SEC. 39. Section 22660 of the Education Code is amended to read:

22660. (a) The nonmember spouse who is awarded a separate account under this part shall have the right to designate, pursuant to Sections 23300 to 23304, inclusive, a beneficiary or beneficiaries to receive the accumulated retirement contributions under the Defined Benefit Program and to designate a payee to receive the accumulated Defined Benefit Supplement account balance under the Defined Benefit Supplement Program remaining in the separate account of the nonmember spouse on his or her date of death, and any accrued allowance or accrued Defined Benefit Supplement annuity under this part attributable to the separate account of the nonmember spouse which is unpaid on the date of the death of the nonmember spouse.

(b) This section shall not be construed to provide the nonmember spouse with any right to elect to modify a retirement allowance under Section 24300 or to elect a joint and survivor annuity under the Defined Benefit Supplement Program.

SEC. 40. Section 22661 of the Education Code is amended to read:

22661. (a) The nonmember spouse who is awarded a separate account under this part shall have the right to a refund of the accumulated retirement contributions in the account, and a lump-sum payment of the balance of credits in the Defined Benefit Supplement account, of the nonmember spouse under this part.

(b) The nonmember spouse shall file an application on a form provided by the system to obtain a refund or lump-sum payment.

(c) The refund and lump-sum payment under this part are effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember spouse and addressed to the latest address for the nonmember spouse on file in the system. If the nonmember spouse has elected on a form provided by the system to transfer all or a specified portion of the accumulated retirement contributions or the accumulated Defined Benefit Supplement account balance that are eligible for direct trustee-to-trustee transfer to the trustee of a qualified plan under Section 402 of the Internal Revenue Code of 1986 (26 U.S.C.A. Sec. 402), deposit in the United States mail of a notice that the requested transfer has been made constitutes a return of the nonmember spouse's accumulated retirement contributions or accumulated Defined Benefit Supplement account balance.

(d) The nonmember spouse is deemed to have permanently waived all rights and benefits pertaining to the service credit, accumulated retirement contributions, and the accumulated Defined Benefit Supplement account balance under this part when the refund and lump-sum payment become effective.

(e) The nonmember spouse may not cancel a refund or lump-sum payment under this part after it is effective.

(f) The nonmember spouse shall have no right to elect to redeposit the refunded accumulated retirement contributions under this part after the refund is effective, to redeposit under Section 22662 or purchase additional service credit under Section 22663 after the refund becomes effective, or to redeposit the accumulated Defined Benefit Supplement account balance after the lump-sum payment becomes effective.

(g) If the total service credit in the separate account of the nonmember spouse under this part, including service credit purchased under Sections 22662 and 22663, is less than two and one-half years, the board shall refund the accumulated retirement contributions in the account.

SEC. 41. Section 22662 of the Education Code is amended to read:

22662. The nonmember spouse who is awarded a separate account under this part may redeposit accumulated retirement contributions previously refunded to the member in accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may redeposit under this part only those accumulated retirement contributions that were previously refunded to the member and in which the court has determined the nonmember spouse has a community property interest.

(b) The nonmember spouse shall inform the system in writing of his or her intent to redeposit within 180 days after the judgment or court order addressing the redeposit rights of the nonmember spouse is entered. The nonmember spouses' election to redeposit shall be made on

a form provided by the system within 30 days after the system mails an election form and the billing.

(c) If the nonmember spouse elects to redeposit under this part, he or she shall repay the portion of the member's refunded accumulated retirement contributions that were awarded to the nonmember spouse and shall pay regular interest from the date of the refund to the date of payment.

(d) An election to redeposit shall be considered an election to repay all accumulated retirement contributions previously refunded under this part in which the nonmember spouse has a community property interest. All payments shall be received by the system before the effective date of the nonmember spouse's retirement under this part. If any payment due because of the election is not received at the system's office in Sacramento within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(e) The right of the nonmember spouse to redeposit shall be subject to Section 23203.

(f) The member shall not have a right to redeposit the share of the nonmember spouse in the previously refunded accumulated retirement contributions under this part whether or not the nonmember spouse elects to redeposit. However, any accumulated retirement contributions previously refunded under this part and not explicitly awarded to the nonmember spouse under this part by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 42. Section 22664 of the Education Code is amended to read:

22664. The nonmember spouse who is awarded a separate account shall have the right to a service retirement allowance and, if applicable, a retirement annuity under this part.

(a) The nonmember spouse shall be eligible to retire for service under this part if the following conditions are satisfied:

(1) The member had at least five years of credited service during the period of marriage, at least one year of which had been performed subsequent to the most recent refund to the member of accumulated retirement contributions. The credited service may include service credited to the account of the member as of the date of the dissolution or legal separation, previously refunded service, out-of-state service, and permissive service credit that the member is eligible to purchase at the time of the dissolution or legal separation.

(2) The nonmember spouse has at least two and one-half years of credited service in his or her separate account.

(3) The nonmember spouse has attained the age of 55 years or more.

(b) A service retirement allowance of a nonmember spouse under this part shall become effective upon any date designated by the nonmember spouse, provided:

(1) The requirements of subdivision (a) are satisfied.

(2) The nonmember spouse has filed an application for service retirement on a form provided by the system, that is executed no earlier than six months before the effective date of the retirement allowance.

(3) The effective date is no earlier than the first day of the month in which the application is received at the system's office in Sacramento and the effective date is after the date the judgment or court order pursuant to Section 22652 was entered.

(c) (1) Upon service retirement at normal retirement age under this part, the nonmember spouse shall receive a retirement allowance that shall consist of an annual allowance payable in monthly installments equal to 2 percent of final compensation for each year of credited service.

(2) If the nonmember spouse's retirement is effective at less than normal retirement age and between early retirement age under this part and normal retirement age, the retirement allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month, that will elapse until the nonmember spouse would have reached normal retirement age.

(3) If the nonmember spouse's service retirement is effective at an age greater than normal retirement age and is effective on or after January 1, 1999, the percentage of final compensation for each year of credited service shall be determined pursuant to the following table:

Age at Retirement	Percentage
60 1/4	2.033
60 1/2	2.067
60 3/4	2.10
61	2.133
61 1/4	2.167
61 1/2	2.20
61 3/4	2.233
62	2.267
62 1/4	2.30
62 1/2	2.333
62 3/4	2.367
63 and over	2.40

(4) In computing the retirement allowance of the nonmember spouse, the age of the nonmember spouse on the last day of the month in which the retirement allowance begins to accrue shall be used.

(5) Final compensation, for purposes of calculating the service retirement allowance of the nonmember spouse under this subdivision, shall be calculated according to the definition of final compensation in Section 22134, 22135, or 22136, whichever is applicable, and shall be based on the compensation earnable of the member up to the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

The nonmember spouse shall not be entitled to use any other calculation of final compensation.

(d) If the member is or was receiving a disability allowance under this part with an effective date before or on the date the parties separated as established in the judgment or court order pursuant to Section 22652, or at any time applies for and receives a disability allowance with an effective date that is before or coincides with the date the parties separated as established in the judgment or court order pursuant to Section 22652, the nonmember spouse shall not be eligible to retire until after the disability allowance of the member terminates.

If the member who is or was receiving a disability allowance returns to employment to perform creditable service subject to coverage under the Defined Benefit Program or has his or her allowance terminated under Section 24015, the nonmember spouse may not be paid a retirement allowance until at least six months after termination of the disability allowance and the return of the member to employment to perform creditable service subject to coverage under the Defined Benefit Program, or the termination of the disability allowance and the employment or self-employment of the member in any capacity, notwithstanding Section 22132. If at the end of the six-month period, the member has not had a recurrence of the original disability or has not had his or her earnings fall below the amounts described in Section 24015, the nonmember spouse may be paid a retirement allowance if all other eligibility requirements are met.

(1) The retirement allowance of the nonmember spouse under this subdivision shall be calculated as follows: the disability allowance the member was receiving, exclusive of the portion for dependent children, shall be divided between the share of the member and the share of the nonmember spouse. The share of the nonmember spouse shall be the amount obtained by multiplying the disability allowance, exclusive of the portion for dependent children, by the years of service credited to the separate account of the nonmember spouse, including service projected to the date of separation, and dividing by the projected service of the member. The nonmember spouse's retirement allowance shall be the

lesser of the share of the nonmember spouse under this subdivision or the retirement allowance under subdivision (c).

(2) The share of the member shall be the total disability allowance reduced by the share of the nonmember spouse. The share of the member shall be considered the disability allowance of the member for purposes of Section 24213.

(e) The nonmember spouse who receives a retirement allowance is not a retired member under this part. However, the allowance of the nonmember spouse shall be increased by application of the improvement factor and shall be eligible for the application of supplemental increases and other benefit maintenance provisions under this part, including, but not limited to, Sections 24411, 24412, and 24415 based on the same criteria used for the application of these benefit maintenance increases to the service retirement allowances of members.

SEC. 43. Section 22665 of the Education Code is amended to read:

22665. The system shall include the service credit awarded to a nonmember spouse in the judgment or court order to determine the eligibility of a member for a retirement or disability allowance under this part. That portion of awarded service credit based on previously refunded accumulated retirement contributions or on permissive service credit may not be used by the member for eligibility requirements until the member has redeposited or purchased his or her portion of the service credit. The member's service retirement allowance shall be calculated based on the service credit in the member's account on the effective date of service retirement.

(b) A member shall make separate designations for benefits payable under the Defined Benefit Program and the Defined Benefit Supplement Program. Each designation shall be in writing on a form prescribed by the system, executed by the member, and witnessed by two witnesses who are not designated as beneficiary for benefits payable under either the Defined Benefit Program or the Defined Benefit Supplement Program. A member may designate the same beneficiary for benefits payable under the Defined Benefit Program and the Defined Benefit Supplement Program, or may designate a different beneficiary for each.

(b) Upon receipt of proof of death of a retired member's option beneficiary after the beneficiary begins to receive an allowance, the

remaining balance of a member's accumulated retirement contributions, if any, shall be paid to the beneficiary designated by the option beneficiary to receive that payment.

(c) The remaining balance of a retired member's accumulated retirement contributions shall be the difference between the balance of the accumulated retirement contributions on the effective date of the member's retirement and the total retirement allowance paid or payable to the retired member on the date of the member's death. If the retired member predeceased the option beneficiary, the remaining balance of the retired member's accumulated retirement contributions shall be the difference between the balance of the accumulated retirement contributions on the effective date of the member's retirement and the total retirement allowance paid or payable to the retired member and the option beneficiary on the date of the option beneficiary's death.

(2) A final decree of dissolution of marriage is granted, or a judgment of nullity is entered, or an order of separate maintenance is made by a court of competent jurisdiction with respect to the member and the spouse or former spouse on or after the beginning of the initial plan year designated by the board pursuant to Section 22156.05.

(3) The change is consistent with the final decree of dissolution, judgment of nullity, or order of separate maintenance.

(b) A member may change the annuity pursuant to subdivision (a) before or after the first annuity payment is issued.

(c) The member shall notify the system in writing of the change in the annuity. This factor shall be applicable on the same date when it would have been applied to the allowance of the deceased person.

(c) The benefit improvement factor shall not be applied to an annuity that is the actuarial equivalent of the accumulated annuity deposit contributions standing to the credit of the member's account on the effective date of a service or disability retirement.

SEC. 58. Section 24411 of the Education Code is amended to read:

24411. (a) (1) Annual cost-of-living adjustments for retired members, disabled members, and beneficiaries in excess of the 2-percent adjustment authorized by Section 22140 may be included as a General Fund appropriation in the annual Budget Act. In the annual budget submitted to the Legislature, the Governor shall include a budget item equal to 5 percent of the average annualized statewide increase in payroll for certificated personnel over the three previous school years among

school districts, county offices of education, and community college districts.

(2) The amount submitted in the annual Budget Act pursuant to this section shall be considered as part of the overall budget allocations to the public schools and community colleges.

(b) The annual appropriation shall be made to the system on July 1, and shall be placed in a segregated account called the Retirees' Purchasing Power Protection Account. The proceeds of that account are continuously appropriated and shall be distributed annually in quarterly payments commencing on September 1 to retired members, disabled members, and beneficiaries under the Defined Benefit Program as follows:

(1) The proceeds shall be allocated among those retired members, disabled members, and beneficiaries under the Defined Benefit Program whose allowances, after applying the 2-percent adjustment authorized by Section 22140, have the lowest purchasing power percentage, based on the amount that would be paid had the original allowance been increased by the increases in the index then being used by the Department of Finance to measure changes in the cost of living, increasing those allowances to a common minimum purchasing power level. In any year in which the purchasing power of the allowances of all retired members, disabled members, and beneficiaries under the Defined Benefit Program equals not less than 75 percent and additional funds remain from the allocation authorized by this section, those funds shall be allocated by the board to general accounts to reduce the unfunded actuarial liability of the fund.

(2) The board may deduct from the annual appropriation an amount necessary for administrative expenses to implement this section.

(c) The board shall inform each recipient of an allowance under subdivision (b) that the increases are not cumulative, are not part of the base allowance, and shall be available only as appropriated annually in the Budget Act.

(d) The adjustments authorized by this section shall not be included in the base allowance for purposes of calculating the 2-percent adjustment authorized by Section 22140.

(e) It is the ultimate intent and purpose of the Legislature in amending this section by Chapters 323 and 780 of the Statutes of 1983, to achieve a common minimum purchasing power level equal to 75 percent of the purchasing power of the original allowance. It is the present intent of the Legislature that until adequate funds are available to fulfill the ultimate intent, those persons whose allowances have been most impacted by inflation shall be accorded first priority in receiving, pursuant to this section, supplemental cost-of-living adjustments from the Retirees' Purchasing Power Protection Account.

(f) This section shall not be operative in any fiscal year during which, as determined by the board, distributions provided for by Section 24415 are being made.

SEC. 59. Section 24412 of the Education Code is amended to read:

24412. (a) The annual revenues deposited to the Teachers' Retirement Fund pursuant to Section 6217.5 of the Public Resources Code are continuously appropriated without regard to fiscal year for the purposes of this section and shall be distributed annually in quarterly supplemental payments commencing on September 1 of each year to retired members, disabled members, and beneficiaries under the Defined Benefit Program. The amount available for distribution in any year shall be the income for that year from the sale or use of school lands and lieu lands, as estimated by the State Lands Commission prior to the beginning of the fiscal year, adjusted by the difference between the estimated and actual income for the preceding fiscal year. The board shall deduct from the revenues an amount necessary for administrative expenses to implement this section.

(b) The net revenues to be distributed shall be allocated among those retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107, whose allowances under the Defined Benefit Program, after sequentially applying the annual improvement factor as defined in Section 22140 and the annual supplemental payment as specified in Section 24411, if any, are below 75 percent of the original purchasing power. The purchasing power calculation for each individual allowance shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of retirement and June of the fiscal year preceding the fiscal year of the distribution. The allocation shall provide a pro rata share of the amount needed to restore the allowance payable, after sequential application of the current year annual improvement factor and the supplemental payment under Section 24411, to 75 percent of the original purchasing power.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) In any year that the net revenues from school lands and lieu lands is greater than that needed to adjust the allowances of all retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107, under the Defined Benefit Program to 75 percent of the original purchasing power, the net revenues in excess of that needed for distribution shall be used by the board to reduce the unfunded actuarial obligation of the fund.

(e) The board shall inform each recipient of supplemental payments under this section that the increases are not cumulative and are not part of the base allowance.

SEC. 60. Section 24415 of the Education Code is amended to read:

24415. (a) The proceeds of the Supplemental Benefit Maintenance Account shall be distributed annually in quarterly supplemental payments commencing on September 1, 1990, to retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107. The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 75 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this part, including those specified in Section 24412.

(b) The net revenues to be distributed shall be allocated among those retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107, whose allowances, after sequentially applying the annual improvement factor as defined in Sections 22140 and 22141, and the annual supplemental payment as specified in Section 24412, have the lowest purchasing power percentage. The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of retirement and June of the fiscal year preceding the fiscal year of distribution. In any year in which the purchasing power of the allowances of all retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107, equals not less than 75 percent and additional funds remain from the allocation authorized by this section, those funds shall remain in the Supplemental Benefit Maintenance Account for allocation in future years.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) The increases provided by subdivision (b) are not cumulative, not part of the base allowance, and will be payable only to the extent that funds are available from the Supplemental Benefit Maintenance Account. The board shall inform each recipient of the contents of this subdivision.

(e) The adjustments authorized by this section are vested only up to the amount payable as a result of the annual appropriation made pursuant to Section 22954 and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Sections 22140 and 22141.

SEC. 61. Section 24417 of the Education Code is amended to read:

24417. (a) The proceeds of an auxiliary Supplemental Benefit Maintenance Account shall be distributed annually in quarterly supplemental payments, commencing when funds in the Supplemental Benefit Maintenance Account are insufficient to support 75 percent, to retired members, disabled members, and beneficiaries, as defined in

subdivision (a) of Section 22107. The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 75 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this part, including those specified in Sections 24412 and 24415.

(b) The net revenues to be distributed shall be allocated among those retired members, disabled members, and beneficiaries, as defined in subdivision (a) of Section 22107, whose allowances, after sequentially applying the annual improvement factor as defined in Sections 22140 and 22141, and the annual supplemental payment as specified in Sections 24412 and 24415, have the lowest purchasing power percentage. The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of the benefit effective date and June of the fiscal year preceding the fiscal year of distribution.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) The increases provided by subdivision (b) are not cumulative, nor part of the base allowance, and will be payable only to the extent that funds are available from the Supplemental Benefit Maintenance Account and the auxiliary Supplemental Benefit Maintenance Account. The board shall inform each recipient of the contents of this subdivision.

(e) The distributions authorized by this section are vested only up to the amount payable as a result of the annual appropriation made pursuant to Section 22954 and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Sections 22140 and 22141.

(f) A child's portion of an allowance under this part begins to accrue on the effective date of that allowance and ceases on the earlier of either the termination of the child's eligibility or the termination of the allowance. An allowance payable because of a full-time student shall terminate on the first day of the month following the end of the school quarter or semester that is in progress in the month the full-time student attains 22 years of age. Any adjustment to an allowance because of a full-time student's periods of nonattendance shall be made as follows: the allowance shall cease on the first day of the month in which return to full-time attendance was required and shall begin to accrue again on the first day of the month in which full-time attendance resumes.

(g) Supplemental payments issued under this part pursuant to Sections 24701, 24702, and 24703 to retired members, disabled members, and beneficiaries shall begin to accrue pursuant to Sections 24701, 24702, and 24703 and shall cease to accrue as of the termination dates specified in subdivisions (a) to (f), inclusive.

(h) Notwithstanding any other provision of this part or other law, distributions payable under the plan with respect to the Defined Benefit Program and the Defined Benefit Supplement Program shall be made in accordance with applicable provisions of the Internal Revenue Code of 1986, as amended, and related regulations. The required beginning date of benefit payments that represent the entire interest of the member in the plan with respect to the Defined Benefit Program and the Defined Benefit Supplement Program shall be either:

(1) In the case of a refund of contributions, as described in Chapter 18 (commencing with Section 23100) of this part, and distribution of an amount equal to the balance of credits in a member's Defined Benefit Supplement account, as described in Chapter 38 (commencing with Section 25000) of this part, not later than April 1 of the calendar year following the later of (A) the calendar year in which the member attains 70 $^{1}/_{2}$ years of age or (B) the calendar year in which the member terminates employment within the meaning of subdivision (i).

(2) In the case of a retirement allowance, as defined in Section 22166, beginning not later than April 1 of the calendar year following the later of (A) the calendar year in which the member attains 70 $^{1}/_{2}$ years of age or (B) the calendar year in which the member terminates employment within the meaning of subdivision (i), to continue over the life of the member or the lives of the member and the member's option beneficiary,

or over the life expectancy of the member or the life expectancy of the member and the member's option beneficiary.

(i) For purposes of subdivision (h), ''terminates employment'' means the later of:

(1) The date the member ceases to perform creditable service subject to coverage under this plan.

(2) The date the member ceases employment in a position subject to coverage under another public retirement system in this state if the compensation earnable while a member of the other system may be considered in the determination of final compensation pursuant to Section 22134, 22135, or 22136.

CHAPTER 38. DEFINED BENEFIT SUPPLEMENT PROGRAM

Article 1. General Provisions

25000. The Defined Benefit Supplement Program is hereby established to provide supplemental benefits for members of the Defined Benefit Program. The Teachers' Retirement Board shall administer the Defined Benefit Supplement Program in accordance with the provisions of this chapter.

25000.5. The design and administration of the Defined Benefit Supplement Program shall comply with the applicable provisions of the Internal Revenue Code and the Revenue and Taxation Code. The board may amend the plan with respect to the Defined Benefit Supplement Program to do any of the following:

(a) Comply with applicable federal law and regulations to the extent permitted by law.

(b) Adopt or amend actuarial assumptions.

(c) Designate the initial plan year.

(d) Establish and revise the minimum interest rate.

(e) Declare an additional earnings credit.

(f) Declare an additional annuity credit.

25000.7. (a) A member shall have a vested right to a benefit under the Defined Benefit Supplement Program in an amount equal to the balance of credits in the member's Defined Benefit Supplement account. That right shall accrue when the member's Defined Benefit Supplement account is established pursuant to Section 25004.

(b) If a person becomes entitled to a distribution from the program under this part that constitutes an eligible rollover distribution within the meaning of Section 401(a)(31) of Title 26 of the United States Code, the person may elect, under terms and conditions established by the board, to have the distribution or a portion thereof paid directly to a plan that constitutes an eligible retirement plan within the meaning of Section 401(a)(31), as specified by that person. Upon the exercise of the election by a person with respect to a distribution or a portion thereof, the distribution from the program of the amount so designated, once distributable under the terms of the program, shall be made in the form of a direct rollover to the eligible retirement plan so specified.

Article 2. Program Accounts

25001. (a) The board shall establish a segregated account within the retirement fund to be known as the Gain and Loss Reserve, and the board shall have sole authority over the reserve. The Gain and Loss Reserve shall be maintained for the Defined Benefit Supplement Program and may be used to credit interest at the minimum interest rate for plan years in which the board determines that the obligation cannot be met from investment earnings. The Gain and Loss Reserve may also be used to provide additions to the Annuitant Reserve for monthly annuities payable under the Defined Benefit Supplement Program.

(b) The board shall establish a goal for the balance of the Gain and Loss Reserve and periodically shall review the sufficiency of the reserve based on the recommendations of the actuary.

(c) The board may allocate excess earnings of the plan with respect to assets attributable to the Defined Benefit Supplement Program to the Gain and Loss Reserve. Upon the recommendation of the actuary, the board shall determine annually the amount, if any, that is to be allocated to the Gain and Loss Reserve for that plan year. That determination shall be made upon recommendation of the actuary after adoption of the actuarial valuation undertaken following the plan year pursuant to Section 22311.5, but no later than June 30 following the end of the plan year. In determining whether to allocate excess earnings to the Gain and Loss Reserve, the board shall consider all of the following:

(1) Whether or not the plan has excess earnings attributable to the Defined Benefit Supplement Program.

(2) The sufficiency of the Gain and Loss Reserve in light of the goal established pursuant to subdivision (b).

(3) The amount required for the plan's administrative costs with respect to the Defined Benefit Supplement Program.

(4) The amount required for crediting members' accounts at the minimum interest rate.

25002. The board shall establish and maintain a segregated account within the retirement fund to be known as the Annuitant Reserve and the board shall have sole authority over the reserve. The Annuitant Reserve shall be used for the payment of annuities under the Defined Benefit Supplement Program. The board shall transfer the balance in a member's accumulated Defined Benefit Supplement account to the reserve when a benefit is to be paid as an annuity.

25003. The board may transfer amounts between the Gain and Loss Reserve and the Annuitant Reserve upon the recommendation of the actuary.

25004. Member accounts under the Defined Benefit Supplement Program shall be nominal accounts. Member contributions and employer contributions on behalf of the member that are specifically identified as creditable to the Defined Benefit Supplement Program shall be treated as credits to the member's Defined Benefit Supplement account, together with interest credited at the minimum interest rate and additional earnings credit thereon. The balance of credits in a member's account shall determine the amount to which the member is entitled under the Defined Benefit Supplement Program upon termination of employment subject to coverage by the plan. The member shall not have a right or claim to any specific assets of the account, program, plan, or retirement fund.

25005. (a) Prior to July 1 of the initial plan year, and prior to the beginning of each plan year thereafter, the board shall adopt a plan amendment with respect to the Defined Benefit Supplement Program to declare the rate at which interest shall be credited to Defined Benefit Supplement accounts for the following plan year.

(b) The minimum interest rate declared annually by the board shall be in accordance with applicable federal laws and related regulations and shall not be less than the rate at which interest is credited under the Defined Benefit Program.

(c) Interest shall be credited to Defined Benefit Supplement accounts and shall be computed at the minimum interest rate on the balance of credits in a member's account and shall be compounded daily.

(d) Credited interest shall not be applied to the balance of credits in a member's Defined Benefit Supplement account that has been transferred to the Annuitant Reserve.

25006. (a) The board may declare an additional earnings credit to be applied to Defined Benefit Supplement accounts for a plan year. Prior to declaring an additional earnings credit, the board shall consider all of the following:

(1) Whether the plan's investment earnings with respect to the Defined Benefit Supplement Program for the plan year exceed the amount required to meet the liabilities identified in paragraphs (2), (3), and (4).

(2) The amount required for the plan year to credit interest on members' nominal accounts at the minimum interest rate.

(3) The amount of the plan's administrative expenses with respect to the Defined Benefit Supplement Program for the plan year.

(4) The sufficiency of the Gain and Loss Reserve and whether any additions must be made to that reserve.

(b) For any plan year that the board declares an additional earnings credit, the board shall specify the amount to be added to members' accounts as a percentage increase. The additional earnings credit shall be applied to the balance of credits in each member's nominal account as of the last day of the plan year and shall be applied as of the date specified by the board. The additional earnings credit shall not be added to the balance of credits in a member's Defined Benefit Supplement account that has been transferred to the Annuitant Reserve.

(c) The declaration of an additional earnings credit shall be made as a plan amendment adopted by the board with respect to the Defined Benefit Supplement Program upon recommendation of the actuary after adoption of the actuarial valuation undertaken following the plan year pursuant to Section 22311.5, but no later than June 30 following the end of the plan year.

25007. When the board declares an additional earnings credit for a plan year, the board also may declare by plan amendment an additional annuity credit, for members and annuity beneficiaries who are receiving an annuity, based on the balance of credits transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve. The additional annuity credit, if declared by the board, shall be paid in a lump-sum. In addition to the considerations specified in Section 25006, prior to declaring an additional earnings credit, the board shall consider both of the following:

(a) The amount required for the plan year to apply the additional earnings credit to the Defined Benefit Supplement accounts of members who are not receiving an annuity under the Defined Benefit Supplement Program for the plan year.

(b) Any other obligations incurred by the plan with respect to the Defined Benefit Supplement Program.

25008. (a) A member's right to an amount equal to the balance of credits in the member's Defined Benefit Supplement account shall be vested at the time contributions are initially credited to the member's account.

(b) A partial distribution of the amount equal to the balance of credits in a member's Defined Benefit Supplement account shall not be made, except as provided in Section 25009 or 25016.

Article 3. Retirement Benefits

25009. (a) A member's retirement benefit under the Defined Benefit Supplement Program shall be an amount equal to the balance of credits in the member's Defined Benefit Supplement account on the date the retirement benefit becomes payable.

(b) A retirement benefit shall be a lump-sum payment, or an annuity payable in monthly installments, or a combination of both a lump-sum payment and an annuity, as elected by the member on the application for a retirement benefit.

(c) Upon distribution of the entire retirement benefit in a lump-sum payment, no other benefit shall be payable to the member or the member's beneficiary under the Defined Benefit Supplement Program.

25010. (a) A member who meets the following eligibility requirements may receive a retirement benefit under the Defined Benefit Supplement Program:

(1) The member has terminated all employment to perform creditable service subject to coverage by the plan. The member's employer, or employers if the member has multiple employers, shall certify on a form prescribed by the system that the member's employment has been terminated.

(2) The member has retired for service under the Defined Benefit Program pursuant to Chapter 27 (commencing with Section 24201).

(b) A member shall submit an application for a retirement benefit on a form prescribed by the system.

25011. (a) A member may elect to receive the retirement benefit as an annuity payable in monthly installments, provided the balance of credits in the member's Defined Benefit Supplement account on the date the retirement benefit becomes payable equals at least three thousand five hundred dollars ($3,500).

(b) If the member elects to receive the retirement benefit as an annuity, the member shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable

to the member if the member elected to receive the retirement benefit in a lump-sum payment. Upon the death of the member, no other benefit shall be payable to the member's beneficiary under the Defined Benefit Supplement Program.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the retirement benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance, if any, of credits transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the member's beneficiary.

(3) A 100 percent joint and survivor annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, the same monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. If the annuity beneficiary predeceases the member, the annuity shall be payable to the member without modification as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death.

(4) A 50 percent joint and survivor annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, one-half of the monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. If the annuity beneficiary predeceases the member, the annuity shall be payable to the member without modification as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the retirement benefit becomes payable. The annuity shall be payable over a specified number of years, from a minimum of three years to a maximum of 10 years, until the annuity amount paid equals the amount of credits that was in the member's Defined Benefit Supplement account. However, the annuity period shall not exceed the life expectancy of the member, or the life expectancy of the member and the member's annuity beneficiary. If the member's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the member's annuity beneficiary pursuant to Section 25022.

(c) The actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account shall reflect increases in annuity payments to be made in the future pursuant to Section 24402, unless the member elected a period certain annuity.

Article 4. Annuities

25012. An annuity payable under the Defined Benefit Supplement Program shall be determined as a value actuarially equivalent to the balance of credits in the member's Defined Benefit Supplement account on the date the benefit becomes payable and after any lump-sum payment. If a single life annuity is elected, the annuity shall be calculated using the age of the member on the date the benefit becomes payable. If a joint and survivor annuity is elected, the annuity shall be calculated using the age of the member and the age of the member's beneficiary on the date the benefit becomes payable.

25013. Upon election by the member to receive a benefit payable under the Defined Benefit Supplement Program in the form of an annuity, the balance of credits in the member's Defined Benefit Supplement account shall be transferred to the Annuitant Reserve.

25014. (a) If a member reinstates from service retirement under this part, payment of a retirement annuity based on the balance of credits that was transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall terminate. The member's Defined Benefit Supplement account shall be credited with the actuarial equivalent of the member's annuity as of the date the annuity is terminated and the Annuitant Reserve shall be reduced by the amount credited to the member's account.

(b) The actuarial equivalent of the annuity on the date the annuity is terminated shall be calculated using the actuarial assumptions that were in effect on the date the retirement annuity became payable. In determining the actuarial equivalent, the age of the member on the date the retirement annuity became payable shall be used if the member was receiving a single life annuity. If the member was receiving a joint and survivor annuity, the age of the member and the age of the member's annuity beneficiary on the date the retirement annuity became payable shall be used to determine the actuarial equivalent.

(c) If the member subsequently retires again, an annuity based on the remaining balance of credits in the member's Defined Benefit Supplement account at the time of the subsequent retirement shall become payable pursuant to Section 24202.5 and the balance of credits in the member's Defined Benefit Supplement account shall be transferred to the Annuitant Reserve.

25015. (a) If a member elects to receive a benefit payable under the Defined Benefit Supplement Program as a joint and survivor annuity, the member shall designate an annuity beneficiary on the benefit application. The annuity beneficiary designation shall not be changed after the date the benefit becomes payable to the member, except as provided in Chapter 12 (commencing with Section 22650).

(b) A member who elects to receive a joint and survivor annuity may designate more than one annuity beneficiary. If the member designates multiple annuity beneficiaries, the member shall specify the percentage of the annuity payable to each annuity beneficiary upon the death of the member. The annuity amount payable to the member during his or her lifetime shall be modified to be payable over the combined lives of the member and the annuity beneficiaries.

(c) If the member predeceases an annuity beneficiary, the annuity beneficiary may designate a payee to receive an amount that may be payable in a lump-sum pursuant to Section 25023 upon the death of the annuity beneficiary.

Article 5. Disability Benefits

25016. (a) A member's disability benefit under the Defined Benefit Supplement Program shall be an amount equal to the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable.

(b) A disability benefit shall be a lump-sum payment, or an annuity payable in monthly installments, or a combination of both a lump-sum payment and an annuity, as elected by the member on the application for a disability benefit.

(c) Upon distribution of the entire disability benefit in a lump-sum payment, no other benefit shall be payable to the member or the member's beneficiary under the Defined Benefit Supplement Program.

25017. (a) A member who meets the following eligibility requirements may receive a disability benefit under the Defined Benefit Supplement Program:

(1) The member has terminated all employment to perform creditable service subject to coverage by the plan. The member's employer, or employers if the member has multiple employers, shall certify on a form prescribed by the system that the member's employment has been terminated.

(2) The member has been approved to receive a disability allowance pursuant to Chapter 25 (commencing with Section 24001) or a disability retirement allowance pursuant to Chapter 26 (commencing with Section 24100) under the Defined Benefit Program.

(b) The member, or the member's employer or conservator on behalf of the member, shall submit an application for a disability benefit on a form prescribed by the system.

25018. (a) A member may elect to receive the disability benefit as an annuity, payable in monthly installments, provided the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable equals at least three thousand five hundred dollars ($3,500).

(b) If the member elects to receive the disability benefit as an annuity, the member shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the disability benefit in a lump-sum payment. Upon the death of the member, no other benefit shall be payable to the member's beneficiary under the Defined Benefit Supplement Program.

(2) A single life annuity with a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the member if the member elected to receive the disability benefit in a lump-sum payment. Upon the death of the member, an amount equal to the remaining balance, if any, of credits transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve shall be returned in a lump-sum payment to the member's beneficiary.

(3) A 100 percent joint and survivor annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, the same monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. If the annuity beneficiary predeceases the member, the annuity shall be payable to the member without modification as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death.

(4) A 50 percent joint and survivor annuity. This form of payment is the actuarial equivalent of the lump-sum payment modified to be payable over the combined lives of the member and the member's annuity beneficiary. Upon the death of the member, one-half of the monthly amount that was payable to the member shall be paid monthly to the member's surviving annuity beneficiary. If the annuity beneficiary predeceases the member, the annuity shall be payable to the member without modification as of the day following the date of the annuity beneficiary's death upon receipt by the system of proof of the annuity beneficiary's death.

(5) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date the disability benefit becomes payable. The annuity shall be payable over a specified number of years, from a minimum of three years to a maximum of 10 years, until the annuity amount paid equals the amount of credits that was in the member's Defined Benefit Supplement account. However, the annuity period shall not exceed the life expectancy of the member, or the life expectancy of the member and the member's annuity beneficiary. If the member's death occurs prior to the end of the period certain, the remaining balance of payments shall be paid to the member's annuity beneficiary pursuant to Section 25022.

(c) The actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account shall reflect increases in annuity payments to be made in the future pursuant to Section 24402, unless the member elected a period certain annuity.

25019. (a) If a member's disability allowance or disability retirement allowance under this part is terminated, payment of a disability annuity based on the balance of credits transferred from the member's Defined Benefit Supplement account to the Annuitant Reserve also shall terminate. The member's Defined Benefit Supplement account shall be credited with the actuarial equivalent of the member's annuity as of the date the annuity is terminated and the Annuitant Reserve shall be reduced by the amount credited to the member's account.

(b) The actuarial equivalent of the annuity on the date the annuity is terminated shall be calculated using the actuarial assumptions that were in effect on the date the disability annuity became payable. In determining the actuarial equivalent, the age of the member on the date the disability annuity became payable shall be used if the member was receiving a single life annuity. If the member was receiving a joint and survivor annuity, the age of the member and the age of the member's annuity beneficiary on the date the disability allowance or disability retirement allowance became payable shall be used to determine the actuarial equivalent.

(c) If a disability allowance or disability retirement allowance subsequently becomes payable again, an annuity based on the remaining balance of credits in the member's Defined Benefit Supplement account at the time of the subsequent disability or disability retirement becomes payable and the balance of credits in the member's Defined Benefit Supplement account shall be transferred to the Annuitant Reserve.

Article 6. Final Benefits

25020. (a) A final benefit under the Defined Benefit Supplement Program shall become payable to the member's beneficiary when the system receives proof of the member's death.

(b) If the member's death occurs before an annuity under the Defined Benefit Supplement Program becomes payable, the final benefit shall be an amount equal to the balance of credits in the member's Defined Benefit Supplement account on the date of the member's death.

(c) Upon distribution of a final benefit in a lump-sum payment, no other benefit shall be payable under the Defined Benefit Supplement Program to the member's beneficiary.

25021. (a) A beneficiary may elect to receive the final benefit payable under the Defined Benefit Supplement Program as an annuity payable in monthly installments provided the balance of credits in the member's Defined Benefit Supplement account equals at least three thousand five hundred dollars ($3,500).

(b) A beneficiary who elects to receive an annuity shall elect one of the following forms of payment:

(1) A single life annuity without a cash refund feature. This form of payment is the actuarial equivalent of the amount that would be payable to the beneficiary if the beneficiary elected to receive the final benefit in a lump-sum payment. The annuity shall cease to be payable upon the death of the beneficiary, and no other benefit will be payable under the Defined Benefit Supplement Program because of the death of the member and the member's beneficiary.

(2) A period certain annuity. This form of payment is an annuity equal to the actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account on the date of the member's death. The annuity shall be payable over a specified number of years, from a minimum of three years to a maximum of 10 years, but not to exceed the life expectancy of the beneficiary, until the annuity amount paid equals the amount of credits that was in the member's Defined Benefit Supplement account. The beneficiary may designate a payee to receive the remaining balance of payments if the beneficiary's death occurs prior to the end of the period certain.

(c) The actuarial equivalent of the balance of credits in the member's Defined Benefit Supplement account shall reflect increases in annuity payments to be made in the future pursuant to Section 24402, unless the member elected a period certain annuity.

25022. (a) If the death of a member occurs while the member is receiving an annuity under the Defined Benefit Supplement Program, the final benefit shall be payable in accordance with the terms of the annuity elected by the member.

(b) If the member was receiving a single life annuity without a cash refund feature, a final benefit shall not be payable.

(c) If the member was receiving a single life annuity with a cash refund feature, the final benefit shall be payable in a lump-sum to the member's beneficiary.

(d) If the member was receiving a joint and survivor annuity, the annuity shall continue to be paid to the surviving designated annuity beneficiary. If the designated annuity beneficiary predeceases the member, a final benefit shall not be payable.

(e) If the member was receiving a period certain annuity, the remaining balance of payments shall be paid to the annuity beneficiary designated by the member.

25023. (a) Upon the death of an annuity beneficiary who was receiving an annuity under a joint and survivor annuity elected by the member no further payment shall be made.

(b) If the annuity beneficiary was receiving an annuity under a joint and survivor option, no further payment shall be made.

(c) Upon the death of a beneficiary who was receiving a single life annuity without a cash refund feature, no further payment shall be made.

(d) Upon the death of a beneficiary who was receiving a period certain annuity, the remaining balance of payments shall be paid in a lump-sum to the payee designated by the beneficiary pursuant to subdivision (c) of Section 25015.

Article 6. Termination Benefits

25024. (a) Upon the termination of all employment to perform creditable service subject to coverage under the plan for a reason other than retirement, disability, or death, a member shall be eligible for a termination benefit under the Defined Benefit Supplement Program. The member's employer, or employers if the member has multiple employers, shall certify on a form prescribed by the system that the member's employment has been terminated.

(b) A member shall submit an application for a termination benefit on a form prescribed by the system.

(c) The termination benefit shall be a lump-sum payment that is equal to the balance of credits in the member's Defined Benefit Supplement account.

(d) Upon distribution of the termination benefit, no further benefit shall be payable to the member or the member's beneficiary under the Defined Benefit Supplement Program.

25025. A termination benefit under the Defined Benefit Supplement Program shall be payable after one calendar year has elapsed following the date the member terminated employment as

specified in Section 25024. If the member performs creditable service within one year of the prior termination of employment, the termination benefit shall not be payable.

25026. The member may cancel an application for a termination benefit at any time prior to distribution of the benefit.

SECTION 1. The Legislature finds and declares all of the following:

(a) Roughly 50 percent of teachers leave the profession by the fifth year of teaching.

(b) It is the intent of the Legislature to encourage teachers to remain in the profession by providing a combination of tax and retirement benefits.

(c) This tax credit is designed to encourage teacher retention and to compensate teachers for unreimbursed expenses related to professional development and classroom instruction such as materials and supplies.

(2) Criteria and priority for selection of participating school teams shall include, but is not limited to, all of the following:

(A) Schools whose pupils' scores on the English language arts portion of the achievement test authorized by Section 60640 are at or below the 40th percentile.

(B) Teams composed of a large percentage of the members of their schools' English departments, which may include the chair of that department.

(C) Schools with high poverty levels, as determined by the percentage of pupils eligible for free or reduced price meals.

(D) Teams of teachers from various departments within a school.

(E) Schools with a high number of beginning and noncredentialed teachers.

(F) Schools that have adopted standards-based materials approved by the State Board of Education.

(c) (1) The institutes shall provide instruction in the teaching of reading and writing in a manner consistent with the standard for a comprehensive reading and writing instruction program that is research-based, as described in subparagraphs (A) and (B) of paragraph (4) of subdivision (b) of Section 44259.

(2) Instruction provided pursuant to this section shall be consistent with state-adopted academic content standards and with the curriculum frameworks on reading/language arts for kindergarten and grades 1 to 12, inclusive, that are adopted by the State Board of Education.

(d) In order to provide maximum access, the institutes shall be offered on multiple university and college campuses that are widely distributed throughout the state. Instruction at the institutes shall consist of an intensive, sustained training period of no less than 40 hours nor more than 120 hours during the summer or during an intersession break and shall be supplemented, during the following school year, with no fewer than 80 additional hours nor more than 120 additional hours of instruction and schoolsite meetings, held on at least a monthly basis, to focus on the academic progress of that school's pupils in English language arts.

(e) It is the intent of the Legislature that a local education agency or postsecondary institution that offers an accredited program of professional preparation consider providing partial and proportional credit toward satisfaction of English language arts requirements to an enrolled candidate who satisfactorily completes a High School English Professional Development Institute if the institute has been certified by the Commission on Teacher Credentialing as meeting English language arts standards.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the Budget Act of 2000 with respect to the public schools and institutions of higher education, it is necessary that this act take effect immediately.

CHAPTER 78

An act to add Chapter 8.6 (commencing with Section 52270) to Part 28 of the Education Code, relating to education technology, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 2000. Filed with Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

CHAPTER 8.6. EDUCATION TECHNOLOGY AND PROFESSIONAL DEVELOPMENT GRANTS

52270. The Education Technology Grant Program is hereby established to provide one-time grants to school districts and charter schools for purposes of acquiring computers for instructional purposes at public schools. The Office of the Secretary for Education shall administer the application process for the award of grants.

(a) The first priority for the use of the funds is to ensure that high school pupils in schools offering three or fewer advanced placement courses have access to advanced placement courses online. Grants awarded for the first priority may be expended to purchase or lease computers and related equipment and for wiring or infrastructure necessary to achieve connectivity to on-line advanced placement courses.

(b) The second priority for the use of the funds is to increase the number of computers available to all other public schools that offer instruction in kindergarten or any of grades 1 to 12, inclusive. Grants awarded for the purposes of the second priority shall be awarded at the school district level and shall be based on a ratio of pupils per computer, as determined by the Office of the Secretary for Education. A school

district that receives a grant shall award the funds to its schools that have the highest number of pupils per computer. Each education technology grant awarded based on the second priority shall only be used for the purchase or lease of computers including system configuration, software, and instructional material. The grant amount awarded to each school district or charter school for the second priority shall be determined by the Office of the Secretary for Education.

(c) All funds awarded pursuant to this section shall be used solely to purchase or lease equipment and related materials for instructional purposes and limited to classroom, library, or technology and media centers in order to provide access to on-line advanced placement courses for pupil and increase the number of computers per pupil. These grant funds are to supplement, not supplant, existing local, state, and federal education technology funds, including Digital High School funds.

(d) To receive a grant pursuant to this section, school districts and charter schools shall have developed an education technology plan or shall develop a plan with the assistance of the California Technology Assistance Project specifically for the use of the funds available pursuant to this section within 90 days after submission of the application for a grant pursuant to this chapter. The plan shall address the use of these and other technology funds to ensure they are used effectively and in a manner consistent with other education technology available at the schoolsite. School districts and charter schools that choose to lease equipment shall include in their technology plan a payment schedule and shall identify the funding source or sources for lease payments over the life of the lease, including, but not limited to, establishing a technology leasing account and amortizing the available state funding over the term of the lease, if appropriate. In addition, the term of the lease shall be no longer than four years unless authorized at local discretion, in which case the lease or purchase shall be funded at local expense. A school district or charter school with an existing certified or approved education technology plan developed pursuant to other provisions of law may utilize the existing plan for the purposes of this program but shall, if necessary, amend that plan to meet the requirements of this subdivision if the school district or charter school chooses to lease the computers.

(e) School districts and charter schools may purchase or lease computers, related equipment and materials, and other goods and services using any statewide or cooperative contracts, schedules, or other agreements, established by the Department of General Services.

(f) Funding for the purposes of this section is contingent on an appropriation made in the annual Budget Act or other legislation, or both.

(g) Funds appropriated to carry out this section in the 2000–01 fiscal year shall only be available to high schools, or charter schools, that serve any of grades 9 to 12, inclusive.

52272. (a) The Education Technology Professional Development Program is hereby established to provide teacher training on the use of technology in the classroom. The professional development training shall provide teachers with knowledge and skills on how best to integrate the use of technology into the classroom and curriculum.

(b) The California State University shall administer the professional development training component of the program and shall collaborate with the California Technology Assistance Project, county offices of education, and other appropriate public and private organizations in developing and providing this training.

(c) The Secretary for Education, in collaboration with the Chancellor of the California State University, shall select a contractor to conduct an independent evaluation of the effectiveness of the Education Technology Professional Development Program. Upon completion, the report shall be submitted to the Governor and the Legislature by January 1, 2002.

(d) Funding for the purposes of this section is contingent on an appropriation made for those purposes in the annual Budget Act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the Budget Act of 2000 with respect to the public schools and higher education, it is necessary that this act take effect immediately.

CHAPTER 79

An act to add Chapter 13 (commencing with Section 92900) to Part 57 of the Education Code, relating to the University of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 2000. Filed with Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 13 (commencing with Section 92900) is added to Part 57 of the Education Code, to read:

CHAPTER 13. CALIFORNIA INSTITUTES FOR SCIENCE AND INNOVATION

92900. (a) The Regents of the University of California may establish three California Institutes for Science and Innovation at separate campuses of the University of California for the purpose of combining technological and scientific research and training and educating future scientists and technological leaders.

(b) Each institute shall be created pursuant to a competitive application process conducted by a panel selected by the Governor and administered by the University of California.

(c) In order to utilize the vast array of research and intellectual resources available from throughout the state, each institute may develop programs in cooperation with the private sector and with California's other public and independent colleges and universities.

(d) The concentration of each institute may include, but shall not necessarily be limited to, any of the following:

(1) Medicine.

(2) Bioengineering.

(3) Telecommunications and information systems.

(4) Energy resources.

(5) Space.

(6) Agricultural technology.

(e) Funding for the state's share of operating and facilities costs under this chapter is subject to appropriation in the annual Budget Act.

92901. It is the intent of the Legislature that all of the following occur:

(a) That the University of California receive seventy-five million dollars ($75,000,000) for each year for four years, for a total of three hundred million dollars ($300,000,000) for the 2000–01 fiscal year to the 2003–04 fiscal year, inclusive, for capital and operating budget purposes.

(b) That a portion of the funds referenced in subdivision (a) be available, in an amount not to exceed 5 percent of the annual appropriation, for annual operating budget expenditures. At the end of four years, the level of ongoing funding for the operating budget of the institutes will be determined by the Governor and the Legislature through the annual budget process.

(c) That the University of California will not seek further state funding for capital outlay associated with these three institutes beyond that provided within the three hundred million dollar ($300,000,000) total.

(d) Every dollar of state funds appropriated for these institutes shall be matched by at least two dollars ($2) of nonstate funds, including, but not necessarily limited to, federal and private funds.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the Budget Act of 2000 with respect to higher education, it is necessary that this act take effect immediately.

CHAPTER 80

An act to add and repeal Article 2.10 (commencing with Section 65891) of Chapter 4 of Division 1 of Title 7 of the Government Code, and to add Chapter 3.7 (commencing with Section 50540) to Part 2 of Division 31 of the Health and Safety Code, relating to balancing jobs and housing.

[Approved by Governor July 5, 2000. Filed with Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.10 (commencing with Section 65891) is added to Chapter 4 of Division 1 of Title 7 of the Government Code, to read:

Article 2.10. Inter-Regional Partnership (IRP) State Pilot Project to Improve the Balance of Jobs and Housing

65891. This article may be cited and shall be known as the Inter-Regional Partnership (IRP) State Pilot Project to Improve the Balance of Jobs and Housing.

65891.1. For the purposes of this article, the following terms have the following meanings:

(a) ''Inter-Regional Partnership'' or ''IRP'' means an organization of elected officials from the Counties of Alameda, Contra Costa, Santa Clara, San Joaquin, and Stanislaus and a number of cities therein, that was formed under the sponsorship of the three regional councils of government, the Association of Bay Area Governments (ABAG), the San Joaquin Council of Governments, and the Stanislaus Council of Governments, that oversee regional land use and transportation planning for the five counties.

(b) ''Incentives'' include, subject to negotiations with appropriate state and local agencies, the following:

(1) Providing tax credit priority for development of multifamily residential construction in areas with job surpluses and for job generating projects in areas with housing surpluses.

(2) Providing a return of property tax for development of affordable housing in areas with job surpluses and for job generating projects in areas with housing surpluses.

(3) Pooling of redevelopment funds.

(4) Tax-increment financing for jobs-housing opportunity zones based on the redevelopment model.

(c) ''Jobs-housing opportunity zone'' means a zone selected by the IRP State Pilot Project for the purpose of mitigating current and future imbalances of jobs and housing in the Counties of Alameda, Contra Costa, Santa Clara, San Joaquin, and Stanislaus that has the following characteristics:

(1) Is no smaller than 50 acres and no larger than 500 acres.

(2) Contains significant portions of land that are vacant, underutilized, and suitable for urban use.

(3) Is created for the purpose of either providing needed workforce housing if there is a surplus of jobs or providing jobs for the area's workers if there is a surplus of housing.

(4) Is eligible to receive incentives, subject to negotiation with appropriate resource agencies.

(5) Is serviced by adequate infrastructure and transit service, or has commitments to provide adequate infrastructure and transit service, to support significant proposed development.

(6) Is intended to support development that will improve the jobs-housing imbalance across the five-county IRP area.

65891.2. It is the intent of the Legislature to establish the Inter-Regional Partnership (IRP) as a state-supported pilot project to test and evaluate a variety of policies and incentives designed to mitigate current and future imbalances of jobs and housing in the Counties of Alameda, Contra Costa, Santa Clara, San Joaquin, and Stanislaus.

65891.3. The Legislature finds and declares all of the following:

(a) California will experience significant population growth in the coming decades. In the San Francisco Bay Area, one million new residents are forecast by the year 2020. An equal number of new jobs are expected during the same time period. However, less than 500,000 new housing units are expected to be built in an already costly and competitive housing market.

(b) Many central valley communities expect to double or triple in size, but most of them will not attract equivalent numbers of new jobs. Instead, thousands of central valley residents are expected to commute far into the bay area, often driving two hours or more each way. The challenges to transportation, air quality, and social quality of life are

enormous. Projections estimate the current number of less than 100,000 daily Altamont Pass commuters will more than double to 250,000 by the year 2020.

(c) These growth-related issues cut across county and regional boundaries. The Inter-Regional Partnership is intended to provide a forum for neighboring jurisdictions governed by different regional councils of government to deal collaboratively with land use, transportation, and air quality issues that affect a five-county region.

(d) The IRP State Pilot Project will stand as an important example for other regions in the state in dealing with multijurisdictional problem solving and addressing land use planning across metropolitan borders.

(e) The need for communication and cooperation among these jurisdictions is underscored by the fact that Alameda County recently sued the City of Tracy in San Joaquin County concerning the environmental impacts of a planned housing development on the western edge of the county where a majority of residents would be assumed to commute into the San Francisco Bay Area through Alameda County.

(f) These interjurisdictional planning issues are not unique to the IRP's five-county area; several other expanding metropolitan areas in California are beginning to experience similar problems. However, the geographic imbalance in housing and job growth in the IRP area is among the country's most extreme examples, and, driven by continued employment growth in the Silicon Valley, is predicted to worsen significantly in the coming years.

(g) The housing market in the Silicon Valley is now the most expensive in the nation. Land being developed for housing in the San Joaquin Valley is some of the highest quality agricultural land in the world.

(h) The IRP area is the best place in the state, and probably one of the best in the country, to implement a pilot program designed to mitigate the myriad of problems associated with unbalanced and uncoordinated growth.

(i) By implementing this pilot program, the state will play an important role in creating a more sustainable future pattern of land use in the IRP area.

(j) Active investment of state resources now in the interregional balancing of jobs and housing opportunities will reduce the need for costly transportation infrastructure investments in the future.

(k) The current path of land development in the five-county area will have very costly transportation and environmental impacts if efforts are not made soon to link job growth to housing production.

65891.4. (a) The Inter-Regional Partnership (IRP) State Pilot Project to Improve the Balance of Jobs and Housing is hereby established.

(b) The Department of Housing and Community Development shall be the state agency responsible for monitoring the IRP State Pilot Project.

(c) The pilot project shall consist of two phases: (1) research and development, as specified in Section 65891.5, and (2) implementation, as specified in Section 65891.7.

65891.5. (a) During the first year after the date that funding is received, the IRP shall complete all the necessary research, outreach, and negotiation to allow the successful establishment of jobs-housing opportunity zones throughout the five IRP counties. At the end of this phase a series of outreach meetings shall be held with local jurisdictions and the public to present the data and recommendations for locations of jobs-housing opportunity zones. Local jurisdictions wishing to participate in the pilot project shall enter into agreements with the IRP to pursue the regional goals and objectives of opportunity zones within their jurisdictions.

(b) The first phase shall provide all of the following:

(1) An integrated Geographic Information System (GIS) enabling easy comparison of data on land use and transportation trends and alternative scenarios across the five-county area. The GIS mapping shall focus on obtaining existing data from a variety of sources and integrating them into a single system to allow accurate analysis and scenario work on an interregional scale. The Legislature finds and declares that the IRP's GIS system will be a crucial tool for use in determining the location of proposed jobs-housing opportunity zones.

(2) General types of data to be assembled in the GIS system shall include:

(A) Demographic data, including population and employment by census tract.

(B) Projected growth data consisting of information on where growth, including jobs generation and new housing location, is predicted to occur over a 20-year period.

(C) Transportation information such as traffic capacity and usage, transit access and usage, and journey-to-work data.

(D) Land use information, including general plan layers and zoning designations. It is the intent of the Legislature that to reduce costs and setup time, the IRP's GIS undertaking shall not include parcel-level data.

(E) Basic environmental data, including floodplains, slopes, and contamination.

(3) A refined description of the incentive program for application to the jobs-housing opportunity zones within the IRP counties. This list

shall include thorough descriptions of fiscal and nonfiscal incentives. A variety of state departments shall be involved in determining what incentives might be made available, including, but not limited to, the Office of Planning and Research, the Department of Housing and Community Development, the California Housing Finance Agency, the Department of Transportation, and the Department of Conservation.

(4) Recommendations for establishing 5 to 10 official Inter-Regional Partnership Jobs-Housing Opportunity Zones located throughout the five-county area. Using the GIS system and meeting with local jurisdictions, the IRP shall propose a series of jobs-housing opportunity zones. Each zone shall have specific goals and a description of the type of action desired to attain these goals, including recommended state sponsored incentives intended to encourage the desired results. The types of incentives requested may vary by zone location and type. Zones located near, or with good transit access to, existing major employment centers may receive incentives designed to promote reasonably priced housing development. Zones located far from existing employment centers, but near, or with good transit access to, significant workforce housing supply, may receive incentives designed to promote employment development.

65891.7. (a) During the second phase of the pilot project, opportunity zones shall be established. Negotiation between the state, the IRP, and local jurisdictions shall result in formal agreements to implement specific jobs-housing opportunity zones.

(b) Results of the second phase shall include:

(1) Final selection of not less than 5 nor more than 10 official IRP Jobs-Housing Opportunity Zones that shall be equitably distributed among each of the five IRP counties.

(2) Reports that include results of GIS analysis and clearly illustrate the benefits of prescribed developments toward creating an interregional jobs-housing balance. Desired outcomes and actions for each zone shall be included in the report.

(3) The IRP shall enter into a memorandum of understanding with each jurisdiction having one or more of the selected zones for the pilot program and with appropriate state agencies outlining outcomes and incentives to be awarded for stated outcomes.

65891.8. (a) The goals of the IRP and the pilot project are to:

(1) Encourage economic investment, including job creation, near available housing.

(2) Encourage housing to be located near major employment centers.

(3) Encourage development along corridors served by transit and near transit stations.

(4) Encourage more sustainable and effective transportation between job and housing centers.

(b) The IRP shall contract with a qualified consultant to conduct an evaluation of the pilot project. Ongoing monitoring and evaluation shall be conducted throughout the implementation of phases one and two. After zones have been selected and projects begin on each of the zones, the progress of each project shall be evaluated. The evaluation shall assess the gap between jobs and housing by comparing the ratio between the number of jobs and the number of housing units in a local jurisdiction with a designated IRP Jobs-Housing Opportunity Zone, before an opportunity zone project has been approved and after it has been completed. The comparison shall be based on an optimum balance of jobs and housing being one and one-half jobs for one housing unit, as determined by the Department of Finance. The following data shall be used in determining that a jobs-housing balance has been mitigated in a jurisdiction:

(1) The number of building permits issued as provided by the California Industrial Research Bureau.

(2) The number of jobs generated, as determined by the Employment Development Department.

A final report shall be submitted by the IRP to the Department of Housing and Community Development on or before July 31, 2004.

65891.9. Funding for the IRP State Pilot Project shall be provided in the 2000–01 Budget Act. The IRP State Pilot Project shall begin on January 1, 2001.

65891.10. No local jurisdiction shall be required to participate in the pilot project. This article shall have no fiscal impact on any local jurisdiction.

65891.11. This article shall become inoperative on July 31, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute that is enacted before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Chapter 3.7 (commencing with Section 50540) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 3.7. THE JOBS-HOUSING BALANCE IMPROVEMENT PROGRAM

50540. This chapter shall be known and may be cited as the Jobs-Housing Balance Improvement Program.

50541. The Legislature finds and declares all of the following:

(a) Despite strong economic growth and record-level unemployment in most areas of the state, California has fallen seriously short of its policy of providing every California family with the opportunity to live in decent, affordable housing in a suitable living environment.

(b) The Department of Finance estimates that to meet California's housing need, 230,000 new residential units per year must be built.

(c) For each of the last eight years, California has produced only 50 percent of the housing to meet its need, resulting in a critical accumulated deficit.

(d) Although the lack of sufficient housing is a statewide problem cutting across all geographic areas and income categories, it is most severe in strong economic job center markets where high housing costs make it extremely difficult for working-class Californians to afford a home.

(e) Increasingly, due to high housing costs and constraints on regulatory development policy, California workers are forced to seek homeownership opportunities further and further away from their places of employment.

(f) Conversely, many communities where land is more available and less expensive are located long distances from high-growth job centers. Those developments are occupied predominantly by commuters who travel long distances outside of the communities in which they live and inflate the price of housing.

(g) The exportation of housing demand to outlying areas, including agricultural areas, carries with it definite environmental and quality of life consequences.

(h) Throughout the state, major investments have been, and are being made, in public transit infrastructure. The use of this infrastructure depends on local decisions about the location of jobs and housing to better manage traffic flow and to direct new development and fiscal resources to revive existing urban centers, especially central business districts and infill sites.

(i) Ensuring that transit facilities are surrounded by compact, mixed-use development is a key to increasing transit ridership and reducing reliance on the automobile for all trips. However, neighborhood concerns, complex ownership issues, and local government preference for major sales tax generators make the planning and environmental clearance process for transit-oriented communities very expensive and time-consuming. Investment in pedestrian-friendly, compact transit-village development will reduce long-term infrastructure costs associated with accommodating new highways and roadways.

(j) The failure to provide California's growing workforce an affordable place to live close to one's place of employment is viewed by business, environmental, civic, and labor leaders as a serious threat to sustaining long-term economic prosperity and environmental quality.

(k) Communities need effective tools to promote and reward development in job centers of the state, to reward the development of affordable infill housing as well as mixed-use development that includes

housing close to transit, within urbanized areas, and to attract and add employment to areas that lack a sufficient employment base.

50542. It is the intent of the Legislature in enacting this chapter:

(a) To develop an incentive-based strategy to encourage the construction of housing in those areas of the state that over the last decade have experienced the greatest increase in job growth but have not kept pace with necessary housing. This may include the construction of infill housing and transit-oriented development that includes housing, within existing urbanized areas.

(b) To attract new business and new jobs to areas that lack a sufficient employment base in relation to the housing they already provide.

(c) To provide local governments with state funding to reward the approval and construction of housing, particularly housing for California's working class, in strategically defined areas.

50543. (a) Five million dollars ($5,000,000) of the funds appropriated for purposes of this chapter in Item 2240-114-0001 of Budget Act of 2000 shall be used pursuant to subdivisions (b) and (c).

(b) The department shall provide state grants to local agencies to assist them in attracting new business and jobs in ''housing rich'' communities that lack an adequate employment base to match the amount and cost of housing in those communities.

(c) A local agency that has completed an economic development strategic plan may apply for a grant to create an economic development strike team to assist the local agency in better targeting and coordinating outreach to employers who may choose to locate jobs within the community.

(d) In order to be eligible for a grant pursuant to this section, a local agency shall have an adopted housing element that the department has determined pursuant to Section 65585 of the Government Code to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(e) The department shall establish maximum grant amounts and establish an appropriate process for evaluating need and making grant awards.

(f) No later than December 31, 2002, the department shall provide an interim report to the Legislature indicating the progress of the program established by this section, including the number of jurisdictions accessing the program. No later than December 31, 2005, the department shall provide a final report with updates to the data contained in the interim report and a description of the achievements by local agencies participating in the program.

50544. (a) One hundred million dollars ($100,000,000) of the funds appropriated for purposes of this chapter in Item 2240-114-0001

of the Budget Act of 2000 shall be used to award incentive grants to cities, counties, and city and counties to be used for capital outlay projects, as defined by Section 7914 of the Government Code, that serve to benefit the community. Eligible projects include, but are not limited to, traffic improvements, neighborhood parks, bike paths, libraries, school facilities, play areas, community centers, and police and fire stations. Grants shall be provided through a grant agreement that requires the recipient to provide to the department a report on the number of residential building permits issued during the reporting period, the number of certificates of occupancy issued for those units, and the amenities purchased or built.

(b) To be eligible for a grant pursuant to this section, a local government shall do both of the following:

(1) By the end of the calendar year in which unit production is to be counted, have an adopted housing element that the department has determined pursuant to Section 65585 of the Government Code to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(2) Have a demonstrable and significant increase in the issuance of residential building permits issued between January 1, 2001, and December 31, 2001, over the average number of building permits issued annually for the most recent 36-month period that can be calculated prior to January 1, 2001. The department shall establish a benchmark level to be achieved in order to establish eligibility for funding based on criteria including a survey of economic forecasts to be conducted by the Department of Finance no later than November 30, 2000.

(c) Grant amounts shall be determined as a per-unit incentive weighted for high, medium, and low employment demand areas. In addition, the department shall provide additional incentives for units in projects within eligible communities that meet criteria designed to encourage planning priorities such as affordability, multifamily housing, and infill development. The department shall establish the definitions and measurement specifications for the incentive criteria to be used to determine grant amounts that are easily and objectively verifiable.

(d) Funding shall be provided as soon after January 1, 2002, as is reasonably possible, allowing time for receipt by the Department of Finance of year-end production figures as well as other information necessary to apply the established criteria. If all funds are not expended after the end of the first calendar year in which housing production is counted, the department may continue the program into the following year if it determines there are adequate funds to administer the program. If residential production within eligible jurisdictions exceeds the

department's projections, per-unit incentives shall be prorated within the appropriated funding amount.

(e) The department shall solicit and consider comments from interested parties on the criteria that shall be used for determining the amount of funds granted per unit. The department may deny funding to any jurisdiction that it determines, based on reasonable evidence, failed to issue residential building permits on a timely basis between the effective date of this chapter and January 1, 2001.

(f) No later than December 31, 2002, the department shall provide an interim report to the Legislature indicating the benchmark levels of production established, the number of jurisdictions accessing the program, the number of residential units building permits issued above the established benchmark, and the success of the additional incentives in achieving state housing policies. No later than December 31, 2005, the department shall provide a final report with updates to the data contained in the interim report and a description of the capital outlay projects achieved by local governments through the program and information regarding the number of certificates of occupancy issued in relation to the residential building permits issued.

50545. Five million dollars ($5,000,000) of the funds appropriated for the purposes of this chapter in Item 2240-114-0001 of the Budget Act of 2000 shall be transferred to the Rental Housing Construction Fund created pursuant to Section 50740 to be used for urban predevelopment loans pursuant to Chapter 3.5 (commencing with Section 50530), subject to the following provisions:

(a) All projects shall be located within one-half mile of an existing or planned transit station proposed for development. For these purposes, a transit station is a site where two or more mass transit modes, or one transit mode with three or more mass transit lines, are accessible to the public.

(b) Notwithstanding any other provision of law, the department may establish interest rates between 3 and 7 percent based on the department's analysis of project need.

(c) The limitation specified in subdivision (a) of Section 50532 shall not apply to this appropriation.

(d) In addition to the activities eligible under the Urban Predevelopment Loan Program, funds awarded pursuant to this section may be used for master environmental impact reports or other environmental documents that would access potential impacts in advance and propose measures to mitigate negative impacts.

(e) Awards made pursuant to this section shall require a 50 percent match from the local agency in which the site is located.

(f) In addition to those eligible sponsors specified in subdivision (e) of Section 50530, eligible sponsors shall include limited liability

corporations and limited partnerships where all managing members or general partners are nonprofit organizations.

50546. The administrative expenses of the department shall not exceed 3 percent of the amount available for the purposes of this chapter.

CHAPTER 81

An act to add Chapter 11 (commencing with Section 51500) to Part 3 of Division 31 of the Health and Safety Code, relating to housing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 2000. Filed with Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 11 (commencing with Section 51500) is added to Part 3 of Division 31 of the Health and Safety Code, to read:

CHAPTER 11. CALIFORNIA HOMEBUYER'S DOWNPAYMENT ASSISTANCE PROGRAM

51500. This chapter shall be known and may be cited as the California Homebuyer's Downpayment Assistance Program.

51501. The Legislature finds and declares all of the following:

(a) There is a continuing and urgent need to provide affordable mortgage financing to meet the increasingly unfulfilled housing needs of citizens of this state.

(b) The high cost of housing impedes the ability of California employers to compete in the national marketplace for employees.

(c) Affordable housing enhances the quality of life for California residents and provides fuel for the state's economic engine.

(d) Housing is a critical component of the California economy, both as an income producing sector and a principal factor in economic development.

(e) California's housing crisis severely impacts families struggling to provide safe, stable homes for their children to grow and learn and the workers who are the backbone of many of the state's most important industries.

(f) The percentage of Californians able to purchase their own homes continues to decline, even as that percentage climbs for the rest of the nation.

(g) Therefore, this chapter is enacted to make existing financing for residential mortgages more affordable to California's homebuyers.

51502. The purpose of the California Homebuyer's Downpayment Assistance Program is to assist first-time low- and moderate-income homebuyers utilizing existing mortgage financing.

51504. (a) The agency shall administer a downpayment assistance program that includes, but is not limited to, all of the following:

(b) Downpayment assistance shall include, but not be limited to, a deferred-payment, low-interest, junior mortgage loan to reduce the principal and interest payments and make financing affordable to first-time low- and moderate-income homebuyers.

(c) The amount of downpayment assistance shall not exceed 3 percent of the home sales price.

(d) The amount of downpayment assistance shall be secured by a deed of trust in a junior position to the primary financing provided. The term of the loan for the downpayment assistance shall not exceed the term of the primary loan.

(e) The amount of the downpayment assistance shall be due and payable at the end of the term or upon sale of or refinancing of the home. The borrower may refinance the mortgages on the home provided the principal and accrued interest on the junior mortgage loan securing the downpayment assistance are repaid in full. All repayments shall be made to the agency to be reallocated for the purposes of this chapter.

(f) The agency may use up to 5 percent of the funds appropriated by the Legislature for purposes of this chapter to administer this program.

51506. The downpayment assistance provided by this program shall be limited to first-time homebuyers.

51510. The agency shall have all the powers conferred upon it by this part (commencing with Section 50900) in administering this chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to increase the availability of funds for downpayment assistance in order to increase the utilization of existing mortgage financing as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 82

An act to add Chapter 8 (commencing with Section 17998) to Part 1.5 of Division 13 of the Health and Safety Code, relating to housing.

[Approved by Governor July 5, 2000. Filed with Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 17998) is added to Part 1.5 of Division 13 of the Health and Safety Code, to read:

CHAPTER 8. CODE ENFORCEMENT INCENTIVE PROGRAM

17998. The Legislature finds and declares all of the following:

(a) The Department of Housing and Community Development reports that one in every eight dwelling units in the state is substandard and that unless health and safety problems are corrected, habitability conditions generally deteriorate until the units become life threatening and uninhabitable and must be removed from the housing stock through closure or demolition.

(b) California is experiencing a housing shortage of significant proportions, particularly in the affordable housing sector. The state and many local governments are funding affordable housing from a variety of sources at substantial costs. It is ill advised to neglect timely code enforcement responsibilities and thus lose housing that could have been retained.

(c) The lack of code enforcement on a single dwelling unit can lead to the deterioration of an entire neighborhood: the substandard or abandoned unit becomes a magnet for crime, vandalism, fires, and other activities that rapidly infect the surrounding homes and neighborhood.

(d) Many local governments endeavor to fulfill their statutory responsibility for code enforcement. However, local governments with a higher percentage of lower income households with families, living in older, overcrowded housing stock, exacerbated by the neglect of absentee slumlords, bear a disproportionate code enforcement cost and responsibility than that of more affluent communities.

(e) Existing law provides building standards to assure decent, safe, and sanitary housing for all Californians.

(f) Resources for code enforcement at the local level are frequently allocated to code enforcement activities, which generate fees to pay for regulatory services, including building and permit inspections.

(g) The enforcement of building codes for existing housing is frequently performed only on a complaint-by-complaint basis and

frequently there is insufficient funding for the abatement of existing violations.

17998.1. The Department of Housing and Community Development, upon appropriation by the Legislature for this purpose, shall make funds available as matching grants to cities, counties, and cities and counties to increase staffing dedicated to local building code enforcement efforts. The funds shall be subject to all of the following provisions:

(a) Grants shall be made for a three-year period.

(b) The city, county, or city and county shall provide a local match of 25 percent in the first year, 50 percent in the second year, and 75 percent in the third year.

(c) The maximum grant to a single recipient shall not exceed one million dollars ($1,000,000).

(d) Funds may be used to supplement, but shall not supplant, existing local funding for code enforcement.

(e) On or before June 1, 2003, grant recipients shall submit a report to their local legislative bodies and to the department regarding the results of their expanded code enforcement efforts. The department shall summarize the results and transmit the reports to the Legislature by December 31, 2003.

(f) The department may use up to 5 percent of the funds appropriated by the Legislative for administering the grants during the three-year period.

(g) The department shall award the grants on a competitive basis with criteria to be established and specified in a ''Notice of Funding Availability.'' The criteria shall be weighted for local government applicants with high percentages of lower income households, with older, overcrowded housing stock and absentee owners. The criteria shall also be weighted for applications that propose to identify and prosecute owners with habitual, repeated, multiple code violations that have remained unabated beyond the period required for abatement. Grants awarded pursuant to this chapter shall not be subject to the requirements of Chapter 2.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code.

CHAPTER 83

An act to add Chapter 18 (commencing with Section 50898) to Part 2 of Division 31 of the Health and Safety Code, relating to housing and community development.

[Approved by Governor July 5, 2000. Filed with
Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 18 (commencing with Section 50898) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 18. DOWNTOWN REBOUND PROGRAM

50898. The Legislature finds and declares all of the following:

(a) As California moves into the next century, revitalization of our downtown areas is of vital importance to every community in our state.

(b) Downtown areas generally represent urban cores that are deficient in housing that is critical to revitalization.

(c) Providing additional housing in downtown areas will allow workers to live closer to their place of employment and minimize the number of workers commuting from other areas.

(d) Downtown areas frequently have many older, underutilized commercial buildings that are well suited for residential, live-work, and mixed residential and commercial use.

(e) The development of projects that are in close proximity to transit corridors allows the workforce to use mass transit to commute to work and minimizes the use of private vehicles, easing traffic congestion and wear on our highways, and serves to improve air quality.

50898.1. (a) With the exception of funds allocated for purposes of subdivision (b), funds appropriated for the purposes of this chapter shall be distributed by the department pursuant to Chapter 6.7 (commencing with Section 50675) of Part 2, and shall be used for downtown rebound projects to promote sustainable communities. These projects shall include residential infill projects, the adaptive reuse of vacant or underused commercial or industrial structures, and the development of higher density housing adjacent to existing or planned mass transit stations, as follows:

(1) Development projects in which vacant sites, or sites that are scheduled to become vacant, and are located within an established developed area of a community, are used for multifamily rental housing in conjunction with higher densities and flexible development standards that demonstrably reduce infrastructure costs and environmental consequences.

(2) Development projects rehabilitating existing commercial or industrial buildings that are at least 30 percent vacant that will result in at least 40 percent of the building floor area being used for residential dwelling units, live-work units, or both.

(3) Rental housing developments located within one-quarter mile of an existing or planned major transit node that are developed at a density level that meets or exceeds density standards to be developed by the department. A major transit node is a site where two or more mass transit modes, or one transit mode with three or more mass transit lines, are accessible to the public. Priority shall be given to projects developed within walking distance of schools, major employment centers, or public amenities, including shopping, parks, and major entertainment venues.

(b) Funds allocated for purposes of this subdivision shall be used for planning grants to local governments for either of the following purposes:

(1) Facilitating infill housing through developing site inventories, project specific feasibility studies, and strategic action plans to remove barriers and promote infill housing, mixed-use developments, and transit corridor development.

(2) Facilitating updates of general plans and zoning ordinances to encourage adaptive reuse, higher density residential development, mixed-use development, and residential development located within walking distance of schools, shopping, transit nodes, and major employment centers.

(3) Assisting owners of qualified buildings in obtaining seismic and structural feasibility studies specifically related to the purpose of adaptive reuse.

50898.2. (a) Funds awarded pursuant to Item 2240-107-0001 of Section 2.00 of the Budget Act of 2000 for the purposes of the Downtown Rebound Program established pursuant to this chapter shall not be subject to the requirements of Chapter 2.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code.

(b) The department may use up to 5 percent of the amounts appropriated for this program for administration.

(c) With respect to the appropriation in Item 2240-107-0001 of Section 2.00 of the Budget Act of 2000 for the Downtown Rebound Program established pursuant to this chapter, the following provisions shall apply:

(1) Seventy-six percent of that appropriation shall be used by the department for the purpose of making loans to project sponsors for the adaptive reuse of vacant or underused commercial or industrial structures into residential rental housing units for initial rental to households having an income not exceeding 150 percent of the area median income, subject to the following restrictions:

(A) Loans for units not subject to subparagraph (D) shall be at 5 percent simple interest. Loans for units subject to subparagraph (D) shall

be at 3 percent simple interest. All principal and interest shall be due and payable in 20 years.

(B) Assistance for units not subject to subparagraph (D) shall not exceed twenty thousand dollars ($20,000) per unit. Assistance for units subject to subparagraph (D) shall not exceed forty thousand dollars ($40,000) per unit.

(C) The amount of the loan, in combination with all debt recorded in a senior position to the loan, shall not exceed 90 percent of the appraised after-rehabilitation value of the security for the loan.

(D) Twenty percent of the units in the project shall be reserved for households having an income equal to 50 percent or less of the area median income, or 40 percent of the units shall be reserved for households having an income equal to 60 percent or less of the area median income. The department shall ensure the continued affordability of all units designated by the sponsor to fulfill these requirements for a period of 20 years. However, notwithstanding subparagraph (A), if assistance is provided for these units through any program funded through Chapter 6.7 (commencing with Section 50675) of Part 2, the units shall be subject to the use restrictions, limitations, and provisions contained in that chapter. These units shall be reasonably distributed within each building contained in the project, with no less than 10 percent of the units in each building fulfilling the requirements of this subdivision.

(2) Two million four hundred thousand dollars ($2,400,000) of that appropriation shall be used by the department for planning grants as specified in subdivision (b) of Section 50898.1.

(3) The balance of that appropriation shall be available for uses authorized by subdivision (a) of Section 50898.1.

CHAPTER 84

An act to amend Sections 50840, 50841, and 50842 of, and to add Chapter 6 (commencing with Section 50650) to, and to repeal Chapter 3.6 (commencing with Section 50533) of, Part 2 of Division 31 of, the Health and Safety Code, relating to housing, making an appropriation therefor.

[Approved by Governor July 5, 2000. Filed with Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.6 (commencing with Section 50533) of Part 2 of Division 31 of the Health and Safety Code is repealed.

SEC. 2. Chapter 6 (commencing with Section 50650) is added to Part 2 of Division 31 of the Health and Safety Code, to read:

CHAPTER 6. CALHOME PROGRAM

50650. The Legislature finds and declares as follows:

(a) An adequate supply of safe and affordable housing is the foundation for strong and sustainable communities. Owner occupied housing is a key housing resource, contributing to neighborhood stability as well as economic vitality.

(b) In California, homeownership is beyond the reach of a large segment of the population. There are also many homeowners who lack the resources to make necessary repairs to their homes, or who would welcome the opportunity to share them with suitable tenants.

(c) Reflecting California's diversity, there is a variety of proven approaches to the promotion of homeownership within the state. The purpose of the CalHome Program established by this chapter is to support existing homeownership programs aimed at lower and very low income households and operated by private nonprofit and local government agencies, and thereby to increase homeownership, encourage neighborhood revitalization and sustainable development, and maximize use of existing homes.

(d) The CalHome Program is intended to take the place of the Senior Citizens' Shared Housing Program established by Chapter 3.6 (commencing with Section 50533), which is repealed by the act enacting this chapter.

50650.1. This chapter shall be known and may be cited as the CalHome Program.

50650.2. The department shall administer this chapter.

50650.3. (a) Funds appropriated for purposes of this chapter shall be used to enable low- and very low income households to become or remain homeowners. Funds shall be provided by the department to local public agencies or nonprofit corporations as either of the following:

(1) Grants for programs that assist individual households.

(2) Loans that assist development projects involving multiple homeownership units, including single-family subdivisions.

(b) Grant funds may be used for first-time homebuyer downpayment assistance, home rehabilitation, homebuyer counseling, home acquisition and rehabilitation, or self-help mortgage assistance programs, or for technical assistance for self-help and shared housing

homeownership. Loan funds may be used for purchase of real property, site development, predevelopment, and construction period expenses incurred on homeownership development projects, and permanent financing for mutual housing or cooperative developments. Upon completion of construction, the department may convert project loans into grants for programs of assistance to individual homeowners. Financial assistance provided to individual households shall be in the form of deferred payment loans, repayable upon sale or transfer of the homes, when they cease to be owner-occupied, or upon the loan maturity date. All loan repayments shall be used for activities allowed under this section, and shall be governed by a reuse plan approved by the department. Those reuse plans may provide for loan servicing by the grant recipient or a third-party local government agency or nonprofit corporation.

50650.4. To be eligible to receive a grant or loan, local public agencies or nonprofit corporations shall demonstrate sufficient organizational stability and capacity to carry out the activity for which they are requesting funds, including, where applicable, the capacity to manage a portfolio of individual loans over an extended time period. Capacity may be demonstrated by substantial successful experience performing similar activities, or through other means acceptable to the department. In allocating funds, the department shall utilize a competitive application process, using weighted evaluation criteria, including, but not limited to, (a) the extent that the program or project utilizes volunteer or self-help labor, trains youth in construction skills, or involves community participation, and (b) whether the program or project contributes toward community revitalization. To the extent feasible, the application process shall ensure a reasonable geographic distribution of funds.

50650.5. For the purposes of this chapter, mutual housing and cooperative housing shall be deemed to be forms of homeownership. For these project types: (a) program funds shall be used for project development costs only; (b) the department shall enter into a regulatory agreement limiting occupant incomes, occupancy charges, and share purchase terms for 55 years; and (c) notwithstanding Section 50650.3, program assistance shall be provided in the form of a deferred payment loan.

50650.6. The department may use up to 5 percent of the funds appropriated for the purposes of this chapter for its costs in administering the program.

50650.7. For appropriations of fifteen million dollars ($15,000,000) or less, the department may administer the funds using guidelines that shall not be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Title 2 of the

Government Code). If an appropriation exceeds that amount, the department may administer the funds using guidelines for 24 months, during which time those guidelines shall not be subject to the Administrative Procedure Act. The guidelines and any regulations governing the CalHome Program shall include, among other things, loan terms and limits, underwriting standards, home price limits, application procedures and selection criteria, loan and grant documentation requirements, and monitoring requirements.

SEC. 3. Section 50840 of the Health and Safety Code is amended to read:

50840. (a) The Legislature hereby finds and declares all of the following:

(1) California is experiencing a severe housing shortage that compounds itself further each year. While it is estimated that 250,000 new homes are needed each year to keep up with demand, only 140,000 building permits for new residential housing were issued in 1999. Moreover, the average number of residential building permits issued over the last seven years is only 105,000 new units per year.

(2) The shortage in housing supply has led to skyrocketing home sale and rental prices, which have made housing unaffordable to many Californians. Seven of the nation's 10 least affordable metropolitan areas for housing are in California. More than 35 percent of renter households experience an extreme housing cost burden, which has been defined as paying more than 50 percent of their income for housing.

(3) Long-term strategies are needed to address this ongoing deficit in new home production and to meet the state's housing needs.

(4) In addition to helping meet the immediate need for housing, the state will always have a role to play in assisting in the provision of housing for families unable to afford market-rate rents.

(5) A permanent source of financing is needed to fulfill this ongoing need for state housing assistance.

(6) A housing trust fund would provide a permanent source of financing to be used solely to fund housing programs that serve low- and very low income households.

(b) (1) It is the intent of the Legislature that the principal in the California Housing Trust Fund shall not be spent, but rather invested as an endowment, and that the return on this investment be used to fund programs that meet the housing needs of lower and very low income households.

(2) It is the intent of the Legislature to make a significant appropriation to the California Housing Trust Fund in the 2001–02 fiscal year to ensure that there are sufficient ongoing resources to provide for the housing needs of lower income households.

SEC. 4. Section 50841 of the Health and Safety Code is amended to read:

50841. (a) There is hereby created in the State Treasury the California Housing Trust Fund. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated for the purposes of investment in a manner calculated to deliver the greatest rate of return consistent with the requirements of Section 16430 of the Government Code.

(b) All interest or other increment resulting from investment or deposit of moneys in the fund shall be deposited in the fund, notwithstanding Section 16305.7 of the Government Code. Except as provided in Section 50842, no money in the fund shall be spent, loaned, transferred, or otherwise removed from the fund.

SEC. 5. Section 50842 of the Health and Safety Code is amended to read:

50842. CHAPTER 87

An act to add Sections 2801, 2811, and 2815 to the Fish and Game Code, to amend Section 1091.5 of, and to add Sections 11361 and 12805.1 to, the Government Code, and to amend Section 2773.2 of the Public Resources Code, relating to the environment, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 5, 2000. Filed with Secretary of State July 5, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 2801 is added to the Fish and Game Code, to read:

2801. The Legislature finds and declares all of the following:

(a) The continuing population growth in California will result in increasing demands for dwindling natural resources and will result in the continuing decline of the state's wildlife.

(b) There is a need for broad-based planning to provide for effective protection and conservation of the state's wildlife heritage while continuing to allow appropriate development and growth.

(c) Natural community conservation planning is an effective tool in protecting California's natural diversity while reducing conflicts between protection of the state's wildlife heritage and reasonable use of natural resources for economic development.

(d) Natural community conservation planning promotes coordination and cooperation among public agencies, landowners, and other private interests, provides a mechanism by which landowners and development proponents can effectively participate in the resource conservation planning process, provides a regional planning focus that can effectively address cumulative impact concerns, minimizes wildlife habitat fragmentation, promotes multispecies management and conservation, provides an option for identifying and ensuring appropriate mitigation for impacts of fish and wildlife, and promotes the conservation of broad-based natural communities and species diversity.

(e) Natural community conservation planning can provide for efficient use and protection of natural and economic resources while also promoting greater sensitivity to important elements of the state's critical natural diversity.

(f) Natural community conservation planning is an effective planning process that can facilitate early coordination to protect the interests of the state, the federal government, local public agencies, landowners, and other private parties.

(g) Natural community conservation planning is a mechanism that can provide an early planning framework for proposed development projects within the planning area in order to avoid, minimize, and compensate for impacts on wildlife caused by development and growth.

(h) Natural community conservation planning is consistent with, and will support, the fish and wildlife management activities of the department in its role as the trustee for fish and wildlife within the state.

(i) The purpose of natural community conservation planning is to sustain and restore those species and habitat identified by the department that are necessary to maintain the continued viability of biological communities that are impacted by growth and development.

SEC. 2. Section 2811 is added to the Fish and Game Code, to read:

2811. (a) Any planning agreement entered into by the department and plan participants pursuant to Section 2810 shall establish a process for all of the following:

(1) The collection of data, information, and independent scientific input to assist the department and plan participants in meeting scientifically sound principles for the conservation and management of species proposed to be covered in the plan.

(2) The inclusion of independent scientific analysis in the preparation and development of a natural community conservation plan.

(3) The designation of independent scientists to propose conservation criteria or guidelines early in the planning process for consideration by the department and plan participants to assist in providing a general biological context and the scientific premises for conservation planning and for use and application in the subregional or subarea plan level.

(b) This section applies only to planning agreements entered into by the department pursuant to Section 2810 on or after the effective date of this section, and shall not apply to any approved plan or to any plan in the process of being prepared pursuant to subsection (d) of Section 1533 of Title 16 of the United States Code for the protection of the California Gnatcatcher, as described at page 65088 of Volume 58 of the Federal Register.

SEC. 3. Section 2815 is added to the Fish and Game Code, to read:

2815. (a) The department shall establish a process for public participation throughout plan development and review to ensure that interested persons have an adequate opportunity to provide input to lead agencies, state and federal wildlife agencies and others involved in preparing the plan. The public participation objectives of this section may be achieved through public working groups, advisory committees or public workshops. This process shall include:

(1) A requirement that draft documents associated with a natural community conservation plan that are being considered for adoption by the plan lead agency shall be available for public review and comment

for at least 45 days prior to the adoption of that draft document. Preliminary plan review documents shall be made available by the responsible public agency at least 10 working days prior to any public hearing addressing these documents. The review period specified in this paragraph may run concurrent with the review period provided for any document required by the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) that is associated with the natural community conservation plan. This paragraph shall not be construed to limit the discretion of a city or county to revise any draft documents at a public hearing.

(2) A requirement to make available in a reasonable and timely manner all public review draft plans, memoranda of understanding, maps, conservation guidelines, species coverage lists and other planning documents associated with a natural community conservation plan.

(3) A requirement that all public hearings held during plan preparation or review for approval are complimentary to, or integrated with, those hearings otherwise provided by law.

(4) An outreach program to provide access to information for persons interested in the plan, with an emphasis on obtaining input from a balanced variety of affected public and private interests including state and local governments, landowners, conservation organizations and the general public.

(b) This section applies only to natural community conservation plans for which a planning agreement was entered into by the department pursuant to Section 2810 on or after the effective date of this section, and shall not apply to any approved plan or to any plan in the process of being prepared pursuant to subsection (d) of Section 1533 of Title 16 of the United States Code for the protection of the California Gnatcatcher, as described at page 65088 of Volume 58 of the Federal Register.

SEC. 4. Section 1091.5 of the Government Code is amended to read:

1091.5. (a) An officer or employee shall not be deemed to be interested in a contract if his or her interest is any of the following:

(1) The ownership of less than 3 percent of the shares of a corporation for profit, provided that the total annual income to him or her from dividends, including the value of stock dividends, from the corporation does not exceed 5 percent of his or her total annual income, and any other payments made to him or her by the corporation do not exceed 5 percent of his or her total annual income.

(2) That of an officer in being reimbursed for his or her actual and necessary expenses incurred in the performance of official duty.

(3) That of a recipient of public services generally provided by the public body or board of which he or she is a member, on the same terms and conditions as if he or she were not a member of the board.

(4) That of a landlord or tenant of the contracting party if the contracting party is the federal government or any federal department or agency, this state or an adjoining state, any department or agency of this state or an adjoining state, any county or city of this state or an adjoining state, or any public corporation or special, judicial, or other public district of this state or an adjoining state unless the subject matter of the contract is the property in which the officer or employee has the interest as landlord or tenant in which event his or her interest shall be deemed a remote interest within the meaning of, and subject to, the provisions of Section 1091.

(5) That of a tenant in a public housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code in which he or she serves as a member of the board of commissioners of the authority or of a community development commission created pursuant to Part 1.7 (commencing with Section 34100) of Division 24 of the Health and Safety Code.

(6) That of a spouse of an officer or employee of a public agency in his or her spouse's employment or officeholding if his or her spouse's employment or officeholding has existed for at least one year prior to his or her election or appointment.

(7) That of a nonsalaried member of a nonprofit corporation, provided that this interest is disclosed to the body or board at the time of the first consideration of the contract, and provided further that this interest is noted in its official records.

(8) That of a noncompensated officer of a nonprofit, tax-exempt corporation, which, as one of its primary purposes, supports the functions of the body or board or to which the body or board has a legal obligation to give particular consideration, and provided further that this interest is noted in its official records.

For purposes of this paragraph, an officer is ''noncompensated'' even though he or she receives reimbursement from the nonprofit, tax-exempt corporation for necessary travel and other actual expenses incurred in performing duties of his or her office.

(9) That of a person receiving salary, per diem, or reimbursement for expenses from a government entity, unless the contract directly involves the department of the government entity that employs the officer or employee, provided that the interest is disclosed to the body or board at the time of consideration of the contract, and provided further that the interest is noted in its official record.

(10) That of an attorney of the contracting party or that of an owner, officer, employee, or agent of a firm which renders, or has rendered, service to the contracting party in the capacity of stockbroker, insurance agent, insurance broker, real estate agent, or real estate broker, if these individuals have not received and will not receive remuneration,

consideration, or a commission as a result of the contract and if these individuals have an ownership interest of less than 10 percent in the law practice or firm, stock brokerage firm, insurance firm, or real estate firm.

(11) Except as provided in subdivision (b), that of an officer or employee of or a person having less than a 10-percent ownership interest in a bank, bank holding company, or savings and loan association with which a party to the contract has a relationship of borrower or depositor, debtor, or creditor.

(12) That of (A) a bona fide nonprofit, tax-exempt corporation having among its primary purposes the conservation, preservation, or restoration of park and natural lands or historical resources for public benefit, which corporation enters into an agreement with a public agency to provide services related to park and natural lands or historical resources and which services are found by the public agency, prior to entering into the agreement or as part of the agreement, to be necessary to the public interest to plan for, acquire, protect, conserve, improve, or restore park and natural lands or historical resources for public purposes and (B) any officer, director, or employee acting pursuant to the agreement on behalf of the nonprofit corporation. For purposes of this paragraph, ''agreement'' includes contracts and grants, and ''park,'' ''natural lands,'' and ''historical resources'' shall have the meanings set forth in subdivisions (d), (g), and (i) of Section 5902 of the Public Resources Code. Services to be provided to the public agency may include those studies and related services, acquisitions of property and property interests, and any activities related to those studies and acquisitions necessary for the conservation, preservation, improvement, or restoration of park and natural lands or historical resources.

(b) An officer or employee shall not be deemed to be interested in a contract made pursuant to competitive bidding under a procedure established by law if his or her sole interest is that of an officer, director, or employee of a bank or savings and loan association with which a party to the contract has the relationship of borrower or depositor, debtor or creditor.

SEC. 5. Section 11361 is added to the Government Code, to read:

11361. 2773.2. (a) The Secretary of the Resources Agency shall convene a multiagency task force that shall evaluate the effectiveness of the Cache Creek Resource Management Plan in achieving the plan's objectives concerning the rehabilitation and restoration of Cache Creek and identify those aspects of the plan that should be modified or eliminated to more effectively achieve the goals of this chapter.

CHAPTER 91

An act to amend Sections 14524, 14525, 14526, 14527, 14529, 65080, 65082, and 65083 of, and to add Chapter 4.5 (commencing with Section 14556) to Part 5.3 of Division 3 of Title 2 of, the Government Code, to amend, repeal, and add Section 7102 of, to add Section 10754.2 to, and to add and repeal Section 7104 of, the Revenue and Taxation Code, and to amend Sections 164.6, 182.6, and 182.7 of, and to add Sections 182.8, 183.1, 2182, and 2182.1 to, the Streets and Highways Code, relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 2000. Filed with Secretary of State July 7, 2000.]

I am signing Assembly Bill No. 2928, a comprehensive transportation funding measure which incorporates most of the proposals I made for almost $5 billion in congestion relief, transportation system connectivity and goods movement projects. The bill also provides over $1.4 billion in additional funds over five years for local street and road maintenance, transit operations and State Transportation Improvement Program projects.

However, I am reducing or eliminating certain appropriations made in Section 6 of the bill, which adds Chapter 4.5 (commencing with Article 5, Section 14556.40) to Part 5.3 of Division 3 of Title 2 of the Government Code, by a total of $93,800,000. These expenditures are being eliminated because I have specific concerns about the projects and their priority for inclusion in this plan, and about the precedent these projects would set with respect to state expenditures. Additionally, I am requesting that the Legislature enact subsequent legislation to correct certain technical defects in this bill and modify the financing of the program to have less of an impact on the State General Fund in future years.

I am reducing the expenditures in Chapter 4.5, Article 5, Section 14556.40, Subsection (a) of the Government Code by eliminating or reducing the following paragraphs:

Paragraph (120) is eliminated, which allocates $1,500,000 to Yuba County for the Yuba Airport runway extension and associated improvements. This project is not a congestion relief project affecting most travelers in the area..

Paragraph (125) is eliminated, which allocates $5,000,000 to the Orange County Transportation Authority for the Route 57 toll road environmental impact report and study for expansion project. The franchise agreement for this project prohibits use of state funds in this fashion.

Paragraph (130) is eliminated, which allocates $3,500,000 to the City of Garden Grove for the Route 22; connector to the interchange with I-405. Over $206 million for Route 22 is already included in paragraph (70).

Paragraph (131) is eliminated, which allocates $800,000 to the town of Apple Valley for the Bear Valley Road closure project and Kasota Road safety redesign. Funding for this project may be available in the State Highway Operations and Preservation Program and through local street and road funding.

Paragraph (132) is eliminated, which allocates $7,000,000 to Los Angeles County for the Fairway Drive grade separation project in the San Gabriel Valley. This project already has access to several funding sources through the Alameda Corridor East Project.

Paragraph (136) is eliminated, which allocates $3,500,000 to City of Palmdale for the widening of Avenue S; between Route 14 and Route 138. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (137) is eliminated, which allocates $5,500,000 to City of Lancaster for improvements to the Fox Field Industrial Corridor. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (138) is reduced by $3,000,000 to $4,000,000, which allocates funds to the Cross Valley Rail Corridor Joint Powers Authority for the upgrade of railroad track from Visalia to Huron. This project mainly funds improvements to rail lines that will be used by short line freight rail. Although I recognize that this project may provide significant local goods movement capacity, I expect local and railroad funds to provide the majority of funding.

Paragraph (142) is reduced by $1,500,000 to $2,000,000 for the City of West Hollywood for the repair, maintenance, and mitigation of Santa Monica Boulevard. A portion this project appears to be eligible for the street and road maintenance funding provided in this measure.

Paragraph (143) is eliminated, which allocates $1,900,000 to the Capital Corridor Joint Powers Authority for the expansion of intercity rail service between San Jose, Oakland, and the Sacramento region. Such service cannot be implemented this year, and the ongoing operating costs should be funded from the Public Transportation Account in due course.

Paragraph (144) is reduced by $45,000,000 to $5,000,000 for the Golden Gate Bridge Highway and Transportation District for the seismic retrofit of the Golden Gate Bridge. It is my understanding that other funding sources are available, and Caltrans will be working.with the District to assist in securing federal funding for this project.

Paragraph (147) is eliminated, which allocates $7,000,000 to the Imperial Valley Association of Governments for the reconstruction of the I-8/Imperial Avenue interchange. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (155) is eliminated, which allocates $8,600,000 to the City of Chula Vista to acquire right-of-way, build, and operate a 10-mile limited access tall facility from San Miguel Road to Otay Mesa Road and conduct a due diligence review, including an independent appraisal of the feasibility of acquisition by a public agency of the Route 125 franchise agreement authorized under Section 143 of the Streets and Highways Code. I do not support state funding for the acquisition of a private toll road franchise.

Additionally, I am taking identical actions on the same projects as listed in SB 406, a measure that corrects certain provisions of this bill.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 14524 of the Government Code is amended to read:

14524. (a) Not later than July 15, 2001, and July 15 of each odd-numbered year thereafter, the department shall submit to the commission a five-year estimate pursuant to Section 164 of the Streets and Highways Code, in annual increments, of all federal and state funds reasonably expected to be available during the following five fiscal years.

(b) The estimate shall specify the amount that may be programmed in each county for regional improvement programs pursuant to paragraph (2) of subdivision (a) of Section 164 of the Streets and Highways Code and shall identify any statutory restriction on the use of particular funds.

(c) For the purpose of estimating revenues, the department shall assume that there will be no changes in existing state and federal statutes. Federal funds available for demonstration projects that are not subject to federal obligational authority, or are accompanied with their own dedicated obligational authority, shall not be considered funds that would otherwise be available to the state and shall not be included in the fund estimate.

(d) The method by which the estimate is determined shall be determined by the commission, in consultation with the department, transportation planning agencies, and county transportation commissions.

SEC. 2. Section 14525 of the Government Code is amended to read:

14525. (a) Not later than August 15, 2001, and August 15 of each odd-numbered year thereafter, the commission shall adopt a five-year estimate pursuant to Section 164 of the Streets and Highways Code, in annual increments, of all state and federal funds reasonably expected to be available during the following five fiscal years.

(b) The estimate shall specify the amount that may be programmed in each county for regional improvement programs under paragraph (2) of subdivision (a) of Section 164 of the Streets and Highways Code and shall identify any statutory restriction on the use of particular funds.

(c) For the purpose of estimating revenues, the commission shall assume that there will be no change in existing state and federal statutes. Federal funds available for demonstration projects that are not subject to federal obligational authority, or are accompanied with their own dedicated obligational authority, shall not be considered funds that

would otherwise be available to the state and shall not be included in the fund estimate.

(d) If the commission finds that legislation pending before the Legislature or the United States Congress may have a significant impact on the fund estimate, the commission may postpone the adoption of the fund estimate for no more than 90 days. Prior to March 1 of each even-numbered year, the commission may amend the estimate following consultation with the department, transportation planning agencies, and county transportation commissions to account for unexpected revenues or other unforeseen circumstances. In the event the fund estimate is amended, the commission shall extend the dates for the submittal of improvement programs as specified in Sections 14526 and 14527 and for the adoption of the state transportation improvement program pursuant to Section 14529.

SEC. 3. Section 14526 of the Government Code is amended to read:

14526. (a) Not later than December 15, 2001, and December 15 of each odd-numbered year thereafter, and after consulting with the transportation planning agencies, county transportation commissions, and transportation authorities, the department shall submit to the commission its five-year interregional transportation improvement program consisting of all of the following:

(1) Projects to improve state highways, pursuant to subdivision (b) of Section 164 of the Streets and Highways Code.

(2) Projects to improve the intercity passenger rail system.

(3) Projects to improve interregional movement of people, vehicles, and goods.

(b) Projects may not be included in the interregional transportation improvement program without a project study report or major investment study.

(c) Major projects shall include current costs updated as of November 1 of the year of submittal and escalated to the appropriate year, and shall be consistent with, and provide the information required in, subdivision (b) of Section 14529.

(d) Projects included in the interregional transportation improvement program shall be consistent with the adopted regional transportation plan.

SEC. 4. Section 14527 of the Government Code is amended to read:

14527. (a) After consulting with the department, the regional transportation planning agencies and county transportation commissions shall adopt and submit to the commission and the department, not later than December 15, 2001, and December 15 of each odd-numbered year thereafter, a five-year regional transportation improvement program in conformance with Section 65082. In counties where a county transportation commission or authority has been created

pursuant to Chapter 2 (commencing with Section 130050) of Division 12 of the Public Utilities Code, the commission or the authority shall adopt and submit the county transportation improvement program, in conformance with Sections 130303 and 130304 of that code, to the multicounty designated transportation planning agency. Other information, including a program for expenditure of local or federal funds, may be submitted for information purposes with the program, but only at the discretion of the transportation planning agencies or the county transportation commissions.

(b) The regional transportation improvement program shall include all projects to be funded with regional improvement funds under paragraph (2) of subdivision (a) of Section 164 of the Streets and Highways Code. The regional programs shall be limited to projects to be funded in whole or in part with regional improvement funds which shall include all projects to receive allocations by the commission during the following five fiscal years. For each project, the total expenditure for each project component and the total amount of commission allocation and the year of allocation shall be stated. The total cost of projects to be funded with regional improvement funds shall not exceed the amount specified in the fund estimate made by the commission pursuant to Section 14525.

(c) The regional transportation planning agencies and county transportation commissions may recommend projects to improve state highways with interregional improvement funds pursuant to subdivision (b) of Section 164 of the Streets and Highways Code. The recommendations shall be separate and distinct from the regional transportation program. A project recommended for funding pursuant to this subdivision shall constitute a usable segment and shall not be a condition for inclusion of other projects in the regional transportation improvement program.

(d) Major projects shall include current costs updated as of November 1 of the year of submittal and escalated to the appropriate year, and shall be consistent with, and provide the information required in, subdivision (b) of Section 14529.

(e) The regional transportation improvement program may not change the project delivery milestone date of any project as shown in the prior adopted state transportation improvement program without the consent of the department or other agency responsible for the project's delivery.

(f) Projects may not be included in the regional transportation improvement program without a complete project study report or, for a project that is not on a state highway, a project study report equivalent or major investment study.

(g) The transportation planning agencies and county transportation commissions may request and receive an amount not to exceed one-half of 1 percent of their regional improvement fund expenditures for the purposes of project planning, programming, and monitoring. A transportation planning agency or county transportation commission not receiving federal metropolitan planning funds may request and receive an amount not to exceed 2 percent of its regional improvement fund expenditures for the purposes of project planning, programming, and monitoring.

SEC. 5. Section 14529 of the Government Code is amended to read:

14529. (a) The state transportation improvement program shall include a listing of all capital improvement projects that are expected to receive an allocation of state transportation funds under Section 164 of the Streets and Highways Code, including revenues from transportation bond acts, from the commission during the following five fiscal years. It shall include, and be limited to, the projects to be funded with the following:

(1) Interregional improvement funds.

(2) Regional improvement funds.

(b) For each project, the program shall specify the allocation or expenditure amount and the allocation or expenditure year for each of the following project components:

(1) Completion of all permits and environmental studies.

(2) Preparation of plans, specifications, and estimates.

(3) The acquisition of rights-of-way, including, but not limited to, support activities.

(4) Construction and construction management and engineering, including surveys and inspection.

(c) Funding for right-of-way acquisition and construction for a project may be included in the program only if the commission makes a finding that the sponsoring agency will complete the environmental process and can proceed with right-of-way acquisition or construction within the five-year period. No allocation for right-of-way acquisition or construction shall be made until the completion of the environmental studies and the selection of a preferred alternative.

(d) The commission shall adopt and submit to the Legislature and the Governor, not later than April 1 of each even-numbered year thereafter, a state transportation improvement program. The program shall cover a period of five years, beginning July 1 of the year it is adopted, and shall be a statement of intent by the commission for the allocation or expenditure of funds during those five years. The program shall include projects which are expected to receive funds prior to July 1 of the year of adoption, but for which the commission has not yet allocated funds.

(e) The projects included in the adopted state transportation improvement program shall be limited to those projects submitted or recommended pursuant to Sections 14526 and 14527. The total amount programmed in each fiscal year for each program category shall not exceed the amount specified in the fund estimate adopted under Section 14525.

(f) The state transportation improvement program is a resource management document to assist the state and local entities to plan and implement transportation improvements and to utilize available resources in a cost-effective manner. It is a document for each county and each region to declare their intent to use available state and federal funds in a timely and cost-effective manner.

(g) Prior to the adoption of the state transportation improvement program, the commission shall hold not less than one hearing in northern California and one hearing in southern California to reconcile any objections by any county or regional agency to the department's program or the department's objections to any regional program.

(h) The commission shall incorporate projects that are included in the regional transportation improvement program and are to be funded with regional improvement funds, unless the commission finds that the regional transportation improvement program is not consistent with the guidelines adopted by the commission or is not a cost-effective expenditure of state funds, in which case the commission may reject the regional transportation improvement program in its entirety. The finding shall be based on an objective analysis, including, but not limited to, travel forecast, cost, and air quality. The commission shall hold a public hearing in the affected county or region prior to rejecting the program, or not later than 60 days after rejecting the program. When a regional transportation improvement program is rejected, the regional entity may submit a new regional transportation improvement program for inclusion in the state transportation improvement program. The commission shall not reject a regional transportation improvement program unless, not later than 60 days after the date it received the program, it provided notice to the affected agency that specified the factual basis for its proposed action.

(i) A project may be funded with more than one of the program categories listed in Section 164 of the Streets and Highways Code.

(j) Notwithstanding any other provision of law, no local or regional matching funds shall be required for projects that are included in the state transportation improvement program.

(k) The commission may include a project recommended by a regional transportation planning agency or county transportation commission pursuant to subdivision (c) of Section 14527, if the commission makes a finding, based on an objective analysis, that the

recommended project is more cost-effective than a project submitted by the department pursuant to Section 14526.

SEC. 6. Chapter 4.5 (commencing with Section 14556) is added to Part 5.3 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 4.5. THE TRAFFIC CONGESTION RELIEF ACT OF 2000

Article 1. General Provisions

14556. This chapter shall be known and may be cited as the Traffic Congestion Relief Act of 2000.

14556.1. For purposes of this chapter, the following terms shall have the following meanings, unless expressly stated otherwise:

(a) ''Commission'' is the California Transportation Commission.

(b) ''Department'' is the Department of Transportation.

(c) ''Fund'' is the Traffic Congestion Relief Fund created under this chapter.

(d) ''Program'' is the Traffic Congestion Relief Program established under this chapter.

14556.3 The Legislature finds and declares that it is in the interest of the State of California to immediately take steps to relieve congestion on the state's transportation systems and finds and declares the following:

(a) California's population has grown by more than 50 percent over the past 20 years while highway capacity has increased only 7 percent.

(b) Between 1987 and 1995, the number of California drivers who sit idle in traffic congestion has grown 70 percent, and California drivers now sit idle in traffic congestion more than 300,000 hours per day.

(c) It is estimated that traffic congestion in California now costs the state's businesses more than two million eight hundred thousand dollars ($2,800,000) per day in lost time and resources.

(d) Local streets and roads in California suffer from an estimated ten billion two hundred million dollars ($10,200,000,000) backlog of deferred maintenance. The magnitude of this backlog is estimated to increase by four hundred million dollars ($400,000,000) each year.

(e) The Public Transportation Account in the State Transportation Fund, which provides funds for transit operations and intercity rail service in California, is estimated to have a four-year deficit of fifty-three million dollars ($53,000,000), increasing to a six-year deficit of one hundred fifty-eight million dollars ($158,000,000).

(f) The state's population is expected to exceed 45,000,000 persons by the year 2020, imposing additional demand on the transportation system.

(g) Significant benefits will be obtained by completing major improvements earlier, accelerating development of new improvements, and improving the connectivity of the various transportation modes within the state's transportation system.

(h) Therefore, it is appropriate to create a Traffic Congestion Relief Fund to finance congestion relief improvements, to dedicate the sales tax on gasoline to transportation purposes, and to create a Transportation Investment Fund to finance improvements to neighborhood streets and roads, to provide funding for transit operations and intercity rail, and to supplement the Traffic Congestion Relief Fund.

Article 2. Traffic Congestion Relief Fund

14556.5. The Traffic Congestion Relief Fund is hereby created in the State Treasury. The fund shall include deposits of funding provided in the annual Budget Act, provided from the Transportation Investment Fund established under Section 7104 of the Revenue and Taxation Code, or provided under any other legislation. Notwithstanding Section 13340, the money in the fund is hereby continuously appropriated to the department, without regard to fiscal years, for allocation, as directed by the commission pursuant to Section 14556.20, to the department and other regional and local transportation entities for the projects listed in Article 5 (commencing with Section 14556.40) to the Controller for allocation to cities, counties, and cities and counties pursuant to Section 2182 of the Streets and Highways Code, and to the commission for the funding exchange program authorized by Section 182.8 of the Streets and Highways Code.

14556.6. The purpose of this article is to relieve traffic congestion, provide additional funding for local street and road deferred maintenance, and provide additional transportation capacity in high growth areas of the state. The Traffic Congestion Relief Fund is intended to contribute five billion three hundred ninety million dollars ($5,390,000,000), above the traditional transportation funding provided by the state, towards the funding of projects listed in Article 5 (commencing with Section 14556.40) and the deferred maintenance program authorized in Section 2182 of the Streets and Highways Code. This funding commitment is intended to be combined with other state, local, federal, and private funds to complete and operate the transportation improvements identified in Article 5 (commencing with Section 14556.40). Funds needed to meet the contribution commitment described in this section are intended to be provided as follows:

(a) The sum of one billion five hundred million dollars ($1,500,000,000) from the General Fund, as appropriated by Section 20 of the act that added this chapter, to the fund.

(b) The sum of five hundred million dollars ($500,000,000) from the transfer of the sales and use tax on motor vehicle fuel during the 2000–01 fiscal year, as required under Section 7102 of the Revenue and Taxation Code, as amended by Section 10 of the act that added this section.

(c) The sum of six hundred seventy-eight million dollars ($678,000,000) is intended to be provided in each of five successive fiscal years, commencing with the 2001–02 fiscal year, from the Transportation Investment Fund.

Article 3. Fund Allocation and Expenditure

14556.10. (a) The lead applicant agency specified for each project in Article 5 (commencing with Section 14556.40) shall be responsible for preparing and submitting a project application to the commission in accordance with guidelines adopted by the commission.

(b) The lead applicant agency may, but is not required, to be the agency responsible for carrying out the work to complete the project.

(c) A lead applicant agency may submit separate applications for separate projects identified in Article 5 (commencing with Section 14556.40).

14556.11. Not later than 90 days from the effective date of the act that added this section, the commission, in consultation with the department and representatives from regional agencies and local agencies, and after a public hearing, shall establish guidelines to implement this chapter. The guidelines shall include, but not be limited to, criteria for project applications, estimation costs, assessment of capability to complete the project, allocation of funds to project phases, timely expenditure of funds, management of changes to cost, scope, and schedules, assessment of progress in implementing projects, and audit requirements.

14556.12. (a) Designated lead applicant agencies shall submit applications to the commission within two years of the effective date of the act that added this section. If a completed application is not received within this period for a project listed in Article 5 (commencing with Section 14556.40), or an alternate project has not been submitted by the appropriate lead agency pursuant to subdivision (b), the commission shall notify the Governor and the Legislature and shall seek statutory identification and approval of another project or projects to use the funds.

(b) (1) A designated lead applicant agency may submit an application for an alternate or substitute for a project specified in Section 14556.40, for other than an intercity rail project, if the specified project is delayed by environmental or other factors external to the control of the lead applicant agency that are not likely to be removed within a

reasonable time, if sufficient matching funds are not available to secure the designated state grant funds, if the specified project is not included in or consistent with the respective regional transportation plan, or if completion of the specified project would jeopardize the completion of other projects previously programmed in the State Transportation Improvement Program.

(2) An application for an alternative project shall be approved by the commission if the application is submitted by the identified lead applicant agency within the two-year period specified in subdivision (a), the alternative project is designated to relieve congestion consistent with this act, the alternate project is within the jurisdiction of the lead applicant agency, and all other project approval requirements are met.

14556.13. (a) The project applications shall define the project purpose, intended scope, proposed cost, intended funding sources, and schedule for project completion. Each application shall also specify the paragraph number of subdivision (a) of Section 14556.40 that authorizes the project, and identify the agency responsible for carrying out the work, to which the commission will allocate funds.

(b) Except as authorized under subdivision (c), the project application shall specify the scope of work, the cost, and the schedule for the following separate phases of work, as appropriate:

(1) Studies, environmental review, and permits.

(2) Preparation of project plans and specifications.

(3) Right-of-way acquisition.

(4) Construction or procurement.

(c) Some projects may be permitted to include scope of work on less than all of the phases specified in subdivisions (b).

(d) In accordance with guidelines established by the commission, each application shall include a plan describing all capital funds required for the project, the sources and the timing for those funds, and how those funds will be used. An application may seek funding for a single phase of a project.

(e) Applications for projects involving regional improvement program funds shall be cosigned by the regional transportation planning agency responsible for the regional transportation improvement program. Applications for projects involving interregional improvement program funds or where the state is the owner-operator shall be cosigned by the department.

(f) The plan shall identify the sources and timing of all funds required to undertake and complete any phase of a project for which the applicant seeks an allocation of funds from the commission. The plan should also describe intended sources and timing of funds to complete any subsequent phases of the project, through construction.

14556.14. The commission shall ascertain from the appropriate regional transportation planning agency that a project is included in, or is consistent with, the appropriate regional transportation plan before approving a project application involving right-of-way or construction phases. A project that involves only studies or project development phases is not required to be included in a regional transportation plan, unless federal funds will also be used to fund the project.

14556.16. (a) The commission, with the assistance of the department, shall begin review of a project application within 30 days of receipt of the application.

(b) The commission shall either approve or deny a project application within 90 days of the receipt of the application, unless the commission requests additional information from the applicant, in which case the 90-day time to approve or deny the application shall begin on the date that the commission receives the additional information requested.

(c) The commission shall state specific reasons for denying an application. The commission shall allow the applicant to amend and resubmit an application that has been denied. The commission shall then have 90 days from receipt of the amended application to reconsider the denial.

(d) The commission shall not deny an application that meets the requirements of this chapter, including the guidelines adopted by the commission for this chapter and any other applicable statutes and regulations. The commission shall not unreasonably delay approval of an application that substantially conforms to these requirements if the applicant agrees to allow modifications to the application to meet the commission's conditions for approval.

14556.18. (a) Commission approval of a project application establishes the time schedule, by fiscal year, for implementation of the phases of a project. Project approval shall be deemed rescinded if the lead applicant agency or the agency responsible for carrying out the project does not seek an allocation from the commission and start the first phase of work during the fiscal year scheduled.

(b) If the first phase is not completed as scheduled, so that work on subsequent phases is delayed, the agency responsible for carrying out the project shall report the reasons for failure to complete the project to the commission. The commission may then reconsider the project application, ask for modification of the schedule and any other requirements of the application, and may, at its discretion, extend the time of reconsideration until environmental studies, review, and approval of final environmental documents has been completed.

14556.20. (a) The commission shall direct the department to allocate funds to the department, regional transportation planning agencies, local transportation commissions, congestion management

agencies, transportation authorities, cities, counties, a city and county, joint powers authorities, ports, and transit districts for projects specified in Article 5 (commencing with Section 14556.40).

(b) Funds allocated as directed by the commission shall be expended only for studies or the phases of project work specified in Article 5 (commencing with Section 14556.40).

(c) Allocations shall be made to specified phases of a project and may include more than one phase in a given allocation. The commission shall, at the time the first allocation is made to a project, indicate how it intends to spread the total funding authorized for the project among the phases, but that indication shall not be binding for future phases if the commission finds that a different level of funding for a later phase would help ensure quicker delivery of the project for construction.

(d) Consistent with Article 5 (commencing with Section 14556.40), these funds may be used to satisfy any federal, state, or local matching fund requirement for the project to be funded.

(e) The allocation shall specify the percentage rate of reimbursement for expenditures for each phase of the project, considering the funding shares from various sources that comprise the full funding of each phase. The commission may specify different rates of reimbursement for different phases, and shall determine the spread of funding specified in Article 5 (commencing with Section 14556.40) across all the phases of work, as appropriate for the project.

(f) The commission may approve minor changes to project scope, cost, or schedule, so long as those modifications fall within the project purpose specified in the project application.

(g) The commission may consider applications under this section upon adoption of implementing guidelines.

Article 4. Administration and Expenditure of Funds

14556.25. (a) The department shall execute a cooperative agreement with the lead applicant agency or the agency responsible for carrying out the work for reimbursement of approved project expenditures, using funds allocated by the commission for that purpose and project phase. To reduce time and financial burden on lead applicant agencies, the department shall use electronic reimbursement procedures to the extent prudent and practical.

(b) The cooperative agreement shall specify how additional costs are to be covered, if necessary, and how savings are to be used or distributed, if available, among all the various funding sources being used for the project.

14556.26. A regional or local agency receiving an allocation from this program shall certify, by resolution of its governing board, before

final execution of the cooperative agreement, that it will sustain its level of expenditures for transportation purposes at a level that is consistent with the level for 1999–2000 fiscal year, including funds reserved for transportation purposes, during the fiscal years that the allocation provided under this chapter is available for use. The certification is subject to audit by the state.

14556.28. (a) For applicants other than the department, funds allocated shall generally be administered as a reimbursement program. At the request of an applicant, the commission shall authorize an advance payment for project development work necessary for a project specified in Article 5 (commencing with Section 14556.40). At the request of an applicant, the commission may authorize an advance payment for demonstrated need, or for a project right-of-way, construction, or procurement phase.

(b) Project costs incurred prior to commission approval of a project application may not be reimbursed. Project costs incurred prior to commission allocation of funds, but after commission approval of a project application, may be reimbursed retroactively after allocation.

14556.30. (a) After receiving an allocation, the lead applicant shall make diligent and timely progress toward completing the work as described in the submitted application. If timely progress is not achieved, the commission may review the status of the project. If the commission finds the lead applicant agency is not pursuing project work diligently, including use of funds under the agency's control committed to the project, the commission may reallocate those funds to another project or projects listed in Article 5 (commencing with Section 14556.40).

(b) If the commission and a lead applicant agency concur that a project is delayed by factors external to the control of the lead applicant agency and the factors are not likely to be removed within a reasonable time, the lead applicant agency may submit an application for an alternate or substitute project if the alternate project is designed to relieve congestion consistent with this act, is within the jurisdiction of the lead applicant agency, and meets all other project approval requirements.

(c) Notwithstanding Section 16304, funds allocated from the fund shall be available for encumbrance for three years after the date of allocation, and encumbered funds shall be available for liquidation for two additional years, unless the time limit is extended by an act of the Legislature. Any funds not expended by that time-limit shall revert to the fund.

14556.32. (a) The rate of reimbursement of expenditures shall not exceed the rate determined by the commission in its allocation of funds.

(b) After notifying the commission of savings in any phase, the lead applicant may use those savings for expenditures on a later phase of the same project.

(c) If additional funds are needed to complete a project, the lead applicant agency shall be responsible for securing the funding needed from other sources outside this program. The commission may not increase the allocation from this program beyond the amount specified for the project in Article 5 (commencing with Section 14556.40) unless the Governor and the Legislature subsequently designate a higher amount for the project.

(d) If a project can be completed at a lower cost than expected, any savings shall be divided among all funding sources contributing to the project in the proportion each of the funding sources bears to the total funding for the project as defined in the approved project application. For the savings that revert to this program, the commission shall determine the amount to be returned to the fund.

(e) If a determination is made to cease funding for a project, funds allocated but not expended on any phase shall be returned to the fund.

14556.34. Any agency or combination of agencies that succeed to an agency having any rights, powers, duties, or obligations under this chapter, including, but not limited to, eligibility to apply for, receive, and expend a grant allocation, shall fully succeed to those rights, powers, duties, and obligations.

14556.36. The commission shall report annually, starting no later than February 2001, to the Governor and the Legislature on progress in implementation of the program. The report shall assess programwide implementation progress, and identify project schedules and delays, project failures, cost savings, and any opportunities for the specification of additional or alternative projects for funding. The commission report may also discuss any significant issues associated with implementation of the program, and recommend changes that could improve implementation.

(2) The State Board of Equalization shall inform the Controller, in writing, of the amount estimated under paragraph (1).

(3) The Controller shall transfer the amount estimated under paragraph (1) from the General Fund to the fund.

(B) Twenty-five percent of the funds payable under this paragraph shall be apportioned among the counties in the proportion that the number of miles of maintained county roads in each county bears to the total number of miles of maintained county roads in the state. For the purposes of apportioning funds under this subparagraph, any roads within the boundaries of a city and county that are not state highways shall be deemed to be county roads.

(5) To cities, including a city and county, 20 percent of the amount remaining after the transfer required under paragraph (1). Fund transferred under this paragraph shall be apportioned among the cities in the proportion that the total population of the city bears to the total population of all the cities in the state.

(d) Funds received under paragraphs (4) and (5) of subdivision (c) shall be deposited as follows in order to avoid the commingling of those funds with other local funds:

(1) In the case of a city, into the city account that is designated for the receipt of state funds allocated for transportation purposes.

(2) In the case of a county, into the county road fund.

(3) In the case of a city and county, into a local account that is designated for the receipt of state funds allocated for transportation purposes.

(e) Funds allocated to a city, county, or city and county under this section shall be used only for street and highway maintenance, rehabilitation, reconstruction, and storm damage repair. For purposes of this section, the following terms have the following meanings:

(1) ''Maintenance'' means either or both of the following:

(A) Patching.

(B) Overlay and sealing.

(2) ''Reconstruction'' includes any overlay, sealing, or widening of the roadway, if the widening is necessary to bring the roadway width to the desirable minimum width consistent with the geometric design criteria of the department for 3R (reconstruction, resurfacing, and rehabilitation) projects that are not on a freeway, but does not include widening for the purpose of increasing the traffic capacity of a street or highway.

(3) ''Storm damage repair'' is repair or reconstruction of local streets and highways and related drainage improvements that have been damaged due to winter storms and flooding, and construction of drainage improvements to mitigate future roadway flooding and damage problems, in those jurisdictions that have been declared disaster areas by the President of the United States.

(f) (1) Cities and counties shall maintain their existing commitment of local funds for street and highway maintenance, rehabilitation, reconstruction, and storm damage repair in order to remain eligible for the allocation of funds pursuant to paragraph (4) or (5) of subdivision (c).

(2) In order to receive any allocation pursuant to paragraph (4) or (5) of subdivision (c), the city or county shall annually expend from its general fund for street, road, and highway purposes an amount not less than the annual average of its expenditures from its general fund during the 1996–97, 1997–98, and 1998–99 fiscal years, as reported to the Controller pursuant to Section 2151 of the Streets and Highways Code. For purposes of this paragraph, in calculating a city's or county's annual general fund expenditures and its average general fund expenditures for the 1996–97, 1997–98, and 1998–99 fiscal years, any unrestricted funds that the city or county may expend at its discretion, including vehicle in-lieu tax revenues and revenues from fines and forfeitures, expended for street and highway purposes shall be considered expenditures from the general fund. One-time allocations that have been expended for street and highway purposes, but which may not be available on an ongoing basis, including revenue provided under the Teeter Plan Bond Law of 1994 (Chapter 6.6 (commencing with Section 54773) of Part 1 of Division 2 of Title 5 of the Government Code, may not be considered when calculating a city's or county's annual general fund expenditures.

Each city and county shall furnish the data to the Controller not later than 120 days after receiving the request. The Controller may withhold payment to cities and counties that do not comply with the request for information or that provide incomplete data.

(4) At the conclusion of each fiscal year during which a city or county receives funding under paragraph (4) or (5) of subdivision (c), the Controller shall verify the city's or county's compliance with paragraph (1). Any city or county that has not complied with paragraph (1) shall reimburse the state for the funds it received during that fiscal year. Any funds withheld or returned as a result of a failure to comply with paragraph (1) shall be reallocated to the other counties and cities whose expenditures are in compliance.

(5) If a city or county fails to comply with the requirements of paragraph (1) in a particular fiscal year, the city or county may expend during that fiscal year and the following fiscal year a total amount that is not less than the total amount required to be expended for those fiscal years for purposes of complying with paragraph (1).

(6) The allocation made under paragraph (4) or (5) of subdivision (c) shall be expended not later than the end of the fiscal year following the fiscal year in which the allocation was made, and any funds not expended within that period shall be returned to the Controller and shall be reallocated to the other cities and counties pursuant to the allocation formulas set forth in paragraph (4) or (5) of subdivision (c).

(g) The Los Angeles County Metropolitan Transportation Authority shall give first priority for using its share of the funds made available under subparagraphs (B) and (C) of paragraph (2) of subdivision (c) to providing the levels of bus service mandated under the consent decree entered into by the authority on October 29, 1996, in the case of Labor/Community Strategy Center, et al. v. Los Angeles County Metropolitan Transportation Authority.

(h) This section shall become inoperative on June 30, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute that is enacted before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

Notwithstanding paragraph (4) of subdivision (c) of Section 10754 any revenue loss due to the amendments to Section 7102 made by Section 10 of the act adding this section may not be used by the Department of Finance to modify the offsets set forth in paragraphs (2) to (15), inclusive, of subdivision (b) of Section 10754.

The plan shall contain strategies to control cost and improve the efficiency of the program, and include a cost estimate for at least the first five years of the program.

(b) The plan shall be submitted to the commission for review and comments and shall be transmitted to the Governor and the Legislature not later than May 1, 1998.

(c) The plan shall be the basis for the department's budget request and for the adoption of fund estimates pursuant to Section 163.

SEC. 14. Section 182.6 of the Streets and Highways Code is amended to read:

182.6. (a) Notwithstanding Sections 182 and 182.5, Sections 188, 188.8, and 825 do not apply to the expenditure of an amount of federal funds equal to the amount of federal funds apportioned to the state pursuant to that portion of subsection (b)(3) of Section 104, subsections (a) and (c) of Section 157, and subsection (d) of Section 160 of Title 23 of the United States Code which is allocated within the state subject to subsection (d)(3) of Section 133 of that code. These funds shall be known as the regional surface transportation program funds. The department, the transportation planning agencies, the county transportation commissions, and the metropolitan planning organizations may do all things necessary in their jurisdictions to secure and expend those federal funds in accordance with the intent of federal law and this chapter.

(b) The regional surface transportation program funds shall be apportioned by the department to the metropolitan planning organizations designated pursuant to Section 134 of Title 23 of the United States Code and, in areas where none has been designated, to the transportation planning agency designated pursuant to Section 29532 of the Government Code. The funds shall be apportioned in the manner and in accordance with the formula set forth in subsection (d)(3) of Section 133 of Title 23 of the United States Code, except that the apportionment shall be among all areas of the state. Funds apportioned under this subdivision shall remain available for three federal fiscal years, including the federal fiscal year apportioned.

(c) Where county transportation commissions have been created by Division 12 (commencing with Section 130000) of the Public Utilities Code, all regional surface transportation program funds shall be further apportioned by the metropolitan planning organization to the county transportation commission on the basis of relative population.

In the Monterey Bay region, all regional surface transportation program funds shall be further apportioned, on the basis of relative population, by the metropolitan planning organization to the regional transportation planning agencies designated under subdivision (b) of Section 29532 of the Government Code.

(d) The applicable metropolitan planning organization, county transportation commission, or transportation planning agency shall annually apportion the regional surface transportation program funds for projects in each county, as follows:

(1) An amount equal to the amount apportioned under the federal-aid urban program in federal fiscal year 1990–91 adjusted for population. The adjustment for population shall be based on the population determined in the 1990 federal census except that no county shall be apportioned less than 110 percent of the apportionment received in the 1990–91 fiscal year. These funds shall be apportioned for projects implemented by cities, counties, and other transportation agencies on a fair and equitable basis based upon an annually updated five-year average of allocations. Projects shall be nominated by cities, counties, transit operators, and other public transportation agencies through a process that directly involves local government representatives.

(2) An amount not less than 110 percent of the amount that the county was apportioned under the federal-aid secondary program in federal fiscal year 1990–91, for use by that county.

(e) The department shall notify each metropolitan planning organization, county transportation commission, and transportation planning agency receiving an apportionment under this section, as soon as possible each year, of the amount of obligation authority estimated to be available for program purposes. The metropolitan planning organization and transportation planning agency, in cooperation with the department, congestion management agencies, cities, counties, and affected transit operators, shall select and program projects in conformance with federal law. The metropolitan planning organization and transportation planning agency shall submit its transportation improvement program prepared pursuant to Section 134 of Title 23 of the United States Code to the department for incorporation into the state transportation improvement program not later than August 1 of each even-numbered year beginning in 1994.

(f) Not later than July 1 of each year, the metropolitan planning organizations, and the regional transportation planning agencies,

receiving obligational authority under this article shall notify the department of the projected amount of obligational authority that each entity intends to use during the remainder of the current federal fiscal year, including, but not limited to, a list of projects that will be obligated by the end of the current federal fiscal year. Any federal obligational authority that will not be used shall be redistributed by the department to other projects in a manner that ensures that the state will continue to compete for and receive increased obligational authority during the federal redistribution of obligational authority. If the department does not have sufficient federal apportionments to fully use excess obligational authority, the metropolitan planning organizations or regional transportation planning agencies relinquishing obligational authority shall make sufficient apportionments available to the department to fund alternate projects, when practical, within the geographical areas relinquishing the obligational authority. Notwithstanding this subdivision, the department shall comply with subsections (d)(3) and (f) of Section 133 of Title 23 of the United States Code.

(g) A regional transportation planning agency that is not designated as, nor represented by, a metropolitan planning organization with an urbanized area population greater than 200,000 pursuant to the 1990 federal census may exchange its annual apportionment received pursuant to this section on a dollar-for-dollar basis for nonfederal State Highway Account funds, which shall be apportioned in accordance with subdivision (d).

(h) (1) If a regional transportation planning agency described in subdivision (g) does not elect to exchange its annual apportionment, a county located within the boundaries of that regional transportation planning agency may elect to exchange its annual apportionment received pursuant to paragraph (2) of subdivision (d) for nonfederal State Highway Account funds.

(2) A county not included in a regional transportation planning agency described in subdivision (g), whose apportionment pursuant to paragraph (2) of subdivision (d) was less than 1 percent of the total amount apportioned to all counties in the state may exchange its apportionment for nonfederal State Highway Account funds. If the apportionment to the county was more than $3^1/_2$ percent of the total apportioned to all counties in the state, it may exchange that portion of its apportionment in excess of $3^1/_2$ percent for nonfederal State Highway Account funds. Exchange funds received by a county pursuant to this section may be used for any transportation purpose.

(i) The department shall be responsible for closely monitoring the use of federal transportation funds, including regional surface transportation program funds to assure full and timely use. The department shall

prepare a quarterly report for submission to the commission regarding the progress in use of all federal transportation funds. The department shall notify the commission and the appropriate implementation agency whenever there is a failure to use federal funds within the three-year apportionment period established under subdivision (b).

(j) The department shall provide written notice to implementing agencies when there is one year remaining within the three-year apportionment period established under subdivision (b) of this section.

(k) Within six months of the date of notification required under subdivision (j), the implementing agency shall provide to the department a plan to obligate funds that includes, but need not be limited to, a list of projects and milestones.

(*l*) If the implementing agency has not met the milestones established in the implementation plan required under subdivision (k), prior to the end of the three-year apportionment period established under subdivision (b), the commission shall redirect those funds for use on other transportation projects in the state.

(m) Notwithstanding subdivisions (g) and (h), regional surface transportation program funds available under this section exchanged pursuant to Section 182.8 may be loaned to and expended by the department. The department shall repay to the Traffic Congestion Relief Fund all funds received as federal reimbursements for funds exchanged under Section 182.8 as they are received from the Federal Highway Administration.

SEC. 15. Section 182.7 of the Streets and Highways Code is amended to read:

182.7. (a) Notwithstanding Sections 182 and 182.5, Sections 188, 188.8, and 825 do not apply to the expenditure of an amount of federal funds equal to the amount of federal funds apportioned to the state pursuant to subsection (b)(2) of Section 104 of Title 23 of the United States Code. These funds shall be known as the congestion mitigation and air quality program funds and shall be expended in accordance with Section 19 of Title 3 of the United States Code. The department, the transportation planning agencies, and the metropolitan planning organizations may do all things necessary in their jurisdictions to secure and expend those federal funds in accordance with the intent of federal law and this chapter.

(b) The congestion mitigation and air quality program funds, including any funds to which subsection (c) of Section 110 of Title 23 of the United States Code, as added by subdivision (a) of Section 1310 of Public Law 105-178, applies, shall be apportioned by the department to the metropolitan planning organizations designated pursuant to Section 134 of Title 23 of the United States Code and, in areas where none has been designated, to the transportation planning agency

established by Section 29532 of the Government Code. The funds shall be apportioned to metropolitan planning organizations and transportation planning agencies responsible for air quality conformity determinations in federally designated air quality nonattainment and maintenance areas within the state in the manner and in accordance with the formula set forth in subsection (b)(2) of Section 104 of Title 23 of the United States Code. Funds apportioned under this subdivision shall remain available for three federal fiscal years, including the federal fiscal year apportioned.

(c) Notwithstanding subdivision (b), where county transportation commissions have been created by Division 12 (commencing with Section 130000) of the Public Utilities Code, all congestion mitigation and air quality program funds shall be further apportioned by the metropolitan planning organization to the county transportation commission on the basis of relative population within the federally designated air quality nonattainment and maintenance areas after first apportioning to the nonattainment and maintenance areas in the manner and in accordance with the formula set forth in subsection (b)(2) of Section 104 of Title 23 of the United States Code.

In the Monterey Bay region, all congestion mitigation and air quality improvement program funds shall be further apportioned, on the basis of relative population, by the metropolitan planning organization to the regional transportation planning agencies designated under subdivision (b) of Section 29532 of the Government Code.

(d) The department shall notify each metropolitan planning organization, transportation planning agency, and county transportation commission receiving an apportionment under this section, as soon as possible each year, of the amount of obligational authority estimated to be available for expenditure from the federal apportionment. The metropolitan planning organizations, transportation planning agencies, and county transportation commissions, in cooperation with the department, congestion management agencies, cities and counties, and affected transit operators, shall select and program projects in conformance with federal law. Each metropolitan planning organization and transportation planning agency shall, not later than August 1 of each even-numbered year beginning in 1994, submit its transportation improvement program prepared pursuant to Section 134 of Title 23 of the United States Code to the department for incorporation into the state transportation improvement program.

(e) Not later than July 1 of each year, the metropolitan planning organizations and the regional transportation planning agencies receiving obligational authority under this section, shall notify the department of the projected amount of obligational authority that each entity intends to use during the remainder of the current federal fiscal

year, including, but not limited to, a list of projects that will use the obligational authority. Any federal obligational authority that will not be used shall be redistributed by the department to other projects in a manner that ensures that the state will continue to compete for and receive increased obligational authority during the federal redistribution of obligational authority. If the department does not have sufficient federal apportionments to fully use excess obligational authority, the metropolitan planning organization or transportation planning agency relinquishing obligational authority shall make sufficient apportionments available to the department to fund alternate projects, when practical, within the geographical areas relinquishing the obligational authority. Notwithstanding this subdivision, the department shall comply with subsection (f) of Section 133 of Title 23 of the United States Code.

(f) The department shall be responsible for closely monitoring the use of federal transportation funds, including congestion management and air quality funds to assure full and timely use. The department shall prepare a quarterly report for submission to the commission regarding the progress in use of all federal transportation funds. The department shall notify the commission and the appropriate implementation agency whenever there is a failure to use federal funds within the three-year apportionment period established under subdivision (b).

(g) The department shall provide written notice to implementing agencies when there is one year remaining within the three-year apportionment period established under subdivision (b) of this section.

(h) Within six months of the date of notification required under subdivision (g), the implementing agency shall provide to the department a plan to obligate funds that includes, but need not be limited to, a list of projects and milestones.

(i) If the implementing agency has not met the milestones established in the implementation plan required under subdivision (h) above, prior to the end of the three-year apportionment period established under subdivision (b), the commission shall redirect those funds for use on other transportation projects in the state.

(j) Congestion mitigation and air quality program funds available under this section exchanged pursuant to Section 182.8 may be loaned to and expended by the department. The department shall repay to the Traffic Congestion Relief Fund all funds received as federal reimbursements for funds exchanged under Section 182.8 as they are received from the Federal Highway Administration.

SEC. 16. Section 182.8 is added to the Streets and Highways Code, to read:

182.8. (a) It is the intent of the Legislature that this program help increase flexibility in the use of state and federal funding to complete

transportation improvements. The ability to exchange certain federal funds for state funds may enhance that flexibility. However, it is the intent of the Legislature that the commission make these exchanges only if the exchanges do not compromise other state funded projects or activities.

(b) The commission shall propose guidelines and procedures to implement this section, hold a public hearing on the guidelines, and adopt the guidelines on or before February 1, 2001. The commission shall begin the exchange program on or before February 1, 2001, if it determines that funding is available for that purpose. The commission may amend its guidelines after holding a public hearing, but may not amend the guidelines between the time it notifies regional transportation planning agencies of the amount of state funds available for exchange and its approval of projects for exchange in any given year.

(c) On or before January 5 of each year, the department shall report to the commission the amounts apportioned as federal local assistance in the regional surface transportation and congestion mitigation and air quality programs for the year, the Federal Obligation Authority for the year, and the amount of federal funds it expects to be able to obligate for work on projects in all programs on or before September 30 of that year, and the commission, in cooperation with the department, shall determine the amount of state funds from the Traffic Congestion Relief Fund that can be made available for exchange under this section. If the release of federal apportionments and obligational authority is delayed beyond November 1 in any year, all the dates specified in this section shall be extended by an equivalent time, however, all federal funds exchanged shall be obligated on or before September 30 of the current federal fiscal year.

(d) The commission may exchange funds under this section if it determines all of the following:

(1) Adequate state funds are available to accomplish the exchange without putting at risk other transportation activities or projects needing state funds.

(2) Any exchange will be consistent with full implementation of the Traffic Congestion Relief Act of 2000.

(3) Federal funds received in exchange can be readily and effectively used on other projects or activities by the state during the federal fiscal year.

(e) After making the determinations set forth in subdivision (d) the commission may offer to exchange state funds from the Traffic Congestion Relief Fund for federal local assistance funds, subject to the limits imposed under this section. For the purpose of this section, ''federal local assistance'' funds means regional surface transportation program or congestion mitigation and air quality program

apportionments received that federal fiscal year and apportioned as local assistance pursuant to Sections 182.6 and 182.7.

(f) Not later than February 1 of each year, the commission shall notify the regional transportation planning agencies of the amount of state funds available for exchange for federal local assistance funds for that year. The maximum amount of state funds to be exchanged may not exceed 50 percent of the total amount of federal regional surface transportation program and congestion mitigation and air quality program funds apportioned for the current fiscal year as local assistance pursuant to subdivision (b) of Section 182.6 and subdivision (b) of Section 182.7, exclusive of state funds that may be exchanged pursuant to subdivision (g) of Section 182.6, paragraphs (1) and (2) of subdivision (h) of Section 182.6, or Section 182.7. Federal funds exchanged under this program shall be available for projects identified by the commission as ready to obligate during determination of the amount available for exchange. In no event will the amount of exchange exceed the department's ability to obligate all federal funds during the current federal fiscal year. The commission may not exchange state funds for regional surface transportation program funds required to be spent for transportation enhancements. This section does not affect the amount of exchange under subdivision (g) of Sections 182.6, or paragraphs (1) and (2) of subdivision (h) of Section 182.6.

(g) Regional transportation planning agencies may submit applications for exchange of funds to the commission not later than March 15 of each year. Applications shall identify the proposed use for the exchange funds, including project descriptions, cost estimates, scopes of work, schedules for construction, schedules for expenditures, and any other information required by the commission. The commission may require a region to identify priorities among applications it submits.

(h) If the commission receives applications for more exchange funds than the amount of state funds available, the commission shall select projects for exchange up to the amount of state funds available. The commission shall explain the criteria it uses to select projects, which shall include, but are not limited to, all of the following:

(1) Removal of all federal funds from projects.

(2) Assessment of projects that would benefit most from removal of federal funding because of size, type, location, agency capability, features, or federal requirements.

(3) Approximate relative equity within the program among regions in receiving state exchange funds over a multiyear period.

(i) The commission may exchange state funds for federal local assistance funds with agencies requesting exchanges. Agencies wishing to exchange their federal funds shall provide apportionments and obligation authority at the same rate the Federal Highway

Administration distributes obligation authority. Agencies exchanging federal funds shall receive funds equal to 90 percent of the obligation authority exchanged. The commission shall approve exchanges of funds not later than its second regularly scheduled meeting following March 15 each year.

(j) The commission shall determine an exchange payment schedule based on expenditure plans. The commission may suspend exchange payment schedules if it determines projects are not proceeding.

(k) For financial display and reporting purposes, obligational authority received pursuant to this section shall be reported as a revenue accrual in the Traffic Congestion Relief Fund in the year in which the exchange is approved under subdivision (i). Funds approved for exchange shall be accrued as expenditures in the year in which the exchange is approved. Notwithstanding Section 16362 of the Government Code, the department shall immediately deposit into the Traffic Congestion Relief Funds all moneys reimbursed by the Federal Highway Administration, as a result of expending the exchanged obligation authority.

(*l*) State funds provided through an exchange under this section must be encumbered within one year and expended within three years.

(m) Upon adoption of its implementing guidelines, the commission may consider requests for exchanges under this section.

(n) Regional and local agencies shall use state exchange funds only for projects or purposes for which the federal local assistance funds being exchanged were originally intended, and may not supplant local funds on projects in order that those local funds can subsequently be used for nontransportation purposes. The commission may ask agencies to certify that they are meeting this requirement. Agencies not meeting this maintenance of effort requirement may not be allowed to participate in the next exchange cycle.

(o) The commission shall include a summary of exchanges made pursuant to this section in its annual report to the Governor and Legislature pursuant to Section 14556.36, including an assessment of progress in implementing projects funded by exchanges, and discussion of issues and recommendations related to implementation of the exchange program.

(p) Not later than the effective date of the reauthorization of the federal surface transportation act, the commission shall submit a report to the Governor and the Legislature recommending any changes in the exchange program necessitated by that reauthorization.

SEC. 17. Section 183.1 is added to the Streets and Highways Code, to read:

183.1. (a) Notwithstanding subdivision (a) of Section 182 or any other provision of law, money deposited into the account that is not

subject to Article XIX of the California Constitution, including, but not limited to, money that is derived from the sale of documents, charges for miscellaneous services to the public, condemnation deposits fund investments, rental of state property, or any other miscellaneous uses of property or money, may be used for any transportation purpose authorized by statute, upon appropriation by the Legislature or, after transfer to another fund, upon appropriation by the Legislature from that fund.

(b) Not later than November 1 of each year, based on prior year financial statements, the State Controller shall transfer the funds identified in subdivision (a) for the prior fiscal year to the Public Transportation Account in the State Transportation Fund.

SEC. 18. Section 2182 is added to the Streets and Highways Code, to read:

2182. (a) The funds appropriated from the Traffic Congestion Relief Fund pursuant to Section 21 of the act that added this section shall be allocated by the Controller to cities and counties for street and road maintenance, rehabilitation, and reconstruction. Four hundred million dollars ($400,000,000) shall be allocated to the counties, including a city and county, and cities, including a city and county, as follows:

(1) Fifty percent to the counties, including a city and county, in accordance with the following formulas:

(A) Seventy-five percent of the funds payable under this paragraph shall be apportioned among the counties in the proportion that the number of fee-paid and exempt vehicles that are registered in the county bears to the number of fee-paid and exempt vehicles registered in the state.

(B) Twenty-five percent of the funds payable under this paragraph shall be apportioned among the counties in the proportion that the number of miles of maintained county roads in each county bears to the total number of miles of maintained county roads in the state. For the purposes of apportioning funds under this subparagraph, any roads within the boundaries of a city and county that are not state highways shall be deemed to be county roads.

(2) Fifty percent to cities, including a city and county, apportioned among the cities in the proportion that the total population of the city bears to the total population of all the cities in the state.

(b) Funds received under this section shall be deposited as follows in order to avoid the commingling of those funds with other local funds:

(1) In the case of a city, into the city account that is designated for the receipt of state funds allocated for transportation purposes.

(2) In the case of a county, into the county road fund.

(3) In the case of a city and county, into a local account that is designated for the receipt of state funds allocated for transportation purposes.

(c) Funds apportioned to a city or county under this section shall be used only for street and highway pavement maintenance, rehabilitation, and reconstruction of necessary associated facilities such as drainage and traffic control devices. Rehabilitation or reconstruction may include widening necessary to bring the roadway width to the desirable minimum pavement width consistent with accepted design standards for local streets and roads, but does not include widening or increasing the traffic capacity of a street or road.

(a) The Legislature finds and declares that it intends cities and counties to use the funds made available from Section 21 of the act that added this section to supplement existing local revenues being used for maintenance and rehabilitation of local streets and roads. Cities and counties shall maintain their existing commitment of local funds for maintenance and rehabilitation of local streets and roads in order to remain eligible for allocation and expenditure of the additional four hundred million dollars ($400,000,000) made available by Section 21 of the act that added this section.

(b) In order to receive any allocation pursuant to Section 2182, the city or county shall annually expend from its general fund for street, road, and highway purposes an amount not less than the annual average of its expenditures from its general fund during the 1996–97, 1997–98, and 1998–99 fiscal years, as reported to the Controller pursuant to Section 2151. For purposes of this subdivision, in calculating a city's or county's annual general fund expenditures and its average general fund expenditures for the 1996–97, 1997–98, and 1998–99 fiscal years, any unrestricted funds that the city or county may expend at its discretion, including vehicle in-lieu tax revenues and revenues from fines and forfeitures, expended for street and highway purposes shall be considered expenditures from the general fund. One-time allocations that have been expended for street and highway purposes, but which may not be available on an ongoing basis, including revenue provided under the Teeter Plan Bond Law of 1994 (Chapter 6.6 (commencing with Section 54773) of Part 1 of Division 2 of Title 5 of the Government Code, may not be considered when calculating a city's or county's annual general fund expenditures.

(c) For purposes of subdivision (a), the Controller may request fiscal data from cities and counties, in addition to data provided pursuant to Section 2151, for the 1996–97, 1997–98, and 1998–99 fiscal years. Each city and county shall furnish the data to the Controller not later than 120

days after receiving the request. The Controller may withhold payment to cities and counties that do not comply with the request for information or that provide incomplete data.

(d) At the conclusion of each fiscal year during which a city or county receives funding under Section 2182, the Controller shall verify the city's or county's compliance with subdivision (a). Any city or county that has not complied with subdivision (a) shall reimburse the state for the funds it received during that fiscal year. Any funds withheld or returned as a result of a failure to comply with subdivision (a) shall be reallocated to the other counties and cities whose expenditures are in compliance.

(e) If a city or county fails to comply with the requirements of subdivision (a) in a particular fiscal year, the city or county may expend during that fiscal year and the following fiscal year a total amount that is not less than the total amount required to be expended for those fiscal years for purposes of complying with subdivision (a).

(f) The allocation made under Section 2182 shall be expended not later than the end of the fiscal year following the fiscal year in which the allocation was made, and any funds not expended within that period shall be returned to the Controller and shall be reallocated to the other cities and counties pursuant to the allocation formulas set forth in Section 2182.

SEC. 20. The sum of one billion five hundred million dollars ($1,500,000,000) is hereby appropriated from the General Fund to the Traffic Congestion Relief Fund for the purposes of Section 14556.5 of the Government Code.

For

the 2000–01 fiscal year, the Director of Finance shall adjust the amount required to be allocated to school districts and community college districts to ensure that paragraphs (11), (12), and (13) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, as amended by Section 10 of this act, do not diminish the funding level for school districts and community college districts to a funding level below that required absent the transfer authorized by paragraphs (11), (12), and (13) of subdivision (a) of Section 7102 of the Revenue and Taxation Code, as amended by Section 10 of this act.

SEC. 24. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 92

An act to add Section 14556.40 to the Government Code, relating to transportation.

[Approved by Governor July 6, 2000. Filed with Secretary of State July 7, 2000.]

I am signing Senate Bill No. 406, which corrects certain provisions of AB 2928, a comprehensive transportation funding measure which incorporates most of the proposals I made for almost $5 billion in congestion relief, transportation system connectivity and goods movement projects. This bill contains the same list of project funding allocations, with a few modifications, as is contained in AB 2928. I am taking identical veto actions on projects in this bill that I took when signing AB 2928.

I am reducing or eliminating certain appropriations made in Section 6 of the bill, which adds Chapter 4.5 (commencing with Article 5, Section 14556.40) to Part 5.3 of Division 3 of Title 2 of the Government Code, by a total of $93,800,000. These expenditures are being eliminated because I have specific concerns about the projects and their priority for inclusion in this plan, and about the precedent these projects would set with respect to state expenditures. Additionally, I am requesting that the Legislature enact subsequent legislation to correct certain technical defects in this bill and modify the financing of the program to have less of an impact on the State General Fund in future years.

I am reducing the expenditures in Chapter 4.5, Article 5, Section 14556.40, subsection (a) of the Government Code by eliminating or reducing the following paragraphs:

Paragraph (120) is eliminated, which allocates $1,500,000 to Yuba County for the Yuba Airport runway extension and associated improvements. This project is not a congestion relief project affecting most travelers in the area..

Paragraph (125) is eliminated, which allocates $5,000,000 to the Orange County Transportation Authority for the Route 57 toll road environmental impact report and study for expansion project. The franchise agreement for this project prohibits use of state funds in this fashion.

Paragraph (130) is eliminated, which allocates $3,500,000 to the City of Garden Grove for the Route 22; connector to the interchange with I-405. Over $206 million for Route 22 is already included in Paragraph (70).

Paragraph (131) is eliminated, which allocates $800,000 to the town of Apple Valley for the Bear Valley Road closure project and Kasota Road safety redesign. Funding for this project may be available in the State Highway Operations and Preservation Program and through local street and road funding.

Paragraph (132) is eliminated, which allocates $7,000,000 to Los Angeles County for the Fairway Drive grade separation project in the San Gabriel Valley. This project already has access to several funding sources through the Alameda Corridor East Project.

Paragraph (136) is eliminated, which allocates $3,500,000 to City of Palmdale for the widening of Avenue S; between Route 14 and Route 138. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (137) is eliminated, which allocates $5,500,000 to City of Lancaster for improvements to the Fox Field Industrial Corridor. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (138) is reduced by $3,000,000 to $4,000,000, which allocates funds to the Cross Valley Rail Corridor Joint Powers Authority for the upgrade of railroad track from Visalia to Huron. This project mainly funds improvements to rail lines that will be used by short line freight rail. Although I recognize that this project may provide significant local goods movement capacity, I expect local and railroad funds to provide the majority of funding.

Paragraph (142) is reduced by $1,500,000 to $2,000,000 for the City of West Hollywood for the repair, maintenance, and mitigation of Santa Monica Boulevard. A portion this project appears to be eligible for the street and road maintenance funding provided in this measure.

Paragraph (143) is eliminated, which allocates $1,900,000 to the Capital Corridor Joint Powers Authority for the expansion of Intercity rail service between San Jose, Oakland, and the Sacramento region. Such service cannot be implemented this year, and the ongoing operating costs should be funded from the Public Transportation Account in due course.

Paragraph (144) is reduced by $45,000,000 to $5,000,000 for the Golden Gate Bridge Highway and Transportation District for the seismic retrofit of the Golden Gate Bridge. It is my understanding that other funding sources are available, and Caltrans will be working with the District to assist in securing federal funding for this project.

Paragraph (147) is eliminated, which allocates $7,000,000 to the Imperial Valley Association of Governments for the reconstruction of the I-8/Imperial Avenue interchange. This project does not appear to provide significant congestion relief or to fit other priorities for use of these funds.

Paragraph (155) is eliminated, which allocates $8,600,000 to the City of Chula Vista to acquire right-of-way, build, and operate a 10-mile limited access toll facility from San Miguel Road to Otay Mesa Road and conduct a due diligence review, including an independent appraisal of the feasibility of acquisition by a public agency of the Route 125 franchise agreement authorized under Section 143 of the Streets and Highways Code. I do not support state funding for the acquisition of a private toll road franchise.

(2) It is the intent of the Legislature that, notwithstanding Section 13967, funds be appropriated in the annual Budget Act to the State Department of Mental Health from those funds that are determined to be in excess of the amount needed pursuant to paragraph (1), for the purposes of this section.

(b) Notwithstanding any other provision of law, moneys in the Restitution Fund appropriated in the annual Budget Act pursuant to subdivision (a) may be used to fund programs and activities operated by the State Department of Mental Health, that address the problem of unequal protection for, and unequal services to, crime victims with disabilities.

1356. (a) Each plan applying for licensure under this chapter shall reimburse the director for the actual cost of processing the application, including overhead, up to an amount not to exceed twenty-five thousand dollars ($25,000). The cost shall be billed not more frequently than monthly and shall be remitted by the applicant to the director within 30 days of the date of billing. The director shall not issue a license to any applicant prior to receiving payment in full for all amounts charged pursuant to this subdivision.

(b) In addition to other fees and reimbursements required to be paid under this chapter, each licensed plan shall pay to the director an amount as estimated by the director for the ensuing fiscal year, as a reimbursement of its share of all costs and expenses, including, but not limited to, costs and expenses associated with routine financial examinations, grievances and complaints including maintaining a toll-free number for consumer grievances and complaints, investigation and enforcement, medical surveys and reports, and overhead, reasonably incurred in the administration of this chapter and not otherwise recovered by the director under this chapter or from the Managed Care Fund. The amount may be paid in two equal installments. The first

installment shall be paid on or before August 1 of each year, and the second installment shall be paid on or before December 15 of each year. The amount paid by each plan, except a plan offering only specialized health care service plan contracts, shall be twelve thousand five hundred dollars ($12,500), plus an amount up to, but not exceeding, an amount computed in accordance with the following schedule:

Plan Enrollment	Amount of Assessment
0 to 25,000	$0 + 65 cents for each enrollee

The amount paid by each plan shall be for each enrollee enrolled in its plan in this state as of the preceding March 31, and shall be fixed by the director by notice to all licensed plans on or before June 15 of each year. A plan that is unable to report the number of enrollees enrolled in the plan because it does not collect that data, shall provide the director with an estimate of the number of enrollees enrolled in the plan and the method used for determining the estimate. The director may, upon giving written notice to the plan, revise the estimate if the commissioner determines that the method used for determining the estimate was not reasonable.

In determining the amount assessed, the director shall consider all appropriations from the Managed Care Fund for the support of this chapter and all reimbursements provided for in this chapter.

(c) Each licensed plan shall also pay two thousand dollars ($2,000), plus an amount up to, but not exceeding, forty-eight hundredths of one cent ($0.0048) for each enrollee for the purpose of reimbursing its share of all costs and expenses, including overhead, reasonably anticipated to be incurred by the department in administering Sections 1394.7 and 1394.8 during the current fiscal year. (e) The director by notice to all licensed plans on or before September 15, 2000, may require health care service plans to pay an additional assessment to provide the department with sufficient revenues to support costs and expenses as set forth in this section and subdivision (b) of Section 1341.4 for the 2000–01, 2001–02, and 2002–03 fiscal years. The assessment pursuant to this subdivision is separate and independent of the assessment in subdivision (b), and may not be aggregated for the purposes of limitation or otherwise with the assessment in subdivision (b). The assessment pursuant to this subdivision is not subject to the limitations imposed on assessments pursuant to Section 1356.1. In imposing an assessment pursuant to this subdivision the director shall levy on each plan an amount determined by the director using the categories of plans in the schedules set forth in subdivision (b). The assessment shall be paid in full or in two equal installments, as determined by the department. On July 1, 2003, and thereafter, the director may raise the assessment limit pursuant to subdivision (b) to incorporate annual expenditure levels set forth in this subdivision.

(f) For the purpose of calculating the assessment under this section, an enrollee who is enrolled in one plan and who receives health care services under arrangements made by another plan or plans, whether pursuant to a contract, agreement, or otherwise, shall be considered to be enrolled in each of the plans.

SEC. 9. Section 1395 of the Health and Safety Code is amended to read:

1395. (a) Notwithstanding Article 6 (commencing with Section 650) of Chapter 1 of Division 2 of the Business and Professions Code, any health care service plan or specialized health care service plan may, except as limited by this subdivision, solicit or advertise with regard to the cost of subscription or enrollment, facilities and services rendered, provided, however, Article 5 (commencing with Section 600) of Chapter 1 of Division 2 of the Business and Professions Code remains in effect.

Any price advertisement shall be exact, without the use of such phrases as "as low as," "and up," "lowest prices" or words or phrases of similar import. Any advertisement that refers to services, or costs for the services, and that uses words of comparison must be based on verifiable data substantiating the comparison. Any health care service plan or specialized health care service plan so advertising shall be prepared to provide information sufficient to establish the accuracy of the comparison. Price advertising shall not be fraudulent, deceitful, or misleading, nor contain any offers of discounts, premiums, gifts, or bait of similar nature. In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

(b) Plans licensed under this chapter shall not be deemed to be engaged in the practice of a profession, and may employ, or contract with, any professional licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code to deliver professional services. Employment by or a contract with a plan as a provider of professional services shall not constitute a ground for disciplinary action against a health professional licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code by a licensing agency regulating a particular health care profession.

(c) A health care service plan licensed under this chapter may directly own, and may directly operate through its professional employees or contracted licensed professionals, offices and subsidiary corporations, including pharmacies that satisfy the requirements of subdivision (d) of Section 4080.5 of the Business and Professions Code, as are necessary to provide health care services to the plan's subscribers and enrollees.

(d) A professional licensed pursuant to the provisions of Division 2 (commencing with Section 500) of the Business and Professions Code who is employed by, or under contract to, a plan may not own or control offices or branch offices beyond those expressly permitted by the provisions of the Business and Professions Code.

(e) Nothing in this chapter shall be construed to repeal, abolish, or diminish the effect of Section 129450 of the Health and Safety Code.

(f) Except as specifically provided in this chapter, nothing in this chapter shall be construed to limit the effect of the laws governing professional corporations, as they appear in applicable provisions of the Business and Professions Code, upon specialized health care service plans.

(g) No representative of a participating health plan or its subcontractor representative shall in any manner use false or misleading

claims to misrepresent itself, the plan, the subcontractor, or the Healthy Families or Medi-Cal program while engaging in application assistance activities that are subject to this section. Notwithstanding any other provision of this chapter, any representative of the health care plan or of the health care plan's subcontractor who violates any of the provisions of Section 12695.325 of the Insurance Code shall only be subject to a fine of five hundred dollars ($500) for each of those violations.

(h) A health care service plan shall comply with Section 12693.325 of the Insurance Code and Section 14409 of the Welfare and Institutions Code. In addition to any other disciplinary powers provided by this chapter, if a health care service plan violates any of the provisions of Section 12693.325 of the Insurance Code, the department may prohibit the health care service plan from providing application assistance and contacting applicants pursuant to Section 12693.325 of the Insurance Code.

(1) Relocation expenses incurred by the state department, in the event of a facility closure.

(2) Maintenance of facility operation pending correction of deficiencies or closure, such as temporary management or receivership, in the event that the revenues of the facility are insufficient.

(3) Reimbursing residents for personal funds lost. In the event that the loss is a result of the actions of a long-term health care facility or its employees, the revenues of the facility shall first be used.

(4) The costs associated with informational meetings required under Section 1327.2.

(b) Notwithstanding subdivision (a), the balance in the Health Facilities Citation Penalties Account shall not, at any time, exceed ten million dollars ($10,000,000).

(c) Monetary awards presented under this section and paid for by funds appropriated from the General Fund shall be used for staff bonuses and distributed in accordance with criteria established by the department.

(d) Monetary awards presented under this section and paid for from funds from the Federal Citation Penalty Account shall be used to fund innovative facility grants to improve the quality of care and quality of life for residents in skilled nursing facilities.

1421.1. (a) Within 24 hours of the occurrence of any of the events specified in subdivision (b), the licensee of a skilled nursing facility shall notify the department of the occurrence. This notification may be in written form if it is provided by telephone facsimile or by overnight mail, or by telephone with a written confirmation within five calendar days. The information provided pursuant to this subdivision may not be released to the public by the department unless its release is needed to justify an action taken by the department or it otherwise becomes a matter of public record. (b) The authority may transfer unused portions of the Emergency Medical Services Personnel Fund to the Surplus Money Investment Fund. Funds transferred to the Surplus Money Investment Fund shall be placed in a separate trust account, and shall be available for transfer to the Emergency Medical Services Personnel Fund, together with interest earned, when requested by the authority.

(c) The authority shall maintain a reserve balance in the Emergency Medical Services Personnel Fund of five percent. Any increase in the fees deposited in the Emergency Medical Services Personnel Fund shall be effective upon a determination by the authority that additional moneys are required to fund expenditures of the personnel licensure program, including, but not limited to, reimbursements to entities set forth in subdivision (a).

SEC. 15. Section 101230 of the Health and Safety Code is amended to read:

101230. From the appropriation made for the purposes of this article, allocation shall be made to the administrative bodies of

qualifying local health jurisdictions described as public health administrative organizations in Section 101185 in the following manner:

(a) A basic allotment as follows:

To the administrative bodies of local health jurisdictions a basic allotment of one hundred thousand dollars ($100,000) per local health jurisdiction or twenty-one and two-tenths cents ($0.212426630) per capita, whichever is greater. The population estimates used for the calculation of the per capita allotment shall be based on the Department of Finance's E-1 Report, ''City/County Population Estimates with Annual Percentage Changes'' as of January 1 of the previous fiscal year. However, if within a county there are one or more city health jurisdictions, the county shall subtract the population of the city or cities from the county total population for purposes of calculating the per capita total. If the amounts appropriated are insufficient to fully fund the allocations specified in this subdivision, the State Department of Health Services shall prorate and adjust each local health jurisdiction's allocation using the same percentage that each local health jurisdiction's allocation represents to the total appropriation under the allocation methodology specified in this subdivision.

(b) A per capita allotment, determined as follows:

After deducting the amounts allowed for the basic allotment as provided in subdivision (a), the balance of the appropriation, if any, shall be allotted on a per capita basis to the administrative body of each local health jurisdiction in the proportion that the population of that local health jurisdiction bears to the population of all qualified local health jurisdictions of the state.

(c) Beginning in the fiscal year 1998–99, funds appropriated for the purposes of this article shall be used to supplement existing levels of the services described in paragraphs (1) and (2) of subdivision (d) provided by qualifying participating local health jurisdictions. As part of a county's or city's annual realignment trust fund report to the Controller, a participating county or city shall annually certify to the Controller that it has deposited county or city funds equal to or exceeding the amount described in subdivisions (a) and (b) of Section 17608.10. The county or city shall not be required to submit any additional reports or modifications to existing reports to document compliance with this subdivision. Funds shall be disbursed quarterly in advance to local health jurisdictions beginning July 1, 1998. If a county or city does not accept its allocation, any unallocated funds provided under this section shall be redistributed according to subdivision (b) to the participating counties and cities that remain.

(d) Funds shall be used for the following:

(1) Communicable disease control activities. Communicable disease control activities shall include, but not be limited to, communicable

disease prevention, epidemiologic services, public health laboratory identification, surveillance, immunizations, followup care for sexually transmitted disease and tuberculosis control, and support services.

104160. The State Department of Health Services shall utilize existing mechanisms to maintain, expand, and ensure quality breast cancer treatment for low-income, and uninsured persons who are diagnosed with breast cancer. The department shall award one or more contracts to provide breast cancer treatment through private or public nonprofit organizations, including, but not limited to, community-based organizations, local health care providers, and the University of California medical centers. The contracts shall not be subject to Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

SEC. 18. Section 104161 of the Health and Safety Code is amended to read:

104161. For purposes of this chapter, breast cancer treatment shall include, but shall not be limited to, lumpectomy, mastectomy, chemotherapy, hormone therapy, radiotherapy, and reconstructive surgery.

SEC. 19. Section 104162 of the Health and Safety Code is amended to read:

104162. Treatment under this chapter shall be provided to uninsured and underinsured persons with incomes at or below 200 percent of the federal poverty level.

SEC. 20. Section 104163 of the Health and Safety Code is amended to read:

104163. The department shall contract for breast cancer treatment services only at the level of funding budgeted from state and other sources during a fiscal year in which the Legislature has appropriated funds to the department for this purpose.

SEC. 21. Section 104164 of the Health and Safety Code is repealed.

SEC. 22. Article 1.7 (commencing with Section 104170) is added to Chapter 2 of Part 1 of Division 103 of the Health and Safety Code, to read:

Article 1.7. Human Leukocyte Antigen Testing Fund

104170. (a) The Human Leukocyte Antigen Testing Fund is hereby established in the State Treasury, to be administered by the State Department of Health Services. Moneys in the fund shall be subject to appropriation in the annual Budget Act, and shall be used to pay the costs of blood collection and human leukocyte antigen typing, also referred to as histocompatibility locus antigen (HLA) testing, for A, B, and DR antigens for use in bone marrow transplantation by California blood centers under contract with the federal National Marrow Donor Program provided for pursuant to Public Law 101-302.

(b) Moneys in the fund may only be expended if the individual being tested completes and signs a informed consent form authorizing the use of test results for participation in the federal program referred to in subdivision (a). The form shall require a declaration from the donor as to whether he or she has health plan benefits that would cover the cost of HLA testing. Moneys in the fund shall not be used to pay for the testing of a health plan enrollee if the health plan covers the cost of HLA testing for the enrollee.

SEC. 23. The Legislature finds and declares all of the following:

(a) Asthma is a chronic respiratory illness of enormous public health significance.

(b) Asthma is a disease that affects an estimated 2,000,000 Californians.

(c) Asthma is a leading cause of preventable hospitalization and absenteeism from school and work.

(d) In 1995, there were approximately 42,000 asthma-related hospital stays in California, including about 17,000 for children, costing over three hundred fifty million dollars ($350,000,000). Nearly 40 percent of those hospital stays were funded by the Medi-Cal program.

(e) Asthma is one of the most chronic conditions in children. It is a leading cause of school absences, and is one of the leading causes of hospital admissions for children in California.

(f) Although asthma is a major health problem, our scientific understanding of asthma has dramatically improved in recent years, and national guidelines for asthma diagnosis and management have been published to bridge the gap between the latest scientific-based evidence and actual practice.

(g) Researchers understand more about the environmental and social risk factors for asthma, and several asthma self-management programs have been developed allowing patients and their families to better understand and manage asthma.

(h) Despite this new understanding, asthma prevalence and death rates have increased over the last two decades.

(i) Asthma remains an especially severe health problem for certain populations, including African-Americans and those living in poverty. Asthma-related hospitalization and death rates for African-Americans are alarmingly high.

(j) New and innovative models for asthma management, which improve upon prior experience, must be developed and implemented. A successful asthma control program will continuously incorporate the latest scientific advances to improve the health of the state's population.

(k) In addition, factors that contribute to asthma morbidity, such as environmental and occupational exposures, must be evaluated and controlled. Allergens have been found to be an important trigger factor for asthma. These include pollen, fungi, mold, animal dander, cockroach allergens, and certain foods.

(*l*) Successful asthma control programs will require coordination of the efforts of individuals, families, health care providers, health care systems, school systems, employers, and state and local governments.

(m) Reducing the burden of asthma, especially among the most severely impacted populations, will require well-coordinated, long-term, multilevel programs.

SEC. 24. Chapter 6.5 (commencing with Section 104316) is added to Part 1 of Division 103 of the Health and Safety Code, to read:

CHAPTER 6.5. REDUCTION OF ASTHMA THROUGH ASSESSMENT, INTERVENTION, AND EVALUATION

104316. (a) Contingent upon appropriation in the annual Budget Act, the State Department of Health Services shall do all of the following:

(1) Regularly analyze asthma morbidity and mortality data, and shall periodically assess the burden of asthma on the state's medical and economic resources, and identify those populations most seriously affected by the disease.

(2) Survey factors known to worsen asthma, including allergy induced asthma, such as cockroach allergens and molds, in order to estimate the relative importance of these factors in California.

(3) Assess patterns of medical care and population-based health services, and the extent of ongoing local, regional, educational, environmental, and other asthma interventions and related activities.

(b) The information gained pursuant to subdivision (a) shall be used to guide the development of public health programs and asthma policy.

104317. (a) The department shall offer public and professional education to disseminate the most current information on asthma.

(b) The department shall assist health care organizations, such as managed care organizations, in identifying or developing effective

asthma diagnosis and treatment protocols. The department shall improve clinical practice by working with experts, partnering with health care organizations, and conferring with interested constituencies.

SEC. 34. Section 124900 of the Health and Safety Code is amended to read:

124900. (a) (1) The State Department of Health Services shall select primary care clinics that are licensed under paragraph (1) or (2) of subdivision (a) of Section 1204, or are exempt from licensure under subdivision (c) of Section 1206, to be reimbursed for delivering medical services, including preventative health care, and smoking prevention and cessation health education, to program beneficiaries.

(2) Except as provided for in paragraph (3), in order to be eligible to receive funds under this article a clinic shall meet all of the following conditions, at a minimum:

(A) Provide medical diagnosis and treatment.

(B) Provide medical support services of patients in all stages of illness.

(C) Provide communication of information about diagnosis, treatment, prevention, and prognosis.

(D) Provide maintenance of patients with chronic illness.

(E) Provide prevention of disability and disease through detection, education, persuasion, and preventive treatment.

(F) Meet one or both of the following conditions:

(i) Are located in an area federally designated as a medically underserved area or medically underserved population.

(ii) Are clinics that are able to demonstrate that at least 50 percent of the patients served are persons with incomes at or below 200 percent of the federal poverty level.

(3) Notwithstanding the requirements of paragraph (2), all clinics that received funds under this article in the 1997–98 fiscal year shall continue to be eligible to receive funds under this article.

(b) As a part of the award process for funding pursuant to this article, the department shall take into account the availability of primary care services in the various geographic areas of the state. The department shall determine which areas within the state have populations which have clear and compelling difficulty in obtaining access to primary care. The department shall consider proposals from new and existing eligible providers to extend clinic services to these populations.

(c) Each primary care clinic applying for funds pursuant to this article shall demonstrate that the funds shall be used to expand medical services, including preventative health care, and smoking prevention and cessation health education, for program beneficiaries above the level of services provided in the 1988 calendar year or in the year prior to the first year a clinic receives funds under this article if the clinic did not receive funds in the 1989 calendar year.

(d) (1) The department, in consultation with clinics funded under this article, shall develop a formula for allocation of funds available.

(2) The formula shall be based on both of the following:

(A) A hold harmless for clinics funded in the 1997–98 fiscal year to continue to reimburse them for some portion of their uncompensated care.

(B) Demonstrated unmet need by both new and existing clinics, as reflected in their levels of uncompensated care reported to the department. For purposes of this article, ''uncompensated care'' means clinic patient visits for persons with incomes at or below 200 percent of the federal poverty level for which there is no encounter-based third-party reimbursement which includes, but is not limited to, unpaid expanded access to primary care claims and other unreimbursed visits as verified by the department according to subparagraph (A) of paragraph (5).

(3) In the 1998–99 fiscal year, the department shall allocate funds for a three-year period as follows:

(A) If the funds available for the purposes of this article are equal to or less than the prior fiscal year, clinics that received funding in the prior fiscal year shall receive 90 percent of their prior fiscal year allocation, subject to available funds, provided that funding award is substantiated by the clinics' reported levels of uncompensated care. The remaining funds beyond 90 percent shall be awarded in the following order:

(i) First priority shall be given to clinics that participated in the program in prior fiscal years, withdrew from the program due to financial considerations, were subsequently categorized as ''new applicants'' when they reapplied to the program, and received a

significantly reduced allocation as a result. These clinics shall be awarded 90 percent of their allocation prior to their withdrawal from the program, subject to available funds, provided that award level is substantiated by the clinic's reported levels of uncompensated care.

(ii) Second priority shall be given to those clinics that received program funds in the prior year and continue to meet the minimum requirements for funding under this article. In implementing this priority, the department shall allocate funds to all eligible previously funded clinics on a proportionate basis, based on their reported levels of uncompensated care, which may include, but is not limited to, unpaid expanded access to primary care claims and other unreimbursed patient visits, as verified by the department according to subparagraph (A) of paragraph (5).

(B) If funds available for the purposes of this article are equal to or less than the prior fiscal year, only those clinics that received program funds in the prior fiscal year may be awarded funds. Funds shall be awarded in the same priority order as specified in clauses (i) and (ii) of subparagraph (A).

(C) If funds available for purposes of this article are greater than the prior fiscal year, clinics that received funds in the prior fiscal year shall be awarded 100 percent of their prior fiscal year allocation, provided that funding award level is substantiated by the clinic's reported levels of uncompensated care. Remaining funds shall be awarded in the following priority order:

(i) First priority shall be given to clinics that participated in the program in prior fiscal years, withdrew from the program due to financial considerations, were subsequently categorized as ''new applicants'' when they reapplied to the program, and received a significantly reduced allocation as a result. These clinics shall be awarded 100 percent of their allocation prior to their withdrawal from the program, provided that award level is substantiated by the clinic's reported levels of uncompensated care.

(ii) Second priority shall be given to new and existing applicants that meet the minimum requirements for funding under this article. In implementing this priority, the department shall allocate funds to all eligible previously funded clinics on a proportionate basis, based on their reported levels of uncompensated care, which may include, but is not limited to, unpaid expanded access to primary care claims and other unreimbursed patient visits, as verified by the department, according to subparagraph (A) of paragraph (5).

(4) In the 2001–02 fiscal year, and subsequent fiscal years thereafter, the department shall allocate available funds, for a three-year period, based on the clinics' reported levels of uncompensated care as verified by the department according to subparagraph (B) of paragraph (5).

(5) In assessing reported levels of uncompensated care, the department shall utilize the most recent data available from the Office of Statewide Health Planning and Development's (OSHPD) completed analysis of the ''Annual Report of Primary Care Clinics.''

(A) In the 1998–99 to 2000–01 fiscal years, inclusive, clinics shall submit updated data regarding the clinic's levels of uncompensated care to the department with their initial application, and for each of the two remaining years in the three-year application period. The department shall compare the clinic's updated uncompensated care data to the OSHPD uncompensated care data for that clinic for the same reporting period. Discrepancies in uncompensated care data for any particular clinic shall be resolved to the satisfaction of the department prior to the award of funds to that clinic.

(B) In the 2001–02 fiscal year, and subsequent fiscal years thereafter, clinics may not submit updated data regarding the clinic's levels of uncompensated care. The department shall utilize the most recent data available from OSHPD's completed analysis of the ''Annual Report of Primary Care Clinics.''

(C) If the funds allocated to the program are less than the prior year, the department shall allocate available funds to existing program providers only.

(6) The department shall establish a base funding level, subject to available funds, of no less than thirty-five thousand dollars ($35,000) for frontier clinics and Native American reservation-based clinics. For purposes of this article, ''frontier clinics'' means clinics located in a medical services study area with a population of fewer than 11 persons per square mile.

(7) The department shall develop, in consultation with clinics funded pursuant to this article, a formula for reallocation of unused funds to other participating clinics to reimburse for uncompensated care. The department shall allocate the unused funds to other participating clinics to reimburse for uncompensated care.

(e) In applying for funds, eligible clinics shall submit a single application per clinic corporation. Applicants with multiple sites shall apply for all eligible clinics, and shall report to the department the allocation of funds among their corporate sites in the prior year. A corporation may only claim reimbursement for services provided at a program-eligible clinic site identified in the corporate entity's application for funds, and approved for funding by the department. A corporation may increase or decrease the number of its program-eligible clinic sites on an annual basis, at the time of the annual application update for the subsequent fiscal years of any multiple-year application period.

(f) Grant allocations pursuant to this article shall be based on the formula developed by the department, notwithstanding a merger of one of more licensed primary care clinics participating in the program.

(g) A clinic that is eligible for the program in every other respect, but that provides dental services only, rather than the full range of primary care medical services, shall only be eligible to receive funds under this article on an exception basis. A dental-only provider's application shall include a Memorandum of Understanding (MOU) with a primary care clinic funded under this article. The MOU shall include medical protocols for making referrals by the primary care clinic to the dental clinic and from the dental clinic to the primary care clinic, and ensure that case management services are provided and that the patient is being provided comprehensive primary care as defined in subdivision (a).

(h) (1) For purposes of this article, an outpatient visit shall include diagnosis and medical treatment services, including the associated pharmacy, X-ray, and laboratory services, and prevention health and case management services that are needed as a result of the outpatient visit. For a new patient, an outpatient visit shall also include a health assessment encompassing an assessment of smoking behavior and the patient's need for appropriate health education specific to related tobacco use and exposure.

(2) ''Case management'' includes, for this purpose, the management of all physician services, both primary and specialty, and arrangements for hospitalization, postdischarge care, and followup care.

(i) (1) Payment shall be on a per visit basis at a rate that is determined by the department to be appropriate for an outpatient visit as defined in this section, and shall be not less than seventy-one dollars and fifty cents ($71.50).

(2) In developing a statewide uniform rate for an outpatient visit as defined in this article, the department shall consider existing rates of payments for comparable outpatient visits. The department shall review the outpatient visit rate on an annual basis.

(j) Not later than May 1 of each year, the department shall adopt and provide each licensed primary care clinic with a schedule for programs under this article, including the date for notification of availability of funds, the deadline for the submission of a completed application, and an anticipated contract award date for successful applicants.

(k) In administering the program created pursuant to this article, the department shall utilize the Medi-Cal program statutes and regulations pertaining to program participation standards, medical and administrative recordkeeping, the ability of the department to monitor and audit clinic records pertaining to program services rendered to program beneficiaries and take recoupments or recovery actions consistent with monitoring and audit findings, and the provider's appeal

rights. Each primary care clinic applying for program participation shall certify that it will abide by these statutes and regulations and other program requirements set forth in this article.

SEC. 35. Section 125285 is added to the Health and Safety Code, to read:

125285. The department shall provide public and professional education on Alzheimer's disease to educate consumers, caregivers, and health care providers, and to increase public awareness. If the department determines that contracts are required to implement this section, the department may award these contracts on a sole source basis. The contracts shall not be subject to Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code. Notwithstanding any other provision of law, the balance of funds appropriated pursuant to the Budget Act of 2000 for Alzheimer's disease education shall be available for encumbrance and expenditure until June 30, 2003.

(b) A participating health plan may provide application assistance to an applicant who is acting on behalf of an eligible or potentially eligible child in any of the following situations:

(1) The child is enrolled in a Medi-Cal managed care plan and the participating health plan becomes aware that the child's eligibility status has or will change and that the child will no longer be eligible for Medi-Cal. In those instances, the plan shall inform the applicant of the differences in benefits and requirements between the Healthy Families Program and the Medi-Cal program.

(2) The child is enrolled in a Healthy Families Program managed care plan and the participating health plan becomes aware that the child's eligibility status has changed or will change and that the child will no longer be eligible for Healthy Families. The number of applications received that originated from managed care plans shall also be reported on the board's website. In addition, the board shall periodically survey those families assisted by plans to determine if the plans are meeting the requirements of this section, and if families are being given ample information about the choice of health plans available to them. The report shall include any recommended changes to this section.

(k) Nothing in the section shall be seen as mitigating a participating health plan's responsibility to comply with all federal and state laws, including, but not limited to, Section 1320a-7b of Title 42 of the United States Code.

(*l*) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

(a) The Legislature recognizes the need for community treatment facilities, as defined in paragraph (8) of subdivision (a) of Section 1502 of the Health and Safety Code, in California.

(b) These community treatment facilities will provide residential mental health treatment programs for seriously emotionally disturbed children and adolescents who need secure containment and a greater level of care than can be provided in a group home, but in a less restrictive program than those provided by a state or acute care institution.

(c) Community treatment facilities are licensed as community care facilities by the State Department of Social Services and their mental health programs will be certified by the State Department of Mental Health.

(d) The Legislature recognizes that the seriously emotionally disturbed children and adolescents placed in community treatment facilities may exhibit behaviors that are more serious and frequent than those exhibited by children in group homes and other community care facilities.

(e) In order to protect these children from themselves and to protect those around them, and to create a highly structured environment for effective mental health treatment, community treatment facilities are authorized by statute and regulations to lock their exterior doors and to utilize restraint and seclusion.

SEC. 41. Section 4094.1 is added to the Welfare and Institutions Code, to read:

4094.1. (a) (1) The department and the State Department of Social Services, in consultation with community treatment providers, local mental health departments, and county welfare departments, shall develop joint protocols for the oversight of community treatment facilities.

4094.2. (a) For the purpose of establishing payment rates for community treatment facility programs, the private nonprofit agencies selected to operate these programs shall prepare a budget that covers the total costs of providing residential care and supervision and mental health services for their proposed programs. These costs shall include categories that are allowable under California's Foster Care program and existing programs for mental health services. They shall not include educational, nonmental health medical and dental costs.

(b) Each agency operating a community treatment facility program shall negotiate a final budget with the local mental health department in the county in which its facility is located (the host county) and other local agencies as appropriate. This budget agreement shall specify the types and level of care and services to be provided by the community treatment facility program and a payment rate that fully covers the costs included in the negotiated budget. All counties that place children in a community treatment facility program shall make payments using the budget agreement negotiated by the community treatment facility provider and the host county.

(c) A foster care rate shall be established for each community treatment facility program by the State Department of Social Services. These rates shall be established using the existing foster care ratesetting system for group homes, with modifications designed as necessary. It is anticipated that all community treatment facility programs will offer the

level of care and services required to receive the highest foster care rate provided for under the current group home ratesetting system.

(d) For the 2000–01 fiscal year, community treatment facility programs shall also be paid a community treatment facility supplemental rate of up to two thousand five hundred dollars ($2,500) per child per month on behalf of children eligible under the foster care program and children placed out of home pursuant to an individualized education program developed under Section 7572.5 of the Government Code. Subject to the availability of funds, the community treatment facility supplemental rate shall be funded by the state, and no county financial participation shall be required. The community treatment facility supplemental rate is intended to supplement, and not to supplant, the payments for which children placed in community treatment facilities are eligible to receive under the foster care program and the existing programs for mental health services.

(e) For initial ratesetting purposes for community treatment facility funding, the cost of mental health services shall be determined by deducting the foster care rate and the community treatment facility supplemental rate from the total allowable cost of the community treatment facility program. Payments to certified providers for mental health services shall be based on eligible services provided to children who are Medi-Cal beneficiaries, up to the statewide maximum allowances for these services.

(f) Although there is statutory authorization for up to 400 community treatment facility beds statewide, it is anticipated that there will be a phased-in implementation of community treatment facilities, and that the average monthly community treatment facility caseload during the 2000–01 fiscal year will be approximately 100. Therefore, an augmentation of three million dollars ($3,000,000) from the state General Fund is being provided to fund community treatment facility supplemental rates for the 2000–01 fiscal year. In the event that, during the course of the 2000–01 fiscal year, it is determined that the implementation of community treatment facilities is proceeding faster than anticipated and the average monthly caseload will exceed 100, the department shall notify the Legislature, upon approval of the Department of Finance, and request a budget augmentation to pay for the additional costs of the community treatment facility supplemental rate.

(g) The department shall provide funding of community treatment facility supplemental rates to the counties for advanced payment to the community treatment facility providers.

(h) The department and the State Department of Social Services shall submit a joint report to the Legislature by April 1, 2001, on the status of their efforts to implement the community treatment facility payment system described in subdivisions (a) to (g), inclusive, and the joint

protocols for the oversight of community treatment facility programs and regulatory changes that take into account the seriousness and frequency of behaviors that are likely to be exhibited by seriously emotionally disturbed children placed in community treatment facilities, as described in Section 4094.1.

(i) It is the intent of the Legislature that the department and the State Department of Social Services work to maximize federal financial participation in funding for children placed in community treatment facilities through funds available pursuant to Titles IV-E and XIX of the federal Social Security Act (Title 42 U.S.C. Sec. 670 and following and Sec. 1396 and following) and other appropriate federal programs.

(j) The department and the State Department of Social Services may adopt emergency regulations necessary to implement joint protocols for the oversight of community treatment facilities, to modify existing licensing regulations governing reporting requirements and other procedural and administrative mandates to take into account the seriousness and frequency of behaviors that are likely to be exhibited by the seriously emotionally disturbed children placed in community treatment facility programs, to modify the existing foster care ratesetting regulations, and to pay the community treatment facility supplemental rate. The adoption of these regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, and general welfare. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect more than 180 days unless the adopting agency complies with all the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 43. Chapter 4 (commencing with Section 4096.7) is added to Part 1 of Division 4 of the Welfare and Institutions Code, to read:

CHAPTER 4. DUAL DIAGNOSIS PILOT PROJECT

4096.7. (a) Contingent upon the appropriation of funds in the annual Budget Act, commencing September 15, 2000, the State Department of Mental Health shall conduct a three-year pilot project under which funds shall be allocated to serve persons from culturally diverse, underserved populations, including clients from the Asian and Pacific Islander community and clients from the Latino community, who are dually diagnosed with both a mental illness and substance abuse problem.

(b) The department may develop and issue a request for proposals from county mental health departments and nonprofit organizations

soliciting participation in the pilot project. System stakeholders shall be consulted in the development of the request for proposals and selection of each pilot area. At least two pilot areas shall be selected.

(c) Each eligible proposal shall, at a minimum, describe how the proposed pilot program will meet the following goals and objectives:

(1) Expand the continuum of culturally competent services and supports.

(2) Improve coordination of substance abuse and mental health services between programs or across counties in order to maximize the utilization of services and supports.

(3) Improve clinical standards in order to be able to provide culturally appropriate services and supports.

(4) Unify administrative policies between programs or across counties in order to provide more seamless services and supports and to better track and record utilization of services and supports.

(5) Develop long-term, cost-effective, multiprogram, or multicounty services to maximize the utilization of public dollars.

(d) Each eligible proposal shall include a description of specific activities to be accomplished by the pilot project, including, but not limited to:

(1) A needs assessment for the target populations.

(2) A description of the roles of community and local government partners under the pilot project.

(3) How service and support infrastructure will be developed to meet the needs of the target population, including the development of new services, enhancement of existing services, recruitment and training of culturally sensitive staff, and development and implementation of clinical policies and protocols.

(4) How outreach and enrollment will be accomplished.

(e) Each eligible proposal shall include an evaluation component, including, but not limited to:

(1) The extent to which goals and objectives have been met.

(2) Client satisfaction.

(3) Community satisfaction.

(4) Cost analysis.

(f) Each pilot project funded under this section shall submit to the department its evaluation, along with recommendations for the continuation or expansion of the program, by July 15, 2002.

(g) The department shall issue a report to the Legislature no later than September 1, 2002, on implementation of the pilot projects funded by this chapter and recommendations with respect to continuation and expansion.

(h) This chapter shall become inoperative on June 30, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, that

becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 44. Chapter 5 (commencing with Section 4097) is added to Part 1 of Division 4 of the Welfare and Institutions Code, to read:

CHAPTER 5. EARLY INTERVENTION MENTAL HEALTH PROGRAM

4097. There is hereby established, under the administration of the State Department of Mental Health, an Early Intervention Mental Health Program. This program shall provide services to infants and toddlers, from birth to three years of age, and their families. To the extent funding is available through the annual Budget Act, and professional collaborative relationships have been established, the program may be expanded beyond the 1999–2000 pilot project focus on children who have been diagnosed with a developmental disability or delay or who are at risk of a developmental disability or delay.

4097.1. Up to three million dollars ($3,000,000) may be allocated on an annual basis for three years to the department for this program. No more than 5 percent of these funds may be used for state administrative costs.

4097.2. Program services shall be designed to facilitate a relationship-based approach that promotes optimal social and emotional development of the child in interactions between parent, or primary caregiver and child, and shall include both prevention and treatment aspects. A key component of the program shall include training of, and technical assistance to, public and private agencies that currently provide, or plan to provide, early intervention mental health services.

4097.3. The program shall be formally evaluated by the department and the results of the evaluation reported to the fiscal and policy committees of the Legislature before any additional state funding is authorized beyond June 30, 2003. The department shall provide interim annual progress reports to the Legislature by March 1, 2001, and 2002, which shall include data on the progress of implementation and findings to date.

SEC. 44.5. Chapter 6 (commencing with Section 4098) is added to Part 1 of Division 4 of the Welfare and Institutions Code, to read:

CHAPTER 6. SUICIDE PREVENTION PROGRAMS

4098. The Legislature finds and declares all of the following:

(a) The Surgeon General of the United States has described suicide prevention as a serious public health priority, and has called upon each state to develop a strategy for suicide prevention using a public health approach.

(b) In 1996, 3,401 Californians lost their lives to suicide, an average of nine residents per day. It is estimated that there are between 75,000 and 100,000 suicide attempts in California every year. 11 percent of all suicides in the nation take place in California.

(c) Adolescents are far more likely to attempt suicide than their older California counterparts. Data indicate that there are 100 attempts for every adolescent suicide completed. In 1996, 207 California youth died by suicide. Using this estimate, there were likely more than 20,000 suicide attempts made by California adolescents, and approximately 20 percent of all the estimated suicide attempts occurred in California.

(d) Of all of the violent deaths associated with schools nationwide since 1992, 14 percent were suicides.

(e) Homicide and suicide rank as the third and fifth leading causes of death for youth, respectively. Both are preventable. While the death rates for unintentional injuries decreased by more than 40 percent between 1979 and 1996, the death rates for homicide and suicide increased for youth. Evidence is growing in terms of the links between suicide and other forms of violence. This provides compelling reasons for broadening the state's scope in identifying risk factors for self-harmful behavior. The number of estimated youth suicide attempts; and the growing concerns of youth violence can best be addressed through the implementation of successful gatekeeper training programs to identify and refer youth at risk for self-harmful behavior.

(f) The American Association of Suicidology (AAS) conservatively estimates that the lives of at least six persons related to or connected to individuals who attempt or complete suicide are impacted. Using these estimates, in 1996, more than 600,000 Californians, or 1,644 individuals per day, struggled to cope with the impact of suicide.

(g) Restriction of access to lethal means significantly reduces the number of successful suicides.

(h) Actual incidents of suicide attempts are expected to be higher than reported because attempts not requiring medical attention are less likely to be reported. The underreporting of suicide completion is also likely since suicide classification involves conclusions regarding the intent of the deceased. The stigma associated with suicide is also likely to contribute to underreporting.

(i) Without interagency collaboration and support for proven, community-based, culturally competent suicide prevention and intervention programs, occurrences of suicide are likely to rise.

4098.1. (a) This chapter shall be known and may be cited as the California Suicide Prevention Act of 2000.

4098.2. (a) The State Department of Mental Health, contingent upon appropriation in the annual Budget Act, may establish and implement a suicide prevention, education, and gatekeeper training

program to reduce the severity, duration, and incidence of suicidal behaviors.

(b) In developing and implementing the components of this program, the department shall build upon the existing network of nonprofit suicide prevention programs in the state, and shall utilize the expertise of existing suicide prevention programs that meet any of the following criteria:

(1) Have been identified by a county as providing suicide prevention services for that county.

(2) Are certified by the American Association of Suicidology.

(3) Meet criteria for suicide prevention programs that may be established by the department.

(c) The program established by this section shall be consistent with the public health model proposed by the Surgeon General of the United States, and the system of care approach pursuant to the Bronzan-McCorquodale Act, Part 2 (commencing with Section 5600) of Division 5.

4098.3. The department may contract with an outside agency to establish and implement a targeted public awareness and education campaign on suicide prevention and treatment. Target populations shall include junior high and high school students, as well as other selected populations known to be at high risk of suicide.

4098.4. (a) The department may contract with local mental health organizations and professionals with expertise in the assessment and treatment of suicidal behaviors to develop an evidence-based assessment and prevention program for suicide that may be integrated with local mental health departments or replicated by public or private suicide treatment programs, or both.

(b) This component may include the creation of guidebooks and training protocols to improve the intervention capabilities of caregivers who work with individuals at risk of suicide. Applicants may reflect several gatekeeper training models that can be replicated in other communities.

4098.5. The department may establish and implement, or contract with an outside agency for the development of a multicounty, 24-hour, centralized suicide crisis line integrated network. Existing crisis lines that meet specifications of the department and the American Association of Suicidology may be included in this integrated network. The crisis line established under this section shall link persons at risk of committing suicide with local suicide prevention and treatment resources.

SEC. 45. Section 4107.1 is added to the Welfare and Institutions Code, to read:

4107.1. Consistent with the authority of the State Department of Mental Health to maintain and operate state hospitals under its jurisdiction, the State Department of Mental Health shall provide internal security for the patient population at Patton State Hospital. The State Department of Mental Health may employ hospital police at Patton State Hospital for this purpose.

This section is not intended to increase or decrease the duties and responsibilities of the Department of Corrections at Patton State Hospital.

SEC. 46. Section 4598.5 is added to the Welfare and Institutions Code, to read:

4598.5. If, in the unforeseen event that federal funds are not available for appropriation or transfer to Item 4110-001-0001 of Section 2.00 of the Budget Act of 2000 for support of the Organization of Area Boards on Developmental Disabilities, from Item 4100-001-0890 of Section 2.00 of the Budget Act of 2000 based on a determination by the Department of Finance, the Department of Finance shall notify the appropriate fiscal and policy committees of the Legislature and the Joint Legislative Budget Committee within 10 calendar days of this determination. This notification shall specify the dollar amount needed to fully continue operations of the Organization of Area Boards on Developmental Disabilities, and this amount is hereby appropriated from the General Fund for those purposes, commencing 10 days after the receipt of the notification by the Legislature.

SEC. 47. Section 4639.5 is added to the Welfare and Institutions Code, to read:

4639.5. (a) By December 1 of each year, each regional center shall provide a listing to the State Department of Developmental Services a complete current salary schedule for all personnel classifications used by the regional center. The information shall be provided in a format prescribed by the department. The department shall provide this information to the public upon request.

(b) By December 1 of each year, each regional center shall report information to the State Department of Developmental Services on all prior fiscal year expenditures from the regional center operations budget for all administrative services, including managerial, consultant, accounting, personnel, labor relations, and legal services, whether procured under a written contract or otherwise. Expenditures for the maintenance, repair or purchase of equipment or property shall not be required to be reported for purposes of this subdivision. The report shall be prepared in a format prescribed by the department and shall include, at a minimum, for each recipient the amount of funds expended, the type of service, and purpose of the expenditure. The department shall provide this information to the public upon request.

SEC. 48. Section 4689.7 of the Welfare and Institutions Code is amended to read:

4689.7. (a) For the 1998–99 fiscal year, levels of payment for supported living service providers that are vendored pursuant to Section 4689 shall be increased based on the amount appropriated in this section for the purpose of increasing the salary, wage, and benefits for direct care workers providing supported living services.

(b) The sum of five million fifty-seven thousand dollars ($5,057,000) is hereby appropriated in augmentation of the appropriations made in the Budget Act of 1998 to implement this section as follows:

(1) The sum of two million four hundred five thousand dollars ($2,405,000) is hereby appropriated from the General Fund to the State Department of Health Services in augmentation of the appropriation made in Item 4260-101-0001.

(2) The sum of two million five hundred fifty-one thousand dollars ($2,551,000) is hereby appropriated from the Federal Trust Fund to the State Department of Health Services in augmentation of the appropriation made in Item 4260-101-0890.

(3) The sum of one hundred one thousand dollars ($101,000) is hereby appropriated from the General Fund to the Department of Developmental Services in augmentation of the appropriation made in Item 4300-101-0001, scheduled as follows:

10.10—Regional Centers	
(b) 10.10.020 Purchase of Services	$5,057,000
(e) Reimbursements	–$4,956,000

(c) By July 1, 2002, in consultation with stakeholder organizations, the department shall establish by regulation, an equitable and cost-effective methodology for the determination of supported living costs and a methodology of payment for providers of supported living services. The methodology shall consider the special needs of persons with developmental disabilities and the quality of services to be provided.

SEC. 49. Section 4791 of the Welfare and Institutions Code is amended to read:

4791. (a) The Legislature finds that when the state faces an unprecedented fiscal crisis, the services set forth in this division are necessary to enable persons with developmental disabilities to live in the least restrictive setting.

(b) In order to ensure that services to eligible consumers are available throughout the fiscal year, regional centers shall administer their contracts within the level of funding available within the annual Budget Act.

(c) To carry out the intent of this provision, and notwithstanding Chapter 5 and Section 4643, each regional center contract shall include provisions which ensure the regional center will provide services to eligible consumers within the funds available in the contract throughout the fiscal year. Regional centers shall implement innovative, cost-effective methods of services delivery, which may include, but not be limited to, the use of vouchers, consumer or parent services coordinators, increased administrative efficiencies, and alternative sources of payment for services.

(d) In the event of an unallocated reduction, the Budget Act of each fiscal year shall determine the distribution of any unallocated reduction within the regional center budget item.

(e) In the event of an unallocated reduction in the regional center budget, or if an individual regional center notifies the department that the regional center will be unable to provide services and supports to eligible consumers throughout the fiscal year within the level of funding available in their contract, the following shall apply:

(1) The department shall provide the regional center or regional centers with guidelines, technical assistance, and a variety of options for reducing operations and purchase of service costs.

(2) Within 30 days of the enactment of the Budget Act or after the date a regional center notifies the department of a projected deficit in its purchase of services budget, each impacted regional center shall develop and submit a plan to the department describing in detail how it intends to absorb any unallocated reduction and shall achieve savings necessary to provide services to eligible consumers throughout the fiscal year within the limitations of the funds allocated. Prior to adopting the plan, each regional center shall hold a public hearing in order to receive comment on the plan. The regional centers shall provide notice to the community at least 10 days in advance of the public hearing. The regional center shall summarize and respond to the public testimony in their plan.

(3) The plan submitted to the department may include, but not be limited to:

(A) Innovative and cost-effective methods of services delivery that include, but are not limited to, the use of vouchers; the use of consumers and parents as service coordinators; alternative methods of case management; the use of volunteer teams, made up of consumers, parents, other family members, and advocates, to conduct the monitoring activities described in Section 4648.1; increased administrative efficiencies; alternative sources of payment for services; use of available assessments in determining eligibility; and alternative nonresidential rate methodologies or service delivery models, or both. In addition, the regional center shall take into account, in identifying the

consumer's service needs, the family's responsibility for providing similar services to a child without disabilities.

(B) The maximization of all alternative funding sources, including federal and generic funding sources.

(C) Assurances that all other operations expenditure reductions are considered before any reductions are made in nonsupervisory, service coordination staff.

(4) The regional centers shall implement components of their plans upon approval of the department. The department shall review and approve, or require modification of portions of the regional centers' plan, within 30 days of receipt of the plan. If the required modification is significant, the department shall require the regional center to hold an additional public hearing to review and comment on the modification.

(f) Notwithstanding any other provision of law, in any fiscal year in which an unallocated reduction is made in the regional center budget, the director may adopt, amend, repeal, or suspend regulations as necessary to permit program flexibility and allow regional centers to achieve cost savings or innovative approaches to service delivery, including, but not limited, to those specified in subparagraph (A) of paragraph (1) of subdivision (e) without adversely affecting consumer health and safety or placing persons with disabilities in a more restrictive environment. Furthermore, any such regulatory change shall not authorize categorical reductions; changes in service delivery shall have an exemption process. It is the intent of the Legislature that any such action be deemed an emergency necessary for the immediate preservation of the public peace, health, and safety, or general welfare for purposes of subdivision (b) of Section 11346.1 of the Government Code.

(g) Notwithstanding any other provision of law, the State Director of the Department of Developmental Services may require one or more regional centers to take any actions he or she determines to be necessary to ensure reductions are made in the regional center operations budget, including, but not limited to, the following:

(1) Require a regional center to centralize billing and other fiscal and administrative functions.

(2) Require a regional center to reduce office space through the decentralization of service coordinators by allowing service coordinators to work in their homes and in community-based programs.

(3) Require a regional center to freeze or reduce levels of pay for administrative and managerial employees.

(4) Require a regional center to contract for specified functions currently conducted directly by the regional center.

(5) Require regional centers to seek Medi-Cal provider status for regional center staff performing reimbursable activities.

(h) Notwithstanding any other provisions of law, the director may terminate a regional center contract if he or she determines that the regional center is unable or unwilling to make the necessary reductions in its operations budget or if the action is necessary to avoid reductions in the purchase of services for regional center consumers.

(i) Notwithstanding any other provisions of law, the department may directly operate a regional center after the termination of a contract.

(j) If the director determines that regional centers cannot provide services throughout the fiscal year within the funds provided by the Budget Act, he or she shall immediately report to the Governor and the appropriate fiscal committees of the Legislature and recommend actions to secure additional funds or reduce expenditures, including any actions which require the suspension of the entitlement to service set forth in this division.

(k) Developing and implementing the plan shall be considered a contractual obligation pursuant to Section 4635 of the Welfare and Institutions Code. Accordingly, the department shall make reasonable efforts to assist regional centers in fulfilling their contractual obligations and provide technical assistance, as necessary. In addition, a regional center's failure to develop and implement the plan may be considered grounds for contract termination or nonrenewal. If at any time the director of the department determines that a regional center's plan does not adequately address a funding deficiency during the fiscal year, the director may require the use of operational funds to reduce the deficiency in purchase of services funds.

(*l*) This section shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

5600.8. (a) The department may allocate the funds appropriated in Schedule (b) of Item 4440-101-0001 of the Budget Act of 2000, to county mental health programs that meet programmatic goals and model adult system of care programs to the satisfaction of the department. The department shall audit and monitor the use of these funds to ensure they are used solely in support of Adult System of Care programming. If county programs receiving adult system of care funding do not comply with program and audit requirements determined by the department, funding shall be redistributed to other counties to implement, expand, or model adult systems of care.

(b) The department may allocate the funds appropriated in Schedule (c) of Item 4440-101-0001 of the Budget Act of 2000, to county mental health programs for Children's System of Care programming. These

funds shall be utilized by counties only in support of a mental health system serving seriously emotionally disturbed children, in accordance with the principles and program requirements associated with the system of care model, as set forth in Part 4 (commencing with Section 5850). The department shall audit and monitor the use of these funds to ensure they are used solely in support of the Children's System of Care program. If county programs receiving children's system of care funding do not comply with program and audit requirements determined by the department, funds shall be redistributed to other counties to implement, expand, or model children's system of care programming.

SEC. 51. Section 5614 is added to the Welfare and Institutions Code, to read:

(7) The local mental health department meets the reporting required by the performance outcome systems for adults and children.

(c) The protocol developed pursuant to subdivision (a) shall focus on law and regulations and shall include, but not be limited to, the items specified in subdivision (b). The protocol shall include data collection procedures so that state review and reporting may occur. The protocol shall also include a procedure for the provision of technical assistance, and formal decision rules and procedures for enforcement consequences

when the requirements of law and regulations are not met. These standards and decision rules shall be established through the consensual stakeholder process established by the department.

SEC. 52. Section 5614.5 is added to the Welfare and Institutions Code, to read:

5614.5. (a) The department, in consultation with the Quality Improvement Committee which shall include representatives of the California Mental Health Planning Council, local mental health departments, consumers and families of consumers, and other stakeholders, shall establish and measure indicators of access and quality to provide the information needed to continuously improve the care provided in California's public mental health system.

These standards and decision rules shall be established through the consensual stakeholder process established by the department.

(d) The department shall report to the legislative budget committees on the status of the efforts in Section 5614 and this section by March 1, 2001. The report shall include presentation of the protocols and indicators developed pursuant to this section or barriers encountered in their development.

SEC. 53. Section 5618 is added to the Welfare and Institutions Code, to read:

Mental health plans shall be responsible for providing information to potential clients, family members, and caregivers regarding specialty Medi-Cal mental health services offered by the mental health plans upon request of the individual. This information shall be written in a manner that is easy to understand and is descriptive of the complete services offered.

SEC. 54. Section 5675 of the Welfare and Institutions Code is amended to read:

5675. (a) Subject to Section 5768, Placer County and up to 15 other counties may establish a pilot project for up to six years, to develop a shared mental health rehabilitation center for the provision of community care and treatment for persons with mental disorders who are placed in a state hospital or another health facility because no

community placements are available to meet the needs of these patients. Participation in this pilot project by the counties shall be on a voluntary basis.

(b) (1) The department shall establish, by emergency regulation, the standards for the pilot project, and monitor the compliance of the counties with those standards. Participating counties, in consultation with the department, shall be responsible for program monitoring.

(2) The department, in conjunction with the county mental health directors, shall provide an interim report to the Legislature within three years of the commencement of operation of the facilities authorized pursuant to this section regarding the progress and cost effectiveness demonstrated by the pilot project. The department, in conjunction with the county mental health directors, shall report to the Legislature within five years of the commencement of operation of the facilities authorized pursuant to this section regarding the progress and cost effectiveness demonstrated by the pilot project. The report shall evaluate whether the pilot project is effective based on clinical indicators, and is successful in preventing future placement of its clients in state hospitals or other long-term health facilities, and shall report whether the cost of care in the pilot facilities is less than the cost of care in state hospitals or in other long-term health facility options. The evaluation report shall include, but not be limited to, an evaluation of the selected method and the effectiveness of the pilot project staffing, and an analysis of the effectiveness of the pilot project at meeting all of the following objectives:

(A) That the clients placed in the facilities show improved global assessment scores, as measured by preadmission and postadmission tests.

(B) That the clients placed in the facilities demonstrate improved functional behavior as measured by preadmission and postadmission tests.

(C) That the clients placed in the facilities have reduced medication levels as determined by comparison of preadmission and postadmission records.

(3) The pilot project shall be deemed successful if it demonstrates both of the following:

(A) The costs of the program are no greater than public expenditures for providing alternative services to the clients served by the project.

(B) That the benefit to the clients, as described in this subdivision, is improved by the project.

(c) The project shall be subject to existing regulations of the State Department of Health Services applicable to health facilities that the State Department of Mental Health deems necessary for fire and life safety of persons with mental illness.

(d) The department shall consider projects proposed by other counties under Section 5768.

SEC. 59. Part 3.5 (commencing with Section 5830) is added to Division 5 of the Welfare and Institutions Code, to read:

PART 3.5. MENTAL HEALTH RESPITE CARE PILOT PROJECTS

CHAPTER 1. LEGISLATIVE DECLARATIONS AND DEFINITIONS

5830. The Legislature finds and declares all of the following:

(a) Family members are a primary source of care and support for children and adults with mental illness.

(b) As defined by the United States Surgeon General in a recent report on mental health, respite care is a concrete support service providing temporary relief to family members caring for individuals with mental illness.

(c) Respite care provided to families caring for a seriously emotionally disturbed child or seriously mentally ill adult is critical to assist them in keeping their family member in the home and maintaining the stability of the family.

(d) Respite care relieves the primary caregivers of providing constant care for a person with mental illness, and relieves chronic emotional stress that puts caregivers at risk of emotional and physical exhaustion, burnout, and related health disorders.

(e) When respite care is available, family members prefer in-home mental health care, rather than more costly out-of-home care.

5831. For purposes of this part, ''department'' means the State Department of Mental Health.

CHAPTER 2. PILOT PROJECTS

5832. (a) Contingent upon appropriation in the annual Budget Act, the department may establish and administer pilot projects providing respite for caregivers of seriously emotionally disturbed children and seriously mentally ill adults who reside in a caregiver's home.

(b) A pilot project may be operated by the county mental health department which may utilize county personnel and may contract with organizations with expertise in serving persons with mental illness.

(c) A county electing to participate in a pilot project shall submit proposals for the operation of a project to the department that shall include, but shall not be limited to, plans for the implementation of respite care services and descriptions of how the respite project will be coordinated with children or adult systems of care to the extent those systems of care are operating in the county.

(d) Approval to operate a pilot project shall be made by the department.

5833. (a) Parents or other family members who provide care in their home for a seriously emotionally disturbed child or a seriously mentally ill adult family member shall be eligible for respite care provided by a pilot county when, as determined by the county, both of the following conditions are met:

(1) The caregiver is under significant stress as a result of the responsibility of providing care.

(2) Continued caretaking without respite may result in out-of-home placement or a breakdown in family stability.

(b) A county operating a pilot project shall consult with stakeholder organizations in determining priorities for services and approval of respite care hours. Stakeholder organizations include, but are not limited to, families caring for family members with mental illness, persons with mental illness, advocates for persons with mental illness, mental health treatment providers, and multicultural organizations.

5834. (a) The amount and type of respite care provided to an eligible individual caretaker shall be determined by the county mental health department, in consultation with the caretaker requesting the respite care. In the case of a caretaker of an adult with mental illness, both the adult and the caretaker shall be consulted and respite care shall not be provided if the adult objects.

(b) Approved respite care may be provided on an hourly or daily basis, up to a maximum of seven days a month, except in the case of an exceptional circumstance or emergency as determined by the county. The county shall establish an annual maximum expenditure per case that shall not be exceeded except in the case of an exceptional circumstance or emergency as determined by the county.

5835. The caregiver shall be actively involved in the selection of the respite care provider. To the extent possible, the caregiver shall have flexibility in the timing of the use of the respite care hours that have been allocated. Respite care may be provided in the home of the caregiver or out-of-home locations including, but not limited to, another caregiver's home or other sites allowed by the county respite program and appropriate for the individual with mental illness. To the extent appropriate care is available, out-of-home respite care shall be provided within a reasonable proximity of the family's home.

5836. Entities operating pilot projects under this part shall do both of the following:

(a) Make reasonable efforts to recruit respite providers with skills in working with families from diverse ethnic and cultural groups and who are linguistically diverse.

(b) Conduct outreach to families from diverse ethnic and cultural groups to inform them of the availability of respite to prevent out-of-home placement or maintain family stability in times of significant caretaker stress.

5837. At county option, foster family home providers caring for a seriously emotionally disturbed child may be eligible for respite care under a pilot project if, as determined by the county mental health and county welfare departments, funding for the respite care is not available through the county foster care program and, without the respite care, the child's placement in the foster home is jeopardized. If the caregiver receiving respite care is a foster parent, the county and foster parent shall follow requirements of the foster care program in the selection of the respite care provider.

CHAPTER 3. EVALUATIONS

5838. The department may conduct an evaluation of the pilot projects, or contract for an evaluation, and shall submit a report to the Legislature by March 30, 2002. Up to one hundred thousand dollars ($100,000) may be used for this purpose. The report shall contain, at a minimum, all of the following:

(a) The total number of families receiving respite care.

(b) The amount of respite care provided to each family.

(c) A description of the results of the pilot projects, which may include, but shall not be limited to, an estimate of cost-savings and benefits to the caretaking families, individuals with mental illness, county mental health department programs, and other county programs as a result of the provision of respite care.

CHAPTER 4. REPEAL DATE

5839. This part shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

(b) To the extent that federal financial participation is available, the department shall exercise its option under Section 1396u-1(b)(2)(C) of Title 42 of the United States Code as necessary to expand eligibility for Medi-Cal under subdivision (a) by establishing the amount of countable resources individuals or families are allowed to retain at the same amount medically needy individuals and families are allowed to retain, except that a family of one shall be allowed to retain countable resources in the amount of three thousand dollars ($3,000).

Sec. 1396u-1) and the amount equal to 100 percent of the federal poverty level applicable to the size of the family. (d) For purposes of calculating income under this section during any calendar year, increases in social security benefit payments under Title

II of the federal Social Security Act (42 U.S.C. Sec. 401 and following) arising from cost-of-living adjustments shall be disregarded commencing in the month that these social security benefit payments are increased by the cost-of-living adjustment through the month before the month in which a change in the federal poverty level requires the department to modify the income disregard pursuant to subdivision (c) and in which new income limits for the program established by this section are adopted by the department.

(e) Subdivision (b) shall be applied retroactively to January 1, 1998.

(f) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement, without taking regulatory action, subdivisions (a) and (b) of this section by means of an all county letter or similar instruction. (b) To the extent federal financial participation is available, the blind shall be included within the definition of disabled for the purposes of the program established in this section.

(c) An individual shall satisfy the financial eligibility requirement of this program if both of the following conditions are met:

(1) Countable income, as determined in accordance with Section 1902(m) of the federal Social Security Act (42 U.S.C. Sec. 1396a(m)), does not exceed an income standard equal to 100 percent of the applicable federal poverty level, plus two hundred thirty dollars ($230) for an individual or, in the case of a couple, three hundred ten dollars ($310), provided that the income standard so determined shall not be less than the SSI/SSP payment level for a disabled individual or, in the case of a couple, the SSI/SSP payment level for a disabled couple.

(2) Countable resources, as determined in accordance with Section 1902(m) of the federal Social Security Act (42 U.S.C. Sec. 1396a(m)), do not exceed the maximum levels established in that section.

(e) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of all-county letters or similar instructions, and without taking regulatory action. Thereafter, the department shall adopt regulations in accordance with the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) For purposes of calculating income under this section during any calendar year, increases in social security benefit payments under Title II of the federal Social Security Act (42 U.S.C. Sec. 401 et seq.) arising from cost-of-living adjustments shall be disregarded commencing in the month that these social security benefit payments are increased by the cost-of-living adjustment through the month before the month in which a change in the federal poverty level requires the department to modify the income standard described in subdivision (c).

(g) Notwithstanding any other provision of law, the program provided for pursuant to this section shall be implemented only if, and to the extent that, the department determines that federal financial participation is available under Title XIX of the federal Social Security Act (42 U.S.C. (3) A simplified supplemental resource form, if applicable.

(e) The department shall not require an applicant who submits a simplified application pursuant to this section to complete a face-to-face interview, except for good cause, a suspicion of fraud, or in order to complete the application process. A county shall conduct random monitoring of the mail-in application process to ensure appropriate enrollment. Every application package shall contain a notification of the applicant's right to complete a face-to-face interview.

(f) Commencing January 1, 2001, the department shall eliminate the requirement that recipients file quarterly status reports.

(g) The department shall implement this section only to the extent that its provisions are not in violation of the requirements of federal law, and only to the extent that federal financial participation is not jeopardized.

(h) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the department shall implement this section by means of an all county letter or similar instruction without taking regulatory action. (a) The State Department of Mental Health shall prepare by January 15, 1991, amendments to California's plan for federal Medi-Cal grants for medical assistance programs, pursuant to Subchapter XIX (commencing with Section 1396) of Title 42 of the United States Code, to accomplish the following objectives:

(1) Expansion of the location and type of therapeutic services offered to the mentally ill under Medi-Cal by the category of ''other diagnostic, screening, preventative, and rehabilitative services'' which is available to states under the Social Security Act (42 U.S.C. Sec. 1396d(a)(13); 42 C.F.R. 440.130).

(2) Expansion of federal financial participation in the costs of community mental health services provided by local Short-Doyle community mental health programs or under contract to local Short-Doyle community mental health programs.

(3) Expansion of the location where reimbursable Short-Doyle Medi-Cal mental health services can be provided, including home, school, and community based sites.

(4) Expansion of federal financial participation for services which meet the rehabilitation needs of severely mentally ill consumers, including, but not limited to, medication management, functional rehabilitation assessments of clients, and rehabilitative services which include remedial services directed at restoration to the highest possible

functional level for persons with psychiatric disabilities and maximum reduction of symptoms of mental illness.

(5) Improvement of fiscal systems and accountability structures for Short-Doyle Medi-Cal and Short-Doyle costs and rates, with the goal of achieving federal fiscal requirements.

(b) This Short-Doyle Medi-Cal state plan revision shall be completed with review and comments by the California Conference of Local Mental Health Directors and other appropriate groups. The addition of the rehabilitative option shall be limited to Short-Doyle providers certified to provide Medi-Cal under this option.

(c) The State Department of Health Services shall review the state plan revision for medicaid services as recommended by the State Department of Mental Health. If the state plan amendment satisfies published federal requirements for these amendments and if the State Department of Health Services has approved and submitted to the Health Care Financing Administration a plan of correction for audit issues identified for the Short-Doyle Medi-Cal program, then the department shall promptly pursue federal adoption of the state plan revision. If the State Department of Health Services does not recommend adoption of the revision, it shall report on the financial and programmatic implications of the proposal and the reasons for the rejection to the Joint Legislative Budget Committee by July 1, 1991.

(d) The state and local funds required to match federal financial participation shall include, but not be limited to, Short-Doyle and county matching funds. Additional General Fund moneys for this purpose shall be subject to appropriation in the annual Budget Act.

(e) It is the intent of the Legislature that the rehabilitation option of the state medicaid plan be implemented to expand and provide flexibility to treatment services and to increase the federal participation without increasing the costs to the General Fund.

(f) It is the intent of the Legislature that addition of the rehabilitation option as a Short-Doyle Medi-Cal benefit shall become operative only after the Health Care Financing Administration has reviewed and approved the state plan revision submitted by the State Department of Health Services, a plan of correction approved by the department for audit issues identified for the Short-Doyle Medi-Cal program has been submitted, and the requirements of this section have been fully satisfied.

(g) If the Medi-Cal state plan revision required by this section is approved by the State Department of Health Services, and submitted for federal approval, the State Department of Mental Health shall review and revise the quality assurance standards and guidelines required by Article 5 (commencing with Section 4070) of Chapter 2 of Division 4 to meet the necessary standards to assure that quality services are delivered to the eligible population. This review shall include, but not

be limited to, appropriate use of mental health professionals, including psychiatrists, in the treatment and rehabilitation of clients under this model. The existing quality assurance standards and guidelines shall remain in effect until the adoption of the new quality assurance standards and guidelines.

(h) Consistent with services offered to persons who are mentally ill under the Medi-Cal program, as required by this section, it is the intent of the Legislature for the State Department of Mental Health, working collaboratively with the department, to include care and treatment of persons with mental disorders who are eligible for the Medi-Cal program in facilities with a bed capacity of 16 beds or less.

The department shall require counties that redirect funds to provide an annual report on the cost of the additional outstationed workers and their effectiveness in increasing or facilitating Medi-Cal enrollment. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(c) The department shall have the discretion to accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department

shall obtain federal matching funds to the full extent permitted by law. The department shall accept only those funds that are certified by the transferring or donating entity as qualifying for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable, and may return any funds transferred or donated in error.

(d) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under subdivision (e). Distributions from the fund shall be supplemental to any other amounts that hospitals receive under the contracting program.

(e) For purposes of recognizing medical education costs incurred for services rendered to Medi-Cal beneficiaries, payments from this fund shall be negotiated between the California Medical Assistance Commission and hospitals contracting under this article that meet the definition of university teaching hospitals or major (nonuniversity) teaching hospitals as set forth on page 51 and as listed on page 57 of the department's report dated May 1991, entitled ''Hospital Peer Grouping.'' Payments from the fund shall be used solely for the purposes identified in the contract between the hospital and the state.

(f) The state shall be held harmless from any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup any federal disallowance from the hospital.

(g) This section shall become inoperative on July 1, 2002, and, as of January 1, 2003, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2003, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 68. Section 14085.8 of the Welfare and Institutions Code is amended to read:

14085.8. (a) The Large Teaching Emphasis Hospital and Children's Hospital Medi-Cal Medical Education Supplemental Payment Fund is hereby created in the State Treasury.

(b) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in this section.

(c) Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) All public moneys transferred by public agencies to the department for deposit into the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal medicaid laws.

(2) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal medicaid laws.

(3) Any amounts appropriated to the fund by the Legislature.

(4) Any interest that accrues on amounts in the fund.

(d) Any public agency transferring moneys to the fund may, for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(e) The department may accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal matching funds to the full extent permitted by law. The department shall accept only those funds that are certified by the transferring or donating entity as qualifying for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable, and may return any funds transferred or donated in error.

(f) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under subdivision (g). Distributions from the fund shall be supplemental to any other amounts that hospitals receive under the contracting program.

(g) (1) For purposes of recognizing medical education costs incurred for services rendered to Medi-Cal beneficiaries, contracts for payments from the fund may, at the discretion of the California Medical Assistance Commission, be negotiated between the commission and hospitals contracting under this article that are defined as either of the following:

(A) A large teaching emphasis hospital, as set forth on page 51 and listed on page 57 of the department's report dated May 1991, entitled ''Hospital Peer Grouping,'' and meets the definition of eligible hospital as defined in paragraph (3) of subdivision (a) of Section 14105.98.

(B) A children's hospital pursuant to Section 10727 and meets the definition of eligible hospital as defined in paragraph (3) of subdivision (a) of Section 14105.98.

(2) Payments from the fund shall be used solely for the purposes identified in the contract between the hospital and the state.

(h) The state shall be held harmless from any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup any federal disallowance from the hospital.

(i) This section shall become inoperative on July 1, 2002, and, as of January 1, 2003, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2003, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 69. Section 14085.81 is added to the Welfare and Institutions Code, to read:

14085.81. Notwithstanding the requirement in subparagraph (A) of paragraph (1) of subdivision (3) of Section 14085.8 that a hospital must be listed on page 57 of the department's report dated May 1991, entitled ''Hospital Peer Grouping,'' any hospital whose license pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code was consolidated during the 1999 calendar year with a large teaching emphasis hospital that is listed on page 57 of the above described report shall be eligible to negotiate payments pursuant to paragraph (1) of subdivision (g) of Section 14085.8. All other requirements of Section 14085.8 shall continue to apply.

SEC. 70. Section 14105.17 is added to the Welfare and Institutions Code, to read:

14105.17. (a) Each hospital designated by the department as a critical access hospital, and certified as such by the Secretary of the United States Department of Health and Human Services under the federal Medicare rural hospital flexibility program, shall be eligible for supplemental payments for Medi-Cal covered outpatient services rendered to Medi-Cal eligible persons.

(b) Payments made pursuant to subdivision (a) shall be contingent upon receipt of federal financial participation, and shall be limited by the appropriation in the annual Budget Act for the nonfederal share of these payments. Supplemental payments shall be apportioned among critical access hospitals based upon their number of Medi-Cal outpatient visits.

(c) Nothing in this section shall be interpreted as meaning that a critical access hospital is not a general acute care hospital.

(d) The department shall promptly seek any necessary federal approvals for the implementation of this section. If necessary to obtain federal approval, the department may, for federal purposes, limit implementation of this section to those payments that are allowable expenses under Title XIX of the federal Social Security Act (Subchapter

19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code). If federal approval is not obtained for implementation of this section, this section shall become inoperative.

(e) The department may adopt emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 1 of Title 2 of the Government Code) to implement this section. One initial adoption of the emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Initial emergency regulations and the first readoption of those regulations shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations, and shall remain in effect for no more than 180 days. If the department adopts emergency regulations pursuant to this section, the department shall seek prior input from representatives of the hospital industry, including the California Healthcare Association.

SEC. 71. Section 14105.31 of the Welfare and Institutions Code is amended to read:

14105.31. For purposes of the Medi-Cal contract drug list, the following definitions shall apply:

(a) ''Single-source drug'' means a drug that is produced and distributed under an original New Drug Application approved by the federal Food and Drug Administration. This shall include a drug marketed by the innovator manufacturer and any cross-licensed producers or distributors operating under the New Drug Application, and shall also include a biological product, except for vaccines, marketed by the innovator manufacturer and any cross-licensed producers or distributors licensed by the federal Food and Drug Administration pursuant to Section 262 of Title 42 of the United States Code. A drug ceases to be a single-source drug when the same drug in the same dosage form and strength manufactured by another manufacturer is approved by the federal Food and Drug Administration under the provisions for an Abbreviated New Drug Application.

(b) ''Best price'' means the negotiated price, or the manufacturer's lowest price available to any class of trade organization or entity, including, but not limited to, wholesalers, retailers, hospitals, repackagers, providers, or governmental entities within the United States, that contracts with a manufacturer for a specified price for drugs, inclusive of cash discounts, free goods, volume discounts, rebates, and on- or off-invoice discounts or credits, shall be based upon the

manufacturer's commonly used retail package sizes for the drug sold by wholesalers to retail pharmacies.

(c) ''Equalization payment amount'' means the amount negotiated between the manufacturer and the department for reimbursement by the manufacturer, as specified in the contract. The equalization payment amount shall be based on the difference between the manufacturer's direct catalog price charged to wholesalers and the manufacturer's best price, as defined in subdivision (b).

(d) ''Manufacturer'' means any person, partnership, corporation, or other institution or entity that is engaged in the production, preparation, propagation, compounding, conversion, or processing of drugs, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, or in the packaging, repackaging, labeling, relabeling, and distribution of drugs.

(e) ''Price escalator'' means a mutually agreed upon price specified in the contract, to cover anticipated cost increases over the life of the contract.

(f) ''Medi-Cal pharmacy costs'' or ''Medi-Cal drug costs'' means all reimbursements to pharmacy providers for services or merchandise, including single-source or multiple-source prescription drugs, over-the-counter medications, and medical supplies, or any other costs billed by pharmacy providers under the Medi-Cal program.

(g) ''Medicaid rebate'' means the rebate payment made by drug manufacturers pursuant to Section 1927 of the federal Social Security Act (42 U.S.C. Sec. 1396r-8).

(h) ''State rebate'' means any negotiated rebate under the Drug Discount Program in addition to the medicaid rebate.

(i) ''Date of mailing'' means the date that is evidenced by the postmark date by the United States Postal Service or other common mail carrier on the envelope.

(j) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

SEC. 72. Section 14105.33 of the Welfare and Institutions Code is amended to read:

14105.33. (a) The department may enter into contracts with manufacturers of single-source and multiple-source drugs, on a bid or nonbid basis, for drugs from each major therapeutic category, and shall maintain a list of those drugs for which contracts have been executed.

(b) (1) Contracts executed pursuant to this section shall be for the manufacturer's best price, as defined in Section 14105.31, which shall be specified in the contract, and subject to agreed upon price escalators, as defined in that section. The contracts shall provide for an equalization

payment amount, as defined in Section 14105.31, to be remitted to the department quarterly. The department shall submit an invoice to each manufacturer for the equalization payment amount, including supporting utilization data from the department's prescription drug paid claims tapes within 30 days of receipt of the Health Care Financing Administration's file of manufacturer rebate information. In lieu of paying the entire invoiced amount, a manufacturer may contest the invoiced amount pursuant to procedures established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations by mailing a notice, that shall set forth its grounds for contesting the invoiced amount, to the department within 38 days of the department's mailing of the state invoice and supporting utilization data. For purposes of state accounting practices only, the contested balance shall not be considered an accounts receivable amount until final resolution of the dispute pursuant to procedures established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations that results in a finding of an underpayment by the manufacturer. Manufacturers may request, and the department shall timely provide, at cost, Medi-Cal provider level drug utilization data, and other Medi-Cal utilization data necessary to resolve a contested department-invoiced rebate amount.

(2) The department shall provide for an annual audit of utilization data used to calculate the equalization amount to verify the accuracy of that data. The findings of the audit shall be documented in a written audit report to be made available to manufacturers within 90 days of receipt of the report from the auditor. Any manufacturer may receive a copy of the audit report upon written request. Contracts between the department and manufacturers shall provide for any equalization payment adjustments determined necessary pursuant to an audit.

(3) Utilization data used to determine an equalization payment amount shall exclude data from both of the following:

(A) Health maintenance organizations, as defined in Section 300e(a) of Title 42 of the United States Code, including those organizations that contract under Section 1396b(m) of Title 42 of the United States Code.

(B) Capitated plans that include a prescription drug benefit in the capitated rate, and that have negotiated contracts for rebates or discounts with manufacturers.

(c) In order that Medi-Cal beneficiaries may have access to a comprehensive range of therapeutic agents, the department shall ensure that there is representation on the list of contract drugs in all major therapeutic categories. Except as provided in subdivision (a) of Section 14105.35, the department shall not be required to contract with all manufacturers who negotiate for a contract in a particular category. The department shall ensure that there is sufficient representation of

single-source and multiple-source drugs, as appropriate, in each major therapeutic category.

(d) (1) The department shall select the therapeutic categories to be included on the list of contract drugs, and the order in which it seeks contracts for those categories. The department may establish different contracting schedules for single-source and multiple-source drugs within a given therapeutic category.

(2) The department shall make every attempt to complete the initial contracting process for each major therapeutic category by January 1, 2001.

(e) (1) In order to fully implement subdivision (d), the department shall, to the extent necessary, negotiate or renegotiate contracts to ensure there are as many single-source drugs within each therapeutic category or subcategory as the department determines necessary to meet the health needs of the Medi-Cal population. The department may determine in selected therapeutic categories or subcategories that no single-source drugs are necessary because there are currently sufficient multiple-source drugs in the therapeutic category or subcategory on the list of contract drugs to meet the health needs of the Medi-Cal population. However, in no event shall a beneficiary be denied continued use of a drug which is part of a prescribed therapy in effect as of September 2, 1992, until the prescribed therapy is no longer prescribed.

(2) In the development of decisions by the department on the required number of single-source drugs in a therapeutic category or subcategory, and the relative therapeutic merits of each drug in a therapeutic category or subcategory, the department shall consult with the Medi-Cal Contract Drug Advisory Committee. The committee members shall communicate their comments and recommendations to the department within 30 business days of a request for consultation, and shall disclose any associations with pharmaceutical manufacturers or any remuneration from pharmaceutical manufacturers.

(3) In order to expedite implementation of paragraph (1), the requirements of Sections 14105.37, 14105.38, subdivisions (a), (c), (e), and (f) of Sections 14105.39, 14105.4, and 14105.405 are waived for the purposes of this section until January 1, 1994.

(f) In order to achieve maximum cost savings, the Legislature declares that an expedited process for contracts under this section is necessary. Therefore, contracts entered into on a nonbid basis shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(g) In no event shall a beneficiary be denied continued use of a drug that is part of a prescribed therapy in effect as of September 2, 1992, until the prescribed therapy is no longer prescribed.

(h) Contracts executed pursuant to this section shall be confidential and shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(i) The department shall provide individual notice to Medi-Cal beneficiaries at least 60 calendar days prior to the effective date of the deletion or suspension of any drug from the list of contract drugs. The notice shall include a description of the beneficiary's right to a fair hearing and shall encourage the beneficiary to consult a physician to determine if an appropriate substitute medication is available from Medi-Cal.

(j) In carrying out the provisions of this section, the department may contract either directly, or through the fiscal intermediary, for pharmacy consultant staff necessary to initially accomplish the treatment authorization request reviews.

(k) (1) Manufacturers shall calculate and pay interest on late or unpaid rebates. The interest shall not apply to any prior period adjustments of unit rebate amounts or department utilization adjustments.

(2) For state rebate payments, manufacturers shall calculate and pay interest on late or unpaid rebates for quarters that begin on or after the effective date of the act that added this subdivision.

(3) Following final resolution of any dispute pursuant to procedures established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations regarding the amount of a rebate, any underpayment by a manufacturer shall be paid with interest calculated pursuant to subdivisions (m) and (n), and any overpayment, together with interest at the rate calculated pursuant to subdivisions (m) and (n), shall be credited by the department against future rebates due.

(*l*) Interest pursuant to subdivision (k) shall begin accruing 38 calendar days from the date of mailing of the invoice, including supporting utilization data sent to the manufacturer. Interest shall continue to accrue until the date of mailing of the manufacturer's payment.

(m) Except as specified in subdivision (n), interest rates and calculations pursuant to subdivision (k) for medicaid rebates and state rebates shall be identical and shall be determined by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations.

(n) If the date of mailing of a state rebate payment is 69 days or more from the date of mailing of the invoice, including supporting utilization data sent to the manufacturer, the interest rate and calculations pursuant to subdivision (k) shall be as specified in subdivision (m), however the

interest rate shall be increased by 10 percentage points. This subdivision shall apply to payments for amounts invoiced for any quarters that begin on or after the effective date of the act that added this subdivision.

(o) If the rebate payment is not received, the department shall send overdue notices to the manufacturer at 38, 68, and 98 days after the date of mailing of the invoice, and supporting utilization data. If the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, the manufacturer's contract with the department shall be deemed to be in default and the contract may be terminated in accordance with the terms of the contract. For all other manufacturers, if the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, all of the drug products of those manufacturers shall be made available only through prior authorization effective 270 days after the date of mailing of the invoice, including utilization data sent to manufacturers.

(p) If the manufacturer provides payment or evidence of payment to the department at least 40 days prior to the proposed date the drug is to be made available only through prior authorization pursuant to subdivision (o), the department shall terminate its actions to place the manufacturers' drug products on prior authorization.

(q) The department shall direct the state's fiscal intermediary to remove prior authorization requirements imposed pursuant to subdivision (o) and notify providers within 60 days after payment by the manufacturer of the rebate, including interest. If a contract was in place at the time the manufacturers' drugs were placed on prior authorization, removal of prior authorization requirements shall be contingent upon good faith negotiations and a signed contract with the department.

(r) A beneficiary may obtain drugs placed on prior authorization pursuant to subdivision (o) if the beneficiary qualifies for continuing care status. To be eligible for continuing care status, a beneficiary must be taking the drug when its manufacturer is placed on prior authorization status. Additionally, the department shall have received a claim for the drug with a date of service that is within 100 days prior to the date the manufacturer was placed on prior authorization.

(s) A beneficiary may remain eligible for continuing care status, provided that a claim is submitted for the drug in question at least every 100 days and the date of service of the claim is within 100 days of the date of service of the last claim submitted for the same drug.

(t) Drugs covered pursuant to Sections 14105.43 and 14133.2 shall not be subject to prior authorization pursuant to subdivision (o), and any other drug may be exempted from prior authorization by the department if the director determines that an essential need exists for that drug, and

there are no other drugs currently available without prior authorization that meet that need.

(u) It is the intent of the Legislature in enacting subdivisions (k) to (t), inclusive, that the department and manufacturers shall cooperate and make every effort to resolve rebate payment disputes within 90 days of notification by the manufacturer to the department of a dispute in the calculation of rebate payments.

(v) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

SEC. 73. Section 14105.35 of the Welfare and Institutions Code is amended to read:

14105.35. (a) (1) On and after July 1, 1990, drugs included on the Medi-Cal drug formulary shall be included on the list of contract drugs until the department and the manufacturer have concluded contract negotiations or the department suspends the drug from the list of contract drugs pursuant to the provisions of this subdivision.

The department shall, in writing, invite any manufacturer with single-source drug products on the formulary as of July 1, 1990, to enter into negotiations relative to the retention of its drug or drugs. As to the issue of cost, the department shall accept the manufacturer's best price as sufficient for purposes of entering into a contract to retain the drug or drugs on the list of contract drugs.

If the department and a manufacturer enter into a contract for retention of a drug or drugs on the list of contract drugs, the drug or drugs shall be retained on the list of contract drugs for the effective term of the contract.

If a manufacturer refuses to enter into negotiations with the department pursuant to this subdivision, or if after 30 days of negotiation, the manufacturer has not agreed to execute a contract for a drug at the manufacturer's best price, the department may suspend from the list of contract drugs the manufacturer's single-source drug in question for a period of at least 180 days. The department shall lift the suspension upon execution of a contract for that drug. Consistent with the provisions of this section, the department shall delete the Medi-Cal drug formulary specified in paragraphs (b), (c), (d), and (e) of Section 59999 of Title 22 of the California Code of Regulations.

(2) On and after July 1, 1990, the director may retain a drug on the Medi-Cal list of contract drugs even if no contract is executed with a manufacturer, if the director determines that an essential need exists for that drug, and there are no other drugs currently on the formulary that meet that need.

(3) The director may delete a drug from the list of contract drugs if the director determines that the drug presents problems of safety or

misuse. The director's decision as to safety shall be based upon published medical literature, and the director's decision as to misuse shall be based on published medical literature and claims data supplied by the fiscal intermediary.

(b) Any reference to the Medi-Cal drug formulary by statute or regulation shall be construed as referring to the list of contract drugs.

(c) (1) Any drug in the process of being added to the formulary by contract agreement pursuant to Section 14105.3, executed prior to the effective date of this section, shall be added to the list of contract drugs.

(2) Contracts pursuant to Section 14105.3 executed prior to January 1, 1991, shall be considered to be contracts executed pursuant to Section 14105.33, and the department shall exempt the drugs included in these contracts from the initial therapeutic category review in which they would normally be considered.

(3) Nothing in this section shall be construed to require the department to discontinue negotiations into which it has entered with any manufacturer as of the effective date of this section. Contracts entered into as a result of these negotiations shall be exempt from the initial therapeutic category review in which they would normally be considered.

(d) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

SEC. 74. Section 14105.37 of the Welfare and Institutions Code is amended to read:

14105.37. (a) The department shall notify each manufacturer of drugs in therapeutic categories selected pursuant to Section 14105.33 of the provisions of Sections 14105.31 to 14105.42, inclusive.

(b) If, within 45 days of notification, a manufacturer does not enter into negotiations for a contract pursuant to those sections, the department may suspend or delete from the list of contract drugs, or refuse to consider for addition, drugs of that manufacturer in the selected therapeutic categories.

(c) If, after 150 days from the initial notification, a contract is not executed for a drug currently on the list of contract drugs, the department may suspend or delete the drug from the list of contract drugs.

(d) If, within 150 days from the initial notification, a contract is executed for a drug currently on the list of contract drugs, the department shall retain the drug on the list of contract drugs.

(e) If, within 150 days from the date of the initial notification, a contract is executed for a drug not currently on the list of contract drugs, the department shall add the drug to the list of contract drugs.

(f) The department shall terminate all negotiations 150 days after the initial notification.

(g) The department may suspend or delete any drug from the list of contract drugs at the expiration of the contract term or when the contract between the department and the manufacturer of that drug is terminated.

(h) Any drug suspended from the list of contract drugs pursuant to this section or Section 14105.35 shall be subject to prior authorization, as if that drug were not on the list of contract drugs.

(i) Any drug suspended from the list of contract drugs pursuant to this section or Section 14105.35 for at least 12 months may be deleted from the list of contract drugs in accordance with the provisions of Section 14105.38.

(j) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

SEC. 75. Section 14105.38 of the Welfare and Institutions Code is amended to read:

14105.38. (a) (1) In the event the department determines a drug should be deleted from the list of contract drugs, the department shall conduct a public hearing, as provided in this section, to receive comment on the impact of removing the drug.

(2) (A) The department shall provide written notice 30 days prior to the hearing.

(B) The department shall send the notice required by this subdivision to the manufacturer of the drug proposed to be deleted and to organizations representing Medi-Cal beneficiaries.

(b) (1) The hearing panel shall consist of the Chief, Medi-Cal Drug Discount Program, who shall serve as chair, and the Medi-Cal Contract Drug Advisory Committee.

(2) The hearing shall be recorded and transcribed, and the transcript available for public review.

(3) Subsequent to hearing all public comment, and within 30 days of the hearing, each panel member shall submit a recommendation regarding deletion of the drug and the reason for the recommendation to the director.

(c) The director shall consider public comments provided at the hearing and the recommendations of each panel member in determining whether to delete the drug.

(d) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

SEC. 76. Section 14105.39 of the Welfare and Institutions Code is amended to read:

14105.39. (a) (1) A manufacturer of a new single-source drug may request inclusion of its drug on the list of contract drugs pursuant to Section 14105.33 provided all of the following conditions are met:

(A) The request is made within 12 months of approval for marketing by the federal Food and Drug Administration.

(B) The manufacturer agrees to negotiate a contract with the department to provide the drug at the manufacturer's best price.

(C) (i) The manufacturer provides the department with necessary information, as specified by the department, in the request.

(ii) Notwithstanding clause (i), either of the following may be submitted by the manufacturer in lieu of the Summary Basis of Approval prepared by the federal Food and Drug Administration for that drug:

(I) The federal Food and Drug Administration's approval or approvable letter for the drug and federal Food and Drug Administration's approved labeling.

(II) The federal Food and Drug Administration's medical officers' and pharmacologists' reviews and the federal Food and Drug Administration's approved labeling.

(D) The department had concluded contracting for the therapeutic category in which the drug is included prior to approval of the drug by the federal Food and Drug Administration.

(2) Within 90 days from receipt of the request, the department shall evaluate the request using the criteria identified in subdivision (d), and shall submit the drug to the Medi-Cal Contract Drug Advisory Committee.

(b) Any petition for the addition to or deletion of a drug to the Medi-Cal drug formulary submitted prior to July 31, 1990, shall be deemed to be denied. A manufacturer who has submitted a petition deemed denied may request inclusion of that drug on the list of contract drugs provided all of the following conditions are met:

(1) The manufacturer agrees to negotiate for a contract with the department to provide the drug at the manufacturer's best price.

(2) The manufacturer provides the department with necessary information, as specified by the department, in the request.

(3) The manufacturer submits the request to the department prior to October 1, 1990.

(c) Any new drug designated as having an important therapeutic gain and approved for marketing by the federal Food and Drug Administration on or after July 31, 1990, shall immediately be included on the list of contract drugs for a period of three years provided that all of the following conditions are met:

(1) The manufacturer offers the department its best price.

(2) The drug is typically administered in an outpatient setting.

(3) The drug is prescribed only for the indications and usage specified in the federal Food and Drug Administration approved labeling.

(4) The drug is determined by the director to be safe, relative to other drugs in the same therapeutic category on the list of contract drugs.

(d) (1) To ensure that the health needs of Medi-Cal beneficiaries are met consistent with the intent of this chapter, the department shall, when evaluating a decision to execute a contract, and when evaluating drugs for retention on, addition to, or deletion from, the list of contract drugs, use all of the following criteria:

(A) The safety of the drug.

(B) The effectiveness of the drug.

(C) The essential need for the drug.

(D) The potential for misuse of the drug.

(E) The cost of the drug.

(2) The deficiency of a drug when measured by one of these criteria may be sufficient to support a decision that the drug should not be added or retained, or should be deleted from the list. However, the superiority of a drug under one criterion may be sufficient to warrant the addition or retention of the drug, notwithstanding a deficiency in another criterion.

(e) (1) A manufacturer of single-source drugs denied a contract pursuant to this section or Section 14105.33 or 14105.37, may file an appeal of that decision with the director within 30 calendar days of the department's written decision.

Any increase in wages and benefits required by this section shall be in addition to any future mandatory increases required by federal or state law. The rate shall provide funding for the portion of additional costs necessary to implement the wage and benefit increase required by this section attributable to Medi-Cal patients. The portion of those additional costs shall be the same as the ratio of Medi-Cal patients to the total number of patients in the facility. These regulations shall be adopted, effective March 15, 1985, for skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled, and by October 1, 1985, for intermediate care facilities/developmentally disabled-habilitative. Commencing October 1, 1990, these requirements shall become operative for nursing facilities.

(3) Any wage increase required pursuant to Section 1268.5 of the Health and Safety Code, is in addition to any minimum wages provided in this section.

(4) For purposes of determining the amount of Medi-Cal funds to be distributed for employee wages and benefits, the total Medi-Cal patient

days recorded by the facility in the month of December 1983 shall be multiplied by the amount per patient day specified in subdivision (a) plus the amount provided by Chapter 19 of the Statutes of 1978. The new wage levels shall be determined by dividing the Medi-Cal funds received by the nonovertime hours worked by covered employees in December 1983, plus any adjustments due to additional employees as specified in Section 14110.7 and adjustments to reflect employee benefit allowances.

(c) Each intermediate care facility/developmentally disabled-habilitative shall certify all of the following:

The amount of funds to be provided to each level A and level B facility pursuant to this subdivision shall be calculated on a per patient day basis, and shall be added to the per diem rate paid to each facility. The amount of funds provided under this subdivision to each nursing facility peer group shall be published in a Medi-Cal provider bulletin. Level A and level B facilities shall compensate their registered nurses, licensed vocational nurses, and nurse assistants that portion of the rate increase provided under this subdivision in the form of salaries, wages, and benefits increases for their direct care staff. The total amount to be passed through by each

facility shall be the per diem amount received by the facility pursuant to this subdivision times the facility's number of Medi-Cal patient days.

(f) Subject to an appropriation for this purpose in the Budget Act of 2000, in addition to the increase specified in subdivision (e), the department shall, commencing August 1, 2000, increase the Medi-Cal reimbursement rate for nursing facilities, intermediate care facilities/developmentally disabled, intermediate care facilities/developmentally disabled-habilitative, and intermediate care facilities/developmentally disabled-nursing solely to provide funds for salaries, wages, and benefits increases for direct care staff and other staff, subject to all of the following:

(D) Other nonsupervisory staff providing direct patient care.

(E) Registered nurses and licensed vocational nurses, if employed in the performance of direct care to patients.

(3) For purposes of paragraphs (1) and (2), ''direct care staff'' shall not include registered nurses or other personnel performing supervisory functions or housekeeping or maintenance staff in any facility.

The facility may allocate the amounts that each classification may receive, but the amount shall not be nominal or zero.

(C) Funds passed through pursuant to this subdivision for purposes of salary, wages, or benefits increases may not be used for any salary, wage, or benefit increase that were committed to by a facility prior to August 1, 2000, nor may these funds be used for any salaries, wages, or benefits that the facility would have paid in the absence of this subdivision.

(D) Funds passed through pursuant to this subdivision for purposes of salary, wages, or benefits increases may not be distributed to direct care and other staff in the form of bonuses. These funds may, however, be used to provide retroactive pay increases if those wage increases also increase the employee's base salary rate.

(7) The base from which direct care and other staff salaries, wages, and benefits shall be increased shall be the aggregate per hour salaries, wages, and benefits for the period of August 1, 1999, to July 31, 2000, inclusive.

(8) The department may inspect relevant payroll and personnel records of facilities receiving funds pursuant to this subdivision in order to ensure that the salary, wage, and benefit increases provided for pursuant to this subdivision have been implemented.

(g) Any facility which is paid under the rate provided for in subdivision (a), (e), or (f) which the director finds has not made the wage and benefit increases provided for shall be liable for the amount of funds paid to the facility based upon the wage and benefit requirements provided for by this section but not distributed to employees for wages and benefits, plus a penalty equal to 10 percent of the funds not so distributed. The facility shall be subject to Section 14107.

SEC. 89. Section 14115 of the Welfare and Institutions Code is amended to read:

14115. (a) Bills for service under this chapter shall be submitted not more than six months after the month in which the service is rendered, and shall be in the form prescribed by the director, except that in the event the patient does not identify himself or herself to the provider as a Medi-Cal beneficiary within four months after the month in which the service was rendered, the provider shall be entitled to submit his or her statement at any time within 60 days after that date certified by the provider as the date the patient was first identified as a Medi-Cal beneficiary. However, the date certified by the provider as the date the patient was first so identified shall not be later than one year after the month in which the service was rendered. Whenever a provider has submitted a claim to a liable third party, the provider shall have one year after the month in which the service is rendered for submission of the bill. Whenever a legal proceeding has been commenced with either an administrative or judicial tribunal concerning a bill for which the provider is attempting to obtain payment from a liable third party, the provider shall have one year in which to submit the bill after the month in which the services have been rendered. A copy of the pleadings shall

be conclusively presumed to be sufficient evidence of commencement of a legal proceeding.

(b) The director may, where he or she finds that delay in the submission of bills was caused by circumstances beyond the control of the provider, extend the period for submission of bills for a period not to exceed one year.

(c) (1) Reimbursement for an original claim, submitted for payment between six and 12 months after the month of service, that does not meet any of the exceptions allowing billing after six months as specified in subdivisions (a) and (b), or the exception specified in subdivision (f), shall be reduced as follows:

(A) The amount otherwise payable by Medi-Cal shall be reduced by 25 percent for claims submitted during the seventh through the ninth month after the month of service.

(B) The amount otherwise payable by Medi-Cal shall be reduced by 50 percent for claims submitted during the 10th through the 12th month after the month of service.

(2) The director may establish exceptions through regulations, for claims submitted beyond the one-year billing limitation, to the extent full federal participation is available.

(d) For the purposes of this section, identification of a patient as a Medi-Cal beneficiary shall mean presentation to the provider of the patient's Medi-Cal card.

(e) No further followup shall be required, after the provider receives acknowledgment of a claim inquiry from the fiscal intermediary, until the claim is paid or denied, except that this period shall not exceed one year from the date of acknowledgment. Within one year from the date of acknowledgment the next level of appeal shall be utilized by the provider.

(f) To the extent permitted by federal law, when a state of emergency has been declared by either the President of the United States or the Governor, the director, in order to ensure continued access to health care services, may remit payment for services without the submission of required documentation, to any provider in good standing under the Medi-Cal program who, due to destruction, loss, or inaccessibility of data as a result of the emergency situation, is unable to submit claims. Emergency payments may be made for a period of up to six months from the date of the emergency declaration. (3) Transitional inpatient care services shall be available to Medi-Cal beneficiaries who do not meet the criteria for eligibility for the subacute program provided for pursuant to Section 14132.25, but who need more medically complex and intensive rehabilitative services than are generally available in a skilled nursing facility, and who are clinically stable and no longer need the level of diagnostic and ancillary services provided generally in an acute care facility.

(b) For purposes of this section, ''transitional inpatient care'' means the level of care needed by an individual who has suffered an illness, injury, or exacerbation of a disease, and whose medical condition has clinically stabilized so that daily physician services and the immediate availability of technically complex diagnostic and invasive procedures usually available only in the acute care hospital are not medically necessary, and when the physician assuming the responsibility of treatment management of the patient in transitional care has developed a definitive and time-limited course of treatment. The individual's care needs may be medical, rehabilitative, or both. However, the individual shall fall within one of the two following patient groups:

(1) ''Transitional medical patient,'' which means a medically stable patient with short-term transitional care needs, whose primary barrier to discharge to a residential setting is medical status rather than functional status. These patients may require simple rehabilitation therapy, but not a rehabilitation program appropriate for multiple interrelated areas of functional disability.

(2) ''Transitional rehabilitation patient,'' which means a medically stable patient with short-term transitional care needs, whose primary barrier to discharge to a residential setting is functional status, rather than medical status, and who has the capacity to benefit from a rehabilitation program as determined by a psychiatrist or physician otherwise skilled in rehabilitation medicine. These patients may have unresolved medical problems, but these problems must be sufficiently controlled to allow participation in the rehabilitation program.

(c) In implementing the transitional inpatient care program the department shall consider the differences between the two patient groups described in paragraphs (1) and (2) of subdivision (b) and shall assure that each group's specific health care needs are met.

(d) Transitional inpatient care services shall be made available only to qualifying Medi-Cal beneficiaries who are 18 years of age or older.

(e) Transitional inpatient care services shall not be available to patients in acute care hospitals defined as small and rural pursuant to Section 124840 of the Health and Safety Code.

(f) (1) Transitional inpatient care services may be provided by general acute care hospitals that are licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code. General acute care hospitals may provide transitional inpatient care services in the acute care hospital, an acute rehabilitation center, or the distinct-part skilled nursing unit of the acute care hospital. Licensed skilled nursing facilities, as defined in subdivision (c) of Section 1250 of the Health and Safety Code that are certified to participate as a nursing facility in the Medicare and medicaid programs, pursuant to Titles XVIII and XIX of the federal Social Security Act, and licensed congregate living health facilities, as defined in Section 1265.7 of the Health and Safety Code, that are certified to participate as a nursing facility in the Medicare and medicaid programs pursuant to Titles XVIII and XIX of the federal Social Security Act, may also provide the services described in subdivision (b).

(2) Costs of providing transitional inpatient care services in nonsegregated parts of the distinct-part skilled nursing unit of the acute care hospital shall be determinable, in the absence of distinct and separate cost centers established for this purpose. Costs of providing transitional inpatient care services in nondistinct parts of the acute care hospital shall be determinable, in the absence of distinct and separate cost centers established for this purpose. A separate and distinct cost center shall be maintained or established for each unit in freestanding certified nursing facilities in which the services described in subdivision (b) are provided, in order to identify and segregate costs for transitional inpatient care patients from costs for other patients who may be served within the parent facility.

(g) In order to participate as a provider in the transitional inpatient care program, a facility shall meet all applicable standards necessary for participation in the Medi-Cal program and all of the following:

(1) If the health facility is a freestanding certified nursing facility, it shall be located in close proximity to a general acute care hospital with which the facility has a transfer agreement in order to support the capability to respond to medical emergencies.

(2) The health facility shall demonstrate, to the department, competency in providing high quality care to all patients for whom the facility provides care, experience in providing high quality care to the types of transitional inpatient care patients the facility proposes to serve, and the ability to provide transitional inpatient care to patients pursuant to this chapter.

(3) The health facility shall enter into a provider agreement with the department for the provision of transitional inpatient care. The provider agreement shall specify whether the facility is authorized to serve transitional medical patients or transitional rehabilitation patients or both, depending on the facility's demonstrated ability to meet standards specific to each patient group. Continuation of the provider agreement shall be contingent upon the facility's continued compliance with all the applicable requirements of this section and any other applicable laws or regulations.

(h) In determining a facility's qualifications for initial participation, an onsite review shall be conducted by the department. Subsequent review shall be conducted onsite as necessary, but not less frequently than annually. Initial and subsequent reviews shall be conducted by appropriate department personnel, which shall include a registered nurse and other health professionals where appropriate. The department shall develop written protocols for reviews.

(i) Transitional inpatient care services shall be available to patients receiving care in an acute care hospital. Under specified circumstances, as set forth in regulations, transitional inpatient care shall be available to patients transferring directly from a nursing facility level of care, a physician's office, a clinic, or from the emergency room of a general acute care hospital, provided they have received a comprehensive medical assessment conducted by a physician, and the physician determines, and documents in the medical record, that the patient has been clinically stable for the 24 hours preceding admission to the transitional inpatient care program.

(j) A health facility providing transitional inpatient care shall accept and retain only those patients for whom it can provide adequate, safe, therapeutic, and effective care, and as identified in its application for participation as a transitional inpatient care provider. The facility's determination to accept a patient into the transitional inpatient care unit

shall be based on its preadmission screening process conducted by appropriate facility personnel.

(k) The department shall establish a process for providing timely, concurrent authorization and coordination, as required, of all medically necessary services for transitional inpatient care.

(*l*) The department shall adopt regulations specifying admission criteria and an admission process appropriate to each of the transitional inpatient care patient groups specified in subdivision (b). Patient admission criteria to transitional inpatient care shall include, but not be limited to, the following:

(1) Prior to admission to transitional inpatient care, the patient shall be determined to have been clinically stable for the preceding 24 hours by the attending physician and the physician assuming the responsibility of treatment management of the patient in the transitional inpatient care program.

(2) The patient shall be admitted to transitional inpatient care on the order of the physician assuming the responsibility of the management of the patient, with an established diagnosis, and an explicit time-limited course of treatment of sufficient detail to allow the facility to initiate appropriate assessments and services. No patient shall be transferred from an acute care hospital to a transitional inpatient care program that is in a freestanding certified nursing facility if the patient's attending physician documents in the medical record that the transfer would cause physical or psychological harm to the patient.

(3) (A) Medical necessity for transitional care shall include, but not be limited to, one or more of the following:

(i) Intravenous therapy.

(ii) Rehabilitative services.

(iii) Wound care.

(iv) Respiratory therapy.

(v) Traction.

(B) The department shall develop regulations further defining the services to be provided pursuant to clauses (i) to (v), inclusive, and the circumstances under which these services shall be provided.

(m) Registered nurses shall be assigned to the transitional inpatient care unit at all times and in sufficient numbers to allow for the ongoing patient assessment, patient care, and supervision of licensed and unlicensed staff. Participating facilities shall assure that staffing is adequate in number and skill mix, at all times, to address reasonably anticipated admissions, discharges, transfers, patient emergencies, and temporary absences of staff from the transitional care unit including, but not limited to, absences to attend meetings or inservice training. All licensed and certified health care personnel shall hold valid, current licensure or certification.

(n) Continued medical assessments shall be of sufficient frequency as to adequately review, evaluate, and alter plans of care as needed in response to patients' medical progress.

(o) The department shall develop a rate of reimbursement for transitional inpatient care services for providers as specified in subdivision (f). Reimbursement rates shall be specified in regulation and in accordance with methodologies developed by the department and may include the following:

(1) All inclusive per diem rates.

(2) Individual patient specific rates according to the needs of the individual transitional care patient.

(3) Other rates subject to negotiation with the health facility.

(p) Reimbursement at transitional inpatient care rates shall only be implemented when funds are available for this purpose pursuant to the annual Budget Act. Funds expended to implement this section shall be used by providers to assure safe, therapeutic and effective patient care by staffing at levels which meet patients' needs, and to ensure that these providers have the needed resources and staff to provide quality care to transitional inpatient care patients.

(q) (1) The department shall reimburse physicians for all medically necessary care provided to transitional inpatient care patients and shall establish Medi-Cal physician reimbursement rates commensurate with those for visits to nontransitional acute care patients in acute care hospitals.

(2) It is the intent of this subdivision to cover physician costs not included in the per diem rate.

(r) No later than January 1, 2000, the department shall evaluate, and make recommendations regarding, the effectiveness and safety of the transitional inpatient care program. The evaluation shall be developed in consultation with representatives of providers, facility employees, and consumers. The department may contract for all or a portion of the evaluation. The evaluation shall be for the purpose of determining the impact of the transitional inpatient care program on patient care, including functional outcomes, if applicable, on whether the care costs less than other alternatives, and whether it results in the deterioration of patient health and safety as compared to other placements. The evaluation shall also be for the purpose of determining the effect on patients other than those receiving transitional inpatient care in participating facilities. The evaluation shall include:

(1) Data on patient mortality, patients served, length of stay, and subsequent placement or discharge.

(2) Data on readmission to acute care and emergency room transfers.

(3) Staffing standards in the facilities.

(4) Other outcome measures and indicia of patient health and safety otherwise required to be reported by federal or state law.

(s) The department shall develop regulations to amend Sections 51540 to 51556, inclusive, of Title 22 of the California Code of Regulations, to exclude the cost of transitional inpatient care services rendered in general acute care hospitals from the hospital's inpatient services reimbursement.

(t) The department may adopt emergency regulations as necessary to implement this section in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The initial adoption of emergency regulations shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this section shall remain in effect for no more than 180 days. If the department adopts emergency regulations to implement this section, the department shall obtain input from interested parties to address the unique needs of medically complex and intensive rehabilitative patients qualifying for transitional inpatient care. Notwithstanding the requirements of this section, the department shall, if it adopts emergency regulations to implement this section, address the following major subject areas:

(1) Patient selection and assessment criteria, including but not limited to, preadmission screening, patient assessments, physician services, and interdisciplinary teams.

(2) Facility participation criteria and agreements, including but not limited to, facility licensing and certification history, demonstration to the department of a preexisting history in providing care to medically complex or intensive rehabilitative patients, data reporting requirements, demonstration of continued ability to provide high quality of care to all patients, nurse staffing requirements, ancillary services, and staffing requirements.

(u) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2002, deletes or extends that date.

SEC. 92. Section 14132.72 of the Welfare and Institutions Code is amended to read:

14132.72. (a) It is the intent of the Legislature to recognize the practice of telemedicine as a legitimate means by which an individual may receive medical services from a health care provider without person-to-person contact with the provider.

(b) For the purposes of this section, ''telemedicine'' and ''interactive'' are defined as those terms are defined in subdivision (a) of Section 2290.5 of the Business and Professions Code.

(c) (1) Commencing July 1, 1997, face-to-face contact between a health care provider and a patient shall not be required under the Medi-Cal program for services appropriately provided through telemedicine, subject to reimbursement policies developed by the Medi-Cal program to compensate licensed health care providers who provide health care services, that are otherwise covered by the Medi-Cal program, through telemedicine. The audio and visual telemedicine system used shall, at a minimum, have the capability of meeting the procedural definition of the Current Procedural Terminology Fourth Edition (CPT-4) codes which represent the service provided through telemedicine. The telecommunications equipment shall be of a level of quality to adequately complete all necessary components to document the level of service for the CPT-4 code billed. If a peripheral diagnostic scope is required to assess the patient, it shall provide adequate resolution or audio quality for decisionmaking.

(2) The department shall report to the appropriate committees of the Legislature, by January 1, 2000, on the application of telemedicine to provide home health care; emergency care; critical and intensive care, including neonatal care; psychiatric evaluation; psychotherapy; and medical management as potential Medi-Cal benefits.

(d) The Medi-Cal program shall not be required to pay for consultation provided by the health care provider by telephone or facsimile machines.

(e) The Medi-Cal program shall pursue private or federal funding to conduct an evaluation of the cost-effectiveness and quality of health care provided through telemedicine by those providers who are reimbursed for telemedicine services by the program.

SEC. 93. Section 14132.88 is added to the Welfare and Institutions Code, to read:

14132.88. Notwithstanding subdivision (h) of Section 14132 and to the extent funds are made available in the annual Budget Act for this purpose, the following are covered benefits under this chapter:

(a) Two basic dental cleanings per year.

(b) Two dental examinations per year.

SEC. 94. Section 14132.91 is added to the Welfare and Institutions Code, to read:

14132.91. (a) Subject to the availability of funding, the department shall conduct a dental outreach and education program for Medi-Cal beneficiaries. The program shall inform Medi-Cal beneficiaries of the availability of dental care and provide information regarding recommended frequencies for regular and preventive dental care, how to obtain Medi-Cal dental care, how to avoid inappropriate care or fraudulent providers, and how to obtain assistance in getting care or resolving problems with dental care.

(b) The program shall particularly target underserved populations and parents of young and adolescent children, and it shall include the following components:

(1) Incorporation of dental themes and information in ongoing outreach and advertising efforts, including those for Medi-Cal and the Healthy Families program.

(2) Education and outreach materials for inclusion in mailings to beneficiaries.

(3) Education and consumer protection materials for display and distribution at sites providing Medi-Cal dental care, clinics, and other health care facilities and sites.

(c) The department shall consult with dental professional groups and experts, community organizations, advertising and media experts, and other parties, as the department deems appropriate, in order to develop and structure the program in an effective and efficient manner.

SEC. 95. Section 14133.05 is added to the Welfare and Institutions Code, to read:

14133.05. (a) Notwithstanding any other provision of law, a request for a treatment authorization received by the department shall be reviewed for medical necessity only.

(b) Any claim for a service that is authorized pursuant to a treatment authorization request that qualifies for approval under the requirements established by the department in regulations shall be reduced in accordance with Section 14115.

(c) If a provider does not agree with the decision on a treatment authorization request, the provider may appeal the decision pursuant to procedures set forth in regulations adopted by the department.

(d) Providers shall comply with the administrative remedies available to them prior to seeking a judicial remedy with respect to a decision of the department on a treatment authorization request.

SEC. 96. Section 14163 of the Welfare and Institutions Code is amended to read:

14163. (a) For purposes of this section, the following definitions shall apply:

(b) The Medi-Cal Inpatient Payment Adjustment Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in subdivision (d). The fund shall consist of the following:

(1) Transfer amounts collected by the Controller under this section, whether submitted by transferor entities pursuant to applicable provisions of this section or obtained by offset pursuant to subdivision (j).

(c) Moneys in the fund, which shall not consist of any state general funds, shall be used as the source for the nonfederal share of payments to hospitals pursuant to Section 14105.98. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures, and used to make payments pursuant to Section 14105.98.

(d) Except as otherwise provided in Section 14105.98 or in any provision of law appropriating a specified sum of money to the department for administering this section and Section 14105.98, moneys in the fund shall be used only for the following:

(1) Payments to hospitals pursuant to Section 14105.98.

(2) Transfers to the Health Care Deposit Fund as follows:

(A) In the amount of two hundred thirty-nine million seven hundred fifty-seven thousand six hundred ninety dollars ($239,757,690) for the 1994–95 and 1995–96 fiscal years.

(B) In the amount of two hundred twenty-nine million seven hundred fifty-seven thousand six hundred ninety dollars ($229,757,690) for the 1996–97 fiscal year.

(D) In the amount of one hundred fourteen million seven hundred fifty-seven thousand six hundred ninety dollars ($114,757,690) for the 1998–99 fiscal year.

(E) (i) In the amount of eighty-four million seven hundred fifty-seven thousand six hundred ninety dollars ($84,757,690) for the 1999–2000 fiscal year.

(ii) It is the intent of the Legislature that the economic benefit of any reduction in the amount transferred, or to be transferred, to the Health Care Deposit Fund pursuant to this subdivision for the 1999–2000 fiscal year, as compared to the amount so transferred for the 1998–99 fiscal year, be allocated equally between public and nonpublic

disproportionate share hospitals. To implement the reduction in clause (i) the department shall, by June 30, 2000, adjust the calculations in Section 14105.98 in order to allocate the funds in accordance with this clause.

(F) In the amount of twenty-nine million seven hundred fifty-seven thousand six hundred ninety dollars ($29,757,690) for the 2000–01 fiscal year and each fiscal year thereafter.

(G) The transfers from the fund shall be made in six equal monthly installments to the Medi-Cal local assistance appropriation item (Item 4260-101-001 of the annual Budget Act) in support of Medi-Cal expenditures. The first installment shall accrue in October of each transfer year, and all other installments shall accrue monthly thereafter from November through March.

(e) For the 1991–92 state fiscal year, the department shall determine, no later than 70 days after the enactment of this section, the transferor entities for the 1991–92 transfer year. To make this determination, the department shall utilize the disproportionate share list for the 1991–92 fiscal year issued by the department pursuant to paragraph (1) of subdivision (f) of Section 14105.98. The department shall identify each eligible hospital on the list for which a public entity is the licensee as of July 1, 1991. The public entity that is the licensee of each identified eligible hospital shall be a transferor entity for the 1991–92 transfer year.

(f) The department shall determine, no later than 70 days after the enactment of this section, the transfer amounts for the 1991–92 transfer year.

The transfer amounts shall be determined as follows:

(1) The eligible hospitals for 1991–92 shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(2) The eligible hospitals for 1991–92 involving transferor entities as licensees shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals with transferor entities as licensees shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(3) The aggregate sum determined under paragraph (1) shall be divided by the aggregate sum determined under paragraph (2), yielding a factor to be utilized in paragraph (4).

(4) The factor determined in paragraph (3) shall be multiplied by the amount determined for each hospital under paragraph (2). The product of this calculation for each hospital in paragraph (2) shall be divided by 1.771, yielding a transfer amount for the particular transferor entity for the transfer year.

(g) For the 1991–92 transfer year, the department shall notify each transferor entity in writing of its applicable transfer amount or amounts.

(h) For the 1992–93 transfer year and subsequent transfer years, transfer amounts shall be determined in the same procedural manner as set forth in subdivision (f), except:

(1) The department shall use all of the following:

(A) The disproportionate share list applicable to the particular transfer year to determine the eligible hospitals.

(B) The payment adjustment amounts calculated under Section 14105.98 for the particular transfer year. These amounts shall take into account any projected or actual increases or decreases in the size of the payment adjustment program as are required under Section 14105.98 for the particular year in question, including any decreases resulting from the application of the OBRA 1993 payment limitation. The department may issue interim, revised, and supplemental transfer requests as necessary and appropriate to address changes in payment adjustment levels that occur under Section 14105.98. All transfer requests, or adjustments thereto, issued to transferor entities by the department shall meet the requirements set forth in subdivision (i).

(C) Data regarding annualized Medi-Cal inpatient paid days for the most recent calendar year ending prior to the beginning of the particular transfer year, as determined from all Medi-Cal paid claims records available through April 1 preceding the particular transfer year.

(D) The status of public entities as licensees of eligible hospitals as of July 1 of the particular transfer year.

(E) For the 1993–94 transfer year and subsequent transfer years, the divisor to be used for purposes of the calculation referred to in paragraph (4) of subdivision (f) shall be determined by the department. The divisor shall be calculated to ensure that the appropriate amount of transfers from transferor entities are received into the fund to satisfy the requirements of Section 14105.98, exclusive of the amounts described in paragraph (2) of this subdivision, and to satisfy the requirements of paragraph (2) of subdivision (d), for the particular transfer year. For the 1993–94 transfer year, the divisor shall be 1.742.

(F) The following provisions shall apply for certain transfer amounts relating to nonsupplemental payments under Section 14105.98:

(i) For the 1998–99 transfer year, transfer amounts shall be determined as though the payment adjustment amounts arising pursuant to subdivision (ag) of Section 14105.98 were increased by the amounts paid or payable pursuant to subdivision (af) of Section 14105.98.

(ii) Any transfer amounts paid by a transferor entity pursuant to subparagraph (C) of paragraph (2) shall serve as credit for the particular transferor entity against an equal amount of its transfer obligation for the 1998–99 transfer year.

(iii) For the 1999–2000 transfer year, transfer amounts shall be determined as though the amount to be transferred to the Health Care Deposit Fund, as referred to in paragraph (2) of subdivision (d), were reduced by 28 percent.

(2) (A) Except as provided in subparagraphs (B), (C), and (D), for the 1993–94 transfer year and subsequent transfer years, transfer amounts shall be increased for the particular transfer year in the amounts necessary to fund the nonfederal share of the total supplemental payment adjustment amounts of all types that arise under Section 14105.98. These increases shall be paid only by those transferor entities that are licensees of hospitals that are projected to receive some or all of the particular supplemental payments, and the increases shall be paid by the transferor entities on a pro rata basis in connection with the particular supplemental payments. For purposes of this paragraph, supplemental payment adjustment amounts shall be deemed to arise for the particular transfer year as of the date specified in Section 14105.98. Transfer amounts to fund the nonfederal share of the payments shall be paid for the particular transfer year within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(B) For the 1995–96 transfer year, the nonfederal share of the secondary supplemental payment adjustments described in paragraph (9) of subdivision (y) of Section 14105.96 shall be funded as follows:

(i) Ninety-nine percent of the nonfederal share shall be funded by a transfer from the University of California.

(ii) One percent of the nonfederal share shall be funded by transfers from those public entities that are the licensees of the hospitals included in the ''other public hospitals'' group referred to in clauses (ii) and (iii) of subparagraph (B) of paragraph (9) of subdivision (y) of Section 14105.98. The transfer responsibilities for this 1 percent shall be allocated to the particular public entities on a pro rata basis, based on a formula or formulae customarily used by the department for allocating transfer amounts under this section. The formula or formulae shall take into account, through reallocation of transfer amounts as appropriate, the situation of hospitals whose secondary supplemental payment adjustments are restricted due to the application of the limitation set

forth in clause (v) of subparagraph (B) of paragraph (9) of subdivision (y) of Section 14105.98.

(iii) All transfer amounts under this subparagraph shall be paid by the particular transferor entities within 30 days after the department notifies the transferor entity in writing of the transfer amount to be paid.

(C) For the 1997–98 transfer year, transfer amounts to fund the nonfederal share of the supplemental payment adjustments described in subdivision (af) of Section 14105.98 shall be funded by a transfer from the County of Los Angeles.

(D) (i) For the 1998–99 transfer year, transfer amounts to fund the nonfederal share of the supplemental payment adjustment amounts arising under subdivision (ah) of Section 14105.98 shall be increased as set forth in clause (ii).

(ii) The transfer amounts otherwise calculated to fund the supplemental payment adjustments referred to in clause (i) shall be increased on a pro rata basis by an amount equal to 28 percent of the amount to be transferred to the Health Care Deposit Fund for the 1999–2000 fiscal year, as referred to in paragraph (2) of subdivision (d).

(3) The department shall prepare preliminary analyses and calculations regarding potential transfer amounts, and potential transferor entities shall be notified by the department of estimated transfer amounts as soon as reasonably feasible regarding any particular transfer year. Written notices of transfer amounts shall be issued by the department as soon as possible with respect to each transfer year. All state agencies shall take all necessary steps in order to supply applicable data to the department to accomplish these tasks. The Office of Statewide Health Planning and Development shall provide to the department quarterly access to the edited and unedited confidential patient discharge data files for all Medi-Cal eligible patients. The department shall maintain the confidentiality of that data to the same extent as is required of the Office of Statewide Health Planning and Development. In addition, the Office of Statewide Health Planning and Development shall provide to the department, not later than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year, from all of the following:

(A) Hospital annual disclosure reports, filed with the Office of Statewide Health Planning and Development pursuant to Section 443.31 or 128735 of the Health and Safety Code, for hospital fiscal years that ended during the calendar year ending 13 months prior to the applicable February 1.

(B) Annual reports of hospitals, filed with the Office of Statewide Health Planning and Development pursuant to Section 439.2 or 127285

of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(C) Hospital patient discharge data reports, filed with the Office of Statewide Health Planning and Development pursuant to subdivision (g) of Section 443.31 or 128735 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(D) Any other materials on file with the Office of Statewide Health Planning and Development.

(4) Transfer amounts calculated by the department may be increased or decreased by a percentage amount consistent with the Medi-Cal state plan.

(5) For the 1993–94 fiscal year, the transfer amount that would otherwise be required from the University of California shall be increased by fifteen million dollars ($15,000,000).

(6) Notwithstanding any other provision of law, except for subparagraph (D) of paragraph (2), the total amount of transfers required from the transferor entities for any particular transfer year shall not exceed the sum of the following:

(A) The amount needed to fund the nonfederal share of all payment adjustment amounts applicable to the particular payment adjustment year as calculated under Section 14105.98. Included in the calculations for this purpose shall be any decreases in the program as a whole, and for individual hospitals, that arise due to the provisions of Section 1396r-4(f) or (g) of Title 42 of the United States Code.

(B) The amount needed to fund the transfers to the Health Care Deposit Fund, as referred to in subdivision (d).

(7) (A) Except as provided in subparagraphs (B) and (C) and in paragraph (2) of subdivision (j), and except for a prudent reserve not to exceed two million dollars ($2,000,000) in the Medi-Cal Inpatient Payment Adjustment Fund, any amounts in the fund, including interest that accrues with respect to the amounts in the fund, that are not expended, or estimated to be required for expenditure, under Section 14105.98 with respect to a particular transfer year shall be returned on a pro rata basis to the transferor entities for the particular transfer year within 120 days after the department determines that the funds are not needed for an expenditure in connection with the particular transfer year.

(B) The department shall determine the interest amounts that have accrued in the fund from its inception through June 30, 1995, and, no later than January 1, 1996, shall distribute these interest amounts to transferor entities:

(C) With respect to those particular amounts in the fund resulting solely from the provisions of subparagraph (D) of paragraph (2), the department shall determine by September 30, 1999, whether these particular amounts exceed 28 percent of the amount to be transferred to

the Health Care Deposit Fund for the 1999–2000 fiscal year, as referred to in paragraph (2) of subdivision (d). Any excess amount so determined shall be returned to the particular transferor entities on a pro rata basis no later than October 31, 1999.

(D) Regarding any funds returned to a transferor entity under subparagraph (A) or (C), or interest amounts distributed to a transferor entity under subparagraph (B), the department shall provide to the transferor entity a written statement that explains the basis for the particular return or distribution of funds and contains the general calculations used by the department in determining the amount of the particular return or distribution of funds.

(i) (1) For the 1991–92 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments.

(2) (A) Except as provided in subparagraphs (B) and (C), for the 1992–93 transfer year and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments. However, for the 1997–98 and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in the form of periodic installments according to a timetable established by the department. The timetable shall be structured to effectuate, on a reasonable basis, the prompt distribution of all nonsupplemental payment adjustments under Section 14105.98, and transfers to the Health Care Deposit Fund under subdivision (d).

(B) For the 1994–95 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments.

(C) For the 1995–96 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments.

(D) Except as otherwise specifically provided, subparagraphs (A) to (C), inclusive, shall not apply to increases in transfer amounts described in paragraph (2) of subdivision (h) or to additional transfer amounts described in subdivision (o).

(E) All requests for transfer payments, or adjustments thereto, issued by the department shall be in writing and shall include (i) an explanation of the basis for the particular transfer request or transfer activity, (ii) a summary description of program funding status for the particular transfer year, and (iii) the general calculations used by the department in connection with the particular transfer request or transfer activity.

(3) A transferor entity may use any of the following funds for purposes of meeting its transfer obligations under this section:

(A) General funds of the transferor entity.

(B) Any other funds permitted by law to be used for these purposes, except that a transferor entity shall not submit to the Controller any federal funds unless those federal funds are authorized by federal law to be used to match other federal funds. In addition, no private donated funds from any health care provider, or from any person or organization affiliated with the health care provider, shall be channeled through a transferor entity or any other public entity to the fund, unless the donated funds will qualify under federal rules as a valid component of the nonfederal share of the Medi-Cal program and will be matched by federal funds. The transferor entity shall be responsible for determining that funds transferred meet the requirements of this subparagraph.

(j) (1) If a transferor entity does not submit any transfer amount within the time period specified in this section, the Controller shall offset immediately the amount owed against any funds which otherwise would be payable by the state to the transferor entity. The Controller, however, shall not impose an offset against any particular funds payable to the transferor entity where the offset would violate state or federal law.

(2) Where a withhold or a recoupment occurs pursuant to the provisions of paragraph (2) of subdivision (r) of Section 14105.98, the nonfederal portion of the amount in question shall remain in the fund, or shall be redeposited in the fund by the department, as applicable. The department shall then proceed as follows:

(A) If the withhold or recoupment was imposed with respect to a hospital whose licensee was a transferor entity for the particular state fiscal year to which the withhold or recoupment related, the nonfederal portion of the amount withheld or recouped shall serve as a credit for the particular transferor entity against an equal amount of transfer obligations under this section, to be applied whenever the transfer obligations next arise. Should no such transfer obligation arise within 180 days, the department shall return the funds in question to the particular transferor entity within 30 days thereafter.

(B) For other situations, the withheld or recouped nonfederal portion shall be subject to paragraph (7) of subdivision (h).

(k) All transfer amounts received by the Controller or amounts offset by the Controller shall immediately be deposited in the fund.

(*l*) For purposes of this section, the disproportionate share list utilized by the department for a particular transfer year shall be identical to the disproportionate share list utilized by the department for the same state fiscal year for purposes of Section 14105.98. Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(m) Neither the intergovernmental transfers required by this section, nor any elective transfer made pursuant to Section 14164, shall create, lead to, or expand the health care funding or service obligations for current or future years for any transferor entity, except as required of the state by this section or as may be required by federal law, in which case the state shall be held harmless by the transferor entities on a pro rata basis.

(n) Except as otherwise permitted by state and federal law, no transfer amount submitted to the Controller under this section, and no offset by the Controller pursuant to subdivision (j), shall be claimed or recognized as an allowable element of cost in Medi-Cal cost reports submitted to the department.

(o) Whenever additional transfer amounts are required to fund the nonfederal share of payment adjustment amounts under Section 14105.98 that are distributed after the close of the particular payment adjustment year to which the payment adjustment amounts apply, the additional transfer amounts shall be paid by the parties who were the transferor entities for the particular transfer year that was concurrent with the particular payment adjustment year. The additional transfer amounts shall be calculated under the formula that was in effect during the particular transfer year. For transfer years prior to the 1993–94 transfer year, the percentage of the additional transfer amounts available for transfer to the Health Care Deposit Fund under subdivision (d) shall be the percentage that was in effect during the particular transfer year. These additional transfer amounts shall be paid by transferor entities within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(p) (1) Ten million dollars ($10,000,000) of the amount transferred from the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund due to amounts transferred attributable to years prior to the 1993–94 fiscal year is hereby appropriated without regard to fiscal years to the State Department of Health Services to be used to support the development of managed care programs under the department's plan to expand Medi-Cal managed care.

(2) These funds shall be used by the department for both of the following purposes: (A) distributions to counties or other local entities that contract with the department to receive those funds to offset a portion of the costs of forming the local initiative entity, and (B) distributions to local initiative entities that contract with the department to receive those funds to offset a portion of the costs of developing the local initiative health delivery system in accordance with the department's plan to expand Medi-Cal managed care.

(3) Entities contracting with the department for any portion of the ten million dollars ($10,000,000) shall meet the objectives of the

department's plan to expand Medi-Cal managed care with regard to traditional and safety net providers.

(4) Entities contracting with the department for any portion of the ten million dollars ($10,000,000) may be authorized under those contracts to utilize their funds to provide for reimbursement of the costs of local organizations and entities incurred in participating in the development and operation of a local initiative.

(5) To the full extent permitted by state and federal law, these funds shall be distributed by the department for expenditure at the local level in a manner that qualifies for federal financial participation under the medicaid program.

(q) (1) Any local initiative entity that has performed unanticipated additional work for the purposes identified in subparagraph (B) of paragraph (2) of subdivision (p) resulting in additional costs attributable to the development of its local initiative health delivery system, may file a claim for reimbursement with the department for the additional costs incurred due to delays in start dates through the 1996–97 fiscal year. The claim shall be filed by the local initiative entity not later than 90 days after the effective date of the act adding this subdivision, and shall not seek extra compensation for any sum that is or could have been asserted pursuant to the contract disputes and appeals resolution provisions of the local initiative entity's respective two-plan model contract. All claims for unanticipated additional incurred costs shall be submitted with adequate supporting documentation including, but not limited to, all of the following:

(A) Invoices, receipts, job descriptions, payroll records, work plans, and other materials that identify the unanticipated additional claimed and incurred costs.

(B) Documents reflecting mitigation of costs.

(C) To the extent lost profits are included in the claim, documentation identifying those profits and the manner of calculation.

(D) Documents reflecting the anticipated start date, the actual start date, and reasons for the delay between the dates, if any.

(2) In determining any amount to be paid, the department shall do all of the following:

(A) Conduct a fiscal analysis of the local initiative entity's claimed costs.

(B) Determine the appropriate amount of payment, after taking into consideration the supporting documentation and the results of any audit.

(C) Provide funding for any such payment, as approved by the Department of Finance through the deficiency process.

(D) Complete the determination required in subparagraph (B) within six months after receipt of a local initiative entity's completed claim and

supporting documentation. Prior to final determination, there shall be a review and comment period for that local initiative entity.

(E) Make reasonable efforts to obtain federal financial participation. In the event federal financial participation is not allowed for this payment, the state's payment shall be 50 percent of the total amount determined to be payable.

(6) Requirement that the prepaid health plan in violation of this article personally contact each enrollee enrolled to explain the nature of the violation and inform the enrollee of his right to disenroll.

(7) Application of sanctions as provided in Section 14304.

SEC. 99. Section 16809 of the Welfare and Institutions Code, as amended by Section 68 of Chapter 146 of the Statutes of 1999, is amended to read:

16809. (a) (1) The board of supervisors of a county which contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year and any county with a population under 300,000, as determined in accordance with the 1990 decennial census, by adopting a resolution to that effect, may elect to participate in the County Medical Services Program. The County Medical Services Program shall have responsibilities for specified health services to county residents certified eligible for those services by the county.

(2) If the County Medical Services Program Governing Board contracts with the department to administer the County Medical Services Program, that contract shall include, but need not be limited to, all of the following:

(A) Provisions for the payment to participating counties for making eligibility determinations based on the formula used by the County Medical Services Program for the 1993–94 fiscal year.

(B) Provisions for payment of expenses of the County Medical Services Program Governing Board.

(C) Provisions relating to the flow of funds from counties' vehicle license fees, sales taxes, and participation fees and the procedures to be followed if a county does not pay those funds to the program.

(D) Those provisions, as applicable, contained in the 1993–94 fiscal year contract with counties under the County Medical Services Program.

(3) The contract between the department and the County Medical Services Program Governing Board shall require that the state maintain at least the level of administrative support provided to the County Medical Services Program for the 1993–94 fiscal year. The department may decline to implement decisions made by the governing board that

would require a greater level of administrative support than that for the 1993–94 fiscal year. The department may implement decisions upon compensation by the governing board to cover that increased level of support.

(4) The department shall administer the County Medical Services Program pursuant to the provisions of the 1993–94 fiscal year contract with the counties and regulations relating to the administration of the program until the County Medical Services Program Governing Board executes a contract for the administration of the County Medical Services Program and adopts regulations for that purpose.

(5) The department shall not be liable for any costs related to decisions of the County Medical Services Program Governing Board that are in excess of those set forth in the contract between the department and the County Medical Services Program Governing Board.

(b) Each county intending to participate in the County Medical Services Program pursuant to this section shall submit to the Governing Board of the County Medical Services Program a notice of intent to contract adopted by the board of supervisors no later than April 1 of the fiscal year preceding the fiscal year in which the county will participate in the County Medical Services Program.

(c) A county participating in the County Medical Services Program pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) (1) The County Medical Services Program Account is established in the County Health Services Fund. The following amounts may be deposited in the account:

(A) Any interest earned upon money deposited in the account.

(B) Moneys provided by participating counties or appropriated by the Legislature to the account.

(C) Moneys loaned pursuant to subdivision (q).

(2) The methods and procedures used to deposit funds into the account shall be consistent with the methods used by the program during the 1993–94 fiscal year.

(e) Moneys in the program account shall be used by the department, pursuant to its contract with the County Medical Services Program Governing Board, to pay for health care services provided to the persons meeting the eligibility criteria established pursuant to subdivision (j) and to pay for the expense of the governing board as set forth in the contract between the board and the department.

(f) (1) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article

4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(2) (A) All interest or other increment resulting from the investment shall be deposited in the program account, at the end of the 1982–83 fiscal year and every six months thereafter, notwithstanding Section 16305.7 of the Government Code.

(B) All interest deposited pursuant to subparagraph (A) shall be available to reimburse program-covered services, County Medical Services Program Governing Board expenses, or for expenditures to augment the program's rates, benefits, or eligibility criteria pursuant to subdivision (j).

(g) A separate County Medical Services Program Reserve Account is established in the County Health Services Fund. Six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to participate in the County Medical Services Program under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees as determined by the County Medical Services Program Governing Board pursuant to subdivision (i). Nothing in this section shall preclude the CMSP Governing Board from establishing other reserves.

(h) Moneys in the program account and the reserve account, except for moneys provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (p) shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from investment shall be deposited in the program account, notwithstanding Section 16705.7 of the Government Code.

(i) (1) Counties shall pay participation fees as established by the County Medical Services Program Governing Board and their jurisdictional risk amount in a method that is consistent with that established in the 1993–94 fiscal year.

(2) A county may request, due to financial hardship, the payments under paragraph (1) be delayed. The request shall be subject to approval by the CMSP Governing Board.

(B) (i) Beginning in the 1992–93 fiscal year and for each fiscal year thereafter, counties and the state shall share the risk for cost increases of the County Medical Services Program not funded through other sources. The state shall be at risk for any cost that exceeds the cumulative annual growth in dedicated sales tax and vehicle license fee revenue, up to the amount of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, except for the 1999–2000 fiscal year and 2000–01 fiscal year. Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600, according to the table specified in paragraph (2), to the County Medical Services Program, plus the additional cost increases in excess of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, except for the 1999–2000 fiscal year and 2000-01 fiscal year. In the 1994–95 fiscal year, the amount of the state risk shall be twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, in addition to the cost of administrative support pursuant to paragraph (3) of subdivision (a).

(k) The Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Contracts under this section shall be exempt from Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code. In negotiating and renegotiating contracts with hospitals, the commission may seek terms which allow reimbursement for patients receiving services under this section at contracted Medi-Cal rates.

(o) Any hospital which has a contract with the state for inpatient services under the Medi-Cal program and which has been approved by the commission to be reimbursed for patients receiving services under this section shall not deny services to these patients.

(r) Regulations adopted by the department pursuant to this section shall remain operative and shall be used to operate the County Medical Services Program until a contract with the County Medical Services Program Governing Board is executed and regulations, as appropriate, are adopted by the County Medical Services Program Governing Board. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, those regulations adopted under the County Medical Services Program shall become inoperative until January 1, 1998, except those regulations that the department, in consultation with the County Medical Services Program Governing Board, determines are needed to continue to administer the County Medical Services Program. (s) Moneys appropriated from the General Fund to meet the state risk as set forth in subparagraph (B) of paragraph (1) of subdivision (j) shall not be available for those counties electing to disenroll from the County Medical Services Program.

(t) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2003, deletes or extends that date.

SEC. 100. Funds appropriated in the Budget Act of 2000 for the purpose of improving the dental infrastructure of nonprofit, community-based clinics, as determined by the State Department of Health Services, shall be available for expenditure through June 30, 2002.

SEC. 101. Notwithstanding any other provision of law, the funds appropriated by the Budget Act of 2000 for the tobacco use competitive grants program provided for in Section 104385 of the Health and Safety Code, the tobacco prevention media campaign provided for in subdivision (e) of Section 104375 of the Health and Safety Code, the evaluation of the tobacco use prevention and education program set forth in subdivision (b) and (c) of Section 104375 of the Health and Safety Code, school-based tobacco use prevention pursuant to Sections 104420, 104425, 104430, and 104435 of the Health and Safety Code, and local tobacco use prevention programs set forth in Section 104400 of the Health and Safety Code, shall be available for encumbrance and expenditure without regard to fiscal years for two years beyond the date of appropriation.

SEC. 102. The State Department of Health Services shall provide the fiscal and policy committees of the Legislature with a copy of any hospital outpatient rate analysis submitted to the court regarding the case of Orthopedic Hospital and California Hospital Association v. Belshe', once the analysis is considered to be part of the public record as defined by the California Public Records Act.

SEC. 103. (a) The State Department of Health Services shall allocate any rate increases for Denti-Cal Program services provided through the Budget Act of 2000 across procedure codes as deemed appropriate by the department after consultation with professional dental organizations.

(b) It is the intent of the Legislature for rate increases for Denti-Cal Program services provided through the Budget Act of 2000 to be provided to dental plans operating under a managed care environment, as defined by the department, on an equitable basis in order to ensure recipient access to services.

SEC. 104. (a) The State Department of Developmental Services shall identify a range of options to meet the future needs of individuals currently served, or who will need services similar to those provided, in state developmental centers.

(b) The department shall establish a workgroup consisting of system stakeholders to assist in examining the various options including, but not limited to, renovation of existing developmental centers, smaller state owned and operated facilities, state operated leased facilities, privately owned and operated facilities, and services and supports provided in consumer owned or leased homes.

(c) Options shall be evaluated for their appropriateness in meeting consumers' needs, compliance with requirements of federal and state laws, and efficient use of state and federal funds.

(d) The department shall report on these options and the recommendations of the workgroup to the Legislature by March 1, 2001.

SEC. 105. (a) The Legislature finds and declares all of the following:

(1) Lack of insurance coverage for children results in reduced access to medical services, resulting in restricted access to primary and preventive care and increased reliance on emergency rooms and hospitals for treatment.

(2) Almost 50 percent of uninsured children eligible for the Medi-Cal program, or the Healthy Families programs are already enrolled in the California Supplemental Food Program for Women, Infants and Children, the School Lunch program, or the Food Stamps program. Not only have these families been certified as income-eligible for these programs, they have also already provided extensive information to enroll in the programs.

(3) It is the intent of the Legislature, therefore, to make the Medi-Cal and Healthy Families enrollment process more user-friendly and efficient for children currently enrolled in programs with income eligibility guidelines similar to Medi-Cal and the Healthy Families program, and thus make the process more accessible for those in need of care.

(b) The State Department of Health Services and the Managed Risk Medical Insurance Board shall develop options for implementing streamlined processes for establishing Medi-Cal program and Healthy Families program eligibility, as applicable, for a child enrolled in or applying to certain public programs, such as the School Lunch program, the Food Stamp program, and the California Supplemental Food Program for Women, Infants and Children, or other programs as determined by the department. The department shall be designated as the lead entity in this effort. Other state departments, such as the State Department of Social Services and the State Department of Education, shall respond to inquiries from the State Department of Health Services on an as needed basis regarding the programs they administer.

The initial adoption of emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Initial emergency regulations and the first readoption of those regulations shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations and shall remain in effect for no more than 180 days.

SEC. 107. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 108. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the administration of this act relating to health care for the entire 2000–01 fiscal year, it is necessary that this act go into immediate effect.

[Approved by Governor July 6, 2000. Filed with Secretary of State July 7, 2000.]

The people of the State of California do enact as follows:

SEC. 2. Section 104160 is added to the Health and Safety Code, to read:

104160. The State Department of Health Services shall utilize existing mechanisms to maintain, expand, and ensure quality breast cancer treatment for low-income, and uninsured persons who are diagnosed with breast cancer. The department shall award one or more contracts to provide breast cancer treatment through private or public nonprofit organizations, including, but not limited to, community-based organizations, local health care providers, and the University of California medical centers. The contracts shall not be subject to Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code.

SEC. 3. Section 104161 of the Health and Safety Code is amended to read:

SEC. 5. Section 104163 of the Health and Safety Code is amended to read:

CHAPTER 95

An act to amend Sections 19356.6 and 19356.7 of, and to amend and repeal Section 19355.5 of, the Welfare and Institutions Code, relating to habilitation services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 2000. Filed with Secretary of State July 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature, in enacting this act, to fund a current-year deficiency resulting from expenditures in excess of Budget Act of 1999 appropriations and reimbursements for habilitation services and vocational rehabilitation supported employment services. It is the further intent of the Legislature to amend supported employment reimbursement rate provisions to control supported employment costs and eliminate excess expenditures resulting from unregulated changes in the number of clients in group placement, payments for clients not funded by the Department of Rehabilitation, and for other inefficiencies.

(b) The Legislature finds and declares that this act is necessary because Section 19355.5 of the Welfare and Institutions Code requires a rate reduction in order to avoid a deficiency.

SEC. 2. Section 19355.5 of the Welfare and Institutions Code is amended to read:

19355.5. (a) Notwithstanding any other provision of law, effective July 1, 2000, the twenty-seven dollar and fifty cent ($27.50) hourly rate for supported employment services established pursuant to paragraph (2) of subdivision (b) of Section 19356.6 shall be reduced by the percentage necessary to ensure that projected total General Fund

expenditures and reimbursements for habilitation services and vocational rehabilitation supported employment services, including services pursuant to paragraph (2) of, and clauses (i) to (iii), inclusive, of subparagraph (B) of paragraph (2) of, subdivision (b) of Section 19356.6, and, for the habilitation services program only, ancillary services, based on Budget Act caseload projections, do not exceed the General Fund and reimbursement appropriations for these services in the annual Budget Act, exclusive of increases in job coach hours due to unanticipated increases in caseload or the average client workday. This reduction shall not be implemented sooner than 30 days after notification in writing of the necessity for the reduction to the appropriate fiscal committees and policy committees of the Legislature and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time the chairperson of the joint committee, or his or her designee, may in each instance determine.

(b) The department shall annually make three projections of General Fund expenditures and reimbursements, which shall be based on invoices for supported employment services received by October 5, January 5, and April 5 of each fiscal year, respectively, and projections shall be submitted to the Department of Finance no later than 30 days after these dates. The projected expenditures shall be based on the number of job coach hours for which the state has been billed and projected caseload growth, including change in the average client workday.

(c) This section shall not be implemented until the Department of Finance certifies to the Legislature that the Department of Rehabilitation is able to compile and provide timely data on job coach hours, group size, and average client workday in the supported employment program.

(d) This section shall become inoperative on September 1, 2003, and as of January 1, 2004, is repealed, unless a later enacted statute that becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 19356.6 of the Welfare and Institutions Code is amended to read:

19356.6. (a) The definitions contained in this subdivision shall govern the construction of this section, with respect to services provided through the Habilitation Services Program, and unless the context requires otherwise, the following terms shall have the following meanings:

(1) ''Supported employment'' means paid work that is integrated in the community for individuals with developmental disabilities whose vocational disability is so severe that they would be unable to achieve this employment without specialized services and would not be able to

retain this employment without an appropriate level of ongoing postemployment support services.

(2) ''Integrated work'' means the engagement of an employee with a disability in work in a setting typically found in the community in which individuals interact with nondisabled individuals other than those who are providing services to those individuals, to the same extent that nondisabled individuals in comparable positions interact with other persons.

(3) ''Supported employment placement'' means the employment of an individual with a developmental disability by an employer in the community, directly or through contract with a supported employment program, and the provision of supported employment services including the provision of ongoing postemployment services necessary for the individual to retain employment. Services for those individuals receiving individualized services from a supported employment program shall decrease as the individual adjusts to his or her employment and the employer assumes many of those functions.

(4) ''Allowable supported employment services'' means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program for the purpose of achieving supported employment as an outcome for individuals with developmental disabilities, which may include any of the following:

(A) Program staff time spent conducting job analysis of supported employment opportunities for a specific consumer.

(B) Program staff time spent in the direct supervision or training of a consumer or consumers while they engage in integrated work unless other arrangements for consumer supervision, such as employer supervision reimbursed by the supported employment program, are approved by the Habilitation Services Program.

(C) Training occurring in the community, in adaptive functional and social skills necessary to ensure job adjustment and retention such as social skills, money management, and independent travel.

(D) Counseling with a consumer's significant others to ensure support of a consumer in job adjustment.

(E) Advocacy or intervention on behalf of a consumer to resolve problems affecting the consumer's work adjustment or retention.

(F) Job development to the extent authorized by the Habilitation Services Program.

(G) Ongoing postemployment support services needed to ensure the consumer's retention of the job.

(5) ''Group services'' means job coach-supported employment services in a group supported employment placement at a job coach-to-client ratio of not less than one-to-three nor more than one-to-eight where a minimum of three clients are department-funded.

(6) ''Individualized services'' means job coach and other supported employment services for department-funded clients in a supported employment placement at a job coach-to-client ratio of one-to-one.

(b) (1) The Habilitation Services Program shall set rates for supported employment services provided in accordance with this section. The Habilitation Services Program shall apply rates in accordance with this section to those work-activity programs or program components of work-activity programs approved by the department to provide supported employment and to new programs or components approved by the Habilitation Services Program to provide supported employment services. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) (A) The hourly rate for supported employment services provided to clients receiving individualized services shall be twenty-seven dollars and fifty cents ($27.50).

(B) The hourly rate for group services shall be twenty-seven dollars and fifty cents ($27.50) regardless of the number of clients served in the group. Clients in a group shall be scheduled to start and end work at the same time, unless an exception is approved in advance by the Habilitation Services Program. The department, in consultation with stakeholders, shall adopt regulations to define the appropriate grounds for granting these exceptions. Where the number of clients in a group supported employment placement drops to fewer than three department-funded clients, the program provider shall, within 90 days from the date of this occurrence and consistent with Section 19356.7, do one of the following:

(i) Add one or more department-funded clients to the group.

(ii) Move the remaining clients to another existing group.

(iii) Move the remaining clients, if appropriate, to individualized placement.

(iv) Terminate services.

(C) For clients receiving group services the Habilitation Services Program may set a higher hourly rate for supported employment services, based upon the additional cost to provide ancillary services, when there is a documented and demonstrated need for a higher rate because of the nature and severity of the disabilities of the consumer, as determined by the Habilitation Services Program.

(D) In addition, fees shall be authorized for the following:

(i) A two hundred dollar ($200) fee shall be paid upon intake of a consumer into an agency's supported employment program, unless that individual has completed a supported employment intake process with

that same agency within the past 12 months, in which case no fee shall be paid.

(ii) A four hundred dollar ($400) fee shall be paid upon placement of an individual in an integrated job, unless that individual is placed with another consumer or consumers assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(iii) A four hundred dollar ($400) fee shall be paid after a 90-day retention of a consumer in a job, unless that individual has been placed with another consumer or consumers, assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(3) These rates shall take effect July 1, 1998.

(4) It is the intent of the Legislature that, commencing July 1, 1996, the department establish rates for both habilitation services and vocational rehabilitation supported employment services pursuant to this section.

(5) For individuals receiving individualized services, services may be provided on or off the jobsite.

(6) For individuals receiving group services, ancillary services may be provided, except that all postemployment and ancillary services shall be provided at the worksite.

(c) If a consumer has been placed on a waiting list for vocational rehabilitation as a result of the department's order of selection regulations, the Habilitation Services Program may pay for those supported employment services leading to job development set forth in subparagraph (D) of paragraph (2) of subdivision (b).

(d) The Habilitation Services Program shall approve, in advance, any change in the number of clients served in a group.

(e) The department, in consultation with appropriate stakeholders, shall report to the Department of Finance and the Legislature, on or before January 1, 2001, and annually thereafter, on the implementation of supported employment rates and group size requirements pursuant to this section. The report shall include, but not be limited to, data on the sizes of client groups, the change in average group size, client outcomes, client earnings, to the extent available, and projected caseload and expenditures for the supported employment program. On or before February 1, 2003, the department shall submit to the Department of Finance and the Legislature a final report containing, at a minimum, cumulative data and outcome measures, and shall include recommendations on whether to extend the effective dates of this section and Sections 19355.5, 19355.6, and 19356.7, and recommendations for appropriate changes to those sections.

(f) This section shall become inoperative on September 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, that

becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 19356.7 of the Welfare and Institutions Code is amended to read:

19356.7. (a) Proposals for funding of new, and modifications to existing, supported employment programs and components by the Habilitation Services Program shall be submitted to the Habilitation Services Program and shall contain sufficient information to enable the Habilitation Services Program to act on the proposal under this section.

(b) Provided that sufficient funding is available to finance services by supported employment programs and components, the Habilitation Services Program may approve or disapprove proposals based on all of the following criteria:

(1) The need for a supported employment program or component.

(2) The capacity of the program to deliver supported employment services effectively.

(3) The ability of the program to comply with accreditation requirements of the Habilitation Services Program. The accreditation standards adopted by the department shall be the standards developed by the Commission of Rehabilitation Facilities and published in the most current edition of the Standards Manual for Organizations Serving People with Disabilities, as well as any subsequent amendments to the manual.

(4) A profile of an average consumer in the program or component, showing the planned progress toward self-reliance as an employee, measured, as appropriate, in terms of decreasing support services.

(5) The ability of the program to achieve integrated paid work on the average for consumers served.

(c) The Habilitation Services Program may purchase supported employment services at the rates authorized in Section 19356.6 only from supported employment programs or components approved under this section.

(d) For purposes of evaluating the effectiveness of the entire program, and individual supported employment programs or components, the Habilitation Services Program may monitor supported employment programs or components to determine whether the performance agreed upon in the approved proposal is being achieved. When the performance of a supported employment program or component does not comply with the criteria according to which it was approved for funding pursuant to subdivision (b), the Habilitation Services Program may establish prospective performance criteria for the program or component, with which the program or component shall comply as a condition of continued funding.

(e) The department shall adopt regulations to implement the requirements of Sections 19352, 19356.6, and this section, in consultation with the California Rehabilitation Association, the United Cerebral Palsy Association, and the Association of Retarded Citizens of California.

(f) This section shall become inoperative on September 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 5. (a) There is hereby appropriated the sum of four million eight hundred eighteen thousand dollars ($4,818,000) to the Department of Rehabilitation, as follows, for the purposes specified in subdivision (b):

(1) Three million two hundred fifty-four thousand dollars ($3,254,000) from the General Fund.

(2) One million five hundred sixty-four thousand dollars ($1,564,000) from the Federal Trust Fund.

(b) Funds appropriated pursuant to subdivision (a) shall be used for the cost of supported employment services provided for pursuant to Section 19356.6 provided during the 1999–2000 fiscal year.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

By immediately funding the Habilitation Services Program deficiency identified in Section 1 of this act, this act prevents a major reduction in the 1999–2000 fiscal year hourly reimbursement rate for supported employment services for adults with developmental disabilities that would otherwise be implemented pursuant to Section 19355.5 of the Welfare and Institutions Code. In addition, this act, by establishing new measures to control expenditures for supported employment services, would ensure the fiscal integrity of the program. In order, therefore, to avoid a major disruption in supported employment services during the 1999–2000 fiscal year, and to ensure that the fiscal integrity of that program is maintained at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 96

An act to amend Sections 13540, 13541, and 13542 of, and to add and repeal Section 13543 of, the Penal Code, relating to peace officers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 2000. Filed with

The request and study shall be undertaken in accordance with regulations adopted by the commission. The commission shall issue the study and its recommendations to the requesting person or agency within 18 months of the mutual acceptance of a contract between the requesting person or agency and the commission. A copy of that study and recommendations shall also be submitted to the Legislature.

(b) (1) In order for the commission to give a favorable recommendation as to a change in peace officer designation or status, the person or persons desiring the change in peace officer designation or status shall be employed by an agency that is currently participating in the Peace Officer Standard Training program.

(2) If the designation change is moving the person or persons into Section 830.1, the person or persons shall obtain the basic certificate issued by the Commission on Peace Officer Standards and Training, set forth in Section 832.4.

(3) The commission shall issue the study and its recommendations, as specified in subdivision (b) of Section 13540, to the requesting person or persons, within 12 months of the mutual acceptance of a contract between the requesting person or agency and the commission, or as soon as possible thereafter if the commission shows good cause as to the need for an extension of the 12-month time period.

(1) This section becomes effective.

(2) The commission has received a request for that study from the Los Angeles Unified School District Police Department.

(b) The commission may charge the Los Angeles Unified School District Police Department a fee, not to exceed the actual costs of undertaking the study.

(c) The commission shall submit a copy of its study and recommendations prepared pursuant to subdivision (a) to the Legislature.

(d) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide for the preservation and enhancement of public safety through the examination of the potential for improved enforcement of the law at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 97

An act to amend Section 1109 of the Evidence Code, relating to abuse.

[Approved by Governor July 6, 2000. Filed with Secretary of State July 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1109 of the Evidence Code is amended to read:

1109. (a) (1) Except as provided in subdivision (e) or (f), in a criminal action in which the defendant is accused of an offense involving domestic violence , evidence of the defendant's commission of other domestic violence is not made inadmissible by Section 1101 if the evidence is not inadmissible pursuant to Section 352.

(2) Except as provided in subdivision (e) or (f), in a criminal action in which the defendant is accused of an offense involving abuse of an elder or dependent adult, evidence of the defendant's commission of other abuse of an elder or dependent adult is not made inadmissible by Section 1101 if the evidence is not inadmissible pursuant to Section 352.

(b) In an action in which evidence is to be offered under this section, the people shall disclose the evidence to the defendant, including statements of witnesses or a summary of the substance of any testimony that is expected to be offered, in compliance with the provisions of Section 1054.7 of the Penal Code.

(c) This section shall not be construed to limit or preclude the admission or consideration of evidence under any other statute or case law.

(d) As used in this section, ''domestic violence'' has the meaning set forth in Section 13700 of the Penal Code. ''Abuse of an elder or a

dependent adult'' has the meaning set forth in Section 15610.07 of the Welfare and Institutions Code.

(f) Evidence of the findings and determinations of administrative agencies regulating the conduct of health facilities licensed under Section 1250 of the Health and Safety Code is inadmissible under this section.

CHAPTER 98

An act to amend Sections 52 and 52.1 of the Civil Code, relating to civil rights.

[Approved by Governor July 6, 2000. Filed with Secretary of State July 7, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) Section 52.1 of the Civil Code guarantees the exercise or enjoyment by any individual or individuals of rights secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of this state without regard to his or her membership in a protected class identified by its race, color, religion, or sex, among other things.

(2) The decision in Boccato v. City of Hermosa Beach (1994) 29 Cal.App.4th 1797 misconstrued Section 52.1 of the Civil Code to require that an individual who brings an action, or on whose behalf an action is brought, pursuant to that section, be a member of one of those specified protected classes.

(b) It is the intent of the Legislature in enacting this act to clarify that an action brought pursuant to Section 52.1 of the Civil Code does not require the individual whose rights are secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of California to be a member of a protected class identified by its race, color, religion, or sex, among other things.

SEC. 2. Section 52 of the Civil Code is amended to read:

52. (a) Whoever denies, aids or incites a denial, or makes any discrimination or distinction contrary to Section 51 or 51.5, is liable for each and every offense for the actual damages, and any amount that may

be determined by a jury, or a court sitting without a jury, up to a maximum of three times the amount of actual damage but in no case less than one thousand dollars ($1,000), and any attorney's fees that may be determined by the court in addition thereto, suffered by any person denied the rights provided in Section 51 or 51.5.

(b) Whoever denies the right provided by Section 51.7 or 51.9, or aids, incites, or conspires in that denial, is liable for each and every offense for the actual damages suffered by any person denied that right and, in addition, the following:

(1) An amount to be determined by a jury, or a court sitting without a jury, for exemplary damages.

(2) A civil penalty of twenty-five thousand dollars ($25,000) to be awarded to the person denied the right provided by Section 51.7 in any action brought by the person denied the right, or by the Attorney General, a district attorney, or a city attorney.

(3) Attorney's fees as may be determined by the court.

(c) Whenever there is reasonable cause to believe that any person or group of persons is engaged in conduct of resistance to the full enjoyment of any of the rights described in this section, and that conduct is of that nature and is intended to deny the full exercise of those rights, the Attorney General, any district attorney or city attorney, or any person aggrieved by the conduct may bring a civil action in the appropriate court by filing with it a complaint. The complaint shall contain the following:

(1) The signature of the officer, or, in his or her absence, the individual acting on behalf of the officer, or the signature of the person aggrieved.

(2) The facts pertaining to the conduct.

(3) A request for preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or persons responsible for the conduct, as the complainant deems necessary to ensure the full enjoyment of the rights described in this section.

(d) Whenever an action has been commenced in any court seeking relief from the denial of equal protection of the laws under the Fourteenth Amendment to the Constitution of the United States on account of race, color, religion, sex, national origin, or disability, the Attorney General or any district attorney or city attorney for or in the name of the people of the State of California may intervene in the action upon timely application if the Attorney General or any district attorney or city attorney certifies that the case is of general public importance. In that action, the people of the State of California shall be entitled to the same relief as if it had instituted the action.

(e) Actions brought pursuant to this section are independent of any other actions, remedies, or procedures that may be available to an aggrieved party pursuant to any other law.

(f) Any person claiming to be aggrieved by an alleged unlawful practice in violation of Section 51 or 51.7 may also file a verified complaint with the Department of Fair Employment and Housing pursuant to Section 12948 of the Government Code.

(g) This section does not require any construction, alteration, repair, structural or otherwise, or modification of any sort whatsoever, beyond that construction, alteration, repair, or modification that is otherwise required by other provisions of law, to any new or existing establishment, facility, building, improvement, or any other structure, nor does this section augment, restrict, or alter in any way the authority of the State Architect to require construction, alteration, repair, or modifications that the State Architect otherwise possesses pursuant to other laws.

(h) For the purposes of this section, ''actual damages'' means special and general damages. This subdivision is declaratory of existing law.

SEC. 3. Section 52.1 of the Civil Code is amended to read:

52.1. (a) If a person or persons, whether or not acting under color of law, interferes by threats, intimidation, or coercion, or attempts to interfere by threats, intimidation, or coercion, with the exercise or enjoyment by any individual or individuals of rights secured by the Constitution or laws of the United States, or of the rights secured by the Constitution or laws of this state, the Attorney General, or any district attorney or city attorney may bring a civil action for injunctive and other appropriate equitable relief in the name of the people of the State of California, in order to protect the peaceable exercise or enjoyment of the right or rights secured.

(b) Any individual whose exercise or enjoyment of rights secured by the Constitution or laws of the United States, or of rights secured by the Constitution or laws of this state, has been interfered with, or attempted to be interfered with, as described in subdivision (a), may institute and prosecute in his or her own name and on his or her own behalf a civil action for damages, including, but not limited to, damages under Section 52, injunctive relief, and other appropriate equitable relief to protect the peaceable exercise or enjoyment of the right or rights secured.

(c) An action brought pursuant to subdivision (a) or (b) may be filed either in the superior court for the county in which the conduct complained of occurred or in the superior court for the county in which a person whose conduct complained of resides or has his or her place of business. An action brought by the Attorney General pursuant to subdivision (a) also may be filed in the superior court for any county wherein the Attorney General has an office, and in such a case, the jurisdiction of the court shall extend throughout the state.

(d) If a court issues a temporary restraining order or a preliminary or permanent injunction in an action brought pursuant to subdivision (a) or

(b), ordering a defendant to refrain from conduct or activities, the order issued shall include the following statement: VIOLATION OF THIS ORDER IS A CRIME PUNISHABLE UNDER SECTION 422.9 OF THE PENAL CODE.

(e) The court shall order the plaintiff or the attorney for the plaintiff to deliver, or the county clerk to mail, two copies of any order, extension, modification, or termination thereof granted pursuant to this section, by the close of the business day on which the order, extension, modification, or termination was granted, to each local law enforcement agency having jurisdiction over the residence of the plaintiff and any other locations where the court determines that acts of violence against the plaintiff are likely to occur. Those local law enforcement agencies shall be designated by the plaintiff or the attorney for the plaintiff. Each appropriate law enforcement agency receiving any order, extension, or modification of any order issued pursuant to this section shall serve forthwith one copy thereof upon the defendant. Each appropriate law enforcement agency shall provide to any law enforcement officer responding to the scene of reported violence, information as to the existence of, terms, and current status of, any order issued pursuant to this section.

(f) A court shall not have jurisdiction to issue an order or injunction under this section, if that order or injunction would be prohibited under Section 527.3 of the Code of Civil Procedure.

(g) An action brought pursuant to this section is independent of any other action, remedy, or procedure that may be available to an aggrieved individual under any other provision of law, including, but not limited to, an action, remedy, or procedure brought pursuant to Section 51.7.

(h) In addition to any damages, injunction, or other equitable relief awarded in an action brought pursuant to subdivision (b), the court may award the petitioner or plaintiff reasonable attorney's fees.

(i) A violation of an order described in subdivision (d) may be punished either by prosecution under Section 422.9 of the Penal Code, or by a proceeding for contempt brought pursuant to Title 5 (commencing with Section 1209) of Part 3 of the Code of Civil Procedure. However, in any such proceeding pursuant to the Code of Civil Procedure, if it be determined that the person proceeded against is guilty of the contempt charged, in addition to any other relief, a fine may be imposed not exceeding one thousand dollars ($1,000), or the person may be ordered imprisoned in a county jail not exceeding six months, or the court may order both the imprisonment and fine.

(j) Speech alone is not sufficient to support an action brought pursuant to subdivision (a) or (b), except upon a showing that the speech itself threatens violence against a specific person or group of persons; and the person or group of persons against whom the threat is directed

reasonably fears that, because of the speech, violence will be committed against them or their property and that the person threatening violence had the apparent ability to carry out the threat.

(k) No order issued in any proceeding brought pursuant to subdivision (a) or (b) shall restrict the content of any person's speech. An order restricting the time, place, or manner of any person's speech shall do so only to the extent reasonably necessary to protect the peaceable exercise or enjoyment of constitutional or statutory rights, consistent with the constitutional rights of the person sought to be enjoined.

(2) Make grants-in-aid to any small or rural hospital, as defined in Section 124840 of the Health and Safety Code, in accordance with an agreement between the authority and the hospital to discharge indebtedness incurred by the hospital in connection with projects

undertaken, for health facilities acquired, or for working capital financed prior to the effective date of this subdivision.

(3) Grants shall be made pursuant to this subdivision only from HELP Program funds, not to exceed eight hundred seventy thousand dollars ($870,000). In consultation with representatives of the hospital industry and other affected parties, the authority shall develop a process and criteria for making grants under this subdivision, including obtaining legal opinions on appropriateness of grants to private facilities for capital outlay purposes.

(t) Award grants to any eligible clinic pursuant to Section 15438.6.

SEC. 2. Section 15438.6 is added to the Government Code, to read:

15438.6. (a) This section shall be known, and may be cited, as the Cedillo-Alarcon Community Clinic Investment Act of 2000.

(b) The Legislature finds and declares all of the following:

(1) Primary care clinics require a one-time outlay for capital in order to continuously perform their vital role. Many primary care clinics are currently at capacity and in order to increase access to their services and allow them to expand to cover the growing need for health care for the vulnerable populations in California, these capital funds are necessary.

(2) Primary care clinics are the health care safety net for the most vulnerable populations in California: uninsured, underinsured, indigent, and those in shortage designation areas. Primary care clinics provide health care regardless of the ability to pay for services.

(3) Approximately 7.4 million Californians lack health insurance, a number that increases by 50,000 per month.

(4) Primary care clinics have been historically and woefully underfunded.

(5) Primary care clinics are the most cost-effective means of serving California's vulnerable populations.

(6) The failure to adequately fund primary care clinics has resulted in significant costs to the state in the form of unnecessary emergency room visits. Also, the lack of preventive care results in significant costs when patients become severely ill.

(c) The authority may award grants to any eligible clinic, as defined in subdivision (a) of Section 1204 and subdivision (c) of Section 1206 of the Health and Safety Code, for purposes of financing capital outlay projects, as defined in subdivision (f) of Section 15432.

(d) The authority, in consultation with representatives of primary care clinics and other appropriate parties, shall develop selection criteria and a process for awarding grants under this section. The authority may take into account at least the following factors when selecting recipients and determining amount of grants:

(1) The percentage of total expenditures attributable to uncompensated care provided by an applicant.

(2) The extent to which the grant will contribute toward expansion of health care access by indigent, underserved, and uninsured populations.

(3) The need for the grant based on an applicant's total net assets, relative to net assets of other applicants. For purposes of this section, ''total net assets'' means the amount of total assets minus total liabilities, as disclosed in an audited financial statement prepared according to United States Generally Accepted Accounting Principles, and shall include unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

(4) The geographic location of the applicant, in order to maximize broad geographic distribution of funding.

(5) Demonstration by the applicant of project readiness and feasibility to the authority's satisfaction.

(6) The total amount of funds appropriated and available for purposes of this section.

(e) No grant to any clinic facility shall exceed two hundred fifty thousand dollars ($250,000).

(f) In no event shall a grant to finance a project exceed the total cost of the project, as determined by the clinic and approved by the authority. Grants shall be awarded only to clinics that have certified to the authority that all requirements established by the authority for grantees have been met.

(g) All projects that are awarded grants shall be completed within a reasonable period of time, to be determined by the authority. No funds shall be released by the authority until the applicant demonstrates project readiness to the authority's satisfaction. If the authority determines that the clinic has failed to complete the project under the terms specified in awarding the grant, the authority may require remedies, including the return of all or a portion of the grant. Certification of project completion shall be submitted to the authority by any clinic receiving a grant under this section.

(h) Any clinic receiving a grant under this section shall commit to using the health facility for the purposes for which the grant was awarded for the duration of the expected life of the project.

(i) Upon disbursement of all grant funds, the authority shall report to the Joint Legislative Budget Committee on the recipients of grants, the total amount of each grant, and the purpose for which each grant was awarded.

(j) (1) This section shall be implemented only to the extent that funds are appropriated for this purpose in the Budget Act of 2000.

(2) It is the intent of the Legislature that this section be financed by the enactment of another measure containing a one-time lump-sum appropriation of fifty million dollars ($50,000,000) from the General Fund to the California Health Facilities Financing Authority.

(3) It is the intent of the Legislature that the California Health Facilities Financing Authority be reimbursed for the costs of the administration of the implementation of this section from the appropriation specified in paragraph (2).

SEC. 3. Section 1204.4 is added to the Health and Safety Code, to read:

1204.4. The State Department of Health Services shall provide information to the California Health Facilities Financing Authority with respect to primary care clinic grant applicants for capital outlay projects as specified in Section 15438.6 of the Government Code.

CHAPTER 100

An act to amend Sections 30061, 30062, 30063, and 30064.1 of the Government Code, relating to law enforcement, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 6, 2000. Filed with Secretary of State July 7, 2000.]

I am signing Assembly Bill No. 2885; however, I am deleting the allocation and the funding for the juvenile justice programs contained in this measure.

This bill appropriates $242,600,000 General Fund to provide funding for continuation of the Citizens' Option for Public Safety (COPS) program and to establish and fund local juvenile justice programs. From this $242,600,000 appropriation, the bill allocates (1) $121,300,000 for the COPS program (5.15 percent, $12,500,000 to district attorneys; 5.15 percent, $12,500,000 to counties for jail operations; and 39.7 percent, $96,300,000 to local agencies for front-line law enforcement), and (2) $121,300,000 to counties for juvenile justice programs. The provisions of this bill would sunset on January 1, 2005, and states legislative intent to appropriate at least $242,600,000 in fiscal years 2001–02, 2002–03, and 2003–04 for the purposes of funding the provisions of this measure.

The COPS program has provided supplemental funding to counties, cities, and special police protection districts for local law enforcement services in order to enhance public safety. This bill would provide statutory authority to continue this worthy program through 2003–04. I support continuing the COPS program and providing the full funding at the $121,300,000 level allocated under the provisions of this measure.

With respect to the juvenile justice provisions in the bill, while I am supportive of programs that reduce juvenile crime and delinquency, the programmatic justification for the juvenile justice programs in the bill is insufficient to support the General Fund appropriation for this purpose. In addition, given the lack of information regarding the components of the juvenile justice programs, the benefits of these programs as currently configured are unclear. Therefore, I am deleting the $121,300,000 intended to fund the juvenile justice programs.

I would be supportive of subsequent legislation that would appropriate $71,300,000 General Fund for proven juvenile justice programs and which contains the following components: (1) provisions specifying the funding in the measure would not be for the

purpose of supplanting existing local funding, (2) provisions delineating a mechanism for the programs being funded to be measured and assessed for both expenditures and success, and (3) provisions specifying the criteria and standards for the use of the funds. Additionally, this subsequent bill should also include a $9,210,000 General Fund appropriation for the Turning Point Academy program that was inadvertently left out of the Budget Bill.

In Section 2, paragraph (b)(4) of the bill, I am deleting the following:

"(4) Fifty percent to the county or city and county to develop and implement a comprehensive multiagency plan that provides for a continuum of responses to juvenile crime and delinquency and demonstrates a collaborative and integrated approach for implementing a system of swift, certain, and graduated responses for at-risk youth and juvenile offenders. This plan shall be developed by the local juvenile justice coordinating council in each county and city and county pursuant to Section 749.22 of the Welfare and Institutions Code and approved by the county board of supervisors, and in the case of a city and county, the plan shall also be approved by the mayor.

(A) The SLESF shall only allocate funding pursuant to this paragraph upon the submission by the local juvenile justice coordinating council of a local action plan to the county board of supervisors and the Board of Corrections.

(B) The local action plan shall identify ways for improving and marshaling existing resources to reduce the incidence of juvenile crime and delinquency in priority areas and the greater community. The plan shall also maximize the provision of collaborative and integrated services and shall specify strategies for all elements of response, including, but not limited to, prevention, intervention, suppression, and incapacitation to provide a continuum for addressing the identified juvenile crime problem. The plan shall also identify strategies for addressing gang and gender specific issues. The plan shall also identify outcome measures to help determine the effectiveness of the program which shall include, but not be limited to, the following:

(1) The rate of juvenile arrests per 100,000 of population.

(2) The rate of successful completion of probation.

(3) The rate of successful completion of restitution and court-ordered community service responsibilities."

In Section 3, paragraph (a) of the bill, I am deleting the following:

", and (4)"

In Section 3, paragraph (c) of the bill, I am deleting the following:

"(3) The costs of any capital project or construction project funded from moneys allocated pursuant to paragraph (4) of subdivision (b) of Section 30061."

In Section 3, paragraph (d)(1) of the bill, I am deleting the following:

", or (4)"

In Section 3, paragraph (e) of the bill, I am deleting the following:

", and juvenile justice"

In Section 4, paragraph (h) of the bill, I am deleting the following:

"(h) In addition to the report specified in subdivision (c), each local juvenile justice coordinating council shall, beginning August 15, 2002, and annually thereafter, report to the county board of supervisors and the Board of Corrections, in a format specified by the board, on the effectiveness of programs funded pursuant to this chapter. The Board of Corrections shall compile the local reports and, beginning March 1, 2004, make an annual report to the Legislature on the statewide effectiveness of the comprehensive multiagency local action plans."

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Schiff-Cardenas Crime Prevention Act of 2000.

SEC. 2. Section 30061 of the Government Code is amended to read:

30061. (a) There shall be established in each county treasury a Supplemental Law Enforcement Services Fund (SLESF), to receive all amounts allocated to a county for purposes of implementing this chapter.

(b) In any fiscal year for which a county receives money to be expended for the implementation of this chapter, the county auditor shall allocate moneys in the county's SLESF, including any interest or other return earned on the investment of those moneys, within 30 days of the deposit of those moneys into the fund, and shall allocate those moneys in accordance with the following requirements:

(1) Five and fifteen one hundredths percent to the county sheriff for county jail construction and operation. In the case of Madera, Napa, and Santa Clara Counties, this allocation shall be made to the county director or chief of corrections.

(2) Five and fifteen one hundredths percent to the district attorney for criminal prosecution.

(3) Thirty-nine and seven-tenths percent to the county and the cities within the county, and, in the case of the San Mateo, Kern, Siskiyou, and Contra Costa Counties, also to the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, and the Kensington Police Protection and Community Services District, in accordance with the relative population of the cities within the county and the unincorporated area of the county, and the Broadmoor Police Protection District in the County of San Mateo, the Bear Valley Community Services District and the Stallion Springs Community Services District in Kern County, the Lake Shastina Community Services District in Siskiyou County, and the Kensington Police Protection and Community Services District in Contra Costa County, as specified in the most recent January estimate by the population research unit of the Department of Finance. For a newly incorporated city whose population estimate is not published by the

Department of Finance but which was incorporated prior to July 1 of the fiscal year in which an allocation from the SLESF is to be made, the city manager, or an appointee of the legislative body, if a city manager is not available, and the county administrative or executive officer shall prepare a joint notification to the Department of Finance and the county auditor with a population estimate reduction of the unincorporated area of the county equal to the population of the newly incorporated city by July 15, or within 15 days after the Budget Act is enacted, of the fiscal year in which an allocation from the SLESF is to be made. No person residing within the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, or the Kensington Police Protection and Community Services District shall also be counted as residing within the unincorporated area of the County of San Mateo, Kern, Siskiyou, or Contra Costa, or within any city located within those counties. The county auditor shall allocate a grant of at least one hundred thousand dollars ($100,000) to each law enforcement jurisdiction. Moneys allocated to the county pursuant to this subdivision shall be retained in the county SLESF, and moneys allocated to a city pursuant to this subdivision shall be deposited in a SLESF established in the city treasury.

(4) Fifty percent to the county or city and county to develop and implement a comprehensive multiagency plan that provides for a continuum of responses to juvenile crime and delinquency and demonstrates a collaborative and integrated approach for implementing a system of swift, certain, and graduated responses for at-risk youth and juvenile offenders. This plan shall be developed by the local juvenile justice coordinating council in each county and city and county pursuant to Section 749.22 of the Welfare and Institutions Code and approved by the county board of supervisors, and in the case of a city and county, the plan shall also be approved by the mayor.

(A) The SLESF shall only allocate funding pursuant to this paragraph upon the submission by the local juvenile justice coordinating council of a local action plan to the county board of supervisors and the Board of Corrections.

(B) The local action plan shall identify ways for improving and marshaling existing resources to reduce the incidence of juvenile crime and delinquency in priority areas and the greater community. The plan shall also maximize the provision of collaborative and integrated services and shall specify strategies for all elements of response, including, but not limited to, prevention, intervention, suppression, and incapacitation to provide a continuum for addressing the identified juvenile crime problem. The plan shall also identify strategies for addressing gang and gender specific issues. The plan shall also identify

outcome measures to help determine the effectiveness of the program which shall include, but not be limited to, the following:

(1) The rate of juvenile arrests per 100,000 of population.

(2) The rate of successful completion of probation.

(3) The rate of successful completion of restitution and court-ordered community service responsibilities.

(c) Subject to subdivision (d), for each fiscal year in which the county and each city, and the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, and the Kensington Police Protection and Community Services District, receive moneys pursuant to paragraph (3) of subdivision (b), the county, each city, and each district specified in this subdivision shall appropriate those moneys in accordance with the following procedures:

(1) In the case of the county, the county board of supervisors shall appropriate existing and anticipated moneys exclusively to provide front line law enforcement services, other than those services specified in paragraphs (1) and (2) of subdivision (b), in the unincorporated areas of the county, in response to written requests submitted to the board by the county sheriff and the district attorney. Any request submitted pursuant to this paragraph shall specify the front line law enforcement needs of the requesting entity, and those personnel, equipment, and programs that are necessary to meet those needs. The board shall, at a public hearing held in September in each year that the Legislature appropriates funds for purposes of this chapter, consider and determine each submitted request within 60 days of receipt, pursuant to the decision of a majority of a quorum present. The board shall consider these written requests separate and apart from the process applicable to proposed allocations of the county general fund.

(2) In the case of a city, the city council shall appropriate existing and anticipated moneys exclusively to fund front line municipal police services, in accordance with written requests submitted by the chief of police of that city or the chief administrator of the law enforcement agency that provides police services for that city. These written requests shall be acted upon by the city council in the same manner as specified in paragraph (1) for county appropriations.

(3) In the case of the Broadmoor Police Protection District within the County of San Mateo, the Bear Valley Community Services District or the Stallion Springs Community Services District within Kern County, the Lake Shastina Community Services District within Siskiyou County, or the Kensington Police Protection and Community Services District within Contra Costa County, the legislative body of that special district shall appropriate existing and anticipated moneys exclusively to fund front line municipal police services, in accordance with written

requests submitted by the chief administrator of the law enforcement agency that provides police services for that special district. These written requests shall be acted upon by the legislative body in the same manner specified in paragraph (1) for county appropriations.

(d) For each fiscal year in which the county, a city, or the Broadmoor Police Protection District within the County of San Mateo, the Bear Valley Community Services District or the Stallion Springs Community Services District within Kern County, the Lake Shastina Community Services District within Siskiyou County, or the Kensington Police Protection and Community Services District within Contra Costa County receives any moneys pursuant to this chapter, in no event shall the governing body of any of those recipient agencies subsequently alter any previous, valid appropriation by that body, for that same fiscal year, of moneys allocated to the county or city pursuant to paragraph (3) of subdivision (b).

(e) Funds received pursuant to subdivision (b) shall be expended in accordance with the provisions of this chapter no later than June 30 of the following fiscal year. A local agency that has not met this requirement shall remit unspent SLESF moneys to the Controller for deposit into the General Fund.

(f) In the event that a county, a city, a city and county, or a qualifying special district does not comply with the requirements of this chapter to receive an SLESF allocation, the Controller shall revert those funds to the General Fund.

SEC. 3. Section 30062 of the Government Code is amended to read:

30062. (a) Except as required by paragraphs (1), (2), and (4) of subdivision (b) of Section 30061, moneys allocated from a Supplemental Law Enforcement Services Fund (SLESF) to a recipient entity shall be expended exclusively to provide front line law enforcement services. These moneys shall supplement existing services, and shall not be used to supplant any existing funding for law enforcement services provided by that entity.

(b) In the Counties of Los Angeles, Orange, and San Diego only, the district attorney may, in consultation with city attorneys in the county, determine a prorated share of the moneys received by the district attorney pursuant to this section to be allocated to city attorneys in the county in each fiscal year to fund the prosecution by those city attorneys of misdemeanor violations of state law.

(c) In no event shall any moneys allocated from the county's SLESF be expended by a recipient agency to fund any of the following:

(1) Administrative overhead costs in excess of 0.5 percent of a recipient entity's SLESF allocation for that year.

(2) The costs of any capital project or construction project funded from moneys allocated pursuant to paragraph (3) of subdivision (b) of

Section 30061 that does not directly support front line law enforcement services.

(3) The costs of any capital project or construction project funded from moneys allocated pursuant to paragraph (4) of subdivision (b) of Section 30061.

(d) For purposes of subdivision (c), both of the following shall apply:

(1) A ''recipient agency'' or ''recipient entity'' is that entity that actually incurs the expenditures of SLESF funds allocated pursuant to paragraph (1), (2), (3), or (4) of subdivision (b) of Section 30061.

(2) Administrative overhead costs shall only be charged by the recipient entity, as defined in paragraph (1), up to 0.5 percent of its SLESF allocation.

(e) For purposes of this chapter, ''front line law enforcement services'' and ''front line municipal police services'' each include antigang, community crime, and juvenile justice prevention programs.

(A) If the net operating loss is equal to or less than the net loss from the new business, 100 percent of the net operating loss shall be carried forward as provided in subdivision (e).

(B) If the net operating loss is greater than the net loss from the new business, the net operating loss shall be carried over as follows:

(i) With respect to an amount equal to the net loss from the new business, 100 percent of that amount shall be carried forward as provided in subdivision (e).

(ii) With respect to the portion of the net operating loss that exceeds the net loss from the new business, the applicable percentage of that amount shall be carried forward as provided in subdivision (e).

(C) For purposes of Section 172(b)(2) of the Internal Revenue Code, the amount described in clause (ii) of subparagraph (B) shall be absorbed before the amount described in clause (i) of subparagraph (B).

(3) In the case of a taxpayer who has a net operating loss in any income year beginning on or after January 1, 1994, and who operates an eligible small business during that income year, each of the following shall apply:

(A) If the net operating loss is equal to or less than the net loss from the eligible small business, 100 percent of the net operating loss shall be carried forward to the income years specified in subdivision (e).

(B) If the net operating loss is greater than the net loss from the eligible small business, the net operating loss shall be carried over as follows:

(i) With respect to an amount equal to the net loss from the eligible small business, 100 percent of that amount shall be carried forward as specified in subdivision (e).

(ii) With respect to that portion of the net operating loss that exceeds the net loss from the eligible small business, the applicable percentage of that amount shall be carried forward as provided in subdivision (e).

(C) For purposes of Section 172(b)(2) of the Internal Revenue Code, the amount described in clause (ii) of subparagraph (B) shall be absorbed before the amount described in clause (i) of subparagraph (B).

(4) In the case of a taxpayer who has a net operating loss in an income year beginning on or after January 1, 1994, and who operates a business that qualifies as both a new business and an eligible small business under this section, that business shall be treated as a new business for the first three income years of the new business.

(5) In the case of a taxpayer who has a net operating loss in an income year beginning on or after January 1, 1994, and who operates more than one business, and more than one of those businesses qualifies as either a new business or an eligible small business under this section, paragraph (2) shall be applied first, except that if there is any remaining portion of the net operating loss after application of clause (i) of

subparagraph (B) of paragraph (2), paragraph (3) shall be applied to the remaining portion of the net operating loss as though that remaining portion of the net operating loss constituted the entire net operating loss.

(6) For purposes of this section, ''net loss'' means the amount of net loss after application of Sections 465 and 469 of the Internal Revenue Code.

(c) For any income year in which the taxpayer has in effect a water's-edge election under Section 25110, the deduction of a net operating loss carryover shall be denied to the extent that the net operating loss carryover was determined by taking into account the income and factors of an affiliated corporation in a combined report whose income and apportionment factors would not have been taken into account if a water's-edge election under Section 25110 had been in effect for the income year in which the loss was incurred.

(d) Net operating loss carrybacks shall not be allowed.

(e) (1) (A) For a net operating loss for any income year beginning on or after January 1, 1987, and before January 1, 2000, Section 172(b)(1)(A)(ii) of the Internal Revenue Code, relating to years to which net operating losses may be carried, is modified to substitute ''five income years'' in lieu of ''20 taxable years,'' except as otherwise provided in paragraphs (2), (3), and (4).

(B) For a net operating loss for any income year beginning on or after January 1, 2000, Section 172(b)(1)(A)(ii) of the Internal Revenue Code, relating to years to which net operating losses may be carried, is modified to substitute ''10 income years'' in lieu of ''20 taxable years.''

(2) For any income year beginning before January 1, 2000, in the case of a ''new business,'' the ''five income years'' referred to in paragraph (1) shall be modified to read as follows:

(A) ''Eight income years'' for a net operating loss attributable to the first income year of that new business.

(B) ''Seven income years'' for a net operating loss attributable to the second income year of that new business.

(C) ''Six income years'' for a net operating loss attributable to the third income year of that new business.

(3) For any carryover of a net operating loss for which a deduction is denied by Section 24416.3, the carryover period specified in this subdivision shall be extended as follows:

(A) By one year for a net operating loss attributable to income years beginning in 1991.

(B) By two years for a net operating loss attributable to income years beginning prior to January 1, 1991.

(4) The net operating loss attributable to income years beginning on or after January 1, 1987, and before January 1, 1994, shall be a net operating loss carryover to each of the 10 income years following the

year of the loss if it is incurred by a corporation that was either of the following:

(A) Under the jurisdiction of the court in a Title 11 or similar case at any time prior to January 1, 1994. The loss carryover provided in the preceding sentence shall not apply to any loss incurred in an income year after the income year during which the corporation is no longer under the jurisdiction of the court in a Title 11 or similar case.

(B) In receipt of assets acquired in a transaction that qualifies as a tax-free reorganization under Section 368(a)(1)(G) of the Internal Revenue Code.

(f) For purposes of this section:

(1) ''Eligible small business'' means any trade or business that has gross receipts, less returns and allowances, of less than one million dollars ($1,000,000) during the income year.

(2) Except as provided in subdivision (g), ''new business'' means any trade or business activity that is first commenced in this state on or after January 1, 1994.

(3) ''Title 11 or similar case'' shall have the same meaning as in Section 368(a)(3) of the Internal Revenue Code.

(4) In the case of any trade or business activity conducted by a partnership or an S corporation, paragraphs (1) and (2) shall be applied to the partnership or S corporation.

(g) For purposes of this section, in determining whether a trade or business activity qualifies as a new business under paragraph (2) of subdivision (e), the following rules shall apply:

(1) In any case where a taxpayer purchases or otherwise acquires all or any portion of the assets of an existing trade or business (irrespective of the form of entity) that is doing business in this state (within the meaning of Section 23101), the trade or business thereafter conducted by the taxpayer (or any related person) shall not be treated as a new business if the aggregate fair market value of the acquired assets (including real, personal, tangible, and intangible property) used by the taxpayer (or any related person) in the conduct of its trade or business exceeds 20 percent of the aggregate fair market value of the total assets of the trade or business being conducted by the taxpayer (or any related person). For purposes of this paragraph only, the following rules shall apply:

(A) The determination of the relative fair market values of the acquired assets and the total assets shall be made as of the last day of the first income year in which the taxpayer (or any related person) first uses any of the acquired trade or business assets in its business activity.

(B) Any acquired assets that constituted property described in Section 1221(1) of the Internal Revenue Code in the hands of the transferor shall not be treated as assets acquired from an existing trade

or business, unless those assets also constitute property described in Section 1221(1) of the Internal Revenue Code in the hands of the acquiring taxpayer (or related person).

(2) In any case where a taxpayer (or any related person) is engaged in one or more trade or business activities in this state, or has been engaged in one or more trade or business activities in this state within the preceding 36 months (''prior trade or business activity''), and thereafter commences an additional trade or business activity in this state, the additional trade or business activity shall only be treated as a new business if the additional trade or business activity is classified under a different division of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, than are any of the taxpayer's (or any related person's) current or prior trade or business activities.

(3) In any case where a taxpayer, including all related persons, is engaged in trade or business activities wholly outside of this state and the taxpayer first commences doing business in this state (within the meaning of Section 23101) after December 31, 1993 (other than by purchase or other acquisition described in paragraph (1)), the trade or business activity shall be treated as a new business under paragraph (2) of subdivision (e).

(4) In any case where the legal form under which a trade or business activity is being conducted is changed, the change in form shall be disregarded and the determination of whether the trade or business activity is a new business shall be made by treating the taxpayer as having purchased or otherwise acquired all or any portion of the assets of an existing trade or business under the rules of paragraph (1) of this subdivision.

(5) ''Related person'' shall mean any person that is related to the taxpayer under either Section 267 or 318 of the Internal Revenue Code.

(6) ''Acquire'' shall include any transfer, whether or not for consideration.

(7) (A) For income years beginning on or after January 1, 1997, the term ''new business'' shall include any taxpayer that is engaged in biopharmaceutical activities or other biotechnology activities that are described in Codes 2833 to 2836, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, and as further amended, and that has not received regulatory approval for any product from the United States Food and Drug Administration.

(B) For purposes of this paragraph:

(i) ''Biopharmaceutical activities'' means those activities which use organisms or materials derived from organisms, and their cellular, subcellular, or molecular components, in order to provide

pharmaceutical products for human or animal therapeutics and diagnostics. Biopharmaceutical activities make use of living organisms to make commercial products, as opposed to pharmaceutical activities which make use of chemical compounds to produce commercial products.

(ii) ''Other biotechnology activities'' means activities consisting of the application of recombinant DNA technology to produce commercial products, as well as activities regarding pharmaceutical delivery systems designed to provide a measure of control over the rate, duration, and site of pharmaceutical delivery.

(h) For purposes of corporations whose net income is determined under Chapter 17 (commencing with Section 25101), Section 25108 shall apply to each of the following:

(1) The amount of net operating loss incurred in any income year which may be carried forward to another income year.

(2) The amount of any loss carry forward which may be deducted in any income year.

(i) The provisions of Section 172(b)(1)(D) of the Internal Revenue Code, relating to bad debt losses of commercial banks, shall not be applicable.

(j) The Franchise Tax Board may prescribe appropriate regulations to carry out the purposes of this section, including any regulations necessary to prevent the avoidance of the purposes of this section through splitups, shell corporations, partnerships, tiered ownership structures, or otherwise.

(k) The Franchise Tax Board may reclassify any net operating loss carryover determined under either paragraph (2) or (3) of subdivision (b) as a net operating loss carryover under paragraph (1) of subdivision (b) upon a showing that the reclassification is necessary to prevent evasion of the purposes of this section.

(*l*) Except as otherwise provided, the amendments made by the act adding this subdivision shall apply to net operating losses for income years beginning on or after January 1, 2000.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 105

An act to add and repeal Section 17053.80 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor July 7, 2000. Filed with
Secretary of State July 10, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 17053.80 is added to the Revenue and Taxation Code, to read:

17053.80. (a) For each taxable year beginning on or after January 1, 2000, and before January 1, 2005, there shall be allowed as a credit against the ''net tax,'' as defined in Section 17039, an amount equal to five hundred dollars ($500) multiplied by the number of applicable individuals with respect to whom the taxpayer is an eligible caregiver for the taxable year.

(b) (1) (A) ''Applicable individual'' means, with respect to any taxable year, any individual who has been certified, before the due date for filing the return of tax for the taxable year (without extensions), by a physician (as defined in Section 1861(r)(1) of the Social Security Act) as being an individual with long-term care needs described in subparagraph (B) for a period--

(i) which is at least 180 consecutive days, and

(ii) a portion of which occurs within the taxable year.

That term shall not include any individual otherwise meeting the requirements of the preceding sentence unless within the $39^1/_2$ month period ending on that due date (or such other period as the Franchise Tax Board prescribes) a physician (as so defined) has certified that that individual meets those requirements.

(B) An individual is described in this subparagraph if the individual meets any of the following requirements:

(i) The individual is at least six years of age and--

(I) is unable to perform (without substantial assistance from another individual) at least three activities of daily living, as defined in Section 7702B(c)(2)(B) of the Internal Revenue Code, due to a loss of functional capacity, or

(II) requires substantial supervision to protect that individual from threats to health and safety due to severe cognitive impairment and is unable to perform at least one activity of daily living, as defined in Section 7702B(c)(2)(B) of the Internal Revenue Code, or to the extent provided by the Franchise Tax Board (in consultation with the Secretary of Health and Welfare Agency), is unable to engage in age appropriate activities.

(ii) The individual is at least two years of age but less than six years of age and is unable due to a loss of functional capacity to perform (without substantial assistance from another individual) at least two of the following activities: eating, transferring, or mobility.

(iii) The individual is under two years of age and requires specific durable medical equipment by reason of a severe health condition or requires a skilled practitioner trained to address the individual's

condition to be available if the individual's parents or guardians are absent.

(2) (A) A taxpayer shall be treated as an ''eligible caregiver'' for any taxable year with respect to the following individuals:

(i) The taxpayer.

(ii) The taxpayer's spouse.

(iii) An individual with respect to whom the taxpayer is allowed a credit under subdivision (d) of Section 17054 for the taxable year.

(iv) An individual who would be described in clause (iii) for the taxable year if Section 151(c)(1)(A) of the Internal Revenue Code, relating to gross income limitation, were applied by substituting for the federal exemption amount specified in that section, an amount equal to the sum of the federal exemption amount specified in that section, the federal standard deduction under Section 63(c)(2)(C) of the Internal Revenue Code, and any additional federal standard deduction under Section 63(c)(3) of the Internal Revenue Code which would be applicable to the individual if clause (iii) applied.

(v) An individual who would be described in clause (iii) for the taxable year if--

(I) the requirements of clause (iv) are met with respect to the individual, and

(II) the requirements of subparagraph (B) are met with respect to the individual in lieu of the support test of Section 152(a) of the Internal Revenue Code.

(B) The requirements of this subparagraph are met if an individual has as his or her principal place of abode the home of the taxpayer, and

(i) in the case of an individual who is an ancestor or descendant of the taxpayer or the taxpayer's spouse, is a member of the taxpayer's household for over half the taxable year, or

(ii) in the case of any other individual, is a member of the taxpayer's household for the entire taxable year.

(C) (i) If more than one individual is an eligible caregiver with respect to the same applicable individual for taxable years ending with or within the same calendar year, a taxpayer shall be treated as the eligible caregiver if each of those individuals (other than the taxpayer) files a written declaration (in the form and manner as the Franchise Tax Board may prescribe) that that individual will not claim that applicable individual for the credit under this section.

(ii) If each individual required under clause (i) to file a written declaration under clause (i) does not do so, the individual with the highest federal modified adjusted gross income (as defined in Section 32(c)(5) of the Internal Revenue Code for federal purposes) shall be treated as the eligible caregiver.

(iii) In the case of married individuals filing separate returns, the determination under this subparagraph as to whether the husband or wife is the eligible caregiver shall be made under the rules of clause (ii) (whether or not one of them has filed a written declaration under clause (i)).

(c) (1) No credit shall be allowed under this section to a taxpayer with respect to any applicable individual unless the taxpayer includes the name and taxpayer identification number of that individual, and the identification number of the physician certifying that individual, on the return of tax for the taxable year.

(2) The denial of any credit under subparagraph (1) may be made pursuant to Section 19051.

(d) The taxpayer shall retain the physician certification required by subdivision (b) and shall make that certification available to the Franchise Tax Board upon request.

(e) No credit shall be allowed under this section for any eligible caregiver whose adjusted gross income for the taxable year is equal to or greater than one hundred thousand dollars ($100,000) in the case of a married couple filing a joint return, and fifty thousand dollars ($50,000) in the case of all other individuals.

(f) This section shall remain in effect only until December 1, 2005, and as of that date is repealed.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 106

An act to add Section 10754.2 to the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor July 7, 2000. Filed with Secretary of State July 10, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 10754.2 is added to the Revenue and Taxation Code, to read:

10754.2. Notwithstanding any other provision of law to the contrary, all of the following apply:

(a) (1) For each vehicle license fee for the initial or original registration of any vehicle, never before registered in this state, or for any renewal of registration, with a final due date in 2001 or 2002, for which

the vehicle license fee offset required by Section 10754 is less than $67^1/_2$ percent, the Department of Motor Vehicles shall concurrently calculate an offset, in addition to the offset required by Section 10754, that is equal to the difference between the following:

(A) A vehicle license fee offset of $67^1/_2$ percent.

(B) A vehicle license fee offset of the greater of 35 percent or that percentage required by Section 10754.

(2) The Department of Motor Vehicles shall, for each calendar month, report to the Department of Finance and the Controller the amount of each offset calculated pursuant to paragraph (1) for that calendar month and the name and address of the taxpayer to whom that additional offset applies. The Controller shall, within 30 days after receiving a monthly report from the Department of Motor Vehicles, make payment of the reported additional offsets to the identified taxpayers.

(3) (A) For each vehicle license fee, for the initial or original registration of any vehicle, never before registered in this state, or for any renewal of registration, with a final due date in 2001 or 2002, there shall be a vehicle license fee offset of not less than 35 percent.

(B) For each vehicle license fee, for the initial or original registration of any vehicle, never before registered in this state, or for any renewal of registration with a final due date in 2003 or any calendar year thereafter, there shall be a $67^1/_2$ percent offset that is administered as provided in Section 10754 as that section read on January 1, 2000.

(b) Revenue losses to cities, counties, and cities and counties resulting from this section shall be reimbursed by the Controller from the General Fund in the same manner as provided in Section 11000. The amounts of General Fund transfers required by this subdivision are deemed to be vehicle license fee proceeds and vehicle license fee revenues for those same purposes as set forth in subdivision (d) of Section 11000, are subject to the same pledges, liens, encumbrances, and priorities as described in that subdivision.

CHAPTER 107

An act to amend Sections 10754.2, 17052.12, 17151, 17276, 23609, and 24416 of, to add Section 10903 to, and to add and repeal Sections 6378.1 and 17053.80 of, the Revenue and Taxation Code, relating to taxation, and making an appropriation therefor, to take effect immediately, tax levy.

[Approved by Governor July 7, 2000. Filed with
Secretary of State July 10, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 6378.1 is added to the Revenue and Taxation Code, to read:

6378.1. (a) On and after January 1, 2001, and before January 1, 2006, there are exempted from the taxes imposed by this part, the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, tangible personal property purchased by eligible entities, as defined in subdivision (f).

(b) The exemption provided under this part shall be termed the Rural Investment Tax exemption.

(c) The California Infrastructure and Economic Development Bank (CIEDB) board shall develop a program that determines who is eligible to receive this exemption, monitor entities for compliance with the requirements of this section, and notify the State Board of Equalization, as provided in this section. The CIEDB shall determine the amount of the exemption available to each entity.

(d) Entities wishing to qualify for this exemption shall apply to the CIEDB board in a manner prescribed by the CIEDB board. The CIEDB board shall provide all applicants written notification stating the eligibility of the applicant to receive an exemption under this section.

(e) The annual amount of exemptions that may be granted pursuant to this section shall not exceed five million dollars ($5,000,000) per year. The CIEDB board shall not authorize any exemption that would cause the total amount of exemptions authorized with respect to any calendar year under this section to exceed five million dollars ($5,000,000).

(f) For purposes of this section:

(1) ''Eligible entity'' means an entity that complies with all of the following:

(A) The entity shall locate or expand a business in a California county with an average annual unemployment rate of five percentage points or more above the statewide average for the most recent calendar year as determined by the State of California, Employment Development Department.

(B) The entity shall make a new investment of at least one hundred fifty million dollars ($150,000,000) in the county in which the entity locates its business and shall maintain this level of investment for a period of at least 24 months after the CIEDB board certifies that the entity has become an eligible entity.

(C) The entity shall employ at least 500 new full-time equivalent employees in the county, including employees who are employed directly by the entity and employees who are hired by supporting industries. Employees shall be employed for at least 24 months after the CIEDB certifies that the entity has become eligible. At least 175 of the

new full-time equivalent employees shall be directly employed by the entity.

(2) ''New full-time equivalent employees'' means employees hired by the entity seeking the exemption allowed under this part and not employees moved, transferred, or displaced from other places of business of the entity within this state.

(3) ''Tangible personal property'' means machinery and equipment, including component parts.

(4) ''Tangible personal property'' does not include any of the following:

(A) Tangible personal property that is used primarily in administration, general management, or marketing.

(B) Furniture, inventory, or equipment used to store products.

(C) Any property for which a credit is claimed under either Section 17053.49 or 23649 of the Revenue and Taxation Code.

(g) Prior to claiming an exemption under this section, the eligible entity shall apply to the State Board of Equalization for an exemption certificate and shall include a copy of the written notification from the CIEDB board stating that the entity applying for the exemption certificate is eligible to receive an exemption under this section. No exemption shall be allowed under this section unless the eligible entity furnishes the retailer with an exemption certificate, completed in accordance with any instruction or regulations as the State Board of Equalization may prescribe, and the retailer subsequently furnishes the board with a copy of the exemption certificate. The exemption certificate shall contain the sales price of the machinery and equipment that is exempt pursuant to subdivision (a).

(h) (1) Notwithstanding any provision of the Bradley-Burns Uniform Local Sales and Use Tax Law (Part 1.5 (commencing with Section 7200)) or the Transactions and Use Tax Law (Part 1.6 (commencing with Section 7251)), the exemption established by this section shall not apply with respect to any tax levied by a county, city, or district pursuant to, or in accordance with, either of these laws.

(2) The exemption established by this section shall not apply with respect to any tax levied pursuant to Sections 6051.2 and 6201.2, or pursuant to Section 35 of Article XIII of the California Constitution.

(3) The exemption established by this section shall not apply to any sale or use of property that, within one year from the date of purchase, is either removed from a California county as described in subparagraph (A) of paragraph (1) of subdivision (f), or converted from an exempt use under subdivision (a) to some other use not qualifying for the exemption.

(i) (1) If a purchaser certifies in writing to the seller that the property purchased without payment of the tax will be used in a manner entitling the seller to regard the gross receipts from the sale as exempt from the

sales tax, and within one year from the date of purchase, the purchaser (1) removes that property outside a California county as described in subparagraph (A) of paragraph (1) of subdivision (f), or (2) converts that property for use in a manner not qualifying for the exemption, the purchaser shall be liable for payment of sales tax, with applicable interest, as if the purchaser were a retailer making a retail sale of the property at the time the property is so removed, converted, or used, and the sales price of the property to the purchaser shall be deemed the gross receipts from that retail sale.

(2) The purchaser shall be liable for payment of sales tax, with applicable interest, as if the purchaser were a retailer making a retail sale of the property if the purchaser does not achieve the level and duration of employment and investment pursuant to subdivision (f) within three years from the date the entity first uses an exemption under this section. The CIEDB board may extend this time period by a maximum of 12 months for reasonable cause.

(j) (1) The CIEDB board shall determine if entities have fulfilled the requirements necessary in order to keep this exemption and shall report to the State Board of Equalization on entities that have not fulfilled these requirements.

(2) Notwithstanding Section 6902, the State Board of Equalization shall, within one year after being notified by the CIEDB board that an entity has not fulfilled the requirements of this section, examine the books and records of the entity, and issue a determination of any liabilities due.

(k) The CIEDB board shall provide a report to the Legislature, the Department of Finance, and the State Board of Equalization no later than January 15 following each fiscal year the program is in operation. The report shall include, at a minimum, all of the following:

(1) The entities that have been provided the exemption established by this section and the amount of the exemption authorized by the CIEDB board to each entity.

(2) The number of new persons employed by each entity.

(3) The amount of investment made by each entity.

(4) A description of the economic development provided by each entity receiving the exemption.

(5) A description of each entity that has fulfilled the requirements of paragraph (1) of subdivision (f).

(6) A description of each entity that has not fulfilled the requirements of paragraph (1) of subdivision (f).

(*l*) (1) This section shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

(2) This section shall remain in effect only until January 1, 2006, and as of that date is repealed.

SEC. 2. Section 10754.2 of the Revenue and Taxation Code, as added by AB 858 of the 1999–2000 Regular Session, is amended to read:

10754.2. Notwithstanding any other provision of law to the contrary, all of the following apply to vehicle license fees with a final due date on or after January 1, 2001:

(a) (1) For each vehicle license fee for the initial or original registration of any vehicle, never before registered in this state, or for any renewal of registration, with a final due date in 2001 or 2002, for which the vehicle license fee offset required by Section 10754 is less than 67 $^{1}/_{2}$ percent, the Department of Motor Vehicles shall concurrently calculate an offset, in addition to the offset required by Section 10754, that is equal to the difference between the following:

(A) A vehicle license fee offset of 67 $^{1}/_{2}$ percent.

(B) A vehicle license fee offset of the greater of 35 percent or that percentage required by Section 10754.

(2) The Department of Motor Vehicles shall, for each calendar month, report to the Department of Finance and the Controller the amount of each offset calculated pursuant to paragraph (1) for that calendar month and the name and address of the taxpayer to whom that additional offset applies. The Controller shall, within 30 days after receiving a monthly report from the Department of Motor Vehicles, make payment of the reported additional offsets to the identified taxpayers. The Governor may direct the Controller to include, with each payment pursuant to this paragraph of an additional vehicle license fee offset, a notice stating that the additional vehicle license fee offsets required by this paragraph constitute a Prosperity Dividend approved by the Legislature and signed by Governor Davis.

(3) (A) For each vehicle license fee, for the initial or original registration of any vehicle, never before registered in this state, or for any renewal of registration, with a final due date in 2001 or 2002, the vehicle license fee offset implemented pursuant to Section 10754 shall be not less than 35 percent.

(B) For each vehicle license fee, for the initial or original registration of any vehicle, never before registered in this state, or for any renewal of registration with a final due date in 2003 or any calendar year thereafter, there shall be a 67$^{1}/_{2}$ percent offset as described in paragraph (5) of subdivision (a) of Section 10754, as that section read on January 1, 2000. In no event may the 67$^{1}/_{2}$ percent offset established by this subparagraph be reduced pursuant to paragraph (4) of subdivision (c) of Section 10754, or any successor to that paragraph.

(b) (1) The additional vehicle license fee offsets established by subdivision (a) shall be funded from those amounts to be appropriated by statute.

(2) Revenue losses to cities, counties, and cities and counties resulting from this section shall be reimbursed by the Controller from the General Fund in the same manner as provided in Section 11000. The amounts of General Fund transfers required by this subdivision are deemed to be vehicle license fee proceeds and vehicle license fee revenues for those same purposes as set forth in subdivision (d) of Section 11000, and are subject to the same pledges, liens, encumbrances, and priorities as described in that subdivision.

SEC. 3. Section 10903 is added to the Revenue and Taxation Code, to read:

10903. (a) Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund the sum of two billion fifty-two million dollars ($2,052,000,000) for transfer by the Controller, upon notification by the Director of Finance during the 2000–01 fiscal year, to the Special Reserve Fund for Vehicle License Fee Tax Relief, which is hereby created as a special fund. (iii) In the case of married individuals filing separate returns, the determination under this subparagraph as to whether the husband or wife is the eligible caregiver shall be made under the rules of clause (ii) (whether or not one of them has filed a written declaration under clause (i)).

(1) In any case where a taxpayer purchases or otherwise acquires all or any portion of the assets of an existing trade or business (irrespective of the form of entity) that is doing business in this state (within the meaning of Section 23101), the trade or business thereafter conducted by the taxpayer (or any related person) shall not be treated as a new business if the aggregate fair market value of the acquired assets (including real, personal, tangible, and intangible property) used by the taxpayer (or any related person) in the conduct of its trade or business exceeds 20 percent of the aggregate fair market value of the total assets of the trade or business being conducted by the taxpayer (or any related person). For purposes of this paragraph only, the following rules shall apply:

(A) The determination of the relative fair market values of the acquired assets and the total assets shall be made as of the last day of the first taxable year in which the taxpayer (or any related person) first uses any of the acquired trade or business assets in its business activity.

(B) Any acquired assets that constituted property described in Section 1221(1) of the Internal Revenue Code in the hands of the transferor shall not be treated as assets acquired from an existing trade or business, unless those assets also constitute property described in Section 1221(1) of the Internal Revenue Code in the hands of the acquiring taxpayer (or related person).

(2) In any case where a taxpayer (or any related person) is engaged in one or more trade or business activities in this state, or has been engaged in one or more trade or business activities in this state within the preceding 36 months (''prior trade or business activity''), and thereafter commences an additional trade or business activity in this state, the additional trade or business activity shall only be treated as a new business if the additional trade or business activity is classified under a different division of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, than are any of the taxpayer's (or any related person's) current or prior trade or business activities.

(3) In any case where a taxpayer, including all related persons, is engaged in trade or business activities wholly outside of this state and the taxpayer first commences doing business in this state (within the meaning of Section 23101) after December 31, 1993 (other than by purchase or other acquisition described in paragraph (1)), the trade or business activity shall be treated as a new business under paragraph (2) of subdivision (e).

(4) In any case where the legal form under which a trade or business activity is being conducted is changed, the change in form shall be disregarded and the determination of whether the trade or business activity is a new business shall be made by treating the taxpayer as

having purchased or otherwise acquired all or any portion of the assets of an existing trade or business under the rules of paragraph (1) of this subdivision.

(5) ''Related person'' shall mean any person that is related to the taxpayer under either Section 267 or 318 of the Internal Revenue Code.

(ii) ''Other biotechnology activities'' means activities consisting of the application of recombinant DNA technology to produce commercial products, as well as activities regarding pharmaceutical delivery systems designed to provide a measure of control over the rate, duration, and site of pharmaceutical delivery.

(g) In computing the modifications under Section 172(d)(2) of the Internal Revenue Code, relating to capital gains and losses of taxpayers other than corporations, the exclusion provided by Section 18152.5 shall not be allowed.

(i) The Franchise Tax Board may prescribe appropriate regulations to carry out the purposes of this section, including any regulations necessary to prevent the avoidance of the purposes of this section through splitups, shell corporations, partnerships, tiered ownership structures, or otherwise.

(j) The Franchise Tax Board may reclassify any net operating loss carryover determined under either paragraph (2) or (3) of subdivision (b) as a net operating loss carryover under paragraph (1) of subdivision (b)

upon a showing that the reclassification is necessary to prevent evasion of the purposes of this section.

(k) Except as otherwise provided, the amendments made by the act adding this subdivision shall apply to net operating losses for taxable years beginning on or after January 1, 2000.

For purposes of this paragraph only, the following rules shall apply:

(2) In any case where a taxpayer (or any related person) is engaged in one or more trade or business activities in this state, or has been engaged in one or more trade or business activities in this state within the preceding 36 months (''prior trade or business activity''), and thereafter commences an additional trade or business activity in this state, the additional trade or business activity shall only be treated as a new business if the additional trade or business activity is classified under a different division of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, than are any of the taxpayer's (or any related person's) current or prior trade or business activities.

(3) In any case where a taxpayer, including all related persons, is engaged in trade or business activities wholly outside of this state and the taxpayer first commences doing business in this state (within the meaning of Section 23101) after December 31, 1993 (other than by purchase or other acquisition described in paragraph (1)), the trade or business activity shall be treated as a new business under paragraph (2) of subdivision (e).

(4) In any case where the legal form under which a trade or business activity is being conducted is changed, the change in form shall be disregarded and the determination of whether the trade or business activity is a new business shall be made by treating the taxpayer as having purchased or otherwise acquired all or any portion of the assets of an existing trade or business under the rules of paragraph (1) of this subdivision.

(5) ''Related person'' shall mean any person that is related to the taxpayer under either Section 267 or 318 of the Internal Revenue Code.

(1) The amount of net operating loss incurred in any income year which may be carried forward to another income year.

(2) The amount of any loss carry forward which may be deducted in any income year.

(i) The provisions of Section 172(b)(1)(D) of the Internal Revenue Code, relating to bad debt losses of commercial banks, shall not be applicable.

(j) The Franchise Tax Board may prescribe appropriate regulations to carry out the purposes of this section, including any regulations necessary to prevent the avoidance of the purposes of this section through splitups, shell corporations, partnerships, tiered ownership structures, or otherwise.

(k) The Franchise Tax Board may reclassify any net operating loss carryover determined under either paragraph (2) or (3) of subdivision (b) as a net operating loss carryover under paragraph (1) of subdivision (b) upon a showing that the reclassification is necessary to prevent evasion of the purposes of this section.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the social worker to the same persons as in the original proceeding, to the child's parent or guardian, to the foster parents, relative caregivers, community care facility, or foster family agency having physical custody of the child in the case of a child removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the child being recommended by the supervising agency. The notice to the foster parent, relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency shall indicate that the foster parent, relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency

may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing, the social worker shall file a supplemental report with the court regarding the services provided or offered to the parent or guardian to enable him or her to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the child to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the child is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5, the report and recommendation may also take into account those factors described in subdivision (e) relating to the child's sibling group. If the recommendation is not to return the child to a parent or guardian, the report shall specify why the return of the child would be detrimental to the child. The social worker shall provide the parent or guardian with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a child removed from the physical custody of his or her parent or guardian, the social worker shall provide a summary of his or her recommendation for disposition to the counsel for the child, any court-appointed child advocate, foster parents, relative caregivers, certified foster parents who have been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, community care facility, or foster family agency having the physical custody of the child at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a child in the physical custody of a community care facility or foster family agency that may result in the return of the child to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to the hearing involving a child in the physical custody of a foster parent, a relative caregiver, or a certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, the foster parent, relative caregiver, or the certified foster parent who has been approved for adoption by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the child to the

physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the child to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the child cannot be returned home by the 12-month permanency hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the child was under the age of three years on the date of the initial removal or is a member of a sibling group described in paragraph (3) of subdivision (a) of Section 361.5 and the court finds by clear and convincing evidence that the parent failed to participate regularly and make substantive progress in a court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the child, who was under the age of three years on the date of initial removal or is a member of a sibling group described in paragraph (3) of subdivision

(a) of Section 361.5, may be returned to his or her parent or guardian within six months or that reasonable services have not been provided, the court shall continue the case to the 12-month permanency hearing.

For the purpose of placing and maintaining a sibling group together in a permanent home, the court, in making its determination to schedule a hearing pursuant to Section 366.26 for some or all members of a sibling group, as described in paragraph (3) of subdivision (a) of Section 361.5, shall review and consider the social worker's report and recommendations. Factors the report shall address, and the court shall consider, may include, but need not be limited to, whether the sibling group was removed from parental care as a group, the closeness and strength of the sibling bond, the ages of the siblings, the appropriateness of maintaining the sibling group together, the detriment to the child if sibling ties are not maintained, the likelihood of finding a permanent home for the sibling group, whether the sibling group is currently placed together in a preadoptive home or has a concurrent plan goal of legal permanency in the same home, the wishes of each child whose age and physical and emotional condition permits a meaningful response, and the best interest of each child in the sibling group. The court shall specify the factual basis for its finding that it is in the best interest of each child to schedule a hearing pursuant to Section 366.26 in 120 days for some or all of the members of the sibling group.

If the child was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the child, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the child had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the child is not returned to his or her parent or guardian, the court shall determine whether reasonable services have been provided or offered to the parent or guardian that were designed to aid the parent or guardian in overcoming the problems that led to the initial removal and

the continued custody of the child. The court shall order that those services be initiated, continued, or terminated.

(f) The permanency hearing shall be held no later than 12 months after the date the child entered foster care, as that date is determined pursuant to subdivision (a) of Section 361.5. At the permanency hearing, the court shall determine the permanent plan for the child, that shall include a determination of whether the child will be returned to the child's home and, if so, when, within the time limits of subdivision (a) of Section 361.5. The court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or guardian that were designed to aid the parent or guardian to overcome the problems that led to the initial removal and continued custody of the child. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1),

(2), or (3) of subdivision (a) of Section 361.5, as appropriate, and a child is not returned to the custody of a parent or guardian at the permanency hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for a permanency review hearing, provided that the hearing shall occur within 18 months of the date the child was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time or that reasonable services have not been provided to the parent or guardian. For the purposes of this section, in order to find a substantial probability that the child will be returned to the physical custody of his or her parent or guardian and safely maintained in the home within the extended period of time, the court shall be required to find all of the following:

(A) That the parent or guardian has consistently and regularly contacted and visited with the child.

(B) That the parent or guardian has made significant progress in resolving problems that led to the child's removal from the home.

(C) The parent or guardian has demonstrated the capacity and ability both to complete the objectives of his or her treatment plan and to provide for the child's safety, protection, physical and emotional well-being, and special needs.

The court shall inform the parent or guardian that if the child cannot be returned home by the next permanency review hearing, a proceeding pursuant to Section 366.36 may be instituted. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or guardian.

(2) Order that the child remain in long-term foster care, but only if the court finds by clear and convincing evidence, based upon the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship. For purposes of this section, a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency that adoption is not in the best interest of the child shall constitute a compelling reason for the court's determination. That recommendation shall be based on the present circumstances of the child

and shall not preclude a different recommendation at a later date if the child's circumstances change.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the child pending the hearing unless it finds that visitation would be detrimental to the child.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of each child shall be reviewed on a case-by-case basis, ''extended family'' for the purpose of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment

shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(j) If, at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(k) As used in this section, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

SEC. 20. Section 366.22 of the Welfare and Institutions Code is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the permanency review hearing shall occur within 18 months after the date the child was originally removed from the physical custody of his or her parent or guardian. The court shall order the return of the child to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the child to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the child. The social worker shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly and make substantive progress in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the social worker's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(1) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(2) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(3) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the child is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the child is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the child is not returned to a parent or guardian at the permanency review hearing, the court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it, including a recommendation by the State Department of Social Services when it is acting as an adoption agency or by a licensed adoption agency, that there is a compelling reason, as described in paragraph (2) of subdivision (g) of Section 366.21, for determining that a hearing held under Section 366.26 is not in the best interest of the child because the child is not a proper subject for adoption and has no one willing to accept legal guardianship, then the court may, only under these circumstances, order that the child remain in long-term foster care. The hearing shall be held no later than 120 days from the date of the permanency review hearing. The court shall also order termination of reunification services to the parent. The court shall continue to permit the parent to visit the child unless it finds that visitation would be detrimental to the child. The court shall determine whether reasonable services have been offered or provided to the parent or guardian.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment that shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the child and his or her parents and other members of his or her extended family since the time of placement. Although the extended family of

each child shall be reviewed on a case-by-case basis, ''extended family'' for the purposes of this paragraph shall include, but not be limited to, the child's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the child's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the child's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship. If a proposed guardian is a relative of the minor, and the relative was assessed for foster care placement of the minor prior to January 1, 1998, the assessment shall also consider, but need not be limited to, all of the factors specified in subdivision (a) of Section 361.3.

(5) The relationship of the child to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the child concerning placement and the adoption or guardianship, unless the child's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the child will be adopted if parental rights are terminated.

(c) This section shall become operative January 1, 1999. If at any hearing held pursuant to Section 366.26, a guardianship is established for the minor with a relative, and juvenile court dependency is subsequently dismissed, the relative shall be eligible for aid under the Kin-GAP program as provided in Article 4.5 (commencing with Section 11360) of Chapter 2 of Part 3 of Division 9.

(d) As used in this section, ''relative'' means an adult who is related to the minor by blood, adoption, or affinity within the fifth degree of kinship, including stepparents, stepsiblings, and all relatives whose status is preceded by the words ''great,'' ''great-great,'' or ''grand,'' or the spouse of any of those persons even if the marriage was terminated by death or dissolution.

SEC. 21. Section 366.3 of the Welfare and Institutions Code is amended to read:

366.3. (a) If a juvenile court orders a permanent plan of adoption or legal guardianship pursuant to Section 360 or 366.26, the court shall retain jurisdiction over the child until the child is adopted or the legal guardianship is established. The status of the child shall be reviewed every six months to ensure that the adoption or guardianship is completed as expeditiously as possible. When the adoption of the child

has been granted, the court shall terminate its jurisdiction over the child. Following establishment of a legal guardianship, the court may continue jurisdiction over the child as a dependent child of the juvenile court following the establishment of a legal guardianship or may terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the guardianship, as authorized by Section 366.4. If, however, a relative of the child is appointed the legal guardian of the child and the child has been placed with the relative for at least 12 months, the court shall, except where the relative guardian objects, or upon a finding of exceptional circumstances, terminate its dependency jurisdiction and retain jurisdiction over the child as a ward of the guardianship, as authorized by Section 366.4. Following a termination of parental rights the parent or parents shall not be a party to, or receive notice of, any subsequent proceedings regarding the child.

(b) If the court has dismissed dependency jurisdiction following the establishment of a legal guardianship, or no dependency jurisdiction attached because of the granting of a legal guardianship pursuant to Section 360, and the legal guardianship is subsequently revoked or otherwise terminated, the county department of social services or welfare department shall notify the juvenile court of this fact. The court may vacate its previous order dismissing dependency jurisdiction over the child.

Notwithstanding Section 1601 of the Probate Code, the proceedings to terminate a guardianship which has been granted pursuant to Section 360 or 366.26 shall be held in the juvenile court, unless the termination is due to the emancipation or adoption of the child. Prior to the hearing on a petition to terminate guardianship pursuant to this paragraph, the court shall order the county department of social services or welfare department to prepare a report, for the court's consideration, that shall include an evaluation of whether the child could safely remain in the guardian's home, without terminating the guardianship, if services were provided to the child or guardian. If applicable, the report shall also identify recommended services to maintain the guardianship and set forth a plan for providing those services. If the petition to terminate guardianship is granted, the juvenile court may resume dependency jurisdiction over the child, and may order the county department of social services or welfare department to develop a new permanent plan, which shall be presented to the court within 60 days of the termination. If no dependency jurisdiction has attached, the social worker shall make any investigation he or she deems necessary to determine whether the child may be within the jurisdiction of the juvenile court, as provided in Section 328.

Unless the parental rights of the child's parent or parents have been terminated, they shall be notified that the guardianship has been revoked

or terminated and shall be entitled to participate in the new permanency planning hearing. The court shall try to place the child in another permanent placement. At the hearing, the parents may be considered as custodians but the child shall not be returned to the parent or parents unless they prove, by a preponderance of the evidence, that reunification is the best alternative for the child. The court may, if it is in the best interests of the child, order that reunification services again be provided to the parent or parents.

(c) If, following the establishment of a legal guardianship, the county welfare department becomes aware of changed circumstances that indicate adoption may be an appropriate plan for the child, the department shall so notify the court. The court may vacate its previous order dismissing dependency jurisdiction over the child and order that a hearing be held pursuant to Section 366.26 to determine whether adoption or continued guardianship is the most appropriate plan for the child. The hearing shall be held no later than 120 days from the date of the order. Whenever the court orders that a hearing shall be held pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment under subdivision (b) of Section 366.22.

(d) If the child is in a placement other than the home of a legal guardian and jurisdiction has not been dismissed, the status of the child shall be reviewed at least every six months. The review of the status of a child for whom the court has ordered parental rights terminated and who has been ordered placed for adoption shall be conducted by the court. The review of the status of a child for whom the court has not ordered parental rights terminated and who has not been ordered placed for adoption may be conducted by the court or an appropriate local agency. The court shall conduct the review under the following circumstances:

(1) Upon the request of the child's parents or guardians.

(2) Upon the request of the child.

(3) It has been 12 months since a hearing held pursuant to Section 366.26 or an order that the minor remain in long-term foster care pursuant to Section 366.21, 366.22, 366.26, or subdivision (g).

(4) It has been 12 months since a review was conducted by the court.

The court shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

(e) Except as provided in subdivision (f), at the review held every six months pursuant to subdivision (d), the reviewing body shall inquire about the progress being made to provide a permanent home for the

child, shall consider the safety of the child, and shall determine all of the following:

(1) The continuing necessity for and appropriateness of the placement.

(2) The continuing appropriateness and extent of compliance with the permanent plan for the child.

(3) The extent of the agency's compliance with the child welfare services case plan in making reasonable efforts to return the child to a safe home and to complete whatever steps are necessary to finalize the permanent placement of the child.

(4) The adequacy of services provided to the child.

(5) The extent of progress the parents have made toward alleviating or mitigating the causes necessitating placement in foster care.

(6) The likely date by which the child may be returned to and safely maintained in the home, placed for adoption, legal guardianship, or in another planned permanent living arrangement.

(7) For a child who is 16 years of age or older, the services needed to assist the child to make the transition from foster care to independent living.

The reviewing body shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

Each licensed foster family agency shall submit reports for each child in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the child's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the child.

Unless their parental rights have been permanently terminated, the parent or parents of the child are entitled to receive notice of, and participate in, those hearings. It shall be presumed that continued care is in the best interests of the child, unless the parent or parents prove, by a preponderance of the evidence, that further efforts at reunification are the best alternative for the child. In those cases, the court may order that further reunification services to return the child to a safe home environment be provided to the parent or parents for a period not to exceed six months.

(f) At the review conducted by the court and held at least every six months, regarding a child for whom the court has ordered parental rights terminated and who has been ordered placed for adoption, the county welfare department shall prepare and present to the court a report describing the following:

(1) The child's present placement.

(2) The child's current physical, mental, emotional, and educational status.

(3) Whether the child has been placed with a prospective adoptive parent or parents.

(4) Whether an adoptive placement agreement has been signed and filed.

(5) The progress of the search for an adoptive placement if one has not been identified.

(6) Any impediments to the adoption or the adoptive placement.

(7) The anticipated date by which the child will be adopted, or placed in an adoptive home.

(8) The anticipated date by which an adoptive placement agreement will be signed.

(9) Recommendations for court orders that will assist in the placement of the child for adoption or in the finalization of the adoption.

The court shall determine whether or not reasonable efforts to make and finalize a permanent placement for the child have been made.

The court shall make appropriate orders to protect the stability of the child and to facilitate and expedite the permanent placement and adoption of the child.

(g) At the review held pursuant to subdivision (d) for a child in long-term foster care, the court shall consider all permanency planning options for the child including whether the child should be returned to the home of the parent, placed for adoption, or appointed a legal guardian, or whether the child should remain in long-term foster care. The court shall order that a hearing be held pursuant to Section 366.26 unless it determines by clear and convincing evidence, that there is a compelling reason for determining that a hearing held pursuant to Section 366.26 is not in the best interest of the child because the child is being returned to the home of the parent, the child is not a proper subject for adoption, or no one is willing to accept legal guardianship. If the licensed adoption agency, or the department when it is acting as an adoption agency, has determined it is unlikely that the child will be adopted or one of the conditions described in paragraph (1) of subdivision (c) of Section 366.26 applies, that fact shall constitute a compelling reason for purposes of this subdivision. Only upon that determination may the court order that the child remain in long-term foster care, without holding a hearing pursuant to Section 366.26.

(h) If, as authorized by subdivision (g), the court orders a hearing pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment as provided for in subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22. A hearing held pursuant to Section 366.26 shall be held no later than 120 days from the date of the 12-month

review at which it is ordered, and at that hearing the court shall determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the child.

SEC. 22. Section 903.7 of the Welfare and Institutions Code is amended to read:

903.7. (a) There is in the State Treasury the Foster Children and Parent Training Fund, the moneys contained in which shall be used exclusively for the purposes set forth in this section.

(b) For each fiscal year beginning with fiscal year 1981–82, except as provided in Sections 15200.1, 15200.2, 15200.3, 15200.8, and 15200.81, and Section 17704 of the Family Code, the Department of Child Support Services shall determine the amount equivalent to the state share of collections attributable to the enforcement of parental fiscal liability pursuant to Sections 903, 903.4, and 903.5. On July 1, 1982, and every three months thereafter, the department shall notify the Chancellor of the Community Colleges, the Department of Finance, and the Superintendent of Public Instruction of the above-specified amount. The State Department of Social Services shall authorize the quarterly transfer of any portion of this amount for any particular fiscal year exceeding three million seven hundred fifty thousand dollars ($3,750,000) to the Treasurer for deposit in the Foster Children and Parent Training Fund.

(c) If sufficient moneys are available in the Foster Children and Parent Training Fund, up to three million dollars ($3,000,000) shall be allocated for the support of foster parent training programs conducted in community colleges. The maximum amount authorized to be allocated pursuant to this subdivision shall be adjusted annually by a cost-of-living increase each year based on the percentage given to discretionary education programs. Funds for the training program shall be provided in a separate budget item in that portion of the Budget Act pertaining to the Chancellor of the California Community Colleges, to be deposited in a separate bank account by the Chancellor of the California Community Colleges.

The chancellor shall use these funds exclusively for foster parent training, as specified by the chancellor in consultation with the California State Foster Parents Association and the State Department of Social Services.

The plans for each foster parent training program shall include the provision of training to facilitate the development of foster family homes and small family homes to care for no more than six children who have special mental, emotional, developmental, or physical needs.

The State Department of Social Services shall facilitate the participation of county welfare departments in the foster parent training program. The State Foster Parents Association, or the local chapters

thereof, and the State Department of Social Services shall identify training participants and shall advise the chancellor on the form, content, and methodology of the training program. Funds shall be paid monthly to the foster parent training program until the maximum amount of funds authorized to be expended for that program is expended. No more than 10 percent or seventy-five thousand dollars ($75,000) of these moneys, whichever is greater, shall be used for administrative purposes; of the 10 percent or seventy-five thousand dollars ($75,000), no more than ten thousand dollars ($10,000) shall be expended to reimburse the State Department of Social Services for its services pursuant to this paragraph.

(d) Beginning with fiscal year 1983–84, and each fiscal year thereafter, after all allocations for foster parent training in community colleges have been made, any moneys remaining in the Foster Children and Parent Training Fund may be allocated for foster children services programs pursuant to Chapter 11.3 (commencing with Section 42920) of Part 24 of the Education Code.

(e) The Controller shall transfer moneys from the Foster Children and Parent Training Fund to the Chancellor of the Community Colleges and the Superintendent of Public Instruction as necessary to fulfill the requirements of subdivisions (c) and (d).

After the maximum amount authorized in any fiscal year has been transferred to the Chancellor of the Community Colleges and the Superintendent of Public Instruction, the Controller shall transfer any remaining funds to the General Fund for expenditure for any public purpose.

SEC. 23. Section 9113 is added to the Welfare and Institutions Code, to read:

9113. Area agencies on aging shall maintain in effect contracts funded from appropriations made by the Budget Act of 2000 for community-based service program expansion until July 1, 2004.

SEC. 24. Section 9305 of the Welfare and Institutions Code is amended to read:

9305. The funds for the California Senior Legislature and the supportive activities of the commission for the California Senior Legislature shall be allocated from the California Fund for Senior Citizens, private funds directed to the Legislature or the commission for the purpose of funding activities of the California Senior Legislature, or appropriate federal funds.

SEC. 24.5. Section 10544.1 of the Welfare and Institutions Code is amended to read:

10544.1. (a) It is the intent of the Legislature to provide counties with grant savings as defined in subdivisions (d) and (e) subject to the amounts appropriated in the annual Budget Act.

(b) It is the intent of the Legislature that the counties use the funds, when appropriated, to do all of the following:

(1) Improve the quality of jobs provided to recipients.

(2) Help individuals attain long-term self-sufficiency.

(3) Prevent the need for CalWORKs benefits for those families making the transition from the CalWORKs program.

(c) It is further the intent of the Legislature to evaluate the efforts of counties in using the funds to improve the state's understanding of how best to assist families in attaining long-term and sustained self-sufficiency.

(d) In order to provide counties with additional incentive to move CalWORKs recipients to employment, each county shall receive the state share of savings, including federal funds under the Temporary Assistance for Needy Families block grant subject to the amounts appropriated in the annual Budget Act, resulting from the following outcomes:

(1) Recipients exiting the program due to employment that has lasted a minimum of six months.

(2) Increased earnings by recipients due to employment.

(3) Diversion of applicants from the program pursuant to Section 11266.5 for six months in addition to the number of months equivalent to the diversion payment.

(e) (1) For purposes of subdivision (d), the department, shall apply the method for valuing the outcomes to determine county share of savings that was utilized in fiscal years 1998–99 and 1999–2000, except that increased earning by recipients due to employment shall be valued at 50 percent of actual grant savings instead of 100 percent.

(2) The method shall be adjusted as appropriate, and determined in consultation with program stakeholders, to account for any changes made to the Temporary Assistance to Needy Families program requirements for block grant funding levels as a result of Congressional reauthorization of the program in 2002.

(f) The funds allocated to counties pursuant to subdivisions (d) and (e) that are federal Temporary Assistance for Needy Families block grant funds shall be used only for purposes for which these federal funds may be used. The funds that are state General Fund dollars shall be expended for purposes directly connected to the CalWORKs program and countable towards the state maintenance of effort level required by federal law, unless the Director of Finance determines that all or part of the funds are not needed in that fiscal year to meet the required maintenance of effort. Any unexpended funds may be retained by each county for expenditure in subsequent fiscal years for purposes consistent with this subdivision.

(g) (1) Notwithstanding Section 11250 or any other provision of law, commencing October 1, 2000, exclusively for purposes of county performance incentives provided under this section and exclusively for purposes of providing nonassistance services pursuant to Section 42 U.S.C. Sec. 601(a)(1) and (2) to families not receiving aid under this chapter, ''needy families'' also includes any family in which the minor child is living with a parent or adult relative caregiver and the family's income is less than 200 percent of the official federal poverty guidelines applicable to a family of the size involved.

(2) A county shall not expend more than 25 percent of its performance incentive funds for purposes of this subdivision.

(3) For purposes of this subdivision, ''nonassistance services'' means services that do not constitute assistance as defined in applicable federal law and regulations governing the Temporary Assistance for Needy Families program.

(h) Each county shall submit a plan to the department describing how it intends to expend its fiscal incentive funds and how the benefits and services relate to the issue of sustaining self-sufficiency. The plan shall also describe how these services will be coordinated with other services within the community that are funded from sources such as the county's single allocation, Welfare-to-Work grants, and community college funds.

(i) Each county shall report quarterly on the actual expenditure of funds under this section and shall complete a self-evaluation report annually on the results of the benefits and services provided and any lessons the county has learned from the approach it has taken.

(j) The department shall evaluate the programs that have been supported by county incentive funds to determine the extent to which the goals of the TANF program and the goals specified in this section are achieved.

(k) Acceptance of incentive funds beginning with the 2000–01 fiscal year shall constitute a waiver of any claim, cause of action, or action whenever filed, with respect to fiscal incentives earned through the 1999–2000 fiscal year under subdivision (c) of this section as enacted by Chapter 270 of the Statutes of 1997, but not allocated to counties by the department.

(*l*) This section shall not be interpreted to entitle any individual or family to assistance or services under any program created and funded under this section.

SEC. 25. Section 10609.3 of the Welfare and Institutions Code is amended to read:

10609.3. (a) By January 1, 1995, the State Department of Social Services shall complete, in consultation with county Independent Living Program administrators, placement agencies, providers, advocacy

groups, and community groups, a comprehensive evaluation of the Independent Living Program established pursuant to the federal Consolidated Omnibus Budget Reconciliation Act of 1985 (Public Law 99-272) and develop recommendations available to the public on how independent living services could better prepare foster youth for independence and adulthood.

(b) The department shall investigate alternative transition housing models for youth between the ages of 17 and 18 who are in out-of-home placements under the supervision of the county department of social services or county probation department. To the extent federal funds are available and it is in the best interests of the children, the department shall develop and implement a transitional housing model for youth who are preparing for emancipation from foster care.

(c) The department shall also investigate alternative transition models for youth discharged from foster care to live on their own. As part of this investigation, the department shall consider the needs of youth for housing, transportation, health care, access to community resources, employment, and other support services.

(d) The department shall, with the approval of the federal government, amend the foster care state plan, provided for pursuant to Subtitle IV-E (commencing with Section 470) of the federal Social Security Act (42 U.S.C. Sec. 670, et seq.), and the child welfare services state plan (42 U.S.C. Sec. 622), to permit all eligible children be served by the Independent Living Program up to the age of 21 years.

(e) (1) Effective July 1, 2000, the department, in consultation with the Independent Living Program Strategic Planning Committee, shall develop and implement a stipend to supplement and not supplant the Independent Living Program. To qualify for this stipend, a youth shall be otherwise eligible for the Independent Living Program, have been emancipated from foster care to live on his or her own, and be approved by the county. The stipend may provide for, but not be limited to, assisting the youth with the following independent living needs:

(A) Bus passes.

(B) Housing rental deposits and fees.

(C) Housing utility deposits and fees.

(D) Work-related equipment and supplies.

(E) Training-related equipment and supplies.

(F) Education-related equipment and supplies.

(2) Notwithstanding Section 10101, the state shall pay 100 percent of the nonfederal costs associated with the stipend program in paragraph (1), subject to the availability of funding provided in the annual Budget Act.

SEC. 25.5. Section 10609.6 is added to the Welfare and Institutions Code, to read:

10609.6. (a) The department, in consultation with the seven member task force specified in subdivision (b), shall develop a plan to implement the recommendations of the evaluation required by Section 10609.5.

(b) The task force created pursuant to this section shall include all of the following:

(1) The director, or his or her designee.

(2) One representative from each of the following:

(A) The Department of Finance.

(B) The County Welfare Directors Association.

(C) The California State Association of Counties.

(D) Child welfare services consumers.

(E) Children's advocacy organizations.

(F) Child welfare social worker organizations.

(c) If participation on the task force convened pursuant to this section will cause hardship for the representative of child welfare consumers identified in paragraph (4) of subdivision (b), the department, upon the request of the representative, shall provide reimbursement for travel and other expenses directly related to participation in the task force. Except as provided in this subdivision, no task force member shall receive compensation or any other payment for serving on the task force.

(d) The department shall submit the implementation plan to the appropriate policy and fiscal committees of the Legislature on or before June 30, 2001.

SEC. 30. Section 11265.2 of the Welfare and Institutions Code is amended to read:

11265.2. (a) (1) Notwithstanding any other provision of law, commencing July 1, 2000, subject to the agreement of the local district attorney, Los Angeles County and up to eight counties selected by the department may implement this section.

(2) Subject to paragraph (3) and notwithstanding any other provision of law, all counties that have not implemented this section pursuant to paragraph (1) may begin implementation of this section on January 1, 2005, and shall complete implementation of this section no later than January 1, 2006. This paragraph shall become inoperative on January 1, 2005.

(3) Counties participating in the eligibility simplification project under Section 11265.6 may delay implementation of this section until the expiration of the eligibility simplification project if implementation of this section would be inconsistent with the federal approval of the eligibility simplification project.

(4) On or before January 1, 2004, the department shall evaluate the impact of this section in a sufficient number of participating counties to reliably describe this section's impact. The department shall collaborate

with the Office of Criminal Justice Planning in conducting the program integrity aspects of this evaluation.

(b) Each county shall conduct an annual eligibility redetermination. A county shall be required to have a face-to-face interview with the recipient at the redetermination, unless the recipient has regular contact with the county through CalWORKs or other similar programs. Subsequent face-to-face interviews for any recipient for purposes related to verification of eligibility or the provision of CalWORKs services may be conducted at the county's discretion.

(c) Each county shall redetermine the financial eligibility of each recipient on a quarterly basis.

(d) (1) A recipient shall report, in writing, to the county within 10 days any change in resources, his or her household's monthly income, including source of income, his or her address, or the composition of his or her household if the report would be required under the federal food stamp reporting requirement for nonmonthly reporting households. The county shall recalculate an assistance unit's grant level only upon the report of any required change, provided that the department obtains the appropriate waiver, as specified in subdivision (i). If the United States Department of Agriculture denies this waiver, counties shall recalculate an assistance unit's grant level based upon any reported changes.

(2) Each quarter the recipient shall complete a quarterly report which shall be signed under penalty of perjury. The report shall include all information necessary from the quarterly report month to determine financial eligibility.

(3) For each of the first two months covered by the quarterly report, the recipient shall state whether there was any income, and for each type of reportable change listed in paragraph (1), other than a change of address, whether such a change occurred, and if so, whether the change was reported in writing. If the recipient states that a reportable change occurred during the first two months covered by the quarterly report and was not reported in writing or the county has no record that a recipient made a written report, it shall require that the information that should have been reported pursuant to paragraph (1) be reported in writing and under penalty of perjury within 10 days of receiving notice from the county. A failure to provide the report required by this paragraph within the 10-day period shall result in a termination of benefits, after receiving notice from the county as required by state and federal law.

(4) (A) If the recipient fails to submit a quarterly report by the date prescribed by the department, the county shall provide the recipient with a notice, as required by the department, that the county will terminate benefits.

(B) Prior to terminating benefits, the county shall attempt to make personal contact to remind the recipient that a completed report is due, or, if contact is not made, shall send a reminder notice to the recipient.

(C) Any discontinuance notice shall be rescinded and aid shall be restored if the report is received by the first working day of the month for which aid is paid based on submission of the quarterly report.

(e) In recalculating the amount of a recipient's grant pursuant to this section, including the timing and provision of any supplementary payment, changes in the grant amount shall be made on a prospective basis pursuant to food stamp regulations for nonmonthly reporting households.

(f) Counties shall provide a mechanism for recipients to retain written documentation of the contents of the report, pursuant to minimum standards established by the department.

(g) The department shall define what constitutes a complete report, and shall specify the deadlines for submitting a complete report, as well as the consequences of, and good cause for, failure to submit a complete report.

(h) In determining overpayments and underpayments, the county shall use the federal food stamp regulations that are used to determine overissuances and underissuances for nonmonthly reporting households.

(i) The department shall seek all necessary waivers from the United States Department of Agriculture to conform the Food Stamp Program requirements to the provisions of this section and to increase the income reporting amount for nonmonthly reporting households to one hundred dollars ($100).

(j) Notwithstanding the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code), until the department may implement a reporting and budgeting system, as described in this section, through an all county letter or similar instructions from the director for up to six months from the date of initial implementation.

(k) The department shall adopt regulations to implement this section no later than six months from the date of initial implementation. Emergency regulations adopted for implementation of the applicable provisions of this section may be adopted by the director in accordance with the Administrative Procedure Act. The initial adoption of emergency regulations and one readoption of these regulations shall be deemed to be an emergency and necessary for immediate preservation of the public peace, health and safety, or general welfare. Initial emergency regulations shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing

with the Secretary of State and shall remain in effect for no more than 180 days.

(*l*) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute that is enacted on or before January 1, 2006, extends or deletes that date.

SEC. 34. Section 11363 of the Welfare and Institutions Code is amended to read:

11363. (a) Aid in the form of Kin-GAP shall be provided under this article on behalf of any child under 18 years of age who meets all of the following conditions:

(1) Has been adjudged a dependent child of the juvenile court pursuant to Section 300.

(2) Has been living with a relative for at least 12 consecutive months.

(3) Has had a kinship guardianship with that relative established as the result of the implementation of a permanent plan pursuant to Section 366.26.

(4) Has had his or her dependency dismissed after January 1, 2000, pursuant to Section 366.3, concurrently or subsequent to the establishment of the kinship guardianship.

(b) Kin-GAP payments shall continue after the child's 18th birthday if the conditions specified in Section 11403 are met.

(c) Termination of the guardianship with a kinship guardian shall terminate eligibility for Kin-GAP; provided, however, that if an alternate guardian or coguardian is appointed pursuant to Section 366.3 who is also a kinship guardian, the alternate or coguardian shall be entitled to receive Kin-GAP on behalf of the child pursuant to this article. A new period of 12 months of placement with the alternate guardian or coguardian shall not be required if that alternate guardian or coguardian has been assessed pursuant to Section 361.3 and the court terminates dependency jurisdiction.

SEC. 35. Section 11367 of the Welfare and Institutions Code is amended to read:

11367. (a) Kin-GAP, in an amount equal to the then current Kin-GAP rate, shall be paid utilizing the applicable regional per-child CalWORKs grant from federal funds received as a part of the TANF block grant program grant. The balance of Kin-GAP shall be paid in equal portions by the state and the counties.

(b) The department shall seek any federal funds available for implementation of this article, including, but not limited to, funds available under Title IV of the federal Social Security Act (42 U.S.C. Sec. 601 et seq.), unless doing so would be detrimental to the state General Fund. Implementation of the Kin-GAP program shall not, however, be contingent upon receipt of any federal funding.

(c) Any savings that accrue to the department as a result of this article shall revert to the General Fund. Savings that accrue to a county shall accrue to that county's social services subaccount in its local health and welfare trust fund.

SEC. 36. Section 11372 of the Welfare and Institutions Code is amended to read:

11372. Notwithstanding any other provision of law, the Kinship Guardianship Assistance Payment Program implemented under this article is exempt from the provisions of Chapter 2 (commencing with Section 11200) of Part 3, except Sections 11253.5, and 11265.8, as long as these exemptions would not jeopardize federal financial participation in the payment. Any exemptions exercised pursuant to this section shall be implemented in accordance with Section 11369.

SEC. 37. Section 11374 is added to the Welfare and Institutions Code, to read:

11374. (a) Each county that formally had court ordered jurisdiction under Section 300 over a child receiving benefits under the Kin-GAP program shall be responsible for paying the child's aid regardless of where the child actually resides, so long as the child resides in California.

(b) Notwithstanding any other provision of law, when a child receiving benefits under the CalWORKs program or the AFDC-FC foster care program becomes eligible for benefits under the Kin-GAP program during any month, the child shall continue to receive benefits under the CalWORKs program or the AFDC-FC foster care program, as appropriate, to the end of that calendar month, and Kin-GAP payments shall begin the first day of the following month.

SEC. 38. Section 11375 is added to the Welfare and Institutions Code, to read:

11375. The following shall apply to any child in receipt of Kin-GAP benefits:

(a) He or she is eligible to request and receive independent living services pursuant to Section 10609.3.

(b) He or she may retain cash savings, not to exceed ten thousand dollars ($10,000), including interest, in addition to any other property accumulated pursuant to Section 11257 or 11257.5.

SEC. 40. Section 11461 of the Welfare and Institutions Code is amended to read:

11461. (a) For children placed in a licensed or approved family home with a capacity of six or less, or in an approved home of a relative or nonrelated legal guardian, the per child per month rates in the following schedule shall be in effect for the period July 1, 1989, through December 31, 1989:

Age	Basic rate
0–4	$ 294
5–8	319
9–11	340
12–14	378
15–20	412

(b) (1) Any county that, as of October 1, 1989, has in effect a basic rate that is at the levels set forth in the schedule in subdivision (a), shall continue to receive state participation, as specified in subdivision (c) of Section 15200, at these levels.

(2) Any county that, as of October 1, 1989, has in effect a basic rate that exceeds a level set forth in the schedule in subdivision (a), shall continue to receive the same level of state participation as it received on October 1, 1989.

(c) The amounts in the schedule of basic rates in subdivision (a) shall be adjusted as follows:

(1) Effective January 1, 1990, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 12 percent.

(2) Effective May 1, 1990, any county that did not increase the basic rate by 12 percent on January 1, 1990, shall do both of the following:

(A) Increase the basic rate in effect December 31, 1989, for which state participation is received by 12 percent.

(B) Increase the basic rate, as adjusted pursuant to subparagraph (A) by an additional 5 percent.

(3) (A) Except as provided in subparagraph (B), effective July 1, 1990, for the 1990–91 fiscal year, the amounts in the schedule of basic rates in subdivision (a) shall be increased by an additional 5 percent.

(B) The rate increase required by subparagraph (A) shall not be applied to rates increased May 1, 1990, pursuant to paragraph (2).

(4) Effective July 1, 1998, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 6 percent. Notwithstanding any other provision of law, the 6-percent increase provided for in this paragraph shall, retroactive to July 1, 1998, apply to every county, including any county to which paragraph (2) of subdivision (b) applies, and shall apply to foster care for every age group.

(5) Notwithstanding any other provision of law, any increase that takes effect after July 1, 1998, shall apply to every county, including any county to which paragraph (2) of subdivision (b) applies, and shall apply to foster care for every age group.

(6) The increase in the basic foster family home rate shall apply only to children placed in a licensed foster family home receiving the basic rate or in an approved home of a relative or nonrelated legal guardian receiving the basic rate. The increased rate shall not be used to compute

the monthly amount that may be paid to licensed foster family agencies for the placement of children in certified foster homes.

(d) (1) (A) Beginning with the 1991–92 fiscal year, the schedule of basic rates in subdivision (a) shall be adjusted by the percentage changes in the California Necessities Index, computed pursuant to the methodology described in Section 11453, subject to the availability of funds.

(B) In addition to the adjustment in subparagraph (A) effective January 1, 2000, the schedule of basic rates in subdivision (a) shall be increased by 2.36 percent rounded to the nearest dollar.

(2) (A) Any county that, as of the 1991–92 fiscal year, receives state participation for a basic rate that exceeds the amount set forth in the schedule of basic rates in subdivision (a) shall receive an increase each year in state participation for that basic rate of one-half of the percentage adjustments specified in paragraph (1) until the difference between the county's adjusted state participation level for its basic rate and the adjusted schedule of basic rates is eliminated.

(B) Notwithstanding subparagraph (A), all counties for the 1999–2000 fiscal year shall receive an increase in state participation for the basic rate of the entire percentage adjustment described in paragraph (1).

(3) If a county has, after receiving the adjustments specified in paragraph (2), a state participation level for a basic rate that is below the amount set forth in the adjusted schedule of basic rates for that fiscal year, the state participation level for that rate shall be further increased to the amount specified in the adjusted schedule of basic rates.

(e) (1) As used in this section, ''specialized care increment'' means an approved amount paid with state participation on behalf of an AFDC-FC child requiring specialized care to a home listed in subdivision (a) in addition to the basic rate. On the effective date of this section, the department shall continue and maintain the current ratesetting system for specialized care.

(2) Any county that, as of the effective date of this section, has in effect specialized care increments that have been approved by the department, shall continue to receive state participation for those payments.

(3) Any county that, as of the effective date of this section, has in effect specialized care increments that exceed the amounts that have been approved by the department, shall continue to receive the same level of state participation as it received on the effective date of this section.

(4) (A) Except for subparagraph (B), beginning January 1, 1990, specialized care increments shall be adjusted in accordance with the methodology for the schedule of basic rates described in subdivision (c)

and (d). No county shall receive state participation for any increases in a specialized care increment which exceeds the adjustments made in accordance with this methodology.

(B) Notwithstanding subdivision (e) of Section 11460, for the 1993–94 fiscal year, an amount equal to 5 percent of the State Treasury appropriation for family homes shall be added to the total augmentation for the AFDC-FC program in order to provide incentives and assistance to counties in the area of specialized care. This appropriation shall be used, but not limited to, encouraging counties to implement or expand specialized care payment systems, to recruit and train foster parents for the placement of children with specialized care needs, and to develop county systems to encourage the placement of children in family homes. It is the intent of the Legislature that in the use of these funds, federal financial participation shall be claimed whenever possible.

(f) (1) As used in this section, ''clothing allowance'' means the amount paid with state participation in addition to the basic rate for the provision of additional clothing for an AFDC-FC child, including, but not limited to, an initial supply of clothing and school or other uniforms.

(2) Any county that, as of the effective date of this section, has in effect clothing allowances, shall continue to receive the same level as it received on the effective date of this section.

(3) Beginning January 1, 1990, except as provided in paragraph (4), clothing allowances shall be adjusted annually in accordance with the methodology for the schedule of basic rates described in subdivision (c) and (d). No county shall be reimbursed for any increases in clothing allowances which exceed the adjustments made in accordance with this methodology.

(4) For the 2000–01 fiscal year and each fiscal year thereafter, without a county share of cost, notwithstanding subdivision (c) of Section 15200, each child shall be entitled to receive a supplemental clothing allowance of one hundred dollars ($100) per year subject to the availability of funds. The clothing allowance shall be used to supplement, and not supplant, the clothing allowance specified in paragraph (1).

SEC. 41. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, ''The Classification of Group Home Programs under the Standardized Schedule of Rates System,'' prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, ''standardized schedule of rates'' means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home

program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the field work portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under the provisions of Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the

rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) The standardized schedule of rates for fiscal year 1998–99 is:

4	120-149	2,191
5	150-179	2,502
6	180-209	2,815
7	210-239	3,127
8	240-269	3,440
9	270-299	3,751
10	300-329	4,064

12	360-389	4,688
13	390-419	5,003
14	420 & Up	5,314

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(3) Effective January 1, 2001, the amount included in the standard rate for each Rate Classification Level for the salaries, wages, and benefits for staff providing child care and supervision or performing social work activities, or both, shall be increased by 10 percent. This additional funding shall be used by group home programs solely to supplement staffing, salaries, wages, and benefit levels of staff specified in this paragraph. The standard rate for each RCL shall be recomputed using this adjusted amount and the resultant rates shall constitute the new standardized schedule of rates. The department may require a group

home receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, ''program change'' means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 2000, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998–99, 1999–2000, and 2000–01 fiscal years, the department shall not establish a rate for a new program of a new or

existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if (i) the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program, and (ii) the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 42. Section 11463 of the Welfare and Institutions Code is amended to read:

11463. (a) The department, with the advice, assistance, and cooperation of the counties and foster care providers, shall develop, implement, and maintain a ratesetting system for foster family agencies.

No county shall be reimbursed for any percentage increases in payments, made on behalf of AFDC-FC funded children who are placed with foster family agencies, which exceed the percentage cost-of-living increase provided in any fiscal year beginning on January 1, 1990, as specified in subdivision (c) of Section 11461.

(b) The department shall develop regulations specifying the purposes, types, and services of foster family agencies, including the use

of those agencies for the provision of emergency shelter care. Distinction for ratesetting purposes shall be drawn between foster family agencies which provide treatment of children in foster families and those which provide nontreatment services.

(c) The department shall develop and maintain regulations specifying the procedure for the appeal of department decisions about the setting of an agency's rate.

(d) On and after July 1, 1998, the schedule of rates, and the components used in the rate calculations specified in the department's regulations, for foster family agencies shall be increased by 6 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

(e) (1) On and after July 1, 1999, the schedule of rates and the components used in the rate calculations specified in the department's regulations for foster family agencies shall be adjusted by an amount equal to the California Necessities Index computed pursuant to Section 11453, rounded to the nearest dollar, subject to the availability of funds. The resultant amounts shall constitute the new schedule of rates for foster family agencies, subject to further adjustment pursuant to paragraph (2).

(2) In addition to the adjustment specified in paragraph (1), commencing January 1, 2000, the schedule of rates and the components used in the rate calculations specified in the department's regulations for foster family agencies shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

(f) For the 1999–2000 fiscal year, foster family agency rates that are not determined by the schedule of rates set forth in the department's regulations, shall be increased by the same percentage as provided in subdivision (e).

(g) For the 2000–01 fiscal year and each fiscal year thereafter, without a county share of cost, notwithstanding subdivision (c) of Section 15200, the foster family agency rate shall be supplemented by one hundred dollars ($100) for clothing per year per child in care, subject to the availability of funds. The supplemental payment shall be used to supplement, and shall not be used to supplant, any clothing allowance paid in addition to the foster family agency rate.

(h) In addition to the adjustment made pursuant to subdivision (e), the component for social work activities in the rate calculation specified in the department's regulations for foster family agencies shall be increased by 10 percent, effective January 1, 2001. This additional funding shall be used by foster family agencies solely to supplement staffing, salaries, wages, and benefit levels of staff performing social work activities. The schedule of rates shall be recomputed using the adjusted amount for

social work activities. The resultant amounts shall constitute the new schedule of rates for foster family agencies. The department may require a foster family agency receiving this additional funding to certify that the funding was utilized in accordance with the provisions of this section.

SEC. 43. Section 11465.6 is added to the Welfare and Institutions Code, to read:

11465.6. (a) Up to five counties selected by the department, and at the discretion of the counties, may implement a countywide program for licensed family homes and relative caregivers receiving payments under this chapter under which they may receive reimbursement for the cost of licensed child care for each foster child under 13 years of age in the care of the licensed family home or the relative caregiver, during any period that any of the following apply:

(1) The foster parent or relative caregiver is working outside the home.

(2) The foster parent or relative caregiver is participating in foster care training.

(3) The foster parent or relative caregiver is fulfilling necessary foster care-related administrative duties, such as conferences and judicial reviews that are not ordinarily parental duties.

(b) A foster family home shall only receive a reimbursement for child care that is provided by a licensed provider and if an agreement has been documented in the child's case plan.

(c) The cost for reimbursements authorized by this section shall be shared equally between the state and the county. Funds appropriated pursuant to Chapter 6 (commencing with Section 17600) of Part 5 shall not be used to meet the county match requirement under this section.

(d) The department shall, in consultation with participating counties, establish rates of child care reimbursement under this section.

(e) Of the five counties to be selected, the department shall select, at minimum, one large county, one medium county, and one small county, based on population size if a county from each category submits a written expression of its desire to participate. In addition, the department shall give priority to any county that meets both of the following criteria:

(1) The county has experienced a net loss in the total number of licensed foster family homes.

(2) The county has demonstrated a deficit in the number of licensed foster family beds for the county's population of foster children requiring out-of-home placement.

(f) Each participating county shall report to the department on an annual basis. The information to be reported to the department shall be determined by the department in consultation with the County Welfare Director's Association. At a minimum, the annual report shall include the number of foster parents claiming a child care reimbursement, the

number of children served under this section, and an analysis of the impact of the child care reimbursement on the recruitment and retention of licensed foster home providers. The department shall provide the appropriate policy and fiscal committees of the Legislature with a report of the use of child care pursuant to this section on or before June 30, 2003.

(g) The department may issue emergency regulations for the purpose of implementing this section.

SEC. 44. Section 11467.2 is added to the Welfare and Institutions Code, to read:

11467.2. (a) The department shall contract with an independent evaluator to conduct a study of alternative funding mechanisms for group home care in California and to formulate a proposed funding system for the care and supervision of children who are placed in group home care. The independent evaluator shall consider and evaluate alternative funding mechanisms, including, but not limited to, cost-based rates, individual client needs-based rates, managed care rates, program type rates, and negotiated rates, and shall propose a specific mechanism and procedure, for children subject to Sections 300 or 602 who are placed in group homes. The study shall consider empirical research, current foster care program service needs, other state funding systems, and any other relevant data, including information obtained from the final report regarding the Reexamination of the Role of Group Care Within a Family Based System of Care, as mandated by Chapter 311 of the Statutes of 1998.

(b) The department shall convene a steering committee to provide direction for the study, which shall be comprised of appropriate state and county agencies, as well as group home providers, current or former foster youth, and other interested parties.

(c) The department shall provide a copy of the final report submitted pursuant to subdivision (a) to the appropriate fiscal and policy committees of the Legislature on or before October 1, 2001. Any proposal or recommendations submitted pursuant to this section shall not become effective unless enacted pursuant to statute.

(d) Pending completion of a new rate system, this section shall not be construed in any way to prohibit recognition through the budget process of the costs of operating under the current rate system or the consideration of rate adjustments.

SEC. 44.2. Section 12301.6 of the Welfare and Institutions Code is amended to read:

12301.6. (a) Notwithstanding Sections 12302 and 12302.1, a county board of supervisors may, at its option, elect to do either of the following:

(1) Contract with a nonprofit consortium to provide for the delivery of in-home supportive services.

(2) Establish, by ordinance, a public authority to provide for the delivery of in-home supportive services.

(b) (1) To the extent that a county elects to establish a public authority pursuant to paragraph (2) of subdivision (a), the enabling ordinance shall specify the membership of the governing body of the public authority, the qualifications for individual members, the manner of appointment, selection, or removal of members, how long they shall serve, and other matters as the board of supervisors deems necessary for the operation of the public authority.

(2) A public authority established pursuant to paragraph (2) of subdivision (a) shall be both of the following:

(A) An entity separate from the county, and shall be required to file the statement required by Section 53051 of the Government Code.

(B) A corporate public body, exercising public and essential governmental functions and that has all powers necessary or convenient to carry out the delivery of in-home supportive services, including the power to contract for services pursuant to Sections 12302 and 12302.1 and that makes or provides for direct payment to a provider chosen by the recipient for the purchase of services pursuant to Sections 12302 and 12302.2. Employees of the public authority shall not be employees of the county for any purpose.

(3) (A) As an alternative, the enabling ordinance may designate the board of supervisors as the governing body of the public authority.

(B) Any enabling ordinance that designates the board of supervisors as the governing body of the public authority shall also specify that no fewer than 50 percent of the membership of the advisory committee shall be individuals who are current or past users of personal assistance services paid for through public or private funds or recipients of services under this article.

(C) If the enabling ordinance designates the board of supervisors as the governing body of the public authority, it shall also require the appointment of an advisory committee of not more than 11 individuals who shall be designated in accordance with subparagraph (B).

(D) Prior to making designations of committee members pursuant to subparagraph (C), or governing body members in accordance with paragraph (4), the board of supervisors shall solicit recommendations of qualified members of either the governing body of the public authority or of any advisory committee through a fair and open process that includes the provision of reasonable, written notice to, and a reasonable response time by, members of the general public and interested persons and organizations.

(4) If the enabling ordinance does not designate the board of supervisors as the governing body of the public authority, the enabling ordinance shall require the membership of the governing body to meet the requirements of subparagraph (B) of paragraph (3).

(c) (1) Any public authority created pursuant to this section shall be deemed to be the employer of in-home supportive services personnel referred to recipients under paragraph (3) of subdivision (d) within the meaning of Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code. Recipients shall retain the right to hire, fire, and supervise the work of any in-home supportive services personnel providing services to them.

(2) (A) Any nonprofit consortium contracting with a county pursuant to this section shall be deemed to be the employer of in-home supportive services personnel referred to recipients pursuant to paragraph (3) of subdivision (d) for the purposes of collective bargaining over wages, hours, and other terms and conditions of employment.

(B) Recipients shall retain the right to hire, fire, and supervise the work of any in-home supportive services personnel providing services for them.

(d) A public authority established pursuant to this section or a nonprofit consortium contracting with a county pursuant to this section, when providing for the delivery of services under this article by contract in accordance with Sections 12302 and 12302.1 or by direct payment to a provider chosen by a recipient in accordance with Sections 12302 and 12302.2, shall comply with and be subject to, all statutory and regulatory provisions applicable to the respective delivery mode.

(e) Any nonprofit consortium contracting with a county pursuant to this section or any public authority established pursuant to this section shall provide for all of the following functions under this article, but shall not be limited to those functions:

(1) The provision of assistance to recipients in finding in-home supportive services personnel through the establishment of a registry.

(2) Investigation of the qualifications and background of potential personnel.

(3) Establishment of a referral system under which in-home supportive services personnel shall be referred to recipients.

(4) Providing for training for providers and recipients.

(5) Performing any other functions related to the delivery of in-home supportive services.

(6) Ensuring that the requirements of the personal care option pursuant to Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code are met.

(f) (1) Any nonprofit consortium contracting with a county pursuant to this section or any public authority created pursuant to this section

shall be deemed not to be the employer of in-home supportive services personnel referred to recipients under this section for purposes of liability due to the negligence or intentional torts of the in-home supportive services personnel.

(2) In no case shall a nonprofit consortium contracting with a county pursuant to this section or any public authority created pursuant to this section be held liable for action or omission of any in-home supportive services personnel whom the nonprofit consortium or public authority did not list on its registry or otherwise refer to a recipient.

(3) Counties and the state shall be immune from any liability resulting from their implementation of this section in the administration of the In-Home Supportive Services Program. Any obligation of the public authority or consortium pursuant to this section, whether statutory, contractual, or otherwise, shall be the obligation solely of the public authority or nonprofit consortium, and shall not be the obligation of the county or state.

(g) Any nonprofit consortium contracting with a county pursuant to this section shall ensure that it has a governing body that complies with the requirements of subparagraph (B) of paragraph (3) of subdivision (b) or an advisory committee that complies with subparagraphs (B) and (C) of paragraph (3) of subdivision (b).

(h) Recipients of services under this section may elect to receive services from in-home supportive services personnel who are not referred to them by the public authority or nonprofit consortium. Those personnel shall be referred to the public authority or nonprofit consortium for the purposes of wages, benefits, and other terms and conditions of employment.

(i) Nothing in this section shall be construed to affect the state's responsibility with respect to the state payroll system, unemployment insurance, or workers' compensation and other provisions of Section 12302.2 for providers of in-home supportive services. Any county that elects to provide in-home supportive services pursuant to this section shall be responsible for any increased costs to the in-home supportive services case management, information, and payrolling system attributable to that election. The department shall collaborate with any county that elects to provide in-home supportive services pursuant to this section prior to implementing the amount of financial obligation for which the county shall be responsible.

(j) To the extent permitted by federal law, personal care option funds, obtained pursuant to Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code, along with matching funds using the state and county sharing ratio established in subdivision (c) of Section 12306, or any other funds that are obtained pursuant to Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42

of the United States Code, may be used to establish and operate an entity authorized by this section.

(k) Notwithstanding any other provision of law, the county, in exercising its option to establish a public authority, shall not be subject to competitive bidding requirements. However, contracts entered into by either the county, a public authority, or a nonprofit consortium pursuant to this section shall be subject to competitive bidding as otherwise required by law.

(*l*) (1) The department may adopt regulations implementing this section as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, the adoption of the regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these emergency regulations shall not be subject to the review and approval of the Office of Administrative Law.

(2) Notwithstanding subdivision (h) of Section 11364.1 and Section 11349.6 of the Government Code, the department shall transmit these regulations directly to the Secretary of State for filing. The regulations shall become effective immediately upon filing by the Secretary of State.

(3) Except as otherwise provided for by Section 10554, the Office of Administrative Law shall provide for the printing and publication of these regulations in the California Code of Regulations. Emergency regulations adopted pursuant to this subdivision shall remain in effect for no more than 180 days.

(m) (1) In the event that a county elects to form a nonprofit consortium or public authority pursuant to subdivision (a) before the State Department of Health Services has obtained all necessary federal approvals pursuant to paragraph (3) of subdivision (j) of Section 14132.95, all of the following shall apply:

(A) Subdivision (c) shall apply only to those matters that do not require federal approval.

(B) The second sentence of subdivision (g) shall not be operative.

(C) The nonprofit consortium or public authority shall not provide services other than those specified in paragraphs (1), (2), (3), (4), and (5) of subdivision (d).

(2) Paragraph (1) shall become inoperative when the State Department of Health Services has obtained all necessary federal approvals pursuant to paragraph (3) of subdivision (j) of Section 14132.95.

(n) (1) One year after the effective date of the first approval by the department granted to the first public authority, the Bureau of State

Audits shall commission a study to review the performance of that public authority.

(2) The study shall be submitted to the Legislature and the Governor not later than two years after the effective date of the approval specified in subdivision (a). The study shall give special attention to the health and welfare of the recipients under the public authority, including the degree to which all required services have been delivered, out-of-home placement rates, prompt response to recipient complaints, and any other issue the director deems relevant.

(3) The report shall make recommendations to the Legislature and the Governor for any changes to this section that will further ensure the well-being of recipients and the most efficient delivery of required services.

(o) Commencing July 1, 1997, the department shall provide annual reports to the appropriate fiscal and policy committees of the Legislature on the efficacy of the implementation of this section, and shall include an assessment of the quality of care provided pursuant to this section.

SEC. 44.4. Section 12306.1 of the Welfare and Institutions Code is repealed.

SEC. 44.6. Section 12306.1 is added to the Welfare and Institutions Code, to read:

12306.1. (a) When any increase in provider wages or benefits is negotiated or agreed to by a public authority or nonprofit consortium under Section 12301.6, then the county shall use county-only funds to fund both the county share and the state share, including employment taxes, of any increase in the cost of the program, unless otherwise provided for in the annual Budget Act or appropriated by statute. No increase in wages or benefits negotiated or agreed to pursuant to this section shall take effect unless and until, prior to its implementation, the department has obtained the approval of the State Department of Health Services for the increase pursuant to a determination that it is consistent with federal law and to ensure federal financial participation for the services under Title XIX of the federal Social Security Act, and unless and until all of the following conditions have been met:

(1) Each county has provided the department with documentation of the approval of the county board of supervisors of the proposed public authority of nonprofit consortium rate, including wages and related expenditures. The documentation shall be received by the department before the department and the State Department of Health Services may approve the increase.

(2) Each county has met department guidelines and regulatory requirements as a condition of receiving state participation in the rate.

(b) Any rate approved pursuant to subdivision (a) shall take effect commencing on the first day of the month subsequent to the month in

which final approval is received from the department. The department may grant approval on a conditional basis, subject to the availability of funding.

(c) The state shall pay 65 percent, and each county shall pay 35 percent, of the nonfederal share of wage and benefit increases negotiated by a public authority or nonprofit consortium pursuant to Section 12301.6 and associated employment taxes, only in accordance with subdivisions (d) to (f), inclusive.

(d) (1) The state shall participate as provided in subdivision (c) in wages up to seven dollars and fifty cents ($7.50) per hour and individual health benefits up to sixty cents ($0.60) per hour for all public authority or nonprofit consortium providers. This paragraph shall be operative for the 2000–01 fiscal year and each year thereafter unless otherwise provided in paragraphs (2), (3), (4), and (5).

(2) The state shall participate as provided in subdivision (c) in a total of wages and individual health benefits up to nine dollars and ten cents ($9.10) per hour, if wages have reached at least seven dollars and fifty cents ($7.50) per hour. Counties shall determine, pursuant to the collective bargaining process provided for in subdivision (c) of Section 12301.6, what portion of the nine dollars and ten cents ($9.10) per hour shall be used to fund wage increases above seven dollars and fifty cents ($7.50) per hour or individual health benefit increases, or both. This paragraph shall be operative commencing with the next state fiscal year for which the May Revision forecast of General Fund revenue, excluding transfers, exceeds by at least 5 percent, the most current estimate of revenues, excluding transfers, for the year in which paragraph (1) became operative.

(3) The state shall participate as provided in subdivision (c) in a total of wages and individual health benefits up to ten dollars and ten cents ($10.10) per hour, if wages have reached at least seven dollars and fifty cents ($7.50) per hour. Counties shall determine, pursuant to the collective bargaining process provided for in subdivision (c) of Section 12301.6, what portion of the ten dollars and ten cents ($10.10) per hour shall be used to fund wage increases above seven dollars and fifty cents ($7.50) per hour or individual health benefit increases, or both. This paragraph shall be operative commencing with the next state fiscal year for which the May Revision forecast of General Fund revenue, excluding transfers, exceeds by at least 5 percent, the most current estimate of revenue, excluding transfers, for the year in which paragraph (2) became operative.

(4) The state shall participate as provided in subdivision (c) in a total of wages and individual health benefits up to eleven dollars and ten cents ($11.10) per hour, if wages have reached at least seven dollars and fifty cents ($7.50) per hour. Counties shall determine, pursuant to the

collective bargaining process provided for in subdivision (c) of Section 12301.6, what portion of the eleven dollars and ten cents ($11.10) per hour shall be used to fund wage increases or individual health benefits, or both. This paragraph shall be operative commencing with the next state fiscal year for which the May Revision forecast of General Fund revenue, excluding transfers, exceeds by at least 5 percent, the most current estimate of revenues, excluding transfers, for the year in which paragraph (3) became operative.

(5) The state shall participate as provided in subdivision (c) in a total cost of wages and individual health benefits up to twelve dollars and ten cents ($12.10) per hour, if wages have reached at least seven dollars and fifty cents ($7.50) per hour. Counties shall determine, pursuant to the collective bargaining process provided for in subdivision (c) of Section 12301.6, what portion of the twelve dollars and ten cents ($12.10) per hour shall be used to fund wage increases above seven dollars and fifty cents ($7.50) per hour or individual health benefit increases, or both. This paragraph shall be operative commencing with the next state fiscal year for which the May Revision forecast of General Fund revenue, excluding transfers, exceeds by at least 5 percent, the most current estimate of revenues, excluding transfers, for the year in which paragraph (4) became operative.

(e) (1) On or before May 14 immediately prior to the fiscal year for which state participation is provided under paragraphs (2) to (5), inclusive, of subdivision (d), the Director of Finance shall certify to the Governor, the appropriate committees of the Legislature, and the department that the condition for each subdivision to become operative has been met.

(2) For purposes of certifications under paragraph (1), the General Fund revenue forecast, excluding transfers, that is used for the relevant fiscal year shall be calculated in a manner that is consistent with the definition of General Fund revenues, excluding transfers, that was used by the Department of Finance in the 2000–01 Governor's Budget revenue forecast as reflected on Schedule 8 of the Governor's Budget.

(f) Any increase in state participation in wage and benefit increases under paragraphs (2) to (5), inclusive, of subdivision (d), shall be limited to an increase of one dollar ($1) per hour with respect to any fiscal year.

SEC. 44.8. Section 12306.2 is added to the Welfare and Institutions Code, to read:

12306.2. (a) Notwithstanding any other provision of law, for the 2000–01 fiscal year, the state shall pay 65 percent and each county shall pay 35 percent of the nonfederal share of any increase to individual provider wages a county chooses to grant, up to 3 percent above the statewide minimum wage.

(b) This section shall not apply to providers who are employees of a public authority or nonprofit consortium pursuant to Section 12301.6.

44002. The collection and administration of the fee imposed by Chapter 4 (commencing with Section 71215) of Division 36 of the Public Resources Code shall be governed by the definitions specified in Section 71200 of the Public Resources Code, unless expressly superseded by the definitions contained in this part or Part 30 (commencing with Section 55001) of Division 2.

44003. The fee imposed on owners or operators of vessels pursuant to Section 71215 of the Public Resources Code shall be administered and collected by the board in accordance with this part and Part 30 (commencing with Section 55001) of Division 2.

44004. Every person, as defined in Section 55002, who is subject to the fees imposed by Chapter 4 (commencing with Section 71215) of Division 36 of the Public Resources Code shall register with the board on forms or in a manner provided by the board.

44005. Except as authorized in Section 44005, the fee imposed on owners or operators of vessels pursuant to Section 71215 of the Public

Resources Code is due and payable to the board 30 days from the date of assessment by the board or the board's agent.

44006. In order to facilitate the administration of this part and in lieu of issuing an assessment for the fee, the board may authorize the feepayer to file a return for a monthly, quarterly, or other period set by the board. The return shall identify each vessel voyage and each port of call in California for which a ballast water report is required to be filed with the State Lands Commission, pursuant to Section 71205 of the Public Resources Code, during the period covered by the return. If the board authorizes the filing of a return, the fees must be a paid to the board by the end of the calendar month following the end of the return reporting period.

44007. All fees, interest, and penalties imposed and all fees required to be paid to the state pursuant to Section 71215 of the Public Resources Code shall be paid in the form of remittances payable to the board. The board shall transmit the payments to the Treasurer to be deposited in the State Treasury to the credit of the Exotic Species Control Fund.

44008. This part shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date; provided, however, this part shall remain applicable for the collection of assessments, the liability for which accrued prior to January 1, 2004; the making of any refunds and the effecting of any credits; the disposition of money collected; and the commencement of any action or proceeding pursuant to this part.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because the current ballast water management fee provisions lack the administrative authority contained in this act to collect fees, and because those provisions became operative on January 1, 2000, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 504 of the Corporations Code is amended to read:

504. (a) The provisions of Section 500 do not apply to a dividend declared by either of the following:

(2) A real estate investment trust, as defined in Part II of Subchapter M of Chapter 1 of Subtitle A of the federal Internal Revenue Code, as amended, to the extent that the dividend is necessary to maintain the status of the corporation as a real estate investment trust under the provisions of that code.

(b) The provisions of this chapter do not apply to any purchase or redemption of shares redeemable at the option of the holder by a registered open-end investment company under the United States Investment Company Act of 1940, so long as the right of redemption

remains unsuspended under the provisions of that statute and the articles and bylaws of the corporation.

CHAPTER 113

An act to add Division 28 (commencing with Section 37000) to the Public Resources Code, and to add Sections 17039.1, 17053.30, 23036.1, and 23630 to the Revenue and Taxation Code, relating to conservation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 2000. Filed with Secretary of State July 10, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Division 28 (commencing with Section 37000) is added to the Public Resources Code, to read:

DIVISION 28. NATURAL HERITAGE PRESERVATION TAX CREDIT ACT OF 2000

CHAPTER 1. INTENT

37000. This division shall be known and may be cited as the ''Natural Heritage Preservation Tax Credit Act of 2000.''

37001. The Legislature finds and declares all of the following:

(a) The continued economic development of California will be fostered and improved if conflicts over the use of natural resources can be resolved without litigation or disputes.

(b) The economic development of California can be facilitated if endangered species and other forms of plants, fish, and wildlife can be protected quickly and efficiently, so that development and agricultural use can proceed on other lands.

(c) Water allocation decisions could be eased if water could be provided for fish, wildlife, and aquatic and riparian habitat without objection by other water users.

(d) The intent of this division is to accommodate economic development and resolve land use and water disputes in a manner beneficial to all people in California, and to the benefit of California environmental quality.

(e) The further intent of this division is to foster partnerships between the public and private sectors to resolve disputes and promote economic growth and environmental quality.

(f) Conservation easements protect land, keep land in private ownership and on the tax rolls, and, where appropriate, are the preferred method to protect agricultural and habitat values.

(g) The value of wildlife habitat to the state is very high, especially in the case of implementing habitat conservation plans and multispecies conservation plans.

(h) Habitat stewardship shall be assisted and rewarded, and it is in the state's interest to encourage landowners to perceive habitat as an asset rather than a liability.

(i) It is the intent of the Legislature, in enacting this division, to provide an additional tool for the protection of wildlife habitat, open space, and agricultural lands. However, there continues to be a recognized need for additional funding sources for park, wildlife, and recreation facilities, as well as for the preservation of open space and agricultural lands.

(j) It is the intent of the Legislature in enacting this division to protect wildlife habitat, open space, and agricultural lands by providing up to one hundred million dollars ($100,000,000) in tax credits for donations of qualified land.

Consistent with the criteria established for the program, each donee may use its own priority lists and procedures in determining which properties or types of properties shall be given priority.

(b) Each donee or the board may request that the applicant supply further information reasonably necessary to allow the donee or the board to evaluate the proposed donation. The department may accept contributions of money from any taxpayer to pay or reimburse the costs of appraisal, escrow, title, and other transaction costs associated with the contribution of any particular property or set of properties, including any environmental assessments required by the department, and the costs of preparing any necessary management plan for the property or set of properties.

(c) Prior to acquiring an easement or other interest in land pursuant to this division, a public hearing shall be held by the donee, if the donee is a public agency, or by the board if the donee is a non-profit organization, in the local community. Notice shall be given by the donee to the county board of supervisors of the affected county, adjacent

CHAPTER 5. CRITERIA FOR ACCEPTANCE OF PROPERTY

37015. The board shall approve only contributions of properties that meet one or more of the following criteria:

(a) The property will help meet the goals of a habitat conservation plan, multispecies conservation plan, natural community conservation plan, or any other similar plan subsequently authorized by statute that is designed to benefit native species of plants and animals and development, including, but not limited to, protecting forests, old growth trees, or oak woodlands. In proposing and approving the acceptance of contributed property pursuant to this subdivision, the recovery benefits for listed species, the habitat value of the property, the value of the property as a wildlife corridor, and similar habitat-related considerations shall be the criteria on which the acceptance is based.

(b) The property will provide corridors or reserves for native plants and wildlife that will help improve the recovery possibilities of listed species and increase the chances that the species will recover sufficiently to be eligible to be removed from the list, or will help avoid the listing of species pursuant to the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code) or the federal Endangered Species Act (16 U.S.C. Sec. 1531 et

seq.), or protect wetlands, waterfowl habitat, or river or stream corridors, or promote the biological viability of important California species.

(c) The property interest is a perpetual conservation easement over agricultural land, or is a permanent contribution of agricultural land, that is threatened by development and is located in an unincorporated area certified by the secretary to be zoned for agricultural use by the county. Property accepted pursuant to this subdivision shall be accepted pursuant to the California Farmland Conservancy Program Act established by Division 10.2 (commencing with Section 10200), pursuant to the agricultural conservation program of the Coastal Conservancy, or pursuant to the Bay Area Conservancy Program established pursuant to Chapter 4.5 (commencing with Section 31160) of Division 21.

(d) (1) The property interest is a water right, or land with an associated water right, and the contribution of the property will help improve the chances of recovery of a listed species, will reduce the likelihood that any species of fish or other aquatic organism will be listed pursuant to the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code)) or the federal Endangered Species Act (16 U.S.C. Sec. 1531 et seq.), will improve the protection of listed species, or will improve the viability and health of fish species of economic importance to the state. The agency or local government receiving the water right, or land with an associated water right, shall ensure that it shall retain title to the water right, and that the water shall be used to fulfill the purposes for which the water right or land associated with a water right is being accepted.

(2) Any contribution of a water right that includes a change in the point of diversion, place of use, or purpose of use may be made only if the proposed change will not injure any legal user of the water involved and is made in accordance with either Chapter 10 (commencing with Section 1700), or Chapter 10.5 (commencing with Section 1725), of Part 2 of Division 2 of the Water Code.

(e) The property will be used as a park or open space or will augment public access to or enjoyment of existing regional, or local park, beach, or open-space facilities, or will preserve archaeological resources.

37016. (a) The board shall accept applications under the program only upon a determination that:

(1) (A) The donation of property satisfies the requirements for a qualified contribution pursuant to Section 170 of Title 26 of the United States Code. If only a portion (either an undivided fractional interest in the entire property or one or more discrete parcels) of a proposed conveyance of property satisfies the requirements of Section 170 of Title 26 of the United States Code, or if the property is sold for less than fair market value, only that portion, or the amount representing the

difference between the amount paid by the donee and the fair market value, shall be eligible for the tax credit, to the extent permitted by Section 170(h) of Title 26 of the United States Code. The board may segregate eligible and ineligible interests in property contributed pursuant to this division. The donor shall receive no other valuable consideration for the donation of property subject to the tax credit.

(B) For purposes of this division, if the property accepted by the board was donated to satisfy a condition imposed upon the donor by any lease, permit, license, certificate, or other entitlement for use issued by one or more public agencies, including, but not limited to, the mitigation of significant effects on the environment of a project pursuant to an approved environmental impact report or mitigated negative declaration required pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000)), that property shall not qualify for the credit provided in Section 17053.30 or 23630 of the Revenue and Taxation Code.

(2) There has been no release or threatened release of a hazardous material on the property, unless all of the following occur:

(i) A final remedy in response to the release has been approved by the Department of Toxic Substances Control pursuant to Chapter 6.5 (commencing with Section 25100) of, Chapter 6.8 (commencing with Section 25300) of, or Chapter 6.85 (commencing with Section 25396) of, Division 20 of the Health and Safety Code, or the appropriate California regional water quality control board pursuant to Chapter 6.7 (commencing with Section 25280) of Division 20 of the Health and Safety Code.

(ii) The donor or donee have agreed to implement the final remedy approved pursuant to clause (i).

(iii) The donor or donee have agreed to fund and have made adequate funding available to pay for the response action, as defined by Section 25323.3 of the Health and Safety Code.

(b) Notwithstanding paragraph (2) of subdivision (a), a donation of property containing hazardous materials may be accepted under the program without satisfying the requirements of paragraph (2) of subdivision (a) if the department that is the donee determines, based on written findings from the Department of Toxic Substances Control and the California regional water quality control board with jurisdiction over the property, that the hazardous materials present will pose no substantial risk to human health or the environment and no substantial risk of liability on the donee under the conditions under which the property will be used. The Department of Toxic Substances Control and the California regional water quality control board with jurisdiction over the property shall carry out their normal due diligence when developing the written findings that will be the basis for the department's or regional

board's, whichever is applicable, written determination regarding the presence and risk of toxic materials on the property. As used in this subdivision, ''hazardous materials'' has the same meaning as contained in subdivision (d) of Section 25260 of the Health and Safety Code.

CHAPTER 122

An act to amend Section 4406 of the Commercial Code, relating to financial institutions.

[Approved by Governor July 7, 2000. Filed with Secretary of State July 10, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 4406 of the Commercial Code, as amended by Section 13 of Chapter 442 of the Statutes of 1997, is amended to read:

4406. (a) A bank that sends or makes available to a customer a statement of account showing payment of items for the account shall either return or make available to the customer the items paid or provide

information in the statement of account sufficient to allow the customer reasonably to identify the items paid. The statement of account provides sufficient information if the item is described by item number, amount, and date of payment. If the bank does not return the items, it shall provide in the statement of account the telephone number that the customer may call to request an item or a legible copy thereof pursuant to subdivision (b).

(b) If the items are not returned to the customer, the person retaining the items shall either retain the items or, if the items are destroyed, maintain the capacity to furnish legible copies of the items until the expiration of seven years after receipt of the items. A customer may request an item from the bank that paid the item, and that bank shall provide in a reasonable time either the item or, if the item has been destroyed or is not otherwise obtainable, a legible copy of the item. A bank shall provide, upon request and without charge to the customer, at least two items or a legible copy thereof with respect to each statement of account sent to the customer.

(c) If a bank sends or makes available a statement of account or items pursuant to subdivision (a), the customer shall exercise reasonable promptness in examining the statement or the items to determine whether any payment was not authorized because of an alteration of an item or because a purported signature by or on behalf of the customer was not authorized. If, based on the statement or items provided, the customer should reasonably have discovered the unauthorized payment, the customer shall promptly notify the bank of the relevant facts.

(d) If the bank proves that the customer failed, with respect to an item, to comply with the duties imposed on the customer by subdivision (c), the customer is precluded from asserting any of the following against the bank:

(1) The customer's unauthorized signature or any alteration on the item if the bank also proves that it suffered a loss by reason of the failure.

(2) The customer's unauthorized signature or alteration by the same wrongdoer on any other item paid in good faith by the bank if the payment was made before the bank received notice from the customer of the unauthorized signature or alteration and after the customer had been afforded a reasonable period of time, not exceeding 30 days, in which to examine the item or statement of account and notify the bank.

(e) If subdivision (d) applies and the customer proves that the bank failed to exercise ordinary care in paying the item and that the failure contributed to loss, the loss is allocated between the customer precluded and the bank asserting the preclusion according to the extent to which the failure of the customer to comply with subdivision (c) and the failure of the bank to exercise ordinary care contributed to the loss. If the

customer proves that the bank did not pay the item in good faith, the preclusion under subdivision (d) does not apply.

(f) Without regard to care or lack of care of either the customer or the bank, a customer who does not within one year after the statement or items are made available to the customer (subdivision (a)) discover and report the customer's unauthorized signature on or any alteration on the item is precluded from asserting against the bank the unauthorized signature or alteration. If there is a preclusion under this subdivision, the payer bank may not recover for breach of warranty under Section 4208 with respect to the unauthorized signature or alteration to which the preclusion applies.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. Section 4406 of the Commercial Code, as amended by Section 14 of Chapter 442 of the Statutes of 1997, is amended to read:

4406. (a) A bank that sends or makes available to a customer a statement of account showing payment of items for the account shall either return or make available to the customer the items paid or provide information in the statement of account sufficient to allow the customer to identify the items paid. If the bank does not return the items, it shall provide in the statement of account the telephone number that the customer may call to request an item or a legible copy thereof pursuant to subdivision (b).

(b) If the items are not returned to the customer, the person retaining the items shall either retain the items or, if the items are destroyed, maintain the capacity to furnish legible copies of the items until the expiration of seven years after receipt of the items. A customer may request an item from the bank that paid the item, and that bank shall provide in a reasonable time either the item or, if the item has been destroyed or is not otherwise obtainable, a legible copy of the item. A bank shall provide, upon request and without charge to the customer, at least two items or a legible copy thereof with respect to each statement of account sent to the customer.

(c) If a bank sends or makes available a statement of account or items pursuant to subdivision (a), the customer shall exercise reasonable promptness in examining the statement or the items to determine whether any payment was not authorized because of an alteration of an item or because a purported signature by or on behalf of the customer was not authorized. If, based on the statement or items provided, the customer should reasonably have discovered the unauthorized payment, the customer shall promptly notify the bank of the relevant facts.

(d) If the bank proves that the customer failed, with respect to an item, to comply with the duties imposed on the customer by subdivision (c),

the customer is precluded from asserting any of the following against the bank:

(1) The customer's unauthorized signature or any alteration on the item if the bank also proves that it suffered a loss by reason of the failure.

(2) The customer's unauthorized signature or alteration by the same wrongdoer on any other item paid in good faith by the bank if the payment was made before the bank received notice from the customer of the unauthorized signature or alteration and after the customer had been afforded a reasonable period of time, not exceeding 30 days, in which to examine the item or statement of account and notify the bank.

(e) If subdivision (d) applies and the customer proves that the bank failed to exercise ordinary care in paying the item and that the failure contributed to loss, the loss is allocated between the customer precluded and the bank asserting the preclusion according to the extent to which the failure of the customer to comply with subdivision (c) and the failure of the bank to exercise ordinary care contributed to the loss. If the customer proves that the bank did not pay the item in good faith, the preclusion under subdivision (d) does not apply.

(f) Without regard to care or lack of care of either the customer or the bank, a customer who does not within one year after the statement or items are made available to the customer (subdivision (a)) discover and report the customer's unauthorized signature on or any alteration on the item is precluded from asserting against the bank the unauthorized signature or alteration. If there is a preclusion under this subdivision, the payer bank may not recover for breach of warranty under Section 4208 with respect to the unauthorized signature or alteration to which the preclusion applies.

(g) This section shall become operative on January 1, 2005.

CHAPTER 123

An act to amend Section 12050 of the Penal Code, relating to firearms.

[Approved by Governor July 8, 2000. Filed with Secretary of State July 10, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 12050 of the Penal Code is amended to read:

12050. (a) (1) (A) The sheriff of a county, upon proof that the person applying is of good moral character, that good cause exists for the issuance, and that the person applying satisfies any one of the conditions specified in subparagraph (D) and has completed a course of training as

described in subparagraph (E), may issue to that person a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person in either one of the following formats:

(i) A license to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person.

(ii) Where the population of the county is less than 200,000 persons according to the most recent federal decennial census, a license to carry loaded and exposed in that county a pistol, revolver, or other firearm capable of being concealed upon the person.

(B) The chief or other head of a municipal police department of any city or city and county, upon proof that the person applying is of good moral character, that good cause exists for the issuance, and that the person applying is a resident of that city and has completed a course of training as described in subparagraph (E), may issue to that person a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person in either one of the following formats:

(i) A license to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person.

(ii) Where the population of the county in which the city is located is less than 200,000 persons according to the most recent federal decennial census, a license to carry loaded and exposed in that county a pistol, revolver, or other firearm capable of being concealed upon the person.

(C) The sheriff of a county or the chief or other head of a municipal police department of any city or city and county, upon proof that the person applying is of good moral character, that good cause exists for the issuance, and that the person applying is a person who has been deputized or appointed as a peace officer pursuant to subdivision (a) or (b) of Section 830.6 by that sheriff or that chief of police or other head of a municipal police department, may issue to that person a license to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person. Direct or indirect fees for the issuance of a license pursuant to this subparagraph may be waived. The fact that an applicant for a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person has been deputized or appointed as a peace officer pursuant to subdivision (a) or (b) of Section 830.6 shall be considered only for the purpose of issuing a license pursuant to this subparagraph, and shall not be considered for the purpose of issuing a license pursuant to subparagraph (A) or (B).

(D) For the purpose of subparagraph (A), the applicant shall satisfy any one of the following:

(i) Is a resident of the county or a city within the county.

(ii) Spends a substantial period of time in the applicant's principal place of employment or business in the county or a city within the county.

(E) (i) For new license applicants, the course of training may be any course acceptable to the licensing authority, shall not exceed 16 hours, and shall include instruction on at least firearm safety and the law regarding the permissible use of a firearm. Notwithstanding this clause, the licensing authority may require a community college course certified by the Commission on Peace Officer Standards and Training, up to a maximum of 24 hours, but only if required uniformly of all license applicants without exception.

(ii) For license renewal applicants, the course of training may be any course acceptable to the licensing authority, shall be no less than four hours, and shall include instruction on at least firearm safety and the law regarding the permissible use of a firearm. No course of training shall be required for any person certified by the licensing authority as a trainer for purposes of this subparagraph, in order for that person to renew a license issued pursuant to this section.

(2) (A) (i) Except as otherwise provided in clause (ii), subparagraphs (C) and (D) of this paragraph, and subparagraph (B) of paragraph (4) of subdivision (f), a license issued pursuant to subparagraph (A) or (B) of paragraph (1) is valid for any period of time not to exceed two years from the date of the license.

(ii) If the licensee's place of employment or business was the basis for issuance of the license pursuant to subparagraph (A) of paragraph (1), the license is valid for any period of time not to exceed 90 days from the date of the license. The license shall be valid only in the county in which the license was originally issued. The licensee shall give a copy of this license to the licensing authority of the city, county, or city and county in which he or she resides. The licensing authority that originally issued the license shall inform the licensee verbally and in writing in at least 16-point type of this obligation to give a copy of the license to the licensing authority of the city, county, or city and county of residence. Any application to renew or extend the validity of, or reissue, the license may be granted only upon the concurrence of the licensing authority that originally issued the license and the licensing authority of the city, county, or city and county in which the licensee resides.

(B) A license issued pursuant to subparagraph (C) of paragraph (1) to a peace officer appointed pursuant to Section 830.6 is valid for any period of time not to exceed four years from the date of the license, except that the license shall be invalid upon the conclusion of the person's appointment pursuant to Section 830.6 if the four-year period has not otherwise expired or any other condition imposed pursuant to this section does not limit the validity of the license to a shorter time period.

(C) A license issued pursuant to subparagraph (A) or (B) of paragraph (1) is valid for any period of time not to exceed three years from the date of the license if the license is issued to any of the following individuals:

(i) A judge of a California court of record.

(ii) A full-time court commissioner of a California court of record.

(iii) A judge of a federal court.

(iv) A magistrate of a federal court.

(D) A license issued pursuant to subparagraph (A) or (B) of paragraph (1) is valid for any period of time not to exceed four years from the date of the license if the license is issued to a custodial officer who is an employee of the sheriff as provided in Section 831.5, except that the license shall be invalid upon the conclusion of the person's employment pursuant to Section 831.5 if the four-year period has not otherwise expired or any other condition imposed pursuant to this section does not limit the validity of the license to a shorter time period.

(3) For purposes of this subdivision, a city or county may be considered an applicant's ''principal place of employment or business'' only if the applicant is physically present in the jurisdiction during a substantial part of his or her working hours for purposes of that employment or business.

(b) A license may include any reasonable restrictions or conditions which the issuing authority deems warranted, including restrictions as to the time, place, manner, and circumstances under which the person may carry a pistol, revolver, or other firearm capable of being concealed upon the person.

(c) Any restrictions imposed pursuant to subdivision (b) shall be indicated on any license issued.

(d) A license shall not be issued if the Department of Justice determines that the person is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(e) (1) The license shall be revoked by the local licensing authority if at any time either the local licensing authority is notified by the Department of Justice that a licensee is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, or the local licensing authority determines that the person is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(2) If at any time the Department of Justice determines that a licensee is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, the department shall immediately notify the local licensing authority of the determination.

(3) If the local licensing authority revokes the license, the Department of Justice shall be notified of the revocation pursuant to Section 12053. The licensee shall also be immediately notified of the revocation in writing.

(f) (1) A person issued a license pursuant to this section may apply to the licensing authority for an amendment to the license to do one or more of the following:

(A) Add or delete authority to carry a particular pistol, revolver, or other firearm capable of being concealed upon the person.

(B) Authorize the licensee to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person.

(C) If the population of the county is less than 200,000 persons according to the most recent federal decennial census, authorize the licensee to carry loaded and exposed in that county a pistol, revolver, or other firearm capable of being concealed upon the person.

(D) Change any restrictions or conditions on the license, including restrictions as to the time, place, manner, and circumstances under which the person may carry a pistol, revolver, or other firearm capable of being concealed upon the person.

(2) When the licensee changes his or her address, the license shall be amended to reflect the new address and a new license shall be issued pursuant to paragraph (3).

(3) If the licensing authority amends the license, a new license shall be issued to the licensee reflecting the amendments.

(4) (A) The licensee shall notify the licensing authority in writing within 10 days of any change in the licensee's place of residence.

(B) If the license is one to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person, then it may not be revoked solely because the licensee changes his or her place of residence to another county if the licensee has not breached any conditions or restrictions set forth in the license or has not fallen into a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code. However, any license issued pursuant to subparagraph (A) or (B) of paragraph (1) of subdivision (a) shall expire 90 days after the licensee moves from the county of issuance if the licensee's place of residence was the basis for issuance of the license.

(C) If the license is one to carry loaded and exposed a pistol, revolver, or other firearm capable of being concealed upon the person, the license shall be revoked immediately if the licensee changes his or her place of residence to another county.

(5) An amendment to the license does not extend the original expiration date of the license and the license shall be subject to renewal at the same time as if the license had not been amended.

(6) An application to amend a license does not constitute an application for renewal of the license.

(g) Nothing in this article shall preclude the chief or other head of a municipal police department of any city from entering an agreement with the sheriff of the county in which the city is located for the sheriff to process all applications for licenses, renewals of licenses, and amendments to licenses, pursuant to this article.

CHAPTER 124

An act to amend Section 87610.1 of the Education Code, relating to community college employees.

[Approved by Governor July 8, 2000. Filed with Secretary of State July 10, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 87610.1 of the Education Code is amended to read:

87610.1. (a) In those districts where tenure evaluation procedures are collectively bargained pursuant to Section 3543 of the Government Code, the faculty's exclusive representative shall consult with the academic senate prior to engaging in collective bargaining on these procedures.

(b) Allegations that the community college district, in a decision to grant tenure, made a negative decision that to a reasonable person was unreasonable, or violated, misinterpreted, or misapplied, any of its policies and procedures concerning the evaluation of probationary employees shall be classified and procedurally addressed as grievances. Allegations that the community college district in a decision to reappoint a probationary employee violated, misinterpreted, or misapplied any of its policies and procedures concerning the evaluation of probationary employees shall be classified and procedurally addressed as grievances. If there is no contractual grievance procedure resulting in arbitration, these allegations shall proceed to hearing in accordance with Section 87740.

''Arbitration,'' as used in this section, refers to advisory arbitration, as well as final and binding arbitration.

(c) Any grievance brought pursuant to subdivision (b) may be filed by an employee on his or her behalf, or by the exclusive bargaining representative on behalf of an employee or a group of employees in accordance with Chapter 10.7 (commencing with Section 3540) of

Division 4 of Title 1 of the Government Code. The exclusive representative shall have no duty of fair representation with respect to taking any of these grievances to arbitration, and the employee shall be entitled to pursue a matter to arbitration with or without the representation by the exclusive representative. However, if a case proceeds to arbitration without representation by the exclusive representative, the resulting decision shall not be considered a precedent for purposes of interpreting tenure procedures and policies, or the collective bargaining agreement, but instead shall affect only the result in that particular case. When arbitrations are not initiated by the exclusive representative, the district shall require the employee submitting the grievance to file with the arbitrator or another appropriate party designated in the collective bargaining agreement, adequate security to pay the employee's share of the cost of arbitration.

(d) The arbitrator shall be without power to grant tenure, except for failure to give notice on or before March 15 pursuant to subdivision (b) of Section 87610. The arbitrator may issue an appropriate make-whole remedy, which may include, but need not be limited to, backpay and benefits, reemployment in a probationary position, and reconsideration. Procedures for reconsideration of decisions not to grant tenure shall be agreed to by the governing board and the exclusive representative of faculty pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

(e) Any employees who are primarily engaged in faculty or other bargaining unit duties, who perform ''supervisory'' or ''management'' duties incidental to their performance of primary professional duties shall not be deemed supervisory or managerial employees as those terms are defined in Section 3540.1 of the Government Code, because of those duties. These duties include, but are not limited to, serving on hiring, selection, promotion, evaluation, budget development, and affirmative action committees, and making effective recommendations in connection with these activities. These employees whose duties are substantially similar to those of their fellow bargaining unit members shall not be considered supervisory or management employees.

CHAPTER 125

An act to amend Section 1366 of the Civil Code, relating to homeowner association assessments.

[Approved by Governor July 8, 2000. Filed with Secretary of State July 10, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1366 of the Civil Code is amended to read:

1366. (a) Except as provided in this section, the association shall levy regular and special assessments sufficient to perform its obligations under the governing documents and this title. However, annual increases in regular assessments for any fiscal year, as authorized by subdivision (b), shall not be imposed unless the board has complied with subdivision (a) of Section 1365 with respect to that fiscal year, or has obtained the approval of owners, constituting a quorum, casting a majority of the votes at a meeting or election of the association conducted in accordance with Chapter 5 (commencing with Section 7510) of Part 3 of Division 2 of Title 1 of the Corporations Code and Section 7613 of the Corporations Code. For the purposes of this section, ''quorum'' means more than 50 percent of the owners of an association.

(b) Notwithstanding more restrictive limitations placed on the board by the governing documents, the board of directors may not impose a regular assessment that is more than 20 percent greater than the regular assessment for the association's preceding fiscal year or impose special assessments which in the aggregate exceed 5 percent of the budgeted gross expenses of the association for that fiscal year without the approval of owners, constituting a quorum, casting a majority of the votes at a meeting or election of the association conducted in accordance with Chapter 5 (commencing with Section 7510) of Part 3 of Division 2 of Title 1 of the Corporations Code and Section 7613 of the Corporations Code. For the purposes of this section, quorum means more than 50 percent of the owners of an association. This section does not limit assessment increases necessary for emergency situations. For purposes of this section, an emergency situation is any one of the following:

(1) An extraordinary expense required by an order of a court.

(2) An extraordinary expense necessary to repair or maintain the common interest development or any part of it for which the association is responsible where a threat to personal safety on the property is discovered.

(3) An extraordinary expense necessary to repair or maintain the common interest development or any part of it for which the association is responsible that could not have been reasonably foreseen by the board in preparing and distributing the pro forma operating budget under Section 1365. However, prior to the imposition or collection of an assessment under this subdivision, the board shall pass a resolution containing written findings as to the necessity of the extraordinary expense involved and why the expense was not or could not have been reasonably foreseen in the budgeting process, and the resolution shall be distributed to the members with the notice of assessment.

(c) Regular assessments imposed or collected to perform the obligations of an association under the governing documents or this title shall be exempt from execution by a judgment creditor of the association only to the extent necessary for the association to perform essential services, such as paying for utilities and insurance. In determining the appropriateness of an exemption, a court shall ensure that only essential services are protected under this subdivision.

This exemption shall not apply to any consensual pledges, liens, or encumbrances that have been approved by the owners of an association, constituting a quorum, casting a majority of the votes at a meeting or election of the association, or to any state tax lien, or to any lien for labor or materials supplied to the common area.

(d) The association shall provide notice by first-class mail to the owners of the separate interests of any increase in the regular or special assessments of the association, not less than 30 nor more than 60 days prior to the increased assessment becoming due.

(e) Regular and special assessments levied pursuant to the governing documents are delinquent 15 days after they become due. If an assessment is delinquent the association may recover all of the following:

(1) Reasonable costs incurred in collecting the delinquent assessment, including reasonable attorney's fees.

(2) A late charge not exceeding 10 percent of the delinquent assessment or ten dollars ($10), whichever is greater, unless the declaration specifies a late charge in a smaller amount, in which case any late charge imposed shall not exceed the amount specified in the declaration.

(3) Interest on all sums imposed in accordance with this section, including the delinquent assessment, reasonable costs of collection, and late charges, at an annual percentage rate not to exceed 12 percent interest, commencing 30 days after the assessment becomes due.

(f) Associations are hereby exempted from interest-rate limitations imposed by Article XV of the California Constitution, subject to the limitations of this section.

CHAPTER 126

An act to amend Section 9203 of the Public Contract Code, relating to public contracts.

[Approved by Governor July 8, 2000. Filed with Secretary of State July 10, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 9203 of the Public Contract Code is amended to read:

9203. (a) Payment on any contract with a local agency for the creation, construction, alteration, repair, or improvement of any public structure, building, road, or other improvement, of any kind which will exceed in cost a total of five thousand dollars ($5,000), shall be made as the legislative body prescribes upon estimates approved by the legislative body, but progress payments shall not be made in excess of 95 percent of the percentage of actual work completed plus a like percentage of the value of material delivered on the ground or stored subject to, or under the control of, the local agency, and unused. The local agency shall withhold not less than 5 percent of the contract price until final completion and acceptance of the project. However, at any time after 50 percent of the work has been completed, if the legislative body finds that satisfactory progress is being made, it may make any of the remaining progress payments in full for actual work completed.

(b) Notwithstanding the dollar limit specified in subdivision (a), a county water authority shall be subject to a twenty-five thousand dollar ($25,000) limit for purposes of subdivision (a).

CHAPTER 127

An act to amend Sections 215, 631, 1730, 1734, 1735, and 1742 of the Code of Civil Procedure, to amend Section 14038 of the Corporations Code, to amend Section 17070.70 of the Education Code, to amend Sections 12012.85, 12439, 16429.30, and 53661 of, to amend and add Section 15202 to, to add Section 19134 to, to add Chapter 1.4 (commencing with Section 15363.70) to Part 6.7 of Division 3 of Title 2 of, to add and repeal Section 13968.7 of, and to repeal Sections 16429.34, 16429.36, 16429.38, 16429.40, and 16429.49 of, the Government Code, to amend Sections 51451 and 51452 of the Health and Safety Code, to amend Section 2675.5 of, and to add Sections 3099.5 and 7929.5 to, the Labor Code, to add Section 531 to the Military and Veterans Code, to add Sections 3006 and 5024 to the Penal Code, to add Section 10299 to the Public Contract Code, to add Section 355.1 to the Public Utilities Code, and to add Section 140.3 to the Streets and Highways Code, relating to state government, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 8, 2000. Filed with
Secretary of State July 10, 2000.]

I am signing Assembly Bill No. 2866; however, I am concerned about several provisions contained in this measure.

First, I am deleting Section 10 of this measure, because it contains an appropriation. This section would authorize the Board of Control to enter into an interagency agreement with the University of California, San Francisco, to establish a victims of crime recovery center, as a pilot project until June 30, 2004, at San Francisco General Hospital; and to establish supplemental mental health rates for eligible victims. By providing for new and expanded uses of a continuously appropriated fund, Section 10 of this bill would make an appropriation.

Consistent with my strong support for victims' rights, I sustained a total of $525,000 in the 2000 Budget Act for one-time start-up costs for the victims of crime recovery center. However, I am concerned Section 10 would fund services that are normally not reimbursed and at rates that are twice the current level. The enhanced mental health reimbursement rates, funded by the Restitution Fund, which is continuously appropriated to the Board of Control, could set a potentially costly precedent that could ultimately have a negative impact on the Restitution Fund and the ability to fund services to victims on a statewide basis.

I am also deleting Section 36 to conform with this action.

Second, I am concerned about provisions included in this measure that would require an assessment of rail transportation in California and recommendations for projects. While I do not object to assessing the potential for greater connectivity of the passenger rail system with other passenger travel modes, improved public safety, and mitigating congestion on rail corridors providing passenger service, I am concerned with the bill's implication that the State should propose projects to support private freight rail capital needs.

While I recognize that movement of goods has a strong tie to the state's ability to support commerce, I also recognize that private, for-profit companies that operate freight railroads are substantially capable of funding their own capital and operating needs. I am directing the Department of Transportation to limit its rail recommendations to those which are the proper subject of state funding, prioritizing them in context of the state's other pressing transportation needs. Furthermore, I would support legislation directing the University of California to conduct the private rail assessment.

In contrast to the sweeping request for project recommendations in this bill, the Traffic Congestion Relief Plan I proposed contains funding for priority freight rail-related capital projects which will relieve congestion on highways and streets. Funds proposed for the publicly-owned North Coast Rail Authority will restore service thereby reducing the burden on Route 101. Funds proposed for an eastern extension of the Alameda Corridor project are based on the expectation that the freight rail company that participates in the Alameda Corridor project will contribute substantial funding, commensurate with the benefits it will obtain, while government funding is used substantially to reduce the conflicts between rail operations and street and highway traffic.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 215 of the Code of Civil Procedure is amended to read:

215. (a) Beginning July 1, 2000, the fee for jurors in the superior and municipal courts, in civil and criminal cases, is fifteen dollars ($15) a day for each day's attendance as a juror after the first day.

(b) Unless a higher rate of mileage is otherwise provided by statute or by county or city and county ordinance, jurors in the superior and municipal courts shall be reimbursed for mileage at the rate of fifteen cents ($0.15) per mile for each mile actually traveled in attending court as a juror, in going only.

SEC. 2. Section 631 of the Code of Civil Procedure is amended to read:

631. (a) Trial by jury may be waived by the several parties to an issue of fact in any of the following ways:

(1) By failing to appear at the trial.

(2) By written consent filed with the clerk or judge.

(3) By oral consent, in open court, entered in the minutes or docket.

(4) By failing to announce that a jury is required, at the time the cause is first set for trial, if it is set upon notice or stipulation, or within five days after notice of setting if it is set without notice or stipulation.

(5) By failing to deposit with the clerk, or judge, advance jury fees 25 days prior to the date set for trial, except in unlawful detainer actions where the fees shall be deposited at least five days prior to the date set for trial, or as provided by subdivision (b). An advance jury fee deposited pursuant to this paragraph may not exceed a total of one hundred fifty dollars ($150).

(6) By failing to deposit with the clerk or judge, promptly after the impanelment of the jury, a sum equal to the mileage or transportation (if allowed by law) of the jury accrued up to that time.

(7) By failing to deposit with the clerk or judge, at the beginning of the second and each succeeding day's session a sum equal to one day's fees of the jury, and the mileage or transportation, if any.

(b) In a superior court action, other than a limited civil case, if a jury is demanded by either party in the memorandum to set the cause for trial and the party, prior to trial, by announcement or by operation of law, waives a trial by jury, then all adverse parties shall have five days following the receipt of notice of the waiver to file and serve a demand for a trial by jury and to deposit any advance jury fees that are then due.

(c) When the party who has demanded trial by jury either (1) waives the trial upon or after the assignment for trial to a specific department of the court, or upon or after the commencement of the trial, or (2) fails to deposit the fees as provided in paragraph (6) of subdivision (a), trial by jury shall be waived by the other party by either failing promptly to demand trial by jury before the judge in whose department the waiver, other than for the failure to deposit the fees, was made, or by failing promptly to deposit the fees described in paragraph (6) of subdivision (a).

(d) The court may, in its discretion upon just terms, allow a trial by jury although there may have been a waiver of a trial by jury.

SEC. 3. Section 1730 of the Code of Civil Procedure is amended to read:

1730. (a) The Judicial Council shall establish pilot programs in four superior courts to assess the benefits of early mediation of civil cases. In two of these pilot program courts, the court shall have the authority to make mandatory referrals to mediation, pursuant to this title.

(b) The Judicial Council shall select the courts to participate in the pilot program.

(c) In addition to the pilot programs established under subdivision (a), the Judicial Council shall establish a pilot program in the Los Angeles Superior Court in 10 departments handling civil cases. These departments shall have the authority to make mandatory referrals to mediation, pursuant to this title. The court shall be responsible for paying the mediator's fees, to the extent provided in Section 1735.

SEC. 4. Section 1734 of the Code of Civil Procedure is amended to read:

1734. (a) Notwithstanding Section 68616 of the Government Code or any other provision of law, in cases subject to this title, the court may hold a status conference not earlier than 90 days and not later than 150 days after the filing of the complaint. However, at or before the conference, any party may request that the status conference be continued on the grounds that the party has been unable to serve an essential party to the proceeding.

(b) At this status conference, the court shall confer with the parties about alternative dispute resolution processes and, in Los Angeles Superior Court and the other two pilot program courts authorized to make mandatory referrals to mediation, the court may refer the parties to mediation in accordance with this title, if the court, in its discretion, determines there is good cause for ordering mediation. Before making a referral, the court shall consider the willingness of the parties to mediate.

SEC. 5. Section 1735 of the Code of Civil Procedure is amended to read:

1735. (a) Each pilot program court authorized to make mandatory referrals to mediation pursuant to this title shall establish a panel of mediators.

(b) In cases referred to mediation pursuant to this title, the parties shall select the mediator. The mediator selected by the parties need not be from the court's panel of mediators. If the parties do not select a mediator within the time period specified in the rules adopted by the Judicial Council, a mediator shall be selected by the court from the court's panel of mediators. If a mediator from the court's panel is not available to mediate a case referred pursuant to this subdivision in a timely manner, this title shall not apply.

(c) If the mediator is not from the court's panel, the court may approve compensation for the fees for that mediator's services from court funds pursuant to subdivision (d). Otherwise, the parties shall be responsible for paying any fees for the mediator's services, and each party to the proceeding shall share equally in the fee of the mediator, except where the parties agree otherwise. If the mediator is from the court's panel of mediators, the parties shall not be required to pay a fee for the mediator's services.

(d) The Judicial Council shall adopt rules to implement this section, including rules establishing requirements for the panels of mediators, the procedures to be followed in selecting a mediator, and the compensation of mediators who conduct mediations pursuant to this title.

SEC. 6. Section 1742 of the Code of Civil Procedure is amended to read:

1742. On or before January 1, 2003, the Judicial Council shall submit a report to the Legislature and to the Governor concerning the pilot programs conducted pursuant to this title. The report shall examine, among other things, the settlement rate, the timing of settlement, the litigants' satisfaction with the dispute resolution process and the costs to the litigants and the courts. The report shall also include a comparison of court ordered mediation, as provided in Section 1730, to voluntary mediation in Los Angeles County. The Judicial Council shall, by rule, require that each pilot program court provide the Judicial Council with the data that will enable the Judicial Council to submit the report required by this section.

SEC. 6.5. Section 14038 of the Corporations Code is amended to read:

14038. (a) The funds in the loan account shall be paid out to a small business development corporation loan guarantee fund by the Treasurer on warrants drawn by the Controller and requisitioned by the office, pursuant to the purposes of this chapter. The office may transfer funds allocated to the corporate fund to accounts, established solely to receive the funds, in lending institutions designated by that corporation. The lending institutions so designated shall be approved by the state for the receipt of state deposits. Interest earned on the accounts in lending institutions may be utilized by the corporations pursuant to the purposes of this chapter.

(b) Except as specified in subdivision (c), the office shall reallocate and transfer money to corporate trust accounts based on performance-based criteria. The criteria shall include, but not be limited to, the following:

(3) The number and amount of loans made by a corporation if state funds were used to make those loans.

(4) The number and amount of surety bonds guaranteed by a corporation.

Any decision made by the office pursuant to this subdivision may be appealed to the board within 15 days of notice of the proposed action. The board may repeal or modify any reallocation and transfer decisions made by the office.

SEC. 7. Section 17070.70 of the Education Code is amended to read:

(b) The applicant school district shall comply with all laws pertaining to the construction, reconstruction, or alteration of, or addition to, school buildings.

(c) Notwithstanding Section 17009.5, construction or modernization funds made available pursuant to this chapter may be expended upon property that is leased to the applicant school district only if the project qualified for and received approval by the board, prior to November 4, 1998, pursuant to Article 4 (commencing with Section 17055), of Chapter 12.

These moneys shall be available for appropriation by the Legislature for the following purposes:

(a) Grants, including any administrative costs, for programs designed to address gambling addiction.

(b) Grants, including any administrative costs, for the support of state and local government agencies impacted by tribal government gaming.

(c) Compensation for regulatory costs incurred by the State Gaming Agency and the Department of Justice in connection with the implementation and administration of tribal-state gaming compacts.

(d) Disbursements for the purpose of implementing the terms of tribal labor relations ordinances promulgated in accordance with the terms of tribal-state gaming compacts ratified pursuant to Chapter 874 of the Statutes of 1999. No more than 10 percent of the funds appropriated in the Budget Act of 2000 for implementation of tribal labor relations ordinances promulgated in accordance with those compacts shall be expended in the selection of the Tribal Labor Panel. The Department of Personnel Administration shall consult with and seek input from the parties prior to any expenditure for purposes of selecting the Tribal Labor Panel. Other than the cost of selecting the Tribal Labor Panel, there shall be no further disbursements until the Tribal Labor Panel, which is selected by mutual agreement of the parties, is in place.

(e) Any other purpose specified by law.

SEC. 9. Section 12439 of the Government Code is amended to read:

12439. (a) Beginning July 1, 2001, and on each July 1 thereafter, the Controller shall abolish any state position that was vacant continuously for six consecutive monthly pay periods during the period between July 1 and June 30 of the preceding fiscal year. Those positions that were continuously vacant for six consecutive monthly pay periods during a fiscal year because of a hiring freeze in effect during part or all of the period shall also be abolished unless the need for continuing these positions is provided in written notice to, and approval is granted by, the Director of Finance.

(b) If late enactment of the annual Budget Act contributes to the abolishment of any proposed new position or positions, or if significant recruitment problems for hard-to-fill classifications, as determined by the Department of Finance, contribute to the abolishment of positions, a state agency may submit a written request for reestablishment of the positions to the Director of Finance. The positions may be reestablished upon approval granted by the Director of Finance.

(c) The only exceptions to this abolishment are those positions exempt from civil service or those instructional and instruction-related positions authorized for the California State University. No money appropriated by the subsequent Budget Act shall be used to pay the salary of any otherwise authorized state position that is abolished pursuant to this section.

(d) The Controller, no later than the following August 1 of each succeeding fiscal year, shall notify the Department of Finance in writing of any authorized state position that was vacant continuously during that period.

(e) The Controller, no later than the following December 1 of each succeeding fiscal year, shall furnish the Joint Legislative Budget Committee a report on all positions as of July 1 that were unfilled

continuously for six consecutive monthly pay periods during the period between July 1 and June 30 of the preceding fiscal year.

SEC. 10. Section 13968.7 is added to the Government Code, to read:

13968.7. (a) The State Board of Control may enter into an interagency agreement with the University of California, San Francisco to establish a victims of crime recovery center at the San Francisco General Hospital to demonstrate the effectiveness of providing comprehensive and integrated services to victims of crime, subject to this article and conditions set forth by the State Board of Control. Notwithstanding subdivision (j) of Section 13965, the board may establish supplemental mental health rates for eligible victims under this article through the victims of crime recovery center. The interagency agreement between the board and the university shall set forth performance measures to evaluate annually the effectiveness of the victims of crime recovery center in providing treatment.

(b) This section shall not apply to the University of California unless the Regents of the University of California, by appropriate resolution, make this section applicable.

(c) This section shall become inoperative on June 30, 2004, and as of January 1, 2005, is repealed, unless a later enacted statute that is enacted before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 11. Section 15202 of the Government Code is amended to read:

15202. A county which is responsible for the cost of a trial or trials or any hearing of a person for the offense of homicide may apply to the Controller for reimbursement of the costs incurred by the county in excess of the amount of money derived by the county from a tax of 0.0125 of 1 percent of the full value of property assessed for purposes of taxation within the county.

The Controller shall not reimburse any county for costs that exceed the State Board of Control's standards for travel and per diem expenses. The Controller may reimburse extraordinary costs in unusual cases if the county provides sufficient justification of the need for these expenditures. Nothing in this section shall permit the reimbursement of costs for travel in excess of 1,000 miles on any single round trip, without the prior approval of the Attorney General.

This section shall become operative on January 1, 2005.

SEC. 12. Section 15202 is added to the Government Code, to read:

15202. (a) A county with a population of 300,000 or less, at the time of the 1980 decennial census, that is responsible for the cost of a trial or trials or any hearing of a person for the offense of homicide may apply to the Controller for reimbursement of 90 percent of the costs incurred by the county for each homicide trial or hearing, without regard

to fiscal years, in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent of the full value of property assessed for purposes of taxation within the county.

(b) (1) A county with a population of 200,000 or less, as of January 1, 1990, that is responsible for the cost of two or more trials or hearings within a fiscal year of a person or persons for the offense of homicide may apply to the Controller for reimbursement of 90 percent of the costs incurred in a fiscal year by the county for the conduct of the first trial within a fiscal year, and 85 percent of the costs incurred in a fiscal year by the county for the conduct of any and all subsequent trials or hearings in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent of the full value of property assessed for purposes of taxation within the county.

(2) A county with a population of 200,000 or less, as of January 1, 1990, that, within a fiscal year, is reimbursed for costs incurred by the county for the conduct of only one trial or hearing pursuant to subdivision (a) shall be reimbursed for that one trial or hearing in subsequent fiscal years for costs incurred in those subsequent fiscal years without again being required to expend county funds equal to 0.00625 of 1 percent of the full value of property assessed for purposes of taxation within the county, so long as all reimbursements to the county under this paragraph are for only that one trial or hearing.

For purposes of this subdivision, in determining the costs of a homicide trial, trials, hearing, or hearings, the costs shall include, all pretrial, trial, and posttrial costs incurred in connection with the investigation, prosecution, and defense of a homicide case or cases within a fiscal year, including, but not limited to, the costs incurred by the district attorney, sheriff, public defender, and witnesses, that were reasonably required by the court and participants in the case or cases, and other extraordinary costs associated with the investigation in homicide cases.

(c) A county with a population exceeding 300,000 at the time of the 1980 decennial census that is responsible for the cost of a trial or trials or any hearing of a person for the offense of homicide may apply to the Controller for reimbursement of 80 percent of the costs incurred by the county in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent, and not in excess of the amount of money derived from a tax of 0.0125 of 1 percent, and for reimbursement of 100 percent of the costs incurred in excess of the amount of money derived from a tax of 0.0125 percent, of the full value of property assessed for purposes of taxation within the county.

(d) A county that is eligible for reimbursement under subdivision (a), (b), or (c) shall be reimbursed for the total actual costs incurred for a homicide trial in excess of the amount of money derived by the county

from a tax of 0.0125 of 1 percent of the full value of property assessed for purposes of taxation within the county, when the cost of a trial, as defined in subdivision (a), (b), or (c), exceeds 0.0125 of 1 percent of the full value of property assessed for purposes of taxation within the county.

(e) The Controller shall not reimburse any county for costs that exceed the standards for travel and per diem expenses set forth in Sections 700 to 715, inclusive, and Section 718 of Title 2 of the California Code of Regulations. The Controller may reimburse extraordinary costs in unusual cases if the county provides sufficient justification of the need for these expenditures. Nothing in this section shall permit the reimbursement of costs for travel in excess of 1,000 miles on any single round trip, without the prior approval of the Attorney General.

(f) The Legislature recognizes that the conduct of trials for persons accused of homicide should not be hampered or delayed because of a lack of funds available to the counties for that purpose. While this section is intended to provide an equitable basis for determining the allocation to the state of the costs of homicide trials in any particular county, the rising costs of those trials necessitate an objective study to assure reasonable financial restraints and incentives for cost effectiveness that do not place an unreasonable burden on the treasury of the smaller counties.

(g) This section shall remain operative only until January 1, 2005, and as of that date is repealed.

SEC. 13. Chapter 1.4 (commencing with Section 15363.70) is added to Part 6.7 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 1.4. FILM CALIFORNIA FIRST PROGRAM

15363.70. This chapter shall be known and may be cited as the Film California First Program.

15363.71. (a) The Legislature finds and declares as follows:

(1) The entertainment industry is one of California's leading industries in terms of employment and tax revenue.

(2) While film, television, and commercial production in California has expanded over the years, other states and countries actively compete for California production business. It is generally acknowledged that certain segments of the industry, mainly film and television production, are especially hard hit in California. The Legislature finds that this is due to assertive efforts of other states and countries, offering various incentives for filming outside of California. As a result of increased marketing efforts by other states and countries, unemployment in certain

film industry sectors and a reduction of film business has occurred within California.

(3) Recognizing the vital role the entertainment industry plays in California's economy, legislation enacted in 1985 created the California Film Commission within the Trade and Commerce Agency to facilitate, retain, and attract filming in California.

(4) In order to stop the decline of California film production, it is necessary and appropriate to assist in the underwriting of actual costs incurred by production companies to film in California and to provide opportunities for production companies and other film industry companies to lease property owned by the State of California at below market rates.

(5) Providing the funds designated under this program, and leasing property owned by the State of California at below market rates is in the public interest and serves a public purpose, and providing incentives to production companies and other film industry companies will promote the prosperity, health, safety, and welfare of the citizens of the State of California.

(b) It is the intent of the Legislature that funding for the program be provided from the General Fund through the annual Budget Act in the amount of fifteen million dollars ($15,000,000) per year for three years, commencing with the 2000–01 fiscal year.

15363.72. For purposes of this chapter, the following meanings shall apply:

(a) ''Agency'' means the Trade and Commerce Agency, which includes the California Film Commission.

(b) ''Film'' means any commercial production for motion picture, television, commercial, or still photography.

(c) ''Film costs'' means the usual and customary charges by a public agency connected with the production of a film, in any of the following categories:

(1) State employee costs.

(2) Federal employee costs.

(3) Federal, state, University of California, and California State University permits and rental costs.

(4) Local public entity employee costs for fire services and nonpolice public safety.

(d) ''Fund'' means the Film California First Fund, established pursuant to Section 15363.74.

(e) ''Production company'' means a company, partnership, or corporation, engaged in the production of film.

(f) ''Program'' means the Film California First Program established pursuant to this chapter.

(g) ''Public agency'' means any of the following:

(1) The State of California, and any of its agencies, departments, boards, or commissions.

(2) The federal government, and any of its agencies, departments, boards, or commissions.

(3) The University of California.

(4) The California State University.

(5) Local public entities.

(6) Any nonprofit corporation acting as an agent for the recovery of costs incurred by any of the entities listed in this subdivision.

15363.73. (a) The agency may pay and reimburse the film costs incurred by a public agency, subject to audit. Payment may be made either directly to the public agency or to the production company that has paid the public agency costs. The agency shall only reimburse actual costs incurred and may not reimburse for duplicative costs. All requests for payment of film costs shall be accompanied by an invoice from the public entity for the agency's review, at its discretion.

(b) Notwithstanding any other provision of law, the Controller shall pay any program invoice received from the agency that contains documentation detailing the film costs, and if the party requesting payment or reimbursement is a public agency, a certification that the invoice is not duplicative cost recovery, and an agreement by the public agency that the agency may audit the public agency for invoice compliance with the program requirements.

(c) Not more than three hundred thousand dollars ($300,000) shall be expended to pay or reimburse costs incurred on any one film.

15363.74. (a) The Film California First Fund is hereby established in the State Treasury.

(b) The following moneys shall be paid into the fund:

(1) Any moneys appropriated and made available by the Legislature for the purposes of this chapter.

(2) Any other moneys that may be made available to the agency for the purpose of this chapter from any other source, including the return from investments of moneys by the Treasurer.

15363.75. Procedures and guidelines promulgated to clarify and make specific provisions of the program established pursuant to this chapter, or of any other film assistance program within the agency, shall be exempt from the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 for a period of 36 months after the effective date of this chapter. Following the 36-month exemption, the agency may adopt regulations concerning the implementation of this chapter as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1. The adoption of these regulations is an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare within the meaning of

subdivision (b) of Section 11346.1. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall not remain in effect for more than 180 days unless the agency complies with all provisions of Chapter 3.5 (commencing with Section 11340) of Part 1, as required by subdivision (e) of Section 11346.1.

SEC. 14. Section 16429.30 of the Government Code is amended to read:

16429.30. The California Unitary Fund is hereby abolished. Any assets or liability of that fund is transferred to the General Fund. On and after January 1, 2001, all money that would have been deposited in the fund pursuant to any provision of law shall instead be deposited in the General Fund.

SEC. 15. Section 16429.34 of the Government Code is repealed.

SEC. 16. Section 16429.36 of the Government Code is repealed.

SEC. 17. Section 16429.38 of the Government Code is repealed.

SEC. 18. Section 16429.40 of the Government Code is repealed.

SEC. 19. Section 16429.49 of the Government Code is repealed.

SEC. 20. Section 19134 is added to the Government Code, to read:

19134. (a) Personal services contracts entered into by a state agency in accordance with subdivision (a) of Section 19130 for persons providing janitorial and housekeeping services, custodians, food service workers, laundry workers, window cleaners, and security guard services shall include provisions for employee benefits that are valued at least 85 percent of the state employer cost of comparable benefits provided to state employees for performing similar duties.

(b) For purposes of this section, ''benefits'' includes ''health, dental, vision, and similar group insurance benefits.''

(c) The Department of Personnel Administration shall determine annually the state employer benefit costs for workers covered under subdivision (a).

(d) This section applies to all contracts exceeding 90 days.

SEC. 21. Section 53661 of the Government Code is amended to read:

53661. (a) The Commissioner of Financial Institutions shall act as Administrator of Local Agency Security and shall be responsible for the administration of Sections 53638, 53651, 53651.2, 53651.4, 53651.6, 53652, 53654, 53655, 53656, 53657, 53658, 53659, 53660, 53661, 53663, 53664, 53665, 53666, and 53667.

(b) The administrator shall have the powers necessary or convenient to administer and enforce the sections specified in subdivision (a).

(c) (1) The administrator shall issue regulations consistent with law as the administrator may deem necessary or advisable in executing the powers, duties, and responsibilities assigned by this article. The regulations may include regulations prescribing standards for the

valuation, marketability, and liquidity of the eligible securities of the class described in subdivision (m) of Section 53651, regulations prescribing procedures and documentation for adding, withdrawing, substituting, and holding pooled securities, and regulations prescribing the form, content, and execution of any application, report, or other document called for in any of the sections specified in subdivision (a) or in any regulation or order issued under any of those sections.

(2) The administrator, for good cause, may waive any provision of any regulation adopted pursuant to paragraph (1) or any order issued under this article, where the provision is not necessary in the public interest.

(d) The administrator may enter into any contracts or agreements as may be necessary, including joint underwriting agreements, to sell or liquidate eligible securities securing local agency deposits in the event of the failure of the depository or if the depository fails to pay all or part of the deposits of a local agency.

(e) The administrator shall require from every depository a report certified by the agent of depository listing all securities, and the market value thereof, which are securing local agency deposits together with the total deposits then secured by the pool, to determine whether there is compliance with Section 53652. These reports may be required whenever deemed necessary by the administrator, but shall be required at least four times each year at the times designated by the Comptroller of the Currency for reports from national banking associations. These reports shall be filed in the office of the administrator by the depository within 20 business days of the date the administrator calls for the report.

(f) The administrator may have access to reports of examination made by the Comptroller of the Currency insofar as the reports relate to national banking association trust department activities which are subject to this article.

(g) (1) The administrator shall require the immediate substitution of an eligible security, where the substitution is necessary for compliance with Section 53652, if (i) the administrator determines that a security listed in Section 53651 is not qualified to secure public deposits, or (ii) a treasurer, who has deposits secured by the securities pool, provides written notice to the administrator and the administrator confirms that a security in the pool is not qualified to secure public deposits.

(2) The failure of a depository to substitute securities, where the administrator has required the substitution, shall be reported by the administrator promptly to those treasurers having money on deposit in that depository and, in addition, shall be reported as follows:

(A) When that depository is a national bank, to the Comptroller of the Currency of the United States.

(B) When that depository is a state bank, to the Commissioner of Financial Institutions.

(C) When that depository is a federal association, to the Office of Thrift Supervision.

(D) When that depository is a savings association, to the Commissioner of Financial Institutions.

(E) When that depository is a federal credit union, to the National Credit Union Administration.

(F) When that depository is a state credit union or a federally insured industrial loan company, to the Commissioner of Financial Institutions.

(h) The administrator may require from each treasurer a registration report and at appropriate times a report stating the amount and location of each deposit together with other information deemed necessary by the administrator for effective operation of this article. The facts recited in any report from a treasurer to the administrator are conclusively presumed to be true for the single purpose of the administrator fulfilling responsibilities assigned to him or her by this article and for no other purpose.

(i) (1) If, after notice and opportunity for hearing, the administrator finds that any depository or agent of depository has violated or is violating, or that there is reasonable cause to believe that any depository or agent of depository is about to violate, any of the sections specified in subdivision (a) or any regulation or order issued under any of those sections, the administrator may order the depository or agent of depository to cease and desist from the violation or may by order suspend or revoke the authorization of the agent of depository. The order may require the depository or agent of depository to take affirmative action to correct any condition resulting from the violation.

(2) (A) If the administrator makes any of the findings set forth in paragraph (1) with respect to any depository or agent of depository and, in addition, finds that the violation or the continuation of the violation is likely to seriously prejudice the interests of treasurers, the administrator may order the depository or agent of depository to cease and desist from the violation or may suspend or revoke the authorization of the agent of depository. The order may require the depository or agent of depository to take affirmative action to correct any condition resulting from the violation.

(B) Within five business days after an order is issued under subparagraph (A), the depository or agent of depository may file with the administrator an application for a hearing on the order. The administrator shall schedule a hearing at least 30 days, but not more than 40 days, after receipt of an application for a hearing or within a shorter or longer period of time agreed to by a depository or an agent of depository. If the administrator fails to schedule the hearing within the specified or agreed

to time period, the order shall be deemed rescinded. Within 30 days after the hearing, the administrator shall affirm, modify, or rescind the order; otherwise, the order shall be deemed rescinded. The right of a depository or agent of depository to which an order is issued under subparagraph (A) to petition for judicial review of the order shall not be affected by the failure of the depository or agent of depository to apply to the administrator for a hearing on the order pursuant to this subparagraph.

(3) Whenever the administrator issues a cease and desist order under paragraph (1) or (2), the administrator may in the order restrict the right of the depository to withdraw securities from a security pool; and, in that event, both the depository to which the order is directed and the agent of depository which holds the security pool shall comply with the restriction.

(4) In case the administrator issues an order under paragraph (1) or (2) suspending or revoking the authorization of an agent of depository, the administrator may order the agent of depository at its own expense to transfer all pooled securities held by it to such agent of depository as the administrator may designate in the order. The agent of depository designated in the order shall accept and hold the pooled securities in accordance with this article and regulations and orders issued under this article.

(j) In the discretion of the administrator, whenever it appears to the administrator that any person has violated or is violating, or that there is reasonable cause to believe that any person is about to violate, any of the sections specified in subdivision (a) or any regulation or order issued thereunder, the administrator may bring an action in the name of the people of the State of California in the superior court to enjoin the violation or to enforce compliance with those sections or any regulation or order issued thereunder. Upon a proper showing a permanent or preliminary injunction, restraining order, or writ of mandate shall be granted, and the court may not require the administrator to post a bond.

(3) Likelihood that the person shall be able to obtain employment after the date of parole.

SEC. 29. Section 5024 is added to the Penal Code, to read:

5024. (a) The Legislature finds and declares that:

(1) State costs for purchasing drugs and medical supplies for the health care of offenders in state custody have grown rapidly in recent years and will amount to almost seventy-five million dollars ($75,000,000) annually in the 1999–2000 fiscal year.

(2) The Bureau of State Audits found in a January 2000 audit report that the state could save millions of dollars annually by improving its current processes for the procurement of drugs for inmate health care and by pursuing alternative procurement methods.

(3) It is the intent of the Legislature that the Department of Corrections, in cooperation with the Department of General Services and other appropriate state agencies, take prompt action to adopt cost-effective reforms in its drug and medical supply procurement processes by establishing a program to obtain rebates from drug manufacturers, implementing alternative contracting and procurement reforms, or by some combination of these steps.

(b) (1) The Director of the Department of Corrections, pursuant to the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, may adopt regulations requiring manufacturers of drugs to pay the department a rebate for the purchase of drugs for offenders in state custody that is at least equal to the rebate that would be applicable to the drug under Section 1927(c) of the federal Social Security Act (42 U.S.C. Sec. 1396r-8(c)). Any such regulation shall, at a minimum, specify the procedures for notifying drug manufacturers of the rebate requirements and for collecting rebate payments.

(2) If a rebate program is implemented, the director shall develop, maintain, and update as necessary a list of drugs to be provided under the rebate program, and establish a rate structure for reimbursement of each drug included in the rebate program. Rates shall not be less than the actual cost of the drug. However, the director may purchase a listed drug directly from the manufacturer and negotiate the most favorable bulk price for that drug. In order to minimize state administrative costs and maximize state benefits for the rebate program, the director may establish a program that focuses upon obtaining rebates for those drugs that it determines are purchased by the department in relatively large volumes.

(3) If a rebate program is implemented, the department shall submit an invoice, not less than two times per year, to each manufacturer for the amount of the rebate required by this subdivision. Drugs may be removed from the list for failure to pay the rebate required by this

subdivision, unless the department determines that purchase of the drug is a medical necessity or that purchase of the drug is necessary to comply with a court order to ensure the appropriate provision of quality health care to offenders in state custody.

(4) In order to minimize state administrative costs and maximize state benefits for such a rebate program, if one is implemented, the Department of Corrections may enter into interagency agreements with the Department of General Services, the State Department of Health Services, the State Department of Mental Health, or the State Department of Developmental Services, the University of California, another appropriate state department, or with more than one of those entities, for joint participation in a rebate program, collection and monitoring of necessary drug price and rebate data, the billing of manufacturers for rebates, the resolution of any disputes over rebates, and any other services necessary for the cost-effective operation of the rebate program.

(5) The Department of Corrections, separately or in cooperation with other state agencies, may contract for the services of a pharmaceutical benefits manager for any services necessary for the cost-effective operation of the rebate program, if one is implemented, or for other services to improve the contracting and procurement of drugs and medical supplies for inmate health care.

(c) Nothing in this section shall prohibit the department, as an alternative to or in addition to establishing a rebate program for drugs for inmate health care, from implementing, in cooperation with the Department of General Services and other appropriate state agencies, other cost-effective strategies for procurement of drugs and medical supplies for offenders in state custody, including, but not limited to:

(1) Improvements in the existing statewide master agreement procedures for purchasing contract and noncontract drugs at a discount from drug manufacturers.

(2) Participation by offenders in state custody infected with human immunodeficiency virus (HIV), the etiologic agent of acquired immune deficiency syndrome (AIDS), in the AIDS Drug Assistance Program.

(3) Membership in the Minnesota Multistate Contracting Alliance for Pharmacy (MMCAP) or other cooperative purchasing arrangements with other governmental entities.

(4) Greater centralization or standardization of procurement of drugs and medical supplies among individual prisons in the Department of Corrections prison system.

(d) The Bureau of State Audits shall report to the Legislature and the Governor by January 10, 2002, its findings in regard to:

(1) An evaluation of the trends in state costs for the procurement of drugs and medical supplies for offenders in state custody, and an assessment of the major factors affecting those trends.

(2) A summary of the steps taken by the Department of Corrections, the Department of General Services, and other appropriate state agencies to implement this section.

(3) An evaluation of the compliance by these state agencies with the findings and recommendations of the January 2000 Bureau of State Audits report for reform of procurement of drugs and medical supplies for offenders in state custody.

(4) Any further recommendations of the Bureau of State Audits for reform of state drug procurement practices, policies, or statutes.

State agencies and local agencies may contract with suppliers awarded the contracts without further competitive bidding.

(b) The director may make the services of the department available, upon the terms and conditions agreed upon, to any school district empowered to expend public funds. These school districts may, without further competitive bidding, utilize contracts, master agreements, multiple award schedules, cooperative agreements, or other types of agreements established by the department for use by school districts for the acquisition of information technology, goods, and services. The state shall incur no financial responsibility in connection with the contracting of local agencies under this section.

The people of the State of California do enact as follows:

SECTION 1. Section 651 of the Business and Professions Code is amended to read:

651. (a) It is unlawful for any person licensed under this division or under any initiative act referred to in this division to disseminate or cause to be disseminated any form of public communication containing a false, fraudulent, misleading, or deceptive statement, claim, or image for the purpose of or likely to induce, directly or indirectly, the rendering of professional services or furnishing of products in connection with the professional practice or business for which he or she is licensed. A ''public communication'' as used in this section includes, but is not limited to, communication by means of mail, television, radio, motion picture, newspaper, book, list or directory of healing arts practitioners, Internet, or other electronic communication.

(b) A false, fraudulent, misleading, or deceptive statement, claim, or image includes a statement or claim that does any of the following:

(1) Contains a misrepresentation of fact.

(2) Is likely to mislead or deceive because of a failure to disclose material facts.

(3) (A) Is intended or is likely to create false or unjustified expectations of favorable results, including the use of any photograph or other image that does not accurately depict the results of the procedure being advertised or that has been altered in any manner from the image of the actual subject depicted in the photograph or image.

(B) Use of any photograph or other image of a model without clearly stating in a prominent location in easily readable type the fact that the photograph or image is of a model is a violation of subdivision (a). For purposes of this paragraph, a model is anyone other than an actual patient, who has undergone the procedure being advertised, of the licensee who is advertising for his or her services.

(C) Use of any photograph or other image of an actual patient that depicts or purports to depict the results of any procedure, or presents ''before'' and ''after'' views of a patient, without specifying in a prominent location in easily readable type size what procedures were performed on that patient is a violation of subdivision (a). Any ''before'' and ''after'' views (i) shall be comparable in presentation so that the results are not distorted by favorable poses, lighting, or other features of presentation, and (ii) shall contain a statement that the same ''before'' and ''after'' results may not occur for all patients.

(4) Relates to fees, other than a standard consultation fee or a range of fees for specific types of services, without fully and specifically disclosing all variables and other material factors.

(5) Contains other representations or implications that in reasonable probability will cause an ordinarily prudent person to misunderstand or be deceived.

(6) Makes a claim either of professional superiority or of performing services in a superior manner, unless that claim is relevant to the service being performed and can be substantiated with objective scientific evidence.

(7) Makes a scientific claim that cannot be substantiated by reliable, peer reviewed, published scientific studies.

(8) Includes any statement, endorsement, or testimonial that is likely to mislead or deceive because of a failure to disclose material facts.

(c) Any price advertisement shall be exact, without the use of phrases, including, but not limited to, ''as low as,'' ''and up,'' ''lowest prices,'' or words or phrases of similar import. Any advertisement that refers to services, or costs for services, and that uses words of comparison shall be based on verifiable data substantiating the comparison. Any person so advertising shall be prepared to provide information sufficient to establish the accuracy of that comparison. Price advertising shall not be fraudulent, deceitful, or misleading, including statements or advertisements of bait, discount, premiums, gifts, or any statements of a similar nature. In connection with price advertising, the price for each product or service shall be clearly identifiable. The price advertised for products shall include charges for any related professional services, including dispensing and fitting services, unless the advertisement specifically and clearly indicates otherwise.

(d) Any person so licensed shall not compensate or give anything of value to a representative of the press, radio, television, or other communication medium in anticipation of, or in return for, professional publicity unless the fact of compensation is made known in that publicity.

(e) Any person so licensed may not use any professional card, professional announcement card, office sign, letterhead, telephone

directory listing, medical list, medical directory listing, or a similar professional notice or device if it includes a statement or claim that is false, fraudulent, misleading, or deceptive within the meaning of subdivision (b).

(f) Any person so licensed who violates this section is guilty of a misdemeanor. A bona fide mistake of fact shall be a defense to this subdivision, but only to this subdivision.

(g) Any violation of this section by a person so licensed shall constitute good cause for revocation or suspension of his or her license or other disciplinary action.

(h) Advertising by any person so licensed may include the following:

(1) A statement of the name of the practitioner.

(2) A statement of addresses and telephone numbers of the offices maintained by the practitioner.

A doctor of podiatric medicine licensed under Chapter 5 (commencing with Section 2000) by the Medical Board of California who is certified by a board or association referred to in clause (i), (ii), or (iii) shall not use the term ''board certified'' unless the full name of the certifying board is also used and given comparable prominence with the term ''board certified'' in the statement. (i) Each of the healing arts boards and examining committees within Division 2 shall adopt appropriate regulations to enforce this section in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

Each of the healing arts boards and committees and examining committees within Division 2 shall, by regulation, define those efficacious services to be advertised by businesses or professions under their jurisdiction for the purpose of determining whether advertisements are false or misleading. Until a definition for that service has been issued, no advertisement for that service shall be disseminated. However, if a definition of a service has not been issued by a board or committee within 120 days of receipt of a request from a licensee, all those holding the license may advertise the service. Those boards and committees shall adopt or modify regulations defining what services may be advertised, the manner in which defined services may be advertised, and restricting advertising that would promote the inappropriate or excessive use of health services or commodities. A board or committee shall not, by regulation, unreasonably prevent truthful, nondeceptive price or otherwise lawful forms of advertising of services or commodities, by either outright prohibition or imposition of onerous disclosure requirements. However, any member of a board or committee acting in good faith in the adoption or enforcement of any regulation shall be deemed to be acting as an agent of the state.

(j) The Attorney General shall commence legal proceedings in the appropriate forum to enjoin advertisements disseminated or about to be disseminated in violation of this section and seek other appropriate relief to enforce this section. Notwithstanding any other provision of law, the costs of enforcing this section to the respective licensing boards or committees may be awarded against any licensee found to be in violation of any provision of this section. This shall not diminish the power of district attorneys, county counsels, or city attorneys pursuant to existing law to seek appropriate relief.

A health care practitioner in a practice or an office, whose license is prominently displayed, may opt to not wear a name tag. If a health care practitioner or a licensed clinical social worker is working in a psychiatric setting or in a setting that is not licensed by the state, the employing entity or agency shall have the discretion to make an exception from the name tag requirement for individual safety or therapeutic concerns. In the interest of public safety and consumer awareness, it shall be unlawful for any person to use the title ''nurse'' in reference to himself or herself and in any capacity, except for an individual who is a registered nurse or a licensed vocational nurse, or as otherwise provided in Section 2800. Nothing in this section shall prohibit a certified nurse assistant from using his or her title.

This section does not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the Public Utilities Code. For the purposes of this subdivision, the term ''recurring obligation'' means all amounts of principal and interest on the loan, or rents, subject to the deed of trust or mortgage in default due after the notice of default is recorded; all amounts of principal and interest or rents advanced on senior liens or leaseholds which are advanced after the recordation of the notice of default; and payments of taxes, assessments, and hazard insurance advanced after recordation of the notice of default. Where the beneficiary or mortgagee has made no advances on defaults which would constitute recurring obligations, the beneficiary or mortgagee may require the trustor or mortgagor to provide reliable written evidence that the amounts have been paid prior to reinstatement.

(2) If the trustor, mortgagor, or other person authorized to cure the default pursuant to this subdivision does cure the default, the beneficiary or mortgagee or the agent for the beneficiary or mortgagee shall, within 21 days following the reinstatement, execute and deliver to the trustee a notice of rescission which rescinds the declaration of default and demand for sale and advises the trustee of the date of reinstatement. The trustee shall cause the notice of rescission to be recorded within 30 days of receipt of the notice of rescission and of all allowable fees and costs.

No charge, except for the recording fee, shall be made against the trustor or mortgagor for the execution and recordation of the notice which rescinds the declaration of default and demand for sale.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

While your property is in foreclosure, you still must pay other obligations (such as insurance and taxes) required by your note and deed of trust or mortgage. If you fail to make future payments on the loan, pay taxes on the property, provide insurance on the property, or pay other obligations as required in the note and deed of trust or mortgage, the beneficiary or mortgagee may insist that you do so in order to reinstate your account in good standing. In addition, the beneficiary or mortgagee may require as a condition to reinstatement that you provide reliable written evidence that you paid all senior liens, property taxes, and hazard insurance premiums.

Upon your written request, the beneficiary or mortgagee will give you a written itemization of the entire amount you must pay. You may not have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay all amounts in default at the time payment is made. However, you and your beneficiary or mortgagee may mutually agree in writing prior to the time the notice of sale is posted (which may not be earlier than the end of the three-month period stated above) to, among other things, (1) provide additional time in which to cure the default by transfer of the property or otherwise; or (2) establish a schedule of payments in order to cure your default; or both (1) and (2).

Following the expiration of the time period referred to in the first paragraph of this notice, unless the obligation being foreclosed upon or a separate written agreement between you and your creditor permits a

longer period, you have only the legal right to stop the sale of your property by paying the entire amount demanded by your creditor.

To find out the amount you must pay, or to arrange for payment to stop the foreclosure, or if your property is in foreclosure for any other reason, contact:

Unless otherwise specified, the notice, if printed, shall appear in at least 12-point boldface type.

Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where the charge does not exceed the amounts authorized herein. For purposes of this subdivision, the unpaid principal sum secured shall be determined as of the date the notice of default is recorded.

In the event the sale does not take place on the date set forth in the initial recorded notice of sale or a subsequent recorded notice of sale is required to be given, the right of reinstatement shall be revived as of the date of recordation of the subsequent notice of sale, and shall continue from that date until five business days prior to the date of sale set forth in the subsequently recorded notice of sale.

In the event the date of sale is postponed on the date of sale set forth in either an initial or any subsequent notice of sale, or is postponed on the date declared for sale at an immediately preceding postponement of sale, and, the postponement is for a period which exceeds five business days from the date set forth in the notice of sale, or declared at the time of postponement, then the right of reinstatement is revived as of the date of postponement and shall continue from that date until five business days prior to the date of sale declared at the time of the postponement.

Nothing contained herein shall give rise to a right of reinstatement during the period of five business days prior to the date of sale, whether the date of sale is noticed in a notice of sale or declared at a postponement of sale.

Pursuant to the terms of this subdivision, no beneficiary, trustee, mortgagee, or their agents or successors shall be liable in any manner to a trustor, mortgagor, their agents or successors or any beneficiary under a subordinate deed of trust or mortgage or any other person having a subordinate lien or encumbrance of record thereon for the failure to allow a reinstatement of the obligation secured by a deed of trust or mortgage during the period of five business days prior to the sale of the security property, and no such right of reinstatement during this period is created by this section. Any right of reinstatement created by this section is terminated five business days prior to the date of sale set forth in the initial date of sale, and is revived only as prescribed herein and only as of the date set forth herein.

As used in this subdivision, the term ''business day'' has the same meaning as specified in Section 9.

SEC. 14. Section 131.4 of the Code of Civil Procedure is amended to read:

131.4. Any of the duties of the probation officer may be performed by a deputy probation officer and shall be performed by him or her whenever detailed to perform the same by the probation officer; and it shall be the duty of the probation officer to see that the deputy probation officer performs his or her duties.

Such probation officer and each deputy probation officer shall have, as to the person so committed to the care of such probation officer or deputy probation officer, the powers of a peace officer.

The probation officers and deputy probation officers shall serve as such probation officers in all courts having original jurisdiction of criminal actions in this state.

SEC. 15. Section 703.140 of the Code of Civil Procedure is amended to read:

703.140. (a) In a case under Title 11 of the United States Code, all of the exemptions provided by this chapter, including the homestead exemption, other than the provisions of subdivision (b) are applicable

regardless of whether there is a money judgment against the debtor or whether a money judgment is being enforced by execution sale or any other procedure, but the exemptions provided by subdivision (b) may be elected in lieu of all other exemptions provided by this chapter, as follows:

(1) If a husband and wife are joined in the petition, they jointly may elect to utilize the applicable exemption provisions of this chapter other than the provisions of subdivision (b), or to utilize the applicable exemptions set forth in subdivision (b), but not both.

(2) If the petition is filed individually, and not jointly, for a husband or a wife, the exemptions provided by this chapter other than the provisions of subdivision (b) are applicable, except that, if both the husband and the wife effectively waive in writing the right to claim, during the period the case commenced by filing the petition is pending, the exemptions provided by the applicable exemption provisions of this chapter, other than subdivision (b), in any case commenced by filing a petition for either of them under Title 11 of the United States Code, then they may elect to instead utilize the applicable exemptions set forth in subdivision (b).

(3) If the petition is filed for an unmarried person, that person may elect to utilize the applicable exemption provisions of this chapter other than subdivision (b), or to utilize the applicable exemptions set forth in subdivision (b), but not both.

(b) The following exemptions may be elected as provided in subdivision (a):

(1) The debtor's aggregate interest, not to exceed fifteen thousand dollars ($15,000) in value, in real property or personal property that the debtor or a dependent of the debtor uses as a residence, in a cooperative that owns property that the debtor or a dependent of the debtor uses as a residence, or in a burial plot for the debtor or a dependent of the debtor.

(2) The debtor's interest, not to exceed two thousand four hundred dollars ($2,400) in value, in one motor vehicle.

(3) The debtor's interest, not to exceed four hundred dollars ($400) in value in any particular item, in household furnishings, household goods, wearing apparel, appliances, books, animals, crops, or musical instruments, that are held primarily for the personal, family, or household use of the debtor or a dependent of the debtor.

(4) The debtor's aggregate interest, not to exceed one thousand dollars ($1,000) in value, in jewelry held primarily for the personal, family, or household use of the debtor or a dependent of the debtor.

(6) The debtor's aggregate interest, not to exceed one thousand five hundred dollars ($1,500) in value, in any implements, professional books, or tools of the trade of the debtor or the trade of a dependent of the debtor.

(7) Any unmatured life insurance contract owned by the debtor, other than a credit life insurance contract.

(8) The debtor's aggregate interest, not to exceed in value eight thousand dollars ($8,000), in any accrued dividend or interest under, or loan value of, any unmatured life insurance contract owned by the debtor under which the insured is the debtor or an individual of whom the debtor is a dependent.

(9) Professionally prescribed health aids for the debtor or a dependent of the debtor.

(10) The debtor's right to receive any of the following:

(A) A social security benefit, unemployment compensation, or a local public assistance benefit.

(B) A veterans' benefit.

(C) A disability, illness, or unemployment benefit.

(D) Alimony, support, or separate maintenance, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

(E) A payment under a stock bonus, pension, profit-sharing, annuity, or similar plan or contract on account of illness, disability, death, age, or length of service, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor, unless all of the following apply:

(i) That plan or contract was established by or under the auspices of an insider that employed the debtor at the time the debtor's rights under the plan or contract arose.

(ii) The payment is on account of age or length of service.

(iii) That plan or contract does not qualify under Section 401(a), 403(a), 403(b), 408, or 408A of the Internal Revenue Code of 1986.

(11) The debtor's right to receive, or property that is traceable to, any of the following:

(A) An award under a crime victim's reparation law.

(C) A payment under a life insurance contract that insured the life of an individual of whom the debtor was a dependent on the date of that individual's death, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

(D) A payment, not to exceed fifteen thousand dollars ($15,000), on account of personal bodily injury, not including pain and suffering or

compensation for actual pecuniary loss, of the debtor or an individual of whom the debtor is a dependent.

(E) A payment in compensation of loss of future earnings of the debtor or an individual of whom the debtor is or was a dependent, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

SEC. 16. Section 704.115 of the Code of Civil Procedure is amended to read:

704.115. (a) As used in this section, ''private retirement plan'' means:

(1) Private retirement plans, including, but not limited to, union retirement plans.

(2) Profit-sharing plans designed and used for retirement purposes.

(3) Self-employed retirement plans and individual retirement annuities or accounts provided for in the Internal Revenue Code of 1986, as amended, including individual retirement accounts qualified under Section 408 or 408A of that code, to the extent the amounts held in the plans, annuities, or accounts do not exceed the maximum amounts exempt from federal income taxation under that code.

(b) All amounts held, controlled, or in process of distribution by a private retirement plan, for the payment of benefits as an annuity, pension, retirement allowance, disability payment, or death benefit from a private retirement plan are exempt.

(c) Notwithstanding subdivision (b), where an amount described in subdivision (b) becomes payable to a person and is sought to be applied to the satisfaction of a judgment for child, family, or spousal support against that person:

(1) Except as provided in paragraph (2), the amount is exempt only to the extent that the court determines under subdivision (c) of Section 703.070.

(2) If the amount sought to be applied to the satisfaction of the judgment is payable periodically, the amount payable is subject to an earnings assignment order for support as defined in Section 706.011 or any other applicable enforcement procedure, but the amount to be withheld pursuant to the assignment order or other procedure shall not exceed the amount permitted to be withheld on an earnings withholding order for support under Section 706.052.

(d) After payment, the amounts described in subdivision (b) and all contributions and interest thereon returned to any member of a private retirement plan are exempt.

(e) Notwithstanding subdivisions (b) and (d), except as provided in subdivision (f), the amounts described in paragraph (3) of subdivision (a) are exempt only to the extent necessary to provide for the support of the judgment debtor when the judgment debtor retires and for the support

of the spouse and dependents of the judgment debtor, taking into account all resources that are likely to be available for the support of the judgment debtor when the judgment debtor retires. In determining the amount to be exempt under this subdivision, the court shall allow the judgment debtor such additional amount as is necessary to pay any federal and state income taxes payable as a result of the applying of an amount described in paragraph (3) of subdivision (a) to the satisfaction of the money judgment.

(f) Where the amounts described in paragraph (3) of subdivision (a) are payable periodically, the amount of the periodic payment that may be applied to the satisfaction of a money judgment is the amount that may be withheld from a like amount of earnings under Chapter 5 (commencing with Section 706.010) (Wage Garnishment Law). To the extent a lump-sum distribution from an individual retirement account is treated differently from a periodic distribution under this subdivision, any lump-sum distribution from an account qualified under Section 408A of the Internal Revenue Code shall be treated the same as a lump-sum distribution from an account qualified under Section 408 of the Internal Revenue Code for purposes of determining whether any of that payment may be applied to the satisfaction of a money judgment.

SEC. 17. Section 1201 of the Commercial Code is amended to read:

1201. The following definitions apply for purposes of this code, subject to additional definitions contained in the subsequent divisions of this code that apply to specific divisions or chapters thereof, and unless the context otherwise requires:

(1) ''Action,'' in the sense of a judicial proceeding, includes recoupment, counterclaim, setoff, suit in equity, and any other proceedings in which rights are determined.

(2) ''Aggrieved party'' means a party entitled to resort to a remedy.

(3) ''Agreement'' means the bargain of the parties in fact as found in their language or by implication from other circumstances, including course of dealing, usage of trade, and course of performance as provided in this code (Sections 1205, 2208, and 10207). Whether an agreement has legal consequences is determined by the provisions of this code, if applicable, and otherwise by the law of contracts (Section 1103). (Compare ''contract.'')

(4) ''Bank'' means any person engaged in the business of banking.

(5) ''Bearer'' means the person in possession of an instrument, document of title, or certificated security payable to bearer or endorsed in blank.

(6) ''Bill of lading'' means a document evidencing the receipt of goods for shipment issued by a person engaged in the business of transporting or forwarding goods, and that, by its terms, evidences the intention of the issuer that the person entitled under the document, as

defined in Section 7403(4), has the right to receive, hold, and dispose of the document and the goods it covers. Designation of a document by the issuer as a ''bill of lading'' is conclusive evidence of that intention. ''Bill of lading'' includes an airbill. ''Airbill'' means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill.

(7) ''Branch'' includes a separately incorporated foreign branch of a bank.

(8) ''Burden of establishing a fact'' means the burden of persuading the triers of fact that the existence of the fact is more probable than its nonexistence.

(9) ''Buyer in ordinary course of business'' means a person that buys goods in good faith, without knowledge that the sale violates the rights of another person in the goods, and in the ordinary course from a person, other than a pawnbroker, in the business of selling goods of that kind. A person buys goods in the ordinary course if the sale to the person comports with the usual or customary practices in the kind of business in which the seller is engaged or with the seller's own usual or customary practices. A person that sells oil, gas, or other minerals at the wellhead or minehead is a person in the business of selling goods of that kind. A buyer in the ordinary course of business may buy for cash, by exchange of other property, or on secured or unsecured credit, and may acquire goods or documents of title under a preexisting contract for sale. Only a buyer that takes possession of the goods or has a right to recover the goods from the seller under Division 2 (commencing with Section 2101) may be a buyer in ordinary course of business. A person that acquires goods in a transfer in bulk or as security for or in total or partial satisfaction of a money debt is not a buyer in ordinary course of business.

(10) ''Conspicuous.'' A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NONNEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is ''conspicuous'' if it is in larger or other contrasting type or color, except that in a telegram any stated term is ''conspicuous.'' Whether a term or clause is ''conspicuous'' or not is for decision by the court.

(11) ''Contract'' means the total legal obligation that results from the parties' agreement as affected by this code and any other applicable rules of law. (Compare ''agreement.'')

(12) ''Creditor'' includes a general creditor, a secured creditor, a lien creditor, and any representative of creditors, including an assignee for the benefit of creditors, a trustee in bankruptcy, a receiver in equity, and an executor or administrator of an insolvent debtor's or assignor's estate.

(13) ''Defendant'' includes a person in the position of defendant in a cross-action or counterclaim.

(14) ''Delivery,'' with respect to instruments, documents of title, chattel paper, or certificated securities, means the voluntary transfer of possession.

(15) ''Document of title'' includes a bill of lading, dock warrant, dock receipt, warehouse receipt, gin ticket, or compress receipt, and any other document that, in the regular course of business or financing, is treated as adequately evidencing that the person entitled under the document, as defined in Section 7403(4), has the right to receive, hold, and dispose of the document and the goods it covers. To be a document of title, a document shall purport to be issued by a bailee and purport to cover goods in the bailee's possession that either are identified as or are fungible portions of an identified mass.

(16) ''Fault'' means a wrongful act, omission, or breach.

(17) ''Fungible,'' with respect to goods or securities, means goods or securities of which any unit is, by nature or usage of trade, the equivalent of any other like unit. Goods that are not fungible shall be deemed fungible for the purposes of this code to the extent that, under a particular agreement or document, unlike units are treated as equivalents.

(18) ''Genuine'' means free of forgery or counterfeiting.

(19) ''Good faith'' means honesty in fact in the conduct or transaction concerned.

(20) ''Holder,'' with respect to a negotiable instrument, means the person in possession if the instrument is payable to bearer or, in the case of an instrument payable to an identified person, if the identified person is in possession. ''Holder,'' with respect to a document of title, means the person in possession if the goods are deliverable to bearer or to the order of the person in possession.

(21) To ''honor'' is to pay or to accept and pay or, where a credit so engages, to purchase or discount a draft complying with the terms of the credit.

(22) ''Insolvency proceedings'' includes any assignment for the benefit of creditors or other proceedings intended to liquidate or rehabilitate the estate of the person involved.

(23) A person is ''insolvent'' who either has ceased to pay his or her debts in the ordinary course of business, cannot pay his or her debts as they become due, or is insolvent within the meaning of the federal bankruptcy law.

(24) ''Money'' means a medium of exchange authorized or adopted by a domestic or foreign government and includes a monetary unit of account established by an intergovernmental organization or by agreement between two or more nations.

(25) A person has ''notice'' of a fact when any of the following occurs:

(a) He or she has actual knowledge of it.

(b) He or she has received a notice or notification of it.

(c) From all the facts and circumstances known to him or her at the time in question, he or she has reason to know that it exists. A person ''knows'' or has ''knowledge'' of a fact when he or she has actual knowledge of it. ''Discover'' or ''learn,'' or a word or phrase of similar import, refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this code.

(26) A person ''notifies'' or ''gives'' a notice or notification to another by taking those steps that may be reasonably required to inform the other in ordinary course whether or not the other actually comes to know of it. A person ''receives'' a notice or notification when any of the following occurs:

(a) It comes to his or her attention.

(b) It is duly delivered at the place of business through which the contract was made or at any other place held out by him or her as the place for receipt of these communications.

(27) Notice, knowledge, or a notice or notification received by an organization is effective for a particular transaction from the time it is brought to the attention of the individual conducting that transaction and, in any event, from the time it would have been brought to his or her attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless the communication is part of his or her regular duties, or unless he or she has reason to know of the transaction and that the transaction would be materially affected by the information.

(28) ''Organization'' includes a corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, two or more persons having a joint or common interest, or any other legal or commercial entity.

(29) ''Party,'' as distinct from ''third party,'' means a person who has engaged in a transaction or made an agreement within this division.

(30) ''Person'' includes an individual or an organization. (See Section 1102.)

(31) ''Purchase'' includes taking by sale, discount, negotiation, mortgage, pledge, lien, security interest, issue or reissue, gift, or any other voluntary transaction creating an interest in property.

(32) ''Purchaser'' means a person who takes by purchase.

(33) ''Remedy'' means any remedial right to which an aggrieved party is entitled with or without resort to a tribunal.

(34) ''Representative'' includes an agent, an officer of a corporation or association, a trustee, executor, or administrator of an estate, or any other person empowered to act for another.

(35) ''Rights'' includes remedies.

(36) (a) ''Security interest'' means an interest in personal property or fixtures that secures payment or performance of an obligation. The term also includes any interest of a cosignor and a buyer of accounts, chattel paper, a payment intangible, or a promissory note in a transaction that is subject to Division 9 (commencing with Section 9101). The special property interest of a buyer of goods on identification of those goods to a contract for sale under Section 2401 is not a ''security interest,'' but a buyer may also acquire a ''security interest'' by complying with Division 9 (commencing with Section 9101). Except as otherwise provided in Section 2505, the right of a seller or lessor of goods under Division 2 (commencing with Section 2101) or Division 10 (commencing with Section 10101) to retain or acquire possession of the goods is not a ''security interest,'' but a seller or lessor may also acquire a ''security interest'' by complying with Division 9 (commencing with Section 9101). The retention or reservation of title by a seller of goods notwithstanding shipment or delivery to the buyer (Section 2401) is limited in effect to a reservation of a ''security interest.''

(b) Whether a transaction creates a lease or security interest is determined by the facts of each case. However, a transaction creates a security interest if the consideration the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease not subject to termination by the lessee, and any of the following conditions applies:

(i) The original term of the lease is equal to or greater than the remaining economic life of the goods.

(ii) The lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods.

(iii) The lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement.

(iv) The lessee has an option to become the owner of the goods for no additional consideration or nominal additional consideration upon compliance with the lease agreement.

(c) A transaction does not create a security interest merely because it provides one or more of the following:

(i) That the present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or greater than the fair market value of the goods at the time the lease is entered into.

(ii) That the lessee assumes the risk of loss of the goods, or agrees to pay the taxes, insurance, filing, recording, or registration fees, or service or maintenance costs with respect to the goods.

(iii) That the lessee has an option to renew the lease or to become the owner of the goods.

(iv) That the lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market rent for the use of the goods for the term of the renewal at the time the option is to be performed.

(v) That the lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.

(vi) In the case of a motor vehicle, as defined in Section 415 of the Vehicle Code, or a trailer, as defined in Section 630 of that code, that is not to be used primarily for personal, family, or household purposes, that the amount of rental payments may be increased or decreased by reference to the amount realized by the lessor upon sale or disposition of the vehicle or trailer. Nothing in this subparagraph affects the application or administration of the Sales and Use Tax Law (Part 1 (commencing with Section 6001), Division 2, Revenue and Taxation Code).

(d) For purposes of this subdivision (36), all of the following apply:

(i) Additional consideration is not nominal if (A) when the option to renew the lease is granted to the lessee, the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed, or (B) when the option to become the owner of the goods is granted to the lessee, the price is stated to be the fair market value of the goods determined at the time the option is to be performed. Additional consideration is nominal if it is less than the lessee's reasonably predictable cost of performing under the lease agreement if the option is not exercised.

(ii) ''Reasonably predictable'' and ''remaining economic life of the goods'' are to be determined with reference to the facts and circumstances at the time the transaction is entered into.

(iii) ''Present value'' means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate is not manifestly unreasonable at the time the transaction is entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(37) ''Send,'' in connection with any writing or notice, means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and

properly addressed and, in the case of an instrument, to an address specified thereon or otherwise agreed or, if there is none, to any address reasonable under the circumstances. The receipt of any writing or notice within the time in which it would have arrived if properly sent has the effect of a proper sending. When a writing or notice is required to be sent by registered or certified mail, proof of mailing is sufficient, and proof of receipt by the addressee is not required unless the words ''with return receipt requested'' are also used.

(38) ''Signed'' includes any symbol executed or adopted by a party with present intention to authenticate a writing.

(39) ''Surety'' includes guarantor.

(40) ''Telegram'' includes a message transmitted by radio, teletype, cable, any mechanical method of transmission, or the like.

(41) ''Term'' means that portion of an agreement that relates to a particular matter.

(42) ''Unauthorized'' signature means one made without actual, implied, or apparent authority, and includes a forgery.

(43) ''Value.'' Except as otherwise provided with respect to negotiable instruments and bank collections (Sections 3303, 4210, and 4211), a person gives ''value'' for rights if he or she acquires them in any of the following ways:

(a) In return for a binding commitment to extend credit or for the extension of immediately available credit whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection.

(b) As security for, or in total or partial satisfaction of, a preexisting claim.

(c) By accepting delivery pursuant to a preexisting contract for purchase.

(d) Generally, in return for any consideration sufficient to support a simple contract.

(44) ''Warehouse receipt'' means a document evidencing the receipt of goods for storage issued by a warehouseman (Section 7102), and that, by its terms, evidences the intention of the issuer that the person entitled under the document, as defined in Section 7403(4), has the right to receive, hold, and dispose of the document and the goods it covers. Designation of a document by the issuer as a ''warehouse receipt'' is conclusive evidence of that intention.

(45) ''Written'' or ''writing'' includes printing, typewriting, or any other intentional reduction to tangible form.

SEC. 18. Section 2210 of the Commercial Code is amended to read:

2210. (1) A party may perform his or her duty through a delegate unless otherwise agreed or unless the other party has a substantial interest in having his or her original promisor perform or control the acts

required by the contract. No delegation of performance relieves the party delegating of any duty to perform or any liability for breach.

(2) Except as otherwise provided in Section 9406, unless otherwise agreed, all rights of either seller or buyer can be assigned except where the assignment would materially change the duty of the other party, or increase materially the burden or risk imposed on him or her by his or her contract, or impair materially his or her chance of obtaining return performance. A right to damages for breach of the whole contract or a right arising out of the assignor's due performance of his or her entire obligation can be assigned despite agreement otherwise.

(3) The creation, attachment, perfection, or enforcement of a security interest in the seller's interest under a contract is not a transfer that materially changes the duty of, or increases materially the burden or risk imposed on, the buyer or impairs materially the buyer's chance of obtaining return performance within the purview of subdivision (2) unless, and then only to the extent that, enforcement actually results in a delegation of material performance of the seller. Even in that event, the creation, attachment, perfection, and enforcement of the security interest remain effective, but (A) the seller is liable to the buyer for damages caused by the delegation to the extent that the damages could not reasonably be prevented by the buyer, and (B) a court having jurisdiction may grant other appropriate relief, including cancellation of the contract for sale or an injunction against enforcement of the security interest or consummation of the enforcement.

(4) Unless the circumstances indicate the contrary, a prohibition of assignment of ''the contract'' is to be construed as barring only the delegation to the assignee of the assignor's performance.

(5) An assignment of ''the contract'' or of ''all my rights under the contract'' or an assignment in similar general terms is an assignment of rights and, unless the language or the circumstances (as in an assignment for security) indicate the contrary, it is a delegation of performance of the duties of the assignor, and its acceptance by the assignee constitutes a promise by him or her to perform those duties. This promise is enforceable by either the assignor or the other party to the original contract.

(6) The other party may treat any assignment which delegates performance as creating reasonable grounds for insecurity and may, without prejudice to his or her rights against the assignor, demand assurances from the assignee (Section 2609).

SEC. 19. Section 2502 of the Commercial Code is amended to read:

2502. (1) Subject to subdivisions (2) and (3), and even though the goods have not been shipped, a buyer who has paid a part or all of the price of goods in which he or she has a special property under the provisions of the immediately preceding section may on making and

keeping good a tender of any unpaid portion of their price recover them from the seller if either:

(a) In the case of goods bought for personal, family, or household purposes, the seller repudiates or fails to deliver as required by the contract.

(b) In all cases, the seller becomes insolvent within 10 days after receipt of the first installment on their price.

(2) The buyer's right to recover the goods under paragraph (a) of subdivision (1) vests upon acquisition of a special property, even if the seller had not then repudiated or failed to deliver.

(3) If the identification creating his or her special property has been made by the buyer, he or she acquires the right to recover the goods only if they conform to the contract for sale.

SEC. 20. Section 9528 of the Commercial Code is amended to read:

9528. Upon the request of any person, the Secretary of State shall issue a combined certificate showing the information as to financing statements as specified in Section 9523, the information as to state tax liens as specified in Section 7226 of the Government Code, the information as to attachment liens as specified in Sections 488.375 and 488.405 of the Code of Civil Procedure, the information as to judgment liens as specified in Section 697.580 of the Code of Civil Procedure, and the information as to federal liens as specified in Section 2103 of the Code of Civil Procedure.

SEC. 21. Section 9706 of the Commercial Code is amended to read:

9706. (a) The filing of an initial financing statement in the office specified in Section 9501 continues the effectiveness of a financing statement filed before July 1, 2001, if all of the following conditions are satisfied:

(1) The filing of an initial financing statement in that office would be effective to perfect a security interest under this division.

(2) The preeffective date financing statement was filed in an office in another state or another office in this state.

(3) The initial financing statement satisfies subdivision (c).

(b) The filing of an initial financing statement under subdivision (a) continues the effectiveness of the preeffective date financing statement for the following periods:

(1) If the initial financing statement is filed before July 1, 2001, for the period provided in former Section 9403 with respect to a financing statement.

(2) If the initial financing statement is filed after July 1, 2001, for the period provided in Section 9515 with respect to an initial financing statement.

(c) To be effective for purposes of subdivision (a), an initial financing statement must do all of the following:

(1) Satisfy the requirements of Chapter 5 (commencing with Section 9501) for an initial financing statement.

(2) Identify the preeffective date financing statement by indicating the office in which the financing statement was filed and providing the dates of filing and file numbers, if any, of the financing statement and of the most recent continuation statement filed with respect to the financing statement.

(3) Indicate that the preeffective date financing statement remains effective.

SEC. 22. Section 5222 of the Corporations Code is amended to read:

Notwithstanding any provision of law to the contrary, any waiver granted by the State Allocation Board to a school district for use of a nonconforming existing private building acquired for conversion for use as a school building, that had not expired prior to January 1, 2000, is hereby extended until January 1, 2001, if the work to make the building a conforming structure commenced prior to January 1, 2000, but had not been completed by that date.

SEC. 33. Section 17620 of the Education Code is amended to read:

17620. (a) (1) The governing board of any school district is authorized to levy a fee, charge, dedication, or other requirement against any construction within the boundaries of the district, for the purpose of funding the construction or reconstruction of school facilities, subject to any limitations set forth in Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7 of the Government Code. This fee, charge, dedication, or other requirement may be applied to construction only as follows:

(A) To new commercial and industrial construction. The chargeable covered and enclosed space of commercial or industrial construction shall not be deemed to include the square footage of any structure existing on the site of that construction as of the date the first building permit is issued for any portion of that construction.

(B) To new residential construction.

(C) (i) Except as otherwise provided in clause (ii), to other residential construction, only if the resulting increase in assessable space exceeds 500 square feet. The calculation of the ''resulting increase in assessable space'' for this purpose shall reflect any decrease in assessable space in the same residential structure that also results from that construction. Where authorized under this paragraph, the fee, charge, dedication, or other requirement is applicable to the total resulting increase in assessable space.

(ii) This subparagraph does not authorize the imposition of a levy, charge, dedication, or other requirement against residential construction, regardless of the resulting increase in assessable space, if that construction qualifies for the exclusion set forth in subdivision (a) of Section 74.3 of the Revenue and Taxation Code.

(D) To location, installation, or occupancy of manufactured homes and mobilehomes, as defined in Section 17625.

(2) For purposes of this section, ''construction'' and ''assessable space'' have the same meaning as defined in Section 65995 of the Government Code.

(3) For purposes of this section and Section 65995, ''construction or reconstruction of school facilities'' does not include any item of expenditure for any of the following:

(A) The regular maintenance or routine repair of school buildings and facilities.

(B) The inspection, sampling, analysis, encapsulation, or removal of asbestos-containing materials, except where incidental to school facilities construction or reconstruction for which the expenditure of fees or other consideration collected pursuant to this section is not prohibited.

(C) The purposes of deferred maintenance described in Section 17582.

(4) The appropriate city or county may be authorized, pursuant to contractual agreement with the governing board, to collect and otherwise administer, on behalf of the school district, any fee, charge, dedication, or other requirement levied under this subdivision. In the event of any agreement authorizing a city or county to collect that fee, charge, dedication, or other requirement in any area within the school district, the certification requirement set forth in subdivision (b) or (c), as appropriate, is deemed to be complied with as to any residential construction within that area upon receipt by that city or county of payment of the fee, charge, dedication, or other requirement imposed on that residential construction.

(5) Fees or other consideration collected pursuant to this section may be expended by a school district for the costs of performing any study or otherwise making the findings and determinations required under

subdivisions (a), (b), and (d) of Section 66001 of the Government Code, or in preparing the school facilities needs analysis described in Section 65995.6 of the Government Code. In addition, an amount not to exceed, in any fiscal year, 3 percent of the fees collected in that fiscal year pursuant to this section may be retained by the school district, city, or county, as appropriate, for reimbursement of the administrative costs incurred by that entity in collecting the fees. When any city or county is entitled, under an agreement as described in paragraph (4), to compensation in excess of that amount, the payment of that excess compensation shall be made from other revenue sources available to the school district. For purposes of this paragraph, ''fees collected in that fiscal year pursuant to this section'' does not include any amount in addition to the amounts specified in paragraphs (1) and (2) of subdivision (b) of Section 65995 of the Government Code.

(b) A city or county, whether general law or chartered, may not issue a building permit for any construction absent certification by the appropriate school district that any fee, charge, dedication, or other requirement levied by the governing board of that school district has been complied with, or of the district's determination that the fee, charge, dedication, or other requirement does not apply to the construction. The school district shall issue the certification immediately upon compliance with the fee, charge, dedication, or other requirement.

(c) If, pursuant to subdivision (c) of Section 17621, the governing board specifies that the fee, charge, dedication, or other requirement levied under subdivision (a) is subject to the restriction set forth in subdivision (a) of Section 66007 of the Government Code, the restriction set forth in subdivision (b) of this section does not apply. In that event, however, a city or county, whether general law or chartered, may not conduct a final inspection or issue a certificate of occupancy, whichever is later, for any residential construction absent certification by the appropriate school district of compliance by that residential construction with any fee, charge, dedication, or other requirement levied by the governing board of that school district pursuant to subdivision (a).

(d) Neither subdivision (b) nor (c) shall apply to a city or county as to any fee, charge, dedication, or other requirement as described in subdivision (a), or as to any increase in that fee, charge, dedication, or other requirement, except upon the receipt by that city or county of notification of the adoption of, or increase in, the fee or other requirement in accordance with subdivision (c) of Section 17621.

either on January 1, 2000, or the first day of the month following receipt by the board of a written application for resumption of benefits, whichever date is later. The amount of the benefits payable shall be calculated as though the benefits had been paid without interruption from the date of remarriage through the benefits resumption effective date.

(b) The board shall be under no requirement to identify, locate, or notify a remarried spouse of a deceased member who previously lost entitlement as a result of remarriage about the resumption of benefits provided in this section. The board shall be under no requirement to provide the name or address or any other information concerning any remarried spouse of a deceased member to any person, agency, or entity for the purpose of notifying those who may be eligible for the resumption of benefits under this section.

(c) Nothing in this section shall be construed to imply or interpreted to mean that the benefits addressed shall be required to be paid retroactively.

SEC. 35. Section 24255 of the Education Code is amended to read:

24255. (a) There is in the State Treasury a trust fund to be known as the Teachers' Replacement Benefits Program Fund. There shall be deposited directly in that fund, and not transferred from the Teachers' Retirement Fund, that portion of employer contributions determined by the board as necessary to fund the replacement benefits program.

(b) Notwithstanding Section 13340 of the Government Code, moneys in the Teachers' Replacement Benefits Program Fund are continuously appropriated without regard to fiscal years to pay benefits to members and beneficiaries of the defined benefit program, and to pay related administrative expenses.

(c) The board may authorize the transfer and disbursement of funds from the Teachers' Replacement Benefits Program Fund for the purpose of carrying into effect this chapter upon the signature of either or both of its chairperson and vice chairperson or the chief executive officer or any employee of the system designated by the chief executive officer.

(d) Disbursements of money from the Teachers' Replacement Benefits Program Fund of whatever nature shall be made upon claims duly audited in the manner prescribed for the disbursement of other public funds except that, notwithstanding the foregoing, disbursements may be made to return funds deposited in the fund in error.

SEC. 36. Section 35012 of the Education Code is amended to read:

35012. (a) Except as otherwise provided, the governing board of a school district shall consist of five members elected at large by the qualified voters of the district. The terms of the members shall, except as otherwise provided, be for four years and staggered so that as nearly

as practicable one-half of the members shall be elected in each odd-numbered year.

(b) A unified school district may have a governing board of seven members in the event the proposal for unification has specified a governing board of seven members. The members of the board shall be elected at large or by trustee areas as designated in the proposal for unification and shall serve four-year terms of office.

(c) Notwithstanding subdivision (a), and except as provided in this subdivision and Section 5018, the governing board of an elementary school district other than a union or joint union elementary school district shall consist of three members selected at large from the territory comprising the district. Whenever, in any such elementary school district the average daily attendance during the preceding fiscal year is 300 or more, the procedures prescribed by Section 5018 shall be undertaken.

(d) There may be submitted to the governing board of a school district maintaining one or more high schools a pupil petition requesting the governing board to appoint one or more nonvoting pupil members to the board pursuant to this section.

There may also be submitted to the governing board of a school district maintaining one or more high schools a pupil petition requesting the governing board to allow preferential voting for the pupil member or members of the board. This request may be made in the original petition for pupil representation on the board or in a separate petition after a pupil member or members have been appointed to the board.

Whether for pupil representation or for preferential voting for the pupil member or members, the petition shall contain the signatures of either (a) not less than 500 pupils regularly enrolled in high schools of the district, or (b) not less than 10 percent of the number of pupils regularly enrolled in high schools of the district, whichever is less.

Upon receipt of a petition for pupil representation, the governing board shall, commencing July 1, 1976, and each year thereafter, order the inclusion within the membership of the governing board, in addition to the number of members otherwise prescribed, at least one nonvoting pupil member. The board may order the inclusion of more than one nonvoting pupil member.

Upon receipt of a petition for preferential voting for the pupil member or members, the governing board shall allow preferential voting for the pupil member or members of the governing board.

Preferential voting, as used in the section, means a formal expression of opinion that is recorded in the minutes and cast prior to the official vote of the governing board. A preferential vote will not serve in determining the final numerical outcome of a vote. No preferential vote will be solicited on matters subject to closed session discussion.

The governing board may adopt a resolution authorizing the nonvoting or preferential voting pupil member or members to make motions that may be acted upon by the governing board, except on matters dealing with employer-employee relations pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code.

Each pupil member shall have the right to attend each and all meetings of the governing board, except executive sessions.

Any pupil selected to serve as a nonvoting or preferential voting member of the governing board shall be enrolled in a high school of the district, may be less than 18 years of age, and shall be chosen by the pupils enrolled in the high school or high schools of the district in accordance with procedures prescribed by the governing board. The term of a pupil member shall be one year commencing on July 1 of each year.

A nonvoting or preferential voting pupil member shall be entitled to the mileage allowance to the same extent as regular members, but is not entitled to the compensation prescribed by Section 35120.

A nonvoting or preferential voting pupil member shall be seated with the members of the governing board and shall be recognized as a full member of the board at the meetings, including receiving all materials presented to the board members and participating in the questioning of witnesses and the discussion of issues.

The nonvoting or preferential voting pupil member shall not be included in determining the vote required to carry any measure before the board.

The nonvoting or preferential voting pupil member shall not be liable for any acts of the governing board.

SEC. 37. Section 35160.5 of the Education Code is amended to read:

35160.5. (a) The governing board of each school district that maintains one or more schools containing any of grades 7 to 12, inclusive, shall, as a condition for the receipt of an inflation adjustment pursuant to Section 42238.1, establish a school district policy regarding participation in extracurricular and cocurricular activities by pupils in grades 7 to 12, inclusive. The criteria, which shall be applied to extracurricular and cocurricular activities, shall ensure that pupil participation is conditioned upon satisfactory educational progress in the previous grading period. Pupils who are eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 are covered by this section consistent with that subdivision. No person shall classify a pupil as eligible for differential standards of proficiency pursuant to subdivision (d) of Section 51215 for the purpose of circumventing the intent of this subdivision.

(1) For purposes of this subdivision, ''extracurricular activity'' means a program that has all of the following characteristics:

(A) The program is supervised or financed by the school district.

(B) Pupils participating in the program represent the school district.

(C) Pupils exercise some degree of freedom in either the selection, planning, or control of the program.

(D) The program includes both preparation for performance and performance before an audience or spectators.

(2) For purposes of this subdivision, an ''extracurricular activity'' is not part of the regular school curriculum, is not graded, does not offer credit, and does not take place during classroom time.

(3) For purposes of this subdivision, a ''cocurricular activity'' is defined as a program that may be associated with the curriculum in a regular classroom.

(4) Any teacher graded or required program or activity for a course that satisfies the entrance requirements for admission to the California State University or the University of California is not an extracurricular or cocurricular activity as defined by this section.

(5) For purposes of this subdivision, ''satisfactory educational progress'' shall include, but not be limited to, the following:

(A) Maintenance of minimum passing grades, which is defined as at least a 2.0 grade point average in all enrolled courses on a 4.0 scale.

(B) Maintenance of minimum progress toward meeting the high school graduation requirements prescribed by the governing board.

(6) For purposes of this subdivision, ''previous grading period'' does not include any grading period in which the pupil was not in attendance for all, or a majority of, the grading period due to absences excused by the school for reasons such as serious illness or injury, approved travel, or work. In that event, ''previous grading period'' is deemed to mean the grading period immediately prior to the grading period or periods excluded pursuant to this paragraph.

(7) A program that has, as its primary goal, the improvement of academic or educational achievements of pupils is not an extracurricular or cocurricular activity as defined by this section.

(8) The governing board of each school district may adopt, as part of its policy established pursuant to this subdivision, provisions that would allow a pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), in the previous grading period to remain eligible to participate in extracurricular and cocurricular activities during a probationary period. The probationary period shall not exceed one semester in length, but may be for a shorter period of time, as determined by the governing board of the school district. A pupil who does not achieve satisfactory educational progress, as defined in paragraph (4), during the probationary period shall not be allowed to

participate in extracurricular and cocurricular activities in the subsequent grading period.

(9) Nothing in this subdivision shall preclude the governing board of a school district from imposing a more stringent academic standard than that imposed by this subdivision. If the governing board of a school district imposes a more stringent academic standard, the governing board shall establish the criteria for participation in extracurricular and cocurricular activities at a meeting open to the public pursuant to Section 35145.

The governing board of each school district shall annually review the school district policies adopted pursuant to the requirements of this section.

(b) (1) On or before July 1, 1994, the governing board of each school district shall, as a condition for the receipt of school apportionments from the state school fund, adopt rules and regulations establishing a policy of open enrollment within the district for residents of the district. This requirement does not apply to any school district that has only one school or any school district with schools that do not serve any of the same grade levels.

(2) The policy shall include all of the following elements:

(A) It shall provide that the parents or guardian of each schoolage child who is a resident in the district may select the schools the child shall attend, irrespective of the particular locations of his or her residence within the district, except that school districts shall retain the authority to maintain appropriate racial and ethnic balances among their respective schools at the school districts' discretion or as specified in applicable court-ordered or voluntary desegregation plans.

(B) It shall include a selection policy for any school that receives requests for admission in excess of the capacity of the school that ensures that selection of pupils to enroll in the school is made through a random, unbiased process that prohibits an evaluation of whether any pupil should be enrolled based upon his or her academic or athletic performance. For purposes of this subdivision, the governing board of the school district shall determine the capacity of the schools in its district. However, school districts may employ existing entrance criteria for specialized schools or programs if the criteria are uniformly applied to all applicants. This subdivision shall not be construed to prohibit school districts from using academic performance to determine eligibility for, or placement in, programs for gifted and talented pupils established pursuant to Chapter 8 (commencing with Section 52200) of Part 28.

SEC. 54. Section 81149 of the Education Code is amended to read:

81149. (a) Notwithstanding any provision of law, a community college district may acquire for use any facility previously used by the United States military and closed as a result of action by the federal Defense Base Closure and Realignment Commission, or purchase any offsite building constructed prior to January 1, 1998 that meets the structural requirements of the 1976 Uniform Building Code, or subsequent additions to that code, but that does not meet the requirements of Section 81130, for use as a school building, as defined in Section 81130.5, if the governing board of the district finds that all of the following conditions have been met:

(1) A structural engineer has inspected the building or facility and submitted a report to the governing board of the community college district that certifies that the building or facility is in substantial compliance with the requirements of this article, or describes in detail any structural modifications necessary to render the building or facility in substantial compliance with this article. For purposes of this section, substantial compliance with this article means that the building or facility is likely to resist, without catastrophic collapse, earthquake forces generated by major earthquakes of the intensity and severity of the strongest experienced in California, but may experience some reparable architectural or structural damage. This requirement is satisfied if the structural engineer affixes his or her seal of approval to the report and he or she attests in that report that to the best of his or her knowledge:

(A) He or she has reviewed the design calculations, construction documents, and the local government construction inspection records of the building or facility, to the extent those items are available.

(B) He or she has authorized testing and has observed or reviewed the test results and the inspections of an adequate sample of the structure's welds, anchor bolts, and other structural elements.

(C) He or she has observed that the nonstructural elements, including, but not limited to, light fixtures, heating, and air-conditioning diffusers are adequately braced or anchored.

(2) The governing board of the community college district shall forward the report submitted pursuant to paragraph (1) to the Department of General Services for its review. Within 45 working days, the Department of General Services shall review the report for compliance with the above requirements, to provide feedback to the structural engineer regarding any insufficiencies with the report, and to determine whether or not the building or facility is in substantial compliance with the requirements of this article, or whether any proposed structural modifications will render the structure in substantial

compliance with this article. If the Department of General Services does not respond within 45 working days of the submission of the final and complete report, the department will be deemed to have concurred with the structural engineer's report. If structural modifications are necessary to achieve substantial compliance with this article, plans shall be submitted to the department for review and approval. Construction shall be completed in compliance with the continuous inspection requirements of this article.

(b) (1) No member of the governing board of a community college district, and no employee of a community college district, shall be held personally liable for injury to persons or damage to property resulting from the fact that the governing board of the community college district purchased a building or facility pursuant to this subdivision for a school and the building or facility was not constructed pursuant to the requirements of Section 81130.

(2) The exemption from personal liability for members of the governing board and employees of a community college district described in paragraph (1) does not limit the liability of the community college district for injury to persons or damage to property resulting from the fact that the governing board or any employee of the community college district used a building or facility pursuant to this subdivision for a school if the building or facility was not constructed pursuant to the requirements of Section 81130. The exemption from personal liability for members of the governing board and employees of a community college district described in paragraph (1) does not limit the liability of the community college district, the governing board, or the district's employees pursuant to Section 835 of the Government Code.

(3) Section 81144 is not applicable to a person who, pursuant to this section, purchases a building or facility that meets the requirements of this section but does not meet the requirements of Section 81130. Approval and use of a building or facility pursuant to this section does not violate this article.

(e) On motion of the applicant or on its own motion, the court may shorten the time provided in this section for service on the respondent.

SEC. 57. Section 2040 of the Family Code is amended to read:

2040. (a) In addition to the contents required by Section 412.20 of the Code of Civil Procedure, the summons shall contain a temporary restraining order:

(1) Restraining both parties from removing the minor child or children of the parties, if any, from the state without the prior written consent of the other party or an order of the court.

(2) Restraining both parties from transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether community, quasi-community, or separate, without the written consent of the other party or an order of the court, except in the usual course of business or for the necessities of life, and requiring each party to notify the other party of any proposed extraordinary expenditures at least five business days before incurring those expenditures and to account to the court for all extraordinary expenditures made after service of the summons on that party.

Notwithstanding the foregoing, nothing in the restraining order shall preclude a party from using community property, quasi-community property, or the party's own separate property to pay reasonable attorney's fees and costs in order to retain legal counsel in the proceeding. A party who uses community property or quasi-community property to pay his or her attorney's retainer for fees and costs under this provision shall account to the community for the use of the property. A party who uses other property that is subsequently determined to be the separate property of the other party to pay his or her attorney's retainer for fees and costs under this provision shall account to the other party for the use of the property.

(3) Restraining both parties from cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of

any insurance or other coverage, including life, health, automobile, and disability, held for the benefit of the parties and their child or children for whom support may be ordered.

(b) In all actions filed on and after January 1, 1995, the summons shall contain the following notice:

''WARNING: California law provides that, for purposes of division of property upon dissolution of marriage or legal separation, property acquired by the parties during marriage in joint form is presumed to be community property. If either party to this action should die before the jointly held community property is divided, the language of how title is held in the deed (i.e., joint tenancy, tenants in common, or community property) will be controlling and not the community property presumption. You should consult your attorney if you want the community property presumption to be written into the recorded title to the property.''

SEC. 58. Section 3021 of the Family Code is amended to read:

(c) A stipulated agreement of child support is not valid unless the district attorney has joined in the stipulation by signing it in any case in which the district attorney is providing services pursuant to Section 17400. The district attorney shall not stipulate to a child support order below the guideline amount if the children are receiving assistance under the CalWORKs program, if an application for public assistance is pending, or if the parent receiving support has not consented to the order.

SEC. 71. Section 21070.5 of the Government Code is amended to read:

21070.5. (a) Notwithstanding any other provision of this article, a person who, on or after January 1, 2000, becomes a state miscellaneous or state industrial member of the system because the person (1) is first employed by the state, (2) returns to employment with the state from a break in service of more than 90 days, or (3) returns to employment with the state after ceasing to be a member pursuant to Section 20340 or 21075, shall be subject to the benefits provided by Section 21354.1, unless the person elects within 180 days of membership as a state miscellaneous or state industrial member to be subject to the Second Tier benefits provided for in Section 21076. This section shall only apply to state miscellaneous and state industrial members who are (1) excluded from the definition of state employee in subdivision (c) of Section 3513, (2) employed by the executive branch of government and are not members of the civil service, or (3) included in the definition of state employee in subdivision (c) of Section 3513.

(b) The effective date of the election shall be the first day of the month following the date the election is received by the system and shall be applicable to state service rendered on and after that date. Any election

filed with the board pursuant to this section shall also be signed by the spouse of the member.

(c) A member who makes an election authorized by this section shall not be precluded from making a subsequent election pursuant to Section 21073.7 to be subject to the benefits provided by Section 21354.1.

(d) Operation and application of this section are subject to the limitations set forth in Section 21251.13.

SEC. 72. Section 21071 of the Government Code is amended to read:

21071. (a) Notwithstanding any other provision of this article, except as provided in subdivisions (b) and (c), persons who first become state miscellaneous or state industrial members of the system on or after July 1, 1991, and who are (1) excluded from the definition of state employee in subdivision (c) of Section 3513, (2) employed by the executive branch of government and are not members of the civil service, or (3) included in the definition of state employee in subdivision (c) of Section 3513 shall become subject to Section 21076.

(b) Any person who was a member on or before June 30, 1991, eligible to elect membership on or before June 30, 1991, or who was employed in any position on or before June 30, 1991, that would lead to membership as a state member, as defined in Section 20370, and who thereafter enters employment subject to Section 21076 shall be granted the rights provided in subdivision (c) of Section 21070, unless the person had earlier made an irrevocable election to be subject to Section 21076 or 21077. The one-year period in which to make the election provided in subdivision (c) of Section 21070 for any member who became a state member prior to January 1, 1994, shall commence with the mailing of a notice by the system to the member of his or her election right. The effective date of the election shall be the date on which the member became a state miscellaneous or state industrial member. The member shall be obligated to make the contributions specified in Section 20677.

(c) Effective on or after April 1, 1998, state miscellaneous or industrial members may elect to be subject to the service retirement formula prescribed in Section 21353.5, as an alternative to Second Tier membership under Section 21076. The election shall be provided to eligible members by the appointing authority, and, to be effective, an election must be filed with the board. Eligible members who must be in the employment of the state are defined as members in state bargaining units for which a memorandum of understanding has been agreed to by the state employer and the recognized employee organization to become subject to Section 21353.5. The effective date of a member's election shall be the first day of the month following the date the election is filed with the system.

(d) This section shall not apply to state miscellaneous members employed by the California State University or employees described in Section 20324.

(e) This section shall become inoperative on January 1, 2000.

(f) The amendments to this section enacted during the first year of the 1999–2000 Regular Session are subject to the limitations set forth in Section 21251.13.

SEC. 73. Section 21073.7 of the Government Code is amended to read:

21073.7. (a) A member subject to the Second Tier benefits provided in Section 21076 or 21077 who is employed by the state on or after January 1, 2000, may make an irrevocable election, to be filed with the board, to be subject to the First Tier benefits provided in Section 21354.1 and to make the contributions specified in Section 20677. An election shall be effective the first day of the month following the date the election is received by the system and shall be applicable to state service rendered on and after that date. An election to be subject to Section 21354.1 may be made at any time prior to retirement and shall also be signed by the spouse of the member.

(b) A member who is employed by the state on or after January 1, 2000, with past service credited under the Second Tier may make an irrevocable election, at any time prior to retirement, to have his or her past Second Tier service credited under Section 21354.1 by making contributions specified in Section 21073.1. This subdivision shall not apply to a Second Tier member eligible to make the election provided in subdivision (a) until after the effective date of that election.

(c) A member subject to modified First Tier benefits pursuant to Section 21353.5 shall become subject to Section 21353 or 21354.1, as applicable, and make contributions as specified in Section 20677. The member's past service and contributions credited as modified First Tier under Section 21353.5 shall be converted to First Tier service and contributions and shall be subject to Section 21353 or 21354.1, as applicable. Contributions previously credited as modified First Tier and withdrawn by the member may be redeposited under the conditions specified in Section 20750, with the service credit and contributions subject to Section 21353 or 21354.1, as applicable.

(d) Operation and application of this section is subject to the limitations set forth in Section 21251.13.

SEC. 74. Section 21370 of the Government Code is amended to read:

21370. (a) The combined prior and current service pension for local safety members with respect to service to a contracting agency subject to this section, upon retirement after attaining 56 years of age, is a pension derived from contributions of an employer sufficient, when

added to that portion of the service retirement annuity that is derived from the accumulated normal contributions of the member at the date of his or her retirement, to equal one-fiftieth of his or her final compensation set forth opposite his or her age at retirement taken to the preceding completed quarter year in the following table, multiplied by the number of years of service credited to him or her as a local safety member subject to this section at retirement.

(b) Upon retirement for service prior to attaining 56 years of age, the percentage of final compensation payable for each year of credited service that is subject to this section shall be the product of 2 percent multiplied by the factor set forth in the following table for the actual age at retirement:

If retirement occurs at age:	The percent for each year of credited service is:
50	.8565
50 1/4	.8650
50 1/2	.8740
50 3/4	.8830
51	.8920
51 1/4	.9020
51 1/2	.9120

(c) This section shall apply only to local police officers and county peace officers who are local safety members.

(d) This section shall not apply to persons whose effective date of retirement is prior to January 1, 1985.

(e) The Legislature reserves, with respect to any member subject to this section, the right to provide for the adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

(f) The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation that does not exceed four hundred dollars ($400) per month for service after the effective date of coverage of a member under the federal system. This paragraph shall not apply to a member who retires after the date upon which coverage under the federal system of persons in his or her employment terminates.

(g) For members who retire prior to January 1, 2000, in no event shall the total pension for all service under this section exceed an amount that, when added to the service retirement annuity related to the service, equals 75 percent of final compensation. For members who retire on or after January 1, 2000, the allowance shall not exceed 85 percent of final compensation. If the pension relates to service for more than one employer and would otherwise exceed the maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to the employer bears to the total allowance computed as though there were no limit, so that the total of the pensions shall equal the maximum.

(h) This section shall only apply as an optional contributory retirement formula for this system for local safety groups whose group participated in Federal Old Age and Survivors' Insurance provisions of the Social Security Act on April 1983.

(i) This section shall not apply to a contracting agency nor its employees until the agency and the representative employee organization agree by memorandum of understanding to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts. It shall also be required that the representative employee organizations agree to be subject to this provision.

(j) The operative date of this section with respect to a local safety member shall be the effective date of the amendment to the employer's

contract electing to be subject to this section. However, this section shall not apply to any local safety member in the employ of an employer not subject to this section on January 1, 2000.

SEC. 75. Section 21572 of the Government Code is amended to read:

21572. (a) In lieu of benefits provided in Section 21571, if the death benefit provided by Section 21532 is payable on account of a state member's death that occurs under circumstances other than those described in subparagraph (F) of paragraph (1) of subdivision (a) of Section 21530, or if an allowance under Section 21546 is payable, the payment pursuant to subdivision (b) shall be made in the following order of priority:

(1) The surviving wife or surviving husband of the member, who has the care of unmarried children, including stepchildren, of the member who are under 22 years of age, or are incapacitated because of a disability that began before and has continued without interruption after attainment of that age.

(2) The guardian of surviving unmarried children, including stepchildren, of the member who are under 22 years of age or are so incapacitated.

(3) The surviving wife or surviving husband of the member, who does not qualify under paragraph (1).

(4) Each surviving parent of the member.

(b) Regardless of the benefit provided by Section 21532 and of the beneficiary designated by the member under that section, or regardless of the allowance provided under Section 21546, the following applicable 1959 survivor allowance, under the conditions stated and from contributions of the state, shall be paid:

(1) A surviving spouse who was either continuously married to the member for at least one year prior to death, or was married to the member prior to the occurrence of the injury or onset of the illness that resulted in death, and has the care of unmarried children, including stepchildren, of the deceased member who are under 22 years of age or are so incapacitated, shall be paid four hundred fifty dollars ($450) per month if there is one child or five hundred thirty-eight dollars ($538) per month if there are two or more children. If there also are children who are not in the care of the surviving spouse, the portion of the allowance payable under this paragraph, assuming that these children were in the care of the surviving spouse, that is in excess of two hundred twenty-five dollars ($225) per month, shall be divided equally among all those children and payments made to the spouse and other children, as the case may be.

(2) If there is no surviving spouse, or if the surviving spouse dies, and if there are unmarried children, including stepchildren, of the deceased member who are under 22 years of age or are so incapacitated, or if there

are children not in the care of the spouse, the children shall be paid an allowance as follows:

(A) If there is only one child, the child shall be paid two hundred twenty-five dollars ($225) per month.

(B) If there are two children, the children shall be paid four hundred fifty dollars ($450) per month divided equally between them.

(C) If there are three or more children, the children shall be paid five hundred thirty-eight dollars ($538) per month divided equally among them.

(3) A surviving spouse who has attained or attains the age of 62 years and, with respect to that surviving spouse, who was either continuously married to the member for at least one year prior to death, or was married to the member prior to the occurrence of the injury or onset of the illness that resulted in death, shall be paid two hundred twenty-five dollars ($225) per month. No allowance shall be paid under this paragraph while the surviving spouse is receiving an allowance under paragraph (1) or while an allowance is being paid under subparagraph (C) of paragraph (2). The allowance paid under this paragraph shall be eighty-eight dollars ($88) per month while an allowance is being paid under subparagraph (B) of paragraph (2).

(4) If there is no surviving spouse or surviving child who qualifies for a 1959 survivor allowance, or if the surviving spouse dies and there is no surviving child, or if the surviving spouse dies and the children die or marry or, if not incapacitated, reach 22 years of age, each of the member's dependent parents who has attained or attains the age of 62 years, and who received at least one-half of his or her support from the member at the time of the member's death, shall be paid two hundred twenty-five dollars ($225) per month.

(c) ''Stepchildren,'' for purposes of this section, shall include only stepchildren of the member living with him or her in a regular parent-child relationship at the time of his or her death.

(d) This section shall apply to beneficiaries receiving 1959 survivor allowances on July 1, 1975, as well as to beneficiaries with respect to the death of a state member occurring on or after July 1, 1975.

(e) This section shall apply, with respect to benefits payable on and after July 1, 1981, to all members employed by a school employer, and school safety members employed with a school district or community college district as defined in subdivision (i) of Section 20057, except that it shall not apply, without contract amendment, with respect to safety members who became members after July 1, 1981. All assets and liabilities of all school employers, and their employees, on account of benefits provided under this article shall be pooled into a single account, and a single employer rate shall be established to provide benefits under this section on account of all miscellaneous members employed by a

school employer and all safety members who are members on July 1, 1981.

(f) This section shall not apply to any member in the employ of an employer not subject to this section on January 1, 1994.

(g) A contracting agency may, by amending its contract, elect to make this section applicable to local members employed by the agency.

(h) On and after January 1, 2000, and until January 1, 2010, all state members covered by this section shall be covered by the benefit provided under Section 21574.7. On and after January 1, 2010, all state members not covered by Section 21573 or 21574.7 shall be covered by this section.

SEC. 76. Section 22825.01 of the Government Code is amended to read:

22825.01. (a) As used in this section, the following definitions shall apply:

(1) A ''rural area'' means an area in which there is no board-approved health maintenance organization plan available for enrollment by state employees or annuitants who live in the area.

(2) ''Coinsurance'' means the provision of a medical plan design in which the plan or insurer and state employee or annuitant share the cost of hospital or medical expenses at a specified ratio.

(3) A ''deductible'' means the annual amount of out-of-pocket medical expenses that state employees or annuitants must pay before the insurer or self-funded plan begins paying for expenses.

(4) ''Department'' means the Department of Personnel Administration.

(5) ''Fund'' means the Rural Health Care Equity Trust Fund.

(b) (1) The Rural Health Care Equity Trust Fund is hereby established in the State Treasury for the purpose of funding the subsidization and reimbursement of premium costs, deductibles, coinsurance, and other out-of-pocket health care costs, which would otherwise be covered if the state employee or annuitant were enrolled in a board-approved health maintenance organization plan, paid by employees and annuitants living in rural areas, as authorized by this section. The fund shall be administered by the department or by a third-party administrator approved by the department in a manner consistent with all applicable state and federal laws. Interest earned from the fund shall be used to offset administrative costs. The board shall determine the rural area for each subsequent fiscal year at the same meeting at which the board approves premiums for health maintenance organizations.

(2) Separate accounts shall be maintained within the fund for (A) employees, as defined in subdivision (c) of Section 3513, (B) excluded

employees, as defined in subdivision (b) of Section 3527, and (C) annuitants, as defined in subdivision (e) of Section 22754.

(c) Moneys in the Rural Health Care Equity Trust Fund shall be allocated to the separate accounts as follows:

(1) As the employer's contribution with respect to each employee, as defined in subdivision (c) of Section 3513, who lives in a rural area and who is otherwise eligible, an amount to be determined through the collective bargaining process.

(2) As the employer's contribution with respect to each excluded employee, as defined in subdivision (b) of Section 3527, who lives in a rural area and who is otherwise eligible, an amount equal to, but not to exceed, the amount given to eligible state employees, as defined in subdivision (c) of Section 3513, who live in a rural area.

(3) As the employer's contribution with respect to each annuitant, as defined in subdivision (e) of Section 22754, who lives in a rural area, is not a Medicare participant, and who is otherwise eligible, an amount not to exceed five hundred dollars ($500) per year.

(4) As the state's contribution with respect to each state annuitant, as defined in subdivision (e) of Section 22754, who lives in a rural area, participates in a board-approved, Medicare-coordinated health plan, participates in a board-approved health plan, and is otherwise eligible, an amount equal to the Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars ($75) per month. The state shall not reimburse for penalty amounts.

(5) As to an employee who enters state service or leaves state service during a fiscal year, contributions for the employee shall be made on a pro rata basis. A similar computation shall be used for anyone entering or leaving the bargaining unit, including a person who enters the bargaining unit by promotion in mid-fiscal year.

(d) Each fund of the State Treasury, other than the General Fund, shall reimburse the General Fund for any sums allocated pursuant to subdivision (c) for employees and annuitants whose compensation or annuities are paid from that fund.

(e) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the Rural Health Care Equity Trust Fund shall be disbursed for the benefit of an employee who lives in a rural area and who is otherwise eligible. The disbursements shall, where there is no board-approved health maintenance organization plan available in an area that is open for enrollment for the employee, (1) subsidize the preferred provider plan premiums for the employee by an amount equal to the difference between the weighted average of board-approved health maintenance organization premiums and the lowest board-approved preferred provider plan premium available under this part and (2) reimburse the employee for a portion or all of his or her

incurred deductibles, coinsurance, and other out-of-pocket health-related expenses that would otherwise be covered if the employee were enrolled in a board-approved health maintenance organization plan.

These subsidies and reimbursements shall be provided according to a plan determined by the department that may include, but is not limited to, a supplemental insurance plan, a medical reimbursement account, or a medical spending account plan.

(f) Notwithstanding any other provision of law and subject to the availability of funds, moneys within the Rural Health Care Equity Trust Fund shall be disbursed for the benefit of eligible annuitants, as defined in subdivision (e) of Section 22754, who live in rural areas and who are otherwise eligible. The disbursements shall, where there is no board-approved health maintenance organization plan available and open to enrollment by the annuitant, either (1) reimburse the annuitant, if he or she is not a Medicare participant, for some or all of his or her deductibles, not to exceed five hundred dollars ($500) per fiscal year, or (2) reimburse Medicare Part B premiums incurred by the annuitant, not to exceed seventy-five dollars ($75) per month, exclusive of penalties. These reimbursements shall be provided by the department.

The state shall not reimburse for penalty amounts.

(g) Any moneys remaining in any account of the fund at the end of any fiscal year shall remain in the account for use in subsequent fiscal years until the account is terminated. Moneys remaining in any account of the fund upon termination, after payment of all outstanding expenses and claims incurred prior to the date of termination, shall be deposited in the General Fund.

(h) The Legislature finds and declares that the Rural Health Care Equity Trust Fund is a trust fund held for the exclusive benefit of employees, annuitants, and family members.

(i) This section shall cease to be operative on January 1, 2005, or on such earlier date as the board makes a formal determination that HMOs are no longer the most cost-effective health care plans offered by the board.

SEC. 77. Section 22875 of the Government Code is amended to read:

22875. This article shall apply to any of the following:

(a) Represented state employees who are members of a bargaining unit or who retired from a bargaining unit only if (1) there is a signed memorandum of understanding between the state and the recognized employee organization to adopt the benefits accorded under this article and (2) the Department of Personnel Administration makes this article simultaneously applicable to all eligible annuitants retired from the bargaining unit. This article shall not apply to active state employees

who are members of a state bargaining unit unless it also applies to eligible annuitants retired from that bargaining unit.

(b) Members of the Public Employees' Retirement System who are employed by the Assembly, the Senate, or the California State University only if the Assembly Rules Committee, the Senate Rules Committee, and the Board of Trustees of the California State University, respectively, make this section applicable to their employees.

(c) Members of the Public Employees' Retirement System who are state employees of the judicial branch, and judges and justices who are members of the Judges' Retirement System or the Judges' Retirement System II, if the Judicial Council makes this section applicable to them.

(d) Employees excluded from the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1) upon adoption by the Department of Personnel Administration of regulations to implement employee benefits under this article for those state officers and employees excluded from, or not otherwise subject to the Ralph C. Dills Act. Regulations adopted or amended pursuant to this section shall not be subject to review and approval of the Office of Administrative Law pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2). These regulations shall become effective immediately upon filing with the Secretary of State.

SEC. 78. Section 31469.5 of the Government Code is amended to read:

31469.5. (a) This section shall be applicable in the retirement system of any county of the 10th class, as defined by Sections 28020 and 28031, as amended by Chapter 1204 of the Statutes of 1971, if the board of supervisors executes a memorandum of understanding with the employee representatives and adopts, by majority vote, a resolution providing for safety status for probation officers, as provided in Section 31469.4.

(b) The purpose of this section is to provide optional safety status for probation officers employed on or before March 1, 1991. Notwithstanding Section 31558.6, that option shall be exercised within 120 days from the effective date of the implementation of Section 31469.4, together with the option to receive credit as a safety member for all or part of the time during which his or her duties would have made him or her eligible to become a safety member, if this section had then been in effect.

(c) Except as otherwise provided in this section, the retirement benefits of existing probation officers who elect to transfer from general membership in the county retirement system to safety membership shall be implemented pursuant to Section 31484.5, except that:

(1) The definition of final compensation in Section 31462.1 shall no longer apply to probation officers electing safety status; instead, the definition of final compensation in Section 31462 shall apply at the date of retirement to all credited safety service regardless of previous service under Section 31462.1. However, the board of supervisors may adopt a resolution providing that the definition of final compensation contained in Section 31462.1 shall apply to certain probation officers electing safety status who are specifically identified in the resolution and who are retiring on or after the date specified in the resolution.

(2) For employees entitled to a cost-of-living adjustment upon retirement, Article 16.5 (commencing with Section 31870) shall apply, except that the increase in the allowance shall not exceed a maximum of 3 percent in any given year credited as safety membership. An employee who elects safety retirement under Section 31469.4 and who thereby waives his or her entitlement to a higher cost-of-living allowance shall be deemed to have waived the higher cost-of-living allowance with regard to all previous service credited as safety service at the date of retirement, regardless of previous service under any other provision, and shall be deemed to have relinquished any right to the higher cost-of-living allowance without refund of contributions therefor, except as determined by the board of supervisors.

(3) An employee who elects safety retirement under Section 31469.4 may elect to receive credit as a safety member for all or part of the time during which his or her duties would have made him or her eligible to become a safety member if this section had then been in effect as provided in Section 31639.7, except that an election to receive part credit may be exercised only in multiples of five years of service. A member who elects to receive credit for only a part of that county service shall elect that county service latest in time and may not receive credit for any portion of county service prior in time to any county service for which he or she does not elect to receive credit.

(4) A member not previously within the safety membership category who elects to receive credit for all or part of the time during which the member's duties would have made him or her eligible to become a safety member if this section had then been in effect shall pay into the retirement system the amount that would have had to be contributed by the employer to fund the employer's liability for safety membership and an amount equal to the difference between the employee's contributions actually made during the time for which he or she claims credit and the contributions the member would have made during that period if he or she had been in safety status during that period.

(d) All probation officers in Tier III who elect to transfer from general membership in the county retirement system to safety membership

pursuant to this section shall be placed in Tier II regardless of their status prior to selecting Tier III benefits.

(e) All persons hired after the effective date of implementation of Section 31469.4 shall, upon retirement, have his or her cost-of-living allowance and final compensation computed in accordance with this section.

SEC. 79. Section 51298 of the Government Code is amended to read:

51298. It is the intent of the Legislature in enacting this chapter to provide local governments opportunities to attract large manufacturing facilities to invest in their communities and to encourage industries such as high technology, aerospace, automotive, biotechnology, software, environmental sources, and others to locate and invest in those facilities in California.

(a) Commencing in the 1998–99 fiscal year, the governing body of a county, city and county, or city, may, by means of an ordinance or resolution approved by a majority of its entire membership, elect to establish a capital investment incentive program. In any county, city and county, or city in which the governing body has so elected, the county, city and county, or city shall, upon the approval by a majority of the entire membership of its governing body of a written request therefor, pay a capital investment incentive amount to the proponent of a qualified manufacturing facility for up to 15 consecutive fiscal years. A request for the payment of capital investment incentive amounts shall be filed by a proponent in writing with the governing body of an electing county, city and county, or city in the time and manner specified in procedures adopted by that governing body. In the case in which the governing body of an electing county, city and county, or city approves a request for the payment of capital investment incentive amounts, both of the following conditions shall apply:

(1) The consecutive fiscal years during which a capital investment incentive amount is to be paid shall commence with the first fiscal year commencing after the date upon which the qualified manufacturing facility is certified for occupancy or, if no certification is issued, the first fiscal year commencing after the date upon which the qualified manufacturing facility commences operation.

(2) In accordance with paragraph (4) of subdivision (d), the annual payment to a proponent of each capital investment incentive amount shall be contingent upon the proponent's payment of a community services fee.

(b) For purposes of this section:

(1) ''Qualified manufacturing facility'' means a proposed manufacturing facility that meets all of the following criteria:

(A) The proponent's initial investment in that facility, in real and personal property, necessary for the full and normal operation of that facility, made pursuant to the capital investment incentive program, that comprises any portion of that facility or has its situs at that facility, exceeds one hundred fifty million dollars ($150,000,000). Compliance with this subparagraph shall be certified by the Trade and Commerce Agency upon the agency's approval of a proponent's application for certification of a qualified manufacturing facility. An application for certification shall be submitted by a proponent to the agency in writing in the time and manner as specified by the agency.

(B) The facility is to be located within the jurisdiction of the electing county, city and county, or city to which the request is made for payment of capital investment incentive amounts.

(C) The facility is operated by either of the following:

(i) A business described in Codes 3500 to 3899, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, except that ''January 1, 1997,'' shall be substituted for ''January 1, 1994,'' in each place in which it appears.

(ii) A business engaged in the recovery of minerals from geothermal resources, including the proportional amount of a geothermal electric generating plant that is integral to the recovery process by providing electricity for it.

(D) The proponent is either currently engaged in commercial production or engaged in the perfection of the manufacturing process, or the perfection of a product intended to be manufactured.

(2) ''Proponent'' means a party or parties that meet all of the following criteria:

(A) The party is named in the application to the county, city and county, or city within which the qualified manufacturing facility would be located for a permit to construct a qualified manufacturing facility.

(B) The party will be the fee owner of the qualified manufacturing facility upon the completion of that facility. Notwithstanding the previous sentence, the party may enter into a sale-leaseback transaction and nevertheless be considered the proponent.

(C) If a proponent that is receiving capital investment incentive amounts subsequently leases the subject qualified manufacturing facility to another party, the lease may provide for the payment to that lessee of any portion of a capital investment incentive amount. Any lessee receiving any portion of a capital investment incentive amount shall also be considered a proponent for the purposes of subdivision (d).

(3) ''Capital investment incentive amount'' means, with respect to a qualified manufacturing facility for a relevant fiscal year, an amount up to or equal to the amount of ad valorem property tax revenue derived by

the participating local agency from the taxation of that portion of the total assessed value of that real and personal property described in subparagraph (A) of paragraph (1) that is in excess of one hundred fifty million dollars ($150,000,000).

(4) ''Manufacturing'' means the activity of converting or conditioning property by changing the form, composition, quality, or character of the property for ultimate sale at retail or use in the manufacturing of a product to be ultimately sold at retail. Manufacturing includes any improvements to tangible personal property that result in a greater service life or greater functionality than that of the original property.

(c) A city, special district, or school district may, upon the approval by a majority of the entire membership of its governing body, pay to the county, city and county, or city an amount equal to the amount of ad valorem property tax revenue allocated to that city, special district, or school district, but not the actual allocation, derived from the taxation of that portion of the total assessed value of that real and personal property described in subparagraph (A) of paragraph (1) of subdivision (b) that is in excess of one hundred fifty million dollars ($150,000,000).

(d) A proponent whose request for the payment of capital investment incentive amounts is approved by an electing county, city and county, or city shall enter into a community services agreement with that county, city and county, or city that includes, but is not limited to, all of the following provisions:

(1) A provision requiring that a community services fee be remitted by the proponent to the county, city and county, or city, in each fiscal year subject to the agreement, in an amount that is equal to 25 percent of the capital investment incentive amount calculated for that proponent for that fiscal year, except that in no fiscal year shall the amount of the community services fee exceed two million dollars ($2,000,000).

(2) A provision specifying the dates in each relevant fiscal year upon which payment of the community services fee is due and delinquent, and the rate of interest to be charged to a proponent for any delinquent portion of the community services fee amount.

(3) A provision specifying the procedures and rules for the determination of underpayments or overpayments of a community services fee, for the appeal of determinations of any underpayment, and for the refunding or crediting of any overpayment.

(4) A provision specifying that a proponent is ineligible to receive a capital investment incentive amount if that proponent is currently delinquent in the payment of any portion of a community services fee amount, if the qualified manufacturing facility is constructed in a manner materially different from the facility as described in building permit application materials, or if the facility is no longer operated as a

qualified manufacturing facility meeting the requirements of paragraph (1) of subdivision (b). If a proponent becomes ineligible to receive a capital investment incentive amount as a result of an agreement provision included pursuant to this subparagraph, the running of the number of consecutive fiscal years specified in an agreement made pursuant to subdivision (a) is not tolled during the period in which the proponent is ineligible.

(5) A provision that sets forth a job creation plan with respect to the relevant qualified manufacturing facility. The plan shall specify the number of jobs to be created by that facility, and the types of jobs and compensation ranges to be created thereby. The plan shall also specify that for the entire term of the community services agreement, both of the following shall apply:

(A) All of the employees working at the qualified manufacturing facility shall be covered by an employer-sponsored health benefits plan.

(B) The average weekly wage, exclusive of overtime, paid to all of the employees working at the qualified manufacturing facility, who are not management or supervisory employees, shall be not less than the state average weekly wage.

For the purpose of this subdivision, ''state average weekly wage'' means the average weekly wage paid by employers to employees covered by unemployment insurance, as reported to the Employment Development Department for the four calendar quarters ending June 30 of the preceding calendar year.

(6) (A) In the case in which the proponent fails to operate the qualified manufacturing facility as required by the community services agreement, a provision that requires the recapture of any portion of any capital investment incentive amounts previously paid to the proponent equal to the lesser of the following:

(i) All of the capital investment incentive amounts paid to the proponent, less all of the community services fees received from the proponent, and less any capital investment incentive amounts previously recaptured.

(ii) The last capital investment incentive amount paid to the proponent, less the last community services fee received from the proponent, multiplied by 40 percent of the number of years remaining in the community services agreement, but not to exceed 10 years, and less any capital investment incentive amounts previously recaptured.

(B) If the proponent fails to operate the qualified manufacturing facility as required by the community services agreement, the county, city and county, or city may, upon a finding that good cause exists, waive any portion of the recapture of any capital investment incentive amount due under this subdivision. For the purpose of this subdivision, good cause includes, but is not limited to, the following:

(i) The proponent has sold or leased the property to a person who has entered into an agreement with the county, city and county, or city to assume all of the responsibilities of the proponent under the community services agreement.

(ii) The qualified manufacturing facility has been rendered inoperable and beyond repair as a result of an act of God.

(C) For purposes of this subdivision, failure to operate a qualified manufacturing facility as required by the community services agreement includes, but is not limited to, failure to establish the number of jobs specified in the jobs creation plan created pursuant to paragraph (5).

(e) (1) Each county, city and county, or city that elects to establish a capital investment incentive program shall notify the Trade and Commerce Agency of its election to do so no later than June 30th of the fiscal year in which the election was made.

(2) In addition to the information required to be reported pursuant to paragraph (1), each county, city and county, or city that has elected to establish a capital investment incentive program shall notify the Trade and Commerce Agency each fiscal year no later than June 30th of the amount of any capital investment incentive payments made and the proponent of the qualified manufacturing facility to whom the payments were made during that fiscal year.

(3) The Trade and Commerce Agency shall compile the information submitted by each county, city and county, and city pursuant to paragraphs (1) and (2) and submit a report to the Legislature containing this information no later than October 1, every two years commencing October 1, 2000.

SEC. 80. Section 53601 of the Government Code is amended to read:

53601. The legislative body of a local agency having money in a sinking fund of, or surplus money in, its treasury not required for the immediate needs of the local agency may invest any portion of the money that it deems wise or expedient in those investments set forth below. A local agency purchasing or obtaining any securities prescribed in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book-entry account may be used for book-entry delivery. For purposes of this section ''counterparty'' means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation

for a particular category of investment, that percentage is applicable only at the date of purchase. Where this section does not specify a limitation on the term or remaining maturity at the time of the investment, no investment shall be made in any security, other than a security underlying a repurchase or reverse repurchase agreement or securities lending agreement authorized by this section, that at the time of the investment has a term remaining to maturity in excess of five years, unless the legislative body has granted express authority to make that investment either specifically or as a part of an investment program approved by the legislative body no less than three months prior to the investment:

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(e) Obligations issued by banks for cooperatives, federal land banks, federal intermediate credit banks, federal home loan banks, the Federal Home Loan Bank Board, the Tennessee Valley Authority, or in obligations, participations, or other instruments of, or issued by, or fully guaranteed as to principal and interest by, the Federal National Mortgage Association; or in guaranteed portions of Small Business Administration notes; or in obligations, participations, or other instruments of, or issued by, a federal agency or a United States government-sponsored enterprise.

(f) Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers acceptances. Purchases of bankers acceptances may not exceed 270 days maturity or 40 percent of the agency's surplus money that may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act (Division 6 (commencing with Section 11501) of the Public Utilities Code).

(g) Commercial paper of ''prime'' quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Eligible paper is further limited to issuing corporations that are organized and operating within the United States and having total assets in excess of five hundred million dollars ($500,000,000) and having an ''A'' or higher rating for the issuer's debt, other than commercial paper, if any, as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 180 days maturity nor represent more than 10 percent of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 15 percent of the agency's surplus money that may be invested pursuant to this section. An additional 15 percent, or a total of 30 percent of the agency's surplus money, may be invested pursuant to this subdivision. The additional 15 percent may be so invested only if the dollar-weighted average maturity of the entire amount does not exceed 31 days. ''Dollar-weighted average maturity'' means the sum of the amount of each outstanding commercial paper investment multiplied by the number of days to maturity, divided by the total amount of outstanding commercial paper.

(h) Negotiable certificates of deposits issued by a nationally or state-chartered bank or a state or federal association (as defined by Section 5102 of the Financial Code) or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's surplus money that may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposits do not come within Article 2 (commencing with Section 53630), except that the amount so invested shall be subject to the limitations of Section 53638.

(i) (1) Investments in repurchase agreements or reverse repurchase agreements or securities lending agreements of any securities authorized by this section, as long as the agreements are subject to this subdivision, including the delivery requirements specified in this section.

(2) Investments in repurchase agreements may be made, on any investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase

agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements or securities lending agreements may be utilized only when either of the following conditions are met:

(A) The security was owned or specifically committed to purchase, by the local agency, prior to December 31, 1994, and was sold using a reverse repurchase agreement or securities lending agreement on December 31, 1994.

(B) The security to be sold on a reverse repurchase agreement or a securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale; the total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency not purchased or committed to purchase, prior to December 31, 1994, does not exceed 20 percent of the base value of the portfolio; and the agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) After December 31, 1994, a reverse repurchase agreement or securities lending agreement may not be entered into with securities not sold on a reverse repurchase agreement or securities lending agreement and purchased, or committed to purchase, prior to that date, as a means of financing or paying for the security sold on a reverse repurchase agreement or securities lending agreement, but may only be entered into with securities owned and previously paid for a minimum of 30 days prior to the settlement of the reverse repurchase agreement or securities lending agreement, in order to supplement the yield on securities owned and previously paid for or to provide funds for the immediate payment of a local agency obligation. Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement, on securities originally purchased subsequent to December 31, 1994, shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security. Reverse repurchase agreements or securities lending agreements specified in subparagraph (B) of paragraph (3) may not be entered into unless the percentage restrictions specified in that

subparagraph are met, including the total of any reverse repurchase agreements or securities lending agreements specified in subparagraph (A) of paragraph (3).

(5) Investments in reverse repurchase agreements, securities lending agreements, or similar investments in which the local agency sells securities prior to purchase with a simultaneous agreement to repurchase the security, may only be made upon prior approval of the governing body of the local agency and shall only be made with primary dealers of the Federal Reserve Bank of New York.

(6) (A) ''Repurchase agreement'' means a purchase of securities by the local agency pursuant to an agreement by which the counterparty seller will repurchase the securities on or before a specified date and for a specified amount and the counterparty will deliver the underlying securities to the local agency by book entry, physical delivery, or by third-party custodial agreement. The transfer of underlying securities to the counterparty bank's customer book-entry account may be used for book-entry delivery.

(B) ''Securities,'' for purpose of repurchase under this subdivision, means securities of the same issuer, description, issue date, and maturity.

(C) ''Reverse repurchase agreement'' means a sale of securities by the local agency pursuant to an agreement by which the local agency will repurchase the securities on or before a specified date and includes other comparable agreements.

(D) ''Securities lending agreement'' means an agreement under which a local agency agrees to transfer securities to a borrower who, in turn, agrees to provide collateral to the local agency. During the term of the agreement, both the securities and the collateral are held by a third party. At the conclusion of the agreement, the securities are transferred back to the local agency in return for the collateral.

(E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements, securities lending agreements, or other similar borrowing methods.

(F) For purposes of this section, the spread is the difference between the cost of funds obtained using the reverse repurchase agreement and the earnings obtained on the reinvestment of the funds.

(j) Medium-term notes, defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Notes eligible for investment under this subdivision shall be rated ''A'' or better by a

nationally recognized rating service. Purchases of medium-term notes shall not include other instruments authorized by this section and may not exceed 30 percent of the agency's surplus money that may be invested pursuant to this section.

(k) (1) Shares of beneficial interest issued by diversified management companies that invest in the securities and obligations as authorized by subdivisions (a) to (j), inclusive, or subdivisions (m) or (n) and that comply with the investment restrictions of this article and Article 2 (commencing with Section 53630). However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is not required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

(2) Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission under the Investment Company Act of 1940 (15 U.S.C. Sec. 80a-1 and following).

(3) If investment is in shares issued pursuant to paragraph (1), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience investing in the securities and obligations authorized by subdivisions (a) to (j), inclusive, or subdivisions (m) or (n) and with assets under management in excess of five hundred million dollars ($500,000,000).

(4) If investment is in shares issued pursuant to paragraph (2), the company shall have met either of the following criteria:

(A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two nationally recognized statistical rating organizations.

(B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than five years' experience managing money market mutual funds with assets under management in excess of five hundred million dollars ($500,000,000).

(5) The purchase price of shares of beneficial interest purchased pursuant to this subdivision shall not include any commission that the companies may charge and shall not exceed 20 percent of the agency's

surplus money that may be invested pursuant to this section. However, no more than 10 percent of the agency's surplus funds may be invested in shares of beneficial interest of any one mutual fund pursuant to paragraph (1).

(*l*) Notwithstanding anything to the contrary contained in this section, Section 53635, or any other provision of law, moneys held by a trustee or fiscal agent and pledged to the payment or security of bonds or other indebtedness, or obligations under a lease, installment sale, or other agreement of a local agency, or certificates of participation in those bonds, indebtedness, or lease installment sale, or other agreements, may be invested in accordance with the statutory provisions governing the issuance of those bonds, indebtedness, or lease installment sale, or other agreement, or to the extent not inconsistent therewith or if there are no specific statutory provisions, in accordance with the ordinance, resolution, indenture, or agreement of the local agency providing for the issuance.

(m) Notes, bonds, or other obligations that are at all times secured by a valid first priority security interest in securities of the types listed by Section 53651 as eligible securities for the purpose of securing local agency deposits having a market value at least equal to that required by Section 53652 for the purpose of securing local agency deposits. The securities serving as collateral shall be placed by delivery or book entry into the custody of a trust company or the trust department of a bank which is not affiliated with the issuer of the secured obligation, and the security interest shall be perfected in accordance with the requirements of the Uniform Commercial Code or federal regulations applicable to the types of securities in which the security interest is granted.

(n) Any mortgage passthrough security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable passthrough certificate, or consumer receivable-backed bond of a maximum of five years maturity. Securities eligible for investment under this subdivision shall be issued by an issuer having an ''A'' or higher rating for the issuer's debt as provided by a nationally recognized rating service and rated in a rating category of ''AA'' or its equivalent or better by a nationally recognized rating service. Purchase of securities authorized by this subdivision may not exceed 20 percent of the agency's surplus money that may be invested pursuant to this section.

SEC. 81. Section 53635 of the Government Code is amended to read:

53635. As far as possible, all money belonging to, or in the custody of, a local agency, including money paid to the treasurer or other official to pay the principal, interest, or penalties of bonds, shall be deposited for safekeeping in state or national banks, savings associations or federal

associations, credit unions, or federally insured industrial loan companies in this state selected by the treasurer or other official having the legal custody of the money or, unless otherwise directed by the legislative body pursuant to Section 53601, may be invested in the investments set forth below. A local agency purchasing or obtaining any securities described in this section, in a negotiable, bearer, registered, or nonregistered format, shall require delivery of all the securities to the local agency, including those purchased for the agency by financial advisers, consultants, or managers using the agency's funds, by book entry, physical delivery, or by third-party custodial agreement. The transfer of securities to the counterparty bank's customer book-entry account may be used for book-entry delivery. For purposes of this section, ''counterparty'' means the other party to the transaction. A counterparty bank's trust department or separate safekeeping department may be used for the physical delivery of the security if the security is held in the name of the local agency. Where this section specifies a percentage limitation for a particular category of investment, that percentage is applicable only at the date of purchase.

(a) Bonds issued by the local agency, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency or by a department, board, agency, or authority of the local agency.

(b) United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

(c) Registered state warrants or treasury notes or bonds of this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the state or by a department, board, agency, or authority of the state.

(d) Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by the local agency, or by a department, board, agency, or authority of the local agency.

(e) Obligations issued by banks for cooperatives, federal land banks, federal intermediate credit banks, federal home loan banks, the Federal Home Loan Bank, the Tennessee Valley Authority, or in obligations, participations, or other instruments of, or issued by, or fully guaranteed as to principal and interest by, the Federal National Mortgage Association; or in guaranteed portions of Small Business Administration notes; or in obligations, participations, or other instruments of, or issued by, a federal agency or a United States government-sponsored enterprise.

(f) Bills of exchange or time drafts drawn on and accepted by a commercial bank, otherwise known as bankers acceptances. Purchases of bankers acceptances may not exceed 270 days maturity or 40 percent of the agency's surplus funds which may be invested pursuant to this section. However, no more than 30 percent of the agency's surplus funds may be invested in the bankers acceptances of any one commercial bank pursuant to this section.

This subdivision does not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act, Division 6 (commencing with Section 11501) of the Public Utilities Code.

(g) Commercial paper of ''prime'' quality of the highest ranking or of the highest letter and numerical rating as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Eligible paper is further limited to issuing corporations that are organized and operating within the United States and having total assets in excess of five hundred million dollars ($500,000,000) and having an ''A'' or higher rating for the issuer's debt, other than commercial paper, if any, as provided for by Moody's Investors Service, Inc., or Standard and Poor's Corporation. Purchases of eligible commercial paper may not exceed 180 days maturity nor represent more than 10 percent of the outstanding paper of an issuing corporation. Purchases of commercial paper may not exceed 15 percent of the agency's surplus money that may be invested pursuant to this section. An additional 15 percent, or a total of 30 percent of the agency's money or money in its custody, may be invested pursuant to this subdivision. The additional 15 percent may be so invested only if the dollar-weighted average maturity of the entire amount does not exceed 31 days. ''Dollar-weighted average maturity'' means the sum of the amount of each outstanding commercial paper investment multiplied by the number of days to maturity, divided by the total amount of outstanding commercial paper.

(h) Negotiable certificates of deposit issued by a nationally or state-chartered bank or a savings association or federal association or a state or federal credit union or by a state-licensed branch of a foreign bank. Purchases of negotiable certificates of deposit may not exceed 30 percent of the agency's surplus money that may be invested pursuant to this section. For purposes of this section, negotiable certificates of deposit do not come within Article 2 (commencing with Section 53630) of Chapter 4 of Part 1 of Division 2 of Title 5, except that the amount so invested shall be subject to the limitations of Section 53638. For purposes of this section, the legislative body of a local agency and the treasurer or other official of the local agency having legal custody of the money are prohibited from depositing or investing local agency funds, or funds in the custody of the local agency, in negotiable certificates of

deposit issued by a state or federal credit union if a member of the legislative body of the local agency, or an employee of the administrative officer, manager's office, budget office, auditor-controller's office, or treasurer's office of the local agency also serves on the board of directors, or any committee appointed by the board of directors, or the credit committee or supervisory committee of the state or federal credit union issuing the negotiable certificates of deposit.

(i) (1) Investments in repurchase agreements or reverse repurchase agreements, or securities lending agreements of any securities authorized by this section, so long as the agreements are subject to this subdivision, including the delivery requirements specified in this section.

(2) Investments in repurchase agreements or securities lending agreements may be made, on any investment authorized in this section, when the term of the agreement does not exceed one year. The market value of securities that underlay a repurchase agreement shall be valued at 102 percent or greater of the funds borrowed against those securities and the value shall be adjusted no less than quarterly. Since the market value of the underlying securities is subject to daily market fluctuations, the investments in repurchase agreements shall be in compliance if the value of the underlying securities is brought back up to 102 percent no later than the next business day.

(3) Reverse repurchase agreements may be utilized only when either of the following conditions are met:

(A) The security was owned or specifically committed to purchase, by the local agency, prior to repurchase agreement on December 31, 1994, and was sold using a reverse repurchase agreement or securities lending agreement on December 31, 1994.

(B) The security to be sold on a reverse repurchase agreement or a securities lending agreement has been owned and fully paid for by the local agency for a minimum of 30 days prior to sale; the total of all reverse repurchase agreements and securities lending agreements on investments owned by the local agency not purchased or committed to purchase, prior to December 31, 1994, does not exceed 20 percent of the base value of the portfolio; and the agreement does not exceed a term of 92 days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security.

(4) After December 31, 1994, a reverse repurchase agreement or securities lending agreement may not be entered into with securities not sold on a reverse repurchase agreement or securities lending agreement and purchased, or committed to purchase, prior to that date, as a means of financing or paying for the security sold on a reverse repurchase

agreement or securities lending agreement, but may only be entered into with securities owned and previously paid for a minimum of 30 days prior to the settlement of the reverse repurchase agreement or securities lending agreement, in order to supplement the yield on securities owned and previously paid for or to provide funds for the immediate payment of a local agency obligation. Funds obtained or funds within the pool of an equivalent amount to that obtained from selling a security to a counterparty by way of a reverse repurchase agreement or securities lending agreement, on securities originally purchased subsequent to December 31, 1994, shall not be used to purchase another security with a maturity longer than 92 days from the initial settlement date of the reverse repurchase agreement or securities lending agreement, unless the reverse repurchase agreement or securities lending agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using a reverse repurchase agreement or securities lending agreement and the final maturity date of the same security. Reverse repurchase agreements or securities lending agreements specified in subparagraph (B) of paragraph (3) may not be entered into unless the percentage restrictions specified in that subparagraph are met, including the total of any reverse repurchase agreements or securities lending agreements specified in subparagraph (A) of paragraph (3).

(E) For purposes of this section, the base value of the local agency's pool portfolio shall be that dollar amount obtained by totaling all cash balances placed in the pool by all pool participants, excluding any amounts obtained through selling securities by way of reverse repurchase agreements or other similar borrowing methods.

However, notwithstanding these restrictions, a counterparty to a reverse repurchase agreement or securities lending agreement is not required to be a primary dealer of the Federal Reserve Bank of New York if the company's board of directors finds that the counterparty presents a minimal risk of default, and the value of the securities underlying a repurchase agreement or securities lending agreement may be 100 percent of the sales price if the securities are marked to market daily.

The outcome shall be determined by a simple majority of votes cast. The vote of the judges shall then be forwarded to the board of supervisors prior to the close of the public hearing, and the board of supervisors shall take into advisement the recommendation of the judges provided by the election report.

It is the intent of the Legislature, in enacting this subdivision, to ensure that courtroom assignments are made in a manner that best ensures that the interests of the affected judge or commissioner and bailiff are protected.

(e) Notwithstanding any other provision of law, the marshal and all personnel of the marshal's office affected by the abolition of the marshal's office in the county shall become employees of the sheriff's

department at their existing or equivalent classification, salaries, and benefits, and, except as may be necessary for the operation of the agency under which court-related services and the service of civil and criminal process are consolidated, they shall not be involuntarily transferred out of the consolidated office for a period of five years following the consolidation.

(f) Personnel of the abolished marshal's office shall be entitled to request an assignment to another division within the sheriff's department, and that request shall be reviewed the same as any other request from within the department. The court is authorized to conduct, and the sheriff shall cooperate in, independent financial audits of the bureau, either by court staff or by independent auditors.

Promotions for all personnel from the marshal's office shall be made pursuant to standards set by the sheriff. Probationary employees in the marshal's office on the effective date of the abolition shall not be required to serve a new probationary period. (g) After abolition of the marshal's office, a two-member committee comprised of a representative of the presiding judge of the superior court and a representative of the sheriff shall make recommendations to the sheriff regarding courtroom assignments of bailiffs. Bailiff assignments and the release from those assignments shall be made only after consultation with, and concurrence of, the affected judge or judicial officer. The presiding judge may provide the concurrence required by this section. This subdivision shall not apply to actions instituted by the sheriff for fitness for duty reasons or discipline that is subject to review by the San Diego County Civil Service Commission.

(h) For a period of five years following the abolition of the marshal's office, personnel of the marshal's office who become employees of the sheriff's department shall not be transferred from the bureau in the sheriff's department under which court-related services and the service of civil and criminal process are consolidated, unless the transfer is voluntary or is the result of fitness for duty reasons or discipline that is subject to review by the San Diego County Civil Service Commission.

(i) Personnel of the marshal's office who become employees of the sheriff's department shall be entitled to request an assignment to another bureau or division within the sheriff's department, and that request shall be reviewed the same as any other request from within the department.

If a plan, or one of its contracting providers, issues a decision delaying, denying, or modifying health care services based in whole or in part on a finding that the proposed health care services are not a covered benefit under the contract that applies to the enrollee, the decision shall clearly specify the provisions in the contract that exclude that coverage.

(5) Keep in its files all copies of grievances, and the responses thereto, for a period of five years.

(b) (1) (A) After either completing the grievance process described in subdivision (a), or participating in the process for at least 30 days, a subscriber or enrollee may submit the grievance to the department for review. In any case determined by the department to be a case involving an imminent and serious threat to the health of the patient, including, but not limited to, severe pain, the potential loss of life, limb, or major bodily

function, or in any other case where the department determines that an earlier review is warranted, a subscriber or enrollee shall not be required to complete the grievance process or participate in the process for at least 30 days before submitting a grievance to the department for review.

(B) A grievance may be submitted to the department for review and resolution prior to any arbitration.

(C) Notwithstanding subparagraphs (A) and (B), the department may refer any grievance that does not pertain to compliance with this chapter to the State Department of Health Services, the California Department of Aging, the federal Health Care Financing Administration, or any other appropriate governmental entity for investigation and resolution.

(2) If the subscriber or enrollee is a minor, or is incompetent or incapacitated, the parent, guardian, conservator, relative, or other designee of the subscriber or enrollee, as appropriate, may submit the grievance to the department as the agent of the subscriber or enrollee. Further, a provider may join with, or otherwise assist, a subscriber or enrollee, or the agent, to submit the grievance to the department. In addition, following submission of the grievance to the department, the subscriber or enrollee, or the agent, may authorize the provider to assist, including advocating on behalf of the subscriber or enrollee. For purposes of this section, a ''relative'' includes the parent, stepparent, spouse, adult son or daughter, grandparent, brother, sister, uncle, or aunt of the subscriber or enrollee.

(3) The department shall review the written documents submitted with the subscriber's or the enrollee's request for review, or submitted by the agent on behalf of the subscriber or enrollee. The department may ask for additional information, and may hold an informal meeting with the involved parties, including providers who have joined in submitting the grievance or who are otherwise assisting or advocating on behalf of the subscriber or enrollee. If, after reviewing the record, the department concludes that the grievance, in whole or in part, is eligible for review under the independent medical review system established pursuant to Article 5.55 (commencing with Section 1374.30), the department shall immediately notify the subscriber or enrollee, or agent, of that option and shall, if requested orally or in writing, assist the subscriber or enrollee in participating in the independent medical review system.

(4) If, after reviewing the record of a grievance, the department concludes that a health care service eligible for coverage and payment under a health care service plan contract has been delayed, denied, or modified by a plan, or by one of its contracting providers, in whole or in part due to a determination that the service is not medically necessary, and that determination was not communicated to the enrollee in writing along with a notice of the enrollee's potential right to participate in the independent medical review system, as required by this chapter, the

director shall, by order, assess administrative penalties. A proceeding for the issuance of an order assessing administrative penalties shall be subject to appropriate notice of, and the opportunity for, a hearing with regard to the person affected in accordance with Section 1397. The administrative penalties shall not be deemed an exclusive remedy available to the director. These penalties shall be paid to the State Managed Care Fund.

(5) The department shall send a written notice of the final disposition of the grievance, and the reasons therefor, to the subscriber or enrollee, the agent, to any provider that has joined with or is otherwise assisting the subscriber or enrollee, and to the plan, within 30 calendar days of receipt of the request for review unless the director, in his or her discretion, determines that additional time is reasonably necessary to fully and fairly evaluate the relevant grievance. In any case not eligible for the independent medical review system established pursuant to Article 5.55 (commencing with Section 1374.30), the department's written notice shall include, at a minimum, the following:

(A) A summary of its findings and the reasons why the department found the plan to be, or not to be, in compliance with any applicable laws, regulations, or orders of the director.

(B) A discussion of the department's contact with any medical provider, or any other independent expert relied on by the department, along with a summary of the views and qualifications of that provider or expert.

(C) If the enrollee's grievance is sustained in whole or part, information about any corrective action taken.

(6) In any department review of a grievance involving a disputed health care service, as defined in subdivision (b) of Section 1374.30, that is not eligible for the independent medical review system established pursuant to Article 5.55 (commencing with Section 1374.30), in which the department finds that the plan has delayed, denied, or modified health care services that are medically necessary, based on the specific medical circumstances of the enrollee, and those services are a covered benefit under the terms and conditions of the health care service plan contract, the department's written notice shall either order the plan to promptly offer and provide those health care services to the enrollee, or order the plan to promptly reimburse the enrollee for any reasonable costs associated with urgent care or emergency services, or other extraordinary and compelling health care services, when the department finds that the enrollee's decision to secure those services outside of the plan network was reasonable under the circumstances. The department's order shall be binding on the plan.

(7) Distribution of the written notice shall not be deemed a waiver of any exemption or privilege under existing law, including, but not limited

to, Section 6254.5 of the Government Code, for any information in connection with and including the written notice, nor shall any person employed or in any way retained by the department be required to testify as to that information or notice.

(8) The director shall establish and maintain a system of aging of grievances that are pending and unresolved for 30 days or more, that shall include a brief explanation of the reasons each grievance is pending and unresolved for 30 days or more.

(9) A subscriber or enrollee, or the agent acting on behalf of a subscriber or enrollee, may also request voluntary mediation with the plan prior to exercising the right to submit a grievance to the department. The use of mediation services shall not preclude the right to submit a grievance to the department upon completion of mediation. In order to initiate mediation, the subscriber or enrollee, or the agent acting on behalf of the subscriber or enrollee, and the plan shall voluntarily agree to mediation. Expenses for mediation shall be borne equally by both sides. The department shall have no administrative or enforcement responsibilities in connection with the voluntary mediation process authorized by this paragraph.

(c) The plan's grievance system shall include a system of aging of grievances that are pending and unresolved for 30 days or more. The plan shall provide a quarterly report to the director of grievances pending and unresolved for 30 or more days with separate categories of grievances for Medicare enrollees and Medi-Cal enrollees. The plan shall include with the report a brief explanation of the reasons each grievance is pending and unresolved for 30 days or more. The plan may include the following statement in the quarterly report that is made available to the public by the director:

> ''Under Medicare and Medi-Cal law, Medicare enrollees and Medi-Cal enrollees each have separate avenues of appeal that are not available to other enrollees. Therefore, grievances pending and unresolved may reflect enrollees pursuing their Medicare or Medi-Cal appeal rights.''

If requested by a plan, the director shall include this statement in a written report made available to the public and prepared by the director that describes or compares grievances that are pending and unresolved with the plan for 30 days or more. Additionally, the director shall, if requested by a plan, append to that written report a brief explanation, provided in writing by the plan, of the reasons why grievances described in that written report are pending and unresolved for 30 days or more. The director shall not be required to include a statement or append a brief

explanation to a written report that the director is required to prepare under this chapter, including Sections 1380 and 1397.5.

(d) Subject to subparagraph (C) of paragraph (1) of subdivision (b), the grievance or resolution procedures authorized by this section shall be in addition to any other procedures that may be available to any person, and failure to pursue, exhaust, or engage in the procedures described in this section shall not preclude the use of any other remedy provided by law.

(e) Nothing in this section shall be construed to allow the submission to the department of any provider grievance under this section. However, as part of a provider's duty to advocate for medically appropriate health care for his or her patients pursuant to Sections 510 and 2056 of the Business and Professions Code, nothing in this subdivision shall be construed to prohibit a provider from contacting and informing the department about any concerns he or she has regarding compliance with or enforcement of this chapter.

SEC. 88. Section 1368.04 of the Health and Safety Code is amended to read:

1368.04. (a) The director shall investigate and take enforcement action against plans regarding grievances reviewed and found by the department to involve noncompliance with the requirements of this chapter, including grievances that have been reviewed pursuant to the independent medical review system established pursuant to Article 5.55 (commencing with Section 1374.30). Where substantial harm to an enrollee has occurred as a result of plan noncompliance, the director shall, by order, assess administrative penalties subject to appropriate notice of, and the opportunity for, a hearing with regard to the person affected in accordance with Section 1397. The administrative penalties shall not be deemed an exclusive remedy available to the director. These penalties shall be paid to the State Managed Care Fund. The director shall periodically evaluate grievances to determine if any audit, investigative, or enforcement actions should be undertaken by the department.

(b) The director may, after appropriate notice and opportunity for hearing in accordance with Section 1397, by order, assess administrative penalties if the director determines that a health care service plan has knowingly committed, or has performed with a frequency that indicates a general business practice, either of the following:

(1) Repeated failure to act promptly and reasonably to investigate and resolve grievances in accordance with Section 1368.01.

(2) Repeated failure to act promptly and reasonably to resolve grievances when the obligation of the plan to the enrollee or subscriber is reasonably clear.

(c) The administrative penalties available to the director pursuant to this section are not exclusive, and may be sought and employed in any combination with civil, criminal, and other administrative remedies deemed warranted by the director to enforce this chapter.

(d) The administrative penalties authorized pursuant to this section shall be paid to the State Managed Care Fund.

SEC. 89. Section 1370.4 of the Health and Safety Code is amended to read:

1370.4. (a) Every health care service plan shall provide an external, independent review process to examine the plan's coverage decisions regarding experimental or investigational therapies for individual enrollees who meet all of the following criteria:

(1) (A) The enrollee has a life-threatening or seriously debilitating condition.

(B) For purposes of this section, ''life-threatening'' means either or both of the following:

(i) Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.

(ii) Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

(C) For purposes of this section, ''seriously debilitating'' means diseases or conditions that cause major irreversible morbidity.

(2) The enrollee's physician certifies that the enrollee has a condition, as defined in paragraph (1), for which standard therapies have not been effective in improving the condition of the enrollee, for which standard therapies would not be medically appropriate for the enrollee, or for which there is no more beneficial standard therapy covered by the plan than the therapy proposed pursuant to paragraph (3).

(3) Either (A) the enrollee's physician, who is under contract with or employed by the plan, has recommended a drug, device, procedure or other therapy that the physician certifies in writing is likely to be more beneficial to the enrollee than any available standard therapies, or (B) the enrollee, or the enrollee's physician who is a licensed, board-certified or board-eligible physician qualified to practice in the area of practice appropriate to treat the enrollee's condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined in subdivision (d), is likely to be more beneficial for the enrollee than any available standard therapy. The physician certification pursuant to this subdivision shall include a statement of the evidence relied upon by the physician in certifying his or her recommendation. Nothing in this subdivision shall be construed to require the plan to pay for the services of a nonparticipating physician provided pursuant to this subdivision, that are not otherwise covered pursuant to the plan contact.

(4) The enrollee has been denied coverage by the plan for a drug, device, procedure, or other therapy recommended or requested pursuant to paragraph (3).

(5) The specific drug, device, procedure, or other therapy recommended pursuant to paragraph (3) would be a covered service, except for the plan's determination that the therapy is experimental or investigational.

(b) The plan's decision to delay, deny, or modify experimental or investigational therapies shall be subject to the independent medical review process under Article 5.55 (commencing with Section 1374.30) of this chapter except that, in lieu of the information specified in subdivision (i) of Section 1374.30, an independent medical reviewer shall base his or her determination on relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence defined in subdivision (d).

(c) The independent medical review process shall also meet the following criteria:

(1) The plan shall notify eligible enrollees in writing of the opportunity to request the external independent review within five business days of the decision to deny coverage.

(2) If the enrollee's physician determines that the proposed therapy would be significantly less effective if not promptly initiated, the analyses and recommendations of the experts on the panel shall be rendered within seven days of the request for expedited review. At the request of the expert, the deadline shall be extended by up to three days for a delay in providing the documents required. The timeframes specified in this paragraph shall be in addition to any otherwise applicable timeframes contained in subdivision (c) of Section 1374.33.

(3) Each expert's analysis and recommendation shall be in written form and state the reasons the requested therapy is or is not likely to be more beneficial for the enrollee than any available standard therapy, and the reasons that the expert recommends that the therapy should or should not be provided by the plan, citing the enrollee's specific medical condition, the relevant documents provided, and the relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence as defined in subdivision (d), to support the expert's recommendation.

(4) Coverage for the services required under this section shall be provided subject to the terms and conditions generally applicable to other benefits under the plan contract.

(d) For the purposes of subdivision (b), ''medical and scientific evidence'' means the following sources:

(1) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized

requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

(2) Peer-reviewed literature, biomedical compendia, and other medical literature that meet the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS data base Health Services Technology Assessment Research (HSTAR).

(3) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.

(4) The following standard reference compendia: The American Hospital Formulary Service-Drug Information, the American Medical Association Drug Evaluation, the American Dental Association Accepted Dental Therapeutics, and the United States Pharmacopoeia-Drug Information.

(5) Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.

(6) Peer-reviewed abstracts accepted for presentation at major medical association meetings.

(e) The independent review process established by this section shall be required on and after January 1, 2001.

SEC. 90. Section 1374.32 of the Health and Safety Code is amended to read:

The independent medical review organizations shall be independent of any health care service plan doing business in this state. The director may establish additional requirements, including conflict-of-interest standards, consistent with the purposes of this article, that an organization shall be required to meet in order to qualify for participation in the Independent Medical Review System and to assist the department in carrying out its responsibilities.

(b) The independent medical review organizations and the medical professionals retained to conduct reviews shall be deemed to be medical consultants for purposes of Section 43.98 of the Civil Code.

(c) The independent medical review organization, any experts it designates to conduct a review, or any officer, director, or employee of the independent medical review organization shall not have any material

(6) The enrollee or the enrollee's immediate family.

(d) In order to contract with the department for purposes of this article, an independent medical review organization shall meet all of the following requirements:

(1) The organization shall not be an affiliate or a subsidiary of, nor in any way be owned or controlled by, a health plan or a trade association of health plans. A board member, director, officer, or employee of the independent medical review organization shall not serve as a board member, director, or employee of a health care service plan. A board member, director, or officer of a health plan or a trade association of health plans shall not serve as a board member, director, officer, or employee of an independent medical review organization.

Any change in this information shall be reported to the department within five business days of the change.

(F) A description of the review process including, but not limited to, the method of selecting expert reviewers and matching the expert reviewers to specific cases.

(G) A description of the system the independent medical review organization uses to identify and recruit medical professionals to review treatment and treatment recommendation decisions, the number of medical professionals credentialed, and the types of cases and areas of expertise that the medical professionals are credentialed to review.

(H) A description of how the independent medical review organization ensures compliance with the conflict-of-interest provisions of this section.

(3) The organization shall demonstrate that it has a quality assurance mechanism in place that does the following:

(A) Ensures that the medical professionals retained are appropriately credentialed and privileged.

(B) Ensures that the reviews provided by the medical professionals are timely, clear, and credible, and that reviews are monitored for quality on an ongoing basis.

(D) Ensures the confidentiality of medical records and the review materials, consistent with the requirements of this section and applicable state and federal law.

(E) Ensures the independence of the medical professionals retained to perform the reviews through conflict-of-interest policies and prohibitions, and ensures adequate screening for conflicts-of-interest, pursuant to paragraph (5).

(4) Medical professionals selected by independent medical review organizations to review medical treatment decisions shall be physicians or other appropriate providers who meet the following minimum requirements:

The independent medical review organization shall give preference to the use of a physician licensed in California as the reviewer, except when training and experience with the issue under review reasonably requires the use of an out-of-state reviewer.

(C) The medical professional shall have no history of disciplinary action or sanctions, including, but not limited to, loss of staff privileges or participation restrictions, taken or pending by any hospital, government, or regulatory body.

(5) Neither the expert reviewer, nor the independent medical review organization, shall have any material professional, material familial, or material financial affiliation with any of the following:

(A) The plan or a provider group of the plan, except that an academic medical center under contract to the plan to provide services to enrollees may qualify as an independent medical review organization provided it will not provide the service and provided the center is not the developer or manufacturer of the proposed treatment.

(B) Any officer, director, or management employee of the plan.

(C) The physician, the physician's medical group, or the independent practice association (IPA) proposing the treatment.

(D) The institution at which the treatment would be provided.

''Material professional affiliation'' does not include affiliations that are limited to staff privileges at a health facility.

(C) ''Material financial affiliation'' means any financial interest of more than 5 percent of total annual revenue or total annual income of an independent medical review organization or individual to which this subdivision applies. ''Material financial affiliation'' does not include payment by the plan to the independent medical review organization for the services required by this section, nor does ''material financial affiliation'' include an expert's participation as a contracting plan provider where the expert is affiliated with an academic medical center or a National Cancer Institute-designated clinical cancer research center.

(e) The department shall provide, upon the request of any interested person, a copy of all nonproprietary information, as determined by the director, filed with it by an independent medical review organization seeking to contract under this article. The department may charge a nominal fee to the interested person for photocopying the requested information.

SEC. 91. Section 1386 of the Health and Safety Code is amended to read:

1386. (a) The director may, after appropriate notice and opportunity for a hearing, by order, suspend or revoke any license issued under this chapter to a health care service plan or assess administrative penalties if the director determines that the licensee has committed any of the acts or omissions constituting grounds for disciplinary action.

(b) The following acts or omissions constitute grounds for disciplinary action by the director:

(1) The plan is operating at variance with the basic organizational documents as filed pursuant to Section 1351 or 1352, or with its published plan, or in any manner contrary to that described in, and reasonably inferred from, the plan as contained in its application for licensure and annual report, or any modification thereof, unless amendments allowing the variation have been submitted to, and approved by, the director.

(2) The plan has issued, or permits others to use, evidence of coverage or uses a schedule of charges for health care services which do not comply with those published in the latest evidence of coverage found unobjectionable by the director.

(3) The plan does not provide basic health care services to its enrollees and subscribers as set forth in the evidence of coverage. This subdivision shall not apply to specialized health care service plan contracts.

(4) The plan is no longer able to meet the standards set forth in Article 5 (commencing with Section 1367).

(5) The continued operation of the plan will constitute a substantial risk to its subscribers and enrollees.

(6) The plan has violated or attempted to violate, or conspired to violate, directly or indirectly, or assisted in or abetted a violation or conspiracy to violate any provision of this chapter, any rule or regulation adopted by the director pursuant to this chapter, or any order issued by the director.

(8) The plan has permitted, or aided or abetted any violation by an employee or contractor who is a holder of any certificate, license, permit, registration or exemption issued pursuant to the Business and Professions Code, or this code which would constitute grounds for discipline against the certificate, license, permit, registration, or exemption.

(9) The plan has aided or abetted or permitted the commission of any illegal act.

(10) The engagement of a person as an officer, director, employee, associate, or provider of the plan contrary to the provisions of an order issued by the director pursuant to subdivision (c) of this section or subdivision (d) of Section 1388.

(15) The plan violates the Confidentiality of Medical Information Act (Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code).

(c) (1) The director may prohibit any person from serving as an officer, director, employee, associate, or provider of any plan or solicitor

firm, or of any management company of any plan, or as a solicitor, if either of the following applies:

SEC. 92. Section 1507.3 of the Health and Safety Code is amended to read:

1507.3. (a) A residential facility that provides care to adults may obtain a waiver from the department for the purpose of allowing a resident who has been diagnosed as terminally ill by his or her physician or surgeon to remain in the facility when all of the following conditions are met:

(1) The facility agrees to retain the terminally ill resident and to seek a waiver on behalf of the individual, provided the individual has requested the waiver and is capable of deciding to obtain hospice services.

(2) The terminally ill resident has obtained the services of a hospice certified in accordance with federal medicare conditions of participation and licensed pursuant to Chapter 8 (commencing with Section 1725) or Chapter 8.5 (commencing with Section 1745).

(3) The facility, in the judgment of the department, has the ability to provide care and supervision appropriate to meet the needs of the terminally ill resident, and is in substantial compliance with regulations governing the operation of residential facilities that provide care to adults.

(4) The hospice has agreed to design and provide for care, services, and necessary medical intervention related to the terminal illness as necessary to supplement the care and supervision provided by the facility.

(5) An agreement has been executed between the facility and the hospice regarding the care plan for the resident. The care plan shall designate the primary caregiver, identify other caregivers, and outline

the tasks the facility is responsible for performing and the approximate frequency with which they shall be performed. The care plan shall specifically limit the facility's role for care and supervision to those tasks authorized for a residential facility under this chapter.

(6) The facility has obtained the agreement of those residents who share the same room with the terminally ill resident to allow the hospice caregivers into their residence.

(b) At any time that the licensed hospice, the facility, or the terminally ill resident determines that the resident's condition has changed so that continued residence in the facility will pose a threat to the health and safety of the terminally ill resident or any other resident, the facility may initiate procedures for a transfer.

(c) Nothing in this section is intended to expand the scope of care and supervision for a residential facility, as defined in this chapter, that provides care to adults nor shall a facility be required to alter or extend its license in order to retain a terminally ill resident as authorized by this section.

(d) Nothing in this section shall require any care or supervision to be provided by the residential facility beyond that which is permitted in this chapter.

(e) Nothing in this section is intended to expand the scope of life care contracts or the contractual obligation of continuing care retirement communities as defined in Section 1771.

(f) The department shall not be responsible for the evaluation of medical services provided to the resident by the hospice and shall have no liability for the independent acts of the hospice.

(g) The department, in consultation with the State Fire Marshal, shall develop and expedite implementation of regulations related to residents who have been diagnosed as terminally ill who remain in the facility and who are nonambulatory that ensure resident safety but also provide flexibility to allow residents to remain in the least restrictive environment.

(h) Nothing in this section shall be construed to relieve a licensed residential facility that provides care to adults of its responsibility, for purposes of allowing a resident who has been diagnosed as terminally ill to remain in the facility, to do both of the following:

(1) With regard to any resident who is bedridden, as defined in subdivision (b) of Section 1569.72, to, within 48 hours of the resident's retention in the facility, notify the local fire authority with jurisdiction in the bedridden resident's location of the estimated length of time the resident will retain his or her bedridden status in the facility.

(2) Secure a fire clearance approval from the city or county fire department, fire district, or any other local agency providing fire

protection services, or the State Fire Marshal, whichever has primary fire protection jurisdiction.

(b) The ''6 to 6'' program shall consist of an extended schoolday program that is operated by a community-based organization, child care agency, or other entity that has demonstrated the ability to provide services to schoolage children pursuant to a contract with a public school district or city. The ''6 to 6'' program shall meet all of the following conditions:

(1) The program shall be operated on a schoolsite that is in current use by the public school or school district that has collaborated with the City of San Diego for the purpose of providing an extended schoolday program. The program shall serve the children who regularly attend school within the district or districts, exclusively. The hours of operation shall begin before school no earlier than 6:00 a.m. and operate after school to 6:00 p.m., except for evening parent meetings that may be scheduled later than 6:00 p.m.

(2) The city shall ensure all of the following:

(A) That employees of the operator of the ''6 to 6'' program have had a criminal background check performed by the Department of Justice. In this regard, the city shall ensure that the name of and identifying data about each prospective employee has been submitted to the Department of Justice to determine if the individual is listed in the department's child abuse index maintained pursuant to Section 11170 of the Penal Code. The city may deny participation of an individual in the ''6 to 6'' program if a purported incident of child abuse is determined, after independent investigation, to be substantiated as provided in Section 1522.1. The results of the criminal background check and child abuse index review shall be maintained by the city for purposes of notification of future convictions or suspected child abuse incidents.

(B) That each operator of the ''6 to 6'' program is familiar with and follows health-related services procedures as specified in Section 101226 of Title 22 of the California Code of Regulations.

(C) That each operator of the ''6 to 6'' program maintains emergency information on each child that includes, but is not limited to, the telephone number of the child's parents or guardians, the telephone number of the child's physician or the name and telephone number of the child's health plan or contact person, and an alternative name and telephone number.

(3) Any individuals employed as site supervisors shall meet the center director qualifications specified in Section 101515 of Title 22 of the California Code of Regulations.

(4) All individuals employed by the ''6 to 6'' program shall be over the age of 18 years and shall meet, at a minimum, the minimum qualifications for an instructional aide established for purposes of Section 8483.4 of the Education Code, or the equivalent qualifications.

(5) All staff shall have training in cardiopulmonary resuscitation and first aid.

(6) All staff shall have a negative tuberculosis test or chest X-ray within the last three years.

(7) All staff shall be familiar with and adhere to the emergency procedures established by the school where the program is located.

(8) The contract with the city or school district shall include, but not be limited to, all of the following:

(A) A requirement that site directors meet the requirements for site directors of schoolage day care centers set forth in Section 1597.21.

(B) A requirement that the contractor require a child-to-staff ratio that is the pupil-to-staff ratio set forth in Section 8483.4 of the Education Code. The contract shall contain a provision that requires the contractor to maintain the minimum staffing ratio pursuant to this paragraph and shall contain protocols for maintaining required staffing ratios in the event of illness, accidents, and other emergencies and staffing breaks and other situations of absences.

(C) A requirement that the contractor comply with sign-in and sign-out regulations otherwise applicable by regulation to extended schoolday programs pursuant to Section 101529.1 of Title 22 of the California Code of Regulations.

(D) A complaint process established by the city with protocols that shall include a requirement that the contractor comply with all of the following:

(i) Post, in a visible location at all sites, the names and telephone numbers of the site director and city program contact to each participant's parents or guardian.

(ii) Provide to each participant's parents or guardian the names and telephone numbers specified in clause (i).

(E) A provision guaranteeing the city's timely investigation of accidents and complaints and providing for the immediate administrative leave of contracted employees pending the outcome of the investigation in cases relating to allegations involving a substantial threat to the health and safety of the children under the contractor's care. All parents shall be notified of the complaint process at the time of registration.

(9) All classrooms or portable classrooms utilized by the ''6 to 6'' program providing extended day care shall meet all standards applicable for use during the regular schoolday.

(c) The ''6 to 6'' program shall be planned through a neighborhood community collaborative partnership process that includes the city, school district, school administrators, government agencies, community organizations, parents, youth, and the private sector.

(d) In addition to the exemptions set forth in Section 1596.792, this chapter shall not apply to the ''6 to 6'' program if the contracting city ensures the program is operated in compliance with the requirements of this section.

(e) (1) The city shall secure the services of an independent entity to evaluate the ''6 to 6'' program. The Community Care Licensing Division of the department and the city shall agree upon the independent evaluator. The city shall bear the cost of the evaluation.

(2) The evaluation shall be conducted upon the completion of the pilot project and shall evaluate the health and safety of the participants in the ''6 to 6'' program, with a particular focus on children ages five to eight years, inclusive.

(3) The evaluation shall include, but not be limited to, the health and safety of the children, information on staff to pupil ratio, site and program monitoring, and extent and progress of participation, tutoring, literacy, and homework assistance.

(4) The independent evaluator designated pursuant to paragraph (1) shall have experience in program evaluation, with a preference for expertise in children's programs. The independent evaluator shall not have any conflicts of interest with the independent evaluator's duties pursuant to this section.

(5) The results of the evaluation shall be forwarded to the Legislature.

(6) The city shall maintain any records necessary in order for the evaluation to be completed. The city shall compare the results of the evaluation to local community care licensing data.

(f) No charges or costs associated with the provision of care shall be imposed upon participants in the ''6 to 6'' program.

(g) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 94. Section 13933 of the Health and Safety Code is amended and renumbered to read:

1374.34. (a) Upon receiving the decision adopted by the director pursuant to Section 1374.33 that a disputed health care service is medically necessary, the plan shall immediately contact the enrollee and offer to promptly implement the decision.

(b) A plan shall not engage in any conduct that has the effect of prolonging the independent review process. The engaging in that conduct or the failure of the plan to promptly implement the decision is a violation of this chapter and, in addition to any other fines, penalties, and other remedies available to the director under this chapter, the plan shall be subject to an administrative penalty of not less than five thousand dollars ($5,000) for each day that the decision is not implemented. Administrative penalties shall be deposited in the State Managed Care Fund.

(c) In any case where an enrollee secured urgent care or emergency services outside of the plan provider network, which services are later found by the independent medical review organization to have been medically necessary pursuant to Section 1374.33, the director shall require the plan to promptly reimburse the enrollee for any reasonable costs associated with those services when the director finds that the enrollee's decision to secure the services outside of the plan provider network prior to completing the plan grievance process or seeking an independent medical review was reasonable under the circumstances and the disputed health care services were a covered benefit under the terms and conditions of the health care service plan contract.

(d) In addition to requiring plan compliance regarding subdivisions (a), (b), and (c), the director shall review individual cases submitted for independent medical review to determine whether any enforcement actions, including penalties, may be appropriate. In particular, where substantial harm to an enrollee has already occurred because of the decision of a plan, or one of its contracting providers, to delay, deny, or modify covered health care services that an independent medical review determines to be medically necessary pursuant to Section 1374.33, the director shall impose penalties.

(e) Pursuant to Section 1368.04, the director shall perform an annual audit of independent medical review cases for the dual purposes of education and the opportunity to determine if any investigative or enforcement actions should be undertaken by the department, particularly if a plan repeatedly fails to act promptly and reasonably to resolve grievances associated with a delay, denial, or modification of

medically necessary health care services when the obligation of the plan to provide those health care services to enrollees or subscribers is reasonably clear.

SEC. 95. Section 25390.4 of the Health and Safety Code is amended to read:

25390.4. (a) A potentially responsible party may file a claim pursuant to paragraph (1) of subdivision (c) of Section 25390.3 only if all of the following apply:

(1) The site is listed pursuant to Section 25356.

(2) The department or the regional board has approved a final remedy for the site under Section 25356.1.

(3) The department and the potentially responsible party have entered into a written, enforceable cleanup agreement or order embodied in a consent order issued pursuant to Section 25355.5 or 25358.3, or the regional board and the potentially responsible party have entered into a written, enforceable cleanup agreement or order that provides for the completion of all response actions necessary at the site, conducted pursuant to this chapter and under the oversight and at the direction of the department or the regional board. The agreement shall provide for the payment by the potentially responsible party of the department's or the regional board's response costs.

(4) The potentially responsible party demonstrates, and the department or the regional board finds, that the potentially responsible party has and will have sufficient financial resources to complete all required response actions.

(5) The potentially responsible party is in compliance with the agreement provided in paragraph (3), and with any other applicable order or agreement pertaining to the potentially responsible party's obligations with respect to the site.

(6) The potentially responsible party has prepared and provided the information required under subdivision (b) of Section 25390.5.

(7) The claim for reimbursement is for the costs incurred for response actions that were subject to the oversight and approval of the department or the regional board.

(b) The administrator of the fund shall prescribe appropriate application forms and procedures for claims filed pursuant to paragraph (1) of subdivision (c) of Section 25390.3 that shall include all of the following:

(1) Requirements that the claimant provide, at a minimum, all of the following documentation:

(A) A sworn verification of the claim to the best of the information known to the claimant or within the claimant's possession or control.

(B) All records and information pertaining to the site and relevant to the ownership, operation, or control of the site, or to the ownership,

possession, generation, treatment, transportation, storage or disposal of a hazardous substance, pollutant, or contaminant at or in connection with the site, within the possession or control of the claimant, including, but not limited to, the information specified in subdivision (b) of Section 25358.1.

(C) Certification of all response costs that have been, or will be, incurred at the site by the potentially responsible party, and an estimate of the total cost of completion of the approved final remedy at the site.

(2) Procedures specifying that claims shall be filed only at the two following specific time periods during the performance of a response action:

(A) After the final remedy is selected under Section 25356.1.

(B) After the department or the regional board determines that the response action is complete. The department or the regional board shall not include operation and maintenance activities in determining whether the response action is complete under this subparagraph.

(c) The administrator of the fund shall annually, on a fiscal year basis, pay claims for reimbursement from the fund filed by potentially responsible parties under paragraph (1) of subdivision (c) of Section 25390.3, in accordance with the following procedures:

(1) Claims for funds available during each fiscal year shall be filed with the administrator by July 30 of that fiscal year.

(2) For sites with multiple responsible parties, all potentially responsible parties that have entered into the cleanup agreement specified in paragraph (3) of subdivision (a) of Section 25390.4 shall file a single claim.

(3) (A) The administrator shall allocate the money available in the fund for the fiscal year among the claims filed by the July 30 deadline. The allocation shall be based on the determination of the orphan share percentage at the facility under the process set forth in Section 25390.5, the long-term financial stability and short-term resources available in the fund, and the administrator's fiduciary duty with respect to the fund. Except as provided in subparagraph (B), the administrator shall pay claims for funds in the order in which they are received.

(B) Notwithstanding subparagraph (A), if an appropriation from the General Fund is made to the fund in any fiscal year, the administrator may alter the order of payment of claims required by subparagraph (A) by using funds appropriated from the General Fund to pay claims based on the threat to public health or the environment posed by a site or the need to improve economic and environmental conditions in redeveloping communities.

(4) The total amount allocated to any one site shall not exceed 10 percent of the total amount available each fiscal year in the fund. If, due to this limit or to the unavailability of funds, a claimant receives only

partial or no reimbursement of the orphan share paid by that claimant, the claim shall be paid in the following fiscal year and shall be given priority over all claims filed after the claim was initially received, subject to the discretion of the administrator set forth in paragraph (3).

(5) The administrator's proposed allocation shall be subject to public review and comment for 30 days.

(d) The state and the fund have no obligation to provide full reimbursement to a claimant. The fund shall be allocated at the discretion of the administrator, subject to the requirements of this article. In enacting this article, the Legislature intends that claimants be reimbursed only to the extent that money is available in the fund and is allocated to the claimant by the administrator.

SEC. 96. Section 32121.7 of the Health and Safety Code is amended to read:

32121.7. Notwithstanding any other provision of law, the transfer of assets by El Camino Hospital, a California nonprofit public benefit corporation (''El Camino Hospital-Corporation'') that owns and operates El Camino Hospital, located in the City of Mountain View, pursuant to a transfer and ground lease from the El Camino Hospital District pursuant to subdivision (p) of Section 32121, is subject to this section.

(a) Before El Camino Hospital-Corporation transfers 50 percent or more of its assets, at fair market value, to one or more corporations, trusts, associations, partnerships, limited liability companies, or other entities or persons, in sum or by increment, the Board of Directors of El Camino Hospital District shall, by resolution, submit to the voters of the El Camino Hospital District a measure proposing the transfer. The measure shall be placed on the ballot of the special election held upon the request of the El Camino Hospital District or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the Board of El Camino Hospital District. If a majority of the voters voting on the measure vote in favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(b) El Camino Hospital-Corporation may transfer, for the benefit of the community served by the El Camino Hospital District, in the absence of adequate consideration, any part of the assets of El Camino Hospital-Corporation, including without limitation, the El Camino Hospital, the real property, equipment and other fixed assets, current assets, and cash, relating to the operation of El Camino Hospital to one or more nonprofit corporations, trusts, or associations to operate and maintain the assets.

(1) Any transfer of 50 percent or more of El Camino Hospital-Corporation's assets in sum or by increment, pursuant to this subdivision shall be deemed to be for the benefit of the community served by the El Camino Hospital District only if all of the following occur:

(A) The transfer agreement and all arrangements necessary thereto are approved by the Board of Directors of El Camino Hospital District, and the agreement and arrangements are fully discussed in advance of the board's decision to transfer the assets of El Camino Hospital-Corporation, in at least five properly noticed open and public meetings of the Board of Directors of El Camino Hospital District in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(B) The transfer agreement provides that the El Camino Hospital District shall approve all initial board members of the nonprofit corporation, trust, or association, and any subsequent board members as may be specified in the transfer agreement.

(C) The transfer agreement provides that all assets transferred to the nonprofit corporation, trust, or association, and all assets accumulated by the nonprofit corporation, trust, or association during the term of the transfer agreement arising out of or from the operation of the transferred assets shall be transferred back to the El Camino Hospital District upon termination of the transfer agreement, including any extension of the transfer agreement.

(D) The transfer agreement commits the nonprofit corporation, trust, or association to operate and maintain the assets of El Camino Hospital-Corporation for the benefit of the community served by the El Camino Hospital District.

(E) The transfer agreement requires that any funds received from the El Camino Hospital-Corporation at the outset of the agreement or any time thereafter during the term of the agreement be used only to reduce the El Camino Hospital-Corporation indebtedness, to acquire needed equipment for the El Camino Hospital-Corporation health care facilities, to operate, maintain, and make needed capital improvements to those health care facilities, to provide supplemental health care services or facilities for the communities served by the El Camino Hospital District, or to conduct other activities that would further a valid public purpose if undertaken directly by the El Camino Hospital District.

(2) A transfer of 33 percent or more but less than 50 percent of the El Camino Hospital-Corporation's assets, in sum or by increment, pursuant to this subdivision shall be deemed to be for the benefit of the communities served by the El Camino Hospital District only if both of the following occur:

(A) The transfer agreement and all arrangements necessary thereto are approved by the Board of Directors of El Camino Hospital District and the agreement and arrangements are fully discussed in advance of the board's decision to transfer the assets of El Camino Hospital-Corporation in at least two properly noticed open and public meetings of the Board of Directors of El Camino Hospital District in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(B) The transfer agreement meets all of the requirements of subparagraphs (B) to (E), inclusive, of paragraph (1).

(3) A transfer of 10 percent or more but less than 33 percent of the El Camino Hospital-Corporation's assets, in sum or by increment, pursuant to this subdivision shall be deemed to be for the benefit of the communities served by the El Camino Hospital District only if both of the following occur:

(A) The transfer agreement and all arrangements necessary thereto are approved by the Board of Directors of El Camino Hospital District and the agreement and arrangements are fully discussed in advance of the board's decision to transfer the assets of El Camino Hospital-Corporation in at least two properly noticed open and public meetings of the Board of Directors of El Camino Hospital District in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(B) The transfer agreement meets all of the requirements of subparagraphs (C) to (E), inclusive, of paragraph (1).

(4) Before El Camino Hospital-Corporation transfers, pursuant to this subdivision, 50 percent or more of its assets to one or more nonprofit corporations, trusts, or associations, in sum or by increment, the Board of Directors of El Camino Hospital District shall, by resolution, submit to the voters of the El Camino Hospital District a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of El Camino Hospital District or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the El Camino Hospital District. If a majority of the voters voting on the measure vote in its favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(5) Notwithstanding any other provision of this subdivision, El Camino Hospital-Corporation shall not transfer any portion of its assets to a private nonprofit corporation, trust, or association that is owned or

controlled by a religious creed, church, or sectarian denomination in the absence of adequate consideration.

(c) If the El Camino Hospital-Corporation board has previously transferred less than 50 percent of its assets pursuant to this subdivision, before any additional assets are transferred, the board shall hold a public hearing and shall make a public determination that the additional assets to be transferred will not, in combination with any assets previously transferred, equal 50 percent or more of the total assets.

(d) For purposes of this section, a ''transfer'' means the transfer of ownership of the assets of El Camino Hospital-Corporation. A lease of the real property or the tangible personal property of El Camino Hospital District shall not be subject to this section except as required under Section 32121.4 or Section 32121.8.

(e) If El Camino Hospital District requests a special election pursuant to subdivision (a) or (b) it shall reimburse counties for the costs of that special election as prescribed pursuant to Section 10520 of the Elections Code.

(f) The limitations set forth in subdivisions (a) and (b) shall not apply to any transfers, sales, leases, or other assignments of assets from El Camino Hospital-Corporation to El Camino Hospital District or entities controlled by El Camino Hospital District, provided that in the case of a transfer to an entity controlled by El Camino Hospital District, that entity shall continue to be governed by this section, imposing the same requirements on such entity as are imposed on El Camino Hospital-Corporation.

(g) Nothing in this section shall limit, modify, or otherwise alter the requirements imposed on El Camino Hospital-Corporation as a nonprofit corporation under the Corporations Code, including Attorney General notice and consent requirements if applicable.

SEC. 97. Section 33333.6 of the Health and Safety Code is amended to read:

33333.6. The limitations of this section shall apply to every redevelopment plan adopted on or before December 31, 1993.

(a) (1) The time limit on the establishing of loans, advances, and indebtedness adopted pursuant to paragraph (2) of subdivision (a) of Section 33333.2 or paragraph (2) of subdivision (a) of Section 33333.4 shall not exceed 20 years from the adoption of the redevelopment plan or January 1, 2004, whichever is later. This limit, however, shall not prevent agencies from incurring debt to be paid from the Low and Moderate Income Housing Fund or establishing more debt in order to fulfill the agency's housing obligations under Section 33413. This limit shall not prevent agencies from refinancing, refunding, or restructuring indebtedness after the time limit if the indebtedness is not increased and

the time during which the indebtedness is to be repaid does not exceed the date on which the indebtedness would have been paid.

(2) The time limitation established by this subdivision may be extended, only by amendment of the redevelopment plan, after the agency finds, based on substantial evidence, that: (A) significant blight remains within the project area, and (B) this blight cannot be eliminated without the establishment of additional debt. However, this amended time limitation may not exceed 10 years from the time limit established pursuant to this subdivision or the time limit on the effectiveness of the plan established pursuant to subdivision (b), whichever is earlier.

(b) The effectiveness of every redevelopment plan to which this section applies shall terminate at a date which shall not exceed 40 years from the adoption of the redevelopment plan or January 1, 2009, whichever is later. After the time limit on the effectiveness of the redevelopment plan, the agency shall have no authority to act pursuant to the redevelopment plan except to pay previously incurred indebtedness and to enforce existing covenants, contracts, or other obligations.

(c) Except as provided in subdivisions (g) and (h), a redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670 after 10 years from the termination of the effectiveness of the redevelopment plan pursuant to subdivision (b).

(d) (1) If plans that had different dates of adoption were merged on or before December 31, 1993, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan. If an amendment to a redevelopment plan added territory to the project area on or before December 31, 1993, the time limitations required by this section shall commence, with respect to the redevelopment plan, from the date of the adoption of the redevelopment plan, and, with respect to the added territory, from the date of the adoption of the amendment.

(2) If plans that had different dates of adoption are merged on or after January 1, 1994, the time limitations required by this section shall be counted individually for each merged plan from the date of the adoption of each plan.

(e) (1) Unless a redevelopment plan adopted prior to January 1, 1994, contains all of the limitations required by this section and each of these limitations does not exceed the applicable time limits established by this section, the legislative body, acting by ordinance on or before December 31, 1994, shall amend every redevelopment plan adopted prior to January 1, 1994, either to amend an existing time limit that exceeds the applicable time limit established by this section or to establish time limits that do not exceed the provisions of subdivision (a), (b), or (c).

(2) The limitations established in the ordinance adopted pursuant to this section shall apply to the redevelopment plan as if the redevelopment plan had been amended to include those limitations. However, in adopting the ordinance required by this section, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(f) (1) If a redevelopment plan adopted prior to January 1, 1994, contains one or more limitations required by this section, and the limitation does not exceed the applicable time limit required by this section, this section shall not be construed to require an amendment of this limitation.

(2) A redevelopment plan adopted prior to January 1, 1994, that has a limitation shorter than the terms provided in this section may be amended by a legislative body by adoption of an ordinance on or after January 1, 1999, but on or before December 31, 1999, to extend the limitation, provided that the plan as so amended does not exceed the terms provided in this section. The ordinance authorized by this subdivision shall not be used to extend a limitation pursuant to the authority in paragraph (2) of subdivision (a). In adopting this ordinance, neither the legislative body nor the agency is required to comply with Section 33354.6 or Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans.

(g) The limitations established in the ordinance adopted pursuant to this section shall not be applied to limit allocation of taxes to an agency to the extent required to eliminate project deficits created under subdivision (e) of Section 33320.5, subdivision (g) of Section 33334.6, or subdivision (d) of Section 33487, in accordance with the plan adopted pursuant thereto for the purpose of eliminating the deficits or to implement a replacement housing program pursuant to Section 33413. In the event of a conflict between these limitations and the obligations under Section 33334.6 or to implement a replacement housing program pursuant to Section 33413, the legislative body shall amend the ordinance adopted pursuant to this section to modify the limitations to the extent necessary to permit compliance with the plan adopted pursuant to subdivision (g) of Section 33334.6 and to allow full expenditure of moneys in the agency's Low and Moderate Income Housing Fund in accordance with Section 33334.3 or to permit implementation of the replacement housing program pursuant to Section 33413. The procedure for amending the ordinance pursuant to this subdivision shall be the same as for adopting the ordinance under subdivision (e).

(h) This section shall not be construed to affect the validity of any bond, indebtedness, or other obligation, including any mitigation agreement entered into pursuant to Section 33401, authorized by the legislative body, or the agency pursuant to this part, prior to January 1, 1994. This section shall not be construed to affect the right of an agency to receive property taxes, pursuant to Section 33670, to pay the bond, indebtedness, or other obligation.

(i) A redevelopment agency shall not pay indebtedness or receive property taxes pursuant to Section 33670, with respect to a redevelopment plan adopted prior to January 1, 1994, after the date identified in subdivision (c) or the date identified in the redevelopment plan, whichever is earlier, except as provided in paragraph (2) of subdivision (f) or in subdivision (h).

(j) The Legislature finds and declares that the amendments made to this section by the act that adds this subdivision are intended to add limitations to the law on and after January 1, 1994, and are not intended to change or express legislative intent with respect to the law prior to that date. It is not the intent of the Legislature to affect the merits of any litigation regarding the ability of a redevelopment agency to sell bonds for a term that exceeds the limit of a redevelopment plan pursuant to law that existed prior to January 1, 1994.

(k) If a redevelopment plan is amended to add territory, the amendment shall contain the time limits required by Section 33333.2.

SEC. 98. Section 33334.17 of the Health and Safety Code is amended to read:

33334.17. (a) The Legislature finds and declares that the cost and availability of land, construction costs, geophysical and environmental constraints, household incomes, the market for affordable housing, commuting patterns, and other related factors make it difficult for some communities to provide their share of regional housing needs for persons and households at all income levels. While the Legislature finds that each community has a moral and legal obligation to meet these needs, the Legislature recognizes that there are instances where the use of housing funds in one community will result in the construction or rehabilitation of more housing units than in another community. For the sole purpose of increasing the state's supply of affordable housing, it is, therefore, necessary and appropriate that agencies in these communities be permitted, under specified conditions, to use a portion of the moneys in their Low and Moderate Income Housing Funds outside these communities.

(b) Notwithstanding subdivision (c) of Section 33334.3 or Section 33670, an agency may, not more than once every five years, use up to 20 percent of the moneys in its Low and Moderate Income Housing Fund at any one time to develop housing outside the territorial jurisdiction of

the agency, pursuant to this section. In determining the amount of funds that can be transferred pursuant to this section, the agency may transfer up to 20 percent of the balance of its Low and Moderate Income Housing Fund moneys reflected in the accounts of the agency at the end of the previous fiscal year, or 20 percent of the average balance of its Low and Moderate Income Housing Fund moneys reflected in the accounts of the agency at the end of each of the previous two years, whichever is greater.

(c) Each of the following conditions shall be met and described in a mutually acceptable, binding contract between the donor agency, the legislative body of the donor community, and the legislative body of the receiving community:

(1) Moneys from the fund shall be used in the receiving community to pay for the direct costs of constructing, rehabilitating, or otherwise assisting housing units which are affordable, for at least 40 years, to lower income households and very low income households, as defined in Sections 50079.5 and 50105. The donor agency or the receiving community shall not spend money in a Low and Moderate Income Housing Fund in any way which is inconsistent with the requirements of Section 33334.3. The receiving community shall be subject to the same replacement requirements provided in Section 33413 and any relocation requirements applicable pursuant to Section 7260 of the Government Code.

(2) A donor agency's use of this section shall result in the development of a greater number of dwelling units and the accumulation of more financial and nonfinancial resources in the receiving community than if the moneys had been spent in the jurisdiction of the donor agency.

(3) The receiving community shall construct, rehabilitate, or assist housing units within three years of the date it first receives moneys from the donor agency pursuant to this section. This requirement shall be met by documenting, for newly constructed units, that a building permit has been issued and all fees have been paid or, for rehabilitated or assisted units, that rehabilitation has been completed or assistance has been provided.

(4) Moneys from the donor agency shall not be spent for administrative costs or offsite improvements.

(5) The contract shall not place a financial burden on the receiving community.

(6) The community of the donor agency shall have, in the current or previous housing element cycle, met 50 percent or more of its share of the region's affordable housing needs, as defined in Section 65584 of the Government Code, in the very low and lower income categories of income groups defined in Section 50052.5. The receiving community shall have, in the current or previous housing element cycle, met 20 percent or more of its share of the region's affordable housing needs, as

defined in Section 65584 of the Government Code, in the very low and lower income categories of income groups defined in Section 50052.5.

(7) The donor agency and the receiving community shall have agreed upon mutually acceptable terms and conditions which provide for the receiving community's reimbursement of service and public facilities costs related to any new dwelling units constructed, rehabilitated, or otherwise assisted in the receiving community using the donor agency's funds. SEC. 99. Section 44287 of the Health and Safety Code is amended to read:

44287. (a) The state board shall establish grant criteria and guidelines consistent with this chapter for covered vehicle projects as soon as practicable, but not later than January 1, 2000. The adoption of guidelines is exempt from the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The state board shall solicit input and comment from the districts during the development of the criteria and guidelines and shall make every effort to develop criteria and guidelines that are compatible with existing district programs that are also consistent with this chapter. Guidelines shall include protocols to calculate project cost-effectiveness. The grant criteria and guidelines shall include safeguards to ensure that the project generates surplus emissions reductions. Guidelines shall enable and encourage districts to cofund projects that provide emissions reductions in more than one district. The state board shall make draft criteria and

guidelines available to the public 45 days before final adoption, and shall hold at least one public meeting to consider public comments before final adoption.

(b) The state board, in consultation with the participating districts, may propose revisions to the criteria and guidelines established pursuant to subdivision (a) as necessary to improve the ability of the program to achieve its goals. A proposed revision shall be made available to the public 45 days before final adoption of the revision and the state board shall hold at least one public meeting to consider public comments before final adoption of the revision.

(c) The state board shall reserve funds for, and disburse funds to, districts from the fund for administration pursuant to this section and Section 44299.1.

(d) The state board shall develop guidelines for a district to follow in applying for the reservation of funds, in accordance with this chapter. It is the intent of the Legislature that district administration of any reserved funds be in accordance with the project selection criteria specified in Sections 44281, 44282, and 44283 and all other provisions of this chapter. The guidelines shall be established and published by the state board as soon as practicable, but not later than January 1, 2000.

(e) Funds shall be reserved by the state board for administration by a district that adopts an eligible program pursuant to this chapter and offers matching funds at a ratio of one dollar ($1) of matching funds committed by the district or the Mobile Source Air Pollution Reduction Review Committee for every two dollars ($2) committed from the fund. Funds available to the Mobile Source Air Pollution Reduction Review Committee may be counted as matching funds for projects in the South Coast Air Basin only if the committee approves the use of these funds for matching purposes. Matching funds may be any funds under the district's budget authority that are committed to be expended in accordance with the program. Funds committed by a port authority or a local government, in cooperation with a district, to be expended in accordance with the program may also be counted as district matching funds. Matching funds provided by a port authority or a local government may not exceed 30 percent of the total required matching funds in any district that applies for more than three hundred thousand dollars ($300,000) of the state board funds. Only a district, or a port authority or a local government teamed with a district, may provide matching funds.

(g) A district may include within its matching funds a reasonable estimate of direct or in-kind costs for assistance in providing program outreach and application evaluation. In-kind and direct matching funds shall not exceed 15 percent of the total matching funds offered by a district. A district may also include within its matching funds any money spent on or after February 25, 1999, that would have qualified as matching funds but were not previously claimed as matching funds.

(h) A district desiring a reservation of funds shall apply to the state board following the application guidelines established pursuant to this section. The state board shall approve or disapprove a district application not later than 60 days after receipt. Upon approval of any district application, the state board shall simultaneously approve a reservation of funding for that district to administer. Reserved funds shall be disbursed to the district so that funding of a district-approved project is not impeded.

(i) Notwithstanding any other provision of this chapter, districts and the Mobile Source Air Pollution Reduction Review Committee shall not use funds collected pursuant to Section 41081 or Chapter 7 (commencing with Section 44220), or pursuant to Section 9250.11 of the Vehicle Code, as matching funds to fund a project with stationary or portable engines, locomotives, or marine vessels.

(j) Any funds reserved for a district pursuant to this section are available to the district for a period of not more than two years from the time of reservation. Funds not expended by June 30 of the second calendar year following the date of the reservation shall revert back to the state board as of that June 30, and shall be deposited in the Covered Vehicle Account established pursuant to Section 44299. The funds may then be redirected based on applications to the fund. Regardless of any reversion of funds back to the state board, the district may continue to request other reservations of funds for local administration. Each reservation of funds shall be accounted for separately, and unused funds from each application shall revert back to the state board as specified in this subdivision.

(k) The state board shall specify a date each year when district applications are due. If the eligible applications received in any year oversubscribe the available funds, the state board shall reserve funds on an allocation basis, pursuant to subdivision (b) of Section 44299.1. The state board may accept a district application after the due date for a period of months specified by the state board. Funds may be reserved in response to those applications, in accordance with this chapter, out of funds remaining after the original reservation of funds for the year.

(*l*) Guidelines for a district application shall require information from an applicant district to the extent necessary to meet the requirements of

this chapter, but shall otherwise minimize the information required of a district.

(m) A district application shall be reviewed by the state board immediately upon receipt. If the state board determines that an application is incomplete, the applicant shall be notified within 10 working days with an explanation of what is missing from the application. A completed application fulfilling the criteria shall be approved as soon as practicable, but not later than 60 working days after receipt.

(n) The commission, in consultation with the districts, shall establish project approval criteria and guidelines for infrastructure projects consistent with Section 44284 as soon as practicable, but not later than February 15, 2000. The commission shall make draft criteria and guidelines available to the public 45 days before final adoption, and shall hold at least one public meeting to consider public comments before final adoption.

(o) The commission, in consultation with the participating districts, may propose revisions to the criteria and guidelines established pursuant to subdivision (n) as necessary to improve the ability of the program to achieve its goals. A revision may be proposed at any time, or may be proposed in response to a finding made in the annual report on the program published by the state board pursuant to Section 44295. A proposed revision shall be made available to the public 45 days before final adoption of the revision and the commission shall hold at least one public meeting to consider public comments before final adoption of the revision.

104550. (a) Each manufacturer or importer of cigars shall place, or cause to be placed, labels bearing one of the following warnings on each retail package of cigars packaged for sale after September 1, 2000, and shipped for distribution in California:

> ''Warning: Cigars contain many of the same carcinogens found in cigarettes, and cigars are not a safe substitute for smoking cigarettes. This product contains chemicals known to the State of California to cause cancer and birth defects and other reproductive harm.''

> ''Warning: Smoking cigars regularly poses risks of cancer of the mouth, throat, larynx, and esophagus similar to smoking cigarettes.

This product contains chemicals known to the State of California to cause cancer and birth defects and other reproductive harm.''

''Warning: Smoking cigars causes lung cancer, heart disease, and emphysema, and may complicate pregnancy. This product contains chemicals known to the State of California to cause cancer and birth defects and other reproductive harm.''

(b) Commencing September 1, 2000, retail packages of cigars bearing the labels required by subdivision (a) shall be introduced in the distribution chain by the manufacturer or importer so that approximately equal numbers of retail packages of each brand of cigars will bear each of the labels required by subdivision (a) during each 12-month period, subject to any practical limitations of the printing equipment used by the manufacturer or importer or other similar conditions.

(c) For purposes of this article, ''cigar'' means any roll of tobacco wrapped in leaf tobacco or in any substance containing tobacco, but shall not include any roll of tobacco wrapped in any substance which, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette.

(d) The labels required in subdivision (a) shall appear on the outside surface of retail packages in which cigars are sold or on the cellophane overwrap of the packages and shall be displayed in a clear and reasonable manner so that all letters in the label appear in conspicuous and legible type in contrast by typography, layout, or color with all other printed material on the package. Display boxes or containers used to sell individual cigars are required to bear a warning label so that the warning can ordinarily be read by retail customers removing products from that box or container. Labels required by subdivision (a) may be preprinted, at the discretion of the manufacturer or importer, if firmly attached to the retail package or cellophane overwrap in such a way that the surface of the label is destroyed before the label can be removed from the package or overwrap.

(e) As used in this section, ''retail package'' means a pack, box, carton, pouch, or container of any kind in which cigars are offered for sale, sold, or otherwise distributed to consumers but does not include cellophane wrappers, tubes, or similar wrappings in which individual cigars are sold, and does not include shipping cartons or other containers not normally purchased by consumers.

(f) The warnings required by this section shall supersede the required warning language as stipulated by the parties in People of the State of California, ex rel. John Van DeKamp v. Safeway Stores, Inc., et al., San Francisco Superior Court No. 897576. It is the intent of the Legislature

Phillip Morris, Inc., et al., Los Angeles Superior Court No. BC194217; and People of the State of California, et al. v. (g) Any person who violates subdivision (a) shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) per day for each violation in addition to any other penalty established by law. A civil penalty may be assessed and recovered in a civil action brought in any court of competent jurisdiction.

(b) Commencing January 1, 2001, only the department, its inspectors and agents, and the local health officers and inspectors of Los Angeles, San Bernardino, and Orange Counties and the City of Vernon may exercise the authority to enter and inspect granted in subdivision (a) except as provided in subdivision (c).

(c) Commencing January 1, 2001, the local health officer or inspector of each city or county, or city and county may exercise the authority to enter and inspect granted in subdivision (a) for the sole purpose of inspecting a food processing establishment that only holds or warehouses processed food, provided that:

(2) The warehouse does not hold fresh seafood, frozen seafood held in bulk for further processing, or fresh or frozen raw shellfish.

(3) The warehouse is not operated as an integral part of a food processing facility required to be registered pursuant to Section 110460.

(4) The warehouse facilities are located entirely within the area under the jurisdiction of the local health department.

(5) The warehouse does not salvage food as the primary business.

(d) All inspections of food processing establishments conducted by local health departments shall be reported to the department within 60 days. The department shall consider this information when scheduling the department's inspection activities.

SEC. 105. Section 115813 of the Health and Safety Code is amended to read:

115813. (a) The board, in consultation with the State Department of Education, the State Department of Health Services, the Department of Conservation, the Department of Parks and Recreation, the League of California Cities, the California State Association of Counties, the California Park and Recreation Society, and other appropriate entities, including, but not limited to, beverage container recyclers, waste haulers, special districts, school districts, county superintendents of schools, nonprofit organizations, and private companies, shall develop a program to provide grants to local agencies to upgrade, repair, refurbish, install, or replace public playground facilities and promote the use of recycled materials in those playground facilities.

(b) The board shall administer grants for purposes of this article, which shall be awarded pursuant to a request for application process.

(c) Grants shall be awarded pursuant to this article to local agencies, including, but not limited to, schools, school districts, cities, counties,

(d) To be eligible for a grant pursuant to this article, a local agency shall do both of the following:

(1) Demonstrate its ability to provide a 50 percent match, either through public or private funds or in-kind contributions. The matching requirement may be reduced to a 25 percent match, either through public or private funds or in-kind contributions, upon a finding by the board that the 50 percent matching requirement would impose an extreme financial hardship on the local agency applying for the grant.

(2) Guarantee that 50 percent of the grant funds will be used for the improvement or replacement of playground equipment or facilities through the use of recycled materials.

(e) No grant made pursuant to this article shall exceed the sum of twenty-five thousand dollars ($25,000) for any one playground.

SEC. 106. Section 128375 of the Health and Safety Code is amended to read:

128375. (a) The Legislature hereby finds and declares that an adequate supply of professional nurses is critical to assuring the health and well-being of the citizens of California, particularly those who live in medically underserved areas.

(b) The Legislature further finds that changes in the health care system of this state have increased the need for more highly skilled nurses. These changes include advances in medical technology and pharmacology, that necessitate the use of more highly skilled nurses in acute care facilities. Further, the containment of health care costs has led to increased reliance on home health care and outpatient services and to a higher proportion of more acutely ill patients in acute care facilities. Long-term care facilities also need more highly educated nursing personnel. Both shifts require a larger number of skilled nursing personnel.

(c) The Legislature further finds and declares that in nursing, as in other professions, certain populations are underrepresented. The Legislature also finds and declares that it is especially important that nursing care be provided in a way that is sensitive to the sociocultural variables that affect a person's health. The Legislature recognizes that the financial burden of obtaining a baccalaureate degree is considerable and that persons from families lacking adequate financial resources may need financial assistance to complete a baccalaureate degree.

(d) The Legislature further finds and declares that approximately 54.1 percent of all Californians live in rural and urban areas that have been designated underserved. The shortage of professional nurses in these

areas makes it more difficult for those citizens to obtain health care and more difficult to attract and retain other health care professionals to those areas.

(e) The Legislature further finds and declares that since July 1, 1989, the Registered Nurse Education Fund has collected five million two hundred eight thousand five hundred seventy-four dollars ($5,208,574) to support the education of professional nurses and nursing students in California.

(f) The Legislature further finds and declares that since 1990, the Health Professions Education Foundation has awarded over four million dollars ($4,000,000) in scholarship and loan repayment to 754 nursing students and nurses in California.

(g) The Legislature further finds and declares that 107 award recipients are baccalaureate of science degree prepared nurses who have made a commitment to practice in medically underserved areas of California for a period of two years in exchange for loan repayment.

(h) The Legislature further finds that 485 of the award recipients are baccalaureate of science degree nursing students. Since 1990, 199 nurses have completed their contractual obligation with the Office of Statewide Health Planning and Development.

(i) The Legislature further finds and declares that, since 1994, 112 associate degree nursing scholarship awards have been made to students who have signed a contract with the office to complete a baccalaureate of science degree within five years of completing their associate degree. Six students have completed the articulations pilot program.

(j) The Legislature further finds that recipients of the foundation's financial assistance program have come from very diverse backgrounds. Scholarships have been awarded to African-Americans, American Indians, Asian-Pacific Islanders, Caucasians, Hispanic-Americans, and other individuals.

Upon appointing or employing special deputy commissioners, clerks, or assistants, the commissioner shall notify the Chair of the Joint Budget Committee of the Legislature, by letter, of the action. The costs of employing special deputy commissioners, clerks, and assistants appointed to carry out this article, and all expenses of taking possession of, conserving, conducting, liquidating, disposing of, or otherwise dealing with the business and property of that person under this article, shall be fixed by the commissioner, subject to the approval of the court, and shall be paid out of the assets of that person to the department. SEC. 110. Section 1765.1 of the Insurance Code is amended to read:

1765.1. No surplus line broker shall place any coverage with a nonadmitted insurer unless the insurer is domiciled in the Republic of Mexico and the placement covers only liability arising out of the ownership, maintenance, or use of a motor vehicle, aircraft, or boat in the Republic of Mexico, or, at the time of placement, the nonadmitted insurer meets the following requirements:

(a) (1) Has established its financial stability, reputation, and integrity, for the class of insurance the broker proposes to place, by satisfactory evidence submitted to the commissioner through a surplus line broker.

(2) Meets one of the following requirements with respect to its financial stability:

(A) Has capital and surplus that together total at least fifteen million dollars ($15,000,000). ''Capital'' shall be as defined in Section 36. ''Surplus'' shall be defined as assets exceeding the sum of liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks as provided by law and paid-in capital in the case of an insurer issuing or having outstanding shares of capital stock. The type of assets to be used in calculating capital and surplus shall be as follows: at least fifteen million dollars ($15,000,000) shall be in the form of cash, or securities of the same character and quality as specified in Sections 1170 to 1182, inclusive, or in readily marketable securities listed on regulated United States' national or principal regional securities exchanges. The remaining assets shall be in the form just described, or in the form of investments of substantially the same character and quality as described in Sections 1190 to 1202, inclusive. In calculating capital and surplus under this section, the term ''same character and quality'' shall permit, but not require, the commissioner to approve assets maintained in accordance with the laws of another state or country. The commissioner shall be guided by any limitations, restrictions, or other requirements of this code or the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual in determining whether assets substantially similar to those described in Sections 1190 to 1202, inclusive, qualify. The commissioner shall retain the discretion to disapprove or disallow any asset that is not of a sound quality, or that he or she deems to create an unacceptable risk of loss to the insurer or to policyholders. Securities specifically valued by the National Association of Insurance Commissioners Securities Valuation Office shall be presumed readily marketable absent evidence to the contrary. Letters of credit will not qualify as assets in the calculation of surplus. If less than fifteen million dollars ($15,000,000), the commissioner has affirmatively found that the capital and surplus is adequate to protect California policyholders. The commissioner shall consider, on determining whether to make this finding, factors such as quality of management, the capital and surplus of any parent company, the underwriting profit and investment income trends, and the record of claims payment and claims handling practices of the nonadmitted insurer.

(B) In the case of an ''Insurance Exchange'' created and authorized under the laws of individual states, maintains capital and surplus of not

less than fifty million dollars ($50,000,000) in the aggregate. "Capital" shall be as defined in Section 36. "Surplus" shall be defined as assets exceeding the sum of liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks as provided by law and paid-in capital in the case of an insurer issuing or having outstanding shares of capital stock. The type of assets to be used in calculating capital and surplus shall be as follows: at least fifteen million dollars ($15,000,000) shall be in the form of cash, or securities of the same character and quality as specified in Sections 1170 to 1182, inclusive, or in readily marketable securities listed on regulated United States' national or principal regional securities exchanges. The remaining assets shall be in the form just described, or in the form of investments of substantially the same character and quality as described in Sections 1190 to 1202, inclusive. In calculating capital and surplus under this section, the term "same character and quality" shall permit, but not require, the commissioner to approve assets maintained in accordance with the laws of another state or country. The commissioner shall be guided by any limitations, restrictions, or other requirements of this code or the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual in determining whether assets substantially similar to those described in Sections 1190 to 1202, inclusive, qualify. The commissioner shall retain the discretion to disapprove or disallow any asset that is not of a sound quality, or that he or she deems to create an unacceptable risk of loss to the insurer or to policyholders. Securities specifically valued by the National Association of Insurance Commissioners Securities Valuation Office shall be presumed readily marketable absent evidence to the contrary. Letters of credit shall not qualify as assets in the calculation of surplus. In the case of an Insurance Exchange which maintains funds for the protection of all Insurance Exchange policyholders, each individual syndicate seeking to accept surplus line placements of risks resident, located, or to be performed in this state shall maintain minimum capital and surplus of not less than six million four hundred thousand dollars ($6,400,000). Each individual syndicate shall increase the capital and surplus required by this paragraph by one million dollars ($1,000,000) each year until it attains a capital and surplus of fifteen million dollars ($15,000,000). In the case of Insurance Exchanges that do not maintain funds for the protection of all Insurance Exchange policyholders, each individual syndicate seeking to accept surplus line placement of risks resident, located, or to be performed in this state shall meet the capital and surplus requirements of subparagraph (A) of this paragraph.

(C) In the case of a syndicate that is part of a group consisting of incorporated individual insurers, or a combination of both incorporated and unincorporated insurers, that at all times maintains a trust fund of not

less than one hundred million dollars ($100,000,000) in a qualified United States financial institution as security to the full amount thereof for the United States surplus line policyholders and beneficiaries of direct policies of the group, including all policyholders and beneficiaries of direct policies of the syndicate, and the full balance in the trust fund is available to satisfy the liabilities of each member of the group of those syndicates, incorporated individual insurers or other unincorporated insurers, without regard to their individual contributions to that trust fund, and the trust complies with the terms of and conditions specified in paragraph (1) of subdivision (b), the syndicate is excepted from the capital and surplus requirements of subparagraph (A) of paragraph (2). The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members.

(b) (1) In addition, to be eligible as a surplus line insurer, an insurer not domiciled in one of the United States or its territories shall have in force in the United States an irrevocable trust account in a qualified United States financial institution, for the protection of United States policyholders, of not less than five million four hundred thousand dollars ($5,400,000) and consisting of cash, securities acceptable to the commissioner which are authorized pursuant to Sections 1170 to 1182, inclusive, readily marketable securities acceptable to the commissioner that are listed on a regulated United States national or principal regional security exchange, or clean and irrevocable letters of credit acceptable to the commissioner and issued by a qualified United States financial institution. The trust agreement shall be in a form acceptable to the commissioner. The funds in the trust account may be included in any calculation of capital and surplus, except letters of credit, which shall not be included in any calculation.

(2) In the case of a syndicate seeking eligibility under subparagraph (C) of paragraph (2) of subdivision (a), the syndicate shall, in addition to the requirements of that subparagraph, at a minimum, maintain in the United States a trust account in an amount satisfactory to the commissioner that is not less than the amount required by the domiciliary state of the syndicate's trust. The trust account shall comply with the terms and conditions specified in paragraph (1).

(3) In the case of a group of incorporated insurers under common administration that maintains a trust fund of not less than one hundred million dollars ($100,000,000) in a qualified United States financial institution for the payment of claims of its United States policyholders, their assigns, or successors in interest and that complies with the terms and conditions of paragraph (1) that has continuously transacted an insurance business outside the United States for at least three years, that

is in good standing with its domiciliary regulator, whose individual insurer members maintain standards and a financial condition reasonably comparable to admitted insurers, that submits to this state's authority to examine its books and bears the expense of examination, and that has an aggregate policyholder surplus of ten billion dollars ($10,000,000,000), the group is excepted from the capital and surplus requirements of subdivision (a).

(c) Has caused to be provided to the commissioner the following documents:

(1) The financial documents as specified below, each showing the insurer's condition as of a date not more than 12 months prior to submission:

(A) A copy of an annual statement, prepared in the form prescribed by the NAIC. For an alien insurer, in lieu of an annual statement, a licensee may submit a form as set forth by regulation and as prepared by the insurer, and, if listed by the IID, a copy of the complete information as required in the application for listing by the IID.

(B) A copy of an audited financial report on the insurer's condition that meets the standards of subparagraph (D) for foreign insurers or subparagraph (E) for alien insurers.

(iv) An audited financial report shall include information on the insurer's financial position as of the end of the most recent calendar year, and the results of its operations, cash-flows, and changes in capital and surplus for the year then ended.

(v) An audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the insurer's annual statement filed with its domiciliary jurisdiction,

and presenting comparatively the amounts as of December 31 of the most recent calendar year and the amounts as of December 31 of the preceding year.

(E) Financial reports filed pursuant to this section by alien insurers shall conform to the following standards:

(i) Except as provided in clause (ii) of subparagraph (C), financial documents should be certified, if certification of a financial document is not available, the document shall be verified.

(ii) Financial documents should be expressed in United States dollars, but may be expressed in another currency, if the exchange rate for the other currency as of the date of the document is also provided.

(iii) The responses provided pursuant to subparagraph (A) of paragraph (1) on the form submitted in lieu of an annual statement should follow the most recent ISI Guide to Alien Reporting Format, ''Standard Definitions of Accounting Items.'' Responses that do not agree with a standard definition shall be fully explained in the form.

(iv) An audited financial report shall be prepared by an independent licensed auditor in the insurer's domiciliary jurisdiction or in any state.

(v) An audited financial report shall be prepared in accord with either (I) Generally Accepted Auditing Standards that prescribe Generally Accepted Accounting Principles, or (II) International Accounting Standards as published and revised from time to time by the International Auditing Guidelines published by the International Auditing Practice Committee of the International Federation of Accountants; and shall include financial statement notes and a summary of significant accounting practices.

(F) The commissioner may accept, in lieu of a document described above, any certified or verified financial or regulatory document, statement, or report if the commissioner finds that it possesses reliability and financial detail substantially equal to or greater than the document for which it is proposed to be a substitute.

(G) If one of the financial documents required to be submitted under subparagraphs (A) and (B) is dated within 12 months of submission, but the other document is not so dated, the licensee may use the outdated document if it is accompanied by a supplement. The supplement must meet the same requirements which apply to the supplemented document, and must update the outdated document to a date within the prescribed time period, preferably to the same date as the nonsupplemented document.

(2) A certified copy of the insurer's license issued by its domiciliary jurisdiction, plus a certification of good standing, certificate of compliance, or other equivalent certificate, from either that jurisdiction or, if the jurisdiction does not issue those certificates, from any state where it is licensed.

(3) Information on the insurer's agent in California for service of process, including the agent's full name and address. The agent's address must include a street address where the agent can be reached during normal business hours.

(4) The complete street address, mailing address, and telephone number of the insurer's principal place of business.

(5) A certified or verified explanation, report, or other statement, from the insurance regulatory office or official of the insurer's domiciliary jurisdiction, concerning the insurer's record regarding market conduct and consumer complaints; or, if that information cannot be obtained from that jurisdiction, then any other information that the licensee can procure to demonstrate a good reputation for payment of claims and treatment of policyholders.

(6) A verified statement, from the insurer or licensee, on whether the insurer or any affiliated entity is currently known to be the subject of any order or proceeding regarding conservation, liquidation, or other receivership; or regarding revocation or suspension of a license to transact insurance in any jurisdiction; or otherwise seeking to stop the insurer from transacting insurance in any jurisdiction. The statement shall identify the proceeding by date, jurisdiction, and relief or sanction sought; and shall attach a copy of the relevant order.

(7) A certified copy of the most recent report of examination or an explanation if the report is not available.

(8) A list of all California surplus line brokers authorized by the insurer to issue policies on its behalf, and any additions to or deletions from that list.

(d) (1) Has provided any additional information or documentation required by the commissioner that is relevant to the financial stability, reputation, and integrity of the nonadmitted insurer. In making a determination concerning financial stability, reputation, and integrity of the nonadmitted insurer, the commissioner shall consider any analyses, findings, or conclusions made by the National Association of Insurance Commissioners (NAIC) in its review of the insurer for purposes of inclusion on or exclusion from the list of authorized nonadmitted insurers maintained by the NAIC. The commissioner may, but shall not be required to, rely on, adopt, or otherwise accept any analyses, findings, or conclusions of the NAIC, as the commissioner deems appropriate. In the case of a syndicate seeking eligibility under subparagraph (C) of paragraph (2) of subdivision (a), the commissioner may, but shall not be required to, rely on, adopt, or otherwise accept any analyses, findings, or conclusions of any state, as the commissioner deems appropriate, as long as that state, in its method of regulation and review, meets the requirements of paragraph (2).

(2) The regulatory body of the state shall regularly receive and review the following: (A) an audited financial statement of the syndicate, prepared by a certified or chartered public accountant; (B) an opinion of a qualified actuary with regard to the syndicate's aggregate reserves for payment of losses or claims and payment of expenses of adjustment or settlement of losses or claims; (C) a certification from the qualified United States financial institution that acts as the syndicate's trustee, respecting the existence and value of the syndicate's trust fund; and (D) information concerning the syndicate's or its manager's operating history, business plan, ownership and control, experience and ability, together with any other pertinent factors, and any information indicating that the syndicate or its manager make reasonably prompt payment of claims in this state or elsewhere. The regulatory body of the state shall have the authority, either by law or through the operation of a valid and enforceable agreement, to review the syndicate's assets and liabilities and audit the syndicate's trust account, and shall exercise that authority with a frequency and in a manner satisfactory to the commissioner.

(e) Has established that:

(1) All documents required by subdivisions (c) and (d) have been filed. Each of the documents appear after review to be complete, clear, comprehensible, unambiguous, accurate, and consistent.

(2) The documents affirm that the insurer is not subject in any jurisdiction to an order or proceeding that:

(A) Seeks to stop it from transacting insurance.

(B) Relates to conservation, liquidation, or other receivership.

(C) Relates to revocation or suspension of its license.

(3) The documents affirm that the insurer has actively transacted insurance for the three years immediately preceding the filing made under this section, unless an exemption is granted. As used in this paragraph, ''insurer'' does not include a syndicate of underwriting entities. The commissioner may grant an exemption if the licensee has applied for exemption and demonstrates either of the following:

(A) The insurer meets the condition for any exception set forth in subdivision (a), (b), or (c) of Section 716.

(B) If the insurer has been actively transacting insurance for at least 12 months, and the licensee demonstrates that the exemption is warranted because the insurer's current financial strength, operating history, business plan, ownership and control, management experience, and ability, together with any other pertinent factors, make three years of active insurance transaction unnecessary to establish sufficient reputation.

(4) The documents confirm that the insurer holds a license to issue insurance policies (other than reinsurance) to residents of the jurisdiction that granted the license unless an exemption is granted. The

commissioner may grant an exemption if the licensee has applied for an exemption and demonstrates that the exemption is warranted because the insurer proposes to issue in California only commercial coverage, and is wholly owned and actually controlled by substantial and knowledgeable business enterprises that are its policyholders and that effectively govern the insurer's destiny in furtherance of their own business objectives.

(5) The information filed pursuant to paragraph (5) of subdivision (c) or otherwise filed with or available to the commissioner, including reports received from California policyholders, shall indicate that the insurer makes reasonably prompt payment of claims in this state or elsewhere.

(6) The information available to the commissioner shall not indicate that the insurer offers in California a licensee products or rates that violate any provision of this code.

(f) Has been placed on the list of eligible surplus line insurers by the commissioner. The commissioner shall establish a list of all surplus line insurers that have met the requirements of subdivisions (a) to (e), inclusive, and shall publish a master list at least semiannually. Any insurer receiving approval as an eligible surplus line insurer shall be added by addendum to the list at the time of approval, and shall be incorporated into the master list at the next date of publication. If an insurer appears on the most recent list, it shall be presumed that the insurer is an eligible surplus line insurer, unless the commissioner or his or her designee has mailed or causes to be mailed notice to all surplus line brokers that the commissioner has withdrawn the insurer's eligibility. Upon receipt of notice, the surplus line broker shall make no further placements with the insurer. Nothing in this subdivision shall limit the commissioner's discretion to withdraw an insurer's eligibility.

(g) (1) Except as provided by paragraph (2), whenever the commissioner has reasonable cause to believe, and determines after a public hearing, that any insurer on the list established pursuant to subdivision (f), (A) is in an unsound financial condition, (B) does not meet the eligibility requirements under subdivisions (a) to (e), inclusive, (C) has violated the laws of this state, or (D) without justification, or with a frequency so as to indicate a general business practice, delays the payment of just claims, the commissioner may issue an order removing the insurer from the list. Notice of hearing shall be served upon the insurer or its agent for service of process stating the time and place of the hearing and the conduct, condition, or ground upon which the commissioner would make his or her order. The hearing shall occur not less than 20 days, nor more than 30 days after notice is served upon the insurer or its agent for service of process.

(2) If the commissioner determines that an insurer's immediate removal from the list is necessary to protect the public or an insured or prospective insured of the insurer, or, in the case of an application by an insurer to be placed on the list which is being denied by the commissioner, the commissioner may issue an order pursuant to paragraph (1) without prior notice and hearing. At the time an order is served pursuant to this paragraph to an insurer on the list, the commissioner shall also issue and serve upon the insurer a statement of the reasons that immediate removal is necessary. Any order issued pursuant to this paragraph shall include a notice stating the time and place of a hearing on the order, which shall be not less than 20 days, nor more than 30 days after the notice is served.

(3) Notwithstanding paragraphs (1) and (2), in any case where the commissioner is basing a decision to remove an insurer from the list, or deny an application to be placed on the list, on the failure of the insurer or applicant to comply with, meet or maintain any of the objective criteria established by this section, or by regulation adopted pursuant to this section, the commissioner may so specify this fact in the order, and no hearing shall be required to be held on the order.

(4) Notwithstanding paragraphs (1) and (2), the commissioner may, without prior notice or hearing, remove from the list established pursuant to subdivision (f) any insurer that has failed or refused to timely provide documents required by this section, or any regulations adopted to implement this section. In the case of removal pursuant to this paragraph, the commissioner shall notify all surplus line brokers of the action.

(h) In addition to any other statements or reports required by this chapter, the commissioner may also address to any licensee a written request for full and complete information respecting the financial stability, reputation and integrity of any nonadmitted insurer with whom the licensee has dealt or proposes to deal in the transaction of insurance business. The licensee so addressed shall promptly furnish in written or printed form so much of the information requested as he or she can produce together with a signed statement identifying the same and giving reasons for omissions, if any. After due examination of the information and accompanying statement, the commissioner may, if he or she believes it to be in the public interest, order the licensee in writing to place no further insurance business on property located or operations conducted within or on the lives of persons who are residents of this state with the nonadmitted insurer on behalf of any person. Any placement in the nonadmitted insurer made by a licensee after receipt of that order is a violation of this chapter. The commissioner may issue an order when documents submitted pursuant to subdivisions (c) and (d) do not meet the criteria of subdivisions (a) to (e), inclusive, or when the

commissioner obtains documents on an insurer and the insurer does not meet the criteria of subdivisions (a) to (e), inclusive.

(i) The commissioner shall require, at least annually, the submission of records and statements as are reasonably necessary to ensure that the requirements of this section are maintained.

(j) The commissioner shall establish by regulation a schedule of fees to cover costs of administering and enforcing this chapter.

(k) (1) Insurance may be placed on a limited basis with insurers not on the list established pursuant to this section if all of the following conditions are met:

(A) The use of multiple insurers is necessary to obtain coverage for 100 percent of the risk.

(B) At least 80 percent of the risk is placed with admitted insurers or insurers that appear on the list of eligible nonadmitted insurers.

(C) The placing surplus line broker submits to the commissioner, or his or her designee, copies of all documentation relied upon by the surplus line broker to make the broker's determination that the financial stability, reputation, and integrity of the unlisted insurer or insurers, are adequate to safeguard the interest of the insured under the policy. This documentation, and any other documentation regarding the unlisted insurer requested by the commissioner, shall be submitted no more than 30 days after the insurance is placed with the unlisted insurer for the initial placement by that broker with the particular unlisted insurer, and annually thereafter for as long as the broker continues to make placements with the unlisted insurer pursuant to this paragraph.

(D) The insured has aggregate annual premiums for all risks other than workers' compensation or health coverage totaling no less than one hundred thousand dollars ($100,000).

(2) Insurance may not be placed pursuant to paragraph (1) if any of the following applies:

(A) The unlisted insurer has for any reason been objected to by the commissioner pursuant to this section, removed from the list, or denied placement on the list.

(B) The insurance includes coverage for employer-sponsored medical, surgical, hospital, or other health or medical expense benefits payable to the employee by the insurer.

(C) The insurance is mandatory under the laws of the federal government, this state, or any political subdivision thereof, and includes any portion of limits of coverage mandated by those laws.

(D) The insured is a multiple employer welfare arrangement, as defined in Section 1002(40)(A) of Title 29 of the United States Code, or any other arrangement among two or more employers that are not under common ownership or control, which is established or maintained for

the primary purpose of providing insurance benefits to the employees of two or more employers.

(E) Unlisted insurers represent a disproportionate portion of the lower layers of the coverage.

(3) Nothing in this section is intended to alter any duties of a surplus line broker pursuant to subdivision (b) of Section 1765 or other laws of this state to safeguard the interests of the insured under the policy in recommending or placing insurance with a nonadmitted insurer.

(4) Placements authorized by this subdivision are intended to provide sophisticated insurance purchasers with a means to obtain necessary commercial insurance coverage from nonadmitted insurers not listed by the commissioner in situations where it is not commercially possible to fully obtain that coverage from either admitted or listed insurers. This subdivision shall not be deemed to permit surplus line brokers to place with nonadmitted insurers common commercial or personal line coverages for insureds that can be placed with insurers that are admitted or listed pursuant to this section, whether the insured is an individual insured, or a group created primarily for the purpose of purchasing insurance.

(*l*) As used in this section:

(1) ''Certified'' means an originally signed or sealed statement, dated not more than 60 days before submission, made by a public official or other person, attached to a copy of a document, that attests that the copy is a true copy of the original, and that the original is in the custody of the person making the statement.

(2) ''Domiciliary jurisdiction'' means the state, nation, or subdivision thereof under the laws of which an insurer is incorporated or otherwise organized.

(3) ''Domiciliary state of the syndicate's trust'' means the state in which the syndicate's trust fund is principally maintained and administered for the benefit of the syndicate's policyholders in the United States.

(4) ''IID'' means the International Insurers Department.

(5) ''Insurer'' means (unless the context indicates otherwise) ''nonadmitted'' insurers that are either ''foreign'' or ''alien'' insurers, as those terms are defined in Sections 25, 27, and 1580, and syndicates whose members consist of individual incorporated insurers who are not engaged in any business other than underwriting as a member of the group and individual unincorporated insurers, provided all the members are subject to the same level of solvency regulation and control by the group's domiciliary regulator. The term ''insurer'' includes all nonadmitted insurers selling insurance to or through purchasing groups as defined in the Liability Risk Retention Act of 1986 (15 U.S.C. Sec. 3901 et seq.) and the California Risk Retention Act of 1990 (Chapter 1.5

(commencing with Section 125) of Part 1 of Division 1), except insurers that are risk retention groups as defined by those acts.

(6) ''ISI'' means Insurance Solvency International.

(7) ''Licensee'' means a surplus line broker as defined in Section 47.

(8) ''NAIC'' means the National Association of Insurance Commissioners or its successor organization.

(9) ''NAIIO'' means the Nonadmitted Alien Insurer Information Office of the NAIC or its successor office.

(10) ''State'' means any state of the United States; the District of Columbia; a commonwealth, or a territory.

(11) ''Verified'' means a document or copy accompanied by an originally signed statement, dated not more than 60 days before submission, from a responsible executive or official who has authority to provide the statement and knowledge whereof he or she speaks, attesting either under oath before a notary public, or under penalty of perjury under California law, that the assertions made in the document are true.

(m) With respect to a nonadmitted insurer that is listed as an authorized surplus line insurer as of December 31, 1994, pursuant to Sections 2174.1 to 2174.14, inclusive, of Title 10 of the California Code of Regulations, this section shall not be effective until the subsequent expiration of the listing of that insurer. Nothing in the bill that amended this section during the 1994 portion of the 1993–94 Regular Session is intended to repeal or imply there is not authority to adopt, or to have adopted, or to continue in force, any regulation, or part thereof, with respect to surplus line insurance which is not clearly inconsistent with it.

SEC. 111. Section 1785.89 of the Insurance Code is amended and renumbered to read:

1758.89. As used in this article, the following definitions have the following meanings:

(a) (1) ''License period'' means all of that two-year period beginning as described in subparagraph (A) or (B) of paragraph (2), as applicable, and ending the second succeeding year on the last calendar day of the month in which the initial license was issued.

(2) A license period shall be determined for each person as follows:

(A) Upon initial licensing, the license period starts on the date the license is issued.

(B) Subsequently, the license period starts the first day of the month following the month in which the initial license was issued.

(3) A license is required to be renewed on or before the expiration date of the license period.

(b) ''Rental vehicle'' or ''vehicle'' means a motor vehicle operated by a driver who is not required to possess a commercial driver's license to

operate the motor vehicle and the motor vehicle is either of the following:

(g) ''Endorsee'' means an unlicensed employee of a rental car agent who meets the requirements of this article.

SEC. 112. Section 1874.81 of the Insurance Code is amended to read:

1874.81. (a) The commissioner shall adopt emergency regulations establishing the criteria that shall be used to award grants to district attorneys under Section 1874.8. In addition to the requirements of subdivision (b) of Section 1874.8, the criteria shall include all of the following:

(1) Suggested ratios of investigators to attorneys that the commissioner believes would result in an effective use of funds provided through a grant, taking into consideration the enforcement plans that the commissioner anticipates will be proposed by grantees.

(2) Administrative expenses that the commissioner deems allowable, both as a percentage of a grant and by category of expense.

(3) Benchmarks suitable for measuring the attainment of the objectives of a grant.

(4) Standard data and reporting formats that the commissioner shall require all grantees to provide when reporting to the commissioner about grants.

(5) Any other criteria deemed by the commissioner to be necessary for the efficient and effective administration of this program, including a commitment for full coordination and cooperation with all organizations funded by this chapter.

(b) The regulations required by subdivision (a) shall be adopted in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of

the Government Code), and the adoption of those regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health, and safety or general welfare.

(c) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 113. Section 10123.68 of the Insurance Code is amended to read:

10123.68. (a) When requested by an insured or contracting health professional who is treating an insured, a disability insurer that covers hospital, medical, or surgical expenses shall authorize a second opinion by an appropriately qualified health care professional. Reasons for a second opinion to be provided or authorized shall include, but are not limited to, the following:

(1) If the insured questions the reasonableness or necessity of recommended surgical procedures.

(2) If the insured questions a diagnosis or plan of care for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment, including, but not limited to, a serious chronic condition.

(3) If clinical indications are not clear or are complex and confusing, a diagnosis is in doubt due to conflicting test results, or the treating health professional is unable to diagnose the condition and the insured requests an additional diagnosis.

(4) If the treatment plan in progress is not improving the medical condition of the insured within an appropriate period of time given the diagnosis and plan of care, and the insured requests a second opinion regarding the diagnosis or continuance of the treatment.

(5) If the insured has attempted to follow the plan of care or consulted with the initial provider concerning serious concerns about the diagnosis or plan of care.

(b) For purposes of this section, an appropriately qualified health care professional is a primary care physician or a specialist who is acting within his or her scope of practice and who possesses a clinical background, including training and expertise, related to the particular illness, disease, condition or conditions associated with the request for a second opinion.

(c) If an insured or participating health professional who is treating an insured requests a second opinion pursuant to this section, an authorization or denial shall be provided in an expeditious manner. When the insured's condition is such that the insured faces an imminent and serious threat to his or her health, including, but not limited to, the potential loss of life, limb, or other major bodily function, or lack of timeliness that would be detrimental to the insured's life or health or

could jeopardize the insured's ability to regain maximum function, the second opinion shall be rendered in a timely fashion appropriate to the nature of the insured's condition, not to exceed 72 hours after the insurer's receipt of the request, whenever possible. Each insurer shall file with the Department of Insurance timelines for responding to requests for second opinions for cases involving emergency needs, urgent care, and other requests by July 1, 2000, and within 30 days of any amendment to the timelines. The timelines shall be made available to the public upon request.

(d) If an insurer approves a request by an insured for a second opinion, the insured shall be responsible only for the costs of applicable copayments that the insurer requires for similar referrals.

(e) If the insured is requesting a second opinion about care from his or her primary care physician, the second opinion shall be provided by an appropriately qualified health care professional of the insured's choice who is contracted with the insurer.

(f) If the insured is requesting a second opinion about care from a specialist, the second opinion shall be provided by any provider of the same or equivalent specialty, of the insured's choice, within the insurer's provider network, if the insurance contract limits second opinions to within a network.

(g) The insurer may limit second opinions to its network of providers if the insurance contract limits the benefit to within a network of providers and there is a participating provider who meets the standard specified in subdivision (b). If there is no participating provider who meets this standard, then the insurer shall authorize a second opinion by an appropriately qualified health professional outside of the insurer's provider network. In approving a second opinion either inside or outside of the insurer's provider network, the insurer shall take into account the ability of the insured to travel to the provider.

(h) The insurer shall require the second opinion health professional to provide the insured and the initial health professional with a consultation report, including any recommended procedures or tests that the second opinion health professional believes appropriate. Nothing in this section shall be construed to prevent the insurer from authorizing, based on its independent determination, additional medical opinions concerning the medical condition of an insured.

(i) If the insurer denies a request by an insured for a second opinion, it shall notify the insured in writing of the reasons for the denial and shall inform the insured of the right to dispute the denial, and the procedures for exercising that right.

(j) If the insurance contract limits health care services to within a network of providers, in order for coverage to be in force, the insured shall obtain services only from a provider who is participating in, or

under contract with, the insurer pursuant to the specific insurance contract under which the insured is entitled to health care service benefits.

(k) This section shall not apply to any policy or contract of disability insurance that covers hospital, medical, or surgical expenses and that does not limit second opinions, subject to all other terms and conditions of the contract.

(*l*) This section shall not apply to accident-only, specified disease, or hospital indemnity health insurance policies.

SEC. 114. Section 10140 of the Insurance Code is amended and renumbered to read:

10139.1. Nothing in this article applies to blanket loan agreements in which the lender takes a security interest in the borrower's assets to secure the loan.

SEC. 115. Section 10141 of the Insurance Code is amended and renumbered to read:

10139.2. Any notice required by this article shall be deemed to have been given if addressed to the recipient's last known address and deposited, first class postage paid, in the United States mail not less than five calendar days prior to the date on which notice is required.

SEC. 116. Section 10145.3 of the Insurance Code is amended to read:

10145.3. (a) Every disability insurer that covers hospital, medical, or surgical benefits shall provide an external, independent review process to examine the insurer's coverage decisions regarding experimental or investigational therapies for individual insureds who meet all of the following criteria:

(1) (A) The insured has a life-threatening or seriously debilitating condition.

(B) For purposes of this section, ''life-threatening'' means either or both of the following:

(i) Diseases or conditions where the likelihood of death is high unless the course of the disease is interrupted.

(ii) Diseases or conditions with potentially fatal outcomes, where the end point of clinical intervention is survival.

(C) For purposes of this section, ''seriously debilitating'' means diseases or conditions that cause major irreversible morbidity.

(2) The insured's physician certifies that the insured has a condition, as defined in paragraph (1), for which standard therapies have not been effective in improving the condition of the insured, for which standard therapies would not be medically appropriate for the insured, or for which there is no more beneficial standard therapy covered by the insurer than the therapy proposed pursuant to paragraph (3).

(3) Either (A) the insured's contracting physician has recommended a drug, device, procedure, or other therapy that the physician certifies in writing is likely to be more beneficial to the insured than any available standard therapies, or (B) the insured, or the insured's physician who is a licensed, board-certified or board-eligible physician qualified to practice in the area of practice appropriate to treat the insured's condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined in subdivision (d), is likely to be more beneficial for the insured than any available standard therapy. The physician certification pursuant to this subdivision shall include a statement of the evidence relied upon by the physician in certifying his or her recommendation. Nothing in this subdivision shall be construed to require the insurer to pay for the services of a noncontracting physician, provided pursuant to this subdivision, that are not otherwise covered pursuant to the contract.

(4) The insured has been denied coverage by the insurer for a drug, device, procedure, or other therapy recommended or requested pursuant to paragraph (3), unless coverage for the specific therapy has been excluded by the insurer's contract.

(5) The specific drug, device, procedure, or other therapy recommended pursuant to paragraph (3) would be a covered service except for the insurer's determination that the therapy is experimental or under investigation.

(b) The insurer's decision to deny, delay, or modify experimental or investigational therapies shall be subject to the independent medical review process established under Article 5.55 (commencing with Section 1374.30) of Chapter 2.2 of Division 2 of the Health and Safety Code, except that in lieu of the information specified in subdivision (i) of Section 1374.30, an independent medical reviewer shall base his or her determination on relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence defined in subdivision (d).

(c) The independent medical review process shall also meet the following criteria:

(1) The insurer shall notify eligible insureds in writing of the opportunity to request the external independent review within five business days of the decision to deny coverage.

(2) If the insured's physician determines that the proposed therapy would be significantly less effective if not promptly initiated, the analyses and recommendations of the experts on the panel shall be rendered within seven days of the request for expedited review. At the request of the expert, the deadline shall be extended by up to three days for a delay in providing the documents required. The timeframes specified in this paragraph shall be in addition to any otherwise

applicable timeframes contained in subdivision (c) of Section 1374.33 of the Health and Safety Code.

(3) Each expert's analysis and recommendation shall be in written form and state the reasons the requested therapy is or is not likely to be more beneficial for the insured than any available standard therapy, and the reasons that the expert recommends that the therapy should or should not be covered by the insurer, citing the insured's specific medical condition, the relevant documents, and the relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence as defined in subdivision (d), to support the expert's recommendation.

(4) Coverage for the services required under this section shall be provided subject to the terms and conditions generally applicable to other benefits under the contract.

(d) For the purposes of subdivision (b), ''medical and scientific evidence'' means the following sources:

(1) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

(2) Peer-reviewed literature, biomedical compendia and other medical literature that meet the criteria of the National Institutes of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline and MEDLARS data base Health Services Technology Assessment Research (HSTAR).

(3) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.

(4) The following standard reference compendia: The American Hospital Formulary Service-Drug Information, the American Medical Association Drug Evaluation, the American Dental Association Accepted Dental Therapeutics and The United States Pharmacopoeia-Drug Information.

(5) Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes, including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.

(6) Peer-reviewed abstracts accepted for presentation at major medical association meetings.

(e) The independent review process established by this section shall be required on and after January 1, 2001.

SEC. 117. Section 10169 of the Insurance Code is amended to read:

10169. (a) Commencing January 1, 2001, there is hereby established in the department the Independent Medical Review System.

(b) For the purposes of this chapter, ''disputed health care service'' means any health care service eligible for coverage and payment under a disability insurance contract that has been denied, modified, or delayed by a decision of the insurer, or by one of its contracting providers, in whole or in part due to a finding that the service is not medically necessary. A decision regarding a disputed health care service relates to the practice of medicine and is not a coverage decision. A disputed health care service does not include services provided by a group policy of vision-only or dental-only coverage, except to the extent that (1) the service involves the practice of medicine, or (2) is provided pursuant to a contract with a disability insurer. If an insurer, or one of its contracting providers, issues a decision denying, modifying, or delaying health care services, based in whole or in part on a finding that the proposed health care services are not a covered benefit under the contract that applies to the insured, the statement of decision shall clearly specify the provision in the contract that excludes that coverage.

(c) For the purposes of this chapter, ''coverage decision'' means the approval or denial of health care services by an insurer, or by one of its contracting entities, substantially based on a finding that the provision of a particular service is included or excluded as a covered benefit under the terms and conditions of the disability insurance contract. A coverage decision does not encompass a plan or contracting provider decision regarding a disputed health care service.

(d) (1) All insured grievances involving a disputed health care service are eligible for review under the Independent Medical Review System if the requirements of this article are met. If the department finds that an insured grievance involving a disputed health care service does not meet the requirements of this article for review under the Independent Medical Review System, the insured request for review shall be treated as a request for the department to review the grievance. All other insured grievances, including grievances involving coverage decisions, remain eligible for review by the department.

(2) In any case in which an insured or provider asserts that a decision to deny, modify, or delay health care services was based, in whole or in part, on consideration of medical necessity, the department shall have the final authority to determine whether the grievance is more properly resolved pursuant to an independent medical review as provided under this article.

(3) The department shall be the final arbiter when there is a question as to whether an insured grievance is a disputed health care service or a coverage decision. The department shall establish a process to complete an initial screening of an insured grievance. If there appears to be any medical necessity issue, the grievance shall be resolved pursuant to an independent medical review as provided under this article.

(e) Every disability insurance contract that is issued, amended, renewed, or delivered in this state on or after January 1, 2000, shall, effective January 1, 2001, provide an insured with the opportunity to seek an independent medical review whenever health care services have been denied, modified, or delayed by the insurer, or by one of its contracting providers, if the decision was based in whole or in part on a finding that the proposed health care services are not medically necessary. For purposes of this article, an insured may designate an agent to act on his or her behalf. The provider may join with or otherwise assist the insured in seeking an independent medical review, and may advocate on behalf of the insured.

(f) Medicare beneficiaries enrolled in Medicare + Choice products shall not be excluded unless expressly preempted by federal law.

(g) The department may seek to integrate the quality of care and consumer protection provisions, including remedies, of the Independent Medical Review System with related dispute resolution procedures of other health care agency programs, including the Medicare program, in a way that minimizes the potential for duplication, conflict, and added costs. Nothing in this subdivision shall be construed to limit any rights conferred upon insureds under this chapter.

(h) The independent medical review process authorized by this article is in addition to any other procedures or remedies that may be available.

(i) No later than January 1, 2001, every insurer shall prominently display in every insurer member handbook or relevant informational brochure, in every insurance contract, on insured evidence of coverage forms, on copies of insurer procedures for resolving grievances, on letters of denials issued by either the insurer or its contracting organization, and on all written responses to grievances, information concerning the right of an insured to request an independent medical review in cases where the insured believes that health care services have been improperly denied, modified, or delayed by the plan, or by one of its contracting providers.

(j) An insurer may apply to the department for an independent medical review when all of the following conditions are met:

(1) (A) The insured's provider has recommended a health care service as medically necessary, or

(B) The insured has received urgent care or emergency services that a provider determined was medically necessary, or

(C) The insured, in the absence of a provider recommendation under subparagraph (A) or the receipt of urgent care or emergency services by a provider under subparagraph (B), has been seen by an in-plan provider for the diagnosis or treatment of the medical condition for which the insured seeks independent review. The insurer shall expedite access to an in-plan provider upon request of an insured. The in-plan provider need not recommend the disputed health care service as a condition for the insured to be eligible for an independent review.

For purposes of this article, the insured's provider may be an out-of-plan provider. However, the insurer shall have no liability for payment of services provided by an out-of-plan provider, except as provided pursuant to subdivision (b) of Section 10169.4.

(2) The disputed health care service has been denied, modified, or delayed by the insurer, or by one of its contracting providers, based in whole or in part on a decision that the health care service is not medically necessary.

(3) The insured has filed a grievance with the insurer or its contracting provider, and the disputed decision is upheld or the grievance remains unresolved after 30 days. The insured shall not be required to participate in the insurer's grievance process for more than 30 days. In the case of a grievance that requires expedited review, the insured shall not be required to participate in the insurer's grievance process for more than three days.

(k) An insured may apply to the department for an independent medical review of a decision to deny, modify, or delay health care services, based in whole or in part on a finding that the disputed health care services are not medically necessary, within six months of any of the qualifying periods or events under subdivision (j). The commissioner may extend the application deadline beyond six months if the circumstances of a case warrant the extension.

(*l*) The insured shall pay no application or processing fees of any kind.

(m) As part of its notification to the insured regarding a disposition of the insured's grievance that denies, modifies, or delays health care services, the insurer shall provide the insured with a one-page application form approved by the department, and an addressed envelope, which the insured may return to initiate an independent medical review. The insurer shall include on the form any information required by the department to facilitate the completion of the independent medical review, such as the insured's diagnosis or condition, the nature of the disputed health care service sought by the insured, a means to identify the insured's case, and any other material information. The form shall also include the following:

(1) Notice that a decision not to participate in the independent review process may cause the insured to forfeit any statutory right to pursue legal action against the insurer regarding the disputed health care service.

(2) A statement indicating the insured's consent to obtain any necessary medical records from the insurer, any of its contracting providers, and any out-of-plan provider the insured may have consulted on the matter, to be signed by the insured.

(3) Notice of the insured's right to provide information or documentation, either directly or through the insured's provider, regarding any of the following:

(A) A provider recommendation indicating that the disputed health care service is medically necessary for the insured's medical condition.

(B) Medical information or justification that a disputed health care service, on an urgent care or emergency basis, was medically necessary for the insured's medical condition.

(C) Reasonable information supporting the insured's position that the disputed health care service is or was medically necessary for the insured's medical condition, including all information provided to the insured by the insurer or any of its contracting providers, still in the possession of the insured, concerning an insurer or provider decision regarding disputed health care services, and a copy of any materials the insured submitted to the insurer, still in the possession of the insured, in support of the grievance, as well as any additional material that the insured believes is relevant.

(n) Upon notice from the department that the insured has applied for an independent medical review, the insurer or its contracting providers, shall provide to the independent medical review organization designated by the department a copy of all of the following documents within three business days of the insurer's receipt of the department's notice of a request by an insured for an independent review:

(1) (A) A copy of all of the insured's medical records in the possession of the insurer or its contracting providers relevant to each of the following:

(i) The insured's medical condition.

(ii) The health care services being provided by the insurer and its contracting providers for the condition.

(iii) The disputed health care services requested by the insured for the condition.

(B) Any newly developed or discovered relevant medical records in the possession of the insurer or its contracting providers after the initial documents are provided to the independent medical review organization shall be forwarded immediately to the independent medical review organization. The insurer shall concurrently provide a copy of medical

records required by this subparagraph to the insured or the insured's provider, if authorized by the insured, unless the offer of medical records is declined or otherwise prohibited by law. The confidentiality of all medical record information shall be maintained pursuant to applicable state and federal laws.

(2) A copy of all information provided to the insured by the insurer and any of its contracting providers concerning insurer and provider decisions regarding the insured's condition and care, and a copy of any materials the insured or the insured's provider submitted to the insurer and to the insurer's contracting providers in support of the insured's request for disputed health care services. This documentation shall include the written response to the insured's grievance. The confidentiality of any insured medical information shall be maintained pursuant to applicable state and federal laws.

(3) A copy of any other relevant documents or information used by the insurer or its contracting providers in determining whether disputed health care services should have been provided, and any statements by the insurer and its contracting providers explaining the reasons for the decision to deny, modify, or delay disputed health care services on the basis of medical necessity. The insurer shall concurrently provide a copy of documents required by this paragraph, except for any information found by the commissioner to be legally privileged information, to the insured and the insured's provider. The department and the independent review organization shall maintain the confidentiality of any information found by the commissioner to be the proprietary information of the insurer.
