follows:

(1) Service Connected Disability Pension. In the case of a disability pensioner retired under the provisions of Section 1310 concerning Service Connected Disability Pensions, the amount payable as of June 30, 1960, calculated, however, on the degree of disability as of June 26, 1961, shall be increased in the ratio which the consumer price index for the month of June, 1960, bears to the consumer price index for the month in which such pension became effective. The power vested in the Board under the provision of Section 1310 to change the amount of pension by reason of the degree of disability, as therein provided, is expressly continued and in the event of any such change after June 26, 1961, the amount established hereunder shall be increased or decreased in the ratio which the newly determined degree of disability bears to the degree of disability immediately preceding such change.

(2) Service Connected Survivor Pension. In the case of a widow, or child or children, entitled to a pension based on service-connected disability or death pursuant to Section 1314 concerning Service Connected Survivor Pensions, the amount payable, calculated as of June 30, 1960, shall be increased in the ratio which the sum of the consumer price indexes for the three-year period ending June 30, 1960, or lesser period where the original pension was calculated on a period of less than three years, bears to the sum of such indexes for the period during which salary was originally taken into account in determining the amount

of such pension. In the case of a widow receiving an additional amount on account of a child or children pursuant to Section 1314 concerning Service Connected Survivor Pensions, the increase provided by this section shall first be calculated upon the amount due her, exclusive of such additional amount and the applicable percentage increase on account of children shall then be applied to her new pension amount.

(c) Applicable Index. The consumer price indexes referred to in this section shall be those published by the Bureau of Labor Statistics for the Los Angeles area (all items and commodity groups 1947–49 =100 base) and for those months for which a monthly index is not published, monthly indexes shall be established by a straight line interpolation between the published monthly indexes.

(d) Inapplicability to Fluctuating Pensions. This section shall not apply to any pension payment which fluctuates with the current salaries established for the several ranks and positions in the Fire or Police Department and in the event it is held by any final judgment or decree of a court of competent jurisdiction, after the effective date of this section that any person granted an increase under the provisions of this section is entitled to a fluctuating pension based upon such salary rates, then, from and after the effective date of such adjudication, this section shall have no further force or effect as to such person.

The additional liabilities assumed by Tier 1 under this section, shall be funded under the provisions of Section 1210(b)(1) concerning the Tier 1 Budget.

(e) Minimum Pension Amount. Each pension granted pursuant to this Tier 1, regardless of the type of the pension, which shall be less in amount than $250 per month as of January 26, 1967 shall be increased to the amount of $250 per month as of February 1, 1967, and the monthly amount of such pension thereafter shall not be reduced to a monthly amount less than such increased monthly amount except pursuant to Section 1212 concerning Worker's Compensation.

(f) Implementation of Minimum Pension Provisions. Subject to and upon the conditions contained in this section, the minimum monthly amount of pension provided by subsection (e) shall be applicable, from and after July 1, 1967, to all pensions heretofore or hereafter granted pursuant to this Tier 1. The monthly amount of each pension which, as of August 1, 1967, is in a lesser monthly amount than the minimum monthly amount of pension provided by subsection (e), as augmented pursuant to subsection (g), shall be increased, effective as of the first day of the month, to the minimum monthly amount of pension so provided and as so augmented. Each pension granted after August 1, 1967, shall be in a monthly amount not less than the minimum monthly amount of pension provided, as of the effective date of the pension, by subsection (e), as augmented pursuant to subsection (g). The monthly amount of any pension which is or shall be affected by the minimum monthly amount of pension provided by subsection (e), as augmented pursuant to subsection (g):

(1) shall be subject to be reduced pursuant to Section 1212 concerning Worker's Compensation despite any other provisions of this Tier 1; and

(2) shall be subject to be reduced pursuant to Section 1310, Section 1314 or Section 1316 concerning certain disability and survivor pensions, whichever shall be applicable.

Any such reduction under subsection (f)(2) shall be made only if it shall not reduce the monthly amount of the pension to a lesser monthly amount than the monthly amount of pension to which it had been increased pursuant to subsection (b) or to a lesser monthly amount than the minimum monthly amount of pension provided by subsection (e), as augmented pursuant to subsection (g) effective as of the date of any such reduction, whichever shall be the greater.

(g) Cost of Living Adjustments for Service and Survivor Pensions. The Board, before May 1st of each year commencing with the year 1967, shall determine the percentage of the annual increase or decrease in the cost of living as of March 1st of that year from March 1st of the preceding year, as shown by the consumer price index published by the Bureau of Labor Statistics for the area in which the City of Los Angeles is located. If any such index were not to reflect the cost of living as of a particular March 1st, then the next preceding such index which had done so shall be used. If there were to be any change in the statistical method or the components which were used in any such index from those which were used in any such index of the preceding year with which a comparison is to be made, then the Board, to the extent possible, shall adjust any such differences therein for the purpose of determining the percentage of increase or decrease in the cost of living.

Commencing as of July 1st of the year in which the Board shall so determine the percentage of increase or decrease in the cost of living, the amounts of certain pensions, as hereinafter identified and upon the conditions hereunder stated therefor, shall be increased or decreased by reason of such determined percentage of increase or decrease in the cost of living but not to exceed, however, two percent (2%) in any given year. Such determined percentage of increase or decrease in the cost of living, as so limited, shall be applied to the amounts of such pensions which shall be payable for the preceding month of June, including any previous percentage of increase or decrease in the cost of living made with respect thereto.

The percentage of increase or decrease in the cost of living first shall be applied to:

(1) Minimum Pensions Under Subsection (e). The pension of any person, whose pension shall be increased pursuant to subsection (e) on July 1, 1967;

(2) Nonfluctuating Service Pensions of Persons Retired Prior to July 1, 1967. The pension of any retired member who had been retired or who shall be retired pursuant to Section 1304 concerning Service Pensions prior to July l, 1967, upon a pension which shall not increase or decrease upon the basis of any increase or decrease in the salaries of active members of the Fire Department or of the Police Department, upon July 1, 1967, if he shall have attained the age of 55 years prior to that date, or, if he shall not have attained such age prior to that date, upon the July 1st following the date upon which he shall have attained such age;

(3) Nonfluctuating Service Pensions of Persons Retired After July 1, 1967. The pension of any retired member who shall be retired pursuant to Section 1304 concerning Service Pensions after July 1, 1967, upon a pension which shall not increase or decrease upon the basis of any increase or decrease in the salaries of active members of the Fire Department or of the Police Department, upon the July 1st following the effective date of his pension if he shall have attained the age of 55 years prior to that date or, if he shall not have attained such age prior to that date, upon the July 1st following the date upon which he shall have attained such age;

(4) Survivor Pensions Granted Prior to July 1, 1967 and Based Upon Nonfluctuating Service Pensions. The pension of any widow, minor child or children or dependent parent or parents which had been or shall be granted pursuant to Section 1314 concerning Service Connected Survivor Pensions prior to July l, 1967, following the death of a retired member who had been retired pursuant to Section 1304 with a Service Pension or of an active member who had become eligible to retire pursuant thereto, and which pension shall not increase or decrease upon the basis of any increase or decrease in the salaries of active members of the Fire Department or of the Police Department, upon July 1, 1967, if such retired member or such active member, as the case may be, would have attained the age of 55 years prior to that date if he had been alive on that date or, if he would not have attained such age prior to that date if he had been alive on that date, upon the July 1st following the date upon which he would have attained such age if he had been alive on that date; and

(5) Survivor Pensions Granted After July 1, 1967 and Based Upon Nonfluctuating Service Pensions. The pension of any widow, minor child or children or dependent parent or parents which shall be granted pursuant to Section 1314 concerning Service Connected Survivor Pensions after July 1, 1967, following the death of a retired member who had been retired pursuant to Section 1304 with a Service Pension or of an active member who had become eligible to retire pursuant thereto, and which pension shall not increase or decrease upon the basis of any increase or decrease in the salaries of active members of the Fire Department or of the Police Department, upon the July 1st following the effective date of such pension if such retired member or such active member, as the case may be, would have attained the age of 55 years prior to that date if he had been alive on that date or, if he would not have attained such age prior to that date if he had been alive on that date, upon the July 1st following the date upon which he would have attained such age if he had been alive on that date.

The amount of any pension referred to in subsections (g)(1), (2), (3), (4) or (5) hereof never shall be reduced, by reason of the application thereto of this section, to an amount less than the amount to which any pension referred to in subsection (e) shall be increased or to an amount less than the amount thereof originally granted.

(h) Carryover of Excess Cost of Living Adjustment From Year to Year. If the percentage of increase or decrease in the cost of living in any year, as determined

by the Board, were to exceed 2% as compared with the cost of living as of March 1st of the preceding year, the percentage of increase or decrease in the cost of living in excess of 2% shall be carried over and added to or subtracted from the percentage of increase or decrease in the cost of living in the succeeding year, and such procedure shall be complied with from year to year.

(i) Application of Cost of Living Adjustment to Other Pensions. The provisions of subsection (g), if otherwise not applicable as of July 1, 1967 to any pension referred to in subsection (f), shall be applicable thereto, from and after July 1, 1967, to the same extent and in the same manner as they are applicable to any pension referred to in subsection (e). Any adjustments provided to be made in monthly amounts of pensions pursuant to subsection (g) shall be applicable to the monthly amounts of other pensions which are not referred to in that section or in the foregoing provisions of this section whenever the monthly amounts of any such other pensions otherwise would be in lesser monthly amounts than the minimum monthly amount of pension provided by subsection (e), as then augmented pursuant to subsection (g).

(j) Additional Cost of Living Adjustments for Disability and Survivor Pensions.

(1) Special Definitions. Wherever used in this subsection:

(A) "the pension" shall mean, unless subsection (g) shall be mentioned in conjunction therewith, only a pension which is not identified in subsection (g), is not referred to in subsection (i) and is in an amount which shall not increase or decrease by reason of any increase or decrease in the salary of any active member;

(B) "the July 1st following" shall mean only a July 1st after May 2, 1969; and

(C) "person" shall include its plural.

(2) Application of Subsection (g) Adjustments. The percentage of increase or decrease in the cost of living hereafter shall be applied pursuant to subsection (g) and the terms and conditions contained in this section:

(A) Disability Pensions. To the pension of any retired member, ever retired pursuant to:

(i) Section 1310 concerning Service Connected Disability Pensions, upon the July 1st following the date of this retirement or the effective date of this paragraph of this section, whichever shall be the later; or

(ii) Section 1312 concerning Nonservice Connected Disability Pensions, upon the July 1st following the date he shall have attained the age of 55 years or the fifth anniversary of the effective date of the pension, whichever shall be the earlier;

(B) Survivor Pensions. To the pension of any person,

(i) ever granted pursuant to Section 1314 or Section 1316 concerning Survivor Pensions upon the death of an active member not eligible to retire pursuant to Section 1304 concerning Service Pensions,

(ii) ever granted pursuant to Section 1314 concerning Service Connected Survivor Pensions upon the death of an active member eligible to retire pursuant to Section 1304 concerning Service Pensions and which pension of such person is identified in subsection (g)(4) or (5),

(iii) heretofore granted pursuant to Section 1316 concerning Nonservice Connected Survivor Pensions upon the death of a retired member previously retired pursuant to Section 1312 concerning Nonservice Connected Disability Pensions, or

(iv) hereafter granted pursuant to Section 1316 concerning Nonservice Connected Survivor Pensions upon the death of a retired member previously retired pursuant to Section 1312 concerning Nonservice Connected Disability Pensions where the amount of the pension shall be calculated upon the salary specified in Section 1316 by reason of such person's written election therefor pursuant to Section 1318, upon the July 1st following: the date such member shall have attained the age of 55 years, the date such member would have attained such age if he then had been alive, or the fifth anniversary of the effective date of the pension of such person, whichever shall be the earliest. Pensions described in subsection (j)(2)(D) shall be adjusted upon the effective date specified in that subsection;

(C) Other Survivor Pensions. To the pension of any person,

(i) ever granted pursuant to Section 1314 concerning Service Connected Survivor Pensions upon the death of a retired member previously retired pursuant to Section 1310 concerning Service Connected Disability,

(ii) ever granted pursuant to Section 1314 concerning Service Connected Survivor Pensions upon the death of a retired member previously retired pursuant to Section 1304 concerning Service Pensions and which pension of such person is identified in subsection (g)(4) or (5), or

(iii) hereafter granted pursuant to Section 1316 concerning Nonservice Connected Survivor Pensions upon the death of a retired member previously retired pursuant to Section 1312 with a Nonservice Connected Disability Pension where the amount of the pension shall be calculated upon the salary specified in Section 1312 by reason of such person's written election therefor pursuant to Section 1318, upon the July 1st following the date such member shall have attained the age of 55 years, the date such member would have attained such age if he then had been alive, or the fifth anniversary of the effective date of the pension of such member, whichever shall be the earliest; and

(D) Survivor Pensions Based Upon Line of Duty Death. To the pension of any person ever granted on account of the death of an active member of the Fire or Police Department who died as result of any injury received during the performance of his or her duties, or from sickness caused by the discharge of such duties, upon the July 1st following the effective date of such pension, but if such pension became effective before July 1, 1989, it shall be retroactively adjusted as of July 1, 1989.

(3) Procedure for Applying Cost of Living Adjustments to Certain Pensions. The following provisions in respects other than those provided for in subsection (j)(2) of this section, hereafter shall be controlling the application to certain pensions of the percentage of increase or decrease in the cost of living.

(A) Service Pensions and Widow Pensions. Whenever the amount of the pension,

(i) of any retired member shall be increased or decreased pursuant to Section 1310 concerning Service Connected Disability Pensions, or

(ii) of any widow shall be increased or decreased pursuant to Section 1314 or Section 1316 concerning Survivor Pensions: the amount of any such increase shall not include the percentage of any increase in the cost of living which previously had been applied to the former amount of the pension; and the amount of any such decrease shall include the percentage of any increase in the cost of living which previously had been applied to it as a portion of the former amount of the pension.

(B) Other Survivor Pensions. Whenever the pension of any person,

(i) hereafter shall be granted pursuant to Section 1314 concerning Service Connected Survivor Pensions upon the death of a retired member previously retired pursuant to Section 1304 with a Service Pension and which pension of such person is identified in subsection (g)(4) or (5),

(ii) hereafter shall be granted pursuant to Section 1314 concerning Service Connected Survivor Pensions upon the death of a retired member previously retired pursuant to Section 1310 with a Service Connected Disability Pension, or

(iii) hereafter shall be granted pursuant to Section 1316 concerning Nonservice Connected Survivor Pensions upon the death of a retired member previously retired pursuant to Section 1312 concerning Nonservice Connected Disability Pensions where the amount of the pension shall be calculated upon the salary specified in Section 1312 by reason of such person's written election therefor pursuant to Section 1318,

the amount of the pension of any such person (I) if the amount thereof which shall be payable to such person were to be more than the amount of the pension which had been payable to such member, shall include the percentage of any increase in the cost of living which had been applied to the pension of such member, or (II) if the amount thereof which shall be payable to such person were to be less than the amount of the pension which had been payable to such member, shall include that portion of the percentage of any increase in the cost of living which had been applied to the pension of such member which shall be in the same ratio as the amount of the pension which shall be payable to such person shall bear to the amount of the pension which had been payable to such member, and the percentage of any increase or decrease in the cost of living in excess of 2% per year which had been carried over for such member as of the date of his death shall be carried over for such person if (I) hereof were to be applicable or in the same ratio therein provided if (II) hereof were to be applicable.

(C) Pensions of Minor Children. Whenever the pension of any widow hereafter shall be terminated pursuant to Section 1314 or Section 1316 concerning Survivor Pensions and the pension therein provided thereafter shall become payable pursuant thereto on behalf of any minor child or children of the deceased

member, the amount of pension on behalf of such child or children shall include that portion of the percentage of any increase in the cost of living which had been applied to the pension of such widow which shall be in the same ratio as the amount of the pension which shall be payable on behalf of such child or children shall bear to the amount of the pension which had been payable to such widow, and the percentage of any increase or decrease in the cost of living in excess of 2% per year which had been carried over for such widow as of the date of the termination of her pension shall be carried over on behalf of such child or children in the same ratio hereinabove provided.

(4) Limitations on Subsection (g) Reductions. The amount of the pension never shall be reduced, by reason of the application thereto of the provisions of subsection (g) of this section, to an amount less than:

(A) the amount thereof if subsection (b) is applicable,

(B) the amount thereof if subsection (e) is applicable,

(C) the amount thereof if subsection (f) is applicable, or

(D) the amount thereof payable pursuant to provisions of this Tier 1, other than those of subsection (g) or this section, if none of the sections mentioned in (A), (B), or (C) above is applicable.

(5) Applicability. Subsection (g) hereafter shall be construed and applied in accordance with this subsection (j) as to each pension mentioned in this subsection.

(k) Monthly Minimum Pension.

(1) Amount of Minimum Pension. Each pension granted pursuant to this Tier 1, regardless of the type of the pension, which became or becomes effective prior to July 1, 1971 and which, as of June 30, 1971, is in a monthly amount of less than three hundred fifty dollars ($350) shall be increased, effective July 1, 1971 pursuant to the provisions of subsections (k)(2) and (3), and shall, if such increase results in a monthly pension amount which is less than three hundred fifty dollars ($350), be increased to provide for a monthly minimum pension of three hundred fifty dollars ($350). Each pension granted pursuant to this Tier 1, regardless of the type of the pension, which becomes effective on or subsequent to July 1, 1971 shall be in a monthly amount not less than the minimum monthly pension amount provided, as of the effective date of the pension by this subsection of this section. The monthly amount of each such pension never shall be reduced, by reason of the provisions of subsection (g), subsection (i), subsection (j) or subsection (k)(3) of this section, to a monthly amount less than the minimum monthly pension amount provided by this subsection (k)(1).

(2) Amount of Increase. The monthly amount of pension of each retired member or other person which, prior to July 1, 1971, had been increased by reason of a cost of living adjustment thereof pursuant to subsection (g), subsection (i) or subsection (j) shall be increased, as of July 1, 1971, by that portion of the percentage of the annual increase in the cost of living, as had been determined by the

Board pursuant to subsection (g), which was in excess of 2% but not in excess of 3% for each year the monthly amount of such pension had been increased.

(3) Subsection (g) Adjustments. The monthly amount of pension of each retired member or other person who heretofore did qualify or hereafter shall qualify for a cost of living adjustment thereof pursuant to subsection (g), subsection (i) or subsection (j) and the monthly amount of pension of each retired member or other person which shall be the minimum monthly pension amount provided by subsection (k)(1) of this section, hereafter shall be increased or decreased, as of the dates provided therefor by subsection (g), by the percentage of the annual increase or decrease in the cost of living as hereafter shall be determined by the Board pursuant to subsection (g).

(4) Applicability of This Subsection. The provisions of Section 1304, 1310, 1312, 1314 and 1316, and subsections (b), (e), (f), (g), (i) and (j) of this section hereafter shall be construed and applied in accordance with the provisions of this subsection (k).

(5) Savings Clause. Should any provision of this subsection (k) at any time be held to be invalid, in their application to certain persons or periods of time, such invalidity shall not affect the validity of any provisions as to other persons entitled to benefits hereunder or the applicability as to other periods of time.

Sec. 1330. Authority of Council to Establish Certain Benefits by Ordinance.

(a) Purpose of this Section. It is the purpose of this section to enable the Council to provide by ordinance a program or programs whereby persons receiving pensions pursuant to the provisions of this Tier 1 may become eligible to have subsidy payments made on their behalf for health insurance, accident insurance, life insurance or health care plan coverage or coverage for any combination of such programs as determined by the Council and subject to such conditions of entitlement as may be set forth in any ordinance adopted in accordance with the provisions of this Tier 1.

(b) Supermajority Vote Requirement. Ordinances adopted pursuant to this section must be approved by not less than two-thirds of the membership of the Council, subject to the veto of the Mayor and readoption by the Council by three-fourths of the membership of the Council. No such ordinance may be finally adopted by the Council until the expiration of at least 30 days after its first presentation to the Council, nor until after a public hearing has been held.

Any ordinance adopted pursuant to this section shall go into effect upon its publication, but the terms of such ordinance, or portions thereof, may be operative at a later date or dates.

(c) Limitations on Council's Authority. An ordinance adopted pursuant to this section may not provide for subsidy payments for any individual, the total amount of which, including subsidy payments from a City fund or funds other than those created under Section 1320 of this Tier 1, would be in excess of the maximum available subsidy payment for beneficiaries under the provisions of any ordinance adopted pursuant to the authority of Section 1168 of the Charter, nor

may such subsidy payments be in excess of any amounts allowed active members of the Fire and Police Pension System.

(d) Subsidy Program Administration. Any subsidy program adopted by ordinance pursuant to this section shall be administered by the Board. The Board shall have the authority to contract for suitable programs as hereinabove defined in subsection (a) to be made available to retired members or other beneficiaries, and shall have the power to adopt rules necessary to administer the programs.

Notwithstanding the foregoing provisions, the Board may authorize the Personnel Department to administer any program or part established by ordinance pursuant to the provisions of this section. The Board shall reimburse the General Fund of the City of Los Angeles for all necessary expenses incurred by the Personnel Department as a result of administering these programs.

(e) Change in Subsidy Amounts. The Board, in its discretion, may by resolution increase or decrease the amount of subsidy payments on the following conditions only: (1) to reflect changes in subsidies provided for active members or (2) to offset any increases or decreases in the level of benefits referred to in subsection (a) or the cost thereof as a result of changes in existing benefits or the addition of newly created benefits by federal or state funded programs.

Sec. 1332. Compliance with Certain Internal Revenue Code Provisions.

(a) With the enactment of this section an election has been made as authorized under the provisions of Section 415(b)(10)(C) of the Internal Revenue Code to be bound by the limitations of Section 415 of the Code subject to the provisions of Section 415(b)(10)(A) and (B).

(b) If any of the provisions of Section 415 of the Internal Revenue Code should be repealed, the provisions of this section shall be deemed repealed to the same extent.

FIRE AND POLICE PENSION PLANS—TIER 2
(formerly Article XVIII)

Sec. 1400. Tier 2 Members.

Each person who shall be appointed as a Department Member on or after January 29, 1967 and through December 7, 1980 shall become a Tier 2 System Member as of the effective date of such appointment. Each person who was appointed as a Department Member prior to January 29, 1967 shall become a Tier 2 System Member as of the date upon which a request is filed as provided by Section 1402. In no event shall any other person become a Tier 2 System Member.

Sec. 1402. Request to Become a Tier 2 Member.

(a) Filing of Request with Board. Each Department Member who was appointed prior to January 29, 1967 shall have the right to become a Tier 2 System Member and may exercise such right only by filing a request with the Board by January 29, 1968, except as is hereinafter provided. Each such Department Member who shall be serving in the armed forces of the United States as of

January 29, 1967 and who thereafter shall return to active duty as a Department Member, within the time required for job rights and other benefits, may exercise such right only by filing a request with the Board by January 29, 1968 or within 90 days immediately following such return to active duty, whichever shall be the later. Each person who shall be receiving a disability pension pursuant to Section 1310 or to Section 1312 of Tier 1 of this Article as of January 29, 1967 and who thereafter shall be restored to active duty as a Department Member may exercise such right only by filing a request with the Board by January 29, 1968 or within 90 days immediately following such restoration to active duty, whichever shall be the later. The legally appointed, qualified and acting guardian of the estate of any such Department Member may exercise such right for and on behalf of the Department Member only by filing a request with the Board by January 29, 1968, but Court approval first shall have been obtained.

(b) Extension of Filing Time. The Board, for good cause and in its discretion, may extend the time within which any such Department Member or the guardian of the estate of any such Department Member may file a request, whether the applicable period hereinabove prescribed shall have or shall not have elapsed, and may impose whatever terms and conditions which it shall deem to be reasonable and just for the giving of any extension of time.

(c) Waiver of Pension Rights and Benefits in Tier 1. Each request shall be in writing, shall be signed by such Department Member or by the legally appointed, qualified and acting guardian of the estate of such Department Member, shall contain his full and complete waiver of any and all present and future pension rights and benefits provided by Tier 1 of this Article, including derivative rights and benefits for widows and other beneficiaries, shall contain his full and complete release, discharge and acquittance of the City and the Board of and from any and all present and future liabilities for the payment of any benefits pursuant to Tier 1 and shall contain his election to become a Tier 2 System Member. The contents of the request need not be restricted to the aforementioned items and such request may include any and all provisions which the Board and the City Attorney may deem to be necessary or desirable to effectuate full and complete release, discharge and acquittance by each such member of the City and the Board of and from any and all present and future liabilities for the payment of any benefits pursuant to Tier 1, and the Board, after the effective date of this Tier 2, shall have the power and authority to expend moneys for the preparation of requests and for the distribution of them to such Department Members.

(d) Spousal Consent or Waiver by Board. Each request, whether signed by such Department Member or by the guardian of his estate, shall be signed by the spouse of such Department Member whereby he or she shall freely and voluntarily join in and consent to everything contained therein with the same force and effect as if he or she had signed the same as a member, and such request, when so signed, shall be both effective and irrevocable upon filing with the Board. However, the Board, in its discretion but only upon the written request therefor by the particular

Department Member involved, may waive the requirement that the request shall be signed by the spouse of such Department Member, except in the case of any Department Member who was appointed as a member of the Fire Department or of the Police Department prior to January 17, 1927, and such request, when signed by the Department Member or the guardian of his estate, shall be both effective and irrevocable upon filing with the Board after but not prior to the Board's action waiving the requirement.

Sec. 1404. Request By a Reactivated Member Under Tier 1 to Become a Tier 2 Member.

A reactivated member under Tier 1 of this Article who, after the effective date of his return to active duty shall have had five years of service as defined in Section 1306(a)(4)(C), shall have the right, pursuant to Section 1402, to become a System Member under this Tier 2. He may exercise such right only within the one year from and after the date upon which he shall have completed such five years of service. Any reactivated member who shall become a Tier 2 System Member also shall become a reactivated member under this Tier 2. Section 1402 hereafter shall be construed and applied, as to a reactivated member under Tier 1, in accordance with this section.

Sec. 1406. Definitions.

In addition to the words and phrases defined in the Fire and Police Pension Plans General Provisions in Part 3 and for the purposes of this Tier 2, the following words and phrases shall have the meaning ascribed to them in this section, unless a different meaning is clearly indicated by the context.

(a) Member of the Fire Department: Member of the Fire Department means a person duly and regularly appointed in the Fire Department, under civil service rules and regulations or provisions of the Charter, or both, governing the making of original regular and permanent appointments therein which require the serving of probationary periods but not of original emergency or temporary appointments therein, to perform duties as a firefighter for the City, under whatever designation such person may be described in any salary or departmental ordinance providing salaries for the members of the department. Such person shall be a member of the department only until his status as such shall be terminated by reason of his retirement, resignation or discharge or for any other reason.

(b) Member of the Police Department: Member of the Police Department means a person duly and regularly appointed in the Police Department, under civil service rules and regulations or provisions of the Charter, or both, governing the making of original regular and permanent appointments therein which require the serving of probationary periods but not of original emergency or temporary appointments therein and sworn in, as provided by law, to perform duties as a police officer for the City, under whatever designation such person may be described in any salary or departmental ordinance providing salaries for the members of the department. Such person shall be a member of the department only until his status

as such shall be terminated by reason of his retirement, resignation or discharge or for any other reason.

(c) System Member: System Member means a person who is a Department Member and whose pension rights and benefits are governed by this Tier 2.

(d) Qualified Surviving Spouse: Qualified Surviving Spouse means a person who is the widow or widower of a deceased System Member or Retired Member who had been married:

(1) to the System Member for at least one year prior to the date of his or her nonservice-connected death while a System Member, or

(2) to the System Member as of the date of his or her service-connected death while a System Member, or

(3) to the Retired Member for at least one year prior to the effective date of his or her retirement upon a service pension or upon a nonservice-connected disability pension pursuant, respectively, to Section 1408 or Section 1412(b), or

(4) to the Retired Member as of the effective date of his or her retirement upon a service-connected disability pension pursuant to Section 1412(a).

(e) Minor Child: Minor Child means a person, but not including a person who is an illegitimate child of a deceased System Member or Retired Member who had not been legitimatized by such member, who is a legitimate child, a legitimatized child or an adopted child of such member, and who had not been adopted by a person of the same gender as such member prior to the date of his death, who is under the age of 18 years and who is not married. Such person shall be a minor child only until he shall be adopted by a person of the same gender as such member, shall attain the age of 18 years or shall marry, whichever shall be the earlier.

(f) Dependent Child: Dependent Child means a person, but not including a person who is an illegitimate child of a deceased System Member or Retired Member who had not been legitimatized by such member, who is a legitimate child, a legitimatized child or an adopted child of such member, and who had not been adopted by a person of the same gender as such member prior to the date of his death, who is not married and who, while under the age of 21 years, had become disabled, either prior or after the date of death of such member, from earning a livelihood for any cause or reason whatsoever, other than by reason of his own moral turpitude or as a result thereof. Such person shall be a dependent child only until he:

(1) shall be adopted by a person of the same gender as such member or shall marry, whichever shall be the earlier, regardless of his age at the time of the occurrence of either such event and whether or not he then is disabled from earning a livelihood; or

(2) shall attain the age of 18 years if neither of the events mentioned in this subsection had occurred prior thereto and if, at that time, he is not disabled from earning a livelihood; or

(3) shall cease to be disabled from earning a livelihood if none of the events mentioned in (1) and (2) had occurred prior thereto.

(g) Dependent Parent: Dependent Parent means a person who is a natural parent of a deceased System Member or Retired Member and to or for whom such member, during at least one year immediately preceding his death, contributed one half or more of such person's necessary living expenses and who is unable to pay such expenses without the receipt of a pension. Such person shall be a dependent parent only until he shall be able to pay his necessary living expenses.

(h) Length of Service Pay: Length of Service Pay means any additional gross monthly pay or one twelfth of any additional gross annual pay which, by reason of length of service, shall be provided by ordinance, upon the conditions therein set forth, for the System Member's permanent rank as of the date of the termination of his status as a Department Member.

(i) Special Pay: Special Pay means any additional gross monthly pay or one twelfth of any additional gross annual pay which, by reason of assignment to perform special duties other than hazardous duties, shall be provided by ordinance, upon the conditions therein set forth, for the System Member's permanent rank as of the date of the termination of his status as a Department Member.

(j) Hazard Pay: Hazard Pay means any additional gross monthly pay or one twelfth of any additional gross annual pay which, by reason of assignment to perform helicopter duties, two-wheel motorcycle duties or any other hazardous duties, shall be provided by ordinance, upon the conditions therein set forth, for the System Member's permanent rank as of the date of the termination of his status as a Department Member.

(k) Assignment Pay: Assignment Pay means any additional gross monthly pay or one twelfth of any additional gross annual pay which, by reason of assignment to perform special duties or hazardous duties, in a higher class, position, grade, code or other title than the lowest within the System Member's permanent rank, shall be provided by ordinance, upon the conditions therein set forth, as of the date of the termination of such System Member's status as a Department Member.

Any such assignment pay shall not be included in the sum of any System Member's Nonservice-Connected Pension Base but hereafter shall be included in the sum of his Normal Pension Base to the same extent and upon the same conditions as any hazard pay shall be included.

The provisions of this Tier 2 wherein the words "Normal Pension Base" are used hereafter shall be construed and applied in accordance with the provisions of this subsection.

(*l*) Year: Year means a period of 12 months or, in aggregating partial years for purposes of determining years of service, means 365 days.

(m) Years of Service: Years of Service means and includes only those periods during or for which the System Member as a Department Member of the Fire Department or of the Police Department, or of both, and whether prior or subsequent to his becoming a System Member:

(1) did or shall receive salary, whether in full or reduced amounts thereof;

(2) did or shall receive either a service connected disability pension or a nonservice connected disability pension, whether pursuant to Tier 1 of the Charter or

pursuant to this Tier 2, if he was or shall be restored to active duty as a Department Member and did or shall perform his duties as such for at least 1 year prior to again retiring or being retired pursuant to this Tier 2, which year shall not include any time off from work by reason of any injury or illness which had been caused by or contributed to by any injury or illness which had been sustained or suffered by him prior to such restoration;

(3) is or shall become entitled, under any provision of general law or ordinance of the City, to credit toward retirement for periods of military service or military leave;

(4) did or shall receive Workers' Compensation benefits for temporary disability on account of any injury or illness arising out of and in the course of employment; and

(5) is or shall become entitled pursuant to any ordinance of the City.

In computing years of service, all partial years shall be aggregated but, after the aggregation, any remaining partial year shall be disregarded in the computation of any pension.

(n) Partial Year of Service: Partial Year of Service means any period mentioned in subsection (m) of this section which is less than 12 months.

Any partial year of service shall be calculated from the end of the member's last completed year of service to the end of the payroll period immediately prior to the date of his retirement and shall be counted as part of a System Member's years of service for his retirement upon a service pension hereafter granted or for a pension hereafter granted to his qualified surviving spouse, minor child or children, dependent child or children or dependent parent or parents if he hereafter shall die while upon a service pension hereafter granted or while eligible for a service pension.

Any such partial year of service, in the case of a System Member who shall have had less than 25 years of service, shall be credited in the same ratio of 2% of his Normal Pension Base as such partial year shall bear to a complete year and, in the case of a System Member who shall have had 25 years of service or more, shall be credited in the same ratio of 3% of his Normal Pension Base as such partial year shall bear to a complete year.

The provisions of subsection (m) of this section, Section 1408, Section 1410(a)(4)(m), Section 1412(a) and Section 1414(a)(5) & (6), (b) and (c) hereafter shall be construed and applied in accordance with the provisions of this subsection.

(o) Normal Pension Base: Normal Pension Base of any System Member means the sum of:

(1) his monthly salary;

(2) any length of service pay which he had received immediately preceding the date of his retirement or death or upon the last day he had performed duties as a Department Member;

(3) any special pay which he had received immediately preceding the date of his retirement or death or upon the last day he had performed duties as a Department Member; and

(4) any hazard pay which he had received immediately preceding the date of his retirement or death or upon the last day he had performed duties as a Department Member or, if he had not received the same at either such time but had received such pay at some time prior thereto, 10% of the hazard pay which he had received at the time of the termination of his last assignment to hazardous duties for each year in the aggregate of his assignment to any hazardous duties not exceeding, however, ten years in the aggregate.

(5) for only those System Members who completed at least 12 months service in a Deputy Chief position, which was exempt from civil service, and who did not retire in the position of Deputy Chief or Chief of Police, an additional supplement of a percentage of the difference in the amount of compensation between the Deputy Chief position and the System Member's compensation at the time of retirement. This percentage shall be prescribed by ordinance and shall apply for each year of service in the position of Deputy Chief, not to exceed the number of years as prescribed by ordinance.

Notwithstanding any of the foregoing, if a Retired Member were to be restored to active duty as a Department Member and thereby again were to become a System Member and if he again were to retire or to be retired without having performed his duties for at least 1 year subsequent to such restoration, which year shall not include any time off from work by reason of any injury or illness which had been caused by or contributed to by any injury or illness which had been sustained or suffered by him prior to such restoration, the Normal Pension Base which shall be applicable to his later retirement shall be the Normal Pension Base which had been applicable to his previous retirement.

(p) Nonservice-Connected Pension Base: Nonservice-Connected Pension Base of any System Member means the sum of:

(1) the highest monthly salary provided, as of the date of the System Member's retirement or death, whichever shall first occur, for a Department Member then holding the basic rank of firefighter or police officer; and

(2) the highest length of service pay provided, as of the date of the System Member's retirement or death, whichever shall first occur, for a Department Member then holding either of the basic ranks.

(q) Monthly Salary: Monthly Salary means the gross monthly salary or 1/12 of the gross annual salary which shall be provided by ordinance for the System Member's permanent rank as of the date of the termination of his status as a Department Member excluding, however, length of service pay, special pay and hazard pay as defined in this section.

(r) Permanent Rank: Permanent Rank means the rank or the position within the rank which shall be held, upon a permanent basis under applicable civil service rules and regulations or provisions of the Charter, or both, by the System Member immediately preceding the termination of his status as a Department Member, but does not mean any higher rank or any position within any higher rank in which the System Member then may be serving or theretofore may have served

either a portion of a probationary period or pursuant to an emergency or temporary appointment.

Sec. 1408. Service Pension.

(a) Time of Retirement. Any Tier 2 System Member under the age of 70 years who shall have 20 years of service or more shall be retired by order of the Board from further active duty as a Department Member either (a) upon the filing of a written application or (b) upon the filing of a written request by or on behalf of the head of the department in which the System Member is a Department Member if it shall be determined by the Board to be for the good of such department, other than for a cause or reason which would entitle such System Member to a disability pension pursuant to Section 1412, and the Board, if it shall so determine, shall state the cause or reason in its order retiring such Tier 2 System Member.

(b) Physical Exam for Members Age 70 Years or More. After a Tier 2 System Member has attained the age of 70, he shall annually submit to an examination by a regularly licensed, practicing physician selected by the head of the department who shall render a written report to such department as to whether or not the Tier 2 System Member is physically and mentally fit to continue his duties as a Department Member. If the Tier 2 System Member is found not to be physically and mentally fit to so continue his duties, he shall be retired effective the first day of the calendar month next succeeding that month in which the physician's report was received by the Board.

(c) Pension Amount. Any such Retired Member shall be paid thereafter and for life a monthly service pension in an amount which shall be equal to a percentage of his Normal Pension Base, to wit:

(1) For less than 25 years of service: 2% thereof for each year of service;

(2) For 25 years of service: 55% hereof; and for each year of service over 25 years of service, an additional 3% thereof, not exceeding in all, however, a maximum of 70% thereof, which maximum of 70% shall be applicable regardless of the Retired Member's length of service as a System Member or his age at retirement.

No Retired Member, retired pursuant to this section, ever shall be paid pension pursuant to Section 1412 concerning Disability Pensions.

Sec. 1410. Return or Recall to Active Duty.

(a) Return to Active Duty.

(1) Conditions for Return to Active Duty. A retired member, whenever retired, may file, with the Chief of the department from which he retired, a written application to be returned to active duty therein only upon the conditions:

(A) Service Retirement and Former Rank. That his original retirement had been pursuant to Section 1408 relating to Service Pensions and had been from the Fire Department while holding a rank no higher than Engineer or from the Police Department while holding a rank no higher than Sergeant; and

(B) Time Since Original Retirement and Age. That, as of the filing date of the application, the period of his original retirement had been no longer than 3 years and he shall be under the age of 55 years; and

(C) Medical Exam. That he satisfactorily had passed a medical examination not more than 30 days prior to the effective date of his original retirement, but the Chief, if the effective date thereof had been prior to May 2, 1969, may waive the condition contained in this subsection.

(2) Subsequent Conditions for Return to Active Duty. The Chief may approve any application only upon the conditions that, after the filing date thereof, the retired member:

(A) Medical Exam. Had passed a medical examination from which it had been determined that he would be capable of performing the duties which would be assigned to him if he were to be returned to active duty subject to approval by the Board; and

(B) Certification. Had certified, in writing, that he had read and understands the provisions of this section.

(3) Return to Rank at Original Retirement. The Chief, if he were to approve the application, may return the retired member to active duty only in or to a vacant position in the rank held by him at the effective date of his original retirement.

(4) Status of a Reactivated Member of Tier 2. Wherever words used in this subsection (a)(4) with respect to any pension granted or to be granted pursuant to Section 1414, they also shall mean and include the words, as used in Section 1422 (c)(3): "whether by reason of the provisions thereof or of those of Section 1414(b) and (c), including any additional pension amounts payable pursuant to Section 1414(a)(7)." A retired member, if he were to be returned to active duty, thereafter shall be known as a "reactivated member" and, as such:

(A) Privilege, Not An Appointment. His return to active duty shall be a privilege only and he shall be on probation for one year from and after the effective date thereof regardless of any other provision of law contained in the Charter or otherwise, and the Chief may terminate his service at any time during such year;

(B) Original Pension Terminated. His pension, granted by reason of his original retirement, shall be terminated by the Board as of the effective date of his return to active duty;

(C) Method of Calculating Years of Service. His service after the effective date of his return to active duty, for the purposes of this Tier 2 and regardless of any other provision of law contained in the Charter or otherwise, shall consist of only:

(i) the days for which he shall be paid for performing his assigned duties,

(ii) his days of vacation with pay, and

(iii) his regular days off duty with pay,

and one year of such service shall consist of a total of 365 such days;

(D) Years of Service for Purposes of Civil Service and Related Purposes. His aggregate years of service, for the purposes of his eligibility to advancement in accordance with civil service rules and regulations and the payment of his salary and longevity pay or merit pay, shall consist of only his years of service prior to the effective date of his original retirement and his service after the effective date of his return to active duty;

(E) Years of Service for Purposes of Tier 2. His aggregate years of service, for the purposes of this Tier 2 and regardless of any other provision of law contained in the Charter or otherwise, shall consist of only his years of service prior to the effective date of his original retirement and his service subsequent to the effective date of his return to active duty, provided, however, that such service shall be for not less than one year as defined in subsection (a)(4)(C) of this section;

(F) Salary Longevity, & Merit Pay. He shall be assumed to have a satisfactory standard of service and shall be paid the salary provided for his rank and the longevity pay or merit pay provided for his aggregate years of service as defined in subsection (a)(4)(E) of this section, subject, however, to all provisions applicable to the termination of payment of longevity pay or merit pay;

(G) Payroll Deduction. He shall have deductions made for pension purposes, pursuant to Section 1420 relating to Member Contributions—Tier 2, from his salary and longevity pay or merit pay;

(H) Prohibition of Nonservice Connected Disability Pensions. He never shall be entitled to a subsequent retirement pursuant to Section 1412(b) relating to Nonservice Connected Disability Pensions and his widow, his minor child or children (hereafter referred to in this subsection as "his child") or his dependent parent or parents (hereafter referred to in this subsection as "his parent") never shall be granted a pension pursuant Section 1414(a)(2) or (4) relating to Nonservice Connected Survivor Pensions;

(I) Allowance of Service Connected Disability Pensions. He shall be entitled to a subsequent retirement pursuant to Section 1412(a) relating to Service Connected Disability Pensions if he were to become eligible therefor and upon his death, if he theretofore had had such a subsequent retirement, a pension shall be granted pursuant to Section 1414(a)(3) relating to Service Connected Survivor Pensions to his surviving spouse, if she shall have been married to him as of the effective date of his subsequent retirement, or to his child or to his parent;

(J) Allowance of Service Connected Survivor Pension. His surviving spouse or his child or his parent, if he were to die while a reactivated member from any cause arising out of or from the performance of his duties, shall be granted a pension pursuant to Section 1414(a)(1) relating to Service Connected Survivor Pensions;

(K) Allowance of Survivor Pension Upon Death of Reactivated Member. His surviving spouse, (if she shall have been married to him for at least one year prior to the effective date of his original retirement or for at least one year after the effective date of his return to active duty and prior to the date of his death), or his child or his parent, if he were to die while a reactivated member from any cause other than a cause arising out of or from the performance of his duties, shall be granted the same pension she would have received pursuant to Section 1414(a)(6) relating to Service Connected Survivor Pensions;

(L) Reinstatement of Original Pension. His pension, granted by reason of his original retirement, if his service were to be terminated during the one year

from and after the effective date of his return to active duty for any reason other than by reason of his subsequent retirement pursuant to Section 1412(a) relating to Service Connected Disability Pensions, shall be reinstated by the Board, as of the effective date of the termination of his service, at the amount of pension which then would have been payable to him if he had not returned to active duty and, upon his death, the pension which shall be granted pursuant to Section 1414(a)(5) to his surviving spouse if she shall have been married to him for at least one year prior to the effective date of his original retirement, or to his child or to his parent, shall be calculated upon the Normal Pension Base upon which his pension had been calculated as of the effective date of his original retirement; and

(M) Retirement as Reactivated Member. He shall be entitled to a subsequent retirement pursuant to Section 1408 relating to Service Pensions for Tier 2, based upon his aggregate years of service as defined in subsection (a)(4)(E) and his pension shall be calculated upon a sum equal to the Normal Pension Base upon which his pension had been calculated as of the effective date of his original retirement (hereinafter referred to as "such base"), plus a percentage of the difference between such base and that which, if he had not had his original retirement, would have been his Normal Pension Base as of the effective date of his subsequent retirement, for his years of service subsequent to the effective date of his return to active duty as defined in subsection (a)(4)(C), so that such sum shall be such base plus:

(i) 20% of such difference for one such year,

(ii) 40% of such difference for two such years,

(iii) 60% of such difference for three such years,

(iv) 80% of such difference for four such years and

(v) 100% of such difference for five or more such years or the equivalent of his Normal Pension Base as of the effective date of his subsequent retirement and upon his death, if he previously had had such a subsequent retirement, the pension which shall be granted pursuant to Section 1414(a)(5) to his surviving spouse, (if she shall have been married to him for at least one year prior to the effective date of his original retirement or for at least one year after the effective date of his return to active duty and prior to the effective date of his subsequent retirement), or to his child or to his parent, shall be calculated upon the sum upon which his pension had been calculated as of the effective date of his subsequent retirement.

(5) Applicability of Tier 2 to Reactivated Members. The provisions of this Tier 2 shall be construed and applied, as to a reactivated member, his surviving spouse, his child and his parent, in accordance with respectively applicable provisions of subsection (a)(4) of this section.

(b) Recall to Active Duty.

(1) Rules for Recall to Active Duty. The Chief shall promulgate such rules and set standards as he may deem to be necessary or desirable with respect to recalling a retired member to active duty.

(2) Conditions for Recall to Active Duty. A retired member, whenever retired, shall be eligible to be recalled to active duty in the department from which he retired only upon the conditions:

(A) Service Retirement and Former Rank. That his original retirement has been pursuant to Section 1408 and had been from the Fire Department while holding a rank lower than Fire Chief or from the Police Department while holding a rank lower than Chief of Police;

(B) Certification. That he had certified, in writing, that he had read and understands the provisions of this section; and

(C) Consent to Recall. That he voluntarily had consented to be recalled to active duty.

(3) Limitations on Recall. The Chief may recall a retired member to active duty:

(A) Rank at Retirement. Only in or to a vacant position in the rank held by him at the effective date of his original retirement;

(B) 90 Day Limit. For not to exceed 90 days in any one calendar year; and

(C) Status Defined in this Section. The salary, benefits and other terms and conditions of employment of any such recalled member shall be as provided under subsections (b)(5) and (b)(6) of this section.

(4) No Recall of Police Exceeding 12 Months Without Loss of Pension. Recall of retired members of the Police Department may be approved for a period in excess of 90 days but not for more than 12 consecutive months, without loss of pension, in which case the salary, benefits and other terms and conditions of employment for such recalled police officers shall be established by ordinance.

(5) Status of Recalled Member. A retired member, if he were to be recalled to active duty, thereafter shall be known as a "recalled member" and, as such:

(A) His recall to active duty shall be a privilege only and the Chief may terminate his service at any time;

(B) His pension shall be paid during the period of his recall to active duty;

(C) He shall be paid the salary provided for his rank and the longevity pay or merit pay provided for his aggregate years of service prior to the effective date of his original retirement;

(D) He shall have no deductions made for pension purposes, pursuant to Section 1420 relating to Member Contributions—Tier 2, from his salary and longevity pay or merit pay; and

(E) He, his surviving spouse, his minor child or children or his dependent parent or parents never shall be entitled to any pension benefits provided by Tier 1 or Tier 2 by reason of his service as a recalled member.

(6) Tier 2 Construed with Recalled Members Rules. The provisions of this Tier 2 hereafter shall be construed and applied, as to a recalled member, his surviving spouse, his minor child or children and his dependent parent or parents, in accordance with respectively applicable provisions of subsection (b)(5) of this section.

Sec. 1412. Disability Pensions.

(a) Service-Connected Disability. Upon the filing of his written application for a disability pension or upon the filing of a written request by or on behalf of the head of the department in which he is a Department Member, any System Member whom the Board shall determine has become physically or mentally incapacitated by reason of injuries received or sickness caused by the discharge of the duties of such person as a Department Member, and who is incapable as a result from performing his duties, shall be retired by order of the Board from further active duty as a Department Member. Such Retired Member shall be paid thereafter and for life a monthly service-connected disability pension in an amount which shall be equal to the same percentage of his Normal Pension Base as the Board shall determine, from time to time, to be his percentage of disability. Such pension shall be in an amount not less than 50% and not more than 90% of such Retired Member's Normal Pension Base and not less than that percentage which he, if he shall have had 25 years of service or more at the time of his retirement pursuant to this subsection of this section, would have received had he retired pursuant to Section 1408 concerning Service Pensions, but such pension shall be reduced, pursuant to Section 1212 concerning Workers' Compensation, to an amount less than either or both of the aforementioned minimum amounts if the application of that section were to cause such result. Such pension may be terminated only pursuant to subsection (d) of this section. No Retired Member, while retired pursuant to this subsection of this section, ever shall be paid any pension pursuant either to Section 1408 concerning Service Pensions or to subsection (b) of this section concerning Nonservice Connected Disability Pensions.

(b) Nonservice-Connected Disability. Upon the filing of his written application for a disability pension by a System Member who shall have 5 years of service or more since the date of his last regular and permanent appointment as a Department Member including his service of the required probationary period, or upon the filing of a written request therefor with respect to such a System Member by or on behalf of the head of the department in which he is a Department Member, any System Member whom the Board shall determine has become physically or mentally incapacitated by reason of injuries or sickness other than injuries received or sickness caused by the discharge of the duties of such person as a Department Member, and who is incapable as a result thereof from performing his duties, and if the Board further shall determine that such disability was not due to or caused by the moral turpitude of such System Member, shall be retired by order of the Board from further active duty as a Department Member. Such Retired Member shall be paid thereafter and for life a monthly nonservice-connected disability pension in an amount which shall be equal to 40% of his Nonservice-Connected Pension Base. Such pension may be terminated only pursuant to subsection (d) of this section. No Retired Member, while retired pursuant to this subsection of the section, ever shall be paid any pension pursuant either to Section 1408 concerning Service Pensions or to subsection (a) of this section concerning Service Connected Pensions.

(c) Determination of Disability. Upon the filing of any written application or request for a disability pension, as referred to in subsections (a) and (b) of this section, the Board:

(1) shall cause the System Member to be examined by and a written report thereon rendered by at least three regularly licensed and practicing physicians selected by it;

(2) shall hold a hearing with respect to such application or request; and

(3) shall receive or hear such other evidence relating to or concerning the System Member's disability or claimed disability as may be presented to it.

The Board shall have the power to hear and determine all matters pertaining to the granting and denying of any such application or request for a disability pension. The Board first shall determine whether or not the System Member is incapable of or from performing his duties as a Department Member. If the Board were to determine that he is not so incapable, it then shall be the duty of the Board to deny the application or request. If the Board were to determine that he is so incapable, it then shall determine, pursuant to the language used in subsections (a) and (b) of this section, whether his incapacity or disability is service-connected or nonservice-connected. If the Board were to determine that it is service-connected, it then shall determine the percentage of his incapacity or disability, within the limitations prescribed in subsection (a) of this section, and shall grant the application or request accordingly. If the Board were to determine that it is nonservice-connected, it then shall determine whether his incapacity or disability was due to or caused by the moral turpitude of the System Member. If the Board were to determine that it was so caused, it then shall be the duty of the Board to deny the application or request. If the Board were to determine that it was not so caused, it shall grant the application or request in the percentage prescribed by subsection (b) of this section. The Board, upon its own motion or upon the written request of any Retired Member, retired pursuant to subsection (a) of this section, shall have the power to consider new evidence pertaining to the case of any such Retired Member and to increase or decrease the percentage of his incapacity or disability within the limitations prescribed in subsection (a) of this section. Any such increase or decrease shall be based only upon injuries or sickness for which he was retired. In the case of any former System Member who became such by reason of his resignation or discharge as a Department Member, the Board, in order to grant any application filed by him for a disability pension, must also determine, in addition to all of the foregoing, that any existing incapacity or disability upon his part occurred prior to the termination of his active status as a Department Member and had been continuous up to the date of the Board's determinations. Any determination of the Board shall be made in writing but need state only the ultimate fact and not any of the evidentiary facts.

(d) Termination of Disability Pensions. The pension of any Retired Member, retired pursuant to subsection (a) or to subsection (b) of this section and whose active status as a Department Member had been terminated by reason of his

retirement, shall cease when the incapacity or disability for which he had been retired shall cease and he either:

(1) shall have been restored to active duty as a Department Member in the same permanent rank which he had held as of the date of his retirement; or

(2) shall have been ordered restored to active duty as a Department Member in such same permanent rank and shall have declined, refused or neglected to report or to perform duties as such.

The pension of any Retired Member, retired pursuant to subsection (a) or to subsection (b) of this section and whose active status as a Department Member had been terminated by reason of his resignation or discharge as such, shall cease when the incapacity or disability for which he had been retired shall cease. The Board shall have the power to hear and determine, upon its own motion or otherwise, all matters pertaining to the terminating of any such pension. Any determination of the Board to terminate any such pension shall be made in writing but need state only the ultimate fact and not any of the evidentiary facts.

Sec. 1414. Survivorship Pensions.

(a) Qualified Surviving Spouse and Children of Former Marriage.

(1) System Member's Service-Connected Death. The qualified surviving spouse of a System Member who shall die while he is a Department Member, by reason of injuries received or sickness caused by the discharge of his duties, shall be paid, for life a monthly pension in an amount which shall be equal to 50% of such System Member's Normal Pension Base or, alternatively, in an amount which shall be equal to 55% in the event that such member shall have had 25 years of service or more as of the date of his death.

(2) System Member's Nonservice-Connected Death. The qualified surviving spouse of a System Member who shall have five years of service or more since the date of his last regular and permanent appointment as a Department Member including his service of the required probationary period and who shall die while he is a Department Member, by reason of injuries or sickness other than injuries received or sickness caused by the discharge of his duties, shall be paid, for life a monthly pension in an amount which shall be equal to 40% of such System Member's Nonservice-Connected Pension Base.

(3) System Member's Death While on Service-Connected Disability Pension. The qualified surviving spouse of a Retired Member, who shall die while he is receiving a pension pursuant to Section 1412(a), shall be paid, for life a monthly pension in an amount which shall be equal to 50% of such Retired Member's Normal Pension Base or, alternatively, in an amount which shall be equal to 55% in the event that such member shall have had 25 years of service or more as of the effective date of his retirement.

(4) System Member's Death While on Nonservice-Connected Disability Pension. The qualified surviving spouse of a Retired Member, who shall die while he is receiving a pension pursuant to Section 1412(b), shall be paid, for life a monthly pension in an amount which shall be equal to 40% of such Retired Member's Nonservice-Connected Pension Base.

(5) System Member's Death While on Service Pension. The qualified surviving spouse of a Retired Member, who shall die while he is receiving a pension pursuant to Section 1408 concerning Service Pensions, shall be paid, for life a monthly pension in an amount which shall be equal to the same percentage of such Retired Member's Normal Pension Base as the percentage which had been applicable to the calculation of his pension, provided, however, that the percentage of his Normal Pension Base shall not exceed 55% for the purposes of this subsection.

(6) System Member's Death While Eligible for Service Pension. The qualified surviving spouse of a System Member who shall die while he is a Department Member eligible for a pension pursuant to Section 1408 concerning Service Pensions by reason of injuries or sickness other than injuries received or sickness caused by the discharge of his duties, shall be paid for life a monthly pension in an amount which shall be equal to the same percentage of such System Member's Normal Pension Base as the percentage thereof which would have been applicable to the calculation of his pension had he retired pursuant to Section 1408 concerning Service Pensions as of the date of his death but the percentage of his Normal Pension Base shall not exceed 55% for the purposes of this subsection.

(7) Additional Pension Amounts for Minor or Dependent Children.

(A) Children of Marriage to Qualified Survivor Spouse. Whenever any System Member or Retired Member shall die and leave surviving him, in addition to a qualified surviving spouse, a minor child or children or a dependent child or children of his marriage to the qualified surviving spouse then such qualified surviving spouse shall be paid an additional monthly pension in an amount which shall be equal to 25% of the amount of her pension as a qualified surviving spouse granted pursuant to any of the foregoing paragraphs of this subsection while there is one minor or dependent child, 40% while there are two minor or dependent children or a combination, and 50% while there are three or more minor or dependent children or a combination, and such additional monthly pension shall be the exclusive property of such qualified surviving spouse and not the property of any such minor child or dependent child.

(B) Surviving Spouse and Children of Former Marriage. Whenever any System Member or Retired Member shall die and leave surviving him, in addition to a qualified surviving spouse, a minor child or children or a dependent child or children of his marriage to a former spouse, then the guardian or guardians of the estate or estates of any such minor child or children or dependent child or children shall be paid a monthly pension in an amount which shall be equal to 25% of the amount of the pension of the qualified surviving spouse granted pursuant to this section while there is one minor or dependent child, 40% while there are two minor or dependent children or a combination, and 50% while there are three or more minor or dependent children or a combination, and such monthly pension shall be the exclusive property of such minor child or children or dependent child or children and not the property of the qualified surviving spouse.

(C) Surviving Spouse and Children of Present and Former Marriages. Whenever any System Member or Retired Member shall die and leave surviving him, in addition to a qualified surviving spouse, a minor child or children or a dependent child or children of his marriage to the qualified surviving spouse and a minor child or children or a dependent child or children of his marriage to a former spouse, then a monthly pension shall be paid in an amount which shall be equal to 25% of the amount of the pension of the qualified surviving spouse granted pursuant to any of the foregoing paragraphs of this subsection while there is one minor or dependent child, 40% while there are two minor or dependent children or a combination, and 50% while there are three or more minor or dependent children or a combination. The amount of such monthly pension shall be divided by the number of minor or dependent children and shall be adjusted accordingly whenever any minor or dependent child shall cease to be such. The qualified surviving spouse shall be paid the portion of such monthly pension which shall be applicable to the number of her minor children or dependent children and the same shall be her exclusive property. The guardian or guardians of the estate or estates of the minor or dependent children who are not those of the qualified surviving spouse shall be paid the portion of such monthly pension which shall be applicable to such minor or dependent children and the same shall be the exclusive property of such children.

(8) Reinstatement of Pension of Reinstated Qualified Surviving Spouse. Subject to Section 1208 of the General Provisions for Fire and Police Pension Plans, any qualified surviving spouse who shall marry and thereby cease to be a qualified surviving spouse, shall be reinstated as a qualified surviving spouse as of:

(A) the date upon which a judgment or decree shall become final dissolving such marriage upon any ground or declaring a void or voidable marriage to have been null and void or voided, if such date shall be within five years from the date of the marriage ceremony; or

(B) the date upon which such marriage shall be dissolved by the death of the other party if such date shall be within five years from the date of the marriage ceremony.

Such reinstated qualified surviving spouse shall be entitled to the reinstatement of her pension effective as of either such date, whichever shall be applicable, but shall not be entitled to the payment of any pension for the period prior to such applicable date and subsequent to the date of the marriage ceremony. The pension paid to any other Beneficiary or Beneficiaries during the period of the marriage or purported marriage of such reinstated qualified surviving spouse shall cease when her pension shall be reinstated, except as is otherwise provided in subsection (a) (7) of this section. However, should such reinstated qualified surviving spouse thereafter be a party to another marriage ceremony, her pension as such shall cease and never again shall be reinstated regardless of whether such marriage ceremony shall result in a valid marriage or in a voidable or void marriage and whether or not the same legally shall be terminated.

(b) Pension For Minor and Dependent Children. Whenever any System Member or Retired Member shall die, without leaving a qualified surviving spouse, the guardian of the estate of his minor child or children or dependent child or children shall be paid, until each such child shall cease to be a minor child or dependent child, a monthly pension pursuant to subsections (a)(1), (2), (3), (4), (5) and (6) of this section, whichever shall be applicable. Whenever any such member shall die, leaving a qualified surviving spouse who thereafter shall die or who thereafter shall cease to be a reinstated qualified surviving spouse, the guardian of the estate of his minor child or children or dependent child or children shall be paid, until each such child shall cease to be a minor child or dependent child, a monthly pension pursuant to one of the aforementioned paragraphs of subsection (a) of this section, whichever shall be applicable. In either of the foregoing events and if there were to be more than one minor child or dependent child, an equal share of such monthly pension shall be paid for and on behalf of each such child to the guardian of his estate and shall be adjusted as each of them shall cease to be a minor child or dependent child in the manner set forth in subsection (a)(7) of this section.

(c) Pension for Dependent Parents. Whenever any System Member or Retired Member shall die, without leaving a qualified surviving spouse or a minor child or dependent child, a monthly pension pursuant to subsections (a)(1),(2),(3), (4), and (5) of this section, whichever shall be applicable, shall be paid to his dependent parent or parents or to the survivor of them until each such dependent parent shall cease to be such. Any dependent parent who shall cease to be such but who thereafter again shall become unable to pay his or her necessary living expenses without a pension shall be entitled to have his or her pension reinstated.

(d) Determinations With Respect to Cause of Death, Dependent Child and Dependent Parent. The Board shall have the same power as that which has been given to it by Section 1412(c) and (d) in order to determine:

(1) the fact of whether a System Member's death was service-connected or nonservice-connected for the purposes of Section 1414(a)(1) and (2);

(2) the fact of whether or not a child of a deceased System Member or Retired Member is a dependent child; and

(3) whether or not any parent of a deceased System Member or Retired Member is a dependent parent.

The Board also shall have the power to determine, from time to time, the fact of whether or not a child who had been determined by it to be a dependent child continues to be a dependent child, the fact of whether or not a parent who had been determined by it to be a dependent parent continues to be a dependent parent and the fact of whether or not a dependent parent who had ceased to be such thereafter shall have become entitled to have his or her pension reinstated.

(e) Medical Reports and Hearings. The power of the Board to determine the fact of whether a System Member's death was service-connected or nonservice-connected, as provided in subsection (d) of this section, hereafter may be exercised

by it upon the basis of a written report from one regularly licensed and practicing physician selected by it, provided, however, that it, in its discretion, may obtain such a report from more than one physician. The determination hereinbefore referred to in this paragraph may at the option of the Board be made without a hearing pursuant to the provisions of subsection (d) of this section.

Sec. 1416. Tier 2 Pension Funds.

(a) Creation of Funds. Two entirely separate and distinct funds hereby are created and established for the payment of pension benefits pursuant to this Tier 2, certain other benefits as may be authorized from time to time pursuant to the enabling provisions of Section 1428 of this Tier 2 and for the payment of the administrative expenses of the Fire and Police Pension Plan—Tier 1 and Tier 2, one of which shall be known as the "Fire and Police Tier 2 Service Pension Fund" and the other of which shall be known as the "Fire and Police Tier 2 General Pension Fund".

The Fire and Police Tier 2 Service Pension Fund shall consist of:

(1) deductions made, pursuant to Section 1420, from the salaries of System Members;

(2) all contributions and donations to the Fire Department or to the Police Department for services by any System Members, except amounts of money donated to provide for any medal or permanent competitive award;

(3) all fines imposed upon System Members for violations of rules and regulations of the respective department in which they are Department Members;

(4) all proceeds from the sale of unclaimed property; and

(5) all interest, earnings and profits resulting from investments of such moneys.

The Fire and Police Tier 2 General Pension Fund shall consist of:

(1) all moneys appropriated to the fund by the Council; and

(2) all interest, earnings and profits resulting from investments of such moneys.

(b) Use of Funds. The moneys in the Fire and Police Tier 2 Service Pension Fund shall be used, other than for the investment thereof, exclusively for the payment of service pensions granted pursuant to Section 1408. The money in the Fire and Police Tier 2 General Pension Fund shall be used, other than for the investment thereof and except as hereinafter in this immediate paragraph specifically provided, exclusively for the payment of all pensions other than service pensions, such benefits as may be provided by ordinance adopted pursuant to the provisions of Section 1428 of this Tier 2 and of all administrative expenses of the Fire and Police Pension Plan Tier 1 and Tier 2 of the Charter.

(c) Transfer of Funds. In the event that the moneys in the Fire and Police Tier 2 Service Pension Fund should be insufficient, at any time, to pay all service pensions, then the Board shall have the power and authority to cause the Controller of the City to transfer to the fund sufficient money from the Fire and Police Tier 2 General Pension Fund. In no other event shall any of the money in either of the funds be commingled with any of the money in the other funds.

(d) General Obligations of City. In the event that the moneys in the Fire and Police Tier 1 Service Pension Fund or in the Fire and Police Tier 1 General Pension Fund should be insufficient, at any time, to pay all pensions or other benefits which are payable there from, respectively, then the Board shall have the power and authority to cause the Controller of the City to transfer to either of the funds sufficient moneys from the Fire and Police Tier 2 General Pension Fund. The obligations to pay benefits pursuant to this Tier 2 shall be general obligations of the City.

Sec. 1418. Actuarial Standards.

(a) Reserve Basis. The Tier 2 System shall be maintained on a reserve basis which, for the purposes of this Tier 2, shall mean one which provides for the accumulation and maintenance of the Fire and Police Tier 2 Service Pension Fund and the Fire and Police Tier 2 General Pension Fund which together will at all times be equal to the difference between the present value of the obligations assumed and the present value of the money to be received for paying such obligations, where such present values are estimated in accordance with accepted actuarial methods and on the basis of an assumed rate of interest and the mathematical probabilities of the occurrence of such contingencies as affect both the payment of the assumed obligations and the receipt of moneys with which they are to be paid in accordance with the provisions of Sections 1210(b)(2) and 1420.

(b) Actuarial Valuation. The Board shall secure an actuarial valuation showing the cost of maintaining the System and funds on such reserve basis and, at intervals of not to exceed five years, shall cause to be made an actuarial investigation including, but not limited to, the mortality, service and salary experience of the System Members and other beneficiaries and shall further cause to be made annually an actuarial valuation of the assets and liabilities of the funds. The Board shall retain a competent consulting actuary for the purpose of making the necessary actuarial studies and reports on the required investigations and valuations.

(c) Interest Rate. The Board, from time to time and with the advice of the investment counsel, shall establish an assumed interest rate as in its judgment seems proper in the light of the experience and prospective earnings on the investments of the funds.

(d) Unrealized Profits or Losses. With the advice of the consulting actuary and of the investment counsel, the Board, for the purpose of the actuarial valuations, shall provide by rule for the manner and to the extent to which any unrealized profits or losses in the equity-type investments of the funds shall be taken into account.

Sec. 1420. Member Contributions—Tier 2

(a) Member Contributions Required. Deductions shall be made from the salaries of System Members, and such deductions shall be deposited to the credit of and paid into the Fire and Police Tier 2 Service Pension Fund, but no further deductions shall be made from the salaries of System Members who have completed 30 years of service.

(b) Payroll Deduction. The administrative head of the Fire Department and of the Police Department shall cause to be shown on each and every payroll of such department a deduction equal to the sum of the following items:

(1) 6% of the amount of salary, as shown on each such payroll, of each System Member whose name appears thereon; and

(2) that percentage of the amount of salary, as shown on each such payroll, of each System Member whose name appears thereon, but not to exceed 1%, which shall be equal to 1/2 of the cost of the cost of living benefits provided in this Tier 2 as shall be determined by the Board upon an actuarial valuation obtained by it pursuant to Section 1418.

The Board, from time to time, shall certify in writing to the administrative head of each such department and to the Controller any change in the deductions to be made pursuant to subsection (b)(2) above, and any such change shall become effective as of the next following July 1.

(c) Transfer of Total Member Contributions. The administrative head of each department shall certify to the Controller on each payroll the amount to be deducted from the salary of each System Member whose name appears thereon, and shall cause to be drawn a payroll check in favor of the Board for the total amount of deductions from the salaries of such System Members as shown on each payroll of such department, and the Board shall deposit the payroll check to the credit of the Fire and Police Tier 2 Service Pension Fund. It shall be the duty of the administrative head of each department to cause to be furnished to the Board a copy of each and every payroll.

(d) Deemed Consent to Payroll Deduction. Each System Member shall be deemed to consent and agree to each deduction as provided herein, and the payment of each payroll check to the System Member shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by the System Member during the period covered by each such payroll check, except such claims as the System Member may have to the benefits or payments provided by this Tier 2.

(e) Refund of Member Contributions. Every person who is a System Member on July 1, 1982 shall, upon termination of employment, be entitled to a refund of contributions made by him or her pursuant to the provisions of this section. A person not a System Member on July 1, 1982 and whose employment terminated prior to that date, shall not be entitled to a refund of contributions made by him or her during periods of membership prior to July 1, 1982.

(f) Limitations on Refunds. The refund of contributions shall be subject to the following conditions and limitations:

(1) Contributions Prior to June 30, 1982. Upon termination of employment as a Department Member for any reason except retirement pursuant to the provisions of this Tier 2, a System Member shall be entitled to have refunded to him or her all contributions made by such System Member to the Fire and Police Tier 2 Service Pension Fund on or prior to June 30, 1982, plus 6% interest per annum on

such contributions calculated in the same manner as if interest had regularly been credited to the System Member's contributions, compounded as of the last day of the last pay period of December and to the end of the last pay period preceding the effective date of termination of employment.

(2) Maintenance of Individual Accounts. Starting July 1, 1982, the Board shall maintain an individual account of the contributions of each System Member. Regular interest shall be credited to such individual accounts as of the last day of June and December of each year after July 1, 1982, at such rate as the Board may deem proper in light of the earnings of the funds of the Tier 2 System, exclusive of profits and losses on principal resulting from sales of securities. No such interest shall be credited at any other time. Interest shall be credited to the individual account of a System Member whose employment is terminated for any reason for any period of service between the next preceding last day of June or December and the end of the pay period preceding the date of such termination at the rate at which regular interest was last credited to System Members' individual accounts.

(3) Election of Refund or Benefits. System Members who elect to receive a refund of contributions, forfeit the right to benefits provided in this Tier 2. After payment of any pension benefit has commenced, the System Member forfeits the right to a refund of his or her contributions. System Members who return to active duty from a disability pension may not thereafter have contributions made by them prior to their retirement on such disability pension refunded. A terminated System Member who had elected to have contributions returned, but who reenters service and again becomes a System Member shall, not withstanding any provision of this Tier 2 to the contrary, not be entitled to credit for years of service previously earned unless he or she shall first have repaid the amount of contributions and interest and an amount calculated as interest which would have been earned between the date of original termination of status as a System Member and the date of reentry into service as a Department Member.

(4) Beneficiary Designation. System Members shall have the right to designate persons who shall be entitled to receive money to which a System Member would otherwise be entitled upon termination of employment, to be payable to such designated person or persons upon the System Member's death, but no such money shall become payable if any person should be entitled to any other benefit provided in this Tier 2. The Board shall adopt appropriate forms for the designation by System Members of persons who shall be his or her beneficiaries.

Sec. 1422. Cost of Living Adjustments.

(a) Determination of Cost of Living Increase or Decrease. The Board, before May 1, of each year commencing with the year 1967, shall determine the percentage of the annual increase or decrease in the cost of living as of March 1, of that year from March 1, of the preceding year, as shown by the consumer price index published by the Bureau of Labor Statistics for the area in which the City is located. If any such index were not to reflect the cost of living as of a particular March 1, then the index for the closest preceding date which shall have done so

shall be used. If there were to be any change in the statistical method or the components which were used in any such index from those which were used in any such index of the preceding year with which a comparison is to be made, then the Board, to the extent possible, shall adjust any such differences therein for the purpose of determining the percentage of increase or decrease in the cost of living.

(b) Adjustments to be Made in Pensions. Commencing as of July 1 of the year in which the Board shall determine the percentage of increase or decrease in the cost of living, the monthly amounts of certain pensions, as hereinafter identified and upon the conditions hereunder stated therefor, shall be increased or decreased by reason of such determined percentage of increase or decrease in the cost of living but not to exceed, however, 2% in any given year. Such determined percentage of increase or decrease in the cost of living, as so limited, shall be applied to the monthly amounts of such pensions which shall be payable prior to the applicable July 1, including any previous percentage of increase or decrease in the cost of living which had been made with respect thereto.

(c) Application of Adjustments. The percentage of increase or decrease in the cost of living first shall be applied to:

(1) Service Pensioners with Less than 25 Years Service. The pension of any Retired Member who shall retire pursuant to Section 1408, with less than 25 years of service, upon the July 1 following the date upon which he would have had 25 years of service if he had not retired prior thereto;

(2) Service Pensioners with at Least 25 Years Service. The pension of any Retired Member who shall retire pursuant to Section 1408, with 25 years of service or more upon the July 1, following the effective date of his pension;

(3) Survivor Pensions of Members with Less Than 26 Years Service. The pension of any Beneficiary or Beneficiaries which shall be granted pursuant to Section 1414(a)(5) and (6), whether by reason of the provisions thereof or of those of Section 1414(b) and (c), including any additional pension amounts payable pursuant to Section 1414(a)(7), following the death, with less than 26 years of service, of a Retired Member who had been retired pursuant to Section 1408 or of a System Member who had become eligible to retire pursuant thereto, upon the July 1, following the date upon which such Retired Member or such System Member, as the case may be, would have had 26 years of service if he, the Retired Member, had not retired prior thereto and had been alive on that date, or if he, the System Member, had been alive on that date; and

(4) Survivor Pensions of Members with at Least 26 Years Service. The pension of any Beneficiary or Beneficiaries which shall be granted pursuant to Section 1414(a)(5) or (6), whether by reason of the provisions thereof or of those of Section 1414(b) or (c), including any additional amounts payable pursuant to Section 1414(a)(7), following the death, with 26 Years of Service or more, of a Retired Member who had been retired pursuant to Section 1408 or of a System Member who had become eligible to retire pursuant thereto, upon the July 1, following the effective date of the pension of such Beneficiary or Beneficiaries.

(5) Certain Survivor Pension Beneficiaries. The pension which shall become payable to any minor child or children or dependent child or children, whenever any qualified surviving spouse or reinstated qualified surviving spouse shall cease to be such, shall commence in the same monthly amount which then would have been payable if such pension had become effective upon the date following the date of death of the System Member or Retired Member and thereafter it shall be adjusted as otherwise provided in this section. The pension which shall become payable to any reinstated qualified surviving spouse, as reinstated pursuant to Section 1414(a)(8), shall commence in the same monthly amount which then would have been payable if she never had ceased to be a qualified surviving spouse and thereafter it shall be adjusted as otherwise provided in this section. The pension which shall become payable to any reinstated dependent parent or parents, as reinstated pursuant to Section 1414(c), shall commence in the same monthly amount which then would have been payable if he or she or each of them never had ceased to be a dependent parent and thereafter it shall be adjusted as otherwise provided in this section.

(6) Limitation on Reductions. The amount of any pension referred to in (1), (2), (3), (4) or (5) of this subsection never shall be reduced, by reason of the application thereto of this section, to an amount less than the amount thereof payable pursuant to the provisions of this Tier 2 other than those of this section.

(d) Carryover of Excess Adjustments. If the percentage of increase or decrease in the cost of living in any year, as determined by the Board, were to exceed 2% as compared with the cost of living as of March 1, of the preceding year, the percentage of increase or decrease in the cost of living in excess of 2% shall be carried over and added to or subtracted from the percentage of increase or decrease in the cost of living in the succeeding year, and such procedure shall be complied with from year to year.

Sec. 1424. Cost of Living Adjustments to Pensions Formerly Excluded.

(a) Definitions. Wherever used in this section:

(1) "the pension" shall mean, unless Section 1422 shall be mentioned in conjunction therewith, only a pension which is not identified in Section 1422;

(2) "the July 1 following" shall mean only a July 1 subsequent to May 2, 1969;

(3) "Beneficiary" shall include its plural; and

(4) words with respect to any pension granted or to be granted pursuant to Section 1414 also shall mean and include the words, as used in Section 1422(b)(3), "whether by reason of the provisions thereof or of those of Section 1414(b) and (c), including, any additional pension amounts payable pursuant to Section 1414(a)(7)."

(b) Method. The percentage of increase or decrease in the cost of living thereafter shall be applied pursuant to Section 1422 and the terms and conditions contained in this section:

(1) Disability Pensions. To the pension of any Retired Member, ever granted pursuant to Section 1412, upon the July 1, following the date of his retirement or the effective date of this paragraph of this section, whichever shall be the later; or Section 1412, upon the July 1, following the date he shall have had 25 years of service, the date he would have had 25 years of service if he previously had not retired or the fifth anniversary of the effective date of the pension, whichever shall be the earliest;

(2) Survivor Pensions Based Upon Previously Active Members. To the pension of any Beneficiary ever granted on account of the death of an active System Member who died as a result of any injury received during the performance of his or her duties or from sickness caused by the discharge of such duties, upon the July 1, following the effective date of such Beneficiary's pension; but if such pension became effective before July 1, 1989, it shall be retroactively adjusted as of July 1, 1989;

(3) Survivor Pensions Based Upon Previously Retired Members. To the pension of any Beneficiary,

(A) ever granted pursuant to Section 1414(a)(5) upon the death of a Retired Member previously retired pursuant to Section 1408 and which pension of such Beneficiary is identified in Section 1422(b)(3) or (4),

(B) ever granted pursuant to Section 1414(a)(3) upon the death of a Retired Member previously retired pursuant to Section 1412(a), or

(C) ever granted pursuant to Section 1414(a)(4) upon the death of the Retired Member, previously retired pursuant to Section 1412(b), upon the July 1 following the date such member shall have had 26 years of service, the date such member would have had 26 years of service if he previously had not retired and then had been alive, or the fifth anniversary of the effective date of the pension of such member, whichever shall be the earliest; and

(4) Survivor Pensions of Nonservice Connected Death of Members. To the pension of any Beneficiary,

(A) ever granted pursuant to Section 1414(a)(2) upon the death of a Department Member not eligible to retire pursuant to Section 1408, or

(B) ever granted pursuant to Section 1414(a)(6) upon the death of a Department Member eligible to retire pursuant to Section 1408 and which pension of such Beneficiary is identified in Section 1422(b)(3) or (4), upon the July 1 following the date such member shall have had 26 years of service, the date such member would have had 26 years of service if he then had been alive, or the fifth anniversary of the effective date of the pension of such Beneficiary, whichever shall be the earliest.

(c) Cost of Living Adjustments for Other Pensions. The following provisions, in respects other than those provided for in subsection (b) of this section, hereafter shall be controlling in the application to certain pensions of the percentage of increase or decrease in the cost of living.

(1) Whenever the amount of the pension:

(A) of any Retired Member shall be increased or decreased pursuant to Section 1412(a) or (c), or

(B) of any qualified surviving spouse shall be increased or decreased pursuant to any paragraph of Section 1414(a), the amount of any such increase shall not include the percentage of any increase in the cost of living which previously had been applied to the former amount of the pension; and the amount of any such decrease shall include the percentage of any increase in the cost of living which previously had been applied to it as a portion of the former amount of the pension.

(2) Whenever the pension of any Beneficiary:

(A) hereafter shall be granted pursuant to Section 1414(a)(5) upon the death of a Retired Member previously retired pursuant to Section 1408 and which pension of such Beneficiary is identified in Section 1422(b)(3) or (4),

(B) hereafter shall be granted pursuant to Section 1414(a)(3) upon the death of a Retired Member previously retired pursuant to Section 1412(a), or

(C) hereafter shall be granted pursuant to Section 1414(a)(4) upon the death of a Retired Member previously retired pursuant to Section 1412(b), the amount of the pension of any such Beneficiary,

(i) if the amount thereof which shall be payable to such Beneficiary were to be more than the amount of the pension which had been payable to such member, shall include the percentage of any increase in the cost of living which had been applied to the pension of such member, or

(ii) if the amount thereof which shall be payable to such Beneficiary were to be less than the amount of the pension which had been payable to such member, shall include that portion of the percentage of any increase in the cost of living which had been applied to the pension of such member which shall be in the same ratio as the amount of the pension which shall be payable to such Beneficiary shall bear to the amount of the pension which had been payable to such member, and the percentage of any increase or decrease in the cost of living in excess of 2% per year which had been carried over for such member as of the date of his death shall be carried over for such Beneficiary if (i) hereof were to be applicable or in the same ratio therein provided in (ii) hereof were to be applicable.

(3) Whenever the pension of any qualified surviving spouse hereafter shall be terminated pursuant to any provisions of Section 1414(a) and the pension thereafter shall become payable on behalf of any minor or dependent child or children of the deceased member, the amount of pension on behalf of such child or children shall include that portion of the percentage of increase in the cost of living which had been applied to the pension of such qualified surviving spouse which shall be in the same ratio as the amount of the pension which shall be payable on behalf of such child or children shall bear to the amount of the pension which had been payable to such qualified surviving spouse, and the percentage of any increase or decrease in the cost of living in excess of 2% per year which had been carried over for such qualified surviving spouse as of the date of the termination of his or her

pension shall be carried over on behalf of such child or children in the same ratio hereinabove provided.

(d) Limitation of Reductions. The amount of the pension never shall be reduced, by reason of the application thereto of the provisions of Section 1422 or this section, to an amount less than the amount thereof payable pursuant to provisions of this Tier 2 other than those of Section 1422 and this section. Section 1422 hereafter shall be construed and applied in accordance with this section as to each pension mentioned in this section.

Sec. 1426. Minimum Tier 2 Pensions and Other Cost of Living Adjustments.

(a) Minimum Tier 2 Pensions. Each pension granted pursuant to this Tier 2, regardless of the type of the pension, which became or becomes effective prior to July 1, 1971 and which, as of June 30, 1971, is in a monthly amount of less than $350 shall be increased, effective July 1, 1971, pursuant to the provisions of subsection (b) and subsection (c) of this section, and shall, if such increase results in a monthly pension amount which is less than $350, be increased to provide for a monthly minimum pension of three hundred fifty dollars ($350). Each pension granted pursuant to this Tier 2, regardless of the type of the pension, which becomes effective on or subsequent to July 1, 1971 shall be in a monthly amount not less than the minimum monthly pension amount provided, as of the effective date of the pension, by this subsection of this section. The monthly amount of each such pension never shall be reduced, by reason of the provisions of Section 1422, Section 1424 or subsection (c) of this section, to a monthly amount less than the minimum monthly pension amount (b) by this subsection.

(b) Additional Cost of Living Adjustments. The monthly amount of pension of each Beneficiary which, prior to the effective date of this section, had been increased by reason of a cost of living adjustment thereof pursuant to Section 1422 or Section 1424 shall be increased, as of July 1, 1971, by that portion of the percentage of the annual increase in the cost of living, as had been determined by the Board pursuant to Section 1422 which was in excess of 2% but not in excess of 3% for each year the monthly amount of such pension had been increased.

(c) Adjustment for Certain Pensions. The monthly amount of pension of each Beneficiary who heretofore did qualify or hereafter shall qualify for a cost of living adjustment thereof pursuant to Section 1422 or Section 1424 and the monthly amount of pension of each Beneficiary which shall be the minimum monthly pension amount provided by subsection (a) of this section, hereafter shall be increased or decreased, as of the dates provided therefor by Section 1422, by the percentage of the annual increase or decrease in the cost of living as hereafter shall determined by the Board pursuant to Section 1422.

(d) Applicability of this Section. The provisions of Sections 1408, 1412, 1414, 1422 and 1424 hereafter shall be construed and applied in accordance with the provisions of this section.

(e) Savings Clause. Should any provisions of this section at any time be held to be invalid, in their application to certain persons or periods of time such invalidity shall not affect the validity of any provisions as to other persons entitled to benefits hereunder or the applicability as to other periods of time.

Sec. 1428. Authority of Council to Establish Certain Benefits by Ordinance.

(a) Purpose of this Section. It is the purpose of this section to enable the Council to provide by ordinance a program or programs whereby persons receiving pensions pursuant to the provisions of this Tier 2 may become eligible to have subsidy payments made on their behalf for health insurance, accident insurance, life insurance or health care plan coverage or coverage for any combination of such programs as determined by the Council and subject to such conditions of entitlement as may be set forth in any ordinance adopted in accordance with the provisions of this section.

(b) Mode of Adoption of Ordinance. Ordinances adopted pursuant to this section must be approved by not less than two-thirds of the membership of the Council, subject to the veto of the Mayor and readoption by the Council by three-fourths of the membership of the Council. No such ordinance may be finally adopted by the Council until the expiration of at least thirty days after its first presentation to the Council, nor until after a public hearing has been held thereon. Any ordinance adopted pursuant to this section shall go into effect upon its publication, but the terms of such ordinance, or portions thereof, may be operative at a later date or dates.

(c) Limitations on Council's Authority. An ordinance adopted pursuant to this section may not provide for subsidy payments for any individual, the total amount of which, including subsidy payments from a City fund or funds other than those created under Section 1416, would be in excess of the maximum available subsidy payment for beneficiaries under the provisions of any ordinance adopted pursuant to the authority of Section 1168 of the Charter, nor may such subsidy payments be in excess of any amounts allowed active members of the Tier 2 System.

(d) Administration of Subsidy Program. Any subsidy program adopted by ordinance pursuant to this section shall be administered by the Board. In furtherance thereof, the Board shall have the authority to contract for suitable programs as hereinabove defined in subsection (a) hereof, to be made available to retired members or other beneficiaries, and shall have the power to adopt such rules as it deems necessary to administer such programs. Notwithstanding the foregoing provisions, the Board may authorize the Personnel Department to administer any program or part thereof established by ordinance pursuant to the provisions of this section, provided however, that the Board shall reimburse the General Fund of the City for all necessary expenses incurred by the Personnel Department as a result thereof.

(e) Adjustment of Subsidy Amount. The Board, in its discretion, may by resolution increase or decrease the amount of subsidy payments to reflect changes in subsidies provided for active members, or to offset any increases or decreases in

the level of benefits referred to in subsection (a) of this section or the cost thereof as a result of changes in existing benefits or the addition of newly created benefits by federal or state funded programs.

Sec. 1430. Compliance with Certain Internal Revenue Code Provisions.

(a) Election. With the enactment of this section an election has been made as authorized under the provisions of Section 415(b)(10)(C) of the Internal Revenue Code to be bound by the limitations of Section 415 of the Code subject to the provisions of Section 415(b) and (B), thereof.

(b) Automatic Repeal. If any of the provisions of Section 415 of the Internal Revenue Code should be repealed, the provisions of this section shall be deemed repealed to the same extent.

Sec. 1432. Miscellaneous Provisions.

The provisions of this section shall be controlling if there were to be any other provision contained elsewhere in this Tier 2 which is or could be construed to be contrary thereto, in conflict therewith or different therefrom.

(a) Members Eligible to Service or Disability Pension. Any System Member who shall believe that he is eligible to be retired pursuant to Section 1408 concerning Service Pensions and that he also is eligible to be retired pursuant to Section 1412 concerning Disability Pensions, shall have the right to file his written application to be retired pursuant to either one of the sections and the Board, if it were to determine that the contingencies provided in this Tier 2 for retirement pursuant to the particular section involved had happened or occurred as to such member, shall retire him in accordance with his written application.

(b) Board Consideration of Conflicting Requests to Retire. In the event that any System Member were to file his written application to be retired and a written request for him to be retired also were to be filed by or on behalf of the head of the department in which he is a Department Member, the Board shall not consider or make any determination with respect to such written request unless and until it first shall have considered such member's written application and shall have determined that he is not entitled to be retired in accordance therewith.

(c) Service or Disability Pensions for Former Members. Any former System Member who shall believe that he is eligible to be paid a pension pursuant to Section 1408 or pursuant to Section 1412, may file his written application for the payment to him of a pension pursuant to either one of said sections within the time prescribed for the filing thereof by any applicable provision of law and the Board, if it were to determine that the contingencies provided in this Tier 2 for the payment thereof had happened or occurred as to such former member prior to the date upon which he had ceased to be a System Member and if there is no legal bar or defense to the granting to him of such pension or to any judicial action or proceeding which could be brought by him with respect thereto, shall grant him the pension in accordance with his written application.

Sec. 1434. Overtime Work.

(a) Time off With Pay. Whenever a Tier 2 System Member, for overtime work, shall take a period of time off with pay:

(1) a deduction for pension purposes shall be made from such pay but only in the same amount as that which would have been deducted from his Monthly Salary and additional monthly pay if such period had been one of regular work;

(2) such pay shall be part of his Monthly Salary and additional monthly pay but only in the same amount as that which would have been his Monthly Salary and additional monthly pay if such period had been one of regular work; and

(3) such period shall be part of his Years of Service.

(b) Cash Payment. Whenever a Tier 2 System Member, for overtime work, shall receive a cash payment:

(1) a deduction for pension purposes shall not be made from such payment;

(2) such payment shall not be part of his Monthly Salary and additional monthly pay; and

(3) the period of overtime work for which he shall receive such payment shall not be part of his Years of Service except that any period of a Tier 2 System Member's overtime work, for which he shall not have taken time off with pay, shall be credited, by the Board, as part of his Years of Service, upon his or his survivor's written request therefor, to the same extent as he would have been entitled to take time off with pay but only to the extent, and not in excess thereof, that he, while a Department Member, shall have had any period of absence from work without pay, but such request shall be accompanied with payment of the amount which would have been deducted for pension purposes from his Monthly Salary and additional monthly pay if the period of overtime work, to the extent credited, had been one of regular work.

FIRE AND POLICE PENSION PLANS—TIER 3
(formerly Article XXXV, Plan 1)

Sec. 1500. Tier 3 Members.

(a) Appointed Members. Each person who shall be appointed as a Department Member on or after December 8, 1980 through June 30, 1997 shall become a Plan Member upon graduation by such person from training at the Police or Fire Academies or equivalent facility imparting basic training as a firefighter or police officer and maintained as such by the City of Los Angeles. A Chief of Police or a Fire Chief who is appointed to that position without having graduated from such facility may become a Member upon appointment. Upon becoming a Plan Member, a person may elect to purchase Years of Service credit for the period of such training in accordance with rules adopted by the Board.

(b) Former Tier 1 & 2 Members. A person formerly a system member under the provisions of Tier 1 or 2 of this Article whose membership had previously terminated by reason of resignation or discharge shall upon again being appointed as a Department Member become a Plan Member as of the effective date of such appointment. In the event such person did not receive a refund of contributions upon his or her termination as a System Member, then the definition of "Years of Service" elsewhere contained in this Tier 3 shall be controlling with respect

to such person's entitlement to service credit; and further, such person need not make back contributions on account of such former service and does not have any right to have contributions formerly made by him or her under the provisions of Tier 1 or 2 refunded in the event he or she should subsequently terminate as a Plan Member. In the event such person received a refund of his or her contributions under the provisions of Tier 1 or 2 as a result of his or her termination, then such person's entitlement to Years of Service credit for the period of such former service shall be conditioned upon such person electing to repay and having paid to the Fire and Police Pension Plan—Tier 3 the amount of previously refunded contributions, with interest thereon and an amount calculated as interest which would have been earned between the date of such termination and the date of entry into service as a Plan Member in accordance with rules adopted by the Board. In the event such member does not elect to so repay, the term Years of Service as elsewhere used in this Tier 3 shall not include any periods prior to his or her becoming a Plan Member, notwithstanding the definitions contained in Section 1502(m) and (n).

(c) Certain Former Tier 4 Members. Each person who irrevocably elects in accordance with this subsection to become eligible for the service, vesting and contribution provisions of this Tier 3 shall become a Tier 3 Plan Member.

(1) Election of Tier 4 Members to Become Tier 3 Members. Any Department Member hired under Section 1600(a) during the period July 1, 1997 through December 31, 1997 who became a Tier 4 Plan Member in acordance with Section 1600 shall have the option to make an irrevocable election, in writing, to become eligible for the service, vesting and contribution provisions of Tier 3 and thereby become a Tier 3 Plan Member.

(2) Election Period. The election period shall commence no later than sixty (60) days following the operative date of this subsection and shall remain in effect for six months from such date.

(3) Tier 4 Members on Disability. Any Tier 4 Plan Member hired during the period of July 1, 1997 through December 31, 1997 and who as a member of Tier 4 is receiving a disability pension pursuant to Section 1606 and who, thereafter, is restored to active duty as a Department Member after the end of the election period provided in subsection (c)(2), shall not be eligible to elect to become a Tier 3 Plan Member.

(4) Members on Military Leave. Persons who are not active members during the election period provided in subsection (c)(2) due to service in the armed forces shall have 90 days following their return to active duty or the expiration date of the election period, whichever is later, to make an election to become a Tier 3 Plan Member.

(5) Release of Liability. The Board shall have the authority to establish rules requiring a full and complete release from liability from members and their spouses or domestic partners upon the Plan Member's election to transfer from Tier 4 to Tier 3.

(d) Paramedics and Civilian Ambulance Employees. In addition to those Department Members described in subsection (a) of this section, paramedics or civilian ambulance employees shall become Plan Members upon the effective date of this subsection, except that persons employed as paramedic trainees shall become Plan Members only upon their certification, as provided by law, as mobile intensive care paramedics or equivalent. Upon certification, Plan Members may elect to purchase Years of Service credit for the period of such training in accordance with rules to be adopted by the Board.

If such a Plan Member had periods of membership in the Los Angeles City Employees' Retirement System while he or she was a paramedic or civilian ambulance employee, such Plan Member shall be entitled to elect to acquire Years of Service credit for such periods of membership in the Los Angeles City Employees' Retirement System. Upon such election his or her contributions, plus interest credited thereon, and his or her City service credit shall be transferred to the Fire and Police Pension Plan—Tier 3 in accordance with rules to be adopted by the Board.

(e) Purchase of Credit by Surviving Spouse. A surviving spouse of a Plan Member may complete the purchase of Years of Service credit elected by the Plan Member.

(f) Prohibition of Double Benefits. No Plan Member may receive double benefits by receiving credit for Years of Service for the same periods of City service from the Los Angeles City Employees' Retirement System and under the provisions of this Tier 3. Further, no Plan Member may transfer credit received from the Los Angeles City Employees' Retirement System while employed in a capacity other than paramedic or civilian ambulance employee.

(g) Transfer of Released Liability. Upon the election by a Plan Member to acquire Years of Service credit, the released liability of the Los Angeles City Employees' Retirement System shall be transferred to the Fire and Police Pension Plan—Tier 3. For the purposes of this subsection, the phrase Released Liability means the City's share of the actuarially determined present value of benefits under the Los Angeles City Employees' Retirement System as of the date of transfer.

Sec. 1502. Definitions.

In addition to the words and phrases defined in the Fire and Police Pension Plans General Provisions in this Part 3, and for the purposes of this Tier 3, the following words or phrases shall have the meaning ascribed to them in this section, unless a different meaning is clearly indicated in the context.

(a) Member of the Fire Department. Member of the Fire Department means the Fire Chief and a person duly and regularly appointed in the Fire Department, under civil service rules and regulations or provisions of the Charter, or both, governing the making of original regular and permanent appointments which require the serving of probationary periods but not of original emergency or temporary appointments, to perform duties as a firefighter or as a paramedic or civilian ambulance employee for the City, under whatever designation such person may

be described in any salary or departmental ordinance providing salaries for the members of the department, but such person shall be a member of the department only until his or her status as such shall be terminated by reason of retirement, resignation or discharge or for any other reason.

(b) Member of the Police Department. Member of the Police Department means the Chief of Police and a person duly and regularly appointed in the Police Department, under civil service rules and regulations or provisions of the Charter, or both, governing the making of original regular and permanent appointments which require the serving of probationary periods but not of original emergency or temporary appointments therein, and sworn in, as provided by law, to perform duties as a police officer for the City, under whatever designation such person may be described in any salary or departmental ordinance providing salaries for the members of the department, but such person shall be a member of the department only until his or her status as such shall be terminated by reason of his or her retirement, resignation or discharge or for any other reason.

(c) Plan Member. Plan Member means a person who is a Department Member and whose pension rights and benefits are governed by this Tier 3. Status as a Plan Member is limited by the provisions of Section 1500.

(d) Qualified Surviving Spouse. Qualified Surviving Spouse means a person who is the widow or widower of a deceased Plan Member or Retired Plan Member and who has been married:

(1) to the Plan Member for at least one year prior to the date of his or her non-service-connected death while a Plan Member, or

(2) to the Plan Member as of the date of his or her service-connected death while a Plan Member, or

(3) to the Retired Plan Member for at least one year prior to the effective date of his or her retirement upon a service pension or upon a nonservice-connected disability pension pursuant, respectively, to Section 1504 or Section 1506(b), or

(4) to the Retired Plan Member as of the effective date of his or her retirement upon a service-connected disability pension pursuant to Section 1506(a).

(e) Minor Child. Minor Child means a person who is a child or an adopted child of a deceased Plan Member or a Retired Plan Member, but such person shall be a Minor Child only until such person shall attain the age of 18 years or shall marry, whichever shall be earlier.

A person may further qualify for the benefits provided for a Minor Child under the provisions of this article until he or she reaches the age of 22 years if such person is enrolled in school on a full-time basis as determined by the Board but such person's marriage terminates entitlement to the benefits of a Minor Child.

(f) Dependent Child. Dependent Child means a person who is a child of a deceased Plan Member or a deceased Retired Plan Member, who is not married and who, while under the age of 21 years, had become disabled, either prior or after the date of death of such Plan Member or Retired Plan Member, from earning a livelihood for any cause or reason whatsoever, but such person shall be

a Dependent Child only until he or she shall cease to be disabled from earning a livelihood. Should disability cease before the age of 22 years, the limitations set forth in subsection (e) shall be applicable.

(g) Dependent Parent. Dependent Parent means a person who is a parent of a deceased Plan Member or a deceased Retired Plan Member to or for whom such deceased Plan Member or deceased Retired Plan Member, during at least one year immediately preceding his or her death, contributed one-half or more of such Dependent Parent's necessary living expenses and who is unable to pay such expenses without the receipt of a pension, but such person shall be a Dependent Parent only until he or she shall be able to pay his or her necessary living expenses.

(h) Length of Service Pay. Length of Service Pay means any additional gross monthly pay which, by reason of length of service, shall be provided by ordinance.

(i) Special Pay. Special Pay means any additional gross monthly pay which, by reason of assignment to perform special duties other than hazardous duties, shall be provided by ordinance.

(j) Hazard Pay. Hazard Pay means any additional gross monthly pay which, by reason of assignment to perform helicopter duties, two-wheel motorcycle duties or any other hazardous duties shall be provided by ordinance.

(k) Assignment Pay. Assignment Pay means any additional gross monthly pay which, by reason of assignment to perform special duties or hazardous duties, in a higher class, position, grade, code or other title than the lowest thereof within the Plan Member's permanent rank, shall be provided therefor by ordinance.

(*l*) Year. Year means a period of 12 months or, in aggregating partial years for purposes of determining Years of Service, means 365 days.

(m) Years of Service. Years of Service means and includes only those periods during or for which the Plan Member was a Department Member of the Fire Department or of the Police Department, or of both and whether prior to or after his or her becoming a Plan Member and subject to the limitations contained in Section 1500 of this Tier 3:

(1) did or shall receive salary, whether in full or reduced amounts thereof;

(2) did or shall receive either a service-connected disability pension or a non-service-connected disability pension under any Tier of the Fire and Police Pension Plans if he or she was or shall be restored to active duty as a Department Member and did or shall perform his or her duties as such for at least one year prior to again retiring or being retired pursuant to this Tier 3, which year shall not include any time off from work by reason of any injury or illness which had been caused by or contributed to by any injury or illness which had been sustained or suffered by him or her prior to such restoration. The restored Plan Member, upon completing one Year of Service following restoration, shall be eligible for such credit only to the extent that the length of service following restoration matches the period the disability pension was received; but upon completing three years of restored

service, the restored Plan Member is eligible for credit for the entire period the disability pension was received; and provided further that a period during which a Plan Member was on a nonservice-connected disability pension may only be counted toward his or her Years of Service if the Plan Member makes contributions therefor at the rate provided in Section 1514 of this Tier 3 in accordance with the rules to be adopted by the Board;

(3) is or shall become entitled, under any provision of general law or ordinance of the City, to credit toward retirement for periods of military service or military leave;

(4) did or shall receive Workers' Compensation benefits for temporary disability as provided by general law on account of any injury or illness arising out of and in the course of employment, but such period shall be made a part of the Plan Member's Years of Service only if the Plan Member has made contributions to the Fire and Police Pension Plan in the manner prescribed by Board rule;

(5) is or shall become entitled pursuant to any ordinance of the City providing compensation for injury on duty; and

(6) had served as a member of the Fire and Police Pension System—Tiers 1 or 2 of this Article, without having become eligible to service retirement benefits but such prior service as a member under provisions of Tiers 1 or 2 does not entitle the Plan Member to a refund of contributions made on account of such previous service.

A Plan Member who has previously been a Plan Member and who has ceased to be such by virtue of his or her resignation or discharge and who subsequently again becomes a Plan Member, shall be entitled to service credit only if he or she has first redeposited with interest, any Plan Member contributions previously withdrawn by him or her, in the manner provided by the Board.

(n) Partial Year of Service. Partial Year of Service means any period mentioned in subsection (m) of this section which is less than 12 months.

Any such Partial Year of Service shall be calculated from the end of the Plan Member's last completed Year of Service to the end of the payroll period immediately prior to the date of his or her retirement and shall be counted as part of a Plan Member's Years of Service for his or her retirement upon a service pension hereafter granted or for a pension hereafter granted to his or her Qualified Surviving Spouse, Minor Child or children, Dependent Child or children or Dependent Parent or parents if he or she hereafter shall die while upon a service pension hereafter granted or while eligible for a service pension.

(o) Final Average Salary. Final Average Salary means an amount equivalent to a monthly average of salary actually received during any 12 consecutive months of service as a Plan Member as designated by the Plan Member. In the absence of such designation, the last 12 consecutive months preceding the date upon which retirement would become effective shall be used as the basis for the calculation of Final Average Salary.

For Plan Members employed as paramedics or civilian ambulance employees who have formerly been members of the Los Angeles City Employees' Retirement System, and who, pursuant to the provisions of Section 1500 of this Tier 3 have become Plan Members, the determination of Final Average Salary shall include periods of City service for which such Plan Members have elected to acquire Years of Service credit by transfer of their contributions from the Los Angeles City Employees' Retirement System to the Fire and Police Pension Plan—Tier 3. If a Plan Member should die before having made such election, his or her surviving spouse may make the election in place of the Plan Member.

For the purposes of determining Final Average Salary periods during which the Plan Member receives less than full salary on account of injury or illness, pursuant to any applicable ordinance of the City, shall be included in the calculation of Final Average Salary based upon the salary, including any Length of Service Pay, Special Pay, Assignment Pay or Hazard Pay, the Plan Member would have received but for the injury or illness.

Included in the calculation of Final Average Salary shall be Length of Service Pay, Special Pay, Assignment Pay and Hazard Pay actually received during the 12 consecutive months used to determine Final Average Salary. To the extent that Hazard Pay was not received during all or any part of the 12 consecutive months used to determine Final Average Salary, then it shall be included in the calculation of Final Average Salary only if the Plan Member retires at the same rank as that occupied by him or her at a time when Hazard Pay was received during a period or periods other than the 12 months used to determine Final Average Salary, and for each such completed 12 month period during which the Plan Member served at that rank and received Hazard Pay, he or she shall be entitled to have included in the Final Average Salary 10% of the Hazard Pay which would have been payable had the hazardous duty been performed during the period for which the Final Average Salary is calculated except the total amount includable in the Final Average Salary for Hazard Pay may not exceed 100% of the amount the Plan Member would have received had he or she been entitled to Hazard Pay during the entire 12 month period utilized in the calculation of Final Average Salary.

Overtime compensation or payments of money to the member not designated as salary by an ordinance of the City shall not be considered for purposes of calculating Final Average Salary.

Notwithstanding any of the foregoing, if a Retired Plan Member were to be restored to active duty as a Department Member and thereby again were to become a Plan Member and if he or she again were to retire or to be retired without having performed his or her duties for at least one year subsequent to such restoration, which year shall not include any time off from work by reason of any injury or illness which had been caused by or contributed to by any injury or illness which had been sustained or suffered by him or her prior to such restoration, the Final Average Salary which shall be applicable to his or her later retirement shall be the Final Average Salary which had been applicable to his or her previous retirement.

Should a Plan Member not have completed 12 consecutive months of service as a Plan Member, then and in that event only shall the Final Average Salary be calculated as a monthly average of all consecutive calendar months completed, and, if the Plan Member has completed less than one month of total service as a Plan Member, the salary actually received shall be used to calculate its monthly equivalent.

The following provision shall be effective for Plan Members who retire on or after July 1, 2000 from the Fire Department while holding a rank no higher than Captain or from the Police Department holding a rank no higher than Lieutenant. If Hazard Pay was not received during all or any part of the 12 consecutive months used to determine Final Average Salary, then an amount equivalent to 10% of the Hazard Pay received at the time of the termination of the last assignment to hazardous duties for each year in the aggregate of the assignment to hazardous duties shall be added to the Final Average Salary, not to exceed 10 years in the aggregate. The total amount of Hazard Pay included in Final Average Salary may not exceed 100% of the amount the Plan Member would have received had the Plan Member been entitled to Hazard Pay during the entire 12 month period utilized in the calculation of Final Average Salary.

Sec. 1504. Service Retirement and Vesting.

(a) Normal Retirement. Starting at the age of 50 years, a Plan Member who shall have 10 or more Years of Service, shall be retired by order of the Board from further active duty as a Department Member either upon the filing of his or her written application or upon the filing of a written request by or on behalf of the head of the department in which he or she is a Department Member, if it shall be determined by the Board to be for the good of such department, other than for a cause or reason which would entitle such Plan Member to a disability pension pursuant to Section 1506, and the Board, if it shall so determine, shall state the cause or reason in its order retiring such Plan Member.

(b) Service Pension Benefits for Terminated Employees. A former Plan Member who became such because of termination of his or her employment for any reason other than death or retirement on account of disability pursuant to the provisions of Section 1506, and who has completed at least 10 Years of Service, may elect to leave his or her contributions in the Fire and Police Service Pension Fund. Upon reaching the age of 50 years, such former Plan Member shall be entitled to receive service retirement benefits in accordance with the formula hereinafter set forth. The election to leave member contributions in the fund shall be irrevocable and must be in writing, filed with the Board within three years from the date of such termination of employment. Upon the execution and filing of the same, the former Plan Member's individual account shall be credited with an amount equal to all of the regular interest which, had he or she otherwise been entitled to the same, would have been credited thereto between the date of such termination of employment and the date of the filing of such election and thereafter, regular interest shall, until he or she be paid a pension, be credited thereto

in the same manner as Plan Members' individual accounts shall be credited. In the event that any such person should die before being paid a pension, the only benefit which shall be paid under the provisions of this Tier 3 is the payment of his or her accumulated contributions, including interest credited thereto, to such persons as may be entitled thereto. Failure to file such an election within three years shall constitute an irrevocable decision not to take the service retirement benefits herein provided.

(c) Physical Examination for Employees Age 70 and Over. After a Plan Member has attained the age of 70 years, he or she shall annually submit to an examination by a regularly licensed, practicing physician selected by the head of his or her department who shall render a written report to such department and to the Board as to whether or not the Plan Member is physically and mentally fit to continue his or her duties as a Department Member. If the Plan Member is found by the Board not to be physically or mentally fit to so continue his or her duties, he or she shall be retired effective the first day of the calendar month next succeeding that month in which the physician's report is received by the Board.

(d) Pension Amount. A pension payable pursuant to the provisions of this section shall be paid monthly for life in an amount which shall be equal to 2% of Final Average Salary per Year of Service for up to 20 Years of Service; and for each additional year of service after 20 years, 3% of Final Average Salary per year; but the maximum percentage of Final Average Salary payable, regardless of length of service, shall be 70% of such Final Average Salary.

Sec. 1506. Disability Pensions.

(a) Service-Connected Disability. Upon the filing of his or her written application for a disability pension or upon the filing of a written request therefor by or on behalf of the head of the department in which he or she is a Department Member, any Plan Member whom the Board shall determine has become physically or mentally incapacitated by reason of injuries received or sickness caused by the discharge of the duties of such person as a Department Member, and who is incapable as a result thereof from performing his or her assigned duties, or those to which he or she would be assigned within the Plan Member's civil service classification if returned to duty, shall be retired by order of the Board from further active duty as a Department Member.

A Plan Member's incapacity is caused by the discharge of his or her duties if there is clear and convincing evidence that the discharge of the Plan Member's duties is the predominant cause of the incapacity.

A Plan Member retired under the provisions of this subsection shall be paid thereafter a monthly service-connected disability pension in an amount which shall be equal to the same percentage of the Plan Member's Final Average Salary as the Board shall determine, from time to time, to be the percentage of his or her disability. Such pension shall be in an amount of not less than 30% and not more than 90% of the Retired Plan Member's Final Average Salary, but in no case shall the pension be less than the equivalent of 2% of Final Average Salary for each Year of Service of the Retired Plan Member.

No Retired Plan Member, while retired pursuant to this subsection, ever shall be paid any pension pursuant to Section 1504 or subsection (b) of this section.

(b) Nonservice-Connected Disability. Upon the filing of his or her written application for disability pension by a Plan Member who shall have five Years of Service or more, or upon the filing of a written request with respect to such a Plan Member by or on behalf of the head of the department in which he or she is a Department Member, any Plan Member whom the Board shall determine has become physically or mentally incapacitated by reason of injuries or sickness other than injuries received or sickness caused by the discharge of the duties of such person as a Department Member, and who is incapable as a result thereof from performing his or her assigned duties or those to which he or she would be assigned within the Plan Member's civil service classification if returned to duty, shall be retired by order of the Board from further active duty as a Department Member.

As a further condition of entitlement to such a pension, the Board shall also determine that such disability was not principally due to or caused by voluntary action of the Plan Member intended to entitle him or her to a nonservice-connected disability pension.

A Retired Plan Member, retired under the provisions of this subsection shall be paid thereafter a monthly nonservice-connected disability pension in an amount which shall be equal to the same percentage of the Retired Member's Final Average Salary as the Board shall determine, from time to time, to be the percentage of his or her disability; but such pension shall be in an amount of not less than 30% and not more than 50% of the Retired Plan Member's Final Average Salary.

No Retired Plan Member, while retired pursuant to this subsection, ever shall be paid any pension pursuant either to Section 1504 or to subsection (a) of this section.

(c) Determination of Disability. Upon the filing of any written application or request for a disability pension, as referred to in subsections (a) and (b) of this section, the Board: (1) shall cause the Plan Member to be examined by and a written report thereon rendered by at least three regular licensed and practicing physicians selected by it; (2) shall hold a hearing with respect to such application or request; (3) shall receive or hear such other evidence relating to or concerning the Plan Member's disability or claimed disability as may be presented to it. The Board shall have the power to hear and determine all matters pertaining to the granting and denying of any such application or request for a disability pension. The Board first shall determine whether or not the Plan Member is incapable of performing his or her assigned duties or those to which he or she would be assigned within the Plan Member's civil service classification if returned to duty. If the Board were to determine that he or she is not so incapable, it then shall be the duty of the Board to deny the application or request. If the Board were to determine that he or she is so incapable, it then shall determine, pursuant to the language used in subsections (a) and (b) of this section, whether his or her inca-

pacity or disability is service-connected or nonservice-connected. The Board then shall determine the percentage of his or her incapacity or disability, within the limitations prescribed in subsections (a) and (b) of this section, and shall grant the application or request accordingly. If the Board were to determine that the disability is nonservice-connected, and that the incapacity or disability was principally due to or caused by voluntary action by the Plan Member intended to entitle him or her to a nonservice-connected disability pension, it then shall be the duty of the Board to deny the application or request. The Board upon its own motion or upon the written request of any Retired Plan Member, retired pursuant to subsections (a) or (b) of this section, shall have the power to consider new evidence pertaining to the case of any such Retired Plan Member and to increase or decrease the percentage of his or her incapacity or disability within the limitations prescribed in subsections (a) or (b) of this section; but any such increase or decrease shall be based only upon injuries or sickness for which he or she was retired. In the case of any former Plan Member who became such by reason of his or her resignation or discharge as a Department Member, the Board, in order to grant any application filed by him or her for a disability pension, must also determine, in addition to all of the foregoing, that any existing incapacity or disability upon his or her part occurred prior to the termination of his or her active status as a Department Member and had been continuous up to the date of the Board's determinations.

The Board shall adopt by rule, within a reasonable time, a disability rating schedule to assist in standardizing disability pension awards.

(d) Termination of Disability Pensions. The pension of any Retired Plan Member, retired pursuant to subsections (a) or (b) of this section and whose active status as a Department Member had been terminated by reason of his or her retirement, shall cease when the incapacity or disability for which he or she had been retired shall cease and he or she either:

(1) shall have been restored to active duty as a Department Member in the same permanent rank which he or she had held as of the date of retirement; or

(2) shall have been ordered restored to active duty as a Department Member in such same permanent rank and shall have declined, refused or neglected to report therefor or to perform duties as such.

Any former Plan Member who has been retired for more than five years from the date of the Board's action by which he or she was retired may never be restored to active duty as a Department Member. The pension of any Retired Plan Member, retired pursuant to subsections (a) or (b) of this section and whose active status as a Department Member had been terminated by reason of his or her resignation or discharge as such, shall cease when the incapacity or disability for which he or she received a disability pension shall cease. The Board shall have the power to hear and determine upon its own motion all matters pertaining to the termination of any such pension.

After a Retired Plan Member, whose active status as a Department Member has been terminated by reason of his or her retirement, has been retired on a service-connected disability pension or on a nonservice-connected disability pension for five years, and has been found to be no longer disabled, the Board shall adjust such Retired Plan Member's pension to 30% of his or her Final Average Salary. The adjusted pension shall reflect such cost of living adjustments as would have occurred had the Retired Plan Member's pension originally been based on such adjusted percentage.

(e) Periodic Medical Examinations. Except in those instances in which the Board has determined that, due to the nature of the disability, no purpose would be served in having periodic medical examinations to determine whether or not a Retired Plan Member is still disabled, all Retired Plan Members on a disability pension shall undergo medical examinations at periodic intervals, as determined by the Board, for the first five years of their disability retirement. Retired Plan Members who receive service-connected disability pensions exceeding 30% of Final Average Salary and Plan Members who terminated City employment by reason of resignation or discharge prior to being granted a disability retirement, shall thereafter undergo medical examinations as determined by the Board.

If a Retired Plan Member resides outside of the State of California, the Board shall have the authority to order medical examinations of Retired Plan Members at any place it may determine to be desirable and shall, if it is determined that it would impose hardship on the person to be examined to travel to such place, have the authority to defray the reasonable cost of any such travel required.

(f) Assessing Cost for Missed Medical Appointments. The Board shall have the authority to provide, by rule, for assessing the cost of medical appointments missed by disability pension applicants, or by Retired Plan Members on a disability pension, where such missed appointments were not caused by factors beyond the control of the Plan Member or Retired Plan Member.

(g) Re-application After Denial of Disability Pension. The Board shall establish reasonable rules governing the re-application by Plan Members for a disability pension where an application has been denied and a new application has been filed subsequently for the same or similar medical reasons as those which were the basis of a previously denied application.

(h) Transfers Under Civil Service. For a period of one year following the effective date of a Retired Plan Member's disability pension, such Retired Plan Member shall be eligible for status without examination under the provisions of Section 1014 of the Charter in civil service classifications other than those that would entitle him or her to membership in any of the Fire and Police Pension Plans established by this Article but the provisions of this subsection shall not apply to former Plan Members whose status as Department Members had terminated by reason of resignation or discharge.

(i) Exclusion for Willful Conduct. In making its determinations and findings relative to subsections (a), (b), and (c) of this section, the Board shall consider

whether and to what extent the activity giving rise to the disability of a member of the Police Department was caused or aggravated by such member's willful misconduct. If the Board finds that the disability was caused or aggravated by such willful misconduct, the Board shall deny the Plan Member's application for a disability pension. The provisions of this subsection shall be applicable only to those Plan members who became members of the Police Department on or after July 6, 1992.

Sec. 1508. Survivorship Pensions.

(a) Pension for Qualified Surviving Spouse.

(1) Plan Member's Service-Connected Death. The Qualified Surviving Spouse of a Plan Member who shall die by reason of injuries received or sickness caused by the discharge of his or her duties while a Department Member, shall be paid for life a monthly pension in an amount which shall be equal to 75% of the deceased Plan Member's Final Average Salary.

For the purposes of the benefit provided in this subsection (a)(1), a Plan Member has died by reason of injuries received or sickness caused by the discharge of his or her duties if there is clear and convincing evidence that the discharge of the Plan Member's duties were the predominant cause of his or her death.

(2) Plan Member's Nonservice-Connected Death. The Qualified Surviving Spouse of a Plan Member who shall have five or more Years of Service and who shall die while a Department Member, by reason of injuries or sickness other than injuries received or sickness caused by the discharge of his or her duties, shall be paid for life a monthly pension in an amount which shall be equal to 30% of the deceased Plan Member's Final Average Salary, or, if the Plan Member, at the time of death, was then eligible to receive a pension on account of Years of Service, 80% of the amount of such service pension as the Plan Member at the time of his or her death would have been entitled to receive on account of Years of Service whichever is higher but the entitlement of a Qualified Surviving Spouse under the provisions of this subsection (a)(2) may not exceed 40% of the deceased Plan Member's Final Average Salary.

(3) Retired Plan Member's Death While on a Service Pension. The Qualified Surviving Spouse of a Retired Plan Member, who shall die while he or she is receiving a pension pursuant to Section 1504, shall be paid for life a monthly pension in an amount which shall be equal to 60% of the pension received by the deceased Retired Plan Member immediately preceding the date of his or her death. The benefit described in this subsection (a)(3) may be modified as provided in subsection (b) of this section.

(4) Retired Plan Member's Death While on a Service-Connected Disability Pension. The Qualified Surviving Spouse of a Retired Plan Member, who shall die while he or she is receiving a service-connected disability pension pursuant to Section 1506, shall be paid for life a monthly pension in an amount which shall be equal to 60% of the pension received by the deceased Retired Plan Member immediately preceding the date of his or her death, unless the death of the Retired Plan

Member occurs within three years after the effective date of his or her pension and is due to service-connected causes, in which case, the qualified Surviving Spouse shall receive, or in a case where an option has been elected pursuant to subsection (b) of this section, may elect to receive, 75% of the Retired Member's Final Average Salary, as modified by the cost of living adjustments made pursuant to Section 1516 of this Tier 3 since the date of retirement of the Retired Plan Member. The benefit described in this subsection (a)(4) may be modified as provided in subsection (b) of this section.

(5) Retired Plan Member's Death While on a Nonservice-Connected Disability Pension. The Qualified Surviving Spouse of a Retired Plan Member, who shall die while he or she is receiving a nonservice-connected disability pension pursuant to Section 1506, shall be paid for life a monthly pension in an amount which shall be equal to 60% of the pension received by the deceased Retired Plan Member immediately preceding the date of his or her death. The benefit described in this subsection (a)(5) may be modified as provided in subsection (b) of this section.

(6) Nonservice-Connected Death of Plan Member with Less than Five Years of Service. In the event the Plan Member died of nonservice-connected causes before having completed five Years of Service, the Qualified Surviving Spouse of the deceased Plan Member, or his or her Minor or Dependent Children if there is no Qualified Spouse, or his or her Dependent Parents if there is no Qualified Surviving Spouse and no Minor or Dependent Children, shall be entitled to the Basic Death Benefit described in subsection (a)(7) below.

(7) Basic Death Benefit and Election. The Basic Death Benefit shall consist of: (1) the return of a deceased Plan Member's contributions to the Plan with accrued interest thereon; subject, however to the rights created by virtue of the Plan Member's designation of a beneficiary as otherwise provided in this Tier 3; and (2) if the deceased Plan Member had at least one Year of Service, the deceased Plan Member's Final Average Salary multiplied by the number of completed Years of Service, not to exceed six years; provided that said amount shall be paid in monthly installments of one-half of the deceased Plan Member's Final Average Salary.

A Qualified Surviving Spouse, or a guardian acting on behalf of the Minor or Dependent Children of a deceased Plan Member if there is no Qualified Surviving Spouse, or Dependent Parents if there is no Qualified Surviving Spouse and no Minor or Dependent Children entitled to a pension pursuant to any of the provisions of this section, where benefits are based upon the Plan Member's death in active service, may in lieu of the pension provided and before the first payment of such pension, elect to receive the Basic Death Benefit.

(b) Optional Pensions for Qualified Surviving Spouse. At any time before the first payment of a service pension, a service-connected disability pension, or a nonservice-connected disability pension, the Plan Member may elect to receive, in lieu of his or her pension as provided in Section 1504 or Section 1506, the actuarial equivalent at that time of such pension and of the pension for the Qual-

ified Surviving Spouse as provided in subsection (a) of this section, by electing an optional pension payable throughout the balance of his or her life, with the provision that upon his or her death such optional pension shall be continued to the Plan Member's Qualified Surviving Spouse in the proportional amount designated by the Plan Member at the time of election of the option provided by this section.

The amount of such optional pension shall be so calculated that the liability of the Fire and Police Pension Plan—Tier 3 at the date of retirement under the optional pension shall be equal to the liability of the Fire and Police Pension Plan at the same date under the pension awarded in accordance with the provisions of Section 1504 or Section 1506 and of the survivorship pension provided by subsection (a) of this section. For the purpose of this section, the liability of the Fire and Police Pension Plan—Tier 3 is defined as the present value, in accordance with tables adopted by the Board, of the pensions or optional pensions calculated by approved actuarial methods, and recommended by the Board's actuary. In determining the actuarial equivalent of the pension for a Qualified Surviving Spouse as provided pursuant to subsections (a)(3), (4), and (5) of this section, the equivalent of a 60% survivorship pension shall be used in all cases.

The optional amounts, calculated in accordance with the foregoing paragraph, shall provide a range of optional values such that the amount to be paid to the Qualified Surviving Spouse of the Plan Member shall range from 60% to 100% of the pension payable to the Plan Member, varying by increments of 5%.

If a Retired Plan Member, previously retired on a disability pension pursuant to the provisions of Section 1506, should be reinstated to active duty upon termination of his or her disability, the election to receive the optional pension as herein provided, shall be deemed cancelled as of the effective date of such reinstatement.

A Retired Plan Member, previously retired on a disability pension pursuant to the provisions of Section 1506, and whose pension has subsequently been adjusted as provided for in Section 1506, shall have the right to cancel any option previously elected by him or her pursuant to the provisions of this subsection.

The Board shall by rule provide for a method in which the election to receive an optional pension shall be exercised.

(c) Additional Pension Amounts. Whenever any Plan Member or Retired Plan Member shall die and leave surviving him or her, in addition to a Qualified Surviving Spouse, a Minor Child or Children or a Dependent Child or Children of his or her marriage to the Qualified Surviving Spouse, then such Qualified Surviving Spouse, shall be paid an additional monthly pension in an amount which shall be equal to 25% of the pension he or she as a Qualified Surviving Spouse would be entitled to pursuant to the provisions of subsection (a) of this section while there is one Minor Child or Dependent Child, 40% while there are two Minor Children or Dependent Children or a combination thereof, and 50% while there are three or more Minor Children or Dependent Children or a combination, and

such additional monthly pension shall be the exclusive property of such Qualified Surviving Spouse and not the property of any such Minor Child or Dependent Child. Whenever any Plan Member or Retired Plan Member shall die and leave surviving him or her in addition to a Qualified Surviving Spouse, a Minor Child or Children or a Dependent Child or Children of his or her marriage to a former spouse, then the guardian or guardians of the estate or estates of any such Minor Child or Children or Dependent Child or Children shall be paid a monthly pension in an amount which shall be equal to 25% of the pension the Qualified Surviving Spouse would be entitled to pursuant to the provisions of subsection (a) of this section while there is one Minor Child or Dependent Child, 40% while there are two Minor Children or Dependent Children or a combination, and 50% while there are three or more Minor Children or Dependent Children or a combination.

Whenever any Plan Member or Retired Plan Member shall die and leave surviving him or her, in addition to a Qualified Surviving Spouse, a Minor Child or Children or a Dependent Child or Children of his or her marriage to the Qualified Surviving Spouse and a Minor Child or Children or a Dependent Child or Children of his or her marriage to a former spouse, then a monthly pension shall be paid in an amount which shall be equal to 25% of the pension the Qualified Surviving spouse would be entitled to pursuant to the provisions of subsection (a) of this section while there is one Minor Child or Dependent Child, 40% while there are two Minor Children or Dependent Children or a combination, and 50% while there are three or more Minor Children or Dependent Children or a combination. The amount of such monthly pension shall be divided by the number of Minor Children or Dependent Children and shall be adjusted accordingly whenever any Minor or Dependent Child shall cease to be such. The Qualified Surviving Spouse shall be paid the portion of such monthly pension which shall be applicable to the number of his or her Minor Children or Dependent Children and the same shall be her or his exclusive property. The guardian or guardians of the estate or estates of the Minor Children or Dependent Children who are not those of the Qualified Surviving Spouse shall be paid the portion of such monthly pension which shall be applicable to such Minor Children or Dependent Children and the same shall be the exclusive property of such children.

The additional pension amounts provided in this subsection for persons other than a Qualified Surviving Spouse are to be calculated on the basis of the applicable Qualified Surviving Spouse pension provided pursuant to subsection (a) of this section, unmodified by any election that may previously have been made pursuant to the provisions of subsection (b) of this section.

Additional pension amounts are also subject to the limitation that the amount of any survivorship pension provided in this section, after the additional payments provided in this subsection are added thereto, may not exceed 100% of the Final Average Salary of the deceased Plan Member or 100% of the Final Average Salary of the Retired Plan Member, as modified by the cost of living adjustments made pursuant to Section 1516 of this Tier 3 since the date of retirement of the Retired

Plan Member. In case of such excess, any additional pension amounts shall be reduced to a level where the total amount of pension is equal to such maximum.

(d) Reinstatement of Pension of Reinstated Qualified Surviving Spouse. Subject to Section 1208 of the General Provisions for Fire and Police Pension Plans, any Qualified Surviving Spouse, who shall marry and thereby cease to be a Qualified Surviving Spouse, shall be reinstated as a Qualified Surviving Spouse as of:

(1) the date upon which a judgment or decree shall become final dissolving such marriage upon any ground or declaring a void or voidable marriage to have been null and void or voided but such date shall be within five years from the date of the marriage ceremony; or

(2) the date upon which such marriage shall be dissolved by the death of the other party thereto but such date shall be within five years from the date of the marriage ceremony. Such reinstated Qualified Surviving Spouse shall be entitled to the reinstatement of his or her pension effective as of either such date, which shall be applicable, but shall not be entitled to the payment of any pension for the period prior to such applicable date and subsequent to the date of the marriage ceremony. The pension paid to any other persons entitled under the provisions of the Fire and Police Pension Plan—Tier 3 during the period of the marriage or purported marriage of such reinstated Qualified Surviving Spouse shall cease when his or her pension shall be reinstated, except as otherwise provided in subsection (c) of this section. However, should such reinstated Qualified Surviving Spouse thereafter be a party to another marriage ceremony, his or her pension shall cease and never again shall be reinstated regardless of whether such marriage ceremony shall result in a valid marriage or in a voidable or void marriage and whether or not the same legally shall be terminated.

(e) Pension for Minor or Dependent Children. Whenever any Plan Member or Retired Plan Member shall die without leaving a Qualified Surviving Spouse, the guardian of the estate of his or her Minor or Dependent Children shall be paid, until each such child shall cease to be a Minor or Dependent Child, a monthly pension equal to the pension a Qualified Surviving Spouse would have been eligible to receive pursuant to subsection (a) of this section had a Qualified Surviving Spouse survived such Member. Whenever any Plan Member or Retired Plan Member shall die leaving a Qualified Surviving Spouse who thereafter shall die or who thereafter shall cease to be a reinstated Qualified Surviving Spouse, the guardian of the estate of his or her Minor or Dependent Children shall be paid, until each such child shall cease to be a Minor or Dependent Child, a monthly pension equal to the pension a Qualified Surviving Spouse would have been eligible to receive pursuant to subsection (a) of this section. In any of the foregoing events and if there were to be more than one Minor or Dependent Child, an equal share of such monthly pension shall be paid for and on behalf of each such child to the guardian of his or her estate and shall be adjusted as each of them shall cease to be a Minor or Dependent Child in the manner set forth in subsection (c)

of this section. If payments are made pursuant to this subsection (e), no additional pension amounts shall be paid pursuant to subsection (c) of this section.

(f) Pension for Dependent Parents. Whenever any Plan Member or Retired Plan Member shall die without leaving a Qualified Surviving Spouse or a Minor Dependent Child, a monthly pension shall be paid to such Dependent Parents or to the survivor of them until each such Dependent Parent shall cease to be such. Any Dependent Parent who shall cease to be such but who thereafter again shall become unable to pay his or her necessary living expenses without a pension shall be entitled to have his or her pension reinstated.

The total amount of a pension payable to the Dependent Parent or Parents shall be the same as that to which a Qualified Surviving Spouse would have been entitled pursuant to subsection (a) of this section.

(g) Determinations With Respect to Cause of Death and Dependency. The Board shall have the same power as that which has been given to it by Section 1506(c) and (d) in order to determine:

(1) the fact whether a Plan Member's death was service-connected or non-service-connected for the purposes of Section 1508(a)(1) and (2);

(2) the fact of whether or not a child of a deceased Plan Member or Retired Plan Member is a Dependent Child; and

(3) whether or not any parent of a deceased Plan Member or Retired Plan Member is a Dependent Parent.

The Board also shall have the power to determine, from time to time, the fact of whether or not a child continues to be a Dependent Child, the fact of whether or not a parent continues to be a Dependent Parent and the fact of whether or not a Dependent Parent who had ceased to be such thereafter shall have become entitled to have his or her pension reinstated.

(h) Medical Reports and Hearings. The power of the Board to determine the fact of whether a Plan Member's death was service-connected or nonservice-connected, as provided in subsection (g) of this section, hereafter may be exercised by it upon the basis of a written report from one regularly licensed and practicing physician selected by it but the Board, in its discretion, may obtain such a report from more than one such physician. The determination hereinbefore referred to in this subsection may, at the option of the Board, be made without a hearing being held pursuant to the provisions of subsection (g) of this section.

(i) Distribution of Contributions. Whenever a Plan Member dies without leaving a person or persons entitled to receive a pension pursuant to the provisions of this section, then, and in that event, his or her contributions to the Plan, together with such interest as may have been credited to the Plan Member's individual account shall be paid to such person as he or she shall have nominated by written designation duly executed and filed with the Board. In the event there is no written designation of beneficiary, surviving spouse, children or parents, then the contributions shall be paid to the executor or administrator of the estate of such deceased Plan Member, or to any other person legally authorized to collect money due the decedent.

Sec. 1510. Tier 3 Pension Funds.

(a) Creation of Funds. Two entirely separate and distinct funds hereby are created and established for the payment of pension benefits pursuant to this Tier 3, for the payment of certain other benefits as may be authorized by ordinance pursuant to the enabling provisions of this Tier 3 and for the payment of the administrative expenses of the Fire and Police Pension Plan—Tier 3, one of which shall be known as the "Fire and Police Tier 3 Service Pension Fund" and the other of which shall be known as the "Fire and Police Tier 3 General Pension Fund."

(b) Fire and Police Tier 3 Service Pension Fund. The Fire and Police Tier 3 Service Pension Fund shall consist of:

(1) deductions made pursuant to Section 1514, from the salaries of Plan Members;

(2) all contributions and donations to the Fire Department or to the Police Department for services by any Plan Members, except amounts of money donated to provide for any medal or permanent competitive award;

(3) all fines imposed upon Plan Members for violations of rules and regulations of the respective department in which they are Department Members;

(4) proceeds from the sale of unclaimed property as determined by the Board; and

(5) all interest, earnings and profits resulting from investments of such monies.

(c) Fire and Police Tier 3 General Pension Fund. The Fire and Police Tier 3 General Pension Fund shall consist of:

(1) all money appropriated to the fund by the Council;

(2) all interest, earnings and profits resulting from investment of such monies.

(d) Use of Funds. The monies in the Fire and Police Tier 3 Service Pension Fund shall be used, other than for the investment thereof, exclusively for the payment of service pensions granted pursuant to Section 1504 and for the refund of contributions as provided in this Tier 3. The monies in the Fire and Police Tier 3 General Pension Fund shall be used, other than for the investment thereof, exclusively for the payment of all pensions other than service pensions, such benefits as may be provided by ordinance adopted pursuant to the enabling provisions contained in this Tier 3 and of all administrative expenses of the Fire and Police Tier 3 Pension Plan.

(e) Authorized Transfer Between Funds. In the event that the monies in the Fire and Police Tier 3 Service Pension Fund should be insufficient, at any time, to pay all service pensions, then the Board shall have the power and authority to cause the Controller of the City to transfer to the fund sufficient monies therefor from the Fire and Police Tier 3 General Pension Fund. In no other event shall any of the money in either of the funds be commingled with any money in the other fund.

(f) Benefits Shall be General Obligation of the City. The obligation to pay benefits pursuant to this Tier 3 shall be a general obligation of the City.

Sec. 1512. Actuarial Determinations and Tier 3 Unfunded Liabilities.

(a) Actuarial Standards. The Fire and Police Pension Plan—Tier 3 shall be maintained on a reserve basis which, for the purposes of this Tier 3, shall mean one which provides for the accumulation and maintenance of the Fire and Police Tier 3 Service Pension Fund and the Fire and Police Tier 3 General Pension Fund which together will at all times be equal to the difference between the present value of the obligations assumed and the present value of the monies to be received for paying such obligations, where such present values are estimated in accordance with accepted actuarial methods and on the basis of an assumed rate of interest and the mathematical probabilities of the occurrence of such contingencies as affect both the payment of the assumed obligations and the receipt of monies with which they are to be paid in accordance with the provisions of Sections 1210(b)(3) and 1514.

(b) Actuarial Valuations. The Board shall secure an actuarial valuation showing the cost of maintaining the plan and funds on such reserve basis and, at intervals of not to exceed five years, shall cause to be made an actuarial investigation including, but not limited to, the mortality, service and salary experience of the Plan Members and other beneficiaries and shall further cause to be made annually an actuarial valuation of the assets and liabilities of the funds.

The Board, from time to time and with the advice of the investment counsel, shall establish such an assumed rate of interest for the purpose of actuarial valuations, as in its judgment seems proper in the light of the experience and prospective earnings on the investment of the funds.

(c) Retention of Actuary. The Board shall retain a competent consulting actuary for the purpose of making the necessary actuarial studies, reports, investigations and valuations and shall, with the advice of the actuary, adopt such actuarial assumptions as shall be necessary.

(d) Accounting for Unrealized Profits and Losses. With the advice of the consulting actuary and of the investment counsel, the Board, for the purpose of the actuarial valuations, may provide by rule for the manner and the extent to which any unrealized profits or losses in the equity type investments of the funds shall be taken into account.

(e) Unfunded Liabilities. The unfunded liabilities of the Fire and Police Pension Plan—Tier 3 shall be funded in accordance with the actuarial funding method adopted by the Board upon the advice of its consulting actuary. Any unfunded liabilities resulting from amendment of the provisions of this Tier 3 or by ordinance as authorized by this Tier 3 shall be amortized over a 30 year period. Actuarial experience gains and losses shall be amortized over a 15 year period.

Sec. 1514. Member Contributions—Tier 3.

(a) Contribution Amount. Each Plan Member shall contribute to the Fire and Police Pension Plan—Tier 3 by salary deduction at the rate of 8% of the amount of his or her salary, except that further contributions to the Plan shall not be required from a Plan Member who has served as a Plan Member more than 30 years.

For purposes of determining the amount of the deduction, Salary shall mean those elements of a Plan Member's compensation which would be included in calculating Final Average Salary. The administrative head of the Fire Department or the Police Department shall cause to be shown on each and every payroll of such department a deduction of 8% of the amount of salary of each Plan Member whose name appears thereon.

(b) Member Accounts. The Board shall maintain an individual account of the contributions by or for each Plan Member, as hereinabove provided. Regular interest shall be credited to such individual accounts as of the last day of June and December of each year at such rate as the Board may deem proper in light of the Fire and Police Pension Plan's earnings, exclusive of profits and losses on principal heretofore or hereafter resulting from sales of securities. No such interest shall be credited at any other time or to the individual account of any person who is not a Plan Member but such interest shall be credited to the individual account of a Plan Member whose employment is terminated for any reason for any period of service between the next preceding last day of June or December and the end of the pay period preceding the date of such termination at the rate at which regular interest was last credited to Plan Members' individual accounts.

(c) Payroll Deduction. Each Plan Member shall be deemed to consent and agree to each deduction made as provided for herein and the payment of each payroll check to such Plan Member shall be a full and complete discharge and acquittance of all claims and demands whatever for the services rendered by each member during the period covered by such payroll, except such claims as such Plan Member has to the benefits or payments provided for in this Tier 3.

(d) Election of Refund Forfeits Right to Benefits. Plan Members or beneficiaries thereof who elect to receive a refund of contributions, forfeit the right to benefits provided in this Tier 3. After payment of any pension benefit has commenced, the Plan Member or beneficiaries forfeit the right to a refund of the Plan Member's contributions. Plan Members who return to active duty from a disability pension may not thereafter have their contributions refunded. A terminated Plan Member who had elected to have contributions returned, but who re-enters service and again becomes a Plan Member, shall have the privilege of regaining the prior service credit by repaying the amount of his or her previously refunded contributions and interest and an amount calculated as interest which would have been earned between the date of original termination of status as a Plan Member and the date of re-entry into service as a Department Member.

(e) Assuring Full Member Contributions. The Board shall have rule-making authority to insure that the Fire and Police Pension Plan—Tier 3 receives member contributions for all periods of credited service, except that the Board shall not have authority to require contributions for service credit for military service and for periods while a Plan Member is receiving a disability pension, or full pay for Injury On Duty. Plan Members, however, may elect to make contributions for periods of Injury On Duty compensated at the rate provided by general law in

order to acquire credit for Years of Service for such period. Such contributions shall be at the contribution rate herein provided and shall be based on the salary the Plan Member would have received if he or she had not occupied Injury On Duty status.

Sec. 1516. Cost of Living Adjustments.

(a) Determination of Cost of Living Adjustments. The Board, before May 1 of each year commencing with the year 1981, shall determine the percentage of the annual increase or decrease in the cost of living as of March 1 of that year from March 1 of the preceding year as shown by the Consumer Price Index for All Urban Consumers as published by the Bureau of Labor Statistics or such other index as the Federal Government may develop to replace the All Urban Consumers Index for the area in which the City is located. If any such index were not to reflect the cost of living as of a particular March 1, then the index for the closest preceding date shall be used.

(b) Annual Cost of Living Adjustments. Commencing as of July 1 of the year in which the Board shall determine the percentage of increase or decrease in the cost of living, the monthly amounts of all pensions granted pursuant to the provisions of this Tier 3, shall be increased or decreased by reason of such determined percentage of increase or decrease in the cost of living, not to exceed an increase or decrease of 3% in any given year. Pensions which became payable before July 1, but subsequent to the preceding July l, will be adjusted on a prorated basis whereby one twelfth of the annual adjustment shall be applied for each completed month since such pension commenced. In no event shall pensions adjusted hereunder ever be decreased below the amount received by the Beneficiary when such pension first became payable to him or her.

(c) Discretionary Cost of Living Adjustments. To the extent that the annual cost of living adjustments provided by subsection (b) hereof are less than the annual change in the cost of living as determined in subsection (a) hereof, the Council may grant discretionary cost of living adjustments, in addition to the annual cost of living adjustments provided by subsection (b) hereof, subject to the following conditions and requirements:

(1) No More Than Every Three Years. Discretionary adjustments may not be provided more frequently than once every three years, counting from the effective date of this section and, after a discretionary adjustment has once been made, counting from the date the last discretionary adjustment became effective.

(2) Limit of Adjustments. Discretionary adjustments shall not exceed one-half of the difference between the percentage of the annual increases in the cost of living, as determined pursuant to the provisions of subsection (a) of this section, and the annual adjustments made pursuant to subsection (b) of this section for each of the preceding three years. Discretionary adjustments shall be allocated to each of the three years for which an adjustment is made.

(3) Pensions Eligible for Adjustment. Discretionary adjustments herein provided shall be applied to pensions granted pursuant to Sections 1504, 1506 and

1508 subject to the following limitations: If a pension became payable on or after the July 1 immediately preceding the effective date of such adjustment, it shall not be so adjusted; and any pension which shall have become payable at a time within the three year period (but prior to the immediately preceding July 1) shall be prorated on a monthly basis to the number of completed months for which the pension was received, provided that pensions paid pursuant to Section 1508(a)(3), (4) or (5), or Section 1508(c), (e) or (f), shall be adjusted by basing eligibility on the date upon which the Retired Plan Member's pension became effective.

(4) Report to Council Prior to Adoption by Ordinance. Discretionary cost of living adjustments may be provided only by ordinance. Ordinances providing discretionary adjustments may not be finally adopted until the Council has first obtained and published a report from the actuary or actuaries of the Fire and Police Pension Plan—Tier 3 indicating the present value of the liabilities that will be created by the proposed discretionary adjustment. This report must identify the annual funding cost of amortizing this liability over a 30 year period utilizing the funding procedure adopted by the Board.

(5) Vote by Council. Ordinances adopted pursuant to this subsection must be by not less than two-thirds of the membership of the Council, subject to the veto of the Mayor and re-adoption by the Council by not less than three-fourths of the membership of Council. No such ordinance may be finally adopted by the Council until the expiration of at least 30 days after its first presentation to the Council, nor until after a public hearing has been held thereon. Ordinances adopted pursuant to this subsection, shall be published no later than November 30 and shall become effective January 1.

(6) Prospective Application. All adjustments provided in this subsection are to be applied prospectively only and shall not be understood to permit retroactive adjustments of pensions.

Sec. 1518. Provision of Certain Subsidy Payments by Ordinance.

(a) Purpose of this Section. It is the purpose of this section to enable the Council to provide by ordinance a program or programs whereby persons receiving pensions pursuant to the provisions of this Tier 3 may become eligible to have subsidy payments made on their behalf for health insurance, accident insurance, life insurance or health care plan coverage or coverage for any combination of such programs as determined by the Council and subject to such conditions of entitlement as may be set forth in any ordinance adopted in accordance with the provisions of this section.

(b) Mode of Adoption of Ordinance. Ordinances adopted pursuant to this section must be approved by not less than two-thirds of the membership of the Council, subject to the veto of the Mayor and readoption by the Council by three-fourths of the membership of the Council. No such ordinance may be finally adopted by the Council until the expiration of at least 30 days after its first presentation to the Council, nor until after a public hearing has been held thereon. Any ordinance adopted pursuant to this section shall go into effect upon its publication,

but the terms of such ordinance, or portions thereof, may be operative at a later date or dates.

(c) Limitations on Council's Authority. An ordinance adopted pursuant to this section may not provide for subsidy payments for any individual, the total amount of which, including subsidy payments from a City fund or funds other than those created under Section 1510, would be in excess of the maximum available subsidy payment for beneficiaries under the provisions of any ordinance adopted pursuant to the authority of Section 1168 of the Charter, nor may such subsidy payments be in excess of any amounts allowed active members of the Tier 3 System.

(d) Administration of Subsidy Program. Any subsidy program adopted by ordinance pursuant to this section shall be administered by the Board. In furtherance thereof, the Board shall have the authority to contract for suitable programs as defined in subsection (a), to be made available to retired members or other beneficiaries, and shall have the power to adopt such rules as it deems necessary to administer such programs. Notwithstanding the foregoing provisions, the Board may authorize the Personnel Department to administer any program or part thereof established by ordinance pursuant to the provisions of this section, but the Board shall reimburse the General Fund of the City of Los Angeles for all necessary expenses incurred by the Personnel Department in administering these programs.

(e) Adjustment of Subsidy Amount. The Board, in its discretion, may by resolution increase or decrease the amount of subsidy payments on the following conditions only: (1) to reflect changes in subsidies provided for active members or (2) to offset any increases or decreases in the level of benefits referred to in subsection (a) of this section or the cost thereof as a result of changes in existing benefits or the addition of newly created benefits by federal or state funded programs.

Sec. 1520. Compliance with Certain Internal Revenue Code Provisions.

(a) Notwithstanding any other provisions of this Tier 3, the benefits payable to any person who became a Plan Member prior to January 1, 1990, shall be subject to the greater of the following limitations:

(1) The limitations set forth in Section 415 of the Internal Revenue Code; or

(2) The accrued benefit of the Plan Member of the Fire and Police Pension Plan—Tier 3 (determined without regard to any amendment to the Plan made after October 14, 1987), as provided in Section 415(b)(10)(A) of the Internal Revenue Code.

(b) The benefits payable to any person who becomes a Plan Member on or after January 1, 1990, shall be subject to the limitations set forth in Section 415 of the Internal Revenue Code.

(c) The Council shall, by ordinance, provide such benefits as are necessary to preserve the level of benefits in effect prior to the effective date of this section.

(d) Should it be determined that the provisions of Charter Section 1508(a)(1) violate the limitations of Section 415 or the incidental death benefit provisions

of the Internal Revenue Code, Section 1508(a)(1) shall be deemed inapplicable to the extent necessary to achieve compliance. The Council shall by ordinance, adopt such measures as are necessary to achieve compliance and to preserve the level of benefits in effect prior to the effective date of this section.

(e) Ordinances adopted pursuant to this section shall be adopted in the same manner as those authorized by Charter Section 1518, except however any Ordinances adopted shall be effective upon publication.

(f) If any of the provisions of Section 415 of the Internal Revenue Code should be repealed, the provisions of this section shall be deemed repealed to the same extent.

(g) All benefits provided pursuant to any ordinance adopted under the provisions of subsection (e) shall be administered by the Board. A separate and distinct fund or funds shall be created by the Board as required to administer such benefits. Such fund or funds shall not contain employee contributions. The Board shall also determine the manner of funding any liabilities incurred as a result of ordinances adopted pursuant to this section.

Sec. 1522. Compensation Limits.

(a) For members hired on or after July 1, 1996, the Final Average Salary taken into account to determine the benefits provided by Tier 3 of this Article shall not exceed the annual limit set forth in Section 401(a)(17) of the Internal Revenue Code and regulations thereunder for any Plan Year. This annual compensation limitation shall be adjusted automatically for each Plan Year to the amount prescribed by the Secretary of the Treasury or said Secretary's delegate. For purposes of this section, the family aggregation rules of Section 414(q)(6) of the Internal Revenue Code shall apply; provided that "family" shall include only the Member's spouse and lineal descendants who have not yet attained age 19 by the last day of the Plan Year.

(b) If any of the limitations of Section 401(a)(17) or Section 414(q)(6) should be repealed, the provisions of this section shall be deemed repealed to the same extent.

Sec. 1524. Council Authority to Maintain Tax-Qualified Status of Plan.

The Council may, by ordinance, amend the Fire and Police Pension Plan—Tier 3 to incorporate provisions of federal laws and regulations required to maintain the tax-qualified status of the Fire and Police Pension Plan—Tier 3. The Council also may enact ordinances to modify or repeal such provisions. Ordinances adopted pursuant to this section shall be adopted in accordance with Charter Section 1518. It is the intent of this section to facilitate compliance with the provisions of federal laws affecting the Fire and Police Pension Plan—Tier 3.

Sec. 1526. Miscellaneous Provisions.

Notwithstanding any other provision of this Tier 3, the provisions of this section shall be controlling to the extent there is a conflict with another provision.

(a) Service or Disability Pensions for Former Plan Members. Any former Plan Member who shall believe that he or she is eligible to be paid a pension

pursuant to Section 1504 or 1506 of this Tier 3, may file his or her written application for the payment of a pension pursuant to either one of the sections within the time prescribed for the filing thereof by any applicable provision of law, and the Board, if it were to determine that the contingencies provided in this Tier 3 for the payment thereof had happened or occurred as to such former Plan Member and if there is no legal bar or defense to the granting to him or her of such pension or to any judicial action or proceeding which could be brought by him or her with respect thereto, shall grant him or her the pension in accordance with his or her written application.

(b) Adoption of Board Rules to Comply with Federal or State Law. If at any time after December 8, 1980, federal or state law should become preemptive or controlling with respect to the provisions of this Tier 3, the Board shall have the power to adopt such rules as may be necessary to comply with such federal or state law. Such rules shall be adopted upon the advice and with the concurrence of the City Attorney.

(c) Payroll Deductions and Years of Service Credit for Overtime. Whenever a Plan Member, for overtime work, shall take a period of time off with pay:

(1) a deduction for pension purposes shall be made from such pay but only in the same amount as that which would have been deducted from his or her salary if such period had been one of regular work; and

(2) such period shall be part of his or her Years of Service.

Whenever a Plan Member, for overtime work, shall receive a cash payment:

(1) a deduction for pension purposes shall not be made from such payment; and

(2) the period of overtime work for which he or she shall receive such payment shall not be part of his or her Years of Service.

(d) Coordination with Deferred Compensation Plan. In the event the City establishes a deferred compensation system applicable to the members of the Fire and Police Pension Plan—Tier 3, the Board shall prescribe rates of contributions and benefits so that the interest of the City in protecting the Plan and the interest of the Plan Members in pension benefits are protected when compared with contributions and benefits which would have been received had deferred compensation not been instituted.

Sec. 1528. Social Security Participation.

Implementation Procedure for Social Security Participation. Should Social Security participation be mandated or made available to Plan Members by Federal legislation amending the Social Security Act or by action taken by the City or by Plan Members as provided by law, the following provisions shall govern the manner in which such participation by Plan Members is to be implemented and the limitations hereinafter set forth shall be controlling unless Federal law is contrary to these provisions, is in conflict therewith and is clearly intended to be preemptive. Should applicable provisions of Federal law in any respect differ from the provisions contained in this section and should they be determined to be

preemptive as to any part thereof, then and in that event, those provisions of this section not affected by such Federal law shall remain in full force and effect.

(b) Council Authority to Coordinate Benefits and Contributions. As to the rights and entitlement to benefits of Plan Members participating in such Social Security coverage, the Council shall have the power and authority, subject to the veto of the Mayor, to adopt ordinances modifying the benefits and conditions of entitlement provided in this Tier 3, including adjustments of Plan Member contributions to the Fire and Police Pension Plan—Tier 3 as hereinafter more specifically provided and subject to the limitations stated herein.

(c) Supermajority Vote Required. Ordinances adopted pursuant to this section must be approved by not less than two-thirds of the membership of the Council, subject to the veto of the Mayor and re-adoption by the Council by a vote of not less than three-fourths of the membership of Council. No such ordinance may be finally adopted by the Council until the expiration of at least 30 days after its first presentation to the Council, nor until after a public hearing has been held thereon. Any ordinance adopted pursuant to this section shall go into effect upon publication.

(d) Integration of Social Security and Pension Plan. Any participation in Social Security coverage shall be by integration with the benefits provided by this Tier 3 and shall not be in addition to the benefits provided in the Fire and Police Pension Plan—Tier 3. Integration is to be defined in harmony with the provisions of the Social Security Act and must be in substantial compliance with the rules and regulations governing said Act. Benefits provided by an integrated system must be at least equal to the benefits offered by the Fire and Police Pension Plan—Tier 3 prior to such integration. The level of integration may be periodically adjusted by the Mayor and Council to ensure an adequate level of integration.

(e) Minimum Plan Member Contributions. Plan Members participating in Social Security shall have their contributions to the Fire and Police Pension Plan—Tier 3 reduced but Plan Members must contribute at least 2% of salaries to the integrated Fire and Police Pension Plan—Tier 3.

FIRE AND POLICE PENSION PLANS—TIER 4
(formerly Article XXXV, Plan 2)

Sec. 1600. Tier 4 Members.

(a) Appointed Members. Each person who shall be appointed as a Department Member on or after July 1, 1997 shall become a Tier 4 Plan Member upon graduation by such person from training at the Police or Fire Academies or equivalent facility imparting basic training as a firefighter or police officer and maintained as such by the City of Los Angeles. A Chief of Police or a Fire Chief who is appointed to that position without having graduated from such facility may become a Member upon appointment. Upon becoming a Tier 4 Plan Member, a person may elect to purchase Years of Service credit for the period of such training in accordance with rules adopted by the Board.

(b) Active Members of Tier 3. Any active Department Member hired prior to July 1, 1997 who made an irrevocable election, in writing, during the period July 1, 1997 through June 30, 1998 to become eligible for the service retirement benefits provided under this Tier 4 shall become a Tier 4 Member.

(c) Former Members. Any Tier 1, 2 or 3 Member who ceased to be such as a result of resignation or discharge and who subsequently again becomes a Plan Member shall become a Tier 4 Member upon reappointment as a Department Member. However, a former Plan Member who previously had ten years of service under the provisions of Tier 3 who again becomes a Plan Member shall have the option of becoming a Tier 4 member only if both of the following conditions are met:

(1) the former Plan Member did not make an election to take a deferred pension under the provisions of Tier 3, and

(2) three years have not elapsed since the effective date of the former Plan Member's resignation or discharge as a Plan Member.

Upon the return to duty, such Plan Member shall have 90 days to make an election to become a Tier 4 Member.

(d) Tier 3 Members On Disability. Any Plan Member who shall be receiving a disability pension pursuant to Tier 3 and who is restored to active duty as a Department Member on or after July 1, 1998 shall not be eligible to elect to become a Member of Tier 4, unless such Department Member was originally hired in under the provisions of this Tier 4.

(e) Members on Military Leave. Persons who are not active members during the election period due to service in the armed forces shall have 90 days following their return to active duty or June 30, 1998, whichever is later, to make an election to become a Tier 4 Member.

(f) Former Tier 1 & 2 Members. A person formerly a System Member under the provisions of Tier 1 or 2 of this Article whose membership had previously terminated by reason of resignation or discharge shall upon again being appointed as a Department Member become a Plan Member as of the effective date of such appointment. In the event such person did not receive a refund of contributions upon his or her termination as a System Member, then the definition of "Years of Service" elsewhere contained in this Tier 4 shall be controlling with respect to such person's entitlement to service credit; and further, such person need not make back contributions on account of such former service and does not have any right to have contributions formerly made by him or her under the provisions of Tier 1 or 2 refunded in the event he or she should subsequently terminate as a Plan Member. In the event such person received a refund of his or her contributions under the provisions of Tier 1 or 2 as a result of his or her termination, then such person's entitlement to Years of Service credit for the period of such former service shall be conditioned upon such person electing to repay and having paid to the Fire and Police Pension Plan the amount of previously refunded contributions, with interest thereon and an amount calculated as interest which would have been

earned between the date of such termination and the date of entry into service as a Plan Member in accordance with rules adopted by the Board. In the event such member does not elect to so repay, the term Years of Service as elsewhere used in this Tier 4 shall not include any periods prior to his or her becoming a Plan Member, notwithstanding the definitions contained in Section 1602(m) and (n).

(g) Paramedics and Civilian Ambulance Employees. In addition to those Department Members described in subsection (a) of this section, paramedics or civilian ambulance employees shall become Plan Members upon the effective date of this subsection, except that persons employed as paramedic trainees shall become Plan Members only upon their certification, as provided by law, as mobile intensive care paramedics or equivalent. Upon certification Plan Members may elect to purchase Years of Service credit for the period of such training in accordance with rules to be adopted by the Board.

If such a Plan Member had periods of membership in the Los Angeles City Employees' Retirement System while he or she was a paramedic or civilian ambulance employee, such Plan Member shall be entitled to elect to acquire Years of Service credit for such periods of membership in the Los Angeles City Employees' Retirement System. Upon such election his or her contributions, plus interest credited thereon, and his or her City service credit shall be transferred to the Fire and Police Pension Plan—Tier 4 in accordance with rules to be adopted by the Board.

(h) Purchase of Credit by Surviving Spouse. A surviving spouse of a Plan Member may complete the purchase of Years of Service credit elected by the Plan Member.

(i) Prohibition of Double Benefits. No Plan Member may receive double benefits by receiving credit for Years of Service for the same periods of City service from the Los Angeles City Employees' Retirement System and under the provisions of this Tier 4. Further, no Plan Member may transfer credit received from the Los Angeles City Employees' Retirement System while employed in a capacity other than paramedic or civilian ambulance employee.

(j) Transfer of Released Liability. Upon the election by a Plan Member to acquire Years of Service credit, the released liability of the Los Angeles City Employees' Retirement System shall be transferred to the Fire and Police Pension Plan—Tier 4. For the purposes of this subsection, the phrase Released Liability means the City's share of the actuarially determined present value of benefits under the Los Angeles City Employees' Retirement System as of the date of transfer.

(k) No Benefits Under Other Tiers. Department Members as defined in this section shall be identified as Tier 4 Members. Tier 4 Members shall not be entitled to a service retirement under any other Tier of this Fire and Police Pensions Plan for the same periods of service.

(*l*) Release of Liability. The Board shall have the authority to establish rules requiring a full and complete release from liability from members and their spouses upon the Plan Member's election to transfer to Tier 4.

Sec. 1602. Definitions.

In addition to the words and phrases defined in the Fire and Police Pension Plans General Provisions in Part 3, and for the purposes of this Tier 4, the following words or phrases shall have the meaning ascribed to them in this section, unless a different meaning is clearly indicated in the context.

(a) Member of the Fire Department. Member of the Fire Department means the Fire Chief and a person duly and regularly appointed in the Fire Department, under civil service rules and regulations or provisions of the Charter, or both, governing the making of original regular and permanent appointments which require the serving of probationary periods but not of original emergency or temporary appointments, to perform duties as a firefighter or as a paramedic or civilian ambulance employee for the City, under whatever designation such person may be described in any salary or departmental ordinance providing salaries for the members of the department, but such person shall be a member of the department only until his or her status as such shall be terminated by reason of retirement, resignation or discharge or for any other reason.

(b) Member of the Police Department. Member of the Police Department means the Chief of Police and a person duly and regularly appointed in the Police Department, under civil service rules and regulations or provisions of the Charter, or both, governing the making of original regular and permanent appointments which require the serving of probationary periods but not of original emergency or temporary appointments therein, and sworn in, as provided by law, to perform duties as a police officer for the City, under whatever designation such person may be described in any salary or departmental ordinance providing salaries for the members of the department but such person shall be a member of the department only until his or her status as such shall be terminated by reason of his or her retirement, resignation or discharge or for any other reason.

(c) Plan Member. Plan Member means a person who is a Department Member and whose pension rights and benefits are governed by this Tier 4.

(d) Qualified Surviving Spouse. Qualified Surviving Spouse means a person who is the widow or widower of a deceased Plan Member or Retired Plan Member and who has been married (1) to the Plan Member for at least one year prior to the date of his or her nonservice-connected death while a Plan Member, or (2) to the Plan Member as of the date of his or her service-connected death while a Plan Member, or (3) to the Retired Plan Member for at least one year prior to the effective date of his or her retirement upon a service pension or upon a nonservice-connected disability pension pursuant, respectively, to Section 1604 or Section 1606(b), or (4) to the Retired Plan Member as of the effective date of his or her retirement upon a service-connected disability pension pursuant to Section 1606(a).

(e) Minor Child. Minor Child means a person who is a child or an adopted child of a deceased Plan Member or a Retired Plan Member but such person shall be a Minor Child only until such person shall attain the age of 18 years or shall marry, whichever shall be earlier.

A person may further qualify for the benefits provided for a Minor Child under the provisions of this Tier 4 until he or she reaches the age of 22 years if such person is enrolled in school on a full-time basis as determined by the Board but such person's marriage terminates entitlement to the benefits of a Minor Child.

(f) Dependent Child. Dependent Child means a person who is a child of a deceased Plan Member or a deceased Retired Plan Member, who is not married and who, while under the age of 21 years, had become disabled, either prior or after the date of death of such Plan Member or Retired Plan Member, from earning a livelihood for any cause or reason whatsoever, but such person shall be a Dependent Child only until he or she shall cease to be disabled from earning a livelihood. Should disability cease before the age of 22 years, the limitations set forth in subsection (e) shall be applicable.

(g) Dependent Parent. Dependent Parent means a person who is a parent of a deceased Plan Member or a deceased Retired Plan Member and to or for whom such deceased Plan Member or deceased Retired Plan Member, during at least one year immediately preceding his or her death, contributed one-half or more of such Dependent Parent's necessary living expenses and who is unable to pay such expenses without the receipt of a pension but such person shall be a Dependent Parent only until he or she shall be able to pay his or her necessary living expenses.

(h) Length of Service Pay. Length of Service Pay means any additional gross monthly pay which, by reason of length of service, shall be provided by ordinance.

(i) Special Pay. Special Pay means any additional gross monthly pay which, by reason of assignment to perform special duties other than hazardous duties, shall be provided by ordinance.

(j) Hazard Pay. Hazard Pay means any additional gross monthly pay which, by reason of assignment to perform helicopter duties, two-wheel motorcycle duties or any other hazardous duties shall be provided by ordinance.

(k) Assignment Pay. Assignment Pay means any additional gross monthly pay which, by reason of assignment to perform special duties or hazardous duties, in a higher class, position, grade, code or other title than the lowest thereof within the Plan Member's permanent rank, shall be provided therefor by ordinance.

(*l*) Year. Year means a period of 12 months or, in aggregating partial years for purposes of determining Years of Service, means 365 days.

(m) Years of Service. Years of Service means and includes only those periods during or for which the Plan Member was a Department Member of the Fire Department or of the Police Department, or of both and whether prior or after his or her becoming a Plan Member and subject to the limitations contained in Section 1600 of this Tier 4:

(1) did or shall receive salary, whether in full or reduced amounts thereof;

(2) did or shall receive either a service-connected disability pension or a non-service-connected disability pension under any Tier of the Fire and Police Pension

Plans, provided, however, that he or she was or shall be restored to active duty as a Department Member and did or shall perform his or her duties as such for at least one year prior to again retiring or being retired pursuant to this Tier 4, which year shall not include any time off from work by reason of any injury or illness which had been caused by or contributed to by any injury or illness which had been sustained or suffered by him or her prior to such restoration. The restored Plan Member, upon completing one Year of Service following restoration, shall be eligible for such credit only to the extent that the length of service following restoration matches the period the disability pension was received; but upon completing three years of restored service, the restored Plan Member is eligible for credit for the entire period the disability pension was received; and provided further that a period during which a Plan Member was on a nonservice-connected disability pension may only be counted toward his or her Years of Service if the Plan Member makes contributions therefor at the rate provided in Section 1614 of this Tier 4 in accordance with the rules to be adopted by the Board;

(3) is or shall become entitled, under any provision of general law or ordinance of the City, to credit toward retirement for periods of military service or military leave;

(4) did or shall receive workers' compensation benefits for temporary disability as provided by general law on account of any injury or illness arising out of and in the course of employment but such period shall be made a part of the Plan Member's Years of Service only if the Plan Member has made contributions to the Fire and Police Pension Plan in the manner prescribed by Board rule;

(5) is or shall become entitled pursuant to any ordinance of the City providing compensation for injury on duty; and

(6) had served as a member of the Fire and Police Pension System—Tiers 1 or 2 of this Article, without having become eligible to service retirement benefits but such prior service as a member under provisions of Tiers 1 or 2 does not entitle the Plan Member to a refund of contributions made on account of such previous service.

A Plan Member who has previously been a Plan Member and who has ceased to be such by virtue of his or her resignation or discharge and who subsequently again becomes a Plan Member, shall be entitled to service credit only if he or she has first redeposited with interest, any Plan Member contributions previously withdrawn by him or her, in the manner provided by the Board.

(n) Partial Year of Service. Partial Year of Service means any period mentioned in subsection (m) of this section which is less than 12 months. Any such Partial Year of Service shall be calculated from the end of the Plan Member's last completed Year of Service to the end of the payroll period immediately prior to the date of his or her retirement and shall be counted as part of a Plan Member's Years of Service for his or her retirement upon a service pension hereafter granted or for a pension hereafter granted to his or her Qualified Surviving Spouse, Minor Child or children, Dependent Child or children or Dependent Parent or parents

if he or she hereafter shall die while upon a service pension hereafter granted or while eligible for a service pension.

(o) Final Average Salary. Final Average Salary means an amount equivalent to a monthly average of salary actually received during any 12 consecutive months of service as a Plan Member as designated by the Plan Member. In the absence of such designation, the last 12 consecutive months preceding the date upon which retirement would become effective shall be used as the basis for the calculation of Final Average Salary.

For Plan Members employed as paramedics or civilian ambulance employees who have formerly been members of the Los Angeles City Employees' Retirement System, and who, pursuant to the provisions of Section 1600 of this Tier 4 have become Plan Members, the determination of Final Average Salary shall include periods of City service for which such Plan Members have elected to acquire Years of Service credit by transfer of their contributions from the Los Angeles City Employees' Retirement System to the Fire and Police Pension Plan—Tier 4. If a Plan Member should die before having made such election, his or her surviving spouse may make the election in place of the Plan Member.

For the purposes of determining Final Average Salary, periods during which the Plan Member receives less than full salary on account of injury or illness, pursuant to any applicable ordinance of the City, shall be included in the calculation of Final Average Salary based upon the salary, including any Length of Service Pay, Special Pay, Assignment Pay or Hazard Pay, the Plan Member would have received but for the injury or illness.

Included in the calculation of Final Average Salary shall be Length of Service Pay, Special Pay, Assignment Pay and Hazard Pay actually received during the 12 consecutive months used to determine Final Average Salary. To the extent that Hazard Pay was not received during all or any part of the 12 consecutive months used to determine Final Average Salary, then it shall be included in the calculation of Final Average Salary only if the Plan Member retires at the same rank as that occupied by him or her at a time when Hazard Pay was received during a period or periods other than the 12 months used to determine Final Average Salary, and for each such completed 12 month period during which the Plan Member served at that rank and received Hazard Pay, he or she shall be entitled to have included in the Final Average Salary 10% of the Hazard Pay which would have been payable had the hazardous duty been performed during the period for which the Final Average Salary is calculated except the total amount includable in the Final Average Salary for Hazard Pay may not exceed 100% of the amount the Plan Member would have received had he or she been entitled to Hazard Pay during the entire 12 month period utilized in the calculation of Final Average Salary.

Overtime compensation or payments of money to the member not designated as salary by an ordinance of the City shall not be considered for purposes of calculating Final Average Salary.

Notwithstanding any of the foregoing, if a Retired Plan Member were to be restored to active duty as a Department Member and thereby again were to become a Plan Member and if he or she again were to retire or to be retired without having performed his or her duties for at least one year subsequent to such restoration, which year shall not include any time off from work by reason of any injury or illness which had been caused by or contributed to by any injury or illness which had been sustained or suffered by him or her prior to such restoration, the Final Average Salary which shall be applicable to his or her later retirement shall be the Final Average Salary which had been applicable to his or her previous retirement.

Should a Plan Member not have completed 12 consecutive months of service as a Plan Member, then and in that event only shall the Final Average Salary be calculated as a monthly average of all consecutive calendar months completed, and, if the Plan Member has completed less than one month of total service as a Plan Member, the salary actually received shall be used to calculate its monthly equivalent.

The following provision shall be effective for Plan Members who retire on or after July 1, 2000 from the Fire Department while holding a rank no higher than Captain or from the Police Department holding a rank no higher than Lieutenant. If Hazard Pay was not received during all or any part of the 12 consecutive months used to determine Final Average Salary then an amount equivalent to 10% of the Hazard Pay received at the time of the termination of the last assignment to hazardous duties for each year in the aggregate of the assignment to hazardous duties shall be added to the Final Average Salary, not to exceed ten years in the aggregate. The total amount of Hazard Pay included in Final Average Salary may not exceed 100% of the amount the Plan Member would have received had the Plan Member been entitled to Hazard Pay during the entire 12 month period utilized in the calculation of Final Average Salary.

Sec. 1604. Service Retirement and Vesting.

(a) Normal Retirement. Any Tier 4 Member with 20 years of service or more shall be retired by order of the Board from further active duty as a Department Member either upon the filing of his or her written application or upon the filing of a written request by or on behalf of the head of the department in which he or she is a Department Member, if it shall be determined by the Board to be for the good of such department, other than for a cause or reason which would entitle such Plan Member to a disability pension pursuant to Section 1606, and the Board, if it shall so determine, shall state the cause or reason in its order retiring such Plan Member.

(b) Includable Years of Service. For Tier 4 Members, Years of Service shall include prior service covered under any other Tier of the Fire and Police Pension Plan.

(c) Physical Examination for Employees Age 70 and Over. After a Tier 4 Member has attained the age of 70 years, he or she shall annually submit to an

examination by a regularly licensed, practicing physician selected by the head of his or her department who shall render a written report to such department and to the Board as to whether or not the Plan Member is physically and mentally fit to continue his or her duties as a Department Member. If the Plan Member is found by the Board not to be physically or mentally fit to so continue his or duties, he or she shall be retired effective the first day of the calendar month next succeeding that month in which the physician's report is received by the Board.

(d) Pension Amount. A pension payable pursuant to the provisions of this section shall be paid monthly for life in an amount which shall be equal to 2% of Final Average Salary per Year of Service for up to 20 Years of Service; and for each additional year of service after 20 years, 3% of Final Average Salary per year but the maximum percentage of Final Average Salary payable, regardless of length of service, shall be 70% of such Final Average Salary.

Sec. 1606. Disability Pensions.

(a) Service-Connected Disability. Upon the filing of his or her written application for a disability pension or upon the filing of a written request therefor by or on behalf of the head of the department in which he or she is a Department Member, any Plan Member whom the Board shall determine has become physically or mentally incapacitated by reason of injuries received or sickness caused by the discharge of the duties of such person as a Department Member, and who is incapable as a result thereof from performing his or her assigned duties, or those to which he or she would be assigned within the Plan Member's civil service classification if returned to duty, shall be retired by order of the Board from further active duty as a Department Member.

A Plan Member's incapacity is caused by the discharge of his or her duties if there is clear and convincing evidence that the discharge of the Plan Member's duties is the predominant cause of the incapacity.

A Plan Member retired under the provisions of this subsection shall be paid thereafter a monthly service-connected disability pension in an amount which shall be equal to the same percentage of the Plan Member's Final Average Salary as the Board shall determine, from time to time, to be the percentage of his or her disability. Such pension shall be in an amount of not less than 30% and not more than 90% of the Retired Plan Member's Final Average Salary, but in no case shall the pension be less than the equivalent of 2% of Final Average Salary for each Year of Service of the Retired Plan Member.

No Retired Plan Member, while retired pursuant to this subsection, ever shall be paid any pension pursuant to Section 1604 or subsection (b) of this section.

(b) Nonservice-Connected Disability. Upon the filing of his or her written application for disability pension by a Plan Member who shall have five Years of Service or more, or upon the filing of a written request therefor with respect to such a Plan Member by or on behalf of the head of the department in which he or she is a Department Member, any Plan Member whom the Board shall determine has become physically or mentally incapacitated by reason of injuries or sickness

other than injuries received or sickness caused by the discharge of the duties of such person as a Department Member, and who is incapable as a result thereof from performing his or her assigned duties or those to which he or she would be assigned within the Plan Member's civil service classification if returned to duty, shall be retired by order of the Board from further active duty as a Department Member.

As a further condition of entitlement to such a pension, the Board shall also determine that such disability was not principally due to or caused by voluntary action of the Plan Member intended to entitle him or her to a nonservice-connected disability pension.

A Retired Plan Member, retired under the provisions of this subsection shall be paid thereafter a monthly nonservice-connected disability pension in an amount which shall be equal to the same percentage of the Retired Member's Final Average Salary as the Board shall determine, from time to time, to be the percentage of his or her disability but such pension shall be in an amount of not less than 30% and not more than 50% of the Retired Plan Member's Final Average Salary.

No Retired Plan Member, while retired pursuant to this subsection, ever shall be paid any pension pursuant either to Section 1604 or to subsection (a) of this section.

(c) Determination of Disability. Upon the filing of any written application or request for a disability pension, as referred to in subsections (a) and (b) of this section, the Board: (1) shall cause the Plan Member to be examined by and a written report thereon rendered by at least three regular licensed and practicing physicians selected by it; (2) shall hold a hearing with respect to such application or request; (3) shall receive or hear such other evidence relating to or concerning the Plan Member's disability or claimed disability as may be presented to it. The Board shall have the power to hear and determine all matters pertaining to the granting and denying of any such application or request for a disability pension. The Board first shall determine whether or not the Plan Member is incapable of performing his or her assigned duties or those to which he or she would be assigned within the Plan Member's civil service classification if returned to duty. If the Board were to determine that he or she is not so incapable, it then shall be the duty of the Board to deny the application or request. If the Board were to determine that he or she is so incapable, it then shall determine, pursuant to the language used in subsections (a) and (b) of this section, whether his or her incapacity or disability is service-connected or nonservice-connected. The Board then shall determine the percentage of his or her incapacity or disability, within the limitations prescribed in subsections (a) and (b) of this section, and shall grant the application or request accordingly. If the Board were to determine that the disability is nonservice-connected, and that the incapacity or disability was principally due to or caused by voluntary action by the Plan Member intended to entitle him or her to a nonservice-connected disability pension, it then shall be the duty of the Board to deny the application or request. The Board upon its own

motion or upon the written request of any Retired Plan Member, retired pursuant to subsections (a) or (b) of this section, shall have the power to consider new evidence pertaining to the case of any such Retired Plan Member and to increase or decrease the percentage of his or her incapacity or disability within the limitations prescribed in subsections (a) or (b) of this section but any such increase or decrease shall be based only upon injuries or sickness for which he or she was retired. In the case of any former Plan Member who became such by reason of his or her resignation or discharge as a Department Member, the Board, in order to grant any application filed by him or her for a disability pension, must also determine, in addition to all of the foregoing, that any existing incapacity or disability upon his or her part occurred prior to the termination of his or her active status as a Department Member and had been continuous up to the date of the Board's determinations.

The Board shall adopt by rule, within a reasonable time, a disability rating schedule to assist in standardizing disability pension awards.

(d) Termination of Disability Pensions. The pension of any Retired Plan Member, retired pursuant to subsections (a) or (b) of this section and whose active status as a Department Member had been terminated by reason of his or her retirement, shall cease when the incapacity or disability for which he or she had been retired shall cease and he or she either:

(1) shall have been restored to active duty as a Department Member in the same permanent rank which he or she had held as of the date of retirement; or

(2) shall have been ordered restored to active duty as a Department Member in such same permanent rank and shall have declined, refused or neglected to report therefor or to perform duties as such.

Any former Plan Member who has been retired for more than five years from the date of the Board's action by which he or she was retired may never be restored to active duty as a Department Member. The pension of any Retired Plan Member, retired pursuant to subsections (a) or (b) of this section and whose active status as a Department Member had been terminated by reason of his or her resignation or discharge as such, shall cease when the incapacity or disability for which he or she received a disability pension shall cease. The Board shall have the power to hear and determine upon its own motion all matters pertaining to the termination of any such pension.

After a Retired Plan Member, whose active status as a Department Member has been terminated by reason of his or her retirement, has been retired on a service-connected disability pension or on a nonservice-connected disability pension for five years, and has been found to be no longer disabled, the Board shall adjust such Retired Plan Member's pension to 30% of his or her Final Average Salary. The adjusted pension shall reflect such cost of living adjustments as would have occurred had the Retired Plan Member's pension originally been based on such adjusted percentage.

(e) Periodic Medical Examinations. Except in those instances in which the Board has determined that, due to the nature of the disability, no purpose would be served in having periodic medical examinations to determine whether or not a Retired Plan Member is still disabled, all Retired Plan Members on a disability pension shall undergo medical examinations at periodic intervals, as determined by the Board, for the first five years of their disability retirement. Retired Plan Members who receive service-connected disability pensions exceeding 30% of Final Average Salary and Plan Members who terminated City employment by reason of resignation or discharge prior to being granted a disability retirement, shall thereafter undergo medical examinations as determined by the Board.

If a Retired Plan Member resides outside of the State of California, the Board shall have the authority to order medical examinations of Retired Plan Members at any place it may determine to be desirable and shall, if it is determined that it would impose hardship on the person to be examined to travel to such place, have the authority to defray the reasonable cost of any such travel required.

(f) Assessing Cost for Missed Medical Appointments. The Board shall have the authority to provide, by rule, for assessing the cost of medical appointments missed by disability pension applicants, or by Retired Plan Members on a disability pension, where such missed appointments were not caused by factors beyond the control of the Plan Member or Retired Plan Member.

(g) Re-application After Denial of Disability Pension. The Board shall establish reasonable rules governing the re-application by Plan Members for a disability pension where an application has been denied and a new application has been filed subsequently for the same or similar medical reasons as those which were the basis of a previously denied application.

(h) Transfers Under Civil Service. For a period of one year following the effective date of a Retired Plan Member's disability pension, such Retired Plan Member shall be eligible for status without examination under the provisions of Section 1014 of the Charter in civil service classifications other than those that would entitle him or her to membership in any of the Fire and Police Pension Plans established by this Article; but the provisions of this subsection shall not apply to former Plan Members whose status as Department Members had terminated by reason of resignation or discharge.

(i) Exclusion for Willful Conduct. In making its determinations and findings relative to subsections (a), (b), and (c) of this section, the Board shall consider whether and to what extent the activity giving rise to the disability of a member of the Police Department was caused or aggravated by such member's willful misconduct. If the Board finds that the disability was caused or aggravated by such willful misconduct, the Board shall deny the Plan Member's application for a disability pension. The provisions of this subsection shall be applicable only to those Plan members who became members of the Police Department on or after July 6, 1992.

Sec. 1608. Survivorship Pensions.

(a) Pension for Qualified Surviving Spouse.

(1) Plan Member's Service-Connected Death. The Qualified Surviving Spouse of a Plan Member who shall die by reason of injuries received or sickness caused by the discharge of his or her duties while a Department Member, shall be paid for life a monthly pension in an amount which shall be equal to 75% of the deceased Plan Member's Final Average Salary.

For the purposes of the benefit provided in this subsection (a)(1), a Plan Member has died by reason of injuries received or sickness caused by the discharge of his or her duties if there is clear and convincing evidence that the discharge of the Plan Member's duties were the predominant cause of his or her death.

(2) Plan Member's Nonservice-Connected Death. The Qualified Surviving Spouse of a Plan Member who shall have five or more Years of Service and who shall die while a Department Member, by reason of injuries or sickness other than injuries received or sickness caused by the discharge of his or her duties, shall be paid for life a monthly pension in an amount which shall be equal to 30% of the deceased Plan Member's Final Average Salary, or, if the Plan Member, at the time of death, was then eligible to receive a pension on account of Years of Service, 80% of the amount of such service pension as the Plan Member at the time of his or her death would have been entitled to receive on account of Years of Service whichever is higher but the entitlement of a Qualified Surviving Spouse under the provisions of this subsection (a)(2) may not exceed 40% of the deceased Plan Member's Final Average Salary.

(3) Retired Plan Member's Death While on a Service Pension. The Qualified Surviving Spouse of a Retired Plan Member, who shall die while he or she is receiving a pension pursuant to Section 1604, shall be paid for life a monthly pension in an amount which shall be equal to 60% of the pension received by the deceased Retired Plan Member immediately preceding the date of his or her death. The benefit described in this subsection (a)(3) may be modified as provided in subsection (b) of this section.

(4) Retired Plan Member's Death While on a Service-Connected Disability Pension. The Qualified Surviving Spouse of a Retired Plan Member, who shall die while he or she is receiving a service-connected disability pension pursuant to Section 1606, shall be paid for life a monthly pension in an amount which shall be equal to 60% of the pension received by the deceased Retired Plan Member immediately preceding the date of his or her death, unless the death of the Retired Plan Member occurs within three years after the effective date of his or her pension and is due to service-connected causes, in which case, the qualified Surviving Spouse shall receive, or in a case where an option has been elected pursuant to subsection (b) of this section, may elect to receive, 75% of the Retired Member's Final Average Salary, as modified by the cost of living adjustments made pursuant to Section 1616 of this article since the date of retirement of the Retired Plan

Member. The benefit described in this subsection (a)(4) may be modified as provided in subsection (b) of this section.

(5) Retired Plan Member's Death While on a Nonservice-Connected Disability Pension. The Qualified Surviving Spouse of a Retired Plan Member, who shall die while he or she is receiving a nonservice-connected disability pension pursuant to Section 1606, shall be paid for life a monthly pension in an amount which shall be equal to 60% of the pension received by the deceased Retired Plan Member immediately preceding the date of his or her death. The benefit described in this subsection (a)(5) may be modified as provided in subsection (b) of this section.

(6) Nonservice-Connected Death of Plan Member with Less than Five Years of Service. In the event the Plan Member died of nonservice-connected causes before having completed five years of Service, the Qualified Surviving Spouse of the deceased Plan Member, or his or her Minor or Dependent Children if there is no Qualified Spouse, or his or her Dependent Parents if there is no Qualified Surviving Spouse and no Minor or Dependent Children, shall be entitled to the Basic Death Benefit described in subsection (a)(7) below.

(7) Basic Death Benefit and Election. The Basic Death Benefit shall consist of: (1) the return of a deceased Plan Member's contributions to the Plan with accrued interest thereon; subject, however to the rights created by virtue of the Plan Member's designation of a beneficiary as otherwise provided in this article; and (2) if the deceased Plan Member had at least one year of Service, the deceased Plan Member's Final Average Salary multiplied by the number of completed Years of Service, not to exceed six years; provided that said amount shall be paid in monthly installments of one-half of the deceased Plan Member's Final Average Salary.

A Qualified Surviving Spouse, or a guardian acting on behalf of the Minor or Dependent Children of a deceased Plan Member if there is no Qualified Surviving Spouse, or Dependent Parents if there is no Qualified Surviving Spouse and no Minor or Dependent Children entitled to a pension pursuant to any of the provisions of this section, where benefits are based upon the Plan Member's death in active service, may in lieu of the pension provided and before the first payment of such pension, elect to receive the Basic Death Benefit.

(b) Optional Pensions for Qualified Surviving Spouse. At any time before the first payment of a service pension, a service-connected disability pension, or a nonservice-connected disability pension, the Plan Member may elect to receive, in lieu of his or her pension as provided in Section 1604 or Section 1606, the actuarial equivalent at that time of such pension and of the pension for the Qualified Surviving Spouse as provided in subsection (a) of this section, by electing an optional pension payable throughout the balance of his or her life, with the provisions that upon his or her death such optional pension shall be continued to the Plan Member's Qualified Surviving Spouse in the proportional amount designated by the Plan Member at the time of election of the option provided by this section.

The amount of such optional pension shall be so calculated that the liability of the Fire and Police Pension Plan—Tier 4 at the date of retirement under the optional pension shall be equal to the liability of the Fire and Police Pension Plan—Tier 4 at the same date under the pension awarded in accordance with the provisions of Section 1604 or Section 1606 and of the survivorship pension provided by subsection (a) of this section. For the purpose of this section, the liability of the Fire and Police Pension Plan—Tier 4 is defined as the present value, in accordance with tables adopted by the Board, of the pensions or optional pensions calculated by approved actuarial methods, and recommended by the Board's actuary. In determining the actuarial equivalent of the pension for a Qualified Surviving Spouse as provided pursuant to subsections (a)(3), (4) and (5) of this section, the equivalent of a 60% survivorship pension shall be used in all cases.

The optional amounts, calculated in accordance with the foregoing paragraph, shall provide a range of optional values such that the amount to be paid to the Qualified Surviving Spouse of the Plan Member shall range from 60% to 100% of the pension payable to the Plan Member, varying by increments of 5%.

If a Retired Plan Member, previously retired on a disability pension pursuant to the provisions of Section 1606, should be reinstated to active duty upon termination of his or her disability, the election to receive the optional pension as herein provided, shall be deemed cancelled as of the effective date of such reinstatement.

A Retired Plan Member, previously retired on a disability pension pursuant to the provisions of Section 1606 and whose pension has subsequently been adjusted as provided for in Section 1606, shall have the right to cancel any option previously elected by him or her pursuant to the provisions of this subsection.

The Board shall by rule provide for a method in which the election to receive an optional pension shall be exercised.

(c) Additional Pension Amounts. Whenever any Plan Member or Retired Plan Member shall die and leave surviving him or her, in addition to a Qualified Surviving Spouse, a Minor Child or Children or a Dependent Child or Children of his or her marriage to the Qualified Surviving Spouse, then such Qualified Surviving Spouse, shall be paid an additional monthly pension in an amount which shall be equal to 25% of the pension he or she as a Qualified Surviving Spouse would be entitled to pursuant to the provisions of subsection (a) of this section while there is one Minor Child or Dependent Child, 40% while there are two Minor Children or Dependent Children or a combination thereof, and 50% while there are three or more Minor Children or Dependent Children or a combination, and such additional monthly pension shall be the exclusive property of such Qualified Surviving Spouse and not the property of any such Minor Child or Dependent Child. Whenever any Plan Member or Retired Plan Member shall die and leave surviving him or her in addition to a Qualified Surviving Spouse, a Minor Child or Children or a Dependent Child or Children of his or her marriage to a former spouse, then the guardian or guardians of the estate or estates of any such Minor

Child or Children or Dependent Child or Children shall be paid a monthly pension in an amount which shall be equal to 25% of the pension the Qualified Surviving Spouse would be entitled to pursuant to the provisions of subsection (a) of this section while there is one Minor Child or Dependent Child, 40% while there are two Minor Children or Dependent Children or a combination, and 50% while there are three or more Minor Children or Dependent Children or a combination.

Whenever any Plan Member or Retired Plan Member shall die and leave surviving him or her, in addition to a Qualified Surviving Spouse, a Minor Child or Children or a Dependent Child or Children of his or her marriage to the Qualified Surviving Spouse and a Minor Child or Children or a Dependent Child or Children of his or her marriage to a former spouse, then a monthly pension shall be paid in an amount which shall be equal to 25% of the pension the Qualified Surviving Spouse would be entitled to pursuant to the provisions of subsection (a) of this section while there is one (1) Minor Child or Dependent Child, 40% while there are two (2) Minor Children or Dependent Children or a combination, and 50% while there are three (3) or more Minor Children or Dependent Children or a combination. The amount of such monthly pension shall be divided by the number of Minor Children or Dependent Children and shall be adjusted accordingly whenever any Minor or Dependent Child shall cease to be such. The Qualified Surviving Spouse shall be paid the portion of such monthly pension which shall be applicable to the number of his or her Minor Children or Dependent Children and the same shall be her or his exclusive property. The guardian or guardians of the estate or estates of the Minor Children or Dependent Children who are not those of the Qualified Surviving Spouse shall be paid the portion of such monthly pension which shall be applicable to such Minor Children or Dependent Children and the same shall be the exclusive property of such children.

The additional pension amounts provided in this subsection for persons other than a Qualified Surviving Spouse are to be calculated on the basis of the applicable Qualified Surviving Spouse pension provided pursuant to subsection (a) of this section, unmodified by any election that may previously have been made pursuant to the provisions of subsection (b) of this section.

Additional pension amounts are also subject to the limitation that the amount of any survivorship pension provided in this section, after the additional payments provided in this subsection are added thereto, may not exceed 100% of the Final Average Salary of the deceased Plan Member or 100% of the Final Average Salary of the Retired Plan Member, as modified by the cost of living adjustments made pursuant to Section 1616 of this Tier 4 since the date of retirement of the Retired Plan Member. In case of such excess, any additional pension amounts shall be reduced to a level where the total amount of pension is equal to such maximum.

(d) Reinstatement of Pension of Reinstated Qualified Surviving Spouse. Subject to Section 1208 of the General Provisions for Fire and Police Pension Plans, any Qualified Surviving Spouse, who shall marry and thereby cease to be

a Qualified Surviving Spouse, shall be reinstated as a Qualified Surviving Spouse as of:

(1) the date upon which a judgment or decree shall become final dissolving such marriage upon any ground or declaring a void or voidable marriage to have been null and void or voided but such date shall be within five years from the date of the marriage ceremony; or

(2) the date upon which such marriage shall be dissolved by the death of the other party thereto but such date shall be within five years from the date of the marriage ceremony. Such reinstated Qualified Surviving Spouse shall be entitled to the reinstatement of his or her pension effective as of either such date, which shall be applicable, but shall not be entitled to the payment of any pension for the period prior to such applicable date and subsequent to the date of the marriage ceremony. The pension paid to any other persons entitled under the provisions of the Fire and Police Pension Plan—Tier 4 during the period of the marriage or purported marriage of such reinstated Qualified Surviving Spouse shall cease when his or her pension shall be reinstated, except as otherwise provided in subsection (c) of this section. However, should such reinstated Qualified Surviving Spouse thereafter be a party to another marriage ceremony, his or her pension shall cease and never again shall be reinstated regardless of whether such marriage ceremony shall result in a valid marriage or in a voidable or void marriage and whether or not the same legally shall be terminated.

(e) Pension for Minor or Dependent Children. Whenever any Plan Member or Retired Plan Member shall die without leaving a Qualified Surviving Spouse, the guardian of the estate of his or her Minor or Dependent Children shall be paid, until each such child shall cease to be a Minor or Dependent Child, a monthly pension equal to the pension a Qualified Surviving Spouse would have been eligible to receive pursuant to subsection (a) of this section had a Qualified Surviving Spouse survived such Member. Whenever any Plan Member or Retired Plan Member shall die leaving a Qualified Surviving Spouse who thereafter shall die or who thereafter shall cease to be a reinstated Qualified Surviving Spouse, the guardian of the estate of his or her Minor or Dependent Children shall be paid, until each such child shall cease to be a Minor or Dependent Child, a monthly pension equal to the pension a Qualified Surviving Spouse would have been eligible to receive pursuant to subsection (a) of this section. In any of the foregoing events and if there were to be more than one Minor or Dependent Child, an equal share of such monthly pension shall be paid for and on behalf of each such child to the guardian of his or her estate and shall be adjusted as each of them shall cease to be a Minor or Dependent Child in the manner set forth in subsection (c) of this section. If payments are made pursuant to this subsection (e), no additional pension amounts shall be paid pursuant to subsection (c) of this section.

(f) Pension for Dependent Parents. Whenever any Plan Member or Retired Plan Member shall die without leaving a Qualified Surviving Spouse or a Minor or Dependent Child, a monthly pension shall be paid to such Dependent Parents

or to the survivor of them until each such Dependent Parent shall cease to be such. Any Dependent Parent who shall cease to be such but who thereafter again shall become unable to pay his or her necessary living expenses without a pension shall be entitled to have his or her pension reinstated.

The total amount of a pension payable to the Dependent Parents shall be the same as that to which a Qualified Surviving Spouse would have been entitled pursuant to subsection (a) of this section.

(g) Determinations With Respect to Cause of Death and Dependency. The Board shall have the same power as that which has been given to it by Section 1606(c) and (d) in order to determine:

(1) the fact whether a Plan Member's death was service-connected or nonservice-connected for the purposes of Section 1608(a)(1) and (2);

(2) the fact of whether or not a child of a deceased Plan Member or Retired Plan Member is a Dependent Child; and

(3) whether or not any parent of a deceased Plan Member or Retired Plan Member is a Dependent Parent.

The Board also shall have the power to determine, from time to time, the fact of whether or not a child continues to be a Dependent Child, the fact of whether or not a parent continues to be a Dependent Parent and the fact of whether or not a Dependent Parent who had ceased to be such thereafter shall have become entitled to have his or her pension reinstated.

(h) Medical Reports and Hearings. The power of the Board to determine the fact of whether a Plan Member's death was service-connected or nonservice-connected, as provided in subsection (g) of this section, hereafter may be exercised by it upon the basis of a written report from one regularly licensed and practicing physician selected by it but the Board, in its discretion, may obtain such a report from more than one such physician. The determination hereinbefore referred to in this subsection may, at the option of the Board, be made without a hearing being held pursuant to the provisions of subsection (g) of this section.

(i) Distribution of Contributions. Whenever a Plan Member dies without leaving a person or persons entitled to receive a pension pursuant to the provisions of this section, then, and in that event, his or her contributions to the Plan, together with such interest as may have been credited to the Plan Member's individual account shall be paid to such person as he or she shall have nominated by written designation duly executed and filed with the Board. In the event there is no written designation of beneficiary, surviving spouse, children or parents, then the contributions shall be paid to the executor or administrator of the estate of such deceased Plan Member, or to any other person legally authorized to collect money due the decedent.

Sec. 1610. Tier 4 Pension Funds.

(a) Creation of Funds. Two entirely separate and distinct funds hereby are created and established for the payment of pension benefits pursuant to this Tier 4, for the payment of certain other benefits as may be authorized by ordinance

pursuant to the enabling provisions of this Tier 4 and for the payment of the administrative expenses of the Fire and Police Pension Plan—Tier 4, one of which shall be known as the "Fire and Police Tier 4 Service Pension Fund" and the other of which shall be known as the "Fire and Police Tier 4 General Pension Fund."

(b) Fire and Police Tier 4 Service Pension Fund. The Fire and Police Tier 4 Service Pension Fund shall consist of:

(1) deductions made pursuant to Section 1614, from the salaries of Plan Members;

(2) all contributions and donations to the Fire Department or to the Police Department for services by any Plan Members, except amounts of money donated to provide for any medal or permanent competitive award;

(3) all fines imposed upon Plan Members for violations of rules and regulations of the respective department in which they are Department Members;

(4) proceeds from the sale of unclaimed property as determined by the Board; and

(5) all interest, earnings and profits resulting from investments of such monies.

(c) Fire and Police Tier 4 General Pension Fund. The Fire and Police Tier 4 General Pension Fund shall consist of:

(1) all monies appropriated to the fund by the Council; and

(2) all interest, earnings and profits resulting from investment of such monies.

(d) Use of Funds. The monies in the Fire and Police Tier 4 Service Pension Fund shall be used, other than for the investment thereof, exclusively for the payment of service pensions granted pursuant to Section 1604 and for the refund of contributions as provided in this Tier 4. The monies in the Fire and Police Tier 4 General Pension Fund shall be used, other than for the investment thereof, exclusively for the payment of all pensions other than service pensions, such benefits as may be provided by ordinance adopted pursuant to the enabling provisions contained in this Tier 4 and of all administrative expenses of the Fire and Police Tier 4 Pension Plan.

(e) Authorized Transfer Between Funds. In the event that the money in the Fire and Police Tier 4 Service Pension Fund should be insufficient, at any time, to pay all service pensions, then the Board shall have the power and authority to cause the Controller to transfer to the fund sufficient money therefor from the Fire and Police Tier 4 General Pension Fund. In no other event shall any of the money in either of the funds be commingled with any money in the other fund.

(f) Benefits Shall Be a General Obligation of the City. The obligation to pay benefits pursuant to this Tier 4 shall be a general obligation of the City.

Sec. 1612. Actuarial Determinations and Tier 4 Unfunded Liabilities.

(a) Actuarial Standards. The Fire and Police Pension Plan—Tier 4 shall be maintained on a reserve basis which, for the purposes of this Tier 4, shall mean one which provides for the accumulation and maintenance of the Fire and Police Tier 4 Service Pension Fund and the Fire and Police Tier 4 General Pension Fund

which together will at all times be equal to the difference between the present value of the obligations assumed and the present value of the monies to be received for paying such obligations, where such present values are estimated in accordance with accepted actuarial methods and on the basis of an assumed rate of interest and the mathematical probabilities of the occurrence of such contingencies as affect both the payment of the assumed obligations and the receipt of monies with which they are to be paid in accordance with the provisions of Sections 1210(b)(4) and 1614.

(b) Actuarial Valuations. The Board shall secure an actuarial valuation showing the cost of maintaining the plan and funds on such reserve basis and, at intervals of not to exceed five years, shall cause to be made an actuarial investigation including, but not limited to, the mortality, service and salary experience of the Plan Members and other beneficiaries and shall further cause to be made annually an actuarial valuation of the assets and liabilities of the funds.

The Board, from time to time and with the advice of the investment counsel, shall establish such an assumed rate of interest for the purpose of actuarial valuations, as in its judgment seems proper in the light of the experience and prospective earnings on the investment of the funds.

(c) Retention of Actuary. The Board shall retain a competent consulting actuary for the purpose of making the necessary actuarial studies, reports, investigations and valuations and shall, with the advice of the actuary, adopt such actuarial assumptions as shall be necessary.

(d) Accounting for Unrealized Profits and Losses. With the advice of the consulting actuary and of the investment counsel, the Board, for the purpose of the actuarial valuations, may provide by rule for the manner and the extent to which any unrealized profits or losses in the equity type investments of the funds shall be taken into account.

(e) Unfunded Liabilities. The unfunded liabilities of the Fire and Police Pension Plan—Tier 4 shall be funded in accordance with the actuarial funding method adopted by the Board upon the advice of its consulting actuary. Any unfunded liabilities resulting from amendment of the provisions of this Tier 4 or by ordinance as authorized by this Tier 4 shall be amortized over a 30 year period. Actuarial experience gains and losses shall be amortized over a 15 year period.

Sec. 1614. Member Contributions—Tier 4.

(a) Contribution Amount. Each Plan Member shall contribute to the Fire and Police Pension Plan—Tier 4 by salary deduction at the rate of 8% of the amount of his or her salary, except that further contributions to the Plan shall not be required from a Plan Member who has served as a Plan Member more than 30 years.

For purposes of determining the amount of the deduction, Salary shall mean those elements of a Plan Member's compensation which would be included in calculating Final Average Salary. The administrative head of the Fire Department or the Police Department shall cause to be shown on each and every payroll of such department a deduction of 8% of the amount of salary of each Plan Member whose name appears thereon.

(b) Member Accounts. The Board shall maintain an individual account of the contributions by or for each Plan Member, as hereinabove provided. Regular interest shall be credited to such individual accounts as of the last day of June and December of each year at such rate as the Board may deem proper in light of the Fire and Police Pension Plan's earnings, exclusive of profits and losses on principal heretofore or hereafter resulting from sales of securities. No such interest shall be credited at any other time or to the individual account of any person who is not a Plan Member but such interest shall be credited to the individual account of a Plan Member whose employment is terminated for any reason for any period of service between the next preceding last day of June or December and the end of the pay period preceding the date of such termination at the rate at which regular interest was last credited to Plan Members' individual accounts.

(c) Payroll Deduction. Each Plan Member shall be deemed to consent and agree to each deduction made as provided for herein and the payment of each payroll check to such Plan Member shall be a full and complete discharge and acquittance of all claims and demands whatever for the services rendered by each member during the period covered by such payroll, except such claims as such Plan Member has to the benefits or payments provided for in this Tier 4.

(d) No Right to Refund of Contributions. Tier 4 Plan Members shall not be entitled to a refund of contributions upon termination of employment. Every person hired prior to July 1, 1997 who makes an irrevocable election in writing to receive benefits under Tier 4 shall not be entitled to a refund of contributions made prior to or after such election upon termination of employment.

Survivors of deceased members of Tier 4 shall be eligible for a refund of a deceased Tier 4 member's contributions only in accordance with the Basic Death Benefit as provided in Section 1608(a)(7). Interest on contributions paid under the Basic Death Benefit shall be credited in accordance with the provisions described in Section 1614.

(e) Assuring Full Member Contributions. The Board shall have rule-making authority to insure that the Fire and Police Pension Plan—Tier 4 receives member contributions for all periods of credited service, except that the Board shall not have authority to require contributions for service credit for military service and for periods while a Plan Member is receiving a disability pension, or full pay for Injury On Duty. Plan Members, however, may elect to make contributions for periods of Injury On Duty compensated at the rate provided by general law in order to acquire credit for Years of Service for such period. Such contributions shall be at the contribution rate herein provided and shall be based on the salary the Plan Member would have received if he or she had not occupied Injury On Duty status.

Sec. 1616. Cost of Living Adjustments.

(a) Determination of Cost of Living Adjustments. The Board, before May 1 of each year commencing with the year 1981, shall determine the percentage of the annual increase or decrease in the cost of living as of March 1 of that year

from March 1 of the preceding year as shown by the Consumer Price Index for All Urban Consumers as published by the Bureau of Labor Statistics or such other index as the Federal Government may develop to replace the All Urban Consumers Index for the area in which the City is located. If any such index were not to reflect the cost of living as of a particular March 1, then the index for the closest preceding date shall be used.

(b) Annual Cost of Living Adjustments. Commencing as of July 1 of the year in which the Board shall determine the percentage of increase or decrease in the cost of living, the monthly amounts of all pensions granted pursuant to the provisions of this Tier 4, shall be increased or decreased by reason of such determined percentage of increase or decrease in the cost of living, not to exceed an increase or decrease of 3% in any given year. Pensions which became payable before July 1, but subsequent to the preceding July 1, will be adjusted on a prorated basis whereby one-twelfth of the annual adjustment shall be applied for each completed month since such pension commenced.

In no event shall pensions adjusted hereunder ever be decreased below the amount received by the Beneficiary when such pension first became payable to him or her.

(c) Discretionary Cost of Living Adjustments. To the extent that the annual cost of living adjustments provided by subsection (b) hereof are less than the annual change in the cost of living as determined in subsection (a) hereof, the Council may grant discretionary cost of living adjustments, in addition to the annual cost of living adjustments provided by subsection (b) hereof, subject to the following conditions and requirements:

(1) No More Than Every Three Years. Discretionary adjustments may not be provided more frequently than once every three years, counting from the effective date of this section and, after a discretionary adjustment has once been made, counting from the date the last discretionary adjustment became effective.

(2) Limit of Adjustments. Discretionary adjustments shall not exceed one-half of the difference between the percentage of the annual increases in the cost of living, as determined pursuant to the provisions of subsection (a) of this section, and the annual adjustments made pursuant to subsection (b) of this section for each of the preceding three years. Discretionary adjustments shall be allocated to each of the three years for which an adjustment is made.

(3) Pensions Eligible for Adjustment. Discretionary adjustments herein provided shall be applied to pensions granted pursuant to Sections 1604, 1606 and 1608 subject to the following limitations: If a pension became payable on or after July 1 immediately preceding the effective date of such adjustment, it shall not be so adjusted; and any pension which shall have become payable at a time within the three year period (but prior to the immediately preceding July 1), shall be prorated on a monthly basis to the number of completed months for which the pension was received, provided that pensions paid pursuant to Section 1608(a)(3), (4) or (5), or Section 1608(c), (e) or (f), shall be adjusted by basing eligibility on the date upon which the Retired Plan Member's pension became effective.

(4) Report to Council Prior to Adoption by Ordinance. Discretionary cost of living adjustments may be provided only by ordinance. Ordinances providing discretionary adjustments may not be finally adopted until the Council has first obtained and published a report from the actuary or actuaries of the Fire and Police Pension Plan—Tier 4 indicating the present value of the liabilities that will be created by the proposed discretionary adjustment. This report must identify the annual funding cost of amortizing this liability over a 30 year period utilizing the funding procedure adopted by the Board.

(5) Vote by Council. Ordinances adopted pursuant to this subsection must be by not less than two-thirds of the membership of the Council, subject to the veto of the Mayor and re-adoption by the Council by not less than three-fourths of the membership of Council. No such ordinance may be finally adopted by the Council until the expiration of at least 30 days after its first presentation to the Council, nor until after a public hearing has been held thereon. Ordinances adopted pursuant to this subsection, shall be published no later than November 30, and shall become effective January 1.

(6) Prospective Application. All adjustments provided in this subsection are to be applied prospectively only and shall not be understood to permit retroactive adjustments of pensions.

Sec. 1618. Provision of Certain Subsidy Payments by Ordinance.

(a) Purpose of this Section. It is the purpose of this section to enable the Council to provide by ordinance a program or programs whereby persons receiving pensions pursuant to the provisions of this Tier 4 may become eligible to have subsidy payments made on their behalf for health insurance, accident insurance, life insurance or health care plan coverage or coverage for any combination of such programs as determined by the Council and subject to such conditions of entitlement as may be set forth in any ordinance adopted in accordance with the provisions of this section.

(b) Mode of Adoption of Ordinance. Ordinances adopted pursuant to this section must be approved by not less than two-thirds of the membership of the Council, subject to the veto of the Mayor and readoption by the Council by three-fourths of the membership of the Council. No such ordinance may be finally adopted by the Council until the expiration of at least 30 days after its first presentation to the Council, nor until after a public hearing has been held thereon. Any ordinance adopted pursuant to this section shall go into effect upon its publication, but the terms of such ordinance, or portions thereof, may be operative at a later date or dates.

(c) Limitations on Council's Authority. An ordinance adopted pursuant to this section may not provide for subsidy payments for any individual, the total amount of which, including subsidy payments from a City fund or funds other than those created under Section 1610, would be in excess of the maximum available subsidy payment for beneficiaries under the provisions of any ordinance adopted pursuant to the authority of Section 1168 of the Charter, nor may such subsidy payments be in excess of any amounts allowed active members of the Tier 4 System.

(d) Administration of Subsidy Program. Any subsidy program adopted by ordinance pursuant to this section shall be administered by the Board. In furtherance thereof, the Board shall have the authority to contract for suitable programs as defined in subsection (a), to be made available to retired members or other beneficiaries, and shall have the power to adopt such rules as it deems necessary to administer such programs. Notwithstanding the foregoing provisions, the Board may authorize the Personnel Department to administer any program or part thereof established by ordinance pursuant to the provisions of this section, but the Board shall reimburse the General Fund of the City of Los Angeles for all necessary expenses incurred by the Personnel Department in administering these programs.

(e) Adjustment of Subsidy Amount. The Board, in its discretion, may by resolution increase or decrease the amount of subsidy payments to reflect changes in subsidies provided for active members, or to offset any increases or decreases in the level of benefits referred to in subsection (a) of this section or the cost thereof as a result of changes in existing benefits or the addition of newly created benefits by federal or state funded programs.

Sec. 1620. Compliance with Certain Internal Revenue Code Provisions.

(a) Notwithstanding any other provisions of this Tier 4, the benefits payable to any person who became a Plan Member prior to January 1, 1990, shall be subject to the greater of the following limitations:

(1) the limitations set forth in Section 415 of the Internal Revenue Code; or

(2) the accrued benefit of the Plan Member of the Fire and Police Pension Plan (determined without regard to any amendment to the Plan made after October 14, 1987), as provided in Section 415(b)(10)(A) of the Internal Revenue Code.

(b) The benefits payable to any person who becomes a Plan Member on or after January 1, 1990, shall be subject to the limitations set forth in Section 415 of the Internal Revenue Code.

(c) The Council shall, by ordinance, provide such benefits as are necessary to preserve the level of benefits in effect prior to the effective date of this section.

(d) Should it be determined that the provisions of Charter Section 1608(a)(1) violate the limitations of Section 415 or the incidental death benefit provisions of the Internal Revenue Code, Section 1608(a)(1) shall be deemed inapplicable to the extent necessary to achieve compliance. The Council shall by ordinance, adopt such measures as are necessary to achieve compliance and to preserve the level of benefits in effect prior to the effective date of this section.

(e) Ordinances adopted pursuant to this section shall be adopted in the same manner as those authorized by Charter Section 1618, except any ordinances adopted shall be effective upon publication.

(f) If any of the provisions of Section 415 of the Internal Revenue Code should be repealed, the provisions of this section shall be deemed repealed to the same extent.

(g) All benefits provided pursuant to any ordinance adopted under the provisions of subsection (e) shall be administered by the Board. A separate and distinct fund or funds shall be created by the Board as required to administer such benefits. Such fund or funds shall not contain employee contributions. The Board shall also determine the manner of funding any liabilities incurred as a result of ordinances adopted pursuant to this section.

Sec. 1622. Compensation Limits.

(a) For members hired on or after July 1, 1996, the Final Average Salary taken into account to determine the benefits provided by Tier 4 shall not exceed the annual limit set forth in Section 401(a)(17) of the Internal Revenue Code and regulations thereunder for any Plan Year. This annual compensation limitation shall be adjusted automatically for each Plan Year to the amount prescribed by the Secretary of the Treasury or the Secretary's delegate. For purposes of this section, the family aggregation rules of Section 414(q)(6) of the Internal Revenue Code shall apply; provided that "family" shall include only the Member's spouse and lineal descendants who have not yet attained age 19 by the last day of the Plan Year.

(b) If any of the limitations of Section 401(a)(17) or Section 414(q)(6) should be repealed, the provisions of this section shall be deemed repealed to the same extent.

Sec. 1624. Council Authority to Maintain Tax-Qualified Status of Plan.

The Council may, by ordinance, amend the Fire and Police Pension Plan—Tier 4 to incorporate provisions of federal laws and regulations required to maintain the tax-qualified status of the Fire and Pension Plan—Tier 4. The Council also may enact ordinances to modify or repeal such provisions. Ordinances adopted pursuant to this section shall be adopted in accordance with Charter Section 1618. It is the intent of this section to facilitate compliance with the provisions of federal laws affecting the Fire and Police Pension Plan—Tier 4.

Sec. 1626. Miscellaneous Provisions.

Notwithstanding any other provision of this Tier 4, the provisions of this section shall be controlling to the extent there is a conflict with another provision.

(a) Service or Disability Pensions for Former Plan Members. Any former Plan Member who shall believe that he or she is eligible to be paid a pension pursuant to Section 1604 or 1606 of this Tier 4, may file his or her written application for the payment of a pension pursuant to either one of the sections within the time prescribed for the filing thereof by any applicable provision of law, and the Board, if it were to determine that the contingencies provided in this Tier 4 for the payment thereof had happened or occurred as to such former Plan Member and if there is no legal bar or defense to the granting to him or her of such pension or to any judicial action or proceeding which could be brought by him or her with respect thereto, shall grant him or her the pension in accordance with his or her written application.

(b) Adoption of Board Rules to Comply with Federal or State Law. If at any time after December 8, 1980, federal or state law should become preemptive or controlling with respect to the provisions of this Tier 4, the Board shall have the power to adopt such rules as may be necessary to comply with such federal or state law. Such rules shall be adopted upon the advice and with the concurrence of the City Attorney.

(c) Payroll Deductions and Years of Service Credit for Overtime. Whenever a Plan Member, for overtime work, shall take a period of time off with pay:

(1) a deduction for pension purposes shall be made from such pay but only in the same amount as that which would have been deducted from his or her salary if such period had been one of regular work; and

(2) such period shall be part of his or her Years of Service.

Whenever a Plan Member, for overtime work, shall receive a cash payment:

(1) a deduction for pension purposes shall not be made from such payment; and

(2) the period of overtime work for which he or she shall receive such payment shall not be part of his or her Years of Service.

(d) Coordination with Deferred Compensation Plan. In the event the City establishes a deferred compensation system applicable to the members of the Fire and Police Pension Plan—Tier 4, the Board shall prescribe rates of contributions and benefits so that the interest of the City in protecting the Plan and the interest of the Plan Members in pension benefits are protected when compared with contributions and benefits which would have been received had deferred compensation not been instituted.

Sec. 1628. Social Security Participation.

(a) Implementation Procedure for Social Security Participation. Should Social Security participation be mandated or made available to Plan Members by federal legislation amending the Social Security Act or by action taken by the City or by Plan Members as provided by law, the following provisions shall govern the manner in which such participation by Plan Members is to be implemented and the limitations hereinafter set forth shall be controlling unless federal law is contrary to these provisions, is in conflict therewith and is clearly intended to be preemptive. Should applicable provisions of federal law in any respect differ from the provisions contained in this section and should they be determined to be preemptive as to any part thereof, then and in that event, those provisions of this section not affected by such federal law shall remain in full force and effect.

(b) Council Authority to Coordinate Benefits and Contributions. As to the rights and entitlement to benefits of Plan Members participating in such Social Security coverage, the Council shall have the power and authority, subject to the veto of the Mayor, to adopt ordinances modifying the benefits and conditions of entitlement provided in this Tier 4, including adjustments of Plan Member contributions to the Fire and Police Pension Plan—Tier 4 as hereinafter more specifically provided and subject to the limitations stated herein.

(c) Supermajority Vote Required. Ordinances adopted pursuant to this section must be approved by not less than two-thirds of the membership of the Council, subject to the veto of the Mayor and re-adoption by the Council by a vote of not less than three-fourths of the membership of Council. No such ordinance may be finally adopted by the Council until the expiration of at least 30 days after its first presentation to the Council, nor until after a public hearing has been held thereon. Any ordinance adopted pursuant to this section shall go into effect upon publication.

(d) Integration of Social Security and Pension Plan. Any participation in Social Security coverage shall be by integration with the benefits provided by this Tier 4 and shall not be in addition to the benefits provided in the Fire and Police Pension Plan—Tier 4. Integration is to be defined in harmony with the provisions of the Social Security Act and must be in substantial compliance with the rules and regulations governing the Act. Benefits provided by an integrated system must be at least equal to the benefits offered by the Fire and Police Pension Plan—Tier 4 prior to such integration. The level of integration may be periodically adjusted by the Mayor and Council, to ensure an adequate level of integration.

(e) Minimum Plan Member Contributions. Plan Members participating in Social Security shall have their contributions to the Fire and Police Pension Plan reduced but Plan Members must contribute at least 2% of salaries to the integrated Fire and Police Pension Plan—Tier 4.

Sec. 1630. Inoperability of Tier 4.

Should it be determined that the provisions of Tier 4 violate any federal or state laws or the Internal Revenue Code, which render either of such sections inoperative, then Tier 4 shall become inoperative and service retirement benefits and vesting as provided in Section 1504 of Tier 3, and contributions of Plan Members as provided in Section 1514 of Tier 3 shall become operative in their place to the extent allowed by law. If the provisions of Sections 1514 and 1504 of Tier 3 cannot be fully reinstated, then modifications required to comply with changes in the law shall be made by ordinance, adopted in accordance with Section 1624.

AMENDMENTS TO THE CHARTER

(1) Section 241 of the Charter shall be amended to provide: "The City Council shall consist of 21 members, elected by districts as provided elsewhere in the Charter."

(2) Section 241 of the Charter shall be amended to provide: "The City Council shall consist of 25 members, elected by districts as provided elsewhere in the Charter."

Certified to be a true copy by John Ferraro, President of the City Council, and Konrad Carter, Clerk.

Date of Municipal Election: June 8, 1999.

Charter Chapter 6—City and County of San Francisco

Amendments to the Charter of the City and County of San Francisco

[Filed with the Secretary of State December 15, 1999.]

Section 2.111 is repealed in its entirety.

Section 4.117 is repealed in its entirety.

Section 4.116 is repealed in its entirety, effective July 1, 2002.

Section 13.110 is amended to read as follows:

SEC. 13.110. ELECTION OF SUPERVISORS.

(a) The members of the board of supervisors shall be elected by district as set forth in this section.

(b) The city and county shall be divided into 11 supervisorial districts as set forth in this section. Beginning with the general municipal election in 2000, and until new districts are established pursuant to this section, these districts shall be used for the election or recall of the members of the board of supervisors, and for filling any vacancy in the office of member of the board of supervisors by appointment. Once new districts are established, those districts shall be used for the same purposes. No change in the boundary or location of any district shall operate to abolish or terminate the term of office of any member of the board of supervisors prior to the expiration of the term of office for which such member was elected or appointed.

(c) The 11 supervisorial districts shall be bounded and described as follows:

FIRST SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the point of intersection of the shoreline of the Pacific Ocean and a straight-line extension of Lincoln Way; thence easterly along Lincoln Way to Arguello Boulevard; thence northerly along Arguello Boulevard to Kezar Drive; thence easterly along Kezar Drive to Waller Street; thence easterly along Waller Street to Stanyan Street; thence northerly along Stanyan Street to Fulton Street; thence easterly along Fulton Street to Parker Avenue; thence northerly along Parker Avenue to Lone Mountain Terrace; thence westerly along Lone Mountain Terrace to Stanyan Boulevard; thence northerly along Stanyan Boulevard to Geary Boulevard; thence westerly along Geary Boulevard to Arguello Boulevard; thence northerly along Arguello Boulevard to Lake Street; thence westerly along Lake Street to Twenty-Seventh Avenue; thence southerly along Twenty-Seventh Avenue to California Street; thence westerly along California Street to its point of intersection with the eastern boundary of Lincoln Park; thence northerly along said boundary to the shoreline of the Pacific Ocean; thence westerly and southerly along said shoreline to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

SECOND SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the point of intersection of the shoreline of the Pacific Ocean and the eastern boundary of Lincoln Park; thence southerly along said boundary to California Street; thence easterly along California Street to Twenty-Seventh Avenue; thence northerly along Twenty-Seventh Avenue to Lake Street; thence easterly along Lake Street to Arguello Boulevard; thence southerly along Arguello Boulevard to Geary Boulevard; thence easterly along Geary Boulevard to Stanyan Boulevard; thence southerly along Stanyan Boulevard to Lone Mountain Terrace; thence easterly along Lone Mountain Terrace to Parker Avenue; thence southerly along Parker Avenue to Fulton Street; thence easterly along Fulton Street to Masonic Avenue; thence northerly along Masonic Avenue to Turk Boulevard; thence easterly along Turk Boulevard to St. Joseph's Avenue; thence northerly and northwesterly along St. Joseph's Avenue to Geary Boulevard; thence westerly along Geary Boulevard to Presidio Avenue; thence northerly along Presidio Avenue to California Street; thence easterly along California Street to Laguna Street; thence southerly along Laguna Street to Geary Boulevard; thence easterly along Geary Boulevard to the center point of the intersection of Geary Boulevard and Starr King Way; thence southeasterly and easterly along Starr King Way to Van Ness Avenue; thence northerly along Van Ness Avenue to Green Street; thence easterly along Green Street to Leavenworth Street; thence northerly along Leavenworth Street and a northerly straight-line extension thereof to the point of intersection with the shoreline of San Francisco Bay; thence generally westerly and southerly along said shoreline to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

THIRD SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the point of intersection of a northerly straight-line extension of Leavenworth Street and the shoreline of San Francisco Bay; thence easterly and southerly along said shoreline to the point of intersection with a northeasterly straight-line extension of Mission Street and including all piers north of said intersection; thence southwesterly along said straight-line extension of Mission Street to the Embarcadero; thence northwesterly along the Embarcadero to the intersection with a northeasterly straight-line extension of Market Street; thence southwesterly along Market Street to Sutter Street; thence westerly along Sutter Street to Van Ness Avenue; thence northerly along Van Ness Avenue to Green Street; thence easterly along Green Street to Leavenworth Street; thence northerly along Leavenworth Street and a straight-line extension thereof to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

FOURTH SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the point of intersection of the shoreline of the Pacific Ocean and a straight-line extension of Lincoln Way; thence easterly along Lincoln Way to Nineteenth Avenue; thence southerly along Nineteenth Avenue to Sloat Boulevard; thence westerly along Sloat Boulevard and a straight-line extension thereof to the point of intersection with the shoreline of the Pacific Ocean; thence northerly along said shoreline to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

FIFTH SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the point of intersection of Lincoln Way and Nineteenth Avenue; thence easterly along Lincoln Way to Arguello Boulevard; thence northerly along Arguello Boulevard to Kezar Drive; thence easterly along Kezar Drive to Waller Street; thence easterly along Waller Street to Stanyan Street; thence northerly along Stanyan Street to Fulton Street; thence easterly along Fulton Street to Masonic Avenue; thence northerly along Masonic Avenue to Turk Boulevard; thence easterly along Turk Boulevard to St. Joseph's Avenue; thence northerly and northwesterly along St. Joseph's Avenue to Geary Boulevard; thence westerly along Geary Boulevard to Presidio Avenue; thence northerly along Presidio Avenue to California Street; thence easterly along California Street to Laguna Street; thence southerly along Laguna Street to Market Street; thence southwesterly along Market Street to Duboce Avenue; thence westerly along Duboce Avenue to Buena Vista Avenue East; thence southwesterly along Buena Vista Avenue East to Buena Vista Avenue West; thence northerly along Buena Vista Avenue West to Frederick Street; thence westerly along Frederick Street to Ashbury Street; thence southerly and southwesterly along Ashbury Street to Clayton Street; thence southerly along Clayton Street to Twin Peaks Boulevard; thence southwesterly along Twin Peaks Boulevard to Clarendon Avenue; thence westerly along Clarendon Avenue and a straight-line extension thereof to Stanyan Street; thence northerly along Stanyan Street to the intersection of Stanyan Street and Seventeenth Street; thence westerly to the intersection of a straight-line extension of Seventeenth Street with the eastern boundary of the campus of the University of California San Francisco; thence generally northerly, northwesterly and westerly along the eastern and northeastern boundary of said campus to Parnassus Avenue; thence westerly along Parnassus Avenue to Nineteenth Avenue; thence northerly along Nineteenth Avenue to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

SIXTH SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the point of intersection of a northeasterly straight-line extension of Mission Street and the shoreline of San Francisco Bay; thence southwesterly along said straight-line extension of Mission Street to the Embarcadero; thence northwesterly along the Embarcadero to the intersection with a northeasterly straight-line extension of Market Street; thence southwesterly along Market Street to Sutter Street; thence westerly along Sutter Street to Van Ness Avenue; thence southerly along Van Ness Avenue to Starr King Way; thence westerly and northwesterly along Starr King Way to the center point of the intersection of Geary Boulevard and Starr King Way; thence westerly along Geary Boulevard to Laguna Street; thence southerly along Laguna Street to Market Street; thence northeasterly along Market Street to Guerrero Street; thence southerly along Guerrero Street to Seventeenth Street; thence easterly along Seventeenth Street to Pennsylvania Street; thence northerly along Pennsylvania Street to Sixteenth Street; thence easterly along Sixteenth Street and a straight-line extension thereof to the shoreline of San Francisco Bay; thence generally northerly along said shoreline to the point of commencement and including all piers and rows of vessels. The Sixth Supervisorial District shall include Yerba Buena and Treasure Islands. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

SEVENTH SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the intersection of the southern boundary of the city and county and the centerline of Junipero Serra Boulevard; thence northerly along Junipero Serra Boulevard to Holloway Avenue; thence easterly along Holloway Avenue to Ashton Avenue; thence northerly along Ashton Avenue to Ocean Avenue; thence generally southeasterly and easterly along Ocean Avenue to the intersection of the Southern Freeway (Interstate Route 280); thence generally northeasterly along the centerline of the Southern Freeway (Interstate Route 280) to San Jose Avenue; thence northeasterly along San Jose Avenue to Bosworth Street; thence northwesterly along Bosworth Street to O'Shaughnessy Boulevard; thence generally northwesterly along O'Shaughnessy Boulevard to Portola Drive; thence northeasterly along Portola Drive to Twin Peaks Boulevard; thence generally northerly along Twin Peaks Boulevard to Clarendon Avenue; thence westerly along Clarendon Avenue and a straight-line extension thereof to Stanyan Street; thence northerly along Stanyan Street to the intersection of Stanyan Street and Seventeenth Street; thence westerly to the intersection of a straight-line extension of Seventeenth Street with the eastern boundary of the campus of the University of California San Francisco; thence northerly, northwesterly and westerly along the eastern and northeastern boundary of said campus to Parnassus Avenue; thence westerly along Parnassus Avenue to Nineteenth Avenue; thence southerly along Nineteenth Avenue to Sloat Boulevard; thence westerly along

Sloat Boulevard and a straight-line extension thereof to the point of intersection with the shoreline of the Pacific Ocean; thence southerly along said shoreline to the southern boundary of the city and county; thence easterly along said boundary to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

EIGHTH SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the intersection of San Jose Avenue and Bosworth Street; thence northwesterly along Bosworth Street to O'Shaughnessy Boulevard; thence generally northwesterly along O'Shaughnessy Boulevard to Portola Drive; thence northeasterly along Portola Drive to Twin Peaks Boulevard; thence generally northerly along Twin Peaks Boulevard to Clarendon Avenue; thence easterly along Clarendon Avenue to Twin Peaks Boulevard; thence northeasterly along Twin Peaks Boulevard to Clayton Street; thence northerly along Clayton Street to Ashbury Street; thence northeasterly and northerly along Ashbury Street to Frederick Street; thence easterly along Frederick Street to Buena Vista Avenue West; thence southerly along Buena Vista Avenue West to Buena Vista Avenue East; thence northeasterly along Buena Vista Avenue East to Duboce Avenue; thence easterly along Duboce Avenue to Market Street; thence northeasterly along Market Street to Guerrero Street; thence southerly along Guerrero Street to San Jose Avenue; thence southwesterly along San Jose Avenue to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

NINTH SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the intersection of the centerline of the Southern Freeway (Interstate Route 280) and San Jose Avenue; thence northeasterly along San Jose Avenue to Guerrero Street; thence northerly along Guerrero Street to Seventeenth Street; thence easterly along Seventeenth Street to the centerline of the James Lick Freeway (State Route 101); thence generally southerly along the centerline of the James Lick Freeway (State Route 101) to the interchange with the Southern Freeway (Interstate Route 280); thence generally southwesterly along the centerline of the Southern Freeway (Interstate Route 280) to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

TENTH SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the intersection of the southern boundary of the city and county and the centerline of Carter Street; thence northerly along Carter Street to Geneva Avenue; thence northwesterly along Geneva Avenue to

the point of intersection with a southerly straight-line extension of the boundary between Crocker Amazon Playground and John McLaren Park; thence generally northerly along the western boundary of John McLaren Park to Burrows Street; thence easterly along Burrows Street to Harvard Street; thence southerly along Harvard Street to Bacon Street; thence easterly along Bacon Street to Oxford Street; thence southerly along Oxford Street to Wayland Street; thence easterly along Wayland Street to Cambridge Street; thence northerly along Cambridge Street to Felton Street; thence easterly along Felton Street to Amherst Street; thence northerly along Amherst Street to Silver Avenue; thence easterly along Silver Avenue to Colby Street; thence northerly along Colby Street to Sweeny Street; thence easterly along Sweeny Street to Bowdoin Street; thence northerly along Bowdoin Street and a northerly straight-line extension thereof to the centerline of the Southern Freeway (Interstate Route 280); thence northeasterly along the centerline of the Southern Freeway (Interstate Route 280) to the point of interchange with the James Lick Freeway (State Route 101); thence generally northerly along the centerline of the James Lick Freeway (State Route 101) to Seventeenth Street; thence easterly along Seventeenth Street to Pennsylvania Street; thence northerly along Pennsylvania Street to Sixteenth Street; thence easterly along Sixteenth Street and a straight-line extension thereof to the point of intersection with the shoreline of San Francisco Bay; thence generally southerly along said shoreline to the southern boundary of the city and county and including all piers south of said intersection; thence along the southern boundary of the city and county to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

ELEVENTH SUPERVISORIAL DISTRICT, shall comprise all of that portion of the city and county commencing at the intersection of the southern boundary of the city and county and the centerline of Junipero Serra Boulevard; thence northerly along Junipero Serra Boulevard to Holloway Avenue; thence easterly along Holloway Avenue to Ashton Avenue; thence northerly along Ashton Avenue to Ocean Avenue; thence generally southeasterly and easterly along Ocean Avenue to the intersection of the Southern Freeway (Interstate Route 280); thence generally northeasterly along the centerline of the Southern Freeway (Interstate Route 280) to the intersection with a northerly straight-line extension of Bowdoin Street; thence southerly along that straight-line extension and Bowdoin Street to Sweeney Street; thence westerly along Sweeny Street to Colby Street; thence southerly along Colby Street to Silver Avenue; thence westerly along Silver Avenue to Amherst Street; thence southerly along Amherst Street to Felton Avenue; thence westerly along Felton Street to Cambridge Street; thence southerly along Cambridge Street to Wayland Street; thence westerly along Wayland Street to Oxford Street; thence northerly along Oxford Street to Bacon Street; thence westerly along Bacon Street to Harvard Street; thence northerly along Harvard Street to Burrows Street; thence

westerly along Burrows Street to its end; thence generally southerly along the western boundary of John McLaren Park and a southerly straight-line extension of the boundary between Crocker Amazon Playground and John McLaren Park to the point of intersection with Geneva Avenue; thence southeasterly along Geneva Avenue to Carter Street; thence southerly along Carter Street to the southern boundary of the city and county; thence along the southern boundary of the city and county to the point of commencement. Unless specifically designated to the contrary, all references to streets, boulevards, drives, avenues, terraces and ways contained in the foregoing description shall refer to the centerlines of said streets, boulevards, drives, avenues, terraces and ways, respectively.

Voters residing within the boundaries of the City and County as established in Government Code Section 23138 but not on the San Francisco Peninsula or on Yerba Buena and Treasure Islands shall be deemed for the purpose of supervisorial elections to reside in the supervisoral district on the Peninsula closest to the voter's place of residence.

(d) Within 60 days following publication of the decennial federal census in the year 2000 and every decennial federal census after that, the Director of Elections shall report to the Board of Supervisors on whether the existing districts continue to meet the requirements of federal and state law and the criteria for drawing districts lines set in the Charter.

The criteria for drawing districts lines are:

Districts must conform to all legal requirements, including the requirement that they be equal in population. Population variations between districts should be limited to 1 percent from the statistical mean unless additional variations, limited to 5 percent of the statistical mean, are necessary to prevent dividing or diluting the voting power of minorities and/or to keep recognized neighborhoods intact; provided, however, that the redistricting provided for herein shall conform to the rule of one person, one vote, and shall reflect communities of interest within the city and county.

If it is determined that the districts are in compliance with all legal requirements, including the requirement that they be equal in population, the current districts as drawn will be valid for the next decade. If it is determined that any of the districts are not in compliance, the Board of Supervisors by ordinance shall convene and fund a nine-member elections task force. Three members shall be appointed by the Board of Supervisors, three members shall be appointed by the Mayor, and three members shall be appointed by the Director of Elections. The Director of Elections shall serve ex officio as a non-voting member. The task force shall be responsible for redrawing the district lines in accordance with the law and the criteria established in this Section, and shall make such adjustments as appropriate based on public input at public hearings. The Board of Supervisors may not revise the district boundaries established by the task force.

(e) Each member of the board of supervisors, commencing with the general municipal election in November, 2000, shall be elected by the electors within a

supervisorial district, and must have resided in the district in which he or she is elected for a period of not less than 30 days immediately preceding the date he or she files a declaration of candidacy for the office of supervisor, and must continue to reside therein during his or her incumbency, and upon ceasing to be such resident shall be removed from office.

(f) Notwithstanding any provisions of this section or any other section of the charter to the contrary, the respective terms of office of the members of the board of supervisors who shall hold office on the eighth day of January, 2001, shall expire at 12 o'clock noon on said date and the 11 persons elected as members of the board of supervisors at the general election in 2000 shall succeed to said offices on said eighth day of January, 2001. At that time, the clerk of the board of supervisors shall determine by lot whether the supervisors elected from the even- or odd-numbered supervisorial districts at the general municipal election in 2000 shall have terms of office expiring at noon on the eighth day of January, 2003, and which shall have terms of office expiring at noon on the eighth day of January, 2005; commencing, however, with the general municipal election in November, 2002, the terms of office of the supervisors elected from the even- or odd-numbered supervisorial districts, as the case may be, shall be for a term of four years and shall continue as such thereafter. Those members of the board of supervisors elected at the general election in 1998, and those elected at the general election in 2000 who only serve an initial two-year term, shall not be deemed to have served a full term for purposes of the term limit established in Section 2.101.

Section 16.102 is hereby repealed in its entirety.

Section 16.102 is hereby added to read as follows:

SEC. 16.102. TRANSIT-FIRST POLICY

The following principles shall constitute the City and County's transit-first policy and shall be incorporated into the General Plan of the City and County. All officers, boards, commissions, and departments shall implement these principles in conducting the City and County's affairs:

1. To ensure quality of life and economic health in San Francisco, the primary objective of the transportation system must be the safe and efficient movement of people and goods.

2. Public transit, including taxis and vanpools, is an economically and environmentally sound alternative to transportation by individual automobiles. Within San Francisco, travel by public transit, by bicycle and on foot must be an attractive alternative to travel by private automobile.

3. Decisions regarding the use of limited public street and sidewalk space shall encourage the use of public rights of way by pedestrians, bicyclists, and public transit, and shall strive to reduce traffic and improve public health and safety.

4. Transit priority improvements, such as designated transit lanes and streets and improved signalization, shall be made to expedite the movement of public transit vehicles (including taxis and vanpools) and to improve pedestrian safety.

5. Pedestrian areas shall be enhanced wherever possible to improve the safety and comfort of pedestrians and to encourage travel by foot.

6. Bicycling shall be promoted by encouraging safe streets for riding, convenient access to transit, bicycle lanes, and secure bicycle parking.

7. Parking policies for areas well served by public transit shall be designed to encourage travel by public transit and alternative transportation.

8. New transportation investment should be allocated to meet the demand for public transit generated by new public and private commercial and residential developments.

9. The ability of the City and County to reduce traffic congestion depends on the adequacy of regional public transportation. The City and County shall promote the use of regional mass transit and the continued development of an integrated, reliable regional public transportation system.

10. The City and County shall encourage innovative solutions to meet public transportation needs wherever possible and where the provision of such service will not adversely affect the service provided by the Municipal Railway.

Article VIIIA, Sections 8A.100 through 8A.113 is hereby added as follows:

Article VIIIA:
The Municipal Transportation Agency

SEC. 8A.100. PREAMBLE.

(A) THE MUNICIPAL RAILWAY AND THE DEPARTMENT OF PARKING AND TRAFFIC ARE VITAL TO THE ECONOMIC AND SOCIAL FABRIC OF SAN FRANCISCO. SAN FRANCISCO'S TRANSIT SYSTEM SHOULD BE COMPARABLE TO THE BEST URBAN TRANSIT SYSTEMS IN THE WORLD'S MAJOR CITIES. SPECIFICALLY, SAN FRANCISCO RESIDENTS REQUIRE:

1. Reliable, safe, timely, frequent, and convenient service to all neighborhoods;

2. A reduction in breakdowns, delays, overcrowding, preventable accidents;

3. Clean and comfortable vehicles and stations, operated by competent, courteous, and well trained employees;

4. Support and accommodation of the special transportation needs of the elderly and the disabled;

5. Protection from crime and inappropriate passenger behavior on the Municipal Railway; and

6. Responsive, efficient, and accountable management.

Through this measure, the voters seek to provide the transportation system with the resources, independence and focus necessary to achieve these goals.

The voters find that one of the impediments to achieving these goals in the past has been that responsibility for transportation has been diffused throughout City government. Accordingly, this Article places within the Municipal Transportation Agency the powers and duties relating to transit now vested in other departments, boards, and commissions of the City and County. This Article further requires that, to the extent other City and County agencies provide services to the Municipal Transportation Agency, those departments must give the highest priority to the delivery of such services.

At the same time, this Article is intended to ensure sufficient oversight of the Municipal Transportation Agency by, among other things, preserving the role of the City's Controller as to financial matters, the City Attorney as to legal matters, and the Civil Service Commission, as to merit system issues. In addition, this Article requires that outside audits be performed to ensure that required service levels are obtained with a minimum of waste.

This Article also requires that the Municipal Transportation Agency develop clear, measured performance goals, and publicize both its goals and its performance under those goals. As the workers of the Municipal Transportation Agency are vital to the improvements the voters seek, this Article authorizes incentives for excellence, and requires accountability—for both managers and employees—when performance falls short.

Finally, this Article is intended to strengthen the Municipal Transportation Agency's authority to: 1) manage its employees; 2) establish efficient and economical work rules and work practices that maximize the Agency's responsiveness to public needs; and 3) protect the Railway's right to select, train, promote, demote, discipline, layoff and terminate employees, managers, and supervisors based upon the highest standards of customer service, efficiency and competency.

(b) The Department of Parking and Traffic performs functions vital to the operation of the Municipal Railway. Congestion on city streets causes delays in transit operations. Therefore, the Municipal Transportation Agency must ensure that transit vehicles move through City streets safely and efficiently.

In addition, the residents of San Francisco require that the Department of Parking and Traffic: 1) value and protect pedestrians and bicyclists; 2) reduce congestion and air pollution through efficient use of the streets; and 3) protect the City's economic health by giving priority to commercial deliveries and access to local businesses.

(c) This Article shall be interpreted and applied in conformance with the above goals.

SEC. 8A.101. MUNICIPAL TRANSPORTATION AGENCY.

(a) There shall be a Municipal Transportation Agency. The Agency shall include a Board of Directors and a Director of Transportation. The Agency shall include the Municipal Railway and the Department of Parking and Traffic, as well as any other departments, bureaus or operating divisions hereafter created or placed under the Agency. There shall also be a Citizens' Advisory Committee to assist the Agency.

(b) Effective March 1, 2000, the Agency shall succeed to and assume all powers and responsibilities of the Public Transportation Commission.

(c) Effective July 1, 2000, the Municipal Railway shall become a department of the Agency and the full provisions of this Article shall be applicable.

(d) The Department of Parking and Traffic, upon its incorporation into the Agency pursuant to Section 8A.112, shall become a separate department of the Agency.

(e) The Board of Supervisors shall have the power, by ordinance, to abolish the Taxi Commission created in Section 4.133, and to transfer the powers and duties of that commission to the Agency's Board of Directors.

(f) Any transfer of functions occurring as a result of the above provisions shall not adversely affect the status, position, compensation, or pension or retirement rights and privileges of any civil service employees who engaged in the performance of a function or duty transferred to another office, agency, or department pursuant to this measure.

(g) Except as expressly provided in this Article, the Agency shall comply with all of the restrictions and requirements imposed by the ordinances of the City and County, including ordinances prohibiting discrimination of any kind in employment and contracting, such as Administrative Code Chapters 12B et seq., as amended from time to time. The Agency shall be solely responsible for the administration and enforcement of such requirements.

(h) The Agency may contract with existing City and County departments to carry out any of its powers and duties. Any such contract shall establish performance standards for the department providing the services to the Agency, including measurable standards for the quality, timeliness, and cost of the services provided. All City and County departments must give the highest priority to the delivery of such services to the Agency.

(i) The Agency may not exercise any powers and duties of the Controller or the City Attorney and shall contract with the Controller and the City Attorney for the exercise of such powers and duties.

SEC. 8A.102. GOVERNANCE AND DUTIES.

(a) The Agency shall be governed by a board of seven directors appointed by the Mayor and confirmed after public hearing by the Board of Supervisors. All initial appointments must be made by the Mayor and submitted to the Board of Supervisors for confirmation no later than February 1, 2000. The Board of Supervisors shall act on those initial appointments no later than March 1, 2000 or those appointments shall be deemed confirmed.

At least four of the directors must be regular riders of the Municipal Railway, and must continue to be regular riders during their terms. The directors must possess significant knowledge of, or professional experience in, one or more of the fields of government, finance, or labor relations. At least two of the directors must possess significant knowledge of, or professional experience in, the field of public transportation. During their terms, all directors shall be required to ride the Municipal Railway on the average once a week.

Directors shall serve four-year terms, provided, however, that two of the initial appointees shall serve for terms ending March 1, 2004, two for terms ending March 1, 2003, two for terms ending March 1, 2002, and one for a term ending March 1, 2001. Initial terms shall be designated by the Mayor. No person may serve more than three terms as a director. A director may be removed only for cause pursuant to Article XV. The directors shall annually elect a chair. The chair shall serve as chair at the pleasure of the directors. Directors shall receive reasonable compensation for attending meetings of the Agency which shall not exceed the average of the two highest compensations paid to the members of any board or commission with authority over a transit system in the nine Bay Area counties.

(b) The Agency shall:

1. Have exclusive charge of the construction, management, supervision, maintenance, extension, operation, use, and control of all property, as well as the real, personal, and financial assets of the Municipal Railway; and have exclusive authority over contracting, leasing, and purchasing by the Municipal Railway, provided that any Agency contract for outside services shall be subject to Charter Sections 10.104(12) and 10.104(15). Ownership of any of the real property of the City and County shall not be transferred to any private entity pursuant to any such contract;

2. Have the sole power and authority to enter into such arrangements and agreements for the joint, coordinated, or common use with any other public entity owning or having jurisdiction over rights-of-way, tracks, structures, subways, tunnels, stations, terminals, depots, maintenance facilities, and transit electrical power facilities;

3. Have the sole power and authority to make such arrangements as it deems proper to provide for the exchange of transfer privileges, and through-ticketing arrangements, and such arrangements shall not constitute a fare change subject to the requirements of Sections 8A.106 and 8A.108;

4. Have the authority to arrange with other transit agencies for bulk fare purchases, provided that if passenger fares increase as a result of such purchases, the increase shall be subject to review by the Board of Supervisors pursuant to Sections 8A.106 and 8A.108;

5. Notwithstanding Section 2.109, and except as provided in Sections 8A.106 and 8A.108, have exclusive authority to fix the fares charged by the Municipal Railway and all other rates, fees, and charges for services provided by the Agency;

6. Have the authority to conduct investigations into any matter within its jurisdiction through the power of inquiry, including the power to hold public hearings and take testimony, and to take such action as may be necessary to act upon its findings; and

7. Exercise such other powers and duties as shall be prescribed by ordinance of the Board of Supervisors.

(c) The Agency's board of directors shall:

1. Appoint a director of transportation, who shall serve at the pleasure of the board. The director shall be employed pursuant to an individual contract. His or her compensation shall be comparable to the compensation of the chief executive officers of the public transportation systems in the United States which the directors, after an independent survey, determine most closely resemble the Agency in size, mission, and complexity. In addition, the Agency shall provide an incentive compensation bonus plan for the director of transportation based upon the Agency's achievement of the milestones adopted pursuant to Section 8A.103.

2. Appoint an executive secretary who shall be responsible for administering the affairs of the directors and who shall serve at the pleasure of the board.

(d) The director of transportation shall appoint all subordinate personnel of the Agency, including a deputy director for the Municipal Railway, and, upon its incorporation into the Agency, a deputy director for Parking and Traffic. The deputy directors shall serve at the pleasure of the director of transportation. The director of transportation may serve as the deputy director for the Municipal Railway, but shall not be entitled to any greater compensation or benefits on that basis.

(e) Upon recommendation of the city attorney and the approval of the board of directors, the city attorney may compromise, settle, or dismiss any litigation, legal proceedings, claims, demands or grievances which may be pending for or on behalf of, or against the Agency relative to any matter or property solely under the Agency's jurisdiction. Unlitigated claims or demands against the Agency shall be handled as set forth in Charter Section 6.102. Any payment pursuant to the compromise, settlement, or dismissal of such litigation, legal proceedings, claims, demands, or grievances, unless otherwise specified by the Board of Supervisors, shall be made from the Municipal Transportation Fund.

(f) The Agency's board of directors, and its individual members, shall deal with administrative matters solely through the director of transportation or his or her designees. Any dictation, suggestion, or interference by a director in the administrative affairs of the Agency, other than through the director of transportation or his or her designees, shall constitute official misconduct; provided however, that nothing herein contained shall restrict the directors' powers of hearing and inquiry as provided in this Section.

(g) Except to the extent otherwise provided in this Article, the Agency shall be subject to the provisions of this Charter applicable to boards, commissions, and departments of the City and County, including Sections 2.114, 3.105, 4.101, 4.103, 4.104, 4.113, 9.118, 16.100, and A8.346. Sections 4.102, 4.126, and 4.132 shall not be applicable to the Agency.

SEC. 8A.103. SERVICE STANDARDS AND ACCOUNTABILITY

(a) The Municipal Railway shall be restored as soon as practicable to a level of service measured in service hours which is not less than that provided under the schedule of service published in the April 1996 timetable, although not necessarily in that configuration.

(b) No later than July 1, 2000, and by July 1 of each year thereafter, the Agency shall adopt milestones for the achievement of the goals specified in subsections (c) and (d). Milestones shall be adopted for each mode of transportation of the Municipal Railway, and for the Municipal Railway as a whole, with the goal of full achievement of the standards set in subsection (c) no later than July 1, 2004.

(c) The standards for the Agency with respect to the services provided by the Municipal Railway shall include the following minimum standards for on-time performance and service delivery:

1. On-time performance: at least 85 percent of vehicles must run on-time, where a vehicles is considered on-time if it is no more than one minute early or four minutes late as measured against a published schedule that includes time points; and

2. Service delivery: 98.5 percent of scheduled service hours must be delivered, and at least 98.5 percent of scheduled vehicles must begin service at the scheduled time.

(d) The standards for both managers and employees of the Agency with respect to the services provided by the Municipal Railway shall also include other measurable standards for system reliability, system performance, staffing performance, and customer service, including:

1. Passenger, public, and employee safety and security;
2. Coverage of neighborhoods and equitable distribution of service;
3. Level of crowding;
4. Frequency and mitigation of accidents and breakdowns;
5. Improvements in travel time, taking into account adequate recovery and layover times for operators;
6. Vehicle cleanliness, including absence of graffiti;
7. Quality and responsiveness of customer service;
8. Employee satisfaction;
9. Effectiveness of the preventive maintenance program; and
10. Frequency and accuracy of communications to the public.

(e) The performance measures adopted in Section 4 of this measure shall be published as rules of the Agency and utilized to determine the achievement of the performance standards and milestones adopted by the Agency for the Municipal Railway. The performance measures shall be subject to amendment after public hearing by a vote of the Agency board. The Agency shall regularly publish reports on its attainment of those standards and milestones. Nothing herein shall prohibit the Agency from using additional performance measures.

SEC. 8A.104. PERSONNEL AND MERIT SYSTEM

(a) The Agency shall establish its own personnel/labor relations office. The director of transportation shall appoint a personnel/labor relations manager, who shall serve at the pleasure of the director of transportation.

(b) Except as otherwise provided in this Section, the Agency shall be governed by the rules of the civil service system administered by the City and appeals provided in civil service rules shall be heard by the City's Civil Service Commission. Unless otherwise agreed by the Agency and affected employee organizations, appeals to the Civil Service Commission shall include only those matters within the jurisdiction of the Civil Service Commission which establish, implement, and regulate the civil service merit system as listed in Section A8.409-3.

(c) Effective July 1, 2000, except for the administration of health services, the Agency shall assume all powers and duties vested in the Department of Human Resources and the Director of Human Resources under Articles X and XI of this Charter in connection with job classifications within the Municipal Railway performing "service-critical" functions. Except for the matters set forth in subsection (f), the Department of Human Resources and the Director of Human Resources shall maintain all powers and duties under Articles X and XI as to all other Agency employees.

(d) On or before April 15, 2000, the Agency shall designate "service-critical" classifications and functions for all existing classifications used by the Municipal Railway; provided, however, that employees in classifications designated as "service-critical" shall continue to be covered by any Citywide collective bargaining agreement covering their classifications until the expiration of that agreement.

(e) For purposes of this Article, "service-critical" functions are:

1. Operating a transit vehicle, whether or not in revenue service;

2. Controlling dispatch of, or movement of, or access to, a transit vehicle;

3. Maintaining a transit vehicle or equipment used in transit service, including both preventive maintenance and overhaul of equipment and systems, including system-related infrastructure;

4. Regularly providing information services to the public or handling complaints; and

5. Supervising or managing employees performing functions enumerated above.

The Agency shall consult with affected employee organizations before designating particular job classifications as performing "service-critical" functions. If an employee organization disagrees with the Agency's designation of a particular job classification as "service-critical" pursuant to the above standards, the organization may, within seven days of the Agency's decision, request immediate arbitration. The arbitrator shall be chosen pursuant to the procedures for the selection of arbitrators contained in the memorandum of understanding of the affected employee organization. The arbitrator shall determine only whether the

Agency's designation is reasonable based on the above standards. The arbitrator's decision shall be final and binding.

The Agency may designate functions other than those listed above, and the job classifications performing those additional functions, as "service-critical," subject to the consultation and arbitration provisions of this Section. In deciding a dispute over such a designation, the arbitrator shall decide whether the job functions of the designated classes relate directly to achievement of the goals and milestones adopted pursuant to Section 8A.103 and are comparable to the above categories in the extent to which they are critical to service.

(f) In addition, the Agency shall, with respect to all Agency employees, succeed to the powers and duties of the Director of Human Resources under Article X to review and resolve allegations of discrimination, as defined in Article XVII, against employees or job applicants, or allegations of nepotism or other prohibited forms of favoritism; provided, however, that the Agency's resolution of allegations of discrimination must be approved by the City's Director of Human Resources. To the extent resolution of a discrimination complaint or request for accommodation involves matters or employees beyond the Agency's jurisdiction, the Agency shall coordinate with and be subject to applicable determinations of the Director of Human Resources.

(g) The Agency shall be responsible for creating and, as appropriate, modifying Municipal Railway bargaining units for classifications designated by the Agency as "service-critical" and shall establish policies and procedures pursuant to Government Code Section 3507 and 3507.1 for creation and modification of such bargaining units. When the Agency creates or modifies a bargaining unit, employees in existing classifications placed in such bargaining unit shall continue to be represented by their current employee organizations.

(h) The Agency may create new classifications of employees doing specialized work for the Agency. Such classifications shall be subject to the civil service provisions of the Charter unless exempted pursuant to Section 10.104 or subsection (i).

(i) The Agency may create new classifications and positions in those classifications exempt from the civil service system for managerial employees in addition to those exempt positions provided in Section 10.104; provided, however, that the total number of such exempt new positions shall not exceed 1.5 percent of the Agency's total workforce, exclusive of the exempt positions provided in Section 10.104. This provision shall not be utilized to eliminate personnel holding existing permanent civil service managerial positions on November 2, 1999.

Persons serving in exempt managerial positions shall serve at the pleasure of the director of transportation. Such exempt management employees, to the extent they request placement in a bargaining unit, shall not be placed in the same bargaining units as non-exempt employees of the Agency.

(j) The Civil Service Commission shall annually review both exempt and non-exempt classifications of the Agency to ensure compliance with the provisions of subsections (h) and (i).

(k) Upon the expiration of current labor contracts, and except for retirement benefits, the wages, hours, working conditions, and benefits of the employees in classifications within the Municipal Railway designated by the Agency as "service-critical" shall be fixed by the Agency after meeting and conferring as required by the laws of the State of California and this Charter, including Sections A8.346, A8.404 and A8.409. These agreements shall utilize, and shall not alter or interfere with, the health plans established by the City's Health Service Board; provided, however, that the Agency may contribute toward defraying the cost of employees' health premiums. For any job classification that exists both as a "service-critical" classification in the Municipal Railway and elsewhere in City service, the base wage rate negotiated by the Agency for that classification shall not be less than the wage rate set in the Citywide memorandum of understanding for that classification.

(*l*) Notwithstanding subsection (k), the Agency may, in its sole discretion, utilize the City's collective bargaining agreements with any employee organization representing less than 10 percent of the Municipal Railway's workforce.

(m) Notwithstanding any limitations on compensation contained in Section A8.404, and in addition to the base pay established in collective bargaining agreements, all agreements negotiated by the Agency relating to compensation for Municipal Railway managers and employees in classifications designated by the Agency as "service-critical" shall provide incentive bonuses based upon the achievement of the service standards in Section 8A.103(c) and other standards and milestones adopted pursuant to Section 8A.103. Such agreements may provide for additional incentives based on other standards established by the Agency, including incentives to improve attendance. The Agency shall also establish a program that provides incentive bonuses for all managers, including all managers exempt from the civil service system, based on the achievement of these standards and milestones.

(n) For employees whose wages, hours and terms and conditions of employment are set by the Agency pursuant to Sections A8.404 or A8.409 et seq., the Agency shall exercise all powers of the City and County, the Board of Supervisors, the Mayor, and the Director of Human Resources under those sections. For employees covered by Section A8.409 et seq., the mediation/arbitration board set forth in Section A8.409-4 shall consider the following additional factors when making a determination in any impasse proceeding involving the Agency: the interests and welfare of transit riders, residents, and other members of the public; and the Agency's ability to meet the costs of the decision of the arbitration board without materially reducing service. The Agency shall perform the functions of the Civil Service Commission with respect to certification of the average of the two highest wage schedules for transit operators in comparable jurisdic-

tions pursuant to Section A8.404(a), and conduct any actuarial study necessary to implement Section A8.404(f).

(o) The voters find that unscheduled employee absences adversely affect customer service. Accordingly, not later than January 1, 2001, the agency shall create a comprehensive plan for the reduction of unscheduled absences. In addition, the Agency shall take all legally permitted steps to eliminate unexcused absences. The Agency shall have no authority to approve any memorandum of understanding or other binding agreement which restricts the authority of the Agency to administer appropriate discipline for unexcused absences.

(p) Before adopting any tentative agreement reached as a result of negotiations, mediation or arbitration, the Agency shall, at a duly noticed public meeting, disclose in writing the contents of such tentative agreement, a detailed analysis of the proposed agreement, a comparison of the differences between the agreement reached and the prior agreement, and an analysis of all costs for each year of the term of such agreement. Such tentative agreement between the Agency and employee organization shall not be approved by the Agency until 30 days after the above disclosures have been made.

SEC. 8A.105. MUNICIPAL TRANSPORTATION FUND

(a) There is hereby established a fund to provide a predictable, stable, and adequate level of funding for the Agency, which shall be called the Municipal Transportation Fund. The fund shall be maintained separate and apart from all other City and County funds. Monies therein shall be appropriated, expended, or used by the Agency solely and exclusively for the operation including, without limitation, capital improvements, management, supervision, maintenance, extension, and day-to-day operation of 1) the Agency; 2) the Municipal Railway; 3) upon its incorporation into the Agency, the Department of Parking and Traffic; and 4) any other division of the Agency subsequently created and performing transportation-related functions. Monies in the Fund may not be used for any other purposes than those identified in this Section.

(b) Beginning with the fiscal year 2000–2001 and in each fiscal year thereafter, there is hereby set aside to the Municipal Transportation Fund the following:

1. An amount (the "Base Amount") which shall be no less than the amount of all appropriations from the General Fund, including all supplemental appropriations, for the fiscal year 1998–1999 or the fiscal year 1999–2000, whichever is higher (the "Base Year"), adjusted as provided in subsection (c), below, for (1) the Municipal Railway; and (2) all other City and County commissions, departments and agencies providing services to the Municipal Railway, including the Department of Human Resources and the Purchasing Department, for the provision of those services. The Base Amount for the Department of Parking and Traffic and the Parking Authority shall be established in the same fashion but using fiscal years 2000–2001 and 2001–2002 for the services being incorporated into the Agency.

2. Subject to the limitations and exclusions in Sections 4.113 and 16.110, the revenues of the Municipal Railway, and, upon their incorporation into the Agency, the revenues of the Department of Parking and Traffic, and the Parking Authority; and

3. All other funds received by the City and County from any source, including state and federal sources, for the support of the Municipal Railway.

(c) The Base Amount shall initially be determined by the Controller. Adjustments to the Base Amount shall be made as follows:

1. The Base Amount shall be adjusted for each year after fiscal year 2000–2001 by the Controller based on calculations consistent from year to year, by the percentage increase or decrease in aggregate City and County discretionary revenues. In determining aggregate City and County discretionary revenues, the Controller shall only include revenues received by the City which are unrestricted and may be used at the option of the Mayor and the Board of Supervisors for any lawful City purpose. Errors in the Controller's estimate of discretionary revenues for a fiscal year shall be corrected by adjustment in the next year's estimate.

2. An adjustment shall also be made for any increases in General Fund appropriations to the Agency in subsequent years to provide continuing services not provided in the Base Year, but excluding additional appropriations for one-time expenditures such as capital expenditures or litigation judgments and settlements.

3. Further, when new parking revenues increase due to policy changes in fines, taxes or newly-created positions, the Base Amount shall be reduced by 50 percent of such increase to reduce the Agency's reliance on the General Fund.

(d) The Treasurer shall set aside and maintain the amounts required to be set aside by this Section, together with any interest earned thereon, in the Municipal Transportation Fund, and any amounts unspent or uncommitted at the end of any fiscal year shall be carried forward, together with interest thereon, to the next fiscal year for the purposes specified in this Article.

SEC. 8A.106. BUDGET

The Agency shall be subject to the provisions of Article IX of this Charter except:

(a) No later than March 1 of each year, after professional review, public hearing and after receiving the recommendations of the Citizens' Advisory Council, the Agency shall submit its proposed budget for the next fiscal year to the Mayor and the Board of Supervisors for their review and consideration. The Agency shall propose a base budget that is balanced without the need for additional funds over the Base Amount, but may include fare increases and decreases, and reductions or abandonment of service. The Mayor shall submit the base budget to the Board of Supervisors without change. Should the Agency request additional support over the Base Amount, it shall submit an augmentation request for those funds in the standard budget process and subject to normal budgetary review and amendment.

(b) At the time the budget is adopted, the Agency shall certify that the budget is adequate in all respects to make substantial progress towards meeting the goals, objectives, and performance standards established pursuant to Section 8A.103 for the fiscal year covered by the budget.

(c) No later than August 1, the Board of Supervisors may allow the Agency's base budget to take effect without any action on its part or it may reject but not modify the Agency's base budget by a two-thirds' vote. Any fare or service change proposed in the base budget shall be considered accepted unless rejected by a two-thirds' vote on the entire base budget. Should the Board reject the base budget, it shall make additional interim appropriations to the Agency from the Municipal Transportation Fund sufficient to permit the Agency to maintain all operations through the extended interim period until a base budget is adopted. Any request for augmentation funding shall be approved, modified, or rejected under the general provisions of Article IX.

SEC. 8A.107. MUNICIPAL TRANSPORTATION QUALITY REVIEW

(a) The Agency shall biannually contract with a nationally recognized management or transportation consulting firm with offices in the City and County for an independent review of the quality of its operations. The contract shall be competitively bid and approved by the Controller and Board of Supervisors. The review shall contain:

1. A detailed analysis of the extent to which the Agency has met the goals, objectives, and performance standards it is required to adopt under Section 8A.103, and the extent to which the Agency is expected to meet those goals, objectives, and performance standards in the two fiscal years for which the review is submitted, and independent verification of the Agency's reported performance under the performance measures adopted pursuant to Section 4 of this measure; and

2. Such recommendations for improvement in the operation of the Agency as the firm conducting the review deems appropriate.

(b) The results of the review shall be presented promptly to the Citizens' Advisory Council, the Agency, the Board of Supervisors, and the Mayor by the reviewing firm; and the Citizens' Advisory Council, the Agency, and the Board of Supervisors shall each promptly hold at least one public hearing thereon.

SEC. 8A.108. FARES CHANGES AND ROUTE ABANDONMENTS

(a) Any proposed change in fares shall be submitted to the Board of Supervisors as part of the Agency's budget under Section 8A.106, and may be rejected at that time by a two-thirds' vote of the Board.

The Agency shall base any proposed change in Municipal Railway fares on the following criteria:

1. The Municipal Railway's need for additional funds for operations and capital improvements.

2. The extent to which the increase is necessary to meet the goals, objectives, and performance standards previously established by the Agency pursuant to Section 8A.103.

3. The extent to which the Agency has diligently sought other sources of funding for the operations and capital improvements of the Municipal Railway.

4. The need to keep Municipal Railway fares low to encourage maximum patronage.

5. The need to increase fares gradually over time to keep pace with inflation and avoid large fare increases after extended periods without a fare increase.

(b) For purposes of this Article, a "route abandonment" shall mean the permanent termination of service along a particular line or service corridor. If the Agency proposes to abandon a route at any time other than as part of the budget process as provided in Section 8A.106(a), it shall first submit the proposal to the Board of Supervisors. The Board of Supervisors may, after a noticed public hearing, reject the proposed route abandonment by a two-thirds' vote of its members taken within 30 days after the proposal is submitted by the Agency.

SEC. 8A.109. ADDITIONAL SOURCES OF REVENUE

The Mayor, the Board of Supervisors, and the Agency diligently shall seek to develop new sources of funding for the Agency's operations, including sources of funding dedicated to the support of such operations, which can be used to supplement or replace that portion of the Municipal Transportation Fund consisting of appropriations from the General Fund of the City and County. To the extent permitted by State law, the Agency may submit any proposal for increased or reallocated funding to support all or a portion of the operations of the Agency, including, without limitation, a tax or special assessment, directly to the electorate for approval without the further approval of the Mayor or the Board of Supervisors. The Agency shall be authorized to conduct any necessary studies in connection with considering, developing, or proposing such revenue sources.

SEC. 8A.110. PLANNING AND ZONING

The planning and zoning provisions of this Charter and the Planning Code as they may be amended from time to time shall apply to all real property owned or leased by the Agency.

SEC. 8A.111. CITIZENS' ADVISORY COUNCIL

The Agency shall establish a Citizens' Advisory Council of fifteen members which shall consist of one person appointed by each member of the Board of Supervisors and four members appointed by the Mayor. Each member must be a resident of the City and County. No fewer than ten members of the Council must be regular riders of the Municipal Railway. At least two members must use the Municipal Railway's paratransit system, and at least three of the members must be senior citizens over the age of 60. The membership of the Council shall be reflective of the diversity and neighborhoods of the City and County. The Council may provide recommendations to the Agency with respect to any matter within the jurisdiction of the Agency and shall be allowed to present reports to the Agency's board of directors. The members of the Council shall be appointed to four-year terms and shall serve at the pleasure of their appointing power. Staggered terms for the initial appointees to the Council shall be determined by lot.

SEC. 8A.112. PARKING AND TRAFFIC; INCORPORATION INTO AGENCY

(a) By July 1, 2001, the Agency and the Department of Parking and Traffic shall prepare and submit to the Mayor and the Board of Supervisors a joint plan for incorporating the Department into the Agency.

(b) Effective July 1, 2002, the Department of Parking and Traffic shall become a separate department of the Municipal Transportation Agency and Charter Section 4.116, establishing the Parking and Traffic Commission, shall be repealed. Effective that date, the Agency shall have all the same powers and duties with respect to the Department of Parking and Traffic that it has with respect to the Municipal Railway, and shall succeed to all powers and duties of the Parking and Traffic Commission.

Effective July 1, 2002, the Agency's board of directors shall also exercise all remaining powers of the Parking and Traffic Commission for all purposes, including the power of members of the Parking and Traffic Commission to serve ex officio as members of the Parking Authority under Section 32657 of the Streets and Highways Code. The chair of the Agency's board of directors shall designate annually the directors to serve as members of the Parking Authority. Any person may serve concurrently as a member of the Agency's board of directors and as a member of the Parking Authority. It is the policy of the City and County that the Agency exercise all powers vested by State law in the Parking Authority.

(c) Except as provided in subsection (a), no provision of this Article shall apply to the Department of Parking and Traffic prior to July 1, 2002.

SEC. 8A.113. PARKING AND TRAFFIC; GOVERNANCE

(a) The Agency shall manage the functions of the Department of Parking and Traffic so that the department:

1. Provides priority to transit services in the utilization of streets, particularly during commute hours;

2. Facilitates the design and operation of City streets to enhance alternative forms of transit, such as pedestrian, bicycle, and pooled or group transit (including taxis);

3. Proposes and implements street and traffic changes that gives the highest priority to impacts on public transit, pedestrians, commercial delivery vehicles, and bicycles;

4. Integrates modern information and traffic-calming techniques to promote safer streets and promote usage of public transit; and

5. Develops a safe, interconnected bicycle circulation network.

(b) The Agency shall manage the Parking Authority so that it does not construct new or expanded parking facilities unless the Agency finds that the costs resulting from such construction and the operation of such facilities will not reduce the level of funding to the Municipal Railway from parking and garage revenues under Section 16.110 to an amount less than that provided for fiscal year 1999–2000.

Section A8.364 is amended to read as follows:

SEC. A8.364. AUTHORIZATION TO TRANSFER UNUSED SICK LEAVE

(a) Employees of the City and County of San Francisco may transfer their unused accumulated sick leave to other employees of the City and County of San Francisco who have been determined to be catastrophically ill, and who have exhausted their vacation allowance, sick leave and compensatory time off, provided that such determination and such transfer may be made only in compliance with the terms and conditions established by ordinance adopted by the board of supervisors.

(b) Notwithstanding Sections 8.360 and 8.363 of this charter, within sixty (60) days of the effective date of this section, the Health Commission, Civil Service Commission, and Retirement Board shall conduct a joint hearing to consider and develop recommendations for submission to the Board of Supervisors. The Board of Supervisors shall adopt an ordinance, as provided in subsection (a), and establish any rules necessary to administer, interpret, and regulate the provisions of this section, provided that all such rules shall be approved, amended, or rejected by resolution by the Board of Supervisors.

Section A8.441 is amended to read as follows:

SEC. A8.441. AUTHORIZATION TO TRANSFER VACATION CREDITS

(a) Employees of the City and County of San Francisco may transfer their vested vacation allowance credits to other employees of the City and County of San Francisco who have been determined to be catastrophically ill by the employee's head of department, in accord with the definition of catastrophic illness to be provided by the Health Commission, and who have exhausted their vacation allowance, sick leave and compensatory time off, provided that such transfer may be made only in compliance with the terms and conditions established by the board of supervisors. By ordinance, the Board of Supervisors may extend such vacation credit transfer rights to City employees for use as family leave to care for catastrophically-ill spouses, domestic partners or other dependents as defined in the Internal Revenue Code (26 U.S.C. Sec. 152), as amended from time to time.

(b) The board of supervisors is hereby empowered to enact any and all ordinances necessary to administer, interpret and regulate the provisions of this section.

Appendix A8.500-1 is hereby amended to read as follows:

A8.500-1 Reciprocal Pension Benefits within the Retirement System and with Other Public Pension Plans

Subject to the provisions of Section 8.500, the board of supervisors shall have the power to enact ordinances to establish reciprocal agreements with the Public Employees' Retirement System and other public agencies maintaining independent Retirement Systems for the purpose of extending reciprocal benefits to members of such systems as provided by state law. The board of supervisors and the retirement board shall have the power to perform all acts necessary to carry out the terms and purposes of such agreements.

Subject to the provisions of Section 8.500, the board of supervisors is further empowered to enact ordinances necessary to extend reciprocal rights to members who transfer between Charter Sections 8.509, 8.559, 8.584, 8.585, 8.586, 8.588 provided that service under Sections 8.509 and 8.584 shall be used for qualification purposes only and not to calculate benefits under Sections 8.559, 8.585, 8.586 and 8.588. With the exception of those members who transferred pursuant to Charter Sections 8.559-14 and 8.585-14, no ordinance enacted under this section shall extend reciprocal rights to any member who transferred from Charter Section 8.559 or 8.585 to Charter Sections 8.509, 8.584, 8.586 or 8.588, before April 1, 1993. No ordinance enacted under this section shall extend reciprocal rights to any person who terminated his or her membership in the Retirement System or retired before April 1, 1993. Subject to the above, reciprocal benefits under this paragraph shall be consistent with interpretations that have been made relative to the reciprocal benefit provisions of the Public Employees' Retirement System and 1937 County Employees' Retirement Act which this paragraph is intended to implement. The reciprocal benefits under this section will be limited by Section 415 of the Internal Revenue Code of 1986, as amended from time to time, and no reciprocal benefits will be effective if they have an adverse impact on the tax qualified status of the Retirement System under Section 401 of the Internal Revenue Code of 1986, as amended from time to time.

Appendix A8.559-14 is hereby amended to read as follows:

A8.559-14 Right to Transfer

Notwithstanding any provisions of this charter to the contrary, any person who, on or after January 1, 1981, is a member of the Police Department, and is a member of the Retirement System under Charter Section 8.559, may become a member of the Retirement System under Charter Section 8.586 by filing in writing with the Retirement System no later than December 31, 1981, an executed waiver of all benefits which might inure to him under Charter Section 8.559. This waiver must be without right of revocation and on a form furnished by the Retirement System. The Retirement Board may require that this waiver be executed by additional persons before it becomes operative.

This transfer will be effective July 1, 1980. Those persons so electing to become members under Charter Section 8.586 shall receive service credit under Charter Section 8.586 equal to their service credit under Charter Section 8.559 as of June 30, 1980.

Those persons so electing to become members under Charter Section 8.586 shall not be subject to any of those provisions of Charter Section 8.559 as of July 1, 1980.

Notwithstanding the provisions of Charter Section 8.526, the cost of living adjustment in any given year prior to January 1, 2000 for those persons electing this transfer to Charter Section 8.586 shall not exceed the provisions of Charter Section 8.526 as they existed on July 1, 1980.

Those persons so electing to transfer membership from Charter Section 8.559 to Charter Section 8.586 shall receive a monetary consideration not to exceed $40,000 calculated at the rate of $2,500 for each year of said service credit up to ten years and then at the rate of $1,000 for each additional year of said service credit. This monetary consideration shall be paid from said member's contribution account including any interest thereon. When said member's contribution account is depleted, the balance shall be paid from the city and county contributions held by the Retirement System.

This consideration shall be payable January 1, 1982. Alternatively, an employee may elect to receive payments according to a schedule established by the Retirement Board.

Notwithstanding any other charter or ordinance provisions, a member transferring pursuant to this section shall be eligible to receive any benefits payable because of an increase in benefits approved by the voters for other members under Charter Section 8.586, provided however, that said member repays with interest the monetary consideration he or she received in making this transfer, offset by the amount of said member's own account in the Retirement System under Charter Section 8.559. Interest on the repayment amount shall be charged at the rate credited to member accounts from January 1, 1981 until repayment or effective date of retirement. Members shall have the option of making said repayment either through a lump-sum payment, payroll deduction or through an actuarial offset against any benefits, payable because of an increase in benefits subsequent to July 1, 1980.

The amendments to this section contained in the proposition submitted to the electorate on November 2, 1999 shall apply only to active and retired members on November 2, 1999 and constitute a prospective increase in benefits to such members subject to repayment in accordance with the provisions of the preceding paragraph. Upon repayment, retirees shall have their benefits recalculated under Charter Section 8.586 as in force at the date of their retirement. These recalculated benefits shall be first payable on and after November 2, 1999. No retired member shall become eligible under said amendments for any retroactive payments. Notwithstanding the preceding sentences, the provisions in Charter Section 8.586-3 for recalculation on the date upon which said member would have qualified for service retirement ("QSR") shall use the provisions of Charter Section 8.586 at QSR.

Appendix A8.585-14 is hereby amended to read as follows:

A8.585-14 Right to Transfer

Notwithstanding any provisions of this charter to the contrary, any person who, on or after January 1, 1981, is a member of the Fire Department, and is a member of the Retirement System under Charter Section 8.585, may become a member of the Retirement System under Charter Section 8.588 by filing in writing with the Retirement System no later than December 31, 1981, an executed waiver of all benefits which might inure to him under Charter Section 8.585. This waiver must

be without right of revocation and on a form furnished by the Retirement System. The Retirement Board may require that this waiver be executed by additional persons before it becomes operative.

This transfer will be effective July 1, 1980. Those persons so electing to become members under Charter Section 8.588 shall receive service credit under Charter Section 8.588 equal to their service credit under Charter Section 8.585 as of June 30, 1980.

Those persons so electing to become members under Charter Section 8.588 shall not be subject to any of those provisions of Charter Section 8.585 as of July 1, 1980.

Notwithstanding the provisions of Charter Section 8.526, the cost of living adjustment in any given year prior to January 1, 2000 for those persons electing this transfer to Charter Section 8.588 shall not exceed the provisions of Charter Section 8.526 as they existed on July 1, 1980.

Those persons so electing to transfer membership from Charter Section 8.585 to Charter Section 8.588 shall receive a monetary consideration not to exceed $40,000 calculated at the rate of $2,500 for each year of said service credit up to ten years and then at the rate of $1,000 for each additional year of said service credit. This monetary consideration shall be paid from said member's contribution account including any interest thereon. When said member's contribution account is depleted, the balance shall be paid from the city and county contributions held by the Retirement System.

This consideration shall be payable January 1, 1982. Alternatively, an employee may elect to receive payments according to a schedule established by the Retirement Board.

Notwithstanding any other charter or ordinance provisions, a member transferring pursuant to this section shall be eligible to receive any benefits payable because of an increase in benefits approved by the voters for other members under Charter Section 8.588, provided however, that said member repays with interest the monetary consideration he or she received in making this transfer, offset by the amount of said member's own account in the Retirement System under Charter Section 8.585. Interest on the repayment amount shall be charged at the rate credited to member accounts from January 1, 1981 until repayment or effective date of retirement. Members shall have the option of making said repayment either through a lump-sum payment, payroll deduction or through an actuarial offset against any benefits, payable because of an increase in benefits subsequent to July 1, 1980.

The amendments to this section contained in the proposition submitted to the electorate on November 2, 1999 shall apply only to active and retired members on November 2, 1999 and constitute a prospective increase in benefits to such members subject to repayment in accordance with the provisions of the preceding paragraph. Upon repayment, retirees shall have their benefits recalculated under Charter Section 8.588 as in force at the date of their retirement. These recalculated

benefits shall be first payable on and after November 2, 1999. No retired member shall become eligible under said amendments for any retroactive payments. Notwithstanding the preceding sentences, the provisions in Charter Section 8.588-3 for recalculation on the date upon which said member would have qualified for service retirement ("QSR") shall use the provisions of Charter Section 8.588 at QSR.

Certified to be a true copy by Tom Ammiano, President of the Board of Supervisors, and Gloria L. Young, Clerk.

Date of Municipal Election: November 2, 1999.
