(B) Ensures that the reviews provided by the medical professionals are timely, clear, and credible, and that reviews are monitored for quality on an ongoing basis.

(C) Ensures that the method of selecting medical professionals for individual cases achieves a fair and impartial panel of medical professionals who are qualified to render recommendations regarding the clinical conditions and the medical necessity of treatments or therapies in question.

(D) Ensures the confidentiality of medical records and the review materials, consistent with the requirements of this section and applicable state and federal law.

(E) Ensures the independence of the medical professionals retained to perform the reviews through conflict-of-interest policies and prohibitions, and ensures adequate screening for conflicts-of-interest, pursuant to paragraph (5).

(4) Medical professionals selected by independent medical review organizations to review medical treatment decisions shall be physicians or other appropriate providers who meet the following minimum requirements:

(A) The medical professional shall be a clinician knowledgeable in the treatment of the insured's medical condition, knowledgeable about the proposed treatment, and familiar with guidelines and protocols in the area of treatment under review.

(B) Notwithstanding any other provision of law, the medical professional shall hold a nonrestricted license in any state of the United States, and for physicians, a current certification by a recognized American medical specialty board in the area or areas appropriate to the condition or treatment under review. The independent medical review organization shall give preference to the use of a physician licensed in California as the reviewer, except when training and experience with the issue under review reasonably requires the use of an out-of-state reviewer.

(C) The medical professional shall have no history of disciplinary action or sanctions, including, but not limited to, loss of staff privileges or participation restrictions, taken or pending by any hospital, government, or regulatory body.

(5) Neither the expert reviewer, nor the independent medical review organization, shall have any material professional, material familial, or material financial affiliation with any of the following:

(A) The insurer or a provider group of the insurer, except that an academic medical center under contract to the insurer to provide services to insureds may qualify as an independent medical review organization provided it will not provide the service and provided the center is not the developer or manufacturer of the proposed treatment.

(B) Any officer, director, or management employee of the insurer.

(C) The physician, the physician's medical group, or the independent practice association (IPA) proposing the treatment.

(D) The institution at which the treatment would be provided.

(E) The development or manufacture of the treatment proposed for the insured whose condition is under review.

(F) The insured or the insured's immediate family.

(6) For purposes of this section, the following terms shall have the following meanings:

(A) ''Material familial affiliation'' means any relationship as a spouse, child, parent, sibling, spouse's parent, or child's spouse.

(B) ''Material professional affiliation'' means any physician-patient relationship, any partnership or employment relationship, a shareholder or similar ownership interest in a professional corporation, or any independent contractor arrangement that constitutes a material financial affiliation with any expert or any officer or director of the independent medical review organization. ''Material professional affiliation'' does not include affiliations that are limited to staff privileges at a health facility.

(C) ''Material financial affiliation'' means any financial interest of more than 5 percent of total annual revenue or total annual income of an independent medical review organization or individual to which this subdivision applies. ''Material financial affiliation'' does not include payment by the insurer to the independent medical review organization for the services required by this section, nor does ''material financial affiliation'' include an expert's participation as a contracting provider where the expert is affiliated with an academic medical center or a National Cancer Institute-designated clinical cancer research center.

(e) The department shall provide, upon the request of any interested person, a copy of all nonproprietary information, as determined by the commissioner, filed with it by an independent medical review organization seeking to contract under this article. The department may charge a nominal fee to the interested person for photocopying the requested information.

If an insurer delegates outpatient self-management training to contracting providers, the insurer shall require contracting providers to ensure that diabetes outpatient self-management training, education, and medical nutrition therapy are provided by appropriately licensed or registered health care professionals.

(e) The diabetes outpatient self-management training, education, and medical nutrition therapy services identified in subdivision (d) shall be provided by appropriately licensed or registered health care professionals as prescribed by a health care professional legally authorized to prescribe the services.

Nothing in this section may be construed as imposing a new benefit mandate on accident-only, specified disease, or hospital indemnity insurance.

SEC. 120. Section 11629.92 of the Insurance Code is amended to read:

11629.92. (a) The annual rate offered initially under the pilot program for the low-cost automobile insurance policy, until the time that the rate is adjusted, shall be four hundred ten dollars ($410). A surcharge of 25 percent of the base rate shall be added if the named insured is an unmarried male between the ages of 19 and 24, inclusive, or if an

unmarried male between the ages 19 and 24, inclusive, resides in the household of the named insured and will be a driver of the automobile covered under the low-cost policy.

(b) In addition to existing premium installment options offered by the California Automobile Assigned Risk Plan under Article 4 (commencing with Section 11620), the plan shall also make available to insureds under the pilot program, a premium installment option pursuant to which an insured is required to pay one hundred dollars ($100) upon issuance of the low-cost policy, followed thereafter by six other payments. No other premium financing arrangement shall be permitted.

(c) Rates for policies issued under the pilot program shall be reviewed and revised as follows:

(1) Rates shall be sufficient to cover (A) losses incurred under policies issued under the pilot program, and (B) expenses, including, but not limited to, all reasonable and necessary expenses such as the costs of administration, underwriting, taxes, commissions, and claims adjusting, that are incurred due to participation in this pilot program. For purposes of this paragraph, ''losses incurred'' means claims paid, claims incurred and reported, and claims incurred but not yet reported. In assessing loss reserves, the commissioner shall only allow loss reserves that are estimated from actual losses in the pilot program or comparable data by a licensed statistical agent, as adjusted to reflect coverage provided in this pilot program.

(2) Rates shall be set so as to result in no projected subsidy of the pilot program by those policyholders of insurers issuing policies under the pilot program who are not participants in the pilot program.

(3) Rates shall be set with respect to this pilot program, and the pilot program established in Article 5.5 (commencing with Section 11629.7), so as to result in no projected subsidy by policyholders in one pilot program of policyholders in the other pilot program.

(4) Commencing on January 1, 2001, and annually thereafter, the California Automobile Assigned Risk Plan shall submit the loss and expense data, together with a proposed rate for the low-cost automobile policy for the pilot program, to the commissioner for approval in accordance with this chapter. The commissioner shall act on the recommendation within 90 days.

SEC. 121. Section 12698 of the Insurance Code is amended and renumbered to read:

12968. Every pleading issued by the commissioner to initiate a formal enforcement action against a licensee under this code, and every order issued by the commissioner or a court of competent jurisdiction or other document that resolves a formal enforcement action, shall be displayed on the department's internet web site, if the document is a public record that is not exempt from disclosure to the public pursuant

to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

SEC. 122. Section 12967 of the Insurance Code is amended to read:

12967. (a) (1) The department shall develop and implement a coordinated approach to gather, review, and analyze the archives of insurers and other archives and records, using onsite teams and the oversight committee, to provide for research and investigation into insurance policies, unpaid insurance claims, and related matters of victims of the Holocaust or of the Nazi-controlled German government or its allies, and the beneficiaries and heirs of those victims, and for losses arising from the activities of the Nazi-controlled German government or its allies for insurance policies issued before and during World War II by insurers who have affiliates or subsidiaries authorized to do business in California. Information compiled shall be placed in a centralized data base for the retention of policy and claimant data, and the data shall be used to implement this section and Section 790.15.

(2) The department has an affirmative duty to play an independent role in representing the interests of Holocaust survivors where necessary, including the duty to carry out research, investigations, and advocacy. The department shall cooperate with, participate in, promote coordination with, and to the extent feasible and consistent with the purposes of this section, work jointly with the National Association of Insurance Commissioners and the international commission on Holocaust survivor claims or any other entity involved in the documentation, resolution, settlement, or distribution of insurance claims, including the documentation of unpaid claims and the distribution of proceeds, and the establishment and maintenance of a data base to contain information relevant to claimants and documents and historical information. The department shall work to recover information and records that will strengthen the claims of California residents.

(3) The department shall employ insurance archaeologists, economists, attorneys, accountants, and other specialists, in this country and in Europe, to implement this section. The department shall work jointly with the National Association of Insurance Commissioners and other organizations for this purpose. The department's cooperation with other states shall be for the purpose of advancing survivors' claims while avoiding duplication of efforts, and shall be dependent upon contributions by other states.

(4) In order to assure that Holocaust survivors receive the most aggressive and independent representation possible in pursuit of their historic claims, in contracting with accounting firms, law firms, economists, or others to implement this section, the department shall, to

the maximum extent possible, avoid any potential or actual conflict of interest by doing the following:

(A) Seek and give preference to firms that are entirely free of any associations with firms representing insurers and nations from which Holocaust survivors are seeking just treatment of their claims.

(B) If the department finds that it is necessary to contract with a firm or firms that have conflicts or potential conflicts of interest, those conflicts or potential conflicts of interest shall be disclosed to the commissioner, and the following requirements shall apply:

(i) The contract shall contain a provision that expresses a formal commitment on the part of the firm to aggressively pursue a maximum just settlement for Holocaust survivors and their families without regard to any adverse impacts on insurers, affiliates of insurers, nations, or others that may have employed the firm or affiliates of the firm that is contracting with the commissioner to assist in carrying out the commissioner's responsibilities under this section.

(ii) If any conflict or potential conflict exists between the firm, or an affiliate of the firm, and an insurer, an affiliate of an insurer, a nation or others directly or indirectly involving Holocaust claims, the firm shall disclose both the fact of the conflict or potential conflict, and all relevant information describing the nature of the conflict or potential conflict.

(iii) If a conflict or potential conflict exists between the firm, or an affiliate of the firm, and an insurer, an affiliate of an insurer, a nation, or others that does not directly or indirectly involve Holocaust claims, the firm shall disclose the fact of the conflict or potential conflict and identify the source of the conflict or potential conflict, but need not describe the particular circumstances or facts that create the conflict or potential conflict.

(C) The department may take whatever special measures it deems necessary to avoid either the appearance or the reality of conflicts that may undermine public confidence in the integrity of the effort to secure justice for Holocaust survivors.

(b) The funding of the activities provided for by this section for the 1998–99 fiscal year shall be from funds transferred pursuant to subdivision (b) of Section 1523 of the Code of Civil Procedure, which funds are hereby appropriated to the commissioner for that purpose. The commissioner shall seek reimbursement of those funds as provided in subdivision (c).

Funding for subsequent fiscal years shall be subject to the Budget Act and based on a plan submitted by the commissioner to the Legislature outlining the plan for reimbursement of expenses of the department by affected insurers.

Funds made available to implement this section shall be used to develop and implement a coordinated approach to gather, review, and

analyze the archives of affected insurance groups, and other archives and records, using onsite teams and the oversight committee. These funds shall also be used to fund the necessary expenses of the Holocaust Era Insurance Claims Oversight Committee established in subdivision (d). The information compiled shall be placed in a centralized data base for the retention of policy and claimant data, and that data shall be used by the department to implement this section.

(c) (1) Any funds recovered by the department for the purpose of reimbursing the state for costs associated with investigation and enforcement actions under this section shall not be deposited in the Insurance Fund, but instead shall be delivered to the Controller for deposit into the General Fund.

(2) To the maximum extent possible, the department shall seek reimbursement for its costs incurred in implementing this section, including funds transferred pursuant to subdivision (b) of Section 1523 of the Code of Civil Procedure, from any settlements reached with affected insurers.

(d) (1) There is established a seven-member Holocaust Era Insurance Claims Oversight Committee, that shall be known as the oversight committee, and whose members shall be appointed as follows:

(A) Four members shall be appointed by the Governor.

(B) One member shall be appointed by the President pro Tempore of the Senate.

(C) One member shall be appointed by the Speaker of the Assembly.

(D) One member shall be appointed by the Commissioner of Insurance.

(2) The Governor shall designate one of his or her appointees as the chairperson of the committee.

(3) Each member of the committee shall serve at the pleasure of the authority that appointed him or her to serve on the committee.

(4) The oversight committee shall be composed of qualified individuals with experience in Holocaust claims cases, similar investigations, archival research, and international law. The oversight committee shall also include Holocaust survivors. No member of the oversight committee shall have a potential or actual conflict of interest, or shall be employed by a person who has a potential or actual conflict of interest.

(5) The appointments shall be expedited because of the urgency due to survivors' needs.

(6) The oversight committee shall have the following authority and shall do all of the following:

(A) Review and make recommendations concerning any insurance settlement negotiation or offer relating to a Holocaust era insurance claim in which the department is involved.

(B) Review and make recommendations to the commissioner on the priorities for expenditure of funds and use of resources by the department for Holocaust era insurance claims related activities.

(C) Recommend whether a proposed settlement of a Holocaust era insurance claim submitted to the committee pursuant to paragraph (7) is equitable before the department finalizes the settlement agreement.

(7) The commissioner, in the event of a proposed settlement of any policy or group of policies relating to Holocaust era insurance claims, shall confer with the committee prior to the department finalizing the settlement agreement. The department may not finalize a proposed settlement of a Holocaust era insurance claim unless the committee, pursuant to subparagraph (C) of paragraph (6), recommends that the proposed settlement is equitable.

(e) The department shall report its progress in implementing this section and its participation in the identification and resolution of insurance claims of Holocaust survivors and their beneficiaries and heirs. The report shall also include an overview of current and anticipated expenditures in implementing this section. The department shall make this report biannually to the insurance and budget committees of the Legislature.

SEC. 123. Section 1174.5 of the Labor Code is amended to read:

1174.5. Any person employing labor who willfully fails to maintain the records required by subdivision (c) of Section 1174 or accurate and complete records required by subdivision (d) of Section 1174, or to allow any member of the commission or employees of the division to inspect records pursuant to subdivision (b) of Section 1174, shall be subject to a civil penalty of five hundred dollars ($500).

SEC. 124. Section 1777.5 of the Labor Code is amended to read:

1777.5. (a) Nothing in this chapter shall prevent the employment of properly registered apprentices upon public works.

(b) Every apprentice employed upon public works shall be paid the prevailing rate of per diem wages for apprentices in the trade to which he or she is registered and shall be employed only at the work of the craft or trade to which he or she is registered.

(c) Only apprentices, as defined in Section 3077, who are in training under apprenticeship standards that have been approved by the Chief of the Division of Apprenticeship Standards and who are parties to written apprentice agreements under Chapter 4 (commencing with Section 3070) of Division 3 are eligible to be employed at the apprentice wage rate on public works. The employment and training of each apprentice shall be in accordance with either (1) the apprenticeship standards and apprentice agreements under which he or she is training or (2) the rules and regulations of the California Apprenticeship Council.

(d) When the contractor to whom the contract is awarded by the state or any political subdivision, in performing any of the work under the contract, employs workers in any apprenticeable craft or trade, the contractor shall employ apprentices in at least the ratio set forth in this section and may apply to any apprenticeship program in the craft or trade that can provide apprentices to the site of the public work for a certificate approving the contractor under the apprenticeship standards for the employment and training of apprentices in the area or industry affected. However, approval or denial of the apprenticeship program shall be subject to review by the Administrator of Apprenticeship. The apprenticeship program or programs, upon approving the contractor, shall arrange for the dispatch of apprentices to the contractor. A contractor covered by an apprenticeship program's standards shall not be required to submit any additional application in order to include additional public works contracts under that program. ''Apprenticeable craft or trade,'' as used in this section, means a craft or trade determined as an apprenticeable occupation in accordance with rules and regulations prescribed by the California Apprenticeship Council. As used in this section, ''contractor'' includes any subcontractor under a contractor who performs any public works not excluded by subdivision (o).

(e) Prior to commencing work on a contract for public works, every contractor shall submit contract award information to an applicable apprenticeship program that can supply apprentices to the site of the public work. The information submitted shall include an estimate of journeyman hours to be performed under the contract, the number of apprentices proposed to be employed, and the approximate dates the apprentices would be employed. A copy of this information shall also be submitted to the awarding body if requested by the awarding body. Within 60 days after concluding work on the contract, each contractor and subcontractor shall submit to the awarding body, if requested, and to the apprenticeship program a verified statement of the journeyman and apprentice hours performed on the contract. The information under this subdivision shall be public. The apprenticeship programs shall retain this information for 12 months.

(f) The apprenticeship program that can supply apprentices to the area of the site of the public work shall ensure equal employment and affirmative action in apprenticeship for women and minorities.

(g) The ratio of work performed by apprentices to journeymen employed in a particular craft or trade on the public work may be no higher than the ratio stipulated in the apprenticeship standards under which the apprenticeship program operates where the contractor agrees to be bound by those standards, but, except as otherwise provided in this section, in no case shall the ratio be less than one hour of apprentice work for every five hours of journeyman work.

(h) This ratio of apprentice work to journeyman work shall apply during any day or portion of a day when any journeyman is employed at the jobsite and shall be computed on the basis of the hours worked during the day by journeymen so employed. Any work performed by a journeyman in excess of eight hours per day or 40 hours per week shall not be used to calculate the ratio. The contractor shall employ apprentices for the number of hours computed as above before the end of the contract or, in the case of a subcontractor, before the end of the subcontract. However, the contractor shall endeavor, to the greatest extent possible, to employ apprentices during the same time period that the journeymen in the same craft or trade are employed at the jobsite. Where an hourly apprenticeship ratio is not feasible for a particular craft or trade, the Division of Apprenticeship Standards, upon application of an apprenticeship program, may order a minimum ratio of not less than one apprentice for each five journeymen in a craft or trade classification.

(i) A contractor covered by this section that has agreed to be covered by an apprenticeship program's standards upon the issuance of the approval certificate, or that has been previously approved for an apprenticeship program in the craft or trade, shall employ the number of apprentices or the ratio of apprentices to journeymen stipulated in the applicable apprenticeship standards, but in no event less than the 1-to-5 ratio required by subdivision (g).

(j) Upon proper showing by a contractor that he or she employs apprentices in a particular craft or trade in the state on all of his or her contracts on an annual average of not less than one hour of apprentice work for every five hours of labor performed by journeymen, the Division of Apprenticeship Standards may grant a certificate exempting the contractor from the 1-to-5 hourly ratio, as set forth in this section for that craft or trade.

(k) An apprenticeship program has the discretion to grant to a participating contractor or contractor association a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting the contractor from the 1-to-5 ratio set forth in this section when it finds that any one of the following conditions is met:

(1) Unemployment for the previous three-month period in the area exceeds an average of 15 percent.

(2) The number of apprentices in training in the area exceeds a ratio of 1 to 5.

(3) There is a showing that the apprenticeable craft or trade is replacing at least one-thirtieth of its journeymen annually through apprenticeship training, either on a statewide basis or on a local basis.

(4) Assignment of an apprentice to any work performed under a public works contract would create a condition that would jeopardize his or her life or the life, safety, or property of fellow employees or the public

at large, or the specific task to which the apprentice is to be assigned is of a nature that training cannot be provided by a journeyman.

(*l*) When an exemption is granted pursuant to subdivision (k) to an organization that represents contractors in a specific trade from the 1-to-5 ratio on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local joint apprenticeship committees, if they are already covered by the local apprenticeship standards.

(m) A contractor to whom a contract is awarded, who, in performing any of the work under the contract, employs journeymen or apprentices in any apprenticeable craft or trade shall contribute to the California Apprenticeship Council the same amount that the director determines is the prevailing amount of apprenticeship training contributions in the area of the public works site. A contractor may take as a credit for payments to the council any amounts paid by the contractor to an approved apprenticeship program that can supply apprentices to the site of the public works project. The contractor may add the amount of the contributions in computing his or her bid for the contract. At the end of each fiscal year the California Apprenticeship Council shall make grants to each apprenticeship program in proportion to the number of hours of training provided by the program for which the program did not receive contributions, weighted by the regular rate of contribution for the program. These grants shall be made from funds collected by the California Apprenticeship Council during the fiscal year pursuant to this subdivision from contractors that employed registered apprentices but did not contribute to an approved apprenticeship program. All these funds received during the fiscal year shall be distributed as grants.

(n) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. The stipulations shall fix the responsibility of compliance with this section for all apprenticeable occupations with the prime contractor.

(o) This section does not apply to contracts of general contractors or to contracts of specialty contractors not bidding for work through a general or prime contractor when the contracts of general contractors or those specialty contractors involve less than thirty thousand dollars ($30,000) or 20 working days.

(p) All decisions of an apprenticeship program under this section are subject to Section 3081.

SEC. 125. Section 1777.7 of the Labor Code is amended to read:

1777.7. (a) A contractor or subcontractor that knowingly violates Section 1777.5 shall forfeit as a civil penalty an amount not exceeding one hundred dollars ($100) for each full calendar day of noncompliance. The amount of this penalty shall be based on consideration whether the violation was a good faith mistake due to inadvertence. A contractor or

subcontractor that knowingly commits a second or subsequent violation of Section 1777.5 within a three-year period, where the noncompliance results in apprenticeship training not being provided as required by this chapter, shall forfeit as a civil penalty the sum of not more than three hundred dollars ($300) for each full calendar day of noncompliance. Notwithstanding Section 1727, upon receipt of a determination that a civil penalty has been imposed, the awarding body shall withhold the amount of the civil penalty from contract progress payments then due or to become due.

(b) (1) In the event a contractor or subcontractor is determined by the Administrator of Apprenticeship to have knowingly violated any provision of Section 1777.5, the Administrator shall deny to the contractor or subcontractor, both individually and in the name of the business entity under which the contractor or subcontractor is doing business, the right to bid on or receive any public works contract for a period of up to one year for the first violation and for a period of up to three years for a second or subsequent violation. Each period of debarment shall run from the date the determination of noncompliance by the Administrator of Apprenticeship.

(2) An affected contractor or subcontractor may obtain a review of the debarment or civil penalty by transmitting a written request to the office of the Administrator within 30 days after service of the order of debarment or civil penalty. If the Administrator receives no request for review within 30 days after service, the order of debarment or civil penalty shall become final for the period authorized.

(3) Within 20 days of the timely receipt of a request for hearing, the Administrator shall provide the contractor or subcontractor the opportunity to review any evidence the Administrator may offer at the hearing. The Administrator shall also promptly disclose to the contractor or subcontractor any nonprivileged documents obtained after the 20-day time limit.

(4) Within 90 days of the timely receipt of the request for hearing, a hearing shall be commenced before an impartial hearing officer designated by the Administrator and possessing the qualifications of an administrative law judge pursuant to Section 11502 of the Government Code. The contractor or subcontractor shall have the burden of showing compliance with Section 1777.5. The decision to debar shall be reviewed by a hearing officer or court only for abuse of discretion.

(5) Within 45 days of the conclusion of the hearing, the hearing officer shall issue a written decision affirming, modifying, or dismissing the debarment or civil penalty. The decision shall contain a notice of findings, findings, and an order. This decision shall be deemed the final decision of the Administrator and shall be served on all parties and the awarding body pursuant to Section 1013 of the Code of Civil Procedure

by first-class mail at the last known address of the party on file with the Administrator. Within 15 days of issuance of the decision, the hearing officer may reconsider or modify the decision to correct an error, except that a clerical error may be corrected at any time.

(6) An affected contractor or subcontractor may obtain review of the final decision of the Administrator by filing a petition for a writ of mandate to the appropriate superior court pursuant to Section 1094.5 of the Code of Civil Procedure within 45 days after service of the final decision to debar or to assess a civil penalty. If no petition for a writ of mandate is filed within 45 days after service of the final decision, the order shall become final. If the petitioner claims that the findings are not supported by the evidence, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in light of the entire record.

(7) The Administrator may file a certified copy of a final order with the clerk of the superior court in any county in which the affected contractor or subcontractor has property or has or had a place of business.

(c) If a subcontractor is found to have violated Section 1777.5, the prime contractor of the project is not liable for any penalties under subdivision (a), unless the prime contractor had knowledge of the subcontractor's failure to comply with the provisions of Section 1777.5 or unless the prime contractor fails to comply with any of the following requirements:

(1) The contract executed between the contractor and the subcontractor or the performance of work on the public works project shall include a copy of the provisions of Sections 1771, 1775, 1776, 1777.5, 1813, and 1815.

(2) The contractor shall continually monitor a subcontractor's use of apprentices required to be employed on the public works project pursuant to subdivision (d) of Section 1777.5, including, but not limited to, periodic review of the certified payroll of the subcontractor.

(3) Upon becoming aware of a failure of the subcontractor to employ the required number of apprentices, the contractor shall take corrective action, including, but not limited to, retaining funds due the subcontractor for work performed on the public works project until the failure is corrected.

(4) Prior to making the final payment to the subcontractor for work performed on the public works project, the contractor shall obtain an affidavit signed under penalty of perjury from the subcontractor that the subcontractor has employed the required number of apprentices on the public works project.

(d) In lieu of the penalty provided for in subdivision (a) or (b), the director may for a first-time violation and with the concurrence of the apprenticeship program, order the contractor or subcontractor to provide

apprentice employment equivalent to the work hours that would have been provided for apprentices during the period of noncompliance.

(e) Any funds withheld by the awarding body pursuant to this section shall be deposited in the General Fund if the awarding body is a state entity, or in the equivalent fund of an awarding body if the awarding body is an entity other than the state.

(f) The interpretation and enforcement of Section 1777.5 and this section shall be in accordance with the rules and procedures of the California Apprenticeship Council.

SEC. 126. Section 3762 of the Labor Code is amended to read:

3762. (a) Except as provided in subdivisions (b) and (c), the insurer shall discuss all elements of the claim file that affect the employer's premium with the employer, and shall supply copies of the documents that affect the premium at the employer's expense during reasonable business hours.

(b) The right provided by this section shall not extend to any document that the insurer is prohibited from disclosing to the employer under the attorney-client privilege, any other applicable privilege, or statutory prohibition upon disclosure, or under Section 1877.4 of the Insurance Code.

(c) An insurer, third-party administrator retained by a self-insured employer pursuant to Section 3702.1 to administer the employer's workers' compensation claims, and those employees and agents specified by a self-insured employer to administer the employer's workers' compensation claims, are prohibited from disclosing or causing to be disclosed to an employer, any medical information, as defined in Section 56.05 of the Civil Code, about an employee who has filed a workers' compensation claim, except as follows:

(1) If the diagnosis of the injury for which workers' compensation is claimed would affect the employer's premium, then an insurer may disclose that diagnosis pursuant to subdivision (a).

(2) Medical information regarding the injury for which workers' compensation is claimed that is necessary for the employer to have in order for the employer to modify the employee's work duties.

SEC. 127. Section 6394.5 of the Labor Code is amended to read:

6394.5. (a) The department shall adopt an electronic format for the electronic filing of an MSDS with the department and shall implement a system, by January 1, 2002, enabling electronic MSDS filings for purposes of complying with this section using the form. The department shall evaluate the use and effectiveness of the electronic format on relevant parties, including, but not limited to, the preparer of an MSDS, affected employers, and affected employees. The system shall employ electronic MSDS format, transmission, protocol, and authentication techniques that are, in the estimation of the department, compatible with

those techniques developed and demonstrated by the Secretary for Environmental Protection pursuant to Part 2 (commencing with Section 71050) of Division 34 of the Public Resources Code.

Section 296, or if the person was convicted of a similar crime under the laws of the United States or any other state.

(a) The prisoner has a severe mental disorder that is not in remission or cannot be kept in remission without treatment.

The term ''severe mental disorder'' means an illness or disease or condition that substantially impairs the person's thought, perception of reality, emotional process, or judgment; or which grossly impairs behavior; or that demonstrates evidence of an acute brain syndrome for which prompt remission, in the absence of treatment, is unlikely. The term ''severe mental disorder'' as used in this section does not include a personality or adjustment disorder, epilepsy, mental retardation or other developmental disabilities, or addiction to or abuse of intoxicating substances.

The term ''remission'' means a finding that the overt signs and symptoms of the severe mental disorder are controlled either by psychotropic medication or psychosocial support. A person ''cannot be kept in remission without treatment'' if during the year prior to the

question being before the Board of Prison Terms or a trial court, he or she has been in remission and he or she has been physically violent, except in self-defense, or he or she has made a serious threat of substantial physical harm upon the person of another so as to cause the target of the threat to reasonably fear for his or her safety or the safety of his or her immediate family, or he or she has intentionally caused property damage, or he or she has not voluntarily followed the treatment plan. In determining if a person has voluntarily followed the treatment plan, the standard shall be whether the person has acted as a reasonable person would in following the treatment plan.

(b) The severe mental disorder was one of the causes of or was an aggravating factor in the commission of a crime for which the prisoner was sentenced to prison.

(c) The prisoner has been in treatment for the severe mental disorder for 90 days or more within the year prior to the prisoner's parole or release.

(d) (1) Prior to release on parole, the person in charge of treating the prisoner and a practicing psychiatrist or psychologist from the State Department of Mental Health have evaluated the prisoner at a facility of the Department of Corrections, and a chief psychiatrist of the Department of Corrections has certified to the Board of Prison Terms that the prisoner has a severe mental disorder, that the disorder is not in remission, or cannot be kept in remission without treatment, that the severe mental disorder was one of the causes or was an aggravating factor in the prisoner's criminal behavior, that the prisoner has been in treatment for the severe mental disorder for 90 days or more within the year prior to his or her parole release day, and that by reason of his or her severe mental disorder the prisoner represents a substantial danger of physical harm to others. For prisoners being treated by the State Department of Mental Health pursuant to Section 2684, the certification shall be by a chief psychiatrist of the Department of Corrections, and the evaluation shall be done at a state hospital by the person at the state hospital in charge of treating the prisoner and a practicing psychiatrist or psychologist from the Department of Corrections.

(2) If the professionals doing the evaluation pursuant to paragraph (1) do not concur that (A) the prisoner has a severe mental disorder, (B) that the disorder is not in remission or cannot be kept in remission without treatment, or (C) that the severe mental disorder was a cause of, or aggravated, the prisoner's criminal behavior, and a chief psychiatrist has certified the prisoner to the Board of Prison Terms pursuant to this paragraph, then the Board of Prison Terms shall order a further examination by two independent professionals, as provided for in Section 2978.

(3) Only if both independent professionals who evaluate the prisoner pursuant to paragraph (2) concur with the chief psychiatrist's certification of the issues described in paragraph (2), shall this subdivision be applicable to the prisoner. The professionals appointed pursuant to Section 2978 shall inform the prisoner that the purpose of their examination is not treatment but to determine if the prisoner meets certain criteria to be involuntarily treated as a mentally disordered offender. It is not required that the prisoner appreciate or understand that information.

(e) The crime referred to in subdivision (b) meets both of the following criteria:

(1) The defendant received a determinate sentence pursuant to Section 1170 for the crime.

(2) The crime is one of the following:

(A) Voluntary manslaughter.

(B) Mayhem.

(F) Rape, as defined in paragraph (2) or (6) of subdivision (a) of Section 261 or paragraph (1) or (4) of subdivision (a) of Section 262.

For purposes of this subparagraph, substantial physical harm shall not require proof that the threatened act was likely to cause great or serious bodily injury.

(f) As used in this chapter, ''substantial danger of physical harm'' does not require proof of a recent overt act.

If no adverse action is taken, the State Personnel Board shall invoke adverse action proceedings as provided in Section 19583.5 of the Government Code.

(d) (1) In addition to all other penalties provided by law, including Section 8547.8 of the Government Code or any other penalties that the sanctioning authority may determine to be appropriate, any state employee at any rank and file, supervisory, or managerial level found by the State Personnel Board to have intentionally engaged in acts of reprisal, retaliation, threats, or coercion shall be suspended for not less than 30 days without pay, and shall be liable in an action for damages brought against him or her by the injured party. If the State Personnel Board determines that a lesser period of suspension is warranted, the reasons for that determination must be justified in writing in the decision.

(2) Punitive damages may be awarded by the court if the acts of the offending party are proven to be malicious. If liability has been established, the injured party also shall be entitled to reasonable attorney's fees as provided by law.

If the local district attorney refuses to accept the case, he or she shall notify the referring entity who shall subsequently refer the matter to the Attorney General. If the local district attorney has not acted on the matter, the referring entity shall notify the Attorney General. It is the intent of the Legislature that the Department of Justice avoid any conflict of interest in representing the State of California in any civil litigation that may arise

The county welfare department or social services department shall, in cases where a minor is a victim of actions specified in Section 288 of this code and a petition has been filed pursuant to Section 300 of the Welfare and Institutions Code with regard to the minor, in accordance with the requirements of subdivision (c) of Section 288, evaluate what action or actions would be in the best interest of the child victim. Notwithstanding any other provision of law, the county welfare department or social services department shall submit in writing its findings and the reasons therefor to the district attorney on or before the completion of the investigation. (b) The City of San Diego, to whom disclosure of any information pursuant to subdivision (a) is authorized, is responsible for obtaining the original investigative report from the reporting agency and for drawing independent conclusions regarding the quality of the evidence disclosed and the sufficiency of the evidence for making decisions when evaluating employees for the ''6 to 6'' program.

(c) The disclosure pursuant to this section of the presence of an applicant's name on the index is provided solely for purposes of investigating the individual's background by identifying the original investigative report from the reporting agency. The only increase shall be at a rate not to exceed the legislatively approved cost-of-living adjustment for the department. The fee may not exceed fifteen dollars ($15).

SEC. 143. Section 2357 of the Probate Code is amended to read:

2357. (a) As used in this section:

(1) ''Guardian or conservator'' includes a temporary guardian of the person or a temporary conservator of the person.

(2) ''Ward or conservatee'' includes a person for whom a temporary guardian of the person or temporary conservator of the person has been appointed.

(b) If the ward or conservatee requires medical treatment for an existing or continuing medical condition which is not authorized to be performed upon the ward or conservatee under Section 2252, 2353, 2354, or 2355, and the ward or conservatee is unable to give an informed consent to such medical treatment, the guardian or conservator may petition the court under this section for an order authorizing such medical treatment and authorizing the guardian or conservator to consent on behalf of the ward or conservatee to such medical treatment.

(c) The petition shall state, or set forth by medical affidavit attached thereto, all of the following so far as is known to the petitioner at the time the petition is filed:

(1) The nature of the medical condition of the ward or conservatee which requires treatment.

(2) The recommended course of medical treatment which is considered to be medically appropriate.

(3) The threat to the health of the ward or conservatee if authorization to consent to the recommended course of treatment is delayed or denied by the court.

(4) The predictable or probable outcome of the recommended course of treatment.

(5) The medically available alternatives, if any, to the course of treatment recommended.

(6) The efforts made to obtain an informed consent from the ward or conservatee.

(e) Notice of the Petition shall be given as follows:

(1) Not less than 15 days before the hearing, notice of the time and place of the hearing, and a copy of the petition shall be personally served on the ward, if 12 years of age or older, or the conservatee, and on the attorney for the ward or conservatee.

(2) The desirability, where the condition of the ward or conservatee permits, of giving adequate notice to all interested persons.

(g) Notwithstanding subdivisions (e) and (f), the matter may be submitted for the determination of the court upon proper and sufficient medical affidavits or declarations if the attorney for the petitioner and the attorney for the ward or conservatee so stipulate and further stipulate that there remains no issue of fact to be determined.

(h) The court may make an order authorizing the recommended course of medical treatment of the ward or conservatee and authorizing the guardian or conservator to consent on behalf of the ward or conservatee to the recommended course of medical treatment for the ward or conservatee if the court determines from the evidence all of the following:

SEC. 144. Section 12102 of the Public Contract Code is amended to read:

12102. The Department of Information Technology and the Department of General Services shall maintain, in the State Administrative Manual, policies and procedures governing the acquisition and disposal of electronic data-processing and telecommunications goods and services.

(a) Acquisition of electronic data-processing and telecommunications goods and services shall be conducted through competitive means, except when the Director of General Services determines that (1) the goods and services proposed for acquisition are the only goods and services which can meet the state's need, or (2) the goods and services are needed in cases of emergency where immediate acquisition is necessary for the protection of the public health, welfare, or safety. The acquisition mode to be used and the procedure to be followed shall be approved by the Director of General Services. The Department of General Services shall maintain, in the State Administrative Manual, appropriate criteria and procedures to ensure compliance with the intent of this chapter. These criteria and procedures shall include acquisition and contracting guidelines to be followed by state agencies with respect to the acquisition of electronic data-processing and telecommunications goods and services. These guidelines may be in the form of standard formats or model formats.

(b) Contract awards for all large-scale systems integration projects shall be based on the proposal that provides the most value-effective solution to the state's requirements, as determined by the evaluation criteria contained in the solicitation document. Evaluation criteria for procurement of electronic data-processing and telecommunications services, including systems integration, shall provide for the selection of a vendor on an objective basis not limited to cost alone.

(1) The Department of General Services shall invite active participation, review, advice, comment, and assistance from the private sector and state agencies in developing procedures to streamline and to make the acquisition process more efficient, including but not limited to consideration of comprehensive statements in the request for proposals

of the business needs and governmental functions, access to studies, planning documents, feasibility study reports and draft requests for proposals applicable to procurements, minimizing the time and cost of the proposal submittal and selection process, and development of a procedure for submission and evaluation of a single proposal rather than multiple proposals.

(2) Solicitations for acquisitions based on evaluation criteria other than cost alone shall provide that sealed cost proposals shall be submitted and that they shall be opened at a time and place designated in the solicitation for bids and proposals. Evaluation of all criteria, other than cost, shall be completed prior to the time designated for public opening of cost proposals, and the results of the completed evaluation shall be published immediately before the opening of cost proposals. The state's contact person for administration of the procurement shall be identified in the solicitation for bids and proposals, and that person shall execute a certificate under penalty of perjury, which shall be made a permanent part of the official procurement file, that all cost proposals received by the state have been maintained sealed and under lock and key until the time cost proposals are opened.

(c) The acquisition of hardware purchased independently of a system integration project may be made on the basis of lowest cost meeting all other specifications.

(d) The 5-percent small business preference provided for in Chapter 6.5 (commencing with Section 14835) of Part 5.5 of Division 3 of Title 2 of the Government Code and the regulations implementing that chapter shall be accorded to all qualifying small businesses.

(e) For all transactions formally advertised, evaluation of bidders' proposals for the purpose of determining contract award for electronic data-processing and telecommunications goods shall provide for consideration of a bidder's best financing alternatives, including lease or purchase alternatives, if any bidder so requests, not less than 30 days prior to the date of final bid submission, unless the acquiring agency can prove to the satisfaction of the Department of General Services that a particular financing alternative should not be so considered.

(f) Acquisition authority may be delegated by the Director of General Services to any state agency which has been determined by the Department of General Services to be capable of effective use of that authority. This authority may be limited by the Department of General Services. Acquisitions conducted under delegated authority shall be reviewed by the Department of General Services on a selective basis.

(g) To the extent practical, the solicitation documents shall provide for a contract to be written to enable acquisition of additional items to avoid essentially redundant acquisition processes when it can be determined that it is economical to do so.

Further, it is the intent of the Legislature that, if a state electronic data processing advisory committee or a state telecommunications advisory committee is established by the Governor, the Director of Information Technology, or the Director of General Services, the policies and procedures developed by the Director of Information Technology and the Director of General Services in accordance with this chapter shall be submitted to that committee, including vendor representatives, for review and comment, and that the comment be considered by both departments prior to the adoption of any policy or procedure. It is also the intent of the Legislature that this section shall apply to the Department of General Services Information Technology Customer Council.

(h) Protest procedures shall be developed to provide bidders an opportunity to protest any formal, competitive acquisition conducted in accordance with this chapter. The procedures shall provide that protests must be filed no later than five working days after the issuance of an intent to award. Authority to protest may be limited to participating bidders. The Director of General Services, or a person designated by the director, may consider and decide on initial protests. A decision regarding an initial protest shall be final. If prior to the last day to protest, any vendor who has submitted an offer files a protest with the department against the awarding of the contract or purchase order on the ground that his or her bid or proposal should have been selected in accordance with the selection criteria in the solicitation document, the contract or purchase order shall not be awarded until either the protest has been withdrawn or the State Board of Control has made a final decision as to the action to be taken relating to the protest. Within 10 calendar days after filing a protest, the protesting vendor shall file with the State Board of Control a full and complete written statement specifying in detail the grounds of the protest and the facts in support thereof.

(i) Electronic data processing and telecommunications goods which have been determined to be surplus to state needs shall be disposed of in a manner which will best serve the interests of the state. Procedures governing the disposal of surplus goods may include auction or transfer to local governmental entities.

(j) A vendor may be excluded from bid processes if the vendor's performance with respect to a previously awarded contract has been unsatisfactory, as determined by the state in accordance with established procedures which shall be maintained in the State Administrative Manual. This exclusion may not exceed 360 calendar days for any one determination of unsatisfactory performance. Any vendor excluded in accordance with this section shall be reinstated as a qualified vendor at any time during this 360-day period, upon demonstrating to the

department's satisfaction that the problems which resulted in the vendor's exclusion have been corrected.

SEC. 145. Section 2715.5 of the Public Resources Code is amended to read:

2715.5. (a) The Cache Creek Resource Management Plan, in conjunction with a site specific plan deemed consistent by the lead agency with the Cache Creek Resource Management Plan, until December 31, 2003, shall be considered to be a functional equivalent of a reclamation plan for the purposes of this chapter. No other reclamation plan shall be required to be reviewed and approved for any excavation project subject to the Cache Creek Resource Management Plan that is conducted in conformance with an approved site specific plan that is consistent with the Cache Creek Resource Management Plan, and the standards specified in that plan governing erosion control, channel stabilization, habitat restoration, flood control, or infrastructure maintenance, if that plan is reviewed and approved by a lead agency pursuant to this chapter.

(b) For purposes of this section, the board of supervisors of the county in which the Cache Creek Resource Management Plan is to be implemented shall prepare and file the annual report required to be prepared pursuant to Section 2207.

(c) Nothing in this section precludes an enforcement action by the board or the department brought pursuant to this chapter or Section 2207 if the lead agency or the director determines that a surface mining operator, acting under the authority of the Cache Creek Resource Management Plan, is not in compliance with the requirements of this chapter or Section 2207.

(d) ''Site specific plan,'' for the purposes of this section, means an individual project plan approved by the lead agency that is consistent with the Cache Creek Resource Management Plan. Site specific plans prepared in conformance with the Cache Creek Resource Management Plan shall, at a minimum, include the information required pursuant to subdivision (c) of Section 2772, shall comply with the requirements of Article 9 (commencing with Section 3700) of Subchapter 1 of Chapter 8 of Title 14 of the California Code of Regulations and shall be provided along with a financial assurance estimate to the department for review and comment pursuant to Section 2774. Notwithstanding the number of days authorized by paragraph (1) of subdivision (d) of Section 2774, the department shall review the site specific plan and the financial assurance estimate and prepare any written comments within 15 days from the date of receipt of the plan and the estimate.

(e) Prior to engaging in an excavation activity in conformance with the Cache Creek Resource Management Plan, a surface mining

operation shall be required to obtain financial assurances that meet the requirements of Section 2773.1.

(f) This section shall remain in effect only until December 31, 2003, and as of that date is repealed, unless a later enacted statute that is enacted before December 31, 2003, deletes or extends that date.

SEC. 146. Section 31164 of the Public Resources Code is amended to read:

31164. (a) The San Francisco Bay Area Conservancy Program Account is hereby created in the State Coastal Conservancy Fund, for the purpose of depositing and disbursing funds for the administration and implementation of the San Francisco Bay Area Conservancy Program.

(b) (1) The money in the account created pursuant to subdivision (a) shall be segregated into two subaccounts, as follows:

(A) The first subaccount shall contain funds that are appropriated by the Legislature for the purposes of this chapter. Any interest that accrues on the funds in this subaccount shall be transferred to, and deposited into, the General Fund. The conservancy shall account for all deposits or reimbursements of funds in this subaccount that are derived from funds that were appropriated by the Legislature for the purposes of this chapter.

(B) The second subaccount shall contain funds that are derived from all other sources, exclusive of federal funds, for the purposes of this chapter, including, but not limited to, private donations, fees and penalties, and local government contributions. Any interest that accrues on the funds in this subaccount shall be retained in the subaccount and shall be available for expenditure by the conservancy for the purposes of this chapter. Not more than 3 percent of the funds that are deposited in this subaccount shall be utilized by the conservancy for general administration and planning purposes. No funds shall be expended from this subaccount for any activity that would legally require a commitment of state funds in the future. Notwithstanding Section 13340 of the Government Code, the funds in this subaccount are continuously appropriated, without regard to fiscal year, to the conservancy for expenditures for the purposes of this chapter.

(2) All reimbursements, proceeds of sale, or other money received by the conservancy for the purposes of this chapter that are not expended on projects under the San Francisco Bay Area Conservancy Program shall be redeposited in the appropriate subaccount of the account.

(c) The conservancy shall not be required to undertake any activities pursuant to this chapter until such time that funds from new sources of funding that are not currently available to the conservancy for those purposes are appropriated by the Legislature or otherwise deposited in the account, and until such time that any administrative or general planning funds expended by the conservancy for the purposes of this chapter prior to any such appropriations or deposits being available for

expenditure by the conservancy are reimbursed to the State Coastal Conservancy Fund.

SEC. 147. Section 42923 of the Public Resources Code is amended to read:

42923. (a) The board may grant one or more single or multiyear time extensions from the requirements of subdivision (a) of Section 42921 to any state agency or large state facility if all of the following conditions are met:

(1) Any multiyear extension that is granted does not exceed three years, and a state agency or a large state facility is not granted extensions that exceed a total of five years.

(2) No extension is granted for any period after January 1, 2006, and no extension is effective after January 1, 2006.

(4) The board adopts written findings, based upon substantial evidence in the record, as follows:

(A) The state agency or the large state facility is making a good faith effort to implement the source reduction, recycling, and composting programs identified in its integrated waste management plan.

(B) The state agency or the large state facility submits a plan of correction that demonstrates that the state agency or the large state facility will meet the requirements of Section 42921 before the time extension expires, including the source reduction, recycling, or composting steps the state agency or the large state facility will implement, a date prior to the expiration of the time extension when the requirements of Section 42921 will be met, existing programs that it will modify, any new programs that will be implemented to meet those requirements, and the means by which these programs will be funded.

(b) (1) When considering a request for an extension, the board may make specific recommendations for the implementation of the alternative plans.

(2) Nothing in this section shall preclude the board from disapproving any request for an extension.

(3) If the board disapproves a request for an extension, the board shall specify its reasons for the disapproval.

(c) (1) In determining whether to grant the request by a state agency or a large state facility for the time extension authorized by subdivision (a), the board shall consider information provided by the state agency or the large state facility that describes relevant circumstances that contributed to the request for extension, such as a lack of markets for recycled materials, local efforts to implement source reduction,

recycling, and composting programs, facilities built or planned, waste disposal patterns, and the type of waste disposed by agency.

(2) The state agency or the large state facility may provide the board with any additional information that the state agency or the large state facility determines to be necessary to demonstrate to the board the need for the extension.

(d) If the board grants a time extension pursuant to subdivision (a), the state agency may request technical assistance from the board to assist it in meeting the diversion requirements of subdivision (a) of Section 42921 during the extension period. If requested by the state agency or the large state facility, the board shall assist the state agency or the large state facility with identifying model policies and plans implemented by other agencies.

(e) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

No distinction shall be made, nor any different construction be given to the definition of ''new motor vehicle dealer'' and ''dealer'' except for the application of the provisions of Chapter 6 (commencing with Section 3000) of Division 2 and Section 11704.5. The provisions of Sections 3001 and 3003 shall not, however, apply to a dealer who deals exclusively in motorcycles.

(b) The department shall, before issuing or renewing any license, check the record of the applicant for notices of failure to appear in court filed with it and shall withhold or shall not issue a license to any applicant who has violated his or her written promise to appear in court unless the department has received a certificate issued by the magistrate or clerk of the court hearing the case in which the promise was given showing that the case has been adjudicated or unless the applicant's record is cleared as provided in Chapter 6 (commencing with Section 41500) of Division 17. In lieu of the certificate of adjudication, a notice from the court stating that the original records have been lost or destroyed shall permit the department to issue a license.

(c) (1) Any notice received by the department pursuant to Section 40509, 40509.1, or 40509.5, except subdivision (c) of Section 40509.5, that has been on file five years or more may be removed from the department records and destroyed at the discretion of the department.

Any person who loses a driver's license and who, after obtaining a duplicate, finds the original license shall immediately destroy the original license.

(b) A person in possession of a valid driver's license who has been informed either by the department or by a law enforcement agency that the document is mutilated shall surrender the license to the department not later than 10 days after that notification.

(d) An applicant or holder of a tow truck driver certificate, whose certificate was denied or revoked, may reapply for a certificate whenever the applicable felony or misdemeanor conviction is reversed or dismissed. If the cause for the denial or revocation was based on the suspension or revocation of the applicant's or holder's driving privilege, he or she may reapply for a certificate upon restoration of his or her driving privilege. A termination of probation and dismissal of charges pursuant to Section 1203.4 of the Penal Code or a dismissal of charges pursuant to 1203.4a of the Penal Code is not a dismissal for purposes of this section.

(2) The ocean marine terminal, following the two most recent consecutive inspections required by Section 34501.12, has received satisfactory compliance ratings, and the terminal has received no unsatisfactory compliance ratings as a result of any inspection conducted in the interim between the consecutive inspections conducted under Section 34501.12.

(3) Each intermodal chassis exiting the ocean marine terminal shall have a current decal and supporting documentation in accordance with Section 396.17 of Title 49 of the Code of Federal Regulations.

(4) The ocean marine terminal's intermodal roadability inspection program consists of all of the following:

(A) Each time an intermodal chassis is released from the ocean marine terminal, the chassis shall be inspected. The inspection shall include, but not be limited to, brake adjustment, brake system components and leaks, suspension systems, tires and wheels, vehicle connecting devices, and lights and electrical system.

(ii) Date and nature of each inspection.

(iii) Signature of the ocean marine terminal operator or an authorized representative.

(D) Defects noted on any intermodal chassis shall be repaired, and the repairs shall be recorded on the intermodal chassis maintenance file, before the intermodal chassis is released from the control of the ocean marine terminal. No vehicle subject to this section shall be operated on the highway other than to a place of repair until all defects listed during the inspection conducted pursuant to subparagraph (A) have been corrected and attested to by the signature of the operator's authorized representative.

(E) Records of maintenance or repairs performed pursuant to the inspection in subparagraph (A) shall be maintained at the ocean marine terminal for two years and shall be made available upon request of the department. Repair records may be retained in a computer system if printouts of those records are provided to the department upon request.

(b) Following a terminal inspection in which the department determines that an operator of an ocean marine terminal utilizing the intermodal roadability inspection program has failed to comply with the requirements of this section, the department shall conduct a reinspection within 120 days as specified in subdivision (h) of Section 34501.12. If the terminal fails the reinspection, the department shall direct the operator to comply with the requirements of Section 34505.5 until eligibility to utilize the inspection program described in this section is

reestablished pursuant to subdivision (a). If any inspection results in an unsatisfactory rating due to conditions presenting an imminent danger to the public safety, as described in Section 34505.6 or 34505.7, the department immediately shall direct the operator to comply with the requirements of Section 34505.5 until eligibility to utilize the inspection program described in this section is reestablished pursuant to subdivision (a).

(a) For the purposes of width requirements under this code, the overall width of manufactured housing specified in this section shall be the overall width, including roof overhang, eaves, window shades, porch roofs, or any other part of the manufactured house that cannot be removed for the purposes of transporting upon any highway.

(b) Unless otherwise exempted under this code, all combinations of motor vehicles and manufactured housing shall be equipped with service brakes on all wheels. Service brakes required under this subdivision shall be adequate, supplemental to the brakes on the towing vehicle, to enable the combination of vehicles to comply with the stopping distance requirements of Section 26454.

(c) In addition to the requirements contained in Section 26304, the breakaway brake device on any manufactured housing unit equipped with electric brakes shall be powered by a wet cell rechargeable battery that is of the same voltage rating as the brakes and has sufficient charge to hold the brakes applied for not less than 15 minutes.

(d) Notwithstanding any other provision of this code, the weight imposed upon any tire, wheel, axle, drawbar, hitch, or other suspension component on a manufactured housing unit shall not exceed the manufacturer's maximum weight rating for the item or component.

(e) In addition to the requirements in subdivision (d), the maximum allowable weight upon one manufactured housing unit axle shall not exceed 6,000 pounds, and the maximum allowable weight upon one manufactured housing unit wheel shall not exceed 3,000 pounds.

(f) Manufactured housing unit tires shall be free from defects, have at least $^{2}/_{32}$ of an inch tread depth, as determined by tire tread wear indicators, and shall comply with specifications and requirements contained in Section 3280.904(b)(8) of Title 24 of the Code of Federal Regulations.

Each certification of compliance document shall identify, by serial or identification number, the specific manufactured housing unit being transported and shall be signed by a representative of the manufacturer. Each transporter of manufactured housing units shall have in his or her immediate possession a copy of the certification of compliance document and shall make the document available upon request by any member of the Department of the California Highway Patrol, any authorized employee of the Department of Transportation, or any regularly employed and salaried municipal police officer or deputy sheriff.

(h) Manufactured housing unit dealers shall provide transporters with a certification of compliance document, specifying that all modifications, equipment additions, or loading changes by the dealer have not exceeded the gross vehicle weight rating of the manufactured housing unit or the axle and wheel requirements contained in subdivisions (d), (e), and (f). Each certification of compliance document shall identify, by serial or identification number, the specific manufactured housing unit being transported and shall be signed by a representative of the dealer. Each transporter of manufactured housing units shall have in his or her immediate possession a copy of the certification of compliance document and shall make the document available upon request by any member of the Department of the California Highway Patrol, any authorized employee of the Department of Transportation, or any regularly employed and salaried municipal police officer or deputy sheriff.

(i) Transporters of manufactured housing units shall not transport any additional load in, or upon, the manufactured housing unit that has not been certified by the manufactured housing unit's manufacturer or dealer.

be securely attached and shall comply with Subpart J of Part 3280 of Title 24 of the Code of Federal Regulations.

(k) Manufactured housing units shall be equipped with an identification plate, specifying the manufacturer's name, the manufactured housing unit's serial number, the gross vehicle weight rating of the manufactured housing unit, and the gross weight of the cargo that may be transported in or upon the manufactured housing unit without exceeding the gross vehicle weight rating. The identification plate shall be permanently attached to the manufactured housing unit and shall be positioned adjacent to, and meet the same specifications and requirements applicable to, the certification label required by Subpart A of Part 3280 of Title 24 of the Code of Federal Regulations.

(*l*) Manufactured housing units shall be subject to all lighting requirements contained in Sections 24603, 24607, 24608, and 24951. When transported during darkness, manufactured housing units shall additionally be subject to Sections 24600 and 25100.

(m) Manufactured housing units shall have all open sides covered by plywood, hard board, or other rigid material, or by other suitable plastics or flexible material. Plastic or flexible side coverings shall not billow or flap in excess of six inches in any one place. Units that are opened on both sides may be transported empty with no side coverings.

(n) Transporters of manufactured housing units shall make available all permits, licenses, certificates, forms, and any other relative document required for the transportation of manufactured housing upon request by any member of the Department of the California Highway Patrol, any authorized employee of the Department of Transportation, or any regularly employed and salaried municipal police officer or deputy sheriff.

(o) The Department of Transportation, in cooperation with the Department of the California Highway Patrol, or the local authority, shall require pilot car or special escort services for the movement of any manufactured housing unit pursuant to this section, and may establish additional reasonable permit regulations, including special routing requirements, as necessary in the interest of public safety and consistent with this section.

(p) The Department of Transportation shall not issue a permit to move a manufactured home that is in excess of 14 feet in total width unless that department determines that all of the conditions and specifications set forth in this section have been met.

SEC. 165. Section 361.5 of the Welfare and Institutions Code is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the child and the relinquishment has been filed with the State Department of Social

Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a child is removed from a parent's or guardian's custody, the juvenile court shall order the social worker to provide child welfare services to the child and the child's mother and statutorily presumed father or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the child and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months from the date the child entered foster care, except as otherwise provided in paragraph (3).

(2) For a child who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months from the date the child entered foster care.

(3) For the purpose of placing and maintaining a sibling group together in a permanent home should reunification efforts fail, for a child in a sibling group whose members were removed from parental custody at the same time, and in which one member of the sibling group was under the age of three years on the date of initial removal from the physical custody of his or her parent or guardian, court-ordered services to some or all of the sibling group may be limited to a period of six months from the date the child entered foster care. For the purposes of this paragraph, ''a sibling group'' shall mean two or more children who are related to each other as full or half-siblings.

Regardless of the age of the child, a child shall be deemed to have entered foster care on the earlier of the date of the jurisdictional hearing held pursuant to Section 356 or the date that is 60 days after the date on which the child was initially removed from the physical custody of his or her parent or guardian.

Notwithstanding paragraphs (1), (2), and (3), court-ordered services may be extended up to a maximum time period not to exceed 18 months after the date the child was originally removed from physical custody of his or her parent or guardian if it can be shown, at the hearing held pursuant to subdivision (f) of Section 366.21, that the permanent plan for the child is that he or she will be returned and safely maintained in the home within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services

have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1.

When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the child. Physical custody of the child by the parents or guardians during the applicable time period under paragraph (1), (2), or (3) shall not serve to interrupt the running of the period. If at the end of the applicable time period, a child cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the child clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the child was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian or is a member of a sibling group as described in paragraph (3), the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months. The court shall inform the parent or guardian of the factors used in subdivision (e) of Section 366.21 to determine whether to limit services to six months for some or all members of a sibling group as described in paragraph (3).

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the child or a sibling of the child has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the child had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the child has been returned to the custody of the parent or guardian from whom the child had been taken originally, and that the child is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the child has caused the death of another child through abuse or neglect.

(5) That the child was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the child has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the child, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the child to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the child or a sibling or half-sibling of the child, or between the child or a sibling or half-sibling of the child and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the child's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a child's body or the body of a sibling or half-sibling of the child by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the child, sibling, or half-sibling in a closed space; or any other torturous act or omission that would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the child pursuant to paragraph (3), (5), or (6).

(8) That the child was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state that, if committed in this state, would

constitute one of those offenses. This paragraph only applies to the parent who committed the offense or act.

(9) That the child has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the child willfully abandoned the child, and the court finds that the abandonment itself constituted a serious danger to the child. For the purposes of this paragraph, ''serious danger'' means that without the intervention of another person or agency, the child would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, ''willful abandonment'' shall not be construed as actions taken in good faith by the parent without the intent of placing the child in serious danger.

(10) That (A) the court-ordered termination of reunification services for any siblings or half-siblings of the child because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), or (B) the parental rights of a parent or guardian over any sibling or half-sibling of the child had been permanently severed, and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that child from that parent or guardian.

(11) That the parent or guardian of the child has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(12) That the parent or guardian of the child has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition that brought that child to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(13) That the parent or guardian of the child has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the child returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption.

The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(14) That the parent or guardian has on one or more occasions willfully abducted the child or child's sibling or half-sibling from his or her placement and refused to disclose the child's or child's sibling or half-sibling's whereabouts, refused to return physical custody of the child or child's sibling or half-sibling to his or her placement, or refused to return physical custody of the child or child's sibling or half-sibling to the social worker.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The social worker shall prepare a report that discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within the time limits specified in subdivision (a).

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the child.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the child or that failure to try reunification will be detrimental to the child because the child is closely and positively attached to that parent. The social worker shall investigate the circumstances leading to the removal of the child and advise the court whether there are circumstances that indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the child.

The failure of the parent to respond to previous services, the fact that the child was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the child may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the child to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the child, the court shall order the social worker to provide family reunification services in accordance with this subdivision.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the child. In determining detriment, the court shall consider the age of the child, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of the crime or illness, the degree of detriment to the child if services are not offered and, for children 10 years of age or older, the child's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the applicable time limitations imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and child through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the child if the services are not detrimental to the child.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the child pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, or Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If the court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), (13), or (14) of subdivision (b) or paragraph (1) of

subdivision (e), does not order reunification services, it shall, at the dispositional hearing, that shall include a permanency hearing, determine if a hearing under Section 366.26 shall be set in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. If the court so determines, it shall conduct the hearing pursuant to Section 366.26 within 120 days after the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.26, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3. As used in this paragraph, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or

guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and, if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the child pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the child or the child's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the child or the child's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the child or the child's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the child may be safely returned to the care of the offending parent or guardian within 12 months with no continuing supervision.

(6) Whether or not the child desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the child.

SEC. 166. Section 727.3 of the Welfare and Institutions Code is amended to read:

727.3. The purpose of this section is to provide a means to monitor the care of every child in foster care who has been declared a ward of the juvenile court pursuant to Section 601 or 602 to ensure that everything reasonably possible is done to facilitate the safe early return of the child to his or her own home or to establish a permanent plan for the child.

(a) Whenever the court orders the care, custody, and control of the minor to be under the supervision of the probation officer for placement pursuant to subdivision (a) of Section 727, the juvenile court shall order the probation department to ensure the provision of services to facilitate the safe return of the child to a safe home or the permanent placement of the child, and to address the needs of the child while in foster care.

(b) A child shall be deemed to have entered foster care, for purposes of this section, on the date that is 60 days after the date on which the minor was removed from his or her home.

(c) The status of every child declared a ward and placed in foster care shall be reviewed at the time of the initial placement order and then as determined by the court but no less frequently than once every six months, as calculated from the date the minor entered foster care. If the court so elects, the court may declare the hearing at which the court orders the care, custody, and control of the minor to be under the supervision of the probation officer for foster care placement pursuant to subdivision (a) of Section 727 as the first status review hearing. At each status review hearing, the court shall consider the safety of the child and make findings and orders which determine the following:

(1) The continuing necessity for and appropriateness of the placement.

(2) The extent of the probation department's compliance with the case plan in making reasonable efforts to safely return the child to the child's home or to complete whatever steps are necessary to finalize the permanent placement of the child.

(3) The extent of progress that has been made toward alleviating or mitigating the causes necessitating placement in foster care.

(4) The likely date by which the child may be returned to and safely maintained in the home or placed for legal guardianship or adoption.

(d) The status review hearings required by subdivision (c) may be heard by an administrative review panel, provided:

(1) The administrative review shall be open to participation by the child and parents or legal guardians and all those persons entitled to notice under Section 727.4.

(2) The child and his or her parents or legal guardians receive proper notice as required in Section 727.4.

(3) The administrative review panel is composed of persons appointed by the presiding judge of the juvenile court, the membership of which shall include at least one person who is not responsible for the case management of, or delivery of services to, the child or the parents who are the subject of the review.

(4) The findings of the administrative review panel shall be submitted to the juvenile court for the court's approval and shall become part of the official court record.

(e) At the status review hearing the court shall order return of the child to the physical custody of his or her parent or legal guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or legal guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The probation department shall have the burden of establishing that detriment. The failure of the child to participate in court-ordered treatment programs shall be prima facie evidence that the return of the child would be detrimental. In making its determination, the

court shall review and consider the social study report and recommendations pursuant to Section 706.5 and the report and recommendations of any child advocate appointed for the child in the case, and shall consider the efforts or progress, or both, demonstrated by the child and family and the extent to which the child availed himself or herself of the services provided.

(f) There shall be a permanency planning hearing within 12 months of the date the child entered foster care and periodically thereafter, but no less frequently than every 12 months during the period of placement. It shall be the duty of the probation officer to prepare a written social study report pursuant to Section 706.5 containing a statement of the responsibilities of the parents or legal guardians, the probation department, the caseworker of the probation department, the foster parents, and the child. The written social study shall also describe the goals for the child's placement and care with the department, including the services provided to achieve the goal that the child shall exhibit lawful and productive behavior, and the appropriate plan for permanence for the child. The report shall be submitted to the court at the permanency planning hearing.

(1) At all permanency planning hearings, the court shall determine the permanent plan for the child that includes a determination of whether the child will be returned to the physical custody of the parent or legal guardian. Upon findings that there is substantial probability that additional services will aid the safe return of the child to the physical custody of his or her parents or legal guardian within six months, the court may order further reunification services to be provided to the child and parent or legal guardian for a period not to exceed six months. For purposes of this section, in order to find a substantial probability, the court shall be required to find the child and his or her parents or guardians to have demonstrated the capacity and ability to complete the objectives of his or her case plan. If the child is not returned to a parent or legal guardian at the permanency hearing, the court shall determine whether or not the child should be referred for adoption proceedings, referred for legal guardianship pursuant to subdivision (c) of Section 728, or referred to an alternative planned permanent living arrangement, including whether, because of the child's special needs or circumstances, the child should be continued in foster care on a permanent basis. The court shall also determine the extent of progress in achieving the treatment goals of the plan. In the case of a child who has reached 16 years of age, the hearing shall, in addition, determine the services needed to assist the child to make the transition from foster care to independent living.

(2) An ''alternative planned permanent living arrangement'' means a permanent foster care placement with a specific identified foster family on a permanent basis, a facility described in Section 11402, or an

independent living arrangement, such as emancipation by marriage, court order, or reaching the age of majority.

(3) When a minor is placed in long-term foster care with a relative, the court may authorize the relative to provide the same legal consent for the minor's medical, surgical, and dental care, and education as the custodial parent of the minor.

(4) If the child has a continuing involvement with his or her parents or legal guardians, the parents or legal guardians shall be involved in the planning for a permanent placement. The court order placing the child in a permanent placement shall include a specification of the nature and frequency of visiting arrangements with the parents or legal guardians.

(5) Any change in the placement of a child in permanent foster care or the responsibilities of the foster parents for that child shall be made only by order of the court that ordered the placement pursuant to a petition filed pursuant to Section 778.

(g) Prior to any status or permanency hearing involving a child in the physical custody of a community care facility or foster family agency, the facility or agency shall file with the court a report containing its recommendations. Prior to any status or permanency hearing involving the physical custody of a foster parent, relative caregiver, preadoptive parent, or legal guardian, that person may present to the court a report containing his or her recommendations. The court shall consider all reports and recommendations, filed pursuant to this subdivision.

(h) If the minor is not returned to the custody of a parent or legal guardian at the permanency hearing, the court shall do one of the following:

(1) Continue the case for up to six months for a permanency reviewing hearing, provided that the hearing shall occur within 18 months of the date the minor was originally taken from the physical custody of his or her parent or legal guardian. The court shall continue the case only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or legal guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or guardian.

The court shall inform the parent or legal guardian that if the minor cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 727.31 may be instituted. The court shall not order that a hearing pursuant to Section 727.31 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or legal guardian.

(2) Order that the minor remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the

State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 727.31 is not in the best interest of the minor because the minor is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or by a licensed county adoption agency that adoption is not in the best interest of the minor shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the minor and shall not preclude a different recommendation at a later date if the minor's circumstances change.

(3) Order that the hearing be held within 120 days, pursuant to Section 727.31, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

(i) Notwithstanding subdivision (h), the court shall not order a hearing pursuant to Section 727.31 if the probation department has documented a compelling reason for determining that the termination of parental rights would not be in the minor's best interests. A compelling reason is either of the following:

(1) A determination made by the probation officer that any of the following applies:

(A) The parent or legal guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) The permanent plan is for the minor to return to his or her own home.

(C) A child 12 years of age or older objects to termination of parental rights.

(D) The minor is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the minor a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(2) A determination by the licensed county adoption agency or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency that the minor is unlikely to be adopted and the child is living with a relative who is unable or unwilling to adopt the child because exceptional circumstances that do not include an unwillingness to accept legal or financial responsibility for the minor but who is willing and capable of providing the minor with a stable and permanent home environment, and the removal of the minor from the physical custody of his or her relative

or foster parent would be detrimental to the minor's emotional well-being.

(j) Whenever the court orders that a hearing pursuant to Section 727.31 shall be held, it shall direct the agency supervising the minor and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include all of the following:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount and nature of any contact between the minor and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each minor shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of the paragraph shall include, but not be limited to, the minor's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation of seeking adoption or guardianship, and a statement from the minor concerning placement and the adoption or guardianship, unless the minor's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

(7) Whenever a court orders a hearing pursuant to Section 727.31, it shall order that the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or the licensed county adoption agency has exclusive responsibility for determining the adoptive placement and making all adoption-related decisions.

(k) Nothing in this section shall be construed to limit the ability of a parent to voluntarily relinquish his or her child to the State Department

of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or to a licensed county adoption agency at any time while the minor is a ward of the juvenile court if the department agency is willing to accept the relinquishment.

SEC. 167. Section 727.31 of the Welfare and Institutions Code is amended to read:

727.31. (a) This section applies to all minors placed in out-of-home care pursuant to Section 727.3 and for whom the juvenile court orders a hearing to consider permanently terminating parental rights to free the minor for adoption.

Except for subdivision (i) of Section 366.26, the procedures for permanently terminating parental rights for minors described by this section shall proceed exclusively pursuant to Section 366.26.

At the beginning of any proceeding pursuant to this section, if the minor is not being represented by previously retained or appointed counsel, the court shall appoint counsel to represent the minor, and the minor shall be present in court unless the minor or the minor's counsel so requests and the court so orders. If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and the parent. Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses as specified in subdivision (f) of paragraph (3) of Section 366.26.

(b) If the court, by order of judgment declares the minor free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the minor referred to the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or a licensed county adoption agency for adoptive placement by the agency. The order shall state that responsibility for custody of the minor shall be held jointly by the probation department and the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or the licensed county adoption agency. The order shall also state that the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency or the licensed county adoption agency has exclusive responsibility for determining the adoptive placement and for making all adoption-related decisions. However, no petition for adoption may be granted until the appellate rights of the natural parents have been exhausted.

(c) The notice procedures for terminating parental rights for minors described by this section shall proceed exclusively pursuant to Section 366.23.

SEC. 168. Section 827 of the Welfare and Institutions Code is amended to read:

827. (a) (1) Except as provided in Section 828, a case file may be inspected only by the following:

(A) Court personnel.

(B) The district attorney, a city attorney, or city prosecutor authorized to prosecute criminal or juvenile cases under state law.

(C) The minor who is the subject of the proceeding.

(D) His or her parents or guardian.

(E) The attorneys for the parties, and judges, referees, other hearing officers, probation officers and law enforcement officers who are actively participating in criminal or juvenile proceedings involving the minor.

(F) The superintendent or designee of the school district where the minor is enrolled or attending school.

(G) Members of the child protective agencies as defined in Section 11165.9 of the Penal Code.

(H) The State Department of Social Services to carry out its duties pursuant to Division 9 (commencing with Section 10000), and Part 5 (commencing with Section 7900) of Division 12 of the Family Code to oversee and monitor county child welfare agencies, children in foster care or receiving foster care assistance, and out-of-state placements.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and shall not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department

of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services shall not contain the name of the minor.

(J) Members of children's multidisciplinary teams, persons or agencies providing treatment or supervision of the minor.

(K) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

(2) Notwithstanding any other law and subject to subparagraph (A) of paragraph (3), juvenile case files, except those relating to matters within the jurisdiction of the court pursuant to Section 601 or 602, which pertain to a deceased child who was within the jurisdiction of the juvenile court pursuant to Section 300, shall be released to the public pursuant to an order by the juvenile court after a petition has been filed and interested parties have been afforded an opportunity to file an objection. Any information relating to another child or which could identify another child, except for information about the deceased, shall be redacted from the juvenile case file prior to release, unless a specific order is made by the juvenile court to the contrary. Except as provided in this paragraph, the presiding judge of the juvenile court may issue an order prohibiting or limiting access to the juvenile case file, or any portion thereof, of a deceased child only upon a showing that release of the juvenile case file or any portion thereof is detrimental to the safety, protection, or physical or emotional well-being of another child who is directly or indirectly connected to the juvenile case that is the subject of the petition.

(3) Access to juvenile case files pertaining to matters within the jurisdiction of the juvenile court pursuant to Section 300 shall be limited as follows:

(A) If a juvenile case file, or any portion thereof, is privileged or confidential pursuant to any other state law or federal law or regulation, the requirements of that state law or federal law or regulation prohibiting or limiting release of the juvenile case file or any portions thereof shall prevail. Unless a person is listed in subparagraphs (A) to (J), inclusive, of paragraph (1) and is entitled to access under the other state law or federal law or regulation without a court order, all those seeking access, pursuant to other authorization, to portions of, or information relating to the contents of, juvenile case files protected under another state law or federal law or regulation, shall petition the juvenile court. The juvenile court may only release the portion of, or information relating to the contents of, juvenile case files protected by another state law or federal law or regulation if disclosure is not detrimental to the safety, protection, or physical or emotional well-being of a child who is directly or

indirectly connected to the juvenile case that is the subject of the petition. This paragraph shall not be construed to limit the ability of the juvenile court to carry out its duties in conducting juvenile court proceedings.

(B) Prior to the release of the juvenile case file or any portion thereof, the court shall afford due process, including a notice of and an opportunity to file an objection to the release of the record or report to all interested parties.

(4) A juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, a juvenile case file, any portion thereof, and information relating to the content of the juvenile case file, shall not be made as an attachment to any other documents without the prior approval of the presiding judge of the juvenile court, unless it is used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, family courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, other forms of delinquency, and child abuse.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal shall disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this paragraph is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: ''Unlawful Dissemination Of This Information Is A Misdemeanor.'' Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(e) For purposes of this section, a ''juvenile case file'' means a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer.

The expansion shall be accomplished by establishing new sites, by increasing numbers of clients served in existing sites, or by expanding the number of sites to include additional geographic regions of the state.

SEC. 172. Section 14105.26 of the Welfare and Institutions Code is amended to read:

14105.26. (a) Each eligible facility, as described in paragraph 2 of subdivision (b), may, in addition to the rate of payment that the facility would otherwise receive for skilled nursing services, receive supplemental Medi-Cal reimbursement to the extent provided in this section.

(b) (1) Projects eligible for supplemental reimbursement shall include any new capital projects for which final plans have been submitted to the appropriate review agency after January 1, 2000, and before July 1, 2001. For purposes of this section, ''capital project'' means the construction, expansion, replacement, remodeling, or renovation of an eligible facility, including buildings and fixed

equipment. A ''capital project'' does not include the provision of furnishings or of equipment that is not fixed equipment.

(2) A facility shall be eligible only if the submitting entity had all of the following additional characteristics during the 1998 calendar year:

(A) Provided services to Medi-Cal beneficiaries.

(B) Was a distinct part of an acute care hospital providing skilled nursing care and supportive care to patients whose primary need is for the availability of skilled nursing care on an extended basis. For the purposes of this section, ''acute care hospital'' means the facilities defined in subdivisions (a) or (b), or both, of Section 1250 of the Health and Safety Code.

(C) Had not less than 300 licensed skilled nursing beds.

(D) Had an average skilled nursing Medi-Cal patient census of not less than 80 percent of the total skilled nursing patient days.

(E) Was owned by a county or city and county.

(c) (1) An eligible facility seeking to qualify for supplemental reimbursement shall submit documentation to the department regarding debt service on revenue bonds or other financing instruments used for financing the capital project.

(2) The department shall confirm in writing project eligibility under this section.

(d) (1) Capital projects receiving funding shall include only the upgrading or construction of buildings and equipment to a level required by currently accepted medical practice standards, including projects designed to correct Joint Commission on Accreditation of Hospitals and Health Systems, fire and life safety, seismic, or other related regulatory standards.

(2) Capital projects receiving funding may expand service capacity as needed to maintain current or reasonably foreseeable necessary bed capacity to meet the needs of Medi-Cal beneficiaries after giving consideration to bed capacity needed for other patients, including unsponsored patients.

(3) Supplemental reimbursement shall only be made for capital projects, or for that portion of capital projects that provide skilled nursing services, and that are available and accessible to patients eligible for services under this chapter.

(e) An eligible facility's supplemental reimbursement for a capital project qualifying pursuant to this section shall be calculated and paid as follows:

(1) For any fiscal year for which the facility is eligible to receive supplemental reimbursement, the facility shall report to the department the amount of debt service on the revenue bonds or other financing instruments issued to finance the capital project.

(2) For each fiscal year in which an eligible facility requests reimbursement, the department shall establish the ratio of skilled nursing Medi-Cal days of care provided by the eligible facility to total skilled nursing patient days of care provided by the eligible facility. The ratio shall be established using data obtained from audits performed by the department, and shall be applied to the corresponding fiscal year of debt service on the revenue bonds or other financing instruments issued to finance the capital project.

(3) The amount of debt service that will be submitted to the federal Health Care Financing Administration for the purpose of claiming reimbursement for each fiscal year shall equal the amount determined annually in paragraph (1) multiplied by the percentage figure determined in paragraph (2).

(4) The supplemental reimbursement to an eligible facility shall be equal to the amount of federal financial participation received as a result of the claims submitted pursuant to paragraph (2) of subdivision (j).

(5) In no instance shall the total amount of supplemental reimbursement received under this section combined with that received from all other sources dedicated exclusively to debt service exceed 100 percent of the debt service for the capital project over the life of the loan, revenue bond, or other financing mechanism.

(6) A facility qualifying for and receiving supplemental reimbursement pursuant to this section shall continue to receive reimbursement until the qualifying loan, revenue bond, or other financing mechanism is paid off, and as long as the facility meets the requirements of paragraph (3) of subdivision (d).

(7) The supplemental Medi-Cal reimbursement provided by this section shall be distributed under a payment methodology based on skilled nursing services provided to Medi-Cal patients at the eligible facility, either on a per diem basis, a per discharge basis, or any other federally permissible basis. The department shall seek approval from the federal Health Care Financing Administration for the payment methodology to be utilized, and shall not make any payment pursuant to this section prior to obtaining that approval.

(8) The supplemental reimbursement provided by this section shall not commence prior to the date upon which the hospital submits to the department a copy of the certificate of occupancy for the capital project.

(f) (1) It is the Legislature's intent in enacting this section to provide a funding source for a portion of the construction costs of eligible facilities without any expenditure from the state General Fund.

(2) The state share of the amount of the debt service submitted to the federal Health Care Financing Administration for purposes of supplemental reimbursement shall be paid with county-only funds and certified to the state as provided in subdivision (g). Any amount of the

costs of the capital project that are not reimbursed by federal funds shall be borne solely by the eligible facility.

(3) Prior to receiving any funding through this section, an eligible facility shall demonstrate its ability to cover all of the anticipated costs of construction, including those not reimbursed through federal funding.

(g) The county or city and county, on behalf of any eligible facility, shall do all of the following:

(1) Certify, in conformity with the requirements of Section 433.51 of Title 42 of the Code of Federal Regulations, that the claimed expenditures for the capital project are eligible for federal financial participation.

(2) Provide evidence supporting the certification as specified by the department.

(3) Submit data, as specified by the department, to determine the appropriate amounts to claim as expenditures qualifying for financial participation.

(4) Keep, maintain, and have readily retrievable, those records as specified by the department in order to fully disclose reimbursement amounts to which the eligible facility is entitled, and any other records required by the federal Health Care Financing Administration.

(h) The department may require that any county or city and county seeking supplemental reimbursement under this section enter into an interagency agreement with the department for the purpose of implementing this section.

(i) All payments received by an eligible facility pursuant to this section shall be placed in a special account, the funds of which shall be used exclusively for the payment of expenses related to the eligible capital project.

(j) (1) The department shall promptly seek any necessary federal approvals for the implementation of this section. If necessary to obtain federal approval, the department may, for federal purposes, limit the program to those costs that are allowable expenditures under Title XIX of the federal Social Security Act (Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code). If federal approval is not obtained for implementation of this section, this section shall become inoperative.

(2) The department shall submit claims for federal financial participation for the expenditures for debt service that are allowable expenditures under federal law.

(3) The department shall, on an annual basis, submit any necessary materials to the federal government to provide assurances that claims for federal financial participation will include only those expenditures that are allowable under federal law.

(k) Supplemental reimbursement paid under this section shall not duplicate any reimbursement received by an eligible facility pursuant to this chapter for construction costs that would otherwise be eligible for reimbursement under this section. In no event shall the total Medi-Cal reimbursement pursuant to this chapter to a facility eligible under this section be less than what would have been paid had this section not existed.

(*l*) In the event there is a final judicial determination by any court of appellate jurisdiction or a final determination by the administrator of the federal Health Care Financing Administration that the supplemental reimbursement provided in this section must be made to any facility not described therein, this section shall become immediately inoperative.

(m) Any and all funds expended pursuant to this section shall be subject to review and audit by the department.

SEC. 173. Section 25002 of the Welfare and Institutions Code is amended to read:

25002. To develop the options for achieving universal health care coverage described in Section 25001, the secretary shall establish a process by which these options are developed. The process shall at a minimum include the following:

(a) The examination and utilization of research results from the study performed by the University of California with regard to methods of financing, delivering and defining universal health coverage, done pursuant to the criteria in Senate Concurrent Resolution 100 of the 1997–98 Regular Session of the Legislature.

(b) The examination and utilization of other data and information, as requested by the secretary or provided to the secretary, with regard to methods of financing, delivering, or defining universal health coverage.

(c) Developing a process by which representatives of health care consumers, providers, insurers, health care workers, advocates, counties, and all other interested parties are engaged in discussion and debate of the issues faced by the state in providing universal health coverage. The secretary shall develop the methods by which this discussion occurs, provided that it is broadly inclusive of all groups with an interest in universal health coverage.

(d) Interagency participation including, but not limited to, the State Department of Health Services, the State Department of Mental Health, the Department of Finance, the Managed Risk Medical Insurance Board, the Department of Consumer Affairs, the Public Employees' Retirement System, the State Department of Social Services, the Department of Corporations, the Department of Insurance, and any other appropriate agencies which the secretary determines can contribute to the effort to provide universal health coverage.

(e) Obtaining information from the United States Health Care Financing Administration regarding whether federal waivers or other forms of federal participation are necessary.

SEC. 175. Section 7 of Chapter 84 of the Statutes of 1999, as amended by Section 7 of Chapter 86 of the Statutes of 1999, is amended to read:

Sec. 7. For purposes of allocating one-half of the moneys appropriated by Item 9210-118-0001 of the Budget Act of 1999, all of the following apply:

(2) The county board of supervisors adopts an ordinance or resolution that specifies each amount of ad valorem property tax revenue shifted from a local agency within the county to the county's Educational Revenue Augmentation Fund for the 1998–99 fiscal year, and the chairperson of the county board of supervisors reports those revenue shift amounts to the Controller and the Director of Finance in a manner that identifies the revenue shift amount for each local agency in the county.

(3) The county board of supervisors adopts an ordinance or resolution pursuant to which the county agrees to both of the following:

(A) The county will allocate its share of the appropriated moneys subject to this section in accordance with subdivision (c).

(B) The county will not, in connection with either paragraphs (1) or (2) of this subdivision or subdivision (c), make any claim for reimbursement of state-mandated local costs.

No later than December 1, 1999, the county board of supervisors shall transmit the ordinance or resolution adopted pursuant to this paragraph to the Director of Finance. The Controller shall promulgate guidelines for the making of reports as required by this subdivision.

(b) For each county that complies with all of the conditions set forth in subdivision (a), the Controller shall do both of the following:

(B) Divide the amount appropriated by Item 9210-118-0001 of the Budget Act of 1999 by two.

(C) Multiply the amount determined in accordance with subparagraph (A) by the amount determined in accordance with subparagraph (B).

For purposes of performing these calculations, the Controller shall review the information submitted by the county. If, consistent with information available from any other reliable source, the Controller determines that the information may be inaccurate, the Controller may request the Director of Finance to review the amount reported by the county in accordance with paragraph (1) of subdivision (a). The Director of Finance may direct the Controller to adjust the amount reported to the Controller by the county in accordance with paragraph (1) of subdivision (a). The Controller shall inform the county of any adjustment that is so made.

(2) No later than February 1, 2000, the Controller shall, from the appropriated revenues subject to this section, allocate to the county the amount determined for that county pursuant to paragraph (1).

(c) In each county that receives revenue in accordance with subdivision (b), the county auditor shall allocate that revenue to those local agencies among the county, and cities and special districts in the county, that contributed a positive amount to the county's Educational Revenue Augmentation Fund for the 1998–99 fiscal year. The allocation share for each recipient local agency shall be determined pursuant to the following calculations:

(1) Divide the amount of revenue shifted for the 1998–99 fiscal year from the local agency to the county's Educational Revenue Augmentation Fund by the total amount of revenue shifted for the

1998–99 fiscal year to the county's Educational Revenue Augmentation Fund by all local agencies in the county contributing a positive amount to that fund.

(2) Multiply the ratio determined pursuant to paragraph (1) by the amount of revenues allocated to the county pursuant to paragraph (2) of subdivision (b).

The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2000 calendar year and takes effect on or before January 1, 2001, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

[Approved by Governor July 19, 2000. Filed with Secretary of State July 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 62000.8 of the Education Code is amended to read:

62000.8. The special education program shall sunset on June 30, 2001.

SEC. 2. The amendment of Section 62000.8 of the Education Code made by Section 1 of this act reactivates the special education program on the date this act becomes effective.

SEC. 3. CHAPTER 138

An act to add Section 31720.7 to the Government Code, relating to county employees' disability retirement.

[Approved by Governor July 19, 2000. Filed with Secretary of State July 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 31720.7 is added to the Government Code, to read:

31720.7. (a) If a safety member, a firefighter, a county probation officer, or a member in active law enforcement who has completed five years or more of service under a pension system established pursuant to

Chapter 4 (commencing with Section 31900) or under a pension system established pursuant to Chapter 5 (commencing with Section 32200), or both, or under this retirement system, under the Public Employees' Retirement System, or under a retirement system established under this chapter in another county, develops a blood-borne infectious disease, the disease so developing or manifesting itself in those cases shall be presumed to arise out of, and in the course of, employment if the member demonstrates that he or she was exposed to blood or blood products as a result of performance of job duties. The disease so developing or manifesting itself in those cases shall in no case be attributed to any disease existing prior to that development or manifestation.

(b) Any safety member, firefighter, county probation officer, or member active in law enforcement described in subdivision (a) permanently incapacitated for the performance of duty as a result of a blood-borne infectious disease shall receive a service-connected disability retirement.

(c) The presumption described in subdivision (a) is rebuttable by other evidence. Unless so rebutted, the board is bound to find in accordance with the presumption. This presumption shall be extended to a member following termination of service for a period of three calendar months for each full year of the requisite service, but not to exceed 60 months in any circumstance, commencing with the last date actually worked in the specified capacity.

(d) ''Blood-borne infectious disease,'' for purposes of this section, means a disease caused by exposure to pathogenic microorganisms that are present in human blood that can cause disease in humans, including, but not limited to, those pathogenic microorganisms defined as ''blood-borne pathogens'' by the Department of Industrial Relations.

(e) ''Member in active law enforcement,'' for purposes of this section, means members employed by a sheriff's office, by a police or fire department of a city, county, city and county, district, or by another public or municipal corporation or political subdivision or who are described in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code or who are employed by any county forestry or firefighting department or unit, excepting any of those members whose principal duties are clerical or otherwise do not clearly fall within the scope of active law enforcement services or active firefighting services, such as stenographers, telephone operators, and other office workers, and includes a member engaged in active law enforcement who is not classified as a safety member.

CHAPTER 139

An act to add and repeal Part 1.86 (commencing with Section 444.20) of Division 1 of the Health and Safety Code, and to repeal Sections 1 and 2 of Chapter 47 of the Statutes of 1998, relating to health care coverage, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 19, 2000. Filed with Secretary of State July 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 47 of the Statutes of 1998 is repealed.

SEC. 2. Section 2 of Chapter 47 of the Statutes of 1998 is repealed.

SEC. 3. Part 1.86 (commencing with Section 444.20) is added to the Health and Safety Code, to read:

PART 1.86. HEALTH CARE CONSUMER ASSISTANCE PROGRAMS

444.20. The Legislature finds and declares all of the following:

(a) The health care delivery system continues to undergo rapid and dramatic change. Health care services are provided by a variety of managed care structures, including health maintenance organizations (HMOs), preferred provider organizations (PPOs), and an array of hybrid models that have elements of traditional fee-for-service and indemnity systems while applying managed care's utilization management, gatekeeper, and case management techniques. As a result of these changes, many consumers are confused about how managed care works or have problems navigating the health care system.

(b) The duties of the newly established Office of Patient Advocate within the Department of Managed Care include coordinating and working with other governmental and nongovernmental patient assistance programs and health care ombudsprograms.

(c) The Center for Health Care Rights, an independent nonprofit consumer organization, has established the Health Rights Hotline (HRH) in the Sacramento area to help all health care consumers. The program's goals are to provide an independent source of information and help for health care consumers, to collect needed information regarding health care consumers' problems, and to advocate for the improvement of the health care system for all consumers. The program is independent from, but works in close collaboration with, health plans, providers, purchasers, insurance agents and brokers, consumer groups, and regulators. The program also works with the local Health Insurance

Counseling and Advocacy Program, which serves Medicare beneficiaries in target communities.

(d) The program educates consumers about their health care rights and responsibilities. It also assists consumers with questions about their health plans and with specific problems through hotline and in-person services. In addition, the program collects and analyzes information, generated both by consumers' use of the program and from other sources, that can identify the strengths and weaknesses of particular plans, provider groups, and delivery systems. The program has the potential of informing health plans, providers, purchasers, consumers, regulators, and the Legislature about how independent support can be provided to consumers in managed care.

(e) Maintaining consumer confidence is a paramount concern in the operation of the program. While one vehicle to protect these communications would be to establish attorney-client relationships with consumers served, the program is generally not designed as a ''legal'' program and it would undercut its collaborative strategy and problemsolving orientation if assistance were required to be positioned in a legal context. Furthermore, it is critical that consumers using the program are free from any retribution.

(f) The Health Consumer Alliance (HCA), a partnership of independent, nonprofit legal services agencies, includes six local health consumer assistance programs in the Counties of Fresno, Los Angeles, Orange, San Diego, San Francisco, and San Mateo. These six Health Consumer Centers help low-income consumers receive necessary health care through education, training, and advocacy, and analysis of systemic health access issues.

(g) The Health Insurance Counseling and Advocacy Programs (HICAPS), a network of community-based programs throughout the State of California, assist California consumers statewide who are 60 years of age or older, or who are Medicare beneficiaries regardless of age. These programs provide objective education, information, counseling and assistance regarding Medicare, managed care, health and long-term care related life and disability insurance, and related health care coverage plans.

444.21. (a) All communications between a representative of the program described in subdivision (c) of Section 444.20 and a subscriber or enrollee, or agent of the subscriber or enrollee, or any other recipient of health care services or any individual assisting the recipient of health care services, seeking assistance regarding a grievance or complaint, if reasonably related to the requirements of the representative's responsibilities for the program, and done in good faith, shall be privileged subject to Division 8 (commencing with Section 900) of the Evidence Code. The subscriber, enrollee, or other recipient of health care

services shall be the holder of the privilege and may refuse to disclose, and may prevent others from disclosing, a communication described in this subdivision. Any communication described in this subdivision shall be a privileged communication, which shall serve as a defense to any civil action in libel or slander against any of the persons described in this subdivision.

(b) All records and files of a program described in subdivision (c) of Section 444.20 relating to any complaint or request for assistance regarding a subscriber or enrollee, or any other recipient of health care services, and their identity, shall remain confidential, and shall not be subject to discovery, unless disclosure is authorized by the subscriber or enrollee, or any other recipient of health care services, or his or her legal representative. No disclosures shall be made outside of the program without the consent of the subscriber or enrollee, or any other recipient of health care services, that is the subject of the record or file, unless disclosure is made without disclosing the identity of that individual.

(c) Any representative of the program described in subdivision (c) of Section 444.20 shall be exempt from being required to testify in court as to any communications described in subdivision (a) except as the court may deem necessary to fulfill the purposes of the program.

(d) Nothing in this section shall affect the right of a person or entity to discover if the communication was not done in good faith pursuant to an in camera inspection of the communication by a court.

444.22. (a) The Legislature recognizes that the Health Rights Hotline, serving the greater Sacramento area, and the local Health Consumer Alliance (HCA) programs serving the Counties of Fresno, Los Angeles, Orange, San Diego, San Francisco, and San Mateo, provide needed education and assistance to individual consumers and provide the public with critical information about the health care system and how consumers can best be assisted. While most of their financial support is from private sources, the programs serve an important public interest, as do the HICAPS which statewide serve California Medicare beneficiaries and Californians 60 years of age or older.

(b) No discriminatory, disciplinary, or retaliatory action shall be taken against any health facility, health care service plan, provider, or an employee thereof, or any subscriber, enrollee, or agent of the subscriber or enrollee, or any other recipient of health care services or individual assisting the recipient of health care services, if the communication is made to a program described in subdivision (a) regarding a grievance or complaint and is intended to assist the program in carrying out its duties and responsibilities, unless the action was done maliciously or without good faith. This subdivision is not intended to allow for the unapproved release of confidential or proprietary information by an employee or

contractor, or to otherwise infringe on the rights of an employer to supervise, discipline, or terminate an employee for other reasons.

444.23. (a) Nothing in this part shall be construed to limit the authority and ability of the California Department of Aging or its contractors, or the direct service providers of the Health Insurance Counseling and Advocacy Program (HICAP), from accessing, monitoring, or reviewing case files and records developed by, or for, any components of these programs that contractually act as a HICAP provider. For those programs, all case records and files of HICAP clients are, and shall remain, the property of HICAP, subject to case file and record retention and disposal requirements established by the Department of Aging. For the purposes of this section, ''HICAP clients'' are defined as those accepted, initiated, and undertaken on behalf of consumers and clients who are 60 years of age or older, Medicare beneficiaries regardless of age, or their legal representatives.

(b) Nothing in this part shall be construed to limit the ability of the subscriber or enrollee, or any other recipient of health care services, to waive the privileges and protections provided by this section for the purpose of providing information to a regulatory agency, including, but not limited to, the Department of Corporations, the Department of Managed Care, and the Department of Insurance.

(c) Nothing in this part shall be construed to supercede the procedures set forth in Sections 1368, 1368.01, 1368.02, and 1368.03, when the programs are providing assistance to a subscriber or enrollee in connection with a complaint against a health care service plan.

(d) For purposes of this part, a health care service plan, provider, subscriber, or enrollee shall have the same meaning as set forth in Section 1345, an agent of a subscriber or enrollee shall have the same meaning as set forth in subdivision (b) of Section 1368, and a health facility shall have the same meaning as set forth in Section 1250.

444.24. This part shall remain in effect only until December 31, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before December 31, 2003, deletes or extends that date. Notwithstanding this date of repeal, the privileges and protections provided under this part shall continue to apply to any actions taken or materials collected after December 31, 2003, if they relate to communications or actions made on or before December 31, 2003.

SEC. 4. All references in this act to the Department of Managed Care shall be deemed to refer to the Department of Managed Health Care if legislation is enacted to change the name of the department in that manner.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of

Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue to make confidentiality protections available for communications between patients and representatives of nonprofit programs to assist patients to resolve concerns about their health care plans, it is necessary that this act take effect immediately.

CHAPTER 141

An act to amend Section 1823 of the Insurance Code, relating to insurance.

[Approved by Governor July 19, 2000. Filed with Secretary of State July 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1823 of the Insurance Code is amended to read:

1823. All surety companies which execute undertakings of bail shall keep any moneys collected from agents licensed pursuant to this code as buildup or reserve funds in segregated trust accounts within the state. These accounts shall be maintained as any of the following:

(a) A Federal Deposit Insurance Corporation (FDIC) insured account.

(b) United States government bonds and treasury certificates or other obligations for which the faith of the United States is pledged for the payment of principal and interest.

(c) Repurchase agreements collateralized by securities issued by the United States government.

(d) A money market fund that limits its portfolio to those securities listed in subdivisions (a) and (b).

The accounts described in this section shall not be hypothecated or offered as collateral.

The accounts described in this section shall be used to satisfy the unfulfilled obligations of the undertakings of bail written by the agents from whom the moneys have been collected and to otherwise satisfy the unfulfilled obligations which may be owing to the surety by those agents.

CHAPTER 142

An act to amend Sections 3000 and 3000.1 of, to add and repeal Article 1.5 (commencing with Section 3005) of Chapter 8 of Title 1 of Part 3 of, the Penal Code, relating to sex offenders, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 19, 2000. Filed with Secretary of State July 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the ''Sex Offender Containment Act.''

SEC. 2. The Legislature finds and declares the following:

(a) About half of the 7,300 adult sex offenders now under state parole supervision are considered to pose a high risk of committing new sex crimes and other violent acts.

(b) Very few of these offenders have received any treatment while in prison to curb their pattern of criminal activities, and only a fraction of them receive intensive supervision, treatment, and control after they are released into the community.

(c) Two out of three fail on parole by committing new crimes or parole violations.

(d) In light of the above concerns, the implementation of a strategy of ''containment'' of high-risk adult sex offenders is necessary.

(e) This containment strategy would include longer and more intensive supervision of high-risk adult sex offenders released on parole, and the study and creation of an intensive treatment program for high-risk offender parolees by the Department of Corrections.

(f) Containment is an approach intended to prevent a sex offender who has been released on parole from committing new crimes.

(g) The containment approach emphasizes making the safety of the community and past sex crime victims a high priority, and calls for individualized case management of sex offenders that addresses the

specific supervision, treatment, and controls needed to reintegrate them safely in the community.

(h) In summary, the benefits of the containment of sex offenders would be improved public safety, including a reduction in new crimes and parole violations by sex offenders on parole; better use of state parole resources with more intense efforts for a longer period of time to supervise high-risk offenders; more and better information for parole agents to identify the sex offenders who pose the greatest risk to the public and impose appropriate conditions of parole to reduce the risk; better use of parole outpatient clinics; and significant long-term net savings to the state and local government potentially in the tens of millions of dollars annually, due primarily to lower costs for the prison and mental hospital systems, the criminal justice system, and for assistance to crime victims.

SEC. 3. Section 3000 of the Penal Code is amended to read:

3000. (a) (1) The Legislature finds and declares that the period immediately following incarceration is critical to successful reintegration of the offender into society and to positive citizenship. It is in the interest of public safety for the state to provide for the supervision of and surveillance of parolees, including the judicious use of revocation actions, and to provide educational, vocational, family and personal counseling necessary to assist parolees in the transition between imprisonment and discharge. A sentence pursuant to Section 1168 or 1170 shall include a period of parole, unless waived, as provided in this section.

(2) The Legislature finds and declares that it is not the intent of this section to diminish resources allocated to the Department of Corrections for parole functions for which the department is responsible. It is also not the intent of this section to diminish the resources allocated to the Board of Prison Terms to execute its duties with respect to parole functions for which the board is responsible.

(3) The Legislature finds and declares that diligent effort must be made to ensure that parolees are held accountable for their criminal behavior, including, but not limited to, the satisfaction of restitution fines and orders.

(4) Any finding made pursuant to Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, that a person is a sexually violent predator shall not toll, discharge, or otherwise affect that person's period of parole.

(b) Notwithstanding any provision to the contrary in Article 3 (commencing with Section 3040) of this chapter, the following shall apply:

(1) At the expiration of a term of imprisonment of one year and one day, or a term of imprisonment imposed pursuant to Section 1170 or at

the expiration of a term reduced pursuant to Section 2931, if applicable, the inmate shall be released on parole for a period not exceeding three years, except that any inmate sentenced for an offense specified in paragraph (3), (4), (5), (6), (16), or (18) of subdivision (c) of Section 667.5, shall be released on parole for a period not exceeding five years, unless in either case the parole authority for good cause waives parole and discharges the inmate from the custody of the department.

(2) In the case of any inmate sentenced under Section 1168, the period of parole shall not exceed five years in the case of an inmate imprisoned for any offense other than first or second degree murder for which the inmate has received a life sentence, and shall not exceed three years in the case of any other inmate, unless in either case the parole authority for good cause waives parole and discharges the inmate from custody of the department. This subdivision shall also be applicable to inmates who committed crimes prior to July 1, 1977, to the extent specified in Section 1170.2.

(3) Notwithstanding paragraphs (1) and (2), in the case of any offense for which the inmate has received a life sentence pursuant to Section 667.61, the period of parole shall be five years. Upon the request of the Department of Corrections, and on the grounds that the paroled inmate may pose a substantial danger to public safety, the Board of Prison Terms shall conduct a hearing to determine if the parolee shall be subject to a single additional five-year period of parole. The board shall conduct the hearing pursuant to the procedures and standards governing parole revocation. The request for parole extension shall be made no less than 180 days prior to the expiration of the initial five-year period of parole.

(4) The parole authority shall consider the request of any inmate regarding the length of his or her parole and the conditions thereof.

(5) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1) or (2), as the case may be, whichever is earlier, the inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1) and (2) shall be computed from the date of initial parole and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, in no case, except as provided in Section 3064, may a prisoner subject to three years on parole be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole, and, except as provided in Section 3064, in no case may a prisoner subject to five years on parole be retained under parole supervision or in

custody for a period longer than seven years from the date of his or her initial parole.

(6) The Department of Corrections shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length of parole and conditions thereof by the parole authority. The Department of Corrections or the Board of Prison Terms may impose as a condition of parole that a prisoner make payments on the prisoner's outstanding restitution fines or orders imposed pursuant to subdivision (a) or (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, or subdivision (b) or (f) of Section 1202.4.

(7) For purposes of this chapter, the Board of Prison Terms shall be considered the parole authority.

(8) The sole authority to issue warrants for the return to actual custody of any state prisoner released on parole rests with the Board of Prison Terms, except for any escaped state prisoner or any state prisoner released prior to his or her scheduled release date who should be returned to custody, and Section 3060 shall apply.

SEC. 4. Section 3000.1 of the Penal Code is amended to read:

3000.1. (a) In the case of any inmate sentenced under Section 1168 for any offense of first or second degree murder with a maximum term of life imprisonment, the period of parole, if parole is granted, shall be the remainder of the inmate's life.

(b) Notwithstanding any other provision of law, when any person referred to in subdivision (a) has been released on parole from the state prison, and has been on parole continuously for seven years in the case of any person imprisoned for first degree murder, and five years in the case of any person imprisoned for second degree murder, rape, or child molestation, since release from confinement, the board shall, within 30 days, discharge that person from parole, unless the board, for good cause, determines that the person will be retained on parole. The board shall make a written record of its determination and transmit a copy of it to the parolee.

(c) In the event of a retention on parole, the parolee shall be entitled to a review by the board each year thereafter.

(d) There shall be a hearing as provided in Sections 3041.5 and 3041.7 within 12 months of the date of any revocation of parole to consider the release of the inmate on parole, and notwithstanding the provisions of paragraph (2) of subdivision (b) of Section 3041.5, there shall be annual parole consideration hearings thereafter, unless the person is released or otherwise ineligible for parole release. The panel or board shall release the person within one year of the date of the revocation unless it

determines that the circumstances and gravity of the parole violation are such that consideration of the public safety requires a more lengthy period of incarceration or unless there is a new prison commitment following a conviction.

(e) The provisions of Section 3042 shall not apply to any hearing held pursuant to this section.

SEC. 5. Article 1.5 (commencing with Section 3005) is added to Chapter 8 of Title 1 of Part 3 of the Penal Code, to read:

Article 1.5. Intensive Parole Supervision of Sex Offenders

3005. (a) The Department of Corrections, to the maximum extent practicable and feasible, and subject to legislative appropriation of necessary funds, shall ensure, by July 1, 2001, that all parolees under active supervision and deemed to pose a high risk to the public of committing violent sex crimes shall be placed on an intensive and specialized parole supervision caseload.

(b) The Department of Corrections shall develop and, at the discretion of the director, and subject to an appropriation of the necessary funds, may implement a plan for the implementation of relapse prevention treatment programs, and the provision of other services deemed necessary by the department, in conjunction with intensive and specialized parole supervision, to reduce the recidivism of high-risk sex offenders.

(c) The Department of Corrections shall study the effects of this legislation on recidivism rates of parolees. The study shall be a two-year analysis completed by January 1, 2003, with an initial report to the Legislature on or before January 1, 2004, and a final report on or before January 1, 2006.

(d) This section shall remain in effect only until July 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2006, deletes or extends that date.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Thousands of adult sex offenders are being released each year to state parole supervision who are deemed to pose a high risk of committing new sex crimes and other violent acts. Very few of these offenders are receiving adequate parole supervision, few receive any treatment while in prison to curb their pattern of criminal activities, and only a fraction receive intensive supervision, treatment, and control after they are

released into the community. In order to address these significant public safety concerns, it is essential that this act take effect immediately.

CHAPTER 143

An act to add Chapter 3.5 (commencing with Section 12400) to Part 3 of Division 9 of the Welfare and Institutions Code, relating to human services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 19, 2000. Filed with Secretary of State July 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the same level of benefits that are made available under the State Supplementary Program (SSP) for the Aged, Blind, and Disabled to those veterans of World War II who were receiving SSP benefits on December 14, 1999, be provided as a California veterans benefit to those courageous soldiers who were members of the Government of the Commonwealth of the Philippines military forces who were in the service of the United States on July 31, 1941, or thereafter.

SEC. 2. The Legislature finds and declares the following:

(a) Included among those military forces described in Section 1 of this act were the organized guerrilla forces under commanders appointed, designated, or subsequently recognized by the Commander in Chief of the Southwest Pacific Area or other competent authority in the Army of the United States.

(b) It is in the public interest for the State of California to recognize those courageous soldiers who fought and defended American interests during World War II and who are currently receiving SSP benefits as of December 14, 1999, by permitting them to return to their homeland to spend their last days without a complete forfeiture of benefits.

SEC. 3. Chapter 3.5 (commencing with Section 12400) is added to Part 3 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 3.5. BENEFITS FOR CALIFORNIA VETERANS

12400. (a) Notwithstanding any other provision of law, any person receiving benefits under Section 12200 on December 14, 1999, and who meets the requirements of subdivision (b) shall be eligible to receive benefits under this chapter although he or she does not retain a residence in the state and returns to the Republic of the Philippines, if he or she

maintains a permanent residence in the Republic of the Philippines without any lapse of his or her presence in the Republic of the Philippines for a period of more than 30 consecutive days in any period of 12 months and without a lapse of his or her presence in the Republic of the Philippines for two periods of 30 consecutive days during a period of three years.

(b) A person subject to subdivision (a) shall be eligible to receive benefits pursuant to this chapter if he or she was receiving benefits pursuant to subdivision (a), (b), (c), or (d) of Section 12200 on December 14, 1999, and meets both the following requirements:

(1) He or she is a veteran of World War II.

(2) He or she was a member of the Government of the Commonwealth of the Philippines military forces who was in the service of the United States on July 31, 1941, or thereafter.

(c) Benefits under this chapter shall be calculated the same as those benefits paid under subdivision (a), (b), (c), or (d) of Section 12200, as appropriate.

(d) Benefits paid under this chapter shall be in lieu of benefits paid under Section 12200 or any other provision of Article 1 (commencing with Section 12000) of Chapter 3 for the period for which the benefits are paid.

(e) Benefits shall be paid under this chapter for any period during which the recipient is eligible to receive benefits under Title 8 of the federal Social Security Act as a result of the application of federal Public Law 106-169, subject to any limitations imposed by this section.

(f) This section shall apply only to any individual who returns to the Republic of the Philippines for the period during which the individual establishes and maintains a residence in the Republic of the Philippines and shall cease to apply to any individual who, after receiving benefits pursuant to this section, leaves the Republic of the Philippines and establishes a residence outside the Republic of the Philippines.

(g) To assist the state in administering this chapter, the Secretary of the California Health and Human Services Agency shall seek an agreement with the federal government to administer this chapter in conjunction with benefits under Title 8 of the federal Social Security Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to timely implement this act in a manner that would result in reduced implementation costs, it is necessary that this act take effect immediately.

CHAPTER 144

An act to amend Section 7715 of the Fish and Game Code, to add and repeal Part 3 (commencing with Section 1101) of Division 1 of the Food and Agricultural Code, to amend Sections 25404, 25404.1, 25404.3, 25404.4, 25404.5, and 25404.6 of, to add Sections 901 and 39619.6 to, to add Article 8.5 (commencing with Section 25395.20) to Chapter 6.8 of Division 20 of, and to add and repeal Section 25299.50.1 of, the Health and Safety Code, and to add Sections 13177.5 and 13177.6 to the Water Code, relating to resources and environmental protection, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 19, 2000. Filed with Secretary of State July 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 7715 of the Fish and Game Code is amended to read:

7715. (a) If the Director of Environmental Health Hazard Assessment, in consultation with the State Director of Health Services, determines, based on thorough and adequate scientific evidence, that any species or subspecies of fish is likely to pose a human health risk from high levels of toxic substances, the Director of Fish and Game may order the closure of any waters or otherwise restrict the taking under a commercial fishing license in state waters of that species. Any such closure or restriction order shall be adopted by emergency regulation in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) Any closure or restriction pursuant to subdivision (a) shall become inoperative when the Director of Environmental Health Hazard Assessment, in consultation with the State Director of Health Services, determines that a health risk no longer exists. Upon making such a determination, the Director of Environmental Health Hazard Assessment shall notify the Director of Fish and Game and shall request that those waters be reopened for commercial fishing.

SEC. 1.5. Part 3 (commencing with Section 1101) is added to Division 1 of the Food and Agricultural Code, to read:

PART 3. CENTRAL VALLEY AGRICULTURAL BIOMASS-TO-ENERGY INCENTIVE GRANT PROGRAM

1101. This part shall be known, and may be cited, as the Central Valley Agricultural Biomass-to-Energy Incentive Grant Program.

1102. The Legislature finds and declares all of the following:

(a) California agriculture produces substantial quantities of residual materials from farming practices, including orchard and vineyard pruning and removals. These residual materials are disposed of primarily by open field burning, resulting in air emissions that would be substantially reduced if the residual materials instead were converted into energy at a biomass-to-energy facility.

(b) California's longstanding energy policy encourages a diversity of electrical power generation sources, including biomass-to-energy and renewables. Existing biomass-to-energy powerplants provide an important alternative use for agricultural residue materials as well as electrical power for the people of California.

(c) California seeks to improve environmental quality and sustain our natural resources, in part through various strategies and programs that reduce agricultural, rangeland, and forest burning, and programs that foster higher value uses for materials that otherwise would be managed as wastes. Air districts currently administer air quality permit and emission requirement provisions, under state law, for various types of project facilities, including those using agricultural residue products as biomass fuel to produce electrical energy.

(d) Additional incentives are necessary to reduce open field burning of agricultural residual materials that degrade air quality, to produce electrical power from a renewable source, and to foster and sustain the biomass industry, including collection, hauling, and processing infrastructure, and, therefore, the Legislature establishes the Central Valley Agricultural Biomass-to-Energy Incentive Grant Program.

(e) The Legislature further finds and declares that providing the grants set forth under this program is in the public interest, serves a public purpose, and that providing incentives to facilities will promote the prosperity, health, safety, and welfare of the citizens of the State of California.

(f) It is also the intent of the Legislature to provide funding of thirty million dollars ($30,000,000) over the three-year duration of the grant program.

1103. For the purposes of this part, the following definitions apply:

(a) ''Agency'' means the Trade and Commerce Agency.

(b) ''Air district'' means an air pollution control district or an air quality management district established or continued in existence

pursuant to Part 3 (commencing with Section 40000) of the Health and Safety Code.

(c) ''Central Valley'' means the Sacramento Valley Basin and the San Joaquin Valley Basin, as designated by the State Air Resources Board pursuant to Section 39606 of the Health and Safety Code.

(d) ''Facility'' means any California site that as of July 1, 2000, converted, and continues to convert, qualified agricultural biomass from the Central Valley to energy and the conversion results in lower oxides of nitrogen (NO_x) emissions than would otherwise be produced if burned in the open field during the ozone season in the Central Valley, as determined by the air district.

(e) ''Grant'' means an award of funds by the agency to an air district that shall, in turn, grant incentive payments to a facility after deducting the air district's administrative fee as provided in Section 1104.

(f) ''Incentive payment'' means a payment by an air district to facilities for qualified agricultural biomass to be received and converted into energy after July 1, 2000. This payment shall be in the amount of ten dollars ($10) for each ton of qualified agricultural biomass received for conversion to energy.

(g) ''Qualified agricultural biomass'' means agricultural residues, excluding urban and forest wood products, that include either of the following:

(1) Field and seed crop residues, including, but not limited to, straws from rice and wheat.

(2) Fruit and nut crop residues, including, but not limited to, orchard and vineyard pruning and removals.

1104. (a) An air district may apply to the agency to receive one or more grants to provide an incentive payment to one or more facilities located within its jurisdiction. The air district shall complete a separate application for each participating facility that shall consist of all of the following information:

(1) The name, address, contact person, and any other information necessary for the agency to communicate with the air district.

(2) The name, address, contact person, and any other information necessary for the agency to identify the facility.

(3) A resolution adopted by the air district containing both of the following findings:

(A) That the facility listed in the application meets the program definition of facility.

(B) That the annual estimated amount requested by the facility is based upon ten dollars ($10) per ton for the quantity of qualified agricultural biomass that facility projects it will receive for conversion to energy during that fiscal year. The projection shall be based upon the capacity of the facility, the tonnage historically converted by the facility,

and the tonnage of qualified agricultural biomass available within 50 miles of the facility.

(4) A summary report of the amount of actual biomass emissions of the facility, based on annual source tests, and the amount of emission reductions estimated to be acquired under the application. The estimated emission reductions for NO_X shall be expressed as net pounds per ton.

(5) The capacity of the facility.

(6) The tonnage of biomass converted into energy by the facility for the five years prior to the date of the application.

(7) An estimate of the tonnage of qualified agricultural biomass existing within 50 miles of the facility.

(b) The agency shall schedule one or more application deadlines for awarding one-year grants to air districts. Procedures, forms, and guidelines established for the program, including the application process, are exempt from Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The agency may request additional information from an air district solely to clarify information contained in the application or to correct clerical errors contained in the application.

(c) An air district receiving a grant from the agency pursuant to this part may receive 5 percent of the grant award for administering the biomass-to-energy production incentive payment and for performing related recordkeeping activities.

(d) The agency shall review all applications received by the deadline to determine that they are complete and eligible. All complete and eligible applications shall be reviewed by the review panel established pursuant to Section 1105. The review panel shall determine whether the findings by the air districts required by paragraph (3) of subdivision (a) are reasonable. If the panel determines that the findings are not reasonable, it may either determine the application to be ineligible, if it determines that the facility is not eligible under that part, or reduce the amount of funding requested, if it determines that estimated tonnage is inaccurate. The determination of the review panel shall be nonappealable.

(e) The agency shall tally the aggregate amount requested from all complete and eligible applications received by the application deadline following review, and possible modification by the review panel. If the amount exceeds the funds available for that application deadline, the amount awarded for each application shall be a percentage of the total funds available. To determine the percentage, the numerator shall be the grant funds requested by the air district after any modifications by the review panel, and the denominator shall be the aggregate amount requested from all complete and eligible applications after any modifications by the review panel. The agency shall enter into a grant

agreement or grant agreements with each air district receiving a grant or grants.

(f) Facilities receiving incentive payments pursuant to this part are not eligible to receive emission reduction credits. Generators or suppliers of qualified agricultural biomass may not receive emission reduction credits for any qualified agricultural biomass for which a facility has received an incentive payment.

(g) On and after January 1, 2002, any energy produced by a facility that receives an incentive payment is not eligible for any other production subsidy, rebate, buydown, or any incentive funded through electricity surcharges.

1105. The agency shall establish a multiagency review panel. The panel shall consist of representatives from any or all of the following entities: the Department of Food and Agriculture, the Resources Agency, the California Environmental Protection Agency, the State Air Resources Board, the State Energy Resources Conservation and Development Commission, the California Integrated Waste Management Board, and any other state agency deemed appropriate by the agency.

1106. Following the award of a grant, the agency shall enter into a grant agreement with the air district. The agency may advance grant funds to the air district. No additional amount shall be provided to an air district until the air district documents that the facility is converting the requisite tons of qualified agricultural biomass to energy. The documentation shall consist of the existing reporting and recordkeeping system, as set forth in subdivisions (b) and (c) of Section 41605.5 of the Health and Safety Code.

1107. The multiagency review panel established pursuant to Section 1105 shall provide a report to the Legislature on the results and effectiveness of the Central Valley Agricultural Biomass-to-Energy Incentive Program by January 1, 2003.

1108. This part shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 2. Section 901 is added to the Health and Safety Code, to read:

901. (a) As used in this section:

(1) ''Center'' means the Children's Environmental Health Center established pursuant to Section 900.

(2) ''Office'' means the Office of Environmental Health Hazard Assessment.

(b) On or before June 30, 2001, the office shall review cancer risk assessment guidelines for use by the office and the other entities within the California Environmental Protection Agency to establish cancer

potency values or numerical health guidance values that adequately address carcinogenic exposures to the fetus, infants, and children.

(c) The evaluation and update required by subdivision (b) shall include a review of existing state and federal cancer risk guidelines, as well as new information on carcinogenesis, and shall consider the extent to which those guidelines address risks from exposures occurring early in life.

(d) The evaluation and update required by subdivision (b) shall also include, but not be limited to, all of the following:

(1) The development of criteria for identifying carcinogens likely to have a greater impact if exposures occur early in life.

(2) The assessment of methodologies used in existing guidelines to address early-in-life exposures.

(3) The construction of a data base of animal studies to evaluate increases in risks from short-term early-in-life exposures.

(e) On or before June 30, 2004, the office shall finalize and publish children's cancer guidelines that shall be protective of children's health. These guidelines shall be revised and updated as needed by the office.

(f) (1) On or before December 31, 2002, the office shall publish a guidance document, for use by the Department of Toxic Substances Control and other state and local environmental and public health agencies, to assess exposures and health risks at existing and proposed schoolsites. The guidance document shall include, but not be limited to, all of the following:

(A) Appropriate child-specific routes of exposure unique to the school environment, in addition to those in existing exposure assessment models.

(B) Appropriate available child-specific numerical health effects guidance values, and plans for the development of additional child-specific numerical health effects guidance values.

(C) The identification of uncertainties in the risk assessment guidance, and those actions that should be taken to address those uncertainties.

(2) The office shall consult with the Department of Toxic Substances Control and the State Department of Education in the preparation of the guidance document required by paragraph (1) in order to ensure that it provides the information necessary for these two agencies to meet the requirements of Sections 17210.1 and 17213.1 of the Education Code.

(g) On or before January 1, 2002, the office, in consultation with the appropriate entities within the California Environmental Protection Agency, shall identify those chemical contaminants commonly found at schoolsites and determined by the office to be of greatest concern based on criteria that identify child-specific exposures and child-specific physiological sensitivities. On or before December 31, 2002, and

annually thereafter, the office shall publish and make available to the public and to other state and local environmental and public health agencies and school districts, numerical health guidance values for five of those chemical contaminants identified pursuant to this subdivision until the contaminants identified have been exhausted.

(h) On and after January 1, 2002, and biannually thereafter, the center shall report to the Legislature and the Governor on the implementation of this section as part of the report required by subdivision (d) of Section 900. The report shall include, but not be limited to, information on revisions or modifications made by the office and other entities within the California Environmental Protection Agency to cancer potency values and other numerical health guidance values in order to be protective of children's health. The report shall also describe the use of the revised health guidance values in the programs and activities of the office and the other boards and departments within the California Environmental Protection Agency.

(i) Nothing in this section shall relieve any entity within the California Environmental Protection Agency of complying with Chapter 3.5 (commencing with Section 11340) of Part 2 of Division 3 Title 2 of the Government Code, to the extent that chapter is applicable to the entity on or before the effective date of this section, as added during the 2000 portion of the 1999–2000 Regular Session, or Section 57004 of the Health and Safety Code.

SEC. 3. Section 25299.50.1 is added to the Health and Safety Code, to read:

(a) For purposes of this section, ''fire safety agency'' means a city fire department, county fire department, city and county fire department, fire protection district, a joint powers authority formed for the purpose of providing fire protection services, or any other local agency that normally provides fire protection services.

(b) The Fire Safety Subaccount is hereby created in the Underground Storage Tank Cleanup Fund, for expenditure by the board to pay a claim described in paragraph (4) of subdivision (b) of Section 25299.52 that was filed before January 1, 2000, by a fire safety agency. Except as provided in subdivision (d), the board shall pay such a claim filed by a fire safety agency only from funds appropriated from the Fire Safety Subaccount.

(c) The sum of five million dollars ($5,000,000) of the moneys in the fund derived from the sources described in paragraphs (1) to (4), inclusive, of subdivision (b) of Section 25299.50 is hereby transferred from the fund to the Fire Safety Subaccount, and appropriated therefrom to the board, for expenditure pursuant to this section for a claim filed by a fire safety agency specified in subdivision (b).

(d) The unpaid amount of any claim filed by a fire safety agency specified in subdivision (b), for which a closure letter has not been issued pursuant to subdivision (h) of Section 25299.37 on or before January 1, 2006, shall not be payable from the Fire Safety Subaccount but shall revert to the priority ranking for claims specified in Section 25299.52.

(e) The payment of claims pursuant to this section shall not affect the board's payment of claims filed pursuant to paragraph (1), (2), or (3) of subdivision (b) of Section 25299.52.

(f) Any funds remaining in the Fire Safety Subaccount on January 1, 2006, shall be transferred to the fund.

(g) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 4. Article 8.5 (commencing with Section 25395.20) is added to Division 20 of the Health and Safety Code, to read:

Article 8.5. Cleanup Loans and Environmental Assistance to Neighborhoods

25395.20. The Cleanup Loans and Environmental Assistance to Neighborhoods Account is hereby established in the General Fund.

SEC. 5. Section 25404 of the Health and Safety Code is amended to read:

For the purposes of this chapter, a unified program facility permit encompasses the permitting requirements of Section 25284, and any permit or authorization requirements under any local ordinance or regulation relating to the generation or handling of hazardous waste or hazardous materials, but does not encompass the permitting requirements of a local ordinance that incorporates provisions of the Uniform Fire Code or the Uniform Building Code.

(b) The secretary shall adopt implementing regulations and implement a unified hazardous waste and hazardous materials management regulatory program, which shall be known as the unified program, after holding an appropriate number of public hearings throughout the state. The unified program shall be developed in close consultation with the director, the Director of the Office of Emergency Services, the State Fire Marshal, the executive officers and chairpersons of the State Water Resources Control Board and the California regional water quality control boards, the local health officers, local fire services, and other appropriate officers of interested local agencies, and affected businesses and interested members of the public, including environmental organizations.

(c) The unified program shall consolidate the administration of the following requirements, and shall, to the maximum extent feasible within statutory constraints, ensure the coordination and consistency of any regulations adopted pursuant to those requirements:

(1) (A) Except as provided in subparagraphs (B) and (C), the requirements of Chapter 6.5 (commencing with Section 25100), and the regulations adopted by the department pursuant thereto, applicable to hazardous waste generators, and persons operating pursuant to a permit-by-rule, conditional authorization, or conditional exemption, pursuant to Chapter 6.5 (commencing with Section 25100) or the regulations adopted by the department.

(B) The unified program shall not include the requirements of paragraph (3) of subdivision (c) of Section 25200.3, the requirements of Sections 25200.10 and 25200.14, and the authority to issue an order

(v) Corrective action required under subsection (u) of Section 6924 of Title 42 of the United States Code or subsection (h) of Section 6928 of Title 42 of the United States Code.

(vi) An environmental assessment pursuant to Section 25200.14 or a corrective action pursuant to Section 25200.10 or paragraph (3) of subdivision (c) of Section 25200.3, that is being overseen by the department.

(C) The unified program shall not include the requirements of Chapter 6.5 (commencing with Section 25100), and the regulations adopted by the department pursuant thereto, applicable to persons operating transportable treatment units, except that any required notice regarding transportable treatment units shall also be provided to the CUPAs.

(e) (1) The secretary shall establish standards applicable to CUPAs, participating agencies, state agencies, and businesses specifying the data to be collected and submitted by unified program agencies in administering the programs listed in subdivision (c) of Section 25404. Those standards shall incorporate any standard developed under Section 25503.3.

(2) The secretary shall establish an electronic geographic information management system capable of receiving all data collected by the unified program agencies pursuant to paragraph (1). The secretary shall make all nonconfidential data available on the Internet.

SEC. 6. Section 25404.1 of the Health and Safety Code is amended to read:

25404.1. (a) (1) All aspects of the unified program related to the adoption and interpretation of statewide standards and requirements shall be the responsibility of the state agency which is charged with that responsibility under existing law. For underground storage tanks, that agency shall be the State Water Resources Control Board. The California regional water quality control boards shall have responsibility for the issuance of variances pursuant to subdivision (b) of Section 25299.4. The Department of Toxic Substances Control shall have the sole responsibility for the issuances of variances from the requirements of Chapter 6.5 (commencing with Section 25100) and the regulations adopted pursuant thereto, for the determination of whether or not a waste is hazardous or nonhazardous, for the determination of whether or not a person is eligible to be deemed to be operating pursuant to a permit-by-rule, conditional authorization, or conditional exemption pursuant to Chapter 6.5 (commencing with Section 25100) or the regulations adopted by the department, and for the suspension and revocation of permits-by-rule, conditional authorizations, and conditional exemptions.

(2) Except as provided in paragraphs (1) and (3), those aspects of the unified program related to the application of statewide standards to particular facilities, including the issuance of unified program facility permits, the review of reports and plans, environmental assessment, compliance and correction, and the enforcement of those standards and requirements against particular facilities, shall be the responsibility of the unified program agencies.

(3) (A) Except in those jurisdictions for which the UPA has been determined by the department, in accordance with regulations adopted pursuant to subparagraph (C), to be qualified to implement the environmental assessment and removal and remediation corrective action aspects of the unified program, the department shall have sole responsibility and authority under the unified program for all of the following:

(i) Implementing and enforcing the requirements of paragraph (3) of subdivision (c) of Section 25200.3 and Sections 25200.10 and 25200.14, and the regulations adopted by the department to implement those sections. As a pilot program in up to 10 counties, pending the adoption and implementation of regulations pursuant to subparagraph (C), the department may delegate to the CUPA, through a delegation agreement, responsibility and authority for implementing and enforcing the requirements of Section 25200.14.

(ii) The issuance of orders under Section 25187 requiring removal or remedial action.

(iii) The issuance of orders under Section 25187.1.

(B) Notwithstanding subparagraph (A), a UPA may issue an order under Section 25187 specifying a schedule for compliance or correction and imposing an administrative penalty for any violation of the requirements of Chapter 6.5 (commencing with Section 25100) listed in paragraph (1) of subdivision (c) of Section 25404, or the requirements of any permit, rule, regulation, standard or requirement issued or adopted pursuant to the requirements of Chapter 6.5 (commencing with Section 25100) listed in paragraph (1) of subdivision (c) of Section 25404, if one of the following applies:

(i) The order does not require removal or remedial action.

(ii) The only removal or remedial actions required by the order are those actions determined to be necessary to address an imminent and substantial endangerment based upon a finding by the UPA pursuant to subdivision (f) of Section 25187.

(C) The department shall adopt emergency regulations specifying the criteria and procedures for implementing paragraph (3) of subdivision (c) of Section 25200.3 and Sections 25200.10 and 25200.14, including criteria and procedures for determining whether or not a unified program agency is qualified to implement the environmental assessment and removal and remediation corrective action portions of the unified program under paragraph (3) of subdivision (c) of Section 25200.3 and Sections 25187, 25187.1, 25200.10, and 25200.14. The criteria for determining whether a unified program agency is qualified shall, at a minimum, include consideration of the following factors:

(i) Adequacy of the technical expertise possessed by the unified program agency.

(ii) Adequacy of staff resources.

(iii) Adequacy of budget resources and funding mechanisms.

(iv) Training requirements.

(v) Past performance in implementing and enforcing requirements related to environmental assessments, and removal and remediation corrective actions.

(vi) Recordkeeping and accounting systems.

(D) The regulations adopted by the department pursuant to subparagraph (C) shall include provisions to ensure coordinated and consistent application of paragraph (3) of subdivision (c) of Section 25200.3 and Sections 25187, 25187.1, 25200.10, and 25200.14, when both the department and the unified program agency are, or will be, implementing and enforcing the requirements of one or more of these sections at the same facility.

(E) For purposes of subparagraph (D), ''facility'' means the entire site that is under the control of the owner or operator.

(F) If the department is designated as a unified program agency, the department is deemed qualified to implement all of the following:

(i) The environmental assessment, removal and remedial action, and corrective action aspects of the unified program.

(ii) Paragraph (3) of subdivision (c) of Section 25300.3, Sections 25200.10, 25200.14, 25187, and 25287.1, and the regulations adopted by the department to implement those provisions.

(b) (1) On or before January 1, 1996, each county shall apply to the secretary to be certified as a unified program agency to implement the unified program within the unincorporated area of the county and within each city in the county, in which area or city, as of January 1, 1996, the city or other local agency has not applied to be the certified unified program agency.

(2) (A) Any city or other local agency which, as of December 31, 1995, has been designated as an administering agency pursuant to Section 25502, or which has assumed responsibility for the implementation of Chapter 6.7 (commencing with Section 25280) pursuant to Section 25283, may apply to the secretary to become the certified unified program agency to implement the unified program within the jurisdictional boundaries of the city or local agency.

(B) A city or other local agency which, as of December 31, 1995, has not been designated as an administering agency pursuant to Section 25502, or which has not assumed responsibility for the implementation of Chapter 6.7 (commencing with Section 25280) pursuant to Section 25283, may apply to the secretary to become the certified unified program agency within the jurisdictional boundaries of the city or local agency if it enters into an agreement with the county to become the certified unified program agency within those boundaries. A county

shall not refuse to enter into an agreement unless it specifies in writing its reasons for failing to enter into the agreement. However, if the city does not enter into the agreement with the county, within 30 days of receiving a county's reasons for failing to enter into agreement, a city may request that the secretary allow it to apply to be a certified unified program agency and the secretary may, in his or her discretion, approve the request.

(3) A city, county, or other local agency may propose, in its application for certification to the secretary, to allow other public agencies to implement certain elements of the unified program, but the secretary shall accept that proposal only if the secretary makes the findings specified in subdivision (d) of Section 25404.3.

(4) If a city or other local agency which, as of December 31, 1995, has been designated as an administering agency pursuant to Section 25502, or has assumed responsibility for the implementation of Chapter 6.7 (commencing with Section 25280) pursuant to Section 25283, requests that the county propose in its application for certification to the secretary that the city or local agency implement, within the jurisdictional boundaries of the city or local agency, those elements of the unified program which, as of December 31, 1995, the city or local agency has authority to administer, the county shall grant that request. If such an agency is subsequently removed or withdraws from the unified program, the agency shall not act as an administering agency under Section 25502 or act as a local agency pursuant to Chapter 6.7 (commencing with Section 25280), except as provided in subdivision (c) of Section 25283.

SEC. 7. Section 25404.3 of the Health and Safety Code is amended to read:

25404.3. (a) The secretary shall, within a reasonable time after submission of a complete application for certification pursuant to Section 25404.2, and regulations adopted pursuant to that section, but not to exceed 180 days, review the application, and, after holding a public hearing, determine if the application should be approved. Before disapproving an application for certification, the secretary shall submit to the applicant agency a notification of the secretary's intent to disapprove the application, in which the secretary shall specify the reasons why the applicant agency does not have the capability or the resources to fully implement and enforce the unified program in a manner that is consistent with the regulations implementing the unified program adopted by the secretary pursuant to this chapter. The secretary shall provide the applicant agency with a reasonable time to respond to the reasons specified in the notification and to correct deficiencies in its application. The applicant agency may request a second public hearing, at which the secretary shall hear the applicant agency's response to the reasons specified in the notification.

(b) In determining whether an applicant agency should be certified, the secretary, after receiving comments from the director, the Director of the Office of Emergency Services, the State Fire Marshal, and the executive officers and chairpersons of the State Water Resources Control Board and the California regional water quality control boards, shall consider at least all of the following factors:

(1) Adequacy of the technical expertise possessed by each unified program agency which will be implementing each element of the unified program, including, but not limited to, whether the agency responsible for implementing and enforcing the requirements of Chapter 6.5 (commencing with Section 25100) satisfies the requirements of Section 66272.44 of Title 22 of the California Code of Regulations.

(2) Adequacy of staff resources.

(3) Adequacy of budget resources and funding mechanisms.

(4) Training requirements.

(5) Past performance in implementing and enforcing requirements related to the handling of hazardous materials and hazardous waste.

(6) Recordkeeping and cost accounting systems.

(7) Compliance with the criteria in Section 66272.10 of Title 22 of the California Code of Regulations, except for the requirement of paragraph (2) of subdivision (b) of that section related to countywide jurisdiction.

(c) (1) In making the determination of whether or not to certify a particular applicant agency as a certified unified program agency, the secretary shall consider the applications of every other applicant agency applying to be a certified unified program agency within the same county, in order to determine the impact of each certification decision on the county. If the secretary identifies that there may be adverse impacts on the county if any particular agency in a county is certified, the secretary shall work cooperatively with each affected agency to address the secretary's concerns.

(2) The secretary shall not certify an agency to be a certified unified program agency unless the secretary finds both of the following:

(A) The unified program will be implemented in a coordinated and consistent manner throughout the entire county in which the applicant agency is located.

(B) The administration of the unified program throughout the entire county in which the applicant agency is located will be less fragmented between jurisdictions, as compared to before January 1, 1994, with regard to the administration of the provisions specified in subdivision (c) of Section 25404.

(d) (1) The secretary shall not certify an applicant agency which proposes to allow participating agencies to implement certain elements of the unified program unless the secretary makes all of the following findings:

(A) The applicant agency has adequate authority, and has in place adequate systems, protocols, and agreements, to ensure that the actions of the other agencies proposed to implement certain elements of the unified program are fully coordinated and consistent with each other and with those of the applicant agency, and to ensure full compliance with the regulations implementing the unified program adopted by the secretary pursuant to this chapter.

(B) An agreement between the applicant and other agencies proposed to implement any elements of the unified program contains procedures for removing any agencies proposed and engaged to implement any element of the unified program. The procedures in the agreement shall include, at a minimum, provisions for providing notice, stating causes, taking public comment, making appeals, and resolving disputes.

(C) The other agencies proposed to implement certain elements of the unified program have the capability and resources to implement those elements, taking into account the factors designated in subdivision (b).

(D) If any of the other agencies proposed to implement certain elements of the unified program are not directly responsible to the same governing body as the applicant agency, the applicant agency maintains an agreement with any agency which ensures that the requirements of Section 25404.2 will be fully implemented.

(E) If the applicant agency proposes that any agency other than itself will be responsible for implementing aspects of the single fee system imposed pursuant to Section 25404.5, the applicant agency maintains an agreement with that agency which ensures that the fee system is implemented in a fully consistent and coordinated manner, and which ensures that each participating agency receives the amount which it determines to constitute its necessary and reasonable costs of implementing the element or elements of the unified program which it is responsible for implementing.

(2) After the secretary has certified an applicant agency pursuant to this subdivision, that agency shall obtain the approval of the secretary before removing and replacing a participating agency that is implementing an element of the unified program.

(3) Any state agency, including, but not limited to, the State Department of Health Services, acting as a participating agency, may contract with a unified program agency to implement or enforce the unified program.

(e) Until a city's or county's application for certification to implement the unified program is acted upon by the secretary, the roles, responsibilities, and authority for implementing the programs identified in subdivision (c) of Section 25404 which existed in that city or county pursuant to statutory authorization as of December 31, 1993, shall remain in effect.

(f) (1) Except as provided in subparagraph (C) of paragraph (2), if no local agency has been certified by January 1, 1997, to implement the unified program within a city, the secretary shall designate either the county in which the city is located or another agency pursuant to subparagraph (A) of paragraph (2) as the unified program agency.

(2) (A) Except as provided in subparagraph (C), if no local agency has been certified by January 1, 2001, to implement the unified program within the unincorporated or an incorporated area of a county, the secretary shall determine how the unified program shall be implemented in the unincorporated area of the county, and in any city in which there is no agency certified to implement the unified program. In such an instance, the secretary shall work in consultation with the county and cities to determine which state or local agency or combination of state and local agencies should implement the unified program, and shall determine which state or local agency shall be designated as the certified unified program agency.

(B) The secretary shall determine the method by which the unified program shall be implemented throughout the county and may select any combination of the following implementation methods:

(i) The certification of a state or local agency as a certified unified program agency.

(ii) The certification of an agency from another county as the certified unified program agency.

(iii) The certification of a joint powers agency as the certified unified program agency.

(C) Notwithstanding paragraph (1) and subparagraphs (A) and (B), if the cities of Sunnyvale, Anaheim, and Santa Ana prevail in litigation filed in 1997 against the secretary, and, to the extent the secretary determines that these three cities meet the requirements for certification, the secretary may certify these cities as certified unified program agencies.

(g) (1) If a certified unified program agency wishes to withdraw from its obligations to implement the unified program and is a city or a joint powers agency implementing the unified program within a city, the agency may withdraw after providing 180 days' notice to the secretary and to the county within which the city is located, or to the joint powers agency with which the county has an agreement to implement the unified program.

(2) Whenever a certified unified program agency withdraws from its obligations to implement the unified program, or the secretary withdraws an agency's certification pursuant to Section 25404.4, the successor certified unified program agency shall be determined in accordance with subdivision (f).

SEC. 8. Section 25404.4 of the Health and Safety Code is amended to read:

25404.4. (a) (1) The secretary shall periodically review the ability of each certified unified program agency to carry out this chapter. In conducting this review, the secretary shall review both the elements of each CUPA's enforcement program and the efficacy of the program in ensuring compliance with the unified program's requirements. If a certified unified program agency fails to meet its obligations to adequately implement the unified program, the secretary may withdraw the certified unified program agency's certification, or may enter into a program improvement agreement with the certified unified program agency to make the necessary improvements. A certified unified program agency with which the secretary has entered into a program improvement agreement may continue to implement the unified program while the program improvement agreement is in effect and the certified unified program agency is in compliance with the agreement. If the secretary finds that a CUPA has not met the enforcement performance standards adopted pursuant to Section 25404.6 and the secretary enters into a program improvement agreement with the CUPA, the agreement shall make the improvement of enforcement the highest priority.

(2) Before withdrawing a certified unified program agency's certification, the secretary shall submit to the certified unified program agency a notification of the secretary's intent to withdraw certification, in which the secretary shall specify the reasons why the certified unified program agency has failed to meet its obligations to adequately implement the unified program. The secretary shall provide the certified unified program agency with a reasonable time to respond to the reasons specified in the notification and to correct the deficiencies specified in the notification. The certified unified program agency may request a public hearing, at which the secretary shall hear the agency's response to the reasons specified in the notification.

(b) (1) If the secretary finds that a certified unified program agency has failed to adequately enforce the requirements of the unified program with respect to a particular facility, the secretary may direct the appropriate state agency to take any necessary actions and to issue necessary orders to the facility.

(2) If the secretary finds that the failure to adequately enforce the requirements of the unified program may result in an imminent and substantial endangerment to the environment or to the public health and safety, the secretary shall direct the appropriate state agency to take any necessary actions and to issue the necessary orders to the facility.

(3) This chapter does not prevent any appropriate state agency from issuing an order or taking any other action pursuant to state law.

SEC. 9. Section 25404.5 of the Health and Safety Code is amended to read:

25404.5. (a) (1) Each certified unified program agency shall institute a single fee system, which shall replace the fees levied pursuant to Sections 25201.14 and 25205.14, except for transportable treatment units permitted under Section 25200.2, and which shall also replace any fees levied by a local agency pursuant to Sections 25143.10, 25287, 25513, and 25535.2, or any other fee levied by a local agency specifically to fund the implementation of the provisions specified in subdivision (c) of Section 25404. Notwithstanding Sections 25143.10, 25201.14, 25205.14, 25287, 25513, and 25535.2, a person who complies with the certified unified program agency's ''single fee system'' fee shall not be required to pay any fee levied pursuant to those sections, except for transportable treatment units permitted under Section 25200.2.

(2) (A) The governing body of the local certified unified program agency shall establish the amount to be paid by each person regulated by the unified program under the single fee system at a level sufficient to pay the necessary and reasonable costs incurred by the certified unified program agency and by any participating agency pursuant to the requirements of subparagraph (E) of paragraph (1) of subdivision (d) of Section 25404.3.

(B) The secretary shall establish the amount to be paid when the unified program agency is a state agency.

(3) The fee system may also be designed to recover the necessary and reasonable costs incurred by the certified unified program agency, or a participating agency pursuant to the requirements of subparagraph (E) of paragraph (1) of subdivision (d) of Section 25404.3, in administering provisions other than those specified in subdivision (c) of Section 25404, if the implementation and enforcement of those provisions has been incorporated as part of the unified program by the certified unified program agency pursuant to subdivision (b) of Section 25404.2, and if the single fee system replaces any fees levied as of January 1, 1994, to fund the implementation of those additional provisions.

(4) The amount to be paid by a person regulated by the unified program may be adjusted to account for the differing costs of administering the unified program with respect to that person's regulated activities.

(b) (1) Except as provided in subdivision (d), the single fee system instituted by each certified unified program agency shall include an assessment on each person regulated by the unified program of a surcharge, the amount of which shall be determined by the secretary annually, to cover the necessary and reasonable costs of the state agencies in carrying out their responsibilities under this chapter. The

secretary may adjust the amount of the surcharge to be collected by different certified unified program agencies to reflect the different costs incurred by the state agencies in supervising the implementation of the unified program in different jurisdictions, and in supervising the implementation of the unified program in those jurisdictions for which the secretary has waived the assessment of the surcharge pursuant to subdivision (d). The certified unified program agency may itemize the amount of the surcharge on any bill, invoice, or return that the agency sends to a person regulated by the unified program. Each certified unified program agency shall transmit all surcharge revenues collected to the secretary on a quarterly basis. The surcharge shall be deposited in the Unified Program Account, which is hereby created in the General Fund and which may be expended, upon appropriation by the Legislature, by state agencies for the purposes of implementing this chapter.

(2) On or before January 10, 2001, the secretary shall report to the Legislature on whether the number of persons subject to regulation by the unified program in any county is insufficient to support the reasonable and necessary cost of operating the unified program using only the revenues from the fee. The secretary's report shall consider whether the surcharge required by subdivision (a) should include an assessment to be used to supplement the funding of unified program agencies that have a limited number of entities regulated under the unified program.

(c) Each certified unified program agency and the secretary shall, before the institution of the single fee system and the assessment of the surcharge, implement a fee accountability program designed to encourage more efficient and cost-effective operation of the program for which the single fee and surcharge are assessed. The fee accountability programs shall include those elements of the requirements of the plan adopted pursuant to Section 25206 that the secretary determines are appropriate.

(d) The secretary may waive the requirement for a county to assess a surcharge pursuant to subdivision (b), if both of the following conditions apply:

(1) The county meets all of the following conditions:

(A) The county submits an application to the secretary for certification on or before January 1, 1996, that incorporates all of the requirements of this chapter, and includes the county's request for a waiver of the surcharge, and contains documentation that demonstrates, to the satisfaction of the secretary, both of the following:

(i) That the assessment of the surcharge will impose a significant economic burden on most businesses within the county.

(ii) That the combined dollar amount of the surcharge and the single fee system to be assessed by the county pursuant to subdivision (a) exceeds the combined dollar amount of all existing fees that are replaced by the single fee system for most businesses within the county.

(B) The application for certification, including the information required by subparagraph (A), is determined by the secretary to be complete, on or before April 30, 1996. The secretary, for good cause, may grant an extension of that deadline of up to 90 days.

(C) The county is certified by the secretary on or before December 31, 1996.

(D) On or before January 1, 1994, the county completed the consolidation of the administration of the hazardous waste generator program, the hazardous materials release response plans and inventories program, and the underground storage tank program, referenced in paragraphs (1), (3), and (4) of subdivision (c) of Section 25404, into a single program within the county's jurisdiction.

(E) The county demonstrates that it will consolidate the administration of all programs specified in subdivision (c) of Section 25404, and that it will also consolidate the administration of at least one additional program that regulates hazardous waste, hazardous substances, or hazardous materials, as specified in subdivision (d) of Section 25404.2, other than the programs specified in subdivision (c) of Section 25404, into a single program to be administered by a single agency in the county's jurisdiction at the time that the county's certification by the secretary becomes effective.

(2) The secretary makes all of the following findings:

(A) The county meets all of the criteria specified in paragraph (1).

(B) The assessment of the surcharge would impose a significant economic burden on most businesses within the county.

(C) The combined dollar amount of the surcharge and the single fee system to be assessed by the county pursuant to subdivision (a) would exceed the combined dollar amount of all existing fees that are replaced by the single fee system for most businesses within the county.

(D) The waiver of the surcharge for those counties applying for and qualifying for a waiver, and the resulting increase in the surcharge for other counties, would not, when considered cumulatively, impose a significant economic burden on businesses in any other county that does not apply for, or does not meet the criteria for, a waiver of the surcharge.

(e) The secretary shall review all of the requests for a waiver of the surcharge made pursuant to subdivision (d) simultaneously, so as to adequately assess the cumulative impact of granting the requested waivers on businesses in those counties that have not applied, or do not qualify, for a waiver, and shall grant or deny all requests for a waiver of the surcharge within 30 days from the date that the secretary certifies all

counties applying, and qualifying, for a waiver. If the secretary finds that the grant of a waiver of the surcharge for all counties applying and qualifying for the waiver will impose a significant economic burden on businesses in one or more other counties, the secretary shall take either of the following actions:

(1) Deny all of the applications for a waiver of the surcharge.

(2) Approve only a portion of the waiver requests for counties meeting the criteria set forth in subdivision (d), to the extent that the approved waivers, when taken as a whole, meet the condition specified in subparagraph (D) of paragraph (2) of subdivision (d). In determining which of the counties' waiver requests to grant, the secretary shall consider all of the following factors:

(A) The relative degree to which the assessment of the surcharge will impose a significant economic burden on most businesses within each county applying and qualifying for a waiver.

(B) The relative degree to which the combined dollar amount of the surcharge and the single fee system to be assessed, pursuant to subdivision (a), by each county applying and qualifying for a waiver exceeds the combined dollar amount of all existing fees that are replaced by the single fee system for most businesses within the county.

(C) The relative extent to which each county applying and qualifying for a waiver has incorporated, or will incorporate, upon certification, additional programs pursuant to subdivision (d) of Section 25404.2, into the unified program within the county's jurisdiction.

(f) The secretary may, at any time, terminate a county's waiver of the surcharge granted pursuant to subdivisions (d) and (e) if the secretary determines that the criteria specified in subdivision (d) for the grant of a waiver are no longer met.

SEC. 10. Section 25404.6 of the Health and Safety Code is amended to read:

25404.6. (a) The secretary may immediately implement those aspects of the unified program which do not require statutory changes. If the secretary determines that statutory changes are needed to fully implement the program, the secretary shall recommend those changes to the Legislature on or before March 1, 1995, so that the changes, if approved by the Legislature, can be implemented as part of the program by January 1, 1996.

(b) The secretary shall work in close consultation with the Environmental Protection Agency, and shall implement this chapter only to the extent that doing so will not result in this state losing its authorization or delegation to implement the Resource Conservation and Recovery Act of 1976 (42 U.S.C. Sec. 6901 et seq.), the Federal Water Pollution Control Act, (33 U.S.C. Sec. 1251 et seq.), the Emergency

Planning and Community Right-to-Know Act of 1986 (42 U.S.C. Sec. 11001 et seq.), and any other applicable federal laws.

(c) The secretary shall adopt regulations necessary for the orderly administration and implementation of the unified program. The regulations shall include, but are not limited to, performance standards to guide the secretary in evaluating unified program agencies including evaluation of fee accountability and enforcement activities. The secretary shall adopt those regulations as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of the regulations is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare.

SEC. 11. Section 39619.6 is added to the Health and Safety Code, to read:

39619.6. By June 30, 2002, the state board and the State Department of Health Services, in consultation with the State Department of Education, the Department of General Services, and the Office of Environmental Health Hazard Assessment, shall conduct a comprehensive study and review of the environmental health conditions in portable classrooms, as defined in subdivision (k) of Section 17070.15 of the Education Code.

(b) The state board and the department shall jointly coordinate the study, oversee data analysis and quality assurance, coordinate stakeholder participation, and prepare recommendations. The state board shall develop and oversee the contract for field work, air monitoring and data analysis, and obtain equipment for the study. The department shall oversee the assessment of ventilation systems and practices and the evaluation of microbiological contaminants, and may provide laboratory analyses as needed.

(c) By August 31, 2000, the state board shall release a request for proposals for the field portion of the study. Field work shall begin not later than July, 2001. The final report shall be completed on or before June 30, 2002, and shall be provided to the appropriate policy committees of the Legislature. The study of portable classrooms shall include all of the following:

(1) Review of design and construction specifications, including those for ventilation systems.

(2) Review of school maintenance practices, including the actual operation or nonoperation of ventilation systems.

(3) Assessment of indoor air quality.

(4) Assessment of potential toxic contamination, including molds and other biological contaminants.

(d) The final report shall summarize the results of the study and review, and shall include recommendations to remedy and prevent unhealthful conditions found in portable classrooms, including the need for all of the following:

(1) Modified design and construction standards, including ventilation specifications.

(2) Emission limits for building materials and classroom furnishings.

(3) Other mitigation actions to ensure the protection of children's health.

SEC. 12. Section 13177.5 is added to the Water Code, to read:

13177.5. (a) The state board, in consultation with the Office of Environmental Health Hazard Assessment, shall develop a comprehensive coastal monitoring and assessment program for sport fish and shellfish, to be known as the Coastal Fish Contamination Program. The program shall identify and monitor chemical contamination in coastal fish and shellfish and assess the health risks of consumption of sport fish and shellfish caught by consumers.

(b) The state board shall consult with the Department of Fish and Game, the Office of Environmental Health Hazard Assessment, and regional water quality control boards with jurisdiction over territory along the coast, to determine chemicals, sampling locations, and the species to be collected under the program. The program developed by the state board shall include all of the following:

(1) Screening studies to identify coastal fishing areas where fish species have the potential for accumulating chemicals that pose significant health risks to human consumers of sport fish and shellfish.

(2) The assessment of at least 60 screening study monitoring sites and 120 samples in the first five years of the program and an assessment of additional screening study sites as time and resources permit.

(3) Comprehensive monitoring and assessment of fishing areas determined through screening studies to have a potential for significant human health risk and a reassessment of these areas every five years.

(c) Based on existing fish contamination data, the state board shall designate a minimum of 40 sites as fixed sampling locations for the ongoing monitoring effort.

(d) The state board shall contract with the Office of Environmental Health Hazard Assessment to prepare comprehensive health risk assessments for sport fish and shellfish monitored in the program. The assessments shall be based on the data collected by the program and information on fish consumption and food preparation. The Office of Environmental Health Hazard Assessment, within 18 months of the completion of a comprehensive study for each area by the state board, shall submit to the board a draft health risk assessment report for that

area. Those health risk assessments shall be updated following the reassessment of areas by the board.

(e) The Office of Environmental Health Hazard Assessment shall issue health advisories when the office determines that consuming certain fish or shellfish presents a significant health risk. The advisories shall contain information for the public, and particularly the population at risk, concerning health risks from the consumption of the fish or shellfish. The office shall notify the appropriate county health officers, the State Department of Health Services, and the Department of Fish and Game, prior to the issuance of a health advisory. The notification shall provide sufficient information for the purpose of posting signage. The office shall urge county health officers to conspicuously post health warnings in areas where contaminated fish or shellfish may be caught including piers, commercial passenger fishing vessels, and shore areas where fishing occurs. The Department of Fish and Game shall publish the office's health warnings in its Sport Fishing Regulations Booklet.

SEC. 12.5. Section 13177.6 is added to the Water Code, to read:

13177.6. To the extent funding is appropriated for this purpose, the state board, in consultation with the Department of Fish and Game and Office of Environmental Health Hazard Assessment, shall perform a monitoring study to reassess the geographic boundaries of the commercial fish closure off the Palos Verdes Shelf. The reassessment shall include collection and analysis of white croaker caught on the Palos Verdes Shelf, within three miles south of the Shelf, and within San Pedro Bay. Based on the results of the reassessment, the Department of Fish and Game, with guidance from the Office of the Environmental Health Hazard Assessment, shall redelineate, if necessary, the commercial fish closure area to protect the health of consumers of commercially caught white croaker. The sample collection and analysis shall be conducted within 18 months of the enactment of this section and the reassessment of the health risk shall be conducted within 18 months of the completion of the analysis of the samples.

SEC. 13. (a) Of the amount appropriated by Item 3960-011-0001 of Section 2.00 of the Budget Act of 2000 to establish an urban cleanup program to clean up and redevelop contaminated properties, known as brownfields, the sum of eighty-five million dollars ($85,000,000) is hereby transferred to the Cleanup Loans and Environmental Assistance to Neighborhoods Account.

(b) Five hundred thousand dollars ($500,000) is hereby appropriated from the Cleanup Loans and Environmental Assistance to Neighborhoods Account to the Department of Toxic Substances Control for program development related to the redevelopment of contaminated properties known as ''brownfields'' during the 2000–01 fiscal year.

SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

SEC. 15. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 145

An act to amend Section 30630.5 of the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 30630.5 of the Public Utilities Code is amended to read:

30630.5. The district may operate charter bus service, subject to all of the following limitations:

(a) No bus equipment that is designed solely for charter service shall be purchased. A bus equipped with a toilet or underfloor baggage compartment shall be deemed to be bus equipment that is designed solely for charter service.

(b) Except as provided in subdivisions (d) and (e), the board shall hold a public hearing prior to adopting a charter rate schedule or any amendment thereto. Notice of the hearing shall be mailed to each charter-party carrier operating within the district at least 30 days prior to the date of the hearing. The notice shall include the proposed charter rate schedule. At the close of the public hearing, the board may adopt charter rate schedules, which shall not be less than the average for the three largest private charter-party carriers operating similar service in the district.

(c) Charter service operations by the district shall originate and terminate within the area served by the district, unless a private charter-party carrier requests the district to provide service beyond that area.

(d) The district may establish a schedule of rates for charter bus services that are incidental to the holding of the Olympic Games in Los Angeles. The rates for charter-party bus services established under this subdivision shall be sufficient to pay all fully allocated costs related to those charter bus services and shall contribute financially to the reduction of deficits incurred by the district in the operation of scheduled route services. The rates shall be at least equal to the average of the lowest rates charged by the three largest private charter-party carriers operating similar service in Los Angeles County. The schedule of rates shall be effective from May 1, 1984, to September 30, 1984, inclusive.

(e) The district may provide charter service for a national political convention to be held in Los Angeles in August 2000, to the extent that private charter-party carriers are not capable of providing that service. As used in this subdivision, the phrase ''not capable of providing that service'' includes, but is not limited to, the inability to meet requirements including, but not limited to, requirements with regard to unique equipment, fuel type, number of doors, accommodations for standing passengers, handicap accessibility, or the nature of the service.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow the Southern California Rapid Transit District to provide charter bus service for the 2000 Democratic National Convention, to be held in Los Angeles in August 2000, it is necessary that this act take immediate effect.

CHAPTER 146

An act to amend Sections 54999.2 and 54999.4 of, and to add Section 54999.35 to, the Government Code, to amend Section 13076 of the Public Resources Code, to add Sections 10004.5, 12702.5, and 16402.5 to the Public Utilities Code, and to add Section 22651.5 to the Water Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 54999.2 of the Government Code is amended to read:

54999.2. Any public agency providing public utility service on or after July 21, 1986, may continue to charge, or may increase, an existing capital facilities fee, or may impose a new capital facilities fee after that date, and any public agency receiving a public utility's service shall pay those fees so imposed, except as provided in Sections 54999.3 and 54999.35.

SEC. 2. Section 54999.35 is added to the Government Code, to read:

54999.35. (a) This section shall apply only to a local publicly owned electric utility or other public agency providing public electric utility service to a public agency in its service territory, as specified in subdivision (b). ''Local publicly owned electric utility'' as used in this section means all of the following:

(1) A municipality or municipal corporation operating as a ''public utility'' furnishing electric commodity or electric service as provided in Section 10001 of the Public Utilities Code.

(2) Any special district furnishing electric commodity or electric service, including, but not limited to, any of the following:

(A) A resort improvement district formed pursuant to Division 11 (commencing with Section 13000) of the Public Resources Code.

(B) A municipal utility district formed pursuant to Division 6 (commencing with Section 11501) of the Public Utilities Code.

(C) A public utility district formed pursuant to the Public Utility District Act set forth in Division 7 (commencing with Section 15501) of the Public Utilities Code.

(D) An irrigation district formed pursuant to the Irrigation District Law set forth in Division 11 (commencing with Section 20500) of the Water Code.

(3) A joint powers authority that includes one or more of these agencies that furnishes electric commodity or electric service over its own or its member's electric distribution system.

(b) The imposition of a capital facilities fee for electric utility service on any school district, county office of education, community college district, the California State University, the University of California, or state agency by a public agency providing public utility service shall be subject to all of the following:

(1) Where necessary to defray the actual construction costs of that portion of a public utility facility actually serving a public agency, any public agency providing public utility service on or after July 21, 1986, may continue to charge any capital facilities fee that was imposed prior to that date on the public agency using the public utility service and that

was not protested or challenged pursuant to law prior to January 1, 1987, or increase that capital facility fee in an amount not to exceed the percentage increase in the Implicit Price Deflator for State and Local Government Purchases, as determined by the Department of Finance, and any public agency shall pay any capital facilities fees authorized by this subdivision.

(2) Any public agency proposing to initially impose a capital facilities fee or to increase an existing capital facilities fee in excess of the amount set forth in paragraph (1), may do so after agreement has been reached between the two agencies through negotiations entered into by both parties.

(3) Upon request of the affected public agency or upon increase pursuant to paragraph (1), the public agency imposing or increasing the fee shall identify the amount of the capital facilities fee. The public agency imposing or increasing the capital facilities fee has the burden of producing evidence to establish all of the following:

(A) The capital facilities fee is nondiscriminatory.

(B) The amount of the capital facilities fee does not exceed the amount necessary to provide capital facilities for which the fee is charged.

(C) The capital facilities fee complies with the requirements set forth in paragraph (1).

(4) A public agency proposing to enact or increase capital facilities fees under this section shall notify by certified mail any school district, county office of education, community college district, California State University, University of California, or state agency located within its service area that is an electric utility customer of the public agency, not less than 30 days prior to the date of any hearing set to consider an ordinance resolution, or motion enacting or increasing a capital facilities fee. The notice shall state the date, time, and place of any hearing. The notice shall also state that the public agency proposes to impose a new capital facilities fee or to increase an existing capital facilities fee in an amount that either complies with the requirements of paragraph (1) or in an amount that exceeds capital facilities fees permissible under paragraph (1).

(5) The notice described in paragraph (4) shall designate an individual at the public agency who shall make available, upon request, for inspection by any school district, county office of education, community college district, California State University, University of California, or state agency located within its service area, the information relied upon in setting the fee or increase, including the methodology used to calculate and allocate the capital expenditures giving rise to the fee or increase, and an identification of the capital facilities that contribute to the fee or increase, as well as any other

information relevant to determining whether or not the fee or increase complies with the provisions of this section. The affected school district, county office of education, community college district, California State University, University of California, or state agency shall designate the individual who is to receive the notice, and the public agency providing public utility service shall direct the notice to that individual. If no specific individual is designated, then the notice shall be addressed to the billing address of the affected facility. In the case of an affected state agency, after an initial notice has been delivered by certified mail to the billing address of the affected state agency facility, subsequent notice may be directed to the billing address of the state agency by first-class mail, unless the affected state agency specifically requests that the notice be directed to a designated individual by certified mail. A subsequent notice to other affected public agency facilities shall be by certified mail directed to the billing address of the affected facility.

(6) Any judicial action or proceeding to protest or challenge a rate or charge that contains a capital facilities fee or to seek a refund of any capital facilities fee imposed on or after July 1, 2000, shall be commenced within 120 days of the effective date of the ordinance, resolution, or motion enacting or increasing the rate, charge, or capital facilities fee, provided that the notice and disclosure requirements of paragraphs (4) and (5) have been followed. If the notice and disclosure requirements of paragraphs (4) and (5) have not been complied with, the 120-day limitation period is not applicable to the judicial action or proceeding to protest or challenge a rate or charge or to seek the refund of any capital facilities fee imposed on or after July 1, 2000.

(7) No limitation period in Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure may bar any judicial action, proceeding or appeal protesting or seeking a refund of a rate, charge, capital facilities fee or capital facilities fee component of a rate or charge imposed on or after April 1, 2000, if the notice and disclosure requirements of paragraphs (4) and (5) have not been followed.

SEC. 3. Section 54999.4 of the Government Code is amended to read:

54999.4. Any capital facilities fees paid prior to March 24, 1988, and not protested or challenged pursuant to law on or before January 1, 1987, shall not be subject to refund, except for capital facilities fees paid after July 21, 1986, by a public agency subject to Section 54999.3 that are in excess of the maximum amount authorized by Sections 54999.3 and 54999.35. Agreements entered into prior to or after March 24, 1988, for the payment of capital facilities fees or capacity charges shall be effective.

SEC. 4. Section 13076 of the Public Resources Code is amended to read:

13076. (a) Notwithstanding any other provision of this chapter, and in addition to any other powers conferred thereby, Resort Improvement District Number 1, in the County of Humboldt, may produce, purchase, and sell electrical power within the boundaries of the district.

(b) Except as provided in subdivision (c), any judicial action or proceeding against the district to attack, review, set aside, void, or annul an ordinance, resolution, or motion fixing or changing a rate or charge for an electric commodity or an electric service furnished by the district and adopted on or after July 1, 2000, shall be commenced within 120 days of the effective date of that ordinance, resolution, or motion.

(c) The statute of limitations set forth in subdivision (b) does not apply to any judicial action or proceeding filed pursuant to Chapter 13.7 (commencing with Section 54999) of Part 1 of Division 2 of Title 5 of the Government Code to protest or challenge a rate or charge or to seek the refund of a capital facilities fee if the notice and disclosure requirements of Section 54999.35 of the Government Code have not been followed.

CHAPTER 147

An act to amend Sections 48919 and 48923 of the Education Code, relating to pupil expulsion.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 48919 of the Education Code is amended to read:

48919. If a pupil is expelled from school, the pupil or the pupil's parent or guardian may, within 30 days following the decision of the governing board to expel, file an appeal to the county board of education which shall hold a hearing thereon and render its decision.

The county board of education, or in a class 1 or class 2 county a hearing officer or impartial administrative panel, shall hold the hearing within 20 schooldays following the filing of a formal request under this section. If the county board of education hears the appeal without a hearing conducted pursuant to Section 48919.5, then the board shall render a decision within three schooldays of the hearing conducted pursuant to Section 48920, unless the pupil requests a postponement.

The period within which an appeal is to be filed shall be determined from the date a governing board votes to expel even if enforcement of the expulsion action is suspended and the pupil is placed on probation pursuant to Section 48917. A pupil who fails to appeal the original action of the board within the prescribed time may not subsequently appeal a decision of the board to revoke probation and impose the original order of expulsion.

The county board of education shall adopt rules and regulations establishing procedures for expulsion appeals conducted under this section. If the county board of education in a class 1 or class 2 county elects to use the procedures in Section 48919.5, then the board shall adopt rules and regulations establishing procedures for expulsion appeals conducted under Section 48919.5. The adopted rules and regulations shall include, but need not be limited to, the requirements for filing a notice of appeal, the setting of a hearing date, the furnishing of notice to the pupil and the governing board regarding the appeal, the furnishing of a copy of the expulsion hearing record to the county board of education, procedures for the conduct of the hearing, and the preservation of the record of the appeal.

The pupil shall submit a written request for a copy of the written transcripts and supporting documents from the school district simultaneously with the filing of the notice of appeal with the county

board of education. The school district shall provide the pupil with the transcriptions, supporting documents, and records within 10 schooldays following the pupil's written request. Upon receipt of the records, the pupil shall immediately file suitable copies of these records with the county board of education.

SEC. 2. Section 48923 of the Education Code is amended to read:

48923. The decision of the county board shall be limited as follows:

(a) If the county board finds that relevant and material evidence exists which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the governing board, it may do either of the following:

(1) Remand the matter to the governing board for reconsideration and may in addition order the pupil reinstated pending the reconsideration.

(2) Grant a hearing de novo upon reasonable notice thereof to the pupil and to the governing board. The hearing shall be conducted in conformance with the rules and regulations adopted by the county board under Section 48919.

(b) If the county board determines that the decision of the governing board is not supported by the findings required to be made by Section 48915, but evidence supporting the required findings exists in the record of the proceedings, the county board shall remand the matter to the governing board for adoption of the required findings. This remand for the adoption and inclusion of the required findings shall not result in an additional hearing pursuant to Section 48918, except that final action to expel the pupil based on the revised findings of fact shall meet all requirements of subdivisions (j) and (k) of Section 48918.

(c) In all other cases, the county board shall enter an order either affirming or reversing the decision of the governing board. In any case in which the county board enters a decision reversing the local board, the county board may direct the local board to expunge the record of the pupil and the records of the district of any references to the expulsion action and the expulsion shall be deemed not to have occurred.

CHAPTER 148

An act to amend Section 1276.4 of the Health and Safety Code, relating to health facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1276.4 of the Health and Safety Code is amended to read:

1276.4. (a) By January 1, 2002, the State Department of Health Services shall adopt regulations that establish minimum, specific, and numerical licensed nurse-to-patient ratios by licensed nurse classification and by hospital unit for all health facilities licensed pursuant to subdivision (a), (b), or (f) of Section 1250. The department shall adopt these regulations in accordance with the department's licensing and certification regulations as stated in Sections 70053.2, 70215, and 70217 of Title 22 of the California Code of Regulations, and the professional and vocational regulations in Section 1443.5 of Title 16 of the California Code of Regulations. The department shall review these regulations five years after adoption and shall report to the Legislature regarding any proposed changes. Flexibility shall be considered by the department for rural general acute care hospitals in response to their special needs. As used in this subdivision, ''hospital unit'' means a critical care unit, burn unit, labor and delivery room, postanesthesia service area, emergency department, operating room, pediatric unit, step-down/intermediate care unit, specialty care unit, telemetry unit, general medical care unit, subacute care unit, and transitional inpatient care unit. The regulation addressing the emergency department shall distinguish between regularly scheduled core staff licensed nurses and additional licensed nurses required to care for critical care patients in the emergency department.

(b) These ratios shall constitute the minimum number of registered and licensed nurses that shall be allocated. Additional staff shall be assigned in accordance with a documented patient classification system for determining nursing care requirements, including the severity of the illness, the need for specialized equipment and technology, the complexity of clinical judgment needed to design, implement, and evaluate the patient care plan and the ability for self-care, and the licensure of the personnel required for care.

(c) ''Critical care unit'' as used in this section means a unit that is established to safeguard and protect patients whose severity of medical conditions requires continuous monitoring, and complex intervention by licensed nurses.

(d) All health facilities licensed under subdivision (a), (b), or (f) of Section 1250 shall adopt written policies and procedures for training and orientation of nursing staff.

(e) No registered nurse shall be assigned to a nursing unit or clinical area unless that nurse has first received orientation in that clinical area

sufficient to provide competent care to patients in that area, and has demonstrated current competence in providing care in that area.

(f) The written policies and procedures for orientation of nursing staff shall require that all temporary personnel shall receive orientation and be subject to competency validation consistent with Sections 70016.1 and 70214 of Title 22 of the California Code of Regulations.

(g) Requests for waivers to this section that do not jeopardize the health, safety, and well-being of patients affected and that are needed for increased operational efficiency may be granted by the state department to rural general acute care hospitals meeting the criteria set forth in Section 70059.1 of Title 22 of the California Code of Regulations.

(h) In case of conflict between this section and any provision or regulation defining the scope of nursing practice, the scope of practice provisions shall control.

(i) The regulations adopted by the department shall augment and not replace existing nurse-to-patient ratios that exist in regulation or law for the intensive care units, the neonatal intensive care units, or the operating room.

(j) The regulations adopted by the department shall not replace existing licensed staff-to-patient ratios for hospitals operated by the State Department of Mental Health.

(k) The regulations adopted by the department for health facilities licensed under subdivision (b) of Section 1250 that are not operated by the State Department of Mental Health shall take into account the special needs of the patients served in the psychiatric units.

(*l*) The department may take into consideration the unique nature of the University of California teaching hospitals as educational institutions when establishing licensed nurse-to-patient ratios. The department shall coordinate with the Board of Registered Nursing to ensure that staffing ratios are consistent with the Board of Registered Nursing approved nursing education requirements. This includes nursing clinical experience incidental to a work-study program rendered in a University of California clinical facility approved by the Board of Registered Nursing provided there will be sufficient direct care registered nurse preceptors available to ensure safe patient care.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow the State Department of Health Services sufficient time to develop regulations that establish licensed nurse-to-patient ratios

for licensed health facilities as prescribed by existing law, it is necessary that this act take effect immediately.

(F) Two percent shall be deposited in an Unallocated Account for expenditure by the state commission for any of the purposes of this act described in Section 130100 provided that none of these moneys shall be expended for the administrative functions of the state commission.

(G) In the event that, for whatever reason, the expenditure of any moneys allocated and appropriated for the purposes specified in subparagraphs (A) to (F), inclusive, is enjoined by a final judgment of a court of competent jurisdiction, then those moneys shall be available for expenditure by the state commission for mass media communication emphasizing the need to eliminate smoking and other tobacco use by pregnant women, the need to eliminate smoking and other tobacco use by persons under 18 years of age, and the need to eliminate exposure to secondhand smoke.

(L) A digitized image of the photograph and at least a single-digit fingerprint of the parolee.

(M) A geographic coordinate for the parolee's residence location for use with a Geographical Information System (GIS) or comparable computer program.

(2) The information required by this subdivision shall come from the statewide parolee data base. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be continually available to local law enforcement agencies upon request.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(f) Notwithstanding any other provision of law, an inmate who is released on parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.53, 12022.7, or 12022.9, if the victim or witness has requested additional distance in the placement of the

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012.6 of the Government Code.

CHAPTER 162

An act to amend Sections 25502.1 and 25503.30 of the Business and Professions Code, relating to alcoholic beverages.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 25502.1 of the Business and Professions Code is amended to read:

25502.1. Notwithstanding Section 25502, the listing of the names, addresses, telephone numbers and/or e-mail addresses, or web site addresses, of two or more unaffiliated off-sale retailers selling the products produced, distributed and/or imported by a nonretail industry member in response to a direct inquiry from a consumer received by telephone, by mail, by electronic Internet inquiry or in person does not constitute a thing of value or prohibited inducement to the listed off-sale retailer, provided:

(a) The listing does not also contain the retail price of the product, and

(b) The listing is the only reference to the off-sale retailers in the direct communication, and

(c) The listing does not refer only to one off-sale retailer or only to off-sale retail establishments controlled directly or indirectly by the same off-sale retailer, and

(d) The listing is made by, and/or produced by, and/or paid for, exclusively by the nonretail industry member making the response.

For the purposes of this section, ''nonretail industry member'' is defined as a manufacturer, winegrower, distiller of alcoholic beverages, regardless of any other licenses held directly or indirectly by such person. Except as specifically provided above, any payment for, making or production, either directly or indirectly, listing the names, addresses, telephone numbers and/or e-mail addresses, or web site addresses, of off-sale retailers otherwise authorized by this section by a wholesaler or by a wholesaler that also holds an importer's license shall constitute the furnishing of a thing of value or inducement to the listed off-sale retailers in violation of this division.

SEC. 2. Section 25503.30 of the Business and Professions Code is amended to read:

25503.30. (a) Notwithstanding any other provision of this division, a winegrower or one or more of its direct or indirect subsidiaries of which the winegrower owns not less than a 51-percent interest, who manufactures, produces, bottles, processes, imports, or sells wine and distilled spirits made from grape wine or other grape products only, under a winegrower's license or any other license issued pursuant to this division, or any officer or director of, or any person holding any interest in, those persons may serve as an officer or director of, and may hold the ownership of any interest or any financial or representative relationship in, any on-sale license, or the business conducted under that license, provided that, except in the case of a holder of on-sale general licenses for airplanes and duplicate on-sale general licenses for air common carriers, all of the following conditions are met:

(1) The on-sale licensee purchases all alcoholic beverages sold and served only from California wholesale licensees.

(2) The number of wine items by brand offered for sale by the on-sale licensee that are produced, bottled, processed, imported, or sold by the licensed winegrower or by the subsidiary of which the winegrower owns not less than 51 percent, or by any officer or director of, or by any person holding any interest in, those persons does not exceed 15 percent of the total wine items by brand listed and offered for sale by the on-sale licensee selling and serving that wine. Notwithstanding paragraph (1), wine sold pursuant to this provision may be purchased from a California winegrower so long as the wine purchased is produced or bottled by, or produced and packaged for, the same licensed winegrower that holds an interest in the on-sale license and such direct sales do not involve more than two on-sale licenses in which the winegrower or any person holding an interest in the winegrower holds any interest, directly or indirectly, either individually or in combination or together with each other in the aggregate.

(3) None of the persons specified in this section may have any of the interests specified in this section in more than two on-sale licenses.

(b) The Legislature finds that, while this section provides a limited exception for licensed winegrowers, that limited exception is granted for specific purposes, and that it is also necessary and proper that licensed winegrowers maintain the authority granted under this division to sell wine and brandy to any individual consumer or any person holding a license authorizing the sale of wine or brandy.

(c) The Legislature finds that it is necessary and proper to require a separation between manufacturing interests, wholesale interests, and retail interests in the production and distribution of alcoholic beverages in order to prevent suppliers from dominating local markets through vertical integration and to prevent excessive sales of alcoholic beverages produced by overly aggressive marketing techniques. The Legislature further finds that the exceptions established by this section to the general prohibition against tied interests must be limited to their express terms so as not to undermine the general prohibition, and the Legislature intends that this section be construed accordingly.

CHAPTER 163

An act to amend Sections 4852, 5060, 5101, and 5103 of the Vehicle Code, relating to vehicles.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 4852 of the Vehicle Code is amended to read:

4852. (a) License plates issued for motor vehicles, other than motorcycles, shall be rectangular in shape, 12 inches in length and six inches in width. The number and letter characters shall have a minimum height of two and three-quarter inches, a minimum width of one and one-quarter inches, and a minimum spacing between characters of five-sixteenths of an inch.

(b) Motorcycle license plates shall measure seven inches in length and four inches in width, characters shall have a minimum height of one and one-half inches and a minimum width of nine-sixteenths inches, and have a minimum spacing between characters of three-sixteenths of an inch.

SEC. 2. Section 5060 of the Vehicle Code is amended to read:

5060. (a) An organization may apply to the department for participation in a special interest license plate program and the department shall issue special license plates for that program if the issuance of those plates is required by this article, the sponsoring organization complies with the requirements of this section, and the organization meets all of the following criteria:

(1) Qualifies for tax-exempt status under Section 501(c)(3) of the Internal Revenue Code and subdivision (d) of Section 23701 of the Revenue and Taxation Code.

(2) Submits a financial plan describing the purposes for which the revenues described in paragraph (2) of subdivision (e) will be used.

(3) Submits a design of the organization's proposed special interest license plate that, among other things, provides for the placement of the number and letter characters in a manner that allows for law enforcement to readily identify those characters.

(b) Any person described in Section 5101 may apply for special interest license plates, in lieu of the regular license plates.

(c) The design criteria for a special interest license plate are as follows:

(1) The license plate for a passenger vehicle, commercial vehicle, or trailer shall provide a space not larger than two inches by three inches to the left of the numerical series and a space not larger than five-eighths of an inch in height below the numerical series for a distinctive design, decal, or descriptive message as authorized by this article. The plates shall be issued in sequential numerical order or, pursuant to Section 5103, in a combination of numbers or letters.

(2) Special interest license plates authorized under this article may be issued for use on a motorcycle. That license plate shall contain a five digit configuration issued in sequential numerical order or, pursuant to Section 5103, in a combination of numbers or letters. There shall be a space to the left of the numerical series for a distinctive design or decal and the characters shall contrast sharply with the uniform background color. No motorcycle plate containing a full plate graphic design is authorized. Those particular special interest license plates that were issued prior to the discontinuation provided by this paragraph may continue to be used and attached to the vehicle for which they were issued and may be renewed, retained, or transferred pursuant to this code.

(d) (1) No organization may be included in the program until not less than 7,500 applications for the particular special interest license plates are received. Each organization shall collect and hold applications for the plates. Once the organization has received at least 7,500 applications, it shall submit the applications, along with the necessary fees, to the department. The department shall not issue any special interest license

plate until an organization has received and submitted to the department not less than 7,500 applications for that particular special interest license plate within the time period prescribed in this section. Advanced payment to the department by an organization representing the department's estimated or actual administrative costs associated with the issuance of a particular special interest license plate shall not constitute compliance with this requirement. The organization shall have 12 months, following the effective date of the enactment of the specific legislation enabling the organization to participate in this program, to receive the required number of applications. If, after that 12 months, 7,500 applications have not been received, the organization shall immediately do either of the following:

(A) Refund to all applicants any fees or deposits that have been collected.

(B) Contact the department to indicate the organization's intent to undertake collection of additional applications and fees or deposits for an additional period, not to exceed 12 months, in order to obtain the minimum 7,500 applications. If an organization elects to exercise the option under this paragraph, it shall contact each applicant who has submitted an application with the appropriate fees or deposits to determine if the applicant wishes a refund of fees or deposits or requests the continuance of the holding of the application and fees or deposits until that time that the organization has received 7,500 applications. The organization shall refund the fees or deposits to any applicant so requesting. In no event shall an organization collect and hold applications for a period exceeding 24 months following the date of authorization as described in paragraph (2) of subdivision (a).

(C) Sequential plate fees shall be paid for the original issuance, renewal, retention, replacement, or transfer of the special interest license plate as determined by the organization and authorized by department's regulations. Those plates containing a personalized message are subject to the fees required pursuant to Sections 5106 and 5108 in addition to any fees required by the special interest license plate program.

(2) (A) If the number of currently outstanding and valid special interest license plates in any particular program provided for in this article is less than 7,500, the department shall notify the sponsoring organization of that fact and shall inform the organization that if that number is less than 7,500 one year from the date of that notification, the department will no longer issue or replace those special interest license plates.

(B) Those particular special interest license plates that were issued prior to the discontinuation provided by subparagraph (A) may continue to be used and attached to the vehicle for which they were issued and may be renewed, retained, or transferred pursuant to this code.

(e) (1) The department shall deduct its costs to develop and administer the special interest license plate program from the revenues collected for the plates.

(2) The department shall deposit the remaining revenues from the original issuance, renewal, retention, replacement, or transfer of the special interest license plate in a fund which shall be established by the Controller.

(f) When payment of renewal fees is not required as specified in Section 4000, or when a person determines to retain the special interest license plate upon a sale, trade, or other release of the vehicle upon which the plate has been displayed, the person shall notify the department and the person may retain and use the plate as authorized by department regulations.

(g) An organization that is eligible to participate in a special interest license plate program pursuant to this article and receives funds from the additional fees collected from the sale of special license plates shall not expend annually more than 25 percent of those funds on administrative costs, marketing, or other promotional activities associated with encouraging application for, or renewal of, the special license plates.

(h) (1) Every organization authorized under this article to offer special interest license plates shall prepare and submit an annual accounting report to the department by June 30. The report shall include an accounting of all revenues and expenditures associated with the special interest license plate program.

(2) If an organization submits a report pursuant to paragraph (1) indicating that the organization violated the expenditure restriction set forth in subdivision (g), the department shall immediately cease depositing fees in the fund created by the Controller for that organization under paragraph (2) of subdivision (e) and, instead, shall deposit those fees that would have otherwise been deposited in that fund in a separate fund created by the Controller, which fund is subject to appropriation by the Legislature. The department shall immediately notify the organization of this course of action. The depositing of funds in the account established pursuant to this paragraph shall continue until the organization demonstrates to the satisfaction of the department that the organization is in compliance or will comply with the requirements of subdivision (g). If one year from the date that the organization receives the notice described in this paragraph, the organization is still unable to satisfactorily demonstrate to the department that it is in compliance or will comply with the requirements of subdivision (g), the department shall no longer issue or replace those special interest license plates associated with that organization. Those particular special interest license plates that were issued prior to the discontinuation provided by this paragraph may continue to be used and attached to the vehicle for

which they were issued and may be renewed, retained, or transferred pursuant to this code.

(3) Upon receiving the reports required under paragraph (1), the department shall prepare and transmit an annual consolidated report to the Legislature containing the revenue and expenditure data.

SEC. 3. Section 5101 of the Vehicle Code is amended to read:

5101. Any person who is the registered owner or lessee of a passenger vehicle, commercial vehicle, motorcycle, or trailer registered with the department, or who makes application for an original registration or renewal registration of any vehicle, may, upon payment of the fee prescribed in Section 5106, apply to the department for environmental license plates, in the manner prescribed in Section 5105, which plates shall be affixed to the passenger vehicle, commercial vehicle, motorcycle, or trailer for which registration is sought in lieu of the regular license plates.

SEC. 4. Section 5103 of the Vehicle Code is amended to read:

5103. ''Environmental license plates,'' as used in this article, means license plates that have displayed upon them the registration number assigned to the passenger vehicle, commercial vehicle, motorcycle, or trailer for which a registration number was issued in a combination of letters or numbers, or both, requested by the owner or lessee of the vehicle.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

61384. (a) The sale by any retailer, wholesale customer, manufacturer, or distributor, including any producer-distributor or nonprofit cooperative association acting as a distributor, of milk, cream, or any dairy product at less than cost is an unlawful practice.

(b) For the purposes of this section, the following terms have the following meanings:

(2) ''Cost,'' as applied to wholesale customers, means the invoice price charged to the wholesale customer, or the expense of replacement, whichever is lower, plus the wholesale customer's cost of doing business.

This presumption is a presumption affecting the burden of proof, but it does not apply in a criminal action.

(d) Nothing in this section shall be deemed to prohibit any of the following activities:

(1) The meeting, in good faith, of a lawful competitive price or a lawful competitive condition.

(2) A distributor's action in making conditional sales of equipment or other property, extending credit for merchandise purchased, or paying a customer's obligations not otherwise prohibited by this chapter to another distributor in connection with the transfer of the customer's business from the latter to the former.

SECTION 1. Section 1463.13 is added to the Penal Code, to read:

1463.13. (a) Each county may develop, implement, operate, and administer an alcohol and drug problem assessment program for persons convicted of a crime in which the court finds that alcohol or substance abuse was substantially involved in the commission of the crime. This program may be operated in coordination with the program developed under Article 6 (commencing with Section 23645) of Chapter 4 of Division 11.5 of the Vehicle Code.

In making a determination of whether a defendant has the ability to pay, the court shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in victim restitution.

(f) Notwithstanding Section 1463 or 1464 of the Penal Code or any other provision of law, all moneys collected pursuant to this section shall be deposited in a special account in the county treasury and shall be used exclusively to pay for the costs of developing, implementing, operating, maintaining, and evaluating alcohol and drug problem assessment and monitoring programs.

(g) On January 15 of each year, the treasurer of each county that administers an alcohol and drug problem assessment and monitoring program shall determine those moneys in the special account which were not expended during the preceding fiscal year, and shall transfer those moneys to the general fund of the county.

53684. (b) The county treasurer shall, at least quarterly, apportion any interest or other increment derived from the investment of funds pursuant to this section in an amount proportionate to the average daily balance of the amounts deposited by the local agency and to the total average daily balance of deposits in the investment pool. In apportioning and distributing that interest or increment, the county treasurer may use the cash method, the accrual method, or any other method in accordance with generally accepted accounting principles.

(c) The county treasurer shall disclose to each local agency that invests funds pursuant to this section the method of accounting used, whether cash, accrual, or other, and shall notify each local agency of any proposed changes in the accounting method at least 30 days prior to the date on which the proposed changes take effect.

(g) It is the intent of the Legislature in enacting this section to provide an alternative procedure to Section 51301 for local agencies to deposit money in the county treasury for investment purposes. Nothing in this section shall, therefore, be construed as a limitation on the authority of

a county and a city to contract for the county treasurer to perform treasury functions for a city pursuant to Section 51301.

(b) To sue and be sued in all courts and places and in all actions and proceedings whatever.

(c) To purchase, receive, have, take, hold, lease, use, and enjoy property of every kind and description within and without the limits of the district, and to control, dispose of, convey, and encumber the same and create a leasehold interest in the same for the benefit of the district.

(d) To exercise the right of eminent domain for the purpose of acquiring real or personal property of every kind necessary to the exercise of any of the powers of the district.

(e) To establish one or more trusts for the benefit of the district, to administer any trust declared or created for the benefit of the district, to designate one or more trustees for trusts created by the district, to receive by gift, devise, or bequest, and hold in trust or otherwise, property, including corporate securities of all kinds, situated in this state or elsewhere, and where not otherwise provided, dispose of the same for the benefit of the district.

(f) To employ legal counsel to advise the board of directors in all matters pertaining to the business of the district, to perform the functions in respect to the legal affairs of the district as the board may direct, and to call upon the district attorney of the county in which the greater part of the land in the district is situated for legal advice and assistance in all matters concerning the district, except that if that county has a county counsel, the directors may call upon the county counsel for legal advice and assistance.

(g) To employ any officers and employees, including architects and consultants, the board of directors deems necessary to carry on properly the business of the district.

(h) To prescribe the duties and powers of the health care facility administrator, secretary, and other officers and employees of any health care facilities of the district, to establish offices as may be appropriate and to appoint board members or employees to those offices, and to determine the number of, and appoint, all officers and employees and to fix their compensation. The officers and employees shall hold their offices or positions at the pleasure of the boards of directors.

(i) To do any and all things that an individual might do that are necessary for, and to the advantage of, a health care facility and a nurses' training school, or a child care facility for the benefit of employees of the health care facility or residents of the district.

''Health care facilities,'' as used in this subdivision, means those facilities defined in subdivision (b) of Section 32000.1 and specifically includes freestanding chemical dependency recovery units. ''Health facilities,'' as used in this subdivision, may also include those facilities defined in subdivision (d) of Section 15432 of the Government Code.

(k) To do any and all other acts and things necessary to carry out this division.

(*l*) To acquire, maintain, and operate ambulances or ambulance services within and without the district.

(p) (1) To transfer, at fair market value, any part of its assets to one or more corporations to operate and maintain the assets. A transfer

pursuant to this paragraph shall be deemed to be at fair market value if an independent consultant, with expertise in methods of appraisal and valuation and in accordance with applicable governmental and industry standards for appraisal and valuation, determines that fair and reasonable consideration is to be received by the district for the transferred district assets. Before the district transfers, pursuant to this paragraph, 50 percent or more of the district's assets to one or more corporations, in sum or by increment, the elected board shall, by resolution, submit to the voters of the district a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of the district or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the board. If a majority of the voters voting on the measure vote in its favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(2) To transfer, for the benefit of the communities served by the district, in the absence of adequate consideration, any part of the assets of the district, including without limitation real property, equipment, and other fixed assets, current assets, and cash, relating to the operation of the district's health care facilities to one or more nonprofit corporations to operate and maintain the assets.

(A) A transfer of 50 percent or more of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if all of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least five properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(ii) The transfer agreement provides that the hospital district shall approve all initial board members of the nonprofit corporation and any subsequent board members as may be specified in the transfer agreement.

(iii) The transfer agreement provides that all assets transferred to the nonprofit corporation, and all assets accumulated by the corporation during the term of the transfer agreement arising out of, or from, the operation of the transferred assets, are to be transferred back to the district upon termination of the transfer agreement, including any extension of the transfer agreement.

(iv) The transfer agreement commits the nonprofit corporation to operate and maintain the district's health care facilities and its assets for the benefit of the communities served by the district.

(v) The transfer agreement requires that any funds received from the district at the outset of the agreement or any time thereafter during the term of the agreement be used only to reduce district indebtedness, to acquire needed equipment for the district health care facilities, to operate, maintain, and make needed capital improvements to the district's health care facilities, to provide supplemental health care services or facilities for the communities served by the district, or to conduct other activities that would further a valid public purpose if undertaken directly by the district.

(B) A transfer of 33 percent or more but less than 50 percent of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if both of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(ii) The transfer agreement meets all of the requirements of clauses (ii) to (v), inclusive, of subparagraph (A).

(C) A transfer of 10 percent or more but less than 33 percent of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if both of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(ii) The transfer agreement meets all of the requirements of clauses (iii) to (v), inclusive, of subparagraph (A).

(D) Before the district transfers, pursuant to this paragraph, 50 percent or more of the district's assets to one or more nonprofit corporations, in sum or by increment, the elected board shall, by resolution, submit to the voters of the district a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of the district or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the board. If a majority of the voters voting on the measure vote in its favor,

the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(E) Notwithstanding the other provisions of this paragraph, a hospital district shall not transfer any portion of its assets to a private nonprofit organization that is owned or controlled by a religious creed, church, or sectarian denomination in the absence of adequate consideration.

(3) If the district board has previously transferred less than 50 percent of the district's assets pursuant to this subdivision, before any additional assets are transferred, the board shall hold a public hearing and shall make a public determination that the additional assets to be transferred will not, in combination with any assets previously transferred, equal 50 percent or more of the total assets of the district.

(4) The amendments to this subdivision made during the 1991–92 Regular Session, and the amendments made to this subdivision and to Section 32126 made during the 1993–94 Regular Session, shall only apply to transfers made on or after the effective dates of the acts amending this subdivision. The amendments to this subdivision made during those sessions shall not apply to any of the following:

(A) A district that has discussed and adopted a board resolution, prior to September 1, 1992, that authorizes the development of a business plan for an integrated delivery system.

(B) A lease agreement, transfer agreement, or both between a district and a nonprofit corporation that were in full force and effect as of September 1, 1992, for as long as that lease agreement, transfer agreement, or both remain in full force and effect.

(5) Notwithstanding paragraph (4), if substantial amendments are proposed to be made to a transfer agreement described in subparagraph (A) or (B) of paragraph (4), the amendments shall be fully discussed in advance of the district board's decision to adopt the amendments in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(6) Notwithstanding paragraphs (4) and (5), a transfer agreement described in subparagraph (A) or (B) of paragraph (4) that provided for the transfer of less than 50 percent of a district's assets shall be subject to the requirements of subdivision (p) of Section 32121 when subsequent amendments to that transfer agreement would result in the transfer, in sum or by increment, of 50 percent or more of a district's assets to the nonprofit corporation.

(7) For purposes of this subdivision, a ''transfer'' means the transfer of ownership of the assets of a district. A lease of the real property or the

tangible personal property of a district shall not be subject to this subdivision except as specified in Section 32121.4 and as required under Section 32126.

(8) Districts that request a special election pursuant to paragraph (1) or (2) shall reimburse counties for the costs of that special election as prescribed pursuant to Section 10520 of the Elections Code.

(9) Nothing in this section, including subdivision (j), shall be construed to permit a local district to obtain or be issued a single consolidated license to operate a separate physical plant as a skilled nursing facility or an intermediate care facility that is not located within the boundaries of the district.

(10) A transfer of any of the assets of a district to one or more nonprofit corporations to operate and maintain the assets shall not be required to meet paragraphs (1) to (9), inclusive, of this subdivision if all of the following conditions apply at the time of the transfer:

(A) The district has entered into a loan that is insured by the State of California under Chapter 1 (commencing with Section 129000) of Part 6 of Division 107.

(B) The district is in default of its loan obligations, as determined by the Office of Statewide Health Planning and Development.

(C) The Office of Statewide Health Planning and Development and the district, in their best judgment, agree that the transfer of some or all of the assets of the district to a nonprofit corporation or corporations is necessary to cure the default, and will obviate the need for foreclosure. This cure of default provision shall be applicable prior to the office foreclosing on district hospital assets. After the office has foreclosed on district hospital assets, or otherwise taken possession in accordance with law, the office may exercise all of its powers to deal with and dispose of hospital property.

(D) The transfer and all arrangements necessary thereto are discussed in advance of the transfer in at least one properly noticed open and public meeting in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 Division 2 of Title 5 of the Government Code). The meeting referred to in this paragraph shall be noticed and held within 90 days of notice in writing to the district by the office of an event of default. If the meeting is not held within this 90-day period, the district shall be deemed to have waived this requirement to have a meeting.

(11) If a transfer under paragraph (10) is a lease, the lease shall provide that the assets shall revert to the district at the conclusion of the leasehold interest. If the transfer is a sale, the proceeds shall be used first to retire the obligation insured by the office, then to retire any other debts of the district. After providing for debts, any remaining funds shall revert to the district.

(q) To contract for bond insurance, letters of credit, remarketing services, and other forms of credit enhancement and liquidity support for its bonds, notes, and other indebtedness and to enter into reimbursement agreements, monitoring agreements, remarketing agreements, and similar ancillary contracts in connection therewith.

(r) To establish, maintain, operate, participate in, or manage capitated health care service plans, health maintenance organizations, preferred provider organizations, and other managed health care systems and programs properly licensed by the Department of Insurance or the Department of Managed Care, at any location within or without the district for the benefit of residents of communities served by the district. However, that activity shall not be deemed to result in, or constitute, the giving or lending of the district's credit, assets, surpluses, cash, or tangible goods to, or in aid of, any person, association, or corporation in violation of Section 6 of Article XVI of the California Constitution.

Nothing in this section shall be construed to authorize activities that corporations and other artificial legal entities are prohibited from conducting by Section 2400 of the Business and Professions Code.

Any agreement to provide health care coverage that is a health care service plan, as defined in subdivision (f) of Section 1345, shall be subject to Chapter 2.2 (commencing with Section 1340) of Division 2, unless exempted pursuant to Section 1343 or 1349.2.

A district shall not provide health care coverage for any employee of an employer operating within the communities served by the district, unless the Legislature specifically authorizes, or has authorized in this section or elsewhere, the coverage.

Nothing in this section shall be construed to authorize any district to contribute its facilities to any joint venture that could result in transfer of the facilities from district ownership.

(s) To provide health care coverage to members of the district's medical staff, employees of the medical staff members, and the dependents of both groups, on a self-pay basis.

(t) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2. Section 32121 of the Health and Safety Code, as added by Section 2 of Chapter 18 of the Statutes of 1998, is repealed.

SEC. 3. Section 32121 is added to the Health and Safety Code, to read:

32121. Each local district shall have and may exercise the following powers:

(a) To have and use a corporate seal and alter it at its pleasure.

(b) To sue and be sued in all courts and places and in all actions and proceedings whatever.

(c) To purchase, receive, have, take, hold, lease, use, and enjoy property of every kind and description within and without the limits of the district, and to control, dispose of, convey, and encumber the same and create a leasehold interest in the same for the benefit of the district.

(d) To exercise the right of eminent domain for the purpose of acquiring real or personal property of every kind necessary to the exercise of any of the powers of the district.

(e) To establish one or more trusts for the benefit of the district, to administer any trust declared or created for the benefit of the district, to designate one or more trustees for trusts created by the district, to receive by gift, devise, or bequest, and hold in trust or otherwise, property, including corporate securities of all kinds, situated in this state or elsewhere, and where not otherwise provided, dispose of the same for the benefit of the district.

(f) To employ legal counsel to advise the board of directors in all matters pertaining to the business of the district, to perform the functions in respect to the legal affairs of the district as the board may direct, and to call upon the district attorney of the county in which the greater part of the land in the district is situated for legal advice and assistance in all matters concerning the district, except that if that county has a county counsel, the directors may call upon the county counsel for legal advice and assistance.

(g) To employ any officers and employees, including architects and consultants, the board of directors deems necessary to carry on properly the business of the district.

(h) To prescribe the duties and powers of the health care facility administrator, secretary, and other officers and employees of any health care facilities of the district, to establish offices as may be appropriate and to appoint board members or employees to those offices, and to determine the number of, and appoint, all officers and employees and to fix their compensation. The officers and employees shall hold their offices or positions at the pleasure of the boards of directors.

(i) To do any and all things that an individual might do that are necessary for, and to the advantage of, a health care facility and a nurses' training school, or a child care facility for the benefit of employees of the health care facility or residents of the district.

(j) To establish, maintain, and operate, or provide assistance in the operation of, one or more health facilities or health services including, but not limited to, outpatient programs, services, and facilities; retirement programs, services, and facilities; chemical dependency programs, services, and facilities; or other health care programs, services, and facilities and activities at any location within or without the district for the benefit of the district and the people served by the district.

''Health care facilities,'' as used in this subdivision, means those facilities defined in subdivision (b) of Section 32000.1 and specifically includes freestanding chemical dependency recovery units. ''Health facilities,'' as used in this subdivision, may also include those facilities defined in subdivision (d) of Section 15432 of the Government Code.

(k) To do any and all other acts and things necessary to carry out this division.

(*l*) To acquire, maintain, and operate ambulances or ambulance services within and without the district.

(m) To establish, maintain, and operate, or provide assistance in the operation of, free clinics, diagnostic and testing centers, health education programs, wellness and prevention programs, rehabilitation, aftercare, and any other health care services provider, groups, and organizations that are necessary for the maintenance of good physical and mental health in the communities served by the district.

(n) To establish and operate in cooperation with its medical staff a coinsurance plan between the hospital district and the members of its attending medical staff.

(o) To establish, maintain, and carry on its activities through one or more corporations, joint ventures, or partnerships for the benefit of the health care district.

(p) (1) To transfer, at fair market value, any part of its assets to one or more nonprofit corporations to operate and maintain the assets. A transfer pursuant to this paragraph shall be deemed to be at fair market value if an independent consultant, with expertise in methods of appraisal and valuation and in accordance with applicable governmental and industry standards for appraisal and valuation, determines that fair and reasonable consideration is to be received by the district for the transferred district assets. Before the district transfers, pursuant to this paragraph, 50 percent or more of the district's assets to one or more nonprofit corporations, in sum or by increment, the elected board shall, by resolution, submit to the voters of the district a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of the district or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the board. If a majority of the voters voting on the measure vote in its favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(2) To transfer, for the benefit of the communities served by the district, in the absence of adequate consideration, any part of the assets of the district, including without limitation real property, equipment, and other fixed assets, current assets, and cash, relating to the operation of

the district's health care facilities to one or more nonprofit corporations to operate and maintain the assets.

(A) A transfer of 50 percent or more of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if all of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least five properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(ii) The transfer agreement provides that the hospital district shall approve all initial board members of the nonprofit corporation and any subsequent board members as may be specified in the transfer agreement.

(iii) The transfer agreement provides that all assets transferred to the nonprofit corporation, and all assets accumulated by the corporation during the term of the transfer agreement arising out of, or from, the operation of the transferred assets, are to be transferred back to the district upon termination of the transfer agreement, including any extension of the transfer agreement.

(iv) The transfer agreement commits the nonprofit corporation to operate and maintain the district's health care facilities and its assets for the benefit of the communities served by the district.

(v) The transfer agreement requires that any funds received from the district at the outset of the agreement or any time thereafter during the term of the agreement be used only to reduce district indebtedness, to acquire needed equipment for the district health care facilities, to operate, maintain, and make needed capital improvements to the district's health care facilities, to provide supplemental health care services or facilities for the communities served by the district, or to conduct other activities that would further a valid public purpose if undertaken directly by the district.

(B) A transfer of 33 percent or more but less than 50 percent of the district's assets, in sum or by increment, pursuant to this paragraph shall be deemed to be for the benefit of the communities served by the district only if both of the following occur:

(i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. (i) The transfer agreement and all arrangements necessary thereto are fully discussed in advance of the district board decision to transfer the assets of the district in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(ii) The transfer agreement meets all of the requirements of clauses (iii) to (v), inclusive, of subparagraph (A).

(D) Before the district transfers, pursuant to this paragraph, 50 percent or more of the district's assets to one or more nonprofit corporations, in sum or by increment, the elected board shall, by resolution, submit to the voters of the district a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of the district or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the board. (3) If the district board has previously transferred less than 50 percent of the district's assets pursuant to this subdivision, before any additional assets are transferred, the board shall hold a public hearing and shall make a public determination that the additional assets to be transferred will not, in combination with any assets previously transferred, equal 50 percent or more of the total assets of the district.

(4) The amendments to this subdivision made during the 1991–92 Regular Session, and the amendments made to this subdivision and to Section 32126 made during the 1993–94 Regular Session, shall only apply to transfers made on or after the effective dates of the acts amending this subdivision. The amendments to this subdivision made during those sessions shall not apply to any of the following:

(A) A district that has discussed and adopted a board resolution, prior to September 1, 1992, that authorizes the development of a business plan for an integrated delivery system.

(B) A lease agreement, transfer agreement, or both between a district and a nonprofit corporation that were in full force and effect as of September 1, 1992, for as long as that lease agreement, transfer agreement, or both remain in full force and effect.

(5) Notwithstanding paragraph (4), if substantial amendments are proposed to be made to a transfer agreement described in subparagraph (A) or (B) of paragraph (4), the amendments shall be fully discussed in advance of the district board's decision to adopt the amendments in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(6) Notwithstanding paragraphs (4) and (5), a transfer agreement described in subparagraph (A) or (B) of paragraph (4) that provided for the transfer of less than 50 percent of a district's assets shall be subject to the requirements of subdivision (p) of Section 32121 when subsequent amendments to that transfer agreement would result in the transfer, in sum or by increment, of 50 percent or more of a district's assets to the nonprofit corporation.

(7) For purposes of this subdivision, a ''transfer'' means the transfer of ownership of the assets of a district. (10) A transfer of any of the assets of a district to one or more nonprofit corporations to operate and maintain the assets shall not be required to meet paragraphs (1) to (9), inclusive, of this subdivision if all of the following conditions apply at the time of the transfer:

(B) The district is in default of its loan obligations, as determined by the Office of Statewide Health Planning and Development.

(C) The Office of Statewide Health Planning and Development and the district, in their best judgment, agree that the transfer of some or all of the assets of the district to a nonprofit corporation or corporations is necessary to cure the default, and will obviate the need for foreclosure. This cure of default provision shall be applicable prior to the office foreclosing on district hospital assets. After the office has foreclosed on district hospital assets, or otherwise taken possession in accordance with law, the office may exercise all of its powers to deal with and dispose of hospital property.

(D) The transfer and all arrangements necessary thereto are discussed in advance of the transfer in at least one properly noticed open and public meeting in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 Division 2 of Title 5 of the Government Code). The meeting referred to in this paragraph shall be noticed and held within 90 days of notice in writing to the district by the office of an event of default. If the meeting is not held within this 90-day period, the district shall be deemed to have waived this requirement to have a meeting.

(11) If a transfer under paragraph (10) is a lease, the lease shall provide that the assets shall revert to the district at the conclusion of the leasehold interest. However, that activity shall not be deemed to result in, or constitute, the giving or lending of the district's credit, assets, surpluses, cash, or tangible goods to, or in aid of, any person, association, or corporation in violation of Section 6 of Article XVI of the California Constitution.

Nothing in this section shall be construed to authorize activities that corporations and other artificial legal entities are prohibited from conducting by Section 2400 of the Business and Professions Code.

Any agreement to provide health care coverage that is a health care service plan, as defined in subdivision (f) of Section 1345, shall be

subject to Chapter 2.2 (commencing with Section 1340) of Division 2, unless exempted pursuant to Section 1343 or 1349.2.

A district shall not provide health care coverage for any employee of an employer operating within the communities served by the district, unless the Legislature specifically authorizes, or has authorized in this section or elsewhere, the coverage.

Nothing in this section shall be construed to authorize any district to contribute its facilities to any joint venture that could result in transfer of the facilities from district ownership.

(s) To provide health care coverage to members of the district's medical staff, employees of the medical staff members, and the dependents of both groups, on a self-pay basis.

(t) This section shall become operative on January 1, 2006.

SEC. 4. Section 32126 of the Health and Safety Code, as amended by Section 3 of Chapter 18 of the Statutes of 1998, is amended to read:

32126. (a) The board of directors may provide for the operation and maintenance through tenants of the whole or any part of any hospital acquired or constructed by it pursuant to this division, and for that purpose may enter into any lease agreement that it believes will best serve the interest of the district. A lease entered into with one or more corporations for the operation of 50 percent or more of the district's hospital, or that is part of, or contingent upon, a transfer of 50 percent or more of the district's assets, in sum or by increment, as described in subdivision (p) of Section 32121, shall be subject to the requirements of subdivision (p) of Section 32121. Any lease for the operation of any hospital shall require the tenant or lessee to conform to, and abide by, Section 32128. No lease for the operation of an entire hospital shall run for a term in excess of 30 years. No lease for the operation of less than an entire hospital shall run for a term in excess of 10 years.

(b) Notwithstanding any other provision of law, a sublease, an assignment of an existing lease, or the release of a tenant or lessee from obligations under an existing lease in connection with an assignment of an existing lease shall not be subject to the requirements of subdivision (p) of Section 32121 so long as all of the following conditions are met:

(1) The sublease or assignment of the existing lease otherwise remains in compliance with subdivision (a).

(2) The district board determines that the total consideration that the district shall receive following the assignment or sublease, or as a result thereof, taking into account all monetary and other tangible and intangible consideration to be received by the district including, without limitation, all benefits to the communities served by the district, is no less than the total consideration that the district would have received under the existing lease.

(3) The existing lease was entered into on or before July 1, 1984, upon approval of the board of directors following solicitation and review of no less than five offers from prospective tenants.

(4) If substantial amendments are made to an existing lease in connection with the sublease or assignment of that existing lease, the amendments shall be fully discussed in advance of the district board's decision to adopt the amendments in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(c) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 5. Section 32126 of the Health and Safety Code, as added by Section 4 of Chapter 18 of the Statutes of 1998, is repealed.

SEC. 6. Section 32126 is added to the Health and Safety Code, to read:

32126. (a) The board of directors may provide for the operation and maintenance through tenants of the whole or any part of any hospital acquired or constructed by it pursuant to this division, and for that purpose may enter into any lease agreement that it believes will best serve the interest of the district. A lease entered into with one or more nonprofit corporations for the operation of 50 percent or more of the district's hospital, or that is part of, or contingent upon, a transfer of 50 percent or more of the district's assets, in sum or by increment, as described in subdivision (p) of Section 32121, shall be subject to the requirements of subdivision (p) of Section 32121. Any lease for the operation of any hospital shall require the tenant or lessee to conform to, and abide by, Section 32128. No lease for the operation of an entire hospital shall run for a term in excess of 30 years. No lease for the operation of less than an entire hospital shall run for a term in excess of 10 years.

(b) Notwithstanding any other provision of law, a sublease, an assignment of an existing lease, or the release of a tenant or lessee from obligations under an existing lease in connection with an assignment of an existing lease shall not be subject to the requirements of subdivision (p) of Section 32121 so long as all of the following conditions are met:

(1) The sublease or assignment of the existing lease otherwise remains in compliance with subdivision (a).

(2) The district board determines that the total consideration that the district shall receive following the assignment or sublease, or as a result thereof, taking into account all monetary and other tangible and intangible consideration to be received by the district including, without limitation, all benefits to the communities served by the district, is no

less than the total consideration that the district would have received under the existing lease.

(3) The existing lease was entered into on or before July 1, 1984, upon approval of the board of directors following solicitation and review of no less than five offers from prospective tenants.

(4) If substantial amendments are made to an existing lease in connection with the sublease or assignment of that existing lease, the amendments shall be fully discussed in advance of the district board's decision to adopt the amendments in at least two properly noticed open and public meetings in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(c) This section shall become operative on January 1, 2006.

SEC. 7. (a) On or before January 1, 2005, the Legislative Analyst shall report to the Legislature regarding the transfer of any assets by a local health care district to a corporation requiring a vote of the people pursuant to subdivision (p) of Section 32121 of the Health and Safety Code.

(b) The report shall include, but not be limited to the following:

(1) A description of each transfer that occurred on or after April 14, 1998.

(2) An assessment of how each transfer affected access to health care by the residents of that district.

(3) A description and assessment of legal issues that arose because of these transfers including, but not limited to, formal legal opinions and legal actions.

(4) Recommendations to the Legislature for extending or deleting the repeal date of Section 32121 of the Health and Safety Code contained in subdivision (t) of that section.

(5) Any additional descriptions, assessments, or recommendations that the Legislative Analyst deems appropriate.

(c) In researching the report required by this section, the Legislature encourages the Legislative Analyst to consult with individuals, corporations, public agencies, and groups that may be knowledgeable about the transfer of assets by local health care districts to corporations.

CHAPTER 170

An act to amend Sections 1215.1 and 1215.5 of the Insurance Code, relating to insurers.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1215.1 of the Insurance Code is amended to read:

1215.1. (a) Any domestic insurer, either by itself or in cooperation with one or more persons, may organize or acquire one or more subsidiaries subject to the limitations of this section.

(b) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under all other sections of this chapter, a domestic insurer may also do one or more of the following:

(1) Invest in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts that do not exceed the lesser of 10 percent of the insurer's assets or 50 percent of the insurer's surplus as regards policyholders. However, after these investments, the insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs. In calculating the amount of these investments, there shall be excluded investments in insurance subsidiaries, and there shall be included (A) total net moneys or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of the subsidiary whether or not represented by the purchase of capital stock or issuance of other securities, and (B) all amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities and all contributions to the capital or surplus, of a subsidiary subsequent to its acquisition or formation.

''Insurance subsidiary'' is an insurer that is organized within the United States and is controlled, directly or indirectly, by a reporting insurer subject to this article. For purposes of this paragraph, ''investments in insurance subsidiaries'' shall include the following:

(A) Any direct investment in an insurance subsidiary.

(B) The insurer's proportionate share of any investment in an insurance subsidiary held by any subsidiary of the insurer. This shall be calculated by multiplying the amount of the subsidiary's investment in the insurance subsidiary by the insurer's percentage of ownership of the subsidiary.

(2) If the insurer's total liabilities, as calculated for National Association of Insurance Commissioners' annual statement purposes, are less than 10 percent of assets, invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries. However, after this investment the insurer's surplus as regards policyholders, considering this investment as if it were a

disallowed asset, shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(3) Invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, provided, that each subsidiary agrees to limit its investments in any asset so that these investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in paragraph (1) of this subdivision or in this chapter applicable to the insurer. For the purpose of this paragraph, ''the total investment of the insurer'' shall include (i) any direct investment by the insurer in an asset, and (ii) the insurer's proportionate share of any investment of an asset by any subsidiary of the insurer, which shall be calculated by multiplying the amount of the subsidiary's investment by the percentage of the insurer's ownership of that subsidiary.

(4) With the approval of the commissioner, invest any amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries, provided that after this investment the insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(5) Invest any amount in the common stock, preferred stock, debt obligations, or other securities of any subsidiary exclusively engaged in holding title to or holding title to and managing or developing real or personal property, if after considering as a disallowed asset so much of the investment as is represented by subsidiary assets which if held directly by the insurer would be considered as a disallowed asset, the insurer's surplus as regards policyholders shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(c) Investments in common stock, preferred stock, debt obligations, or other securities of subsidiaries made pursuant to subdivision (b) of this section shall neither limit nor be subject to any of the otherwise applicable authorizations, restrictions, or prohibitions contained in this part applicable to such investments of insurers.

(d) Whether any investment pursuant to subdivision (b) of this section meets the applicable requirements thereof is to be determined immediately after such investment is made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the date they were made.

(e) If an insurer ceases to control a subsidiary, it shall dispose of any investment therein made pursuant to this section within three years from the time of the cessation of control, or within such further time as the commissioner may prescribe, unless at any time after such investment shall have been made, such investment shall have met the requirements for investment under any other section of this part.

SEC. 2. Section 1215.5 of the Insurance Code is amended to read:

1215.5. (a) Transactions by registered insurers with their affiliates are subject to the following standards:

(1) The terms shall be fair and reasonable.

(2) Charges or fees for services performed shall be reasonable.

(3) Expenses incurred and payment received shall be allocated to the insurer in conformity with customary insurance accounting practices consistently applied.

(4) The books, accounts, and records of each party to all transactions shall be so maintained as to clearly and accurately disclose the precise nature and details of the transactions, including accounting information that is necessary to support the reasonableness of the charges or fees to the parties.

(5) The insurer's policyholder's surplus following any dividends or distributions to shareholder affiliates shall be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(b) The following transactions involving a domestic insurer or commercially domiciled insurer, as defined in Section 1215.13, and any person in its holding company system, may be entered into only if the insurer has notified the commissioner in writing of its intention to enter into the transaction at least 30 days prior thereto, or a shorter period as the commissioner may permit, and the commissioner has not disapproved it within that period. The commissioner shall require the payment of one thousand eight hundred eighty-nine dollars ($1,889) as a fee for filings under this subdivision. The payment shall accompany the filing.

(1) Sales, purchases, exchanges, loans, extensions of credit, or investments, if the transactions are equal to or exceed:

(A) For a nonlife insurer, the lessor of 3 percent of the insurer's admitted assets or 25 percent of the policyholder's surplus as of the preceding December 31st.

(B) For a life insurer, 3 percent of the insurer's admitted assets as of the preceding December 31st.

(2) Loans or extensions of credit to a person who is not an affiliate, if made with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in, any affiliate of the insurer, if the transactions are equal to or exceed:

(A) For a nonlife insurer, the lesser of 3 percent of the insurer's admitted assets or 25 percent of the policyholder's surplus as of the preceding December 31st.

(B) For a life insurer, 3 percent of the insurer's admitted assets as of the preceding December 31st.

(3) Reinsurance agreements or modifications thereto in which the reinsurance premium or a change in the insurer's liabilities equals or exceeds 5 percent of the insurer's policyholder's surplus, as of the preceding December 31st, including those agreements that may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that any portion of the assets will be transferred to one or more affiliates of the insurer.

(4) All management agreements, service contracts, and cost-sharing arrangements. However, subscription agreements or powers of attorney executed by subscribers of a reciprocal or interinsurance exchange are not required to be reported pursuant to this section if the form of the agreement was in use before 1943 and was not amended in any way to modify payments, fees, or waivers of fees or otherwise substantially amended after 1943. Payment or waiver of fees or other amounts due under subscription agreements or powers of attorney forms that were in use before 1943 and that have not been amended in any way to modify payments, fees, or waiver of fees, or otherwise substantially amended after 1943 shall not be subject to regulation pursuant to paragraph (2) of subdivision (a).

(5) Guarantees when initiated or made by a domestic or commercially domiciled insurer; provided, however, that a guarantee that is quantifiable as to amount is not subject to the notice requirements of this paragraph unless it exceeds the lesser of one-half of 1 percent of the insurer's admitted assets or 10 percent of surplus as regards policyholders as of the 31st day of December next preceding. Further, all guarantees that are not quantifiable as to amount are subject to the notice requirements of this paragraph.

(6) Direct or indirect acquisitions or investments in a person that controls the insurer or in an affiliate of the insurer in an amount that, together with its present holdings in those investments, exceeds 2.5 percent of the insurer's policyholder's surplus. Direct or indirect acquisitions or investments in subsidiaries acquired under Section 1215.1, or in nonsubsidiary insurance affiliates that are subject to the provisions of this article, or in subsidiaries acquired pursuant to Section 1199, are exempt from this requirement.

(7) Any material transactions, specified by regulation, that the commissioner determines may adversely affect the interests of the insurer's policyholders.

(c) A domestic insurer may not enter into transactions that are part of a plan or series of transactions with persons within the holding company system if the purpose of those transactions is to avoid the statutory threshold amount and thus avoid review. If the commissioner determines that separate transactions were entered into over any 12-month period to

avoid review, the commissioner may exercise his or her authority under Section 1215.10.

(d) The commissioner, in reviewing transactions under subdivision (b), shall consider whether the transactions comply with the standards set forth in subdivision (a) and whether they may adversely affect the interests of policyholders.

(e) The commissioner shall be notified within 30 days of any investment by the insurer in any one corporation if the total investment in the corporation by the insurance holding company system exceeds 10 percent of the corporation's voting securities.

(f) For purposes of this article, in determining whether an insurer's policyholder's surplus is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, shall be considered:

(1) The size of the insurer, as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria.

(2) The extent to which the insurer's business is diversified among the several lines of insurance.

(3) The number and size of risks insured in each line of business.

(4) The extent of the geographical dispersion of the insurer's insured risks.

(5) The nature and extent of the insurer's reinsurance program.

(6) The quality, diversification, and liquidity of the insurer's investment portfolio.

(7) The recent past and projected future trend in the size of the insurer's investment portfolio.

(8) The recent past and projected future trend in the size of the insurer's surplus, and the policyholder's surplus maintained by other comparable insurers.

(9) The adequacy of the insurer's reserves.

(10) The quality and liquidity of investments in subsidiaries made under Section 1215.1. The commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of the policyholder's surplus whenever, in his or her judgment, the investment so warrants.

(11) The quality of the company's earnings and the extent to which the reported earnings include extraordinary accounting items.

(g) No insurer subject to registration under Section 1215.4 shall pay any extraordinary dividend or make any other extraordinary distribution to its stockholders until 30 days after the commissioner has received notice of the declaration thereof and has approved the payment or has not, within the 30-day period, disapproved the payment.

For purposes of this section, an extraordinary dividend or distribution is any dividend or distribution which, together with other dividends or distributions made within the preceding 12 months, exceeds the greater of (1) 10 percent of the insurer's policyholder's surplus as of the preceding December 31st, or (2) the net gain from operations of the insurer, if the insurer is a life insurer, or the net income, if the insurer is not a life insurer, for the 12-month period ending the preceding December 31st.

Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution that is conditional upon the commissioner's approval. The declaration confers no rights upon stockholders until the commissioner has approved the payment of the dividend or distribution or until the commissioner has not disapproved the payment within the 30-day period referred to in this subdivision.

(h) Notwithstanding the control of a domestic insurer by any person, the officers and directors of the insurer shall not thereby be relieved of any obligation or liability to which they would otherwise be subject to by law, and the insurer shall be managed to ensure its separate operating identity consistent with the provisions of this article. However, nothing in this article shall preclude a domestic insurer from having or sharing a common management or cooperative or joint use of personnel, property, or services with one or more other persons under arrangements meeting the standards of subdivision (a).

(i) The provisions of this section do not apply to any insurer, information, or transaction exempted by the commissioner.

CHAPTER 171

An act to amend Sections 98 and 98.02 of the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 98 of the Revenue and Taxation Code is amended to read:

98. (a) In each county, other than the County of Ventura, having within its boundaries a qualifying city, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989–90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of ''property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year,'' an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Except as otherwise provided in this section, each qualifying city shall, for the 1989–90 fiscal year and each fiscal year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount determined pursuant to the TEA formula to all tax rate areas within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its predecessor section, the auditor shall, for all tax rate areas in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 96.5 or its predecessor section to jurisdictions in the tax rate area using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to qualifying cities pursuant to this subdivision shall be deemed to be the ''amount of property tax revenue allocated in the prior fiscal year.''

(c) ''TEA formula'' means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(E) For the fifth fiscal year in which the qualifying city receives a distribution pursuant to this section, 5 percent of the amount determined in paragraph (5).

(F) For the sixth fiscal year in which the qualifying city receives a distribution pursuant to this section, 6 percent of the amount determined in paragraph (5).

(G) For the seventh fiscal year and each fiscal year thereafter in which the city receives a distribution pursuant to this section, 7 percent of the amount determined in paragraph (5).

(d) ''Qualifying city'' means any city, except a qualifying city as defined in Section 98.1, that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988–89 fiscal year

that is less than 7 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue determined in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.07, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.07, the city is not a qualifying city.

(e) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(f) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the sum of the following:

(1) The amount of property tax revenue that was exchanged between the county and the qualifying city as a result of negotiation pursuant to Section 99.03.

(2) (A) Except as otherwise provided in subparagraph (B), the amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special tax, except any tax that was imposed after January 1, 1988. In the case of a tax that existed before January 1, 1988, this paragraph shall apply only with respect to an amount attributable to a reduction of the rate or base to a level lower than the rate or base applicable on January 1, 1988. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the

result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(B) Except in the County of Santa Clara, no reduction shall be made pursuant to subparagraph (A) in the case in which a local tax is reduced or eliminated as a result of either a court decision or the approval or rejection of a ballot measure by the voters.

(3) (A) The amount of property tax revenue received pursuant to this chapter in excess of the amount allocated for the 1986–87 fiscal year by all special districts that are governed by the city council of the qualifying city or whose governing body is the same as the city council of the qualifying city with respect to all tax rate areas within the boundaries of the qualifying city.

(B) Notwithstanding subparagraph (A), commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district, that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(C) Notwithstanding subparagraph (A), commencing with the 1997–98 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city withdrawing from a county free library system pursuant to Section 19116 of the Education Code.

(4) Any amount of property tax revenues that has been exchanged pursuant to Section 56842 of the Government Code between the City of Rancho Mirage and a community services district, the formation of which was initiated on or after March 6, 1997, pursuant to Chapter 4 (commencing with Section 56800) of Part 3 of Division 3 of Title 5 of the Government Code.

(g) Notwithstanding any other provision of this section, in no event may the auditor reduce the amount of ad valorem property tax revenue otherwise allocated to a qualifying city pursuant to this section on the basis of any additional ad valorem property tax revenues received by that city pursuant to a services for revenue agreement. For purposes of this subdivision, a ''services for revenue agreement'' means any agreement between a qualifying city and the county in which it is located, entered into by joint resolution of that city and that county, under which additional service responsibilities are exchanged in consideration for additional property tax revenues.

(h) In any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall increase the actual amount distributed to the qualifying city by the amount of property tax revenue allocated to the qualifying city pursuant to Section 19116 of the Education Code.

(i) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (e), (f), and (g) would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(j) The amount not distributed to the tax rate areas of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(k) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(*l*) Notwithstanding any other provision of this section, the auditor shall not distribute any amount determined pursuant to this section to any qualifying city that has in the prior fiscal year used any revenues or issued bonds for the construction, acquisition, or development, of any facility which is defined in Section 103(b)(4), 103(b)(5), or 103(b)(6) of the Internal Revenue Code of 1954 prior to the enactment of the Tax Reform Act of 1986 (P.L. 99-514) and is no longer eligible for tax-exempt financing.

SEC. 1.5. Section 98 of the Revenue and Taxation Code is amended to read:

98. (a) In each county, other than the County of Ventura, having within its boundaries a qualifying city, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989–90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of ''property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year,'' an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Except as otherwise provided in this section, each qualifying city shall, for the 1989–90 fiscal year and each fiscal year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount determined pursuant to the TEA formula to all tax rate areas within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its

predecessor section, the auditor shall, for all tax rate areas in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 96.5 or its predecessor section to jurisdictions in the tax rate area using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to qualifying cities pursuant to this subdivision shall be deemed to be the ''amount of property tax revenue allocated in the prior fiscal year.''

(c) ''TEA formula'' means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(E) For the fifth fiscal year in which the qualifying city receives a distribution pursuant to this section, 5 percent of the amount determined in paragraph (5).

(F) For the sixth fiscal year in which the qualifying city receives a distribution pursuant to this section, 6 percent of the amount determined in paragraph (5).

(G) For the seventh fiscal year and each fiscal year thereafter in which the city receives a distribution pursuant to this section, 7 percent of the amount determined in paragraph (5).

(d) ''Qualifying city'' means any city, except a qualifying city as defined in Section 98.1, that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988–89 fiscal year that is less than 7 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue determined in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.07, the city is a qualifying city. If the quotient determined in

that paragraph is equal to or greater than 0.07, the city is not a qualifying city.

(e) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(f) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the sum of the following:

(1) The amount of property tax revenue that was exchanged between the county and the qualifying city as a result of negotiation pursuant to Section 99.03.

(2) (A) (i) In any county other than the County of Santa Clara, the amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed tax, except any tax that was imposed after January 1, 1988. In the case of a tax that existed before January 1, 1988, this clause shall apply only with respect to an amount attributable to a reduction of the rate or base to a level lower than the rate or base applicable on January 1, 1988. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this clause as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(ii) No reduction may be made pursuant to clause (i) in the case in which a local tax is reduced or eliminated as a result of either a court decision or the approval or rejection of a ballot measure by the voters.

(B) In the County of Santa Clara, the net of the amounts determined and applied as follows:

(i) An amount determined and applied as described in clause (i) of subparagraph (A), but not subject to the prohibition of clause (ii) of subparagraph (A).

(ii) The additional amount of revenue that is collected by the qualifying city in the first fiscal year following the operative date of the city's increase in the rate or base of, or new imposition of, a locally imposed tax, on or after January 1, 1998. The amount so computed by the auditor shall constitute an increase in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each

succeeding fiscal year, until the first fiscal year following the repeal of the increase or tax. That amount shall be aggregated with any additional amount computed pursuant to this clause as the result of the city's increase in the rate or base of, or new imposition of, a locally imposed general or special tax in any subsequent year. Notwithstanding any other provision of this clause, in no fiscal year shall the total amount computed for the qualifying city pursuant to this clause exceed the total amount computed for the qualifying city pursuant to clause (i).

(3) The amount of property tax revenue received pursuant to this chapter in excess of the amount allocated for the 1986–87 fiscal year by all special districts that are governed by the city council of the qualifying city or whose governing body is the same as the city council of the qualifying city with respect to all tax rate areas within the boundaries of the qualifying city. Notwithstanding this paragraph:

(A) Commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(B) Commencing with the 1997–98 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city withdrawing from a county free library system pursuant to Section 19116 of the Education Code.

(4) Any amount of property tax revenues that has been exchanged pursuant to Section 56842 of the Government Code between the City of Rancho Mirage and a community services district, the formation of which was initiated on or after March 6, 1997, pursuant to Chapter 4 (commencing with Section 56800) of Part 3 of Division 3 of Title 5 of the Government Code.

(g) Notwithstanding any other provision of this section, in no event may the auditor reduce the amount of ad valorem property tax revenue otherwise allocated to a qualifying city pursuant to this section on the basis of any additional ad valorem property tax revenues received by that city pursuant to a services for revenue agreement. For purposes of this subdivision, a ''services for revenue agreement'' means any agreement between a qualifying city and the county in which it is located, entered into by joint resolution of that city and that county, under which additional service responsibilities are exchanged in consideration for additional property tax revenues.

(h) In any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall increase the actual amount distributed to the qualifying city by the amount of property tax revenue allocated to the qualifying city pursuant to Section 19116 of the Education Code.

(i) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (e), (f), and (g) would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(j) The amount not distributed to the tax rate areas of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(k) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(*l*) Notwithstanding any other provision of this section, the auditor shall not distribute any amount determined pursuant to this section to any qualifying city that has in the prior fiscal year used any revenues or issued bonds for the construction, acquisition, or development, of any facility which is defined in Section 103(b)(4), 103(b)(5), or 103(b)(6) of the Internal Revenue Code of 1954 prior to the enactment of the Tax Reform Act of 1986 (P.L. 99-514) and is no longer eligible for tax-exempt financing.

SEC. 2. Section 98.02 of the Revenue and Taxation Code is amended to read:

98.02. (a) In the County of Ventura, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989–90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas, except excluded tax rate areas, within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of ''property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year,'' an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Each qualifying city shall, for the 1989–90 fiscal year and each fiscal year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, distribute the amount determined pursuant to the TEA formula to all tax rate areas, except excluded tax rate areas, within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of the property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its

predecessor section, the auditor shall, for all tax rate areas, except excluded tax rate areas, in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 98 to jurisdictions in the tax rate area, except an excluded tax rate area, using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to all tax rate areas, except excluded tax rate areas, of qualifying cities pursuant to this subdivision shall be deemed to be the ''amount of property tax revenue allocated to those tax rate areas in the prior fiscal year.''

(c) ''TEA formula'' means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas, except excluded tax rate areas, within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the amount of funds allocated in each fiscal year to those tax rate areas, except excluded tax rate areas, within a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) (A) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(B) Of the total amount determined in subparagraph (A), the auditor shall compute a proportionate amount to be attributed to all tax rate areas, except excluded tax rate areas, within the community redevelopment agency. That proportionate amount shall be equal to that

proportion which the amount determined in paragraph (2) in each fiscal year bears to the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in subparagraph (B) of paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year and each fiscal year thereafter in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(d) For purposes of this section, ''excluded tax rate area'' means either of the following:

(1) Any tax rate area included in territory annexed by the qualifying city and allocated a prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(2) Any tax rate area described in paragraph (1) that was detached from the county library district and that is also allocated an additional prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(e) (1) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas described in subdivision (d) shall remain in force.

(2) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas that were detached from the county library district but are not included in territory that was annexed by the qualifying city shall remain in force.

(3) All allocations to those tax rate areas described in subdivision (d), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 96.1 and Section 96.5.

(4) All allocations to those tax rate areas described in paragraph (2), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 96.1 and Section 96.5. However, the tax rate areas referred to in this paragraph shall also be distributed an amount of property tax revenue determined pursuant to the TEA formula that is over and above the amount allocated as provided in the preceding sentence.

(f) ''Qualifying city'' means any city that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988–89 fiscal year that is less than 4 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to all tax rate areas, except excluded tax rate areas, in the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.04, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.04, the city is not a qualifying city.

(g) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(h) (1) Notwithstanding subdivision (b), except as otherwise provided in paragraph (2), in any fiscal year in which a qualifying city receives a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special tax. The amount so computed by the auditor shall constitute a reduction in the amount of

property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(2) No reduction shall be made pursuant to paragraph (1) in the case in which a local tax is reduced or eliminated as a result of either a court decision or the approval or rejection of a ballot measure by the voters.

(i) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (g) and (h), would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(j) Commencing with the 1999–2000 fiscal year and each fiscal year thereafter, the auditor shall compute an amount that is equal to 60 percent of the total amount transferred to all qualifying cities pursuant to this section. The auditor shall certify that amount to the Controller for allocation of funds to the county pursuant to subdivision (a) of Section 11005.

(k) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(*l*) (1) Notwithstanding any other provision of this section, commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(2) Notwithstanding any other provision of this section, in no event may the auditor reduce the amount of ad valorem property tax revenue otherwise allocated to a qualifying city pursuant to this section on the basis of any additional ad valorem property tax revenues received by that city pursuant to a services for revenue agreement. For purposes of this subdivision, a ''services for revenue agreement'' means any agreement between a qualifying city and the county in which it is located, entered into by joint resolution of that city and that county, under which additional service responsibilities are exchanged in consideration for additional property tax revenues.

(m) The amount not distributed as a result of this section to the tax rate areas, except excluded tax rate areas, in each qualifying city shall be allocated by the auditor to the county.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 98 of the Revenue and Taxation Code proposed by both this bill and SB 1883. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 98 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 1883, in which case Section 1 of this bill shall not become operative.

CHAPTER 172

An act to add Section 31469.8 to the Government Code, relating to county employees' retirement.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 31469.8 is added to the Government Code, to read:

31469.8. (a) In a county of the 18th class, as defined by Sections 28020 and 28039, as amended by Chapter 1204 of the Statutes of 1971, the board of supervisors may meet and confer pursuant to the Meyers-Milias-Brown Act (Chapter 10 (commencing with Section 3500) of Division 4 of Title 1) with a recognized employee organization that represents county employees who are not safety members because the board of supervisors has not made Section 31469.4 applicable in the county, and endeavor to reach agreement on any conditions to be required of employees or an employee organization seeking to have Section 31469.4 made applicable. The conditions shall include, but not be limited to, whether the employees shall be required to pay all or part of the following:

(1) The increase in the employer's normal cost contributions.

(2) Any increase of the employer's unfunded actuarial accrued liability in excess of what it would have accrued if the employees had remained miscellaneous members.

(3) Any increase in the employer's normal cost contributions or unfunded actuarial liability attributable to employees who have become safety members electing to purchase credit as a safety member pursuant to Section 31639.7 for the time served in an eligible position prior to becoming a safety member.

(b) Any payments made by employees on behalf of the employer to cover the increased cost of safety retirement shall be as determined upon

actuarial advice from the retirement board's actuaries, and shall be approved by the board of retirement.

(c) This section shall not be operative in the county until the date on which the board of supervisors, by resolution adopted by a majority vote, makes the provisions of this section applicable in the county.

SEC. 2. Due to unique facts and circumstances applicable to Marin County, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, this special legislation is necessarily applicable to only Marin County.

CHAPTER 173

An act to add Section 5007.2 to the Public Resources Code, relating to the Department of Parks and Recreation.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Due to the state's stewardship of some of the finest and rarest artifacts in the world at Hearst Castle, the ability to quickly address restoration needs is essential to ensure the welfare of these irreplaceable artifacts.

(b) Allowing the Department of Parks and Recreation to forego the normal bid process on artifact restoration when expenditures are less than fifty thousand dollars ($50,000), will give the state the ability to save funds by staving off further deterioration of these items while enhancing their value to the visitors of Hearst Castle.

(c) Proper restoration techniques are offered by a limited pool of qualified service providers.

(d) Streamlining the lengthy bid process on smaller jobs allows the Superintendent of Hearst Castle to tend to the needs of these artifacts that are unique to this facility in a more timely manner.

SEC. 2. Section 5007.2 is added to the Public Resources Code, to read:

5007.2. Notwithstanding any other provision of law, a contract for services under the amount of fifty thousand dollars ($50,000) to restore artifacts at the Hearst San Simeon State Historical Monument is exempt

from Part 2 (commencing with Section 10100) of the Public Contract Code.

CHAPTER 174

An act to amend Section 218 of the Public Utilities Code, relating to public utilities.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 218 of the Public Utilities Code is amended to read:

218. (a) ''Electrical corporation'' includes every corporation or person owning, controlling, operating, or managing any electric plant for compensation within this state, except where electricity is generated on or distributed by the producer through private property solely for its own use or the use of its tenants and not for sale or transmission to others.

(b) ''Electrical corporation'' does not include a corporation or person employing cogeneration technology or producing power from other than a conventional power source for the generation of electricity solely for any one or more of the following purposes:

(A) The real property on which the electricity is generated and the immediately adjacent real property is not under common ownership or control, or that common ownership or control was gained solely for purposes of sale of the electricity so generated and not for other business purposes.

(B) The useful thermal output of the facility generating the electricity is not used on the immediately adjacent property for petroleum production or refining.

(C) The electricity furnished to the immediately adjacent property is not utilized by a subsidiary or affiliate of the corporation or person generating the electricity.

(c) ''Electrical corporation'' does not include a corporation or person employing landfill gas technology for the generation of electricity for any one or more of the following purposes:

(3) Sale or transmission to an electrical corporation or state or local public agency, provided, however, that the sale or transmission of the electricity service to a retail customer shall only be provided through the transmission system of the existing local publicly owned electric utility or electrical corporation of that retail customer.

(e) The amendments made to this section at the 1987 portion of the 1987–88 Regular Session of the Legislature do not apply to any corporation or person employing cogeneration technology or producing power from other than a conventional power source for the generation of electricity that physically produced electricity prior to January 1, 1989, and furnished that electricity to immediately adjacent real property for use thereon prior to January 1, 1989.

CHAPTER 175

An act to add Sections 11621.1, 11621.2, 11621.3, 11621.4, and 11621.5 of, and to repeal Section 11621 of, the Insurance Code, relating to insurance.

[Approved by Governor July 21, 2000. Filed with
Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 11621 of the Insurance Code is repealed.

SEC. 2. Section 11621.1 is added to the Insurance Code, to read:

11621.1. ln the event an insurer discontinues writing automobile liability insurance in this state but retains its license to write that business, it shall continue to pay plan assessments and receive plan assignments until its quota or quotas established by its writings prior to discontinuance of business has or have been filled. However, if the automobile liability business of an insurer discontinuing the writing of that business in this state has been transferred to or reinsured by another insurer, the latter shall receive and assume the plan assignments and plan assessments of the insurer discontinuing business, as established by its writings prior to the transfer or agreement of reinsurance, until its quota or quotas has or have been filled, unless another insurer is allowed to assume those obligations.

SEC. 3. Section 11621.2 is added to the Insurance Code, to read:

11621.2. (a) An insurer that is no longer licensed to write automobile liability insurance in this state shall have its plan business treated in the same manner as its voluntary business and shall not receive new assignments.

(b) The run-off of existing plan business shall be conducted in an orderly manner with policies nonrenewed upon the next anniversary date.

(c) An insurer that elects to surrender its license or has its license to do business in this state revoked shall comply with the following requirements:

(1) If an insurer elects to leave this state by surrendering its license to write automobile insurance, it must submit to the plan's advisory committee as a condition precedent to the surrender of its license a plan that disposes of the insurer's quota of plan assignments established by its voluntary writings, and provides for the handling of its outstanding assigned risk policies, including payment of claims, by appropriate financial arrangements or reinsurance agreements. The plan's advisory committee shall evaluate the plan that is submitted and shall advise the commissioner as to whether or not it recommends acceptance or rejection by the commissioner of the plan.

(2) In the event an insurer's license to do business in this state is revoked by the commissioner, the insurer shall submit to the plan's advisory committee a plan that disposes of the insurer's quota of plan assignments established by its voluntary writings, and provides for the handling of its outstanding assigned risk policies, including payment of claims, by appropriate financial arrangements or reinsurance agreements. The plan's advisory committee shall evaluate the plan that

is submitted and shall advise the commissioner as to whether or not it recommends acceptance or rejection by the commissioner of the plan.

(d) If all insurers in a group are under the same ownership and management, or a group elects to be treated as a single insurer and an insurer in the same group is no longer licensed, that insurer shall comply with the provisions of this section.

SEC. 4. Section 11621.3 is added to the Insurance Code, to read:

11621.3. Insurer groups under the same ownership may elect to be treated as one insurer for purposes of participating in the plan and receiving its assignments and assessments pursuant to this article.

SEC. 5. Section 11621.4 is added to the Insurance Code, to read:

11621.4. (a) New plan assignments to a participating insurer may be suspended or a participating insurer may be relieved of its obligation to renew existing assigned risk policies at expiration when a valid order of suspension is issued by the commissioner and the suspension of assignments or policy renewals is approved by the commissioner. Prior to the approval of a suspension of assignments or policy renewals, the plan's advisory committee shall advise the commissioner as to whether or not it recommends approval or denial of the suspension.

(b) If an insurer granted relief pursuant to subdivision (a) resumes writing business in this state, its quota shall reflect the plan assignments it would have received and the assigned risk renewal policies it would have issued during its period of suspension. The required assignment adjustment shall be spread over a period of three or more years, as determined by the commissioner. Prior to determining this assignment adjustment, the plan's advisory committee shall advise the commissioner as to whether or not it recommends approval or denial of the adjustment.

(c) The adjustment of the insurer's quota shall be a percentage of the insurer's under-assignments as determined by the commissioner. Prior to determining this adjustment, the plans's advisory committee shall advise the commissioner as to whether or not it recommends approval or denial of the adjustment. After the approved period of adjustment has expired, the insurer's normal quota will resume unless the insurer shows good cause to and receives approval from the commissioner for extension of the adjustment period. Prior to this approval, the plan's advisory committee shall advise the commissioner as to whether or not it recommends approval or denial of this extension.

SEC. 6. Section 11621.5 is added to the Insurance Code, to read:

11621.5. (a) In the event proceedings have been initiated by the commissioner to have an insurer declared insolvent, and a receiver or liquidator has been appointed, the plan shall reimburse any insured of that insurer for the unearned premium on any assigned risk policy then in force, upon submission of satisfactory evidence from the insured that

the policy was in force at the time of the declaration of insolvency and that the requisite premium had been paid.

(b) The amount expended by the plan to remit unearned premium to insureds shall be deemed a cost of administration of the plan and shall be apportioned as provided in the plan adopted and approved pursuant to this article. The plan shall be subrogated in the liquidation proceedings to the right of reimbursement of all insureds to whom unearned premium has been remitted. In the event that the insurer is subsequently found by the court not to be insolvent, the proceedings are dismissed, and the receiver or liquidator has been discharged, the insurer shall be assessed by the plan for the total amount expended by the plan for return of unearned premiums.

CHAPTER 176

An act to amend Section 484 of the Penal Code, relating to theft.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 21, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 484 of the Penal Code is amended to read:

484. (a) Every person who shall feloniously steal, take, carry, lead, or drive away the personal property of another, or who shall fraudulently appropriate property which has been entrusted to him or her, or who shall knowingly and designedly, by any false or fraudulent representation or pretense, defraud any other person of money, labor or real or personal property, or who causes or procures others to report falsely of his or her wealth or mercantile character and by thus imposing upon any person, obtains credit and thereby fraudulently gets or obtains possession of money, or property or obtains the labor or service of another, is guilty of theft. In determining the value of the property obtained, for the purposes of this section, the reasonable and fair market value shall be the test, and in determining the value of services received the contract price shall be the test. If there be no contract price, the reasonable and going wage for the service rendered shall govern. For the purposes of this section, any false or fraudulent representation or pretense made shall be treated as continuing, so as to cover any money, property or service received as a result thereof, and the complaint, information or indictment may charge that the crime was committed on any date during the particular period in question. The hiring of any additional employee or employees without advising each of them of every labor claim due and unpaid and every

judgment that the employer has been unable to meet shall be prima facie evidence of intent to defraud.

(b) (1) Except as provided in Section 10855 of the Vehicle Code, where a person has leased or rented the personal property of another person pursuant to a written contract, and that property has a value greater than one thousand dollars ($1,000) and is not a commonly used household item, intent to commit theft by fraud shall be rebuttably presumed if the person fails to return the personal property to its owner within 10 days after the owner has made written demand by certified or registered mail following the expiration of the lease or rental agreement for return of the property so leased or rented.

(2) Except as provided in Section 10855 of the Vehicle Code, where a person has leased or rented the personal property of another person pursuant to a written contract, and where the property has a value no greater than one thousand dollars ($1,000), or where the property is a commonly used household item, intent to commit theft by fraud shall be rebuttably presumed if the person fails to return the personal property to its owner within 20 days after the owner has made written demand by certified or registered mail following the expiration of the lease or rental agreement for return of the property so leased or rented.

(c) Notwithstanding the provisions of subdivision (b), if one presents with criminal intent identification which bears a false or fictitious name or address for the purpose of obtaining the lease or rental of the personal property of another, the presumption created herein shall apply upon the failure of the lessee to return the rental property at the expiration of the lease or rental agreement, and no written demand for the return of the leased or rented property shall be required.

(d) The presumptions created by subdivisions (b) and (c) are presumptions affecting the burden of producing evidence.

(e) Within 30 days after the lease or rental agreement has expired, the owner shall make written demand for return of the property so leased or rented. Notice addressed and mailed to the lessee or renter at the address given at the time of the making of the lease or rental agreement and to any other known address shall constitute proper demand. Where the owner fails to make such written demand the presumption created by subdivision (b) shall not apply.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SECTION 1. Section 19104, as amended by Chapter 203 of the Statutes of 1999, of the Revenue and Taxation Code is amended to read:

19104. (a) Interest upon the amount assessed as a deficiency shall be assessed, collected, and paid in the same manner as the tax at the adjusted annual rate established pursuant to Section 19521 from the date prescribed for the payment of the tax or, if the tax is paid in installments, from the date prescribed for payment of the first installment, until the date the tax is paid. If any portion of the deficiency is paid prior to the date it is assessed, interest shall accrue on that portion only to the date paid.

(b) If the Franchise Tax Board makes or allows a refund or credit that it determines to be erroneous, in whole or in part, the amount erroneously made or allowed may be assessed and collected after notice and demand pursuant to Section 19051 (pertaining to mathematical errors), except that the rights of protest and appeal shall apply with respect to amounts assessable as deficiencies without regard to the running of any period of limitations provided elsewhere in this part. Notice and demand for repayment must be made within two years after the refund or credit was

made or allowed, or during the period within which the Franchise Tax Board may mail a notice of proposed deficiency assessment, whichever period expires the later. Interest on amounts erroneously made or allowed shall not accrue until 30 days from the date the Franchise Tax Board mails a notice and demand for repayment as provided by this subdivision.

(c) (1) The Franchise Tax Board may abate all or any part of any of the following :

(A) Any interest on a deficiency or related to a proposed deficiency to the extent that interest is attributable in whole or in part to any unreasonable error or delay by an officer or employee of the Franchise Tax Board (acting in his or her official capacity) in performing a ministerial or managerial act.

(B) Any interest on a payment of any tax described in Section 19033 to the extent that any delay in that payment is attributable to an officer or employee of the Franchise Tax Board (acting in his or her official capacity) being dilatory in performing a ministerial or managerial act.

(C) Any interest accruing from a deficiency based on a final federal determination of tax, for the same period that interest was abated on the related federal deficiency amount under Section 6404(e) of the Internal Revenue Code, and the error or delay occurred on or before the issuance of the final federal determination. This subparagraph shall apply to any ministerial act for which the interest accrued after September 25, 1987, or for any managerial act applicable to a taxable or income year beginning on or after January 1, 1998, for which the Franchise Tax Board may propose an assessment or allow a claim for refund.

(2) For purposes of paragraph (1):

(A) Except as provided in subparagraph (C), an error or delay shall be taken into account only if no significant aspect of that error or delay can be attributed to the taxpayer involved and after the Franchise Tax Board has contacted the taxpayer in writing with respect to that deficiency or payment.

(B) (i) Except as provided in subparagraph (D), after the Franchise Tax Board mails its notice of determination not to abate interest, a taxpayer may appeal the Franchise Tax Board's determination to the State Board of Equalization within the following periods:

(I) Thirty days in the case of any unpaid interest described under paragraph (1).

(II) Ninety days in the case of any paid interest described under paragraph (1).

(ii) The State Board of Equalization shall have jurisdiction over the appeal to determine whether the Franchise Tax Board's failure to abate interest under this section was an abuse of discretion, and may order an abatement.

(iii) Except for subclauses I and II of clause (i), the provisions of this subparagraph are operative for requests for abatement of interest made on or after January 1, 1998. The provisions of subclauses I and II of clause (i) shall apply to requests for abatement of interest made on or after January 1, 2001, in accordance with paragraph (4).

(C) If the Franchise Tax Board fails to mail its notice of determination on a request to abate interest within six months after the request is filed, the taxpayer may consider that the Franchise Tax Board has determined not to abate interest and appeal that determination to the board. This subparagraph shall not apply to requests for abatement of interest made pursuant to subparagraph (D).

(D) A request for abatement of interest related to a proposed deficiency may be made with the written protest of the underlying proposed deficiency filed pursuant to Section 19041 or with an appeal to the board under Section 19045 in the form and manner required by the Franchise Tax Board. The action of the Franchise Tax Board denying any portion of the request for abatement of interest relating to the proposed deficiency shall be considered as part of the appeal of the action of the Franchise Tax Board on the protest of the proposed deficiency. If the taxpayer filed an appeal from the Franchise Tax Board's action of the protest of a proposed deficiency and the deficiency is final pursuant to Section 19048, the taxpayer may not thereafter request an abatement of interest accruing prior to the time the deficiency is final. However, the taxpayer may thereafter request an abatement pursuant to this section limited to interest accruing after the deficiency is final.

(3) The Franchise Tax Board shall abate the assessment of all interest on any erroneous refund for which an action for recovery is provided under Section 19411 until 30 days after the date demand for repayment is made, unless either of the following has occurred:

(A) The taxpayer (or a related party) has in any way caused that erroneous refund.

(B) That erroneous refund exceeds fifty thousand dollars ($50,000).

(4) The amendments made to this subdivision by the act adding this paragraph shall apply to requests for abatement of interest and appeals made on or after January 1, 2001.

(5) Except as provided in clause (iii) of subparagraph (B) of paragraph (2), the amendments made by Chapter 600 of the Statutes of 1997 are operative with respect to taxable or income years beginning on or after January 1, 1998.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

any other state or local police agency, or any investigatory or security files compiled by any other state or local agency for correctional, law enforcement, or licensing purposes, except that state and local law enforcement agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the victims of an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage or loss, as the result of the incident caused by arson, burglary, fire, explosion, larceny, robbery, carjacking, vandalism, vehicle theft, or a crime as defined by subdivision (c) of Section 13960, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, or unless disclosure would endanger the successful completion of the investigation or a related investigation. However, nothing in this division shall require the disclosure of that portion of those investigative files that reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name and occupation of every individual arrested by the agency, the individual's physical description including date of birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

CHAPTER 185

An act to amend Section 22433 of the Business and Professions Code, relating to simulated checks.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the use of simulated checks is inherently misleading to many members of the public who believe that they have won a prize or gift or received a monetary benefit represented by the simulated check and that the simulated check itself either has the value represented on its face or represents an actual check or other item of value that can be claimed or redeemed with the simulated check. The Legislature further finds and declares that disclosures, such as an indication that the simulated check is not a real check, have not been effective in curing the misleading impact created by the bogus checks. It is, therefore, the intent of the Legislature to prevent the deception inherent in simulated checks by prohibiting their use.

SEC. 2. Section 22433 of the Business and Professions Code is amended to read:

22433. (a) As used in this section, ''simulated check'' means any document that is not currency or a check, draft, note, bond, or other negotiable instrument but that, because of its appearance, has the tendency to mislead or deceive any person viewing it into believing that it, in fact, represents any of the following: (1) currency or a negotiable instrument that can be deposited in a bank or used for third party payments; (2) a prize, gift, or monetary benefit that the recipient has won or is entitled or guaranteed to receive; or (3) an actual check or other item of value that can be claimed or redeemed. ''Simulated check'' does not include a nonnegotiable check, draft, note, or other instrument that is used for soliciting orders for the purchase of checks, drafts, notes, bonds, or other instruments, and that is clearly marked as a sample, specimen, or nonnegotiable. ''Simulated check'' also does not include any document indicating in a truthful and nonmisleading manner that a person, in fact, unconditionally has won or is entitled or guaranteed to receive a specific prize, gift, or amount of money or credit.

(b) No person shall produce, advertise, offer for sale, sell, distribute, or otherwise transfer for use in this state any simulated check.

(c) The Attorney General may bring an action to enjoin a violation of this section, and to recover a civil penalty of not more than one hundred dollars ($100) for each violation of this section. A violation of this section may be enjoined without proof that any person has, in fact, been injured or damaged by the violation.

CHAPTER 186

An act to amend Section 1336 of the Penal Code, relating to criminal procedure.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1336 of the Penal Code is amended to read:

1336. (a) When a material witness for the defendant, or for the people, is about to leave the state, or is so sick or infirm as to afford reasonable grounds for apprehension that he or she will be unable to attend the trial, or is a person 70 years of age or older, or a dependent adult, the defendant or the people may apply for an order that the witness be examined conditionally.

(b) When the people have evidence that the life of a prosecution witness is in jeopardy, the people may apply for an order that the witness be examined conditionally.

(c) As used in this section, ''dependent adult'' means any person who is between the ages of 18 and 70, who has physical or mental limitations which restrict his or her ability to carry out normal activities or to protect his or her rights, including but not limited to, persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. ''Dependent adult'' includes any person between the ages of 18 and 70 who is admitted as an inpatient to a 24-hour facility, as defined in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code.

CHAPTER 187

An act to add Section 66721.5 to the Education Code, relating to public postsecondary education.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited as, the ''Access to Transfer Information for Community College Students Act.''

SEC. 2. The Legislature finds and declares all of the following:

(a) Student matriculation, from community colleges through the University of California and the California State University, is recognized by the Governor, Legislature, and the governing boards of each of the segments of California's system of public postsecondary education as a central institutional priority of all segments of higher education.

(b) The Board of Governors of the California Community Colleges, with the cooperation of the Regents of the University of California and Trustees of the California State University, should ensure that all students are clearly and fully informed as to which community college courses and units are transferable.

(c) Knowledge of transfer agreements will improve a community college student's opportunity to transfer.

(d) The Master Plan for Higher Education establishes transfers as a priority. The California Community Colleges and the University of

California established the goal of a 33 percent increase in transfers between the 1995–96 and the 2004–05 academic years.

(e) According to recent reports by the California Postsecondary Education Commission, the transfer rate to the University of California system has decreased every year since 1995. Given the decreased transfer rates, there is no possibility of achieving the goal of 33 percent.

SEC. 3. Section 66721.5 is added to the Education Code, to read:

66721.5. (a) (1) The governing board of each community college district shall direct the appropriate officials at their respective campuses to provide each of their students with a copy of the current transfer core curriculum.

(2) As used in this section, ''transfer core curriculum'' means the lower-division, general education transfer curriculum that, pursuant to Section 66720, is fully articulated between the California Community Colleges and the California State University and University of California.

(b) A copy of the current transfer core curriculum shall be distributed to each newly admitted community college student who is enrolled in a degree or certification program and is physically in attendance at the institution.

(c) The governing board of a community college district shall ensure that the text of the current transfer core curriculum is included in the published class schedule for each academic term. Copies of the transfer core curriculum may also be made available in other locations on each campus, including, but not necessarily limited to, all of the following:

(1) The admissions office.

(2) The bookstore.

(3) The career counseling center.

(4) The veteran's affairs office.

(d) Notwithstanding subdivision (c), the governing board of a community college may, as an alternative to the methods of distribution set forth in subdivision (c), distribute copies of the current transfer core curriculum by any of the following means:

(1) During the registration process.

(2) By mail, with the registration materials or the enrollment materials, or both, or with other items sent to students.

(3) During the issuance of student identification cards.

(4) During student orientation programs.

(e) Nothing in this section shall be construed to limit the distribution of the transfer core curriculum to community college students.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing

with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 188

An act to amend Section 9614 of the Commercial Code, relating to secured transactions.

This act does not define ''public'' and ''private'' sales and dispositions in general, but describes a limited subset of ''public'' sales and dispositions when the consumer goods collateral is a motor vehicle and provides a specific form of notice solely for those sales.

Nothing in this act shall be construed to alter or disturb any applicable requirements contained in the Rees-Levering Automobile Sales Finance Act (Chapter 2B (commencing with Section 2981) of Title 14 of Part 4 of Division 3 of the Civil Code.

CHAPTER 189

An act to amend Sections 12965 and 12987 of the Government Code, relating to discrimination.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 12965 of the Government Code is amended to read:

12965. (a) In the case of failure to eliminate an unlawful practice under this part through conference, conciliation, or persuasion, or in

advance thereof if circumstances warrant, the director in his or her discretion may cause to be issued in the name of the department a written accusation. The accusation shall contain the name of the person, employer, labor organization, or employment agency accused, which shall be known as the respondent, shall set forth the nature of the charges, shall be served upon the respondent together with a copy of the verified complaint, as amended, and shall require the respondent to answer the charges at a hearing.

For any complaint treated by the director as a group or class complaint for purposes of investigation, conciliation, and accusation pursuant to Section 12961, an accusation shall be issued, if at all, within two years after the filing of the complaint. For all other complaints, an accusation shall be issued, if at all, within one year after the filing of a complaint. If the director determines, pursuant to Section 12961, that a complaint investigated as a group or class complaint under Section 12961 is to be treated as a group or class complaint for purposes of conciliation and accusation as well, that determination shall be made and shall be communicated in writing within one year after the filing of the complaint to each person, employer, labor organization, employment agency, or public entity alleged in the complaint to have committed an unlawful practice.

(b) If an accusation is not issued within 150 days after the filing of a complaint, or if the department earlier determines that no accusation will issue, the department shall promptly notify, in writing, the person claiming to be aggrieved that the department shall issue, on his or her request, the right-to-sue notice. This notice shall indicate that the person claiming to be aggrieved may bring a civil action under this part against the person, employer, labor organization, or employment agency named in the verified complaint within one year from the date of that notice. If the person claiming to be aggrieved does not request a right-to-sue notice, the department shall issue the notice upon completion of its investigation, and not later than one year after the filing of the complaint. A city, county, or district attorney in a location having an enforcement unit established on or before March 1, 1991, pursuant to a local ordinance enacted for the purpose of prosecuting HIV/AIDS discrimination claims, acting on behalf of any person claiming to be aggrieved due to HIV/AIDS discrimination, may also bring a civil action under this part against the person, employer, labor organization, or employment agency named in the notice. The superior and municipal courts of the State of California shall have jurisdiction of those actions, and the aggrieved person may file in any of these courts. Such an action may be brought in any county in the state in which the unlawful practice is alleged to have been committed, in the county in which the records relevant to the practice are maintained and administered, or in the county

in which the aggrieved person would have worked or would have had access to the public accommodation but for the alleged unlawful practice, but if the defendant is not found within any of these counties, an action may be brought within the county of the defendant's residence or principal office. A copy of any complaint filed pursuant to this part shall be served on the principal offices of the department and of the commission. The remedy for failure to send a copy of a complaint is an order to do so. Those actions may not be filed as class actions or may not be maintained as class actions by the person or persons claiming to be aggrieved where those persons have filed a civil class action in the federal courts alleging a comparable claim of employment discrimination against the same defendant or defendants. In actions brought under this section, the court, in its discretion, may award to the prevailing party reasonable attorney's fees and costs, including expert witness fees, except where the action is filed by a public agency or a public official, acting in an official capacity.

(c) (1) If an accusation includes a prayer either for damages for emotional injuries as a component of actual damages, or for administrative fines, or for both, or if an accusation is amended for the purpose of adding a prayer either for damages for emotional injuries as a component of actual damages, or for administrative fines, or both, the respondent may within 30 days after service of the accusation or amended accusation, elect to transfer the proceedings to a court in lieu of a hearing pursuant to subdivision (a) by serving a written notice to that effect on the department, the commission, and the person claiming to be aggrieved. The commission shall prescribe the form and manner of giving written notice.

(2) No later than 30 days after the completion of service of the notice of election pursuant to paragraph (1), the department shall dismiss the accusation and shall, either itself or, at its election, through the Attorney General, file in the appropriate court an action in its own name on behalf of the person claiming to be aggrieved as the real party in interest. In this action, the person claiming to be aggrieved shall be the real party in interest and shall have the right to participate as a party and be represented by his or her own counsel. Complaints filed pursuant to this section shall be filed in the appropriate superior or municipal court in any county in which unlawful practices are alleged to have been committed, in the county in which records relevant to the alleged unlawful practices are maintained and administered, or in the county in which the person claiming to be aggrieved would have worked or would have had access to public accommodation, but for the alleged unlawful practices. If the defendant is not found in any of these counties, the action may be brought within the county of the defendant's residence or principal office. This relief may include a requirement that the employer conduct training for all employees, supervisors, and management on the requirements of this part, the rights and remedies of those who allege a violation of this part, and the employer's internal grievance procedures.

(4) The department may amend an accusation to pray for either damages for emotional injury or for administrative fines, or both, provided that the amendment is made within 30 days of the issuance of the original accusation.

(a) If the commission, after hearing, finds that a respondent has engaged in any unlawful practice as defined in this part, the commission shall state its findings of fact and shall issue and cause to be served on the respondent an order requiring the respondent to cease and desist from the practice and to take those actions, as, in the judgment of the commission, will effectuate the purpose of this part, including, but not limited to, any of the following:

(1) The sale or rental of the housing accommodation if it is still available, or the sale or rental of a like housing accommodation, if one is available, or the provision of financial assistance, terms, conditions, or privileges previously denied in violation of subdivision (f) of Section 12955 in the purchase, organization, or construction of the housing accommodation, if available.

An act to amend Section 52054 of the Education Code, relating to school accountability.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 52054 of the Education Code is amended to read:

52054. (a) By November 15 of the year that the school is selected to participate, the governing board of a school district having jurisdiction over a school selected for participation in the program shall contract with an external evaluator from the list of external evaluators and shall appoint a broad-based schoolsite and community team, consisting of a majority of nonschoolsite personnel. In a school that has a limited-English-proficient pupil population that constitutes at least 40 percent of the total pupil population, an external evaluator shall have demonstrated experience in working with a limited-English-proficient pupil population. Not less than 20 percent of the members of the team shall be parents or legal guardians of pupils in the school.

(b) By December 15 of the year that the school is selected to participate, the selected external evaluator shall solicit input from the parents and legal guardians of the pupils of the school. At a minimum, the evaluator shall do all of the following:

(1) Inform the parents and legal guardians, in writing, that the school has been selected to participate in the Immediate Intervention/Underperforming Schools Program due to its below-average performance.

(2) Hold a public meeting at the school, in cooperation with the principal, to which all parents and legal guardians of pupils in the school receive a written invitation. The invitation to the meeting may be combined with the written notice required by paragraph (1).

(3) Solicit, at the public meeting, the recommendations and opinions of the participating parents and legal guardians of pupils in the school regarding actions that should be taken to improve the performance of the school. These opinions and recommendations shall be considered by the external evaluator and the community team in the development of the action plan pursuant to this section.

(4) Notify all parents and legal guardians of pupils in the school of their opportunity to provide written recommendations of actions that should be taken to improve the performance of the school which shall be considered by the external evaluator and the community team in the development of the action plan pursuant to this section. Notice required by this subdivision may be combined with the written notice required by paragraph (1).

(c) By January 15 of the year that the school is selected to participate, the selected external evaluator shall complete a review of the school that identifies weaknesses that contribute to the school's below average performance and makes recommendations for improvement.

(d) By April 15 of the year that follows the year the school is selected to participate, the external evaluator and the schoolsite and community team selected pursuant to subdivision (a) shall develop an action plan to improve the academic achievement of the pupils enrolled at the school. The action plan shall include percentage growth targets at least as high as the annual growth targets adopted by the State Board of Education pursuant to Section 52052. The action plan shall include an expenditure plan and shall be of a scope that does not require expenditure of funds in excess of those provided pursuant to this article or otherwise available to the school. The action plan may not be of a scope that requires reimbursement by the Commission on State Mandates for its implementation.

(e) At a minimum, the action plan shall do all of the following:

(1) Review and include the school and district conditions identified in the school accountability report card pursuant to Section 33126.

(2) Identify the current barriers at the school and district toward improvements in pupil achievement.

(3) Identify schoolwide and districtwide strategies to remove these barriers.

(4) Review and include school and school district crime statistics, in accordance with Section 628.5 of the Penal Code.

(5) Examine and consider disaggregated data regarding pupil achievement and other indicators to consider whether all groups and types of pupils make adequate progress toward short-term growth targets and long-term performance goals. The disaggregated data to be included and considered by the plan shall, at a minimum, provide information regarding the achievement of English learners, economically disadvantaged pupils, and other groups of pupils, by race, ethnicity, and gender.

(6) Set short-term academic objectives pursuant to Section 52052 for a two-year period that will allow the school to make adequate progress toward the growth targets established for each participating school for pupil achievement as measured by all of the following to the extent that the data is available for the school:

(A) The achievement test administered pursuant to Section 60640.

(B) Graduation rates for grades 7 to 12, inclusive.

(C) Attendance rates for pupils and school personnel for elementary, middle, and secondary schools.

(D) Any other indicators approved by the State Board of Education.

(f) The school action plan shall focus on improving pupil academic performance, improving the involvement of parents and guardians, improving the effective and efficient allocation of resources and management of the school, and identifying and developing solutions that take into account the underlying causes for low performance by pupils.

(g) The school action plan may propose to increase the number of instructional days offered at the schoolsite and also may propose to increase up to a full 12 months the amount of time for which certificated employees are contracted, if all of the following conditions are met:

(1) Provisions of the plan proposed pursuant to this subdivision shall not violate current applicable collective bargaining agreements.

(2) An agreement is reached with the exclusive representative concerning staffing specifically to accommodate the extended school year or 12-month contract.

(h) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(i) Upon its completion, the action plan shall be submitted to the governing board of the school districts for its approval. After the plan is approved, but no later than May 15 of the year that follows the year the

school is selected to participate, the plan shall be submitted to the Superintendent of Public Instruction with a request for funding in the form prescribed by the Superintendent of Public Instruction.

(j) Not later than June 15 of the year next following the year in which a school is selected for participation, the State Board of Education shall review and approve or disapprove the school's request for funding, based on the recommendation of the Superintendent of Public Instruction. In conjunction with its approval of a request for funding to implement a school's action plan, the State Board of Education may waive all or any part of any provision of this code, or any regulation adopted by the State Board of Education, controlling any of the programs listed in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761 and Section 64000 if the waiver does not result in a decrease in the instructional time otherwise required by law or regulation or an increase in state costs and is determined to be consistent with subdivision (a) of Section 46300.

(b) ''Launch site'' means the location on Earth from which a launch takes place, as defined in a license the United States Secretary of Transportation issues or transfers under the authority of the Commercial Space Launch Act (49 U.S.C.A. (g) ''Person'' means any individual and any corporation, partnership, joint venture, association, or other entity organized or existing under the laws of any state or nation.

(h) ''Reentry'' means the return of any launch vehicle that has been placed in a ballistic, suborbital, or orbital trajectory, or its payload, if any, to the Earth. Reentry includes all activities involved in the postflight ground operations. A reentry terminates when a launch vehicle or payload, if any, has completed its descent to Earth, is retrieved and secured.

(i) ''Spaceport'' means a location from which a space launch or operation directly associated with a space launch takes place, and a location at which a reentry vehicle or its payload, if any, is intended to land. The people of the State of California do enact as follows:

SECTION 1. Section 223 of the Code of Civil Procedure is amended to read:

The court may, in the exercise of its discretion, limit the oral and direct questioning of prospective jurors by counsel. The court may specify the maximum amount of time that counsel for each party may question an individual juror, or may specify an aggregate amount of time for each party, which can then be allocated among the prospective jurors by counsel. Voir dire of any prospective jurors shall, where practicable, occur in the presence of the other jurors in all criminal cases, including death penalty cases. Examination of prospective jurors shall be conducted only in aid of the exercise of challenges for cause.

The trial court's exercise of its discretion in the manner in which voir dire is conducted, including any limitation on the time which will be allowed for direct questioning of prospective jurors by counsel and any determination that a question is not in aid of the exercise of challenges for cause, shall not cause any conviction to be reversed unless the exercise of that discretion has resulted in a miscarriage of justice, as specified in Section 13 of Article VI of the California Constitution.

SEC. 2. Section 17199.1 of the Education Code is amended to read:

17199.1. (a) Any participating district, exclusively for the purpose of securing financing or refinancing of projects or working capital pursuant to this chapter through the issuance, by the authority, of revenue bonds, certificates of participation, or other means, and notwithstanding any other provision of law, may: (1) sell to the authority all or part of any rights to or possibilities regarding the state's share of funding for school facilities approved by the State Allocation Board pursuant to Chapter 12.5 (commencing with Sec. 17070.10) including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board from proceeds of state bonds already authorized by the electors but not yet issued; (2) issue bonds to the authority; or (3) borrow money or purchase or lease educational facilities from the authority, and in connection therewith, sell or lease property to the authority, in each case at any interest rate or rates, rental provisions, with any maturity date or dates or term, and with any other transfer, assignment, payment, security, default, remedy, and other terms or provisions as may be specified in the sale of rights agreement or the bonds of the participating district or a loan, loan purchase, installment sale, lease, or other agreement between the authority and the participating district, subject to the following conditions:

(A) The sum of the amount borrowed to finance working capital and the interest payable thereon at the initial interest rate if interest is variable, shall not exceed 85 percent of the estimated amount of uncollected taxes, income, revenue, cash receipts, and other district funds which will be available in any fiscal year for the repayment of the loan and the interest thereon. For purposes of this paragraph, ''revenue'' includes, but is not limited to, federal and state funds received by the district.

(B) In computing the maximum amount which may be borrowed in any fiscal year pursuant to subparagraph (A), the district may exclude the amount of any principal or interest which is secured by a pledge of the amount in any inactive or term deposit of the district which has a term scheduled to terminate during that fiscal year.

(C) A participating district that borrows money to finance working capital pursuant to this subdivision shall be required to repay and discharge the loan, including interest, within 15 months of the loan date.

(D) In enacting this chapter, it is the intent of the Legislature to provide financing of working capital needed to cover temporary or cash-flow deficits and needs for working capital and not long-term budget deficits or shortfalls in funding. The participating school district must demonstrate to the satisfaction of the authority that, during the term of any working capital loan received pursuant to this chapter, the participating district will receive or otherwise have (without additional borrowing) sufficient funds to repay and discharge the loan. The participating district may take into account all district funds and may base future projections upon historical experience or reasonable expectations, or a combination thereof.

(b) Notwithstanding Sections 700, 703, and 1045 of the Civil Code, the rights and possibilities that a participating district may have or obtain in the future to an approved state contribution to funding for school facilities pursuant to Chapter 12.5 (commencing with Sec. 17070.10) that remains unfunded pending the issuance of state bonds already authorized by the electors shall constitute property for all purposes and may be transferred as provided in subdivision (a). In the case of any transfer or assignment of rights or possibilities relating to funds for which bonds have been approved by the voters but are not yet available, the transfer or assignment shall be approved by resolution of the State Allocation Board prior to becoming effective.

(c) Any participating district may enter into any agreement for liquidity or credit enhancement, with any reimbursement, payment, interest, security, default, remedy, and other terms it may deem necessary or appropriate in connection with the issuance of bonds, the borrowing of money or the lease or purchase of educational facilities, whichever is applicable. Any participating district or districts may also do all things and execute all documents as may be necessary or desirable in connection with the issuance of certificates of participation, or other interests, in any bond, loan, installment sale, lease, or other agreement of the district.

(d) A school district may by resolution authorize any county or city board of education or superintendent of schools, and a community college district may by resolution authorize the Board of Governors of the California Community Colleges or the Chancellor of the California

Community Colleges, to act as its agent in the performance of any of the matters permitted by this section or any other provision of this chapter. Notwithstanding any other provision of law, the agent shall have the powers granted by the resolution for purposes of this chapter. The resolution shall be deemed to bind the school district or community college district, as the case may be, to any contract, agreement, instrument, or other document executed by the agent on behalf of the school district or community college district, and all duties, obligations, or responsibilities contained therein on the part of the school district or community college district, to the same extent as if duly authorized, executed, and delivered by the school district or community college district.

(e) This section shall be deemed to provide a complete, additional, and alternative method for accomplishing the acts authorized by this section, and the sale or transfer of any rights to or possibilities regarding the state share of funding for school facilities approved by the State Allocation Board including amounts apportioned and funded and amounts approved but not yet funded from proceeds of state bonds already authorized by the electors but not yet issued, issuance of bonds to, borrowing of money from, or sale or purchase or lease of educational facilities from or to, the authority. Any agreement entered into in connection with the transfer of any rights to or possibilities regarding the state contribution for funding for school facilities pursuant to Chapter 12.5 (commencing with Section 17070.10), including amounts apportioned and funded and amounts approved but not yet funded by the State Allocation Board from proceeds of state bonds already authorized by the electors but not yet issued, or the issuance of bonds, the borrowing of money or the sale, purchase, or lease of educational facilities, including, without limitation, any agreement for liquidity or credit enhancement under this section, need not comply with the requirements of any other law applicable to issuance of bonds, borrowing, selling, purchasing, leasing, pledge, encumbrance, or credit, as the case may be, by a school district or community college district, or by a county or city board of education or superintendent of schools or the Board of Governors of the California Community Colleges or Chancellor of the California Community Colleges.

CHAPTER 197

An act to amend Sections 125.9 and 2099.5 of, and to repeal Section 2454 of, the Business and Professions Code, and to amend Section 13401 of the Corporations Code, relating to osteopathic physicians and surgeons.

[Approved by Governor July 21, 2000. Filed with Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 125.9 of the Business and Professions Code is amended to read:

125.9. (a) Except with respect to persons regulated under Chapter 8 (commencing with Section 6850), Chapter 11 (commencing with Section 7500), Chapter 11.5 (commencing with Section 7512), and Chapter 11.6 (commencing with Section 7590) of Division 3, or a person holding a license specified in paragraph (1), (6), or (7) of subdivision (b) of Section 9941, any board, bureau, or commission within the department, and the Osteopathic Medical Board of California, may establish, by regulation, a system for the issuance to a licensee of a citation which may contain an order of abatement or an order to pay an administrative fine assessed by the board, bureau, or commission where the licensee is in violation of the applicable licensing act or any regulation adopted pursuant thereto.

(b) The system shall contain the following provisions:

(1) Citations shall be in writing and shall describe with particularity the nature of the violation, including specific reference to the provision of law determined to have been violated.

(2) Whenever appropriate, the citation shall contain an order of abatement fixing a reasonable time for abatement of the violation.

(3) In no event shall the administrative fine assessed by the board, bureau, or commission exceed two thousand five hundred dollars ($2,500) for each inspection or each investigation made with respect to the violation, or two thousand five hundred dollars ($2,500) for each violation or count if the violation involves fraudulent billing submitted to an insurance company, the Medi-Cal program, or Medicare. In assessing a fine, the board, bureau, or commission shall give due consideration to the appropriateness of the amount of the fine with respect to factors such as the gravity of the violation, the good faith of the licensee, and the history of previous violations.

(4) A citation or fine assessment issued pursuant to a citation shall inform the licensee that if he or she desires a hearing to contest the finding of a violation, that hearing shall be requested by written notice to the board, bureau, or commission within 30 days of the date of issuance of the citation or assessment. If a hearing is not requested pursuant to this section, payment of any fine shall not constitute an admission of the violation charged. Hearings shall be held pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(5) Failure of a licensee to pay a fine within 30 days of the date of assessment, unless the citation is being appealed, may result in disciplinary action being taken by the board, bureau, or commission.

Where a citation is not contested and a fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of the license. A license shall not be renewed without payment of the renewal fee and fine.

(c) The system may contain the following provisions:

(1) A citation may be issued without the assessment of an administrative fine.

(2) Assessment of administrative fines may be limited to only particular violations of the applicable licensing act.

(d) Notwithstanding any other provision of law, if a fine is paid to satisfy an assessment based on the finding of a violation, payment of the fine shall be represented as satisfactory resolution of the matter for purposes of public disclosure.

(e) Administrative fines collected pursuant to this section shall be deposited in the special fund of the particular board, bureau, or commission.

SEC. 2. Section 2099.5 of the Business and Professions Code is amended to read:

2099.5. Notwithstanding any other provision of law, an originating license for an osteopathic physician's and surgeon's certificate issued by the Osteopathic Medical Board of California shall require the following:

(a) A written examination, that is either prepared or selected by the Osteopathic Medical Board of California. The written examination shall include osteopathic principles and practices and all applicable provisions of Article 4 (commencing with Section 2080). An applicant shall successfully complete the written examination, as determined by the board.

(e) ''Disqualified person'' means a licensed person who for any reason becomes legally disqualified (temporarily or permanently) to render the professional services that the particular professional corporation or foreign professional corporation of which he or she is an officer, director, shareholder, or employee is or was rendering.

(b) It shall be the duty of every hospital licensed under the laws of this state to display prominently in its emergency room posters giving notification of the existence and general provisions of this chapter, and the existence and locations of local victim centers. The board, in cooperation with local victim centers, shall set standards for the location of a display and shall provide posters, application forms, and general information regarding the provisions of this chapter to each hospital and physician licensed to practice in the state.

(c) It shall be the duty of every local law enforcement agency to inform victims of crimes of the provisions of this chapter, of the existence of local victim centers, and in counties where no local victim center exists, to provide application forms to victims who desire to seek assistance pursuant to this article. The board shall provide application forms and all other documents that local law enforcement agencies and victim centers may require to comply with this section. The board, in cooperation with local victim centers shall set standards to be followed by local law enforcement agencies for this purpose and may require them to file with the board a description of the procedures adopted by each agency to comply.

(d) Notwithstanding Section 827 of the Welfare and Institutions Code or any other provision of law, every law enforcement and social service agency in the state shall provide to the board or to the designated local victim centers, upon request, a copy of a petition filed in a juvenile court proceeding, reports of the probation officer, any other document made available to the probation officer or to the judge, referee, or other hearing officer, a complete copy of the report regarding the incident and any supplemental reports involving the crime, public offense, or incident giving rise to a claim, for the specific purpose of the submission of a claim or the determination of eligibility to submit a claim filed pursuant to this article. Any information received pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated. A violation of this subdivision is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(e) The law enforcement agency supplying the information may, at its discretion, withhold the names of witnesses or informants from the board, if the release of such names would be detrimental to the parties or to an investigation currently in progress.

(f) Notwithstanding any other provision of law, every state agency, upon receipt of a copy of a release signed in accordance with the Information Practices Act of 1977 by the applicant or other authorized representative, shall provide to the board or local victim center the information necessary to complete the verification of an application filed pursuant to this article.

(h) A privilege is not waived under Section 912 of the Evidence Code by an applicant consenting to disclosure of an otherwise privileged communication if that disclosure is deemed necessary by the board for verification of the application pursuant to Section 13961.

SEC. 4. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds

compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments as provided in Section 1464, and shall be deposited in the Restitution Fund in the State Treasury.

(f) In every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall

include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution ordered pursuant to this subdivision shall be ordered to be deposited to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance from the Victims of Crime Program pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health counseling expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(I) Expenses incurred by an adult victim in relocating away from the defendant, including, but not limited to, deposits for utilities and telephone service, deposits for rental housing, temporary lodging and food expenses, clothing, and personal items. Expenses incurred pursuant to this section shall be verified by law enforcement to be necessary for the personal safety of the victim or by a mental health treatment provider to be necessary for the emotional well-being of the victim.

(J) Expenses to install or increase residential security incurred related to a crime, as defined in subdivision (c) of Section 667.5, including, but not limited to, a home security device or system, or replacing or increasing the number of locks.

(K) Expenses to retrofit a residence or vehicle, or both, to make the residence accessible to or the vehicle operational by the victim, if the victim is permanently disabled, whether the disability is partial or total, as a direct result of the crime.

(4) (A) If, as a result of the defendant's conduct, the Restitution Fund has provided assistance to or on behalf of a victim or derivative victim pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code, the amount of assistance provided shall be presumed to be a direct result of the defendant's criminal conduct and shall be included in the amount of the restitution ordered.

(B) The amount of assistance provided by the Restitution Fund shall be established by copies of bills submitted to the State Board of Control reflecting the amount paid by the board and whether the services for which payment was made were for medical or dental expenses, funeral or burial expenses, mental health counseling, wage or support losses, or rehabilitation. Certified copies of these bills provided by the State Board of Control and redacted to protect the privacy and safety of the victim or any legal privilege, together with a statement made under penalty of perjury by the custodian of records that those bills were submitted to and were paid by the State Board of Control, shall be sufficient to meet this requirement.

(C) If the defendant offers evidence to rebut the presumption established by this paragraph, the court may release additional information contained in the records of the State Board of Control to the defendant only after reviewing that information in camera and finding that the information is necessary for the defendant to dispute the amount of the restitution order.

(5) Except as provided in paragraph (6), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may

be ordered. This disclosure shall be available to the victim pursuant to Section 1214, and any use the court may make of the disclosure shall be subject to the restrictions of subdivision (g). The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(6) A defendant who fails to file the financial disclosure required in paragraph (5), but who has filed a financial affidavit or financial information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (5), and paragraphs (7) to (10), inclusive, shall not apply.

(7) Except as provided in paragraph (6), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(8) In its discretion, the court may relieve the defendant of the duty under paragraph (7) of filing with the clerk by requiring that the defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(9) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (5) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(10) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (5) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (5) as a condition of probation or suspended sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, ''victim'' shall include all of the following:

(1) The immediate surviving family of the actual victim.

(2) Any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(3) ''Derivative victims'' as defined in Section 13960 of the Government Code.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13966.01 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) (1) This section shall become operative on January 1, 2000, except when all of the following apply:

(A) A majority of judges of a court apply to the Judicial Council for an extension.

(B) The judicial application described in paragraph (1) documents the need for time to adjust restitution procedures and practices, as well as to facilitate judicial education and training in direct restitution to victims under subdivision (f).

(C) The Judicial Council grants the extension upon finding good cause.

(2) Upon the grant of an extension pursuant to the application of a court under this subdivision, the provisions of former Section 1214 shall continue to apply with respect to that court. The extension may be for any period of time set by the Judicial Council, but shall not exceed January 1, 2002, in any case.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction,

within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(f) In the exercise of its inherent power to make investigations and ascertain facts to formulate public policy and determine the necessity and expediency of contemplated legislation for the protection of the public health, safety, and welfare, it is the intent of the Legislature that the State Board of Chiropractic Examiners and the Osteopathic Medical Board of California be reviewed pursuant to this section.

[Approved by Governor July 24, 2000. Filed with
Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1108 of the Corporations Code is amended to read:

1108. (a) The merger of any number of domestic corporations with any number of foreign corporations may be effected if the foreign corporations are authorized by the laws under which they are formed to effect the merger. The surviving corporation may be any one of the constituent corporations and shall continue to exist under the laws of the state or place of its incorporation.

(b) If the surviving corporation is a domestic corporation, the merger proceedings with respect to that corporation and any domestic disappearing corporation shall conform to the provisions of this chapter governing the merger of domestic corporations, but if the surviving corporation is a foreign corporation, then, subject to the requirements of subdivision (d) and of Section 407 and Chapters 12 (commencing with Section 1200) and 13 (commencing with Section 1300) (with respect to any domestic constituent corporations), the merger proceedings may be in accordance with the laws of the state or place of incorporation of the surviving corporation.

(c) If the surviving corporation is a domestic corporation, the agreement and the officers' certificate of each domestic or foreign constituent corporation shall be filed as provided in Section 1103, or the certificate of ownership shall be filed as provided in Section 1110, and thereupon, subject to subdivision (c) of Section 110, the merger shall be effective as to each domestic constituent corporation; and each foreign disappearing corporation that is qualified for the transaction of intrastate business shall by virtue of the filing, subject to subdivision (c) of Section 110, automatically surrender its right to transact intrastate business.

(d) If the surviving corporation is a foreign corporation, the merger shall become effective in accordance with the law of the jurisdiction in which it is organized, but, except as provided in subdivision (e), the merger shall be effective as to any domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction upon the filing in this state as required by this subdivision. There shall be filed as to the domestic disappearing corporation or corporations the documents described in any one of the following paragraphs:

(1) A copy of the agreement, certificate or other document filed by the surviving foreign corporation in the state or place of its incorporation for the purpose of effecting the merger, which copy shall be certified by the public officer having official custody of the original.

(2) An executed counterpart of the agreement, certificate or other document filed by the surviving foreign corporation in the state or place of its incorporation for the purpose of effecting the merger.

(3) A copy of the agreement of merger with an officers' certificate of the surviving foreign corporation and of each constituent domestic corporation attached, which officers' certificates shall conform to the requirements of Section 1103.

(4) A certificate of ownership pursuant to Section 1110.

(e) If the date of the filing in this state pursuant to subdivision (d) is more than six months after the time of the effectiveness in the foreign jurisdiction, or if the powers of the domestic corporation are suspended at the time of effectiveness in the foreign jurisdiction, the merger shall be effective as to the domestic disappearing corporation or corporations as of the date of filing in this state. Each foreign disappearing corporation that is qualified for the transaction of intrastate business shall, by virtue of the filing pursuant to subdivision (d), automatically surrender its right to transact intrastate business as of the date of filing in this state regardless of the time of effectiveness as to a domestic disappearing corporation.

(f) The provisions of the last two sentences of Section 1101 and Chapter 12 (commencing with Section 1200) and Chapter 13 (commencing with Section 1300) apply to the rights of the shareholders of any of the constituent corporations that are domestic corporations and of any domestic corporation that is a parent party of any foreign constituent corporation.

(g) A certificate of satisfaction of the Franchise Tax Board shall be filed when required by Section 1103 or 1110 or when required by Section 23334 of the Revenue and Taxation Code.

SEC. 2. Section 1113 of the Corporations Code is amended to read:

1113. (a) Any one or more corporations may merge with one or more other business entities (Section 174.5). One or more domestic corporations (Section 167) not organized under this division and one or more foreign corporations (Section 171) may be parties to the merger. Notwithstanding the provisions of this section, the merger of any number of corporations with any number of other business entities may be effected only if:

(1) In a merger in which a domestic corporation not organized under this division or a domestic other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(2) In a merger in which a foreign corporation is a party, it is authorized by the laws under which it is organized to effect the merger.

(3) In a merger in which a foreign other business entity is a party, it is authorized by the laws under which it is organized to effect the merger.

(b) Each corporation and each other party which desires to merge shall approve, and shall be a party to, an agreement of merger. Other persons, including a parent party (Section 1200), may be parties to the agreement of merger. The board of each corporation which desires to merge, and, if required the shareholders, shall approve the agreement of merger. The agreement of merger shall be approved on behalf of each party by those persons required to approve the merger by the laws under which it is organized. The agreement of merger shall state:

(1) The terms and conditions of the merger.

(2) The name and place of incorporation or organization of each party to the merger and the identity of the surviving party.

(3) The amendments, if any, subject to Sections 900 and 907, to the articles of the surviving corporation, if applicable, to be effected by the merger. If any amendment changes the name of the surviving corporation, if applicable, the new name may be, subject to subdivision (b) of Section 201, the same as or similar to the name of a disappearing party to the merger.

(4) The manner of converting the shares of each constituent corporation into shares, interests, or other securities of the surviving party. If any shares of any constituent corporation are not to be converted solely into shares, interests or other securities of the surviving party, the agreement of merger shall state (i) the cash, rights, securities, or other property which the holders of those shares are to receive in exchange for the shares, which cash, rights, securities, or other property may be in addition to or in lieu of shares, interests or other securities of the surviving party, or (ii) that the shares are canceled without consideration.

(5) Any other details or provisions required by the laws under which any party to the merger is organized, including, if a public benefit corporation or a religious corporation is a party to the merger, Section 6019.1, or, if a mutual benefit corporation is a party to the merger, Section 8019.1, or, if a consumer cooperative corporation is a party to the merger, Section 12540.1, or, if a domestic limited partnership is a party to the merger, Section 15678.2, or, if a domestic partnership is a party to the merger, Section 16911, or, if a domestic limited liability company is a party to the merger, Section 17551.

(6) Any other details or provisions as are desired, including, without limitation, a provision for the payment of cash in lieu of fractional shares or for any other arrangement with respect thereto consistent with the provisions of Section 407.

(c) Each share of the same class or series of any constituent corporation (other than the cancellation of shares held by a party to the merger or its parent, or a wholly owned subsidiary of either, in another constituent corporation) shall, unless all shareholders of the class or series consent and except as provided in Section 407, be treated equally

with respect to any distribution of cash, rights, securities, or other property. Notwithstanding paragraph (4) of subdivision (b), the nonredeemable common shares of a constituent corporation may be converted only into nonredeemable common shares of a surviving corporation or a parent party (Section 1200) or nonredeemable equity securities of a surviving party other than a corporation if another party to the merger or its parent owns, directly or indirectly, prior to the merger shares of that corporation representing more than 50 percent of the voting power of that corporation, unless all of the shareholders of the class consent and except as provided in Section 407.

(d) Notwithstanding its prior approval, an agreement of merger may be amended prior to the filing of the agreement of merger or the certificate of merger, as is applicable, if the amendment is approved by the board of each constituent corporation and, if the amendment changes any of the principal terms of the agreement, by the outstanding shares (Section 152), if required by Chapter 12 (commencing with Section 1200), in the same manner as the original agreement of merger. If the agreement of merger as so amended and approved is also approved by each of the other parties to the agreement of merger, the agreement of merger as so amended shall then constitute the agreement of merger.

(e) The board of a constituent corporation may, in its discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other parties to the agreement of merger, without further approval by the outstanding shares (Section 152), at any time before the merger is effective.

(f) Each constituent corporation shall sign the agreement of merger by its chairperson of the board, president or a vice president and also by its secretary or an assistant secretary acting on behalf of their respective corporations.

(g) (1) If the surviving party is a corporation or a foreign corporation, or if a public benefit corporation (Section 5060), a mutual benefit corporation (Section 5059), a religious corporation (Section 5061), or a corporation organized under the Consumer Cooperative Corporation Law (Section 12200) is a party to the merger, after required approvals of the merger by each constituent corporation through approval of the board (Section 151) and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and by the other parties to the merger, the surviving party shall file a copy of the agreement of merger with an officers' certificate of each constituent domestic and foreign corporation attached stating the total number of outstanding shares or membership interests of each class entitled to vote on the merger (and identifying any other person or persons whose approval is required), that the agreement of merger in the form attached or its principal terms, as required, were approved by that corporation by

a vote of a number of shares or membership interests of each class that equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class and, if applicable, by that other person or persons whose approval is required, or that the merger agreement was entitled to be and was approved by the board alone (as provided in Section 1201, in the case of corporations subject to that section). If equity securities of a parent party (Section 1200) are to be issued in the merger, the officers' certificate of that controlled party shall state either that no vote of the shareholders of the parent party was required or that the required vote was obtained. In lieu of an officers' certificate, a certificate of merger, on a form prescribed by the Secretary of State, shall be filed for each constituent other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent limited liability company by all managers of the limited liability company (unless a lesser number is specified in its articles or organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed those officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact, and by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for that party the provision of law or other basis for the authority of the signing persons. The certificate of merger shall set forth, if a vote of the shareholders, members, partners, or other holders of interests of the constituent other business entity was required, a statement setting forth the total number of outstanding interests of each class entitled to vote on the merger and that the agreement of merger in the form attached or its principal terms, as required, were approved by a vote of the number of interests of each class that equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, and any other information required to be set forth under the laws under which the constituent other business entity is organized, including, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4, if a domestic partnership is a party to the merger, subdivision

(b) of Section 16915, and, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552. The certificate of merger for each constituent foreign other business entity, if any, shall also set forth the statutory or other basis under which that foreign other business entity is authorized by the laws under which it is organized to effect the merger. The merger and any amendment of the articles of the surviving corporation, if applicable, contained in the agreement of merger shall be effective upon filing of the agreement of merger with an officer's certificate of each constituent domestic and foreign corporation and a certificate of merger for each constituent other business entity, subject to subdivision (c) of Section 110 and subject to the provisions of subdivision (j), and the several parties thereto shall be one entity. The agreement of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger taxed under the Bank and Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by that law have been paid or secured. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger, the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger pursuant to Section 1555 of the Insurance Code. The Secretary of State may certify a copy of the agreement of merger separate from the officers' certificates and certificates of merger attached thereto.

(2) If the surviving entity is an other business entity, and no public benefit corporation (Section 5060), mutual benefit corporation (Section 5059), religious corporation (Section 5061), or corporation organized under the Consumer Cooperative Corporation Law (Section 12200) is a party to the merger, after required approvals of the merger by each constituent corporation through approval of the board (Section 151) and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200) and by the other parties to the merger, the parties to the merger shall file a certificate of merger in the office of, and on a form prescribed by, the Secretary of State. The certificate of merger shall be executed and acknowledged by each constituent domestic and foreign corporation by its chairperson of the board, president or a vice president and also by its secretary or an assistant secretary and by each domestic constituent limited liability company by all managers of the limited liability company (unless a lesser number is specified in its articles of organization or operating agreement) and by each domestic constituent limited partnership by all general partners (unless a lesser number is provided in its certificate of limited partnership or partnership agreement) and by each domestic constituent general partnership by two partners (unless a lesser number

is provided in its partnership agreement) and by each foreign constituent limited liability company by one or more managers and by each foreign constituent general partnership or foreign constituent limited partnership by one or more general partners, and by each constituent reciprocal insurer by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary, or, if a constituent reciprocal insurer has not appointed those officers, by the chairperson of the board, president, or vice president, and by the secretary or assistant secretary of the constituent reciprocal insurer's attorney-in-fact. The certificate of merger shall be signed by each other party to the merger by those persons required or authorized to execute the certificate of merger by the laws under which that party is organized, specifying for that party the provision of law or other basis for the authority of the signing persons. The certificate of merger shall set forth all of the following:

(A) The name, place of incorporation or organization, and the Secretary of State's file number, if any, of each party to the merger, separately identifying the disappearing parties and the surviving party.

(B) If the approval of the outstanding shares of a constituent corporation was required by Chapter 12 (commencing with Section 1200), a statement setting forth the total number of outstanding shares of each class entitled to vote on the merger and that the principal terms of the agreement of merger were approved by a vote of the number of shares of each class entitled to vote and the percentage vote required of each class.

(C) The future effective date or time, not more than 90 days subsequent to the date of filing of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(D) A statement, by each party to the merger which is a domestic corporation not organized under this division, a foreign corporation, or an other business entity, of the statutory or other basis under which that party is authorized by the laws under which it is organized to effect the merger.

(E) Any other information required to be stated in the certificate of merger by the laws under which each party to the merger is organized, including, if a domestic limited liability company is a party to the merger, subdivision (a) of Section 17552, if a domestic partnership is a party to the merger, subdivision (b) of Section 16915, and, if a domestic limited partnership is a party to the merger, subdivision (a) of Section 15678.4.

(F) Any other details or provisions that may be desired.

Unless a future effective date or time is provided in a certificate of merger, in which event the merger shall be effective at that future effective date or time, a merger shall be effective upon the filing of the

certificate of merger in the office of the Secretary of State and the several parties thereto shall be one entity. The certificate of merger shall not be filed, however, until there has been filed by or on behalf of each party to the merger that is taxed under the Bank and Corporation Tax Law, the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by the Bank and Corporation Tax Law have been paid or secured. The surviving other business entity shall keep a copy of the agreement of merger at its principal place of business which, for purposes of this subdivision, shall be the office referred to in Section 17057 if a domestic limited liability company, at the business address specified in paragraph (5) of subdivision (a) of Section 17552 if a foreign limited liability company, at the office referred to in subdivision (a) of Section 16403 if a domestic general partnership, at the business address specified in subdivision (f) of Section 16911 if a foreign partnership, at the office referred to in subdivision (a) of Section 15614 if a domestic limited partnership, or at the business address specified in paragraph (5) of subdivision (a) of Section 15678.4 if a foreign limited partnership. Upon the request of a holder of equity securities of a party to the merger, a person with authority to do so on behalf of the surviving other business entity shall promptly deliver to that holder, a copy of the agreement of merger. A waiver by that holder of the rights provided in the foregoing sentence shall be unenforceable. If a domestic reciprocal insurer organized after 1974 to provide medical malpractice insurance is a party to the merger the agreement of merger or certificate of merger shall not be filed until there has been filed the certificate issued by the Insurance Commissioner approving the merger in accordance with Section 1555 of the Insurance Code.

(h) (1) A copy of an agreement of merger certified on or after the effective date by an official having custody thereof has the same force in evidence as the original and, except as against the state, is conclusive evidence of the performance of all conditions precedent to the merger, the existence on the effective date of the surviving party to the merger and the performance of the conditions necessary to the adoption of any amendment to the articles, if applicable, contained in the agreement of merger.

(2) For all purposes for a merger in which the surviving entity is a domestic other business entity and the filing of a certificate of merger is required by paragraph (2) of subdivision (g), a copy of the certificate of merger duly certified by the Secretary of State is conclusive evidence of the merger of the constituent corporations, either by themselves or together with the other parties to the merger, into the surviving other business entity.

(i) (1) Upon a merger pursuant to this section, the separate existences of the disappearing parties to the merger cease and the surviving party to the merger shall succeed, without other transfer, to all the rights and property of each of the disappearing parties to the merger and shall be subject to all the debts and liabilities of each in the same manner as if the surviving party to the merger had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent corporations and other parties to the merger shall be preserved unimpaired, provided that those liens upon property of a disappearing party shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing corporation or disappearing party to the merger may be prosecuted to judgment, which shall bind the surviving party, or the surviving party may be proceeded against or substituted in its place.

(4) If a limited partnership or a general partnership is a party to the merger, nothing in this section is intended to affect the liability a general partner of a disappearing limited partnership or general partnership may have in connection with the debts and liabilities of the disappearing limited partnership or general partnership existing prior to the time the merger is effective.

(j) (1) The merger of domestic corporations with foreign corporations or foreign other business entities in a merger in which one or more other business entities is a party shall comply with subdivision (a) and this subdivision.

(2) If the surviving party is a domestic corporation or domestic other business entity, the merger proceedings with respect to that party and any domestic disappearing corporation shall conform to the provisions of this section. If the surviving party is a foreign corporation or foreign other business entity, then, subject to the requirements of subdivision (c), and of Section 407 and Chapter 12 (commencing with Section 1200) and Chapter 13 (commencing with Section 1300), and, if applicable, corresponding provisions of the Nonprofit Corporation Law or the Consumer Cooperative Corporation Law, with respect to any domestic constituent corporations, Chapter 13 (commencing with Section 17600) of Title 2.5 with respect to any domestic constituent limited liability companies, Article 6 (commencing with Section 16601) of Chapter 5 of Title 2 with respect to any domestic constituent general partnerships, and Article 7.6 (commencing with Section 15679.1) of Chapter 3 of Title 2 with respect to any domestic constituent limited partnerships, the merger proceedings may be in accordance with the laws of the state or place of incorporation or organization of the surviving party.

(3) If the surviving party is a domestic corporation or domestic other business entity, the certificate of merger or the agreement of merger with

attachments shall be filed as provided in subdivision (g) and thereupon, subject to subdivision (c) of Section 110 or paragraph (2) of subdivision (g), as is applicable, the merger shall be effective as to each domestic constituent corporation and domestic constituent other business entity.

(4) If the surviving party is a foreign corporation or foreign other business entity, the merger shall become effective in accordance with the law of the jurisdiction in which the surviving party is organized, but, except as provided in paragraph (5), the merger shall be effective as to any domestic disappearing corporation as of the time of effectiveness in the foreign jurisdiction upon the filing in this state of a copy of the agreement of merger with an officers' certificate of each constituent foreign and domestic corporation and a certificate of merger of each constituent other business entity attached, which officers' certificates and certificates of merger shall conform to the requirements of paragraph (1) of subdivision (g). If one or more domestic other business entities is a disappearing party in a merger pursuant to this subdivision in which a foreign other business entity is the surviving entity, a certificate of merger required by the laws under which that domestic other business entity is organized, including subdivision (a) of Section 15678.4, subdivision (b) of Section 16915, or subdivision (a) of Section 17552, as is applicable, shall also be filed at the same time as the filing of the agreement of merger.

(5) If the date of the filing in this state pursuant to this subdivision is more than six months after the time of the effectiveness in the foreign jurisdiction, or if the powers of a domestic disappearing corporation are suspended at the time of effectiveness in the foreign jurisdiction, the merger shall be effective as to the domestic disappearing corporation as of the date of filing in this state.

(6) In a merger described in paragraph (3) or (4), each foreign disappearing corporation that is qualified for the transaction of intrastate business shall by virtue of the filing pursuant to this subdivision, subject to subdivision (c) of Section 110, automatically surrender its right to transact intrastate business in this state. The filing of the agreement of merger or certificate of merger, as is applicable, pursuant to this subdivision, by a disappearing foreign other business entity registered for the transaction of intrastate business in this state shall, by virtue of that filing, subject to subdivision (c) of Section 110, automatically cancels the registration for that foreign other business entity, without the necessity of the filing of a certificate of cancellation.

(7) A certificate of satisfaction of the Franchise Tax Board for each disappearing party to the merger shall be filed when required by subdivision (g) or when required by Section 23334 of the Revenue and Taxation Code.

SEC. 3. Section 2113 of the Corporations Code is amended to read:

2113. (a) The filing of an agreement of merger of a foreign disappearing corporation qualified to transact intrastate business in this state pursuant to Section 1103, or the filing pursuant to subdivision (d) of Section 1108 of an agreement, certificate, or other document as to a merger that includes a disappearing foreign corporation qualified to transact intrastate business, or the filing of a certificate of ownership as to a foreign subsidiary corporation qualified to transact intrastate business in this state pursuant to Section 1110, or the filing by a foreign corporation qualified to transact intrastate business in this state of an organizational document containing a statement of conversion pursuant to Section 15677.8, 16908, or 17540.8, constitutes the surrender by the foreign corporation of its right to engage in intrastate business within this state.

(b) With respect to corporations for which documents have not been filed as provided in subdivision (a), a certificate of surrender as prescribed by Section 2112 shall be filed by a foreign corporation qualified to transact intrastate business upon its merger into another foreign corporation.

(c) In lieu of a signature as prescribed by Section 2112, a certificate of surrender pursuant to subdivision (b) for a merged foreign corporation may be signed in the name of the surviving corporation by an officer thereof. In that case, the certificate of surrender shall be accompanied by a certificate of an authorized public official of the state or place of incorporation of the merged foreign corporation stating that the corporation has been merged into another foreign corporation and setting forth the name and state or place of incorporation of the surviving foreign corporation.

A limited partnership may be converted into an other business entity or a foreign other business entity or a foreign limited partnership pursuant to this article if, pursuant to the proposed conversion, each of the partners of the converting limited partnership receives a percentage interest in the profits and capital of the converted entity equal to that partner's percentage interest in profits and capital of the converting limited partnership as of the effective time of the conversion. The conversion of a limited partnership to an other business entity or a foreign other business entity or a foreign limited partnership may be effected only if both of the following conditions are satisfied:

(a) The law under which the converted entity will exist expressly permits the formation of that entity pursuant to a conversion.

(b) The limited partnership complies with all other requirements of any other law that applies to conversion to the converted entity.

SEC. 6. Section 15677.3 of the Corporations Code is amended to read:

15677.3. (a) A limited partnership that desires to convert to an other business entity or a foreign other business entity or a foreign limited partnership shall approve a plan of conversion. The plan of conversion shall state all of the following:

(1) The terms and conditions of the conversion.

(2) The place of the organization of the converted entity and of the converting limited partnership and the name of the converted entity after conversion.

(3) The manner of converting the limited and general partnership interests of each of the partners into securities of, or interests in, the converted entity.

(4) The provisions of the governing documents for the converted entity, including the partnership agreement or limited liability company articles of organization and operating agreement, to which the holders of interests in the converted entity are to be bound.

(5) Any other details or provisions that are required by the laws under which the converted entity is organized, or that are desired by the parties.

(b) The plan of conversion shall be approved by all general partners of the converting limited partnership and by a majority in interest of each class of limited partners of the converting limited partnership, unless a greater or lesser approval is required by the partnership agreement of the converting limited partnership. However, if the limited partners of the limited partnership would become personally liable for any obligations of the converted entity as a result of the conversion, the plan of conversion shall be approved by all of the limited partners of the converting limited partnership, unless the plan of conversion provides

that all limited partners will have dissenters' rights as provided in Article 7.6 (commencing with Section 15679.1).

(c) Upon the effectiveness of the conversion, all partners of the converting limited partnership, except those that exercise dissenters' rights as provided in Article 7.6 (commencing with Section 15679.1), shall be deemed parties to any governing documents for the converted entity adopted as part of the plan of conversion, irrespective of whether or not the partner has executed the plan of conversion or the governing documents for the converted entity. Any adoption of governing documents made pursuant thereto shall be effective at the effective time or date of the conversion.

(d) Notwithstanding its prior approval, a plan of conversion may be amended before the conversion takes effect if the amendment is approved by all general partners of the converting limited partnership and, if the amendment changes any of the principal terms of the plan of conversion, the amendment is approved by the limited partners of the converting limited partnership in the same manner and to the same extent as required for the approval of the original plan of conversion.

(e) The general partners of a converting limited partnership may, by unanimous approval at any time before the conversion is effective, in their discretion, abandon a conversion, without further approval by the limited partners, subject to the contractual rights of third parties other than limited partners.

(f) The converted entity shall keep the plan of conversion at the principal place of business of the converted entity if the converted entity is a domestic partnership or foreign other business entity or at the office at which records are to be kept under Section 17057 if the converted entity is a domestic limited liability company. Upon the request of a partner of a converting limited partnership, the authorized person on behalf of the converted entity shall promptly deliver to the partner or the holder of interests or other securities, at the expense of the converted entity, a copy of the plan of conversion. A waiver by a partner of the rights provided in this subdivision shall be unenforceable.

SEC. 7. Section 15677.4 of the Corporations Code is amended to read:

15677.4. (a) A conversion into an other business entity or a foreign other business entity or a foreign limited partnership shall become effective upon the earliest date that all of the following occur:

(1) The approval of the plan of conversion by the partners of the converting limited partnership as provided in Section 15677.3.

(2) The filing of all documents required by law to create the converted entity, which documents shall also contain a statement of conversion, if required under Section 15677.6.

(3) The occurrence of the effective date, if set forth in the plan of conversion occurs.

(b) A copy of the statement of partnership authority or articles of organization complying with Section 15677.6, if applicable, duly certified by the Secretary of State, is conclusive evidence of the conversion of the limited partnership.

SEC. 8. Section 15677.8 of the Corporations Code is amended to read:

15677.8. (a) An other business entity or a foreign other business entity or a foreign limited partnership may be converted to a domestic limited partnership pursuant to this article only if the converting entity is authorized by the laws under which it is organized to effect the conversion.

(b) An other business entity or a foreign other business entity or a foreign limited partnership that desires to convert into a domestic limited partnership shall approve a plan of conversion or an other instrument as is required to be approved to effect the conversion pursuant to the laws under which that entity is organized.

(c) The conversion of an other business entity or a foreign other business entity or a foreign limited partnership into a domestic limited partnership shall be approved by the number or percentage of the partners, members, or holders of interest of the converting entity as is required by the laws under which that entity is organized, or a greater or lesser percentage, subject to applicable laws, as set forth in the converting entity's partnership agreement, articles of organization, operating agreement, or other governing document.

(d) The conversion by an other business entity or a foreign other business entity or a foreign limited partnership into a domestic limited partnership shall be effective under this article at the time the conversion is effective under the laws under which the converting entity is organized as long as a certificate of limited partnership containing a statement of conversion has been filed with the Secretary of State. If the converting entity's governing law is silent as to the effectiveness of the conversion, the conversion shall be effective upon the completion of all acts required under this title to form a limited partnership.

(e) The filing with the Secretary of State of a certificate of conversion or a certificate of limited partnership containing a statement of conversion pursuant to subdivision (a) shall have the effect of the filing of a certificate of cancellation by the converting foreign limited partnership or foreign limited liability company and no converting foreign limited partnership or foreign limited liability company that has made the filing is required to file a certificate of cancellation under Section 15696 or 17455 as a result of that conversion. If a converting other business entity is a foreign corporation qualified to transact

business in this state, the foreign corporation shall, by virtue of the filing, automatically surrender its right to transact intrastate business.

SEC. 9. Section 16908 of the Corporations Code is amended to read:

16908. (a) A domestic limited partnership or limited liability company or a foreign other business entity may be converted to a domestic partnership pursuant to this article, but only if the converting entity is authorized by the laws under which it is organized to effect the conversion.

(b) An entity that desires to convert into a domestic partnership shall approve a plan of conversion or the instrument that is required to be approved to effect the conversion pursuant to the laws under which the entity is organized.

(c) The conversion of a domestic limited partnership or limited liability company or foreign other business entity shall be approved by the number or percentage of the partners, members, or holders of interest of the converting entity as is required by the law under which the entity is organized, or a greater or lesser percentage (subject to applicable laws) as set forth in the limited partnership agreement, articles of organization, or operating agreement or other governing document for the converting entity.

(d) The conversion by a domestic limited partnership or limited liability company or a foreign other business entity into a partnership shall be effective under this article at the time that the conversion is effective under the laws under which the converting entity is organized.

(e) The filing with the Secretary of State of a certificate of conversion or a statement of partnership authority containing a statement of conversion pursuant to subdivision (a) shall have the effect of the filing of a certificate of cancellation by the converting foreign limited partnership or foreign limited liability company, and no converting foreign limited partnership or foreign limited liability company that has made the filing is required to file a certificate of cancellation under Section 15696 or 17455 as a result of that conversion. If a converting other business entity is a foreign corporation qualified to transact business in this state, the foreign corporation shall, by virtue of the filing, automatically surrender its right to transact intrastate business.

SEC. 10. Section 16914 of the Corporations Code is amended to read:

16914. (a) When a merger takes effect, all of the following apply:

(1) The separate existence of the disappearing partnerships and disappearing other business entities ceases and the surviving partnership or surviving other business entity shall succeed, without other transfer, act or deed, to all the rights and property whether real, personal, or mixed, of each of the disappearing partnerships and disappearing other business entities and shall be subject to all the debts and liabilities of

each in the same manner as if the surviving partnership or surviving other business entity had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent partnerships and constituent other business entities shall be preserved unimpaired and may be enforced against the surviving partnership or the surviving other business entity to the same extent as if the debt, liability or duty that gave rise to that lien had been incurred or contracted by it, provided that those liens upon the property of a disappearing partnership or disappearing other business entity shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing partnership or disappearing other business entity may be prosecuted to judgment, which shall bind the surviving partnership or surviving other business entity, or the surviving partnership or surviving other business entity may be proceeded against or be substituted in the disappearing partnership's or the disappearing other business entity's place.

(b) (1) Unless a certificate of merger has been filed to effect the merger, the surviving foreign entity shall promptly notify the Secretary of State of the mailing address of its agent for service of process, its chief executive office, and of any change of address. To enforce an obligation of a partnership that has merged with a foreign partnership or foreign other business entity, the Secretary of State shall only be the agent for service of process in an action or proceeding against the surviving foreign partnership or foreign other business entity, if the agent designated for the service of process for that entity is a natural person and cannot be located with due diligence or if the agent is a corporation and no person to whom delivery may be made can be located with due diligence, or if no agent has been designated and if no one of the officers, partners, managers, members, or agents of the entity can be located after diligent search, and it is so shown by affidavit to the satisfaction of the court. The court then may make an order that service be made by personal delivery to the Secretary of State or to an assistant or deputy Secretary of State of two copies of the process together with two copies of the order, and the order shall set forth an address to which the process shall be sent by the Secretary of State. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of the process and order and the fee set forth in Section 12206 of the Government Code, the Secretary of State shall give notice to the entity of the service of the process by forwarding by certified mail, return receipt requested, a copy of the process and order to the address specified in the order.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State and shall record therein the time of service and the Secretary of State's action with respect thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice thereof to the entity, and the forwarding of the process, shall be competent and prima facie evidence of the matters stated therein.

(c) A partner of the surviving partnership or surviving limited partnership, a member of the surviving limited liability company, a shareholder of the surviving corporation, or a holder of equity securities of the surviving other business entity, is liable for all of the following:

(1) All obligations of a party to the merger for which that person was personally liable before the merger.

(2) All other obligations of the surviving entity incurred before the merger by a party to the merger, but those obligations may be satisfied only out of property of the entity.

(3) All obligations of the surviving entity incurred after the merger takes effect, but those obligations may be satisfied only out of property of the entity if that person is a limited partner, a shareholder in a corporation, or, unless expressly provided otherwise in the articles of organization or other constituent documents, a member of a limited liability company or a holder of equity securities in a surviving other business entity.

(d) If the obligations incurred before the merger by a party to the merger are not satisfied out of the property of the surviving partnership or surviving other business entity, the general partners of that party immediately before the effective date of the merger, to the extent that party was a partnership or a limited partnership, shall contribute the amount necessary to satisfy that party's obligations to the surviving entity in the manner provided in Section 16807 or in the limited partnership act of the jurisdiction in which the party was formed, as the case may be, as if the merged party were dissolved.

(e) A partner of a domestic disappearing partnership who does not vote in favor of the merger and does not agree to become a partner, member, shareholder, or holder of interest or equity securities of the surviving partnership or surviving other business entity shall have the right to dissociate from the partnership as of the date the merger takes effect. Within 10 days after the approval of the merger by the partners as required under this article, each domestic disappearing partnership shall send notice of the approval of the merger to each partner that has not approved the merger, accompanied by a copy of Section 16701 and a brief description of the procedure to be followed under that section if the partner wishes to dissociate from the partnership. A partner that desires to dissociate from a disappearing partnership shall send written

notice of that dissociation within 30 days after the date of the notice of the approval of the merger. The disappearing partnership shall cause the partner's interest in the entity to be purchased under Section 16701. The surviving entity is bound under Section 16702 by an act of a general partner dissociated under this subdivision, and the partner is liable under Section 16703 for transactions entered into by the surviving entity after the merger takes effect. The disassociation of a partner in connection with a merger pursuant to the terms of this subdivision shall not be deemed a wrongful disassociation under Section 16602.

SEC. 11. Section 16915 of the Corporations Code is amended to read:

16915. (a) In a merger involving a domestic partnership, in which another partnership or a foreign other business entity is a party, but in which no other domestic other business entity is a party, the surviving partnership or surviving foreign other business entity may file with the Secretary of State a statement that one or more partnerships have merged into the surviving partnership or surviving foreign other business entity, or that one or more partnerships or foreign other business entities have merged into the surviving domestic partnership. A statement of merger shall contain the following:

(1) The name of each partnership or foreign other business entity that is a party to the merger.

(2) The name of the surviving entity into which the other partnerships or foreign other business entities were merged.

(3) The street address of the surviving entity's chief executive office and of an office in this state, if any.

(4) Whether the surviving entity is a partnership or a foreign other business entity, specifying the type of the entity.

(b) In a merger involving a domestic partnership in which a domestic other business entity is also a party, after approval of the merger by the constituent partnerships and any constituent other business entities, the constituent partnerships and constituent other business entities shall file a certificate of merger in the office of, and on a form prescribed by, the Secretary of State, but if the surviving entity is a domestic corporation or a foreign corporation in a merger in which a domestic corporation is a constituent party, the surviving corporation shall file in the office of the Secretary of State a copy of the agreement of merger and attachments required under paragraph (1) of subdivision (g) of Section 1113. The certificate of merger shall be executed and acknowledged by each domestic constituent partnership by two partners (unless a lesser number is provided in the partnership agreement) and by each foreign constituent partnership by one or more partners, and by each constituent other business entity by those persons required to execute the certificate of

merger by the laws under which the constituent other business entity is organized. The certificate of merger shall set forth all of the following:

(1) The names and the Secretary of State's file numbers, if any, of each of the constituent partnerships and constituent other business entities, separately identifying the disappearing partnerships and disappearing other business entities and the surviving partnership or surviving other business entity.

(2) If a vote of the partners was required under Section 16911, a statement that the principal terms of the agreement of merger were approved by a vote of the partners, which equaled or exceeded the vote required.

(3) If the surviving entity is a domestic partnership and not an other business entity, any change to the information set forth in any filed statement of partnership authority of the surviving partnership resulting from the merger, including any change in the name of the surviving partnership resulting from the merger. The filing of a certificate of merger setting forth any changes to any filed statement of partnership authority of the surviving partnership shall have the effect of the filing of a certificate of amendment of the statement of partnership authority by the surviving partnership, and the surviving partnership need not file a certificate of amendment under Section 16015 to reflect those changes.

(4) The future effective date or time (which shall be a date or time certain not more than 90 days subsequent to the date of filing) of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(5) If the surviving entity is an other business entity or a foreign partnership, the full name, type of entity, legal jurisdiction in which the entity was organized and by whose laws its internal affairs are governed, and the address of the principal place of business of the entity.

(6) Any other information required to be stated in the certificate of merger by the laws under which each constituent other business entity is organized.

(c) A statement of merger or a certificate of merger, as is applicable under subdivision (a) or (b), shall have the effect of the filing of a cancellation for each disappearing partnership of any statement of partnership authority filed by it.

SEC. 12. Section 17540.1 of the Corporations Code is amended to read:

17540.1. For purposes of this chapter, the following definitions shall apply:

(b) ''Converted limited liability company'' means a domestic limited liability company that results from a conversion of an other business entity or a foreign other business entity or a foreign limited liability company pursuant to Section 17540.8.

(c) ''Converting limited liability company'' means a domestic limited liability company that converts to an other business entity or a foreign other business entity or a foreign limited liability company pursuant to this chapter.

SEC. 13. Section 17540.2 of the Corporations Code is amended to read:

17540.2. A limited liability company may be converted into an other business entity or a foreign other business entity or a foreign limited liability company pursuant to this chapter if, pursuant to the proposed conversion, each of the members of the converting limited liability company would receive a percentage interest in profits and capital of the converted entity equal to that member's percentage interest in profits and capital of the converting limited liability company as of the effective time of the conversion. Notwithstanding this section, the conversion of a limited liability company to an other business entity or a foreign other business entity or a foreign limited liability company may be effected only if both of the following conditions are complied with:

(a) The law under which the converted entity will exist expressly permits the formation of that entity pursuant to a conversion.

(b) The limited liability company complies with any and all other requirements of any other law that applies to conversion to the converted entity.

SEC. 14. Section 17540.3 of the Corporations Code is amended to read:

17540.3. (a) A limited liability company that desires to convert to an other business entity or a foreign other business entity or a foreign limited liability company shall approve a plan of conversion.

The plan of conversion shall state all of the following:

(1) The terms and conditions of the conversion.

(2) The place of the organization of the converted entity and of the converting limited liability company and the name of the converted entity after conversion.

(3) The manner of converting the membership interests of each of the members into securities of, or interests in, the converted entity.

(4) The provisions of the governing documents for the converted entity, including the partnership agreement, to which the holders of interests in the converted entity are to be bound.

(b) The plan of conversion shall be approved by a vote of a majority in interest of the members of the converting limited liability company, or a greater percentage of the voting interests of members as may be specified in the articles of organization or written operating agreement of the converting limited liability company. However, if the members of the limited liability company would become personally liable for any obligations of the converted entity as a result of the conversion, the plan of conversion shall be approved by all of the members of the converting limited liability company, unless the plan of conversion provides that all members will have dissenters' rights as provided in Chapter 13 (commencing with Section 17600).

(c) If the limited liability company is converting into a limited partnership, then in addition to the approval of the members set forth in subdivision (b), the plan of conversion shall be approved by those members who will become general partners of the converted limited partnership pursuant to the plan of conversion.

(d) Upon the effectiveness of the conversion, all members of the converting limited liability company, except those that exercise dissenters' rights as provided in Chapter 13 (commencing with Section 17600) shall be deemed parties to any governing documents for the converted entity adopted as part of the plan of conversion, irrespective of whether or not a member has executed the plan of conversion or such governing documents for the converted entity. Any adoption of governing documents made pursuant thereto shall be effective at the effective time or date of the conversion.

(e) Notwithstanding its prior approval, a plan of conversion may be amended before the conversion takes effect if the amendment is approved by the members of the converting limited liability company in the same manner as was required for approval of the original plan of conversion.

(f) A plan of conversion may be abandoned by the members of a converting limited liability company in the manner as required for approval of the plan of conversion, subject to the contractual rights of third parties, at any time before the conversion is effective.

(g) The converted entity shall keep the plan of conversion at the principal place of business of the converted entity if the converted entity is a domestic partnership or foreign other business entity or at the office at which records are to be kept under Section 15614 if the converted entity is a domestic limited partnership. Upon the request of a member

of a converting limited liability company, the authorized person on behalf of the converted entity shall promptly deliver to the member or the holder of interests or other securities, at the expense of the converted entity, a copy of the plan of conversion. A waiver by a member of the rights provided in this subdivision shall be unenforceable.

SEC. 15. Section 17540.4 of the Corporations Code is amended to read:

17540.4. (a) A conversion into an other business entity or a foreign other business entity or a foreign limited liability company shall become effective upon the earliest date that all of the following occur:

(3) The occurrence of the effective date, if set forth in the plan of conversion.

(b) A copy of the statement of partnership authority or certificate of limited partnership complying with Section 17540.6, if applicable, duly certified by the Secretary of State, is conclusive evidence of the conversion of the limited liability company.

SEC. 16. Section 17540.8 of the Corporations Code is amended to read:

17540.8. (a) An other business entity or a foreign other business entity or a foreign limited liability company may be converted to a domestic limited liability company pursuant to this chapter only if the converting entity is authorized by the laws under which it is organized to effect the conversion.

(b) An other business entity or a foreign other business entity or a foreign limited liability company that desires to convert into a domestic limited liability company shall approve a plan of conversion or an other instrument as is required to be approved to effect the conversion pursuant to the laws under which that entity is organized.

(c) The conversion of an other business entity or a foreign other business entity or a foreign limited liability company into a domestic limited liability company shall be approved by that number or percentage of the partners, members, or holders of interest of the converting entity as is required by the laws under which that entity is organized, or a greater or lesser percentage, subject to applicable laws, as set forth in the converting entity's partnership agreement, articles of organization, operating agreement, or other governing document.

(d) The conversion by an other business entity or a foreign other business entity or a foreign limited liability company into a domestic limited liability company shall be effective under this chapter at the time

the conversion is effective under the laws under which the converting entity is organized as long as the articles of organization containing a statement of conversion have been filed with the Secretary of State. If the converting entity's governing law is silent as to the effectiveness of the conversion, the conversion shall be effective upon the completion of all acts required under this title to form a limited liability company.

(e) The filing with the Secretary of State of a certificate of conversion or articles of organization containing a statement of conversion pursuant to subdivision (a) shall have the effect of the filing of a certificate of cancellation by the converting foreign limited liability company or foreign limited partnership, and no converting foreign limited liability company or foreign limited partnership that has made the filing is required to file a certificate of cancellation under Section 15696 or 17455 as a result of that conversion. If a converting other business entity is a foreign corporation qualified to transact business in this state, the foreign corporation shall, by virtue of the filing, automatically surrender its right to transact intrastate business.

SEC. 17. Section 25005.1 is added to the Corporations Code, to read:

25005.1. ''Entity conversion transaction'' means a conversion pursuant to Section 15677.2, 15677.8, 16902, 16908, 17540.2, or 17540.8 unless the interests in the entity resulting from the conversion to be held by the equity holders of the entity being converted as a result of the conversion are not securities. For purposes of Sections 25103 and 25120 an entity conversion transaction is not a change in the rights, preferences, privileges, or restrictions of or on outstanding securities or an exchange of securities by the issuer with its existing security holders exclusively.

SEC. 18. Section 25103 of the Corporations Code is amended to read:

25103. The following transactions are exempted from the provisions of Section 25110 and Section 25120:

(a) Any negotiations or agreements prior to general solicitation of approval by the holders of equity securities, and subject to that approval, of (1) a change in the rights, preferences, privileges, or restrictions of or on outstanding securities (2) a merger, consolidation, or sale of assets in consideration of the issuance of securities or (3) an entity conversion transaction.

(b) Any change in the rights, preferences, privileges, or restrictions of or on outstanding securities or any entity conversion transaction, unless the holders of at least 25 percent of the outstanding shares or units of any class of securities which will be directly or indirectly affected substantially and adversely by such change or transaction have addresses in this state according to the records of the issuer.

(c) Any exchange incident to a merger, consolidation, or sale of assets in consideration of the issuance of securities of another issuer, unless at least 25 percent of the outstanding securities of any class, any holders of which are to receive securities in the exchange, are held by persons who have addresses in this state, according to the records of the issuer of which they are holders. This exemption is not available for a rollup transaction as defined by Section 25014.6. The exemption is also not available for a transaction excluded from the definition of rollup transaction by virtue of paragraph (5) or (6) of subdivision (b) of Section 25014.6 if the transaction is one of a series of transactions that directly or indirectly through acquisition or otherwise involves the combination or reorganization of one or more rollup participants.

(d) For the purposes of subdivision (b) and subdivision (c) of this section, (1) any securities held to the knowledge of the issuer in the names of broker-dealers or nominees of broker-dealers and (2) any securities controlled by any one person who controls directly or indirectly 50 percent or more of the outstanding securities of that class shall not be considered outstanding. The determination of whether 25 percent of the outstanding securities are held by persons having addresses in this state, for the purposes of subdivision (b) and subdivision (c) of this section, shall be made as of the record date for the determination of the security holders entitled to vote on or consent to the action, if approval of those holders is required, or if not as of the date of directors' approval of that action.

(e) Any change (other than a stock split or reverse stock split) in the rights, preferences, privileges, or restrictions of or on outstanding equity securities, except the following if they materially and adversely affect any class of equity securities: (1) to add, change, or delete assessment provisions; (2) to change the rights to dividends thereon; (3) to change the redemption provisions; (4) to make them redeemable; (5) to change the amount payable on liquidation; (6) to change, add, or delete conversion rights; (7) to change, add, or delete voting rights; (8) to change, add, or delete preemptive rights; (9) to change, add, or delete sinking fund provisions; (10) to rearrange the relative priorities of outstanding equity securities; (11) to impose, change, or delete restrictions upon the transfer of equity securities in the organizational documents for the entity; (12) to change the right of holders of equity securities with respect to the calling of special meetings of holders of equity securities; and (13) to change, add, or delete any rights, preferences, privileges, or restrictions of, or on, the outstanding shares or memberships of a mutual water company or other corporation or entity organized primarily to provide services or facilities to its shareholders or members. Changes in the rights, preferences, privileges, or restrictions of or on outstanding equity securities do not materially

and adversely affect any class of holders of equity securities within the meaning of this subdivision if they arise from (i) the addition to articles of incorporation of the provisions described or referred to in subdivision (a) of Section 158 upon the conversion of an existing corporation to a close corporation pursuant to subdivision (b) of Section 158, (ii) the deletion from the articles of incorporation of the provisions described or referred to in subdivision (a) of Section 158 upon the voluntary termination of close corporation status pursuant to subdivisions (c) and (e) of Section 158, (iii) the involuntary cessation of close corporation status pursuant to subdivision (e) of Section 158, or (iv) the termination of a shareholders' agreement pursuant to subdivision (b) of Section 300.

(f) Any stock split or reverse stock split, except the following: (1) any stock split or reverse stock split if the corporation has more than one class of shares outstanding and the split would have a material effect on the proportionate interests of the respective classes as to voting, dividends, or distributions; (2) any stock split of a stock which is traded in the market and its market price as of the date of directors' approval of the stock split adjusted to give effect to the split was less than two dollars ($2) per share; and (3) any reverse stock split if the corporation has the option of paying cash for any fractional shares created by such reverse split and as a result of such action the proportionate interests of the shareholders would be substantially altered. Any shares issued upon a stock split or reverse stock split exempted by this subdivision shall be subject to any conditions previously imposed by the commissioner applicable to the shares with respect to which they are issued.

(g) Any change in the rights of outstanding debt securities, except the following if they substantially and adversely affect any class of securities: (1) to change the rights to interest thereon; (2) to change their redemption provisions; (3) to make them redeemable; (4) to extend the maturity thereof or to change the amount payable thereon at maturity; (5) to change their voting rights; (6) to change their conversion rights; (7) to change sinking fund provisions; and (8) to make them subordinate to other indebtedness.

(h) Any exchange incident to a merger, consolidation, or sale of assets, other than a rollup transaction (as defined in Section 25014.6), in consideration of the issuance of equity securities of another entity or any entity conversion transaction which meets the following conditions:

(1) The exchange incident to a merger, consolidation, or sale of assets or the entity conversion transaction, had the exchange transaction involved the issuance of a security in a transaction subject to the provisions of Section 25110, would have been exempt from qualification by subdivision (f) of Section 25102, without giving effect to subparagraph (3) thereof, and either of the following is applicable:

(A) (i) Not less than 75 percent of the outstanding equity securities of each constituent or converting entity entitled to vote on the proposed transaction voted in favor of the transaction, (ii) not more than 10 percent of the outstanding equity securities of each constituent or converting entity entitled to vote on the proposed transaction voted against the transaction, and (iii) each constituent or converting entity whose security holders are entitled to vote on the proposed transaction is subject to a state statute that has provisions for dissenters' rights for holders of equity securities entitled to vote on the proposed transaction that do not vote in favor of or voted against the transaction.

(B) (i) The transaction is solely for the purposes of changing the issuer's state of incorporation or organization, or form of organization, (ii) all the securities of the same class or series, unless all the security holders of the class or series consent, are treated equally, and (iii) the holders of nonredeemable voting equity securities receive nonredeemable voting equity securities.

(2) The commissioner may, by rule, require the acquiring or surviving entity to file a notice of transaction under this section. However, the failure to file the notice or the failure to file the notice within the time specified by the rule of the commissioner shall not affect the availability of this exemption. An acquiring or surviving entity that fails to file the notice as provided by rule of the commissioner shall, within 15 business days after demand by the commissioner, file the notice and pay to the commissioner a fee equal to the fee payable had the transaction been qualified under Section 25110 or 25120.

(i) Any exchange of securities in connection with any merger or consolidation or sale of corporate assets in consideration wholly or in part of the issuance of securities or any entity conversion transaction under, or pursuant to, a plan of reorganization or arrangement which pursuant to the provisions of the United States Bankruptcy Code has been confirmed or is subject to confirmation by the decree or order of a court of competent jurisdiction.

SEC. 19. Section 25120 of the Corporations Code is amended to read:

25120. It is unlawful for any person to offer or sell in this state any security (a) in an issuer transaction in connection with any change in the rights, preferences, privileges, or restrictions of or on outstanding securities or (b) in any exchange of securities by the issuer with its existing security holders exclusively (c) in any exchange in connection with any merger or consolidation or purchase of assets in consideration wholly or in part of the issuance of securities or (d) in an entity conversion transaction, unless the security is qualified for sale under this chapter (and no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification) or unless such

security or transaction is exempted or not subject to qualification under Chapter 1 (commencing with Section 25100) of this part.

(a) The listing does not also contain the retail price of the product, and

(b) The listing is the only reference to the on-sale retailers in the direct communication, and

(c) The listing does not refer only to one on-sale retailer or only to on-sale retail establishments controlled directly or indirectly by the same on-sale retailer, and

(d) The listing is made by, and/or produced by, and/or paid for, exclusively by the nonretail industry member making the response.

For the purposes of this section, ''nonretail industry member'' is defined as a manufacturer, winegrower, distiller of wine and/or brandy, regardless of any other licenses held directly or indirectly by such person. CHAPTER 206

An act to amend Sections 2115 and 2200 of the Corporations Code, relating to foreign corporations.

[Approved by Governor July 24, 2000. Filed with Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 2115 of the Corporations Code is amended to read:

2115. (a) A foreign corporation (other than a foreign association or foreign nonprofit corporation but including a foreign parent corporation

even though it does not itself transact intrastate business) is subject to the requirements of subdivision (b) commencing on the date specified in subdivision (d) and continuing until the date specified in subdivision (e) if:

(1) the average of the property factor, the payroll factor, and the sales factor (as defined in Sections 25129, 25132, and 25134 of the Revenue and Taxation Code) with respect to it is more than 50 percent during its latest full income year and

(2) more than one-half of its outstanding voting securities are held of record by persons having addresses in this state appearing on the books of the corporation on the record date for the latest meeting of shareholders held during its latest full income year or, if no meeting was held during that year, on the last day of the latest full income year. The property factor, payroll factor, and sales factor shall be those used in computing the portion of its income allocable to this state in its franchise tax return or, with respect to corporations the allocation of whose income is governed by special formulas or that are not required to file separate or any tax returns, which would have been so used if they were governed by this three-factor formula. The determination of these factors with respect to any parent corporation shall be made on a consolidated basis, including in a unitary computation (after elimination of intercompany transactions) the property, payroll, and sales of the parent and all of its subsidiaries in which it owns directly or indirectly more than 50 percent of the outstanding shares entitled to vote for the election of directors, but deducting a percentage of the property, payroll, and sales of any subsidiary equal to the percentage minority ownership, if any, in the subsidiary. For the purpose of this subdivision, any securities held to the knowledge of the issuer in the names of broker-dealers, nominees for broker-dealers (including clearing corporations), or banks, associations, or other entities holding securities in a nominee name or otherwise on behalf of a beneficial owner (collectively ''Nominee Holders''), shall not be considered outstanding. However, if the foreign corporation requests all Nominee Holders to certify, with respect to all beneficial owners for whom securities are held, the number of shares held for those beneficial owners having addresses (as shown on the records of the Nominee Holder) in this state and outside of this state, then all shares so certified shall be considered outstanding and held of record by persons having addresses either in this state or outside of this state as so certified, provided that the certification so provided shall be retained with the record of shareholders and made available for inspection and copying in the same manner as is provided in Section 1600 with respect to that record. A current list of beneficial owners of a foreign corporation's securities provided to the corporation by one or more Nominee Holders or their agent pursuant to the requirements of Rule 14b-1(b)(3) or

14b-2(b)(3) as adopted on January 6, 1992, promulgated under the Securities Exchange Act of 1934, shall constitute an acceptable certification with respect to beneficial owners for the purposes of this subdivision.

(b) Except as provided in subdivision (c), the following chapters and sections of this division shall apply to a foreign corporation as defined in subdivision (a) (to the exclusion of the law of the jurisdiction in which it is incorporated):

Chapter 1 (general provisions and definitions), to the extent applicable to the following provisions;

Section 301 (annual election of directors);

Section 303 (removal of directors without cause);

Section 304 (removal of directors by court proceedings);

Section 305, subdivision (c) (filling of director vacancies where less than a majority in office elected by shareholders);

Section 317 (indemnification of directors, officers, and others);

Sections 500 to 505, inclusive (limitations on corporate distributions in cash or property);

Section 506 (liability of shareholder who receives unlawful distribution);

Section 600, subdivisions (b) and (c) (requirement for annual shareholders' meeting and remedy if same not timely held);

Section 708, subdivisions (a), (b), and (c) (shareholder's right to cumulate votes at any election of directors);

Section 710 (supermajority vote requirement);

Section 1001, subdivision (d) (limitations on sale of assets);

Section 1101 (provisions following subdivision (e)) (limitations on mergers);

Chapter 12 (commencing with Section 1200) (reorganizations);

Chapter 13 (commencing with Section 1300) (dissenters' rights);

Sections 1500 and 1501 (records and reports);

Section 1508 (action by Attorney General);

Chapter 16 (commencing with Section 1600) (rights of inspection).

(c) This section does not apply to any corporation (1) with outstanding securities listed on the New York Stock Exchange or the American Stock Exchange, or (2) with outstanding securities designated as qualified for trading on the Nasdaq National Market (or any successor thereto) of the Nasdaq Stock Market operated by the Nasdaq Stock Market Inc., or (3) if all of its voting shares (other than directors' qualifying shares) are owned directly or indirectly by a corporation or corporations not subject to this section.

(d) For purposes of subdivision (a), the requirements of subdivision (b) shall become applicable to a foreign corporation only upon the first day of the first income year of the corporation (i) commencing on or after the 135th day of the income year immediately following the latest income year with respect to which the tests referred to in subdivision (a) have been met or (ii) commencing on or after the entry of a final order by a court of competent jurisdiction declaring that those tests have been met.

(e) For purposes of subdivision (a), the requirements of subdivision (b) shall cease to be applicable to a foreign corporation (i) at the end of the first income year of the corporation immediately following the latest income year with respect to which at least one of the tests referred to in subdivision (a) is not met or (ii) at the end of the income year of the corporation during which a final order has been entered by a court of competent jurisdiction declaring that one of those tests is not met, provided that a contrary order has not been entered before the end of the income year.

(f) Any foreign corporation that is subject to the requirements of subdivision (b) shall advise any shareholder of record, any officer, director, employee, or other agent (within the meaning of Section 317) and any creditor of the corporation in writing, within 30 days of receipt of written request for that information, whether or not it is subject to subdivision (b) at the time the request is received. Any party who obtains a final determination by a court of competent jurisdiction that the corporation failed to provide to the party information required to be provided by this subdivision or provided the party information of the kind required to be provided by this subdivision that was incorrect, then the court, in its discretion, shall have the power to include in its judgment recovery by the party from the corporation of all court costs and reasonable attorneys' fees incurred in that legal proceeding to the extent they relate to obtaining that final determination.

SEC. 2. Section 2200 of the Corporations Code is amended to read:

2200. Every corporation that neglects, fails or refuses: (a) to keep or cause to be kept or maintained the record of shareholders or books of account required by this division to be kept or maintained , (b) to prepare or cause to be prepared or submitted the financial statements required by this division to be prepared or submitted, or (c) to give any shareholder of record the advice required by subdivision (f) of Section 2115, is subject to penalty as provided in this section.

The penalty shall be twenty-five dollars ($25) for each day that such failure or refusal continues, up to a maximum of one thousand five hundred dollars ($1,500), beginning 30 days after receipt of the written request that the duty be performed from one entitled to make the request, except that, in the case of a failure to give advice required by subdivision

(f) of Section 2115, the 30-day period shall run from the date of receipt of the request made pursuant to subdivision (f) and no additional request is required by this section.

The penalty shall be paid to the shareholder or shareholders jointly making the request for performance of the duty, and damaged by the neglect, failure or refusal, if suit therefor is commenced within 90 days after the written request is made, including any request made pursuant to subdivision (f) of Section 2115 ; but the maximum daily penalty because of failure to comply with any number of separate requests made on any one day or for the same act shall be two hundred fifty dollars ($250).

CHAPTER 207

An act to amend and repeal Section 1347 of the Penal Code, relating to child witnesses.

[Approved by Governor July 24, 2000. Filed with Secretary of State July 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1347 of the Penal Code, as amended by Section 1.5 of Chapter 670 of the Statutes of 1998, is amended to read:

1347. (a) It is the intent of the Legislature in enacting this section to provide the court with discretion to employ unusual court procedures to protect the rights of a child witness, the rights of the defendant, and the integrity of the judicial process. In exercising its discretion, the court necessarily will be required to balance the rights of the defendant or defendants against the need to protect a child witness and to preserve the integrity of the court's truthfinding function. This discretion is intended to be used selectively when the facts and circumstances in the individual case present compelling evidence of the need to use these unusual procedures.

(b) Notwithstanding any other law, the court in any criminal proceeding, upon written notice by the prosecutor made at least three days prior to the date of the preliminary hearing or trial date on which the testimony of the minor is scheduled, or during the course of the proceeding on the court's own motion, may order that the testimony of a minor 13 years of age or younger at the time of the motion be taken by contemporaneous examination and cross-examination in another place and out of the presence of the judge, jury, defendant or defendants, and

attorneys, and communicated to the courtroom by means of closed-circuit television, if the court makes all of the following findings:

(1) The minor's testimony will involve a recitation of the facts of either of the following:

(A) An alleged sexual offense committed on or with the minor.

(B) The minor is a victim of a violent felony, as defined in subdivision (c) of Section 667.5.

(2) The impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness unless closed-circuit television is used.

(A) Threats of serious bodily injury to be inflicted on the minor or a family member, of incarceration or deportation of the minor or a family member, or of removal of the minor from the family or dissolution of the family, in order to prevent or dissuade the minor from attending or giving testimony at any trial or court proceeding, or to prevent the minor from reporting the alleged sexual offense or from assisting in criminal prosecution.

(B) Use of a firearm or any other deadly weapon during the commission of the crime.

(C) Infliction of great bodily injury upon the victim during the commission of the crime.

(D) Conduct on the part of the defendant or defense counsel during the hearing or trial that causes the minor to be unable to continue his or her testimony.

In making the determination required by this section, the court shall consider the age of the minor, the relationship between the minor and the defendant or defendants, any handicap or disability of the minor, and the nature of the acts charged. The minor's refusal to testify shall not alone constitute sufficient evidence that the special procedure described in this section is necessary to obtain the minor's testimony.

(3) The equipment available for use of closed-circuit television would accurately communicate the image and demeanor of the minor to the judge, jury, defendant or defendants, and attorneys.

(c) If the court orders the use of closed-circuit television, two-way closed-circuit television shall be used, except that if the impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, of paragraph (2) of subdivision (b), is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness even if two-way closed-circuit television is used, one-way closed-circuit television may be used. The prosecution shall give the defendant or defendants at least 30 days written notice of the prosecution's intent to seek the use of one-way closed-circuit

television, unless good cause is shown to the court why this 30-day notice requirement should not apply.

(d) (1) The hearing on a motion brought pursuant to this section shall be conducted out of the presence of the jury.

(2) Notwithstanding Section 804 of the Evidence Code or any other law, the court, in determining the merits of the motion, shall not compel the minor to testify at the hearing; nor shall the court deny the motion on the ground that the minor has not testified.

(3) In determining whether the impact on an individual child of one or more of the four factors enumerated in paragraph (2) of subdivision (b) is so substantial that the minor is unavailable as a witness unless two-way or one-way closed-circuit television is used, the court may question the minor in chambers, or at some other comfortable place other than the courtroom, on the record for a reasonable period of time with the support person, the prosecutor, and defense counsel present. The defendant or defendants shall not be present. The court shall conduct the questioning of the minor and shall not permit the prosecutor or defense counsel to examine the minor. The prosecutor and defense counsel shall be permitted to submit proposed questions to the court prior to the session in chambers. Defense counsel shall be afforded a reasonable opportunity to consult with the defendant or defendants prior to the conclusion of the session in chambers.

(e) When the court orders the testimony of a minor to be taken in another place outside of the courtroom, the court shall do all of the following:

(1) Make a brief statement on the record, outside of the presence of the jury, of the reasons in support of its order. While the statement need not include traditional findings of fact, the reasons shall be set forth with sufficient specificity to permit meaningful review and to demonstrate that discretion was exercised in a careful, reasonable, and equitable manner.

(2) Instruct the members of the jury that they are to draw no inferences from the use of closed-circuit television as a means of facilitating the testimony of the minor.

(3) Instruct respective counsel, outside of the presence of the jury, that they are to make no comment during the course of the trial on the use of closed-circuit television procedures.

(4) Instruct the support witness, outside of the presence of the jury, that he or she is not to coach, cue, or in any way influence or attempt to influence the testimony of the minor.

(5) Order that a complete record of the examination of the minor, including the images and voices of all persons who in any way participate in the examination, be made and preserved on videotape in addition to being stenographically recorded. The videotape shall be

transmitted to the clerk of the court in which the action is pending and shall be made available for viewing to the prosecuting attorney, the defendant or defendants, and his or her attorney during ordinary business hours. The videotape shall be destroyed after five years have elapsed from the date of entry of judgment. If an appeal is filed, the tape shall not be destroyed until a final judgment on appeal has been ordered. Any videotape that is taken pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the witness. This subdivision does not affect the provisions of subdivision (b) of Section 868.7.

(f) When the court orders the testimony of a minor to be taken in another place outside the courtroom, only the minor, a support person designated pursuant to Section 868.5, a nonuniformed bailiff, and, after consultation with the prosecution and the defense, a representative appointed by the court, shall be physically present for the testimony. A videotape shall record the image of the minor and his or her testimony, and a separate videotape shall record the image of the support person.

(g) When the court orders the testimony of a minor to be taken in another place outside the courtroom, the minor shall be brought into the judge's chambers prior to the taking of his or her testimony to meet for a reasonable period of time with the judge, the prosecutor, and defense counsel. A support person for the minor shall also be present. This meeting shall be for the purpose of explaining the court process to the child and to allow the attorneys an opportunity to establish rapport with the child to facilitate later questioning by closed-circuit television. No participant shall discuss the defendant or defendants or any of the facts of the case with the minor during this meeting.

(h) When the court orders the testimony of a minor to be taken in another place outside the courtroom, nothing in this section prohibits the court from ordering the minor to be brought into the courtroom for a limited purpose, including the identification of the defendant or defendants as the court deems necessary.

(i) The examination shall be under oath, and the defendant or defendants shall be able to see and hear the minor witness and if two-way closed-circuit television is used, the defendant's image shall be transmitted live to the witness.

(j) Nothing in this section affects the disqualification of witnesses pursuant to Section 701 of the Evidence Code.

(k) The cost of examination by contemporaneous closed-circuit television ordered pursuant to this section shall be borne by the court out of its existing budget.

(*l*) The Judicial Council shall prepare and submit to the Legislature, on or before December 31, 2000, a report on the frequency of use and effectiveness of closed-circuit testimony.

(m) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 2. Section 1347 of the Penal Code, as added by Section 1.6 of Chapter 670 of the Statutes of 1998, is amended to read:

1347. (a) It is the intent of the Legislature in enacting this section to provide the court with discretion to employ unusual court procedures to protect the rights of a child witness, the rights of the defendant, and the integrity of the judicial process. In exercising its discretion, the court necessarily will be required to balance the rights of the defendant or defendants against the need to protect a child witness and to preserve the integrity of the court's truthfinding function. This discretion is intended to be used selectively when the facts and circumstances in the individual case present compelling evidence of the need to use these unusual procedures.

(b) Notwithstanding any other law, the court in any criminal proceeding, upon written notice by the prosecutor made at least three days prior to the date of the preliminary hearing or trial date on which the testimony of the minor is scheduled, or during the course of the proceeding on the court's own motion, may order that the testimony of a minor 13 years of age or younger at the time of the motion be taken by contemporaneous examination and cross-examination in another place and out of the presence of the judge, jury, defendant or defendants, and attorneys, and communicated to the courtroom by means of closed-circuit television, if the court makes all of the following findings:

(1) The minor's testimony will involve a recitation of the facts of an alleged sexual offense committed on or with the minor.

(2) The impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness unless closed-circuit television is used.

(A) Threats of serious bodily injury to be inflicted on the minor or a family member, of incarceration or deportation of the minor or a family member, or of removal of the minor from the family or dissolution of the family, in order to prevent or dissuade the minor from attending or giving testimony at any trial or court proceeding, or to prevent the minor from reporting the alleged sexual offense or from assisting in criminal prosecution.

(B) Use of a firearm or any other deadly weapon during the commission of the crime.

(C) Infliction of great bodily injury upon the victim during the commission of the crime.

(D) Conduct on the part of the defendant or defense counsel during the hearing or trial that causes the minor to be unable to continue his or her testimony.

In making the determination required by this section, the court shall consider the age of the minor, the relationship between the minor and the defendant or defendants, any handicap or disability of the minor, and the nature of the acts charged. The minor's refusal to testify shall not alone constitute sufficient evidence that the special procedure described in this section is necessary to obtain the minor's testimony.

(3) The equipment available for use of closed-circuit television would accurately communicate the image and demeanor of the minor to the judge, jury, defendant or defendants, and attorneys.

(c) If the court orders the use of closed-circuit television, two-way closed-circuit television shall be used, except that if the impact on the minor of one or more of the factors enumerated in subparagraphs (A) to (D), inclusive, of paragraph (2) of subdivision (b), is shown by clear and convincing evidence to be so substantial as to make the minor unavailable as a witness even if two-way closed-circuit television is used, one-way closed-circuit television may be used. The prosecution shall give the defendant or defendants at least 30 days' written notice of the prosecution's intent to seek the use of one-way closed-circuit television, unless good cause is shown to the court why this 30-day notice requirement should not apply.

(d) (1) The hearing on a motion brought pursuant to this section shall be conducted out of the presence of the jury.

(2) Notwithstanding Section 804 of the Evidence Code or any other law, the court, in determining the merits of the motion, shall not compel the minor to testify at the hearing; nor shall the court deny the motion on the ground that the minor has not testified.

(3) In determining whether the impact on an individual child of one or more of the four factors enumerated in paragraph (2) of subdivision (b) is so substantial that the minor is unavailable as a witness unless two-way or one-way closed-circuit television is used, the court may question the minor in chambers, or at some other comfortable place other than the courtroom, on the record for a reasonable period of time with the support person, the prosecutor, and defense counsel present. The defendant or defendants shall not be present. The court shall conduct the questioning of the minor and shall not permit the prosecutor or defense counsel to examine the minor. The prosecutor and defense counsel shall be permitted to submit proposed questions to the court prior to the session in chambers. Defense counsel shall be afforded a reasonable opportunity to consult with the defendant or defendants prior to the conclusion of the session in chambers.

(e) When the court orders the testimony of a minor to be taken in another place outside of the courtroom, the court shall do all of the following:

(1) Make a brief statement on the record, outside of the presence of the jury, of the reasons in support of its order. While the statement need not include traditional findings of fact, the reasons shall be set forth with sufficient specificity to permit meaningful review and to demonstrate that discretion was exercised in a careful, reasonable, and equitable manner.

(2) Instruct the members of the jury that they are to draw no inferences from the use of closed-circuit television as a means of facilitating the testimony of the minor.

(3) Instruct respective counsel, outside of the presence of the jury, that they are to make no comment during the course of the trial on the use of closed-circuit television procedures.

(4) Instruct the support witness, outside of the presence of the jury, that he or she is not to coach, cue, or in any way influence or attempt to influence the testimony of the minor.

(5) Order that a complete record of the examination of the minor, including the images and voices of all persons who in any way participate in the examination, be made and preserved on videotape in addition to being stenographically recorded. The videotape shall be transmitted to the clerk of the court in which the action is pending and shall be made available for viewing to the prosecuting attorney, the defendant or defendants, and his or her attorney during ordinary business hours. The videotape shall be destroyed after five years have elapsed from the date of entry of judgment. If an appeal is filed, the tape shall not be destroyed until a final judgment on appeal has been ordered. Any videotape that is taken pursuant to this section is subject to a protective order of the court for the purpose of protecting the privacy of the witness. This subdivision does not affect subdivision (b) of Section 868.7.

(f) When the court orders the testimony of a minor to be taken in another place outside the courtroom, only the minor, a support person designated pursuant to Section 868.5, a nonuniformed bailiff, and, after consultation with the prosecution and the defense, a representative appointed by the court, shall be physically present for the testimony. A videotape shall record the image of the minor and his or her testimony, and a separate videotape shall record the image of the support person.

(g) When the court orders the testimony of a minor to be taken in another place outside the courtroom, the minor shall be brought into the judge's chambers prior to the taking of his or her testimony to meet for a reasonable period of time with the judge, the prosecutor, and defense counsel. A support person for the minor shall also be present. This meeting shall be for the purpose of explaining the court process to the

child and to allow the attorneys an opportunity to establish rapport with the child to facilitate later questioning by closed-circuit television. No participant shall discuss the defendant or defendants or any of the facts of the case with the minor during this meeting.

(h) When the court orders the testimony of a minor to be taken in another place outside the courtroom, nothing in this section prohibits the court from ordering the minor to be brought into the courtroom for a limited purpose, including the identification of the defendant or defendants as the court deems necessary.

(i) The examination shall be under oath, and the defendant or defendants shall be able to see and hear the minor witness, and if two-way closed-circuit television is used, the defendant's image shall be transmitted live to the witness.

(j) Nothing in this section affects the disqualification of witnesses pursuant to Section 701 of the Evidence Code.

(k) The cost of examination by contemporaneous closed-circuit television ordered pursuant to this section shall be borne by the court out of its existing budget.

(*l*) This section shall become operative on January 1, 2003.

An insurer may exempt from this requirement new motor vehicles if a copy of the sales contract is delivered to the insurer within five business days of the purchase of the new motor vehicle. The people of the State of California do enact as follows:

SECTION 1. Section 37220.5 of the Education Code is amended to read:

37220.5. (a) In addition to the holidays prescribed in Section 37220, public schools may be closed on March 31, known as ''Cesar Chavez Day,'' or the appropriate Monday or Friday following or preceding that date, if the governing board, pursuant to a memorandum of understanding reached pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, agrees to close schools for that purpose.

(b) On March 31 or on the day determined by the governing board, public schools and educational institutions throughout the state may include exercises, funded through existing resources, commemorating and directing attention to the history of the farm labor movement in the United States and particularly the role therein of Cesar Chavez. The State Board of Education shall adopt a model curriculum guide to be available for use by public schools for exercises related to Cesar Chavez Day.

SEC. 2. Section 37220.6 is added to the Education Code, to read:

(b) The California Commission on Improving Life Through Service may make grants to local and state operated Americorps or Conservation Corps programs that submit proposals to engage pupils through their schools and school districts in community service that qualifies as instructional time on Cesar Chavez Day, pursuant to Section 37220.5, that honor the life and work of Cesar Chavez. The California Commission on Improving Life Through Service may, at its discretion, adjust the grant amount to account for school district size, the size of the project, and the demand on existing funding. Under no circumstances may the amount granted exceed the amount of funding appropriated to carry out this section.

(d) In order for the community service performed under this program to be counted as instructional time, the service shall be performed under the supervision of a teacher.

(e) The Superintendent of Public Instruction shall develop or revise, as needed, a model curriculum on the life and work of Cesar Chavez and submit the model curriculum to the State Board of Education for adoption pursuant to subdivision (b) of Section 37220.5. (2) It is not the intent of the Legislature, by the amendments to this subdivision that add this paragraph, to increase the personal holiday credit that an employee receives pursuant to Section 19854.

(e) This section shall become effective with regard to the March 31 holiday only when the Department of Personnel Administration notifies the Legislature that the language contained in this section has been agreed to by all exclusive representatives, and the Department of Personnel Administration authorizes this holiday to be applied to employees designated as excluded from the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512), Division 4, Title 1), and the necessary statutes are amended to reflect this change.

[Approved by Governor August 21, 2000. Filed with Secretary of State August 22, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 53753 of the Government Code is amended to read:

53753. (a) The notice, protest, and hearing requirements imposed by this section supersede any statutory provisions applicable to the levy of a new or increased assessment that is in existence on the effective date of this section, whether or not that provision is in conflict with this article. Any agency that complies with the notice, protest, and hearing requirements of this section shall not be required to comply with any other statutory notice, protest, and hearing requirements that would otherwise be applicable to the levy of a new or increased assessment, with the exception of Division 4.5 (commencing with Section 3100) of the Streets and Highways Code. If the requirements of that division apply to the levy of a new or increased assessment, the levying agency shall comply with the notice, protest, and hearing requirements imposed by this section as well as with the requirements of that division.

(b) Prior to levying a new or increased assessment, or an existing assessment that is subject to the procedures and approval process set forth in Section 4 of Article XIII D of the California Constitution, an agency shall give notice by mail to the record owner of each identified parcel. Each notice shall include the total amount of the proposed assessment chargeable to the entire district, the amount chargeable to the record owner's parcel, the duration of the payments, the reason for the assessment and the basis upon which the amount of the proposed assessment was calculated, and the date, time, and location of a public hearing on the proposed assessment. Each notice shall also include, in a conspicuous place thereon, a summary of the procedures for the completion, return, and tabulation of the assessment ballots required pursuant to subdivision (c), including a statement that the assessment shall not be imposed if the ballots submitted in opposition to the

assessment exceed the ballots submitted in favor of the assessment, with ballots weighted according to the proportional financial obligation of the affected property. An agency shall give notice by mail at least 45 days prior to the date of the public hearing upon the proposed assessment.

(c) Each notice given pursuant to subdivision (b) shall contain an assessment ballot that includes the agency's address for receipt of the form and a place where the person returning the assessment ballot may indicate his or her name, a reasonable identification of the parcel, and his or her support or opposition to the proposed assessment. Each assessment ballot shall be in a form that conceals its contents once it is sealed by the person submitting the assessment ballot. Each assessment ballot shall be signed and either mailed or otherwise delivered to the address indicated on the assessment ballot. Regardless of the method of delivery, all assessment ballots shall be received at the address indicated, or the site of the public testimony, in order to be included in the tabulation of a majority protest pursuant to subdivision (e). Assessment ballots shall remain sealed until the tabulation of ballots pursuant to subdivision (e) commences, provided that an assessment ballot may be submitted, or changed, or withdrawn by the person who submitted the ballot prior to the conclusion of the public testimony on the proposed assessment at the hearing required pursuant to subdivision (d). An agency may provide an envelope for the return of the assessment ballot, provided that if the return envelope is opened by the agency prior to the tabulation of ballots pursuant to subdivision (e), the enclosed assessment ballot shall remain sealed as provided in this section.

(d) At the time, date, and place stated in the notice mailed pursuant to subdivision (b), the agency shall conduct a public hearing upon the proposed assessment. At the public hearing, the agency shall consider all objections or protests, if any, to the proposed assessment. At the public hearing, any interested person shall be permitted to present written or oral testimony. The public hearing may be continued from time to time.

(e) (1) At the conclusion of the public hearing conducted pursuant to subdivision (d), an impartial person, including, but not limited to, the clerk of the agency, designated by the agency who does not have a vested interest in the outcome of the proposed assessment shall tabulate the assessment ballots submitted, and not withdrawn, in support of or opposition to the proposed assessment. The impartial person may use technological methods of tabulating the assessment ballots, including, but not limited to, punchcard or optically readable (bar-coded) assessment ballots. During and after the tabulation, the assessment ballots shall be treated as disclosable public records, as defined in Section 6252, and equally available for inspection by the proponents and the opponents of the proposed assessment.

In the event that more than one of the record owners of an identified parcel submits an assessment ballot, the amount of the proposed assessment to be imposed upon the identified parcel shall be allocated to each ballot submitted in proportion to the respective record ownership interests or, if the ownership interests are not shown on the record, as established to the satisfaction of the agency by documentation provided by those record owners.

(2) A majority protest exists if the assessment ballots submitted, and not withdrawn, in opposition to the proposed assessment exceed the assessment ballots submitted, and not withdrawn, in its favor, weighting those assessment ballots by the amount of the proposed assessment to be imposed upon the identified parcel for which each assessment ballot was submitted.

(3) If there is a majority protest against the imposition of a new assessment, or the extension of an existing assessment, or an increase in an existing assessment, the agency shall not impose, extend, or increase the assessment.

(4) The majority protest proceedings described in this subdivision shall not constitute an election or voting for purposes of Article II of the California Constitution or of the California Elections Code.

CHAPTER 223

An act to add and repeal Chapter 12 (commencing with Section 2920) of Division 3 of the Fish and Game Code, relating to mosquito abatement, and making an appropriation therefor.

[Approved by Governor August 22, 2000. Filed with Secretary of State August 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Suisun Marsh and its myriad endemic plant and wildlife species are natural resources of state and national significance, as declared in the Suisun Marsh Protection Act of 1977 (Division 19 (commencing with Section 29000) of the Public Resources Code), and

should be protected from adverse environmental impacts and enhanced whenever possible.

(b) The proximity of the Suisun Marsh to neighboring communities has elicited public concern regarding the potential health and nuisance issues associated with the production of mosquitos in the early fall when most of the marsh is being flooded for migratory waterfowl.

(c) It is in the interest of the public to establish a demonstration program designed to develop and evaluate marsh management practices that will enhance the marsh for early migrating waterfowl and shorebirds while, at the same time, minimizing the need for the chemical control of mosquitos.

SEC. 2. Chapter 12 (commencing with Section 2920) is added to Division 3 of the Fish and Game Code, to read:

CHAPTER 12. SUISUN MARSH WETLANDS ENHANCEMENT AND MOSQUITO ABATEMENT DEMONSTRATION PROGRAM

2920. This act shall be known, and may be cited, as the Suisun Marsh Wetlands Enhancement and Mosquito Abatement Demonstration Program.

2921. For purposes of this chapter, the following terms shall have the following meaning:

(a) ''Conservation district'' means the Suisun Resource Conservation District.

(b) ''Early flooding program'' means the flooding of privately owned wetlands on which waterfowl ponds are located and that are initially flooded prior to October 1 of each year and that may remain flooded after that date.

(c) ''Late flooding program'' means the flooding of privately owned wetlands on which waterfowl ponds are located and that are initially flooded on or after October 1 of each year.

(d) ''Mosquito district'' means the Solano County Mosquito Abatement District.

(e) ''Program'' means the Suisun Marsh Wetland Enhancement and Mosquito Abatement Demonstration Program.

2922. The program is hereby established for the purpose of devising and evaluating methods by which wetland management techniques in the Suisun Marsh can be better integrated with mosquito abatement programs. The department shall award grant funds for the program to the conservation district until December 31, 2004. The program shall be implemented and administered in accordance with the following procedures:

(a) Not later than July 31, 2001, July 31, 2002, July 31, 2003, and July 31, 2004, the conservation district, the mosquito district, and the

department shall confer for the purpose of selecting those lands on which the early flooding program may be conducted with the voluntary consent of the landowners, shall immediately notify the owners of those selected properties, and shall give the owners of those selected properties the option to participate in the program. Priority shall be given to those properties that have demonstrated, or for which it can be reasonably assumed, are the least likely to produce mosquitos at levels requiring extensive abatement efforts.

(b) The mosquito district shall keep detailed records of each mosquito outbreak requiring the application of control measures, including the date of the outbreak and any posttreatment inspections, the species of mosquitos involved, approximate acreage sustaining the outbreak, the kind of control measure or measures employed, the type of chemical controls applied, if any, the application rate, and the total cost of the abatement procedure.

(c) The mosquito district shall immediately notify the conservation district of any mosquito outbreaks requiring control measures, and provide the conservation district with the written record of those outbreaks together with any recommendations the mosquito district may have regarding wetland habitat management practices that could be employed to avert or minimize future outbreaks on the subject property in a timely fashion.

(d) The conservation district shall conduct a weekly bird census of all waterfowl, shorebirds, and wading birds for the properties participating in the early flooding program, and shall maintain complete records of the census for each property. Prior to the initiation of the census effort, the conservation district and the department shall develop an appropriate census protocol. The census period shall extend from the time of initial flooding of any property until October 1 of each year.

(e) The conservation district shall submit to the department an annual report by March 1 of each year that summarizes the program-related events of the previous season's early flooding program. The report shall contain, at a minimum, for each property participating in the program all of the following:

(1) The name, identification number, date of initial flooding, and acreage flooded prior to October 1 of the year covered in the annual report.

(2) A summary of the results of the bird census, and any pertinent aerial waterfowl census data that may have been collected by the department.

(3) A detailed summary of all mosquito abatement events and the costs thereof.

The annual report prepared pursuant to this subdivision shall also include recommendations regarding how current marsh management

practices or mosquito abatement operations can be improved to better integrate the two interests with the intent of enhancing wetland habitat, thereby reducing the cost of vector control measures and limiting the need for the application of chemical control agents.

(f) The conservation district shall submit a final report to the department by March 1, 2005, which summarizes the results of the entire demonstration program and shall include a summary of those matters described in paragraphs (1) to (3), inclusive, of subdivision (e). In addition, the final report shall emphasize and describe the benefits of the early flooding program, marsh management practices demonstrated to be effective at reducing the frequency or duration of major mosquito outbreaks, improved or modified mosquito control measures, and how any or all of the foregoing may be applied elsewhere in the state.

2923. This chapter shall remain in effect only until December 31, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before December 31, 2005, deletes or extends that date.

SEC. 3. (a) The sum of one hundred forty thousand dollars ($140,000) is hereby appropriated from the General Fund to the Department of Fish and Game for allocation to the Suisun Resource Conservation District for the purpose of implementing the Suisun Marsh Wetlands Enhancement and Mosquito Abatement Demonstration Program established pursuant to Chapter 12 (commencing with Section 2920) of Division 3 of the Fish and Game Code.

(b) The department shall allocate the sum of thirty-five thousand dollars ($35,000) to the conservation district in each of the 2000–01, 2001–02, 2002–03, and 2003–04 fiscal years, as follows:

(1) Up to twenty thousand dollars ($20,000) shall be expended by the conservation district each year for the following purposes:

(A) From July 1 until September 30 of each year, the conservation district shall pay 75 percent of the cost incurred by the mosquito district for any necessary mosquito abatement activities undertaken by the mosquito district on lands previously authorized to participate in the current year's early flooding program. The remaining 25 percent of those costs shall be borne by the owner or owners of the affected property, and they shall pay that amount to the conservation district within 30 days after receipt of an invoice for those costs from the conservation district. If the owner or owners do not pay the full 25 percent copayment amount within that 30-day period, the owner or owners shall pay the mosquito district the full 100 percent of the costs incurred by the mosquito district for mosquito abatement activities on the affected property, and the conservation district shall be relieved of the obligation to pay any portion of the cost of those activities on that property.

(B) After October 1 of each year, all private wetlands in the Suisun Marsh are eligible to receive program funds, to the extent available, to

defray the costs of mosquito abatement incurred during the late flooding program. The mosquito district shall continue its policy in effect on January 1, 1999, of only charging one-half of the abatement costs it incurs during the late flooding program in the Suisun Marsh. The conservation district shall pay 75 percent of those costs and the owner or owners of the affected property shall pay the remaining 25 percent of those costs to the conservation district within 30 days after receipt of an invoice for those costs from the conservation district. If the owner or owners do not pay the full 25 percent copayment amount within that 30-day period, the owner or owners shall pay the mosquito district the full 100 percent of the costs incurred by the mosquito district for mosquito abatement activities on the affected property, and the conservation district shall be relieved of the obligation to pay any portion of the cost of those activities on that property.

(C) Any funds not expended by December 31 of each year pursuant to subparagraphs (A) and (B) may be used by the conservation district for the purposes specified in paragraph (2).

(2) Not less than fifteen thousand dollars ($15,000) of the amount allocated each year shall be used for the purpose of reimbursing the conservation district for expenses it incurs implementing the program.

(c) The department may not allocate any funds from the General Fund for purposes of the program after December 31, 2004.

(d) All payments made to the conservation district shall be in arrears. The conservation district shall submit invoices to the Department of Fish and Game for reimbursement of its program related costs quarterly. Each invoice shall be accompanied by an itemized accounting of its costs, and shall include any invoices the conservation district has received from the mosquito district.

(e) As used in this section, the terms ''conservation district,'' ''early flooding programs,'' ''late flooding program,'' ''mosquito district,'' and ''program'' have the same meaning as defined by Section 2921 of the Fish and Game Code.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

(b) A dentist maintaining more than one office shall ensure that each office is in compliance with the supervision requirements of this chapter.

(c) A dentist maintaining more than one office shall post, in an area which is likely to be seen by all patients who use the facility, a sign with the dentist's name, mailing address, telephone number, and dental license number.

CHAPTER 225

An act to amend Section 48900.6 of, and to repeal Section 48900.6 of, the Education Code, relating to pupil discipline.

[Approved by Governor August 22, 2000. Filed with Secretary of State August 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 48900.6 of the Education Code, as amended by Chapter 972 of the Statutes of 1995, is amended to read:

48900.6. As part of or instead of disciplinary action prescribed by this article, the principal of a school, the principal's designee, the superintendent of schools, or the governing board may require a pupil to perform community service on school grounds or, with written

permission of the parent or guardian of the pupil, off school grounds, during the pupil's nonschool hours. For the purposes of this section, ''community service'' may include, but is not limited to, work performed in the community or on school grounds in the areas of outdoor beautification, community or campus betterment, and teacher, peer, or youth assistance programs. This section does not apply if a pupil has been suspended, pending expulsion, pursuant to Section 48915. However, this section applies if the recommended expulsion is not implemented or is, itself, suspended by stipulation or other administrative action.

SEC. 2. Section 48900.6 of the Education Code, as added by Section 1 of Chapter 212 of the Statutes of 1993, is repealed.

CHAPTER 226

An act to amend Section 1203.4 of the Penal Code, relating to sex offenders.

[Approved by Governor August 22, 2000. Filed with Secretary of State August 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.4 of the Penal Code is amended to read:

1203.4. (a) In any case in which a defendant has fulfilled the conditions of probation for the entire period of probation, or has been discharged prior to the termination of the period of probation, or in any other case in which a court, in its discretion and the interests of justice, determines that a defendant should be granted the relief available under this section, the defendant shall, at any time after the termination of the period of probation, if he or she is not then serving a sentence for any offense, on probation for any offense, or charged with the commission of any offense, be permitted by the court to withdraw his or her plea of guilty or plea of nolo contendere and enter a plea of not guilty; or, if he or she has been convicted after a plea of not guilty, the court shall set aside the verdict of guilty; and, in either case, the court shall thereupon dismiss the accusations or information against the defendant and except as noted below, he or she shall thereafter be released from all penalties and disabilities resulting from the offense of which he or she has been convicted, except as provided in Section 13555 of the Vehicle Code. The probationer shall be informed, in his or her probation papers, of this right and privilege and his or her right, if any, to petition for a certificate of rehabilitation and pardon. The probationer may make the application

and change of plea in person or by attorney, or by the probation officer authorized in writing. However, in any subsequent prosecution of the defendant for any other offense, the prior conviction may be pleaded and proved and shall have the same effect as if probation had not been granted or the accusation or information dismissed. The order shall state, and the probationer shall be informed, that the order does not relieve him or her of the obligation to disclose the conviction in response to any direct question contained in any questionnaire or application for public office, for licensure by any state or local agency, or for contracting with the California State Lottery.

Dismissal of an accusation or information pursuant to this section does not permit a person to own, possess, or have in his or her custody or control any firearm capable of being concealed upon the person or prevent his or her conviction under Section 12021.

This subdivision shall apply to all applications for relief under this section which are filed on or after November 23, 1970.

(b) Subdivision (a) of this section does not apply to any misdemeanor that is within the provisions of subdivision (b) of Section 42001 of the Vehicle Code, to any violation of subdivision (c) of Section 286, Section 288, subdivision (c) of Section 288a, Section 288.5, or subdivision (j) of Section 289, any felony conviction pursuant to subdivision (d) of Section 261.5, or to any infraction.

(c) A person who petitions for a change of plea or setting aside of a verdict under this section may be required to reimburse the county for the actual cost of services rendered, whether or not the petition is granted and the records are sealed or expunged, at a rate to be determined by the county board of supervisors not to exceed one hundred twenty dollars ($120), and to reimburse any city for the actual cost of services rendered, whether or not the petition is granted and the records are sealed or expunged, at a rate to be determined by the city council not to exceed one hundred twenty dollars ($120). Ability to make this reimbursement shall be determined by the court using the standards set forth in paragraph (2) of subdivision (g) of Section 987.8 and shall not be a prerequisite to a person's eligibility under this section. The court may order reimbursement in any case in which the petitioner appears to have the ability to pay, without undue hardship, all or any portion of the cost for services established pursuant to this subdivision.

(d) No relief shall be granted under this section unless the prosecuting attorney has been given 15 days' notice of the petition for relief. The probation officer shall notify the prosecuting attorney when a petition is filed, pursuant to this section.

It shall be presumed that the prosecuting attorney has received notice if proof of service is filed with the court.

(e) If, after receiving notice pursuant to subdivision (d), the prosecuting attorney fails to appear and object to a petition for dismissal, the prosecuting attorney may not move to set aside or otherwise appeal the grant of that petition.

(f) Notwithstanding the above provisions or any other provision of law, the Governor shall have the right to pardon a person convicted of a violation of subdivision (c) of Section 286, Section 288, subdivision (c) of Section 288a, Section 288.5, or subdivision (j) of Section 289, if there are extraordinary circumstances.

(ii) The complaint or indictment is or was filed subsequent to January 1, 1997, and it is or was filed within the time period specified within this subdivision.

(iii) The victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was not filed within the time period specified in this subdivision, but a complaint or indictment is filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(iv) The victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, but a new complaint or indictment is or was filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(B) (i) If the victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, a new complaint or indictment may be filed notwithstanding any other provision of law, including, but not limited to, subdivision (c) of Section 871.5 and subdivision (b) of Section 1238.

No evidence may be used to corroborate the victim's allegation that otherwise would be inadmissible during trial. Independent evidence does not include the opinions of mental health professionals.

(3) (A) This subdivision applies to a cause of action arising before, on, or after January 1, 1994, the effective date of this subdivision, and it shall revive any cause of action barred by Section 800 or 801 if any of the following occurred or occurs:

(iv) The victim made the report required by this subdivision to a law enforcement agency after January 1, 1994, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, but a new complaint or indictment is filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this subdivision is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(B) (i) If the victim made the report required by this subdivision to a law enforcement agency after January 1, 1994, and a complaint or

(ii) An order dismissing an action filed under this subdivision, which is entered or becomes effective at any time prior to 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first, shall not be considered an order terminating an action within the meaning of Section 1387.

(iii) Any ruling regarding the retroactivity of this subdivision or its constitutionality made in the course of the previous proceeding, by any trial court or any intermediate appellate court, shall not be binding upon refiling.

CHAPTER 236

An act to amend Section 243 of the Penal Code, relating to crimes.

[Approved by Governor August 24, 2000. Filed with Secretary of State August 25, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 243 of the Penal Code is amended to read:

243. (a) A battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail not exceeding six months, or by both that fine and imprisonment.

(b) When a battery is committed against the person of a peace officer, custodial officer, firefighter, emergency medical technician, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman, or a nonsworn employee of a probation department engaged in the performance of his or her duties, whether on or off duty, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care facility, and the person committing the offense knows or reasonably should know that the victim is a peace officer, custodial officer, firefighter, emergency medical technician, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, nonsworn employee of a probation department, or a physician or nurse engaged in rendering emergency medical care, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment.

(c) (1) When a battery is committed against a custodial officer, firefighter, emergency medical technician, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, whether on or off duty, or a nonsworn employee of a probation department engaged in the performance of his or her duties, whether on or off duty, or a physician or nurse engaged in rendering emergency medical care outside a hospital, clinic, or other health care

facility, and the person committing the offense knows or reasonably should know that the victim is a nonsworn employee of a probation department, custodial officer, firefighter, emergency medical technician, lifeguard, process server, traffic officer, or animal control officer engaged in the performance of his or her duties, or a physician or nurse engaged in rendering emergency medical care, and an injury is inflicted on that victim, the battery is punishable by a fine of not more than two thousand dollars ($2,000), by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment, or by imprisonment in the state prison for 16 months, or two or three years.

(2) When the battery specified in paragraph (1) is committed against a peace officer engaged in the performance of his or her duties, whether on or off duty, including when the peace officer is in a police uniform and is concurrently performing the duties required of him or her as a peace officer while also employed in a private capacity as a part-time or casual private security guard or patrolman and the person committing the offense knows or reasonably should know that the victim is a peace officer engaged in the performance of his or her duties, the battery is punishable by a fine of not more than ten thousand dollars ($10,000), or by imprisonment in a county jail not exceeding one year or in the state prison for 16 months, or two or three years, or by both that fine and imprisonment.

(d) When a battery is committed against any person and serious bodily injury is inflicted on the person, the battery is punishable by imprisonment in a county jail not exceeding one year or imprisonment in the state prison for two, three, or four years.

(e) (1) When a battery is committed against a spouse, a person with whom the defendant is cohabiting, a person who is the parent of the defendant's child, former spouse, fiancé, or fiancée, or a person with whom the defendant currently has, or has previously had, a dating or engagement relationship, the battery is punishable by a fine not exceeding two thousand dollars ($2,000), or by imprisonment in a county jail for a period of not more than one year, or by both that fine and imprisonment. If probation is granted, or the execution or imposition of the sentence is suspended, it shall be a condition thereof that the defendant participate in, for no less than one year, and successfully complete, a batterer's treatment program, as defined in Section 1203.097, or if none is available, another appropriate counseling program designated by the court. However, this provision shall not be construed as requiring a city, a county, or a city and county to provide a new program or higher level of service as contemplated by Section 6 of Article XIII B of the California Constitution.

(2) Upon conviction of a violation of this subdivision, if probation is granted, the conditions of probation may include, in lieu of a fine, one or both of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable costs of counseling and other reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

(3) Upon conviction of a violation of this subdivision, if probation is granted or the execution or imposition of the sentence is suspended and the person has been previously convicted of a violation of this subdivision and sentenced under paragraph (1), the person shall be imprisoned for not less than 48 hours in addition to the conditions in paragraph (1). However, the court, upon a showing of good cause, may elect not to impose the mandatory minimum imprisonment as required by this subdivision and may, under these circumstances, grant probation or order the suspension of the execution or imposition of the sentence.

(4) The Legislature finds and declares that these specified crimes merit special consideration when imposing a sentence so as to display society's condemnation for these crimes of violence upon victims with whom a close relationship has been formed.

(f) As used in this section:

(1) ''Peace officer'' means any person defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2.

(2) ''Emergency medical technician'' means a person who is either an EMT-I, EMT-II, or EMT-P (paramedic), and possesses a valid certificate or license in accordance with the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(3) ''Nurse'' means a person who meets the standards of Division 2.5 (commencing with Section 1797) of the Health and Safety Code.

(4) ''Serious bodily injury'' means a serious impairment of physical condition, including, but not limited to, the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement.

(5) ''Injury'' means any physical injury which requires professional medical treatment.

(6) ''Custodial officer'' means any person who has the responsibilities and duties described in Section 831 and who is employed by a law enforcement agency of any city or county or who performs those duties as a volunteer.

(7) ''Lifeguard'' means a person defined in paragraph (5) of subdivision (c) of Section 241.

(8) ''Traffic officer'' means any person employed by a city, county, or city and county to monitor and enforce state laws and local ordinances relating to parking and the operation of vehicles.

(9) ''Animal control officer'' means any person employed by a city, county, or city and county for purposes of enforcing animal control laws or regulations.

(10) ''Dating relationship'' means frequent, intimate associations primarily characterized by the expectation of affectional or sexual involvement independent of financial considerations.

(g) It is the intent of the Legislature by amendments to this section at the 1981–82 and 1983–84 Regular Sessions to abrogate the holdings in cases such as People v. Corey, 21 Cal. 3d 738, and Cervantez v. J.C. Penney Co., 24 Cal. 3d 579, and to reinstate prior judicial interpretations of this section as they relate to criminal sanctions for battery on peace officers who are employed, on a part-time or casual basis, while wearing a police uniform as private security guards or patrolmen and to allow the exercise of peace officer powers concurrently with that employment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(a) (1) (A) Every person described in paragraph (2), for the rest of his or her life while residing in, or, if he or she has no residence, while located within California, or while attending school or working in California, as described in subparagraph (G), shall be required to register with the chief of police of the city in which he or she is residing, or if he or she has no residence, is located, or the sheriff of the county if he or she is residing, or if he or she has no residence, is located, in an unincorporated area or city that has no police department, and, additionally, with the chief of police of a campus of the University of California, the California State University, or community college if he or she is residing, or if he or she has no residence, is located upon the campus or in any of its facilities, within five working days of coming into, or changing his or her residence or location within, any city, county, or city and county, or campus in which he or she temporarily resides, or, if he or she has no residence, is located.

(B) If the person who is registering has more than one residence address or location at which he or she regularly resides or is located, he or she shall register in accordance with subparagraph (A) in each of the jurisdictions in which he or she regularly resides or is located. If all of the addresses or locations are within the same jurisdiction, the person shall provide the registering authority with all of the addresses or locations where he or she regularly resides or is located.

(C) If the person who is registering has no residence address, he or she shall update his or her registration no less than once every 90 days in addition to the requirement in subparagraph (A), on a form as may be required by the Department of Justice, with the entity or entities described in subparagraph (A) in whose jurisdiction he or she is located at the time he or she is updating the registration.

(D) Beginning on his or her first birthday following registration or change of address, the person shall be required to register annually, within five working days of his or her birthday, to update his or her registration with the entities described in subparagraph (A), including, verifying his or her name and address, or temporary location, and place

of employment including the name and address of the employer, on a form as may be required by the Department of Justice.

(E) In addition, every person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, shall, after his or her release from custody, verify his or her address no less than once every 90 days and place of employment, including the name and address of the employer, in a manner established by the Department of Justice.

(F) No entity shall require a person to pay a fee to register or update his or her registration pursuant to this section. The registering agency shall submit registrations, including annual updates or changes of address, directly into the Department of Justice Violent Crime Information Network (VCIN).

(G) Persons required to register in their state of residence who are out-of-state residents employed in California on a full-time or part-time basis, with or without compensation, for more than 14 days, or for an aggregate period exceeding 30 days in a calendar year, shall register in accordance with subparagraph (A). Persons described in paragraph (2) who are out-of-state residents enrolled in any educational institution in California, as defined in Section 22129 of the Education Code, on a full-time or part-time basis, shall register in accordance with subparagraph (A). The out-of-state resident subject to this subparagraph shall, in addition to the information required pursuant to subdivision (e), provide the registering authority with the name of his or her place of employment or the name of the school attended in California, and his or her address or location in his or her state of residence. The registration requirement for persons subject to this subparagraph shall become operative on November 25, 2000.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314,

any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be

informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(c) (1) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(2) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is granted conditional release without supervised probation, or discharged upon payment of a fine, shall, prior to release or discharge, be informed of the duty to register under this section in open court by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under

this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

(B) Any offense defined in paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, Section 264.1, 266c, or 267, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 286, Section 288 or 288.5, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 288a, subdivision (a) of Section 289, or Section 647.6.

(C) A violation of Section 207 or 209 committed with the intent to violate Section 261, 286, 288, 288a, or 289.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is

required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of both of the following:

(A) A preregistration statement in writing, signed by the person, giving information that shall be required by the Department of Justice.

(B) The fingerprints and photograph of the person.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon release from incarceration, placement, or commitment, pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as shall be required by the Department of Justice and giving the name and address of the person's employer, and the address of the person's place of employment if that is different from the employer's main address.

(B) The fingerprints and photograph of the person.

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(D) Notice to the person that, in addition to the requirements of paragraph (4), he or she may have a duty to register in any other state where he or she may relocate.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the

registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. The law enforcement agency or agencies shall, within three days after receipt of this information, forward a copy of the change of address or location information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(g) (1) Any person who is required to register under this section based on a misdemeanor conviction or juvenile adjudication who willfully violates any requirement of this section is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year.

(2) Except as provided in paragraphs (5) and (7), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who has ever been adjudicated a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, and who fails to verify his or her registration every 90 days as required pursuant to subparagraph (E) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is

required pursuant to subparagraph (C) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, ''parole authority'' has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, ''mentally disordered sex offender'' includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to 5

working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(B) Other community members at risk.

(2) The law enforcement agency may authorize persons and entities who receive the information pursuant to paragraph (1) to disclose information to additional persons only if the agency does the following:

(A) Determines that all conditions set forth in paragraph (1) have been satisfied regarding disclosure to the additional persons.

(B) Identifies the appropriate scope of further disclosure.

(3) Persons notified pursuant to paragraph (1) may disclose the information provided by the law enforcement agency in the manner and to the extent authorized by the law enforcement agency.

(4) The information that may be disclosed pursuant to this section includes the following:

(A) The offender's full name.

(B) The offender's known aliases.

(C) The offender's gender.

(D) The offender's race.

(E) The offender's physical description.

(F) The offender's photograph.

(G) The offender's date of birth.

(H) Crimes resulting in registration under this section.

(I) The offender's address, which must be verified prior to publication.

(J) Description and license plate number of offender's vehicles or vehicles the offender is known to drive.

(K) Type of victim targeted by the offender.

(L) Relevant parole or probation conditions, such as one prohibiting contact with children.

(M) Dates of crimes resulting in classification under this section.

(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(5) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(6) For purposes of this section, ''likely to encounter'' means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, ''reasonably suspects'' means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, ''at risk'' means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a designated law enforcement entity may advise the public of the presence of high-risk sex offenders in its community pursuant to this subdivision.

(1) For purposes of this subdivision:

(A) A high-risk sex offender is a person who has been convicted of an offense specified in paragraph (1) of subdivision (a) of Section 290.4, and also meets one of the following criteria:

(i) Has been convicted of three or more violent sex offenses, at least two of which were brought and tried separately.

(B) A violent sex offense means any offense defined in Section 220, except attempt to commit mayhem, or Section 261, 264.1, 286, 288, 288a, 288.5, 289, or 647.6, or infliction of great bodily injury during the commission of a sex offense, as provided in Section 12022.8.

(C) A violent nonsex offense means any offense defined in Section 187, subdivision (a) of Section 192, or Section 203, 206, 207, or 236, provided that the offense is a felony, subdivision (a) of Section 273a, Section 273d or 451, or attempted murder, as defined in Sections 187 and 664.

[Approved by Governor August 24, 2000. Filed with Secretary of State August 25, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 10123.13 of the Insurance Code, is amended to read:

10123.13. (a) Every insurer issuing group or individual policies of disability insurance that covers hospital, medical, or surgical expenses, including those telemedicine services covered by the insurer as defined in subdivision (a) of Section 2290.5 of the Business and Professions Code, shall reimburse claims or any portion of any claim, whether in state or out of state, for those expenses as soon as practical, but no later than 30 working days after receipt of the claim by the insurer unless the claim or portion thereof is contested by the insurer, in which case the claimant shall be notified, in writing, that the claim is contested or denied, within 30 working days after receipt of the claim by the insurer. The notice that a claim is being contested shall identify the portion of the claim that is contested and the specific reasons for contesting the claim.

(b) If an uncontested claim is not reimbursed by delivery to the claimant's address of record within 30 working days after receipt, interest shall accrue and shall be payable at the rate of 10 percent per annum beginning with the first calendar day after the 30-working day period.

(c) For purposes of this section, a claim, or portion thereof, is reasonably contested when the insurer has not received a completed claim and all information necessary to determine payer liability for the claim, or has not been granted reasonable access to information concerning provider services. Information necessary to determine liability for the claims includes, but is not limited to, reports of investigations concerning fraud and misrepresentation, and necessary consents, releases, and assignments, a claim on appeal, or other information necessary for the insurer to determine the medical necessity for the health care services provided to the claimant. If an insurer has received all of the information necessary to determine payer liability for

a contested claim and has not reimbursed a claim determined to be payable within 30 working days of receipt of that information, interest shall accrue and be payable at a rate of 10 percent per annum beginning with the first calendar day after the 30-working day period.

(d) The obligation of the insurer to comply with this section shall not be deemed to be waived when the insurer requires its contracting entities to pay claims for covered services.

SEC. 2. Section 10123.135 of the Insurance Code, as added by Chapter 88 of the Statutes of 1999, is amended and renumbered to read:

10123.132. (a) Every disability insurer that covers hospital, medical, or surgical expenses and that reviews and approves the medical necessity or appropriateness of requests by providers prior to, or concurrently with, the provision of health care services to insureds, shall prominently indicate on each insured's identification card whether a separate telephone number must be called to verify eligibility for benefits and coverage.

(b) A written notice shall accompany the initial mailing of the insured's identification card modified pursuant to subdivision (a). The notice shall indicate that the insured's identification card includes a telephone number that may be used to verify eligibility for benefits and coverage. The notice shall also inform the insured that review and approval of a health care service based on medical necessity or appropriateness does not constitute eligibility for benefits and coverage pursuant to the policy or contract.

CHAPTER 242

[Approved by Governor August 24, 2000. Filed with Secretary of State August 25, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 11102 of the Vehicle Code is amended to read:

11102. (a) A driving school owner, or the principal in an all-terrain vehicle safety training organization, shall meet all of the following requirements:

(1) Maintain an established place of business open to the public. No office or place of business shall be situated within 500 feet of any building used by the department as an office, unless the owner was established at that location on or before January 1, 1976.

(2) Have the proper equipment necessary to give instruction in the operation of the class of vehicles for which the course is designed, which shall include, but not be limited to, training vehicles equipped with all of the following:

(A) An additional functional foot brake affixed to the right side of the front floor.

(B) A rearview mirror placed on the inside of the windshield on the right side, which is additional to the factory-installed mirror in the center of the windshield.

(3) Procure and file with the department a bond of ten thousand dollars ($10,000) executed by an admitted surety insurer and conditioned that the applicant shall not practice any fraud or make any fraudulent representation that will cause a monetary loss to a person taking instruction from the applicant.

(4) Meet the requirements of Section 11105.2 and, if the person is the owner of a driving school, meet the requirements of Section 11102.5. If the owner is not the operator of the driving school, the owner shall designate an operator who shall meet the requirements of Section 11102.5.

(5) (A) File with the department an instrument, in writing, appointing the director as the agent of the applicant upon whom a process may be served in any action commenced against the applicant arising out of any claim for damages suffered by any person by the applicant's violation of any provision of this code or any condition of the bond.

(B) The applicant shall stipulate in the instrument that any process directed to the applicant, when personal service cannot be made in this state after due diligence, may be served upon the director or, if the director is absent from the office, upon any employee in charge of the office of the director, in which case the service is of the same effect as if served upon the applicant personally. The applicant shall further stipulate, in writing, that the agency created by the instrument shall continue during the period covered by the license and so long thereafter as the applicant may be made to answer in damages for a violation of this code or any condition of the bond.

(C) The instrument appointing the director as agent for the applicant for service of process shall be acknowledged by the applicant before a notary public.

(D) If the licensee is served with process by service upon the director, one copy of the summons and complaint shall be left with the director or in the director's office in Sacramento or mailed to the office of the director in Sacramento. A fee of five dollars ($5) shall also be paid to the director at the time of service of the copy of the summons and complaint.

(E) The service on the director is a sufficient service on the licensee if the plaintiff or the plaintiff's attorney also, on the same day, sends notice of the service and a copy of the summons and complaint by registered mail to the licensee. A copy of the summons and complaint shall also be mailed by the plaintiff or his or her attorney to the surety of the applicant's bond at the address of the surety given in the bond, postpaid and registered with request for return receipt.

(F) The director shall keep a record of all process served upon the director under this paragraph showing the day and hour of service, and the director shall retain the summons and complaint served on file.

(G) If the licensee is served with process by service thereof upon the director, the licensee has 30 days after that service within which to answer any complaint or other pleading filed in the cause. For purposes of venue, if the licensee is served with process by service upon the director, the service is deemed to have been made upon the licensee in the county in which the licensee has or last had the licensee's established place of business.

(b) The qualifying requirements referred to in this section shall be met within one year from the date of application for a license, or a new application, examination, and a fee shall be required.

(3) Be 21 years of age or older.

(4) Have worked for an established licensed California driving school as a driving instructor for a period of not less than 2,000 hours of actual behind-the-wheel teaching and, on and after July 1, 1973, have satisfactorily completed a course in the teaching of driver education and driver training acceptable to the department, except that the operator, including an owner who is also the operator, of a driving school that

exclusively teaches motorcycle driving may, in lieu of the behind-the-wheel teaching requirement, have worked for an established licensed California driving school as a motorcycle driving instructor for not less than 300 hours of actual motorcycle range and street teaching, have taught 300 hours of actual motorcycle range and street instruction under the guidance of the Motorcycle Safety Foundation, or have given comparable training instruction that is acceptable to the department. This paragraph does not apply to any person who is certified by the State Department of Education as fully qualified to teach driver education and driver training and has taught those subjects in the public school system for not less than 1,000 hours.

(b) The qualifying requirements referred to in this section shall be met within one year from the date of application for a license, or a new application, examination, and a fee shall be required.

11104. (a) Every person, in order to qualify as a driving instructor, as defined in Section 310.4, shall meet all of the following requirements:

SEC. 4. Section 11110 of the Vehicle Code is amended to read:

11110. (a) The department, after notice and hearing, may suspend or revoke any license issued under this chapter if any of the following occur:

(1) The department finds and determines that the licensee fails to meet the requirements to receive or hold a license under this chapter.

(2) The licensee fails to keep the records required by this chapter.

(3) The licensee (A) permits fraud or engages in fraudulent practices either with reference to an applicant for a driver's license or an all-terrain

vehicle safety certificate or the department, or (B) induces or countenances fraud or fraudulent practices on the part of any applicant.

(4) The licensee fails to comply with this chapter or regulation or requirement of the department adopted pursuant thereto.

(5) The licensee represents himself or herself as an agent or employee of the department or uses advertising designed to create the impression, or that would reasonably have the effect of leading persons to believe, that the licensee is in fact an employee or representative of the department; or the licensee makes an advertisement, in any manner or by any means, which is untrue or misleading and that is known, or which by the exercise of reasonable care should be known, to be untrue or misleading.

(6) The licensee, or any employee or agent of the licensee, solicits driver training or instruction or all-terrain vehicle safety instruction in, or within 200 feet of, an office of the department.

(7) The licensee is convicted of violating Section 14606, 20001, 20002, 20003, 20004, 20006, 20008, 23103, 23104, 23152, or 23153 of this code or subdivision (c) of Section 192 of the Penal Code. A conviction, after a plea of nolo contendere, is a conviction within the meaning of this paragraph.

(8) The licensee teaches, or permits a student to be taught, the specific tests administered by the department through use of the department's forms or testing facilities.

(9) The licensee conducts training, or permits training by any employee, in an unsafe manner or contrary to safe driving practices.

(10) The licensed school owner or licensed driving school operator teaches, or permits an employee to teach, driving instruction or all-terrain vehicle safety instruction without a valid instructor's license.

(11) The licensed school owner does not have in effect a bond as required by Section 11102.

(12) The licensee permits the use of the license by any other person for the purpose of permitting that person to engage in the ownership or operation of a school or in the giving of driving instruction or all-terrain vehicle safety instruction for compensation.

(13) The licensee holds a secondary teaching credential and explicitly or implicitly recruits or attempts to recruit a pupil who is enrolled in a junior or senior high school to be a customer for any business licensed pursuant to this article that is owned by the licensee or for which the licensee is an employee.

(b) In the interest of the public's safety, as determined by the department, the department may immediately suspend the license of any licensee for any alleged violation under this chapter and shall conduct a hearing of the alleged violation within 30 days of the suspension.

SEC. 5. Section 11202.5 of the Vehicle Code is amended to read:

11202.5. (a) The department shall license traffic violator school operators. No person may act as a traffic violator school operator without a currently valid license issued by the department. Every person, in order to qualify as a traffic violator school operator, shall meet all of the following criteria in order to be issued a traffic violator school operator's license:

(1) Have not committed any act which, if the applicant were licensed as a traffic violator school operator, would be grounds for suspension or revocation of the license.

(2) Within three attempts, pass an examination that the department requires on traffic laws, safe driving practices, operation of motor vehicles, teaching methods and techniques, traffic violator school statutes and regulations, and office procedures and recordkeeping.

(3) Be 21 years of age or older.

(4) Have worked for an established California traffic violator school, an established California driving school licensed under Chapter 1 (commencing with Section 11100) of Division 5, or an established commercial driving training and education program operated by a bona fide labor organization as an instructor for a period of not less than 500 hours of actual in-class instruction.

(b) Paragraph (4) of subdivision (a) does not apply to a traffic violator school operator validly licensed prior to January 1, 1987.

(c) All the qualifying requirements specified in this section shall be met within one year from the date of application for the license or the application shall lapse. However, the applicant may thereafter submit a new application upon payment of the required fee.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(b) Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated against in the terms and conditions of employment by his or her employer because the employee has taken time off to perform emergency duty as a volunteer firefighter, a reserve peace officer, or emergency rescue personnel shall be entitled to reinstatement and reimbursement for lost wages and work benefits caused by the acts of the employer. Any employer who willfully refuses to rehire, promote, or otherwise restore an employee or former employee who has been determined to be eligible for rehiring or promotion by a grievance procedure, arbitration, or hearing authorized by law, is guilty of a misdemeanor.

(c) Subdivisions (a) and (b) of this section shall not apply to any public safety agency or provider of emergency medical services when, as determined by the employer, the employee's absence would hinder the availability of public safety or emergency medical services.

(d) (1) For purposes of this section, ''volunteer firefighter'' shall have the same meaning as the term ''volunteer'' in subdivision (m) of Section 50952 of the Government Code.

(2) For purposes of this section, ''emergency rescue personnel'' means any person who is an officer, employee, or member of a fire department or fire protection or firefighting agency of the federal government, the State of California, a city, county, city and county, district, or other public or municipal corporation or political subdivision of this state, or of a sheriff's department, police department, or a private fire department, whether that person is a volunteer or partly paid or fully paid, while he or she is actually engaged in providing emergency services as defined by subdivision (e) of Section 1799.107 of the Health and Safety Code.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(3) The owner or operator of the underground storage tank conducts weekly inspections of the tank and maintains a log of inspection results for review by the local agency, designated pursuant to Section 25283, as requested by the local agency.

(4) The local agency designated pursuant to Section 25283 determines without objection from the board that the underground storage tank meets requirements that are equal to or more stringent than those imposed by this chapter.

(b) Nothing in this section prohibits a local fire chief or an enforcement agency, as defined in Section 16006, from enforcing the applicable provisions of the local or state fire, building, or electrical codes.

CHAPTER 246

An act to amend Sections 6079.1, 6086.65, and 6140.16 of the Business and Professions Code, relating to the State Bar.

Secretary of State August 25, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 6079.1 of the Business and Professions Code, as added by Section 3 of Chapter 221 of the Statutes of 1999, is amended to read:

6079.1. (a) The Supreme Court shall appoint a presiding judge of the State Bar Court. In addition, five hearing judges shall be appointed, two by the Supreme Court, one by the Governor, one by the Senate Committee on Rules, and one by the Speaker of the Assembly, to efficiently decide any and all regulatory matters pending before the Hearing Department of the State Bar Court. The presiding judge and all other judges of that department shall be appointed for a term of six years and may be reappointed for additional six-year terms. Any judge appointed under this section shall be subject to admonition, censure, removal, or retirement by the Supreme Court upon the same grounds as provided for judges of courts of record of this state.

(b) Judges of the State Bar Court appointed under this section shall not engage in the private practice of law. The State Bar Court shall be broadly representative of the ethnic, sexual, and racial diversity of the population of California and composed in accordance with Sections 11140 and 11141 of the Government Code. Each judge:

(1) Shall have been a member of the State Bar for at least five years.

(2) Shall not have any record of the imposition of discipline as an attorney in California or any other jurisdiction.

(3) Shall meet such other requirements as may be established by subdivision (d) of Section 12011.5 of the Government Code.

(c) Applicants for appointment or reappointment as a State Bar Court judge shall be screened by an applicant evaluation committee as directed by the Supreme Court. The committee, appointed by the Supreme Court, shall submit evaluations and recommendations to the appointing authority and the Supreme Court as provided in Rule 961 of the California Rules of Court, or as otherwise directed by the Supreme Court. The committee shall submit no fewer than three recommendations for each available position.

Hearing judges shall be paid the same salary as municipal court judges. The presiding judge shall be paid the same salary as a superior court judge.

(e) From among the members of the State Bar or retired judges, the Supreme Court or the board may appoint pro tempore judges to decide

matters in the Hearing Department of the State Bar Court when a judge of the State Bar Court is unavailable to serve without undue delay to the proceeding. Subject to modification by the Supreme Court, the board may set the qualifications, terms, and conditions of service for pro tempore judges and may, in its discretion, compensate some or all of them out of funds appropriated by the board for this purpose.

(f) A judge or pro tempore judge appointed under this section shall hear every regulatory matter pending in the Hearing Department of the State Bar Court as to which the taking of testimony or offering of evidence at trial has not commenced, and when so assigned, shall sit as the sole adjudicator, except for rulings that are to be made by the presiding judge of the State Bar Court or referees of other departments of the State Bar Court.

(g) Any judge or pro tempore judge of the State Bar Court as well as any employee of the State Bar assigned to the State Bar Court shall have the same immunity that attaches to judges in judicial proceedings in this state. Nothing in this subdivision limits or alters the immunities accorded the State Bar, its officers and employees, or any judge or referee of the State Bar Court as they existed prior to January 1, 1989. This subdivision does not constitute a change in, but is cumulative with, existing law.

(h) Nothing in this section shall be construed to prohibit the board from appointing persons to serve without compensation to arbitrate fee disputes under Article 13 (commencing with Section 6200) of this chapter or to monitor the probation of a member of the State Bar, whether those appointed under Section 6079, as added by Chapter 1114 of the Statutes of 1986, serve in the State Bar Court or otherwise.

An act relating to attorneys.

[Approved by Governor August 24, 2000. Filed with Secretary of State August 25, 2000.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the Supreme Court of California should adopt rules permitting the admission to the practice of law in California of an attorney who is licensed in another state and who has not passed the California State Bar examination, if the state in which the attorney is licensed to practice affords the same opportunity to licensed attorneys from California. The Legislature also recognizes that the question of reciprocal admission is a complex one, and it, therefore, requests that the Supreme Court appoint a task force to study and make recommendations regarding whether and under what circumstances, attorneys who are licensed to practice law in other states

and who have not passed the California State Bar examination may be permitted to practice law in California. The task force study should consider all of the following factors:

(a) Years of practice in other states.

(b) Admission to practice law in another state.

(c) Specialization of the attorney's practice in another state.

(d) The attorney's intended scope of practice in California.

(e) The admission requirements in the state or states in which the attorney has been licensed to practice.

(f) Reciprocity with and comity with other states.

(g) Moral character requirements.

CHAPTER 248

An act to amend Section 1464 of the Penal Code, relating to brain injuries, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 25, 2000. Filed with Secretary of State August 28, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1464 of the Penal Code is amended to read:

1464. (a) Subject to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, there shall be levied a state penalty, in an amount equal to ten dollars ($10) for every ten dollars ($10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses, except parking offenses as defined in subdivision (i) of Section 1463, involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. Any bail schedule adopted pursuant to Section 1269b may include the necessary amount to pay the state penalties established by this section and Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine.

(b) Where multiple offenses are involved, the state penalty shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the state penalty shall be reduced in proportion to the suspension.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state penalty prescribed by this section for forfeited bail. If bail is returned, the state penalty paid thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the clerk of the court shall collect the penalty and transmit it to the county treasury. The portion thereof attributable to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code shall be deposited in the appropriate county fund and 70 percent of the balance shall then be transmitted to the State Treasury, to be deposited in the State Penalty Fund, which is hereby created, and 30 percent to remain on deposit in the county general fund. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

(f) The moneys so deposited in the State Penalty Fund shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.33 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month, except that the total amount shall not be less than the state penalty levied on fines or forfeitures for violation of state laws relating to the protection or propagation of fish and game. These moneys shall be used for the education or training of department employees which fulfills a need consistent with the objectives of the Department of Fish and Game.

(2) Once a month there shall be transferred into the Restitution Fund an amount equal to 32.02 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. Those funds shall be made available in accordance with Section 13967 of the Government Code.

(3) Once a month there shall be transferred into the Peace Officers' Training Fund an amount equal to 23.99 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(4) Once a month there shall be transferred into the Driver Training Penalty Assessment Fund an amount equal to 25.70 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(5) Once a month there shall be transferred into the Corrections Training Fund an amount equal to 7.88 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. Money

in the Corrections Training Fund is not continuously appropriated and shall be appropriated in the Budget Act.

(6) Once a month there shall be transferred into the Local Public Prosecutors and Public Defenders Training Fund established pursuant to Section 11503 an amount equal to 0.78 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. The amount so transferred shall not exceed the sum of eight hundred fifty thousand dollars ($850,000) in any fiscal year. The remainder in excess of eight hundred fifty thousand dollars ($850,000) shall be transferred to the Restitution Fund.

(7) Once a month there shall be transferred into the Victim-Witness Assistance Fund an amount equal to 8.64 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(8) (A) Once a month there shall be transferred into the Traumatic Brain Injury Fund, created pursuant to Section 4358 of the Welfare and Institutions Code, an amount equal to 0.66 percent of the state penalty funds deposited into the State Penalty Fund during the preceding month. However, the amount of funds transferred into the Traumatic Brain Injury Fund for the 1996–97 fiscal year shall not exceed the amount of five hundred thousand dollars ($500,000). Thereafter, funds shall be transferred pursuant to the requirements of this section. Notwithstanding any other provision of law, the funds transferred into the Traumatic Brain Injury Fund for the 1997–98, 1998–99, and 1999–2000 fiscal years, may be expended by the State Department of Mental Health, in the current fiscal year or a subsequent fiscal year, to provide additional funding to the existing projects funded by the Traumatic Brain Injury Fund, to support new projects, or to do both.

(B) Any moneys deposited in the State Penalty Fund attributable to the assessments made pursuant to subdivision (i) of Section 27315 of the Vehicle Code on or after the date that Chapter 6.6 (commencing with Section 5564) of Part 1 of Division 5 of the Welfare and Institutions Code is repealed shall be utilized in accordance with paragraphs (1) to (8), inclusive, of this subdivision.

SEC. 2. The Controller and any other state official of whom action is required in order to implement this act shall take all necessary actions to ensure that any money transferred from the Traumatic Brain Injury Fund to the State Penalty Fund pursuant to the amendments to Section 1464 of the Penal Code made by Chapter 1023 of the Statutes of 1999 is retransferred into the Traumatic Brain Injury Fund.

SEC. 3. Health for purposes of Chapter 5 (commencing with Section 4353) of Part 3 of Division 4 of the Welfare and Institutions Code without regard to fiscal years.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide at the earliest possible time essential services to adults with acquired traumatic brain injuries by ensuring equitable funding for demonstration projects, it is necessary that this act take effect immediately.

100238. (a) In conducting or supporting a project of clinical research, a grantee shall, except as provided in subdivision (b) or (e), do all of the following:

(1) Ensure that women, including, but not limited to, women over the age of 40 years, are included as subjects in each research project.

(2) Ensure that minority groups are included as subjects in each research project.

(3) Conduct or support outreach programs for the recruitment of women and members of minority groups as subjects in projects of clinical research.

(1) With respect to the health and safety of the subjects.

(2) With respect to the purpose of the research.

(c) In the case of any clinical trial in which women or members of minority groups will, under subdivision (a), be included as subjects, a grantee shall ensure that the trial is designed and carried out in a manner sufficient to provide for a valid analysis of whether the variables being

studied in the trial affect women or members of minority groups, as the case may be, differently than other subjects in the trial.

(d) In any grant, or in any contract by a grantee under a grant, the grantee or contracting party shall acknowledge, agree to, and be bound by, the terms of this section.

[Approved by Governor August 25, 2000. Filed with Secretary of State August 28, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 655.5 of the Business and Professions Code is amended to read:

655.5. (a) It is unlawful for any person licensed under this division or under any initiative act referred to in this division, or any clinical laboratory, or any health facility when billing for a clinical laboratory of the facility, to charge, bill, or otherwise solicit payment from any patient, client, or customer for any clinical laboratory service not actually rendered by the person or clinical laboratory or under his, her or its direct supervision unless the patient, client, or customer is apprised at the first time of the charge, billing, or solicitation of the name, address, and charges of the clinical laboratory performing the service. The first such

written charge, bill, or other solicitation of payment shall separately set forth the name, address, and charges of the clinical laboratory concerned and shall clearly show whether or not the charge is included in the total of the account, bill, or charge. This subdivision shall be satisfied if the required disclosures are made to the third-party payer of the patient, client, or customer. If the patient is responsible for submitting the bill for the charges to the third-party payer, the bill provided to the patient for that purpose shall include the disclosures required by this section. This subdivision shall not apply to a clinical laboratory of a health facility or a health facility when billing for a clinical laboratory of the facility nor to a person licensed under this division or under any initiative act referred to in this division if the standardized billing form used by the facility or person requires a summary entry for all clinical laboratory charges. For purposes of this subdivision, ''health facility'' has the same meaning as defined in Section 1250 of the Health and Safety Code.

(b) Commencing July 1, 1994, a clinical laboratory shall provide to each of its referring providers, upon request, a schedule of fees for services provided to patients of the referring provider. The schedule shall be provided within two working days after the clinical laboratory receives the request. For the purposes of this subdivision, a ''referring provider'' means any provider who has referred a patient to the clinical laboratory in the preceding six-month period. Commencing July 1, 1994, a clinical laboratory that provides a list of laboratory services to a referring provider or to a potential referring provider shall include a schedule of fees for the laboratory services listed.

(c) It is also unlawful for any person licensed under this division or under any initiative act referred to in this division to charge additional charges for any clinical laboratory service that is not actually rendered by the licensee to the patient and itemized in the charge, bill, or other solicitation of payment. This section shall not be construed to prohibit any of the following:

(1) Any itemized charge for any service actually rendered to the patient by the licensee.

(2) Any summary charge for services actually rendered to a patient by a health facility, as defined in Section 1250 of the Health and Safety Code, or by a person licensed under this division or under any initiative act referred to in this division if the standardized billing form used by the facility or person requires a summary entry for all clinical laboratory charges.

(d) As used in this section, the term ''any person licensed under this division'' includes a person licensed under paragraph (1) of subdivision (a) of Section 1265, all wholly owned subsidiaries of the person, a parent company that wholly owns the person, and any subsidiaries wholly owned by the same parent that wholly owns the person. ''Wholly

owned'' means ownership directly or through one or more subsidiaries. This section shall not apply to billings by a person licensed under paragraph (1) of subdivision (a) of Section 1265 when the person licensed under paragraph (1) of subdivision (a) of Section 1265 bills for services performed by any laboratory owned or operated by the person licensed under paragraph (1) of subdivision (a) of Section 1265.

(e) This section shall not apply to any person or clinical laboratory who or which contracts directly with a health care service plan licensed pursuant to Section 1349 of the Health and Safety Code, if the services are to be provided to members of the plan on a prepaid basis and without additional charge or liability on account thereof.

(f) A violation of this section is a public offense and is punishable upon a first conviction by imprisonment in the county jail for not more than one year, or by imprisonment in the state prison, or by a fine not exceeding ten thousand dollars ($10,000), or by both that imprisonment and fine. A second or subsequent conviction is punishable by imprisonment in the state prison.

(g) (1) Notwithstanding subdivision (f), a violation of this section by a physician and surgeon for a first offense shall be subject to the exclusive remedy of reprimand by the Medical Board of California if the transaction that is the subject of the violation involves a charge for a clinical laboratory service that is less than the charge would have been if the clinical laboratory providing the service billed a patient, client, or customer directly for the clinical laboratory service, and if that clinical laboratory charge is less than the charge listed in the clinical laboratory's schedule of fees pursuant to subdivision (b).

(2) Nothing in this subdivision shall be construed to permit a physician and surgeon to charge more than he or she was charged for the laboratory service by the clinical laboratory providing the service unless the additional charge is for service actually rendered by the physician and surgeon to the patient.

(a) Section 4911(a)(1) of the Internal Revenue Code shall not apply.

(b) Section 4911(f)(4)(A) of the Internal Revenue Code shall include efforts to influence legislation with respect to acts, bills, resolutions, or similar items by the State Legislature.

(1) Except as provided in paragraph (2) every organization exempt from taxation under Section 23701 and every trust treated as a private foundation because of Section 4947(a)(1) of the Internal Revenue Code shall file an annual return, stating specifically the items of gross income, receipts, and disbursements, and such other information for the purpose of carrying out the laws under this part as the Franchise Tax Board may by rules or regulations prescribe, and shall keep such records, render under oath such statements, make such other returns, and comply with such rules and regulations as the Franchise Tax Board may from time to time prescribe. The return shall be filed on or before the 15th day of the fifth full calendar month following the close of the income year.

(2) Exceptions from filing—

(A) Mandatory exceptions—Paragraph (1) shall not apply to—

(i) Churches, their integrated auxiliaries, and conventions or association of churches,

(ii) Any organization (other than a private foundation as defined in Section 23709), the gross receipts of which in each taxable year are normally not more than twenty-five thousand dollars ($25,000), or

(iii) The exclusively religious activities of any religious order,

(B) Discretionary exceptions—The Franchise Tax Board may permit the filing of a simplified return for organizations based on either gross receipts or total assets or both gross receipts and total assets, or may permit the filing of an information statement (without fee), or may permit the filing of a group return for incorporated or unincorporated branches of a state or national organization where it determines that an information return is not necessary to the efficient administration of this part.

(3) An organization that is required to file an annual information return shall pay a filing fee of ten dollars ($10) on or before the due date for filing the annual information return (determined with regard to any extension of time for filing the return) required by this section. In case of failure to pay the fee on or before such due date unless it is shown that such failure is due to reasonable cause, the filing fee shall be twenty-five dollars ($25). All collection remedies provided in Article 5 (commencing with Section 18661) of Chapter 2 of Part 10.2 shall be applicable to collection of the filing fee. However, the filing fee shall not apply to the organization described in paragraph (4).

(4) Paragraph (3) shall not apply to: (A) a religious organization exempt under Section 23701d; (B) an educational organization exempt under Section 23701d, if such organization normally maintains a regular faculty and curriculum and normally has a regularly organized body of pupils or students in attendance at the place where its educational activities are regularly carried on; (C) a charitable organization, or an organization for the prevention of cruelty to children or animals, exempt under Section 23701d, if such organization is supported, in whole or in part, by funds contributed by the United States or any state or political subdivision thereof, or is primarily supported by contributions of the general public; (D) an organization exempt under Section 23701d, if such organization is operated, supervised, or controlled by or in connection with a religious organization described in subparagraph (A).

(b) Every organization described in Section 23701d which is subject to the requirements of subdivision (a) shall furnish annually information, at such time and in such manner as the Franchise Tax Board may by rules or regulations prescribe, setting forth—

(1) Its gross income for the year,

(2) Its expenses attributable to such income and incurred within the year,

(3) Its disbursements within the year for the purposes for which it is exempt,

(4) A balance sheet showing its assets, liabilities, and net worth as of the beginning of such year,

(5) The total of the contributions and gifts received by it during the year, and the names and addresses of all substantial contributors,

(6) The names and addresses of its foundation manager (within the meaning of Section 4946 of the Internal Revenue Code) and highly compensated employees,

(7) The compensation and other payments made during the year to each individual described in paragraph (6),

(8) In the case of an organization with respect to which an election under Section 23704.5 is effective for the taxable year, the following amounts for such organization for such taxable year:

(A) The lobbying expenditures (as defined in Section 4911(c)(1) of the Internal Revenue Code).

(B) The lobbying nontaxable amount (as defined in Section 4911(c)(2) of the Internal Revenue Code).

(C) The grassroots expenditures (as defined in Section 4911(c)(3) of the Internal Revenue Code).

(D) The grassroots nontaxable amount (as defined in Section 4911(c)(4) of the Internal Revenue Code). For purposes of this paragraph, if Section 23740(f) applies to the organization for the taxable year, the organization shall furnish the amounts with respect to the affiliated group as well as with respect to the organization.

(9) Such other information with respect to direct or indirect transfers to, and other direct or indirect transactions and relationships with, other organizations described in Sections 23701a to 23701w, inclusive (other than Sections 23701d, 23701k, and 23701t), as the Franchise Tax Board may require to prevent either of the following:

(A) Diversion of funds from the organization's exempt purpose.

(B) Misallocation of revenue or expense, and

(10) Any other relevant information as the Franchise Tax Board may prescribe.

(c) In addition to the above annual return any organization which is required to file an annual report under Section 6056 of the Internal Revenue Code will furnish a copy of the report to the Franchise Tax Board at the time the annual return is due.

(d) For the purposes of this part—

(1) In the case of a failure to file a return required under this section on the date and in the manner prescribed therefor (determined with regard to any extension of time for filing), unless it is shown that such failure is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the exempt organization or trust failing so to file, five dollars ($5) for each month or part thereof during which such failure continues, but the total amount imposed hereunder on any organization for failure to file any return shall not exceed forty dollars ($40).

(2) The Franchise Tax Board may make written demand upon a private foundation failing to file under paragraph (1) of this subdivision or subdivision (c) specifying therein a reasonable future date by which such filing shall be made, and if such filing is not made on or before such date, and unless it is shown that failure so to file is due to reasonable cause, there shall be paid (on notice and demand by the Franchise Tax Board and in the same manner as tax) by the person failing so to file, in addition to the penalty prescribed in paragraph (1), a penalty of five dollars ($5) each month or part thereof after the expiration of the time specified in the written demand during which such failure continues, but

the total amount imposed hereunder on all persons for such failure to file shall not exceed twenty-five dollars ($25). If more than one person is liable under this paragraph for a failure to file, all such persons shall be jointly and severally liable with respect to such failure. The term ''person'' as used herein means any officer, director, trustee, employee, member, or other individual who is under a duty to perform the act in respect of which the violation occurs.

(e) The reporting requirements and penalties shall be applicable for income years beginning after December 31, 1970, except that the provisions of subparagraph (B) of paragraph (2) of subdivision (a) shall apply to income years ending after December 31, 1970.

(E) A child of a party or a child who is the subject of an action under the Uniform Parentage Act, where the presumption applies that the male parent is the father of the child to be protected.

(F) Any other person related by consanguinity or affinity within the second degree.

(3) ''Deadly weapon'' means any weapon, the possession or concealed carrying of which is prohibited by Section 12020.

of California Police Department, as defined in subdivision (b) of Section 830.2, an officer listed in Section 830.6 while acting in the course and scope of his or her employment as a peace officer, a member of a California State University Police Department, as defined in subdivision (c) of Section 830.2, a peace officer of the Department of Parks and Recreation, as defined in subdivision (f) of Section 830.2, a peace officer, as defined in subdivision (d) of Section 830.31, a peace officer as defined in subdivisions (a) and (b) of Section 830.32, and a peace officer, as defined in Section 830.5, who is at the scene of a domestic violence incident involving a threat to human life or a physical assault, shall take temporary custody of any firearm or other deadly weapon in plain sight or discovered pursuant to a consensual search as necessary for the protection of the peace officer or other persons present. Upon taking custody of a firearm or other deadly weapon, the officer shall give the owner or person who possessed the firearm a receipt. The receipt shall describe the firearm or other deadly weapon and list any identification or serial number on the firearm. The receipt shall indicate where the firearm or other deadly weapon can be recovered and the date after which the owner or possessor can recover the firearm or other deadly weapon. No firearm or other deadly weapon shall be held less than 48 hours. Except as provided in subdivision (e), if a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident or is not retained because it was illegally possessed, the firearm or other deadly weapon shall be made available to the owner or person who was in lawful possession 48 hours after the seizure or as soon thereafter as possible, but no later than 72 hours after the seizure. In any civil action or proceeding for the return of firearms or ammunition or other deadly weapon seized by any state or local law enforcement agency and not returned within 72 hours following the initial seizure, except as provided in subdivision (c), the court shall allow reasonable attorney's fees to the prevailing party.

(c) Any peace officer, as defined in subdivisions (a) and (b) of Section 830.32, who takes custody of a firearm or deadly weapon pursuant to this section shall deliver the firearm within 24 hours to the city police department or county sheriff's office in the jurisdiction where the college or school is located.

(d) Any firearm or other deadly weapon which has been taken into custody that has been stolen shall be restored to the lawful owner, as soon as its use for evidence has been served, upon his or her identification of the firearm or other deadly weapon and proof of ownership.

(e) Any firearm or other deadly weapon taken into custody and held by a police, university police, or sheriff's department or by a marshal's office, by a peace officer of the Department of the California Highway Patrol, as defined in subdivision (a) of Section 830.2, by a peace officer

of the Department of Parks and Recreation, as defined in subdivision (f) of Section 830.2, by a peace officer, as defined in subdivision (d) of Section 830.31, or by a peace officer, as defined in Section 830.5, for longer than 12 months and not recovered by the owner or person who has lawful possession at the time it was taken into custody, shall be considered a nuisance and sold or destroyed as provided in subdivision (c) of Section 12028. Firearms or other deadly weapons not recovered within 12 months due to an extended hearing process as provided in subdivision (j), are not subject to destruction until the court issues a decision, and then only if the court does not order the return of the firearm or other deadly weapon to the owner.

(f) In those cases where a law enforcement agency has reasonable cause to believe that the return of a firearm or other deadly weapon would be likely to result in endangering the victim or the person reporting the assault or threat, the agency shall advise the owner of the firearm or other deadly weapon, and within 30 days of the seizure, initiate a petition in superior court to determine if the firearm or other deadly weapon should be returned. The law enforcement agency may make an ex parte application stating good cause for an order extending the time to file a petition. Including any extension of time granted in response to an ex parte request, a petition must be filed within 60 days of the date of seizure of the firearm.

(g) The law enforcement agency shall inform the owner or person who had lawful possession of the firearm or other deadly weapon, at that person's last known address by registered mail, return receipt requested, that he or she has 30 days from the date of receipt of the notice to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond shall result in a default order forfeiting the confiscated firearm or other deadly weapon. For the purposes of this subdivision, the person's last known address shall be presumed to be the address provided to the law enforcement officer by that person at the time of the family violence incident. In the event the person whose firearm or other deadly weapon was seized does not reside at the last address provided to the agency, the agency shall make a diligent, good faith effort to learn the whereabouts of the person and to comply with these notification requirements.

(h) If the person requests a hearing, the court clerk shall set a hearing no later than 30 days from receipt of that request. The court clerk shall notify the person, the law enforcement agency involved, and the district attorney of the date, time, and place of the hearing. Unless it is shown by clear and convincing evidence that the return of the firearm or other deadly weapon would result in endangering the victim or the person reporting the assault or threat, the court shall order the return of the

firearm or other deadly weapon and shall award reasonable attorney's fees to the prevailing party.

(i) If the person does not request a hearing or does not otherwise respond within 30 days of the receipt of the notice, the law enforcement agency may file a petition for an order of default and may dispose of the firearm or other deadly weapon as provided in Section 12028.

(j) If, at the hearing, the court does not order the return of the firearm or other deadly weapon to the owner or person who had lawful possession, that person may petition the court for a second hearing within 12 months from the date of the initial hearing. If the owner or person who had lawful possession does not petition the court within this 12-month period for a second hearing or is unsuccessful at the second hearing in gaining return of the firearm or other deadly weapon, the firearm or other deadly weapon may be disposed of as provided in Section 12028.

(k) The law enforcement agency, or the individual law enforcement officer, shall not be liable for any act in the good faith exercise of this section.

SEC. 2. Section 8102 of the Welfare and Institutions Code is amended to read:

8102. (a) Whenever a person, who has been detained or apprehended for examination of his or her mental condition or who is a person described in Section 8100 or 8103, is found to own, have in his or her possession or under his or her control, any firearm whatsoever, or any other deadly weapon, the firearm or other deadly weapon shall be confiscated by any law enforcement agency or peace officer, who shall retain custody of the firearm or other deadly weapon.

''Deadly weapon,'' as used in this section, has the meaning prescribed by Section 8100.

(b) Upon confiscation of any firearm or other deadly weapon from a person who has been detained or apprehended for examination of his or her mental condition, the peace officer or law enforcement agency shall notify the person of the procedure for the return of any firearm or other deadly weapon which has been confiscated.

Where the person is released, the professional person in charge of the facility, or his or her designee, shall notify the person of the procedure for the return of any firearm or other deadly weapon which may have been confiscated.

Health facility personnel shall notify the confiscating law enforcement agency upon release of the detained person, and shall make a notation to the effect that the facility provided the required notice to the person regarding the procedure to obtain return of any confiscated firearm.

(c) Upon the release of a person as described in subdivision (b), the confiscating law enforcement agency shall have 30 days to initiate a petition in the superior court for a hearing to determine whether the return of a firearm or other deadly weapon would be likely to result in endangering the person or others, and to send a notice advising the person of his or her right to a hearing on this issue. The law enforcement agency may make an ex parte application stating good cause for an order extending the time to file a petition. Including any extension of time granted in response to an ex parte request, a petition must be filed within 60 days of the release of the person from a health facility.

(d) If the law enforcement agency does not initiate proceedings within the 30-day period, or the period of time authorized by the court in an ex parte order issues pursuant to subdivision (c), it shall make the weapon available for return.

(e) The law enforcement agency shall inform the person that he or she has 30 days to respond to the court clerk to confirm his or her desire for a hearing, and that the failure to respond will result in a default order forfeiting the confiscated firearm or weapon. For the purpose of this subdivision, the person's last known address shall be the address provided to the law enforcement officer by the person at the time of the person's detention or apprehension.

(f) If the person responds and requests a hearing, the court clerk shall set a hearing, no later than 30 days from receipt of the request. The court clerk shall notify the person and the district attorney of the date, time, and place of the hearing.

(g) If the person does not respond within 30 days of the notice, the law enforcement agency may file a petition for order of default.

CHAPTER 255

An act to amend Section 4013 of the Insurance Code, relating to insurance.

[Approved by Governor August 25, 2000. Filed with Secretary of State August 28, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 4013 of the Insurance Code is amended to read:

4013. (a) Each policyholder of a domestic mutual insurer, other than the holder of a reinsurance contract, is a member of the insurer during the policy period, as defined in the policy or the declarations page

of the policy, with all rights and obligations of that membership, and the policy shall so specify.

(b) A ''tail'' or extended reporting policy or endorsement permitting claims to be reported after the expiration or termination of the policy period shall not extend the policy period of a ''claims made'' policy and all rights and obligations of membership shall cease upon the expiration or termination of the policy period. If an insurer has allowed or does allow, by contract, conduct, or otherwise, the holder of a ''tail'' or extended reporting policy or endorsement to have privileges, in whole or in part, identical, or similar to some or all of the rights of membership, the holder is nevertheless not deemed a member.

(c) Subdivision (b) and the modifications to subdivision (a) made by the act adding this subdivision, are declaratory of existing law and do not affect any existing contract rights.

CHAPTER 256

An act to amend Sections 6066, 6366, 6366.1, 6452, 6479.31, and 6480.1 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 25, 2000. Filed with Secretary of State August 28, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 6066 of the Revenue and Taxation Code is amended to read:

6066. (a) Every person desiring to engage in or conduct business as a seller within this state shall file with the board an application for a permit for each place of business. Every application for a permit shall be made upon a form prescribed by the board and shall set forth the name under which the applicant transacts or intends to transact business, the location of his place or places of business, and such other information as the board may require. An application for a permit shall be authenticated in a form or pursuant to methods as may be prescribed by the board.

(b) An application filed pursuant to this section may be filed using electronic media as prescribed by the board.

(c) Electronic media includes but is not limited to, computer modem, magnetic media, optical disk, facsimile machine, or telephone.

SEC. 2. Section 6366 of the Revenue and Taxation Code is amended to read:

6366. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, the following:

(1) Aircraft sold to any person using the aircraft as a common carrier of persons or property under authority of the laws of this state, of the United States, or of any foreign government, or sold to any foreign government for use by that government outside of this state, or sold to any person who is not a resident of this state and who will not use that aircraft in this state otherwise than in the removal of the aircraft from this state.

(2) (A) A ground control station sold to any foreign government for use by that government outside of this state or sold to any person who is not a resident of this state and who will not use that ground control station in this state otherwise than in the removal of the ground control station from this state.

(B) A ''ground control station'' means a portable facility used to operate aircraft in the air without a pilot on board. The term includes controls, video equipment, computers, generators, and communications equipment, sold as an integral part of the station, and antennas used to control the aircraft. The term does not include trucks, tractor-trailers, or other devices solely used to transport the station.

(3) Tangible personal property that is purchased on or after October 1, 1996, and becomes a component part of any aircraft described in paragraph (1), as a result of the maintenance, repair, overhaul, or improvement of that aircraft in compliance with Federal Aviation Administration requirements, and any charges made for labor and services rendered with respect to that maintenance, repair, overhaul, or improvement.

(b) With respect to aircraft sold on or after January 1, 1997, it shall be presumed that a person is not engaged in business as a common carrier if the person's yearly gross receipts from the use of the aircraft as a common carrier do not exceed 20 percent of the purchase cost of the aircraft to him or her, or fifty thousand dollars ($50,000), whichever is less. This presumption may be rebutted by contrary evidence satisfactory to the board showing that the person is engaged in business as a common carrier.

In no event shall "gross receipts'' include compensation by the person or related parties for use of the aircraft as a common carrier.

SEC. 3. Section 6366.1 of the Revenue and Taxation Code is amended to read:

6366.1. (a) There are exempted from the taxes imposed by this part, the gross receipts from the sale of and the storage, use, or other consumption in this state of aircraft which are leased, or are sold to persons for the purpose of leasing, to lessees using such aircraft as

common carriers of persons or property under authority of the laws of this state, of the United States or any foreign government, or to any foreign government as lessees for use by such government outside the state, or to persons as lessees who are not residents of this state and who will not use such aircraft in this state otherwise than in the removal of such aircraft from this state.

(b) There are exempted from the taxes imposed by this part, the gross receipts from the sale of and the storage, use, or other consumption in this state of tangible personal property sold to an aircraft manufacturer and incorporated into aircraft to be leased by the manufacturer under conditions set forth in subdivision (a) of this section.

(c) With respect to aircraft leased, or sold for the purpose of leasing, on or after January 1, 1997, it shall be presumed that the aircraft is not regularly used in the business of transporting for hire property or persons if the lessor's yearly gross receipts from the lease of that aircraft to persons using the aircraft as common carriers of property or persons do not exceed 20 percent of the cost of the aircraft to the lessor, or fifty thousand dollars ($50,000), whichever is less. This presumption may be rebutted by contrary evidence satisfactory to the board showing that the aircraft is regularly used as a common carrier of property or persons.

In no event shall ''gross receipts'' include compensation by the lessor or related parties for use of the aircraft as a common carrier.

SEC. 4. Section 6452 of the Revenue and Taxation Code is amended to read:

6452. (a) On or before the last day of the month following each quarterly period of three months, a return for the preceding quarterly period shall be filed with the board in the form as prescribed by the board, which may include, but not be limited to, electronic media. Returns shall be authenticated in a form or pursuant to methods as may be prescribed by the board.

(b) For purposes of the sales tax, a return shall be filed by every seller and also by every person who is liable for the sales tax under this part. For purposes of the use tax, a return shall be filed by every retailer engaged in business in this state and by every person purchasing tangible personal property, the storage, use, or other consumption of which is subject to the use tax, who has not paid the use tax due to a retailer required to collect the tax.

(c) Any retailer or other person who fails or refuses to furnish any return required to be made, or who fails or refuses to furnish a supplemental return or other data required by the board, is guilty of a misdemeanor punishable as provided in Section 7153.

SEC. 5. Section 6479.31 of the Revenue and Taxation Code is amended to read:

6479.31. (a) Any return, declaration, statement, or other document required to be made under this part that is filed using electronic media shall be filed and authenticated pursuant to any method or form the board may prescribe.

(b) Notwithstanding any other law, any return, declaration, statement, or other document otherwise required to be signed that is filed by the taxpayer using electronic media in a form as required by the board shall be deemed to be a signed, valid original document, including upon reproduction to paper form by the board.

(c) Electronic media includes, but is not limited to, computer modem, magnetic media, optical disk, facsimile machine, or telephone.

SEC. 6. Section 6480.1 of the Revenue and Taxation Code is amended to read:

6480.1. (a) After service of written notification by the board, on any distribution in this state of motor vehicle fuel subject to the motor vehicle fuel license tax, the distributor shall collect prepayment of retail sales tax from the person to whom the motor vehicle fuel is distributed. The prepayment required to be collected by the distributor constitutes a debt owed by the distributor to this state until paid to the board, until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the retail sales tax to the board, or until a distributor or broker who has consumed the fuel has paid the use tax to the board. Each distributor shall report and pay the prepayment amounts to the board, on a form prescribed by the board, in the period in which the fuel is distributed. On each subsequent distribution of that motor vehicle fuel, each seller, other than the retailer, shall collect from his or her purchaser a prepayment computed using the rate applicable at the time of distribution. Each distributor shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts which shall be separately stated thereon.

(b) After service of written notification by the board, the broker shall collect prepayment of the retail sales tax from the person to whom the motor vehicle fuel is transferred. The prepayment required to be collected by the broker constitutes a debt owed by the broker to the state until paid to the board, or until satisfactory proof has been submitted to prove that the retailer of the fuel has paid the tax to the board. Each broker shall provide his or her purchaser with a receipt or invoice for the collection of the prepayment amounts which shall be separately stated thereon.

Each broker shall report and pay the prepayment amounts to the board, on a form prescribed by the board, in the period in which the fuel is distributed. The amount of prepayment paid by the broker to his or her vendor shall constitute a credit against the amount of prepayment required to be collected and remitted by the broker to the board.

(c) A distributor or broker who pays the prepayment and issues a resale certificate to the seller, but subsequently consumes the fuel, shall be entitled to a credit against his or her sales and use taxes due and payable for the period in which the prepayment was made, provided that he or she reports and pays the use tax to the board on the consumption of that fuel.

(d) The amount of a prepayment paid by the retailer or a distributor or broker who has consumed the fuel to the seller from whom he or she acquired the fuel shall constitute a credit against his or her sales and use taxes due and payable for the period in which the distribution was made. Failure of the distributor or broker to report prepayments or the distributor's or broker's failure to comply with any other duty under this article shall not constitute grounds for denial of the credit to the retailer, distributor, or broker, either on a temporary or permanent basis or otherwise. The retailer, distributor, or broker shall be entitled to the credit to the extent of the amount prepaid to his or her supplier as evidenced by purchase documents, invoices, or receipts stating separately the amount of tax prepayment.

(e) The rate of the prepayment required to be collected during the period from July 1, 1986, through March 31, 1987, shall be four cents ($0.04) per gallon of motor vehicle fuel distributed or transferred.

(f) On April 1 of each succeeding year, the rate per gallon, rounded to the nearest one-half of one cent, of the required prepayment shall be established by the board based upon 80 percent of the combined state and local sales tax rate established by Sections 6051, 6051.2, 6051.3, and 7202, and Section 35 of Article XIII of the California Constitution on the arithmetic average selling price (excluding sales tax) as determined by the State Energy Resources Conservation and Development Commission, in its latest publication of the ''Quarterly Oil Report,'' of all grades of gasoline sold through a self-service gasoline station. In the event the ''Quarterly Oil Report'' is delayed or discontinued, the board may base its determination on other sources of the arithmetic average selling price of gasoline. The board shall make its determination of the rate no later than November 1 of the year prior to the effective date of the new rate. Immediately upon making its determination and setting of the rate, the board shall each year, no later than January 1, notify by mail every distributor, broker, and retailer of motor vehicle fuel. In the event the price of fuel decreases or increases, and the established rate results in prepayments which consistently exceed or are significantly lower than the retailers' sales tax liability, the board may readjust the rate.

(g) (1) Notwithstanding any other provision of this section, motor vehicle fuel sold by a distributor or broker to a qualified purchaser who, pursuant to a contract with the State of California or its instrumentalities,

resells that fuel to the State of California or its instrumentalities shall be exempt from the prepayment requirements.

(2) A qualified purchaser who acquires motor vehicle fuel for subsequent resale to the State of California or its instrumentalities pursuant to this subdivision shall furnish to the distributor or broker from whom the fuel is acquired an exemption certificate, completed in accordance with any instructions or regulations as the board may prescribe. The distributor or broker shall retain the certificate in his or her records in support of the exemption. To qualify for the prepayment exemption, both of the following conditions shall apply:

(A) The qualified purchaser does not take possession of the fuel at any time.

(B) The fuel is delivered into storage tanks owned or leased by the State of California or its instrumentalities via facilities of the distributor or broker, or by common or contract carriers under contract with the distributor or broker.

(3) For purposes of this subdivision, ''qualified purchaser'' means a broker as defined in Section 7308 who does not have or maintain a storage facility or facilities for the purpose of selling motor vehicle fuel.

CHAPTER 257

An act to amend Sections 1363 and 1368 of the Civil Code, relating to common interest developments.

[Approved by Governor August 25, 2000. Filed with Secretary of State August 28, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1363 of the Civil Code is amended to read:

1363. (a) A common interest development shall be managed by an association which may be incorporated or unincorporated. The association may be referred to as a community association.

(b) An association, whether incorporated or unincorporated, shall prepare a budget pursuant to Section 1365 and disclose information, if requested, in accordance with Section 1368.

(c) Unless the governing documents provide otherwise, and regardless of whether the association is incorporated or unincorporated, the association may exercise the powers granted to a nonprofit mutual benefit corporation, as enumerated in Section 7140 of the Corporations Code, except that an unincorporated association may not adopt or use a

corporate seal or issue membership certificates in accordance with Section 7313 of the Corporations Code.

The association, whether incorporated or unincorporated, may exercise the powers granted to an association by Section 383 of the Code of Civil Procedure and the powers granted to the association in this title.

(d) Meetings of the membership of the association shall be conducted in accordance with a recognized system of parliamentary procedure or any parliamentary procedures the association may adopt.

(e) Notwithstanding any other provision of law, notice of meetings of the members shall specify those matters the board intends to present for action by the members, but, except as otherwise provided by law, any proper matter may be presented at the meeting for action.

(f) Members of the association shall have access to association records in accordance with Article 3 (commencing with Section 8330) of Chapter 13 of Part 3 of Division 2 of Title 1 of the Corporations Code.

(g) If an association adopts or has adopted a policy imposing any monetary penalty, including any fee, on any association member for a violation of the governing documents or rules of the association, including any monetary penalty relating to the activities of a guest or invitee of a member, the board of directors shall adopt and distribute to each member, by personal delivery or first-class mail, a schedule of the monetary penalties that may be assessed for those violations, which shall be in accordance with authorization for member discipline contained in the governing documents. The board of directors shall not be required to distribute any additional schedules of monetary penalties unless there are changes from the schedule that was adopted and distributed to the members pursuant to this subdivision. The board of directors of the association shall meet in executive session if requested by the member being disciplined, and the member shall be entitled to attend the executive session.

(h) When the board of directors is to meet to consider or impose discipline upon a member, the board shall notify the member in writing, by either personal delivery or first-class mail, at least 15 days prior to the meeting. The notification shall contain, at a minimum, the date, time and place of the meeting, the nature of the alleged violation for which a member may be disciplined, and a statement that the member has a right to attend and may address the board at the meeting. If the board imposes discipline on a member, the board shall provide a notification of the disciplinary action by either personal delivery or first-class mail to the member within 10 days following the action. A disciplinary action shall not be effective against a member unless the board fulfills the requirements of this subdivision.

(i) Whenever two or more associations have consolidated any of their functions under a joint neighborhood association or similar

organization, members of each participating association shall be entitled to attend all meetings of the joint association other than executive sessions, (1) shall be given reasonable opportunity for participation in those meetings and (2) shall be entitled to the same access to the joint association's records as they are to the participating association's records.

(j) Nothing in this section shall be construed to create, expand, or reduce the authority of the board of directors of an association to impose monetary penalties on an association member for a violation of the governing documents or rules of the association.

SEC. 2. Section 1368 of the Civil Code is amended to read:

1368. (a) The owner of a separate interest, other than an owner subject to the requirements of Section 11018.6 of the Business and Professions Code, shall, as soon as practicable before transfer of title to the separate interest or execution of a real property sales contract therefor, as defined in Section 2985, provide the following to the prospective purchaser:

(1) A copy of the governing documents of the common interest development.

(2) If there is a restriction in the governing documents limiting the occupancy, residency, or use of a separate interest on the basis of age in a manner different from that provided in Section 51.3, a statement that the restriction is only enforceable to the extent permitted by Section 51.3 and a statement specifying the applicable provisions of Section 51.3.

(3) A copy of the most recent documents distributed pursuant to Section 1365.

(4) A true statement in writing obtained from an authorized representative of the association as to the amount of the association's current regular and special assessments and fees, any assessments levied upon the owner's interest in the common interest development that are unpaid on the date of the statement, and any monetary fines or penalties levied upon the owner's interest and unpaid on the date of the statement. The statement obtained from an authorized representative shall also include true information on late charges, interest, and costs of collection which, as of the date of the statement, are or may be made a lien upon the owner's interest in a common interest development pursuant to Section 1367.

(5) A copy or a summary of any notice previously sent to the owner pursuant to subdivision (h) of Section 1363 that sets forth any alleged violation of the governing documents that remains unresolved at the time of the request. The notice shall not be deemed a waiver of the association's right to enforce the governing documents against the owner or the prospective purchaser of the separate interest with respect to any

violation. This paragraph shall not be construed to require an association to inspect an owner's separate interest.

(6) A copy of the preliminary list of defects provided to each member of the association pursuant to Section 1375, unless the association and the builder subsequently enter into a settlement agreement or otherwise resolve the matter and the association complies with Section 1375.1. Disclosure of the preliminary list of defects pursuant to this paragraph shall not waive any privilege attached to the document. The preliminary list of defects shall also include a statement that a final determination as to whether the list of defects is accurate and complete has not been made.

(7) A copy of the latest information provided for in Section 1375.1.

(8) Any change in the association's current regular and special assessments and fees which have been approved by the association's board of directors, but have not become due and payable as of the date disclosure is provided pursuant to this subdivision.

(b) Upon written request, an association shall, within 10 days of the mailing or delivery of the request, provide the owner of a separate interest with a copy of the requested items specified in paragraphs (1) to (8), inclusive, of subdivision (a). The association may charge a fee for this service, which shall not exceed the association's reasonable cost to prepare and reproduce the requested items.

(c) An association shall not impose or collect any assessment, penalty, or fee in connection with a transfer of title or any other interest except the association's actual costs to change its records and that authorized by subdivision (b).

(d) Any person or entity who willfully violates this section shall be liable to the purchaser of a separate interest which is subject to this section for actual damages occasioned thereby and, in addition, shall pay a civil penalty in an amount not to exceed five hundred dollars ($500). In an action to enforce this liability, the prevailing party shall be awarded reasonable attorneys' fees.

(e) Nothing in this section affects the validity of title to real property transferred in violation of this section.

(f) In addition to the requirements of this section, an owner transferring title to a separate interest shall comply with applicable requirements of Sections 1133 and 1134.

CHAPTER 258

(1) Requiring, as a condition of the reacquisition of the motor vehicle, that a buyer or lessee who is a resident of this state agree not to disclose the problems with the vehicle experienced by the buyer or lessee or the nonfinancial terms of the reacquisition.

(2) Including, in any release or other agreement, whether prepared by the manufacturer, importer, distributor, dealer, or lienholder, for signature by the buyer or lessee, a confidentiality clause, gag clause, or similar clause prohibiting the buyer or lessee from disclosing information to anyone about the problems with the vehicle, or the nonfinancial terms of the reacquisition of the vehicle by the manufacturer, importer, distributor, dealer, or lienholder.

(b) Any confidentiality clause, gag clause, or similar clause in such a release or other agreement in violation of this section shall be null and void as against the public policy of this state.

(c) Nothing in this section is intended to prevent any confidentiality clause, gag clause, or similar clause regarding the financial terms of the reacquisition of the vehicle.

CHAPTER 259

An act to amend Sections 18251 and 18254 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor August 25, 2000. Filed with
Secretary of State August 28, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 18251 of the Welfare and Institutions Code is amended to read:

18251. As used in this chapter:

(a) ''County'' means each county participating in an individualized or ''wrap-around'' pilot project.

(b) ''County placing agency'' means a county welfare or probation department, or a county mental health department with respect to those children placed pursuant to Section 7572.5 of the Government Code.

(c) ''Eligible child'' means a child who is any of the following:

(1) A child who has been adjudicated as either a dependent or ward of the juvenile court pursuant to Section 300, 601, or 602 and who would be placed in a group home licensed by the department at a rate classification level of 10 or higher.

(2) A child who would be voluntarily placed in out-of-home care pursuant to Section 7572.5 of the Government Code.

(3) A child who is currently, or who would be, placed in a group home licensed by the department at a rate classification level of 10 or higher.

(d) ''Wrap-around services'' means community-based intervention services that emphasize the strengths of the child and family and includes the delivery of coordinated, highly individualized unconditional services to address needs and achieve positive outcomes in their lives.

(e) ''Service allocation slot'' means a specified amount of funds available to the county to pay for an individualized intensive wraparound services package for an eligible child. A service allocation slot may be used for more than one child on a successive basis.

SEC. 2. Section 18254 of the Welfare and Institutions Code is amended to read:

18254. (a) Reimbursement rates for wraparound services, under this pilot project, shall be based on the following factors:

(1) The average cost of rate classification 10 to 11 in each county, minus the cost of any concurrent out-of-home placement, for children who are or would be placed in a rate level 10 or 11 group home.

(2) The average cost of rate classification 12 to 14 in each county, minus the cost of any concurrent out-of-home placement, for children who are or would be placed in a rate level 12 to 14 group home.

(b) The annual maximum limit on funding available for the pilot project authorized by this chapter shall be based on the average cost, determined pursuant to subdivision (a), for the number of service allocation slots assigned to each county.

(c) The department shall reimburse each county, for the purpose of providing intensive wraparound services, up to 100 percent of the state share of nonfederal funds, to be matched by each county's share of cost as established by law, and to the extent permitted by federal law, up to 100 percent of the federal funds allocated for group home placements of eligible children, at the rate authorized pursuant to subdivision (a).

(d) State and, to the extent permitted by federal law, federal foster care funds shall remain with the administrative authority of the county welfare department, which may enter into an interagency agreement to transfer those funds, and shall be used to provide intensive wraparound services.

(e) General Fund costs for the provision of benefits to eligible children pursuant to subdivision (c) of Section 18251 at rates authorized by subdivision (a) through the pilot project authorized by this chapter shall not exceed the costs which would otherwise have been incurred had the eligible children been placed in a group home.

CHAPTER 260

An act to amend Section 14310 of the Elections Code, relating to elections.

[Approved by Governor August 25, 2000. Filed with Secretary of State August 28, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 14310 of the Elections Code is amended to read:

14310. (a) At all elections, a voter claiming to be properly registered but whose qualification or entitlement to vote cannot be immediately established upon examination of the index of registration for the precinct or upon examination of the records on file with the county elections official, shall be entitled to vote a provisional ballot.

(b) Once voted, the voter's ballot shall be sealed in a provisional ballot envelope, and the ballot in its envelope shall be deposited in the ballot box. All provisional ballots voted shall remain sealed in their envelopes for return to the elections official in accordance with the elections official's instructions. The provisional ballot envelopes specified in this subdivision shall be a color different than the color of, but printed substantially similar to, the envelopes used for absentee ballots, and shall be completed in the same manner as absentee envelopes.

(c) (1) During the official canvass, the elections official shall examine the records with respect to all provisional ballots cast. Using the procedures that apply to the comparison of signatures on absentee ballots, the elections official shall compare the signature on each provisional ballot envelope with the signature on the voter's affidavit of registration. If the signatures do not compare, the ballot shall be rejected.

A variation of the signature caused by the substitution of initials for the first or middle name, or both, shall not invalidate the ballot.

(2) Provisional ballots shall not be included in any semiofficial or official canvass, except upon: (A) the elections official's establishing prior to the completion of the official canvass, from the records in his or her office, the claimant's right to vote; or (B) the order of a superior court in the county of the voter's residence. A voter may seek the court order specified in this paragraph regarding his or her own ballot at any time prior to completion of the official canvass. Any judicial action or appeal shall have priority over all other civil matters.

(3) A precinct board member shall notify the voter of the contents of this subdivision at the time of receiving the provisional ballot of the voter.

(4) The provisional ballot of a voter who is otherwise entitled to vote shall not be rejected because the voter did not cast his or her ballot in the precinct to which he or she was assigned by the elections official, provided the ballot cast by the voter contained only the candidates and measures on which the voter would have been entitled to vote in his or her assigned precinct.

(d) The Secretary of State may adopt appropriate regulations for purposes of ensuring the uniform application of this section.

(e) This section shall apply to any absent voter described by Section 3015 who is unable to surrender his or her unvoted absent voter's ballot.

(f) Any existing supply of envelopes marked ''special challenged ballot'' may be used until the supply is exhausted.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 261

An act to amend Section 2225 of the Civil Code, relating to property of felons.

[Approved by Governor August 25, 2000. Filed with Secretary of State August 28, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Victims of crime have a special relationship to the profits from the sale of personal belongings and memorabilia of a convicted felon whose criminal actions and resulting notoriety enhance the value of those belongings and memorabilia.

(b) The state has a compelling interest in ensuring that convicted felons do not profit from their crimes and that victims of crime are compensated by those who harm them.

(c) The offer for sale and sale of a convicted felon's personal belongings and memorabilia bring renewed grief and suffering to victims of crime and their family members.

(d) The offer for sale and sale of a convicted felon's personal belongings and memorabilia also bring renewed notoriety to the felon and the crime for which he or she was convicted, which notoriety may encourage criminal acts by others.

(e) The state's compelling interest in ensuring that convicted felons do not profit from their crimes while their victims are not compensated, in protecting crime victims and their families from renewed grief and suffering, and in limiting the risk of crimes that may result from the renewed notoriety of the convicted felon and his or her crime, outweigh the interest of the felon, the felon's representatives, or others to profit from the sale of the felon's personal belongings or memorabilia.

SEC. 2. Section 2225 of the Civil Code is amended to read:

2225. (a) As used in this section:

(1) ''Convicted felon'' means any person convicted of a felony, or found not guilty by reason of insanity of a felony committed in California, either by a court or jury trial or by entry of a plea in court.

(2) ''Felony'' means a felony defined by any California or United States statute.

(3) (A) ''Representative of the felon'' means any person or entity receiving proceeds or profits by designation of that felon, on behalf of that felon, or in the stead of that felon, whether by the felon's designation or by operation of law.

(B) ''Profiteer of the felony'' means any person who sells or transfers for profit any memorabilia or other property or thing of the felon, the value of which is enhanced by the notoriety gained from the commission of the felony for which the felon was convicted. This subparagraph shall not apply to any media entity reporting on the felon's story or on the sale of the materials, memorabilia, or other property or thing of the felon. Nor shall it apply to the sale of the materials, as the term is defined in paragraph (6), where the seller is exercising his or her first amendment rights. This subparagraph also shall not apply to the sale or transfer by

a profiteer of any other expressive work protected by the First Amendment unless the sale or transfer is primarily for a commercial or speculative purpose.

(4) (A) ''Beneficiary'' means a person who, under applicable law, other than the provisions of this section, has or had a right to recover damages from the convicted felon for physical, mental, or emotional injury, or pecuniary loss proximately caused by the convicted felon as a result of the crime for which the felon was convicted.

(B) If a beneficiary described in subparagraph (A) has died, ''beneficiary'' also includes a person or estate entitled to recover damages pursuant to Chapter 4 (commencing with Section 377.10) of Title 3 of Part 2 of the Code of Civil Procedure.

(C) If a person has died and the death was proximately caused by the convicted felon as a result of the crime for which the felon was convicted, ''beneficiary'' also includes a person described in Section 377.60 of the Code of Civil Procedure and any beneficiary of a will of the decedent who had a right under that will to receive more than 25 percent of the value of the estate of the decedent.

(5) ''Beneficiary's interest'' means that portion of the proceeds or profits necessary to pay the following:

(A) In the case of a beneficiary described in subparagraph (A) or (B) of paragraph (4), those damages that, under applicable law, other than the provisions of this section, the beneficiary has or had a right to recover from the convicted felon for injuries proximately caused by the convicted felon as a result of the crime for which the felon was convicted.

(B) In the case of a beneficiary described in subparagraph (C) of paragraph (4), those damages that, under all the circumstances of the case, may be just.

(C) A beneficiary's interest shall be reduced by the following amount:

(i) Money paid to the beneficiary from the Restitution Fund because of the crime for which the felon was convicted.

(ii) Money paid to the beneficiary by the convicted felon because of a requirement of restitution imposed by a court in connection with the crime for which the felon was convicted.

(iii) Money paid to the beneficiary because of a judgment against the convicted felon based upon the crime for which the felon was convicted.

(D) In the case of an unsatisfied existing judgment or order of restitution against the convicted felon and in favor of a beneficiary, any money paid to the beneficiary pursuant to this section shall be applied to reduce the amount of the unsatisfied judgment or order.

(6) ''Materials'' means books, magazine or newspaper articles, movies, films, videotapes, sound recordings, interviews or appearances on television and radio stations, and live presentations of any kind.

(7) ''Story'' means a depiction, portrayal, or reenactment of a felony and shall not be taken to mean a passing mention of the felony, as in a footnote or bibliography.

(8) ''Sale'' includes lease, license, or any other transfer or alienation taking place in California or elsewhere.

(9) ''Proceeds'' means all fees, royalties, real property, or other consideration of any and every kind or nature received by or owing to a felon or his or her representatives for the preparation for the purpose of sale of materials, for the sale of the rights to materials, or the sale or distribution by the convicted felon of materials whether earned, accrued, or paid before or after the conviction. It includes any interest, earnings, or accretions upon proceeds, and any property received in exchange for proceeds.

(10) ''Profits'' means all income from anything sold or transferred by the felon, a representative of the felon, or a profiteer of the felony, including any right, the value of which thing or right is enhanced by the notoriety gained from the commission of a felony for which a convicted felon was convicted. This income may have been accrued, earned, or paid before or after the conviction. However, voluntary donations or contributions to a defendant to assist in the defense of criminal charges shall not be deemed to be ''profits,'' provided the donation or contribution to that defense is not given in exchange for some material of value.

(b) (1) All proceeds from the preparation for the purpose of sale, the sale of the rights to, or the sale of materials that include or are based on the story of a felony for which a convicted felon was convicted, shall be subject to an involuntary trust for the benefit of the beneficiaries set forth in this section. That trust shall continue until five years after the time of payment of the proceeds to the felon or five years after the date of conviction, whichever is later. If an action is filed by a beneficiary to recover his or her interest in a trust within those time limitations, the trust character of the property shall continue until the conclusion of the action. At the end of the five-year trust period, any proceeds that remain in trust that have not been claimed by a beneficiary shall be transferred to the Controller, to be allocated to the Restitution Fund for the payment of claims pursuant to Section 13969 of the Government Code.

(2) All profits shall be subject to an involuntary trust for the benefit of the beneficiaries set forth in this section. That trust shall continue until five years after the time of payment of the profits to the felon or five years after the date of conviction, whichever is later. If an action is filed by a beneficiary to recover his or her interest in a trust within those time limitations, the trust character of the property shall continue until the conclusion of the action. At the end of the five-year trust period, any profits that remain in trust that have not been claimed by a beneficiary

shall be transferred to the Controller, to be allocated to the Restitution Fund for the payment of claims pursuant to Section 13969 of the Government Code.

(3) Notwithstanding paragraph (2), in the case of a sale or transfer by a profiteer of the felony, the court in an action under subdivision (c) shall, upon an adequate showing by the profiteer of the felony, exclude from the involuntary trust that portion of the profits that represents the inherent value of the memorabilia, property, or thing sold or transferred and exclusive of the amount of the enhancement to the value due to the notoriety of the convicted felon.

(c) (1) Any beneficiary may bring an action against a convicted felon, representative of the felon, or a profiteer of a felony to recover his or her interest in the trust established by this section.

(2) That action may be brought in the superior court of the county in which the beneficiary resides, or of the county in which the convicted felon resides, or of the county in which proceeds or profits are located.

(3) If the court determines that a beneficiary is entitled to proceeds or profits pursuant to this section, the court shall order the payment from proceeds or profits that have been received, and, if that is insufficient, from proceeds or profits that may be received in the future.

(d) If there are two or more beneficiaries and if the available proceeds or profits are insufficient to pay all beneficiaries, the proceeds or profits shall be equitably apportioned among the beneficiaries taking into account the impact of the crime upon them.

Prior to any distribution of any proceeds to a beneficiary, the court shall determine whether the convicted felon has failed to pay any portion of a restitution fine or penalty fine imposed by a court, or any restitution imposed as a condition of probation. The court shall also determine whether the felon is obligated to reimburse a governmental entity for the costs of his or her defense and whether a portion of the proceeds is needed to cover his or her reasonable attorney's fees incurred in the criminal proceeding related to the felony, or any appeal or other related proceeding, or in the defense of the action brought under this section. The court shall order payment of these obligations prior to any payment to a beneficiary, except that 60 percent of the proceeds or profits shall be reserved for payment to the beneficiaries.

(e) (1) The Attorney General may bring an action to require proceeds or profits received by a convicted felon to be held in an express trust in a bank authorized to act as a trustee.

(2) An action may be brought under this subdivision within one year after the receipt of proceeds or profits by a convicted felon or one year after the date of conviction, whichever is later.

That action may be brought in the superior court of any county in which the Attorney General has an office.

(3) If the Attorney General proves that the proceeds or profits are proceeds or profits from the sale of a story or thing of value that are subject to an involuntary trust pursuant to this section, and that it is more probable than not that there are beneficiaries within the meaning of this section, the court shall order that all proceeds or profits be deposited in a bank and held by the bank as trustee of the trust until an order of disposition is made by a court pursuant to subdivision (d), or until the expiration of the period specified in subdivision (b).

(4) If the Attorney General prevails in an action under this subdivision, the court shall order the payment from the proceeds or profits to the Attorney General of reasonable costs and attorney's fees.

(f) (1) In any action brought pursuant to this section, upon motion of a party the court shall grant a preliminary injunction to prevent any waste of proceeds or profits if it appears that the proceeds or profits are subject to the provisions of this section, and that they may be subject to waste.

(2) Upon motion of the Attorney General or any potential beneficiary, the court shall grant a preliminary injunction against a person against whom an indictment or information for a felony has been filed in superior court to prevent any waste of proceeds or profits if there is probable cause to believe that the proceeds or profits would be subject to an involuntary trust pursuant to this section upon conviction of this person, and that they may be subject to waste.

(g) Any violation of an order of a court made pursuant to this section shall be punishable as contempt.

(h) The remedies provided by this section are in addition to other remedies provided by law.

No period of limitations, except those provided by this section, shall limit the right of recovery under this section.

SEC. 3. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SECTION 1. Section 6253 of the Food and Agricultural Code is amended to read:

6253. (a) The board shall, on or before the first Monday in April of each year, file with the board of supervisors a budget that sets forth all estimated expenditures of the district for the fiscal year commencing on the first day of July. A copy of the budget shall also, at the same time, be filed with the auditor of the county.

(b) The board of supervisors may, by ordinance or by resolution, adopted after notice and hearing, determine and levy an assessment for winegrape pest and disease control activities for any of the following purposes:

22630.5. If there is a majority protest against the levy of an annual assessment after the formation of the assessment district that is increased from any previous year, the proposed increase in the assessment shall be abandoned. For purposes of this section, ''majority protest'' has the same meaning as provided in Section 53753 of the Government Code. For purposes of this section, ''increased assessment'' shall have the same meaning as provided in Section 54954.6 of the Government Code.

SEC. 62. Section 12 of Chapter 354 of the Statutes of 1919, as amended by Section 2 of Chapter 787 of the Statutes of 1933, is amended to read:

Sec. 12. (a) (1) Immediately after executing a contract for the construction of the improvement, the board of supervisors shall direct the engineer of construction to estimate the total cost of making the proposed improvements and performing the proposed work. The estimate shall include all expenses incurred or to be incurred, either directly or indirectly, in carrying out the work and improvements. The engineer shall assess the costs in proportion to the benefits thereof to the lands in the district.

(2) The engineer of construction shall proceed to view the lands within the district and may examine witnesses under oath. He or she shall proceed to assess against the land within the district the estimated amounts of the cost of the proposed work or improvement and the expenses incident thereto, in proportion to the benefits to be derived from the work or improvements so far as he or she reasonably can estimate the same, including in the estimate of benefits the land whether operating property or not or of any public utility within the district. He or she shall state the amounts to be assessed on each parcel of land separately, and shall divide the total assessment on each parcel of land into yearly installments of amounts clearly sufficient to retire the bonds and to pay the interest for each year that the assessment shall continue.

(3) In estimating the total cost and expenses of doing the work, the engineer of construction shall be governed by the amount he or she deems necessary to pay the principal and interest on bonds to be issued and all incidental expenses to be incurred as herein authorized. The estimates shall be based upon the contract price for doing the work as set forth in the plans and specifications together with an estimate of the incidental expenses to be incurred.

(4) The engineer of construction, having made the assessment of the benefits, shall with diligence, and before the board of supervisors declares the work to have been completed, make a written report to, and file the report with, the board, and shall accompany the report with a plat of the district showing the relative location of each block, lot or portion of lot, or other piece of land and its dimensions, so far as he or she can reasonably ascertain that information. Each block and lot, or portion of

lot, or other parcel or parcels of land affected or assessed shall be designated and described in the plat by an appropriate number. A reference to it by this descriptive number shall be sufficient description of it in all respects.

(5) The report of the engineer of construction and the affidavit accompanying it shall be filed with the clerk of the board of supervisors.

(b) The notice, protest, and hearing procedures shall comply with Section 53753 of the Government Code.

(c) (1) The board of supervisors shall, upon the adoption of the report, by order entered upon its minutes, levy against and upon all lands within the drainage improvement district No. ____, the number being that of the district as established and bounded in the order for the work to be done, a special assessment upon the lands found to be benefited by the improvement in the amount set forth in the report of the engineer of construction as adopted by the board of supervisors, and which amount shall be available for the payment of the bonds and the interest. The assessment shall be payable at the times and in the amounts indicated in the report of the engineer of construction. When the board has levied the special assessment, the clerk of the board shall file with the recorder, and with the tax collector of the county or counties in which the district is situated, certified copies of the plat and report as adopted and confirmed by the board, together with certified copies of the order of the board levying the special assessment, and also give to the county auditor notice of the total amount of the installments for each year. If the district lies within more than one county as provided in Section 2, the certified copies shall be filed with the recorder and tax collector of each county affected. Upon the filing of the certified copies, the charges assessed upon each piece of land for the first year shall immediately become due and payable, and shall constitute a lien; thereafter the installments for the succeeding year shall become due and payable on the third Monday of October of each year, and shall constitute a lien upon the land against which it is assessed.

(2) All assessment payments, either by property owners or by the county or municipality affected, shall be placed in the county treasury of the county in which the district was organized in a special fund to be known as drainage district improvement No. ____, interest and sinking fund (the number being that of the district), and shall be used only to retire the bonds issued to pay the cost of constructing the improvement and the incidental expenses, and to pay the interest on the bonds. Any surplus remaining after the bonds are retired, shall be paid into the maintenance fund of the district. Upon the filing of the certified copy of the report, assessment plat, and order with the tax collector of the county or counties as above provided, the tax collector shall give notice by ten days' publication in the newspaper designated in the resolution of

intention, that the assessment list of drainage improvement district No. ____ has been filed in his or her office, with the date of the filing; that the first installments are due and payable, and that if not paid on or before the last Monday of the following April they will become delinquent and will be collected as are delinquent taxes. The tax collector shall note on the assessment list all assessments paid, and give receipts as upon the payment of taxes, and shall pay all money collected into the county treasury at the same time and in the same manner as money collected for taxes.

(3) Subsequent collections of installments shall be made in the same manner, and the tax collector shall annually publish a like notice, and the same proceedings shall be followed as for the collection of the first installment.

(4) When the installments have become delinquent the tax collector of the county shall proceed to collect them together with an additional 10 percent, and pay them over to the county treasurer as state and county taxes are collected and paid over; for the purpose of collecting the assessments and delinquent installments and penalties, all of the provisions of Chapter 2 (commencing with Section 2601) of Part 5 of Division 1 of the Revenue and Taxation Code not in conflict with any of the provisions of this act are applicable.

(5) The entire assessment against a parcel of land within the district, subsequent installments of principal as well as the installment for the current year, may at any time be paid in full with interest to the date of payment together with a premium of 3 percent of the principal yet unpaid, to the tax collector who shall issue receipts for the payments as provided in this section.

CHAPTER 263

An act to amend Sections 1202, 7604, and 7678 of the Public Utilities Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 29, 2000. Filed with Secretary of State August 30, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1202 of the Public Utilities Code is amended to read:

1202. The commission has the exclusive power:

(a) To determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use, and protection of each crossing of one railroad by another railroad or street railroad, and of a street railroad by a railroad, and of each crossing of a public or publicly used road or highway by a railroad or street railroad, and of a street by a railroad or of a railroad by a street.

(b) To alter, relocate, or abolish by physical closing any crossing set forth in subdivision (a).

(c) To require, where in its judgment it would be practicable, a separation of grades at any crossing established and to prescribe the terms upon which the separation shall be made and the proportions in which the expense of the construction, alteration, relocation, or abolition of crossings or the separation of grades shall be divided between the railroad or street railroad corporations affected or between these corporations and the state, county, city, or other political subdivision affected.

(d) (1) To authorize on an application-by-application basis and supervise the operation of pilot projects to evaluate proposed crossing warning devices or new technology at designated crossings, with the consent of the local jurisdiction, the affected railroad, and other interested parties, including, but not limited to, represented railroad employees.

(2) (A) The Legislature finds and declares that for the communities of the state that are traversed by railroads, there is a growing need to mitigate train horn noise without compromising the safety of the public. Therefore, it is the intent of the Legislature that the commission may authorize pilot projects, after an application is filed and approved by the commission in at least the communities of Roseville and Lathrop to test the utility and safety of stationary, automated audible warning devices as an alternative to trains having to sound their horns as they approach highway-rail crossings.

(B) In light of the pending proposed ruling by the Federal Railroad Administration on the use of locomotive horns at all highway-rail crossings across the nation, it would be in the best interest of the state for the commission to expedite the pilot projects in order to contribute data to the federal rulemaking process regarding the possible inclusion of stationary, automated warning devices as a safety measure option to the proposed federal rule.

SEC. 2. Section 7604 of the Public Utilities Code is amended to read:

7604. (a) A bell, of at least 20 pounds weight or of equivalent sound-producing capability, shall be placed on each locomotive engine, and shall be rung at a distance of at least 1,320 feet from the place where the railroad crosses any street, road, or highway, and be kept ringing until

it has crossed the street, road, or highway; or a steam whistle, air siren, or an air whistle shall be attached, and be sounded at the like distance, and be kept sounding at intervals until it has crossed the street, road, or highway, except as follows:

(1) In a city, the ringing of the bell or the sounding of the steam whistle, air siren, or air whistle shall be at the discretion of the operator of the locomotive engine.

(2) When a locomotive engine is engaged in a switching operation or comes to a stop at any point within a distance of 1,320 feet from the place at which the railroad crosses any street, road, or highway, it shall not be necessary that the bell be rung or the whistle, air siren, or air whistle be sounded, until the time and from the place that the locomotive begins an uninterrupted movement to and across the place at which the railroad crosses the street, road, or highway.

(3) (A) The ringing of the bell or the sounding of the steam whistle, air siren, or air whistle is not required when approaching a railroad crossing that has a permanently installed audible warning device authorized by the commission that sounds automatically when an approaching train is at least 1,320 feet from the place where the railroad crosses any street, road, or highway, and that keeps sounding until the lead locomotive has crossed the street, road, or highway.

(B) The operator of the locomotive may ring the bell or sound the steam whistle, air siren, or air whistle at crossings equipped as set forth in subparagraph (A).

(b) Any railroad corporation violating this section shall be subject to a penalty of one hundred dollars ($100) for every violation. The penalty may be recovered in an action prosecuted by the district attorney of the proper county, for the use of the state. The corporation is also liable for all damages sustained by any person, and caused by its locomotives, train, or cars, when the provisions of this section are not complied with.

SEC. 3. Section 7678 of the Public Utilities Code is amended to read:

7678. Except as provided in paragraphs (1) to (3), inclusive, of subdivision (a) of Section 7604, every person in charge of a locomotive engine who, before crossing any traveled public way, omits to cause a bell to ring or steam whistle, air siren, or air whistle to sound at the distance of at least 1,320 feet from the crossing, and until the lead locomotive has passed through the crossing, is guilty of a misdemeanor.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the test of the pilot program for stationary, automated audible warning devices at highway-rail crossings and the feasibility of

that system to be assessed as soon as possible, it is necessary that this act take effect immediately.

SEC. 2. SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide in a timely manner to the City of Sebastopol the fiscal authority that is essential to resolve immediate and pressing issues

(1) As of January 3, 2000, the holder of the property is not the subject of an investigation by the Attorney General, the subject of an audit by the Controller, or a party to litigation with the Controller, relating to the property. ''Investigation by the Attorney General'' means an investigation being conducted under any law authorizing the investigation, including, but not limited to, investigations authorized by or conducted pursuant to Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code by the office of the Attorney General relating to the escheat of property subject to subdivision (a). CHAPTER 268

An act to amend Section 1050 of the Penal Code, relating to criminal procedure.

[Approved by Governor August 30, 2000. Filed with Secretary of State August 31, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1050 of the Penal Code is amended to read:

1050. (a) The welfare of the people of the State of California requires that all proceedings in criminal cases shall be set for trial and heard and determined at the earliest possible time. To this end the Legislature finds that the criminal courts are becoming increasingly congested with resulting adverse consequences to the welfare of the people and the defendant. Excessive continuances contribute substantially to this congestion and cause substantial hardship to victims and other witnesses. Continuances also lead to longer periods of presentence confinement for those defendants in custody and the

concomitant overcrowding and increased expenses of local jails. It is therefore recognized that the people, the defendant, and the victims and other witnesses have the right to an expeditious disposition, and to that end it shall be the duty of all courts and judicial officers and of all counsel, both for the prosecution and the defense, to expedite these proceedings to the greatest degree that is consistent with the ends of justice. In accordance with this policy, criminal cases shall be given precedence over, and set for trial and heard without regard to the pendency of, any civil matters or proceedings. In further accordance with this policy, death penalty cases in which both the prosecution and the defense have informed the court that they are prepared to proceed to trial shall be given precedence over, and set for trial and heard without regard to the pendency of, other criminal cases and any civil matters or proceedings, unless the court finds in the interest of justice that it is not appropriate.

(b) To continue any hearing in a criminal proceeding, including the trial, (1) a written notice shall be filed and served on all parties to the proceeding at least two court days before the hearing sought to be continued, together with affidavits or declarations detailing specific facts showing that a continuance is necessary and (2) within two court days of learning that he or she has a conflict in the scheduling of any court hearing, including a trial, an attorney shall notify the calendar clerk of each court involved, in writing, indicating which hearing was set first. A party shall not be deemed to have been served within the meaning of this section until that party actually has received a copy of the documents to be served, unless the party, after receiving actual notice of the request for continuance, waives the right to have the documents served in a timely manner. Regardless of the proponent of the motion, the prosecuting attorney shall notify the people's witnesses and the defense attorney shall notify the defense's witnesses of the notice of motion, the date of the hearing, and the witnesses' right to be heard by the court. The superior and municipal courts of a county may adopt rules, which shall be consistent, regarding the method of giving the notice or waiver of service required by this subdivision, where a continuance is sought because of a conflict between scheduled appearances in the courts of that county.

(c) Notwithstanding subdivision (b), a party may make a motion for a continuance without complying with the requirements of that subdivision. However, unless the moving party shows good cause for the failure to comply with those requirements, the court may impose sanctions as provided in Section 1050.5.

(d) When a party makes a motion for a continuance without complying with the requirements of subdivision (b), the court shall hold a hearing on whether there is good cause for the failure to comply with

those requirements. At the conclusion of the hearing the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of the finding and a statement of facts proved shall be entered in the minutes. If the moving party is unable to show good cause for the failure to give notice, the motion for continuance shall not be granted.

(e) Continuances shall be granted only upon a showing of good cause. Neither the convenience of the parties nor a stipulation of the parties is in and of itself good cause.

(f) At the conclusion of the motion for continuance, the court shall make a finding whether good cause has been shown and, if it finds that there is good cause, shall state on the record the facts proved that justify its finding. A statement of facts proved shall be entered in the minutes.

(g) (1) When deciding whether or not good cause for a continuance has been shown, the court shall consider the general convenience and prior commitments of all witnesses, including peace officers. Both the general convenience and prior commitments of each witness also shall be considered in selecting a continuance date if the motion is granted. The facts as to inconvenience or prior commitments may be offered by the witness or by a party to the case.

(2) For purposes of this section, ''good cause'' includes, but is not limited to, those cases involving murder, as defined in subdivision (a) of Section 187, allegations that stalking, as defined in Section 646.9, a violation of one or more of the sections specified in subdivision (a) of Section 11165.1 or Section 11165.6, or domestic violence as defined in Section 13700, or a case being handled in the Career Criminal Prosecution Program pursuant to Sections 999b through 999h, has occurred and the prosecuting attorney assigned to the case has another trial, preliminary hearing, or motion to suppress in progress in that court or another court. A continuance under this paragraph shall be limited to a maximum of 10 additional court days.

(3) Only one continuance per case may be granted to the people under this subdivision for cases involving stalking or cases handled under the Career Criminal Prosecution Program. Any continuance granted to the people in a case involving stalking or handled under the Career Prosecution Program shall be for the shortest time possible, not to exceed 10 court days.

(h) Upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court on an indictment or information is a Member of the Legislature of this state and that the Legislature is in session or that a legislative interim committee of which the attorney is a duly appointed member is meeting or is to meet within

the next seven days, the defendant shall be entitled to a reasonable continuance not to exceed 30 days.

(i) A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the court shall state on the record the facts proved that justify the length of the continuance, and those facts shall be entered in the minutes.

(j) Whenever it shall appear that any court may be required, because of the condition of its calendar, to dismiss an action pursuant to Section 1382, the court must immediately notify the Chair of the Judicial Council.

(k) This section shall not apply when the preliminary examination is set on a date less than 10 court days from the date of the defendant's arraignment on the complaint, and the prosecution or the defendant moves to continue the preliminary examination to a date not more than 10 court days from the date of the defendant's arraignment on the complaint.

The study shall include an evaluation of ballistics identification systems currently used by state and federal law enforcement agencies and the firearms industry. The Attorney General shall consult with law enforcement agencies, firearms industry representatives, private technology providers, and other appropriate parties in conducting the study.

(c) In evaluating ballistics identification systems to determine the feasibility of utilizing a statewide system as required pursuant to subdivision (b), the Attorney General shall consider, at a minimum, the following:

(1) The development of methods by which firearm manufacturers, importers, and dealers may potentially capture ballistic images from firearms prior to sale in California and forward that information to the Attorney General.

(2) The development of methods by which the Attorney General will receive, store, and make available to law enforcement ballistic images submitted by firearm manufacturers, importers, and dealers prior to sale in California.

(3) The potential financial costs to the Attorney General of implementing and operating a statewide ballistics identification system, including the process for receipt of information from firearm manufacturers, importers, and dealers.

(4) The capability of a ballistics identification system maintaining a data base of ballistic images and information from test fired firearms for all firearms sold in California.

(5) The compatibility of a ballistics identification system with ballistics identification systems that are currently used by law enforcement agencies in California.

(6) A method to ensure that state and local law enforcement agencies can forward ballistic identification information to the Attorney General for inclusion in a statewide ballistics identification system.

(7) The feasibility and potential benefits to law enforcement of requiring firearm manufacturers, importers, and dealers to provide the Attorney General with ballistic images from any, or a selected number of, test fired firearms prior to the sale of those firearms in California.

(d) The Attorney General shall submit a report to the Legislature with the results of the study not later than June 1, 2001. (2) If the commissioner determines that the notice and application are substantially complete with respect to the quantitative requirements pursuant to this subdivision, the commissioner shall provide the applicant with a list of all deficiencies and substantive inadequacies necessary for the notice and application to be qualitatively complete, within 60 days of that determination, in the case of subdivisions specified in Section 11000.1 or 11004.5, and within 20 days of that determination, in the case of other subdivisions.

This section does not apply to filings made exclusively under Section 11010.1. Nothing in this section requires the commissioner to issue a public report where grounds for denial exist, provided that issuance of a public report shall not be denied for inadequate information if the cause thereof is the commissioner's failure to comply with this section.

(a) Whenever the commissioner shall have reason to believe that any person engaged in the business of insurance is engaging in this state in any method of competition or in any act or practice in the conduct of the business that is not defined in Section 790.03, and that the method is unfair or that the act or practice is unfair or deceptive and that

a proceeding by him or her in respect thereto would be in the interest of the public, he or she may issue and serve upon that person an order to show cause containing a statement of the methods, acts or practices alleged to be unfair or deceptive and a notice of hearing thereon to be held at a time and place fixed therein, which shall not be less than 30 days after the service thereof, for the purpose of determining whether the alleged methods, acts or practices or any of them should be declared to be unfair or deceptive within the meaning of this article. The order shall specify the reason why the method of competition is alleged to be unfair or the act or practice is alleged to be unfair or deceptive.

If either party shall apply to the court for leave to adduce additional evidence and shall show, to the satisfaction of the court, that the additional evidence is material and there were reasonable grounds for the failure to adduce the evidence in the proceeding before the commissioner, the court may order the additional evidence to be taken before the commissioner and to be adduced upon the hearing in the manner and upon the terms and conditions as to the court may seem proper. The commissioner may modify his or her findings of fact or make new findings by reason of the additional evidence so taken, and shall file modified or new findings with the return of the additional evidence.

(d) If the court finds that the method of competition complained of is unfair or that the act or practice complained of is unfair or deceptive, that the proceeding by the commissioner with respect thereto is to the interest

CHAPTER 283

An act to amend Section 44277 of the Education Code, relating to pupil and personnel health.

[Approved by Governor August 31, 2000. Filed with Secretary of State September 1, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 44277 of the Education Code is amended to read:

44277. The Legislature recognizes that effective professional growth must continue to occur throughout the careers of all teachers, in order that teachers remain informed of changes in pedagogy, subject matter, and pupil needs. In enacting this section, it is the intent of the Legislature to establish professional growth requirements that give individual teachers a wide range of options to pursue as well as significant roles in determining the course of their professional growth.

(a) The minimum requirements for maintaining the validity of the clear multiple or single subject teaching credential pursuant to Section 44251 shall be both of the following:

(1) Successful service as a classroom teacher or successful service authorized by a services credential. The minimum length of service shall be equivalent to one-half of a school year.

(2) Completion of an individual program of professional growth as prescribed in this section and by the commission.

(b) An individual program of professional growth shall consist of a minimum of 150 clock hours of participation in activities that are aligned with the California Standards for the Teaching Profession that contribute to competence, performance, or effectiveness in the profession of education and the teacher's classroom assignments. Acceptable activities shall be defined by the commission to include, among other acceptable activities, the completion of courses offered by regionally accredited colleges and universities, including instructor-led interactive courses delivered through online technologies; participation in professional conferences, workshops, teacher center programs, staff development programs, or a California Reading Professional Development Program operated pursuant to Article 2 (commencing with Section 99220) of Chapter 5 of Part 65; service as a mentor teacher pursuant to Section 44496; participation in school curriculum development projects; participation in systematic programs of observation and analysis of teaching; service in a leadership role in a professional organization; and participation in educational research or innovation efforts. Employing agencies and employees' bargaining agents may negotiate to agree on the terms of programs of professional growth within their jurisdictions, provided that the agreements shall be consistent with this section.

(c) An individual program of professional growth shall be developed and planned by the holder of a clear teaching credential.

(d) Effective January 1, 1991, an individual program of professional growth may include a basic course in cardiopulmonary resuscitation, which includes training in the subdiaphragmatic abdominal thrust (also known as the "Heimlich maneuver") and meets or exceeds the standards established by the American Heart Association or the American Red Cross for courses in that subject or minimum standards for training programs established by the Emergency Medical Services Authority. Effective January 1, 2001, an individual program of professional growth may also include a course in first aid that meets or exceeds the standards established by the American Red Cross for courses in that subject or minimum standards for training programs established by the Emergency Medical Services Authority. A teacher's participation in these training options shall count towards the minimum 150 clock hours required to satisfy the professional growth requirements.

(e) Before a holder of a clear teaching credential commences or amends an individual program of professional growth, a school principal, a mentor teacher provided for in Section 44496, or other district designee shall certify to the credential holder that the planned program or amendment complies with this section and with regulations of the commission.

(f) A clear teaching credential shall be deemed to remain valid so long as the holder of the credential, at five-year intervals, submits to the commission verification by a school principal, a mentor teacher, or other district designee that the holder has satisfied the minimum requirements specified in subdivision (a). In the absence of adequate verification, the commission shall invalidate the credential. Verification by a school principal, a mentor teacher, or other district designee shall be independent of any evaluation of the performance of the holder of the clear teaching credential that is conducted for the purpose of determining the credential holder's employment status. The arbitrary refusal of a school principal, a mentor teacher, or other district designee to verify completion of an individual program of professional growth meeting the requirements of this section and commission regulations shall constitute grounds for an appeal as prescribed in Section 44278.

SEC. 1.5. Section 44277 of the Education Code is amended to read:

44277. The Legislature recognizes that effective professional growth must continue to occur throughout the careers of all teachers, in order that teachers remain informed of changes in pedagogy, subject matter, and pupil needs. In enacting this section, it is the intent of the Legislature to establish professional growth requirements that give individual teachers a wide range of options to pursue as well as significant roles in determining the course of their professional growth.

development projects; participation in systematic programs of observation and analysis of teaching; service in a leadership role in a professional organization; participation in educational research or innovation efforts; and participation in tolerance training as described in Section 44670.3. Employing agencies and employees' bargaining agents may negotiate to agree on the terms of programs of professional growth within their jurisdictions, provided that the agreements shall be consistent with this section.

(c) An individual program of professional growth shall be developed and planned by the holder of a clear teaching credential.

(d) Effective January 1, 1991, an individual program of professional growth may include a basic course in cardiopulmonary resuscitation, which includes training in the subdiaphragmatic abdominal thrust (also known as the "Heimlich maneuver") and meets or exceeds the standards established by the American Heart Association or the American Red Cross for courses in that subject or minimum standards for training programs established by the Emergency Medical Services Authority. In the absence of adequate verification, the commission shall invalidate the credential. Verification by a school principal, a mentor teacher, or other district designee shall be independent of any evaluation of the performance of the holder of the clear teaching credential that is conducted for the purpose of determining the credential holder's employment status. The arbitrary refusal of a school principal, a mentor teacher, or other district designee to verify completion of an individual program of professional growth meeting the requirements of this section and commission regulations shall constitute grounds for an appeal as prescribed in Section 44278.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 44277 of the Education Code proposed by both this bill and AB 1945. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 44277 of the Education Code, and (3) this bill is enacted after AB 1945, in which case Section 1 of this bill shall not become operative.

1560. (a) As used in this article:

(1) ''Business'' includes every kind of business described in Section 1270.

(2) ''Record'' includes every kind of record maintained by a business.

(b) Except as provided in Section 1564, when a subpoena duces tecum is served upon the custodian of records or other qualified witness of a business in an action in which the business is neither a party nor the place where any cause of action is alleged to have arisen, and the subpoena requires the production of all or any part of the records of the business, it is sufficient compliance therewith if the custodian or other qualified witness, within five days after the receipt of the subpoena in any criminal action or within the time agreed upon by the party who served the subpoena and the custodian or other qualified witness, or within 15 days after the receipt of the subpoena in any civil action or within the time agreed upon by the party who served the subpoena and the custodian or other qualified witness, delivers by mail or otherwise a true, legible, and durable copy of all the records described in the subpoena to the clerk of the court or to the judge if there be no clerk or to another person described in subdivision (c) of Section 2026 of the Code of Civil Procedure, together with the affidavit described in Section 1561.

(c) The copy of the records shall be separately enclosed in an inner envelope or wrapper, sealed, with the title and number of the action, name of witness, and date of subpoena clearly inscribed thereon; the sealed envelope or wrapper shall then be enclosed in an outer envelope or wrapper, sealed, and directed as follows:

(1) If the subpoena directs attendance in court, to the clerk of the court, or to the judge thereof if there be no clerk.

(d) Unless the parties to the proceeding otherwise agree, or unless the sealed envelope or wrapper is returned to a witness who is to appear personally, the copy of the records shall remain sealed and shall be opened only at the time of trial, deposition, or other hearing, upon the direction of the judge, officer, body, or tribunal conducting the proceeding, in the presence of all parties who have appeared in person or by counsel at the trial, deposition, or hearing. Records which are original documents and which are not introduced in evidence or required as part of the record shall be returned to the person or entity from whom received. Records which are copies may be destroyed.

(c) In all cases in which probation is granted, the court shall, except in unusual cases where the interests of justice would best be served by a lesser penalty, require as a condition of the probation that the person be confined in the county jail for 12 months. If the court grants probation without requiring the defendant to be confined in the county jail for 12 months, it shall specify its reason or reasons for imposing a lesser penalty.

(d) Subdivision (b) shall not be construed to supersede or affect Section 667.61. A person may be charged with a violation of subdivision (b) and Section 667.61. However, a person may not be punished under subdivision (b) and Section 667.61 for the same act that constitutes a violation of both subdivision (b) and Section 667.61.

As used in this section, ''fear'' means the fear of physical injury or death to the person or to any relative of the person or member of the person's family.

(3) The court, upon a showing of good cause, may find that the mandatory imprisonment required by this subdivision shall not be imposed and shall state on the record its reasons for finding good cause.

For any order to pay a fine, make payments to a battered women's shelter, or pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property may not be used to discharge the liability of the offending spouse for restitution to the injured spouse, required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse and dependents, required by this section, until all separate property of the offending spouse is exhausted.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. (7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the

person revoked. For purposes of this subdivision, ''parole authority'' has the same meaning as described in Section 3000.

Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons,

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

Level III reserve officers may transport prisoners without immediate supervision. Those persons shall have completed the training required under Section 832 and any other training prescribed by the commission for those persons.

1170.17. (a) When a person is prosecuted for a criminal offense committed while he or she was under the age of 18 years and the prosecution is lawfully initiated in a court of criminal jurisdiction without a prior finding that the person is not a fit and proper subject to be dealt with under the juvenile court law, upon subsequent conviction for any criminal offense, the person shall be subject to the same sentence as an adult convicted of the identical offense, in accordance with the provisions set forth in subdivision (a) of Section 1170.19, except under the circumstances described in subdivision (b) or (c).

(b) Where the conviction is for the type of offense which, in combination with the person's age at the time the offense was committed, makes the person eligible for transfer to a court of criminal jurisdiction, pursuant to a rebuttable presumption that the person is not a fit and proper subject to be dealt with under the juvenile court law, and

the prosecution for the offense could not lawfully be initiated in a court of criminal jurisdiction, then either of the following shall apply:

The person shall receive a disposition under the juvenile court law only if the person demonstrates, by a preponderance of the evidence, that he or she is a fit and proper subject to be dealt with under the juvenile court law, based upon each of the following five criteria:

(A) The degree of criminal sophistication exhibited by the person.

(B) Whether the person can be rehabilitated prior to the expiration of the juvenile court's jurisdiction.

(C) The person's previous delinquent history.

(D) Success of previous attempts by the juvenile court to rehabilitate the person.

(E) The circumstances and gravity of the offense for which the person has been convicted.

If the court conducting the fitness hearing finds that the person is not a fit and proper subject for juvenile court jurisdiction, then the person shall be sentenced by the court where he or she was convicted, in accordance with the provisions of paragraph (1). If the court conducting the hearing on fitness finds that the person is a fit and proper subject for juvenile court jurisdiction, then the person shall be subject to a disposition in accordance with the provisions of subdivision (b) of Section 1170.19.

(c) Where the conviction is for the type of offense which, in combination with the person's age at the time the offense was committed, makes the person eligible for transfer to a court of criminal jurisdiction, pursuant to a rebuttable presumption that the person is a fit and proper subject to be dealt with under the juvenile court law, then the person shall be sentenced as follows:

(1) The person shall be subject to a disposition under the juvenile court law, in accordance with the provisions of subdivision (b) of Section 1170.19, unless the district attorney prevails upon a motion, as described in paragraph (2).

(2) Upon a motion brought by the district attorney, the court shall order the probation department to prepare a written social study and

recommendation concerning whether the person is a fit and proper subject to be dealt with under the juvenile court law. The court shall either conduct a fitness hearing or suspend proceedings and remand the matter to the juvenile court for a determination of fitness. The person shall be subject to a juvenile disposition under the juvenile court law unless the district attorney demonstrates, by a preponderance of the evidence, that the person is not a fit and proper subject to be dealt with under the juvenile court law, based upon the five criteria set forth in paragraph (2) of subdivision (b). If the person is found to be not a fit and proper subject to be dealt with under the juvenile court law, then the person shall be sentenced in the court where he or she was convicted, in accordance with the provisions set forth in subdivision (a) of Section 1170.19. If the person is found to be a fit and proper subject to be dealt with under the juvenile court law, the person shall be subject to a disposition, in accordance with the provisions of subdivision (b) of Section 1170.19.

(d) Where the conviction is for the type of offense which, in combination with the person's age, does not make the person eligible for transfer to a court of criminal jurisdiction, the person shall be subject to a disposition in accordance with the provisions of subdivision (b) of Section 1170.19.

SEC. 17. Section 1240.1 of the Penal Code is amended to read:

1240.1. (a) In any noncapital criminal, juvenile court, or civil commitment case wherein the defendant would be entitled to the appointment of counsel on appeal if indigent, it shall be the duty of the attorney who represented the person at trial to provide counsel and

advice as to whether arguably meritorious grounds exist for reversal or modification of the judgment on appeal. The attorney shall admonish the defendant that he or she is not able to provide advice concerning his or her own competency, and that the State Public Defender or other counsel should be consulted for advice as to whether an issue regarding the competency of counsel should be raised on appeal. The trial court may require trial counsel to certify that he or she has counseled the defendant as to whether arguably meritorious grounds for appeal exist at the time a notice of appeal is filed. Nothing in this section shall be construed to prevent any person having a right to appeal from doing so.

(b) It shall be the duty of every attorney representing an indigent defendant in any criminal, juvenile court, or civil commitment case to execute and file on his or her client's behalf a timely notice of appeal when the attorney is of the opinion that arguably meritorious grounds exist for a reversal or modification of the judgment or orders to be appealed from, and where, in the attorney's judgment, it is in the defendant's interest to pursue any relief that may be available to him or her on appeal; or when directed to do so by a defendant having a right to appeal.

With the notice of appeal the attorney shall file a brief statement of the points to be raised on appeal and a designation of any document, paper, pleading, or transcript of oral proceedings necessary to properly present those points on appeal when the document, paper, pleading or transcript of oral proceedings would not be included in the normal record on appeal according to the applicable provisions of the California Rules of Court. The executing of the notice of appeal by the defendant's attorney shall not constitute an undertaking to represent the defendant on appeal unless the undertaking is expressly stated in the notice of appeal.

If the defendant was represented by appointed counsel on the trial level, or if it appears that the defendant will request the appointment of counsel on appeal by reason of indigency, the trial attorney shall also assist the defendant in preparing and submitting a motion for the appointment of counsel and any supporting declaration or affidavit as to the defendant's financial condition. These documents shall be filed with the trial court at the time of filing a notice of appeal, and shall be transmitted by the clerk of the trial court to the clerk of the appellate court within three judicial days of their receipt. The appellate court shall act upon that motion without unnecessary delay. An attorney's failure to file a motion for the appointment of counsel with the notice of appeal shall not foreclose the defendant from filing a motion at any time it becomes known to him or her that the attorney has failed to do so, or at any time he or she shall become indigent if he or she was not previously indigent.

(c) The State Public Defender shall, at the request of any attorney representing a prospective indigent appellant or at the request of the

prospective indigent appellant himself or herself, provide counsel and advice to the prospective indigent appellant or attorney as to whether arguably meritorious grounds exist on which the judgment or order to be appealed from would be reversed or modified on appeal.

(d) The failure of a trial attorney to perform any duty prescribed in this section, assign any particular point or error in the notice of appeal, or designate any particular thing for inclusion in the record on appeal shall not foreclose any defendant from filing a notice of appeal on his or her own behalf or from raising any point or argument on appeal; nor shall it foreclose the defendant or his or her counsel on appeal from requesting the augmentation or correction of the record on appeal in the reviewing court.

(e) (1) In order to expedite certification of the entire record on appeal in all capital cases, the defendant's trial counsel, whether retained by the defendant or court-appointed, and the prosecutor shall continue to represent the respective parties. Each counsel's obligations extend to taking all steps necessary to facilitate the preparation and timely certification of the record of both municipal and superior court proceedings.

(2) The duties imposed on trial counsel in paragraph (1) shall not foreclose the defendant's appellate counsel from requesting additions or corrections to the record on appeal in either the trial court or the Supreme Court in a manner provided by rules of court adopted by the Judicial Council.

(j) For the penalties in this section to apply, the existence of any fact required under subdivision (b), (c), or (d) shall be alleged in the information or indictment and either admitted by the defendant in open court or found to be true by the trier of fact. When an enhancement specified in this section has been admitted or found to be true, the court shall impose punishment pursuant to this section rather than imposing punishment authorized under any other provision of law, unless another provision of law provides for a greater penalty or a longer term of imprisonment.

21221.5. Notwithstanding Section 21221, it is unlawful for any person to operate a motorized scooter upon a highway while under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug. Any person arrested for a violation of this section may request to have a chemical test made of the person's blood or breath for the purpose of determining the alcoholic or drug content of that person's blood pursuant to subdivision (d) of Section 23612, and, if so requested, the arresting officer shall have the test performed. A conviction of a violation of this section shall be punished by a fine of not more than two hundred fifty dollars ($250).

SEC. 26. Section 23612 of the Vehicle Code is amended to read:

23612. (a) (1) (A) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood or breath for the purpose of determining the alcoholic content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23140, 23152, or 23153. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23140, 23152, or 23153.

(C) The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153.

(D) The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine, mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, and (i) the suspension of the person's privilege to operate a motor vehicle for a period of one year, (ii) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the refusal occurs within seven years of a separate violation of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code that resulted in a conviction, or if the person's privilege to operate a motor vehicle has been suspended or revoked pursuant to Section 13353, 13353.1, or 13353.2 for an offense that occurred on a separate occasion, or (iii) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the refusal occurs within seven years of two or more separate violations of

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood or breath and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing the chosen test, the person shall submit to the remaining test. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests that are available at the facility to which that person has been transported. In that case, the officer shall advise the person of those tests that are available at the medical facility and that the person's choice is limited to those tests that are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. Any person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) (1) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood or breath for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

(2) If a blood or breath test is not available under subparagraph (A) of paragraph (1) of subdivision (a), or under subparagraph (A) of paragraph (2) of subdivision (a), or under paragraph (1) of this subdivision, the person shall submit to the remaining test in order to determine the percent, by weight, of alcohol in the person's blood. If both the blood and breath tests are unavailable, the person shall be deemed to have given his or her consent to chemical testing of his or her urine and shall submit to a urine test.

(e) If the person, who has been arrested for a violation of Section 23140, 23152, or 23153, refuses or fails to complete a chemical test or tests, or requests that a blood or urine test be taken, the peace officer, acting on behalf of the department, shall serve the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the arrested person. The notice shall be on a form provided by the department.

(f) If the peace officer serves the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle, the peace officer shall take possession of any driver's license issued by this state which is held by the person. The temporary driver's license shall be an

endorsement on the notice of the order of suspension and shall be valid for 30 days from the date of arrest.

(g) (1) The peace officer shall immediately forward a copy of the completed notice of suspension or revocation form and any driver's license taken into possession under subdivision (f), with the report required by Section 13380, to the department. If the person submitted to a blood or urine test, the peace officer shall forward the results immediately to the appropriate forensic laboratory. The forensic laboratory shall forward the results of the chemical tests to the department within 15 calendar days of the date of the arrest.

(2) (A) Notwithstanding any other provision of law, any document containing data prepared and maintained in the governmental forensic laboratory computerized data base system that is electronically transmitted or retrieved through public or private computer networks to or by the department is the best available evidence of the chemical test results in all administrative proceedings conducted by the department. In order to be admissible as evidence in administrative proceedings, a document described in this subparagraph shall bear a certification by the employee of the department who retrieved the document certifying that the information was received or retrieved directly from the computerized data base system of a governmental forensic laboratory and that the document accurately reflects the data received or retrieved.

(B) Notwithstanding any other provision of law, the failure of an employee of the department to certify under subparagraph (A) is not a public offense.

(h) A preliminary alcohol screening test that indicates the presence or concentration of alcohol based on a breath sample in order to establish reasonable cause to believe the person was driving a vehicle in violation of Section 23140, 23152, or 23153 is a field sobriety test and may be used by an officer as a further investigative tool.

(i) If the officer decides to use a preliminary alcohol screening test, the officer shall advise the person that he or she is requesting that person to take a preliminary alcohol screening test to assist the officer in determining if that person is under the influence of alcohol or drugs, or a combination of alcohol and drugs. The person's obligation to submit to a blood, breath, or urine test, as required by this section, for the purpose of determining the alcohol or drug content of that person's blood, is not satisfied by the person submitting to a preliminary alcohol screening test. The officer shall advise the person of that fact and of the person's right to refuse to take the preliminary alcohol screening test.

SEC. 32. Any section of any act enacted by the Legislature during the 2000 calendar year that takes effect on or before January 1, 2001, and that amends, amends and renumbers, adds, repeals and adds, or repeals any one or more of the sections affected by this act shall prevail over this act, whether that act is enacted prior to, or subsequent to, the enactment of this act. The repeal, or repeal and addition, of any article, chapter, part, title, or division of any code by this act shall not become operative if any section of any other act that is enacted by the Legislature during the 2000 calendar year and takes effect on or before January 1, 2001, amends, amends and renumbers, adds, repeals and adds, or repeals any section contained in that article, chapter, part, title, or division.

CHAPTER 288

An act to amend Sections 25000.5, 25350, 25354, 25356, and 25364 of, and to add Section 25141 to, the Public Resources Code, relating to petroleum fuel.

[Approved by Governor August 31, 2000. Filed with Secretary of State September 1, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 25000.5 of the Public Resources Code is amended to read:

25000.5. (a) The Legislature finds and declares that overdependence on the production, marketing, and consumption of petroleum based fuels as an energy resource in the transportation sector is a threat to the energy security of the state due to continuing market and supply uncertainties. In addition, petroleum use as an energy resource contributes substantially to the following public health and environmental problems: air pollution, acid rain, global warming, and the degradation of California's marine environment and fisheries.

(b) Therefore, it is the policy of this state to fully evaluate the economic and environmental costs of petroleum use, and the economic and environmental costs of other transportation fuels, including the costs and values of environmental impacts, and to establish a state transportation energy policy that results in the least environmental and economic cost to the state. In pursuing the ''least environmental and economic cost'' strategy, it is the policy of the state to exploit all practicable and cost-effective conservation and improvements in the efficiency of energy use and distribution, and to achieve energy security, diversity of supply sources, and competitiveness of transportation energy markets based on the least environmental and economic cost.

(c) For the purposes of this section, ''petroleum based fuels'' means fuels derived from liquid unrefined crude oil, including natural gas liquids, liquefied petroleum gas, or the energy fraction of methyl tertiary-butyl ether (MTBE) or other ethers that is not attributed to natural gas.

SEC. 2. Section 25141 is added to the Public Resources Code, to read:

25141. ''Unbranded,'' as applied to fuel, means gasoline and diesel fuel sold for wholesale or retail distribution to consumers without proprietary additives or marketing under a brand name or trademark owned or controlled by an independent refiner or an integrated refining and marketing company.

SEC. 3. Section 25350 of the Public Resources Code is amended to read:

25350. (a) The Legislature finds and declares that the petroleum industry is an essential element of the California economy and is therefore of vital importance to the health and welfare of all Californians.

(b) The Legislature further finds and declares that a complete and thorough understanding of the operations of the petroleum industry is required by state government at all times to enable it to respond to possible shortages, oversupplies, or other disruptions and to assess whether all consumers, including emergency service agencies, state and local government agencies, and agricultural and business consumers of petroleum products have adequate and economic supplies of fuel.

(c) The Legislature further finds and declares that information and data concerning all aspects of the petroleum industry, including, but not limited to, crude oil production, production and supplies of finished branded and unbranded gasoline, supplies of diesel fuel and other distillates, supplies of blendstocks used to make gasoline and other refined products, refining, product output, exports of finished gasoline, diesel fuel, and blendstocks, prices, distribution, demand, and investment choices and decisions are essential for the state to develop and administer energy policies that are in the interest of the state's economy and the public's well-being.

SEC. 4. Section 25354 of the Public Resources Code is amended to read:

25354. (a) Each refiner and major marketer shall submit information each month to the commission in such form and extent as the commission prescribes pursuant to this section. The information shall be submitted within 30 days after the end of each monthly reporting period and shall include the following:

(1) Refiners shall report, for each of their refineries, feedstock inputs, origin of petroleum receipts, imports of finished petroleum products and blendstocks, by type, including the source of those imports, exports of finished petroleum products and blendstocks, by type, including the destination of those exports, refinery outputs, refinery stocks, and finished product supply and distribution, including all gasoline sold unbranded by the refiner, blender, or importer.

(2) Major marketers shall report on petroleum product receipts and the sources of these receipts, inventories of finished petroleum products and blendstocks, by type, distributions through branded and unbranded distribution networks, and exports of finished petroleum products and blendstocks, by type, from the state.

(b) Each major oil producer, refiner, marketer, oil transporter, and oil storer shall annually submit information to the commission in such form and extent as the commission prescribes pursuant to this section. The

information shall be submitted within 30 days after the end of each reporting period, and shall include the following:

(1) Major oil transporters shall report on petroleum by reporting the capacities of each major transportation system, the amount transported by each system, and inventories thereof. The commission may prescribe rules and regulations that exclude pipeline and transportation modes operated entirely on property owned by major oil transporters from the reporting requirements of this section if the data or information is not needed to fulfill the purposes of this chapter. The provision of the information shall not be construed to increase or decrease any authority the Public Utilities Commission may otherwise have.

(2) Major oil storers shall report on storage capacity, inventories, receipts and distributions, and methods of transportation of receipts and distributions.

(3) Major oil producers shall, with respect to thermally enhanced oil recovery operations, report annually by designated oil field, the monthly use, as fuel, of crude oil and natural gas.

(4) Refiners shall report on facility capacity, and utilization and method of transportation of refinery receipts and distributions.

(5) Major oil marketers shall report on facility capacity and methods of transportation of receipts and distributions.

(c) Each person required to report pursuant to subdivision (a) shall submit a projection each month of the information to be submitted pursuant to subdivision (a) for the quarter following the month in which the information is submitted to the commission.

(d) In addition to the data required under subdivision (a), each integrated oil refiner (produces, refines, transports, and markets in interstate commerce) who supplies more than 500 branded retail outlets in California shall submit to the commission an annual industry forecast for Petroleum Administration for Defense, District V (covering Arizona, Nevada, Washington, Oregon, California, Alaska, and Hawaii). The forecast shall include the information to be submitted under subdivision (a), and shall be submitted by March 15 of each year. The commission may require California-specific forecasts. However, those forecasts shall be required only if the commission finds them necessary to carry out its responsibilities.

(e) The commission may by order or regulation modify the reporting period as to any individual item of information setting forth in the order or regulation its reason for so doing.

(f) The commission may request additional information as necessary to perform its responsibilities under this chapter.

(g) Any person required to submit information or data under this chapter, in lieu thereof, may submit a report made to any other governmental agency, if:

(1) The alternate report or reports contain all of the information or data required by specific request under this chapter.

(2) The person clearly identifies the specific request to which the alternate report is responsive.

(h) Each refiner shall submit to the commission, within 30 days after the end of each monthly reporting period, all of the following information in such form and extent as the commission prescribes:

(1) Monthly California weighted average prices and sales volumes of finished leaded regular, unleaded regular, and premium motor gasoline sold through company-operated retail outlets, to other end-users, and to wholesale customers.

(2) Monthly California weighted average prices and sales volumes for residential sales, commercial and institutional sales, industrial sales, sales through company-operated retail outlets, sales to other end-users, and wholesale sales of No. 2 diesel fuel and No. 2 fuel oil.

(3) Monthly California weighted average prices and sales volumes for retail sales and wholesale sales of No. 1 distillate, kerosene, finished aviation gasoline, kerosene-type jet fuel, No. 4 fuel oil, residual fuel oil with 1 percent or less sulfur, residual fuel oil with greater than 1 percent sulfur and consumer grade propane.

SEC. 5. Section 25356 of the Public Resources Code is amended to read:

25356. (a) The commission, utilizing its own staff and other support staff having expertise and experience in, or with, the petroleum industry, shall gather, analyze, and interpret the information submitted to it pursuant to Section 25354 and other information relating to the supply and price of petroleum products, with particular emphasis on motor vehicle fuels, including, but not limited to, all of the following:

(1) The nature, cause, and extent of any petroleum or petroleum products shortage or condition affecting supply.

(2) The economic and environmental impacts of any petroleum and petroleum product shortage or condition affecting supply.

(3) Petroleum or petroleum product demand and supply forecasting methodologies utilized by the petroleum industry in California.

(4) The prices, with particular emphasis on retail motor fuel prices, including sales to unbranded retail markets, and any significant changes in prices charged by the petroleum industry for petroleum or petroleum products sold in California and the reasons for those changes.

(5) The profits, both before and after taxes, of the industry as a whole and of major firms within it, including a comparison with other major industry groups and major firms within them as to profits, return on equity and capital, and price-earnings ratio.

(6) The emerging trends relating to supply, demand, and conservation of petroleum and petroleum products.

(7) The nature and extent of efforts of the petroleum industry to expand refinery capacity and to make acquisitions of additional supplies of petroleum and petroleum products, including activities relative to the exploration, development, and extraction of resources within the state.

(8) The development of a petroleum and petroleum products information system in a manner that will enable the state to take action to meet and mitigate any petroleum or petroleum products shortage or condition affecting supply.

(b) The commission shall analyze the impacts of state and federal policies and regulations upon the supply and pricing of petroleum products.

SEC. 6. Section 25364 of the Public Resources Code is amended to read:

25364. (a) Any person required to present information to the commission pursuant to Section 25354 may request that specific information be held in confidence.

(b) Information presented to the commission pursuant to Section 25354 shall be held in confidence by the commission or aggregated to the extent necessary to assure confidentiality if public disclosure of the specific information or data would result in unfair competitive disadvantage to the person supplying the information.

(c) (1) Whenever the commission receives a request to publicly disclose unaggregated information, or otherwise proposes to publicly disclose information submitted pursuant to Section 25354, notice of the request or proposal shall be provided to the person submitting the information. The notice shall indicate the form in which the information is to be released. Upon receipt of notice, the person submitting the information shall have 10 working days in which to respond to the notice to justify the claim of confidentiality on each specific item of information covered by the notice on the basis that public disclosure of the specific information would result in unfair competitive disadvantage to the person supplying the information.

(2) The commission shall consider the respondent's submittal in determining whether to publicly disclose the information submitted to it to which a claim of confidentiality is made. The commission shall issue a written decision which sets forth its reasons for making the determination whether each item of information for which a claim of confidentiality is made shall remain confidential or shall be publicly disclosed.

(d) The commission shall not make public disclosure of information submitted to it pursuant to Section 25354 within 10 working days after the commission has issued its written decision required in this section.

(e) No information submitted to the commission pursuant to Section 25354 shall be deemed confidential if the person submitting the information or data has made it public.

(f) With respect to petroleum products and blendstocks reported by type pursuant to paragraph (1) or (2) of subdivision (a) of Section 25354 and information provided pursuant to subdivision (h) of Section 25354, neither the commission nor any employee of the commission may do any of the following:

(1) Use the information furnished under paragraph (1) or (2) of subdivision (a) of Section 25354 or under subdivision (h) of Section 25354 for any purpose other than the statistical purposes for which it is supplied.

(2) Make any publication whereby the information furnished by any particular establishment or individual under paragraph (1) or (2) of subdivision (a) of Section 25354 or under subdivision (h) of Section 25354 can be identified.

(3) Permit anyone other than commission members and employees of the commission to examine the individual reports provided under paragraph (1) or (2) of subdivision (a) of Section 25354 or under subdivision (h) of Section 25354.

(g) Notwithstanding any other provision of law, the commission may disclose confidential information received pursuant to subdivision (a) of Section 25310.4 or Section 25354 to the State Air Resources Board if the state board agrees to keep the information confidential. With respect to the information it receives, the state board shall be subject to all pertinent provisions of this section.

CHAPTER 289

An act to amend Section 148.6 of the Penal Code, relating to law enforcement.

[Approved by Governor August 31, 2000. Filed with Secretary of State September 1, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 148.6 of the Penal Code is amended to read:

148.6. (a) (1) Every person who files any allegation of misconduct against any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, knowing the allegation to be false, is guilty of a misdemeanor.

(2) Any law enforcement agency accepting an allegation of misconduct against a peace officer shall require the complainant to read and sign the following advisory, all in boldface type:

YOU HAVE THE RIGHT TO MAKE A COMPLAINT AGAINST A POLICE OFFICER FOR ANY IMPROPER POLICE CONDUCT. CALIFORNIA LAW REQUIRES THIS AGENCY TO HAVE A PROCEDURE TO INVESTIGATE CITIZENS' COMPLAINTS. YOU HAVE A RIGHT TO A WRITTEN DESCRIPTION OF THIS PROCEDURE. THIS AGENCY MAY FIND AFTER INVESTIGATION THAT THERE IS NOT ENOUGH EVIDENCE TO WARRANT ACTION ON YOUR COMPLAINT; EVEN IF THAT IS THE CASE, YOU HAVE THE RIGHT TO MAKE THE COMPLAINT AND HAVE IT INVESTIGATED IF YOU BELIEVE AN OFFICER BEHAVED IMPROPERLY. CITIZEN COMPLAINTS AND ANY REPORTS OR FINDINGS RELATING TO COMPLAINTS MUST BE RETAINED BY THIS AGENCY FOR AT LEAST FIVE YEARS.

IT IS AGAINST THE LAW TO MAKE A COMPLAINT THAT YOU KNOW TO BE FALSE. IF YOU MAKE A COMPLAINT AGAINST AN OFFICER KNOWING THAT IT IS FALSE, YOU CAN BE PROSECUTED ON A MISDEMEANOR CHARGE.

I have read and understood the above statement.

_____

Complainant

(3) The advisory shall be available in multiple languages.

(b) Every person who files a civil claim against a peace officer or a lien against his or her property, knowing the claim or lien to be false and with the intent to harass or dissuade the officer from carrying out his or her official duties, is guilty of a misdemeanor. This section applies only to claims pertaining to actions that arise in the course and scope of the peace officer's duties.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one

million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 291

An act to amend Section 12956.1 of the Government Code, relating to public records, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 1, 2000. Filed with Secretary of State September 5, 2000.]

''If this document contains any restriction based on race, color, religion, sex, familial status, marital status, disability, national origin, or ancestry, that restriction violates state and federal fair housing laws and is void, and may be removed pursuant to Section 12956.1 of the Government Code. Lawful restrictions under state and federal law on the age of occupants in senior housing or housing for older persons shall not be construed as restrictions based on familial status.''

(2) The requirements set forth in paragraph (1) shall not apply to documents being submitted for recordation to a county recorder.

(c) (1) Any person who holds an ownership interest of record in property that he or she believes is the subject of a restrictive covenant referred to in subdivision (b), may file an application with the Department of Fair Employment and Housing requesting a determination of whether the restrictive covenant violates the fair housing laws and is void. Any application pursuant to this subdivision shall be in writing, contain a copy of the document, and identify the location within the document where the restrictive covenant is located.

(2) If the department determines that the document contains a restrictive covenant that violates the law, it shall provide the applicant with a written statement entitled ''RESTRICTIVE COVENANT MODIFICATION'' that sets forth this determination, including the page and line numbers of any void restrictive covenant, which statement may be recorded with the document pursuant to paragraph (3). The department shall process all applications within 90 days. The department shall include the following language at the end of the written statement which the applicant may complete and sign for purposes of recording pursuant to paragraph (3):

I (We) _____ have an ownership interest of record in the property located at _____ (Address) that is the subject of this document. Pursuant to Section 12956.1 of the Government Code, this document is being recorded solely for the purpose of eliminating that restrictive covenant as shown on page(s) __ of the document recorded on __ (Date) in book __ and page __, or instrument number __ of the official records of the County of _____. (3) The applicant may strike out a void restrictive covenant identified by the department, complete and attach a copy of the written statement from the department to the front of the document, and cause the modified document to be recorded, if provided that all other requirements of recordation are met, including the payment of any recordation fee.

(d) Subdivision (c) of this section shall not apply to persons holding an ownership interest in property that is part of a common interest development as defined in subdivision (c) of Section 1351 of the Civil Code, and where the board of directors of that common interest development is subject to the requirements of subdivision (b) of Section 1352.5 of the Civil Code.

(e) The provisions of this section shall have no bearing or effect upon Section 12955.9.

(f) Any person who records a document for the express purpose of adding a racially restrictive covenant is guilty of a misdemeanor. The county recorder shall not incur any liability for recording the document. Notwithstanding any other provision of law, a prosecution for a violation of this subdivision shall commence within three years after the discovery of the recording of the document.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure a uniform recording procedure so that all counties will respond in the same manner to requests to modify restrictive covenants and housing deeds, it is necessary that this act take effect immediately.

CHAPTER 292

An act to amend Section 10126 of, to add Section 10780.5 to, and to add Article 1.3 (commencing with Section 20103.8) to Chapter 1 of Part 3 of Division 2 of, the Public Contract Code, relating to public contracts.

[Approved by Governor September 1, 2000. Filed with Secretary of State September 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Because the dollar amount of the lowest bid is not known until the bids are received and opened on bid day, and because the amount of money available for public works projects is limited, public entities need the budgetary flexibility afforded by allowing them to list items on which bidders must provide bid prices, but which may or may not be added to, or deleted from, the contract, depending upon the availability of funds.

(b) Selective use of additive and deductive bid items to determine the lowest responsible bidder can violate the public policies described in subdivisions (c) and (d) of Section 100 of the Public Contract Code.

(c) The public policies described in subdivisions (c) and (d) of Section 100 of the Public Contract Code can be satisfied by a process in which additive and deductive bid items are selectively used to determine the lowest monetary bidder after the bids are received, if no information that would identify any of the bidders is revealed to the public entity before the lowest monetary bidder is determined.

SEC. 2. Section 10126 of the Public Contract Code is amended to read:

10126. Notwithstanding the provisions of Section 10125, the estimate of cost may be approved by the director, which includes alternates contemplating additions to, or deletions from, the base bid, provided that all of the following requirements are met:

(a) Estimates are made for each contingency and, in the aggregate, such alternates do not exceed 10 percent of the estimated cost for the project.

(b) The available funds are at least sufficient to cover the filed estimate for the base project.

(c) Whenever additive or deductive items are included in a bid, the bid solicitation shall specify which one of the following methods will be used to determine the lowest bid. In the absence of such a specification, only the method provided by paragraph (1) will be used:

(1) The lowest bid shall be the lowest bid price on the base contract without consideration of the prices on the additive or deductive items.

(2) The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that were specifically identified in the bid solicitation as being used for the purpose of determining the lowest bid price.

(3) The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items taken in order from a specifically identified list of those items, depending upon available funds as identified in the solicitation.

(4) The lowest bid shall be determined in a manner that prevents any information that would identify any of the bidders from being revealed to the public entity before the ranking of all bidders from lowest to highest has been determined.

(d) The contract is awarded to the lowest bidder, as determined by the method prescribed in subdivision (c).

(e) A responsible bidder who submitted the lowest bid as determined by this section shall be awarded the contract, if it is awarded. This section does not preclude the public entity from adding to or deducting from the contract any of the additive or deductive items after the lowest responsible bidder has been determined.

SEC. 3. Section 10780.5 is added to the Public Contract Code, to read:

10780.5. The trustees may require a bid for a public works contract to include prices for items that may be added to, or deducted from, the scope of work in the contract for which the bid is being submitted. Whenever additive or deductive items are included in a bid, the bid solicitation shall specify which one of the following methods will be used to determine the lowest bid. In the absence of such a specification, only the method provided by subdivision (a) will be used:

(a) The lowest bid shall be the lowest bid price on the base contract without consideration of the prices on the additive or deductive items.

(b) The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that were specifically identified in the bid solicitation as being used for the purpose of determining the lowest bid price.

(c) The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items taken in order from a

specifically identified list of those items, depending upon available funds as identified in the solicitation.

(d) The lowest bid shall be determined in a manner that prevents any information that would identify any of the bidders from being revealed to the public entity before the ranking of all bidders from lowest to highest has been determined.

A responsible bidder who submitted the lowest bid as determined by this section shall be awarded the contract, if it is awarded. This section does not preclude the trustees from adding to or deducting from the contract any of the additive or deductive items after the lowest responsible bidder has been determined.

SEC. 4. Article 1.3 (commencing with Section 20103.8) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

Article 1.3. Award of Contracts

20103.8. A local agency may require a bid for a public works contract to include prices for items that may be added to, or deducted from, the scope of work in the contract for which the bid is being submitted. Whenever additive or deductive items are included in a bid, the bid solicitation shall specify which one of the following methods will be used to determine the lowest bid. In the absence of such a specification, only the method provided by subdivision (a) will be used:

(a) The lowest bid shall be the lowest bid price on the base contract without consideration of the prices on the additive or deductive items.

(b) The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that were specifically identified in the bid solicitation as being used for the purpose of determining the lowest bid price.

(c) The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items taken in order from a specifically identified list of those items, depending upon available funds as identified in the solicitation.

(d) The lowest bid shall be determined in a manner that prevents any information that would identify any of the bidders from being revealed to the public entity before the ranking of all bidders from lowest to highest has been determined.

A responsible bidder who submitted the lowest bid as determined by this section shall be awarded the contract, if it is awarded. This section does not preclude the local agency from adding to or deducting from the contract any of the additive or deductive items after the lowest responsible bidder has been determined.

The people of the State of California do enact as follows:

SECTION 1. It is the intention of the Legislature that pharmacies in this state have the ability to adopt new technologies involving the electronic transmission of prescriptions to reduce the occurrence of dispensing errors and to improve service to Californians. Errors in the dispensing of controlled substances pose the greatest potential of harm to patients. It is the intention of the Legislature that the California State Board of Pharmacy and the Department of Justice allow pharmacies to utilize new technologies to electronically transmit data prescriptions for controlled substances that may reduce the risk of prescription errors as soon as possible after federal law permits this practice, provided that the board and the Attorney General find there is no substantial risk of the diversion of controlled substances by the use of electronic data transmission prescriptions for these substances.

SEC. 2. Section 4070 of the Business and Professions Code is amended to read:

4070. (a) Except as provided in Section 4019 and subdivision (b), an oral or an electronic data transmission prescription as defined in subdivision (c) of Section 4040 shall as soon as practicable be reduced to writing by the pharmacist and shall be filled by, or under the direction of, the pharmacist. The pharmacist need not reduce to writing the address, telephone number, license classification, federal registry number of the prescriber or the address of the patient or patients if the information is readily retrievable in the pharmacy.

(b) A pharmacy receiving an electronic transmission prescription shall not be required to reduce that prescription to writing or to hard copy form if, for three years from the last date of furnishing pursuant to that prescription or order, the pharmacy is able, upon request by the board, to immediately produce a hard copy report that includes for each date of dispensing of a dangerous drug or dangerous device pursuant to that prescription or order: (1) all of the information described in subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (a) of Section 4040, and (2) the name or identifier of the pharmacist who dispensed the dangerous drug or dangerous device. This subdivision shall not apply to prescriptions for controlled substances classified in

Schedule II, III, IV, or V, except as permitted pursuant to Section 11164.5 of the Health and Safety Code.

(c) If only recorded and stored electronically, on magnetic media, or in any other computerized form, the pharmacy's computer system shall not permit the received information or the dangerous drug or dangerous device dispensing information required by this section to be changed, obliterated, destroyed, or disposed of, for the record maintenance period required by law once the information has been received by the pharmacy and once the dangerous drug or dangerous device has been dispensed. Once a dangerous drug or dangerous device has been dispensed, if the previously created record is determined to be incorrect, a correcting addition may be made only by or with the approval of a pharmacist. After a pharmacist enters the change or enters his or her approval of the change into the computer, the resulting record shall include the correcting addition and the date it was made to the record, the identity of the person or pharmacist making the correction, and the identity of the pharmacist approving the correction.

(d) Nothing in this section shall impair the requirement to have an electronically transmitted prescription transmitted only to the pharmacy of the patient's choice or to have a written prescription. This requirement shall not apply to orders for medications to be administered in an acute care hospital.

SEC. 3. Section 4071.1 is added to the Business and Professions Code, to read:

4071.1. (a) A prescriber, a prescriber's authorized agent, or a pharmacist may electronically enter a prescription or an order, as defined in Section 4019, into a pharmacy's or hospital's computer from any location outside of the pharmacy or hospital with the permission of the pharmacy or hospital. For purposes of this section, a ''prescriber's authorized agent'' is a person licensed or registered under Division 2 (commencing with Section 500). This subdivision shall not apply to prescriptions for controlled substances classified in Schedule II, III, IV, or V, except as permitted pursuant to Section 11164.5 of the Health and Safety Code.

(b) Nothing in this section shall reduce the existing authority of other hospital personnel to enter medication orders or prescription orders into a hospital's computer.

(c) No dangerous drug or dangerous device shall be dispensed pursuant to a prescription that has been electronically entered into a pharmacy's computer without the prior approval of a pharmacist.

SEC. 4. Section 11164.5 is added to the Health and Safety Code, to read:

11164.5. (a) Notwithstanding Section 11164, with the approval of the California State Board of Pharmacy and the Department of Justice,

a pharmacy or hospital may receive electronic data transmission prescriptions or computer entry prescriptions or orders as specified in Section 4071.1 of the Business and Professions Code, for controlled substances in Schedule II, III, IV, or V if authorized by federal law and in accordance with regulations promulgated by the Drug Enforcement Administration. The California State Board of Pharmacy shall maintain a list of all requests and approvals granted pursuant to this subdivision.

(b) Notwithstanding Section 11164, if approved pursuant to subdivision (a), a pharmacy or hospital receiving an electronic transmission prescription or a computer entry prescription or order for a controlled substance classified in Schedule II, III, IV, or V shall not be required to reduce that prescription or order to writing or to hard copy form, if for three years from the last day of dispensing that prescription, the pharmacy or hospital is able, upon request of the board or the Department of Justice, to immediately produce a hard copy report that includes for each date of dispensing of a controlled substance in Schedules II, III, IV, and V pursuant to the prescription all of the information described in subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (a) of Section 4040 of the Business and Professions Code and the name or identifier of the pharmacist who dispensed the controlled substance.

(c) Notwithstanding Section 11164, if only recorded and stored electronically, on magnetic media, or in any other computerized form, the pharmacy's or hospital's computer system shall not permit the received information or the controlled substance dispensing information required by this section to be changed, obliterated, destroyed, or disposed of, for the record maintenance period required by law, once the information has been received by the pharmacy or the hospital and once the controlled substance has been dispensed, respectively. Once the controlled substance has been dispensed, if the previously created record is determined to be incorrect, a correcting addition may be made only by or with the approval of a pharmacist. After a pharmacist enters the change or enters his or her approval of the change into the computer, the resulting record shall include the correcting addition and the date it was made to the record, the identity of the person or pharmacist making the correction, and the identity of the pharmacist approving the correction.

(d) Nothing in this section shall be construed to exempt any pharmacy or hospital dispensing Schedule II controlled substances pursuant to electronic transmission prescriptions from existing reporting requirements.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates

a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

25505. (a) (1) Except as provided in subdivision (e), each handler shall submit its business plan to the administering agency in accordance with the requirements of this article and certify that the business plan meets the requirements of this article.

(2) If, after review, the administering agency determines that the handler's business plan is deficient in any way, the administrative agency shall notify the handler of those deficiencies. The handler shall submit a corrected business plan within 30 days from the date of the notice.

(3) If a handler fails, after reasonable notice, to submit a business plan in compliance with this article, the administering agency shall immediately take appropriate action to enforce this article, including the imposition of civil and criminal penalties as specified in this article.

(b) In addition to the requirements of Section 25510, whenever a substantial change in the handler's operations occurs that requires a modification of its business plan, the handler shall submit a copy of the business plan revisions to the administering agency within 30 days from the date of the operational change.

(c) Each handler shall, in any case, review the business plan, submitted pursuant to subdivision (a) or (b) at least once every three years thereafter after the initial submission of the business plan, to determine if a revision is needed and shall certify to the administering agency that the review was made and that any necessary changes were made to the plan. A copy of those changes shall be submitted to the administering agency as a part of that certification.

(d) Unless exempted from the business plan requirements under this chapter, each handler shall annually report its hazardous materials inventory on the form required by subdivision (a) of Section 25503.3 or in the alternative form designated by the administering agency pursuant to subdivision (b) of Section 25503.3, or submit a certification statement to the administering agency of the county or city in which the handler is located.

(2) If an administering agency requires a handler to submit only the inventory, the list of emergency contacts, the site plan, and the certification pursuant to paragraph (1), the administering agency shall review the remaining components of the business plan during its periodic inspections of the handler, and the handler shall annually submit a form, provided by the administering agency, that certifies that the handler has included, and maintains as current, in the business plan, all other information required pursuant to Section 25504. Whenever there is a substantial change in a handler's operations that requires modification of its business plan, the handler shall submit a copy of those changes in accordance with subdivision (b).

(3) If an administering agency requires a handler to submit only the inventory, the list of emergency contacts, the site plan, and the certification pursuant to paragraph (1), the administering agency shall obtain from the handler the other components of the business plan that are not filed with the administering agency upon receipt of a request for public inspection of the business plan. However, if the secretary finds that the amounts so returnable are so small as to make impractical the computation and remitting of the pro rata refund to these persons, any moneys remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into the State Treasury as unclaimed trust moneys.

CHAPTER 300

An act to amend Sections 18987, 18987.15, 18987.16, 18987.17, 18987.2, 18987.3, 18987.36, 18987.4 and 18987.5 of the Welfare and Institutions Code, relating to children.

[Approved by Governor September 1, 2000. Filed with Secretary of State September 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The Youth Pilot Program, implemented under the authority of Chapter 951 of the Statutes of 1993, has shown promise as a method of increasing state support for local integration of services to high-risk, multineed children and families.

(b) A number of factors, including a lack of flexibility in federal programs and funding, delays in state approvals for local strategies, and the impact of welfare reform and reorganization efforts at the county

level have precluded adequate evaluation of the outcomes of the program within the five-year timeframe called for in the initial legislation.

(c) Several changes have occurred that would allow this evaluation to take place if the program were to be extended beyond the initial five years.

(d) A newly implemented federal initiative, Better Opportunities and Outcomes Starting Today (known as BOOST FOR KIDS), creates the opportunity to add a federal technical assistance component to this pilot program by providing a federal team to work with state and local partners for better results for children and families.

(e) State processes are in place to provide technical assistance and flexibility to counties in removing barriers to the implementation of their strategic plans.

(f) The impacts of welfare reform and county reorganizations have diminished allowing counties to focus on full implementation and evaluation of their strategic plans.

(g) Strategic plan revisions resulting from early barriers are in place in most counties and counties have revised performance indicators and outcome measures to better reflect and achieve each county's goals, objectives, and outcomes.

(h) An extension of the pilot program would provide the time necessary to fully test and evaluate the innovative strategies that have been implemented, and that are scheduled to be implemented in the last year of the initial pilot program.

SEC. 2. Section 18987 of the Welfare and Institutions Code is amended to read:

18987. (a) Notwithstanding any other provision of law related to the funding and delivery of state programs and services specified in this section, designated counties, if they comply with the provisions of this chapter, shall be authorized to transfer, to the extent possible, into a county child and family services fund, for the duration of the pilot program established by this chapter, some or all funds for the following services for children and families:

(1) Adoption services.
(2) Child abuse prevention services.
(3) Child welfare services.
(4) Delinquency prevention services.
(5) Drug and alcohol services.
(6) Eligibility determination.
(7) Employment and training services.
(8) Foster care services.
(9) Health services.
(10) Juvenile facilities.
(11) Mental health services.

(12) Probation services.

(13) Housing.

(14) Youth development services.

(15) All other appropriately identified and targeted services for children and families.

(b) Local education agencies, cities, or private, nonprofit agencies may also allocate funds to the county child and family services fund for recreation, juvenile justice, or other services provided to children and families.

(c) The county child and family services fund shall be used to fund comprehensive, integrated services for high-risk, children and families with multiple needs in alternative and innovative ways, as detailed in county strategic plans. The fund may be used to provide services in a designated geographical area within the county or to a targeted population.

SEC. 3. Section 18987.15 of the Welfare and Institutions Code is amended to read:

18987.15. The California Health and Human Services Agency shall be responsible for all of the following:

SEC. 4. Section 18987.16 of the Welfare and Institutions Code is amended to read:

18987.16. (a) The Legislature finds that an evaluation is both desirable and necessary to assess the effectiveness of the pilot program provided for in this chapter.

(b) Therefore, the California Health and Human Services Agency shall cause an evaluation of the pilot program to be conducted by an independent organization. This evaluation shall consist of a baseline and a final report. The independent evaluator shall review the updated strategic plans submitted by the counties pursuant to subdivision (f) of Section 18987.2 and, on or before June 30, 2001, shall compile a baseline report summarizing the performance outcomes and indicators

chosen by each of the six participating counties. This report shall also list the performance outcomes against which state performance in the pilot program shall be evaluated. A final evaluation of the pilot program shall be submitted to the Governor and the Legislature on June 30, 2003. This evaluation shall include an analysis of county performance outcomes as compared to baseline performance, an analysis of state performance outcomes in implementing the pilot program, and a discussion of whether these state actions were associated with improved outcomes at the local level as reported in the county evaluations submitted pursuant to subdivision (c) of Section 18987.36. The California Health and Human Services Agency shall seek the advice and input of the Legislature on the framework of the evaluation.

SEC. 5. Section 18987.17 of the Welfare and Institutions Code is amended to read:

(2) The council's proposed alternative is consistent with this chapter and the intent of the statutory requirements governing the programs proposed for integration in the county's strategic plan.

(3) Approval of the request is essential to achieve one or more objectives of the strategic plan.

(4) The objective of the strategic plan cannot be achieved solely through waiver of regulation.

(b) A request subject to this section may not be approved for a period that exceeds the length of the pilot program authorized under this chapter, but may be approved for a shorter period as determined by the approving secretary.

(c) Prior to approving any request by a county under this section, the approving secretary shall provide written notification to the chairperson of the appropriate policy committee in each house of the Legislature. Final approval shall not occur until 30 days after this written notification is provided.

SEC. 6. Section 18987.2 of the Welfare and Institutions Code is amended to read:

18987.2. (a) (1) In order to participate in the pilot program authorized by this chapter, a county board of supervisors shall establish a child and family interagency coordinating council.

(2) A council established pursuant to this subdivision shall plan, implement, monitor, and evaluate the pilot program.

(b) A county board of supervisors may designate an existing interagency coordination council to perform the functions specified in paragraph (2) of subdivision (a) if the existing interagency coordination council meets the representation requirements of Section 18987.25.

(f) Counties desiring to participate in the extended pilot program shall submit to the California Health and Human Services Agency updated strategic plans, including, but not limited to, updated performance outcomes and indicators, not later than March 31, 2001.

[Approved by Governor September 1, 2000. Filed with Secretary of State September 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 2508 of the Business and Professions Code is repealed.

SEC. 2. Section 2508 is added to the Business and Professions Code, to read:

2508. (a) A licensed midwife shall disclose in oral and written form to a prospective client all of the following:

(1) All of the provisions of Section 2507.

(2) If the licensed midwife does not have liability coverage for the practice of midwifery, he or she shall disclose that fact.

(3) The specific arrangements for the transfer of care during the prenatal period, hospital transfer during the intrapartum and postpartum periods, and access to appropriate emergency medical services for mother and baby if necessary.

(4) The procedure for reporting complaints to the Medical Board of California.

(b) The disclosure shall be signed by both the licensed midwife and the client and a copy of the disclosure shall be placed in the client's medical record.

(c) The Medical Board of California may prescribe the form for the written disclosure statement required to be used by a licensed midwife under this section.

SEC. 3. Section 102415 of the Health and Safety Code is amended to read:

102415. For live births that occur outside of a hospital or outside of a state-licensed alternative birth center, as defined in paragraph (4) of subdivision (b) of Section 1204, the physician in attendance at the birth or, in the absence of a physician, the professionally licensed midwife in attendance at the birth or, in the absence of a physician or midwife, either one of the parents shall be responsible for entering the information on the certificate, securing the required signatures, and for registering the certificate with the local registrar.

SEC. 4. The Legislature finds and declares that:

(a) Childbirth is a normal process of the human body and not a disease.

(b) Every woman has a right to choose her birth setting from the full range of safe options available in her community.

(c) The midwifery model of care emphasizes a commitment to informed choice, continuity of individualized care, and sensitivity to the emotional and spiritual aspects of childbearing, and includes monitoring the physical, psychological, and social well-being of the mother throughout the childbearing cycle; providing the mother with individualized education, counseling, prenatal care, continuous hands-on assistance during labor and delivery, and postpartum support; minimizing technological interventions; and identifying and referring women who require obstetrical attention.

(d) Numerous studies have associated professional midwifery care with safety, good outcomes, and cost-effectiveness in the United States and in other countries. California studies suggest that low-risk women who choose a natural childbirth approach in an out-of-hospital setting will experience as low a perinatal mortality as low-risk women who choose a hospital birth under management of an obstetrician, including unfavorable results for transfer from the home to the hospital.

(e) The midwifery model of care is an important option within comprehensive health care for women and their families and should be a choice made available to all women who are appropriate for and interested in home birth.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 3. The heading of Chapter 3.2 (commencing with Section 50517.5) of Part 2 of Division 31 of the Health and Safety Code is amended to read:

CHAPTER 3.2. THE JOE SERNA, JR. FARMWORKER HOUSING GRANT PROGRAM

SEC. 4. Section 50517.5 of the Health and Safety Code is amended to read:

50517.5. (a) (1) The department shall establish the Joe Serna, Jr. Farmworker Housing Grant Program under which, subject to the availability of funds therefor, grants shall be made to local public entities and nonprofit corporations for the construction or rehabilitation of housing for agricultural employees and their families. Under this program, grants may also be made for the purchase of land in connection with housing assisted pursuant to this section and for the construction and rehabilitation of related support facilities necessary to the housing. In its administration of this program, the department shall disburse grant funds to the local public entities and nonprofit corporations or may, at the request of the local public entity or nonprofit corporation that sponsors and supervises the rehabilitation program, disburse grant funds to agricultural employees who are participants in a rehabilitation program sponsored and supervised by the local public entity or nonprofit corporation. No part of a grant made pursuant to this section may be used for project organization or planning.

(2) The program shall be administered by the Director of Housing and Community Development and officers and employees of the department as he or she may designate.

(3) It is the intent of the Legislature that, in administering the program, the director shall facilitate, to the greatest extent possible, the construction and rehabilitation of permanent dwellings for year-round occupancy and ownership by agricultural employees, including ownership of the sites upon which the dwellings are located.

(b) (1) The Joe Serna, Jr. Farmworker Housing Grant Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated to the department for making grants pursuant to this section and for costs incurred by the department in administering the grant program.

(2) There shall be paid into the fund the following:

(A) Any moneys appropriated and made available by the Legislature for purposes of the fund.

(B) Any moneys that the department receives in repayment or return of grants from the fund, including any interest therefrom.

(C) Any other moneys that may be made available to the department for the purposes of this chapter from any other source or sources.

(c) Grants made pursuant to this section shall be matched by grantees with at least equal amounts of federal moneys, other cash investments, or in-kind contributions.

(d) With respect to the supervision of grantees, the department shall do the following:

(1) Establish minimum capital reserves to be maintained by grantees.

(2) Fix and alter from time to time a schedule of rents that may be necessary to provide residents of housing assisted pursuant to this section with affordable rents to the extent consistent with the maintenance of the financial integrity of the housing project. No grantee shall increase the rent on any unit constructed or rehabilitated with the assistance of funds granted pursuant to this section without the prior permission of the department, which shall be given only if the grantee affirmatively demonstrates that the increase is required to defray necessary operating costs or avoid jeopardizing the fiscal integrity of the housing project.

(3) Determine standards for, and control selection by grantees of, tenants and subsequent purchasers of housing constructed or rehabilitated with the assistance of funds granted pursuant to this section.

(4) (A) Require as a condition precedent to a grant of funds that the grantee be record owner in fee of the assisted real property and that the grantee shall have entered into a written agreement with the department binding upon the grantee and successors in interest to the grantee. The agreement shall include the conditions under which the funds advanced may be repaid. The agreement shall include provisions for a lien on the assisted real property in favor of the State of California for the purpose of securing performance of the agreement. The agreement shall also provide that the lien shall endure until released by the Director of Housing and Community Development.

(B) In the event that funds granted pursuant to this section constitute less than 25 percent of the total development cost or value, whichever is applicable, of a project assisted under this section, the department may adopt, by regulation, criteria for determining the number of units in a project to which the restrictions on occupancy contained in the agreement apply. In no event may these regulations provide for the application of the agreement to a percentage of units in a project that is less than the percentage of total development costs that funds granted pursuant to this section represent.

(C) Contemporaneously with the disbursement of the initial funds to a grantee, the department shall cause to be recorded, in the office of the county recorder of the county in which the assisted real property is located, a notice of lien executed by the Director of Housing and Community Development. The notice of lien shall refer to the agreement required by this paragraph for which it secures and it shall include a legal description of the assisted real property that is subject to the lien. The notice of lien shall be indexed by the recorder in the Grantor Index to the

name of the grantee and in the Grantee Index to the name of the State of California, Department of Housing and Community Development. The department shall adopt by regulation criteria for the determination of the lien period. This regulation shall take into account whether the property is held by multifamily rental, single-family ownership, or cooperative ownership and whether it is new construction or rehabilitative construction.

(D) Pursuant to regulations adopted by the department, the department may execute and cause to be recorded in the office of the recorder of the county in which a notice of lien has been recorded, a subordination of the lien. The regulations adopted by the department shall provide that any subordination of the lien shall not jeopardize the security interest of the state and shall further the interest of farmworker housing. The recitals contained in the subordination shall be conclusive in favor of any bona fide purchaser or lender relying thereon.

(5) Regulate the terms of occupancy agreements or resale controls, to be used in housing assisted pursuant to this section.

(6) Provide bilingual services and publications, or require grantees to do so, as necessary to implement the purposes of this section.

(7) The agreement between the department and the grantee shall provide, among other things, that both of the following occur:

(A) Upon the sale or conveyance of the real property, or any part thereof, for use other than for agricultural employee occupancy, the grantee or its successors shall, as a condition for the release of the lien provided pursuant to paragraph (4), repay to the fund the department's grant funds.

(B) Upon the sale or conveyance of the real property or any part thereof for continued agricultural employee occupancy, the transferee shall assume the obligation of the transferor and the real property shall be transferred to the new owner; provided that the transferee agrees to abide by the agreement entered into between the transferor and the department and that the new owner takes the property subject to the lien provided pursuant to paragraph (4), except that this lien shall, at the time of the transfer of the property to the new owner, be extended for an additional lien period determined by the department pursuant to paragraph (4), and the new owner shall not be credited with the lien period that had run from the time the transferor had acquired the property to the time of transfer to the new owner, unless the department determines that it is in the best interest of the state and consistent with the intent of this section to so credit the lien period to the new owner. However, the lien shall have priority as of the recording date of the lien for the original grantee, pursuant to paragraph (4).

(e) The department may do any of the following with respect to grantees:

(1) Through its agents or employees enter upon and inspect the lands, buildings, and equipment of a grantee, including books and records, at any time before, during, or after construction or rehabilitation of units assisted pursuant to this section. However, there shall be no entry or inspection of any unit that is occupied, whether or not any occupant is actually present, without the consent of the occupant.

(2) Supervise the operation and maintenance of any housing assisted pursuant to this section and order repairs as may be necessary to protect the public interest or the health, safety, or welfare of occupants of the housing.

(f) The department shall include in its annual report required by Section 50408, a current report of the Joe Serna, Jr. Farmworker Housing Grant Program. The report shall include, but need not be limited to, (1) the number of households assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents paid by households assisted, (4) the number and amount of grants made to each nonprofit corporation and local public entity in the preceding year, (5) the dollar value of funding derived from sources other than the state for each project receiving a grant under this section, and an identification of each source, (6) recommendations, as needed, to improve operations of the program and respecting the desirability of extending its application to other groups in rural areas identified by the department as having special need for state housing assistance, and (7) the number of manufactured housing units assisted under this section.

(g) As used in this section:

(1) ''Agricultural employee'' has the same meaning as specified in subdivision (b) of Section 1140.4 of the Labor Code, but also includes any person who works at a packing shed for a labor contractor or other entity that contracts with an agricultural employer in order to perform services in connection with handling, drying, packing, or storing any agricultural commodity in its raw or natural state, whether or not this person is encompassed within the definition specified in subdivision (b) of Section 1140.4 of the Labor Code.

(2) ''Grantee'' means the local public entity or nonprofit corporation that is awarded the grant under this section and, at the request thereof, may include an individual homeowner receiving direct payment of a grant for rehabilitation under this section who occupies the assisted housing both before and after the rehabilitation and who is a participant in a rehabilitation program sponsored and supervised by a local public entity or nonprofit corporation.

(3) ''Housing'' may include, but need not be limited to, conventionally constructed units and manufactured housing.

(h) The department may offer the assistance offered pursuant to this chapter in any area where there is a substantial unmet need for farmworker housing.

SEC. 5. Section 50517.6 of the Health and Safety Code is amended to read:

50517.6. (a) The department may set aside the amount of funds authorized by subdivision (d) for the purposes of curing or averting a default on the terms of any loan or other obligation by the recipient of financial assistance, or bidding at any foreclosure sale where the default or foreclosure sale would jeopardize the department's security in the dwelling unit assisted pursuant to this chapter.

(b) The department may use the set-aside funds made available pursuant to this chapter to repair or maintain any dwelling unit assisted pursuant to this chapter that was acquired to protect the department's security interest in the dwelling unit.

(c) The payment or advance of funds by the department pursuant to this section shall be exclusively within the department's discretion, and no person shall be deemed to have any entitlement to the payment or advance of those funds. The amount of any funds expended by the department for the purposes of curing or averting a default shall be added to any grant amount secured by the lien and shall be payable to the department upon demand.

(d) On the effective date of the act that adds this section, the department may set aside up to two hundred thousand dollars ($200,000) from the Joe Serna, Jr. Farmworker Housing Grant Fund for the purposes authorized by this section. On July 1 of each subsequent fiscal year, the department may set aside, for the purposes of this section, up to 4 percent of the funds available in the Joe Serna, Jr. Farmworker Housing Grant Fund on that date.

SEC. 6. Section 50517.11 is added to the Health and Safety Code, to read:

50517.11. (a) The Legislature finds and declares all of the following:

(1) California's hard-working agricultural workers have made critical contributions to California's agricultural economy for many generations.

(2) The health, housing, and economic and social conditions of agricultural workers have been long ignored by public policy, such that this lowest-paid segment of our labor force has lived in poverty conditions, with inadequate health care, housing, and other services.

(3) The late Mayor of Sacramento, Joe Serna, Jr., who grew up as a farmworker and provided an inspiration by making invaluable contributions to society, maintained a lifelong interest in improving the conditions of agricultural workers and their families and children.

(4) Housing is a primary determinant of health.

(5) While California has established a Farmworker Housing Grant Program, it has not attempted to integrate its housing programs with broader programs to ensure the health and improve the conditions of agricultural worker families.

(b) It is the intent of the Legislature to enact the ''Joe Serna, Jr. Farmworker Family Wellness Act,'' to provide for all of the following:

(1) Integration, coordination, and expansion of health services to achieve the goal of advancing comprehensive strategies for improving the health status of agricultural workers and their families.

(2) Integration, coordination, and expansion of community-based services, including housing, educational, recreational, and social services, to serve the varied needs of agricultural worker families.

(3) A means for integration and coordination of public, private, and nonprofit services in conjunction with the Joe Serna, Jr. Farmworker Housing Grant Program to maximize the effectiveness of services to agricultural worker families.

(c) (1) There is hereby created the Joe Serna, Jr. Farmworker Family Wellness Program, to provide for the integration of family health and other family services with the housing component of Section 50517.5. The program shall contain elements that provide for all of the following:

(A) The provision of housing and the provision of health and other family services for agricultural workers in a coordinated manner.

(B) Involvement of agricultural workers in decisions about priorities for programs and services that are needed.

(C) The participation of other community partners, including schools, in a collaborative effort to provide these programs and services in conjunction with the construction of new housing or the rehabilitation of existing housing.

(2) Subject to funding in the Budget Act of 2000 for a program to link up farmworker housing grant funds to housing developments that also provide health and other family services, the Department of Housing and Community Development may enter into a memorandum of understanding (MOU) or contract for the implementation of this program with a nonprofit corporation that demonstrates statewide experience, capacity, and capability in designing, financing, and implementing programs for providing housing for agricultural workers and integrating health services with the provision of farmworker housing. The MOU or contract shall provide that the nonprofit corporation shall process and approve applications received from potential grantees, oversee project development and implementation, and oversee the long-term monitoring and compliance required by Section 50517.5 and this section. The MOU or contract shall include the criteria for consultation with the department or department approval of

various components of the program and an expedited process with the intent of providing approvals in a shortened timeframe. The department may prescribe conditions related to the deposit, use, and accounting of funds for operation of the program. The MOU or contract shall further provide that the department funds awarded to any grantee by the nonprofit corporation be used in conjunction with the nonprofit corporation's funds in both the housing construction or rehabilitation component as well as the health and family services component. The nonprofit corporation's funds may be used as all or a portion of the match required by subdivision (c) of Section 50517.5.

(3) The department shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code.

(4) A nonprofit corporation selected pursuant to paragraph (2) shall report the information required by this paragraph to the Department of Housing and Community Development and the department shall report to the Legislature the results of the Joe Serna, Jr. Farmworker Family Wellness Program on or before December 31, 2002. The report shall include all of the following:

(d) The department shall not enter into a new MOU or contract or commit additional funding to the program after January 1, 2004, except for costs and activities related to long-term compliance and monitoring of projects assisted pursuant to this section.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 313

An act to add Article 5 (commencing with Section 9900) to Chapter 2 of Part 1 of Division 3 of the Unemployment Insurance Code, relating to employment development, and making an appropriation therefor.

[Approved by Governor September 2, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Recent studies show that as many as 50 percent or more of youth drop out of high school prior to graduation in many areas of the state.

(b) Youth who face multiple social and economic barriers are most at risk of dropping out of high school and failing to transition successfully into the workforce.

(c) Because of the financial constraints placed on schools in providing the necessary individualized attention, youth with multiple social and economic barriers often fail to succeed in even the best educational systems.

(d) Youth who do not complete their secondary education often lack the skills necessary to qualify for most available job openings. Many youths who do graduate often still lack fundamental work skills and attributes that employers are seeking.

(e) The earning potential of a high school graduate is 23 percent more than a youth who does not complete his or her secondary education.

(f) Youths who lack the fundamental skills to obtain a quality job are more likely to be involved in substance abuse or criminal activities, threatening themselves and everyone around them.

(g) With the booming California economy, employers are facing a critical shortage in the labor market and are forced to compete for qualified entry-level employees.

(h) The Legislature has an interest in providing assistance to those youths who can benefit most from the individualized attention and transitional services needed to help them complete their secondary education and successfully advance into the workplace.

(i) While many of the education programs serving at-risk youth are designed to serve all youth, most are not designed with an accountability system that enables state and local policymakers to quantify the results of the program. Thus, millions of taxpayer dollars are spent every year without a reliable mechanism for determining the return on the taxpayer's dollar.

(j) To ensure that California's most at-risk youth receive the help they need to complete their secondary education and to gain basic

employability skills, and that taxpayers and policymakers can monitor the return on their investment in publicly supported programs, it is in the interest of the state to support a national model program for at-risk youth that has demonstrated a strong performance record in successfully achieving these outcomes.

(k) Jobs for California Graduates (JCG), the pilot project based on Jobs for America's Graduates (JAG), a national model program for at-risk youth, has demonstrated remarkable success. The local program in Merced County has been operating for the last 10 years with success rates of 90 percent graduation and over 80 percent job or college enrollment.

SEC. 2. Article 5 (commencing with Section 9900) is added to Chapter 2 of Part 1 of Division 3 of the Unemployment Insurance Code, to read:

Article 5. Jobs for California Graduates Program

9900. (a) It is the intent of the Legislature in enacting this article to support the expansion of the Jobs for California Graduates pilot project in Merced into a regional system of local programs based on the Jobs for America's Graduates model. The Jobs for California Graduates nonprofit, public-private partnership will create a network of local programs to help California's at-risk youth complete their secondary education and acquire the basic skills necessary to successfully transition into the workforce or enroll in postsecondary education.

(b) The director of the Employment Development Department, from funds appropriated for this purpose to the Jobs for California Graduates Program, may make grants to applicants for the purpose of carrying out programs as authorized by this article. The grants shall be used to support new and existing Jobs for California Graduates Programs in the central valley region in one or more of the following counties: Sacramento, San Joaquin, Stanislaus, Merced, Fresno, Madera, and Kern. The director shall develop criteria for ranking grant applications, and performance standards and auditing procedures for evaluating the effectiveness of the grants. The director may contract with a qualified nonprofit corporation designated by the national organization, Jobs for America's Graduates, to provide technical assistance to Jobs for California Graduates local programs.

(c) The regional system of Jobs for California Graduates local programs shall be designed to accomplish all of the following goals:

(1) To decrease absenteeism rates for at-risk youth.

(2) To improve the performance of at-risk youth in school and in the workplace.

(3) To improve secondary education completion rates.

(4) To improve employability skills of at-risk youth.

(5) To improve employment placement rates for at-risk youth.

(6) To improve enrollment rates of at-risk youth in postsecondary education and training.

9901. (a) In order to encourage a regional system of long-lasting, self-sustaining model local programs, communities served pursuant to this article shall contribute in-kind and financial resources in direct support of the model local program, according to the following schedule:

(1) During its initial year of implementation, a Jobs for California Graduates local program may receive state funds in an amount equal to 100 percent of the costs of implementing each Jobs for California Graduates Program site, but not to exceed sixty thousand dollars ($60,000).

(2) During any year subsequent to the initial year of implementation, a model local program may receive state funds in the amount equal to 75 percent of the costs of implementing the model local program, but not to exceed forty-five thousand dollars ($45,000).

(b) Community partners providing matching resources to the model local programs may include private nonprofit corporations, community-based organizations, workforce investment agencies, school districts, and other public and private sources.

9902. Local affiliates of the Jobs for California Graduates Program shall include all of the following elements:

(a) (1) A trained youth specialist employed year-round providing individual and group instruction to 25 to 45 eligible youth recruited and selected by a school-based advisory committee comprised of faculty, administrators, and counselors.

(2) The youth specialist shall provide individual attention to students to help them overcome barriers preventing them from receiving a high school diploma or securing employment, or both, or pursuing a postsecondary education that will lead to a career.

(3) The youth specialist shall provide informal guidance to students on academic, career, and life decisions and, based on the individual needs of students, connect them to professional counseling services to address more serious barriers, such as mental health problems or drug abuse.

(4) The youth specialist shall be actively involved in intensive, one-on-one employer marketing and job development activities to identify entry-level job opportunities for students upon graduation. Likewise, the youth specialist shall assist graduates in the exploration of postsecondary education opportunities and help them navigate the financial aid process to pursue these opportunities.

(b) Youth shall be taught a minimum of 37 employment competencies designed to prepare them to secure a quality entry-level

job or pursue a postsecondary education, or both, upon completion of their secondary education.

(c) Placement services shall be provided to students during the summer months or partnerships developed with summer youth employment programs to support yearlong learning. Youth specialists shall maintain contact with youth during the summer months.

(d) A student-led organization, associated with a state and national association, shall build on the competency-based curriculum and provide the opportunity for students to develop, practice, and refine their leadership and team membership skills.

(e) It shall serve as a school-based ''one-stop center'' for participating at-risk youth to ensure that they receive appropriate academic and social services from available resources in the school and community.

(f) It shall provide no less than 12 months of followup and support on the job and in postsecondary education after leaving the school.

(g) It shall provide computerized tracking of youth served, services delivered and performance outcomes, such as graduation rate, positive outcome rates, aggregate employment rate, full-time jobs rate, full-time placement rate, further education rate, wages, and return to school rate, at local and state levels.

(h) It shall provide continuous improvement of results through the ongoing professional development of managers, supervisors, and specialists.

9903. (a) Entities eligible to conduct a Jobs for California Graduates local program shall include, but need not be limited to, local education agencies, community colleges, and nonprofit organizations with an interest in serving at-risk youth.

(b) To maintain eligibility after the initial year of implementation, participating entities shall conduct the Jobs for California Graduates Program in accordance with Jobs for America's Graduates performance standards, receiving no less than a ''Meets Standards'' rating on an accreditation review.

9904. To be eligible to receive services through a Jobs for California Graduates local program under this article, a youth shall meet at least two of the following criteria:

(a) One or more years behind modal grade for one's age group, with particular emphasis on those two or more years behind modal grade.

(b) Below average academic grade point average relative to students in his or her class.

(c) Above average number of absences during the past school year in comparison to other students in the school.

(d) Placed on probation, suspended, or expelled from school one or more times during the past two years.

(e) Pregnant or parenting teen.

(f) Physically or mentally challenged.

(g) Involved with substance abuse or criminal activities.

(h) Member of an economically disadvantaged family.

(i) Lives with only one or neither of his or her natural parents.

(j) Receives little or no academic or social support from home or family.

(k) Mother has not graduated from high school.

(*l*) Closest friends have limited educational expectations. For example, they do not expect to graduate from high school or have already dropped out of high school.

9905. (a) For purposes of establishing and expanding these programs, the department shall, to the extent feasible, make local grants available throughout the region.

(b) Notwithstanding subdivision (a), it is the intent of the Legislature that Jobs for California Graduates local programs be conducted in a broad range of settings, including urban, suburban, and rural districts, which are representative of all California youth during the initial year of the regional program, in order to test the effectiveness of the model local programs throughout the state.

9907. (a) The department shall submit an annual report to the Legislature on the performance outcomes of the Jobs for California Graduates local programs on an annual basis.

(b) The department shall report the following outcomes at the end of the 12-month followup period:

(1) Secondary education completion rate as compared to the Jobs for America's Graduates standard of 90 percent for senior participants.

(2) Positive outcomes rate, such as youth employed, enrolled in a postsecondary institution, or serving in the military, or all of these, as compared to the Jobs for America's Graduates standard of 80 percent positive outcomes for graduates.

(3) Full-time placement rate, such as youth engaged in full-time employment, full-time military, or combining postsecondary education with employment.

(4) All other participant outcomes as required by the Governor under Section 122(h) of the federal Workforce Investment Act of 1998.

9908. State funds made available pursuant to this article shall be used to carry out both of the following:

(a) The Jobs for California Graduates local program elements specified in Section 9902.

SEC. 3. (a) The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the General Fund to the Employment Development Department for the purposes of the regional Jobs for California Graduates Program established pursuant to Article 5 (commencing with Section 9900) of Chapter 2 of Part 1 of Division 3 of the Unemployment Insurance Code, as added by Section 2 of this act.

(b) It is the intent of the Legislature that moneys necessary for funding the regional youth development program in future fiscal years be appropriated in the annual Budget Act.

SEC. 2. Section 3058.65 is added to the Penal Code, to read:

3058.65. (a) Whenever any person confined in the state prison is serving a term for the conviction of child abuse, pursuant to Section 273a, 273ab, 273d, or any sex offense specified as being perpetrated against a minor, or as ordered by a court, the Board of Prison Terms, with respect to inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections, with respect to inmates sentenced pursuant to Section 1170, shall notify the immediate family of the parolee who requests that notification and who provides the department with a current address that the person is scheduled to be released on parole, or rereleased following a period of confinement pursuant to a parole revocation without a new commitment, as specified in subdivision (b)

(2) For the purposes of this paragraph, ''immediate family of the parolee'' means the parents, siblings, and spouse of the parolee.

(b) (1) The notification shall be made by mail at least 45 days prior to the scheduled release date, except as provided in paragraph (2). CHAPTER 315

An act to amend Sections 7270, 7271, 7272, and 7273 of, and to add Sections 7270.5 and 7272.5 to, the Food and Agricultural Code, relating to agriculture, and making an appropriation therefor.

[Approved by Governor September 2, 2000. Filed with
Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 7270 of the Food and Agricultural Code is amended to read:

7270. The Legislature finds and declares all of the following:

(a) The destructive impact of invasive and often poisonous noxious weeds is profound, affecting California's cropland, rangeland, forests, parks, and wildlands.

(b) These pests cause enormous losses of private, state, and federal resources through decreased land productivity, degradation of wildlife habitat, and outright destruction of crops, livestock, wetlands, waterways, watersheds, and recreational areas.

(c) The estimated lost crop productivity caused by noxious weeds is seven billion four hundred million dollars ($7,400,000,000) nationwide, a large proportion of which is attributable to California. Nationally, the direct and indirect costs of controlling noxious weeds may be as high as five billion four hundred million dollars ($5,400,000,000) annually.

SEC. 2. Section 7270.5 is added to the Food and Agricultural Code, to read:

7270.5. For the purposes of this article, ''integrated weed management plan'' means an ecosystem-based control strategy that focuses on long-term prevention of weeds through a combination of techniques, such as biological controls, judicious use of herbicides, modified land management, and cultural practices, and where control practices are selected and applied in a manner that minimizes the risks to human health, nontargeted organisms, and the environment.

SEC. 3. Section 7271 of the Food and Agricultural Code is amended to read:

7271. (a) The Legislature designates the Department of Food and Agriculture as the lead department in noxious weed management and the department is responsible for the implementation of this article in cooperation with the Secretary for Resources.

(b) There is hereby created in the Department of Food and Agriculture Fund the Noxious Weed Management Account.

(c) Funds appropriated for expenditure by the secretary for purposes of this article may be spent without regard to fiscal year and shall be allocated as follows:

(1) Eighty-five percent of moneys in the account shall be made available to eligible weed management areas or county agricultural commissioners for the control and abatement of noxious weeds according to an approved integrated weed management plan.

(2) Ten percent shall be made available toward research on the biology, ecology, or management of noxious and invasive weeds.

These research moneys shall be made available to qualified researchers through a grant program administered by the department. Proposals shall be evaluated in consultation with the Range Management Advisory Committee, with emphasis placed on funding of needs-based, applied and practical research.

(3) Five percent shall be made available to the department, and shall only be used for the following purposes:

(B) Developing of noxious weed control strategies.

(C) Seeking new, effective biological control agents for the long-term control of noxious weeds.

The organization shall function under the authority of a mutually developed memorandum of understanding and subject to statutory and regulatory requirements. A weed management area may be voluntarily governed by a chairperson or a steering committee.

(c) Not more than 10 percent of the noxious weed management funds distributed to a weed management area subject to this section may be used by that local organization for meeting, travel, administration, and coordination costs.

(d) Each weed management area within the state shall create a cost-share integrated management plan for the management of noxious weeds within that area. The plan shall be submitted to the department for review, approval, and funding.

(e) The secretary and weed management areas shall consider the use of the California Conservation Corp and local conservation corps to

assist in implementing integrated weed management plans pursuant to this article.

SEC. 5. Section 7272.5 is added to the Food and Agricultural Code, to read:

7272.5. (a) To be eligible to receive funding from the Noxious Weed Management Account pursuant to this article, a county agricultural commissioner shall submit a cost-share integrated weed management plan to implement an aggressive control program for noxious weeds. The goals of the program shall include, but not be limited to, all of the following:

SEC. 6. Section 7273 of the Food and Agricultural Code is amended to read:

7273. (a) The department shall designate and provide staff support to an oversight committee to monitor this article and shall consider input from weed management areas, county agricultural commissioners, and the Range Management Advisory Committee.

CHAPTER 316

An act to add Section 3505.4 to the Government Code, relating to public employer-employee relations.

[Approved by Governor September 4, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 3505.4 is added to the Government Code, to read:

3505.4. If after meeting and conferring in good faith, an impasse has been reached between the public agency and the recognized employee organization, and impasse procedures, where applicable, have been exhausted, a public agency that is not required to proceed to interest arbitration may implement its last, best, and final offer, but shall not implement a memorandum of understanding. The unilateral implementation of a public agency's last, best, and final offer shall not deprive a recognized employee organization of the right each year to meet and confer on matters within the scope of representation, whether or not those matters are included in the unilateral implementation, prior to the adoption by the public agency of its annual budget, or as otherwise required by law.

CHAPTER 317

An act to amend Sections 31625.3, 31720.6, 31722, and 31874.3 of the Government Code, relating to county employees' retirement.

[Approved by Governor September 4, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 31625.3 of the Government Code is amended to read:

31625.3. Notwithstanding any other provision of this chapter, contributions shall not be deducted from the salary of any member who was a member before or after March 7, 1973, of the retirement association, another county retirement system established under this chapter, or the Public Employees' Retirement System, and has total reciprocal service credit of not less than 30 years in the retirement association, or in the retirement association and another county retirement system established under this chapter, or the Public Employees' Retirement System, or a combination thereof.

This section shall not apply in any county unless and until it is adopted by a majority vote of the board of supervisors.

SEC. 2. Section 31720.6 of the Government Code is amended to read:

31720.6. (a) If a safety member, a firefighter, or a member in active law enforcement who has completed five years or more of service under a pension system established pursuant to Chapter 4 (commencing with Section 31900) or under a pension system established pursuant to Chapter 5 (commencing with Section 32200) or both or under this retirement system or under the Public Employees' Retirement System or under a retirement system established under this chapter in another county, and develops cancer, the cancer so developing or manifesting itself in those cases shall be presumed to arise out of and in the course of employment. The cancer so developing or manifesting itself in those cases shall in no case be attributed to any disease existing prior to that development or manifestation.

(b) Notwithstanding the existence of nonindustrial predisposing or contributing factors, any safety member, firefighter member, or member active in law enforcement described in subdivision (a) permanently incapacitated for the performance of duty as a result of cancer shall receive a service-connected disability retirement if the member demonstrates that he or she was exposed to a known carcinogen as a result of performance of job duties.

''Known carcinogen'' for purposes of this section means those carcinogenic agents recognized by the International Agency for Research on Cancer, or the Director of the Department of Industrial Relations.

(c) The presumption is disputable and may be controverted by evidence, that the carcinogen to which the member has demonstrated exposure is not reasonably linked to the disabling cancer, provided that the primary site of the cancer has been established. Unless so controverted, the board is bound to find in accordance with the presumption. This presumption shall be extended to a member following termination of service for a period of three calendar months for each full year of the requisite service, but not to exceed 60 months in any circumstance, commencing with the last date actually worked in the specified capacity.

(d) ''Firefighter,'' for purposes of this section, includes a member engaged in active fire suppression who is not classified as a safety member.

(e) ''Member in active law enforcement,'' for purposes of this section, includes a member engaged in active law enforcement who is not classified as a safety member.

SEC. 3. Section 31722 of the Government Code is amended to read:

31722. The application shall be made while the member is in service, within four months after his or her discontinuance of service, within four months after the expiration of any period during which a presumption is extended beyond his or her discontinuance of service, or while, from the date of discontinuance of service to the time of the application, he or she is continuously physically or mentally incapacitated to perform his or her duties.

SEC. 4. Section 31874.3 of the Government Code is amended to read:

31874.3. (a) (1) Whenever the percentage of annual increase in the cost of living as of January 1 of each year as shown by the Bureau of Labor Statistics Consumer Price Index for All Urban Consumers exceeds the maximum benefit increase provided in Section 31870, 31870.1, 31870.2, or 31870.3, whichever is applicable, the board of retirement may provide that all or part of the excess percentage increase shall be applied to the retirement allowances, optional death allowances, or annual death allowances increased in Section 31870, 31870.1, 31870.2, or 31870.3. The board shall determine the amount of the excess to be applied, which amount shall not exceed an amount that can be paid from earnings of the retirement fund that are in excess of the total interest credited to contributions and reserves plus 1 percent of the total assets of the retirement fund.

(2) The supplemental increases in excess of the increases applied to the retirement allowances, optional death allowances, or annual death allowances pursuant to Section 31870, 31870.1, 31870.2, or 31870.3 shall not become a part of the retirement allowances, optional death allowances, or annual death allowances to be increased by subsequent increases under Section 31870, 31870.1, 31870.2, or 31870.3.

(3) This subdivision shall be operative in any county that has elected by a majority vote of the board of supervisors to make either Section 31870, 31870.1, 31870.2, or 31870.3 applicable in that county.

(b) (1) The board of retirement may, instead of taking action pursuant to subdivision (a), provide supplemental cost-of-living increases, effective on a date to be determined by the board, to the retirement allowances, optional death allowances, or annual death allowances increased in Section 31870, 31870.1, 31870.2, or 31870.3; provided however, that only those members shall be eligible for this increase whose accumulations established by Section 31870, 31870.1, 31870.2, or 31870.3 shall equal or exceed 20 percent as of January 1 of the year in which the board of retirement adopts an increase under this subdivision.

(2) The supplemental increases to the retirement allowances, optional death allowances or annual death allowances increased in Section 31870, 31870.1, 31870.2, or 31870.3 shall not become a part of the retirement allowances, optional death allowances or annual death allowances to be increased by subsequent increases under Section 31870, 31870.1, 31870.2, or 31870.3.

(3) This subdivision shall be operative in any county that has elected by a majority vote of the board of supervisors to make either Section 31870, 31870.1, 31870.2, or 31870.3 applicable in that county.

(c) (1) The board of retirement may, instead of taking action pursuant to subdivision (a) or (b), provide supplemental cost-of-living increases, on a prefunded basis and effective on a date to be determined by the board, to the retirement allowances, optional death allowances, or annual death allowances increased in Section 31870, 31870.1, 31870.2, or 31870.3; provided however, only those members shall be eligible for this increase whose accumulations established by Section 31870, 31870.1, 31870.2, or 31870.3 equal or exceed 20 percent as of January 1 of the year in which the board of retirement takes action pursuant to this subdivision.

(2) The supplemental increases to the retirement allowances, optional death allowances, or annual death allowances increased in Section 31870, 31870.1, 31870.2, or 31870.3 shall become a part of the retirement allowances, optional death allowances, or annual death allowances and shall serve to reduce the accumulations established by

Section 31870, 31870.1, 31870.2, or 31870.3, as applicable, by the same percentage as the payment that is made pursuant to this section.

(3) Before the board of retirement provides benefits pursuant to this subdivision, the costs of the benefits shall be determined by a qualified actuary and the board of retirement shall, with the advice of the actuary, provide for the full funding of the benefits utilizing funds in the reserve against deficiencies established pursuant to Section 31592.2, using surplus earnings that exceed 1 percent of the total assets of the retirement system.

(4) This subdivision shall be operative in any county that has elected by a majority vote of the board of supervisors to make either Section 31870, 31870.1, 31870.2, or 31870.3 applicable in that county.

(d) Upon adoption by any county providing benefits pursuant to this section, of Article 5.5 (commencing with Section 31610) of this chapter, the board of retirement shall, instead, pay those benefits from the Supplemental Retiree Benefit Reserve established pursuant to Section 31618.

CHAPTER 318

SECTION 1. Section 138.6 of the Labor Code is amended to read:

138.6. (a) The administrative director, in consultation with the Insurance Commissioner and the Workers' Compensation Insurance Rating Bureau, shall develop a cost-efficient workers' compensation information system, which shall be administered by the division. The administrative director shall adopt regulations specifying the data elements to be collected by electronic data interchange.

(b) The information system shall do the following:

(1) Assist the department to manage the workers' compensation system in an effective and efficient manner.

(2) Facilitate the evaluation of the efficiency and effectiveness of the benefit delivery system.

(3) Assist in measuring how adequately the system indemnifies injured workers and their dependents.

(4) Provide statistical data for research into specific aspects of the workers' compensation program.

(c) The data collected electronically shall be compatible with the Electronic Data Interchange System of the International Association of Industrial Accident Boards and Commissions. The administrative director may adopt regulations authorizing the use of other nationally recognized data transmission formats in addition to those set forth in the Electronic Data Interchange System for the transmission of data required pursuant to this section. The administrative director shall accept data transmissions in any authorized format. If the administrative director determines that any authorized data transmission format is not in general use by claims administrators, conflicts with the requirements of state or federal law, or is obsolete, the administrative director may adopt regulations eliminating that data transmission format from those authorized pursuant to this subdivision.

CHAPTER 319

An act to amend Section 84602 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor September 4, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 84602 of the Government Code is amended to read:

84602. To implement the Legislature's intent, the Secretary of State, in consultation with the commission, notwithstanding any other provision of this title or any other provision of the Government Code, shall do all of the following:

(a) Develop online and electronic filing processes for use by persons and entities specified in Sections 84604 and 84605 required to file statements and reports with the Secretary of State's office pursuant to Chapter 4 (commencing with Section 84100) and Chapter 6 (commencing with Section 86100). As part of that process, the Secretary of State shall define a nonproprietary standardized record format or formats using industry standards for the transmission of the data that is required of those persons and entities specified in subdivision (a) of Section 84604 and Section 84605 and that conforms with the disclosure requirements of this title. The Secretary of State shall hold public hearings prior to development of the record format or formats as a means

to ensure that affected entities have an opportunity to provide input into the development process. The format or formats shall be made public no later than July 1, 1999, to ensure sufficient time to comply with the requirements of this chapter.

(b) Accept test files, from software vendors and others wishing to file reports electronically, for the purpose of determining whether the file format is in compliance with the standardized record format developed pursuant to subdivision (a) and is compatible with the Secretary of State's system for receiving the data. A list of software and service providers who have submitted acceptable test files shall be published by the Secretary of State and made available to the public. Acceptably formatted files shall be submitted by a filer in order to meet the requirements of this chapter.

(c) Develop a system that provides for the online or electronic transfer of the data specified in this section utilizing telecommunications technology that assures the integrity of the data transmitted and that creates safeguards against efforts to tamper with or subvert the data.

(d) Make all the data filed available on the Internet in an easily understood format that provides the greatest public access. The data shall be made available free of charge and as soon as possible after receipt. All late contribution and late independent expenditure reports, as defined by Sections 84203 and 84204, respectively, shall be made available on the Internet within 24 hours of receipt. The data made available on the Internet shall not contain the street name and building number of the persons or entity representatives listed on the electronically filed forms or any bank account number required to be disclosed pursuant to this title.

(e) Develop a procedure for filers to comply with the requirement that they sign under penalty of perjury pursuant to Section 81004.

(f) Maintain all filed data online for 10 years after the date it is filed, and then archive the information in a secure format.

(g) Provide assistance to those seeking public access to the information.

(h) Consult with the Department of Information Technology and implement sufficient technology to seek to prevent unauthorized alteration or manipulation of the data.

(i) Provide the commission with necessary information to enable it to assist agencies, public officials, and others, with the compliance and with administration of this title.

(j) Report to the Legislature on the implementation and development of the online and electronic filing and disclosure requirements of this chapter. The report shall include an examination of system security, private security issues, software availability, compliance costs to filers, and other issues relating to this chapter, recommending appropriate

changes if necessary. In preparing the report, the commission may present to the Secretary of State and the Legislature its comments regarding this chapter as it relates to the duties of the commission and suggest appropriate changes if necessary. There shall be one report due before the system is operational as set forth in Section 84603, and one due no later than June 1, 2001.

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

The people of the State of California do enact as follows:

SECTION 1. Section 700 of the Insurance Code is amended to read:

700. (a) A person shall not transact any class of insurance business in this state without first being admitted for that class. Admission is secured by procuring a certificate of authority from the commissioner. The certificate shall not be granted until the applicant conforms to the requirements of this code and of the laws of this state prerequisite to its issue.

(b) The unlawful transaction of insurance business in this state in willful violation of the requirement for a certificate of authority is a public offense punishable by imprisonment in the state prison, or in a county jail not exceeding one year, or by fine not exceeding one hundred thousand dollars ($100,000), or by both that fine and imprisonment, and shall be enjoined by a court of competent jurisdiction on petition of the commissioner.

(c) After the issuance of a certificate of authority, the holder shall continue to comply with the requirements as to its business set forth in this code and in the other laws of this state, including, but not limited to, Chapter 5 (commencing with Section 1631), with regard to employees or contractors who solicit, negotiate, or effect insurance.

(d) Where a hearing is held under this section the proceedings shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein.

(e) The commissioner shall either issue or deny an application for a certificate of authority within 180 calendar days after the date of the application.

(f) The commissioner and his or her authorized representative shall be prohibited from seeking a waiver to extend the 180 calendar day period specified in subdivision (e), nor shall the applicant be permitted to waive that period.

(b) A license under this section shall be applied for and renewed, following successful completion of a qualifying examination on this code, ethics, and products sold under the license, in the same manner as is provided in this chapter for a license to act as a fire and casualty broker-agent, except as provided in subdivision (c) or where provided otherwise.

(c) Notwithstanding any other provision of law, for a personal lines license:

(1) ''License term'' for a personal lines license means all of that two-year period beginning on the first day of January and ending the last day of December in the second subsequent year.

(2) ''License year'' for a personal lines license means either the first or second calendar year of a license term.

SEC. 3. Section 1631 of the Insurance Code is amended to read:

1631. Unless exempt by the provisions of this article, a person shall not solicit, negotiate, or effect contracts of insurance, or act in any of the capacities defined in Article 1 (commencing with Section 1621) unless the person holds a valid license from the commissioner authorizing the person to act in that capacity. The issuance of a certificate of authority to an insurer does not exempt an insurer from complying with this article.

SEC. 3.5. Section 1631.5 is added to the Insurance Code, to read:

1631.5. Nothing in this article shall be deemed to affect the current operations of the Healthy Families Program (Part 6.2 (commencing with Section 12693) of Division 2) or the Access for Infants and Mothers Program (Part 6.3 (commencing with Section 12695) of Division 2).

(*l*) Officers, directors, or employees of an insurer or producer whose executive, administrative, managerial, or clerical activities are only indirectly related to solicitation, negotiation, or effecting the sale of insurance, provided those persons do not have direct contact with consumers in a sales or service capacity except as otherwise provided by this section.

(m) Employees whose activities are limited to making clerical changes in existing policies or providing indirect marketing and servicing support for the purpose of determining general interest in insurance products.

(b) A personal lines broker-agent if the nonresident is duly licensed to transact those lines of insurance described in Section 1625.5, under the laws of the state or province of Canada wherein he or she resides, provided the state or province does not prohibit a resident of this state from acting as an insurance agent or broker.

(c) A life agent if the nonresident is licensed in the state of his or her residence to transact life insurance and disability insurance.

The class or classes of insurance which a person is licensed to transact in the state or province of his or her residence shall be determined according to the definitions of classes of insurance in Sections 101 to 120, inclusive, and in Section 1625.5 of this code. A certificate under official seal and original signature from the insurance regulatory authority of the nonresident's home state or province may be accepted as evidence of the applicant's license status and the capacity or capacities in which he or she is licensed.

(d) Nothing in this section shall require a nonresident fire and casualty, personal lines, or life licensee, who has completed a continuing education course in his or her resident jurisdiction, to comply with California's continuing education requirements. However, if the resident jurisdiction has no continuing education requirements, the licensee shall comply with California's continuing education requirements to be eligible for a nonresident license.

SEC. 4.7. Section 1642 of the Insurance Code is amended to read:

1642. An insurer or reciprocal or interinsurance exchange is not eligible for any license under this chapter; but a corporation rendering sales services in connection with a separate account may be licensed irrespective of the extent of ownership of the corporation by an insurer. Nothing herein shall be interpreted to prohibit an insurer or reciprocal or interinsurance exchange from licensing its employees who solicit, negotiate, or effect contracts of insurance pursuant to this article.

SEC. 4.8. Section 1649.5 of the Insurance Code is amended to read:

1676. (a) Except as set forth in Sections 1675 and 1679, the commissioner shall not issue a permanent license pursuant to this chapter to an applicant therefor unless the applicant has within the 12-month period next preceding the date of issue of the license taken and passed the qualifying examination for that license. This section shall not apply to a person licensed as a fire and casualty broker-agent who applies for a license as a personal lines broker-agent.

(b) An applicant for a personal lines license pursuant to Section 1625.5 who has been continually employed by an admitted insurer or licensed fire or casualty broker-agent in a full-time position for at least three years prior to January 1, 2001, shall be exempted, at the discretion of the commissioner, from having to take and pass an examination to obtain a personal lines license. An exempted applicant shall be required

to comply with all other provisions of this article pertaining to the issuance and maintenance of a personal lines license.

(c) An application for a personal lines license shall be submitted to the commissioner as provided for in Article 4 (commencing with Section 1652).

(d) The commissioner may deny any application for a personal lines license as provided in Article 6 (commencing with Section 1666).

(e) In addition to the application, any applicant seeking exemption from the examination provisions of this chapter shall also submit, on a form prescribed by the commissioner, or if a form is not prescribed, in letter or resumé form, information that will permit the commissioner to determine whether the previous experience of the applicant warrants an exemption from having to take an examination to obtain a license.

(f) The commissioner shall require an applicant to take an examination to obtain a license if the commissioner determines that the applicant has failed to demonstrate that previous experience warrants an exemption from examination. In the absence of making that determination, the request for exemption from examination shall be granted.

(g) This section shall not be applicable to any applicant for a nonresident license pursuant to subdivision (b) of Section 1639.

(h) This section shall not be applicable to any applicant who has been refused a license or has had a license suspended or revoked by the commissioner.

Where an applicant seeks a license for both the fire and casualty broker-agent license and the life license, the applicant shall only be required to complete one 12-hour course on ethics and this code. Additionally, any applicant for such a license holding one or more of the designations specified in subdivisions (a) to (e), inclusive, of Section 1749.4 shall be exempted from any requirement for courses in general insurance that would otherwise be a condition of issuance of the license.

Any changes to previously submitted training materials shall be submitted to the department with

the changes highlighted 30 days prior to their use by the licensee. Training materials and changes to those materials submitted to the department pursuant to this subdivision shall be deemed approved for use by the company unless it is notified by the department to the contrary. Failure by a credit insurance licensee to submit training materials or changes for departmental review or use of unapproved or disapproved training materials shall constitute grounds for denial of an application for a license, nonrenewal of a license, or suspension of a license, as appropriate.

(c) The credit insurance agent shall periodically retrain its endorsees.

1758.94. (a) The manager at each business location of an organization licensed as a credit insurance agent, shall be listed as an endorsee on the organization's license and shall be responsible for the training and supervision of each additional endorsee at that location. Each licensee shall identify the endorsee who is the manager at each location for the purposes of this article.

(b) An employee of a credit insurance agent who complies with the requirements of Section 1758.93, and is endorsed on the license of the credit insurance agent, may act on behalf of, and under the supervision of, the credit insurance agent in matters relating to transacting insurance under that agent's license. The conduct of an endorsee of a credit insurance agent acting within the scope of employment or agency shall be deemed the conduct of the credit insurance agent for purposes of this article.

1758.95. (a) If a licensee or endorsee violates any provision of this article or any other provision of this code, the commissioner may do either of the following:

(1) After notice and hearing, suspend or revoke the license of the credit insurance agent.

(2) After notice and hearing, impose other penalties that the commissioner deems necessary and convenient to carry out the purposes of this code, including suspending the privilege of transacting credit insurance pursuant to this article at specific business locations where violations have occurred, imposing fines on the credit insurance agent, individual endorsees or endorsee managers, and suspending or revoking the endorsement of a named endorsee or endorsee manager.

(b) If any person sells insurance in connection with or incidental to a loan or other extension of credit or holds himself or herself or an organization out as a credit insurance agent without obtaining the license required by this article, as being an endorsee when that person is not an endorsee, or as being licensed pursuant to Chapter 5 (commencing with Section 1631) without obtaining that license, the commissioner may issue a cease and desist order pursuant to Section 12921.8.

(c) Notwithstanding any other provision of law to the contrary, the provisions of Section 1748.5 are applicable to both the organization issued a license pursuant to this article and any endorsee to that license.

1758.96. A person licensed pursuant to this article may act as a credit insurance agent for an authorized insurer only with respect to the kinds of insurance specified in this section sold in connection with and incidental to a loan or other extension of credit other than a loan in excess of sixty thousand dollars ($60,000) relating to or secured by real property where the repayment period does not exceed 10 years. The sale of credit insurance products as specified in this section in excess of sixty thousand dollars ($60,000) relating to or secured by real property where any compensation, fee, or commission is paid dependent on the placement of credit insurance, requires a license to act as an insurance agent or life agent pursuant to Section 1621 or 1622.

(a) Credit life insurance.

(b) Credit disability insurance.

(c) Credit involuntary unemployment insurance or credit loss-of-income insurance.

(d) Credit property insurance.

1758.97. A credit insurance agent shall not sell or offer to sell insurance pursuant to this article unless all of the following conditions are satisfied:

(a) The credit insurance agent provides brochures or other written materials to the prospective purchaser that do all of the following:

(1) Summarize the material terms and conditions of coverage offered, including the identity of the insurer.

(2) Describe the process for filing a claim, including a toll-free telephone number to report a claim.

(3) Disclose any additional information on the price, benefits, exclusions, conditions, or other limitations of those policies that the commissioner may by rule prescribe.

(b) The credit insurance agent makes all of the following disclosures, either with or as part of each individual policy or group certificate, or with a notice of proposed insurance, or, if the insurance is sold at the same time and place as the related credit transaction, in a statement acknowledged by the purchaser in writing on a separate form, electronically, digitally, or by tape recording:

(1) That the purchase of the kinds of insurance prescribed in this article is not required in order to secure the loan or an extension of credit.

(2) That the insurance coverage offered by the credit insurance agent may provide a duplication of coverage already provided by a purchaser's other personal insurance policies or by another source of coverage.

(3) That the endorsee is not qualified or authorized to evaluate the adequacy of the purchaser's existing coverages, unless the individual is licensed pursuant to Article 3 (commencing with Section 1631).

(4) That the customer may cancel the insurance at any time. If the customer cancels within 30 days from the delivery of the insurance policy, certificate, or notice of proposed insurance, the premium will be refunded in full. If the customer cancels at any time thereafter, any unearned premium will be refunded in accordance with applicable law.

(c) Evidence of coverage is provided to every person who elects to purchase that coverage.

(d) Costs for the insurance are separately itemized in any loan, credit, or retail agreement.

(e) The insurance is provided under an individual policy issued to the purchaser or under a group or master policy issued to the organization licensed as a credit insurance agent by an insurer authorized to transact the applicable kinds or types of insurance in this state. Any of the conditions and disclosures specified in this section shall be deemed satisfied if the consumer is otherwise provided with the information required in this section by any other disclosures required by existing federal or state law or regulations.

No statement, disclosure, or notice made for the purpose of compliance with this section shall be construed to cause the policy form, certificate of insurance, or notice of proposed insurance, by themselves, to be considered nonstandard forms, as described in Article 6.9 (commencing with Section 2249) of Subchapter 2 of Chapter 5 of Title 10 of the California Code of Regulations.

1758.98. Under the authority of the credit insurance agent license, a credit insurance agent shall not do any of the following:

(a) Offer to sell insurance except in conjunction with, and incidental to, a loan or extension of credit.

(b) Advertise, represent, or otherwise portray itself or its employees, agents, or endorsees as licensed insurers, life agents, or fire and casualty broker-agents.

(c) Pay any unlicensed person any compensation, fee, or commission dependent on the placement of insurance under the agent's license. Nothing in this subdivision shall prohibit production payments or incentive payments to an endorsee.

1758.99. An organization licensed as a credit insurance agent shall prominently display its license number and the department's toll free consumer hot line telephone number on brochures and information sheets required by this article and on any evidence of insurance.

1758.991. Any insurer that provides insurance to be sold by an organization licensed as a credit insurance agent shall file a copy of any individual policy issued to a purchaser, or any policy or certificate issued

under a group or master policy to an organization licensed as a credit agent, with the commissioner, who shall make that policy available to the public.

1758.992. As used in this article, the following definitions have the following meanings:

(a) ''Enrollment'' means the process of soliciting or accepting enrollments or applications from a debtor under a credit insurance policy, which includes informing the debtor of the availability of coverage, calculating the insurance charge, preparing and delivering the certificate of insurance or notice of proposed insurance, answering questions regarding the coverage, or otherwise assisting the debtor in making an informed decision whether or not to elect to purchase credit insurance.

(b) ''Creditor'' means a lender of money or a vendor or lessor of goods, services, property, rights, or privileges, for which payment is arranged through a credit transaction, or any successor to the right, title, or interest of that lender, vendor, or lessor, and any affiliate, associate, subsidiary, subcontractor, director, officer, or employee of any of them or any other person in any way associated with any of them.

(c) ''Credit insurance agent license'' means an agent license issued to an individual or organization for the enrollment and sale of credit insurance.

(d) ''Credit insurance'' includes credit life insurance, credit disability insurance, credit involuntary unemployment insurance, credit loss-of-income insurance, or credit property insurance.

(e) ''Credit life insurance'' and ''credit disability insurance'' have the same meanings, and include only those forms of insurance, as defined in Sections 779.2 and 779.3.

(f) ''Credit involuntary unemployment insurance'' or ''credit loss-of-income insurance'' means insurance issued to provide indemnity for payments becoming due on a specific loan or other credit transaction while the debtor is involuntarily unemployed, as defined in the policy.

(g) ''Credit property insurance'' means insurance that provides coverage (1) on personal property pledged or offered as collateral for securing a personal or consumer loan, or (2) on personal property purchased under an installment sales agreement or through a consumer credit transaction, but does not include any insurance that provides theft, collision, liability, property damage, or comprehensive insurance coverage in any automobile or any other self-propelled vehicle that is designed primarily for operation in the air or on the highways, waterways, or sea, and its operating equipment, or that is necessitated by reason of the liability imposed by law for damages arising out of the ownership, operation, maintenance, or use of those vehicles. However, that excluded insurance does include single interest coverage on any of

those vehicles that insures the interest of the creditor in the same manner as collateral secures a loan.

1758.993. Nothing in this article regulating the sale of credit insurance shall be construed to impair or impede the application of any other law regulating the sale of credit insurance, including, but not limited to, the California Finance Lenders Law, Division 9 (commencing with Section 22000) of the Financial Code.

1758.994. The commissioner shall submit a report to the Legislature by June 30, 2004, regarding the effectiveness of this article in protecting consumers involved in credit insurance transactions. This report shall include, but not be limited to, the number and categories of licensees licensed pursuant to this article, the number and nature of enforcement actions related to credit insurance licensing or marketing issues, and any needed legislative reforms recommended by the commissioner.

SEC. 8. The Insurance Commissioner shall adopt rules to implement this act, including rules applicable equally to employees of insurers and producers specifying what constitutes clerical changes for the purpose of Section 1635 of the Insurance Code. The rules shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of the Government Code, and for the purpose of that chapter, including Section 11349.6 of the Government Code, the adoption of rules shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare.

SEC. 9. The provisions of this act shall become operative on January 1, 2002, so as to provide for an orderly regulatory process. The Legislature declares that enactment of this act, which sets fees for specific license categories, shall not be construed to affect the validity of any fee increases adopted by the commissioner pursuant to Section 12978.

SEC. 10. The first-year startup costs incurred by state agencies that are associated with the implementation of this act shall be reimbursed from fee revenues authorized by this act that are received in subsequent years.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or

changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor September 5, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1241 of the Business and Professions Code is amended to read:

1241. (a) This chapter applies to all clinical laboratories in California or receiving biological specimens originating in California for the purpose of performing a clinical laboratory test or examination, and to all persons performing clinical laboratory tests or examinations or engaging in clinical laboratory practice in California or on biological specimens originating in California, except as provided in subdivision (b).

(b) This chapter shall not apply to any of the following clinical laboratories, or to persons performing clinical laboratory tests or examinations in any of the following clinical laboratories:

(1) Those owned and operated by the United States of America, or any department, agency, or official thereof acting in his or her official capacity to the extent that the Secretary of the federal Department of Health and Human Services has modified the application of CLIA requirements to those laboratories.

(2) Public health laboratories, as defined in Section 1206.

(3) Those that perform clinical laboratory tests or examinations for forensic purposes only.

(4) Those that perform clinical laboratory tests or examinations for research and teaching purposes only and do not report or use patient-specific results for the diagnosis, prevention, or treatment of any

disease or impairment of, or for the assessment of the health of, an individual.

(5) Those that perform clinical laboratory tests or examinations certified by the National Institutes on Drug Abuse only for those certified tests or examinations. However, all other clinical laboratory tests or examinations conducted by the laboratory are subject to this chapter.

(6) Those that register with the State Department of Health Services pursuant to subdivision (c) to perform blood glucose testing for the purposes of monitoring a minor child diagnosed with diabetes when the person performing the test has been entrusted with the care and control of the child by the child's parent or legal guardian and provided that all of the following occur:

(A) The blood glucose monitoring test is performed with a blood glucose monitoring instrument that has been approved by the federal Food and Drug Administration for sale over the counter to the public without a prescription.

(B) The person has been provided written instructions by the child's health care provider or an agent of the child's health care provider in accordance with the manufacturer's instructions on the proper use of the monitoring instrument and the handling of any lancets, test strips, cotton balls, or other items used during the process of conducting a blood glucose test.

(C) The person, receiving written authorization from the minor's parent or legal guardian, complies with written instructions from the child's health care provider, or an agent of the child's health care provider, regarding the performance of the test and the operation of the blood glucose monitoring instrument, including how to determine if the results are within the normal or therapeutic range for the child, and any restriction on activities or diet that may be necessary.

(D) The person complies with specific written instructions from the child's health care provider or an agent of the child's health care provider regarding the identification of symptoms of hypoglycemia or hyperglycemia, and actions to be taken when results are not within the normal or therapeutic range for the child. The instructions shall also contain the telephone number of the child's health care provider and the telephone number of the child's parent or legal guardian.

(E) The person records the results of the blood glucose tests and provides them to the child's parent or legal guardian on a daily basis.

(F) The person complies with universal precautions when performing the testing and posts a list of the universal precautions in a prominent place within the proximity where the test is conducted.

(7) Those individuals who perform clinical laboratory tests or examinations, approved by the federal Food and Drug Administration

for sale to the public without a prescription in the form of an over-the-counter test kit, on their own bodies or on their minor children or legal wards.

(c) Any place where blood glucose testing is performed pursuant to paragraph (6) of subdivision (b) shall register by notifying the State Department of Health Services in writing no later than 30 days after testing has commenced. Registrants pursuant to this subdivision shall not be required to pay any registration or renewal fees nor shall they be subject to routine inspection by the State Department of Health Services.

SEC. 2. Section 1265 of the Business and Professions Code is amended to read:

1265. (a) (1) A clinical laboratory performing clinical laboratory tests or examinations classified as of moderate or of high complexity under CLIA shall obtain a clinical laboratory license pursuant to this chapter. The department shall issue a clinical laboratory license to any person who has applied for the license on forms provided by the department and who is found to be in compliance with this chapter and the regulations pertaining thereto. No clinical laboratory license shall be issued by the department unless the clinical laboratory and its personnel meet the CLIA requirements for laboratories performing tests or examinations classified as of moderate or high complexity, or both.

(2) A clinical laboratory performing clinical laboratory tests or examinations subject to a certificate of waiver or a certificate of provider-performed microscopy under CLIA, shall register with the department. The department shall issue a clinical laboratory registration to any person who has applied for the registration on forms provided by the department and is found to be in compliance with this chapter, the regulations pertaining thereto, and the CLIA requirements for either a certificate of waiver or a certificate of provider-performed microscopy.

(b) An application for a clinical laboratory license or registration shall include the name or names of the owner or the owners, the name or names of the laboratory director or directors, the name and location of the laboratory, a list of the clinical laboratory tests or examinations performed by the laboratory by name and total number of test procedures and examinations performed annually (excluding tests the laboratory may run for quality control, quality assurance, or proficiency testing purposes). The application shall also include a list of the tests and the test kits, methodologies, and laboratory equipment used, and the qualifications (educational background, training, and experience) of the personnel directing and supervising the laboratory and performing the laboratory examinations and test procedures, and any other relevant information as may be required by the department. If the laboratory is performing tests subject to a provider-performed microscopy certificate, the name of the provider or providers performing those tests shall be

included on the application. Application shall be made by the owners of the laboratory and the laboratory directors prior to its opening. A license or registration to conduct a clinical laboratory if the owners are not the laboratory directors shall be issued jointly to the owners and the laboratory directors and the license or registration shall include any information as may be required by the department. The owners and laboratory directors shall be severally and jointly responsible to the department for the maintenance and conduct thereof or for any violations of this chapter and regulations pertaining thereto.

(c) The department shall not issue a license or registration until it is satisfied that the clinical laboratory will be operated within the spirit and intent of this chapter, that the owners and laboratory directors are each of good moral character, and that the granting of the license will not be in conflict with the interests of public health.

(d) A separate license or registration shall be obtained for each laboratory location, with the following exceptions:

(1) Laboratories that are not at a fixed location, that is, laboratories that move from one testing site to another, such as mobile units providing laboratory testing, health screening fairs, or other temporary testing locations, may apply for and obtain one license or registration for the designated primary site or home base, using the address of that primary site.

(2) Not-for-profit, or federal, state, or local government laboratories that engage in limited (not more than a combination of 15 moderately complex or waived tests, as defined under CLIA, per license) public health testing may apply for and obtain a single license or registration.

(3) Laboratories within a hospital that are located at contiguous buildings on the same campus and under common direction, may file a single application or multiple applications for a license or registration of laboratory locations within the same campus or street address.

(4) Locations within a single street and city address that are under common ownership may apply for and obtain a single license or registration or multiple licenses or registrations, at the discretion of the owner or owners.

(e) (1) A license or registration shall be valid for one year unless revoked or suspended. A clinical laboratory license or registration shall be automatically revoked 30 days from a major change of laboratory directorship or ownership. The clinical laboratory shall be required to submit a completed application for a new clinical laboratory license or registration within those 30 days or cease engaging in clinical laboratory practice.

(2) If a clinical laboratory intends to continue to engage in clinical laboratory practice during the 30 days after a major change in directorship occurs and before the laboratory license or registration is

automatically revoked, the laboratory owner may appoint an interim director who meets the requirements of this chapter and CLIA. The interim director shall be appointed within five business days of the major change of the directorship. Written notice shall be provided to the department of the appointment of the laboratory director pursuant to this paragraph within five business days of the appointment.

(f) If the department does not within 60 days after the date of receipt of the application issue a license or registration, it shall state the grounds and reasons for its refusal in writing, serving a copy upon the applicant by certified mail addressed to the applicant at his or her last known address.

(g) The department shall be notified in writing by the laboratory owners or delegated representatives of the owners and the laboratory directors of any change in ownership, directorship, name, or location, including the addition or deletion of laboratory owners or laboratory directors within 30 days. However, notice of change in ownership shall be the responsibility of both the current and new owners. Laboratory owners and directors to whom the current license or registration is issued shall remain jointly and severally responsible to the department for the operation, maintenance, and conduct of the clinical laboratory and for any violations of this chapter or the regulations adopted thereunder, including any failure to provide the notifications required by this subdivision, until proper notice is received by the department. In addition, failure of the laboratory owners and directors to notify the department within 30 days of any change in laboratory directors, including any additions or deletions, shall result in the automatic revocation of the clinical laboratory's license or registration.

(h) The withdrawal of an application for a license or registration or for a renewal of a license, or registration, issuable under this chapter, shall not, after the application has been filed with the department, deprive the department of its authority to institute or continue a proceeding against the applicant for denial of the license, registration, or renewal upon any ground provided by law or to enter an order denying the license, registration, or renewal upon any such ground, unless the department consents in writing to the withdrawal.

(i) The suspension, expiration, or forfeiture by operation of law of a license or registration issued under this chapter, or its suspension, forfeiture, or cancellation by order of the department or by order of a court of law, or its surrender without the written consent of the department, shall not deprive the department of its authority to institute or continue an action against a license or registration issued under this chapter or against the laboratory owner or laboratory director upon any ground provided by law or to enter an order suspending or revoking the license or registration issued under this chapter.

(j) (1) Whenever a clinical laboratory ceases operations, the laboratory owners, or delegated representatives of the owners, and the laboratory directors shall notify the department of this fact, in writing, within 30 calendar days from the date a clinical laboratory ceases operation. For purposes of this subdivision, a laboratory ceases operations when it suspends the performance of all clinical laboratory tests or examinations for 30 calendar days at the location for which the clinical laboratory is licensed or registered.

(2) (A) Notwithstanding any other provision of law, owners and laboratory directors of all clinical laboratories, including those laboratories that cease operations, shall preserve medical records and laboratory records, as defined in this section, for three years from the date of testing, examination, or purchase, unless a longer retention period is required pursuant to any other provision of law, and shall maintain an ability to provide those records when requested by the department or any duly authorized representative of the department.

(B) For purposes of this subdivision, ''medical records'' means the test requisition or test authorization, or the patient's chart or medical record, if used as the test requisition, the final and preliminary test or examination result, and the name of the person contacted if the laboratory test or examination result indicated an imminent life-threatening result or was of panic value.

(C) For purposes of this subdivision, ''laboratory records'' means records showing compliance with CLIA and this chapter during a laboratory's operation that are actual or true copies, either photocopies or electronically reproducible copies, of records for patient test management, quality control, quality assurance, and all invoices documenting the purchase or lease of laboratory equipment and test kits, reagents, or media.

(D) Information contained in medical records and laboratory records shall be confidential, and shall be disclosed only to authorized persons in accordance with federal, state, and local laws.

(3) The department or any person injured as a result of a laboratory's abandonment or failure to retain records pursuant to this section may bring an action in a court of proper jurisdiction for any reasonable amount of damages suffered as a result thereof.

SEC. 3. Section 1269.5 is added to the Business and Professions Code, to read:

1269.5. The department may deny, suspend, or revoke any license, registration, or certificate issued under this chapter for performance by unlicensed laboratory personnel of any activity that is not authorized by Section 1269.

SEC. 4. Section 1281.1 is added to the Business and Professions Code, to read:

1281.1. It is unlawful for any person, including a person who owns, operates, or directs a clinical laboratory, to provide, offer, or solicit, any form of payment or gratuity for human blood or any other biological specimen provided for the purpose of clinical laboratory testing or clinical laboratory practice, unless the person is serving as an agent of a clinical laboratory or another facility legally utilizing those specimens only for purposes of research or teaching or for quality assurance purposes, or is an entity licensed under Chapter 4 (commencing with Section 1600) of Division 2 of the Health and Safety Code.

SEC. 5. Section 1282.2 is added to the Business and Professions Code, to read:

1282.2. It is unlawful for any person to perform venipuncture, skin puncture, or arterial puncture to collect a biological specimen unless he or she is authorized to do so under this chapter, the regulations adopted thereunder, or under other provisions of law.

SEC. 6. Section 1282.3 is added to the Business and Professions Code, to read:

1282.3. (a) It is unlawful for any person to act with willful or wanton disregard for a person's safety that exposes the person to a substantial risk of, or that causes, great bodily injury by affecting the integrity of a clinical laboratory test or examination result through improper collection, handling, storage, or labeling of the biological specimen or the erroneous transcription or reporting of clinical laboratory test or examination results.

(b) Notwithstanding Section 1287, a violation of this section shall be punished, upon first conviction, by imprisonment in a county jail for a period of not more than one year, or by imprisonment in a state prison for 16 months, or two or three years, by a fine not exceeding fifty thousand dollars ($50,000), or by both this fine and imprisonment. A second or subsequent conviction is punishable by imprisonment in the state prison for two, four, or six years, by a fine not exceeding fifty thousand dollars ($50,000), or by both this fine and imprisonment.

(c) The enforcement remedies provided under this section are not exclusive, and shall not preclude the use of any other criminal or civil remedy. However, an act or omission punishable in different ways by this section and any other provision of law shall not be punished under more than one provision. Under those circumstances, the penalty to be imposed shall be determined as set forth in Section 654 of the Penal Code.

SEC. 7. Section 1287 of the Business and Professions Code is amended to read:

1287. (a) Any person who violates any provision of this chapter is guilty of a misdemeanor punishable upon conviction by imprisonment

in the county jail for a period not exceeding six months or by fine not exceeding one thousand dollars ($1,000) or by both.

(b) (1) Notwithstanding subdivision (a), a violation of Section 1281.1 is a public offense and is punishable upon conviction by imprisonment in the county jail for not more than one year, or by a fine not exceeding ten thousand dollars ($10,000), or by both that imprisonment and fine.

(2) Notwithstanding subdivision (a), a violation of Section 1282.2 is a public offense and is punishable upon conviction by imprisonment in the county jail for not more than one year, or by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine.

(3) The enforcement remedies provided under this section are not exclusive, and shall not preclude the use of any other criminal or civil remedy. However, an act or omission punishable in different ways by this section and any other provision of law shall not be punished under more than one provision. Under those circumstances, the penalty to be imposed shall be determined as set forth in Section 654 of the Penal Code.

SEC. 8. Section 1301 of the Business and Professions Code is amended to read:

1301. (a) The annual renewal fee for a clinical laboratory license or registration set under this chapter shall be paid during the 30-day period before the expiration date of the license or registration. Failure to pay the annual fee in advance during the time the license remains in force shall, ipso facto, work a forfeiture of said license after a period of 60 days from the expiration date of the license or registration.

(b) (1) The department shall give written notice to all persons licensed pursuant to Sections 1260, 1260.1, 1261, 1261.5, 1262, 1264, or 1270 30 days in advance of the regular renewal date that a renewal fee has not been paid. In addition, the department shall give written notice to licensed clinical laboratory bioanalysts or doctoral degree specialists and clinical laboratory scientists or limited clinical laboratory scientists by registered or certified mail 90 days in advance of the expiration of the fifth year that a renewal fee has not been paid and if not paid before the expiration of the fifth year of delinquency the licensee may be subject to reexamination.

(2) If the renewal fee is not paid for five or more years, the department may require an examination before reinstating the license, except that no examination shall be required as a condition for reinstatement if the original license was issued without an examination. No examination shall be required for reinstatement if the license was forfeited solely by reason of nonpayment of the renewal fee if the nonpayment was for less than five years.

(3) If the license is not renewed within 60 days after its expiration, the licensee, as a condition precedent to renewal, shall pay the delinquency fee identified in subdivision (*l*) of Section 1300, in addition to the renewal fee in effect on the last preceding regular renewal date. Payment of the delinquency fee will not be necessary if within 60 days of the license expiration date the licensee files with the department an application for inactive status.

SEC. 9. Section 1311 is added to the Business and Professions Code, to read:

1311. The department shall have three years from the date of a violation of this chapter or of a regulation adopted thereunder to file a civil or administrative action.

The department shall notify providers and billing agents of any planned changes to the claims transmission standards prior to the implementation of the changes. A ''technically complete claim'' means any billing request for payment from a provider or the billing agent of the provider, including an original claim, claim inquiry, or appeal, that is submitted on the correct Medi-Cal claim form or electronic billing format, is fully and accurately completed, and includes all information and documentation required to be submitted on or with the claim pursuant to Medi-Cal billing and documentation requirements.

(e) In order to reduce the amount of paperwork or attachments which are required to be completed by a provider or the billing agent of the provider submitting a claim for reimbursement under this chapter to the fiscal intermediary, the department shall direct the fiscal intermediary to investigate and develop the means to incorporate as much information as possible on the electronic format.

(f) Each provider and billing agent submitting claims shall be responsible for ensuring that each claim submitted for reimbursement for services, goods, supplies, or merchandise rendered or supplied by the provider to a Medi-Cal beneficiary or under the Medi-Cal program meets the standards established by the department pursuant to this section.

SEC. 14. Section 14040.1 is added to the Welfare and Institutions Code, to read:

For purposes of this subdivision, an authorized representative shall be either an individual who is an employee of the provider or an individual with a familial relationship to the provider. For purposes of this section and Section 14040.5, an authorized representative, a provider wholly owned entity billing solely for the provider, or a clinic that is licensed pursuant to subdivision (a) of Section 1204 of the Health and Safety Code or exempt from licensure pursuant to subdivision (c) of Section 1206 of the Health and Safety Code, when preparing and submitting claims for services provided on behalf of the clinic, shall be considered a provider.

(b) The department shall establish standards for the registration or continued registration of each billing agent. The standards shall establish time periods, no longer than a year from the date the standards become effective, after which, no billing agent shall submit a claim on behalf of a provider, as defined in Section 14043.1, for reimbursement for services, goods, supplies, or merchandise rendered or provided directly or indirectly by the provider to a Medi-Cal beneficiary or under the Medi-Cal program, unless that billing agent has been registered with the department. The department shall establish the standards for the registration or continued registration of billing agents pursuant to this subdivision, in consultation with interested parties, by the adoption of emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption of these emergency regulations or readoption of the regulations shall be deemed to be an emergency necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340 of Part 1 of Division 3 of Title 2 of the Government Code, emergency regulations adopted or readopted pursuant to this subdivision shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this subdivision shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations.

(c) The department may complete a background check on applicants for registration or continued registration as a billing agent, for the purpose of verifying the accuracy of information provided by an applicant for registration or continued registration as a billing agent or in order to prevent fraud and abuse. The background check may include, but not be limited to, onsite inspection, review of business records, and data searches.

(d) As a condition of registration, or continued registration, as a billing agent, an applicant for registration as a billing agent shall provide to the department a surety bond of not less than fifty thousand dollars ($50,000). This subdivision shall become operative only if the director executes a declaration, that shall be retained by the director, stating that the surety bonds described in this paragraph are commercially offered throughout the state and by more than one vendor.

SEC. 15. Section 14040.5 of the Welfare and Institutions Code is amended to read:

14040.5. (a) A provider may, by written contract, do either of the following:

supplies, or merchandise provided by the provider to the Medi-Cal program or a Medi-Cal beneficiary.

(2) Assign signature authority for transmission of the claims by the authorized billing agent.

(b) If a contract as described in subdivision (a) is entered into, the contract shall meet the requirements of Section 447.10 of Title 42 of the Code of Federal Regulations or shall have been approved by the federal Health Care Financing Administration for purposes of the Medicare program.

(c) Any provider intending to use a billing agent to submit claims for reimbursements to the Medi-Cal program shall provide, at least 30 days prior to the submission of any claims for reimbursement by the billing agent, written notification to the director of the name, including known legal and any known fictitious or ''doing business as'' names used by the billing agent, the address, and the telephone number of the billing agent.

(d) Billing agents shall register with the director and shall obtain a unique identifier prior to submitting any claims for reimbursement. This unique identifier shall be part of each claim for reimbursement submitted by the billing agent.

(e) (1) Any Medi-Cal claim submitted by a billing agent or provider failing to comply with the requirements of this section or Section 14040 or 14040.1, or the regulations adopted pursuant to these sections, shall be subject to denial by the director.

(2) The director may deny, suspend, or revoke the registration or continued registration of a billing agent based upon any of the following grounds:

(A) Failure of the billing agent to comply with this section or Section 14040.1 or the regulations adopted under these sections.

(B) Involvement of a billing agent in illegal submission of claims.

(C) The billing agent is under investigation for fraud or abuse, as defined in Section 14043.1, by the department or any federal, state, or local law enforcement agency.

(3) The director may immediately revoke or suspend the registration or continued registration of a billing agent upon the involvement of that billing agent in the filing of false or misleading information on claims submitted for services allegedly rendered, or when a billing agent has demonstrated a pattern of filing claims that are not technically complete claims as defined in subdivision (c) of Section 14040. The director shall not take action to revoke or suspend a billing agent's registration or continued registration when the falsity or misleading nature of the information was the result of the provider's actions and not the billing agent's.

(4) Proceedings for suspension or revocation of the registration or continued registration of a billing agent pursuant to this section shall be

conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except that hearings may be conducted by departmental hearing officers appointed by the director. The director may periodically contract with the Office of Administrative Hearings to conduct these hearings.

(5) The director shall provide written notification outlining the reasons for the proposed action to the billing agent 30 days in advance of a proposed suspension or revocation and shall allow the billing agent to demonstrate within those 30 days by comment why the suspension or revocation notice should not be issued.

(6) If after consideration of the billing agent's comment, the director determines that the suspension or revocation is nonetheless warranted, the director shall notify the billing agent of the suspension or revocation and the effective date thereof and at the same time shall serve the billing agent with an accusation. In addition, the director shall send each provider utilizing the services of the billing agent written notice of the suspension or revocation of the billing agent. The suspension or revocation of the billing agent shall take effect 15 days from the date of the notification of the billing agent and service of the accusation. To the extent allowed by federal law, the director may waive any claims submission requirement to assist a provider in submitting or resubmitting claims to the Medi-Cal program when they are delayed because of a billing agent's suspension or revocation. Upon receipt of a notice of defense by the billing agent, the director shall set the matter for hearing within 30 days of the receipt of the notice. The suspension or revocation shall remain in effect until the hearing is completed and the director has made a final determination on the merits. The suspension or revocation shall, however, be deemed vacated if the director fails to make a final determination on the merits within 60 days of the completion of the original hearing.

(7) Paragraph (4) of this subdivision shall not apply where the suspension or revocation of a billing agent is based upon the conviction for any crime involving fraud, abuse of the Medi-Cal program, or suspension from the federal Medicare or medicaid programs, or where the billing agent has entered into a settlement in lieu of conviction for fraud or abuse in any government program, within the previous 10 years. In those instances, suspension or revocation shall be automatic and not subject to administrative appeal or hearing. In those instances, the director shall send each provider utilizing the services of the billing agent written notice of the automatic suspension or revocation of the billing agent. To the extent allowed by federal law, the director may waive any claims submission requirement to assist a provider in submitting or resubmitting claims to the Medi-Cal program when they

are delayed because of a billing agent's automatic suspension or revocation.

(8) Notwithstanding Section 100171 of the Health and Safety Code, proceedings for the denial of the registration of a billing agent pursuant to this section shall be conducted in accordance with Section 14043.65. This subdivision shall not apply where the denial is based upon conviction of any crime involving fraud or abuse of the Medi-Cal program or the federal medicaid or Medicare programs, or exclusion by the federal government from the medicaid or Medicare programs. In this case, the denial shall be automatic and not subject to administrative appeal or hearing.

(f) For purposes of this section, ''billing agent'' has the same meaning as defined in Section 14040.1.

The director shall notify in writing the provider of the temporary suspension and deactivation of provider numbers, which shall take effect 15 days from the date of the notification. (2) The department shall adopt regulations establishing conditions for the approval or denial of applications for exemption pursuant to paragraph (1).

rendered, and such additional information as the department may by regulation require. Records herein required to be kept and maintained shall be retained by the provider for a period of three years from the date the service was rendered.

SEC. 31. Section 14124.2 of the Welfare and Institutions Code is amended to read:

14124.2. (a) (1) During normal working hours, the department may make any examination of the books and records of, and may visit and inspect the premises or facilities of, those identified in paragraphs (2) and (3), that it may deem necessary to carry out the provisions of this chapter or Chapter 8 (commencing with Section 14200) and regulations adopted thereunder, or the law under which the department or its agents or contractors administer any other health care program.

Unannounced visits to request this information shall be reserved for those exceptional situations where arrangement of an appointment beforehand is clearly not possible or is clearly inappropriate to the nature of the intended visit. Only those related books and records of each service rendered, the beneficiary to whom rendered, the date, and additional information as the department may by regulation require shall be subject to the requirement of furnishing copies. This information may include records to support and document the recipient's eligibility for services and, to the extent necessary, records to provide proof of the quantity and receipt of the services, and that the services were provided by proper personnel. Providers and others subject to this section shall be reimbursed for reasonable photocopying-related expenses as determined by the department. Failure to comply with the requests for information or records made pursuant to this section shall be grounds for immediate suspension of the provider or others subject to this section under subdivision (b) of Section 14123 or under the other health care programs administered by the department or its agents or contractors.

(2) Any copies furnished pursuant to this section shall be used only to investigate and pursue criminal, civil, or administrative sanctions for Medi-Cal fraud or abuse, including the provision of dental services that are below or less than the standard of acceptable quality as prescribed by subdivision (f) of Section 14123, or fraud or abuse under any other health care program administered by the department or its agents or contractors and the copies shall be destroyed when that purpose has been satisfied. This section shall not be construed to prohibit the referral of investigative findings, including copies of books and records, to the appropriate federal, state, or local licensing, certifying, regulatory, or prosecutorial authority.

The department shall maintain adequate controls to ensure responsibility and accountability for the expenditure of federal and state funds. Cost reports and other data submitted by providers to a state agency for the purpose of determining reasonable costs for services or establishing rates of payment shall be considered true and correct unless audited or reviewed by the department within 18 months after July 1, 1969, the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later. Moreover the cost reports and other data for cost reporting periods beginning on January 1, 1972, and thereafter shall be considered true and correct unless audited or reviewed within three years after the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later.

(2) (A) Nothing in this section shall be construed to limit the correction of cost reports or rates of payment when inaccuracies are determined to be the result of intent to defraud, or when a delay in the completion of an audit is the result of willful acts by the provider or inability to reach agreement on the terms of final settlement.

(B) Nothing in this section shall be construed to preclude the department from further review of cost reports and other data for cost reporting periods beginning on January 1, 1998, after the three-year period contained in paragraph (1) of subdivision (a), where after the

three-year period the department discovers information not customarily contained in these cost reports and other data for the fiscal periods in question that indicates the provider may have engaged in practices that have resulted in overreimbursement.

(3) Notwithstanding any other provision of law, nursing facilities and all categories of intermediate care facilities for the developmentally disabled which have received and are receiving funds for salary increases pursuant to Sections 14110.6 and 14110.7 shall maintain payroll and personnel records for examination by auditors from the department and the Labor Commissioner beginning March 1985 until the records have been audited, or until December 31, 1992, whichever occurs first.

(b) Notwithstanding any other provision of law, costs reported for reimbursement purposes relative to Medi-Cal beneficiaries in nursing facilities that are distinct parts of acute care hospitals shall be audited by the department at least annually. (c) (1) When it is established upon audit that the provider claimed payments related to services or costs that the department had previously notified the provider in an audit report that the costs or services were not reimbursable, the provider shall pay, in addition to the amount improperly claimed, a penalty of 10 percent of the amount improperly claimed after receipt of the notice, plus the cost of the audit.

(2) In addition to the penalty and costs specified by paragraph (1), interest shall be assessed at the rate specified in subdivision (h) of Section 14171.

(3) Providers that wish to preserve appeal rights or to challenge the department's positions regarding appeal issues may claim the costs or services and not be reimbursed therefor if they are identified and presented separately on the cost report.

(d) (1) When it is established that the provider fraudulently claimed and received payments under this chapter, the provider shall pay, in addition to that portion of the claim that was improperly claimed, a penalty of 300 percent of the amount improperly claimed, plus the cost of the audit.

(2) In addition to the penalty and costs specified by paragraph (1), interest shall be assessed at the rate specified by subdivision (h) of Section 14171.

(3) For purposes of this subdivision, a fraudulent claim is a claim upon which the provider has been convicted of fraud upon the Medi-Cal program.

(e) Nothing in this section shall prevent the imposition of any other civil or criminal penalties to which the provider may be liable.

(f) Any appeal to any action taken pursuant to subdivision (b), (c), or (d) is subject to the administrative appeals process provided by Section 14171.

(g) As used in this section, ''cost of the audit'' includes actual hourly wages, travel, and incidental expenses at rates allowable by rules

adopted by the State Board of Control and applicable overhead costs that are incurred by employees of the state in administering this chapter with respect to the performance of audits.

(h) This section shall not apply to any clinic licensed pursuant to subdivision (a) of Section 1204 of the Health and Safety Code, clinics exempt from licensure under Section 1206 of the Health and Safety Code, health facilities licensed under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code, or to any provider that is operated by a city, county, or school district.

SEC. 35. Section 24005 of the Welfare and Institutions Code is amended to read:

24005. (a) This section shall apply to the Family Planning Access Care and Treatment Waiver program identified in subdivision (aa) of Section 14132 and this program.

(b) Only licensed medical personnel with family planning skills, knowledge, and competency may provide the full range of family planning medical services covered in this program.

(c) Medi-Cal enrolled providers, as determined by the department, shall be eligible to provide family planning services under the program when these services are within their scope of practice and licensure. Those clinical providers electing to participate in the program and approved by the department shall provide the full scope of family planning education, counseling, and medical services specified for the program, either directly or by referral, consistent with standards of care issued by the department.

(d) The department shall require providers to enter into clinical agreements with the department to ensure compliance with standards and requirements to maintain the fiscal integrity of the program. Provider applicants, providers, and persons with an ownership or control interest, as defined in federal medicaid regulations, shall be required to submit to the department their social security numbers to the full extent allowed under federal law. All state and federal statutes and regulations pertaining to the audit or examination of Medi-Cal providers shall apply to this program.

(e) Clinical provider agreements shall be signed by the provider under penalty of perjury. The department may screen applicants at the initial application and at any reapplication pursuant to requirements developed by the department to determine provider suitability for the program.

(f) The department may complete a background check on clinical provider applicants for the purpose of verifying the accuracy of information provided to the department for purposes of enrolling in the program and in order to prevent fraud and abuse. The background check may include, but not be limited to, unannounced onsite inspection prior

to enrollment, review of business records, and data searches. If discrepancies are found to exist during the preenrollment period, the department may conduct additional inspections prior to enrollment. Failure to remediate significant discrepancies as prescribed by the director may result in denial of the application for enrollment. Providers that do not provide services consistent with the standards of care or that do not comply with the department's rules related to the fiscal integrity of the program may be disenrolled as a provider from the program at the sole discretion of the department.

(g) The department shall not enroll any applicant who, within the previous 10 years:

(1) Has been convicted of any felony or misdemeanor that involves fraud or abuse in any government program, that relates to neglect or abuse of a patient in connection with the delivery of a health care item or service, or that is in connection with the interference with, or obstruction of, any investigation into health care related fraud or abuse.

(2) Has been found liable for fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse in any government program.

(h) In addition, the department may deny enrollment to any applicant that, at the time of application, is under investigation by the department or any local, state, or federal government law enforcement agency for fraud or abuse. The department shall not deny enrollment to an otherwise qualified applicant whose felony or misdemeanor charges did not result in a conviction solely on the basis of the prior charges. If it is discovered that a provider is under investigation by the department or any local, state, or federal government law enforcement agency for fraud or abuse, that provider shall be subject to immediate disenrollment from the program.

(i) (1) The program shall disenroll as a program provider any individual who, or any entity that, has a license, certificate, or other approval to provide health care, which is revoked or suspended by a federal, California, or other state's licensing, certification, or other approval authority, has otherwise lost that license, certificate, or approval, or has surrendered that license, certificate, or approval while a disciplinary hearing on the license, certificate, or approval was pending. The disenrollment shall be effective on the date the license, certificate, or approval is revoked, lost, or surrendered.

(2) A provider shall be subject to disenrollment if claims for payment are submitted under any provider number used by the provider to obtain reimbursement from the program for the services, goods, supplies, or merchandise provided, directly or indirectly, to a program beneficiary, by an individual or entity that has been previously suspended, excluded, or otherwise made ineligible to receive, directly or indirectly,

reimbursement from the program or from the Medi-Cal program and the individual has previously been listed on either the Suspended and Ineligible Provider List, which is published by the department, to identify suspended and otherwise ineligible providers or any list published by the federal Office of the Inspector General regarding the suspension or exclusion of individuals or entities from the federal Medicare and medicaid programs, to identify suspended, excluded, or otherwise ineligible providers.

(3) The department shall deactivate, immediately and without prior notice, the provider numbers used by a provider to obtain reimbursement from the program when warrants or documents mailed to a provider's mailing address, its pay to address, or its service address, if any, are returned by the United States Postal Service as not deliverable or when a provider has not submitted a claim for reimbursement from the program for one year. Prior to taking this action, the department shall use due diligence in attempting to contact the provider at its last known telephone number and to ascertain if the return by the United States Postal Service is by mistake and shall use due diligence in attempting to contact the provider by telephone or in writing to ascertain whether the provider wishes to continue to participate in the Medi-Cal program. If deactivation pursuant to this section occurs, the provider shall meet the requirements for reapplication as specified in regulation.

(4) For purposes of this subdivision:

(A) ''Mailing address'' means the address that the provider has identified to the department in its application for enrollment as the address at which it wishes to receive general program correspondence.

(B) ''Pay to address'' means the address that the provider has identified to the department in its application for enrollment as the address at which it wishes to receive warrants.

(C) ''Service address'' means the address that the provider has identified to the department in its application for enrollment as the address at which the provider will provide services to program beneficiaries.

Contracts under this section shall be exempt from the Public Contract Code.

(k) Enrolled providers shall attend specific orientation approved by the department in comprehensive family planning services. Enrolled providers who insert IUDs or contraceptive implants shall have received prior clinical training specific to these procedures.

(*l*) Upon receipt of reliable evidence that would be admissible under the administrative adjudication provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, of fraud or willful misrepresentation by a provider under the program or commencement of a suspension under Section 14123, the department may do any of the following:

(1) Collect any State-Only Family Planning program or Family Planning Access Care and Treatment Waiver program overpayment identified through an audit or examination, or any portion thereof from any provider. Notwithstanding Section 100171 of the Health and Safety Code, a provider may appeal the collection of overpayments under this section pursuant to procedures established in Article 5.3 (commencing with Section 14170) of Part 3 of Division 9. Overpayments collected under this section shall not be returned to the provider during the pendency of any appeal and may be offset to satisfy audit or appeal findings, if the findings are against the provider. Overpayments shall be returned to a provider with interest if findings are in favor of the provider.

(2) Withhold payment for any goods or services, or any portion thereof, from any State-Only Family Planning program or Family Planning Access Care and Treatment Waiver program provider. The department shall notify the provider within five days of any withholding of payment under this section. The notice shall do all of the following:

(A) State that payments are being withheld in accordance with this paragraph and that the withholding is for a temporary period and will not continue after it is determined that the evidence of fraud or willful misrepresentation is insufficient or when legal proceedings relating to the alleged fraud or willful misrepresentation are completed.

(B) Cite the circumstances under which the withholding of the payments will be terminated.

(C) Specify, when appropriate, the type or types of claimed payments being withheld.

(D) Inform the provider of the right to submit written evidence that is evidence that would be admissible under the administrative adjudication provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, for consideration by the department.

(3) Notwithstanding Section 100171 of the Health and Safety Code, a provider may appeal a withholding of payment under this section pursuant to Section 14043.65. Payments withheld under this section shall not be returned to the provider during the pendency of any appeal and may be offset to satisfy audit or appeal findings.

(m) As used in this section:

(1) ''Abuse'' means either of the following:

(A) Practices that are inconsistent with sound fiscal or business practices and result in unnecessary cost to the medicaid program, the Medicare program, the Medi-Cal program, including the Family Planning Access Care and Treatment Waiver program, identified in subdivision (aa) of Section 14132, another state's medicaid program, or the State-Only Family Planning program, or other health care programs operated, or financed in whole or in part, by the federal government or any state or local agency in this state or any other state.

(B) Practices that are inconsistent with sound medical practices and result in reimbursement, by any of the programs referred to in subparagraph (A) or other health care programs operated, or financed in whole or in part, by the federal government or any state or local agency in this state or any other state, for services that are unnecessary or for substandard items or services that fail to meet professionally recognized standards for health care.

(2) ''Fraud'' means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or herself or some other person. It includes any act that constitutes fraud under applicable federal or state law.

(3) ''Provider'' means any individual, partnership, group, association, corporation, institution, or entity, and the officers, directors, owners, managing employees, or agents of any partnership, group, association, corporation, institution, or entity, that provides services, goods, supplies, or merchandise, directly or indirectly, to a beneficiary and that has been enrolled in the program.

(4) ''Convicted'' means any of the following:

(A) A judgment of conviction has been entered against an individual or entity by a federal, state, or local court, regardless of whether there is a post-trial motion or an appeal pending or the judgment of conviction or other record relating to the criminal conduct has been expunged or otherwise removed.

(B) A federal, state, or local court has made a finding of guilt against an individual or entity.

(C) A federal, state, or local court has accepted a plea of guilty or nolo contendere by an individual or entity.

(5) ''Professionally recognized standards of health care'' means statewide or national standards of care, whether in writing or not, that professional peers of the individual or entity whose provision of care is an issue, recognize as applying to those peers practicing or providing care within a state. When the United States Department of Health and

Human Services has declared a treatment modality not to be safe and effective, practitioners that employ that treatment modality shall be deemed not to meet professionally recognized standards of health care. This definition shall not be construed to mean that all other treatments meet professionally recognized standards of care.

(6) ''Unnecessary or substandard items or services'' means those that are either of the following:

(A) Substantially in excess of the provider's usual charges or costs for the items or services.

(B) Furnished, or caused to be furnished, to patients, whether or not covered by Medicare, medicaid, or any of the state health care programs to which the definitions of applicant and provider apply, and which are substantially in excess of the patient's needs, or of a quality that fails to meet professionally recognized standards of health care. The department's determination that the items or services furnished were excessive or of unacceptable quality shall be made on the basis of information, including sanction reports, from the following sources:

(i) The professional review organization for the area served by the individual or entity.

(ii) State or local licensing or certification authorities.

(iii) Fiscal agents or contractors, or private insurance companies.

(iv) State or local professional societies.

(7) ''Enrolled or enrollment in the program'' means authorized under any and all processes by the department or its agents or contractors to receive, directly or indirectly, reimbursement for the provision of services, goods, supplies, or merchandise to a program beneficiary.

(n) In lieu of, or in addition to, the imposition of any other sanctions available, including the imposition of a civil penalty under Sections 14123.2 or 14171.6, the program may impose on providers any or all of the penalties pursuant to Section 14123.25, in accordance with the provisions of that section. In addition, program providers shall be subject to the penalties contained in Section 14107.

(o) (1) Notwithstanding any other provision of law, every primary supplier of pharmaceuticals, medical equipment, or supplies shall maintain accounting records to demonstrate the manufacture, assembly, purchase, or acquisition and subsequent sale, of any pharmaceuticals, medical equipment, or supplies, to providers. Accounting records shall include, but not be limited to, inventory records, general ledgers, financial statements, purchase and sales journals, and invoices, prescription records, bills of lading, and delivery records.

(2) For purposes of this subdivision, the term ''primary supplier'' means any manufacturer, principal labeler, assembler, wholesaler, or retailer.

(3) Accounting records maintained pursuant to paragraph (1) shall be subject to audit or examination by the department or its agents. The audit or examination may include, but is not limited to, verification of what was claimed by the provider. These accounting records shall be maintained for three years from the date of sale or the date of service.

(p) Each provider of health care services rendered to any program beneficiary shall keep and maintain records of each service rendered, the beneficiary to whom rendered, the date, and such additional information as the department may by regulation require. Records required to be kept and maintained pursuant to this subdivision shall be retained by the provider for a period of three years from the date the service was rendered.

(q) A program provider applicant or a program provider shall furnish information or copies of records and documentation requested by the department. Failure to comply with the department's request shall be grounds for denial of the application or automatic disenrollment of the provider.

(r) A program provider may assign signature authority for transmission of claims to a billing agent subject to Sections 14040, 14040.1, and 14040.5.

(s) Moneys payable or rights existing under this division shall be subject to any claim, lien, or offset of the State of California, and any claim of the United States of America made pursuant to federal statute, but shall not otherwise be subject to enforcement of a money judgment or other legal process, and no transfer or assignment, at law or in equity, of any right of a provider of health care to any payment shall be enforceable against the state, a fiscal intermediary, or carrier.

SEC. 36. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 323

An act to amend Section 10100.2 of the Insurance Code, relating to insurance.

[Approved by Governor September 5, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature, by enacting this act, to remedy a situation in which a FAIR Plan policyholder has complied with the requirements for brush removal but is surcharged solely based on brush existing on a neighbor's property that the neighbor refuses to remove. It is the intent of this act, therefore, to shift the cost of noncompliance with brush clearance requirements entirely to the noncompliant neighbor, as long as that neighbor is also covered by the FAIR Plan.

SEC. 2. Section 10100.2 of the Insurance Code is amended to read:

10100.2. (a) (1) Rates for the FAIR Plan shall not be excessive, inadequate, or unfairly discriminatory, and shall be actuarially sound so that premiums are adequate to cover expected losses, expenses and taxes, and shall reflect investment income of the plan. If the plan returns premiums to members annually, the rates shall not include any component relating to surplus enhancements.

(2) If the FAIR Plan policy of a property owner would be subject to a brush surcharge solely because of an adjacent property owner's failure to comply with applicable laws, ordinances, and regulations regarding brush clearance requirements, the surcharge shall instead be imposed on the policy of the adjacent property owner if the adjacent property is also insured through the FAIR Plan.

(b) Rates for a policy of earthquake property insurance issued by the association shall be established based on the best available scientific information for assessing the risk of earthquake loss. Factors that the association shall consider in adopting rates include, but are not limited to, the following:

(1) Location of the insured property and its proximity to earthquake faults and to other geological factors affecting the risk of earthquake.

(2) The soil type upon which the insured dwelling is built.

(3) Construction type of the insured dwelling.

(4) The presence of earthquake hazard reduction factors as defined in Section 10089.2.

(c) Notwithstanding Section 10097, all information considered by the association in establishing rates shall be public records.

(d) The classification system established by the association for policies of earthquake property insurance shall not be adjusted or tempered in any manner to provide rates lower than are justified for classifications presenting a high risk of loss, or higher than are justified for classifications presenting a low risk of loss.

CHAPTER 324

An act to amend Sections 1600.5, 1607, and 2972 of, and to add Section 2972.1 to, the Penal Code, relating to mentally disordered offenders.

[Approved by Governor September 5, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1600.5 of the Penal Code is amended to read:

1600.5. For a person committed as a mentally disordered sex offender under former Section 6316 or 6316.2 of the Welfare and Institutions Code, or committed pursuant to Section 1026 or 1026.5, or committed pursuant to Section 2972, who is placed on outpatient status under the provisions of this title, time spent on outpatient status, except when placed in a locked facility at the direction of the outpatient supervisor, shall not count as actual custody and shall not be credited toward the person's maximum term of commitment or toward the person's term of extended commitment. Nothing in this section shall be construed to extend the maximum period of parole of a mentally disordered offender.

SEC. 2. Section 1607 of the Penal Code is amended to read:

1607. If the outpatient supervisor is of the opinion that the person has regained competence to stand trial, or is no longer insane, is no longer a mentally disordered offender, or is no longer a mentally disordered sex offender, the community program director shall submit his or her opinion to the medical director of the state hospital, where appropriate, and to the court which shall calendar the case for further proceedings under the provisions of Section 1372, 1026.2, or 2972 of this code or Section 6325 of the Welfare and Institutions Code.

SEC. 3. Section 2972 of the Penal Code is amended to read:

2972. (a) The court shall conduct a hearing on the petition under Section 2970 for continued treatment. The court shall advise the person of his or her right to be represented by an attorney and of the right to a jury trial. The attorney for the person shall be given a copy of the petition, and any supporting documents. The hearing shall be a civil hearing, however, in order to reduce costs the rules of criminal discovery, as well as civil discovery, shall be applicable.

The standard of proof under this section shall be proof beyond a reasonable doubt, and if the trial is by jury, the jury shall be unanimous in its verdict. The trial shall be by jury unless waived by both the person and the district attorney. The trial shall commence no later than 30 calendar days prior to the time the person would otherwise have been

released, unless the time is waived by the person or unless good cause is shown.

(b) The people shall be represented by the district attorney. If the person is indigent, the county public defender shall be appointed.

(c) If the court or jury finds that the patient has a severe mental disorder, that the patient's severe mental disorder is not in remission or cannot be kept in remission without treatment, and that by reason of his or her severe mental disorder, the patient represents a substantial danger of physical harm to others, the court shall order the patient recommitted to the facility in which the patient was confined at the time the petition was filed, or recommitted to the outpatient program in which he or she was being treated at the time the petition was filed, or committed to the State Department of Mental Health if the person was in prison. The commitment shall be for a period of one year from the date of termination of parole or a previous commitment or the scheduled date of release from prison as specified in Section 2970. Time spent on outpatient status, except when placed in a locked facility at the direction of the outpatient supervisor, shall not count as actual custody and shall not be credited toward the person's maximum term of commitment or toward the person's term of extended commitment.

(d) A person shall be released on outpatient status if the committing court finds that there is reasonable cause to believe that the committed person can be safely and effectively treated on an outpatient basis. Except as provided in this subdivision, the provisions of Title 15 (commencing with Section 1600) of Part 2, shall apply to persons placed on outpatient status pursuant to this paragraph. The standard for revocation under Section 1609 shall be that the person cannot be safely and effectively treated on an outpatient basis.

(e) Prior to the termination of a commitment under this section, a petition for recommitment may be filed to determine whether the patient's severe mental disorder is not in remission or cannot be kept in remission without treatment, and whether by reason of his or her severe mental disorder, the patient represents a substantial danger of physical harm to others. The recommitment proceeding shall be conducted in accordance with the provisions of this section.

(f) Any commitment under this article places an affirmative obligation on the treatment facility to provide treatment for the underlying causes of the person's mental disorder.

(g) Except as provided in this subdivision, the person committed shall be considered to be an involuntary mental health patient and he or she shall be entitled to those rights set forth in Article 7 (commencing with Section 5325) of Chapter 2 of Part 1 of Division 5 of the Welfare and Institutions Code. Commencing January 1, 1986, the State Department of Mental Health may adopt regulations to modify those

rights as is necessary in order to provide for the reasonable security of the inpatient facility in which the patient is being held. This subdivision and the regulations adopted pursuant thereto shall become operative on January 1, 1987, except that regulations may be adopted prior to that date.

SEC. 4. Section 2972.1 is added to the Penal Code, to read:

2972.1. (a) Outpatient status for persons committed pursuant to Section 2972 shall be for a period not to exceed one year. Pursuant to Section 1606, at the end of a period of outpatient status approved by the court, the court shall, after actual notice to the prosecutor, the defense attorney, the community program director or a designee, the medical director of the facility that is treating the person, and the person on outpatient status, and after a hearing in court, either discharge the person from commitment under appropriate provisions of law, order the person confined to a treatment facility, or renew its approval of outpatient status.

(b) Prior to the hearing described in subdivision (a), the community program director or a designee shall furnish a report and recommendation to the court, the prosecution, the defense attorney, the medical director of the facility that is treating the person, and the person on outpatient status. If the recommendation is that the person continue on outpatient status or be confined to a treatment facility, the report shall also contain a statement that conforms with requirements of subdivision (c).

(c) (1) Upon receipt of a report prepared pursuant to Section 1606 that recommends confinement or continued outpatient treatment, the court shall direct prior defense counsel, or, if necessary, appoint new defense counsel, to meet and confer with the person who is on outpatient status and explain the recommendation contained therein. Following this meeting, both defense counsel and the person on outpatient status shall sign and return to the court a form which shall read as follows:

"Check One:

"____ I do not believe that I need further treatment and I demand a jury trial to decide this question.

"___ I accept the recommendation that I continue treatment."

(2) The signed form shall be returned to the court at least 10 days prior to the hearing described in subdivision (a). If the person on outpatient status refuses or is unable to sign the form, his or her counsel shall indicate, in writing, that the form and the report prepared pursuant to Section 1606 were explained to the person and the person refused or was unable to sign the form.

(d) If the person on outpatient status either requests a jury trial or fails to waive his or her right to a jury trial, a jury trial meeting all of the requirements of Section 2972 shall be set within 60 days of the initial hearing.

(e) The trier of fact, or the court if trial is waived, shall determine whether or not the requirements of subdivisions (c) and (d) of Section 2972 have been met. The court shall then make an appropriate disposition under subdivision (a) of this section.

(f) The court shall notify the community program director or a designee, the person on outpatient status, and the medical director or person in charge of the facility providing treatment of the person whether or not the person was found suitable for release.

SEC. 5. Nothing in this act shall be construed to extend the maximum period of parole of a mentally disordered offender.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 325

An act to add Article 6.4 (commencing with Section 124111) to Chapter 3 of Part 2 of Division 106 of the Health and Safety Code, relating to child health.

[Approved by Governor September 5, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the policy of the State of California to make every effort to detect pediatric congenital ocular abnormalities that lead to premature death, blindness, or vision impairment unless treated soon after birth.

(b) The Legislature finds and declares all of the following:

(1) Treatable congenital ocular diseases occur frequently and require increased early detection efforts.

(2) Early detection significantly enhances the ability to prevent serious damage from congenital abnormalities of the eye which, left

undetected and untreated, may result in blinding or life-threatening diseases, or both. Examples of such disorders include retinoblastoma, congenital cataracts, and persistent hyperplastic primary vitreous. Other congenital anomalies including colobomas, vascular retinal anomalies, and congenital retinal folds can be treated with patching of the good eye to prevent dense amblyopia if detected early.

(3) Retinoblastoma is a childhood cancer arising in immature retinal cells inside the eye and accounts for approximately 13 percent of all cancers in infants; most children are diagnosed before two and one-half years of age. When retinoblastoma affects both eyes, the average age of diagnosis is 12 months.

(4) Increased emphasis on optimal examination methods, such as dilation of the eye with eye drops, may facilitate detection of the abnormal disease process inside the eye of the newborn. An abnormal screen will facilitate timely referral to an appropriately licensed health care provider acting within his or her scope of practice for diagnosis and to an ophthalmologist for treatment.

(5) Early detection and referral of an abnormal red reflex pupillary screen would allow early diagnosis of congenital cataract or retinoblastoma which, if recognized and treated as soon as possible after birth, could cause little long-term disability.

(6) Early diagnosis and intervention can reduce the number of visually impaired citizens, and reduce the amount of public expenditures for health care, special education, and related services.

SEC. 2. Article 6.4 (commencing with Section 124111) is added to Chapter 3 of Part 2 of Division 106 of the Health and Safety Code, to read:

Article 6.4. Newborn Eye Pathology Screening

124111. (a) The Newborn Eye Pathology Screening Task Force is established and shall advise the State Department of Health Services on the newborn eye pathology screening protocol.

(b) The task force shall be composed of the following 12 members:

(1) The Director of Health Services as a nonvoting ex officio member.

(2) The 11 voting members shall be appointed by the Director of Health Services as follows:

(A) One ophthalmologist with a background in or knowledge of providing services to infants with retinoblastoma.

(B) One pediatric ophthalmologist who sees general pediatric patients and is a designee of the American Association for Pediatric Ophthalmology and Strabismus.

(C) One academic pediatrician with a background in or knowledge of infant eye pathology screening.

(D) One parent representing families with a child with blindness or other ocular abnormalities affecting vision.

(E) One representative from the California Academy of Family Physicians.

(F) One representative recommended by the State Department of Health Services.

(G) One representative from the American Academy of Pediatrics, California District.

(H) One community pediatrician with a background in or experience with the routine instillation of dilating eye drops as part of red reflex screening.

(I) One nurse with a background in or knowledge of the current department program for the instillation of eye drops to prevent conjunctivitis.

(J) One retinal specialist with research experience in detecting the signs of treatable congenital eye disease.

(K) One optometrist with a background in or experience with pupil dilation in infants and red reflex screening for intraocular pathology.

(c) Task force members shall serve without compensation, but shall be reimbursed for necessary travel expenses incurred in the performance of the duties of the task force.

124112. (a) On or before June 30, 2002, the department shall adopt the protocol developed by the American Academy of Pediatrics to optimally detect the presence of treatable causes of blindness in infants by two months of age. If a protocol is not developed on or before June 30, 2002, the department, in consultation with representatives of the Newborn Eye Pathology Task Force, shall establish a protocol to optimally detect the presence of treatable causes of blindness in infants by two months of age on or before January 1, 2003.

(b) If the American Academy of Pediatrics develops a protocol to optimally detect the presence of treatable causes of blindness by two months of age after the adoption of the protocol developed by the department, the department shall conform its protocol to the protocol adopted by the American Academy of Pediatrics.

(c) Nothing in the section shall be construed to supersede the clinical judgment of the licensed health care provider.

(d) Any screening examination recommended pursuant to subdivision (a) shall not be conducted on a newborn if a parent or guardian of the newborn objects to the examination on the grounds that the examination conflicts with the religious beliefs or practices of the parent or guardian.

CHAPTER 326

An act to add Section 111246 to the Health and Safety Code, relating to environmental health.

[Approved by Governor September 5, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Lindane is the working ingredient in over 2 million prescriptions issued each year for biocidal shampoos and creams meant to control head lice and scabies.

(b) The prescriptions containing Lindane are prescribed to young children, pregnant women, and nursing mothers.

(c) The main source of Lindane in sewers is from the treatment of head lice and the treatment of scabies, which is a mite that can live in human skin.

(d) A single treatment of Lindane to kill head lice or scabies pollutes 6 million gallons of water.

(e) According to the State Department of Health Services, Lindane has been shown to damage the liver, kidney, nervous systems, and immune systems of laboratory animals such as rats, mice, and dogs when exposed to high levels during their lifetime.

(f) The State Department of Health Services stated that Lindane is less effective and has more potential toxicity than the easily available alternatives; therefore, there is no reason to continue prescribing Lindane for the control of head lice in California.

SEC. 2. Section 111246 is added to the Health and Safety Code, to read:

111246. Commencing January 1, 2002, any product used for the treatment of lice or scabies in human beings that contains the pesticide Lindane shall not be used or sold in the state.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 327

An act to repeal and add Article 2 (commencing with Section 106750) of Chapter 4 of Part 1 of Division 104 of the Health and Safety Code, relating to environmental health.

[Approved by Governor September 5, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 2 (commencing with Section 106750) of Chapter 4 of Part 1 of Division 104 of the Health and Safety Code is repealed.

SEC. 2. Article 2 (commencing with Section 106750) is added to Chapter 4 of Part 1 of Division 104 of the Health and Safety Code, to read:

106750. This article establishes requirements for radon certification.

106770. ''Department'' means the State Department of Health Services.

106775. ''Radon services'' means any of the following:

(a) The analysis of radon detectors or testing for radon or radon decay products by a commercial laboratory.

(b) The performance of radon or radon progeny measurements in buildings by an individual person who provides professional or expert advice on radon and radon progeny measurements, radon entry routes, and other radon related activities.

(c) The repair or alteration by an individual person of a building or design for the purpose, in whole or in part, of reducing the concentration of radon in the indoor atmosphere.

106780. (a) Except as provided in Section 106790, no person may provide radon services for the general pubic, or represent or advertise that he or she may provide radon services unless that person meets both of the following requirements:

(1) Successfully completes the National Radon Measurement Proficiency Program of the National Environmental Health Association or the National Radon Safety Board Certified Radon Professional Program.

(2) Submits to the department a copy of certificate demonstrating successful completion of either program.

(b) Persons certified to provide radon services shall successfully complete and submit to the department proof of completion of the National Radon Measurement Proficiency Program of the National Environmental Health Association or the National Radon Safety Board

Certified Radon Professional Program every two years after initial certification.

(c) A copy of the current certificate of completion shall be submitted to the department at least 14 days prior to conducting radon services within the state.

106785. The department shall maintain a list of persons that have submitted proof of certification by either the National Environmental Health Association or the National Radon Safety Board Certified Radon Professional Program. This list shall be made available to the public.

106790. This article does not apply to a person in any of the following circumstances:

(a) The person is testing for, or mitigating radon in a building that the person owns or occupies.

(b) The person is designing or conducting mitigation measures to prevent against radon infiltration or accumulation in new construction.

(c) The person is performing scientific research regarding testing or mitigation of radon, but only if the person informs the owner and the occupant of the building of all of the following:

(1) That the person is not certified by the National Radon Measurement Proficiency Program of the National Environmental Health Association or the National Radon Safety Board Certified Radon Professional Program.

(2) Any test results are neither certified nor valid for legal purposes.

(3) Any mitigation methods suggested or used are experimental.

106795. It is unlawful for an individual to provide radon services in violation of this article. A violation of this article is a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000).

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 328

An act to add Section 332.1 to the Public Utilities Code, relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 2000. Filed with
Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the San Diego Gas and Electric Company is the only electrical corporation in this state whose customers are no longer protected by a statutorily imposed rate freeze, and that those customers alone are therefore subject to severe economic hardship because of unprecedented bill volatility and extraordinarily high rate levels.

(b) It is the intent of the Legislature to protect against a simple deferral of payment by future customers by establishing incentives for prudent procurement by the San Diego Gas and Electric Company, encouraging appropriate action by federal and state oversight agencies, and offsetting any undercollection in the balancing accounts with revenues associated with sales of energy from utility owned or managed generation assets.

SEC. 2. Section 332.1 is added to the Public Utilities Code, to read:

332.1. (a) (1) It is the intent of the Legislature to enact Item 1 (revised) on the commission's August 21, 2000 agenda, entitled ''Opinion Modifying Decision (D.) D.00-06-034 and D.00-08-021 to Regarding Interim Rate Caps for San Diego Gas and Electric Company,'' as modified below.

(2) It is also the intent of the Legislature that to the extent that the Federal Energy Regulatory Commission orders refunds to electrical corporations pursuant to their findings, the commission shall ensure that any refunds are returned to customers.

(b) The commission shall establish a ceiling of six and five-tenth cents ($.065) per kilowatt hour on the energy component of electric bills for residential, small commercial, and street lighting customers of the San Diego Gas and Electric Company, through December 31, 2002, retroactive to June 1, 2000. If the commission finds it in the public interest, this ceiling may be extended through December 2003 and may be adjusted as provided in subdivision (d).

(c) The commission shall establish an accounting procedure to track and recover reasonable and prudent costs of providing electric energy to retail customers unrecovered through retail bills due to the application of the ceiling provided for in subdivision (b). The accounting procedure shall utilize revenues associated with sales of energy from utility-owned or managed generation assets to offset an undercollection, if undercollection occurs. The accounting procedure shall be reviewed periodically by the commission, but not less frequently than semiannually. The commission may utilize an existing proceeding to

perform the review. The accounting procedure and review shall provide a reasonable opportunity for San Diego Gas and Electric Company to recover its reasonable and prudent costs of service over a reasonable period of time.

(d) If the commission determines that it is in the public interest to do so, the commission, after the date of the completion of the proceeding described in subdivision (g), may adjust the ceiling from the level specified in subdivision (b), consistent with the Legislature's intent to provide substantial protections for customers of the San Diego Gas and Electric Company and their interest in just and reasonable rates and adequate service.

(e) For purposes of this section, ''small commercial customer'' includes, but is not limited to, all San Diego Gas and Electric Company accounts on Rate Schedule A of the San Diego Gas and Electric Company, all accounts of customers who are ''general acute care hospitals,'' as defined in Section 1250 of the Health and Safety Code, all San Diego Gas and Electric Company accounts of customers who are public or private schools for pupils in kindergarten or any of grades 1 to 12, inclusive, and all accounts on Rate Schedule AL-TOU under 100 kilowatts.

(f) The commission shall establish a program for large commercial, agricultural, and industrial customers who buy energy from the San Diego Gas and Electric Company, on a voluntary basis, at the election of the customer, to set the energy component of their bills at six and five-tenths cents ($.065) per kilowatt hour with a true-up after a year.

(g) The commission shall institute a proceeding to examine the prudence and reasonableness of the San Diego Gas and Electric Company in the procurement of wholesale energy on behalf of its customers, for a period beginning at the latest on June 1, 2000. If the commission finds that San Diego Gas and Electric Company acted imprudently or unreasonably, the commission shall issue orders that it determines to be appropriate affecting the retail rates of San Diego Gas and Electric Company customers including, but not limited to, refunds.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 4. The Legislature finds and declares that, due to the special circumstances surrounding the San Diego Gas and Electric Company, a general statute cannot be made applicable within the meaning of Section

16 of Article IV of the California Constitution, and the enactment of a special statute is therefore necessary.

SEC. 5. Sections 1 to 4, inclusive, of this act shall become operative only if AB 970 of the 1999–2000 Regular Session is enacted and becomes operative on or before January 1, 2001.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide timely relief to ratepayers in the service territory of the San Diego Gas and Electric Company suffering from a rapid increase in retail energy rates due to spiraling wholesale energy costs, thereby endangering the public peace, health, and safety, it is necessary that this act take immediate effect.

CHAPTER 329

An act to add and repeal Section 12078 of the Government Code, to add and repeal Section 42301.14 of the Health and Safety Code, to add Chapter 6.5 (commencing with Section 25550) to Division 15 of, and to repeal Sections 25550, 25552, and 25555 of, the Public Resources Code, and to amend Section 372 of, and to add Section 399.15 to, the Public Utilities Code, relating to energy resources, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the California Energy Security and Reliability Act of 2000.

SEC. 2. The Legislature finds and declares as follows:

(a) In recent years there has been significant growth in the demand for electricity in the state due to factors such as growth in population and economic activities that rely on electrical generation.

(b) In the past decade, efforts to construct and operate new, environmentally superior and efficient generation facilities and to promote cost-effective energy conservation and demand-side management have seriously lagged.

(c) As a result, California faces potentially serious electricity shortages over the next two years, which necessitates immediate action by the state.

(d) The purpose of this act is to provide a balanced response to the electricity problems facing the state that will result in significant new investments in new, environmentally superior electricity generation, while also making significant new investments in conservation and demand-side management programs in order to meet the energy needs of the state for the next several years.

(e) It is further the intent of this act to provide assistance to persons proposing to construct electrical generation facilities without in any manner compromising environmental protection.

SEC. 3. Section 12078 is added to the Government Code, to read:

12078. (a) There is hereby established the Governor's Clean Energy GREEN TEAM, which shall consist of a chairperson and not more than 15 members as follows:

(1) The Chair of the Electricity Oversight Board.

(2) The President of the California Public Utilities Commission.

(3) The Chair of the Energy Resources Conservation and Development Commission.

(4) The Secretary for Environmental Protection.

(5) The Secretary of the Resources Agency.

(6) The Secretary of the Trade and Commerce Agency.

(7) The director of the Governor's Office of Planning and Research.

(8) Representatives from the United States Environmental Protection Agency, the United States Fish and Wildlife Service, and other affected federal agencies appointed by the Governor.

(9) Representatives of local and regional agencies, including, but not limited to, air pollution control districts and air quality management districts appointed by the Governor.

(b) Within 90 days of the effective date of this section, the GREEN TEAM shall do all of the following:

(1) Compile and, upon request, make available to persons proposing to construct powerplants, all available guidance documents and other information on the environmental effects associated with powerplants proposed to be certified pursuant to Division 15 (commencing with Section 25000) of the Public Resources Code, and including state-of-the-art and best available control technologies and air emissions offsets that could be used to mitigate those environmental effects.

(2) Upon request, provide assistance to persons proposing to construct powerplants in obtaining essential inputs, including, but not limited to, natural gas supply, emission offsets, and necessary water supply.

(3) Upon request, provide assistance to persons proposing to construct powerplants pursuant to Chapter 6 (commencing with Section 25500) of Division 15 of the Public Resources Code in identifying the

environmental effects of such powerplants and any actions the person may take to mitigate those effects.

(4) Upon request, provide assistance to persons proposing to construct powerplants in working with local governments in ensuring that local permits, land use authorizations, and other approvals made at the local level are undertaken in the most expeditious manner feasible without compromising public participation or environmental protection.

(5) Develop recommendations for low- or zero-interest financing programs for renewable energy, including distributed renewable energy for state and nonprofit corporations.

(c) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 4. Section 42301.14 is added to the Health and Safety Code, to read:

42301.14. (a) To the extent permitted by the federal Clean Air Act (42 U.S.C. Sec. 7401 et seq.), and notwithstanding Section 65950 of the Government Code, a district may issue a temporary, expedited, consolidated permit, as provided by Sections 42300.1 and 42301.3, for a powerplant within 60 days after the date of certification of an environmental impact report, within 30 days after the adoption of a negative declaration, or within 30 days after the date of a determination that the project is exempt from Division 13 (commencing with Section 21000) of the Public Resources Code, if all of the following conditions are met:

(1) The powerplant will emit less than 5 parts per million of oxides of nitrogen averaged over a three-hour period.

(2) The powerplant will operate exclusively under the terms of a contract entered into with the Independent System Operator and approved by the Electricity Oversight Board established pursuant to Article 2 (commencing with Section 334) of Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code.

(3) The owner or operator of the powerplant shall demonstrate that the powerplant, on average, will displace electrical generation that produces greater air emissions in the same air basin or in a basin that causes air pollution transport into that basin.

(4) The powerplant will be interconnected to the grid in a manner that the Public Utilities Commission, in consultation with the Electricity Oversight Board, has determined will allow the powerplant to provide service to a geographical area of the state that is urgently in need of generation in order to provide reliable electric service. However, nothing in this paragraph affects the authority of the Energy Resources Conservation and Development Commission over powerplants

pursuant to Chapter 6 (commencing with Section 25500) of Division 15 of the Public Resources Code.

(5) The powerplant will be operated at a location that has the necessary fueling and electrical transmission and distribution infrastructure for its operation.

(6) The owner or operator of the powerplant enters into a binding and enforceable agreement with the district, and where applicable, with the Energy Resources Conservation and Development Commission, which demonstrates either of the following:

(A) That the powerplant will cease to operate and the permit will terminate within three years.

(B) That the powerplant will be modified, replaced, or removed within a period of three years with a combined-cycle powerplant that uses best available control technology and offsets, as determined at the time the combined-cycle plant is constructed, and that complies with all other applicable laws and regulations.

(7) Where applicable, the owner or operator of the powerplant will obtain offsets or, where offsets are unavailable, pay an air emissions mitigation fee to the district based upon the actual emissions from the powerplant, to the district for expenditure by the district pursuant to Chapter 9 (commencing with Section 44275) of Part 5, to mitigate the emissions from the plant.

(8) It is the intent of the Legislature in this section to encourage the expedited siting of cleaner generating units to address peaking power needs. It is further the intent of the Legislature to require local air quality management districts and air pollution control districts to recognize the critical need for these facilities and the short life span of these facilities in exercising their discretionary authority to apply more restrictive air quality regulations than would otherwise be required by law.

(b) This section may be utilized for the purpose of expediting the siting of electrical generating facilities pursuant to Chapter 6 (commencing with Section 25500) of Division 15 of the Public Resources Code.

(c) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 5. Chapter 6.5 (commencing with Section 25550) is added to Division 15 of the Public Resources Code, to read:

CHAPTER 6.5. EXPEDITED SITING OF ELECTRICAL GENERATION

25550. (a) Notwithstanding subdivision (a) of Section 25522, and Section 25540.6 the commission shall establish a process to issue its final certification for any thermal powerplant and related facilities

within six months after the filing of the application for certification that, on the basis of an initial review, shows that there is substantial evidence that the project will not cause a significant adverse impact on the environment or electrical system and will comply with all applicable standards, ordinances, or laws. For purposes of this section, filing has the same meaning as in Section 25522.

(b) Thermal powerplants and related facilities reviewed under this process shall satisfy the requirements of Section 25520 and other necessary information required by the commission, by regulation, including the information required for permitting by each local, state, and regional agency that would have jurisdiction over the proposed thermal powerplant and related facilities but for the exclusive jurisdiction of the commission and the information required for permitting by each federal agency that has jurisdiction over the proposed thermal powerplant and related facilities.

(c) After acceptance of an application under this section, the commission shall not be required to issue a six-month final decision on the application if it determines there is substantial evidence in the record that the thermal powerplant and related facilities may result in a significant adverse impact on the environment or electrical system or does not comply with an applicable standard, ordinance, or law. Under this circumstance, the commission shall make its decision in accordance with subdivision (a) of Section 25522 and Section 25540.6, and a new application shall not be required.

(d) For an application that the commission accepts under this section, all local, regional, and state agencies that would have had jurisdiction over the proposed thermal powerplant and related facilities, but for the exclusive jurisdiction of the commission, shall provide their final comments, determinations, or opinions within 100 days after the filing of the application. The regional water quality control boards, as established pursuant to Chapter 4 (commencing with Section 13200) of Division 7 of the Water Code, shall retain jurisdiction over any applicable water quality standard that is incorporated into any final certification issued pursuant to this chapter.

(e) Thermal powerplants and related facilities that demonstrate superior environmental or efficiency performance shall receive priority in review.

(f) With respect to a thermal powerplant and related facilities reviewed under the process established by this chapter, it shall be shown that the applicant has a contract with a general contractor and has contracted for an adequate supply of skilled labor to construct, operate, and maintain the plant.

(g) With respect to a thermal powerplant and related facilities reviewed under the process established by this chapter, it shall be shown

that the thermal powerplant and related facilities complies with all regulations adopted by the commission that ensure that an application addresses disproportionate impacts in a manner consistent with Section 65040.12 of the Government Code.

(h) This section shall not apply to an application filed with the commission on or before August 1, 1999.

(i) To implement this section, the commission may adopt emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 2 of Division 3 of Title 2 of the Government Code. For purposes of that chapter, including without limitation, Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health, safety, and general welfare.

(j) This section shall remain in effect until January 1, 2004, and as of that date is repealed unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

25552. (a) The commission shall implement a procedure, consistent with Division 13 (commencing with Section 21000) and with the federal Clean Air Act (42 U.S.C.A. Sec. 7401 et seq.), for an expedited decision on simple cycle thermal powerplants and related facilities that can be put into service on or before August 1, 2001, including a procedure for considering amendments to a pending application if the amendments specify a change from a combined cycle thermal powerplant and related facilities to a simple cycle thermal powerplant and related facilities.

(b) The procedure shall include all of the following:

(1) A requirement that, within 15 days of receiving the application or amendment to a pending application, the commission shall determine whether the application is complete.

(2) A requirement that, within 25 days of determining that an application is complete, the commission shall determine whether the application qualifies for an expedited decision pursuant to this section. If an application qualifies for an expedited decision pursuant to this section, the commission shall provide the notice required by Section 21092.

(c) The commission shall issue its final decision on an application, including an amendment to a pending application, within four months from the date on which it deems the application or amendment complete, or at any later time mutually agreed upon by the commission and the applicant, provided that the thermal powerplant and related facilities remain likely to be in service before or during August 2001.

(d) The commission shall issue a decision granting a license to a simple cycle thermal powerplant and related facilities pursuant to this section if the commission finds all of the following:

(1) The thermal powerplant is not a major stationary source or a modification to a major stationary source, as defined by the federal Clean Air Act, and will be equipped with best available control technology, in consultation with the appropriate air pollution control district or air quality management district and the State Air Resources Board.

(2) The thermal powerplant and related facilities will not have a significant adverse effect on the environment as a result of construction or operation.

(3) With respect to a project for a thermal powerplant and related facilities reviewed under the process established by this section, the applicant has a contract with a general contractor and has contracted for an adequate supply of skilled labor to construct, operate, and maintain the thermal powerplant.

(e) In order to qualify for the procedure established by this section, an application or an amendment to a pending application shall be complete by October 31, 2000, satisfy the requirements of Section 25523, and include a description of the proposed conditions of certification that will do all of the following:

(1) Assure that the thermal powerplant and related facilities will not have a significant adverse effect on the environment as a result of construction or operation.

(2) Assure protection of public health and safety.

(3) Result in compliance with all applicable federal, state, and local laws, ordinances, and standards.

(4) A reasonable demonstration that the thermal powerplant and related facilities, if licensed on the expedited schedule provided by this section, will be in service before August 1, 2001.

(5) A binding and enforceable agreement with the commission, that demonstrates either of the following:

(A) That the thermal powerplant will cease to operate and the permit will terminate within three years.

(B) That the thermal powerplant will be modified, replaced, or removed within a period of three years with a combined-cycle thermal powerplant that uses best available control technology and obtains necessary offsets, as determined at the time the combined-cycle thermal powerplant is constructed, and that complies with all other applicable laws, ordinances, and standards.

(6) Where applicable, that the thermal powerplant will obtain offsets or, where offsets are unavailable, pay an air emissions mitigation fee to the air pollution control district or air quality management district based upon the actual emissions from the thermal powerplant, to the district for

expenditure by the district pursuant to Chapter 9 (commencing with Section 44275) of Part 5 of Division 26 of the Health and Safety Code, to mitigate the emissions from the plant. To the extent consistent with federal law and regulation, any offsets required pursuant to this paragraph shall be based upon a 1:1 ratio, unless, after consultation with the applicable air pollution control district or air quality management district, the commission finds that a different ratio should be required.

(7) Nothing in this section shall affect the ability of an applicant that receives approval to install simple cycle thermal powerplants and related facilities as an amendment to a pending application to proceed with the original application for a combined cycle thermal powerplant or related facilities.

(f) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date except that the binding commitments in paragraph (5) of subdivision (e) shall remain in effect after that date.

25553. Notwithstanding any other provision of law, on or before 120 days after the effective date of this section or on the earliest feasible date thereafter, the commission shall take both of the following actions:

(a) Update its assessment in trends in energy consumption pursuant to Section 25216 in order to provide the Governor, the Legislature, and the public with accurate information on the status of electricity supply, demand, and conservation in the state and to recommend measures that could be undertaken to ensure adequate supply and energy conservation in the state.

(b) Adopt and implement updated and cost-effective standards pursuant to Section 25402 to ensure the maximum feasible reductions in wasteful, uneconomic, inefficient, or unnecessary consumption of electricity.

25555. (a) In consultation with the Public Utilities Commission, the commission shall implement the peak electricity demand reduction grant programs listed in paragraphs (1), (2), and (3). The commission's implementation of these programs shall be consistent with guidelines established pursuant to subdivision (b). The award of a grant pursuant to this section is subject to appeal to the commission upon a showing that factors other than those adopted by the commission were applied in making the award. Any action taken by an applicant to apply for, or to become or remain eligible to receive, a grant award, including satisfying conditions specified by the commission, does not constitute the rendering of goods, services, or a direct benefit to the commission. Awards made pursuant to this section are not subject to any repayment requirements of Chapter 7.4 (commencing with Section 25645). The

peak electricity demand programs the commission shall implement pursuant to this section shall include, but not be limited to, the following:

(1) For San Francisco Bay Area and San Diego region electricity customers, the peak electricity demand program shall include both of the following:

(A) Incentives for price responsive heating, ventilation, air conditioning, and lighting systems.

(B) Incentives for cool communities.

(2) For statewide electricity customers, the peak electricity demand program shall include all of the following:

(A) Incentives for price responsive heating, ventilation, air conditioning, and lighting systems.

(B) Incentives for cool communities.

(C) Incentives for energy efficiency improvements for public universities and other state facilities.

(D) Funding for state building peak reduction measures.

(E) Incentives for light-emitting diode traffic signals.

(F) Incentives for water and wastewater treatment pump and related equipment retrofits.

(3) Renewable energy development, except hydroelectric development, for both onsite distributed energy development and for commercial scale projects through which awards may be made by the commission to reduce the cost of financing those projects.

(b) In consultation with the Public Utilities Commission, the commission shall establish guidelines for the administration of this section. The guidelines shall enable the commission to allocate funds between the programs as it determines necessary to lower electricity system peak demand. The guidelines adopted pursuant to this subdivision are not regulations subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) The commission may choose from among one or more business entities capable of supplying or providing goods or services that meet a specified need of the commission in carrying out the responsibilities for programs included in this section. The commission may select an entity on a sole source basis if the cost to the state will be reasonable and the commission determines that it is in the state's best interest.

(d) The commission shall contract with one or more business entities for evaluation of the effectiveness of the programs implemented pursuant to subdivision (a). The contracting provisions specified in subdivision (c) shall apply to these contracts.

(e) For purposes of this section, the following definitions shall apply:

(1) ''Low-rise buildings'' means one and two story buildings.

(2) ''Price responsive heating, ventilation, air conditioning, and lighting systems'' means a program that provides incentives for the installation of equipment that will automatically lower the electricity consumption of these systems when the price of electricity reaches specific thresholds.

(3) ''Light-emitting diode traffic signals'' means a program to provide incentives to encourage the replacement of incandescent traffic signal lamps with light-emitting diodes.

(4) ''Cool communities'' means a program to reduce ''heat island'' effects in urban areas and thereby conserve energy and reduce peak demand.

(5) ''Water and wastewater treatment pump retrofit'' means a program to provide incentives to encourage the retrofit and replacement of water and wastewater treatment pumps and equipment and installation of energy control systems in order to reduce their electricity consumption during periods of peak electricity system demand.

(f) The commission may expend no more than 3 percent of the amount appropriated to implement this section, for purposes of administering this section.

(g) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2004, deletes or extends that date.

SEC. 6. Section 372 of the Public Utilities Code is amended to read:

372. (a) It is the policy of the state to encourage and support the development of cogeneration as an efficient, environmentally beneficial, competitive energy resource that will enhance the reliability of local generation supply, and promote local business growth. Subject to the specific conditions provided in this section, the commission shall determine the applicability to customers of uneconomic costs as specified in Sections 367, 368, 375, and 376. Consistent with this state policy, the commission shall provide that these costs shall not apply to any of the following:

(1) To load served onsite or under an over the fence arrangement by a nonmobile self-cogeneration or cogeneration facility that was operational on or before December 20, 1995, or by increases in the capacity of such a facility to the extent that such increased capacity was constructed by an entity holding an ownership interest in or operating the facility and does not exceed 120 percent of the installed capacity as of December 20, 1995, provided that prior to June 30, 2000, the costs shall apply to over the fence arrangements entered into after December 20, 1995, between unaffiliated parties. For the purposes of this subdivision, ''affiliated'' means any person or entity that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under

common on control with another specified entity. ''Control'' means either of the following:

(A) The possession, directly or indirectly, of the power to direct or to cause the direction of the management or policies of a person or entity, whether through an ownership, beneficial, contractual, or equitable interest.

(B) Direct or indirect ownership of at least 25 percent of an entity, whether through an ownership, beneficial or equitable interest.

(2) To load served by onsite or under an over the fence arrangement by a nonmobile self-cogeneration or cogeneration facility for which the customer was committed to construction as of December 20, 1995, provided that the facility was substantially operational on or before January 1, 1998, or by increases in the capacity of such a facility to the extent that the increased capacity was constructed by an entity holding an ownership interest in or operating the facility and does not exceed 120 percent of the installed capacity as of January 1, 1998, provided that prior to June 30, 2000, the costs shall apply to over the fence arrangements entered into after December 20, 1995, between unaffiliated parties.

(3) To load served by existing, new, or portable emergency generation equipment used to serve the customer's load requirements during periods when utility service is unavailable, provided such emergency generation is not operated in parallel with the integrated electric grid, except on a momentary parallel basis.

(4) After June 30, 2000, to any load served onsite or under an over the fence arrangement by any nonmobile self-cogeneration or cogeneration facility.

(b) Further, consistent with state policy, with respect to self-cogeneration or cogeneration deferral agreements, the commission shall do the following:

(1) Provide that a utility shall execute a final self-cogeneration or cogeneration deferral agreement with any customer that, on or before December 20, 1995, had executed a letter of intent (or similar documentation) to enter into the agreement with the utility, provided that the final agreement shall be consistent with the terms and conditions set forth in the letter of intent and the commission shall review and approve the final agreement.

(2) Provide that a customer that holds a self-cogeneration or cogeneration deferral agreement that was in place on or before December 20, 1995, or that was executed pursuant to paragraph (1) in the event the agreement expires, or is terminated, may do any of the following:

(A) Continue through December 31, 2001, to receive utility service at the rate and under terms and conditions applicable to the customer under the deferral agreement that, as executed, includes an allocation of uneconomic costs consistent with subdivision (e) of Section 367.

(B) Engage in a direct transaction for the purchase of electricity and pay uneconomic costs consistent with Sections 367, 368, 375, and 376.

(C) Construct a self-cogeneration or cogeneration facility of approximately the same capacity as the facility previously deferred, provided that the costs provided in Sections 367, 368, 375, and 376 shall apply consistent with subdivision (e) of Section 367, unless otherwise authorized by the commission pursuant to subdivision (c).

(3) Subject to the fire wall described in subdivision (e) of Section 367 provide that the ratemaking treatment for self-cogeneration or cogeneration deferral agreements executed prior to December 20, 1995, or executed pursuant to paragraph (1) shall be consistent with the ratemaking treatment for the contracts approved before January 1995.

(c) The commission shall authorize, within 60 days of the receipt of a joint application from the serving utility and one or more interested parties, applicability conditions as follows:

(1) The costs identified in Sections 367, 368, 375, and 376 shall not, prior to June 30, 2000, apply to load served onsite by a nonmobile self-cogeneration or cogeneration facility that became operational on or after December 20, 1995.

(2) The costs identified in Sections 367, 368, 375, and 376 shall not, prior to June 30, 2000, apply to any load served under over the fence arrangements entered into after December 20, 1995, between unaffiliated entities.

(d) For the purposes of this subdivision, all onsite or over the fence arrangements shall be consistent with Section 218 as it existed on December 20, 1995.

(e) To facilitate the development of new microcogeneration applications, electrical corporations may apply to the commission for a financing order to finance the transition costs to be recovered from customers employing the applications.

(f) To encourage the continued development, installation, and interconnection of clean and efficient self-generation and cogeneration resources, to improve system reliability for consumers by retaining existing generation and encouraging new generation to connect to the electric grid, and to increase self-sufficiency of consumers of electricity through the deployment of self-generation and cogeneration, both of the following shall occur:

(1) The commission and the Electricity Oversight Board shall determine if any policy or action undertaken by the Independent System Operator, directly or indirectly, unreasonably discourages the connection of existing self-generation or cogeneration or new self-generation or cogeneration to the grid.

(2) If the commission and the Electricity Oversight Board find that any policy or action of the Independent System Operator unreasonably

discourages, the connection of existing self-generationor cogeneration or new self-generation or cogeneration to the grid, the commission and the Electricity Oversight Board shall undertake all necessary efforts to revise, mitigate, or eliminate that policy or action of the Independent System Operator.

SEC. 7. Section 399.15 is added to the Public Utilities Code, to read:

399.15. Notwithstanding any other provision of law, within 180 days of the effective date of this section, the commission, in consultation with the Independent System Operator, shall take all of the following actions, and shall include the reasonable costs involved in taking those actions in the distribution revenue requirements of utilities regulated by the commission, as appropriate:

(a) (1) Identify and undertake those actions necessary to reduce or remove constraints on the state's existing electrical transmission and distribution system, including, but not limited to, reconductoring of transmission lines, the addition of capacitors to increase voltage, the reinforcement of existing transmission capacity, and the installation of new transformer banks. The commission shall, in consultation with the Independent System Operator, give first priority to those geographical regions where congestion reduces or impedes electrical transmission and supply.

(2) Consistent with the existing statutory authority of the commission, the commission shall afford electrical corporations a reasonable opportunity to fully recover costs it determines are reasonable and prudent to plan, finance, construct, operate, and maintain any facilities under its jurisdiction required by this section.

(b) In consultation with the State Energy Resources Conservation and Development Commission, adopt energy conservation demand-side management and other initiatives in order to reduce demand for electricity and reduce load during peak demand periods. Those initiatives shall include, but not be limited to, all of the following:

(1) Expansion and acceleration of residential and commercial weatherization programs.

(2) Expansion and acceleration of programs to inspect and improve the operating efficiency of heating, ventilation, and air-conditioning equipment in new and existing buildings, to ensure that these systems achieve the maximum feasible cost-effective energy efficiency.

(3) Expansion and acceleration of programs to improve energy efficiency in new buildings, in order to achieve the maximum feasible reductions in uneconomic energy and peak electricity consumption.

(4) Incentives to equip commercial buildings with the capacity to automatically shut down or dim nonessential lighting and incrementally raise thermostats during peak electricity demand period.

(5) Evaluation of installing local infrastructure to link temperature setback thermostats to real-time price signals.

(6) Incentives for load control and distributed generation to be paid for enhancing reliability.

(7) Differential incentives for renewable or super clean distributed generation resources.

(8) Reevaluation of all efficiency cost-effectiveness tests in light of increases in wholesale electricity costs and of natural gas costs to explicitly include the system value of reduced load on reducing market clearing prices and volatility.

(c) In consultation with the Energy Resources Conservation and Development Commission, adopt and implement a residential, commercial, and industrial peak reduction program that encourages electric customers to reduce electricity consumption during peak power periods.

SEC. 8. The sum of fifty seven million five hundred thousand dollars ($57,500,000) is hereby appropriated from the General Fund to the State Controller for the following purposes:

(a) Five million two hundred thousand dollars ($5,200,000) to fund temporary staff resources, including, but not limited to, limited term positions, not to exceed four years, at the Energy Resources Conservation and Development Commission, the agencies, boards, and departments within the California Environmental Protection Agency, and the Resources Agency, with jurisdiction over electrical powerplant siting and conservation and demand side management programs, for the exclusive purpose of implementing programs pursuant to this act.

(1) Prior to the expenditure of funds pursuant to this subdivision, the commission shall prepare and submit an expenditure plan to the Governor and the Legislature that specifies those agencies and positions for which those funds will be expended.

(2) It is the intent of the Legislature that these funds for staff resources be expended exclusively to implement programs that achieve the maximum feasible cost-effective energy conservation and efficiency while providing the necessary staff resources to expedite siting of electrical powerplants that meet the criteria established pursuant to the act adding this section.

(b) Two million three hundred thousand dollars ($2,300,000) to the Public Utilities Commission, to fund temporary staff resources, including limited term positions not to exceed four years, and to implement the programs established pursuant to this act.

(c) Fifty million dollars ($50,000,000) to the Energy Resources Conservation and Development Commission, to implement cost-effective energy conservation and demand-side management programs established pursuant to Section 25555 of the Public Resources

Code, as enacted by this act. The commission shall prioritize conservation and demand-side management programs funded pursuant to this subdivision to ensure that those programs that achieve the most immediate and cost-effective energy savings are undertaken as a first priority.

SEC. 9. Nothing in this act shall, in any way, apply to a pending application for the certification of the Metcalf Energy Center, which was filed with the State Energy Resources Conservation and Development Commission by Calpine and Bechtel under Docket No. (99-AFC-3).

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the shortage of electric generation capacity to meet the needs of the people of this state and in order to limit further impacts of this shortage on the public health, safety, and welfare, it is necessary that this act take effect immediately.

CHAPTER 330

An act to amend Section 89928 of, and to add Article 1.5 (commencing with Section 89305) to Chapter 3 of Part 55 of, the Education Code, relating to the California State University.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 89305) is added to Chapter 3 of Part 55 of the Education Code, to read:

Article 1.5. Gloria Romero Open Meetings Act of 2000

89305. This article shall be known, and may be cited, as the Gloria Romero Open Meetings Act of 2000.

89305.1. (a) A legislative body of a student body organization shall conduct its business in public meetings. All meetings of the legislative body shall be open and public, and all persons shall be permitted to attend any meeting of the legislative body, except as otherwise provided in this article.

(b) (1) As used in this article:

(A) ''Legislative body'' means any or all of the following:

(i) The governing body of any entity formed or operating pursuant to Section 89300.

(ii) The governing body of any statewide student organization that represents either the students of the California State University or the governing bodies of the student body organizations of the campuses of the California State University, or both.

(iii) A commission, committee, board, subboard, or other body, whether permanent or temporary, created by charter, resolution, or formal action of a legislative body described in clause (i) or (ii). However, an advisory committee is not a legislative body, except that a standing committee of a legislative body, irrespective of its composition, that has a continuing subject matter jurisdiction, or a meeting schedule established by charter, resolution, or formal action of a legislative body is a legislative body for purposes of this article.

(B) ''Meeting'' includes any congregation of a majority of the membership of a legislative body at the same time and place to hear, discuss, or deliberate upon any item that is within the subject matter jurisdiction of the legislative body to which it pertains. ''Meeting'' does not include, and nothing in this section imposes the requirements of this article upon, any of the following:

(i) Individual contacts or conversations between a member of a legislative body and any other person.

(ii) The attendance of a majority of the members of a legislative body at a conference or similar gathering open to the public that involves a discussion of issues of general interest to the public or to higher education of the type represented by the legislative body, provided that a majority of the members do not discuss among themselves, other than as a part of the scheduled program, business of a specified nature that is within the subject matter jurisdiction of the legislative body. Nothing in this clause is intended to allow members of the public free admission to a conference or similar gathering at which the organizers have required other participants or registrants to pay fees or charges as a condition of attendance.

(iii) The attendance of a majority of the members of a legislative body at an open and noticed meeting of another body or entity created or formed by the legislative body, provided that a majority of the members do not discuss among themselves, other than as a part of the scheduled meeting, business of a specific nature that is within the subject matter jurisdiction of the legislative body.

(iv) The attendance of a majority of the members of a legislative body at a purely social or ceremonial occasion, provided that a majority of the members do not discuss among themselves business of a specific nature that is within the subject matter jurisdiction of the legislative body.

(2) For the purposes of this section, ''teleconference'' means a meeting of a legislative body, the members of which are in different locations, connected by electronic means, through either audio or video, or both.

(c) (1) Notwithstanding any other provision of law, the legislative body may use teleconferencing for the benefit of the public and the legislative body in connection with any meeting or proceeding authorized by law. The teleconferenced meeting or proceeding shall comply with all requirements of this chapter and all otherwise applicable provisions of law.

(2) Teleconferencing, as authorized by this section, may be used for all purposes in connection with any meeting within the subject matter jurisdiction of the legislative body. All votes taken during a teleconferenced meeting shall be by rollcall.

(3) If the legislative body elects to use teleconferencing, it shall post agendas at all teleconference locations and conduct teleconference meetings in a manner that protects the statutory and constitutional rights of the parties or the public appearing before the legislative body. Each teleconference location shall be identified in the notice and agenda of the meeting or proceeding, and each teleconference location shall be accessible to the public. The agenda shall provide an opportunity for members of the public to address the legislative body directly pursuant to Section 89306 at each teleconference location.

(d) Nothing in this section shall prohibit a student body organization from providing the public with additional teleconference locations.

(e) No legislative body shall take action by secret ballot, whether preliminary or final.

89305.4. As used in this article, ''action taken'' means a collective decision made by a majority of the members of a legislative body, a collective commitment or promise by a majority of the members of a legislative body to make a positive or a negative decision, or an actual vote by a majority of the members of a legislative body when sitting as a body or entity, upon a motion, proposal, report, resolution, order, or recommendation.

89305.5. (a) Each legislative body shall annually establish, by resolution, bylaws, or whatever other rule is required for the conduct of business by that body, the time and locations for holding regular meetings.

(b) (1) At least 72 hours before a regular meeting, the legislative body, or its designee, shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting, including items to be discussed in closed session. A brief general description of an item generally need not exceed 20 words. The agenda shall specify the time and location of the regular meeting and

shall be posted in a location that is freely accessible to members of the public.

(2) No action or discussion shall be undertaken on any item not appearing on the posted agenda, except that a member of a legislative body, or a member of his or her staff, may briefly respond to statements made or questions posed by a person exercising his or her public testimony rights under Section 89306. In addition, on his or her own initiative or in response to questions posed by the public, a member of a legislative body, or a member of his or her staff, may ask a question for clarification, make a brief announcement, or make a brief report on his or her own activities. Furthermore, a member of a legislative body, or the body itself, subject to the rules or procedures of the legislative body, may provide a reference to staff or other resources for factual information, request staff to report back to the body at a subsequent meeting concerning any matter, or take action to direct staff to place a matter of business on a future agenda.

(c) Notwithstanding subdivision (b), the legislative body may take action on items of business that do not appear on the posted agenda, but are publicly identified under any of the following conditions:

(1) Upon a determination, pursuant to Section 89306.5, by the membership of the legislative body that an emergency situation exists.

(2) Upon a determination by a two-thirds vote of the members of the legislative body present at the meeting, or, if less than two-thirds of the members are present, a unanimous vote of those members present, that there is a need to take immediate action and that the need for action came to the attention of the legislative body subsequent to the agenda being posted as specified in subdivision (b).

(3) The item was posted pursuant to subdivision (b) for a prior meeting of the legislative body occurring not more than five calendar days prior to the present meeting.

89305.7. Any person may request that a copy of the agenda, or a copy of all the documents that constitute the agenda packet, of any meeting of a legislative body be mailed to that person. Upon receipt of the written request, the legislative body or its designee shall cause the requested materials to be mailed at the time the agenda is posted pursuant to Section 89305.5 or upon distribution to all, or a majority of all, of the members of a legislative body, whichever occurs first. Any request for mailed copies of agendas or agenda packets shall be valid for the calendar year in which it is filed, and shall be renewed following January 1 of each year. The legislative body may establish a fee for mailing the agenda or agenda packet, and that fee shall not exceed the cost of providing the service. Failure of the requesting person to receive the agenda or agenda packet pursuant to this section shall not constitute

grounds for invalidation of the actions of the legislative body taken at the meeting for which the agenda or agenda packet was not received.

89306. (a) (1) Every agenda for regular meetings shall provide an opportunity for members of the public to directly address the legislative body on any item affecting higher education at the campus or statewide level, provided that no action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (c) of Section 89305.5.

(2) Notwithstanding paragraph (1), the agenda need not provide an opportunity for members of the public to address the legislative body on any item that has already been considered by a committee, composed exclusively of members of the respective legislative body at a public meeting wherein all interested members of the public were afforded the opportunity to address the committee on the item, before or during the committee's consideration of the item, unless the item has been substantially changed, as determined by the legislative body, since the committee heard the item.

(3) Every notice for a special meeting shall provide an opportunity for members of the public to directly address the legislative body concerning any item that has been described in the notice for the meeting before or during consideration of that item.

(b) A legislative body may adopt reasonable regulations to ensure that the intent of subdivision (a) is carried out, including, but not necessarily limited to, regulations limiting the amount of time allocated for public testimony on a particular issue and for each individual speaker.

(c) A legislative body shall not prohibit public criticism of anything related to the student body organization, the legislative body, or both. Nothing in this subdivision shall confer any privilege or protection for expression beyond that otherwise provided by law.

89306.5. (a) A special meeting may be called at any time by the presiding officer of a legislative body, or by a majority of the membership of the legislative body, by providing written notice to each member of the legislative body, and to each local newspaper of general circulation and radio or television station that has requested notice of special meetings at least 24 hours prior to the meeting. The written notice shall specify the time and place of the meeting and the business to be transacted or discussed. No other business shall be considered at these meetings by the legislative body. Written notice may be dispensed with as to any member who, at or prior to the time the meeting convenes, provides the clerk or the secretary of the legislative body with a waiver of written notice. Written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes.

(b) The call and notice shall be posted at least 24 hours prior to the special meeting in a location that is freely accessible to members of the public.

(c) In the case of an emergency situation involving matters upon which prompt action is necessary due to the disruption or threatened disruption of public facilities, a legislative body may hold an emergency meeting without complying with either the 24-hour notice requirement or the 24-hour posting requirement of subdivision (b), or both.

(d) (1) For purposes of this section, ''emergency situation'' means either of the following:

(A) Work stoppage or other activity that severely impairs public health, safety, or both, as determined by a majority of the membership of the legislative body.

(B) Crippling disaster that severely impairs public health, safety, or both, as determined by a majority of the membership of the legislative body.

(2) Each local newspaper of general circulation and radio or television station that has requested notice of special meetings pursuant to subdivision (a) shall be notified by the presiding officer of the legislative body, or his or her designee, one hour prior to the emergency meeting by telephone. If necessary, the presiding officer or designee shall use all of the telephone numbers provided in the most recent request of that newspaper or station for notification of special meetings to notify the newspaper or radio of the special meeting.

(3) If telephone services are not functioning, the notice requirements of this section shall be deemed waived, and the legislative body, or designee, shall notify those newspapers, radio stations, or television stations of the fact of the holding of the emergency meeting, the purpose of the meeting, and any action taken at the meeting as soon after the meeting as possible.

(e) Notwithstanding subdivision (c) of Section 89307, the legislative body shall not meet in closed session during a meeting called pursuant to this section.

(f) All special meeting requirements prescribed in subdivision (a) shall be applicable to a meeting called pursuant to subdivision (c), with the exception of the 24-hour notice requirement.

(g) The legislative body shall post in a public place, as soon after the meeting as possible and for a minimum of 10 days, the minutes of a meeting called pursuant to subdivision (c), a list of persons who the presiding officer of the legislative body, or designee, notified or attempted to notify, a copy of the rollcall vote, and any actions taken at the meeting.

89307. (a) Any legislative body may hold a closed session under any of the following circumstances:

(1) A closed session with its negotiator prior to the purchase, sale, exchange, or lease of real property by or for the student body organization to grant authority to its negotiator regarding the price and terms of payment for the purchase, sale, exchange, or lease. Prior to the closed session, the legislative body shall hold an open and public session in which it identifies its negotiators, the real property or real properties that the negotiations may concern, and the person or persons with whom its negotiators may negotiate.

(2) For purposes of this subdivision:

(A) A negotiator may be a member of the legislative body.

(B) ''Lease'' includes renewal or renegotiation of a lease.

(b) (1) Based on advice of its legal counsel, holding a closed session to confer with, or receive advice from, its legal counsel regarding a liability claim or pending litigation when discussion in open session concerning the matter would prejudice the position of the student body organization in the litigation.

(2) For purposes of this subdivision, all applications of the lawyer-client privilege other than those provided in this section are hereby abrogated. This section is the exclusive expression of the lawyer-client privilege for purposes of conducting closed-session meetings pursuant to this article.

(3) For purposes of this subdivision, ''litigation'' means any adjudicatory proceeding, including, but not limited to, eminent domain, court proceeding, or a proceeding of an administrative body exercising its adjudicatory authority, hearing officer, or arbitrator.

(4) For purposes of this subdivision, litigation shall be considered pending when any of the following circumstances exist:

(A) Litigation, to which the student body organization is a party, has been initiated formally.

(B) A point has been reached where, in the opinion of the legislative body on the advice of its legal counsel, based on existing facts and circumstances, there is a significant exposure to litigation against the student body organization.

(C) Based on existing facts and circumstances, the legislative body is meeting only to decide whether a closed session is authorized pursuant to subparagraph (B).

(D) Based on existing facts and circumstances, the legislative body has decided to initiate, or is deciding whether to initiate, litigation.

(5) For purposes of subparagraphs (B), (C), and (D) of paragraph (4), ''existing facts and circumstances'' shall consist only of one of the following:

(A) Facts and circumstances that might result in litigation against the student body organization, but which the organization believes are not

yet known to a potential plaintiff or plaintiffs, which facts and circumstances need not be disclosed.

(B) Facts and circumstances, including, but not necessarily limited to, an accident, disaster, incident, or transactional occurrence, that might result in litigation against the student body organization and that are known to a potential plaintiff or plaintiffs, which facts or circumstances shall be publicly stated on the agenda or announced.

(C) The receipt of a claim pursuant to the Tort Claims Act (Division 3.6 (commencing with Section 810) of Title 1 of the Government Code) or some other written communication from a potential plaintiff threatening litigation.

(D) A statement made by a person in an open and public meeting threatening litigation on a specific matter within the responsibility of the legislative body.

(E) A statement threatening litigation made by a person outside an open and public meeting on a specific matter within the responsibility of the legislative body, so long as the official or employee of the student body organization receiving knowledge of the threat makes a contemporaneous or other record of the statement prior to the meeting. The records so created need not identify the alleged victim of unlawful or tortious sexual conduct or anyone making the threat on their behalf, or identify a public employee who is the alleged perpetrator of any unlawful or tortious conduct upon which a threat of litigation is based, unless the identity of the person has been publicly disclosed.

(6) Nothing in this section shall require disclosure of written communications that are privileged and not subject to disclosure pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(7) Prior to holding a closed session pursuant to this section, the legislative body shall state on the agenda or publicly announce and identify the provision of this section that authorizes the closed session. If the session is closed pursuant to paragraph (1), the legislative body shall state the title of or otherwise specifically identify the litigation to be discussed, unless the legislative body states that to do so would jeopardize the ability of the student body organization to effectuate service of process upon one or more unserved parties, or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage.

(8) For purposes of this subdivision, a student body organization shall be considered to be a ''party'' or to have a ''significant exposure to litigation'' if an officer or employee of the student body organization is a party or has significant exposure to litigation concerning prior or prospective activities or alleged activities during the course and scope

of that office or employment, including litigation in which it is an issue whether an activity is outside the course and scope of the office or employment.

(c) (1) Nothing contained in this section shall be construed to prevent a legislative body from holding closed sessions with the Attorney General, district attorney, sheriff, or chief of police, or their respective deputies, on matters posing a threat to the security of public buildings or a threat to the public's right of access to public services or public facilities, or from holding closed sessions during a regular or special meeting to consider the appointment, employment, evaluation of performance, discipline, or dismissal of an employee of the student body organization or to hear complaints or charges brought against the employee by another person or employee unless the employee requests a public session.

(2) As a condition to holding a closed session on specific complaints or charges brought against an employee by another person or employee, the employee shall be given written notice of his or her right to have the complaints or charges heard in an open session rather than a closed session, which notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding the session. If notice is not given, any disciplinary or other action taken by the legislative body against the employee based on the specific complaints or charges in the closed session shall be null and void.

(3) A legislative body also may exclude from the public or closed meeting, during the examination of a witness, any or all other witnesses in the matter being investigated by the legislative body.

(4) For the purposes of this subdivision, the term ''employee'' shall include an officer or an independent contractor who functions as an officer or an employee of the student body organization, but shall not include any elected official, member of a legislative body, or other independent contractor. Closed sessions held pursuant to this section shall not include discussion or action on proposed compensation except for a reduction of compensation that results from the imposition of discipline.

(d) (1) A legislative body shall publicly report any action taken in closed session and the vote or abstention of every member present thereon, as follows:

(A) Approval of an agreement concluding real property negotiations pursuant to subdivision (a) shall be reported after the agreement is final, as follows:

(i) If its own approval renders the agreement final, the legislative body board or subboard shall report that approval and the substance of the agreement in open session at the public meeting during which the closed session is held.

(ii) If final approval rests with the other party to the negotiations, the legislative body shall disclose the fact of that approval and the substance of the agreement upon inquiry by any person, as soon as the other party or its agent has informed the legislative body of its approval.

(B) Approval given to its legal counsel to defend, or seek or refrain from seeking appellate review or relief, or to enter as an amicus curiae in any form of litigation, as the result of a consultation under subdivision (b) shall be reported in open session at the public meeting during which the closed session is held. The report shall identify, if known, the adverse party or parties and the substance of the litigation. In the case of approval given to initiate or intervene in an action, the announcement need not identify the action, the defendants, or other particulars, but shall specify that the direction to initiate or intervene in an action has been given and that the action, the defendants, and the other particulars shall, once formally commenced, be disclosed to any person upon inquiry, unless to do so would jeopardize the ability of the student body organization to effectuate service of process on one or more unserved parties, or that to do so would jeopardize its ability to conclude existing settlement negotiations to its advantage.

(C) Approval given to its legal counsel of a settlement of pending litigation, as defined in subdivision (b), at any stage prior to or during a judicial or quasi-judicial proceeding shall be reported after the settlement is final, as follows:

(i) If a legislative body accepts a settlement offer signed by the opposing party, the legislative body shall report its acceptance and identify the substance of the agreement in open session at the public meeting during which the closed session is held.

(ii) If final approval rests with some other party to the litigation or with the court, then, as soon as the settlement becomes final, and upon inquiry by any person, the legislative body shall disclose the fact of that approval and identify the substance of the agreement.

(D) Action taken to appoint, employ, dismiss, accept the resignation of, or otherwise affect the employment status of an employee of the employee organization in closed session pursuant to subdivision (c) shall be reported at the public meeting during which the closed session is held. Any report required by this subparagraph shall identify the title of the employee's position. Notwithstanding the general requirement of this subparagraph, the report of a dismissal or of the nonrenewal of an employment contract shall be deferred until the first public meeting following the exhaustion of administrative remedies, if any.

(E) Approval of an agreement concluding labor negotiations with represented employees pursuant to subdivision (e) shall be reported after the agreement is final and has been accepted or ratified by the other party.

The report shall identify the item approved and the other party or parties to the negotiation.

(2) Reports that are required to be made pursuant to this subdivision may be made orally or in writing. A legislative body shall provide to any person who has submitted a written request to the legislative body within 24 hours of the posting of the agenda, or to any person who has made a standing request for all documentation as part of a request for notice of meetings pursuant to Section 89306.5, if the requester is present at the time the closed session ends, copies of any contracts, settlement agreements, or other documents that were finally approved or adopted in the closed session. If the action taken results in one or more substantive amendments to the related documents requiring retyping, the documents need not be released until the retyping is completed during normal business hours, provided that the presiding officer of the legislative body, or his or her designee, orally summarizes the substance of the amendments for the benefit of the document requester or any other person present and requesting the information.

(3) The documentation referred to in paragraph (2) shall be available to any person on the next business day following the meeting in which the action referred to is taken or, in the case of substantial amendments, when any necessary retyping is complete.

(4) Nothing in this subdivision shall be construed to require that a legislative body approve actions not otherwise subject to the approval of that legislative body.

(5) No action for injury to a reputational, liberty, or other personal interest may be commenced by or on behalf of any employee or former employee with respect to whom a disclosure is made by a legislative body in an effort to comply with this subdivision.

(e) (1) Notwithstanding any other provision of law, a legislative body may hold closed sessions with the designated representative of the student body organization regarding the salaries, salary schedules, or compensation paid in the form of fringe benefits of its represented and unrepresented employees, and, for represented employees, any other matter within the statutorily provided scope of representation. However, prior to the closed session, the legislative body shall hold an open and public session in which it identifies its designated representatives.

(2) (A) Closed sessions of a legislative body, as permitted in this subdivision, shall be for the purpose of reviewing its position and instructing the designated representative of the student body organization.

(B) Closed sessions, as permitted in this subdivision, may take place prior to and during consultations and discussions with representatives of employee organizations and unrepresented employees.

(C) Closed sessions with the designated representative of the student body organization regarding the salaries, salary schedules, or compensation paid in the form of fringe benefits may include discussion of the available funds and funding priorities of the student body organization, but only insofar as these discussions relate to providing instructions to the designated representative of the student body organization.

(D) Closed sessions held pursuant to this subdivision shall not include final action on the proposed compensation of one or more unrepresented employees.

(E) For the purposes enumerated in this subdivision, a legislative body may also meet with a state conciliator who has intervened in the proceedings.

(3) For the purposes of this subdivision, the term ''employee'' includes an officer or an independent contractor who functions as an officer or an employee of the student body organization, but shall not include any elected official, member of a legislative body, or other independent contractors.

(f) (1) Prior to holding any closed session, the legislative body shall disclose, in an open meeting, the item or items to be discussed in the closed session. The disclosure may take the form of a reference to the item or items as they are listed by number or letter on the agenda. In the closed session, the legislative body may consider only those matters covered in its statement. Nothing in this subdivision shall require or authorize a disclosure of information prohibited by state or federal law.

(2) After any closed session, the legislative body shall reconvene into open session prior to adjournment, and shall make any disclosures required by subdivision (d) of action taken in the closed session.

(3) The disclosure required to be made in open session pursuant to this subdivision may be made at the location announced in the agenda for the closed session, as long as the public is allowed to be present at that location for the purpose of hearing the announcements.

89307.1. In the event that any meeting is willfully interrupted by a group or groups of persons so as to render the orderly conduct of that meeting unfeasible, and order cannot be restored by the removal of individuals who are willfully interrupting the meeting, the members of the legislative body conducting the meeting may order the meeting room cleared and continue in session. Only matters appearing on the agenda may be considered in that session. Representatives of the press or other news media, except those participating in the disturbance, shall be allowed to attend any session held pursuant to this section. Nothing in this section shall prohibit the legislative body from establishing a procedure for readmitting an individual or individuals not responsible for willfully disturbing the orderly conduct of the meeting.

89307.2. (a) No legislative body of a local agency shall conduct any meeting in any facility that prohibits the admittance of any person, or persons, on the basis of race, religious creed, color, national origin, ancestry, or sex, or which is inaccessible to disabled persons, or where members of the public may not be present without making a payment or purchase. This section shall apply to every legislative body as defined in Section 89305.1.

(b) No notice, agenda, announcement, or report required under this article need identify any victim or alleged victim of tortious sexual conduct or child abuse unless the identity of the person has been publicly disclosed.

89307.4. Each member of a legislative body who attends a meeting of that legislative body where an action is taken in violation of any provision of this article, with knowledge that the meeting is in violation of this article, is guilty of a misdemeanor.

SEC. 2. Section 89928 of the Education Code is amended to read:

89928. This article is not applicable to either of the following:

(a) Any entity formed or operating pursuant to Section 89300.

(b) The governing board of any statewide student organization that represents the students of the California State University.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 331

An act to amend Sections 8869.80 and 8869.84 of the Government Code, relating to state government.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 8869.80 of the Government Code is amended to read:

8869.80. The Legislature hereby finds and declares all of the following:

(a) The Tax Reform Act of 1986 (Public Law 99-514) establishes a unified volume ceiling on the aggregate amount of private activity bonds that can be issued in each state. The unified volume ceiling is the product of seventy-five dollars ($75) multiplied by the state population in 1987 and fifty dollars ($50) multiplied by the state population in each succeeding calendar year.

(b) The federal act requires each state to allocate its volume ceiling according to a specified formula unless a different procedure is established by Governor's proclamation or state legislation.

(c) Therefore, it is necessary to designate a state agency and create an allocation system to administer the state unified volume ceiling.

(d) A substantial public benefit is served by promoting housing for lower income families and individuals.

(e) A substantial public benefit is served by preserving and rehabilitating existing governmental assisted housing for lower income families and individuals.

(f) A substantial public benefit is served by providing federal tax credits or reduced interest rate mortgages to assist teachers, principals, vice principals, and assistant principals who are willing to serve in low performing schools to purchase a home.

SEC. 2. Section 8869.84 of the Government Code is amended to read:

8869.84. (a) The committee shall, as soon as is practicable after the start of each calendar year, determine and announce the state ceiling for the calendar year.

(b) The entire state ceiling for each calendar year is hereby allocated to the committee to further allocate to state and local agencies as provided in this chapter.

(c) The committee shall prepare application forms and announce procedures for receipt and review of applications from state and local agencies desiring to issue private activity bonds.

(d) The committee may at any time, before or after granting any allocations in any calendar year to any state agencies or local agencies, announce priorities or reservations of any part of the state ceiling not theretofore allocated either for certain categories of bonds or categories of issuers.

(e) The committee may require any issuer making an application to the committee or MBTCAC for allocation of a portion of the state ceiling to make a deposit, as determined by the committee, of up to 1 percent of the portion requested. If an allocation is not given, the deposit shall be returned. If an allocation is given, the deposit shall be kept (in proportion to the amount of allocation given) until bonds are issued. Upon that issuance, the deposit shall be returned to the issuer in an amount equal to the product of (1) the amount of the deposit retained

times (2) the ratio between the amount of bonds issued divided by the amount of allocation granted. If no bonds are issued prior to the expiration of the allocation, the deposit shall be kept, unless the committee determines there is good cause to return all or part of the deposit. Any portion of a deposit kept shall be deposited in the fund.

(f) The committee may transfer part of the state ceiling to the MBTCAC, to be used for qualified mortgage bonds and exempt facility bonds, as those terms are used in the Internal Revenue Code, for qualified residential rental projects, as those terms are used in the Internal Revenue Code, (together referred to as ''housing bonds''), with directions and conditions pursuant to which MBTCAC may allocate those amounts to issuers of housing bonds at both the state and local level. In carrying out these functions, MBTCAC shall act solely as directed or authorized by the committee. If the committee makes the transfer to MBTCAC authorized by this subdivision, the references in Sections 8869.85, 8869.86, 8869.87, and 8869.88 to the ''committee'' shall, for purposes of any housing bonds, be deemed to mean MBTCAC.

(g) (1) The committee may establish the Extra Credit Teacher Home Purchase Program to provide federal mortgage credit certificates and reduced interest rate loans funded by mortgage revenue bonds to eligible teachers, principals, vice principals, and assistant principals who agree to teach or provide administration in a low performing school. For purposes of this program, a low performing school is a state K-12 public school that is ranked in the bottom 30 percent of all schools based on the most recent Academic Performance Index. The committee may make reservations of a portion of future calendar year state ceiling limits for up to five future calendar years for that program. The committee may also make future allocations of the state ceiling for up to five years for any issuer under that program. Any future allocation made by the committee shall constitute an allocation of the state ceiling for a future year specified by the committee and shall be deemed to have been made on the first day of the future year so specified.

(2) The committee may condition allocations under the Extra Credit Teacher Home Purchase Program on any terms and conditions that the committee deems necessary or appropriate, including, but not limited to, the execution of a contract between the teacher, principal, vice principal, or assistant principal and the issuer whereby the teacher, principal, vice principal, or assistant principal agrees to comply with the terms and conditions of the program. The contract may include, among other things, an agreement by the teacher, principal, vice principal, or assistant principal to teach or provide administration in a low performing school for a minimum number of years, and provisions for enforcing the contract that the committee deems necessary or appropriate.

(3) In the event a teacher, principal, vice principal, or assistant principal does not fulfill the requirements of a contract entered into pursuant to paragraph (2), the issuer of the mortgage credit certificate or mortgage revenue bond may recover as an assessment from the teacher, principal, or assistant principal a monetary amount equal to the lesser of (A) one-half of the teacher's, principal's, vice principal's, or assistant principal's net proceeds from the sale of the related residence or (B) the amount of monetary benefit conferred on the teacher, principal, vice principal, or assistant principal as a result of the federal mortgage credit certificate or reduced interest rate loan funded by a mortgage revenue bond, offset by the amount of any federal recapture, as defined by Section 143(m) of the Internal Revenue Code. The assessment may be secured by a lien against the residence, which shall decline in amount over the term of the contract as the teacher, principal, vice principal, or assistant principal fulfills the term of the contract, and which shall be collected at the time of sale of the residence. Any assessment collected pursuant to this paragraph shall be used for the issuer's costs in administering the Extra Credit Teacher Home Purchase Program. The issuers shall report annually to the committee the total amount of any assessments collected pursuant to this paragraph and how those assessments were used by the issuer.

(4) If the committee establishes the Extra Credit Teacher Home Purchase Program pursuant to this subdivision, the committee shall report annually to the Legislature the results of the program, including all of the following:

(A) The amount of state ceiling limits allocated to or reserved for the program.

(B) The agencies to which state ceiling limits were issued.

(C) The number of loans or mortgage credit certificates issued to teachers, principals, vice principals, and assistant principals.

(D) The schools at which recipients of assistance are employed, aggregated by decile in which the schools rank on the Academic Performance Index and by the percentage of uncredentialed teachers employed at the schools.

(5) The committee shall not make any reservations of future calendar year state ceiling limits or future allocations of the state ceiling pursuant to this subdivision on or after January 1, 2004, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date. However, reservations and allocations made prior to that date shall remain valid.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Section 50052.5 of the Government Code is amended to read:

50052.5. (c) Notwithstanding Section 50052, the treasurer may release unclaimed money deposited with the county treasurer pursuant to Section 7663 of the Probate Code to the parent who has legal and physical custody of a minor who is a blood relative of either the decedent or the decedent's predeceased spouse without the need to appoint a legal guardian for the minor as follows:

(1) If the value of the unclaimed money deposited with the county treasurer is five thousand dollars ($5,000) or less, the treasurer may release the money according to Section 3401 of the Probate Code.

(2) If the value of the unclaimed money deposited with the county treasurer is sixty thousand dollars ($60,000) or less, and the money is not released under paragraph (1), the unclaimed money may be released by the treasurer to the parent who shall, after payment of any costs incurred in making the claim, hold the money in trust, to be used only for the care, maintenance, and education of the minor, and the parent shall be liable therefor to the minor under the fiduciary laws of this state. The money held in trust shall be released to the minor when the minor reaches the age of majority.

(d) The claim shall be presented to the county treasurer in affidavit form and signed under penalty of perjury. The county treasurer may rely in good faith on the sworn statements made in the claim and shall have no duty to inquire into the truth or credibility of evidence submitted.

In paying out the escheated estate, the county treasurer shall be held harmless to all. Payment shall act as total acquittance and shall completely discharge the county treasurer from any liability.

If the county treasurer rejects any claim made hereunder, the claimant may take his or her grievance to the Superior Court of the county holding the escheated estate.

Any claim paid hereunder shall be paid without interest.

(a) For the purposes of determining the necessity for the board to register shorthand reporting entities and subject those entities to its discipline and oversight, the board shall, until July 1, 2002, be authorized to examine, evaluate, and investigate complaints against shorthand reporting entities. Nothing in this subdivision shall be construed to grant the board any authority to discipline or sanction shorthand reporting entities that is not otherwise permitted by law.

(b) For purposes of this article, a ''shorthand reporting entity'' is an entity or person that holds itself out as a deposition agency, offers a booking or billing service for certified shorthand reporters, or in any manner whatsoever acts as an intermediary for a person, entity, or organization that employs, hires, or engages the services of any person licensed as a certified shorthand reporter. If the report recommends the registration of shorthand reporting entities, the report shall include:

(a) A description of the problem that establishing the new registration requirement would address, including the specific evidence of the necessity for the state to address the problem.

(b) The reasons this proposed registration requirement was selected to address this problem, including the full range of alternatives considered and the reason each of these other alternatives was not selected.

(c) The specific public benefit or harm that would result from the establishment of the proposed registration requirements, the specific manner in which the registration requirements would achieve this public benefit, and the specific standards of performance that shall be used in reviewing the subsequent operation of the shorthand reporting entities.

(d) The specific source or sources of revenue and funding the board will utilize to regulate the newly registered entities in order to achieve its mandate.

8028.4. This article shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2004, deletes or extends that date.

The people of the State of California do enact as follows:

SECTION 1. (a) The Superintendent of Public Instruction shall enter into a contract with an independent contractor for the purpose of conducting a study to determine the feasibility of reorganizing the Los Angeles Unified School District by removing from that district the schools in the southeast area of the district, including those schools located in Bell, Southgate, Cudahy, Maywood, Huntington Park, Vernon, and the unincorporated areas of Florence/Graham and Walnut Park. This study shall assess the potential benefits and disadvantages that would result from such a reorganization of the district. The

superintendent shall provide his or her findings to the Legislature on or before January 1, 2002.

(b) The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for the purposes of this section.

CHAPTER 336

An act to amend Sections 9884.8 and 9884.9 of the Business and Professions Code, relating to motor vehicle replacement parts.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 9884.8 of the Business and Professions Code is amended to read:

9884.8. All work done by an automotive repair dealer, including all warranty work, shall be recorded on an invoice and shall describe all service work done and parts supplied. Service work and parts shall be listed separately on the invoice, which shall also state separately the subtotal prices for service work and for parts, not including sales tax, and shall state separately the sales tax, if any, applicable to each. If any used, rebuilt, or reconditioned parts are supplied, the invoice shall clearly state that fact. If a part of a component system is composed of new and used, rebuilt or reconditioned parts, that invoice shall clearly state that fact. The invoice shall include a statement indicating whether any crash parts are original equipment manufacturer crash parts or nonoriginal equipment manufacturer aftermarket crash parts. One copy of the invoice shall be given to the customer and one copy shall be retained by the automotive repair dealer.

SEC. 2. Section 9884.9 of the Business and Professions Code is amended to read:

9884.9. (a) The automotive repair dealer shall give to the customer a written estimated price for labor and parts necessary for a specific job. No work shall be done and no charges shall accrue before authorization to proceed is obtained from the customer. No charge shall be made for work done or parts supplied in excess of the estimated price without the oral or written consent of the customer that shall be obtained at some time after it is determined that the estimated price is insufficient and before the work not estimated is done or the parts not estimated are supplied. Written consent or authorization for an increase in the original

estimated price may be provided by electronic mail or facsimile transmission from the customer. The bureau may specify in regulation the procedures to be followed by an automotive repair dealer when an authorization or consent for an increase in the original estimated price is provided by electronic mail or facsimile transmission. If that consent is oral, the dealer shall make a notation on the work order of the date, time, name of person authorizing the additional repairs and telephone number called, if any, together with a specification of the additional parts and labor and the total additional cost, and shall do either of the following:

(1) Make a notation on the invoice of the same facts set forth in the notation on the work order.

(2) Upon completion of repairs, obtain the customer's signature or initials to an acknowledgment of notice and consent, if there is an oral consent of the customer to additional repairs, in the following language:

"I acknowledge notice and oral approval of an increase in the original estimated price.

_____

(signature or initials)"

Nothing in this section shall be construed as requiring an automotive repair dealer to give a written estimated price if the dealer does not agree to perform the requested repair.

(b) The automotive repair dealer shall include with the written estimated price a statement of any automotive repair service which, if required to be done, will be done by someone other than the dealer or his or her employees. No service shall be done by other than the dealer or his or her employees without the consent of the customer, unless the customer cannot reasonably be notified. The dealer shall be responsible, in any case, for any service in the same manner as if the dealer or his or her employees had done the service.

(c) In addition to subdivisions (a) and (b), an automotive repair dealer, when doing auto body or collision repairs, shall provide an itemized written estimate for all parts and labor to the customer. The estimate shall describe labor and parts separately and shall identify each part, indicating whether the replacement part is new, used, rebuilt, or reconditioned. Each crash part shall be identified on the written estimate and the written estimate shall indicate whether the crash part is an original equipment manufacturer crash part or a nonoriginal equipment manufacturer aftermarket crash part.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 337

An act to add and repeal Section 21655.16 of the Vehicle Code, relating to highways.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 21655.16 is added to the Vehicle Code, to read:

21655.16. (a) Notwithstanding any other provision of law, no high-occupancy vehicle lane may be established on State Highway Route 14 between the City of Santa Clarita and the City of Palmdale unless the lane is established as a high-occupancy vehicle lane only during the hours of heavy commuter traffic, as determined by the Department of Transportation.

(b) Any existing high-occupancy vehicle lane located as described in subdivision (a) shall be modified as necessary to conform with subdivision (a).

(c) The Legislative Analyst shall report to the Legislature on or before March 31, 2002, on the impact to traffic by limiting the use of high-occupancy vehicle lanes during the hours of heavy commuter traffic as provided in subdivision (a).

(d) This section shall become inoperative on June 1, 2002, and, as of January 1, 2003, is repealed, unless a later enacted statute that is enacted before January 1, 2003, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 338

An act to amend Sections 6027.5 and 6029 of the Food and Agricultural Code, relating to pest control, and making an appropriation therefor.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 6027.5 of the Food and Agricultural Code is amended to read:

6027.5. During the calendar year, each commissioner shall pay to the secretary a fee not to exceed fifty cents ($0.50) per pound of vertebrate pest control material sold, distributed, or applied by the county for vertebrate pest control purposes. No assessment shall be imposed on the sale or on the distribution of vertebrate pest control material by a county agricultural commissioner to another commissioner. Vertebrate pest control material registered by the secretary may only be sold or distributed by a county agricultural commissioner or as authorized by the secretary.

The secretary may set a different level of assessment in the amount necessary to provide revenue for the vertebrate pest control research projects carried out pursuant to this article only if the secretary, at a minimum, has consulted with the Vertebrate Pest Control Research Advisory Committee. The new level of assessment may only commence at the beginning of the subsequent calendar year. However, the assessment shall not exceed one dollar ($1) per pound of vertebrate control material sold, distributed, or applied by the county for vertebrate pest control purposes. To assist the advisory committee in making its recommendations, the department shall submit a progress report to the members of the advisory committee at least 30 days prior to each meeting of the advisory committee. The report shall include, but is not limited to, data on research that has been, or is proposed to be, conducted and statements regarding the necessity for that research. This section does not preclude the department from preparing and distributing additional reports that may be requested by the advisory committee.

SEC. 2. Section 6029 of the Food and Agricultural Code is amended to read:

6029. This article shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2006, deletes or extends that date.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one

million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 339

An act to amend Sections 53601, 53601.2, 53635, and 53635.2 of the Government Code, relating to local agency investments.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 53601 of the Government Code is amended to read:

53601. The legislative body of a local agency having money in a sinking fund of, or surplus money in, its treasury not required for the immediate needs of the local agency may invest any portion of the money that it deems wise or expedient in those investments set forth below. A local agency purchasing or obtaining any securities prescribed in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book entry account may be used for book entry delivery.

For purposes of this section ''counterparty'' means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase. Where this section does not specify a limitation on the term or remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase or reverse repurchase agreement or securities lending agreement authorized by this section, that at the time of the investment has a term remaining to maturity in excess of five years, unless the legislative body has granted express authority to make that investment either specifically or as a part of an investment program approved by the legislative body no less than three months prior to the investment:

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(e) Obligations issued by banks for cooperatives, federal land banks, federal intermediate credit banks, federal home loan banks, the Federal Home Loan Bank Board, the Tennessee Valley Authority, or in obligations, participations, or other instruments of, or issued by, or fully guaranteed as to principal and interest by, the Federal National Mortgage Association; or in guaranteed portions of Small Business Administration notes; or in obligations, participations, or other instruments of, or issued by, a federal agency or a United States government-sponsored enterprise.

(f) Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers acceptances. Purchases of bankers acceptances may not exceed 180 days maturity or 40 percent of the agency's surplus money that may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act (Division 6 (commencing with Section 11501) of the Public Utilities Code).

(g) Commercial paper of ''prime'' quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Eligible paper is further limited to issuing corporations that are organized and operating within the United States and having total assets in excess of five hundred million dollars ($500,000,000) and having an ''A'' or higher rating for the issuer's debt, other than commercial paper, if any, as provided for by Moody's Investors Service, Inc., or Standard and

Poor's Corporation. Purchases of eligible commercial paper may not exceed 270 days maturity nor represent more than 10 percent of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 15 percent of the agency's surplus money that may be invested pursuant to this section. An additional 15 percent, or a total of 30 percent of the agency's surplus money, may be invested pursuant to this subdivision. The additional 15 percent may be so invested only if the dollar-weighted average maturity of the entire amount does not exceed 31 days. ''Dollar-weighted average maturity'' means the sum of the amount of each outstanding commercial paper investment multiplied by the number of days to maturity, divided by the total amount of outstanding commercial paper.

(h) Negotiable certificates of deposits issued by a nationally or state-chartered bank or a state or federal association (as defined by Section 5102 of the Financial Code) or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposits do not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638.

(i) (1) Investments in repurchase agreements or reverse repurchase agreements or securities lending agreements of any securities authorized by this section, as long as the agreements are subject to this subdivision, including, the delivery requirements specified in this section.

(2) Investments in repurchase agreements may be made, on any investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements or securities lending agreements may be utilized only when either of the following conditions are met:

(A) The security was owned or specifically committed to purchase, by the local agency, prior to December 31, 1994, and was sold using a reverse repurchase agreement or securities lending agreement on December 31, 1994.

(B) The security to be sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale; the total of all

reverse repurchase agreements and securities lending agreements on investments owned by the local agency not purchased or committed to purchase, prior to December 31, 1994, does not exceed 20 percent of the base value of the portfolio; and the agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) After December 31, 1994, a reverse repurchase agreement or securities lending agreement may not be entered into with securities not sold on a reverse repurchase agreement or securities lending agreement and purchased, or committed to purchase, prior to that date, as a means of financing or paying for the security sold on a reverse repurchase agreement or securities lending agreement, but may only be entered into with securities owned and previously paid for a minimum of 30 days prior to the settlement of the reverse repurchase agreement or securities lending agreement, in order to supplement the yield on securities owned and previously paid for or to provide funds for the immediate payment of a local agency obligation. Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement, on securities originally purchased subsequent to December 31, 1994, shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security. Reverse repurchase agreements or securities lending agreements specified in subparagraph (B) of paragraph (3) may not be entered into unless the percentage restrictions specified in that subparagraph are met, including the total of any reverse repurchase agreements or securities lending agreements specified in subparagraph (A) of paragraph (3).

(5) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security, may only be made upon prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of New York.

(6) (A) ''Repurchase agreement'' means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for

a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book-entry account may be used for book-entry delivery.

(B) ''Securities,'' for purpose of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) ''Reverse repurchase agreement'' means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(D) ''Securities lending agreement'' means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn, agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, securities lending agreements, or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(j) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated ''A'' or better by a nationally recognized rating service. Purchases of medium-term notes shall not include other instruments authorized by this section and may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section.

(k) (1) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations as authorized by subdivisions (a) to (j), inclusive, or subdivisions (m) or (n) and that comply with the investment restrictions of this article and Article 2 (commencing with Section 53630). However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is not required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors

finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

(2) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 and following).

(3) If investment is in shares issued pursuant to paragraph (1), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience investing in the securities and obligations authorized by subdivisions (a) to (j), inclusive, or subdivisions (m) or (n) and with assets under management in excess of five hundred million dollars ($500,000,000).

(4) If investment is in shares issued pursuant to paragraph (2), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of five hundred million dollars ($500,000,000).

(5) The purchase price of shares of beneficial interest purchased pursuant to this subdivision shall not include any commission that the companies may charge and shall not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section. However, no more than 10 percent of the agency's surplus funds may be invested in shares of beneficial interest of any one mutual fund pursuant to paragraph (1).

(*l*) Notwithstanding anything to the contrary contained in this section, Section 53635, or any other provision of law, moneys held by a trustee or fiscal agent and pledged to the payment or security of bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of a local agency, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements, may be invested in accordance with the statutory provisions governing the issuance of those bonds, indebtedness, or lease installment sale, or other

agreement, or to the extent not inconsistent therewith or if there are no specific statutory provisions, in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance.

(m) Notes, bonds, or other obligations that are at all times secured by a valid first priority security interest in securities of the types listed by Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank which is not affiliated with the issuer of the secured obligation, and the security interest shall be perfected in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities in which the security interest is granted.

(n) Any mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable passthrough certificate, or consumer receivable-backed bond of a maximum of five years maturity. Securities eligible for investment under this subdivision shall be issued by an issuer having an ''A'' or higher rating for the issuer's debt as provided by a nationally recognized rating service and rated in a rating category of ''AA'' or its equivalent or better by a nationally recognized rating service. Purchase of securities authorized by this subdivision may not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section.

SEC. 2. Section 53601.2 of the Government Code is amended to read:

53601.2. Notwithstanding subdivision (g) of Section 53601, the board of supervisors of a county may invest in commercial paper of ''prime'' quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Eligible paper is further limited to issuing corporations that are organized and operating within the United States and have total assets in excess of five hundred million dollars ($500,000,000) and an ''A'' or higher rating for the issuer's debt, other than commercial paper, if any, as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 270 days' maturity nor represent more than 10 percent of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 40 percent of the agency's surplus money that may be invested pursuant to this section. No more than 10 percent of the agency's surplus money that may be

invested pursuant to this section may be invested in the outstanding paper of any single issuing corporation.

SEC. 3. Section 53635 of the Government Code is amended to read:

53635. As far as possible, all money belonging to, or in the custody of, a local agency, including money paid to the treasurer or other official to pay the principal, interest, or penalties of bonds, shall be deposited for safekeeping in state or national banks, savings associations or federal associations, credit unions, or federally insured industrial loan companies in this state selected by the treasurer or other official having the legal custody of the money; or, unless otherwise directed by the legislative body pursuant to Section 53601, may be invested in the investments set forth below. A local agency purchasing or obtaining any securities described in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of all the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book-entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book entry account may be used for book-entry delivery. For purposes of this section, ''counterparty'' means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase.

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(e) Obligations issued by banks for cooperatives, federal land banks, federal intermediate credit banks, federal home loan banks, the Federal Home Loan Bank, the Tennessee Valley Authority, or in obligations,

participations, or other instruments of, or issued by, or fully guaranteed as to principal and interest by, the Federal National Mortgage Association; or in guaranteed portions of Small Business Administration notes; or in obligations, participations, or other instruments of, or issued by, a federal agency or a United States government-sponsored enterprise.

(f) Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers acceptances. Purchases of bankers acceptances may not exceed 180 days maturity or 40 percent of the agency's surplus funds which may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act, Division 6 (commencing with Section 11501) of the Public Utilities Code.

(g) Commercial paper of ''prime'' quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Eligible paper is further limited to issuing corporations that are organized and operating within the United States and having total assets in excess of five hundred million dollars ($500,000,000) and having an ''A'' or higher rating for the issuer's debt, other than commercial paper, if any, as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 270 days maturity nor represent more than 10 percent of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 15 percent of the agency's surplus money which may be invested pursuant to this section. An additional 15 percent, or a total of 30 percent of the agency's money or money in its custody, may be invested pursuant to this subdivision. The additional 15 percent may be so invested only if the dollar-weighted average maturity of the entire amount does not exceed 31 days. ''Dollar-weighted average maturity'' means the sum of the amount of each outstanding commercial paper investment multiplied by the number of days to maturity, divided by the total amount of outstanding commercial paper.

(h) Negotiable certificates of deposit issued by a nationally or state-chartered bank or a savings association or federal association or a state or federal credit union or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposit do not come within Article 2 (commencing with Section 53630)

of Chapter 4 of Part 1 of Division 2 of Title 5, except that the amount so invested shall be subject to the limitations of Section 53638. For purposes of this section, the legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the money are prohibited from depositing or investing local agency funds, or funds in the custody of the local agency, in negotiable certificates of deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or an employee of the administrative officer, manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee or supervisory committee of the state or federal credit union issuing the negotiable certificates of deposit.

(i) (1) Investments in repurchase agreements or reverse repurchase agreements, or securities lending agreements of any securities authorized by this section, so long as the agreements are subject to this subdivision, including the delivery requirements specified in this section.

(2) Investments in repurchase agreements or securities lending agreements may be made, on any investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements may be utilized only when either of the following conditions are met:

(A) The security was owned or specifically committed to purchase, by the local agency, prior to repurchase agreement on December 31, 1994, and was sold using a reverse repurchase agreement or securities lending agreement on December 31, 1994.

(B) The security to be sold on reverse repurchase agreement or securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale; the total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency not purchased or committed to purchase, prior to December 31, 1994, does not exceed 20 percent of the base value of the portfolio; and the agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a

security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) After December 31, 1994, a reverse repurchase agreement or securities lending agreement may not be entered into with securities not sold on a reverse repurchase agreement or securities lending agreement and purchased, or committed to purchase, prior to that date, as a means of financing or paying for the security sold on a reverse repurchase agreement or securities lending agreement, but may only be entered into with securities owned and previously paid for a minimum of 30 days prior to the settlement of the reverse repurchase agreement or securities lending agreement, in order to supplement the yield on securities owned and previously paid for or to provide funds for the immediate payment of a local agency obligation. Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement, on securities originally purchased subsequent to December 31, 1994, shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security. Reverse repurchase agreements or securities lending agreements specified in subparagraph (B) of paragraph (3) may not be entered into unless the percentage restrictions specified in that subparagraph are met, including the total of any reverse repurchase agreements or securities lending agreements specified in subparagraph (A) of paragraph (3).

(5) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security, may only be made upon prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of New York.

(6) (A) ''Repurchase agreement'' means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book-entry account may be used for book-entry delivery.

(B) ''Securities,'' for purpose of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) ''Reverse repurchase agreement'' means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date, and includes other comparable agreements.

(D) ''Securities lending agreement'' means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn, agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement or securities lending agreement and the earnings obtained on the reinvestment of the funds.

(j) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated ''A'' or better by a nationally recognized rating service. Purchases of medium-term notes shall not include other instruments authorized by this section and may not exceed 30 percent of the agency's surplus money which may be invested pursuant to this section.

(k) (1) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations as authorized by subdivisions (a) to (j), inclusive, or subdivision (*l*) or (m) and that comply with the investment restrictions of this article and Article 1 (commencing with Section 53600). However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is not required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

(2) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 and following).

(3) If investment is in shares issued pursuant to paragraph (1), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience investing in the securities and obligations authorized by subdivisions (a) to (j), inclusive, or subdivision (*l*) or (m) and with assets under management in excess of five hundred million dollars ($500,000,000).

(4) If investment is in shares issued pursuant to paragraph (2), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of five hundred million dollars ($500,000,000).

(5) The purchase price of shares of beneficial interest purchased pursuant to this subdivision shall not include any commission that the companies may charge and shall not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section. However, no more than 10 percent of the agency's surplus funds may be invested in shares of beneficial interest of any one mutual fund pursuant to paragraph (1).

(*l*) Notes, bonds, or other obligations which are at all times secured by a valid first priority security interest in securities of the types listed by Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank which is not affiliated with the issuer of the secured obligation, and the security interest shall be perfected in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities in which the security interest is granted.

(m) Any mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable passthrough certificate, or consumer receivable-backed bond of a maximum of five years maturity. Securities eligible for investment under this subdivision shall be issued by an issuer having an ''A'' or higher rating for the issuer's debt as provided by a nationally recognized rating service and rated in a rating category of ''AA'' or its equivalent or better by a nationally recognized rating service. Purchase of securities authorized by this subdivision may not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section.

SEC. 4. Section 53635.2 of the Government Code is amended to read:

53635.2. Notwithstanding subdivision (g) of Section 53635, the board of supervisors of a county may invest in commercial paper of ''prime'' quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Eligible paper is further limited to issuing corporations that are organized and operating within the United States and have total assets in excess of five hundred million dollars ($500,000,000) and an ''A'' or higher rating for the issuer's debt, other than commercial paper, if any, as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 270 days' maturity nor represent more than 10 percent of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 40 percent of the agency's surplus money that may be invested pursuant to this section. No more than 10 percent of the agency's surplus money that may be invested pursuant to this section may be invested in the outstanding paper of any single issuing corporation.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 217 of the Streets and Highways Code is amended to read:

217. For purposes of this article, the following terms have the following meanings:

(a) ''Design-sequencing'' is a method of contracting that enables the sequencing of design activities to permit each construction phase to commence when design for that phase is complete, instead of requiring design for the entire project to be completed before commencing construction.

(b) A ''design-sequencing contract'' is a contract between the department and a contractor that requires the department to prepare a design and permits construction of a project to commence upon completion of design for a construction phase.

(c) ''Design'' is a plan completed to a level of 30 percent.

(d) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. Section 217.2 of the Streets and Highways Code is amended to read:

217.2. (a) Notwithstanding Chapter 1 (commencing with Section 10100) of Part 2 of Division 2 of the Public Contract Code, except Section 10128 of that code, and Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code, the department may conduct a pilot program to let design-sequencing contracts for the design and construction of no more than 12 transportation projects, to be selected by the director. For the purpose of this article, these projects shall be deemed public works.

(b) In selecting projects for the pilot program authorized under subdivision (a), the director shall attempt to balance geographical areas among test projects as well as pursue diversity in the types of projects undertaken.

(c) To the extent available, the department shall seek to incorporate existing knowledge and experience on design-sequencing contracts in carrying out its responsibilities under subdivision (a).

(d) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 3. Section 217.4 of the Streets and Highways Code is amended to read:

217.4. (a) Not later than July 1 of each year for which the design-sequencing contracts are underway, the department shall prepare a status report on its contracting methods, procedures, costs, and

delivery schedules. Upon completion of all design-sequencing contracts, notwithstanding Section 7550.5 of the Government Code, the department shall establish a peer review committee to prepare a report for submittal to the Legislature that describes and evaluates the outcome of the contracts provided for in this article, stating the positive and negative aspects of using design-sequencing as a contracting method.

(b) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 4. Section 217.6 of the Streets and Highways Code is amended to read:

217.6. Design-sequencing contracts shall be awarded in accordance with all of the following:

(a) The department shall advertise design-sequencing projects by special public notice to contractors.

(b) Contractors shall be required to provide prequalification information establishing appropriate licensure and successful past experience with the proposed work.

(c) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 5. Section 217.8 of the Streets and Highways Code is repealed.

CHAPTER 341

An act to amend Sections 422 and 424 of the Public Utilities Code, relating to public utilities.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the amendments made by this act to Section 424 of the Public Utilities Code are declarative of existing law.

SEC. 2. Section 422 of the Public Utilities Code is amended to read:

422. The commission shall establish the fee pursuant to Section 421 with the approval of the Department of Finance and in accordance with all of the following:

(a) In its annual budget request, the commission shall specify, at a minimum, both of the following:

(1) The amount of its budget to be financed by the fee.

(2) The dollar allocation of the amount of its budget to be financed by the fee by each class of carrier and related business subject to the fee. Each class of carrier and related business subject to this article shall pay fees sufficient to support the commission's regulatory activities for the class from which the fee is collected and to establish an appropriate reserve.

(b) The commission may establish different and distinct methods of assessing fees for each class of carrier and related business, if the revenues collected are consistent with paragraph (2) of subdivision (a).

(c) (1) Within each class of carrier and related business subject to the fee, the commission shall allocate, among the members of the class, the amount of the commission's budget to be financed by the fee based on the ratio that each member's gross intrastate revenues bears to the total gross intrastate revenues of the class, except for railroad corporations, whose fees shall be allocated within that class in accordance with subdivision (g).

(2) However, in the case of passenger vehicle operators, the commission may assess fees on a basis other than revenue, including, but not limited to, on a per vehicle basis, in an amount sufficient to support the regulatory activities of the commission for the passenger vehicle operators class from which the fee is collected, and to establish an appropriate reserve.

(d) Any carrier or related business which is a member of more than one class of carrier or related business shall be subject to the fee for each class of which it is a member.

(e) For every carrier and related business having annual gross intrastate revenues of one hundred thousand dollars ($100,000) or less, or for every railroad corporation having annual gross intrastate revenues of ten million dollars ($10,000,000) or less, the commission shall annually establish uniform fees, which shall be not less than a minimum annual fee, to be paid by each carrier and related business and by each railroad corporation, if the revenues collected are consistent with paragraph (2) of subdivision (a). Every carrier and related business and railroad corporation paying fees pursuant to this subdivision shall show proof of eligibility at the time of payment in a form the commission may specify.

(f) The commission shall annually establish a uniform fee, which shall be not less than a minimum annual fee, to be paid by every commercial air operator and for-hire vessel operator, if the revenues collected are consistent with paragraph (2) of subdivision (a).

(g) The commission shall establish the initial fee amount to be paid by railroad corporations subject to this section, and the regulations for the assessment and collection of the fee, no later than January 31, 1992. The commission shall collect the initial fee from railroad corporations

beginning on February 1, 1992, and shall disburse the amounts collected as directed in Section 309.7, as added by Assembly Bill 684 of the 1991–92 Regular Session, and Section 421.

(h) The commission shall establish regulations for allocating the proportionate share of the fee established pursuant to paragraph (2) of subdivision (a) to be paid by the rail corporations within that class. The regulations may utilize gross intrastate revenues; track mileage within the state; terminals located within the state; loaded car miles traveled within the state; fuel consumption; or any other measure deemed by the commission to be appropriate in allocating the fee among railroad corporations. On or before January 15, 1992, railroad corporations as a group may submit a proposed plan of allocation to the commission, which the commission shall consider in establishing the regulations.

SEC. 3. Section 424 of the Public Utilities Code is amended to read:

424. As used in this article:

(a) ''Class'' means a group of carriers or related businesses as specified by the commission for purposes of establishing the fees pursuant to this article. The commission shall create separate classes for the following: passenger vehicle operators, pipeline corporations, vessel operators, railroad corporations, and commercial air operators. Nothing in this section restricts the commission from establishing other carrier classes or from establishing other classes within the existing classes listed in this section, including classes based on the kinds of vehicles used.

(b) ''Gross intrastate revenue'' includes all compensation for the transportation or storage of property or the transportation of persons when both the origin and destination of the transportation or the performance of the service is within this state, and shall not include compensation for the transportation of persons or property in interstate or foreign commerce or the transportation of vehicles by ferries. ''Gross intrastate revenue,'' as determined pursuant to this article, shall apply only for purposes of determining the fees required by this chapter and shall not necessarily constitute gross operating revenue for any other purpose.

(c) ''Fee'' means that monetary amount determined in accordance with this article.

The people of the State of California do enact as follows:

901. (a) As used in this section:

(1) ''Center'' means the Children's Environmental Health Center established pursuant to Section 900.

(2) ''Office'' means the Office of Environmental Health Hazard Assessment.

(b) On or before June 30, 2001, the office shall review cancer risk assessment guidelines for use by the office and the other entities within the California Environmental Protection Agency to establish cancer potency values or numerical health guidance values that adequately address carcinogenic exposures to the fetus, infants, and children.

(c) The review required by subdivision (b) shall include a review of existing state and federal cancer risk guidelines, as well as new

information on carcinogenesis, and shall consider the extent to which those guidelines address risks from exposures occurring early in life.

(d) The review required by subdivision (b) shall also include, but not be limited to, all of the following:

(1) The development of criteria for identifying carcinogens likely to have a greater impact if exposures occur early in life.

(2) The assessment of methodologies used in existing guidelines to address early-in-life exposures.

(3) The construction of a data base of animal studies to evaluate increases in risks from short-term early-in-life exposures.

(e) On or before June 30, 2004, the office shall finalize and publish children's cancer guidelines that shall be protective of children's health. These guidelines shall be revised and updated as needed by the office.

(f) (1) On or before December 31, 2002, the office shall publish a guidance document, for use by the Department of Toxic Substances Control and other state and local environmental and public health agencies, to assess exposures and health risks at existing and proposed schoolsites. The guidance document shall include, but not be limited to, all of the following:

(A) Appropriate child-specific routes of exposure unique to the school environment, in addition to those in existing exposure assessment models.

(B) Appropriate available child-specific numerical health effects guidance values, and plans for the development of additional child-specific numerical health effects guidance values.

SEC. 2.5. Section 25110.10 of the Health and Safety Code is amended to read:

25110.10. (a) ''Consolidation site'' means a site to which hazardous waste initially collected at a remote site, as defined in Section 25121.3, is transported.

(b) Hazardous waste initially collected at a remote site and subsequently transported to a consolidation site, which is operated by the generator of the hazardous waste, shall be deemed to be generated at the consolidation site for purposes of this chapter if the generator complies with the notification requirements of subdivision (d) and all of the following conditions are met:

(1) The hazardous waste is non-RCRA hazardous waste, or the hazardous waste or its management at the consolidation site is otherwise exempt from, or is not otherwise regulated pursuant to, the federal act.

(2) (A) The hazardous waste is not generated through large spill cleanup activities.

(B) As used in this paragraph, ''large spill cleanup'' means a spill cleanup operation that generates more than a total of 275 gallons or 2,500 pounds, whichever is greater, of hazardous waste.

(3) The hazardous waste is transported to the consolidation site within 10 days from the date that the generator first begins to actively manage the hazardous waste at the remote site, unless the generator has been granted an extension to the 10-day period. An extension of up to 20 days may be granted by the department, if the generator demonstrates to the department's satisfaction that more than 10 days is required to collect and transport the hazardous waste to the consolidation site solely for the purpose of facilitating effective and efficient removal, collection, or transportation of the hazardous waste.

(4) The hazardous waste is not handled at any interim site en route from the remote site to the consolidation site, except that the hazardous waste may be temporarily held at an interim site pursuant to subdivision (b) of Section 25121.3 and subdivision (e) of Section 25163.3.

(5) At the consolidation site, the hazardous waste is managed at all times in accordance with all applicable requirements of this chapter and the regulations adopted by the department pursuant to this chapter. For purposes of Section 25123.3, the accumulation period shall begin on the day that the hazardous waste arrives at the consolidation site.

(6) Each container of hazardous waste is labeled at the remote site, in accordance with the regulations adopted by the department pertaining to labeling requirements for generators, and the label remains on the container at all times while the hazardous waste is in the container and in the possession of the generator. Each container shall be labeled with the date that the container reaches the consolidation site. If individual containers are placed into a larger container, the labeling information required pursuant to this paragraph and paragraph (6) of subdivision (b) of Section 25121.3 shall also be placed on the outside of the larger container. If the hazardous waste is transferred to another container, the labeling information required pursuant to this paragraph and paragraph (6) of subdivision (b) of Section 25121.3 shall also be placed on the outside of the new container.

(7) The generator maintains at the consolidation site the information specified in paragraphs (1) to (10), inclusive, of subdivision (g) of Section 25163.3 for each shipment of hazardous waste initially collected at a remote site that is received at the consolidation site. This information shall be maintained for at least three years from the date that hazardous waste is received at the consolidation site. For shipments subject to the requirement to be accompanied by a shipment paper pursuant to subdivision (g) of Section 25163.3, the requirements of this paragraph may be fulfilled by maintaining a copy of the shipping paper at the consolidation site.

(c) For purposes of paragraph (1) of subdivision (d) of Section 25123.3, the ''initial accumulation point'' for hazardous waste initially collected at a remote site and subsequently transported to a consolidation site, in accordance with subdivision (b), shall be deemed to be the location where the hazardous waste is first accumulated at the consolidation site.

(d) (1) Subdivision (b) of this section and subdivision (b) of Section 25121.3 apply only to a generator who annually submits a notification of the generator's intent to operate under this exemption, in person or by certified mail, with return receipt requested, to the department and one of the following:

(A) The CUPA, if the generator is under the jurisdiction of a CUPA.

(B) If the generator is not under the jurisdiction of a CUPA, to the officer or agency authorized pursuant to subdivision (f) of Section 25404.3 to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(2) Any person who submits a notification of their intent to operate under this exemption shall comply with the requirements of this section and Sections 25121.3 and 25163.3.

(3) The notification required pursuant to paragraph (1) shall include all of the following information:

(A) A general description of the remote location from which the non-RCRA hazardous waste will be initially collected.

(B) A description of the type of hazardous waste that may be collected.

(C) The location of the consolidation site and the generator ID number for that generator.

(D) Significant differences in the generator's operations from the prior year's notification.

(e) Following the procedures specified in Section 25187, the department may revoke a generator's authority to operate pursuant to the exemption specified in this section and Sections 25121.3 and 25163.3, if the generator has demonstrated a pattern of failure to meet the requirements of this section and Sections 25121.3 and 25163.3 and the department, or the local officer or agency authorized to enforce this section pursuant to subdivision (a) of Section 25180, has notified the generator of these violations prior to issuing an order pursuant to Section 25187.

SEC. 3. Section 25111 of the Health and Safety Code is amended to read:

25111. ''Department'' means the Department of Toxic Substances Control.

25112. ''Director'' means the Director of Toxic Substances Control.

SEC. 5. Section 25123.3 of the Health and Safety Code is amended to read:

25123.3. (a) For purposes of this section, the following terms have the following meaning:

(1) ''Liquid hazardous waste'' means a hazardous waste that meets the definition of free liquids, as specified in Section 66260.10 of Title

22 of the California Code of Regulations, as that section read on January 1, 1994.

(2) ''Remediation waste staging'' means the temporary accumulation of non-RCRA contaminated soil that is generated and held onsite, and that is accumulated for the purpose of onsite treatment pursuant to a certified, authorized or permitted treatment method, such as a transportable treatment unit, if all of the following requirements are met:

(A) The hazardous waste being accumulated does not contain free liquids.

(B) The hazardous waste is accumulated on an impermeable surface, such as high density polyethylene (HDPE) of at least 20 mills that is supported by a foundation, or high density polyethylene of at least 60 mills that is not supported by a foundation.

(C) The generator provides controls for windblown dispersion and precipitation runoff and run-on and complies with any stormwater permit requirements issued by a regional water quality control board.

(D) The generator has the accumulation site inspected weekly and after storms to ensure that the controls for windblown dispersion and precipitation runoff and run-on are functioning properly.

(E) The staging area is certified by a registered engineer for compliance with the standards specified in subparagraphs (A) to (D), inclusive.

(3) ''Transfer facility'' means any offsite facility that is related to the transportation of hazardous waste, including, but not limited to, loading docks, parking areas, storage areas, and other similar areas where shipments of hazardous waste are held during the normal course of transportation.

(b) ''Storage facility'' means a hazardous waste facility at which the hazardous waste meets any of the following requirements:

(1) The hazardous waste is held for greater than 90 days at an onsite facility. The department may establish criteria and procedures to extend that 90-day period, consistent with the federal act, and to prescribe the manner in which the hazardous waste may be held if not otherwise prescribed by statute.

(2) The hazardous waste is held for any period of time at an offsite facility which is not a transfer facility.

(3) (A) Except as provided in subparagraph (C), the hazardous waste is held at a transfer facility for periods greater than six days, or greater than 10 days for transfer facilities in areas zoned industrial by the local planning authority.

(B) The department may adopt regulations which set forth enforceable management standards that protect human health and the environment and which apply to persons holding hazardous waste at a transfer facility located in a commercial or residential area pursuant to

subparagraph (A). Any regulations adopted pursuant to this subparagraph shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare, and may be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(C) (i) The department may extend the period of time specified in subparagraph (A) for hazardous waste that is generated as a result of an emergency release and that is collected and temporarily stored by emergency rescue personnel, as defined in Section 25501, or by a response action contractor upon the request of emergency rescue personnel or the response action contractor.

(ii) Notwithstanding any other provision of law, a transfer facility that holds hazardous waste for periods greater than six days, or greater than 10 days for transfer facilities in areas zoned industrial by the local planning authority, pursuant to this subparagraph shall not be classified as a storage facility.

(iii) For purposes of this subparagraph, ''response action contractor'' means any person who enters into a contract with the department to take removal or remedial action pursuant to Chapter 6.8 (commencing with Section 25300) in response to a release or threatened release, including any subcontractors of the response action contractor.

(4) (A) Except as provided in subparagraph (B), the hazardous waste is held onsite for any period of time, unless the hazardous waste is held in a container, tank, drip pad, or containment building pursuant to regulations adopted by the department.

(B) Notwithstanding subparagraph (A), a generator that accumulates hazardous waste generated and held onsite for 90 days or less for offsite transportation is not a storage facility if all of the following requirements are met:

(i) The waste is non-RCRA contaminated soil.

(ii) The hazardous waste being accumulated does not contain free liquids.

(iii) The hazardous waste is accumulated on an impermeable surface, such as high density polyethylene (HDPE) of at least 20 mills that is supported by a foundation, or high density polyethylene of at least 60 mills that is not supported by a foundation.

(iv) The generator provides controls for windblown dispersion and precipitation runoff and run-on and complies with any stormwater permit requirements issued by a regional water quality control board.

(v) The generator has the accumulation site inspected weekly and after storms to ensure that the controls for windblown dispersion and precipitation runoff and run-on are functioning properly.

(vi) The generator, after final offsite transportation, inspects the accumulation site for contamination and remediates as necessary.

(vii) The site is certified by a registered engineer for compliance with the standards specified in clauses (i) to (vi), inclusive.

(5) The hazardous waste is held at a transfer facility for any period of time in a manner other than in a container or tank.

(6) (A) Except as provided in subparagraph (B), the hazardous waste is held at a transfer facility for any period of time and handling occurs.

(B) Notwithstanding subparagraph (A), and to the extent consistent with the federal act, a transfer facility is not a storage facility if the hazardous waste is held in containers or tanks at a transfer facility for a period of six days or less, or 10 days or less for transfer facilities in areas zoned industrial by the local planning authority, and no handling occurs, other than the transfer of packages or containerized hazardous waste from one vehicle to another.

(c) The time period for calculating the 90-day period for purposes of paragraph (1) of subdivision (b), or the 180-day or 270-day period for purposes of subdivision (h), begins when the facility has accumulated 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste. However, if the facility generates more than 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste during any calendar month, the time period begins when any amount of hazardous waste first begins to accumulate in that month.

(d) Notwithstanding paragraph (1) of subdivision (b), a generator of hazardous waste that accumulates waste onsite is not a storage facility if all of the following requirements are met:

(1) The generator accumulates a maximum of 55 gallons of hazardous waste, one quart of acutely hazardous waste, or one quart of extremely hazardous waste at an initial accumulation point that is at or near the area where the waste is generated and that is under the control of the operator of the process generating the waste.

(2) The generator accumulates the waste in containers other than tanks.

(3) The generator does not hold the hazardous waste onsite without a hazardous waste facilities permit or other grant of authorization for a period of time longer than the shorter of the following time periods:

(A) One year from the initial date of accumulation.

(B) Ninety days, or if subdivision (h) is applicable, 180 or 270 days, from the date that the quantity limitation specified in paragraph (1) is reached.

(4) The generator labels any container used for the accumulation of hazardous waste with the initial date of accumulation and with the words

''hazardous waste'' or other words that identify the contents of the container.

(5) Within three days of reaching any applicable quantity limitation specified in paragraph (1), the generator labels the container holding the accumulated hazardous waste with the date the quantity limitation was reached and either transports the waste offsite or holds the waste onsite and complies with either the regulations adopted by the department establishing requirements for generators subject to the time limit specified in paragraph (1) of subdivision (b) or the requirements specified in paragraph (1) of subdivision (h), whichever requirements are applicable.

(6) The generator complies with regulations adopted by the department pertaining to the use and management of containers and any other regulations adopted by the department to implement this subdivision.

(e) (1) Notwithstanding paragraphs (1) and (4) of subdivision (b), hazardous waste held for remediation waste staging shall not be considered to be held at a hazardous waste storage facility if the total accumulation period is one year or less from the date of the initial placing of hazardous waste by the generator at the staging site for onsite remediation, except that the department may grant one six-month extension, upon a showing of reasonable cause by the generator.

(2) (A) The generator shall submit a notification of plans to store and treat hazardous waste onsite pursuant to paragraph (2) of subdivision (a), in person or by certified mail, with return receipt requested, to the department and to one of the following:

(i) The CUPA, if the generator is under the jurisdiction of a CUPA.

(ii) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(B) If, after the notification pursuant to subparagraph (A), or during the initial year or the six-month extension granted by the department, the generator determines that treatment cannot be accomplished for all, or part of, the hazardous waste accumulated in a remediation waste staging area, the generator shall immediately notify the department and the appropriate local agency, pursuant to subparagraph (A), that the treatment has been discontinued. The generator shall then handle and dispose of the hazardous waste in accordance with paragraph (4) of subdivision (b).

(C) A generator shall not hold hazardous waste for remediation waste staging unless the generator can show, through laboratory testing, bench scale testing, or other documentation, that soil held for remediation

waste staging is potentially treatable. Any fines and penalties imposed for a violation of this subparagraph may be imposed beginning with the 91st day that the hazardous waste was initially accumulated.

(3) Once an onsite treatment operation is completed on hazardous waste held pursuant to paragraph (1), the generator shall inspect the staging area for contamination and remediate as necessary.

(f) Notwithstanding any other provision of this chapter, remediation waste staging and the holding of non-RCRA contaminated soil for offsite transportation in accordance with paragraph (4) of subdivision (b) shall not be considered to be disposal or land disposal of hazardous waste.

(g) A generator who holds hazardous waste for remediation waste staging pursuant to paragraph (2) of subdivision (a) or who holds hazardous waste onsite for offsite transportation pursuant to paragraph (4) of subdivision (b) shall maintain records onsite that demonstrate compliance with this section related to storing hazardous waste for remediation waste staging or related to holding hazardous waste onsite for offsite transportation, as applicable. The records maintained pursuant to this subdivision shall be available for review by any public agency authorized pursuant to Section 25180 or 25185.

(h) (1) Notwithstanding paragraph (1) of subdivision (b), a generator of less than 1,000 kilograms of hazardous waste in any calendar month who accumulates hazardous waste onsite for 180 days or less, or 270 days or less if the generator transports the generator's own waste, or offers the generator's waste for transportation, over a distance of 200 miles or more, for offsite treatment, storage, or disposal, is not a storage facility if all of the following apply:

(A) The quantity of hazardous waste accumulated onsite never exceeds 6,000 kilograms.

(B) The generator complies with the requirements of subdivisions (d), (e), and (f) of Section 262.34 of Title 40 of the Code of Federal Regulations.

(C) The generator does not hold acutely hazardous waste or extremely hazardous waste in an amount greater than one kilogram for a time period longer than that specified in paragraph (1) of subdivision (b).

(2) A generator meeting the requirements of paragraph (1) who does not receive a copy of the manifest with the handwritten signature of the owner or operator of the facility to which the generator's waste is submitted, within 60 days from the date that the hazardous waste was accepted by the initial transporter, shall submit to the department a legible copy of the manifest, with some indication that the generator has not received confirmation of delivery.

SEC. 6. Section 25123.5 of the Health and Safety Code is amended to read:

25123.5. (a) Except as provided in subdivisions (b) and (c), ''treatment'' means any method, technique, or process which is not otherwise excluded from the definition of treatment by this chapter and which is designed to change the physical, chemical, or biological character or composition of any hazardous waste or any material contained therein, or which removes or reduces its harmful properties or characteristics for any purpose.

(b) (1) ''Treatment'' does not include any of the activities listed in paragraph (2), if one of the following requirements is met:

(A) The activity is conducted onsite in accordance with the requirements of this chapter and the department's regulations adopted pursuant to this chapter governing the generation and accumulation of hazardous waste.

(B) The activity is conducted in accordance with the conditions specified in a permit issued by the department for the storage of hazardous waste.

(2) The activities subject to the exemption specified in paragraph (1) include all of the following:

(A) Sieving or filtering liquid hazardous waste to remove solid fractions, without added heat, chemicals, or pressure, as the waste is added to or removed from a storage or accumulation tank or container. For purposes of this subparagraph, sieving or filtering does not include adsorption, reverse osmosis, or ultrafiltration.

(B) Phase separation of hazardous waste during storage or accumulation in tanks or containers, if the separation is unaided by the addition of heat or chemicals. If the phase separation occurs at a commercial offsite permitted storage facility, all phases of the hazardous waste shall be managed as hazardous waste after separation.

(C) Combining two or more waste streams that are not incompatible into a single tank or container if both of the following conditions apply:

(i) The waste streams are being combined solely for the purpose of consolidated accumulation or storage or consolidated offsite shipment, and they are not being combined to meet a fuel specification or to otherwise be chemically or physically prepared to be treated, burned for energy value, or incinerated.

(ii) The combined waste stream is managed in compliance with the most stringent of the regulatory requirements applicable to each individual waste stream.

(D) Evaporation of water from hazardous wastes in tanks or containers, such as breathing and evaporation through vents and floating roofs, without the addition of pressure, chemicals, or heat other than sunlight or ambient room lighting or heating.

(3) This subdivision does not apply to any activity for which a hazardous waste facilities permit for treatment is required under the federal act.

(c) ''Treatment'' does not include the combination of glutaraldehyde or orthophthalaldehyde, which is used by medical facilities to disinfect medical devices, with formulations containing glycine as the sole active chemical, if the process is carried out onsite.

SEC. 6.4. Section 25141.5 of the Health and Safety Code is amended to read:

25141.5. (a) When classifying a waste as hazardous pursuant to the criteria in paragraph (8) of subdivision (a) of Section 66261.24 of Title 22 of the California Code of Regulations, as that section read on January 1, 1993, the department shall incorporate the department's decision into a regulation, if the department determines that the waste's classification as a hazardous waste is likely to have broad application beyond the producer who initiated the request.

(b) Unless the department makes a determination after January 1, 1996, by regulation, that additional criteria are necessary to protect the public health, safety, and environment of the state, the department shall use the following criteria and procedures for the identification and regulation of the following types of hazardous waste:

(1) In identifying wastes that are hazardous due to the characteristic of reactivity, the department shall rely on objective analytical tests, procedures, and numerical thresholds set forth in the regulations or guidance documents adopted by the United States Environmental Protection Agency.

(B) Notwithstanding any other provision of this chapter or the regulations adopted by the department prior to January 1, 1996, to the extent consistent with the federal act, the substances listed in this subparagraph shall not be classified as hazardous waste due solely to the characteristic of acute oral toxicity. The language in parentheses following the scientific name of each of the substances listed in this paragraph describes one or more common uses of each substance, and is provided for informational purposes only.

(1) Used or reused as an ingredient in an industrial process to make a product if the material is not being reclaimed.

(2) Used or reused as a safe and effective substitute for commercial products if the material is not being reclaimed.

(3) Returned to the original process from which the material was generated, without first being reclaimed, if the material is returned as a substitute for raw material feedstock, and the process uses raw materials as principal feedstocks.

(c) Except as otherwise provided in subdivision (e), any recyclable material may be recycled at a facility that is not authorized by the department pursuant to the applicable hazardous waste facilities permit requirements of Article 9 (commencing with Section 25200) if either of the following requirements is met:

generated unless the resulting coke product would be identified as a hazardous waste under this chapter.

(2) The material meets all of the following conditions:

(A) The material is recycled and used at the same facility at which the material was generated.

(B) The material is recycled within the applicable generator accumulation time limits specified in Section 25123.3 and the regulations adopted by the department pursuant to paragraph (1) of subdivision (b) of Section 25123.3.

(C) The material is managed in accordance with all applicable requirements for generators of hazardous wastes under this chapter and regulations adopted by the department.

(d) Except as otherwise provided in subdivisions (e), (f), (g), and (h), recyclable material that meets the definition of a non-RCRA hazardous waste in Section 25117.9, is managed in accordance with Section 25143.9, and meets or will meet any of the following requirements is excluded from classification as a waste:

(1) The material can be shown to be recycled and used at the site where the material was generated.

(2) The material qualifies as one or more of the following:

(A) The material is a product that has been processed from a hazardous waste, or has been handled, at a facility authorized by the department pursuant to the facility permit requirements of Article 9 (commencing with Section 25200) to process or handle the material, if the product meets both of the following conditions:

(i) The product does not contain constituents, other than those for which the material is being recycled, that render the material hazardous under regulations adopted pursuant to Sections 25140 and 25141.

(ii) The product is used, or distributed or sold for use, in a manner for which the product is commonly used.

(B) The material is a petroleum refinery waste containing oil that is converted into petroleum coke at the same facility at which the waste was generated, unless the resulting coke product would be identified as a hazardous waste under this chapter.

(C) The material is oily waste, used oil, or spent nonhalogenated solvent that is managed by the owner or operator of a refinery that is processing primarily crude oil and is not subject to permit requirements for the recycling of used oil, of a public utility, or of a corporate subsidiary, corporate parent, or subsidiary of the same corporate parent of the refinery or public utility, and meets all of the following requirements:

If requested by the department or by any official authorized to enforce this section pursuant to subdivision (a) of Section 25180, a person handling material subject to this paragraph, within 15 days from the date of receipt of the request, shall supply documentation to show that the requirements of this paragraph have been satisfied.

(4) (A) The material is transferred between locations operated by the same person who generated the material, if the material is to be recycled at an authorized offsite hazardous waste facility and if all of the following conditions are met:

(i) The material is transferred by employees of that person in vehicles under the control of that person or by a registered hazardous waste hauler under contract to that person.

(ii) The material is not handled at any interim location.

(iii) The material is not held at any publicly accessible interim location for more than four hours unless required by other provisions of law.

(iv) The material is managed in compliance with this chapter and the regulations adopted pursuant to this chapter prior to the initial transportation of the material and after the receipt of the material at the last location operated by that person. Upon receipt of the material at the last location operated by that person, the material shall be deemed to have been generated at that location.

(v) All of the following information is maintained in an operating log at the last location operated by that person and kept for at least three years after receipt of the material at that location:

(e) Notwithstanding subdivisions (b), (c), and (d), all of the following recyclable materials are hazardous wastes and subject to full regulation under this chapter, even if the recycling involves use, reuse, or return to the original process as described in subdivision (b), and even if the recycling involves activities or materials described in subdivisions (c) and (d):

(1) Materials that are a RCRA hazardous waste, as defined in Section 25120.2, used in a manner constituting disposal, or used to produce products that are applied to the land, including, but not limited to, materials used to produce a fertilizer, soil amendment, agricultural mineral, or an auxiliary soil and plant substance.

(2) Materials that are a non-RCRA hazardous waste, as defined in Section 25117.9, and used in a manner constituting disposal or used to produce products that are applied to the land as a fertilizer, soil amendment, agricultural mineral, or an auxiliary soil and plant substance. The department may adopt regulations to exclude materials from regulation pursuant to this paragraph.

(f) (1) Any person who manages a recyclable material under a claim that the material qualifies for exclusion or exemption pursuant to this section shall provide, upon request, to the department, the California Environmental Protection Agency, or any local agency or official authorized to bring an action as provided in Section 25180, all of the following information:

(A) The name, street and mailing address, and telephone number of the owner or operator of any facility that manages the material.

(B) Any other information related to the management by that person of the material requested by the department, the California Environmental Protection Agency, or the authorized local agency or official.

(2) Any person claiming an exclusion or an exemption pursuant to this section shall maintain adequate records to demonstrate to the satisfaction of the requesting agency or official that there is a known market or disposition for the material, and that the requirements of any exemption or exclusion pursuant to this section are met.

(3) For purposes of determining that the conditions for exclusion from classification as a waste pursuant to this section are met, any person, facility, site, or vehicle engaged in the management of a material under a claim that the material is excluded from classification as a waste pursuant to this section is subject to Section 25185.

(g) For purposes of Chapter 6.8 (commencing with Section 25300), recyclable materials excluded from classification as a waste pursuant to this section are not excluded from the definition of hazardous substances in subdivision (g) of Section 25316.

(h) Used oil that fails to qualify for exclusion pursuant to subdivision (d) solely because the used oil is a RCRA hazardous waste may be managed pursuant to subdivision (d) if the used oil is also managed in accordance with the applicable requirements of Part 279 (commencing with Section 279.1) of Title 40 of the Code of Federal Regulations.

SEC. 6.6. Section 25143.13 of the Health and Safety Code is amended to read:

25143.13. (a) Notwithstanding any other provision of law, except as provided in subdivision (c), wastes containing silver or silver compounds that are RCRA hazardous wastes solely due to the presence of silver in the waste are subject to regulation under this chapter solely to the extent that these wastes are subject to regulation under the federal act. This subdivision does not apply to wastes that are classified as non-RCRA hazardous wastes due to the presence of constituents or characteristics other than silver.

(b) Notwithstanding any other provision of law, wastes containing silver or silver compounds are exempt from regulation under this chapter if the wastes are not subject to regulation under the federal act as RCRA hazardous waste, and the wastes would otherwise be subject to regulation under this chapter solely due to the presence of silver in the waste.

(c) With respect to treatment of a hazardous waste, subdivision (a) applies only to the removal of silver from photoimaging solutions and photoimaging solution wastewaters. Any other treatment of wastes containing silver or silver compounds that are RCRA hazardous wastes is subject to all of the applicable requirements of this chapter.

(d) The department shall amend its regulations, as necessary, to conform to this section. Until the department amends these regulations, the applicable regulations adopted by the Environmental Protection Agency pursuant to the federal act pertaining to the regulation of wastes containing silver or silver compounds, which are regulated as RCRA hazardous wastes solely due to the presence of silver in the waste, shall be deemed to be the regulations of the department, except as otherwise provided in subdivision (c).

(e) This section shall not be construed to limit or abridge the powers or duties granted to any state or local agency pursuant to any law, other than this chapter, to regulate wastes containing silver or silver compounds.

SEC. 7. Section 25149 of the Health and Safety Code is amended to read:

25149. (a) Notwithstanding any other provision of law, except as provided in Section 25149.5 or 25181 of this code or Section 731 of the Code of Civil Procedure, no city or county, whether chartered or general law, or district may enact, issue, enforce, suspend, revoke, or modify any ordinance, regulation, law, license, or permit relating to an existing hazardous waste facility so as to prohibit or unreasonably regulate the disposal, treatment, or recovery of resources from hazardous waste or a mix of hazardous and solid wastes at that facility, unless, after public notice and hearing, the director determines that the operation of the facility may present an imminent and substantial endangerment to health and the environment. However, nothing in this section authorizes an operator of that facility to violate any term or condition of a local land use permit or any other provision of law not in conflict with this section.

(b) The director shall, pursuant to subdivision (c), conduct the hearing specified in subdivision (a) to determine whether the operation of an existing hazardous waste facility may present an imminent and substantial endangerment to health and the environment whenever any of the following occurs:

(1) A state or federal public agency requires any person to evacuate a residence or requires the evacuation of a school, place of employment, commercial establishment, or other facility to which the public has access, because of the release of a hazardous substance from the facility.

(2) For more than five days in any month, the air emissions from the facility result in the violation of an emission standard for a hazardous air pollutant established pursuant to Section 7412 of Title 42 of the United States Code or the threshold exposure level for a toxic air contaminant, as defined in Section 39655.

(3) A state or federal public agency requires that the use of a source of drinking water be discontinued because of the contamination of the

source by a release of hazardous waste, hazardous substances, or leachate from the facility.

(4) A state agency, or the board of supervisors of the county in which the facility is located, upon recommendation of its local health officer, makes a finding that the public health has been affected by a release of hazardous wastes from the facility. The finding shall be based on statistically significant data developed in a health effects study conducted according to a study design, and using a methodology, that are developed after considering the suggestions on study design and methodology made by interested parties and that are approved by the Epidemiological Studies Section in the Epidemiology and Toxicology Branch of the State Department of Health Services before beginning the study.

(5) The owner or operator of the facility is in violation of an order issued pursuant to Section 25187 that requires one or both of the following:

(A) The correction of a violation or condition that has resulted, or threatens to result, in an unauthorized release of hazardous waste or a constituent of hazardous waste from the facility into either the onsite or offsite environment.

(B) The cleanup of a release of hazardous waste or a constituent of hazardous waste, the abatement of the effects of the release, and any other necessary remedial action.

(6) The facility is in violation of an order issued pursuant to Article 1 (commencing with Section 13300) of, or Article 2 (commencing with Section 13320) of, Chapter 5 of Division 7 of the Water Code or in violation of a temporary restraining order, preliminary injunction, or permanent injunction issued pursuant to Article 4 (commencing with Section 13340) of Chapter 5 of Division 7 of the Water Code.

(c) Whenever the director determines that a hearing is required, as specified in subdivision (b), the director shall immediately request the Office of Administrative Hearings to assign an administrative law judge to conduct the hearing, pursuant to this subdivision.

(1) After an administrative law judge is assigned by the Office of Administrative Hearings, the director shall transmit to the administrative law judge and to the operator of the existing hazardous waste facility, all relevant documents, information, and data that were the basis for the director's determination. The director shall also prepare a notice specifying the time and place of the hearing. The notice shall also include a clear statement of the reasons for conducting the hearing, a description of the facts, data, circumstances, or occurrences that are the cause for conducting the hearing, and the issues to be addressed at the hearing. The hearing shall be held as close to the location of the existing hazardous waste facility as is practicable and shall commence no later

than 30 days following the director's request to the Office of Administrative Hearings to assign an administrative law judge to the case.

(2) The hearing specified in paragraph (1) shall be conducted in accordance with Article 8 (commencing with Section 11435.05) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of, and Sections 11511 to 11515, inclusive, of, the Government Code. The administrative law judge's proposed decision shall be transmitted to the director within 30 days after the case is submitted.

(3) The director may adopt the proposed decision of the administrative law judge in its entirety or may decide the case upon the record, as provided in Section 11517 of the Government Code. The director's decision shall be in writing and shall contain findings of fact and a determination of the issues presented. The decision is subject to judicial review in accordance with Section 11523 of the Government Code.

SEC. 8. Section 25150 of the Health and Safety Code is amended to read:

25150. (a) The department shall adopt, and revise when appropriate, standards and regulations for the management of hazardous wastes to protect against hazards to the public health, to domestic livestock, to wildlife, or to the environment.

(b) The department and the local officers and agencies authorized to enforce this chapter pursuant to subdivision (a) of Section 25180 shall apply the standards and regulations adopted pursuant to subdivision (a) to the management of hazardous waste.

(c) Except as provided in subdivision (d), the department may limit the application of the standards and regulations adopted or revised pursuant to subdivision (a) at facilities operating pursuant to a hazardous waste facilities permit or other grant of authorization issued by the department in any manner that the department determines to be appropriate, including, but not limited to, requiring these facilities to apply for, and receive, a permit modification prior to the application of the standards and regulations.

(d) The department shall not adopt or revise standards and regulations which result in the imposition of any requirement for the management of a RCRA waste that is less stringent than a corresponding requirement adopted by the Environmental Protection Agency pursuant to the federal act.

(e) The department shall adopt, and revise when appropriate, regulations for the recycling of hazardous waste to protect against hazards to the public health, domestic livestock, wildlife, or to the environment, and to encourage the best use of natural resources.

(f) Before the adoption of regulations, the department shall notify all agencies of interested local governments, including, but not limited to, certified unified program agencies, local governing bodies, local planning agencies, local health authorities, local building inspection departments, the Department of Pesticide Regulation, the Department of the California Highway Patrol, the Department of Fish and Game, the Department of Industrial Relations, the Division of Industrial Safety, the State Air Resources Board, the State Water Resources Control Board, the State Fire Marshal, regional water quality control boards, the State Building Standards Commission, the Office of Environmental Health Hazard Assessment, and the California Integrated Waste Management Board.

SEC. 9. Section 25160 of the Health and Safety Code is amended to read:

25160. (a) For purposes of this chapter, ''manifest'' means a shipping document originated and signed by a generator of hazardous waste that contains all of the information required by the department and that complies with all applicable federal and state regulations.

(b) (1) Any person generating hazardous waste that is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, shall complete a manifest prior to the time the waste is transported or offered for transportation, and shall designate on that manifest the facility to which the waste is to be shipped for the handling, treatment, storage, disposal, or combination thereof. The manifest shall be completed, as required by the department. The generator shall provide the manifest to the person who will transport the hazardous waste, who is the driver, if the hazardous waste will be transported by vehicle, or the person designated by the railroad corporation or vessel operator, if the hazardous waste will be transported by rail or vessel. The generator shall use the standard California Uniform Hazardous Waste Manifest supplied by the department for all shipments of hazardous waste for which a manifest is required, except as provided in paragraph (2). A manifest shall only be used for the purposes specified in this chapter, including, but not limited to, identifying materials that the person completing the manifest reasonably believes are hazardous waste. Within 30 days from the date of transport, or submission for transport, of hazardous waste, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator and the transporter. In lieu of submitting a copy of each manifest used, a generator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(2) Any person generating hazardous waste that is transported, or submitted for transportation, for offsite handling, treatment, storage,

disposal, or any combination thereof, outside of the state, shall complete, whether or not the waste is determined to be hazardous by the importing country or state, a standard California Uniform Hazardous Waste Manifest, or the generator shall complete, in its own form of manifest, the manifest required by the receiving state and shall submit a copy of that manifest to the department within 30 days from the date of the transport, or submission for transport, of the hazardous waste. In lieu of submitting a copy of each manifest used, a generator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(3) Within 30 days from the date of transport, or submission for transport, of hazardous waste out of state, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator. If within 35 days from the date of the initial shipment, or for exports by water to foreign countries, 60 days after the initial shipment, the generator has not received a copy of the manifest signed by all transporters and the facility operator, the generator shall contact the owner or operator of the designated facility to determine the status of the hazardous waste and to request that the owner or operator immediately provide a signed copy of the manifest to the generator. Except as provided otherwise in paragraph (2) of subdivision (h) of Section 25123.3, if within 45 days from the date of the initial shipment or, for exports by water to foreign countries, 90 days from the date of the initial shipment, the generator has not received a copy of the signed manifest from the facility owner or operator, the generator shall submit an exception report to the department.

(4) For shipments of waste that do not require a manifest pursuant to Title 40 of the Code of Federal Regulations, the department, by regulation, may establish manifest requirements that differ from the requirements of this subdivision. The requirements for an alternative form of manifest shall ensure that the hazardous waste is transported by a registered hazardous waste transporter, that the hazardous waste is tracked, and that human health and safety and the environment are protected.

(5) (A) Notwithstanding any other provision of this subdivision, except as provided in subparagraph (B), the generator copy of the manifest is not required to be submitted to the department for any waste transported in compliance with the modified manifest procedures that are not in conflict with this paragraph and that are set forth in Section 66263.42 of Title 22 of the California Code of Regulations, or as that regulation may be further amended, or in Section 25250.8, if the generator, transporter, and facility are all identified by the same United

States Environmental Protection Agency identification number on the hazardous waste manifest. Nothing in this paragraph affects the obligation of a facility operator to submit to the department a copy of a manifest pursuant to this section.

(B) If the waste subject to subparagraph (A) is transported out of state, the generator shall either ensure that the facility operator submits to the department a copy of the manifest or the generator shall submit a copy to the department that contains the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator pursuant to paragraph (3).

(c) (1) The department shall determine the form and manner in which a manifest shall be completed and the information that the manifest shall contain. The information requested on the manifest shall serve as the data dictionary for purposes of the developing of an electronic reporting format pursuant to Section 71062 of the Public Resources Code. The form of each manifest and the information requested on each manifest shall be the same for all hazardous wastes, regardless of whether the hazardous wastes are also regulated pursuant to the federal act or by regulations adopted by the United States Department of Transportation. However, the form of the manifest and the information required shall be consistent with federal regulations.

(2) Pursuant to federal regulations, the department may require information on the manifest in addition to the information required by federal regulations.

(d) (1) Any person who transports hazardous waste in a vehicle shall have a manifest in his or her possession while transporting the hazardous waste. The manifest shall be shown upon demand to any representative of the department, any officer of the California Highway Patrol, any local health officer, or any local public officer designated by the director. If the hazardous waste is transported by rail or vessel, the railroad corporation or vessel operator shall comply with Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations and shall also enter on the shipping papers any information concerning the hazardous waste that the department may require.

(2) Any person who transports any waste, as defined by Section 25124, and who is provided with a manifest for that waste shall, while transporting that waste, comply with all requirements of this chapter, and the regulations adopted pursuant thereto, concerning the transportation of hazardous waste.

(3) Any person who transports hazardous waste shall transfer a copy of the manifest to the facility operator at the time of delivery, or to the person who will subsequently transport the hazardous waste in a vehicle. Any person who transports hazardous waste and then transfers custody

of that hazardous waste to a person who will subsequently transport that waste by rail or vessel shall transfer a copy of the manifest to the person designated by the railroad corporation or vessel operator, as specified by Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations.

(4) Any person transporting hazardous waste by motor vehicle, rail, or water shall certify to the department, at the time of initial registration and at the time of renewal of that registration pursuant to this article, that the transporter is familiar with the requirements of this section, the department regulations, and federal laws and regulations governing the use of manifests.

(e) (1) Any facility operator in the state who receives hazardous waste for handling, treatment, storage, disposal, or any combination thereof, which was transported with a manifest pursuant to this section, shall submit a copy of the manifest to the department within 30 days from the date of receipt of the hazardous waste. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the facility operator. In instances in which the generator or transporter is not required by the generator's state or federal law to sign the manifest, the facility operator shall require the generator and all transporters, excepting intermediate rail transporters, to sign the manifest before receiving the waste at any facility in this state. In lieu of submitting a copy of each manifest used, a facility operator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(2) Any treatment, storage, or disposal facility receiving hazardous waste generated outside this state may only accept the hazardous waste for treatment, storage, disposal, or any combination thereof, if the hazardous waste is accompanied by a completed standard California Uniform Hazardous Waste Manifest.

(3) A facility operator may accept hazardous waste generated offsite that is not accompanied by a properly completed and signed standard California Uniform Hazardous Waste Manifest if the facility operator meets both of the following conditions:

(A) The facility operator is authorized to accept the hazardous waste pursuant to a hazardous waste facilities permit or other grant of authorization from the department.

(B) The facility operator is in compliance with the regulations adopted by the department specifying the conditions and procedures applicable to the receipt of hazardous waste under these circumstances.

(4) This subdivision applies only to shipments of hazardous waste for which a manifest is required pursuant to this section and the regulations adopted pursuant to this section.

(f) A generator, transporter, or facility operator may comply with the requirements of Sections 66262.40, 66263.22, 66264.71, and 66265.71 of Title 22 of the California Code of Regulations by storing manifest information electronically. A generator, transporter, or facility operator who stores manifest information electronically shall use the standardized electronic format and protocol for the exchange of electronic data established by the Secretary for Environmental Protection pursuant to Part 2 (commencing with Section 71050) of Division 34 of the Public Resources Code and the stored information shall include all the information required to be retained by the department, including all signatures required by this section.

(g) The department shall make available for review, by any interested party, information regarding the department's progress in adopting revised regulations relating to hazardous waste manifests, including specific requirements for milk run operations set forth in Section 66263.42 of Title 22 of the California Code of Regulations.

(h) The department shall make available for review, by any interested party, the department's plans for revising and enhancing its system for tracking hazardous waste for the purposes of protecting human health and the environment, enforcing laws, collecting revenue, and generating necessary reports.

SEC. 9.5. Section 25163 of the Health and Safety Code is amended to read:

25163. (a) (1) Except as otherwise provided in subdivisions (b), (c), (e), and (f), it is unlawful for any person to carry on, or engage in, the transportation of hazardous wastes unless the person holds a valid registration issued by the department, and it is unlawful for any person to transfer custody of a hazardous waste to a transporter who does not hold a valid registration issued by the department. A person who holds a valid registration issued by the department pursuant to this section is a registered hazardous waste transporter for purposes of this chapter. Any registration issued by the department to a transporter of hazardous waste is not transferable from the person to whom it was issued to any other person.

(2) Any person who transports hazardous waste in a vehicle shall have a valid registration issued by the department in his or her possession while transporting the hazardous waste. The registration certificate shall be shown upon demand to any representative of the department, officer of the Department of the California Highway Patrol, any local health officer, or any public officer designated by the department. Any person registered pursuant to this section may obtain additional copies of the registration certificate from the department upon the payment of a fee of two dollars ($2) for each copy requested, in accordance with Section 12196 of the Government Code.

(3) The hazardous waste information required and collected for registration pursuant to this subdivision shall be recorded and maintained in the management information system operated by the Department of the California Highway Patrol.

(b) Persons transporting only septic tank, cesspool, seepage pit, or chemical toilet waste that does not contain a hazardous waste originating from other than the body of a human or animal and who hold an unrevoked registration issued by the health officer or the health officer's authorized representative pursuant to Article 1 (commencing with Section 117400) of Chapter 4 of Part 13 of Division 104 are exempt from the requirements of subdivision (a).

(c) Except as provided in subdivision (f), persons transporting hazardous wastes to a permitted hazardous waste facility for transfer, treatment, recycling, or disposal, which wastes do not exceed a total volume of five gallons or do not exceed a total weight of 50 pounds, are exempt from the requirements of subdivision (a) and from the requirements of Section 25160 concerning possession of the manifest while transporting hazardous waste, upon meeting all of the following conditions:

(1) The hazardous wastes are transported in closed containers and packed in a manner that prevents the containers from tipping, spilling, or breaking during the transporting.

(2) Different hazardous waste materials are not mixed within a container during the transporting.

(3) If the hazardous waste is extremely hazardous waste or acutely hazardous waste, the extremely hazardous waste or acutely hazardous waste was not generated in the course of any business, and is not more than 2.2 pounds.

(4) The person transporting the hazardous waste is the producer of that hazardous waste, and the person produces not more than 100 kilograms of hazardous waste in any month.

(5) The person transporting the hazardous waste does not accumulate more than a total of 1,000 kilograms of hazardous waste onsite at any one time.

(d) Any person registered as a hazardous waste transporter pursuant to subdivision (a) is not subject to the registration requirements of Chapter 6 (commencing with Section 25000), but shall comply with those terms, conditions, orders, and directions that the health officer or the health officer's authorized representative may determine to be necessary for the protection of human health and comfort, and shall otherwise comply with the requirements for statements as provided in Section 25007. Violations of those requirements of Section 25007 shall be punished as provided in Section 25010. Proof of registration pursuant to subdivision (a) shall be submitted by mail or in person to the local

health officer in the city or county in which the registered hazardous waste transporter will be conducting the activities described in Section 25001.

(e) Any person authorized to collect solid waste, as defined in Section 40191 of the Public Resources Code, who unknowingly transports hazardous waste to a solid waste facility, as defined in Section 40194 of the Public Resources Code, incidental to the collection of solid waste is not subject to subdivision (a).

(f) Any person transporting household hazardous waste or a conditionally exempt small quantity generator transporting hazardous waste to an authorized household hazardous waste collection facility pursuant to Section 25218.5 is exempt from subdivision (a) and from paragraph (1) of subdivision (d) of Section 25160 requiring possession of the manifest while transporting hazardous waste.

SEC. 9.6. Section 25179.6 of the Health and Safety Code is amended to read:

25179.6. (a) (1) A land disposal restriction, treatment standard, or land disposal criteria adopted by the department pursuant to former Article 7.7 (commencing with Section 25179.1), which article was repealed by the act adding this section, pursuant to this section, shall remain in effect on and after January 1, 1996, except as provided in paragraph (2), only if both of the following conditions apply to that adopted restriction, treatment standard, or land disposal criteria:

(A) The land disposal of hazardous waste was actually prohibited or otherwise limited by those disposal restrictions, treatment standards, or land disposal criteria on and before December 31, 1995.

(B) The implementation date of those disposal restrictions, treatment standards, or land disposal criteria were not suspended until January 1, 1996, by any provision of former Article 7.7 (commencing with Section 25179.1).

(2) Those land disposal restrictions, treatment standards, or land disposal criteria that remain in effect on and after January 1, 1996, pursuant to paragraph (1), may be repealed or amended by the department by regulation to maintain consistency with this article or pursuant to a determination by the department that any such land disposal restriction, treatment standard, or land disposal criteria is not necessary to protect public health and safety or the environment.

(b) On and after January 1, 1996, any land disposal restriction, treatment standard, or land disposal criteria that is not required pursuant to Section 25179.5 and that was adopted by the department pursuant to the former Article 7.7 (commencing with Section 25179.1) specified in subdivision (a), but that did not prohibit land disposal prior to January 1, 1996, or was otherwise suspended until January 1, 1996, by any provision of former Article 7.7 shall not prohibit land disposal on or after

January 1, 1996, and shall be deemed repealed, including any land disposal restriction, treatment standard, or land disposal criteria for any of the following categories of hazardous waste:

(1) Any RCRA hazardous waste for which a treatment standard has not been adopted or for which the United States Environmental Protection Agency has granted a delay of the effective date of the standard pursuant to Section 6924 of the federal act.

(2) Any non-RCRA hazardous waste subject to treatment standards based upon incineration, solvent extraction, or biological treatment.

(3) Any non-RCRA hazardous waste subject to a treatment standard adopted pursuant to paragraph (3) of subdivision (a) of Section 66268.106 of Title 22 of the California Code of Regulations.

(c) Except as provided in subdivision (a) with regard to repealing or limiting the effect of restrictions, standards or criteria that prohibited land disposal as of December 31, 1995, the department, by regulation, may adopt new land disposal restrictions, treatment standards, or land disposal criteria in addition to, or more stringent than, those restrictions, standards, or criteria required pursuant to the federal act, or required by the United States Environmental Protection Agency pursuant to the federal act, or for those hazardous wastes not subject to restrictions, standards, or criteria required pursuant to the federal act, or required by the United States Environmental Protection Agency pursuant to the federal act, if the department determines, after holding a public hearing, that both of the following conditions exist:

(1) A new state land disposal restriction, treatment standard, or criteria is necessary to protect public health and safety and the environment, as indicated by evidence on the record.

(2) Attainment of the additional restriction, standard, or criteria can be practically achieved in this state and is consistent with the intent language of this article, as provided in Section 25179.1.

(d) On or before January 1, 2001, the department shall review and, as deemed necessary, revise the hazardous waste land disposal restrictions, treatment standards, and land disposal criteria that were adopted by the department before January 1, 1996, pursuant to former Article 7.7 (commencing with Section 25179.1) and that remain in effect after that date, to maintain consistency with this section. Any treatment standards adopted by the department on or after January 1, 1996, pursuant to this section, shall be reviewed and revised, as deemed necessary, by the department.

(e) Nothing in this section exempts the department from compliance with Section 57005 and with Sections 11346.2, 11346.3, and 11346.5 of the Government Code.

SEC. 9.7. Section 25186.1 of the Health and Safety Code is amended to read:

25186.1. (a) Except as specified in Section 25186.2, proceedings for the suspension or revocation of a permit, registration, or certificate under this chapter shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the department shall have all the powers granted by those provisions. In the event of a conflict between this chapter and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the provisions of the Government Code shall prevail.

(b) (1) Proceedings to determine whether to grant, issue, modify, or deny a permit, registration, or certificate shall be conducted in accordance with the regulations adopted by the department.

(2) The petition for judicial review of a final decision of the department to grant, issue, modify, or deny a permit, registration, or certificate shall not be filed later than 90 days after the date that the notice of the final decision is served.

SEC. 10. Section 25199.6 of the Health and Safety Code is amended to read:

25199.6. (a) Section 65943 of the Government Code does not apply to the department's review of applications for a hazardous waste facilities permit. The department shall review for completeness each application for a hazardous waste facilities permit and notify the applicant in writing whether the application is complete within 30 days from the date of receipt. If the application is incomplete, the department shall require the applicant to provide the information necessary to make the application complete. An application is not deemed to be complete until the department notifies the applicant that the application is complete. After an application is determined to be complete, the department may request additional information only when necessary to clarify, modify, or supplement previously submitted material.

(b) Notwithstanding Section 65952 of the Government Code, any public agency that is a responsible agency for a hazardous waste facility project that is a land disposal facility shall approve or disapprove the project within one of the following periods of time, whichever is longer:

(1) Within one year from the date on which the lead agency approved or disapproved the project.

(2) Within one year from the date on which the completed application for the project has been received, and accepted as complete, by that responsible agency.

(c) Notwithstanding Section 65952 of the Government Code and Section 25199.2, any public agency that is a responsible agency for a hazardous waste facility project that is not a land disposal facility shall approve or disapprove the project within one of the following periods of time, whichever is longer:

(1) Within 180 days from the date on which the lead agency approved or disapproved the project.

(2) Within 180 days from the date on which the completed application for the project has been received, and accepted as complete, by that responsible agency.

(d) Subdivision (b) of Section 65956 of the Government Code does not apply to the failure of a lead agency or responsible agency to approve or disapprove a permit for a hazardous waste facility project within the time limits established by Sections 65950 and 65952 of the Government Code and subdivisions (b) and (c) of this section. If a lead agency or a responsible agency fails to act within those time limits, the applicant may file an action pursuant to Section 1085 of the Code of Civil Procedure to compel the agency to approve or disapprove the permit for the project within a reasonable time, as the court may determine.

SEC. 11. Section 25199.10 of the Health and Safety Code is amended to read:

25199.10. (a) If an appeal is filed pursuant to subdivision (b), (d), or (e) of Section 25199.9, or paragraph (3) of subdivision (c) of Section 25199.9, the Governor or the Governor's designee shall determine within five working days whether the proponent has obtained all permits for the specified hazardous waste facility project which can be obtained before construction from those responsible agencies which are state agencies, and which were obtainable when the appeal was filed. If, because the application for the appeal is incomplete, the Governor or the Governor's designee is unable to determine, within five working days, whether or not the appeal board should be convened, the Governor or the Governor's designee shall return the application for appeal to the proponent or interested party who filed the appeal. The proponent or interested party shall resubmit the completed application for an appeal within 20 calendar days after receiving the returned appeal and if the proponent or interested party fails to do so, the Governor or the Governor's designee shall not reconsider whether to convene an appeal board.

(b) If the Governor or the Governor's designee determines, pursuant to subdivision (a), that the proponent has obtained all permits for the specified hazardous waste facility project which can be obtained before construction from those responsible agencies which are state agencies, or if an appeal is filed pursuant to paragraph (1) of subdivision (c) of Section 25199.9, the Governor or the Governor's designee shall convene an appeal board within 30 days after making that determination or receiving that appeal, by requesting the League of California Cities and the County Supervisors Association of California to each nominate persons for appointment to an appeal board, as specified in paragraphs (6) and (7) of subdivision (c).

(c) An appeal board shall consist of seven members, five of whom shall be the members listed in paragraphs (1) to (5), inclusive, and two of whom shall be separately appointed for each particular appeal, as provided in paragraphs (6) and (7). An appeal board shall consist of the following members:

(1) The Director of Toxic Substances Control.

(2) The Chairperson of the State Air Resources Board.

(3) The Chairperson of the State Water Resources Control Board.

(4) A member of a county board of supervisors appointed by the Senate Committee on Rules who shall be selected from the persons nominated by the County Supervisors Association of California. The appointment shall be for a period of four years, but shall terminate earlier if the appointee does not continue in office as a member of a board of supervisors.

(5) A member of a city council appointed by the Speaker of the Assembly who shall be selected from the persons nominated by the League of California Cities. The appointment shall be for a period of four years, but shall terminate earlier if the appointee does not continue in office as a member of a city council.

(6) A member of a county board of supervisors appointed by the Speaker of the Assembly who shall be selected from the persons nominated by the County Supervisors Association of California. The member shall be from the county in which the specified hazardous waste facility project which is the subject of the appeal is located. However, if the member appointed pursuant to paragraph (4) is from the county in which the specified hazardous waste facility project is located, the member appointed pursuant to this paragraph shall not be from that same county. If the appointee appointed pursuant to this paragraph does not continue in office as a member of a board of supervisors for the duration of the appeal for which the appointment was made, the appointment shall terminate and a new appointment shall be made.

(7) A member of a city council appointed by the Senate Committee on Rules who shall be selected from the persons nominated by the League of California Cities. The member shall be from the city in which the specified hazardous waste facility project which is the subject of the appeal is located, or from the city which the Governor or the Governor's designee determines to be the most directly affected by the project if the project is not located in a city. However, if the member appointed under paragraph (5) is from a city in the county in which the specified hazardous waste facility project is located, the member appointed under this paragraph shall be from a city in a different county. If the appointee appointed pursuant to this paragraph does not continue in office as a member of a city council for the duration of the appeal for which the

appointment was made, the appointment shall terminate and a new appointment shall be made.

(d) The appeal board shall issue the final decision upon an appeal in writing and the members of the appeal board shall sign the decision.

(e) The Director of Toxic Substances Control, the Chairperson of the State Air Resources Board, and the Chairperson of the State Water Resources Control Board may designate an alternate to attend any meetings or hearings of an appeal board in that person's place, except that the alternate may not vote on a final decision on an appeal or sign the written decision in place of the person for whom the person serves as alternate.

(f) The Governor or the Governor's designee shall designate staff to serve the appeal board.

SEC. 12. Section 25201.6 of the Health and Safety Code is amended to read:

25201.6. (a) For purposes of this section and Section 25205.2, the following terms have the following meaning:

(1) ''Series A standardized permit'' means a permit issued to a facility that meets one or more of the following conditions:

(E) A volume of liquid or solid hazardous waste is stored at the facility for more than one calendar year.

(2) ''Series B standardized permit'' means a permit issued to a facility that does not store liquid or solid hazardous waste for a period of more than one calendar year, that does not exceed any of the upper volume limits specified in subparagraphs (A) to (D), inclusive, and that meets one or more of the following conditions:

(A) The total influent volume of liquid hazardous waste treated is greater than 5,000 gallons, but does not exceed 50,000 gallons, per calendar month.

(B) The total volume of solid hazardous waste treated is greater than 10,000 pounds, but does not exceed 100,000 pounds, per calendar month.

(C) The total facility storage design capacity is greater than 50,000 gallons, but does not exceed 500,000 gallons, for liquid hazardous waste.

(D) The total facility storage design capacity is greater than 100,000 pounds, but does not exceed 500 tons, for solid hazardous waste.

(3) ''Series C standardized permit'' means a permit issued to a facility that does not store liquid or solid hazardous waste for a period of more than one calendar year, that does not conduct thermal treatment of hazardous waste, with the exception of evaporation, and that either meets the requirements of paragraph (3) of subdivision (g) or meets all of the following conditions:

(A) The total influent volume of liquid hazardous waste treated does not exceed 5,000 gallons per calendar month.

(B) The total volume of solid hazardous waste treated does not exceed 10,000 pounds per calendar month.

(C) The total facility storage design capacity does not exceed 50,000 gallons for liquid hazardous waste.

(D) The total facility storage design capacity does not exceed 100,000 pounds for solid hazardous waste.

(b) The department shall adopt regulations specifying standardized hazardous waste facilities permit application forms that may be completed by a non-RCRA Series A, B, or C treatment, storage, or treatment and storage facility, in lieu of other hazardous waste facilities permit application procedures set forth in regulations. The department shall not issue permits under this section to specific classes of facilities unless the department finds that doing so will not create a competitive disadvantage to a member or members of that class that were in compliance with the permitting requirements which were in effect on September 1, 1992.

(c) The regulations adopted pursuant to subdivision (b) shall include all of the following:

(1) Require that the standardized permit notification be submitted to the department on or before October 1, 1993, for facilities existing on or before September 1, 1992, except for facilities specified in paragraphs (2) and (3) of subdivision (g). The standardized permit notification shall include, at a minimum, the information required for a Part A application as described in the regulations adopted by the department.

(2) Require that the standardized permit application be submitted to the department within six months of the submittal of the standardized permit notification. The standardized permit application shall require, at a minimum, that the following information be submitted to the department for review prior to the final permit determination:

(A) A description of the treatment and storage activities to be covered by the permit, including the type and volumes of waste, the treatment process, equipment description, and design capacity.

(B) A copy of the closure plan as required by paragraph (13) of subdivision (b) of Section 66270.14 of Title 22 of the California Code of Regulations.

(C) A description of the corrective action program, as required by Section 25200.10.

(D) Financial responsibility documents specified in paragraph (17) of subdivision (b) of Section 66270.14 of Title 22 of the California Code of Regulations.

(G) Documentation of compliance, if applicable, with the requirements of Article 8.7 (commencing with Section 25199).

(3) Require that a facility operating pursuant to a standardized permit comply with the liability assurance requirements in Section 25200.1.

(4) Specify which of the remaining elements of the permit application, as described in subdivision (b) of Section 66270.14 of Title 22 of the California Code of Regulations, shall be the subject of a certification of compliance by the applicant.

(5) Establish a procedure for imposing an administrative penalty pursuant to Section 25187, in addition to any other penalties provided by this chapter, upon an owner or operator of a treatment or storage facility that is required to obtain a hazardous waste facilities permit and that meets the criteria for a Series A, B, or C permit listed in subdivision (a), who does not submit a standardized permit notification to the department on or before the submittal deadline specified in paragraph (1) or the submittal deadline specified in paragraph (2) or (3) of subdivision (g), whichever date is applicable, and who continues to operate the facility without obtaining a hazardous waste facilities permit or other grant of authorization from the department after the applicable deadline for submitting the notification to the department. In determining the amount of the administrative penalty to be assessed, the regulations shall require the amount to be based upon the economic benefit gained by that owner or operator as a result of failing to comply with this section.

(6) Require that a facility operating pursuant to a standardized permit comply, at a minimum, with the interim status facility operating requirements specified in the regulations adopted by the department, except that the regulations adopted pursuant to this section may specify financial assurance amounts necessary to adequately respond to damage claims at levels that are less than those required for interim status

facilities if the department determines that lower financial assurance levels are appropriate.

(d) (1) Any regulations adopted pursuant to this section may be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) On and before January 1, 1995, the adoption of the regulations pursuant to paragraph (1) is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare.

(e) The department may not grant a permit under this section unless the department has determined the adequacy of the material submitted with the application and has conducted an inspection of the facility and determined all of the following:

(1) The treatment process is an effective method of treating the waste, as described in the permit application.

(2) The corrective action plan is appropriate for the facility.

(3) The financial assurance is sufficient for the facility.

(f) (1) Interim status shall not be granted to a facility that does not submit a standardized permit notification on or before October 1, 1993, unless the facility is subject to paragraph (2) or (3) of subdivision (g).

(2) Interim status shall be revoked if the permit application is not submitted within six months of the permit notification.

(3) Interim status granted to any facility pursuant to this section and Sections 25200.5 and 25200.9 shall terminate upon a final permit determination or January 1, 1998, whichever date is earlier. This paragraph shall apply retroactively to facilities for which a final permit determination is made on or after September 30, 1995.

(4) A treatment, storage, or treatment and storage facility operating pursuant to interim status that applies for a permit pursuant to this section shall pay fees to the department in an amount equal to the fees established by subdivision (e) of Section 25205.4 for the same size and type of facility.

(g) (1) Except as provided in paragraphs (2), (3), and (4), a facility treating used oil or solvents, or which engages in incineration, thermal destruction, or any land disposal activity, is not eligible for a standardized permit pursuant to this section.

(2) (A) Notwithstanding paragraph (1), an offsite facility treating solvents is eligible for a standardized permit pursuant to this section if all of the following conditions are met:

(i) The facility exclusively treats solvent wastes, and is not required to obtain a permit pursuant to the federal act.

(ii) The solvent wastes that the facility treats are only the types of solvents generated from dry cleaning operations.

(iii) Ninety percent or more of the solvents that the facility receives are from dry cleaning operations.

(iv) Ninety percent or more of the solvents that the facility receives are recycled and sold by the facility, excluding recycling for energy recovery, provided that the facility does not produce more than 15,000 gallons per month of recycled solvents.

(B) A facility that is eligible for a standardized permit pursuant to this paragraph is also eligible for the fee exemption provided in subdivision (d) of Section 25205.12 for any year or reporting period prior to January 1, 1995, if the owner or operator complies with the notification and application requirements of this section on or before March 1, 1995.

(C) A facility treating solvents pursuant to this paragraph shall clearly label all recycled solvents as recycled prior to subsequent sale or distribution.

(D) Notwithstanding that a facility eligible for a standardized permit pursuant to this paragraph meets the eligibility requirements for a Series C standardized permit specified in paragraph (3) of subdivision (a), the facility shall obtain and meet the requirements for a Series B standardized permit specified in paragraph (2) of subdivision (a).

(E) Notwithstanding any other provision of this chapter, for purposes of this paragraph, if the recycled material is to be used for dry cleaning, ''recycled'' means the removal of water and inhibitors from waste solvent and the production of dry cleaning solvent with an appropriate inhibitor for dry cleaning use. The removal of inhibitors is not required if all of the solvents received by the facility that are recycled for dry cleaning use are from dry cleaners.

(3) (A) Notwithstanding paragraph (1), an owner or operator with a surface impoundment used only to contain non-RCRA wastes generated onsite, that holds those wastes for not more than one 30-day period in any calendar year, and that meets the criteria specified in paragraphs (i) to (iii), inclusive, may submit a Series C standardized permit application to the department. A surface impoundment is eligible for operation under the Series C standardized permit tier if all of the following requirements are met:

(i) The waste and any residual materials are removed from the surface impoundment within 30 days of the date the waste was first placed into the surface impoundment.

(ii) The owner or operator has, and is in compliance with, current waste discharge requirements issued by the appropriate California regional water quality control board for the surface impoundment.

(iii) The owner or operator complies with all applicable groundwater monitoring requirements of the regulations adopted by the department pursuant to this chapter.

(B) A facility that is eligible for a standardized permit pursuant to this paragraph is also eligible for the fee exemption provided in subdivision (d) of Section 25205.12 for any year or reporting period prior to January 1, 1996, if the owner or operator complies with the notification and application requirements of this section on or before March 1, 1996.

(4) For purposes of this subdivision, treating solvents and thermal destruction do not include the incidental destruction of small amounts of nonmetal constituents in a thermal treatment unit that is operated solely for the purpose of the recovery of precious metals, if that unit is operating pursuant to a standardized permit issued by the department.

(h) Facilities operating pursuant to this section shall comply with Article 4 (commencing with Section 66270.40) of Chapter 20 of Division 4.5 of Title 22 of the California Code of Regulations.

(i) (1) The department shall require an owner or operator applying for a standardized permit to complete and file a phase I environmental assessment with the application. However, if a RCRA facility assessment has been performed by the department, the assessment shall be deemed to satisfy the requirement of this subdivision to complete and file a phase I environmental assessment, and the facility shall not be required to submit a phase I environmental assessment with its application.

(2) (A) For purposes of this subdivision, the phase I environmental assessment shall include a preliminary site assessment, as described in subdivision (a) of Section 25200.14, except that the phase I environmental assessment shall also include a certification, signed, except as provided in subparagraph (B), by the owner, and also by the operator if the operator is not the owner, of the facility and an independent professional engineer, geologist, or environmental assessor registered in the state.

(B) Notwithstanding subparagraph (A), the certification for a permanent household waste collection facility may be signed by any professional engineer, geologist, or environmental assessor registered in the state, including, but not limited to, such a person employed by the governmental entity, but if the facility owner is not a governmental entity, the engineer, geologist, or assessor signing the certification shall not be employed by, or be an agent of, the facility owner.

(3) The certification specified in paragraph (2) shall state whether evidence of a release of hazardous waste or hazardous constituents has been found.

(4) If evidence of a release has been found, the facility shall complete a detailed site assessment to determine the nature and extent of any contamination resulting from the release and shall submit a corrective action plan to the department, within one year of submittal of the standardized permit application.

(j) The department shall establish an inspection program to identify, inspect, and bring into compliance any treatment, storage, or treatment and storage facility which is eligible for, and is required to obtain, a standardized hazardous waste facilities permit pursuant to this section, and which is operating without a permit or other grant of authorization from the department for that treatment or storage activity.

(k) A treatment, storage, or treatment and storage facility authorized to operate pursuant to a hazardous waste facilities permit issued pursuant to Section 25200, which meets the criteria listed in subdivision (a) for a standardized permit, may operate pursuant to a Series A, B, or C standardized permit by completing the appropriate permit modification procedure specified in the regulations for such a modification.

SEC. 13. Section 25201.15 of the Health and Safety Code is amended to read:

25201.15. (a) For the purposes of this section, the following terms have the following meaning:

(1) ''Biotechnology manufacturing or biotechnology process development activities'' means activities conducted in SIC Code subgroups 283, 2833, 2834, 2835, 2836, 8731, 8732, and 8733, including manufacturing and process development of medicinal chemicals and botanical products, pharmaceutical preparations, in vitro and in vivo diagnostic substances, and biological products, and all associated equipment and vessel cleaning and maintenance operations.

(2) ''Biotechnology elementary neutralization activities'' means the elementary neutralization of wastes generated by biotechnology manufacturing or biotechnology process development activities.

(3) ''SIC Code'' has the same meaning as defined in subdivision (u) of Section 25501.

(b) The Legislature hereby finds and declares that the biotechnology industry's elementary neutralization of hazardous wastes is a common, safe, and standard practice that typically occurs in a wastewater collection system, and that does not warrant extensive regulatory oversight.

(c) Biotechnology elementary neutralization activities are exempt from any requirement imposed pursuant to this chapter, including any regulation adopted pursuant to this chapter, that relates to generators, tanks, and tank systems, and the requirement to obtain a hazardous waste facilities permit or other grant of authorization from the department, except as otherwise provided in subdivision (d), if all of the following conditions are met:

(1) A permit is not required to conduct elementary neutralization under the federal act.

(2) The hazardous wastes are hazardous solely due to acidic or alkaline materials, and are generated by biotechnology process manufacturing or biotechnology process development activities.

(3) Either of the following applies with regard to the biotechnology elementary neutralization activity:

(A) The hazardous wastes in the elementary neutralization unit do not contain more than 10 percent by weight acid or alkaline constituents.

(B) The generator of the hazardous wastes determines that the elementary neutralization process will not raise the temperature of the hazardous wastes to within 10 degrees of the boiling point or cause the release of hazardous gaseous emissions, using either constituent-specific concentration limits or calculations. The generator shall make these calculations in accordance with the regulations adopted by the department, if the department adopts those regulations.

(4) The hazardous wastes are not diluted for the sole purpose of meeting the criteria specified in subparagraph (A) of paragraph (3) and after neutralization the wastewaters do not exhibit the characteristic of corrosivity, as defined in Section 66261.22 of Title 22 of the California Code of Regulations, or any successor regulation.

(5) The temperature of any unit 100 gallons or larger is automatically monitored, and is fitted with a high temperature alarm system, and for closed systems, the unit automatically controls the adding and mixing of corrosive and neutralizing solutions.

(d) The operator of an elementary neutralization unit exempt under this section shall comply with the following requirements:

(1) An operator of an elementary neutralization unit subject to this section shall successfully complete a program of classroom instruction or on-the-job training that includes, at a minimum, instruction for responding effectively to emergencies by familiarizing personnel with emergency procedures, emergency equipment, and emergency systems, including, where applicable, procedures for using, inspecting, repairing, and replacing facility emergency and monitoring equipment, communications, or alarm systems.

(2) Within 10 days of commencing initial operation of the unit, or within any other time period that may be required by the CUPA, the operator shall notify the CUPA of the commencement of operation of the unit under the exemption made pursuant to this section. If the operator is not under the jurisdiction of a CUPA, the notice shall be sent to the officer of the agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (2) of subdivision (c) of Section 25404.

(e) Notwithstanding any other provision of law, unless required by federal law, biotechnology elementary neutralization activities satisfying the requirements of subdivisions (c) and (d) are exempt from

any statute or any regulation adopted pursuant to state law requiring the elementary neutralization unit to have secondary containment for piping or ancillary equipment, including, but not limited to, a regulation adopted by the State Water Resources Control Board, the department, or any other state agency.

SEC. 13.5. Section 25244.15 of the Health and Safety Code is amended to read:

25244.15. (a) The department shall establish a program for hazardous waste source reduction pursuant to this article.

(b) The department shall coordinate the activities of all state agencies with responsibilities and duties relating to hazardous waste and shall promote coordinated efforts to encourage the reduction of hazardous waste. Coordination between the program and other relevant state agencies and programs shall, to the fullest extent possible, include joint planning processes and joint research and studies.

(c) The department shall adopt regulations to carry out this article.

(d) (1) Except as provided in paragraph (3), this article applies only to generators who, by site, routinely generate, through ongoing processes and operations, more than 12,000 kilograms of hazardous waste in a calendar year, or more than 12 kilograms of extremely hazardous waste in a calendar year.

(2) The department shall adopt regulations to establish procedures for exempting generators from the requirements of this article where the department determines that no source reduction opportunities exist for the generator.

(3) Notwithstanding paragraph (1), this article does not apply to any generator whose hazardous waste generating activity consists solely of receiving offsite hazardous wastes and generating residuals from the processing of those hazardous wastes.

SEC. 14. Section 25244.19 of the Health and Safety Code is amended to read:

25244.19. (a) On or before September 1, 1991, and every four years thereafter, each generator shall conduct a source reduction evaluation review and plan pursuant to subdivision (b).

(b) Except as provided in subdivision (c), the source reduction evaluation review and plan required by subdivision (a) shall be conducted and completed for each site pursuant to the format adopted pursuant to subdivision (a) of Section 25244.16 and shall include, at a minimum, all of the following:

(1) The name and location of the site.

(2) The SIC Code of the site.

(3) Identification of all routinely generated hazardous waste streams that annually weigh 600 kilograms or more and that result from ongoing processes or operations and exceed 5 percent of the total yearly weight

of hazardous waste generated at the site, or, for extremely hazardous waste, that annually weigh 0.6 kilograms or more and exceed 5 percent of the total yearly weight of extremely hazardous waste generated at the site. For purposes of this paragraph, a hazardous waste stream identified pursuant to this paragraph shall also meet one of the following criteria:

(A) It is a hazardous waste stream processed in a wastewater treatment unit that discharges to a publicly owned treatment works or under a national pollutant discharge elimination system (NPDES) permit, as specified in the Federal Water Pollution Control Act, as amended (33 U.S.C. Sec. 1251 and following).

(B) It is a hazardous waste stream that is not processed in a wastewater treatment unit and its weight exceeds 5 percent of the weight of the total yearly volume at the site, less the weight of any hazardous waste stream identified in subparagraph (A).

(4) For each hazardous waste stream identified in paragraph (3), the review and plan shall include all of the following information:

(A) An estimate of the quantity of hazardous waste generated.

(B) An evaluation of source reduction approaches available to the generator that are potentially viable. The evaluation shall consider at least all of the following source reduction approaches:

(i) Input change.

(ii) Operational improvement.

(iii) Production process change.

(iv) Product reformulation.

(5) A specification of, and a rationale for, the technically feasible and economically practicable source reduction measures that will be taken by the generator with respect to each hazardous waste stream identified in paragraph (3). The review and plan shall fully document any statement explaining the generator's rationale for rejecting any available source reduction approach identified in paragraph (4).

(6) An evaluation, and, to the extent practicable, a quantification, of the effects of the chosen source reduction method on emissions and discharges to air, water, or land.

(7) A timetable for making reasonable and measurable progress towards implementation of the selected source reduction measures specified in paragraph (5).

(8) Certification pursuant to subdivision (d).

(9) Any generator subject to this article shall include in its source reduction evaluation review and plan four-year numerical goals for reducing the generation of hazardous waste streams through the approaches provided for in subparagraph (B) of paragraph (4), based upon its best estimate of what is achievable in that four-year period.

(10) A summary progress report that briefly summarizes and, to the extent practicable, quantifies, in a manner that is understandable to the

general public, the results of implementing the source reduction methods identified in the generator's review and plan for each waste stream addressed by the previous plan over the previous four years. The report shall also include an estimate of the amount of reduction that the generator anticipates will be achieved by the implementation of source reduction methods during the period between the preparation of the review and plan and the preparation of the generator's next review and plan. Notwithstanding any other provision of this section, the summary progress report required to be prepared pursuant to this paragraph shall be submitted to the department on or before September 1, 1999, and every four years thereafter.

(c) If a generator owns or operates multiple sites with similar processes, operations, and waste streams, the generator may prepare a single multisite review and plan addressing all of these sites.

(d) Every review and plan conducted pursuant to this section shall be submitted by the generator for review and certification by an engineer who is registered as a professional engineer pursuant to Section 6762 of the Business and Professions Code and who has demonstrated expertise in hazardous waste management, by an individual who is responsible for the processes and operations of the site, or by an environmental assessor who is registered pursuant to Section 25570.3 and who has demonstrated expertise in hazardous waste management. The engineer, individual, or environmental assessor shall certify the review and plan only if the review and plan meet all of the following requirements:

(1) The review and plan addresses each hazardous waste stream identified pursuant to paragraph (3) of subdivision (b).

(2) The review and plan addresses the source reduction approaches specified in subparagraph (B) of paragraph (4) of subdivision (b).

(3) The review and plan clearly sets forth the measures to be taken with respect to each hazardous waste stream for which source reduction has been found to be technically feasible and economically practicable, with timetables for making reasonable and measurable progress, and properly documents the rationale for rejecting available source reduction measures.

(4) The review and plan does not merely shift hazardous waste from one environmental medium to another environmental medium by increasing emissions or discharges to air, water, or land.

(e) At the time a review and plan is submitted to the department or the unified program agency, the generator shall certify that the generator has implemented, is implementing, or will be implementing, the source reduction measures identified in the review and plan in accordance with the implementation schedule contained in the review and plan. A generator may determine not to implement a measure selected in paragraph (5) of subdivision (b) only if the generator determines, upon

conducting further analysis or due to unexpected circumstances, that the selected measure is not technically feasible or economically practicable, or if attempts to implement that measure reveal that the measure would result in, or has resulted in, any of the following:

(1) An increase in the generation of hazardous waste.

(2) An increase in the release of hazardous chemicals to other environmental media.

(3) Adverse impacts on product quality.

(4) A significant increase in the risk of an adverse impact to human health or the environment.

(f) If the generator elects not to implement the review and plan, including, but not limited to, a selected measure pursuant to subdivision (e), the generator shall amend its review and plan to reflect that election and include in the review and plan proper documentation identifying the rationale for that election.

SEC. 15. Section 25244.20 of the Health and Safety Code is amended to read:

25244.20. (a) On or before September 1, 1991, and every four years thereafter, each generator shall prepare a hazardous waste management performance report documenting hazardous waste management approaches implemented by the generator.

(b) Except as provided in subdivision (d), the hazardous waste management performance report required by subdivision (a) shall be prepared for each site in accordance with the format adopted pursuant to subdivision (a) of Section 25244.16 and shall include all of the following:

(1) The name and location of the site.

(B) An abstract for each source reduction, recycling, or treatment technology implemented from the baseline year through the current reporting year, if the reporting year is different from the baseline year.

(C) A description of factors during the current reporting year that have affected hazardous waste generation and onsite and offsite hazardous waste management since the baseline year, including, but not limited to, any of the following:

(i) Changes in business activity.

(ii) Changes in waste classification.

(iii) Natural phenomena.

(iv) Other factors that have affected either the quantity of hazardous waste generated or onsite and offsite hazardous waste management requirements.

(4) The certification of the report pursuant to subdivision (e).

(c) For purposes of subdivision (b), the following definitions apply:

(1) The current reporting year is the calendar year immediately preceding the year in which the report is to be prepared.

(2) The baseline year is either of the following, whichever is applicable:

(A) For the initial report, the baseline year is the calendar year selected by the generator for which substantial hazardous waste generation, or onsite or offsite management, data is available prior to 1991.

(B) For all subsequent reports, the baseline year is the current reporting year of the immediately preceding report.

(d) If a generator owns or operates multiple sites with similar processes, operations, and waste streams, the generator may prepare a single multisite report addressing all of these sites.

(e) Every report completed pursuant to this section shall be submitted by the generator for review and certification by an engineer who is registered as a professional engineer pursuant to Section 6762 of the Business and Professions Code and who has demonstrated expertise in hazardous waste management, by an individual who is responsible for the processes and operations of the site, or by an environmental assessor who is registered pursuant to Section 25570.3 and who has demonstrated expertise in hazardous waste management. The engineer, individual, or environmental assessor shall certify the report only if the report identifies factors that affect the generation and onsite and offsite management of hazardous wastes and summarizes the effect of those factors on the generation and onsite and offsite management of hazardous wastes.

SEC. 16. Section 25250.27 is added to the Health and Safety Code, to read:

25250.27. (a) Nothing in this article prohibits a generator from managing and transporting used oil, to the extent consistent with federal law, in accordance with Sections 25110.10, 25121.3, and 25163.3, if the generator meets the requirements specified in Sections 25110.10, 25121.3, and 25163.3.

(b) This section does not constitute a change in, but is declaratory of, existing law.

SEC. 17. Section 25420 of the Health and Safety Code is amended to read:

25420. For purposes of this chapter, the following definitions apply:

(a) ''Department'' means the Department of Toxic Substances Control.

(c) ''Person'' means an individual, trust, firm, joint stock company, partnership, association, business concern, limited liability company, or corporation. ''Person'' also includes any city, county, district, and the state or any department or agency thereof, or the federal government or any department or agency thereof to the extent permitted by law.

SEC. 18. Section 41805.5 of the Health and Safety Code is amended to read:

41805.5. (a) Except as provided in subdivisions (b) and (c), the operator of a solid waste disposal site shall submit to the district on or before July 1, 1987, a solid waste air quality assessment test report that contains all of the following:

(1) Test results to determine if there is any underground landfill gas migration beyond the solid waste disposal site's perimeter.

(2) Analyses for specified air contaminants in the ambient air adjacent to the solid waste disposal site to determine the effect of the site on air quality.

(3) Chemical characterization test results to determine the composition of gas streams immediately above the solid waste disposal site, or immediately above the solid waste disposal site and within the solid waste disposal site, as appropriate, as determined by the district.

(4) Any other information that the district board requires, by emergency regulation.

The solid waste air quality assessment test report shall be prepared in accordance with the guidelines developed by the state board pursuant to subdivision (d).

(b) The operator of an inactive solid waste disposal site shall complete and submit the screening questionnaire, developed pursuant to subdivision (e), to the district on or before November 1, 1986, unless the operator is required to submit a report containing the same information specified in subdivision (a) pursuant to a federal, state, or district order, or unless exempted pursuant to subdivision (c). The district shall evaluate the submitted screening questionnaires in accordance with the guidelines developed pursuant to subdivision (e) and shall determine whether the operator of the site is required to submit all, or a portion of, the information required to be reported in a solid waste air quality assessment test report. The district shall notify the operator in writing on or before January 1, 1987, of the information identified in subdivision (a) to be submitted for the site. After receiving this notification, the operator of the inactive solid waste disposal site shall submit a solid

waste air quality assessment test report containing the required information on or before January 1, 1988, to the district.

(c) A district may exempt from subdivisions (a) and (b) a solid waste disposal site or inactive solid waste disposal site that has accepted or now contains only inert and nondecomposable solids. To receive an exemption, the operator of the site shall submit, on or before November 1, 1986, a copy of all permits, all waste discharge requirements pertinent to the site, and any other data necessary for the district to determine whether an exemption should be granted to the site.

(d) On or before February 1, 1987, the state board, in coordination with the districts, shall develop and publish test guidelines for the solid waste air quality assessment report specifying the air contaminants to be tested for and identifying acceptable testing, analytical, and reporting methods to be employed in completing the report.

(e) On or before October 1, 1986, the state board, in coordination with the districts, shall develop and publish a screening questionnaire for inactive solid waste disposal sites and guidelines for evaluating the questionnaire by the districts pursuant to subdivision (b). The screening questionnaire and guidelines shall require an inactive solid waste disposal site to be evaluated based on the nature and age of materials in the site, the quantity of materials in the site, the size of the site, and other appropriate factors. The guidelines for evaluating the screening questionnaire shall require a district to weigh heavily the proximity of the site to residences, schools, and other sensitive areas, and to pay particular attention to potential adverse impacts on facilities such as hospitals and schools, and on residential areas, within one mile of the site's perimeter.

(f) A district may reevaluate the status of a solid waste disposal site, including sites exempted pursuant to subdivision (c), and require the operator to submit or revise a solid waste air quality assessment test report after January 1, 1987. The district shall give written notification to the operator of the solid waste disposal site that a solid waste air quality assessment test report is to be submitted, or that the existing report is to be revised, and the date by which the report is to be submitted.

(g) A district shall evaluate any solid waste air quality assessment test reports submitted pursuant to subdivisions (a), (b), and (f), and determine if the report's testing, analytical, and reporting methods comply with the guidelines developed pursuant to subdivision (d). If the district determines that the solid waste air quality assessment test report complies with the guidelines, it shall evaluate the data. If the district determines, after evaluation of the report and consultation with the state department and the California Integrated Waste Management Board, that levels of one or more specified air contaminants pose a health risk to

human beings or a threat to the environment, the district shall take appropriate remedial action.

(h) If a district determines that a solid waste air quality assessment test report does not comply with the guidelines developed pursuant to subdivision (d), the district shall provide the operator of the site with a written notice specifying the inadequacies of the report and shall require the operator to correct the deficiencies and resubmit the report by a date determined by the district.

(i) For the purpose of this section, the following definitions apply:

(1) ''Inactive solid waste disposal site'' means a solid waste disposal site that has not received any solid waste for disposal after January 1, 1984.

(3) ''Operator'' means the person who operates or manages, or who has operated or managed, the solid waste disposal site. If the operator of the solid waste disposal site no longer exists, or is unable, as determined by the district, to comply with the requirements of this section, ''operator'' means any person who owns or who has owned the solid waste disposal site.

(4) ''Perimeter'' means the outer boundary of the entire solid waste disposal site property.

(5) ''Solid waste disposal site'' means a place, location, tract of land, area, or premises in use, or which has been used, for the landfill disposal of solid waste, as defined in Section 40191 of the Public Resources Code, or hazardous waste, as defined in Section 40141 of the Public Resources Code, or both.

(6) ''Specified air contaminants'' means substances determined to be air contaminants by the state board in coordination with the districts. The state board and the districts shall consider determining the following compounds to be air contaminants for purposes of this paragraph: benzene, chloroethene, 1,2-dibromoethane, 1,2-dichloroethane benzyl chloride, chlorobenzene, dichlorobenzene, 1,1-dichloroethene, dichloromethane, formaldehyde, hydrogen sulfide, tetrachloroethylene, tetrachloromethane, toluene, 1,1,1-trichloroethan e, trichloroethylene, trichloromethane, xylene, and any other substance deemed appropriate by the state board or a district.

SEC. 19. Section 41982 of the Health and Safety Code is amended to read:

41982. The state board shall, after completing the study referred to in Section 41981, in consultation with the affected districts, the Department of Toxic Substances Control, and the Office of

Environmental Health Hazard Assessment, and after public hearings, establish guidelines for the issuance of permits by the districts for the incineration of toxic waste materials. The guidelines shall take into consideration factors including, but not limited to, the following:

(a) The characteristics of the toxic waste materials to be incinerated.

(b) The methods or equipment available to minimize or eliminate the emission of air contaminants.

(c) The applicable federal standards, including, but not limited to, the regulations in Part 264 of Title 40 of the Code of Federal Regulations (40 CFR 264) concerning standards for owners and operators of hazardous waste treatment, storage, and disposal facilities. Where the guidelines deviate from the adopted federal standards, the reason for the difference shall be noted by the state board.

SEC. 20. Section 41983 of the Health and Safety Code is amended to read:

41983. (a) This article shall not be construed as preventing any district from establishing permit criteria more stringent than the guidelines specified in Section 41982.

(b) This article shall not be construed as limiting the authority of the Department of Toxic Substances Control concerning hazardous waste control (Chapter 6.5 (commencing with Section 25100) of Division 20), or any regulations adopted pursuant to those provisions.

SEC. 21. Section 3460 of the Public Resources Code is amended to read:

(4) ''Person'' means any individual, private or public corporation, partnership, limited liability company, cooperative, association, estate, municipality, political or jurisdictional subdivision, or government agency or instrumentality.

(b) The amendments made to this section by Chapter 1123 of the Statutes of 1987 do not affect the validity of any existing regulations of the Department of Toxic Substances Control relating to the management of used oil blended or diluted with virgin oil or any partially refined oil

product as a hazardous waste, and do not affect the authority of the Department of Toxic Substances Control to prohibit blending or diluting used oil with an uncontaminated product to achieve the standards for recycled oil, as specified in paragraph (3) of subdivision (a) of Section 25250.1 of the Health and Safety Code.

SEC. 22. Section 3470 of the Public Resources Code is amended to read:

3470. (a) All rules and regulations of the board shall be adopted, amended, and repealed in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) The board shall coordinate activities and functions with all other state agencies, including, but not limited to, the Department of Toxic Substances Control, the Department of Water Resources, and the State Water Resources Control Board, in order to avoid duplication in reporting and information gathering.

SEC. 23. Section 30420 of the Public Resources Code is amended to read:

30420. Prior to taking any action on (1) a local coastal program or any amendment thereto, (2) any coastal development permit, or (3) any consistency determination or certification, that relates to the disposal of hazardous substances at sea, the commission shall consult with the following governmental entities:

SEC. 24. Section 43308 of the Public Resources Code is amended to read:

43308. For those facilities that accept only hazardous wastes and to which Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code applies, or that accept only low-level radioactive wastes and to which Chapter 8 (commencing with Section 114960) of Part 9 of Division 104 of the Health and Safety Code applies, or for those facilities that accept both, the board shall have no enforcement or regulatory authority. Except as otherwise provided in

Section 40052, all enforcement activities for those facilities relative to the control of hazardous wastes shall be performed by the Department of Toxic Substances Control pursuant to Article 8 (commencing with Section 25180) of Chapter 6.5 of Division 20 of the Health and Safety Code, and all enforcement activities for those facilities relative to low-level radioactive wastes shall be performed by the State Department of Health Services pursuant to Chapter 8 (commencing with Section 114960) of Part 9 of Division 104 of the Health and Safety Code.

SEC. 25. Section 44103 of the Public Resources Code is amended to read:

44103. (a) For those facilities that accept only hazardous wastes, or that accept only low-level radioactive wastes, or that accept both, a solid waste facilities permit issued by the enforcement agency is not required. A single hazardous waste facilities permit or low-level radioactive waste facilities permit issued by the Department of Toxic Substances Control pursuant to Article 9 (commencing with Section 25200) of Chapter 6.5 of Division 20 of the Health and Safety Code, or by the State Department of Health Services pursuant to Chapter 8 (commencing with Section 114960) of Part 9 of Division 104 of the Health and Safety Code shall be the only waste facilities permit or permits necessary for the use and operation of hazardous waste or low-level radioactive waste disposal facilities.

(1) The hazardous waste facilities permit issued by the Department of Toxic Substances Control pursuant to Article 9 (commencing with Section 25200) of Chapter 6.5 of Division 20 of the Health and Safety Code.

(2) The solid waste facilities permit issued by the enforcement agency pursuant to this chapter.

(c) Nothing in this section limits or supersedes any other permit or licensing requirements imposed by other provisions of law.

SEC. 26. Section 13273 of the Water Code is amended to read:

13273. (a) The state board shall, on or before January 1, 1986, rank all solid waste disposal sites, as defined in paragraph (5) of subdivision (i) of Section 41805.5 of the Health and Safety Code, based upon the threat they may pose to water quality. On or before July 1, 1987, the operators of the first 150 solid waste disposal sites ranked on the list shall submit a solid waste water quality assessment test to the appropriate regional board for its examination pursuant to subdivision (d). On or before July 1 of each succeeding year, the operators of the next 150 solid waste disposal sites ranked on the list shall submit a solid waste water quality assessment test to the appropriate regional board for its examination pursuant to subdivision (d).

(b) Before a solid waste water quality assessment test report may be submitted to the regional board, a registered geologist, registered pursuant to Section 7850 of the Business and Professions Code, a certified engineering geologist, certified pursuant to Section 7842 of the Business and Professions Code, or a civil engineer registered pursuant to Section 6762 of the Business and Professions Code, who has at least five years' experience in groundwater hydrology, shall certify that the report contains all of the following information and any other information which the state board may, by regulation, require:

(1) An analysis of the surface and groundwater on, under, and within one mile of the solid waste disposal site to provide a reliable indication whether there is any leakage of hazardous waste.

(2) A chemical characterization of the soil-pore liquid in those areas which are likely to be affected if the solid waste disposal site is leaking, as compared to geologically similar areas near the solid waste disposal site which have not been affected by leakage or waste discharge.

(c) If the regional board determines that the information specified in paragraph (1) or (2) is not needed because other information demonstrates that hazardous wastes are migrating into the water, the regional board may waive the requirement to submit this information specified in paragraphs (1) and (2) of subdivision (b). The regional board shall also notify the Department of Toxic Substances Control, and shall take appropriate remedial action pursuant to Chapter 5 (commencing with Section 13300).

(d) The regional board shall examine the report submitted pursuant to subdivision (b) and determine whether the number, location, and design of the wells and the soil testing could detect any leachate buildup, leachate migration, or hazardous waste migration. If the regional board determines that the monitoring program could detect the leachate and hazardous waste, the regional board shall take the action specified in subdivision (e). If the regional board determines that the monitoring program was inadequate, the regional board shall require the solid waste disposal site to correct the monitoring program and resubmit the solid waste assessment test based upon the results from the corrected monitoring program.

(e) The regional board shall examine the approved solid waste assessment test report and determine whether any hazardous waste migrated into the water. If the regional board determines that hazardous waste has migrated into the water, it shall notify the Department of Toxic Substances Control and the California Integrated Waste Management Board and shall take appropriate remedial action pursuant to Chapter 5 (commencing with Section 13300).

(f) When a regional board revises the waste discharge requirements for a solid waste disposal site, the regional board shall consider the

information provided in the solid waste assessment test report and any other relevant site-specific engineering data provided by the site operator for that solid waste disposal site as part of a report of waste discharge.

SEC. 27. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 344

An act to add Section 22456 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 6, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 22456 is added to the Vehicle Code, to read:

22456. (a) This section shall be known and may be cited as the Destiny Nicole Stout Memorial Act.

(b) The Legislature finds and declares that motor vehicles engaged in vending ice cream and similar food items in residential neighborhoods can increase the danger to children, and it is necessary that these vehicles are clearly seen and noticed by motorists and pedestrians to protect public safety.

(c) As used in this section, the term ''ice cream truck'' means a motor vehicle engaged in the curbside vending or sale of frozen or refrigerated desserts, confections, or novelties commonly known as ice cream, or prepackaged candies, prepackaged snack foods, or soft drinks, primarily intended for the sale to children under 12 years of age.

(d) Any ice cream truck shall be equipped at all times, while engaged in vending in a residential area, with signs mounted on both the front and the rear and clearly legible from a distance of 100 feet under daylight conditions, incorporating the words ''WARNING'' and ''CHILDREN CROSSING.'' Each sign shall be at least 12 inches high by 48 inches wide, with letters of a dark color and at least four inches in height, a one-inch wide solid border, and a sharply contrasting background.

(e) A person may not vend from an ice cream truck that is stopped, parked, or standing on any public street, alley, or highway under any of the following conditions:

(1) On a street, alley, or highway with a posted speed limit greater than 25 miles per hour.

(2) If the street, alley, or highway is within 100 feet of an intersection with an opposing highway that has a posted speed limit greater than 25 miles per hour.

(3) If the vendor does not have an unobstructed view for 200 feet in both directions along the highway and of any traffic on the highway.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 345

(b) (1) Upon a pupil's transfer from one school district to another, the school district into which the pupil is transferring shall request that the school district in which the pupil was last enrolled provide any records that the district maintains in its ordinary course of business or receives from a law enforcement agency regarding acts committed by the

transferring pupil that resulted in the pupil's suspension from school or expulsion from the school district. Upon receipt of this information, the receiving school district shall inform any teacher of the pupil that the pupil was suspended from school or expelled from the school district and shall inform the teacher of the act that resulted in that action.

(2) A school district, or school district officer or employee, is not civilly or criminally liable for providing information under this subdivision unless it is proven that the information was false and that the district or district officer or employee knew or should have known that the information was false or the information was provided with a reckless disregard for its truth or falsity.

(3) Any information received by a teacher pursuant to this subdivision shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

SEC. 2. Section 49079 of the Education Code is amended to read:

The district shall provide the information to the teacher based upon any records that the district maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this section.

(b) A school district, or school district officer or employee, is not civilly or criminally liable for providing information under this section unless it is proven that the information was false and that the district or district officer or employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.

(c) An officer or employee of a school district who knowingly fails to provide information about a pupil who has engaged in, or who is reasonably suspected to have engaged in, the acts referred to in subdivision (a) is guilty of a misdemeanor, which is punishable by confinement in the county jail for a period not to exceed six months, or by a fine not to exceed one thousand dollars ($1,000), or both.

(d) For the 1994–95 school year, the information provided shall be from the previous two school years. For the 1996–97 school year and each school year thereafter, the information provided shall be from the previous three school years.

(e) Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

In no event shall the retirement become effective or the retirement allowance begin to accrue earlier than the first day of the month in which the member's application is received at an office of the board or by an employee of this system designated by the board, or, if the member has been incompetent to act on his or her own behalf continuously from the last day for which salary was payable, one year prior to the month in which an application by the guardian of his or her estate is so received. In the case of an application for retirement for disability submitted by a member who was physically or mentally incapacitated to perform duties from the date of the discontinuance of state service to the time of the application, and who files his or her retirement application with the board within nine months after discontinuance of state service, the application shall be deemed to have been filed on the last day for which the salary was payable. In the case of an application for retirement for disability filed with the board more than nine months after discontinuance of the member's state service, the effective date of the application shall be determined in accordance with

You should obtain more information before you enroll. You should obtain more information before you become a policyholder or select a network provider. (d) This section shall not apply to vision-only, dental-only, accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care, or disability income insurance.

SEC. 4. Section 14016.8 is added to the Welfare and Institutions Code, to read:

(a) The Legislature finds and declares that the right of every patient to receive basic information necessary to give full and informed consent is a fundamental tenet of good public health policy and has long been the established law of this state. Some hospitals and other providers do not provide a full range of reproductive health services and may prohibit or otherwise not provide sterilization, infertility treatments, abortion, or contraceptive services, including emergency contraception. It is the intent of the Legislature that every patient be given full and complete information about the health care services available to allow patients to make well informed health care decisions.

You should obtain more information before you enroll. Call your prospective doctor or clinic, or call the Medi-Cal managed care plan at (insert the plan's membership services number or other appropriate number that individuals can call for information) to ensure that you can obtain the health care services that you need.''

(2) Require that each Medi-Cal managed care plan provide the statement described in paragraph (1), in at least 12-point boldface type at the beginning of each provider directory.

(3) Require that each Medi-Cal managed care plan place the statement described in paragraph (1) in a prominent location on any provider directory posted on the plan's website, if any, and include this statement in a conspicuous place in the plan's evidence of coverage and disclosure forms, if any.

(5) Require each county organized health system to provide to Medi-Cal beneficiaries the statement described in paragraph (1). This statement shall be provided in writing in at least 12-point boldface type prior to enrollment, prior to selection of a primary care provider, and on an annual basis.

(6) Ensure that the statement described in paragraph (1) is provided to any other Medi-Cal managed care beneficiary who would not receive the statement under the provisions of paragraphs (2) to (5), inclusive. This statement shall be provided in writing in at least 12-point boldface type prior to enrollment, prior to selection of a primary care provider, and on an annual basis.

(c) The requirement to provide the statement described in paragraph (1) of subdivision (b) shall apply to Medi-Cal managed care programs, including, but not limited to, the following programs:

(e) This section shall not apply to specialized health care service plans.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 348

An act to amend Section 17316 of the Education Code, relating to school facilities.

[Approved by Governor September 7, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 17316 of the Education Code is amended to read:

17316. (a) Any contract entered into by and between the governing board of any school district and any certified architect or structural engineer pursuant to Section 17302 shall provide that all plans, including, but not limited to, record drawings, specifications, and estimates prepared pursuant thereto, shall be and remain the property of the school district for the purposes of repair, maintenance, renovation, modernization, or other purposes, only as they relate to the project for which the certified architect or structural engineer was retained. Nothing in this subdivision shall preclude the school district from using the plans, record drawings, specifications, or estimates related to the project for the purposes of additions, alignments, or other development on the site.

(b) The contract set forth in subdivision (a) shall not be construed to transfer or waive the certified architect's or structural engineer's copyrights over these documents, including, but not limited to, all common law, statutory, and other reserved rights, unless the certified architect or structural engineer expressly transfers or waives these rights through the written contract, including, but not limited to, a written addendum or amendment.

(c) Notwithstanding subdivision (a), if the school district proposes to reuse the plans prepared by the architect or engineer within the school district, the contract entered into between the school district and the architect or engineer shall specify the terms and conditions for the reuse.

CHAPTER 349

An act to amend Section 85320 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor September 7, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 85320 of the Government Code is amended to read:

85320. (a) No foreign government or foreign principal shall make, directly or through any other person, any contribution, expenditure, or independent expenditure in connection with the qualification or support of, or opposition to, any state or local ballot measure.

(b) No person and no committee shall solicit or accept a contribution from a foreign government or foreign principal in connection with the qualification or support of, or opposition to, any state or local ballot measure.

(c) For the purposes of this section, a ''foreign principal'' includes the following:

(1) A foreign political party.

(2) A person outside the United States, unless either of the following is established:

(A) The person is an individual and a citizen of the United States.

(B) The person is not an individual and is organized under or created by the laws of the United States or of any state or other place subject to the jurisdiction of the United States and has its principal place of business within the United States.

(3) A partnership, association, corporation, organization, or other combination of persons organized under the laws of or having its principal place of business in a foreign country.

(4) A domestic subsidiary of a foreign corporation if the decision to contribute or expend funds is made by an officer, director, or management employee of the foreign corporation who is neither a citizen of the United States nor a lawfully admitted permanent resident of the United States.

(d) This section shall not prohibit a contribution, expenditure, or independent expenditure made by a lawfully admitted permanent resident.

(e) Any person who violates this section shall be guilty of a misdemeanor and shall be fined an amount equal to the amount contributed or expended.

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 350

An act to amend Sections 11352.1 and 101070 of the Health and Safety Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 11352.1 of the Health and Safety Code is amended to read:

11352.1. (a) The Legislature hereby declares that the dispensing and furnishing of prescription drugs, controlled substances, and dangerous drugs or dangerous devices without a license poses a significant threat to the health, safety, and welfare of all persons residing in the state. It is the intent of the Legislature in enacting this provision to enhance the penalties attached to this illicit and dangerous conduct.

(b) Notwithstanding Section 4321 of the Business and Professions Code, and in addition to any other penalties provided by law, any person who knowingly and unlawfully dispenses or furnishes a dangerous drug or dangerous device, or any material represented as, or presented in lieu of, any dangerous drug or dangerous device, as defined in Section 4022 of the Business and Professions Code, or who knowingly owns, manages, or operates a business that dispenses or furnishes a dangerous drug or dangerous device or any material represented as, or presented in lieu of, any dangerous drug or dangerous device, as defined in Section 4022 of the Business and Professions Code without a license to dispense or furnish these products, shall be guilty of a misdemeanor. Upon the first conviction, each violation shall be punishable by imprisonment in a county jail not to exceed one year, or by a fine not to exceed five thousand dollars ($5,000), or by both that fine and imprisonment. Upon a second or subsequent conviction, each violation shall be punishable by imprisonment in a county jail not to exceed one year, or by a fine not to exceed ten thousand dollars ($10,000), or by both that fine and imprisonment.

SEC. 2. Section 101070 of the Health and Safety Code is amended to read:

101070. (a) (1) The Legislature hereby finds and declares that the dispensing or furnishing of drugs requiring a prescription pursuant to Section 11470, a controlled substance as defined in Section 4021 of the Business and Professions Code, or a dangerous drug or a dangerous device as defined in Section 4022 of the Business and Professions Code, without a license poses a significant threat to the public health, safety, and welfare of all residents of the state. In recent years, the public has become increasingly exposed to a proliferation of persons who engage in these illegal or dangerous acts.

(2) The Legislature further finds and declares that extraordinary measures are needed to control this burgeoning problem. Therefore, the occasional enlistment of local health officers in regulatory and enforcement functions normally reserved to the state is appropriate and

necessary in order to protect the health, safety, and welfare of all persons of this state.

(3) Notwithstanding the foregoing, nothing contained in this section shall be construed as limiting or supplanting the authority of the state agencies charged with the regulation of the practice of pharmacy.

(b) Whenever a local health officer determines that there exists in his or her jurisdiction any person who, without a license, is dispensing or furnishing drugs requiring a prescription pursuant to Section 111470, a controlled substance as defined in Section 4021 of the Business and Professions Code, or a dangerous drug or a dangerous device as defined in Section 4022 of the Business and Professions Code, the local health officer may take action against such person. This action shall include, but not be limited to:

(1) Receiving and investigating complaints from the public, from other licensees or from health care facilities that a person is engaging in any or all of the activity set forth in this subdivision. In conducting any investigation pursuant to this paragraph, the local health officer shall have the assistance of, and be accompanied by, a licensed pharmacist. The local health officer shall provide the Board of Pharmacy, and any other state agency charged with jurisdiction over the activity set forth in this subdivision, with a copy of all complaints received pursuant to this paragraph.

(2) Issuing an order to the person to immediately cease and desist from the unlawful activity described in this subdivision, after confirming that the person is engaging in any or all of the activity set forth in this subdivision, and determining that the person has not been convicted of engaging in that activity pursuant to Section 11352.1 or any other applicable provision of law. In issuing the order, the local health officer shall notify the person that the activity is illegal in the State of California. In the event the local health officer determines that any or all of the items described in this subdivision must be confiscated, in addition to the cease and desist order, the local health officer shall enlist the aid of local law enforcement to execute confiscation of those items.

(3) Order the closure of the business, if any, operated, managed, or owned by the person after confirming that the person is engaging in any or all of the activity set forth in this subdivision, and determining whether the person has previously been convicted of engaging in that activity pursuant to Section 11352.1 or any other applicable provision of law. If the public health officer has a reasonable suspicion that the operation of a business poses an immediate threat to public health, welfare, or safety, the business may be ordered closed immediately while the hearing described in subdivision (c) is pending. Immediate danger to the public health, welfare, or safety includes, but is not limited to, evidence that the person is providing, selling, or distributing drugs that

require a prescription, or dangerous drugs, devices, or controlled substances without a license. In the event that the local health officer determines that any or all of the items described in this subdivision must be confiscated in addition to the closure of the business, that officer shall enlist the aid of local law enforcement to execute the confiscation of those items.

(c) (1) Any person engaging in any or all of the activity described in subdivision (b) whose business is closed as a result of action by local health officer pursuant to subdivision (b) shall be entitled to a hearing to show cause why the closure was unwarranted.

(2) Whenever a local health officer orders the closure of a business pursuant to subdivision (b), the local health officer shall immediately issue to the owner a notice setting forth the acts or omissions with which the owner is charged, specifying the pertinent code section, and informing the owner of the right to a hearing, if requested, to show cause why the business should not be closed.

(3) A written request for a hearing shall be submitted by the person to the local health officer within 15 calendar days of closure. A failure to request a hearing within 15 calendar days of closure shall be deemed a waiver of the right to a hearing.

(4) The hearing shall be held within 15 calendar days of the receipt of a request for a hearing; however, when circumstances warrant, the hearing officer may order a hearing at any reasonable time within this 15-day period to expedite the hearing process. Upon written request of the person, the hearing officer may postpone any hearing date, if circumstances warrant the postponement.

(5) The hearing officer shall issue a written notice of decision to the person within five working days following the hearing. In the event the hearing officer determines that the closure was warranted, the notice shall specify the acts or omissions with which the person is charged, and shall state that the business shall remain closed permanently. Evidence that the person engaged in any or all of the activity set forth in subdivision (b) shall constitute prima facie evidence that permanent closure is warranted. Any business still operating shall close immediately upon receipt of the written decision ordering closure.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to safeguard the health and welfare of the people of this state by providing for increased regulatory and enforcement activities relating to the unauthorized practice of pharmacy at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 351

An act to add Section 24216.6 to the Education Code, relating to state teachers' retirement.

[Approved by Governor September 7, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 24216.6 is added to the Education Code, to read:

24216.6. (a) The compensation earned by a member who retired for service under this part shall be exempt from subdivisions (d), (f), and (g) of Section 24214, if all of the following conditions are met:

(1) The member retired for service with an effective date on or before July 1, 2000.

(2) The member retired for service is employed by a school district to provide direct remedial instruction to pupils in grades 2 to 12, inclusive. ''Remedial instruction'' means the programs specified in Sections 37252 and 37252.5.

(3) All members retired for service whose employment with a school district meets the conditions specified in this section shall be treated as a distinct class of temporary employees within the existing bargaining unit whose service shall not be included in computing the service required as a prerequisite to attainment of or eligibility for classification as a permanent employee of a school district. The compensation for service performed by this class of employees shall be established in accordance with subdivision (b) of Section 24214 and agreed to in the collective bargaining agreement between the employing school district and the exclusive representative for the existing bargaining unit within which these temporary employees of the school district are treated as a distinct class.

(4) The employing school district submits documentation required by the system to substantiate the eligibility of the temporary employment of a member retired for service for the exemption under this subdivision.

(b) A school district that employs a member retired for service pursuant to this section shall maintain accurate records of the retired member's compensation earned and shall report that compensation monthly to the system regardless of the method of payment or the source of funds from which the compensation is paid.

(c) This section shall not apply to the compensation earned for creditable service performed by a member retired for service for a county office of education or a community college district.

CHAPTER 352

An act relating to the Political Reform Act of 1974, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that it is necessary for the Fair Political Practices Commission to periodically review and improve the regulations that implement the Political Reform Act of 1974.

(b) It is the intent of the Legislature that, in order to prevent an unnecessary chilling of participation in the governmental and regulatory process by public officials of local government agencies, the Fair Political Practices Commission, as part of its Conflict of Interest Regulatory Improvement Project of 1999–2000, shall adopt regulations with respect to those officials that would accomplish all of the following:

(1) Minimize the instances of disqualification regarding governmental decisions that do not directly and materially effect an official's economic interest where it is reasonably foreseeable that the economic impact of the decision will be distributed over a broad segment of the official's jurisdiction.

(2) Clarify that the fact that holding a professional license does not of itself give rise to a disqualifying conflict of interest.

(3) Clarify that one, or more than one, industry, trade or profession is not necessarily prohibited from constituting a significant segment of the public for purposes of analyzing whether the public official of a local

government agency is effected by a decision in the same or similar manner as the ''public generally.''

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The Controller shall reduce the affected county's allocation by the appropriate amount and shall identify the county, city, or city and county and the corresponding amount reduced for the affected local agency. Funds not allocated pursuant to this subdivision shall revert to the General Fund.

(g) Notwithstanding subdivision (f), if the Supplemental Law Enforcement Oversight Committee (SLEOC) fails to transmit the data to the Controller required pursuant to subdivision (d), the local law enforcement agency may submit its expenditure data directly to the Controller no later than 15 days after the date specified in subdivision (d). If the local law enforcement agency has complied with other requirements in this chapter, it shall be eligible for an allocation the subsequent fiscal year. However, the Controller shall reduce the SLESF allocation to the sheriff and district attorney and the cities represented in the SLEOC, and shall reduce the allocation to all the local law enforcement agencies that failed to provide the expenditure data within the 15 days. The people of the State of California do enact as follows:

SECTION 1. Section 1277 of the Health and Safety Code is amended to read:

(b) Notwithstanding any provision of Part 2 (commencing with Section 5600) of Division 5 of, or Division 7 (commencing with Section 7100) of, the Welfare and Institutions Code or any other law to the contrary, except Sections 2072 and 2073 of the Business and Professions Code, the licensure requirements for professional personnel, including, but not limited to, physicians and surgeons, dentists, podiatrists, psychologists, marriage and family therapists, pharmacists, registered nurses, and clinical social workers in the state and other governmental health facilities licensed by the state department shall not be less than for those professional personnel in health facilities under private ownership. Additionally, the requirements of this subdivision may be waived by the state department solely for persons in the professions of psychology, marriage and family therapy or clinical social work who are gaining qualifying experience for licensure in such

A waiver granted pursuant to this subdivision shall not exceed three years from the date the employment commences in this state in the case of psychologists, or four years from commencement of the employment in this state in the case of marriage and family therapists and clinical social workers, at which time licensure shall have been obtained or the employment shall be terminated except that an extension of a waiver of licensure for marriage and family therapists and clinical social workers may be granted for one additional year, based on extenuating circumstances determined by the department pursuant to subdivision (e). For persons employed as psychologists, clinical social workers, or marriage and family therapists less than full time, an extension of a waiver of licensure may be granted for additional years proportional to the extent of part-time employment, as long as the person is employed without interruption in service, but in no case shall the waiver of licensure exceed six years in the case of clinical social workers and marriage and family therapists or five years in the case of psychologists. However, this durational limitation upon waivers shall not apply to active candidates for a doctoral degree in social work, social welfare, or social science, who are enrolled at an accredited university, college, or professional school, but these limitations shall apply following completion of this training. (c) A special permit shall be issued by the state department when it finds that the staff, both professional and nonprofessional, and the standards of care and services are adequate and appropriate, and that the special services unit is operated in the manner required in this chapter and by the rules and regulations adopted hereunder.

(d) The state department shall apply the same standards to state and other governmental health facilities that it licenses as it applies to health facilities in private ownership, including standards specifying the level of training and supervision of all unlicensed practitioners. Except for psychologists, the department may grant an extension of a waiver of licensure for personnel recruited from outside this state for one additional year, based upon extenuating circumstances as determined by the department pursuant to subdivision (e).

(e) The department shall grant a request for an extension of a waiver based on extenuating circumstances, pursuant to subdivisions (b) and (d), if any of the following circumstances exist:

(1) The person requesting the extension has experienced a recent catastrophic event which may impair the person's ability to qualify for and pass the license examination. Those events may include, but are not limited to, significant hardship caused by a natural disaster, serious and prolonged illness of the person, serious and prolonged illness or death of a child, spouse, or parent, or other stressful circumstances.

(2) The person requesting the extension has difficulty speaking or writing the English language, or other cultural and ethnic factors exist which substantially impair the person's ability to qualify for and pass the license examination.

(3) The person requesting the extension has experienced other personal hardship which the department, in its discretion, determines to warrant the extension.

SEC. 2. Section 5068.5 of the Penal Code is amended to read:

CHAPTER 358

An act to amend Section 65584.6 of the Government Code, relating to housing.

[Approved by Governor September 7, 2000. Filed with Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 65584.6 of the Government Code is amended to read:

65584.6. (a) The County of Napa may, during its current housing element planning period, identified in Section 65588, meet up to 15 percent of its existing share of the regional housing need for lower income households, as defined in Section 65584, by committing funds for the purpose of constructing affordable housing units, and constructing those units in one or more cities within the county, only after all of the following conditions are met:

(1) An agreement has been executed between the county and the receiving city or cities, following a public hearing held by the county and the receiving city or cities to solicit public comments on the draft agreement. The agreement shall contain information sufficient to demonstrate that the county and city or cities have complied with the requirements of this section and shall also include the following:

(A) A plan and schedule for timely construction of dwelling units.

(B) Site identification by street address for the units to be developed.

(C) A statement either that the sites upon which the units will be developed were identified in the receiving city's housing element as potential sites for the development of housing for lower-income households, or that the units will be developed on previously unidentified sites.

(D) The number and percentage of the county's lower-income housing needs previously transferred, for the appropriate planning period, pursuant to this section.

(2) The council of governments that assigned the county's share receives and approves each proposed agreement to meet a portion of the county's fair share housing allocation within one or more of the cities within the county after taking into consideration the criteria of subdivision (a) of Section 65584. If the council of governments fails to take action to approve or disapprove an agreement between the county and the receiving city or cities within 45 days following the receipt of the agreement, the agreement shall be deemed approved.

(3) The city or cities in which the units are developed agree not to count the units towards their share of the region's affordable housing need.

(4) The county and the receiving city or cities, based on substantial evidence on the record, make the following findings:

(A) Adequate sites with appropriate zoning exist in the receiving city or cities to accommodate the units to be developed pursuant to this section. The agreement shall demonstrate that the city or cities have identified sufficient vacant or underutilized or vacant and underutilized sites in their housing elements to meet their existing share of regional housing need, as allocated by the council of governments pursuant to subdivision (a) of Section 65584, in addition to the sites needed to construct the units pursuant to this section.

(B) If needed, additional subsidy or financing for the construction of the units is available.

(C) The receiving city or cities have housing elements that have been found by the Department of Housing and Community Development to be in compliance with this article.

(5) If the sites upon which units are to be developed pursuant to this section were previously identified in the receiving city's housing element as potential sites for the development of housing sufficient to accommodate the receiving city's share of the lower income household need identified in its housing element, then the receiving city shall have amended its housing element to identify replacement sites by street address for housing for lower-income households. Additionally, the Department of Housing and Community Development shall have received and reviewed the amendment and found that the city's housing element continues to comply with this article.

(6) The county and receiving city or cities shall have completed, and provided to the department, the annual report required by subdivision (b) of Section 65400.

(7) For a period of five years after a transfer occurs, the report required by subdivision (b) of Section 65400 shall include information on the status of transferred units, implementation of the terms and conditions of the transfer agreement, and information on any dwelling units actually

constructed, including the number, type, location, and affordability requirements.

(8) The receiving city demonstrates that it has met, in the current or previous housing element cycle, at least 20 percent of its share of the regional need for housing for very low-income households allocated to the city pursuant to Section 65584.

(b) The credit that the county receives pursuant to this section shall not exceed 40 percent of the number of units that are affordable to lower income households and constructed and occupied during the same housing element cycle in unincorporated areas of the county. The county shall only receive the credit after the units have been constructed and occupied. Within 60 days of issuance of a certificate of occupancy for the units, the county shall inform the council of governments and the department in writing that a certificate of occupancy has been issued.

(c) Concurrent with the review by the council of governments prescribed by this section, the Department of Housing and Community Development shall evaluate the agreement to determine whether the city or cities are in substantial compliance with this section. The department shall report the results of its evaluation to the county and city or cities for inclusion in their record of compliance with this section.

(d) If at the end of the five-year period identified in subdivision (c) of Section 65583, any percentage of the regional share allocation has not been constructed as provided pursuant to subdivision (a), or, after consultation with the department, the council of governments determines that the requirements of paragraphs (5) and (7) of subdivision (a) have not been substantially complied with, the council of governments shall add the unbuilt units to Napa County's regional share allocation for the planning period of the next periodic update of the housing element.

(e) Napa County shall not meet a percentage of its share of the regional share pursuant to subdivision (a) on or after June 30, 2007, unless a later enacted statute, that is enacted before June 30, 2007, deletes or extends that date.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable to the County of Napa, as regards the availability of locations for affordable housing within the county, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution.

Persons agreeing to serve in eligible county health facilities, eligible state-operated health facilities, or health manpower shortage areas may apply for scholarship or loan repayment. The Registered Nurse Education Program shall be administered in accordance with Article 1 (commencing with Section 128330), except that all funds in the Registered Nurse Education Fund shall be used only for the purpose of promoting the education of registered nurses and related administrative costs. The Health Professions Education Foundation shall make recommendations to the director of the office concerning both of the following:

(1) A standard contractual agreement to be signed by the director and any student who has received an award to work in an eligible county health facility, an eligible state-operated health facility, or in a health manpower shortage area that would require a period of obligated professional service in the areas of California designated by the Health Manpower Policy Commission as deficient in primary care services. The obligated professional service shall be in direct patient care. The agreement shall include a clause entitling the state to recover the funds awarded plus the maximum allowable interest for failure to begin or complete the service obligation.

(2) Maximum allowable amounts for scholarships, educational loans, and loan repayment programs in order to assure the most effective use of these funds.

(b) Applicants may be persons licensed as registered nurses or graduates of associate degree nursing programs prior to entering a program granting a baccalaureate of science degree in nursing. Priority shall be given to applicants who hold associate degrees in nursing.

(c) Not more than 5 percent of the funds available under the Registered Nurse Education Program shall be available for a pilot project designed to test whether it is possible to encourage articulation from associate degree nursing programs to baccalaureate of science degree nursing programs. Persons who otherwise meet the standards of subdivision (a) shall be eligible for educational loans when they are enrolled in associate degree nursing programs. If these persons complete

a baccalaureate of science degree nursing program in California within five years of obtaining an associate degree in nursing and meet the standards of this article, these loans shall be completely forgiven.

(d) As used in this section, ''eligible county health facility'' means a county health facility that has been determined by the office to have a nursing vacancy rate greater than noncounty health facilities located in the same health facility planning area.

(e) As used in this section, ''eligible state-operated health facility'' means a state-operated health facility that has been determined by the office to have a nursing vacancy rate greater than noncounty health facilities located in the same health facility planning area.

(c) An employee seeking reinstatement and reimbursement pursuant to this section may file a complaint with the Division of Labor Standards Enforcement in accordance with Section 98.7, and upon receipt of such a complaint, the Labor Commissioner shall proceed as provided in that

section.

1626. (a) Except as provided in subdivisions (b) and (c), it shall be unlawful, in any transfusion of blood, to use any blood that was obtained from a paid donor.

(b) Subdivision (a) shall not be applicable to any transfusion of blood that was obtained from a paid donor if the physician and surgeon performing the transfusion has determined, taking into consideration the condition of the patient who is the recipient of the transfusion, that other blood of a type compatible with the blood type of the patient cannot reasonably be obtained for the transfusion.

(c) Subdivision (a) shall not apply to blood platelets secured from paid donors through the hemapheresis process if all of the following requirements are satisfied:

(1) The blood platelets are ordered by a doctor holding a valid California physician's and surgeon's certificate.

(2) The blood platelets are secured from a single donor and are sufficient to constitute a complete platelet transfusion.

(3) The donor's identification number is recorded on the platelet label and is kept in the records of the entity providing the blood platelets for a minimum of five years.

(4) The donor has been examined by a doctor holding a valid California physician's and surgeon's certificate, and a repeat donor is reexamined at least annually.

The results of the testing shall be obtained, evaluated, and determined to be acceptable prior to allowing the potential donor to provide his or her first donation of platelets. In addition, all donors shall be required to schedule an appointment for platelet donation.

SECTION 1. The Legislature finds and declares all of the following:

(a) It is and always has been the intent of the Legislature in enacting the California Estate Tax Law (Chapters 327 and 1535 of the Statutes of 1982), to implement the intent of Section 13302 of the Revenue and Taxation Code (adopted by Proposition 6, Initiative Statute, June 8, 1982) that California be entitled to collect the maximum allowable amount of the credit for state death taxes, allowable under the federal estate tax law, that is attributable to property located in California.

(b) Despite this requirement, an appellate court decision has held that, under California property law, certain transfers included in a decedent's gross estate under the federal estate tax law are not subject to tax under the California Estate Tax Law because the decedent under California law was not the owner.

(c) The Legislature expressly declares that this appellate court decision is contrary to the Legislature's intent, and the amendments made by this act are intended to clarify what the Legislature declares was and continues to be the law.

SEC. 2. Section 13304 of the Revenue and Taxation Code is amended to read:

13304. In a case where the gross estate of a decedent includes property having a situs in this state, and includes other property having a situs in another state, or other states, the portion of the maximum state death tax credit allowable against the federal estate tax on the total estate by the federal estate tax law that is attributable to the property having a situs in California shall be determined in the following manner:

(a) For the purpose of apportioning the maximum state death tax credit, the gross value of the property shall be that value finally determined for federal estate tax purposes.

(b) The maximum state death tax credit allowable shall be multiplied by the percentage which the gross value of property having a situs in California bears to the gross value of the entire estate subject to federal estate tax.

(c) The product determined pursuant to subdivision (b) shall be the portion of the maximum state death tax credit allowable that is attributable to property having a situs in California.

SEC. 3. Section 13402 of the Revenue and Taxation Code is amended to read:

13402. ''Estate'' or ''property'' means the real or personal property or interest therein included in the gross estate of a decedent or transferor, and includes all of the following:

(a) All intangible personal property included in the gross estate of a resident decedent within or without the state or subject to the jurisdiction thereof.

(b) All intangible personal property in California included in the gross estate of a nonresident decedent of the United States, including all stock of a corporation organized under the laws of California or which has its principal place of business or does the major part of its business in California or of a federal corporation or national bank which has its principal place of business or does the major part of its business in California, excluding, however, savings accounts in savings and loan associations operating under the authority of the Division of Savings and Loan or the Federal Home Loan Bank board and bank deposits, unless those deposits are held and used in connection with a business conducted or operated, in whole or in part, in California.

SEC. 4. Section 13404 of the Revenue and Taxation Code is amended to read:

13404. ''Transfer'' means the inclusion of any property or other interest included in the gross estate of a decedent.

SEC. 5. Section 13405 of the Revenue and Taxation Code is amended to read:

13405. ''Decedent'' or ''transferor'' means any person whose death gives rise to a transfer.

SEC. 6. Section 13550 of the Revenue and Taxation Code is amended to read:

13550. (a) The tax imposed by this part does not bear interest if it is paid prior to the date on which it otherwise becomes delinquent. However, if the tax is paid after that date, the tax bears interest at the rate for underpayment of estate tax provided in Section 6621(a)(2) of the Internal Revenue Code from the date it became delinquent and until it is paid. Interest under this section shall be compounded daily.

(b) The amendments made by Chapter 323 of the Statutes of 1998 shall apply to delinquent amounts unpaid on or after January 1, 1999, to December 31, 2000, inclusive.

SEC. 6.5. Section 13551 of the Revenue and Taxation Code is repealed.

SEC. 7. Section 13563 of the Revenue and Taxation Code is amended to read:

13563. Interest shall be allowed and paid upon any overpayment of tax due under this part in the same manner as provided in Sections 6621(a)(1) and 6622 of the Internal Revenue Code.

SEC. 8. Section 16760 of the Revenue and Taxation Code is amended to read:

16760. If the tax is not paid before it becomes delinquent, it bears interest thereafter and until it is paid at the same rate per annum as provided in Section 6621(a)(2) of the Internal Revenue Code, compounded daily.

SEC. 9. Section 16870 of the Revenue and Taxation Code is amended to read:

16870. Interest shall be allowed and paid upon any overpayment of tax due under this part in the same manner as provided in Section 6621(a)(1) and 6622 of the Internal Revenue Code.

SEC. 10. Section 16871 of the Revenue and Taxation Code is repealed.

SEC. 11. The amendments made by Sections 6 to 10, inclusive, of this act become operative on January 1, 2001, and apply to interest accrual periods beginning on or after January 1, 2001.

SEC. 12. Interest shall not be assessed under Section 13550 of the Revenue and Taxation Code upon that portion of the death tax credit paid by a taxpayer to the Internal Revenue Service prior to the enactment of this act because of that taxpayer's reliance upon the holding in the appellate court decision described in subdivision (b) of Section 1 of this act, that becomes payable to the State of California. This section shall be operative until January 1, 2002.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide that certain transfers included in a decedent's gross estate under the federal estate tax law are subject to tax under the California Estate Tax Law and thereby end the loss of revenue to the state at the earliest possible time and to revise applicable interest rates at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 364

An act to amend Section 16304 of, and to add Section 16304.3 to, the Government Code, relating to state funds.

[Approved by Governor September 7, 2000. Filed with
Secretary of State September 8, 2000.]

The people of the State of California do enact as follows:

16304. An appropriation shall be available for encumbrance during the period specified therein, or, if not otherwise limited by law, for three years after the date upon which it first became available for encumbrance. An appropriation containing the term ''without regard to fiscal years'' shall be available for encumbrance from year to year until expended.

An appropriation shall be deemed to be encumbered at the time and to the extent that a valid obligation against the appropriation is created.

As used in this code and in every other statute heretofore or hereafter enacted, the term ''unexpended balance'' shall be construed to mean ''unencumbered balance.''

Appropriations for the following purposes are exempt from limitations as to period of availability in any appropriation, and shall remain available from year to year until expended:

(a) Payment of interest and redemption charges on any portion of the bonded debt of the state.

(b) Transfers of money from any fund for the benefit of elementary schools, high schools, community colleges, the University of California, or any interest and sinking fund in the State Treasury.

(c) Money transferred to revolving funds specifically created by law, including, but not limited to, the Architecture Revolving Fund and the Water Resources Revolving Fund.

(d) Appropriations available for the acquisition of real property to the extent that such appropriations have been encumbered by the filing of condemnation proceedings on behalf of the State of California prior to the expiration of the period of availability of the appropriation.

(f) Continuing provisions of law appropriating for specific purposes certain classes of revenue or other receipts, upon their deposit in a particular fund in the State Treasury or upon their collection by an agency of this state.

SEC. 2. Section 16304.3 is added to the Government Code, to read:

(b) An approved cooperative work agreement is a binding contract or agreement between multiple parties, including the state or other governmental entities, or private nonprofit organizations, for work that cannot be completed for valid and substantial reasons during the period of time for which the funding is available for liquidation, and that meets all of the following criteria:

(3) The cooperative work agreement is funded only from appropriations for local assistance.

Any unencumbered or disencumbered balance shall revert to the fund of origin consistent with standard state accounting practices.

(d) The unliquidated balance subject to the approved cooperative work agreement shall revert to the fund of origin no later than eight years from the date of the original appropriation.

(e) This section shall not apply to cooperative work agreements entered into prior to January 1, 2001.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) That AmeriCorps is a unique and valuable program created by the United States federal government that seeks to provide young Americans opportunities to engage themselves in volunteer service in their communities, while earning credits toward their college or university education and being provided with living allowances

including benefits and workers' compensation coverage. Because AmeriCorps participants become involved in unpredictable service commitments (from individual to community emergencies), their hours of service are irregular at times.

(b) There are now approximately $32 million of federal funds coming into California supporting 60 different and distinct AmeriCorps programs with nearly 9,400 participants.

SEC. 2. (a) The Legislature hereby intends to recognize the unique and valuable character of the AmeriCorps program, and its 60 programs now operating in California, and to assure their ready operation by providing them a unique exemption from the California wage and hour law and an exemption from state unemployment insurance laws.

(b) In so doing, it is not the intention of the Legislature to create any precedent that would otherwise curtail the full operation of California's wage and hour law or its unemployment insurance laws.

SEC. 3. Section 1171 of the Labor Code is amended to read:

1171. The provisions of this chapter shall apply to and include men, women and minors employed in any occupation, trade, or industry, whether compensation is measured by time, piece, or otherwise, but shall not include any individual employed as an outside salesman or any individual participating in a national service program carried out using assistance provided under Section 12571 of Title 42 of the United States Code.

Any individual participating in a national service program pursuant to Section 12571 of Title 42 of the United States Code shall be informed by the nonprofit, educational institution or other entity using his or her service, prior to the commencement of service of the requirement, if any, to work hours in excess of eight hours per day, or 40 hours per week, or both, and shall have the opportunity to opt out of that national service program at that time. Individuals participating in a national service program pursuant to Section 12571 of Title 42 of the United States Code shall not be discriminated against or be denied continued participation in the program for refusing to work overtime for a legitimate reason.

SEC. 4. Section 634.5 of the Unemployment Insurance Code is amended to read:

Sec. 3301 et seq.) applies by reason of exemption under subdivision (b) of Section 3309 of that act.

condition of participation, the juvenile court judge shall order the minor to obey all orders and rules of the academy.

(e) Notwithstanding subdivision (a) of Section 793, the juvenile court judge may also enter judgment and schedule a dispositional hearing if the judge determines that the minor is not complying with the rules and orders of the Turning Point Academy.

(f) (1) If the minor has performed satisfactorily during the period in which deferred entry of judgment was granted, at the end of that period the charge or charges in the wardship petition shall be dismissed and the arrest upon which the judgment was deferred shall be deemed never to have occurred and any records in the possession of the juvenile court shall be sealed, except that the prosecuting attorney and the probation department of any county shall have access to these records after they are sealed for the limited purpose of determining whether a minor is eligible for deferred entry of judgment pursuant to Section 790. Nothing in this section is intended to abrogate the minor's rights pursuant to Section 781 regarding the sealing of records.
