EFFECTIVE DATES

Regular Session

The 1999–2000 Regular Session reconvened on January 3, 2000, and adjourned *sine die* on November 30, 2000. Statutes enacted in 2000, other than those taking immediate effect, will become effective January 1, 2001.

The effective date of a joint or concurrent resolution is the date it is filed with the Secretary of State.

An initiative statute or referendum or a constitutional amendment proposed by the Legislature and adopted by the people takes effect the day after the election unless the measure provides otherwise.

Statutes Which Take Effect Immediately. An urgency statute, and a statute calling an election, providing for a tax levy, or making an appropriation for the usual current expenses of the state may take effect immediately. Such a statute becomes *effective* on the date it is filed with the Secretary of State.

Operative Date. The provisions of a statute normally become operative on the date it takes effect. However, any statute may, by its own terms, delay the *operation* of its provisions until the happening of some contingency or until a specified time. Also, a later statute or a general provision in a particular code may delay the operation of a statute to a time after its effective date.

CONSTITUTION OF THE STATE OF CALIFORNIA *

AS AMENDED AND IN FORCE NOVEMBER 7, 2000

PREAMBLE

We, the People of the State of California, grateful to Almighty God for our freedom, in order to secure and perpetuate its blessings, do establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

SECTION 1. [*Repealed November 5, 1974. See Section 1, below.*]

[*Inalienable Rights*]

SECTION 1. All people are by nature free and independent and have inalienable rights. Among these are enjoying and defending life and liberty, acquiring, possessing, and protecting property, and pursuing and obtaining safety, happiness, and privacy. [*New section adopted November 5, 1974.*]

[*Liberty of Speech and of the Press—Newspersons' Refusal to Disclose Information Sources Not Adjudged in Contempt*]

SEC. 2. (a) Every person may freely speak, write and publish his or her sentiments on all subjects, being responsible for the abuse of this right. A law may not restrain or abridge liberty of speech or press.

(b) A publisher, editor, reporter, or other person connected with or employed upon a newspaper, magazine, or other periodical publication, or by a press association or wire service, or any person who has been so connected or employed, shall not be adjudged in contempt by a judicial, legislative, or administrative body, or any other body having the power to issue subpoenas, for refusing to disclose the source of any information procured while so connected or employed for publication in a newspaper, magazine or other periodical publication, or for refusing to disclose any unpublished information obtained or prepared in gathering, receiving or processing of information for communication to the public.

Nor shall a radio or television news reporter or other person connected with or employed by a radio or television station, or any person who has been so connected or employed, be so adjudged in contempt for refusing to disclose the source of any information procured while so connected or employed for news or news commentary purposes on radio or television, or for refusing to disclose any unpublished information obtained or prepared in gathering, receiving or processing of information for communication to the public.

* Adopted by the people on May 7, 1879. Certain spelling and capitalization variances reflect State Printer's style in effect at time of adoption of amendments.

As used in this subdivision, “unpublished information” includes information not disseminated to the public by the person from whom disclosure is sought, whether or not related information has been disseminated and includes, but is not limited to, all notes, outtakes, photographs, tapes or other data of whatever sort not itself disseminated to the public through a medium of communication, whether or not published information based upon or related to such material has been disseminated. [*As amended June 3, 1980.*]

[*Right to Assemble and to Petition*]

SEC. 3. The people have the right to instruct their representatives, petition government for redress of grievances, and assemble freely to consult for the common good. [*New section adopted November 5, 1974.*]

SEC. 4. [*Repealed November 5, 1974. See Section 4, below.*]

[*Liberty of Conscience*]

SEC. 4. Free exercise and enjoyment of religion without discrimination or preference are guaranteed. This liberty of conscience does not excuse acts that are licentious or inconsistent with the peace or safety of the State. The Legislature shall make no law respecting an establishment of religion.

A person is not incompetent to be a witness or juror because of his or her opinions on religious beliefs. [*New section adopted November 5, 1974.*]

SEC. 5. [*Repealed November 5, 1974. See Section 5, below.*]

[*Due Process of Law—Use of Pupil School Assignment or Pupil Transportation*]

SEC. 7. (a) A person may not be deprived of life, liberty, or property without due process of law or denied equal protection of the laws; provided, that nothing contained herein or elsewhere in this Constitution imposes upon the State of California or any public entity, board, or official any obligations or responsibilities which exceed those imposed by the Equal Protection Clause of the 14th Amendment to the United States Constitution with respect to the use of pupil school assignment or pupil trans-

portation. In enforcing this subdivision or any other provision of this Constitution, no court of this State may impose upon the State of California or any public entity, board, or official any obligation or responsibility with respect to the use of pupil school assignment or pupil transportation, (1) except to remedy a specific violation by such party that would also constitute a violation of the Equal Protection Clause of the 14th Amendment to the United States Constitution, and (2) unless a federal court would be permitted under federal decisional law to impose that obligation or responsibility upon such party to remedy the specific violation of the Equal Protection Clause of the 14th Amendment of the United States Constitution.

Except as may be precluded by the Constitution of the United States, every existing judgment, decree, writ, or other order of a court of this State, whenever rendered, which includes provisions regarding pupil school assignment or pupil transportation, or which requires a plan including any such provisions shall, upon application to a court having jurisdiction by any interested person, be modified to conform to the provisions of this subdivision as amended, as applied to the facts which exist at the time of such modification.

In all actions or proceedings arising under or seeking application of the amendments to this subdivision proposed by the Legislature at its 1979–80 Regular Session, all courts, wherein such actions or proceedings are or may hereafter be pending, shall give such actions or proceedings first precedence over all other civil actions therein.

Nothing herein shall prohibit the governing board of a school district from voluntarily continuing or commencing a school integration plan after the effective date of this subdivision as amended.

In amending this subdivision, the Legislature and people of the State of California find and declare that this amendment is necessary to serve compelling public interests, including those of making the most effective use of the limited financial resources now and prospectively available to support public education, maximizing the educational opportunities and protecting the health and safety of all public school pupils, enhancing the ability of parents to participate in the educational process, preserving harmony and tranquility in this State and its public schools, preventing the waste of scarce fuel resources, and protecting the environment.

[Privileges and Immunities]

(b) A citizen or class of citizens may not be granted privileges or immunities not granted on the same terms to all citizens. Privileges or immunities granted by the Legislature may be altered or revoked. *[As amended November 6, 1979.]*

- (a) Capital crimes when the facts are evident or the presumption great;
- (b) Felony offenses involving acts of violence on another person, or felony sexual assault offenses on another person, when the facts are evident or the presumption great and the court finds based upon clear and convincing evidence that there is a substantial likelihood the person's release would result in great bodily harm to others; or
- (c) Felony offenses when the facts are evident or the presumption great and the court finds based on clear and convincing evidence that the person has threatened another with great bodily harm and that there is a substantial likelihood that the person would carry out the threat if released.

Excessive bail may not be required. In fixing the amount of bail, the court shall take into consideration the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at the trial or hearing of the case.

A person charged with a felony by complaint subscribed under penalty of perjury and on file in a court in the county where the felony is triable shall be taken without unnecessary delay before a magistrate of that court. The magistrate shall immediately give the defendant a copy of the complaint, inform the defendant of the defendant's right to counsel, allow the defendant a reasonable time to send for counsel, and on the defendant's request read the complaint to the defendant. On the defendant's request the magistrate shall require a peace officer to transmit within the county where the court is located a message to counsel named by defendant.

A person unable to understand English who is charged with a crime has a right to an interpreter throughout the proceedings. [New section adopted November 5, 1974.]

The Legislature may provide for the deposition of a witness in the presence of the defendant and the defendant's counsel.

Persons may not twice be put in jeopardy for the same offense, be compelled in a criminal cause to be a witness against themselves, or be deprived of life, liberty, or property without due process of law. [*New section adopted November 5, 1974.*]

[*Trial by Jury*]

SEC. 16. Trial by jury is an inviolate right and shall be secured to all, but in a civil cause three-fourths of the jury may render a verdict. A jury may be waived in a criminal cause by the consent of both parties expressed in open court by the defendant and the defendant's counsel. In a civil cause a jury may be waived by the consent of the parties expressed as prescribed by statute.

[*Number of Jurors in Civil Trials*]

In civil causes the jury shall consist of 12 persons or a lesser number agreed on by the parties in open court. In civil causes other than causes within the appellate jurisdiction of the court of appeal the Legislature may provide that the jury shall consist of eight persons or a lesser number agreed on by the parties in open court.

[*Number of Jurors in Criminal Trials*]

In criminal actions in which a felony is charged, the jury shall consist of 12 persons. In criminal actions in which a misdemeanor is charged, the jury shall consist of 12 persons or a lesser number agreed on by the parties in open court. [*As amended June 2, 1998.*]

[*Constitutional Rights—Rights Reserved*]

SEC. 24. Rights guaranteed by this Constitution are not dependent on those guaranteed by the United States Constitution.

In criminal cases the rights of a defendant to equal protection of the laws, to due process of law, to the assistance of counsel, to be personally present with counsel, to a speedy and public trial, to compel the attendance of witnesses, to confront the witnesses against him or her, to be free from unreasonable searches and seizures, to privacy, to not be compelled to be a witness against himself or herself, to not be placed twice in jeopardy for the same offense, and to not suffer the imposition of cruel or unusual punishment, shall be construed by the courts of this State in a manner consistent with the Constitution of the United States. This Constitution shall not be construed by the courts to afford greater rights to criminal defendants than those afforded by the Constitution of the United States, nor shall it be construed to afford greater rights to minors in juvenile proceedings on criminal causes than those afforded by the Constitution of the United States.

This declaration of rights may not be construed to impair or deny others retained by the people. [*As amended June 5, 1990. Initiative measure.*]

[*Right to Fish*]

SECTION 25. The people shall have the right to fish upon and from the public lands of the State and in the waters thereof, excepting upon lands set aside for fish hatcheries, and no land owned by the State shall ever be sold or transferred without reserving in the people the absolute right to fish thereupon; and no law shall ever be passed making it a crime for the people to enter upon the public lands within this State for the purpose of fishing in any water containing fish that have been planted therein by the State; *provided*, that the Legislature may by statute, provide for the season when and the conditions under which the different species of fish may be taken. [*New section adopted November 8, 1910.*]

SEC. 26a. [*Repealed November 8, 1949.*]

[*Death Penalty*]

SEC. 27. All statutes of this State in effect on February 17, 1972, requiring, authorizing, imposing, or relating to the death penalty are in full force and effect, subject to legislative amendment or repeal by statute, initiative, or referendum.

The death penalty provided for under those statutes shall not be deemed to be, or to constitute, the infliction of cruel or unusual punishments within the meaning of Article 1, Section 6 nor shall such punishment for such offenses be deemed to contravene any other provision of this constitution. [*New section adopted November 7, 1972. Initiative measure.*]

[*“The Victims’ Bill of Rights”*]

SEC. 28. (a) The People of the State of California find and declare that the enactment of comprehensive provisions and laws ensuring a bill of rights for victims of crime, including safeguards in the criminal justice system to fully protect those rights, is a matter of grave statewide concern.

The rights of victims pervade the criminal justice system, encompassing not only the right to restitution from the wrongdoers for financial losses suffered as a result of criminal acts, but also the more basic expectation that persons who commit felonious acts causing injury to innocent victims

will be appropriately detained in custody, tried by the courts, and sufficiently punished so that the public safety is protected and encouraged as a goal of highest importance.

Such public safety extends to public primary, elementary, junior high, and senior high school campuses, where students and staff have the right to be safe and secure in their persons.

To accomplish these goals, broad reforms in the procedural treatment of accused persons and the disposition and sentencing of convicted persons are necessary and proper as deterrents to criminal behavior and to serious disruption of people's lives.

(b) Restitution. It is the unequivocal intention of the People of the State of California that all persons who suffer losses as a result of criminal activity shall have the right to restitution from the persons convicted of the crimes for losses they suffer.

Restitution shall be ordered from the convicted persons in every case, regardless of the sentence or disposition imposed, in which a crime victim suffers a loss, unless compelling and extraordinary reasons exist to the contrary. The Legislature shall adopt provisions to implement this section during the calendar year following adoption of this section.

(c) Right to Safe Schools. All students and staff of public primary, elementary, junior high and senior high schools have the inalienable right to attend campuses which are safe, secure and peaceful.

(d) Right to Truth-in-Evidence. Except as provided by statute hereafter enacted by a two-thirds vote of the membership in each house of the Legislature, relevant evidence shall not be excluded in any criminal proceeding, including pretrial and post conviction motions and hearings, or in any trial or hearing of a juvenile for a criminal offense, whether heard in juvenile or adult court. Nothing in this section shall affect any existing statutory rule of evidence relating to privilege or hearsay, or Evidence Code, Sections 352, 782 or 1103. Nothing in this section shall affect any existing statutory or constitutional right of the press.

(e) Public Safety Bail. A person may be released on bail by sufficient sureties, except for capital crimes when the facts are evident or the presumption great. Excessive bail may not be required. In setting, reducing or denying bail, the judge or magistrate shall take into consideration the protection of the public, the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at the trial or hearing of the case. Public safety shall be the primary consideration.

A person may be released on his or her own recognizance in the court's discretion, subject to the same factors considered in setting bail. However, no person charged with the commission of any serious felony shall be released on his or her own recognizance.

Before any person arrested for a serious felony may be released on bail, a hearing may be held before the magistrate or judge, and the prosecuting attorney shall be given notice and reasonable opportunity to be heard on the matter.

When a judge or magistrate grants or denies bail or release on a person's own recognizance, the reasons for that decision shall be stated in the record and included in the court's minutes.

(f) Use of Prior Convictions. Any prior felony conviction of any person in any criminal proceeding, whether adult or juvenile, shall subsequently be used without limitation for purposes of impeachment or enhancement of sentence in any criminal proceeding. When a prior felony conviction is an element of any felony offense, it shall be proven to the trier of fact in open court.

(g) As used in this article, the term "serious felony" is any crime defined in Penal Code, Section 1192.7(c). [*New section adopted June 8, 1982. Initiative measure.*]

[*Criminal Cases—Due Process of Law—Speedy and Public Trial*]

SEC. 29. In a criminal case, the people of the State of California have the right to due process of law and to a speedy and public trial. [*New section adopted June 5, 1990. Initiative measure.*]

[*Criminal Cases—Jointure-Hearsay Evidence—Discovery*]

SEC. 30. (a) This Constitution shall not be construed by the courts to prohibit the joining of criminal cases as prescribed by the Legislature or by the people through the initiative process.

(b) In order to protect victims and witnesses in criminal cases, hearsay evidence shall be admissible at preliminary hearings, as prescribed by the Legislature or by the people through the initiative process.

(c) In order to provide for fair and speedy trials, discovery in criminal cases shall be reciprocal in nature, as prescribed by the Legislature or by the people through the initiative process. [*New section adopted June 5, 1990. Initiative measure.*]

[*Prohibition Against Discrimination or Preferential Treatment*]

SEC. 31. (a) The State shall not discriminate against, or grant preferential treatment to, any individual or group on the basis of race, sex, color, ethnicity, or national origin in the operation of public employment, public education, or public contracting.

(b) This section shall apply only to action taken after the section's effective date.

(c) Nothing in this section shall be interpreted as prohibiting bona fide qualifications based on sex which are reasonably necessary to the normal operation of public employment, public education, or public contracting.

(d) Nothing in this section shall be interpreted as invalidating any court order or consent decree which is in force as of the effective date of this section.

(e) Nothing in this section shall be interpreted as prohibiting action which must be taken to establish or maintain eligibility for any federal program, where ineligibility would result in a loss of federal funds to the State.

(f) For the purposes of this section, "State" shall include, but not necessarily be limited to, the State itself, any city, county, city and county, public university system, including the University of California, community college district, school district, special district, or any other political subdivision or governmental instrumentality of or within the State.

(g) The remedies available for violations of this section shall be the same, regardless of the injured party's race, sex, color, ethnicity, or national origin, as are otherwise available for violations of then-existing California antidiscrimination law.

(h) This section shall be self-executing. If any part or parts of this section are found to be in conflict with federal law or the United States Constitution, the section shall be implemented to the maximum extent that federal law and the United States Constitution permit. Any provision held invalid shall be severable from the remaining portions of this section. [*New section adopted November 5, 1996. Initiative measure.*]

in the case of an amendment to the Constitution, of the votes for all candidates for Governor at the last gubernatorial election.

(c) The Secretary of State shall then submit the measure at the next general election held at least 131 days after it qualifies or at any special statewide election held prior to that general election. The Governor may call a special statewide election for the measure.

(d) An initiative measure embracing more than one subject may not be submitted to the electors or have any effect.

(e) An initiative measure may not include or exclude any political subdivision of the State from the application or effect of its provisions based upon approval or disapproval of the initiative measure, or based upon the casting of a specified percentage of votes in favor of the measure, by the electors of that political subdivision.

(f) An initiative measure may not contain alternative or cumulative provisions wherein one or more of those provisions would become law depending upon the casting of a specified percentage of votes for or against the measure. [*As amended June 2, 1998.*]

[*Referendum*]

SEC. 9. (a) The referendum is the power of the electors to approve or reject statutes or parts of statutes except urgency statutes, statutes calling elections, and statutes providing for tax levies or appropriations for usual current expenses of the State.

(b) A referendum measure may be proposed by presenting to the Secretary of State, within 90 days after the enactment date of the statute, a petition certified to have been signed by electors equal in number to 5 percent of the votes for all candidates for Governor at the last gubernatorial election, asking that the statute or part of it be submitted to the electors. In the case of a statute enacted by a bill passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, the petition may not be presented on or after January 1 next following the enactment date unless a copy of the petition is submitted to the Attorney General pursuant to subdivision (d) of Section 10 of Article II before January 1.

(c) The Secretary of State shall then submit the measure at the next general election held at least 31 days after it qualifies or at a special statewide election held prior to that general election. The Governor may call a special statewide election for the measure. [*As amended June 5, 1990.*]

[*Initiative and Referendum—Vote and Effective Date—Conflicts—Legislative Repeal or Amendment—Titling*]

measure provides otherwise. If a referendum petition is filed against a part of a statute the remainder shall not be delayed from going into effect.

(b) If provisions of 2 or more measures approved at the same election conflict, those of the measure receiving the highest affirmative vote shall prevail.

(c) The Legislature may amend or repeal referendum statutes. It may amend or repeal an initiative statute by another statute that becomes effective only when approved by the electors unless the initiative statute permits amendment or repeal without their approval.

(d) Prior to circulation of an initiative or referendum petition for signatures, a copy shall be submitted to the Attorney General who shall prepare a title and summary of the measure as provided by law.

(e) The Legislature shall provide the manner in which petitions shall be circulated, presented, and certified, and measures submitted to the electors. [*Former Section 24 of Article IV, as renumbered June 8, 1976.*]

[*Initiative and Referendum—Cities or Counties*]

(b) A city or county initiative measure may not include or exclude any part of the city or county from the application or effect of its provisions based upon approval or disapproval of the initiative measure, or based upon the casting of a specified percentage of votes in favor of the measure, by the electors of the city or county or any part thereof.

(c) A city or county initiative measure may not contain alternative or cumulative provisions wherein one or more of those provisions would become law depending upon the casting of a specified percentage of votes for or against the measure. [*As amended June 2, 1998.*]

[*Naming Individual or Private Corporation to Office or Duty Prohibited*]

SEC. 12. No amendment to the Constitution, and no statute proposed to the electors by the Legislature or by initiative, that names any individual to hold any office, or names or identifies any private corporation to perform any function or to have any power or duty, may be submitted to the electors or have any effect. [*Former Section 26 of Article IV, as renumbered June 8, 1976.*]

[*Recall Defined*]

SEC. 13. Recall is the power of the electors to remove an elective officer. [*New section adopted June 8, 1976.*]

[*Recall Petitions*]

SEC. 14. (a) Recall of a state officer is initiated by delivering to the Secretary of State a petition alleging reason for recall. Sufficiency of reason is not reviewable. Proponents have 160 days to file signed petitions.

(b) A petition to recall a statewide officer must be signed by electors equal in number to 12 percent of the last vote for the office, with signatures from each of 5 counties equal in number to 1 percent of the last vote for the office in the county. Signatures to recall Senators, members of the Assembly, members of the Board of Equalization, and judges of courts of appeal and trial courts must equal in number 20 percent of the last vote for the office.

(c) The Secretary of State shall maintain a continuous count of the signatures certified to that office. [*New section adopted June 8, 1976.*]

[*Recall Elections*]

SEC. 15. (a) An election to determine whether to recall an officer and, if appropriate, to elect a successor shall be called by the Governor and held not less than 60 days nor more than 80 days from the date of certification of sufficient signatures.

(b) A recall election may be conducted within 180 days from the date of certification of sufficient signatures in order that the election may be consolidated with the next regularly scheduled election occurring wholly or partially within the same jurisdiction in which the recall election is held, if the number of voters eligible to vote at that next regularly scheduled election equal at least 50 percent of all the voters eligible to vote at the recall election.

(c) If the majority vote on the question is to recall, the officer is removed and, if there is a candidate, the candidate who receives a plurality is the successor. The officer may not be a candidate, nor shall there be any candidacy for an office filled pursuant to subdivision (d) of Section 16 of Article VI. [*As amended November 8, 1994.*]

[*Legislature to Provide for Petitions, Etc.*]

curred. Another recall may not be initiated against the officer until six months after the election. [*New section adopted June 8, 1976.*]

[*Recall of Local Officers*]

SEC. 19. The Legislature shall provide for recall of local officers. This section does not affect counties and cities whose charters provide for recall. [*New section adopted June 8, 1976.*]

[*Terms of Elective Offices*]

SEC. 20. Terms of elective offices provided for by this Constitution, other than Members of the Legislature, commence on the Monday after January 1 following election. The election shall be held in the last even-numbered year before the term expires. [*New section adopted June 8, 1976.*]

ARTICLE III. [*Repealed November 7, 1972. See Article III, below.*]

ARTICLE III*

STATE OF CALIFORNIA

[*United States Constitution Supreme Law*]

SEC. 1. The State of California is an inseparable part of the United States of America, and the United States Constitution is the supreme law of the land. [*New section adopted November 7, 1972.*]

[*Boundaries of the State—Sacramento Seat of Government*]

SEC. 2. The boundaries of the State are those stated in the Constitution of 1849 as modified pursuant to statute. Sacramento is the capital of California. [*New section adopted November 7, 1972.*]

[*Separation of Powers*]

SEC. 3. The powers of state government are legislative, executive, and judicial. Persons charged with the exercise of one power may not exercise either of the others except as permitted by this Constitution. [*New section adopted November 7, 1972.*]

[*Administrative Agencies: Declaration Statute Unenforceable or Unconstitutional Prohibited*]

SEC. 3.5. An administrative agency, including an administrative agency created by the Constitution or an initiative statute, has no power:

(a) To declare a statute unenforceable, or refuse to enforce a statute, on the basis of it being unconstitutional unless an appellate court has made a determination that such statute is unconstitutional;

* New Article III adopted November 7, 1972.

(b) To declare a statute unconstitutional;

(c) To declare a statute unenforceable, or to refuse to enforce a statute on the basis that federal law or federal regulations prohibit the enforcement of such statute unless an appellate court has made a determination that the enforcement of such statute is prohibited by federal law or federal regulations. [*New section adopted June 6, 1978.*]

[*Salaries of Elected State Officers—Salaries of Judges*]

SEC. 4. (a) Except as provided in subdivision (b), salaries of elected state officers may not be reduced during their term of office. Laws that set these salaries are appropriations.

(b) Beginning on January 1, 1981, the base salary of a judge of a court of record shall equal the annual salary payable as of July 1, 1980, for that office had the judge been elected in 1978. The Legislature may prescribe increases in those salaries during a term of office, and it may terminate prospective increases in those salaries at any time during a term of office, but it shall not reduce the salary of a judge during a term of office below the highest level paid during that term of office. Laws setting the salaries of judges shall not constitute an obligation of contract pursuant to Section 9 of Article I or any other provision of law. [*As amended November 4, 1980.*]

[*Suits Against State*]

SEC. 5. Suits may be brought against the State in such manner and in such courts as shall be directed by law. [*New section adopted November 7, 1972.*]

[*Official State Language*]

SEC. 6. (a) Purpose.

English is the common language of the people of the United States of America and the State of California. This section is intended to preserve, protect and strengthen the English language, and not to supersede any of the rights guaranteed to the people by this Constitution.

(b) English as the Official Language of California.

English is the official language of the State of California.

(c) Enforcement.

The Legislature shall enforce this section by appropriate legislation. The Legislature and officials of the State of California shall take all steps necessary to insure that the role of English as the common language of the State of California is preserved and enhanced. The Legislature shall make no law which diminishes or ignores the role of English as the common language of the State of California.

(d) Personal Right of Action and Jurisdiction of Courts.

Any person who is a resident of or doing business in the State of California shall have standing to sue the State of California to enforce this section, and the Courts of record of the State of California shall have jurisdiction to hear cases brought to enforce this section. The Legislature may provide reasonable and appropriate limitations on the time and manner of suits brought under this section. [*New section adopted November 4, 1986. Initiative measure.*]

[*Retirement Benefits for Elected Constitutional Officers*]

SEC. 7. (a) The retirement allowance for any person, all of whose credited service in the Legislators' Retirement System was rendered or was deemed to have been rendered as an elective officer of the State whose office is provided for by the California Constitution, other than a judge and other than a Member of the Senate or Assembly, and all or any part of whose retirement allowance is calculated on the basis of the compensation payable to the officer holding the office which the member last held prior to retirement, or for the survivor or beneficiary of such a person, shall not be increased or affected in any manner by changes on or after November 5, 1986, in the compensation payable to the officer holding the office which the member last held prior to retirement.

(b) This section shall apply to any person, survivor, or beneficiary described in subdivision (a) who receives, or is receiving, from the Legislators' Retirement System a retirement allowance on or after November 5, 1986, all or any part of which allowance is calculated on the basis of the compensation payable to the officer holding the office which the member last held prior to retirement.

(c) It is the intent of the people, in adopting this section, to restrict retirement allowances to amounts reasonably to be expected by certain members and retired members of the Legislators' Retirement System and to preserve the basic character of earned retirement benefits while prohibiting windfalls and unforeseen advantages which have no relation to the real theory and objective of a sound retirement system. It is not the intent of this section to deny any member, retired member, survivor, or beneficiary a reasonable retirement allowance. Thus, this section shall not be construed as a repudiation of a debt nor the impairment of a contract for a substantial and reasonable retirement allowance from the Legislators' Retirement System.

(d) The people and the Legislature hereby find and declare that the dramatic increase in the retirement allowances of persons described in subdivision (a) which would otherwise result when the compensation for those offices increases on November 5, 1986, or January 5, 1987, are not benefits which could have reasonably been expected. The people and the Legislature further find and declare that the Legislature did not intend to

provide in its scheme of compensation for those offices such windfall benefits. [*New section adopted November 4, 1986.*]

[*California Citizens Compensation Commission*]

SEC. 8. (a) The California Citizens Compensation Commission is hereby created and shall consist of seven members appointed by the Governor. The commission shall establish the annual salary and the medical dental, insurance, and other similar benefits of state officers.

(b) The commission shall consist of the following persons:

(1) Three public members, one of whom has expertise in the area of compensation, such as an economist, market researcher, or personnel manager; one of whom is a member of a nonprofit public interest organization; and one of whom is representative of the general population and may include, among others, a retiree, homemaker, or person of median income. No person appointed pursuant to this paragraph may, during the 12 months prior to his or her appointment, have held public office, either elective or appointive, have been a candidate for elective public office, or have been a lobbyist, as defined by the Political Reform Act of 1974.

(2) Two members who have experience in the business community, one of whom is an executive of a corporation incorporated in this State which ranks among the largest private sector employers in the State based on the number of employees employed by the corporation in this State and one of whom is an owner of a small business in this State.

(3) Two members, each of whom is an officer or member of a labor organization.

(c) The Governor shall strive insofar as practicable to provide a balanced representation of the geographic, gender, racial, and ethnic diversity of the State in appointing commission members.

(d) The Governor shall appoint commission members and designate a chairperson for the commission not later than 30 days after the effective date of this section. The terms of two of the initial appointees shall expire on December 31, 1992, two on December 31, 1994, and three on December 31, 1996, as determined by the Governor. Thereafter, the term of each member shall be six years. Within 15 days of any vacancy, the Governor shall appoint a person to serve the unexpired portion of the term.

(e) No current or former officer or employee of this State is eligible for appointment to the commission.

(f) Public notice shall be given of all meetings of the commission, and the meetings shall be open to the public.

(g) On or before December 3, 1990, the commission shall, by a single resolution adopted by a majority of the membership of the commission, establish the annual salary and the medical, dental, insurance, and other similar benefits of state officers. The annual salary and benefits specified in that resolution shall be effective on and after December 3, 1990.

Thereafter, at or before the end of each of each fiscal year, the commission shall, by a single resolution adopted by a majority of the membership of the commission, adjust the annual salary and the medical, dental, insurance, and other similar benefits of state officers. The annual salary and benefits specified in the resolution shall be effective on and after the first Monday of the next December.

(h) In establishing or adjusting the annual salary and the medical, dental, insurance, and other similar benefits, the commission shall consider all of the following:

(1) The amount of time directly or indirectly related to the performance of the duties, functions, and services of a state officer.

(2) The amount of the annual salary and the medical, dental, insurance, and other similar benefits for other elected and appointed officers and officials in this State with comparable responsibilities, the judiciary, and, to the extent practicable, the private sector, recognizing, however, that state officers do not receive, and do not expect to receive, compensation at the same levels as individuals in the private sector with comparable experience and responsibilities.

(3) The responsibility and scope of authority of the entity in which the state officer serves.

(i) Until a resolution establishing or adjusting the annual salary and the medical, dental, insurance, and other similar benefits for state officers takes effect, each state officer shall continue to receive the same annual salary and the medical, dental, insurance, and other similar benefits received previously.

(j) All commission members shall receive their actual and necessary expenses, including travel expenses, incurred in the performance of their duties. Each member shall be compensated at the same rate as members, other than the chairperson, of the Fair Political Practices Commission, or its successor, for each day engaged in official duties, not to exceed 45 days per year.

(k) It is the intent of the Legislature that the creation of the commission should not generate new state costs for staff and services. The Department of Personnel Administration, the Board of Administration of the Public Employees' Retirement System, or other appropriate agencies, or their successors, shall furnish, from existing resources, staff and services to the commission as needed for the performance of its duties.

(l) "State officer," as used in this section, means the Governor, Lieutenant Governor, Attorney General, Controller, Insurance Commissioner, Secretary of State, Superintendent of Public Instruction, Treasurer, member of the State Board of Equalization, and Member of the Legislature. [New section adopted June 5, 1990.]

ARTICLE IV

LEGISLATIVE

[Heading as amended November 8, 1966.]

SECTION 1. *[Repealed November 8, 1966. See Section 1, below.]*

[Legislative Power]

SEC. 1. The legislative power of this State is vested in the California Legislature which consists of the Senate and Assembly, but the people reserve to themselves the powers of initiative and referendum. *[New section adopted November 8, 1966.]*

SEC. 1a. *[Renumbered Section 20 of Article XIII and amended November 8, 1966.]*

SEC. 1b. *[Repealed November 8, 1966.]*

SEC. 1c. *[Repealed November 8, 1966.]*

SEC. 1d. *[Repealed November 8, 1966.]*

[Legislators—Limitation on Incumbency—Restriction of Retirement Benefits— Limitation of Staff and Support Services—Number of Terms]

SEC. 1.5. The people find and declare that the Founding Fathers established a system of representative government based upon free, fair, and competitive elections. The increased concentration of political power in the hands of incumbent representatives has made our electoral system less free, less competitive, and less representative.

The ability of legislators to serve unlimited number of terms, to establish their own retirement system, and to pay for staff and support services at state expense contribute heavily to the extremely high number of incumbents who are reelected. These unfair incumbent advantages discourage qualified candidates from seeking public office and create a class of career politicians, instead of the citizen representatives envisioned by the Founding Fathers. These career politicians become representatives of the bureaucracy, rather than of the people whom they are elected to represent.

To restore a free and democratic system of fair elections, and to encourage qualified candidates to seek public office, the people find and declare that the powers of incumbency must be limited. Retirement benefits must be restricted, state-financed incumbent staff and support services limited, and limitations placed upon the number of terms which may be served. *[New section adopted November 6, 1990. Initiative measure.]*

[Senate and Assembly—Membership—Elections—Number of Terms—Qualifications—Vacancies]

SEC. 2. (a) The Senate has a membership of 40 Senators elected for 4-year terms, 20 to begin every 2 years. No Senator may serve more than 2 terms.

The Assembly has a membership of 80 members elected for 2-year terms. No member of the Assembly may serve more than 3 terms.

Their terms shall commence on the first Monday in December next following their election.

(b) Election of members of the Assembly shall be on the first Tuesday after the first Monday in November of even-numbered years unless otherwise prescribed by the Legislature. Senators shall be elected at the same time and places as members of the Assembly.

(c) A person is ineligible to be a member of the Legislature unless the person is an elector and has been a resident of the legislative district for one year, and a citizen of the United States and a resident of California for 3 years, immediately preceding the election.

(d) When a vacancy occurs in the Legislature the Governor immediately shall call an election to fill the vacancy. [*As amended November 6, 1990. Initiative measure.*]

[Legislative Sessions—Regular and Special Sessions]

SEC. 3. (a) The Legislature shall convene in regular session at noon on the first Monday in December of each even-numbered year and each house shall immediately organize. Each session of the Legislature shall adjourn sine die by operation of the Constitution at midnight on November 30 of the following even-numbered year.

(b) On extraordinary occasions the Governor by proclamation may cause the Legislature to assemble in special session. When so assembled it has power to legislate only on subjects specified in the proclamation but may provide for expenses and other matters incidental to the session. [*As amended June 8, 1976.*]

[Legislators—Conflict of Interest—Prohibited Compensation—Earned Income]

SEC. 4. (a) To eliminate any appearance of a conflict with the proper discharge of his or her duties and responsibilities, no Member of the Legislature may knowingly receive any salary, wages, commissions, or other similar earned income from a lobbyist or lobbying firm, as defined by the Political Reform Act of 1974, or from a person who, during the previous 12 months, has been under a contract with the Legislature. The Legislature shall enact laws that define earned income. However, earned income does not include any community property interest in the income of a spouse. Any Member who knowingly receives any salary, wages, commissions, or other similar earned income from a lobbyist employer, as defined by the

Political Reform Act of 1974, may not, for a period of one year following its receipt, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the Legislature, other than an action or decision involving a bill described in subdivision (c) of Section 12 of this article, which he or she knows, or has reason to know, would have a direct and significant financial impact on the lobbyist employer and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, "public generally" includes an industry, trade, or profession.

[Legislators—Travel and Living Expenses]

(b) Travel and living expenses for Members of the Legislature in connection with their official duties shall be prescribed by statute passed by rollcall vote entered in the journal, two-thirds of the membership of each house concurring. A Member may not receive travel and living expenses during the times that the Legislature is in recess for more than three calendar days, unless the Member is traveling to or from, or is in attendance at, any meeting of a committee of which he or she is a member, or a meeting, conference, or other legislative function or responsibility as authorized by the rules of the house of which he or she is a member, which is held at a location at least 20 miles from his or her place of residence.

[Legislators—Retirement]

(c) The Legislature may not provide retirement benefits based on any portion of a monthly salary in excess of five hundred dollars (\$500) paid to any Member of the Legislature unless the Member receives the greater amount while serving as a Member in the Legislature. The Legislature may, prior to their retirement, limit the retirement benefits payable to Members of the Legislature who serve during or after the term commencing in 1967.

When computing the retirement allowance of a Member who serves in the Legislature during the term commencing in 1967 or later, allowance may be made for increases in cost of living if so provided by statute, but only with respect to increases in the cost of living occurring after retirement of the Member. However, the Legislature may provide that no Member shall be deprived of a cost of living adjustment based on a monthly salary of five hundred dollars (\$500) which has accrued prior to the commencement of the 1967 Regular Session of the Legislature. *[As amended June 5, 1990.]*

[Legislators—Retirement]

SEC. 4.5. Notwithstanding any other provision of this Constitution or existing law, a person elected to or serving in the Legislature on or after November 1, 1990, shall participate in the Federal Social Security (Retirement, Disability, Health Insurance) Program and the State shall pay

only the employer's share of the contribution necessary to such participation. No other pension or retirement benefit shall accrue as a result of service in the Legislature, such service not being intended as a career occupation. This Section shall not be construed to abrogate or diminish any vested pension or retirement benefit which may have accrued under an existing law to a person holding or having held office in the Legislature, but upon adoption of this Act no further entitlement to nor vesting in any existing program shall accrue to any such person, other than Social Security to the extent herein provided. [*New section adopted November 6, 1990. Initiative measure.*]

[*Legislators—Qualifications—Expulsion*]

SEC. 5. (a) Each house shall judge the qualifications and elections of its Members and, by rollcall vote entered in the journal, two thirds of the membership concurring, may expel a Member.

[*Legislators—Honoraria*]

(b) No Member of the Legislature may accept any honorarium. The Legislature shall enact laws that implement this subdivision.

[*Legislators—Gifts—Conflict of Interest*]

(c) The Legislature shall enact laws that ban or strictly limit the acceptance of a gift by a Member of the Legislature from any source if the acceptance of the gift might create a conflict of interest.

[*Legislators—Prohibited Compensation or Activity*]

(d) No Member of the Legislature may knowingly accept any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any state government board or agency. If a Member knowingly accepts any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any local government board or agency, the Member may not, for a period of one year following the acceptance of the compensation, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the Legislature, other than an action or decision involving a bill described in subdivision (c) of Section 12 of this article, which he or she knows, or has reason to know, would have a direct and significant financial impact on that person and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, "public generally" includes an industry, trade, or profession. However, a Member may engage in activities involving a board or agency which are strictly on his or her own behalf, appear in the capacity of an attorney before any court or the Workers' Compensation Appeals Board, or act as an advocate without compensation or make an inquiry for information on behalf of a person be-

fore a board or agency. This subdivision does not prohibit any action of a partnership or firm of which the Member is a member if the Member does not share directly or indirectly in the fee, less any expenses attributable to that fee, resulting from that action.

[Legislators—Lobbying]

(e) The Legislature shall enact laws that prohibit a Member of the Legislature whose term of office commences on or after December 3, 1990, from lobbying, for compensation, as governed by the Political Reform Act of 1974, before the Legislature for 12 months after leaving office.

[Legislators—Conflict of Interest]

(f) The Legislature shall enact new laws, and strengthen the enforcement of existing laws, prohibiting Members of the Legislature from engaging in activities or having interests which conflict with the proper discharge of their duties and responsibilities. However, the people reserve to themselves the power to implement this requirement pursuant to Article II. *[As amended June 5, 1990. Subdivision (b) operative December 3, 1990.]*

SEC. 6. *[Repealed June 3, 1980. See Section 6, below.]*

[Senatorial and Assembly Districts]

SEC. 6. For the purpose of choosing members of the Legislature, the State shall be divided into 40 Senatorial and 80 Assembly districts to be called Senatorial and Assembly Districts. Each Senatorial district shall choose one Senator and each Assembly district shall choose one member of the Assembly. *[New section adopted June 3, 1980.]*

[House Rules—Officers—Quorum]

SEC. 7. (a) Each house shall choose its officers and adopt rules for its proceedings. A majority of the membership constitutes a quorum, but a smaller number may recess from day to day and compel the attendance of absent members.

[Journals]

(b) Each house shall keep and publish a journal of its proceedings. The rollcall vote of the members on a question shall be taken and entered in the journal at the request of 3 members present.

[Public Proceedings—Closed Sessions]

(c) (1) The proceedings of each house and the committees thereof shall be open and public. However, closed sessions may be held solely for any of the following purposes:

(A) To consider the appointment, employment, evaluation of performance, or dismissal of a public officer or employee, to consider or hear complaints or charges brought against a Member of the Legislature or

other public officer or employee, or to establish the classification or compensation of an employee of the Legislature.

(B) To consider matters affecting the safety and security of Members of the Legislature or its employees or the safety and security of any buildings and grounds used by the Legislature.

(C) To confer with, or receive advice from, its legal counsel regarding pending or reasonably anticipated, or whether to initiate, litigation when discussion in open session would not protect the interests of the house or committee regarding the litigation.

(2) A caucus of the Members of the Senate, the Members of the Assembly, or the Members of both houses, which is composed of the members of the same political party, may meet in closed session.

(3) The Legislature shall implement this subdivision by concurrent resolution adopted by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, or by statute, and shall prescribe that, when a closed session is held pursuant to paragraph (1), reasonable notice of the closed session and the purpose of the closed session shall be provided to the public. If there is a conflict between a concurrent resolution and statute, the last adopted or enacted shall prevail.

[*Recess*]

For each fiscal year thereafter, the total aggregate expenditures may not exceed an amount equal to that expended for those purposes in the preceding fiscal year, adjusted and compounded by an amount equal to the percentage increase in the appropriations limit for the State established pursuant to Article XIII B. [*New section adopted November 6, 1990. Initiative measure.*]

[*Bills and Statutes—30-day Waiting Period*]

SEC. 8. (a) At regular sessions no bill other than the budget bill may be heard or acted on by committee or either house until the 31st day after the bill is introduced unless the house dispenses with this requirement by rollcall vote entered in the journal, three fourths of the membership concurring.

[Bills and Statutes—3 Readings]

(b) The Legislature may make no law except by statute and may enact no statute except by bill. No bill may be passed unless it is read by title on 3 days in each house except that the house may dispense with this requirement by rollcall vote entered in the journal, two thirds of the membership concurring. No bill may be passed until the bill with amendments has been printed and distributed to the members. No bill may be passed unless, by rollcall vote entered in the journal, a majority of the membership of each house concurs.

[Bills and Statutes—Effective Date]

(c) (1) Except as provided in paragraphs (2) and (3) of this subdivision, a statute enacted at a regular session shall go into effect on January 1 next following a 90-day period from the date of enactment of the statute and a statute enacted at a special session shall go into effect on the 91st day after adjournment of the special session at which the bill was passed.

(2) A statute, other than a statute establishing or changing boundaries of any legislative, congressional, or other election district, enacted by a bill passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, shall go into effect on January 1 next following the enactment date of the statute unless, before January 1, a copy of a referendum petition affecting the statute is submitted to the Attorney General pursuant to subdivision (d) of Section 10 of Article II, in which event the statute shall go into effect on the 91st day after the enactment date unless the petition has been presented to the Secretary of State pursuant to subdivision (b) of Section 9 of Article II.

(3) Statutes calling elections, statutes providing for tax levies or appropriations for the usual current expenses of the State, and urgency statutes shall go into effect immediately upon their enactment.

[Bills and Statutes—Urgency Statutes]

(d) Urgency statutes are those necessary for immediate preservation of the public peace, health, or safety. A statement of facts constituting the necessity shall be set forth in one section of the bill. In each house the section and the bill shall be passed separately, each by rollcall vote entered in the journal, two thirds of the membership concurring. An urgency statute may not create or abolish any office or change the salary, term, or duties of any office, or grant any franchise or special privilege, or create any vested right or interest. *[As amended June 5, 1990.]*

[*Governor's Veto—Bill Introduction in Biennial Session*]

SEC. 10. (a) Each bill passed by the Legislature shall be presented to the Governor. It becomes a statute if it is signed by the Governor. The Governor may veto it by returning it with any objections to the house of origin, which shall enter the objections in the journal and proceed to reconsider it. If each house then passes the bill by rollcall vote entered in the journal, two thirds of the membership concurring, it becomes a statute.

(b) (1) Any bill, other than a bill which would establish or change boundaries of any legislative, congressional, or other election district, passed by the Legislature on or before the date the Legislature adjourns for a joint recess to reconvene in the second calendar year of the biennium of the legislative session, and in the possession of the Governor after that date, that is not returned within 30 days after that date becomes a statute.

(2) Any bill passed by the Legislature before September 1 of the second calendar year of the biennium of the legislative session and in the possession of the Governor on or after September 1 that is not returned on or before September 30 of that year becomes a statute.

(3) Any other bill presented to the Governor that is not returned within 12 days becomes a statute.

(4) If the Legislature by adjournment of a special session prevents the return of a bill with the veto message, the bill becomes a statute unless the

Governor vetoes the bill within 12 days after it is presented by depositing it and the veto message in the office of the Secretary of State.

(5) If the 12th day of the period within which the Governor is required to perform an act pursuant to paragraph (3) or (4) of this subdivision is a Saturday, Sunday, or holiday, the period is extended to the next day that is not a Saturday, Sunday, or holiday.

(c) Any bill introduced during the first year of the biennium of the legislative session that has not been passed by the house of origin by January 31 of the second calendar year of the biennium may no longer be acted on by the house. No bill may be passed by either house on or after September 1 of an even-numbered year except statutes calling elections, statutes providing for tax levies or appropriations for the usual current expenses of the State, and urgency statutes, and bills passed after being vetoed by the Governor.

(d) The Legislature may not present any bill to the Governor after November 15 of the second calendar year of the biennium of the legislative session.

(e) The Governor may reduce or eliminate one or more items of appropriation while approving other portions of a bill. The Governor shall append to the bill a statement of the items reduced or eliminated with the reasons for the action. The Governor shall transmit to the house originating the bill a copy of the statement and reasons. Items reduced or eliminated shall be separately reconsidered and may be passed over the Governor's veto in the same manner as bills. [*As amended June 5, 1990.*]

(b) The Governor and the Governor-elect may require a state agency, officer or employee to furnish whatever information is deemed necessary to prepare the budget.

(c) The budget shall be accompanied by a budget bill itemizing recommended expenditures. The bill shall be introduced immediately in each

house by the persons chairing the committees that consider appropriations. The Legislature shall pass the budget bill by midnight on June 15 of each year. Until the budget bill has been enacted, the Legislature shall not send to the Governor for consideration any bill appropriating funds for expenditure during the fiscal year for which the budget bill is to be enacted, except emergency bills recommended by the Governor or appropriations for the salaries and expenses of the Legislature.

(d) No bill except the budget bill may contain more than one item of appropriation, and that for one certain, expressed purpose. Appropriations from the General Fund of the State, except appropriations for the public schools, are void unless passed in each house by rollcall vote entered in the journal, two thirds of the membership concurring.

(e) The Legislature may control the submission, approval, and enforcement of budgets and the filing of claims for all state agencies. [*As amended June 4, 1974, and November 5, 1974.*]

The Legislature shall enact laws that define earned income. However, earned income does not include any community property interest in the income of a spouse. Any state officer who knowingly receives any salary, wages, commissions, or other similar earned income from a lobbyist employer, as defined by the Political Reform Act of 1974, may not, for a period of one year following its receipt, vote upon or make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the agency for which the state officer serves, other than an action or decision involving a bill described in subdivision (c) of Section 12 of Article IV, which he or she knows, or has reason to know, would have a direct and significant financial impact on the lobbyist employer and would not impact the public gen-

erally or a significant segment of the public in a similar manner. As used in this subdivision, “public generally” includes an industry, trade, or profession.

[State Officers—Honoraria]

(b) No state officer may accept any honorarium. The Legislature shall enact laws that implement this subdivision.

If a state officer knowingly accepts any compensation for appearing, agreeing to appear, or taking any other action on behalf of another person before any local government board or agency, the state officer may not, for a period of one year following the acceptance of the compensation, make, participate in making, or in any way attempt to use his or her official position to influence an action or decision before the state agency for which the state officer serves, other than an action or decision involving a bill described in subdivision (c) of Section 12 of Article IV, which he or she knows, or has reason to know, would have a direct and significant financial impact on that person and would not impact the public generally or a significant segment of the public in a similar manner. As used in this subdivision, “public generally” includes an industry, trade, or profession. However, a state officer may engage in activities involving a board or agency which are strictly on his or her own behalf, appear in the capacity of an attorney before any court or the Workers’ Compensation Appeals Board, or act as an advocate without compensation or make an inquiry for information on behalf of a person before a board or agency. This subdivision does not prohibit any action of a partnership or firm of which the state officer is a member if the state officer does not share directly or indirectly in the fee, less any expenses attributable to that fee, resulting from that action.

[State Officers—Lobbying]

(e) The Legislature shall enact laws that prohibit a state officer, or a secretary of an agency or director of a department appointed by the Governor, who has not resigned or retired from state service prior to January 7, 1991, from lobbying, for compensation, as governed by the Political Reform Act of 1974, before the executive branch of state government for 12 months after leaving office.

(b) (1) In counties in which there is no municipal court, judges of superior courts shall be elected in their counties at general elections except as otherwise necessary to meet the requirements of federal law. In the latter case the Legislature, by two-thirds vote of the membership of each house thereof, with the advice of judges within the affected court, may provide for their election by the system prescribed in subdivision (d), or by any other arrangement. (d) Within 30 days before August 16 preceding the expiration of the judge's term, a judge of the Supreme Court or a court of appeal may file a declaration of candidacy to succeed to the office presently held by the judge. (b) The Commission on Judicial Performance may disqualify a judge from acting as a judge, without loss of salary, upon notice of formal proceedings by the commission charging the judge with judicial misconduct or disability.

(c) The Commission on Judicial Performance shall suspend a judge from office without salary when in the United States the judge pleads guilty or no contest or is found guilty of a crime punishable as a felony under California or federal law or of any other crime that involves moral

turpitude under that law. If the conviction is reversed, suspension terminates, and the judge shall be paid the salary for the judicial office held by the judge for the period of suspension. If the judge is suspended and the conviction becomes final, the Commission on Judicial Performance shall remove the judge from office.

(d) Except as provided in subdivision (f), the Commission on Judicial Performance may (1) retire a judge for disability that seriously interferes with the performance of the judge's duties and is or is likely to become permanent, or (2) censure a judge or former judge or remove a judge for action occurring not more than 6 years prior to the commencement of the judge's current term or of the former judge's last term that constitutes willful misconduct in office, persistent failure or inability to perform the judge's duties, habitual intemperance in the use of intoxicants or drugs, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute, or (3) publicly or privately admonish a judge or former judge found to have engaged in an improper action or dereliction of duty. The commission may also bar a former judge who has been censured from receiving an assignment, appointment, or reference of work from any California state court. If the Supreme Court has not acted within 120 days after granting the petition, the decision of the commission shall be final.

(e) A judge retired by the commission shall be considered to have retired voluntarily. A judge removed by the commission is ineligible for judicial office, including receiving an assignment, appointment, or reference of work from any California state court, and pending further order of the court is suspended from practicing law in this State. Any request for injunctive relief or other provisional remedy shall be granted or denied within 90 days of the filing of the request for relief. A failure to comply with the time requirements of this section does not affect the validity of commission proceedings.

(h) Members of the commission, the commission staff, and the examiners and investigators employed by the commission shall be absolutely immune from suit for all conduct at any time in the course of their official duties. No civil action may be maintained against a person, or adverse employment action taken against a person, by any employer, public or private, based on statements presented by the person to the commission.

(i) The Commission on Judicial Performance shall make rules implementing this section, including, but not limited to, the following:

(k) The commission may make explanatory statements.

(l) The budget of the commission shall be separate from the budget of any other state agency or court.

(m) The Supreme Court shall make rules for the conduct of judges, both on and off the bench, and for judicial candidates in the conduct of their campaigns. These rules shall be referred to as the Code of Judicial Ethics. [*As amended November 8, 1994. Operative March 1, 1995.*]

No person who has been found unfit to serve as a subordinate judicial officer after a hearing before the Commission on Judicial Performance shall have the requisite status to serve as a subordinate judicial officer.

The findings required by this section shall be in writing and shall be incorporated as part of the judgment.

(d) Once the judgment of liability is entered by the trial court and the time for filing a notice of appeal has expired, or all possibility of direct attack in the courts of this State has been finally exhausted, the person

[*Taxation of Local Government Real Property*]

SEC. 11. (a) Lands owned by a local government that are outside its boundaries, including rights to use or divert water from surface or underground sources and any other interests in lands, are taxable if (1) they are located in Inyo or Mono County and (a) they were assessed for taxation to the local government in Inyo County as of the 1966 lien date, or in Mono County as of the 1967 lien date, whether or not the assessment was valid when made, or (b) they were acquired by the local government subsequent to that lien date and were assessed to a prior owner as of that lien date and each lien date thereafter, or (2) they are located outside Inyo or Mono County and were taxable when acquired by the local government. Improvements owned by a local government that are outside its boundaries are taxable if they were taxable when acquired or were constructed by the local government to replace improvements which were taxable when acquired.

(b) Taxable land belonging to a local government and located in Inyo County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1966 lien date and in an amount derived by multiplying its 1966 assessed value by the ratio of the statewide per capita assessed value of land as of the last lien date prior to the current lien date to

\$766, using civilian population only. Taxable land belonging to a local government and located in Mono County shall be assessed in any year subsequent to 1968 at the place where it was assessed as of the 1967 lien date and in an amount determined by the preceding formula except that the 1967 lien date, the 1967 assessed value, and the figure \$856 shall be used in the formula. Taxable land belonging to a local government and located outside of Inyo and Mono counties shall be assessed at the place where located and in an amount that does not exceed the lower of (1) its fair market value times the prevailing percentage of fair market value at which other lands are assessed and (2) a figure derived in the manner specified in this Section for land located in Mono County.

If land acquired by a local government after the lien date of the base year specified in this Section was assessed in the base year as part of a larger parcel, the assessed value of the part in the base year shall be that fraction of the assessed value of the larger parcel that the area of the part is of the area of the larger parcel.

If a local government divests itself of ownership of land without water rights and this land was assessed in Inyo County as of the 1966 lien date or in Mono County as of the 1967 lien date, the divestment shall not diminish the quantity of water rights assessable and taxable at the place where assessed as of that lien date.

(c) In the event the Legislature changes the prevailing percentage of fair market value at which land is assessed for taxation, there shall be used in the computations required by Section 11(b) of this Article, for the first year for which the new percentage is applicable, in lieu of the statewide per capita assessed value of land as of the last lien date prior to the current lien date, the statewide per capita assessed value of land on the prior lien date times the ratio of the new prevailing percentage of fair market value to the previous prevailing percentage.

(d) If, after March 1954, a taxable improvement is replaced while owned by and in possession of a local government, the replacement improvement shall be assessed, as long as it is owned by a local government, as other improvements are except that the assessed value shall not exceed the product of (1) the percentage at which privately owned improvements are assessed times (2) the highest full value ever used for taxation of the improvement that has been replaced. For purposes of this calculation, the full value for any year prior to 1967 shall be conclusively presumed to be 4 times the assessed value in that year.

(e) No tax, charge, assessment, or levy of any character, other than those taxes authorized by Sections 11(a) to 11(d), inclusive, of this Article, shall be imposed upon one local government by another local government that is based or calculated upon the consumption or use of water outside the boundaries of the government imposing it.

(f) Any taxable interest of any character, other than a lease for agricultural purposes and an interest of a local government, in any land owned by a local government that is subject to taxation pursuant to Section 11(a) of this Article shall be taxed in the same manner as other taxable interests. The aggregate value of all the interests subject to taxation pursuant to Section 11(a), however, shall not exceed the value of all interests in the land less the taxable value of the interest of any local government ascertained as provided in Sections 11(a) to 11(e), inclusive, of this Article.

(g) Any assessment made pursuant to Sections 11(a) to 11(d), inclusive, of this Article shall be subject to review, equalization, and adjustment by the State Board of Equalization, but an adjustment shall conform to the provisions of these Sections. [*New section adopted November 5, 1974.*]

[*Unsecured Property Tax Rate*]

SEC. 12. (a) Except as provided in subdivision (b), taxes on personal property, possessory interests in land, and taxable improvements located on land exempt from taxation which are not a lien upon land sufficient in value to secure their payment shall be levied at the rates for the preceding tax year upon property of the same kind where the taxes were a lien upon land sufficient in value to secure their payment.

(b) In any year in which the assessment ratio is changed, the Legislature shall adjust the rate described in subdivision (a) to maintain equality between property on the secured and unsecured rolls. [*As amended November 2, 1976.*]

SEC. 16. The county board of supervisors, or one or more assessment appeals boards created by the county board of supervisors, shall constitute the county board of equalization for a county. Two or more county boards of supervisors may jointly create one or more assessment appeals boards which shall constitute the county board of equalization for each of the participating counties.

Except as provided in subdivision (g) of Section 11, the county board of equalization, under such rules of notice as the county board may prescribe, shall equalize the values of all property on the local assessment roll by adjusting individual assessments.

County boards of supervisors shall fix the compensation for members of assessment appeals boards, furnish clerical and other assistance for those boards, adopt rules of notice and procedures for those boards as may be required to facilitate their work and to insure uniformity in the processing and decision of equalization petitions, and may provide for their discontinuance.

The Legislature shall provide for: (a) the number and qualifications of members of assessment appeals boards, the manner of selecting, appointing, and removing them, and the terms for which they serve, and (b) the procedure by which two or more county boards of supervisors may jointly create one or more assessment appeals boards. In the event a property tax is levied by the State, however, the effects of unequalized local assessment levels, to the extent any remain after such adjustments, shall be corrected for purposes of distributing this tax by equalizing the assessment levels of locally and state-

assessed properties and varying the rate of the state tax inversely with the counties' respective assessment levels. [*New section adopted November 5, 1974.*]

SEC. 19. [*Repealed November 5, 1974. See Section 19, below.*]

This property shall be subject to taxation to the same extent and in the same manner as other property.

No other tax or license charge may be imposed on these companies which differs from that imposed on mercantile, manufacturing, and other business corporations. This restriction does not release a utility company from payments agreed on or required by law for a special privilege or franchise granted by a government body.

The Legislature may authorize Board assessment of property owned or used by other public utilities.

The Board may delegate to a local assessor the duty to assess a property used but not owned by a state assessee on which the taxes are to be paid by a local assessee. [*New section adopted November 5, 1974.*]

(3) When by or pursuant to the laws of any other state or foreign country any taxes, licenses and other fees, in the aggregate, and any fines, penalties, deposit requirements or other material obligations, prohibitions or restrictions are or would be imposed upon California insurers, or upon the agents or representatives of such insurers, which are in excess of such taxes, licenses and other fees, in the aggregate, or which are in excess of the fines, penalties, deposit requirements or other obligations, prohibitions, or restrictions directly imposed upon similar insurers, or upon the agents or representatives of such insurers, of such other state or country under the statutes of this State; so long as such laws of such other state or country continue in force or are so applied, the same taxes, licenses and other fees, in the aggregate, or fines, penalties or deposit requirements or other material obligations, prohibitions, or restrictions, of whatever kind shall be imposed upon the insurers, or upon the agents or representatives of such insurers, of such other state or country doing business or seeking to do business in California. Any tax, license or other fee or other obligation imposed by any city, county, or other political subdivision or agency of such other state or country on California insurers or their agents or representatives shall be deemed to be imposed by such state or country within the meaning of this paragraph (3) of subdivision (f).

The provisions of this paragraph (3) of subdivision (f) shall not apply as to personal income taxes, nor as to ad valorem taxes on real or personal property nor as to special purpose obligations or assessments heretofore imposed by another state or foreign country in connection with particular

kinds of insurance, other than property insurance; except that deductions, from premium taxes or other taxes otherwise payable, allowed on account of real estate or personal property taxes paid shall be taken into consideration in determining the propriety and extent of retaliatory action under this paragraph (3) of subdivision (f).

For the purposes of this paragraph (3) of subdivision (f) the domicile of an alien insurer, other than insurers formed under the laws of Canada, shall be that state in which is located its principal place of business in the United States.

In the case of an insurer formed under the laws of Canada or a province thereof, its domicile shall be deemed to be that province in which its head office is situated.

The provisions of this paragraph (3) of subdivision (f) shall also be applicable to reciprocals or interinsurance exchanges and fraternal benefit societies.

(4) The tax on ocean marine insurance.

(5) Motor vehicle and other vehicle registration license fees and any other tax or license fee imposed by the State upon vehicles, motor vehicles or the operation thereof.

A corporate or other attorney in fact of each exchange shall annually compute the amount of tax that would be payable by it under prevailing law except for the provisions of this section, and any management fee due from each exchange to its corporate or other attorney in fact shall be reduced pro tanto by a sum equivalent to the amount so computed.

(g) Every insurer transacting the business of ocean marine insurance in this State shall annually pay to the State a tax measured by that proportion of the underwriting profit of such insurer from such insurance written in the United States, which the gross premiums of the insurer from such insurance written in this State bear to the gross premiums of the insurer from such insurance written within the United States, at the rate of 5 per centum, which tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon such insurer, except taxes upon real estate, and such other taxes as may be assessed or levied against such insurer on account of any other class of insurance written by it. The Legislature shall define the terms "ocean marine insurance" and "underwriting profit," and shall provide for the assessment, levy, collection and enforcement of the ocean marine tax.

(h) The taxes provided for by this section shall be assessed by the State Board of Equalization.

(i) The Legislature, a majority of all the members elected to each of the two houses voting in favor thereof, may by law change the rate or rates of taxes herein imposed upon insurers.

[Exceptions to Limitation]

(b) The limitation provided for in subdivision (a) shall not apply to ad valorem taxes or special assessments to pay the interest and redemption charges on any of the following:

(1) Indebtedness approved by the voters prior to July 1, 1978.

(2) Bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition.

(3) Bonded indebtedness incurred by a school district, community college district, or county office of education for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, approved by 55 percent of the voters of

the district or county, as appropriate, voting on the proposition on or after the effective date of the measure adding this paragraph. This paragraph shall apply only if the proposition approved by the voters and resulting in the bonded indebtedness includes all of the following accountability requirements:

(A) A requirement that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3), and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

(B) A list of the specific school facilities projects to be funded and certification that the school district board, community college board, or county office of education has evaluated safety, class size reduction, and information technology needs in developing that list.

(C) A requirement that the school district board, community college board, or county office of education conduct an annual, independent performance audit to ensure that the funds have been expended only on the specific projects listed.

(D) A requirement that the school district board, community college board, or county office of education conduct an annual, independent financial audit of the proceeds from the sale of the bonds until all of those proceeds have been expended for the school facilities projects.

(c) Notwithstanding any other provisions of law or of this Constitution, school districts, community college districts, and county offices of education may levy a 55 percent vote ad valorem tax pursuant to subdivision (b). [*As amended November 7, 2000. Initiative measure.*]

[*Valuation of Real Property—Appraised Value After 1975 Assessment—Replacement Dwelling*]

SEC. 2. (a) The “full cash value” means the county assessor’s valuation of real property as shown on the 1975–76 tax bill under “full cash value” or, thereafter, the appraised value of real property when purchased, newly constructed, or a change in ownership has occurred after the 1975 assessment. All real property not already assessed up to the 1975–76 full cash value may be reassessed to reflect that valuation. For purposes of this section, “newly constructed” does not include real property that is reconstructed after a disaster, as declared by the Governor, where the fair market value of the real property, as reconstructed, is comparable to its fair market value prior to the disaster. Also, the term “newly constructed” does not include the portion of reconstruction or improvement to a structure, constructed of unreinforced masonry bearing wall construction, necessary to comply with any local ordinance relating to seismic safety during the first 15 years following that reconstruction or improvement.

However, the Legislature may provide that, under appropriate circumstances and pursuant to definitions and procedures established by the Leg-

islature, any person over the age of 55 years who resides in property that is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII and any implementing legislation may transfer the base year value of the property entitled to exemption, with the adjustments authorized by subdivision (b), to any replacement dwelling of equal or lesser value located within the same county and purchased or newly constructed by that person as his or her principal residence within two years of the sale of the original property. For purposes of this section, "any person over the age of 55 years" includes a married couple one member of which is over the age of 55 years. For purposes of this section, "replacement dwelling" means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, and any land on which it may be situated. For purposes of this section, a two-dwelling unit shall be considered as two separate single-family dwellings. This paragraph shall apply to any replacement dwelling that was purchased or newly constructed on or after November 5, 1986.

In addition, the Legislature may authorize each county board of supervisors, after consultation with the local affected agencies within the county's boundaries, to adopt an ordinance making the provisions of this subdivision relating to transfer of base year value also applicable to situations in which the replacement dwellings are located in that county and the original properties are located in another county within this State. For purposes of this paragraph, "local affected agency" means any city, special district, school district, or community college district that receives an annual property tax revenue allocation. This paragraph shall apply to any replacement dwelling that was purchased or newly constructed on or after the date the county adopted the provisions of this subdivision relating to transfer of base year value, but shall not apply to any replacement dwelling that was purchased or newly constructed before November 9, 1988.

The Legislature may extend the provisions of this subdivision relating to the transfer of base year values from original properties to replacement dwellings of homeowners over the age of 55 years to severely disabled homeowners, but only with respect to those replacement dwellings purchased or newly constructed on or after the effective date of this paragraph.

[Full Cash Value Reflecting Inflationary Rate]

(b) The full cash value base may reflect from year to year the inflationary rate not to exceed 2 percent for any given year or reduction as shown in the consumer price index or comparable data for the area under taxing jurisdiction, or may be reduced to reflect substantial damage, destruction, or other factors causing a decline in value.

[*“Newly Constructed”*]

(c) For purposes of subdivision (a), the Legislature may provide that the term “newly constructed” does not include any of the following:

(1) The construction or addition of any active solar energy system.

(2) The construction or installation of any fire sprinkler system, other fire extinguishing system, fire detection system, or fire-related egress improvement, as defined by the Legislature, that is constructed or installed after the effective date of this paragraph.

(3) The construction, installation, or modification on or after the effective date of this paragraph of any portion or structural component of a single- or multiple-family dwelling that is eligible for the homeowner’s exemption if the construction, installation, or modification is for the purpose of making the dwelling more accessible to a severely disabled person.

(4) The construction or installation of seismic retrofitting improvements or improvements utilizing earthquake hazard mitigation technologies, that are constructed or installed in existing buildings after the effective date of this paragraph. The Legislature shall define eligible improvements. This exclusion does not apply to seismic safety reconstruction or improvements that qualify for exclusion pursuant to the last sentence of the first paragraph of subdivision (a).

(5) The construction, installation, removal, or modification on or after the effective date of this paragraph of any portion or structural component of an existing building or structure if the construction, installation, removal, or modification is for the purpose of making the building more accessible to, or more usable by, a disabled person.

[*“Change in Ownership”*]

(d) For purposes of this section, the term “change in ownership” does not include the acquisition of real property as a replacement for comparable property if the person acquiring the real property has been displaced from the property replaced by eminent domain proceedings, by acquisition by a public entity, or governmental action that has resulted in a judgment of inverse condemnation. The real property acquired shall be deemed comparable to the property replaced if it is similar in size, utility, and function, or if it conforms to state regulations defined by the Legislature governing the relocation of persons displaced by governmental actions. The provisions of this subdivision shall be applied to any property acquired after March 1, 1975, but shall affect only those assessments of that property that occur after the provisions of this subdivision take effect.

[*Disasters—Replacement Property*]

(e) (1) Notwithstanding any other provision of this section, the Legislature shall provide that the base year value of property that is substantially

damaged or destroyed by a disaster, as declared by the Governor, may be transferred to comparable property within the same county that is acquired or newly constructed as a replacement for the substantially damaged or destroyed property.

(2) Except as provided in paragraph (3), this subdivision shall apply to any comparable replacement property acquired or newly constructed on or after July 1, 1985, and to the determination of base year values for the 1985–86 fiscal year and fiscal years thereafter.

(3) In addition to the transfer of base year value of property within the same county that is permitted by paragraph (1), the Legislature may authorize each county board of supervisors to adopt, after consultation with affected local agencies within the county, an ordinance allowing the transfer of the base year value of property that is located within another county in the State and is substantially damaged or destroyed by a disaster, as declared by the Governor, to comparable replacement property of equal or lesser value that is located within the adopting county and is acquired or newly constructed within three years of the substantial damage or destruction of the original property as a replacement for that property. The scope and amount of the benefit provided to a property owner by the transfer of base year value of property pursuant to this paragraph shall not exceed the scope and amount of the benefit provided to a property owner by the transfer of base year value of property pursuant to subdivision (a). For purposes of this paragraph, “affected local agency” means any city, special district, school district, or community college district that receives an annual allocation of ad valorem property tax revenues. This paragraph shall apply to any comparable replacement property that is acquired or newly constructed as a replacement for property substantially damaged or destroyed by a disaster, as declared by the Governor, occurring on or after October 20, 1991, and to the determination of base year values for the 1991–92 fiscal year and fiscal years thereafter.

(f) For the purposes of subdivision (e):

(1) Property is substantially damaged or destroyed if it sustains physical damage amounting to more than 50 percent of its value immediately before the disaster. Damage includes a diminution in the value of property as a result of restricted access caused by the disaster.

(2) Replacement property is comparable to the property substantially damaged or destroyed if it is similar in size, utility, and function to the property that it replaces, and if the fair market value of the acquired property is comparable to the fair market value of the replaced property prior to the disaster.

[*Real Property Transfers between Spouses*]

(g) For purposes of subdivision (a), the terms “purchased” and “change in ownership” do not include the purchase or transfer of real property between spouses since March 1, 1975, including, but not limited to, all of the following:

(1) Transfers to a trustee for the beneficial use of a spouse, or the surviving spouse of a deceased transferor, or by a trustee of such a trust to the spouse of the trustor.

(2) Transfers to a spouse that take effect upon the death of a spouse.

(3) Transfers to a spouse or former spouse in connection with a property settlement agreement or decree of dissolution of a marriage or legal separation.

(4) The creation, transfer, or termination, solely between spouses, of any coowner’s interest.

(5) The distribution of a legal entity’s property to a spouse or former spouse in exchange for the interest of the spouse in the legal entity in connection with a property settlement agreement or a decree of dissolution of a marriage or legal separation.

[*Real Property Transfers between Family Members*]

(h) (1) For purposes of subdivision (a), the terms “purchased” and “change in ownership” do not include the purchase or transfer of the principal residence of the transferor in the case of a purchase or transfer between parents and their children, as defined by the Legislature, and the purchase or transfer of the first one million dollars (\$1,000,000) of the full cash value of all other real property between parents and their children, as defined by the Legislature. This subdivision shall apply to both voluntary transfers and transfers resulting from a court order or judicial decree.

(2) (A) Subject to subparagraph (B), commencing with purchases or transfers that occur on or after the date upon which the measure adding this paragraph becomes effective, the exclusion established by paragraph (1) also applies to a purchase or transfer of real property between grandparents and their grandchild or grandchildren, as defined by the Legislature, that otherwise qualifies under paragraph (1), if all of the parents of that grandchild or those grandchildren, who qualify as the children of the grandparents, are deceased as of the date of the purchase or transfer.

(B) A purchase or transfer of a principal residence shall not be excluded pursuant to subparagraph (A) if the transferee grandchild or grandchildren also received a principal residence, or interest therein, through another purchase or transfer that was excludable pursuant to paragraph (1). The full cash value of any real property, other than a principal residence, that was transferred to the grandchild or grandchildren pursuant to a purchase or transfer that was excludable pursuant to paragraph (1), and the full cash value of a principal residence that fails to qualify for exclu-

sion as a result of the preceding sentence, shall be included in applying, for purposes of subparagraph (A), the one million dollar (\$1,000,000) full cash value limit specified in paragraph (1).

[*Contaminated Property*]

(i) (1) Notwithstanding any other provision of this section, the Legislature shall provide with respect to a qualified contaminated property, as defined in paragraph (2), that either, but not both, of the following shall apply:

(A) (i) Subject to the limitation of clause (ii), the base year value of the qualified contaminated property, as adjusted as authorized by subdivision (b), may be transferred to a replacement property that is acquired or newly constructed as a replacement for the qualified contaminated property, if the replacement real property has a fair market value that is equal to or less than the fair market value of the qualified contaminated property if that property were not contaminated and, except as otherwise provided by this clause, is located within the same county. The base year value of the qualified contaminated property may be transferred to a replacement real property located within another county if the board of supervisors of that other county has, after consultation with the affected local agencies within that county, adopted a resolution authorizing an intercounty transfer of base year value as so described.

(ii) This subparagraph applies only to replacement property that is acquired or newly constructed within five years after ownership in the qualified contaminated property is sold or otherwise transferred.

(B) In the case in which the remediation of the environmental problems on the qualified contaminated property requires the destruction of, or results in substantial damage to, a structure located on that property, the term “new construction” does not include the repair of a substantially damaged structure, or the construction of a structure replacing a destroyed structure on the qualified contaminated property, performed after the remediation of the environmental problems on that property, provided that the repaired or replacement structure is similar in size, utility, and function to the original structure.

(2) For purposes of this subdivision, “qualified contaminated property” means residential or nonresidential real property that is all of the following:

(A) In the case of residential real property, rendered uninhabitable, and in the case of nonresidential real property, rendered unusable, as the result of either environmental problems, in the nature of and including, but not limited to, the presence of toxic or hazardous materials, or the remediation of those environmental problems, except where the existence of the environmental problems was known to the owner, or to a related individual or entity as described in paragraph (3), at the time the real property was ac-

quired or constructed. For purposes of this subparagraph, residential real property is “uninhabitable” if that property, as a result of health hazards caused by or associated with the environmental problems, is unfit for human habitation, and nonresidential real property is “unusable” if that property, as a result of health hazards caused by or associated with the environmental problems, is unhealthy and unsuitable for occupancy.

(B) Located on a site that has been designated as a toxic or environmental hazard or as an environmental cleanup site by an agency of the State of California or the federal government.

(C) Real property that contains a structure or structures thereon prior to the completion of environmental cleanup activities, and that structure or structures are substantially damaged or destroyed as a result of those environmental cleanup activities.

(D) Stipulated by the lead governmental agency, with respect to the environmental problems or environmental cleanup of the real property, not to have been rendered uninhabitable or unusable, as applicable, as described in subparagraph (A), by any act or omission in which an owner of that real property participated or acquiesced.

(3) It shall be rebuttably presumed that an owner of the real property participated or acquiesced in any act or omission that rendered the real property uninhabitable or unusable, as applicable, if that owner is related to any individual or entity that committed that act or omission in any of the following ways:

(A) Is a spouse, parent, child, grandparent, grandchild, or sibling of that individual.

(B) Is a corporate parent, subsidiary, or affiliate of that entity.

(C) Is an owner of, or has control of, that entity.

(D) Is owned or controlled by that entity.

If this presumption is not overcome, the owner shall not receive the relief provided for in subparagraph (A) or (B) of paragraph (1). The presumption may be overcome by presentation of satisfactory evidence to the assessor, who shall not be bound by the findings of the lead governmental agency in determining whether the presumption has been overcome.

(4) This subdivision applies only to replacement property that is acquired or constructed on or after January 1, 1995, and to property repairs performed on or after that date.

Unless specifically provided otherwise, amendments to this section adopted after November 1, 1988, shall be ef-

fective for changes in ownership that occur, and new construction that is completed, on or after the effective date of the amendment. [*As amended November 3, 1998.*]

Operative July 1, 1990.]*

[Appropriations Limit Annual Calculation—Review]

SEC. 1.5. The annual calculation of the appropriations limit under this article for each entity of local government shall be reviewed as part of an annual financial audit. *[New section adopted June 5, 1990. Operative July 1, 1990.]*

[Revenues in Excess of Limitation]

SEC. 2. (a)(1) Fifty percent of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the State in compliance with this article during that fiscal year and the fiscal year immediately following it shall be transferred and allocated, from a fund established for that purpose, pursuant to Section 8.5 of Article XVI.

(2) Fifty percent of all revenues received by the State in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the State in compliance with this article during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years.

(b) All revenues received by an entity of government, other than the State, in a fiscal year and in the fiscal year immediately following it in excess of the amount which may be appropriated by the entity in compliance with this article during that fiscal year and the fiscal year immediately following it shall be returned by a revision of tax rates or fee schedules within the next two subsequent fiscal years. *[As amended June 5, 1990. otherwise, from one entity of government to another, then for the year in which such transfer becomes effective the appropriations limit of the transferee entity shall be increased by such reasonable amount as the said entities shall mutually agree and the appropriations limit of the transferor entity shall be decreased by the same amount.

(b) In the event that the financial responsibility of providing services is transferred, in whole or in part, from an entity of government to a private entity, or the financial source for the provision of services is transferred, in whole or in part, from other revenues of an entity of government, to regulatory licenses, user charges or user fees, then for the year of such transfer the appropriations limit of such entity of government shall be decreased accordingly.

(c) (1) In the event an emergency is declared by the legislative body of an entity of government, the appropriations limit of the affected entity of government may be exceeded provided that the appropriations limits in the following three years are reduced accordingly to prevent an aggregate increase in appropriations resulting from the emergency.

(2) In the event an emergency is declared by the Governor, appropriations approved by a two-thirds vote of the legislative body of an affected entity of government to an emergency account for expenditures relating to that emergency shall not constitute appropriations subject to limitation. As used in this paragraph, "emergency" means the existence, as declared by the Governor, of conditions of disaster or extreme peril to the safety of persons and property within the State, or parts thereof, caused by such conditions as attack or probable or imminent attack by an enemy of the United States, fire, flood, drought, storm, civil disorder, earthquake, or volcanic eruption. Neither withdrawals from any such fund, nor expenditures of (or authorizations to expend) such withdrawals, nor transfers between or among such funds, shall for purposes of this Article constitute appropriations subject to limitation. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

- (a) Legislative mandates requested by the local agency affected;
- (b) Legislation defining a new crime or changing an existing definition of a crime; or
- (c) Legislative mandates enacted prior to January 1, 1975, or executive orders or regulations initially implementing legislation enacted prior to January 1, 1975. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

[Definitions]

SEC. 8. As used in this article and except as otherwise expressly provided herein:

(a) “Appropriations subject to limitation” of the State means any authorization to expend during a fiscal year the proceeds of taxes levied by or for the State, exclusive of state subventions for the use and operation of local government (other than subventions made pursuant to Section 6) and further exclusive of refunds of taxes, benefit payments from retirement, unemployment insurance, and disability insurance funds.

(b) “Appropriations subject to limitation” of an entity of local government means any authorization to expend during a fiscal year the proceeds of taxes levied by or for that entity and the proceeds of state subventions to that entity (other than subventions made pursuant to Section 6) exclusive of refunds of taxes.

(c) “Proceeds of taxes” shall include, but not be restricted to, all tax revenues and the proceeds to an entity of government, from (1) regulatory licenses, user charges, and user fees to the extent that those proceeds exceed the costs reasonably borne by that entity in providing the regulation, product, or service, and (2) the investment of tax revenues. With respect to any local government, “proceeds of taxes” shall include subventions received from the State, other than pursuant to Section 6, and, with respect to the State, proceeds of taxes shall exclude such subventions.

(d) “Local government” means any city, county, city and county, school district, special district, authority, or other political subdivision of or within the State.

(e) (1) “Change in the cost of living” for the State, a school district, or a community college district means the percentage change in California per capita personal income from the preceding year.

(2) “Change in the cost of living” for an entity of local government, other than a school district or a community college district, shall be either (A) the percentage change in California per capita personal income from the preceding year, or (B) the percentage change in the local assessment roll from the preceding year for the jurisdiction due to the addition of local nonresidential new construction. Each entity of local government shall select its change in the cost of living pursuant to this paragraph annually by a recorded vote of the entity’s governing body.

(f) “Change in population” of any entity of government, other than the State, a school district, or a community college district, shall be determined by a method prescribed by the Legislature.

“Change in population” of a school district or a community college district shall be the percentage change in the average daily attendance of the school district or community college district from the preceding fiscal year, as determined by a method prescribed by the Legislature.

“Change in population” of the State shall be determined by adding (1) the percentage change in the State’s population multiplied by the percentage of the State’s budget in the prior fiscal year that is expended for other than educational purposes for kindergarten and grades one to 12, inclusive, and the community colleges, and (2) the percentage change in the total statewide average daily attendance in kindergarten and grades one to 12, inclusive, and the community colleges, multiplied by the percentage of the State’s budget in the prior fiscal year that is expended for educational purposes for kindergarten and grades one to 12, inclusive, and the community colleges.

Any determination of population pursuant to this subdivision, other than that measured by average daily attendance, shall be revised, as necessary, to reflect the periodic census conducted by the United States Department of Commerce, or successor department.

(g) “Debt service” means appropriations required to pay the cost of interest and redemption charges, including the funding of any reserve or sinking fund required in connection therewith, on indebtedness existing or legally authorized as of January 1, 1979, or on bonded indebtedness thereafter approved according to law by a vote of the electors of the issuing entity voting in an election for that purpose.

(h) The “appropriations limit” of each entity of government for each fiscal year is that amount which total annual appropriations subject to limitation may not exceed under Sections 1 and 3. However, the “appropriations limit” of each entity of government for fiscal year 1978–79 is the total of the appropriations subject to limitation of the entity for that fiscal year. For fiscal year 1978–79, state subventions to local governments, exclusive of federal grants, are deemed to have been derived from the proceeds of state taxes.

(i) Except as otherwise provided in Section 5, “appropriations subject to limitation” do not include local agency loan funds or indebtedness funds, investment (or authorizations to invest) funds of the State, or of an entity of local government in accounts at banks or savings and loan associations or in liquid securities. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Exceptions to Appropriations Subject to Limitation*]

SEC. 9. “Appropriations subject to limitation” for each entity of government do not include:

(a) Appropriations for debt service.

(b) Appropriations required to comply with mandates of the courts or the federal government which, without discretion, require an expenditure for additional services or which unavoidably make the provision of existing services more costly.

(c) Appropriations of any special district which existed on January 1, 1978, and which did not as of the 1977–78 fiscal year levy an ad valorem tax on property in excess of 12½ cents per \$100 of assessed value; or the appropriations of any special district then existing or thereafter created by a vote of the people, which is totally funded by other than the proceeds of taxes.

(d) Appropriations for all qualified capital outlay projects, as defined by the Legislature.

(e) Appropriations of revenue which are derived from any of the following:

(2) Sales and use taxes collected on that increment of the tax specified in paragraph (1).

(3) That portion of the weight fee imposed on commercial vehicles which exceeds the weight fee imposed on those vehicles on January 1, 1990. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Effective Date of Article*]

SEC. 10. This Article shall be effective commencing with the first day of the fiscal year following its adoption. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

[*Appropriations Limit on or after July 1, 1990*]

SEC. 10.5. For fiscal years beginning on or after July 1, 1990, the appropriations limit of each entity of government shall be the appropriations limit for the 1986–87 fiscal year adjusted for the changes made from that fiscal year pursuant to this article, as amended by the measure adding this section, adjusted for the changes required by Section 3. [*New section adopted June 5, 1990. Operative July 1, 1990.*]

[*Category Added or Removed from Appropriations Subject to Limitation—Severability*]

SEC. 11. If any appropriation category shall be added to or removed from appropriations subject to limitation, pursuant to final judgment of any court of competent jurisdiction and any appeal therefrom, the appropriations limit shall be adjusted accordingly. If any section, part, clause or phrase in this Article is for any reason held invalid or unconstitutional, the remaining portions of this Article shall not be affected but shall remain in full force and effect. [*New section adopted November 6, 1979. Operative commencing first day of fiscal year following adoption. Initiative measure.*]

[Exceptions to Appropriations Subject to Limitation]

SEC. 12. “Appropriations subject to limitation” of each entity of government shall not include appropriations of revenue from the Cigarette and Tobacco Products Surtax Fund created by the Tobacco Tax and Health Protection Act of 1988. No adjustment in the appropriations limit of any entity of government shall be required pursuant to Section 3 as a result of revenue being deposited in or appropriated from the Cigarette and Tobacco Products Surtax Fund created by the Tobacco Tax and Health Protection Act of 1988. *[New section adopted November 8, 1988. Initiative measure.]*

[Exceptions to Appropriations Subject to Limitation]

SEC. 13. “Appropriations subject to limitation” of each entity of government shall not include appropriations of revenue from the California Children and Families First Trust Fund created by the California Children and Families First Act of 1998. No adjustment in the appropriations limit of any entity of government shall be required pursuant to Section 3 as a result of revenue being deposited in or appropriated from the California Children and Families First Trust Fund. The surtax created by the California Children and Families First Act of 1998 shall not be considered General Fund revenues for the purposes of Section 8 of Article XVI. *[New section adopted November 3, 1998. Initiative measure.]*

ARTICLE XIII C *

VOTER APPROVAL FOR LOCAL TAX LEVIES

SECTION 1. Definitions. As used in this article:

(a) “General tax” means any tax imposed for general governmental purposes.

(b) “Local government” means any county, city, city and county, including a charter city or county, any special district, or any other local or regional governmental entity.

(c) “Special district” means an agency of the State, formed pursuant to general law or a special act, for the local performance of governmental or proprietary functions with limited geographic boundaries including, but not limited to, school districts and redevelopment agencies.

(d) “Special tax” means any tax imposed for specific purposes, including a tax imposed for specific purposes, which is placed into a general fund. *[New section adopted November 5, 1996. Initiative measure.]*

* New Article XIII C adopted November 5, 1996. Initiative measure.

SEC. 2. Local Government Tax Limitation. Notwithstanding any other provision of this Constitution:

(a) All taxes imposed by any local government shall be deemed to be either general taxes or special taxes. Special purpose districts or agencies, including school districts, shall have no power to levy general taxes.

(b) No local government may impose, extend, or increase any general tax unless and until that tax is submitted to the electorate and approved by a majority vote. A general tax shall not be deemed to have been increased if it is imposed at a rate not higher than the maximum rate so approved. The election required by this subdivision shall be consolidated with a regularly scheduled general election for members of the governing body of the local government, except in cases of emergency declared by a unanimous vote of the governing body.

(c) Any general tax imposed, extended, or increased, without voter approval, by any local government on or after January 1, 1995, and prior to the effective date of this article, shall continue to be imposed only if approved by a majority vote of the voters voting in an election on the issue of the imposition, which election shall be held within two years of the effective date of this article and in compliance with subdivision (b).

(d) No local government may impose, extend, or increase any special tax unless and until that tax is submitted to the electorate and approved by a two-thirds vote. A special tax shall not be deemed to have been increased if it is imposed at a rate not higher than the maximum rate so approved. [*New section adopted November 5, 1996. Initiative measure.*]

SEC. 3. Initiative Power for Local Taxes, Assessments, Fees and Charges. Notwithstanding any other provision of this Constitution, including, but not limited to, Sections 8 and 9 of Article II, the initiative power shall not be prohibited or otherwise limited in matters of reducing or repealing any local tax, assessment, fee or charge. The power of initiative to affect local taxes, assessments, fees and charges shall be applicable to all local governments and neither the Legislature nor any local government charter shall impose a signature requirement higher than that applicable to statewide statutory initiatives. [*New section adopted November 5, 1996. Initiative measure.*]

ARTICLE XIII D*

ASSESSMENT AND PROPERTY-RELATED FEE REFORM

SECTION 1. Application. Notwithstanding any other provision of law, the provisions of this article shall apply to all assessments, fees and charges, whether imposed pursuant to state statute or local government charter authority. Nothing in this article or Article XIII C shall be construed to:

(a) Provide any new authority to any agency to impose a tax, assessment, fee, or charge.

(b) Affect existing laws relating to the imposition of fees or charges as a condition of property development.

(c) Affect existing laws relating to the imposition of timber yield taxes. [*New section adopted November 5, 1996. Initiative measure.*]

SEC. 2. Definitions. As used in this article:

(a) "Agency" means any local government as defined in subdivision (b) of Section 1 of Article XIII C.

(b) "Assessment" means any levy or charge upon real property by an agency for a special benefit conferred upon the real property. "Assessment" includes, but is not limited to, "special assessment," "benefit assessment," "maintenance assessment" and "special assessment tax."

(c) "Capital cost" means the cost of acquisition, installation, construction, reconstruction, or replacement of a permanent public improvement by an agency.

(d) "District" means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service.

(e) "Fee" or "charge" means any levy other than an ad valorem tax, a special tax, or an assessment, imposed by an agency upon a parcel or upon a person as an incident of property ownership, including a user fee or charge for a property-related service.

(f) "Maintenance and operation expenses" means the cost of rent, repair, replacement, rehabilitation, fuel, power, electrical current, care, and supervision necessary to properly operate and maintain a permanent public improvement.

(g) "Property ownership" shall be deemed to include tenancies of real property where tenants are directly liable to pay the assessment, fee, or charge in question.

(h) "Property-related service" means a public service having a direct relationship to property ownership.

(i) "Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or

* New Article XIII D adopted November 5, 1996. Initiative measure.

to the public at large. General enhancement of property value does not constitute “special benefit.” [*New section adopted November 5, 1996. Initiative measure.*]

SEC. 3. Property Taxes, Assessments, Fees and Charges Limited. (a) No tax, assessment, fee, or charge shall be assessed by any agency upon any parcel of property or upon any person as an incident of property ownership except:

(1) The ad valorem property tax imposed pursuant to Article XIII and Article XIII A.

(2) Any special tax receiving a two-thirds vote pursuant to Section 4 of Article XIII A.

(3) Assessments as provided by this article.

(4) Fees or charges for property-related services as provided by this article.

(b) For purposes of this article, fees for the provision of electrical or gas service shall not be deemed charges or fees imposed as an incident of property ownership. [*New section adopted November 5, 1996. Initiative measure.*]

SEC. 4. Procedures and Requirements for All Assessments. (a) An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property-related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel. Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.

(b) All assessments shall be supported by a detailed engineer’s report prepared by a registered professional engineer certified by the State of California.

(c) The amount of the proposed assessment for each identified parcel shall be calculated and the record owner of each parcel shall be given written notice by mail of the proposed assessment, the total amount thereof chargeable to the entire district, the amount chargeable to the owner’s particular parcel, the duration of the payments, the reason for the assessment and the basis upon which the amount of the proposed assessment was calculated, together with the date, time, and location of a public hearing on the proposed assessment. Each notice shall also include, in a conspicuous

place thereon, a summary of the procedures applicable to the completion, return, and tabulation of the ballots required pursuant to subdivision (d), including a disclosure statement that the existence of a majority protest, as defined in subdivision (e), will result in the assessment not being imposed.

(d) Each notice mailed to owners of identified parcels within the district pursuant to subdivision (c) shall contain a ballot which includes the agency's address for receipt of the ballot once completed by any owner receiving the notice whereby the owner may indicate his or her name, reasonable identification of the parcel, and his or her support or opposition to the proposed assessment.

(e) The agency shall conduct a public hearing upon the proposed assessment not less than 45 days after mailing the notice of the proposed assessment to record owners of each identified parcel. At the public hearing, the agency shall consider all protests against the proposed assessment and tabulate the ballots. The agency shall not impose an assessment if there is a majority protest. A majority protest exists if, upon the conclusion of the hearing, ballots submitted in opposition to the assessment exceed the ballots submitted in favor of the assessment. In tabulating the ballots, the ballots shall be weighted according to the proportional financial obligation of the affected property.

(f) In any legal action contesting the validity of any assessment, the burden shall be on the agency to demonstrate that the property or properties in question receive a special benefit over and above the benefits conferred on the public at large and that the amount of any contested assessment is proportional to, and no greater than, the benefits conferred on the property or properties in question.

(g) Because only special benefits are assessable, electors residing within the district who do not own property within the district shall not be deemed under this Constitution to have been deprived of the right to vote for any assessment. If a court determines that the Constitution of the United States or other federal law requires otherwise, the assessment shall not be imposed unless approved by a two-thirds vote of the electorate in the district in addition to being approved by the property owners as required by subdivision (e). [*New section adopted November 5, 1996. Initiative measure.*]

SEC. 5. Effective Date. Pursuant to subdivision (a) of Section 10 of Article II, the provisions of this article shall become effective the day after the election unless otherwise provided. Beginning July 1, 1997, all existing, new, or increased assessments shall comply with this article. Notwithstanding the foregoing, the following assessments existing on the effective date of this article shall be exempt from the procedures and approval process set forth in Section 4:

(a) Any assessment imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water,

flood control, drainage systems or vector control. Subsequent increases in such assessments shall be subject to the procedures and approval process set forth in Section 4.

(b) Any assessment imposed pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment is initially imposed. Subsequent increases in such assessments shall be subject to the procedures and approval process set forth in Section 4.

(c) Any assessment the proceeds of which are exclusively used to repay bonded indebtedness of which the failure to pay would violate the Contract Impairment Clause of the Constitution of the United States.

(d) Any assessment which previously received majority voter approval from the voters voting in an election on the issue of the assessment. Subsequent increases in those assessments shall be subject to the procedures and approval process set forth in Section 4. [*New section adopted November 5, 1996. Initiative measure.*]

SEC. 6. Property-Related Fees and Charges. (a) Procedures for New or Increased Fees and Charges. An agency shall follow the procedures pursuant to this section in imposing or increasing any fee or charge as defined pursuant to this article, including, but not limited to, the following:

(1) The parcels upon which a fee or charge is proposed for imposition shall be identified. The amount of the fee or charge proposed to be imposed upon each parcel shall be calculated. The agency shall provide written notice by mail of the proposed fee or charge to the record owner of each identified parcel upon which the fee or charge is proposed for imposition, the amount of the fee or charge proposed to be imposed upon each, the basis upon which the amount of the proposed fee or charge was calculated, the reason for the fee or charge, together with the date, time, and location of a public hearing on the proposed fee or charge.

(2) The agency shall conduct a public hearing upon the proposed fee or charge not less than 45 days after mailing the notice of the proposed fee or charge to the record owners of each identified parcel upon which the fee or charge is proposed for imposition. At the public hearing, the agency shall consider all protests against the proposed fee or charge. If written protests against the proposed fee or charge are presented by a majority of owners of the identified parcels, the agency shall not impose the fee or charge.

(b) Requirements for Existing, New or Increased Fees and Charges. A fee or charge shall not be extended, imposed, or increased by any agency unless it meets all of the following requirements:

(1) Revenues derived from the fee or charge shall not exceed the funds required to provide the property-related service.

(2) Revenues derived from the fee or charge shall not be used for any purpose other than that for which the fee or charge was imposed.

(3) The amount of a fee or charge imposed upon any parcel or person as an incident of property ownership shall not exceed the proportional cost of the service attributable to the parcel.

(4) No fee or charge may be imposed for a service unless that service is actually used by, or immediately available to, the owner of the property in question. Fees or charges based on potential or future use of a service are not permitted. Standby charges, whether characterized as charges or assessments, shall be classified as assessments and shall not be imposed without compliance with Section 4.

(5) No fee or charge may be imposed for general governmental services including, but not limited to, police, fire, ambulance or library services, where the service is available to the public at large in substantially the same manner as it is to property owners.

Reliance by an agency on any parcel map, including, but not limited to, an assessor's parcel map, may be considered a significant factor in determining whether a fee or charge is imposed as an incident of property ownership for purposes of this article. In any legal action contesting the validity of a fee or charge, the burden shall be on the agency to demonstrate compliance with this article.

(c) Voter Approval for New or Increased Fees and Charges. Except for fees or charges for sewer, water, and refuse collection services, no property-related fee or charge shall be imposed or increased unless and until that fee or charge is submitted and approved by a majority vote of the property owners of the property subject to the fee or charge or, at the option of the agency, by a two-thirds vote of the electorate residing in the affected area. The election shall be conducted not less than 45 days after the public hearing. An agency may adopt procedures similar to those for increases in assessments in the conduct of elections under this subdivision.

(d) Beginning July 1, 1997, all fees or charges shall comply with this section. [*New section adopted November 5, 1996. Initiative measure.*]

ARTICLE XVI

PUBLIC FINANCE

[Heading as amended November 5, 1974.]

[State Indebtedness—Limitation—Two-thirds Vote to Submit Bond Law—Submission of Law to Electors]

SECTION 1. The Legislature shall not, in any manner create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars (\$300,000), except in case of war to repel invasion or suppress in-

surrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within 50 years of the time of the contracting thereof, and shall be irrevocable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect unless it has been passed by a two-thirds vote of all the members elected to each house of the Legislature and until, at a general election or at a direct primary, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated or to the payment of the debt thereby created. Full publicity as to matters to be voted upon by the people is afforded by the setting out of the complete text of the proposed laws, together with the arguments for and against them, in the ballot pamphlet mailed to each elector preceding the election at which they are submitted, and the only requirement for publication of such law shall be that it be set out at length in ballot pamphlets which the Secretary of State shall cause to be printed. The Legislature may, at any time after the approval of such law by the people, reduce the amount of the indebtedness authorized by the law to an amount not less than the amount contracted at the time of the reduction, or it may repeal the law if no debt shall have been contracted in pursuance thereof.

Notwithstanding any other provision of this Constitution, Members of the Legislature who are required to meet with the State Allocation Board shall have equal rights and duties with the nonlegislative members to vote and act upon matters pending or coming before such board for the allocation and apportionment of funds to school districts for school construction purposes or purposes related thereto.

Notwithstanding any other provision of this constitution, or of any bond act to the contrary, if any general obligation bonds of the State heretofore or hereafter authorized by vote of the people have been offered for sale and not sold, the Legislature may raise the maximum rate of interest payable on all general obligation bonds authorized but not sold, whether or not such bonds have been offered for sale, by a statute passed by a two-thirds vote of all members elected to each house thereof.

The provisions of Senate Bill No. 763[†] of the 1969 Regular Session, which authorize an increase of the state general obligation bond maximum interest rate from 5 percent to an amount not in excess of 7 percent and

[†] Chapter 740.

eliminate the maximum rate of interest payable on notes given in anticipation of the sale of such bonds, are hereby ratified. [*As amended June 2, 1970.*]

[*General Obligation Bond Proceeds Fund*]

SEC. 1.5. The Legislature may create and establish a “General Obligation Bond Proceeds Fund” in the State Treasury, and may provide for the proceeds of the sale of general obligation bonds of the State heretofore or hereafter issued, including any sums paid as accrued interest thereon, under any or all acts authorizing the issuance of such bonds, to be paid into or transferred to, as the case may be, the “General Obligation Bond Proceeds Fund.” Accounts shall be maintained in the “General Obligation Bond Proceeds Fund” of all moneys deposited in the State Treasury to the credit of that fund and the proceeds of each bond issue shall be maintained as a separate and distinct account and shall be paid out only in accordance with the law authorizing the issuance of the particular bonds from which the proceeds were derived. The Legislature may abolish, subject to the conditions of this section, any fund in the State Treasury heretofore or hereafter created by any act for the purpose of having deposited therein the proceeds from the issuance of bonds if such proceeds are transferred to or paid into the “General Obligation Bond Proceeds Fund” pursuant to the authority granted in this section; provided, however, that nothing in this section shall prevent the Legislature from re-establishing any bond proceeds fund so abolished and transferring back to its credit all proceeds in the “General Obligation Bond Proceeds Fund” which constitute the proceeds of the particular bond fund being re-established. [*New section adopted November 6, 1962.*]

SEC. 2. [*Repealed November 6, 1962. See Section 2, below.*]

[*Bond Issues—Submission by Constitutional Amendment Prohibited—
Repeal of Certain Constitutional Provisions*]

SEC. 2. (a) No amendment to this Constitution which provides for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors, nor shall any such amendment to the Constitution hereafter submitted to or approved by the electors become effective for any purpose.

Each measure providing for the preparation, issuance and sale of bonds of the State of California shall hereafter be submitted to the electors in the form of a bond act or statute.

(b) The provisions of this Constitution enumerated in subdivision (c) of this section are repealed and such provisions are continued as statutes which have been approved, adopted, legalized, ratified, validated, and made fully and completely effective, by means of the adoption by the electorate of a ratifying constitutional amendment, except that the Legislature,

in addition to whatever powers it possessed under such provisions, may amend or repeal such provisions when the bonds issued thereunder have been fully retired and when no rights thereunder will be damaged.

No money shall ever be appropriated or drawn from the State Treasury for the purpose or benefit of any corporation, association, asylum, hospital, or any other institution not under the exclusive management and control of the State as a state institution, nor shall any grant or donation of property ever be made thereto by the State, except that notwithstanding anything contained in this or any other section of the Constitution:

[*Federal Funds*]

(1) Whenever federal funds are made available for the construction of hospital facilities by public agencies and nonprofit corporations organized to construct and maintain such facilities, nothing in this Constitution shall prevent the Legislature from making state money available for that purpose, or from authorizing the use of such money for the construction of hospital facilities by nonprofit corporations organized to construct and maintain such facilities.

cility and any other facility useful and convenient in the operation of the hospital and any original equipment for any such hospital or facility, or both.

No provision of this Constitution, including but not limited to, Section 1 of Article XVI and Section 14 of Article XI, shall be construed as a limitation upon the authority granted to the Legislature by this section. [*New section adopted November 5, 1974.*]

SEC. 4½. [*Repealed November 6, 1962.*]

[*Gifts or Loans of Public Moneys or Pledging of Credit Prohibited—Stock of Corporations*]

SEC. 6. The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State, or of any county, city and county, city, township or other political corporation or subdivision of the State now existing, or that may be hereafter established, in aid of or to any person, association, or corporation, whether municipal or otherwise, or to pledge the credit thereof, in any manner whatever, for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift or authorize the making of any gift, of any public money or thing of value to any individual, municipal or other corporation whatever; provided, that nothing in this section shall prevent the Legislature granting aid pursuant to Section 3 of Article XVI; and it shall not have power to authorize the State, or any political subdivision thereof, to subscribe for stock, or to become a stockholder in any corporation whatever; provided, further, that irrigation districts for the purpose of acquiring the control of any entire international water system necessary for its use and purposes, a part of which is situated in the United States, and a part thereof in a foreign country, may in the manner authorized by law, acquire the stock of any foreign corporation which is the owner of, or which holds the title to the part of such system

situated in a foreign country; provided, further, that irrigation districts for the purpose of acquiring water and water rights and other property necessary for their uses and purposes, may acquire and hold the stock of corporations, domestic or foreign, owning waters, water rights, canals, waterworks, franchises or concessions subject to the same obligations and liabilities as are imposed by law upon all other stockholders in such corporation; and

[Insurance Pooling Arrangements]

[Disaster Assistance]

Provided, further, that nothing contained in this Constitution shall prohibit the State, or any county, city and county, city, township, or other political corporation or subdivision of the State from providing aid or assistance to persons, if found to be in the public interest, for the purpose of clearing debris, natural materials, and wreckage from privately owned lands and waters deposited thereon or therein during a period of a major disaster or emergency, in either case declared by the President. Such temporary transfer of funds to any political subdivision shall be made only upon resolution adopted by the governing body of the city, county, or city and county directing the treasurer of such city, county, or city and county to make such temporary transfer. Such temporary transfer of funds to any political subdivision shall not exceed 85 percent of the anticipated revenues accruing to such political subdivision, shall not be made prior to the first day of the fiscal year nor after the last Monday in April of the current fiscal year, and shall be replaced from the revenues accruing to such political subdivision before any other obligation of such political subdivision is met from such revenue. [*As amended November 2, 1982.*]

[*Controller's Warrants*]

SEC. 7. Money may be drawn from the Treasury only through an appropriation made by law and upon a Controller's duly drawn warrant. [*New section adopted November 5, 1974.*]

[*School Funding Priority*]

SEC. 8. (a) From all state revenues there shall first be set apart the moneys to be applied by the State for support of the public school system and public institutions of higher education.

(b) Commencing with the 1990–91 fiscal year, the moneys to be applied by the State for the support of school districts and community college districts shall be not less than the greater of the following amounts:

(1) The amount which, as a percentage of General Fund revenues which may be appropriated pursuant to Article XIII B, equals the percentage of General Fund revenues appropriated for school districts and community college districts, respectively, in fiscal year 1986–87.

(2) The amount required to ensure that the total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes shall not be less than the total amount from these sources in the prior fiscal year, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment and adjusted for the change in the cost of living pursuant to paragraph (1) of subdivision (e) of Section 8 of Article XIII B. This paragraph shall be operative only in a fiscal year in which the percentage growth in California per capita personal income is less than or equal to the percentage growth in per capita General Fund revenues plus one half of one percent.

(3) (A) The amount required to ensure that the total allocations to school districts and community college districts from General Fund pro-

ceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes shall equal the total amount from these sources in the prior fiscal year, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment and adjusted for the change in per capita General Fund revenues.

(B) In addition, an amount equal to one-half of one percent times the prior year total allocations to school districts and community colleges from General Fund proceeds of taxes appropriated pursuant to Article XIII B and allocated local proceeds of taxes, excluding any revenues allocated pursuant to subdivision (a) of Section 8.5, adjusted for changes in enrollment.

(C) This paragraph (3) shall be operative only in a fiscal year in which the percentage growth in California per capita personal income in a fiscal year is greater than the percentage growth in per capital General Fund revenues plus one half of one percent.

(c) In any fiscal year, if the amount computed pursuant to paragraph (1) of subdivision (b) exceeds the amount computed pursuant to paragraph (2) of subdivision (b) by a difference that exceeds one and one-half percent of General Fund revenues, the amount in excess of one and one-half percent of General Fund revenues shall not be considered allocations to school districts and community colleges for purposes of computing the amount of state aid pursuant to paragraph (2) or 3 of subdivision (b) in the subsequent fiscal year.

(d) In any fiscal year in which school districts and community college districts are allocated funding pursuant to paragraph (3) of subdivision (b) or pursuant to subdivision (h), they shall be entitled to a maintenance factor, equal to the difference between (1) the amount of General Fund moneys which would have been appropriated pursuant to paragraph (2) of subdivision (b) if that paragraph had been operative or the amount of General Fund moneys which would have been appropriated pursuant to subdivision (b) had subdivision (b) not been suspended, and (2) the amount of General Fund moneys actually appropriated to school districts and community college districts in that fiscal year.

(e) The maintenance factor for school districts and community college districts determined pursuant to subdivision (d) shall be adjusted annually for changes in enrollment, and adjusted for the change in the cost of living pursuant to paragraph (1) of subdivision (e) of Section 8 of Article XIII B, until it has been allocated in full. The maintenance factor shall be allocated in a manner determined by the Legislature in each fiscal year in which the percentage growth in per capita General Fund revenues exceeds the percentage growth in California per capita personal income. The maintenance factor shall be reduced each year by the amount allocated by the Legislature in that fiscal year. The minimum maintenance factor amount to be allocated in a fiscal year shall be equal to the product of General Fund rev-

enues from proceeds of taxes and one-half of the difference between the percentage growth in per capita General Fund revenues from proceeds of taxes and in California per capita personal income, not to exceed the total dollar amount of the maintenance factor.

(f) For purposes of this section, “changes in enrollment” shall be measured by the percentage change in average daily attendance. However, in any fiscal year, there shall be no adjustment for decreases in enrollment between the prior fiscal year and the current fiscal year unless there have been decreases in enrollment between the second prior fiscal year and the prior fiscal year and between the third prior fiscal year and the second prior fiscal year.

(h) Subparagraph (B) of paragraph (3) of subdivision (b) may be suspended for one year only when made part of or included within any bill enacted pursuant to Section 12 of Article IV. All other provisions of subdivision (b) may be suspended for one year by the enactment of an urgency statute pursuant to Section 8 of Article IV, provided that the urgency statute may not be made part of or included within any bill enacted pursuant to Section 12 of Article IV. [*As amended June 5, 1990. Operative July 1, 1990.*]

SEC. 8½. [*Repealed November 6, 1962.*]

[*Allocations to State School Fund*]

SECTION 8.5. (a) In addition to the amount required to be applied for the support of school districts and community college districts pursuant to Section 8, the Controller shall during each fiscal year transfer and allocate all revenues available pursuant to paragraph 1 of subdivision (a) of Section 2 of Article XIII B to that portion of the State School Fund restricted for elementary and high school purposes, and to that portion of the State School Fund restricted for community college purposes, respectively, in proportion to the enrollment in school districts and community college districts respectively.

(1) With respect to funds allocated to that portion of the State School Fund restricted for elementary and high school purposes, no transfer or allocation of funds pursuant to this section shall be required at any time that the Director of Finance and the Superintendent of Public Instruction mutually determine that current annual expenditures per student equal or exceed the average annual expenditure per student of the 10 states with the highest annual expenditures per student for elementary and high schools, and that average class size equals or is less than the average class size of the 10 states with the lowest class size for elementary and high schools.

(2) With respect to funds allocated to that portion of the State School Fund restricted for community college purposes, no transfer or allocation of funds pursuant to this section shall be required at any time that the Director of Finance and the Chancellor of the California Community Col-

leges mutually determine that current annual expenditures per student for community colleges in this State equal or exceed the average annual expenditure per student of the 10 states with the highest annual expenditure per student for community colleges.

(b) Notwithstanding the provisions of Article XIII B, funds allocated pursuant to this section shall not constitute appropriations subject to limitation.

(c) From any funds transferred to the State School Fund pursuant to subdivision (a), the Controller shall each year allocate to each school district and community college district an equal amount per enrollment in school districts from the amount in that portion of the State School Fund restricted for elementary and high school purposes and an equal amount per enrollment in community college districts from that portion of the State School Fund restricted for community college purposes.

(d) All revenues allocated pursuant to subdivision (a) shall be expended solely for the purposes of instructional improvement and accountability as required by law.

(e) Any school district maintaining an elementary or secondary school shall develop and cause to be prepared an annual audit accounting for such funds and shall adopt a School Accountability Report Card for each school. [*As amended June 5, 1990. Operative July 1, 1990.*]

[*Taxation of Redevelopment Projects*]

SEC. 16. All property in a redevelopment project established under the Community Redevelopment Law as now existing or hereafter amended, except publicly owned property not subject to taxation by reason of that ownership, shall be taxed in proportion to its value as provided in Section 1 of this article, and those taxes (the word "taxes" as used herein includes, but is not limited to, all levies on an ad valorem basis upon land or real property) shall be levied and collected as other taxes are levied and collected by the respective taxing agencies.

The Legislature may provide that any redevelopment plan may contain a provision that the taxes, if any, so levied upon the taxable property in a redevelopment project each year by or for the benefit of the State of California, any city, county, city and county, district, or other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinance approving the redevelopment plan, shall be divided as follows:

(a) That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of those taxing agencies upon the total sum of the assessed value of the taxable property in the redevelopment project as shown upon the assessment roll used in connection with the taxation of that property by the taxing agency, last equalized prior to the effective date of the ordinance, shall be allocated to, and when collected shall be paid into, the funds of the respective taxing agencies as taxes by or for those taxing agencies on all other property are paid (for the

purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory in a redevelopment project on the effective date of the ordinance but to which that territory has been annexed or otherwise included after the ordinance's effective date, the assessment roll of the county last equalized on the effective date of that ordinance shall be used in determining the assessed valuation of the taxable property in the project on that effective date); and

(b) Except as provided in subdivision (c), that portion of the levied taxes each year in excess of that amount shall be allocated to and when collected shall be paid into a special fund of the redevelopment agency to pay the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed or otherwise) incurred by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project. Unless and until the total assessed valuation of the taxable property in a redevelopment project exceeds the total assessed value of the taxable property in the project as shown by the last equalized assessment roll referred to in subdivision (a), all of the taxes levied and collected upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies. When the loans, advances, and indebtedness, if any, and interest thereon, have been paid, then all moneys thereafter received from taxes upon the taxable property in the redevelopment project shall be paid into the funds of the respective taxing agencies as taxes on all other property are paid.

(c) That portion of the taxes identified in subdivision (b) which are attributable to a tax rate levied by a taxing agency for the purpose of producing revenues in an amount sufficient to make annual repayments of the principal of, and the interest on, any bonded indebtedness for the acquisition or improvement of real property shall be allocated to, and when collected shall be paid into, the fund of that taxing agency. This paragraph shall only apply to taxes levied to repay bonded indebtedness approved by the voters of the taxing agency on or after January 1, 1989.

The Legislature may also provide that in any redevelopment plan or in the proceedings for the advance of moneys, or making of loans, or the incurring of any indebtedness (whether funded, refunded, assumed, or otherwise) by the redevelopment agency to finance or refinance, in whole or in part, the redevelopment project, the portion of taxes identified in subdivision (b), exclusive of that portion identified in subdivision (c), may be irrevocably pledged for the payment of the principal of and interest on those loans, advances, or indebtedness.

It is intended by this section to empower any redevelopment agency, city, county, or city and county under any law authorized by this section to exercise the provisions hereof separately or in combination with powers granted by the same or any other law relative to redevelopment agencies. This section shall not affect any other law or laws relating to the same or

a similar subject but is intended to authorize an alternative method of procedure governing the subject to which it refers.

[*State's Credit—Investment of Public Pension or Retirement Funds*]

SEC. 17. The State shall not in any manner loan its credit, nor shall it subscribe to, or be interested in the stock of any company, association, or corporation, except that the State and each political subdivision, district, municipality, and public agency thereof is hereby authorized to acquire and hold shares of the capital stock of any mutual water company or corporation when the stock is so acquired or held for the purpose of furnishing a supply of water for public, municipal or governmental purposes; and the holding of the stock shall entitle the holder thereof to all of the rights, powers and privileges, and shall subject the holder to the obligations and liabilities conferred or imposed by law upon other holders of stock in the mutual water company or corporation in which the stock is so held.

Notwithstanding any other provisions of law or this Constitution to the contrary, the retirement board of a public pension or retirement system shall have plenary authority and fiduciary responsibility for investment of moneys and administration of the system, subject to all of the following:

(a) The retirement board of a public pension or retirement system shall have the sole and exclusive fiduciary responsibility over the assets of the public pension or retirement system. The retirement board shall also have sole and exclusive responsibility to administer the system in a manner that will assure prompt delivery of benefits and related services to the participants and their beneficiaries. The assets of a public pension or retirement system are trust funds and shall be held for the exclusive purposes of providing benefits to participants in the pension or retirement system and their beneficiaries and defraying reasonable expenses of administering the system.

(b) The members of the retirement board of a public pension or retirement system shall discharge their duties with respect to the system solely in the interest of, and for the exclusive purposes of providing benefits to, participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the system. A retirement board's duty to its participants and their beneficiaries shall take precedence over any other duty.

(c) The members of the retirement board of a public pension or retirement system shall discharge their duties with respect to the system with the care, skill, prudence, and diligence under the circumstances then pre-

vailling that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

(d) The members of the retirement board of a public pension or retirement system shall diversify the investments of the system so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly not prudent to do so.

(e) The retirement board of a public pension or retirement system, consistent with the exclusive fiduciary responsibilities vested in it, shall have the sole and exclusive power to provide for actuarial services in order to assure the competency of the assets of the public pension or retirement system.

(f) With regard to the retirement board of a public pension or retirement system which includes in its composition elected employee members, the number, terms, and method of selection or removal of members of the retirement board which were required by law or otherwise in effect on July 1, 1991, shall not be changed, amended, or modified by the Legislature unless the change, amendment, or modification enacted by the Legislature is ratified by a majority vote of the electors of the jurisdiction in which the participants of the system are or were, prior to retirement, employed.

(g) The Legislature may by statute continue to prohibit certain investments by a retirement board where it is in the public interest to do so, and provided that the prohibition satisfies the standards of fiduciary care and loyalty required of a retirement board pursuant to this section.

(h) As used in this section, the term "retirement board" shall mean the board of administration, board of trustees, board of directors, or other governing body or board of a public employees' pension or retirement system; provided, however, that the term "retirement board" shall not be interpreted to mean or include a governing body or board created after July 1, 1991 which does not administer pension or retirement benefits, or the elected legislative body of a jurisdiction which employs participants in a public employees' pension or retirement system. (b) Notwithstanding subdivision (a), on or after the effective date of the measure adding this subdivision, in the case of any school district, community college district, or county office of education, any proposition for the incurrence of indebtedness in the form of general obligation bonds for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, shall be adopted upon the approval of 55 percent of the voters of the district or county, as appropriate, voting on the proposition at an election. This subdivision shall apply only to a proposition for the incurrence of indebtedness in the form of general obligation bonds for the purposes specified in this subdivision if the proposition meets all of the accountability requirements of paragraph (3) of subdivision (b) of Section 1 of Article XIII A.

(c) When two or more propositions for incurring any indebtedness or liability are submitted at the same election, the votes cast for and against each proposition shall be counted separately, and when two-thirds or a majority or 55 percent of the voters, as the case may be, voting on any one of those propositions, vote in favor thereof, the proposition shall be deemed adopted. of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 or any amendments, codification, reenactment or restatement thereof.

In appeals where the board finds that there is relevant evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the department it may enter an order remanding the matter to the department for reconsideration in the light of such evidence. In all other appeals the board shall enter an order either affirming or reversing the decision of the department. When the order reverses the decision of the department, the board may direct the reconsideration of the matter in the light of its order and may direct the department to take such further action as is specially enjoined upon it by law, but the order shall not limit or control in any way the discretion vested by law in the department. Orders of the board shall be subject to judicial review upon petition of the director or any party aggrieved by such order.

[Removal of Director or Board Members]

A concurrent resolution for the removal of either the director or any member of the board may be introduced in the Legislature only if five Members of the Senate, or 10 Members of the Assembly, join as authors.

21. **Juvenile Crime.**

[Submitted by the initiative and approved by electors March 7, 2000.]

PROPOSED LAW

SECTION 1. SHORT TITLE.

This act shall be known, and may be cited, as the Gang Violence and Juvenile Crime Prevention Act of 1998.

SEC. 2. FINDINGS AND DECLARATIONS.

The people find and declare each of the following:

(a) While overall crime is declining, juvenile crime has become a larger and more ominous threat. The United States Department of Justice reported in 1996 that juvenile arrests for serious crimes grew by 46 percent from 1983 to 1992, while murders committed by juveniles more than doubled. According to the California Department of Justice, the rate at which juveniles were arrested for violent offenses rose 54 percent between 1986 and 1995.

(b) Criminal street gangs and gang-related violence pose a significant threat to public safety and the health of many of our communities. Criminal street gangs have become more violent, bolder, and better organized in recent years. Some gangs, like the Los Angeles-based 18th Street Gang and the Mexican Mafia are properly analyzed as organized crime groups, rather than as mere street gangs. A 1996 series in the Los Angeles Times chronicled the serious negative impact the 18th Street Gang has had on neighborhoods where it is active.

(c) Vigorous enforcement and the adoption of more meaningful criminal sanctions, including the voter-approved “Three Strikes” law, Proposition 184, has resulted in a substantial and consistent four year decline in overall crime. Violent juvenile crime has proven most resistant to this positive trend.

(d) The problem of youth and gang violence will, without active intervention, increase, because the juvenile population is projected to grow substantially by the next decade. According to the California Department of Finance, the number of juveniles in the crime-prone ages between 12 and 17, until recently long

stagnant, is expected to rise 36 percent between 1997 and 2007 (an increase of more than one million juveniles). Although illegal drug use among high school seniors had declined significantly during the 1980s, it began rising in 1992. Juvenile arrest rates for weapons-law violations increased 103 percent between 1985 and 1994, while juvenile killings with firearms quadrupled between 1984 and 1994. Handguns were used in two-thirds of the youth homicides involving guns over a 15-year span. In 1994, 82 percent of juvenile murderers used guns. The number of juvenile homicide offenders in 1994 was approximately 2,800, nearly triple the number in 1984. In addition, juveniles tend to murder strangers at disproportionate rates. A murderer is more likely to be 17 years old than any other age, at the time that the offense was committed.

(e) In 1995, California's adult arrest rate was 2,245 per 100,000 adults, while the juvenile arrest rate among 10 to 17-year-olds was 2,430 per 100,000 juveniles.

(f) Data regarding violent juvenile offenders must be available to the adult criminal justice system if recidivism by criminals is to be addressed adequately.

(g) Holding juvenile proceedings in secret denies victims of crime the opportunity to attend and be heard at such proceedings, helps juvenile offenders to avoid accountability for their actions, and shields juvenile proceedings from public scrutiny and accountability.

(h) Gang-related crimes pose a unique threat to the public because of gang members' organization and solidarity. Gang-related felonies should result in severe penalties. Life without the possibility of parole or death should be available for murderers who kill as part of any gang-related activity.

(i) The rehabilitative/treatment juvenile court philosophy was adopted at a time when most juvenile crime consisted of petty offenses. The juvenile justice system is not well-equipped to adequately protect the public from violent and repeat serious juvenile offenders.

(j) Juvenile court resources are spent disproportionately on violent offenders with little chance to be rehabilitated. If California is going to avoid the predicted wave of juvenile crime in the next decade, greater resources, attention, and accountability must be focused on less serious offenders, such as burglars, car thieves, and first time non-violent felons who have potential for rehabilitation. This act must form part of a comprehensive juvenile justice reform package which incorporates major commitments to already commenced "at-risk" youth early intervention programs and expanded informal juvenile court alternatives for low-level offenders. These efforts, which emphasize rehabilitative protocols over incarceration, must be expanded as well under the provisions of this act, which requires first time, non-violent juvenile felons to appear in court, admit guilt for their offenses, and be held accountable, but also be given a non-custodial opportunity to demonstrate through good conduct and compliance with a court-monitored treatment and supervision program that the record of the juvenile's offense should justly be expunged.

(k) Dramatic changes are needed in the way we treat juvenile criminals, criminal street gangs, and the confidentiality of the juvenile records of violent offenders if we are to avoid the predicted, unprecedented surge in juvenile and gang violence. Californians deserve to live without fear of violent crime and to enjoy safe neighborhoods, parks, and schools. This act addresses each of these issues with the goal of creating a safer California, for ourselves and our children, in the Twenty-First Century.

SEC. 3. Section 182.5 is added to the Penal Code, to read:

182.5. Notwithstanding subdivisions (a) or (b) of Section 182, any person who actively participates in any criminal street gang, as defined in subdivision (f) of Section 186.22, with knowledge that its members engage in or have engaged in a pattern of criminal gang activity, as defined in subdivision (e) of Section 186.22, and who willfully promotes, furthers, assists, or benefits from any felonious criminal conduct by members of that gang is guilty of conspiracy to commit that felony and may be punished as specified in subdivision (a) of Section 182.

SEC. 4. Section 186.22 of the Penal Code is amended to read:

186.22. (a) Any person who actively participates in any criminal street gang with knowledge that its members engage in or have engaged in a pattern of criminal gang activity, and who willfully promotes, furthers, or assists in any felonious criminal conduct by members of that gang, shall be punished by imprisonment in a county jail for a period not to exceed one year, or by imprisonment in the state prison for 16 months, or two or three years.

*(b) (1) Except as provided in paragraph (4) and (5), any person who is convicted of a felony committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall, upon conviction of that felony, in addition and consecutive to the punishment prescribed for the felony or attempted felony of which he or she has been convicted, be punished by an additional term of ~~one, two, or three~~ *two, three, or four* years at the court's discretion, *except that if the felony is a serious felony, as defined in subdivision (c) of Section 1192.7, the person shall be punished by an additional term of five years. If the felony is a violent felony, as defined in subdivision (c) of Section 667.5, the person shall be punished by an additional term of 10 years.**

(2) If the underlying felony described in paragraph (1) is committed on the grounds of, or within 1,000 feet of, a public or private elementary, vocational, junior high, or high school, during hours in which the facility is open for classes or school-related programs or when minors are using the facility; ~~the additional term shall be two, three, or four years, at the court's discretion that fact shall be a circumstance in aggravation of the crime in imposing a term under paragraph (1).~~

(3) The court shall order the imposition of the middle term of the sentence enhancement, unless there are circumstances in aggravation or mitigation. The court shall state the reasons for its choice of sentencing enhancements on the record at the time of the sentencing.

(4) Any person who is convicted of a felony enumerated in this paragraph committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific intent to promote, further, or assist in any criminal conduct by gang members, shall, upon conviction of that felony, be sentenced to an indeterminate term of life imprisonment with a minimum term of the indeterminate sentence calculated as the greater of:

(A) The term determined by the court pursuant to Section 1170 for the underlying conviction, including any enhancement applicable under Chapter 4.5 (commencing with Section 1170) of Title 7 of Part 2, or any period prescribed by Section 3046, if the felony is any of the offenses enumerated in subparagraphs (B) or (C) of this paragraph.

(B) Imprisonment in the state prison for 15 years, if the felony is a home invasion robbery, in violation of subparagraph (A) of paragraph (1) of subdivision

(a) of Section 213; carjacking, as defined in Section 215; a felony violation of Section 246; or a violation of Section 12022.55.

(C) Imprisonment in the state prison for seven years, if the felony is extortion, as defined in Section 519; or threats to victims and witnesses, as defined in Section 136.1.

(4) (5) Except as provided in paragraph (4), Any any person who violates this subdivision in the commission of a felony punishable by imprisonment in the state prison for life, shall not be paroled until a minimum of 15 calendar years have been served.

(5) Any person convicted under this section; who is also convicted of a felony violation of Section 136.1; which violation is accompanied by a credible threat of violence or death made to the victim or witness to a violent felony; as defined in subdivision (c) of Section 667.5; shall receive; in addition to the penalties provided in paragraph (1) or (2) of this subdivision; an additional consecutive penalty of three years imprisonment. The penalty under this paragraph shall only be imposed if the credible threat of violence or death was made to prevent or dissuade the witness or victim from attending or giving testimony at any trial for a violent felony, as defined in subdivision (c) of Section 667.5. For purposes of this paragraph; the following terms have the following meanings:

(3) If the amount of defacement, damage, or destruction is ~~four hundred dollars (\$400) or more but less than five thousand dollars (\$5,000)~~, vandalism is punishable by imprisonment in a county jail not exceeding one year, or by a fine of five thousand dollars (\$5,000), or by both that fine and imprisonment.

(c) (1) Subdivision (a) does not apply to Department of Motor Vehicle records of any convictions for offenses under the Vehicle Code or any local ordinance relating to the operation, stopping and standing, or parking of a vehicle where the record of any such conviction would be a public record under Section 1808 of the Vehicle Code. However, if a court orders a case record containing any such conviction to be sealed under this section, and if the Department of Motor

Vehicles maintains a public record of such a conviction, the court shall notify the Department of Motor Vehicles of the sealing and the department shall advise the court of its receipt of the notice.

Notwithstanding any other provision of law, subsequent to the notification, the Department of Motor Vehicles shall allow access to its record of convictions only to the subject of the record and to insurers which have been granted requestor code numbers by the department. Any insurer to which such a record of conviction is disclosed, when such a conviction record has otherwise been sealed under this section, shall be given notice of the sealing when the record is disclosed to the insurer. The insurer may use the information contained in the record for purposes of determining eligibility for insurance and insurance rates for the subject of the record, and the information shall not be used for any other purpose nor shall it be disclosed by an insurer to any person or party not having access to the record.

(2) This subdivision shall not be construed as preventing the sealing of any record which is maintained by any agency or party other than the Department of Motor Vehicles.

(3) This subdivision shall not be construed as affecting the procedures or authority of the Department of Motor Vehicles for purging department records.

(d) Unless for good cause the court determines that the juvenile court record shall be retained, the court shall order the destruction of a person's juvenile court records that are sealed pursuant to this section as follows: five years after the record was ordered sealed, if the person who is the subject of the record was alleged or adjudged to be a person described by Section 601; or when the person who is the subject of the record reaches the age of 38 if the person was alleged or adjudged to be a person described by Section 602, *except that if the subject of the record was found to be a person described in Section 602 because of the commission of an offense listed in subdivision (b), of Section 707, when he or she was 14 years of age or older, the record shall not be destroyed*. Any other agency in possession of sealed records may destroy its records five years after the record was ordered sealed.

(e) This section shall not permit the sealing of a person's juvenile court records for an offense where the person is convicted of that offense in a criminal court pursuant to the provisions of Section 707.1. This subdivision is declaratory of existing law.

SEC. 29. Article 20.5 (commencing with Section 790) is added to Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, to read:

Article 20.5. Deferred Entry of Judgment

790. (a) *Notwithstanding Sections 654, 654.2, or any other provision of law, this article shall apply whenever a case is before the juvenile court for a determination of whether a minor is a person described in Section 602 because of the commission of a felony offense, if all of the following circumstances apply:*

(1) *The minor has not previously been declared to be a ward of the court for the commission of a felony offense.*

(2) *The offense charged is not one of the offenses enumerated in subdivision (b) of Section 707.*

(3) *The minor has not previously been committed to the custody of the Youth Authority.*

(4) *The minor's record does not indicate that probation has ever been revoked without being completed.*

(5) *The minor is at least 14 years of age at the time of the hearing.*

(6) *The minor is eligible for probation pursuant to Section 1203.06 of the Penal Code.*

(b) *The prosecuting attorney shall review his or her file to determine whether or not paragraphs (1) to (6), inclusive, of subdivision (a) apply. Upon the agreement of the prosecuting attorney, the public defender or the minor's private defense attorney, and the presiding judge of the juvenile court or a judge designated by the presiding judge to the application of this article, this procedure shall be completed as soon as possible after the initial filing of the petition. If the prosecuting attorney, the defense attorney, and the juvenile court judge do not agree, the case shall proceed according to Article 17 (commencing with Section 675). If the minor is found eligible for deferred entry of judgment, the prosecuting attorney shall file a declaration in writing with the court or state for the record the grounds upon which the determination is based, and shall make this information available to the minor and his or her attorney. Under this procedure, the court may set the hearing for deferred entry of judgment at the initial appearance under Section 657.*

791. (a) *The prosecuting attorney's written notification to the minor shall also include all of the following:*

(1) *A full description of the procedures for deferred entry of judgment.*

(2) *A general explanation of the roles and authorities of the probation department, the prosecuting attorney, the program, and the court in that process.*

(3) *A clear statement that, in lieu of jurisdictional and disposition hearings, the court may grant a deferred entry of judgment with respect to any offense charged in the petition, provided that the minor admits each allegation contained in the petition and waives time for the pronouncement of judgment, and that upon the successful completion of the terms of probation, as defined in Section 794, the positive recommendation of the probation department, and the motion of the prosecuting attorney, but no sooner than 12 months and no later than 36 months from the date of the minor's referral to the program, the court shall dismiss the charge or charges against the minor.*

(4) *A clear statement that upon any failure of the minor to comply with the terms of probation, including the rules of any program the minor is directed to attend, or any circumstances specified in Section 793, the prosecuting attorney or the probation department, or the court on its own, may make a motion to the court for entry of judgment and the court shall render a finding that the minor is a ward of the court pursuant to Section 602 for the offenses specified in the original petition and shall schedule a dispositional hearing.*

(5) *An explanation of record retention and disposition resulting from participation in the deferred entry of judgment program and the minor's rights relative to answering questions about his or her arrest and deferred entry of judgment following successful completion of the program.*

(6) *A statement that if the minor fails to comply with the terms of the program and judgment is entered, the offense may serve as a basis for a finding of unfitness pursuant to subdivision (d) of Section 707, if the minor commits two subsequent felony offenses.*

(b) *If the minor consents and waives his or her right to a speedy jurisdictional hearing, the court may refer the case to the probation department or the court may summarily grant deferred entry of judgment if the minor admits the charges in the petition and waives time for the pronouncement of judgment. When directed by the court, the probation department shall make an investigation and*

take into consideration the defendant's age, maturity, educational background, family relationships, demonstrable motivation, treatment history, if any, and other mitigating and aggravating factors in determining whether the minor is a person who would be benefited by education, treatment, or rehabilitation. The probation department shall also determine which programs would accept the minor. The probation department shall report its findings and recommendations to the court. The court shall make the final determination regarding education, treatment, and rehabilitation of the minor.

(c) A minor's admission of the charges contained in the petition pursuant to this chapter shall not constitute a finding that a petition has been sustained for any purpose, unless a judgment is entered pursuant to subdivision (b) of Section 793.

792. The judge shall issue a citation directing any custodial parent, guardian, or foster parent of the minor to appear at the time and place set for the hearing, and directing any person having custody or control of the minor concerning whom the petition has been filed to bring the minor with him or her. The notice shall in addition state that a parent, guardian, or foster parent may be required to participate in a counseling or education program with the minor concerning whom the petition has been filed. The notice shall explain the provisions of Section 170.6 of the Code of Civil Procedure. Personal service shall be made at least 24 hours before the time stated for the appearance.

793. (a) If it appears to the prosecuting attorney, the court, or the probation department that the minor is not performing satisfactorily in the assigned program or is not complying with the terms of the minor's probation, or that the minor is not benefiting from education, treatment, or rehabilitation, the court shall lift the deferred entry of judgment and schedule a dispositional hearing. If after accepting deferred entry of judgment and during the period in which deferred entry of judgment was granted, the minor is convicted of, or declared to be a person described in Section 602 for the commission of, any felony offense or of any two misdemeanor offenses committed on separate occasions, the judge shall enter judgment and schedule a dispositional hearing. If the minor is convicted of, or found to be a person described in Section 602, because of the commission of one misdemeanor offense, or multiple misdemeanor offenses committed during a single occasion, the court may enter judgment and schedule a dispositional hearing.

(b) If the judgment previously deferred is imposed and a dispositional hearing scheduled pursuant to subdivision (a), the juvenile court shall report the complete criminal history of the minor to the Department of Justice, pursuant to Section 602.5.

(c) If the minor has performed satisfactorily during the period in which deferred entry of judgment was granted, at the end of that period the charge or charges in the wardship petition shall be dismissed and the arrest upon which the judgment was deferred shall be deemed never to have occurred and any records in the possession of the juvenile court shall be sealed, except that the prosecuting attorney and the probation department of any county shall have access to these records after they are sealed for the limited purpose of determining whether a minor is eligible for deferred entry of judgment pursuant to Section 790.

794. When a minor is permitted to participate in a deferred entry of judgment procedure, the judge shall impose, as a condition of probation, the requirement that the minor be subject to warrantless searches of his or her person, residence, or property under his or her control, upon the request of a probation officer

or peace officer. The court shall also consider whether imposing random drug or alcohol testing, or both, including urinalysis, would be an appropriate condition of probation. The judge shall also, when appropriate, require the minor to periodically establish compliance with curfew and school attendance requirements. The court may, in consultation with the probation department, impose any other term of probation authorized by this code that the judge believes would assist in the education, treatment, and rehabilitation of the minor and the prevention of criminal activity. The minor may also be required to pay restitution to the victim or victims pursuant to the provisions of this code.

795. The county probation officer or a person designated by the county probation officer shall serve in each county as the program administrator for juveniles granted deferred entry of judgment and shall be responsible for developing, supervising, and monitoring treatment programs and otherwise overseeing the placement and supervision of minors granted probation pursuant to the provisions of this chapter.

SEC. 30. Section 827.1 of the Welfare and Institutions Code, as added by Chapter 422 of the Statutes of 1996, is amended and renumbered to read:

~~827.1.~~ 827.2. (a) Notwithstanding Section 827 or any other provision of law, written notice that a minor has been found by a court of competent jurisdiction to have committed any felony pursuant to Section 602 shall be provided by the court within seven days to the sheriff of the county in which the offense was committed and to the sheriff of the county in which the minor resides. Written notice shall include only that information regarding the felony offense found to have been committed by the minor and the disposition of the minor's case. If at any time thereafter the court modifies the disposition of the minor's case, it shall also notify the sheriff as provided above. The sheriff may disseminate the information to other law enforcement personnel upon request, provided that he or she reasonably believes that the release of this information is generally relevant to the prevention or control of juvenile crime.

(b) Any information received pursuant to this section shall be received in confidence for the limited law enforcement purpose for which it was provided and shall not be further disseminated except as provided in this section. An intentional violation of the confidentiality provisions of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars (\$500).

(c) *Notwithstanding subdivision (a) or (b), a law enforcement agency may disclose to the public or to any interested person the information received pursuant to subdivision (a) regarding a minor 14 years of age or older who was found by the court to have committed any felony enumerated in subdivision (b) of Section 707. The law enforcement agency shall not release this information if the court for good cause, with a written statement of reasons, so orders.*

SEC. 31. Section 827.5 of the Welfare and Institutions Code is amended to read:

827.5. Notwithstanding any other provision of law except Sections 389 and 781 of this code and Section 1203.45 of the Penal Code, a law enforcement agency may disclose the name of any minor 14 years of age or older taken into custody for the commission of any serious felony, as defined in subdivision (c) of Section 1192.7 of the Penal Code, and the offenses allegedly committed, upon the request of interested persons, if a hearing has commenced that is based upon a petition that alleges that the minor is a person within the description of Section 602 following the minor's arrest for that offense .

SEC. 32. Section 827.6 of the Welfare and Institutions Code is amended to read:

827.6. (a) Notwithstanding any other provision of law, the presiding judge of the juvenile court may authorize a law enforcement agency to disclose only the name and other information necessary to identify a minor who is lawfully sought for arrest as a suspect in the commission of any felony listed in subdivision (b) of Section 707 where the disclosure is imperative for the apprehension of the minor. The court order shall be solely for the limited purpose of enabling law enforcement to apprehend the minor; and shall contain the exact nature of the data to be released. In determining whether to authorize the release of information pursuant to this section, the court shall balance the confidentiality interests of the minor under this chapter, the due diligence of law enforcement to apprehend the minor prior to the filing of a petition for disclosure, and public safety interests raised by the facts of the minor's case.

(b) When seeking an order of disclosure pursuant to this section, in addition to any other information requested by the presiding judge, a law enforcement agency shall submit to the court a verified declaration and any supporting exhibits indicating the probable cause for the lawful arrest of the minor; efforts to locate the minor, including, but not limited to, persons contacted; surveillance activity; search efforts; and any other pertinent information; all evidence regarding why the order is critical; including a minor's danger to himself or herself, the minor's danger to others; the minor's flight risk; and any other information indicating the urgency for the court order.

A law enforcement agency may release the name, description, and the alleged offense of any minor alleged to have committed a violent offense, as defined in subdivision (c) of Section 667.5 of the Penal Code, and against whom an arrest warrant is outstanding, if the release of this information would assist in the apprehension of the minor or the protection of public safety. Neither the agency nor the city, county, or city and county in which the agency is located shall be liable for civil damages resulting from release of this information.

SEC. 33. Section 828.01 of the Welfare and Institutions Code is repealed.

828.01. (a) Notwithstanding any other provision of law, a law enforcement agency may release the name of, and any descriptive information about, a minor, 14 years of age or older, and the offenses allegedly committed by that minor, if there is an outstanding warrant for the arrest of that minor for an offense described in paragraph (1) of subdivision (e) of Section 707. Any releases made pursuant to this section shall be reported to the presiding judge of the juvenile court.

(b) This section shall remain in effect only until January 1, 2000, and as of that date is repealed; unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

SEC. 34. Section 1732.6 of the Welfare and Institutions Code is amended to read:

1732.6. (a) No minor shall be committed to the Youth Authority when he or she is convicted in a criminal action for an offense described in Section 667.5 or subdivision (c) of Section 1192.7 of the Penal Code and is sentenced to incarceration for life, an indeterminate period to life, or a determinate period of years such that the maximum number of years of potential confinement when added to the minor's age would exceed 25 years. *In Except as specified in subdivision (b), in all other cases in which the minor has been convicted in*

a criminal action, the court shall retain discretion to sentence the minor to the Department of Corrections or to commit the minor to the Youth Authority.

(b) No minor shall be committed to the Youth Authority when he or she is convicted in a criminal action for:

(1) An offense described in subdivision (b) of Section 602, or

(2) An offense described in paragraphs (1), (2), or (3) of subdivision (d) of Section 707, if the circumstances enumerated in those paragraphs are found to be true by the trier of fact.

(3) An offense described in subdivision (b) of Section 707, if the minor had attained the age of 16 years of age or older at the time of commission of the offense.

(c) Notwithstanding any other provision of law, no person under the age of 16 years shall be housed in any facility under the jurisdiction of the Department of Corrections.

SEC. 35. INTENT. In enacting Section 4 of this initiative, adding subdivision (i) to Section 186.22 of the Penal Code, it is the intent of the people to reaffirm the reasoning contained in footnote 4 of *In re Lincoln J.*, 223 Cal. App.3d 322 (1990) and to disapprove of the reasoning contained in *People v. Green*, 227 Cal.App.3d 693 (1991) (holding that proof that “the person must devote all, or a substantial part of his or her efforts to the criminal street gang” is necessary in order to secure a conviction under subdivision (a) of Section 186.22 of the Penal Code).

SEC. 36. INTENT. In enacting Section 11 of this initiative (amending Section 190.2 of the Penal Code to add intentional gang-related murders to the list of special circumstances, permitting imposition of the death penalty or life without the possibility of parole for this offense), it is not the intent of the people to abrogate Section 190.5 of the Penal Code. The people of the State of California reaffirm and declare that it is the policy of this state that the death penalty may not be imposed upon any person who was under the age of 18 years at the time of the commission of the crime.

SEC. 37. INTENT. It is the intent of the people of the State of California in enacting this measure that if any provision in this act conflicts with another section of law which provides for a greater penalty or longer period of imprisonment that the latter provision shall apply, pursuant to Section 654 of the Penal Code.

SEC. 38. SEVERABILITY. If any provision of this act, or part thereof, is for any reason held to be invalid or unconstitutional, the remaining sections shall not be affected, but shall remain in full force and effect, and to this end the provisions of this act are severable.

SEC. 39. AMENDMENT. The provisions of this measure shall not be amended by the Legislature except by a statute passed in each house by rollcall vote entered in the journal, two-thirds of the membership of each house concurring, or by a statute that becomes effective only when approved by the voters.

The terms of each compact apply only to the State of California and the tribe that has signed it, and the terms of these compacts do not bind any tribe that is not a signatory to any of the compacts.

(b) Any other compact entered into between the State of California and any other federally recognized Indian tribe which is executed after August 24, 1998, is hereby ratified if (1) the compact is identical in all material respects to any of the compacts ratified pursuant to subdivision (a), and (2) the compact is not rejected by each house of the Legislature, two-thirds of the membership thereof concurring, within 30 days of the date of the submission of the compact to the Legislature by the Governor. However, if the 30-day period ends during a joint recess of the Legislature, the period shall be extended until the fifteenth day following the day on which the Legislature reconvenes. Sec. 1166 et seq. and 25 U.S.C. Sec. 2701 et seq.) for the purpose of authorizing class III gaming, as defined in that act, on Indian lands. Nothing in this section shall be construed to deny the existence of the Governor's authority to have negotiated and executed tribal-state compacts prior to the effective date of this section.

(e) The Governor is authorized to waive the state's immunity to suit in federal court in connection with any compact negotiated with an Indian tribe or any action brought by an Indian tribe under the Indian Gaming Regulatory Act (18 U.S.C. Sec. 1166 et seq. and 25 U.S.C. Sec. 2701 et seq.).

(f) In deference to tribal sovereignty, the execution of, and compliance with the terms of, any compact specified under subdivision (a) or (b) shall not be deemed to constitute a project for purposes of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(g) Nothing in this section shall be interpreted to authorize the unilateral imposition of a statewide limit on the number of lottery devices or of any allocation system for lottery devices on any Indian tribe that has not entered into a compact that provides for such a limit or allocation system. Each tribe may negotiate separately with the state over these matters on a government-to-government basis.

[Approved by electors March 7, 2000.]

PROPOSED LAW

SECTION 1. Chapter 1.692 (commencing with Section 5096.300) is added to Division 5 of the Public Resources Code, to read:

*CHAPTER 1.692. SAFE NEIGHBORHOOD PARKS, CLEAN WATER,
CLEAN AIR, AND COASTAL PROTECTION BOND ACT OF 2000
(THE VILLARAIGOSA-KEELEY ACT)*

Article 1. General Provisions

5096.300. This chapter shall be known, and may be cited, as the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (the Villaraigosa-Keeley Act).

5096.301. Responding to the recreational and open-space needs of a growing population and expanding urban communities, this act will revive state stewardship of natural resources by investing in neighborhood parks and state parks, clean water protection, and coastal beaches and scenic areas.

5096.302. The Legislature finds and declares all of the following:

(a) Historically, California’s local and neighborhood parks often serve as the recreational, social, and cultural centers for cities and communities, providing venues for youth enrichment, senior activities, and family recreation.

(b) Neighborhood and state parks provide safe places to play in the urban neighborhoods, splendid scenic landscapes, exceptional experiences, and world-recognized recreational opportunities, and in so doing, are vital to California’s quality of life and economy.

(c) For over a decade, the state’s commitment to parks and natural resources has dwindled. California has not kept pace with the needed funding to adequately manage and maintain its multibillion dollar investment in neighborhood, urban, and state parks and natural areas resulting in disrepair and overcrowding of many park facilities and the degradation of wild lands.

(d) The magnificent Pacific Coast, outstanding mountain ranges, and unique scenic regions are the source of tremendous economic opportunity and contribute enormously to the quality of life of Californians.

(e) Continued economic success and enjoyment derived from California’s natural resources depends on maintaining clean water, healthy ecosystems, and expanding public access for a growing state.

(f) The backlog of needs for repair and maintenance of local and urban parks exceeds two billion five hundred million dollars and the need for maintenance of state parks exceeds one billion dollars. The state’s conservancies and wildlife agencies report a need for habitat acquisition and restoration exceeding \$1.8 billion.

(g) This act will begin to address these critical neighborhood park and natural resources needs.

5096.303. *The Legislature further finds and declares all of the following:*

(a) *Air pollution continues to be a major problem in California which harms the health of our residents, costs our economy billions of dollars related to health care costs, reduced agricultural productivity, and damage to our infrastructure, and otherwise decreases the quality of life in our state.*

(b) *Forests and trees improve air quality by removing carbon dioxide, particulates, and other pollutants from the air, and by producing oxygen.*

(c) *Park, open-space, and tree planting projects also improve air quality and decrease congestion by reducing sprawl, improving the quality of life in areas that are already developed by helping local agencies implement sound land use plans that promote energy efficiency, and by providing incentives to reduce development in inappropriate areas.*

5096.306. *It is the intent of the Legislature to strongly encourage every state or local government agency receiving the bond funds allocated pursuant to this chapter for an activity to give full and proper consideration to the use of recycled and reusable products whenever possible with regard to carrying out that activity.*

5096.307. (a) *Every proposed activity to be funded pursuant to this chapter shall be in compliance with the California Environmental Quality Act (Division 13 (commencing with Section 21000)).*

(b) *Lands acquired with funds allocated pursuant to this chapter shall be acquired from a willing seller of the land.*

5096.3075. *Upon a finding by the administering entity that a particular project for which funds have been allocated cannot be completed, or that the funds are in excess of the total needed, the Legislature may reallocate those funds for other high priority needs consistent with this act.*

5096.308. *As used in this chapter, the following terms have the following meanings:*

(a) *“Acquisition” means the acquisition from a willing seller of a fee interest or any other interest, including easements and development rights, in real property from a willing seller.*

(b) *“Board” means the Secretary of the Resources Agency designated in accordance with subdivision (b) of Section 5096.362.*

(c) *“Certified local community conservation corps programs” means programs operated by public or private nonprofit agencies pursuant to Section 14406.*

(d) *“Committee” means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Finance Committee created pursuant to subdivision (a) of Section 5096.362.*

(e) *“District” means any regional park district, regional park and open-space district, or regional open-space district formed pursuant to Article 3 (commencing with Section 5500) of Chapter 3, any recreation and park district formed pursuant to Chapter 4 (commencing with Section 5780), or an authority formed pursuant to Division 26 (commencing with Section 35100). With respect to any community or unincorporated region that is not included within a district, and in which no city or county provides parks or recreational areas or facilities, “district” also means any other district that is authorized by statute to operate and manage parks or recreational areas or facilities, employs a full-time park and recreation director, offers year-round park and recreation services on lands and facilities owned by the district, and allocates a substantial portion of its annual operating budget to parks or recreation areas or facilities.*

(f) “Fund” means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Bond Fund created pursuant to Section 5096.310.

(g) “Historical resource” includes, but is not limited to, any building, structure, site area, place, artifact, or collection of artifacts that is historically or archaeologically significant in the cultural annals of California.

(h) “Program” means the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Program established pursuant to this chapter.

(i) “Secretary” means the Secretary of the Resources Agency.

(j) (1) “Stewardship” means the development and implementation of projects for the protection, preservation, rehabilitation, restoration, and improvement of natural systems and outstanding features of the state park system and historical and cultural resources. Those efforts may not include activities that merely supplement normal park operations or that are usually funded from other sources.

(2) (A) “Cultural resources stewardship” may include, but is not limited to, stabilization and protection of historical resources, including archaeological resources, in the state park system. Those resources may include sites, features, ruins, archaeological deposits, historical landscape resources, rock art features, and artifacts making up the physical legacy of California’s past.

(B) “Cultural resources stewardship” does not include the rehabilitation, restoration, reconstruction, interpretation, or mitigation of historical resources typically required as part of a development program.

(3) “Natural resources stewardship” may include, but is not limited to, such objectives as the control of major erosion and geologic hazards, the restoration and improvement of critical plant and animal habitat, the control and elimination of exotic species encroachment, the stabilization of coastal dunes and bluffs, and the planning necessary to implement those objectives.

(k) “Wildlife conservation partnership” means a cooperative acquisition, restoration, or management of wildlife habitat for which the Wildlife Conservation Board provides matching funds to leverage other public, private, or nonprofit resources to maximize the conservation benefits to wildlife and wildlife habitat.

5096.309. Pursuant to guidelines issued by the secretary, all recipients of funding pursuant to this chapter shall post signs acknowledging the source of the funds.

Article 2. Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Program

5096.310. The proceeds of bonds issued and sold pursuant to this chapter shall be deposited in the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection (Villaraigosa-Keeley Act) Bond Fund, which is hereby created. Unless otherwise specified and except as provided in subdivision (m), the money in the fund shall be available for appropriation by the Legislature, in the manner set forth in this chapter, only for parks and resources improvement, in accordance with the following schedule:

Article 2. Safe Drinking Water State Revolving Fund

79021. The sum of seventy million dollars (\$70,000,000) is hereby transferred from the fund to the Safe Drinking Water State Revolving Fund created by Section 116760.30 of the Health and Safety Code.

Article 3. Safe Drinking Water Program

79022. (a) The money transferred to the Safe Drinking Water State Revolving Fund pursuant to Section 79021, except as otherwise provided in Sections 79022.7 and 79025, shall be used by the state department for loans and grants to suppliers for the purposes of undertaking infrastructure improvements and related actions to meet safe drinking water standards, in accordance with the Safe Drinking Water State Revolving Fund Law of 1997 (Chapter 4.5 (commencing with Section 116760) of Part 12 of Division 104 of the Health and Safety Code).

(b) A supplier that is eligible for grants under Section 300j-12(i) of the federal act (42 U.S.C. Sec. 1452(i)) may concurrently make application for funds annually appropriated under the federal act and for bond proceeds made available under this chapter. The state department shall not place a public water system on the priority list for project funding or enter into a contract and award a grant or loan if a supplier has previously received a grant for public water system expenditure for the same project under Section 300j-12(i) of the federal act (42 U.S.C. Sec. 1452(i)) or if the supplier does not have a public water system permit pursuant to Section 116525 of the Health and Safety Code. The state department may place a public water system on the priority list for funding if a supplier has not otherwise received a letter of commitment to make a grant from the Administrator of the Environmental Protection Agency after 180 days from the date of the original submission of an application for a grant under Section 300j-12(i) of the federal act (42 U.S.C. Sec. 1452(i)).

(c) The Legislature finds and declares that Indian tribes shall be encouraged to cooperate with an adjacent public water system to determine whether the delivery of water from the public water system to the Indian tribe would be feasible and cost-effective in comparison to the improvement of a public water system owned or operated by the Indian tribe. The determination of feasibility shall include an assessment of whether the tribal water supplier possesses adequate financial, managerial, and technical capability to ensure the delivery of pure, wholesome, potable water to consumers. The Legislature further finds and declares that public water suppliers shall be encouraged to investigate opportunities for Indian tribes to deliver water beyond trust land boundaries to consumers that may not be economically served by a public water system.

(d) The state department shall encourage loan or grant applicants, where feasible, to consider the consolidation of small public water systems and community water systems with other public water systems to reduce the cost of service and improve the level of protection for consumers.

(e) To the extent that loans under this chapter that are made to a public water system regulated by the Public Utilities Commission bear a lower interest rate than that supplier could receive from nongovernmental sources, the Public Utilities Commission shall ensure that the entire benefit of the interest rate differential shall benefit the rate payers of that system by including the lower

interest rate when establishing the water system's weighted average cost of capital.

79022.5. Any repayment of loans made pursuant to this article, including interest payments, and all interest earnings on or accruing to, any money resulting from the implementation of this chapter in the Safe Drinking Water State Revolving Fund shall be deposited in that fund and shall be available for the purposes of this chapter.

79022.7. Notwithstanding Item No. 4260-115-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50, Statutes of 1999), no money transferred to the Safe Drinking Water State Revolving Fund pursuant to this article may be transferred to the General Fund.

The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

79211. (a) The bonds authorized by this division shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), except Section 16727, and all of the provisions of that law apply to the bonds and to this division and are hereby incorporated in this division as though set forth in full in this division.

(b) For purposes of the State General Obligation Bond Law, each state agency that administers an appropriation of the Safe Drinking Water, Clean Water, Watershed Protection, and Flood Protection Bond Fund is designated the "board."

Approval by the voters of the state for the issuance of the bonds described in this division includes the approval of the issuance of any other bonds issued to refund any bonds originally issued under this division or any previously issued refunding bonds.*

79220. *Notwithstanding any provision of this division or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this division that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of that state.*

79221. *The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this division are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.*

(c) If the facility, or any part thereof, acquired, constructed, remodeled, or rehabilitated with grants received pursuant to this chapter ceases to be used for public library direct service prior to the expiration of the period specified in subdivision (a), the board is entitled to recover, from the grant recipient or the recipient's successor in the maintenance of the facility, an amount that bears the same ratio to the value of the facility, or the appropriate part thereof, at the time it ceased to be used for public library direct service as the amount of the grant bore to the cost of the facility or the appropriate part thereof. For purposes of this subdivision, the value of the facility, or the appropriate part thereof, is determined by the mutual agreement of the board and the grant recipient or successor, or through an action brought for that purpose in the superior court.

(d) Notwithstanding subdivision (f) of Section 16724 of the Government Code, any money recovered pursuant to subdivision (c) shall be deposited in the fund, and shall be available for the purpose of awarding grants for other projects.

Article 3. Fiscal Provisions

20000. Bonds in the amount of three hundred fifty million dollars (\$350,000,000), exclusive of refunding bonds, or so much thereof as is necessary, may be issued and sold for deposit in the fund to be used in accordance with, and for carrying out the purposes expressed in, this chapter, including all acts amendatory thereof and supplementary thereto, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5

of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal of and interest on bonds as the principal and interest become due and payable.

20001. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

20002. (a) For purposes of this chapter, the California Library Construction and Renovation Finance Committee established pursuant to Section 19972 is the "committee" as that term is used in the State General Obligation Bond Law.

(b) For purposes of the State General Obligation Bond Law, the California Public Library Construction and Renovation Board established pursuant to subdivision (c) of Section 19986 is designated the "board."

20003. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the actions specified in this chapter, including all acts amendatory thereof and supplementary thereto, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

20004. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of and interest on the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

20005. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of and interest on bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 20006, appropriated without regard to fiscal years.

20006. For the purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, with interest at the rate earned by the money in the Pooled Money Investment Account during the time the money was withdrawn from the General Fund pursuant to this section, from money received from the sale of bonds for the purpose of carrying out this chapter.

20007. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds

that the committee has, by resolution, authorized to be sold for the purpose of carrying out this chapter. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this chapter.

20008. Any bonds issued and sold pursuant to this chapter may be refunded by the issuance of refunding bonds in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government Code. Approval of the electors of the state for the issuance of bonds under this chapter shall include the approval of the issuance of any bonds issued to refund any bonds originally issued or any previously issued refunding bonds.

20009. All money deposited in the fund that is derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

20010. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

20011. Amounts deposited in the fund pursuant to this chapter may be appropriated in the annual Budget Act to the State Librarian for the actual amount of office, personnel, and other customary and usual expenses incurred in the direct administration of grant projects pursuant to this chapter, including, but not limited to, expenses incurred by the State Librarian in providing technical assistance to an applicant for a grant under this chapter.

1115. *The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds.*

1116. *Notwithstanding any provision of this chapter or the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate,*

penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

1117. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this chapter are not “proceeds of taxes” as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

PROPOSED LAW

THE MAJORITY RULE ACT FOR SMALLER CLASSES, SAFER SCHOOLS, AND FINANCIAL ACCOUNTABILITY

SECTION 1. TITLE

This act shall be known as the Majority Rule Act for Smaller Classes, Safer Schools, and Financial Accountability.

SEC. 2. FINDINGS AND DECLARATIONS

The people of the State of California find and declare as follows:

(a) Investing in education is crucial if we are to prepare our children for the 21st century.

(b) We need to make sure our children have access to the learning tools of the 21st century like computers and the Internet, but most California classrooms do not have access to these technologies.

(c) We need to build new classrooms to facilitate class size reduction, so our children can learn basic skills like reading and mathematics in an environment that ensures that California’s commitment to class size reduction does not become an empty promise.

(d) We need to repair and rebuild our dilapidated schools to ensure that our children learn in a safe and secure environment.

(e) Students in public charter schools should be entitled to reasonable access to a safe and secure learning environment.

(f) We need to give local citizens and local parents the ability to build those classrooms by majority vote local elections so each community can decide what is best for its children.

(g) We need to ensure accountability so that funds are spent prudently and only as directed by citizens of the community.

SEC. 3. PURPOSE AND INTENT

In order to prepare our children for the 21st century, to implement class size reduction, to ensure that our children learn in a secure and safe environment, and to ensure that school districts are accountable for prudent and responsible

spending for school facilities, the people of the State of California do hereby enact the Majority Rule Act for Smaller Classes, Safer Schools, and Financial Accountability. This measure is intended to accomplish its purposes by amending the California Constitution and the Education Code:

(a) To provide an exception to the limitation on ad valorem property taxes and the two-thirds vote requirement to allow school districts, community college districts, and county offices of education to equip our schools for the 21st century, to provide our children with smaller classes, and to ensure our children's safety by repairing, building, furnishing, and equipping school facilities;

(b) To require school district boards, community college boards, and county offices of education to evaluate safety, class size reduction, and information technology needs in developing a list of specific projects to present to the voters;

(c) To ensure that before they vote, voters will be given a list of specific projects their bond money will be used for;

(d) To require an annual, independent financial audit of the proceeds from the sale of the school facilities bonds until all of the proceeds have been expended for the specified school facilities projects; and

(e) To ensure that the proceeds from the sale of school facilities bonds are used for specified school facilities projects only, and not for teacher and administrator salaries and other school operating expenses, by requiring an annual, independent performance audit to ensure that the funds have been expended on specific projects only.

SEC. 4. Section 1 of Article XIII A of the California Constitution is amended to read:

Section 1. (a) The maximum amount of any ad valorem tax on real property shall not exceed One percent (1%) of the full cash value of such property. The one percent (1%) tax to be collected by the counties and apportioned according to law to the districts within the counties.

(b) The limitation provided for in subdivision (a) shall not apply to ad valorem taxes or special assessments to pay the interest and redemption charges on ~~(+) any indebtedness of the following :~~

~~(1) Indebtedness approved by the voters prior to July 1, 1978 ; or (2) any bonded .~~

~~(2) Bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition.~~

~~(3) Bonded indebtedness incurred by a school district, community college district, or county office of education for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, approved by a majority of the voters of the district or county, as appropriate, voting on the proposition on or after the effective date of the measure adding this paragraph. This paragraph shall apply only if the proposition approved by the voters and resulting in the bonded indebtedness includes all of the following accountability requirements:~~

~~(A) A requirement that the proceeds from the sale of the bonds be used only for the purposes specified in this paragraph, and not for any other purpose, including teacher and administrator salaries and other school operating expenses.~~

(B) *A list of the specific school facilities projects to be funded and certification that the school district board, community college board, or county office of education has evaluated safety, class size reduction, and information technology needs in developing that list.*

(C) *A requirement that the school district board, community college board, or county office of education conduct an annual, independent performance audit to ensure that the funds have been expended only on the specific projects listed.*

(D) *A requirement that the school district board, community college board, or county office of education conduct an annual, independent financial audit of the proceeds from the sale of the bonds until all of those proceeds have been expended for the school facilities projects.*

(c) *Notwithstanding any other provisions of law or of this Constitution, school districts, community college districts, and county offices of education may levy a majority vote ad valorem tax pursuant to subdivision (b).*

SEC. 5. Section 18 of Article XVI of the California Constitution is amended to read:

SEC. 18. (a) No county, city, town, ~~township~~, board of education, or school district ; shall incur any indebtedness or liability , in any manner or for any purpose , exceeding in any year the income and revenue provided for ~~such~~ that year, ~~without the assent of unless the indebtedness or liability is approved by two-thirds of the qualified electors thereof, voters of the public entity voting at an election to be held for that purpose, except provided that with respect to any such public entity which is authorized to incur indebtedness for public school purposes; any proposition for the incurrence of indebtedness in the form of general obligation bonds for the purpose of repairing; reconstructing or replacing public school buildings determined; in the manner prescribed by law; to be structurally unsafe for school use; shall be adopted upon the approval of a majority of the qualified electors of the public entity voting on the proposition at such election; nor unless before or at the time of incurring such the indebtedness provision shall be is made for the collection of an annual tax sufficient to pay the interest on such the indebtedness as it falls due ; and also provision to constitute for a sinking fund for the payment of the principal thereof, on or before maturity, which shall not exceed forty 40 years from the time of contracting the same; provided; however; anything to the contrary herein notwithstanding; when indebtedness.~~

This subdivision shall apply only to a proposition for the incurrence of indebtedness in the form of general obligation bonds for the purposes specified in this subdivision if the proposition meets all of the accountability requirements of paragraph (3) of subdivision (b) of Section 1 of Article XIII A.*

(c) *When two or more propositions for incurring any indebtedness or liability are submitted at the same election, the votes cast for and against each proposition shall be counted separately, and when two-thirds or a majority of the ~~qualified~~*

SEC. 6. Section 47614 of the Education Code is amended to read:

47614. A school district in which a charter school operates shall permit a charter school to use, at no charge, facilities not currently being used by the school district for instructional or administrative purposes; or that have not been historically used for rental purposes provided the charter school shall be responsible for reasonable maintenance of those facilities: (a) *The intent of the people in amending this section is that public school facilities should be shared fairly among all public school pupils, including those in charter schools.*

(b) *Each school district shall make available, to each charter school operating in the school district, facilities sufficient for the charter school to accommodate all of the charter school's in-district students in conditions reasonably equivalent to those in which the students would be accommodated if they were attending other public schools of the district. Facilities provided shall be contiguous, furnished, and equipped, and shall remain the property of the school district. The school district shall make reasonable efforts to provide the charter school with facilities near to where the charter school wishes to locate, and shall not move the charter school unnecessarily.*

(1) *The school district may charge the charter school a pro rata share (based on the ratio of space allocated by the school district to the charter school divided by the total space of the district) of those school district facilities costs which the school district pays for with unrestricted general fund revenues. The charter school shall not be otherwise charged for use of the facilities. No school district shall be required to use unrestricted general fund revenues to rent, buy, or lease facilities for charter school students.*

(2) *Each year, each charter school desiring facilities from a school district in which it is operating shall provide the school district with a reasonable projection of the charter school's average daily classroom attendance by in-district students for the following year. The district shall allocate facilities to the charter school for that following year based upon this projection. If the charter school, during that following year, generates less average daily classroom attendance by in-district students than it projected, the charter school shall reimburse the district for the over-allocated space at rates to be set by the State Board of Education.*

(3) *Each school district's responsibilities under this section shall take effect on July 1, 2003, or if the school district passes a school bond measure in the years 2000, 2001, or 2002, on the first day of July next following such passage.*

(4) *Facilities requests based upon projections of fewer than 80 units of average daily classroom attendance for the year may be denied by the school district.*

(5) *The term "operating," as used in this section, shall mean either currently providing public education to in-district students, or having identified at least 80 in-district students who are meaningfully interested in enrolling in the charter school for the following year.*

(6) *The State Department of Education shall propose, and the State Board of Education may adopt, regulations implementing this subdivision, including, but not limited to, defining the terms "average daily classroom attendance," "conditions reasonably equivalent," "in-district students," and "facilities costs," as well as defining the procedures and establishing timelines for the request for, reimbursement for, and provision of, facilities.*

SEC. 7. CONFORMITY

The Legislature shall conform all applicable laws to this act. Until the Legislature has done so, any statutes that would be affected by this act shall be deemed to have been conformed with the majority vote requirements of this act.

SEC. 8. SEVERABILITY

If any of the provisions of this measure or the applicability of any provision of this measure to any person or circumstances shall be found to be unconstitutional or otherwise invalid, such finding shall not affect the remaining provisions or applications of this measure to other persons or circumstances, and to that extent the provisions of this measure are deemed to be severable.

SEC. 9. AMENDMENT

Section 6 of this measure may be amended to further its purpose by a bill passed by a majority of the membership of both houses of the Legislature and signed by the Governor, provided that at least 14 days prior to passage in each house, copies of the bill in final form shall be made available by the clerk of each house to the public and the news media.

SEC. 10. LIBERAL CONSTRUCTION

The provisions of this act shall be liberally construed to effectuate its purposes.

23. **“None of the Above” Ballot Option.**

[Submitted by the initiative and rejected by electors March 7, 2000.]

PROPOSED LAW

“NONE OF THE ABOVE” ELECTION REFORM ACT

SECTION 1. This act shall be known and may be cited as the “None of the Above” Election Reform Act.

SEC. 2. FINDINGS AND DECLARATIONS

The people of the State of California find and declare:

(a) Many eligible citizens of all political parties do not participate in elections because they are angered by negative campaigns, frustrated with the narrow choice of candidates, and convinced that those elected to represent them are out of touch with their needs.

(b) Voters in the State of Nevada have, for more than 20 years, benefited from having the choice to vote for “none of these candidates” and have their choice counted and reported as part of official election results.

(c) Establishing the option of voting for “None of the Above” will encourage voter participation in elections by giving citizens who have tended not to vote in the past a means of participating responsibly while voicing a protest against negative campaigns, limited choice of candidates, and poor performance of officeholders.

(d) Establishing a nonbinding “None of the Above” option will not alter the principle that the election is won by the candidate who receives the most votes.

(e) Voters, candidates, and officeholders will benefit from official publication of information concerning how many voters choose “None of the Above”

rather than any of the candidates on the ballot for a particular public office. Specifically, when more voters cast their ballots for “None of the Above” than for any of the candidates, they will send a powerful message about the need for reform. Votes for “None of the Above” will tell politicians that their methods of recruiting candidates, campaigning, and communicating with the public need improvement.

SEC. 3. PURPOSE AND INTENT

The people of the State of California hereby declare their purpose and intent in enacting this act to be as follows:

- (a) To increase voter participation in elections.
- (b) To give voters a means to responsibly protest, and visibly express their dissatisfaction with, the choices offered on the ballot.
- (c) To send politicians a message about voter anger over negative campaigns, the lack of meaningful choices among candidates, and the inaccessibility of their elected representatives.

SEC. 4. Chapter 5 (commencing with Section 400) is added to Division 0.5 of the Elections Code, as follows:

CHAPTER 5. OPTION OF VOTING FOR NONE OF THE ABOVE

400. *Notwithstanding any other provision of law, in all primary, general, special, and recall elections for President, Vice President, Member of the United States Senate, Member of the House of Representatives, Governor, Lieutenant Governor, Attorney General, Controller, Secretary of State, Treasurer, Superintendent of Public Instruction, Insurance Commissioner, Member of the Board of Equalization, Member of the Assembly, and State Senator, voters shall be provided with the option of voting for “None of the Above.” Only votes cast for named candidates (including valid write-in candidates) shall be counted in determining the selection of presidential electors or nomination or election to any of the other specified federal and state offices, but for each office the number of ballots on which “None of the Above” was selected shall be listed below the names of the candidates and the number of their votes in every tally sheet, snap tally form, semiofficial return, official return, statement of the result, return, statement of the vote, supplement to the statement of the vote, or other official listing of election results.*

(e) The instructions to voters shall be the same as provided for in Chapter 2 (commencing with Section 13100) of Division 13, except that they shall begin with the words, “To express your preference for a candidate for nomination for President, stamp a cross (+) in the square opposite the name of the candidate or “None of the Above” . PROPOSED LAW

SECTION 1. Title

This measure shall be known as the California Voters Bill of Rights Act.

SECTION 2. Findings and Declarations

The people of California find and declare as follows:

(a) The people of California should be governed by a political system that is fair to all persons, open to public scrutiny, and dedicated to the principle that government derives its powers from the consent of the governed.

(b) The existing political system has failed to provide fairness in representation and is disproportionately dominated by individuals and groups whose extraordinary financial or political advantages enable a disregard of the consent of the governed.

(c) The recent history in California of financing campaigns and providing disproportionate advantages to protect incumbent officeholders have undermined public confidence in government.

(d) This unfair current political system is recognized by many residents of California, leading to worrisome levels of voter apathy and disenchantment with politics.

(e) Our democracy cannot continue to flourish if elections are often unfair, and voters perceive them to be unfair.

SECTION 3. Purposes of This Act

The people enact this law to accomplish the following related purposes:

(a) To ensure that all individuals and interest groups in our society have a fair and equitable opportunity to participate in the elective and governmental processes.

(b) To minimize the potentially corrupting influence and appearance of corruption caused by excessive contributions and expenditures in campaigns.

(c) To lessen the potentially corrupting pressures on candidates and officeholders and the appearance of corruption by establishing sensible time periods for soliciting and accepting campaign contributions.

(d) To provide voters with ample and fair election information from which to make informed campaign decisions.

(e) To encourage fair representation of the governed.

(f) To nurture voter trust in the outcome of elections and confidence in the fairness of state government and the commitment of officeholders.

SECTION 4. Section 3513.5 is added to the Elections Code, to read:

3513.5. The proponent shall place at the top of each petition, in clearly visible font at least twice the size of any font on the petition, the following statement if the circulator is being paid to gather signatures: "THIS PETITION IS BEING CIRCULATED BY A PAID CIRCULATOR."

85102: The people enact this law to accomplish the following separate but related purposes:

(a) To ensure that individuals and interest groups in our society have a fair and equitable opportunity to participate in the elective and governmental processes.

(b) To minimize the potentially corrupting influence and appearance of corruption caused by excessive contributions and expenditures in campaigns by providing for reasonable contribution and spending limits for candidates.

(c) To reduce the influence of large contributors with a specific financial stake in matters before government by severing the link between lobbying and campaign fundraising.

(d) To lessen the potentially corrupting pressures on candidates and officeholders for fundraising by establishing sensible time periods for soliciting and accepting campaign contributions.

(e) To limit overall expenditures in campaigns, thereby allowing candidates and officeholders to spend a lesser proportion of their time on fundraising and a greater proportion of their time communicating issues of importance to voters and constituents.

(f) To provide impartial and noncoercive incentives that encourage candidates to voluntarily limit campaign expenditures.

(g) To meet the citizens' right to know the sources of campaign contributions, expenditures, and political advertising.

(h) To enact tough penalties that will deter persons from violating this chapter and the Political Reform Act of 1974.

85400. (a) Each candidate for state office shall file a statement of acceptance or rejection of the voluntary spending limits prescribed in Section 85401 upon filing the statement of intention pursuant to Section 85200. A candidate who wishes to retain the option of contributing personal funds to his or her own campaign in excess of one-half of the voluntary spending limits must file a statement so indicating at this same time.

(b) Each state ballot initiative committee shall file a statement of acceptance or rejection of the voluntary spending limits prescribed in Section 85401 within 30 days of applying for title and summary for official proponents of a ballot initiative or upon receiving contributions or making expenditures of one thousand dollars (\$1,000) or more either for or against a ballot initiative for other persons.

(c) Any candidate or committee that neglects to file the statement indicating acceptance of the voluntary spending limits by the appropriate date shall be assumed to have rejected the voluntary spending limits.

85401. (a) No candidate for state office, and no proponent or opponent of a state ballot initiative, who voluntarily accepts spending limits and any controlled committee of such a candidate or proponent or opponent, shall make campaign expenditures above the following amount:

(1) For an Assembly candidate, three hundred thousand dollars (\$300,000) in the primary or special primary election and four hundred thousand dollars (\$400,000) in the general, special, or special runoff election.

(3) For a statewide candidate, other than Governor, one million five hundred thousand dollars (\$1,500,000) in the primary election and two million dollars (\$2,000,000) in the general, special, or special runoff election. Expenditures for postage for a statewide candidate, other than postage for slate mailers, shall be exempt from the spending limits.

(4) For Governor, six million dollars (\$6,000,000) in the primary election and ten million dollars (\$10,000,000) in the general, special, or special runoff election. Expenditures for postage for a gubernatorial candidate, other than postage for slate mailers, shall be exempt from the spending limits.

(5) For a state ballot initiative, six million dollars (\$6,000,000) per election. Expenditures for postage for a state ballot initiative, other than postage for

(c) Any candidate or committee who declines to accept the voluntary spending limits upon the filing deadline shall not be eligible to receive the benefits accompanying such an agreement specified in this act.

85402. For purposes of the spending limits for candidates, campaign expenditures made at any time up to and including the date of the primary, special primary, or special election shall be considered expenditures for that election, and campaign expenditures made after the date of such election shall be considered expenditures for the general or runoff election. However, in the event that payments are made but the goods or services are not used during the period purchased, the payments shall be considered campaign expenditures for the time period in which the goods or services are used. Payments for goods and services used in both periods shall be prorated.

85403. (a) If a candidate declines to accept voluntary spending limits and receives contributions, has cash on hand, or makes qualified expenditures equal to 75 percent or more of the voluntary spending limit for that office, the voluntary spending limit shall be two and one-half times the limit specified in this act for any candidate running for the same elective office.

(b) If a candidate declines to accept voluntary spending limits, has retained the option of contributing to his or her own campaign over one-half the voluntary spending limit, and has subsequently contributed to his or her own campaign 25 percent or more of the voluntary spending limit, the voluntary spending limit shall be two and one-half times the limit specified in this act for any candidate running for the same elective office.

(d) If an independent expenditure committee or committees in the aggregate spend in support or opposition to a state candidate or ballot measure more than 50 percent of the applicable voluntary spending limit, the voluntary spending limit shall be two and one-half times the limit specified in this act for any candidate running for the same elective office or any committee campaigning for or against the same ballot measure.

(e) The commission shall require, by regulation, candidates, committees supporting or opposing ballot measures, and independent expenditure committees subject to this section to provide sufficient notice to the commission and to all candidates for the same office and appropriate committees that they are approaching and exceeding the thresholds set forth in this section.

85404. (a) The Secretary of State and local elections officers shall prominently designate in the ballot pamphlet, the sample ballot, and the voter information packet those candidates and proponents and opponents of state initiative measures who have voluntarily agreed to the spending limits of this

act. The commission shall prescribe by regulation the method or methods of that designation.

(b) In addition to the disclosure requirements for campaign advertisements specified in Section 84503, candidates and ballot initiative committees shall disclose in each electronic media advertisement, in a highly conspicuous manner to be determined by the commission, a reasonable estimate of the dollar amount of total campaign expenditures made by the campaign committee at the time the advertisement airs. The expenditure estimates shall be rounded to a unit of either one million dollars (\$1,000,000) or the voluntary spending limit for that office or campaign, whichever is greater. In the event that the estimate of expenditures would round to zero, the campaign may at its discretion either disclose that it has spent less than the disclosure amount or may waive the disclosure requirement. In no event shall a campaign be required to change the disclosure in an advertisement more frequently than once every three days.

SECTION 42. Section 89519 of the Government Code is repealed.

85500. *Candidates for statewide office, the committee or committees so designated by official proponents, and opponents of state initiative measures and their controlled committees who have agreed to the voluntary spending limits prescribed in this act, and who have met the qualification requirements specified in Article 6 (commencing with Section 85600) shall be eligible to receive public media credits to be used to purchase broadcast time for campaign advertisements.*

85501. (a) *Campaign broadcasting media credits awarded to qualified candidates and qualified proponents and opponents of state initiative measures shall be in the following amounts:*

(1) *For office of Governor or a state initiative measure, up to a limit of one million dollars (\$1,000,000) per election.*

(2) *For other statewide elective office, up to a limit of three hundred thousand dollars (\$300,000) per election.*

(b) A candidate or committee who is eligible to receive campaign broadcasting media credits shall receive media credits on the basis of the following formulas:

(1) For any dollar amount of a contribution or contributions amounting to the first one hundred dollars (\$100) or less from a contributor received after a declaration of accepting spending limits is filed, a matching ratio of ten dollars (\$10) in media credits for each dollar received.

(2) For any dollar amount of a contribution or contributions amounting in excess of one hundred dollars (\$100) up to the first one thousand dollars (\$1,000) or less from a contributor received after a declaration of accepting spending limits is filed, a matching ratio of two dollars (\$2) in media credits for each dollar received.

(c) The total payments from the campaign advertising media credits by the designated candidate or proponent or opponent and their controlled committees, when added to the total campaign expenditures by such candidate or proponent or opponent and their controlled committees, shall not exceed the amount that may be expended by those persons pursuant to this act.

(d) Only the campaign committee so designated by the official proponents of an initiative campaign shall be eligible for media credits. Campaign committees opposing a ballot initiative shall be awarded matching fund media credits on a first-come, first-served basis, up to the aggregate limit of one million dollars (\$1,000,000) in media credits for all such opposition committees. Only campaign committees that limit their expenditures to supporting or opposing a single ballot measure shall be eligible for media credits.

85502. Campaign broadcasting media credits shall be used exclusively to finance the purchase of advertising time on television, radio, or other telecommunications medium as determined by the commission for campaign purposes on behalf of the candidacy of the recipient candidate or for the promotion or defeat of the initiative measure represented by the proponent or opponent and their controlled committees.

85503. (a) The campaign advertising media credit program shall be funded by the General Fund of the State.

(b) The commission shall promulgate regulations for the authorization of issuing campaign advertising media credits by the Controller to eligible persons. These regulations shall include the promulgation and distribution of forms on which such expenditures are to be reported, the verification required, and the procedures for repayment by the candidate or proponent or opponent and their controlled committees in those cases where a subsequent audit discloses that the expenditures either had not been incurred or did not fulfill the requirements of this act.

85504. Total public funds allocated under this act for the provision of campaign advertising media credits for use by candidates or committees shall amount to one dollar (\$1) per income taxpayer of the State of California per fiscal year, deposited into the fund on July 1 of each year, starting July 1, 2000, adjusted for inflation and rounded to the nearest ten cents (\$0.10). Media credits shall be paid to candidates and ballot measure committees from this fund on a first-come, first-served basis up to the limit available in the fund each year. Public funds may be appropriated for this purpose in excess of one dollar (\$1) per taxpayer per year only by approval by a vote of the people. Unspent public funds for this purpose shall be carried over from year to year.

SECTION 45. Article 6 (commencing with Section 85600) is added to Chapter 5 of Title 9 of the Government Code, to read:

Article 6. Major Candidates and Qualified Official Proponents and Opponents of State Initiative Measures

(3) For the offices of State Senate and State Board of Equalization, 2,500 valid signatures.

(4) For the office of State Assembly, 1,000 valid signatures.

(b) Signatures shall be from registered voters able to vote for the candidate in question.

(c) Qualification petitions shall clearly state at the top of each petition in 18-point boldface font: "We the undersigned are seriously considering voting for this candidate in the next election." The statement of intent shall be immediately followed in the same legible font by the name and address of the candidate, the party affiliation of the candidate unless the elective office is nonpartisan, the office sought for election by the candidate, and the date of the election. The Secretary of State shall promulgate rules and regulations governing the format of qualification petitions.

(d) Verification of qualification petition signatures shall be conducted by county election officials in accordance with signature-verification procedures established for state initiative measures to be paid for from the General Fund of the State.

85601. General, special, and special runoff election candidates eligible to participate in the campaign advertising media credit program specified in Article 5 (commencing with Section 85500) or the voter information packet program specified in Section 88100 shall be certified by the Secretary of State according to the following criteria:

(a) A candidate is a "major candidate" eligible for all of the benefits of the public funding programs if the candidate received at least 12 percent of votes cast for that office in the preceding primary or special primary election.

(b) A candidate is eligible for 20 percent of the total value of the campaign advertising media credit program specified in Section 85500 if that candidate received at least 5 percent but less than 12 percent of votes cast for that office in the preceding primary or special primary election. (c) A candidate is eligible for the total public funding benefits of the voter information packet program specified in Section 88100 if that candidate received at least 2 percent of total votes cast in the preceding primary or special primary

85602. The official proponents and opponents of a state initiative measure shall be eligible for participation in the campaign advertising media credit program specified in Section 85500 and the voter information packet program specified in Section 88100 upon meeting the following conditions:

(a) Qualification of the initiative for the next statewide ballot.

(b) Voluntarily agreeing to comply to the spending limits prescribed in this act.

(c) The proponent or opponent is not a candidate for state office.

85603. (a) A candidate or proponent of a state initiative measure shall not be eligible for participation in the campaign advertising media credit program in Article 5 (commencing with Section 85500) or for public funding assistance under the voter information packet program in Chapter 8.5 (commencing with Section 88100) if that candidate or proponent is unopposed in the election. A write-in candidate or none-of-the-above option shall not constitute an opposition candidate for the purposes of this act.

(b) An opponent of a state initiative measure shall not be eligible for participation in the campaign advertising media credit program in Article 5 (commencing with Section 85500) or for public funding assistance in the voter information packet program in Chapter 8.5 (commencing with Section 88100) if the official proponent withdraws support for the measure and no other proponent qualifies.

(c) The Secretary of State shall promulgate regulations for determining whether an official proponent has withdrawn support for a state initiative measure.

SECTION 46. Chapter 8.5 (commencing with Section 88100) is added to Title 9 of the Government Code, to read:

88101. (a) Each state candidate and each official proponent and opponent of a state initiative measure and their controlled committees may at their own cost design and print a single sheet campaign advertisement to be inserted in the voter information packet. Any campaign advertising information may be included on the inserts within the constraints of the law. Each insert must clearly be labeled as to source, including the name, street address and city of the candidate or proponent or opponent, printed in 12-point boldface roman font that is clearly legible.

(b) All submissions to the voter information packet shall be available for public examination for four days prior to mailing. Any elector may seek a writ of mandate requiring an advertisement submitted to the voter information packet to be amended or deleted upon clear and convincing proof that the advertisement is false or misleading. Expedited review for a proceeding under this section shall be exclusively in Sacramento County.

(c) For a ballot initiative with multiple opponents, the opponent provided this opportunity shall be the opponent or its designee selected by the Secretary of State to provide the opposition statement for the official ballot pamphlet.

88102. (a) The voter information packet shall be prepared according to the following format and procedures:

(1) Each candidate or official proponent or opponent shall design and print sufficient copies of a campaign insert 8.5 x 11 inches in size on paper no greater in weight than that specified by the Secretary of State.

(2) The candidate and proponent and opponent shall submit the inserts for inclusion in the voter information packet by the deadline determined by the Secretary of State's Office.

(3) The Secretary of State shall prepare and distribute the voter information packet which includes each insert compiled in the order that the races are to appear on the ballot.

(4) The voter information packet envelopes shall be clearly labeled "Important Election Information from the Secretary of State."

(b) The costs for major candidates and qualified proponents and opponents of state initiative measures as specified in Section 85600, voluntarily complying with the spending limits set forth in this act, shall be paid for from the General Fund of the State.

(c) Candidates and proponents and opponents of state initiative measures and their controlled committees not choosing to limit their campaign expenditures in accordance with this act, and state candidates and proponents and opponents of state initiative measures otherwise not eligible for public funding, may also submit an insert for publication and distribution with the voter information packet, but shall be charged the pro rata costs of preparing, printing, handling, and mailing of the packets. The pro rata costs shall be calculated among those candidates and committees submitting inserts but not participating in, or otherwise ineligible for, public funding as provided in this act, but not to exceed 10 percent of the total cost of preparing, printing, handling, and mailing the packets for each payor.

SECTION 47. Section 89001 of the Government Code is amended to read:

If any provision of this law, or the application of any such provision to any person or circumstances, shall be held invalid, the remainder of this law to the extent it can be given effect, or the application of such provision to persons or circumstances other than those as to which it is held invalid, shall not be affected thereby, and to this extent the provisions of this law are severable.

SECTION 53. California Supreme Court

27. Elections. Term Limit Declarations for Congressional Candidates.

[Submitted by the initiative and rejected by electors March 7, 2000.]

PROPOSED LAW**Section 1. Title**

This measure shall be known and may be cited as the "Congressional Term Limits Declaration Act of 1998."

Section 2. Findings and Declarations of Purpose

(a) The State of California allows a candidate's political party affiliation and profession, vocation, or occupation to appear on the ballot.

(b) A candidate’s party designation informs the people of certain basic choices a candidate will make with respect to the candidate’s service in public office. Party designations are allowed because they may help the people discern what kind of representative the candidate will make.

(c) Many candidates currently inform the people of how many terms of office they intend to serve, but in an unofficial and unaccountable way.

(d) A candidate’s position on voluntarily limiting his or her service helps the people discern what kind of representative the candidate will make to such an extent that the people of the State of California declare their desire to enact the Congressional Term Limits Declaration Act of 1998.

Section 3. Voluntary Term Limits Declaration

Section 13107.5 is added to the Elections Code, to read:

13107.5. (a) *Any person seeking to be elected to the United States Congress may submit to the Secretary of State, no later than 15 days prior to the certification of all congressional election ballots, an executed copy of any one of the following declarations but is not required to submit a declaration. If a candidate does not submit a declaration as described by this section, the Secretary of State may not, on that account, refuse to place his or her name on the official ballot.*

Term Limits Declaration One

Part A: I, _____, voluntarily declare that, if elected, I will not serve in the United States [House of Representatives more than 3 terms] [Senate more than 2 terms] after the effective date of the Congressional Term Limits Declaration Act of 1998.

Signature by candidate executes Part A

Date

After executing Part A, a candidate may execute and submit the voluntary statement in Part B.

Part B: I, _____, authorize and request the Secretary of State to place the applicable ballot designation, “Signed declaration to limit service to [3 terms] [2 terms]” or “Running for () term after declaring to limit service to no more than [3 terms] [2 terms]” next to my name on every election ballot and in all state-sponsored voter education material in which my name appears as a candidate for the office to which Term Limits Declaration One refers.

Signature by candidate executes Part B

Date

If the candidate chooses not to execute any or all parts of the above declaration, then he or she may execute and submit to the Secretary of State any or all parts of the following declaration:

Term Limits Declaration Two

Part A: I, _____, have voluntarily chosen not to sign Term Limits Declaration One. If I had signed this declaration, I would have voluntarily agreed to limit my service in the United States [House of Representatives to no more than 3 terms] [Senate to no more than 2 terms] after the effective date of the Congressional Term Limits Declaration Act of 1998.

Signature by candidate executes Part A

Date

After executing Part A, a candidate may execute and submit the voluntary statement in Part B.

Part B: I, _____, authorize and request the Secretary of State to place the ballot designation, “Chose not to sign declaration to limit service to [3 terms] [2 terms]” next to my name on every election ballot and in all state-sponsored voter education material in which my name appears as a candidate for the office to which Term Limits Declaration Two refers.

Signature by candidate executes Part B

Date

(b) In the ballot designations in this section, the Secretary of State shall incorporate the applicable language in brackets [] for the office the candidate seeks and shall calculate and put in place of the empty parentheses () the number of the term of office that the candidate seeks after the effective date of this section. However, service prior to January 1, 1999 may not be included in the calculation, and the terms shall be calculated without regard to whether the terms were served consecutively.

(c) The Secretary of State shall allow any candidate who at any time has submitted an executed copy of Term Limits Declaration Two to submit an executed copy of Term Limits Declaration One in accordance with this section, at which time all subdivisions affecting Term Limits Declaration One shall apply.

(d) Except when subdivision (e) applies, if a candidate has submitted an executed declaration, and the candidate is not elected to the office which that candidate sought, the executed term limits declaration will not be in effect for any future election. That candidate may resubmit any executed declaration in this section for a future election, pursuant to this section.

(e) If a candidate has submitted an executed copy of Term Limits Declaration One, and the candidate is elected to the office which that candidate sought, that executed declaration shall remain in effect for all future elections for that same office.

(f) Except when subdivision (d) applies, the Secretary of State shall place on that part of the official election ballot and in all state-sponsored voter education material, immediately following the name of each candidate who has executed and submitted Parts A and B of Term Limits Declaration One, either the words, “Signed declaration to limit service to [3 terms] [2 terms]” or, for any candidate who has executed and submitted Parts A and B of Term Limits Declaration One and thereafter qualifies as a candidate for a term that would exceed the number of terms set forth in Term Limits Declaration One, the words, “Running for () term after declaring to limit service to no more than [3 terms] [2 terms]”. Except when subdivision (d) applies, the Secretary of State shall place on that part of the official election ballot and in all state-sponsored voter education material, immediately following the name of each candidate who has executed and submitted Parts A and B of Term Limits Declaration Two, the words, “Chose not to sign declaration to limit service to [3 terms] [2 terms]”.

(g) For the purpose of this section, service in office for more than one-half of a term shall be deemed as service for a full term.

(h) A candidate may not have more than one declaration and ballot designation in effect for any office at the same time, and a candidate may execute and submit Part B of a declaration only if Part A of that declaration is or has been executed and submitted.

(i) The Secretary of State shall provide candidates with all the declarations in this section, and promulgate regulations as provided by law to facilitate implementation of this section as long as the regulations do not alter the intent of this section.

Section 4. Standing

The proponents of this initiative, as defined by Section 342 of the Elections Code, have standing to defend its provisions.

Section 5. Severability

If any part of Sections 1 to 4, inclusive, or their application to any person or circumstance is held invalid, the invalidity shall not affect other provisions, subdivisions or applications that reasonably can be given effect without the invalid provisions or application.

28. Repeal of Proposition 10 Tobacco Surtax.

[Submitted by the initiative and rejected by electors March 7, 2000.]

PROPOSED LAW

SECTION 1. Declaration of Findings and Purposes

(a) In November, 1998, Californians adopted Proposition 10 which, among other things, imposed more than a 135% increase in the tax on tobacco products.

(b) Funds derived from the increased tax are distributed to a new state commission and 58 county commissions creating an enormous bureaucracy made up of unelected political appointees. This new bureaucracy is unnecessary because existing law provides mechanisms for local governments to fund children's programs, including a "Children's Trust Fund" which distributes both federal and state funds to counties for child abuse and neglect prevention and intervention programs.

(c) After the election, the office of the independent Legislative Analyst pointed out that neither the state Legislature nor the newly created state commission has any oversight or control over the expenditure of the nearly \$700 million annually raised by the tax. Not only is there no accountability for the expenditure of taxpayer funds, but Proposition 10 does not identify existing and successful programs to be implemented or expanded.

(d) The tax increase is extremely punitive and leveled against users of tobacco products, those least able to afford the massive tax increase. Yet, none of the funds raised by the tobacco tax are specifically dedicated to tobacco related education, prevention or research.

(e) The most critical problem facing our children is our failing public education system. Yet, not one penny of the \$700 million in taxes collected each year from Proposition 10 will go to public schools. In fact, Proposition 10 prohibits any of the new tax revenue to be used for schools.

(f) Therefore, the voters of the state of California hereby repeal the tax increase imposed by Proposition 10 and the creation of an enormous new bureaucracy. At the same time, the voters encourage the Legislature to identify and fund effective programs that promote early childhood development from the prenatal stage to five years of age.

SECTION 2. Repeal of Proposition 10 Tobacco Tax

Section 30131.2 of the Revenue and Taxation Code is amended to read:

30131.2. (a) *Except for* ~~in addition to~~ the taxes imposed upon the distribution of cigarettes *and tobacco products* by Article 1 (commencing with Section 30101) and Article 2 (commencing with Section 30121) and any other taxes in this chapter, *there shall be no additional surtax on the distribution of cigarettes or tobacco products unless adopted by a statute passed by the Legislature.* ~~there shall be imposed an additional surtax upon every distributor of cigarettes at the rate of twenty-five mills (\$.025) for each cigarette distributed.~~

(b) ~~In addition to the taxes imposed upon the distribution of tobacco products by Article 1 (commencing with Section 30101) and Article 2 (commencing with Section 30121); and any other taxes in this chapter; there shall be imposed an additional tax upon every distributor of tobacco products; based on the wholesale cost of these products; at a tax rate; as determined annually by the State Board of Equalization; which is equivalent to the rate of tax imposed on cigarettes by subdivision (a):~~

(b) All moneys collected pursuant to the taxes imposed by former Section 30131.2, as it existed on January 1, 1999, and in the California Children and Families First Trust Fund shall be appropriated pursuant to Section 30131.4 until all such monies are depleted, at which point the California Children and Families First Trust Fund shall be terminated.

SECTION 3. Repeal of New Bureaucracy Created by Proposition 10

Section 130105.1 is added to the Health and Safety Code, to read:

130105.1. After all monies collected pursuant to Section 30131.2 of the Revenue and Taxation Code and appropriated pursuant to Section 130105 are depleted, the California Children and Families First Trust Fund shall be terminated.

SECTION 4. Severability

If any provision of this act, or part thereof, is for any reason held to be invalid or unconstitutional, the remaining provisions shall not be affected, but shall remain in full force and effect, and to this end the provisions of this act are severable.

30. **Insurance Claims Practices. Civil Remedies.**

[Submitted by the referendum and rejected by electors March 7, 2000.]

PROPOSED LAW

SECTION 1. This act shall be known and may be cited as the "Fair Insurance Responsibility Act of 2000" or as "FAIR."

SEC. 2. Title 13.7 (commencing with Section 2870) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 13.7. OBLIGATION TO SETTLE INSURANCE CLAIMS FAIRLY

2870. (a) For purposes of this title, the following definitions shall apply:

(1) "Third-party claimant" or "claimant" shall mean each person seeking recovery of benefits against an insured under a liability insurance policy or a

self-funded liability protection program, fund, or plan, whether for personal injury or wrongful death, or other economic loss, or both including, without limitation, damages resulting from loss of consortium or loss of care, comfort, society and the like resulting from wrongful death.

(2) “Insured” shall mean a person or entity named as an insured in a liability insurance policy or a private self-funded liability protection program, fund, or plan; a person or entity who is identified as an additional insured under a liability insurance policy or a private self-funded liability protection program, fund, or plan; a person or entity who is an additional insured under the definitions of insured persons set forth in a liability insurance policy or a private self-funded liability protection program, fund, or plan; a person or entity who is defined, by law, as an insured under a liability insurance policy or a private self-funded liability protection program, fund, or plan; or cooperative corporations or interindemnity arrangements provided for under Section 1280.7 of the Insurance Code.

(3) “Insurer” shall include any liability insurer licensed pursuant to, or subject to regulation under, the Insurance Code who provides liability coverage to an insured against whom the third-party claimant makes a claim for personal injury, wrongful death, or other economic loss, and the third-party administrator of any private self-funded liability protection program, fund, or plan; or cooperative corporations or interindemnity arrangements provided for under Section 1280.7 of the Insurance Code. However, “insurer” does not include the self-funded liability protection program, fund, or plan, itself, an insurer named as the insurer under a policy of workers’ compensation insurance, nor a self-insured public entity, a private administrator for a public entity, or a public entity insured by a private insurer or carrier. For purposes of this section, “public entity” has the meaning set forth in Section 811.2 of the Government Code.

2871. (a) Every insurer, as defined in paragraph (3) of subdivision (a) of Section 2870, doing business in the State of California shall act in good faith toward and deal fairly with third-party claimants. A third-party claimant may bring an action against an insurer doing business in the State of California to recover damages, including general, special, and exemplary damages, for commission of any unfair claims settlement practice specified in subdivision (h) of Section 790.03 of the Insurance Code as it relates to a third-party claimant.

(b) A third-party claimant shall not be entitled to assert the remedies set forth in subdivision (a) unless the third-party claimant (1) obtains in the underlying action a final judgment after trial, a judgment after default, or an arbitration award arising from a contractual predispute binding arbitration clause or agreement, and (2) the third-party claimant makes a written demand by certified mail to settle the claim in the underlying action, and the claimant’s judgment or arbitration award in that prior proceeding exceeded the amount of the final written demand on all claims by the third-party claimant made before the trial, entry of default or arbitration listed above. A final written demand sent by certified mail may not exceed the applicable policy limits and shall be deemed rejected if not responded to within 30 days of receipt of the final written demand. Subject to subdivision (h) of Section 790.03 of the Insurance Code, the verdict’s amount may be considered as evidence of bad faith, but shall not be the sole consideration.

(c) The remedies set forth in this title shall apply to any insurer who violates the standards set forth in subdivision (a) in its handling, processing, or settlement

of the claims made by a third-party claimant under the insured's insurance protection.

(d) A professional liability insurer is not liable under this title if all the following conditions apply:

(1) The consent of the policyholder to settlement is a prerequisite to settlement under the terms of the insurance policy or by statute.

(2) The insurance company has assessed the case against the policyholder as to potential liability and damages known at that time and has fully informed the policyholder of that assessment.

(3) The policyholder's refusal to consent is not based on intentionally erroneous or misleading information provided by the insurer.

(e) A person injured in an accident arising out of the operation or use of a motor vehicle, who at the time of the accident was operating a motor vehicle in violation of Section 23152 or 23153 of the Vehicle Code, and was convicted of that offense, may not assert a cause of action under this section.

(f) Any time period within which an action must be commenced pursuant to any applicable statute of limitations shall not begin until the underlying claim has been resolved through a final judgment. In the event of an appeal by either party, resolution of the appeal shall be a prerequisite to a claim under this title.

*(g) Nothing in this title shall abrogate or limit any theory of liability or remedy otherwise available at law including, but not limited to, tort remedies for the breach of implied covenant and fair dealing or any theory of liability or remedy based on *Comunale v. Traders & General Ins. Co.* (1958) 50 Cal.2d 654 or *Crisci v. Security Ins. Co.* (1967) 66 Cal.2d 425. Nothing in this section shall relieve an insurer of its obligation of good faith and fair dealing to its own insured. However, the insurer cannot wrongfully use its obligation to its own insured to violate its duties under this section.*

(h) The provisions of this title shall apply, prospectively, to events or accidents covered by the applicable insurance policy that occur on or after January 1, 2000.

SEC. 3. Title 11.65 (commencing with Section 1776) is added to Part 3 of the Code of Civil Procedure, to read:

TITLE 11.65. ALTERNATIVE DISPUTE RESOLUTION ACT

1776. For the purposes of this title, the following definitions apply:

(a) "Claimant" means a person defined in paragraph (1) of subdivision (a) of Section 2870 of the Civil Code.

(b) "Insurer" shall include any liability insurer licensed pursuant to or subject to regulation under the Insurance Code, any private self-funded liability protection program, fund or plan, and any person or entity meeting the Vehicle Code definition of a permissible self-insured. However, "insurer" does not include a self-insured public entity, a private administrator for a public entity, or a public entity insured by a private insurer or carrier. For purposes of this section, "public entity" has the meaning set forth in Section 811.2 of the Government Code.

1777. (a) In a claim where the amount in controversy is for either a dollar amount that does not exceed fifty thousand dollars (\$50,000), or is within policy limits, exclusive of applicable uninsured or underinsured motorist coverage, if the policy limits do not exceed fifty thousand dollars (\$50,000), whichever is less, a claimant who is represented by counsel may request arbitration pursuant to this title.

(b) Notwithstanding subdivision (b) of Section 2017, prior to a request for arbitration, a claimant may demand and obtain insurance coverage policy limits information concerning all applicable, and potentially applicable, policies of insurance, to decide whether to participate in arbitration as set forth in this title. The insurer shall respond within 10 days and verify in writing that the information about coverage and policies is true and correct. An insurer that releases such information shall not be subject to civil liability to the insured or any other insurer for release of the policy limits information.

(c) An insurer may request arbitration under this title where the claimant is represented by counsel under any of the following conditions:

(1) If a claimant makes a settlement demand against all responsible or potentially responsible persons or entities that does not exceed fifty thousand dollars (\$50,000) in total, and the arbitration request is made within 90 days of the settlement demand.

(2) In any action in which the policy limits applicable to the claimant do not exceed fifty thousand dollars (\$50,000), provided that the request for arbitration is made not later than 150 days after the service of the complaint.

(3) Subject to paragraphs (1) and (2), in an action involving more than one responsible party, an insurer may request arbitration under this title if all parties agree to arbitration or the insurer offers to settle the action for policy limits.

(d) The request for arbitration shall be in writing and sent by certified mail.

(e) (1) Within 30 days after receipt of a request for arbitration, the insurer or claimant shall respond to the request in writing, sent by certified mail, return receipt requested.

(2) The request shall be deemed rejected if not responded to within 30 days, unless the parties stipulate in writing to an extension of time.

(f) Nothing in this section shall relieve an insurer of its obligation of good faith and fair dealing to its own insured.

(g) An arbitration award pursuant to this section shall not exceed the available policy limits and shall not include damages that are not covered by the applicable insurance policies.

(h) A claimant or insurer requesting or agreeing to arbitration under this section shall at the same time send by certified mail a copy of each offer or agreement to arbitrate to all claimants and all insurers involved in the claim. Offers and agreements made by counsel under this section shall be deemed to be made with the authority of all clients represented by that counsel. The arbitration of all claims under this title shall be pursuant to a written arbitration agreement.

1778. If the insurer agrees to submit a claim to arbitration under Section 1777 the insurer shall be conclusively presumed to have complied with the duties under subdivision (a) of Section 2871 of the Civil Code.

1779. (a) Upon a showing of good cause in a petition before the court having jurisdiction over the amount in controversy, either side may request removal from arbitration under this title and to commence or continue a civil action, upon a showing of any of the following:

(1) Either party discovers new information regarding insurance coverage that creates aggregate coverage for the claim in excess of fifty thousand dollars (\$50,000).

(2) A change in the nature or extent of the claimant's injury or damages, which, despite reasonable inquiry, was not discovered prior to the acceptance of the offer to engage in alternative dispute resolution, and causes the claimant

or attorney to believe that the reasonable value of the claim will exceed fifty thousand dollars (\$50,000).

(3) A party discovers new, additional, potentially responsible persons or entities who are not parties to the arbitration.

(4) The insurer discovers evidence that the claim is in violation of Section 550 of the Penal Code. The insurer shall document the basis for its finding and provide the information to the court. The court shall make the information available to the claimant or his or her counsel, if represented, unless the court determines that releasing the information would substantially impede the investigation or future prosecution of the claim for fraud.

(5) A change of law affects the remedies available to a claimant, or a change in law expands or contracts the claimant's legal right to recover.

(6) The interests of justice support permitting a party to commence a civil action.

(7) A party unreasonably interferes with the completion of the arbitration.

(b) Within 60 days of discovery of one of the conditions outlined in subdivision (a), and before commencement of the arbitration, the party seeking to remove the claim from arbitration under this title shall petition the court having jurisdiction over the amount in controversy, establishing good cause for the request.

(c) If a court finds good cause pursuant to a petition filed by a claimant to remove the claim from arbitration under subdivision (a), the presumption of good faith under Section 1778 shall not apply if the good cause arises from a misrepresentation, error or unreasonable interference in the conduct of the arbitration by the insurer.

(d) If the insurer removes the claim from arbitration pursuant to this title, the presumption of good faith under Section 1778 does not apply.

1780. (a) Any applicable period of limitations shall be tolled from the date of receipt of a request to participate in arbitration until 30 days after the insurer responds to the offer. If the request for arbitration is accepted, the period is tolled until settlement, satisfaction of judgment, or 30 days after a court order to remove a claim from arbitration under Section 1779.

(b) Any applicable case management rules are suspended upon agreement of the parties to arbitrate a claim under this title. Additionally, an agreement to participate in arbitration under this title relieves the parties of any obligation to participate in court-ordered arbitration or mediation.

1781. Except as otherwise provided by this title, arbitration shall be conducted under the same procedures as are applicable to other arbitration agreements under Title 9 (commencing with Section 1280).

1782. The following additional and supplemental provisions govern arbitration under this title:

(a) The provisions of Section 1987 shall govern attendance of parties at arbitration.

(b) Arbitrators shall be paid at the prevailing rate for judicial arbitrators. The cost of the arbitrator will be borne equally between the insurers and the claimants. The obligation of the parties for the arbitrator's fee does not include preparation time, travel time, and postarbitration time, unless the parties agree otherwise.

(c) The parties shall select a single neutral arbitrator pursuant to Section 1281.6. Unless the parties agree otherwise, the arbitrator shall be a retired judge.

(d) *The parties to the arbitration shall pay an arbitration filing fee of two hundred dollars (\$200). The fee shall be borne in equal portions by each party to the arbitration.*

(e) *If the parties cannot agree on a date to commence arbitration, the arbitrator shall set a date convenient to the parties.*

(f) *Disputes arising regarding discovery shall be resolved by motion before the arbitrator. The arbitration shall be deemed to be a proceeding and the hearing before the arbitrator shall be deemed to be the trial of an issue for those purposes.*

(g) *No party may introduce new or different information from that provided under subdivision (f) at the arbitration unless it is provided to the other side at least 30 days before the arbitration except when such evidence is offered solely for impeachment. Upon a showing of good cause under Section 9 of the Standards for Judicial Administration, the arbitrator may grant a continuance to permit the introduction of the new information.*

(h) *Each party shall exchange a list of all witnesses and all exhibits no later than 20 days before the arbitration. Witnesses and exhibits not listed shall not be considered or relied upon by the arbitrator unless offered solely for impeachment.*

(i) *If more than one person or insurer may be liable for the injury, and if the actions against each are subject to this title, the arbitration proceedings with respect to each may be consolidated by agreement of the parties.*

(j) *The rules of evidence and rules for conduct of hearing set forth in Rules 1613 and 1614 of the California Rules of Court, shall apply to the arbitration.*

(k) *The arbitrator may continue the arbitration pursuant to Section 9 of the Standards of Judicial Administration.*

1783. (a) *The award shall be binding on all parties and upon the insurer and shall resolve all disputes between the parties, and may be reviewed only for the reasons set forth in Section 1286.2.*

(b) *The insurer shall satisfy the arbitration award within 20 days of conclusion of any postresolution motions or settlement. Interest shall accrue at the legal rate thereafter.*

1784. *A claimant and an insurer may agree in writing to submit any claim for personal injury or wrongful death to arbitration pursuant to this title, provided that the notice requirements set forth in Section 1777 are met. The agreement to, and subsequent participation in, binding arbitration by the parties provides the protections set forth in Section 1778.*

(d) A professional liability insurer *for medical, health care, or legal malpractice* is not liable under this title if ~~at~~ *both of* the following conditions apply:

Co.* (1967) 66 Cal.2d 425. ~~Nothing in this section shall relieve an insurer of its obligation of good faith and fair dealing to its own insured. However, the insurer cannot wrongfully use its obligation to its own insured to violate its duties under this section.~~

(h) ~~The provisions of this title shall apply, prospectively, to events or accidents covered by the applicable insurance policy that occur on or after January 1, 2000. The provisions of this title are prospective and are only applicable as follows:~~

(Statutes 1999, Chapter 727, AB 1391)

[Rejected by electors March 7, 2000.]

PROPOSED LAW

SECTION 1. Title 9.5 (commencing with Section 14108) is added to Part 4 of the Penal Code, to read:

*TITLE 9.5. THE HERTZBERG-POLANCO CRIME LABORATORIES
CONSTRUCTION BOND ACT OF 1999*

CHAPTER 1. FINANCES

14108. The proceeds of bonds issued and sold pursuant to this title shall be deposited in the Forensic Laboratories Capital Expenditure Bond Fund, which is hereby created.

14108.1. Bonds in the total amount of two hundred twenty million dollars (\$220,000,000), not including the amount of any refunding bonds issued in accordance with Section 14108.11, or so much thereof as is necessary, may be issued and sold to provide a fund to be used for the construction, renovation, and infrastructure costs associated with the construction of new local forensic laboratories and the remodeling of existing local forensic laboratories, for the costs of administering this title, including, but not limited to, the administrative costs of the Forensic Laboratories Authority, as established in Section 14109, and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. The bonds, when sold, shall be and constitute a valid and binding obligation of the State of California, and the full

faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

14108.2. (a) General obligation bonds may be issued by the state to finance the working drawings, preliminary plans, construction, renovation, equipping of the laboratories, and parking facilities and other improvements, betterments, and facilities directly related thereto as described in Section 14108.1.

(b) The amount of the general obligation bonds to be sold shall equal the cost of construction, renovation, and equipping of the laboratories and facilities, the cost of working drawings and preliminary plans, sums necessary to pay financing costs, including interest during construction, and a reasonable reserve fund.

14108.3. The bonds authorized by this title shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), and all of the provisions of that law apply to the bonds and to this chapter and are hereby incorporated in this chapter as though set forth in full in this chapter.

14108.4. (a) Solely for the purpose of authorizing the issuance and sale, pursuant to the State General Obligation Bond Law, of the bonds authorized by this title, the Hertzberg-Polanco Forensic Laboratories Construction Act Finance Committee is hereby created. For purposes of this chapter, the Hertzberg-Polanco Forensic Laboratories Construction Act Finance Committee is "the committee" as that term is used in the State General Obligation Bond Law. The committee consists of the Controller, the Director of Finance, and the Treasurer, or their designated representatives. The Treasurer shall serve as chairperson of the committee. A majority of the committee may act for the committee.

(b) For purposes of the State General Obligation Bond Law, the Forensic Laboratories Authority is designated the "board."

14108.5. The committee shall determine whether or not it is necessary or desirable to issue bonds authorized pursuant to this title in order to carry out Section 14108.1 and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

14108.6. There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds maturing each year, and it is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

14108.7. Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this title, an amount that will equal the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this title, as the principal and interest become due and payable.

(b) The sum that is necessary to carry out Section 14108.8, appropriated without regard to fiscal years.

14108.8. For purposes of carrying out this title, the Director of Finance may authorize the withdrawal from the General Fund of an amount or amounts not to

exceed the amount of the unsold bonds that have been authorized to be sold for the purpose of carrying out this title. Any amount withdrawn shall be deposited in the fund. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for the purpose of carrying out this title.

14108.9. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for purposes of carrying out this title. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this title. The board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this title.

14108.10. All money deposited in the fund that is derived from premium and accrued interest on bonds sold shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

14108.11. The bonds may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this title includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this title or any previously issued refunding bonds.

14108.12. Notwithstanding any provision of this title or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this title that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes, subject to designated conditions, the Treasurer may maintain separate accounts for the investment of bond proceeds and the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or to take any other action with respect to the investment and use of bond proceeds required or desirable under federal law so as to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

14108.13. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this title are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by that article.

14108.14. The authority is authorized to apply for any funds that may be available from the federal government to further the purposes of this title.

CHAPTER 2. FORENSIC LABORATORIES AUTHORITY

14109. (a) There is hereby created within the Department of Justice the Forensic Laboratories Authority.

[Approved by electors November 7, 2000.]

PROPOSED LAW

SECTION 1. (a) The people find and declare all of the following:

(1) Monetary contributions to political campaigns are a legitimate form of participation in the American political process, but large contributions may corrupt or appear to corrupt candidates for elective office.

(2) Increasing costs of political campaigns have forced many candidates to devote a substantial portion of their time to raising campaign contributions and less time to public policy.

(3) Political parties play an important role in the American political process and help insulate candidates from the potential corrupting influence of large contributions.

(b) The people enact the Campaign Contribution and Voluntary Expenditure Limits Without Taxpayer Financing Amendments to the Political Reform Act of 1974 to accomplish all of the following purposes:

(1) To ensure that individuals and interest groups in our society have a fair and equitable opportunity to participate in the elective and governmental processes.

(2) To minimize the potentially corrupting influence and appearance of corruption caused by large contributions by providing reasonable contribution and voluntary expenditure limits.

(3) To reduce the influence of large contributors with an interest in matters before state government by prohibiting lobbyist contributions.

(4) To provide voluntary expenditure limits so that candidates and officeholders can spend a lesser proportion of their time on fundraising and a greater proportion of their time conducting public policy.

(5) To increase public information regarding campaign contributions and expenditures.

(6) To enact increased penalties to deter persons from violating the Political Reform Act of 1974.

SECTION 1. TITLE

This measure shall be known and may be cited as the "Fair Competition and Taxpayer Savings Act."

SEC. 2. PURPOSE AND INTENT

It is the intent of the people of the State of California in enacting this measure:

(a) To remove existing restrictions on contracting for architectural and engineering services and to allow state, regional and local governments to use qualified private architectural and engineering firms to help deliver transportation, schools, water, seismic retrofit and other infrastructure projects safely, cost effectively and on time;

(b) To encourage the kind of public/private partnerships necessary to ensure that California taxpayers benefit from the use of private sector experts to deliver transportation, schools, water, seismic retrofit and other infrastructure projects;

(c) To promote fair competition so that both public and private sector architects and engineers work smarter, more efficiently and ultimately deliver better value to taxpayers;

(d) To speed the completion of a multi-billion dollar backlog of highway, bridge, transit and other projects;

(e) To ensure that contracting for architectural and engineering services occurs through a fair, competitive selection process, free of undue political influence, to obtain the best quality and value for California taxpayers; and

(f) To ensure that private firms contracting for architectural and engineering services with governmental entities meet established design and construction standards and comply with standard accounting practices and permit financial and performance audits as necessary to ensure contract services are delivered within the agreed schedule and budget.

SEC. 3. Article XXII is added to the California Constitution, to read:

SECTION 1. The State of California and all other governmental entities, including, but not limited to, cities, counties, cities and counties, school districts and other special districts, local and regional agencies and joint power agencies, shall be allowed to contract with qualified private entities for architectural and engineering services for all public works of improvement. The choice and authority to contract shall extend to all phases of project development including permitting and environmental studies, rights-of-way services, design phase services and construction phase services. The choice and authority shall exist without regard to funding sources whether federal, state, regional, local or private, whether or not the project is programmed by a state, regional or local governmental entity, and whether or not the completed project is a part of any state owned or state operated system or facility.

SEC. 2. Nothing contained in Article VII of this Constitution shall be construed to limit, restrict or prohibit the State or any other governmental entities, including, but not limited to, cities, counties, cities and counties, school districts and other special districts, local and regional agencies and joint power agencies, from contracting with private entities for the performance of architectural and engineering services.

All projects included in the State Transportation Improvement Program programmed and funded as interregional improvements or as regional improvements shall be subject to Article XXII of the California Constitution. The sponsoring governmental entity shall have the choice and the authority to contract with qualified private entities for architectural and engineering services. For projects programmed and funded as regional improvements, the sponsoring governmental entity shall be the regional or local project sponsor. For projects programmed and funded as interregional improvements, the sponsoring governmental entity shall be the State of California, unless there is a regional or local project sponsor, in which case the sponsoring governmental entity shall be the regional or local project sponsor. The regional or local project sponsor shall be a regional or local governmental entity.

4529.12. All architectural and engineering services shall be procured pursuant to a fair, competitive selection process which prohibits governmental agency employees from participating in the selection process when they have a financial or business relationship with any private entity seeking the contract, and the procedure shall require compliance with all laws regarding political contributions, conflicts of interest or unlawful activities.

4529.13. *Nothing contained in this act shall be construed to change project design standards, seismic safety standards or project construction standards established by state, regional or local governmental entities. 4529.15. *This act only applies to architectural and engineering services defined in Government Code Section 4529.10. Nothing contained in this act shall be construed to expand or restrict the authority of governmental entities to contract for fire, ambulance, police, sheriff, probation, corrections or other peace officer services. 4529.19. *This act shall be liberally construed to accomplish its purposes.*

4529.20. *This act seeks to comprehensively regulate the matters which are contained within its provisions. These are matters of statewide concern and when enacted are intended to apply to charter cities as well as all other governmental entities.*

PROPOSED LAW

SMALLER CLASSES, SAFER SCHOOLS AND FINANCIAL ACCOUNTABILITY ACT

SECTION ONE. TITLE

This act shall be known as the Smaller Classes, Safer Schools and Financial Accountability Act.

SECTION TWO. FINDINGS AND DECLARATIONS

The people of the State of California find and declare as follows:

(a) Investing in education is crucial if we are to prepare our children for the 21st Century.

(b) We need to make sure our children have access to the learning tools of the 21st Century like computers and the Internet, but most California classrooms do not have access to these technologies.

(c) We need to build new classrooms to facilitate class size reduction, so our children can learn basic skills like reading and mathematics in an environment that ensures that California's commitment to class size reduction does not become an empty promise.

(d) We need to repair and rebuild our dilapidated schools to ensure that our children learn in a safe and secure environment.

(e) Students in public charter schools should be entitled to reasonable access to a safe and secure learning environment.

(f) We need to give local citizens and local parents the ability to build those classrooms by a 55 percent vote in local elections so each community can decide what is best for its children.

(g) We need to ensure accountability so that funds are spent prudently and only as directed by citizens of the community.

SECTION THREE. PURPOSE AND INTENT

In order to prepare our children for the 21st Century, to implement class size reduction, to ensure that our children learn in a secure and safe environment, and to ensure that school districts are accountable for prudent and responsible spending for school facilities, the people of the State of California do hereby enact the Smaller Classes, Safer Schools and Financial Accountability Act. This measure is intended to accomplish its purposes by amending the California Constitution and the California Education Code:

(a) To provide an exception to the limitation on ad valorem property taxes and the two-thirds vote requirement to allow school districts, community college districts, and county offices of education to equip our schools for the 21st Century, to provide our children with smaller classes, and to ensure our children's safety by repairing, building, furnishing and equipping school facilities;

(b) To require school district boards, community college boards, and county offices of education to evaluate safety, class size reduction, and information technology needs in developing a list of specific projects to present to the voters;

(c) To ensure that before they vote, voters will be given a list of specific projects their bond money will be used for;

(d) To require an annual, independent financial audit of the proceeds from the sale of the school facilities bonds until all of the proceeds have been expended for the specified school facilities projects; and

(e) To ensure that the proceeds from the sale of school facilities bonds are used for specified school facilities projects only, and not for teacher and administrator salaries and other school operating expenses, by requiring an annual, independent performance audit to ensure that the funds have been expended on specific projects only.

SECTION FOUR

Section 1 of Article XIII A of the California Constitution is amended to read:

SEC. 1. (a) The maximum amount of any ad valorem tax on real property shall not exceed One percent (1%) of the full cash value of such property. The one percent (1%) tax to be collected by the counties and apportioned according to law to the districts within the counties.

(b) The limitation provided for in subdivision (a) shall not apply to ad valorem taxes or special assessments to pay the interest and redemption charges on ~~(1) any indebtedness of the following:~~

~~(1) Indebtedness approved by the voters prior to July 1, 1978. ; or (2) any bonded~~

~~(2) Bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition.~~

~~(3) Bonded indebtedness incurred by a school district, community college district, or county office of education for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, approved by 55 percent of the voters of the district or county, as appropriate, voting on the proposition on or after the effective date of the measure adding this paragraph. This paragraph shall apply only if the proposition approved by the voters and resulting in the bonded indebtedness includes all of the following accountability requirements:~~

~~(A) A requirement that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3), and not for any other purpose, including teacher and administrator salaries and other school operating expenses.~~

~~(B) A list of the specific school facilities projects to be funded and certification that the school district board, community college board, or county office of education has evaluated safety, class size reduction, and information technology needs in developing that list.~~

~~(C) A requirement that the school district board, community college board, or county office of education conduct an annual, independent performance audit to ensure that the funds have been expended only on the specific projects listed.~~

~~(D) A requirement that the school district board, community college board, or county office of education conduct an annual, independent financial audit of the proceeds from the sale of the bonds until all of those proceeds have been expended for the school facilities projects.~~

~~(c) Notwithstanding any other provisions of law or of this Constitution, school districts, community college districts, and county offices of education may levy a 55 percent vote ad valorem tax pursuant to subdivision (b).~~

SECTION FIVE

Section 18 of Article XVI of the California Constitution is amended to read:

SEC. 18. (a) No county, city, town, township, board of education, or school district, shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the ~~qualified electors thereof~~, voters of the public entity voting at an election to be held for that purpose, except that with respect to any such public entity which is authorized to incur indebtedness for public school purposes, any proposition for the incurrence of indebtedness in the form of general obligation bonds for the purpose of repairing, reconstructing or replacing public school buildings determined, in the manner prescribed by law, to be structurally unsafe for school use, shall be adopted upon the approval

of a majority of the ~~qualified electors voters~~ of the public entity voting on the proposition at such election; nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and ~~also provision to constitute~~ *provide for* a sinking fund for the payment of the principal thereof, on or before maturity, which shall not exceed forty years from the time of contracting the same; ~~provided; however; anything to the contrary herein notwithstanding; when indebtedness.~~

(b) Notwithstanding subdivision (a), on or after the effective date of the measure adding this subdivision, in the case of any school district, community college district, or county office of education, any proposition for the incurrence of indebtedness in the form of general obligation bonds for the construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, shall be adopted upon the approval of 55 percent of the voters of the district or county, as appropriate, voting on the proposition at an election. This subdivision shall apply only to a proposition for the incurrence of indebtedness in the form of general obligation bonds for the purposes specified in this subdivision if the proposition meets all of the accountability requirements of paragraph (3) of subdivision (b) of Section 1 of Article XIII A.

(c) When two or more propositions for incurring any indebtedness or liability are submitted at the same election, the votes cast for and against each proposition shall be counted separately, and when two-thirds or a majority or 55 percent of the ~~qualified electors voters~~, as the case may be, voting on any one of ~~such those~~ propositions, vote in favor thereof, ~~such the~~ proposition shall be deemed adopted.

SECTION SIX

Section 47614 of the Education Code is amended to read:

47614. ~~A school district in which a charter school operates shall permit a charter school to use, at no charge, facilities not currently being used by the school district for instructional or administrative purposes; or that have not been historically used for rental purposes provided the charter school shall be responsible for reasonable maintenance of those facilities.~~

(a) The intent of the people in amending Section 47614 is that public school facilities should be shared fairly among all public school pupils, including those in charter schools.

(b) Each school district shall make available, to each charter school operating in the school district, facilities sufficient for the charter school to accommodate all of the charter school's in-district students in conditions reasonably equivalent to those in which the students would be accommodated if they were attending other public schools of the district. Facilities provided shall be contiguous, furnished, and equipped, and shall remain the property of the school district. The school district shall make reasonable efforts to provide the charter school with facilities near to where the charter school wishes to locate, and shall not move the charter school unnecessarily.

(1) The school district may charge the charter school a pro rata share (based on the ratio of space allocated by the school district to the charter school divided by the total space of the district) of those school district facilities costs which the school district pays for with unrestricted general fund revenues. The charter school shall not be otherwise charged for use of the facilities. No school district

shall be required to use unrestricted general fund revenues to rent, buy, or lease facilities for charter school students.

(2) Each year each charter school desiring facilities from a school district in which it is operating shall provide the school district with a reasonable projection of the charter school's average daily classroom attendance by in-district students for the following year. The district shall allocate facilities to the charter school for that following year based upon this projection. If the charter school, during that following year, generates less average daily classroom attendance by in-district students than it projected, the charter school shall reimburse the district for the over-allocated space at rates to be set by the State Board of Education.

(3) Each school district's responsibilities under this section shall take effect three years from the effective date of the measure which added this subparagraph, or if the school district passes a school bond measure prior to that time on the first day of July next following such passage.

(4) Facilities requests based upon projections of fewer than 80 units of average daily classroom attendance for the year may be denied by the school district.

(5) The term "operating," as used in this section, shall mean either currently providing public education to in-district students, or having identified at least 80 in-district students who are meaningfully interested in enrolling in the charter school for the following year.

(6) The State Department of Education shall propose, and the State Board of Education may adopt, regulations implementing this subdivision, including but not limited to defining the terms "average daily classroom attendance," "conditions reasonably equivalent," "in-district students," "facilities costs," as well as defining the procedures and establishing timelines for the request for, reimbursement for, and provision of, facilities.

SECTION SEVEN. CONFORMITY

The Legislature shall conform all applicable laws to this act. Until the Legislature has done so, any statutes that would be affected by this act shall be deemed to have been conformed with the 55 percent vote requirements of this act.

SECTION EIGHT. SEVERABILITY

If any of the provisions of this measure or the applicability of any provision of this measure to any person or circumstances shall be found to be unconstitutional or otherwise invalid, such finding shall not affect the remaining provisions or applications of this measure to other persons or circumstances, and to that extent the provisions of this measure are deemed to be severable.

SECTION NINE. AMENDMENT

Section 6 of this measure may be amended to further its purpose by a bill passed by a majority of the membership of both houses of the Legislature and signed by the Governor, provided that at least 14 days prior to passage in each house, copies of the bill in final form shall be made available by the clerk of each house to the public and the news media.

SECTION TEN. LIBERAL CONSTRUCTION

The provisions of this act shall be liberally construed to effectuate its purposes.

PROPOSED LAW

SUBSTANCE ABUSE AND CRIME PREVENTION ACT OF 2000

SECTION 1. Title

This act shall be known and may be cited as the “Substance Abuse and Crime Prevention Act of 2000.”

SEC. 2. Findings and Declarations

The People of the State of California hereby find and declare all of the following:

(a) Substance abuse treatment is a proven public safety and health measure. Nonviolent, drug-dependent criminal offenders who receive drug treatment are much less likely to abuse drugs and commit future crimes, and are likelier to live healthier, more stable and more productive lives.

(b) Community safety and health are promoted, and taxpayer dollars are saved, when nonviolent persons convicted of drug possession or drug use are provided appropriate community-based treatment instead of incarceration.

(c) In 1996, Arizona voters by a 2–1 margin passed the Drug Medicalization, Prevention, and Control Act, which diverted nonviolent drug offenders into drug treatment and education services rather than incarceration. According to a Report Card prepared by the Arizona Supreme Court, the Arizona law: is “resulting in safer communities and more substance abusing probationers in recovery,” has already saved state taxpayers millions of dollars, and is helping more than 75 percent of program participants to remain drug free.

SEC. 3. Purpose and Intent

The People of the State of California hereby declare their purpose and intent in enacting this act to be as follows:

(a) To divert from incarceration into community-based substance abuse treatment programs nonviolent defendants, probationers and parolees charged with simple drug possession or drug use offenses;

(b) To halt the wasteful expenditure of hundreds of millions of dollars each year on the incarceration—and reincarceration—of nonviolent drug users who would be better served by community-based treatment; and

(c) To enhance public safety by reducing drug-related crime and preserving jails and prison cells for serious and violent offenders, and to improve public health by reducing drug abuse and drug dependence through proven and effective drug treatment strategies.

SEC. 4. Section 1210 is added to the Penal Code, to read:

1210. Definitions

As used in Sections 1210.1 and 3063.1 of this code, and Division 10.8 (commencing with Section 11999.4) of the Health and Safety Code:

(a) The term “nonviolent drug possession offense” means the unlawful possession, use, or transportation for personal use of any controlled substance identified in Section 11054, 11055, 11056, 11057 or 11058 of the Health and

Safety Code, or the offense of being under the influence of a controlled substance in violation of Section 11550 of the Health and Safety Code. The term “nonviolent drug possession offense” does not include the possession for sale, production, or manufacturing of any controlled substance.

(b) The term “drug treatment program” or “drug treatment” means a licensed and/or certified community drug treatment program, which may include one or more of the following: outpatient treatment, half-way house treatment, narcotic replacement therapy, drug education or prevention courses and/or limited inpatient or residential drug treatment as needed to address special detoxification or relapse situations or severe dependence. The term “drug treatment program” or “drug treatment” does not include drug treatment programs offered in a prison or jail facility.

(c) The term “successful completion of treatment” means that a defendant who has had drug treatment imposed as a condition of probation has completed the prescribed course of drug treatment and, as a result, there is reasonable cause to believe that the defendant will not abuse controlled substances in the future.

(d) The term “misdemeanor not related to the use of drugs” means a misdemeanor that does not involve (1) the simple possession or use of drugs or drug paraphernalia, being present where drugs are used, or failure to register as a drug offender, or (2) any activity similar to those listed in paragraph (1).

SEC. 5. Section 1210.1 is added to the Penal Code, to read:

1210.1. Possession of Controlled Substances; Probation; Exceptions

(a) Notwithstanding any other provision of law, and except as provided in subdivision (b), any person convicted of a nonviolent drug possession offense shall receive probation.

As a condition of probation the court shall require participation in and completion of an appropriate drug treatment program. The court may also impose, as a condition of probation, participation in vocational training, family counseling, literacy training and/or community service. A court may not impose incarceration as an additional condition of probation. Aside from the limitations imposed in this subdivision, the trial court is not otherwise limited in the type of probation conditions it may impose.

In addition to any fine assessed under other provisions of law, the trial judge may require any person convicted of a nonviolent drug possession offense who is reasonably able to do so to contribute to the cost of his or her own placement in a drug treatment program.

(b) Subdivision (a) does not apply to either of the following:

(1) Any defendant who previously has been convicted of one or more serious or violent felonies in violation of subdivision (c) of Section 667.5 or Section 1192.7, unless the nonviolent drug possession offense occurred after a period of five years in which the defendant remained free of both prison custody and the commission of an offense that results in (A) a felony conviction other than a nonviolent drug possession offense, or (B) a misdemeanor conviction involving physical injury or the threat of physical injury to another person.

(2) Any defendant who, in addition to one or more nonviolent drug possession offenses, has been convicted in the same proceeding of a misdemeanor not related to the use of drugs or any felony.

(3) Any defendant who:

(A) While using a firearm, unlawfully possesses any amount of (i) a substance containing either cocaine base, cocaine, heroin, methamphetamine,

or (ii) a liquid, non-liquid, plant substance, or hand-rolled cigarette, containing phencyclidine.

(B) While using a firearm, is unlawfully under the influence of cocaine base, cocaine, heroin, methamphetamine or phencyclidine.

(4) Any defendant who refuses drug treatment as a condition of probation.

(5) Any defendant who (A) has two separate convictions for nonviolent drug possession offenses, (B) has participated in two separate courses of drug treatment pursuant to subdivision (a), and (C) is found by the court, by clear and convincing evidence, to be unamenable to any and all forms of available drug treatment. Notwithstanding any other provision of law, the trial court shall sentence such defendants to 30 days in jail.

(c) Within seven days of an order imposing probation under subdivision (a), the probation department shall notify the drug treatment provider designated to provide drug treatment under subdivision (a). Within 30 days of receiving that notice, the treatment provider shall prepare a treatment plan and forward it to the probation department. On a quarterly basis after the defendant begins the drug treatment program, the treatment provider shall prepare and forward a progress report to the probation department.

(1) If at any point during the course of drug treatment the treatment provider notifies the probation department that the defendant is unamenable to the drug treatment being provided, but may be amenable to other drug treatments or related programs, the probation department may move the court to modify the terms of probation to ensure that the defendant receives the alternative drug treatment or program.

(2) If at any point during the course of drug treatment the treatment provider notifies the probation department that the defendant is unamenable to the drug treatment provided and all other forms of drug treatment, the probation department may move to revoke probation. At the revocation hearing, unless the defendant proves by a preponderance of the evidence that there is a drug treatment program to which he or she is amenable, the court may revoke probation.

(3) Drug treatment services provided by subdivision (a) as a required condition of probation may not exceed 12 months, provided, however, that additional aftercare services as a condition of probation may be required for up to six months.

(d) Dismissal of charges upon successful completion of drug treatment

(1) At any time after completion of drug treatment, a defendant may petition the sentencing court for dismissal of the charges. If the court finds that the defendant successfully completed drug treatment, and substantially complied with the conditions of probation, the conviction on which the probation was based shall be set aside and the court shall dismiss the indictment or information against the defendant. In addition, the arrest on which the conviction was based shall be deemed never to have occurred. Except as provided in paragraph (2) or (3), the defendant shall thereafter be released from all penalties and disabilities resulting from the offense of which he or she has been convicted.

(2) Dismissal of an indictment or information pursuant to paragraph (1) does not permit a person to own, possess, or have in his or her custody or control any firearm capable of being concealed upon the person or prevent his or her conviction under Section 12021.

(3) Except as provided below, after an indictment or information is dismissed pursuant to paragraph (1), the defendant may indicate in response to any question

concerning his or her prior criminal record that he or she was not arrested or convicted for the offense. Except as provided below, a record pertaining to an arrest or conviction resulting in successful completion of a drug treatment program under this section may not, without the defendant's consent, be used in any way that could result in the denial of any employment, benefit, license, or certificate.

Regardless of his or her successful completion of drug treatment, the arrest and conviction on which the probation was based may be recorded by the Department of Justice and disclosed in response to any peace officer application request or any law enforcement inquiry. Dismissal of an information or indictment under this section does not relieve a defendant of the obligation to disclose the arrest and conviction in response to any direct question contained in any questionnaire or application for public office, for a position as a peace officer as defined in Section 830, for licensure by any state or local agency, for contracting with the California State Lottery, or for purposes of serving on a jury.

(e) Violation of probation

(1) If probation is revoked pursuant to the provisions of this subdivision, the defendant may be incarcerated pursuant to otherwise applicable law without regard to the provisions of this section.

(2) Non-drug-related probation violations

If a defendant receives probation under subdivision (a), and violates that probation either by being arrested for an offense that is not a nonviolent drug possession offense, or by violating a non-drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The court may modify or revoke probation if the alleged violation is proved.

(3) Drug-related probation violations

(A) If a defendant receives probation under subdivision (a), and violates that probation either by being arrested for a nonviolent drug possession offense or by violating a drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence that the defendant poses a danger to the safety of others. If the court does not revoke probation, it may intensify or alter the drug treatment plan.

(B) If a defendant receives probation under subdivision (a), and for the second time violates that probation either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves for a second time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence either that the defendant poses a danger to the safety of others or is unamenable to drug treatment. In determining whether a defendant is unamenable to drug treatment, the court may consider, to the extent relevant, whether the defendant (i) has committed a serious violation of rules at the drug treatment program, (ii) has repeatedly committed violations of program rules that inhibit the defendant's ability to function in the program, or (iii) has continually refused to participate in the program or asked to be removed from the program. If the court does not revoke probation, it may intensify or alter the drug treatment plan.

(C) *If a defendant receives probation under subdivision (a), and for the third time violates that probation either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves for a third time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. If the alleged probation violation is proved, the defendant is not eligible for continued probation under subdivision (a).*

(D) *If a defendant on probation at the effective date of this act for a nonviolent drug possession offense violates that probation either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence that the defendant poses a danger to the safety of others. If the court does not revoke probation, it may modify probation and impose as an additional condition participation in a drug treatment program.*

(E) *If a defendant on probation at the effective date of this act for a nonviolent drug possession offense violates that probation a second time either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves for a second time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. The trial court shall revoke probation if the alleged probation violation is proved and the state proves by a preponderance of the evidence either that the defendant poses a danger to the safety of others or that the defendant is unamenable to drug treatment. If the court does not revoke probation, it may modify probation and impose as an additional condition participation in a drug treatment program.*

(F) *If a defendant on probation at the effective date of this act for a nonviolent drug offense violates that probation a third time either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of probation, and the state moves for a third time to revoke probation, the court shall conduct a hearing to determine whether probation shall be revoked. If the alleged probation violation is proved, the defendant is not eligible for continued probation under subdivision (a).*

SEC. 6. Section 3063.1 is added to the Penal Code, to read:

3063.1. *Possession of Controlled Substances; Parole; Exceptions*

(a) *Notwithstanding any other provision of law, and except as provided in subdivision (b), parole may not be suspended or revoked for commission of a nonviolent drug possession offense or for violating any drug-related condition of parole.*

As an additional condition of parole for all such offenses or violations, the Parole Authority shall require participation in and completion of an appropriate drug treatment program. Vocational training, family counseling and literacy training may be imposed as additional parole conditions.

The Parole Authority may require any person on parole who commits a nonviolent drug possession offense or violates any drug-related condition of parole, and who is reasonably able to do so, to contribute to the cost of his or her own placement in a drug treatment program.

(b) *Subdivision (a) does not apply to:*

(1) *Any parolee who has been convicted of one or more serious or violent felonies in violation of subdivision (c) of Section 667.5 or Section 1192.7.*

(2) Any parolee who, while on parole, commits one or more nonviolent drug possession offenses and is found to have concurrently committed a misdemeanor not related to the use of drugs or any felony.

(3) Any parolee who refuses drug treatment as a condition of parole.

(c) Within seven days of a finding that the parolee has either committed a nonviolent drug possession offense or violated any drug-related condition of parole, the Parole Authority shall notify the treatment provider designated to provide drug treatment under subdivision (a). Within 30 days thereafter the treatment provider shall prepare a drug treatment plan and forward it to the Parole Authority and to the California Department of Corrections Parole Division agent responsible for supervising the parolee. On a quarterly basis after the parolee begins drug treatment, the treatment provider shall prepare and forward a progress report to these entities and individuals.

(1) If at any point during the course of drug treatment the treatment provider notifies the Parole Authority that the parolee is unamenable to the drug treatment provided, but amenable to other drug treatments or related programs, the Parole Authority may act to modify the terms of parole to ensure that the parolee receives the alternative drug treatment or program.

(2) If at any point during the course of drug treatment the treatment provider notifies the Parole Authority that the parolee is unamenable to the drug treatment provided and all other forms of drug treatment, the Parole Authority may act to revoke parole. At the revocation hearing, parole may be revoked unless the parolee proves by a preponderance of the evidence that there is a drug treatment program to which he or she is amenable.

(3) Drug treatment services provided by subdivision (a) as a required condition of parole may not exceed 12 months, provided, however, that additional aftercare services as a condition of probation may be required for up to six months.

(d) Violation of parole

(1) If parole is revoked pursuant to the provisions of this subdivision, the defendant may be incarcerated pursuant to otherwise applicable law without regard to the provisions of this section.

(2) Non-drug-related parole violations

If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment violates parole either by being arrested for an offense other than a nonviolent drug possession offense, or by violating a non-drug-related condition of parole, and the Parole Authority acts to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. Parole may be modified or revoked if the parole violation is proved.

(3) Drug-related parole violations

(A) If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment violates parole either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of parole, and the Parole Authority acts to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. Parole shall be revoked if the parole violation is proved and a preponderance of the evidence establishes that the parolee poses a danger to the safety of others. If parole is not revoked, the conditions of parole may be intensified to achieve the goals of drug treatment.

(B) If a parolee receives drug treatment under subdivision (a), and during the course of drug treatment for the second time violates that parole either by being arrested for a nonviolent drug possession offense, or by violating a

drug-related condition of parole, and the Parole Authority acts for a second time to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. If the alleged parole violation is proved, the parolee is not eligible for continued parole under any provision of this section and may be reincarcerated.

(C) If a parolee already on parole at the effective date of this act violates that parole either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of parole, and the Parole Authority acts to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. Parole shall be revoked if the parole violation is proved and a preponderance of the evidence establishes that the parolee poses a danger to the safety of others. If parole is not revoked, the conditions of parole may be modified to include participation in a drug treatment program as provided in subdivision (a). This paragraph does not apply to any parolee who at the effective date of this act has been convicted of one or more serious or violent felonies in violation of subdivision (c) of Section 667.5 or Section 1192.7.

(D) If a parolee already on parole at the effective date of this act violates that parole for the second time either by being arrested for a nonviolent drug possession offense, or by violating a drug-related condition of parole, and the Parole Authority acts for a second time to revoke parole, a hearing shall be conducted to determine whether parole shall be revoked. If the alleged parole violation is proved, the parolee is not eligible for continued parole under any provision of this section and may be reincarcerated.

SEC. 7. Division 10.8 (commencing with Section 11999.4) is added to the Health and Safety Code, to read:

DIVISION 10.8. SUBSTANCE ABUSE TREATMENT FUNDING

11999.4. Establishment of the Substance Abuse Treatment Trust Fund

A special fund to be known as the "Substance Abuse Treatment Trust Fund" is created within the State Treasury and is continuously appropriated for carrying out the purposes of this division.

11999.5. Funding Appropriation

Upon passage of this act, \$60,000,000 shall be continuously appropriated from the General Fund to the Substance Abuse Treatment Trust Fund for the 2000–01 fiscal year. There is hereby continuously appropriated from the General Fund to the Substance Abuse Treatment Trust Fund an additional \$120,000,000 for the 2001–02 fiscal year, and an additional sum of \$120,000,000 for each such subsequent fiscal year concluding with the 2005–06 fiscal year. These funds shall be transferred to the Substance Abuse Treatment Trust Fund on July 1 of each of these specified fiscal years. Funds transferred to the Substance Abuse Treatment Trust Fund are not subject to annual appropriation by the Legislature and may be used without a time limit. Nothing in this section precludes additional appropriations by the Legislature to the Substance Abuse Treatment Trust Fund.

11999.6. Distribution of Monies from Substance Abuse Treatment Trust Fund

Monies deposited in the Substance Abuse Treatment Trust Fund shall be distributed annually by the Secretary of the Health and Human Services Agency through the State Department of Alcohol and Drug Programs to counties to cover the costs of placing persons in and providing (a) drug treatment programs under this act, and (b) vocational training, family counseling and literacy training under this act. Additional costs that may be reimbursed from the Substance Abuse

Treatment Trust Fund include probation department costs, court monitoring costs and any miscellaneous costs made necessary by the provisions of this act other than drug testing services of any kind. Such monies shall be allocated to counties through a fair and equitable distribution formula that includes, but is not limited to, per capita arrests for controlled substance possession violations and substance abuse treatment caseload, as determined by the department as necessary to carry out the purposes of this act. The department may reserve a portion of the fund to pay for direct contracts with drug treatment service providers in counties or areas in which the director of the department has determined that demand for drug treatment services is not adequately met by existing programs. However, nothing in this section shall be interpreted or construed to allow any entity to use funds from the Substance Abuse Treatment Trust Fund to supplant funds from any existing fund source or mechanism currently used to provide substance abuse treatment.

11999.7. Local Government Authority to Control Location of Drug Treatment Programs

Notwithstanding any other provision of law, no community drug treatment program may receive any funds from the Substance Abuse Treatment Trust Fund unless the program agrees to make its facilities subject to valid local government zoning ordinances and development agreements.

11999.8. Surplus Funds

Any funds remaining in the Substance Abuse Treatment Trust Fund at the end of a fiscal year may be utilized to pay for drug treatment programs to be carried out in the subsequent fiscal year.

11999.9. Annual Evaluation Process

The department shall annually conduct a study to evaluate the effectiveness and financial impact of the programs that are funded pursuant to the requirements of this act. The study shall include, but not be limited to, a study of the implementation process, a review of lower incarceration costs, reductions in crime, reduced prison and jail construction, reduced welfare costs, the adequacy of funds appropriated, and any other impacts or issues the department can identify.

11999.10. Outside Evaluation Process

The department shall allocate up to 0.5 percent of the fund's total monies each year for a long-term study to be conducted by a public university in California aimed at evaluating the effectiveness and financial impact of the programs that are funded pursuant to the requirements of this act.

11999.11. County Reports

Counties shall submit a report annually to the department detailing the numbers and characteristics of clients-participants served as a result of funding provided by this act. The department shall promulgate a form which shall be used by the counties for the reporting of this information, as well as any other information that may be required by the department. The department shall establish a deadline by which the counties shall submit their reports.

11999.12. Audit of Expenditures

The department shall annually audit the expenditures made by any county that is funded, in whole or in part, with funds provided by this act. Counties shall repay to the department any funds that are not spent in accordance with the requirements of this act.

11999.13. Excess Funds

At the end of each fiscal year, a county may retain unspent funds received from the Substance Abuse Treatment Trust Fund and may spend those funds, if approved by the department, on drug programs that further the purposes of this act.

SEC. 8. Effective Date

Except as otherwise provided, the provisions of this act shall become effective July 1, 2001, and its provisions shall be applied prospectively.

SEC. 9. Amendment

This act may be amended only by a roll call vote of two thirds of the membership of both houses of the Legislature. All amendments to this act shall be to further the act and shall be consistent with its purposes.

SEC. 10. Severability

If any provision of this act or the application thereof to any person or circumstances is held invalid or unconstitutional, such invalidity or unconstitutionality shall not affect other provisions or applications of this initiative that can be given effect without the invalid or unconstitutional provision or application, and to this end the provisions of this initiative are severable.

32. **Veterans' Bond Act of 2000.** (Statutes 2000, Chapter 51, AB 2305)

[Approved by electors November 7, 2000.]

PROPOSED LAW

SECTION 1. Article 5w (commencing with Section 998.300) is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5w. Veterans' Bond Act of 2000

998.300. This article may be cited as the Veterans' Bond Act of 2000.

998.301. (a) The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), except as otherwise provided herein, is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this article, and the provisions of that law are included in this article as though set out in full in this article. All references in this article to "herein" refer both to this article and that law.

(b) For purposes of the State General Obligation Bond Law, the Department of Veterans Affairs is designated the board.

998.302. As used herein, the following words have the following meanings:

(a) "Board" means the Department of Veterans Affairs.

(b) "Bond" means veterans' bond, a state general obligation bond, issued pursuant to this article adopting the provisions of the State General Obligation Bond Law.

(c) "Bond act" means this article authorizing the issuance of state general obligation bonds and adopting the State General Obligation Bond Law by reference.

(d) “Committee” means the Veterans’ Finance Committee of 1943, established by Section 991.

(e) “Fund” means the Veterans’ Farm and Home Building Fund of 1943, established by Section 998.

998.303. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the Veterans’ Farm and Home Purchase Act of 1974 (Article 3.1 (commencing with Section 987.50)), and of all acts amendatory thereof and supplemental thereto, the committee may create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of not more than five hundred million dollars (\$500,000,000), exclusive of refunding bonds, in the manner provided herein.

998.304. (a) All bonds authorized by this article, when duly sold and delivered as provided herein, constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

(b) There shall be collected annually, in the same manner and at the same time as other state revenue is collected, a sum of money, in addition to the ordinary revenues of the state, sufficient to pay the principal of, and interest on, these bonds as provided herein, and all officers required by law to perform any duty in regard to the collection of state revenues shall collect this additional sum.

(c) On the dates on which funds are remitted pursuant to Section 16676 of the Government Code for the payment of the then maturing principal of, and interest on, the bonds in each fiscal year, there shall be returned to the General Fund all of the money in the fund, not in excess of the principal of, and interest on, any bonds then due and payable. If the money so returned on the remittance dates is less than the principal and interest then due and payable, the balance remaining unpaid shall be returned to the General Fund out of the fund as soon as it shall become available, together with interest thereon from the dates of maturity until returned, at the same rate of interest as borne by the bonds, compounded semiannually.

Notwithstanding any other provision of law to the contrary, this subdivision shall apply to all veterans farm and home purchase contracts pursuant to this chapter. This subdivision does not grant any lien on the fund or the moneys therein to holders of any bonds issued under this article. For the purposes of the subdivision, “debt service” means the principal (whether due at maturity, by redemption, or acceleration), premium, if any, or interest payable on any date to any series of bonds. This subdivision shall not apply, however, in the case of any debt service that is payable from the proceeds of any refunding bonds.

998.305. There is hereby appropriated from the General Fund, for purposes of this article, a sum of money that will equal both of the following:

(a) That sum annually necessary to pay the principal of, and the interest on, the bonds issued and sold as provided herein, as that principal and interest become due and payable.

(b) That sum necessary to carry out Section 998.306, appropriated without regard to fiscal years.

998.306. For the purposes of this article, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of a sum of money not to exceed the amount of the unsold bonds which have been authorized by the committee to be sold pursuant to this article. Any sums withdrawn shall

be deposited in the fund. All moneys made available under this section to the board shall be returned by the board to the General Fund, plus the interest that the amounts would have earned in the Pooled Money Investment Account, from the sale of bonds for the purpose of carrying out this article.

998.307. *The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this article. The amount of the request shall not exceed the amount of unsold bonds which the committee has, by resolution, authorized to be sold for the purpose of carrying out this article. The board shall execute whatever documents are required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this article.*

998.308. *Upon request of the board, supported by a statement of its plans and projects approved by the Governor, the committee shall determine whether to issue any bonds authorized under this article in order to carry out the board's plans and projects, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out these plans and projects progressively, and it is not necessary that all of the bonds be issued or sold at any one time.*

998.309. *As long as any bonds authorized under this article are outstanding, the Secretary of Veterans Affairs shall, at the close of each fiscal year, require a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, to be made by an independent public accountant of recognized standing. The results of each survey and projection shall be reported in writing by the public accountant to the Secretary of Veterans Affairs, the California Veterans Board, the appropriate policy committees dealing with veterans affairs in the Senate and the Assembly, and the committee.*

The Division of Farm and Home Purchases shall reimburse the public accountant for these services out of any money which the division may have available on deposit with the Treasurer.

998.310. *The committee may authorize the Treasurer to sell all or any part of the bonds authorized by this article at the time or times established by the Treasurer.*

Whenever the committee deems it necessary for an effective sale of the bonds, the committee may authorize the Treasurer to sell any issue of bonds at less than their par value, notwithstanding Section 16754 of the Government Code. However, the discount on the bonds shall not exceed 3 percent of the par value thereof.

998.311. *Out of the first money realized from the sale of bonds as provided herein, there shall be redeposited in the General Obligation Bond Expense Revolving Fund, established by Section 16724.5 of the Government Code, the amount of all expenditures made for the purposes specified in that section, and this money may be used for the same purpose and repaid in the same manner whenever additional bond sales are made.*

998.312. *Any bonds issued and sold pursuant to this article may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government Code. The approval of the voters for the issuance of bonds under this article includes approval for the*

issuance of bonds issued to refund bonds originally issued or any previously issued refunding bonds.

998.313. *Notwithstanding any provision of the bond act, if the Treasurer sells bonds under this article for which bond counsel has issued an opinion to the effect that the interest on the bonds is excludable from gross income for purposes of federal income tax, subject to any conditions which may be designated, the Treasurer may establish separate accounts for the investment of bond proceeds and for the earnings on those proceeds, and may use those proceeds or earnings to pay any rebate, penalty, or other payment required by federal law or take any other action with respect to the investment and use of bond proceeds required or permitted under federal law necessary to maintain the tax-exempt status of the bonds or to obtain any other advantage under federal law on behalf of the funds of this state.*

998.314. *The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this article are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by Article XIII B.*

998.315. *Notwithstanding any other provision of law, any bonds issued and sold under the Veterans Bond Act of 1982, and the Veterans Bond Act of 1984 may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, without regard to the first sentence of Section 16786 of the Government Code.*

37. Fees. Vote Requirements. Taxes.

[Submitted by the initiative and rejected by electors November 7, 2000.]

PROPOSED LAW

Two-Thirds Vote Preservation Act of 2000

SECTION 1. Title

This measure shall be known and may be cited as the "Two-Thirds Vote Preservation Act of 2000."

SECTION 2. Findings and Declaration of Purpose

The People of the State of California find and declare that:

(a) Article XIII A, Section 3, of the California Constitution prohibits the California Legislature from imposing a state tax without approval by a two-thirds vote of the members of each house.

(b) Article XIII C, Section 2, subdivisions (b) and (d), of the California Constitution prohibit local governments from imposing a general tax without approval by a majority vote of the people or a special tax without approval by a two-thirds vote of the people.

(c) These vote requirements do not apply to the imposition of legitimate fees.

(d) There have been increasing attempts by the state and local governments to disguise new taxes as fees in order to avoid the vote requirements.

(e) In 1997 the California Supreme Court in the case of Sinclair Paint Company v. State Board of Equalization defined a fee in such manner as to unreasonably broaden the purposes for which fees can be imposed.

(f) The breadth of the Supreme Court's decision will encourage the use of fees to avoid the vote requirements of Articles XIII A and XIII C and significantly weaken the tax protections created by these propositions.

(g) The distinction between a fee and a tax was reasonably clear before the Supreme Court decision.

(h) In order to preserve that distinction and prevent avoidance of the two-thirds legislative vote requirement of Article XIII A and the majority and two-thirds popular vote requirements of Article XIII C, it is necessary to amend the Constitution.

SECTION 3. Section 3 of Article XIII A of the California Constitution is amended to read:

SEC. 3. From and after the effective date of this article, any changes in state taxes enacted for the purpose of increasing revenues collected pursuant thereto whether by increased rates or changes in ~~methods~~ *the method* of computation must be imposed by an Act passed by not less than two-thirds of all members elected to each of the two houses of the Legislature, except that no new ad valorem taxes on real property, or sales or transaction taxes on the sales of real property may be imposed. *For purposes of this section, "state taxes" do*

not include an “assessment” or “fee” as defined in Article XIII D, Section 2, subdivisions (b) and (e), real property development fees, or regulatory fees that do not exceed the reasonable cost of regulating the activity for which the fee is charged. Provided, however, compulsory fees enacted after July 1, 1999, to monitor, study or mitigate the societal or economic effects of an activity, and which impose no significant regulatory obligation on the fee payor’s activity other than the payment of the fee, and regulatory fees that exceed the reasonable cost of regulating the activity for which the fee is charged, shall be deemed state taxes subject to the two-thirds vote requirement of this section. Monies recoverable as damages, remedial expenses or penalties arising from a specific event shall not be deemed taxes or fees.

This section shall not apply to (1) any fee that was authorized by law prior to July 1, 1999, (2) any increase in such fee attributable to inflation, or (3) any increase in such fee attributable to increased workload, provided such increased workload is not the result of expansion of the class of activity or activities to which the fee applied prior to July 1, 1999.

SECTION 4. Section 1 of Article XIII C of the California Constitution is amended to read as follows:

SECTION 1. Definitions. As used in this article:

(a) “General tax” means any tax imposed for general governmental purposes.

(b) “Local government” means any county, city, city and county, including a charter city or county, any special district, or any other local or regional governmental entity.

(c) “Special district” means an agency of the State, formed pursuant to general law or a special act, for the local performance of governmental or proprietary functions with limited geographic boundaries including, but not limited to, school districts and redevelopment agencies.

(d) “Special tax” means any tax imposed for specific purposes, including a tax imposed for specific purposes, which is placed into a general fund.

(e) For purposes of subdivisions (a) and (d), “general taxes” and “special taxes” do not include an “assessment” or “fee” as defined in Article XIII D, Section 2, subdivisions (b) and (e), real property development fees, or regulatory fees that do not exceed the reasonable cost of regulating the activity for which the fee is charged. Provided, however, compulsory fees enacted after July 1, 1999, to monitor, study or mitigate the societal or economic effects of an activity, and which impose no significant regulatory obligation on the fee payor’s activity other than the payment of the fee, and regulatory fees that exceed the reasonable cost of regulating the activity for which the fee is charged, shall be deemed general or special taxes subject to the majority or two-thirds vote requirements of Section 2, subdivisions (b) and (d), of this article. Monies recoverable as damages, remedial expenses or penalties arising from a specific event shall not be deemed taxes, special taxes, assessments or fees.

This section shall not apply to (1) any fee that was authorized by law prior to July 1, 1999, (2) any increase in such fee attributable to inflation, or (3) any increase in such fee attributable to increased workload, provided such increased workload is not the result of expansion of the class of activity or activities to which the fee applied prior to July 1, 1999.

SECTION 5. Severability

If any provision of this act, or part thereof, is for any reason held to be invalid or unconstitutional, the remaining provisions shall not be affected, but shall

remain in full force and effect, and to this end the provisions of this act are severable.

PROPOSED LAW

The National Average School Funding Guarantee and
Parental Right to Choose Quality Education Amendment

SECTION 1. TITLE

This measure shall be known and may be cited as “The National Average School Funding Guarantee and Parental Right to Choose Quality Education Amendment.”

SECTION 2. Section 8.1 is added to Article IX of the Constitution, to read:

SEC. 8.1. The people of the State of California find and declare:

(a) The economic and social viability of California depends on a well educated citizenry.

(b) Test scores from students in government operated schools reveal that the public school system in this state has become an inefficient monopoly, with many parents forced to enroll their children in schools that are failing to prepare students with the foundation skills of reading, writing and mathematics.

(c) As California embarks on the 21st century, basic changes in California’s education delivery structure must be made to ensure that our children receive the benefits of quality education services.

(d) Parents are best equipped to make decisions for their children and have the right to select the educational setting that will best serve the interests and educational needs of their child.

(e) Families have the right to have their children attend schools that successfully teach reading, writing and mathematics to all enrolled students.

(f) The scholarship provided pursuant to this measure is a grant in aid to the parents for the education of their children. The decision by a parent to accept a scholarship and how it is used is not the decision of the state but an exercise of independent parental judgement.

(g) The scholarships provided pursuant to this measure are consistent with existing programs operated by the state including Cal-Grants, special education services in non-public schools, and child care services, all of which use government revenues to provide services at privately operated institutions chosen by eligible individuals.

(h) The scholarship program enacted by this article is not intended to establish, support, promote or in any way endorse any religion. The people of this State intend only to provide the parents of schoolchildren with the financial means to make their own school choices, not to promote or disadvantage any particular class of schools.

(i) In order for California’s students to compete with the students of other states and countries in the global economy of the 21st century, the people of

the State of California hereby declare the importance of restoring the focus on academic outcome, introducing competition into the delivery of education services, eliminating waste and inefficiency in government operated schools while providing necessary resources for a quality public education.

(j) This measure recognizes the importance of maintaining and enhancing the per-pupil funding base in government schools at or above the national average amount as part of the system-wide reform of introducing competition and expanding the educational options for parents, which it would accomplish.

SECTION 3. Section 8.3 is added to Article IX of the Constitution, to read:

SEC. 8.3. (a) The Legislature may fund public schools by an amount equal to or exceeding the national average on a dollar per pupil basis pursuant to this section by a statute passed by a majority vote of the members of each house concurring. The amount of funding provided for the support of public schools pursuant to this section each fiscal year thereafter shall be equal to the number of students enrolled in the public school system in kindergarten through grade 12, inclusive, multiplied by an amount equal to or greater than the national average dollar per pupil funding amount calculated pursuant to subdivision (c). This amount shall be known as the national average school funding guarantee.

(b) If the national average school funding guarantee is operative it may only be suspended for a period of one fiscal year by a statute passed in each house by roll call vote entered in the journal, three fourths of the membership concurring provided that the statute may not be made part of, or included within, any bill enacted pursuant to Section 12 of Article IV.

(c) Each fiscal year, the Director of the Department of Finance shall calculate the amount of funding provided for support of public schools in this state, the enrollment in public schools in this state, and the national average dollar per pupil funding amount for support of public schools. To the extent that the Director of Finance is unable to determine the current year amount dedicated in each of the states for the public schools, the most recent amount for each state shall be adjusted upward by the appropriate number of times using the latest positive dollar per pupil growth rate in that state.

(d) If in any fiscal year, the amount of funding provided for support of public schools is at least the national average school funding guarantee calculated pursuant to subdivision (a), the amount calculated pursuant to subdivision (a) shall be used to calculate the amount of funds provided for the support of public schools in all subsequent fiscal years and this section shall supercede Section 8 of Article XVI.

(e) If the national average school funding guarantee becomes operative pursuant to this section, then this section shall supercede all the provisions of Section 8 of Article XVI with respect to funding for school districts and will define the amount of funds required to be appropriated for the support of public schools, thereby guaranteeing that students enrolled in California public schools are funded at or above the national average dollar per pupil amount.

(f) For purposes of this article, the following terms have the following meanings:

(1) "Amount of funding provided for the support of public schools" shall include all funds used to support services to students in public schools in grades kindergarten through 12, inclusive, including federal, state, and local sources, unrestricted funds, categorical funding, and funding dedicated to cover annual debt service on state and local bonds, certificates of participation, notes, and

other forms of indebtedness, or any other funds, which are dedicated to finance local and state educational programs, administration or facilities for grades kindergarten through 12, inclusive, including disbursements, if any, pursuant to Section 8.5 of Article XVI.

(2) "National average dollar per pupil funding" shall be the average amount of funds provided in the United States for public school students in grades kindergarten through 12, inclusive, determined by calculating a statewide dollar per pupil average for each state which is the amount of funding provided for the support of public schools in that state, pursuant to paragraph (1), divided by the number of public school students enrolled in grades kindergarten through 12, inclusive. These dollar per pupil amounts shall then be averaged across all the states.

(3) "Child," "pupil," or "student" is a person eligible to attend kindergarten or any grades 1 to 12, inclusive.

(4) "Parent" is any person having legal or effective custody of a child.

(5) "Gender" means either a male human being or a female human being.

(g) The Legislature may enact a statute pursuant to Section 12 of Article IV for the necessary support of the community colleges in each fiscal year this section is operative. The intent of the people is that any such statute fully fund the demand for programs offered by the community colleges.

SECTION 4. Section 8.5 is added to Article IX of the Constitution, to read:

SEC. 8.5. (a) The people of this state, in recognition of their right to promote the general welfare, to secure the blessings of liberty to themselves and their posterity, and to pursue happiness, find that parents and not the state have the right to choose the appropriate educational setting for their children, whether that setting is a public school or a private school. Therefore, parents who choose to send their children to schools operated or owned by an entity other than the state or any of its subdivisions or agencies are eligible to receive a scholarship which may be used for the education of their children, consistent with this section.

(b) Commencing with the fiscal year following the approval by the voters of this section, the parents of school age children whose children are starting kindergarten or were enrolled for the previous school year in any of the grades kindergarten through 11, inclusive, in a public school shall receive, upon request, a scholarship for purposes of providing the parent with additional choices in the type of educational setting in which to enroll their child.

(c) In the second fiscal year and each fiscal year thereafter until fully implemented, parents' phase in eligibility for scholarships shall be determined as follows.

Parents of children who were enrolled in any of the grades kindergarten through 11, inclusive, in a public school in the prior year and in,

(1) year two: all other parents of children in grades kindergarten through 2, inclusive,

(2) year three: all other parents of children in grades kindergarten through 8, inclusive,

(3) year four and each subsequent year: all parents.

(d) (1) The amount of a scholarship, excluding any increases provided pursuant to paragraph (2) of this subdivision, shall be in grades kindergarten to twelve, inclusive, the greater of four thousand dollars (\$4,000), one-half of the national average dollar per pupil funding defined pursuant to Section 8.3

of Article IX, or one-half of the amount of funds provided for the support of public schools divided by the enrollment of students enrolled in public schools in grades kindergarten through 12, inclusive if provided pursuant to Section 8.3.

(2) If a parent decides to apply for a scholarship to enroll their child in a scholarship-redeeming school, any scholarship amount that exceeds the tuition and fees of the scholarship-redeeming school for any year in which the pupil is in attendance shall be credited to an account on behalf of the parent for each eligible child to be managed by the State Treasurer. A parent may apply that surplus to supplement future tuition or fee costs that exceed the scholarship amount for that child in any of the grades one through twelve inclusive, and through the completion of an undergraduate degree. Any credit remaining on the date the pupil completes an undergraduate degree, or reaches 21 and is not enrolled in a scholarship-redeeming school, shall be credited to the state general fund.

(3) Costs to the State Treasurer pursuant to this subdivision shall be reimbursed from interest income earned on the management of these funds. The net interest earnings shall be deposited in the state general fund.

(4) The Legislature may enact statutes governing the management of the parent savings account.

(e) The amounts disbursed to parents for scholarships pursuant to this section shall not be calculated toward the amounts provided for the support of public schools pursuant to Section 8.3 of this article or Section 8 of Article XVI.

(f) Scholarships provided under this section are grants of aid to parents on behalf of their children, to provide parents with greater choice in selecting the most appropriate educational setting for their child, and not to the schools in which parents decide to enroll their children. These scholarships do not constitute taxable income to the parent or their child.

(g) After accepting a scholarship pursuant to this section, a parent may choose a non-public educational placement for the child and that selection is not, and shall not be deemed to be, a decision or act of the state or any of its subdivisions.

(h) (1) Any parent eligible pursuant to subdivision (c), having enrolled their child in a scholarship-redeeming school, may request a scholarship by providing proof of enrollment, tuition and fee information, and the address of the scholarship-redeeming school to the county office of education in the county in which the scholarship-redeeming school is located. The county office of education shall compile this information for all scholarship-redeeming parents within the county and shall submit the statement of current enrollment, tuition and fees, and addresses of scholarship-redeeming schools, to the Controller within 30 days of proof of enrollment.

(2) The Controller shall make four quarterly disbursements to the parent in the form of a check for the amount of the scholarship established pursuant to paragraph (1) of subdivision (d) adjusted for the amount transferred to or from the account established on behalf of the parent pursuant to paragraph (2) of subdivision (d). The Controller shall send the check to the address provided in paragraph (1). The parent shall restrictively endorse each quarterly check for application to the parent's account at the scholarship-redeeming school. In any fiscal year, the sum of the quarterly checks to a parent on behalf of a child shall not exceed the tuition and fees for that child at the scholarship-redeeming school.

(3) *If a pupil of a parent or guardian receiving a scholarship transfers from a scholarship-redeeming school, the school shall provide written notification of the transfer and its effective date to the county office of education within 10 days of the transfer. The county office of education shall notify the Controller of the transfer and the Controller shall prorate the disbursement(s) to reflect only the period of time in which the child was actually enrolled.*

(4) *At the end of each fiscal year, the Controller shall deposit the unused portion of each scholarship in the parent's account established pursuant to paragraph (2) of subdivision (d).*

(i) *(1) A private school may become a scholarship-redeeming school by filing with the Superintendent of Public Instruction a statement certifying that the school satisfies the legal requirements that applied to private schools on January 1, 1999, and each of the requirements set forth in paragraph (2).*

(2) *To become a scholarship-redeeming school, a school shall certify that it meets each of the following requirements:*

(A) *The school does not discriminate on the basis of race, ethnicity, color or national origin, or advocate unlawful behavior of any kind. Nothing precludes the establishment of same gender schools or classrooms.*

(B) *The school does not deliberately provide false or misleading information about the school.*

(C) *No person convicted of (i) any felony or crime involving moral turpitude, (ii) any offense involving lewd or lascivious conduct, or (iii) any offense involving molestation or other abuse of a child, shall own, contract with or be employed by the school.*

(D) *A high school shall certify either (i), that the school has obtained notice from the University of California, California State University, or any private college or university accredited by a regional accreditation agency or an accreditation agency recognized by the state, that coursework completed by a pupil at the high school in one or more academic subjects designated by the institution issuing notice will fulfill the institution's admission requirements in the designated subject or subjects if a pupil's grades and the duration of study are acceptable; or (ii), that it has received either accreditation or provisional accreditation from a regional accreditation agency or an accrediting agency recognized by the state.*

(3) *Each scholarship-redeeming school shall comply with each of the following requirements on an annual basis:*

(A) *Prepare a statement of financial condition that lists the revenues, expenses and debts of the school. These documents shall be provided to parents upon request.*

(B) *Administer nationally normed reference tests, mandated to be taken by pupils enrolled in public schools and that provide individual student scores, to pupils whose parents have accepted scholarships, for the purpose of monitoring academic improvement of these pupils. The composite results of the test scores of the pupils of parents who accepted scholarships for each grade level tested shall be released to the public. Individual results shall be released only to the child's parents and the school that the child attends.*

(4) *Any scholarship-redeeming school may establish a code of conduct and discipline and enforce the code with sanctions, including dismissal. The school shall provide to the parent a copy of the written code of conduct and discipline upon the pupil's admission to the school. A pupil who is responsible for serious or habitual misconduct related to school activity or school attendance may be*

dismissed. A dismissed pupil may use the unused portion of a scholarship for the balance of the year in which the dismissal occurred at any other scholarship-redeeming school that will grant admission, or may return to a public school and forego the scholarship. The scholarship-redeeming school shall notify the county office of education in writing within ten days of any such dismissal.

(5) Notwithstanding Section 8.7 of this article, the Legislature may by majority vote enact civil and criminal penalties for schools and persons who engage in fraudulent conduct in connection with the solicitation of pupils or the redemption of scholarships under this section.

SECTION 5. Section 8.7 is added to Article IX of the Constitution, to read:

SEC. 8.7. (a) Private schools, including scholarship-redeeming schools, regardless of size, need maximum flexibility to educate pupils. Therefore, private schools shall be free from unnecessary, burdensome or onerous regulation. In any legal proceeding challenging a state statute or any regulation promulgated pursuant to a state statute as inconsistent with this section, the state shall bear the burden of establishing that the statute or regulation is necessary and that the statute or regulation does not impose any undue burden on private schools, including scholarship-redeeming schools.

(b) Except as provided in this section, private schools including scholarship-redeeming schools, are not subject to any state regulation beyond the state statutes, in effect and as enforced, that applied to private schools on January 1, 1999, including, but not limited to, Article 1 (commencing with Section 32000), Article 2 (commencing with Section 32020), and Article 5 (commencing with Section 32050) of Chapter 1 of Part 19 of, Article 5 (commencing with Section 33190) and Article 10.5 (commencing with Section 35295) of Chapter 2 of Part 20 of, and Sections 44237, 48200, 48202, 48222, 49068, 49069, and 51202 of, the Education Code. No additional statutes shall be enacted by the Legislature pertaining to private schools, including scholarship-redeeming private schools, unless approved by a three-fourths vote of the membership of each house of the Legislature.

(c) No regulation or ordinance may be enacted on or after the approval by the voters of this section that affects private schools, including scholarship-redeeming schools and that pertains to health, safety or land use and is imposed by any county, city, city and county, district or other subdivision of the state, except by a two-thirds vote of the governmental body issuing or enacting the regulation or ordinance and a majority vote of qualified electors within the affected jurisdiction. In any legal proceeding challenging a regulation or ordinance as inconsistent with this subdivision, the governmental body issuing or enacting the regulation or ordinance shall bear the burden of establishing that the regulation or ordinance meets each of the following criteria:

(1) It is essential to assure the health, safety or education of pupils, or, as to any land use regulation, that the governmental body has a compelling interest in issuing or enacting the regulation or ordinance.

(2) It does not unduly burden or impede private schools or the parents of students attending private schools.

(3) It does not harass, injure or suppress private schools.

(4) It does not infringe on a parent or guardian's freedom to make decisions regarding the quality and content of their child's education, or whether the child attends a public or private school, including a scholarship-redeeming school.

SECTION 6. Section 8.8 is added to Article IX of the Constitution, to read:

SEC. 8.8. If any portion of Section 8.5 of Article IX is enjoined from being utilized by parents to expand their choice in educational settings for their children at any class of schools, it shall not prevent Section 8.5 of Article IX from being operative for any other school or class of schools not explicitly covered by the judicial order.

STATUTES OF CALIFORNIA

1999–2000

REGULAR SESSION

2000 CHAPTERS

CHAPTER 1

An act to amend Sections 45105, 45122, 45243, 45244, 45245, 45246, 45249, 45286, and 45304 of the Education Code, relating to classified school employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 22, 2000. Filed with
Secretary of State February 22, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 45105 of the Education Code is amended to read:

45105. (a) Positions not requiring certification qualifications created by a governing board of a school district under the Manpower Development and Training Act of 1962, the Economic Opportunity Act of 1964, the Elementary and Secondary Education Act of 1965, or Section 11300 or Section 13650 of the Welfare and Institutions Code, any future federal or state legislative enactment, or any other special funding, and which are not a part of the regular school program shall, nevertheless, be a part of the classified service as established by Section 45103 or 45256.

Persons employed in these positions shall be classified employees and shall enjoy all of the rights, burdens and benefits accorded other classified employees. Their selection and retention shall be made on the same basis as that of persons selected for positions that are a part of the regular school program.

(b) (1) Notwithstanding subdivision (a), if specially funded positions are restricted to employment of persons in low-income groups, from designated impoverished areas or other criteria which restricts the privilege of all citizens to compete for employment in the positions, all these positions shall, in addition to the regular class title, be classified as "restricted." Their selection and retention shall be made on the same basis as that of persons selected and retained in positions that are a part of the regular school program, except that persons employed in the following categories of restricted positions shall not be subject to Section 45272 or 45273:

(A) The position of instructional aide, as defined in Section 45343.

(B) Any other position involving personal contacts with pupils or parents that is established to assist school-staff personnel responsible for school-community relations; educational support services for such areas as counseling, library or health; or the correction or prevention of behavioral problems.

(2) Persons employed in positions properly classified as “restricted” shall be classified employees for all purposes except:

(A) They shall not be accorded employment permanency under Section 45113 or 45301, whichever is applicable.

(B) They shall not acquire seniority credits for the purposes of Sections 45298 and 45308 or, in a district not having the merit (civil service) system, for the purposes of layoff for lack of work or lack of funds as may be established by rule of the governing board.

(C) Sections 45287 and 45289 shall not apply to “restricted” employees.

(D) They shall not be eligible for promotion into the regular classified service or, in districts that have adopted the merit system, shall not be subject to the provisions of Section 45241, until they have complied with the provisions of subdivision (c).

(c) At any time, after completion of six months of satisfactory service, a person serving in a “restricted” position shall be given the opportunity to take qualifying examinations that are required for all other persons serving in the same class in the regular classified service. If the person satisfactorily completes the qualifying examination, regardless of final numerical listing on an eligibility list, he or she shall be accorded full rights, benefits and burdens of any other classified employee serving in the regular classified service. His or her service in the regular classified service shall be counted from the original date of employment in the “restricted” position and shall continue even though he or she continues to serve in a “restricted” position.

(d) This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 6 (commencing with Section 45240) of this chapter.

(e) It is the intent of the Legislature in enacting this section to clearly set forth that positions normally a part of the classified service are included in the classified service regardless of the source of income to sustain the positions and to effectively implement specially funded programs intended to provide job opportunities for untrained and impoverished persons but to do so in a manner that will not be disruptive nor detrimental to the normal employment procedures relating to classified school service.

SEC. 2. Section 45122 of the Education Code is amended to read:

45122. Whenever a governing board of a school district requires a physical examination to be taken by a classified employee or employees, either by rule or by its direction or the direction of its authorized district administrator; or when classified employees are required by law to submit to a physical examination for continuance in employment, the board shall either provide the required examination, cause it to be

provided, or provide the employee with reasonable reimbursement for the required examination.

If the governing board requires a physical examination or an examination is required by law as a condition of preemployment, it may cause the required examination to be given. It may, if an applicant is required to take a preemployment physical examination, provide for reasonable reimbursement if the applicant is subsequently employed by the district.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 6 (commencing with Section 45240) of this chapter.

SEC. 3. Section 45243 of the Education Code is amended to read: 45243. In any district that has adopted this article there shall be appointed a personnel commission composed of three members. If two or more districts are under the jurisdiction of governing boards of identical personnel, only one commission shall be appointed. In those cases this article shall apply alike to all of the districts, and the expenses of the commission shall be paid out of the general funds of all of the districts in proportion to the benefits derived therefrom as determined by the governing board.

SEC. 4. Section 45244 of the Education Code is amended to read: 45244. (a) To be eligible for appointment or reappointment to the commission a person shall meet both of the following requirements:

(1) Be a registered voter and resident within the territorial jurisdiction of the school district.

(2) Be a known adherent to the principle of the merit system. No member of the governing board of any school district or a county board of education shall be eligible for appointment, reappointment, or continuance as a member of the commission. During his or her term of service, a member of the commission shall not be an employee of the school district.

(b) As used in this section, residence is that place in which his or her habitation is fixed, wherein the person has the intention of remaining, and to which, whenever he or she is absent, the person has the intention of returning. At a given time, a person may have only one residence.

(c) As used in this section, "known adherent to the principle of the merit system," with respect to a new appointee, means a person who by the nature of his or her prior public or private service has given evidence that he or she supports the concept of employment, continuance in employment, in-service promotional opportunities, and other related matters on the basis of merit and fitness. As used in this section, "known adherent to the principle of the merit system," with respect to a candidate for reappointment, means a commissioner who has clearly demonstrated

through meeting attendance and actions that he or she does, in fact, support the merit system and its operation.

SEC. 5. Section 45245 of the Education Code is amended to read:

45245. One member of the personnel commission shall be appointed by the governing board of the district and one member, nominated by the classified employees of the district, shall be appointed by the governing board of the district. Those two members shall, in turn, appoint the third member.

As used in this section, "classified employees" shall mean an exclusive representative which represents the largest number of noncertificated employees in a unit or units within the district. If there is no exclusive representative within the district, the governing board shall, by written rule, prescribe the method by which the recommendation is to be made by its classified employees.

SEC. 6. Section 45246 of the Education Code is amended to read:

45246. (a) Within 30 days after adoption of the system, the governing board shall publicly announce its intended appointee or appointees, as appropriate, and the appointee or appointees, as appropriate, nominated by its classified employees. As soon after their appointment as practicable but within 30 days, the appointed members shall announce their intended appointee for the third member. They may consider the recommendations of the governing board, the classified employees, or other concerned citizens. If these members do not announce their intended appointee within the 30-day period, the Superintendent of Public Instruction shall make the appointment.

"Adoption of the system" means, in the case of Section 45221, the day on which a successful election is certified to the governing board or, in the case of Section 45224, the day the governing board approves a motion, order, or resolution to adopt the system regardless of the date specified for operational commencement of the system.

(b) Where a system is already in existence and a vacancy will exist on December 1, by not later than September 30:

(1) The governing board shall publicly announce the name of the person it intends to appoint or reappoint, if the vacancy is its appointee.

(2) The appointee of the governing board and the appointee or appointees of the classified employees shall publicly announce the name of the person they intend to appoint, if the vacancy is their appointee.

If the governing board and the classified employees of the district are unable to agree upon a nomination by September 30, the Superintendent of Public Instruction shall make the appointment within 30 days.

(c) Where a system is already in existence and a vacancy in a position nominated by the classified employees will occur, the classified employees shall submit the name of its nominee to the governing board at least 30 days before the date on which the vacancy will occur and the

governing board shall appoint that nominee to be effective on the date on which the vacancy would occur.

(d) At a board meeting to be held after 30 and within 45 days of the dates specified in subdivision (a) and paragraph (1) of subdivision (b), as the case may be, the governing board in open hearing shall provide the public and employees and employee organizations the opportunity to express their views on the qualifications of those persons recommended by the governing board for appointment.

The board at the time may make its appointment or may make a substitute appointment or recommendation without further notification or public hearing.

In the case of the nominees of the classified employees, the board shall appoint the nominee, unless the classified employees voluntarily withdraw the name of the nominee and submit the name of a new nominee. In the latter case, the board then shall appoint the new nominee.

(e) If a vacancy exists because of a failure of the classified employees to agree on a nominee, the board may make an emergency appointment as authorized in subdivision (b) of Section 45248. If there is no personnel director, the board nevertheless may make an emergency interim appointment under this subdivision.

(f) At the next regularly scheduled personnel commission meeting to be held after 30 days from adoption of the system, as specified in subdivision (a), or at the next regularly scheduled personnel commission meeting to be held after 30 days from the day the intended appointee is announced, as specified in paragraph (2) of subdivision (b), as the case may be, the appointee of the governing board and the appointee nominated by the classified employees shall, in an open hearing, provide the public and employees and employee organizations the opportunity to express their views on the qualifications of each candidate recommended for the vacancy. Each candidate shall be invited to this meeting.

The appointee of the governing board and the appointee nominated by the classified employees may make their appointment or may make a substitute appointment or recommendation without further notification or public hearing.

(g) A commissioner whose term has expired may continue to discharge the duties of the office until a successor is appointed, but for no more than 90 calendar days.

SEC. 7. Section 45249 of the Education Code is amended to read:
45249. In a school district that has already adopted this article on September 17, 1965, members of the personnel commission shall be appointed by the Superintendent of Public Instruction who shall consider the recommendation of the governing board and other

interested parties. Subsequent appointments shall be made in accordance with this section.

No later than 90 days before making the appointment, the Superintendent of Public Instruction shall notify the classified employees and the governing board, in writing, of the vacancy on the personnel commission and provide them with guidelines and procedures for making a recommendation and challenging a nomination. If a vacancy occurs during the term of a member of the personnel commission, the superintendent may appoint a new member after providing the foregoing notice no later than 30 days before making the appointment.

A commissioner whose term has expired may continue to discharge the duties of the office until a successor is appointed but for no more than 90 calendar days.

As used in this section, "classified employees" means an organization of classified employees that represents the greatest number of classified employees of the district as determined by the board. If no organization exists within the district, the governing board, by written rule, shall prescribe the method by which the recommendation is to be made by its classified employees.

SEC. 8. Section 45286 of the Education Code is amended to read: 45286. Whenever the appointing power shall require the appointment of a person to a position, the duration of which is not to exceed six months, or, in case of an appointment in lieu of an absent employee, is not to exceed the authorized absence of said employee, the appointing power shall submit a request in which the probable duration of the appointment is stated. Eligibles shall be certified in accordance with their position on the appropriate employment list and their willingness to accept appointment to such position as limited-term employees. Limited-term employees shall be subject to conditions affecting status and tenure during and after employment that the commission may by rule determine. Notwithstanding these limitations on the duration of these positions, the commission may, based on a declaration of an emergency by the President of the United States or the Governor, authorize an extension that may not exceed one year. The duties of the extended position must be related to the emergency.

SEC. 9. Section 45304 of the Education Code is amended to read: 45304. (a) For reasonable causes, an employee may be suspended without pay for not more than 30 days, except as provided in this section, or may be demoted or dismissed. In this case, the school district shall, within 10 days of the suspension, demotion, or dismissal, file written charges with the commission. The personnel director shall give to the employee or deposit in the United States registered mail with postage prepaid, addressed to the employee at his or her last known place of

address, a copy of the charges and inform the employee of his or her appeal rights.

(b) Whenever an employee of a school district or county office of education is charged with a mandatory leave of absence offense, as defined in subdivision (a) of Section 44940, the governing board of the school district shall immediately place the employee upon a compulsory leave of absence for a period of time extending for not more than 10 days after the date of entry of the judgment in the proceedings. Once the employee is placed on leave of absence, he or she is subject to the provisions of Section 44940.5.

(c) Whenever an employee of a school district or county office of education is charged with an optional leave of absence offense, as defined in subdivision (b) of Section 44940, the governing board of the school district may immediately place the employee upon a compulsory leave of absence in accordance with the provisions of Section 44940.5.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the provisions of this act to be applicable as soon as possible and thereby increase the efficiency of provisions of the Education Code pertaining to classified employees of a school district at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 2

An act relating to forestry and fire protection, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 23, 2000. Filed with
Secretary of State February 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of sixty-three million two hundred thousand dollars (\$63,200,000) is hereby appropriated from the General Fund to the Department of Forestry and Fire Protection, for expenditure for the 1999–2000 fiscal year, in accordance with the following schedule:

(1) For allocation to the department, in augmentation of Item 3540-001-0001 of Section 2.00 of the Budget Act of 1999, to provide funding for costs associated with peak firefighting staffing beyond

normally budgeted amounts during the extended 1999 fire season, the sum of one million two hundred thousand dollars (\$1,200,000).

(2) For allocation to the department, in augmentation of Item 3540-006-0001 of Section 2.00 of the Budget Act of 1999, and for purposes of emergency fire suppression and detection costs, as provided in that item, the sum of sixty-two million dollars (\$62,000,000).

(b) The Director of Finance may withhold authorization for the expenditure of funds provided in this section until, and to the extent that, estimates of potential deficiencies are verified.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide needed funds for fire protection staffing and emergency fire suppression and detection costs, and to ensure the same amount and intensity of fire protection for lands of the same type, thereby providing critical fire protection for forest resources, at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 3

An act to amend Sections 12206, 17058, and 23610.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor February 23, 2000. Filed with
Secretary of State February 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 12206 of the Revenue and Taxation Code is amended to read:

12206. (a) (1) There shall be allowed as a credit against the "tax" (as defined by Section 12201) a state low-income housing tax credit in an amount equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code, except as otherwise provided in this section.

(2) "Taxpayer," for purposes of this section, means the sole owner in the case of a C corporation, the partners in the case of a partnership, and the shareholders in the case of an S corporation.

(3) "Housing sponsor," for purposes of this section, means the sole owner in the case of a C corporation, the partnership in the case of a partnership, and the S corporation in the case of an S corporation.

(b) (1) The amount of the credit allocated to any housing sponsor shall be authorized by the California Tax Credit Allocation Committee, or any successor thereof, based on a project's need for the credit for economic feasibility in accordance with the requirements of this section.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) The project's housing sponsor shall have been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It shall qualify for a credit under Section 42(h)(4)(B) of the Internal Revenue Code.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(B) In the case of a partnership or an S corporation, the housing sponsor shall provide a copy of the California Tax Credit Allocation Committee certification to the taxpayer.

(C) The taxpayer shall attach a copy of the certification to any return upon which a tax credit is claimed under this section.

(D) In the case of a failure to attach a copy of the certification for the year to the return in which a tax credit is claimed under this section, no credit under this section shall be allowed for that year until a copy of that certification is provided.

(E) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code shall apply to this section.

(F) No credit shall be allocated under this section to buildings located in a difficult development area or a qualified census tract as defined in Section 42 of the Internal Revenue Code for which the eligible basis of a new building or the rehabilitation expenditure of an existing building is 130 percent of that amount pursuant to Section 42(d)(5)(C) of the Internal Revenue Code, unless the committee reduces the amount of federal credit, with the approval of the applicant, so that the combined amount of federal and state credit shall not exceed the total credit allowable pursuant to this section and Section 42(b) of the Internal Revenue Code, computed without regard to Section 42(d)(5)(C) of the Internal Revenue Code.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building that receives an allocation after 1989 and is a new building not federally subsidized, the term “applicable percentage” means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, in lieu of the percentage prescribed in Section 42(b)(1)(A) of the Internal Revenue Code.

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are federally subsidized for the taxable year.

(B) For the fourth year, the difference between 13 percent and the sum of the applicable percentages for the first three years.

(3) For purposes of this section, the term “at risk of conversion,” with respect to an existing building means a building that satisfies all of the following criteria:

(A) The building is presently owned by a housing sponsor other than a qualified nonprofit organization.

(B) The building is a federally assisted building for which the low-income use restrictions will terminate or the mortgage on the building is eligible for incentives under Subtitle 13 of the Emergency Low Income Housing Assistance Act of 1987 or under Section 502(c) of the Housing Act of 1949, anytime in the two calendar years after the year of application to the California Tax Credit Allocation Committee, and the purchaser has received preliminary approval from the applicable federal agency for a maximum level of incentives through a plan of action.

(A) An amount not to exceed 8 percent of the lesser of:

(i) The owner equity which shall include the amount of the capital contributions actually paid to the housing sponsor and shall not include any amounts until they are paid on an investor note.

(ii) Twenty percent of the adjusted basis of the building as of the close of the first income year of the credit period.

(B) The amount of the cash-flow from those units in the building that are not low-income units. For purposes of computing cash-flow under this subparagraph, operating costs shall be allocated to the low-income units using the "floor space fraction," as defined in Section 42 of the Internal Revenue Code.

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may accumulate and be distributed any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an S corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

(H) The remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period, include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies, and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(l) In the case where the state credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, shall apply to calendar years after 1993.

(n) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) The project's housing sponsor has been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code.

(ii) It qualifies for a credit under Section 42(h)(4)(B) of the Internal Revenue Code.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(B) In the case of a partnership or an S corporation, the housing sponsor shall provide a copy of the California Tax Credit Allocation Committee certification to the taxpayer.

(C) The taxpayer shall, upon request, provide a copy of the certification to the Franchise Tax Board.

(D) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code shall apply to this section.

(E) For buildings located in designated difficult development areas or qualified census tracts as defined in Section 42(d)(5)(C) of the Internal Revenue Code, credits may be allocated under this section in the amounts prescribed in subdivision (c), provided that the amount of credit allocated under Section 42 of the Internal Revenue Code is computed on 100 percent of the qualified basis of the building.

(c) Section 42(b) of the Internal Revenue Code shall be modified as follows:

(1) In the case of any qualified low-income building placed in service by the housing sponsor during 1987, the term "applicable percentage" means 9 percent for each of the first three years and 3 percent for the fourth year for new buildings (whether or not the building is federally subsidized) and for existing buildings.

(2) In the case of any qualified low-income building that receives an allocation after 1989 and is a new building not federally subsidized, the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are not federally subsidized for the taxable year, determined in accordance with the requirements of Section 42(b)(2) of the Internal Revenue Code, in lieu of the percentage prescribed in Section 42(b)(1)(A).

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(3) In the case of any qualified low-income building that receives an allocation after 1989 and that is a new building that is federally subsidized or that is an existing building that is "at risk of conversion," the term "applicable percentage" means the following:

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are federally subsidized for the taxable year.

(B) For the fourth year, the difference between 13 percent and the sum of the applicable percentages for the first three years.

(4) For purposes of this section, the term “at risk of conversion,” with respect to an existing building means a building that satisfies all of the following criteria:

(A) The building is presently owned by a housing sponsor other than a qualified nonprofit organization.

(B) The building is a federally assisted building for which the low-income use restrictions will terminate or the building is eligible for prepayment under Subtitle 13 of the Emergency Low Income Housing Assistance Act of 1987 or under Section 502(c) of the Housing Act of 1949, anytime in the two calendar years after the year of application to the California Tax Credit Allocation Committee, and the purchaser has received preliminary approval from the applicable federal agency for a maximum level of incentives through a plan of action.

(C) The person acquiring the building enters into a regulatory agreement that requires the building to be operated in accordance with the requirements of this section for a period equal to the greater of 55 years or the life of the building.

(D) The building satisfies the requirements of Section 42(e) of the Internal Revenue Code regarding rehabilitation expenditures, except that the provisions of Section 42(e)(3)(A)(ii)(I) shall not apply.

(d) The term “qualified low-income housing project” as defined in Section 42(c)(2) of the Internal Revenue Code is modified by adding the following requirements:

(1) The taxpayer shall be entitled to receive a cash distribution from the operations of the project, after funding required reserves, which, at the election of the taxpayer, shall be equal to:

(A) An amount not to exceed 8 percent of the lesser of:

(i) The owner equity, which shall include the amount of the capital contributions actually paid to the housing sponsor and shall not include any amounts until they are paid on an investor note.

(ii) Twenty percent of the adjusted basis of the building as of the close of the first income year of the credit period.

(B) The amount of the cash-flow from those units in the building that are not low-income units. For purposes of computing cash-flow under this subparagraph, operating costs shall be allocated to the low-income units using the “floor space fraction,” as defined in Section 42 of the Internal Revenue Code.

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may accumulate and be distributed at any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an S corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code.

(e) The provisions of Section 42(f) of the Internal Revenue Code shall be modified as follows:

(1) The term "credit period" as defined in Section 42(f)(1) of the Internal Revenue Code is modified by substituting "four income years" for "10 taxable years."

(2) The special rule for the first taxable year of the credit period under Section 42(f)(2) of the Internal Revenue Code shall not apply to the tax credit under this section.

(3) Section 42(f)(3) of the Internal Revenue Code is modified to read:

If, as of the close of any income year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the later of the income years in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code shall not be applicable and instead the following provisions shall be applicable:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (5), (6)(E)(i)(II), (6)(F), (6)(G), (6)(I), (7), and (8) of Section 42(h) of the Internal Revenue Code shall not be applicable.

(g) The aggregate housing credit dollar amount that may be allocated annually by the California Tax Credit Allocation Committee pursuant to this section, Section 12206, and Section 17058 shall be an amount equal to the sum of the following:

(1) Fifty million dollars (\$50,000,000) for the 1999 calendar year and each calendar year thereafter.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar

amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(h) The term "compliance period" as defined in Section 42(i)(1) of the Internal Revenue Code is modified to mean, with respect to any building, the period of 30 consecutive income years beginning with the first income year of the credit period with respect thereto.

(i) Section 42(j) of the Internal Revenue Code shall not be applicable and the following shall be substituted in its place:

The requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, and this agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code shall apply, provided that the agreement includes all of the following provisions:

- (1) A term not less than the compliance period.
- (2) A requirement that the agreement be filed in the official records of the county in which the qualified low-income housing project is located.
- (3) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.
- (4) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto, and that allows individuals, whether prospective, present, or former occupants of the building, who meet the income limitation applicable to the building the right to enforce the regulatory agreement in any state court.
- (5) A provision incorporating the requirements of Section 42 of the Internal Revenue Code as modified by this section.
- (6) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code.
- (7) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(8) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code.

(3) Notwithstanding Section 42(m) of the Internal Revenue Code, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate that there is a need for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies, and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which a substantial number, as defined by the committee, of all residential units are low-income units with three and more bedrooms.

(ii) Projects providing single-room occupancy units serving very low income tenants.

(iii) Existing projects that are “at risk of conversion,” as defined by paragraph (4) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner’s equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(5) Not less than 20 percent of the low-income housing tax credits available annually under this section, Section 12206, and Section 17058 shall be set aside for allocation to rural areas as defined in Section 50199.21 of the Health and Safety Code. Any amount of credit set aside

for rural areas remaining on or after October 31 of any calendar year shall be available for allocation to any eligible project. No amount of credit set aside for rural areas shall be considered available for any eligible project so long as there are eligible rural applications pending on October 31.

(k) Section 42(l) of the Internal Revenue Code shall be modified as follows:

The term "secretary" shall be replaced by the term "California Franchise Tax Board."

(l) In the case where the state credit allowed under this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(n) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, shall apply to calendar years after 1989.

(p) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(q) (1) A corporation may elect to assign any portion of any credit allowed under this section to one or more affiliated corporations for each income year in which the credit is allowed. For purposes of this subdivision, "affiliated corporation" has the meaning provided in subdivision (b) of Section 25110, as that section was amended by Chapter 881 of the Statutes of 1993, as of the last day of the income year in which the credit is allowed, except that "100 percent" is substituted for "more than 50 percent" wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993, and "voting common stock" is substituted for "voting stock" wherever it

appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993.

(2) The election provided in paragraph (1):

(A) May be based on any method selected by the corporation that originally receives the credit.

(B) Shall be irrevocable for the income year the credit is allowed, once made.

(C) May be changed for any subsequent income year if the election to make the assignment is expressly shown on each of the returns of the affiliated corporations that assign and receive the credits.

(r) Any unused credit may continue to be carried forward, as provided in subdivision (k), until the credit has been exhausted.

This section shall remain in effect on or after December 1, 1990, for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credits, remains in effect.

(s) The amendments to this section made by the act adding this subdivision shall apply only to income years beginning on or after January 1, 1994, except that paragraph (1) of subdivision (q), as amended, shall apply to income years beginning on or after January 1, 1993.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

[Approved by Governor April 5, 2000. Filed with
Secretary of State April 6, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 972.1 of the Military and Veterans Code, as amended by Section 2 of Chapter 318 of the Statutes of 1997, is amended to read:

972.1. (a) The sum of five hundred thousand dollars (\$500,000) is hereby appropriated from the General Fund to the Department of Veterans Affairs for allocation, during the 1989–90 fiscal year, for purposes of funding the activities of county veteran service officers pursuant to this section. Funds for allocation in future years shall be as provided in the annual Budget Act.

(b) Funds shall be disbursed each fiscal year on a pro rata basis to counties that have established and maintain a county veteran service officer in accordance with the staffing level and workload of each county veteran service officer under a formula based upon performance that shall be developed by the Department of Veterans Affairs for these purposes.

(c) The department shall annually determine the amount of new or increased monetary benefits paid to eligible veterans by the federal government attributable to the assistance of county veteran service officers. The department shall on or before January 1, prepare and transmit its determination for the preceding fiscal year to the Department of Finance and the Legislature. The Department of Finance shall review the department's determination in time to use the information in the

annual Budget Act for the budget of the department for the next fiscal year.

(d) (1) The Legislature finds and declares that 50 percent of the amount annually budgeted for county veteran service officers is approximately five million dollars (\$5,000,000). The Legislature further finds and declares that it is an efficient and reasonable use of state funds to increase the annual budget for county veteran service officers in an amount not to exceed five million dollars (\$5,000,000) if it is justified by the monetary benefits to the state's veterans attributable to the effort of these officers.

(2) It is the intent of the Legislature, after reviewing the department's determination in subdivision (c), to consider an increase in the annual budget for county veteran service officers in an amount not to exceed five million dollars (\$5,000,000), if the monetary benefits to the state's veterans attributable to the assistance of county veteran service officers justify that increase in the budget.

(e) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2. Section 972.1 of the Military and Veterans Code, as amended by Section 3 of Chapter 318 of the Statutes of 1997, is amended to read:

972.1. (a) The sum of five hundred thousand dollars (\$500,000) is hereby appropriated from the General Fund to the Department of Veterans Affairs for allocation, during the 1989-90 fiscal year, for purposes of funding the activities of county veteran service officers pursuant to this section. Funds for allocation in future years shall be as provided in the annual Budget Act.

(b) Funds shall be disbursed each fiscal year on a pro rata basis to counties that have established and maintain a county veteran service officer in accordance with the staffing level and workload of each county veteran service officer under a formula based upon performance that shall be developed by the Department of Veterans Affairs for these purposes, and that shall allocate county funds in any fiscal year for county veterans service officers in an amount not less than the amount allocated in the 1988-89 fiscal year.

(c) The department shall annually determine the amount of new or increased monetary benefits paid to eligible veterans by the federal government attributable to the assistance of county veteran service officers. The department shall on or before January 1, prepare and transmit its determination for the preceding fiscal year to the Department of Finance and the Legislature. The Department of Finance shall review the department's determination in time to use the information in the

annual Budget Act for the budget of the department for the next fiscal year.

(d) (1) The Legislature finds and declares that 50 percent of the amount annually budgeted for county veteran service officers is approximately five million dollars (\$5,000,000). The Legislature further finds and declares that it is an efficient and reasonable use of state funds to increase the annual budget for county veteran service officers in an amount not to exceed five million dollars (\$5,000,000) if it is justified by the monetary benefits to the state's veterans attributable to the effort of these officers.

(2) It is the intent of the Legislature, after reviewing the department's determination in subdivision (c), to consider an increase in the annual budget for county veteran service officers in an amount not to exceed five million dollars (\$5,000,000), if the monetary benefits to the state's veterans attributable to the assistance of county veteran service officers justify that increase in the budget.

(e) This section shall become operative January 1, 2006.

CHAPTER 12

An act to add Section 22754.1 to the Government Code, relating to public employees.

[Approved by Governor April 14, 2000. Filed with
Secretary of State April 17, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the provision of health benefits to certain employees of the California State University is important for improved relations between the employees and the employer. This act would restore eligibility for health benefits to a group of employees who historically had health benefits. Represented employees in this group were intended to receive those benefits under the collective bargaining agreement negotiated between the university and its faculty bargaining unit.

SEC. 2. Section 22754.1 is added to the Government Code, to read:
22754.1. (a) In addition to subdivision (b) of Section 22754, as used in this part, "employee" also means any teaching associate, lecturer, coach, or interpreter employed by the California State University who is appointed to work in an academic year classification for at least six weighted teaching units for one semester, or for at least six weighted teaching units for two or more consecutive quarter terms.

(b) This section shall not apply to a state member employed by the California State University, unless provided for in a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1, or authorized by the Trustees of the California State University for employees excluded from collective bargaining.

CHAPTER 13

An act to amend Section 3097 of the Civil Code, relating to mechanics' liens, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 14, 2000. Filed with
Secretary of State April 17, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 3097 of the Civil Code is amended to read:

3097. "Preliminary 20-day notice (private work)" means a written notice from a claimant that is given prior to the recording of a mechanic's lien, prior to the filing of a stop notice, and prior to asserting a claim against a payment bond, and is required to be given under the following circumstances:

(a) Except one under direct contract with the owner or one performing actual labor for wages as described in subdivision (a) of Section 3089, or a person or entity to whom a portion of a laborer's compensation is paid as described in subdivision (b) of Section 3089, every person who furnishes labor, service, equipment, or material for which a lien or payment bond otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this title, shall, as a necessary prerequisite to the validity of any claim of lien, payment bond, and of a notice to withhold, cause to be given to the owner or reputed owner, to the original contractor, or reputed contractor, and to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(b) Except the contractor, or one performing actual labor for wages as described in subdivision (a) of Section 3089, or a person or entity to whom a portion of a laborer's compensation is paid as described in subdivision (b) of Section 3089, all persons who have a direct contract with the owner and who furnish labor, service, equipment, or material for which a lien or payment bond otherwise can be claimed under this title, or for which a notice to withhold can otherwise be given under this

title, shall, as a necessary prerequisite to the validity of any claim of lien, claim on a payment bond, and of a notice to withhold, cause to be given to the construction lender, if any, or to the reputed construction lender, if any, a written preliminary notice as prescribed by this section.

(c) The preliminary notice referred to in subdivisions (a) and (b) shall contain the following information:

(1) A general description of the labor, service, equipment, or materials furnished, or to be furnished, and an estimate of the total price thereof.

(2) The name and address of the person furnishing that labor, service, equipment, or materials.

(3) The name of the person who contracted for purchase of that labor, service, equipment, or materials.

(4) A description of the jobsite sufficient for identification.

(5) The following statement in boldface type:

NOTICE TO PROPERTY OWNER

If bills are not paid in full for the labor, services, equipment, or materials furnished or to be furnished, a mechanic's lien leading to the loss, through court foreclosure proceedings, of all or part of your property being so improved may be placed against the property even though you have paid your contractor in full. You may wish to protect yourself against this consequence by (1) requiring your contractor to furnish a signed release by the person or firm giving you this notice before making payment to your contractor, or (2) any other method or device that is appropriate under the circumstances.

(6) If the notice is given by a subcontractor who has failed to pay all compensation due to his or her laborers on the job, the notice shall also contain the identity and address of any laborer and any express trust fund to whom employer payments are due.

If an invoice for materials or certified payroll contains the information required by this section, a copy of the invoice, transmitted in the manner prescribed by this section shall be sufficient notice.

A certificated architect, registered engineer, or licensed land surveyor who has furnished services for the design of the work of improvement and who gives a preliminary notice as provided in this section not later than 20 days after the work of improvement has commenced shall be deemed to have complied with subdivisions (a) and (b) with respect to architectural, engineering, or surveying services furnished, or to be furnished.

(d) The preliminary notice referred to in subdivisions (a) and (b) shall be given not later than 20 days after the claimant has first furnished labor,

service, equipment, or materials to the jobsite. If labor, service, equipment, or materials have been furnished to a jobsite by a claimant who did not give a preliminary notice, that claimant shall not be precluded from giving a preliminary notice at any time thereafter. The claimant shall, however, be entitled to record a lien, file a stop notice, and assert a claim against a payment bond only for labor, service, equipment, or material furnished within 20 days prior to the service of the preliminary notice, and at any time thereafter.

(e) Any agreement made or entered into by an owner, whereby the owner agrees to waive the rights or privileges conferred upon the owner by this section shall be void and of no effect.

(f) The notice required under this section may be served as follows:

(1) If the person to be notified resides in this state, by delivering the notice personally, or by leaving it at his or her address of residence or place of business with some person in charge, or by first-class registered or certified mail, postage prepaid, addressed to the person to whom notice is to be given at his or her residence or place of business address or at the address shown by the building permit on file with the authority issuing a building permit for the work, or at an address recorded pursuant to subdivision (j).

(2) If the person to be notified does not reside in this state, by any method enumerated in paragraph (1) of this subdivision. If the person cannot be served by any of these methods, then notice may be given by first-class certified or registered mail, addressed to the construction lender or to the original contractor.

(3) When service is made by first-class certified or registered mail, service is complete at the time of the deposit of that registered or certified mail.

(g) A person required by this section to give notice to the owner, to an original contractor, and to a person to whom a notice to withhold may be given, need give only one notice to the owner, to the original contractor, and to the person to whom a notice to withhold may be given with respect to all materials, service, labor, or equipment he or she furnishes for a work of improvement, that means the entire structure or scheme of improvements as a whole, unless the same is furnished under contracts with more than one subcontractor, in which event, the notice requirements shall be met with respect to materials, services, labor, or equipment furnished to each contractor.

If a notice contains a general description required by subdivision (a) or (b) of the materials, services, labor, or equipment furnished to the date of notice, it is not defective because, after that date, the person giving notice furnishes materials, services, labor, or equipment not within the scope of this general description.

(h) If the contract price to be paid to any subcontractor on a particular work of improvement exceeds four hundred dollars (\$400), the failure of that contractor, licensed under Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, to give the notice provided for in this section, constitutes grounds for disciplinary action by the Registrar of Contractors.

If the notice is required to contain the information set forth in paragraph (6) of subdivision (c), a failure to give the notice, including that information, that results in the filing of a lien, claim on a payment bond, or the delivery of a stop notice by the express trust fund to which the obligation is owing constitutes grounds for disciplinary action by the Registrar of Contractors against the subcontractor if the amount due the trust fund is not paid.

(i) Every city, county, city and county, or other governmental authority issuing building permits shall, in its application form for a building permit, provide space and a designation for the applicant to enter the name, branch, designation, if any, and address of the construction lender and shall keep the information on file open for public inspection during the regular business hours of the authority.

If there is no known construction lender, that fact shall be noted in the designated space. Any failure to indicate the name and address of the construction lender on the application, however, shall not relieve any person from the obligation to give to the construction lender the notice required by this section.

(j) A mortgage, deed of trust, or other instrument securing a loan, any of the proceeds of which may be used for the purpose of constructing improvements on real property, shall bear the designation "Construction Trust Deed" prominently on its face and shall state all of the following: (1) the name and address of the lender, and the name and address of the owner of the real property described in the instrument, and (2) a legal description of the real property which secures the loan and, if known, the street address of the property. The failure to be so designated or to state any of the information required by this subdivision shall not affect the validity of the mortgage, deed of trust, or other instrument.

Failure to provide this information on this instrument when recorded shall not relieve persons required to give preliminary notice under this section from that duty.

The county recorder of the county in which the instrument is recorded shall indicate in the general index of the official records of the county that the instrument secures a construction loan.

(k) Every contractor and subcontractor employing laborers as described in subdivision (a) of Section 3089 who has failed to pay those laborers their full compensation when it became due, including any employer payments described in Section 1773.1 of the Labor Code and

regulations adopted thereunder shall, without regard to whether the work was performed on a public or private work, cause to be given to those laborers, their bargaining representatives, if any, and to the construction lender, if any, or to the reputed construction lender, if any, not later than the date the compensation became delinquent, a written notice containing all of the following:

- (1) The name of the owner and the contractor.
- (2) A description of the jobsite sufficient for identification.
- (3) The identity and address of any express trust fund described in Section 3111 to which employer payments are due.
- (4) The total number of straight time and overtime hours on each job.
- (5) The amount then past due and owing.

Failure to give this notice shall constitute grounds for disciplinary action by the Registrar of Contractors.

(l) Every written contract entered into between a property owner and an original contractor shall provide space for the owner to enter his or her name and address of residence; and place of business if any. The original contractor shall make available the name and address of residence of the owner to any person seeking to serve the notice specified in subdivision (c).

(m) Every written contract entered into between a property owner and an original contractor, except home improvement contracts and swimming pool contracts subject to Article 10 (commencing with Section 7150) of Chapter 9 of Division 3 of the Business and Professions Code, shall provide space for the owner to enter the name and address of the construction lender or lenders. The original contractor shall make available the name and address of the construction lender or lenders to any person seeking to serve the notice specified in subdivision (c). Every contract entered into between an original contractor and subcontractor, and between subcontractors, shall provide a space for the name and address of the owner, original contractor, and any construction lender.

(n) Where one or more construction loans are obtained after commencement of construction, the property owner shall provide the name and address of the construction lender or lenders to each person who has given the property owner the notice specified in subdivision (c).

(o) (1) Each person who has served a preliminary 20-day notice pursuant to subdivision (f) may file the preliminary 20-day notice with the county recorder in the county in which any portion of the property is located. A preliminary 20-day notice filed pursuant to this section shall contain all of the following:

(A) The name and address of the person furnishing the labor, service, equipment, or materials.

(B) The name of the person who contracted for purchase of the labor, service, equipment, or materials.

(C) The common street address of the jobsite.

(2) Upon the acceptance for recording of a notice of completion or notice of cessation the county recorder shall mail to those persons who have filed a preliminary 20-day notice, notification that a notice of completion or notice of cessation has been recorded on the property, and shall affix the date that the notice of completion or notice of cessation was recorded with the county recorder.

(3) The failure of the county recorder to mail the notification to the person who filed a preliminary 20-day notice, or the failure of those persons to receive the notification or to receive complete notification, shall not affect the period within which a claim of lien is required to be recorded. However, the county recorder shall make a good faith effort to mail notification to those persons who have filed the preliminary 20-day notice under this section and to do so within five days after the recording of a notice of completion or notice of cessation.

(4) This new function of the county recorder shall not become operative until July 1, 1988. The county recorder may cause to be destroyed all documents filed pursuant to this section, two years after the date of filing.

(5) The preliminary 20-day notice which a person may file pursuant to this subdivision is for the limited purpose of facilitating the mailing of notice by the county recorder of recorded notices of completion and notices of cessation. The notice which is filed is not a recordable document and shall not be entered into those official records of the county which by law impart constructive notice. Notwithstanding any other provision of law, the index maintained by the recorder of filed preliminary 20-day notices shall be separate and distinct from those indexes maintained by the county recorder of those official records of the county which by law impart constructive notice. The filing of a preliminary 20-day notice with the county recorder does not give rise to any actual or constructive notice with respect to any party of the existence or contents of a filed preliminary 20-day notice nor to any duty of inquiry on the part of any party as to the existence or contents of that notice.

(p) (1) The change made to the statement described in subdivision (c) by Chapter 974 of the Statutes of 1994 shall have no effect upon the validity of any notice that otherwise meets the requirements of this section. The failure to provide, pursuant to Chapter 974 of the Statutes of 1994, a written preliminary notice to a subcontractor with whom the claimant has contracted shall not affect the validity of any preliminary notice provided pursuant to this section.

(2) (A) The inclusion of the language added to paragraph (5) of subdivision (c) by Chapter 795 of the Statutes of 1999, shall not affect the validity of any preliminary notice given on or after January 1, 2000,

and prior to the operative date of the amendments to this section enacted at the 2000 portion of the 1999–2000 Regular Session, that otherwise meets the requirements of that subdivision.

(B) A preliminary notice given on or after January 1, 2000, and prior to the operative date of the amendments to this section enacted at the 2000 portion of the 1999–2000 Regular Session, shall not be invalid because of the failure to include the language added to paragraph (5) of subdivision (c) by Chapter 795 of the Statutes of 1999, if the notice otherwise complies with that subdivision.

(C) The failure to provide an affidavit form or notice of rights, or both, pursuant to the requirements of Chapter 795 of the Statutes of 1999, shall not affect the validity of any preliminary notice pursuant to this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Section 3097 of the Civil Code, as amended by Chapter 795 of the Statutes of 1999 (Senate Bill 914), effective January 1, 2000, references provisions of the Civil Code that were not enacted. This bill deletes those erroneous references by changing the “Notice to Owner” in paragraph (5) of subdivision (c) of that section to its previous language and deleting subdivision (q) of that section.

In no event shall apportionment payments exceed 30 percent of the total annual apportionment to the Trial Court Trust Fund for state trial court funding in any 90-day period.

(2) The apportionment payments shall be made by the Controller. For fiscal year 1997–98, the Controller shall make the first apportionment payment within 10 days of the operative date of this section. The final payment from the Trial Court Trust Fund for each fiscal year shall be made on or before August 31 of the subsequent fiscal year.

As soon as possible, but no later than February 1, 2001, the Judicial Council, in consultation with the California State Association of Counties and the California County Auditors Association, shall study and make recommendations to the Legislature on alternative procedures that would improve the collection and remittance of revenues to the Trial Court Trust Fund.

However, if the court finds by clear and convincing evidence that the appointment of the spouse, who is a party to an action or proceeding against the proposed conservatee for legal separation, dissolution, separation, annulment, adjudication of nullity of their marriage, or has obtained a judgment in any of these proceedings, is in the best interests of the proposed conservatee, the court may appoint the spouse.

(c) At the hearing, or thereafter on further notice and hearing, the conservator may be discharged and the bond given by the conservator may be exonerated upon the settlement and approval of the conservator's final account by the court.

This authority shall be liberally construed to effectuate the intent of this article.

CHAPTER 25

An act to add Sections 36424.1 and 37207.1 to the Water Code, relating to water, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 2000. Filed with
Secretary of State May 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 36424.1 is added to the Water Code, to read:
36424.1. (a) This section applies only to the Santa Margarita Water District.

(b) The Legislature finds and declares both of the following:

(1) In 1978, the voters of the Santa Margarita Water District authorized the sale of bonds for its improvement district number four in which the bond proceeds are available for water and sewer facilities.

(2) In 1998, the Capistrano School District created a Mello-Roos Community Facilities District in which the bond proceeds are available for water, sewer, roads, and other facilities for a portion of the area to be served by the improvement district.

(c) It is the intent of the Legislature to allow the Santa Margarita Water District the flexibility to establish equity with regard to the manner in which the district's water and sewer bonds are repaid,

recognizing that a portion of the water and sewer facilities for the improvement district area will be financed by bonds issued pursuant to the Mello-Roos Community Facilities Act of 1982 (Ch. 2.5 (commencing with Sec. 53311), Pt. 1, Div. 2, Title 5, Gov. C.), instead of all water and sewer facilities being financed by the district's water and sewer bonds.

(d) For the purpose of making the annual estimate of the amount required to pay the principal of, and interest on, general obligation bonds of the Santa Margarita Water District for improvement district number four pursuant to Section 36424, the board of the district may designate two separate areas within the improvement district, with one area financed by the school district's bonds under Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code and the other area not so financed.

(e) If the district exercises the authority authorized by this section, the amount of principal and interest allocated each year to the area without the bonds issued under Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code (1) shall not be less, to the extent possible, than the amount needed to repay the principal and interest actually owed on the water and sewer bonds if that amount is spread uniformly across all of the assessed value of property within the improvement district, and (2) shall not be more, to the extent possible, than that amount that would have been allocated if (A) all water and sewer facilities had been financed by the water district's water and sewer bonds, subject to a limit of the amount of water and sewer bonds actually authorized, and (B) the entire improvement district was responsible to repay these amounts.

(f) The board shall not designate separate areas unless it receives a report from an independent financial consultant or engineer that the designation of the proposed areas and the allocation of the estimated amount required to repay the principal of, and interest on, the bonds to the areas, in accordance with subdivision (e), will not adversely affect the board's ability to levy ad valorem assessments that will be sufficient to pay the principal of, and interest on, the bonds and the board determines that the designation of the areas and the allocation of the amount will not be adverse to the interests of the holders of the bonds. Notwithstanding subdivision (e), if the report indicates that the allocation described in subdivision (e) will adversely affect the board's ability to levy ad valorem assessments that are sufficient to pay the principal of, and interest on, the bonds or that that allocation may be adverse to the interests of the holders of the bonds, the district may designate two separate areas within improvement district number four in accordance with subdivision (d) and levy ad valorem assessments in amounts necessary to avoid those adverse effects.

SEC. 2. Section 37207.1 is added to the Water Code, to read:

37207.1. (a) This section applies only to the Santa Margarita Water District.

(b) If the board determines pursuant to Section 36424.1 to designate areas within an improvement district for which the Santa Margarita Water District has issued general obligation bonds, the board shall submit to the county auditor and the board of supervisors an estimate, in writing, of the amount of money required to be raised by assessment for the payment of the amount allocated by the board to each area for the payment of the principal of, and interest on, the bonds issued for the improvement district. Upon receiving the estimate, the board of supervisors shall levy an ad valorem assessment upon all lands within each designated area that is sufficient to raise the amount set forth in the estimate of the board.

(c) The district shall reimburse the county for any additional costs in carrying out the provisions of this section.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution as a result of the infrastructure requirements applicable to the Santa Margarita Water District.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to more equitably assess property in the Santa Margarita Water District at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 26

An act to amend Section 1351 of the Civil Code, and to amend Sections 66412 and 66452.10 of the Government Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 2000. Filed with
Secretary of State May 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1351 of the Civil Code is amended to read:
1351. As used in this title, the following terms have the following meanings:

(a) "Association" means a nonprofit corporation or unincorporated association created for the purpose of managing a common interest development.

(b) "Common area" means the entire common interest development except the separate interests therein. The estate in the common area may be a fee, a life estate, an estate for years, or any combination of the foregoing. However, the common area for a planned development specified in paragraph (2) of subdivision (k) may consist of mutual or reciprocal easement rights appurtenant to the separate interests.

(c) "Common interest development" means any of the following:

(1) A community apartment project.

(2) A condominium project.

(3) A planned development.

(4) A stock cooperative.

(d) "Community apartment project" means a development in which an undivided interest in land is coupled with the right of exclusive occupancy of any apartment located thereon.

(e) "Condominium plan" means a plan consisting of (1) a description or survey map of a condominium project, which shall refer to or show monumentation on the ground, (2) a three-dimensional description of a condominium project, one or more dimensions of which may extend for an indefinite distance upwards or downwards, in sufficient detail to identify the common areas and each separate interest, and (3) a certificate consenting to the recordation of the condominium plan pursuant to this title signed and acknowledged by the following:

(i) The record owner of fee title to that property included in the condominium project.

(ii) In the case of a condominium project which will terminate upon the termination of an estate for years, the certificate shall be signed and acknowledged by all lessors and lessees of the estate for years.

(iii) In the case of a condominium project subject to a life estate, the certificate shall be signed and acknowledged by all life tenants and remainder interests.

(iv) The certificate shall also be signed and acknowledged by either the trustee or the beneficiary of each recorded deed of trust, and the mortgagee of each recorded mortgage encumbering the property.

Owners of mineral rights, easements, rights-of-way, and other nonpossessory interests do not need to sign the condominium plan. Further, in the event a conversion to condominiums of a community apartment project or stock cooperative has been approved by the required number of owners, trustees, beneficiaries, and mortgagees pursuant to Section 66452.10 of the Government Code, the certificate need only be signed by those owners, trustees, beneficiaries, and mortgagees approving the conversion.

A condominium plan may be amended or revoked by a subsequently acknowledged recorded instrument executed by all the persons whose signatures would be required pursuant to this subdivision.

(f) A “condominium project” means a development consisting of condominiums. A condominium consists of an undivided interest in common in a portion of real property coupled with a separate interest in space called a unit, the boundaries of which are described on a recorded final map, parcel map, or condominium plan in sufficient detail to locate all boundaries thereof. The area within these boundaries may be filled with air, earth, or water, or any combination thereof, and need not be physically attached to land except by easements for access and, if necessary, support. The description of the unit may refer to (1) boundaries described in the recorded final map, parcel map, or condominium plan, (2) physical boundaries, either in existence, or to be constructed, such as walls, floors, and ceilings of a structure or any portion thereof, (3) an entire structure containing one or more units, or (4) any combination thereof. The portion or portions of the real property held in undivided interest may be all of the real property, except for the separate interests, or may include a particular three-dimensional portion thereof, the boundaries of which are described on a recorded final map, parcel map, or condominium plan. The area within these boundaries may be filled with air, earth, or water, or any combination thereof, and need not be physically attached to land except by easements for access and, if necessary, support. An individual condominium within a condominium project may include, in addition, a separate interest in other portions of the real property.

(g) “Declarant” means the person or group of persons designated in the declaration as declarant, or if no declarant is designated, the person or group of persons who sign the original declaration or who succeed to special rights, preferences, or privileges designated in the declaration as belonging to the signator of the original declaration.

(h) “Declaration” means the document, however denominated, which contains the information required by Section 1353.

(i) “Exclusive use common area” means a portion of the common areas designated by the declaration for the exclusive use of one or more,

but fewer than all, of the owners of the separate interests and which is or will be appurtenant to the separate interest or interests.

(1) Unless the declaration otherwise provides, any shutters, awnings, window boxes, doorsteps, stoops, porches, balconies, patios, exterior doors, door frames, and hardware incident thereto, screens and windows or other fixtures designed to serve a single separate interest, but located outside the boundaries of the separate interest, are exclusive use common areas allocated exclusively to that separate interest.

(2) Notwithstanding the provisions of the declaration, internal and external telephone wiring designed to serve a single separate interest, but located outside the boundaries of the separate interest, are exclusive use common areas allocated exclusively to that separate interest.

(j) "Governing documents" means the declaration and any other documents, such as bylaws, operating rules of the association, articles of incorporation, or articles of association, which govern the operation of the common interest development or association.

(k) "Planned development" means a development (other than a community apartment project, a condominium project, or a stock cooperative) having either or both of the following features:

(1) The common area is owned either by an the association or in common by the owners of the separate interests who possess appurtenant rights to the beneficial use and enjoyment of the common area.

(2) A power exists in the association to enforce an obligation of an owner of a separate interest with respect to the beneficial use and enjoyment of the common area by means of an assessment which may become a lien upon the separate interests in accordance with Section 1367.

(l) "Separate interest" has the following meanings:

(1) In a community apartment project, "separate interest" means the exclusive right to occupy an apartment, as specified in subdivision (d).

(2) In a condominium project, "separate interest" means an individual unit, as specified in subdivision (f).

(3) In a planned development, "separate interest" means a separately owned lot, parcel, area, or space.

(4) In a stock cooperative, "separate interest" means the exclusive right to occupy a portion of the real property, as specified in subdivision (m).

Unless the declaration or condominium plan, if any exists, otherwise provides, if walls, floors, or ceilings are designated as boundaries of a separate interest, the interior surfaces of the perimeter walls, floors, ceilings, windows, doors, and outlets located within the separate interest are part of the separate interest and any other portions of the walls, floors, or ceilings are part of the common areas.

The estate in a separate interest may be a fee, a life estate, an estate for years, or any combination of the foregoing.

(m) "Stock cooperative" means a development in which a corporation is formed or availed of primarily for the purpose of holding title to, either in fee simple or for a term of years, improved real property, and all or substantially all of the shareholders of the corporation receive a right of exclusive occupancy in a portion of the real property, title to which is held by the corporation. The owners' interest in the corporation, whether evidenced by a share of stock, a certificate of membership, or otherwise, shall be deemed to be an interest in a common interest development and a real estate development for purposes of subdivision (f) of Section 25100 of the Corporations Code.

A "stock cooperative" includes a limited equity housing cooperative which is a stock cooperative that meets the criteria of Section 33007.5 of the Health and Safety Code.

A local agency or advisory agency shall limit its review and approval to a determination of whether or not the parcels resulting from the lot line adjustment will conform to local zoning and building ordinances. An advisory agency or local agency shall not impose conditions or exactions on its approval of a lot line adjustment except to conform to local zoning and building ordinances, to require the prepayment of real property taxes prior to the approval of the lot line adjustment, or to facilitate the relocation of existing utilities, infrastructure, or easements. No tentative map, parcel map, or final map shall be required as a condition to the approval of a lot line adjustment. The lot line adjustment shall be reflected in a deed, which shall be recorded. No record of survey shall be required for a lot line adjustment unless required by Section 8762 of the Business and Professions Code.

(2) A final or parcel map of the project was properly recorded, if the property was subdivided, as defined in Section 66424, after January 1, 1964, with all of the conditions of that map remaining in effect after the conversion.

(3) The local agency certifies that the above requirements were satisfied if the local agency, by ordinance, provides for that certification.

(4) Subject to compliance with subdivision (e) of Section 1351 of the Civil Code, all conveyances and other documents necessary to effectuate the conversion shall be executed by the required number of owners in the project as specified in the bylaws or other organizational documents. If the bylaws or other organizational documents do not expressly specify the number of owners necessary to execute the conveyances and other documents, a majority of owners in the project shall be required to execute the conveyances or other documents. Conveyances and other documents executed under the foregoing provisions shall be binding upon and affect the interests of all parties in the project.

(h) Unless a parcel or final map was approved by the legislative body of a local agency, the conversion of a stock cooperative, as defined in Section 11003.2 of the Business and Professions Code, to a condominium, as defined in Section 783 of the Civil Code, but only if all of the following requirements are met:

(1) At least 51 percent of the units in the cooperative were occupied by stockholders of the cooperative on January 1, 1981, or individually owned by stockholders of the cooperative on January 1, 1981. As used in this paragraph, a cooperative unit is "individually owned" if and only if the stockholder of that unit owns or partially owns an interest in no more than one unit in the cooperative.

(2) No more than 25 percent of the shares of the cooperative were owned by any one person, as defined in Section 17, including an incorporator or director of the cooperative, on January 1, 1981.

(3) A person renting a unit in a cooperative shall be entitled at the time of conversion to all tenant rights in state or local law, including, but not limited to, rights respecting first refusal, notice, and displacement and relocation benefits.

(5) Subject to compliance with subdivision (e) of Section 1351 of the Civil Code, all conveyances and other documents necessary to effectuate the conversion shall be executed by the required number of owners in the cooperative as specified in the bylaws or other organizational documents. If the bylaws or other organizational documents do not expressly specify the number of owners necessary to execute the conveyances and other documents, a majority of owners in the cooperative shall be required to execute the conveyances or other documents. Conveyances and other documents executed under the foregoing provisions shall be binding upon and affect the interests of all parties in the cooperative.

(i) The leasing of, or the granting of an easement to, a parcel of land, or any portion or portions thereof, in conjunction with the financing, erection, and sale or lease of a windpowered electrical generation device on the land, if the project is subject to discretionary action by the advisory agency or legislative body.

If the bylaws or other organizational documents do not expressly specify the number of votes required to approve the conversion, a majority vote of the (1) owners and (2) trustees or

beneficiaries of each recorded deed of trust and mortgagees of each recorded mortgage in the cooperative or project shall be required. Upon approval of the conversion as set forth above and in compliance with subdivision (e) of Section 1351 of the Civil Code, all conveyances and other documents necessary to effectuate the conversion shall be executed by the required number of owners in the cooperative or project as specified in the bylaws or other organizational documents. An act to amend Section 1204 of the Health and Safety Code, relating to health care facilities.

[Approved by Governor May 30, 2000. Filed with
Secretary of State May 31, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1204 of the Health and Safety Code is amended to read:

1204. Clinics eligible for licensure pursuant to this chapter are primary care clinics and specialty clinics.

(a) (1) Only the following defined classes of primary care clinics shall be eligible for licensure:

(A) A “community clinic” means a clinic operated by a tax-exempt nonprofit corporation that is supported and maintained in whole or in part by donations, bequests, gifts, grants, government funds or contributions, that may be in the form of money, goods, or services. In a community clinic, any charges to the patient shall be based on the

patient's ability to pay, utilizing a sliding fee scale. No corporation other than a nonprofit corporation, exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a community clinic; provided, that the licensee of any community clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a community clinic.

(B) A "free clinic" means a clinic operated by a tax-exempt, nonprofit corporation supported in whole or in part by voluntary donations, bequests, gifts, grants, government funds or contributions, that may be in the form of money, goods, or services. In a free clinic there shall be no charges directly to the patient for services rendered or for drugs, medicines, appliances, or apparatuses furnished. No corporation other than a nonprofit corporation exempt from federal income taxation under paragraph (3) of subsection (c) of Section 501 of the Internal Revenue Code of 1954 as amended, or a statutory successor thereof, shall operate a free clinic; provided, that the licensee of any free clinic so licensed on the effective date of this section shall not be required to obtain tax-exempt status under either federal or state law in order to be eligible for, or as a condition of, renewal of its license. No natural person or persons shall operate a free clinic.

(2) Nothing in this subdivision shall prohibit a community clinic or a free clinic from providing services to patients whose services are reimbursed by third-party payers, or from entering into managed care contracts for services provided to private or public health plan subscribers, as long as the clinic meets the requirements identified in subparagraphs (A) and (B). For purposes of this subdivision, any payments made to a community clinic by a third-party payer, including, but not limited to, a health care service plan, shall not constitute a charge to the patient. This paragraph is a clarification of existing law.

(b) The following types of specialty clinics shall be eligible for licensure as specialty clinics pursuant to this chapter:

(1) A "surgical clinic" means a clinic that is not part of a hospital and that provides ambulatory surgical care for patients who remain less than 24 hours. A surgical clinic does not include any place or establishment owned or leased and operated as a clinic or office by one or more physicians or dentists in individual or group practice, regardless of the name used publicly to identify the place or establishment, provided, however, that physicians or dentists may, at their option, apply for licensure.

(2) A “chronic dialysis clinic” means a clinic that provides less than 24-hour care for the treatment of patients with end-stage renal disease, including renal dialysis services.

(3) A “rehabilitation clinic” means a clinic that, in addition to providing medical services directly, also provides physical rehabilitation services for patients who remain less than 24 hours. Rehabilitation clinics shall provide at least two of the following rehabilitation services: physical therapy, occupational therapy, social, speech pathology, and audiology services. A rehabilitation clinic does not include the offices of a private physician in individual or group practice.

(4) An “alternative birth center” means a clinic that is not part of a hospital and that provides comprehensive perinatal services and delivery care to pregnant women who remain less than 24 hours at the facility.

[Approved by Governor June 8, 2000. Filed with
Secretary of State June 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Chapter 3.3 (commencing with Section 6261) of Part 1 of Division 2 of the Revenue and Taxation Code imposes a three hundred dollar (\$300) smog impact fee on used motor vehicles that were last registered outside of this state and are not certified to meet the state's vehicle emission control requirements. The fee is due upon the initial registration of the vehicle in this state.

(b) The smog impact fee has been collected by the Department of Motor Vehicles on behalf of the state since October 1990, during which

time approximately 1,700,000 vehicle owners have paid the fee, resulting in a total amount of approximately five hundred million dollars (\$500,000,000).

(c) Lawsuits challenging the imposition of the smog impact fee were the subject in the case of *Jordan v. Department of Motor Vehicles* (1999) 75 Cal.App.4th 449, in which the court ruled that imposition of the smog impact fee is unconstitutional and ordered the state to refund the fees to the plaintiffs.

(d) The Governor, in November 1999, announced that the state would not appeal the decision of the court in the case cited under subdivision (c) and that the state would refund the smog impact fee, plus interest, to all persons who have paid the fee. The Governor also instructed the Department of Motor Vehicles to stop collecting the fee and made provision in the proposed 2000–01 Budget Act for legislation appropriating funds to pay the smog impact fee refunds with interest.

(e) The Legislature, through enactment of this act and its companion measure, Senate Bill 215, intends to do all of the following:

(1) Repeal existing provisions of law that establish and impose the smog impact fee.

(2) Require the Department of Motor Vehicles to search its records and promptly identify those persons who were, at the time the application for registration was completed, the registered owner or lessee of the vehicle and who are eligible for a refund of the smog impact fee.

(3) Notify all eligible recipients of the pending refunds and provide a simplified verification and claims procedure for those refunds.

(4) Promptly provide payment of the smog impact fee refunds to eligible persons, including the three hundred dollar (\$300) fee, any penalty fee collected for late payment of the smog impact fee, and any interest earned on those charges.

(5) Appropriate the full amount of funds necessary to refund the smog impact fee, any penalty fee collected for late payment of the smog impact fee, and any interest due to those who paid the fee.

SEC. 2. Section 17139.5 is added to the Revenue and Taxation Code, to read:

17139.5. For taxpayers who were not allowed to deduct the vehicle smog impact fee imposed by Section 6262 when paid or incurred, any interest paid by this state in conjunction with the refund of the smog impact fee shall be excluded from gross income.

SEC. 3. Section 1673 is added to the Vehicle Code, to read:

1673. For the purposes of refunding the smog impact fee, as prescribed in Sections 1673.2 and 1673.4, “registered owner or lessee” means the person or persons to whom the registration or title was issued when the transaction that included the imposition of the smog impact fee

under Chapter 3.3 (commencing with Section 6261) of Part 1 of Division 2 of the Revenue and Taxation Code was completed.

SEC. 4. Section 1673.2 is added to the Vehicle Code, to read:

1673.2. (a) The department, in coordination with the Department of Finance, shall do all of the following:

(1) Search its records to identify the registered owner or lessee. Except as required under Section 1673.4, the department shall mail to the registered owner or lessee a refund notification form notifying the registered owner or lessee that he or she is eligible for a refund of the smog impact fee. This form shall identify the vehicle make and year, and include a refund claim that shall be signed, under penalty of perjury, and returned to the department.

(2) Shall acknowledge by mail claims for refund from registered owners or lessees received prior to the effective date of this section.

(3) Except as provided in Section 1673.4, shall verify whether the information provided in any claim is true and correct and shall refund the three hundred dollar (\$300) smog impact fee, plus the amount of any penalty collected for late payment of the smog impact fee, and any interest earned on those charges, to the person shown to be the registered owner or lessee.

(b) Notwithstanding Section 926.19 of the Government Code, interest shall be paid on all claims at a single annual rate, calculated by the Department of Finance, that averages the annualized interest rates earned by the Pooled Money Investment Account for the period beginning October 1990 and ending on the effective date of this section. Interest on each refund shall be calculated from the date the smog impact fee and vehicle registration transaction was completed to the date the refund is issued. Accrual of interest shall terminate one year after the effective date of this section.

(c) (1) Notwithstanding any other provision of law, those who paid the smog impact fee between October 15, 1990, and October 19, 1999, may file a claim for refund.

(2) Claims for refund by a registered owner or lessee shall be filed with the Department of Motor Vehicles within three years of the effective date of this section.

SEC. 5. Section 1673.4 is added to the Vehicle Code, to read:

1673.4. (a) Any claim submitted by a person other than a registered owner or lessee shall be filed within 30 days from the effective date of this section.

(b) If a claimant other than the registered owner or lessee files a claim, or has filed a claim prior to the effective date of this section, for refund in a manner and form verified by the department, the department shall mail a notification to the registered owner or lessee informing that person that he or she is eligible for a refund of the smog impact fee and

that a competing claim for that fee has been filed. The registered owner or lessee shall have three years from the effective date of this section to inform the department that the registered owner or lessee opposes payment of the smog impact fee refund to the competing claimant. In that case, the refund shall be made to the registered owner or lessee and notice of that action shall be sent to the competing claimant. If the registered owner or lessee does not notify the department within the three-year period that he or she opposes the payment, the department shall pay the refund to the competing claimant.

(c) If any refund paid by the department under this section is disputed, any party that filed a claim may commence an action in small claims court. The small claims court action may not be filed if three years or more have elapsed from the date the department mailed the refund to either party.

(d) The State of California, its departments and agencies, and their officers or employees shall not be a party to a lawsuit between competing claimants relating to smog impact fee refunds.

SEC. 6. Section 1673.5 is added to the Vehicle Code, to read:

1673.5. The department shall attempt to recover any refund of the smog impact fee, or part thereof, that is erroneously made. Collection shall be initiated if the recipient fails to respond to the Department of Motor Vehicles' notice to pay the erroneous refund within 90 days in accordance with existing collection procedures utilized by the department.

SEC. 7. Section 1673.6 is added to the Vehicle Code, to read:

1673.6. It is unlawful to use a false or fictitious name, to knowingly make any false statement, or conceal any material fact on a refund claim for the smog impact fee that is filed with the department. A violation of this provision is punishable under Section 72 of the Penal Code. Any signed claim form submitted to the department for a refund of the smog impact fee shall be signed under penalty of perjury.

SEC. 8. Section 1673.7 is added to the Vehicle Code, to read:

1673.7. (a) The department shall include the following notice with each check issued as a refund of the smog impact fee:

“The enclosed check is a refund of the \$300 Smog Impact Fee you paid to the Department of Motor Vehicles when you initially registered an out-of-state vehicle in California. In the case of *Jordan v. Department of Motor Vehicles* (1999) 75 Cal.App.4th 449, the court ruled the smog impact fee unconstitutional. The enclosed check includes an interest payment which has been calculated from the date the fee was paid to the date the refund is issued.

“If you have any questions about the enclosed refund, please contact your local office of the Department of Motor Vehicles.”

(b) No notice other than the one required under subdivision (a) may be included with a smog impact fee refund check.

SEC. 9. There is hereby appropriated to the Department of Motor Vehicles the sum of ten million nine hundred eighty-four thousand dollars (\$10,984,000) from the General Fund for the administrative costs of issuing the smog impact fee refunds. Funds shall be expended by the Department of Motor Vehicles only for the purposes of making the refunds required under Section 1673.2 and 1673.4 of the Vehicle Code.

SEC. 10. This act shall become operative only if Senate Bill 215 of the 1999–2000 Regular Session is enacted and becomes operative.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide, at the earliest possible time, a refund to the public of the unconstitutionally imposed smog impact fee, it is necessary that this act take effect immediately.

and place specified, which shall be not less than four or more than eight weeks from the time of making the order, to show cause why the application for change of name should not be granted. A copy of the order to show cause shall be published pursuant to Section 6064 of the Government Code in a newspaper of general circulation to be designated in the order published in the county. If no newspaper of general circulation is published in the county, a copy of the order to show cause shall be posted by the clerk of the court in three of the most public places in the county in which the court is located, for a like period. Proof shall be made to the satisfaction of the court of this publication or posting, at the time of the hearing of the application.

Four weekly publications shall be sufficient publication of the order to show cause. If the order is published in a daily newspaper, publication once a week for four successive weeks shall be sufficient.

Where a petition has been filed for a minor and the other parent, if living, does not join in consenting thereto, the petitioner shall cause, not less than 30 days prior to the hearing, to be served notice of the time and place of the hearing or a copy of the order to show cause on the other parent pursuant to Section 413.10, 414.10, 415.10, or 415.40.

Upon the setting of a hearing on the issue, notice of the hearing shall be given to all parties in the action in a like manner and within the time limits prescribed generally for the type of hearing (whether trial or order to show cause) at which the issue of the change of name is to be decided.

A copy of the order to show cause shall be published pursuant to Section 6064 of the Government Code in a newspaper of general circulation to be designated in the order published in the county. At the hearing, the court may examine on oath any of the petitioners, remonstrants, or other persons, touching the application, and may make an order changing the name, or dismissing the application, as to the court may seem right and proper.

If no objection is filed the court may, without hearing, enter the order that the change of name is granted.

SEC. 3. Section 6205 of the Government Code is amended to read: 6205. The Legislature finds that persons attempting to escape from actual or threatened domestic violence frequently establish new names or addresses in order to prevent their assailants or probable assailants from finding them. The purpose of this chapter is to enable state and local agencies to respond to requests for public records without disclosing the changed name or location of a victim of domestic violence, to enable interagency cooperation with the Secretary of State in providing name and address confidentiality for victims of domestic violence, and to enable state and local agencies to accept a program participant's use of an address designated by the Secretary of State as a substitute mailing address.

(1) The program participant's certification term has expired and certification renewal has not been completed.

(c) If termination is a result of paragraph (1), (3), or (4) of subdivision (b), the address confidentiality program manager shall send written notification of the intended termination to the program participant. The program participant shall have five business days in which to appeal the termination under procedures developed by the Secretary of State.

(d) The address confidentiality program manager shall notify in writing the county elections official and authorized personnel of the appropriate county clerk's office, county recording office, and department of health of the program participant's certification withdrawal, invalidation, expiration, or termination.

(e) Upon receipt of this termination notification, authorized personnel shall transmit to the address confidentiality program manager all appropriate administrative records pertaining to the program participant and the record transmitting agency is no longer responsible for maintaining the confidentiality of a terminated program participant's record.

SEC. 8. Section 6208 of the Government Code is amended to read:

SEC. 2. Section 16060.5 of the Probate Code is amended to read:

16060.5. As used in this article, "terms of the trust" means the written trust instrument of an irrevocable trust or those provisions of a written trust instrument in effect at the settlor's death that describe or affect that portion of a trust that has become irrevocable at the death of the settlor. In addition, "terms of the trust" includes, but is not limited to, signatures, amendments, disclaimers, and any directions or instructions to the trustee that affect the disposition of the trust. "Terms of the trust" does not include documents which were intended to affect disposition only while the trust was revocable. If a trust has been completely restated, "terms of the trust" does not include trust instruments or amendments which are superseded by the last restatement before the settlor's death, but it does include amendments executed after the restatement. "Terms of the trust" also includes any document irrevocably exercising a power of appointment over the trust or over any portion of the trust which has become irrevocable.

SEC. 3. Section 16061.5 of the Probate Code is amended to read:

16061.5. (a) When a revocable trust or any portion of a revocable trust becomes irrevocable because of the death of one or more of the settlors of the trust, or because, by the express terms of the trust, the trust becomes irrevocable within one year of the death of a settlor because of a contingency related to the death of one or more of the settlors of the trust, the trustee shall provide a true and complete copy of the terms of the irrevocable trust, or irrevocable portion of the trust, to any beneficiary of the trust who requests it and to any heir of a deceased settlor who requests it.

(b) The trustee shall, for purposes of this section, rely upon any final judicial determination of heirship. However, the trustee shall have discretion to make a good faith determination by any reasonable means of the heirs of a deceased settlor in the absence of a final judicial determination of heirship known to the trustee.

SEC. 4. Section 16061.7 of the Probate Code is amended to read:

16061.7. (a) A trustee shall serve a notification by the trustee as described in this section in the following events:

(1) When a revocable trust or any portion thereof becomes irrevocable because of the death of one or more of the settlors of the trust, or because, by the express terms of the trust, the trust becomes irrevocable within one year of the death of a settlor because of a contingency related to the death of one or more of the settlors of the trust.

(2) Whenever there is a change of trustee of an irrevocable trust. The duty to serve the notification by the trustee is the duty of the continuing or successor trustee, and any one cotrustee may serve the notification.

(c) A trustee shall, for purposes of this section, rely upon any final judicial determination of heirship, known to the trustee, but the trustee shall have discretion to make a good faith determination by any reasonable means of the heirs of a deceased settlor in the absence of a final judicial determination of heirship known to the trustee.

(d) The trustee need not provide a copy of the notification by trustee to any beneficiary or heir (1) known to the trustee but who cannot be located by the trustee after reasonable diligence or (2) unknown to the trustee.

(e) The notification by trustee shall be served by mail to the last known address, pursuant to Section 1215, or by personal delivery.

(f) The notification by trustee shall be served not later than 60 days following the occurrence of the event requiring service of the notification by trustee, or 60 days after the trustee became aware of the existence of a person entitled to receive notification by trustee, if that person was not known to the trustee on the occurrence of the event requiring service of the notification. If there is a vacancy in the office of the trustee on the date of the occurrence of the event requiring service of the notification by trustee, or if that event causes a vacancy, then the 60-day period for service of the notification by trustee commences on the date the new trustee commences to serve as trustee.

(g) The notification by trustee shall contain the following information:

(1) The identity of the settlor or settlors of the trust and the date of execution of the trust instrument.

(2) The name, mailing address and telephone number of each trustee of the trust.

(3) The address of the physical location where the principal place of administration of the trust is located, pursuant to Section 17002.

(4) Any additional information that may be expressly required by the terms of the trust instrument.

(5) A notification that the recipient is entitled, upon reasonable request to the trustee, to receive from the trustee a true and complete copy of the terms of the trust.

(h) If the notification by the trustee is served because a revocable trust or any portion of it has become irrevocable because of the death of one or more settlors of the trust, or because, by the express terms of the trust, the trust becomes irrevocable within one year of the death of a settlor because of a contingency related to the death of one or more of the settlors of the trust, the notification by the trustee shall also include a warning, set out in a separate paragraph in not less than 10-point boldface type, or a reasonable equivalent thereof, that states as follows:

“You may not bring an action to contest the trust more than 120 days from the date this notification by the trustee is served upon you or 60 days from the date on which a copy of the terms of the trust is mailed or personally delivered to you, whichever is later.”

(i) Any waiver by a settlor of the requirement of serving the notification by trustee required by this section is against public policy and shall be void.

(j) A trustee may serve a notification by trustee in the form required by this section on any person in addition to those on whom the notification by trustee is required to be served. A trustee is not liable to any person for serving or for not serving the notice on any person in addition to those on whom the notice is required to be served. A trustee is not required to serve a notification by trustee if the event that otherwise requires service of the notification by trustee occurs before January 1, 1998.

SEC. 5. Section 16061.8 of the Probate Code is amended to read:

16061.8. No person upon whom the notification by the trustee is served pursuant to this chapter may bring an action to contest the trust more than 120 days from the date the notification by the trustee is served upon him or her, or 60 days from the day on which a copy of the terms of the trust is mailed or personally delivered to him or her, whichever is later.

SEC. 6. Section 16061.9 is added to the Probate Code, to read:

all damages, attorney's fees, and costs caused by the failure unless the trustee makes a reasonably diligent effort to comply with that section.

(b) A trustee who fails to serve the notification by trustee as required by Section 16061.7 on an heir who is not a beneficiary and whose identity is known to the trustee shall be responsible for all damages caused to the heir by the failure unless the trustee shows that the trustee made a reasonably diligent effort to comply with that section. For purposes of this subdivision, "reasonably diligent effort" means that the trustee has sent notice by first-class mail to the heir at the heir's last mailing address actually known to the trustee.

(c) A trustee, in exercising discretion with respect to the timing and nature of distributions of trust assets, may consider the fact that the period in which a beneficiary or heir could bring an action to contest the trust has not expired.

For purposes of this section, the taxable property of a district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property of the district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property within the district for the 1987–88 fiscal year by the gross assessed value of all unitary and operating nonunitary property within the county in which the district is located for the 1987–88 fiscal year, and multiplying that result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll.

(d) For purposes of this section, the taxable property of a district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property of the district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property within the district for the 1987–88 fiscal year by the gross assessed value of all unitary and operating nonunitary property within the county in which the district is located for the 1987–88 fiscal year, and multiplying the result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll. 836. (a) A peace officer may arrest a person in obedience to a warrant, or, pursuant to the authority granted to him or her by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, without a warrant, may arrest a person whenever any of the following circumstances occur:

(1) The officer has probable cause to believe that the person to be arrested has committed a public offense in the officer's presence.

(2) The person arrested has committed a felony, although not in the officer's presence.

(3) The officer has probable cause to believe that the person to be arrested has committed a felony, whether or not a felony, in fact, has been committed.

(b) Any time a peace officer is called out on a domestic violence call, it shall be mandatory that the officer make a good faith effort to inform the victim of his or her right to make a citizen's arrest. This information shall include advising the victim how to safely execute the arrest.

(c) (1) When a peace officer is responding to a call alleging a violation of a domestic violence protective or restraining order issued under the Family Code, Section 527.6 of the Code of Civil Procedure, Section 213.5 of the Welfare and Institutions Code, Section 136.2 of this code, or paragraph (2) of subdivision (a) of Section 1203.097 of this code, or of a domestic violence protective or restraining order issued by the court of another state, tribe, or territory and the peace officer has probable cause to believe that the person against whom the order is issued has notice of the order and has committed an act in violation of the order, the officer shall, consistent with subdivision (b) of Section 13701, make a lawful arrest of the person without a warrant and take that person into custody whether or not the violation occurred in the presence

Any of those amounts paid or payable prior to that date shall then be compared to the payments that would have been made pursuant to the program changes as approved by the federal government for all periods

of time permissible under federal law, and the difference, if any, shall be paid or recouped by the department, as appropriate.

Any of those amounts paid or payable prior to that date shall then be compared to the payments that would have been made pursuant to the program changes as approved by the federal government for all periods of time permissible under federal law, and the difference, if any, shall be paid or recouped by the department, as appropriate.

(8) As a limitation to paragraph (1), any amendment of this section enacted during the 1998 calendar year shall not be implemented until the department has obtained any approvals that are appropriate under federal law. Until appropriate federal approvals are obtained, the payment adjustment program shall continue as though amendments had not been enacted during the 1998 calendar year. When appropriate federal approvals have been obtained, the amendments enacted during the 1998 calendar year shall be implemented effective as of the earliest effective date permissible under federal law. Notwithstanding any other provision of law, on or after the date that federal approval is obtained, the payments made prior to that date with respect to the particular payment adjustment year shall be deemed nonfinal payments for purposes of this section and Section 14163. Any of those amounts paid or payable prior to that date shall then be compared to the payments that would have been made pursuant to the program changes as approved by the federal government for all periods of time permissible under federal law, and the difference, if any, shall be paid or recouped by the department, as appropriate.

Notwithstanding any other provision of law, on or after the date that federal approval is obtained, the payments made prior to that date with respect to the particular payment adjustment year shall be deemed nonfinal payments for purposes of this section and Section 14163. Any of those amounts paid or payable prior to that date shall then be compared to the payments that would have been made pursuant to the program changes as approved by the federal government for all periods of time permissible under federal law, and the difference, if any, shall be paid or recouped by the department, as appropriate.

(10) As a limitation to paragraph (1), any amendment of this section enacted during the period of June 1, 2000, to June 30, 2000, inclusive, shall not be implemented until the department has obtained any approvals that are appropriate under federal law. Until appropriate federal approvals are obtained, the payment adjustment program shall continue as though amendments had not been enacted during the period of June 1, 2000, to June 30, 2000, inclusive. When appropriate federal approvals have been obtained, the amendments enacted during the period of June 1, 2000, to June 30, 2000, inclusive, shall be implemented effective as of the earliest effective date permissible under federal law. Notwithstanding any other provision of law, on or after the date that federal approval is obtained, the payments made prior to that date with respect to the particular payment adjustment year shall be deemed nonfinal payments for purposes of this section and Section 14163. Any of those amounts paid or payable prior to that date shall then be compared to the payments that would have been made pursuant to the program changes as approved by the federal government for all periods of time permissible under federal law, and the difference, if any, shall be paid or recouped by the department, as appropriate.

(e) To qualify for payment adjustment amounts under this section, a hospital shall have been included on the disproportionate share list for the particular payment adjustment year. The list shall consist of those hospitals which satisfy both of the following requirements:

(1) The hospital shall meet the federal requirements for disproportionate share status set forth in subsection (d) of Section 1396r-4 of Title 42 of the United States Code.

(2) Either of the following shall apply:

(A) The hospital's medicaid inpatient utilization rate, as defined in Section 1396r-4(b)(2) of Title 42 of the United States Code, shall be at least one standard deviation above the mean medicaid inpatient utilization rate for hospitals receiving medicaid payments in the state.

(B) The hospital's low-income utilization rate shall exceed 25 percent.

(f) (1) For the 1991–92 payment adjustment year, a disproportionate share list shall be issued by the department no later than 65 days after the enactment of this section. For subsequent payment adjustment years, a tentative listing shall be prepared by the department at least 60 days before the beginning of the particular payment adjustment year, and a disproportionate share list shall be issued no later than five days after the beginning of the particular payment adjustment year. All state agencies shall take all necessary steps to supply the most recent data available to the department to meet these deadlines. The Office of Statewide Health Planning and Development shall provide to the department quarterly access to the edited and unedited confidential patient discharge data files for all Medi-Cal eligible patients. The department shall maintain the confidentiality of that data to the same extent as is required of the Office of Statewide Health Planning and Development. In addition, the Office of Statewide Health Planning and Development shall provide to the department no later than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year (except that for the 1991–92 payment adjustment year, the Office of Statewide Health Planning and Development shall provide data as it existed on the statewide data base file as of August 30, 1991), from all of the following:

(A) Hospital annual disclosure reports, filed with the Office of Statewide Health Planning and Development pursuant to Section 443.31 or 128735 of the Health and Safety Code, for hospital fiscal years which ended during the calendar year ending 13 months prior to the applicable February 1.

(B) Annual reports of hospitals, filed with the Office of Statewide Health Planning and Development pursuant to Section 439.2 or 127285 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(C) Hospital patient discharge data reports, filed with the Office of Statewide Health Planning and Development pursuant to subdivision (g) of Section 443.31 or 128735 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(D) Any other materials on file with the Office of Statewide Health Planning and Development.

(2) The disproportionate share list shall show all of the following:

(A) The name and license number of the hospital.

(B) Expressed as a percentage, the hospital's Medi-Cal utilization rate and low-income utilization rate as referred to in paragraph (2) of subdivision (e). The department shall determine these rates in accordance with paragraph (4).

(C) Based on the hospital's low-income utilization rate, the hospital's low-income number.

(3) The department shall determine a hospital's satisfaction of paragraph (1) of subdivision (e) based on the most recent annual data available, as it existed on the Office of Statewide Health Planning and Development statewide data base file as of February 1 of each year, and August 30 for the 1991-92 payment adjustment year, whether the data relates to operations under present or previous ownership.

(4) To determine a hospital's Medi-Cal inpatient utilization rate and low-income utilization rate for purposes of disproportionate share lists, the department shall utilize the same methodology, formulae, and data sources as set forth in connection with interim determinations in Attachment 4.19-A of the Medi-Cal State Plan (effective on or about July 1, 1990), and as subsequently amended by Medi-Cal State Plan amendments relating to the payment adjustment program submitted to and approved by the federal Health Care Financing Administration, except that the following shall apply:

(A) The calculations shall not be interim, but shall be final for purposes of this section.

(B) To the extent permitted by federal law, the payment adjustment amounts provided to hospitals pursuant to this section shall not be included for any purpose in the calculations and determinations made pursuant to this section.

(C) Any other variation otherwise required by this section or by federal law.

(D) The data utilized by the department shall relate to the hospital under present and previous ownership. When there has been a change of ownership, a change in the location of the main hospital facility, or a material change in patient admission patterns during the 24 months immediately prior to the payment adjustment year, and the change has resulted in a diminution of access for Medi-Cal inpatients at the hospital, all as determined by the department, the department shall, to the extent permitted by federal law, utilize current data that are reflective of the diminution of access, even if the data are not annual data.

(E) Unless expressly provided otherwise by this section, the hospital's low-income utilization rate shall be based on the most recent annual data available from annual hospital reports existing on the Office of Statewide Health Planning and Development data base file as of February 1 of each year.

(F) (i) If, for the 1994-95 payment adjustment year, some or all of the annual data elements available to the department from hospital reports filed with the Office of Statewide Health Planning and Development for purposes of computing hospital low-income utilization rates are different than in prior years due to changes in data

reporting requirements of the Office of Statewide Health Planning and Development or changes in other state health care programs, the department shall take the necessary steps to obtain from hospitals appropriate data in order to clarify the annual data filed with the Office of Statewide Health Planning and Development. This shall be done by the department in order to ensure that low-income utilization rates are determined in a manner as equivalent as possible to the approach and methodology used for the 1991–92 payment adjustment year.

(ii) The efforts of the department to obtain and apply data for the purposes described in clause (i) shall include a survey to collect, from one or more hospitals, any data necessary to calculate the low-income utilization rates in accordance with clause (i). The purpose for the survey shall be to clarify the data already included by hospitals in their annual reports submitted to the Office of Statewide Health Planning and Development. The data requested by the department in the survey may include, among other things, information regarding the manner in which payments made to hospitals under this section were reported by the hospitals to the Office of Statewide Health Planning and Development. The data requested may also include information regarding the manner in which hospitals reported figures relating to charity care, bad debts, and amounts received in connection with state or local indigent care programs.

(iii) In connection with any survey conducted under clause (ii), the department may require that hospitals submit responses in accordance with a deadline established by the department, and that the responses be supported by a verification of a hospital representative. Should any hospital not respond on a timely basis in accordance with protocols established by the department, the department shall utilize prior year data, adjusted by the department in its discretion, to calculate the hospital's low-income utilization rate.

(G) Notwithstanding any other provision of law, all payment adjustment amounts, including per diem payment adjustment amounts and supplemental lump-sum payment adjustments, paid or payable to a hospital under this section, shall be recorded on an accrual basis of accounting in reports filed by the hospital with the Office of Statewide Health Planning and Development or the department.

(5) For purposes of payment adjustment amounts under this section, each disproportionate share list shall be considered complete when issued by the department pursuant to paragraph (1). Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason, other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(6) No Medi-Cal State Plan amendment of the type referred to in paragraph (4) shall be valid if inconsistent with this section. For those Medi-Cal State Plan amendments of the type referred to in paragraph (4), to be initially submitted to the federal Health Care Financing Administration on or after the operative date of this paragraph, these amendments shall be provided to representatives of the hospital industry, including, but not limited to, the California Healthcare Association, as soon as possible, but in no event less than 30 days prior to submission of the amendment to the federal Health Care Financing Administration. If, in the public interest, the director determines that exigent circumstances necessitate that the 30-day requirement cannot be met, the director shall immediately in writing advise the Chairperson of the Senate Committee on Health and Human Services and the Assembly Committee on Health of the exigent circumstances and the department's timetable for providing the amendment to the hospital industry.

(g) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital, on the first day of the payment adjustment year, is a major teaching hospital, the hospital shall be paid the sum of all of the following amounts, except as limited by other applicable provisions of this section:

(1) A minimum payment adjustment of three hundred dollars (\$300).
(2) The sum of the following amounts, minus three hundred dollars (\$300):

(A) A ninety dollar (\$90) payment adjustment for each percentage point, from 25 percent to 29 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(B) A seventy dollar (\$70) payment adjustment for each percentage point, from 30 percent to 34 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(C) A fifty dollar (\$50) payment adjustment for each percentage point, from 35 percent to 44 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(D) A thirty dollar (\$30) payment adjustment for each percentage point, from 45 percent to 64 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(E) A ten dollar (\$10) payment adjustment for each percentage point, from 65 percent to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(3) If the sum calculated under paragraph (2) is less than zero, it shall be disregarded for payment purposes.

(h) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year,

regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital, on the first day of the payment adjustment year, is a children's hospital, the hospital shall be paid the sum of four hundred fifty dollars (\$450), except as limited by other applicable provisions of this section.

(i) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital, on the first day of the payment adjustment year, is an acute psychiatric hospital or an alcohol-drug rehabilitation hospital, the hospital shall be paid the sum of all of the following amounts, except as limited by other applicable provisions of this section:

(1) A minimum payment adjustment of fifty dollars (\$50).

(2) The sum of the following amounts, minus fifty dollars (\$50):

(A) A ten dollar (\$10) payment adjustment for each percentage point, from 25 to 29 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(B) A seven dollar (\$7) payment adjustment for each percentage point, from 30 to 34 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(C) A five dollar (\$5) payment adjustment for each percentage point, from 35 to 44 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(D) A two dollar (\$2) payment adjustment for each percentage point, from 45 to 64 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(E) A one dollar (\$1) payment adjustment for each percentage point, from 65 to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(3) If the sum calculated under paragraph (2) is less than zero, it shall be disregarded for payment purposes.

(j) For each Medi-Cal day of acute inpatient hospital service paid by or on behalf of the department during a payment adjustment year, regardless of dates of service, to a hospital on the applicable disproportionate share list, where that hospital does not meet the criteria for receiving payments under subdivision (g), (h), or (i) above, the hospital shall be paid the sum of all of the following amounts, except as limited by other applicable provisions of this section:

(1) A minimum payment adjustment of one hundred dollars (\$100).

(2) If the hospital is an emergency services hospital at the time the payment adjustment is paid, a two hundred dollar (\$200) payment adjustment.

(3) The sum of the following amounts minus one hundred dollars (\$100), and minus an additional two hundred dollars (\$200) if the hospital is an emergency services hospital at the time the payment adjustment is paid:

(A) A forty dollar (\$40) payment adjustment for each percentage point, from 25 percent to 29 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(B) A thirty-five dollar (\$35) payment adjustment for each percentage point, from 30 percent to 34 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(C) A thirty dollar (\$30) payment adjustment for each percentage point, from 35 percent to 44 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(D) A twenty dollar (\$20) payment adjustment for each percentage point, from 45 percent to 64 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(E) A fifteen dollar (\$15) payment adjustment for each percentage point, from 65 percent to 80 percent, inclusive, of the hospital's low-income number as shown on the disproportionate share list.

(4) If the sum calculated under paragraph (3) is less than zero, it shall be disregarded for payment purposes.

(k) (1) For any particular payment adjustment year, no hospital may qualify for payments under more than one subdivision among subdivisions (g), (h), (i), and (j). If any hospital qualifies under more than one subdivision, the department shall determine which subdivision shall apply for payments.

(2) For each payment adjustment year beginning with 1992-93, the total applicable per diem payment adjustment amount calculated for each eligible hospital pursuant to subdivision (g), (h), (i), or (j) shall be adjusted by a percentage identical to the percentage increase in transfer amounts that the department has authorized for use pursuant to paragraph (1) of subdivision (h) of Section 14163 for the particular fiscal year.

(3) If an eligible hospital ordinarily is paid by or on behalf of the department for Medi-Cal acute inpatient hospital services based on a payment methodology other than per diem payments, the eligible hospital shall receive payment adjustment amounts under subdivision (g), (h), (i), or (j) of this section based on its approved Medi-Cal days of acute inpatient hospital care, in the same fashion as all other eligible hospitals under this section.

(l) (1) (A) In determining Medi-Cal days of service for purposes of payment adjustments under this section, the department shall recognize

all acute inpatient hospital days of service required to be taken into account under federal law.

(B) For the 1992–93 payment year, the department may consider the Medi-Cal days of service provided by the qualifying hospitals for Medi-Cal patients covered by the prepaid health plans contracting directly with the Medi-Cal program in achieving their maximum payments.

(C) For 1993–94 and subsequent payment years, the department may consider the Medi-Cal days of service provided by hospitals for Medi-Cal patients covered by the prepaid health plans contracting directly with the Medi-Cal program in determining the Medi-Cal utilization rate and the maximum days of payment. Additionally, the department may consider the days of service provided by the qualifying hospitals for Medi-Cal patients covered by the prepaid health plans contracting directly with the Medi-Cal program in achieving their maximum payments in those payment years.

(D) In order to meet the requirements of subparagraph (C), the Office of Statewide Health Planning and Development shall provide to the department quarterly access to all data elements on the edited and unedited confidential patient discharge data files, including Social Security account numbers. The department shall match these data with the department's Medi-Cal Eligibility Data System files to extract any data necessary to meet the requirements of subparagraph (C). The department shall maintain the confidentiality of all patient discharge data to the same extent as is required of the Office of Statewide Health Planning and Development.

(2) Notwithstanding paragraph (1), there shall be, for each eligible hospital, a maximum limit on the number of Medi-Cal acute inpatient hospital days for which payment adjustment amounts may be paid under this section with respect to each payment adjustment year. The maximum limit shall be that number of days that equals 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days, as determined from all Medi-Cal paid claims records available through April 1 preceding the beginning of the payment adjustment year.

(m) No payment rate for any service rendered by any hospital under the Medi-Cal selective provider contracting program shall be reduced as a result of this section.

(n) Notwithstanding any other provision of law, to the extent consistent with federal law, and except as provided by this section, no maximum payment limit shall be placed on the amount of Medi-Cal payment adjustments which may be made to disproportionate share hospitals. The payments made to disproportionate share hospitals pursuant to this section and Section 14105.99 shall not cause any other

amounts paid or payable to a hospital to be deemed in excess of any applicable maximum payment limit.

(o) The department shall promptly seek any necessary federal approvals in order to implement this section, including any amendments. Pursuant to Section 1396r-4 of Title 42 of the United States Code, and related federal medicaid statutes and regulations, payment adjustment systems for inpatient hospital services rendered by disproportionate share hospitals shall be included in a state's medicaid plan. Therefore, the department shall, prior to the end of the calendar quarter during which this section is enacted or amended, submit for federal approval an amendment to the Medi-Cal State Plan in connection with the payment adjustment program.

(p) (1) The department shall compute, prior to the beginning of each payment adjustment year, the projected size of the payment adjustment program for the particular payment adjustment year. To do so, the department shall determine the projected total payment adjustment amount for each eligible hospital, and shall add these amounts together to determine the projected total size of the program. To the extent this projected total figure for the program exceeds the portion of the maximum state disproportionate share hospital allotment for California under federal law that the department anticipates will be available for the period in question, the department shall reduce the total per diem composite amounts of the various eligible hospitals in the fashion described below so that the allotment in question will not be exceeded.

(2) As an initial step, all total per diem composite amounts for the entire payment adjustment year shall be reduced proportionately not to exceed 2 percent of each total per diem composite amount.

(3) If the reductions authorized by paragraph (2) are insufficient to align the program with the federal allotment for California, then, to the extent permitted by federal law, the following shall apply:

(A) The adjusted total per diem composite amounts, as calculated under paragraph (2), shall remain in effect for each eligible hospital whose low-income number is 30 percent or more.

(B) The adjusted total per diem composite amounts, as calculated under paragraph (2), for all other eligible hospitals shall be further reduced proportionately to align the program with the federal allotment, but in no event to a level that is less than 65 percent of the total per diem composite amount that would have been payable to the eligible hospital had no reductions taken place.

(4) If the steps set forth in paragraph (3) are not permissible under federal law, or are not adequate to align the program with the federal allotment, the adjusted total per diem composite amounts for all eligible hospitals for the entire payment adjustment year shall be further reduced proportionately to align the program with the federal allotment, but in

no event to a level that would result in adjusted total per diem composite amounts that are less than 65 percent of the total per diem composite amounts that would have been payable had no reductions taken place.

(5) When all eligible hospitals have been reduced to the 65-percent level set forth in paragraphs (3) and (4), the adjusted total per diem composite amounts for all eligible hospitals shall be further reduced proportionately as necessary to align the program with the federal allotment.

(6) This subdivision shall not apply to the 1995–96 payment adjustment year.

(q) (1) If it is necessary to apply the provisions of paragraph (3) of subdivision (p) at any time, the department shall, as soon as practicable, evaluate why the insufficiency arose and identify the projected occurrence and duration of any future insufficiencies.

(2) If the department determines as a result of the evaluations under paragraph (1) that (A) implementation of paragraph (3) of subdivision (p) will likely be necessary to resolve additional insufficiencies for the current payment adjustment year or the next payment adjustment year; and (B) that the level of federal financial participation realized by the payment adjustment program, for the current payment adjustment year as a whole, will be less than 30 percent of the percentage of federal financial participation that normally is applicable for Medi-Cal expenditures for acute inpatient hospital services, and that the level of federal financial participation for the payment adjustment program is expected to continue to remain below that 30-percent level for the next payment adjustment year as a whole, the department shall, as soon as practicable, implement paragraphs (3) and (4).

(3) If the department determines that the circumstances described in paragraph (2) are present, the payment adjustment program shall be terminated, effective as of the earliest date permissible under federal law. In that event, all installment payments to the fund which are already due pursuant to Section 14163 at the time of the department's determination shall remain due, and shall be collected by the Controller. However, installment payments which are not yet due at that time shall not become due.

(4) Within 90 days after the termination of the payment adjustment program, as referred to in paragraph (3), or as soon as practicable, the department shall determine whether any amounts remain in the fund that are not needed to pay prior payment adjustment amounts under this section. If remaining amounts exist in the fund, they shall be refunded to transferor entities on a pro rata basis, within 45 days after the date of the department's determination.

(r) (1) The state shall be held harmless from any federal disallowance resulting from payments made under this section, and from payments

made to hospitals based on transfers accepted by the department under Section 14164. Any hospital that has received payments under this section, or based on transfers accepted by the department under Section 14164, shall be liable for any audit exception or federal disallowance only with respect to the payments made to that hospital. The department shall recoup from a hospital the amount of any audit exception or federal disallowance in the manner authorized by applicable laws and regulations.

(2) Notwithstanding any other provisions of law, if any payment adjustment that has been paid, or that otherwise would have been payable to an eligible hospital under this section, exceeds the OBRA 1993 payment limitation for the particular hospital, the department shall withhold or recoup the payment adjustment amount that exceeds the limitation. The nonfederal component of the amount withheld or recouped shall be redeposited in, or shall remain in, the fund, as applicable, until used for the purposes described in paragraph (2) of subdivision (j) of Section 14163.

(s) (1) The department may utilize existing administrative appeal procedures for purposes of any appealable matter that arises under the payment adjustment program. The matters that may be appealed shall be limited to those related to the following:

(A) Paragraph (5) of subdivision (f).

(B) State audit disallowances of amounts paid to hospitals under the payment adjustment program.

(2) Calculations which are final pursuant to paragraph (4) or (5) of subdivision (f) or the procedures or data on which those calculations are based, shall not be appealed.

(t) (1) Except as provided in paragraph (2), the department shall take all appropriate steps permitted by law and the Medi-Cal State Plan to ensure the following for all years of the payment adjustment program:

(A) That well-baby (nursery) days and acute administrative days are included in the payment adjustment program in the same fashion as all other Medi-Cal days of acute inpatient hospital service.

(B) That, to the same extent as any other Medi-Cal days of acute inpatient hospital service, well-baby (nursery) days and acute administrative days are included as payable days under the payment adjustment program and in the total of annualized Medi-Cal inpatient paid days.

(C) That, if pursuant to paragraph (2), any well-baby (nursery) days or acute administrative days are not included in the payment adjustment program for payment purposes for any parts of the 1992-93 or 1993-94 payment adjustment years, all those days are nevertheless included in the total of annualized Medi-Cal inpatient paid days for all purposes under

the payment adjustment program, unless otherwise barred by paragraph (2).

(2) In no event shall paragraph (1) be implemented in a fashion that is inconsistent with federal medicaid law or the Medi-Cal State Plan.

(u) (1) For the 1993–94 payment adjustment year, each eligible hospital shall also be eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the hospital being included on the disproportionate share list as of September 30, 1993. For purposes of federal medicaid rules, including Section 447.297(d) of Title 42 of the Code of Federal Regulations, the supplemental payment adjustments shall be applicable to the federal fiscal year that ends on September 30, 1993.

(2) The availability of supplemental payment adjustments under this subdivision shall be determined as follows:

(A) The final maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules shall be identified for the 1993 federal fiscal year. This final allotment is two billion one hundred ninety-one million four hundred fifty-one thousand dollars (\$2,191,451,000), as specified at page 43186 of Volume 58 of the Federal Register.

(B) The total amount of all per diem payment adjustment amounts under this section, whether paid or payable, that are applicable to the 1993 federal fiscal year shall be determined. The applicability of the per diem payment adjustment amounts to the 1993 federal fiscal year shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(C) The figure determined under subparagraph (B) shall be subtracted from the figure identified under subparagraph (A). If the remainder is a positive figure, supplemental lump-sum payment adjustments shall be made under this subdivision in accordance with paragraph (3).

(3) The amount of the supplemental lump-sum payment adjustment to each eligible hospital shall be computed as follows:

(A) The projected total of all per diem payment adjustment amounts payable to each particular eligible hospital under this section for the 1993–94 payment adjustment year shall be determined. For each hospital, this figure shall be identical to the figure used for the same hospital in the calculations regarding transfer amounts under subdivision (h) of Section 14163 for the 1993–94 state fiscal year.

(B) The projected totals for all eligible hospitals determined under subparagraph (A) shall be added together to determine an aggregate total of all projected per diem payment adjustments for the 1993–94 payment adjustment year. This figure shall be identical to the aggregate figure for

all hospitals used in the calculations regarding transfer amounts under subdivision (h) of Section 14163 for the 1993–94 state fiscal year.

(C) The figure determined for each eligible hospital under subparagraph (A) shall be divided by the aggregate figure determined under subparagraph (B), yielding a percentage figure for each hospital.

(D) The percentage figure determined for each hospital under subparagraph (C) shall be multiplied by the positive remainder calculated under subparagraph (C) of paragraph (2).

(E) The product as so determined for each eligible hospital under subparagraph (D) shall be the supplemental lump-sum payment adjustment amount payable to the particular hospital.

(4) The department shall make partial payments of the supplemental lump-sum payment adjustments to eligible hospitals on or before January 1, 1994. The department shall make final calculations regarding the supplemental lump-sum payments based on data available as of March 1, 1994, and shall distribute the final payments promptly thereafter.

(5) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available. In doing so, the department shall comply with any procedures instituted by the Health Care Financing Administration in connection with Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(v) (1) For the 1993–94 payment adjustment year, each eligible hospital that remains in operation as of June 30, 1994, shall also be eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the hospital being a disproportionate share hospital in operation as of that date.

(2) The availability of supplemental lump-sum payment adjustments under this subdivision shall be determined by the department as follows:

(A) The final maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules shall be identified for the 1994 federal fiscal year. This final allotment is two billion one hundred ninety-one million four hundred fifty-one thousand dollars (\$2,191,451,000), as specified on page 22676 of Volume 59 of the Federal Register.

(B) The total amount of all per diem payment adjustment amounts under this section, whether paid or payable, that are applicable to the period October 1, 1993, through June 30, 1994, shall be determined. The applicability of the per diem payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(C) The figure determined under subparagraph (B) shall be subtracted from the figure identified under subparagraph (A). If the remainder is a positive figure, supplemental lump-sum payment adjustments shall be made under this subdivision in accordance with paragraph (3).

(3) The amount of the supplemental lump-sum payment adjustment to each hospital shall be computed as follows:

(A) The projected total of all other payment adjustment amounts payable to each particular hospital under this section applicable to the 1993–94 payment adjustment year shall be determined. For each hospital, this figure shall be identical to the sum of the figures used for the same hospital in the calculations regarding transfer amounts under subdivision (h) of Section 14163 for the 1993–94 state fiscal year, not including the supplemental lump-sum payments described in this subdivision.

(B) The projected totals for all hospitals determined under subparagraph (A) shall be added together to determine an aggregate total. This aggregate total shall be identical to the aggregate figure for all hospitals used in the calculations regarding transfer amounts under subdivision (h) of Section 14163 for the 1993–94 state fiscal year, not including the supplemental lump-sum payments described in this subdivision.

(C) The figure determined for each hospital under subparagraph (A) shall be divided by the aggregate figure determined under subparagraph (B), yielding a percentage figure for each hospital.

(D) The percentage figure determined for each hospital under subparagraph (C) shall be multiplied by the positive remainder calculated under subparagraph (C) of paragraph (2).

(E) The product determined under subparagraph (D) for each hospital shall be the supplemental lump-sum payment adjustment amount payable to the particular hospital, which shall be payable because the facility is a disproportionate share hospital in operation as of June 30, 1994.

(4) The department shall make interim and final payments of the supplemental lump-sum payment adjustments to hospitals on or before October 31, 1994.

(5) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available. In doing so, the department shall comply with any procedures instituted by the Health Care Financing Administration in connection with Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(w) (1) For the 1994–95 payment adjustment year, each eligible hospital that remains in operation as of June 30, 1995, shall also be

eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the hospital being a disproportionate share hospital in operation as of that date.

(2) The availability of supplemental lump-sum payment adjustments under this subdivision shall be determined by the department as follows:

(A) The final maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules shall be identified for the 1995 federal fiscal year.

(B) The total amount of all per diem payment adjustment amounts under this section, whether paid or payable, that are applicable to the period October 1, 1994, through June 30, 1995, shall be determined. The applicability of the per diem payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(C) The figure determined under subparagraph (B) shall be subtracted from the figure identified under subparagraph (A). If the remainder is a positive figure, supplemental lump-sum payment adjustments shall be made under this subdivision in accordance with paragraph (3).

(3) The amount of the supplemental lump-sum payment adjustment to each hospital shall be computed as follows:

(A) The projected total of all other payment adjustment amounts payable to each particular hospital under this section applicable to the 1994-95 payment adjustment year shall be determined. For each hospital, this figure shall be identical to the sum of the figures used for the same hospital in the calculations regarding transfer amounts under subdivision (h) of Section 14163 for the 1994-95 state fiscal year, not including the supplemental lump-sum payments described in this subdivision.

(B) The projected totals for all hospitals determined under subparagraph (A) shall be added together to determine an aggregate total. This aggregate total shall be identical to the aggregate figure for all hospitals used in the calculations regarding transfer amounts under subdivision (h) of Section 14163 for the 1994-95 state fiscal year, not including the supplemental lump-sum payments described in this subdivision.

(C) The figure determined for each hospital under subparagraph (A) shall be divided by the aggregate figure determined under subparagraph (B), yielding a percentage figure for each hospital.

(D) The percentage figure determined for each hospital under subparagraph (C) shall be multiplied by the positive remainder calculated under subparagraph (C) of paragraph (2).

(E) The product as so determined under subparagraph (D) for each hospital shall be the supplemental lump-sum payment adjustment

amount payable to the particular hospital, which shall be payable because the facility is a disproportionate share hospital in operation as of June 30, 1995.

(4) The department shall make interim and final payments of the supplemental lump-sum payment adjustments to hospitals on or before October 31, 1995.

(5) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available. In doing so, the department shall comply with any procedures instituted by the Health Care Financing Administration in connection with Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(x) (1) With respect to per diem payment adjustments otherwise payable in connection with the period of July 1 through September 30 of the 1994–95 payment adjustment year, payment adjustment amounts shall be adjusted as described in paragraph (2).

(2) No per diem payment adjustment amounts shall be payable in connection with the period of July 1 through September 30 of the 1994–95 payment adjustment year. The Medi-Cal days of acute inpatient hospital service paid by or on behalf of the department that otherwise would have given rise to payment adjustment amounts with respect to this period of time shall not count toward the maximum limit set forth in paragraph (2) of subdivision (l).

(y) Notwithstanding any other provision of law, except subdivision (z), the payment adjustment program for the 1995–96 payment adjustment year shall be structured as set forth below.

(1) (A) The department shall, in the manner used for prior years, compute the projected total payment adjustment amounts for all eligible hospitals, by determining for each eligible hospital its total per diem composite amount and multiplying that figure by 80 percent of the hospital's annualized Medi-Cal inpatient paid days.

(B) The products of the calculations under subparagraph (A) for all eligible hospitals shall be added together. The sum of all these figures shall be the unadjusted projected total payment adjustment program for the 1995–96 payment adjustment year.

(2) The remaining amount available as part of the state disproportionate share hospital allotment for California under applicable federal rules for July 1995 through September 1995 (as part of the 1995 federal fiscal year) shall be recognized as being zero.

(3) The department shall estimate what the state disproportionate share hospital allotment for California will be for the 1996 federal fiscal year under applicable federal rules. The estimate shall not exceed the

allotment that was applicable for California for the 1995 federal fiscal year.

(4) The estimate identified by the department under paragraph (3) shall be reduced by subtracting the total amount of the supplemental lump-sum payments paid or payable under subdivisions (v) and (w).

(5) The remainder determined under paragraph (4) shall be added to the amount determined under paragraph (2). The total of those two amounts shall be the unadjusted tentative size of the payment adjustment program for the 1995–96 payment adjustment year.

(6) The total per diem composite amount computed for each eligible hospital under subparagraph (A) of paragraph (1) shall be modified as follows:

(A) The department shall reduce the total per diem composite amount for each eligible hospital by multiplying the amount by an identical percentage. The percentage figure to be used for this purpose shall be that percentage that is derived by dividing the amount determined under paragraph (5) by the unadjusted projected total payment adjustment program amount determined under subparagraph (B) of paragraph (1).

(B) The percentage figure derived under subparagraph (A) shall be applied to the total per diem composite amount for each eligible hospital, yielding an adjusted total per diem composite amount for each hospital for the 1995–96 payment adjustment year.

(C) (i) The adjusted total per diem composite amount determined under subparagraph (B) for each eligible hospital shall be multiplied by 80 percent of the hospital's annualized Medi-Cal inpatient paid days.

(ii) The amount computed for each hospital under clause (i) shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital.

(iii) Where the amount computed under clause (i) for the particular hospital is less than the OBRA 1993 payment limitation for the hospital, the amount computed under clause (i) shall be used for purposes of clause (v).

(iv) Where the amount computed under clause (i) for the particular hospital exceeds the OBRA 1993 payment limitation for the hospital, the amount computed under clause (i) shall be reduced to an amount equal to the OBRA 1993 payment limitation for the particular hospital. The amount as so reduced shall be used for purposes of clause (v).

(v) The amount for each hospital, as determined under either clause (iii) or clause (iv), as applicable, shall be the adjusted projected total payment adjustment amount for the hospital for the 1995–96 payment adjustment year.

(D) The adjusted figures computed for all eligible hospitals under subparagraph (C) shall be added together, yielding the adjusted tentative

size of the payment adjustment program for the 1995–96 payment adjustment year.

(7) The adjusted tentative size of the payment adjustment program for the 1995–96 payment adjustment year as determined under subparagraph (D) of paragraph (6), and the adjusted projected total payment adjustment amount for each eligible hospital, as determined under subparagraph (C) of paragraph (6), shall be distributed as follows:

(A) No per diem payment adjustment amounts shall be payable in connection with the period of July 1 through September 30 of the 1995–96 payment adjustment year. The Medi-Cal days of acute inpatient hospital service paid by or on behalf of the department that otherwise would have given rise to payment adjustment amounts with respect to this period of time shall not count toward the maximum limit set forth in paragraph (2) of subdivision (l).

(B) For all eligible hospitals, the adjusted per diem composite amounts (as determined under subparagraph (B) of paragraph (6)) shall be the amounts payable with respect to the period of October 1 through June 30 of the 1995–96 payment adjustment year, subject to the applicable provisions of subdivision (z).

(8) For the 1995–96 payment adjustment year, each eligible hospital that remains in operation as of June 30, 1996, shall also be eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date. The availability of supplemental lump-sum payment adjustments under this paragraph shall be determined by the department as follows:

(A) The adjusted projected total payment adjustment amount for each hospital, as determined under subparagraph (C) of paragraph (6), shall be identified.

(B) The total amount of all per diem payment adjustment amounts under this section, whether paid or payable, that are applicable to the period July 1, 1995, through June 30, 1996, shall be determined for each hospital, taking into account subparagraph (A) of paragraph (7). The applicability of the per diem payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(C) The amount determined under subparagraph (B) for each hospital shall be subtracted from the amount identified under subparagraph (A) for each hospital. If the remainder is a positive figure for the particular hospital, the supplemental lump-sum payment adjustment for the hospital shall be the positive remainder amount, which shall be payable because the facility is a disproportionate share hospital in operation as of June 30, 1996.

(D) The department shall make interim and final payments of the supplemental lump-sum payment adjustments under this paragraph on or before September 30, 1996.

(9) Except as provided in subparagraph (C), for the 1995–96 payment adjustment year each eligible hospital that remains in operation as of June 30, 1996, shall also be eligible to receive a secondary supplemental payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date. The availability of secondary supplemental payment adjustments under this paragraph shall be determined by the department as follows:

(A) The maximum amount of secondary supplemental payment adjustments available pursuant to this paragraph shall be calculated as follows:

(i) The total amount of all per diem payment adjustment amounts, whether paid or payable, for the 1995–96 payment adjustment year, as determined under subparagraph (B) of paragraph (8), shall be identified.

(ii) The total amount of all supplemental lump-sum payment adjustments, whether paid or payable, as determined under subparagraph (C) of paragraph (8), shall be identified.

(iii) The department shall estimate the total amount of payment adjustments under this section that it anticipates will be applicable to the period July 1, 1996, through September 30, 1996. The applicability of the payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(iv) The department shall identify the amount of the final maximum state disproportionate share hospital allotment for California for the 1996 federal fiscal year under applicable federal rules. The amount identified shall not exceed two billion one hundred ninety-one million four hundred fifty-one thousand dollars (\$2,191,451,000).

(v) The amounts identified or estimated under clauses (i), (ii), and (iii) shall be added together, and the sum of these amounts shall be subtracted from the amount identified under clause (iv). The remainder determined from this calculation, or the amount of two hundred million dollars (\$200,000,000), whichever is less, shall be the maximum amount available for secondary supplemental payment adjustments under this paragraph.

(B) The maximum amount available for secondary supplemental payment adjustments, as identified under clause (v) of subparagraph (A), shall be distributed to eligible hospitals as follows:

(i) The total amount of all per diem payment adjustments and supplemental lump-sum payment adjustments relating to the 1995–96 payment adjustment year, whether paid or payable, shall be identified for

each eligible hospital. However, notwithstanding any other provision of law, those hospitals referred to in subparagraph (C) shall not be included in this step, and shall not receive any secondary supplemental payment adjustments, as described in subparagraph (C).

(ii) For purposes of secondary supplemental payment adjustments, the eligible hospitals shall be classified into various groups. No hospital may qualify for more than one of these groups. Notwithstanding subclause (II), the hospitals described in subparagraph (C) shall not be included in any of these groups. The following groups of hospitals shall be recognized:

(I) "State of California hospitals," which shall include all eligible hospitals that, as of July 1, 1995, were licensed to the State of California or to the University of California.

(II) "County hospitals," which shall include all eligible hospitals that, as of July 1, 1995, were licensed to a county or a city and county, but shall exclude those hospitals referred to in subparagraph (C).

(III) "Other public hospitals," which shall include all eligible hospitals that, as of July 1, 1995, were licensed to a local hospital district, a local health authority, a city, or any other noncounty political subdivision of the state.

(IV) "Children's hospitals," which shall include all eligible hospitals that, as of July 1, 1995, were included in the children's hospital group under subdivision (h).

(V) "Other nonpublic hospitals," which shall include all eligible hospitals that are not included in any group described in subclauses (I) through (IV).

(iii) The amount determined to be the maximum amount of secondary supplemental payment adjustments under clause (v) of subparagraph (A) shall first be allocated among the groups of hospitals referred to in clause (ii), as follows:

(I) "State of California hospitals": 64.35 percent of the maximum amount.

(II) "County hospitals": 18.095 percent of the maximum amount.

(III) "Other public hospitals": 0.65 percent of the maximum amount.

(IV) "Children's hospitals": 6.755 percent of the maximum amount.

(V) "Other nonpublic hospitals": 10.15 percent of the maximum amount.

(iv) (I) The amount of funds allocated pursuant to clause (iii) to each of the particular groups of hospitals referred to in clauses (ii) and (iii) shall then be distributed as secondary supplemental payment adjustments among the eligible hospitals within each particular group. The secondary supplemental distributions shall be made on a descending pro rata basis within each group. Each cycle of the descending pro rata distribution shall be considered to be a phase of the process. As described

in subclauses (II) to (V), inclusive, in each phase of the descending pro rata distribution, the pro rata share of the distribution to each hospital that remains eligible to receive additional distributions shall be computed based on the ratio of the total payment adjustments that the particular hospital has already earned under the payment adjustment program for the 1995–96 payment adjustment year, as compared to the total payment adjustments already earned by the other hospitals in the particular group that remain eligible to receive the additional distributions.

(II) For the first phase, the total amount of payment adjustments under this section for the 1995–96 payment adjustment year, including all per diem payment adjustments and all supplemental lump-sum payment adjustments, that are determined by the department as already being paid or payable to each hospital eligible for the distribution shall be determined.

(III) The figures determined under subclause (II) for each hospital in the particular group shall be added together to determine an aggregate total.

(IV) The figures determined for each hospital under subclause (II) shall be divided by the aggregate total determined under subclause (III), yielding a percentage figure for each hospital.

(V) The percentage figure determined for each hospital under subclause (IV) shall be applied to the maximum portion of the funds allocated to the particular group under clause (iii) that can be distributed in the particular phase until a hospital in the particular group reaches the limitation set forth in clause (v).

(v) For each hospital, no secondary supplemental payment adjustment shall be paid to the extent that either of the following conditions exist:

(I) The secondary supplemental payment adjustment would cause the total of all payment adjustments to the hospital under this section relating to the 1995–96 payment adjustment year to exceed the amount that is the product of multiplying 0.95 times the particular hospital's OBRA 1993 payment limitation for the 1995–96 payment adjustment year, as computed by the department in accordance with applicable provisions of the Medi-Cal State Plan.

(II) Without regard to any secondary supplemental payment adjustment, the hospital has already received or has earned payment adjustments relating to the 1995–96 payment adjustment year that equal or exceed the product referred to in subclause (I).

(vi) Any secondary supplemental payment adjustment amount, or portion thereof, that otherwise would have been payable to a particular hospital under this paragraph, but that is barred by the limitation described in clause (v), shall be distributed by the department through

additional phases of the descending pro rata distribution process to those hospitals within the same group, as set forth in clauses (ii) and (iii), as the particular hospital. For each additional phase, the mathematical steps referred to in subclauses (II) to (V), inclusive, of clause (iv) shall be repeated for those hospitals that have not reached the limitation set forth in clause (v). The phases shall continue until the funds allocated to the particular group under clause (iii) have been fully exhausted. No such distribution, however, shall be in an amount that would cause any hospital to exceed the limitation set forth in clause (v).

(C) Notwithstanding any other provision of law, prior to the allocation or distribution of any secondary supplemental payment adjustments, hospitals that, as of July 1, 1995, were part of a county-operated health system of three or more eligible hospitals licensed to the county, shall be deemed to have reached the limitations on total payments described in subclause (II) of clause (v) of subparagraph (B). Data regarding payment adjustments earned by these hospitals with respect to the 1995–96 payment adjustment year, whether paid or payable, shall be included in the computations under subparagraph (A), but excluded from the computations under subparagraph (B).

(D) The department shall make payments of the secondary supplemental payment adjustments to hospitals on or before November 30, 1996.

(10) The final total amount of per diem payment adjustments paid by the department for the 1995–96 payment adjustment year, plus the final total amount of supplemental lump-sum payment adjustments and secondary supplemental payment adjustments paid by the department for the 1995–96 payment adjustment year, shall be the maximum size of the payment adjustment program for the 1995–96 payment adjustment year.

(11) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available. In doing so, the department shall comply with any procedures instituted by the Health Care Financing Administration in connection with Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(z) (1) (A) Notwithstanding any other provision of law (except for subparagraph (B)), all Medi-Cal days of acute inpatient hospital service paid by or on behalf of the department that give rise to payment adjustment amounts with respect to the period October 1, 1994, through June 30, 1995, shall be treated as involving 1.4 days for purposes of payment adjustments with respect to this period of time. As a result, each per diem payment adjustment amount otherwise payable to the hospital

in connection with these days shall be increased by 40 percent. The Medi-Cal days in question shall be treated as involving 1.4 days toward the maximum limit set forth in paragraph (2) of subdivision (l). The Medi-Cal days in question shall be treated as involving 1.0 days for purposes of determining the hospital's annualized Medi-Cal inpatient paid days for the next applicable payment adjustment year.

(B) For the 1994-95 payment adjustment year, no eligible hospital shall receive total payment adjustments, including per diem payment adjustment amounts and any supplemental lump-sum payment adjustment amounts, in excess of the projected total payment adjustment amounts that were computed or recomputed, as applicable, for the hospital by the department with respect to the 1994-95 payment adjustment year. For each hospital, this maximum figure shall not exceed the sum of the following two components:

(i) The final figure computed by the department as the hospital's total per diem composite amount (including any applicable adjustments under subdivision (p)), multiplied by 80 percent of the hospital's annualized Medi-Cal inpatient paid days.

(ii) The amount calculated by the department as the hospital's pro rata share (based on the figures for all hospitals computed under clause (i)) of the remainder determined by subtracting (I) the sum of the figures computed for all hospitals under clause (i) from (II) the final maximum state disproportionate share hospital allotment for California under applicable federal rules for the 1995 federal fiscal year.

(C) Any payment adjustment amount that otherwise would be payable to a hospital, but that is barred by subparagraph (B), shall be withheld or recouped by the department and distributed on a descending pro rata basis as part of the supplemental lump-sum distribution described in subdivision (w) to those hospitals that have not reached their maximum figures as described in subparagraph (B).

(2) (A) Notwithstanding any other provision of law, except for subparagraph (B), all Medi-Cal days of acute inpatient hospital service paid by or on behalf of the department that give rise to payment adjustment amounts with respect to the period October 1, 1995, through June 30, 1996, shall be treated as involving 1.4 days for purposes of payment adjustments with respect to this period of time. As a result, each per diem payment adjustment amount otherwise payable to the hospital in connection with these days shall be increased by 40 percent. The Medi-Cal days in question shall be treated as involving 1.4 days toward the maximum limit set forth in paragraph (2) of subdivision (l). The Medi-Cal days in question shall be treated as involving 1.0 days for purposes of determining the hospital's annualized Medi-Cal inpatient paid days for the next applicable payment adjustment year.

(B) For the 1995–96 payment adjustment year, no eligible hospital shall receive total payment adjustments, including per diem payment adjustment amounts, supplemental lump-sum payment adjustment amounts, and secondary supplemental payment adjustments in excess of the hospital's OBRA 1993 payment limitation as computed by the department pursuant to the Medi-Cal State Plan. No hospital shall receive secondary supplemental payment adjustments to the extent the payment adjustments would be inconsistent with paragraph (9) of subdivision (y).

(C) Any payment adjustment amount that otherwise would be payable to a hospital, but that is barred by subparagraph (B), shall be withheld or recouped by the department and thereafter distributed to other eligible hospitals, refunded to transferors, or otherwise processed in accordance with this section and Section 14163.

(3) Notwithstanding any other provision of law, to the extent necessary or appropriate to implement and administer the amendments to this section enacted during the 1994 calendar year, the department may utilize an approach involving interim payments, with reconciliation to final payments within a reasonable time.

(aa) (1) For the 1996–97 payment adjustment year, each eligible hospital that remains in operation as of June 30, 1997, shall also be eligible to receive a supplemental lump-sum payment adjustment, that shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date. The availability of supplemental lump-sum payment adjustments under this paragraph shall be determined by the department as follows:

(A) The projected total payment adjustment amount for each hospital, as determined by the department at the outset of the payment adjustment year, including any reductions arising from payment limitations under this section, shall be identified. For each hospital, this amount shall be identical to the amount that was used for the same hospital in the calculations made at the outset of the 1996–97 state fiscal year regarding transfer amounts under subdivision (h) of Section 14163 for that fiscal year.

(B) The total amount of all per diem payment adjustment amounts under this section, whether paid or payable, that are applicable to the period July 1, 1996, through June 30, 1997, shall be determined for each hospital. The applicability of the per diem payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(C) The amount determined under subparagraph (B) for each hospital shall be subtracted from the amount identified under subparagraph (A) for each hospital. If the remainder is a positive figure for the particular

hospital, the supplemental lump-sum payment adjustment for the hospital shall be the positive remainder amount, which shall be payable because the facility is a disproportionate share hospital in operation as of June 30, 1997.

(D) The department shall make interim and final payments of the supplemental lump-sum payment adjustments under this paragraph on or before September 30, 1997.

(2) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available. In doing so, the department shall comply with any procedures instituted by the Health Care Financing Administration in connection with Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(ab) (1) For the 1997–98 payment adjustment year, eligible hospitals that meet the requirements of this subdivision and that remain in operation as of September 30, 1997, shall be eligible to receive a special supplemental payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date. For purposes of federal medicaid rules, including Section 447.297(d) of Title 42 of the Code of Federal Regulations, the special supplemental payment adjustments shall be applicable to the federal fiscal year that ends on September 30, 1997.

(2) The availability of special supplemental payment adjustments under this subdivision shall be determined as follows:

(A) The final maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules shall be identified for the 1997 federal fiscal year.

(B) The total amount of all per diem payment adjustment amounts and supplemental payment adjustments under this section (exclusive of any payments under this subdivision) applicable to the 1997 federal fiscal year, whether paid or payable, shall be determined. The applicability of per diem payment adjustment amounts and supplemental payment adjustments of all types to the 1997 federal fiscal year shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(C) The figure determined under subparagraph (B) shall be subtracted from the figure identified under subparagraph (A). If the remainder is a positive figure, special supplemental payment adjustments shall be made under this subdivision in accordance with paragraph (3). The positive remainder shall be the maximum amount of special supplemental payment adjustments under this subdivision.

(3) (A) For purposes of these special supplemental payment adjustments, only hospitals that can be categorized into either of the two groups specified in clauses (i) and (ii) shall be eligible to receive the supplemental payment adjustments, and no hospital may qualify for more than one of the two groups. The following groups of hospitals shall be recognized:

(i) "Public hospitals," which shall include all eligible hospitals that, as of July 1, 1997, met the definition of a public hospital.

(ii) "Nonpublic hospitals," which shall include all eligible hospitals that, as of July 1, 1997, met the definition of a nonpublic hospital.

(B) The amount determined to be the maximum amount of special supplemental payment adjustments under subparagraph (C) of paragraph (2) shall first be allocated between the two groups of hospitals referred to in subparagraph (A) as follows:

(i) "Public hospitals": 74.885 percent of the maximum amount.

(ii) "Nonpublic hospitals": 25.115 percent of the maximum amount.

(C) The amount of funds allocated pursuant to subparagraph (B) to each of the particular groups of hospitals referred to in subparagraphs (A) and (B) shall then be distributed as special supplemental payment adjustments among the eligible hospitals within each particular group as follows:

(i) The department shall compute the projected total payment adjustment amounts for all eligible hospitals for the 1997–98 payment adjustment year, exclusive of any payments under this subdivision, subdivision (ad), or subdivision (af), by determining for each eligible hospital its total per diem composite amount and multiplying that figure by the maximum number of the hospital's Medi-Cal inpatient paid days determined under paragraph (2) of subdivision (l). For purposes of this clause, the determinations shall be without regard to the OBRA 1993 payment limitations.

(ii) The amount computed under clause (i) for each hospital described in subparagraph (A) shall be compared to the amount that is the product of multiplying 0.95 times the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital for the 1997–98 payment adjustment year.

(iii) Where the amount computed under clause (i) for the particular hospital is equal to or exceeds the product computed for the hospital under clause (ii), the hospital shall not receive a special supplemental payment adjustment. Data regarding hospitals that have reached this limitation shall not be used for purposes of clauses (v) through (viii).

(iv) Where the amount computed under clause (i) for the particular hospital is less than the product computed for the hospital under clause

(ii), the amount computed under clause (i) for the hospital shall be used for purposes of clauses (v) through (viii).

(v) The figures determined under clause (iv) for each hospital in the particular group shall be added together to determine an aggregate total for each group.

(vi) The figures determined for each hospital under clause (iv) shall be divided by the aggregate total determined under clause (v) for the particular group, yielding a percentage figure for each hospital.

(vii) The percentage figure determined for each hospital under clause (vi) shall be applied to the maximum portion of the funds allocated to the particular group under subparagraph (B), to determine the hospital's pro rata share of the special supplemental lump-sum payment adjustments. Except, however, in the case of a nonpublic hospital that, as of July 1, 1997, meets the definition of a children's hospital, such pro rata share otherwise determined shall be multiplied by a factor of 1.09, yielding a modified pro rata share. The pro rata share for the other nonpublic hospitals shall be reduced accordingly, yielding a modified pro rata share, so that the maximum portion of the funds allocated to the nonpublic hospitals group will not be exceeded. The pro rata share or modified pro rata share, as applicable, for each hospital, as computed under this clause, shall also be used for all purposes relating to descending pro rata distributions under clause (viii).

(viii) In no event shall a hospital receive special supplemental payment adjustment amounts in excess of the difference between the product computed for the hospital under clause (ii) and the amount computed for the hospital under clause (i). Any special supplemental payment adjustment amount, or portion thereof, that otherwise would have been payable under this paragraph to a hospital, but that is barred by this limitation, shall be distributed on a descending pro rata basis to those hospitals within the same group.

(D) The department shall make interim and final payments of the special supplemental payment adjustments to hospitals on or before February 28, 1998.

(4) The department shall implement this subdivision only if consistent with federal medicaid law and the Medi-Cal State Plan, and only if the department determines that federal financial participation is available.

(ac) Notwithstanding any other provision of law, the payment adjustment program with respect to the period October 1, 1997 through June 30, 1998, shall be structured as set forth below and in subdivisions (ad) and (af). However, if the effective date of the Medi-Cal State Plan amendment relating to this subdivision is later than October 1, 1997, as approved by the federal Health Care Financing Administration, all references in this subdivision to the period October 1, 1997, through

June 30, 1998, shall be references to the period that commences on that effective date and continues through June 30, 1998.

(1) (A) The department shall utilize the computations made pursuant to clause (i) of subparagraph (C) of paragraph (3) of subdivision (ab) of the projected total payment adjustment amounts for all eligible hospitals for the entire 1997–98 payment adjustment year, exclusive of any supplemental payments under subdivision (ab), (ad), or (af).

(B) The computed amount referred to in subparagraph (A) for each hospital shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital.

(C) Where the computed amount referred to in subparagraph (A) for the particular hospital exceeds the OBRA 1993 payment limitation for the hospital, the amount computed under subparagraph (A) shall be reduced to an amount equal to the OBRA 1993 payment limitation for the particular hospital. The amount so reduced shall be used for purposes of subparagraph (E).

(D) Where the computed amount referred to in subparagraph (A) for the particular hospital is equal to or less than the OBRA 1993 payment limitation for the hospital, the computed amount referred to in subparagraph (A) shall be used for purposes of subparagraph (E).

(E) The amounts determined under subparagraphs (C) and (D) for all eligible hospitals shall be added together, yielding an aggregate sum. The aggregate sum shall be the unadjusted projected total payment adjustment program for the entire 1997–98 payment adjustment year, exclusive of any supplemental payments under subdivision (ab) or (ad).

(2) The initial maximum size of the payment adjustment program for the entire 1997–98 payment adjustment year shall be set at one billion seven hundred fifty million dollars (\$1,750,000,000), exclusive of any supplemental payments under subdivision (ab) or (ad).

(3) The department shall increase or decrease the amount determined for each eligible hospital under subparagraph (C) or (D) of paragraph (1), as applicable, by multiplying the amount by an identical percentage, yielding the hospital's tentative adjusted projected total payment adjustment amount for the 1997–98 payment adjustment year. The identical percentage figure to be used for this purpose shall be that percentage that is derived by dividing the amount set forth in paragraph (2) by the aggregate sum determined under subparagraph (E) of paragraph (1). Except, however, the amount determined for a hospital under subparagraph (C) or (D) of paragraph (1) shall not be increased if it would exceed the OBRA 1993 payment limitation for the hospital.

(4) The tentative adjusted projected total payment adjustment amount computed for each eligible hospital under paragraph (3) shall be further adjusted as follows:

(A) (i) For each eligible hospital that met the definition of a nonpublic-converted hospital as of July 1, 1997, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic-converted hospital adjustment factor." The applicable adjustment factor shall be that which is necessary to result in an amount, for each hospital, equal to the amount used for the particular hospital under subparagraph (E) of paragraph (1). The amount so adjusted shall be used for purposes of clause (iii).

(ii) The total amount of all per diem payment adjustment amounts under this section, whether paid or payable, applicable to the period July 1, 1997, through September 30, 1997, shall be determined for each hospital referred to in clause (i). The applicability of the per diem payment adjustment amounts to the period July 1, 1997, through September 30, 1997, shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations. However, if the effective date of the Medi-Cal State Plan amendment relating to this subdivision is later than October 1, 1997, as approved by the federal Health Care Financing Administration, all determinations under this clause shall include per diem payment adjustment amounts applicable to the period July 1, 1997, through the date that is one day prior to that effective date.

(iii) The amount determined for each hospital under clause (i) shall be reduced by the amount determined under clause (ii) for the hospital. The resulting figure shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 1997, through June 30, 1998, which shall be paid to the hospital in accordance with paragraph (5).

(B) (i) For each eligible hospital that met the definition of a nonpublic hospital as of July 1, 1997, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic hospital adjustment factor." The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each nonpublic hospital described above shall be added together.

(II) The amount identified in paragraph (2) shall be divided by 2.38. The resulting figure shall then be reduced by the sum of the amounts determined for all nonpublic-converted hospitals under clauses (ii) and (iii) of subparagraph (A).

(III) The amount computed under subclause (II) shall be divided by 2, and the result thereof further reduced by the amount of thirty-seven million five hundred thousand dollars (\$37,500,000).

(IV) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (III) by the amount derived in subclause (I).

(ii) The total amount of all per diem payment adjustment amounts under this section, whether paid or payable, applicable to the period July 1, 1997, through September 30, 1997, shall be determined for each hospital referred to in clause (i). The applicability of the per diem payment adjustment amounts to the period July 1, 1997, through September 30, 1997, shall be determined in accordance with federal medicaid rules including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations. However, if the effective date of the Medi-Cal State Plan amendment relating to this subdivision is later than October 1, 1997, as approved by the federal Health Care Financing Administration, all determinations under this clause shall include per diem payment adjustment amounts applicable to the period July 1, 1997, through the date that is one day prior to that effective date.

(iii) The amount determined for each hospital under clause (i) shall be reduced by the amount determined under clause (ii) for the hospital. The resulting figure shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 1997, through June 30, 1998, which shall be paid to the hospital in accordance with paragraph (5).

(C) (i) For each eligible hospital that met the definition of a public hospital as of July 1, 1997, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "public hospital adjustment factor." The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each public hospital described above shall be added together.

(II) The amount identified in paragraph (2) shall be reduced by the sum of the amounts determined for all nonpublic-converted hospitals under clauses (ii) and (iii) of subparagraph (A) and the sum of the amounts determined for all nonpublic hospitals under clauses (ii) and (iii) of subparagraph (B).

(III) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (II) by the amount derived in subclause (I).

(ii) The total amount of all per diem payment adjustment amounts under this section, whether paid or payable, applicable to the period July 1, 1997, through September 30, 1997, shall be determined for each hospital referred to in clause (i). The applicability of the per diem payment adjustment amounts to the period July 1, 1997, through September 30, 1997, shall be determined in accordance with federal

medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations. However, if the effective date of the Medi-Cal State Plan amendment relating to this subdivision is later than October 1, 1997, as approved by the federal Health Care Financing Administration, all determinations under this clause shall include per diem payment adjustment amounts applicable to the period July 1, 1997, through the date that is one day prior to that effective date.

(iii) The amount determined for each hospital under clause (i) shall be reduced by the amount determined under clause (ii) for the hospital. The resulting figure shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 1997, through June 30, 1998, which shall be paid to the hospital in accordance with paragraph (5).

(5) The final adjusted projected total payment adjustment amount determined for each eligible hospital for the period October 1, 1997, through June 30, 1998, shall be distributed in 16 or fewer equal installments to be paid no later than the 10th and 25th day of each month during the period that commences on the effective date of the Medi-Cal State Plan amendment relating to this subdivision, as approved by the federal Health Care Financing Administration, and continues through May 25, 1998.

(6) Notwithstanding any other provision of law, for the entire 1997–98 payment adjustment year, no eligible hospital shall receive total payment adjustments, including per diem payment adjustments, payments under this subdivision, and any supplemental payments under subdivision (ab) or (ad), in excess of the hospital's OBRA 1993 payment limitation as computed by the department pursuant to the Medi-Cal State Plan. No hospital shall receive any special supplemental payment adjustments or supplemental lump-sum payment adjustments to the extent the payments would be inconsistent with subdivision (ab) or (ad), respectively.

(7) The aggregate sum of the final adjusted projected total payment adjustment amounts computed under paragraph (4) for each eligible hospital for the period October 1, 1997, through June 30, 1998, plus the aggregate sum of the amounts determined for each eligible hospital under clause (ii) of subparagraph (A) of paragraph (4), clause (ii) of subparagraph (B) of paragraph (4) and clause (ii) of subparagraph (C) of paragraph (4), shall be the maximum size of the payment adjustment program for the entire 1997–98 payment adjustment year, exclusive of the special supplemental payment adjustments provided for under subdivision (ab) and the supplemental lump-sum payment adjustments provided for under subdivision (ad).

(8) The department shall implement this subdivision only if consistent with federal medicaid law and the Medi-Cal State Plan, and

only if the department determines that federal financial participation is available.

(ad) (1) For the 1997–98 payment adjustment year, eligible hospitals that meet the requirements of this subdivision and that remain in operation as of June 30, 1998, shall be eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date, but only if the hospital has remained in operation for the period October 1, 1997, to June 30, 1998, inclusive.

(2) The amount of supplemental lump-sum payment adjustments available to hospitals under this subdivision shall be four hundred five million dollars (\$405,000,000).

(3) (A) For purposes of these supplemental lump-sum payment adjustments, only hospitals that can be categorized into either of the two groups specified in clauses (i) and (ii) shall be eligible to receive the supplemental payment adjustments, and no hospital may qualify for more than one of the two groups. The following groups of hospitals shall be recognized:

(i) “Public hospitals,” which shall include all eligible hospitals that, as of July 1, 1997, met the definition of a public hospital.

(ii) “Nonpublic hospitals,” which shall include all eligible hospitals that, as of July 1, 1997, met the definition of a nonpublic hospital.

(B) The amount of supplemental lump-sum payment adjustments as referred to in paragraph (2) shall first be allocated between the two groups of hospitals referred to in subparagraph (A) as follows:

(i) “Public hospitals”: 72.17 percent of the amount.

(ii) “Nonpublic hospitals”: 27.83 percent of the amount.

(C) The amount of funds allocated pursuant to subparagraph (B) to each of the particular groups of hospitals referred to in subparagraphs (A) and (B) shall then be distributed as supplemental lump-sum payment adjustments among the eligible hospitals within each particular group as follows:

(i) The department shall identify for each eligible hospital the total amount of payment adjustments under this section (exclusive of any payments under this subdivision and subdivision (af)) applicable to the 1997–98 payment adjustment year, whether paid or payable. The applicability of the payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(ii) The amount identified for each hospital under clause (i) shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department

has computed for the particular hospital for the 1997–98 payment adjustment year.

(iii) Where the amount computed under clause (i) for the particular hospital is equal to or exceeds the OBRA 1993 payment limitation for the hospital, the hospital shall not receive a supplemental lump-sum payment adjustment. Data regarding hospitals that have reached this limitation shall not be used for purposes of clauses (v) through (viii).

(iv) Where the amount computed under clause (i) for the particular hospital is less than the OBRA 1993 payment limitation for the hospital, the amount computed under clause (i) minus that amount paid or payable to the hospital under subdivision (ab) shall be used for purposes of clauses (v) through (viii).

(v) The figures determined under clause (iv) for each hospital in the particular group shall be added together to determine an aggregate total for each group.

(vi) The figures determined for each hospital under clause (iv) shall be divided by the aggregate total determined under clause (v) for the particular group, yielding a percentage figure for each hospital.

(vii) The percentage figure determined for each hospital under clause (vi) shall be applied to the maximum portion of the funds allocated to the particular group under subparagraph (B), to determine the hospital's pro rata share of the supplemental lump-sum payment adjustments. Except, however, in the case of a nonpublic hospital that, as of July 1, 1997, meets the definition of a children's hospital, the pro rata share otherwise determined shall be multiplied by a factor of 1.09, yielding a modified pro rata share. The pro rata share for the other nonpublic hospitals shall be reduced accordingly, yielding a modified pro rata share, so that the maximum portion of the funds allocated to the nonpublic hospitals group will not be exceeded. The pro rata share or modified pro rata share, as applicable, for each hospital, as computed under this clause, shall also be used for all purposes relating to descending pro rata distributions under clause (viii).

(viii) In no event shall a hospital receive supplemental lump-sum payment adjustment amounts in excess of the difference between the OBRA 1993 payment limitation for the hospital and the amount computed for the hospital under clause (i). Any supplemental lump-sum payment adjustment amount, or portion thereof, that otherwise would have been payable under this paragraph to a hospital, but that is barred by this limitation, shall be distributed on a descending pro rata basis to those hospitals within the same group.

(D) The department shall make interim and final payments of the supplemental lump-sum payment adjustments to hospitals on or before August 15, 1998.

(4) The department shall implement this subdivision only if consistent with federal medicaid law and the Medi-Cal State Plan, and only if the department determines that federal financial participation is available.

(5) Notwithstanding any other provision of law, the payment adjustments, data, and related aspects of subdivision (af) shall not be taken into account for any purpose under this subdivision, subdivision (ab), or subdivision (ac).

(ae) (1) In the event that any provision of subdivision (ab), (ac), or (ad), as reflected in a proposed Medi-Cal State Plan amendment, is not approved by the federal Health Care Financing Administration, the director shall modify the proposed Medi-Cal State Plan amendment in a manner intended to be consistent with all applicable federal requirements. Subject to the requirements of federal law, in developing the modified proposed Medi-Cal State Plan amendment, the director shall, to the extent practicable, incorporate, implement, and modify, as necessary, the payment methodologies applicable to the 1997–98 payment adjustment year in a manner that is as consistent as possible with the approach and intent of subdivisions (ab), (ac), and (ad), respectively.

(2) In the event that any provision of subdivision (af), (ag), (ah), (ai), or (aj), as reflected in a proposed Medi-Cal State Plan amendment, is not approved by the federal Health Care Financing Administration, the director shall modify that proposed Medi-Cal State Plan amendment in a manner intended to be consistent with all applicable federal requirements. Subject to the requirements of federal law, in developing the modified proposed Medi-Cal State Plan amendment, the director shall, to the extent practicable, incorporate, implement, and modify, as necessary, the payment methodologies applicable to the 1997–98, 1998–99, and 1999–2000 payment adjustment years in a manner that is as consistent as possible with the approach and intent of subdivisions (af), (ag), (ah), (ai), and (aj), respectively.

(3) In the event that any provision of subdivision (ak), (al), (am), or (an), as reflected in a proposed Medi-Cal State Plan amendment, is not approved by the federal Health Care Financing Administration, the director shall modify that proposed Medi-Cal State Plan amendment in a manner intended to be consistent with all applicable federal requirements. Subject to the requirements of federal law, in developing the modified proposed Medi-Cal State Plan amendment, the director shall, to the extent practicable, and after consulting with representatives of the hospital industry, including, but not limited to, the California Healthcare Association, incorporate, implement, and modify, as necessary, the payment methodologies applicable to the 2000–01 payment adjustment year and subsequent payment adjustment years in

a manner that is as consistent as possible with the approach and intent of subdivisions (ak), (al), (am), and (an), respectively.

(af) (1) The provisions of this subdivision shall apply for the 1997–98 payment adjustment year, and, for all purposes under the program, shall be implemented subsequent to the provisions of subdivisions (ab), (ac), and (ad). Under this subdivision, eligible hospitals that, as of October 1, 1997, were part of a county-operated health system of three or more eligible hospitals licensed to the county, and that are in operation as of June 30, 1998, shall be eligible to receive an additional supplemental lump-sum payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date, but only if the hospital has remained in operation for the period October 1, 1997, through June 30, 1998.

(2) The maximum amount of additional supplemental lump-sum payment adjustments under this subdivision shall be one hundred sixty-six million dollars (\$166,000,000).

(3) The maximum amount of funds specified under paragraph (2) shall be distributed as additional supplemental lump-sum payment adjustments among the hospitals eligible under this subdivision as follows:

(A) The department shall identify for each eligible hospital the total amount of payment adjustments under this section (exclusive of any payments under this subdivision) applicable to the 1997–98 payment adjustment year, whether paid or payable. The applicability of the payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(B) The amount identified for each hospital under subparagraph (A) shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital for the 1997–98 payment adjustment year.

(C) Where the amount computed under subparagraph (A) for the particular hospital is equal to or exceeds the OBRA 1993 payment limitation for the hospital, the hospital shall not receive an additional supplemental lump-sum payment adjustment. Data regarding hospitals that have reached this limitation shall not be used for purposes of subparagraphs (E) through (H).

(D) Where the amount computed under subparagraph (A) for the particular hospital is less than the OBRA 1993 payment limitation for the hospital, the amount computed under subparagraph (A) shall be used for purposes of subparagraphs (E) through (H).

(E) The figures determined under subparagraph (D) for each hospital eligible to receive additional supplemental lump-sum payment adjustments under this subdivision shall be added together to determine an aggregate total.

(F) The figures determined for each hospital under subparagraph (D) shall be divided by the aggregate total determined under subparagraph (E), yielding a percentage figure for each hospital.

(G) The percentage figure determined for each hospital under subparagraph (F) shall be applied to the maximum amount specified in paragraph (2), to determine the hospital's pro rata share of the additional supplemental lump-sum payment adjustments.

(H) In no event shall a hospital receive additional supplemental lump-sum payment adjustment amounts in excess of the difference between the OBRA 1993 payment limitation for the hospital and the amount computed for the hospital under subparagraph (A). Any additional supplemental lump-sum payment adjustment amount, or portion thereof, that otherwise would have been payable under this paragraph to a hospital, but that is barred by this limitation, shall be distributed on a descending pro rata basis to those hospitals eligible for distributions under this subdivision that have not reached their OBRA 1993 payment limitation.

(4) The department shall make interim and final payments of the additional supplemental lump-sum payment adjustments to hospitals on or before August 15, 1998.

(5) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available.

(ag) Notwithstanding any other provision of law, the payment adjustment program for the 1998–99 payment adjustment year shall be structured as set forth below and in subdivision (ah).

(1) (A) The department shall compute the projected total payment adjustment amounts for all eligible hospitals for the 1998–99 payment adjustment year by determining for each eligible hospital its total per diem composite amount and multiplying that figure by the maximum number of the hospital's Medi-Cal inpatient paid days determined under paragraph (2) of subdivision (l). For purposes of this subparagraph, these determinations shall be without regard to the OBRA 1993 payment limitations. With respect to a public hospital that, as of July 1, 1998, is part of a county-operated health system of three or more eligible hospitals licensed to the county, the projected total payment adjustment amount shall be reduced by an amount equal to the amount paid or payable to the hospital under subdivision (af).

(B) The computed amount referred to in subparagraph (A) for each hospital shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital.

(C) Where the computed amount referred to in subparagraph (A) for the particular hospital exceeds the OBRA 1993 payment limitation for the hospital, the amount computed under subparagraph (A) shall be reduced to an amount equal to the OBRA 1993 payment limitation for the particular hospital. The amount so reduced shall be used for purposes of subparagraph (E). Except, however, with respect to a public hospital that, as of July 1, 1998, is part of a county-operated health system of three or more eligible hospitals licensed to the county, the amount as so reduced shall be increased by an amount equal to the amount paid or payable to the hospital under subdivision (af), and used for purposes of subparagraph (E).

(D) Where the computed amount referred to in subparagraph (A) for the particular hospital is equal to or less than the OBRA 1993 payment limitation for the hospital, the computed amount referred to in subparagraph (A) shall be used for purposes of subparagraph (E). Except, however, with respect to a public hospital that, as of July 1, 1998, is part of a county-operated health system of three or more eligible hospitals licensed to the county, the computed amount shall be increased by an amount equal to the amount paid or payable to the hospital under subdivision (af), and used for purposes of subparagraph (E).

(E) The amounts determined under subparagraphs (C) and (D) for all eligible hospitals shall be added together, yielding an aggregate sum. The aggregate sum shall be the unadjusted projected total payment adjustment program for the 1998–99 payment adjustment year, exclusive of any supplemental payment adjustments under subdivision (ah).

(2) The initial maximum size of the payment adjustment program for the 1998–99 payment adjustment program shall be set at one billion seven hundred fifty million dollars (\$1,750,000,000), exclusive of any supplemental payment adjustments under subdivision (ah).

(3) (A) The department shall increase or decrease the amount determined for each eligible hospital under subparagraph (C) or (D) of paragraph (1), as applicable, by multiplying the amount by an identical percentage, yielding the hospital's tentative adjusted projected total payment adjustment amount for the 1998–99 payment adjustment year. The identical percentage figure to be used for this purpose shall be that percentage that is derived by dividing the amount set forth in paragraph (2) by the aggregate sum determined under subparagraph (E) of paragraph (1). Except, however, the amount determined for a hospital under subparagraph (C) or (D) of paragraph (1), as applicable, shall not

be increased so that it would exceed the OBRA 1993 payment limitation for the hospital, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the tentative adjusted projected total payment adjustment amounts for all hospitals equals the amount set forth in paragraph (2).

(B) (i) With respect to a public hospital that, as of July 1, 1998, is part of a county-operated health system of three or more eligible hospitals licensed to the county, the amount determined under subparagraph (C) or (D) of paragraph (1), as applicable, shall be reduced by an amount equal to the amount paid or payable to the hospital under subdivision (af), prior to applying the OBRA 1993 payment limitation under subparagraph (A).

(ii) Notwithstanding clause (i), all other computations under subparagraph (A), including the determination of the hospital's pro rata share of any reallocations, shall be made as though the reduction described in clause (i) had not occurred.

(4) The tentative adjusted projected total payment adjustment amount computed for each eligible hospital under paragraph (3) shall be further adjusted as follows:

(A) (i) For each eligible hospital that meets the definition of a nonpublic-converted hospital as of July 1, 1998, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic-converted hospital adjustment factor." The applicable adjustment factor shall be that which is necessary to result for each such hospital in an amount equal to the amount used for the particular hospital under subparagraph (E) of paragraph (1).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the 1998-99 payment adjustment year, which shall be paid to the hospital in accordance with paragraph (5).

(B) (i) For each eligible hospital that meets the definition of a converted hospital as of July 1, 1998, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "converted hospital adjustment factor." The applicable adjustment factor shall be that which is necessary to result for each such hospital in an amount equal to: (I) the maximum number of the hospital's annualized Medi-Cal inpatient paid days determined under paragraph (2) of subdivision (l); multiplied by (II) the total per diem composite amount determined for the hospital, the calculation of the per diem composite amount being restricted by a maximum low-income number of 40 percent for the hospital, regardless if the hospital's low-income number would otherwise be higher. In no case shall the product of this

calculation exceed the amount used for the particular hospital under subparagraph (E) of paragraph (1).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the 1998–99 payment adjustment year, which shall be paid to the hospital in accordance with paragraph (5).

(C) (i) For each eligible hospital that meets the definition of a nonpublic hospital as of July 1, 1998, the hospital’s tentative adjusted projected total payment adjustment amount shall be multiplied by a “nonpublic hospital adjustment factor.” The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each nonpublic hospital described above shall be added together.

(II) The amount identified in paragraph (2) shall be divided by 2.347. The resulting figure shall then be reduced by the sum of the amounts determined for all nonpublic-converted hospitals under clause (ii) of subparagraph (A) and the amounts determined for all converted hospitals under clause (ii) of subparagraph (B).

(III) The amount computed under subclause (II) shall be divided by 2, and the result thereof further reduced by the amount of thirty-seven million five hundred thousand dollars (\$37,500,000).

(IV) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (III) by the amount derived in subclause (I).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the 1998–99 payment adjustment year, which shall be paid to the hospital in accordance with paragraph (5). Except, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital’s OBRA 1993 payment limitation, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other nonpublic hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the final adjusted projected total payment adjustment amounts for all nonpublic hospitals equals the amount derived in subclause (III) of clause (i).

(D) (i) For each eligible hospital that meets the definition of a public hospital as of July 1, 1998, the hospital’s tentative adjusted projected total payment adjustment amount shall be multiplied by a “public hospital adjustment factor.” The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each public hospital described above shall be added together.

(II) The amount identified in paragraph (2) shall be reduced by the sum of the amounts determined for all nonpublic-converted hospitals under clause (ii) of subparagraph (A), the amounts determined for all converted hospitals under clause (ii) of subparagraph (B) and the amounts determined for all nonpublic hospitals under clause (ii) of subparagraph (C).

(III) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (II) by the amount derived in subclause (I).

(ii) The product determined for each hospital under clause (i) shall be further adjusted as follows:

(I) The product shall be reduced as necessary so as not to exceed the hospital's OBRA 1993 payment limitation.

(II) With respect to a public hospital that, as of July 1, 1998, is part of a county-operated health system of three or more eligible hospitals licensed to the county, the product shall, prior to the application of subclause (I), be reduced by an amount equal to the amount paid or payable to the hospital under subdivision (af).

(III) Any amounts that would otherwise have been allocated to a hospital but for the hospital's OBRA 1993 payment limitation as applied under subclause (I) shall be reallocated to all other public hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis. With respect to a public hospital described in subclause (II), the hospital's pro rata share of any reallocated amounts shall be based on the product derived for the hospital under clause (i).

(IV) The amount determined for each hospital pursuant to subclause (I) and subclause (II), as applicable (including the reduction under subclause (II)), plus any reallocations to the hospital under subclause (III), shall be the final adjusted projected total payment adjustment amount for the hospital for the 1998–99 payment adjustment year, which shall be paid to the hospital in accordance with paragraph (5).

(5) The final adjusted projected total payment adjustment amount determined for each eligible hospital for the 1998–99 payment adjustment year shall be distributed as set forth below.

(A) With respect to the period July 1, 1998, through September 30, 1998, payment adjustment amounts shall be payable only to those eligible hospitals that, as of July 1, 1998, were not part of a county-operated health system of three or more eligible hospitals licensed to the county.

(i) The maximum amount of payment adjustments payable to eligible hospitals under this paragraph for the period of July 1, 1998, through September 30, 1998, shall be determined as follows:

(I) The maximum state disproportionate share hospitals allotment for California under the provisions of applicable federal medicaid rules shall be identified for the 1998 federal fiscal year. This maximum allotment is two billion one hundred seventeen million eight hundred ninety-nine thousand six hundred sixty-eight dollars (\$2,117,899,668).

(II) The total amount of all payment adjustments under this section (exclusive of any payments under this subparagraph) applicable to the 1998 federal fiscal year, whether paid or payable, shall be determined.
