(III) The figure determined under subclause (II) shall be subtracted from the figure identified under subclause (I). The positive remainder shall be the maximum amount of payment adjustments payable with respect to the period July 1, 1998, through September 30, 1998, under this subparagraph.

(ii) With respect to an eligible hospital that, as of July 1, 1998, meets the definition of a nonpublic-converted hospital, the maximum amount payable for the period July 1, 1998, through September 30, 1998, shall be equal to the product of the final adjusted projected total payment adjustment amount determined for the hospital pursuant to paragraph (4), multiplied by a fraction that is computed as follows:

(I) The maximum amount derived in subclause (III) of clause (i) shall be increased by an amount equal to the total amount of payment adjustments paid or payable under subdivision (af).

(II) The figure derived in subclause (I) shall be divided by the amount specified in paragraph (2).

(iii) With respect to an eligible hospital that, as of July 1, 1998, meets the definition of a converted hospital, the maximum amount payable for the period July 1, 1998, through September 30, 1998, shall be equal to the product of the final adjusted projected total payment adjustment amount determined for the hospital pursuant to paragraph (4), multiplied by a fraction that is computed as follows:

(I) The maximum amount derived in subclause (III) of clause (i) shall be increased by an amount equal to the total amount of payment adjustments paid or payable under subdivision (af).

(II) The figure derived in subclause (I) shall be divided by the amount specified in paragraph (2).

(iv) With respect to an eligible hospital that, as of July 1, 1998, meets the definition of a nonpublic hospital, the maximum amount payable for

the period July 1, 1998, through September 30, 1998, shall be equal to the product of the final adjusted projected total payment adjustment amount determined for the hospital pursuant to paragraph (4), multiplied by a fraction that is computed as follows:

(I) The maximum amount derived in subclause (III) of clause (i) shall be increased by an amount equal to the total amount of payment adjustments paid or payable under subdivision (af).

(II) The figure derived in subclause (I) shall be divided by the amount specified in paragraph (2).

(v) With respect to an eligible hospital that, as of July 1, 1998, meets the definition of a public hospital, the maximum amount payable for the period July 1, 1998, through September 30, 1998, shall be equal to the product of the final adjusted projected total payment adjustment amount determined for the hospital pursuant to paragraph (4), multiplied by a fraction that is computed as follows:

(I) The maximum amount derived in subclause (III) of clause (i) shall be reduced by the sum of the amounts determined for all nonpublic-converted hospitals under clause (ii), the amounts determined for all converted hospitals under clause (iii) and the amounts determined for all nonpublic hospitals under clause (iv).

(II) The amounts computed under paragraph (4) with respect to all public hospitals that are subject to this subparagraph (A) shall be added together, yielding an aggregate sum.

(III) The figure derived in subclause (I) shall be divided by the aggregate sum derived in subclause (II).

(vi) The resulting product determined for each hospital pursuant to clauses (ii) through (v), as applicable, shall be distributed to the hospital in three equal installments, each payable as of the last day of each month from July 1998 through September 1998. However, no hospital shall receive an installment for any month in which the hospital does not remain in operation for the entire month. To the extent that any hospital is not entitled to receive an installment that otherwise would be payable but for the hospital's failure to remain in operation through the last day of a particular month, the amount that would have been paid to the hospital shall be redistributed among those hospitals within the same hospital group (as those groups are described in clauses (ii) through (v)) that remain in operation from July 1, 1998, through September 30, 1998, to be distributed on a pro rata basis. The redistributed amounts shall be payable as of September 30, 1998.

(B) (i) With respect to the period October 1, 1998, through June 30, 1999, payment adjustment amounts shall be payable to each eligible hospital in the amount equal to the final adjusted projected total payment adjustment amount determined for the hospital pursuant to paragraph (4), less any payment adjustments paid or payable to the hospital, or

payment adjustments that would have been payable but for the hospital's failure to remain in operation for a particular month, under subparagraph (A). The payment adjustments shall be distributed in eight equal amounts, each payable as of the last day of each month from October 1998 through May 1999. However, no hospital shall receive an installment for any month in which the hospital does not remain in operation for the entire month.

(ii) To the extent that any hospital of either of the hospital types described in clause (iv) or (v) of subparagraph (A) is not entitled to receive an installment that otherwise would be payable but for the hospital's failure to remain in operation through the last day of a particular month, the amount that would have been paid to the hospital shall be redistributed among those hospitals of the same hospital type that remain in operation from October 1, 1998, through June 30, 1999, to be distributed on a pro rata basis. The redistributed amounts shall be payable as of June 30, 1999.

(iii) With respect to a public hospital that, as of July 1, 1998, is part of a county-operated health system of three or more eligible hospitals licensed to the county, the hospital's pro rata share of any reallocations under clause (ii) shall be based on the final adjusted projected total payment adjustment amount determined for the hospital pursuant to paragraph (4), as increased by an amount equal to the amount paid or payable to the hospital under subdivision (af).

(6) Notwithstanding any other provision of law, for the 1998–99 payment adjustment year, no eligible hospital shall receive total payment adjustments in excess of the hospital's OBRA 1993 payment limitation as computed by the department pursuant to the Medi-Cal State Plan.

(7) The aggregate sum of the final adjusted projected total payment adjustment amounts computed under paragraph (4) for each eligible hospital shall be the maximum size of the payment adjustment program for the 1998–99 payment adjustment year, exclusive of the supplemental payment adjustments provided for under subdivision (ah).

(8) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available.

(ah) (1) For the 1998–99 payment adjustment year, eligible hospitals that meet the requirements of this subdivision and that are in operation as of June 30, 1999, shall be eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date, but only if the hospital has remained in operation for the period October 1, 1998, through June 30, 1999.

(2) The availability of supplemental lump-sum payment adjustments under this subdivision shall be determined as follows:

(A) The maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules shall be identified for the 1999 federal fiscal year. It is estimated that this amount will be two billion seventy-one million seven hundred seventy-four thousand nine hundred seventy-six dollars (\$2,071,774,976).

(B) The total amount of all payment adjustment amounts under this section (exclusive of any payments under this subdivision) applicable to the 1999 federal fiscal year, whether paid or payable, shall be determined. The applicability of payment adjustment amounts to the 1999 federal fiscal year shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(C) The figure determined under subparagraph (B) shall be subtracted from the figure identified under subparagraph (A). If the remainder is a positive figure, supplemental lump-sum payment adjustments shall be made under this subdivision in accordance with paragraph (3). The positive remainder shall be the maximum amount of supplemental lump-sum payment adjustments under this subdivision.

(3) (A) For purposes of supplemental lump-sum payment adjustments under this subdivision, only hospitals that can be categorized into either of the two groups specified in clauses (i) and (ii) below shall be eligible to receive the supplemental payment adjustments, and no hospital may qualify for more than one of the two groups. The following groups of hospitals shall be recognized:

(i) "Public hospitals," which shall include all eligible hospitals that, as of July 1, 1998, met the definition of a public hospital.

(ii) "Nonpublic hospitals," which shall include all eligible hospitals that, as of July 1, 1998, met the definition of a nonpublic hospital.

(B) The amount determined to be the maximum amount of supplemental lump-sum payment adjustments under subparagraph (C) of paragraph (2) shall first be allocated between the two groups of hospitals referred to in subparagraph (A) as follows:

(i) "Public hospitals": 72.78 percent of the maximum amount.

(ii) "Nonpublic hospitals": 27.22 percent of the maximum amount.

(C) The amount of funds allocated pursuant to subparagraph (B) to each of the particular groups of hospitals referred to in subparagraphs (A) and (B) shall then be distributed as supplemental lump-sum payment adjustments among the eligible hospitals within each particular group as follows:

(i) The department shall identify for each eligible hospital the total amount of payment adjustments under this section (exclusive of any

payments under this subdivision) applicable to the 1998–99 payment adjustment year, whether paid or payable. The applicability of the payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(ii) The amount identified for each hospital under clause (i) shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital for the 1998–99 payment adjustment year.

(iii) Where the amount computed under clause (i) for the particular hospital is equal to or exceeds the OBRA 1993 payment limitation for the hospital, the hospital shall not receive a supplemental lump-sum payment adjustment. Data regarding hospitals that have reached this limitation shall not be used for purposes of clauses (v) through (viii).

(iv) Where the amount computed under clause (i) for the particular hospital is less than the OBRA 1993 payment limitation for the hospital, the amount computed under clause (i) shall be used for purposes of clauses (v) through (viii). Except, however, with respect to a public hospital that, as of July 1, 1998, was part of a county-operated health system of three or more eligible hospitals licensed to the county, the amount computed under clause (i) plus the amounts paid or payable to the hospital pursuant to subdivision (af) shall be used for purposes of clauses (v) through (vii), while the amount computed under clause (i) only shall be used for purposes of applying the limitation described in clause (viii).

(v) The figures determined under clause (iv) for each hospital in the particular group shall be added together to determine an aggregate total for each group.

(vi) The figures determined for each hospital under clause (iv) shall be divided by the aggregate total determined under clause (v) for the particular group, yielding a percentage figure for each hospital.

(vii) The percentage figure determined for each hospital under clause (vi) shall be applied to the maximum portion of the funds allocated to the particular group under subparagraph (B), to determine the hospital's pro rata share of the supplemental lump-sum payment adjustments. Except, however, in the case of a nonpublic hospital that, as of July 1, 1998, met the definition of a children's hospital, the pro rata share otherwise determined shall be multiplied by a factor of 1.09, yielding a modified pro rata share. The pro rata share for the other nonpublic hospitals shall be reduced accordingly, yielding a modified pro rata share, so that the maximum portion of the funds allocated to the nonpublic hospitals group will not be exceeded. The pro rata share or

modified pro rata share, as applicable, for each hospital, as computed under this clause, shall also be used for all purposes relating to descending pro rata distributions under clause (viii).

(viii) In no event shall a hospital receive supplemental lump-sum payment adjustment amounts in excess of the difference between the OBRA 1993 payment limitation for the hospital and the amount computed for the hospital under clause (i). Any supplemental lump-sum payment adjustment amount, or portion thereof, that otherwise would have been payable under this paragraph to a hospital, but that is barred by this limitation, shall be distributed on a descending pro rata basis to those hospitals within the same group.

(D) The department shall make interim and final payments of the supplemental lump-sum payment adjustments to hospitals on or before August 15, 1999.

(4) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available.

(ai) Notwithstanding any other provision of law, no payment adjustment amounts shall be payable in connection with the period of July 1 through September 30 of the 1999–2000 payment adjustment year. The payment adjustment program with respect to the period October 1, 1999, through June 30, 2000, shall be structured as set forth below and in subdivision (aj).

(1) (A) The department shall compute the projected total payment adjustment amounts for all eligible hospitals for the 1999–2000 payment adjustment year, by determining for each eligible hospital its total per diem composite amount and multiplying that figure by the maximum number of the hospital's Medi-Cal inpatient paid days determined under paragraph (2) of subdivision (l). For purposes of this subparagraph, these determinations shall be without regard to the OBRA 1993 payment limitations.

(B) The computed amount referred to in subparagraph (A) for each hospital shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital.

(C) Where the computed amount referred to in subparagraph (A) for the particular hospital exceeds the OBRA 1993 payment limitation for the hospital, the amount computed under subparagraph (A) shall be reduced to an amount equal to the OBRA 1993 payment limitation for the particular hospital. The amount so reduced shall be used for purposes of subparagraph (E).

(D) Where the computed amount referred to in subparagraph (A) for the particular hospital is equal to or less than the OBRA 1993 payment

limitation for the hospital, the computed amount referred to in subparagraph (A) shall be used for purposes of subparagraph (E).

(E) The amounts determined under subparagraphs (C) and (D) for all eligible hospitals shall be added together, yielding an aggregate sum. The aggregate sum shall be the unadjusted projected total payment adjustment program for the period of October 1, 1999, through June 30, 2000, exclusive of any supplemental payment adjustments under subdivision (aj).

(2) The initial maximum size of the payment adjustment program for the period October 1, 1999, through June 30, 2000, shall be set at one billion seven hundred fifty million dollars (\$1,750,000,000), exclusive of any supplemental payment adjustments under subdivision (aj).

(3) The department shall increase or decrease the amount determined for each eligible hospital under subparagraph (C) or (D) of paragraph (1), as applicable, by multiplying the amount by an identical percentage, yielding the hospital's tentative adjusted projected total payment adjustment amount for the period October 1, 1999, through June 30, 2000. The identical percentage figure to be used for this purpose shall be that percentage that is derived by dividing the amount set forth in paragraph (2) by the aggregate sum determined under subparagraph (E) of paragraph (1). Except, however, the amount determined for a hospital under subparagraphs (C) or (D) of paragraph (1) shall not be increased so that it would exceed the OBRA 1993 payment limitation for the hospital, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the tentative adjusted projected total payment adjustment amount for all hospitals equals the amount set forth in paragraph (2).

(4) The tentative adjusted projected total payment adjustment amount computed for each eligible hospital under paragraph (3) shall be further adjusted as follows:

(A) (i) For each eligible hospital that meets the definition of a nonpublic-converted hospital as of July 1, 1999, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic-converted hospital adjustment factor." The applicable adjustment factor shall be that which is necessary to result in an amount for each such hospital equal to the amount used for the particular hospital under subparagraph (E) of paragraph (1).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 1999, through June 30, 2000, which shall be paid to the hospital in accordance with paragraph (5).

(B) (i) For each eligible hospital that meets the definition of a converted hospital as of July 1, 1999, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "converted hospital adjustment factor." The applicable adjustment factor shall be that which is necessary to result for each such hospital in an amount equal to: (I) the maximum number of the hospital's annualized Medi-Cal inpatient paid days determined under paragraph (2) of subdivision (I); multiplied by (II) the total per diem composite amount determined for the hospital, the calculation of the per diem composite amount being restricted by a maximum low-income number of 40 percent for the hospital, regardless if the hospital's low-income number would otherwise be higher. In no case shall the product of this calculation exceed the amount used for the particular hospital under subparagraph (E) of paragraph (1).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 1999, through June 30, 2000, which shall be paid to the hospital in accordance with paragraph (5).

(C) (i) For each eligible hospital that meets the definition of a nonpublic hospital as of July 1, 1999, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic hospital adjustment factor." The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each nonpublic hospital shall be added together.

(II) The amount identified in paragraph (2) shall be divided by 2.130. The resulting figure shall then be reduced by the sums of the amounts determined for all nonpublic-converted hospitals under clause (ii) of subparagraph (A) and all converted hospitals under clause (ii) of subparagraph (B).

(III) The amount computed under subclause (II) shall be divided by 2, and the result thereof further reduced by the amount of thirty-seven million five hundred thousand dollars (\$37,500,000).

(IV) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (III) by the amount derived in subclause (I).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 1999, through June 30, 2000, which shall be paid to the hospital in accordance with paragraph (5). Except, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation, and, where that would otherwise occur, the remaining amount that would have been allocated

to the particular hospital shall be reallocated to all other nonpublic hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the final adjusted projected total payment adjustment amounts for all nonpublic hospitals equals the amount derived in subclause (III) of clause (i).

(D) (i) For each eligible hospital that meets the definition of a public hospital as of July 1, 1999, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "public hospital adjustment factor." The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each public hospital described above shall be added together.

(II) The amount identified in paragraph (2) shall be reduced by the sums of the amounts determined for all nonpublic-converted hospitals under clause (ii) of subparagraph (A) and all converted hospitals under clause (ii) of subparagraph (B), and the sum of the amounts determined for all nonpublic hospitals under clause (ii) of subparagraph (C).

(III) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (II) by the amount derived in subclause (I).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 1999, through June 30, 2000, which shall be paid to the hospital in accordance with paragraph (5). Except, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other public hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the final adjusted projected total payment adjustment amounts for all public hospitals equals the amount derived in subclause (II) of clause (i).

(5) (A) The final adjusted projected total payment adjustment amount determined for each eligible hospital for the period October 1, 1999, through June 30, 2000, shall be distributed to the hospital in 8 equal installments, each payable as of the last day of each month from October 1999 through May 2000. However, no hospital shall receive an installment for any month in which the hospital does not remain in operation for the entire month.

(B) To the extent that any hospital of either of the hospital types described in subparagraph (C) or (D) of paragraph (4) is not entitled to receive an installment that otherwise would be payable but for the hospital's failure to remain in operation through the last day of a

particular month, the amount that would have been paid to the hospital shall be redistributed among those hospitals of the same hospital type that remain in operation from October 1, 1999, through June 30, 2000, to be distributed on a pro rata basis. The redistributed amounts shall be payable as of June 30, 2000.

(6) Notwithstanding any other provision of law, with respect to a hospital that meets the definition of a public hospital as of July 1, 1999, the provisions of paragraphs (1) through (5) shall initially be implemented for the period October 1, 1999, through December 31, 1999, without application of the OBRA 1993 payment limitations. As of January 1, 2000, the department shall recalculate all determinations under paragraphs (1) through (5) for the payment adjustment year, taking into account the hospital's OBRA 1993 payment limitation as determined pursuant to federal medicaid law in existence as of January 1, 2000, and adjust, as necessary, the monthly payment installments from January 2000 through May 2000 to take into account any modifications to the recalculated amounts payable for the period October 1999 through December 1999 as may arise from the application of this paragraph.

(7) Notwithstanding any other provision of law, for the entire 1999–2000 payment adjustment year, no eligible hospital shall receive total payment adjustments in excess of the hospital's OBRA 1993 payment limitation as computed by the department pursuant to the Medi-Cal State Plan.

(8) The aggregate sum of the final adjusted projected total payment adjustment amounts computed under paragraph (4) for each eligible hospital for the period October 1, 1999, through June 30, 2000, shall be the maximum size of the payment adjustment program for the entire 1999–2000 payment adjustment year, exclusive of the supplemental payment adjustments provided for under subdivision (aj).

(9) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available.

(aj) (1) For the 1999–2000 payment adjustment year, eligible hospitals that meet the requirements of this subdivision and that are in operation as of June 30, 2000, shall be eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date, but only if the hospital has remained in operation for the period October 1, 1999, through June 30, 2000.

(2) The availability of supplemental lump-sum payment adjustments under this subdivision shall be determined as follows:

(A) The maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules shall be identified for the 2000 federal fiscal year.

(B) The total amount of all payment adjustment amounts under this section (exclusive of any payments under this subdivision) applicable to the 2000 federal fiscal year, whether paid or payable, shall be determined. The applicability of payment adjustment amounts to the 2000 federal fiscal year shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(C) (i) The figure determined under subparagraph (B) shall be subtracted from the figure identified under subparagraph (A). If the remainder is a positive figure, supplemental lump-sum payment adjustments shall be made under this subdivision in accordance with this subparagraph and paragraph (3).

(ii) The positive remainder derived under clause (i) shall be the maximum amount of supplemental lump-sum payment adjustments under this subdivision where: (I) effective for at least the 1999–2000 payment adjustment year, federal legislation is enacted regarding the application of the OBRA 1993 payment limitation with provisions substantially similar in effect to Section 4721(e) of the federal Balanced Budget Act of 1997 (P.L. 105-33) as that related to the 1997–98 and 1998–99 payment adjustment years; and (II) all necessary amendments to the Medi-Cal State Plan implementing that federal legislation as it relates to the 1999–2000 payment adjustment year have been approved by the federal Health Care Financing Administration.

(iii) If any element set forth in clause (ii) is not satisfied, the maximum amount of supplemental lump-sum payment adjustments under this subdivision shall be the lesser of: (I) the positive remainder derived in clause (i); or (II) one hundred six million dollars (\$106,000,000).

(3) (A) For purposes of supplemental lump-sum payment adjustments under this subdivision, only hospitals that can be categorized into either of the two groups specified in clauses (i) and (ii) below shall be eligible to receive the supplemental payment adjustments, and no hospital may qualify for more than one of the two groups. The following groups of hospitals shall be recognized:

(i) “Public hospitals,” which shall include all eligible hospitals that, as of July 1, 1999, met the definition of a public hospital.

(ii) “Nonpublic hospitals,” which shall include all eligible hospitals that, as of July 1, 1999, met the definition of a nonpublic hospital.

(B) The amount determined to be the maximum amount of supplemental lump-sum payment adjustments under subparagraph (C)

of paragraph (2) shall first be allocated between the two groups of hospitals referred to in subparagraph (A) as follows:

- (i) "Public hospitals": 71.64 percent of the maximum amount.
- (ii) "Nonpublic hospitals": 28.36 percent of the maximum amount.

(C) The amount of funds allocated pursuant to subparagraph (B) to each of the particular groups of hospitals referred to in subparagraphs (A) and (B) shall then be distributed as supplemental lump-sum payment adjustments among the eligible hospitals within each particular group as follows:

(i) The department shall identify for each eligible hospital the total amount of payment adjustments under this section (exclusive of any payments under this subdivision) applicable to the 1999–2000 payment adjustment year, whether paid or payable. The applicability of the payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules, including Sections 447.297(d)(3) and 447.298 of Title 42 of the Code of Federal Regulations.

(ii) The amount identified for each hospital under clause (i) shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital for the 1999–2000 payment adjustment year. For all purposes under this subdivision, calculations of the OBRA 1993 payment limitations for public hospitals shall not be performed prior to January 1, 2000, as referred to in paragraph (6) of subdivision (ai).

(iii) Where the amount computed under clause (i) for the particular hospital is equal to or exceeds the OBRA 1993 payment limitation for the hospital, the hospital shall not receive a supplemental lump-sum payment adjustment. Data regarding hospitals that have reached this limitation shall not be used for purposes of clauses (v) through (viii).

(iv) Where the amount computed under clause (i) for the particular hospital is less than the OBRA 1993 payment limitation for the hospital, the amount computed under clause (i) shall be used for purposes of clauses (v) through (viii).

(v) The figures determined under clause (iv) for each hospital in the particular group shall be added together to determine an aggregate total for each group.

(vi) The figures determined for each hospital under clause (iv) shall be divided by the aggregate total determined under clause (v) for the particular group, yielding a percentage figure for each hospital.

(vii) The percentage figure determined for each hospital under clause (vi) shall be applied to the maximum portion of the funds allocated to the particular group under subparagraph (B), to determine the hospital's pro rata share of the supplemental lump-sum payment adjustments.

Except, however, in the case of a nonpublic hospital that, as of July 1, 1999, met the definition of a children's hospital, that pro rata share otherwise determined shall be multiplied by a factor of 1.09, yielding a modified pro rata share. The pro rata share for the other nonpublic hospitals shall be reduced accordingly, yielding a modified pro rata share, so that the maximum portion of the funds allocated to the nonpublic hospitals group will not be exceeded. The pro rata share or modified pro rata share, as applicable, for each hospital, as computed under this clause, shall also be used for all purposes relating to descending pro rata distributions under clause (viii).

(viii) In no event shall a hospital receive supplemental lump-sum payment adjustment amounts in excess of the difference between the OBRA 1993 payment limitation for the hospital and the amount computed for the hospital under clause (i). Any supplemental lump-sum payment adjustment amount, or portion thereof, that otherwise would have been payable under this paragraph to a hospital, but that is barred by this limitation, shall be distributed on a descending pro rata basis to those hospitals within the same group.

(D) The department shall make interim and final payments of the supplemental lump-sum payment adjustments to hospitals on or before August 15, 2000.

(4) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available.

(ak) Notwithstanding any other provision of law, no payment adjustment amounts shall be payable in connection with the period of July 1 through September 30 of the 2000–01 payment adjustment year. The payment adjustment program with respect to the period October 1, 2000, through June 30, 2001, shall be structured as set forth below and in subdivision (al).

(1) (A) The department shall compute the projected total payment adjustment amounts for all eligible hospitals for the 2000–01 payment adjustment year, by determining for each eligible hospital its total per diem composite amount and multiplying that figure by the maximum number of the hospital's Medi-Cal inpatient paid days determined under paragraph (2) of subdivision (l). For purposes of this subparagraph, these determinations shall be without regard to the OBRA 1993 payment limitations. Notwithstanding the foregoing, with respect to a hospital that, as of July 1, 2000, meets the definition of converted hospital, the amount otherwise determined under this subparagraph shall be reduced as necessary so as not to exceed the total amount of all payment adjustment amounts payable to the hospital under this section for that

payment adjustment year in which the hospital was last an eligible hospital meeting the definition of a public hospital.

(B) The computed amount referred to in subparagraph (A) for each hospital shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital.

(C) Where the computed amount referred to in subparagraph (A) for the particular hospital exceeds the OBRA 1993 payment limitation for the hospital, the amount computed under subparagraph (A) shall be reduced to an amount equal to the OBRA 1993 payment limitation for the particular hospital. The amount so reduced shall be used for purposes of subparagraph (E).

(D) Where the computed amount referred to in subparagraph (A) for the particular hospital is equal to or less than the OBRA 1993 payment limitation for the hospital, the computed amount referred to in subparagraph (A) shall be used for purposes of subparagraph (E).

(E) The amounts determined under subparagraphs (C) and (D) for all eligible hospitals shall be added together, yielding an aggregate sum. The aggregate sum shall be the unadjusted projected total payment adjustment program for the period of October 1, 2000, through June 30, 2001, exclusive of any supplemental payment adjustments under subdivision (a).

(2) The initial maximum size of the payment adjustment program for the period October 1, 2000, through June 30, 2001, shall be set at one billion seven hundred fifty million dollars (\$1,750,000,000), exclusive of any supplemental payment adjustments under subdivision (a).

(3) The department shall increase or decrease the amount determined for each eligible hospital under subparagraph (C) or (D) of paragraph (1), as applicable, by multiplying the amount by an identical percentage, yielding the hospital's tentative adjusted projected total payment adjustment amount for the period October 1, 2000, through June 30, 2001. The identical percentage figure to be used for this purpose shall be that percentage that is derived by dividing the amount set forth in paragraph (2) by the aggregate sum determined under subparagraph (E) of paragraph (1). Notwithstanding the foregoing, however, the amount determined for a hospital under subparagraphs (C) or (D) of paragraph (1) shall not be increased so that it would exceed the OBRA 1993 payment limitation for the hospital, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the tentative adjusted projected total payment adjustment amount for all hospitals equals the amount set forth in paragraph (2).

(4) The tentative adjusted projected total payment adjustment amount computed for each eligible hospital under paragraph (3) shall be further adjusted as follows:

(A) (i) For each eligible hospital that meets the definition of a nonpublic-converted hospital as of July 1, 2000, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic-converted hospital adjustment factor." The applicable adjustment factor for the particular hospital shall be 0.81; except however, where the hospital also meets the definition of a major teaching hospital as of July 1, 2000, the applicable adjustment factor shall be that which is necessary to result in an amount for the particular hospital equal to forty million dollars (\$40,000,000).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 2000, through June 30, 2001, which shall be paid to the hospital in accordance with paragraph (5). Notwithstanding the foregoing, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation.

(B) (i) For each eligible hospital that meets the definition of a converted hospital as of July 1, 2000, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "converted hospital adjustment factor," derived as follows:

(I) The maximum OBRA 1993 payment limitation specified by federal law, expressed as a maximum percentage of uncompensated care costs, that is applicable to the hospital for the 2000-01 payment adjustment year shall be subtracted from that maximum percentage of uncompensated care costs that the hospital was subject to as a public hospital during the 1999-2000 payment adjustment year.

(II) The converted hospital adjustment factor shall be that figure derived in subclause (I), expressed as a fraction, subtracted from 1.00.

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 2000, through June 30, 2001, which shall be paid to the hospital in accordance with paragraph (5). Notwithstanding the foregoing, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation.

(C) (i) For each eligible hospital that meets the definition of a nonpublic hospital as of July 1, 2000, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic hospital adjustment factor." The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each nonpublic hospital shall be added together.

(II) The amount identified in paragraph (2) shall be divided by 2.1527.

(III) The amount derived under subclause (II) shall be reduced by the sum of the amounts determined for all nonpublic-converted hospitals under clause (ii) of subparagraph (A), and the sum of the amounts determined for all converted hospitals under clause (ii) of subparagraph (B) that exceed that amount equal to 31 percent of all payment adjustment amounts payable to each converted hospital under this section for that payment adjustment year in which the hospital was last an eligible hospital meeting the definition of a public hospital.

(IV) The amount computed under subclause (III) shall be divided by 2, and the result thereof further reduced by the amount of thirty-three million five hundred thousand dollars (\$33,500,000).

(V) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (IV) by the amount derived in subclause (I).

(i) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 2000, through June 30, 2001, which shall be paid to the hospital in accordance with paragraph (5). Notwithstanding the foregoing, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other nonpublic hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the final adjusted projected total payment adjustment amounts for all nonpublic hospitals equals the amount derived in subclause (IV) of clause (i).

(D) (i) For each eligible hospital that meets the definition of a public hospital as of July 1, 2000, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "public hospital adjustment factor." The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each public hospital described above shall be added together.

(II) The amount identified in paragraph (2) shall be reduced by the sums of the amounts determined for all nonpublic-converted hospitals under clause (ii) of subparagraph (A) and all converted hospitals under

clause (ii) of subparagraph (B), and the sum of the amounts determined for all nonpublic hospitals under clause (ii) of subparagraph (C).

(III) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (II) by the amount derived in subclause (I).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1, 2000, through June 30, 2001, which shall be paid to the hospital in accordance with paragraph (5). Notwithstanding the foregoing, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other public hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the final adjusted projected total payment adjustment amounts for all public hospitals equals the amount derived in subclause (II) of clause (i).

(5) (A) The final adjusted projected total payment adjustment amount determined for each eligible hospital for the period October 1, 2000, through June 30, 2001, shall be distributed to the hospital in 8 equal installments, each payable as of the last day of each month from October 2000 through May 2001. However, no hospital shall receive an installment for any month in which the hospital does not remain in operation for the entire month.

(B) To the extent that any hospital of either of the hospital types described in subparagraph (C) or (D) of paragraph (4) is not entitled to receive an installment that otherwise would be payable but for the hospital's failure to remain in operation through the last day of a particular month, the amount that would have been paid to the hospital shall be redistributed among those hospitals of the same hospital type that remain in operation from October 1, 2000, through June 30, 2001, to be distributed on a pro rata basis. The redistributed amounts shall be payable as of June 30, 2001.

(6) If, effective for the 2001 federal fiscal year, federal legislation is enacted that amends Section 1396r-4(f) of Title 42 of the United States Code to increase the amount for California for that fiscal year above the amount that would have otherwise been identified pursuant to that section as in existence on January 1, 2000, the department shall implement the provisions of paragraphs (1) through (5) as modified below.

(A) The department shall determine the maximum state disproportionate share hospital allotment for California for the 2001

federal fiscal year under the provisions of applicable federal medicaid rules.

(B) The department shall determine the maximum state disproportionate share hospital allotment for California for the 2001 federal fiscal year that would have resulted had Section 1396r-4(f) of Title 42 of the United States Code not been amended from the version of that section as in existence on January 1, 2000.

(C) The amount determined under subparagraph (B) shall be subtracted from the amount determined under subparagraph (A).

(D) For purposes of the calculations set forth in paragraph (3) regarding each hospital's tentative adjusted projected total payment adjustment amount, the initial amount as set forth in paragraph (2) shall, in each instance prior to its application in those calculations, be increased by the amount derived in subparagraph (C).

(E) The difference derived in subparagraph (C) shall be divided by the amount determined in subparagraph (B). The resulting fraction shall be multiplied by 1.145, and the result thereof added to 1.00, yielding a factor for purposes of modifying the determination of the applicable nonpublic hospital adjustment factor pursuant to subparagraph (F).

(F) The amount determined under subclause (II) of clause (i) of subparagraph (C) of paragraph (4) shall be multiplied by the factor derived in subparagraph (E). The resulting amount shall be used for purposes of the calculations set forth in subclause (III) of clause (i) of subparagraph (C) of paragraph (4).

(G) For purposes of the calculations set forth in clause (i) of subparagraph (D) of paragraph (4) regarding the determination of the applicable public hospital adjustment factor, the initial amount as set forth in paragraph (2) shall, in each instance prior to its application in those calculations, be increased by the amount derived in subparagraph (C).

(7) Notwithstanding any other provision of law, for the entire 2000–01 payment adjustment year, no eligible hospital shall receive total payment adjustments in excess of the hospital's OBRA 1993 payment limitation as computed by the department pursuant to the Medi-Cal State Plan.

(8) The aggregate sum of the final adjusted projected total payment adjustment amounts computed under paragraph (4) for each eligible hospital for the period October 1, 2000, through June 30, 2001, shall be the maximum size of the payment adjustment program for the entire 2000–01 payment adjustment year, exclusive of the supplemental payment adjustments provided for under subdivision (a).

(9) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan,

and only to the extent that the department determines that federal financial participation is available.

(a) (1) For the 2000–01 payment adjustment year, eligible hospitals that meet the requirements of this subdivision and that are in operation as of June 30, 2001, shall be eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date, but only if the hospital has remained in operation for the period October 1, 2000, through June 30, 2001.

(2) The availability of supplemental lump-sum payment adjustments under this subdivision shall be determined as follows:

(A) The maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules shall be identified for the 2001 federal fiscal year.

(B) The total amount of all payment adjustment amounts under this section (exclusive of any payments under this subdivision) applicable to the 2001 federal fiscal year, whether paid or payable, shall be determined. The applicability of payment adjustment amounts to the 2001 federal fiscal year shall be determined in accordance with federal medicaid rules.

(C) The figure determined under subparagraph (B) shall be subtracted from the figure identified under subparagraph (A). If the remainder is a positive figure, supplemental lump-sum payment adjustments shall be made under this subdivision in accordance with this subparagraph and paragraph (3). The positive remainder so derived shall be the maximum amount of supplemental lump-sum payment adjustments under this subdivision.

(3) (A) For purposes of supplemental lump-sum payment adjustments under this subdivision, only hospitals that can be categorized into either of the two groups specified in clauses (i) and (ii) below shall be eligible to receive the supplemental payment adjustments, and no hospital may qualify for more than one of the two groups. The following groups of hospitals shall be recognized:

(i) “Public hospitals,” which shall include all eligible hospitals that, as of July 1, 2000, met the definition of a public hospital.

(ii) “Nonpublic hospitals,” which shall include all eligible hospitals that, as of July 1, 2000, met the definition of a nonpublic hospital.

(B) The amount determined to be the maximum amount of supplemental lump-sum payment adjustments under subparagraph (C) of paragraph (2) shall first be allocated between the two groups of hospitals referred to in subparagraph (A) as follows:

(i) “Public hospitals”: 75 percent of the maximum amount.

(ii) “Nonpublic hospitals”: 25 percent of the maximum amount.

(C) The amount of funds allocated pursuant to subparagraph (B) to each of the particular groups of hospitals referred to in subparagraphs (A) and (B) shall then be distributed as supplemental lump-sum payment adjustments among the eligible hospitals within each particular group as follows:

(i) The department shall identify for each eligible hospital the total amount of payment adjustments under this section, exclusive of any payments under this subdivision, applicable to the 2000–01 payment adjustment year, whether paid or payable. The applicability of the payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules.

(ii) The amount identified for each hospital under clause (i) shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital for the 2000–01 payment adjustment year.

(iii) Where the amount computed under clause (i) for the particular hospital is equal to or exceeds the OBRA 1993 payment limitation for the hospital, the hospital shall not receive a supplemental lump-sum payment adjustment. Data regarding hospitals that have reached this limitation shall not be used for purposes of clauses (v) through (viii).

(iv) Where the amount computed under clause (i) for the particular hospital is less than the OBRA 1993 payment limitation for the hospital, the amount computed under clause (i) shall be used for purposes of clauses (v) through (viii).

(v) The figures determined under clause (iv) for each hospital in the particular group shall be added together to determine an aggregate total for each group.

(vi) The figures determined for each hospital under clause (iv) shall be divided by the aggregate total determined under clause (v) for the particular group, yielding a percentage figure for each hospital.

(vii) The percentage figure determined for each hospital under clause (vi) shall be applied to the maximum portion of the funds allocated to the particular group under subparagraph (B), to determine the hospital's pro rata share of the supplemental lump-sum payment adjustments. Notwithstanding the foregoing, however, in the case of a nonpublic hospital that, as of July 1, 2000, met the definition of a children's hospital, that pro rata share otherwise determined shall be multiplied by a factor of 1.69, yielding a modified pro rata share to be applied only with respect to the first one million dollars (\$1,000,000) of the funds allocated pursuant to clause (ii) of subparagraph (B), and, with respect to the remainder of the funds so allocated, the pro rata share otherwise determined shall be multiplied by a factor of 1.09, yielding a modified pro rata share to be applied. The pro rata share for the other nonpublic

hospitals shall be reduced accordingly, yielding a modified pro rata share, so that the maximum portion of the funds allocated to the nonpublic hospitals group will not be exceeded. The pro rata share or modified pro rata share, as applicable, for each hospital, as computed under this clause, shall also be used for all purposes relating to descending pro rata distributions under clause (viii).

(viii) In no event shall a hospital receive supplemental lump-sum payment adjustment amounts in excess of the difference between the OBRA 1993 payment limitation for the hospital and the amount computed for the hospital under clause (i). Any supplemental lump-sum payment adjustment amount, or portion thereof, that otherwise would have been payable under this paragraph to a hospital, but that is barred by this limitation, shall be distributed on a descending pro rata basis to those hospitals within the same group.

(D) The department shall make interim and final payments of the supplemental lump-sum payment adjustments to hospitals on June 30, 2001.

(4) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available.

(am) Notwithstanding any other provision of law, no payment adjustment amounts shall be payable in connection with the period of July 1 through September 30 of the 2001–02 payment adjustment year and subsequent payment adjustment years. The payment adjustment program with respect to the period October 1 through June 30 of the 2001–02 payment adjustment year and subsequent payment adjustment years shall be structured as set forth below and in subdivision (an).

(1) (A) The department shall compute the projected total payment adjustment amounts for all eligible hospitals for the applicable payment adjustment year, by determining for each eligible hospital its total per diem composite amount and multiplying that figure by the maximum number of the hospital's Medi-Cal inpatient paid days determined under paragraph (2) of subdivision (l). For purposes of this subparagraph, these determinations shall be without regard to the OBRA 1993 payment limitations. Notwithstanding the foregoing, with respect to a hospital that, as of July 1 of the applicable payment adjustment year, meets the definition of a converted hospital, the amount otherwise determined under this subparagraph shall be reduced as necessary so as not to exceed the total amount of all payment adjustment amounts payable to the hospital under this section for that payment adjustment year in which the hospital was last an eligible hospital meeting the definition of a public hospital.

(B) The computed amount referred to in subparagraph (A) for each hospital shall be compared to the OBRA 1993 payment limitation that, in accordance with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital.

(C) Where the computed amount referred to in subparagraph (A) for the particular hospital exceeds the OBRA 1993 payment limitation for the hospital, the amount computed under subparagraph (A) shall be reduced to an amount equal to the OBRA 1993 payment limitation for the particular hospital. The amount so reduced shall be used for purposes of subparagraph (E).

(D) Where the computed amount referred to in subparagraph (A) for the particular hospital is equal to or less than the OBRA 1993 payment limitation for the hospital, the computed amount referred to in subparagraph (A) shall be used for purposes of subparagraph (E).

(E) The amounts determined under subparagraphs (C) and (D) for all eligible hospitals shall be added together, yielding an aggregate sum. The aggregate sum shall be the unadjusted projected total payment adjustment program for the period of October 1 through June 30 of the applicable payment adjustment year, exclusive of any supplemental payment adjustments under subdivision (an).

(2) (A) The department shall determine the maximum state disproportionate share hospital allotment for California for the applicable federal fiscal year under the provisions of applicable federal medicaid rules.

(B) The initial maximum size of the payment adjustment program for the period October 1 through June 30 of each applicable payment adjustment year, shall be set at one billion six hundred million dollars (\$1,600,000,000), exclusive of any supplemental payment adjustments under subdivision (an).

(3) The department shall increase or decrease the amount determined for each eligible hospital under subparagraph (C) or (D) of paragraph (1), as applicable, by multiplying the amount by an identical percentage, yielding the hospital's tentative adjusted projected total payment adjustment amount for the period October 1 through June 30 of the applicable payment adjustment year. The identical percentage figure to be used for this purpose shall be that percentage that is derived by dividing the amount set forth in subparagraph (B) of paragraph (2) by the aggregate sum determined under subparagraph (E) of paragraph (1). Notwithstanding the foregoing, however, the amount determined for a hospital under subparagraph (C) or (D) of paragraph (1) shall not be increased so that it would exceed the OBRA 1993 payment limitation for the hospital, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other hospitals (that have not reached their OBRA 1993

payment limitation) on a pro rata basis so that the aggregate sum of the tentative adjusted projected total payment adjustment amount for all hospitals equals the amount set forth in subparagraph (B) of paragraph (2).

(4) The tentative adjusted projected total payment adjustment amount computed for each eligible hospital under paragraph (3) shall be further adjusted as follows:

(A) (i) For each eligible hospital that meets the definition of a nonpublic-converted hospital as of July 1 of the applicable payment adjustment year, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic-converted hospital adjustment factor." The applicable adjustment factor for the particular hospital shall be 0.835; except, however, where the hospital also meets the definition of a major teaching hospital as of July 1 of the applicable payment adjustment year, the applicable adjustment factor shall be the lesser of 1.00, or that which is necessary to result in an amount for the particular hospital equal to thirty-five million eight hundred thousand dollars (\$35,800,000).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1 through June 30 of the applicable payment adjustment year, which shall be paid to the hospital in accordance with paragraph (5). Notwithstanding the foregoing, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation.

(B) (i) For each eligible hospital that meets the definition of a converted hospital as of July 1 of the applicable payment adjustment year, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "converted hospital adjustment factor," derived as follows:

(I) The maximum OBRA 1993 payment limitation specified by federal law, expressed as a maximum percentage of uncompensated care costs, that is applicable to the hospital for the particular payment adjustment year shall be subtracted from that maximum percentage of uncompensated care costs that the hospital was subject to as a public hospital during the 1999–2000 payment adjustment year.

(II) The converted hospital adjustment factor shall be that figure derived in subclause (I), expressed as a fraction, subtracted from 1.00.

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1 through June 30 of the applicable payment adjustment year, which shall be paid to the hospital in accordance with paragraph (5). Notwithstanding the foregoing, however, in no case shall the final

adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation.

(C) (i) For each eligible hospital that meets the definition of a nonpublic hospital as of July 1 of the applicable payment adjustment year, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "nonpublic hospital adjustment factor." The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each nonpublic hospital shall be added together.

(II) The amount identified in subparagraph (B) of paragraph (2) shall be divided by 2.237.

(III) The resulting figure in subclause (II) shall be increased by an amount equal to the product of the medical assistance increment multiplied by the maximum amount identified in subparagraph (A) of paragraph (2).

(IV) The amount derived under subclause (III) shall be reduced by the sum of the amounts determined for all nonpublic-converted hospitals under clause (ii) of subparagraph (A), and the sum of the amounts determined for all converted hospitals under clause (ii) of subparagraph (B) that exceed that amount equal to 31 percent of all payment adjustment amounts payable to each converted hospital under this section for that payment adjustment year in which the hospital was last an eligible hospital meeting the definition of a public hospital.

(V) The amount computed under subclause (IV) shall be divided by 2, and the result thereof further reduced by the amount of thirty-three million five hundred thousand dollars (\$33,500,000).

(VI) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (V) by the amount derived in subclause (I).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1 through June 30 of the applicable payment adjustment year, which shall be paid to the hospital in accordance with paragraph (5). Notwithstanding the foregoing, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation, and where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other nonpublic hospitals (that have not reached their OBRA 1993 payment limitation) on a pro rata basis so that the aggregate sum of the final adjusted projected total payment adjustment amounts for all nonpublic hospitals equals the amount derived in subclause (V) of clause (i).

(D) (i) For each eligible hospital that meets the definition of a public hospital as of July 1 of the applicable payment adjustment year, the hospital's tentative adjusted projected total payment adjustment amount shall be multiplied by a "public hospital adjustment factor." The applicable adjustment factor shall be derived as follows:

(I) The tentative adjusted projected total payment adjustment amounts determined under paragraph (3) for each public hospital described above shall be added together.

(II) The amount identified in subparagraph (B) of paragraph (2) shall be reduced by the sums of the amounts determined for all nonpublic-converted hospitals under clause (ii) of subparagraph (A) and all converted hospitals under clause (ii) of subparagraph (B) and the sum of the amounts determined for all nonpublic hospitals under clause (ii) of subparagraph (C).

(III) The applicable adjustment factor shall be that ratio that results from dividing the amount derived in subclause (II) by the amount derived in subclause (I).

(ii) The resulting product shall be the final adjusted projected total payment adjustment amount for the hospital for the period October 1 through June 30 of the applicable payment adjustment year, which shall be paid to the hospital in accordance with paragraph (5). Notwithstanding the foregoing, however, in no case shall the final adjusted projected total payment adjustment amount exceed the hospital's OBRA 1993 payment limitation, and, where that would otherwise occur, the remaining amount that would have been allocated to the particular hospital shall be reallocated to all other public hospitals that have not reached their OBRA 1993 payment limitation on a pro rata basis so that the aggregate sum of the final adjusted projected total payment adjustment amounts for all public hospitals equals the amount derived in subclause (II) of clause (i).

(5) (A) The final adjusted projected total payment adjustment amount determined for each eligible hospital for the period October 1 through June 30 of the applicable payment adjustment year shall be distributed to the hospital in 8 equal installments, each payable as of the last day of each month from October through May of the applicable payment adjustment year. However, no hospital shall receive an installment for any month in which the hospital does not remain in operation for the entire month.

(B) To the extent that any hospital of either of the hospital types described in subparagraph (C) or (D) of paragraph (4) is not entitled to receive an installment that otherwise would be payable but for the hospital's failure to remain in operation through the last day of a particular month, the amount that would have been paid to the hospital shall be redistributed among those hospitals of the same hospital type

that remain in operation from October 1 through June 30 of the applicable payment adjustment year, to be distributed on a pro rata basis. The redistributed amounts shall be payable as of June 30 of the applicable payment adjustment year.

(6) If, with respect to the 2001–02 payment adjustment year or any subsequent payment adjustment year, the amount identified for California for the applicable federal fiscal year pursuant to Section 1396r-4(f) of Title 42 of the United States Code exceeds the amount of eight hundred seventy-seven million dollars (\$877,000,000), the department shall implement the provisions of paragraphs (1) through (5) with respect to the applicable payment adjustment year as modified below.

(A) The department shall determine the maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules.

(B) The department shall calculate the maximum state disproportionate share hospital allotment for California, by substituting in the calculation the amount of eight hundred seventy-seven million dollars (\$877,000,000), as though that amount was identified for California for the applicable federal fiscal year pursuant to Section 1396r-4(f) of Title 42 of the United States Code.

(C) The amount determined under subparagraph (B) shall be subtracted from the amount determined under subparagraph (A).

(D) For purposes of the calculations set forth in paragraph (3) regarding each hospital's tentative adjusted projected total payment adjustment amount, the initial amount as set forth in subparagraph (B) of paragraph (2) shall, in each instance prior to its application in those calculations, be increased by the amount derived in subparagraph (C).

(E) The difference derived in subparagraph (C) shall be divided by the amount determined in subparagraph (B).

(F) For purposes of the determination made under clause (i) of subparagraph (A) of paragraph (4) regarding nonpublic-converted hospitals that also meet the definition of a major teaching hospital, the amount of thirty-five million eight hundred thousand dollars (\$35,800,000) as specified therein shall be multiplied by a number equal to the sum of the fraction derived in subparagraph (E) plus the number 1.00.

(G) The fraction derived in subparagraph (E) shall be multiplied by 1.226, and the result thereof added to 1.00, yielding a factor for purposes of modifying the determination of the applicable nonpublic hospital adjustment factor pursuant to subparagraphs (H) and (I).

(H) The amount determined under subclause (II) of clause (i) of subparagraph (C) of paragraph (4) shall be multiplied by the factor derived in subparagraph (G), and the resulting amount shall be used for

purposes of the calculations set forth in subclause (III) of clause (i) of subparagraph (C) of paragraph (4), as modified by subparagraph (I) below.

(I) For purposes of the calculations in subclause (III) of clause (i) of subparagraph (C) of paragraph (4), the recalculated maximum amount derived in subparagraph (B) shall be used in lieu of the maximum amount determined in subparagraph (A) of paragraph (2).

(J) For purposes of the calculations set forth in subclause (II) of clause (i) of subparagraph (D) of paragraph (4) regarding the determination of the applicable public hospital adjustment factor, the initial amount as set forth in subparagraph (B) of paragraph (2) shall, in each instance prior to its application in those calculations, be increased by the amount derived in subparagraph (C).

(7) Notwithstanding any other provision of law, for the entire payment adjustment year, no eligible hospital shall receive total payment adjustments in excess of the hospital's OBRA 1993 payment limitation as computed by the department pursuant to the Medi-Cal State Plan.

(8) The aggregate sum of the final adjusted projected total payment adjustment amounts computed under paragraph (4) for each eligible hospital for the period October 1 through June 30 of the applicable payment adjustment year, shall be the maximum size of the payment adjustment program for the entire payment adjustment year, exclusive of the supplemental payment adjustments provided for under subdivision (an).

(9) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available.

(an) (1) For the 2001–02 payment adjustment year and subsequent payment adjustment years, eligible hospitals that meet the requirements of this subdivision and that are in operation as of June 30 of the applicable payment adjustment year, shall be eligible to receive a supplemental lump-sum payment adjustment, which shall be payable as a result of the facility being a disproportionate share hospital in operation as of that date, but only if the hospital has remained in operation for the period October 1 through June 30 of the applicable payment adjustment year.

(2) The availability of supplemental lump-sum payment adjustments under this subdivision shall be determined as follows:

(A) The maximum state disproportionate share hospital allotment for California under the provisions of applicable federal medicaid rules shall be identified for the applicable federal fiscal year.

(B) The total amount of all payment adjustment amounts under this section, exclusive of any payments under this subdivision, applicable to the applicable federal fiscal year, whether paid or payable, shall be determined. The applicability of payment adjustment amounts to the 2000 federal fiscal year shall be determined in accordance with federal medicaid rules.

(C) The figure determined under subparagraph (B) shall be subtracted from the figure identified under subparagraph (A). If the remainder is a positive figure, supplemental lump-sum payment adjustments shall be made under this subdivision in accordance with this subparagraph and paragraph (3). The positive remainder so derived shall be the maximum amount of supplemental lump-sum payment adjustments under this subdivision for the applicable payment adjustment year.

(3) (A) For purposes of supplemental lump-sum payment adjustments under this subdivision, only hospitals that can be categorized into either of the two groups specified in clauses (i) and (ii) below shall be eligible to receive the supplemental payment adjustments, and no hospital may qualify for more than one of the two groups. The following groups of hospitals shall be recognized:

(i) "Public hospitals," which shall include all eligible hospitals that, as of July 1 of the applicable payment adjustment year, met the definition of a public hospital.

(ii) "Nonpublic hospitals," which shall include all eligible hospitals that, as of July 1 of the applicable payment adjustment year, met the definition of a nonpublic hospital.

(B) The amount determined to be the maximum amount of supplemental lump-sum payment adjustments under subparagraph (C) of paragraph (2) shall first be allocated between the two groups of hospitals referred to in subparagraph (A) as follows:

(i) "Public hospitals": 75 percent of the maximum amount.

(ii) "Nonpublic hospitals": 25 percent of the maximum amount.

(C) The amount of funds allocated pursuant to subparagraph (B) to each of the particular groups of hospitals referred to in subparagraphs (A) and (B) shall then be distributed as supplemental lump-sum payment adjustments among the eligible hospitals within each particular group as follows:

(i) The department shall identify for each eligible hospital the total amount of payment adjustments under this section, exclusive of any payments under this subdivision, applicable to the payment adjustment year, whether paid or payable. The applicability of the payment adjustment amounts to this period of time shall be determined in accordance with federal medicaid rules.

(ii) The amount identified for each hospital under clause (i) shall be compared to the OBRA 1993 payment limitation that, in accordance

with applicable provisions of the Medi-Cal State Plan, the department has computed for the particular hospital for the applicable payment adjustment year.

(iii) Where the amount computed under clause (i) for the particular hospital is equal to or exceeds the OBRA 1993 payment limitation for the hospital, the hospital shall not receive a supplemental lump-sum payment adjustment. Data regarding hospitals that have reached this limitation shall not be used for purposes of clauses (v) through (viii).

(iv) Where the amount computed under clause (i) for the particular hospital is less than the OBRA 1993 payment limitation for the hospital, the amount computed under clause (i) shall be used for purposes of clauses (v) through (viii).

(v) The figures determined under clause (iv) for each hospital in the particular group shall be added together to determine an aggregate total for each group.

(vi) The figures determined for each hospital under clause (iv) shall be divided by the aggregate total determined under clause (v) for the particular group, yielding a percentage figure for each hospital.

(vii) The percentage figure determined for each hospital under clause (vi) shall be applied to the maximum portion of the funds allocated to the particular group under subparagraph (B), to determine the hospital's pro rata share of the supplemental lump-sum payment adjustments. Notwithstanding the foregoing, however, in the case of a nonpublic hospital that, as of July 1 of the applicable payment adjustment year, met the definition of a children's hospital, that pro rata share otherwise determined shall be multiplied by a factor of 1.69, yielding a modified pro rata share to be applied only with respect to the first one million dollars (\$1,000,000) of the funds allocated pursuant to clause (ii) of subparagraph (B), and, with respect to the remainder of the funds so allocated, the pro rata share otherwise determined shall be multiplied by a factor of 1.09, yielding a modified pro rata share to be applied. The pro rata share for the other nonpublic hospitals shall be reduced accordingly, yielding a modified pro rata share, so that the maximum portion of the funds allocated to the nonpublic hospitals group will not be exceeded. The pro rata share or modified pro rata share, as applicable, for each hospital, as computed under this clause, shall also be used for all purposes relating to descending pro rata distributions under clause (viii).

(viii) In no event shall a hospital receive supplemental lump-sum payment adjustment amounts in excess of the difference between the OBRA 1993 payment limitation for the hospital and the amount computed for the hospital under clause (i). Any supplemental lump-sum payment adjustment amount, or portion thereof, that otherwise would have been payable under this paragraph to a hospital, but that is barred

by this limitation, shall be distributed on a descending pro rata basis to those hospitals within the same group.

(D) The department shall make interim and final payments of the supplemental lump-sum payment adjustments to hospitals on June 30 of the applicable payment adjustment year.

(4) The department shall implement this subdivision only to the extent consistent with federal medicaid law and the Medi-Cal State Plan, and only to the extent that the department determines that federal financial participation is available.

SEC. 2. Section 14105.982 is added to the Welfare and Institutions Code, to read:

14105.982. (a) (1) The department may adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 1 of Title 2 of the Government Code to specify a process for the preparation and issuance of any or all of the following:

(A) The tentative listing, as that term is used in paragraph (1) of subdivision (f) of Section 14105.98.

(B) The disproportionate share list, as that term is used in paragraphs (1) and (2) of subdivision (f) of Section 14105.98.

(C) Hospital-specific payment determinations pursuant to Section 14105.98.

(2) The process may include, but shall not be limited to, all of the following:

(A) Identification of the particular information to be prepared and issued.

(B) The opportunity for an affected hospital to review its individual hospital data elements.

(C) The timeframes for issuance and review of the items described in paragraph (1).

(D) The circumstances under which updated or corrected data may be accepted and used by the department.

(b) The initial adoption of the emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. The initial emergency regulations and the first readoption of those regulations shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations, and shall remain in effect for no more than 180 days. Before adopting any emergency regulations pursuant to this section, the department shall seek input from representatives of the hospital industry, including, but not limited to, the California Healthcare Association.

SEC. 3. (a) This section shall apply with respect to the 2000–01 fiscal year if all of the following conditions have been met for that fiscal year, and with respect to any subsequent fiscal year if all of the following conditions have been met for such subsequent fiscal year:

(1) There is a reduction in the amount transferred, or to be transferred, to the Health Care Deposit Fund required pursuant to paragraph (2) of subdivision (d) of Section 14163 of the Welfare and Institutions Code for the applicable fiscal year as compared to the amount so transferred for the 1999–2000 fiscal year.

(2) Section 3 does not apply.

(3) Section 4 does not apply.

(b) Pursuant to this section, the percentages specified in clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (al) or in clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (an), as applicable, of Section 14105.98 of the Welfare and Institutions Code for the public hospitals and nonpublic hospitals shall be deemed to be 0 percent and 100 percent, respectively, but only with respect to that amount equal to two-thirds of the amount of the transfer reduction described in paragraph (1) of subdivision (a). For all remaining amounts allocable under paragraph (3) of subdivision (al) and paragraph (3) of subdivision (an) of Section 14105.98 of the Welfare and Institutions Code, the percentages shall be as shown in clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (al), or in clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (an), of Section 14105.98 of the Welfare and Institutions Code, respectively.

SEC. 4. (a) This section shall apply with respect to the 2000–01 fiscal year, if all of the following conditions have been met for that fiscal year:

(1) There is a reduction in the amount transferred, or to be transferred, to the Health Care Deposit Fund required pursuant to paragraph (2) of subdivision (d) of Section 14163 of the Welfare and Institutions Code for the fiscal year as compared to the amount so transferred for the 1999–2000 fiscal year.

(2) The maximum amount identified pursuant to subparagraph (A) of paragraph (2) of subdivision (al) of Section 14105.98 of the Welfare and Institutions Code exceeds one billion nine hundred twenty-three million nine hundred thousand dollars (\$1,923,900,000).

(b) Pursuant to this section, the methodology for determining the supplemental lump-sum payment adjustment amounts set forth in subdivision (al) of Section 14105.98 of the Welfare and Institutions Code shall be modified as provided below:

(1) Each nonpublic-converted disproportionate share hospital that remains in operation as of June 30, 2001, shall be eligible to receive a supplemental lump-sum payment adjustment in an amount equal to the

amount of the transfer reduction described in paragraph (1) of subdivision (a), multiplied by a fraction, the numerator of which is the total payment adjustment amounts payable to the hospital pursuant to Section 14105.98 of the Welfare and Institutions Code for the 2000–01 fiscal year, before application of this section, and the denominator of which is the maximum amount identified pursuant to subparagraph (A) of paragraph (2) of subdivision (al) of Section 14105.98 of the Welfare and Institutions Code for the same fiscal year. Notwithstanding the foregoing, however, no hospital shall receive supplemental lump-sum payment adjustments under this paragraph if the total payment adjustment amounts payable to the hospital pursuant to Section 14105.98 of the Welfare and Institutions Code for the 2000–01 fiscal year, before application of this section, is at least forty million dollars (\$40,000,000).

(2) Notwithstanding the provisions of paragraph (1), in no case shall any amount otherwise payable pursuant to this section be paid in an amount that would cause any hospital to exceed the applicable limitation set forth in Section 1396r-4(f) of Title 42 of the United States Code. The modified methodology with respect to nonpublic-converted hospitals shall not provide for a descending pro rata distribution phase.

(3) The percentages specified in clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (al) of Section 14105.98 of the Welfare and Institutions Code for the public hospitals and nonpublic hospitals shall be deemed to be 0.00 percent and 100 percent, respectively, but only with respect to that amount equal to two-thirds of the amount of the transfer reduction described in paragraph (1) of subdivision (a), less one-third of the sum of the amounts payable to nonpublic-converted hospitals pursuant to paragraph (1). For all remaining amounts allocable under paragraph (3) of subdivision (al) of Section 14105.98 of the Welfare and Institutions Code, the percentages shall be as shown in clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (al) of Section 14105.98 of the Welfare and Institutions Code, respectively.

SEC. 5. (a) This section shall apply with respect to the 2001–02 fiscal year if all of the following conditions have been met for that fiscal year, and with respect to any subsequent fiscal year if all of the following conditions have been met for such subsequent fiscal year:

(1) There is a reduction in the amount transferred, or to be transferred, to the Health Care Deposit Fund required pursuant to paragraph (2) of subdivision (d) of Section 14163 of the Welfare and Institutions Code for the applicable fiscal year as compared to the amount so transferred for the 1999–2000 fiscal year.

(2) The maximum amount identified pursuant to subparagraph (A) of paragraph (2) of subdivision (an) of Section 14105.98 of the Welfare and

Institutions Code exceeds one billion eight hundred sixty-three million eight hundred thousand dollars (\$1,863,800,000).

(b) Pursuant to this section, the methodology for determining the supplemental lump-sum payment adjustment amounts set forth in subdivision (an) of Section 14105.98 of the Welfare and Institutions Code shall be modified as provided below:

(1) Each nonpublic-converted disproportionate share hospital that remains in operation as of June 30 of the applicable fiscal year shall be eligible to receive a supplemental lump-sum payment adjustment in an amount equal to the amount of the transfer reduction described in paragraph (1) of subdivision (a), multiplied by a fraction, the numerator of which is the total payment adjustment amounts payable to the hospital pursuant to Section 14105.98 of the Welfare and Institutions Code for the applicable fiscal year, before application of this section, and the denominator of which is the maximum amount identified pursuant to subparagraph (A) of paragraph (2) of subdivision (an) of Section 14105.98 of the Welfare and Institutions Code for the same fiscal year.

(2) Notwithstanding the provisions of paragraph (1), in no case shall any amount otherwise payable pursuant to this section be paid in an amount that would cause any hospital to exceed the applicable limitation set forth in Section 1396r-4(f) of Title 42 of the United States Code. The modified methodology with respect to nonpublic-converted hospitals shall not provide for a descending pro rata distribution phase.

(3) The percentages specified in clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (an) of Section 14105.98 of the Welfare and Institutions Code for the public hospitals and nonpublic hospitals shall be deemed to be 0.00 percent and 100 percent, respectively, for the applicable fiscal year, but only with respect to that amount equal to two-thirds of the amount of the transfer reduction described in paragraph (1) of subdivision (a), less one-third of the sum of the amounts payable to nonpublic-converted hospitals pursuant to paragraph (1). For all remaining amounts allocable under paragraph (3) of subdivision (an) of Section 14105.98 of the Welfare and Institutions Code, the percentages shall be as shown in clauses (i) and (ii) of subparagraph (B) of paragraph (3) of subdivision (an) of Section 14105.98 of the Welfare and Institutions Code, respectively.

SEC. 6. On or before June 29, 2000, the State Department of Health Services shall take all necessary steps to arrange for the publication of any public notices that are required or appropriate under federal or state law, in order to ensure an effective date for this act of not later than June 30, 2000, for federal medicaid purposes. Notwithstanding any other provision of law, the department may arrange for the publication of any notice through a private vendor, on a bid or nonbid basis, on an exclusive or nonexclusive basis, and without review or approval by any other

department, agency, or instrumentality of the state. The costs of publishing any notice through a private vendor shall be recovered by the department from the Medi-Cal Inpatient Payment Adjustment Fund.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure sufficient funding for disproportionate share providers in the Medi-Cal program, to enable them to provide sufficient access to Medi-Cal benefits as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 49

An act to amend Section 19826 of the Health and Safety Code, relating to building permits.

[Approved by Governor June 28, 2000. Filed with
Secretary of State June 29, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 19826 of the Health and Safety Code is amended to read:

19826. (a) No city or county, whether general law or chartered, shall issue a building permit which does not contain all applicable declarations required by Section 19825 properly executed by the owner, applicant, contractor, or agent of the owner, contractor, or applicant. The properly executed declarations shall be a condition for issuance of the building permit. A properly executed declaration may include a declaration signed and transmitted by facsimile or other electronic means. However, no city or county or its employees shall be responsible for determining the truth or accuracy of the declarations, and no monetary liability on the part of, and no cause of action for damages against them, shall arise from their failure to verify the truth or accuracy of the declarations.

(b) A city or county may require that within 15 days of issuance, the issuing agency of the city or county deliver copies of all building permits to the assessor of the county.

(c) For purposes of this section, an "application for a building permit" shall be construed as a "transaction" and all declarations

required shall be construed as “records” under Title 2.5 (commencing with Section 1633.1) of Part 2 of Division 3 of the Civil Code.

CHAPTER 50

An act to amend Section 594 of the Penal Code, relating to vandalism.

[Approved by Governor June 28, 2000. Filed with
Secretary of State June 29, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 594 of the Penal Code, as amended by Section 12 of Proposition 21, March 7, 2000, is amended to read:

594. (a) Every person who maliciously commits any of the following acts with respect to any real or personal property not his or her own, in cases other than those specified by state law, is guilty of vandalism:

- (1) Defaces with graffiti or other inscribed material.
- (2) Damages.
- (3) Destroys.

Whenever a person violates this subdivision with respect to real property, vehicles, signs, fixtures, furnishings, or property belonging to any public entity, as defined by Section 811.2 of the Government Code, or the federal government, it shall be a permissive inference that the person neither owned the property nor had the permission of the owner to deface, damage, or destroy the property.

(b) (1) If the amount of defacement, damage, or destruction is four hundred dollars (\$400) or more, vandalism is punishable by imprisonment in the state prison or in a county jail not exceeding one year, or by a fine of not more than ten thousand dollars (\$10,000), or if the amount of defacement, damage, or destruction is ten thousand dollars (\$10,000) or more, by a fine of not more than fifty thousand dollars (\$50,000), or by both that fine and imprisonment.

(2) (A) If the amount of defacement, damage, or destruction is less than four hundred dollars (\$400), vandalism is punishable by imprisonment in a county jail not exceeding one year, or by a fine of not more than one thousand dollars (\$1,000), or by both that fine and imprisonment.

(B) If the amount of defacement, damage, or destruction is less than four hundred dollars (\$400), and the defendant has been previously convicted of vandalism or affixing graffiti or other inscribed material under Section 594, 594.3, 594.4, 640.5, 640.6, or 640.7, vandalism is

punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than five thousand dollars (\$5,000), or by both that fine and imprisonment.

(c) (1) Upon conviction of any person under this section for acts of vandalism consisting of defacing property with graffiti or other inscribed materials, the court may, in addition to any punishment imposed under subdivision (b), order the defendant to clean up, repair, or replace the damaged property himself or herself, or order the defendant, and his or her parents or guardians if the defendant is a minor, to keep the damaged property or another specified property in the community free of graffiti for up to one year. Participation of a parent or guardian is not required under this subdivision if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children.

(2) Any city, county, or city and county may enact an ordinance that provides for all of the following:

(A) That upon conviction of any person pursuant to this section for acts of vandalism, the court may, in addition to any punishment imposed under subdivision (b), provided that the court determines that the defendant has the ability to pay any law enforcement costs not exceeding two hundred fifty dollars (\$250), order the defendant to pay all or part of the costs not to exceed two hundred fifty dollars (\$250) incurred by a law enforcement agency in identifying and apprehending the defendant. The law enforcement agency shall provide evidence of, and bear the burden of establishing, the reasonable costs that it incurred in identifying and apprehending the defendant.

(B) The law enforcement costs authorized to be paid pursuant to this subdivision are in addition to any other costs incurred or recovered by the law enforcement agency, and payment of these costs does not in any way limit, preclude, or restrict any other right, remedy, or action otherwise available to the law enforcement agency.

(d) If a minor is personally unable to pay a fine levied for acts prohibited by this section, the parent of that minor shall be liable for payment of the fine. A court may waive payment of the fine, or any part thereof, by the parent upon a finding of good cause.

(e) As used in this section, the term "graffiti or other inscribed material" includes any unauthorized inscription, word, figure, mark, or design, that is written, marked, etched, scratched, drawn, or painted on real or personal property.

(f) The court may order any person ordered to perform community service or graffiti removal pursuant to paragraph (1) of subdivision (c) to undergo counseling.

(g) No amount paid by a defendant in satisfaction of a criminal matter shall be applied in satisfaction of the law enforcement costs that may be

imposed pursuant to this section until all outstanding base fines, state and local penalty assessments, restitution orders, and restitution fines have been paid.

(h) This section shall remain in effect until January 1, 2002, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2002, deletes or extends that date.

SEC. 2. Section 594 of the Penal Code, as amended by Section 12.5 of Proposition 21, March 7, 2000, is amended to read:

594. (a) Every person who maliciously commits any of the following acts with respect to any real or personal property not his or her own, in cases other than those specified by state law, is guilty of vandalism:

- (1) Defaces with graffiti or other inscribed material.
- (2) Damages.
- (3) Destroys.

Whenever a person violates this subdivision with respect to real property, vehicles, signs, fixtures, furnishings, or property belonging to any public entity, as defined by Section 811.2 of the Government Code, or the federal government, it shall be a permissive inference that the person neither owned the property nor had the permission of the owner to deface, damage, or destroy the property.

(b) (1) If the amount of defacement, damage, or destruction is four hundred dollars (\$400) or more, vandalism is punishable by imprisonment in the state prison or in a county jail not exceeding one year, or by a fine of not more than ten thousand dollars (\$10,000), or if the amount of defacement, damage, or destruction is ten thousand dollars (\$10,000) or more, by a fine of not more than fifty thousand dollars (\$50,000), or by both that fine and imprisonment.

(2) (A) If the amount of defacement, damage, or destruction is less than four hundred dollars (\$400), vandalism is punishable by imprisonment in a county jail not exceeding one year, or by a fine of not more than one thousand dollars (\$1,000), or by both that fine and imprisonment.

(B) If the amount of defacement, damage, or destruction is less than four hundred dollars (\$400), and the defendant has been previously convicted of vandalism or affixing graffiti or other inscribed material under Section 594, 594.3, 594.4, 640.5, 640.6, or 640.7, vandalism is punishable by imprisonment in a county jail for not more than one year, or by a fine of not more than five thousand dollars (\$5,000), or by both that fine and imprisonment.

(c) Upon conviction of any person under this section for acts of vandalism consisting of defacing property with graffiti or other inscribed materials, the court may, in addition to any punishment imposed under subdivision (b), order the defendant to clean up, repair, or replace the

damaged property himself or herself, or order the defendant, and his or her parents or guardians if the defendant is a minor, to keep the damaged property or another specified property in the community free of graffiti for up to one year. Participation of a parent or guardian is not required under this subdivision if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children.

(d) If a minor is personally unable to pay a fine levied for acts prohibited by this section, the parent of that minor shall be liable for payment of the fine. A court may waive payment of the fine, or any part thereof, by the parent upon a finding of good cause.

(e) As used in this section, the term “graffiti or other inscribed material” includes any unauthorized inscription, word, figure, mark, or design, that is written, marked, etched, scratched, drawn, or painted on real or personal property.

(f) The court may order any person ordered to perform community service or graffiti removal pursuant to paragraph (1) of subdivision (c) to undergo counseling.

(g) This section shall become operative on January 1, 2002.

CHAPTER 51

An act to add Article 5w (commencing with Section 998.300) to Chapter 6 of Division 4 of the Military and Veterans Code, relating to the financing of a program to provide farm and home aid for veterans in accordance with the Veterans’ Farm and Home Purchase Act of 1974, and acts amendatory thereof and supplemental thereto, through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of those funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 29, 2000. Filed with
Secretary of State June 29, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 5w (commencing with Section 998.300) is added to Chapter 6 of Division 4 of the Military and Veterans Code, to read:

Article 5w. Veterans' Bond Act of 2000

998.300. This article may be cited as the Veterans' Bond Act of 2000.

998.301. (a) The State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), except as otherwise provided herein, is adopted for the purpose of the issuance, sale, and repayment of, and otherwise providing with respect to, the bonds authorized to be issued by this article, and the provisions of that law are included in this article as though set out in full in this article. All references in this article to "herein" refer both to this article and that law.

(b) For purposes of the State General Obligation Bond Law, the Department of Veterans Affairs is designated the board.

998.302. As used herein, the following words have the following meanings:

(a) "Board" means the Department of Veterans Affairs.

(b) "Bond" means veterans' bond, a state general obligation bond, issued pursuant to this article adopting the provisions of the State General Obligation Bond Law.

(c) "Bond act" means this article authorizing the issuance of state general obligation bonds and adopting the State General Obligation Bond Law by reference.

(d) "Committee" means the Veterans' Finance Committee of 1943, established by Section 991.

(e) "Fund" means the Veterans' Farm and Home Building Fund of 1943, established by Section 998.

998.303. For the purpose of creating a fund to provide farm and home aid for veterans in accordance with the Veterans' Farm and Home Purchase Act of 1974 (Article 3.1 (commencing with Section 987.50)), and of all acts amendatory thereof and supplemental thereto, the committee may create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of not more than five hundred million dollars (\$500,000,000), exclusive of refunding bonds, in the manner provided herein.

998.304. (a) All bonds authorized by this article, when duly sold and delivered as provided herein, constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

(b) There shall be collected annually, in the same manner and at the same time as other state revenue is collected, a sum of money, in addition to the ordinary revenues of the state, sufficient to pay the principal of, and interest on, these bonds as provided herein, and all officers required

by law to perform any duty in regard to the collection of state revenues shall collect this additional sum.

(c) On the dates on which funds are remitted pursuant to Section 16676 of the Government Code for the payment of the then maturing principal of, and interest on, the bonds in each fiscal year, there shall be returned to the General Fund all of the money in the fund, not in excess of the principal of, and interest on, any bonds then due and payable. If the money so returned on the remittance dates is less than the principal and interest then due and payable, the balance remaining unpaid shall be returned to the General Fund out of the fund as soon as it shall become available, together with interest thereon from the dates of maturity until returned, at the same rate of interest as borne by the bonds, compounded semiannually. Notwithstanding any other provision of law to the contrary, this subdivision shall apply to all veterans farm and home purchase contracts pursuant to this chapter. This subdivision does not grant any lien on the fund or the moneys therein to holders of any bonds issued under this article. For the purposes of the subdivision, "debt service" means the principal (whether due at maturity, by redemption, or acceleration), premium, if any, or interest payable on any date to any series of bonds. This subdivision shall not apply, however, in the case of any debt service that is payable from the proceeds of any refunding bonds.

998.305. There is hereby appropriated from the General Fund, for purposes of this article, a sum of money that will equal both of the following:

(a) That sum annually necessary to pay the principal of, and the interest on, the bonds issued and sold as provided herein, as that principal and interest become due and payable.

(b) That sum necessary to carry out Section 998.306, appropriated without regard to fiscal years.

998.306. For the purposes of this article, the Director of Finance may, by executive order, authorize the withdrawal from the General Fund of a sum of money not to exceed the amount of the unsold bonds which have been authorized by the committee to be sold pursuant to this article. Any sums withdrawn shall be deposited in the fund. All moneys made available under this section to the board shall be returned by the board to the General Fund, plus the interest that the amounts would have earned in the Pooled Money Investment Account, from the sale of bonds for the purpose of carrying out this article.

998.307. The board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account, in accordance with Section 16312 of the Government Code, for the purposes of carrying out this article. The amount of the request shall not exceed the amount of unsold bonds which the committee has, by

resolution, authorized to be sold for the purpose of carrying out this article. The board shall execute whatever documents are required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the fund to be allocated by the board in accordance with this article.

998.308. Upon request of the board, supported by a statement of its plans and projects approved by the Governor, the committee shall determine whether to issue any bonds authorized under this article in order to carry out the board's plans and projects, and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out these plans and projects progressively, and it is not necessary that all of the bonds be issued or sold at any one time.

998.309. As long as any bonds authorized under this article are outstanding, the Secretary of Veterans Affairs shall, at the close of each fiscal year, require a survey of the financial condition of the Division of Farm and Home Purchases, together with a projection of the division's operations, to be made by an independent public accountant of recognized standing. The results of each survey and projection shall be reported in writing by the public accountant to the Secretary of Veterans Affairs, the California Veterans Board, the appropriate policy committees dealing with veterans affairs in the Senate and the Assembly, and the committee.

The Division of Farm and Home Purchases shall reimburse the public accountant for these services out of any money which the division may have available on deposit with the Treasurer.

998.310. The committee may authorize the Treasurer to sell all or any part of the bonds authorized by this article at the time or times established by the Treasurer.

Whenever the committee deems it necessary for an effective sale of the bonds, the committee may authorize the Treasurer to sell any issue of bonds at less than their par value, notwithstanding Section 16754 of the Government Code. However, the discount on the bonds shall not exceed 3 percent of the par value thereof.

998.311. Out of the first money realized from the sale of bonds as provided herein, there shall be redeposited in the General Obligation Bond Expense Revolving Fund, established by Section 16724.5 of the Government Code, the amount of all expenditures made for the purposes specified in that section, and this money may be used for the same purpose and repaid in the same manner whenever additional bond sales are made.

998.312. Any bonds issued and sold pursuant to this article may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 2 of Title 2 of the Government

Code. The approval of the voters for the issuance of bonds under this article includes approval for the issuance of bonds issued to refund bonds originally issued or any previously issued refunding bonds.

998.313. Notwithstanding any provision of the bond act, if the Treasurer sells bonds under this article for which bond counsel has issued an opinion to the effect that the interest on the bonds is excludable from gross income for purposes of federal income tax, subject to any conditions which may be designated, the Treasurer may establish separate accounts for the investment of bond proceeds and for the earnings on those proceeds, and may use those proceeds or earnings to pay any rebate, penalty, or other payment required by federal law or take any other action with respect to the investment and use of bond proceeds required or permitted under federal law necessary to maintain the tax-exempt status of the bonds or to obtain any other advantage under federal law on behalf of the funds of this state.

998.314. The Legislature hereby finds and declares that, inasmuch as the proceeds from the sale of bonds authorized by this article are not "proceeds of taxes" as that term is used in Article XIII B of the California Constitution, the disbursement of these proceeds is not subject to the limitations imposed by Article XIII B.

998.315. Notwithstanding any other provision of law, any bonds issued and sold under the Veterans Bond Act of 1982, and the Veterans Bond Act of 1984 may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, without regard to the first sentence of Section 16786 of the Government Code.

SEC. 2. Section 1 of this act shall take effect upon the approval by the people of the Veterans' Bond Act of 2000, submitted to the voters pursuant to Section 3 of this act.

SEC. 3. (a) Notwithstanding Sections 9040, 9043, 9044, 9065, 9094, and 13115 of the Elections Code or any other provision of law, a ballot measure that sets forth the Veterans' Bond Act of 2000, as set forth in Section 1 of this act, shall be submitted to the voters at the November 2000 general election. Notwithstanding Section 9040 of the Elections Code, the ballot measure as set forth in Section 1 of this act shall appear on the November 7, 2000, general election ballot.

(b) The Secretary of State shall ensure the placement of the Veterans' Bond Act of 2000 ballot measure as set forth in Section 1 of this act on the November 2000 general election ballot, in substantial compliance with any statutory time requirements applicable to the submission of statewide measures to the voters at a statewide election.

(c) Notwithstanding Section 9051 of the Elections Code, the Attorney General shall prepare and return to the Secretary of State a ballot title for the bond act contained in Section 1 of this act as

expeditiously as possible, but not later than two days after the effective date of this act.

(d) Notwithstanding Section 9087 of the Elections Code, the Legislative Analyst shall prepare an impartial analysis of the bond act contained in Section 1 of this act as expeditiously as possible, but not later than five days after the effective date of this act, and the analysis shall not be submitted to a review committee.

(e) The Secretary of State shall include, in the ballot pamphlet mailed pursuant to Section 9094 of the Elections Code, the information specified in Section 9084 of that code regarding the bond act contained in Section 1 of this act.

If that inclusion is not possible, the Secretary of State shall publish a supplemental ballot pamphlet regarding the bond act to be mailed with the ballot pamphlet. If the supplemental ballot pamphlet cannot be mailed with the ballot pamphlet, the supplemental ballot pamphlet shall, notwithstanding Section 9094 of that code, be mailed at least 14 days before the election.

SEC. 4. Notwithstanding any other provision of law, all ballots at the election shall have printed thereon, in a square, the words: "Veterans' Bond Act of 2000" and in the same square, under the words, the following in 8-point type: "This act provides for a bond issue of five hundred million dollars (\$500,000,000) to provide farm and home aid for California veterans." Opposite the square, there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against the act.

Where the voting of the election is done by means of voting machines used pursuant to law in the manner that carries out the intent of this section, the use of the voting machines and the expression of the voters' choice by means thereof are in compliance with this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Veterans' Bond Act of 2000 may be included on the November 2000, statewide ballot in furtherance of an orderly program of providing farm and home purchase benefits to California veterans, it is necessary that this act take effect immediately.

CHAPTER 52

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 2000. Filed with Secretary of State June 30, 2000.]

I object to the following appropriations contained in Assembly Bill 1740.

Item 0450-101-0932—For local assistance, State Trial Court Funding. I am deleting Provisions 6 and 9.

I am deleting Provision 6, which would require that any funds for salary increases for trial court judicial officers only be distributed to those trial courts that are unified to the fullest extent of the law.

I am also deleting Provision 9, which would require that funding for new trial court judicial officers shall be provided to those courts that are unified to the fullest extent of the law.

The 56th and final eligible county has recently unified, and this language is no longer necessary.

Item 0505-001-0001—For support of Department of Information Technology. I delete Provision 2.

I am deleting Provision 2 which would require \$500,000 of the funds appropriated in this item to be used to conduct a study that will research, analyze, and report on the lack of access to advanced technologies among low-income and minority communities, otherwise known as the “digital divide”. While a study of this issue may be meritorious, I am deleting this language because when it was added, \$500,000 was available for this purpose. However, this item no longer contains resources for this study. Additionally, several national studies have been conducted on this issue.

Item 0505-101-0001—For local assistance, Department of Information Technology. I reduce this item from \$190,000 to \$150,000 by deleting:

(a) Sacramento Police Department—Racial Profiling Technology (\$40,000)

Consistent with my action in Item 2720-101-0001, which provides \$5,000,000 for grants to local law enforcement agencies that collect racial profiling data, I am deleting the \$40,000 legislative augmentation to the Sacramento Police Department for Racial Profiling Technology. Since it is my intention that the grant funds be used to offset a portion of local agency costs to report data to the Highway Patrol, the additional funding provided in this item is unnecessary.

Item 0530-001-0001—For support of Secretary for California Health and Human Services Agency. I reduce this item from \$2,274,000 to \$1,874,000 by reducing:

(a) 10-Secretary for California Health and Human Services Agency from \$3,272,000 to \$2,872,000,

and by revising Provision 1.

I am deleting \$400,000 and 0.9 personnel years of the \$600,000 and 0.9 personnel years legislative augmentation to implement Chapter 990, Statutes of 1999 (SB 480) and conduct a study regarding universal health care coverage options. While these resources were added for the purpose of conducting an additional study, Chapter 990 does not require such a study. Instead, Chapter 990 requires the Agency to examine and use the results of an existing University of California study, meet with interested parties, and report back to the Legislature on options regarding universal health care coverage. Given that Chapter 990 contained no appropriation and requires no additional study, \$200,000 is sufficient funding for the Agency to complete the required tasks.

I am revising the language in the item to conform to this action.

"1. Of the amount appropriated in this item, ~~\$500,000~~ \$200,000 shall be used to conduct a study pursuant to ~~Division 25 (commencing with Section 25000)~~ of the ~~Welfare and Institutions Code~~; to develop options for achieving universal health care coverage. The Secretary of the California Health and Human Services Agency may utilize an interagency agreement, or conduct a competitive process, for allocating all or any portion of these funds. These funds may be leveraged to obtain additional federal funds, grant moneys or foundation assistance, including in-kind support. It is the intent of the Legislature for the Secretary to utilize recommendations as contained in the report prepared by the Universal Health Care Technical Advisory Committee, dated April 2000, where applicable and deemed appropriate by the Secretary."

Item 0540-001-0001—For support of Secretary for Resources. I reduce this item from \$11,781,000 to \$7,781,000 by reducing:

(a) 10-Administration of Resources Agency from \$13,673,000 to \$9,673,000 and revising Provision 1.

I am reducing the \$8,000,000 legislative augmentation by \$4,000,000 for projects associated with removing the Auburn Dam diversion tunnel. While I am supportive of restoring the American River, closure of the tunnel is primarily a federal responsibility. It is premature to fully fund a state contribution toward the closure until the federal government has made clear its plans for and commitment to restoration of the river.

I am revising Provision 1 as follows:

"1. Of the funds appropriated in this item, ~~\$8,000,000~~ \$4,000,000 may be allocated by the Secretary for Resources for the joint restoration, with the U.S. Bureau of Reclamation, of the natural stream channel of the North Fork of the American River to its previous free-flowing condition, in conjunction with the U.S. Bureau of Reclamation's closure of the Auburn Dam diversion tunnel for the purpose of restoring navigable flows and installation of a permanent, midchannel instream diversion and a pumping station for the Placer County Water Agency. Notwithstanding any other provision of law, these funds shall be available for expenditure during the 2000–01, 2001–02, and 2002–03 fiscal years."

Item 0540-101-0001—For local assistance, Secretary for Resources. I reduce this item from \$4,007,000 to \$3,397,000 by revising:

(2) Special Projects (Baldwin Hills) from \$860,000 to \$250,000 by deleting:
 (b) Baldwin Hills Conservancy (100,000); and
 (c) Baldwin Hills Planning Fund (510,000).

I am deleting the legislative augmentation of \$610,000 for these two projects. I have sustained \$250,000 for support of the Baldwin Hills Conservancy if it is created by legislation during the 1999–2000 Regular Session.

Item 0540-102-0005—For local assistance, Secretary for Resources. I deleted this item.

These legislative augmentations would over subscribe the allocation to the Resources Agency from the 2000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Fund. Specifically, I am deleting the funding for all of the projects related to the San Gabriel and Lower Los Angeles River and Mountains area (subschedules (l), (m), (n) and (o) because, while these projects are meritorious, funding for these projects is premature. The newly established San Gabriel and Lower Los Angeles River and Mountains Conservancy has not yet had an opportunity to develop an implementation plan of priority projects for the region. Further, I believe it is important that project selection include community participation in order to keep faith with the voters to allow community groups to have a role in project selection.

Item 0552-001-0001—For support of Office of the Inspector General. I reduce this item from \$10,348,000 to \$10,248,000 and delete Provision 1.

I am deleting the \$100,000 legislative augmentation to contract with independent social science researchers to study the incidence of violence in State prisons and Youth Authority institutions in order to fund higher competing priorities.

I am deleting Provision 1 to conform to this action.

Item 0555-001-0001—For support of Secretary for Environmental Protection. I reduce this item from \$4,477,000 to \$4,177,000.

I am deleting the \$300,000 legislative augmentation for the California Border Environmental Education Program. This augmentation would provide technical assistance and training for government officials and community-based organizations on environmental issues at the Mexican border, and fund minor capital outlay projects for emergency situations. The Administration’s California-Mexico Border Initiative already provides \$2.8 million to address environmental pollution at the Mexican border, including approximately \$306,000 for technical assistance and training.

Item 0555-001-0028—For support of Secretary for Environmental Protection. I delete this item.

I am deleting the \$700,000 legislative augmentation to develop and implement a geographical information management system for Unified Program data tracking. I believe it would be premature to fund this information technology project prior to an approved feasibility study report. If a feasibility study for a geographical information management system is completed and approved, funding for development and implementation costs could be considered in a future budget.

I am deleting Provision 1 to conform to this action.

Item 0555-001-0044—For support of Secretary for Environmental Protection. I revise this item by reducing:

- (b) 20-Special Environmental Programs from (\$5,424,000) to (\$4,724,000);
- (4) 20.25-Information Technology from \$746,000 to \$46,000;
- (d) Amount payable from the General Fund (Item 0555-001-0001) from -\$4,477,000 to -\$4,177,000;

and by deleting:

- (bx) 20.55-California Border Environmental Education Program (\$300,000);
- (ex) Amount payable from the Unified Program Account (Item 0555-001-0028) (\$700,000).

I am revising this item to conform to the actions taken in Items 0555-001-0001 and 0555-001-0028.

Item 0650-011-0001—For support of the Office of the Secretary for Education. I reduce this item from \$6,453,000 to \$6,273,000 by reducing:

- (a) Office of the Secretary for Education from \$6,463,000 to \$6,283,000.

I am reducing this item by \$180,000 and two positions which I proposed to support the expansion of the Academic Volunteer and Mentor Service Program. The expansion of the Program was not supported by the Legislature; thus these positions are no longer necessary.

Item 0690-103-0001—For support of the Office of Emergency Services. I reduce this item from \$7,685,350 to \$6,935,350 and revise Provision 1.

I am deleting funding for the East County Fire Protection District’s fire rescue equipment. I am also reducing the appropriation for the San Mateo County emergency shelter facility from \$500,000 to \$250,000. While these projects may be meritorious, I am reducing or deleting the funding for them to fund higher competing priorities. I am revising Provision 1 as follows:

“1. The funds appropriated in this item are for various grants for emergency projects or emergency equipment as follows:

- (a) Hanford Fire Department: 3 automated external defibrillators 13,000
- (b) City of San Diego: East County Fire Protection District fire truck 169,500
- (c) East County Fire Protection District: Wildland Type III fire engine 169,850
- (d) East County Fire Protection District: fire rescue equipment 500,000
- (e) City of South San Francisco: San Mateo County emergency shelter facility ~~500,000~~ 250,000
- (f) City and County of San Francisco Offices of Emergency Services: Conversion of 911 Building into a community resource computer learning center 700,000
- (g) City of Long Beach: Fire safety house and tow vehicle 63,000

(h) City of Signal Hill: Emergency operation center	250,000
(i) Walnut Grove Fire District: Fire truck	250,000
(j) Ceres Fire Department: Breathing apparatus	40,000
(k) City of Dinuba: Fire safety equipment	30,000"

Item 0750-001-0001—For support of the Office of the Lieutenant Governor. I reduce this item from \$2,571,000 to \$1,829,000.

I am deleting the \$532,000 legislative augmentation for the Commission for Economic Development. Funding for this commission was eliminated in 1995, and has not since been funded because other state agencies are now responsible for these activities.

I am reducing the legislative augmentation to establish a San Diego office by \$210,000 from \$265,000 to \$55,000. Currently, the Lt. Governor has three offices, which are located in Sacramento, Los Angeles, and Fresno. Although I believe the existing offices provide the Lt. Governor sufficient flexibility in accomplishing existing duties, I am sustaining \$55,000 for related operational needs.

Item 0845-001-0217—For support of Department of Insurance. I reduce this item from \$123,590,000 to \$122,399,000 by reducing:

(c) 20-Fraud Control from \$29,967,000 to \$28,776,000.

I am deleting the \$1,191,000 legislative augmentation for the Employment Misrepresentation Task Force. I believe there is insufficient justification for additional efforts by the Department of Insurance in this area at this time.

Item 0845-101-0217—For local assistance, Department of Insurance. I reduce this item from \$32,416,000 to \$31,903,000.

I am deleting the \$513,000 legislative augmentation for local assistance for the Employment Misrepresentation Task Force to conform to my previous action regarding Item 0845-001-0217. There is not sufficient justification for additional efforts by the Department of Insurance in this area at this time.

Item 1100-001-0001—For support of California Science Center. I revise this item by deleting Provision 2.

I am deleting Provision 2, which would require the Secretary of State and Consumer Services to represent the state's interests in any lease negotiations for Exposition Park. This provision is unnecessarily restrictive and interferes with the Executive Branch's ability to manage its programs. I also note that the state's interests are already protected by Section 4102 of the Food and Agricultural Code which provides that the California Science Center may lease, let, or grant licenses for the use of a stadium or any arena, pavilion, or other building, with the approval of the State and Consumer Services Agency. Additionally, Provision 1 of this item protects the interests of the state since it requires (1) the Director of General Services to approve any contract, permit, or lease agreement that reduces state revenues or increases state costs by \$25,000 or more, and (2) a written, 30-day notification of the intent to approve such an agreement to the Chairperson of the Joint Legislative Budget Committee.

Item 1111-002-0960—For support of the Bureau for Private Postsecondary and Vocational Education, Department of Consumer Affairs. I reduce this item from \$2,400,000 to \$400,000 by reducing:

(a) 27.30-Student Tuition Recovery Program from \$2,400,000 to \$400,000.

I am revising this item to conform to the action I have taken in Item 1111-003-0001.

Item 1111-003-0001—For transfer to the Student Tuition Recovery Fund. I delete this item and Provisions 1 and 2.

I am deleting the \$2,000,000 legislative augmentation. Existing law provides for a special assessment upon private post-secondary institutions for deposit in the Student Tuition Recovery Fund (STRF) to pay student tuition reimbursement claims in the event the STRF does not have sufficient resources for payment of the claims. A General Fund augmentation to this fund would inappropriately relieve the institutions of their statutory responsibility to students and could set an undesirable precedent for General Fund payment of any future judgments against the STRF.

I am deleting Provisions 1 and 2, and revising Item 1111-002-0960 to conform to this action.

Item 1111-102-0001—For local assistance, Bureau of Automotive Repair, Department of Consumer Affairs. I delete this item.

I am deleting the \$2,000,000 legislative augmentation for smog check remote sensing. Smog check remote sensing is more appropriately funded by the Vehicle Inspection and Repair Fund, and the budget already provides sufficient funding from that source for those purposes.

Item 1760-001-0001—For support of Department of General Services. I reduce this item from \$24,690,000 to \$24,290,000 and delete Provision 3.

I am deleting the legislative augmentation of \$400,000 for the public school construction businesses process review. Chapter 401, Statutes of 1998, authorizing statute for the School Facilities Program, recently streamlined the cumbersome and complex Lease-Purchase School Construction Program in an effort to allow local districts more flexibility to build schools as efficiently as possible. It would be premature to initiate actions related to further program modifications until the program has been operational for a sufficient length of time to warrant effective evaluation.

I am deleting Provision 3 to conform to this action.

Item 1760-001-0666—For support of Department of General Services. I revise this item by reducing:

- (a) Program support from \$591,547,000 to \$591,147,000, and
- (c) Amount payable from the General Fund (Item 1760-001-0001) from ~~-\$24,690,000~~ to ~~-\$24,290,000~~.

I am revising this item to conform to the action taken in Item 1760-001-0001.

Item 1760-491—Reappropriation, Department of General Services. I delete Provision 1.

I am revising this Item by deleting Provision 1, which declares the intent of the Legislature not to reappropriate funding for the projects listed in this Item and states that the Department of General Services should identify new eligible projects for which any unexpended funds could be used. This language is an infringement on the Executive Branch's budget development process and restricts my authority to prepare a budget that reflects my spending priorities within available fiscal resources.

Item 2240-107-0001—For transfer by the Controller to the Housing Rehabilitation Loan Fund (0929). I reduce this item from \$288,000,000 to \$213,000,000 and revise Provision 1.

I am reducing the legislative augmentation for the Multifamily Housing Program by \$75,000,000, sustaining \$188,000,000 for the program and revising Provision 1 accordingly. This represents more than twice the amount of funding for multifamily housing than I proposed, even though the total for all housing augmentations now matches the \$500 million proposed in the May Revision. New multifamily housing funds will assist in the development of 5,200 to 7,200 rental units for low- and very low-income Californians.

I am deleting all but the first sentence of Provision 1 to eliminate \$19,000,000 that the Legislature set aside within the Multifamily Housing Program for low-income housing that is at risk of converting to market rate rents as federal loans or subsidies expire. This language is unnecessary since the multifamily housing funds can already be used to preserve such at-risk units.

- "1. Of the amount transferred by this item ~~\$263,000,000~~ \$188,000,000 shall be utilized for the purposes of the Multifamily Housing Program as set forth in Chapter 6.7 (commencing with Section 50675) of Part 2, Division 31 of the Health and Safety Code. ~~\$19,000,000~~ of the funds identified in this provision shall be reserved for projects which are at risk of conversion to market rate rents as a result of prepayment of their federally insured or federally held mortgage or termination of their federal subsidy program; as those terms are set forth in paragraphs (4) and (5) of subdivision (a) of Section 65863.10 of the Government Code. In regard to the preservation funds, these may be used for innovative programs that leverage private funding and that result in the preservation of housing units at a relatively low cost per unit. The Legislature encourages the Department of Housing and Community Development to investigate methods of using the funds on a revolving basis."

Item 2400-001-0933—For support of Department of Managed Care. I reduce this item from \$36,827,000 to \$33,017,000 by reducing:

(a) 30-Health Plan Program from \$36,827,000 to \$33,017,000; and by deleting Provision 2.

I am reducing the legislative augmentation for consumer education and outreach by \$3,000,000, because it is premature to fund a large marketing campaign during the Department's first year of operations. I am sustaining \$2,000,000 of this augmentation to develop and begin implementing a targeted education program to inform health plan enrollees of the Department's existence and purpose and how to reach the Department. These activities will be evaluated to determine the level and types of educational efforts required for the next year and on an ongoing basis.

I am reducing by \$250,000 the legislative augmentation for consulting services to develop the report card for health care organizations required by Chapter 525, Statutes of 1999. I am sustaining \$500,000 of the augmentation to develop the report card structure and complete the initial report. This amount should be sufficient for the first year of this program.

I am also reducing by \$560,000 the legislative augmentation for consumer call center services and for consultants to assist with design and development of the Office of Patient Advocate. Consistent with my May Revision proposal, I am sustaining \$140,000 of the augmentation to handle any temporary surges in consumer calls during the Department's initial year. The Patient Advocate should take the lead in organizing the Office of Patient Advocate, in accordance with the legislation creating the office.

I am also signing AB 2877, the omnibus health care trailer bill, which includes sections addressing the industry assessments that fund the activities of the Department. However, these assessment provisions are inconsistent with what I proposed in the May Revision, because AB 2877 effectively eliminates any cap on assessments. Therefore, I request that the Legislature pass subsequent legislation to establish an assessment cap more consistent with my May Revision proposal. The assessment cap must allow the Department to provide increased consumer services without creating an unreasonable financial burden on the managed care system. I am also deleting Provision 2 of this item to conform to my signing AB 2877.

Item 2660-001-0042—For support of Department of Transportation. I reduce this item from \$1,994,470,000 to \$1,988,601,000 by reducing:

- (d) 20.40 Highway Transportation—Program Development from \$103,711,000 to \$102,842,000, and
- (f) 20.70 Highway Transportation—Operations from \$143,273,000 to \$138,273,000.

I am deleting the augmentation of \$869,000 and 10 positions for the Bicycle Transportation Program. In January, I proposed \$415,000 and 4 positions to centralize the operations that assist local agencies in the planning and construction of bicycle pathways. The Legislature augmented this program without a compelling rationale and also decentralized operations among the districts. In deleting this augmentation, I am returning the responsibility of this function to Caltrans' headquarters to coordinate new bicycle transportation planning efforts on a statewide basis.

I am deleting the augmentation of \$5,000,000 for the Freeway Service Patrol, which supports patrols of tow truck drivers that provide services free-of-charge to motorists along 1,200 miles of freeways in the more congested areas of the State. Although this increase is characterized as a one-time request, this augmentation may commit Caltrans to higher on-going service and funding levels. I agree that the current Freeway Service Patrol provides valuable assistance to motorists and helps reduce traffic congestion; however, the need for more funds at this time has not been demonstrated.

Item 2660-012-0001—For transfer by the Controller to the Abandoned Railroad Account, State Transportation Fund. I delete this item and Provision 1.

I am deleting the legislative augmentation of \$5,000,000 that would have provided a transfer from this item to the Abandoned Railroad Account within the State Transportation Fund. The Legislature's action would restrict the use of the funds to acquiring land for non-motorized purposes (such as pedestrian or bicycle paths), while ignoring the original intent of the Account, which was to provide funding to acquire inactive

railroad rights-of-way for public transit use. The State already provides \$1 million for bike trails in 2000–01, which is scheduled to increase in increments pursuant to Chapter 644, Statutes of 1997, to \$5 million by 2004–05. In addition, existing federal programs, such as the Transportation Enhancement Activities Program or the State’s Environmental Enhancement and Mitigation Program, would be a more appropriate source of funding available to local agencies for bike paths or trails.

I am deleting Provision 1 to conform to this action.

Item 2660-101-0001—For local assistance of Department of Transportation. I reduce this item from \$77,992,500 to \$75,082,500 by reducing:

(a) 30-Mass Transportation from \$72,549,000 to \$71,249,000;

by deleting:

(6) Southern California Regional Rail Authority (\$400,000);

(8) San Francisco Muni Nextbus Program (\$300,000); and

(b) 20-Highway Transportation from \$1,633,500 to \$1,383,500;

by deleting:

(1) City of Rio Vista Traffic Signals (\$150,000);

(6) City of Isla Vista, Sidewalks (\$100,000); and

(bx) 10-Aeronautics from \$310,000 to \$200,000;

by reducing:

(1) Burbank-Glendale-Pasadena Airport Authority from (\$310,000) to (\$200,000)

(c) 500010-Special Projects from \$3,500,000 to \$2,250,000;

by deleting:

(3) City of Roseville Pedestrian/Bicycle Bridge (\$250,000);

(4) City of Lakewood Pavement Improvement Project (\$700,000); and by reducing \$300,000 from the following subschedule:

(5) Watsonville High School, Bridge from (\$1,500,000) to (\$1,200,000).

I am reducing this item by \$2,310,000 to fund higher competing priorities, including \$71,000,000 for transportation projects I proposed in the January Budget to assist two of the State’s most congested areas—Los Angeles and the Silicon Valley. Additional high priority projects are proposed for funding through my Traffic Congestion Relief Plan.

As a technical correction to this item, I am reducing Program 30—Mass Transportation by an additional \$600,000 to record a legislative change not reflected in the program total. Program 30 initially contained \$600,000 for the Orinda School Safety Program. The Legislature decided that this issue was best budgeted within another department, and the issue was removed without adjusting the program funding total accordingly.

Item 2660-102-0001—For local assistance, Department of Transportation. I delete this item and Provision 1.

I am deleting the legislative augmentation of \$12 million from the General Fund for the Bay Area Water Transit Authority to fund the environmental impact reports and design functions specified in Chapter 1011, Statutes of 1999, to purchase ferries and appropriate infrastructure to establish a high-speed water transit system for San Francisco Bay. In signing this chapter, I stated that the General Fund should not be used for this project. For this reason, I proposed \$12 million for the Bay Area Water Transit Authority from the Public Transportation Account in my January Budget, and I continue to support this phase of the project from that source. Therefore, I request that the Legislature pass a bill this year that provides \$12 million for the Authority from the Public Transportation Account.

The Public Transportation Account will receive about \$45 million in new funds annually from the State Highway Account as I proposed in January and can clearly support the initial planning efforts of the Authority.

I am deleting Provision 1 to conform to this action.

Item 2720-001-0044—For support of Department of the California Highway Patrol. I reduce this item from \$914,917,000 to \$901,085,000 by reducing:

(a) 10-Traffic Management from \$878,517,000 to \$867,486,000;

(b) 20-Regulation and Inspection from \$98,812,000 to \$96,011,000; and revising Provision 1.

I am reducing the \$14,500,000 legislative augmentation for 146 additional CHP motorcycle officers to address traffic congestion in urban areas by \$6,451,000 for 65 officers, and sustaining \$8,049,000 of the augmentation for 81 officers. In addition to these funds, the Budget provides \$1,690,000 for an additional 15 motorcycle officers to provide concentrated congestion relief efforts. I believe a total of 96 additional CHP motorcycle officers will provide sufficient staffing to implement this program on the state's most congested highways.

I am revising Provision 1 to conform to this action.

"1. Of the funds appropriated in this item, ~~\$14,500,000~~ \$8,049,000 shall be used for the support of approximately ~~146~~ 81 motorcycle officers, including equipment and support staff, to improve freeway safety and efficiency in congested areas. The officers shall be deployed in 15 selected operational areas. The operational areas shall be selected, and may be modified as necessary, by the Commissioner of the Highway Patrol, who shall ensure that the areas reflect a geographically diverse group of the state's most congested freeways. The officers shall perform normal freeway patrol activities, but shall be deployed so as to maximize their patrol during normal commute hours. The Department of the California Highway Patrol shall monitor the impact of these additional officers on various safety and efficiency factors, including collision rates, the number of moving violations, average traffic speed, and other factors. The department shall provide an interim report by January 1, 2001, and a final report by January 1, 2002, to the Legislature on the project. The report shall (a) assess the impact of the additional officers on the various safety and efficiency factors and (b) provide recommendations as to whether and how the programs should be continued or expanded."

I am reducing the \$10,433,000 legislative augmentation for 123 additional CHP officers to improve traffic safety, enhance motorist services, and provide additional assistance to allied agencies in rural areas by \$4,580,000 and 54 officers, and sustaining \$5,853,000 of the augmentation for 69 officers. I believe that 69 additional CHP officers will provide a substantial increase in service capacity in rural areas.

I am revising Provision 2 to conform to this action.

"2. Of the funds appropriated in this item, ~~\$10,400,000~~ \$5,853,000 shall be used for the support of approximately ~~123~~ 69 officers, including equipment, to improve traffic safety, enhance motorist services, and provide additional assistance to allied agencies. The officers shall be deployed on routes in unincorporated areas selected by the Commissioner of the Highway Patrol. The Department of the California Highway Patrol shall monitor the impact of these additional officers on traffic safety, including collision rates, motorist services, response times, allied agency services, and other factors. The department shall provide a report by January 1, 2003, to the Legislature on the project. The report shall (a) assess the impact of the additional officers on the various safety and efficiency factors and (b) provide recommendations as to whether and how the program should be continued or expanded."

I am deleting the \$2,801,000 legislative augmentation for 20 additional CHP officers for farm labor vehicle inspections and safety enforcement. In my January Budget, I proposed \$1,750,000 and 10 officers for farm labor vehicle inspection and safety certification. CHP will use these officers in many areas of the state based on seasonal needs and will train other officers throughout the state to help in this program. This program has only been in operation a few months. The need for additional resources should be evaluated based on more experience with this new program before staffing is expanded. I am directing the CHP to monitor the progress of this program and to reassess the need for additional staff.

Item 2720-101-0001—For local assistance, Department of the California Highway Patrol. I sustain this item.

I am sustaining the \$5,000,000 legislative augmentation for grants to local law enforcement agencies that collect racial profiling data. These funds are to encourage local agencies to report data to the Highway Patrol by offsetting some of the local agen-

cies' costs, but not to establish an entitlement for any particular level of reimbursement. I am directing the CHP to allocate these funds to local agencies on a pro rata basis to offset a portion of their costs.

Item 2740-001-0044—For support of Department of Motor Vehicles. I delete Provision 1.

I am deleting Provision 1 that relates to preparations to procure a replacement of all the department's main database applications. The provision restricts the availability of \$988,000 for the project to no sooner than 30 days after the Legislature receives from the Department of Information Technology (DOIT) a report that evaluates the Department of Motor Vehicles' efforts to replace its occupational licensing, vehicle registration, and driver license database systems. DOIT has already reviewed this project; additional reviews at this stage of the project would result in unnecessary delays. This project is already scheduled to be reviewed again in the fall of 2000 and the fall of 2001 before any additional funding will be committed.

Item 2920-101-0001—For local assistance, Trade and Commerce Agency. I reduce this item from \$44,732,000 to \$43,432,000 by reducing:

- (a) 10.09-Economic Development (Office of Military Base Retention) from \$800,000 to \$400,000;
- (b) 10.30-Economic Development (Strategic Technology Program) from \$27,248,000 to \$26,598,000; and
- (d) 10.50-Economic Development (Small Business Development Centers) from \$3,434,000 to \$3,184,000.

I am deleting \$1,300,000 in legislative augmentations to this item to fund higher competing priorities. Specifically, I am deleting: \$200,000 for Project Sirius: China Lake Naval Air Station; \$200,000 to support the Southwest Defense Alliance; \$650,000 for the City of Clovis Research and Technology Park; and \$250,000 for the Central Valley Business Incubator.

Item 3340-001-0001—For support of California Conservation Corps. I reduce this item from \$37,071,000 to \$35,071,000 by reducing:

- (a) 10-Training and Work Program from \$44,944,000 to \$42,944,000.

I am deleting the \$2,000,000 legislative augmentation for emergency response training for corpsmembers. An augmentation of this nature should be considered in the future as a component of a multi-faceted approach to re-define the mission of the CCC.

Item 3340-102-0005—For local assistance, California Conservation Corps. I delete this item.

I am deleting this item because there is insufficient information about these projects to determine if they qualify under the provisions of the 2000 Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act. The project proponents are encouraged to participate in the California Conservation Corps' grant selection process and compete, along with the State's other local conservation corps groups, for bond funding.

Item 3340-301-0001—For capital outlay, California Conservation Corps. I reduce this item from \$1,335,000 to \$1,290,000 by reducing:

- (4.6) 20.10.150-Delta Service District Relocation/Construction-Study from \$100,000 to \$55,000.

I am reducing the legislative augmentation to fund a site search and study for a residential facility at the Stockton Multi-Campus Regional Center by \$45,000. The Department of General Services has indicated that \$55,000 will be sufficient to perform the site search and study.

Item 3480-001-0001—For support of Department of Conservation. I delete Provision 4.

I am deleting Provision 4 because it prohibits the expenditure of funds for the North Coast Watershed Assessment unless Assembly Bill 717 or similar legislation is enacted during the 1999-00 Regular Session. Although I am deleting this language, I wish to express my commitment to work with the Legislature during the remainder of this Session on the development of a watershed proposal to address logging-related impacts to salmon and water quality.

I have taken conforming actions in Items 3540-001-0928, 3600-001-0001, 3860-001-0001, and 3940-001-0001.

Item 3480-101-0001—For local assistance, Department of Conservation. I revise this item by deleting Provision 2(d).

I am deleting Provision 2(d) which would require the Department to receive and evaluate grant applications for resource conservation district needs other than for watershed coordinators. The criteria used for the evaluation of grant applications and the award of watershed coordinator grants to resource conservation districts will be made available to the Legislature.

Item 3480-101-0005—For local assistance, Department of Conservation. I reduce this item from \$25,000,000 to \$5,000,000.

I am reducing the \$25,000,000 legislative augmentation for California Farmland Conservancy grants by \$20,000,000. This augmentation over allocates the fund and is premature. This reduction represents a more realistic rate of expenditure for this program in Fiscal Year 2000–01.

Item 3540-001-0001—For support of Forestry and Fire Protection. I reduce this item from \$335,288,000 to \$332,318,000 by reducing:

(a) 100000-Personal Services from \$342,195,000 to \$340,114,000;

(b) 300000-Operating Expenses and Equipment from \$202,662,000 to \$201,773,000;

and by deleting Provision 4.

I am sustaining the \$4,580,000 legislative augmentation to fund the reactivation of inmate conservation camps in those areas of the State that have the most critical need for expanded wildland fire suppression. I am directing the Department of Forestry and Fire Protection to develop a plan, to be approved by the Department of Finance, before these resources can be expended. I am also reducing the number of new positions related to this expansion to two positions.

I am deleting the \$750,000 legislative augmentation for new firefighter uniforms because it is not a priority at this time. I am also deleting the \$2,000,000 legislative augmentation to increase the Department's staffing level to four firefighters on 25 percent of the State's engines because a needs assessment and workload analysis have not been presented to justify this expansion. In addition, this appears to represent a significant policy expansion with emphasis on structural fire protection, which is not the main mission of the Department. Expanded staffing levels also could create significant capital outlay costs for training and housing of additional firefighters.

I am sustaining \$2,490,000 for additional staff for the Department's Training Academy on a limited-term basis to meet immediate needs. This augmentation is necessary to respond to a higher than normal number of retirements expected in the next few years. Because this situation is temporary, it is my intention to continue this level of funding only through 2002–03.

I am deleting the \$220,000 legislative augmentation to fund the reactivation of one fire crew at the Delta Conservation Camp. This item provides a \$4,580,000 augmentation for expansion of the conservation camp program statewide. Reactivation of a fire crew at the Delta Conservation Camp may be accomplished with this funding if the Department determines this to be a high priority wildland fire suppression need.

I am deleting Provision 4 to conform with this action.

Item 3540-001-0928—For support of Department of Forestry and Fire Protection. I delete Provision 3.

I am deleting Provision 3 because it prohibits the expenditure of funds for the North Coast Watershed Assessment unless Assembly Bill 717 or similar legislation is enacted during the 1999–00 Regular Session. Although I am deleting this language, I wish to express my commitment to work with the Legislature during the remainder of this Session on the development of a watershed assessment proposal to address logging-related impacts to salmon and water quality.

I have taken conforming actions in Items 3480-001-0001, 3600-001-0001, 3860-001-0001, and 3940-001-0001.

Item 3540-102-0005—For local assistance, Department of Forestry and Fire Protection. I reduce this item from \$9,308,000 to \$1,425,000 by reducing:

(a) Grants from \$9,308,000 to \$1,425,000, by reducing \$7,383,000 from the following subschedules:

- (1) City and County of San Francisco: Tree Corps for planting and maintaining trees in San Francisco from (\$500,000) to (\$100,000);
- (2) City and County of San Francisco: Friends of the Urban Forest from (\$500,000) to (\$100,000);
- (3) City of Milpitas: Neighborhood and Streetscape beautification from (\$1,250,000) to (\$100,000);
- (4) City of Los Angeles: Greening along Burbank-Chandler Bikeway, including trees, landscaping, irrigation, and fencing from (\$2,000,000) to (\$100,000);
- (5) Sacramento County: Mather Urban Forest Tree Planting Project from (\$150,000) to (\$100,000);
- (6) Los Angeles County: Fox Field Urban Forestry Project from (\$150,000) to (\$100,000);
- (7) City of Palmdale: Urban Forestry Tree Planting Project from (\$200,000) to (\$100,000);
- (8) City of Victorville: Urban Forestry Planting Project (\$200,000) to (\$100,000);
- (9) City of San Jose: Urban Forestry Planting Project from (\$200,000) to (\$100,000);
- (12) City of Tehachapi: Tree planting from (\$300,000) to (\$100,000);
- (13) City of Calexico: Tree planting from (\$750,000) to (\$100,000);
- (14) County of Stanislaus: Tree planting from (\$887,000) to (\$100,000);
- (15) County of Orange: Tree planting from (\$1,000,000) to (\$100,000); and
- (16) Merced County: O'Bannion Park in Dos Palos from (\$696,000) to (\$100,000);

and by deleting \$500,000 for the following subschedule:

- (10) City and County of San Francisco: Friends of the Urban Forest for tree planting (\$500,000).

I am deleting \$500,000 for the City and County of San Francisco: Friends of the Urban Forest for tree planting (subschedule (10)) because it appears to duplicate the project shown in subschedule (2) above. I am reducing each of the remaining projects to \$100,000 to reserve bond funds for other urban forestry proposals to be evaluated on a statewide basis based on merit compared to other eligible projects. This reduction is necessary in order to keep faith with the voters to ensure that organizations throughout the state can compete for funding for this popular program.

Item 3540-302-0001—For capital outlay, Department of Forestry and Fire Protection. I sustain this item.

I am sustaining the \$500,000 legislative augmentation for the acquisition of land for the Alma Helitack Base. Notwithstanding the total amount available in this budget for acquisition of a site for this project, only the amount up to the appraised value of a site as approved by the Department of General Services may be expended. Any amount in excess of the appraised value would be considered a gift of public funds which is prohibited by Section 6 of Article XVI of the California Constitution.

Item 3600-001-0001—For support of Department of Fish and Game. I am reducing this item from \$88,670,000 to \$65,062,000 and deleting Provisions 2 and 3.

I am reducing the \$25,258,000 legislative augmentation to \$2,000,000 and eliminating 170.5 positions. My May Revision plan reflects a deliberative analysis of the critical base funding needs of the Department, which resulted in an augmentation of \$25 million. With the \$2,000,000 I am sustaining, General Fund resources for various baseline programs will have been increased by 75 percent.

I am also deleting the \$350,000 legislative augmentation to the Department's Marine Wildlife Veterinary Care and Research Center to expand its sea otter research. There

is no analytical basis for the augmentation nor is it clear how this project is prioritized along with other competing needs within the Department. I am deleting Provision 3 to conform with my action.

Lastly, I am deleting Provision 2 because it prohibits the expenditure of funds for the North Coast Watershed Assessment unless AB 717 or similar legislation is enacted during the 1999–00 Regular Session. Although I am deleting the language, I wish to express my commitment to work with the Legislature during the remainder of this Session on the development of a watershed assessment proposal to address logging-related impacts to salmon and water quality.

I have taken conforming actions in Items 3480-001-0001, 3540-001-0928, 3860-001-0001, and 3940-001-0001.

Item 3600-001-0200—For support of Department of Fish and Game. I revise this item by reducing:

- (a) 20-Biodiversity Conservation Program from \$117,144,000 to \$109,798,000;
- (b) 25-Hunting, Fishing & Public Use from \$44,471,000 to \$44,452,000;
- (c) 30-Management of Department Lands and Facilities from \$39,513,000 to \$38,065,000;
- (d) 40-Conservation Education & Enforcement from \$66,081,000 to \$51,643,000;
- (e) 50-Spill Prevention and Response from \$23,480,000 to \$23,123,000;
- (f) 70.01-Administration from \$34,644,000 to \$34,144,000;
- (g) 70.02-Distributed Administration from –\$34,644,000 to –\$34,144,000; and
- (i) Amount payable from the General Fund (Item 3600-001-0001) from –\$88,670,000 to –\$65,062,000.

I am revising this item to conform to the actions I have taken in Item 3600-001-0001.

Item 3600-101-0001—For local assistance, Department of Fish and Game. I reduce this item from \$14,431,000 to \$13,481,000 by reducing:

- (b) Grants from \$1,450,000 to \$500,000 by deleting \$950,000 for the following subschedule:
 - (1) County of Orange: East Bluff Slopes Stabilization (\$350,000)
 - (3) Wetlands and Wildlife Care Center of Orange County: Improvements to Animal Hospital (\$600,000).

While these projects may be meritorious, I am reducing this item to fund higher competing priorities.

Item 3600-101-0005—For local assistance, Department of Fish and Game. I delete this item.

I am deleting the \$6,150,000 legislative augmentations because these projects would over subscribe the funding available to the Department of Fish and Game from the 2000 Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund. Additionally, most projects are not eligible for funding under the provisions of the 2000 Park Bond.

Item 3640-303-0001—For capital outlay, Wildlife Conservation Board. I reduce this item from \$2,600,000 to \$1,000,000 by reducing:

- (a) 80.10.600—Wildlife Conservation Board Projects from \$2,600,000 to \$1,000,000 and deleting the following projects:
 - (1) City of Laguna Niguel (\$600,000)
 - (3) Puente Hills landfill: Native habitat preservation (\$1,000,000)

I am deleting these projects to fund higher competing priorities.

Item 3640-304-0005—For capital outlay, Wildlife Conservation Board. I delete this item and Provisions 1 and 2.

I am deleting this legislative augmentation because it would over subscribe funding available to the Wildlife Conservation Board (WCB) from the 2000 Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund. I am also eliminating all of the specified projects included in this item. I believe that the Board should conduct a deliberative process to identify and negotiate projects that are in the best interest of the people and natural resources of this State. I encourage the proponents of these projects to participate in this process. Further, while many of these

projects may be meritorious, I am unable to determine at this time whether all projects have been evaluated for their fish and wildlife values, whether appraisals have been completed, or whether there are willing sellers. I look forward to evaluating these projects through the WCB process.

I am also deleting Provisions 1 and 2 to conform to my action in this item.

Item 3680-001-0516—For support of Department of Boating and Waterways. I sustain this item.

I am sustaining the \$500,000 legislative augmentation for wave modeling equipment. However, none of these funds shall be encumbered or expended until the Scripps Institution of Oceanography completes a plan, to be approved by the Resources Agency and the Department of Finance, detailing how the equipment to be acquired with these funds will be used.

Item 3680-101-0001—For local assistance, Department of Boating and Waterways. I sustain this item.

I am sustaining the legislative augmentation of \$10,000,000 for beach erosion control project grants. The funds appropriated in this item shall be for one-time expenditures. A priority for the funds shall be research to determine what actions would prevent beach erosion.

Item 3680-102-0001—For local assistance, Department of Boating and Waterways. I reduce this item from \$580,000 to \$230,000 by reducing:

(1) Grants from \$580,000 to \$230,000 by deleting the following subschedule:

(b) City of Huntington Beach: Reconstruction of Warner Dock (\$350,000)

I am reducing this item to fund higher competing priorities.

Item 3720-001-0001—For support of California Coastal Commission. I reduce this item from \$11,517,000 to \$11,463,000 by reducing:

(a) 10-Coastal Management Program from \$14,307,000 to \$14,253,000

I am deleting the \$54,000 legislative augmentation to provide interpretation services to non-English speakers during the Commission's monthly public hearings. While this augmentation may have merit, in the past the Commission has provided translation services within its existing resources on an as-needed basis. I believe this approach is appropriate.

Item 3720-101-0001—For local assistance, California Coastal Commission. I reduce this item from \$1,210,000 to \$650,000 by reducing:

(b) Grants from \$710,000 to \$150,000 by deleting \$560,000 for the following subschedules:

(2) Coastal Conservancy: Coastal Acquisition—Wetlands (\$160,000)

(3) City of Huntington Beach: Beach Maintenance Facility (\$400,000)

To the extent that additional funds are needed to acquire coastal wetlands, I believe such funds should be appropriated directly to the State Coastal Conservancy to fund its longstanding efforts in the acquisition of coastal wetlands.

Item 3760-301-0005—For capital outlay, State Coastal Conservancy. I delete Provision 3.

I am deleting Provision 3 because this language is unnecessarily restrictive in that it precludes the State Coastal Conservancy from expending newly appropriated funds for the Salmon Habitat Restoration Program prior to 20 days following submission of a report to the Legislature identifying criteria, priorities, and process by which the funds will be allocated. The State Coastal Conservancy and the Department of Fish and Game are working together on their salmon habitat restoration efforts; therefore, this language is unnecessary.

Item 3760-302-0001—For capital outlay, State Coastal Conservancy. I reduce this item from \$4,640,000 to \$4,050,000 by reducing:

(a) 80.97.030-Conservancy Programs \$4,640,000 to \$4,050,000, by reducing \$590,000 for the following subsections:

(3) City of Imperial Beach: Repay loan from State Coastal Conservancy for wetlands purchase from (\$140,000) to (\$50,000); and

- (4) Rural/Coastal: Grants to rural, coastal communities to assist in their efforts to identify sources of river and stream sewage effluent, and to develop plans for the remediation of contamination problems from (\$1,500,000) to (\$1,000,000).

I am reducing the \$140,000 legislative augmentation to \$50,000 to the City of Imperial Beach. I believe this represents the appropriate level of state participation for this local agency obligation.

Although the rural/coastal grants may be meritorious, I am reducing the funding to a level that can be implemented in 2000–01.

Item 3760-302-0005—For capital outlay, State Coastal Conservancy. I reduce this item from \$154,882,000 to \$104,927,000 by reducing:

- (1) 80.00.023-San Francisco Bay Area Conservancy Program from \$6,160,000 to \$2,000,000, by deleting \$4,160,000 for the following subsections:
 - (B) San Francisco Bay Joint Venture: Bay Point restoration project (\$160,000);
 - (C) San Francisco Bay Joint Venture: Martinez Regional Shoreline-marsh restoration (\$2,000,000);
 - (D) San Francisco Bay Joint Venture: Lower Walnut Creek restoration-Walnut Creek (\$1,000,000);
 - (E) San Francisco Bay Joint Venture: Big Break Regional Shoreline-Oakley (\$1,000,000);
- (2) 80.97.030-Conservancy Programs from \$148,722,000 to \$102,927,000 by deleting \$42,795,000 for the following subsections:
 - (D) City of Mountain View: Stevens Creek Trail (\$550,000);
 - (E) City of San Jose: Coyote-Alamitos Trail-Planning, design, and environmental documentation (\$400,000);
 - (F) Midpeninsula Open Space District: To fund improvements to selected trail easements (\$450,000);
 - (G) Richardson Bay: Audubon Center-Trail Restoration (\$95,000);
 - (K) Muir Heritage Land Trust: Acquire land to link the Carquinez Strait Regional Shoreline Park to Briones Regional Park and the East Bay Municipal Utility District watershed lands (\$1,500,000);
 - (L) East Bay Regional Park District: Development of a rustic group camp and trail access for the Round Valley Regional Preserve (\$130,000);
 - (M) East Bay Regional Park District: Develop a trail connection for the Delta de Anza Regional Trail (\$1,820,000);
 - (N) East Bay Regional Park District: West Contra Costa Shoreline Trail-Completion of a major section of the San Francisco Bay Trail in West Contra Costa County connecting communities of Richmond, Pinole, Hercules and Rodeo (\$2,000,000);
 - (O) East Bay Regional Park District: Briones/Las Trampas Trail Corridor-To complete scenic trails and wildlife corridors on Lafayette and Burton Ridges (\$1,000,000);
 - (P) Muir Heritage Trust: Pacheco Marsh, 140 acres (Carquinez Straits), Burton Ridge 27 acres, Lafayette, Gustin 80 acres/Franklin Ridge in Martinez (\$750,000);
 - (V) Santa Barbara County: Bridle Ridge-conservation easement (\$3,000,000);
 - (X) Santa Barbara County: J.J. Hollister property acquisition of watershed (\$4,000,000);
 - (Y) Santa Barbara County: Elwood Bluffs-Acquisition (\$5,000,000);
 - (DX) City of Nipomo: Guadalupe Nipomo Dunes Preserve (\$10,000,000);
 - (FX) County of San Luis Obispo: Preservation of the Monterey Pine Forest in Cambria (\$3,000,000);
 - (GX) Solano County: Lynch Canyon (\$240,000);
 - (JX) Port of San Diego, National City, City of Chula Vista: Sweetwater River Wetland Restoration-removal of riprap and reestablishment of wetland habitat (\$5,000,000);
 - (KX) City of Seal Beach: Sand replenishment at Surfside-Sunset (\$3,700,000);
 - (QX) State Coastal Conservancy: Coastal acquisition-wetlands (\$160,000);

and by reducing \$3,000,000 from the following subschedule:

- (U) State Coastal Conservancy: Gaviota Coast property and conservation easement acquisition from \$5,000,000 to \$2,000,000.

Although these projects may be meritorious, I am deleting and reducing the funding because this funding level over subscribes various allocations to the State Coastal Conservancy from the 2000 Safe Neighborhood, Clean Water, Clean Air, and Coastal Protection Bond Fund. Additionally, based on an evaluation by the Conservancy, these projects do not meet the Conservancy's criteria for funding.

Also, I am reducing the \$5,000,000 legislative augmentation for the Gaviota Coast property and conservation easement acquisition because substantial funds remain unspent from the \$5 million General Fund legislative augmentation that I sustained in the 1999 Budget Act. These funds, when combined with a reduced level of \$2 million as sustained in the 2000 Budget Act, reflect an appropriate level of state funding for the project.

Lastly, the Budget Bill contains a technical error in subschedule (TX); the project name is reflected as "San Francisco Bay *rail* Project." Therefore, I am including a statement that clarifies the intent of my action to sustain the \$7,500,000 legislative augmentation for the "San Francisco *Trail* Project."

Item 3780-001-0001—For support of Native American Heritage Commission. I reduce this item from \$393,000 to \$318,000.

I am reducing this item by a one-time \$75,000 legislative augmentation to study the Commission's ability to review, monitor, and track all relevant environmental documents. There is no analytical basis for the level of proposed augmentation, and it is unclear what would be achieved with these funds.

Item 3790-001-0001—For support of Department of Parks and Recreation. I reduce this item from \$145,589,000 to \$120,439,000:

I am reducing this item by the legislative augmentation of \$10,000,000 and 293 limited term, seasonal positions. When I announced my plan to reduce fees at state parks effective July 1, 2000, it was expected that attendance at all state parks would increase. In anticipation of increased attendance, my May Revision plan included \$10,600,000 and 101.5 positions. This level of funding was determined to be appropriate to accommodate the increased number of visitors while still maintaining facilities and protecting natural and cultural resources.

I am also reducing this item by the legislative augmentation of \$15,000,000 and 177 positions for ongoing maintenance. The Budget already includes a \$3,000,000 augmentation proposed in January which is the appropriate level of funding for this program at this time.

Lastly, I am deleting the \$150,000 legislative augmentation for portable bathroom facilities and staffing for Caspar State Beach. Although this project may be meritorious, I am deleting the funding for it at this time to fund competing projects with higher priorities.

Item 3790-001-0392—For support of Department of Parks and Recreation. I revise this item by reducing:

- (a) For support of the Department of Parks and Recreation from \$277,845,000 to \$252,695,000;
- (d) Amount payable from the General Fund (Item 3790-001-0001) from -\$145,589,000 to -\$120,439,000;

and by revising Provision 1.

I am revising the schedules in this item to conform to the actions taken in Item 3790-001-0001.

In addition, I am revising Provision 5 to conform to this action:

- "5. Of the funds appropriated in Schedule (dx) of this item, ~~\$400,000~~ \$250,000 shall be used for the following projects: (a) \$250,000 for oversight and maintenance of the California State Mining and Mineral Museum Association in Mariposa. (b) ~~\$150,000 for portable bathroom facilities and staffing at Caspar State Beach.~~"

Item 3790-101-0001—For local assistance, Department of Parks and Recreation. I reduce this item from \$111,687,094 to \$75,290,000 by reducing:

- (a) Grants from \$111,687,094 to \$75,290,000 by deleting \$20,527,605 for the following subschedules:
 - (3) City of San Luis Obispo: Bob Jones bike trail (\$600,000);
 - (4) Rio Caledonia Adobe (\$500,000);
 - (9) City of Huntington Beach: Replace beach rail at Huntington Beach State Park (\$300,000);

 - (191) City of Tehachapi: Rebuild Beekay Theater (\$250,000);
 - (192) Barstow Parks and Recreation District: Swimming pool for Barstow Parks and Veterans Home (\$200,000);
 - (193) Los Angeles County: Construction of community center in Lake Los Angeles (\$3,500,000);
 - (194) Tehachapi Parks and Recreation District: Development of an aquatic facility (\$1,200,000);
 - (198) Camarillo Ranch Foundation: Preserve, restore, and maintain the Camarillo Ranch (\$492,605);
 - (203) Kern County: Boron Chamber of Commerce expansion project (\$100,000);
 - (208) Inyo County: Pleasant Valley Campground Project (\$180,000);
 - (209) Jurupa Area Recreation and Park District: Paramount Park Rehabilitation (\$180,000);
 - (211) Inyo County: Diaz Lake Campground Project (\$200,000);
 - (214) City of Lafayette: Pedestrian bridge (\$250,000);
 - (215) City of Brentwood: PAL Program Building (\$250,000);
 - (217) City of Yucaipa: Dunlap Park site (\$350,000);
 - (218) City of Norco: Ingalls Regional Esquestrian Park (\$350,000);
 - (222) City of Walnut: Community Sports Complex (\$1,000,000);

- (224) Tulare County: Auditorium restoration project (\$200,000);
 - (238) City of Artesia: Artesia Youth Academy for after school enrichment programs for at risk youth (\$50,000);
 - (241) Foothill Citizens for a Community College: Development of the Sierra Foothills Regional Educational Center (\$1,970,000);
 - (244) Tehachapi Parks and Recreation District: Youth Center-Old Post Office (\$300,000);
 - (247) Manila Dune Public Access (\$250,000);
 - (249) Lakeport Senior Activity Center: Building purchase for program providing recreational activities for seniors (\$100,000);
 - (250) Monterey Park: Expansion of Langley Senior Center (\$350,000); and
 - (251) Martinez Police Activities League: purchase computer and a van (\$100,000)
- and by reducing \$15,869,489 from the following schedules:
- (1) City of Whittier: The Greenway Trail from \$2,000,000 to \$500,000;
 - (11) City of Whittier: Parnell Park restoration from \$250,000 to \$150,000;
 - (49) Marjaree Mason Center: General repairs and maintenance from \$250,000 to \$150,000;
 - (51) Rotary Playland at Roeding Park in Fresno: Repair and construct new rides for the park from \$250,000 to \$150,000;
 - (52) Southeast Fresno: Construction costs for a park located in Kings Canyon and Huntington Avenue areas from \$447,360 to \$250,000;
 - (53) City of Reedley: Second phase of the Reedley Rail Trail Parkway from \$400,000 to \$200,000;
 - (55) City of San Gabriel: Expand Asian Youth Center with the addition of a second floor from \$500,000 to \$400,000;

 - (93) City of Santa Rosa: Construction of 25,000 square feet youth center in Southwest Community Park from \$500,000 to \$400,000;
 - (96) Greater Vallejo Recreation District: North Vallejo Community Center expansion from \$500,000 to \$300,000;
 - (98) City of Bakersfield: Construction of the Greenfield Multipurpose public use facility from \$1,497,129 to \$1,000,000;
 - (133) Langley Senior Center in Monterey Park: Expansion of the Langley Senior Center from \$350,000 to \$250,000;
 - (137) City of Ontario: Expand the De Anza Community Center from \$900,000 to \$500,000;
 - (140) City of San Bernardino: Refurbish an existing building in order to create a Multicultural Center from \$500,000 to \$300,000;
 - (142) City of Pomona: Renovation of Washington Park Community Center and Pool from \$300,000 to \$150,000;

- (144) City of Daly City: Construction of Mid-Peninsula Boys and Girls Club from \$1,000,000 to \$750,000;
- (148) City of Pacifica: Supplement the cost of permanently repairing the historic Pacific Pier in Pacifica from \$650,000 to \$500,000;
- (185) City of Redding: Construct recreation and sports complex from \$10,000,000 to \$3,000,000;
- (204) Jurupa Area Recreation and Park District: Memorial Park Swimming Pool from \$100,000 to \$50,000;
- (206) Jurupa Area Recreation and Park District: Memorial Park Athletic Field from \$170,000 to \$85,000;
- (207) Jurupa Area Recreation and Park District: Memorial Park Community Center from \$175,000 to \$85,000;
- (216) Riverside Park and Recreation District: Janet Goeske Senior Center from \$300,000 to \$200,000;
- (219) City of Highland: Highland Community Park construction from \$400,000 to \$300,000;
- (220) City of San Diego: Rancho Bernardo Community Aquatic Center from \$500,000 to \$250,000;
- (221) City of Redlands: Redlands Sports Complex development from \$1,000,000 to \$750,000;
- (229) City of Lakewood: Mae Boyar Park improvements from \$750,000 to \$500,000;
- (230) Western Center for Archeology and Paleontology: Construction from \$3,000,000 to \$2,250,000.

Although these projects may be meritorious, I am deleting or reducing the funding to fund competing projects with higher priorities. Additionally, some of the local parks and recreation projects may qualify for funding through the various grant programs established in the 2000 Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act. I encourage the project proponents to seek funding from those programs.

I am deleting the \$40,000 legislative augmentation in subsection (10) for the City of Pico Rivera: Summer Youth Employment and Training Program. While I am supportive of efforts in this area, I am sustaining part of a legislative augmentation in the Employment Development Department since the budgets in the Employment Development Department and the Department of Education provide substantial state and federal funds for youth employment programs. These programs provide training and services for economically disadvantaged youth to prepare them with the skills necessary to obtain unsubsidized employment, to complete secondary or post-secondary education, to gain entrance to military service, or to obtain qualified apprenticeship.

I am deleting the \$500,000 legislative augmentation in subsection (147) for the City of San Francisco: Restoration of the Tori Gate and Pagoda located in the Japanese Tea Garden (Golden Gate Park) because I believe it would be more appropriate for this project to be funded from the Park Bond allocation set aside for projects located within Golden Gate Park. The 2000–01 Budget includes \$13.5 million in expenditure authority from the Golden Gate Park allocation.

I am deleting the legislative augmentation in subsection (241) Foothill Citizens for a Community College of \$1,970,000 for the acquisition of land, purchase of portable classrooms, computers, and infrastructure improvements for the Sierra Foothills Regional Education Center. This funding is intended to assist a non-profit organization in establishing a state regional community college center in the Sierra foothills. While I am committed to increasing access to all segments of higher education, this augmentation has been made by the Legislature without regard to the existing review process by the California Postsecondary Education Commission. Constructing or acquiring sites for higher education enrollment needs should be developed in the context of overall priorities, cost standards, guidelines, instructional purposes, enrollment related needs, and scope standards. Further, projects should secure the appropriate programmatic and site review and approval prior to receiving state funds, and funding should

be allocated to the Chancellor's Office of the California Community Colleges rather than directly to non-profit organizations.

I am deleting the legislative augmentations in subsections (182), (249), (250), and (251) as technical vetoes because these appropriations duplicate appropriations made elsewhere in the Budget.

Item 3790-101-0005—For local assistance, Department of Parks and Recreation. I reduce this item from \$64,730,000 to \$64,085,000 by reducing:

- (a) 80.25-Recreational Grants from \$64,730,000 to \$64,085,000 by reducing \$645,000 from the following subschedule:
 - (10) City and County of San Francisco: Golden Gate Park from (\$14,169,000) to (\$13,524,000).

I have sustained three legislative augmentations in Item 3790-102-0005 (7) totaling \$645,000. I am reducing the appropriation in this item by \$645,000 to conform to my actions in Item 3790-102-0005 (7) and to prevent the 2000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Fund from being over subscribed.

Item 3790-102-0005—For local assistance, Department of Parks and Recreation. I reduce this item from \$211,760,000 to \$79,580,000 by reducing:

- (a) 80.25-Recreational Grants from \$211,760,000 to \$79,580,000:
 - (1) Competitive grants (non-project specific) from (\$80,005,000) to (\$1,740,000) by deleting \$77,865,000 for the following:
 - (a) California Heritage Program, State Office of Historic Preservation (\$10,000,000);
 - (b) Riparian habitat acquisition (\$10,000,000);
 - (d) Murray-Hayden Urban Parks and Youth Service Program (\$50,000,000);
 - (e) Museums and Wildlife Education Facilities (\$7,865,000);

and by reducing \$400,000 from the following:

- (c) Non-motorized Trails Grants from (\$2,140,000) to (\$1,740,000);
- (2) Specific Projects from (\$18,000,000) to (\$10,836,000) by deleting \$6,000,000 for the following:
 - (a) State Beach restoration (\$1,000,000);
 - (b) Dinosaur Archaeological Site (\$5,000,000);

and by reducing \$1,164,000 from the following:

- (c) Folsom Zoo from (\$2,000,000) to (\$1,889,000);
- (d) California Science Center-African-American Museum at Exposition Park from (\$3,000,000) to (\$2,834,000);
- (e) California Science Center School from (\$7,000,000) to (\$6,113,000);
- (3) Local Agencies operating park units (\$26,400,000) by deleting the following:
 - (a) East Bay Regional Park District: Planning for East Bay Shoreline Project (\$200,000);
 - (b) County of San Mateo: Restore the grassland and riparian area of the San Bruno Mountain State and County Park (\$200,000);
 - (c) Kenneth Hahn State Recreation Area, Ballona Creek: Acquisition and enhancement of land for Ballona Creek and surrounding wetlands (\$350,000);
 - (d) City of Albany: Albany Landfill-environmental and aquatic habitat restoration, Eastshore State Park (\$650,000);
 - (e) County of San Mateo: Construct visitor center at San Bruno Mountain State and County Park (\$1,600,000);
 - (f) Completion of Rim Trail in Kenneth Hahn State Recreation Area: Design landscaping along ridgeline and Five Point Visitor center (\$2,500,000);
 - (g) East Bay Regional Park District: Complete the community planning process, provide design services, and construct public park improvements in the East Bay Shoreline Project (\$7,400,000);

- (h) East Bay Regional Park District: Robert Crown Beach: Lagoon improvement, dredging to prevent further siltation of the lagoon near the Crab Cove area of the State Beach (\$450,000);
 - (i) East Bay Regional Park District: Lake Del Valle State Recreation Area: Provide additional recreational vehicle hook-ups, upgrade the campground electrical system and renovate restrooms at the State Recreation Area (\$500,000);
 - (j) East Bay Regional Park District: Robert Crown Beach: State Park Shoreline renovation at McKay Ave. in Alameda to remove and replace concrete rubble shoreline with rock along public shoreline pathway (\$800,000);
 - (k) East Bay Regional Park District: Robert Crown Beach: McKay Street: Paving renovation and improvements to public entry to the State Beach (\$850,000);
 - (l) East Bay Regional Park District: Robert Crown Beach: Beach sand replenishment and/or replacement to provide direct water access to the urban communities in the Alameda, Oakland and East Bay area (\$3,500,000);
 - (m) East Bay Regional Park District: Eastshore State Park: Complete community planning process, provide design services and construct public park improvements (\$7,400,000);
- (5) Murray-Hayden Grants from (\$50,016,000) to (\$47,233,000) by deleting \$80,000 for the following:
- (aa) City of Whittier (\$80,000);
- and by reducing \$2,703,000 from the following:
- (a) City and County of San Francisco: Coleman Children and Youth Community Center in Excelsior District-capital outlay from (\$150,000) to (\$142,000);
 - (b) City and County of San Francisco: Youth Mural Art Project in Bayview-Hunters Point and Youth Stewardship Program from (\$200,000) to (\$189,000);
 - (c) City of Richmond: Richmond Natatorium, to enable seismic retrofit of the Natatorium from (\$400,000) to (\$378,000);
 - (d) City of La Puente: Construction of the Youth Learning/Activity Center from (\$400,000) to (\$378,000);
 - (e) City of Glendale: South Glendale mini-park development from (\$400,000) to (\$378,000);
 - (f) City of Los Angeles: Ed Vincent Park from (\$400,000) to (\$378,000);
 - (g) City of San Ysidro: Capital outlay for joint-use community activity park from (\$400,000) to (\$378,000);
 - (h) Sacramento Boys and Girls club: Construction of Boys and Girls Club facility in South Sacramento from (\$500,000) to (\$473,000);

- (6b) Marine Sanctuary from (\$500,000) to (\$472,000) by reducing \$28,000 from the following:
 - (n) Wildlife Conservation Board: O'Neill Sea Odyssey facilities improvements from (\$500,000) to (\$472,000).

I am deleting and reducing the funding for the above projects to ensure that the various allocations in the 2000 Safe Neighborhood Parks, Clean Water, Clean Air and Coastal Protection Bond Fund are not over subscribed, and that the projects are consistent with the intent and provisions of the 2000 Park Bond.

Specifically, the legislative augmentations for various competitive grants in subschedule (1) are essentially reduced to the level in the May Revision because the Department of Parks and Recreation needs further opportunity to prepare for the implementation of these grant programs. I am sustaining, however \$1,740,000 for the non-motorized trails grant program, which the Department indicates can be implemented in 2000-01.

Legislative augmentations for subschedules (2a) and (2b) are being deleted because they are duplicative of my May Revision. Further, I am reducing subschedules (2c), (2d) and (2e) to ensure there are sufficient funds in those allocations to meet various bond and program costs.

I am deleting all legislative augmentations in subschedule (3) because those grants only provide funding to five of 40 locally operated State park units. I believe it is more appropriate for the Department to determine the priority use of those bond funds.

I am sustaining all legislative augmentations made from the non-competitive Murray-Hayden allocation of the 2000 Park Bond [subschedule (5)]. To ensure that there are sufficient funds in those allocations to meet various bond and program costs associated with this grant program, I am reducing each legislative augmentation by approximately 5.4 percent.

I am deleting subschedule (6a) because (1) this allocation of the bond is over subscribed, (2) there is insufficient information to determine the merits and benefits of these projects in comparison to other similar projects statewide, and (3) several of these projects do not qualify under this allocation.

I am reducing subschedule (6b) to ensure that there are sufficient funds in that allocation to meet various bond and program costs necessary to implement this grant.

Lastly, I am sustaining the legislative augmentations in subschedules (4) and (6c) with the understanding that the Department will determine if these projects are eligible for funding under the provisions of the 2000 Park Bond.

Item 3790-103-0005—For local assistance, Department of Parks and Recreation. I reduce this item from \$388,000,000 to \$366,522,000 by reducing:

Grants (per capita) from \$388,000,000 to \$366,522,000.

I am reducing this item by \$21,478,000 to ensure that there are sufficient funds in that allocation to meet various bond and program costs necessary to implement and administer this grant over a multiple number of years.

Item 3790-104-0005—For local assistance, Department of Parks and Recreation. I delete this item and Provision 1.

I am deleting the \$200,000,000 legislative augmentation for Roberti-Z'berg-Harris grants because it is premature. Funding will not be allocated until the results of the federal 2000 census are known. Moreover, program complexities warrant a more deliberative process. I am, however, sustaining the per capita bond grant program to begin the allocation of grants to local entities for park and recreation purposes.

I am deleting Provision 1 to conform to this action.

Item 3790-302-0001—For capital outlay, Department of Parks and Recreation. I reduce this item from \$2,350,000 to \$1,200,000 by deleting:

(1) 90.EC.401-Kenneth B. Hahn State Recreation Area: Expansion-Study (150,000),

and by deleting Provision 1;
and by reducing:

(2) 90.KX.100-Acquiring and restoring space to house the Office of Historic Preservation from \$2,200,000 to \$1,200,000.

I am deleting the \$150,000 legislative augmentation to fund additional study work on the Kenneth B. Hahn State Recreation Area Master Plan from funds that were appropriated by the Budget Act of 1999. I direct the Department of Parks and Recreation to fund any additional and necessary study work out of its existing appropriation for master plan development of this State Recreational Area.

I am deleting Provision 1 to conform to this action.

I am reducing the \$2,200,000 legislative augmentation for the acquisition and restoration of office space to house the Office of Historic Preservation to \$1,200,000 to fund higher competing priorities.

Item 3790-302-0005—For capital outlay, Department of Parks and Recreation. I reduce this item from \$141,568,000 to \$25,594,000 by reducing:

- (20) 90.6L.100-Tomales Bay State Park for acquisition and easements from \$5,000,000 to \$1,200,000;
- (43) 90.9H.121-Colonel Allensworth SHP restoration from \$8,000,000 to \$4,000,000;

and by deleting \$108,174,000 for the following projects:

- (1) 90.6F.200-Angel Island Immigration Facility (\$15,000,000);
- (2) 90.E4.200-Chino Hills and Citrus State Historic Park Visitor Center (\$2,600,000);
- (3) 90.RS.200-State Park Playground Upgrades (\$650,000);
- (4) 90.FK.200-Poppy Reserve (\$250,000);
- (5) 90.AN.100-Empire Mine (\$2,500,000);
- (6) 90.8J.100-Colombia State Historic Park (\$250,000);
- (7) 90.RS.417-Redwood Acquisition (\$10,000,000);
- (8) 90.CO.200-Henry Coe State Park Trails and Access (\$500,000);
- (10) 90.6E.100-Pacifica State Beach: Linda Mar State Beach (\$1,000,000);
- (12) 90.GL.100-Verduga Mountains: Restroom, office, contact station, signs, fencing, trails (\$2,000,000);
- (14) 90.EC.103-Improvements to the 5-mile Ballona Creek Trail and Bikeway: public access, staging areas, landscaping, fencing, lighting, and paving (\$2,100,000);
- (18) 90.KY.100-Granite Rock acquisition, Monterey County at Fort Ord Dunes State Park (\$3,500,000);
- (19) 90.KV.103-Los Angeles River: smaller Chinatown Yards project, 6 acres adjacent to river and contiguous to Elysian Park (\$3,770,000);
- (21) 90.FU.100-California Citrus State Historic Park: Improvements project (\$154,000);
- (23) 90.SN.100-Mount Diablo State Park: Rock City Picnic Area (\$275,000);
- (24) 90.HA.106-Anza Borrego Desert State Park: Land Acquisition to expand and rehabilitate existing facilities (\$400,000);
- (26) 90.SN.403-Mount Diablo State Park: Acquisition to preserve 46 acres of land adjacent to Mount Diablo with red-legged frog habitat (\$525,000);
- (27) 90.9J.100-Kings Beach State Recreation Area: Facility Improvements Project (\$1,000,000);
- (28) 90.8U.103-Folsom Lake SRA: Visitor Center Project (\$1,000,000);
- (29) 90.GI.100-Red Rock Canyon State Park: Trail Rehabilitation Project (\$1,000,000);
- (30) 90.E4.100-Providence Mountains SRA: Facility Rehabilitation Project (\$1,000,000);
- (31) 90.3I.100-Shasta SHP: McGlaughlin House Visitor Center (\$1,230,000);
- (33) 90.CO.102-Acquisition of Conservation Easements on the Silacci Ranch adjacent to Henry W. Coe State Park (\$1,500,000);
- (35) 90.H6.100-Cuyamaca Rancho State Park: Green Valley Falls Campground Rehabilitation (\$2,000,000);
- (36) 90.GG.103-Silverwood Lake SRA: Construct New Visitor Center (\$2,200,000);
- (37) 90.3V.100-Bidwell Mansion SHP: Mansion Restoration Project (\$2,255,000);
- (38) 90.GG.102-Silverwood Lake SRA: Rehabilitate Miller Canyon Day Use Area (\$2,500,000);
- (40) 90.CO.103-Acquisition of Conservation Easements in Santa Clara and Stanislaus Counties adjacent to the Henry W. Coe State Park (\$8,000,000);
- (41) 90.GY.100-Purchase Headlands Reserve adjacent to Doheny State Beach (\$18,000,000);

- (42) 90.FB.103-Pio Pico SHP: Restoration Project to provide vital services and facilities for urban youth (\$1,500,000);
- (44) 90.93.100-City of Woodland: Woodland Opera House SHP (\$75,000);
- (45) 90.68.100-Solano County: Benicia State Recreation Area (\$205,000);
- (46) 90.68.100-Solano County: Benicia State Recreation Area (\$205,000);
- (50) 90.5N.103-Mt. Diablo State Park: Facilities Rehabilitation (\$2,000,000);
- (51) 90.GY.100-Coal Canyon acquisition (\$9,000,000);
- (52) 90.5P.100-San Bruno Mountain State Park—San Bruno Mountain, addition (\$405,000);
- (53) 90.G3.100-Antelope Valley Indian Museum: Cultural Artifact Preservation Project (\$500,000);
- (54) 90.8G.100-Marshall Gold Discovery SHP: Gold Discovery Museum (\$1,625,000);
- (55) 90.72.102-John Marsh Home (\$5,000,000); and
- (56) 90.5Y.100-Candlestick Point SRA Volunteer Building (\$500,000)

I am reducing the legislative augmentation for the Tomales Bay State Park acquisition and the Colonel Allensworth SHP restoration project to more accurately reflect the level of effort needed for these two projects.

While consistent with the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund, I am deleting subschedules 1 through 8 because these proposals are in need of further development and are not yet ready for implementation.

I am deleting the remaining projects because they have not been reviewed by the Department against other competing priority park system needs.

Item 3790-491—Reappropriation, Department of Parks and Recreation. I revise this item by deleting schedule (183) for City of Westminster (\$125,000).

I am deleting the reappropriation for the City of Westminster: Little Saigon Cultural Heritage Museum, Item 3790-101-0001, Budget Act of 1999. Although this project may be meritorious, I am deleting this reappropriation to fund higher competing priorities.

Item 3820-001-0001—For support of San Francisco Bay Conservation and Development Commission. I reduce this item from \$4,967,000 to \$3,807,000 by reducing:

- (a) 10-Bay Conservation and Development from \$5,676,000 to \$4,516,000

I am deleting the \$1,160,000 legislative augmentation, including eight positions and four temporary help personnel years, for the Commission's regulatory and planning programs. My proposed budget for the Commission included an augmentation of \$379,000 to expedite the review of the Bay Plan, augment the enforcement program, and enhance the review of permit applications based on workload information provided by the Commission.

Item 3860-001-0001—For support of Department of Water Resources. I reduce this item from \$194,860,000 to \$193,860,000 by reducing:

- (a) 10-Continuing Formulation of the California Water Plan from \$67,279,000 to \$66,279,000;

and by deleting Provision 5.

I am deleting the legislative augmentation of \$1,000,000 and 4.2 personnel years for a more extensive update of the Department's publication titled "California's Groundwater" Bulletin 118. The budget already includes \$1,000,000 for the second of three years' funding to complete this project.

I am deleting Provision 5 to conform to the actions taken in Items 3480-001-0001, 3540-001-0928, 3600-001-0001, and 3940-001-0001.

Item 3860-101-0001—For local assistance, Department of Water Resources. I reduce this item from \$79,360,000 to \$51,200,000 by reducing:

- (b) Flood Control Subventions from \$68,000,000 to \$40,300,000;
- (c) Grants from \$1,360,000 to \$900,000;

by deleting \$460,000 for the following project:

- (1) City of Whittier: Flomar Drainage Project (460,000).

I am reducing the legislative augmentations to this item by \$28,160,000 to fund higher competing priorities. I am sustaining \$40,300,000 for local flood control subventions which will allow payment of all claims through June 30, 2001.

Item 3860-101-6006—For local assistance, Department of Water Resources. I delete Provision 1.

I delete Provision 1 which allocates \$300,000 to the Fresno Metropolitan Flood Control District. The proposed use of the allocation is not eligible for funding through the local flood control subvention program.

Item 3910-101-0005—For local assistance, California Integrated Waste Management Board. I reduce this item from \$10,635,000 to \$2,558,000 by reducing:

- (1) 11-Waste Reduction and Management from \$10,635,000 to \$2,558,000, by deleting:
 - (b) Special Projects (8,077,000)
 - (1) County of Yolo, Town of Clarksburg: Restore and rehabilitate a playground (125,000);
 - (2) City of San Diego: Ocean Beach Recreation Center Tot Lot upgrade for ADA compliance (175,000);
 - (3) City of Glendale: Public parks ADA compliance (200,000);
 - (4) City of San Francisco: Playground upgrades to meet ADA standards (500,000);
 - (5) County of Plumas: Play area for youth and ADA compliance (150,000);
 - (6) City of El Centro: City Parks playground equipment enhancements (125,000);
 - (7) City of Orange: Replacement of tot lots and ADA compliance (75,000);
 - (8) Fair Oaks Recreation and Park District: Bannister Park ADA compliance and improvements (50,000);
 - (9) City of Willows: Play equipment pathway from recycled materials and ADA compliance (20,000);
 - (10) County of Tuolumne: Patterson field play area for kids (25,000);
 - (11) City of Anaheim: Play equipment replacement at Peter Marshall, Pearson, Boysen, and Rio Vista Parks (230,000);
 - (12) City of Covina: Replace playground and ADA compliance (100,000);
 - (13) Fulton-El Camino Recreation and Park District: District playground improvements and ADA compliance (50,000);
 - (14) Elk Grove Community Services Center: Clarence Frank Baker Park playground equipment and ADA compliance (50,000);
 - (15) Cordova Recreation and Park District: Play structure replacements and ground surface improvements at Larchmont-Roosmoor, Lincoln Village, Hensley and Rosswood Parks (50,000);
 - (16) Fulton-El Camino Recreation and Park District: Improvements to area playgrounds and ADA compliance (50,000);
 - (17) Elk Grove Community Services District: King Park Tot Lot improvements and ADA compliance (50,000);
 - (18) Elk Grove Community Services District: Johnson Park Tot Lot improvements and ADA compliance (50,000);
 - (19) Elk Grove Community Services District: Caterino Park Tot Lot and hardscape improvements (75,000);
 - (20) City of Palmdale: Replacement of playground equipment at Courson, Manzanita and Pelona Vista Parks (100,000);
 - (21) City of Santa Ana: Sand Point Park—Refurbish playground equipment (50,000);
 - (22) City of Santa Ana: Santa Anita Park—Renovation and purchase playground equipment (75,000);
 - (23) City of Santa Ana: Morrison Park equipment replacement (50,000);
 - (24) National City: Installation of ADA approved playground for Kimball Park (50,000);
 - (25) East Bay Regional Park District: Camp Ohloine ADA improvements (600,000);

- (26) City of Stockton: City park playground facility upgrade to meet current state requirements (300,000);
- (27) Manhattan Beach: Polliwog Regional Park—New playground equipment (300,000);
- (28) City of Reedley: Mueller Park—Repairs to damaged playground (20,000);
- (29) City of Fresno: Roeding Regional Park playground improvements (75,000);
- (30) City of Tulare: Cecil Berkeley activity center—construction of play structure (20,000);
- (31) City of Lakeport: Westside Community Park—Phase I improvements (250,000);
- (32) City of Watsonville: Playground upgrades and rehabilitation (500,000);
- (33) City of Salinas: Playground upgrades and rehabilitation (500,000);
- (34) City of Ceres: Playground upgrades (887,000);
- (35) City of Fresno: Tree planting (150,000);
- (36) City of San Bernardino: New children's park construction (750,000);
- (37) City of San Bernardino: Purchase new equipment for children's tot lots throughout city and install new tot lot (310,000);
- (38) City of Escondido: Construction of a regional, universal accessible playground in Kit Carson Park (250,000);
- (39) City of Tulare: Construction of a play structure adjacent to the Cecil Berkeley Activity Center (20,000);
- (40) Kern County: Bring Wofford Heights up to ADA standards (60,000);
- (41) Kern County: Bring Mountain Mesa up to ADA standards (60,000);
- (42) Kern County: Bring Scodie Parks up to ADA standards (60,000);
- (43) Livermore Area Recreation and Park District: Karl Wente Neighborhood Park—Renovation of playground equipment (120,000);
- (44) Livermore Area Recreation and Park District: Maitland Henry Neighborhood Park—Renovation of playground equipment (110,000);
- (45) Livermore Area Recreation and Park District: Watenburger Neighborhood Park—Renovation of playground equipment (60,000);
- (46) Livermore Area Recreation and Park District: Ravenswood Neighborhood Park—Renovation of playground equipment (100,000);
- (47) Livermore Area Recreation and Park District: Summit Neighborhood Park—Renovation of playground equipment (100,000)

I am deleting the \$8,077,000 legislative augmentation to fund various projects for the purchase of safe playground equipment made from recycled materials. Because the Park Bond only provides \$7,000,000 for the grant program, this augmentation would significantly oversubscribe the program's allocation. Furthermore, it is unclear whether these projects would meet the program's 50 percent local matching requirement, and in the case of the Fresno tree planting project [subschedule (35)], the project is not related to the purchase of safe playground equipment made from recycled materials. Since the Budget already provides \$2,813,000 for the grant program, I believe that qualifying and meritorious projects should be funded through the competitive grant process to be established by the Integrated Waste Management Board.

Item 3930-001-0001—For support of Department of Pesticide Regulation. I reduce this item from \$19,441,000 to \$14,241,000 by reducing:

(b) 17-Enforcement, Environmental Monitoring, and Data Management from \$36,963,000 to \$31,763,000, and by deleting Provisions 2, 3, 4, 5, and 6.

I am deleting the \$5,200,000 legislative augmentation for the University of California Sustainable Agriculture Research Program. The Department already administers a \$1.5 million Pest Management Alliance Program, which funds alternative pest management strategies.

I am deleting Provisions 2, 3, 4, 5, and 6 to conform to this action.

Item 3940-001-0001—For support of State Water Resources Control Board. I reduce this item from \$103,347,000 to \$87,197,000 by reducing:

(a) 10-Water Quality from \$405,339,000 to \$389,189,000; and by deleting Provisions 3 and 4.

I am deleting the following legislative augmentations: \$7,500,000 for University of California total maximum daily load (TMDL) education and research programs, \$2,000,000 for organophosphate TMDL development, and \$2,500,000 for ambient water quality monitoring. I am also reducing the following legislative augmentations: \$1,000,000 of the \$5,000,000 for total maximum daily load development and \$2,500,000 of the \$7,500,000 for storm water management. I am sustaining over \$25,500,000 in the budget for these water quality activities, including \$13,900,000 in new funding. I believe that this significant increase in funding will ensure that the highest priority water quality issues are addressed.

I am deleting the \$500,000 legislative augmentation for storm drain pollutant research by the Southern California Water Research Project to fund higher competing water quality priorities.

I am deleting the \$150,000 legislative augmentation for a study of white croaker fish off the Palos Verdes Shelf. Since the State already has conducted a white croaker fish study, established fish closure boundaries, and received \$3,100,000 in federal funds to enforce the existing fish closure, there is no need for another study.

I am deleting Provision 3 to conform to this action.

I am deleting Provision 4 to conform to actions taken in Items 3480-001-0001, 3540-001-0928, 3600-001-0001, and 3860-001-0001. Although I am deleting this language, I wish to express my commitment to work with the Legislature during the remainder of this session on development of a watershed assessment proposal to address logging-related impacts to salmon and water quality.

Item 3940-101-0001—For local assistance, State Water Resources Control Board. I reduce this item from \$27,155,000 to \$13,365,000 by reducing:

(1.5) Special projects from \$27,155,000 to \$13,365,000;

by deleting \$5,890,000 for the following projects:

- (c) Yucaipa: Water recycling project development and implementation (\$4,000,000);
- (g) Orange County: Top Rate water quality laboratory establishment (\$1,240,000);
- (o) County of Amador: Newton Copper Mine Passivation Technology Pilot Project (\$250,000);
- (q) City of Los Angeles Department of Water and Power: Pacoima Community-based Watershed Management Plan (\$200,000); and
- (r) City of Seal Beach: Boardwalk and Flood Protection Wall Improvement Project (\$200,000);

and by reducing \$7,900,000 for the following projects:

- (a) San Diego: Rose and Tecolote Creek water quality improvement from (\$5,000,000) to (\$2,000,000);
- (b) County of Orange: Urban runoff action plan from (\$4,750,000) to (\$1,000,000);
- (e) County of Siskiyou: McCloud Sewer System replacement project from (\$2,000,000) to (\$1,000,000); and
- (n) City of Santa Rosa: Santa Rosa Creek restoration from (\$250,000) to (\$100,000).

I am deleting and reducing the funding for these projects because of the need to fund higher competing priorities, and in addition, in the case of Yucaipa: Water recycling project development and implementation [subschedule (c)], because this project should be addressed through the Water Resources Control Board's normal application, review, and selection process for funding water recycling and other water quality projects. This budget contains over \$50 million of General Fund augmentations for various water quality, coastal protection, and urban runoff programs. Additional, there are special fund and Proposition 13 Water Bond resources available for these purposes.

Item 3980-001-0001—For support of Office of Environmental Health Hazard Assessment. I reduce this item from \$12,877,000 to \$12,777,000 by reducing:

(a) 10-Health Risk Assessment from \$17,163,000 to \$17,063,000.

I am deleting the \$100,000 legislative augmentation to evaluate the health and environmental risks of genetically modified organisms. The National Academy of Sciences already has evaluated genetic modification, and additional evaluation by the Office of Environmental Health Hazard Assessment is not an effective use of funds at this time.

Item 4110-001-0001—For support of Area Boards on Developmental Disabilities. I revise this item by reducing:

(a) 10-Area Board Services from \$7,725,000 to \$7,623,000; and

(b) Reimbursements from -\$7,585,000 to -\$7,483,000.

I am reducing by \$102,000 the \$283,000 legislative augmentation provided for the Client's Rights Advocacy program because the full amount of the augmentation is not needed to meet workload and contractual obligations.

Item 4120-101-0001—For local assistance, Emergency Medical Services Authority. I reduce this item from \$9,707,000 to \$7,207,000.

I am deleting the \$2,500,000 legislative augmentation for the California Poison Control System. The base budget of \$4,000,000 General Fund and existing federal matching funds fully support the Poison Control System. Consistent with Budget Act language, I am requesting the Director of the Emergency Medical Services Authority to continue to seek this federal fund match to the General Fund dollars appropriated for the California Poison Control System. Such a match was obtained in the current year and should be available again in the budget year. I also support continued efforts to seek support from stakeholders and others who benefit from the system, such as health plans, insurance companies, hospitals, and physicians' groups.

Item 4140-101-0001—For local assistance, Office of Statewide Health Planning and Development. I reduce this item from \$9,535,000 to \$8,235,000 by reducing:

(b) 30-Health Professions Development (Family Physician Training) from \$7,935,000 to \$6,635,000;

and by deleting provisions 2, 3, 4, and 5.

I am deleting the \$800,000 legislative augmentation for the proposed Physician Assistant Recruitment/Training Program for international medical graduates. I believe that such a program would be duplicative of programs already in place in the Office of Statewide Health Planning and Development, including the Song-Brown program. Existing physician assistant programs funded by Song-Brown currently accept international medical graduates on a competitive basis, and there is no demonstrated need for a separate program.

I am deleting the \$500,000 legislative augmentation for the proposed California Health Service Corps Loan Repayment Program that would provide the match required from medical care and dental service practice sites under an existing federal program, in response to claims that some sites are unable to afford this match. I believe that these sites should be required to make an investment in the health professionals they attract through this program by providing the local match required for participation. Additionally, there is currently insufficient information regarding the number of practice sites that are reportedly unable to provide the match and why these sites are not able to make the match.

Additionally, I am deleting Provisions 2, 3, 4, and 5 to conform to the actions in this item.

Item 4170-001-0001—For support of Department of Aging. I reduce this item from \$8,052,090 to \$7,297,090 by reducing:

(c) 30-Supportive Services and Centers from \$6,312,000 to \$5,696,000;

(d) 40-Special Projects from \$6,325,090 to \$6,103,090; and

(g) Reimbursements from -\$3,060,000 to -\$2,977,000;

and by revising Provision 4.

For community-based programs for seniors, I am sustaining the legislative augmentations of \$371,090 for the Multipurpose Senior Services Program and \$75,000 for the Health Insurance Counseling and Advocacy Program to meet the increased demand for these worthwhile services. I am, however, deleting the augmentations of \$216,000 and

3.8 personnel years for the Ombudsman Program, \$61,000 and 0.9 personnel years for the Linkages Program, and \$161,000 (\$78,000 General Fund and \$83,000 reimbursements) and 1.9 personnel years for the Adult Day Health Care Program. This conforms with action taken in Item 4170-101-0001.

I am also reducing, by \$400,000, the legislative augmentation of \$750,000 for support of my Long-Term Care Innovation Grants Initiative. Of that \$750,000, \$375,000 was for program evaluation and \$375,000 was for technical assistance. I am reducing the amount for the evaluation by \$275,000 since many of the programs will not start until late in the fiscal year. I am reducing the amount for technical assistance by \$125,000, leaving a more appropriate level of funding for the anticipated workload.

Finally, I am revising Provision 4 to conform to the action in this item.

“4. Of the funds appropriated in this item, up to ~~\$375,000~~ \$100,000 shall be used to contract for an evaluation of the programs funded through the Long-Term Care Innovation Grants Program funded by this act. At a minimum, the evaluation shall assess the effectiveness of the grantees at enabling program participants to remain in their homes rather than enter long-term care facilities, with an emphasis on the programs’ ability to provide a good quality of life outside of an institutionalized setting. The department shall provide copies of the report to the fiscal and policy committees of the Legislature by March 1, 2002. In addition, ~~\$375,000~~ \$250,000 shall be used to fund technical assistance, distribution of information, and support of regional conferences to assist in proposal and grant planning and information sharing about effective grant programs.”

Item 4170-101-0001—For local assistance, Department of Aging. I reduce this item from \$66,352,000 to \$55,377,000 by reducing:

- (a) 10-Nutrition from \$69,393,000 to \$68,814,000;
- (c) 30-Supportive Services and Centers from \$59,192,000 to \$55,389,000; and
- (d) 40-Special Projects from \$34,140,000 to \$27,547,000;

and by deleting Provisions 3, 5, 8, and 10, and revising Provision 12.

I am sustaining the legislative augmentations of \$3,321,000 for the Multipurpose Senior Services Program and \$1,190,000 for the Health Insurance Counseling and Advocacy Program. Of the \$4,105,000 augmentation for the Linkages program, I am sustaining \$1,499,000 and deleting \$2,606,000. Additionally, I am deleting a total of \$7,369,000, which the legislature augmented for community-based programs for seniors. These reductions include: \$2,803,000 for the Long-Term Care Ombudsman Program, \$1,644,000 for the Adult Day Health Care Planning and Development Grants Program, \$781,000 for the Foster Grandparent Program, \$781,000 for the Senior Companion Program, \$781,000 for the Information and Assistance Program, and \$579,000 for the Home-Delivered Meals Program.

I am also deleting the legislative augmentation of \$1,000,000 for the construction of a new senior center in the City of Laguna Beach in order to fund higher competing priorities.

This budget includes significant augmentations I have proposed for seniors’ programs. My Aging with Dignity Initiative, which includes augmentations for community-based programs for seniors as well as long-term care facilities, was adopted by the Legislature and contains over \$270 million in new General Fund monies. Of this amount, \$15.2 million of one-time funding is in the Department of Aging to support Long-Term Care Innovation Grants to implement and expand community-based adult care alternatives to nursing homes. I am challenging private foundations to sustain these grants at much higher levels for the next 10 years.

I am deleting Provisions 3, 5, 8, and 10 to conform to this action.

I am also revising Provision 12 to conform to the action in this item.

“12. Of the funds appropriated in this item, ~~\$4,105,000~~ \$1,499,000 shall be used to expand the Linkages Program; ~~\$2,803,000~~ shall be used to expand the Ombudsman Program; \$781,000 shall be used to expand the Foster Grandparent Program; \$781,000 shall be used to expand the Senior Companion Program; \$579,000 shall be used to expand the Home-Delivered Meals

Program, and \$781,000 shall be used to expand the Information and Assistance Program. Included in this funding are administrative costs for participating Area Agencies on Aging.”

Item 4180-001-0001—For support of Commission on Aging. I delete this item.

I am deleting the legislative augmentation of \$235,000 and 2.8 personnel years for the Commission on Aging. I believe that the current budget for the Commission is sufficient for the accomplishment of its mandated tasks. Further, I continue to believe that the varied non-General Fund sources that contribute to the Commission are the appropriate funding sources.

Item 4200-101-0001—For local assistance, Department of Alcohol and Drug Programs. I reduce this item from \$63,428,000 to \$56,828,000 by reducing:

(a) 15-Alcohol and Other Drug Services Program from \$384,893,000 to \$378,293,000;

and by deleting Provision 3.

I am deleting the \$4,300,000 legislative augmentation to expand the Adolescent Treatment Program begun under Chapter 866, Statutes of 1998 (AB 1784). The Budget contains over \$420 million in state and federal funds for local drug and alcohol treatment programs including approximately \$20 million for youth treatment and prevention services. Of this amount, \$20.9 million in federal carryover funds has been reserved for youth substance abuse prevention and treatment. I am also sustaining \$5,700,000 for discretionary substance abuse treatment services for youth. Given the existing base budget and the augmentations I am sustaining, which represent more than a doubling of funding for youth services, I am deleting this \$4,300,000.

I am also deleting Provision 3 to conform to this action.

I am reducing by \$2,300,000 the \$10,000,000 legislative augmentation for expansion of alcohol and drug treatment programs for adults. While I am supportive of efforts in this area, I cannot support all of this augmentation as the Budget includes \$420 million for substance abuse and treatment, the majority of which is already used for adult prevention, intervention, and treatment services. I am sustaining the \$7,700,000 to allow the counties to expand services based on local priorities and needs.

Item 4260-001-0001—For support of Department of Health Services. I reduce this item from \$260,472,000 to \$253,233,000 by reducing:

- (1) 10-Public and Environmental Health from \$306,172,000 to \$300,872,000;
- (2) 20-Health Care Services from \$466,633,320 to \$464,139,000; and
- (43) Amount payable from the Federal Trust Fund (Item 4260-001-0890) from -\$296,294,320 to -\$295,739,000.

I am deleting the \$113,000 legislative augmentation and three positions to develop rate models for disabled and elderly persons who are eligible for Medicare and Medi-Cal. This proposal is overly prescriptive as it requires commitment of rate development staff to a narrowly defined, specialized area which may not represent the highest priority at any given point in time. I am also deleting \$113,000 from the Federal Trust Fund, Item 4260-001-0890, to conform with this action.

I am deleting the \$547,000 legislative augmentation and six positions for unannounced hospital inspections. The Budget includes \$47.6 million (General Fund) for the licensing and certification of health facilities, including hospitals. The Department of Health Services (DHS) already investigates complaints involving serious threat of imminent danger of death or serious bodily harm, and is currently developing criteria for evaluation of nurse-patient ratios as required by AB 394, Chapter 945, Statutes of 1999. It is premature to require additional inspection staff at this time.

I am deleting the \$2,000,000 legislative augmentation for the California Health Interview Survey. The 1999–00 Budget Act contained language specifying that no more than \$2,000,000, including federal funds, was to be used for this purpose. The Department of Health Services was also directed to seek any additional funding required for this survey from other non-state sources. Therefore, it is current policy that funding from other sources, including foundations, is to be sought. The initial General Fund augmentation provided in 1999–00 was intended as start-up to be used to match outside sources of funding.

I am deleting the \$239,000 legislative augmentation and five positions for California Children's Services credentialing and increased county and provider site reviews. The Department of Health Services is currently staffed to provide oversight and enforcement of this program. In addition, the department currently performs site reviews and is clearing an existing backlog. Therefore, the additional positions are not necessary.

I am also deleting the \$222,000 from the Federal Trust Fund, Item 4260-001-0890 to conform with this action.

I am deleting the \$3,000,000 legislative augmentation and 11 positions for asthma intervention grants, education, and technical assistance. The Budget contains a \$2.1 million augmentation to provide treatment to asthmatic children under age 6. In addition, recent significantly increased local resources from health account realignment funds, Proposition 10 and the Master Tobacco Settlement should provide the resources for this program to be funded at the local level, if deemed a priority. Lastly, expansions in the Medi-Cal and Healthy Families Programs should provide increased access to care for all children, including those with asthma.

I am also deleting the \$6,000,000 legislative augmentation in Item 4260-111-0001 to conform with this action.

While I am sustaining the \$2,550,000 legislative augmentation to the California Cancer Registry, I am deleting the six positions added by the Legislature for this purpose. The current staffing level is sufficient to continue thorough and accurate cancer data collection.

I am deleting the \$103,000 legislative augmentation and one position to expand the American Indian Infant Health Initiative. The Budget currently includes \$424,000 to promote the health of American Indian infants. The proposed General Fund augmentation would constitute a 94.3 percent increase and would establish a precedent of providing General Fund for a program that has been funded exclusively by federal funds.

I am also deleting \$297,000 legislative augmentation in Item 4260-111-0001 to conform with this action.

I am deleting the \$238,000 legislative augmentation and six positions for California Children's Services treatment authorization requests and case management assistance. The Budget contains a \$567,000 augmentation and nine positions for this purpose. This augmentation and additional positions are commensurate with the increase in workload, and will provide effective case management and service delivery.

I am also deleting the \$220,320 from the Federal Trust Fund, in Item 4260-001-0890 to conform with this action.

I am deleting the \$180,000 legislative augmentation and two positions to expand the Children's Dental Disease Prevention Program, to conform to the action taken in Item 4260-111-0001.

I am deleting the \$169,000 legislative augmentation and two positions for administrative activities associated with the community-based clinic programs, to conform with the action taken in Item 4260-111-0001.

I am deleting the one-time \$300,000 legislative augmentation for compliance and enforcement of the Safe Needle Law (Chapter 999, Statutes of 1998 [AB 1208]). The Safe Needle Law requires the DHS to compile and make available a list of needle-less systems and needles with engineered needle stick protection. The DHS has complied with the law by compiling a list of these devices. This augmentation is for an educational component to advise health practitioners on better practices. Educational materials on needle-less systems and needles engineered with needle stick protection are currently available. The Administration has not seen workload data to justify this effort. Additionally, while the appropriation was provided on a one-time basis, DHS advises that the need to educate health practitioners would be ongoing. Thus, ongoing General Fund costs would result.

I am deleting the \$150,000 legislative augmentation for a baby abandonment study. Although this program may have merit, considerable research has been conducted in this area, and further research should be considered as part of legislative efforts currently being developed.

I am deleting the \$200,000 legislative augmentation to the Granada Hills Community Hospital for the Maternity Services Expansion Program. While I am supportive of maternity health services, the Medi-Cal, Healthy Families, and Access for Infants and Mothers (AIM) programs already provide comprehensive prenatal and perinatal care to low-income California residents.

Item 4260-001-0890—For support of Department of Health Services. I reduce this item from \$296,294,320 to \$295,739,000.

I am reducing this item by \$555,320 to conform with actions taken in Item 4260-001-0001.

Item 4260-101-0001—For local assistance, Department of Health Services. I reduce this item from \$9,236,793,000 to \$9,193,054,000 by reducing:

- (a) 20.10.030-Benefits (Medical Care and Services) from \$21,004,224,000 to \$20,934,334,000;
- (b) 20.10.010-Eligibility (County Administration) from \$1,223,185,000 to \$1,205,185,000;
- (c) Amount payable from the Federal Trust Fund (Item 4260-101-0890) from -\$13,213,096,000 to -\$13,168,945,000;

and by deleting Provisions 13,15,16, 18 and 19.

I am deleting the \$5,359,000 General Fund legislative augmentation for long-term care rate increases for intermediate care facilities for the developmentally disabled. I am supportive of the services provided by these facilities; however, the budget already contains \$13,424,000 General Fund for an 8.9 percent average rate increase for these facilities. In addition, I am deleting \$5,359,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am deleting the \$2,950,000 legislative augmentation for transfer to the Emergency Services and Supplemental Payments Fund to be allocated by the California Medical Assistance Commission for the first year of a two-year pediatric nurse intern program. Although I have sustained a one-time \$12,000,000 General Fund appropriation for equipment and capital improvements for Children's Hospitals, I do not support appropriations to this fund that are not of a one-time nature. Contributions to this special fund, which are then matched by federal funds, should continue to be made by the public hospitals themselves, not by the State. In addition, I am deleting \$2,950,000 from the Federal Trust Fund, Item 4260-101-0890, and am deleting Provision 13, to conform to this action.

I am deleting the \$1,000,000 legislative augmentation for increased Medi-Cal outpatient rates for hospitals qualifying for federally defined critical access hospital status. The intent is to enable Medi-Cal to match the higher Medicare reimbursement rate for those hospitals. The May Revision includes \$2,000,000 to double the funding of the existing program of supplemental payments to small and rural hospitals, many of which are the same hospitals intended to benefit from this legislative augmentation. Further, any attempt to tie Medi-Cal rates to those under the Medicare program would reduce the State's rate-setting flexibility and create a General Fund pressure to provide increased rates to all other providers. In addition, I am deleting \$1,000,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am reducing by \$2,630,000 the \$5,542,000 legislative augmentation to increase reimbursement rates for Medi-Cal pap smears. Rate increases included in the May Revision already provide a 53 percent increase, which is sufficient to maintain access to these important services. I am deleting \$2,630,000 from the Federal Trust Fund, Item 4260-101-0890, to conform with this action.

I am deleting the \$9,347,000 legislative augmentation to increase Medi-Cal dental rates. These rates have increased significantly more than other Medi-Cal rates as a result of the Clark lawsuit. Therefore, the average 6.8 percent rate increase included in the May Revision is sufficient. I am also deleting \$9,347,000 from the Federal Trust Fund, Item 4260-101-0890, to conform with this action.

I am deleting the \$9,000,000 legislative augmentation for processing Healthy Families and Medi-Cal applications through a single point-of-entry. Although I support processes that will simplify these two programs and contribute to increased enrollment, this proposal is the most costly and complex means possible of interpreting the

Medi-Cal mail-in application requirement, and would add a new and unnecessary layer of state administration and contracted services. Further, this proposal would actually delay the Healthy Families Program application approval. I am also deleting \$9,000,000 from the Federal Trust Fund, Item 4260-101-0890 and deleting Provision 19 to conform with this action.

I am deleting the \$7,500,000 legislative augmentation to provide a \$25 facility fee for each special care center visit provided to Medi-Cal eligible children under the California Children's Services (CCS) program. The budget includes \$5 million to increase rates for services provided to CCS children receiving care in these centers, including those who are Medi-Cal eligible. In addition, I am sustaining augmentations which result in a 39 percent CCS physician rate increase. I am deleting \$7,500,000 from the Federal Trust Fund, Item 4260-101-0890, to conform with this action.

I am reducing by \$5,193,000 the \$13,519,000 legislative augmentation to conform to actions taken in Item 4300-101-0001 related to In-Home Respite and Day Programs in the Department of Developmental Services. In addition, I am reducing \$5,482,000 from the Federal Trust Fund, Item 4260-101-0890, to conform to this action.

I am reducing by \$760,000 the \$2,584,000 legislative augmentation to conform to the action taken in Item 4300-101-0001 related to supported living services rates. In addition, I am reducing \$800,000 from the Federal Trust Fund, Item 4260-101-0890, to conform with this action.

I am deleting the \$83,000 legislative augmentation of the Federal Trust Fund, Item 4260-101-0890, to conform to the action taken in Item 4170-001-0001 regarding increased administrative costs associated with the Adult Day Health Care program in the Department of Aging.

I am deleting Provision 15 which would require the Department of Health Services (DHS) to implement a simplified appeals system for denied emergency room Medi-Cal claims. This language is unnecessary as DHS has already begun the process of implementing a simplified claims appeals process.

I am deleting Provision 16 which would require DHS to conduct a second, more comprehensive evaluation of the Transitional Inpatient Care Program. The first evaluation of this program was completed in January 2000. A second evaluation of this program would result in unnecessary administrative costs to DHS. It is already proven that this program allows Medi-Cal to purchase this level of care from hospitals at a savings of over \$15 million General Fund annually.

I am sustaining the \$10,700,000 General Fund one-time legislative augmentation for distinct part nursing facilities, but am deleting Provision 18 because it would require a significant and unacceptable departure from existing rate methodology, a public notice process, a change in the state's Medicaid plan, and approval by the federal government of that change. Instead, I am directing the Department of Health Services (DHS) to allocate these funds, not as a change in the rate of payment, but as a one-time, lump-sum supplemental payment, on or about February 1, 2001, to each distinct part nursing facility which receives the maximum rate for the 2000-01 rate year, distributed in proportion to each such facility's 1999 distinct part nursing facility Medi-Cal patient days.

Item 4260-101-0890—For local assistance, Department of Health Services. I reduce this item from \$13,213,096,000 to \$13,168,945,000.

I am reducing this item to conform to the action I have taken in Item 4260-101-0001.

Item 4260-111-0001—For local assistance, Department of Health Services. I reduce this item from \$498,973,000 to \$450,978,000 by reducing:

- (4) 10.30.030-Childhood Lead Poison Prevention from \$8,500,000 to \$2,500,000;
- (5) 10.30.040-Chronic Diseases from \$139,486,000 to \$139,466,000;
- (6) 10.30.050-Communicable Disease Control from \$67,984,000 to \$66,604,000;
- (7) 10.30.060-AIDS from \$252,537,000 to \$245,537,000;
- (8) 20.30-County Health Services from \$130,399,000 to \$95,318,000;
- (9) 20.40-Primary Care and Family Health from \$1,480,882,000 to \$1,448,965,000;

- (15) Amount payable from the Hospital Services Account, Cigarette and Tobacco Products Surtax Fund (Item 4260-111-0232) from $-\$79,680,000$ to $-\$70,665,000$;
- (16) Amount payable from the Physician Services Account, Cigarette and Tobacco Products Surtax Fund (Item 4260-111-0233) from $-\$9,166,000$ to $-\$6,838,000$;
- (17) Amount payable from the Unallocated Account, Cigarette and Tobacco Products Surtax Fund (Item 4260-111-0236) from $-\$67,517,000$ to $-\$45,457,000$; and by deleting Provisions 7 and 9.

I am deleting the $\$350,000$ legislative augmentation for continuation and expansion of the California Children's Services Assistance to Children At Home Demonstration Project. Although preliminary outcomes of this program have been positive, I cannot support expansion of the pilot project until a complete evaluation of the program can be conducted and its cost effectiveness demonstrated.

I am deleting the $\$440,000$ legislative augmentation to provide the varicella vaccine to public health clinics for children not eligible under state-funded health care programs. Although I recognize the importance of disease prevention, the State currently provides the varicella vaccine to children enrolled in Medi-Cal and the Healthy Families Program. In addition, recent increased local funding in excess of $\$1.1$ billion from the Children and Families Commission, local realignment health account funds, and the Master Tobacco Settlement should provide resources to fund this program at the local level.

I am deleting the $\$340,000$ legislative augmentation to assist county health departments to monitor parolees with tuberculosis. This augmentation could be funded using local resources. In 2000-01, local realignment funds are estimated to increase by $\$93.6$ million. In addition, the Master Tobacco Settlement awards local government in California an additional $\$389$ million. These funds may be used for any public health purpose deemed a local priority. Further, the Medi-Cal program has been expanded and will improve access to care.

I am deleting the $\$1,000,000$ legislative augmentation for an expansion of the HIV/AIDS partner counseling and referral pilot program. The Budget provides $\$1.4$ million for continuation of the five-county pilot program begun in 1999-00. While I am supportive of the pilot programs, expansion of this program should be delayed until an analysis of the existing pilot is available and the effectiveness of the program is determined.

I am reducing $\$6,000,000$ of the $\$8,000,000$ legislative augmentation for HIV/AIDS health outreach, education, and prevention for communities of color. The Budget currently includes $\$3.6$ million for these activities. This $\$2,000,000$ augmentation, when combined with all other HIV/AIDS augmentations, results in a Budget which contains increases of $\$12.7$ million. These augmentations and the existing base level of funding result in total HIV/AIDS program expenditures in excess of $\$325$ million. This provides significant resources to fight the spread of the disease.

I am deleting the $\$600,000$ legislative augmentation to provide the Hepatitis A vaccine to public health clinics for individuals not eligible under state-funded programs. The State currently provides the Hepatitis A vaccine to individuals enrolled in Medi-Cal and the Healthy Families Program. In addition, recent increased local funding in excess of $\$1.1$ billion from varied fund sources provide the resources for this program to be funded at the local level.

I am also deleting Provision 9 to conform with this action.

I am deleting the $\$6,000,000$ legislative augmentation for asthma intervention grants, education, and technical assistance to conform with actions taken in Item 4260-001-0001.

I am deleting the $\$297,000$ legislative augmentation to expand the American Indian Infant Health Initiative to conform with actions taken in Item 4260-001-0001.

I am deleting the $\$9,528,000$ legislative augmentation for local public health subvention. The 2000-01 Budget provides $\$1.6$ million for this purpose. In 2000-01, local realignment health education funds are estimated to increase by $\$93.6$ million. In addition, the 1998 Master Tobacco Settlement awards local governments in California an

additional \$389 million. These funds may be used for any public health purpose deemed a local priority. Further, the Medi-Cal and Healthy Families programs have been expanded and will improve access to care, and reduce the demand on local public health programs.

I am also deleting Provision 7 to conform with this action.

I am reducing this item by \$24,803,000. My January Budget proposal directed this augmentation to emergency room physicians and hospital services. Because the Legislature did not adopt the proposed enabling trailer bill language, I am deleting the augmentation. However, I am reserving these funds and will sign legislation authorizing their expenditure for emergency services as originally proposed.

To conform with this action, I am also reducing Item 4260-111-0232 by \$9,015,000; Item 4260-111-0233 by \$2,328,000; and Item 4260-111-0236 by \$13,460,000.

I am deleting the \$15,000,000 one-time legislative augmentation for community-based clinic dental infrastructure grants. These grants are to be allocated specifically for the purchase of dental equipment and to renovate or expand dental facilities. For each of the last three years, the budget included \$3 million for the Rural Demonstration Project. These funds were provided for local infrastructure, including equipment. In addition, I have sustained a \$50 million legislative augmentation for the California Health Facilities Financing Authority. These funds will provide grants for capital outlay needs including those of dental programs of local community and free clinics. Additionally, this proposal could be funded using local resources if deemed a local priority.

I am deleting the \$1,500,000 legislative augmentation for the Indian Health Clinic Program. The Budget Act of 1999 provided a \$2 million General Fund augmentation to Indian Health Clinics, increasing the base from \$3.8 million to \$5.8 million. The May Revision provides an additional 10 percent increase (\$587,000 General Fund). Including the amount provided in the May Revision, the program has increased by 65 percent since 1998. In addition, expanded Medi-Cal and Healthy Families services will improve access to health care for all Californians, including Native Americans, and mitigate the need for further categorical program expansion.

I am reducing by \$1,750,000 the \$3,400,000 legislative augmentation for the Children's Dental Disease Prevention Program. This augmentation would provide dental sealants, increase reimbursements to providers from \$4.50 to \$10 per child in the program, and would expand the program from its current 300,000 to 475,000 children. I am sustaining \$1,650,000 which would provide funding for increased rates at the current caseload of 300,000 children. However, the remaining \$1,750,000 would constitute a state-funded program expansion that could be funded using local resources including increased local realignment health account funds of \$93.6 million, the recent Master Tobacco Settlement awards of \$389 million, and Proposition 10 funds of \$573 million.

I am also deleting \$180,000 in Item 4260-001-0001 to conform with this action.

I am deleting the \$3,000,000 legislative augmentation for community-based clinic programs. The Legislature accepted my proposal of a ten percent rate increase for community-based clinics, and provided funding for a caseload expansion of 27.2 percent. Expanded Medi-Cal and Healthy Families services will improve access to health care for all Californians, and mitigates the need for further program expansion. In addition, in 2000-01, local realignment health account funds are estimated to increase by \$93.6 million and the recent Master Tobacco Settlement awards local government in California an additional \$389 million. These funds may be used for any public health purpose deemed a local priority.

I am also deleting the legislative augmentation of \$169,000 and two positions in Item 4260-001-0001 to conform to this action.

I am also deleting the legislative augmentation of \$8,600,000 in Item 4260-111-0236 to conform to this action.

I am deleting the \$10,000 legislative augmentation for the San Diego County Alzheimer's Association Program and the \$10,000 legislative augmentation for the Orange

County Alzheimer's Association Program. I am supportive of additional Alzheimer's education efforts, and the Budget includes \$2.4 million for a one-time public education campaign on state-of-the-art best practices in the clinical care of Alzheimer's disease.

I am deleting the \$100,000 legislative augmentation for the Vietnamese Community of Orange County, Inc. Although this project is meritorious, I am vetoing this legislative augmentation in order to fund higher competing priorities.

I am deleting the \$50,000 legislative augmentation for the Maternal Outreach Management System, Santa Ana. I am supportive of outreach, education, and support for soon-to-be mothers; however, the Medi-Cal, Healthy Families, and Access for Infants and Mothers (AIM) programs already provide comprehensive prenatal and perinatal care to California residents.

I am deleting the \$250,000 legislative augmentation to the Santa Barbara County Public Health Department for dental clinic equipment. In this budget, I have sustained a \$50 million legislative augmentation for the California Health Facilities Financing Authority. These funds will provide grants for capital outlay needs of local community and free clinics, including dental programs. Additionally, this proposal could be funded using local resources if deemed a local priority.

I am deleting the \$750,000 legislative augmentation to the Southern Inyo Hospital for seismic retrofitting. I am deleting this legislative augmentation to fund higher competing priorities.

I am deleting the \$20,000 legislative augmentation to La Clinica de la Raza for community outreach. While community outreach for clinical services may have merit, expanded Medi-Cal and Healthy Families services already include substantial outreach efforts.

I am deleting the \$1,000,000 legislative augmentation to the County of San Mateo for the establishment of the East Palo Alto Family Clinic. While this program may have merit, expanded Medi-Cal and Healthy Families services will improve access to care for low-income Californians, including family clinical services. I am sustaining \$50 million in this budget for a new primary care clinic grant program under the California Health Facilities Financing Authority.

Item 4260-111-0232—For local assistance, Department of Health Services. I reduce this item from \$79,680,000 to \$70,665,000.

I am reducing this item by \$9,015,000 to conform to the actions taken in Item 4260-111-0001.

Item 4260-111-0233—For local assistance, Department of Health Services. I reduce this item from \$9,166,000 to \$6,838,000.

I am reducing this item by \$2,328,000 to conform with the action taken in Item 4260-111-0233.

Item 4260-111-0236—For local assistance, Department of Health Services. I reduce this item from \$67,517,000 to \$45,457,000.

I am reducing this item by \$22,060,000 to conform with actions taken in Item 4260-111-0001.

Item 4260-117-0001—For transfer by the Controller from the General Fund to the Human Leukocyte Antigen Testing Fund (1002). I delete this item.

I am deleting the \$1,500,000 legislative augmentation for transfer to a newly established fund for blood collection and human leukocyte antigen typing for use in bone marrow transplantation. Human leukocyte antigen typing is currently available through some blood banks or donor centers. In addition, some health plans cover human leukocyte antigen testing for use in bone marrow transplantation. Also, providing widespread coverage of human leukocyte antigen typing may not be warranted, as bone marrow treatments are considered experimental in some cases. Lastly, providing one-time General Fund resources for this program could create pressure for ongoing General Fund resources when the initial funds are depleted.

Item 4260-117-1002—For local assistance, Department of Health Services. I delete this item.

I am deleting the \$1,500,000 legislative augmentation for blood collection and human leukocyte antigen typing to conform with the action taken in Item 4260-117-0001.

Item 4280-112-0236—For transfer by the Controller upon notification from the Department of Finance from the Unallocated Account, Cigarette and Tobacco Products Surtax Fund to the Major Risk Medical Insurance Fund. I reduce this item from (\$10,000,000) to (\$5,000,000) and delete Provision 1.

I am reducing the one-time legislative augmentation for the Major Risk Medical Insurance Program to maintain its current enrollment level and to partially fund coverage of persons on the waiting list. As Proposition 99 is a declining revenue source, reserves will be needed for other high priority programs, including the growing Access for Infants and Mothers program. Further, the Legislature and the insurance industry should work together over the next year to develop market-based solutions to providing coverage to persons with resources but reduced access to private health insurance.

I am deleting Provision 1 to conform to this action.

Item 4300-003-0001—For support of Department of Developmental Services, for Developmental Centers. I delete Provisions 5 and 6 and sustain Provisions 7 and 8.

I am deleting Provision 5, which would require the Department of Developmental Services (DDS) to terminate the janitorial contracts currently in effect at the five developmental centers and rebid the contracts to include health benefits for the contract janitorial workers. The language for this item also requires DDS to use \$2 million of its existing developmental center funding to provide these health benefits. The language in Provision 5 is unnecessary because the department already has authority to amend existing contracts to add health benefits for janitors. Further, the language requires DDS to use its existing funding to provide health benefits to its developmental center janitors. This Budget provides a total of \$6 million, to be allocated by the Department of Finance, to fund health benefits for contract janitorial services on a statewide basis. Language is also included which authorizes augmentation of the amounts appropriated for this purpose. Thus, Provision 5 is unnecessary.

I am also deleting Provision 6, which would require the Department of Developmental Services to rescind the Mitigated Negative Declaration it approved on February 9, 1999, for the project known as the Facility and Security Improvements to Accommodate New Forensic and Specialized Behavior Programs at Lanterman Developmental Center. This rescission, related to facility and security improvements at Lanterman, would negate the ruling of the court in the State's favor regarding the placement of specific client categories at this facility and expose the state to attorneys' fees.

I am sustaining Provision 7, which prohibits placement of forensic clients at Lanterman Developmental Center, as the State does not intend to place any forensic patients at Lanterman Developmental Center.

I am also sustaining Provision 8, which limits the type and number of behaviorally disturbed developmentally disabled clients that may be housed at Lanterman Developmental Center and is consistent with the type and number of clients associated with this project.

Item 4300-101-0001—For local assistance, Department of Developmental Services, for Regional Centers. I reduce this item from \$999,955,000 to \$980,834,000 by reducing:

- (b) 10.10.020—purchase of Services from \$1,523,639,000 to \$1,489,483,000;
- (f) Reimbursements from -\$856,393,000 to -\$844,158,000; and
- (h) Amount payable from Developmental Disabilities Services Account (Item 4300-101-0496) from -\$3,800,000 to -\$1,000,000.

I am reducing the legislative augmentation of \$41,918,000 by \$27,546,000 (\$16,871,000 General Fund and \$10,675,000 reimbursements) for rate increases for day program and in-home respite care providers. The 2000-01 Budget provides \$66,300,000 (\$33,800,000 General Fund) for a 10 percent increase in wages for Day Program and In-Home Respite Care workers. In addition, my proposal included a 5 percent rate increase for the administrative cost of wage increases, which was omitted by the Legislature. Thus, this Budget provides for an approximate overall 8.5 percent rate increase. Funding for the administrative cost is necessary to ensure that the wages

are increased as authorized, and to ensure that services are not reduced to fund the administrative costs of increased wages.

I am reducing the \$12,954,000 legislative augmentation for rate increases for supported living services (SLS) providers by \$3,810,000 (\$2,250,000 General Fund and \$1,560,000 reimbursements) to bring the rate increases for these caregivers into parity with increases provided to caregivers providing similar services to developmentally disabled clients, such as Day Program and In-Home Respite providers. The remaining augmentation, combined with the 3 percent increase for SLS providers included in the 2000–01 budget, will provide a rate increase for SLS providers commensurate with increases for other caregivers which average 10 percent for salaries and wages and 5 percent for the administrative cost of the increases.

I am deleting the \$2,800,000 Developmental Disabilities Services Account legislative augmentation provided for Affordable Housing Projects. Although this project may be meritorious, I am deleting the legislative augmentation for the program because it would deplete the fund. Further, this augmentation was not provided on a one-time basis, and no future source of funding has been identified to continue the project beyond 2000–01. The level of funding proposed in my Budget would allow the program to continue to provide eligible services to the developmentally disabled for approximately five years.

Item 4300-101-0496—For local assistance, Department of Developmental Services. I reduce this item from \$3,800,000 to \$1,000,000.

I am reducing this item by \$2,800,000 to conform to actions taken in Item 4300-101-0001.

Item 4300-490—Reappropriation, Department of Developmental Services. I revise this item by deleting Provision 2.

I am deleting Provision 2. I believe this language is unnecessarily restrictive and would have required that \$4,000,000 in unexpended funds for the purchase of services for regional center clients be reappropriated and transferred to the Department of Health Services for the California Birth Defects Monitoring Program to research causes of autism, cerebral palsy, and mental retardation. Typically, this item is used to reappropriate unexpended purchase of service funds for use in the following year to expand the services available for regional center clients. This transfer would make less money available for the developmentally disabled. Although the proposed research is meritorious, I do not concur with the means adopted by the Legislature to fund the research. I have sustained a \$30 million augmentation in the budget for the University of California (UC) Medical Investigation Neurodevelopmental Disorder (MIND) Institute, which provides research into brain development and genetic causes of developmental disorders. I am requesting the UC to use \$4,000,000 of this \$30 million augmentation to contract with an appropriate organization to continue the research started regarding the causes of autism, cerebral palsy, and mental retardation.

Item 4440-001-0001—For support of Department of Mental Health. I reduce this item from \$31,943,000 to \$29,925,000 by reducing:

(a) 10-Community Services from \$34,465,000 to \$31,714,000;

(e) Reimbursements from –\$11,039,000 to –\$10,306,000;

and by deleting Provision 4.

I am deleting the \$150,000 General Fund legislative augmentation related to the Early Intervention Program to conform to my action taken in Item 4440-101-0001.

I am deleting the \$70,000 (\$35,000 General Fund and \$35,000 reimbursements) legislative augmentation and one position for Early and Periodic Screening, Diagnosis, and Treatment Technical Assistance; \$2,092,000 (\$1,394,000 General Fund and \$698,000 reimbursements) legislative augmentation and six positions for mental health managed care accountability and oversight; and \$139,000 General Fund legislative augmentation and two positions for state oversight of county Children’s System of Care programs. Given the high vacancy rates, which led to a reduction of 50 positions in the Department of Mental Health, additional positions are not needed. The department is already charged with oversight responsibility and the provision of technical assistance for all mental health programs. The department may also redirect positions if necessary.

I am deleting the \$300,000 General Fund legislative augmentation for an independent evaluation of the Mental Health Rehabilitation Center (MHRC) model. The Department of Mental Health is already required to complete an evaluation of the MHRC model. In addition, the department has the necessary expertise and sufficient resources to complete the required evaluation. Therefore, this augmentation is unnecessary and would duplicate current efforts.

I am deleting Provision 4 because it directs the Departments of Mental Health and Health Services to establish a long-term care mental health innovation workgroup to develop options and recommendations for improving existing models of community-based long-term care without providing any resources with which to accomplish this task. More importantly, county mental health directors are free to seek input regarding program improvements as needed.

Item 4440-011-0001—For support of State Hospitals, Department of Mental Health. I reduce this item from \$400,789,000 to \$400,066,000 by reducing:

(b) 20.20-Long-Term Care Services-Penal Code and Judicially Committed from \$401,897,000 to \$401,174,000.

I am reducing this item by \$723,000 to adjust for State Hospital population changes. These funds are not needed because the number of State-supported patients is lower than the estimated level. This reduction corrects an error in the level of funding provided for State Hospital population.

Item 4440-101-0001—For local assistance, Department of Mental Health. I reduce this item from \$181,210,000 to \$144,960,000 by reducing:

(a) 10.25 Community Services—Other Treatment from \$829,760,000 to \$793,510,000;

and by deleting Provision 5.

The Budget sent to me included a Mental Health Initiative totaling approximately \$214 million (\$201 million General Fund) of which \$123 million (\$111 million General Fund) was proposed in the May Revision of my budget. I am sustaining \$155 million (\$151 million General Fund) of this amount for new and/or expanded programs which are included in the budget to meet specific over-arching mental health goals. Priority for funding has been given to programs that have proven effective in preventing institutionalization and hospitalization, and in reducing crime and meeting other goals and objectives these programs are designed to achieve. I am sustaining \$155 million for the establishment and expansion of various programs, including: Mentally Ill Offender Crime Reduction Grants (\$50 million in the Board of Corrections); Integrated Services to Homeless Adults (\$35 million); Supportive Housing programs (\$25.1 million); statewide expansion and full funding for the Children's System of Care (\$15.5 million); expansion and enhancement of substance abuse prevention and treatment services to youth and adults (\$13.4 million in the Department of Alcohol and Drug Programs); establishment of local crisis intervention and stabilization assistance services (\$6 million); Caregiver Resource Centers (\$3 million); and dual diagnosis programs for underserved populations (\$2 million).

Including the base budget of approximately \$863 million for these programs, a total of over \$1 billion is provided in the 2000–01 Budget. This represents an overall increase of 19 percent. However, the increases provided are significant and vary by program, as follows: 15 percent overall increase for programs within the Department of Alcohol and Drug Programs, with youth programs receiving a 43 percent increase; a 28 percent increase for programs within the Department of Mental Health; and a 122 percent increase for crime reduction programs within the Board of Corrections. I am sustaining the augmentations described above; I am vetoing \$50 million General Fund as indicated below.

I am deleting the \$2,850,000 legislative augmentation to establish an Early Intervention Program. This new program would provide mental health services for infants and toddlers from birth to age three. Counties are charged with providing mental health services to residents and have been provided funding for these services through Realignment. To the extent new categorical programs are established, the responsibility for funding such programs shifts back to the State. The establishment of new categorical programs and the shift of funding responsibility back to the State for these

categorical programs, circumvents the basic principles underlying Realignment, complicates program operations and administration, and reduces the counties' flexibility and responsibility to prioritize programs and determine appropriate funding levels to best meet the needs of individual local jurisdictions. Further, under my mental health proposal, the Children's System of Care (CSOC) is now fully funded statewide. If counties desire to provide these services to children from birth to age three, these services can be provided through existing Realignment or CSOC funding. Therefore, I am deleting this augmentation.

I am deleting the \$8,000,000 legislative augmentation for Alternative Residential Treatment Models for Adults. Currently, counties are fiscally responsible for clients placed in Institutes for Mental Disease and Mental Health Rehabilitation Centers. Although the Legislature included funding for these pilot projects, implementing alternative residential models would create an expectation of funding for such programs on a statewide basis, likely costing significantly more than the amount provided. Therefore, I am deleting this augmentation.

I am deleting the \$3,000,000 legislative augmentation for Community Treatment Facilities (CTFs). This augmentation would fund, as a State-only cost, a CTF supplemental rate of up to \$2,500 per child per month in addition to the amounts paid monthly per child as determined by the Department of Social Services' rate classification level (RCL) system. The RCL system is used to determine the amount paid to a facility based on numerous factors including basic sustenance costs plus the costs for services provided by the facility such as various therapeutic services.

Potential CTF providers are seeking an additional amount, \$2,500 per child per month, in addition to the RCL payment. Until a CTF is activated and actually serving clients, no basis will exist to ascertain whether the additional payment is necessary to meet the needs of the child. Therefore, I am deleting this augmentation.

I am reducing by \$6,900,000 the \$42,500,000 legislative augmentation for Integrated Services for Homeless Adults. I proposed \$6,900,000 in Substance Abuse and Mental Health Services Administration (SAMHSA) federal block grant funds for this program. The Legislature replaced the federal funds with \$6,900,000 from the General Fund. I am supportive of efforts in this area, but I believe that federal funds should also be used when available for this purpose. Therefore, I am deleting the General Fund augmentation, which replaced the federal funding I proposed, and am directing the Department of Mental Health to submit a Section 28.00 application to request federal funding reduced from other programs to be used for this program. This action conforms to my action taken on the related federal funds in Item 4440-101-0890. I am deleting the \$5,500,000 legislative augmentation for suicide prevention, education, and gatekeeper training. This augmentation would establish a new program to provide local suicide prevention services. Counties are charged with providing mental health services to residents and have been provided funding for these services through Realignment. To the extent new categorical programs are established, the responsibility for funding such programs reverts to the State. The creation of new categorical programs and the shift of funding responsibility back to the State for these categorical programs, circumvents the basic principles underlying Realignment, complicates program operations and administration, and reduces the counties' flexibility and responsibility to prioritize programs and determine appropriate funding levels to best meet the needs of individual local jurisdictions. If counties desire to provide this training, the program can be implemented and supported through existing resources. Therefore, I am deleting this augmentation.

I am deleting the \$10,000,000 legislative augmentation for the Respite Assistance Program. This augmentation would provide resources for local respite assistance services and could constitute a new state-funded entitlement program. Counties are charged with providing mental health services to residents and have been provided funding for these services through Realignment. To the extent new categorical programs are established, the responsibility for funding such programs reverts to the State. The creation of new categorical programs and the shift of funding responsibility back to the State for these categorical programs, circumvents the basic principles underlying Realignment, complicates program operations and administration, and

reduces the counties' flexibility and responsibility to prioritize programs and determine appropriate funding levels to best meet the needs of individual local jurisdictions. If counties desire to provide respite assistance programs, such programs can be implemented and supported through existing resources

I am deleting Provision 5, which would require development of a plan for mental health program quality improvement to conform to action taken in Item 4440-001-0001.

I am sustaining \$30,000 for the Armenian Relief Society psychological outreach program. However, I am sustaining this augmentation on a one-time basis, to fund the program only through June 30, 2001.

Item 4440-101-0890—For local assistance, Department of Mental Health. I reduce this item from \$48,114,000 to \$40,214,000 by reducing:

(a) 10.25-Community Services-Other Treatment from \$44,264,000 to \$36,364,000.

I am deleting the \$4,900,000 legislative augmentation for Client and Family Empowerment Challenge Grants. I proposed to use these Substance Abuse and Mental Health Services Administration (SAMHSA) federal funds to augment integrated services for homeless adults, a program that has proven to be successful and cost-effective. The Legislature, instead, used the federal funds to establish Client and Family Empowerment Challenge Grants, a new program without specific details and goals. This program would fund local services and could create an expectation of establishing a new statewide, State-funded program. Counties are charged with providing mental health services to residents and have been provided funding for these services through Realignment. Counties currently have funding and the authority to create local programs, such as this, at county discretion. Further, under my mental health proposal, the Children's System of Care, which also provides services to children and their families, is fully funded. If counties desire to provide these services, such services can be implemented and supported through existing resources. Therefore, I am deleting this augmentation and setting aside the funds for other purposes, as noted below.

I am also deleting the \$3,000,000 legislative augmentation for the Older Adult Pilot Program. I proposed \$2,015,000 for this purpose based on my assessment of what would be reasonable for a new pilot program, given planning and contracting lead times. I believe the \$2,015,000 I proposed is reasonable; therefore, I am deleting this augmentation and setting aside the funds for other purposes.

I am directing the Department of Mental Health to submit a Section 28.00 application to request that the entire \$7,900,000 in federal funds, made available by the above deletions, be used for integrated services for homeless adults.

Item 4440-102-0001—For local assistance, Department of Mental Health (Proposition 98) for early mental health services. I reduce this item from \$20,000,000 to \$15,000,000 and delete Provision 1.

I am deleting the \$5,000,000 legislative augmentation for the Early Mental Health Initiative. There is currently \$15,000,000 for this program allocated to public elementary schools. While this augmentation would serve to expand the program, this increase would cause a permanent increase in the Proposition 98 base. Therefore, I am deleting the augmentation.

Consistent with the funding reduction, I am also deleting Provision 1, which would have expanded the program to 4th through 6th grade.

Item 4700-101-0001—For local assistance, Department of Community Services and Development. I reduce this item from \$13,450,000 to \$13,000,000 by reducing:

(b) 47-Naturalization Services from \$7,450,000 to \$7,000,000.

I am deleting the \$400,000 legislative augmentation for the Los Angeles County Department of Community Senior Services and the \$50,000 legislative augmentation for the Coastside Opportunity Center in San Mateo County. Both of these programs provide naturalization services to legal immigrants. The department's base budget, however, already includes \$7,000,000 General Fund for assistance to organizations that provide naturalization services. In addition, the California Department of Education budget includes federal funding of \$12.3 million for adult education literacy classes, including English as a Second Language, which provide citizenship and naturalization services for legal immigrants. Lastly, school districts have the flexibility to use a

portion of the \$574 million in Proposition 98 funds available for adult education programs to provide English and citizenship classes, consistent with local needs and priorities.

Item 5100-001-0001—For support of Employment Development Department. I reduce this item from \$30,776,000 to \$30,585,000 and delete Provision 2.

I am reducing this item by \$25,000 to conform to the action I have taken in Item 5100-001-0870 relating to the North American Free Trade Agreement and Trade Adjustment Assistance programs.

I am also reducing this item by \$166,000 and deleting Provision 2 to conform to the action I have taken in Item 5100-001-0870 relating to Operation Youth Educational Services in Los Angeles County.

Item 5100-001-0869—For support of state programs under the Job Training Partnership Act and the Workforce Investment Act, Employment Development Department. I delete Provision 4.

I am deleting Provision 4, which would allocate \$10 million of Workforce Investment Act discretionary funds to local Workforce Investment Boards for summer youth programs. I believe this Provision interferes with the Administration's ability to target funds for needed planning or local employment activities, and it is my intent that the California Workforce Investment Board have maximum input over the use of discretionary Workforce Investment Act funds. Furthermore, since 2000-01 will be the first year under the Workforce Investment Act, I have a heightened concern that it may be premature to establish uses of these discretionary funds until the Board can determine how the funds can best serve the State workforce. Lastly, California will receive \$8.5 million more for California youth programs in 2000-01 under the Workforce Investment Act than it did in 1999-00 under the Job Training Partnership Act.

Item 5100-001-0870—For support of Employment Development Department. I revise this item by reducing:

- (a) 10-Employment and Employment Related Services from \$211,537,000 to \$211,346,000; and
- (b) Amount payable from the General Fund (Item 5100-001-0001) from -\$30,776,000 to -\$30,585,000;

and by revising Provision 3.

I am sustaining \$75,000 of the \$100,000 General Fund legislative augmentation for support of the Employment Development Department to evaluate the North American Free Trade Agreement and Trade Adjustment Assistance programs. The evaluation may be useful to the federal government in improving these programs.

I am, however, deleting \$25,000 of this \$100,000 General Fund augmentation requiring new state initiatives concerning trade-related worker training and job placement. This language is an infringement on the Executive Branch's budget development process and restricts my authority to prepare a budget which reflects my spending priorities within available fiscal resources.

I am also deleting the \$166,000 General Fund legislative augmentation for Operation Youth Educational Services in Los Angeles County because this organization could seek funding from its local Workforce Investment Board. That Board can provide U.S. Department of Labor Welfare-to-Work grants and federal Workforce Investment Act funding for local employment programs such as this.

I am also deleting position authority for two positions added by the Legislature for use in implementing the Caregiver Training Initiative that I proposed. I believe that sufficient salary savings exists within the department's budget so that additional position authority is not needed. Therefore, I am deleting the new position authorizations and sustaining the \$140,000 required to fund two positions elsewhere in the department that are currently vacant and unfunded and which can be transferred to support this program. By taking this action, the legislative augmentation will enhance the success of this Administration initiative without adding new position authority to the department's budget.

I am revising Provision 3 to conform to this action.

"3. The Department shall submit to the Legislature, on or before April 1, 2001, a report that evaluates the state's current North American Free Trade Agreement

and trade assistance programs and that apprises the Legislature of opportunities relative to new strategic partnerships, improving measurement of program outcomes and tracking of program beneficiaries, improving identification and mapping of populations and sectors of the state economy that are impacted by trade, and improving outreach and services to those populations and sectors of the state economy. ~~This report shall also propose new state initiatives that build local capacity for the identification of trade impacted communities; worker training; and on-the-job training; and job placement.~~"

Item 5100-101-0001—For local assistance, Employment Development Department. I reduce this item from \$2,360,000 to \$1,000,000 by reducing:

(1) 67-At-Risk Youth Demonstration Project from \$2,000,000 to \$1,000,000; and by deleting:

(2) 70-Employment Programs (\$360,000).

I am sustaining \$1,000,000 of the \$2,000,000 legislative augmentation for the California Youthbuild Program on a one-time basis only. While I am supportive of efforts in this area, I am sustaining only a portion of this augmentation because the budgets of the Employment Development Department and the California Department of Education provide substantial state and federal funds for youth employment programs. These programs provide training and services for economically disadvantaged youth to prepare them with the skills necessary to obtain unsubsidized employment, to complete secondary or post-secondary education, to gain entrance to military service, or to obtain qualified apprenticeship.

I am deleting the \$250,000 legislative augmentation for the Los Angeles Opportunities Industrialization Center. I believe that this project should continue to be funded at the local, rather than the state, level.

I am also deleting the \$110,000 legislative augmentation for the Sacramento County Blind Jobs Initiative. The Department of Rehabilitation currently offers programs such as the Vocational Rehabilitation Services Program, the Orientation Center for the Blind, and the Business Enterprise Program, which provide funding to enable the visually impaired to take advantage of employment opportunities throughout the state, including Sacramento County. Furthermore, the Department of Rehabilitation is a mandatory participant in federal Workforce Investment Act One-Stop Centers, including a Center in Sacramento, where visually impaired job applicants can receive additional employment services.

Item 5100-102-0001—For local assistance, Employment Development Department. I sustain this item.

I am sustaining the \$2,000,000 legislative augmentation for employment programs for seasonal farm workers. Prior to the expenditure of any of these funds, however, the Director of the Employment Development Department must review all existing or newly available funding sources for employment services programs and all discretionary funding sources and determine whether these funds could be used for this effort. If so, these non-General Fund resources must be used prior to the expenditure of any General Fund resources. The General Fund may only be used after the Health and Human Services Agency demonstrates to the Director of Finance that no other funding is available.

Item 5120-001-0001—For support of California Workforce Investment Board. I delete this item and Provision 1.

I am deleting the \$700,000 legislative augmentation for the performance-based accountability system for California workforce preparation programs. Currently, these costs are reimbursed by participating entities through Interagency Agreements with the Employment Development Department. The \$700,000 General Fund augmentation, in lieu of using Interagency Agreements and reimbursements from participating agencies, creates a new General Fund cost without completing additional tasks. Consequently, I am deleting this augmentation.

I am deleting Provision 1 to conform to this action.

Item 5160-001-0001—For support of Department of Rehabilitation. I reduce this item from \$47,037,000 to \$46,682,000 by reducing:

- (a) 10-Vocational Rehabilitation Services from \$317,135,000 to \$315,469,000; and
- (h) Amount payable from the Federal Trust Fund (Item 5160-001-0890) from $-\$267,370,000$ to $-\$266,059,000$.

I am deleting \$1,666,000 (\$355,000 General Fund and \$1,311,000 Federal Trust Fund) of the \$1,811,000 (\$386,000 General Fund and \$1,425,000 Federal Trust Fund) legislative augmentation in this item for a 20 percent wage pass-through for the Work Activity Program, because the budget already includes the required 4.4 percent statutory rate increase for this program. However, I am sustaining \$145,000 (\$31,000 General Fund and \$114,000 Federal Trust Fund) of the augmentation to provide for an overall 6.0 percent increase.

A conforming reduction is made to Item 5160-101-0001, which contains a local assistance augmentation for this same purpose.

Item 5160-001-0890—For support of Department of Rehabilitation. I reduce this item from \$267,370,000 to \$266,059,000.

I am reducing this item by \$1,311,000 to conform to the action taken in Item 5160-001-0001.

Item 5160-101-0001—For local assistance, Department of Rehabilitation. I reduce this item from \$105,542,000 to \$100,098,000 by reducing:

- (b) 20-Habilitation Services from \$112,955,000 to \$107,422,000;
- (c) 30-Support of Community Facilities from \$13,508,000 to \$12,758,000; and
- (d) Reimbursements from $-\$13,246,000$ to $-\$12,407,000$.

I am deleting \$5,533,000 (\$4,694,000 General Fund and \$839,000 reimbursements) of the \$6,014,000 (\$5,102,000 General Fund and \$912,000 reimbursements) legislative augmentation in this item for a wage pass-through for the Work Activity Program. This conforms to my action in Item 5160-001-0001.

I am also deleting \$750,000 of the \$3,000,000 General Fund legislative augmentation for Independent Living Centers (ILCs) to provide assistive technology services. This augmentation is related to Chapter 493, Statutes of 1999 (AB 873), which I signed with the understanding that it simply added assistive technology services to the list of services that ILCs shall provide to clients when those services are necessary and that assessments would first have to be conducted to determine that necessity. As the ILCs must first assess clients, the entire augmentation to provide services will not be needed during 2000–01. Therefore, I am sustaining \$2,250,000 in one-time funding to allow ILCs to perform these assistive technology assessments of their clients and to begin providing services as they are found necessary, with future funding to be determined following the conclusion of the assessments.

Item 5180-001-0001—For support of Department of Social Services. I reduce this item from \$97,905,000 to \$95,532,000 by reducing:

- (a) 16-Welfare Programs from \$72,486,000 to \$71,316,000;
- (b) 25-Social Services and Licensing from \$140,734,000 to \$139,446,000;
- (h) Amount payable from the Federal Trust Fund (Item 5180-001-0890) from $-\$307,512,000$ to $-\$307,427,000$;

and by revising Provision 7 and by deleting Provision 8.

I am sustaining \$1,000,000 of the \$2,000,000 one-time General Fund legislative augmentation for the Emergency Food Assistance Program for local food bank programs. This will provide one-year funding for the expansion of refrigeration space and the purchase of vehicles and other equipment that would be used directly for the purchase, delivery, or distribution of food.

I am revising provision 7 to conform to this action.

“7. Of the amount appropriated in this item, ~~\$2,000,000~~ \$1,000,000 shall be allocated on a one-time basis to local food bank programs to expand refrigeration space, purchase vehicles, or purchase other equipment that would be directly used for the purchase, delivery, or distribution of food products or for other uses that would allow food banks to increase the amount of food they can receive and distribute. The allocation process for this funding shall be developed by the

Department of Social Services. It is the intent of the Legislature that the department formulate guidelines for allowing food banks to use funds over two fiscal years, under appropriate circumstances. To achieve this, the funds in this provision shall be available for expenditure by the department until June 30, 2002.”

I am deleting the \$1,288,000 General Fund legislative augmentation to provide more frequent licensing visits to family child care homes. I am taking this action because no analysis has been done to determine the need for or impact of increased visits, and therefore this proposal is premature. Furthermore, the Department of Social Services reports it cannot perform these duties without new positions.

I am deleting Provision 8 to conform to this action.

I am deleting the legislative augmentation of \$85,000 General Fund and \$85,000 Federal Trust Fund and one position to provide administrative support and an evaluation of a pilot program that would provide supplemental child care payments to relative and foster care providers to conform to actions taken in Item 5180-101-0001.

Item 5180-001-0890—For support of Department of Social Services. I reduce this item from \$307,512,000 to \$307,427,000.

I am reducing this item to conform to the actions taken in Item 5180-001-0001.

Item 5180-101-0001—For local assistance, Department of Social Services. I reduce this item from \$2,591,719,000 to \$2,588,995,000 by reducing:

- (a) 16.30-CalWORKs from \$5,392,314,000 to \$5,356,898,000;
 - (1) 16.30.010-Assistance from \$3,188,040,000 to \$3,170,624,000;
 - (2) 16.30.020-Services from \$1,085,150,000 to \$1,067,150,000;
- (b) 16.40-Foster Care from \$907,165,000 to \$904,441,000;
- (i) Amount payable from the Federal Trust Fund (Item 5180-101-0890) from -\$3,961,398,000 to -\$3,925,982,000;

I am deleting the \$2,724,000 General Fund legislative augmentation for supplemental child care payments to relative and foster care providers and directing that the Department of Social Services not select sites to implement a pilot program to provide those payments. Foster care providers are paid a monthly rate for the care and supervision of the child placed with them. Given that a portion of the foster care rate is for the purpose of providing daily supervision of the foster child, the proposed child care supplement is duplicative.

I am deleting the \$18,000,000 Federal Trust Fund legislative augmentation to provide a \$50 monthly work expense supplement to wage-based community service employment participants. Providing work expense supplements to this population would reduce their incentive to move from community service employment to non-subsidized employment. In addition, counties currently may use performance incentive funds or their services allocation to pay work specific expenses for wage-based community service employment participants or other CalWORKs recipients if they determine that these reimbursements are needed to assist CalWORKs recipients move from welfare to work. The Budget already includes \$1.0 billion for CalWORKs county performance incentives and employment services.

I am deleting the \$17,416,000 Federal Trust Fund legislative augmentation to exempt the value of one automobile from consideration under the CalWORKs asset limit. This exemption would expand CalWORKs program eligibility and result in additional grant and county administration costs. The Budget already includes \$5.6 billion to provide CalWORKs grants and services in the Department of Social Services and other state agencies.

Item 5180-101-0890—For local assistance, Department of Social Services. I reduce this item from \$3,961,398,000 to \$3,925,982,000.

I am reducing this item to conform to actions taken in Item 5180-101-0001.

Item 5180-151-0001—For local assistance, Department of Social Services. I reduce this item from \$709,678,000 to \$699,776,000 by reducing:

- (a) 25.25-Children’s Services from \$1,667,750,000 to \$1,653,973,000;
 - (1) 25.25.010-Child Welfare Services from \$1,534,146,000 to \$1,523,735,000;
 - (3) 25.25.030-Child Abuse Prevention from \$34,790,000 to \$31,424,000;
- (b) 25.35-Special Programs from \$145,885,000 to \$145,711,000;
 - (2) 25.35.020-Access Assistance for the Deaf from \$5,978,000 to \$5,804,000;

- (c) 25.45-Community Care Licensing from \$19,397,000 to \$19,185,000;
- (f) Amount payable from the Federal Trust Fund (Item 5180-151-0890) from -\$1,057,320,000 to -\$1,053,059,000;

and by revising Provision 7 and by deleting Provision 13.

I am deleting a \$5,700,000 General Fund and \$3,961,000 Federal Trust Fund legislative augmentation to increase the number of social workers, pending a review of the child welfare services budget methodology. I am supportive of efforts in this area and already have included in the Budget \$221.1 million (\$108.6 million General Fund) in augmentations above the level supported by the current workload standards. Given this significant investment above the base program, and as it is unlikely that counties will be able to recruit additional social workers above this funding level, an additional augmentation is unnecessary. The amount of funding I proposed in the May Revision Child Welfare Services Initiative will allow counties statewide to hire an additional 500 social workers.

I am revising Provision 7 to conform to this action.

- “7. Of the amount appropriated in this item, ~~\$135,593,000~~ *\$125,932,000* shall be provided to counties to fund additional child welfare service activities and shall be allocated based on child welfare services caseload and county unit costs. However no county shall receive less than \$100,000. These funds shall be expressly targeted for emergency response, family reunification, family maintenance and permanent placement services and shall be used to supplement, and shall not be used to supplant, child welfare services funds. A county is not required to provide a match of the funds received pursuant to this provision if the county appropriates the required full match for the county’s child welfare services program exclusive of the funds received pursuant to this provision. These funds are available only to counties that have certified that they are fully utilizing the Child Welfare Services/Case Management System (CWS/CMS) or have entered into an agreed upon plan with the State Department of Social Services outlining the steps that will be taken to achieve full utilization. [The] department shall reallocate any funds that counties choose not to accept under this provision, to other counties based on the allocation formula specified in this provision.

The department, in collaboration with the County Welfare Directors Association and representatives from labor groups representing social workers, shall develop the definition of full utilization of the CWS/CMS, the method for measuring full utilization, the process for the state and counties to work together to move counties toward full utilization, and measurements of progress toward full utilization.”

I am deleting the \$450,000 General Fund legislative augmentation for the Grandparent Respite Program pilot. This proposal seeks to establish an ongoing program with funds that are available only on a one-time basis. Further, counties already may fund respite care services either from their child welfare services program or from one of the existing specialized care programs. Therefore, establishing a pilot program for this purpose is unnecessary.

I am deleting the \$3,366,000 General Fund legislative augmentation to expand the Juvenile Crime Prevention Program. If counties wish to start up new program sites, they could undertake this effort using existing base funding such as Comprehensive Youth Services Act funding, as established by Chapter 270, Statutes of 1997. Counties have approximately \$168 million of this funding available for similar purposes. Further, for new program sites that meet the requirements for Temporary Assistance for Needy Families funding, counties collectively have approximately \$1.1 billion in unspent discretionary incentive funding that has been appropriated through 1999-00, and will receive an additional \$250 million in performance incentives in 2000-01.

I am deleting the \$174,000 General Fund augmentation for a three percent cost-of-living adjustment for Access Assistance for the Deaf. This augmentation represents a general three percent program augmentation, rather than a true provider rate increase. In the Budget Act of 1998, the program received a \$2.5 million augmentation to expand

services to all 58 counties for a total program funding level of \$5.8 million. This represented a 75 percent baseline increase over prior year funding levels.

I am deleting the \$212,000 General Fund legislative augmentation to provide more frequent licensing visits to family child care homes and Provision 13, which specifies the use of the funds, to conform to the action taken in Item 5180-001-0001.

I am sustaining a \$200,000 legislative redirection of county Independent Living Program (ILP) funds for support of the current activities of the California Youth Connection (CYC); however, there is no justification to support additional funding. Therefore, I am deleting \$300,000 Federal Trust Fund, which the Legislature redirected for support of an expanded CYC. Further, in consultation with stakeholders, the department currently is developing statewide ILP standards to be followed by county programs. This redirection for CYC expansion would foreclose options for the counties in implementing and/or expanding their programs based on the new standards.

Item 5180-151-0890—For local assistance, Department of Social Services. I reduce this item from \$1,057,320,000 to \$1,053,059,000 and delete Provision 2.

I am reducing this item by \$4,261,000 to conform to the action taken in Item 5180-151-0001.

I am deleting Provision 2, which would have required the Department of Social Services to redirect \$560,000 from county allocations for the Independent Living Program (ILP) to establish a financial assistance program to facilitate the educational goals of former foster youth. I am supportive of efforts in this area and provided \$3.5 million General Fund to establish the Stipends for Emancipated Youth program. This program will provide stipends to ILP youth for additional one-time needs such as assisting with finding affordable housing, college textbooks, employment searches, emergency personal needs, and transportation vouchers. Further, in consultation with stakeholders, the department currently is developing statewide ILP standards to be followed by county programs. This redirection would foreclose options for the counties in implementing and/or expanding their programs based on the new standards.

Item 5240-001-0001—For support of Department of Corrections. I reduce this item from \$3,994,703,000 to \$3,984,093,000 by reducing:

- (a) 21-Institution Program from \$2,980,012,000 to \$2,979,762,000;
- (b) 22-Health Care Services Program from \$585,480,000 to \$585,080,000;
- (c) 31-Community Correctional Program from \$525,856,000 to \$515,896,000;

and by deleting Provisions 11, 12, 13, 14, 15, 17, 18, 19, 21, 23, and 25, and by revising Provision 24.

I am deleting \$400,000 included to contract for a study of the performance of the Department's health care delivery system and associated information technology system needs, to be submitted to the Legislature by March 1, 2001. The Department is currently undertaking various evaluations and studies focused on different aspects of the health care program. This study would potentially overlap with these efforts. Also, it is not clear that a study as comprehensive as proposed could be successfully accomplished within the level of resources provided, potentially undermining the helpfulness of any findings and recommendations.

I am deleting Provision 11 to conform to this action.

I am deleting Provision 12, which prohibits the Department of Corrections from adopting regulations that require individuals to send packages to inmates via the services of third-party vendors. I believe this provision is unduly restrictive. Furthermore, this provision would hinder the Department's ability to make administrative decisions necessary to reduce the flow of drugs and other illegal contraband in mailed packages to prison inmates in an efficient and economical fashion, and may negatively effect the security and safety of inmates and staff.

I am deleting Provision 13, which requires the Department of Corrections to ensure that all posted first and second supervisory positions are fully staffed. I believe this provision may have an adverse affect on the Department's flexibility to manage its personnel and programs.

I am deleting the \$960,000 legislative augmentation to provide funding to increase the daily rate paid for 500 contracted re-entry work furlough beds. The Department of Corrections currently contracts for re-entry work furlough beds with different vendors

and at varied rates that have been determined through a competitive bid process. There is no evidence to indicate that the current funding level is insufficient to attract qualified bidders or that there is a need to increase the daily rate for this 500-bed re-entry work furlough program expansion. Therefore, I believe the legislative augmentation is unnecessary at this time.

I am deleting Provision 14 to conform to this action.

I am deleting Provision 15, which requires the Department of Corrections to notify the Chairperson of the Joint Legislative Budget Committee and both fiscal committees, on a quarterly basis, of any payment over \$100,000 made to an individual or organization to settle a lawsuit or satisfy a legal judgment. I believe this provision is unnecessary because I have already directed state agencies to provide this type of information to the Legislature.

I am deleting Provision 17, which requires the Department of Corrections to revert any unexpended special repair project funds. I believe this provision would unduly impede the flexibility of the Department in managing its facilities in a manner that best protects the safety of staff and inmates.

I am deleting the \$250,000 legislative augmentation for conducting psychological evaluations of correctional officers promoting to supervisory positions. I believe that the benefits of the proposed augmentation do not justify the cost.

I am deleting Provision 18 to conform to this action.

I am deleting Provision 19, which requires the Department of Corrections to report, in consultation with the Department of Health Services, to the Legislature within 60 days of the enactment of the 2000 Budget Act regarding the safety of using the Secure 1000 technology. This provision would also require the Department to suspend its use of the Secure 1000 technology during this 60-day period. Suspending the use of the Secure 1000 technology could allow the passage of contraband into prisons, which could pose a public safety and security risk for visitors, staff, and inmates. I will, however, direct the Department to evaluate the potential impact of the Secure 1000 technology on the health of those exposed to the equipment.

I am deleting the \$1,000,000 legislative augmentation for a Global Positioning System pilot project. While I am supportive of efforts to increase public safety through increased supervision of parolees, the benefits of this technology in enhancing public safety are unknown.

I am deleting Provision 21 to conform to this action.

I am deleting the \$2,200,000 legislative augmentation to provide enhanced services for parolees assisted through the Transitional Case Management Program for mentally disordered offenders. This augmentation represents partial funding for a significantly more costly program that would provide mental health services for the duration of the period the offender is under state parole supervision. The budget I submitted already includes \$2,600,000 to provide up to 90 days of case management and mental health services for mentally ill parolees. After 90 days, case management efforts are transitioned to a long-term case manager in the community. Since appropriate care and treatment efforts for mentally ill parolees are transitioned to community caregivers, this augmentation is unnecessary and duplicative. In addition to the funding noted above, the budget includes \$50,000,000 for Mentally Ill Offender Crime Reduction grants for award to local governments to expand or establish programs that reduce crime and criminal justice costs related to mentally ill offenders.

I am deleting Provision 23 to conform to this action.

I am also deleting \$2,800,000 of the \$4,800,000 legislative augmentation for an expansion of the Preventing Parolee Crime Program. This action will leave an adequate level of funding for parolee services to protect the public's safety and reduce recidivism.

I am revising Provision 24 as follows to conform to this action:

“24. (a) Of the funds appropriated in this item, ~~\$4,400,000~~ \$1,900,000 shall be available to expand the Preventing Parolee Crime Program. For the purpose of reducing recidivism, priority for services provided through these funds shall be given to parolees who have two serious or violent felony convictions.

- (b) Of the funds appropriated in this item, ~~\$400,000~~ \$100,000 shall be available for administration and evaluation of targeting Preventing Parolee Crime Program funds for parolees who have two serious or violent felony convictions. The Department of Corrections shall report to the Legislature, by January 1, 2003 on the effectiveness of this program.”

I am deleting the \$3,000,000 legislative augmentation to increase funding for parole casework services to assist parolees in transitioning back into the community. While I am supportive of such efforts to assist parolees, the Department of Corrections budget already includes sufficient funding to expand parole services in the budget year.

I am deleting Provision 25 to conform to this action.

As part of this budget, I am approving \$10,000,000 in funding for expanding the Department’s basic correctional officer academy from 10 weeks to 16 weeks consistent with the Commission on Correctional Peace Officer Standards and Training report. However, I am directing the Department to prepare a plan outlining how the funds will be used to expand the academy. Specifically, this plan shall identify the resources needed to provide adequate support for the expansion as well as any capital improvements necessary to accommodate additional correctional officer cadets attending the academy. This plan shall be submitted to the Department of Finance for review and approval prior to any expenditure of funds for this purpose.

Item 5240-005-0001—For support of Department of Corrections. I am revising this item by deleting Provision 1.

I am deleting Provision 1, which authorizes the transfer of \$19,582,000 to Item 5240-001-0001, only after the Director of Corrections provides documentation outlining the proposed reductions contained in the Department’s initial administrative restructuring plan. The information being requested represents working documents for use in preparing the Administration’s budget and, as such, is privileged.

Item 5240-102-0001—For local assistance, Department of Corrections. I delete this item and Provision 1.

I am deleting the \$300,000 legislative augmentation provided to Tulare County for the purpose of funding portable inmate housing units. I am vetoing this item to fund higher competing priorities.

I am deleting Provision 1 to conform to this action.

Item 5240-301-0001—For capital outlay, Department of Corrections. I reduce this item from \$98,763,000 to \$98,638,000 by deleting:

(18.5) 61.09.512-CMF, Vacaville: New Medical Exam Facility-preliminary plans and working drawings (\$125,000);
and by deleting Provisions 4 and 5.

I am deleting the \$125,000 legislative augmentation for the New Medical Exam Facility at California Medical Facility, Vacaville. While this project may be meritorious, I am deleting the funding because it is premature. I understand that the department has not yet completed an evaluation of solutions for this facility.

I am deleting Provision 4 of this item, which limits the future cost of construction on the Folsom State Prison Pretreatment system to the current estimated construction cost, because the language is unnecessarily restrictive.

I am also deleting Provision 5 of this item, which restricts the use of Inmate Day Labor on major capital outlay projects because the language is also unnecessarily restrictive. It limits the Administration’s ability to select the fastest or most cost-effective construction delivery method. In addition, I do not support limiting the department’s ability to keep inmates employed in productive jobs.

Item 5430-001-0001—For support of Board of Corrections. I reduce this item from \$2,306,000 to \$2,056,000 by reducing:

(a) 11-Corrections Planning and Programs from \$784,000 to \$534,000;
and by deleting Provision 1.

I am deleting the \$250,000 legislative augmentation for a statewide Global Positioning System pilot project. While I am supportive of efforts to enhance public safety through increased supervision of probationers, the benefits of this technology in improving public safety are unproven.

I am deleting Provision 1 to conform to this action.

Item 5430-103-0001—For local assistance, Board of Corrections. I revise this item by deleting Provision 5.

I am deleting Provision 5, which would require the Board of Corrections to give priority for grant awards to counties that would have received funding, had an additional \$10,000,000 been available, under the Budget Act of 1999. I am deleting this provision because it would unduly impinge upon the ability of the Board of Corrections to award grants for the most meritorious proposals. Deleting this provision will allow the Board of Corrections to award grants for those proposals that have the most beneficial impact upon reducing the involvement of mentally ill offenders in the criminal justice system.

Item 5430-117-0001—For local assistance, Board of Corrections. I delete this item and Provision 1.

I am deleting the \$7,500,000 legislative augmentation to fund the DISARM (Developing Increased Safety through Arms Recovery Management) program, which would provide local assistance funding to local law enforcement agencies to more actively enforce compliance with court-ordered conditions of probation prohibiting the possession of weapons. I am deleting the funds because this is a new and not well-defined program. However, I am supportive of the basic concept. Therefore, I am directing the Board of Corrections to evaluate the effectiveness of similar programs in other states and make recommendations relating to the potential implementation of such a program in California, including the appropriate funding level.

I am deleting Provision 1 to conform to this action.

Item 5430-122-0001—For local assistance, Board of Corrections. I reduce this item from \$1,000,000 to \$200,000.

I am reducing this legislative augmentation for the City of Lodi Police for remodeling a police station by \$800,000. I am reducing this item to fund higher competing priorities.

Item 5430-123-0001—For local assistance, Board of Corrections. I delete this item and Provision 1.

I am deleting the \$1,000,000 legislative augmentation provided to the Galt Police Department to remodel a police station. I am deleting this item to fund higher competing priorities.

I am deleting Provision 1 to conform to this action.

Item 5430-125-0001—For local assistance, Board of Corrections. I reduce this item from \$1,200,000 to \$500,000.

I am reducing this legislative augmentation for the City of Citrus Heights Police Service Center by \$700,000. I am reducing this item to fund higher competing priorities.

Item 5440-002-0001—For support of the Board of Prison Terms. I delete this item and Provision 1.

I am deleting the \$1,250,000 legislative augmentation and Provision 1 that specifies that this funding is only available to provide services for parolees with developmental disabilities, serious mental illnesses, or substance abuse problems. Funding for this purpose is already included within the funding appropriated to the Department of Corrections. This augmentation, consequently, is unnecessary.

I am directing the Youth and Adult Correctional Agency to coordinate efforts between the Board of Prison Terms and the Department of Corrections to ensure that individual parolees identified by the Board as being suitable for treatment or other services, and subsequent to a determination that such parolees do not constitute a likely danger to the public, receive such treatment or services within the financial resources appropriated to the Department of Corrections for such purposes.

Item 5460-001-0001—For support of Department of the Youth Authority. I reduce this item from \$287,088,000 to \$280,099,000 by reducing:

- (a) 20-Institutions and Camps from \$305,671,000 to \$300,182,000;
- (b) 30-Parole Services from \$48,242,000 to \$46,957,000;
- (c) 40-Education Services from \$12,383,000 to \$12,318,000;

(d) 50.01-Administration from \$26,997,000 to \$26,197,000;

(e) 50.02-Distributed Administration from -\$24,783,000 to -\$24,133,000; and by deleting Provisions 4, 5, 6, 7, 8 and 9.

The Legislature augmented this item by \$1,000,000 and 12.0 personnel years to lengthen the basic cadet academy from 10 weeks to 16 weeks, consistent with the Commission on Correctional Peace Officers' Standards and Training report. I believe there is a need for additional training of Youth Authority personnel. However, I am reducing the \$1,000,000 legislative augmentation by \$650,000 and 12.0 personnel years to reflect the actual level of resources required to accomplish the academy expansion by March 1, 2001. I am deleting the \$2,764,000 legislative augmentation and 25.2 personnel years to provide additional mental health, sex offender, and drug treatment services to Youth Authority wards and parolees. The need for the level of services assumed in the augmentation is unclear. In addition, the ongoing costs of the programs as proposed will be significant. I will, however, consider signing legislation that clearly identifies treatment needs, authorizes effective programs scaled to address the actual level of need, and provides the level of resources necessary to fund a more finely-tuned and cost-effective program.

I am deleting Provisions 5, 6, 7, 8, and 9 to conform to this action.

The Legislature augmented this item by \$3,575,000 and 50.2 personnel years to enhance institution and parole staffing levels. I support adequate staffing for these functions. However, the need for these increases is unclear at this time. I am, therefore, deleting this augmentation. I am directing the new Director of the Youth Authority to evaluate the Department's staffing during the course of reviewing its operations and programs.

I am deleting Provision 4 which requires the Youth Authority to develop an analysis of the Ombudsperson Program in a report to be submitted to the Legislature on or before March 1, 2001. Because the Ombudsperson Program will not be implemented until the fiscal year 2000-01, an analysis of program results by March 1, 2001, would be premature.

Item 6110-001-0001—For support of Department of Education. I reduce this item from 47,682,000 to 46,246,000 by reducing:

(a) 10-Instruction from \$54,104,320 to \$52,484,000;

(b) 20-Instructional Support from \$66,935,000 to \$65,599,000;

(c) 30-Special Programs from \$40,493,680 to \$40,427,000;

(i) Amount payable from Federal Trust Fund (Item 6110-001-0890) from -\$107,564,000 to -\$105,977,000;

and by revising Provision 18 and deleting Provision 31.

I am reducing Schedule (a) by \$133,320, Schedule (c) by \$66,680, and three positions to conform to my action to delete the local assistance augmentation for the Migrant Education Even Start Program. The effect of these reductions is to eliminate the legislative augmentation of \$200,000 and three positions to support the expansion of the program.

I am reducing Schedule (b) by \$500,000 to eliminate the legislative augmentation for establishment of a clearinghouse for digital audio and other accessible products and services at the Department of Education, and provide referral services for pupils who are visually impaired. The Superintendent of Public Instruction is already required by statute to make certain materials and information available throughout the State, and to provide specific services to various student populations. This augmentation appears to be for this same purpose, which should be a higher priority for the Superintendent's existing resources than other, more discretionary programs. Additionally, this augmentation would result in pressure on the General Fund in future years to support this activity. I am also deleting Provision 31 to conform to this action.

I am reducing Schedule (b) by \$100,000 and two positions. My action would sustain a \$50,000 augmentation in the Budget Act for the purpose of distributing funding pursuant to the Education Block Grants established in the 2000 Omnibus Education Trailer Bill (SB 1667, Alpert).

I am reducing Schedule (b) by \$496,000 and three positions to eliminate the legislative augmentation for the Department of Education to develop an Environmental

Education Unit. The budget I proposed contains funding from the Environmental License Plate Fund and one position to address environmental education issues at the Department of Education.

I am reducing Schedule (b) by \$75,000 for the \$145,000 in legislative augmentations for charter school workloads in the School Fiscal Services Division to \$70,000. The Legislature approved one position for increased workload due to the augmentation of the Charter School Revolving Loan Fund, and a second position for increased workload regarding charter school apportionments. My budget already includes two new positions for apportionment unit workload increases, including those related to the increased number of charter schools. The workload prescribed for the two additional positions does not justify both augmentations. Therefore, I am sustaining only one additional position, which should be sufficient to address the activities contemplated in both of the augmentations.

I am reducing Schedule (b) for the \$215,000 General Fund legislative augmentation provided for the Department of Education by \$65,000 because the implementation of school district reporting of expulsions and suspensions related to hate crimes would create a state mandate. I am sustaining \$150,000 to contract for training programs to assist school personnel in identifying school violence. As the Tolerance Education Program is not currently established in statute, I am willing to sign legislation to establish the program provided such legislation does not create a reimbursable state mandate. This augmentation, in conjunction with the legislative augmentation of \$2,000,000 for Tolerance Education in Item 6110-485, which I have also sustained, is to be used to reduce hate crimes and increase tolerance of diverse populations.

I am reducing both Schedule (b) and Schedule (i) by \$100,000 to conform to my reduction of federal funding for an expanded evaluation of the Public Schools Accountability Act in Item 6110-001-0890. I am also revising Provision 18 of this item as follows to conform to these actions:

“18. Of the amount appropriated in this item, \$250,000 is provided for the purpose of contracting with an independent consultant for an evaluation of the implementation of the Public Schools Accountability Act, as established by Chapter 3, First Extraordinary Session, Statutes of 1999. ~~This evaluation shall also include an assessment of the following: (1) The extent to which enrollment in alternative schools, as defined in Chapter 3X of the First Extraordinary Session of 1999, has increased since the enactment of the Public Schools Accountability Act; (2) the extent to which any enrollment increases were a result of the act and the schools' attempts to improve their performance by encouraging low-performing pupils to attend alternative schools; and (3) the growth in school achievement in alternative schools as measured by the alternative accountability system, compared to the regular schools these pupils would have otherwise attended. The reporting and delivery deadlines for the evaluation of these questions shall be the same as for the overall evaluation of the Public Schools Accountability Act.~~

I am reducing Schedules (a) and (i) by \$1,487,000 to conform to the actions taken in Item 6110-001-0890.

Item 6110-001-0890—For support of Department of Education. I reduce this item from \$107,564,000 to \$105,977,000 and revising Provision 7.

I am reducing the legislative augmentation of \$1,756,000 and 25 positions by \$1,487,000 and 22 positions. The effect of this action is to approve \$269,000 and 3 positions which, in addition to the \$1,649,000 and 19 positions I previously proposed, provide sufficient additional staff in the Department of Education's Special Education Division to monitor school districts and bring the State into compliance with federal law. This reduction is consistent with justifiable workload received from the department to complete the additional verification reviews required as part of its monitoring activities.

I am revising Provision 7 to reflect two technical revisions. The first corrects the total in this provision from \$4,790,000 to \$4,623,000, and the second deletes the language in subdivision (g). This language for the parental involvement programs

established by Chapter 734 of the Statutes of 1999 was inadvertently maintained in the Budget Bill after the funding was redirected by the Legislature.

I am deleting the \$100,000 legislative augmentation to expand the evaluation of the Public Schools Accountability Act to include the effects of that act on alternative schools. The implementation of the alternative accountability system required by the Public Schools Accountability Act makes a study of this issue irrelevant. I am revising subdivision (i) of Provision 7 to conform to this action, as follows:

“(i) Of the funds appropriated in this item, ~~\$250,000 in prior-year carryover funds shall be available on a one-time basis to the State Department of Education, as follows:~~

- 1) ~~\$100,000 for the purpose of contracting with an independent consultant for an evaluation for the implementation of the Public Schools Accountability Act, as established by Chapter 3 of the First Extraordinary Session of the Statutes of 1999. These funds are to be used in conjunction with the funds referenced in Provision 18 of Item 6110-001-0001.~~
- 2) ~~\$150,000 is~~ for the purpose of providing evaluation reports to the Legislature concerning categorical flexibility pilot projects, pursuant to legislation in the 1999–2000 Regular Session, enacted on or before January 1, 2001.”

Item 6110-105-0001—For local assistance, Department of Education. I revise this item by deleting Provision 5.5.

I am deleting Provision 5.5 as a technical correction to conform with action taken by the budget conference committee, which eliminated funding for equalization and rate increases from the final budget.

Item 6110-115-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$150,089,000 to \$148,741,000 by reducing:

(kkk) 10.10.019.097-Visalia Unified School District from \$2,000,000 to \$1,352,000;

and by deleting:

(jjj) 10.10.019.094-Alameda Unified School District from (\$700,000).

I am reducing this item by \$1,348,000. A deletion of \$700,000 is at the request of the Alameda Unified School District. The district has withdrawn its proposal to participate in the program. The remaining reduction of \$648,000 is a technical adjustment for the Visalia Unified School District to account for the elimination of one-time program costs beginning in 2000–01.

Item 6110-123-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$156,700,000 to \$156,699,000 by reducing:

(b) 20.60.030.032-High Achieving/Improving School Program from \$131,150,000 to \$131,149,000,

and by deleting Provision 3.

I am reducing \$1,000 from this item to reflect savings that will result from my action to delete Provision 3 of this item. The English Language Development test is designed as a diagnostic tool to gauge the progress of pupils in their acquisition of English language skills, and to facilitate their proper placement in instructional programs. Because it is not a comparative measure of academic achievement, the inclusion of this test in the Academic Performance Index would be inappropriate. Further, redesigning and developing this test for the proposed purpose would result in multi-million dollar test development costs, is duplicative of the uses of the Standardized Testing and Reporting (STAR) and SABE2 examinations, and could undermine the results of those exams.

Item 6110-134-0001—For local assistance, Department of Education (Proposition 98). I delete Provision 1.

I am deleting Provision 1 of this Item, which requires the Department of Education to compute alternative Academic Performance Index scores for schools that lack such scores for the purpose of determining their eligibility to receive funds from the Teaching As A Priority Block Grant.

This provision conflicts with existing law, which stipulates that the Superintendent of Public Instruction, with the approval of the State Board of Education, shall develop

a methodology by which to calculate alternative Academic Performance Index scores for all schools that lack such scores, including those with fewer than 100 students.

Item 6110-141-0001—For local assistance, Department of Education (Proposition 98). I delete this item and Provision 1.

I am deleting the \$2,500,000 General Fund legislative augmentation provided in this item for the Migrant Education Even Start Program. This program will remain funded with \$5,000,000 in federal funds. While I believe this program is meritorious, the State should not provide General Fund for the expansion of a federally funded program. Instead, I am setting these funds aside to provide resources for subsequent legislation that will appropriate one-time funds for facilities to support the expansion of general child care and migrant centers.

Item 6110-141-0890—For local assistance, Department of Education. I reduce this item from \$112,448,000 to \$109,448,000 by reducing the legislative augmentation for federal funds carryover to the Migrant Education Mini-Corps Program from \$5,000,000 to \$2,000,000. The remaining \$2,000,000 augmentation, when combined with the funding I provided in my budget, will provide 16 percent more program funding than is provided in the current year.

I am revising Provision 1 as follows to conform to this action:

“1. Of the funds appropriated in this item, ~~\$10,100,000~~ \$7,100,000 is for the California Mini-Corps Program. That amount includes ~~\$5,000,000~~ \$2,000,000 from current year carryover funds, which are to be allocated on a one-time basis.”

Item 6110-151-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$7,269,000 to \$3,469,000.

I am reducing \$3,800,000 of the \$4,000,000 legislative augmentation for this program. AB 1746 in the current legislative session would expand the responsibility of Indian Education Centers to include recovery programs for pupils that have dropped out of comprehensive schools. The Budget Act already includes significant funding for remedial education for all pupils. Doubling the existing funding provided to these Centers in order to enable them to provide the proposed service would result in significant ongoing General Fund pressure in future years. However, this meritorious program warrants a modest expansion.

Item 6110-178-0001—For local assistance, Department of Education (Proposition 98). I delete this item and Provision 1.

I am deleting the \$3,000,000 legislative augmentation and Provision 1 of this item for the Outdoor Science Programs authorized by Chapter 958, Statutes of 1999. When I signed the bill authorizing this program last year, I noted in the signing message that the funding for this program authorized by Chapter 78, Statutes of 1999, was one-time in nature. I also requested districts to present a plan for alternate funding sources for this program; however no plan for alternative funding has been provided.

Item 6110-196-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$1,179,706,000 to \$1,140,205,000 by reducing:

(b) 30.10.020-Child Care Services from \$1,613,182,000 to \$1,573,681,000, and by reducing the following subschedules:

- (1) 30.10.020.001-Special Program, Child Development, General Child Development Programs from \$559,640,000 to \$524,640,000;
- (3) 30.10.020.004-Special Program, Child Development, Migrant Day Care from \$31,280,000 to \$26,780,000;
- (4) 30.10.020.007-Special Program, Child Development, Alternative Payment Program from \$194,253,000 to \$194,252,000;

and by deleting Provision 11(b) and revising Provisions 1(b) and 15.

I am reducing the \$75,000,000 legislative augmentation for general child care provided in Schedule (b) (1) to \$40,000,000 and the \$7,500,000 provided in schedule (b)(3) for migrant day care services to \$3,000,000, for a total reduction of \$39,500,000. I am setting these funds aside, along with \$2.5 million vetoed from item 6110-141-0001, for subsequent legislation to fund one-time child care programs.

I am revising Provision 1(b) and 15 as follows to conform to the reductions in half-year expansions noted above with the intention of funding full-year annualized costs

of \$86 million for these program in the subsequent budget. Together with the other sustained augmentations in this item, including the \$33 million additional rate increase for direct-contracted programs and the \$15 million augmentation noted below, this budget will reflect my objective of sustaining a \$134 million General Fund increase for assisting non-CalWORKS, low income families' access to high quality child care without creating higher ongoing costs in the subsequent budget.

"1. (b) Of the amount appropriated in Schedule (b)(1) of this item, ~~\$75,000,000~~ ~~\$40,000,000~~ is for the purpose of providing half-year expansion of full-day, general child care for children ages 0–five years old."

"15. Of the amount appropriated in Schedule (b)(3) of this item, ~~\$7,500,000~~ ~~\$3,000,000~~ is for the half-year costs of expansion of migrant day care services. ~~The amount must be used in conjunction with the \$2,500,000 for the Migrant Education Even Start (MEES) program appropriated in Item 6110-141-0001. The State Department of Education shall develop a Request for Applications that will combine the requirements of the two programs into a single program that shall be called the Migrant Even Start Child Development Program."~~

I am sustaining the \$15,000,000 legislative augmentation in schedule (b)(11) related to the retention of child care workers in order to make this funding available for subsequent legislation to be negotiated between the Legislature and the Administration that I will be able to sign. I have previously stated my concerns with the introduction of state subsidies into a profession that is subject to local market forces, and with the creation of a costly new state responsibility that would grow over time.

I am deleting Provision 11(b) and reducing schedule (b)4 of this item by \$1,000 to reflect the state savings that would result by not performing the survey of Alternative Payment Providers (APPs) required by this provision. This provision fails to set forth any remedy that would protect the state's fiscal interests in cases where APPs are directing a significant number of children into state contracted centers. The requirement to quantify the extent of duplicated activities is not meaningful; the substantive issue is that the rates paid to both the APP and the state funded center include the cost of each entity providing many of the same services. I would not expect the services to be duplicated. Rather, APPs would receive a windfall of administrative funds in these cases. Absent any requirement to redirect the duplicative administrative funding to increase child care slots, this provision conflicts with my priorities for use of state funds. I am directing my Administration to look more closely at this issue as part of the current child care policy review effort, and I plan to adjust future child care funding as appropriate, based on the findings of the review. In the meantime, I encourage the Department to determine the frequency of occurrence as contemplated by the provision and use its administrative discretion to reduce funding to APPs engaging in this practice to the extent the savings would allow access to additional children. Alternatively, I would support shifting the slots from APP administration to direct contracting so that the state's limited child care funding assures maximum access by needy families.

I am retaining Provision 18 with the understanding that the 25% non-subsidized child rule applies without exception to all Alternative Payment Providers (APPs), including those participating in CalWORKs child care programs, and that the regulations required to be developed by this provision be promulgated on an expedited basis. This rule has not been applied consistently to all programs for which reimbursements are tied to private child care market rates. Absent any obligation to establish rates within the reach of non-subsidized families, the state could be subject to price gouging. In order to assure the state's fiscal interests are not compromised, I expect the State Department of Education to enforce the rule for all APPs and to promulgate the regulations required by Provision 18 as soon as possible, including submission to Department of Finance for certification of fiscal impact, pursuant to the Administrative Procedures Act.

Item 6110-199-0001—For local assistance, Department of Education (Proposition 98). I delete this item and Provision 1.

I am deleting the \$5,000,000 legislative augmentation and Provision 1 of this item for the Beginning Administrator/Beginning Counselor Training Programs. This new

program may be meritorious, and I will consider it in the future. However, I am deleting this item at this time to focus on improving the quality of classroom teachers.

Item 6110-201-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$2,000,000 to \$1,000,000 by reducing:

(a) 30.20-Child Nutrition from \$2,800,000 to 1,800,000, and deleting Provision 2.

I am deleting the \$1,000,000 General Fund legislative augmentation for the provision of start-up grants for the Summer Food Service Program and the After School Snack Program. The funding previously provided for Start-up grants has been underutilized. Further, the Summer Food Service Program is currently eligible for start-up grants. While the After School Snack Program is a worthwhile effort, the need for startup grants and the eligibility criteria should be carefully examined. This issue should be reviewed through the normal budget and legislative processes and considered next year. I am deleting Provision 2 to conform to this action.

Item 6110-228-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$133,287,000 to \$72,087,000 and delete Provision 4.

I am deleting the \$61,200,000 legislative augmentation for the provision of school safety block grants to elementary, middle, and junior high schools. I am concerned about the well being and safety of California children of all ages, and signed legislation last year that requires schools to develop safety plans. This budget includes \$1.8 billion to increase discretionary funding beyond the statutory COLA and \$425 million for block grants; these resources are all available for K–12 school safety purposes based on local school district priorities. Therefore, this augmentation is unnecessary.

I am deleting Provision 4 to conform to this action.

Item 6110-240-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$12,583,000 to \$12,550,000 by reducing:

(c) 20.70-Instructional Support: Assessments from \$1,083,000 to \$1,050,000.

I am deleting the \$33,000 legislative augmentation for a cost-of-living adjustment (COLA) for the International Baccalaureate program. This program provides start-up grants to facilitate the establishment of new International Baccalaureate programs within schools. Providing a COLA for a one-time grant program is inappropriate. In addition, the funding provided for this program has been underutilized; thus, an augmentation for this program appears to be unwarranted.

Item 6110-242-0001—For local assistance, Department of Education (Proposition 98). I reduce this item from \$125,000 to \$33,000.

I am reducing this legislative augmentation by \$92,000. The Budget Act already provides \$117,000 for student leadership activities through the California Association of Student Councils. The effect of my action is to increase funding for this program in the 2000–01 fiscal year to a total of \$150,000.

Item 6110-485—Reappropriation, (Proposition 98) Department of Education. I revise this item by Item from \$257,135,000 to \$232,835,000 by reducing Schedule (a) of this item by \$3,700,000 and deleting Schedule (p).

I am reducing Schedule (a) by \$3,700,000 for voluntary desegregation claims because the Alameda Unified and Delano Unified School Districts have withdrawn their proposals for program participation in the current-year. I am eliminating Schedule (p) and the reappropriations of \$20,600,000 for Adult Education and Regional Occupational Centers and Programs. The budget provides an increase of \$48.3 million (\$31.3 million for adult education and \$17.0 million for Regional Occupational Centers and Programs) for growth and COLA for these programs, as well as a \$425 million block grant that is available to these programs. Furthermore, adequate justification for the proposal has not been provided, particularly since Adult Education has not historically fully expended its existing budget.

I am revising the Schedule (a) and deleting Schedule (p) to conform to these actions.

“(a) ~~\$ 5,700,000~~ 2,000,000 for transfer to Section A of the State School Fund for reimbursement by the Controller of voluntary desegregation claims from ~~Alameda Unified School District (\$700,000); Delano Unified School District (\$3,000,000); and~~ Visalia Unified School District (\$2,000,000) to provide one-

time funding for 1999–00 costs received pursuant to Sections 42247 and 42249 of the Education Code.”

Item 6120-011-0001—For support of California State Library. I reduce this item from \$18,051,000 to \$17,857,000 by reducing:

(a) 10-State Library Services from \$16,264,000 to \$16,070,000, and by deleting Provision 1.

I am reducing this item by eliminating the legislative augmentations for the California Research Bureau of \$69,000 to perform a study (pursuant to pending legislation) of women in prison who have children, and \$125,000 to provide support to the Joint Committee on the Education Masterplan.

However, I am sustaining the legislative augmentation of \$250,000 for the California Research Bureau for a contract with outside researchers to address public policy issues. Additionally, the budget provides a \$500,000 increase and 6 positions for the bureau, which will enable it to address the highest priority research objectives statewide. These funds could be used for the above proposed activities if deemed a high priority.

Item 6120-140-0001—For local assistance, California State Library. I reduce this item from \$2,005,000 to \$1,005,000 and revising Provision 1.

I am reducing \$1,000,000 of the \$2,005,000 legislative augmentation for local library projects in order to fund higher competing priorities. Additionally, state funding for the Yuba County Library project, the City of Folsom Library site acquisition, the Canyon Country Library Project, and the City of Downey Library expansion project may be eligible for funding from the Library Construction and Renovation Bond Act of 2000 (Proposition 14).

I am revising Provision 1 to conform to this action:

“1. Funds appropriated in this item are for the purpose of funding local assistance projects at local public libraries. These funds are to be allocated on a one-time basis only, as follows:

- (a) ~~Of the funds appropriated in this item, \$200,000 is for the purpose of funding renovation and improvements at Yuba County Library.~~
- (b) Of the funds appropriated in this item, \$69,000 is for the purpose of funding various items at Ventura County Library.
- (c) Of the funds appropriated in this item \$18,000 is for the purpose of funding Spanish language children’s books at Ojai Valley Library.
- (d) Of the funds appropriated in this item, \$50,000 is for the purpose of funding an internet library catalog website at El Segundo Library.
- (e) ~~Of the funds appropriated in this item, \$500,000 is for the purpose of funding library site acquisition for the City of Folsom.~~
- (f) Of the funds appropriated in this item \$15,000 is for the purpose of funding the public library in the City of Covina.
- (g) ~~Of the funds appropriated in this item, \$200,000 is for the purpose of funding the Canyon Country Library Project in Santa Clarita.~~
- (h) Of the funds appropriated in this item, \$18,000 is for the purpose of funding a roof replacement for the Dinuba Library in Tulare County.
- (i) ~~Of the funds appropriated in this item, \$100,000 is for the purpose of funding the City of Downey Library expansion.~~
- (j) Of the funds appropriated in this item \$600,000 is for the purpose of funding three bookmobiles at the Los Angeles County Library.
- (k) Of the funds appropriated in this item \$185,000 is for local grants for local library access programs for telephonic reading systems for deaf and print disabled people.
- (l) Of the funds appropriated in this item, \$50,000 is for publicizing the Fred Korematsu Film Project through the use of a direct outreach and education program.

Item 6120-221-0001—For local assistance, California State Library. I reduce this item from \$72,170,000 to \$56,870,000.

I am deleting the \$15,300,000 legislative augmentation provided for the Public Library Foundation. I am very supportive of funding for local public libraries and see them as a key component to increasing literacy, which is why base funding for the

program increased by 46 percent last year. Moreover, the budget provides increased funding of approximately \$17,700,000 for the California State Library. The total includes \$10,000,000 to increase literacy by local libraries through the English Language and Literacy Intensive Program, \$4,500,000 to support priority local assistance projects (expansions totaling \$2,600,000 for the Transaction Based Reimbursement and Families for Literacy Program(s), and California Newspaper Project), staffing and equipment (totaling \$1,900,000 for California Research Bureau staffing, manuscript handling, modular furniture, and more), and \$3,200,000 for competitive local assistance literacy grants targeted to reach children up to age 5 and their caregivers. Lastly, the voters recently authorized a \$350 million bond for the construction of new public libraries or the renovation of existing public libraries (Proposition 14). These funds will all greatly expand access to quality library services in California.

Item 6360-001-0407—For support of the California Commission on Teacher Credentialing. I reduce this item from \$17,157,395 to \$17,042,665 by reducing:

- (a) 10-Standards for Preparation and Licensing of Teachers from \$17,157,395 to \$17,042,665,

and by deleting Provision 4.

I am deleting the \$114,730 legislative augmentation for two positions to assist with the additional workload associated with reducing from 75 days to 30 days the timeframe in which the Commission must process teacher credential applications and renewals.

I am deleting Provision 4, which requires the Commission to reduce from 75 days the 30 days the timeframe in which teacher credential applications and renewals are processed. I am taking this action because I believe the current 75-day timeframe is sufficient, and because I do not believe that two additional positions will be sufficient to allow the Commission to reduce credential application and renewal processing times to 30 days.

Item 6360-001-0408—For support of the California Commission on Teacher Credentialing. I reduce this item from \$10,164,000 to \$10,159,000 by reducing:

- (a) 10-Standards for Preparation and Licensing of Teachers from \$10,164,000 to \$10,159,000.

I am deleting the \$5,000 legislative augmentation for one new position to compile reports detailing the number and types of teaching credentials issued each year.

These funds are unnecessary, as the additional \$85,000 in proposed funding for this position that was contained in Item 6360-001-0407 was eliminated by the Legislature.

Item 6360-003-0001—For transfer by the Controller to the Test Development and Administration Account (0408). I delete this item and Provision 1.

I am deleting this item, which would provide \$4,000,000 General Fund for the Commission to absorb the cost of not charging applicants to take the California Basic Educational Skills Test. While I appreciate the rationale behind this proposal, I do not believe this represents a sufficiently high priority for the use of General Fund monies among all competing priorities. Additionally, this Budget includes \$1,650,000 General Fund to pay the \$55 cost of a teaching credential for 30,000 first-time teaching credential applicants.

Item 6360-003-0408—For support of the California Commission on Teacher Credentialing. I delete this item and Provision 1.

I am deleting this item to conform to the action taken in 6360-003-0001.

Item 6440-001-0001—For support of University of California. I reduce this item from \$3,054,876,000 to \$3,040,866,000 by reducing:

- (a) Support from \$2,924,026,000 to \$2,910,016,000,
- and revising Provision 40 and deleting Provisions 23, 27, 29, 36, 37, 38, 42, and 43.

I am deleting the \$1,000,000 legislative augmentation for UC San Francisco-Fresno Leukemia research. Although this additional augmentation may be meritorious, I believe the University can utilize other fund sources for this research if it is a high priority. I am deleting Provision 23 to conform to this action.

I am deleting the \$250,000 legislative augmentation to complement UC Riverside's American Indian History Program. Although this additional augmentation may be

meritorious, I am deleting the funding because I believe there are other fund sources UC Riverside could utilize for this purpose if it is a high priority. I am deleting Provision 27 to conform to this action.

I am deleting the \$1,000,000 augmentation for the University to perform an evaluation of the statutory responsibilities of the Resources Agency. I am deleting this augmentation because these funds were restored to the Agency's budget by the Legislature. I am deleting Provision 29 to conform to this action.

I am deleting the \$380,000 legislative augmentation for undergraduate outreach for Latino students at UCLA Medical School. Targeted outreach, of the form proposed here, is currently under review by the California Supreme Court. UC has indicated that it would be inappropriate to implement this program prior to a Supreme Court decision as to whether such programs are legally permissible. I am deleting Provision 36 to conform to this action.

I am deleting the \$380,000 legislative augmentation for the Policy and International Affairs Outreach and Graduate Fellowship Program. Although this additional augmentation may be meritorious, I believe the University can utilize other fund sources for this purpose if it is a high priority. I am deleting Provision 37 to conform to this action.

I am deleting the \$1,000,000 legislative augmentation for the UCLA Ocean Discovery Center. Although this additional augmentation may be meritorious, I believe the University can use other fund sources for this Center if it is a high priority. I am deleting Provision 38 to conform to this action.

I am reducing the \$36,000,000 legislative augmentation for the M.I.N.D. Institute by \$6,000,000. Of the sustained \$30,000,000, \$28,000,000 is one-time funds. I am requesting the University to use \$4,000,000 of this augmentation for the M.I.N.D. Institute to contract with an appropriate organization to continue the research begun by the March of Dimes to identify genetic markers for autism and mental retardation that can lead to diagnosis and prevention of these conditions prior to birth. I am revising Provision 40 to conform to this action.

"40. Of the amount appropriated in Schedule (a), ~~\$40,000,000~~ \$34,000,000 is to fund the Medical Investigation of Neurodevelopmental Disorders (MIND) Institute, including \$28,000,000 in one-time funds."

I am deleting the \$200,000 legislative augmentation for research through the California Policy Research Center. Although this additional augmentation may be meritorious, I believe the University can utilize other fund sources for this research if it is a high priority. I am deleting Provision 42 to conform to this action.

I am reducing the \$22,800,000 legislative augmentation to provide an additional two percent employee compensation pool for non-senate academic employees and other non-faculty employees by \$3,800,000. The sustained \$19,000,000 should be sufficient to increase this pool by approximately 1.5 percent. I am revising Provision 43 to conform to this action.

"43. Of the amount appropriated in Schedule (a), ~~\$22,800,000~~ \$19,000,000 is for the University to provide an additional ≥ 1.5 percent employee compensation pool for nonsenate academic employees and other nonfaculty employees."

Item 6440-301-0001—For capital outlay, University of California. I revise this item by deleting Provision 4.

I am sustaining the \$4,000,000 augmentation for the preliminary plans for the Veterinary Medicine Alterations and Replacement Facility project that was added by the Legislature. The Davis campus has requested this project based on accreditation problems for the veterinary medicine program that are specifically related to deficient facilities. As such, I am directing the Department of Finance to ensure that these funds are used for a project that addresses accreditation requirements and not for other program enhancements.

I am deleting Provision 4, which expresses legislative intent that the Board of Regents of the University of California (UC) accept a proposed gift of 1,100 acres of land for the potential development of a campus at Chula Vista. This language would impose ongoing liability on the University and the State for maintaining and securing this site. In the absence of any established programmatic need for the site, any determination that an additional UC campus is necessary in this area or any other area of

the state, and without the requisite approval of the California Postsecondary Education Commission for a new campus, acceptance of this land would not be appropriate.

Item 6440-301-0574—For capital outlay, University of California. I revise this item by deleting Provision 6.

I am deleting Provision 6, which requires the University of California (UC) to give priority to proposals from developers with labor peace agreements when choosing a developer for the hotel and conference center project at the UC Davis campus. This provision is inappropriately placed in state budget language because this center is not a state-funded project. In addition, this language is unnecessary because UC has resolved the underlying labor issues for the center.

Item 6440-302-0574—For capital outlay, University of California. I revise this item by deleting Provision 7.

I am deleting Provision 7, which prohibits the expenditure of \$15,723,000 in construction funds for the Seismic Replacement Building I project on the Berkeley campus prior to January 1, 2001 unless the University of California (UC) amends a Memorandum of Understanding (MOU) held between UC and the City of Berkeley to include an agreement to minimize community impacts from the project. The decision to not sustain this language has been difficult. While I am supportive of addressing local community concerns related to State construction projects, my primary concern is to ensure the safety of the UC students, faculty, and the public.

Item 6610-001-0001—For support of California State University. I reduce this item from \$2,404,639,000 to \$2,398,139,000 by reducing:

(a) Support from \$3,185,735,000 to \$3,179,235,000, and revising Provision 21 and deleting Provisions 22, 26, and 27.

I am reducing the \$5,000,000 legislative augmentation to fund the CSU Los Angeles Performing Arts Center by \$1,000,000. The sustained \$4,000,000 will provide the state share of this project. Any additional funding needed must be provided by local entities that would benefit from the use of this facility. I am revising Provision 21 to conform to this action.

“21. Of the amount appropriated in Schedule (a), ~~\$5,000,000~~ \$4,000,000 in one-time funds shall be used to fund the CSU Los Angeles Performing Arts Center.”

I am reducing the \$15,000,000 legislative augmentation to increase capacity in various academic programs by \$5,000,000. Although I am very supportive of increasing enrollment in the programs targeted by this augmentation, I believe that it is the responsibility of the California State University to fund the types of activities outlined in the provisional language. I am, therefore, requesting the California State University to use the sustained \$10,000,000 for one-time expenditures, such as instructional equipment, that will enhance the effectiveness and, therefore, the enrollment in these programs. I am deleting Provision 22 to conform to this action.

I am deleting the \$200,000 legislative augmentation for CSU San Jose to plan an Education Collaborative. Although this additional augmentation may be meritorious, I believe the University can redirect resources for this project if it is a high priority. I am deleting Provision 26 to conform to this action.

I am deleting the \$300,000 legislative augmentation to establish a Central American Studies Research Institute at CSU Northridge. Although this additional augmentation may be meritorious, I believe the University can redirect resources for this purpose if it is a high priority. I am deleting Provision 27 to conform to this action.

Item 6610-301-0001—For capital outlay, California State University. I reduce this item from \$27,034,000 to \$22,034,000 by reducing:

(4.1) 06.80.153-San Diego: Otay Mesa Off-Campus Center—Acquisition from \$3,000,000 to \$1,000,000;

(6) 06.98.104-Pomona: Center for Animal and Veterinary Science Education, Phase 1A—Preliminary plans, working drawings, construction and equipment from \$5,000,000 to \$2,000,000.

I am reducing the \$5,000,000 legislative augmentation to \$2,000,000 for Phase 1A of the Center for Animal and Veterinary Science Education at CSU, Pomona. These funds will only be available for expenditure if the CSU Board of Trustee’s approve the

project and a project proposal is submitted to and approved by the Department of Finance. The project proposal submitted to the Department of Finance must identify and demonstrate the programmatic need for the project. The project proposal must include, but not be limited to, annual program enrollment information and full time equivalents served, the deficiencies in current space that preclude program activities, project cost, and scope.

While I am sustaining \$1,000,000 for the Otay Mesa Off-Campus Center acquisition, these funds will only be available for expenditure if both the CSU and the California Community Colleges (CCC) receive approval for the joint off-campus center from the California Postsecondary Education Commission (CPEC) and if a joint off-campus center proposal is approved by the Department of Finance (DOF) following the CPEC approval of a needs study. The proposal submitted to the DOF must identify and demonstrate the programmatic need for the campus center, the annual enrollment and full time equivalents served, the costs of the center both during development and once fully developed, and the full scope and cost of the acquisition and construction proposal for the center. The submittal to DOF must demonstrate that the center will meet the programmatic needs of both segments and additionally substantiate that the space needs for the new center cannot be accommodated at existing campuses in the San Diego area.

Item 6870-001-0001—For support of Board of Governor's of the California Community Colleges. I reduce this item from \$13,207,000 to \$12,451,000 by reducing:

- (b) 20-Special Services and Operations from \$18,050,000 to 17,294,000.

I am deleting the legislative augmentation of \$666,000 and eliminating nine new positions to support the proposed Noncredit Courses (\$136,000), Human Resource Infrastructure Program (\$372,000), and High Cost Programs (\$158,000) to conform to actions taken by the Legislature or me to remove related funding from the Community Colleges' local assistance item.

I am deleting the legislative augmentation of \$90,000 for one new position in the Telecommunication and Technology Infrastructure Program. Although I am supportive of enhancing technology within the community colleges, and the budget provides \$16.3 million for that purpose, the budget also provides an increase of approximately \$1 million for the Chancellor's office to adequately meet increased workload demands.

Item 6870-101-0001—For local assistance, Board of Governors of the California Community Colleges (Proposition 98). I reduce this item from \$2,706,014,000 to \$2,608,731,000 by reducing:

- (a) 10.10.010-Apportionments from \$1,648,654,000 to \$1,603,654,000;
- (b) 10.10.020-Basic Skills, CalWORKs, and Apprenticeships from \$41,606,000 to \$41,342,000;
- (c) 10.10.030-Growth for Apportionments from \$135,871,000 to \$116,263,000;
- (e) 20.10.005-Student Financial Aid Administration from \$7,356,000 to \$7,273,000;
- (f) 20.10.010-Extended Opportunity Program and Services and Special Services from \$86,258,000 to \$85,467,000;
- (g) 20.10.020-Disabled Students from \$76,049,000 to \$75,370,000;
- (h) 20.10.040-Fund for Student Success from \$18,518,000 to \$16,218,000;
- (m) 20.10.070-Matriculation from \$72,066,000 to \$71,308,000;
- (q) 20.20.055-Part-Time Faculty Office Hours from \$7,500,000 to \$2,500,000;

and by deleting

- (ux) 20.30.040-High Cost Programs (\$10,000,000);
- (wx) 20.30.091-Noncredit Courses (\$12,800,000);

and by revising Provisions 2, 3, 8, and 10 and by deleting Provision 19.5.

I am deleting the legislative augmentation of \$12,800,000 in schedule (wx) for noncredit courses. While sequencing noncredit courses and providing additional support for noncredit students may have merit, the budget already includes an increase of over \$10 million for growth and COLA in noncredit programs. Furthermore, the \$155 million augmentation for the Partnership for Excellence provides resources for districts to expand any program deemed to most effectively increase student outcomes.

I am deleting Provision 19.5 and the legislative augmentation of \$10,000,000 in schedule (ux) for High Cost Programs. I am supportive of high-demand programs, including nursing, and the budget includes \$45 million, an increase of \$11 million, for the Economic Development Program. Colleges can use these funds at local discretion to best meet health care and other industry workforce needs.

I am deleting the legislative augmentation of \$45,000,000 in schedule (a) for equalization, as the proposal does not appear to be the most cost-effective means for improving student outcomes. Furthermore, funding equalization as proposed on an FTES and program improvement basis would have an inverse relationship, resulting in limited effectiveness at achieving the intended purpose.

I am revising Provision 2 as follows:

- “2. Of the funds appropriated in Schedule (a), Apportionments, up to \$100,000 is for a maintenance allowance, pursuant to regulations adopted by the board of governors. Up to \$500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date. ~~\$37,500,000 is to provide equalization of district apportionments on a FTES basis and \$7,500,000 is to provide equalization of district apportionments on a program improvement basis.~~

I am deleting the legislative augmentation of \$2,300,000 in schedule (h) for the Puente Project. My proposed budget included an increase of \$1,000,000, which more than doubles this very worthwhile program and provides sufficient funding to increase access to services at 35 additional colleges.

I am revising Provision 10(c) as follows:

- “(c) Up to ~~\$4,244,000~~ \$1,944,000 is for the Puente Project. \$944,000 continues the 1999–2000 level of funding to support 40 colleges and is available if these funds are matched by \$100,000 of private funds and the participating community colleges and University of California campuses maintain their 1995–96 support level for the Puente Project. \$1,000,000 shall be used to expand the Puente Project to at least an additional 35 colleges. These funds will be subject to the same local match agreement as existing programs. These funds are not required to be allocated on a temporary basis and may be allocated on a permanent basis to support a Puente Project that meets the conditions of the Puente Project contract agreement. All funding shall be allocated directly to participating districts in accordance with their participation agreement.”

I am reducing the \$38,700,000 legislative augmentation for growth in schedules (b), (c), (e), (f), (g) and (m) by \$22,183,000, thereby retaining a total of 3.5% growth in apportionments. Data indicate that funding growth at 3.5% will provide sufficient resources to ensure that students have access to community colleges.

I am revising Provisions 3 and 8 to conform to this action as follows (the revised language also includes a technical correction to strike reference to two augmentations, \$5,400,000 for books and \$2,400,000 for discretionary program expansion, previously proposed by the Legislature, but not included in the enrolled budget bill, for Extended Opportunity Programs and Services):

- “3. Notwithstanding any other provision of law, ~~\$25,017,000~~ \$24,753,000 of the funds appropriated in Schedule (b) shall be for allocation to community college districts in the 2000–01 fiscal year for the purposes of funding FTES in courses in basic skills, including English-as-a-second-language courses and work force preparation courses for newly legalized immigrants, to the extent the total FTES claimed by a district for the 2000–01 fiscal year exceeds the level of total FTES funded for that district in the 2000–01 fiscal year. The Chancellor of the California Community Colleges shall develop criteria for allocating these funds.”
- “8. Of the funds appropriated in Schedule (f), ~~\$82,933,000~~ \$74,461,000 is for Extended Opportunity Programs and Services in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code. Of this amount \$6 million represents an augmentation and may only be allocated to serve 10,000 additional students over the number served in the 1999–2000 fiscal year. Funds provided in this item for Extended Opportunity

Programs and Services (EOPs) shall be available to students on all campuses within the California Community College system, including those students on new campuses or in new districts. ~~\$11,125,000~~ \$11,006,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The board of governors shall allocate funds on a priority basis and to local programs on the basis of need for student services.”

I am deleting the \$5,000,000 legislative augmentation for the part-time faculty office hours program. The budget contains a \$2,500,000 base budget for this program approved last year. While I am supportive of fair wages and employment conditions for part-time faculty, I am concerned that this augmentation does not contain any assurance of improvements in the quality of instruction or student outcomes. Additionally, I am not supportive of the reduced local match requirement contained in the education trailer bill. Furthermore, any action pertaining to faculty office hours may be premature until the completion of a study of the CCC’s part-time faculty employment, salary, and compensation patterns, as required by Chapter 738/99 (AB 420).

Item 6870-301-0574—For capital outlay, Board of Governors of the California Community Colleges. I reduce this item from \$307,277,000 to \$304,342,000 by deleting:

Long Beach Community College District

Long Beach City College (Liberal Arts College)

(29) 40.25.116-Child Development Center—Construction (\$2,935,000)

I am deleting funding for this project to provide the Chancellor’s Office of the California Community Colleges and the Long Beach Community College District the opportunity to redesign the project in accordance with State guidelines that were developed and implemented shortly after the project had been initiated. Compliance with these guidelines will ensure the completion of a facility that will fully address programmatic needs.

Item 7980-001-0001—For support of Student Aid Commission. I reduce this item from ~~\$10,797,000~~ to \$10,547,000 by reducing:

(a) 15-Financial Aid Grants Program from \$10,843,000 to \$10,593,000.

I am deleting the \$250,000 legislative augmentation for first-year administrative costs of providing financial aid incentives for students to attend public colleges and universities during the summer session. I am deleting this augmentation because there is no indication that the Commission would incur additional workload as a result of students attending summer session.

Item 7980-101-0001—For local assistance, Student Aid Commission. I reduce this item from ~~\$571,216,000~~ to \$519,916,000 by reducing:

Schedule (a) Financial Aid Grants Program from \$580,780,000 to \$529,480,000, and revising Provision 6.

I am deleting the \$11,500,000 legislative augmentation to increase the maximum Cal Grant awards to cover one-half of campus-based fees for recipients attending the California State University and the University of California.

I am reducing the \$45,300,000 legislative augmentation to increase the Cal Grant B subsistence award for all recipients by \$36,000,000. The sustained \$9,300,000 is sufficient to increase this award by approximately ten percent to \$1,548.

I am reducing the \$3,400,000 legislative augmentation to increase the maximum Cal Grant C award for all recipients by \$2,800,000. The sustained \$600,000 is sufficient to increase this award by approximately ten percent to \$2,592. I am also making a technical correction to Provision 6, which incorrectly states that this legislative augmentation applies only to new recipients. The legislative action was to provide the increase to all recipients.

I am reducing the \$1,200,000 legislative augmentation to increase the maximum Cal Grant C book and supply award for all recipients by \$1,000,000. The sustained \$200,000 is sufficient to increase this award by ten percent to \$576.

I am revising Provision 6 to conform to the above actions.

“6. Notwithstanding any other provision of law, of the amount appropriated in Schedule (a), ~~\$11,500,000 shall be used to increase the maximum Cal Grant A, Cal Grant B, Cal Grant C, and Cal Grant T awards to cover approximately one-half of campus-based fees for all recipients attending the California State University and the University of California; \$45,300,000~~ ~~\$9,300,000 shall be used to increase the Cal Grant B subsistence award for all recipients to \$2,322 \$1,548; \$3,400,000~~ ~~\$600,000 shall be used to increase the maximum Cal Grant C award for new recipients to \$3,659~~ ~~\$2,592; and \$1,200,000~~ ~~\$200,000 shall be used to increase the Cal Grant C book and supply award for all recipients to \$840~~ ~~\$576~~. These funds are contingent on the enactment of legislation that becomes effective on before January 1, 2001, revising the program to reflect the level of benefits anticipated by this provision. If legislation is enacted that requires some lesser amount than provided in this provision, the Director of Finance shall determine the appropriate amount to be reverted to the General Fund, and shall certify the amount to the Controller’s office.”

Item 8100-101-0001—For local assistance, Office of Criminal Justice Planning. I reduce this item from \$194,492,000 to \$189,038,000 by reducing:

(6) 50.20.352-Youth Emergency Telephone Referral from \$388,000 to \$338,000,
(22.1)50.30.700-Special Projects-Public Safety, from \$155,999,000 to \$150,595,000;

I am reducing this item by \$50,000 by deleting the legislative augmentation for outreach programs for the California Youth Crisis Line. This program is currently funded by the Office of Criminal Justice Planning, and receives funding for outreach in its funding allocation. Any additional funding for this program should be sought through the normal competitive process.

I am reducing this item by \$1,700,000 by deleting the legislative augmentation for the Child Trauma Reduction Program. SB 2183 is a measure pending in the Legislature that creates this pilot program and contains an appropriation for administration. There is insufficient information to justify an augmentation to the budget for this purpose.

I am reducing this item by \$1,025,000 by deleting the following legislative augmentations in order to fund higher competing priorities:

\$500,000 for a staging area for police services for the City of La Mirada;

\$425,000 for the Orange County District Attorney’s Office Immigrant Outreach Program;

\$100,000 for the City of Anaheim Forensics Laboratory Project.

I am reducing this item by \$100,000 for the legislative augmentation for the Stand-off Chemical Agent Detector from \$600,000 to \$500,000 in order to fund higher competing priorities.

I am reducing this item by \$338,000 by deleting the following legislative augmentations for gang prevention programs. Other funds are currently available within this budget for purposes such as these, including funds that will be made available for the Juvenile Justice Initiative:

\$130,000 for the Orange County Community Services Department: Gang Prevention/Intervention Program;

\$93,000 for the City of Long Beach Civil Injunction Against Violent Street Gangs Program;

\$65,000 for the City of Long Beach Gang Intervention Prevention Program;

\$50,000 for the City of Bellflower’s Alternative to Gangs Program.

I am reducing this item by \$241,000 by deleting the following legislative augmentations to purchase equipment for local law enforcement. I note that the budget includes \$75 million to address one-time local law enforcement equipment needs through grants allocated on a per capita basis:

\$100,000 for a mobile command post for the Ventura Police Department;

\$51,000 for equipment for the Ventura Police Department;

\$50,000 for equipment for the City of Santa Paula Police Department;

\$30,000 for equipment for the City of Bellflower Sheriff Substation; and

\$10,000 for equipment for the Town of Danville Police Bike Patrol.

I am deleting \$2,000,000 for the legislative augmentation for the City of Garden Grove Public Safety Building Upgrades. This is a local responsibility and should be locally funded based on local priorities.

Item 8100-101-0597—For local assistance, Office of Criminal Justice Planning. I reduce this item from \$3,683,000 to \$3,433,000 by reducing:

- (a) 50.30.562-High Technology Theft Apprehension and Prosecution Program from \$3,683,000 to \$3,433,000.

I am reducing the legislative augmentation for the Prosecution of High Technology Crime education grants from \$500,000 to \$250,000 in order to fund higher competing priorities.

I am revising this item to conform with the action taken in Item 8100-112-0001.

Item 8100-112-0001—For transfer by the Controller to the High Technology Theft Apprehension and Prosecution Program Trust Fund. I reduce this item from \$3,465,000 to \$3,215,000.

I am reducing this legislative augmentation for the Prosecution of High Technology Crime education grants from \$500,000 to \$250,000 in order to fund higher competing priorities.

Item 8140-001-0001—For support of the State Public Defender. I reduce this item from \$11,694,000 to \$11,589,000 by reducing:

- (a) 10-State Public Defender from \$11,694,000 to \$11,589,000;
- and by deleting Provision 2.

I am deleting the \$105,000 legislative augmentation for the State Public Defender to prepare a report and make recommendations by October 1, 2000, on the safeguards that exist in California to ensure that the innocent are not executed, primarily investigating the impact of waiting for appellate counsel, and the amount of funding provided for investigation of cases at the appellate level. There is no evidence to suggest that a problem exists in California related to indigent inmates not receiving proper counsel in capital cases during the appellate and habeas corpus process.

I am deleting Provision 2 to conform to this action.

Item 8260-001-0001—For support of California Arts Council. I reduce this item from \$3,166,000 to \$2,616,000 by reducing:

- (b) 10-Artists in Residence from \$982,595 to \$938,000;
- (c) 20-Organizational Support Grants from \$1,413,025 to \$1,168,000;
- (d) 25-Performing Arts Touring/Presenting Program from \$367,775 to \$350,000;
- (e) 30-Special Initiatives Program from \$123,640 to \$88,000;
- (f) 40-Statewide Projects from \$644,965 to \$538,000, and
- (ix) 70-Cultural Institutions Program from \$350,000 to \$250,000.

To conform with the deletion of the \$7,050,000 legislative augmentation for the expansion of core programs in the local assistance item, I am deleting the \$450,000 legislative augmentation that would have provided administrative support for the expansion of the core programs.

To conform with my action regarding Item 8260-103-0001, I am reducing the amount available for support costs by \$100,000 from \$350,000 to \$250,000.

Item 8260-101-0001—For local assistance, California Arts Council. I reduce this item from \$40,215,000 to \$27,665,000 by reducing:

- (b) 10-Artists in Residence from \$4,404,000 to \$3,705,000;
- (c) 20-Organizational Support Grants from \$19,810,000 to \$10,473,000;
- (d) 25-Performing Arts Touring/Presenting Program from \$1,121,000 to \$842,000;
- (e) 30-Special Initiatives Program from \$1,059,000 to \$500,000;
- (f) 40-Statewide Projects from \$4,352,000 to \$2,676,000;

and revising Provisions 3 and 4.

I am reducing the \$7,500,000 legislative augmentation for the Multicultural Arts Development Program to \$2,000,000. While this program is potentially worthwhile, I believe that \$2,000,000 is adequate at this time for this program.

I am also reducing the amount specified in Provision 4 for administrative costs from \$225,000 to \$100,000 to conform to the grant reduction.

I am revising Provisions 3 and 4 to conform to these actions.

“3. Of the funds appropriated in Schedule (c), ~~\$7,500,000~~ \$2,000,000 is for the Multicultural Arts Development program. These funds shall be for culturally specific organizations or artists who have a demonstrated commitment to cultural art. This funding shall be limited to organizations that have traditionally not received significant grants from the California Arts Council.”

“4. Of the ~~\$7,500,000~~ \$2,000,000 appropriated for the Multicultural Arts Development program, up to ~~\$225,000~~ \$100,000 can be used for state operations for the cost of administering the grants and transferred to Item 8260-001-0001.”

I am also deleting the \$7,050,000 legislative augmentation for the expansion of existing core programs. This amount, when combined with the \$450,000 appropriation in Item 8260-001-0001, would have added \$7,500,000 to the budget. Funding for core programs has increased from approximately \$14,000,000 in 1997–98 to approximately \$20,000,000 in my proposed 2000–01 Budget. Also included in the Budget is \$10,000,000 for the new Arts in Education Program, which provides an approximately 50 percent increase in competitive grant programs. Over the past few years, I have provided a significant increase in arts program funding.

Item 8260-103-0001—For local assistance, California Arts Council. I reduce this item from \$45,795,400 to \$31,235,400 by deleting or reducing allocations for various projects in this item. I am also revising Provisions 5 and 9 to conform with this action.

Although these projects may be meritorious, I am reducing or deleting the funding for them to fund higher competing priorities.

I am revising Provision 5 to conform to this action.

“5. Of the funds appropriated in this item ~~\$40,795,400~~ \$26,235,400 shall be for the following projects:

- (1) City of La Habra: Outreach Program at the Children’s Museum of La Habra ~~410,000~~ 250,000
- (2) ~~Natural History Museum of Los Angeles County 1,000,000~~
- (3) New Conservatory Theatre: Children’s Safe School Arts Project 50,000
- (4) San Francisco Mexican Museum: Construction of a permanent facility 500,000
- (5) National Maritime Museum Association: Maritime Educational Program for Northern California schoolchildren 250,000
- (6) City of San Francisco: DeYoung Museum 4,500,000
- (7) Bayview Opera House: Renovation and structural improvements 400,000
- (8) Filipino American National Heritage Society, Sacramento: Documentary “An Untold Triumph” 25,000
- (9) Kids Write Plays Program 65,000
- (10) Armenian Film Foundation 78,400
- (11) San Mateo and Los Angeles County Offices of Education: Civil Rights Project “Sojourn to the Past” 350,000
- (12) DQ University 300,000
- (13) County of San Luis Obispo: Dan Adobe Rehabilitation Project 200,000
- (14) City of San Luis Obispo: Children’s Museum Expansion Project 200,000
- (15) City of Arroyo Grande: South County Performing Arts Building 400,000
- (16) Port San Luis Marine Institute: Floating Marine Laboratory 150,000
- (17) ~~Hurst Historical Ranch Foundation: Hurst Ranch Historical Foundation Education Program 500,000~~
- (18) City of La Mirada: Performing and Cultural Arts Center ~~400,000~~ 250,000
- (19) Historical Society of West Covina: Heritage House and Heritage Gardens Park 85,000
- (20) Fender Museum Foundation: Fender Museum of the Arts and Music 250,000
- (21) Italian Cultural Society: Italian Cultural Center and Museum ~~1,000,000~~ 300,000
- (22) Elk Grove Historical Society: Old Stage Stop and Hotel Museum Project 100,000

- (23) Galt Area Historical Society: McFarland Living History Ranch Project 100,000
- (24) ~~Santa Clarita International Film Festival: Educational and Cultural Outreach Program 110,000~~
- (25) ~~Edwards Flight Test Museum: Blackbird Park Capitol Outlay Project 100,000~~
- (26) Allied Arts Association: Facility purchase and improvements 250,000
- (27) City of Poway: Kumeyaay Indian Cultural Center 400,000
- (28) City of San Diego: Sikes Adobe State Point of Historic Interest Restoration 350,000
- (29) The Wall Memorial: Completion of memorial to victims of HIV and AIDS 400,000
- (30) Natural History Museum: Border Environment Education Program 1,000,000
- (31) 100th/442nd/MIS WWI Memorial Foundation 500,000
- (32) Jewish Federation Zimmer Museum ~~2,900,000~~ 2,000,000
- (33) Los Angeles Children's Museum ~~4,000,000~~ 2,500,000
- (34) ADL: Stop the Hate 1,000,000
- (35) National Coalition for Redress/Reparations: NCRR Educational Program and Museum Display 50,000
- (36) ~~Hollywood Entertainment Museum: Education Center for Entertainment Arts 1,000,000~~
- (37) Skirball Museum of Tolerance: Completion of Karen and Gary Winnick Family Heritage Hall 2,000,000
- (38) ~~Long Beach Museum of Art 300,000~~
- (39) Redondo Beach Performing Arts Center: Replace lavatory equipment in Performing Arts Center ~~300,000~~ 250,000
- (40) Torrance Cultural Arts Center: Construction of a black-box stage ~~275,000~~ 250,000
- (41) City of Lomita: Expansion of Railroad Museum 250,000
- (42) African American Historical and Cultural Museum of the San Joaquin Valley: Construction and renovation of museum in Central Valley 250,000
- (43) El Pueblo de Los Angeles: Street scape improvements and restoration of historic buildings in Pico and Garnier Blocks ~~4,000,000~~ 2,000,000
- (44) San Francisco Ballet 500,000
- (45) Wajumbe Cultural Institution: \$45,000 for Summer Cultural Arts and Education Camp; \$84,000 for Multimedia and Community Television Lab for equipment 129,000
- (46) ~~City of Lancaster: Relocation of the Antelope Valley African American Museum 500,000~~
- (47) Explorit! Science Center: Capital outlay assistance 200,000

- (49) Fresno Museum: Legion of Valor, data base, and related projects 150,000
- (50) Chinese Historical Society of America: Construction of the Chinese American National Museum and Learning Center 200,000
- (51) The Asian Art Museum of San Francisco: Museum renovation 500,000
- (52) City of Inglewood: Annual Inglewood Celebrates the Arts 28,000
- (53) ~~City of Los Angeles: Support for the African American Marketplace 300,000~~
- (54) Pan African Film and Arts Festival ~~300,000~~ 200,000
- (55) City of Santa Rosa: Sonoma County Museum Project 250,000
- (56) Napa County Museum: Museum Expansion 100,000
- (57) Oakland Museum of California: Distribution of materials to high school students 150,000
- (58) ~~Atwater Historical Society: Bloss Home Restorations and Repair 100,000~~
- (59) ~~Miners Foundry Board: Miners Foundry Cultural Center 500,000~~
- (60) Modoc Arts Council: Modoc Amphitheater 200,000

- (61) Nevada County Fair Board: Music in the Mountains Joint Use Facility 350,000
- (62) Tulare County: Tulare County International Agri-Center 750,000
- (63) City of Dana Point: Ocean Education Center 800,000
- (64) City of Oceanside: Historic San Luis Rey Mission Restoration 500,000
- (65) Central Sierra Historical Society: Museum of the Central Sierra development 125,000
- (66) City of Clovis: Clovis Botanical Gardens Museum Educational Program 150,000
- (67) City of Visalia: Arts Visalia Center 50,000
- (68) Youth Science Institute: Youth Science Institute Education Facility expansion 300,000
- (69) Sutter County: Yuba-Sutter local film commission project 40,000
- (70) East Bay Regional Park: Black Diamond Mines Education Center 400,000
- (71) County of San Bernardino: San Bernardino County Museum Mineral Exhibit 50,000
- (72) City of Westminster: Community Theater equipment 250,000
- (73) City of Anaheim: Mother Colony House historical site expansion project 500,000
- (74) Palos Verdes Symphony Orchestra 25,000
- (75) Long Beach Museum of Art 300,000
- (76) Legion of Valor Museum in Fresno: Creation of archival system for the purpose of establishing a permanent database of original citations 150,000
- (77) Latino Museum of History, Art, and Culture 1,000,000”

I am revising Provision 9 to conform with this action.

- “9. Of the funds appropriated in Schedule (ix) of Item 8260-001-0001, \$350,000 \$250,000 shall be used by the California Arts Council to defray its expenses for support and related expenses for performing its responsibilities under this item. The council may enter into an interagency agreement to obtain personnel services relating to the review and approval of capital outlay expenditure plans.”

Item 8320-001-0001—For support of Public Employment Relations Board. I reduce this item from \$5,835,000 to \$4,435,000 by reducing:

- (a) 11-Public Employment Relations from \$5,847,000 to \$4,447,000.

I am deleting the \$1,400,000 legislative augmentation, which would provide resources to expand the Public Employment Relations Board’s jurisdiction to include resolving disputes and enforcing statutory duties and rights of employers and employees for local governments. I do not believe that state oversight of local government collective bargaining is necessary at this time.

Item 8350-001-0001—For support of Department of Industrial Relations. I reduce this item from \$147,385,000 to \$146,385,000 by reducing:

- (6) 40-Prevention of Industrial Injuries and Deaths of California Workers, from \$74,479,930 to \$73,979,930;
- (7) 50-Enforcement and Promulgation of Laws Relating to Wages, Hours, and Conditions of Employment, and Licensing and Adjudication, from \$40,338,850 to \$39,838,850;

and by deleting Provisions 3 and 4.

I am deleting the legislative augmentation of \$500,000 and 7 positions for the enforcement of labor law and regulations related to the janitorial and building maintenance industry. I am also deleting the legislative augmentation of \$500,000 and 7 positions for enforcement of health and safety laws and regulations related to farm laborers. The budget includes \$4.1 million for the Joint Enforcement Strike Force and the Targeted Industries Partnership Program to enforce Labor Code requirements, including those relating to the janitorial and building maintenance industry. Additionally, the budget includes over \$73 million to enforce health and safety requirements in the workplace, including those affecting the agricultural industry. I am also deleting Provisions 3 and 4. Provision 3 would direct \$500,000 of the amount appropriated in this item to the Division of Labor Standards and Enforcement for the purposes of

enforcing labor laws and regulations related to the janitorial and building maintenance industry. Provision 4 would direct \$500,000 of the amount appropriated in this Item to the Division of Occupational Safety and Health for the purposes of enforcing health and safety laws and regulations related to farm laborers. I am deleting these provisions to conform to my previous action to delete funding for these programs.

I am sustaining the \$150,000 legislative augmentation for the Young Worker Health and Safety Network on a one-time basis. I expect that pending legislation establishing a statewide young worker health and safety resource network (AB 1599) will be amended consistent with my action on this issue.

Item 8570-001-0001—For support of Department of Food and Agriculture. I reduce this item from \$71,782,000 to \$64,732,000 by reducing:

(a) 11-Agricultural Plant and Animal, Pest and Disease Prevention from \$78,997,000 to \$71,947,000, and deleting Provisions 4, 5, 6, 7, 8, and 9.

I am deleting the \$3,000,000 legislative augmentation for facility replacement and improvements for the Center for Agroecology and Sustainable Food Systems at the University of California, Santa Cruz. The need targeted by this augmentation has not been identified in the campus's five or ten year infrastructure plan as a priority.

In the overall context of higher education capital outlay needs, the State has limited resources to address all identified needs. Current and future resources should not be allocated on an ad hoc basis, rather, allocated to projects that have been developed in the context of the Administration's overall priorities with regard to appropriate project costs and guidelines, instructional purposes, enrollment related needs, scope standards, and having secured the appropriate programmatic and site review and approvals.

I am deleting Provision 7 to conform to this action.

I am deleting the \$3,750,000 legislative augmentation that would have provided grants to the University of California Small Farm Center (\$750,000), the Center for Biological Control at the University of California, Berkeley (\$1,750,000), the Center for Biological Control at the University of California, Riverside (\$750,000), and the Center for Agroecology and Sustainable Food Systems at the University of California, Santa Cruz (\$500,000). While there may be merit to some of these proposals, there is insufficient information to justify funding at this time.

I am deleting Provisions 4, 5, 6, 8, and 9 to conform to this action.

I am also deleting the \$300,000 legislative augmentation for a report regarding the use of Genetically Modified Organisms (GMOs). It is unclear what would specifically be accomplished with this level of funding.

Item 8570-101-0001—For local assistance, Department of Food and Agriculture. I reduce this item from \$20,590,000 to \$10,590,000 by reducing:

(a) 11-Agricultural Plant and Animal, Pest and Disease Prevention from \$19,015,000 to \$10,515,000;

(b) 31-Assistance to Fairs and County Agricultural Activities from \$2,908,000 to \$1,408,000;

and by deleting Provision 2.

I am deleting the \$8,500,000 legislative augmentation to the County High Risk Pest Exclusion Program. I believe that the \$5,500,000 I proposed, along with additional unclaimed gas taxes that may be available for this purpose pursuant to Chapter 890, Statutes of 1999, and the \$17 million from unclaimed gas taxes for other county agricultural programs, provides a sufficient level of state support for pest exclusion activities, which are largely county responsibilities. I am deleting the \$1,500,000 legislative augmentation and Provision 2, which appropriates funds to the 50th Agriculture Fair District for the new fairgrounds exhibit hall. Although this project may be meritorious, I am deleting this funding to fund higher competing priorities.

Item 8620-001-0001—For support of the Fair Political Practices Commission. I revise this item.

I am sustaining the \$460,000 General Fund legislative augmentation to support the development and implementation of a public education unit which will provide a central location for public access to state and local laws regulating political activities. However, I am reducing the number of personnel years from 4.8 personnel years to 1.8

because I believe there are sufficient vacant positions that can be re-directed to meet the workload demands of this new program.

Item 8940-001-0001—For support of Military Department. I reduce this item from \$28,099,000 to \$27,099,000 by reducing:

- (a) 10-Army National Guard from \$39,294,000 to \$38,294,000.

I am deleting the \$1,000,000 legislative augmentation to fund deferred maintenance projects at armories and other facilities. The California National Guard is emerging into a new force, restructuring its organization for the 21st Century. Under this restructuring, the National Guard has added combat support and combat service support units (non-combat), while reducing the size of and modernizing its combat infantry division. The Military Department is currently preparing a comprehensive plan to address its overall capital outlay and special repairs/deferred maintenance needs, in light of its new organization and mission. Therefore, providing additional resources at this time would be premature.

Item 8965-001-0001—For support of Veterans Home of California, Barstow. I reduce this item from \$12,413,000 to \$12,412,000 by reducing:

- (a) 30-Care of Sick and Disabled Veterans from \$20,903,000 to \$20,902,000, and by deleting Provision 4.

I am reducing this item by \$1,000 and deleting Provision 4, which would require the Department of Veterans Affairs to submit to the Legislature by April 1, 2001, an evaluation of the Behavior Management pilot program at the Barstow Veterans Home. The pilot program is proposed for a trial period of 24 months, yet this language requires a complete evaluation 10 months into the program. While I do not object an evaluation of this program, this language is premature.

Item 9100-102-0001—For local assistance, Tax Relief. I delete this item and Provision 1.

I am deleting the \$1,700,000,000 legislative augmentation as a technical change, since tax relief will be provided through a budget trailer bill rather than the Budget Act.

I am deleting Provision 1 to conform to this action.

Item 9210-104-0001—For local assistance, Local Government Financing. I reduce this item from \$12,150,000 to \$10,800,000 and by revising Provision 1.

“1. The funds appropriated in this item are for the following:

- (a) City of San Diego—Point Loma Fire Station #22, new apparatus bay and remodeling ~~750,000~~ 400,000
 (b) Orange County—Orange County Coroner 10,000,000
 (c) Imperial County—Consolidation of fire department, sheriff’s office and the Heber Utility District 400,000
 (d) ~~City of Belmont—Renovation and rehabilitation of the Belmont police station 1,000,000”~~

I am reducing this item to fund higher competing priorities.

Item 9210-105-0001—For local assistance, Local Government Financing. I reduce this item from \$4,898,167 to \$3,548,167 and by revising Provision 1.

“1. The funds appropriated in this item are for the following:

- (a) City of Santa Ana—Santa Ana Zoo Commissary 40,000
 (b) City of Antioch—Capital improvements 282,167
 (c) City of Rialto—Imaging system 65,000
 (d) San Bernardino County Registrar of Votes—Creation of remote early voting sites 100,000
 (e) Santa Barbara County—Expand ~~Cascade~~ Casa de La Raza Family Service Center 100,000
 (f) Mendocino County—Mobile spay/neuter, disaster preparedness, and pet adoption van 100,000
 (g) Marin County—Construction of a permanent detoxification facility 250,000
 (h) San Joaquin County—Mary Graham Children’s Complex for abused children ~~2,650,000~~ 1,500,000

- (i) City of Downey—Animal shelter renovation for the Southeast Area Animal Control Agency 561,000
- (j) City of Avalon—Purchase of storm water diverters 300,000
- ~~(k) City of Azusa—Fund an economic impact study on traffic change 200,000~~
- (l) City of Santa Clarita—Diapers recycling facility 250,000”

I am reducing this item to fund higher competing priorities. In addition, the funding for the Santa Barbara County: Expand Casa de La Raza Family Service Center project is one-time in nature.

Item 9800-001-0001—For Augmentation for Employee Compensation. I revise this item by deleting Provision 3.

I am deleting Provision 3, which states legislative intent that funds available in this item shall be available to address salary compaction issues within the Department of Corrections. This language is an infringement on the Department of Personnel Administration’s authority to collectively bargain salary issues.

SEC. 3.60—Contribution to Public Employees’ Retirement Benefits. I delete provision (d) of this control section.

Provision (d) of this section would direct the California Public Employees’ Retirement System (CalPERS) to offset the State’s 2000–01 retirement contribution by the amount the State overpaid in 1999–00.

I am deleting this provision since CalPERS already refunded the overpayment to the State.

With the above deletions, revisions and reductions, I hereby approve Assembly Bill 1740.

GRAY DAVIS

The people of the State of California do enact as follows:

SECTION 1.00. This act shall be known and may be cited as the “Budget Act of 2000.”

SEC. 1.50. (a) In accordance with Section 13338 of the Government Code, as added by Chapter 1284, Statutes of 1978, and as amended by Chapter 1286, Statutes of 1984, it is the intent of the Legislature that this act utilize a coding scheme compatible with the Governor’s Budget and the records of the State Controller, and provide for the appropriation of federal funds received by the state and deposited in the State Treasury.

(b) Essentially, the format and style are as follows:

(1) Appropriation item numbers have a code which is common to all the state’s fiscal systems. The meaning of this common coded item number is as follows:

2720—Organization Code (this code represents the California Highway Patrol)

001—Reference Code (first appropriation for a particular fund for support of each department)

0044—Fund Code (Motor Vehicle Account, State Transportation Fund)

(2) Appropriation items are organized in organization code order as reflected in the Governor's Budget.

(3) All the appropriation items, reappropriation items, and reversion items, if any, for each department or entity are adjacent to one another.

(4) Federal funds received by the state and deposited in the State Treasury are appropriated in separate items.

(c) The Department of Finance may authorize revisions to the codes used in this act in order to provide compatibility between the codes used in this act and those used in the Governor's Budget and in the records of the State Controller.

(d) Notwithstanding any other provision of this act, the Department of Finance may revise the schedule of any appropriation made in this act where the revision is of a technical nature and is consistent with legislative intent. These revisions may include, but shall not be limited to, the substitution of category for program or program for category limitations, the proper categorization of allocated administration costs and cost recoveries, the distribution of any unallocated amounts within an appropriation and the adjustment of schedules to facilitate departmental accounting operations, including the elimination of categories providing for amounts payable from other items or other appropriations and the distribution of unscheduled amounts to programs or categories. These revisions shall include a certification that the revisions comply with the intent and limitation of expenditures as appropriated by the Legislature.

(e) Notwithstanding any other provision of this act, when the Department of Finance, pursuant to subdivision (d), approves the schedule or revision of any appropriation relating to the elimination of amounts payable, the language authorizing the transfer shall also be eliminated.

SEC. 2.00. (a) The following sums of money and those appropriated by any other sections of this act, or so much thereof as may be necessary unless otherwise provided herein, are hereby appropriated for the use and support of the State of California for the 2000–01 fiscal year beginning July 1, 2000, and ending June 30, 2001. All of these appropriations, unless otherwise provided herein, shall be paid out of the General Fund in the State Treasury.

(b) Appropriations and reappropriations for capital outlay, unless otherwise provided herein, shall be available for expenditure during the 2000–01, 2001–02, and 2002–03 fiscal years, except that appropriations and reappropriations for studies, preliminary plans, working drawings, or minor capital outlay, except as provided herein, shall be available for expenditure only during the 2000–01 fiscal year. In addition, the balance of every appropriation or reappropriation made in this act that contains funding for construction that has not been allocated, through fund transfer or approval to proceed to bid, by the Department

of Finance on or before June 30, 2001, except as provided herein, shall revert as of that date to the fund from which the appropriation was made.

(c) Whenever by constitutional or statutory provision the revenues or receipts of any institution, department, board, bureau, commission, officer, employee, or other agency, or any moneys in any special fund created by law therefor, are to be used for salaries, support or any proper purpose, expenditures shall be made therefrom for any such purpose only to the extent of the amount therein appropriated, unless otherwise stated herein, or authorized pursuant to Section 11006 of the Government Code.

(d) Appropriations for purposes not otherwise provided for herein that have been heretofore made by any existing constitutional or statutory provision shall continue to be governed thereby.

- 3. Notwithstanding any other provision of law, up to \$5,000,000 appropriated in this item may be transferred to Item 0250-101-0001 by the Controller at the request of the Administrative Office of the Courts, to cover any short-term cash-flow issues that occur. Any funds transferred shall be repaid to this item from Item 0250-101-0001. The Judicial Council shall notify the Department of Finance and the Joint Legislative Budget Committee when any transfer is made pursuant to this provision, and upon repayment of the transfer.
- 4. The funds appropriated by Schedule (d) shall be available for costs associated directly or indirectly with the California Habeas Corpus Resource Center (CHCRC). The CHCRC shall report to the Legislature and the Department of Finance quarterly on expenditures, specifically detailing personal services expenditures, and operating expenses and equipment expenditures.
- 5. Of the funds appropriated in this item, \$5,990,000 is provided to support the establishment of 12 new appellate justices, and \$1,083,000 is provided to fund additional lease expenses in the Second District, Courts of Appeal, and the Fourth District, Courts of Appeal. It is the intent of the Legislature that the \$5,990,000 appropriated for support of the proposed 12 new appellate justices and their staff needs shall be used only for that purpose. Any funds not expended for this purpose shall revert to the General Fund. In the event that legislation authorizing additional appellate court justices is not enacted, the \$1,083,000 appropriated for lease expenses in this item shall be reduced by \$877,000 and the remaining \$206,000 shall be used to make rental payments on the expanded space in the Ronald Reagan State Office Building to accommodate the Settlement Conference Center.

Any funds transferred shall be repaid from this item to Item 0250-001-0001. The Judicial Council shall notify the Department of Finance and the Joint Legislative Budget Committee when any transfer is made pursuant to this provision, and upon repayment of the transfer.
2. In order to improve equal access and the fair administration of justice, the funds appropriated in Schedule (i) are to be distributed by the Judicial Council through the Legal Services Trust Fund Commission to qualified legal services projects and support centers as defined in Sections 6213 through 6215 of the Business and Professions Code, to be used for legal services in civil matters for indigent persons. This distribution is subject to rules being amended to provide that one-third of the appointments to the commission to oversee this fund shall be made by the Chair of the Judicial Council, pursuant to Judicial Council appointment procedures, consistent with current geographical requirements and current requirements as to the ratio of public and bar members. Also, the chair shall appoint three nonvoting judges, one of whom shall be an appellate justice. The Judicial Council shall approve awards made by the commission if the council determines that the awards comply with statutory and other relevant guidelines. No more than 5 percent of the Equal Access Fund shall be expended for administrative expenses. Ten percent of the funds remaining after administrative costs shall be for joint projects of courts and legal services programs to make legal assistance available to proper litigants and 90 percent of the funds remaining after administrative costs shall be distributed consistent with Sections 6216 through 6223 of the Business and Professions Code. The Judicial Council may establish additional reporting or quality control requirements consistent with Sections 6213 through 6223 of the Business and Professions Code.

(c) 35-Assigned Judges	16,288,000
(d) 45-Court Interpreters	54,447,000
Provisions:	
1. Notwithstanding Section 26.00 of this act, the funds appropriated or scheduled in this item may be allocated or reallocated among categories by the Judicial Council.	
2. The amount appropriated in Schedule (c) shall be made available for all judicial assignments. Schedule (c) expenditures for necessary chamber staff may not exceed the staffing level that is necessary to support the equivalent of three judicial officers sitting on assignments at the appellate court level.	
3. The funds appropriated in Schedule (b) shall be made available for the payment of workers’ compensation claims for trial court judges.	
4. The funds appropriated in Schedule (d) shall be for payments for services of contractual court interpreters, certified court interpreters employed by the courts, and the following court interpreter coordinators: one each in counties of the 1st through the 15th classes, 0.5 each in counties of the 16th through the 31st classes, and 0.25 each in counties of the 32nd through 58th classes. Courts in counties with a population of 500,000 or less are encouraged, but not required, to coordinate interpreter services on a regional basis. For the purposes of this provision, “court interpreter coordinators” may be full- or part-time court employees, or those contracted by the court to perform these services.	

Item

Amount

The Judicial Council shall set statewide or regional rates and policies for payment of court interpreters, not to exceed the rate paid to certified interpreters in the federal court system. The Judicial Council shall adopt appropriate rules and procedures for the administration of these funds. The Judicial Council shall report to the Legislature and Director of the Department of Finance annually regarding expenditures from this schedule.

5. Of the amount appropriated in this item, \$43,000,000 shall not be available for allocation to the trial courts except to the extent that civil fee revenues above the \$158,000,000 that is currently projected for 2000–01 are deposited in the Trial Court Trust Fund.
6. Salary increases for trial court judicial officers contained in Schedule (b) of this item shall be provided for each calendar month only to judges of those trial courts that, as of the first day of that calendar month, have unified to the fullest extent permitted by law. In the case of any court that is not unified, the Judicial Council shall make the determination of whether that court is unified to the fullest extent permitted by law.
7. Of the amount appropriated in this item, \$43,000,000 shall be for the costs associated with information technology systems. The Judicial Council may allocate these funds to the courts over three years.
8. There shall be a baseline adjustment to the trial court budget equivalent to the amount that is produced by multiplying the total salaries and benefits of all trial court employees by the average percentage salary and benefit increase for the current fiscal year for organized California State employees. The Judicial Council shall adopt policies, procedures, and guidelines for the trial courts to negotiate increases within the limits of their total budget. The Judicial Council shall work with the Department of Personnel Administration and the court employees unions to develop a long-term plan for salary and benefit increases. Any agreement by the court to increase salaries and benefits in the current year must be able to be funded in subsequent years within the level of the court's

- current year base budget. Extraordinary salary and benefit adjustments due to unique circumstances, including pay equity adjustments, shall be requested through a budget change proposal through the normal budget process. The Judicial Council shall provide to the Governor and Legislature by December 31, 2000, copies of the adopted policies and procedures, as well as the proposed long-term plan for salary and benefit increases.
9. Funding for new trial court judicial officers and related costs contained in Schedules (a) and (b) of this item shall be provided for each calendar month only to those courts that, as of the first day of that calendar month, have unified to the fullest extent permitted by law. In the case of any court that is not unified, the Judicial Council shall make the determination of whether that court is unified to the fullest extent permitted by law.
 10. Notwithstanding any other provision of law, the alleged obligations of Trinity County to the State of California in the amount of \$195,821 resulting from accounting errors recognized by the Department of Finance, and the \$29,096 not reported as A-87 cost for the first two quarters of fiscal year 1997–98, with respect to Trial Court Funding, are hereby excused in the interest of justice, and the Department of Finance is directed to withdraw its demands in those amounts and to adjust its financial records accordingly.
 11. Notwithstanding any other provision of law, the distribution of fines, fees, forfeitures, and penalties reported by the County of San Bernardino for the 1993–94, 1994–95, and 1995–96 fiscal years shall be deemed to be correct and no further reductions or increases shall be made to the distribution for those fiscal years, except for those amounts owed to other local agencies.
 12. The funds appropriated in Schedule (a) include an augmentation of \$1,175,000 for Court Operations related to Chapter 561 of the Statutes of 1999. It is the intent of the Legislature that these funds only be used for the processing of elder abuse protective orders. Any funds not used for this purpose shall revert to the General Fund.

Provisions:

1. The appropriation made in this item shall be in lieu of the appropriation in Section 1564 of the Code of Civil Procedure for all costs, expenses, or obligations connected with the administration of the Unclaimed Property Law, with the exception of payment of owners' or holders' claims pursuant to Section 1540, 1542, 1560, or 1561 of the Code of Civil Procedure, or of payment of the costs of compensating contractors for locating and recovering unclaimed property due the state.
2. Of the claims received for reimbursement of court-ordered or voluntary desegregation programs pursuant to Sections 42243.6, 42247, and 42249 of the Education Code, the Controller shall pay only those claims that have been subjected to audit by school districts in accordance with the Controller's procedures manual for conducting audits of education desegregation claims. Furthermore, the Controller shall pay only those past-year actual claims for desegregation program costs that are accompanied by all reports issued by the auditing entity, unless the auditing entity was the Controller.

through identification of overpayments, cost avoidance, and other appropriate measures.	
7. Of the moneys appropriated to the Controller in this act, the Controller shall not expend more than \$500,000 to conduct posteligibility fraud audits of the Supplemental Security Income/State Supplementary Payment Program (SSI/SSP).	
8. The Commission on State Mandates shall provide, in applicable parameters and guidelines, as follows:	
(a) If a local agency or school district contracts with an independent contractor for the preparation and submission of reimbursement claims, the costs reimbursable by the state for that purpose shall not exceed the lesser of (1) 10 percent of the amount of the claims prepared and submitted by the independent contractor, or (2) the actual costs that would necessarily have been incurred for that purpose if performed by employees of the local agency or school district.	
(b) The maximum amount of reimbursement provided in subdivision (a) may be exceeded only if the local agency or school district establishes, by appropriate documentation, that the preparation and submission of these claims could not have been accomplished without incurring the additional costs claimed by the local agency or school district.	
9. The funds appropriated to the Controller in this act may not be expended for any performance review or performance audit except pursuant to specific statutory authority. It is the intent of the Legislature that audits conducted by the Controller, or under the direction of the Controller, shall be fiscal audits that focus on claims and disbursements, as provided for in Section 12410 of the Government Code. Any report, audit, analysis, or evaluation issued by the Controller for the 2000–01 fiscal year shall cite the specific statutory or constitutional provision authorizing the preparation and release of the report, audit, analysis, or evaluation.

11. For purposes of the review and payment of any claim for reimbursement by local government submitted pursuant to Section 54954.4 of the Government Code, the Controller shall use the procedures that were in effect at the time the claim was submitted.

12. Pursuant to Section 1564 (c) of the Code of Civil Procedure, the State Controller shall transfer all money in the Abandoned Property Account in excess of fifty thousand dollars (\$50,000) to the General Fund no less frequently than at the end of each month. This transfer shall include unclaimed Proposition 103 insurance rebate moneys pursuant to Section 1861.01 of the Insurance Code and Section 1523 of the Code of Civil Procedure.

14. The State Controller shall convert payroll warrants and direct deposit advices into self-mailers to ensure the security of confidential information printed on employees’ payroll warrants and direct deposit advices. Of the \$1,001,000 appropriated in this item for that conversion, a one-time appropriation of \$764,000 shall be for equipment acquisition. The remainder shall be used to finance the additional ongoing operating expenses associated with the self-mailers. It is the intent of the Legislature that the conversion be completed expeditiously and steps leading to procurement shall be taken as soon as possible. In no case, shall the conversion be completed later than November 1, 2000.

1. Of the funds appropriated in this item, the Controller shall transfer \$3,137,000 as of July 1, 2000, to the Department of Aging for support of the Health Insurance Counseling and Advocacy Program.	
2. Of the funds appropriated in this item, the Controller shall transfer \$493,000 as of July 1, 2000, to the State and Consumer Services Agency for support of the Office of Insurance Advisor, to provide assistance to the Governor on insurance-related matters.	
3. Of the funds appropriated in this item, an amount not to exceed \$600,000 shall be used solely to cover intervenor compensation costs allowable under subdivision (b) of Section 1861.10 of the Insurance Code.	

Item	Amount
<p>4. Of the amount appropriated in this item, \$3,778,000 is for conducting activities pursuant to Chapter 963 of the Statutes of 1998. It is the intent of the Legislature that the Department of Insurance be reimbursed for the cost associated with the investigation and enforcement actions relating to Holocaust era insurance claims. Accordingly, it is the intent of the Legislature that the Department of Insurance repay the funding specified above to the General Fund and the Insurance Fund from reimbursements received for costs associated with the investigation and enforcement actions relating to Holocaust era insurance claims. Further, it is the intent of the Legislature that reimbursement of state costs shall first be delivered to the Controller to be deposited in the General Fund for the repayment of funds appropriated by Chapter 963 of the Statutes of 1998 and next for repayment of funds transferred from the General Fund as a loan to the Insurance Fund by Item 0845-011-0001 of this act, consistent with Provision 1 of that item.</p> <p>5. The amount identified in Provision 4 for conducting activities pursuant to Chapter 963 of the Statutes of 1998 and Chapter 85 of the Statutes of 1999 includes funding to support the activities of the Holocaust Era Insurance Claims Oversight Committee created pursuant to Chapter 85 of the Statutes of 1999.</p> <p>6. Notwithstanding any other provision of law, the Insurance Commissioner may publish notices relating to Holocaust era insurance claim activities in a manner that the commissioner determines reasonable, provided that (a) none of the moneys for this purpose may be redirected from other budgeted activities, (b), no photograph is used in the publication of the notice, and (c) no elected official's name is used in the publication of notice unless otherwise required by law.</p> <p>7. The Department of Insurance shall evaluate the contract pursuant to which the Health Insurance Plan of California is to be transferred to private operation and shall determine whether the contract calls for activities subject to regulation by the department. The Commissioner of Insurance shall report the results of this evaluation to the chairs and vice-chairs of the Insurance Committees of the Senate and the Assembly.</p>

Provisions:

1. It is the intent of the Legislature that all funds appropriated to the Franchise Tax Board for processing tax returns, auditing and collecting owed tax amounts, shall be used in a manner consistent with its authorized budget and the documents that were presented to the Legislature for its review in support of that budget. The Franchise Tax Board shall not reduce expenditures or redirect either funding or personnel resources away from direct auditing or collection activities without prior approval of the Director of Finance. The Director shall not approve any such reduction or redirection sooner than 30 days after providing notification to the Joint Legislative Budget Committee. No such position may be transferred from the organizational unit to which it was assigned in the 2000-01 Governor's Budget and the Salaries and Wages Supplement as revised by legislative actions without the approval of the Department of Finance. Furthermore, the Board shall expeditiously fill budgeted positions consistent with the funding provided in this act.
2. It is the intent of the Legislature that the Franchise Tax Board resolve tax controversies, without litigation, on a basis that is fair to both the state and the taxpayer and in a manner that will enhance voluntary compliance and public confidence in the integrity and efficiency of the board.

Provisions:

1. Notwithstanding any other provision of law, revenues from the sale of legislative bills and publications received by the Bill Room shall be deposited in the Service Revolving Fund.
2. Notwithstanding any other provision of law, if the Director of the Department of General Services determines in writing that there is insufficient cash in a special fund under his or her authority to make one or more payments currently due and payable, he or she may order the transfer of moneys to that special fund in the amount necessary to make payment or payments, as a loan from the Service Revolving Fund. That loan shall be subject to all of the following conditions:
 - (a) No loan shall be made that would interfere with the carrying out of the object for which the Service Revolving Fund was created.

Item	Amount
<p>(b) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than 18 months after the date of the loan, except that the loan to the Motor Vehicle Parking Fund shall be repaid no later than five years after the date of the loan. The Department of General Services may impose a parking rate increase as necessary for the repayment of the loan only if the increase is approved by a memorandum of understanding entered into by each collective bargaining unit that represents state employees to be affected by the increase, and the memorandum of understanding is ratified by statute. Any parking rate increase imposed pursuant to this provision shall apply equally to state employees who are affected by the increase whether or not they are represented by a collective bargaining unit. The amount loaned shall not exceed the amount that the fund or program is authorized at the time of the loan to expend during the 2000–01 fiscal year from the recipient fund except as otherwise provided in Provisions 4, 5, and 6 of this item.</p> <p>(c) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.</p> <p>3. Notwithstanding any other provision of law, the Director of the Department of General Services may authorize a loan from the Service Revolving Fund to the Public School Planning, Design and Construction Review Revolving Fund for the purpose of meeting the cash needs of the Structural Safety and Fire and Life Safety Sections in the Division of the State Architect. The loan shall not exceed \$4,000,000. As a condition of the loan, the Division of the State Architect shall reduce its school plan review and inspection staff to a level commensurate with expected workload, and shall maintain that staffing level. This loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than June 30, 2003. No loan shall be made that would interfere with the carrying out of the</p>

Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27.00 of this act, the Director of General Services may augment this item or any of Items 1760-001-0002, 1760-001-0003, 1760-001-0006, 1760-001-0026, and 1760-001-0602, by up to an aggregate of 10 percent in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the Department of General Services (DGS) and the corresponding expenditure authority has not been provided in this item or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process. If the Director of the Department of General Services augments this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0006, 1760-001-0026, or 1760-001-0602 the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the program augmented. Any augmentation made in accordance with this provision shall not result in an increase in any rate charged to other departments for services or the purchase of goods without the prior written consent of the Department of Finance.</p> <p>5. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27.00 of this act, if this item or Item 1760-001-0002, 1760-001-0003, 1760-001-0006, 1760-001-0026, or 1760-001-0602, is augmented pursuant to Provision 4 by the maximum allowed under that provision, the Director of Finance may further augment the item or items in cases where (a) the Legislature has approved funds for a customer for the purchase of services or equipment through the DGS and the corresponding expenditure authority has not been provided in these items, or (b) a local government entity or the federal government has requested services from the DGS. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.</p>

6. Notwithstanding Item 9840-001-0988, Item 9840-001-0494, and Section 27.00 of this act, the Director of General Services may augment this item and Items 1760-001-0026 and Item 1760-001-0003 to increase authorized expenditures by the Office of State Printing, the Office of Risk and Insurance Management, the Office of Fleet Administration, the Energy Assessments Section of the Professional Services Branch, and the Office of Public Safety Radio Services. The augmentation shall be for the specific purpose of enabling the Office of State Printing, the Office of Risk and Insurance Management, the Office of Fleet Administration, the Energy Assessments Section of the Professional Services Branch, and the Office of Public Safety Radio Services to provide competitive services to their customers (including local government entities or the federal government) and may be made only if the office has sufficient operating reserves available to fund the augmentation. If the Director of General Services augments either of the items in this provision, the DGS shall notify the Department of Finance within 30 days after that augmentation is made as to the amount, justification, and the office augmented. Any augmentation that is deemed to be necessary on a permanent basis shall be submitted for review as part of the normal budget development process.
7. Any augmentation made pursuant to Provision 4, 5, and 6 of this item shall be reported in writing to the chairpersons of the fiscal committees of each house and the Chairperson of the Joint Legislative Budget Committee within 30 days of the date the augmentation is approved. This notification shall identify the amount of, and justification for, the augmentation, and the program that has been augmented. Copies of the notification shall be provided to the Department of Finance.
8. Notwithstanding any other provision of law, the Director of General Services or his or her designee, in lieu of the Director of Finance, is authorized to carry out the provisions of Section 26.00 of this act as it pertains to category transfers.
9. Notwithstanding any other provision of law, the Director of General Services or his or her designee, in lieu of the Director of Finance, is autho-

3. Notwithstanding any other provision of law, of the amount transferred by this item, \$50,000,000 shall be used by the department to enable low and very low income households to become or remain homeowners. Except as may be otherwise provided in legislation enacted in the 1999–2000 Regular Session of the Legislature:
 - (a) The department shall provide grants to local public agencies or nonprofit corporations for programs that assist individual households, including programs for first-time homebuyer downpayment assistance, home rehabilitation, home acquisition and rehabilitation, and technical assistance for self-help and shared housing.
 - (b) The department shall provide loans for the purchase of real property, site development, predevelopment, and construction period expenses incurred on development projects consisting of multiple homeownership units, such as single-family subdivisions, and permanent financing for mutual housing and cooperative developments. Upon completion of construction, the department may convert such loans into grants for programs of assistance to individual homeowners.
 - (c) Assistance provided to individual households shall be in the form of deferred payment loans, repayable upon sale or transfer of the homes, when they cease to be owner-occupied, or upon the loan maturity date. All loan repayments shall be used for activities allowed under this provision, in accordance with a reuse plan approved by the department.
 - (d) To be eligible to receive a grant, local public agencies or nonprofit corporations must demonstrate sufficient organizational stability and capacity to carry out the activity for which they are requesting funds, including, where applicable, the capacity to manage a portfolio of individual loans over an extended time period. Capacity may be demonstrated by substantial successful experience performing similar activities, or through other means acceptable to the department. In allocating grant funds, the department shall utilize a competitive application process, using weighted

To the extent feasible, the application process shall ensure a reasonable geographic distribution of funds.
- (e) For the purposes of this provision, mutual housing and cooperative housing shall be deemed to be forms of homeownership. For these project types, program funds shall be utilized for project development costs only, and the department shall enter into a regulatory agreement limiting occupant incomes, occupancy charges, and share purchase terms for 55 years.
 - (f) The department may use up to 5 percent of the funds appropriated for the purposes of this provision for its costs in administering the program.
 - (g) The department may administer the funds transferred by this item for the purposes of this provision using guidelines that shall not be subject to the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code) for the initial 24 months of program operation.
 - (h) Of the amount transferred by this item, \$10,000,000 shall be used for grants to local public agencies or nonprofit organizations for programs that offer loans or grants to homeowners to rehabilitate, replace or repair their manufactured homes.
4. Of the funds transferred by this item, \$50,000,000 shall be used for implementation of the California Homebuyers Downpayment Assistance program. The department shall enter into an interagency agreement with the California Housing Finance Agency for administration of this program. Except as may be otherwise provided in legislation enacted in the 1999–2000 Regular Session of the Legislature, the California Housing Finance Agency shall administer this program and allocate funds in accordance with that agency’s authority

For counties with an allocation of greater than \$50,000, one grant of less than \$50,000 may be awarded if necessary to fully utilize the county's allocation. For counties with an allocation of up to or equal to \$50,000, up to two grants of less than \$50,000 may be awarded.</p> <p>3. Of the amount transferred by this item, \$25,000,000 shall be distributed in the form of capital development grants for the activities specified in paragraph (2) of subdivision (a) of Section 50803 of the Health and Safety Code. Notwithstanding the provisions of Chapter 11.5 (commencing with Section 50800) of Part 2 of Division 31 of the Health and Safety Code, or any provision of the regulations promulgated thereunder, the Department of Housing and Community Development shall distribute funds appropriated for purposes of this Provision 3 as grants in the form of forgivable deferred loans, subject to all of the following provisions:</p> <p>(a) Funding shall be made available to each project as a loan with a term of 5 years for rehabilitation, 7 years for substantial rehabilitation, or 10 years for acquisition and rehabilitation or new construction. Each deferred loan shall be secured by a deed of trust and promissory note. Repayment of the loan shall be deferred as long as the project is used as an emergency shelter or transitional housing. At the completion of the specified year term, the loan shall be forgiven. However, if a transfer or conveyance of the project property occurs prior to that time that results in the property no longer being used as an emergency shelter or transitional housing, the department shall terminate the grant and require the repayment of the deferred loan in full.</p> <p>(b) Applications for funding shall be made pursuant to department-issued statewide "Notices of Funding Availability" without the need for additional regulations.</p>

- (c) The department shall set forth the criteria for evaluating applications in the “Notices of Funding Availability” and shall make deferred loans based on those applications that best meet the criteria.
- (d) The department shall specify in the “Notice of Funding Availability” both maximum and minimum grant amounts that may be varied for urban and nonurban counties.
- (e) Contracts for projects that have not begun construction within the initial 12-month period shall be terminated and the funds reallocated. However, the department may extend this period by a period not exceeding 12 months.
- (f) \$20,000,000 shall be distributed to the urban counties. \$5,000,000 shall be made available to the nonurban counties until one year has elapsed from the date of the initial “Notice of Funding Availability” at which time any uncommitted funds may be allocated to the urban counties.

4. The department may use up to 5 percent of the funds transferred for purposes of Provision 3 for administration of the capital development grants authorized by that provision.

Provisions:

1. Of the funds appropriated in this item, \$14,500,000 shall be used for the support of approximately 146 motorcycle officers, including equipment and support staff, to improve freeway safety and efficiency in congested areas. The officers shall be deployed in 15 selected operational areas. The operational areas shall be selected, and may be modified as necessary, by the Commissioner of the Highway Patrol, who shall ensure that the areas reflect a geographically diverse group of the state's most congested freeways. The officers shall perform normal freeway patrol activities, but shall be deployed so as to maximize their patrol during normal commute hours. The Department of the California Highway Patrol shall monitor the impact of these additional officers on various safety and efficiency factors, including collision rates, the number of moving violations, average traffic speed, and other factors. The department shall provide an interim report by January 1, 2001, and a final report by January 1, 2002, to the Legislature on the project. The report shall (a) assess the impact of the additional officers on the various safety and efficiency factors and (b) provide recommendations as to whether and how the programs should be continued or expanded.
2. Of the funds appropriated in this item, \$10,400,000 shall be used for the support of ap-

the rate earned in the Pooled Money Investment Fund, on any portion of the loan that has not been repaid.	
2. Of the funds appropriated in this item, \$2,725,000 shall be available for use by the California Conservation Corps to respond to natural disasters and other emergencies, including the fighting of forest fires. The Director of Finance may adjust this amount to the extent indicated by corrections identified by the director in the reports of the past expenditures of the California Conservation Corps upon which the amounts appropriated by this item are based. The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee at least 30 days prior to making that adjustment.	
3. To the extent that funds in excess of the amount identified in Provision 2 are necessary in order for the California Conservation Corps to respond to one or more emergencies declared by the Governor, the Department of Finance shall transfer, from the funds available pursuant to Section 8690.6 of the Government Code, an amount not to exceed \$1,500,000 as necessary to fund that response. If, after the Department of Finance has transferred funds pursuant to this provision, the California Conservation Corps receives reimbursements or other amounts in payment of its costs of response to one or more declared emergencies, those amounts shall be deposited in the General Fund.

2. Of the amount appropriated in this item, \$160,000 shall be available only for expenses directly connected with the convening of a task force by the Department of Conservation to evaluate the Cache Creek Resource Management Plan. Consistent with the provisions of Chapter 869 of the Statutes of 1999, this amount shall not be expended, and the task force shall not be convened, unless and until the State Mining and Geology Board approves the County of Yolo implementing ordinance governing in-channel noncommercial extraction activities.
 3. Of the \$153,000 appropriated in this item for support of the Abandoned Mine Inventory, no funds shall be expended on or after January 1, 2001, unless and until a statute is enacted authorizing the Department of Conservation to remediate, and complete reclamation of, surface mines operated since January 1, 1976, that have been illegally abandoned and that pose a threat to public health and safety or the environment, but for which no reclamation plan is in effect and for which no financial assurances exist.
 4. Of the amount appropriated in Schedule (a) of this item, \$2,661,000 shall be for support of the North Coast Watershed Assessment. These funds may not be expended unless Assembly Bill 717 of the 1999–2000 Regular Session or another statute is enacted, and the Secretary for Resources certifies in writing to the Joint Legislative Budget Committee that the legislation contains, at a minimum, all of the following:
 - (a) Interim prescriptions applicable to commercial timber harvesting and related road building activities that are protective of habitat for coho salmon and steelhead trout listed by the National Marine Fisheries Service pursuant to the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.).

Provisions:

1. The State Coastal Conservancy shall not enter into a grant contract with a nonprofit organization or local government for property acquisition that provides for either of the following:
 - (a) A reversionary interest to the state, unless the grant contract specifies that the property shall not revert to the state without review and approval by the State Coastal Conservancy and the State Public Works Board.
 - (b) A state leasehold interest in property acquired by a nonstate public agency with grant funds of the State Coastal Conservancy, unless the lease terms are approved by the Director of General Services. Except to the extent above, the expenditures of funds for grants to public agencies and nonprofit organizations shall be exempt from State Public Works Board review.
2. The amount appropriated in this item is available for encumbrance for either capital outlay or local assistance through the 2002–03 fiscal year.

- Off-Highway Vehicle Trust Fund and bond funds, to the Department of Parks and Recreation for local assistance grants to local agencies, the department may allocate an amount not to exceed 1.5 percent of each project's allocation to provide for the department's costs to administer these grants.
2. It is the intent of the Legislature that salaries, wages, operating expenses, and positions associated with implementing specific Department of Parks and Recreation capital outlay projects continue to be funded through capital outlay appropriations, and that these funds and related position authority should also be reflected in the department's state operations budget in the Governor's Budget and Budget Bill with an offsetting payable from the capital outlay appropriations.
 3. Of the funds appropriated in Schedule (a) of this item, \$100,000 shall be available for staffing and restoring the Point Cabrillo Lighthouse. Of the funds appropriated in Schedule (d) of this item, \$337,000 shall be available for staffing and restoring the Point Cabrillo Lighthouse. None of these funds may be expended until the lighthouse is transferred to the Department of Parks and Recreation from the State Coastal Conservancy, in accordance with a written agreement to be developed and accepted by the two agencies.
 4. In evaluating proposals of bidders seeking to provide food and beverage concession services at the Old Town San Diego State Historic Park, the Department of Parks and Recreation shall consider and give considerable weight to the degree of risk of labor strife that might jeopardize the state's financial interest in revenues from the facility, and the plans of proposed concessionaire to eliminate that risk. The department shall make an effort to select bidders that present the least labor-dispute-related financial risk to the state, unless doing so would result in the selection of a bidder whose bid is so significantly inferior to other bids received by the department as to be unfair to the state.
 5. Of the funds appropriated in Schedule (dx) of this item, \$400,000 shall be used for the following projects:

Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. The notification to the Legislature shall provide the reason for the transfer. If any storage construction should proceed, beneficiaries shall be required to reimburse all prior planning expenditures from the General Fund.

4. It is the intent of the Legislature that the Department of Water Resources, in cooperation with the Secretary of the Resources Agency, the United States Secretary of the Interior and the CALFED organization, prepare a crosscut budget for CALFED for display in the Governor's Budget for the 2001–02 fiscal year and annually thereafter. The display, which shall be for informational purposes only, shall include a comprehensive, project-level crosscut budget, covering prior-year actuals, current-year estimates and budget-year proposals, which identify, by responsible agency, all expenditures within the state and federal governments used to achieve the objectives identified within the CALFED program (including, but not limited to, ecosystem restoration, water quality, water conservation, water recycling, water transfers, levees, watershed management, storage, conveyance, and monitoring) whether or not those expenditures are integrated in the planning and financial allocation process used by CALFED.
5. Of the amount appropriated in Schedule (a) of this item, \$382,000 shall be for support of the North Coast Watershed Assessment. These funds may not be expended unless Assembly Bill 717 of the 1999–2000 Regular Session or another statute is enacted, and the Secretary for Resources certifies in writing to the Joint Legislative Budget Committee that the legislation contains, at a minimum, all of the following:
 - (a) Interim prescriptions applicable to commercial timber harvesting and related road building activities that are protective of habitat for coho salmon and steelhead trout listed by the National Marine Fisheries Service pursuant to the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.).

Item

Amount

- (b) Provisions requiring that any watershed assessment that is prepared by the state or any private party to formulate any timber harvesting prescriptions that would be used in lieu of paragraph (a), will include an opportunity for public review and comment, and be conducted using a methodology that does all of the following:
 - (i) Has been subject to public review, and has been peer reviewed and certified as appropriate for use in California by an independent team of qualified and independent scientists.
 - (ii) Includes procedures for identifying limiting factors, including habitat goals and objectives within each watershed.
 - (iii) Will produce recommendations for land use prescriptions and mitigation measures necessary to protect salmonids.
- (c) Incentives that assist landowners in accomplishing the goals of salmon protection.
- 6. Notwithstanding any other provision of law, Water Code Section 161 shall not apply to adoption or revision of regulations, guidelines, or criteria to implement the Costa-Machado Water Act of 2000 (Division 26 of the Water Code commencing with Section 79000).
- 7. (a) Notwithstanding any other provision of law, but subject to the provisions in subdivision (d), the California Department of Water Resources shall, not later than December 31, 2000, sign a settlement agreement with the California Independent System Operator (CAISO) in connection with the proceeding in Docket No. ER00-2019-000, filed at the Federal Energy Regulatory Commission (FERC) on March 31, 2000, concerning the Transmission Access Charge (Proceeding). Such settlement shall be contingent upon the successful renegotiations of existing transmission contracts with Pacific Gas and Electric Company and Southern California Edison Company. The settlement shall include the following terms:
 - (1) The department will transfer effective control of its existing and future transmission rights to the CAISO.

Item	Amount
<ul style="list-style-type: none"> (2) The department will make appropriate conversions of its existing and future transmission rights under existing contracts. (3) The department will make timely, appropriate revisions to its scheduling protocols to conform with the CAISO's scheduling protocols. 	
<ul style="list-style-type: none"> (b) The department shall not sign the settlement agreement unless: <ul style="list-style-type: none"> (1) The settlement includes an award of Firm Transmission Rights commensurate with the priority, amount, and term of the department's contractual transmission entitlements, as well as congestion revenues associated with such firm transmission rights. (2) The settlement includes a reasonable provision for mitigating potential staffing requirements associated with meeting transmission rate accounting and revenue requirements. (3) The settlement includes a "hold harmless" provision that protects the department from incurring cost increases due to transmission access charge and grid management charge payments. (4) There has been a resolution by FERC of the department's filing regarding time-sensitive transmission rates. (c) Subject to the provisions of subdivision (d), the CAISO and the department shall ensure that nothing in the Transmission Control Agreement or the CAISO tariff shall impair the department's obligation to provide any revenues from the sale of its Firm Transmission Rights or revenues from or costs of congestion payments as credits, debits, or refunds to state water project contractors in accordance with the terms of the state water supply contracts. Any state water contractor receiving a credit or refund under the terms of this section shall in turn credit or refund the full amount received to its water purchasers according to the formulas used in their respective contractual relationships. 	

Item	Amount
(d) No requirement in this section may impair any contracts the department has entered into for the sale, delivery, or use of water or power, or for other services and facilities, made available by the State Water Resources Development System with public or private corporations, entities, or individuals.	
(e) Effective immediately, the department shall initiate the process to allow it to provide the CAISO through the department’s Energy Management System, telemetered visibility of all of its generating units and dispatchable load.	
(f) The department, the Electricity Oversight Board, and the Public Utilities Commission shall enter into a memorandum of understanding to coordinate efforts regarding filings in connection with CAISO-instituted Federal Energy Regulatory Commission proceedings.	
8. Of the amount appropriated in this item, \$125,000,000 shall be for implementation of the anticipated CALFED Record of Decision, and shall not be expended unless and until a statute is enacted certifying that the projects or purposes for which the funds are expended are consistent with an EIS/EIR certified by the state lead agency as required by Division 13 (commencing with Section 21000) of the Public Resources Code.

Provisions:

1. Notwithstanding any other provision of law, upon approval and order of the Director of Finance, the State Water Resources Control Board may borrow sufficient funds, from special funds that otherwise provide support for the Board, for cash purposes. Any such loans are to be repaid with interest at the rate earned in the Pooled Money Investment Account.
2. Of the amount appropriated in this item, \$272,000 shall be used to review applications for a hydroelectric project license for compliance with the federal Clean Water Act. Any fees received from applicants shall be used to reduce expenditures from the General Fund.
3. Of the amount appropriated in this item, \$150,000 shall be used to assist the State Water Resources Control Board in carrying out the existing comprehensive coastal water resources monitoring

- and assessment program for fish and shellfish and to carry out the reassessment of the commercial fish closure off Palos Verdes Shelf.
4. Of the amount appropriated in Schedule (a) of this item, \$581,000 shall be for support of the North Coast Watershed Assessment. These funds may not be expended unless Assembly Bill 717 of the 1999–2000 Regular Session or another statute is enacted, and the Secretary for Resources certifies in writing to the Joint Legislative Budget Committee that the legislation contains, at a minimum, all of the following:
 - (a) Interim prescriptions applicable to commercial timber harvesting and related road building activities that are protective of habitat for coho salmon and steelhead trout listed by the National Marine Fisheries Service pursuant to the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.).
 - (b) Provisions requiring that any watershed assessment that is prepared by the state or any private party to formulate any timber harvesting prescriptions that would be used in lieu of paragraph (a), will include an opportunity for public review and comment, and be conducted using a methodology that does all of the following:
 - (i) Has been subject to public review, and has been peer reviewed and certified as appropriate for use in California by an independent team of qualified and independent scientists.
 - (ii) Includes procedures for identifying limiting factors, including habitat goals and objectives within each watershed.
 - (iii) Will produce recommendations for land use prescriptions and mitigation measures necessary to protect salmonids.
 - (c) Incentives that assist landowners in accomplishing the goals of salmon protection.
 5. By November 30, 2000, the State Board shall prepare and make publicly available a report on the state's efforts to comply with the federal Clean Water Act, Section 303(d). The report shall include:
 - (a) A process which outlines how the State Board and regional boards shall implement their To-

tal Maximum Daily Load (TMDL) requirements consistent with Section 303(d) and, where applicable, Division VII of the Water Code and other relevant state and federal laws. This process shall be included in the state's continuing planning process required by Section 303(e).

- (b) A description of the formal actions taken to date by the State Board and regional boards to implement federal Clean Water Act Section 303(d), including the number of TMDLs adopted, the process and criteria used to develop TMDLs and the watersheds for which TMDLs have been adopted.
- (c) A description of the process the State Board and regional boards use for taking formal actions pursuant to the requirements of the federal Clean Water Act, Section 303(d), including actions related to criteria for prioritizing work.
- (d) A description of the activities the State Board and regional boards have undertaken to involve the public in their efforts to implement the requirements of the federal Clean Water Act Section 303(d).
- (e) Consistent with Section 13191 of the Water Code, the anticipated schedule for water quality control plan amendments the State Board and regional boards will undertake to implement the federal Clean Water Act, Section 303(d).

To the extent interest is expressed by the public, and resources are available, each regional board shall establish for each watershed where a water body is listed as impaired, an Advisory Committee consisting of the public and interested stakeholders who wish to be involved in the process of adoption and implementation of the corrective actions necessary to eliminate the impairment.

Not later than December 31, 2000, each regional board shall post to its website all the water bodies listed as impaired for the region as approved by the United States Environmental Protection Agency, including common name, location, and cause of the listing and the regional boards' best estimate of the expected completion date for each respective TMDL.

Provisions:	
1. The Director of the Department of Toxic Substances Control may expend from this item: (a) \$16,706,000 for the following activities at the Stringfellow Federal Superfund site: (1) operation and maintenance of pretreatment plants to treat contaminated groundwater extracted from the site, (2) site maintenance and groundwater monitoring, and (3) implementation of work to stabilize the site, and (b) \$13,115,000 for the operation of the Illegal Drug Laboratory Removal Program.	
2. Notwithstanding Section 2.00 of this act, the funds appropriated for removal and remedial action at the Stringfellow Federal Superfund site shall be available for encumbrance for three fiscal years subsequent to the fiscal year in which the funds are appropriated, and disbursements in liquidation of encumbrances shall be pursuant to Section 16304.1 of the Government Code.	
3. Of the amount appropriated in this item, \$2,803,000 shall be used for state oversight costs, including cost recovery, and \$1,000,000 for removal or remedial actions at open and closing military bases. The expenditure of these funds shall not relieve the federal government of the responsibility to pay for all state oversight costs. The department shall take all steps necessary to recover these costs from the federal government including, but not limited to, filing civil actions authorized by state and federal law.	
4. Of the amount appropriated in this item, \$750,000 shall be used for the purposes of emergency response activity pursuant to Section 25354 of the Health and Safety Code, in lieu of the appropriation made pursuant to that section.

Provisions:

1. The General Fund support for poison control centers shall augment, but not replace, local expenditures for existing poison control center services. These funds shall be used primarily to increase services to underserved counties and populations and for poison prevention and information services. The Director of the Emergency Medical Services Authority may contract with eligible poison control centers for the distribution of these funds.
2. Upon the request of the Director of the Emergency Medical Services Authority, and subject to the approval of the Department of Health Services, the California Medical Assistance Commission, and the Department of Finance, moneys appropriated in this item may be transferred to the Emergency Services and Supplemental Payments Fund for expenditure as provided in Item 4260-101-0693 for local assistance for the purposes specified in that item.
3. The Emergency Medical Services Authority shall use the following guidelines in administering state-funded grants to local agencies: (a) funding eligibility shall be limited to rural multicounty regions that demonstrate a heavy use of the emergency medical services system by nonresidents, (b) local agencies shall provide matching funds of at least \$1 for each dollar of state funds received, (c) state funding shall be used to provide only essential minimum services necessary to operate the system, as defined by the authority, (d) no region shall receive both federal and state funds in the same fiscal year for the same purpose, and (e) the Emergency Medical Services Authority shall monitor the use of the funds by recipients to assure that these funds are used in an appropriate manner.
4. Each region shall be eligible to receive up to one-half of the total cost of a minimal system for that region, as defined by the Emergency Medical Services Authority. However, the authority may reallocate unclaimed funds among regions.
5. Notwithstanding Provision 3(b), each region with a population of 300,000 or less as of June 30, 2000, shall receive the full amount for which it is eligible if it provides a cash match of \$0.41 per

(g) Amount payable from the Federal Trust Fund (Item 4170-101- 0890).....	-99,972,000
Provisions:	
1. Notwithstanding Section 26.00 of this act, the Department of Finance, upon notification by the California Department of Aging, may authorize transfers between Program 10—Nutrition and Program 30—Supportive Services and Centers in response to budget revisions submitted by the Area Agencies on Aging.	
2. Of the funds appropriated in Schedule (c) of this item, \$14,250,000 shall be available for expenditure until June 30, 2002, for long-term care innovation grants.	
3. Of the funds appropriated in this item, \$176,000 shall be used for planning or development grants for expansion of the Adult Day Health Care Program, and shall be available for expenditure until June 30, 2003.	
4. Funds appropriated in this item for the linkages program shall be used for expansion of the program which does not preclude establishing new sites.	
5. Funds appropriated in this item for expansion of the Information and Assistance Program shall not be used to supplant or replace local or other funds which Area Agencies on Aging are currently authorized to transfer elsewhere.	
6. An Area Agency on Aging shall not qualify for community-based service program expansions funded for any program from which they have transferred funds as permitted by subdivision (e) of Section 9535 of the Welfare and Institutions Code.	

Item

Amount

7. To the extent the United States enacts a minimum wage equal to or greater than that of California, state funding provided in this item for the Senior Community Service Employment Program shall revert to the General Fund.
8. Funds appropriated in this item for expansion of the Adult Day Health Care Program shall be available for expenditure until June 30, 2003.
9. Funds appropriated in this item for startup activities for expansion of the Multipurpose Senior Services Program shall be available for expenditure until June 30, 2002.
10. Of the funds appropriated in this item for expansion of the Ombudsman Program, \$280,000 shall be allocated for local administration to area agencies on aging, and \$1,658,140 shall be used towards moving each Long-Term Care Ombudsman office from its service ratio determined by the Department of Aging down to the desired ratio of one certified ombudsman for every 2,000 long-term care beds. Of the funds appropriated in this item, \$865,000 shall be allocated to all Long-Term Care Ombudsman offices to increase base allocations to \$60,000 per fiscal year, except for an area where there are less than 10 facilities and less than 500 beds, which shall not receive a base allocation less than \$36,000.
11. Funds appropriated in this item for long-term care innovation grants shall be awarded by the Department of Aging, in consultation with the Long-Term Care Coordinating Council. Grants shall be awarded through a competitive request-for-proposal process. Requests for proposals shall be disseminated by October 1, 2000, and grantees shall be selected by January 31, 2001. The funds shall be made available to grantees within 30 days of selection. Proposals shall be solicited in the following target areas: \$1,150,000 for long-term care community-based partnership building and planning, in grants from \$50,000 to \$100,000; \$7,500,000, in grants from \$1,000,000 to \$3,000,000, for innovative coordination and collaboration, including data sharing and information technology designed to maximize the ability of consumers to remain in the most enriching, least restrictive community-based setting for as long as they desire;

Item

Amount

\$5,600,000, in grants from \$500,000 to \$2,000,000, to provide access to appropriate community-based services for special populations, particularly those populations that are traditionally underserved. If an insufficient number of proposals is qualified for selection in any target area, the department, in consultation with the Long-Term Care Coordinating Council, shall issue a new request for proposals and may modify the target areas or grant size. Grants may not supplant baseline funding for existing programs. All grants funded shall include an evaluation component. The Department of Aging, in consultation with the Long-Term Care Coordinating Council, shall, to the extent possible, identify savings to the General Fund that accrue from programs funded under the last two categories in this provision, and shall consider mechanisms by which those savings can be invested in the communities from which they accrued to further the goals of the project.

12. Of the funds appropriated in this item, \$4,105,000 shall be used to expand the Linkages Program, \$2,803,000 shall be used to expand the Ombudsman Program, \$781,000 shall be used to expand the Foster Grandparent Program, \$781,000 shall be used to expand the Senior Companion Program, \$579,000 shall be used to expand the Home-Delivered Meals Program, and \$781,000 shall be used to expand the Information and Assistance Program. Included in this funding are administrative costs for participating Area Agencies on Aging.

Provisions:

1. Of the total amount of reimbursements in this item, \$6,178,000 shall be available for administration, research, and training projects. Notwithstanding Section 28.00 of this act, the State Department of Health Services shall report any new project over \$200,000 or any increase in excess of \$400,000 for an identified project.
2. Except as otherwise prohibited by law, the department shall promulgate emergency regulations to adjust the public health fees set by regulation to an amount, such that if the new fees were effective throughout the 2000–01 fiscal year, the estimated revenues would be sufficient to offset at least 95 percent of the approved program level intended to be supported by those fees.
3. Effective July 1, 2000, the annual fee for a general acute care hospital, acute psychiatric hospital, special hospital, general acute care rehabilitation hospital and chemical dependency recovery hospital shall be \$79.62 per bed. Effective July 1, 2000, the annual fee for a skilled nursing facility, intermediate care facility, or intermediate care facility for the developmentally disabled is \$189.48 per bed.

The fees of the State Department of Health Services that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100445 of the Health and Safety Code shall be increased by 2.30 percent, effective July 1, 2000.

The General Fund fees of the State Department of Health Services (DHS) that are subject to the annual fee adjustment pursuant to subdivision (a) of Section 100425 of the Health and Safety Code shall be increased by 2.08%. The special fund fees of DHS that are subject to the annual fee adjustment pursuant to subdivision (a) of Section

Item	Amount
<p>100425 of the Health and Safety Code may be increased by 2.08% only if the fund condition statements project fund reserves to be less than 10% and the revenues projected for FY 2000–01 are less than the appropriation contained in this act.</p>	
<p>4. The Department of Health Services may spend up to \$631,000 appropriated in this item to augment Lead-Related Construction Program regulatory activities. The amount spent shall be entirely supported by revenue collections above 1999–00 fee receipts.</p>	
<p>5. Of the amount appropriated in this item, the Department of Health Services may spend up to \$8,000,000 for awards to nursing facilities serving high proportions of Medi-Cal patients with high quality of care. Nursing facilities receiving such awards shall, to the extent permitted by law, pass the awards on to exemplary direct caregiver employees in the form of bonuses.</p>	
<p>6. Provision 5 of Item 4260-111-0001 also applies to this item.</p>	
<p>7. Of the amount appropriated in this item, up to \$250,000 shall be used by the Department of Health Services to execute an interagency agreement or contract for the planning and development of a scientific protocol for the study of the effect of diet on the disease management of Multiple Sclerosis.</p>	
<p>8. The Department of Health Services shall review all of the California Children’s Services Program materials and application procedures to ensure that they are family-centered and easy to understand. In completing this activity, the department may seek the participation and assistance of advocacy organizations, family resource centers, or other entities as appropriate.</p>	
<p>9. The Department of Health Services may establish an advisory group consisting of various stakeholders, including families, court representatives, medical service providers, and others as deemed appropriate, to advise the department on the development and revision of program procedures and standards regarding the California Children’s Services Program.</p>

- be issued in the 2000–01 fiscal year pursuant to subparagraph (A) of paragraph (2) of subdivision (f) of Section 14085.5 of the Welfare and Institutions Code shall be \$0.
2. Notwithstanding any other provision of law, both the federal and nonfederal shares of any money recovered for previously paid health care services, provided pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code, are hereby appropriated and shall be expended as soon as practicable for medical care and services as defined in the Welfare and Institutions Code.
 3. Notwithstanding any other provision of law, accounts receivable for recoveries as described in Provision 2 above shall have no effect upon the positive balance of the General Fund or the Health Care Deposit Fund. Notwithstanding any other provision of law, money recovered as described in this item that is required to be transferred from the Health Care Deposit Fund to the General Fund shall be credited by the Controller to the General Fund without regard to the appropriation from which it was drawn.
 4. Without regard to fiscal year, the General Fund shall make one or more loans available not to exceed a cumulative total of \$45,000,000 to be transferred as needed to the Health Care Deposit Fund to meet cash needs. The loans are subject to the repayment provisions of Section 16351 of the Government Code. Any additional loan requirement in excess of \$45,000,000 shall be processed in the manner prescribed by Section 16351 of the Government Code.
 5. Notwithstanding any other provision of law, the Director of Health Services may give public notice relative to proposing or amending any rule or regulation that could result in increased costs in the Medi-Cal program only after approval by the Department of Finance; and any rule or regulation adopted by the Director of Health Services and any communication that revises the Medi-Cal program shall be effective only from and after the date upon which it is approved by the Department of Finance.
 6. Of the funds appropriated in this item, up to \$50,000 may be allocated for attorneys' fees

- awarded pursuant to state or federal law without prior notification to the Legislature. Individual settlements authorized under this language shall not exceed \$5,000. The semiannual estimates of Medi-Cal expenditures due to the Legislature in January and May shall reflect attorney fees paid 15 or more days prior to the transmittal of the estimate.
7. Change orders to the medical or the dental fiscal intermediary contract for amounts exceeding a total cost of \$250,000 shall be approved by the Director of Finance not sooner than 30 days after written notification of the change order is provided to the chairpersons of the fiscal and policy committees in each house and to the Chairperson of the Joint Legislative Budget Committee or not sooner than such lesser time as the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may designate. If there are changes or potential changes in federal funding, the Department of Finance shall provide timely written notification of the changes to the chairperson of the fiscal committee in each house and the Chairperson of the Joint Legislative Budget Committee. The semiannual estimates of Medical expenditures due to the Legislature in January and May may constitute the notification required by this provision.
 8. Recoveries of advances made to counties in prior years pursuant to Section 14153 of the Welfare and Institutions Code are reappropriated to the Health Care Deposit Fund for reimbursement of those counties where allowable costs exceeded the amounts advanced. Recoveries in excess of the amounts required to fully reimburse allowable costs shall be transferred to the General Fund. When a projected deficiency exists in the Medical Assistance Program, these funds, subject to notification to the Chairperson of the Joint Legislative Budget Committee, are appropriated and shall be expended as soon as practicable for the state's share of payments for medical care and services, county administration, and fiscal intermediary services.
 9. The Department of Finance may transfer funds representing all or any portion of any estimated savings that are a result of improvements in

the Medi-Cal claims processing procedures from the Medi-Cal services budget or the support budget of the State Department of Health Services (Item 4260-001-0001) to the fiscal intermediary budget item for purposes of making improvements to the Medi-Cal claims system.

10. Upon order of the Director of Finance, the Controller shall transfer such funds as are necessary between this item and Item 4300-101-0001 for the state's share of expenditures for developmental services provided to persons eligible for Medi-Cal.
11. Notwithstanding subdivision (a) of Section 2.00 and Section 26.00 of this act, the Department of Finance may authorize transfer of expenditure authority between Schedule (a), (b), or (c) and Schedule (d). Schedule (d) may be used for the liquidation of prior years' excess obligations of Item 4260-101-0001.

The Director of Finance shall notify the Legislature within 10 days of authorizing such a transfer unless prior notification of the transfer has been included in the Medi-Cal estimates submitted pursuant to Section 14100.5 of the Welfare and Institutions Code.

12. Notwithstanding any other provision of law, of the total funds appropriated for community-based outreach contracts to enroll eligible children under the Medi-Cal and Healthy Families programs, an amount of up to \$2,000,000 over the fiscal year is available to successful contractors, as determined by the State Department of Health Services, as an advanced payment for the nonfederal share of the contract award. The State Department of Health Services shall determine the most effective means for making the advanced payments and ensuring that contractors meet any specified criteria.
13. Upon the request of the State Department of Health Services, and subject to approval of the California Medical Assistance Commission and the Department of Finance, \$2,950,000 of the amount appropriated in this item may be transferred to the Emergency Services and Supplemental Payments Fund for allocation to the Children's Hospitals. It is the intent of the Legislature that this be a two-year project.

14. Upon the request of the State Department of Health Services, and subject to approval of the California Medical Assistance Commission and the Department of Finance, \$12,000,000 of the amount appropriated in this item shall be transferred to the Emergency Services and Supplemental Payments Fund for allocation to the Children's Hospitals.
 15. The State Department of Health Services shall by June 30, 2001, put into effect a simplified appeals system for appealing emergency physician, emergency department, and on-call physician claim denials pertaining to the Medi-Cal program. In designing the simplified appeals system, the department shall ensure that appealing is timely and cost-effective, given the many claims that are of small dollar amounts.
 16. The State Department of Health Services shall conduct an evaluation of the Transitional Inpatient Program as directed in Section 14132.22 of the Welfare and Institutions Code, including its effect on quality of patient care, staffing standards, and related data components.
 17. The California Medical Assistance Commission is authorized to renegotiate managed care contract rates on an annual basis. That renegotiation shall take into account any action taken by the Legislature affecting Medi-Cal payment rates.
 18. The State Department of Health Services shall, for the period January 1, 2001, to June 30, 2001, inclusive, use a rate-setting methodology for distinct-part nursing facilities that sets rates based on the median costs of all distinct-part nursing facilities, weighted by Medi-Cal days. This shall replace the current rate-setting methodology that sets rates based on the median costs of only those distinct-part nursing facilities with a Medi-Cal census of 20 percent or greater.
 19. The State Department of Health Services shall use a single application for Medi-Cal and Health Families and shall use a single point-of-entry contractor to ensure that applications are sent to the appropriate program.

- of Health Services shall report under that section, any new project over \$200,000 or any increase in excess of \$400,000 for an identified project.
2. Program 10.30.060-AIDS:
The Office of AIDS in the State Department of Health Services, in allocating and processing contracts and grants, shall comply with the same requirements that are established for contracts and grants for other public health programs. The contracts or grants administered by the Office of AIDS shall be exempt from the Public Contract Code and shall be exempt from approval by the Department of Finance and the Department of General Services prior to their execution.
 3. Program 20.40-Primary Care and Family Health:
 - (a) Notwithstanding Section 28.00 of this act, the Department of Finance, upon request of the State Department of Health Services, may authorize and approve a budget revision to augment Schedule (9) Primary Care and Family Health, WIC Rebates and Recoveries, in this item for any additional rebate moneys or recoveries that become available for the Special Supplemental Food Program for Women, Infants, and Children (WIC) during this fiscal year.
 - (b) Counties may retain 50 percent of total enrollment and assessment fees that are collected by the counties for the CCS program. Fifty percent of the enrollment and assessment fee for each county shall be offset from the state's match for that county.
 4. Nonfederal funds appropriated in this item and Item 4260-001-0001 which have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
 5. Using \$20,000,000 in available one-time federal funds (reimbursements from the Department of Social Services), the funds appropriated in Schedule (5) of Item 4260-001-0001 (\$519,000) and Schedule (10) of Item 4260-111-0001

Item

Amount

(\$19,481,000) are for expenditure in the 2000–01 fiscal year to continue the Community Challenge Grant Program, initially established by Chapter 197, Statutes of 1996.

- 6. In awarding grants for the Community Challenge Grant Program, the State Department of Health Services shall use criteria to encourage projects based on research and tested program designs, similar to the guidelines used in the California Department of Education’s Teen Pregnancy Prevention Grant Program. It is not the intent of the Legislature to preclude the selection of innovative programs designed to test new approaches or strategies, as long as these program designs do not conflict with the available research.
- 7. It is the intent of the Legislature to fully fund Section 101230 of the Health and Safety Code to provide funding for local health jurisdictions to administer communicable disease control and community and public health surveillance activities.
- 8. Of the amount appropriated in this item, \$500,000 shall be used for the Marin County Health and Human Services Department for purposes of community-based breast cancer research in Marin County. Data from the research shall be compiled and analyzed by the county and the University of California, Berkeley and shall be available for replication and use on a statewide basis.
- 9. Of the amount appropriated in this item, \$600,000 is appropriated for the local public health hepatitis A immunization programs.
- 10. The State Department of Health Services shall inform the Legislature by no later than August 1, 2000, on the status of the anti-tobacco Media Campaign and its marketing components, including ethnic media approaches. The information shall, at a minimum, provide a general schedule of what is planned for the fiscal year, specify what media components to date are pending approval, and which have been released for airing and distribution.

Provisions:

1. Except as provided in Provision 2 of this item, allocations of funds provided in this item to the appropriate local entities shall be made by the State Controller in accordance with the provisions of each statute or executive order that mandates the reimbursement of the costs, and shall be audited to verify the actual amount of the mandated costs in accordance with subdivision (d) of Section 17561 of the Government Code. Audit adjustments to prior year claims may be paid from this item. Funds appropriated in this item may be used to provide reimbursement pursuant to Article 5 (commencing with Section 17615) of Chapter 4 of Part 7 of Division 4 of Title 2 of the Government Code.
2. If any of the scheduled amounts are insufficient to provide full reimbursement of costs, the State Controller may, upon notifying the Director of Finance in writing, augment those deficient amounts from the unencumbered balance of any other scheduled amounts therein. No order may be issued pursuant to this provision unless written notification of the necessity therefor is provided to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee.

The total number of high-risk Developmental Center residents at Porterville Developmental Center shall not exceed 256, which is the capacity of buildings 13–18 (currently located behind fencing) at the Porterville Development Center, until Phase II and Phase III security improvement projects are complete. In addition, the requisite ratio of security personnel to resident populations shall be achieved and maintained before the number of high-risk residents are increased above 256 at the Porterville Developmental Center. Upon completion of Phase II and Phase III Security improvement projects, the State Department of Developmental Services shall certify in writing that the requirements of this provision have been met, and this certification shall be provided to the Legislative Analyst, the fiscal and appropriate policy committees of the Legislature, the legislative representatives of the region, and the Community Advisory Board Representatives of the Porterville Developmental Center before the number of high-risk Developmental Center residents may be increased.
12. Notwithstanding the limitations of Section 27.00 on deficiency expenditures, the State Department of Developmental Services may request and the Department of Finance may approve a deficiency appropriation pursuant to Section 11006 of the Government Code, following notice in compliance with subdivision (b) of Section 27.00, in augmentation of this item for special repairs necessary to preserve the health and safety of persons residing in Developmental Centers.

5. The rate increase provided in Item 4300-101-0001 shall be used to increase salaries and benefits of direct support professionals in respite programs, community based day programs, and other day programs providing similar services under a miscellaneous service code. The department shall distribute the rate increase using a methodology which will ensure that it is used for the intended purpose. The methodology shall be developed in consultation with appropriate stakeholders and shall:	
(1) Be based on information provided by service providers on actual salaries and wages paid to current staff.	
(2) Provide for flexibility for the providers to distribute their allocation among wages, benefits, and levels of staff.	
(3) Ensure accountability by requiring regional centers to verify that the funds were distributed as intended. Verification may be accomplished by sampling and shall be done within budgeted resources.

3. Upon approval of the State Department of Mental Health, a portion of the funds appropriated in Schedule (b) shall be available to reimburse counties for the cost of treatment and legal services to patients in the four State Department of Mental Health State Hospitals, pursuant to Section 4117 of the Welfare and Institutions Code. Expenditures made under this item shall be charged to either the fiscal year in which the claim is received or the fiscal year in which the Controller issues the warrant. Claims filed by local jurisdictions for legal services may be scheduled by the Controller for payment.
 4. The reimbursements identified in Schedule (d) of this item shall include amounts received by the State Department of Mental Health as a result of billing for LPS state hospital bed day expenditures attributable to conservatees who are gravely disabled as defined in subparagraph (B) of paragraph (1) of subdivision (h) of Section 5008 of the Welfare and Institutions Code (Murphy Conservatee).
 5. Of the total amount attributable in the 2000–01 fiscal year to patient-generated collections for LPS patients, the Controller shall transfer the first \$8,000,000 as revenue to the General Fund, and the remainder shall be used to offset county costs for LPS state hospital beds.

8. Transfers of low- and medium-security risk Penal Code patients to Napa State Hospital or Metropolitan State Hospital shall be arranged on a flow basis to ensure community security and safety and patient stability. In no instance shall the number of Penal Code or forensic patients admitted exceed 30 patients in any month at either state hospital.	
9. The State Department of Mental Health shall provide specialized training to level-of-care and, as necessary, nonlevel-of-care, staff at both Napa and Metropolitan State Hospitals to ensure the safest and most therapeutic environment possible for both patients and employees.	
10. The State Department of Mental Health shall provide specialized training to local law enforcement agencies located in the immediate vicinity of Napa State Hospital and Metropolitan State Hospital, as needed, in order to ensure both patient and local community safety. At a minimum, the training shall include information on how to identify a patient, procedures for notifying the state hospitals, and techniques for diffusing and appropriately controlling potentially difficult situations.	
11. The State Department of Mental Health shall consult with the Sheriff of the County of Napa and the Police Chief of the City of Napa in the development and ongoing modification of a security plan for Napa State Hospital. The department shall also consult a city official designated by the City of Norwalk.	
12. The State Department of Mental Health shall report to the fiscal and policy committees of each house of the Legislature by November 1, 2000, on the use of a marginal cost methodology, and any other applicable cost methodologies deemed appropriate, for determining the cost of supporting additional patients at the State Hospitals. At a minimum, the report shall note the manner in which the methodologies would be applied for budgeting purposes, the benefits and detriments of each methodology referenced, and the potential savings or costs.

Provisions:	
1. Of the funds appropriated in this item, up to \$5,000,000 may be used to provide one-time grants to faith-based organizations that are not owned or operated as pervasively sectarian organizations and that have been limited in their ability to take advantage of this funding due to limited resources and a lack of experience in dealing with the competitive contracting process and the allocation processes currently in place at the local level, but which reach and serve the most difficult-to-serve and hardest-to-employ individuals. No pervasively sectarian religious organization is eligible for funds under this item, but a separate nonprofit entity or affiliate that is a tax-exempt organization under Section 501(c)(3) of the federal Internal Revenue Code, may apply for and receive grants under its own auspices. Grants shall be awarded using a competitive process that shall include provisions regarding existing constitutional protections. Grants or contracts awarded under this section shall comply with Section 4 of Article I and Section 5 of Article XVI of the California Constitution, and the First Amendment to the United States Constitution in regard to pervasively sectarian organizations. It is the intent of the Legislature in funding these grants that the Employment Development Department assist recipient organizations in competing for ongoing funding from other public and private sources. In implementing this program, the department shall also ensure coordination with existing county programs.	
2. Of the funds appropriated in this item, \$166,000 shall be allocated on a one-time basis to Los Angeles County for the purpose of contracting with a nonprofit organization to establish a job training

Provisions:

1. The Employment Development Department shall submit on October 1, 2000, and April 20, 2001, to the Department of Finance for its review and approval, an estimate of expenditures for both the current and budget years, including the assumptions and calculations underlying Employment Development Department projections for expenditures from this item. The Department of Finance shall approve, or modify, the assumptions underlying all estimates within 15 working days of the due date. If the Department of Finance does not approve or modify in writing, the assumptions underlying all estimates within 15 working days of the due date, the Employment Development Department shall consider the assumptions and calculations approved as submitted. If the Department of Finance determines that the estimate of expenditures differs from the amount appropriated by this item, the Director of Finance shall so report to the Legislature. At the time the report is made, the amount of this appropriation shall be adjusted by the difference between this Budget Act appropriation and the approved estimate of the Department of Finance. Revisions reported pursuant to this provision are not subject to Section 28.00 of this act.

and every family support division letter or similar instruction issued by the Department of Child Support Services that adds to the cost of the child support program is approved by the Department of Finance as to the availability of funds before it becomes effective. In making the determination as to availability of funds to meet the expenditures of a rule, regulation, or family support division letter that would increase the costs of the program, the Department of Finance shall consider the amount of the proposed increase on an annualized basis, the effect the change would have on the expenditure limitations for the program set forth in this act, the extent to which the rule, regulation, or family support division letter constitutes a deviation from the premises under which the expenditure limitations were prepared, and any additional factors relating to the fiscal integrity of the program or the state's fiscal situation.

Notwithstanding Control Sections 27.00 and 28.00 of this act, the availability of funds contained in this item for child support program rules, regulations, or family support division letters that add to program costs funded from the General Fund in excess of \$500,000 on an annual basis, including those that are the result of federal regulations but excluding those that are (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Department of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine. Funds appropriated in this item are for the child support program consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out those decisions are specifically appropriated in this act.

2. Notwithstanding any other provision of law, a loan not to exceed \$110,000,000 shall be made available from the General Fund, from funds not otherwise appropriated, to cover the federal share of costs of the program when the federal funds

(h) Amount payable from the Federal Trust Fund (Item 5180-001-0890)	-307,512,000
Provisions:	
1. The Department of Finance may authorize the transfer of funds from Schedule (b) of this item to Schedule (c), Program 25.45, of Item 5180-151-0001, Community Care Licensing, in order to allow counties to perform the facilities evaluation function.	
2. The Department of Finance may authorize the transfer of funds from Schedule (b) of this item to Schedule (a)(2), Program 25.25.020, of Item 5180-151-0001, Adoptions, in order to allow counties to perform the adoptions program function.	
3. Nonfederal funds appropriated in this item which have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.	
4. The Department of Finance may authorize the transfer of up to 5 percent of California Children

- and Families Commission reimbursement budgeted in Item 5180-151-0001, to Item 5180-001-0001 for administration, development, technical support, and evaluation activities associated with providing one-time grants to licensed child care centers and family child care homes for safety enhancements.
5. Of the amount appropriated in this item, \$800,000 shall be available for operating expenses and equipment for the Child Welfare Stakeholders' Group, established to review existing Child Welfare Services programs, components and systems and provide recommendations for improvements. The funds subject to this provision shall be available for expenditure by the Department of Social Services until June 30, 2003.
 6. The Department of Social Services shall, in consultation with representatives of foster family agencies (FFAs), county placing agencies and other stakeholders, develop complaint processing protocols and recommendations investigating and resolving complaints regarding FFAs and the family homes certified by FFAs. The department shall submit a report to the Legislature by June 30, 2001, documenting the complaint processing protocols and investigation outcomes. In developing the complaint processing protocols, the department shall take into consideration the unique circumstances related to the investigation of complaints pertaining to the condition and behavior of individuals in private family homes such as those certified by FFAs; recognize that FFAs and their certified homes are intended to further the public policy objective to place children in the least restrictive environment by offering a flexible living arrangement for children with serious emotional and/or behavioral problems who would otherwise have to be placed in group homes; ensure the fair, reasonable, and consistent interpretation and application of the complaint investigation process on a statewide basis; and distinguish between incidents occurring in certified homes that reflect deficiencies in an FFAs policies or practices and incidents that are beyond the reasonable control of an FFA and are not reflective of deficient policies or practices.

In the report, the department shall summarize its experience processing these complaints, including the number of complaints and the type of allegations, the disposition of the complaints and the administrative outcomes. The report shall also identify the lessons learned in complaint processing and provide recommendations for further improvements in the protections provided to children in care, including oversight of FFAs and certified homes.

To the extent that issues considered by the department as directed in this section, or otherwise discussed in consultation with stakeholders, cannot be resolved because the department lacks the statutory authority to address them or because of conflicts with existing statutory provisions, the department shall include these findings in the report and make recommendations for appropriate statutory changes.

7. Of the amount appropriated in this item, \$2,000,000 shall be allocated on a one-time basis to local food bank programs to expand refrigeration space, purchase vehicles, or purchase other equipment that would be directly used for the purchase, delivery, or distribution of food products or for other uses that would allow food banks to increase the amount of food they can receive and distribute. The allocation process for this funding shall be developed by the Department of Social Services. It is the intent of the Legislature that the department formulate guidelines for allowing food banks to use funds over two fiscal years, under appropriate circumstances. To achieve this, the funds in this provision shall be available for expenditure by the department until June 30, 2002.
8. Of the amount appropriated in this item, \$1,288,000 shall be used to increase licensing visits to family child care homes.
11. Of the funds appropriated in this item, the Department of Social Services may use up to \$180,000 in state and federal funds to conduct or contract for a study to determine how foster family agency (FFA) and nonrelative foster family home (FFH) placements are and should be utilized to meet the needs of children and families. This study shall include, at a minimum, the iden-

tification and comparison of (a) county and FFA standards of practice for certification or licensure and oversight of homes and the services and supports provided to parents, (b) the criteria counties use to determine whether to place children into an FFA or nonrelative FFH, (c) how often and why counties place children into FFA homes when the child is assessed as needing an FFH placement, (d) the reasons that foster parents choose to enroll and remain with the county or an FFA, and (e) the outcomes for children placed out of home in these facilities, both during the placement and after they have left placement. The department shall report to the Legislature no later than June 30, 2001, on the findings of this study and make recommendations to improve the quality of care and cost-effectiveness for children placed in FFA certified homes and recommend ways to improve the recruitment and retention of nonrelative FFH placements. The department shall convene a steering committee to provide direction for this study.

- 12. Of the funds appropriated in this item, \$2,000,000 from the General Fund shall be used by the department to establish pilot programs that provide outpatient drug and alcohol services to low-income women.

Notwithstanding Control Sections 27.00, 28.00 and 28.50 of this act, the availability of funds contained in this item for welfare rules, regulations, or all-county letters that add to program costs funded from the General Fund in excess of \$500,000 on an annual basis, including those that are the result of a federal regulation but excluding those that are (a) specifically required as a result of the enactment of a federal or state law, or (b) included in the appropriation made by this act, shall not be approved by the Department of Finance sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or such lesser time as the chairperson of the committee, or his or her designee, may in each instance determine.

Funds appropriated in this item are for welfare programs consisting of state and federal statutory law, regulations, and court decisions, if funds necessary to carry out those decisions are specifically appropriated in this act.

For purposes of this provision, "welfare" means those program elements under Welfare Programs as identified in the Governor's Budget.

2. Notwithstanding Chapter 1 (commencing with Section 18000) of Part 6 of Division 9 of the Welfare and Institutions Code, a loan not to exceed \$500,000,000 shall be made available from the General Fund, from funds not otherwise appropriated, to cover the federal share of costs of a program(s) when the federal funds have not been received by this state prior to the usual time for transmitting that federal share to the counties of this state. This loan from the General Fund shall be repaid when the federal share of costs for the program or programs becomes available.
3. The Department of Finance may authorize the transfer of amounts from this item to Item 5180-001-0001 in order to fund the cost of the administrative hearing process associated with changes in aid payments in the CalWORKs program.

4. The Department of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any rule or regulation adopted and any all-county letter issued as a result of the enactment of a federal or state law, the adoption of a federal regulation, or the following of a court decision, during the 2000–01 fiscal year that are within or in excess of amounts appropriated in this act for that year.

If the Department of Finance determines that the estimate of expenditures will exceed the expenditures authorized for this item, the department shall so report to the Legislature. At the time as the report is made, the amount of the limitation shall be increased by the amount of the excess unless and until otherwise provided by law.

5. Notwithstanding Section 26.00 of this act, the CalWORKs funding for counties under Schedule (a)(2), 16.30.020-Services; Schedule (a)(3), 16.30.030-Administration; and Schedule (a)(4), 16.30.040-Child Care shall be made as a single allocation pursuant to Section 15204.2 of the Welfare and Institutions Code, except as otherwise provided by Sections 10553.2 and 15204.8. During fiscal year 2000–01, the Department of Social Services may retain up to 10 percent of the funds to be allocated pursuant to Sections 10553.2, 15204.2 and 10204.8 of the Welfare and Institutions Code for the purpose of augmenting local allocations based upon actual expenditures, but the department shall fully allocate those funds by June 30, 2001.
6. Nonfederal funds appropriated in this item which have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance-of-effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance-of-effort expenditure.
7. In the event of declared disaster and upon county request, the State Department of Social Services may act in the place of any county and assume direct responsibility for the administration of eligibility and grant determination. Upon recommen-

Provisions:

1. Funds appropriated to accommodate projected institutional population levels in excess of those that actually materialize, if any, shall revert to the General Fund, except that the Director of Finance may approve an increase in expenditures that are not related to caseload for the Department of Corrections through the redirection of funding that is reasonably believed not to be needed for accommodating projected institutional population levels if the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of each house of the Legislature that considers appropriations not later than 30 days prior to the effective date of the approval, or prior to whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. All notifications shall include (a) the reason for the proposed redirection of caseload funding to expenditures that are not related to caseload, (b) the approved amount, and (c) the basis of the director's determination that the funding is not needed for accommodating projected institutional population levels.
2. Funds appropriated to accommodate projected parole population levels in excess of those that actually materialize, if any, shall revert to the General Fund, except that the Director of Finance may approve an increase in expenditures that are not related to caseload for the Department of Corrections through the redirection of funding that is reasonably believed not to be needed for accommodating projected parole population levels if the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Com-

mittee and the chairperson of each house of the Legislature that considers appropriations not later than 30 days prior to the effective date of the approval, or prior to whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. All notifications shall include (a) the reason for the proposed redirection of caseload funding to expenditures that are not related to caseload, (b) the approved amount, and (c) the basis of the director's determination that the funding is not needed for accommodating projected parole population levels.

3. Any funds recovered as a result of audits of locally operated return-to-custody centers shall revert to the General Fund.
4. When contracting with counties for vacant jail beds for any inmate under the jurisdiction of the Director of the Department of Corrections, the department shall not reimburse counties more than the average amount it costs the state to provide the same services in comparable state institutions. This restriction shall not apply to any existing contract, but shall apply to the extension or renewal of that contract. In addition, the total operational cost of incarcerating state inmates in lease county jail beds (which includes state costs, but is exclusive of one-time and capital outlay costs), shall not exceed the department's average cost for operating comparable institutions.
5. Notwithstanding any other provision of law, funds appropriated in Schedule (a) for McGee Training Facility rent payments may be transferred to Item 5240-003-0001 by the Controller, upon order of the Director of Finance, as necessary to provide rental payments on lease revenue bonds for the McGee Training Facility if a bond sale occurs.
6. Notwithstanding any other provision of law, but subject to providing 30 days' prior notification to the Joint Legislative Budget Committee, funds appropriated in Schedule (a) or (b), or both, of this item may be transferred to Item 5240-101-0001, Schedule (b), upon order of the Director of Finance, to provide funds for the reimbursement of counties for the cost of holding parole violators in local jail.

Item	Amount
7. Notwithstanding any other provision of law, upon approval of the Department of Finance, the Department of Corrections may transfer, between Schedules (a), (b), and (c) of this item, up to 5 percent of the amounts appropriated in these schedules. Any transfer of funds appropriated in Schedules (a), (b), and (c) of this item exceeding 5 percent may occur not sooner than 30 days after notification thereof to the Chairperson of the Joint Legislative Budget Committee and the chairpersons of the fiscal committees of the Legislature.	
8. Of the funds appropriated in this item, up to \$4,000,000 shall be expended to establish, effective January 1, 2001, a Sex Offender Containment Program to provide intensive and specialized parole supervision caseloads for high-risk sex offenders not now on those caseloads, and to provide relapse prevention treatment, voluntary medication treatment, and other related services for those parolees.	
9. Of the funds appropriated in this item, up to \$1,000,000 shall be available only for the Department of Corrections to develop and to commence implementation of a strategy for the prevention, education, screening, related tests, and treatment of inmates infected with hepatitis B or C. The department shall submit a report on its plan to implement this strategy to the Joint Legislative Budget Committee and the fiscal committees of both houses of the Legislature by January 1, 2001. If legislation is enacted in the 1999–2000 Regular Session of the Legislature relating to the incidence of hepatitis C in the state prison system, this funding shall be expended consistent with any requirements of that legislation. Any funds not used for these purposes shall revert to the General Fund.	
10. The Department of Corrections shall establish a pilot program for female inmates for the treatment of Type II diabetes. This pilot program shall use clinically recognized guidelines including, but not limited to, evaluation, testing, diet, exercise, and Federal Drug Administration-approved medication. The department shall report to the Legislature by January 1, 2002, comparing the effectiveness and costs of diabetes treatment services as provided in the pilot pro-

gram to a program in a comparable correctional facility. To measure the effectiveness of the pilot program, the department shall utilize specific outcomes including, but not limited to, decreasing the rate of hospitalization, avoiding use of multiple drugs, and decreasing or eliminating insulin use. This pilot program shall be funded within the scope of resources provided as part of the 2000–01 fiscal year augmentation for enhanced medical services at women’s institutions.

11. The Department of Corrections shall contract with a qualified outside entity for a comprehensive study of its medical delivery system. The study shall include, at a minimum, to the extent feasible and appropriate, all of the following information:
 - (1) Identification of performance measures related to the cost-effective delivery of health care services within state prisons.
 - (2) Benchmarking of performance measures in the department’s medical operations to determine how the department compares in its cost-effectiveness against other appropriate comparison institutions.
 - (3) Recommendations regarding how the department can improve the performance and cost-effectiveness of its medical operations through the achievement of these performance measures.
 - (4) Evaluation of the department’s medical information technology systems to identify the business problems affecting the delivery of cost-effective medical care for inmates and the opportunities for addressing those business problems through information technology system improvements.

The Department of Corrections shall submit a report prepared by the contractor of findings and recommendations to the Governor and the appropriate policy and fiscal committees in each house no later than March 1, 2001.
12. The Department of Corrections shall not adopt or implement regulations that require individuals to send packages to prison inmates via the services of a third-party vendor.

Item	Amount
13.	The Department of Corrections shall ensure that all posted first and second supervisory positions are fully staffed. The department shall not divert persons assigned to these positions to other assignments or the funding approved to support those positions. The department shall also ensure that appropriate relief positions are available to maintain coverage of all those positions at all times.
14.	Of the funds appropriated in this item, \$3,538,000 shall be used for the expansion of 500 reentry work furlough community correctional beds. Special consideration shall be given to the expansion of at least 217 beds in the City of Long Beach area. Notwithstanding any other provision of law, the Department of Corrections shall contract for these beds on a fee-for-service basis only, while providing for fixed cost reimbursement. The total cost of the contract beds shall be limited to \$58 per day per offender. The department is directed to exercise every effort to obtain the highest quality, dormitory-style facilities possible, and the department shall award its contracts for a 10-year term with authorization to automatically extend the contract for a second term.
15.	The Department of Corrections shall notify the Chairperson of the Joint Legislative Budget Committee, or his or her designee, and both fiscal committees on a quarterly basis, of any payment in an amount greater than \$100,000 made by the department to an individual or organization pursuant to a legal challenge, whether that challenge is settled outside of court or by judgment of a court. The quarterly report shall include: (a) the date the payment was approved by the department, (b) the specific legal settlement or judicial order specifying the payment, and (c) the payment amount.
16.	Of the funds appropriated in Schedule (a) of this item, \$3,182,000 shall be available to support 50.6 correctional sergeant personnel-years at the Corcoran and Pelican Bay Prisons. Any funds not expended for these positions shall revert to the General Fund.
17.	Of the funds appropriated in this item, \$10,000,000 shall be available only for special

- repair projects. Any funds not expended for this purpose shall revert to the General Fund.
18. Of the funds appropriated in this item, up to \$250,000 shall be available for conducting psychological evaluations of officers promoting to supervisory positions.
 19. Within 60 days of the enactment of this act, the Department of Corrections shall consult with the State Department of Health Services and any other appropriate departments and agencies to determine the potential health and safety impacts of using Secure 1000 machines for searching of visitors and others entering state prison facilities, shall review the latest available research regarding the effects of the machines, and shall report to the Joint Legislative Budget Committee and both fiscal committees of the Legislature regarding its findings and recommendations regarding the use of this technology. During that 60-day period following the enactment of this act, the department shall suspend the use of Secure 1000 units at any state prison facility.
 20. The Department of Finance shall report to the Joint Legislative Budget Committee and the fiscal committees of both houses of the Legislature by January 10, 2001, regarding the effectiveness of the Department of Corrections in reducing sick leave usage and increasing the appropriate usage of budgeted vacation and other leave time, and shall further report its estimate of the net fiscal effect of these changes on department personnel expenditures.
 21. (a) Of the amount appropriated in this item, up to \$1,000,000 shall be allocated to the Department of Corrections for a three-year pilot Global Positioning System (GPS) project for tracking high-risk offenders on parole in the community, including necessary overtime coverage by parole agent personnel. The purpose of these pilot projects shall be to provide greater public safety. It is not the intent of the Legislature to eliminate or replace parole agent positions with GPS tracking.
 - (b) The department, in consultation with the Board of Prison Terms, shall determine appropriate project guidelines, offender target

- populations, and desirable project outcomes consistent with Chapter 3 (commencing with Section 9000) of Title 9 of Part 3 of the Penal Code. The department shall submit an annual report, on October 1 of 2001, 2002, and 2003, to the Legislature on the aggregated status and findings of its pilot project.
22. Notwithstanding any other provision of law, upon approval of the Director of Finance, the Department of Corrections may transfer funds from the \$10,000,000 appropriated in Schedule (a) of this item, for the purpose of expanding the basic correctional officer academy at the McGee Training Facility from 10 weeks to 16 weeks, to Item 5240-302-0001. The transfer of funds shall only be for the purpose of providing funding for capital outlay costs associated with the expansion of the McGee Training Facility to accommodate additional correctional officer cadets.
 23. Of the funds appropriated in this item, \$2,200,000 shall be available to plan and, on a date after January 1, 2001, consistent with the funding appropriated to the Department of Corrections for these purposes, commence implementation of enhanced services for parolees assisted through the Transitional Case Management Program for seriously mentally disordered offenders. For the purpose of reducing recidivism of mentally ill parolees, the enhanced services provided through this program (1) shall be maintained for the duration of the period the offender is under state parole supervision, (2) shall include levels of treatment and services that vary appropriately according to the needs of individual parolees, and (3) shall have costs that are reduced, to the maximum degree that is feasible and practical, by the availability of federal funds and funding sources other than the state General Fund to offset program expenditures. The department shall develop an implementation plan for establishing these services for the parolees and shall provide a report on its plan to the Joint Legislative Budget Committee and the fiscal committees of both houses of the Legislature by January 1, 2001.
 24. (a) Of the funds appropriated in this item, \$4,400,000 shall be available to expand the

Preventing Parolee Crime Program. For the purpose of reducing recidivism, priority for services provided through these funds shall be given to parolees who have two serious or violent felony convictions.	
(b) Of the funds appropriated in this item, \$400,000 shall be available for administration and evaluation of targeting Preventing Parolee Crime Program funds for parolees who have two serious or violent felony convictions. The Department of Corrections shall report to the Legislature, by January 1, 2003, on the effectiveness of this program.	
25. Of the funds appropriated in this item, \$3,000,000 shall be available for parole case-work services to assist parolees in transitioning back into the community.

(b) 31-Community Correctional Program.....	33,471,000
Provisions:	
1. The amount appropriated in this item is provided for the following purposes:	
a. To pay the transportation costs of prisoners to and between state prisons, including the return of parole violators to prison and for the conveying of persons under provisions of Division 3 (commencing with Section 3000) of the Welfare and Institutions Code and the Western Interstate Corrections Compact (Section 11190 of the Penal Code), in accordance with Section 26749 of the Government Code. Claims filed by local jurisdictions shall be filed within six months after the end of the month in which those transportation costs are incurred. Expenditures shall be charged to either the fiscal year in which the claim is received by the Controller or the fiscal year in which the warrant is issued by the Controller.	
Claims filed by local jurisdictions directly with the Controller may be paid by the Controller.	
b. To pay the expenses of returning fugitives from justice from outside the state, in accordance with Sections 1389, 1549, and 1557 of the Penal Code. Claims filed by local jurisdictions shall be filed within six months after the end of the month in which expenses are incurred, expenditures shall be charged to either the fiscal year in which the claim is received by the Controller or the fiscal year in which the warrant is issued by the Controller, and any restitution received by the state for those expenses shall be credited to the appropriation of the year in which the Controller's receipt is issued.	
Claims filed by local jurisdictions directly with the Controller may be paid by the Controller.

- c. To pay court costs and county charges, payable under Sections 4700.1, 4750 to 4755, inclusive, and 6005 of the Penal Code. Claims shall be filed by local jurisdictions within six months after the end of the month in which a service is performed by the coroner, a hearing is held on the return of a writ of habeas corpus, the district attorney declines to prosecute a case referred by the Department of Corrections, a judgment is rendered for a court hearing or trial, an appeal ruling is rendered for the trial judgment, or an activity is performed as permitted by these sections. Expenditures shall be charged to either the fiscal year in which the claim is received by the Controller or the fiscal year in which the warrant is issued by the Controller.
- Claims filed by local jurisdictions directly with the Controller may be paid by the Controller.
- d. To reimburse counties for the cost of detaining state parolees pursuant to Section 4016.5 of the Penal Code. Claims shall be filed by local jurisdictions within six months after the end of the month in which the costs are incurred. Claims filed by local jurisdictions may not include booking fees, may not recover detention costs in excess of \$59 per day, and shall be limited to the detention costs for those days on which parolees are held subject only to a Department of Corrections request pursuant to subdivision (b) of Section 4016.5 of the Penal Code. Expenditures shall be charged to either the fiscal year in which the claim is received by the Department of Corrections or the fiscal year in which the warrant is issued.
2. Notwithstanding any other provision of law, upon 30-day prior notification to the Chairperson of the Joint Legislative Budget Committee, funds appropriated in Schedule (b) of this item may be transferred to Schedules (a) or (b), or both, of Item 5240-001-0001, upon order of the Director of Finance, to provide funds for the reimbursement of counties for the cost of holding parole violators in local jails or for the auditing or monitoring of local assistance costs.

Provisions:

1. The funds appropriated in Schedule (1) are to be allocated by the Department of Corrections, upon approval by the Department of Finance to develop design and cost information for new projects for which funds have not been previously appropriated, but for which preliminary plan funds, working drawings funds, or working drawings and construction funds are expected to be included in the 2001–02 or 2002–03 Governor’s Budget, and for which cost estimates or preliminary plans can be developed prior to legislative hearings on the 2001–02 and 2002–03 Governor’s Budgets, respectively. These funds may be used for all of the following: budget package development, environmental services, architectural programming, engineering assessments, schematic design, and preliminary plans. The amount appropriated in this item for that purpose will not be construed as a commitment by the Legislature as to the amount

of capital outlay funds it will appropriate in any future year.

2. As used in this appropriation, studies shall include site studies and suitability reports, environmental studies, master planning, architectural programming and schematics.
3. Funds appropriated in Schedule (41) shall be available for the following purposes: A maximum of \$25,600 of the funds may be made available for mitigation costs of local governments and a maximum of \$25,600 of the funds may be made available to the Monterey County Superintendent of Schools for mitigation costs of school districts. These funds shall be made available pursuant to subdivisions (c) and (d) of Section 7005.5 of the Penal Code.
4. It is the intent of the Legislature that the future cost for construction based on completed preliminary plans associated with the Folsom Pretreatment Project not exceed the current estimated construction cost.
5. The department shall not use inmate day labor to construct any projects contained in this act, with the exception of the CIM Chino Denitrification Plant Project and the CRC Norco Men's Dorms (Phase II of VI) Project. Instead, all major capital outlay projects shall be competitively bid through the normal capital outlay process.

2. (a) The Legislature finds and declares that exigent circumstances exist regarding the impact of the increasing number of juvenile offenders on public safety in California. Of the funds allocated to the state pursuant to the Federal Violent Crime Control and Law Enforcement Act (P.L. 103-322) and appropriated in this item, an amount not less than \$37,494,000 shall be used to address these circumstances through grants to counties.
- (b) The Legislature finds and declares that numerous county juvenile facilities throughout California are dilapidated and overcrowded, and construction and expansion of available bed capacity is critical. Capital construction and expansion are necessary to protect the life and safety of persons confined or employed in these facilities to avoid threatened closures or the imposition of court-ordered sanctions. There is an immediate need of \$400,000,000 to address the local juvenile facility housing crisis. The fast rising number of juvenile offenders affects the efforts of law enforcement and threatens public safety throughout the state. The need to enhance public safety is particularly important to local jurisdictions that do not have adequate facilities to confine the increasing number of juvenile offenders. Notwithstanding the provisions of Chapters 324 and 339 of the Statutes of 1998 and Chapter 50 of the Statutes of 1999, the Legislature intends that these funds be used to support the construction or expansion of juvenile detention facilities that possess a site assurance from the respective board of supervisors under all of the following conditions:
 - (i) No county request may exceed a maximum state construction cost per bed rate of \$100,500.
 - (ii) Local entities shall match at least 25 percent of the grant.
 - (iii) Not more than 15 percent of this minimum match requirement shall be provided with in-kind resources.

Provisions:	
1. Of the amount appropriated in this item, \$7,500,000 shall be allocated for grants to local law enforcement agencies that establish the Developing Increased Safety through Arms Recovery Management (DISARM) program to support local efforts to more actively enforce compliance with court ordered conditions of probation prohibiting the possession of weapons. The Board of Corrections shall distribute the money to eligible agencies on a per capita basis with a minimum of \$50,000 per jurisdiction. In order to be eligible, a county shall establish a DISARM Team, comprised of the county sheriff, at least one police chief from a jurisdiction within the county, the district attorney, and the chief probation officer. The DISARM Team shall establish strategies, standards, and procedures to assist local law enforcement agencies in removing guns from high-risk probationers in the community. Expenditure of these funds shall be limited to plans that target probationers with at least one conviction for any of the following offenses: assault with a deadly weapon, attempted murder, homicide, robbery, and illegal possession of a firearm or other deadly weapon. Each grantee shall develop program outcomes to demonstrate, at a minimum, lower probationer-to-probation officer ratios in offender target classes, an increase in the number of weapons seized, an increase in the ability of probation officers to actively enforce the conditions of probation as ordered by the court, and an increase in multiagency collaboration that contributes to more guns being taken out of the hands of criminal offenders. Each recipient shall submit a copy of its plan to the board and a report of its outcomes not later than January 15, 2002.

Of the funds appropriated in this item, up to \$364,000 shall be used to provide in-service training for special and regular educators and related persons, including, but not limited to, parents, administrators, and organizations serving severely disabled children. These funds are also to provide up to four positions for this purpose.
 5. Of the funds appropriated in this item, \$318,000 shall be used to provide training in culturally non-biased assessment and specialized language skills to special education teachers through Second Language Immersion Institutes.
 6. Of the amount appropriated in this item, \$430,000 shall be used for the administration of the federal Public Charter School Program. For fiscal year 2000–01, one Education Program Consultant position shall support fiscal issues pertaining to charter schools, including development and implementation of the funding model pursuant to Chapter 34 of the Statutes of 1998.
 7. Of the funds appropriated in this item, \$4,790,000 shall be for the administration of programs funded with federal Goals 2000 Educate America Act funds. Funds shall be allocated for the following purposes:
 - (a) \$1,220,000 for general administration of the federal Goals 2000: Educate America Act funds and administration of local assistance

Item

Amount

- grants and other programs using those federal funds.
- (b) \$120,000 shall be for the state operations costs necessary to manage the contract identified in Provision 7(c) for the evaluation of the Class Size Reduction Program established pursuant to Chapter 6.10 (commencing with Sec. 52120) of Part 28 of the Education Code.
 - (c) \$400,000 shall be for the state operations costs necessary to align the forms, processes, and procedures required of local education agencies in a manner that they may be utilized for the purposes of participating in the Public School Accountability Act, as established by Chapter 3, Statutes of 1999, First Extraordinary Session, so that duplication of effort is minimized at the local level.
 - (d) \$500,000 for a contract for an independent evaluation of the Class Size Reduction Program as required by Section 52128 of the Education Code. Funds shall not be released for this purpose until the State Department of Education has certified to the Department of Finance that matching funds have been secured from third party sources for the class size reduction evaluation activities.
 - (e) \$500,000 is to support the California State University Center for Teaching Careers, established pursuant to Article 4 (commencing with Section 90530) of Chapter 11 of Part 55 of the Education Code.
 - (f) \$1,550,000 shall be for the costs of dissemination of the curriculum frameworks to local education agencies pursuant to a plan approved by the State Board of Education.
 - (g) \$500,000 shall be available for an evaluation of the Parent Involvement Programs authorized by Chapter 734 of the Statutes of 1999.
 - (h) \$333,000 shall be provided to the Office of the Legislative Analyst for the purpose of initiating a longitudinal evaluation of charter schools pursuant to Chapter 34 of the Statutes of 1998.
 - (i) Of the funds appropriated in this item, \$250,000 in prior-year carryover funds shall be available on a one-time basis to the State Department of Education, as follows:

Item

Amount

- (1) \$100,000 for the purpose of contracting with an independent consultant for an evaluation for the implementation of the Public Schools Accountability Act, as established by Chapter 3 of the First Extraordinary Session of the Statutes of 1999. These funds are to be used in conjunction with the funds referenced in Provision 18 of Item 6110-001-0001.
 - (2) \$150,000 for the purpose of providing evaluation reports to the Legislature concerning categorical flexibility pilot projects, pursuant to legislation in the 1999–2000 Regular Session, enacted on or before January 1, 2001.
8. Of the funds appropriated in this item, \$9,447,000 is from the Child Care and Development Block Grant Fund and includes \$158,000 for an inter-agency agreement with the Child Development Programs Advisory Committee. Of these funds, \$300,000 shall be available to support a contract with the State and Consumer Services Agency for consultant services to model the fiscal effects of child care reform options based on data provided by the State Department of Education pursuant to Provision 8(c) of Item 6110-196-0001. The administration shall submit to the State Board of Education, by January 10, 2001, a report on the progress of its review of child care policies and resources. Of the federal funds appropriated in this item, \$300,000 is available to augment on a one-time basis the base resources for child development audit workload. Of this amount, \$150,000 is immediately available for the purpose of contracting with an appropriate state agency to eliminate the backlog of desk review workload for non-LEA based child care provider contract audits. It is the intent of the Legislature that the department complete all of the estimated 500 desk reviews from the immediately preceding fiscal year, and conduct field audits on an at-risk basis for approximately 10 percent of its non-LEA child care providers annually from base resources. The State Department of Education shall submit a report to the Department of Finance and the Legislature by March 1, 2001, regarding its progress toward elimination of its backlog. Contingent upon

(a) 10.10.004-Instruction Program— School Apportionments, Regional Occupational Centers and Programs.....	344,690,000
(b) Reimbursements.....	-7,317,000
Provisions:	
1. Notwithstanding any other provision of law, the funds appropriated in this item are for transfer by the Controller to Section A of the State School Fund, in lieu of the amount that otherwise would be appropriated for transfer from the General Fund in the State Treasury to Section A of the State School Fund for the 1999–00 fiscal year pursuant to Sections 14002 and 14004 of the Education Code, in an amount as needed for apportionment pursuant to Article 1 (commencing with Section 52300) of Chapter 9 of Part 28 of the Education Code.	
2. Funds appropriated in this item shall be apportioned by the Superintendent of Public Instruction pursuant to Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28 of the Education Code.	
3. Because Chapter 482 of the Statutes of 1984 was chaptered after Chapter 268 of the Statutes of 1984, the Legislature’s intent regarding the eligibility of regional occupational centers and programs for incentive funding for a longer instructional year under Section 46200 of the Education Code was not carried out. It is the intent of the Legislature that regional occupational centers and programs not be eligible for that incentive funding.	
Notwithstanding any other provision of law, the funds appropriated in this item may not be expended for the purposes of providing or continuing incentive funding for a longer instructional year pursuant to Section 46200 of the Education Code.

4.	
<p>Notwithstanding any other provision of law, funds appropriated in this item for average daily attendance (ADA) generated by participants in welfare-to-work activities under the CalWORKs program established in Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code may be apportioned on an advance basis to local education agencies based on anticipated units of ADA if a prior application for this additional ADA funding has been approved by the Superintendent of Public Instruction.</p>	
5.	
<p>Of the amount appropriated in this item, \$1,161,000 is to fund remedial education services for participants in welfare-to-work activities under the CalWORKs program.</p>	
5.5.	
<p>Of the funds appropriated in this item, \$16,000,000 is to provide equalization of centers and programs and \$16,000,000 is for a rate increase. Both are subject to the establishment of these activities by legislation, enacted during the 2000–01 Regular Session, which becomes effective on or before January 1, 2001.</p>	
6.	
<p>Of the funds appropriated in this item, \$6,624,000 is provided for increases in average daily attendance at a rate of 2.07 percent and \$10,366,000 is for the purpose of providing a cost-of-living adjustment at a rate of 3.17 percent.</p>	
7.	
<p>Indirect costs charged to Regional Occupational Centers and Programs may not exceed the school district or county office of education, as appropriate, prior year indirect cost rate as approved by the State Department of Education.</p>	

The indirect costs charged by the county office of education and school districts that provide Regional Occupational Centers and Programs services on behalf of the county office of education or a joint powers authority, when added together, may not exceed the indirect cost rate approved by the State Department of Education for the county office of education or the school district, whichever is higher.

Revenue limit funds apportioned to a county office of education, school district, or joint powers authority for Regional Occupational Centers and Programs must be expended on programs and services offered by the Regional Occupational

Provisions:

1. The State Department of Education, for the purposes of the assessment system required by Title 1 of the federal Improving America’s Schools Act of 1994, shall define a “program improvement school” as a school that ranks among the lowest in the state on the assessment used in the Standardized Testing and Reporting (STAR) Program, pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33 of the Education Code. A school district may also identify a school that does not meet this criterion as a “program improvement school” during a fiscal year if 60 percent or more of the school’s pupils are performing, as determined by the district’s assessment system, below the standards adopted by the district.
2. In administering the accountability system required by this item, the State Department of Education shall align the forms, processes, and procedures required of local educational agencies in a manner that they may be utilized for the purposes of implementing the Public School Accountability Act, as established by Chapter 6.1 (commencing with Section 52050) of Part 28 of the Education Code, so that duplication of effort is minimized at the local level.
3. Funds appropriated in Schedule (c) are for the purpose of providing grants to local education agencies to pay the fees incurred by low-income students to take advanced placement examinations.
4. Funds appropriated in Schedule (d) of this item are provided for the sole purpose of funding implementation grants for federally funded schools participating in the Immediate Intervention Underperforming Schools Program, established pursuant to Chapter 3 of the 1999 First Extraordinary Session.

item or pursuant to Item 6110-105-0001 of Section 2.00 of this act, and shall comply with the program requirements for adult education pursuant to Chapter 10 (commencing with Section 52500) of Part 28 of the Education Code, and ROC/P requirements pursuant to Article 1 (commencing with Section 52300) of, and Article 1.5 (commencing with Section 52335) of, Chapter 9 of, Part 28 of the Education Code, respectively.

- (e) Notwithstanding any other provision of law, funds appropriated in this section for average daily attendance (ADA) generated by participants in the CalWORKs program may be apportioned on an advance basis to local education agencies based on anticipated units of ADA if a prior application for this additional ADA funding has been approved by the Superintendent of Public Instruction.
- (f) The Legislature finds the need for good information on the role of local education agencies in providing services to individuals who are eligible for or recipients of CalWORKs assistance. This information includes the extent to which local education programs serve public assistance recipients and the impact these services have on the recipients' ability to find jobs and become self-supporting.
- (g) The State Department of Education shall develop a data and accountability system to obtain information on education and job training services provided through state-funded adult education programs and regional occupational centers and programs. The system shall collect information on (1) program funding levels and sources; (2) the types and amounts of services provided to program participants; (3) characteristics of participants; and (4) pupil and program outcomes. The department shall work with the Department of Finance and Legislative Analyst in determining the specific data elements of the system and shall meet all information technology reporting requirements of the Department of Information Technology and the Department of Finance.
- (h) As a condition of receiving funds provided in Schedules (b) and (c) of this item or any other

Item

of this provision, shall be those as defined by applicable federal law, and consistent with the state plan.

2. Under any grant awarded by the State Department of Education under this item to a qualifying community-based organization to provide adult basic education in English as a Second Language and English as a Second Language-Citizenship classes, the department shall make an initial payment to the organization of 25 percent of the amount of the grant. In order to qualify for an advance payment, a community-based organization shall submit an expenditure plan and shall guarantee that appropriate standards of educational quality and fiscal accountability are maintained. In addition, reimbursement of claims shall be distributed on a quarterly basis. The State Department of Education shall withhold 10 percent of the final payment of a grant as described in this provision until all claims for that community-based organization have been submitted for final payment.

3. (a) Notwithstanding any other provision of law, all nonlocal educational agencies (Non-LEA) receiving greater than \$300,000 pursuant to this item shall submit an annual organizational audit, as specified, to the State Department of Education, Office of External Audits.

All audits shall be performed by one of the following: (1) a certified public accountant possessing a valid license to practice within California; (2) a member of the State Department of Education's staff of auditors; or (3) in-house auditors, if the entity receiving funds pursuant to this item is a public agency, and if the public agency has internal staff that performs auditing functions and meets the tests of independence found in Standards for Audits of Governmental Organization, Programs, Activities and Functions issued by the Comptroller General of the United States.

The audit shall be in accordance with State Department of Education Audit guidelines and Office of Management and Budget Circular No. A-133, Audits of Institutions of Higher Education and Other Non-Profit Institutions.

Item

Amount

Non-LEA entities receiving funds pursuant to this item shall submit the annual audit no later than six months from the end of the agency fiscal year. If, for any reason, the contract is terminated during the contract period, the auditor shall cover the period from the beginning of the contract through the date of termination.

Non-LEA entities receiving funds pursuant to this item shall be held liable for all State Department of Education costs incurred in obtaining an independent audit if the contractor fails to produce or submit an acceptable audit.

- (b) Notwithstanding any other provision of law, the State Department of Education shall annually submit to the Governor, Joint Legislative Budget Committee, and Joint Legislative Audit Committee limited scope audit reports of all sub-recipients it is responsible for monitoring that receive between \$25,000 and \$300,000 of federal awards, and that do not have an organizational wide audit performed. These limited scope audits shall be conducted in accordance with the State Department of Education Audit guidelines and Office of Management and Budget, Circular No. A-133. The State Department of Education may charge audit costs to applicable federal awards, as authorized by OMB, Circular No. A-133 Section 230(b)(2).

The limited scope audits shall include agreed upon procedures engagements conducted in accordance with either AICPA generally accepted auditing standards or attestation standards, and address one or more of the following types of compliance requirements: allowed or unallowed activities; allowable costs and cost principles; eligibility; matching; level of effort; earmarking; and reporting.

The State Department of Education shall contract for the limited scope audits with a certified public accountant possessing a valid license to practice within the state or with an independent auditor.

- 4. On or before March 1, 2001, the State Department of Education shall report to the appropriate subcommittees of the Assembly Budget Committee and the Senate Budget and Fiscal Review Committee on the following aspects of the implementation of Title II of the federal Workforce Investment Act: (a) the make-up of those adult education providers that applied for competitive grants under Title II and those that obtained grants, by size, geographic location, and type (school district, community colleges, community-based organizations, other local entities); (b) the results of a mid-year report on the extent to which participating programs were able to meet planned performance targets; and (c) a breakdown of the types of courses (ESL, ESL citizenship, ABE, ASE) included in the performance targets of participating agencies. It is the intent of the Legislature that the Legislature and State Department of Education utilize the information provided pursuant to this provision to (a) evaluate whether any changes need to be made to improve the implementation of the accountability-based funding system under Title II and (b) evaluate the feasibility of any future expansion of the accountability-based funding system using state funds.

6110-158-0001—For local assistance, Department of Education (Proposition 98), for transfer by the Controller to Section A of the State School Fund in lieu of the amount that otherwise would be appropriated pursuant to Section 41841.5 of the Education Code, Program 10.50.010.002-Adults in Correctional Facilities

16,936,000

Provisions:

- 1. Notwithstanding any other provision of law, the amount appropriated in this item and any amount allocated for this program in this act shall not exceed, in the aggregate, the maximum amount allocated for the purposes of Section 41841.5 of the Education Code.
- 2. Notwithstanding Section 41841.5 of the Education Code or any other provision of law, the amount appropriated in this item shall be allocated based upon prior-year rather than current-year expenditures.

3. Notwithstanding any other provision of law, funding distributed to each local education agency (LEA) for reimbursement of services provided in the 2000–01 fiscal year for the Adults in Correctional Facilities program shall be limited to the amount received by that agency for services provided in the 1999–2000 fiscal year, as increased by \$423,000 for growth in services and \$493,000 for cost-of-living adjustments, not to exceed a total of \$17,852,000 for all programs. Funding shall be reduced or eliminated, as appropriate, for any LEA that reduces or eliminates services provided under this program in the 2000–01 fiscal year, as compared to the level of service provided in the 1999–2000 fiscal year. Any funds remaining as a result of those decreased levels of service shall be allocated to provide support for new programs in accordance with Section 41841.8 of the Education Code.
4. Notwithstanding any other provision of law, funding distributed to each LEA for reimbursement of services provided in the 1999–2000 fiscal year for the Adults in Correctional Facilities program shall be limited to the amount received by that agency for services provided in the 1998–99 fiscal year, as increased by \$407,000 for growth in services and \$235,000 for cost-of-living adjustments, not to exceed a total of \$16,936,000 for all programs. Funding shall be reduced or eliminated, as appropriate, for any LEA that reduces or eliminates services provided under this program in the 1999–2000 fiscal year, as compared to the level of service provided in the 1998–99 fiscal year. Any funds remaining as a result of those decreased levels of service shall be allocated to provide support for new programs in accordance with Section 41841.8 of the Education Code.
5. Notwithstanding any other provision of law, funds appropriated by this item for growth in average daily attendance first shall be allocated to programs that are funded for 20 units or less of average daily attendance, up to a maximum of 20 additional units of average daily attendance per program.

- grams that serve pupils having disabilities, and \$67,383,000, plus the COLA, shall be available for regionalized program specialist services, including \$2,108,000 for small special education local plan areas (SELPAs) pursuant to Section 56836.24 of the Education Code.
5. Of the funds appropriated in Schedule (a), \$31,238,000, plus the COLA is provided for an adjustment for low-incidence disabilities, based on the results of the study required by Section 67 of Chapter 854 of the Statutes of 1997.
 6. Of the funds appropriated in Schedule (a), \$1,000,000 is provided for extraordinary costs associated with single placements in nonpublic, nonsectarian schools, pursuant to Section 56836.21 of the Education Code.
 7. Of the funds appropriated in Schedule (a), a total of \$37,061,000 is available for equalization funding pursuant to Section 56836.14 of the Education Code.
 8. Of the funds appropriated in Schedule (a), a total of \$114,650,000, plus the COLA, is available to fully fund the costs of children placed in licensed children's institutions who attend nonpublic schools.
 9. Of the amount appropriated in Schedule (b) of this item, \$909,000, plus the COLA, shall be available for infant program growth units (ages birth–two years). Funds for infant units shall be allocated pursuant to Provision 11 of this item, with the following average number of pupils per unit:
 - (a) For special classes and centers—16.
 - (b) For resource specialist programs—24.
 - (c) For designated instructional services—16.
 10. Notwithstanding any other provision of law, early education programs for infants and toddlers shall be offered for 200 days. Notwithstanding Sections 56766 and 56731 and paragraph (2) of subdivision (e) of Section 56737 of the Education Code, the State Department of Education shall allocate funds for the 2000–01 fiscal year to those programs receiving allocations for instructional units pursuant to Section 56432 of the Education Code for the Early Education Program for Individuals with Exceptional Needs operated pursuant to Chapter 4.4 (commencing with Section 56425) of Part 30 of the

Education Code, based on computing 200-day entitlements. For educational services for children with exceptional needs, birth through two years of age, no funds shall be allocated pursuant to Section 56726 of the Education Code. The 200-day entitlements shall not exceed 111 percent of the current entitlement for each educational agency.

11. Notwithstanding Chapter 7 (commencing with Section 56700) of Part 30 of the Education Code, state funds appropriated in Schedule (b) of this item in excess of the amount necessary to fund the deficiated entitlements pursuant to Section 56432 of the Education Code and Provision 11 of this item shall be available for allocation by the State Department of Education to local educational agencies for the operation of programs serving solely low-incidence infants and toddlers pursuant to Title 14 (commencing with Section 95000) of the Government Code. These funds shall be allocated to each local educational agency at a rate of \$6,849 per solely low-incidence child through age two, for each child in excess of the number of solely low-incidence children through age two served by the local educational agency during the 1992–93 fiscal year and reported on the April 1993, pupil count. These funds shall only be allocated if the amount of reimbursement received from the State Department of Developmental Services is insufficient to fully fund the costs of operating the Early Intervention Program, as authorized by Title 14 (commencing with Section 95000) of the Government Code.
12. The State Department of Education, through coordination with the SELPAs, shall ensure local interagency coordination and collaboration in the provision of early intervention services, including local training activities, child find activities, public awareness, and the family resource center activities.
13. Of the amount provided in Schedule (a), \$93,187,000 is provided for a COLA.
14. Of the amount provided in Schedule (b), \$1,995,000 is provided for a COLA.

- (c) Of the remaining funds available after meeting the requirements in (a) and (b) of this provision, \$1,726,000 shall be allocated for instructional materials and equipment for center-based programs and to improve resource lending libraries in resource and referral programs, \$8,202,000 shall be allocated for facilities renovation and repair contracts necessary to meet health and safety standards and to comply with the federal Americans with Disabilities Act of 1990, and, up to \$8,500,000 shall be transferred to the Child Care Facilities Revolving Fund established pursuant to Section 8278.3 of the Education Code. Should additional amounts become available pursuant to Section 8278 beyond those specified herein, up to \$6,000,000 more shall be allocated for instructional materials and equipment and for facilities renovation and repair as necessary, as determined by the State Department of Education. Additional amounts in excess of \$6,000,000 shall not be expended prior to approval of a plan by the Department of Finance pursuant to the notification requirements of Section 28 of this act.
- (d) The Controller shall establish an account entitled Section 8278 Expenditures in 1998 in 6110-196-0001, Program 30.10.060. Any unexpended General Fund balances as of June 30, 2000, or subsequent abatements, from those amounts listed in Schedules (a), (b)(1), (b)(2), (b)(3), (b)(4), (b)(6), (b)(7), (b)(8), (b)(9), (b)(10), and (b)(11) of this item, that are available pursuant to Section 8278 of the Education Code, shall be transferred to the

3. The State Department of Education shall report to the Joint Legislative Budget Committee and the Department of Finance, by March 31, 2001, the amount of child development funds, by program, that have been determined after audit to be unearned. The report shall include the settlement of claims payable by program from unearned contract fund balances. This provision includes both Federal Fund and General Fund contracts.
 4. (a) Notwithstanding any other provision of law, alternative payment child care systems shall be subject to the rates established in the Regional Market Rate Survey of California child care and development providers for provider payments. The State Department of Education shall utilize a federal fund contract with the State Child Care Resource and Referral Network (Network) to conduct a market rate survey. It is the intent of the Legislature that the contract between the State Department of Education and the Network require that the summary report and analyses of changes in mean and ceiling rates, adjustment factors, and regional rates be forwarded to the Department of Finance along with the mean and ceiling rates. The contract shall also provide resources sufficient for the Network to respond to requests for related information by the Department of Finance. Any changes to the market rate limits or adjustment factors are subject to the approval process for child care contract funding terms and conditions as specified in Section 8447 of the Education Code. When approved, those changes shall be utilized by the State Department of Education and the State Department of Social Services in various programs under the jurisdiction of both departments to determine limits of reimbursement to providers.
 - (b) Notwithstanding any other provision of law, annual revisions to the family copayment schedule for child care and development programs are also subject to the approval process pursuant to Section 8447 of the Education Code and, when approved, shall be utilized by

5. The funds appropriated in this item for campus child care tax bailout shall be allocated by the State Department of Education based on a schedule provided by the Chancellor of the California Community Colleges. The chancellor shall schedule the allocation of these funds to community college districts that levied child care permissive override taxes in the 1977–78 fiscal year pursuant to Sections 8329 and 8330 of the Education Code in an amount equal to the property tax revenues, tax relief subventions, and state aid required to be made available by the district to its child care and development program for the 1979–80 fiscal year pursuant to Section 30 of Chapter 1035 of the Statutes of 1979, increased by any cost-of-living increases granted in subsequent fiscal years. These funds shall be used only for the purpose of community college child care and development programs.
6. Notwithstanding any provision of law to the contrary, higher educational institutions may establish and maintain child development programs on or near their respective campuses with priority for services given to children of students of that campus. Those higher educational institutions under contract with the State Department of Education for child care and development services shall be subject to the rules and regulations adopted by the Superintendent of Public Instruction except where those rules and regulations differ with respect to the conditions specified for the community colleges in Provision 11 of Item 6870-101-0001.
7. Funds in Schedule (b)(11), along with funds allocated pursuant to Provision 2(b) of this item, shall be reserved for activities to improve the quality and availability of child care, pursuant to the following:
 - (a) \$2,291,000 is for the school age care and resource and referral earmark.
 - (b) \$6,114,000 is for the infant and toddler earmark and shall be used for increasing the supply of quality child care for infants and toddlers. Notwithstanding any other provision of law, expenditure plans and contract provi-

- (c) \$1,500,000 is for regional resource centers to develop capacity in underserved areas.
- (d) From the remaining funds including funds available pursuant to Provision 2(b) of this item, the following amounts shall be allocated for the following purposes: \$6,000,000 in one-time funding to bring playground equipment at child care facilities into compliance with regulatory requirements, \$5,300,000 for Local Child Care Planning Councils established pursuant to Article 15.5 (commencing with Section 8350) of Chapter 2 of Part 6 of the Education Code; \$5,000,000 in one-time funding for the California Childcare Accreditation Project to be allocated after a program plan has been approved by the Office of the Secretary for Education, \$4,000,000 to train former CalWORKs recipients as child care teachers, \$2,700,000 for contracting with the Department of Social Services for increased inspections of child care facilities, \$1,000,000 to continue the Family Child Care At Its Best training project, which, through an interagency agreement with the University of California at Davis Extension Program, provides child development training to licensed family child care home providers to enhance the quality and safety of licensed family child care homes, \$1,000,000 for ongoing dissemination of and training for both exempt and licensed providers in the use of prekindergarten learning and development guidelines developed pursuant to Section 8203.3 of the Education Code, \$1,000,000 for Trustline registration workload (Ch. 3.35 (commencing with Sec. 1596.60), Div. 2, H. & S.C.); \$500,000 for health and safety training for licensed and exempt child care providers; \$320,000 for the Child Development Training Consortium, \$300,000 for the Health Hotline, \$300,000 to

The State Department of Education shall structure the pilot so as to ensure generation of data useful for future centralized data collection and policy considerations, including, but not limited to, regular purging of eligibility lists to maintain an accurate count of children waiting for care, establishment of standardized practices for eligibility determination and income self-certification, use of common data elements in each participant county, and testing of technologies that could eventually be used to transfer data to and access data from a centralized state-level database.

- (e) The State Department of Education shall allocate \$425,000 to preschool education projects including, but not limited to, those operated by the public television stations in Redding, San Francisco, San Jose, Los Angeles, Fresno, and San Diego. Of this amount, the department shall allocate up to \$320,000 to public television stations in Redding, San Francisco, San Jose, and Los Angeles, based upon the satisfaction by the projects operated by the public television stations in each of those cities of all of the following criteria: (1) the 30-percent minimum match; (2) a plan that identifies the providers to be trained; (3) number of trainers to be trained; (4) the quality of the training offered; (5) linkages to the child care community; and (6) cost effectiveness. The balance of the \$425,000 identified in this subdivision shall be made available to support projects in Fresno and San Diego, based upon the determination by the State Department of Education of the satisfaction by the projects operated by the public television station in each of those cities of the criteria set forth above in (1) to (6), inclusive. As a condition of receiving funds as described in this

- (f) \$30,000 shall be made available for a preschool public television project in Eureka.
 - (g) As required by federal law, the State Department of Education shall develop an expenditure plan that sets forth the final priorities and the reasons therefor if the final priorities are different from those approved in response to the reporting requirement contained in Provision 7(d) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1999 (Ch. 50, Stats. 1999). This plan shall be submitted to the Department of Finance by September 1, 2000, and funds shall not be encumbered prior to approval of the plan by the Department of Finance. The State Department of Education shall coordinate with the Department of Social Services, the California Children and Families State Commission, and other applicable entities to identify annual statewide expenditures for quality enhancements which qualify for meeting federal requirements, and shall reference these expenditures in its biennial federal quality plans.
 - (h) The State Department of Education shall establish expenditure priorities for the 2001–02 fiscal year that set forth the proposed state and local activities to improve child care, including the reasons therefor, to be undertaken in the 2001–02 fiscal year. This plan shall be submitted in a format developed in consultation with the Department of Finance and shall be submitted to the Department of Finance and to the fiscal committees of both houses at least 30 days prior to the commencement of public hearings on the proposed plan and no later than March 1, 2001.

(b)	No later than August 31, 2000, the State Department of Education (SDE) shall convene a data collection task force composed of representatives of the SDE, the Legislative Analyst, the chairs and vice chairs of the appropriate fiscal and policy committees of the Legislature, the Department of Social Services, the Senate Office of Research, the Joint Legislative Audit Committee, the Department of Finance, child care providers, and other stakeholders as defined by the task force. The task force shall advise the SDE on the implementation of the interim data collection system and development and implementation of the long-term data collection system. The task force members shall provide advice concerning any associated feasibility study reports and requests for proposals, assist the SDE in designing systems that generate policy-relevant information, establish timelines for project completion, and monitor progress toward project completion. Any company or individual who participates in the task force or in an advisory capacity to the task force shall not be eligible to bid for the development of the system. In the development of this system, the SDE shall contract for a risk assessment of the project. The SDE shall provide copies of any status reports it is required to send to the United States Department of Health and Human Services, as well as any feasibility

study reports and requests for proposals, to each of the task force participants. If the interim system and long-term system are not fully discussed in those reports, the SDE shall provide supplementary reports to the members of the task force on October 1, 2000, and March 1, 2001, regarding progress toward completion of the projects. It is the intent of the Legislature that the SDE take all necessary steps to comply with federal reporting requirements in a timely fashion.

- (c) For purposes of ensuring adequate data for policy consideration, management of the current year budget, and development of the child care budget for the 2001–02 fiscal year, with special emphasis on CalWORKs caseload driven programs, it is the intent of the Legislature that the SDE utilize funds made available pursuant to subdivision (a) above for interim data collection to finance any surveys or sampling activities needed to augment state staff capabilities in meeting requirements specified herein and as clarified or amended by the Department of Finance. It is legislative intent that the SDE expedite any contracting necessary to fulfill the data requirements of this subdivision. It is recognized that the CalWORKs child care programs present unique challenges requiring the cooperation of the two implementing state agencies with the Department of Finance to annually determine a budgetary plan and to determine any mid-year adjustments which may be advisable. Therefore, the following requirements shall apply:
1. The State Department of Education shall implement an improved allocation, contracting, and reimbursement system for CalWORKs Stage 2 and Stage 3 funding to ensure funds are distributed in proportion to statewide needs. These needs shall recognize attrition experience and family fees collected at the local level which shall be counted toward the funding available to meet those needs. The department shall conduct monthly analyses of caseloads and expenditures and adjust agency contract maximum reimbursement amounts and

- allocations as necessary to ensure funds are distributed proportional to need.
2. The department shall provide quarterly reports on the sufficiency of funding for Stage 2 and Stage 3 to the Department of Finance and the Department of Social Services (DSS) and to the Legislative Analyst's office. The department shall provide caseloads, expenditures, allocations, unit costs, family fees, and other key variables and assumptions used in determining the sufficiency of state allocations. Detailed backup by month and on a county-by-county basis shall be provided to the DSS at least on a quarterly basis for comparisons with Stage 1 trends.
 3. Any request from the child care reserve shall be based on the information and analyses pursuant to the preceding paragraphs and shall be made jointly and coordinated with the DSS to eliminate duplication. In order to facilitate coordination, detailed backup by month and on a county-by-county basis, if different from quarterly data provided pursuant to the previous paragraph, shall be provided to the DSS to facilitate its analyses and comparison of overall CalWORKs caseloads and related child care needs.
 4. By September 15, 2000, and March 15, 2001, the department shall ensure that detailed caseload and expenditure data, through the most recent period for Stage 2 and Stage 3 along with all relevant assumptions, is provided to DSS to facilitate budget development and the May Revision, respectively. The detailed data provided shall include actual and projected monthly caseload from Stage 2 scheduled to time off of their transitional child care benefit through the subsequent two fiscal years as well as local attrition experience. DSS shall utilize data provided by the State Department of Education, including key variables from the final quarter of the prior fiscal year and the first two months of the 2000-01 fiscal year, to provide coordinated estimates in November 2000 for each of the three stages of care for preparation of the 2001-02 Governor's Budget, and shall utilize data from the first two quarters of the 2000-01 fiscal year for preparation of the 2001 May Revision. DSS shall share its assumptions

and methodology with SDE in the preparation of the 2001–02 Governor’s Budget.	
5. As deemed necessary by the department for counties where there is more than one Alternative Payment Program participating in Stage 2 and Stage 3, county welfare departments shall participate jointly with the Alternative Payment Programs, as applicable, to jointly determine the amount of funds initially distributed to each Alternative Payment Program. However, the State Department of Education may adjust these allocations at any time for providers deemed by the State Department of Education to be on conditional status and shall adjust the allocations as necessary to ensure a distribution of funding proportional to each alternative payment provider’s documented need pursuant to the analysis specified in this provision.	
6. The State Department of Education shall determine, through survey or mandatory reporting, and through use of consultant services as necessary, the following information, which shall be provided by September 1, 2000, to the Department of Finance for use in 2001–02 budget development, to the State and Consumer Services Agency for the purpose of modeling the effects of child care reform options, and to the Legislative Analyst’s office:	
(a) Profiles of the subsidized population, disaggregated for each major program, sufficient to determine both the numbers and ages of children and proportion of subsidized children and families in care by family income and family size; the numbers and proportions of children on waiting lists who already have child care but desire other arrangements; the numbers and proportions of children utilizing more than one type of subsidized child care; the work status of parents of children receiving subsidized child care; the numbers and proportions of children in full-time care and in part-time care; the ages of children at time of entry into a subsidized child care program; and the numbers and proportions of foster children receiving subsidized child care.	
(b) For each major program, quantify the fees collected, provide the number and proportion

- of children and families paying family fees, and the number of children and families exempted from family fees per income category by family size. In addition, identify and classify the reasons for fee exemptions and the costs of fee collection.
- (c) Within and across all major programs, determine the monthly rates of attrition of families. Also, for each program for selected counties, determine the number and percentage of new families receiving child care due to the following reasons: child protective services cases, foster care, seeking work, working, or in training programs leading to work, and the relative distribution of new families entering the system by family income, and size. Also, determine how many months families have been waiting for child care.
- (d) Based on a statistically significant statewide sampling of actual cases for each major alternative payment-based program, determine the incidence, relative proportion, and dollar magnitude of actual care payments per child that are in excess of or below the current mean-market rates. Classify the occurrences in percentage increments from the mean-market rate.
9. (a) The Department of Finance is authorized to augment the appropriation in this item for CalWORKs Stage 3 funding upon demonstration by the State Department of Education that additional funding is necessary. The Department of Finance shall provide written notification to the chairperson of the fiscal committees of each house of the Legislature and the Chairperson of the Joint Legislative Budget Committee at the time such augmentation is approved.
- (b) Notwithstanding any other provision of law, the funds in Schedule (b)(5.2) for Stage 3 are reserved exclusively for continuing child care to: (1) former CalWORKs families who are working, have left cash aid and have exhausted their two-year eligibility for transitional services in either Stage 1 or 2 pursuant to subdivision (c) of Section 8351 or Section 8353 of the Education Code, respectively, but

still meet eligibility requirements for receipt of subsidized child care services; and (2) families who received lump-sum diversion payments or diversion services under Section 11266.5 of the Welfare and Institutions Code and have spent two years in Stage 2 off of cash aid, but still meet eligibility requirements for receipt of subsidized child care services. Any families who have been continuously enrolled in Stage 3 slots funded through the original increment of \$60,000,000 initially funded in the Budget Act of 1997 (Ch. 282, Stats. 1997) from the Child Care and Development Block Grant are exempted from these restrictions, provided they continue to meet eligibility criteria for receipt of subsidized child care. However, Alternative Payment Providers shall continue to replace exempted families with those meeting the eligibility requirements specified herein.

10. Nonfederal funds appropriated by this item which have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance of effort requirement established pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193) may not be expended in any way that would cause their disqualification as a federally allowable maintenance of effort expenditure.
11. (a) In recognition of the extensive services currently provided to CalWORKs recipients, the increased level of services provided to these populations by resource and referral agencies as provided for in this item, and the economies of scale that occur as contract amounts have been multiplied since 1996-97, it is the intent of the Legislature that administrative and support services allowances for alternative payment contractors serving these populations be limited to no more than 25 percent of the direct cost of care payments to child care providers. Therefore, notwithstanding any other provision of law or regulation, the State Department of Education shall ensure that contract provisions conform to this intent for Stages 2

- and 3 child care contracts funded through Schedules (b)(5.1) and (b)(5.2) of this item.
- (b) Alternative Payment programs may vend families into state subsidized centers and family day care homes operating under direct contracts with the department when those centers and homes have licensed capacity in excess of their state contract amount. However, in recognition of the child and family services and other administrative and case management services provided by centers and homes which are funded under the standard reimbursement rates paid to these agencies, it is recognized that there is duplication in activities normally provided by AP's and these providers. Therefore, it is the intent of the Legislature that the State Department of Education conduct a survey of each Alternative Payment provider to determine the number and proportion of children vended to state contracted child care providers meeting requirements of Title 5 of the California Code of Regulations. The survey shall also determine the extent to which duplication exists between activities required of the Alternative Payment Providers and the centers and the costs associated with that duplication, if any. The Department of Finance and the Legislative Analyst's Office shall review the survey instrument prior to its implementation. The State Department of Education shall report the results of the survey to the fiscal committees, Legislative Analyst, and Department of Finance by October 15, 2000.
12. Notwithstanding Section 26.00 of this act, the funds appropriated in Schedule (d) of this item, for child development cost-of-living adjustments, is for transfer to Schedules (a), (b)(1), (b)(2), (b)(3), (b)(4), (b)(6), (b)(7), (b)(8), and (b)(9) within this item.
13. Of the funds in Schedule (b)(3) of this item, up to \$5,000,000 may be used to establish or continue a pilot Migrant Alternative Payment Network Program for central valley counties. This program shall comply with the requirements approved pursuant to Provision 18 of Item 6110-

Therefore, in order to account for these funds in determining the budget, the Department of Education shall disencumber any amounts in excess of a three percent reserve of the original contract amount for each unaudited contract and shall provide a report by September 1, 2000 and April 1, 2001 of the available balances to the Department of Finance. The plan shall specify each agency's recommended allocation and supporting detail including the relevant revenue limit utilized, average daily attendance, and number and cost for child care slots funded in 1999–00 and estimated for 2000–01. The plan shall also indicate the differences between fall 1999 estimates and the final proposed allocations, and the reasons therefor.
4. Schedule (c) above is to provide funding for all child care, as well as both academic and supportive services for programs choosing to retain their Pregnant Minor Program revenue limit. Notwithstanding any other provision of law, the department shall compute allocations to these agencies using the respective agencies' 1998–99 Pregnant Minor Program revenue limit. Further, notwithstanding any other provision of law, programs which choose to retain their Pregnant Minor revenue limit rather than convert to the CalSAFE revenue limit must provide child care within the revenue limit funding for children of students comprising base year average daily attendance. To the extent additional units of average daily attendance are authorized by the department for growth for these agencies, academic and supportive services reimbursement for such growth shall be computed using the new CalSAFE revenue limit. Growth funding for the child care component shall be equal to the proportionate share of total child care costs for the specific agency's program as determined by dividing the authorized growth in student average daily attendance by the total authorized average daily attendance.

Provisions:

1. The following provisions govern funds appropriated for the Year Round School Grant Program (Art. 3 (commencing with Sec. 42260), Ch. 7, Pt. 24, Ed. C.):

- (a) Applications for year-round school grants pursuant to Sections 42262 and 42263 of the Education Code shall be received annually by the Superintendent of Public Instruction no later than September 1 of the year for which payment is sought; applications received after that date may not be processed. If the funds available for a fiscal year are insufficient to fully fund all eligible grants pursuant to Sections 42262 and 42263 of the Education Code, the superintendent shall at that time provide all approved claims with a prorated share of the funds made available for those grants pursuant to this item.

- (b) If a school district receives state reimbursement that is specifically attributable to the cost of operating schools on a year-round basis pursuant to a court-ordered or voluntary integration program, the district shall be eligible for any portion of the allowances for year-round school grants pursuant to Sections 42262 and 42263 of the Education Code for the 1997-98 fiscal year, but only to the extent that the district incurs costs in the 1997-98 fiscal year specifically attributed to operating schools on a year-round basis, as audited and approved by the Controller, that exceed claims submitted for state reimbursement and are deemed by the Controller to be allowable costs for that year-round operation pursuant to Sections 42243.6 and 42249 of the Education Code for the 1997-98 fiscal year. Funds may be distributed during the 1997-98 fiscal year pursuant to this provision. However, the Controller shall audit, and may make adjustments to, the funds distributed under this item in future years.

Provisions:

1. Except as provided in Provisions 2 and 3 of this item, allocations of funds shall be made by the Controller in accordance with the provisions of each statute or executive order that mandates the reimbursement of the costs, and shall be audited to verify the actual amount of the mandated costs in accordance with subdivision (d) of Section 17561 of the Government Code. Audit adjustments to prior year claims may be paid from this item. Funds appropriated by this item may be used to provide reimbursement pursuant to Article 5 (commencing with Section 17615) of Chapter 4 of Part 7 of Division 4 of Title 2 of the Government Code.
2. If any of the scheduled amounts are insufficient to provide full reimbursement of costs, the State Controller may, upon approval of the Director of Finance in writing, augment those deficient amounts from the unencumbered balance of any other scheduled amounts therein. No order may be issued pursuant to this provision unless written notification of the necessity therefor is provided to the chairperson of the committee in each house of the Legislature which considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee.
3. Notwithstanding any other provision of law, the funds appropriated in Schedules (19) and (35) are for transfer to the Public Employees' Retirement System for reimbursement of costs incurred pursuant to Chapter 1398 of the Statutes of 1974 or Chapter 799 of the Statutes of 1980.

6110-487—Reappropriation, State Department of Education. Notwithstanding any other provision of law, the following specified balances are reappropriated from the following citations, for the purposes specified, and shall be available for encumbrance and expenditure until June 30, 2001:

0001—General Fund

- (a) The balance of the unencumbered funds appropriated for the purpose of Chapter 6.10 (commencing with Section 52120) of Part 28 of the Education Code for the 1998–99 fiscal year shall be made available, on a one-time basis, to the State Department of Education to fund districts meeting the eligibility requirements specified in Section 17203 of the Education Code as that section read on January 1, 1999, at \$40,000 per new class started in the 1999–00 school year for which the district did not previously receive facility funding.
- (b) Funds allocated to school districts pursuant to this item shall be expended solely for the purpose of facilities-related costs associated with the implementation of Chapter 6.10 (commencing with Section 52120) of Part 28 of the Education Code for new classes started in the 1999–00 school year.
- (c) School districts shall certify to the State Department of Education that the funds received pursuant to this item are expended solely for the purpose of facilities-related costs associated with the implementation of Chapter 6.10 (commencing with Section 52120) of Part 28 of the Education Code for new classes started in the 1999–00 school year for which the district did not previously receive facility funding.
- (d) Funds shall not be allocated to school districts pursuant to this item for the purpose of assisting school districts in implementing Option Two, as set forth in paragraph (2) of subdivision (b) of Section 52122 of the Education Code.

Item	Amount
<p>(e) It is the intent of the Legislature that eligible teaching stations not funded from the funds allocated in this item, be funded from funds available from the Leroy F. Greene Schools Facilities Act of 1998 (Ch. 12.5 (commencing with Sec. 17070.10), Part 10, Ed. C.).</p>	
<p>6110-488—Reappropriation, State Department of Education. Notwithstanding any other provision of law, the following amount is hereby reappropriated from the Proposition 98 Reversion Account for the purposes specified, and shall be available for encumbrance and expenditure until June 30, 2001:</p> <p>(1) \$12,000,000 shall be available for test item development for the Standardized Testing and Reporting and High School Exit Examination programs during the 2000–01 fiscal year. The test items developed with these funds shall make progress in aligning these exams with the State Board of Education-approved academic content standards and in ensuring that these exams are valid and reliable as measured by industry standards.</p>	
<p>6110-494—Reappropriation, Department of Education. Notwithstanding any other provision of law, the following specified balances are reappropriated from the following citations, for the purposes specified, and shall be available for encumbrance and expenditure until June 30, 2001:</p> <p>Provisions:</p> <p>1. \$26,553,000 of the unliquidated federal fund balances as of June 30, 1999, from Schedules (b)(5.1) and (b)(5.2) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1998 (Ch. 324, Stats. 1998) shall be available only for expenditure for CalWORKs Stage 2 slots.</p> <p>2. Notwithstanding Section 8278 of the Education Code, \$14,660,000 of the unliquidated General Fund balances as of June 30, 1999, from Schedules (b)(5.1) and (b)(5.2) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 1998 (Ch. 324, Stats. 1998) shall be available only for expenditure for CalWORKs Stage 2 slots.</p>	

Item

Amount

3. Notwithstanding Section 8278 of the Education Code, \$3 million of the unencumbered balance as of June 30, 2000, from funds appropriated in Schedule (c) of Item 6110-196-0001 of the Budget Act of 1999 (Chapter 50, Statutes of 1999) and from funds appropriated pursuant to Provision 2 of Item 6110-490 of Section 2.00 of the Budget Act of 1999 (Chapter 50, Statutes of 1999) for After School Programs shall be available for three year grants to regional centers established pursuant to Chapter 318, Statutes of 1998, for the purpose of serving as a centralized resource for technical assistance and training on best practices in areas such as program content, local financing, including establishment of long-term partnership funds, staffing, and managing programs for accountability.
4. The unencumbered balances as of June 30, 2000, from General Funds appropriated in Item 6110-196-0001 of Section 2.00 of the Budget Act of 1999 (Ch. 50, Stats. 1999) with the exception of Schedules (b)(5.1), (b)(5.2), and (c), shall be available as follows:
 - (a) \$10,000,000 for phase one implementation of the CalWORKs center-based pilot program authorized in Provision 10 of Item 6110-196-0001 of the Budget Act of 1999 (Ch. 50, Stats. 1999), to convert CalWORKs child care slots from Alternative Payment Providers (APPs) to direct contract centers. In recognition of the need to redirect funded child care slots from APPs to centers, and in order to reduce the uncertainty in funding for both APPs and centers during this phase of program implementation, it is the intent of the Legislature that this appropriation be used by the State Department of Education (CDE) to temporarily augment center-based contracts for slots transferring throughout the 2000-01 fiscal year. APPs shall not backfill the slots; contracts for APPs and centers will be permanently adjusted in the following fiscal year. The CDE shall report to Department of Finance and the Office

of the Legislative Analyst by March 31, 2001, regarding the status of Phase I of this pilot program and an update to the overall pilot implementation plan. This report shall include, but not be limited to, information on the number of slots converted to date, the amount of funds expended pursuant to this provision, and projections through both the end of the year and for future phases. It is the intent of the Legislature that any savings resulting from this provision and any unused temporary funds be utilized in subsequent fiscal years to facilitate future conversions in accordance with the plan submitted by the CDE pursuant to the Budget Act of 1999 (Ch. 50, Stats. 1999).

- (b) \$1,740,000 for grants for facility renovation and repair contracts necessary to meet health and safety standards and to comply with the federal Americans with Disabilities Act of 1990.
- (c) One-time allocation of \$1,000,000 for the Home Instruction Program for Pre-school Youngster (HIPPY) for the districts in the amounts specified herein contingent upon a written agreement with the California HIPPY State Office to provide evaluation, training, and technical assistance to local districts implementing HIPPY programs, according to the HIPPY statewide capacity building design. In the event that a school district or county office of education does not meet the requirement provided herein, its share shall be divided equally among the remaining participating districts or county office of education. Notwithstanding Section 41202 of the Education Code, the Legislature finds that the California HIPPY State Office serves an essential educational purpose as a resource for early childhood development services authorized pursuant to the Child Care and Development Services Act pursuant to Chapter 2 (commencing with Section 8200) of Part 6 of Division 1 of Title 1 of the Education Code.

Provisions:

1. The project identified in Schedule (1) in this item shall not be subject to the administrative oversight of the State Public Works Board notwithstanding Section 13332.11 of the Government Code or any other provision of law.
2. Notwithstanding Section 2.00 of this act or any other provision of law, the funds in this item are appropriated without regard to fiscal year.
3. Of the amount appropriated in this item, up to \$2,000,000 may be transferred to Item 6440-001-0001 for support of the development of the Institutes for Science and Innovation.
4. It is the intent of the Legislature that the Board of Regents of the University of California accept the proposed gift of 1,100 acres of land made available to them for potential development of a University of California campus at Chula Vista. Upon receipt of the Chula Vista site, the University of California shall have 30 years during which to decide whether to locate a campus of the University of California on that site and if, at the close of the 30-year period no determination to locate a campus of the University of California on the Chula Vista site has been made, the University of California shall transfer title to the site back to the previous land owners.
5. Funds appropriated in Schedule 2.4 are available for expenditure only after a Preliminary Project Guide that includes detailed information on program scope and cost has been reviewed and approved by the Department of Finance.

No later than March 1, 2001, the University of California shall provide the Legislative Analyst with a progress report showing the identified savings by project, and the purpose for which the identified savings were used.

No later than November 1, 2001, the University of California shall prepare a report showing (a) the identified savings by project and (b) the purpose for which the identified savings were used. This report shall be submitted to the Chair of the Joint Legislative Budget Committee and to the chairs of the fiscal committees in each house.

2. Notwithstanding Section 2.00 of this act or any other provision of law, the appropriation of funds made by this item for Schedules (22), (23) and (24), is available for encumbrance to June 30, 2002, for all phases of the projects.
3. Prior to the release of funds appropriated in Schedules (22), (23) and (24), a project planning guide (PPG) for each project outlining project scope, cost and schedule shall be provided to the Department of Finance consistent with established procedure. The University of California is authorized to change the funding level as specified in Schedules (23) and (24), at the time the PPGs are submitted, to the extent that the total amount appropriated in Schedules (23) and (24) does not exceed \$4,300,000.
4. The projects identified in Schedules (22), (23), and (24) may proceed utilizing design-build construction consistent with established University of California practices, policies, and procedures.
5. The funds provided under this item shall be available for expenditure only if the University of California requires the payment of prevailing wage rates by the contractors and subcontractors on all projects in this item and on all other capital outlay projects undertaken by the University of California that are funded using nonstate funds or are otherwise not financed with the funds appropriated in this item. This requirement shall represent a moratorium on granting further exceptions to paying prevailing wage until June 30, 2001. The University of California shall submit a report to the Legislature by February 15, 2001, on its policy of granting exceptions to pay less than prevailing wage for construction of capital projects.

Provisions:

1. Notwithstanding Section 13332.11 of the Government Code or any other provision of law, the University of California may proceed with any phase of any project identified in the above schedule, including preparation of preliminary plans, working drawings, construction, or equipment purchase, without the need for any further approvals.
2. The University of California shall complete each project identified in the above schedule within the total funding amount specified in the schedule for that project. Notwithstanding Section 13332.11 of the Government Code or any other provision of law, the budget for any project to be funded from this item may be augmented by the University of California within the total appropriation made by this item, in an amount not to exceed 10 percent of the amount appropriated for that project. No funds appropriated by this item for equipment may be used for an augmentation under this provision, or be augmented from any other funds appropriated by this item. This condition does not limit the authority of the University of California to use non-state funds.
3. The University of California shall complete each project identified in the above schedule without any change to its scope. The scope of a project means, in this respect, the intended purpose of the project as determined by reference to the following elements of the budget request for that project submitted by the University of California to the Department of Finance: (a) the program elements related to project type, and (b) the functional description of spaces required to deliver the academic and supporting programs as approved by the Legislature.
4. Notwithstanding Section 2.00 of this act or any other provision of law, the appropriation made by this item is available for encumbrance during the 2000–01 and 2001–02 fiscal years, except that the funds appropriated for construction only must be bid during the 2000–01 fiscal year and will be

available for expenditure through 2001–02 and that the funds appropriated for equipment purposes are available for encumbrance until June 30, 2003. For the purposes of encumbrance, funds appropriated for construction management and project contingencies purposes, as well as any bid savings, shall be deemed to be encumbered at the time a contract is awarded; these funds also may be used to initiate consulting contracts necessary for management of the project during the liquidation period. Any savings identified at the completion of the project also may be used during the liquidation period to fund the purposes described in Provision 2 and Provision 5.

5. Identified savings in a budget for a capital outlay project, as appropriated by this item, remaining after completion of a capital outlay project and upon resolution of all change orders and claims, may be used without further approval: (a) to augment projects consistent with Provision 2, (b) to proceed further with the underground tank corrections program, (c) to perform engineering evaluations on buildings that have been identified as potentially in need of seismic retrofitting, (d) to proceed with the design and construction of projects to meet requirements under the federal Americans with Disabilities Act of 1990, or (e) to fund minor capital outlay projects.
6. No later than December 1 of each year, the University of California shall submit a report outlining the expenditure for each project of the funds appropriated by this item to the Chair of the Joint Legislative Budget Committee, the chairs of the fiscal committees of each house, the Legislative Analyst, and the Director of Finance. The report also shall include the following elements: (a) a statement of the identified savings by project, and the purpose for which the identified savings were used; (b) a certification that each project as proceeding or as completed, has remained within its scope and the amount funded for that project under this item; and (c) an evaluation of the outcome of the project measured against performance criteria.
7. None of the funds appropriated in Schedule (1) shall be expended or encumbered before January 1, 2001, unless the University of California, Ber-

California State University may proceed with any phase of any project identified in the above schedule, including preparation of preliminary plans, working drawings, construction, or equipment purchase, without the need for any further approvals.

2. The California State University shall complete each project identified in the above schedule within the total funding amount specified in the schedule for that project. Notwithstanding Section 13332.11 of the Government Code or any other provision of law, the budget for any project to be funded from the Higher Education Capital Outlay Bond Fund of 1998 may be augmented by the California State University within the total appropriation made by this item, in an amount not to exceed 10 percent of the amount appropriated for that project. No funds appropriated in this item for equipment may be used for an augmentation under this provision, or be augmented from any other funds appropriated by this item. This condition does not limit the authority of the California State University to use nonstate funds for these purposes.
3. The California State University shall complete each project identified in the above schedule without any change to its scope. The scope of a project means, in this respect, the intended purpose of the project as determined by reference to the following elements of the budget request for that project submitted by California State University to the Department of Finance: (a) the program elements related to project type, and (b) the functional description of spaces required to deliver the academic and supporting programs as approved by the Legislature.
4. Notwithstanding Section 2.00 of this act or any other provision of law, the appropriation made in this item is available for encumbrance during the 2000–01 and 2001–02 fiscal years, except that the funds appropriated for construction only must be bid during the 2000–01 fiscal year and will be available for expenditure through 2001–02, and funds appropriated for equipment purposes are available for encumbrance until June 30, 2003. For the purposes of encumbrance, funds appropri-

Any savings identified at the completion of the projects also may be used during the liquidation period to fund the purposes described in subdivisions (a), (b), (c), (d) and (e) of Provision 5.</p> <p>5. Identified savings in a budget for a capital outlay project, as appropriated by this item, remaining after completion of a capital outlay project and upon resolution of all change orders and claims, may be used: (a) to proceed further with the underground tank corrections program, (b) to perform engineering evaluations on buildings that have been identified as potentially in need of seismic retrofitting, (c) to proceed with the design and construction of projects to meet requirements under the federal Americans with Disabilities Act of 1990, (d) to fund minor capital outlay projects or (e) feasibility studies for capital outlay.</p> <p>6. No later than December 1 of each year, the California State University shall submit a report detailing the expenditure for each project of the funds appropriated by this item to the Chair of the Joint Legislative Budget Committee, the chairs of the fiscal committees of each house, the Legislative Analyst, and the Director of Finance. The report also shall include the following elements: (a) a statement of the identified savings by project, and the purpose for which the identified savings were used; (b) a certification that each project as proceeding or as completed, has remained within its scope and the amount funded for that project under this item; and (c) an evaluation of the outcome of the project measured against performance criteria.</p> <p>6610-490—Reappropriation, California State University. (1) Item 6610-001-0001, Budget Act of 1999 (Ch. 50, Stats. 1999)

Provisions:

1. Of the funds reappropriated in this item from Item 6610-001-0001, Budget Act of 1999 (Ch. 50, Stats. 1999), up to \$15,000,000 shall be available for the general support of the California State University. This \$15,000,000 limitation applies only to reappropriations generated from systemwide allocations. As of June 30, 2000, the balance generated from systemwide allocations in excess of \$15,000,000 shall revert to the General Fund.
2. The California State University shall, by September 30, 2000, report to the Department of Finance and the Joint Legislative Budget Committee the amount of the balance as of June 30, 2000, of Item 6610-001-0001 of the Budget Act of 1999 (Ch. 50, Stats. 1999), and a proposed expenditure plan for that balance. The California State University shall report by September 30, 2001, and September 30, 2002, on the expenditures made pursuant to this item.

Provisions:

1. The funds appropriated in Schedules (a), (b), (c), (d), (e), (f), (g), (i), (j), (m), (o), (p), (q), (r), (s), (v), and (y) are for transfer by the Controller during the 2000–01 fiscal year to Section B of the State School Fund.
2. Of the funds appropriated in Schedule (a), Apportionments, up to \$100,000 is for a maintenance allowance, pursuant to regulations adopted by the board of governors. Up to \$500,000 is to reimburse colleges for the costs of federal aid repayments related to assessed fees for fee waiver recipients. This reimbursement only applies to students who completely withdraw from college before the census date. \$37,500,000 is to provide equalization of district apportionments on a FTES basis and \$7,500,000 is to provide equalization of district apportionments on a program improvement basis.
3. Notwithstanding any other provision of law, \$25,017,000 of the funds appropriated in Schedule (b) shall be for allocation to community college districts in the 2000–01 fiscal year for the purposes of funding FTES in courses in basic skills, including English-as-a-second-language courses and workforce preparation courses for newly legalized immigrants, to the extent the total FTES claimed by a district for the 2000–01 fiscal year exceeds the level of total FTES funded for that district in the 2000–01 fiscal year. The Chancellor of the California Community Colleges shall develop criteria for allocating these funds.
4. (a) Of the amount appropriated in Schedule (b), up to \$8,589,000 shall be available as necessary upon certification by the Chancellor of the California Community Colleges for the purpose of funding community college-related and supplemental instruction pursuant to Section 3074 of the Labor Code as provided in Section 8152 of the Education Code. No community college district shall use funds available under this provision to offer any new apprenticeship training program or the

- expansion of any existing program unless the new program or expansion has been approved by the chancellor.
- (b) Notwithstanding Section 8152 of the Education Code, each 60-minute hour of teaching time devoted to each indentured apprentice enrolled in and attending classes of related and supplemental instruction as provided under Section 3074 of the Labor Code shall be reimbursed at the rate of four dollars and eighty-six cents (\$4.86) per hour. For purposes of this provision, each hour of teaching time may include up to 10 minutes for passing time and breaks.
5. Notwithstanding any other provision of law, the funds appropriated in Schedule (c) of this item shall only be allocated for growth in FTES, on a district-by-district basis, as determined by the Chancellor of the California Community Colleges.
 6. Funds provided in Schedule (d) are for the Partnership for Excellence Program established pursuant to Section 84754 of the Education Code. It is the intent of the Legislature that community college districts increase the level of instruction and student services provided to meet the system-wide goal for student transfer. The goal for the California Community Colleges is to increase the number of "transfer ready" students to provide enough applicants to increase by at least 6 percent annually the number of transfer students eligible to enroll at the University of California through the year 2005–06. The goal is also to increase the number of "transfer ready" students to provide enough eligible applicants to increase by at least 5 percent annually the number of transfer students eligible to enroll at the California State University through the year 2005–06. The community college districts shall also seek to increase the number of student transfers from low-transfer community colleges by an average of 15 percent annually.
 7. Of the funds appropriated in Schedules (b) and (e), the funds not required for the 2000–01 fiscal year to meet the demand for the programs funded under those schedules shall be made available on a one-time basis for general apportionment under

Item	Amount
<p>Schedule (a) of this item, provided that no transfer shall occur prior to May 15, 2001.</p> <p>8. Of the funds appropriated in Schedule (f), \$82,933,000 is for Extended Opportunity Programs and Services in accordance with Article 8 (commencing with Section 69640) of Chapter 2 of Part 42 of the Education Code. Of this amount \$6 million represents an augmentation and may only be allocated to serve 10,000 additional students over the number served in the 1999–2000 fiscal year. Funds provided in this item for Extended Opportunity Programs and Services (EOPs) shall be available to students on all campuses within the California Community College system, including those students on new campuses or in new districts. \$11,125,000 is for funding, at all colleges, the Cooperative Agencies Resources for Education (CARE) program in accordance with Article 4 (commencing with Section 79150) of Chapter 9 of Part 48 of the Education Code. The board of governors shall allocate funds on a priority basis and to local programs on the basis of need for student services.</p> <p>8.5. Of the funds appropriated in Schedule (f), at least \$5,000,000 shall only be available to increase the amount of grants to students for purchasing books. In addition, these funds shall not supplant the amount of resources used for book grants by the community colleges in Extended Opportunity Programs and Services.</p> <p>9. (a) The funds appropriated in Schedule (g) are for local assistance for funding the excess direct instructional cost of providing special support services or instruction, or both, to disabled students enrolled at community colleges, and for state hospital programs.</p> <p>(aa) Of the amount appropriated in Schedule (g), \$4,876,000 shall be used to address deficiencies identified by the federal Office of Civil Rights (OCR) as follows:</p> <p>(1) \$1,286,000 to provide access to print information to visually impaired students by creating and printing Braille versions of written materials. Of this amount \$689,000 for Braille printers and other production equipment are one-time costs.</p>

- (2) \$3,590,000 to provide accessibility to hearing impaired distance education students by having closed captioning on telecourses and other video and Internet related instructions. Of this amount \$1,070,000 for editing decks at each college are one-time costs.
- (b) Of the amount appropriated in Schedule (g) at least \$943,000 shall be used for support of the High Tech Centers for activities including, but not limited to, training of district employees, staff and students in the use of specialized computer equipment for the disabled. All High Tech Centers shall meet standards developed by the chancellor's office. Colleges that receive these augmentations shall not supplant existing resources provided to the centers.
- (c) Notwithstanding any other provision of law, of the funds appropriated in Schedule (g) of this item, \$1,529,000 shall be for state hospital adult education programs at the hospitals served by the Coast, Kern, and West Valley Community College Districts since the 1986–87 fiscal year. The amount provided includes the level of funding provided for these state hospital programs in the 1986–87 fiscal year, plus subsequent cost-of-living adjustments if provided. If adult education services at any of the three hospitals are not supported by the community colleges in the 2000–01 fiscal year, the associated funds shall, upon order of the Department of Finance, after 30 days' notice to the Chairperson of the Joint Legislative Budget Committee, be transferred to the State Department of Developmental Services (DDS). For any transfer of funds to DDS during the 2000–01 fiscal year, the Proposition 98 base funding levels for community colleges and DDS shall be adjusted accordingly.
10. The funds for the Fund for Student Success in Schedule (h), with the exception of the funds identified in subdivisions (c) and (d) of this provision, shall be used for competitive grants to increase student success based on an analysis of student outcomes. The funds used for these

grants shall be available for a limited duration, after which colleges shall institutionalize the programs within their budgets. The chancellor shall develop criteria for allocation of the competitive grants. Of the funds appropriated in Schedule (h):

- (a) \$1,000,000 shall be available for small planning grants of up to one year duration.
- (b) \$8,985,000 shall be available for the initial year of two or three year projects where the state share shall be no greater than 75% of the costs of the first year and no more than 25% in the last.
- (c) Up to \$4,244,000 is for the Puente Project. \$944,000 continues the 1999–2000 level of funding to support 40 colleges and is available if these funds are matched by \$100,000 of private funds and the participating community colleges and University of California campuses maintain their 1995–96 support level for the Puente Project. \$1,000,000 shall be used to expand the Puente Project to at least an additional 35 colleges. These funds will be subject to the same local match agreement as existing programs. These funds are not required to be allocated on a temporary basis and may be allocated on a permanent basis to support a Puente Project that meets the conditions of the Puente Project contract agreement. All funding shall be allocated directly to participating districts in accordance with their participation agreement.
- (d) Up to \$2,489,000 is for the Mathematics, Engineering and Science Achievement/Minority Engineering (MESA/MEP) Programs. These funds are not required to be allocated on a temporary basis and may be allocated on a permanent basis provided the conditions for receipt of funds continue to be met. For each dollar allocated, the recipient district shall provide one dollar in matching funds.
- (e) No less than \$1.8 million is reserved for expansion of middle colleges pursuant to the Governor’s initiative. Of the funds provided herein, the chancellor shall have the discre-

tion to extend the grant period beyond the normal pattern for the Fund for Student Success as necessary to meet the goals of the initiative.

- (f) With the exception of special part-time students at the community colleges pursuant to Section 48802 of the Education Code, student workload based on participation in the Middle College High School Program shall not be eligible for community college state apportionment.

As a condition of receipt of funds pursuant to subdivisions (a) and (b), colleges must submit to the chancellor's office a yearly report including: an expenditure plan, a progress report detailing number of students served, and the ability of the college to increase student success based on an analysis of student outcomes. It is the intent that the chancellor's office submit an annual report to the Legislature and Department of Finance by November 1, of each year. The report shall include an analysis of the programs funded at each campus, including the effects on student outcomes. The chancellor shall also identify any colleges which did not continue operation of the program after state funds have ceased and the reasons therefore.

11. The funds appropriated in Schedule (i) are for the purpose of assisting welfare recipient students and those in transition off of welfare to achieve long-term self-sufficiency through coordinated student services offered at community colleges including: work study; other educational related work experience; job placement services; child care services; and coordination with county welfare offices to determine eligibility and availability of services. All services funded in this schedule shall be for current CalWORKs recipients or prior CalWORKs recipients who are in transition off of cash assistance for no more than two years. Current cash assistance recipients may utilize these services until their initial educational objectives are met. Former recipients in transition off of cash assistance may utilize these services for a period of up to two years after leaving cash assistance subject to the conditions of this provision. These

funds shall be used to supplement and not supplant existing funds and services provided for CalWORKs recipients attending community colleges. The chancellor shall develop an equitable method for allocating funds to all districts and colleges based on the relative numbers of CalWORKs recipients in attendance and shall allocate funds for the following purposes:

- (a) Job placement.
- (b) Coordination with county welfare offices and other local agencies, including private industry councils, or local workforce investments boards.
- (c) Curriculum development and redesign.
- (d) Child care and work study.
- (e) Instruction.
- (f) Postemployment skills training and related skills.

Of the amount appropriated in Schedule (i) of this item, at least \$49,500,000 shall be allocated for the purposes identified in subdivision (a) and (d) of this provision and, of this amount, not less than \$15,000,000 shall be for child care. Funds utilized for subsidized child care shall be for children of CalWORKs recipients through campus-based centers or parental choice vouchers at rates and with rules consistent with those applied to related programs operated by the State Department of Education, including parental contribution schedules. Subsidized campus child care for CalWORKs recipients may be provided during the period they are engaged in qualifying state and federal work activities through attainment of their initial education and training plan and for up to three months thereafter or until the end of the academic year, whichever period of time is greater.

Funds utilized for work study shall be used solely for payments to employers that currently participate in campus-based work-study programs or are providing work experiences that are directly related to and in furtherance of student educational programs, provided that those payments may not exceed 75 percent of the wage for the work study positions; the employers shall pay at least 25 percent of the wage for the work study position. These funds may be expended

only if the total hours of education, employment, and work study for the student are sufficient to meet both state and federal minimum requirements for qualifying work-related activities.

The balance of funds allocated for (a) and (d) of this provision shall provide either job placement, instructional services, work study or child care for CalWORKs students. Funds can be used to provide credit or noncredit classes for CalWORKs students if a district has committed all of its funded FTES and is unable to offer the additional instructional services to meet the demand for CalWORKs students. This determination shall be based on fall enrollment information. Districts shall make application to the chancellor's office by October 15. If the chancellor approves the use of funds for direct instructional workload, the chancellor's office shall submit a report to the Joint Legislative Budget Committee by November 15, 2000, that (a) identifies the enrollment of new CalWORKs students, (b) states whether and why additional classes were needed to accommodate the needs of CalWORKs students, and (c) sets forth an expenditure plan for the balance of funds.

As a condition of receipt of the funds appropriated in Schedule (i), by the fourth week following the end of the semester or quarter term commencing in January 2001, each participating community college shall submit to the chancellor's office a report, in the format specified by the chancellor, in consultation with the Department of Social Services, that includes but may not be limited to the funded components, the number of hours of child care provided, average monthly enrollment of CalWORKs dependents served in child care, the number of work study hours provided, the hourly salaries and type of jobs, the number of students being case managed, the short-term programs available, student participation rates, and other outcome data. It is intended that, to the extent practical, reporting from colleges utilize data gathered for federal reporting requirements at the state and local level. Further, it is intended that the chancellor's office compile the information for annual reports to the Legislature, the Governor, the Legislative

Analyst, and the Departments of Finance and Social Services by October 15 of each year as specified in the annual Budget Act.

First priority for expenditures of any funds appropriated in Schedule (i) shall be in support of current CalWORKs recipients. However, if caseloads are insufficient to fully utilize all of the funding in this schedule in a cost beneficial way, it is intended that up to \$10,000,000 may be allocated for providing postemployment services to former CalWORKs recipients who have been off of cash assistance for no longer than two years to assist them in upgrading skills, job retention, and advancement. Allowable services include direct instruction that cannot be funded under available growth funding, child care to support attendance in these classes consistent with this provision, job development and placement services, and career counseling and assessment activities which cannot be funded through other programs. Child care services may only be provided for periods commensurate with a student's need for postemployment training within the two-year transitional period.

Prior to allocation of funds for post-employment services, the chancellor shall first secure the approval of the Department of Finance for the allocations; complete a cumulative report on the outcomes, activities, and cost effectiveness of the program no later than October 15, 2000, in compliance with the Budget Acts of 1998 and 1999 (Ch. 324, Stats. 1998 and Ch. 50, Stats. 1999) and this act, and shall provide the rationale and justification for the proposed allocation of postemployment services to districts for transitional students.

12. Of the funds appropriated in Schedule (b) \$8,000,000 is to fund additional fixed, variable, and one-time costs for providing support services and instruction for CalWORKs students which include but are not limited to: job placement and coordination; curriculum development and redesign; child care and work study; and instruction. As a condition for funding, colleges are required to submit a plan to the chancellor's office on how the funds will be utilized which shall be based on collaboration with county wel-

13. Nonfederal funds appropriated in Schedules (b) and (i) of this item have been budgeted to meet the state's Temporary Assistance for Needy Families maintenance of effort requirement pursuant to the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (Public Law 104-193) and may not be expended in any way that would cause their disqualification as a federally allowable maintenance of effort expenditure.
 14. The funds in Schedule (j) of this item shall be allocated to provide foster parent training. Funds shall be allocated in such a manner as to ensure priority for training required by Chapter 1016, Statutes of 1996. Districts shall make services available to foster parents to satisfy the requirements of Chapter 1016 of the Statutes of 1996 as a first priority. Remaining funds may be used for services to foster child relative caretakers and for additional parenting skills, thereafter.
 15. The funds provided in Schedule (fx) of this item are for the purpose of initiating the Governor's Community College Teacher and Reading Development Partnerships grants initiative designed to both encourage promising students to pursue a career in teaching through development of an articulated internship program with school districts and California State University institutions and to assist elementary school pupils develop improved reading skills. Acceptance of grants shall constitute concurrence by the district to collect and provide all information specified by the chancellor. The board of governors shall implement the program in accordance with the plan approved by the Office of the Secretary of Child Development and Education.
 17. (a) The funds appropriated in Schedule (m) are for the purpose of student matriculation, as specified in Article 1 (commencing with Section 78210) of Chapter 2 of Part 48 of the Education Code.

Item	Amount
<p>(b) Of the amount appropriated in Schedule (m), an amount equal to 15.64 percent of that amount shall be allocated to community college districts on a one-to-one matching fund basis to provide matriculation services to include, but not be limited to, orientation, assessment, and counseling for students enrolled in designated noncredit classes and programs who may benefit most, as determined by the Chancellor of the California Community Colleges pursuant to Sections 78216 to 78218, inclusive, of the Education Code.</p>	
<p>18. (a) \$15,600,000 of the funds provided in Schedule (s) shall be for the purpose of providing allocations to all districts. It is the intent that colleges receiving these funds shall maintain all of the capabilities specified in the Budget Acts of 1996 through 1999 for the Telecommunications and Technology Infrastructure program. The funds appropriated in this item shall be allocated by the chancellor, shall not supplant existing funds used for technology and networking purposes, and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. It is the intent that this allocation shall enable further development of networks. Therefore, colleges shall match maintenance and ongoing costs with other funds, after installation, for the following required purposes: (1) maintenance of communication lines, software and other costs associated with connecting to the collaborative California State University/California Community College telecommunications wide area network (4C Net); (2) video conference connectivity, transport, maintenance, and training; (3) local planning and development for improving library technology including library automation, connections to college local area networks and connections to external data bases; (4) digital satellite systems and the following optional purposes: (A) the development, expansion, and maintenance of local area networks both within and between buildings:</p>

(B) development, expansion, and maintenance of districtwide wide area networks for interconnecting multiple campuses and off-campus centers within a district; and (C) implementation of local technology applications that are intended to improve student learning and other services.

The chancellor shall allocate the \$15,600,000 by providing \$124,416 for each of the 109 colleges and \$45,000 for each of the 20 governing sites that are not colocated with the colleges. \$1,138,650 of that amount shall be used to fund three new colleges and three new district sites with one-time startup costs of \$289,775 per college and \$89,775 per district site. New colleges are not eligible for ongoing and one-time funds until accreditation. If accreditation does not occur in the 2000–01 year, the funds are to be distributed evenly among the remaining colleges. All provisions related to technology standards and telecommunication plans as specified in Provision 17(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) and Provision 14(a) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1997 (Ch. 282, Stats. 1997), shall apply.

- (b) \$14,700,000 of the funds provided in Schedule (s) of this item shall be for the purpose of supporting technical and application innovations and for coordination of activities that serve to maximize the utility of the technology investments of the community college system toward improving learning outcomes. Allocations shall be made by the chancellor, based on criteria and guidelines as developed by the chancellor, on a competitive basis through the RFA/RFP application process as follows:
- (1) At least \$700,000 shall be available for technical and application pilot projects that improve intercollege relationships in the areas of: (a) learning and instructional services; (b) student services; and (c) administrative services, however not

- more than 25 percent of the amount shall be allocated for this purpose.
- (2) All provisions as specified in Provision 17(b)(2) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply to Provision (1) above.
 - (3) Not more than \$12,000,000 shall be available for centers to provide regional coordination for technical assistance and planning, cooperative purchase agreements, and faculty and staff development. All other provisions as specified in Provision 17(b)(3) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996) shall apply. \$4.0 million of the increase from the 1999–2000 fiscal year for this subdivision is intended to fund the segment’s share of upgrading the 4C Net backbone from an OC-3 to an OC-12 Network and shall be matched dollar for dollar by the CSU. If this condition is not met, the chancellor shall report the reasons the expenditure should still be made on any other use of the funds using the reporting provisions of the Section 28.00 process. \$2.3 million of the increase from the 1999–2000 fiscal year is for the development and implementation of a systemwide audio bridging and telephony capability of the 4C Net backbone to facilitate collaboration of faculty, students, and staff in instruction, student services, and shared governance activities.
 - (4) \$2,000,000, or as much as necessary, shall be available for a statewide digital uplink for the purpose of delivering statewide satellite services to system colleges and districts related to instruction, student support, and administration.
- (c) \$14,000,000 of the funds provided in Schedule (s), shall be for allocations to community college districts to fund faculty and staff training in the use of technology to assist

learning (including distance education and online courses), expand access, and contribute to student success. The chancellor shall develop an allocation formula that reflects the number of faculty and provides a minimum grant for small sites. The disbursement of funds shall be contingent upon inclusion of a satisfactory staff development component by each district within its telecommunications and technology use plan, as specified by the chancellor. Districts may not use these funds to supplant existing training and staff development efforts related to technology; the chancellor shall ensure that these funds are used for additional training and development in the use of technology. The use of technology training allocations shall be included in reports required for this program.

- (d) The chancellor shall submit an annual report to the Legislative Analyst, the budget and fiscal committees of the Legislature, and the Department of Finance no later than November 1, 2000, identifying any changes to the standards developed pursuant to the control provisions for this program in the Budget Act of 1997 (Ch. 282, Stats. 1997), the status of the implementation of the telecommunication and technology infrastructure program to date and any additional needs, including the reasons therefore.
19. The funds provided in Schedule (t) of this item shall be available for grants to districts to fund California Virtual University distance education centers, for instructing faculty in teaching courses online, and other expenses for conversion of courses for distance education. The funds appropriated in this item shall not supplant existing funds and shall be subject to established fiscal controls, annual reporting and accountability requirements specified by the chancellor. The chancellor shall develop criteria for the allocation of these funds. As a condition of receipt of the funds, colleges are required to submit to the chancellor's office reports in a format specified by the chancellor sufficient to document the value and productivity of this program including

but not limited to numbers and nature of courses converted, and the amount of distance education instructional workload services provided as a result of these courses. It is intended that the chancellor's office further develop the reporting criteria for participating colleges and submit that for review along with an annual progress report on program implementation to the Legislative Analyst, the Secretary of Child Development and Education, and the Department of Finance no later than November 1, 2000, for review and comment.

- 19.5. Funds appropriated in Schedule (ux) shall be available on a full-time equivalent student basis to districts for the expansion of Associate Degree Registered Nursing programs. The chancellor's office shall allocate funding to encourage districts to expand high cost programs to address current student demands and workplace needs and to increase the number of graduates in the most expeditious manner possible. The chancellor's office shall submit progress reports to the Senate and Assembly Budget Committees, the Department of Finance, and the Joint Legislative Budget Committee by March 15, 2001, and November 15, 2001, to report on the status of implementation for the expansion of nursing programs.
20. Of the funds provided in Schedule (v) of this item for the Economic Development Program:
 - (a) No more than \$17,536,000 shall be allocated for grants for regional business resources assistance and innovation Network Centers.
 - (b) No less than \$16,387,000 shall be allocated for Industry Driven Regional Education and Training Collaboratives. These grants shall be made on a competitive basis and the award amounts shall not be restricted to any predetermined limit, but rather shall be funded on their individual merits.
 - (c) No more than \$4,149,000 shall be allocated for statewide network leadership, organizational development, coordination, information and support services, or other program purposes.
 - (d) \$5 million shall be available for Job Development Incentive Training programs fo-

- (e) No more than \$2.1 million shall be allocated for 17 Mexican International Trade Centers established pursuant to Section (a) of Ch. 959, Statutes of 1999.
- (f) The following provisions apply to the expenditure of funds within subdivisions (a) and (b) above: Funds allocated for centers and regional collaboratives shall seek to maximize the use of state funds for subdivisions (g) through (j) of Section 15379.653 of the Government Code. Funds allocated to districts for purposes of subdivisions (g) and (i) of Section 15379.653 of the Government Code for performance-based training and student internships shall be matched by a minimum of one dollar of private business and industry funding for each one dollar of state funds. Funds allocated for purposes of subdivision (h) of Section 15379.653 of the Government Code for credit and noncredit instruction may be transferred to Schedules (a) or (c) to facilitate distribution at the chancellor's discretion. Any funds that become available from Network Centers due to savings, discontinuance or reduction of amounts shall first be made available for additional allocations in subdivision (b) above to increase the level of subsidized training otherwise available.
- (g) Funds allocated by the board of governors under this provision shall not be used by community college districts to supplant existing courses or contract education offerings. The chancellor shall ensure that funds are spent only for expanded services and shall implement accountability reporting for districts receiving these funds to ensure that training, credit, and noncredit programs remain relevant to business needs. Programs that do not demonstrate continued relevance

and support by business shall not be eligible for continued funding. The board of governors shall consider the level of involvement and financial commitments of business and industry as primary factors in making awards. The chancellor shall incorporate grant requirements into its guidelines for audits of Economic Development grants.

- (h) If the reports provided for in Provision 20(g) of Item 6870-101-0001 of the Budget Act of 1999 (Ch. 50, Stats. of 1999) have not been completed and approved by the agencies specified to receive those reports, the chancellor shall report by September 1, 2000, on the reasons for delay and, if agreement on new measures has not been reached, a revised set of measures which addresses the concerns of those agencies shall be provided for their review and approval.
21. Of the funds appropriated in Schedule (w), \$589,000 is for Project Assist, \$835,000 is for the California Articulation Number (CAN) system, \$550,000 is for faculty articulation workshops through fiscal year 2004–05, and \$1,905,000 is for clarification of the general education requirements and certification process through fiscal year 2000–01.
 22. The funds appropriated in Schedule (x) of this item shall be distributed by the Chancellor of the California Community Colleges to community college districts on a project-by-project basis based on priority of need for the project. As a condition of receiving these funds, a district shall certify that it will increase its operations and maintenance spending from 1995–96 fiscal year actual levels by the amount of the allocation plus an amount to be provided from district discretionary funds equivalent to \$1 for each \$1 of state funds. The chancellor may waive all or a portion of the matching requirement, case-by-case, based upon a review of a district's financial condition. The question of whether a district has complied with its resolution shall be reviewed under the annual audit of that district.
 23. The funds appropriated in Schedule (y) are available for the purpose of providing community

college districts with funds to replace high priority instructional equipment, and library materials. The Chancellor of the California Community Colleges shall allocate these funds on the basis that, for every \$3 of funds allocated from Schedule (y) of this item, the recipient district shall provide \$1 in matching funds. These funds shall not be used for personal services costs or operating expense.

Of the funds appropriated in Schedule (y), \$5 million is available only to institute competitive matching grants for workforce development instructional equipment based on the ability of the grant to leverage the best industry match, at a minimum \$1 industry for every \$2 allocated by the state. Up to 10% of these grants may be authorized for staff training in the use of new equipment.

24. Of the funds appropriated in Schedules (x), (y) and (z) of this item, the Chancellor of the California Community Colleges shall have the discretion to transfer funds among these schedules to fund the highest infrastructure priorities of the system. Funds from Schedules (x) and (z) of this item may be used to fund architectural barrier removal projects that meet the requirements of the federal Americans with Disabilities Act of 1990 and seismic retrofit projects limited to \$400,000. Districts that receive funds for architectural barrier removal projects shall provide a \$1 match for every \$1 provided by the state. The amounts in Schedule (x) shall be available for expenditure until June 30, 2002.
25. Pursuant to Sections 69648.5, 78216, and 84850 of the Education Code, the Board of Governors of the California Community Colleges may allocate funds appropriated in Schedules (f), (g), and (m) of this item by grant or contract, or through the apportionment process, to one or more districts for the purpose of providing program evaluation, accountability, monitoring, or program development services, as appropriate under the applicable statute.

 - (g) The purchase of loan assumptions under Article 5.5 (commencing with Section 69618) of Chapter 2 of Part 42 of the Education Code.
 - (h) New and renewal Cal Grant awards in amounts not to exceed award levels comparable to those in effect for the 1999–00 award year except as otherwise provided by law.
2. If federal trust funds for the 2000–01 fiscal year exceed budgeted levels, the funds appropriated shall, to the extent allowable by federal law, be reduced on a dollar-for-dollar basis.
3. Eligibility for money appropriated by this item is limited to students who demonstrate financial need according to the nationally accepted needs analysis methodology, who meet other Student Aid Commission eligibility criteria, and whose income or family's gross income does not exceed \$74,100 for the purposes of determining recipients for the 2000–01 award year.
4. Notwithstanding any other provision of law, of the amount appropriated in Schedule (a), \$76,600,000 shall be used to increase the number

of new Cal Grant awards above the number awarded in 1999–00. These funds shall be used to provide approximately 9,281 new Cal Grant A awards, 9,281 new Cal Grant B awards, and 3,987 new Cal Grant C awards; or a different number of awards as determined by the Student Aid Commission to be consistent with the funding provided in this item for new Cal Grant A, Cal Grant B, and Cal Grant C awards. Of the amount in this provision, \$16,900,000 is contingent on the enactment of legislation that becomes effective on or before January 1, 2001, revising the Cal Grant program to reflect the level of awards anticipated by this provision. If that legislation is not enacted, the \$16,900,000 shall revert to the General Fund. If legislation is enacted that requires some lesser amount than provided in this provision, the Director of Finance shall determine the appropriate amount to be reverted to the General Fund, and shall certify the amount to the Controller's office.

5. Notwithstanding any other provision of law, of the amount appropriated in Schedule (a), \$2,200,000 shall be available to increase to \$9,703 the maximum award for new recipients attending private and independent institutions.
6. Notwithstanding any other provision of law, of the amount appropriated in Schedule (a), \$11,500,000 shall be used to increase the maximum Cal Grant A, Cal Grant B, Cal Grant C, and Cal Grant T awards to cover approximately one-half of campus-based fees for all recipients attending the California State University and the University of California; \$45,300,000 shall be used to increase the Cal Grant B subsistence award for all recipients to \$2,322; \$3,400,000 shall be used to increase the maximum Cal Grant C award for new recipients to \$3,659; and \$1,200,000 shall be used to increase the Cal Grant C book and supply award for all recipients to \$810. These funds are contingent on the enactment of legislation that becomes effective on or before January 1, 2001, revising the program to reflect the level of benefits anticipated by this provision. If legislation is enacted that requires some lesser amount than provided in this provision, the Director of Finance shall determine the appropriate amount to be reverted to the General Fund,

6. The funds appropriated by this item are for one-time grants to museums and cultural institutions to provide educational services to public school students and for one-time grants to museum and cultural institutions for capital outlay. In making this appropriation, it is the intent of the Legislature to provide a simple system for allocating funds to museums and cultural institutions that ensures accountability of public funds. It is not the intent of the Legislature to establish an ongoing system of local assistance for museums and cultural institutions.	
7. (a) For purposes of this item, educational services may include teacher training, curriculum development, schoolsite presentations or workshops, distance learning, and reduced price or free admissions. No funds appropriated by this item may be expended for hiring of permanent staff, purchase of vehicles, or the general operating expenses of these museums. Funds appropriated by this item shall be used to supplement, and not supplant, current funding for educational services for public school students from other funding sources.	
(b) On or before November 1, 2000, each museum and cultural institution shall submit to the California Arts Council a detailed expenditure plan on the proposed uses of the funds appropriated to it by this item for educational services. Notwithstanding Section 2.00 of this act, funds appropriated in this item for educational services may be expended only for educational services provided from July 1, 2000, to June 30, 2003, inclusive.	
(c) The California Arts Council shall review and approve each expenditure plan to ensure that (1) funds are proposed to be expended for educational purposes consistent with paragraph (a) of this provision and (2) the expen-

eybees. These entities shall also suggest measures that, in their opinion, would reduce possible harm to public health and the environment while effectively and expeditiously managing this pest threat. This input shall be provided with sufficient lead-time prior to January 1, 2001, for the effective use of the information. After receiving this consultation, the department shall consider refinements to the program based upon the information provided and the guiding principle of least possible harm to public health and the environment while effectively and expeditiously managing this pest threat. In making its recommendations, the task force shall recognize that time is of the essence. Delays in offering suggestions to the department to deal with this emergency will increase the financial, environmental, and public health impact of the pest and those of any management program.

- (b) The department shall hold at least one duly noticed public meeting in the region in which any application of pesticides will take place, in order to provide the public with notice and an opportunity to review and comment on the application.
- (c) The department shall ensure that all pesticide applications result in the least harm to public health and the environment, including the application of the least-toxic pesticide, while effectively and expeditiously combating Pierce's Disease and its vectors.
- (d) The department shall review each Pierce's Disease Workplan submitted by a local public entity in light of the information provided pursuant to subparagraph (a) of this provision and work with the local entity to refine and update the work plan in accordance with subparagraph (a) of this provision. Treatment programs undertaken by the department and/or local public entities shall follow all applicable laws and regulations, and shall be conducted in an environmentally responsible manner while effectively and expeditiously combating Pierce's Disease and its vectors.

Provisions:

1. The funds appropriated for the augmentation for contingencies or emergencies are to be expended only on written authorization of the Department of Finance for contingencies or emergencies.
2. Contingencies, within the meaning of these funds, are defined as proposed expenditures arising from unexpected conditions or losses for which no appropriation, or insufficient appropriation, has been made by law and which, in the judgment of the Director of Finance, constitute cases of actual necessity. Emergencies, within the meaning of this item, are defined as expenditures incurred in response to conditions of disaster or extreme peril which threaten the health or safety of persons or property within the state.
3. Emergency and contingency expenditure authorizations and deficiency expenditure authorizations shall be limited to purposes which have been specifically approved by the Legislature in Budget Acts or other legislation, except that not more than \$500,000 of each fund may be expended for purposes for which no such specific prior authorizations exist.
4. Authorizations for expenditures or deficiency expenditures arising from a contingency shall become effective no sooner than 30 days after notification in writing to the Joint Legislative Budget Committee, or no sooner than such lesser time as the committee, or its designee, may in each instance determine.
5. For expenditure authorizations or deficiency expenditure authorizations arising from an emergency, the Director of Finance shall file with the Joint Legislative Budget Committee, within 10 days after approval, copies of all executive orders for emergency-related encumbrance or expenditure authorizations, stating the reasons for, and the amount of, all such authorizations, except that any emergency augmentation from this item to any program in excess of 10 percent of the amount authorized for expenditure in the 2000–01 fiscal year for such program shall become effective no sooner than 30 days after notification in writing to the Joint Legislative Budget Committee or no sooner than such lesser time as the committee, or its designee, may in each instance determine, ex-

GENERAL SECTIONS
STATEWIDE

SEC. 3.00. Whenever herein an appropriation is made for support, it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency for which the appropriation is made.

Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of

salaries in effect on June 30, 2000, for the state officers whose salaries are specified by statute.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs, and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of the property.

Whenever herein an appropriation is made in accordance with a schedule set forth after the appropriation, the expenditures from that item for each category, program, or project included in the schedule shall be limited to the amount specified for that category, program, or project, except as otherwise provided in this act. Each schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to the schedules "category", "program", or "project" means a class of expenditure such as, but not limited to:

(a) "Personal services," which shall include all expenditures for payment of officers and employees of the state, including: salaries and wages, workers' compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of the Law in Item 6600-001-0001 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the Public Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but do not include compensation of independent contractors rendering personal services to the state under contract.

(b) "Operating expenses and equipment," which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), departmental services (services provided by other organizational units within a department, including indirect distributed costs), and all other proper expenses.

(c) "Preliminary plans" are defined as a site plan, architectural floor plans, elevations, outline specifications, and a cost estimate. For each utility, site development, conversion and remodeling project, the drawings shall be sufficiently descriptive to accurately convey the location, scope, cost, and the nature of the improvement being proposed.

(d) “Working drawings” are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of these drawings.

(e) “Construction,” when used in connection with a capital outlay project, shall include all such related things as fixtures, installed equipment, auxiliary facilities, contingencies, project construction, management, administration and associated costs.

(f) “Minor projects” include planning, working drawings, construction, improvements, and equipment projects not specifically set forth in the schedule.

(g) “Programs” include all expenditures, regardless of category, required to carry out the objectives of the named activity.

For the purpose of further interpreting the meaning of the words, terms and phrases, and uniform codes used in the schedules, reference is hereby made to those documents entitled, “State of California Governor’s Budget for 2000–01,” submitted by the Governor to the Legislature at the 2000 portion of the 1999–00 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 and following of the Government Code, the Uniform Codes Manual, and the appropriate portions thereof. The Department of Finance shall establish interpretations necessary to carry out the provisions of this section and shall furnish the same to the State Controller and to every state agency to which appropriations are made under this act.

SEC. 3.50. Whenever herein an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, there shall be charged to the appropriation from which salaries and wages are paid: workers’ compensation, compensation paid to employees on approved leave of absence on account of sickness, unemployment compensation benefits, industrial disability leave and payments, nonindustrial disability benefits and payments, the administrative costs of the Merit Award Program provided by Section 19823 of the Government Code, the state’s contribution to the Public Employees’ Retirement Fund as provided by Sections 20822 and 20824 of the Government Code, the state’s contribution to the Teachers’ Retirement Fund as provided by Sections 22950, 22951, and 23000 of the Education Code, the state’s contribution to the Old Age and Survivors Insurance Revolving Fund as provided by Sections 20862 and 20863 of the Government Code, the state’s contribution to the Old Age and Survivors Insurance Revolving Fund for payment of hospital insurance taxes imposed by the Internal Revenue Code, the state’s contribution to the Public Employees’ Contingency Reserve Fund, the state’s contribution for the cost of health benefits plans as provided by Sections 22825.1, 22828 and 22829 of

the Government Code, and the state’s contribution for costs of other employee benefits and the administrative costs associated with the provision of benefits established by any state agency legally authorized to negotiate and set salary and benefit levels.

As of the effective date of this act, the state’s contributions as provided by Sections 22825.1, 22828 and 22829 of the Government Code and for costs of any other employee benefits and the administrative costs associated with the provisions of these benefits established by any state agency legally authorized to negotiate and set salary and benefit levels for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20822, 20824, 20862, 20863, 22825.1, 22828, and 22829 of the Government Code and by Sections 22950, 22951, and 23000 of the Education Code, shall continue to be available for expenditure, and shall be charged for any expenditure that is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20822, 20824, 20862, 20863, 22825.1, 22828, and 22829 of the Government Code, contributions required for payment of the hospital insurance tax, and upon certification by the Board of Administration of the Public Employees’ Retirement System as required by Section 20826 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees’ Retirement Fund and the Old Age and Survivors Insurance Revolving Fund the amounts of contributions.

SEC. 3.60. (a) Notwithstanding any other provision of law, the employers’ retirement contributions for the 2000–01 fiscal year that are chargeable to an appropriation made in this act, with respect to each state officer and employee who is a member of the Public Employees’ Retirement System (PERS) and who is in that employment or office, including university members as provided by Section 20751 of the Government Code, shall be the percentage of salaries and wages by state member category as follows:

Miscellaneous, First Tier.....	0.000%
Miscellaneous, Second Tier.....	0.000%
State Industrial	0.026%
State Safety	6.808%
Highway Patrol	13.711%
Peace Officer/Firefighter.....	2.729%

The Department of Finance may adjust amounts in any appropriation item, or in any category thereof, in this act as a result of changes from amounts budgeted for employer contribution for 2000–01 fiscal year retirement benefits.

(b) Notwithstanding any other provisions of law, the Department of Finance shall require retirement contributions computed pursuant to subdivision (a) to be offset by the Controller with surplus funds in the Public Employees' Retirement Fund, employer surplus asset accounts.

(c) Notwithstanding any other provision of law, for purposes of calculating the "appropriations subject to limitation" as defined in Section 8 of Article XIII B of the California Constitution, the appropriations in this act shall be deemed to be the amounts remaining after the reductions required by subdivisions (a) and (b) are made.

(d) Pursuant to Section 20163 of the Government Code, PERS shall credit the state's 2000–01 retirement contribution by the overpayment of the state's 1999–00 retirement obligation plus interest. The calculation of interest shall include (1) interest on the overpayment and (2) interest on the amount owed but paid in advance of the standard schedule of paying one quarter in arrears. Interest shall be calculated from September 30, 1999, to September 30, 2000, and adjusted on December 31, 1999, March 31, 2000, and June 30, 2000, for the contribution amount that would have been paid if not paid in advance. Interest shall be calculated using the current Pooled Money Investment Account rate.

To the extent that the state's total 2000–01 retirement contribution is less than the amount to be credited, as calculated pursuant to this paragraph, PERS shall fully credit the state's 2000–01 retirement obligation and repay the balance of the overpayment to the state no later than June 30, 2001.

SEC. 4.20. Notwithstanding any other provision of law, the employer's contributions to the Public Employees' Contingency Reserve Fund, as required by Section 22826 of the Government Code, shall be 0.5 percent of the gross health insurance premiums paid by the employer and employee for administrative expenses.

SEC. 4.60. Notwithstanding any other provision of law, the Department of Finance shall augment any item of appropriation in Section 2.00 of this act, as appropriate, to fund the costs of increased rent in state office buildings, no sooner than 30 days after notification in writing to the Joint Legislative Budget Committee, or no sooner than a lesser time that the committee, or its designee, may in each instance determine.

SEC. 4.80. In the event bonds authorized for issuance by the State Public Works Board are not sold and interim financing costs for: (1) preconstruction activities or (2) construction activities performed by departmental staff or inmate day labor have been incurred, departments that have incurred those costs shall commit a sufficient portion of their support appropriations to repay such interim financing costs. It is the intent of the Legislature that this commitment shall be included in future Budget Acts until outstanding loans are repaid either through the sale of bonds or from an appropriation.

SEC. 5.25. (a) Payment of the attorney fees specified below arising from actions in state courts against the state, its officers, and officers and employees of state agencies, departments, boards, bureaus,

or commissions, shall be paid from items of appropriation in this act that support the state operations of the affected agency, department, board, bureau, or commission:

(1) state court actions filed pursuant to Section 1021.5 of the Code of Civil Procedure, the “private attorney general” doctrine, or the “substantial benefit” doctrine, or for

(2) writ of mandate actions filed pursuant to Section 10962 of the Welfare and Institutions Code.

(b) Expenditures pursuant to subdivision (a) shall be made by the State Controller, subject to the approval of the Department of Finance, and shall be charged to the fiscal year in which the disbursement is issued.

(c) No payment shall be made by the State Controller for expenditures pursuant to subdivision (a) except in full and final satisfaction of the claim, settlement, compromise, or judgment for attorney’s fees incurred in connection with a single action.

(d) The Director of Finance shall notify the Chairperson of the Joint Legislative Budget Committee, the Chairperson of the Senate Committee on Budget and Fiscal Review, and the Chairperson of the Assembly Budget Committee pursuant to Section 27.00 of this act when there are insufficient funds appropriated in this act in support of the state operations of the affected agency, department, board, bureau, or commission to satisfy the claim completely.

SEC. 6.00. No more than \$100,000 of the funds appropriated for support purposes under Section 2.00 or any other sections of this act may be encumbered for preliminary plans, working drawings, or construction of any project for the alteration of a state facility unless the Director of Finance determines that the proposed alteration is critical and that it is necessary to proceed using funds appropriated for support purposes. The maximum cost of any such project shall not exceed \$400,000, and any approved critical project costing more than \$100,000, but not greater than \$400,000, shall be reported to the Chairperson of the Joint Legislative Budget Committee or his or her designee, not less than 30 days prior to requesting bids for the project. The report shall detail those factors that make the project so critical that it must proceed using support funds.

SEC. 8.50. (a) In making appropriations to state agencies that are eligible for federal programs, it is the intent and understanding of the Legislature that applications made by the agencies for federal funds under federal programs shall be for the maximum amount allowable under federal law. Therefore, any amounts received from the federal government are hereby appropriated from federal funds for expenditure or for transfer to, and disbursement from, the State Treasury fund established for the purpose of receiving the federal assistance subject to any provisions of this act that apply to the expenditure of these funds, including Section 28.00 of this act.

(b) However, if federal funds for block grant programs assumed by the state or for any item receiving federal funds are reduced by more

than 5 percent of the amount appropriated in this act, the Director of Finance shall notify the chairperson of the committee in each house which considers appropriations, and the Chairperson of the Joint Legislative Budget Committee, in writing within 30 days after notification by the federal government that federal funds have been reduced, and shall include an estimate of the amount of the available or anticipated federal funds, the 2000–01 fiscal year expenditures of each program affected by the reduction, the effect of reduced funding on service levels authorized by this act, and a plan of reduced expenditures for each program affected by the reduction. The plan shall be operational on an interim basis for up to 45 days pending legislative review, after which time the plan shall become permanent.

SEC. 8.51. Each state agency shall, by certification to the State Controller, identify the account within the Federal Trust Fund when charges are made against any appropriation made herein from the Federal Trust Fund.

SEC. 9.20. Notwithstanding Section 15860 of the Government Code, the amount of funds expended for administrative costs associated with any appropriation contained in this act for acquisition of property pursuant to the Property Acquisition Law shall be limited to the amount specified for those costs in the Supplemental Report of the Budget Act of 2000. Amounts for administrative costs may be augmented by no more than 5 percent by the State Public Works Board. Notwithstanding the foregoing, any amounts needed for administrative costs associated with acquisition through the condemnation authority of the State Public Works Board shall be provided through augmentation of the affected appropriations as authorized by existing law.

SEC. 9.30. In the event that federal courts issue writs of execution for the levy of state funds and such writs are executed, the State Controller shall so notify the Department of Finance. The Department of Finance shall then notify the State Controller of the specific appropriation or fund to be charged. Federal writs of execution for the levy of state funds may only be charged against appropriations or funds having a direct programmatic link to the circumstances under which the federal writ was issued. If the appropriate department or agency no longer exists, or no linkage can be identified, the federal writ shall be charged to the unappropriated surplus of the General Fund. In the event that an appropriation in the act is made deficient by such a charge, funding augmentations must follow the regular budget processes including Section 27.00 of the Budget Act. However, the 30-day notification requirement is waived for payments mandated by federal courts.

SEC. 9.50. For minor capital outlay projects for which, pursuant to Sections 10108 and 10108.5 of the Public Contract Code, the services of the Department of General Services are not required and a state agency or department is authorized to carry out its own project, the amount of the unencumbered balance of the project shall be determined in accordance with Section 14959 of the Government Code. Upon re-

ceipt of bids for the project, an estimate of any amount necessary for the completion of the project, including supervision, engineering, and other items, if any, shall be deemed a valid encumbrance and shall be included with any other valid encumbrance in determining the amount of an unencumbered balance.

SEC. 11.00. (a) A state agency to which state funds are appropriated by one or more statutes, including this act, for an information technology project may not enter into one or more contracts, or agree to one or more contract amendments, in the 2000–01 fiscal year that result, in the aggregate, in an increase in the budgeted cost of the project exceeding five hundred thousand dollars (\$500,000), or 10 percent of the budgeted cost of the project, whichever is less, unless the approval of the Department of Finance is first obtained and written notification of that approval is provided by the department to the Chairperson of the Joint Legislative Budget Committee, and the chairperson of the budget committee of each house of the Legislature, not less than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine. Each notification required by this section shall (1) explain the necessity and rationale for the proposed contract or amendment, (2) identify the cost savings, revenue increase, or other fiscal benefit of the proposed contract or amendment, and (3) identify the funding source for the proposed contract or amendment.

(b) Subdivision (a) does not apply to a resulting increase in the budgeted cost of a project that is less than one hundred thousand dollars (\$100,000), or that is funded by an augmentation authorized pursuant to Section 26.00 of this act.

(c) The following definitions apply for the purposes of this section:

(1) “Budgeted cost of a project” means the total cost of the project as identified in the most recent feasibility study report, special project report, or equivalent document submitted to the Legislature in connection with its consideration of a bill that appropriated any state funding for that project.

(2) “State agency” means each agency of the state that is subject to both Chapter 7 (commencing with Section 11700) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code.

SEC. 11.11. In order to protect the privacy of state employees and ensure the security of the payment of public funds, all departments, boards, offices, and other agencies and entities of the state shall distribute pay warrants and direct deposit advice to employees in a manner that ensures that personal and confidential information contained on the warrants and direct deposit advice is protected from unauthorized access. The Department of Personnel Administration shall advise all departments, boards, offices, and other agencies and entities of state government of the requirements contained in this section.

SEC. 11.20. All state departments, agencies, and legislative bodies shall be required to post a privacy policy regarding the implementation and adherence to the following principles:

(a) Personally identifiable information may only be obtained through lawful means.

(b) The purposes for which personally identifiable data are collected shall be specified at or prior to the time of collection, and any subsequent use of the data shall be limited to and consistent with the fulfillment of those purposes previously specified.

(c) Personal data may not be disclosed, made available, or otherwise used for a purpose other than those specified, except with the consent of the subject of the data, or as required by law or regulation.

(d) Personal data collected shall be relevant to the purpose for which it is needed.

(e) The general means by which personal data is protected against loss, unauthorized access, use, modification, or disclosure shall be posted, unless the disclosure of those general means would compromise legitimate agency objectives or law enforcement purposes.

(f) Each department, agency, and legislative body shall designate which position is responsible for the privacy policy within that agency, department, or legislative body.

(g) The Legislature shall enact a permanent privacy policy, that includes, but is not limited to, provisions to allow an individual to access to, and the ability to correct, amend, or delete, the data that is collected about that individual, and provisions that create an entity to enforce the state's privacy policy.

SEC. 11.52. Notwithstanding any other provision of law, the State Controller shall transfer to the General Fund the unencumbered balance, as of June 30, 2000, from the following funds: (a) State Construction Program Fund; (b) Special Account for Capital Outlay; (c) Energy and Resources Fund; and (d) Capital Outlay Fund for Public Higher Education.

SEC. 11.60. Notwithstanding Article 12 (commencing with Section 16429.30) of Chapter 2 of Part 2 of Division 4 of Title 2 of the Government Code, or any other provision of law, all moneys deposited in the California Unitary Fund during the 2000–01 fiscal year and all expenditures, disbursements, and transfers from the California Unitary Fund shall be budgeted and accounted for at the fund level. No expenditure, disbursement, or transfer shall be made from the California Unitary Fund except in accordance with this act.

SEC. 11.61. Notwithstanding Article 12 (commencing with Section 16429.30) of Chapter 2 of Part 2 of Division 4 of Title 2 of the Government Code, or any other provision of law, all moneys deposited in the California Unitary Fund during the 2000–01 fiscal year shall be transferred to the General Fund on a quarterly basis.

SEC. 12.00. For the purposes of Article XIII B of the California Constitution, there is hereby established a state “appropriations limit”

of fifty-four billion seventy-three million dollars (\$54,073,000,000) for the 2000–01 fiscal year.

Any judicial action or proceeding to attack, review, set aside, void, or annul the “appropriations limit” for the 2000–01 fiscal year shall be commenced within 45 days of the effective date of this act.

SEC. 12.20. The Controller shall transfer from the General Fund to the Special Deposit Fund for the 2000–01 fiscal year the sum of forty-eight million fifty-five thousand thirty-nine dollars (\$48,055,039), which is hereby appropriated to satisfy in full the state’s obligation to special funds pursuant to the Stipulations For Settlement and Entry of Judgment in the Hathaway v. Wilson and the consolidated cases of Malibu Video v. Brown and Abramovitz v. Wilson. As directed by the Department of Finance and pursuant to the stipulations, the Controller shall transfer from the Special Deposit Fund, to each identified special fund, an amount to satisfy the final repayment obligation, including an adjustment for interest.

SEC. 12.30. There is hereby appropriated from the General Fund for transfer to the Special Fund for Economic Uncertainties by the Controller, upon order of the Director of Finance, an amount necessary to bring the balance of this special fund up to the amount stated in the 2000–01 Final Change Book for the 2000–01 fiscal year ending balance in the Special Fund for Economic Uncertainties. The amount so transferred shall be reduced by the amount of excess revenues subject to Section 2 of Article XIII B of the California Constitution, as determined by the Director of Finance.

SEC. 12.32. (a) It is the intent of the Legislature that appropriations that are subject to Section 8 of Article XVI of the California Constitution be designated with the wording “Proposition 98.” In the event these appropriations are not so designated, they may be designated as such by the Department of Finance, where that designation is consistent with legislative intent, within 30 days after notification in writing of the proposed designation to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or within a lesser time that the chairperson of the joint committee, or his or her designee, determines.

(b) Pursuant to the Proposition 98 funding requirements established in Chapter 2 (commencing with Section 41200) of Part 24 of the Education Code, the total appropriations for Proposition 98 for the 2000–01 fiscal year are thirty billion six hundred thirty-seven million fifty-seven thousand one hundred sixty-five dollars (\$30,637,057,165) or 38.6 percent of total General Fund revenues and transfers subject to the state appropriations limit. General Fund revenues appropriated for school districts are twenty-seven billion seven hundred sixty-three million three hundred sixty-six thousand one hundred sixty-five dollars (\$27,763,366,165) or 35.0 percent of total General Fund revenues and transfers subject to the state appropriations limit. General Fund revenues appropriated for community college districts are two billion

seven hundred seventy-four million two hundred fifty-five thousand dollars (\$2,774,255,000) or 3.5 percent of total General Fund revenues and transfers subject to the state appropriations limit. General Fund revenues appropriated for other state agencies that provide direct elementary and secondary level education, as defined in Section 41302.5 of the Education Code, are ninety-nine million four hundred thirty-six thousand dollars (\$99,436,000), or 0.1 percent of total General Fund revenues and transfers subject to the state appropriations limit. General Fund revenues appropriated for partial repayment of emergency loans are three hundred fifty million dollars (\$350,000,000), or 0.5 percent of total General Fund revenues and transfers subject to the state appropriations limit.

SEC. 12.40. (a) Notwithstanding any other provision of law, not more than 20 percent of the amount apportioned to any school district, county office of education, or other educational agency under the programs funded in this act that were funded in Item 6110-230-0001 of Section 2.00 of SB 160 of the 1999–00 Regular Session, as introduced on January 8, 1999, may be expended by that recipient for the purposes of any other program for which the recipient is eligible for funding under those items, except that the total amount of funding allocated to the recipient under this item that is expended by the recipient for the purposes of any of those programs shall not exceed 125 percent of the amount of state funding allocated pursuant to the appropriations to that recipient for those programs in this act for the 2000–01 fiscal year. Notwithstanding any other provision of law, for the 2000–01 fiscal year, local education agencies may also use this authority to provide the funds necessary to initiate a conflict resolution program pursuant to Chapter 2.5 (commencing with Section 32260) of Part 19 of the Education Code, and to continue to support following the three-to-five year state grant period, or to expand, a Healthy Start Program pursuant to Chapter 5 (commencing with Section 8800) of Part 6 of the Education Code.

(b) The education programs that are eligible for the flexibility provided in subdivision (a) include the following items: Items 6110-108-0001, 6110-111-0001, 6110-114-0001, 6110-115-0001, 6110-116-0001, 6110-119-0001, 6110-120-0001, 6110-122-0001, 6110-124-0001, 6110-126-0001, 6110-127-0001, 6110-128-0001, 6110-131-0001, 6110-146-0001, 6110-151-0001, 6110-163-0001, 6110-167-0001, 6110-180-0001, 6110-181-0001, 6110-193-0001, 6110-197-0001, 6110-203-0001, 6110-224-0001, and 6110-209-0001 of this act.

(c) As a condition of receiving the funds provided for the programs identified in subdivision (b), local education agencies shall report to the State Department of Education by October 15, 2001, on any amounts shifted between these programs pursuant to the flexibility provided in subdivision (a). The Department of Education shall collect and provide this information to the Joint Legislative Budget Committee, chairs and vice-chairs of the fiscal committees for education of the Legislature and the Department of Finance, by February 1, 2002.

SEC. 12.50. Notwithstanding any other provision of law, the Controller, upon order of the Director of Finance, shall transfer funds to Item 6110-211-0001 of this act from any of the Budget Act items for categorical programs identified in the Charter School Funding Model established pursuant to Chapter 78, Statutes of 1999. The transfers shall be based on the average daily attendance (ADA) calculations made by the Superintendent of Public Instruction, as specified in the Charter School Funding Model, and reported to the Director of Finance by October 1, 2001.

SEC. 13.00. (a) Notwithstanding any other provision of law, expenditures under Item 0160-001-0001 of Section 2.00 of this act or any appropriation in augmentation of that item shall be exempt from Chapter 7 (commencing with Section 11700) of Part 1 of, and Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of, Division 3 of Title 2 of the Government Code, Division 2 (commencing with Section 1100) of the Public Contract Code, and subdivision (a) of Section 713 of Title 2 of the California Code of Regulations, and may be expended as set forth in the Governor's Budget, or for other purposes, including expenditures for the number of positions in various classifications authorized by the Joint Rules Committee.

(b) Notwithstanding any other provision of law, the unencumbered balances as of June 30, 2000, of the appropriations made by Items 0160-001-0001 and 8840-001-0001 of the Budget Act of 1999 are re-appropriated and shall be available for encumbrance until June 30, 2001, for the same programs and purposes for which appropriations for these items have been made by this act.

(c) Notwithstanding any other provision of law, all money that is received as payment for the sale of services or personal property by the agency that has not been taken into consideration in the schedule of Item 0160-001-0001 or is in excess of the amount so taken into consideration is to be credited to that item and is hereby appropriated in augmentation of that item for the same programs and purposes for which appropriations for that item have been made by this act.

(d) Notwithstanding any other provision of law, the Legislative Counsel Bureau may convert or reclassify positions in the bureau, as deemed appropriate by the Legislative Counsel, for inclusion, or redesignation, in the career executive assignment band, to the extent that the total number of positions in the career executive band in the bureau does not exceed 3 percent of the positions in the bureau. Any position that is converted or reclassified shall not be subject to review or approval by the Department of Personnel Administration or State Personnel Board.

SEC. 14.00. (a) Notwithstanding any other provision of law, if the Director of the Department of Consumer Affairs determines in writing that there is insufficient cash in a special fund under the authority of a board, commission, or bureau of the department to make one or more payments currently due and payable, the director may order the transfer of moneys to that special fund, in the amount necessary to

make the payment or payments, as a loan from a special fund under the authority of another board, commission, or bureau of the department. That loan shall be subject to all of the following conditions:

(1) No loan from a special fund shall be made that would interfere with the carrying out of the object for which the special fund was created.

(2) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 18 months after the date of the loan. Interest on the loan shall be paid from the recipient fund at the rate accruing during the loan period to moneys in the Pooled Money Investment Account.

(3) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2000–01 fiscal year from the recipient fund.

(4) The terms and conditions of the loan are approved, prior to the transfer of funds, by the Department of Finance pursuant to appropriate fiscal standards.

(b) (1) Notwithstanding any other provision of law, the Department of Consumer Affairs, during the 2000–01 fiscal year, may order the release of moneys from the clearing account in the Consumer Affairs Fund in an amount exceeding the amount advanced to the clearing account from a special fund within the department, as a loan to make one or more payments on behalf of that special fund that are currently due and payable. To the extent that the amount of moneys currently in the clearing account is insufficient to make the payment or payments on behalf of that special fund, the department may transfer additional moneys to the clearing account from any other special fund under the authority of a board, commission, or bureau of the department to include in the loan. A loan made to a special fund under this subdivision shall be subject to all of the following conditions:

(A) The loan shall not be made if it would reduce the amount advanced to the clearing account from another special fund, or the amount contained in that special fund, as applicable, to an extent that would interfere with the carrying out of the object for which that special fund was created.

(B) The loan shall be repaid as soon as there is sufficient money in the recipient fund to repay the amount loaned, but no later than a date 60 days after the date of the loan.

(C) The amount loaned shall not exceed the amount that the appropriate board, commission, or bureau is statutorily authorized at the time of the loan to expend during the 2000–01 fiscal year from the recipient fund.

(2) For purposes of this subdivision, the “clearing account” in the Consumer Affairs Fund is the account established in that fund, consisting of moneys advanced from the various special funds within the department, from which the Department of Consumer Affairs pays oper-

ating and other expenses of each special fund in an amount ordinarily not exceeding the amount advanced from that special fund.

(c) The Director of the Department of Consumer Affairs shall provide a report by March 1, 2001, on all loans initiated or repayments made pursuant to subdivision (a) or (b) within the preceding 12-month period to the chairperson of the budget committee, and the chairperson of the appropriate legislative oversight committee, of each house of the Legislature.

(d) At least 10 days prior to initiating a loan to be made pursuant to subdivision (a) or (b), the Director of the Department of Consumer Affairs shall provide written notification to the Joint Legislative Budget Committee if either (1) any loan from any one fund exceeds \$200,000 or (2) the aggregate amount of loans from any one fund exceeds \$200,000.

SEC. 24.00. For the 2000–01 fiscal year, the donations and oil and mineral revenues from federal lands that are deposited in the State School Fund shall be divided between Section A and Section B of the State School Fund, with 85 percent of these revenues to be credited to Section A of the fund exclusively for regular apportionments for school districts serving pupils in kindergarten or any of grades 1 to 12, inclusive, and 15 percent to Section B of the fund exclusively for community college district regular apportionments. The amounts accruing to the State School Fund under this section shall be disbursed fully before any General Fund transfers to Section A or Section B of the State School Fund are disbursed for regular apportionments.

SEC. 24.03. Notwithstanding any other provision of law, funds appropriated by Section 2.00, Section 8.50, Section 28.00, Section 28.50, or any other provision of this act may not be expended for the support of any program, network, or material, with the exception of instruction to pupils who are identified as deaf or hearing impaired pursuant to 34 C.F.R. 300.7(b) paragraphs (3) and (4), that promotes or uses reading instruction methodologies that emphasize contextual clues in lieu of fluent decoding.

SEC. 24.10. (a) Notwithstanding Section 1464 of the Penal Code or Section 41304 of the Education Code, the first one million sixty-two thousand dollars (\$1,062,000) received by the Driver Training Penalty Assessment Fund for the 2000–01 fiscal year shall be available for the purposes of Item 6110-001-0178 of Section 2.00 of this act. The amount retained by the Driver Training Penalty Assessment Fund for the purposes of Item 6110-001-0178 may be adjusted by the Department of Finance for actions pursuant to any control section of this act.

(b) After moneys are retained by the Driver Training Penalty Assessment Fund pursuant to subdivision (a), the Controller shall transfer any remaining balances as follows: 11.054 percent to the Victim Witness Assistance Fund, up to an annual total of \$4,121,000; 37.555 percent to the Peace Officers' Training Fund, up to an annual total of \$14,000,000; and 17.436 percent to the Corrections Training Fund, up to an annual total of \$6,500,000. Any remaining unallocated moneys in

the Driver Training Penalty Assessment Fund shall be transferred to the General Fund.

SEC. 24.60. (a) From the funds appropriated in Items 4300-003-0814, 4440-011-0814, 5460-001-0831, 6110-006-0814, 6110-101-0814, 6440-001-0814, 6600-001-0814, and 6870-101-0814 of this act, the State Department of Developmental Services, the State Department of Mental Health, the Department of the Youth Authority, the State Special Schools, the Regents of the University of California, the Board of Directors of Hastings College of the Law, the Board of Trustees of the California State University, and community college districts through the Chancellor of the California Community Colleges shall report to the Governor and the Legislature no later than January 15, 2002, the amount of lottery funds that each entity received and the purposes for which those funds were expended in the 2000–01 fiscal year, including administrative costs, and proposed expenditures and purposes for expenditure for the 2001–02 fiscal year. If applicable, the amount of lottery funds received on the basis of adult education average daily attendance (ADA) and the amount of lottery funds expended for adult education also shall be reported.

(b) The State Department of Education shall conduct a survey of a representative sample of 100 local education agencies to determine the patterns of use of lottery funds in those agencies. The sample shall be drawn to include all local education agencies having more than 200,000 ADA and representative local education agencies randomly selected by size, range, type, and geographical dispersion. On or before May 15, 2001, the State Department of Education shall report to the Legislature and the Governor the results of the survey for the 1999–00 fiscal year.

SEC. 24.70. From the funds appropriated to the State Department of Education for local assistance, the department shall ensure that the expenditure of funds allocated to a local education agency (LEA), through a contract between the department and the LEA or through a grant from the department to the LEA, shall be subject to the LEA's fiscal accountability policies and procedures. If it is necessary for the LEA to establish a separate entity to complete the work scope of the contract or grant, the fiscal accountability policies and procedures for that entity shall be the same as those of the LEA, or amended only with the approval of both the superintendent of schools of the LEA and a fiscal representative of the department designated by the Superintendent of Public Instruction. Further, the department shall have the authority to provide for an audit of the expenditures under the contract or grant between the department and the LEA to verify conformance with appropriate fiscal accountability policies and procedures. The cost of the audit, if required, shall be charged to the audited contract or grant.

SEC. 26.00. (a) It is the intent of the Legislature, in enacting this section, to provide flexibility for the administrative approval of intra-schedule transfers within individual items of appropriation in those instances where the transfers are necessary for the efficient and cost-effective implementation of the programs, projects, and functions

funded by this act. No transfer shall be authorized under this section to either eliminate any program, project, or function, except when implementation is found to be no longer feasible in light of changing circumstances or new information, or establish any new program, project, or function.

(b) The Director of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to which an appropriation is made by this act, authorize the augmentation of the amount available for expenditure in any schedule set forth for that appropriation, by making a transfer from any of the other designated programs, projects, or functions within the same schedule. No intraschedule transfer may be made under this section to fund any capital outlay purpose, regardless of whether budgeted in a capital outlay or a local assistance appropriation. Upon the conclusion of the 2000–01 fiscal year, the Director of Finance shall furnish the chairpersons of the committees in each house of the Legislature that consider appropriations and the budget, and the Chairperson of the Joint Legislative Budget Committee, with a report on all authorizations given pursuant to this section during that fiscal year.

(c) Intraschedule transfers of the amounts available for expenditure for a program, project, or function designated in any line of any schedule set forth for that appropriation by transfer from any of the other designated programs, projects, or functions within the same schedule shall not exceed, during any fiscal year:

(1) 20 percent of the amount so scheduled on that line for those appropriations made by this act that are \$2,000,000 or less.

(2) \$400,000 of the amount so scheduled on that line for those appropriations made by this act that are more than \$2,000,000 but equal to or less than \$4,000,000.

(3) 10 percent of the amount so scheduled on that line for those appropriations made by this act that are more than \$4,000,000.

(4) The Department of Transportation Highway Program shall be limited to a schedule change of 10 percent.

(d) Any transfer in excess of \$200,000 may be authorized pursuant to this section not sooner than 30 days after notification in writing of the necessity therefor is provided to the chairperson of the committee in each house of the Legislature that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine.

(e) Any transfer in excess of the limitations provided in subdivision (c) may be authorized not sooner than 30 days after notification in writing of the necessity to exceed the limitations is provided to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee or his or her designee, may in each instance determine.

SEC. 27.00. (a) Approval by the Department of Finance of the creation of deficiencies pursuant to Section 11006 of the Government

Code or approval to expend at rates that, in the opinion of the Director of Finance, will require a deficiency appropriation may be granted only in cases of actual necessity. It is the intent of the Legislature that authorization for deficiency spending under this section should be limited to cases of unanticipated expenses incurred in the operation of existing programs, where it is necessary to incur those expenses during the 2000–01 fiscal year. No deficiency authorization may be made under this section for any expenditure for capital outlay.

(b) The Director of Finance may not approve any deficiency authorization unless the approval is made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations not later than 30 days prior to the effective date of the approval, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine, except for an approval for an emergency expenditure. “Emergency expenditure,” for this purpose, means an expenditure incurred in response to conditions of disaster or extreme peril that threaten the health or safety of persons or property within the state. This notification requirement is not applicable to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (CalWORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP). All notifications shall include: (1) the date a deficiency request was received by the Department of Finance, (2) the reason for the proposed deficiency, (3) the approved amount, and (4) the basis of the department’s determination that the expenditure for which the deficiency authorization is approved is required by a case of actual necessity.

(c) Approval for any emergency expenditure shall be made in writing and filed with the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations not later than 10 days after the effective date of the approval. All notices shall state the reason for and the amount of the deficiency, together with the director’s determination that the expenditure for which the deficiency authorization is approved satisfies the criteria for emergency expenditures set forth in this section, and the basis for that determination.

(d) Each notification of deficiency or emergency expenditure shall include a determination by the Director of Finance as to whether the expenditure was considered in a legislative budget committee and formal action was taken to not approve the expenditure within the previous fiscal year.

(e) The Department of Finance shall provide copies of all requests from agencies to spend at rates that will result in a deficiency appropriation, in an aggregate amount for the 2000–01 fiscal year that exceeds five hundred thousand dollars (\$500,000), to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations. The department shall submit these copies within 15 working days of receipt. The trans-

mittal of this information to the Legislature shall not be construed by the requesting agency as approval of the deficiency request.

(f) The Department of Finance shall provide deficiency bill updates to the Chairperson of the Joint Legislative Budget Committee and the chairperson of the committee in each house that considers appropriations if requested by the Legislature or as deemed necessary by the Department of Finance.

SEC. 28.00. (a) It is the intent of the Legislature in enacting this section to provide flexibility for administrative approval of augmentations for the expenditure of unanticipated federal funds or other non-state funds in cases that meet the criteria set forth in this section. However, this section is not intended to provide an alternative budget process, and proposals for additional spending ordinarily should be considered in the annual State Budget or other state legislation.

(b) The Director of Finance may authorize the augmentation of the amount available for expenditure for any program, project, or function in the schedule set forth for any appropriation in this act or any additional program, project, or function in the amount of any additional, unanticipated funds that he or she estimates will be received by the state during the 2000–01 fiscal year from any agency of local government or the federal government, or from any other nonstate source, provided that the additional funding meets all of the following requirements:

(1) The funds will be expended for a purpose that is consistent with state law.

(2) The funds are made available to the state under conditions permitting their use only for a specified purpose, and the additional expenditure proposed under this section would apply to that specified funding purpose.

(3) Acceptance of the additional funding does not impose on the state any requirement to commit or expend new state funds for any program or purpose.

(4) The need exists to expend the additional funding during the 2000–01 fiscal year.

(c) The Director of Finance also may reduce any program, project, or function whenever he or she determines that funds to be received will be less than the amount taken into consideration in the schedule.

(d) Any augmentation or reduction that exceeds either (1) two hundred thousand dollars (\$200,000) or (2) 10 percent of the amount available for expenditure in the affected program, project, or function may be authorized not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees, and the appropriate subcommittees, in each house that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. With regard to any proposed augmentation, the notification shall state the basis for the determination by

the Director of Finance that the augmentation meets each of the requirements set forth in subdivision (b). This notification requirement does not apply to federal funds related to caseload increases in Medi-Cal, California Work Opportunity and Responsibility to Kids (Cal-WORKs), and Supplemental Security Income/State Supplementary Program (SSI/SSP).

(e) Any personnel action that is dependent on funds subject to this section shall not be effective until after the provisions of this section have been complied with. Any authorization made pursuant to this section shall remain in effect for the period the director may determine in each instance, but in no event after June 30, 2001.

SEC. 28.50. (a) Except as otherwise provided by law, an officer, department, division, bureau, or other agency of the state may expend for the 2000–01 fiscal year all money received as reimbursement from another officer, department, division, bureau, or other agency of the state that has not been taken into consideration by this act or any other statute, upon the prior written approval of the Director of Finance. The Department of Finance may also reduce any reimbursement amount and related program, project, or function amount if funds received from another officer, department, division, bureau, or other agency of the state will be less than the amount taken into consideration in the schedule.

(b) For any expenditure of reimbursements or any transfer for the 2000–01 fiscal year that exceeds two hundred thousand dollars (\$200,000), the Director of Finance shall provide notification in writing of any approval granted under this section, not less than 30 days prior to the effective date of that approval, to the chairperson of the committee in each house of the Legislature that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house of the Legislature that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the Chairperson of the Joint Legislative Budget Committee, or his or her designee, may in each instance determine. Increases to reimbursements are not reportable under this section if the funding for the other officer, department, division, bureau, or other agency of the state providing the reimbursement has already been approved by the Legislature. These adjustments are considered technical in nature and are authorized in Section 1.50 of this act.

SEC. 29.00. The Department of Finance shall calculate and publish a listing of total personnel-years and estimated salary savings for each department and agency. These listings shall be published by the Department of Finance at the same time as the publication of (a) the Governor's Budget, (b) the May Revision and (c) the Final Change Book.

(a) The listing provided at the time of the publication of the Governor's Budget shall contain estimates of personnel-years for the prior year, current year, and budget year.

(b) The listing provided at the time of publication of the May Revision shall contain estimates of personnel-years proposed for the budget year.

(c) The listing provided at the time of the publication of the Final Change Book shall contain estimates of personnel-years for the budget year just enacted.

SEC. 30.00. Section 13340 of the Government Code is amended to read:

13340. (a) Except as provided in subdivision (b), on and after July 1, 2001, no moneys in that fund that, by any statute other than a Budget Act, is continuously appropriated without regard to fiscal years, may be encumbered unless the Legislature, by statute, specifies that the moneys in the fund are appropriated for encumbrance.

(b) Subdivision (a) does not apply to any of the following:

(1) The scheduled disbursement of any local sales and use tax proceeds to an entity of local government pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

(2) The scheduled disbursement of any transactions and use tax proceeds to an entity of local government pursuant to Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code.

(3) The scheduled disbursement of any funds by a state or local agency or department that issues bonds and administers related programs for which funds are continuously appropriated as of June 30, 2001.

(4) Moneys that are deposited in proprietary or fiduciary funds of the California State University and that are continuously appropriated without regard to fiscal years.

(5) The scheduled disbursement of any motor vehicle license fee revenues, including the General Fund appropriations made pursuant to Sections 11000 and 11000.1 of the Revenue and Taxation Code, to an entity of local government pursuant to the Vehicle License Fee Law (Part 5 (commencing with Section 10701) of Division 2 of the Revenue and Taxation Code).

SEC. 31.00. (a) The appropriations made by this act shall be subject, unless otherwise provided by law, to Section 13320 of, and Article 2.5 (commencing with Section 13332) of Chapter 3 of Part 3 of Division 3 of Title 2 of, the Government Code, requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

(b) The fiscal year budget shall authorize, in the manner that the Department of Finance shall prescribe, all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

(c) The Director of Finance, or his or her authorized designee, shall notify the Chairperson of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step per month of six thousand thirty-two dollars (\$6,032) as of July 1, 2000. He or she also shall report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

(d) All positions administratively established pursuant to this section during the 2000–01 fiscal year shall terminate on June 30, 2001, except for those positions that have been (a) included in the Governor’s Budget for the 2001–02 fiscal year as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 2001–02 Governor’s Budget submission to the Legislature. The positions identified in (a) and (b) above may be reestablished by the Department of Finance during the 2001–02 fiscal year, provided these positions are shown in the Governor’s Budget for the 2002–03 fiscal year as submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided that these positions do not result in the establishment of positions deleted by the Legislature through the budget process for the 2001–02 fiscal year.

(e) No money in any 2000–01 fiscal year appropriation not appropriated for that purpose may be expended for increases in salary ranges or any other employee compensation action unless the Department of Finance certifies to the salary and other compensation-setting authority, prior to the adoption of the action, that funds are available to pay the increased salary or employee compensation resulting from the action. Prior to certification, the Department of Finance shall determine whether the increase in salary range or employee compensation action will require supplemental funding in the 2001–02 fiscal year. If the Department of Finance determines that supplemental funding will be required, no certification shall be issued unless notification in writing is given by the Department of Finance, at least 30 days before certification is made, to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or a lesser time which the chairperson of the joint committee, or his or her designee, determines.

(f) A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the Controller that these expenditures comply with the provisions of this section.

SEC. 31.50. (a) The following departments shall abolish the number of vacant positions shown in the list below. A list of the actual positions to be abolished and the Change in Established Positions, Form 607, documents necessary to eliminate the positions from the State Controller’s payroll roster shall be submitted to the Department of Finance no later than September 1, 2000. The Department of Fi-

nance shall forward the Form 607 documents to the State Controller after review and approval.

Department of Justice	144.1

Department of Corrections	300.0
California Youth Authority	66.5
Department of Industrial Relations ...	31.0
Department of Food and Agriculture.	50.0

(b) It is the intent of the Legislature that vacant positions that already have been eliminated or redirected to other activities through amendments to the Budget Bill adopted pursuant to the May Revision of the 2000–01 Governor’s Budget be counted toward the number of positions listed above. Where positions have been eliminated through these May Revision amendments but the specific positions to be eliminated have not been identified, departments shall submit the Form 607 documents abolishing specific positions to the Department of Finance by September 1, 2000.

SEC. 32.00. The officers of the various departments, boards, commissions, and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of these appropriations unless the consent of the Department of Finance is first obtained, and a certificate in writing is duly signed by the director of the department seeking authority for the expenditure, certifying the unavoidable necessity of the expenditure. Any indebtedness attempted to be created against the state in violation of this section shall be null and void, and shall not be allowed by the Controller nor paid out of any state appropriation. Any member of a department, board, commission, or institution who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, unless the consent of the Department of Finance and the director’s signature on the certificate, as required by this section, are first obtained, shall be liable both personally and on his or her official bond for the amount of the indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm, or corporation to which the indebtedness is owing.

SEC. 33.00. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the California Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34.00. If any portion of this act is held unconstitutional, that decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC. 36.00. This act, inasmuch as it provides for appropriations for the usual and current expenses of the state, shall, under the provisions of Section 8 of Article IV of the California Constitution, take effect immediately.

SEC. 37.00. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

This act makes appropriations and contains related provisions for support of state and local government for the 2000–01 fiscal year and provides for capital outlay appropriations in continuance of existing programs and to promote and sustain the economy of the state. It is imperative that these appropriations be made available for expenditure not later than July 1, 2000. It is therefore necessary that this act go into immediate effect.

CHAPTER 53

An act to amend Sections 19606.1 and 19620.1 of the Business and Professions Code, relating to fairs, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 2000. Filed with
Secretary of State June 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 19606.1 of the Business and Professions Code is amended to read:

19606.1. (a) Except as otherwise provided in Section 19606.3, all revenues distributed to the state as license fees from satellite wagering facilities shall be deposited in a separate account in the fund and, notwithstanding Section 13340 of the Government Code, are continuously appropriated from that account to the Department of Food and Agriculture, for allocation by the Secretary of Food and Agriculture, at his or her discretion, for the purposes set forth in paragraphs (1) to (6), inclusive. The concurrence of the Director of Finance shall be required for allocations pursuant to paragraphs (1) and (2). Allocations pursuant to paragraphs (3) to (6), inclusive, shall be made with the concurrence of the Joint Committee on Fairs Allocation and Classification.

(1) For the repayment of the principal of, interest on, and costs of issuance of, and as security, including any coverage factor, pledged to the payment of, bonds issued or to be issued by a joint powers agency or other debt service or expense, including repayment of any advances made or security required by any provider of credit enhancement or liquidity for those bonds or other indebtedness or expenses of maintaining that credit enhancement or liquidity, incurred for the purpose of constructing or acquiring improvements at a fair's racetrack inclosure, satellite wagering facilities at fairs, health and safety repair projects, or handicapped access compliance projects at fairs or for the purpose of refunding bonds or other indebtedness incurred for those purposes. As used in this paragraph, "coverage factor" means revenues in excess of the amount necessary to pay debt service on the bonds or other indebtedness, up to an amount equal to 100 percent more than the amount of that debt service, which a joint powers agency, pursuant to the resolution or indenture under which the bonds or other indebtedness are or will be issued, pledges as additional security for the payment of that debt service or is required to have or maintain as a condition to the issuance of additional bonds or other indebtedness. Notwithstanding any other provision of law, the department may also commit any funds available for allocation under Article 10 (commencing with Section

19620) to complete projects funded under this paragraph in the priority described in this paragraph.

(2) For payment to the State Race Track Leasing Commission to be pledged for the repayment of debt necessary to construct a racetrack grandstand at the 22nd District Agricultural Association fairgrounds. This payment shall be made only if the Secretary of Food and Agriculture determines, annually, that all other pledged revenues have been applied to the repayment of that debt and have been determined by the secretary to be inadequate for that purpose.

(3) For the payment of expenses incurred in establishing and operating satellite wagering facilities at fairs.

(4) For the support of an equipment and operating fund to produce and display a consolidated California signal at satellite wagering facilities and fairs.

(5) For health and safety repair projects at fairs, which includes fire and life safety improvement projects, California Code of Regulations compliance projects, and long-term deferred maintenance projects.

(6) For the development and payment of revenue generating projects, the establishment of pilot projects to restructure the current fair system, and for projects realizing a cost savings for more efficient utilization of existing fair resources.

(b) The Secretary of Food and Agriculture may not make an allocation for purposes of paragraphs (2) to (6), inclusive, of subdivision (a) until the payments required in any fiscal year pursuant to paragraph (1) of subdivision (a) have been funded.

(c) Pursuant to subdivision (a), the Joint Committee on Fairs Allocation and Classification shall review and concur, or not concur, with the secretary's determination of the allocations to be made pursuant to paragraphs (3) to (6), inclusive, of subdivision (a) in total, and the committee may not add to, or delete projects or line items from, the proposed allocations.

(d) Approval of the Joint Committee on Fairs Allocation and Classification is deemed complete when one of the following conditions is met:

(1) The annual budget act is enacted.

(2) If the secretary's recommendations are received by the Joint Committee on Fairs Allocation and Classification after the enactment of the annual budget act, the recommendations shall be deemed approved 30 days after they are received unless they are rejected by the committee.

(e) If the Joint Committee on Fairs Allocation and Classification does not concur with the secretary's recommendations, the secretary may submit another set of recommendations to the committee pursuant to this section.

(f) The payments required in any fiscal year for the purposes of paragraphs (1) to (3), inclusive, of subdivision (a) shall be made before any transfer is made pursuant to subdivision (g).

(g) Except as otherwise provided in subdivision (f), when the revenues deposited in the separate account exceed eleven million dollars (\$11,000,000) in any fiscal year, 98 percent of the amount in excess of eleven million dollars (\$11,000,000) shall be transferred to the Fair and Exposition Fund for allocation in accordance with Sections 19620.1 and 19630.

(h) All of the costs of administering the accounts created by subdivision (a) and Section 19606.3 shall be charged to the respective accounts.

SEC. 2. Section 19620.1 of the Business and Professions Code is amended to read:

19620.1. (a) From the total revenue received by the board, including revenues transferred from the Satellite Wagering Account pursuant to subdivision (g) of Section 19606.1, but excluding money received pursuant to Sections 19640 and 19641, the sum of two hundred sixty-five thousand dollars (\$265,000) plus an amount equal to $\frac{63}{100}$ of 1 percent of the gross amount of money handled in the annual parimutuel pool generated within this state, or the maximum amount received by the state from the parimutuel pool of a racing meeting held in this state, whichever is less, shall be paid into the State Treasury to the credit of the Fair and Exposition Fund. If the revenues paid into the Fair and Exposition Fund under this section are in excess of thirteen million dollars (\$13,000,000) in any fiscal year, one-half of the amount in excess of the thirteen million dollars (\$13,000,000) shall be transferred to the General Fund.

(b) From the total revenue received by the board, exclusive of money received pursuant to Sections 19640 and 19641, and in addition to the funds paid into the State Treasury to the credit of the Fair and Exposition Fund as specified in subdivision (a), the Legislature shall annually appropriate and the board shall deposit to the credit of the Fair and Exposition Fund, such sums as it deems necessary for the following purposes:

(1) For the support of the board, including any costs and expenses incurred by the Attorney General in the enforcement of this chapter as shall be authorized by the board, including, compensation including any fringe benefits paid to stewards and to the official veterinarian, and an amount not less than the amount expended in the 1994–95 fiscal year for the costs of laboratory testing related to horse racing pursuant to Section 19580.

(2) To the Department of Food and Agriculture for the oversight of the network of California fairs receiving money from the fund.

(3) To the Department of Food and Agriculture for the contributions, or the cost of benefits in lieu of contributions, payable to the Unemployment Fund by the network of California fairs receiving funds pursuant to this article, as a result of unemployment insurance coverage pursuant to Section 605 of the Unemployment Insurance Code.

(4) To the Department of Food and Agriculture for the auditing of all district agricultural association fairs, county fairs, and citrus fruit fairs.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to rectify a mistake in existing law that would create an eleven million dollar (\$11,000,000) windfall in the "Satellite Wagering Fund" and an eleven million dollar (\$11,000,000) shortfall in the "Fairs and Expositions Fund" it is necessary for this act to take effect immediately so that the Joint Committee on Fairs Allocation and Classification can include the changes from this act in the fairs budget.

CHAPTER 54

An act to amend Section 139.2 of the Labor Code, relating to workers' compensation.

[Approved by Governor June 30, 2000. Filed with
Secretary of State June 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 139.2 of the Labor Code is amended to read:
139.2. (a) The Industrial Medical Council shall appoint qualified medical evaluators in each of the respective specialties as required for the evaluation of medical-legal issues. The appointments shall be for two-year terms.

(b) The council shall appoint or reappoint as a qualified medical evaluator a physician, as defined in Section 3209.3, who is licensed to practice in this state and who demonstrates that he or she meets the requirements in paragraphs (1), (2), (6), and (7), and, if the physician is a medical doctor, doctor of osteopathy, doctor of chiropractic, or a psychologist, that he or she also meets the applicable requirements in paragraph (3), (4), or (5).

(1) Prior to his or her appointment as a qualified medical evaluator, passes an examination written and administered by the Industrial Medical Council for the purpose of demonstrating competence in

evaluating medical-legal issues in the workers' compensation system. Physicians shall not be required to pass an additional examination as a condition of reappointment. A physician seeking appointment as a qualified medical evaluator on or after January 1, 2001, shall also complete prior to appointment, a course on disability evaluation report writing approved by the Industrial Medical Council. The Industrial Medical Council shall specify the curriculum to be covered by disability evaluation report writing courses, which shall include, but is not limited to, 12 or more hours of instruction.

(2) Devotes at least one-third of total practice time to providing direct medical treatment, or has served as an agreed medical evaluator on eight or more occasions in the 12 months prior to applying to be appointed as a qualified medical evaluator.

(3) Is a medical doctor or doctor of osteopathy and meets one of the following requirements:

(A) Is board certified in a specialty by a board recognized by the council and either the Medical Board of California or the Osteopathic Medical Board of California.

(B) Has successfully completed a residency training program accredited by the American College of Graduate Medical Education or the osteopathic equivalent.

(C) Was an active qualified medical evaluator on June 30, 2000.

(D) Has qualifications that the council and either the Medical Board of California or the Osteopathic Medical Board of California, as appropriate, both deem to be equivalent to board certification in a specialty.

(4) Is a doctor of chiropractic and meets either of the following requirements:

(A) Has completed a chiropractic postgraduate specialty program of a minimum of 300 hours taught by a school or college recognized by the council, the Board of Chiropractic Examiners and the Council on Chiropractic Education.

(B) Has been certified in California workers' compensation evaluation by a provider recognized by the council. The certification program shall include instruction on disability evaluation report writing that meets the standards set forth in paragraph (1).

(5) Is a psychologist and meets one of the following requirements:

(A) Is board certified in clinical psychology by a board recognized by the council.

(B) Holds a doctoral degree in psychology, or a doctoral degree deemed equivalent for licensure by the Board of Psychology pursuant to Section 2914 of the Business and Professions Code, from a university or professional school recognized by the council and has not less than

five years' postdoctoral experience in the diagnosis and treatment of emotional and mental disorders.

(C) Has not less than five years' postdoctoral experience in the diagnosis and treatment of emotional and mental disorders, and has served as an agreed medical evaluator on eight or more occasions prior to January 1, 1990.

(6) Does not have a conflict of interest as determined under the regulations promulgated by the administrative director pursuant to subdivision (o).

(7) Meets any additional medical or professional standards adopted pursuant to paragraph (6) of subdivision (j).

(c) The council shall promulgate standards for appointment of physicians who are retired or who hold teaching positions who are exceptionally well qualified to serve as a qualified medical evaluator even though they do not otherwise qualify under paragraph (2) of subdivision (b). In no event shall a physician whose full-time practice is limited to the forensic evaluation of disability be appointed as a qualified medical evaluator under this subdivision.

(d) The qualified medical evaluator, upon request, shall be reappointed if he or she meets the qualifications of subdivision (b) and meets all of the following criteria:

(1) Is in compliance with all applicable regulations and evaluation guidelines adopted by the council.

(2) Has not had more than five of his or her evaluations which were considered by a workers' compensation judge at a contested hearing rejected by the judge or the appeals board pursuant to this section during the most recent two-year period during which the physician served as a qualified medical evaluator. If the judge or the appeals board rejects the qualified medical evaluator's report on the basis that it fails to meet the minimum standards for those reports established by the Industrial Medical Council or the appeals board, the judge or the appeals board, as the case may be, shall make a specific finding to that effect, and shall give notice to the medical evaluator and to the Industrial Medical Council. Any rejection shall not be counted as one of the five qualifying rejections until the specific finding has become final and time for appeal has expired.

(3) Has completed within the previous 24 months at least 12 hours of continuing education in impairment evaluation or workers' compensation-related medical dispute evaluation approved by the Industrial Medical Council.

(4) Has not been terminated, suspended, placed on probation, or otherwise disciplined by the council during his or her most recent term as a qualified medical evaluator.

If the evaluator does not meet any one of these criteria, the Industrial Medical Council may in its discretion reappoint or deny reappointment according to regulations promulgated by the council. In no event may a physician who does not currently meet the requirements for initial appointment or who has been terminated under subdivision (e) because his or her license has been revoked or terminated by the licensing authority be reappointed.

(e) The council may, in its discretion, suspend or terminate a qualified medical evaluator during his or her term of appointment without a hearing as provided under subdivision (k) or (l) whenever: (1) the evaluator's license to practice in California has been suspended by the relevant licensing authority so as to preclude practice, or has been revoked or terminated by the licensing authority; or, (2) the evaluator has failed to timely pay the fee required by the council pursuant to subdivision (n).

(f) The Industrial Medical Council shall furnish a physician, upon request, a written statement of its reasons for termination of or for denying appointment or reappointment as a qualified medical evaluator. Upon receipt of a specific response to the statement of reasons, the Industrial Medical Council shall review its decision not to appoint or reappoint the physician or to terminate the physician and shall notify the physician of its final decision within 60 days after receipt of the physician's response.

(g) The council shall establish agreements with qualified medical evaluators to assure the expeditious evaluation of cases assigned to them for comprehensive medical evaluations.

(h) When the injured worker is not represented by an attorney, the medical director appointed pursuant to Section 122, shall assign three-member panels of qualified medical evaluators within five working days after receiving a request for a panel. If a panel is not assigned within 15 working days, the employee shall have the right to obtain a medical evaluation from any qualified medical evaluator of his or her choice. The medical director shall use a random selection method for assigning panels of qualified medical evaluators. The medical director shall select evaluators who are specialists of the type selected by the employee. The medical director shall advise the employee that he or she should consult with his or her treating physician prior to deciding which type of specialist to request. The Industrial Medical Council shall promulgate a form which shall notify the employee of the physicians selected for his or her panel. The form shall include, for each physician on the panel, the physician's name, address, telephone number, specialty, number of years in practice, and a brief description of his or her education and training, and shall advise the employee that he or she is entitled to receive transportation expenses and temporary disability

for each day necessary for the examination. The form shall also state in a clear and conspicuous location and type: "You have the right to consult with an information and assistance officer at no cost to you prior to selecting the doctor to prepare your evaluation, or you may consult with an attorney. If your claim eventually goes to court, the judge will consider the evaluation prepared by the doctor you select to decide your claim." When compiling the list of evaluators from which to select randomly, the medical director shall include all qualified medical evaluators who: (1) do not have a conflict of interest in the case, as defined by regulations adopted pursuant to subdivision (o); (2) are certified by the council to evaluate in an appropriate specialty and at locations within the general geographic area of the employee's residence; and, (3) have not been suspended or terminated as a qualified medical evaluator for failure to pay the fee required by the council pursuant to subdivision (n) or for any other reason. When the medical director determines that an employee has requested an evaluation by a type of specialist which is appropriate for the employee's injury, but there are not enough qualified medical evaluators of that type within the general geographic area of the employee's residence to establish a three-member panel, the medical director shall include sufficient qualified medical evaluators from other geographic areas and the employer shall pay all necessary travel costs incurred in the event the employee selects an evaluator from another geographic area.

(i) The medical director appointed pursuant to Section 122, shall continuously review the quality of comprehensive medical evaluations and reports prepared by agreed and qualified medical evaluators and the timeliness with which evaluation reports are prepared and submitted. The review shall include, but not be limited to, a review of a random sample of reports submitted to the division, and a review of all reports alleged to be inaccurate or incomplete by a party to a case for which the evaluation was prepared. The medical director shall submit to the administrative director an annual report summarizing the results of the continuous review of medical evaluations and reports prepared by agreed and qualified medical evaluators and make recommendations for the improvement of the system of medical evaluations and determinations.

(j) After public hearing pursuant to Section 5307.4, the council shall promulgate rules and regulations concerning the following medical issues:

(1) Standards governing the timeframes within which medical evaluations shall be prepared and submitted by agreed and qualified medical evaluators. Except as provided in this subdivision, the timeframe for initial medical evaluations to be prepared and submitted shall be no more than 30 days after the evaluator has seen the employee

or otherwise commenced the medical evaluation procedure. The council shall develop regulations governing the provision of extensions of the 30-day period in cases: (A) where the evaluator has not received test results or consulting physician's evaluations in time to meet the 30-day deadline; and, (B) to extend the 30-day period by not more than 15 days when the failure to meet the 30-day deadline was for good cause. For purposes of this subdivision, "good cause" means: (i) medical emergencies of the evaluator or evaluator's family; (ii) death in the evaluator's family; or, (iii) natural disasters or other community catastrophes that interrupt the operation of the evaluator's business. The council shall develop timeframes governing availability of qualified medical evaluators for unrepresented employees under Sections 4061 and 4062. These timeframes shall give the employee the right to the addition of a new evaluator to his or her panel, selected at random, for each evaluator not available to see the employee within a specified period of time, but shall also permit the employee to waive this right for a specified period of time thereafter.

(2) Procedures to be followed by all physicians in evaluating the existence and extent of permanent impairment and limitations resulting from an injury. In order to produce complete, accurate, uniform, and replicable evaluations, the procedures shall require that an evaluation of anatomical loss, functional loss, and the presence of physical complaints be supported, to the extent feasible, by medical findings based on standardized examinations and testing techniques generally accepted by the medical community.

(3) Procedures governing the determination of any disputed medical issues.

(4) Procedures to be used in determining the compensability of psychiatric injury. The procedures shall be in accordance with Section 3208.3 and shall require that the diagnosis of a mental disorder be expressed using the terminology and criteria of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders, Third Edition-Revised, or the terminology and diagnostic criteria of other psychiatric diagnostic manuals generally approved and accepted nationally by practitioners in the field of psychiatric medicine.

(5) Guidelines for the range of time normally required to perform the following:

(A) A medical-legal evaluation that has not been defined and valued pursuant to Section 5307.6. However, the council may recommend guidelines for evaluations that have been defined and valued pursuant to Section 5307.6 for the purpose of governing the appointment, reappointment, and discipline of qualified medical evaluators. The guidelines shall establish minimum times for patient contact in the

conduct of the evaluations, and shall be consistent with regulations adopted pursuant to Section 5307.6.

(B) Any treatment procedures that have not been defined and valued pursuant to Section 5307.1.

(C) Any other evaluation procedure requested by the administrative director, the Insurance Commissioner, or the council itself.

If, without good cause, the council fails to adopt the guidelines required by subparagraph (A) or (B) by March 31, 1994, or fails, without good cause, to adopt a guideline pursuant to subparagraph (C) within six months after a request by the administrative director or the Insurance Commissioner, then the administrative director shall have the authority to adopt the guideline.

(6) Any additional medical or professional standards which a medical evaluator shall meet as a condition of appointment, reappointment, or maintenance in the status of a medical evaluator.

(k) Except as provided in this subdivision, the Industrial Medical Council may, in its discretion, suspend or terminate the privilege of a physician to serve as a qualified medical evaluator if the council, after hearing pursuant to subdivision (l), determines, based on substantial evidence, that a qualified medical evaluator:

(1) Has violated any material statutory or administrative duty.

(2) Has failed to follow the medical procedures or qualifications established by the council pursuant to paragraph (2), (3), (4), or (5) of subdivision (j).

(3) Has failed to comply with the timeframe standards established by the council pursuant to subdivision (j).

(4) Has failed to meet the requirements of subdivision (b) or (c).

(5) Has prepared medical-legal evaluations that fail to meet the minimum standards for those reports established by the Industrial Medical Council or the appeals board.

(6) Has made material misrepresentations or false statements in an application for appointment or reappointment as a qualified medical evaluator.

No hearing shall be required prior to the suspension or termination of a physician's privilege to serve as a qualified medical evaluator when the physician has: (A) failed to timely pay the fee required by the council pursuant to subdivision (n); or, (B) had his or her license to practice in California suspended by the relevant licensing authority so as to preclude practice, or had the license revoked or terminated by the licensing authority.

(l) The council shall cite the qualified medical evaluator for a violation listed in subdivision (k) and shall set a hearing on the alleged violation within 30 days of service of the citation on the qualified medical evaluator. In addition to the authority to terminate or suspend

the qualified medical evaluator upon finding a violation listed in subdivision (k), the council may, in its discretion, place a qualified medical evaluator on probation subject to appropriate conditions, including ordering continuing education or training. The council shall report to the appropriate licensing board the name of any qualified medical evaluator who is disciplined pursuant to this subdivision.

(m) The council shall terminate from the list of medical evaluators any physician where licensure has been terminated by the relevant licensing board, or who has been convicted of a misdemeanor or felony related to the conduct of his or her medical practice, or of a crime of moral turpitude. The council shall suspend or terminate as a medical evaluator any physician who has been suspended or placed on probation by the relevant licensing board. If a physician is suspended or terminated as a qualified medical evaluator under this subdivision, a report prepared by the physician that is not complete, signed, and furnished to one or more of the parties prior to the date of conviction or action of the licensing board, whichever is earlier, shall not be admissible in any proceeding before the appeals board nor shall there be any liability for payment for the report and any expense incurred by the physician in connection with the report.

(n) Each qualified medical evaluator shall pay a fee, as determined by the Industrial Medical Council, for appointment or reappointment. Any qualified medical evaluator appointed prior to January 1, 1993, shall also pay the same fee as specified herein. These fees shall be based on a sliding scale as established by the council. All revenues from fees paid under this subdivision shall be deposited into the Industrial Medicine Fund, which is hereby created for the administration of the Industrial Medical Council. Moneys paid into the Industrial Medicine Fund for the activities of the Industrial Medical Council shall not be used by any other department or agency or for any purpose other than administration of the council. The funds provided to the council from the Industrial Medicine Fund shall not supplant any funds appropriated to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source. Any future annual appropriation to the council from the Workers' Compensation Administration Revolving Fund, the General Fund, or any other governmental source shall not be less than the amount appropriated or provided during the 1991-92 fiscal year.

(o) An evaluator may not request or accept any compensation or other thing of value from any source that does or could create a conflict with his or her duties as an evaluator under this code. The administrative director, after consultation with the council and the Commission on

Health and Safety and Workers' Compensation, shall adopt regulations to implement this subdivision on or before July 1, 1994.

CHAPTER 55

An act to amend Sections 1405, 6220, 6420, 6421, 6422, 6640, 6641, 6642, 6643, 6842, 6843, 6844, 6845, 9116, 9118, 9214, 9215, 9310, 9311, and 15375 of, and to repeal Sections 9117 and 9225 of, the Elections Code, relating to elections.

[Approved by Governor June 30, 2000. Filed with
Secretary of State June 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1405 of the Elections Code is amended to read:

1405. (a) Except as provided below, the election for a county, municipal, or district initiative that qualifies pursuant to Section 9116, 9214, or 9310 shall be held not less than 88 nor more than 103 days after the date of the order of election.

(1) When it is legally possible to hold a special election on an initiative measure that has qualified pursuant to Section 9116, 9214, or 9310 within 180 days prior to a regular or special election occurring wholly or partially within the same territory, the election on the initiative measure may be held on the same date as, and be consolidated with, that regular or special election.

(2) To avoid holding more than one special election within any 180-day period, the date for holding the special election on an initiative measure that has qualified pursuant to Section 9116, 9214, or 9310, may be fixed later than 103 days but at as early a date as practicable after the expiration of 180 days from the last special election.

(3) Not more than one special election for an initiative measure that qualifies pursuant to Section 9116, 9214, or 9310 may be held by a jurisdiction during any period of 180 days.

(b) The election for a county initiative that qualifies pursuant to Section 9118 shall be held at the next statewide election occurring not less than 88 days after the date of the order of election. The election for a municipal or district initiative that qualifies pursuant to Section 9215 or 9311 shall be held at the jurisdiction's next regular election occurring not less than 88 days after the date of the order of election.

SEC. 2. Section 6220 of the Elections Code is amended to read:

6220. The Secretary of State shall, not later than the 32nd day after the election, compile and file in his or her office a statement of the canvassed returns filed with him or her by the county elections officials.

The compiled statement shall show for each candidate and uncommitted delegation the total of the votes received, and the votes received in each county.

SEC. 3. Section 6420 of the Elections Code is amended to read:

6420. The Secretary of State shall, not later than the 32nd day after the election, compile and file in his or her office a statement of the canvassed returns filed with him or her by the county elections officials.

The compiled statement shall show for each candidate the total of the votes received and the votes received in each county.

SEC. 4. Section 6421 of the Elections Code is amended to read:

6421. The Secretary of State shall, not later than the 32nd day after the election, issue a certificate of election to the candidate who received the largest vote cast of that party, that person thereby being the party's presidential nominee candidate from California.

SEC. 5. Section 6422 of the Elections Code is amended to read:

6422. The Secretary of State shall, not later than the 32nd day after the election, issue a certification to each person selected as a delegate.

SEC. 6. Section 6640 of the Elections Code is amended to read:

6640. The Secretary of State shall, not later than the 32nd day after the election, compile and file in his or her office a statement of the canvassed returns filed with him or her by the election officials.

The compiled statement shall show for each group the total of the votes received, the votes received in each county, and the names of the candidates comprising that group.

SEC. 7. Section 6641 of the Elections Code is amended to read:

6641. The Secretary of State shall, not later than the 32nd day after the election, issue a certificate of election to each person who is a member of the group that received the largest vote cast for any group of that party, the person thereby being elected as delegate to his or her national party convention.

SEC. 8. Section 6642 of the Elections Code is amended to read:

6642. Any person who receives, by write-in vote, a plurality of the votes cast in the delegate selection primary shall, within 37 days after the primary election, file a list of delegates to the national convention with the Secretary of State in the manner prescribed in Sections 6563 and 6564.

SEC. 9. Section 6643 of the Elections Code is amended to read:

6643. If the candidate fails to file a list of delegates, the state central committee of the party shall, within 10 days of the end of the 37-day period required in Section 6642, file a list of delegates with the Secretary

of State. The delegation shall go to the convention unpledged to any candidate.

SEC. 10. Section 6842 of the Elections Code is amended to read:

6842. Each group of candidates for delegate shall meet or confer after the presidential primary and by majority vote shall determine the order in which members of the group shall be certified as elected by the Secretary of State. The order so determined shall commence with a resident of either the northern or the southern territories, and the names thereafter shall alternate between residents of the northern and southern territories until the alternation is no longer possible. The order so determined shall be certified to the Secretary of State by the chairperson of the committee forming the group not later than the 28th day after the election.

SEC. 11. Section 6843 of the Elections Code is amended to read:

6843. The Secretary of State shall, not later than the 32nd day after the election, file in her or his office a statement of the canvassed returns for the Peace and Freedom Party presidential preferential primary and the national convention delegate selection election, compiled from the returns filed with the Secretary of State by the county elections officials. The compiled statement shall show, for each candidate or group, the total of the votes received, the votes received in each county, and, in the case of a group, the names of the candidates comprising that group.

SEC. 12. Section 6844 of the Elections Code is amended to read:

6844. The Secretary of State shall, not later than the 32nd day after the election, issue a certificate of election to as many persons in each group as are entitled to be declared elected from that group pursuant to Section 6840. The names certified from each group shall be certified in the order in which they were specified by the group pursuant to Section 6842. If no order was specified, the Secretary of State shall certify as many persons from the group as are entitled to be elected from the order in which the names of the candidates appeared on the nomination paper of the group, with the additional requirement that an equal number of names be selected of persons residing in the northern and the southern territories, or, if the number to be selected is odd, that one more person residing in the territory with the greater portion of the state's registered Peace and Freedom Party voters shall be certified than the number of persons certified residing in the other territory. Certification of any delegates to which a write-in candidate is entitled shall be made within three business days of the receipt of the names of those delegates pursuant to Sections 6846 and 6847.

SEC. 13. Section 6845 of the Elections Code is amended to read:

6845. Any person who receives, by write-in vote, a sufficient number of votes in the national convention delegate selection portion of the Peace and Freedom Party presidential primary to be entitled to one

or more convention delegates pursuant to Section 6840, shall, within 37 days after the primary election, file a list of as many delegates as the person is entitled to with the Secretary of State. The delegates selected shall meet the residence distribution requirement specified in Section 6763 and shall be voters registered as affiliated with the Peace and Freedom Party in California.

SEC. 14. Section 9116 of the Elections Code is amended to read:

9116. If the initiative petition is signed by voters not less in number than 20 percent of the entire vote cast within the county for all candidates for Governor at the last gubernatorial election preceding the publication of the notice of intention to circulate an initiative petition, and contains a request that the ordinance be submitted immediately to a vote of the people at a special election, the board of supervisors shall do one of the following:

(a) Adopt the ordinance without alteration either at the regular meeting at which the certification of the petition is presented, or within 10 days after it is presented.

(b) Immediately call a special election pursuant to subdivision (a) of Section 1405, at which the ordinance, without alteration, shall be submitted to a vote of the voters of the county.

(c) Order a report pursuant to Section 9111 at the regular meeting at which the certification of the petition is presented. When the report is presented to the board of supervisors, it shall either adopt the ordinance within 10 days or order an election pursuant to subdivision (b).

SEC. 15. Section 9117 of the Elections Code is repealed.

SEC. 16. Section 9118 of the Elections Code is amended to read:

9118. If the initiative petition is signed by voters not less in number than 10 percent of the entire vote cast in the county for all candidates for Governor at the last gubernatorial election preceding the publication of the notice of intention to circulate an initiative petition, the board of supervisors shall do one of the following:

(a) Adopt the ordinance without alteration at the regular meeting at which the certification of the petition is presented, or within 10 days after it is presented

(b) Submit the ordinance, without alteration, to the voters pursuant to subdivision (b) of Section 1405, unless the ordinance petitioned for is required to be, or for some reason is, submitted to the voters at a special election pursuant to subdivision (a) of Section 1405.

(c) Order a report pursuant to Section 9111 at the regular meeting at which the certification of the petition is presented. When the report is presented to the board of supervisors, it shall either adopt the ordinance within 10 days or order an election pursuant to subdivision (b).

SEC. 17. Section 9214 of the Elections Code is amended to read:

9214. If the initiative petition is signed by not less than 15 percent of the voters of the city according to the last report of registration by the county elections official to the Secretary of State pursuant to Section 2187, effective at the time the notice specified in Section 9202 was published, or, in a city with 1,000 or less registered voters, by 25 percent of the voters or 100 voters of the city, whichever is the lesser number, and contains a request that the ordinance be submitted immediately to a vote of the people at a special election, the legislative body shall do one of the following:

(a) Adopt the ordinance, without alteration, at the regular meeting at which the certification of the petition is presented, or within 10 days after it is presented.

(b) Immediately order a special election, to be held pursuant to subdivision (a) of Section 1405, at which the ordinance, without alteration, shall be submitted to a vote of the voters of the city.

(c) Order a report pursuant to Section 9212 at the regular meeting at which the certification of the petition is presented. When the report is presented to the legislative body, the legislative body shall either adopt the ordinance within 10 days or order an election pursuant to subdivision (b).

SEC. 18. Section 9215 of the Elections Code is amended to read:

9215. If the initiative petition is signed by not less than 10 percent of the voters of the city, according to the last report of registration by the county elections official to the Secretary of State pursuant to Section 2187, effective at the time the notice specified in Section 9202 was published, or, in a city with 1,000 or less registered voters, by 25 percent of the voters or 100 voters of the city, whichever is the lesser number, the legislative body shall do one of the following:

(a) Adopt the ordinance, without alteration, at the regular meeting at which the certification of the petition is presented, or within 10 days after it is presented.

(b) Submit the ordinance, without alteration, to the voters pursuant to subdivision (b) of Section 1405, unless the ordinance petitioned for is required to be, or for some reason is, submitted to the voters at a special election pursuant to subdivision (a) of Section 1405.

(c) Order a report pursuant to Section 9212 at the regular meeting at which the certification of the petition is presented. When the report is presented to the legislative body, the legislative body shall either adopt the ordinance within 10 days or order an election pursuant to subdivision (b).

SEC. 19. Section 9225 of the Elections Code is repealed.

SEC. 20. Section 9310 of the Elections Code is amended to read:

9310. (a) If the initiative petition is signed by voters not less in number than 10 percent of the voters in the district, where the total

number of registered voters is less than 500,000, or not less in number than 5 percent of the voters in the district, where the total number of registered voters is 500,000 or more, and the petition contains a request that the ordinance be submitted immediately to a vote of the people at a special election, the district board shall do either of the following:

(1) Adopt the ordinance, without alteration, either at the regular meeting at which the certification of the petition is presented, or within 10 days after it is presented.

(2) Immediately order that the ordinance be submitted to the voters, without alteration, pursuant to subdivision (a) of Section 1405.

(b) The number of registered voters referred to in subdivision (a) shall be calculated as of the time of the last report of registration by the county elections official to the Secretary of State made prior to publication or posting of the notice of intention to circulate the initiative petition.

SEC. 21. Section 9311 of the Elections Code is amended to read:

9311. If the initiative petition does not request a special election, the district board shall do either of the following:

(a) Adopt the ordinance, without alteration, either at the regular meeting at which the certification of the petition is presented, or within 10 days after it is presented.

(b) Submit the ordinance to the voters, without alteration, pursuant to subdivision (b) of Section 1405, unless the ordinance petitioned for is required to be, or for some reason is, submitted to the voters at a special election pursuant to subdivision (a) of Section 1405.

SEC. 22. Section 15375 of the Elections Code is amended to read:

15375. The elections official shall send to the Secretary of State within 35 days of the election in the manner requested one complete copy of all results as to all of the following:

(a) All candidates voted for statewide office.

(b) All candidates voted for the following offices:

(1) Member of the Assembly.

(2) Member of the Senate.

(3) Member of the United States House of Representatives.

(4) Member of the State Board of Equalization.

(5) Justice of the Courts of Appeal.

(6) Judge of the superior court.

(7) Judge of the municipal court.

(c) All persons voted for at the presidential primary. The results for all persons voted for at the presidential primary for delegates to national conventions shall be canvassed and shall be sent within 28 days after the election. The results at the presidential primary for candidates for President to whom delegates of a political party are pledged shall be reported according to the number of votes each candidate received from all voters and separately according to the number of votes each candidate

received from voters affiliated with each political party qualified to participate in the presidential primary election, and from voters who have declined to affiliate with a qualified political party.

(d) The vote given for persons for electors of President and Vice President of the United States. The results for presidential electors shall be endorsed "Presidential Election Returns."

(e) All statewide measures.

CHAPTER 56

An act to amend Section 316.2 of the Welfare and Institutions Code, relating to paternity.

[Approved by Governor June 30, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 316.2 of the Welfare and Institutions Code is amended to read:

316.2. (a) At the detention hearing, or as soon thereafter as practicable, the court shall inquire of the mother and any other appropriate person as to the identity and address of all presumed or alleged fathers. The presence at the hearing of a man claiming to be the father shall not relieve the court of its duty of inquiry. The inquiry shall include at least all of the following, as the court deems appropriate:

- (1) Whether a judgment of paternity already exists.
 - (2) Whether the mother was married or believed she was married at the time of conception of the child or at any time thereafter.
 - (3) Whether the mother was cohabiting with a man at the time of conception or birth of the child.
 - (4) Whether the mother has received support payments or promises of support with respect to the child or in connection with her pregnancy.
 - (5) Whether any man has formally or informally acknowledged or declared his possible paternity of the child, including by signing a voluntary declaration of paternity.
 - (6) Whether paternity tests have been administered and the results, if any.
 - (7) Whether any man otherwise qualifies as a presumed father pursuant to Section 7611, or any other provision, of the Family Code.
- (b) If, after the court inquiry, one or more men are identified as an alleged father, each alleged father shall be provided notice at his last and usual place of abode by certified mail return receipt requested alleging

that he is or could be the father of the child. The notice shall state that the child is the subject of proceedings under Section 300 and that the proceedings could result in the termination of parental rights and adoption of the child. Judicial Council form Paternity-Waiver of Rights (JV-505) shall be included with the notice. Nothing in this section shall preclude a court from terminating a father's parental rights even if an action has been filed under Section 7630 or 7631 of the Family Code.

(c) The court may determine that the failure of an alleged father to return the certified mail receipt is not good cause to continue a hearing pursuant to Section 355, 358, 360, 366.21, or 366.22.

(d) If a man appears in the dependency action and files an action under Section 7630 or 7631 of the Family Code, the court shall determine if he is the father.

(e) After a petition has been filed to declare a child a dependent of the court, and until the time that the petition is dismissed, dependency is terminated, or parental rights are terminated pursuant to Section 366.26 or proceedings are commenced under Part 4 (commencing with Section 7800) of Division 12 of the Family Code, the juvenile court which has jurisdiction of the dependency action shall have exclusive jurisdiction to hear an action filed under Section 7630 or 7631 of the Family Code.

(f) After any inquiry, proceeding, or determination made pursuant to this section, the juvenile court shall note its findings in the minutes of the court.

CHAPTER 57

An act to amend Section 31754 of the Food and Agricultural Code, relating to animal shelters.

[Approved by Governor June 30, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 31754 of the Food and Agricultural Code, as added by Section 16 of Chapter 752 of the Statutes of 1998, is amended to read:

31754. (a) Except as provided in Section 17006, any animal relinquished by the purported owner that is of a species impounded by pounds or shelters shall be held for two full business days, not including the day of impoundment. The animal shall be available for owner redemption for the first day, not including the day of impoundment, and shall be available for owner redemption or adoption for the second day.

After the second required day, the animal may be held longer, killed, or relinquished to a nonprofit, as defined in Section 501(c)(3) of the Internal Revenue Code, animal adoption organization under the same conditions and circumstances provided for stray dogs and cats in Sections 31108 and 31752.

(b) Notwithstanding subdivision (a), kittens or puppies relinquished by the purported owner, or brought in by any other person with authority to relinquish them, to pounds or shelters may immediately be available for adoption.

(c) This section shall become operative on July 1, 1999. This section shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute that is enacted before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 31754 of the Food and Agricultural Code, as added by Section 16.5 of Chapter 752 of the Statutes of 1998, is amended to read:

31754. (a) Except as provided in Section 17006, any animal relinquished by the purported owner that is of a species impounded by pounds or shelters shall be held for the same holding periods, with the same requirements of care, applicable to stray dogs and cats in Sections 31108 and 31755, except that the period for owner redemption shall be one day, not including the day of impoundment, and the period for owner redemption or adoption shall be the remainder of the holding period.

(b) Notwithstanding subdivision (a), kittens or puppies relinquished by the purported owner, or brought in by any other person with authority to relinquish them, to pounds or shelters may immediately be available for adoption.

(c) This section shall become operative on July 1, 2001.

CHAPTER 58

An act to amend Sections 38772, 38773.2, 38773.6, and 38773.7 of the Government Code, relating to nuisances.

[Approved by Governor June 30, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 38772 of the Government Code is amended to read:

38772. (a) The legislative body of a city, county, or city and county may provide for the summary abatement of any nuisance resulting from the defacement of the property of another by graffiti or any other inscribed material at the expense of the minor or other person creating, causing, or committing the nuisance and by ordinance may make the expense of abatement of the nuisance a lien against property of the minor or other person and a personal obligation against the minor or other person pursuant to Section 38773.2 or 38773.6.

(b) The parent or guardian having custody and control of the minor shall be jointly and severally liable with the minor. The legislative body of a city, county, or city and county may make the expense of abatement of any nuisance, resulting from the defacement by a minor of the property of another by graffiti or any other inscribed material, a lien against the property of a parent or guardian, having custody and control of the minor, and a personal obligation against the parent or guardian having custody and control of the minor pursuant to Section 38773.2 or 38773.6.

(c) Notwithstanding any other provision of law, the names and addresses of the parent or guardian having custody and control of the minor, if known, shall be reported by the probation officer of the county to the city clerk or other official designated by the legislative body of the city, county, or city and county in which the defaced property is located.

(d) As used in this section, the following terms have the following meanings:

(1) "Expense of abatement" includes, but is not limited to, court costs, attorney's fees, costs of removal of the graffiti or other inscribed material, costs of repair and replacement of defaced property, and the law enforcement costs incurred by the city, county, or city and county in identifying and apprehending the minor or other person.

(2) "Graffiti or other inscribed material" means any unauthorized inscription, word, figure, mark, or design that is written, marked, etched, scratched, drawn, or painted on any real or personal property.

(3) "Minor" or "other person" means a minor or other person who has confessed to, admitted to, or pled guilty or nolo contendere to a violation of Section 594, 594.3, 640.5, 640.6, or 640.7 of the Penal Code, or a minor convicted by final judgment of a violation of Section 594, 594.3, 640.5, 640.6, or 640.7 of the Penal Code, or a minor declared a ward of the Juvenile Court pursuant to Section 602 of the Welfare and Institutions Code by reason of the commission of an act prohibited by Section 594, 594.3, 640.5, 640.6, or 640.7 of the Penal Code.

SEC. 2. Section 38773.2 of the Government Code is amended to read:

38773.2. (a) The legislative body of a city, county, or city and county may, by ordinance, establish a procedure to collect abatement and

related administrative costs incurred in the summary abatement of any nuisance resulting from the defacement by a minor or other person of the property of another by graffiti or any other inscribed material. The ordinance shall require notice to the minor or other person prior to the recordation of a lien on the parcel of land owned by the minor or other person. The ordinance shall require notice to the parent or guardian having custody and control of the minor prior to the recordation of a lien on the parcel of land owned by the parent or guardian having custody and control of the minor.

(b) The notice shall be served in the same manner as a summons in a civil action pursuant to Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2 of the Code of Civil Procedure. If the minor or other person, after diligent search, cannot be found, the notice may be served by posting a copy of the notice upon the property owned by the minor or other person, in a conspicuous place, for a period of 10 days. The notice shall also be published pursuant to Section 6062 in a newspaper of general circulation that is published in the county in which the property is located. If the parent or guardian having custody and control of the minor, after diligent search, cannot be found, the notice may be served by posting a copy of the notice upon the property owned by the parent or guardian having custody and control of the minor, in a conspicuous place, for a period of 10 days. The notice shall also be published pursuant to Section 6062 in a newspaper of general circulation that is published in the county in which the property is located.

(c) A graffiti nuisance abatement lien shall be recorded in the county recorder's office in the county in which the parcel of land is located. From the date of recording, the lien shall have the force, effect, and priority of a judgment lien.

(d) A graffiti nuisance abatement lien authorized by this section shall specify the amount of the lien; the name of the agency on whose behalf the lien is imposed; the date of the abatement order; the street address, legal description, and assessor's parcel number of the parcel on which the lien is imposed; and the name and address of the recorded owner of the parcel.

(e) If the lien is discharged, released, or satisfied, either through payment or foreclosure, notice of the discharge containing the information specified in subdivision (d) shall be recorded by the governmental agency. A graffiti nuisance abatement lien and the release of the lien shall be indexed in the grantor-grantee index.

(f) A graffiti nuisance abatement lien may be satisfied through foreclosure in an action brought by the city.

(g) Notwithstanding Section 6103, Section 27383, or any other provision of law, the county recorder may impose a fee on the city, county, or city and county to reimburse the costs of processing and

recording the lien and providing notice to the property owner. The city, county, or city and county may recover from the property owner any costs incurred regarding the processing and recording of the lien and providing notice to the property owner as part of its foreclosure action to enforce the lien.

(h) As used in subdivision (a), “abatement and related administrative costs” include, but are not limited to, court costs, attorney’s fees, costs of removal of the graffiti or other inscribed material, costs of repair and replacement of defaced property, and the law enforcement costs incurred by the city, county, or city and county in identifying and apprehending the minor or other person.

(i) The terms “graffiti or other inscribed material,” “minor,” and “other person” have the same meaning as specified in Section 38772.

SEC. 3. Section 38773.6 of the Government Code is amended to read:

38773.6. (a) As an alternative to the procedure specified in Section 38773.2, the legislative body of a city, county, or city and county may, by ordinance, establish a procedure for the abatement of any nuisance resulting from the defacement by a minor or other person of property of another by graffiti or other inscribed material and make the abatement and related administrative costs a special assessment against a parcel of land owned by the minor or other person or by the parent or guardian having custody and control of the minor. The assessment may be collected at the same time and in the same manner as ordinary municipal taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for ordinary municipal taxes. All laws applicable to the levy, collection, and enforcement of municipal taxes shall be applicable to the special assessment. However, if any real property to which the abatement and related administrative costs relates has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon prior to the date on which the first installment of the taxes would become delinquent, then the abatement and related administrative costs shall not result in a lien against the real property but shall instead be transferred to the unsecured roll for collection. Notices or instruments relating to the abatement proceeding or special assessment may be recorded.

(b) The terms “abatement and related administrative costs,” “graffiti or other inscribed material,” “minor,” and “other person” have the same meaning as specified in Sections 38772 and 38773.2.

SEC. 4. Section 38773.7 of the Government Code is amended to read:

38773.7. The legislative body, by ordinance, may provide that upon entry of a second or subsequent civil or criminal judgment within a

two-year period finding that an owner of property or a person described in paragraph (3) of subdivision (d) of Section 38772 is responsible for a condition that may be abated in accordance with an ordinance enacted pursuant to Sections 38773.5 and 38773.6, except for conditions abated pursuant to Section 17980 of the Health and Safety Code, the court may order that person to pay treble the costs of the abatement.

CHAPTER 59

An act to amend Section 990 of the Welfare and Institutions Code, relating to juvenile correctional facilities and youth centers.

[Approved by Governor June 30, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 990 of the Welfare and Institutions Code is amended to read:

990. As used in this article:

(a) "Acquiring" means obtaining ownership of an existing facility in fee simple for use as a youth center.

(b) "Altering" or "renovating" means making modifications to an existing facility that are necessary for cost-effective use as a youth center, including restoration, repair, expansion, and all related physical improvements.

(c) "Applicant" means a nonprofit agency that serves youth, including, but not limited to, organizations such as Boys and Girls Clubs, YMCA, Girl Scouts, Boy Scouts, Camp Fire, Inc., California 4-H Programs, the California Police Activities League, and camping organizations that have been operating in California for a period of not less than two years. An applicant does not have to be operating in the county of application in order to be a qualified applicant.

(d) "Constructing" means the purchase or building of a new facility, including the costs of land acquisition and architectural and engineering fees.

(e) "Department" means the Department of the Youth Authority.

(f) "Nonprofit organization" means an agency or organization that serves youth that is exempt under Section 501(c)(3) of the Internal Revenue Code and is owned and operated by one or more corporations or associations with no part of the net earnings benefiting any private shareholder or individual.

(g) "Programs" means services and activities provided in a youth center, including, but not limited to, recreation, health and fitness, citizenship and leadership development, job training, delinquency prevention such as antigang programs, teen pregnancy prevention programs, and counseling for problems such as drug and alcohol abuse.

(b) With respect to assistance that is provided by the Franchise Tax Board pursuant to this chapter for the 1999 calendar year, the household income figures set forth in paragraph (2) of subdivision (a) shall be multiplied by a factor of 2.51.

(c) With respect to assistance that is provided by the Franchise Tax Board pursuant to this chapter for the 2000 calendar year and each year thereafter, the household income figures that apply to assistance provided by the Franchise Tax Board during that period shall be the household income figures that applied to assistance provided by the

Franchise Tax Board in the same period in the immediately preceding year, multiplied by an inflation factor calculated as follows:

(1) On or before February 1 of each year, the Department of Industrial Relations shall transmit to the Franchise Tax Board the percentage change in the California Consumer Price Index for all items from June of the second preceding calendar year to June of the immediately preceding calendar year.

(2) The Franchise Tax Board shall add 100 percent to the percentage change figure that is furnished pursuant to paragraph (1) and divide the result by 100.

(3) The Franchise Tax Board shall multiply the immediately preceding household income figure by the inflation adjustment factor determined in paragraph (2), and round off the resulting product to the nearest one dollar (\$1).

SEC. 2. Section 20544 of the Revenue and Taxation Code is amended to read:

20544. (a) (1) The amount of assistance for a claimant renting his or her residence shall be based on the claimant's household income for the time period set forth in Section 20503.

(2) Except as provided in paragraph (3), the percentage of assistance for which each claimant renting his or her residence shall be eligible shall be based on the following scale:

(b) With respect to assistance that is provided by the Franchise Tax Board pursuant to this chapter for the 1999 calendar year, the household income figures set forth in paragraph (2) of subdivision (a) shall be multiplied by a factor of 2.51.

(c) With respect to assistance that is provided by the Franchise Tax Board pursuant to this chapter for the 2000 calendar year and each year thereafter, the household income figures that apply to assistance provided by the Franchise Tax Board during that period shall be the household income figures that applied to assistance provided by the Franchise Tax Board in the same period in the immediately preceding year, multiplied by an inflation factor calculated as follows:

(1) On or before February 1 of each year, the Department of Industrial Relations shall transmit to the Franchise Tax Board the percentage change in the California Consumer Price Index for all items from June

of the second preceding calendar year to June of the immediately preceding calendar year.

(2) The Franchise Tax Board shall add 100 percent to the percentage change figure that is furnished pursuant to paragraph (1) and divide the result by 100.

(3) The Franchise Tax Board shall multiply the immediately preceding household income figure by the inflation adjustment factor determined in paragraph (2), and round off the resulting product to the nearest one dollar (\$1).

SEC. 3. Section 20563 of the Revenue and Taxation Code is amended to read:

20563. (a) The claim on which the assistance is based shall be filed after July 1 of the fiscal year for which assistance is claimed but on or before October 15 succeeding the fiscal year for which assistance is claimed. The Franchise Tax Board may thereafter accept claims through June 30 succeeding the fiscal year for which assistance is claimed.

(b) The state shall assist the claimant after July 15 and before November 15 of the calendar year in which the claim is filed, except that if the claim is defective, assistance shall be made as promptly as is practicable after the claim has been perfected.

(c) A claimant who, because of a medical incapacity, is prevented from filing a timely claim, shall be permitted to file a claim within six months after the end of his or her medical incapacity or three (3) years succeeding the end of the fiscal year for which assistance is claimed, whichever date is earlier.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide a one-time increase of property tax assistance payments for low-income seniors and disabled individuals for the 2000–01 fiscal year, it is necessary that this act go into immediate effect.

CHAPTER 61

An act to amend Section 830.1 of the Penal Code, relating to peace officers.

[Approved by Governor June 30, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 830.1 of the Penal Code is amended to read:

830.1. (a) Any sheriff, undersheriff, or deputy sheriff, employed in that capacity, of a county, any chief of police of a city or chief, director, or chief executive officer of a consolidated municipal public safety agency which performs police functions, any police officer, employed in that capacity and appointed by the chief of police or chief, director, or chief executive of a public safety agency, of a city, any chief of police, or police officer of a district (including police officers of the San Diego Unified Port District Harbor Police) authorized by statute to maintain a police department, any marshal or deputy marshal of a municipal court, any port warden or special officer of the Harbor Department of the City of Los Angeles, or any inspector or investigator employed in that capacity in the office of a district attorney, is a peace officer. The authority of these peace officers extends to any place in the state, as follows:

(1) As to any public offense committed or which there is probable cause to believe has been committed within the political subdivision which employs the peace officer.

(2) Where the peace officer has the prior consent of the chief of police or chief, director, or chief executive officer of a consolidated municipal public safety agency, or person authorized by him or her to give consent, if the place is within a city or of the sheriff, or person authorized by him or her to give consent, if the place is within a county.

(3) As to any public offense committed or which there is probable cause to believe has been committed in the peace officer's presence, and with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of the offense.

(b) Special agents and Attorney General investigators of the Department of Justice are peace officers, and those assistant chiefs, deputy chiefs, chiefs, deputy directors, and division directors designated as peace officers by the Attorney General are peace officers. The authority of these peace officers extends to any place in the state where a public offense has been committed or where there is probable cause to believe one has been committed.

(c) Any deputy sheriff of a county of the first class, and any deputy sheriff of the County of San Diego, who is employed to perform duties exclusively or initially relating to custodial assignments with responsibilities for maintaining the operations of county custodial facilities, including the custody, care, supervision, security, movement, and transportation of inmates, is a peace officer whose authority extends to any place in the state only while engaged in the performance of the duties of his or her respective employment and for the purpose of

carrying out the primary function of employment relating to his or her custodial assignments, or when performing other law enforcement duties directed by his or her employing agency during a local state-of-emergency.

CHAPTER 62

An act to add Section 11016.5 to the Government Code, relating to state agencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 11016.5 is added to the Government Code, to read:

11016.5. Each state agency may contract with a joint powers authority that is created pursuant to an agreement entered into pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, to perform examinations and related services for the state agency with respect to the issuance of professional and vocational licenses, certifications, commissions, permits, or other similar accreditations, subject to the approval of the Director of General Services, or to other approval as required by law. Notwithstanding any other provision of law, the Cooperative Personnel Services Joint Powers Authority is hereby authorized to administer examinations and perform related services for state agencies with respect to the issuance of professional and vocational licenses, certifications, commissions, permits, or other similar accreditations, subject to the approval of the Director of General Services, or to other approval as required by law.

SEC. 2. Due to unique facts and circumstances applicable to the Cooperative Personnel Services Joint Powers Authority, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, special legislation contained in Section 1 of this act is necessarily applicable only to the Cooperative Personnel Services Joint Powers Authority.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that state agencies may enter into contracts with a joint powers authority as authorized by this act at the earliest time possible and in order that those contracts may be implemented without delay, it is necessary for this act to take effect immediately.

CHAPTER 63

An act to amend Section 21655.12 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 3, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 21655.12 of the Vehicle Code is amended to read:

21655.12. (a) The Department of Transportation shall establish exclusive or preferential use of highway lanes for high-occupancy vehicles on that portion of State Highway Route 10 known as the San Bernardino Freeway, and shall set the minimum occupancy level on those lanes at three persons, including the driver, during the peak commuting hours of 5 a.m. to 9 a.m., inclusive, and 4 p.m. to 7 p.m., inclusive, Monday through Friday, inclusive, and two persons, including the driver, at all other times.

(b) On or before January 1, 2001, the Department of Transportation shall complete, and prepare and submit to the Legislature a report regarding an operational study concerning the use of the lanes established pursuant to subdivision (a). That study shall include, but is not limited to, an analysis of any discernable changes in motorist behavior as a result of the establishment of the lanes. The study and report shall include an assessment of the options available to the department in order to maximize the use of the lanes including, but not limited to, an analysis of opening an additional lane, installing entrances and exits on the lane or lanes, and other feasible proposals to relieve congestion on the San Bernardino Freeway.

(c) This section shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to relieve congestion on the San Bernardino Freeway at the earliest possible time and to provide additional direction to the Department of Transportation in undertaking the study and report provided for in subdivision (b) of Section 21655.12 of the Vehicle Code, it is necessary that this act take effect immediately.

CHAPTER 64

An act to amend Sections 102405 and 102415 of the Health and Safety Code, relating to vital statistics.

[Approved by Governor July 3, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 102405 of the Health and Safety Code is amended to read:

102405. For live births that occur in a hospital, or a state-licensed alternative birth center, as defined in paragraph (4) of subdivision (b) of Section 1204, the administrator of the hospital or center or a representative designated by the administrator in writing may sign the birth certificate certifying the fact of birth instead of the attending physician and surgeon, certified nurse midwife, or principal attendant if the physician and surgeon, certified nurse midwife, or principal attendant is not available to sign the certificate; and shall be responsible for registering the certificate with the local registrar within the time specified in Section 102400.

SEC. 2. Section 102415 of the Health and Safety Code is amended to read:

102415. For live births that occur outside of a hospital, or outside of a state-licensed alternative birth center, as defined in paragraph (4) of subdivision (b) of Section 1204, the physician in attendance at the birth; or in the absence of a physician, either one of the parents shall be responsible for entering the information on the certificate, securing the required signatures, and registering the certificate with the local registrar.

CHAPTER 65

An act to add and repeal Section 17293.5 of the Education Code, relating to teen parenting education programs, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 3, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 17293.5 is added to the Education Code, to read:

17293.5. (a) Notwithstanding any other provision of law, if a school district leases a building on a temporary basis for the purposes of housing a pregnant and parenting teen education program, the building shall be exempt from this article and Article 6 (commencing with Section 17365).

(b) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow school districts to continue offering pregnant and parenting teen education programs in buildings leased on a temporary basis, it is necessary that this act take effect immediately.

CHAPTER 66

An act to amend Sections 61737.04 and 61737.06 of the Government Code, to add Section 5784.40 to, and to repeal Section 5782.5.1 of, the Public Resources Code, relating to districts.

[Approved by Governor July 3, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 61737.04 of the Government Code is amended to read:

61737.04. The board shall appoint a person who shall be known as the finance officer, who shall serve at its pleasure. It shall fix the amount

of his or her compensation. It shall fix the amount of and approve his or her bond. The finance director may be a member of the board, the general manager, or his or her office may be consolidated with that of the secretary.

SEC. 2. Section 61737.06 of the Government Code is amended to read:

61737.06. Warrants shall be drawn by the finance officer and signed by the president and secretary, or one of them and one member of the board, or by the president and the general manager.

SEC. 3. Section 5782.5.1 of the Public Resources Code is repealed.

SEC. 4. Section 5784.40 is added to the Public Resources Code, to read:

5784.40. Notwithstanding Sections 5784.18 and 5784.19, with the prior approval of the supervising authority, a district may establish an alternative depository pursuant to Chapter 6.1 (commencing with Section 61737.01) of Part 5 of Division 3 of Title 6 of the Government Code.

CHAPTER 67

An act to add Section 49069.3 to the Education Code, relating to pupil records.

[Approved by Governor July 3, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 49069.3 is added to the Education Code, to read:

49069.3. Foster family agencies with jurisdiction over currently enrolled or former pupils may access records of grades and transcripts, and any individualized education plans (IEP) that may have been developed pursuant to Chapter 4 (commencing with Section 56300) of Part 30 maintained by school districts or private schools of those pupils.

CHAPTER 68

An act to amend Section 8961.7 of the Health and Safety Code, relating to cemetery districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 3, 2000. Filed with
Secretary of State July 3, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 8961.7 of the Health and Safety Code is amended to read:

8961.7. (a) A district formed prior to the adoption of this section may acquire, and maintain a mausoleum if construction thereof was completed at least 10 years prior to May 1, 1947. However, the district may construct additions to the mausoleum for crypt entombment.

(b) Notwithstanding the provisions of subdivision (a), the Visalia Public Cemetery District may acquire and manage the mausoleum originally constructed by the City of Visalia in 1965. However, the Visalia Public Cemetery District shall comply with all other applicable provisions with respect to the operation and maintenance of the mausoleum.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the City of Visalia and the Visalia Public Cemetery District. The facts constituting the special circumstances are:

The City of Visalia desires to divest itself of the ownership of a mausoleum and the Visalia Public Cemetery District is willing to acquire and manage that mausoleum. Current law prevents the district from acquiring the mausoleum because it was originally built after the statutory deadline. There is no other private organization or public agency available to manage the city's mausoleum. Accordingly, the Legislature finds that special circumstances exist that require special legislation.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the mausoleum's uninterrupted maintenance and care by the Visalia Public Cemetery District, it is necessary that this act take effect immediately.

CHAPTER 69

An act to add Section 45023.1 to the Education Code, relating to certificated employees and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 2000. Filed with
Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The minimum annual salary for a classroom teacher who possesses a full credential should be at least thirty-four thousand dollars (\$34,000).

(b) A thirty-four thousand dollars (\$34,000) minimum annual salary for a beginning credentialed classroom teacher is necessary to place the teaching profession in a position where it would be able to effectively compete with other professions for talented individuals who might consider teaching, but who are attracted to other higher paying professions that require similar years of postsecondary education and preservice experience.

(c) Teacher salary schedules in school districts should be designed to accomplish multiple goals, including, but not limited to, all of the following:

(1) The attraction of people with the education and personal characteristics to become career teachers.

(2) The retention of qualified, competent, and experienced teachers.

(3) The achievement of a reasonable annual salary commensurate with a teacher's experience, education, and responsibilities.

(4) The recognition of continuing professional development that is of benefit to the district, a teacher's school, and their pupils.

(d) The state's existing Jack O'Connell Beginning-Teacher Salary Incentive Program, with the minimum salary goal of thirty-two thousand dollars (\$32,000), is a good first effort toward accomplishing a more appropriate goal of an annual minimum beginning teacher salary of thirty-four thousand dollars (\$34,000).

(e) The goal of an annual minimum beginning teacher salary of thirty-four thousand dollars (\$34,000) can be achieved if the state provides the financial support for school districts and county offices of education that adopt the thirty-four thousand dollar (\$34,000) minimum. The state's school districts and county offices of education are of such diverse size and type that two options for state financial support should be made available. The school districts, county offices of education, and

county superintendents of schools should be permitted to choose the option that best meets their conditions in order to achieve a minimum annual beginning teacher salary of thirty-four thousand dollars (\$34,000).

SEC. 2. Section 45023.1 is added to the Education Code, to read:

45023.1. (a) Commencing with the 2000–01 fiscal year, the governing board of a school district, the county superintendent of schools, or the county board of education may increase, for teachers meeting the requirements prescribed by this section, the salary on its adopted certificated employee salary schedule as provided in subdivision (b). For purposes of this section, any teacher for whom the governing board, county superintendent of schools, or county board of education may increase salaries shall meet all of the following criteria:

(1) Hold a valid California teaching credential, not including an emergency permit, intern permit, or waiver.

(2) Possess a baccalaureate or higher degree.

(3) Receive a salary paid through the general fund of the district or county office.

(b) The governing board, county superintendent of schools, or county board of education that increases its salaries pursuant to subdivision (a) shall perform the following computations:

(1) The governing board, county superintendent of schools, or county board of education shall designate as the lowest salary on the salary schedule for a certificated employee meeting the criteria in subdivision (a) an amount that is at least an annual salary of thirty-four thousand dollars (\$34,000) in the 2000–01 fiscal year.

(2) The governing board, county superintendent of schools, or county board of education shall increase to the annual salary amount in paragraph (1) the salary of any certificated employee meeting the criteria in subdivision (a) whose salary on the salary schedule for the 1999–2000 fiscal year was less than the amount computed in paragraph (1) and, notwithstanding Section 45028, shall incorporate that increase into the salary schedule commencing with the 2000–01 fiscal year.

(c) Each school district or county office of education that increases its beginning teacher annual minimum salary to thirty-four dollars (\$34,000) pursuant to subdivision (b) shall elect, except as provided in subdivision (i), to receive reimbursement for the cost of the increase pursuant to only one of the following two options:

(1) Option One:

(A) In fiscal year 2000–01, a school district, county superintendent of schools, or county office of education that increases salaries pursuant to paragraph (2) of subdivision (b) and selects reimbursement Option One shall receive an amount equal to six dollars (\$6) times the district's or county office's second principal apportionment average daily

attendance for the 1999–2000 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(B) Divide the amount received from the state pursuant to subparagraph (A) for the 2000–01 fiscal year by the school district and county office of education second principal apportionment average daily attendance for the 2000–01 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(C) For the 2001–02 fiscal year and each fiscal year thereafter, for each school district that increases its salaries pursuant to subdivision (a), the Superintendent of Public Instruction shall sum the results of paragraphs (i) and (ii) and add that figure to the total school district revenue limit computed pursuant to Section 42238:

(i) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district’s second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district’s second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(D) For the 2001–02 fiscal year and each fiscal year thereafter, for each county office of education that increases its salaries subdivision (a), the Superintendent of Public Instruction shall add the sum of paragraphs (i) and (ii) to the county office of education revenue limit computed pursuant to Section 2550:

(i) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education’s second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant

pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance specified in subparagraph (B) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(E) The school district, county superintendent of schools, or county office of education shall utilize these incentive funds not only to meet the new beginning teacher annual minimum salary of thirty-four thousand dollars (\$34,000), but may also use the funds to generally enhance teachers' salaries in order to achieve the goals of retention of qualified, competent, and experienced teachers and the attainment of a reasonable salary commensurate with a teacher's experience, education, and responsibilities.

(2) Option Two: A school district, county superintendent of schools, or county office of education may submit a request to the Superintendent of Public Instruction, on a form supplied by the Superintendent of Public Instruction, for state funding computed as follows:

(A) Total the salaries of all certificated employees receiving increased salaries up to a maximum of thirty-four thousand dollars (\$34,000) per person pursuant to subdivision (b) for the 2000–01 fiscal year.

(B) Total all salaries, based on the salary schedule for the 2000–01 fiscal year before the increase made pursuant to subdivision (b), of all certificated employees receiving increased salaries pursuant to subdivision (b).

(C) Subtract the amount in subparagraph (A) from the amount in subparagraph (B).

(D) Multiply the amount in subparagraph (C) by the district's statutory benefit rates.

(E) For the 2000–01 fiscal year, a school district, county superintendent of schools, or county office of education that increases salaries pursuant to paragraph (2) of subdivision (b) and selects reimbursement Option Two shall receive the sum of paragraphs (C) and (D).

(F) Divide the sum of the amounts received pursuant to paragraphs (C) and (D) for the 2000–01 fiscal year by the school district and county office of education average daily attendance for the second principal apportionment for the 2000–01 fiscal year, excluding attendance in adult education programs and charter schools participating in the charter

school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(G) For the 2001–02 fiscal year and each fiscal year thereafter, for each school district that increases its salaries pursuant to subdivision (a), the Superintendent of Public Instruction shall sum the results of paragraphs (i) and (ii) and add that figure to the total school district revenue limit computed pursuant to Section 42238:

(i) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase pursuant to subdivision (b) of Section 42238.1 and multiply the resulting product by the school district's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(H) For the 2001–02 fiscal year and each fiscal year thereafter, for each county office of education that increases its salaries subdivision (a), the Superintendent of Public Instruction shall add the sum of paragraphs (i) and (ii) to the county office of education revenue limit computed pursuant to Section 2550:

(i) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year excluding attendance in regional occupational centers/programs, adult education programs, and charter schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(ii) Annually increase the funding rate per unit of average daily attendance calculated pursuant to subparagraph (F) by the percentage increase identified pursuant to Section 2557 and multiply the resulting product by the county office of education's second principal apportionment average daily attendance for the current fiscal year in regional occupational centers/programs excluding attendance in charter

schools participating in the charter school block grant pursuant to Article 2 (commencing with Section 47633) of Chapter 6 of Part 26.8.

(d) Any state funds received pursuant to this section and not used pursuant to the conditions of this section shall be returned to the state.

(e) If the funds requested by the school district, the county superintendents of schools, and the county offices of education for the 2000–01 fiscal year exceed the state appropriation for this section, the Superintendent of Public Instruction shall reduce all requests by the application of a single, common percentage factor for apportionment purposes, so as not to exceed the amount appropriated for this purpose.

(f) A school district or county office of education shall receive reimbursement pursuant to subdivision (c) only. However, this section does not prohibit a school district and its employees from negotiating salary schedules.

(g) The adjustments to school district and county office of education revenue limits prescribed in subparagraphs (C) and (D) of paragraph (1) of subdivision (c) and subparagraphs (G) and (H) of paragraph (2) of subdivision (c), respectively, shall continue so long as the increase in the salary schedule made pursuant to paragraph (2) of subdivision (b) or subdivision (i) is maintained.

(h) The Superintendent of Public Instruction shall issue appropriate forms to school districts and county offices of education no later than September 1, 2000. School districts, county superintendents of schools, or county offices of education shall notify the Superintendent of Public Instruction no later than December 31, 2000, regarding which option they wish to exercise for the 2000–01 fiscal year. School districts, county superintendents of schools, or county offices of education shall file their claim form for state funds with the Superintendent of Public Instruction no later than March 1, 2001.

(i) Adjustments made to school district or county office of education revenue limits pursuant to subparagraphs (C) and (D) of paragraph (1) of subdivision (c) and subparagraphs (G) and (H) of paragraph (2) of subdivision (c), respectively, shall not be considered part of the base revenue limit for the purpose of computing equalization adjustments or determining other wealth-related differences in school funding.

(j) Notwithstanding subdivision (c), a school district or county office of education that already has as the annual minimum salary for beginning teachers who meet the criteria in subdivision (a) in an amount equal to or greater than thirty-four thousand dollars (\$34,000) shall be eligible to receive reimbursement pursuant to Option One.

SEC. 3. Section 45023.1 as proposed to be added to the Education Code by Section 2 of this act shall become applicable and available to local educational agencies in the 2000–01 fiscal year only if funding for

purpose of its implementation is appropriated in the Budget Act of 2000 or in another measure.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the Budget Act of 2000 with respect to public schools, it is necessary that this act take effect immediately.

CHAPTER 70

An act to amend Sections 24216.5, 44386, 44395, 44396, 69532, 69612, 69612.5, 69613, 69613.1, 69613.5, 69613.6, 69614, 69615.4, and 69615.6 of, to amend and renumber Section 44397 of, to add Chapter 3.36 (commencing with Section 44735) and Chapter 3.44 (commencing with Section 44751) to Part 25 of, to add Article 21 (commencing with Section 70000) to Chapter 2 of Part 42 of, and to repeal Sections 69613.3 and 69613.55 of, the Education Code, relating to teachers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 2000. Filed with
Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares as follows:

(1) California is facing a teacher shortage for the foreseeable future. It is estimated that in the next 10 years 300,000 new teachers will be needed to fill vacancies caused by teacher attrition and pupil growth. The state has increased its capacity to train teachers since 1997 when class size reduction exacerbated existing shortages. Yet, even with the number of teachers being trained on the rise, the number of individuals who immediately enter the classroom after being prepared is estimated to be as low as 50 percent. Left untapped, this pool of trained teachers who are not teaching represents a wasted investment of state resources. In addition, retired teachers are discouraged from reentering the profession due to postretirement earnings limitations.

(2) Low-performing schools with a history of having high teacher turnover and inexperienced staff need more qualified teachers to substantially improve pupil achievement. While no one approach will likely meet the challenge of attracting and retaining individuals into

hard-to-staff schools, financial incentives ought to be an important element in any effective strategy.

(3) Attracting qualified teachers to low-performing schools necessitates that these schools make the hiring of fully credentialed staff a high priority.

(4) Ultimately, school districts are responsible for setting the standard for the quality of teachers that they employ.

(b) It is the intent of the Legislature in enacting this act to accomplish the following:

(1) Provide financial incentives to attract fully credentialed teachers to teach in low-performing schools, to reduce school districts' reliance on emergency permits by rewarding schools that hire credentialed teachers in appropriate assignments. The incentives are designed both to recruit qualified teachers to hard-to-staff schools and to provide low-performing schools with some additional discretionary moneys.

(2) Dissuade school districts, even under the most difficult circumstances, from hiring teachers who hold emergency permits by holding a district accountable through a system of incentives and penalties that obliges school districts to consistently reduce the number of emergency permit teachers it employs.

(3) Provide incentives and support for individuals who pursue traditional and alternative routes to teacher certification through a teaching fellowship, more accessible college loan assumption, and enhanced teaching internships.

SEC. 2. Section 24216.5 of the Education Code is amended to read:

24216.5. (a) The compensation earned by a member who retired for service under this part shall be exempt from subdivisions (d), (f), and (g) of Section 24214, if all of the following conditions are met:

(1) The member retired for service with an effective date on or before January 1, 2000.

(2) The member retired for service is employed by a school district to provide any of the following:

(A) Direct classroom instruction to pupils enrolled in kindergarten or any grades 1 to 12, inclusive.

(B) Support and assessment for new teachers through the Beginning Teacher Support and Assessment program authorized by Section 44279.1.

(C) Support to individuals completing student teaching assignments.

(D) Support to individuals participating in the following programs:

(i) Pre-Internship Teaching Program authorized pursuant to Article 5.6 (commencing with Section 44305) of Chapter 2 of Part 25.

(ii) Alternative certification programs authorized pursuant to Article 11 (commencing with Section 44380) of Chapter 2 of Part 25.

(iii) School Paraprofessional Teacher Training Program established pursuant to Article 12 (commencing with Section 44390) of Chapter 2 of Part 25.

(3) All members retired for service whose employment with a school district meets the conditions specified in this section shall be treated as a distinct class of temporary employees within the existing bargaining unit whose service shall not be included in computing the service required as a prerequisite to attainment of or eligibility for classification as a permanent employee of a school district. The compensation for service performed by this class of employees shall be established in accordance with subdivision (b) of Section 24214 and agreed to in the collective bargaining agreement between the employing school district and the exclusive representative for the existing bargaining unit within which these temporary employees of the school district are treated as a distinct class.

(4) The employing school district submits documentation required by the system to substantiate the eligibility of the temporary employment of a member retired for service for the exemption under this subdivision.

(b) A school district that employs a member retired for service pursuant to this section shall maintain accurate records of the retired member's compensation earned and shall report that compensation monthly to the system regardless of the method of payment or the source of funds from which the compensation is paid.

(c) This section shall not apply to the compensation earned for creditable service performed by a member retired for service for a community college district.

(d) The amendments made to this section by an act enacted in the second year of the 1999–2000 Regular Session shall apply to the 2000–01 school year and all subsequent school years.

(e) This section shall remain in effect only until July 1, 2005, and as of that date is repealed unless a later enacted statute which is enacted before July 1, 2005, deletes or extends that date.

SEC. 3. Section 44386 of the Education Code is amended to read:

44386. (a) From funds appropriated for the purposes of this article, the Commission on Teacher Credentialing shall award incentive grants to qualifying school districts or county offices of education. Each school district or county office of education that receives a grant shall provide matching funds from any available source in an amount equal to 50 percent of the cost of the alternative certification program. Grants shall be awarded by the commission for the remaining 50 percent of the cost of the alternative certification program, but in no event shall the grant amount awarded to any school district or county office of education exceed two thousand five hundred dollars (\$2,500) per intern per year,

except that the commission may require a lesser local contribution, or provide a larger grant per intern per year, in hardship cases.

(b) As determined by the Commission on Teacher Credentialing, funds appropriated in the annual Budget Act for the alternative certification program may also be made available for expenditure on the Pre-Internship Teaching Program authorized pursuant to Article 5.6 (commencing with Section 44305) of Chapter 2 of Part 25.

SEC. 4. Section 44395 of the Education Code is amended to read:

44395. (a) The National Board for Professional Teaching Standards Certification Incentive Program is hereby established to award grants to school districts for the purpose of providing awards to teachers who are employed by school districts or charter schools, are assigned to teach in California public schools, and have attained certification from the National Board for Professional Teaching Standards. The following awards shall be granted to the extent that funds have been appropriated for this purpose in the annual Budget Act:

(1) A teacher attaining national board certification shall be eligible for a one-time merit award of ten thousand dollars (\$10,000), except as specified in paragraph (2).

(2) In addition to the award specified in subdivision (1), commencing July 1, 2000, any teacher who has attained certification from the National Board for Professional Teaching Standards is eligible to receive an award of up to twenty thousand dollars (\$20,000) if he or she agrees to teach at a low-performing school for at least four years. Teaching service before July 1, 2000, may not be counted towards satisfaction of this four-year commitment. Awards granted pursuant to this subdivision shall be disbursed in annual payments of five thousand dollars (\$5,000) over a four-year period. The annual payment shall be made upon completion of the school year, and upon approval of a district-certified application pursuant to the guidelines of subdivision (c) of Section 44396.

(b) The State Department of Education shall administer the awards authorized by subdivision (a), and shall develop, in consultation with the Commission on Teacher Credentialing, certification and award information, criteria, procedures, and applications, all of which shall be submitted to the State Board of Education for approval. Amendments requested by the State Board of Education to that information, criteria, procedures, and applications shall be made before the dissemination of the material and the granting of any award under this article.

(c) The State Department of Education shall distribute the materials described in subdivision (b) to school districts. Each school district is strongly encouraged to ensure that teachers employed by the district or by charter schools affiliated with the district are informed about the

program and can acquire the necessary application and information materials.

(d) School districts are encouraged to provide for adequate release time and support for a teacher to complete the certification process. As a condition to providing that release time and support, a school district may require that a teacher serve in a mentor teacher capacity.

(e) The State Department of Education may provide fee assistance from funds appropriated in the annual Budget Act for the National Board for Professional Teaching Standards Certification Program to defray the fees of teachers seeking certification from the National Board for Professional Teaching Standards. The State Department of Education may provide fee assistance of up to one thousand dollars (\$1,000) for each teacher, not to exceed a total of two million dollars (\$2,000,000).

(f) For purposes of this article, the following definitions apply:

(1) "School district" means school district, county board of education, county superintendent of schools, a state operated program, such as a special school, or an education program providing instruction in kindergarten or any of grades 1 to 12, inclusive, that is offered by a state agency, including the California Youth Authority and the State Department of Developmental Services.

(2) "Low-performing school" means a school in the bottom half of all schools based on the Academic Performance Index rankings established pursuant to subdivision (a) of Section 52056. This designation shall be determined as of the date of the agreement by the teacher in paragraph (2) of subdivision (a) of this section.

SEC. 5. Section 44396 of the Education Code is amended to read:

44396. (a) (1) To the extent that funds are available for that purpose, a teacher who meets the criteria approved by the State Board of Education pursuant to subdivision (b) of Section 44395 is eligible and may apply for an award by following the procedures and instructions developed pursuant to that subdivision.

(2) A teacher who attained certification from the National Board for Professional Teaching Standards before the effective date of the act adding this section and who was employed by a school district or charter school and assigned to teach in a California public school on the date of certification may apply for an award authorized pursuant to this article if he or she meets all the other requirements for that award specified by this article. For awards pursuant to this subdivision, teaching service before July 1, 2000, may not be counted toward satisfaction of the teacher's four-year agreement to teach in a low-performing school.

(b) Teachers shall submit their applications for an award authorized by this article to the school district employing them. Teachers employed by a charter school shall submit their application through the school district granting the school's charter.

(c) When a school district receives an application for an award authorized by this article, it shall certify that the applicant is employed by the district or a charter school operating under a charter granted by the school district and that the applicant has met all the criteria established pursuant to subdivision (b) of Section 44395. The school district shall then submit the application to the State Department of Education for its review and approval.

(d) The State Department of Education shall approve applications that meet the criteria established pursuant to subdivision (b) of Section 44395. To the extent funds are available, the State Department of Education shall apportion funds to the appropriate school districts in the amount of the award authorized by Section 44395 for each approved application. The school district shall use funds apportioned to it pursuant to this subdivision to provide the amount of the award authorized by subdivision (a) of Section 44395 to each teacher whose application is approved.

SEC. 6. Section 44397 of the Education Code is amended and renumbered to read:

44398. Notwithstanding any provision of law except Sections 44332.6, 44340, 44346.1, and 44830.1, a teacher who is licensed to teach in a state other than California and who is certified by the National Board for Professional Teaching Standards shall be issued a clear teaching credential authorizing the teacher to teach in the subject area in which the teacher has received national certification.

SEC. 7. Chapter 3.36 (commencing with Section 44735) is added to Part 25 of the Education Code, to read:

CHAPTER 3.36. TEACHING AS A PRIORITY BLOCK GRANT

44735. The Teaching As A Priority Block Grant is hereby created to be administered by the State Department of Education with the approval of the State Board of Education. The State Department of Education shall award block grants to school districts on a competitive basis to provide incentives to attract credentialed teachers to be employed and retained in low-performing schools.

(a) Block grant funds may be used at the discretion of a school district for teacher recruitment and retention incentives with the target of reducing the number of teachers on emergency permits. Incentives shall only be used to hire and retain credentialed teachers. Teacher recruitment and retention incentives may include, but are not limited to, all of the following:

- (1) Signing bonuses.
- (2) Improved work conditions.
- (3) Teacher compensation.

(4) Housing subsidies.

(b) Funding shall be allocated to school districts on a per pupil basis for pupils enrolled in schools ranked in the bottom half of the academic performance index pursuant to Article 2 (commencing with Section 52051) of Chapter 6.1. Within the bottom half of the academic performance index, schools ranked in deciles 1, 2, and 3 shall receive 1¹/₂ times the funding per pupil of schools ranked in deciles 4 and 5. No less than the amount of funding generated by pupils in schools ranked in deciles 1, 2, and 3 shall be expended in those schools.

(c) School districts shall apply to the Department of Education on behalf of their schools. The district application shall contain information that is specific to each school. Applications shall contain baseline information on the number of teachers with waivers or emergency credentials at each school in accordance with subdivision (a).

(d) School districts that participate in the program established in this section shall be encouraged to participate in consortia operated regional recruitment centers pursuant to Section 44751.

(e) Funds appropriated for the purposes of this chapter shall supplement, and not supplant, existing efforts to recruit and retain fully credentialed teachers in the school district.

(f) The State Board of Education shall submit an evaluation of the program created by this chapter to the Legislature by January 1, 2004.

SEC. 8. Chapter 3.44 (commencing with Section 44751) is added to Part 25 of the Education Code, to read:

CHAPTER 3.44. TEACHER RECRUITMENT INCENTIVE PROGRAM

44751. (a) The Teacher Recruitment Incentive Program is hereby created, to be administered by the Sacramento County Office of Education. The Superintendent of Public Instruction shall allocate funds appropriated for the purpose of this program to the Sacramento County Office of Education, which shall allocate those funds as specified in Section 44751.5. The Superintendent of Public Instruction may allocate up to 6 percent of the program funds to the Sacramento County Office of Education for the costs of administering the program.

(b) For purposes of this chapter, the following terms have the following meanings:

(1) "Low-performing school" means a school in the bottom half of the Academic Performance Index rankings established pursuant to subdivision (a) of Section 52052 that has applied for participation in the Immediate Intervention Underperforming Schools Program established pursuant to subdivision (a) of Section 52053.

(2) "Regional teacher recruitment center" means an entity operated by a consortium of school districts that may also include county offices

of education, colleges, universities, or other community-based organizations.

44751.5. The Sacramento County Office of Education shall award, by January 1, 2001, six grants on a competitive basis to establish regional teacher recruitment centers. One region shall serve northern California. Two regions shall serve the Los Angeles area. One region shall serve the Central Valley. One region shall serve the Inland Empire. One region shall serve San Diego and Imperial Counties.

44752. Criteria for awarding the grants shall be established by the Sacramento County Office of Education, but shall include, at a minimum, all of the following:

- (a) A plan for collaboration among the consortium members.
- (b) A recruitment plan of highly effective recruitment strategies.
- (c) A focus on recruiting teachers to low-performing schools, especially those with a teaching staff that has more than 20-percent emergency permit teachers.
- (d) Active participation in planning and implementation by school district administrators responsible for certificated personnel.
- (e) The demonstrated need.
- (f) The number of teachers to be hired through recruitment efforts.

44752.5. (a) From funds appropriated for purposes of this chapter, the Sacramento County Office of Education shall award incentive grants to qualifying school districts and county offices of education for the cost of the recruitment plan.

(b) Grant amounts shall not exceed seven hundred dollars (\$700) multiplied by the number of teachers to be hired through the recruitment efforts of regional recruitment centers, as identified in the grant application.

(c) If fewer teachers are hired as a result of recruitment efforts by a regional recruitment center than the number of teachers for which the regional recruitment center was funded pursuant to subdivision (b), funding provided to the regional recruitment center in the immediately subsequent fiscal year shall be reduced by an amount equal to the difference between the number of teachers for which the regional recruitment center was funded and the number of teachers who were hired as a result of recruitment efforts by a regional recruitment center multiplied by the amount per recruit the center received in the prior year.

44753. The Sacramento County Office of Education shall provide statewide oversight and technical assistance for the regional teacher recruitment centers and perform the following responsibilities:

- (a) Provide advice to the CalTeach program within the California State University system regarding the regional media campaign for recruiting teachers.

(b) Consult with the Commission on Teacher Credentialing on delivering technical assistance in credentials counseling through the regional teacher recruitment centers.

(c) Develop, publish, and distribute a guide of all available state-level incentives to attract and retain teachers.

(d) Report teacher placement data to the appropriate fiscal and policy committees of the Legislature, the office of the Secretary for Education, the Department of Finance, the Legislative Analyst's Office, and the Commission on Teacher Credentialing.

(e) Ensure that school districts in consortia funded pursuant to this article receive first priority for a review of personnel hiring practices by the County Office Fiscal Crisis and Management Assistance Team conducted with funds appropriated for this purpose in the annual Budget Act.

44753.5. Regional teacher recruitment centers shall perform the following duties:

(a) Employ full-time recruiters to recruit teachers and provide credential and career counseling to prospective teachers.

(b) Make available information on available state-funded incentives to potential teachers.

(c) Conduct college campus and community-based information sessions on job opportunities in teaching.

(d) Provide outreach to potential teachers using electronic, print, radio, and other forms of advertising.

(e) Screen and distribute applications of prospective teachers to participating schools.

(f) Schedule interviews between prospective teachers and school administrators.

(g) Refer candidates to teacher preparation and alternative certification programs.

(h) Coordinate with the County Office Fiscal Crisis and Management Assistance Team established pursuant to Section 42127.8 on the provision of technical assistance to school districts in methods to streamline the hiring process.

(i) Report regional recruitment data to the Sacramento County Office of Education as specified in the grant award.

44754. School districts, county offices of education, colleges, universities, and community-based organizations participating in the Teacher Recruitment Incentive Program are encouraged to include in their submitted plans a financial commitment to teacher recruitment.

44754.5. The Sacramento County Office of Education shall enter into a contract for an evaluation of the Teacher Recruitment Incentive Program created pursuant to this chapter and report the findings of this outside evaluation to the Legislature by January 1, 2004.

SEC. 9. Section 69532 of the Education Code is amended to read: 69532. Cal Grant Program awards shall be known as “Cal Grant A awards,” “Cal Grant B awards,” “Cal Grant C awards,” and “Cal Grant T awards.” The maximum award in each category shall be determined in the annual Budget Act.

(a) Cal Grant A awards shall be used only for tuition and student fees in an instructional program of no less than two academic years. Commencing as soon as feasible, but no later than the award cycle that provides awards for the 1999–2000 academic year, the eligibility criteria for first-time Cal Grant award recipients who are community college students and transfer to a four-year college or university shall be no more stringent than the eligibility criteria for other first-time Cal Grant award recipients attending a four-year college or university.

(b) Cal Grant B awards shall be used only for tuition, student fees, and subsistence costs in an instructional program of no less than one academic year. Subsistence costs are living expenses, transportation, supplies, and books. Commencing as soon as feasible, but no later than the award cycle that provides awards for the 1999–2000 academic year, the eligibility criteria for first-time Cal Grant award recipients who are community college students and transfer to a four-year college or university shall be no more stringent than the eligibility criteria for other first-time Cal Grant award recipients attending a four-year college or university.

(c) Cal Grant C awards shall be used only for occupational or technical training in a course of no less than four months. There shall be a minimum of 1,570 new Cal Grant C awards each year.

(d) Cal Grant T awards shall be used only for tuition and student fees for a maximum of one academic year of full-time attendance in a program of professional preparation that has been approved by the Commission on Teacher Credentialing. There shall be a minimum of 3,000 new Cal Grant T awards each year. As a condition of receiving a Cal Grant T award, a recipient shall teach for one year in a low-performing school as defined in subdivision (c) of Section 44765 for each two thousand dollar (\$2,000) incentive provided pursuant to Section 69532 through the Cal Grant T Program, for a period not to exceed four years. Any recipient who fails to meet his or her teaching obligation shall repay the Cal Grant T award.

(e) The California Student Aid Commission shall evaluate the Cal Grant T Award program from its inception to determine, of the total number of recipients, the number of recipients who become employed as public school teachers. This evaluation shall be reported on an annual basis to the Governor and the Legislature beginning July 1, 2001.

SEC. 10. Section 69612 of the Education Code is amended to read:

69612. (a) (1) The Legislature hereby recognizes that there is a growing shortage of high-quality classroom teachers, and that there is a need for qualified teachers throughout California. The Legislature finds one of the most important elements in a pupil's success at learning is the quality of the teacher. The teacher shortage is most serious in particular subject areas, partly due to the shortage of students in these fields who enter the teaching profession. The Legislature also recognizes that many school districts have difficulty recruiting and retaining high-quality teachers for low-performing schools, for pupils with special needs, for schools serving rural areas or large populations of pupils from low-income and linguistic minority families, and schools with a high percentage of teachers holding emergency permits.

(2) The Legislature finds that the rising costs of higher education, coupled with a shift in available financial aid from scholarships and grants to loans, make loan repayment options an important consideration in a student's decision to pursue a postsecondary education. The availability of financial aid and loan repayment assistance are important considerations for many students, especially economically disadvantaged students, in making their educational decisions.

(b) It is the intent of the Legislature that the Assumption Program of Loans for Education be designed to encourage persons to enter into the teaching profession in designated subject matter shortage areas and in schools serving large populations of pupils from low-income families, schools serving rural areas, schools with a high percentage of teachers holding emergency permits, or schools with any or all of these characteristics. It is further the intent of the Legislature in enacting this article to do all of the following:

(1) Provide outstanding postsecondary students, particularly economically disadvantaged students, with the assurance of financial assistance to encourage them to complete postsecondary education programs leading to teaching credentials, and to seek employment as teachers.

(2) Provide persons who agree to become teacher trainees or teacher interns in a subject matter shortage area with the assurance of financial assistance to encourage them to complete the additional coursework necessary to obtain a teaching credential.

(3) Identify subject matter areas or schools in which there are shortages of fully credentialed teachers and provide incentives for persons to obtain teaching credentials and seek teaching positions in those areas.

(4) Identify schools serving rural areas, schools serving large populations of students from low-income families, or both, and schools with a high percentage of teachers holding emergency permits, and

provide incentives for persons to obtain teaching credentials and seek teaching positions in those schools.

(5) Identify low-performing schools and provide incentives for persons to obtain teaching credentials and seek teaching positions in those schools. For the purpose of this article, "low-performing school" means a school in the bottom half of the Academic Performance Index rankings established pursuant to subdivision (a) of Section 52056 at the time that a teacher is hired.

SEC. 11. Section 69612.5 of the Education Code is amended to read:

69612.5. Commencing with the 2000–01 school year, all persons eligible to receive conditional warrants for loan assumptions pursuant to this article shall be persons who need to complete training or coursework in order to be fully credentialed and who agree to obtain a credential and teach in a designated subject matter shortage area or in a school that, at the time that the teacher is hired, meets any of the following criteria:

- (a) Serves a large population of pupils from low-income families.
- (b) Has a high percentage of teachers holding emergency permits.
- (c) Is a low-performing school.

SEC. 12. Section 69613 of the Education Code is amended to read:

69613. (a) Any person enrolled in an institution of postsecondary education participating in the loan assumption program set forth in this article, or any person who agrees to participate in a teacher trainee or teacher internship program, may be eligible to receive a conditional warrant for loan assumption, to be redeemed pursuant to Section 69613.2 upon becoming employed as a teacher. In order to be eligible to receive a loan assumption warrant, an applicant shall satisfy all of the conditions specified in either subdivision (b) or (c).

(b) (1) The applicant has completed at least 60 semester units, or the equivalent, and is enrolled in an academic program leading to a baccalaureate degree at a participating institution, or has been admitted to a program of professional preparation that has been approved by the Commission on Teacher Credentialing.

(2) The applicant is currently enrolled, or has been admitted to a program in which he or she will be enrolled on at least a half-time basis, as determined by the participating institution. The applicant shall agree to maintain at least half-time enrollment and to maintain satisfactory academic progress.

(3) The applicant has been judged by his or her postsecondary institution to have outstanding ability on the basis of criteria that may include, but need not be limited to, any of the following:

- (A) Grade point average.
- (B) Test scores.
- (C) Faculty evaluations.

(D) Interviews.

(E) Other recommendations.

(4) In order to meet the costs associated with obtaining a baccalaureate degree, or a California teaching credential, the applicant has received, or is approved to receive, a loan under one or more of the following designated loan programs:

(A) The Federal Family Education Loan Program (20 U.S.C. Sec. 1071 et seq.).

(B) Any loan program approved by the Student Aid Commission.

(5) The applicant has agreed to teach in a public school in this state for at least four consecutive academic years after obtaining a teaching credential.

(c) (1) The applicant holds a baccalaureate degree and agrees to participate in a teacher trainee program or teacher internship program, or is a person who will continue to be employed full time in a field other than teaching while completing the necessary coursework for a teaching credential, or is a noncredentialed teaching paraprofessional, as described in Section 44323, who will continue to serve as a teaching paraprofessional while completing the necessary coursework for a California teaching credential.

(2) (A) The applicant is enrolled in, or has been admitted to, a participating institution and agrees to maintain satisfactory academic progress in an academic program leading to a baccalaureate degree or in a program of professional preparation that has been approved by the Commission on Teacher Credentialing, and the applicant satisfies the conditions specified in paragraphs (3), (4), and (5) of subdivision (b).

(B) No applicant who has completed fewer than 60 units, or the equivalent, shall be eligible under this subdivision to participate in the loan assumption program set forth in this article.

(d) The warrants distributed each year pursuant to subdivisions (b) and (c) at each participating institution shall be awarded by that institution to applicants who meet the criteria specified in Section 69612.5 and agree to teach in a designated shortage area or any of the types of schools that meet the criteria listed in that section. The warrant shall remain valid even if the subject area under which an applicant became eligible for a warrant ceases to be a designated shortage field by the time the applicant becomes a teacher.

(e) A person participating in the program pursuant to this section shall not receive more than one warrant.

(f) The Student Aid Commission shall adopt rules and regulations regarding the reallocation of warrants where a participating institution is unable to utilize its allocated warrants or is unable to distribute them within a reasonable period of time.

SEC. 13. Section 69613.1 of the Education Code is amended to read:

69613.1. The Superintendent of Public Instruction shall furnish the Student Aid Commission with all of the following:

(a) Commencing January 1, 1990, and every January 1 thereafter, a list of teaching fields that have the most critical shortage of teachers. The superintendent shall review this list annually and revise the list as he or she deems necessary.

(b) A list of schools that serve a large population of pupils from low-income families, as designated for purposes of the Perkins Loan Program, or according to other standards the superintendent deems appropriate.

(c) Commencing January 31, 2001, and every January 1, thereafter, a list of schools with a high percentage of teachers holding emergency permits. The list shall be established according to criteria determined by the Superintendent of Public Instruction.

(d) Commencing January 31, 2000, and every January 1, thereafter, a list of schools serving rural areas. The list shall be established according to standards deemed appropriate by the Superintendent of Public Instruction.

(e) Commencing January 31, 2001, and every January 1, thereafter, a list of low-performing schools.

SEC. 14. Section 69613.3 of the Education Code is repealed.

SEC. 15. Section 69613.5 of the Education Code is amended to read:

69613.5. (a) Notwithstanding Sections 69612.5 and 69614, for the purposes of the recruitment of teachers from outside California, the commission may distribute warrants to school districts to be awarded to out-of-state teachers who fulfill the terms of Section 69613.4. A teacher who receives a warrant pursuant to this subdivision shall hold a valid teaching credential, in the subject area of the California teaching position, from the state in which he or she resides.

(b) The commission shall adopt rules and regulations regarding the allocation of warrants to school districts pursuant to this section.

SEC. 16. Section 69613.55 of the Education Code is repealed.

SEC. 17. Section 69613.6 of the Education Code is amended to read:

69613.6. (a) Except as provided in subdivision (b), if a program participant fails to complete a minimum of four consecutive school years of classroom instruction as required by this article, under the terms of the agreement pursuant to paragraph (5) of subdivision (b) of Section 69613, the participant shall assume full liability for all student loan obligations remaining after the commission's assumption of loan liability for the last year of qualifying teaching service pursuant to Section 69613.

(b) Notwithstanding subdivision (a), if a program participant becomes unable to complete one of the four consecutive years of teaching service due to serious illness, pregnancy, or other natural causes, the participant shall receive a deferral of the resumption of full liability for the loan for a period not to exceed one calendar year.

SEC. 18. Section 69614 of the Education Code is amended to read:

69614. (a) The Student Aid Commission shall distribute program information and student applications to participate in the loan assumption program to all school districts and county offices of education operating a district intern program pursuant to Section 44381 and postsecondary institutions eligible to participate in state and federal financial aid programs and having a program of professional preparation that has been approved by the Commission on Teacher Credentialing. Each eligible institution shall receive at least one application, and the remainder shall be distributed to eligible institutions proportionate to the number of teaching candidates from each institution who were fully credentialed during the previous year. In addition, the Student Aid Commission shall reexamine its outreach and marketing strategies to inform both potential undergraduates and persons employed outside of academia about the availability and benefits of the loan assumption program. To this end, the commission shall enlist the advice and support of the California Center on Teaching Careers, the University of California, the California State University, the Association of Independent California Colleges and Universities, and private employers and their associations throughout the state.

(b) Each participating institution shall sign an institutional agreement with the commission, certifying its intent to administer the loan assumption program according to all applicable published rules, regulations, and guidelines, and to make special efforts to notify students regarding the availability of the program, particularly economically disadvantaged students.

(c) To the extent feasible, each participating institution shall coordinate the loan assumption program with other existing programs designed to recruit or encourage students to enter the teaching profession. These programs may include, but need not be limited to, student internships in school districts, courses that provide early exploratory or field work experience in elementary or secondary schools, and work-study employment in elementary or secondary schools.

SEC. 19. Section 69615.4 of the Education Code is amended to read:

69615.4. The commission shall report annually to the Legislature regarding all of the following, on the basis of sex, age, and ethnicity:

(a) The total number of warrants awarded.

(b) The number of warrants allocated each to juniors, seniors, students enrolled in teacher training programs, and persons who agree to enroll in teacher trainee programs or teacher internship programs.

(c) The number of warrants awarded to applicants who pursue a credential in a subject matter shortage area.

(d) The number of warrants awarded to applicants who agree to teach in schools with a high ratio of pupils from low-income families and low-performing schools.

(e) The number of warrants awarded to applicants who agree to teach in schools serving rural areas.

(f) The number of warrants awarded to applicants who agree to teach in schools with a high percentage of teachers holding emergency permits.

(g) The number of warrants that are redeemed by the initial recipients.

SEC. 20. Section 69615.6 of the Education Code is amended to read:

69615.6. (a) Beginning no later than the 1986–87 school year, and each school year thereafter up to and including the 1997–98 school year, the commission shall issue warrants for the assumption of up to 500 student loans for program participants eligible under this article.

(b) For the 1998–99 school year, the commission shall issue warrants for the assumption of up to 4,500 student loans for program participants eligible under this article.

(c) For the 1999–2000 school year the commission shall issue warrants for the assumption of up to 5,500 student loans for program participants eligible under this article.

(d) Commencing with the 2000–01 school year, and each school year thereafter, the following shall apply:

(1) The commission shall issue warrants for the assumption of up to 6,500 student loans for program participants eligible under this article.

(2) Notwithstanding the limitation of 6,500 warrants set forth in paragraph (1), the commission shall issue warrants in a quantity determined by the Governor and the Legislature in the annual Budget Act for the assumption of student loans.

(3) Notwithstanding Sections 69613.5 and 69614, up to 100 of the 6,500 warrants issued pursuant to this subdivision may be issued for the assumption of student loans for applicants who agree to teach in school districts serving rural areas.

(e) The issuance of warrants shall be subject to funding to be provided in the Budget Act for each fiscal year.

SEC. 21. Article 21 (commencing with Section 70000) is added to Chapter 2 of Part 42 of the Education Code, to read:

Article 21. Governor's Teaching Fellowships

70000. (a) The Governor's Teaching Fellowships Program is hereby established to be administered by the Chancellor's office of the California State University. The chancellor's office shall collaborate with the University of California, the California Community Colleges, the Association of Independent California Colleges and Universities, the State Department of Education, and the Commission on Teacher Credentialing to ensure that access to the fellowships is available to students in a variety of teaching preparation programs.

(b) In January 2001, 250 nonrenewable graduate teaching fellowships in the amount of twenty thousand dollars (\$20,000) each shall be awarded, with funds disbursed one-half in January 2001 and one-half in September 2001.

(c) Beginning in the 2001-02 fiscal year, 1,000 nonrenewable, graduate teaching fellowships in the amount of twenty thousand dollars (\$20,000) each shall be awarded annually.

(d) The fellowship award may be used to defer tuition for a teacher certification program at any accredited postsecondary institution in California and for living expenses while enrolled in that program.

70001. (a) The Chancellor's office of the California State University shall have the following duties:

(1) Developing an application process that establishes a merit-based fellowship program for graduate students who agree to teach at a low-performing school for four years.

(2) Establishing a broad and effective outreach effort to promote the availability and the merits of the fellowship program.

(3) Conducting the selection process for fellowship applicants.

(4) Collaborating with the Commission on Teacher Credentialing to develop and implement a system for monitoring program participants through the completion of their four-year teaching obligation.

(5) Determining the criteria for selecting teaching fellowship candidates. The criteria shall include, at a minimum, all of the following:

(A) Previous academic and employment record.

(B) A demonstrated commitment to serve in a low-performing school.

(C) Faculty and employer evaluations.

(D) Interviews.

(E) Letters of recommendation.

(b) For the purposes of this article, a "low-performing school" is a school in the bottom half of the Academic Performance Index rankings established pursuant to subdivision (a) of Section 52056. If a school meets this criteria at the time a teacher is hired, continued employment of the teacher at that school fulfills the commitment made by the teacher,

even if the school improves its rank on the Academic Performance Index.

70002. An intersegmental review committee is hereby established to review all applications for the Governor's Teaching Fellowships. The committee shall recommend teaching fellowship candidates to the Chancellor's office of the California State University. The committee shall consist of 12 members, appointed by the Governor to a term of four years, based on recommendations as follows:

(a) The Chancellor of the California State University shall recommend six members. Two shall be faculty members. One shall be an administrator from higher education. One shall be an administrator from a school maintaining kindergarten or any of grades 1 to 12, inclusive. Two shall be teachers from schools maintaining kindergarten or any of grades 1 to 12, inclusive.

(b) The President of the University of California shall recommend three members. One shall be a faculty member. One shall be an administrator from either higher education or schools maintaining kindergarten or any of grades 1 to 12, inclusive. One shall be an elementary or secondary teacher.

(c) The Chair of the Association of Independent California Colleges and Universities shall recommend three members. One shall be a faculty member. One shall be an administrator from either higher education or schools maintaining kindergarten or any of grades 1 to 12, inclusive. One shall be an elementary or secondary teacher.

70003. (a) A fellowship recipient shall agree to teach in a low-performing school for four years and shall have four years, upon completion of his or her preparation program, to meet that obligation. Except as provided in subdivision (c), a fellowship recipient shall agree to repay the state five thousand dollars (\$5,000) annually for each year the recipient fails to complete either the teacher preparation program or the required teaching service, up to full repayment of twenty thousand dollars (\$20,000).

(b) Nonperformance of the commitment to teach in a low-performing school for four years shall be certified by the Commission on Teacher Credentialing to the chancellor's office.

(c) Any exceptions to the requirement for repayment shall be defined by the chancellor's office.

70004. The Trustees of the California State University shall provide an annual report, for each higher education institution, on the number of fellows receiving funding, the number of fellows completing programs, and the place of employment for each candidate.

70005. (a) The Chancellor's office of the California State University shall adopt any rules and regulations it deems necessary for the administration of this section and the recovery of funds it determines

are owed to the state. The rules and regulations adopted by the chancellor's office pursuant to this section shall also include a provision authorizing the chancellor's office to seek a civil penalty on a recipient of funds under this program, in an amount not to exceed five thousand dollars (\$5,000) per year for each year that the recipient of funds is determined by the Commission on Teacher Credentialing to have failed to fulfill his or her obligation to teach in a low-performing school.

(b) Any moneys derived from the assessment of penalties pursuant to this section shall be deposited into the General Fund.

SEC. 22. This act shall become operative only if Senate Bill 1330 of the 1999–2000 Regular Session is chaptered.

SEC. 23. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the Budget Act of 2000 with respect to the public schools and institutions of higher education, it is necessary that this act take effect immediately.

CHAPTER 71

An act to amend Sections 313, 2550, 8278, 10551, 10554, 10555, 32228, 32228.1, 33050, 41203.1, 47652, 48664, 49550.3, 54743, 54744, 54745, 54746, 54747, 54748, 54749, 54749.5, 76300, 87885, and 92820 of, to add Sections 2568, 42238.23, and 52052.3 to, to add and repeal Chapter 5 (commencing with Section 420) of Part 1 of, and to add Chapter 4 (commencing with Section 14550) to Part 9 of, the Education Code, to amend Section 6516.6 of, to add Chapter 3.10 (commencing with Section 15820.80) to Part 10b of Division 3 of Title 2 of, and to add and repeal Section 15820.84 of, the Government Code, and to add Section 10299 to the Public Contract Code, relating to government, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 2000. Filed with
Secretary of State July 5, 2000.]

I am signing Senate Bill 1667. However, I am deleting Section 41, reducing the appropriations made in Section 42 by a total of \$17,566,000, and reducing the appropriations made in Section 43 by a total of \$3,626,000. These appropriations are being eliminated because I have specific concerns with the projects. The specific reductions are as follows:

I am deleting Section 41 of this bill, which appropriates \$8.9 million for county office of education equalization. This augmentation is being eliminated because the 2000–01

Budget continues discretionary funding increases from previous years for county offices of education and provides an increase of \$48,000,000 in discretionary funding by eliminating the county offices of education deficit factor.

I am also reducing Section 42 of this bill from \$32,852,000 to \$15,286,000. The specific reductions are as follows:

I am reducing the appropriation in Section 42 by eliminating paragraph (6) of subdivision (a), which allocates \$300,000 to the San Francisco Unified School District for expansion of arts education in grades K-5. Grants for this purpose are available on a competitive basis through the Department of Education, and I am therefore deleting this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by reducing paragraph (7) of subdivision (a) from \$500,000 to \$400,000, to the Culver City Unified School District to repair the track at Culver City High School, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (8) of subdivision (a), which allocates \$10,000 to the Los Angeles Unified School District for a school-based/school-linked health program at the Maclay Middle School. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (9) of subdivision (a), which allocates \$10,000 to the Los Angeles Unified School District for a school-based/school-linked health program at the Pacoima Middle School. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (11) of subdivision (a), which allocates \$20,000 to the Manhattan Beach Unified School District for the purchase of equipment for teaching aids to reduce diversity intensity and increase cultural awareness at Mira Costa High School, to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (15) of subdivision (a), which allocates \$100,000 to Ligget Elementary for establishment of a Parent Education Center. Grants are already available for this purpose through the Department of Education, pursuant to the Parental Involvement Program established pursuant to Chapter 734 of the Statutes of 1999. Additional, support for this purpose should be provided from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (18) of subdivision (a), which allocates \$200,000 to the Sunnyvale Elementary School District for Project H.E.L.P. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (19) of subdivision (a), which allocates \$250,000 to the Lamont Elementary School District for portable classrooms. Funding for this purpose should be sought through the State Allocation Board process.

I am reducing the appropriation in Section 42 by eliminating paragraph (22) of subdivision (a), which allocates \$450,000 to the Los Angeles Unified School District for the San Fernando High School Health Clinic. I am reducing this appropriation in order to fund competing higher priorities.

I am sustaining the appropriation of \$500,000 in paragraph (23) of subdivision (a) of Section 42 for the Baldwin Park Unified School District's Drama, Reading, English, and Mathematics (DREAM) project, on a one-time basis only, thus any future support for this project should be provided from local resources.

I am reducing the appropriation in Section 42 by reducing paragraph (24) of subdivision (a) from \$500,000 to \$200,000, to the Montebello Unified School District for natural gas powered delivery trucks, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (25) of subdivision (a), which allocates \$150,000 to the Elk Grove Unified School District for a

Japanese language academy. I am deleting this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (26) of subdivision (a), which allocates \$500,000 to the Oakland Unified School District for a reading training program. The Budget Bill already includes significant funding for reading staff development, reading programs, and remedial instruction in reading, and I am therefore unable to support this request.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (27) of subdivision (a), from \$350,000 to \$200,000 for allocation to the Burbank Unified School District to continue a literacy program on a one-time basis only, thus any future support for this project should be provided from local resources.

I am sustaining the appropriation of \$300,000 in paragraph (28) of subdivision (a) of Section 42 for the Temple City Unified School District's Arts Academy, on a one-time basis only, future support for this project should be provided from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (29) of subdivision (a), which allocates \$400,000 to the Alum Rock Union Elementary School District for a mathematics/science center that would provide training and science/mathematicssupplies to teachers. The 2000–01 Budget already contains \$246 million for the Staff Development Day Buy-Out program and \$108 million for a variety of Professional Development Institutes, including institutes in elementary mathematics and algebra, to help improve teacher's skills and expertise in classroom instruction.

I am reducing the appropriation in Section 42 by eliminating paragraph (30) of subdivision (a), which allocates \$50,000 to the Santa Monica Malibu Unified School District for an after school youth program at Malibu High School. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (32) of subdivision (a), which allocates \$200,000 to the Tahoe-Truckee Unified School District for the North Tahoe Youth Center. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (34) of subdivision (a), which allocates \$675,000 to the Los Alamitos Unified School District for reimbursement for class size reduction costs. Funding for this purpose should be sought through the class size reduction facilities program.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (35) of subdivision (a), from \$10,000,000 to \$5,000,000 for allocation to the Alvord Unified School District for construction costs associated with the Center for Primary Education. The balance of funding required for this project should be sought through the School Facilities Program or from local resources.

I am reducing the appropriation in Section 42 by eliminating paragraph (36) of subdivision (a), which allocates \$900,000 to the Riverside County Office of Education for the purpose of screening and diagnosing pupils for Scotopic Sensitivity Syndrome, to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (37) of subdivision (a), which allocates \$500,000 to the Saugus Union Elementary School District for costs associated with testing air quality in portable classrooms. As indoor air quality in portable classrooms is an important issue, the Budget provides \$1 million to the Air Resources Board and the State Department of Health Services for purposes of conducting a comprehensive study and review of the environmental health conditions, including air quality, in portable classrooms.

I am reducing the appropriation in Section 42 by eliminating paragraph (38) of subdivision (a), which allocates \$275,000 to the Inyo County Office of Education for facilities costs. Funding for this project may be available through the School Facilities Program.

I am reducing the appropriation in Section 42 by eliminating paragraph (39) of subdivision (a), which allocates \$500,000 to the Calaveras Unified School District for swimming pool renovations, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (40) of subdivision (a), which allocates \$27,000 to the Alta-Dutch Flat Union Elementary School District for Afternoon Transportation Services, in order to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (43) of subdivision (a), which allocates \$469,000 to the Mariposa Unified School District for declining ADA. As current law provides sufficient provisions to cushion the loss of ADA for school districts, I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (44) of subdivision (a), from \$568,000 to \$285,000 for the Chatom Union Elementary School District. The original augmentation included funding for declining ADA and for the purchase of school buses. As current law provides sufficient provisions to cushion the loss of ADA for school districts, I am reducing this appropriation maintaining only the funding for the purchase of school buses.

I am reducing the appropriation in Section 42 by eliminating paragraph (45) of subdivision (a), which allocates \$3,700,000 to the Clovis Unified School District for the Central Valley Applied Agriculture and Technology Center. I am deleting this appropriation to fund higher competing priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (47) of subdivision (a), which allocates \$112,000 to the Alameda County Office of Education for the Smart Kids, Safe Kids program. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (48) of subdivision (a), which allocates \$475,000 to the Millbrae Elementary School District for declining ADA. As current law provides sufficient provisions to cushion the loss of ADA for school districts, I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by eliminating paragraph (52) of subdivision (a), which allocates \$160,000 to the Soledad Enrichment Charter School for Operation Y.E.S. I am reducing this appropriation in order to fund competing higher priorities.

I am reducing the appropriation in Section 42 by reducing the amount in paragraph (55) of subdivision (a), from \$5,000,000 to \$3,700,000 for the Clovis and Fresno Unified School Districts for the Center for Advanced Research and Technology. I am reducing this appropriation to fund higher competing priorities.

I am also reducing Section 43 of this bill by \$3,626,000, from \$8,576,000 to \$4,950,000. The specific reductions are as follows:

I am reducing the appropriation in Section 43 by eliminating paragraph (1) of subdivision (a) which allocates \$575,000 for preliminary plans, working drawings and construction for the Santa Clarita Community College District, College of the Canyons Welding Technology and Manufacturing Technology Lab. Funding for this project is premature as the project has circumvented the Chancellor's Office review and priority setting process, and has not been identified by the District as a priority on their five-year capital outlay plan.

I am reducing the appropriation in Section 43 by eliminating paragraph (2) of subdivision (a) which allocates \$551,000 for the working drawings phase of the Victor Valley Community College District, Victor Valley College Advanced Technology Building. Funding for this project is premature as the funding of previous phases was

predicated upon the commitment of the District that funding for subsequent phases would not be sought until the 2001–2002 fiscal year.

I am reducing the appropriation in Section 43 by eliminating paragraph (4) of subdivision (a), which allocates \$1,500,000 to the Copper Mountain Community College District for transition and technology costs. Copper Mountain will be fully operational as a district and receive local assistance apportionment funding in the 2000–01 fiscal year. Therefore, the need for additional district-specific funding is unclear.

I am reducing the appropriation in Section 43 by reducing the allocation in paragraph (7) for the acquisition of land for the future construction of the Los Angeles Community College District (LACCD), Los Angeles City College Satellite Center from \$4,000,000 to \$3,000,000. In addition, I am restricting expenditure of the remaining \$3,000,000. The Los Angeles Community College District has not yet demonstrated the programmatic necessity of a satellite center. Prior to the expenditure of these funds the LACCD and the California Community College (CCC) must receive the requisite approvals for the satellite center from the California Postsecondary Education Commission (CPEC). Further, the need for a satellite center must be justified and demonstrated to the Department of Finance (DOF). The proposal submitted to the DOF must identify and demonstrate the programmatic need for the satellite center, the annual enrollment and full time equivalents served, the costs of the center both during development and once fully developed, and the full scope and cost of the acquisition and construction proposal for the center. The submittal to DOF must demonstrate that the center will meet the programmatic needs of both the district and the CCC and additionally substantiate that the space needs for the new center cannot be accommodated in existing facilities and campuses in the district. Finally, the funds will only be available for expenditure upon certification from the seller that the site is an environmentally clean site and that the owner will accept liability for any hazardous waste on the site or ground water contamination. Current and future resources should not be allocated on an ad hoc basis, rather, allocated to projects that have been developed in the context of the Administration's overall priorities, cost standards, guidelines, instructional purposes, enrollment related needs, and scope standards and secured the appropriate programmatic and site review and approval.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 313 of the Education Code is amended to read:

313. (a) Each school district that has one or more pupils who are English learners shall assess each pupil's English language development in order to determine the level of proficiency for the purposes of this chapter.

(b) The State Department of Education, with the approval of the State Board of Education, shall establish procedures for conducting the assessment required pursuant to subdivision (a) and for the reclassification of a pupil from English learner to proficient in English.

(c) Commencing with the 2000–01 school year, the assessment shall be conducted upon initial enrollment, and annually, thereafter, during a period of time determined by the Superintendent of Public Instruction and the State Board of Education. The annual assessments shall continue until the pupil is redesignated as English proficient. The assessment shall primarily utilize the English language development test identified

or developed by the Superintendent of Public Instruction pursuant to Chapter 7 (commencing with Section 60810) of Part 33. Prior to completion of the English language development test, a school district shall use either an assessment instrument developed by the school district or an assessment recommended by the State Department of Education.

(d) The reclassification procedures developed by the State Department of Education shall utilize multiple criteria in determining whether to reclassify a pupil as proficient in English, including, but not limited to, all of the following:

(1) Assessment of language proficiency using an objective assessment instrument, including but not limited to, the English language development test pursuant to Section 60810.

(2) Teacher evaluation, including, but not limited to, a review of the pupil's curriculum mastery.

(3) Parental opinion and consultation.

(4) Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age, that demonstrates whether the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

(e) It is the intent of the Legislature that nothing in this section precludes a school district or county office of education from testing English language learners more than once in a school year if the school district or county office of education chooses to do so.

SEC. 2. Chapter 5 (commencing with Section 420) is added to Part 1 of the Education Code, to read:

CHAPTER 5. ENGLISH LANGUAGE AND INTENSIVE LITERACY PROGRAM

420. This chapter shall be known and may be cited as the English Language and Intensive Literacy Program.

421. The English Language and Intensive Literacy Program is hereby established and shall be administered by the Superintendent of Public Instruction. The Superintendent of Public Instruction shall develop, and the State Board of Education shall approve, guidelines for implementing this chapter, including, but not limited to, guidelines for reviewing and approving English Learner Literacy grants.

422. (a) A school district, county office of education, or charter school that maintains kindergarten or any of kindergarten or grades 1 to 12, inclusive, may apply for a grant of four hundred dollars (\$400) per pupil to operate a program that provides multiple, intensive English language and literacy opportunities for pupils in any one or combination

of kindergarten and grades 1 to 12, inclusive, with an emphasis on mastery of English language and literacy skills that will allow pupils to significantly improve achievement in the classroom. Funding for the program established pursuant to this chapter shall be provided in Section 37 of the act adding this chapter.

(b) Pupils shall remain eligible for participation in the program established pursuant to this chapter for three calendar months after completing grade 12.

(c) The purposes of the program established pursuant to this chapter include, but are not limited to, both of the following:

(1) To provide pupils who are experiencing difficulty learning English and difficulty in reading with increased instructional opportunities.

(2) To provide stimulating and enriching opportunities for all pupils to increase their English and literacy skills.

(d) (1) Instruction provided pursuant to the program shall be consistent with the standards for a comprehensive English language development instruction program that is research-based, as described in subparagraphs (A) and (B) of paragraph (4) of subdivision (b) of Section 44259, and shall include all of the following components:

(A) The study of organized, systematic, explicit skills, including phonemic awareness, direct, systematic explicit phonics, and decoding skills.

(B) A strong literature, language, and comprehension component with a balance of oral and written language.

(C) Ongoing diagnostic techniques that inform teaching and assessment.

(D) Early intervention techniques.

(2) Instruction provided pursuant to the program shall be consistent with state-adopted academic content standards and with the curriculum framework on English language arts and the English language development standards adopted by the State Board of Education.

(3) As a condition of receiving funds for this program, participants shall use the English Language Development exam, developed pursuant to Section 60811, to evaluate pupil improvement toward becoming fully English proficient, if this assessment is available. To the extent that the English Language Development exam is not available, participants may use other assessment instruments that measure English language proficiency if the instruments have been proven to be valid and reliable.

423. (a) Except as provided in subdivision (b), intensive English and literacy instruction provided pursuant to this chapter shall be offered four hours per day for six continuous weeks during the summer or intersession.

(b) Due to facilities constraints or for other educational reasons, a school may offer intensive instruction before school, after school, on Saturdays, or during intersession, or in a combination of summer school, after school, Saturday, or intersession instruction. Schools that utilize an after-school program to provide these services may establish an age appropriate schedule that still provides 120 hours of instruction.

(c) It is the intent of the Legislature that school districts, county offices of education, or charter schools that operate the program established by this chapter utilize credentialed persons and, to the extent possible, persons holding appropriate authorization to teach limited-English pupils. Tutors and other assistants may provide services to English language learners, if they are working under the supervision of instructors who fulfill the requirements of Sections 44830 and 44831, and who may fulfill the requirements of Section 44253.7. Tutors and other assistants serving English language learners under this chapter shall also have appropriate training in the teaching of English language learners.

(d) Notwithstanding Section 49550 or any other provision of law, a school district, county office of education, or charter school that operates a program pursuant to this chapter is not required to provide a meal or snack to pupils participating in the program.

424. (a) Any school district, county office of education, or charter school that serves English language learners may apply for funding under this chapter if they submit an application and a plan that meets the requirements set forth in subdivision (b) and certifies the English language learners are participating in the program outlined in the school plan.

(b) The application submitted pursuant to subdivision (a) for program participation shall include a plan for a classroom-based program of intensive English language instruction that will provide 120 hours of language and literacy instruction to English language learners enrolled in kindergarten or any of grades 1 to 12, inclusive, that is modeled after the intensive reading program, as authorized by Article 1 (commencing with Section 53025) of Chapter 16 of Part 28, including:

(1) The number and percentage of English language learners in the participating schools.

(2) The proposed schedule for providing 120 hours of instruction. Class schedules should be offered during summer, intersession breaks, after school, Saturdays or during the evening.

(3) A proposed program budget and a proposal that specifies the type of information that will be provided to the State Department of Education to verify that services were provided to English language learners.

(c) School districts, county offices of education, or charter schools that receive funding pursuant to this chapter shall spend at least 90 percent of program funds received for direct services or instructional materials for English language learners.

(d) To the extent possible, the Superintendent of Public Instruction shall provide a mix of grants to elementary schools, middle schools, and high schools in order to ensure that the results of the evaluation are applicable to all grade levels.

(e) Applications from prospective program participants shall be received by October 1, 2000.

(f) To the extent funding is available in subsequent years, applications must be received by October 1, and annually thereafter.

425. (a) The Superintendent of Public Instruction, with input from the Legislative Analyst's office, the Office of the Secretary of Education, and the Department of Finance, shall contract with an independent evaluator for the purpose of determining the effectiveness of this program, including, but not limited to, improving English language proficiency and identifying the most effective practices for teaching English language learners. The evaluation shall be submitted to the appropriate legislative committees, on or before November 1, 2003. If funds are needed for this purpose, it is the intent of the Legislature that funds be appropriated for this purpose in the annual Budget Act.

(b) The State Department of Education shall provide interim reports to the Legislature that include, but are not limited to, the following:

(1) The amount of funding allocated.

(2) The number of schools participating in the program.

(3) The number of English language learners participating in this program.

(c) The first interim report is due March 1, 2001. The second interim report is due March 1, 2002. The final interim report is due March 1, 2003. However, these interim reports shall only be required if funds are available for allocation for this program.

426. (a) The State Librarian, with input from the Legislative Analyst's office, the Office of the Secretary of Education, and the Department of Finance, shall contract with an independent evaluator to evaluate the portion of the English Language and Intensive Literacy Program that is administered by the State Library, as listed in Item 6120-212-0001 of Section 2.00 of the Budget Act of 2000. The evaluation shall determine the effectiveness of this program, including, but not limited to, improving English language proficiency and identifying the most effective practices for teaching English language learners and their families in improving English language proficiency.

(b) The State Librarian shall provide interim reports to the Legislature that include, but are not limited to, the following:

- (1) The amount of funding allocated.
 - (2) The number of libraries or schools participating in the program.
 - (3) The number of English language learners participating in this program.
 - (4) The number of parents participating in the program.
- (c) The first report is due March 1, 2001. The second report is due March 1, 2002. The final interim report is due March 1, 2003. However, these reports shall be required only if funds are available for allocation for this program.

427. (a) It is the intent of the Legislature that data developed through the English Language and Intensive Literacy Program be used to inform curriculum, instruction, assessment, research, and teacher preparation programs regarding use of the most effective practices for teaching English language learners.

(b) It is the intent of the Legislature that, once the most effective programs and processes have been identified, schools be required to incorporate those effective practices into the regular classroom instruction as a condition of receiving funds pursuant to Section 404.

(c) It is further the intent of the Legislature that this program be administered consistent with research-based strategies for teaching English language learners, as well as the English language for immigrant children, set forth in Chapter 3 (commencing with Section 300), as applicable.

428. This chapter shall become inoperative on July 1, 2003, and as of January 1, 2004, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 2550 of the Education Code is amended to read:

2550. For each fiscal year, the Superintendent of Public Instruction shall make the following computations to determine the amount to be allocated for direct services and other purposes provided by county superintendents of schools:

(a) For programs operated pursuant to subdivision (a) of Section 14054, the Superintendent of Public Instruction shall:

(1) Determine the allowances that county superintendents received per unit of average daily attendance in the prior fiscal year. The Superintendent of Public Instruction shall increase each amount by a percentage equal to the inflation allowance calculated for the current fiscal year pursuant to Section 2557.

(2) Multiply each amount determined in paragraph (1) by the actual number of units of average daily attendance in the prior fiscal year for programs maintained by each county superintendent. For purposes of this paragraph, the number of units of average daily attendance shall include only units generated by elementary districts with less than 901

units of average daily attendance, high school districts with less than 301 units of average daily attendance, and unified school districts with less than 1,501 units of average daily attendance within each county superintendent's jurisdiction.

(b) For programs operated pursuant to subdivision (b) of Section 14054, the Superintendent of Public Instruction shall:

(1) (A) For the 1999–2000 fiscal year, determine the rate per unit of average daily attendance calculated for each county office of education pursuant to subdivision (b) of Section 2567 and increase each rate by a percentage equal to the inflation allowance calculated in Section 2557.

(B) For the 2000–01 fiscal year, determine the rate per unit of average daily attendance calculated for each county office of education pursuant to subdivision (b) of Section 2568 and increase each rate by a percentage equal to the inflation allowance calculated in Section 2557.

(C) For the 2001–02 fiscal year and each fiscal year thereafter, determine the allowances that county superintendents received per unit of average daily attendance in the prior fiscal year. The Superintendent of Public Instruction shall increase each amount by a percentage equal to the inflation allowance calculated for the current fiscal year pursuant to Section 2557.

(2) Multiply each amount determined in paragraph (1) by the units of average daily attendance in the current fiscal year for programs for kindergarten and grades 1 to 12, inclusive, maintained by each county superintendent. For the purposes of this paragraph, average daily attendance shall include only the total units of average daily attendance credited to all elementary, high school, and unified school districts within each county superintendent's jurisdiction and to the county superintendent.

SEC. 4. Section 2568 is added to the Education Code, to read:

2568. (a) To compute, pursuant to subdivision (b), a rate per unit of average daily attendance for county offices of education for the 2000–01 fiscal year, the Superintendent of Public Instruction shall use the amounts listed below, which amounts shall be used for the purposes of school accountability, pursuant to Chapter 3 of the Statutes of the 1999–2000 First Extraordinary Session; the high school exit examination, pursuant to Chapter 1 of the Statutes of the 1999–2000 First Extraordinary Session; peer assistance and review, pursuant to Chapter 4 of the Statutes of the 1999–2000 First Extraordinary Session; reading development and early intervention, pursuant to Chapter 2 of the Statutes of the 1999–2000 First Extraordinary Session; schoolsite safety, pursuant to Chapter 51 of the Statutes of 1999; education technology, pursuant to Chapter 650 of the Statutes of 1994; and fiscal accountability and oversight, pursuant to Chapter 1213 of the Statutes of 1991 and Chapter 650 of the Statutes of 1994:

(b) For purposes of subparagraph (A) of paragraph (1) of subdivision (b) of Section 2550, the Superintendent of Public Instruction shall compute a rate per unit of average daily attendance for each county office of education as follows:

(1) For each county office of education, the sum of the following amounts:

(A) The amount, if any, listed for the county office of education in subdivision (a) to the extent an appropriation is provided for this purpose.

(B) The amounts received by the county office of education in the 1999–2000 fiscal year for the apportionments set forth in paragraph (1) of subdivision (c) of Section 2561.

(2) Divide the amount computed pursuant to paragraph (1) by the 1999–2000 countywide average daily attendance.

SEC. 5. Section 8278 of the Education Code is amended to read:

8278. (a) Notwithstanding any other provision of law, child development appropriations, with the exception of funds appropriated for the After School Learning and Safe Neighborhoods Partnerships Program pursuant to Article 22.5 (commencing with Section 8482) and for CalWORKs child care pursuant to Sections 8353 and 8354, shall be available for expenditure for three years, except that funds remaining unencumbered at the end of the first fiscal year shall revert to the General Fund.

(b) The Superintendent of Public Instruction shall establish criteria and procedures for the reallocation of unearned contract funds in the second and third years of availability, in accordance with the following priorities:

(1) First, for the accounts payable of the State Department of Education.

(2) Second, to reimburse alternative payment programs for the provision of additional services, in accordance with Section 8222.1.

(3) Third, for one-time expenditures that will benefit children in subsidized child care, which include, but are not limited to, the purchase of materials approved by the State Department of Education for deferred and major maintenance of existing facilities, respite care, and implementation of capacity building activities, which include new facilities, training, and technical assistance. Notwithstanding any other provision of law, the allocation for these one-time expenditures may not be made unless approved in the annual Budget Act.

SEC. 6. Section 10551 of the Education Code is amended to read:

10551. (a) For purposes of this chapter, “governing board” means the governing board set forth in subdivision (b) of Section 42127.8.

(b) It is the intent of the Legislature that Section 10550 be implemented by the governing board.

(c) The governing board shall be supported by a team of persons having extensive experience in the development of telecommunications systems, local and statewide area computer networks, as well as knowledge of the data and system needs of school business and

administration. This team shall be operated under the immediate direction and supervision of an appropriate county superintendent of schools selected, in response to an application process, by the Superintendent of Public Instruction.

(d) The State Department of Education shall convene a committee of volunteers, to advise the governing board. This committee shall be composed of individuals who are school district or county office of education personnel and who have knowledge of financial and administrative data processing matters. Members of the committee shall assume their own expenses for service on the committee, and the state shall not provide reimbursement for either the time served by, or the expenses of, the committee members. Two individuals shall be appointed to the committee by each of the following:

(1) The president of the California Association of School Business Officials.

(2) The president of the Association of California School Administrators.

(3) The president of the California School Boards Association.

(4) The president of the California Educational Data Processing Association.

(5) The Superintendent of Public Instruction.

SEC. 7. Section 10554 of the Education Code is amended to read:

10554. (a) In order for the governing board to carry out its responsibilities pursuant to this chapter, there is hereby established the Educational Telecommunication Fund. The amount of moneys to be deposited in the fund shall be the amount of any offset made to the principal apportionments made pursuant to Sections 1909, 2558, 42238, 52616, Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28, and Chapter 7.2 (commencing with Section 56836) of Part 30, based on a finding that these apportionments were not in accordance with law. The maximum amount that may be annually deposited in the fund from the offset shall be ten million dollars (\$10,000,000). The Controller shall establish an account to receive and expend moneys in the fund. The placement of the moneys in the fund shall occur only upon a finding by the Superintendent of Public Instruction and the Director of Finance that the principal apportionments made pursuant to Sections 1909, 2558, 42238, 52616, and Article 1.5 (commencing with Section 52335) of Chapter 9 of Part 28, and Chapter 7.2 (commencing with Section 56836) of Part 30 were not in accordance with existing law and were so identified pursuant to Sections 1624, 14506, 41020, 41020.2, 41320, 42127.2, and 42127.3, or an independent audit that was approved by the State Department of Education.

(b) Moneys in the fund established pursuant to subdivision (a) shall only be available for expenditure upon appropriation by the Legislature in the Budget Act.

(c) The moneys in the fund established pursuant to subdivision (a) may be expended by the governing board to carry out the purposes of this chapter, including for the following purposes:

(1) To support the activities of the team established pursuant to subdivision (c) of Section 10551.

(2) To assist the school districts and county superintendents of schools in purchasing both hardware and software to allow school districts, county superintendents of schools, and the State Department of Education to be linked for school business and administrative purposes. The governing board shall establish a matching share requirement that applicant school districts and county superintendents of schools must fulfill to receive those funds. It is the intent of the Legislature to encourage the distribution of grants to school districts and county superintendents of schools to the widest extent possible.

(3) To provide technical assistance through county offices of education to school districts in implementing the standards established pursuant to subdivision (a) of Section 10552.

(d) This section shall become inoperative as of January 1, 2002.

SEC. 8. Section 10555 of the Education Code is amended to read:

10555. By March 15 of each year, the governing board shall report to the Governor, the Legislature, the State Board of Education, the Superintendent of Public Instruction, and the Department of Finance on the progress that has been made to meet the objectives of this chapter, the status of activities related to meeting the objectives of this chapter, and any plan of the governing board for subsequent fiscal years to meet the objectives of this chapter.

SEC. 9. Chapter 4 (commencing with Section 14550) is added to Part 9 of the Education Code, to read:

CHAPTER 4. RETENTION OF LOCAL OBLIGATIONS

14550. (a) Notwithstanding any other provision of law, a local education agency's obligations pursuant to law may not be avoided through participation in a joint powers authority.

(b) A local education agency's financial obligations to the state may not be avoided through participation in a joint powers authority.

(c) A local education agency's participation in a joint powers authority may not relieve the local education agency of any financial obligation or responsibility in such a way as to shift costs or liability to the state unless the state entity undertaking the obligation is a party to

the joint powers agreement and expressly agrees in the agreement to undertake the obligation.

(d) A local educational entity retains ultimate responsibility over its obligations in case of default by a joint powers authority in which it participates.

SEC. 10. Section 32228 of the Education Code is amended to read:

32228. (a) It is the intent of the Legislature that public schools serving pupils in kindergarten or any of grades 1 to 12, inclusive, have access to supplemental resources to establish programs and strategies that promote school safety and emphasize violence prevention among children and youth in the public schools.

(b) It is further the intent of the Legislature that schoolsites receiving funds pursuant to this article accomplish all of the following goals:

(1) Teach pupils techniques for resolving conflicts without violence.

(2) Train school staff and administrators to support and promote conflict resolution and mediation techniques for resolving conflicts between and among pupils.

(3) Reduce incidents of violence at the schoolsite.

SEC. 11. Section 32228.1 of the Education Code is amended to read:

32228.1. (a) The School Safety and Violence Prevention Act is hereby established. This statewide program shall be administered by the Superintendent of Public Instruction, who shall provide funds to school districts serving pupils in kindergarten or any of grades 1 to 12, inclusive, for the purpose of promoting school safety and reducing schoolsite violence. As a condition of receiving funds pursuant to this article, an eligible school district shall certify, on forms and in a manner required by the Superintendent of Public Instruction, that the funds will be used as described in this section.

(b) From funds appropriated in the annual Budget Act or any other measure, funds shall be allocated to school districts on the basis of prior year enrollment, as reported by the California Basic Educational Data System, of pupils in kindergarten or any of grades 1 to 12, inclusive, for any one or more of the following purposes:

(1) Providing schools with personnel, including, but not limited to, licensed or certificated school counselors, school social workers, school nurses, and school psychologists, who are trained in conflict resolution. Any law enforcement personnel hired pursuant to this article shall be trained and sworn peace officers.

(2) Providing effective and accessible on-campus communication devices and other school safety infrastructure needs.

(3) Establishing an in-service training program for school staff to learn to identify at-risk pupils, to communicate effectively with those pupils, and to refer those pupils to appropriate counseling.

(4) Establishing cooperative arrangements with local law enforcement agencies for appropriate school-community relationships.

(5) For any other purpose that the school or school district determines that would materially contribute to meeting the goals and objectives of current law in providing for safe schools and preventing violence among pupils.

SEC. 12. Section 33050 of the Education Code is amended to read:

33050. (a) The governing board of a school district or a county board of education, on a districtwide or countywide basis or on behalf of one or more of its schools or programs, after a public hearing on the matter, may request the State Board of Education to waive all or part of any section of this code or any regulation adopted by the State Board of Education that implements a provision of this code that may be waived, except:

(1) Article 1 (commencing with Section 15700) and Article 2 (commencing with Section 15780) of Chapter 4 of Part 10.

(2) Chapter 6 (commencing with Section 16000) of Part 10.

(3) Chapter 12 (commencing with Section 17000), Chapter 12.5 (commencing with Section 17070.10), and Chapter 14 (commencing with Section 17085) of Part 10.

(4) Part 13 (commencing with Section 22000).

(5) Section 35735.1.

(6) Paragraph (8) of subdivision (a) of Section 37220.

(7) The following provisions of Part 10.5 (commencing with Section 17211):

(A) Chapter 1 (commencing with Section 17211).

(B) Article 1 (commencing with Section 17251) to Article 6 (commencing with Section 17365), inclusive, of Chapter 3.

(C) Sections 17416 to 17429, inclusive; Sections 17459 and 17462 and subdivision (a) of Section 17464; and Sections 17582 to 17592, inclusive.

(8) The following provisions of Part 24 (commencing with Section 41000):

(A) Sections 41000 to 41360, inclusive.

(B) Sections 41420 to 41423, inclusive.

(C) Sections 41600 to 41866, inclusive.

(D) Sections 41920 to 42911, inclusive.

(9) Article 3 (commencing with Section 44930) of Chapter 4 of Part 25 and regulations in Title 5 of the California Code of Regulations adopted pursuant to Article 3 (commencing with Section 44930) of Chapter 4 of Part 25.

(10) Part 26 (commencing with Section 46000).

(11) Chapter 6 (commencing with Section 48900) and Chapter 6.5 (commencing with Section 49060) of Part 27.

(12) Section 51513.

(13) Chapter 6.10 (commencing with Section 52120) and Chapter 6.8 (commencing with Section 52080) of Part 28, relating to class size reduction.

(14) Section 52163.

(15) The identification and assessment criteria relating to any categorical aid program, including Sections 52164.1 and 52164.6.

(16) Sections 52165, 52166, and 52178.

(17) Article 3 (commencing with Section 52850) of Chapter 12 of Part 28.

(18) Section 56364.1, except that this restriction shall not prohibit the State Board of Education from approving any waiver of Section 56364 or Section 56364.2, as applicable, relating to full inclusion.

(19) Article 4 (commencing with Section 60640) of Chapter 5 of Part 33, relating to the STAR Program, and any other provisions of Chapter 5 (commencing with Section 60600) of Part 33 that establish requirements for the STAR Program.

(b) Any waiver of provisions related to the programs identified in Section 52851 shall be granted only pursuant to Article 3 (commencing with Section 52850) of Chapter 12 of Part 28.

(c) The waiver of an advisory committee required by law shall be granted only pursuant to Article 4 (commencing with Section 52870) of Chapter 12 of Part 28.

(d) Any request for a waiver submitted by the governing board of a school district or a county board of education pursuant to subdivision (a) shall include a written statement as to both of the following:

(1) Whether the exclusive representative of employees, if any, as provided in Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, participated in the development of the waiver.

(2) The exclusive representative's position regarding the waiver.

(e) Any request for a waiver submitted pursuant to subdivision (a) relating to a regional occupational center or program established pursuant to Article 1 (commencing with Section 52300) of Chapter 9 of Part 28, that is operated by a joint powers entity established pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, shall be submitted as a joint waiver request for each participating school district and shall meet both of the following conditions:

(1) Each joint waiver request shall comply with all of the requirements of this article.

(2) The submission of a joint waiver request shall be approved by a unanimous vote of the governing board of the joint powers agency.

(f) The governing board of any school district requesting a waiver under this section of any provision of Article 5 (commencing with Section 39390) of Chapter 3 of Part 23 shall provide written notice of any public hearing it conducted pursuant to subdivision (a), at least 30 days prior to the hearing, to each public agency identified under Section 39394.

SEC. 13. Section 41203.1 of the Education Code is amended to read:

41203.1. (a) For the 1990–91 fiscal year and each fiscal year thereafter, allocations calculated pursuant to Section 41203 shall be distributed in accordance with calculations provided in this section. Notwithstanding Section 41203, and for the purposes of this section, school districts, community college districts, and direct elementary and secondary level instructional services provided by the State of California shall be regarded as separate segments of public education, and each of these three segments of public education shall be entitled to receive respective shares of the amount calculated pursuant to Section 41203 as though the calculation made pursuant to subdivision (b) of Section 8 of Article XVI of the California Constitution were to be applied separately to each segment and the base year for the purposes of this calculation under paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution were based on the 1989–90 fiscal year. Calculations made pursuant to this subdivision shall be made so that each segment of public education is entitled to the greater of the amounts calculated for that segment pursuant to paragraph (1) or (2) of subdivision (b) of Section 8 of Article XVI of the California Constitution.

(b) If the single calculation made pursuant to Section 41203 yields a guaranteed amount of funding that is less than the sum of the amounts calculated pursuant to subdivision (a), then the amount calculated pursuant to Section 41203 shall be prorated for the three segments of public education.

(c) Notwithstanding any other provision of law, this section shall not apply to the fiscal years between the 1992–93 fiscal year and the 2000–01 fiscal year, inclusive.

SEC. 14. Section 42238.23 is added to the Education Code, to read:

42238.23. Notwithstanding any other provision of law, persons providing services to local education agencies through use of a joint powers authority involving the local education agency who would, in absence of the joint powers authority, otherwise be considered school employees and subject to the Public Employees' Retirement System rate reduction to revenue limits authorized in Section 42238, shall not be excluded from the calculations of the Public Employees' Retirement System reduction authorized in that section.

SEC. 15. Section 47652 of the Education Code is amended to read: 47652. Notwithstanding Section 41330, a charter school in its first year of operation shall be eligible to receive funding for the advance apportionment based on an estimate of average daily attendance for the current fiscal year, as approved by the local educational agency that granted its charter and the county office of education in which the charter-granting agency is located. Not later than five business days following the end of the first 20 school days, a charter school receiving funding pursuant to this section shall report to the Department of Education its actual average daily attendance for that first month, and the Superintendent of Public Instruction shall adjust immediately, but not later than 45 days, the amount of its advance apportionment accordingly.

SEC. 16. Section 48664 of the Education Code is amended to read: 48664. (a) (1) In addition to funds from all other sources, the Superintendent of Public Instruction shall apportion to each school district that operates a community day school four thousand dollars (\$4,000) per year, and for each county office of education that operates a community day school three thousand dollars (\$3,000) per year, for each unit of average daily attendance reported at the annual apportionment for pupil attendance at community day schools, adjusted annually commencing with the 1999–2000 fiscal year for the inflation adjustment calculated pursuant to subdivision (b) of Section 42238.1. Average daily attendance reported for this program shall not exceed 0.375 percent of a district's prior year P2 average daily attendance in an elementary school district, 0.5 percent of a district's prior year P2 average daily attendance in a unified school district, or 0.625 percent of a district's prior year P2 average daily attendance in a high school district. The units of average daily attendance of a community day school operated by a county office of education shall not exceed the unused units of average daily attendance of the community day schools operated by the school districts within the jurisdiction of that county office of education.

(2) The Superintendent of Public Instruction may reallocate to any school district any unexpended balance of the appropriations made for the purposes of this subdivision for actual pupil attendance in excess of the percentage specified in this subdivision for the school district in an amount not to exceed one-half of that percentage. However, the average daily attendance generated by pupils expelled pursuant to subdivision (d) of Section 48915, shall not be subject to these percentage caps on average daily attendance.

(b) The average daily attendance of a community day school shall be determined by dividing the total number of days of attendance in all full school months, by a divisor of 70 in the first period of each fiscal year,

by a divisor of 135 in the second period of each fiscal year, and by a divisor of 180 at the annual time of each fiscal year.

(c) The Superintendent of Public Instruction shall apportion to each school district that operates a community day school an amount equal to four dollars (\$4), adjusted annually commencing with the 2000–01 fiscal year for inflation pursuant to subdivision (b) of Section 42238.1, multiplied by the total of the number of hours each schoolday, up to a maximum of two hours daily, that each community day school pupil remains at the community day school under the supervision of an employee of the school district, or a consortium of school districts pursuant to Section 48916.1, reporting the attendance of the pupils for apportionment funding following completion of the full six-hour instructional day.

(d) It is the intent of the Legislature that districts enter into consortia, as feasible, for the purpose of providing community day school programs. Any school district with fewer than 2,501 units of average daily attendance may request a waiver for any fiscal year of the funding limitations set forth in this section. The Superintendent of Public Instruction shall approve a waiver if he or she deems it necessary in order to permit the operation of a community day school of reasonably comparable quality to those offered in a school district with 2,501 or more units of average daily attendance. In no event shall the amount allocated pursuant to a waiver exceed the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in kindergarten and grades 1 to 6, inclusive, or the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in grades 7 to 12, inclusive. The provisions of this act shall not apply to any school district that applied for a waiver within the funding limits established by this subdivision but was denied funding or not fully funded.

(e) The State Department of Education shall evaluate and report to the appropriate legislative policy committees and budget committees on or before October 1, 1998, and for two years thereafter the following programmatic and fiscal issues:

- (1) The number of expulsions statewide.
- (2) The number of school districts operating community day schools.
- (3) Status of the countywide plans as defined in Section 48926.
- (4) An evaluation of the community day school average daily attendance funding percentage cap.
- (5) Number of small school districts requesting and the number receiving a waiver under this section.
- (6) The effect of hourly accounting under Section 48663 for purposes of receiving the additional funding under Section 48664.
- (7) The number of pupils and average daily attendance served in community day programs, further identified as the number expelled

pursuant to subdivision (b) of Section 48915, subdivision (d) of Section 48915, other expulsion criteria, or referred through a formal district process.

(8) Pupil outcome data and other data as required under Section 48916.1.

(9) Other programmatic or fiscal matters as determined by the State Department of Education.

(f) The additional funds provided in subdivisions (a) (c), and (d) shall only be allocated to the extent that funds are appropriated for this purpose in the annual Budget Act or other legislation, or both, except for pupils expelled pursuant to subdivision (d) of Section 48915. For pupils expelled pursuant to subdivision (d) of Section 48915, the funds apportioned under subdivision (a) are continuously appropriated from the General Fund to Section A of the State School Fund.

(g) A one-time adjustment shall be made to the amount specified in subdivision (a), for the 1998–99 fiscal year and subsequent fiscal years, by increasing that amount by the statewide average quotient resulting from dividing the average daily attendance specified in subparagraph (B) of paragraph (3) of subdivision (a) of Section 42238.8 by the amount specified in subparagraph (C) of paragraph (3) of subdivision (a) of Section 42238.8.

SEC. 17. Section 49550.3 of the Education Code is amended to read:

49550.3. (a) Because a hungry child cannot learn, the Legislature intends, as a state nutrition and health policy, that the School Breakfast Program be made available in all schools where it is needed to provide adequate nutrition for children in attendance.

(b) The State Department of Education shall, in cooperation with school districts and county superintendents of schools, provide information and limited financial assistance to encourage program startup and expansion into all qualified schools, as follows:

(1) Provide information to school districts and county superintendents of schools concerning the benefits and availability of the School Breakfast Program.

(2) Each year, provide additional information and financial assistance to schools in the state, selected on the following criteria:

(A) Twenty percent or more of the school enrollment consists of children who have applied and qualify for free and reduced-price meals.

(B) The school has not been awarded federal startup funds to initiate a school breakfast program or a summer food service program.

(c) The department shall award grants of up to fifteen thousand dollars (\$15,000) per schoolsite on a competitive basis to school districts, county superintendents of schools, or entities approved by the State Department of Education, limited to an amount subject to budget

appropriations each fiscal year, for nonrecurring expenses incurred in initiating or expanding a school breakfast program under this section or a summer food service program pursuant to Article 10.7 (commencing with Section 49547).

(d) Grants awarded under this section shall be used for nonrecurring costs of initiating or expanding a school breakfast program or a summer food service program, including the acquisition of equipment, training of staff in new capacities, outreach efforts to publicize new or expanded school breakfast programs or summer food service programs, minor alterations to accommodate new equipment, computer point-of-service systems for food service, and the purchase of vehicles for transporting food to schools. Funds may not be used for salaries and benefits of staff, food, computers, except computer point-of-service systems, or capital outlay.

(e) In making grant awards under this section in any fiscal year, the department shall give a preference to school districts and county superintendents of schools that do all of the following:

(1) Submit to the department a plan to start or expand school breakfast programs or summer food service programs in the district or the county, including a description of the following:

(A) The manner in which the district or county will provide technical assistance and funding to schoolsites to expand those programs.

(B) Detailed information on the nonrecurring expenses needed to initiate a program.

(C) Public or private resources that have been assembled to carry out expansion of these programs during that year.

(2) Agree to operate the breakfast program or the summer food service program for a period of not less than three years.

(3) Assure that the expenditure of funds from state and local resources for the maintenance of the breakfast program or the summer food service program shall not be diminished as a result of grant awards received under this section.

SEC. 18. Section 52052.3 is added to the Education Code, to read: 52052.3. Test scores of pupils who are in the first year of enrollment in a high school, but who, in the prior year, were enrolled in an elementary school district that normally matriculates to the high school district, shall be included in the Academic Performance Index, as provided in Section 52052.

SEC. 19. Section 54743 of the Education Code is amended to read: 54743. For the purposes of this chapter, the following definitions shall apply:

(a) "Case management" means a process that ensures that the pupil and child receive identified needed services in an efficient, supportive,

and cost-effective manner. The process is interactive, pupil-centered, culturally appropriate, and goal-oriented.

(b) "Child care and development program" means developmentally appropriate learning activities for the children of enrolled teen parents that are provided when the child's teen parent is, or parents are, participating in a school-approved activity both during and outside the school day.

(c) "Intake process" means the interactive process upon entry into the Cal-SAFE program through which academic and service needs are inventoried and demographic data are collected.

(d) "Interventions" means services needed to correct or ameliorate a pupil's health, psychosocial, educational, vocational, daily living, or economic problems, which may impede the pupil from achieving the program goals.

(e) "Local education agency" means a school district or county office of education.

(f) "Support services" means services, as referenced in subdivision (b) of Section 54746, that will enhance the academic ability of the enrolled pupil in order for her or him to earn a high school diploma or its equivalent and for healthy development of their children.

(g) "Title IX of the Education Amendments of 1972 Regulations" refers to federal Public Law 92-318 and the regulations set forth in Section 106.1 and following of Title 34 of the Code of Federal Regulations, which prohibit discrimination against pupils, among other things, because of their pregnant or parenting status.

SEC. 20. Section 54744 of the Education Code is amended to read:

54744. (a) It is the intent of the Legislature that communities implementing new programs or initiatives connect with existing program strategies and build upon existing local collaboratives, when possible, to provide a unified integrated system of service for children and families.

(b) No application for participation in the Cal-SAFE program is complete unless each county superintendent of schools, in conjunction with superintendents of school districts, the Adolescent Family Life Program, the Cal-Learn program, the local child care and development planning council as defined by Section 8499.5, and, as appropriate, other existing organizations such as Healthy Start and local job training councils, have developed a county service coordination plan for providing educational and related support services to pregnant and parenting teens and their children.

(c) The county service coordination plan shall include, at a minimum, all of the following information:

(1) Incidence of live births to teen mothers by a method to be determined by the State Department of Education.

(2) Incidence of pregnant and parenting pupils receiving welfare aid by a method to be determined by the State Department of Education.

(3) Incidence of low birth weight children born to teen mothers by a method to be determined by the State Department of Education.

(4) Educational alternatives for pregnant and parenting teens.

(5) Child care and development resources for the children of teen parents.

(6) Public and private resources providing support services necessary for pregnant and parenting teens to achieve academically.

(7) Gaps and overlaps in educational and support services for pregnant and parenting pupils and their children.

(8) Proposed strategies to address identified gaps and overlaps in services.

(d) The county service coordination plan shall be submitted to the State Department of Education no later than June 1, 2000.

(e) If the county service coordination plan is not submitted to the State Department of Education by June 1, 2000, a local education agency may only operate a Cal-SAFE program on an interim basis until January 1, 2001.

(f) The county superintendent of schools, in conjunction with superintendents of school districts, the Adolescent Family Life Program, the Cal-Learn program, the local child care and development planning council as defined by Section 8499.5, and, as appropriate, other existing organizations such as Healthy Start and local job training councils, shall annually review the county service coordination plan, update the plan as needed, disseminate the revised plan to superintendents of school districts within its jurisdiction, and submit a copy of the revised plan to the State Department of Education.

SEC. 21. Section 54745 of the Education Code is amended to read:

54745. (a) In the administration of the Cal-SAFE program, the following provisions shall apply:

(1) Participation by a school district or county superintendent of schools in the Cal-SAFE program is voluntary.

(2) The governing board of a school district or county superintendent of schools may submit an application to the State Department of Education in the manner, form, and date specified by the department to establish and maintain a Cal-SAFE program.

(3) A school district or county superintendent of schools approved to implement the Cal-SAFE program shall be funded as one program to be operated at one or multiple sites depending upon the need within the service area.

(4) Notwithstanding any other provision of law, a school district or county superintendent of schools operating, by October 1, 1999, a School Age Parent and Infant Development Program pursuant to Article

17 (commencing with Section 8390) of Chapter 2 of Part 6, a Pregnant Minors Program pursuant to Chapter 6 (commencing with Section 8900) of Part 6 and Section 2551.3, or a Pregnant and Lactating Students Program pursuant to Sections 49553 and 49559, as those provisions existed prior to the operative date of the act that adds this article, or any combination thereof, that chooses to participate in the Cal-SAFE program shall have priority for Cal-SAFE program funding for an amount up to the dollar amount provided to each school district or county superintendent of schools under those provisions in the fiscal year prior to participation in the Cal-SAFE program, provided that an application is submitted and approved.

(5) If a school district or county superintendent of schools operating a School Age Parent and Infant Development Program, a Pregnant Minors Program, or a Pregnant and Lactating Students Program, or any combination thereof, chooses not to participate in the Cal-SAFE program, it is the intent of the Legislature that the funding it would have received for the operation of those programs shall be redirected to the Cal-SAFE program and the school district or county superintendent of schools may apply in a subsequent school year to operate a Cal-SAFE program.

(6) A school district or county superintendent of schools that terminates its Cal-SAFE program may reapply to establish a Cal-SAFE program.

(7) In order to continue implementation of the Cal-SAFE program beyond the initial three years of funding, each funded agency shall be reviewed by the department to determine progress towards achieving the goals set forth in Section 54742. Thereafter, funded agencies shall be reviewed and reauthorized every five years based upon a process determined by the department to continue implementation of a Cal-SAFE program.

(b) All of the following requirements shall apply to an application for the Cal-SAFE program:

(1) The governing board of a participating local education agency shall adopt a policy or resolution declaring its commitment to provide a comprehensive, continuous, community-linked program for pregnant and parenting pupils and their children that reflects the cultural and linguistic diversity of the community.

(2) The local education agency shall provide assurance for participation in the development of the County Service Coordination Plan as described in Section 54744.

(3) A school district or county superintendent of schools shall agree to participate in the data collection and evaluation of the Cal-SAFE program.

(c) To implement a Cal-SAFE program, the funded school district, or county superintendent of schools shall meet all of the following criteria:

(1) Be in compliance with Title IX of the Education Amendments of 1972 Regulations.

(2) Ensure that enrolled pupils retain their right to participate in the regular school or educational alternative programs. School placement and instructional strategies shall be based upon the needs and styles of learning of the individual pupils. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the individual parent, child, or both.

(3) Enroll pupils into the Cal-SAFE program on an open entry and open exit basis.

(4) Provide a quality education program to pupils in a supportive and accommodating learning environment with appropriate classroom strategies to ensure school access and academic credit for all work completed.

(5) Provide a parenting education and life skills class to enrolled pupils.

(6) Make maximum utilization of available programs and facilities to serve pregnant and parenting pupils and their children.

(7) Provide a quality child care and development program for the children of enrolled teen parents located on or near the schoolsite.

(8) Make maximum utilization of its local school food service program.

(9) Provide special school nutrition supplements, as defined by subdivision (b) of Section 49553, to pregnant and lactating pupils.

(10) Enter into formal partnership agreements, as necessary, with community-based organizations and other governmental agencies to assist pupils in accessing support services.

(11) Provide staff development and community outreach in order to establish a positive learning environment and school policies supportive of pregnant and parenting pupils' academic achievement and to promote the healthy development of their children.

(12) Maintain an annual program budget and expenditure report to document that funds are expended pursuant to Section 54749.

(13) Assess no fees to enrolled pupils or their families for services provided through the Cal-SAFE program.

(14) Establish and maintain a data base in the manner and form prescribed by the State Department of Education for purposes of program evaluation.

SEC. 22. Section 54746 of the Education Code is amended to read:

54746. (a) In meeting the goals of the program and responding to the individual needs and differences of pupils and their children to be served, the funded agency shall complete an intake procedure regarding

each pupil and child upon entry into the program and periodically as needed thereafter.

(b) Based upon the information provided during the intake procedure pursuant to subdivision (a), the funded agency shall determine appropriate levels and types of services to be provided. These services may not duplicate services currently provided to the pupil by a local Adolescent Family Life Program or Cal-Learn program. In addition to an academic program that meets district standards, necessary support services for pupils shall be funded by the calculation pursuant to paragraph (1) of subdivision (a) of Section 54749. Allowable expenditures for support services are as follows:

- (1) Parenting education and life skills class.
 - (2) Perinatal education and care, including childbirth preparation.
 - (3) Safe home-to-school transportation.
 - (4) Case management services.
 - (5) Comprehensive health education including reproductive health care.
 - (6) Nutrition education, counseling, and meal supplements.
 - (7) School safety and violence prevention strategies targeted to pregnant and parenting teens and their children.
 - (8) Academic support and youth development services, such as tutoring, mentoring, and community service internships.
 - (9) Career counseling, preemployment skills, and job training.
 - (10) Substance abuse prevention education, counseling, and treatment services.
 - (11) Mental health assessment, interventions, and referrals.
 - (12) Crisis intervention counseling services, including suicide prevention.
 - (13) Peer support groups and counseling.
 - (14) Family support and development services, including individual and family counseling.
 - (15) Child and domestic abuse prevention education, counseling, and services.
 - (16) Enrichment and recreational activities, as appropriate.
 - (17) Services that facilitate transition to postsecondary education, training, or employment.
 - (18) Support services for grandparents, siblings, and fathers of babies who are not enrolled in the Cal-SAFE program.
 - (19) Outreach activities to identify eligible pupils and to educate the community about the realities of teen pregnancy and parenting.
- (c) The funded agency shall provide child care and development program services located on or near the schoolsite for the children of teen parents enrolled in the Cal-SAFE program. Program services shall be

funded by the revenue generated pursuant to paragraph (2) of subdivision (a) of Section 54749.

(1) Participation in the child care and development component of the Cal-SAFE program shall be voluntary.

(2) There is no minimum age for enrollment, but the child shall be eligible for enrollment in the child care and development component until the age of five years or the child is enrolled in kindergarten, whichever occurs first, as long as the teen parent is enrolled in the Cal-SAFE program.

(3) Each child shall have a health evaluation form signed by a physician, or his or her designee, before the child is allowed on the school campus or is enrolled in the child care and development program. Health screening and immunizations shall not be required when the custodial parent annually files a written request as provided for in Section 49451 and Section 120365 of the Health and Safety Code.

(4) A developmental profile shall be maintained for each infant, toddler, and child. This development profile shall be utilized by the program staff to design a program that meets the infant's, toddler's, or child's developmental needs.

(5) The arrangement of the child care site environment shall be safe, healthy, and comfortable for children and staff, easily maintained, and appropriate for meeting the developmental needs of the individual child. Child care sites shall meet the health and safety requirements specified in Chapter 1 (commencing with Section 1429) of, and Chapter 2 (commencing with Section 1442) of, Division 12 of Title 22 of the California Code of Regulations.

(6) The child care and development component of the Cal-SAFE program shall operate pursuant to applicable sections of Chapter 2 (commencing with Section 8200) of Part 6. In addition to meeting the requirements of Section 8360, teachers shall have at least three semester units, or the equivalent number of quarter units, of coursework related to the care of infants and toddlers.

(7) The child care site shall be available as a laboratory for parenting or related courses that are offered by the funded agency to pupils whether or not they are enrolled in the Cal-SAFE program.

(d) Inservice training for school staff on teen pregnancy and parenting-related issues may be funded from revenue generated pursuant to paragraphs (1) and (2) of subdivision (a) of Section 54749. However, use of these funds for this purpose shall supplement and, not supplant, existing resources in these areas.

(e) The data base required pursuant to paragraph (14) of subdivision (c) of Section 54745 may be funded from revenue appropriated for purposes of subdivision (a) of Section 54749.

SEC. 23. Section 54747 of the Education Code is amended to read:

54747. (a) A male or female pupil, 18 years of age or younger, may enroll in the Cal-SAFE program and be eligible for all services afforded to pupils enrolled if he or she is an expectant parent, the custodial parent, or the noncustodial parent taking an active role in the care and supervision of the child, and has not earned a high school diploma or its equivalent.

(b) A pupil having an active special education Individualized Education Plan (IEP) shall be eligible until age 22, as long as she or he has an active IEP and meets the eligibility criteria as specified in subdivision (a), and shall continue to receive services identified in the IEP while enrolled in the Cal-SAFE program.

(c) Pupils shall be eligible for enrollment on a voluntary basis for as long as they meet eligibility criteria specified in subdivisions (a) and (b) until they earn a high school diploma or its equivalent.

(d) If an enrolled 18-year-old pupil reaches age 19 without earning a high school diploma or its equivalent, the pupil may be enrolled for one additional semester if the pupil has been continuously enrolled in the Cal-SAFE program since before his or her 19th birthday.

(e) Pupils receiving services under Article 3.5 (commencing with Section 11331) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code are eligible for services under this chapter. Child care provided under this article shall be the primary source of child care for these recipients when participating in a Cal-SAFE program operated by school districts or county superintendents of schools.

(f) The participating school district, or county superintendent of schools and case managers provided pursuant to Section 11332.5 of the Welfare and Institutions Code shall coordinate services to the maximum extent possible.

SEC. 24. Section 54748 of the Education Code is amended to read:

54748. The duties of the State Department of Education include all of the following:

(a) Provision of technical assistance, focused upon transition into the Cal-SAFE program, to school districts and county superintendents of schools currently operating a School Age Parent and Infant Development Program, a Pregnant Minors Program, or a Pregnant and Lactating Students Program, or any combination thereof.

(b) Provision of technical assistance to school districts and county superintendents of schools that do not currently operate a School Age Parent and Infant Development Program, a Pregnant Minors Program, or a Pregnant and Lactating Students Program as defined by subdivision (a) of Section 54745.

(c) Identification and sharing of information on best practices across program sites.

(d) Development of benchmarks to determine to what degree pupils and children enrolled in the Cal-SAFE program attain the program goals.

(e) Consultation with local education agency representatives and others, as appropriate, to develop strategies for implementation of the Cal-SAFE program.

(f) Determination of areas in the state where there are pupils who are most in need or pupils who are least likely to access services on their own if there are not enough resources to serve all eligible pupils.

(g) Development of an application process and approval of local education agencies to implement a Cal-SAFE program.

(h) Development of operating guidelines for implementing an effective Cal-SAFE program.

(i) Development of guidelines for fiscal reporting.

(j) Coordination with other state agencies that administer teen pregnancy prevention and intervention programs.

(k) Development of procedures to conduct program evaluation and monitoring, as appropriate.

(l) Commencing March 1, 2005, and every five years thereafter, preparation and submission of a report to the Joint Legislative Budget Committee and appropriate policy and fiscal committees of the Legislature. The report shall include data, analysis of data, and an evaluation of the Cal-SAFE program.

SEC. 25. Section 54749 of the Education Code is amended to read:

54749. (a) For the 2000–01 fiscal year and each fiscal year thereafter, a school district or county superintendent of schools participating in Cal-SAFE shall be eligible for state funding from funds appropriated for services provided for the purposes of the program as follows:

(1) A support services allowance of two thousand two hundred thirty-seven dollars (\$2,237) for each unit of average daily attendance generated by each pupil who has completed the intake process pursuant to subdivision (a) of Section 54746 and is receiving services pursuant to subdivision (b) of Section 54746. This allowance shall be adjusted annually by the inflation factor set forth in subdivision (b) of Section 42238.1. In no event shall more than one support service allowance be generated by any pupil concurrently enrolled in more than one educational program.

This allowance may not be claimed for units of average daily attendance reported pursuant to the following:

(A) Subdivision (b) of Section 1982 for pupils attending county community schools operated pursuant to Chapter 6.5 of Part 2 (commencing with Section 1980).

(B) Pupils attending juvenile court schools operated pursuant to Article 2.5 (commencing with Section 48645) of Chapter 4 of Part 27.

(C) Pupils attending community day schools operated pursuant to Article 3 (commencing with Section 48660) of Chapter 4 of Part 27.

(D) Pupils attending county operated Cal-SAFE programs pursuant to this article whose attendance is reported pursuant to Section 2551.3.

(2) Average daily attendance and base revenue limit funding for pupils receiving services in the Cal-SAFE program shall be computed pursuant to provisions and regulations applicable to the educational program or programs that each pupil attends, except as provided in paragraph (3).

(3) For attendance not claimed pursuant to paragraph (2), county offices of education may claim the statewide average revenue limit per pupil in average daily attendance of high school districts, payable from Section A of the State School Fund, for the attendance of pupils receiving services in the Cal-SAFE program, provided that no other revenue limit funding is claimed for the same pupil and pupil attendance of no less than 240 minutes per day and is computed and maintained pursuant to Section 46300.

(4) Except as provided in subdivision (c) of Section 54749.5, operators of Cal-SAFE programs shall be reimbursed in accordance with the amount specified in subdivision (b) of Section 8265 and the amounts specified in subdivisions (a) and (b) of Section 8265.5 for each child receiving services pursuant to the Cal-SAFE program who is the child of teen parents enrolled in the Cal-SAFE program. To be eligible for funding pursuant to this paragraph, the operational days of child care and development programs shall be only those necessary to provide child care services to children of pupils participating in Cal-SAFE.

(5) Notwithstanding paragraph (1), pupils for whom attendance is reported pursuant to subdivision (b) of Section 1982, pupils attending juvenile court schools, and pupils attending community day schools may complete the intake process for the Cal-SAFE program and, if the intake process is completed, shall receive services pursuant to subdivision (b) of Section 54746. The children of pupils receiving services in the Cal-SAFE program pursuant to subdivision (b) of Section 54746 and attending juvenile court schools, county community schools, or community day schools shall be eligible for funding pursuant to paragraph (4) and no other provisions of this section.

(b) Funds allocated pursuant to paragraph (1) of subdivision (a) shall be maintained in a separate account and shall be expended only to provide the supportive services enumerated in subdivisions (b) of Section 54746, in service training as specified in subdivision (d) of Section 54746, and expenditures enumerated in subdivision (d) of this section, to pupils enrolled in the Cal-SAFE program as determined pursuant to Section 54746.

(c) Funds allocated pursuant to paragraph (4) of subdivision (a) shall be maintained in a separate account and shall be expended only to provide developmentally appropriate child care and development services pursuant to subdivision (c) of Section 54746 and staff development of child development program staff pursuant to subdivision (d) of Section 54746 for children of teen parents enrolled in the Cal-SAFE program for the purpose of promoting the children's development comparable to age norms, access to health and preventive services, and enhanced school readiness.

(d) Funds generated pursuant to Section 2551.3 and this section shall be maintained in a separate account and shall be expended only to provide the services enumerated in Section 54746 and the following expenditures as defined by the California State School Accounting Manual:

- (1) Expenditures defined as direct costs of instructional programs.
- (2) Expenditures defined as documented direct support costs.
- (3) Expenditures defined as allocated direct support costs.
- (4) Expenditures for indirect charges.
- (5) Expenditures defined as facility costs, including the costs of renting, leasing, lease purchase, remodeling, or improving buildings.

(e) Indirect costs shall not exceed the lesser of the approved indirect cost rate or 10 percent.

(f) Expenditures that represent contract payments to community-based organizations and other governmental agencies pursuant to paragraph (10) of subdivision (b) of Section 54745 for the operation of a Cal-SAFE program shall be included in the Cal-SAFE program account.

(g) To the extent permitted by federal law, any funding made available to a school district or county superintendent of schools shall be subject to all of the following conditions:

- (1) The program is open to all eligible pupils without regard to any pupil's religious beliefs or any other factor related to religion.
- (2) No religious instruction is included in the program.
- (3) The space in which the program is operated is not used in any manner to foster religion during the time used for operation of the program.

(h) A school district or county superintendent of schools implementing a Cal-SAFE program may establish a claims process to recover federal funds available for any services provided that are Medi-Cal eligible.

(i) For purposes of serving pupils enrolled in the Cal-SAFE program in a summer school program or enrolled in a school program operating more than 180 days, reimbursement for providing services pursuant to

subdivision (c) of Section 54746 shall be based upon the pupil's hours of attendance.

(j) To meet startup costs for the opening of child care and development sites, as defined in subdivision (ac) of Section 8208, and applicable regulations, a school district or county office of education may apply for a one-time 15-percent service level exemption from the initial allocation within the amount for the program pursuant to paragraph (4) of subdivision (a) for each site meeting the provision of subdivision (ac) of Section 8208. A school district or county office of education shall submit claims pursuant to this subdivision with other claims submitted pursuant to this section. Funding provided for startup costs shall be utilized for approvable startup costs enumerated in subdivision (a) of Section 8275.

(k) Notwithstanding any other provision of this article, its implementation is contingent upon appropriations in the annual Budget Act for the purpose of its administration and evaluation by the State Department of Education.

(l) Notwithstanding any other provision of law, a charter school may apply for funding pursuant to this article and shall meet the requirements of this article to be eligible for funding pursuant to this section.

SEC. 26. Section 54749.5 of the Education Code is amended to read:

54749.5. (a) County superintendents who operated pregnant minors programs in the 1979–80 fiscal year, or commenced operation during the 1996–97 fiscal year, shall continue to operate pregnant minors programs in the 1980–81 fiscal year, or the 1997–98 fiscal year, as appropriate, and each fiscal year thereafter, and school districts that increased their revenue limit in the 1981–82 fiscal year pursuant to subdivision (d) of Section 42241 shall continue to operate pregnant minors programs in subsequent fiscal years, unless the program is transferred to another local education agency, or unless the county superintendent or district superintendent demonstrates that programs and services for pregnant minors, such as continuation school, home instruction, or independent instruction, are available from other local education agencies in the county, pursuant to rules and regulations adopted by the Superintendent of Public Instruction.

(b) Pregnant minors programs that continue to operate pursuant to subdivision (a) and that continue to operate as Cal-SAFE programs may continue to claim funding pursuant to Section 2551.3 for an amount of average daily attendance up to the amount certified at the 1998–99 annual apportionment for that program. Programs continuing under this section may enroll pupils above the level of average daily attendance certified at the 1998–99 annual apportionment, and that additional average daily attendance shall be eligible for funding pursuant to Section

54749 and provisions that apply to the educational program that the pupil attends.

(c) County offices of education that choose to retain their pregnant minor program revenue limit rather than convert to the Cal-SAFE revenue limit shall provide child care services from funds provided in their pregnant minor program revenue limit pursuant to Section 2551.3 for children of pupils comprising base year average daily attendance as certified at the 1998–99 annual apportionment. Growth funding for child care shall be equal to the proportionate share of child care funding for the specific agency’s program, determined by dividing the authorized growth in pupil average daily attendance by the total authorized average daily attendance.

(d) Nothing in this section shall be construed as allowing a county superintendent to receive funding pursuant to Sections 2551.3 and 54749 for the same average daily attendance, or for average daily attendance generated by the same pupil on the same calendar day.

SEC. 27. Section 76300 of the Education Code is amended to read:

76300. (a) The governing board of each community college district shall charge each student a fee pursuant to this section.

(b) (1) The fee prescribed by this section shall be twelve dollars (\$12) per unit per semester, effective with the fall term of the 1998–99 academic year, and eleven dollars (\$11) per unit per semester effective with the fall term of the 1999–2000 academic year.

(2) The chancellor shall proportionately adjust the amount of the fee for term lengths based upon a quarter system and also shall proportionately adjust the amount of the fee for summer sessions, intersessions, and other short-term courses. In making these adjustments, the chancellor may round the per unit fee and the per term or per session fee to the nearest dollar.

(c) For the purposes of computing apportionments to community college districts pursuant to Section 84750, the chancellor shall subtract from the total revenue owed to each district, 98 percent of the revenues received by districts from charging a fee pursuant to this section.

(d) The chancellor shall reduce apportionments by up to 10 percent to any district that does not collect the fees prescribed by this section.

(e) The fee requirement does not apply to any of the following:

(1) Students enrolled in the noncredit courses designated by Section 84757.

(2) California State University or University of California students enrolled in remedial classes provided by a community college district on a campus of the University of California or a campus of the California State University, for whom the district claims an attendance apportionment pursuant to an agreement between the district and the California State University or the University of California.

(3) Students enrolled in credit contract education courses pursuant to Section 78021, if the entire cost of the course, including administrative costs, is paid by the public or private agency, corporation, or association with which the district is contracting and if these students are not included in the calculation of the average daily attendance of that district.

(f) The governing board of a community college district may exempt special part-time students admitted pursuant to Section 76001 from the fee requirement.

(g) The fee requirements of this section shall be waived for any student who, at the time of enrollment, is a recipient of benefits under the Aid to Families with Dependent Children program, the Supplemental Security Income/State Supplementary Program, or a general assistance program or has demonstrated financial need in accordance with the methodology set forth in federal law or regulation for determining the expected family contribution of students seeking financial aid. The governing board of a community college district also shall waive the fee requirements of this section for any student who demonstrates eligibility according to income standards established by the board of governors and contained in Section 58620 of Title 5 of the California Code of Regulations.

(h) The fee requirements of this section shall be waived for any student who, at the time of enrollment is a dependent, or surviving spouse who has not remarried, of any member of the California National Guard who, in the line of duty and while in the active service of the state, was killed, died of a disability resulting from an event that occurred while in the active service of the state, or is permanently disabled as a result of an event that occurred while in the active service of the state. "Active service of the state," for the purposes of this subdivision, refers to a member of the California National Guard activated pursuant to Section 146 of the Military and Veterans Code.

(i) (1) It is the intent of the Legislature that sufficient funds be provided to support the provision of a fee waiver for every student who demonstrates eligibility pursuant to subdivisions (g) and (h).

(2) From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to 2 percent of the fees waived pursuant to subdivisions (g) and (h). From funds provided in the annual Budget Act, the board of governors shall allocate to community college districts, pursuant to this subdivision, an amount equal to ninety-one cents (\$0.91) per credit unit waived pursuant to subdivisions (g) and (h) for determination of financial need and delivery of student financial aid services, on the basis of the number of students for whom fees are waived. Funds allocated to a community college district for determination of financial need and delivery of student financial aid

services shall supplement, and shall not supplant, the level of funds allocated for the administration of student financial aid programs during the 1992–93 fiscal year.

(j) The board of governors shall adopt regulations implementing this section.

SEC. 28. Section 87885 of the Education Code is amended to read:

87885. (a) The Part-Time Faculty Office Hours Program Fund is hereby established in the State Treasury.

(b) On or before June 15 of each year, the Chancellor of the California Community Colleges shall apportion to each community college district that establishes a program pursuant to this article an amount equal to two dollars (\$2) for every one dollar (\$1) that the district provides in compensation paid for office hours of part-time faculty, as defined in Section 87882. The chancellor shall distribute funds that are appropriated in the annual Budget Act specifically for this purpose proportionally based on each district's total costs for office hours of part-time faculty pursuant to the verification submitted by the community college district in accordance with subdivision (c) of Section 87884 for that fiscal year. In no event, however, shall the allocation to any district in a fiscal year exceed two-thirds of the total costs of the compensation paid for office hours of part-time faculty pursuant to this article.

(c) It is the intent of the Legislature that funding for the purposes of this article be included in the annual Budget Act.

SEC. 29. Section 92820 of the Education Code is amended to read:

92820. There is hereby established in the Neurology Department at the University of California, San Francisco, a research project on substance abuse. The major goal of this research is to identify new pharmaceutical agents to prevent or treat alcohol and drug addiction. It is the intent of the Legislature that dedicated state funding for this research will be provided for five years, and be appropriated in the annual Budget Act. It is further the intent of the Legislature that the augmentation of one million dollars (\$1,000,000) per year appropriated in the Budget Act of 2000 for this program be used for permanent on-going support of the program.

SEC. 30. Chapter 3.10 (commencing with Section 15820.80) is added to Part 10b of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 3.10. TEACHING HOSPITAL SEISMIC PROGRAM

15820.80. For the purposes of this article, "Regents" means the Regents of the University of California.

15820.81. The Regents of the University of California may acquire, design, construct, or renovate acute care hospital buildings, as defined in subdivision (k) of Section 130005 of the Health and Safety Code, on a site or sites owned by, or subject to a lease or option to purchase held by, the regents to implement the compliance plan developed by the regents pursuant to subdivision (b) of Section 130050 of the Health and Safety Code. The scope and costs of these projects shall be subject to approval and administrative oversight by the State Public Works Board, including augmentations, pursuant to Section 13332.11 of the Government Code.

15820.82. Project financing requests from the regents shall be accompanied by an opinion of bond counsel to the effect that the board's bonds issued for the project will be able to receive a customary approving opinion as to state law and federal income tax law. The costs of obtaining the legal opinion shall not be eligible for reimbursement from the proceeds of the bonds.

15820.83. The board and the regents may borrow funds for project costs, excluding preliminary plans and working drawings, from the Pooled Money Investment Account pursuant to Sections 16312 and 16313. Bond proceeds may be utilized to reimburse the regents for the costs of preliminary plans and working drawings for board approved projects, however, the regents shall provide interim financing for these costs. Project funds expended prior to project approval by the board shall not be reimbursable from the proceeds of the bonds.

15820.85. Notwithstanding Section 15820.84, the amount of revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold shall equal the following:

(a) The cost of acquisition, design, construction or construction management and supervision, and other costs related to the design and construction of the facilities, including augmentations.

(b) Sums necessary to pay interim financing.

(c) In addition to the amount authorized by Section 15820.84, any additional amount as may be authorized by the board, including, but not limited to, the costs of financing. The costs of financing include, but are not limited to, interest during construction of the project, a reasonably required reserve fund, and the cost of issuance of permanent financing.

15820.86. (a) The board and the regents may lease any properties of the regents to facilitate the financing authorized by this chapter that is mutually agreed by the board and the regents. Accordingly, the property leased between the board and the regents for the purposes of these financings need not be the same property that is acquired, renovated, or improved with the proceeds of the board's bonds.

(b) It is the intent of the Legislature that, to the greatest degree possible, the rental paid by the regents to the board in connection with

these financings shall utilize teaching hospital revenues of the regents, but only to the extent lawfully available to pay that rental.

SEC. 31. Section 15820.84 is added to Chapter 3.10 (commencing with Section 15820.80) of Part 10B of Division 3 of the Government Code, to read:

15820.84. (a) The board may issue up to six hundred million dollars (\$600,000,000) in revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to this part, to finance the acquisition, design, or construction, including both new construction or renovation projects, authorized in Section 15820.80. Authorized costs for acquisition, design, construction, and construction related costs, including augmentations pursuant to Section 13332.11, for all projects approved for financing by the board pursuant to Section 15820.81, shall not exceed six hundred million dollars (\$600,000,000).

(b) This section shall become inoperative on June 30, 2010, and, as of January 1, 2011, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2011, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 32. Section 6516.6 of the Government Code is amended to read:

6516.6. (a) Notwithstanding any other provision of law, a joint powers agency established pursuant to a joint powers agreement in accordance with this chapter may issue bonds pursuant to Article 2 (commencing with Section 6540) or Article 4 (commencing with Section 6584), in order to purchase obligations of local agencies or make loans to local agencies, which moneys the local agencies are hereby authorized to borrow, to finance the local agencies' unfunded actuarial pension liability or to purchase, or to make loans to finance the purchase of, delinquent assessments or taxes levied on the secured roll by the local agencies, the county, or any other political subdivision of the state. Notwithstanding any other provision of law, including Section 53854, the local agency obligations or loans, if any, shall be repaid in the time, manner and amounts, with interest, security, and other terms as agreed to by the local agency and the joint powers authority.

(b) Notwithstanding any other provision of law, a joint powers authority established pursuant to a joint powers agreement in accordance with this chapter may issue bonds pursuant to Article 2 (commencing with Section 6540) or Article 4 (commencing with Section 6584), in order to purchase or acquire, by sale, assignment, pledge, or other transfer, any or all right, title, and interest of any local agency in and to the enforcement and collection of delinquent and uncollected property taxes, assessments, and other receivables that have been levied by or on behalf of the local agency and placed for collection on the secured, unsecured, or supplemental property tax rolls. Local agencies,

including, cities, counties, cities and counties, school districts, redevelopment agencies, and all other special districts that are authorized by law to levy property taxes on the county tax rolls, are hereby authorized to sell, assign, pledge, or otherwise transfer to a joint powers authority any or all of their right, title, and interest in and to the enforcement and collection of delinquent and uncollected property taxes, assessments, and other receivables that have been levied by or on behalf of the local agency for collection on the secured, unsecured, or supplemental property tax rolls in accordance with the terms and conditions that may be set forth in an agreement with a joint powers authority.

(c) Notwithstanding Division 1 (commencing with Section 50) of the Revenue and Taxation Code, upon any transfer authorized in subdivision (b), the following shall apply:

(1) A local agency shall be entitled to timely payment of all delinquent taxes, assessments, and other receivables collected on its behalf on the secured, unsecured, and supplemental tax rolls, along with all penalties, interest, costs, and other charges thereon, no later than 30 calendar days after the close of the preceding monthly or four week accounting period during which the delinquencies were paid by or on account of any property owner.

(2) Upon its receipt of the delinquent taxes, assessments, and receivables that it had agreed to be transferred, a local agency shall pay those amounts, along with all applicable penalties, interest, costs, and other charges, to the joint powers authority in accordance with the terms and conditions that may be agreed to by the local agency and the joint powers authority.

(3) The joint powers authority shall be entitled to assert all right, title, and interest of the local agency in the enforcement and collection of the delinquent taxes, assessments, and receivables, including without limitation, its lien priority, its right to receive the proceeds of delinquent taxes, assessments, and receivables, and its right to receive all penalties, interest, administrative costs, and any other charges, including attorney fees and costs, if otherwise authorized by law to be collected by the local agency.

(d) The powers conferred by this section upon joint powers authorities and local agencies shall be complete, additional, and cumulative to all other powers conferred upon them by law. Except as otherwise required by this section, the agreements authorized by this section need not comply with the requirements of any other laws applicable to the same subject matter.

(e) An action to determine the validity of any bonds issued, any joint powers agreements entered into, any related agreements, including, without limitation, any bond indenture or any agreements relating to the

sale, assignment, or pledge entered into by a joint powers authority or a local agency, the priority of any lien transferred in accordance with this section, and the respective rights and obligations of any joint powers authority and any party with whom the joint powers authority may contract pursuant to this chapter, may be brought by the joint powers authority pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure. Any appeal from a judgment in the action shall be commenced within 30 days after entry of judgment.

(f) This section shall not be construed to affect the manner in which an agency participates in or withdraws from the alternative distribution method established by Chapter 3 (commencing with Section 4701) of Part 8 of Division 1 of the Revenue and Taxation Code.

(g) Subdivisions (b) to (f), inclusive, shall be inoperative from the operative date of this subdivision to June 30, 2001, inclusive.

SEC. 33. Section 10299 is added to the Public Contract Code, to read:

10299. (a) Notwithstanding any other provision of law, the director may consolidate the needs of multiple state agencies for information technology, goods and services, and, pursuant to the procedures established in Chapter 3 (commencing with Section 12100), establish contracts, master agreements, multiple award schedules, cooperative agreements, including agreements with entities outside the state, and other types of agreements that leverage the state's buying power, for acquisitions authorized under Chapter 2 (commencing with Section 10290), Chapter 3 (commencing with Section 12100), and Chapter 3.6 (commencing with Section 12125). State agencies and local agencies may contract with suppliers awarded the contracts without further competitive bidding.

(b) The director may make the services of the department available, upon the terms and conditions agreed upon, to any school district empowered to expend public funds. These school districts may, without further competitive bidding, utilize contracts, master agreements, multiple award schedules, cooperative agreements, or other types of agreements established by the department for use by school districts for the acquisition of information technology, goods, and services. The state shall incur no financial responsibility in connection with the contracting of local agencies under this section.

SEC. 34. Notwithstanding Section 42238.1 of the Education Code or any other provision of law, the cost-of-living adjustment for Items 6110-104-0001, 6110-105-0001, 6110-156-0001, 6110-158-0001, 6110-161-0001, 6110-185-0001, 6110-186-0001, 6110-190-0001, 6110-196-0001, 6110-234-0001, and 6110-235-0001 of Section 2.00, and those items identified in subdivision (b) of Section 12.40 of the Budget Act of 2000 and the amount appropriated for the purposes of

Section 42243.7 of the Education Code for the 2000–01 fiscal year shall be 3.17 percent. All funds appropriated in the items identified in this section are in lieu of the amounts that would otherwise be appropriated pursuant to any other provision of law.

SEC. 35. (a) (1) The sum of twenty-five million dollars (\$25,000,000) is hereby appropriated from the General Fund for transfer by the Controller to the Child Care Facilities Revolving Fund established pursuant to Section 8278.3 of the Education Code.

(2) The sum of one hundred seventy-five million dollars (\$175,000,000) is hereby appropriated from the General Fund to the Secretary for Education for allocation to school districts for high schools and to charter schools serving any of grades 9 to 12, inclusive, pursuant to the Education Technology Grant Program established pursuant to legislation enacted during the 1999–2000 Regular Session. The allocation shall be based on enrollment in grades 9 to 12, inclusive. Any unencumbered balance on March 15, 2001, of these funds shall be transferred by the Controller to the Superintendent of Public Instruction for allocation pursuant to the school district block grant authorized pursuant to Section 38 of this act. The funds shall be available for allocation pursuant to subdivision (c) of Section 38 of this act.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriations made by subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 of the Education Code, for the 1999–2000 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code for the 1999–2000 fiscal year.

SEC. 36. (a) The sum of one hundred million dollars (\$100,000,000), is hereby appropriated from the General Fund, for transfer to Section B of the State School Fund by the Controller, for allocation by the Chancellor of the California Community Colleges, for purposes of providing one-time grants to community college districts for the 2000–01 fiscal year.

(b) The Chancellor of the California Community Colleges shall allocate the funds appropriated by subdivision (a) to community college districts in an average amount per actual statewide full-time equivalent student enrollment reported for the 1999–2000 fiscal year. These funds may only be expended for high priority projects for instructional equipment, library materials replacement, technology infrastructure, scheduled maintenance, special repairs, hazardous substances abatement, and the removal of architectural barriers.

(c) For the purposes of making computations required by Section 8 of Article XVI of the California Constitution, the amount appropriated pursuant to subdivision (a) shall be deemed to be “General Fund revenues appropriated for community college districts,” as defined in subdivision (d) of Section 41202 for the 1999–2000 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code for the 1999–2000 fiscal year.

SEC. 37. (a) The sum of two hundred fifty million dollars (\$250,000,000) is hereby appropriated from the General Fund, for transfer to Section A of the State School Fund, for allocation by the Superintendent of Public Instruction to school districts, county offices of education, and charter schools on a competitive basis, as specified in Chapter 5 (commencing with Section 420) of Part 1 of the Education Code.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 of the Education Code, for the 1999–2000 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code for the 1999–2000 fiscal year.

SEC. 38. (a) The sum of one hundred thirty-nine million dollars (\$139,000,000) is hereby appropriated from the General Fund as a contingency expenditure, to be authorized by the Department of Finance for transfer to the Controller, as necessary for the reimbursement of state-mandated cost claims submitted by school districts and county offices of education. These funds may not be expended without approval of the Department of Finance.

(b) Prior to the payment of any claim with the funds appropriated in subdivision (a), the Controller shall ensure that an audit of the claim is complete.

(c) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 of the Education Code, for the 1999–2000 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code for the 1999–2000 fiscal year.

SEC. 39. The SCHOOL IMPROVEMENT AND PUPIL ACHIEVEMENT BLOCK GRANT shall be provided to school districts and schoolsites as provided in this section.

(a) The sum of four hundred twenty-five million dollars (\$425,000,000) is hereby appropriated from the General Fund, for transfer to Section A of the State School Fund, to the Superintendent of Public Instruction for the purposes of making block grant allocations to school districts, county offices of education, and charter schools as provided in this section. The sum of one hundred eighty million dollars (\$180,000,000) shall be available for purposes of subdivision (b). The sum of two hundred forty-five million dollars (\$245,000,000) shall be available for purposes of subdivision (c).

(b) (1) From the amount available for this subdivision pursuant to subdivision (a), the Superintendent of Public Instruction shall calculate an equal amount per unit of actual average daily attendance, including average daily attendance attributable to regional occupational centers and programs and adult education, for the 1999–2000 second principal apportionment for each regular public school. However, no regular public school shall receive less than ten thousand dollars (\$10,000). If a school district or county office of education did not report prior year average daily attendance on behalf of a regular public school by the second principal apportionment of the 1999–2000 fiscal year, but that school is a regular public school, as defined pursuant to paragraphs (4) and (5), that school may receive the minimum grant specified under this section.

(2) The use of funds allocated pursuant to paragraph (1) for public schools under the jurisdiction of a school district shall be proposed by each school's schoolsite council, as defined in Section 52012 of the Education Code, or, if the school does not have a schoolsite council, by schoolwide advisory groups or school support groups that conform to the requirements of Section 52012 of the Education Code. These funds may be used for instructional materials, staff development, computers, education technology, such as software and wiring, library materials, deferred maintenance, enrichment activities, tutoring services, or any other one-time educational purpose. Before funds allocated pursuant to paragraph (1) may be encumbered or expended, the governing board of the school district shall approve the proposed use. If the governing board of a school district does not approve the use proposed pursuant to this paragraph, no expenditures of the specified funds may be made and the governing board of the school district shall inform the schoolsite council, schoolwide advisory group, or school support group of the reasons why the proposal was disapproved. If the schoolsite council, schoolwide advisory group, or school support group and the governing board of the school district are not able to agree on the use of the funds

by May 1, 2001, the county superintendent of schools shall notify the Controller of the impasse. The Controller shall require that the funds allocated to the school be returned to the state at the next following apportionment, and the funds shall revert to the Proposition 98 Reversion Account in the General Fund.

(3) The use of funds allocated pursuant to paragraph (1) for schools under the jurisdiction of a county office of education shall be proposed by each school's schoolwide advisory group or school support group that conforms to the requirements of Section 52012 of the Education Code. The proposals shall be approved by the county board of education prior to expenditure of the funds allocated pursuant to paragraph (1).

(4) For purposes of this section, "regular public school," as provided in paragraph (1), means any public school in a district or county office of education that is a wholly self-contained public schoolsite, with a separate county-district-school (CDS) code, as maintained by the Superintendent of Public Instruction as of June 30, 2000, and which is in operation during the 2000-01 school year. Two or more schools that share a physical site or staff shall be considered a single "regular public school" for purposes of qualifying for the minimum ten thousand dollar (\$10,000) grant, which shall be allocated to the separate schools sharing the site based on each school's share of qualifying average daily attendance. Funds allocated pursuant to paragraph (1) shall not be allocated to parents or guardians of pupils, or to pupils.

(5) For the purposes of this section, "regular public school," as provided in paragraph (1), shall include charter schools that have pupils who are currently enrolled and that have a current county-district-school (CDS) code, as maintained by the Superintendent of Public Instruction as of June 30, 2000. The use of the funds allocated to charter schools pursuant to paragraph (1) shall further the program specified in the school's charter and shall not be allocated to parents, pupils, or staff of the charter school. A charter school shall obtain approval from the governing board of the school district for the use of the funds allocated pursuant to paragraph (1) if the terms of its charter require the approval of the governing board of the school district for similar uses of funds.

(6) Schools that choose to accept funds allocated pursuant to paragraph (1) shall agree to implement all of the provisions of this section.

(c) (1) From the amount available for this subdivision pursuant to subdivision (a), the Superintendent of Public Instruction shall calculate an allocation for each school district, county office of education, and charter school on the basis of an equal amount per unit of actual average daily attendance, including average daily attendance attributable to regional occupational centers and programs and adult education for the

1999–2000 second principal apportionment for each school district, county office of education, and charter school.

(2) Funds allocated pursuant to paragraph (1) shall be expended for school safety, deferred maintenance, technology staff development, education technology connectivity, or facility improvements.

(d) This is a one-time allocation of funds.

(e) The Superintendent of Public Instruction shall apportion to each school district, county office of education, and charter school the sum of the amounts calculated pursuant to subdivision (b) and (c). The amount calculated pursuant to subdivision (b) shall only be expended at the schoolsite level pursuant to the process specified in paragraphs (2) and (3) of subdivision (b). The amount calculated pursuant to subdivision (c) shall be expended for purposes specified in paragraph (2) of subdivision (c).

(f) For the purpose of making the computations required by Section 8 of Article XVI of the California Constitution, the amount appropriated pursuant to subdivision (a) shall be deemed to be “General Fund revenues appropriated for school districts,” as defined in subdivision (c) of Section 41202 of the Education Code, for the 1999–2000 fiscal year, and included within the “total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,” as defined in subdivision (e) of Section 41202 of the Education Code, for the 1999–2000 fiscal year.

SEC. 40. (a) (1) The sum of three hundred fifty million dollars (\$350,000,000) is hereby appropriated from the General Fund, for transfer by the Controller to Section A of the State School Fund, for allocation on a one-time basis by the Superintendent of Public Instruction to school districts, county offices of education, and charter schools for the Academic Performance Index Schoolsite Employees Performance Bonus.

(2) As a condition of receiving funds pursuant to this section, school districts, county offices of education, and charter schools shall, upon request by the Superintendent of Public Instruction and by November 1, 2000, certify the number of full-time equivalent employees employed as of the second principal apportionment of the 1999–2000 school year at each schoolsite under their jurisdiction that are eligible for awards in accordance with subdivision (a) of Section 52057, the Governor’s Performance Award Program.

(3) Upon receipt of the certifications the Superintendent of Public Instruction shall calculate a statewide amount per full-time equivalent employee, the sum of which shall not exceed three hundred fifty million dollars (\$350,000,000). The Superintendent of Public Instruction shall then apportion an equal amount per full-time equivalent employee to the appropriate school district, county office of education, or charter school

for allocation to the schoolsites that have met or exceeded their Academic Performance Index growth target.
