(c) Shares or periodic certificates for funds received by or any form of evidence of interest or indebtedness issued by any credit union organized under this division or by any other credit union if its member accounts are insured as provided for by Subchapter II of the Federal Credit Union Act (12 U.S.C. Sec. 1781 et seq.), or, alternatively, are insured by other means determined acceptable by the commissioner.

(d) Accounts with, investment certificates or withdrawable shares of, any savings and loan association doing business in this state that is an insured institution pursuant to the Federal Deposit Insurance Corporation Act (12 U.S.C. Sec. 1811 et seq.).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 530

An act to add Section 17070.71 to the Education Code, relating to school facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 17070.71 is added to the Education Code, to read:

17070.71. (a) Notwithstanding subdivision (a) of Section 17070.70, new construction or modernization funded pursuant to this chapter may be upon real property leased to the applicant school district if all of the following conditions are met:

(1) The property is leased from another governmental entity.

(2) The term of the lease is for at least 40 years after approval of the project under this chapter, or the school district has a lease for at least 25 years on federal property. The board may authorize a lesser term, of not less than 30 years only if the board finds that granting an exception to this requirement would be in the state's best interest.

(b) The applicant school district, and the facility on leased land, if any, shall comply with all laws pertaining to the construction, reconstruction, or alteration of, or addition to, schoolsites and school buildings.

(c) Lease costs are not eligible project or site acquisition costs under this chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

To expedite new construction or modernization of school facilities on leased property, it is necessary that this act take effect immediately as an urgency statute.

CHAPTER 531

An act to add Article 5 (commencing with Section 44110) to Chapter 1 of Part 25 of, and to add Article 6 (commencing with Section 87160) to Chapter 1 of Part 51 of, the Education Code, relating to public school employees.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 44110) is added to Chapter 1 of Part 25 of the Education Code, to read:

Article 5. Reporting by School Employees of Improper Governmental Activities

44110. This article shall be known and may be referred to as the Reporting by School Employees of Improper Governmental Activities Act.

44111. It is the intent of the Legislature that school employees and other persons disclose, to the extent not expressly prohibited by law, improper governmental activities.

44112. For the purposes of this article, the following terms have the following meanings:

(a) ''Employee'' means a public school employee as defined in subdivision (j) of Section 3540.1 of the Government Code.

(b) ''Illegal order'' means any directive to violate or assist in violating a federal, state, or local law, rule, or regulation or an order to work or cause others to work in conditions outside of their line of duty that would unreasonably threaten the health or safety of employees or the public.

(c) ''Improper governmental activity'' means an activity by a public school agency or by an employee that is undertaken in the performance of the employee's official duties, whether or not that activity is within the scope of his or her employment, and that meets either of the following descriptions:

(1) The activity violates a state or federal law or regulation, including, but not limited to, corruption, malfeasance, bribery, theft of government property, fraudulent claims, fraud, coercion, conversion, malicious prosecution, misuse of government property, or willful omission to perform duty.

(2) The activity is economically wasteful or involves gross misconduct, incompetency, or inefficiency.

(d) ''Person'' means any individual, corporation, trust, association, any state or local government, or any agency or instrumentality of any of the foregoing.

(e) ''Protected disclosure'' means a good faith communication that discloses or demonstrates an intention to disclose information that may evidence either of the following:

(1) An improper governmental activity.

(2) Any condition that may significantly threaten the health or safety of employees or the public if the disclosure or intention to disclose was made for the purpose of remedying that condition.

(f) ''Public school employer'' has the same meaning as in subdivision (k) of Section 3540.1 of the Government Code.

44113. (a) An employee may not directly or indirectly use or attempt to use the official authority or influence of the employee for the purpose of intimidating, threatening, coercing, commanding, or attempting to intimidate, threaten, coerce, or command any person for the purpose of interfering with the right of that person to disclose to an official agent matters within the scope of this article.

(b) For the purpose of subdivision (a), ''use of official authority or influence'' includes promising to confer or conferring any benefit; affecting or threatening to affect any reprisal; or taking, directing others to take, recommending, processing, or approving any personnel action, including, but not limited to appointment, promotion, transfer, assignment, performance evaluation, suspension, or other disciplinary action.

(c) For the purpose of subdivision (a), ''official agent'' includes a school administrator, member of the governing board of a school district

or county board of education, county superintendent of schools, or the Superintendent of Public Instruction.

(d) An employee who violates subdivision (a) may be liable in an action for civil damages brought against the employee by the offended party.

(e) Nothing in this section shall be construed to authorize an individual to disclose information otherwise prohibited by or under law.

44114. (a) A public school employee or applicant for employment with a public school employer who files a written complaint with his or her supervisor, a school administrator, or the public school employer alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts prohibited by Section 44113 for having disclosed improper governmental activities or for refusing to obey an illegal order may also file a copy of the written complaint with the local law enforcement agency together with a sworn statement that the contents of the written complaint are true, or are believed by the affiant to be true, under penalty of perjury. The complaint filed with the local law enforcement agency shall be filed within 12 months of the most recent act of reprisal that is the subject of the complaint.

(b) A person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against a public school employee or applicant for employment with a public school employer for having made a protected disclosure is subject to a fine not to exceed ten thousand dollars ($10,000) and imprisonment in the county jail for a period not to exceed one year. Any public school employee, officer, or administrator who intentionally engages in that conduct shall also be subject to discipline by the public school employer. If no adverse action is instituted by the public school employer, and it is determined that there is reasonable cause to believe that an act of reprisal, retaliation, threats, coercion, or similar acts prohibited by Section 44113, the local law enforcement agency may report the nature and details of the activity to the governing board of the school district or county board of education, as appropriate.

(c) In addition to all other penalties provided by law, a person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against a public school employee or applicant for employment with a public school employer for having made a protected disclosure shall be liable in an action for damages brought against him or her by the injured party. Punitive damages may be awarded by the court where the acts of the offending party are proven to be malicious. Where liability has been established, the injured party shall also be entitled to reasonable attorney's fees as provided by law. However, an action for damages shall not be available to the injured party unless the

injured party has first filed a complaint with the local law enforcement agency.

(d) This section is not intended to prevent a public school employer, school administrator, or supervisor from taking, failing to take, directing others to take, recommending, or approving a personnel action with respect to a public school employee or applicant for employment with a public school employer if the public school employer, school administrator, or supervisor reasonably believes the action or inaction is justified on the basis of evidence separate and apart from the fact that the person has made a protected disclosure as defined in subdivision (e) of Section 44112.

(e) In any civil action or administrative proceeding, once it has been demonstrated by a preponderance of evidence that an activity protected by this article was a contributing factor in the alleged retaliation against a former, current, or prospective public school employee, the burden of proof shall be on the supervisor, school administrator, or public school employer to demonstrate by clear and convincing evidence that the alleged action would have occurred for legitimate, independent reasons even if the public school employee had not engaged in protected disclosures or refused an illegal order. If the supervisor, school administrator, or public school employer fails to meet this burden of proof in an adverse action against the public school employee in any administrative review, challenge, or adjudication in which retaliation has been demonstrated to be a contributing factor, the public school employee shall have a complete affirmative defense in the adverse action.

(f) Nothing in this article shall be deemed to diminish the rights, privileges, or remedies of a public school employee under any other federal or state law or under an employment contract or collective bargaining agreement.

(g) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action.

SEC. 2. Article 6 (commencing with Section 87160) is added to Chapter 1 of Part 51 of the Education Code, to read:

Article 6. Reporting by Community College Employees of Improper Governmental Activities

87160. This article shall be known and may be referred to as the Reporting by Community College Employees of Improper Governmental Activities Act.

87161. It is the intent of the Legislature that community college employees and other persons disclose, to the extent not expressly prohibited by law, improper governmental activities.

87162. For the purposes of this article, the following terms have the following meanings:

(b) ''Illegal order'' means any directive to violate or assist in violating a federal, state, or local law, rule, or regulation or an order to work or cause others to work in conditions outside of their line of duty that would unreasonably threaten the health or safety of employees or the public.

(c) ''Improper governmental activity'' means an activity by a community college or by an employee that is undertaken in the performance of the employee's official duties, whether or not that activity is within the scope of his or her employment, and that meets either of the following descriptions:

(1) The activity violates a state or federal law or regulation, including, but not limited to, corruption, malfeasance, bribery, theft of government property, fraudulent claims, fraud, coercion, conversion, malicious prosecution, misuse of government property, or willful omission to perform duty.

(2) The activity is economically wasteful or involves gross misconduct, incompetency, or inefficiency.

(d) ''Person'' means any individual, corporation, trust, association, any state or local government, or any agency or instrumentality of any of the foregoing.

(f) ''Public school employer'' has the same meaning as in subdivision (k) of Section 3540.1 of the Government Code as construed to include community college districts.

87163. (a) An employee may not directly or indirectly use or attempt to use the official authority or influence of the employee for the purpose of intimidating, threatening, coercing, commanding, or attempting to intimidate, threaten, coerce, or command any person for the purpose of interfering with the right of that person to disclose to an official agent matters within the scope of this article.

(b) For the purpose of subdivision (a), ''use of official authority or influence'' includes promising to confer or conferring any benefit; affecting or threatening to affect any reprisal; or taking, directing others to take, recommending, processing, or approving any personnel action, including, but not limited to appointment, promotion, transfer, assignment, performance evaluation, suspension, or other disciplinary action.

87164. (a) An employee or applicant for employment with a public school employer who files a written complaint with his or her supervisor, a community college administrator, or the public school employer alleging actual or attempted acts of reprisal, retaliation, threats, coercion, or similar improper acts prohibited by Section 87163 for having disclosed improper governmental activities or for refusing to obey an illegal order may also file a copy of the written complaint with the local law enforcement agency, together with a sworn statement that the contents of the written complaint are true, or are believed by the affiant to be true, under penalty of perjury. If no adverse action is instituted by the public school employer, and it is determined that there is reasonable cause to believe that an act of reprisal, retaliation, threats, coercion, or similar acts prohibited by Section 87163, the local law enforcement agency may report the nature and details of the activity to the governing board of the community college district.

(c) In addition to all other penalties provided by law, a person who intentionally engages in acts of reprisal, retaliation, threats, coercion, or similar acts against an employee or applicant for employment with a

public school employer for having made a protected disclosure shall be liable in an action for damages brought against him or her by the injured party. Punitive damages may be awarded by the court where the acts of the offending party are proven to be malicious. Where liability has been established, the injured party shall also be entitled to reasonable attorney's fees as provided by law. However, an action for damages shall not be available to the injured party unless the injured party has first filed a complaint with the local law enforcement agency.

(d) This section is not intended to prevent a public school employer, school administrator, or supervisor from taking, failing to take, directing others to take, recommending, or approving a personnel action with respect to an employee or applicant for employment with a public school employer if the public school employer, school administrator, or supervisor reasonably believes an action or inaction is justified on the basis of evidence separate and apart from the fact that the person has made a protected disclosure as defined in subdivision (e) of Section 87162.

(e) In any civil action or administrative proceeding, once it has been demonstrated by a preponderance of evidence that an activity protected by this article was a contributing factor in the alleged retaliation against a former, current, or prospective employee, the burden of proof shall be on the supervisor, school administrator, or public school employer to demonstrate by clear and convincing evidence that the alleged action would have occurred for legitimate, independent reasons even if the employee had not engaged in protected disclosures or refused an illegal order. If the supervisor, school administrator, or public school employer fails to meet this burden of proof in an adverse action against the employee in any administrative review, challenge, or adjudication in which retaliation has been demonstrated to be a contributing factor, the employee shall have a complete affirmative defense in the adverse action.

(f) Nothing in this article shall be deemed to diminish the rights, privileges, or remedies of an employee under any other federal or state law or under an employment contract or collective bargaining agreement.

(g) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action.

SEC. 3. Nothing in this act is intended to supersede or limit the application of the privilege of subdivision (b) of Section 47 of the Civil Code to informants and proceedings conducted pursuant to Article 3 (commencing with Section 8547) of Chapter 6.5 of Division 1 of Title

2 of the Government Code, as confirmed in Braun v. Bureau of State Audits (1998) 67 Cal.App.4th 1382.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 532

An act to add Chapter 9.5 (commencing with Section 44299.50) and Chapter 9.7 (commencing with Section 44299.75) to Part 5 of Division 26 of the Health and Safety Code, relating to air quality.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Sacramento federal ozone nonattainment area is a geographical and meteorological entity not reflected by political boundaries.

(b) The region has serious and severe air pollution problems caused by the operation of more than 1,300,000 vehicles within the region, combined with the operation of heavy-duty commercial vehicles moving statewide goods through the region.

(c) Despite the implementation of improved emission controls on motor vehicles and stationary sources, rapid population growth and increases in vehicle miles traveled in and through the region has resulted in severe air pollution that is expected to worsen in future years.

(d) The state and federal governments have adopted ambient air quality standards in order to protect public health, and it is in the public interest that those standards be attained as expeditiously as possible.

(e) In order to achieve and maintain these air quality standards, protect public health, and preserve necessary economic growth, a Sacramento Emergency Clean Air and Transportation Program is required to be implemented in order to provide the maximum achievable reduction in emissions from existing sources and to provide for the maximum feasible reduction or mitigation of emissions resulting from

future population growth, increased vehicle mileage, and other new sources of onroad emissions.

(f) In order to successfully develop and implement a comprehensive program for the attainment and maintenance of state and federal ambient air quality standards in the region, the air quality management districts in the Sacramento federal ozone nonattainment area must be delegated additional resources and responsibility from the state, particularly with respect to reducing motor vehicle emissions from public fleets and from those vendor fleets that contract with public entities.

(g) In order to successfully implement a coordinated air quality strategy for the region, the actions and responsibilities of local and regional authorities with respect to the implementation of air pollution control strategies must be fully integrated among the air districts comprising the Sacramento federal ozone nonattainment area. These districts include the El Dorado Air Pollution Control District, Feather River Air Quality District, Placer County Air Pollution Control District, Sacramento Metropolitan Air Quality Management District, and Yolo-Solano Air Quality Management District.

SEC. 2. The Legislature further finds and declares all of the following:

(a) The San Joaquin Valley Air Basin is currently classified as a ''serious'' nonattainment area under the ambient air quality standards for ozone.

(b) The San Joaquin Valley Air Basin did not meet the deadline for attaining compliance with the air quality standards for ozone in 1999 and as a result will soon be reclassified as a "severe" nonattainment area, and will have a new attainment deadline of 2005.

(c) In order to attain compliance with the ambient air quality standards by the 2005 deadline, the San Joaquin Valley Air Basin must maintain three consecutive years in compliance, and thus must be in compliance beginning in 2003. To attain compliance with those standards, the San Joaquin Valley Air Basin must immediately achieve significant reductions in emissions from mobile and stationary sources.

(d) The early introduction of low-emission technology for heavy-duty vehicles provides the best opportunity for emissions reduction in the San Joaquin Valley Air Basin.

SEC. 3. Chapter 9.5 (commencing with Section 44299.50) is added to Part 5 of Division 26 of the Health and Safety Code, to read:

CHAPTER 9.5. SACRAMENTO EMERGENCY CLEAN AIR AND TRANSPORTATION PROGRAM

The program may provide grants to offset the advanced introduction costs of eligible projects that reduce onroad emissions of NO_x within the Sacramento federal ozone nonattainment area. Eligibility for grant awards shall be determined by SACOG, or delegated by SACOG to the Sacramento Region Districts, in accordance with this chapter.

44299.52. (a) Eligible projects may include, but shall not be limited to, any of the following:

(1) Purchase of new very low- or zero-emission covered vehicles or covered engines to replace older heavy-duty diesel vehicles or engines.

(2) NO_x emission-reducing retrofit of covered engines, or replacement of old diesel engines and drives powering covered sources with newer diesel engines and drives certified to more stringent NO_x emissions standards than the engine being replaced.

(3) Purchase and use of NO_x emission-reducing add-on equipment for covered vehicles.

(4) Implementation of practical, low-emission retrofit technologies, repower options, advanced technologies, or low sulfur diesel or alternative fuel mixtures for covered engines and vehicles.

(b) In determining eligible projects, SACOG or the Sacramento Region Districts shall not exclude any technology based on the type of fuel utilized by that technology.

(c) Eligible applicants may be any individual, company, or public agency that owns one or more covered vehicles that operate primarily within the Sacramento federal ozone nonattainment area or otherwise contribute substantially to the NO_x emissions inventory in the Sacramento federal ozone nonattainment area.

(d) The program shall provide grants to eligible projects that help reduce onroad NO_x emissions on a timely and cost-effective basis within the Sacramento federal ozone nonattainment area in order to maximize the reduction in NO_x emissions from available funds, thereby aiding the

area in its efforts to achieve applicable air quality conformity goals in 2002 and 2005.

44299.53. (a) Funds to implement the program shall be provided from the amount allocated from the Traffic Congestion Relief Fund for the purposes of paragraph (118) of subdivision (a) of Section 14556.40 of the Government Code.

(b) To ensure that emission reductions are obtained as needed from pollution sources, funds provided as described in subdivision (a) shall be segregated as follows:

(1) Not more than 1 percent of the funds provided as described in subdivision (a) shall be allocated to program support and outreach costs incurred by SACOG or the Sacramento Region Districts directly associated with implementing the program pursuant to this chapter.

(2) Not more than 2 percent of the funds provided as described in subdivision (a) shall be allocated to direct program outreach activities.

(3) The balance shall be used to offset costs of eligible projects.

(c) SACOG, in consultation with the Sacramento Region Districts, shall specify procedures by which evaluation and review of eligible projects shall be accomplished.

(d) The Sacramento Region Districts shall include an evaluation of the emission benefits provided by those eligible projects that are implemented in the Sacramento federal ozone nonattainment area in the milestone reports submitted in 2002 and 2005 to the United States Environmental Protection Agency pursuant to subsection (g) of Section 7511a of Title 42 of the United States Code.

(e) Funds provided to SACOG as described in subdivision (a) shall not be expended on any NO_x control retrofit technology unless that technology has been determined to be eligible for use in the program pursuant to Section 44299.54.

44299.54. On or before January 10, 2001, the executive officer of the state board shall make a determination as to the eligibility of NO_x retrofit technologies for use in the program, and may make additional determinations of eligibility of NO_x technologies after January 10, 2001. In order to be determined eligible by the executive officer of the state board, each NO_x retrofit technology shall have, at a minimum, the ability to reduce onroad heavy-duty diesel emissions of NO_x by 10 percent or more and shall be durable and effective in reducing emissions, as determined by the executive officer of the state board.

44299.55. All emissions reductions and credits achieved as a result of programs initiated under this chapter shall be used to fulfill local and regional commitments to air quality standards. Any additional reductions or credits that may exist after the local or regional commitment to air quality is fulfilled may be used to fulfill the state's commitment to air quality standards and attainment.

(d) The program shall provide grants to eligible projects that help reduce onroad and off-road NO_x emissions on a timely and cost-effective basis within the San Joaquin Valley federal ozone nonattainment area in order to maximize the reduction in NO_x emissions from available funds,

thereby aiding the area in its efforts to achieve applicable air quality goals.

44299.78. (a) Funds to implement the program shall be provided from the amount allocated from the Traffic Congestion Relief Fund for the purposes of paragraph (100) of subdivision (a) of Section 14556.40 of the Government Code.

(b) Funds from the account may be reserved by the district for local governments within the San Joaquin Valley federal ozone nonattainment areas that adopt an eligible program pursuant to this chapter.

(c) To ensure that emission reductions are obtained as needed from pollution sources, any funds provided as described in subdivision (a) shall be segregated as follows:

(1) Not more than 1 percent of the funds shall be allocated to program support and outreach costs incurred by the district directly associated with implementing the program pursuant to this chapter.

(2) Not more than 2 percent of the funds provided as described in subdivision (a) shall be allocated to direct program outreach activities.

(3) The balance shall be used to offset costs of eligible projects.

(d) Funds provided as described in subdivision (a) shall be allocated to the district upon the approval by the district of an application from an eligible applicant regarding an eligible project. The district may determine the maximum amount of annual funding each applicant may receive.

(e) Funds provided as described in subdivision (a) shall not be expended on any NO_x control retrofit technology unless the technology has been determined to be eligible for use in the program pursuant to Section 44299.79.

44299.79. On or before January 10, 2001, the executive officer of the state board shall make a determination as to the eligibility of NO_x retrofit technologies for use in the program, and may make additional determinations of eligibility of NO_x technologies after January 10, 2001. In order to be determined eligible by the executive officer of the state board, each NO_x retrofit technology shall have, at a minimum, the ability to reduce onroad heavy-duty diesel emissions of NO_x by 10 percent or more and shall be durable and effective in reducing emissions, as determined by the executive officer of the state board.

The people of the State of California do enact as follows:

SECTION 1. Section 111080 of the Health and Safety Code is amended to read:

111080. The quality and labeling standards requirements for bottled water and vended water, including mineral water, shall include all standards prescribed by Section 165.110 of Title 21 of the Code of Federal Regulations. In addition, bottled water and vended water, when bottled, shall comply with the following quality standards and any additional quality standards adopted by regulation that the department determines are reasonably necessary to protect the public health:

(a) Bottled water and vended water shall meet all maximum contaminant levels set for public drinking water that the department determines are necessary or appropriate so that bottled water may present no adverse effect on public health. New or revised allowable levels or monitoring provisions adopted for bottled water by the United States Food and Drug Administration under the federal Food, Drug and Cosmetic Act that are more stringent than the state requirements for bottled water are incorporated into this chapter and are effective on the date established by the federal provisions unless otherwise established by regulations of the department.

(b) Bottled and vended water shall not exceed 10 parts per billion of total triahalomethanes or five parts per billion of lead unless the department establishes a lower level by regulation.

(c) Bottled and vended water shall contain no chemicals in concentrations that the United States Food and Drug Administration or the state department has determined may have an adverse effect on public health.

SEC. 2. Section 111170 of the Health and Safety Code is amended to read:

111170. (a) Labeling and advertising of bottled water and vended water shall conform with this section, Chapter 4 (commencing with Section 110290), and applicable portions of Part 101 of Title 21 of the Code of Federal Regulations.

(b) Each container of bottled water sold in this state, each water-vending machine, and each container provided by retail water facilities located in this state shall be clearly labeled in an easily readable format. Retail water facilities that do not provide labeled containers shall post, in a location readily visible to consumers, a sign conveying required label information.

(c) Water-vending machines, retail water facilities, and private water sources that sell water at retail shall display in a position clearly visible to customers the following information:

(1) The name and address of the operator.

(2) The fact that the water is obtained from an approved public water supply or licensed private water source.

(3) A statement describing the treatment process used.

(4) If no treatment process is utilized, a statement to that effect.

(5) A telephone number that may be called for further information, service, or complaints.

(d) Bottled water may be labeled ''drinking water,'' notwithstanding the source or characteristics of the water, only if it is processed pursuant to the Food and Drug Administration Good Manufacturing Practices contained in Section 165.110 and Parts 110 and 129 of Title 21 of the Code of Federal Regulations, Sections 12235 to 12285, inclusive, of Title 17 of the California Code of Regulations, and any other requirements established by the department pursuant to Sections 111145, 111150, and 111155. Any vended water and any water from a retail water facility may be labeled ''drinking water,'' notwithstanding the source or characteristics of the water, only if it is processed pursuant to Article 10 (commencing with Section 114200) of Chapter 4 of Part 7 and any other requirements established by the department pursuant to Sections 111145, 111150, and 111155.

111175. (a) In addition to the requirements of Section 111170, if a bottler, distributor, water hauler, retail water facility operator, or vending machine operator provides information in the labeling or advertising stating or implying that this water is of a specific water type (for example, ''spring water'') or treated in a specific manner (for example, ''purified''), the type or treatment shall be clearly labeled in an easily readable format. In order to be so labeled, the source or treatment shall conform to the definitions established in Section 165.110 of Title 21 of

the Code of Federal Regulations, or, if not defined in that section, with the following criteria:

(1) ''Mineralized water'' means bottled or vended water that meets the requirements of ''mineral water'' except that the water contains added minerals.

(2) ''Natural water'' means bottled or vended spring, artesian well, or well water that is unmodified by mineral addition or deletion, except ''natural water'' may be filtered and shall be sanitized with ozone or an equivalent disinfection process and treated to reduce the concentration of any substance that exceeds safety standards established by the department.

(3) ''Naturally sparkling water'' means bottled water or vended water with a carbon dioxide content from the same source as the water. ''Sparkling,'' ''carbonated,'' or ''carbonation added'' means bottled water or vended water that contains carbon dioxide.

(4) Notwithstanding any other provision of this section, water from a public water system that is unprocessed by the bottler or vendor shall be in compliance with Section 165.110(a)(3)(ii) of Title 21 of the Code of Federal Regulations.

SEC. 5. Section 111180 of the Health and Safety Code is amended to read:

111180. SEC. 6. Section 111192 is added to the Health and Safety Code, to read:

111192. (a) Bottlers and water haulers that distribute directly to consumers shall provide a sentence on each billing statement that includes one of the following:

(1) A telephone number of the bottler or brand owner.

(2) The bottler's or brand owner's mailing address.

(b) Bottlers or brand owners may also include other forms of contact, including, but not limited to, the bottler's or brand owner's E-mail address or website.

(c) Bottlers and water haulers that distribute directly to consumers shall, in the billing statement, provide to new customers, and to existing customers once per year thereafter, the following statement:

For further information, please contact (insert the name of the bottler or brand owner) at (insert the bottler's or brand owner's telephone number or mailing address).''

(d) Water vending machines shall display the same information on the machines that is required under subdivisions (a) and (c).

(e) Retail water facilities shall provide new customers the same information that is required under subdivisions (a) and (c). These facilities shall also display this information in a take-home format.

SEC. 7. Section 111193 is added to the Health and Safety Code, to read:

111193. (a) The department may by written permission allow a person to package water for use in public emergencies without obtaining a water bottling license, where the emergency has resulted in the interruption of, or has compromised the quality of, the public drinking water supply. This permission may authorize the suspension of any provision of this chapter and related regulations.

(b) (1) The department may at any time change or impose on the permittee any requirements such as testing, equipment, and documentation that the department deems necessary to protect public health but in doing so shall consider the effect of those requirements in light of the urgency of the situation. The department may grant or withdraw this permission at any time.

(2) Packing, distribution, and use of water under this permit shall only be allowed during the emergency period and shall end upon the restoration of adequate public drinking supplies as determined by the department. Distribution shall be limited to the area affected. Water so packaged shall be prominently labeled ''drinking water'', ''for emergency use only'', and ''not for sale'', or similar wording approved by the department.

(c) This section shall not be construed to restrict licensed water bottling plants from providing water processed in accordance with this chapter in emergency situations.

Each appraisement shall be certified by the maker thereof. The certification shall state that it is made in good faith, and that the valuation is honestly determined and represents the bona fide opinion of the maker.

(b) The department shall establish guidelines to ensure greater participation of state-licensed real estate appraisers and shall establish an outreach program to effectively disseminate information concerning the participation to professional appraisal associations or trade groups.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(b) The Legislature finds and declares that the California Constitution requires the voters of local agencies to approve the levy of special taxes and many forms of bonded indebtedness. These special taxes and bonds can be important sources of funding for local agencies' public facilities and public services. Earning the voters' confidence to support special taxes and bonds requires local agencies to demonstrate to the voters that they spend these funds on the intended facilities and services.

(c) The Legislature further finds and declares that the procedures for local agencies to obtain voter approval of special taxes and bonded indebtedness affect the general welfare of all Californians. Accordingly, the Legislature finds and declares that the procedures created by this act constitute an issue of statewide concern and not merely a municipal affair. evaluated against specifications and criteria set forth in the solicitation for bids.

(c) The commission may use a competitive negotiation process in any of the following circumstances:

(1) Whenever the desired contract is not for a fixed price.

(2) Whenever project specifications cannot be drafted in sufficient detail so as to be applicable to a sealed competitive bid.

(3) Whenever there is a need to compare the different price, quality, and contractual factors of the bids submitted.

(4) Whenever there is a need to afford bidders an opportunity to revise their proposals.

(5) Whenever oral or written discussions with bidders concerning the technical and price aspects of their proposals will provide better projects to the state.

The cost to the state shall be reasonable and the commission shall only enter into a single source contract with a particular entity if the commission determines that it is in the state's best interests.

(f) The commission, in accordance with subdivision (g), may select projects on a sole source basis when the cost to the state is reasonable and when, in consultation with the Department of General Services, the commission makes any of the following determinations:

(1) The proposal was unsolicited and meets the evaluation criteria of this chapter.

(2) The expertise, service, or product is unique.

(3) The urgency of the need for the information or deliverable is such that a competitive solicitation would frustrate timely performance.

(4) The contract funds the next phase of a multiphased proposal and the existing agreement is being satisfactorily performed.

(5) When it is determined by the commission to be in the best interests of the state.

(g) The commission shall not utilize a sole source basis for a project pursuant to subdivision (f), unless both of the following conditions are met:

CHAPTER 537

An act to amend Section 801.5 of the Civil Code, and to add and repeal Sections 25619 and 25620.10 of, the Public Resources Code, relating to energy programs.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares both of the following:

(a) Solar technologies produce clean, renewable energy while reducing California's energy deficit, creating in-state businesses and jobs in the manufacturing, contracting, and distribution industries, and

preserving California's preeminent role as home to the world's largest concentration of solar energy companies.

(b) High-efficiency, low polluting distributed generation resources, installed on customer sites, can reduce customer costs of energy, reduce environmental pollution associated with central station powerplants, and provide customers with improved reliability in the event of an electricity outage.

SEC. 2. Section 801.5 of the Civil Code is amended to read:

801.5. (a) The right of receiving sunlight as specified in subdivision 18 of Section 801 shall be referred to as a solar easement. ''Solar easement'' means the right of receiving sunlight across real property of another for any solar energy system.

As used in this section, ''solar energy system'' means either of the following:

(1) Any solar collector or other solar energy device whose primary purpose is to provide for the collection, storage, and distribution of solar energy for space heating, space cooling, electric generation, or water heating.

(2) Any structural design feature of a building, whose primary purpose is to provide for the collection, storage, and distribution of solar energy for electricity generation, space heating or cooling, or for water heating.

(b) Any instrument creating a solar easement shall include, at a minimum, all of the following:

(1) A description of the dimensions of the easement expressed in measurable terms, such as vertical or horizontal angles measured in degrees, or the hours of the day on specified dates during which direct sunlight to a specified surface of a solar collector, device, or structural design feature may not be obstructed, or a combination of these descriptions.

(2) The restrictions placed upon vegetation, structures, and other objects that would impair or obstruct the passage of sunlight through the easement.

(3) The terms or conditions, if any, under which the easement may be revised or terminated.

SEC. 3. Section 25619 is added to the Public Resources Code, to read:

25619. (a) The commission shall develop a grant program to offset a portion of the cost of eligible solar energy systems. The goals of the program are all of the following:

(1) To make solar energy systems cost competitive with alternate forms of energy.

(2) To provide support for electricity storage capabilities in solar electric applications to facilitate enhanced reliability in the event of a power outage.

(3) To encourage the purchase by California residents of California-made solar systems.

(b) (1) The grant for an eligible solar energy system shall be based on either the performance of, or the type of, the solar energy system, as the commission determines, and the amount of the grant shall not exceed seven hundred fifty dollars ($750). Except as provided in paragraph (2), if a grant is awarded pursuant to this section for an eligible solar energy system that produces electricity, no grant shall be made for that system from any other grant program administered by the commission.

(2) An applicant who receives a grant for a photovoltaic solar energy system from another program administered by the commission, may also receive a grant for that system pursuant to this section, if all of the following conditions are met:

(A) The system will accomplish the purpose specified in paragraph (3) of subdivision (a).

(B) The system is an eligible solar energy system.

(C) The system includes adequate battery storage, as determined by the commission.

(c) Purchasers, sellers, owner-builders, or owner-developers of the solar energy system may apply for a grant under this section. An owner-builder or owner-developer of a new single-family dwelling on which a system is installed may elect not to apply for a grant on a solar energy system installed on a new single-family dwelling. If an owner-builder or owner-developer of a new single-family dwelling on which a system is installed elects not to apply for the grant for a solar energy system, the purchaser of the dwelling may apply for the grant. The seller, owner-builder, or owner-developer shall reflect the amount of the grant received on the purchaser's bill of sale.

(d) The commission shall develop and adopt guidelines to provide appropriate consumer protection under the grant program and to govern other aspects of the grant program. The guidelines shall be adopted at a publicly noticed meeting and all interested parties shall be provided an opportunity to comment either orally or in writing. Not less than 30 days notice shall be provided for the public meeting. Subsequent substantive changes to adopted guidelines shall be adopted by the commission at a public meeting upon written notice to the public of not less than 10 days. The guidelines adopted pursuant to this subdivision are not subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.

(e) The commission shall require installers of solar energy systems funded through grants under this section to be properly licensed to do so

by the Contractors' State License Board. This requirement does not apply to the owner of a single-family dwelling who installs a solar energy system on his or her single-family dwelling.

(f) The award of a grant pursuant to this section is subject to appeal to the commission upon a showing that factors other than those described in the guidelines adopted by the commission were applied in making the award. Any action taken by an applicant to apply for, or become or remain eligible to receive an award, including satisfying conditions specified by the commission, does not constitute the rendering of goods, services, or a direct benefit to the commission. Awards made pursuant to this section are not subject to any repayment requirements of Chapter 7.4 (commencing with Section 25645).

(g) For the purposes of this section, the following terms have the following meanings:

(1) ''Cost'' includes equipment, installation charges, and all components necessary to carry out the intended use of the system if those components are an integral part of the system. In the case of a system that is leased, ''cost'' means the principal recovery portion of all lease payments scheduled to be made during the full term of the lease, which is the cost incurred by the taxpayer in acquiring the solar energy system, excluding interest charges and maintenance expenses.

(2) (A) ''Eligible solar energy system'' means any new, previously unused solar energy device whose primary purpose is to provide for the collection, conversion, transfer, distribution, storage, or control of solar energy for water heating or electricity generation, and that meets applicable standards and requirements imposed by state and local permitting authorities, including, but not limited to, the National Electric Code. Eligible solar energy systems for water heating purposes shall be certified by the Solar Rating and Certification Corporation (SRCC) or any other nationally recognized certification agency that certifies complete systems. Major components of eligible solar energy systems for electricity generation shall be listed by a certified testing agency, such as the Underwriters Laboratory.

(B) ''Eligible solar energy system'' does not include any of the following:

(i) Wind energy devices that produce electricity or provide mechanical work.

(ii) Additions to or augmentation of existing solar energy systems.

(iii) A device that produces electricity for a structure unless the device is interconnected and operates in parallel with the electric grid.

(C) Eligible solar energy systems shall have a warranty of not less than three years.

(3) ''Installed'' means placed in a functionally operative state.

(h) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 4. Section 25620.10 is added to the Public Resources Code, to read:

25620.10. (a) The commission shall develop and implement a grant program to offset a portion of the costs of eligible distributed generation systems.

(b) A grant for an eligible distributed generation system shall be based on either the performance or type of distributed generation system, as determined by the commission. The amount of the grant shall not exceed the lesser of 10 percent of the costs of the eligible distributed generation system or two thousand dollars ($2,000).

(c) An applicant who receives a grant for an eligible distributed generation system from another program administered by the commission may also receive a grant for that system pursuant to this section if the system possesses adequate black-start capability, as determined by the commission.

(d) Purchasers, sellers, owner-builders, or owner-developers of the eligible distributed generation system may apply for a grant under this section. If the owner-developer or owner-builder of the property on which a system is installed elects to not apply for a grant under this section, the purchaser of the property may apply for the grant. The seller, owner-builder, or owner-developer shall reflect the amount of the grant received on the purchaser's bill of sale.

(e) The commission shall develop and adopt guidelines to provide appropriate consumer protection under the grant program and to govern other aspects of the grant program, which shall be made available to the public. Not less than 30 days' notice shall be provided for a public meeting to adopt the guidelines. Public meetings to adopt subsequent substantive guideline changes require written public notice of not less than 10 days. The guidelines adopted pursuant to this subdivision are not subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) The commission shall require installers of eligible distributed generation systems funded through grants under this section to be properly licensed to do so by the Contractors' State License Board.

(g) The award of a grant pursuant to this section is subject to appeal to the commission upon a showing that factors other than those adopted by the commission were applied in making the award. Any action taken by an applicant to apply for, or become or remain eligible to receive a grant award, including satisfying conditions specified by the commission, does not constitute the rendering of goods, services, or a direct benefit to the commission. Awards made pursuant to this section

are not subject to any repayment requirements of Chapter 7.4 (commencing with Section 25645).

(h) Eligible distributed generation systems shall have a warranty of not less than three years.

(i) For purposes of this section, the following terms have the following meanings:

(1) ''Black-start capability'' means the capability to provide electricity to the customer in the event of an outage.

(2) ''Cost'' includes equipment, installation charges and all components necessary to carry out the intended use of the system if those components are an integral part of the system. In the case of a system that is leased, ''cost'' means the principal recovery portion of all lease payments scheduled to be made during the full term of the lease, which is the costs incurred by the customer in acquiring the distributed generation system, excluding interest charges and maintenance expenses.

(3) ''Distributed generation'' means any onsite generation, interconnected and operating in parallel with the electricity grid, that is used solely to meet onsite electric load.

(4) ''Eligible distributed generation system'' means any new, previously unused distributed generation system, interconnected and operating in parallel with the electricity grid, certified by the commission to provide environmental and system reliability benefits equal to or greater than the following specifications:

(A) Forty percent total fuel-to-energy conversion efficiency for any nonrenewable fuel system.

(B) Thirty-five percent total fuel-to-energy conversion efficiency for any renewable fuel system.

(C) Emission of oxides of nitrogen and any other applicable criteria pollutants that equal or exceed Best Achievable Control Technology (BACT) for natural gas fired central station powerplants. The State Air Resources Board shall, in consultation with the commission, prepare and update specifications for those emissions and other applicable criteria pollutants.

(D) Ninety percent total system reliability.

(5) Potentially certifiable technologies include all of the following:

(A) Microcogeneration.

(B) Gas turbines.

(C) Fuel cells.

(D) Electricity storage technologies in systems not eligible for grants under Section 25619.

(E) Reciprocating internal combustion engines.

(6) ''Installed'' means placed in a functionally operative state.

(j) This section shall remain in effect only until January 1, 2006, and as of that date is repealed unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 5. The State Energy Resources Conservation and Development Commission shall only implement Sections 25619 and 25620.10 of the Public Resources Code to the extent that moneys are appropriated for the purposes of those sections in the annual Budget Act. The commission may annually expend up to a total of two hundred fifty thousand dollars ($250,000) of the funds collectively available for those programs to fund the commission's cost of administering the programs.

(b) (1) The commission may relinquish to the City of Oakland the portion of the former right-of-way of Route 880 that is located between 8th Street and 32nd Street within that city, upon terms and conditions the commission finds to be in the best interests of the state, including, but not limited to, a requirement that the department and the city enter into a cooperative agreement to improve, at the department's expense, the two parallel adjacent city streets, including, but not limited to, sidewalks, landscaping, and street lighting, when improving the portion of right-of-way that is to be relinquished in accordance with plans to be developed by the department. The cooperative agreement shall include, but need not to be limited to, all of the following:

(A) A requirement that, if the commission allocates funds for this purpose, the improvements include bicycle paths and the associated roadway improvements and landscaping, including a bicycle path that closes the gap in the San Francisco Bay Trail Plan.

CHAPTER 540

An act relating to lead poisoning, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 19, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) There is hereby appropriated the sum of one million five hundred fourteen thousand dollars ($1,514,000) from the General Fund to the State Department of Health Services as follows:

(1) The sum of one million thirteen thousand dollars ($1,013,000) in augmentation of the appropriation made in Item 4260-111-0001 of the Budget Act of 2000 for Program 20.40 Primary Care and Family Health to fund lead poisoning screening or evaluation of children.

(2) The sum of three hundred one thousand dollars ($301,000) in augmentation of the appropriation made in Item 4260-101-0001 of the Budget Act of 2000 for Program 20.10.030 Benefits (Medical Care and Services) to fund lead poisoning screening or evaluation of children.

(3) The sum of two hundred thousand dollars ($200,000) in augmentation of Item 4260-001-0001 of the Budget Act of 2000 for Program 10 Public and Environmental Health to fund outreach to licensed health care providers to expand screening of children at risk of lead poisoning. It is the intent of the Legislature that in allocating funds appropriated in future years for this program in order to fund child lead poisoning prevention activities, priority consideration shall be given to community-based organizations and nonprofit organizations.

(b) The sum of three hundred seventeen thousand dollars ($317,000) is hereby appropriated from the Federal Trust Fund to the State Department of Health Services in augmentation of Item 4260-101-0890 of the Budget Act of 2000 for Program 20.10.030 Benefits (Medical

Care and Services) to fund lead poisoning screening or evaluation of children.

SEC. 2. (a) In April 1999 the California State Auditor released a report on the Childhood Lead Poisoning Prevention program, entitled ''Department of Health Services: Has made little progress in protecting 21California's children from lead poisoning'' in which it strongly recommended that the department adopt regulations on screening for lead poisoning.

(b) The Bureau of State Audits shall conduct a followup assessment of the effectiveness of regulations to be implemented by the department the purpose of which are to increase the number of at-risk children being identified and that receive screening and evaluation for lead poisoning. The bureau shall also include in its assessment the extent to which the department has addressed the other recommendations made in the bureau's April 1999 report. The bureau shall submit the assessment to the Senate Committee on Health and Human Services and the Assembly Committee on Health by May 1, 2001.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to improve the health and well-being of lead poisoned children in California through increased identification, screening, and evaluation of children at risk, at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 541

An act to add and repeal Article 6.8 (commencing with Section 20209.5) of Chapter 1 of Part 3 of Division 2 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the design-build process is a valuable alternative to the existing three-step process for public transit entities. The design-build process can improve the project delivery process by accelerating delivery schedules and saving costs by promoting improved coordination between contractor and architect, shifting management risk from the public entity to the

design-build entity, and minimizing change orders through early collaboration between design and construction disciplines.

(b) The Legislature has recognized the merits of the design-build procurement process in the past by authorizing its use for projects undertaken by certain transit districts, the University of California, joint-venture public school projects, specified local government projects, and several state office buildings under construction in Oakland, San Francisco, and Los Angeles. The design-build procurement process has also been approved for use by public entities in other states, as well as by the federal government.

(c) Therefore, it is the intent of the Legislature in enacting this act to define the transit design-build construction procurement process and to establish the parameters for its use for public transit projects.

(d) In addition, it is the intent of the Legislature that the full scope of design, construction, and equipment awarded to a design-build entity shall be authorized in a single funding phase. The funding phase may be authorized concurrently with, or separately from, the phase that authorizes the creation of the performance criteria and concept drawings.

(e) It is the intent of the Legislature that transit design-build procurement as authorized by this act shall not be construed to extend, limit, or change in any manner the legal responsibility of public agencies and contractors to comply with existing laws requiring prompt and timely payment of progress payments and retention proceeds pursuant to the terms of the construction contract.

SEC. 2. Article 6.8 (commencing with Section 20209.5) is added to Chapter 1 of Part 3 of Division 2 of the Public Contract Code, to read:

Article 6.8. Transit Design-Build Contracts

20209.5. As used in this article, the following terms have the following meanings:

(a) ''Best value'' means a value determined by objective criteria and may include, but is not limited to, price, features, functions, life-cycle costs, and other criteria deemed appropriate by the transit district.

(b) ''Design-build'' means a procurement process in which both the design and construction of a project are procured from a single entity.

(c) ''Design-build entity'' means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(d) ''RFP'' means request for proposal.

(e) ''Transit operator'' means any transit district, included transit district, municipal operator, included municipal operator, or transit

development board, as defined in Section 99210 of the Public Utilities Code, or any joint powers authority formed to provide transit service.

20209.6. When it is in the best interest of the transit operator, the transit operator may enter into a design-build contract for both the design and construction of a project under this article. After evaluation of the traditional design, bid, and build process of transit construction and of the design-build process in a public meeting, the transit operator shall make written findings that use of the design-build process on the specific project under consideration will accomplish one of the following objectives: reduce project costs, expedite the project's completion, provide design features not achievable through the design-bid-build method, prior to entering into a design-build contract. In the design-build project proposal, the written findings shall be included as part of any application for state funds pursuant to this chapter.

20209.7. Design-build projects shall progress in a three-step process, as follows:

(a) The transit operator shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type and desired design character of the buildings, transit facilities, and site, performance specifications covering the quality of materials, equipment, and workmanship preliminary plans or building layouts, or any other information deemed necessary to describe adequately the transit operator's needs. The performance specifications and any plans shall be prepared by a design professional duly licensed or registered in California.

(b) Any architectural or engineering firm or individual retained by the transit operator to assist in the development criteria or preparation of the request for proposal shall not be eligible to participate in the competition with the design-build entity.

(c) The transit operator shall establish and enforce a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code or shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to projects where the transit operator or the design-build entity has entered into a collective bargaining agreement that binds all of the contractors performing work on the project.

(d) (1) Each RFP shall identify the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the contracting agency to inform interested parties of the contracting opportunity.

(2) Each RFP shall invite interested parties to submit competitive sealed proposals in the manner prescribed by the contracting agency.

(3) Each RFP shall include a section identifying and describing:

(A) All significant factors that the agency reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(B) The methodology and rating or weighting scheme that will be used by the agency in evaluating competitive proposals and specifically whether proposals will be rated according to numeric or qualitative values.

(C) The relative importance or weight assigned to each of the factors identified in the RFP. If a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price, when combined, are any of the following:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(D) If the contracting agency wishes to reserve the right to hold discussions or negotiations with offerors, it shall specify the same in the RFP and shall publish separately or incorporate into the RFP applicable rules and procedures to be observed by the agency to ensure that any discussions or negotiations are conducted in a fair and impartial manner.

(1) The transit operator shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the Director of Industrial Relations. The standardized questionnaire may not require prospective bidders to disclose any violations of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code committed prior to January 1, 1998, if the violation was based on a subcontractor's failure to comply with these provisions and the bidder had no knowledge of the subcontractor's violations and the bidder complied with the conditions set forth in subdivision (b) of Section 1775 of the Labor Code. In preparing the questionnaire, the director shall consult with the construction industry, transit operators, and other affected parties. This questionnaire shall require information including, but not limited to, all of the following:

(A) A listing of all the contractors that are part of the design-build entity.

(B) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(C) The licenses, registrations, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(D) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance, as well as a financial statement that assures the transit operator that the design-build entity has the capacity to complete the project.

(E) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the Federal Occupational Safety and Health Act of 1970 (P.L. 91-596), settled against any member of the design-build entity, and information concerning a contractor member's workers' compensation experience history and worker safety program.

(F) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers or managing employees submitted a bid on a public works project and were found by an awarding body not to be a responsible bidder.

(G) Any instance where the entity, its owner, officers or managing employees defaulted on a construction contract.

(H) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law, including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(I) Information concerning the bankruptcy or receivership of any member of the entity, and information concerning all legal claims, disputes, or lawsuits arising from any construction project of any member of the entity during the past three years, including information concerning any work completed by a surety.

(J) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members who will participate as subcontractors in the design-build contract.

(K) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(L) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five-year period immediately

preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(M) In the case of a partnership or other association, that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be liable for full performance under the design-build contract.

(2) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) shall not be open to public inspection.

(f) The transit operator shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the two following procedures, except that in no case may the transit operator award a contract to a design-build entity pursuant to this article for a rail project unless that project exceeds fifty million dollars ($50,000,000) in cost:

(1) For projects with costs from ten million dollars ($10,000,000) to twenty million dollars ($20,000,000), inclusive, the contract shall be awarded to the lowest responsible bidder.

(2) For projects costing over twenty million dollars ($20,000,000), the transit operator may award the projects using either the lowest responsible bidder or by best value.

20209.8. Criteria used in the evaluation of proposals may include, but need not be limited to, the proposed design approach, life-cycle costs, project features, and project functions.

(a) Competitive proposals shall be evaluated by using only the criteria and source selection procedures specifically identified in the RFP. Once the evaluation is complete, all responsive bidders shall be ranked from most advantageous to least advantageous to the awarding agency.

(b) Any architectural or engineering firm or individual retained by the governing body to assist in the development criteria or preparation of the solicitation shall not be eligible to participate in the competition with any design-build entity.

(c) The award of the contract shall be made to the responsible bidder whose proposals are determined, in writing, to be the best value to the awarding body.

(d) Proposals shall be evaluated and scored solely on the basis of the factors and source selection procedures identified in the RFPs. However, the following minimum factors shall collectively represent at least 50

percent of the total weight or consideration given to all criteria factors: price, technical expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(e) The contracting agency shall issue a written decision supporting its contract award and stating in detail the basis of the award. The decision and the contract file shall be sufficient to satisfy an external audit.

(f) Notwithstanding any provision of the Public Contract Code, upon issuance of a contract award, the contracting agency shall publicly announce its award, identifying the contractor to whom the award is made, the winning contractor's price proposal, and its overall combined rating on the RFP evaluation factors. The notice of award shall also include the agency's ranking of all other offerors and their respective price proposals and a summary of the agency's rationale for the contract award.

(g) For the purposes of this section, ''skilled labor force availability'' shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has not been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(h) For the purposes of this section, a bidder's ''safety record'' shall be deemed ''acceptable'' if his or her experience modification rate for the most recent three-year period is an average of 1.0 or less and his or her average total recordable injury/illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

20209.9. If the governing body of a transit operator elects to award a transit capital project through the design-build selection process pursuant to this article, all of the following apply:

(a) The retention proceeds withheld by the transit operator from the design-build entity listed at the time of bid shall not exceed 5 percent.

(b) The transit operator shall not withhold retention from payments to the design-build entity for actual costs incurred and billed for design services, construction management services, or where applicable, for completed operations and maintenance services.

(c) In a contract between the design-build entity and a subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not

exceed the percentage specified in the contract between the transit operator and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time that the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the transit operator and the design-build entity from any payment made by the design-build entity to the subcontractor.

(d) In accordance with the provisions of applicable state law, the design-build entity may be permitted to substitute securities in lieu of the withholding from progress payments specified in subdivision (b). Substitutions shall be made in accordance with Section 22300 of the Public Contract Code.

(e) Upon request, the transit operator shall provide a list of parties who have requested a bid package.

20209.10. (a) Any design-build entity that is selected to design and build a project pursuant to this article shall possess or obtain sufficient bonding and errors and omissions insurance coverage sufficient to cover all design and architectural services provided in the contract consistent with this article. Nothing in this article prohibits a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(b) Any payment or performance bond written for the purposes of this article shall be written using a bond form developed by the Department of General Services pursuant to subdivision (i) of Section 14661 of the Government Code. The purpose of this subdivision is to promote uniformity of bond forms to be used on transit operator design-build projects throughout the state.

(c) All subcontracts that were not listed by the design-build entity in accordance with Section 20209.6 shall be awarded by the design-build entity. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the public entity.

(2) Provide a fixed date and time on which the subcontracted work will be awarded.

(d) Subcontractors bidding on contracts pursuant to this article shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code.

20209.11. (a) The minimum performance criteria and design standards established pursuant to this article by a transit operator for

quality, durability, longevity, life-cycle costs, and other criteria deemed appropriate by the transit operator shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the transit operator. The transit operator may retain the services of a design professional through the course of the project in order to ensure compliance with this article.

(b) The total price of the project shall be determined pursuant to subdivision (f) of Section 20209.6.

20209.12. Each transit operator that elects to proceed under this article and use the design-build method on a public works project shall prepare and deliver to the Legislative Analyst's office before December 1, 2005, a report containing a description of each public works project financed with public funds, procured through the design-build process, and completed on or before November 1, 2005. However, if a project has been commenced, but not completed on or before November 1, 2005, the transit operator shall complete a report no later than 120 days after completion of the project. The report shall include, but not be limited to, all of the following information:

(a) The type of facility.

(b) The gross square footage of the facility.

(c) The company or contractor who was awarded the project.

(d) The estimated and actual length of time to complete the project.

(e) The findings established pursuant to Section 20133 of the Public Contract Code.

(f) Any Labor Code violations discovered during the course of construction or following completion of the project, as well as any fines or penalties assessed.

(g) The estimated and actual project cost.

(h) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protest.

(i) An assessment of the prequalification process and criteria.

(j) An assessment of the impact of retaining 5 percent retention on the project.

(k) A description of the labor force compliance program and an assessment of the project impact, where required.

(*l*) A description of the method used to award the contract. If best value was the method, the factors used to evaluate the bid shall be described, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(m) An assessment of the project impact of ''skilled labor force availability.''

(n) An assessment of the design-build dollar limits on transit projects. This shall include projects where the transit operator wanted to use

design-build and was precluded by the dollar limitation. It shall also include projects where the best value method of awarding contracts was not used, due to dollar limitations.

(o) An assessment of the most appropriate uses for the design-build approach.

(p) Any transit operator that elects not to use the authority granted may also submit a report to the entities named in accordance with the schedule in this section. This report may include an analysis of why the authority granted was not used by the operator.

20209.13. Unless expressly set forth in this article, nothing in this article is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

20209.14. This article shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

CHAPTER 543

An act to add Section 354.4 to the Code of Civil Procedure, relating to insurance for Armenian Genocide victims, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature recognizes that during the period from 1915 to 1923, many persons of Armenian ancestry residing in the historic Armenian homeland then situated in the Ottoman Empire were victims of massacre, torture, starvation, death marches, and exile. This period is known as the Armenian Genocide.

(b) The Legislature further recognizes that thousands of Armenian Genocide survivors and the heirs of Armenian Genocide victims are residents or citizens of the State of California. The Legislature further recognizes and finds that these people have, too often, been deprived of their entitlement to benefits under insurance policies issued in Europe and Asia by insurance companies prior to, and during the period of time of, the Armenian Genocide. California has an overwhelming public policy interest in ensuring that its residents and citizens who are claiming entitlement to benefits under policies issued to Armenian Genocide victims are treated reasonably and fairly and that those legal obligations are honored.

(c) It is the specific intent of the Legislature to ensure that Armenian Genocide victims and their heirs be permitted to have an expeditious, inexpensive, and fair forum in which to resolve their claims for benefits under these policies by allowing actions to be brought in California irrespective of any contrary forum selection provision contained in the policies themselves. It is the finding of the Legislature that enforcement of forum selection provisions in those policies would work an undue, unreasonable, and unjust hardship on Armenian Genocide victims and their heirs who are residents of California and that those provisions are against public policy and are hereby made unenforceable with respect to the policies as to which this act applies.

(d) To the extent that the statute of limitations regarding contractual or tort claims arising from the denial of benefits under the policies is extended by this act, that extension of the limitations period is intended to be applied retroactively, irrespective of whether the claims were otherwise barred by any applicable statute of limitations under any other provision of law prior to the enactment of this act.

SEC. 2. Section 354.4 is added to the Code of Civil Procedure, to read:

354.4. (a) The following definitions govern the construction of this section:

(1) ''Armenian Genocide victim'' means any person of Armenian or other ancestry living in the Ottoman Empire during the period of 1915 to 1923, inclusive, who died, was deported, or escaped to avoid persecution during that period.

(2) ''Insurer'' means an insurance provider doing business in the state, or whose contacts in the state satisfy the constitutional requirements for jurisdiction, that sold life, property, liability, health, annuities, dowry, educational, casualty, or any other insurance covering persons or property to persons in Europe or Asia at any time between 1875 and 1923.

(b) Notwithstanding any other provision of law, any Armenian Genocide victim, or heir or beneficiary of an Armenian Genocide victim, who resides in this state and has a claim arising out of an insurance policy or policies purchased or in effect in Europe or Asia between 1875 and 1923 from an insurer described in paragraph (2) of subdivision (a), may bring a legal action or may continue a pending legal action to recover on that claim in any court of competent jurisdiction in this state, which court shall be deemed the proper forum for that action until its completion or resolution.

(c) Any action, including any pending action brought by an Armenian Genocide victim or the heir or beneficiary of an Armenian Genocide victim, whether a resident or nonresident of this state, seeking benefits under the insurance policies issued or in effect between 1875 and 1923 shall not be dismissed for failure to comply with the applicable statute of limitation, provided the action is filed on or before December 31, 2010.

(d) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide just compensation to aging Armenian Genocide victims and their heirs, it is necessary that this act take effect immediately.

CHAPTER 544

(B) Documented experience working with batterers for three years, and a minimum of two years working with batterer's groups.

(C) Documentation by January 1, 2003, of coursework or equivalent training that demonstrates satisfactory completion of the 40-hour basic-core training.

(b) A facilitator of a batterers' intervention program shall complete, as a minimum continuing education requirement, 16 hours annually of continuing education in either domestic violence or a related field with a minimum of 8 hours in domestic violence.

(c) A person or agency with a specific hardship may request the probation department, in writing, for an extension of time to complete the training or to complete alternative training options.

(d) (1) An experienced facilitator, as defined in paragraph (3) of subdivision (a), is not subject to the supervision requirements of this section, if they meet the requirements of subparagraph (C) of paragraph (3) of subdivision (a).

(2) This section does not apply to a person who provides batterers' treatment through a jail education program if the person in charge of that program determines that such person has adequate education or training in domestic violence or a related field.

(e) A person who satisfactorily completes the training requirements of a county probation department whose training program is equivalent to or exceeds the training requirements of this act shall be exempt from the training requirements of this act.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 545

An act to amend Sections 1203.1d and 1214 of the Penal Code, and to amend Section 19280 of the Revenue and Taxation Code, relating to fines.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.1d of the Penal Code is amended to read:

1203.1d. In determining the amount and manner of disbursement under an order made pursuant to this code requiring a defendant to make reparation or restitution to a victim of a crime, to pay any money as reimbursement for legal assistance provided by the court, to pay any cost of probation or probation investigation, to pay any cost of jail or other confinement, or to pay any other reimbursable costs, the court, after determining the amount of any fine and penalty assessments, and a county financial evaluation officer when making a financial evaluation, shall first determine the amount of restitution to be ordered paid to any victim, and shall then determine the amount of the other reimbursable costs.

If payment is made in full, the payment shall be apportioned and disbursed in the amounts ordered by the court.

If reasonable and compatible with the defendant's financial ability, the court may order payments to be made in installments.

With respect to installment payments and amounts collected by the Franchise Tax Board pursuant to Section 19280 of the Revenue and Taxation Code and subsequently transferred by the Controller pursuant to Section 19282 of the Revenue and Taxation Code, the board of supervisors shall establish the priorities of payment, first between fines, penalty assessments, and reparation or restitution, and then between other reimbursable costs. The board of supervisors may establish priorities of payment between orders or parts of orders in cases where defendants have been ordered to pay more than one court order.

Documentary evidence, such as bills, receipts, repair estimates, insurance payment statements, payroll stubs, business records, and similar documents relevant to the value of the stolen or damaged

property, medical expenses, and wages and profits lost shall not be excluded as hearsay evidence.

SEC. 2. Section 1214 of the Penal Code is amended to read:

1214. (a) If the judgment is for a fine, including a restitution fine ordered pursuant to Section 1202.4 or Section 1203.04 as operative on or before August 2, 1995, or Section 13967 of the Government Code, as operative on or before September 28, 1994, with or without imprisonment, the judgment may be enforced in the manner provided for the enforcement of money judgments generally. Any portion of a restitution fine that remains unsatisfied after a defendant is no longer on probation or parole is enforceable by the State Board of Control pursuant to this section. Notwithstanding any other provision of law prohibiting disclosure, the state, as defined in Section 900.6 of the Government Code, a local public entity, as defined in Section 900.4 of the Government Code, or any other entity, may provide the State Board of Control any and all information to assist in the collection of unpaid portions of a restitution fine for terminated probation or parole cases. For purposes of the preceding sentence, ''state, as defined in Section 900.6 of the Government Code,'' and ''any other entity'' shall not include the Franchise Tax Board.

(b) In any case in which a defendant is ordered to pay restitution, the order to pay restitution (1) is deemed a money judgment if the defendant was informed of his or her right to have a judicial determination of the amount and was provided with a hearing, waived a hearing, or stipulated to the amount of the restitution ordered, and (2) shall be fully enforceable by a victim as if the restitution order were a civil judgment, and enforceable in the same manner as is provided for the enforcement of any other money judgment. Upon the victim's request, the court shall provide the victim in whose favor the order of restitution is entered with a certified copy of that order and a copy of the defendant's disclosure pursuant to paragraph (4) of subdivision (f) of Section 1202.4, affidavit or information pursuant to paragraph (5) of subdivision (f) of Section 1202.4, or report pursuant to paragraph (7) of subdivision (f) of Section 1202.4. The court also shall provide this information to the district attorney upon request in connection with an investigation or prosecution involving perjury or the veracity of the information contained within the defendant's financial disclosure. In addition, upon request, the court shall provide the State Board of Control with a certified copy of any order imposing a restitution fine or order and a copy of the defendant's disclosure pursuant to paragraph (4) of subdivision (f) of Section 1202.4, affidavit or information pursuant to paragraph (5) of subdivision (f) of Section 1202.4, or report pursuant to paragraph (7) of subdivision (f) of Section 1202.4. A victim shall have access to all resources available under the law to enforce the restitution order, including, but not limited

to, access to the defendant's financial records, use of wage garnishment and lien procedures, information regarding the defendant's assets, and the ability to apply for restitution from any fund established for the purpose of compensating victims in civil cases. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation or parole is enforceable by the victim pursuant to this section. Victims and the State Board of Control shall inform the court whenever an order to pay restitution is satisfied.

(c) Except as provided in subdivision (d), and notwithstanding the amount in controversy limitation of Section 85 of the Code of Civil Procedure, a restitution order or restitution fine that was imposed pursuant to Section 1202.4 by a municipal court, or by the superior court acting pursuant to subdivision (d) of Section 1462, may be enforced in the same manner as a money judgment in a limited civil case.

(d) Chapter 3 (commencing with Section 683.010) of Division 1 of Title 9 of Part 2 of the Code of Civil Procedure shall not apply to a judgment for any fine or restitution ordered pursuant to Section 1202.4 or Section 1203.04 as operative on or before August 2, 1995, or Section 13967 of the Government Code, as operative on or before September 28, 1994.

(e) (1) This section shall become operative on January 1, 2000, and shall be applicable to all courts, except when all of the following apply:

(A) A majority of judges of a court apply to the Judicial Council for an extension.

(B) The judicial application described in paragraph (1) documents the need for time to adjust restitution procedures and practices, as well as to facilitate judicial education and training in direct restitution to victims under subdivision (f) of Section 1202.4.

(C) The Judicial Council grants the extension upon finding good cause.

(2) Upon the grant of an extension pursuant to the application of a court under this subdivision, the provisions of former Section 1202.4 shall continue to apply with respect to that court. The extension may be for any period of time set by the Judicial Council, but shall not exceed January 1, 2002, in any case.

SEC. 3. Section 19280 of the Revenue and Taxation Code is amended to read:

19280. (a) (1) Fines, state or local penalties, forfeitures, restitution fines, restitution orders, or any other amounts imposed by a superior or municipal court of the State of California upon a person or any other entity that is due and payable in an amount totaling no less than two hundred fifty dollars ($250), in the aggregate, for criminal offenses, including all offenses involving a violation of the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or

bicyclists, may, no sooner than 90 days after payment of that amount becomes delinquent, be referred by the county or the state to the Franchise Tax Board for collection under guidelines prescribed by the Franchise Tax Board.

(2) For purposes of this subdivision:

(A) The amounts referred by the county or state under this section may include any amounts that a government entity may add to the court-imposed obligation as a result of the underlying offense, trial, or conviction. For purposes of this article, those amounts shall be deemed to be imposed by the court.

(B) Restitution orders may be referred to the Franchise Tax Board only by a government entity, as agreed upon by the Franchise Tax Board, provided that all of the following apply:

(i) The government entity has the authority to collect on behalf of the state or the victim.

(ii) The government entity shall be responsible for distributing the restitution order collections, as appropriate.

(iii) The government entity shall ensure, in making the referrals and distributions, that it coordinates with any other related collection activities that may occur by counties or other state agencies.

(iv) The government entity shall ensure compliance with laws relating to the reimbursement of the State Restitution Fund.

(C) The Franchise Tax Board shall establish criteria for referral, which shall include setting forth a minimum dollar amount subject to referral and collection.

(b) For the period January 1, 1995, to December 31, 1997, inclusive, for purposes of a manageable implementation and evaluation of the program authorized by this article, the Franchise Tax Board may limit referrals to nine counties.

(c) Upon written notice to the debtor from the Franchise Tax Board, any amount referred to the Franchise Tax Board under subdivision (a) and any interest thereon, including any interest on the amount referred under subdivision (a) that accrued prior to the date of referral, shall be treated as final and due and payable to the State of California, and shall be collected from the obligor by the Franchise Tax Board in any manner authorized under the law for collection of a delinquent personal income tax liability, including, but not limited to, issuance of an order and levy under Article 4 (commencing with Section 706.070) of Chapter 5 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure in the manner provided for earnings withholding orders for taxes.

(d) (1) Part 10 (commencing with Section 17001), this part, Part 10.7 (commencing with Section 21001), and Part 11 (commencing with Section 23001) shall apply to amounts referred under this article in the same manner and with the same force and effect and to the full extent as

if the language of those laws had been incorporated in full into this article, except to the extent that any provision is either inconsistent with this article or is not relevant to this article.

(2) Any information, information sources, or enforcement remedies and capabilities available to the court or the state referring to the amount due described in subdivision (a), shall be available to the Franchise Tax Board to be used in conjunction with, or independent of, the information, information sources, or remedies and capabilities available to the Franchise Tax Board for purposes of administering Part 10 (commencing with Section 17001), this part, Part 10.7 (commencing with Section 21001), or Part 11 (commencing with Section 23001).

(e) The activities required to implement and administer this part shall not interfere with the primary mission of the Franchise Tax Board to administer Part 10 (commencing with Section 17001) and Part 11 (commencing with Section 23001).

(f) For amounts referred for collection under subdivision (a), interest shall accrue at the greater of the rate applicable to the amount due being collected or the rate provided under Section 19521. When notice of the amount due includes interest and is mailed to the obligor and the amount is paid within 15 days after the date of notice, interest shall not be imposed for the period after the date of notice.

(g) In no event shall a collection under this article be construed as a payment of income taxes imposed under Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001).

SEC. 4. (a) Notwithstanding paragraph (1) of subdivision (a) of Section 19280 of the Revenue and Taxation Code, restitution fines imposed by a superior or municipal court of the State of California upon a person or any other entity that are enforceable by the State Board of Control and are due and payable in an amount totaling no less than one hundred dollars ($100), in the aggregate, for criminal offenses, including all offenses involving a violation of the Vehicle Code, except offenses relating to parking or registration or offenses by pedestrians or bicyclists may be referred by the State Board of Control to the Franchise Tax Board for collection under guidelines prescribed by the Franchise Tax Board. The debt collection caseload may be limited based on the current capacity of the Franchise Tax Board.

(b) Subdivision (a) shall be implemented as a pilot project, subject to the approval of the Director of the Department of Finance.

(c) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school

districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 546

An act to repeal Section 8101 of the Health and Safety Code, and to amend Section 594.3 of, and to add Section 594.35 to the Penal Code, relating to vandalism.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 8101 of the Health and Safety Code is repealed.

SEC. 2. Section 594.3 of the Penal Code is amended to read:

594.3. (a) Any person who knowingly commits any act of vandalism to a church, synagogue, building owned and occupied by a religious educational institution, or other place primarily used as a place of worship where religious services are regularly conducted or a cemetery is guilty of a crime punishable by imprisonment in the state prison or by imprisonment in the county jail for not exceeding one year.

(b) Any person who knowingly commits any act of vandalism to a church, synagogue, building owned and occupied by a religious educational institution, or other place primarily used as a place of worship where religious services are regularly conducted or a cemetery, which is shown to have been committed by reason of the race, color, religion, or national origin of another individual or group of individuals and to have been committed for the purpose of intimidating and deterring persons from freely exercising their religious beliefs, is guilty of a felony punishable by imprisonment in the state prison.

SEC. 3. Section 594.35 is added to the Penal Code, to read:

594.35. Every person is guilty of a crime and punishable by imprisonment in the state prison or by imprisonment in a county jail for not exceeding one year, who maliciously does any of the following:

(a) Destroys, cuts, mutilates, effaces, or otherwise injures, tears down, or removes any tomb, monument, memorial, or marker in a cemetery, or any gate, door, fence, wall, post or railing, or any inclosure

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 547

An act to add Section 8300 to the Education Code, relating to child care and development.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 8300 is added to the Education Code, to read:

8300. (a) The Legislature recognizes the importance of providing quality child care services. It is, therefore, the intent of the Legislature to assist counties in improving the retention of qualified child care employees who work directly with children who receive state subsidized child care services.

(b) The funds appropriated for the purposes of this section by paragraph (11) of schedule (b) of Item 6110-196-0001 of Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000), and that are described in subdivision (i) of Provision 7 of that item, shall be allocated to local child care and development planning councils based on the percentage of state-subsidized, center-based child care funds received in that county, and shall be used to address the retention of qualified child care employees in state-subsidized child care centers. Additionally, funds may be allocated annually thereafter for these purposes.

(c) The State Department of Education shall develop guidelines for use by local child care and development planning councils in developing county plans for the expenditure of funds allocated pursuant to this section. These guidelines shall be consistent with the department's assessment of the current needs of the subsidized child care workforce, and shall be subject to the approval of the Secretary for Education and the Department of Finance. Any county plan developed pursuant to these guidelines shall be approved by the State Department of Education prior to the allocation of funds to the local child care and development planning council.

(d) Funds provided to a county for the purposes of this section shall be used in accordance with the plan approved pursuant to subdivision (c). A county with an approved plan may retain up to 1 percent of the county's total allocation made pursuant to this section for reimbursement of administrative expenses associated with the planning process.

(e) The Superintendent of Public Instruction shall provide an annual report, no later than April 10 of each year, to the Legislature, the Secretary for Education, the Department of Finance, and the Governor that includes, but is not limited to, a summary of the distribution of the funds by county and a description of the use of the funds.

CHAPTER 548

An act to add Sections 8290, 8290.1, and 8290.2 to the Education Code, relating to child care facilities.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 8290 is added to the Education Code, to read:

8290. The Legislature finds and declares the following:

(a) There is a serious shortage of quality child day care facilities throughout the state.

(b) It is in the interest of the state's children and families, and the state's economic growth, to encourage the expansion of existing child day care facilities by assisting communities and interested government and private entities to finance child day care facilities.

(c) In addition to regional resource centers described in Provision 7(d) of Item 6110-196-0001 of the Budget Act of 1999, which focus on developing child care capacity in underserved areas of the state, there is

a need to access capital for facilities on a systematic basis, especially to use limited public sector funds to leverage a greater private sector role in financing child day care facilities. The Legislature finds and declares that a financial intermediary could fill this role and support the regional resource centers and other local entities that work with potential providers by functioning as a centralized repository of training, best practices, and expertise on facilities financing.

SEC. 2. Section 8290.1 is added to the Education Code, to read:

8290.1. (a) The Superintendent of Public Instruction shall contract with a nonprofit organization to serve as a financial intermediary. The nonprofit organization shall have staff who have expertise in financing and capital expansion, are knowledgeable about the child care field, and have the ability to develop and implement a plan to increase the availability of financing to renovate, expand, and construct child day care facilities, both in day care centers and family day care homes.

(b) The financial intermediary selected by the Superintendent of Public Instruction shall undertake activities designed to increase funds available from the private and public sectors for the financing of child day care facilities. These activities shall include, but are not limited to, all of the following:

(1) Soliciting capital grants and program-related investments from foundations and corporations.

(2) Building partnerships with foundations and corporations.

(3) Developing lending commitments, linked deposits, and other financing programs with conventional financial institutions.

(4) Coordinating private sources of capital with existing public sector sources of financing for child day care facilities, including, but not limited to, the Department of Housing and Community Development and the California Infrastructure and Economic Development Bank.

(5) Coordinating financing efforts with the technical assistance provided by the regional resource centers described in Provision 7(d) of Item 6110-196-0001 of the Budget Act of 1999, and other local entities that work with potential providers.

(c) This section shall only be implemented to the extent that funds are appropriated for this purpose in the annual Budget Act.

SEC. 3. Section 8290.2 is added to the Education Code, to read:

8290.2. (a) Pursuant to funding made available in subdivision (d) of Provision 7 of Item 6110-196-001 of the Budget Act of 2000, the Superintendent of Public Instruction shall contract for a financial intermediary, pursuant to Section 8290.1, by January 1, 2001.

(b) The financial intermediary, during its first six months of operation, shall do all of the following:

(1) Create and publicize an 800 technical assistance telephone service number.

(2) Provide financial development training for agencies at the local level including, but not limited to, Regional Resource Centers, Resource and Referral Agencies, and local child care planning councils that are assisting existing and potential providers renovate, expand, build or purchase facilities.

(3) Determine the financing barriers and impediments to the development of child care facilities, especially in underserved areas of the state.

(4) Identify funding sources that may be leveraged by the state, and partnerships with the philanthropic and corporate sectors that may be established, with the goal of increasing funding available for child care facilities for California's CalWORKs and low-income families.

(c) The financial intermediary shall prepare a report with recommendations on the above for the Superintendent of Public Instruction by August 31, 2001. The Superintendent of Public Instruction shall submit the report, along with any State Department of Education comments or recommendations to the policy and fiscal committees of the Legislature and to the Governor by September 30, 2001.

CHAPTER 549

An act to add Section 1596.8712 to the Health and Safety Code, relating to child care facilities.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature:

(a) To protect children in licensed child day care facilities from individuals with criminal backgrounds, who may pose a risk to the health and safety of children.

(b) To protect the health and safety of children, by notifying parents and guardians who utilize the services of a licensed family day care home whenever an individual or individuals have been excluded by the State Department of Social Services, pursuant to subdivision (a) of Section 1596.8897, from working or being present in the facility.

(c) To provide parents and guardians with the ability to make informed decisions regarding the health and safety of their children.

(d) To enable parents and guardians to monitor the presence of individuals who are not authorized to be present at these facilities, so that violations may be reported to and investigated by the department.

SEC. 2. Section 1596.8712 is added to the Health and Safety Code, to read:

1596.8712. (a) (1) Whenever an individual is excluded by the department from a licensed family day care home, the department shall prepare and provide to the licensed family day care home from which the individual was excluded, within 45 days, an addendum to the notification of parents' rights form required by Section 102419 of Title 22 of the California Code of Regulations, clearly identifying the name or names of any individual or individuals who have been excluded from the licensed family day care home. The addendum shall also identify the existence and location of a public file maintained by the department explaining the reason for the exclusion.

(2) The department shall revise the addendum if the excluded individual is reinstated by the department pursuant to Section 11522 of the Government Code.

(b) (1) Immediately upon receipt of an addendum from the department, the licensee shall provide the parent or guardian of each child under the licensee's care or supervision with a copy of the addendum identifying the excluded individual or individuals. The licensee shall also obtain the signature of the parent or guardian indicating that the parent or guardian has received a copy of the addendum. A signed copy of the addendum shall be provided to the parent or guardian, and the original signed addendum shall be retained by the licensed day care home provider, and provided to the department during the regular inspection of the home, or at any time upon the request of the department.

(2) This section shall apply to all children currently under the licensee's care or supervision, and to all children who come under the licensee's care or supervision after the implementation of this section.

(c) During its regular inspection of all licensed family day care homes where an individual or individuals have been excluded, the department shall verify that the licensee has obtained a signature from the parent or guardian of each child under the licensee's care or supervision indicating that the parent or guardian has been provided with the addendum identifying the excluded individual or individuals. The department may also request the signed addenda from the licensee at any time.

(d) A licensee shall be assessed an immediate civil penalty of one hundred dollars ($100) per violation, for failure to do any of the following:

(1) Provide a copy of the addendum to a parent or guardian of any child under the provider's care or supervision.

(2) Obtain a parent or guardian's signature indicating he or she has been provided with the addendum.

(3) Provide signed addenda to the department, when requested for all children under the provider's care.

(e) Failure to comply with this section shall constitute grounds for disciplining the licensee pursuant to Section 1596.885 or Section 1596.886.

(f) This section shall apply to any family day care home from which an individual is excluded after January 1, 2001.

(g) The department shall promulgate regulations and policies, as necessary, to implement the provisions of this section by January 1, 2002.

CHAPTER 550

An act to add Section 115736 to the Health and Safety Code, relating to playground safety.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that in 1997, the United States Consumer Product Safety Commission issued its latest edition of the handbook for public playground safety as a detailed working blueprint to help local communities, schools, day care centers, corporations, and other groups to build safe public playgrounds. Because many factors may affect playground safety, the commission has stated that guidelines, rather than mandatory rules, are appropriate. However, in 1990, the Legislature passed legislation, signed into law by Governor Deukmejian, requiring the State Department of Health Services to adopt mandatory minimum safety requirements for public playgrounds that are ''at least as protective as the guidelines in the handbook for public playground safety produced by the United States Consumer Product Safety Commission...and shall include more protective requirements where the State Department of Health Services finds those guidelines will provide inadequate protection.'' The 1990 legislation specified that there should be special provisions for playgrounds in day care settings.

(b) It is the intent of the Legislature to enact legislation to require the State Department of Social Services to adopt regulations for playground

safety that include special provisions for playgrounds in child care centers.

SEC. 2. Section 115736 is added to the Health and Safety Code, to read:

115736. (a) The State Department of Social Services shall convene a working group to develop recommendations for minimum safety requirements for playgrounds at child care centers.

(b) The working group shall include, but not be limited to, child care center operators, including representatives of the Professional Association for Childhood Education, the California Child Care Health Program, the Children's Advocacy Institute, the State Department of Health Services, and certified playground inspectors.

(c) The working group shall use the national guidelines published by the United States Consumer Product Safety Commission and those regulations adopted pursuant to this article as a reference in developing its recommendations. However, the Department of Social Services shall determine minimum safety requirements that are protective of child health on playgrounds at child care centers.

(d) The working group shall submit its playground safety recommendations to the State Department of Social Services by September 1, 2001.

(e) The working group shall submit its recommendations to the Legislature by November 1, 2001.

CHAPTER 551

An act to amend Section 798.33 of, and to add Section 1360.5 to, the Civil Code, relating to civil law.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.33 of the Civil Code is amended to read:

798.33. (a) No lease agreement entered into, modified, or renewed on or after January 1, 2001, shall prohibit a homeowner from keeping at least one pet within the park, subject to reasonable rules and regulations of the park. This section may not be construed to affect any other rights provided by law to a homeowner to keep a pet within the park.

(b) A homeowner shall not be charged a fee for keeping a pet in the park unless the management actually provides special facilities or services for pets. If special pet facilities are maintained by the

management, the fee charged shall reasonably relate to the cost of maintenance of the facilities or services and the number of pets kept in the park.

(c) For purposes of this section, ''pet'' means any domesticated bird, cat, dog, aquatic animal kept within an aquarium, or other animal as agreed to between the management and the homeowner.

SEC. 2. Section 1360.5 is added to the Civil Code, to read:

1360.5. (a) No governing documents shall prohibit the owner of a separate interest within a common interest development from keeping at least one pet within the common interest development, subject to reasonable rules and regulations of the association. This section may not be construed to affect any other rights provided by law to an owner of a separate interest to keep a pet within the development.

(b) For purposes of this section, ''pet'' means any domesticated bird, cat, dog, aquatic animal kept within an aquarium, or other animal as agreed to between the association and the homeowner.

(d) If the association implements a rule or regulation restricting the number of pets an owner may keep, the new rule or regulation shall not apply to prohibit an owner from continuing to keep any pet that the owner currently keeps in his or her separate interest if the pet otherwise conforms with the previous rules or regulations relating to pets.

(e) For the purposes of this section, ''governing documents'' shall include, but are not limited to, the conditions, covenants, and restrictions of the common interest development, and the bylaws, rules, and regulations of the association.

(f) This section shall become operative on January 1, 2001, and shall only apply to governing documents entered into, amended, or otherwise modified on or after that date.

CHAPTER 552

An act to add and repeal Section 33334.25 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 33334.25 is added to the Health and Safety Code, to read:

33334.25. (a) The Legislature finds and declares all of the following:

(1) The transfer of funds to a joint powers authority and the use of pooled funds within the housing market area of the participating agencies for the purpose of providing affordable housing is of benefit to the project area producing the tax increment.

(2) The cost and availability of land, geophysical and environmental limitations, community patterns, and the lack of financing make the availability of affordable housing more difficult in some communities.

(3) The cooperation of local agencies and the use of pooled funds will result in more resources than would otherwise be available for affordable housing.

(b) Notwithstanding any other provision of law, contiguous agencies located within adjoining cities within a single Metropolitan Statistical Area (MSA) may create and participate in a joint powers authority for the purpose of pooling their low- and moderate-income housing funds for affordable housing uses. Agencies may transfer a portion of their housing funds to a joint powers authority for use by the joint powers authority pursuant to this section. The joint powers authority may determine the kinds of housing projects or activities to be assisted, consistent with this section. The joint powers authority may loan, grant, or advance transferred housing funds from participating agencies to a receiving entity for any eligible housing development within the participating agency's jurisdiction, subject to the requirements of this section. In addition, the agreement may authorize the joint powers authority to issue bonds and to use the pooled funds to leverage other funds to assist eligible developments, including loans from private institutions and assistance provided by other governmental agencies.

(c) Each of the following conditions shall be met and described in a mutually binding agreement between the joint powers authority and each participating agency:

(1) The community of each participating agency shall have adopted up-to-date housing elements pursuant to Article 10.6 (commencing with Section 65580) of Division 1 of Title 7 of the Government Code, and the housing elements have been determined to be in compliance with the law by the Department of Housing and Community Development.

(2) The community of each participating agency shall have met, in its current or previous housing element cycle, 50 percent or more of its share of the region's affordable housing needs, as defined in Section 65584 of the Government Code, in the very low and lower income categories of income groups defined in Section 50025.5.

(3) Each participating agency shall hold, at least 45 days prior to the transfer of funds to the joint powers authority, a public hearing, after providing notice pursuant to Section 6062 of the Government Code to solicit public comments on the draft agreement.

(4) No housing funds shall be transferred from a project area that has an indebtedness to its low- and moderate-income housing fund pursuant to Section 33334.6.

(5) No housing funds shall be transferred from an agency that has not met its need for replacement housing pursuant to Section 33413, unless the agency has encumbered and contractually committed sufficient funds to meet those requirements.

(6) Pooled funds shall be used within the participating agencies' jurisdictions.

(7) The agreement shall require compliance by the joint powers authority with the provisions of this section.

(8) The joint powers authority shall ensure that the funds it receives are used in accordance with the requirements of this section.

(9) Funds transferred by an agency to a joint powers authority pursuant to this section shall be expended or encumbered by the joint powers authority for the purposes of this section within two years of the transfer. Transferred funds not so expended or encumbered by the joint powers authority within two years after the transfer shall be returned to the original agency and shall be deemed excess surplus funds as provided in, and subject to, the requirements of Sections 33334.10 and 33334.12. Excess surplus funds held by an agency may not be transferred to a joint powers authority.

(10) The joint powers authority shall prepare and submit an annual report to the department that documents the amount of housing funds received and expended or allocated for specific housing assistance activities consistent with Sections 33080.4.

(d) Each of the following conditions shall be met and described in a mutually binding contract between the joint powers authority and a receiving entity:

(1) Pooled housing funds may only be used to pay for the direct costs of constructing, substantially rehabilitating, or preserving the affordability of housing units that are affordable to very low or low income households. Units assisted with pooled funds shall remain available at affordable housing costs in accordance with subdivision (f) of Section 33334.3.

(2) Except as provided in this section, pooled housing funds may not be used in any way that is inconsistent with the requirements of Section 33334.3. Pooled housing funds may not be used to pay for planning and administrative costs, offsite improvements associated with a housing project, or fees or exactions levied solely for development projects constructed, substantially rehabilitated, or preserved with pooled funds. The receiving entity shall be subject to the same replacement requirements provided in Section 33413 and any relocation

requirements applicable pursuant to Section 7260 of the Government Code.

(3) The joint powers authority shall make findings, based on substantial evidence on the record, that each proposed use of pooled funds will not exacerbate racial or economic segregation.

(4) The Department of Housing and Community Development has evaluated each proposed use of pooled funds to construct, substantially rehabilitate, or preserve the affordability of housing and determined that the proposed use is in compliance with this section. In considering whether a proposed use of funds will exacerbate racial or economic segregation, the department shall consider all of the following:

(A) The record of participating jurisdictions in meeting their share of the regional need for low and very low income households allocated to the jurisdiction pursuant to Section 65584 of the Government Code.

(B) The distance of the proposed housing from a redevelopment area from which pooled funds originated.

(C) The income and ethnicity of the residents of the census tract from which the pooled funds originated and in which the housing will be located.

(D) The housing need and availability of sufficient site for housing within jurisdictions from which pooled funds originated.

(e) As used in this section, the following terms shall apply:

(1) ''Housing funds'' mean funds in or from the low- and moderate-income housing fund established by an agency pursuant to Section 33334.3.

(2) ''Joint powers authority'' means a joint powers authority created pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code for the purposes of receiving and using housing funds pursuant to this section.

(3) ''Receiving entity'' means any person, partnership, joint venture, corporation, governmental body, or other organization receiving housing funds from a joint powers authority for the purpose of providing housing pursuant to this section.

(f) On or after January 1, 2008, no participating agency shall create a new joint powers authority or transfer funds to an existing joint powers authority pursuant to this section, unless a later enacted statute, which is enacted before January 1, 2008, deletes or extends that date.

(g) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2010, deletes or extends that date.

CHAPTER 553

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 50076.6 is added to the Health and Safety Code, to read:

50076.6. ''Loan,'' for purposes of provisions relating to the agency, means an obligation to repay funds advanced by the agency for the purpose of financing housing that is evidenced by a promissory note or other instrument in writing and that may or may not be secured by real or personal property.

SEC. 2. Section 50083 of the Health and Safety Code is amended to read:

50083. ''Mortgage'' means a mortgage, deed of trust, or other instrument that may be a lien on real property. ''Mortgage'' includes the note secured by such an instrument.

SEC. 3. Section 50086 of the Health and Safety Code is amended to read:

SEC. 4. Section 50960 is added to the Health and Safety Code, to read:

50960. A loan document for a loan that is not secured by real property and is made to a person, not including a firm, association, partnership, organization, corporation, limited liability company, or other group, however formed, shall state that the loan is a recourse obligation and that the personal property of the borrower may be subject to or sold pursuant to a lien in order to pay the obligation.

SEC. 5. Section 51331 of the Health and Safety Code is amended to read:

51331. Subject only to the limitations prescribed in this chapter, the agency, in addition to any other power conferred by this part with respect to multifamily rental housing and housing developments, may make or undertake commitments to make loans to housing sponsors to finance

the acquisition, construction, rehabilitation, refinancing, or development of multifamily rental housing. For this purpose, the agency shall enter into regulatory contracts and other agreements with housing sponsors receiving loans pursuant to this chapter to ensure compliance with this chapter.

CHAPTER 554

An act to add Section 798.73.5 to the Civil Code, relating to mobilehome parks.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.73.5 is added to the Civil Code, to read:

798.73.5. (a) In the case of a sale or transfer of a mobilehome that will remain in the park, the management may only require repairs or improvements to the mobilehome, its appurtenances, or an accessory structure that meet all of the following conditions:

(1) Except as provided by Section 798.83, the repair or improvement is to the mobilehome, its appurtenances, or an accessory structure that is not owned and installed by the management.

(2) The repair or improvement is based upon or is required by a local ordinance or state statute or regulation relating to mobilehomes, or a rule or regulation of the mobilehome park that implements or enforces a local ordinance or a state statute or regulation relating to mobilehomes.

(3) The repair or improvement relates to the exterior of the mobilehome, its appurtenances, or an accessory structure that is not owned and installed by the management.

(b) The management, in the case of sale or transfer of a mobilehome that will remain in the park, shall provide a homeowner with a written summary of repairs or improvements that management requires to the mobilehome, its appurtenances, or an accessory structure that is not owned and installed by the management no later than 10 business days following the receipt of a request for this information, as part of the notice required by Section 798.59. This summary shall include specific references to park rules and regulations, local ordinances, and state statutes and regulations relating to mobilehomes upon which the request for repair or improvement is based.

(c) The provisions of this section enacted at the 1999–2000 Regular Session of the Legislature are declarative of existing law as they pertain

to allowing park management to enforce park rules and regulations; these provisions specifically limit repairs and improvements that can be required of a homeowner by park management at the time of sale or transfer to the same repairs and improvements that can be required during any other time of a residency.

CHAPTER 555

An act to amend Sections 18050.7 and 18070.3 of the Health and Safety Code, relating to mobilehomes.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 18050.7 of the Health and Safety Code is amended to read:

18050.7. In addition to any other requirements imposed by this part or regulations of the department, the department shall not grant an initial manufactured home or mobilehome dealer's license to any applicant who has not satisfied all of the education and experience requirements contained in this section. If the applicant for a manufactured home or mobilehome dealer's license is a partnership, corporation, or other business entity, each person designated to participate in the direction, control, or management of the sales operation of the entity shall meet all of the education and experience requirements contained in this section prior to issuance of a manufactured home or mobilehome dealer's license by the department.

18070.3. (a) When any person (1) who has purchased a manufactured home for a personal or family residential or investment purpose or (2) who has sold a manufactured home for a personal or family residential or investment purpose, obtains a final judgment in any court of competent jurisdiction against any manufactured home dealer, salesperson, or other seller or purchaser, and the judgment is based on the grounds of failure to honor warranties or guarantees, or for fraud, or for willful misrepresentation of the kind or quality of the product sold or purchased, or for conversion, arising directly out of any transaction which occurs on or after January 1, 1985, the person, upon termination of all proceedings, including appeals, may file a claim with the department for an order directing payment out of the fund of the amount of actual and direct loss in the transaction.

(b) If any person either purchases a manufactured home used for a personal or family residential or investment purpose from, or sells a manufactured home used for a personal or family residential or investment purpose to, a licensee who is or has been the subject of a bankruptcy proceeding, the person may file a claim with the department for an order directing payment out of the fund of the actual and direct loss in the transaction based on the licensee's failure to honor warranties or guarantees, or for fraud, or for willful misrepresentation of the kind or quality of product purchased or sold, or for conversion, arising directly out of any transaction that occurs on or after January 1, 1985.

(c) No person applying for recovery from the fund shall apply for judgment on any bond issued prior to January 1, 1985.

(d) ''Actual and direct loss,'' for purposes of this chapter, includes:

(1) The amount of the actual and direct loss, plus court costs and reasonable attorney fees incurred in pursuit of the judgment, not to exceed 15 percent of the amount of the judgment, if the claim is based on a judgment.

(2) Only the amount of the actual and direct loss, if the claim is not based on a judgment.

(e) (1) The total amount of the claim shall not exceed the amount of actual and direct loss that remains unreimbursed from any source.

(2) The maximum payment ordered under this section, with respect to any one sales transaction on a new or used manufactured home, shall be the amount of the judgment plus attorney's fees or, in the case of a bankrupt licensee, the amount of the actual and direct loss, as determined by the department based on information in the possession of the department and information provided by the claimant or claimants. In

no event shall the actual payments exceed seventy-five thousand dollars (75,000).

(3) Notwithstanding any other provision of this chapter, a person who purchases or sells a manufactured home for an investment purpose may receive payment from the fund for that purpose only once. A person who has received payment from the fund for the purchase or sale of a manufactured home for an investment purpose shall henceforth be ineligible to make a claim under this chapter, either as a natural person or as a member of a partnership, as an officer or director of a corporation, as a member of a marital community, or in any other capacity.

(f) For the purposes of this chapter:

(1) ''Claimant'' does not include a person holding a lien on, or a person possessing a secondary interest in, a manufactured home.

(2) ''Conversion'' means the unlawful appropriation of the property of another.

(g) Prior to payment of any claim against the fund, the claimant or claimants shall have first:

(1) If the claim is based on a final judgment, executed judgment against all the assets of the judgment debtor or presented evidence satisfactory to the department that the debtor is judgment proof.

(2) If the claim is not based on a final judgment, presented evidence satisfactory to the department that the licensee is or has been the subject of bankruptcy proceedings and, for purposes of any civil litigation or claims in bankruptcy proceedings, has assigned to the department any interest in the actual and direct loss described in subdivision (d) in the amount that the claimant or claimants recover from the fund.

(h) A claim against the fund shall be filed with the department in accordance with the following:

(1) If the claim is based on a final judgment, within one year from the date of the judgment.

(2) If the claim is not based on a final judgment, within one year from the termination of bankruptcy proceedings or one year from the date of sale as determined by subdivision (a) of Section 18070.2, whichever event occurs later.

(i) When any person files a claim for an order directing payment from the fund, the department shall conduct a review of the application and other pertinent information in its possession, and it may issue an order directing payment out of the fund as provided in subdivisions (a) to (h), inclusive, subject to the limitations of subdivisions (a) to (h), inclusive, if the claimant or claimants show all of the following:

(1) That he or she is not a spouse of the judgment debtor, the bankrupt licensee, or a person representing the spouse.

(2) That he or she is making an application within the time specified in subdivision (h).

(3) That the claimant has satisfied the applicable requirements of subdivision (g).

(4) That, if the claimant is a seller of a manufactured home used by the seller for personal, family, or household purposes, the claimant made a good faith effort to adequately secure the debt resulting from the sale of the manufactured home and with respect to which the claim is made. For purposes of this paragraph, a good faith effort to secure the debt may be demonstrated by, but shall not be limited to, providing the department with a promissory note signed by the debtor and which, pursuant to the terms thereof, is secured by collateral with a reasonable value at least equal to the debt evidenced by the promissory note.

(j) Upon an order of the department directing that payment be made out of the fund, the Controller is authorized to draw a warrant for the payment of the amount of the claim approved by the department pursuant to this section.

(k) In dispersing moneys from the fund, the department is authorized to give priority to claimants who have attempted to purchase or sell a manufactured home for a personal or family residential purpose.

(*l*) Prior to July 1, 1995, the department shall completely process and render determinations upon all claims to the fund that were received by the department prior to January 1, 1993. All claims to the fund that are received on or after January 1, 1993, shall be processed, and a determination made, within one year of the original date of application.

(m) The department, upon request by a Member of the Legislature, shall provide the following information: the number of claims to the fund, number of claims processed and decided within one year of their application date, the amount of fund money paid to claimants, and the amount of fund money allocated for the department's costs.

CHAPTER 556

An act to amend Section 65915 of the Government Code, relating to housing.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 65915 of the Government Code is amended to read:

65915. (a) When a developer of housing proposes a housing development within the jurisdiction of the local government, the city,

county, or city and county shall provide the developer incentives for the production of lower income housing units within the development if the developer meets the requirements set forth in subdivisions (b) and (c). The city, county, or city and county shall adopt an ordinance that shall specify the method of providing developer incentives.

(b) When a developer of housing agrees or proposes to construct at least (1) 20 percent of the total units of a housing development for lower income households, as defined in Section 50079.5 of the Health and Safety Code, or (2) 10 percent of the total units of a housing development for very low income households, as defined in Section 50105 of the Health and Safety Code, or (3) 50 percent of the total dwelling units of a housing development for qualifying residents, as defined in Section 51.3 of the Civil Code, a city, county, or city and county shall either (1) grant a density bonus and at least one of the concessions or incentives identified in subdivision (h) unless the city, county, or city and county makes a written finding that the additional concession or incentive is not required in order to provide for affordable housing costs, as defined in Section 50052.5 of the Health and Safety Code, or for rents for the targeted units to be set as specified in subdivision (c), or (2) provide other incentives of equivalent financial value based upon the land cost per dwelling unit.

(c) A developer shall agree to and the city, county, or city and county shall ensure continued affordability of all lower income density bonus units for 30 years or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program. Those units targeted for lower income households, as defined in Section 50079.5 of the Health and Safety Code, shall be affordable at a rent that does not exceed 30 percent of 60 percent of area median income. Those units targeted for very low income households, as defined in Section 50105 of the Health and Safety Code, shall be affordable at a rent that does not exceed 30 percent of 50 percent of area median income. If a city, county, or city and county does not grant at least one additional concession or incentive pursuant to paragraph (1) of subdivision (b), the developer shall agree to and the city, county, or city and county shall ensure continued affordability for 10 years of all lower income housing units receiving a density bonus.

(d) A developer may submit to a city, county, or city and county a preliminary proposal for the development of housing pursuant to this section prior to the submittal of any formal requests for general plan amendments, zoning amendments, or subdivision map approvals. The city, county, or city and county shall, within 90 days of receipt of a written proposal, notify the housing developer in writing of the procedures under which it will comply with this section. The city,

county, or city and county shall establish procedures for carrying out this section, which shall include legislative body approval of the means of compliance with this section. The city, county, or city and county shall also establish procedures for waiving or modifying development and zoning standards that would otherwise inhibit the utilization of the density bonus on specific sites. These procedures shall include, but not be limited to, such items as minimum lot size, side yard setbacks, and placement of public works improvements.

(e) The housing developer shall show that the waiver or modification is necessary to make the housing units economically feasible.

(f) For the purposes of this chapter, ''density bonus'' means a density increase of at least 25 percent, unless a lesser percentage is elected by the developer, over the otherwise maximum allowable residential density under the applicable zoning ordinance and land use element of the general plan as of the date of application by the developer to the city, county, or city and county. The granting of a density bonus shall not be interpreted, in and of itself, to require a general plan amendment, zoning change, or other discretionary approval. The density bonus shall not be included when determining the number of housing units which is equal to 10 or 20 percent of the total. The density bonus shall apply to housing developments consisting of five or more dwelling units.

(g) ''Housing development,'' as used in this section, means one or more groups of projects for residential units constructed in the planned development of a city, county, or city and county. For the purposes of this section, ''housing development'' also includes either (1) a project to substantially rehabilitate and convert an existing commercial building to residential use, or (2) the substantial rehabilitation of an existing multifamily dwelling, as defined in subdivision (d) of Section 65863.4, where the result of the rehabilitation would be a net increase in available residential units. For the purpose of calculating a density bonus, the residential units do not have to be based upon individual subdivision maps or parcels. The density bonus shall be permitted in geographic areas of the housing development other than the areas where the units for the lower income households are located.

(h) For the purposes of this chapter, concession or incentive means any of the following:

(1) A reduction in site development standards or a modification of zoning code requirements or architectural design requirements that exceed the minimum building standards approved by the California Building Standards Commission as provided in Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code, including, but not limited to, a reduction in setback and square footage requirements and in the ratio of vehicular parking spaces that would otherwise be required.

(2) Approval of mixed use zoning in conjunction with the housing project if commercial, office, industrial, or other land uses will reduce the cost of the housing development and if the commercial, office, industrial, or other land uses are compatible with the housing project and the existing or planned development in the area where the proposed housing project will be located.

(3) Other regulatory incentives or concessions proposed by the developer or the city, county, or city and county that result in identifiable cost reductions.

This subdivision does not limit or require the provision of direct financial incentives for the housing development, including the provision of publicly owned land, by the city, county, or city and county, or the waiver of fees or dedication requirements.

(i) If a developer agrees to construct both 20 percent of the total units for lower income households and 10 percent of the total units for very low income households, the developer is entitled to only one density bonus and at least one additional concession or incentive identified in Section 65913.4 under this section although the city, city and county, or county may, at its discretion, grant more than one density bonus.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 557

An act to add Section 14132.26 to the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature to develop options that allow elderly and disabled individuals maximum choice in determining their living arrangements, including the choice to remain in the least restrictive and most homelike environment as they age or grow frail.

(b) It is further the intent of the Legislature to ensure that elderly and disabled individuals have access to appropriate health care and personal assistance, regardless of their income level, health status, or choice of housing arrangement.

SEC. 2. Section 14132.26 is added to the Welfare and Institutions Code, to read:

14132.26. (a) The department shall develop a program that requires a waiver of federal law to test the efficacy of providing an assisted living benefit to beneficiaries under the Medi-Cal program. Assisted living benefits shall include, but are not limited to, the care and supervision activities specified in Section 1569.2 of the Health and Safety Code and Section 87101 of Title 22 of the California Code of Regulations, and other health-related services. The program developed pursuant to this section shall be known as the waiver program for purposes of this section. The department shall submit any necessary waiver applications or modifications to the medicaid state plan to the Health Care Financing Administration to implement the waiver program, and shall implement the waiver program only to the extent federal financial participation is available.

(b) The department shall develop the waiver program in conjunction with other state departments, consumers, consumer advocates, housing and service providers, and experts in the fields of gerontology, geriatric health, nursing services, and independent living.

(c) The assisted living benefit shall be designed to provide eligible individuals with a range of services that enable them to remain in the least restrictive and most homelike environment while receiving the medical and personal care necessary to protect their health and well-being. Benefits provided pursuant to this waiver program shall include only those not otherwise available under the state plan, and may include, but are not limited to, medicine management, coordination with a primary health care provider, and case management.

(d) (1) Eligible individuals shall be those who are eligible for the Medi-Cal program and are determined by the department to be eligible for placement in a nursing facility, as defined under subdivisions (c) and (d) of Section 1250 of the Health and Safety Code. Eligibility shall be based on an assessment of an individual's ability to perform functional and instrumental activities of daily living, as well as the individual's medical diagnosis and prognosis, and other criteria, including other Medi-Cal services that the beneficiary is receiving, as specified in the waiver.

(2) An eligible individual shall participate in the waiver program only if he or she is fully informed of the program and the nature of the assisted living benefit and indicates in writing his or her choice to participate.

(e) (1) The waiver program shall test the effectiveness of providing a Medi-Cal assisted living benefit through two service delivery approaches, as specified in paragraphs (2) and (3).

(2) Under the first model, an assisted living benefit shall be provided to residents of licensed residential care facilities. Facility participation in the program shall be determined by the department in conjunction with the State Department of Social Services and in accordance with the criteria for participation specified in the waiver. Under this model the facility operator shall be responsible for the provision of services allowed under the benefit, either directly or through contracts with other provider agencies, as permitted and specified in the waiver. During participation in the waiver program, residential care facilities shall comply with all terms and conditions of the waiver. The department and the State Department of Social Services, may, as determined necessary and appropriate, waive provisions contained in Division 2 (commencing with Section 1200) of the Health and Safety Code, subdivision (h) of Section 14132.95, and Title 22 of the California Code of Regulations for facilities providing services to waiver program participants.

(3) Under the second model, an assisted living benefit shall be provided to residents in publicly funded senior and disabled housing projects. Under this model an independent agency, pursuant to a contract with the department, shall be responsible for the provision of case management and other services to eligible individuals, as specified in the waiver.

(f) The department shall evaluate the effectiveness of the waiver program.

(1) The evaluation shall include, but not be limited to, participant satisfaction , health, and safety, the quality of life of the participant receiving the assisted living benefit, and demonstration of the cost neutrality of the waiver program as specified in federal guidelines.

(2) The evaluation shall estimate the projected savings, if any, in the budgets of state and local governments if the program was expanded statewide.

(3) The evaluation shall be submitted to the appropriate policy and fiscal committees of the Legislature on or before January 1, 2003.

(g) The department shall limit the number of participants in the waiver program during the initial three years of its operation to a number that will be statistically significant for purposes of the program evaluation and that meets any requirements of the federal Health Care Financing Administration, including a request to waive statewide implementation requirements for the waiver program during the initial years of evaluation.

(h) In implementing this section, the department may enter into contracts for the provision of essential administrative and other services.

Contracts entered into under this section may be on a noncompetitive bid basis, and shall be exempt from the requirements of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(i) The department shall not implement the waiver program specified in subdivision (a) if it will result in additional costs to the state.

(j) The waiver program shall be developed and implemented only to the extent that funds are appropriated for that purpose.

However, a trade secret, as defined in subdivision (d) of Section 3426.1 of the Civil Code, is not subject to this subdivision.

(2) Train its agents in the use of its suitability standards.

(3) Maintain a copy of its suitability standards and make them available for inspection upon request by the commissioner.

(b) The agent and insurer shall develop procedures that take into consideration, when determining whether the applicant meets the standards developed by the insurer, the following:

(1) The ability to pay for the proposed coverage and other pertinent financial information related to the purchase of the coverage.

(2) The applicant's goals or needs with respect to long-term care and the advantages and disadvantages of insurance to meet these goals or needs.

(c) (1) The issuer, and where an agent is involved, the agent, shall make reasonable efforts to obtain the information set out in subdivision (b). The efforts shall include presentation to the applicant, at or prior to application, of the ''Long-Term Care Insurance Personal Worksheet,'' contained in the Long-Term Care Insurance Model Regulations of the National Association of Insurance Commissioners. The personal worksheet used by the insurer shall contain, at a minimum, the information in the NAIC worksheet in not less than 12-point type. The insurer may request the applicant to provide additional information to comply with its suitability standards.

(2) In the premium section of the personal worksheet, the insurer shall disclose all rate increases and rate increase requests for all policies, whether issued by the insurer or purchased or acquired from another insurer, in the United States on or after January 1, 1990.

(3) The premium section shall include a statement that reads as follows: ''A rate guide is available that compares the policies sold by different insurers, the benefits provided in those policies, and sample premiums. The rate guide also provides a history of the rate increases, if any, for the policies issued by different insurers in each state in which they do business, since January 1, 1990. You can obtain a copy of this rate guide by calling the Department of Insurance's consumer toll-free telephone number (1-800-927-HELP), by calling the Health Insurance Counseling and Advocacy Program (HICAP) toll-free telephone number (1-800-434-0222), or by accessing the Department of Insurance's Internet web site (www.insurance.ca.gov).'' If the personal worksheet is approved prior to the availability of the rate guide, the worksheet shall indicate that the rate guide will be available beginning December 1, 2000.

(4) A copy of the issuer's personal worksheet shall be filed and approved by the commissioner. A new personal worksheet shall be filed

and approved by the commissioner each time a rate is increased in California and each time a new policy is filed for approval by the commissioner. The new personal worksheet shall disclose the amount of the rate increase in California and all prior rate increases in California as well as all prior rate increases and rate increase requests or filings in any other state. The new personal worksheet shall be used by the insurer within 60 days of approval by the commissioner in place of the previously approved personal worksheet.

(d) A completed personal worksheet shall be returned to the issuer prior to the issuer's consideration of the applicant for coverage, except the personal worksheet need not be returned for sale of employer group long-term care insurance to employees and their spouses and dependents.

(e) The sale or dissemination outside the company or agency by the issuer or agent of information obtained through the personal worksheet is prohibited.

(f) The issuer shall use the suitability standards it has developed pursuant to this section in determining whether issuing long-term care insurance coverage to an applicant is appropriate.

(g) Agents shall use the suitability standards developed by the insurer in marketing long-term care insurance.

(h) If the issuer determines that the applicant does not meet its financial suitability standards, or if the applicant has declined to provide the information, the issuer may reject the application. Alternatively, the issuers shall send the applicant a letter similar to the ''Long-Term Care Insurance Suitability Letter'' contained in the Long-Term Care Model Regulations of the National Association of Insurance Commissioners. However, if the applicant has declined to provide financial information, the issuer may use some other method to verify the applicant's intent. Either the applicant's returned letter or a record of the alternative method of verification shall be made part of the applicant's file.

(i) The insurer shall report annually to the commissioner the total number of applications received from residents of this state, the number of those who declined to provide information on the personal worksheet, the number of applicants who did not meet the suitability standards, and the number who chose to conform after receiving a suitability letter.

(j) This section shall not apply to life insurance policies that accelerate benefits for long-term care.

[Approved by Governor September 18, 2000. Filed with Secretary of State September 20, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 646.92 of the Penal Code is amended to read:

646.92. (a) The Department of Corrections, county sheriff, or director of the local department of corrections shall give notice not less than 15 days prior to the release from the state prison or a county jail of any person who is convicted of violating Section 646.9 or convicted of a felony offense involving domestic violence, as defined in Section 6211 of the Family Code, or any change in the parole status or relevant change in the parole location of the convicted person, or if the convicted person absconds from supervision while on parole, to any person the court identifies as a victim of the offense, a family member of the victim, or a witness to the offense by telephone and certified mail at his or her last known address, upon request. A victim, family member, or witness shall keep the Department of Corrections or county sheriff informed of his or her current mailing address and telephone number to be entitled to receive notice. A victim may designate another person for the purpose of receiving notification. The Department of Corrections, county sheriff, or director of the local department of corrections, shall make reasonable attempts to locate a person who has requested notification but whose address and telephone number are incorrect or not current. However, the duty to keep the Department of Corrections or county sheriff informed of a current mailing address and telephone number shall remain with the victim.

Following notification by the department pursuant to Section 3058.61, in the event the victim had not originally requested notification under this section, the sheriff or the chief of police, as appropriate, shall make an attempt to advise the victim or, if the victim is a minor, the parent or guardian of the victim, of the victim's right to notification under this section.

(b) All information relating to any person who receives notice under this section shall remain confidential and shall not be made available to the person convicted of violating this section.

(c) For purposes of this section, ''release'' includes a release from the state prison or a county jail because time has been served, a release from the state prison or a county jail to parole or probation supervision, or an escape from an institution or reentry facility.

(d) The Department of Corrections or county sheriff shall give notice of an escape from an institution or reentry facility of any person convicted of violating Section 646.9 or convicted of a felony offense involving domestic violence, as defined in Section 6211 of the Family Code, to the notice recipients described in subdivision (a).

(e) Substantial compliance satisfies the notification requirements of subdivision (a).

SEC. 2. Section 3003 of the Penal Code is amended to read:

3003. (a) Except as otherwise provided in this section, an inmate who is released on parole shall be returned to the county that was the last legal residence of the inmate prior to his or her incarceration.

For purposes of this subdivision, ''last legal residence'' shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison or local jail facility or while confined for treatment in a state hospital.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county if that would be in the best interests of the public. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record and include these reasons in the notice to the sheriff or chief of police pursuant to Section 3058.6. In making its decision, the paroling authority shall consider, among others, the following factors, giving the greatest weight to the protection of the victim and the safety of the community:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(5) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) The Department of Corrections, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) In making its decision about an inmate who participated in a joint venture program pursuant to Article 1.5 (commencing with Section 2717.1) of Chapter 5, the paroling authority shall give serious consideration to releasing him or her to the county where the joint venture program employer is located if that employer states to the paroling authority that he or she intends to employ the inmate upon release.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(f) Notwithstanding any other provision of law, an inmate who is released on parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.53, 12022.7, or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(g) Notwithstanding any other law, an inmate who is released on parole for any violation of Section 288 or 288.5 shall not be placed or reside, for the duration of his or her period of parole, within one-quarter mile of any school including any or all of grades kindergarten to 6, inclusive.

(i) The authority shall give consideration to the equitable distribution of parolees and the proportion of out-of-county commitments from a county compared to the number of commitments from that county when making parole decisions.

(j) An inmate may be paroled to another state pursuant to any other law.

(k) (1) Except as provided in paragraph (2), the Department of Corrections shall be the agency primarily responsible for, and shall have control over, the program, resources, and staff implementing the Law Enforcement Automated Data System (LEADS) in conformance with subdivision (e).

(A) The manufacturer's or distributor's invoice price to a dealer.

(B) A dealer's cost.

(2) This subdivision does not apply to either of the following:

(A) Any communication occurring during face-to-face negotiations for the purchase of a specific vehicle if the prospective purchaser initiates a discussion of the vehicle's invoice price or the dealer's cost for that vehicle.

(B) Any communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. For purposes of this subparagraph, a ''commercial purchaser'' means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, governmental entity, or person who purchases 10 or more vehicles during a year.

(o) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is ''fully factory equipped.''

(q) Affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additional price of each item. If the supplemental sticker price is greater than the

sum of the manufacturer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as ''added mark-up.''

(r) Advertise any underselling claim, such as ''we have the lowest prices'' or ''we will beat any dealer's price,'' unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) Advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision, ''incentive'' means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

(t) Display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

(u) Fail to disclose in writing to the franchisor of a new motor vehicle dealer the name of the purchaser, date of sale, and the vehicle identification number of each new motor vehicle sold of the line-make of that franchisor, or intentionally submit to that franchisor a false name for the purchaser or false date for the date of sale.

(v) Enter into a contract for the retail sale of a motor vehicle unless the contract clearly and conspicuously discloses whether the vehicle is being sold as a new vehicle or a used vehicle, as defined in this code.

(w) Use a simulated check, as defined in subdivision (a) of Section 22433 of the Business and Professions Code, in an advertisement for the sale or lease of a vehicle.

(x) Fail to disclose, in a clear and conspicuous manner in at least 10-point bold type on the face of any contract for the retail sale of a new motor vehicle that this transaction is, or is not, subject to a fee received by an autobroker from the selling new motor vehicle dealer, and the name of the autobroker, if applicable.

SEC. 5.5. Section 11713.1 of the Vehicle Code is amended to read:

11713.1. It is a violation of this code for the holder of any dealer's license issued under this article to do any of the following:

(a) Advertise any specific vehicle for sale without identifying the vehicle by either its vehicle identification number or license number.

(b) Advertise the total price of a vehicle without including all costs to the purchaser at time of sale, except taxes, vehicle registration fees,

emission testing fees not exceeding fifty dollars ($50), actual fees charged for certificates pursuant to Section 44060 of the Health and Safety Code, finance charges, and any dealer document preparation charge. The dealer document preparation charge shall not exceed forty-five dollars ($45).

(c) (1) Exclude from an advertisement of a vehicle for sale that there will be added to the advertised total price at the time of sale, charges for sales tax, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, and any dealer document preparation charge.

(2) For purposes of paragraph (1), ''advertisement'' means any advertisement in a newspaper, magazine, direct mail publication, or handbill that is two or more columns in width or one column in width and more than seven inches in length, or on any web page of a dealer's website that displays the price of a vehicle offered for sale on the Internet, as that term is defined in paragraph (6) of subdivision (e) of Section 17538 of the Business and Professions Code.

(d) Represent the dealer document preparation charge or certificate of compliance or noncompliance fee, as a governmental fee.

(e) Fail to sell a vehicle to any person at the advertised total price, exclusive of taxes, vehicle registration fees, the fee charged by the state for the issuance of any certificate of compliance or noncompliance pursuant to any statute, finance charges, mobilehome escrow fees, the amount of any city, county, or city and county imposed fee or tax for a mobilehome, and any dealer document preparation charge, which charges shall not exceed forty-five dollars ($45) for the document preparation charge and not to exceed fifty dollars ($50) for emission testing plus the actual fees charged for certificates pursuant to Section 44060 of the Health and Safety Code, while the vehicle remains unsold, unless the advertisement states the advertised total price is good only for a specified time and the time has elapsed.

(f) (1) Advertise for sale, sell, or purchase for resale any new vehicle of a line-make for which the dealer does not hold a franchise.

(2) This subdivision does not apply to any transaction involving any of the following:

(A) A mobilehome.

(B) A recreational vehicle as defined in Section 18010 of the Health and Safety Code.

(C) A commercial coach, as defined in Section 18001.8 of the Health and Safety Code.

(D) An off-highway motor vehicle subject to identification as defined in Section 38012.

(E) A manufactured home.

(F) A new vehicle that will be substantially altered or modified by a converter prior to resale.

(G) A commercial vehicle with a gross vehicle weight rating or more than 10,000 pounds.

(H) A vehicle purchased for export and exported outside the territorial limits of the United States without being registered with the department.

(g) Sell a park trailer, as specified in Section 18009.3 of the Health and Safety Code, without disclosing in writing to the purchaser that a park trailer is required to be moved by a transporter or a licensed manufacturer or dealer under a permit issued by the Department of Transportation or a local authority with respect to highways under their respective jurisdictions.

(h) Advertise free merchandise, gifts, or services provided by a dealer contingent on the purchase of a vehicle. The term ''free'' includes merchandise or services offered for sale at a price less than the seller's cost of the merchandise or services.

(i) Advertise vehicles, and related goods or services, at a specified dealer price, with the intent not to supply reasonably expectable demand, unless the advertisement discloses the number of vehicles in stock at the advertised price. In addition, whether or not there are sufficient vehicles in stock to supply a reasonably expectable demand, when phrases such as ''starting at,'' ''from,'' ''beginning as low as,'' or words of similar import are used in reference to an advertised price, the advertisement shall disclose the number of vehicles available at that advertised price.

For purposes of this subdivision, in any newspaper advertisement for a vehicle that is two model years old or newer, the actual phrase that states the number of vehicles in stock at the advertised price shall be (1) printed in a type size that is at least equal to one-quarter of the type size, and in the same style and color of type, used for the advertised price, however, in no case shall the phrase be printed in less than 8-point type size, and (2) be disclosed immediately above, below, or beside the advertised price without any intervening words, pictures, marks, or symbols.

The disclosure required by this subdivision is in addition to any other disclosure required by this code or any regulation regarding identifying vehicles advertised for sale.

(j) Use the term ''rebate'' or similar words such as ''cash back'' in advertising the sale of a vehicle unless the rebate is expressed in a specific dollar amount and is in fact a rebate offered by the vehicle manufacturer or distributor directly to the retail purchaser of the vehicle or to the assignee of the retail purchaser.

(k) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price

the same person would have to pay to purchase the same vehicle and related goods or services. For the purpose of this subdivision, ''cash price'' has the meaning as defined in subdivision (e) of Section 2981 of the Civil Code.

(*l*) Advertise a guaranteed trade-in allowance unless the guarantee is provided by the manufacturer or distributor.

(m) Misrepresent the authority of a salesperson, representative, or agent to negotiate the final terms of a transaction.

(n) (1) Use the terms ''invoice,'' ''dealer's invoice,'' ''wholesale price,'' or similar terms that refer to a dealer's cost for a vehicle in an advertisement for the sale of a vehicle or advertise that the selling price of a vehicle is above, below, or at either of the following:

(A) The manufacturer's or distributor's invoice price to a dealer.

(B) A dealer's cost.

(2) This subdivision does not apply to either of the following:

(A) Any communication occurring during face-to-face negotiations for the purchase of a specific vehicle if the prospective purchaser initiates a discussion of the vehicle's invoice price or the dealer's cost for that vehicle.

(B) Any communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. For purposes of this subparagraph, a ''commercial purchaser'' means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, governmental entity, or person who purchases 10 or more vehicles during a year.

(o) Violate any law prohibiting bait and switch advertising, including, but not limited to, the guides against bait advertising set forth in Part 238 (commencing with Section 238) of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1988.

(p) Make any untrue or misleading statement indicating that a vehicle is equipped with all the factory installed optional equipment the manufacturer offers, including, but not limited to, a false statement that a vehicle is ''fully factory equipped.''

(q) Affix on any new vehicle a supplemental price sticker containing a price that represents the dealer's asking price which exceeds the manufacturer's suggested retail price unless all of the following occur:

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additional price of each item. If the supplemental sticker price is greater than the sum of the manufacturer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as ''added mark-up.''

(r) Advertise any underselling claim, such as ''we have the lowest prices'' or ''we will beat any dealer's price,'' unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) Advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision, ''incentive'' means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

(t) Display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

(u) Fail to disclose in writing to the franchisor of a new motor vehicle dealer the name of the purchaser, date of sale, and the vehicle identification number of each new motor vehicle sold of the line-make of that franchisor, or intentionally submit to that franchisor a false name for the purchaser or false date for the date of sale.

(v) Enter into a contract for the retail sale of a motor vehicle unless the contract clearly and conspicuously discloses whether the vehicle is being sold as a new vehicle or a used vehicle, as defined in this code.

(w) Use a simulated check, as defined in subdivision (a) of Section 22433 of the Business and Professions Code, in an advertisement for the sale or lease of a vehicle.

(x) Fail to disclose, in a clear and conspicuous manner in at least 10-point bold type on the face of any contract for the retail sale of a new motor vehicle that this transaction is, or is not, subject to a fee received by an autobroker from the selling new motor vehicle dealer, and the name of the autobroker, if applicable.

(y) This section shall become operative on July 1, 2001.

SEC. 6. Section 11713.3 of the Vehicle Code is amended to read:

11713.3. It is unlawful and a violation of this code for any manufacturer, manufacturer branch, distributor, or distributor branch licensed under this code to do any of the following:

(a) To refuse or fail to deliver in reasonable quantities and within a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the manufacturer or distributor, any new vehicle or parts or accessories to new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer, manufacturer branch, distributor, or distributor branch.

(b) To prevent or require, or attempt to prevent or require, by contract or otherwise, any change in the capital structure of a dealership or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and also provided that no change in capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

(c) To prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators if the franchise was granted the dealer in reliance upon the personal qualifications of such person or persons.

(d) (1) Except as provided in subdivision (t), to prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or stockholder of any dealership, the sale or transfer of any part of the interest of any of them to any other person or persons. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor except that the consent shall not be unreasonably withheld.

(2) (A) For the transferring franchisee to fail, prior to the sale, transfer, or assignment of a franchisee or the sale, assignment, or transfer of all or substantially all of the assets of the franchised business or a controlling interest in the franchised business to another person, to notify the manufacturer or distributor of the franchisee's decision to sell, transfer, or assign the franchise. The notice shall be in writing and shall include all of the following:

(i) The proposed transferee's name and address.

(ii) A copy of all of the agreements relating to the sale, assignment, or transfer of the franchised business or its assets.

(iii) The proposed transferee's application for approval to become the successor franchisee. The application shall include forms and related information generally utilized by the manufacturer or distributor in reviewing prospective franchisees, if those forms are readily made available to existing franchisees. As soon as practicable after receipt of the proposed transferee's application, the manufacturer or distributor shall notify the franchisee and the proposed transferee of any information needed to make the application complete.

(B) For the manufacturer or distributor, to fail on or before 60 days after the receipt of all of the information required pursuant to subparagraph (A), or as extended by a written agreement between the manufacturer or distributor and the franchisee, to notify the franchisee of the approval or the disapproval of the sale, transfer, or assignment of the franchise. The notice shall be in writing and shall be personally served or sent by certified mail, return receipt requested, or by guaranteed overnight delivery service that provides verification of delivery and shall be directed to the franchisee. Any proposed sale, assignment, or transfer shall be deemed approved, unless disapproved by the franchisor in the manner provided by this subdivision. If the proposed sale, assignment, or transfer is disapproved, the franchisor shall include in the notice of disapproval a statement setting forth the reasons for the disapproval.

(3) In any action in which the manufacturer's or distributor's withholding of consent under this subdivision or subdivision (e) is an issue, whether the withholding of consent was unreasonable is a question of fact requiring consideration of all the existing circumstances.

(e) To prevent, or attempt to prevent, a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld or conditioned upon the release, assignment, novation, waiver, estoppel, or modification of any claim or defense by the dealer.

(f) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and that other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the dealer.

(g) To require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this article or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the board, if the

referral would be binding on the dealer. This subdivision does not, however, prohibit arbitration before an independent arbitrator.

(h) To increase prices of motor vehicles which the dealer had ordered for private retail consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer is evidence of each such order. In the event of manufacturer price reductions, the amount of the reduction received by a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by either (1) the addition to a motor vehicle of required or optional equipment pursuant to state or federal law, or (2) revaluation of the United States dollar in the case of foreign-make vehicles, are not subject to this subdivision.

(i) To fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new vehicle of a prior year model is in the dealer's inventory at the time of introduction of new model vehicles.

(j) To deny the widow or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of the dealership or successor dealership under a valid franchise for a reasonable time after the death of the owner.

(k) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line-make to be sold to the state or any political subdivision thereof without making the same offer to all other dealers in the same line-make within the relevant market area.

(*l*) To modify, replace, enter into, relocate, terminate or refuse to renew a franchise in violation of Article 4 (commencing with Section 3060) of Chapter 6 of Division 2.

(m) To employ a person as a representative who has not been licensed pursuant to Article 3 (commencing with Section 11900) of Chapter 4 of Division 5.

(n) To deny any dealer the right of free association with any other dealer for any lawful purpose.

(o) To compete with a dealer in the same line-make operating under an agreement or franchise from a manufacturer or distributor in the relevant market area. A manufacturer or distributor shall not, however, be deemed to be competing when operating a dealership either temporarily for a reasonable period, or in a bona fide retail operation

which is for sale to any qualified independent person at a fair and reasonable price, or in a bona fide relationship in which an independent person has made a significant investment subject to loss in the dealership and can reasonably expect to acquire full ownership of the dealership on reasonable terms and conditions. A distributor shall not be deemed to be competing when a wholly owned subsidiary corporation of the distributor sells motor vehicles at retail, if, for at least three years prior to January 1, 1973, the subsidiary corporation has been a wholly owned subsidiary of the distributor and engaged in the sale of vehicles at retail.

(p) To unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted its franchisees to make warranty adjustments with retail customers.

(q) To sell vehicles to persons not licensed under this chapter for resale.

(r) To fail to affix an identification number to any park trailer, as described in Section 18009.3 of the Health and Safety Code, that is manufactured on or after January 1, 1987, and which does not clearly identify the unit as a park trailer to the department. The configuration of the identification number shall be approved by the department.

(s) To dishonor a warranty, rebate, or other incentive offered to the public or a dealer in connection with the retail sale of a new motor vehicle, based solely upon the fact that an autobroker arranged or negotiated the sale. This subdivision shall not prohibit the disallowance of that rebate or incentive if the purchaser or dealer is ineligible to receive the rebate or incentive pursuant to any other term or condition of a rebate or incentive program.

(t) To exercise a right of first refusal or any other right requiring a franchisee or any owner thereof to sell, transfer, or assign to the franchisor, or to any nominee of the franchisor, all or any material part of the franchised business or of the assets thereof unless all of the following requirements are met:

(1) The franchise authorizes the franchisor to exercise a right of first refusal to acquire the franchised business or assets thereof in the event of a proposed sale, transfer or assignment.

(2) The franchisor gives written notice of its exercise of the right of first refusal no later than 45 days after the franchisor receives all of the information required pursuant to subparagraph (A) of paragraph (2) of subdivision (d).

(3) The sale, transfer, or assignment being proposed relates to not less than all or substantially all of the assets of the franchised business or to a controlling interest in the franchised business.

(4) The proposed transferee is neither a family member of an owner of the franchised business, nor a managerial employee of the franchisee owning 15 percent or more of the franchised business, nor a corporation,

partnership, or other legal entity owned by the existing owners of the franchised business. For purposes of this paragraph, a ''family member'' means the spouse of an owner of the franchised business, the child, grandchild, brother, sister, or parent of an owner, or a spouse of one of those family members. Nothing contained in this paragraph limits the rights of the franchisor to disapprove a proposed transferee as provided in subdivision (d).

(5) Upon the franchisor's exercise of the right of first refusal, the consideration paid by the franchisor to the franchisee and owners of the franchised business shall equal or exceed all consideration that each of them were to have received under the terms of, or in connection with, the proposed sale, assignment, or transfer, and the franchisor shall comply with all the terms and conditions of the agreement or agreements to sell, transfer, or assign the franchised business.

(6) The franchisor shall reimburse the proposed transferee for any expenses paid or incurred by the proposed transferee in evaluating, investigating, and negotiating the proposed transfer to the extent those expenses do not exceed the usual, customary, and reasonable fees charged for similar work done in the area in which the franchised business is located. These expenses include, but are not limited to, legal and accounting expenses, and expenses incurred for title reports and environmental or other investigations of any real property on which the franchisee's operations are conducted. The proposed transferee shall provide the franchisor a written itemization of those expenses, and a copy of all nonprivileged reports and studies for which expenses were incurred, if any, within 30 days of the proposed transferee's receipt of a written request from the franchisor for that accounting. The franchisor shall make payment within 30 days of exercising the right of first refusal.

(u) To unfairly discriminate in favor of any dealership owned or controlled, in whole or part, by a manufacturer or distributor or an entity that controls or is controlled by the manufacturer or distributor. Nothing in this subdivision shall be interpreted to prohibit a franchisor from granting a franchise to prospective franchisees or assisting those franchisees during the course of the franchise relationship as part of a program or programs to make franchises available to persons lacking capital, training, business experience, or other qualifications ordinarily required of prospective franchisees.

SEC. 6.5. Section 11713.3 of the Vehicle Code is amended to read:

11713.3. It is unlawful and a violation of this code for any manufacturer, manufacturer branch, distributor, or distributor branch licensed under this code to do any of the following:

(a) To refuse or fail to deliver in reasonable quantities and within a reasonable time after receipt of an order from a dealer having a franchise for the retail sale of any new vehicle sold or distributed by the

manufacturer or distributor, any new vehicle or parts or accessories to new vehicles as are covered by the franchise, if the vehicle, parts, or accessories are publicly advertised as being available for delivery or actually being delivered. This subdivision is not violated, however, if the failure is caused by acts or causes beyond the control of the manufacturer, manufacturer branch, distributor, or distributor branch.

(b) To prevent or require, or attempt to prevent or require, by contract or otherwise, any change in the capital structure of a dealership or the means by or through which the dealer finances the operation of the dealership, provided that the dealer at all times meets any reasonable capital standards agreed to by the dealer and the manufacturer or distributor, and also provided that no change in capital structure shall cause a change in the principal management or have the effect of a sale of the franchise without the consent of the manufacturer or distributor.

(c) To prevent or require, or attempt to prevent or require, a dealer to change the executive management of a dealership, other than the principal dealership operator or operators if the franchise was granted the dealer in reliance upon the personal qualifications of such person or persons.

(d) (1) Except as provided in subdivision (t), to prevent or require, or attempt to prevent or require, by contract or otherwise, any dealer, or any officer, partner, or stockholder of any dealership, the sale or transfer of any part of the interest of any of them to any other person or persons. No dealer, officer, partner, or stockholder shall, however, have the right to sell, transfer, or assign the franchise, or any right thereunder, without the consent of the manufacturer or distributor except that the consent shall not be unreasonably withheld.

(2) (A) For the transferring franchisee to fail, prior to the sale, transfer, or assignment of a franchisee or the sale, assignment, or transfer of all or substantially all of the assets of the franchised business or a controlling interest in the franchised business to another person, to notify the manufacturer or distributor of the franchisee's decision to sell, transfer, or assign the franchise. The notice shall be in writing and shall include all of the following:

(i) The proposed transferee's name and address.

(ii) A copy of all of the agreements relating to the sale, assignment, or transfer of the franchised business or its assets.

(iii) The proposed transferee's application for approval to become the successor franchisee. The application shall include forms and related information generally utilized by the manufacturer or distributor in reviewing prospective franchisees, if those forms are readily made available to existing franchisees. As soon as practicable after receipt of the proposed transferee's application, the manufacturer or distributor

shall notify the franchisee and the proposed transferee of any information needed to make the application complete.

(B) For the manufacturer or distributor, to fail on or before 60 days after the receipt of all of the information required pursuant to subparagraph (A), or as extended by a written agreement between the manufacturer or distributor and the franchisee, to notify the franchisee of the approval or the disapproval of the sale, transfer, or assignment of the franchise. The notice shall be in writing and shall be personally served or sent by certified mail, return receipt requested, or by guaranteed overnight delivery service that provides verification of delivery and shall be directed to the franchisee. Any proposed sale, assignment, or transfer shall be deemed approved, unless disapproved by the franchisor in the manner provided by this subdivision. If the proposed sale, assignment, or transfer is disapproved, the franchisor shall include in the notice of disapproval a statement setting forth the reasons for the disapproval.

(3) In any action in which the manufacturer's or distributor's withholding of consent under this subdivision or subdivision (e) is an issue, whether the withholding of consent was unreasonable is a question of fact requiring consideration of all the existing circumstances.

(e) To prevent, or attempt to prevent, a dealer from receiving fair and reasonable compensation for the value of the franchised business. There shall be no transfer or assignment of the dealer's franchise without the consent of the manufacturer or distributor, which consent shall not be unreasonably withheld or conditioned upon the release, assignment, novation, waiver, estoppel, or modification of any claim or defense by the dealer.

(f) To obtain money, goods, service, or any other benefit from any other person with whom the dealer does business, on account of, or in relation to, the transaction between the dealer and that other person, other than for compensation for services rendered, unless the benefit is promptly accounted for, and transmitted to, the dealer.

(g) To require a dealer to prospectively assent to a release, assignment, novation, waiver, or estoppel which would relieve any person from liability to be imposed by this article or to require any controversy between a dealer and a manufacturer, distributor, or representative, to be referred to any person other than the board, if the referral would be binding on the dealer. This subdivision does not, however, prohibit arbitration before an independent arbitrator.

(h) To increase prices of motor vehicles which the dealer had ordered for private retail consumers prior to the dealer's receipt of the written official price increase notification. A sales contract signed by a private retail consumer is evidence of each such order. In the event of manufacturer price reductions, the amount of the reduction received by

a dealer shall be passed on to the private retail consumer by the dealer if the retail price was negotiated on the basis of the previous higher price to the dealer. Price reductions apply to all vehicles in the dealer's inventory which were subject to the price reduction. Price differences applicable to new model or series motor vehicles at the time of the introduction of new models or series shall not be considered a price increase or price decrease. Price changes caused by either (1) the addition to a motor vehicle of required or optional equipment pursuant to state or federal law, or (2) revaluation of the United States dollar in the case of foreign-make vehicles, are not subject to this subdivision.

(i) To fail to pay to a dealer, within a reasonable time following receipt of a valid claim by a dealer thereof, any payment agreed to be made by the manufacturer or distributor to the dealer by reason of the fact that a new vehicle of a prior year model is in the dealer's inventory at the time of introduction of new model vehicles.

(j) To deny the widow or heirs designated by a deceased owner of a dealership, the opportunity to participate in the ownership of the dealership or successor dealership under a valid franchise for a reasonable time after the death of the owner.

(k) To offer any refunds or other types of inducements to any person for the purchase of new motor vehicles of a certain line-make to be sold to the state or any political subdivision thereof without making the same offer to all other dealers in the same line-make within the relevant market area.

(*l*) To modify, replace, enter into, relocate, terminate or refuse to renew a franchise in violation of Article 4 (commencing with Section 3060) of Chapter 6 of Division 2.

(m) To employ a person as a representative who has not been licensed pursuant to Article 3 (commencing with Section 11900) of Chapter 4 of Division 5.

(n) To deny any dealer the right of free association with any other dealer for any lawful purpose.

(o) (1) To compete with a dealer in the same line-make operating under an agreement or franchise from a manufacturer or distributor in the relevant market area.

(2) A manufacturer, branch, or distributor or any entity that controls or is controlled by, a manufacturer, branch, or distributor, shall not, however, be deemed to be competing in the following limited circumstances:

(A) Owning or operating a dealership for a temporary period, not to exceed one year. However, after a showing of good cause by a manufacturer, branch, or distributor that it needs additional time to operate a dealership in preparation for sale to a successor independent franchisee, the board may extend the time period. The board shall extend

the time period until December 31, 2002, for any manufacturer that meets all of the following requirements:

(i) The manufacturer has no more than 25 franchisees in the state and those franchisees collectively operate dealership facilities in at least 15 counties of the state.

(ii) All of the dealership facilities operated by the manufacturer's franchisees in the state trade exclusively in the manufacturer's line-make.

(iii) No fewer than one-half of the manufacturer's franchisees in the state own and operate two or more dealership facilities in their assigned areas of responsibility.

(iv) The manufacturer holds a temporary ownership interest in no more than two dealerships in the state that are located in the relevant market area of any other franchisee of the same line-make not owned, in whole or part, by the manufacturer.

(B) Owning an interest in a dealer as part of a bona fide dealer development program that satisfies all of the following requirements:

(i) The sole purpose of the program is to make franchises available to persons lacking capital, training, business experience, or other qualities ordinarily required of prospective franchisees and the dealer development candidate is an individual who is unable to acquire the franchise without assistance of the program.

(ii) The dealer development candidate has made a significant investment subject to loss in the franchised business of the dealer.

(iii) The program requires the dealer development candidate to manage the day-to-day operations and business affairs of the dealer and to acquire, within a reasonable time and on reasonable terms and conditions, beneficial ownership and control of a majority interest in the dealer and disassociation of any direct or indirect ownership or control by the manufacturer, branch, or distributor.

(C) Owning a wholly owned subsidiary corporation of a distributorthat sells motor vehicles at retail, if, for at least three years prior to January 1, 1973, the subsidiary corporation has been a wholly owned subsidiary of the distributor and engaged in the sale of vehicles at retail.

(3) (A) Every manufacturer, branch, and distributor that owns or operates a dealership in the manner described in subparagraph (A) of paragraph (2) shall give written notice to the board, within 10 days, each time it commences or terminates operation of a dealership and each time it acquires or divests itself of an ownership interest.

(B) Every manufacturer, branch, and distributor that owns an interest in a dealer in the manner described in subparagraph (B) of paragraph (2) shall give written notice to the board, annually, of the name and location of each dealer in which it has an ownership interest.

(p) To unfairly discriminate among its franchisees with respect to warranty reimbursement or authority granted its franchisees to make warranty adjustments with retail customers.

(q) To sell vehicles to persons not licensed under this chapter for resale.

(r) To fail to affix an identification number to any park trailer, as described in Section 18009.3 of the Health and Safety Code, that is manufactured on or after January 1, 1987, and which does not clearly identify the unit as a park trailer to the department. The configuration of the identification number shall be approved by the department.

(s) To dishonor a warranty, rebate, or other incentive offered to the public or a dealer in connection with the retail sale of a new motor vehicle, based solely upon the fact that an autobroker arranged or negotiated the sale. This subdivision shall not prohibit the disallowance of that rebate or incentive if the purchaser or dealer is ineligible to receive the rebate or incentive pursuant to any other term or condition of a rebate or incentive program.

(t) To exercise a right of first refusal or any other right requiring a franchisee or any owner thereof to sell, transfer, or assign to the franchisor, or to any nominee of the franchisor, all or any material part of the franchised business or of the assets thereof unless all of the following requirements are met:

(1) The franchise authorizes the franchisor to exercise a right of first refusal to acquire the franchised business or assets thereof in the event of a proposed sale, transfer or assignment.

(2) The franchisor gives written notice of its exercise of the right of first refusal no later than 45 days after the franchisor receives all of the information required pursuant to subparagraph (A) of paragraph (2) of subdivision (d).

(3) The sale, transfer, or assignment being proposed relates to not less than all or substantially all of the assets of the franchised business or to a controlling interest in the franchised business.

(4) The proposed transferee is neither a family member of an owner of the franchised business, nor a managerial employee of the franchisee owning 15 percent or more of the franchised business, nor a corporation, partnership, or other legal entity owned by the existing owners of the franchised business. For purposes of this paragraph, a ''family member'' means the spouse of an owner of the franchised business, the child, grandchild, brother, sister, or parent of an owner, or a spouse of one of those family members. Nothing contained in this paragraph limits the rights of the franchisor to disapprove a proposed transferee as provided in subdivision (d).

(5) Upon the franchisor's exercise of the right of first refusal, the consideration paid by the franchisor to the franchisee and owners of the

franchised business shall equal or exceed all consideration that each of them were to have received under the terms of, or in connection with, the proposed sale, assignment, or transfer, and the franchisor shall comply with all the terms and conditions of the agreement or agreements to sell, transfer, or assign the franchised business.

(6) The franchisor shall reimburse the proposed transferee for any expenses paid or incurred by the proposed transferee in evaluating, investigating, and negotiating the proposed transfer to the extent those expenses do not exceed the usual, customary, and reasonable fees charged for similar work done in the area in which the franchised business is located. These expenses include, but are not limited to, legal and accounting expenses, and expenses incurred for title reports and environmental or other investigations of any real property on which the franchisee's operations are conducted. The proposed transferee shall provide the franchisor a written itemization of those expenses, and a copy of all nonprivileged reports and studies for which expenses were incurred, if any, within 30 days of the proposed transferee's receipt of a written request from the franchisor for that accounting. The franchisor shall make payment within 30 days of exercising the right of first refusal.

(u) (1) To unfairly discriminate in favor of any dealership owned or controlled, in whole or part, by a manufacturer or distributor or an entity that controls or is controlled by the manufacturer or distributor. Unfair discrimination includes, but is not limited to, the following:

(A) The furnishing to any franchisee or dealer that is owned or controlled, in whole or part, by a manufacturer, branch or distributor of any of the following:

(i) Any vehicle that is not made available to each franchisee pursuant to a reasonable allocation formula that is applied uniformly, and any part or accessory that is not made available to all franchisees on an equal basis when there is no reasonable allocation formula that is applied uniformly.

(ii) Any vehicle, part, or accessory that is not made available to each franchisee on comparable delivery terms, including time of delivery after placement of order. Differences in delivery terms due to geographic distances or other factors beyond the control of the manufacturer, branch, or distributor shall not constitute unfair competition.

(iii) Any information obtained from a franchisee by the manufacturer, branch, or distributor concerning the business affairs or operations of any franchisee in which the manufacturer, branch, or distributor does not have an ownership interest. The information includes, but is not limited to, information contained in financial statements and operating reports, the name, address, or other personal information or buying, leasing, or service behavior of any dealer customer, and any other information which if provided to a franchisee or dealer owned or controlled by a manufacturer or distributor would give that franchisee or dealer a

competitive advantage. This clause does not apply if the information is provided pursuant to a subpoena or court order, or to aggregated information made available to all franchisees.

(B) Referring a prospective purchaser or lessee to a dealer in which a manufacturer, branch, or distributor has an ownership interest unless the prospective purchaser or lessee resides in the area of responsibility assigned to that dealer or the prospective purchaser or lessee requests to be referred to that dealer.

(2) Nothing in this subdivision shall be interpreted to prohibit a franchisor from granting a franchise to prospective franchisees or assisting those franchisees during the course of the franchise relationship as part of a program or programs to make franchises available to persons lacking capital, training, business experience, or other qualifications ordinarily required of prospective franchisees.

(v) As used in this section, ''area of responsibility'' is a geographic area specified in a franchise that is used by the franchisor for the purpose of evaluating the franchisee's performance of its sales and service obligations.

Such fidelity bond, except as provided in subdivision (c), shall provide at least fifty thousand dollars ($50,000) specifically designated to guarantee payment of any monetary loss incurred by the endowment care or special care funds of the cemetery authority occasioned by any acts of fraud or dishonesty by the board of trustees or corporate trustee thereof.

(c) Upon application, the Cemetery and Funeral Bureau may reduce the amount of the bond required pursuant to this section if moneys in the endowment care fund and special care funds administered by the

applicant board of trustees or corporate trustee are substantially less than fifty thousand dollars ($50,000). In such cases, the Cemetery and Funeral Bureau may permit filing of a bond pursuant to subdivision (a) or (b) which, while the bond is on file, is not less than the aggregate amount of all moneys in the endowment care fund and special care funds administered by the applicant. If the Cemetery and Funeral Bureau permits exceptions pursuant to this subdivision, it shall adopt procedures to assure that affected bonds do not fall below such amount.

(d) The trustees or corporate trustee of an endowment care fund or special care fund shall take no action respecting trust funds unless there is on file with the bureau a bond as required by this section. The Cemetery and Funeral Bureau may suspend the certificate of authority of any cemetery authority having endowment or special care funds with respect to which there is no bond on file with the bureau as required by this section, or whenever such a bond falls below the amount required by this section.

(e) Any state or national bank authorized to engage in the trust business pursuant to Division 1 (commencing with Section 99) of the Financial Code shall be exempt from the requirements of this section.

8740. A cemetery which otherwise complies with Section 8738 may be designated an endowment care cemetery even though it contains a small section which may be sold without endowment care, if the section is separately set off from the remainder of the cemetery and if signs are kept prominently placed around the section designating the same as a ''nonendowment care section'' in legible black lettering at least four inches high. There shall be printed at the head of all contracts, agreements, statements, receipts and certificates of ownership or deeds referring to plots in the section the phrase ''nonendowment care'' in lettering of a size and style to be approved by the Cemetery and Funeral Bureau.

They shall be readily available for inspection and examination by the Cemetery and Funeral Bureau in accordance with the provisions of the Business and Professions Code.

8748. Where an endowment care mausoleum or mausoleum-columbarium is operated within an endowment care cemetery and the cemetery corporations or cemetery authorities owning or operating each merge and consolidate into one cemetery authority or corporation, the endowment care funds established by each may be consolidated and merged into one endowment care fund. Such merger shall be accomplished by the execution of a declaration of trust by the successor cemetery authority or corporation, which declaration shall provide:

(a) That the assets of each endowment care fund shall be merged and consolidated into one endowment care fund which shall be held and administered by the directors of the successor cemetery authority or the trustees appointed by them for the care, maintenance, and embellishment of both cemeteries in accordance with the provisions of this code.

(c) That it accepts and will administer all special care funds for the purpose for which they were established and in accordance with the provisions of this code.

The declaration of trust shall not be effective unless and until approved by the Cemetery and Funeral Bureau.

An executed copy of such declaration of trust so approved shall be filed with the Cemetery and Funeral Bureau and in the office of the cemetery authority or corporation owning or operating such cemetery, where it shall be available for inspection by any owner of property therein.

Upon approval of the declaration of trust by the Cemetery and Funeral Bureau, the assets and liabilities of such endowment care funds shall be deemed merged and consolidated into one endowment care fund, and the trustees of, or appointed by, the cemetery authority or corporation handling such funds shall be immediately vested with the title to all of the assets and subject to all of the liabilities thereof. (5) The alignment of assessment with the statewide academically rigorous content and performance standards adopted by the State Board of Education.

(6) The active, ongoing involvement of parents, classroom teachers, administrators, other educators, governing board members of school districts, and the public in all phases of the design and implementation of the statewide pupil assessment program.

(7) The development of a contract or contracts with a publisher or publishers, after the approval of statewide academically rigorous content standards by the State Board of Education, for the development of performance standards and assessments of applied academic skills designed to test pupils' knowledge of academic skills and abilities to apply that knowledge and those skills in order to solve problems and communicate.

(b) The superintendent shall develop and annually update for the Legislature a five-year cost projection, implementation plan, and timetable for implementing the program described in subdivision (a). The annual update shall be submitted on or before March 1 of each year to the chairperson of the fiscal subcommittee considering budget appropriations in each house. The update shall explain any significant variations from the five-year cost projection for the current year budget and the proposed budget.

(c) The Superintendent of Public Instruction shall provide each school district with guidelines for professional development that are designed to assist classroom teachers to use the results of the assessments administered pursuant to this chapter to modify instruction for the purpose of improving pupil learning. These guidelines shall be

developed in consultation with classroom teachers and approved by the State Board of Education before dissemination.

(d) The Superintendent of Public Instruction and the State Board of Education shall consider comments and recommendations from school districts and the public in the development, adoption, and approval of assessment instruments.

(e) The results of the achievement test administered pursuant to Article 4 (commencing with Section 60640) shall be returned to the school district in the same academic year in which the test was administered and no later than July 30 of the calendar year in which the test was administered.

SEC. 2. Section 60605 of the Education Code is amended to read:

60605. (a) (1) (A) Not later than January 1, 1998, the State Board of Education shall adopt statewide academically rigorous content standards, pursuant to the recommendations of the Commission for the Establishment of Academic Content and Performance Standards, in the core curriculum areas of reading, writing, and mathematics to serve as the basis for assessing the academic achievement of individual pupils and of schools, school districts, and the California education system. Not later than November 1, 1998, the State Board of Education shall adopt these standards in the core curriculum areas of history/social science and science.

(B) The board shall adopt statewide performance standards in the core curriculum areas of reading, writing, mathematics, history-social science, and science based on the recommendations made by a contractor or contractors.

(C) The State Board of Education shall require the contractor or contractors to submit performance standards to the board not later than a specified date that allows sufficient opportunity for the board to conduct regional hearings prior to the adoption of the performance standards by the dates specified in subparagraph (B).

(2) (A) The State Board of Education may modify any proposed content standards or performance standards prior to adoption and may adopt content and performance standards in individual core curriculum areas as those standards are submitted to the board by the commission or the contractor. The performance standards shall be established against specific grade level benchmarks of academic achievement for each subject area tested and shall be based on the knowledge and skills that pupils will need in order to succeed in the information-based, global economy of the 21st century. These skills shall not include personal behavioral standards or skills, including, but not limited to, honesty, sociability, ethics, or self-esteem. The standards adopted pursuant to this section shall be for the purpose of guiding state decisions regarding the development, adoption, and approval of assessment instruments

pursuant to this chapter and shall not be construed to mandate any actions or activities by school districts.

(B) Because these standards are models, the adoption of these standards is not subject to the Administrative Procedure Act. This subparagraph is declaratory of existing law.

(3) Before adopting academic content and performance standards, the board shall hold regional hearings for the purpose of giving parents and other members of the public the opportunity to comment on the proposed standards.

(b) (1) The State Board of Education shall require the State Department of Education to notify publishers of the opportunity to submit, for consideration by the State Board of Education pursuant to Section 60642, tests of achievement that include all of the basic academic skills identified in subdivision (c) of Section 60603 in grades 2 to 8, inclusive, and the core curriculum areas identified in subdivision (e) of Section 60603 in grades 9 to 11, inclusive.

(2) On or before October 31, 1997, the Superintendent of Public Instruction shall recommend to the State Board of Education which achievement test to adopt pursuant to subdivision (b) of Section 60642.

(c) (1) The State Board of Education shall ensure that the statewide assessment system adopted pursuant to this chapter yields valid, reliable individual pupil scores and, where applicable, aggregate school scores, school district scores, and statewide scores of pupils and assesses basic academic skills and content standards, including the use of a direct writing assessment or other applied academic skills if deemed valid and reliable and if resources are made available for their use.

(2) Nothing in this subdivision shall be construed to prevent the State Board of Education from developing or adopting an assessment instrument that also contains assessments of basic academic skills.

(d) To the extent feasible and as otherwise required, the State Board of Education shall ensure that assessments developed, or contracted for, by the state are aligned with the statewide content and performance standards adopted pursuant to subdivision (a).

(e) After adopting statewide content standards, the State Board of Education shall review the achievement test designated pursuant to Section 60642 for conformance with these statewide standards.

(f) After adopting statewide content and performance standards, the State Board of Education shall review the existing curriculum frameworks for conformity with the new statewide standards and shall modify the curriculum frameworks where appropriate to bring them into alignment with the standards.

(g) The State Board of Education shall adopt regulations for the conduct and administration of the testing and assessment program.

(h) The State Board of Education shall adopt a regulation for minimum security procedures that test and assessment publishers and school districts must follow to ensure the security and integrity of test and assessment questions and materials.

SEC. 3. Section 60640 of the Education Code is amended to read:

60640. (a) There is hereby established the Standardized Testing and Reporting Program, to be known as the STAR Program.

(b) Commencing in the 1997–98 fiscal year and each fiscal year thereafter, and from the funds available for that purpose, each school district, charter school, and county office of education shall administer to each of its pupils in grades 2 to 11, inclusive, before June 15, the achievement test designated by the State Board of Education pursuant to Section 60642 and the standards-based achievement test provided for in Section 60642.5. The State Board of Education shall establish a testing period to provide that all schools administer these tests to pupils at approximately the same time during the instructional year, except as necessary to ensure test security and to meet the final filing date.

(c) The publisher and the school district shall provide two makeup days for the testing of previously absent pupils no later than June 25.

(d) The governing board of the school district may administer achievement tests in kindergarten, and grade 1 or 12, or both, as it deems appropriate.

(e) Individuals with exceptional needs who have an explicit provision in their individualized education program that exempts them from the testing requirement of subdivision (b) shall be so exempt.

(f) At the school district's option, pupils of limited English proficiency who are enrolled in any of grades 2 to 11, inclusive, may take a second achievement test in their primary language. Primary language tests administered pursuant to this subdivision and subdivision (g) shall be subject to the requirements of subdivisions (b), (c), (d), and (e) of Section 60641. These primary language tests shall produce individual pupil scores that are valid and reliable. Notwithstanding any other provision of law, the State Board of Education shall designate for use, as part of this program, a single primary language test in each language for which such a test is available for grades 2 to 11, inclusive, no later than November 14, 1998, pursuant to the process used for designation of the assessment chosen in the 1997–98 fiscal year, as specified in Sections 60642 and 60643, as applicable.

(g) Pupils of limited English proficiency who are enrolled in any of grades 2 to 11, inclusive, shall be required to take a test in their primary language if such a test is available, if fewer than 12 months have elapsed after their initial enrollment in any public school in the state.

(h) (1) The Superintendent of Public Instruction shall apportion funds to school districts to enable school districts to meet the requirements of subdivisions (b), (f), and (g).

(2) The State Board of Education shall annually establish the amount of funding to be apportioned to school districts for each test administered and shall annually establish the amount that each publisher shall be paid for each test administered under the agreements required pursuant to Section 60643. The amounts to be paid to the publishers shall be determined by considering the cost estimates submitted by each publisher each September and the amount included in the Budget Act and by making allowance for the estimated costs to school districts for compliance with the requirements of subdivisions (b), (f), and (g).

(3) An adjustment to the amount of funding to be apportioned per test may not be valid without the approval of the Director of Finance. A request for approval of an adjustment to the amount of funding to be apportioned per test shall be submitted in writing to the Director of Finance and the chairpersons of the fiscal committees of both houses of the Legislature with accompanying material justifying the proposed adjustment. The Director of Finance is authorized to approve only those adjustments related to activities required by statute. The Director of Finance shall approve or disapprove the amount within 30 days of receipt of the request and shall notify the chairpersons of the fiscal committees of both houses of the Legislature of the decision.

(i) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation for the apportionments made pursuant to paragraph (1) of subdivision (h), and the payments made to the publishers under the contracts required pursuant to Section 60643 or subparagraph (C) of paragraph (1) of subdivision (a) of Section 60605 between the State Department of Education and the contractor, shall be deemed to be ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202 of the Education Code, for the applicable fiscal year, and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202 of the Education Code, for that fiscal year.

(j) As a condition to receiving an apportionment pursuant to subdivision (h), a school district shall report to the superintendent all of the following:

(1) The number of pupils enrolled in the school district in grades 2 to 11, inclusive.

(2) The number of pupils to whom an achievement test was administered in grades 2 to 11, inclusive, in the school district.

(3) The number of pupils in paragraph (1) who were exempted from the test pursuant to subdivision (e) of Section 60640.

(4) The number of pupils in paragraph (1) who were exempted from the test at the request of their parents or guardians.

SEC. 4. Section 60641 of the Education Code is amended to read:

60641. The State Department of Education shall ensure that school districts comply with each of the following requirements:

(a) The achievement test designated pursuant to Section 60642 and the standards-based achievement test provided for in Section 60642.5 are scheduled to be administered to all pupils during the period prescribed in subdivision (b) of Section 60640.

(b) The individual results of each pupil test administered pursuant to Section 60640 shall be reported, in writing, to the pupil's parent or guardian. The written report shall include a clear explanation of the purpose of the test, the pupil's score, and its intended use by the school district. Nothing in this subdivision shall be construed to require teachers to prepare individualized explanations of each pupil's test score.

(c) The individual results of each pupil test administered pursuant to Section 60640 shall also be reported to the pupil's school and teachers. The school district shall include the pupil's test results in his or her pupil records. However, except as provided in this section, individual pupil test results may only be released with the permission of the pupil's parent or guardian.

(d) The districtwide, school-level, and grade-level results of the STAR Program in each of the grades designated pursuant to Section 60640, but not the score or relative position of any individually ascertainable pupil, shall be reported to the governing board of the school district at a regularly scheduled meeting, and the countywide, school-level, and grade-level results for classes and programs under the jurisdiction of the county office of education shall be similarly reported to the county board of education at a regularly scheduled meeting. These results shall be reported at the same meeting at which the results of the assessments of applied academic skills are reported pursuant to Section 60609, when those assessments are implemented.

(e) The publisher designated pursuant to Section 60642 and the publisher of the standards-based achievement tests provided for in Section 60642.5 shall make the individual pupil, grade, school, school district, and state results available to the State Department of Education pursuant to paragraph (8) of subdivision (a) of Section 60643 by August 8 of each year in which the achievement test is administered. The State Department of Education shall make the grade, school, school district, and state results available on the Internet by August 15 of each year in which the achievement test is administered.

SEC. 5. Section 60642.5 is added to the Education Code, to read:

60642.5. (a) The Superintendent of Public Instruction, with approval of the State Board of Education, shall provide for the development of an assessment instrument that measures the degree to which pupils are achieving the academically rigorous content standards and performance standards, to the extent standards have been adopted by the State Board of Education. This standards-based achievement test shall contain the subject areas specified in subdivision (c) of Section 60603 for grades 2 to 8, inclusive, and the core curriculum areas specified in subdivision (e) of Section 60603 for grades 9 to 11, inclusive, and shall include, at a minimum, a direct writing assessment once in elementary school and once in middle or junior high school and other items of applied academic skill if deemed valid and reliable and if resources are made available for their use.

(b) In approving a contract for the development or administration of the standards-based achievement test, the State Board of Education shall consider each of the following criteria:

(1) The ability of the contractor to produce valid, reliable individual pupil scores.

(2) The ability of the contractor to report results pursuant to subdivision (a) of Section 60643 by August 8.

(3) The ability of the contractor to ensure alignment between the standards-based achievement test and the academically rigorous content and performance standards as those standards are adopted by the State Board of Education. This criterion shall include the ability of the contractor to implement a process to establish and maintain alignment between the test items and the standards.

(4) The per pupil cost estimates of developing, and, if appropriate, administering the proposed assessment with a system to facilitate the determination of future per pupil cost determinations.

(5) The contractor's procedures to ensuring the security and integrity of test questions and materials.

(6) The contractor's experience in successfully conducting testing programs adopted and administered by other states. For experience to be considered, the number of grades and pupils tested shall be provided.

(c) The standards-based achievement tests may use items from other tests including items from the achievement test designated pursuant to Section 60642.

SEC. 6. Section 60643 of the Education Code is amended to read:

60643. (a) To be eligible for consideration under Section 60642 or 60642.5 by the State Board of Education, test publishers shall agree in writing each year to meet the following requirements, if selected:

(1) Enter into an agreement, pursuant to subdivision (e), with the State Department of Education by November 15, for the 1999–2000 school year, or by October 15, for any school year thereafter.

(2) With respect to selection under Section 60642.5, align the standards-based achievement test provided for in Section 60642.5 to the academically rigorous content and performance standards adopted by the State Board of Education.

(3) Comply with subdivisions (c) and (d) of Section 60645.

(4) Provide valid and reliable individual pupil scores only in the content areas specified in subdivision (c) of Section 60642 to parents or guardians, teachers, and school administrators.

(5) Provide valid and reliable aggregate scores only in the content areas specified in subdivision (c) of Section 60642 to school districts and county boards of education in all of the following forms and formats:

(A) Grade level.

(B) School level.

(C) District level.

(D) Countywide.

(E) Statewide.

(F) Comparison of statewide scores relative to other states.

(6) Provide disaggregated scores, based on limited-English-proficient status and non-limited-English-proficient status. For purposes of this section, pupils with ''non-limited-English-proficient status'' shall include the total of those pupils who are English-only pupils, fluent-English-proficient pupils, and redesignated fluent-English-proficient pupils. These scores shall be provided to school districts and county boards of education in the same form and formats listed in paragraph (5).

(7) Provide disaggregated scores by pupil gender and provide disaggregated scores based on whether pupils are economically disadvantaged or not. These disaggregated scores shall be in the same form and formats as listed in paragraph (5). In any one year, the disaggregation shall entail information already being collected by school districts, county offices of education, or charter schools.

(8) Provide disaggregated scores for pupils who have individualized education programs and have enrolled in special education, to the extent required by federal law. These scores shall be provided in the same forms and formats listed in paragraph (5). This section may not be construed to exclude the scores of special education pupils from any state or federal accountability system.

(9) Provide information listed in paragraphs (5), (6), (7), and (8) to the State Board of Education and the State Department of Education in the medium requested by each entity, respectively, by the date set forth in subdivision (e) of Section 60641.

(b) It is the intent of the Legislature that the publisher work with the Superintendent of Public Instruction and the State Board of Education in developing a methodology to disaggregate statewide scores as

required in paragraphs (6) and (7) of subdivision (a), and in determining which variable indicated on the STAR testing document shall serve as a proxy for ''economically disadvantaged'' status pursuant to paragraph (7).

(c) Access to any information about individual pupils or their families shall be granted to the publisher only for purposes of correctly associating test results with the pupils who produced those results or for reporting and disaggregating test results as required by this section. School districts are prohibited from excluding a pupil from the test if a parent or parents decline to disclose income. Nothing in this chapter shall be construed to abridge or deny rights to confidentiality contained in the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Sec. 1232g) or other applicable provisions of state and federal law that protect the confidentiality of information collected by educational institutions.

(d) Notwithstanding any other provision of law, the publisher of the achievement test designated pursuant to Section 60642 and the publisher of the standards-based achievement test provided for in Section 60642.5 shall comply with all of the conditions and requirements enumerated in subdivision (a) to the satisfaction of the State Board of Education.

(e) (1) Commencing January 1, 2000, a publisher may not provide a test described in Section 60642 or 60642.5 or in subdivision (f) of Section 60640 for use in California public schools unless the publisher enters into a written contract with the State Department of Education as set forth in this subdivision.

(2) The State Department of Education shall develop, and the State Board of Education shall approve, a contract to be entered into with a publisher pursuant to paragraph (1). The department may develop the contract through negotiations with the publisher.

(3) For purposes of the contract authorized pursuant to this subdivision, the State Department of Education is exempt from the requirements of Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code and from the requirements of Article 6 (commencing with Section 999) of Chapter 6 of Division 4 of the Military and Veterans Code.

(4) The contract shall include provisions for progress payments to the publisher for work performed or costs incurred in the performance of the contract. Not less than 10 percent of the amount budgeted for each separate and distinct component task provided for in each contract shall be withheld pending final completion of all component tasks by that publisher. The total amount withheld pending final completion shall not exceed 10 percent of the total contract price.

(5) The contract shall require liquidated damages to be paid by the publisher in the amount of up to 10 percent of the total cost of any

component task that the publisher through its own fault or that of its subcontractors fails to substantially perform by the date specified in the agreement.

(6) The contract shall establish the process and criteria by which the successful completion of each component task shall be recommended by the State Department of Education and approved by the State Board of Education.

(7) The publishers shall submit, as part of the contract negotiation process, a proposed budget and invoice schedule, that includes a detailed listing of the costs for each component task and the expected date of the invoice for each completed component task.

(8) The costs associated with item development shall be provided as a separate amount and shall not be amortized across the number of tests to be administered.

(9) The contract shall specify the following component tasks that are separate and distinct:

(A) Development of new tests or test items as required by paragraph (2) of subdivision (a).

(B) Test materials production or publication.

(C) Delivery of test materials to school districts.

(D) Test processing, scoring, and analyses.

(E) Reporting of test results to the school districts, including, but not limited to, all reports specified in this section.

(F) Reporting of test results to the State Department of Education, including, but not limited to, the electronic files required pursuant to this section.

(G) All other analyses or reports required by the Superintendent of Public Instruction to meet the requirements of state and federal law and set forth in the agreement.

(10) The contract shall specify the specific reports and data files that are to be provided to school districts by the publisher and the number of copies of each report or file to be provided.

(11) The contract shall specify the means by which the delivery date for materials to each school district shall be verified by the publisher and the school district.

(12) School districts may negotiate a separate agreement with the publisher for any additional materials or services not within the contract specified in this subdivision, including, but not limited to, the administration of the tests to pupils in grade levels other than grades 2 to 11, inclusive. Any separate agreement is not within the scope of the contract specified in this subdivision.

SEC. 7. Section 60643.1 of the Education Code is amended to read:

60643.1. (a) (1) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher designated by the State

Board of Education pursuant to Section 60642 shall make available a reading list on the Internet by June 1. The reading list shall include an index that correlates ranges of pupil reading scores on the English language arts portion of the achievement test designated pursuant to Section 60642 to titles of materials that would be suitable for pupils in each of grades 2 to 11, inclusive, to read in order to improve their reading skills. This reading list shall include titles of books that allow a pupil to practice reading at his or her current reading level and that will assist the pupil in achieving a higher level of proficiency. To the extent possible, the index shall also include information related to the subject matter of each title. At a minimum, the reading list shall also categorize titles by subject matter and identify age-appropriate distinctions in the list.

(2) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher shall make available, for purchase by school districts, a report that provides a numerical distribution of the reading scores of all pupils in California who took the achievement test designated pursuant to Section 60642.

(3) Commencing in the 1999–2000 school year, and each school year thereafter, the test publisher shall make available, for purchase by school districts, reading lists that can be distributed to pupils based on a pupil's age and the ranges of scores on the English language arts portion of the achievement test designated pursuant to Section 60642.

(4) The requirements of this subdivision shall only become operative upon a determination by the Director of Finance that funds are available to make an adjustment pursuant to subdivision (h) of Section 60640.

(b) The State Board of Education and the Superintendent of Public Instruction shall jointly certify that the process used by the publisher to determine the reading levels of the corresponding reading list pursuant to paragraph (1) of subdivision (a) meets the following criteria:

(1) The process is educationally valid.

(2) The process results in a reading list for each reading span that provides titles at the pupil's current reading level and the next higher level for challenging practice.

(3) The process results in a selection from the universe of titles from the list developed pursuant to subdivision (d) that matches each reading level.

(4) The process is unbiased in the selection of publishers' titles from the legal compliance list.

(c) The titles listed at each reading level range posted on the Internet and the reading lists made available to school districts pursuant to subdivision (a) shall, at a minimum, include all relevant literature materials approved as of September 1, 1999, as being legally compliant pursuant to Article 3 (commencing with Section 60040) of Chapter 1, and the titles listed in all of the content area reading and literature lists

that are developed and published by the State Department of Education and that have been determined by the department to meet the relevant reading level as certified pursuant to subdivision (b).

(d) By imposing the requirements of this section on publishers, it is not the intent of the Legislature to unfairly disadvantage any publisher who has otherwise met the requirements of this section or of Article 3 (commencing with Section 60040) of Chapter 1 of Part 33.

SEC. 8. Section 60644 of the Education Code is amended to read:

60644. In designating an achievement test pursuant to Section 60642, the State Board of Education shall adopt only a nationally normed test and shall consider each of the following criteria:

(a) Ability of the publisher to produce valid, reliable individual pupil scores.

(b) Quality and age of empirical data supporting national norm referenced data analysis of the proposed assessment.

(c) Ability to report results pursuant to the provisions of paragraphs (4) to (7), inclusive, of subdivision (a) of Section 60643 by August 8.

(d) Ability to report results that permit comparability between data from school districts' previous administration of standardized achievement tests, if feasible.

(e) Per-pupil cost estimates of administering the proposed assessment.

(f) The publisher's procedure for ensuring the security and integrity of test questions and materials.

(g) Experience in the successful conduct of testing programs adopted and administered by other states. For experience to be considered, the number of grades and pupils tested shall be provided.

SEC. 9. Section 60645 of the Education Code is amended to read:

60645. (a) The panel established pursuant to Section 60606 shall review the achievement test designated by the State Board of Education pursuant to Section 60642, the standards-based achievement test provided for in Section 60642.5, and items identified in subdivision (d) for compliance with Section 60614.

(b) Any test questions or test content identified by the panel to be out of compliance with Section 60614 shall be recommended for deletion or replacement pursuant to subdivision (e) of Section 60606.

(c) The State Board of Education shall ensure that any question or content not in compliance with Section 60614 is deleted from assessments designated pursuant to Section 60642 and the standards-based achievement test provided for in Section 60642.5.

(d) If necessary to maintain the requirements of Section 60642.5, the publisher shall replace deleted test content with revisions that comply with Section 60614 as required by the State Board of Education pursuant to subdivision (c).

SEC. 10. Section 60648 of the Education Code is amended to read:

60648. The Superintendent of Public Instruction shall recommend, and the State Board of Education shall adopt, levels of pupil performance on achievement tests administered pursuant to this article in reading, English language arts, and mathematics at each grade level. The performance levels shall identify and establish the level of performance that is deemed to be the minimum level required for satisfactory performance in the next grade. These levels of performance shall only be adopted after the standards-based achievement tests have been aligned, pursuant to paragraph (2) of subdivision (a) of Section 60643, to the content and performance standards adopted by the State Board of Education pursuant to subdivision (a) of Section 60605.

SEC. 11. Section 60649 is added to the Education Code, to read:

60649. On or before March 1, 2001, the Superintendent of Public Instruction and the State Board of Education shall report to the Legislature and the Governor on the status of implementation of this chapter. The report shall include, but not be limited to, the following:

(a) Description of the actions taken to ensure full coverage of academic content standards in assessments developed pursuant to this chapter.

(b) Identification of the types of test items designed to measure applied academic skills, as defined in subdivision (b) of Section 60603.

(c) The means by which the Superintendent of Public Instruction and the State Board of Education determine assessments are valid, reliable, and provide consistent year-to-year comparisons of student progress, consistent with nationally recognized and accepted test construction and implementation methodologies, as applicable.

(d) Recommendations to improve the state's assessment system, identifying related costs or savings, and increases or decreases in testing time.

CHAPTER 577

An act to add Chapter 8.5 (commencing with Section 1350) to Division 6 of the Military and Veterans Code, and to add and repeal Article 1 (commencing with Section 18701) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, relating to veterans.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8.5 (commencing with Section 1350) is added to Division 6 of the Military and Veterans Code, to read:

CHAPTER 8.5. NATIONAL WORLD WAR II VETERANS MEMORIAL TRUST FUND

1350. There is hereby established the National World War II Veterans Memorial Trust Fund to receive those moneys transferred in accordance with Section 18702 of the Revenue and Taxation Code. Upon appropriation by the Legislature, the moneys in the trust fund shall be allocated to the American Battle Monuments Commission for the construction and maintenance of the World War II Memorial described in Section 1 of Chapter 864 of the Statutes of 1999.

SEC. 2. Article 1 (commencing with Section 18701) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 1. National World War II Veterans Memorial Funding

18701. (a) Any individual may designate on the tax return that a contribution in excess of tax liability, if any, be made to the National World War II Veterans Memorial Trust Fund, established pursuant to Section 1350 of the Military and Veterans Code.

(b) A contribution shall be in a full dollar amount and may be made individually by each signatory on a joint return.

(c) A designation made under subdivision (a) shall be made for any taxable year on the initial return for that taxable year, and once made shall be irrevocable. In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the tax liability, if any, shown thereupon, the return shall be treated as though no designation had been made. In the event that no designee is specified, the contribution shall, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under the article, be transferred to the General Fund.

(d) If an individual designates a contribution to more than one account, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designated accounts on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled the ''National World War II Veterans Memorial'' to allow for the designation permitted under subdivision (a). The

Franchise Tax Board shall state in the accompanying tax information booklet that the contributions will be for use on the World War II Memorial in Washington, D.C.

(f) Notwithstanding any other provision, a voluntary contribution designation for the National World War II Veterans Memorial Trust Fund shall not be added on the tax return until another voluntary contribution designation is removed.

(g) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for the amount of any contribution made under subdivision (a).

18702. (a) The Franchise Tax Board shall annually determine the total amount designated pursuant to subdivision (a) of Section 18701 and notify the Controller of that amount.

(b) The Controller shall transfer the amount determined under subdivision (a), less the direct, actual costs of the Franchise Tax Board for the collection and administration of funds under this article, to the National World War II Veterans Memorial Trust Fund, established pursuant to Section 1350 of the Military and Veterans Code, for use on the World War II Memorial in Washington, D.C. Upon appropriation by the Legislature, the Controller shall transfer the amount of reimbursement for direct actual costs incurred by the Franchise Tax Board and the Office of the Controller in the administration of this fund.

18703. This article creates an additional source of funding for a specified purpose. The funds generated by this article shall not be used in place of funds from other sources that are available for appropriation to the National World War II Veterans Memorial Trust Fund.

18704. (a) This article shall remain in effect only until January 1 of the third taxable year following the first appearance of the National World War II Veterans Memorial Trust Fund on the tax return and as of that date is repealed, unless a later enacted statute, that is enacted before the applicable date, deletes or extends that date.

(b) If, in any calendar year after the first taxable year the National World War II Veterans Memorial Trust Fund appears on the tax return, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c) for subsequent taxable years, as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contribution.

(c) For each calendar year, beginning with the second calendar year the National World War II Veterans Memorial Trust Fund appears on the

tax return, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 578

An act to add and repeal Sections 41329 and 41329.1 of the Education Code, relating to the West Contra Costa Unified School District, and making an appropriation therefor.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the governing board, staff, and community of the West Contra Costa Unified School District contribute to and participate in a process to improve the district's performance in the five major operational areas of pupil achievement, fiscal management, facilities management, personnel management, and governance, including community relations.

SEC. 2. Section 41329 is added to the Education Code, to read:

41329. (a) The sum of one million six hundred thousand dollars ($1,600,000) is hereby appropriated from the General Fund according to the following schedule:

(1) Eight hundred thousand dollars ($800,000) to the Superintendent of Public Instruction for the 2000–01 fiscal year, and an equal amount, which shall be appropriated annually thereafter, for allocation to the West Contra Costa Unified School District to reimburse the district for its inability to participate, between 1993 and 1998, inclusive, in the state

school facilities funding program due to the exclusion contained in Section 17017.1. The Legislature finds that the issue of repayment is a matter that is separate and apart from the issue of access to adequate school facilities for pupils of the school district and that West Contra Costa Unified School District should not be prevented from sharing in those funds.

(2) Eight hundred thousand dollars ($800,000) to be paid by the Controller directly to the Kern County Office of Education for the exclusive use by the County Office Fiscal Crisis and Management Assistance Team for the purposes of conducting the assessments and completing the improvement plans specified in Section 41329.1.

(b) Funds allocated to the school district by the Superintendent of Public Instruction pursuant to paragraph (1) of subdivision (a) shall not exceed the total school district modernization project eligibility for the period of time between 1993 and 1998, inclusive, for which the school district did not realize state funding assistance and to which it would otherwise have been entitled but for the statutory exclusion, plus interest at the rate of 1 percent less than the rate earned on the current Pooled Money Investment Account.

(c) Because the school district was forced to rely fully on operating and other local discretionary funds to resolve many of its school facilities needs during the period of time in question, funds received pursuant to paragraph (1) of subdivision (a) may be used by the school district for any discretionary school district purpose.

(d) As a condition of receiving funds pursuant to this section, the West Contra Costa Unified School District shall agree to cooperate with the County Office Fiscal Crisis and Management Assistance Team in the fulfillment of the team's responsibilities pursuant to Section 41329.1.

(e) This section shall become inoperative on July 1, 2005, and, as of January 1, 2006, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2006, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Section 41329.1 is added to the Education Code, to read:

41329.1. (a) The County Office Fiscal Crisis and Management Assistance Team shall conduct comprehensive assessments and shall complete, by July 1, 2001, the following improvement plans for the West Contra Costa Unified School District:

(1) An instructional improvement plan that includes special education and programs for English language learners and is consistent with the financial improvement plan required by paragraph (2). The plan shall specify pupil outcomes that reflect significant improvement in pupil achievement, particularly in the areas of reading, writing, and mathematics. Among the areas addressed by the plan shall be the alignment between the written, taught, and tested curriculum consistent

with the state's adopted instructional standards. Included in the plan shall be a clear link between professional development for all instructional staff consistent with pupil achievement objectives.

(2) A financial improvement plan that is consistent with the instructional improvement plan required by paragraph (1) and that includes the current and future projected solvency and fiscal integrity of the school district. The financial improvement plan shall also include, but not be limited to, specific strategies for developing a loan repayment plan to fully extinguish the balance on state loans provided to the district and for improving the following:

(A) Management information systems.

(B) Accounting and internal control procedures.

(C) Attendance accounting procedures.

(3) A facilities improvement plan that shall be consistent with the financial improvement plan required by paragraph (2), and that includes, but is not limited to, specific strategies for improving the following:

(A) Protection and safety for pupils, employees, and district property.

(B) Ongoing maintenance of district property.

(C) Management control and procedures for managing all construction and modernization projects.

(4) A personnel management improvement plan that is consistent with the financial improvement plan required by paragraph (2), and that includes, but is not limited to, specific strategies for improving the following:

(A) The recruitment, retention, screening, assessment, and hiring procedures for all district staff.

(B) The training of members of the governing board of the school district in the subjects about which members of the governing board must have knowledge in order to discharge their duties as board members effectively.

(C) The assessment of the administrative practices of the school district and staff development to ensure that staff have the knowledge and skills required to manage effectively the educational programs, finances, safety, and facilities maintenance of the school district.

(D) The calculation and maintenance of appropriate and efficient full-time equivalent staffing rations for all school district staff.

(E) The governance structure of the school district in relation to board policy development, operational effectiveness, and responsiveness to the community.

(5) A community relations improvement plan that is consistent with the financial improvement plan required by paragraph (2), and that includes, but is not limited to, specific strategies for improving the communication among the governing board, personnel of the school district, pupils, and parents.

(b) Beginning on December 1, 2001, and each six months thereafter until July 1, 2003, County Office Fiscal Crisis and Management Assistance Team shall file a written status report with the appropriate fiscal and policy committees of the Legislature, including any special committees created for the purpose of reviewing the reports, and with the governing board of the school district, the Superintendent of Public Instruction, the Director of Finance, and the Secretary for Education. The reports shall include the progress that the West Contra Costa Unified School District is making in meeting the recommendations of the improvement plans developed pursuant to subdivision (a).

(c) County Office Fiscal Crisis and Management Assistance Team shall provide to the Controller an accounting of expenditures made by it pursuant to the requirements of this act.

(d) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 4. Due to the unique circumstances concerning the impact that the West Contra Costa Unified School District emergency had upon its subsequent inability to participate in state funding for school facilities, it is necessary that special funding provision be enacted, and the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 579

An act to add Chapter 4 (commencing with Section 55000) to Division 20 of the Food and Agricultural Code, relating to farm products.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 55000) is added to Division 20 of the Food and Agricultural Code, to read:

CHAPTER 4. CALIFORNIA RICE CERTIFICATION ACT OF 2000

Article 1. Declarations and Legislative Intent

55000. The production and milling of rice constitutes an important industry of this state that provides substantial and necessary revenues for the state and employment for its citizens. The California rice industry has the potential to be one of the leading segments of the state's agricultural industry. To realize this potential, there is a need to make domestic and foreign consumers aware of the nutritional value of rice, the high quality of the rice produced and milled in the state, the many varieties of rice produced and milled in the state, the intricacies of rice culture, and the versatility of rice as a part of a well balanced diet.

55001. The program established pursuant to this chapter is essential to ensuring the consistently high quality of the rice produced, milled, distributed, or otherwise handled in the state by informing consumers, maintaining consumer confidence, and enhancing and protecting the reputation of California's rice industry throughout the nation and around the world.

55002. This chapter is intended to allow the rice industry to work cooperatively to maintain consumer confidence and the acceptance of rice produced and milled in the state.

55003. There is a growing need to maintain the identity of various types of rice to satisfy increasing consumer demand for specialty rices. This demand requires providing the industry with the ability to establish the terms and conditions for the production and handling of rice in order to minimize the potential for the commingling of various types of rice, and in order to prevent commingling where reconditioning is infeasible or impossible.

Article 2. Definitions

55006. Unless the context otherwise requires, the definitions in this article govern the construction of this chapter.

55007. ''Books and records'' means books, records, contracts, documents, memoranda, papers, correspondence, or other data, whether in written, magnetic, or electronic form, that pertain to matters relating to this chapter.

55008. ''Certification'' means certification pursuant to Article 7 (commencing with Section 55070).

55009. ''Characteristics of commercial impact'' means characteristics that may adversely affect the marketability of rice in the event of commingling with other rice and may include, but are not limited to, those characteristics that cannot be visually identified without the aid of specialized equipment or testing, those characteristics that create a significant economic impact in their removal from commingled rice, and those characteristics whose removal from commingled rice is infeasible.

55010. ''Commission'' means the California Rice Commission created pursuant to Chapter 9.5 (commencing with Section 71000) of Part 2 of Division 22.

55010.5. ''Committee'' refers to the committee established under Section 55020.

55011. ''Handler'' means any person engaged in this state in the business of marketing rice, including persons engaged in the drying, milling, or storing of rice.

55012. ''Person'' includes any individual, partnership, limited liability company, limited liability partnership, corporation, firm, company, or any other entity doing business in California.

55013. ''Producer'' includes any person who produces, or causes to be produced, rice.

55014. ''Rice'' means all rough or ''paddy'' rice or milled rice (Oryza species) produced in or shipped into California, including mochi rice (sweet rice) and rice produced for seed. It does not include wild rice (Zinzania aquatica; Zinzania palustris).

55015. ''Secretary'' means the Secretary of Food and Agriculture.

Article 3. Administration

55020. The secretary shall appoint a committee, from nominations received from the commission, to administer Section 55040 and Article 5 (commencing with Section 55050), except as otherwise specified. The committee consists of four producers, four handlers, and one representative each of the California Crop Improvement Association, the California Warehouse Association, and the California Cooperative Rice Research Foundation. The secretary shall also appoint one member from the University of California who shall not be affiliated with the California Crop Improvement Association. If the secretary finds any of those nominated to be unacceptable, he or she shall notify the commission and request that another person be nominated. The commission shall appoint one ex officio member who shall be involved in the marketing, breeding, or distribution of seed, and may appoint any

other ex officio members deemed reasonably necessary to implement this chapter.

55020.5. (a) The committee shall meet periodically for the purposes specified in Article 4 (commencing with Section 55040).

(b) A majority of the membership of the committee shall constitute a quorum of the committee. The vote of a majority of the members present at which there is a quorum shall constitute an act of the committee. The committee may continue to transact business at a meeting at which a quorum is initially present, notwithstanding the withdrawal of members, provided any action is approved by the requisite majority of the required quorum.

(c) As a committee of the commission, the committee established pursuant to Section 55022 shall conduct itself according to the bylaws and rules of the commission.

(d) Sections 71051, 71053, 71063, and 71066 shall apply to the committee.

55021. All funds received from the assessments levied under this chapter shall be deposited in banks that the commission may designate and shall be disbursed by order of the commission through an agent or agents as it may designate for that purpose. The agent or agents shall be bonded by a fidelity bond, executed by a surety company authorized to transact business in the state, in favor of the commission, in an amount of not less than twenty-five thousand dollars ($25,000).

55022. (a) Upon receipt of a recommendation from the committee for the promulgation of regulations, the secretary shall within 30 working days do one of the following:

(1) Initiate the rulemaking process with the regulation as recommended by the committee.

(2) Decline to initiate the rulemaking process and provide the committee with a written statement of reasons for the decision.

(3) Request that the committee provide additional information regarding the recommended regulations.

(b) All regulations adopted pursuant to this chapter shall be adopted in compliance with the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code and may be subsequently repealed or amended as provided for in that chapter.

Article 4. Duties and Powers

55040. The powers and duties of the committee under this chapter shall include, but not be limited to, all of the following:

(a) Identifying rices that have characteristics of commercial impact.

(b) Recommending to the secretary proposed regulations establishing terms and conditions for planting, producing, harvesting, transporting, drying, storing, or otherwise handling rice identified pursuant to subdivision (a), including, but not limited to, seed application requirements, field buffer zones, handling requirements, and identity preservation requirements. All rice identified pursuant to subdivision (a) shall be subject to an identity preservation program.

(c) Reviewing the efficacy of terms, conditions, and identity preservation programs imposed on the planting, producing, harvesting, transporting, drying, storing, or otherwise handling of rice identified pursuant to subdivision (a) using the most current industry standards and generally accepted scientific principles.

(d) Recommending to the secretary on all matters pertaining to this chapter, including, but not limited to, enforcement of this chapter and setting the assessment rates.

(e) The committee shall review each rice identified as having characteristics of commercial impact not less often than every two years, or upon receipt of a petition from the purveyor of the rice. No purveyor of a rice identified as having characteristics of commercial impact may file more than one petition on a particular rice in any two-year period.

(f) Neither the recommendations of the committee nor any regulation adopted pursuant to this chapter shall be construed as establishing any production, processing, or market tolerance.

55045. (a) The commission may receive and investigate complaints regarding alleged violations of this chapter and the regulations adopted under it and may refer cases to the department for action pursuant to Section 55107.

(b) The commission shall provide notice to the person alleged to have violated the provisions of this chapter informing him or her of the commission's decision to take further action pursuant to this article. The person may seek a review of the commission's decision by the secretary and thereafter may seek judicial relief.

(c) Notwithstanding subdivision (b), the commission may immediately seek injunctive relief, as specified in Section 55046. Any injunction obtained by the commission shall remain in full force and effect pending any review by the secretary.

55046. (a) The commission may investigate and commence civil actions and utilize all remedies provided in law or equity for the collection of assessments and for the obtaining of injunctive relief or specific performance regarding this chapter and the regulations adopted under it. The commission may seek a writ of attachment or injunctive relief, including, but not limited to, a temporary restraining order, temporary injunction, or a permanent injunction, in order to prevent any violation or threatened violation of this chapter. A court shall issue to the

commission any requested writ of attachment or injunctive relief upon a prima facie showing by verified complaint that a named defendant has violated, or has threatened to violate, this chapter or any regulation promulgated under it. No bond shall be required to be posted by the commission as a condition for the issuance of the requested writ of attachment or injunctive relief.

(b) A writ of attachment shall be issued pursuant to Chapter 4 (commencing with Section 485.101) of Title 6.5 of Part 2 of the Code of Civil Procedure, except that the showing specified in Section 485.010 of the Code of Civil Procedure shall not be required. Injunctive relief shall be issued pursuant to Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the showing of irreparable harm or inadequate remedy at law specified in Sections 526 and 527 of the Code of Civil Procedure shall not be required.

(c) Upon entry of any final judgment on behalf of the commission against any defendant, the court shall enjoin the defendant from conducting any type of business regarding rice until there is full compliance and satisfaction of the judgment. Upon a favorable judgment for the commission, it shall be entitled to receive reimbursement for any reasonable attorney's fees and other actual related costs. Venue for these actions may be established at the domicile or place of business of the defendant or in the county of the principal place of business of the commission. The commission may be sued only in the county of its principal office.

55047. The committee shall recommend to the secretary that regulations be adopted by the secretary that accomplish all of the following purposes:

(a) Maintain the integrity and prevent the contamination of rice which has not been identified as having characteristics of commercial impact.

(b) Prevent the introduction of disease, weeds, or other pests.

(c) Ensure that persons selling, offering for sale, or otherwise distributing seed for the production of rice identified as having characteristics of commercial impact, or that persons bringing rice identified as having characteristics of commercial impact into the state for processing, notify the commission of the location of planting sites and of the dates and procedures for planting, producing, harvesting, transporting, drying, storing, or otherwise handling of rice identified as having characteristics of commercial impact.

(d) Ensure that persons receiving rice having been identified as having characteristics of commercial impact produced outside the state for processing notify the commission of the location of the receipt and of the procedures for processing, transporting, drying, storing, or otherwise handling the rice to prevent commercial impact to other rice and the spread of weeds, disease, or other pests.

(e) Ensure enforcement of terms and conditions imposed on the planting, producing, harvesting, transporting, drying, storing, or otherwise handling of rice identified as having characteristics of commercial impact.

(f) Encourage research and development of new types of rice.

Article 5. Commercial Impact Rice

55050. Except as provided for in Section 55052, no person may plant, produce, harvest, transport, dry, store, or otherwise handle rice identified as having characteristics of commercial impact, except in compliance with the provisions of this chapter and the regulations adopted under it. Regulations shall be adopted by the secretary, in accordance with Section 55022, to accomplish all of the following purposes:

(a) Maintain the integrity and prevent contamination of rice which has not been identified as having characteristics of commercial impact.

(b) Prevent the introduction of disease, weeds, or other pests.

(c) Ensure that persons selling, offering for sale, or otherwise distributing seed for the production of rice pursuant to subdivision (a) of Section 55040 or bringing rice identified pursuant to subdivision (a) of Section 55040 into the state for processing notify the commission of the location of planting sites and of the dates and procedures for planting, producing, harvesting, transporting, drying, storing, or otherwise handling of the rice.

(d) Ensure that persons receiving rice having been identified pursuant to subdivision (a) of Section 55040 produced outside the state for processing notify the commission of the location of the receipt and of the procedures for processing, transporting, drying, storing, or otherwise handling the rice to prevent commercial impact to other rice and the spread of weeds, disease, or other pests.

(e) Enforce the restrictions and conditions imposed on the planting, producing, harvesting, transporting, drying, storing, or otherwise handling of rice identified pursuant to subdivision (a) of Section 55040.

(f) Encourage research and development of new types of rice.

55051. Except as specified in Section 55052, no rice may be sold, offered for sale, or otherwise distributed, planted, harvested, transported, dried, stored, or otherwise handled unless it has been reviewed by the committee for the purposes of making the findings set forth in Section 55040, and if necessary, the establishment of regulations pursuant to Section 55047.

55052. (a) Except as set forth in this section, this chapter shall not apply to 50 acres or less of rice of any type planted for research purposes. No one type may be planted on more than 50 acres in the state and be

considered research within the meaning of this section. Any person conducting research on 50 acres or less shall notify the committee of the location of the acreage involved, and the proposed procedures for planting, producing, harvesting, transporting, drying, storing, or otherwise handling the rice. The committee shall review and approve, modify, or reject the proposed procedures to ensure that the research will not result in commercial impacts to other rice. The committee shall accept any procedures that have been previously approved or accepted by an agency of state or federal government unless the committee provides written justification for modifying or rejecting the procedures.

(b) In addition to the information required pursuant to subdivision (a), the committee may require any person proposing to conduct research using rice brought into the state from another state or country to provide the committee with proposed procedures to ensure that the introduced rice is free of disease, weeds, or other pests. The committee shall review and approve, modify, or reject the proposed procedures. The committee shall accept any procedures that have been previously approved or accepted by an agency of state or federal government unless the committee provides written justification for modifying or rejecting the procedures.

(c) The notice required pursuant to this section shall not require specific information regarding the attributes of the rice that is the subject of the research.

(d) The notice required by this section shall be provided in the time and manner specified by the committee.

(e) This chapter shall not apply to research conducted by the University of California except for rice produced directly from the research that enters the channels of trade.

Article 6. Assessments

55060. (a) Any person engaged in the business of selling, offering for sale, or otherwise distributing seed for the production of rice identified as having characteristics of commercial impact, shall annually pay to the commission an assessment in an amount not to exceed five dollars ($5) per hundredweight (cwt.).

(b) The first in-state handler of paddy or brown rice identified as having characteristics of commercial impact, or of seed for the production of rice identified as having characteristics of commercial impact, brought into the state from outside California, shall report the receipt of the rice or seed and pay an assessment to the commission in an amount not to exceed ten cents ($0.10) per hundredweight (cwt). The report and payment shall be made in the time and manner specified by the commission.

55061. The assessment shall be paid in the time and manner specified by the commission. No assessment shall be paid by any person for any rice seed for which the assessment has been previously paid. Assessments not paid when due shall be subject to a penalty of 10 percent of the assessment and interest at the rate of 1 percent per month.

55062. The commission shall use all funds received pursuant to this chapter for the purposes of this chapter.

55063. The commission shall publish an annual report of its activities including an accounting of the use of assessments collected pursuant to this chapter. The report, in aggregate form, shall be made available to any person upon request.

Article 7. Certification of Rice

55070. The commission may establish a program allowing for the certification of any verifiable attribute of rice. The commission may operate the program or contract with qualified entities to implement all or any aspect of the program. No organization shall be considered qualified for the purposes of this article unless it can provide accurate, verifiable certification of identified attributes of seed, rough or paddy rice, or milled rice, as determined by the commission. This article does not authorize the certification of any rice as organic. Certification pursuant to this article shall not be construed as establishing any production, processing, or market tolerance.

55071. (a) The commission shall require any organization seeking to certify rice pursuant to this article to file the procedures and standards of an internationally recognized identity preservation program or a certification plan, including, but not limited to, the following:

(1) Minimum information to be required from seed producers, producers and handlers regarding production, growing, conditioning, or processing practices, and methods for verifying the information received.

(2) Qualifications of, and training requirements for, all inspectors.

(3) Procedures for inspection and testing methods, including a complete description of the sampling methodologies.

(4) Criteria for certification and attributes to be certified.

(5) Processes for decisionmaking relative to certification procedures, criteria, and methods.

(b) The certification plan shall be kept by the commission and made available for public inspection upon request.

55072. Organizations certifying rice shall keep accurate books, accounts, and records of all activities relating to certification. The records shall be preserved for a period of three years and shall be

submitted for inspection at any reasonable time upon written demand of the commission.

55074. At the end of each rice producing season, as established by the commission, each organization certifying rice for the commission shall prepare a list of all persons whose rice has been certified or is pending certification. This list shall be filed with the commission and shall be available for public inspection.

55075. (a) Notwithstanding any other provision of law, any producer or handler of rice sold as a certified rice and any organization certifying rice for the commission shall immediately make available for inspection by, and shall within 72 hours of a request provide to, the commission a copy of any record required to be kept under this chapter. Records acquired pursuant to this section and any information marked trade secret or confidential acquired by the commission in carrying out its duties under this chapter shall not be public records as that term is defined in Section 6252 of the Government Code and shall not be subject to Chapter 3.5 (commencing with Section 6250) of the Government Code.

(b) The commission shall not be required to obtain records not in its possession in response to a subpoena. Prior to releasing records required to be kept pursuant to this chapter in response to a subpoena, the commission shall delete any financial information about any operation or transaction, information regarding the identity of suppliers or customers, the quantity or price of supplies purchased or products sold and any information marked trade secret or confidential.

(c) Except for those records subject to public inspection pursuant to Sections 55071 and 55074, this section shall be the exclusive means of public access to records required to be kept or obtained by the commission pursuant to this chapter.

55076. Upon receipt of a petition from any person providing adequate evidence of good cause to do so, the commission may declare all rice produced within a specified area to be certified as to any attribute. If the commission makes this declaration, all rice produced within the area shall be deemed certified, and may be labeled as provided in Section 55082 if the rice is handled to preserve its identity.

Article 8. Sale of Certified Rice

55080. Every person engaged in this state in the production or handling of rice to be identified as certified pursuant to this chapter, shall register with the commission or its designate prior to the first sale of rice so identified, and shall thereafter annually renew the registration unless the person is no longer engaged in the activities requiring registration.

55081. Registration shall be on a form developed by the commission, or developed by its designate and approved by the commission, and shall be valid for one rice producing season.

55082. Rice certified pursuant to this chapter shall be labeled as follows or with substantially similar language:

"THIS LOT OF RICE CERTIFIED (accurate identification of specified attribute) IN ACCORDANCE WITH THE CALIFORNIA RICE CERTIFICATION ACT OF 2000."

The label shall also include the name of any organization that provided the certification as the commission's designate. The commission may revise the label language with the concurrence of the secretary.

55083. This chapter shall apply to all rice sold as certified pursuant to this chapter within the state, wherever produced or handled, and to all rice produced or handled in the state, wherever sold as certified, pursuant to this chapter; except that in lieu of registration under this chapter, the commission may recognize a certification program operating outside the state that certifies rice sold as certified, provided that program meets minimum standards substantially similar to those contained in this chapter. The commission may establish a procedure whereby certification organizations operating outside the state may apply for and receive recognition.

Article 9. Violations

55100. (a) It is unlawful for any person to sell, offer for sale, advertise, or label rice in violation of this chapter.

(b) Notwithstanding subdivision (a), a person engaged in business as a retailer of rice who in good faith sells, offers for sale, labels, or advertises any rice in reliance on the representations of a producer or handler that the rice may be sold as certified, shall not be found to violate this chapter, except under any of the following circumstances:

(1) The retailer knew or should have known that the rice could not be sold as certified.

(2) The retailer was engaged in producing or handling the rice.

(3) The retailer prescribed or specified the manner in which the rice was produced or handled.

55101. (a) It is unlawful for any person to certify rice in violation of this chapter.

(b) It is unlawful for any person to certify rice unless designated by the commission.

(c) It is unlawful for any person to willfully make a false statement or representation, or knowingly fail to disclose a fact required to be disclosed pursuant to Article 7 (commencing with Section 55070).

55102. (a) It is unlawful for any person to produce or handle rice sold as certified unless duly registered pursuant to Section 55080.

(b) It is unlawful for any person to willfully make a false statement or representation, or knowingly fail to disclose a fact required to be disclosed, during registration pursuant to Section 55080.

55103. It is unlawful for any person to forge, falsify, fail to retain, fail to obtain, or fail to disclose records as required by this chapter.

55104. It is unlawful for any person to fail or refuse to pay any assessments levied pursuant to this chapter.

55105. It is unlawful for any person to sell, offer for sale, or otherwise distribute, plant, grow, harvest, handle, or store rice, except in compliance with this chapter and the regulations adopted under it.

55106. (a) The secretary may levy a civil penalty against any person who violates this chapter, or any regulations adopted pursuant to this chapter, in an amount not more than five thousand dollars ($5,000) for each violation. The amount of the penalty assessed for each violation shall be based upon the nature of the violation, the seriousness of the effect of the violation upon the effectuation of the purposes and provisions of this chapter, and the impact of the penalty on the violator, including the deterrent effect on future violations.

(b) Upon a finding that a violation was unintentional, the secretary may levy a civil penalty of not more than two thousand five hundred dollars ($2,500) for each violation.

(c) For a first offense, and upon a finding that the violation is minor and unintentional, in lieu of a civil penalty as prescribed in subdivision (a) or (b), the secretary may issue a notice of violation.

(d) A person against whom a civil penalty is levied shall be afforded an opportunity for a hearing before the secretary, upon a request made within 30 days after the date of issuance of the notice of penalty. At the hearing, the person shall be given the right to present evidence on his or her own behalf. If no hearing is requested, the civil penalty shall constitute a final and nonreviewable order.

(e) If a hearing is held, review of the decision of the secretary may be sought by the person against whom the civil penalty is levied within 30 days of the date of the final order of the secretary pursuant to Section 1094.5 of the Code of Civil Procedure.

(f) A civil penalty levied by the secretary pursuant to this section may be recovered in a civil action brought in the name of the state.

55107. (a) Any violation of any provision of this chapter or the regulations promulgated under it shall constitute grounds for injunctive relief. An action for injunctive relief may be brought in a court of

competent jurisdiction by the secretary. The commission shall also be authorized to bring an action in its own name for injunctive relief on the grounds provided for in this chapter.

(b) Prior to bringing an action for injunctive relief pursuant to this section, the commission shall review all available information, recommend specific enforcement action to the secretary, and allow the secretary the opportunity to respond, as provided for in Section 55060. Notwithstanding the secretary's response, nothing in this section shall be construed as preventing the commission from bringing the action.

55108. Penalties received pursuant to this article shall be handled as specified in Section 55062.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 580

An act to amend Sections 15268, 15270, and 47605 of the Education Code, relating to education.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) Paragraph (1) of subdivision (j) of Section 47605 of the Education Code allows a charter school petitioner to submit a petition for the establishment of a charter school directly to the State Board of Education if the governing board of a school district denies the petition.

(2) Under current law, the governing board of a school district or county board of education is prohibited from denying a petition for the establishment of a charter school unless it sets forth specific findings, including findings that the petition does not contain reasonably comprehensive descriptions of certain criteria. Use of the term ''reasonably comprehensive'' is somewhat subjective and should be defined, consistent with the intent of existing charter school law, and

within the context of a rubric that will be used for the evaluation of charter school petitions under review by the State Board of Education.

(3) In order to ensure implementation of the appeal process established in law, clear criteria must be established for the review and approval of charter petitions.

(b) It is the intent of the Legislature that the State Board of Education shall review a petition for the establishment of a charter school pursuant to subdivision (b) of Section 47605 of the Education Code, which prescribes the reasons why a charter can be denied, provided it makes written factual findings, specific to the particular petition.

SEC. 2. Section 15268, as added by Chapter 44 of the Statutes of 2000 is amended to read:

15268. The total amount of bonds issued, including bonds issued pursuant to Chapter 1 (commencing with Section 15100), shall not exceed 1.25 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located. The bonds may only be issued if the tax rate levied to meet the requirements of Section 18 of Article XVI of the California Constitution in the case of indebtedness incurred by a school district pursuant to this chapter, at a single election, would not exceed thirty dollars ($30) per year per one hundred thousand dollars ($100,000) of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution. For purposes of this section, the taxable property of a district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property of the district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property within the district for the 1987–88 fiscal year by the gross assessed value of all unitary and operating nonunitary property within the county in which the district is located for the 1987–88 fiscal year, and multiplying that result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll.

SEC. 3. Section 15270, as added by Chapter 44 of the Statutes of 2000, is amended to read:

15270. (a) Notwithstanding Sections 15102 and 15268, any unified school district may issue bonds pursuant to this article that, in aggregation with bonds issued pursuant to Chapter 1 (commencing with Section 15100), may not exceed 2.5 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located. The bonds may only be issued if the tax rate levied to meet the requirements of Section 18 of Article XVI of the California Constitution in the case of indebtedness incurred pursuant to this chapter at a single election, by a unified school district,

would not exceed sixty dollars ($60) per year per one hundred thousand dollars ($100,000) of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution.

(b) Notwithstanding Sections 15102 and 15268, any community college district may issue bonds pursuant to this article that, in aggregation with bonds issued pursuant to Chapter 1 (commencing with Section 15100), may not exceed 2.5 percent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the district is located. The bonds may only be issued if the tax rate levied to meet the requirements of Section 18 of Article XVI of the California Constitution in the case of indebtedness incurred pursuant to this chapter at a single election, by a community college district, would not exceed twenty-five dollars ($25) per year per one hundred thousand dollars ($100,000) of taxable property when assessed valuation is projected by the district to increase in accordance with Article XIII A of the California Constitution.

(c) In computing the outstanding bonded indebtedness of any unified school district or community college district for all purposes of this section, any outstanding bonds shall be deemed to have been issued for elementary school purposes, high school purposes, and community college purposes, respectively, in the respective amounts that the proceeds of the sale of those outstanding bonds, excluding any premium and accrued interest received on that sale, were or have been allocated by the governing board of the unified school district or community college district to each of those purposes respectively.

(d) For purposes of this section, the taxable property of a district for any fiscal year shall be calculated to include, but not be limited to, the assessed value of all unitary and operating nonunitary property of the district, which shall be derived by dividing the gross assessed value of the unitary and operating nonunitary property within the district for the 1987–88 fiscal year by the gross assessed value of all unitary and operating nonunitary property within the county in which the district is located for the 1987–88 fiscal year, and multiplying the result by the gross assessed value of all unitary and operating nonunitary property of the county on the last equalized assessment roll. In the event of the unification of two or more school districts subsequent to the 1987–88 fiscal year, the assessed value of all unitary and operating nonunitary property of the unified district shall be deemed to be the total of the assessed value of the taxable property of each of the unifying districts as that assessed value would be determined under Section 15268.

(e) For the purposes of this article, ‘‘general obligation bonds,’’ as that term is used in Section 18 of Article XVI of the California Constitution, means bonds of a school district or community college

district the repayment of which is provided for by this chapter and Chapter 1 (commencing with Section 15100) of Part 10.

SEC. 4. Section 47605 of the Education Code is amended to read:

47605. (a) (1) Except as set forth in paragraph (2), a petition for the establishment of a charter school within any school district may be circulated by any one or more persons seeking to establish the charter school. The petition may be submitted to the governing board of the school district for review after either of the following conditions are met:

(A) The petition has been signed by a number of parents or guardians of pupils that is equivalent to at least one-half of the number of pupils that the charter school estimates will enroll in the school for its first year of operation.

(B) The petition has been signed by a number of teachers that is equivalent to at least one-half of the number of teachers that the charter school estimates will be employed at the school during its first year of operation.

(2) In the case of a petition for the establishment of a charter school through the conversion of an existing public school, that would not be eligible for a loan pursuant to subdivision (b) of Section 41365, the petition may be circulated by any one or more persons seeking to establish the converted charter school. The petition may be submitted to the governing board of the school district for review after the petition has been signed by not less than 50 percent of the permanent status teachers currently employed at the public school to be converted.

(3) A petition shall include a prominent statement that a signature on the petition means that the parent or guardian is meaningfully interested in having his or her child, or ward, attend the charter school, or in the case of a teacher's signature, means that the teacher is meaningfully interested in teaching at the charter school. The proposed charter shall be attached to the petition.

(b) No later than 30 days after receiving a petition, in accordance with subdivision (a), the governing board of the school district shall hold a public hearing on the provisions of the charter, at which time the governing board of the school district shall consider the level of support for the petition by teachers employed by the district, other employees of the district, and parents. Following review of the petition and the public hearing, the governing board of the school district shall either grant or deny the charter within 60 days of receipt of the petition, provided, however, that the date may be extended by an additional 30 days if both parties agree to the extension. In reviewing petitions for the establishment of charter schools pursuant to this section, the chartering authority shall be guided by the intent of the Legislature that charter schools are and should become an integral part of the California educational system and that establishment of charter schools should be

encouraged. A school district governing board shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice. The governing board of the school district shall not deny a petition for the establishment of a charter school unless it makes written factual findings, specific to the particular petition, setting forth specific facts to support one or more of the following findings:

(1) The charter school presents an unsound educational program for the pupils to be enrolled in the charter school.

(2) The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

(3) The petition does not contain the number of signatures required by subdivision (a).

(4) The petition does not contain an affirmation of each of the conditions described in subdivision (d).

(5) The petition does not contain reasonably comprehensive descriptions of all of the following:

(A) A description of the educational program of the school, designed, among other things, to identify those whom the school is attempting to educate, what it means to be an ''educated person'' in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

(B) The measurable pupil outcomes identified for use by the charter school. ''Pupil outcomes,'' for purposes of this part, means the extent to which all pupils of the school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the school's educational program.

(C) The method by which pupil progress in meeting those pupil outcomes is to be measured.

(D) The governance structure of the school, including, but not limited to, the process to be followed by the school to ensure parental involvement.

(E) The qualifications to be met by individuals to be employed by the school.

(F) The procedures that the school will follow to ensure the health and safety of pupils and staff. These procedures shall include the requirement that each employee of the school furnish the school with a criminal record summary as described in Section 44237.

(G) The means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district to which the charter petition is submitted.

(H) Admission requirements, if applicable.

(I) The manner in which annual, independent, financial audits shall be conducted, which shall employ generally accepted accounting principles, and the manner in which audit exceptions and deficiencies shall be resolved to the satisfaction of the chartering authority.

(J) The procedures by which pupils can be suspended or expelled.

(K) The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security.

(L) The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools.

(M) A description of the rights of any employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school.

(N) The procedures to be followed by the charter school and the entity granting the charter to resolve disputes relating to provisions of the charter.

(O) A declaration whether or not the charter school shall be deemed the exclusive public school employer of the employees of the charter school for the purposes of the Educational Employment Relations Act (Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code).

(c) (1) Charter schools shall meet all statewide standards and conduct the pupil assessments required pursuant to Section 60605 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in noncharter public schools.

(2) Charter schools shall on a regular basis consult with their parents and teachers regarding the school's educational programs.

(d) (1) In addition to any other requirement imposed under this part, a charter school shall be nonsectarian in its programs, admission policies, employment practices, and all other operations, shall not charge tuition, and shall not discriminate against any pupil on the basis of ethnicity, national origin, gender, or disability. Except as provided in paragraph (2), admission to a charter school shall not be determined according to the place of residence of the pupil, or of his or her parent or guardian, within this state, except that any existing public school converting partially or entirely to a charter school under this part shall adopt and maintain a policy giving admission preference to pupils who reside within the former attendance area of that public school.

(2) (A) A charter school shall admit all pupils who wish to attend the school.

(B) However, if the number of pupils who wish to attend the charter school exceeds the school's capacity, attendance, except for existing pupils of the charter school, shall be determined by a public random

drawing. Preference shall be extended to pupils currently attending the charter school and pupils who reside in the district. Other preferences may be permitted by the chartering authority on an individual school basis and only if consistent with the law.

(C) In the event of a drawing, the chartering authority shall make reasonable efforts to accommodate the growth of the charter school and, in no event, shall take any action to impede the charter school from expanding enrollment to meet pupil demand.

(e) No governing board of a school district shall require any employee of the school district to be employed in a charter school.

(f) No governing board of a school district shall require any pupil enrolled in the school district to attend a charter school.

(g) The governing board of a school district shall require that the petitioner or petitioners provide information regarding the proposed operation and potential effects of the school, including, but not limited to, the facilities to be utilized by the school, the manner in which administrative services of the school are to be provided, and potential civil liability effects, if any, upon the school and upon the school district. The petitioner or petitioners shall also be required to provide financial statements that include a proposed first-year operational budget, including startup costs, and cash-flow and financial projections for the first three years of operation.

(h) In reviewing petitions for the establishment of charter schools within the school district, the school district governing board shall give preference to petitions that demonstrate the capability to provide comprehensive learning experiences to pupils identified by the petitioner or petitioners as academically low achieving pursuant to the standards established by the State Department of Education under Section 54032.

(i) Upon the approval of the petition by the governing board of the school district, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition, to the State Board of Education.

(j) (1) If the governing board of a school district denies a petition, the petitioner may elect to submit the petition for the establishment of a charter school to either the county board of education or directly to the State Board of Education. The county board of education or the State Board of Education, as the case may be, shall review the petition pursuant to subdivision (b). If the petitioner elects to submit a petition for establishment of a charter school to the county board of education and the county board of education denies the petition, the petitioner may file a petition for establishment of a charter school with the State Board of Education.

(2) In assuming its role as a chartering agency, the State Board of Education shall develop criteria to be used for the review and approval of charter school petitions presented to the State Board of Education. The criteria shall address all elements required for charter approval, as identified in subdivision (b) of Section 47605 and shall define ''reasonably comprehensive'' as used in paragraph (5) of subdivision (b) of Section 47605 in a way that is consistent with the intent of the Charter Schools Act of 1992. Upon satisfactory completion of the criteria, the State Board of Education shall adopt the criteria on or before June 30, 2001.

(3) A charter school for which a charter is granted by either the county board of education or the State Board of Education pursuant to this subdivision shall qualify fully as a charter school for all funding and other purposes of this part.

(4) If either the county board of education or the State Board of Education fails to act on a petition within 120 days of receipt, the decision of the governing board of the school district, to deny a petition shall, thereafter, be subject to judicial review.

(5) The State Board of Education shall adopt regulations implementing this subdivision.

(6) Upon the approval of the petition by the county board of education, the petitioner or petitioners shall provide written notice of that approval, including a copy of the petition to the State Board of Education.

(k) (1) The State Board of Education may, by mutual agreement, designate its supervisorial and oversight responsibilities for a charter school approved by the State Board of Education to any local education agency in the county in which the charter school is located or to the governing board of the school district that first denied the petition.

(2) The designated local education agency shall have all monitoring and supervising authority of a chartering agency, including, but not limited to, powers and duties set forth in Section 47607, except the power of revocation, which shall remain with the State Board of Education.

(3) A charter school that has been granted its charter by the State Board of Education and elects to seek renewal of its charter shall, prior to expiration of the charter, submit its petition for renewal to the governing board of the school district that initially denied the charter. If the governing board of the school district denies the school's petition for renewal, the school may petition the State Board of Education for renewal of its charter.

(*l*) Teachers in charter schools shall be required to hold a Commission on Teacher Credentialing certificate, permit, or other document equivalent to that which a teacher in other public schools would be

required to hold. These documents shall be maintained on file at the charter school and shall be subject to periodic inspection by the chartering authority. It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, noncollege preparatory courses.

CHAPTER 581

An act to amend Section 42238.2 of the Education Code, relating to school districts.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 42238.2 of the Education Code is amended to read:

42238.2. (a) (1) Notwithstanding Section 42238.5 or any other provision of law, a school district that meets any of the following conditions shall be entitled to an adjustment to its units of average daily attendance pursuant to this section:

(A) The school district experiences a decline in the number of units of average daily attendance in excess of 8 percent of its total average daily attendance as a result of the closure of a facility operated by a branch of the United States Armed Forces in the school district's boundaries.

(B) The school district experiences a decline in the number of units of average daily attendance that is less than 8 percent but at least 5 percent of its total average daily attendance as a result of the closure of a facility operated by a branch of the United States Armed Forces in that school district's boundaries, upon a finding by both the Superintendent of Public Instruction and the Director of Finance that both of the following conditions exist:

(i) The school district demonstrates that at the end of a three-year period the school district will experience a 10-percent reduction in the amount of funding that the school district would otherwise have received from state apportionments, funding received pursuant to the California State Lottery Act of 1984 (Chapter 12.5 (commencing with Section 8880) of Division 1 of Title 2 of the Government Code), and funding received pursuant to Title VIII of Public Law 103-382, as a result of the loss of pupils related to the closure of a facility operated by a branch of the United States Armed Forces.

(ii) The fiscal crisis and management assistance team established pursuant to Section 42127.8 has reviewed the school district's finances and has found that the school district has taken significant steps to reduce expenditure.

(C) The school district experiences a decline in the number of units of average daily attendance in excess of 5 percent of its total average daily attendance and the Director of Finance determines that the school district is likely, within eight years of that decline, to maintain a number of units of average daily attendance that is equivalent to the number of units of average daily attendance maintained by the school district prior to the decline. Notwithstanding subdivision (b), loan repayments shall commence no later than the fourth year after the base year or at a later time, as determined by the Director of Finance.

(2) For purposes of this section, the year preceding a decline shall be the base year.

(b) In the second year after the base year, the district average daily attendance pursuant to Section 42238.5 may, if the district chooses, be increased by 75 percent of the difference between the base year units of average daily attendance and the units of average daily attendance in the first year of decline. In the third year after the base year, the district average daily attendance pursuant to Section 42238.5 may, if the district chooses, be increased by 50 percent of the difference between the base year units of average daily attendance and the units of average daily attendance in the first year of decline. The amount of money represented by these increases shall be considered a loan to the school district. Loan repayments shall commence no later than the fourth year after the base year.

(c) (1) The Superintendent of Public Instruction, in consultation with a school district subject to this section, shall determine a schedule for repayment of the total amount loaned pursuant to this section which may not exceed 10 years. Payments shall include interest charged at a rate based on the most current investment rate of the Pooled Money Investment Account in the General Fund as of the date of the disbursement of funds to the school district.

(2) Upon written notification by the Superintendent of Public Instruction that the school district has not made one or more of the payments required by the schedule established pursuant to paragraph (1), the Controller shall withhold from Section A of the State School Fund the defaulted payment which shall not exceed the amount of any apportionment entitlement of the district to moneys in Section A of the State School Fund. In that regard, the Controller shall withhold the amount of any payment made under this subdivision, including reimbursement of the Controller's administrative costs as determined under a schedule approved by the California Debt Advisory

Commission, from subsequent apportionments to the school district from Section A of the State School Fund.

(3) Any apportionments made by the Controller pursuant to paragraph (2) shall be deemed to be an allocation to the school district for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution, and for purposes of Chapter 2 (commencing with Section 41200) of Part 24.

(d) In no event shall the adjustment provided by this section cause the apportionment to a school district to exceed the amount that would otherwise be calculated for apportionment to the district pursuant to Sections 42238 and 42238.1.

(e) This section does not apply to a school district that experiences a decline in enrollment as a result of a school district reorganization pursuant to Chapter 3 (commencing with Section 35500) of Part 21 or any other law.

CHAPTER 582

An act to amend Section 8483.3 of the Education Code, relating to after school programs.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 8483.3 of the Education Code is amended to read:

8483.3. (a) The State Department of Education shall select applicants to participate in the program established pursuant to this article from among applicants that apply on forms and in a manner prescribed by the department. To the extent possible, the selection of applicants by the State Department of Education shall result in an equitable distribution of grant awards pursuant to Section 8483.7 to applicants in northern, southern, and central California, and in urban, suburban, and rural areas of California.

(b) The State Department of Education shall consider the following in selecting schools to participate in the program established pursuant to this article, with primary emphasis given to items (1) through (5):

(1) Strength of the educational component.

(2) Quality of the educational enrichment component.

(3) Strength of staff training and development component.

(4) Scope and strength of collaboration, including demonstrated support of the schoolsite principal and staff.

(5) Capacity to facilitate better integration with the regular schoolday and other extended learning opportunities. These opportunities may include arts, recreation, computer use, and other activities to broaden the pupil's learning experience.

(6) Inclusion of a nutritional snack.

(7) Employment of CalWORKs recipients.

(8) Level and type of local matching funds.

(9) Capacity to respond to program evaluation requirements.

(10) Demonstrated fiscal accountability.

(c) The State Department of Education shall develop reporting requirements and allocation procedures, including procedures to reimburse startup costs for programs established pursuant to this article.

CHAPTER 583

An act to amend Sections 69612, 69613, 69613.1, 69613.2, 69613.4, 69613.5, 69614, 69615, 69615.4, and 69615.6 of, to add Section 69613.8 to, and to repeal Sections 69612.5, 69613.15, 69615.2, and 69616 of, the Education Code, relating to student financial aid.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 69612 of the Education Code, as amended by Chapter 70 of the Statutes of 2000, is amended to read:

69612. (a) The Legislature finds and declares all of the following:

(1) There is a growing shortage of high-quality classroom teachers, and there is a need for qualified teachers throughout California.

(2) One of the most important elements in a pupil's success at learning is the quality of the teacher.

(3) The teacher shortage is most serious in particular subject areas, partly due to the shortage of students in these fields who enter the teaching profession.

(4) Many school districts have difficulty recruiting and retaining high-quality teachers for low-performing schools, for pupils with special needs, for schools serving rural areas or large populations of pupils from low-income and linguistic minority families, and for schools with a high percentage of teachers holding emergency permits.

(5) The rising costs of higher education, coupled with a shift in available financial aid from scholarships and grants to loans, make loan repayment options an important consideration in a student's decision to pursue a postsecondary education.

(6) The availability of financial aid and loan repayment assistance are important considerations for many students, especially economically disadvantaged students, in making their educational decisions.

(b) It is, therefore, the intent of the Legislature that all of the following occur:

(1) The Assumption Program of Loans for Education be designed to encourage persons to enter into the teaching profession in designated subject matter shortage areas and in schools serving large populations of pupils from low-income families, schools serving rural areas, schools with a high percentage of teachers holding emergency permits, or schools with any or all of these characteristics.

(2) That the enactment of this article accomplish all of the following:

(A) Providing outstanding postsecondary students, particularly economically disadvantaged students, with the assurance of financial assistance to encourage them to complete postsecondary education programs leading to teaching credentials, and to seek employment as teachers.

(B) Providing persons who agree to become teacher trainees or teacher interns in a subject matter shortage area with the assurance of financial assistance to encourage them to complete the additional coursework necessary to obtain a teaching credential.

(C) Identifying subject matter areas or schools in which there are shortages of fully credentialed teachers and provide incentives for persons to obtain teaching credentials and seek teaching positions in those areas.

(D) Identifying schools serving rural areas, schools serving large populations of students from low-income families, or both, and schools with a high percentage of teachers holding emergency permits, and provide incentives for persons to obtain teaching credentials and seek teaching positions in those schools.

(E) Identifying low-performing schools and provide incentives for persons to obtain teaching credentials and seek teaching positions in those schools. For the purpose of this article, ''low-performing school'' means a school in the bottom half of the Academic Performance Index rankings established pursuant to subdivision (a) of Section 52056 at the time that a teacher is hired.

(3) Commencing with the 2000–01 school year, all persons eligible to enter into agreements for loan assumption pursuant to this article shall be persons who need to complete training or coursework in order to be fully credentialed, and who agree to obtain a credential and teach in a

designated subject matter shortage area or in a school that, at the time that the teacher is hired, meets any of the following criteria:

(A) Serves a large population of pupils from low-income families.

(B) Has a high percentage of teachers holding emergency permits. For the purposes of this article, a school with a ''high percentage of teachers holding emergency permits'' is a school in which 20 percent or more of the teachers hold emergency permits, teach pursuant to waivers of credential requirements, or are interns.

(C) Is a low-performing school.

(4) Funding necessary for the administration of this article shall be included within the annual budget of the commission in an amount necessary to meet the student loan obligations incurred by the commission.

SEC. 2. Section 69612.5 of the Education Code, as amended by Chapter 70 of the Statutes of 2000, is repealed.

The Superintendent of Public Instruction may appoint one employee of the State Department of Education to serve on the unit. The governing board established pursuant to subdivision (b) shall determine the extent of the training that is necessary to comply with this paragraph.

(4) Produce a training calendar, to be disseminated semiannually to each county service region, that publicizes all of the fiscal training services that are being offered at the local, regional, and state levels.

This subdivision does not apply to a charter school that obtains renewal of a charter pursuant to Section 47607.

(5) Plans for creative uses of the funds received pursuant to this section, such as loan guarantees or other types of credit enhancements.

(6) The financial needs of the charter school.

(d) Priority for loans from the Charter School Revolving Loan Fund shall be given to new charter schools for startup costs.

Thereafter, any person elected to the commission shall serve without reference to independent or cooperative status.

SEC. 2. Section 67105 of the Food and Agricultural Code is amended to read:

67105. All assessments shall be paid to the commission by the handler first handling avocados who shall be primarily and personally liable for the payment of the assessment, and failure of the handler to

An act to add and repeal Section 69561.5 of the Education Code, relating to student financial aid.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

69561.5. (a) In collaboration with the various segments of higher education, the Student Aid Commission shall develop and establish a pilot program entitled ''Transfer: Making It Happen.'' This program shall encourage community college students to transfer to a four-year institution of higher education, and assist them in this endeavor by providing academic preparation and information on financial aid opportunities. The program shall be modeled after the ''College: Making It Happen'' program.

(b) The pilot program established by this section shall target students who attend those community colleges or high schools that participate in one of the Student Opportunity and Access Program consortia, who are primarily from low-income households, who would be the first in their families to attend college, or who are from schools or geographic regions with documented low college eligibility or college participation rates.

(c) (1) The Student Opportunity and Access Program shall provide, in close collaboration with the personnel of the California Community Colleges who are responsible for advising students about transfer opportunities, each of the following direct student services under this section:

(2) The services listed in paragraph (1) shall be offered to, but not necessarily limited to, students who indicate an interest in transferring to an institution that grants baccalaureate degrees.

(d) (1) During the third year of the operation of the pilot program established by this section, the California Postsecondary Education Commission, in consultation with the Legislative Analysts' office, shall evaluate the program in order to determine its effectiveness. The evaluation shall include, but not necessarily be limited to, recommendations on both of the following:

(A) How the program may improve the services it provides.

(B) How the program may be expanded beyond those community colleges that participate in one of the Student Opportunity and Access Program consortia.

(2) On or before December 1, 2004, the California Postsecondary Education Commission shall submit to the Governor and the Legislature a report including all of the findings and recommendations of its evaluation.

(e) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2. Notwithstanding any other provision of law:

(a) In the 2000–01 fiscal year, the Student Aid Commission shall accomplish both of the following:

(1) Expand the Student Opportunity and Access Program by adding up to five new consortia.

(2) Allow existing Student Opportunity and Access Program consortia to expand their services as to the type of service rendered, the number of students served, and the geographic regions in which services are provided.

(b) The Student Aid Commission may delay the local matching fund requirement for any new services established by existing consortia of the Student Opportunity and Access Program and any statewide multiconsortia activities that are established pursuant to this section.

SEC. 3. It is the intent of the Legislature that, of the funds appropriated in schedule (a) of Item 7980-101-0001 of Section 2.00 of the Budget Act of 2000 for the purposes of the Student Opportunity and Access Program, up to one million five hundred thousand dollars ($1,500,000) shall be expended by the Student Aid Commission for the purposes of Section 69561.5 of the Education Code. It is also the intent of the Legislature that the remaining three million five hundred thousand dollars ($3,500,000) of the funds appropriated in that schedule be expended for purposes of Section 2 of this act.

CHAPTER 589

An act to amend Section 52456 of, and to add Article 5 (commencing with Section 491) to Chapter 3 of Part 1 of Division 1 of, the Food and Agricultural Code, relating to agriculture, and making an appropriation therefor.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 5 (commencing with Section 491) is added to Chapter 3 of Part 1 of Division 1 of the Food and Agricultural Code, to read:

Article 5. Food Biotechnology Task Force

491. The Legislature finds and declares the following:

(a) Consumers have an interest in being informed about the benefits and potential quantifiable risks to their health from products they consume. This information must be grounded in sound science, must use informative and effective communications, and shall be consistent with other production technologies.

(b) As new advances in biotechnology, including transgenic plants, are developed, it is important to understand the opportunities that new technologies offer to consumers, farmers, the livestock industry, food processors, and the environment, as well as to evaluate the potential risks.

(c) Under the existing regulatory framework for biotechnology, the United States Food and Drug Administration has the federal authority to assure that food and pharmaceutical development using biotechnology protects public health, the United States Environmental Protection Agency has the authority to review environmental issues including bioengineered pesticides, and the United States Department of Agriculture has the responsibility to regulate the introduction of genetically modified plants into the agricultural environment. Careful review of existing oversight responsibility helps in understanding the regulatory framework governing the approval of biotechnology products and will help clarify California's role in the endeavor.

(d) California is the leading agricultural state in the country, producing 350 commodities and farm gate revenues totaling nearly twenty-seven billion dollars ($27,000,000,000) annually, of which nearly seven billion dollars ($7,000,000,000) is exported. Support for agricultural research based in sound science, and the utilization of modern farming technologies is a key factor leading to California's strong farm economy and its competitive edge in the world market for agricultural products.

492. (a) The Legislature hereby creates the Food Biotechnology Task Force. The task force shall be cochaired by the Secretary of the California Health and Welfare Agency and the Secretary of the California Trade and Commerce Agency, and the Secretary of the California Department of Food and Agriculture. The task force shall consult with appropriate state agencies and the University of California.

The California Department of Food and Agriculture shall be the lead agency.

(b) An advisory committee shall be appointed by the task force to provide input on issues reviewed by the task force. The advisory committee shall consist of representatives from consumer groups, environmental organizations, farmers, ranchers, representatives from the biotechnology industry, researchers, organic farmers, food processors, retailers, and others with interests in the issues surrounding biotechnology.

(c) The California Department of Food and Agriculture shall make funds available to other agencies to accomplish the purposes of this article and shall contract, where appropriate, with the California Council on Science and Technology, the University of California, or other entities to review issues evaluated by the task force or support activities of the advisory committee.

(d) The task force may request particular agencies to lead the effort to evaluate various factors related to food biotechnology. As funding becomes available, the task force shall evaluate factors including all of the following:

(1) Definition and categorization of food biotechnology and production processes.

(2) Scientific literature on the subject, and a characterization of information resources readily available to consumers.

(3) Issues related to domestic and international marketing of biotechnology foods such as the handling, processing, manufacturing, distribution, labeling, and marketing of these products.

(4) Potential benefits and impacts to human health, the state's economy, and the environment accruing from food biotechnology.

(5) Existing federal and state evaluation and oversight procedures.

(e) The task force shall report issues studied, findings, basis for their findings, and recommendations to the Governor and the Legislature by January 1, 2003.

(f) An initial sum of one hundred twenty-five thousand dollars ($125,000) is hereby appropriated from the General Fund for disbursement to the California Department of Food of Agriculture. It is the intent of the Legislature to make further funds available to accomplish the purposes contained in this article.

SEC. 2. Section 52456 of the Food and Agricultural Code is amended to read:

52456. In addition to the labeling requirements of this article, all seed, except seed at the time of sale by a retail merchant for nonfarm use, shall conspicuously bear upon the label adequate notice of the requirement to follow the conciliation, mediation, or arbitration procedures governing disputes between labelers and any person, as

authorized by this chapter, and the consequences of failing to follow those procedures.

CHAPTER 590

An act to amend Section 17092 of, and to add Sections 17070.51 and 17088.2 to, the Education Code, to amend Section 14615.1 of the Government Code, and to amend Section 12 of Chapter 1601 of the Statutes of 1988, relating to school facilities, and making an appropriation therefor.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 23, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 17070.51 is added to the Education Code, to read:

17070.51. (a) If any certified eligibility or funding application related information is found to have been falsely certified by school districts, architects or design professionals, hereinafter referred to as a material inaccuracy, the Office of Public School Construction shall notify the board.

(b) The board shall impose the following penalties if an apportionment and fund release has been made based upon information in the project application or related materials that constitutes a material inaccuracy.

(1) Pursuant to a repayment schedule approved by the board of no more than five years, the school district shall repay to the board, for deposit into the 1998 State School Facilities Fund, an amount proportionate to the additional funding received as a result of the material inaccuracy including interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to the Chapter 4 (commencing with Section 16720), of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater.

(2) The board shall prohibit the school district from self-certifying certain project information for any subsequent applications for project funding for a period of up to five years following the date of the finding of a material inaccuracy or until the district's repayment of the entire amount owed under paragraph (1). Although a school district that is subject to this paragraph may not self-certify, the school district shall not be prohibited from applying for state funding under this chapter. The

board shall establish an alternative method for state or independent certification of compliance that shall be applicable in these cases. The process shall include, but shall not be limited to, procedures for payment by the school district of any increased costs associated with the alternative certification process.

(c) For school districts found to have provided material inaccuracies when a funding apportionment has occurred, but no fund release has been made, the board shall direct its staff to reduce the apportionment as necessary to reflect the actual nature of the project and to disregard the inaccurate information or material, and paragraph (2) of subdivision (b) shall apply.

(d) For those school districts found to have provided material inaccuracies when no funding apportionment or fund release has been made, the inaccurate information or materials shall not be considered, and paragraph (2) of subdivision (b) shall apply. The project may continue if the application, minus the inaccurate materials, is still complete.

SEC. 2. Section 17088.2 is added to the Education Code, to read:

17088.2. Notwithstanding any provision of law to the contrary, including, but not limited to, Section 17587, the board may transfer any funds within the State School Building Aid Fund that are in excess of the amounts needed by the board for the maintenance of portable buildings or for the purchase of new portable buildings, for that fiscal year, to either of the following:

(a) The 1998 State School Facilities Fund for allocation by the board for any purpose authorized pursuant to that fund.

(b) The State School Deferred Maintenance Fund for allocation by the board for any purpose authorized pursuant to that fund. The board may utilize up to 100 percent of the funds transferred by the board to the State School Deferred Maintenance Fund pursuant to this section for funding extreme hardship critical projects.

SEC. 3. Section 17092 of the Education Code is amended to read:

17092. (a) No portable classrooms shall be made available to any school district unless the district furnishes evidence, satisfactory to the board, that the district has no available bond proceeds that could be used for the purchase of classroom facilities.

(b) Notwithstanding any other provision of law, a school district or county superintendent of schools that has received approval for a project that includes a justified number of new teaching stations pursuant to Chapter 12 (commencing with Section 17000) or Chapter 12.5 (commencing with Section 17070.15) shall be eligible for at least the same number of emergency portable classrooms as approved new teaching stations.

(c) Subdivision (a) does not apply to leases or subleases under this chapter for the purpose of providing facilities, pursuant to subdivision (c) of Section 17091, for licensed child day care programs or any recreation or enrichment activities or programs for schoolage children.

SEC. 4. Section 14615.1 of the Government Code is amended to read:

14615.1. Where the Legislature directs or authorizes the department to maintain, develop, or prescribe processes, procedures, or policies in connection with the administration of its duties under this chapter, Chapter 2 (commencing with Section 14650), or Part 2 (commencing with Section 10100) of Division 2 of the Public Contract Code, the action by the department shall be exempt from the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), Chapter 4.5 (commencing with Section 11400), and Chapter 5 (commencing with Section 11500)). This section shall apply to actions taken by the department with respect to the State Administrative Manual and the State Contracting Manual.

SEC. 5. Section 12 of Chapter 1601 of the Statutes of 1988 is amended to read:

Sec. 12. All provisions of the federal model contractors accreditation plan (40 C.F.R. Appendix C, Subpart E, Part 763), as it became effective June 1, 1987, are hereby adopted as the contractor accreditation plan of this state, and are hereby incorporated in Chapter 9 (commencing with Section 49400) of Part 27 of the Education Code as though set forth in full therein.

(d) The trustee need not provide a copy of the notification by trustee to any beneficiary or heir (1) known to the trustee but who cannot be located by the trustee after reasonable diligence or (2) unknown to the trustee.

(e) The notification by trustee shall be served by mail to the last known address, pursuant to Section 1215, or by personal delivery.

(f) The notification by trustee shall be served not later than 60 days following the occurrence of the event requiring service of the notification by trustee, or 60 days after the trustee became aware of the existence of a person entitled to receive notification by trustee, if that person was not known to the trustee on the occurrence of the event requiring service of the notification. If there is a vacancy in the office of the trustee on the date of the occurrence of the event requiring service of the notification by trustee, or if that event causes a vacancy, then the 60-day period for service of the notification by trustee commences on the date the new trustee commences to serve as trustee.

CHAPTER 594

An act to add and repeal Section 20133 of the Public Contract Code, relating to public contracts.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 20133 is added to the Public Contract Code, to read:

20133. (a) (1) This section provides for an alternative procedure on bidding on building construction projects in excess of ten million dollars ($10,000,000) applicable only in the Counties of Alameda, Contra Costa, Sacramento, Santa Clara, Solano, Sonoma, and Tulare, upon approval of the appropriate board of supervisors.

(2) For projects with costs ranging from ten million dollars ($10,000,000) to twenty million dollars ($20,000,000), inclusive, the contract shall be awarded to the lowest responsible bidder. For projects costing over twenty million dollars ($20,000,000), the county may award the project using either the lowest responsible bidder or by best value.

(b) (1) It is the intent of the Legislature to enable these counties to utilize cost-effective options for building and modernizing public facilities. The Legislature also recognizes the national trend, including authorizations in California, to allow public entities to utilize design-build contracts as a project delivery method.

(2) The Legislature also finds and declares that utilizing a design-build contract requires a clear understanding of the roles and responsibilities of each participant in the design-build process. The benefits of a design-build contract project delivery system include an accelerated completion of the projects, cost containment, reduction of construction complexity, and reduced exposure to risk for the county. The Legislature also finds that the cost-effective benefits to the counties

are achieved by shifting the liability and risk for cost containment and project completion to the design-build entity.

(3) It is the intent of the Legislature to provide an alternative and optional procedure for bidding and building construction projects for these counties.

(4) The design-build approach may be used, but is not limited to use when it is anticipated that it will: reduce project cost, expedite project completion, or provide design features not achievable through the design-bid-build method.

(5) If the board of supervisors elects to proceed under this section, the board of supervisors shall establish and enforce for design-build projects a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code, or it shall contract with a third party to operate a labor compliance program containing the requirements outlined in Section 1771.5 of the Labor Code. This requirement shall not apply to any project where the county or the design-build entity has entered into any collective bargaining agreement or agreements that bind all of the contractors performing work on the projects.

(c) As used in this section:

(1) ''Best value'' means a value determined by objective criteria and may include, but is not limited to, price, features, functions, life-cycle costs, and other criteria deemed appropriate by the county.

(2) ''Design-build'' means a procurement process in which both the design and construction of a project are procured from a single entity.

(3) ''Design-build entity'' means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(d) Design-build projects shall progress in a four-step process, as follows:

(1) (A) The county shall prepare a set of documents setting forth the scope of the project. The documents may include, but are not limited to, the size, type and desired design character of the buildings and site, performance specifications covering the quality of materials, equipment, and workmanship, preliminary plans or building layouts, or any other information deemed necessary to describe adequately the county's needs. The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

(B) Any architect or engineer retained by the county to assist in the development of the project specific documents shall not be eligible to participate in the preparation of a bid with any design-build entity for that project.

(2) (A) Based on the documents prepared in paragraph (1), the county shall prepare a request for proposals that invites interested parties to submit competitive sealed proposals in the manner prescribed by the county. The request for proposals shall include, but is not limited to, the following elements:

(i) Identification of the basic scope and needs of the project or contract, the expected cost range, and other information deemed necessary by the county to inform interested parties of the contracting opportunity, to include the methodology that will be used by the county to evaluate proposals and specifically if the contract will be awarded to the lowest responsible bidder.

(ii) Significant factors which the county reasonably expects to consider in evaluating proposals, including cost or price and all nonprice related factors.

(iii) The relative importance of weight assigned to each of the factors identified in the request for proposals.

(B) With respect to clause (iii) of paragraph (A), if a nonweighted system is used, the agency shall specifically disclose whether all evaluation factors other than cost or price when combined are:

(i) Significantly more important than cost or price.

(ii) Approximately equal in importance to cost or price.

(iii) Significantly less important than cost or price.

(C) If the county chooses to reserve the right to hold discussions or negotiations with responsive bidders, it shall so specify in the request for proposal and shall publish separately or incorporate into the request for proposal applicable rules and procedures to be observed by the county to ensure that any discussions or negotiations are conducted in good faith.

(3) (A) The county shall establish a procedure to prequalify design-build entities using a standard questionnaire developed by the county. In preparing the questionnaire, the county shall consult with the construction industry, including representatives of the building trades and surety industry. This questionnaire shall require information including, but not limited to, all of the following:

(i) If the design-build entity is a partnership, limited partnership, or other association, a listing of all of the partners, general partners, or association members known at the time of bid submission who will participate in the design-build contract, including, but not limited to, mechanical subcontractors.

(ii) Evidence that the members of the design-build entity have completed, or demonstrated the experience, competency, capability, and capacity to complete projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the

project, as well as a financial statement that assures the county that the design-build entity has the capacity to complete the project.

(iii) The licenses, registration, and credentials required to design and construct the project, including information on the revocation or suspension of any license, credential, or registration.

(iv) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(v) Any prior serious or willful violation of the California Occupational Safety and Health Act of 1973, contained in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code or the federal Occupational Safety and Health Act of 1970 (Public Law 91-596), settled against any member of the design-build entity, and information concerning workers' compensation experience history and worker safety program.

(vi) Information concerning any debarment, disqualification, or removal from a federal, state, or local government public works project. Any instance where an entity, its owners, officers, or managing employees submitted a bid on a public works project and were found to be nonresponsive, or were found by an awarding body not to be a responsible bidder.

(vii) Any instance where the entity, its owner, officers, or managing employees defaulted on a construction contract.

(viii) Any violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations of federal or state law including the payment of wages, benefits, apprenticeship requirements, or personal income tax withholding, or of Federal Insurance Contribution Act (FICA) withholding requirements settled against any member of the design-build entity.

(ix) Information concerning the bankruptcy or receivership of any member of the design-build entity, including information concerning any work completed by a surety.

(x) Information concerning all settled adverse claims, disputes, or lawsuits between the owner of a public works project and any member of the design-build entity during the five years preceding submission of a bid pursuant to this section, in which the claim, settlement, or judgment exceeds fifty thousand dollars ($50,000). Information shall also be provided concerning any work completed by a surety during this period.

(xi) In the case of a partnership or other association, that is not a legal entity, a copy of the agreement creating the partnership or association and specifying that all partners or association members agree to be fully liable for the performance under the design-build contract.

(B) The information required pursuant to this subdivision shall be verified under oath by the entity and its members in the manner in which civil pleadings in civil actions are verified. Information that is not a public record pursuant to the California Public Records Act (Chapter 3.5, Division 7, Title 1 of the Government Code) shall not be open to public inspection.

(4) The county shall establish a procedure for final selection of the design-build entity. Selection shall be based on either of the following criteria:

(A) A competitive bidding process resulting in lump-sum bids by the prequalified design-build entities. Awards shall be made to the lowest responsible bidder.

(B) A county may use a design-build competition based upon best value and other criteria set forth in paragraph (2) of subdivision (d). The design-build competition shall include the following elements:

(i) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposal. However, the following minimum factors shall collectively represent at least 50 percent of the total weight of consideration given to all criteria factors; price, technical design and construction expertise, life cycle costs over 15 years or more, skilled labor force availability, and acceptable safety record.

(ii) Once the evaluation is complete, the top three responsive bidders shall be ranked sequentially from the most advantageous to the least.

(iii) The award of the contract shall be made to the responsible bidder whose proposal is determined, in writing, to be the most advantageous.

(iv) Notwithstanding any provision of this code, upon issuance of a contract award, the county shall publicly announce its award, identifying the contractor to whom the award is made, along with a written decision supporting its contract award and stating the basis of the award. The notice of award shall also include the county's second and third ranked design-build entities.

(v) For the purposes of this paragraph, ''skilled labor force availability'' shall be determined by the existence of an agreement with a registered apprenticeship program, approved by the California Apprenticeship Council, which has graduated apprentices in each of the preceding five years. This graduation requirement shall not apply to programs providing apprenticeship training for any craft that has been deemed by the Department of Labor and the Department of Industrial Relations to be an apprenticeable craft in the five years prior to enactment of this act.

(vi) For the purposes of this paragraph, a bidder's ''safety record'' shall be deemed ''acceptable'' if their experience modification rate for the most recent three-year period is an average of 1.00 or less, and their

average Total Recordable Injury/Illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or if the bidder is a party to an alternative dispute resolution system as provided for in Section 3201.5 of the Labor Code.

(e) (1) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding to cover the contract amount for nondesign services, and errors and omission insurance coverage sufficient to cover all design and architectural services provided in the contract. This section does not prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(2) Any payment or performance bond written for the purposes of this section shall be written using a bond form developed by the county.

(f) All subcontractors that were not listed by the design-build entity in accordance with clause (i) of subparagraph (A) of paragraph (3) of subdivision (d) shall be awarded by the design-build entity in accordance with the design-build process set forth by the county in the design-build package. All subcontractors bidding on contracts pursuant to this section shall be afforded the protections contained in Chapter 4 (commencing with Section 4100) of Part 1. The design-build entity shall do both of the following:

(1) Provide public notice of the availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the county.

(2) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with the procedure established pursuant to this section.

(g) The minimum performance criteria and design standards established pursuant to paragraph (1) of subdivision (d) shall be adhered to by the design-build entity. Any deviations from those standards may only be allowed by written consent of the county.

(h) The county may retain the services of a design professional or construction project manager, or both, throughout the course of the project in order to ensure compliance with this section.

(i) Contracts awarded pursuant to this section shall be valid until the project is completed.

(j) Nothing in this section is intended to affect, expand, alter, or limit any rights or remedies otherwise available at law.

(k) (1) If the county elects to award a project pursuant to this section retention proceeds withheld by the county from the design-build entity shall not exceed 5 percent if a performance and payment bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(2) In a contract between the design-build entity and the subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the county and the design-build entity. If the design-build entity provides written notice to any subcontractor who is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the county and the design-build entity from any payment made by the design-build entity to the subcontractor.

(*l*) Each county that elects to proceed under this section and uses the design-build method on a public works project shall submit to the Legislative Analyst's office, the Senate Committee on Local Government, and the Assembly Committee on Local Government before December 1, 2004, a report containing a description of each public works project procured through the design-build process, and completed on or before November 1, 2004. The report shall include, but shall not be limited to, all of the following information:

(1) The type of facility.

(2) The gross square footage of the facility.

(3) The design-build entity who was awarded the project.

(4) The estimated and actual length of time to complete the project.

(5) The estimated and actual project costs.

(6) A description of any written protests concerning any aspect of the solicitation, bid, proposal, or award of the design-build project, including the resolution of the protests.

(7) An assessment of the prequalification process and criteria.

(8) An assessment of the impact of retaining 5 percent retention on the project.

(9) A description of the Labor Force Compliance program and an assessment of the project impact, where required.

(10) A description of the method used to award the contract. If best value was the method, the factors used to evaluate the bid shall be described, including the weighting of each factor and an assessment of the effectiveness of the methodology.

(11) An assessment of the project impact of ''skilled labor force availability''.

(12) An assessment of the design-build dollar limits on county projects. This shall include projects where the county wanted to use design-build and was precluded by the dollar limitation. It shall also include projects where the best value method of awarding contracts was not used, due to dollar limitations.

(13) An assessment of the most appropriate uses for the design-build approach.

(m) Any county named in this section that elects to not use the authority granted herein may also submit a report to the entities named and in accordance with the schedule in subdivision (*l*). This report may include an analysis of why the authority granted herein was not used by the county.

(n) On or before January 1, 2005, the Legislative Analyst shall report to the Legislature on the use of the design-build method by counties pursuant to this section, including the information listed in subdivision (*l*). The report may include recommendations for modifying or extending this section.

(o) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2006, deletes or extends that date.

The district also may let a design-and-build contract for the Fremont-South Bay Commuter Rail Project contained in Santa Clara County's 1996 Measure B Transportation Improvement Program, upon approval by the board of directors.

(b) (1) If the board of directors elects to proceed under subdivision (a), before entering into any contract that requires advertising for bids for a project, the board shall cause to be prepared estimates, and shall prepare documents, for the solicitation of bids on a design-and-build basis.

(2) For the purposes of this section, ''design and build'' means a method of procuring design and construction from a single source. The selection of the single source shall occur before the development of complete plans and specifications.

(c) The request for submission of bids shall include all of the following:

(1) A clear, precise description of the services to be provided and work to be performed.

(2) A description of the format that submittals shall follow and the elements they shall contain, including the qualifications and relevant experience of the design professional and the contractor, and the criteria that shall be used in evaluating the submittal, including the bid price.

SEC. 3. Section 10753 of the Revenue and Taxation Code, as amended by Section 14 of Chapter 724 of the Statutes of 1999, is amended to read:

10753. (a) Upon the first sale of a new vehicle to a consumer and upon each sale of a used vehicle to a consumer, the department shall determine the market value of the vehicle on the basis of the cost price to the purchaser as evidenced by a certificate of cost, but not including California sales or use tax or any local sales, transactions, use, or other local tax. ''Cost price'' includes the value of any modifications made by the seller.

(b) Notwithstanding subdivision (a), the department shall not redetermine the market value of used vehicles, or modify the vehicle license fee classification of used vehicles determined pursuant to Section 10753.1 or 10753.2, when the seller is the parent, grandparent, child, grandchild, or spouse of the purchaser, and the seller is not engaged in the business of selling vehicles subject to registration under the Vehicle Code, or when a lessor, as defined in Section 372 of the Vehicle Code, transfers title and registration of a vehicle to the lessee at the expiration or termination of a lease.

(c) (1) In the event any commercial vehicle is modified or additions are made to the chassis or body at a cost of two thousand dollars ($2,000) or more, but not including any change of engine of the same type or any cost of repairs to a commercial vehicle, the owner of the commercial vehicle shall report any modification or addition to the department and the department shall classify or reclassify the commercial vehicle in its proper class as provided in Section 10753.1 or 10753.2, taking into consideration the increase in the market value of the commercial vehicle due to those modifications or additions, and any reclassification resulting in increase in market value shall be based on the cost to the consumer of those modifications or additions. In the event any vehicle is modified or altered resulting in a decrease in the market value thereof of two hundred dollars ($200) or more as reported to and determined by the department, the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.1 or 10753.2.

(d) Notwithstanding subdivision (c), the portion of Route 39 that is within the city limits of the City of Azusa, except that portion that is north of post mile 17, shall cease to be a state highway when the department and the City of Azusa reach agreement on the terms of the relinquishment of that portion of Route 39 to that city. The terms of the relinquishment agreement shall require that any lump-sum payment from the department to the City of Azusa be deposited by that city in a special account and used solely for improvements on Azusa Avenue and San Gabriel Avenue in the City of Azusa.

(e) (1) Notwithstanding subdivision (c), the commission may relinquish to the City of Covina the portion of Route 39 that is located within the city limits of that city, upon terms and conditions the commission finds to be in the best interests of the state.

(2) A relinquishment under this subdivision shall become effective immediately following the commission's approval of the terms and conditions of the relinquishment.

(3) On and after the effective date of the relinquishment, both of the following shall occur:

(A) The portion of Route 39 relinquished under this subdivision shall cease to be a state highway.

(B) The portion of Route 39 relinquished under this subdivision may not be considered for future adoption under Section 81.

CHAPTER 597

An act to add and repeal Chapter 6.5 (commencing with Section 9520) of Division 8.5 of the Welfare and Institutions Code, relating to aging, and making an appropriation therefor.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 24, 2000.]

On this date I signed Assembly Bill 2558 with a reduction.

AB 2558 would establish a 3-year neighborhood-based pilot program administered by the California Commission on Improving Life through Services (CILTS), to promote the involvement of senior volunteers in working with children and school staff.

While I am supportive of incorporating senior volunteerism into state volunteer efforts coordinated by CILTS, the program outlined in this bill merits further study. Therefore, I am directing CILTS to (1) prepare a review of existing programs that engage seniors in service, (2) identify new and promising entrepreneurial strategies that take advantage of the unique characteristics of this new generation of seniors, (3) identify priorities which a senior volunteer force can best impact, and (4) propose a structure for investment of any future financial resources which maximizes public and private funding and social impact. I expect this study to be completed within six months. Therefore, I am reducing the appropriation contained in the bill by $900,000 to reflect the amount needed to conduct this review. The revised appropriation shall be $100,000.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) California's senior citizens are the healthiest, most vigorous, and well-educated senior population in history and are a reservoir of experience, practical knowledge, and lasting values.

(b) Americans aged 50 to 75 years ranked community service second in priority only to travel in a recent survey, titled ''The New Face of Retirement,'' by Peter D. Hart Research Associates.

(c) Continued involvement in productive activity and the presence of strong social networks are the two most important factors contributing to prolonged well-being later in life, according to a decade-long inquiry by the MacArthur Foundation into successful aging.

(d) Retirement vastly increases free time. Upon retirement, men gain an added 25 hours per week of free time and women gain an added 18 hours per week of free time.

(e) The aging of the ''Baby Boomer'' generation will lead to a tripling of the number of Californians over 65 years of age. This segment of the population is expected to increase from 3.1 million persons in 1990 to 10.1 million persons in 2030.

(f) Although the Hart Survey found that 55 percent of older Americans want to volunteer more while only 4 percent want to volunteer less, volunteering currently falls off sharply after retirement.

(g) Therefore, it is the intent of the Legislature to establish an Experience Corps pilot program to engage the time, talents, and skills of California seniors. It is further the intent of the Legislature, that through the program, seniors will assist staff at schools by serving as tutors, mentors, and role models for school children in need.

SEC. 2. Chapter 6.5 (commencing with Section 9520) is added to Division 8.5 of the Welfare and Institutions Code, to read:

CHAPTER 6.5. SENIOR VOLUNTEER PILOT PROGRAM

9520. The California Commission on Improving Life Through Service, in consultation with an advisory board consisting of representatives of the State Department of Education, the California Department of Aging, the Corporation for National Service, representatives of either the federal Retired Senior Volunteer Program or the federal Foster Grandparent Program, and representatives of Civic Ventures or one or more experts on Experience Corps programs, shall establish a three-year intergenerational neighborhood-based pilot program, consisting of a minimum of seven programs throughout the state, to promote the use of senior volunteers in working with children and school staff. Programs shall be designed and implemented by partnerships of organizations whose membership makes significant contributions and brings expertise in the areas of education, tutoring, and mentoring both in school and after-school venues and mobilizing and supporting senior volunteers. No less than 50 percent of local programs selected for funding shall be operated by partnerships that have existing National Senior Service Corps programs acting as the legal applicant. Local program selection criteria will include the strength and breadth of the partnership and its coordination with existing senior volunteer programs in those communities where they exist. The program shall commence operation in March 2001, and terminate in March 2004.

9521. The pilot program established pursuant to this chapter shall be based upon the best practices of existing Experience Corps programs such as the Sunset Neighborhood Beacon Center Experience Corps in San Francisco.

9522. The advisory board specified in Section 9520 shall adopt criteria to determine the effectiveness of the program required by this chapter.

9523. This chapter shall become inoperative on September 30, 2004, and, as of January 1, 2005, is repealed, unless a later enacted

statute that is enacted before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. There is hereby appropriated the sum of one million dollars ($1,000,000) from the General Fund to the California Commission on Improving Life Through Service for the purpose of implementing the pilot program established pursuant to Chapter 6.5 (commencing with Section 9520) of Division 8.5 of the Welfare and Institutions Code.

CHAPTER 598

An act to add Section 6359 to the Labor Code, relating to labor.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 6359 is added to the Labor Code, to read:

6359. (a) The Legislature finds and declares the following:

(1) Every year 70 adolescents die from work injuries in the United States and 200,000 are injured, 70,000 seriously enough to require hospital treatment. Most of these injuries are preventable.

(2) A recent report by the Institute of Medicine and the National Research Council has brought national attention to the need for better education and interventions to aid injury and illness prevention efforts aimed at young workers.

(3) Since 1996, the California Study Group on Young Workers' Health and Safety, consisting of 30 representatives from key agencies and organizations involved with California youth employment and education issues, including representatives from government agencies, business, labor, parent and teacher organizations, and others, has met to develop recommendations to better protect and educate California's young workers.

(4) The study group recommended the establishment of a Resource Network on Young Workers' Health and Safety, to assist in increasing the ability of young workers and their communities to identify and address workplace hazards in order to prevent young workers from becoming injured or ill on the job.

(b) It is the intent of the Legislature that the Department of Industrial Relations, the University of California, the State Department of Education, the State Department of Health Services, and the Employment Development Department cooperatively and individually

conduct activities aimed at the prevention of occupational injuries and illnesses among young workers.

(c) The Department of Industrial Relations shall contract with a coordinator to establish a statewide young worker health and safety resource network. The primary function of the resource network shall be to assist in increasing the ability of young workers and their communities statewide to identify and address workplace hazards in order to prevent young workers from becoming injured or ill on the job. The network shall coordinate and augment existing outreach and education efforts and provide technical assistance, education materials and other support to schools, job training programs, employers and other organizations working to educate students and their communities about workplace health and safety and child labor laws.

(d) The resource network shall provide, and the lead center shall coordinate, services to all key groups throughout the state involved in education and protecting young workers, including, but not limited to:

(1) Teachers.

(2) Schools.

(3) Job training programs.

(4) Employers of youth.

(5) Parent groups.

(6) Youth organizations.

(7) Work permit issuers.

(e) The resource network shall be advised by a statewide advisory group, including, but not limited to, representatives from the Department of Industrial Relations, the Commission on Health and Safety and Worker's Compensation, the University of California, the State Department of Education, the Department of Health Services, and the Employment Development Department, as well as business, labor, parents, and others experienced in working with youth doing agricultural and nonagricultural work. The advisory group shall represent diverse geographic regions of the state.

(f) This section shall be implemented subject to the availability of funding for the purposes of this section in the 2000–01 Budget Act.

SEC. 2. The Legislature recognizes that funds appropriated by Item 8350-001-0001 of Section 2.00 of the Budget Act of 2000–01 may also be used by the Department of Industrial Relations to enter into a contract or an interagency agreement for costs related to the enforcement activities by appropriate authorities due to referrals made pursuant to Chapter 1 (commencing with Section 6300) of Part 1 of Division 5 of the Labor Code.

CHAPTER 599

An act to add Section 35706.5 to the Education Code, relating to school district reorganization.

[Approved by Governor September 22, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 35706.5 is added to the Education Code, to read:

35706.5. (a) No action to reorganize the boundaries of a school district shall be initiated or completed without the consent of a majority of all of the members of the governing board of the school district if both of the following conditions apply to the school district:

(1) It has obtained an emergency apportionment loan from the State of California, but the Superintendent of Public Instruction has determined that a state administrator is no longer necessary, and has restored, prior to the effective date of this section, the legal rights, duties, and powers of the governing board of the district pursuant to Section 41326.

(2) It has a student population 70 percent of which is from either a ''lower income household'' or ''very low income household'' as those terms are defined in Sections 50079.5 and 50105, respectively, of the Health and Safety Code.

(b) For purposes of this section, for any school district that meets the description specified in paragraph (1), consent to an action to reorganize the boundaries of the school district shall no longer be required when 10 years have elapsed from the date of final payment by the school district of the emergency loan to the State of California.

CHAPTER 600

An act to amend Sections 6055 and 6203.5 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 6055 of the Revenue and Taxation Code is amended to read:

6055. (a) A retailer is relieved from liability for sales tax that became due and payable, insofar as the measure of the tax is represented by accounts that have been found to be worthless and charged off for income tax purposes by the retailer or, if the retailer is not required to file income tax returns, charged off in accordance with generally accepted accounting principles. A retailer that has previously paid the tax may, under rules and regulations prescribed by the board, take as a deduction the amount found worthless and charged off by the retailer. If these accounts are thereafter in whole or in part collected by the retailer, the amount collected shall be included in the first return filed after the collection and the tax shall be paid with the return. For purposes of this subdivision, the term ''retailer'' shall include any entity affiliated with the retailer under Section 1504 of Title 26 of the United States Code.

(b) (1) In the case of accounts held by a lender, a retailer or lender who makes a proper election under paragraph (4) shall be entitled to a deduction or refund of the tax that the retailer has previously reported and paid if all of the following conditions are met:

(A) No deduction was previously claimed or allowed on any portion of the accounts.

(B) The accounts have been found worthless and written off by the lender in accordance with the requirements of subdivision (a).

(C) The contract between the retailer and the lender contains an irrevocable relinquishment of all rights to the account from the retailer to the lender.

(D) The retailer remitted the tax on or after January 1, 2000.

(E) The party electing to claim the deduction or refund under paragraph (4) files a claim in a manner prescribed by the board.

(2) If the retailer or the lender thereafter collects in whole or in part any accounts, one of the following shall apply:

(A) If the retailer is entitled to the deduction or refund under the election specified in paragraph (4), the retailer shall include the amount collected in its first return filed after the collection and pay tax on that amount with the return.

(B) If the lender is entitled to the deduction or refund under the election specified in paragraph (4), the lender shall pay the tax to the board in accordance with Section 6451.

(3) For purposes of this subdivision, the term ''lender'' means any of the following:

A retailer that has previously paid the amount of the tax may, under rules and regulations prescribed by the board, take as a deduction the amount found worthless and charged off by the retailer. If these accounts are thereafter in whole or in part collected by the retailer, the amount collected shall be included in the first return filed after the collection and the amount of the tax shall be paid with the return. For purposes of this subdivision, the term ''retailer'' shall include any entity affiliated with the retailer under Section 1504 of Title 26 of the United States Code.

(b) (1) In the case of accounts held by a lender, a retailer or lender who makes a proper election under paragraph (4) shall be entitled to a deduction or refund of the tax that the retailer has previously reported and paid if all of the following conditions are met:

(A) No deduction was previously claimed or allowed on any portion of the accounts.

(B) The accounts have been found worthless and written off by the lender in accordance with the requirements of subdivision (a).

(C) The contract between the retailer and the lender contains an irrevocable relinquishment of all rights to the account from the retailer to the lender.

(D) The retailer remitted the tax on or after January 1, 2000.

(E) The party electing to claim the deduction or refund under paragraph (4) files a claim in a manner prescribed by the board.

(2) If the retailer or the lender thereafter collects in whole or in part any accounts, one of the following shall apply:

(A) If the retailer is entitled to the deduction or refund under the election specified in paragraph (4), the retailer shall include the amount collected in its first return filed after the collection and pay tax on that amount with the return.

(B) If the lender is entitled to the deduction or refund under the election specified in paragraph (4), the lender shall pay the tax to the board in accordance with Section 6451.

(3) For purposes of this subdivision, the term ''lender'' means any of the following:

(A) Any person who holds a retail account which that person purchased directly from a retailer who reported the tax.

(4) Prior to claiming any deduction or refund under this subdivision, the retailer who reported the tax and the lender shall file an election with the board, signed by both parties, designating which party is entitled to claim the deduction or refund. This election may not be amended or revoked unless a new election, signed by both parties, is filed with the board.

CHAPTER 601

An act to amend Sections 214 and 237 of, and to add Section 230 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 214 of the Revenue and Taxation Code is amended to read:

214. (a) Property used exclusively for religious, hospital, scientific, or charitable purposes owned and operated by community chests, funds, foundations or corporations organized and operated for religious, hospital, scientific, or charitable purposes is exempt from taxation, including ad valorem taxes to pay the interest and redemption charges on any indebtedness approved by the voters prior to July 1, 1978, or any bonded indebtedness for the acquisition or improvement of real property approved on or after July 1, 1978, by two-thirds of the votes cast by the voters voting on the proposition, if:

(1) The owner is not organized or operated for profit. However, in the case of hospitals, the organization shall not be deemed to be organized or operated for profit if, during the immediately preceding fiscal year, operating revenues, exclusive of gifts, endowments and grants-in-aid, did not exceed operating expenses by an amount equivalent to 10 percent of those operating expenses. As used herein, operating expenses include depreciation based on cost of replacement and amortization of, and interest on, indebtedness.

(2) No part of the net earnings of the owner inures to the benefit of any private shareholder or individual.

(3) The property is used for the actual operation of the exempt activity, and does not exceed an amount of property reasonably necessary to the accomplishment of the exempt purpose.

(A) For the purposes of determining whether the property is used for the actual operation of the exempt activity, consideration shall not be given to use of the property for either or both of the following described activities if that use is occasional:

(i) The owner conducts fundraising activities on the property and the proceeds derived from those activities are not unrelated business taxable income, as defined in Section 512 of the Internal Revenue Code, of the owner and are used to further the exempt activity of the owner.

(ii) The owner permits any other organization that meets all of the requirements of this subdivision, other than ownership of the property, to conduct fundraising activities on the property and the proceeds derived from those activities are not unrelated business taxable income, as defined in Section 512 of the Internal Revenue Code, of the organization, are not subject to the tax on unrelated business taxable income that is imposed by Section 511 of the Internal Revenue Code, and are used to further the exempt activity of the organization.

(B) For purposes of subparagraph (A):

(i) ''Occasional use'' means use of the property on an irregular or intermittent basis by the qualifying owner or any other qualifying organization described in clause (ii) of subparagraph (A) that is incidental to the primary activities of the owner or the other organization.

(ii) ''Fundraising activities'' means both activities involving the direct solicitation of money or other property and the anticipated exchange of goods or services for money between the soliciting organization and the organization or person solicited.

(C) Subparagraph (A) shall have no application in determining whether paragraph (3) has been satisfied unless the owner of the property and any other organization using the property as provided in subparagraph (A) have filed with the assessor duplicate copies of valid unrevoked letters or rulings from the Internal Revenue Service that state that the owner and the other organization qualify as exempt

organizations under Section 501(c)(3) of the Internal Revenue Code. The owner of the property and any other organization using the property as provided in subparagraph (A) also shall file duplicate copies of their most recently filed federal income tax returns.

(D) For the purposes of determining whether the property is used for the actual operation of the exempt activity, consideration shall not be given to the use of the property for meetings conducted by any other organization if the meetings are incidental to the other organization's primary activities, are not fundraising meetings or activities as defined in subparagraph (B), are held no more than once per week, and the other organization and its use of the property meet all other requirements of paragraphs (1) to (5), inclusive, of subdivision (a). The owner or the other organization also shall file with the assessor duplicate copies of valid, unrevoked letters or rulings from the Internal Revenue Service or the Franchise Tax Board stating that the other organization, or the national organization of which it is a local chapter or affiliate, qualifies as an exempt organization under Section 501(c)(3) or Section 501(c)(4) of the Internal Revenue Code or Section 23701d, 23701f, or 23701w, together with duplicate copies of that organization's most recently filed federal income tax return, if the organization is required by federal law to file a return.

Nothing in subparagraph (A), (B), (C), or (D) shall be construed to either enlarge or restrict the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

(4) The property is not used or operated by the owner or by any other person so as to benefit any officer, trustee, director, shareholder, member, employee, contributor, or bondholder of the owner or operator, or any other person, through the distribution of profits, payment of excessive charges or compensations, or the more advantageous pursuit of their business or profession.

(5) The property is not used by the owner or members thereof for fraternal or lodge purposes, or for social club purposes except where that use is clearly incidental to a primary religious, hospital, scientific, or charitable purpose.

(6) The property is irrevocably dedicated to religious, charitable, scientific, or hospital purposes and upon the liquidation, dissolution or abandonment of the owner will not inure to the benefit of any private person except a fund, foundation, or corporation organized and operated for religious, hospital, scientific, or charitable purposes.

(7) The property, if used exclusively for scientific purposes, is used by a foundation or institution that, in addition to complying with the foregoing requirements for the exemption of charitable organizations in general, has been chartered by the Congress of the United States (except

that this requirement shall not apply when the scientific purposes are medical research), and whose objects are the encouragement or conduct of scientific investigation, research, and discovery for the benefit of the community at large.

The exemption provided for herein shall be known as the ''welfare exemption.'' This exemption shall be in addition to any other exemption now provided by law, and the existence of the exemption provision in paragraph (2) of subdivision (a) of Section 202 shall not preclude the exemption under this section for museum or library property. Except as provided in subdivision (e), this section shall not be construed to enlarge the college exemption.

(b) Property used exclusively for school purposes of less than collegiate grade and owned and operated by religious, hospital, or charitable funds, foundations, or corporations, which property and funds, foundations, or corporations meet all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

(c) Property used exclusively for nursery school purposes and owned and operated by religious, hospital, or charitable funds, foundations, or corporations, which property and funds, foundations, or corporations meet all the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

(d) Property used exclusively for a noncommercial educational FM broadcast station or an educational television station, and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations meeting all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

(e) Property used exclusively for religious, charitable, scientific, or hospital purposes and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations or educational institutions of collegiate grade, as defined in Section 203, which property and funds, foundations, corporations, or educational institutions meet all of the requirements of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section. As to educational institutions of collegiate grade, as defined in Section 203, the requirements of paragraph (6) of subdivision (a) shall be deemed to be met if both of the following are met:

(1) The property of the educational institution is irrevocably dedicated in its articles of incorporation to charitable and educational

purposes, to religious and educational purposes, or to educational purposes.

(2) The articles of incorporation of the educational institution provide for distribution of its property upon its liquidation, dissolution, or abandonment to a fund, foundation, or corporation organized and operated for religious, hospital, scientific, charitable, or educational purposes meeting the requirements for exemption provided by Section 203 or this section.

(f) Property used exclusively for housing and related facilities for elderly or handicapped families and financed by, including, but not limited to, the federal government pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), as amended, Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v), Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), or Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013), and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations meeting all of the requirements of this section shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section.

The amendment of this paragraph made by Chapter 1102 of the Statutes of 1984 does not constitute a change in, but is declaratory of, the existing law. However, no refund of property taxes shall be required as a result of this amendment for any fiscal year prior to the fiscal year in which the amendment takes effect.

Property used exclusively for housing and related facilities for elderly or handicapped families at which supplemental care or services designed to meet the special needs of elderly or handicapped residents are not provided, or that is not financed by the federal government pursuant to Section 202 of Public Law 86-372 (12 U.S.C. Sec. 1701q), as amended, Section 231 of Public Law 73-479 (12 U.S.C. Sec. 1715v), Section 236 of Public Law 90-448 (12 U.S.C. Sec. 1715z), or Section 811 of Public Law 101-625 (42 U.S.C. Sec. 8013), shall not be entitled to exemption pursuant to this subdivision unless the property is used for housing and related facilities for low- and moderate-income elderly or handicapped families. Property that would otherwise be exempt pursuant to this subdivision, except that it includes some housing and related facilities for other than low- or moderate-income elderly or handicapped families, shall be entitled to a partial exemption. The partial exemption shall be equal to that percentage of the value of the property that is equal to the percentage that the number of low- and moderate-income elderly and handicapped families occupying the property represents of the total number of families occupying the property.

As used in this subdivision, ''low and moderate income'' has the same meaning as the term ''persons and families of low or moderate income'' as defined by Section 50093 of the Health and Safety Code.

(g) (1) Property used exclusively for rental housing and related facilities and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations, including limited partnerships in which the managing general partner is an eligible nonprofit corporation, meeting all of the requirements of this section, or by veterans' organizations, as described in Section 215.1, meeting all the requirements of paragraphs (1) to (7), inclusive, of subdivision (a), shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section and shall be entitled to a partial exemption equal to that percentage of the value of the property that the portion of the property serving lower income households represents of the total property in any year in which either of the following criteria applies:

(A) The acquisition, rehabilitation, development, or operation of the property, or any combination of these factors, is financed with tax-exempt mortgage revenue bonds or general obligation bonds, or is financed by local, state, or federal loans or grants and the rents of the occupants who are lower income households do not exceed those prescribed by deed restrictions or regulatory agreements pursuant to the terms of the financing or financial assistance.

(B) The owner of the property is eligible for and receives low-income housing tax credits pursuant to Section 42 of the Internal Revenue Code of 1986, as added by Public Law 99-514.

(C) In the case of a claim, other than a claim with respect to property owned by a limited partnership in which the managing general partner is an eligible nonprofit corporation, that is filed for the 2000–01 fiscal year or any fiscal year thereafter, 90 percent or more of the occupants of the property are lower income households whose rent does not exceed the rent prescribed by Section 50053 of the Health and Safety Code. The total exemption amount allowed under this subdivision to a taxpayer, with respect to a single property or multiple properties for any fiscal year on the sole basis of the application of this subparagraph, may not exceed twenty thousand dollars ($20,000) of tax.

(2) In order to be eligible for the exemption provided by this subdivision, the owner of the property shall do both of the following:

(A) (i) For any claim filed for the 2000–01 fiscal year or any fiscal year thereafter, certify and ensure, subject to the limitation in clause (ii), that there is an enforceable and verifiable agreement with a public agency or, a recorded deed restriction, or other legal document that restricts the project's usage and that provides that the units designated for use by lower income households are continuously available to or

occupied by lower income households at rents that do not exceed those prescribed by Section 50053 of the Health and Safety Code, or, to the extent that the terms of federal, state, or local financing or financial assistance conflicts with Section 50053, rents that do not exceed those prescribed by the terms of the financing or financial assistance.

(ii) In the case of a limited partnership in which the managing general partner is an eligible nonprofit corporation, the restriction and provision specified in clause (i) shall be contained in an enforceable and verifiable agreement with a public agency, or in a recorded deed restriction to which the limited partnership certifies.

(B) Certify that the funds that would have been necessary to pay property taxes are used to maintain the affordability of, or reduce rents otherwise necessary for, the units occupied by lower income households.

(3) As used in this subdivision, ''lower income households'' has the same meaning as the term ''lower income households'' as defined by Section 50079.5 of the Health and Safety Code.

(h) Property used exclusively for an emergency or temporary shelter and related facilities for homeless persons and families and owned and operated by religious, hospital, scientific, or charitable funds, foundations, or corporations meeting all of the requirements of this section shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 and Section 5 of Article XIII of the California Constitution and this section. Property that otherwise would be exempt pursuant to this subdivision, except that it includes housing and related facilities for other than an emergency or temporary shelter, shall be entitled to a partial exemption.

As used in this subdivision, ''emergency or temporary shelter'' means a facility that would be eligible for funding pursuant to Chapter 11 (commencing with Section 50800) of Part 2 of Division 31 of the Health and Safety Code.

(i) Property used exclusively for housing and related facilities for employees of religious, charitable, scientific, or hospital organizations that meet all the requirements of subdivision (a) and owned and operated by funds, foundations, or corporations that meet all the requirements of subdivision (a) shall be deemed to be within the exemption provided for in subdivision (b) of Sections 4 and 5 of Article XIII of the California Constitution and this section to the extent the residential use of the property is institutionally necessary for the operation of the organization.

(j) For purposes of this section, charitable purposes include educational purposes. For purposes of this subdivision, ''educational purposes'' means those educational purposes and activities for the benefit of the community as a whole or an unascertainable and indefinite portion thereof, and shall not include those educational purposes and

activities that are primarily for the benefit of an organization's shareholders. Educational activities include the study of relevant information, the dissemination of that information to interested members of the general public, and the participation of interested members of the general public.

SEC. 2. Section 230 is added to the Revenue and Taxation Code, to read:

230. (a) With regard to taxes that attach as a lien on or after January 1, 2001, wooden vessels of historical significance, and all personal property thereon used in their operation, are exempt from taxation. This exemption applies if all of the following conditions are satisfied:

(1) The owner and operator is a nonprofit organization that has qualified for exemption under either Section 23701d of this code or under Section 501(c)(3) of the Internal Revenue Code.

(2) No part of the net earnings of the owner inures to the benefit of any private shareholder or individual.

(3) The vessel is used primarily as, or as a part of, a maritime museum that is regularly open to the public.

(4) Income from fundraising use and use for charter activities does not exceed 40 percent of operating revenues of the vessel, and all net earnings are used to further the exempt activity of the museum.

(b) When claiming an exemption pursuant to this section, a claiming organization shall give all information required and answer all questions in an affidavit, to be furnished by the assessor, that is signed by the claimant under penalty of perjury. The assessor may require other proof of the facts stated in the affidavit before allowing the exemption. A claimant for an exemption pursuant to this section is subject to Sections 255 and 260.

(c) For purposes of this section, the following definitions apply:

(1) ''Wooden vessel of historical significance'' means any wooden vessel that is a refurbished original, wooden inland waters vessel of 47 feet or larger, built in California during or prior to 1910, that continuously thereafter has remained in California waters, and that has been designated a California State Historical Landmark.

(2) ''Regularly open to the public'' means that the museum was open to the public not less than 20 hours per week for not less than 35 weeks of the 12-month period immediately preceding the lien date for the year for which the exemption is claimed.

SEC. 3. Section 237 of the Revenue and Taxation Code is amended to read:

237. (a) (1) Subject to the requirements set forth in paragraph (2), there is exempt from taxation under this part that portion of the assessed value of property, owned and operated by a federally designated Indian tribe or its tribally designated housing entity , that corresponds to that

portion of the property that is continuously available to, or occupied by, lower income households, as defined in Section 50079.5 of the Health and Safety Code at rents that do not exceed those prescribed by Section 50053 of the Health and Safety Code, or, to the extent that the terms of federal, state, or local financing or financial assistance conflict with that section, rents that do not exceed those prescribed by the terms of the financing agreements or financial assistance agreements.

(2) The exemption set forth in subdivision (a) applies only if the property and entity meet the following requirements:

(A) At least 30 percent of the property's housing units are either continuously available to, or occupied by, lower income households, as defined in Section 50079.5 of the Health and Safety Code, at rents that do not exceed those prescribed by Section 50053 of the Health and Safety Code, or, to the extent that the terms of federal, state, or local financing or financial assistance conflict with that section, rents that do not exceed those prescribed by the terms of the financing agreements or financial assistance agreements.

(B) The housing entity is nonprofit.

(C) No part of the net earnings of the housing entity inure to the benefit of any private shareholder or individual.

(b) In lieu of the tax imposed by this part, a tribe or tribally designated housing entity may agree to make payments to a county, city, city and county, or political subdivision of the state for services, improvements, or facilities provided by that entity for the benefit of a low-income housing project owned and operated by the tribe or tribally designated housing entity. Any payments in lieu of tax may not exceed the estimated cost to the city, county, city and county, or political subdivision of the state of the services, improvements, or facilities to be provided.

(c) A tribe or tribally designated housing entity applying for an exemption under this section shall provide the following documents to the assessor:

(1) Documents establishing that the designating tribe is federally recognized.

SEC. 4. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 602

An act to amend Section 95.31 of the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 95.31 of the Revenue and Taxation Code is amended to read:

95.31. (a) (1) Notwithstanding any other provision of law, any eligible county may, upon the recommendation of the county assessor, and by resolution of the board of supervisors of that county adopted not later than December 1 of the fiscal year for which it is to first apply, elect to participate in the State-County Property Tax Administration Loan Program.

(2) Except as specified in paragraph (3), for the purposes of this section, an eligible county shall mean a county in which additional property tax revenue allocated to school entities would reduce the amount of General Fund moneys apportioned to school entities. However, eligibility shall be terminated when, in combination with resources in the Educational Revenue Augmentation Fund, additional property tax revenues allocated to school entities will not result in a reduction in the General Fund apportionments.

(3) Notwithstanding paragraph (2), both the County of Solano and the County of San Benito shall be deemed eligible counties that may, upon the recommendation of the county assessor, and by resolution of the board of supervisors of the county adopted on or before March 31, 1996, elect to participate in the State-County Property Tax Administration Loan Program.

(4) Notwithstanding paragraph (1), any county in which a new assessor is elected in 1998 may, upon the recommendation of the county assessor, and by resolution of the board of supervisors of the county adopted on or before January 31, 1999, elect to participate in the State-County Property Tax Administration Loan Program commencing with the 1998–99 fiscal year.

(b) (1) In each fiscal year from the 1995–96 fiscal year to the 2001–02 fiscal year, inclusive, an eligible county participating in the

State-County Property Tax Administration Loan Program may receive a loan for up to the amount listed in paragraph (3). The loan shall be repaid by June 30 of the fiscal year following the year in which the loan is made. However, at the discretion of the Director of Finance, the loan may be renewed once for an additional 12-month period at the request of the participating county board of supervisors. For the Counties of Fresno, Orange, San Benito, and Solano any loan agreement signed on or before July 31, 1996, shall be deemed a loan agreement for the 1995–96 fiscal year for the purposes of this section. For any county in which a new assessor is elected in 1998, any loan agreement signed on or before January 31, 1999, shall be deemed a loan agreement for the 1998–99 fiscal year for the purposes of this section.

(2) If an eligible county elects to participate in the State-County Property Tax Administration Loan Program, it shall enter into a contractual agreement with the Department of Finance. At a minimum, the contractual agreement shall include the following:

(A) The loan amount, as determined by the Director of Finance.

(B) Repayment provisions, including the interception of Motor Vehicle License Fee Account moneys apportioned pursuant to Section 11005 to repay the General Fund.

(C) A listing of the proposed use of the additional resources including, but not limited to:

(i) Proposed new positions.

(ii) Increased automation costs.

(D) An agreement to provide to the Department of Finance, by March 31 of the fiscal year in which the loan is made, a report projecting the impact of the increased funding in the current and subsequent fiscal year.

(5) The Director of Finance shall notify the Controller of any participating county that fails to comply with the terms of the agreement, including the repayment of the loan. When the Controller receives notice from the Director of Finance, the Controller shall make an apportionment to the General Fund on behalf of the participating county in the amount of that required payment for the purpose of making that payment. The Controller shall make that payment only from moneys credited to the Motor Vehicle License Fee Account in the Transportation Tax Fund to which the participating county is entitled at that time under Chapter 5 (commencing with Section 11001) of Part 5 of Division 2, and shall thereupon reduce, by the amount of the payment, the subsequent allocation or allocations to which the county would otherwise be entitled under that chapter.

(c) (1) Funds appropriated for purposes of this section shall be used to enhance the property tax administration system by providing supplemental resources. Amounts provided to any county as a loan pursuant to this section shall not be used to supplant the current level of funding. In order to participate in the State-County Property Tax Administration Loan Program, a participating county shall maintain a

base staffing, including contract staff, and total funding level in the county assessor's office, independent of the loan proceeds provided pursuant to this act, equal to the levels in the 1994–95 fiscal year exclusive of amounts provided to the assessor's office pursuant to Item 9100-102-001 of the Budget Act of 1994. However, in a county in which the 1994–95 funding level for the assessor's office was higher than the 1993–94 level, the 1993–94 fiscal year staffing and funding levels shall be considered the base year for purposes of this section. Commencing with the 1996–97 fiscal year, if a county was otherwise eligible but was unable to participate in this program in the 1995–96 fiscal year because it did not meet the funding level and staffing requirements of this paragraph, that county shall maintain a base staffing, including contract staff, and total funding level in the county assessor's office equal to the levels in the 1995–96 fiscal year.

(2) Prior to the assessor's recommendation for participation in the State-County Property Tax Administration Loan Program, the assessor shall consult with the county tax collector, and any other county agency directly involved in property tax administration, to discuss the needs of the program for the duration of the contractual agreement.

(d) A participating county may establish a tracking system whereby a work or function number is assigned to each appraisal or administrative activity. That system should provide statistical data on the number of production units performed by each employee and the positive and negative change in assessed value attributable to the activities performed by each employee.

(e) Notwithstanding Section 95.3, no amount of funds provided to an eligible county pursuant to this section shall result in any deduction from those property tax administrative costs that are eligible for reimbursement pursuant to Section 95.3.

(f) At the request of the Department of Finance, the board shall assist the Department of Finance in evaluating contracts entered into pursuant to this section.

CHAPTER 603

An act to amend Section 17052.2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

17052.2. (a) For each taxable year beginning on or after January 1, 2000, there shall be allowed as a credit against the ''net tax'' (as defined by Section 17039) to a credentialed teacher an amount equal to the amount determined in subdivision (b).

(b) The amount of the credit shall be the lesser of the amounts computed under paragraph (1) or (2):

(A) Completed at least four but less than six years of service as a credentialed teacher, the credit shall be two hundred fifty dollars ($250).

(B) Completed at least six but less than 11 years of service as a credentialed teacher, the credit shall be five hundred dollars ($500).

(C) Completed at least 11 but less than 20 years of service as a credentialed teacher, the credit shall be one thousand dollars ($1,000).

(D) Completed 20 or more years of service as a credentialed teacher, the credit shall be one thousand five hundred dollars ($1,500).

(E) For purposes of determining years of service, years of service performed as a teacher in a qualified education institution, which otherwise meets the criteria specified in subdivision (d) except that the qualified education institution is not located in this state, in another state shall qualify for each year the teacher was credentialed by the public education agency in that state.

(2) Fifty percent of the amount determined as follows:

(A) Divide the amount received by the taxpayer as wages and salary for services as a credentialed teacher, as defined in paragraph (3) of subdivision (c), by the taxpayer's total adjusted gross income from all sources.

(B) Multiply the taxpayer's total tax, as defined in paragraph (4) of subdivision (c), by a ratio, not to exceed 1.00, that is otherwise equal to the ratio determined for the taxpayer under subparagraph (A).

(c) For purposes of this section, all of the following definitions apply:

(1) ''Credentialed teacher'' means a person who holds a preliminary or professional clear credential as determined by the Commission on Teacher Credentialing pursuant to Article 1 (commencing with Section 44200) of Chapter 2 of Part 25 of Division 2 of Title 2 of the Education Code and who teaches at a qualifying educational institution.

(2) ''Qualifying educational institution'' means any elementary, secondary, or vocational-technical school located in this state providing education for kindergarten, grades 1 to 12, inclusive, or any part thereof. ''Qualifying educational institution'' includes an agency or

instrumentality of the federal government providing education for grades kindergarten, grades 1 to 12, inclusive, or any part thereof, at any location within this state, including an Indian reservation or a military installation located within the geographical borders of this state, where a credentialed teacher is employed by the federal government or an agency or instrumentality thereof. ''Qualifying educational institution'' includes any elementary, secondary, or vocational technical school located in California, that files an affidavit pursuant to Section 33190 and 33191 of the Education Code, and provides education for kindergarten and grades 1 to 12, inclusive, or any part thereof.

(3) ''Wages and salaries for services as a credentialed teacher'' includes only those amounts received with respect to services performed as a credentialed teacher, but does not include pensions or other deferred compensation.

(4) ''Total tax'' means the tax imposed under this part for the taxable year, before the application under Section 19007 of any payment of estimated tax or any installment thereof, less all credits allowed for the taxable year except for the following:

(A) The credit allowed under this section.

(B) The credit allowed under Section 17061 (relating to refunds under the Unemployment Insurance Code).

(C) The credit allowed under Section 19002 (relating to tax withholding).

(D) Any refundable credit that is allowed under this part.

SEC. 2. The amendments made to Section 17052.2 of the Revenue and Taxation Code by this act shall apply to taxable years beginning on or after January 1, 2000.

CHAPTER 604

An act to add Section 96.19 to the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 96.19 is added to the Revenue and Taxation Code, to read:

96.19. Notwithstanding any other provision of law, the property tax apportionment factors applied in allocating property tax revenues in the County of Riverside for each fiscal year to the 1999–2000 fiscal year,

inclusive, are deemed to be correct. However, for the 2000–01 fiscal year and each fiscal year thereafter, property tax apportionment factors applied in allocating property tax revenues in the County of Riverside shall be determined on the basis of property tax apportionment factors for prior fiscal years that have been fully corrected and adjusted, pursuant to the review and recommendation of the Controller, as would be required in the absence of the preceding sentence.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique difficulties faced by the County of Riverside in attempting in good faith to properly allocate property tax revenues pursuant to ambiguous legal requirements, and the uniquely severe fiscal and public service consequences that would be faced by the County of Riverside in the absence of the relief provided by this act.

The office may consult with industry representatives, incubator associations, and the California Research Bureau while developing the biennial evaluation.

SEC. 3. Section 15339.8 is added to the Government Code, to read:

The written objection shall specify the description of the property needed, whether the fee or an easement is required, and the public purpose to which the property is intended to be devoted.

The objection and application shall be filed with the tax collector before the date of the first publication of the notice of intended sale pursuant to Sections 3702 and 3703. If the state, a city, taxing agency, or revenue district files an objection and application in compliance with

The terms ''nonprofit organization,'' ''low-income persons'' and ''rehabilitation'' shall have the same meaning in this section as in Chapter 8 (commencing with Section 3771).

SEC. 3. Section 3700 of the Revenue and Taxation Code is amended to read:

Upon providing notice to the board of supervisors as required by Section 3698, the tax collector shall forward one copy to the clerk or secretary of the governing board of each taxing agency, other than the county, having the right to levy taxes or assessments on the property and may forward one copy to each nonprofit organization that has submitted, within one year prior to the next scheduled tax sale or prior to July 31 of the current calendar year, a written request to the tax collector for notification. The copy or copies shall be mailed or delivered at least 30 days before the first publication or posting of the notice of intended sale. However, where the tax collector has on file a consent from each taxing agency, the tax collector may proceed to publish or post the notice of sale.

SEC. 4. Section 3791.4 of the Revenue and Taxation Code is amended to read:

3791.4. (a) When residential or vacant property has been tax defaulted for five years or more, or three years or more after the property

has become tax-defaulted and is subject to a nuisance abatement lien, that property may, with the approval of either the board of supervisors of the county in which it is located or that board's designee, be purchased pursuant to this chapter by a nonprofit organization, provided that:

SEC. 7. Section 3793.6 of the Revenue and Taxation Code is repealed.

SEC. 8. Section 3794.2 of the Revenue and Taxation Code is repealed.

SEC. 9. Section 3795 of the Revenue and Taxation Code is amended to read:

3795. The agreement shall be submitted to the Controller. If he or she does not approve the agreement, he or she shall return the agreement to each party with a statement of his or her objections to it, and thereafter a new or modified agreement may be made. If the Controller approves

the agreement, he or she shall sign the executed copy, return the signed agreement to the tax collector, and keep a copy on file in his or her office.

SEC. 10. Section 3795.5 of the Revenue and Taxation Code is amended to read:

(a) Requiring a certification of consistency with a consolidated plan approved by the Department of Housing and Community Development.

(b) Requiring compliance with a jurisdiction's consolidated plan or a community development plan.

(c) Articles of incorporation filed with the Secretary of State, stating that the organization is incorporated for the purposes specified in subdivision (b) of Section 3772.5.

SEC. 13. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 607

An act to amend Section 401.10 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to do both of the following:

(a) Eliminate the requirement that the rate of interest accruing on overpayments of sales and use tax be based on the rate of 13-week treasury bills issued by the federal government.

(b) Require, subject to certain modifications, that the rate of interest accruing on both overpayments and underpayments of sales and use tax be determined in accordance with the rate of interest determined under Section 6621(a) (2) of the Internal Revenue Code for underpayments of federal taxes.

SEC. 2. Section 401.10 of the Revenue and Taxation Code is amended to read:

401.10. (a) Notwithstanding any other provision of law relating to the determination of the values upon which property taxes are based, values for each tax year from the 1984–85 tax year to the 2010–11 tax year, inclusive, for intercounty pipeline rights-of-way on publicly or privately owned property, including those rights-of-way that are the subject of a change in ownership, new construction, or any other reappraisable event during the period from March 1, 1975, to June 30, 2011, inclusive, shall be rebuttably presumed to be at full cash value for that year, if all of the following conditions are met:

(1) (A) The full cash value is determined to equal a 1975–76 base year value, annually adjusted for inflation in accordance with subdivision (b) of Section 2 of Article XIII A of the California Constitution, and the 1975–76 base year value was determined in accordance with the following schedule:

(i) Twenty thousand dollars ($20,000) per mile for a high density property.

(ii) Twelve thousand dollars ($12,000) per mile for a transitional density property.

(iii) Nine thousand dollars ($9,000) per mile for a low density property.

(B) For purposes of this section, the density classifications described in subparagraph (A) are defined as follows:

(i) ''High density'' means Category 1 (densely urban) as established by the State Board of Equalization.

(ii) ''Transitional density'' means Category 2 (urban) as established by the State Board of Equalization.

(iii) ''Low density'' means Category 3 (valley-agricultural), Category 4 (grazing), and Category 5 (mountain and desert) as established by the State Board of Equalization.

(2) The full cash value is determined utilizing the same property density classifications that were assigned to the property by the State Board of Equalization for the 1984–85 tax year or, if density classifications were not so assigned to the property for the 1984–85 tax year, the density classifications that were first assigned to the property by the board for a subsequent tax year.

(3) (A) If a taxpayer owns multiple pipelines in the same right-of-way, an additional 50 percent of the value attributed to the

right-of-way for the presence of the first pipeline, as determined under paragraphs (1) and (2), shall be added for the presence of each additional pipeline up to a maximum of two additional pipelines. For any particular taxpayer, the total valuation for a multiple pipeline right-of-way shall not exceed 200 percent of the value determined for the right-of-way of the first pipeline in the right-of-way in accordance with paragraphs (1) and (2).

(B) If the State Board of Equalization has determined that an intercounty pipeline, located within a multiple pipeline right-of-way previously valued in accordance with subparagraph (A), has been abandoned as a result of physical removal or blockage, the assessed value of the right-of-way attributable to the last pipeline enrolled in accordance with subparagraph (A) shall be reduced by not less that 75 percent of that increase in assessed value that resulted from the application of subparagraph (A).

(4) If all pipelines of a taxpayer located within the same pipeline right-of-way, previously valued in accordance with this section, are determined by the State Board of Equalization to have been abandoned as the result of physical removal or blockage, the assessed value of that right-of-way to that taxpayer shall be determined to be no more than 25 percent of the assessed value otherwise determined for the right-of-way for a single pipeline of that taxpayer pursuant to paragraphs (1) and (2).

(b) If the assessor assigns values for any tax year from the 1984–85 tax year to the 2010–11 tax year, inclusive, in accordance with the methodology specified in subdivision (a), the taxpayer's right to assert any challenge to the right to assess that property, whether in an administrative or judicial proceeding, shall be deemed to have been raised and resolved for that tax year and the values determined in accordance with that methodology shall be rebuttably presumed to be correct. If the assessor assigns values for any tax year from the 1984–85 tax year to the 2010–11 tax year, inclusive, in accordance with the methodology specified in subdivision (a), any pending taxpayer lawsuit that challenges the right to assess the property shall be dismissed by the taxpayer with prejudice as it applies to intercounty pipeline rights-of-way.

(c) Notwithstanding any change in ownership, new construction, or decline in value occurring after March 1, 1975, if the assessor assigns values for rights-of-way for any tax year from the 1984–85 tax year to the 2010–11 tax year, inclusive, in accordance with the methodology specified in subdivision (a), the taxpayer may not challenge the right to assess that property and the values determined in accordance with that methodology shall be rebuttably presumed to be correct for that property for that tax year.

(d) Notwithstanding any change in ownership, new construction, or decline in value occurring after March 1, 1975, if the assessor does not assign values for rights-of-way for any tax year from the 1984–85 tax year to the 2010–11 tax year, inclusive, at the 1975–76 base year values specified in subdivision (a), any assessed value that is determined on the basis of valuation standards that differ, in whole or in part, from those valuation standards set forth in subdivision (a) shall not benefit from any presumption of correctness, and the taxpayer may challenge the right to assess that property or the values for that property for that tax year. As used herein, a challenge to the right to assess shall include any assessment appeal, claim for refund, or lawsuit asserting any right, remedy, or cause of action relating to or arising from, but not limited to, the following or similar contentions:

(1) That the value of the right-of-way is included in the value of the underlying fee or railroad right-of-way.

(2) That assessment of the value of the right-of-way to the owner of the pipeline would result in double assessment.

(3) That the value of the right-of-way may not be assessed to the owner of the pipeline separately from the assessment of the value of the underlying fee.

(e) Notwithstanding any other provision of law, during a four-year period commencing on the effective date of this section, the assessor may issue an escape assessment in accordance with the specific valuation standards set forth in subdivision (a) for the following taxpayers and tax years:

(1) Any intercounty pipeline right-of-way taxpayer who was a plaintiff in Southern Pacific Pipe Lines, Inc. v. State Board of Equalization (1993) 14 Cal. App. 4th 42, for the tax years 1984–85 to 1996–97, inclusive.

(2) Any intercounty pipeline right-of-way taxpayer who was not a plaintiff in Southern Pacific Pipe Lines, Inc. v. State Board of Equalization (1993) 14 Cal. App. 4th 42, for the tax years 1989–90 to 1996–97, inclusive.

(f) Any escape assessment levied under subdivision (e) shall not be subject to penalties or interest under the provisions of Section 532. If payment of any taxes due under this section is made within 45 days of demand by the tax collector for payment, the county shall not impose any late payment penalty or interest. Taxes not paid within 45 days of demand by the tax collector shall become delinquent at that time, and the delinquent penalty, redemption penalty, or other collection provisions of this code shall thereafter apply.

(g) For purposes of this section, ‘‘intercounty pipeline right-of-way’’ means, except as otherwise provided in this subdivision, any interest in publicly or privately owned real property through which or over which

an intercounty pipeline is placed. However, ''intercounty pipeline right-of-way'' does not include any parcel or facility that the State Board of Equalization originally separately assessed using a valuation method other than the multiplication of pipeline length within a subject property by a unit value determined in accordance with the density category of that subject property.

(h) This section shall remain in effect only until January 1, 2011, and, as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2011, deletes or extends that date.

CHAPTER 610

An act to amend Sections 33214, 33215, 33216, and 33353.2 of, and to add Section 33214.5 to, the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 33214 of the Health and Safety Code is amended to read:

33214. (a) Notwithstanding Section 33120, the territorial jurisdiction of an agency in the county shall include all of the unincorporated territory that was included in a project area selected pursuant to Section 33322 or 34004 even if that territory is subsequently

annexed to a city or included within the boundaries of a new city, unless territorial jurisdiction over the project area is transferred from a county to a city pursuant to Section 33215 , 33216, or 33217.

(b) Notwithstanding Section 33120, the territorial jurisdiction of an agency in a city shall include all of the territory within the limits of the city that was included in a project area selected pursuant to Section 33322 or 34004 even if that territory is subsequently annexed to another city or included within the boundaries of a new city, unless territorial jurisdiction over the project area is transferred to the other city pursuant to Section 33215 , 33216, or 33217.

SEC. 2. Section 33214.5 is added to the Health and Safety Code, to read:

33214.5. As used in Sections 33215 and 33216:

(a) ''Creating agency'' means the community redevelopment agency that created the project area that is to be transferred pursuant to Section 33215 or 33216.

(b) ''Receiving agency'' means the community redevelopment agency that will acquire jurisdiction over a project area pursuant to Section 33215 or 33216.

SEC. 3. Section 33215 of the Health and Safety Code is amended to read:

33215. (a) If all of the territory included within a project area, including any noncontiguous territory within the project area, selected pursuant to Section 33322 or 34004 is subsequently annexed to a city or included within the boundaries of a new city, the territorial jurisdiction of the creating agency over all of the territory in that project area may be transferred from the creating agency to a receiving agency pursuant to this section.

(b) The legislative body of the community of the receiving agency, in which the territory described in subdivision (a) is located, may unilaterally transfer the territorial jurisdiction described in subdivision (a) if that legislative body agrees to reimburse the community of the creating agency for all costs incurred by the community of the creating agency in conducting the transfer and adopts, or has adopted, both of the following ordinances:

(1) An ordinance pursuant to Section 33101 declaring the need for an agency to function in the city.

(2) An ordinance adopting the same redevelopment plan for the project area that was previously adopted by the legislative body of the creating agency or an ordinance adopting that redevelopment plan, with amendments. However, no amendment to a redevelopment plan may be adopted if the amendment would violate any agreement entered into by the creating agency or its legislative body, as determined by that

legislative body, prior to the effective date of the transfer of territorial jurisdiction, as determined pursuant to subdivision (c).

(c) The effective date of the transfer of territorial jurisdiction is the first day of the fiscal year that begins following the effective date of the later enacted of the ordinances adopted pursuant to subdivision (b).

(d) The transfer of territorial jurisdiction shall have all of the following effects on and after the effective date of the transfer of territorial jurisdiction, as determined pursuant to subdivision (c):

(1) The receiving agency and its legislative body shall have all of the rights, powers, and responsibilities provided by this part with respect to the project area and the redevelopment plan for that project area.

(2) The debts and any other obligations of the creating agency or its legislative body in connection with the project area or the redevelopment plan for that project area shall be assumed by the receiving agency.

(3) For the purposes of this part, including Section 33670, the redevelopment plan for the project area for which territorial jurisdiction is transferred from the creating agency to the receiving agency pursuant to this section shall be considered to have been adopted by the legislative body of the receiving agency on the date the redevelopment plan was originally adopted by the legislative body of the creating agency.

(e) The creating agency, the receiving agency, and their respective legislative bodies may enter into any agreements which those entities mutually determine to be necessary or desirable to facilitate the transfer of territorial jurisdiction provided for by this section.

SEC. 4. Section 33216 of the Health and Safety Code is amended to read:

33216. (a) If all, or a substantial portion, of the territory included within a project area selected pursuant to Section 33322 or 34004 is subsequently annexed to a city or included within the boundaries of a new city, the territorial jurisdiction of the creating agency over all, or a substantial portion, of the territory in that project area may be transferred from the creating agency to the receiving agency pursuant to this section. If all, or a substantial portion, of the noncontiguous territory of a project area of a creating agency is subsequently annexed to a city or included within the boundaries of a new city, the jurisdiction of the creating agency over all, or a substantial portion, of the noncontiguous territory may be transferred to the receiving agency pursuant to this section.

(b) The transfer of territorial jurisdiction described in subdivision (a) is not effective unless all of the following occur:

(1) The creating agency and the receiving agency enter into the agreement described in subdivision (c), and their respective legislative bodies both adopt a resolution approving that agreement.

(2) The legislative body of the receiving agency adopts, or has adopted, both of the following ordinances:

(A) An ordinance pursuant to Section 33101 declaring the need for an agency to function in the city.

(B) An ordinance adopting the same redevelopment plan for the project area that was previously adopted by the legislative body of the creating agency.

(c) The agreement required to be entered into between the creating agency and the receiving agency pursuant to paragraph (1) of subdivision (b) shall contain all of the provisions described in paragraphs (1), (2), (3), and (4), and may contain the provisions described in paragraphs (5) and (6):

(1) A provision specifying that all of the territory included within the project area is transferred from the creating agency to the receiving agency, or a provision specifying the portions of the project area over which each agency will have territorial jurisdiction.

(2) (A) If all of the territory included within the project area is transferred from the creating agency to the receiving agency, a provision for the allocation of all of the taxes payable from the project area pursuant to subdivision (b) of Section 33670 to the receiving agency.

(B) If a substantial portion of the territory included within the project area is transferred from the creating agency to the receiving agency, a provision for the allocation of taxes payable from the project area pursuant to subdivision (b) of Section 33670 between the receiving agency and the creating agency. That allocation of taxes shall be reasonably related to the costs that the community of the creating agency and the community of the receiving agency expect to incur in carrying out the redevelopment plan and the outstanding indebtedness that the creating agency has incurred in carrying out the redevelopment plan. That indebtedness shall include repayment of expenditures to, or on behalf of, the redevelopment project area from other resources or borrowing of the creating agency. That allocation of taxes may differ from the allocation that would have been made if the portion of the project area under the territorial jurisdiction of the creating agency and the portion of the project area under the territorial jurisdiction of the receiving agency had been separate project areas at the time of adoption of the redevelopment plan by the legislative body of the creating agency.

(3) A requirement that all taxes payable from the project area pursuant to subdivision (b) of Section 33670 that are allocated to the receiving agency, as required by subparagraph (B) of paragraph (2), shall be available if necessary to pay any indebtedness incurred by the creating agency prior to the effective date of the transfer of jurisdiction in connection with the project area and the redevelopment plan if that indebtedness was secured by the taxes payable from the project area pursuant to subdivision (b) of Section 33670.

(4) If a substantial portion of the territory included within the project area is transferred from the creating agency to the receiving agency, a requirement that any amendment to the redevelopment plan for that portion of the territory of the project area under the jurisdiction of the creating agency shall, in addition to any other requirements under this part, be approved by an ordinance adopted by the legislative body of the receiving agency, and that any amendment to the redevelopment plan for that portion of the territory of the project area under the jurisdiction of the receiving agency shall, in addition to any other requirements under this part, be approved by an ordinance adopted by the legislative body of the creating agency.

(5) If a substantial portion of the territory included within the project area is transferred from the creating agency to the receiving agency, a provision permitting the creating agency to undertake activities to implement the redevelopment plan in portions of the project area under the territorial jurisdiction of the receiving agency or for the receiving agency to undertake activities to implement the redevelopment plan in portions of the project area under the territorial jurisdiction of the creating agency.

(6) Any other terms and conditions that the creating agency, the receiving agency, or their respective legislative bodies mutually determine to be necessary or desirable to facilitate the transfer of territorial jurisdiction over all, or a substantial portion, of the project area and the implementation of the redevelopment plan.

(d) The effective date of the transfer of territorial jurisdiction is the first day of the fiscal year that begins following the effective date of the resolution adopted pursuant to paragraph (1) of subdivision (b), or the effective date of the later enacted of the ordinances adopted pursuant to paragraph (2) of subdivision (b), whichever date is later.

(e) On and after the effective date of the transfer of territorial jurisdiction:

(1) Except as otherwise provided by the agreement entered into pursuant to paragraph (1) of subdivision (b), the receiving agency and its legislative body shall have all of the rights, powers, and responsibilities provided by this part with respect to all, or the portion, of the project area for which the territorial jurisdiction has been transferred to the receiving agency and with respect to all, or the portion, of the redevelopment plan for all, or that portion, of the project area.

(2) The debts and any other obligations of the creating agency or its legislative body in connection with the project area, or a substantial portion of the project area transferred to the receiving agency, as the case may be, or the redevelopment plan for that project area, or portion of the project area, shall be assumed by the receiving agency.

(3) For the purposes of this part, including Section 33670, the redevelopment plan for all, or a substantial portion, of the project area for which territorial jurisdiction is transferred from the creating agency to the receiving agency pursuant to this section shall be considered to have been adopted by the legislative body of the receiving agency on the date the redevelopment plan was originally adopted by the legislative body of the creating agency.

SEC. 5. Section 33353.2 of the Health and Safety Code is amended to read:

33353.2. ''Affected taxing entity'' means any governmental taxing agency that levies a property tax on all or any portion of the property located in the adopted project area in the fiscal year prior to the fiscal year in which the report prepared pursuant to Section 33328 is issued or in any fiscal year after the date the redevelopment plan is adopted. To the extent that a new governmental taxing agency wholly or partially replaces the geographic jurisdiction of a preexisting governmental taxing agency, the new taxing agency shall be an ''affected taxing entity'' and the preexisting taxing agency shall no longer be an ''affected taxing entity.'

SEC. 6. The Legislature hereby finds and declares that the amendment of subdivision (b) of Section 33215 of the Health and Safety Code made by this act that changes the phrase ''initiate the transfer of'' to ''unilaterally transfer the'' does not constitute a change in, but is declaratory of, existing law.

(2) Notwithstanding paragraph (1), the amount of the reduction specified in that paragraph for any county or city and county that has been materially and substantially impacted as a result of a federally declared disaster, as evidenced by at least 20 percent of the cities, or cities and unincorporated areas of the county representing 20 percent of the population within the county suffering substantial damage, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of five million dollars ($5,000,000) determined for that county or city and county pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each county and city and county in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each county and city and county as described in subparagraph (A) its share of five million dollars ($5,000,000) on the basis of that county's population relative to the total population of all counties described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(b) (1) Except as provided in paragraph (2), the amount of property tax revenue deemed allocated in the prior fiscal year to each city, except for a newly incorporated city that did not receive property tax revenues in the 1991–92 fiscal year, shall be reduced by 9 percent. In making the above computation with respect to cities in Alameda County, the computation for a city described in paragraph (6) of subdivision (a) of Section 100.7, as added by Section 73.5 of Chapter 323 of the Statutes of 1983, shall be adjusted so that the amount multiplied by 9 percent is reduced by the amount determined for that city for ''museums'' pursuant to paragraph (2) of subdivision (h) of Section 95.

(2) Notwithstanding paragraph (1), the amount of the reduction determined pursuant to that paragraph for any city that has been materially and substantially impacted as a result of a federally declared disaster, as certified by the Director of the Office of Emergency Services, occurring between October 1, 1989, and the effective date of this section, shall be reduced by that portion of fifteen million dollars ($15,000,000) determined for that city pursuant to subparagraph (B) of paragraph (3).

(3) On or before October 1, 1992, the Director of Finance shall do all of the following:

(A) Determine the population of each city in which a federally declared disaster has occurred between October 1, 1989, and the effective date of this section.

(B) Determine for each city as described in subparagraph (A) its share of fifteen million dollars ($15,000,000) on the basis of that city's population relative to the total population of all cities described in subparagraph (A).

(C) Notify each auditor of each county and city and county of the amounts determined pursuant to subparagraph (B).

(4) In the 1992–93 fiscal year and each fiscal year thereafter, the auditor shall adjust the computations required pursuant to Article 4 (commencing with Section 98) so that those computations do not result in the restoration of any reduction required pursuant to this section.

(c) (1) Subject to paragraph (2), the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose governing board has the same membership as a city council, shall be reduced by 35 percent. For purposes of this subdivision,

''revenues that are pledged to debt service'' include only those amounts required to pay debt service costs in the 1991–92 fiscal year on debt instruments issued by a special district for the acquisition of capital assets.

(2) No reduction pursuant to paragraph (1) for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the 1989–90 edition of the State Controller's Report on Financial Transactions Concerning Special Districts (not including any annual revenues from fiscal years following the 1989–90 fiscal year). With respect to any special district, as defined pursuant to subdivision (m) of Section 95, that is allocated property tax revenue pursuant to this chapter but does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, the auditor shall determine the total annual revenues for that special district from the information in the 1989–90 edition of the State Controller's Report on Financial Transactions Concerning Counties. With respect to a special district that did not exist in the 1989–90 fiscal year, the auditor may use information from the first full fiscal year, as appropriate, to determine the total annual revenues for that special district. No reduction pursuant to paragraph (1) for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(3) The auditor in each county shall, on or before January 15, 1993, and on or before January 30 of each year thereafter, submit information to the Controller concerning the amount of the property tax revenue reduction to each special district within that county as a result of paragraphs (1) and (2). The Controller shall certify that the calculation of the property tax revenue reduction to each special district within that county is accurate and correct, and submit this information to the Director of Finance.

(A) The Director of Finance shall determine whether the total of the amounts of the property tax revenue reductions to special districts, as certified by the Controller, is equal to the amount that would be required to be allocated to school districts and community college districts as a result of a three hundred seventy-five million dollar ($375,000,000) shift of property tax revenues from special districts for the 1992–93 fiscal year. If, for any year, the total of the amount of the property tax revenue reductions to special districts is less than the amount as described in the preceding sentence, the amount of property tax revenue, other than those revenues that are pledged to debt service, deemed allocated in the prior fiscal year to a special district, other than a multicounty district, a local hospital district, or a district governed by a city council or whose

governing board has the same membership as a city council, shall, subject to subparagraph (B), be reduced by an amount up to 5 percent of the amount subject to reduction for that district pursuant to paragraphs (1) and (2).

(B) No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any special district, other than a countywide water agency that does not sell water at retail, shall exceed an amount equal to 10 percent of that district's total annual revenues, from whatever source, as shown in the most recent State Controller's Report on Financial Transactions Concerning Special Districts. No reduction pursuant to subparagraph (A), in conjunction with a reduction pursuant to paragraphs (1) and (2), for any countywide water agency that does not sell water at retail shall exceed an amount equal to 10 percent of that portion of that agency's general fund derived from property tax revenues.

(C) In no event shall the amount of the property tax revenue loss to a special district derived pursuant to subparagraphs (A) and (B) exceed 40 percent of that district's property tax revenues or 10 percent of that district's total revenues, from whatever source.

(4) For the purpose of determining the total annual revenues of a special district that provides fire protection or fire suppression services, all of the following shall be excluded from the determination of total annual revenues:

(A) If the district had less than two million dollars ($2,000,000) in total annual revenues in the 1991–92 fiscal year, the revenue generated by a fire suppression assessment levied pursuant to Article 3.6 (commencing with Section 50078) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(B) The total amount of all funds, regardless of the source, that are appropriated to a district, including a fire department, by a board of supervisors pursuant to Section 25642 of the Government Code or Chapter 7 (commencing with Section 13890) of Part 2.7 of Division 12 of the Health and Safety Code for fire protection. The amendment of this subparagraph by Chapter 290 of the Statutes of 1997 shall not be construed to affect any exclusion from the total annual revenues of a special district that was authorized by this subparagraph as it read prior to that amendment.

(C) The revenue received by a district as a result of contracts entered into pursuant to Section 4133 of the Public Resources Code.

(5) For the purpose of determining the total annual revenues of a resource conservation district, all of the following shall be excluded from the determination of total annual revenues:

(A) Any revenues received by that district from the state for financing the acquisition of land, or the construction or improvement of state

projects, and for which that district serves as the fiscal agent in administering those state funds pursuant to an agreement entered into between that district and a state agency.

(B) Any amount received by that district as a private gift or donation.

(C) Any amount received as a county grant or contract as supplemental to, or independent of, that district's property tax share.

(D) Any amount received by that district as a federal or state grant.

(d) (1) The amount of property tax revenues not allocated to the county, cities within the county, and special districts as a result of the reductions calculated pursuant to subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund to be established in each county. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1991–92 fiscal year.

(2) The auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district and county office of education in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district and county office of education. In no event shall any additional money be allocated from the fund to a school district or county office of education upon that school district or county office of education becoming an excess tax school entity.

(3) The auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate the proportion of the Educational Revenue Augmentation Fund to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the fund to a community college district upon that district becoming an excess tax school entity.

(4) (A) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to

paragraph (3). If, after making the allocation pursuant to paragraph (3), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2).

(B) (i) For the 1995–96 fiscal year and each fiscal year thereafter, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall, subject to clauses (ii) and (iii), allocate those excess funds to the county superintendent of schools. Funds allocated pursuant to this clause shall be counted as property tax revenues for special education programs in augmentation of the amount calculated pursuant to Section 2572 of the Education Code, to the extent that those property tax revenues offset state aid for county offices of education and school districts within the county pursuant to subdivision (c) of Section 56836.08 of the Education Code. If, for the 2000–01 fiscal year or any fiscal year thereafter, any additional revenues remain after the implementation of this clause, the auditor shall allocate those remaining revenues among the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year.

(ii) For the 1995–96 fiscal year only, clause (i) shall have no application to the County of Mono and the amount allocated pursuant to clause (i) in the County of Marin shall not exceed five million dollars ($5,000,000).

(iii) For the 1996–97 fiscal year only, the total amount of funds allocated by the auditor pursuant to clause (i) and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3 shall not exceed that portion of two million five hundred thousand dollars ($2,500,000) that corresponds to the county's proportionate share of all moneys allocated pursuant to clause (i) and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.3 for the 1995–96 fiscal year. Upon the request of the auditor, the Department of Finance shall provide to the auditor all information in the department's possession that is necessary for the auditor to comply with this clause.

(iv) Notwithstanding clause (i) of this subparagraph, for the 1999–2000 fiscal year only, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate the funds to the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. The amount allocated pursuant to this clause shall not exceed eight million two hundred

thirty-nine thousand dollars ($8,239,000), as appropriated in Item 6110-250-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50, Statutes of 1999). This clause shall be operative for the 1999–2000 fiscal year only to the extent that moneys are appropriated for purposes of this clause in the Budget Act of 1999 by an appropriation that specifically references this clause.

(C) For purposes of allocating the Educational Revenue Augmentation Fund for the 1996–97 fiscal year, the auditor shall, after making the allocations for special education programs, if any, required by subparagraph (B), allocate all remaining funds among the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. For purposes of ad valorem property tax revenue allocations for the 1997–98 fiscal year and each fiscal year thereafter, no amount of ad valorem property tax revenue allocated to the county, a city, or a special district pursuant to this subparagraph shall be deemed to be an amount of ad valorem property tax revenue allocated to that local agency in the prior fiscal year.

(5) For purposes of allocations made pursuant to Section 96.1 or its predecessor section for the 1993–94 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than amounts deposited in the Educational Revenue Augmentation Fund pursuant to Section 33681 of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(e) (1) For the 1997–98 fiscal year:

(A) The amount of property tax revenue deemed allocated in the prior fiscal year to any city subject to the reduction specified in paragraph (2) of subdivision (b) shall be reduced by an amount that is equal to the difference between the amount determined for the city pursuant to paragraph (1) of subdivision (b) and the amount of the reduction determined for the city pursuant to paragraph (2) of subdivision (b).

(B) The amount of property tax revenue deemed allocated in the prior fiscal year to any county or city and county subject to the reduction specified in paragraph (2) of subdivision (a) shall be reduced by an amount that is equal to the difference between the amount specified for the county or city and county pursuant to paragraph (1) of subdivision (a) and the amount of the reduction determined for the county or city and county pursuant to paragraph (2) of subdivision (a).

(2) The amount of property tax revenues not allocated to a city or city and county as a result of this subdivision shall be deposited in the Educational Revenue Augmentation Fund described in subparagraph (A) of paragraph (1) of subdivision (d).

(3) For purposes of allocations made pursuant to Section 96.1 for the 1998–99 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision shall be deemed property tax revenues allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

(f) It is the intent of the Legislature in enacting this section that this section supersede and be operative in place of Section 97.03 of the Revenue and Taxation Code, as added by Senate Bill 617 of the 1991–92 Regular Session.

SEC. 2. Section 97.3 of the Revenue and Taxation Code is amended to read:

97.3. Notwithstanding any other provision of this chapter, the computations and allocations made by each county pursuant to Section 96.1 or its predecessor section, as modified by Section 97.2 or its predecessor section for the 1992–93 fiscal year, shall be modified for the 1993–94 fiscal year pursuant to subdivisions (a) to (c), inclusive, as follows:

(a) The amount of property tax revenue deemed allocated in the prior fiscal year to each county and city and county shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions for counties and cities and counties determined pursuant to this section shall be one billion nine hundred ninety-eight million dollars ($1,998,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of the reduction for each county or city and county as follows:

(A) The proportionate share of the property tax revenue reduction for each county or city and county that would have been imposed on all counties under the proposal specified in the ''May Revision of the 1993–94 Governor's Budget'' shall be determined by reference to the document entitled ''Estimated County Property Tax Transfers Under Governor's May Revision Proposal,'' published by the Legislative Analyst's Office on June 1, 1993.

(B) Each county's or city and county's proportionate share of total taxable sales in all counties in the 1991–92 fiscal year shall be determined.

(C) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to subparagraph (A) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(D) An amount for each county and city and county shall be determined by applying its proportionate share determined pursuant to

subparagraph (B) to the one billion nine hundred ninety-eight million dollar ($1,998,000,000) statewide reduction for counties and cities and counties.

(E) The Director of Finance shall add the amounts determined pursuant to subparagraphs (C) and (D) for each county and city and county, and divide the resulting figure by two. The amount so determined for each county and city and county shall be divided by a factor of 1.038. The resulting figure shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior fiscal year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee its determination of the amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify the auditor of each county and city and county of the amount of property tax revenue reduction determined for each county and city and county.

(5) Notwithstanding any other provision of this subdivision, the amount of the reduction specified in paragraph (2) for any county or city and county that has first implemented, for the 1993–94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 3 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993–94 fiscal year only, in the amount of any increased revenue allocated to each qualifying school entity that would not have been allocated for the 1993–94 fiscal year but for the implementation of that alternative procedure. For purposes of this paragraph, "qualifying school entity'' means any school district, county office of education, or community college district that is not an excess tax school entity as defined in Section 95.1, and a county's Educational Revenue Augmentation Fund as described in subdivision (d) of this section and subdivision (d) of Section 97.2. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county or city and county shall not exceed the reduction calculated for that county or city and county pursuant to paragraph (2).

(6) Notwithstanding the provisions of paragraph (5), the amount of the reduction specified in paragraph (2) for a county of the 16th class that has first implemented, for the 1993–94 fiscal year, the alternative procedure for the distribution of property tax levies authorized by Chapter 2 (commencing with Section 4701) of Part 8 shall be reduced, for the 1993–94 fiscal year only, in the amount of any increased revenue distributed to each qualifying school entity that would not have been distributed for the 1993–94 fiscal year, pursuant to the historical accounting method of that county of the 16th class, but for the implementation of that alternative procedure. For purposes of this

paragraph, "qualifying school entity'' means any school district, county office of education, or community college district that is not an excess tax school entity as defined in Section 95.1, and a county's Educational Revenue Augmentation Fund as described in subdivision (a) of this section and subdivision (d) of Section 97.2. Notwithstanding any other provision of this paragraph, the amount of any reduction calculated pursuant to this paragraph for any county shall not exceed the reduction calculated for that county pursuant to paragraph (2).

(b) The amount of property tax revenue deemed allocated in the prior fiscal year to each city shall be reduced by an amount to be determined by the Director of Finance in accordance with the following:

(1) The total amount of the property tax reductions determined for cities pursuant to this section shall be two hundred eighty-eight million dollars ($288,000,000) in the 1993–94 fiscal year.

(2) The Director of Finance shall determine the amount of reduction for each city as follows:

(A) The amount of property tax revenue that is estimated to be attributable in the 1993–94 fiscal year to the amount of each city's state assistance payment received by that city pursuant to Chapter 282 of the Statutes of 1979 shall be determined.

(B) A factor for each city equal to the amount determined pursuant to subparagraph (A) for that city, divided by the total of the amounts determined pursuant to subparagraph (A) for all cities, shall be determined.

(C) An amount for each city equal to the factor determined pursuant to subparagraph (B), multiplied by three hundred eighty-two million five hundred thousand dollars ($382,500,000), shall be determined.

(D) In no event shall the amount for any city determined pursuant to subparagraph (C) exceed a per capita amount of nineteen dollars and thirty-one cents ($19.31), as determined in accordance with that city's population on January 1, 1993, as estimated by the Department of Finance.

(E) The amount determined for each city pursuant to subparagraphs (C) and (D) shall be the amount of property tax revenue to be subtracted from the amount of property tax revenue deemed allocated in the prior year.

(3) The Director of Finance shall, by July 15, 1993, report to the Joint Legislative Budget Committee those amounts determined pursuant to paragraph (2).

(4) On or before August 15, 1993, the Director of Finance shall notify each county auditor of the amount of property tax revenue reduction determined for each city located within that county.

(c) (1) The amount of property tax revenue deemed allocated in the prior fiscal year to each special district, as defined pursuant to

subdivision (m) of Section 95, shall be reduced by the amount determined for the district pursuant to paragraph (3) and increased by the amount determined for the district pursuant to paragraph (4). The total net amount of these changes is intended to equal two hundred forty-four million dollars ($244,000,000) in the 1993–94 fiscal year.

(2) (A) Notwithstanding any other provision of this subdivision, no reduction shall be made pursuant to this subdivision with respect to any of the following special districts:

(i) A local hospital district as described in Division 23 (commencing with Section 32000) of the Health and Safety Code.

(ii) A water agency that does not sell water at retail, but not including an agency the primary function of which, as determined on the basis of total revenues, is flood control.

(iii) A transit district.

(iv) A police protection district formed pursuant to Part 1 (commencing with Section 20000) of Division 14 of the Health and Safety Code.

(v) A special district that was a multicounty special district as of July 1, 1979.

(B) Notwithstanding any other provision of this subdivision, the first one hundred four thousand dollars ($104,000) of the amount of any reduction that otherwise would be made under this subdivision with respect to a qualifying community services district shall be excluded. For purposes of this subparagraph, a ''qualifying community services district'' means a community services district that meets all of the following requirements:

(i) Was formed pursuant to Division 3 (commencing with Section 61000) of Title 6 of the Government Code.

(ii) Succeeded to the duties and properties of a police protection district upon the dissolution of that district.

(iii) Currently provides police protection services to substantially the same territory as did that district.

(iv) Is located within a county in which the board of supervisors has requested the Department of Finance that this subparagraph be operative in the county.

(3) (A) On or before September 15, 1993, the county auditor shall determine an amount for each special district equal to the amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993–94 fiscal year multiplied by the ratio determined pursuant to paragraph (1) of subdivision (a) of former Section 98.6 as that section read on June 15, 1993. In those counties that were subject to former Sections 98.66, 98.67, and 98.68, as those sections read on that same date, the county auditor shall determine an amount for each special district that represents the current

amount of its allocation determined pursuant to Section 96 or 96.1, and Section 96.5 or their predecessor sections for the 1993–94 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In that county subject to Section 100.4, the county auditor shall determine an amount for each special district that represents the current amount of its allocations determined pursuant to Section 96, 96.1, 96.5, or 100.4 or their predecessor sections for the 1993–94 fiscal year that is attributable to the property tax shift from schools required by Chapter 282 of the Statutes of 1979. In determining these amounts, the county auditor shall adjust for the influence of increased assessed valuation within each district, including the effect of jurisdictional changes, and the reductions in property tax allocations required in the 1992–93 fiscal year by Chapters 699 and 1369 of the Statutes of 1992. In the case of a special district that has been consolidated or reorganized, the auditor shall determine the amount of its current property tax allocation that is attributable to the prior district's or districts' receipt of state assistance payments pursuant to Chapter 282 of the Statutes of 1979. Notwithstanding any other provision of this paragraph, for a special district that is governed by a city council or whose governing board has the same membership as a city council and that is a subsidiary district as defined in subdivision (e) of Section 16271 of the Government Code, the county auditor shall multiply the amount that otherwise would be calculated pursuant to this paragraph by 0.38 and the result shall be used in the calculations required by paragraph (5). In no event shall the amount determined by this paragraph be less than zero.

(B) Notwithstanding subparagraph (A), commencing with the 1994–95 fiscal year, in the County of Sacramento, the auditor shall determine the amount for each special district that represents the current amount of its allocations determined pursuant to Section 96, 96.1, 96.5, or 100.6 for the 1994–95 fiscal year that is attributed to the property tax shift from schools required by Chapter 282 of the Statutes of 1979.

(4) (A) (i) On or before September 15, 1993, the county auditor shall determine an amount for each special district that is engaged in fire protection activities, as reported to the Controller for inclusion in the 1989–90 Edition of the Financial Transactions Report Concerning Special Districts under the heading of ''Fire Protection,'' that is equal to the amount of revenue allocated to that special district from the Special District Augmentation Fund for fire protection activities in the 1992–93 fiscal year. For purposes of the preceding sentence for counties of the second class, the phrase ''amount of revenue allocated to that special district'' means an amount of revenue that was identified for transfer to that special district, rather than the amount of revenue that was actually received by that special district pursuant to that transfer.

(ii) In the case of a special district, other than a special district governed by the county board of supervisors or whose governing body is the same as the county board of supervisors, that is engaged in fire protection activities as reported to the Controller, the county auditor shall also determine the amount by which the district's amount determined pursuant to paragraph (3) exceeds the amount by which its allocation was reduced by operation of former Section 98.6 in the 1992–93 fiscal year. This amount shall be added to the amount otherwise determined for the district under this paragraph. In any county subject to former Section 98.65, 98.66, 98.67, or 98.68 in that same fiscal year, the county auditor shall determine for each special district that is engaged in fire protection activities an amount that is equal to the amount determined for that district pursuant to paragraph (3).

(B) For purposes of this paragraph, a special district includes any special district that is allocated property tax revenue pursuant to this chapter and does not appear in the State Controller's Report on Financial Transactions Concerning Special Districts, but is engaged in fire protection activities and appears in the State Controller's Report on Financial Transactions Concerning Counties.

(5) The total amount of property taxes allocated to special districts by the county auditor as a result of paragraph (4) shall be subtracted from the amount of property tax revenues not allocated to special districts by the county auditor as a result of paragraph (3) to determine the amount to be deposited in the Education Revenue Augmentation Fund as specified in subdivision (d).

(6) On or before September 30, 1993, the county auditor shall notify the Director of Finance of the net amount determined for special districts pursuant to paragraph (5).

(d) (1) The amount of property tax revenues not allocated to the county, city and county, cities within the county, and special districts as a result of the reductions required by subdivisions (a), (b), and (c) shall instead be deposited in the Educational Revenue Augmentation Fund established in each county or city and county pursuant to Section 97.2. The amount of revenue in the Educational Revenue Augmentation Fund, derived from whatever source, shall be allocated pursuant to paragraphs (2) and (3) to school districts and county offices of education, in total, and to community college districts, in total, in the same proportion that property tax revenues were distributed to school districts and county offices of education, in total, and community college districts, in total, during the 1992–93 fiscal year.

(2) The county auditor shall, based on information provided by the county superintendent of schools pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to school districts and county offices

of education only to those school districts and county offices of education within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The county superintendent of schools shall determine the amount to be allocated to each school district in inverse proportion to the amounts of property tax revenue per average daily attendance in each school district. For each county office of education, the allocation shall be made based on the historical split of base property tax revenue between the county office of education and school districts within the county. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a school district or county office of education upon that district or county office of education becoming an excess tax school entity. If, after determining the amount to be allocated to each school district and county office of education, the county superintendent of schools determines there are still additional funds to be allocated, the county superintendent of schools shall determine the remainder to be allocated in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per average daily attendance in each remaining school district, and on the basis of the historical split described above for each county office of education, that is not an excess tax school entity until all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated. The county superintendent of schools may determine the amounts to be allocated between each school district and county office of education to ensure that all funds that would not result in a school district or county office of education becoming an excess tax school entity are allocated.

(3) The county auditor shall, based on information provided by the Chancellor of the California Community Colleges pursuant to this paragraph, allocate that proportion of the revenue in the Educational Revenue Augmentation Fund to be allocated to community college districts only to those community college districts within the county that are not excess tax school entities, as defined in subdivision (n) of Section 95. The chancellor shall determine the amount to be allocated to each community college district in inverse proportion to the amounts of property tax revenue per funded full-time equivalent student in each community college district. In no event shall any additional money be allocated from the Educational Revenue Augmentation Fund to a community college district upon that district becoming an excess tax school entity.

(4) (A) If, after making the allocation required pursuant to paragraph (2), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (3). If, after making the allocation pursuant to paragraph (3),

the auditor determines that there are still additional funds to be allocated, the auditor shall allocate those excess funds pursuant to paragraph (2). If, after determining the amount to be allocated to each community college district, the Chancellor of the California Community Colleges determines that there are still additional funds to be allocated, the Chancellor of the California Community Colleges shall determine the remainder to be allocated to each community college district in inverse proportion to the amounts of property tax revenue, excluding Educational Revenue Augmentation Fund moneys, per funded full-time equivalent student in each remaining community college district that is not an excess tax school entity until all funds that would not result in a community college district becoming an excess tax school entity are allocated.

(B) (i) For the 1995–96 fiscal year and each fiscal year thereafter, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall, subject to clauses (ii) and (iii), allocate those excess funds to the county superintendent of schools. Funds allocated pursuant to this clause shall be counted as property tax revenues for special education programs in augmentation of the amount calculated pursuant to Section 2572 of the Education Code, to the extent that those property tax revenues offset state aid for county offices of education and school districts within the county pursuant to subdivision (c) of Section 56836.08 of the Education Code. If, for the 2000–01 fiscal year or any fiscal year thereafter, any additional revenues remain after the implementation of this clause, the auditor shall allocate those remaining revenues to the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year.

(ii) For the 1995–96 fiscal year only, clause (i) shall have no application to the County of Mono and the amount allocated pursuant to clause (i) in the County of Marin shall not exceed five million dollars ($5,000,000).

(iii) For the 1996–97 fiscal year only, the total amount of funds allocated by the auditor pursuant to clause (i) and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.2 shall not exceed that portion of two million five hundred thousand dollars ($2,500,000) that corresponds to the county's proportionate share of all moneys allocated pursuant to clause (i) and clause (i) of subparagraph (B) of paragraph (4) of subdivision (d) of Section 97.2 for the 1995–96 fiscal year. Upon the request of the auditor, the Department of Finance shall provide to the auditor all information in the

department's possession that is necessary for the auditor to comply with this clause.

(iv) Notwithstanding clause (i) of this subparagraph, for the 1999–2000 fiscal year only, if, after making the allocations pursuant to paragraphs (2) and (3) and subparagraph (A), the auditor determines that there are still additional funds to be allocated, the auditor shall allocate the funds to the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. The amount allocated pursuant to this clause shall not exceed eight million two hundred thirty-nine thousand dollars ($8,239,000), as appropriated in Item 6110-250-0001 of Section 2.00 of the Budget Act of 1999 (Chapter 50, Statutes of 1999).

(C) For purposes of allocating the Educational Revenue Augmentation Fund for the 1996–97 fiscal year, the auditor shall, after making the allocations for special education programs, if any, required by subparagraph (B), allocate all remaining funds among the county, cities, and special districts in proportion to the amounts of ad valorem property tax revenue otherwise required to be shifted from those local agencies to the county's Educational Revenue Augmentation Fund for the relevant fiscal year. For purposes of ad valorem property tax revenue allocations for the 1997–98 fiscal year and each fiscal year thereafter, no amount of ad valorem property tax revenue allocated to the county, a city, or a special district pursuant to this subparagraph shall be deemed to be an amount of ad valorem property tax revenue allocated to that local agency in the prior fiscal year.

(5) For purposes of allocations made pursuant to Section 96.1 for the 1994–95 fiscal year, the amounts allocated from the Educational Revenue Augmentation Fund pursuant to this subdivision, other than those amounts deposited in the Educational Revenue Augmentation Fund pursuant to any provision of the Health and Safety Code, shall be deemed property tax revenue allocated to the Educational Revenue Augmentation Fund in the prior fiscal year.

SEC. 3. Section 100.4 is added to the Revenue and Taxation Code, to read:

100.4. Notwithstanding any other provision of law, the allocations and apportionments made in a County of the Eighteenth Class of revenues generated by Sections 75 to 75.80, inclusive, for fiscal years to the 1999–2000 fiscal year, inclusive, are deemed to be correct.

SEC. 4. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the specific good faith reliance of tax officials in the County

of Marin upon previous administrative interpretations and accepted practices that have subsequently been reexamined and modified.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

CHAPTER 612

An act to amend Section 14254.5 of, to add Chapter 10 (commencing with Section 16000) and Chapter 11 (commencing with Section 16500) to Division 5 of, and to repeal Section 14157 of, the Financial Code, relating to credit unions.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

(b) A credit union shall not establish a branch office in another state of the United States without the approval of the governmental authority with jurisdiction to license or charter credit unions in that state. ''State'' has the meaning set forth in Section 146.7.

(c) A credit union shall not establish a branch office in a foreign nation without the prior written approval of the commissioner. ''Foreign nation'' has the meaning set forth in Section 139.3.

16004. No foreign (other state) credit union may establish a California branch office or California facility unless its deposit or share accounts are insured by the National Credit Union Administration or other insurer that is not unsatisfactory to the commissioner.

16005. Each application filed with the commissioner under this chapter or under any regulation or order issued under this chapter shall be in the form, shall contain the information, shall be signed in the manner, and shall (if the commissioner requires by regulation or order) be verified in the manner that the commissioner may by regulation or order require.

16006. Fees shall be paid to and collected by the commissioner as follows:

(a) The fee for an application by a foreign (other state) credit union that is not licensed to transact business in this state for approval to establish a branch office is one thousand dollars ($1,000).

However, the maximum fee shall be not more than one thousand dollars ($1,000).

(e) If the commissioner makes an examination in connection with a pending application, the foreign (other state) credit union making the application shall pay a fee for the examination at the rate of seventy-five dollars ($75) per hour for each examiner engaged in the examination plus, if in the opinion of the commissioner it is necessary for any examiner engaged in the examination to travel outside this state, the travel expenses of the examiner.

(b) Any foreign (other state) credit union that maintains a California branch office or California facility that has not filed with the commissioner an appointment pursuant to subdivision (a) is deemed by the maintenance of the branch office or facility to have appointed the commissioner as its attorney to receive service of any lawful process in any noncriminal judicial or administrative proceeding against the foreign (other state) credit union or any of its successors that arises out of the activities of the California branch office or California facility, with the same force and validity as if served personally on the credit union or its successor, as the case may be.

(c) Service may be made on a foreign (other state) credit union that has appointed or is deemed to have appointed the commissioner as its attorney for service of process by leaving a copy of the process at any office of the commissioner. However, the service is not effective unless (1) the party making the service, who may be the commissioner, forthwith sends notice of the service and a copy of the process by registered or certified mail to the foreign (other state) credit union served at the last address on file with the commissioner for any of the foreign (other state) credit union's offices in this state or at its head office, and (2) an affidavit of compliance with this subdivision by the party making the service is filed in the case on or before the return date if any, or within any further time that the court, in the case of a judicial proceeding, or the administrative agency, in the case of an administrative proceeding, allows.

However, with prior to notice to the commissioner, the foreign (other state) credit union may conduct part of the business of the office elsewhere in the same vicinity.

16013. Whenever any provision of this chapter or of any regulation or order issued under this chapter which is applicable to or with respect to a foreign (other state) credit union that maintains a California branch office or California facility is inconsistent with any provision of any other chapter of this division, the provision of the other chapter applies, and the latter provision does not apply.

Article 2. Establishment of a California Branch Office or California Facility

16020. (a) Except for the activities described in paragraph (2) of subdivision (c) of Section 16001, no foreign (other state) credit union shall transact business in this state except at a branch office or facility that it is licensed to maintain and at which it is permitted by this chapter to transact the business transacted.

(7) Not more than 50 percent of the members of the foreign (other state) credit union are or will be residents of this state.

If the commissioner finds otherwise, the commissioner shall deny the application.

16023. The approval of an application for approval to establish a California branch office shall be revoked by operation of law if the applicant foreign (other state) credit union does not establish and maintain the California branch office within one year after the date of the approval, unless prior to the expiration of the one-year period the commissioner extends the time within which the foreign (other state) credit union may establish the California branch office.

16024. (a) Within 30 days of establishing a California facility, a foreign (other state) credit union shall notify the commissioner in writing of its intent to establish in a California facility. (b) (1) Within 30 days after an order is issued pursuant to subdivision (a), the person to whom the order is directed may file with the commissioner an application for a hearing on the order. If the commissioner fails to commence a hearing within 15 business days after

the application is filed with him or her (or within such longer period to which the person consents), the order shall be deemed rescinded. At the hearing the commissioner shall affirm, modify, or rescind the order.

(2) The right of any person, to whom an order is issued under subdivision (a), to petition for judicial review of the order shall not be affected by the failure of the person to apply to the commissioner for a hearing on the order pursuant to paragraph (1).

16201. If, after notice and hearing, the commissioner finds that any person has violated any provision of this chapter or of any regulation or order issued under this chapter, the commissioner may order the person to pay to the commissioner a civil penalty in an amount as the commissioner may specify; provided, however, that the amount of the civil penalty shall not exceed one hundred dollars ($100) for each violation or, in the case of a continuing violation, one hundred dollars ($100) for each day for which the violation continues.

16202. If, after notice and hearing, the commissioner finds any of the following with respect to a foreign (other state) credit union that is licensed to maintain an office in this state, the commissioner may issue an order suspending or revoking the license of the foreign (other state) credit union:

(h) That a receiver, liquidator, or conservator has been appointed for the foreign (other state) credit union or that any proceeding for an appointment or any similar proceeding has been initiated in the home state of the foreign (other state) credit union.

(j) That any fact or condition exists that, if it had existed at the time when the foreign (other state) credit union applied for approval to transact business in this state, would have been grounds for denying the application.

16203. (a) If the commissioner finds that any of the factors set forth in Section 16202 is true with respect to any foreign (other state) credit union that is licensed to maintain an office in this state and that it is necessary for the protection of the interests of creditors of the foreign (other state) credit union's business in this state or, in any case, for the protection of the public interest that the commissioner immediately suspend or revoke the license of the foreign (other state) credit union, the commissioner may issue an order suspending or revoking the license of the foreign (other state) credit union.

(b) (1) Within 30 days after an order is issued pursuant to subdivision (a), the foreign (other state) credit union to which the order is issued may file with the commissioner an application for a hearing on the order. If the commissioner fails to commence the hearing within 15 business days after the application is filed with the commissioner (or within any longer period to which the foreign (other state) credit union consents), the order shall be deemed rescinded. Within 30 days after the hearing, the commissioner shall affirm, modify, or rescind the order; otherwise, the order shall be deemed rescinded.

(2) The right of any foreign (other state) credit union to which an order is issued under subdivision (a) to petition for judicial review of the order shall not be affected by the failure of the foreign (other state) credit union to apply to the commissioner for a hearing on the order pursuant to paragraph (1).

16204. Any foreign (other state) credit union whose license to maintain an office is suspended or revoked shall immediately surrender the license to the commissioner.

16205. (a) Any foreign (other state) credit union to which an order is issued under Section 16202 or 16203 may apply to the commissioner to modify or rescind the order. The commissioner shall not grant the application unless the commissioner finds that it is in the public interest to do so and that it is reasonable to believe that the foreign (other state) credit union will, if and when it is again authorized to maintain an office,

comply with all applicable provisions of this division and of any regulation or order issued under this division.

(b) The right of any foreign (other state) credit union to which an order is issued under Section 16202 or 16203 to petition for judicial review of the order shall not be affected by the failure of the foreign (other state) credit union to apply to the commissioner pursuant to subdivision (a) to modify or rescind the order.

16206. (a) If the commissioner finds that any of the factors set forth in Section 16202 is true with respect to any foreign (other state) credit union which is authorized to transact business in this state and that it is necessary for the protection of the interests of the creditors of the business of the foreign (other state) credit union in this state or for the protection of the public interest that he or she take immediate possession of the property and business of the foreign (other state) credit union, the commissioner may by order forthwith take possession of the property and business of the foreign (other state) credit union and retain possession until the foreign (other state) credit union resumes business in this state or is finally liquidated. The foreign (other state) credit union may, with the consent of the commissioner, resume business in this state under the conditions as the commissioner may prescribe.

(b) (1) Whenever the commissioner takes possession of the property and business of a foreign (other state) credit union pursuant to subdivision (a), the foreign (other state) credit union may, within 10 days, apply to the superior court in the county in which the primary office in this state of the foreign (other state) credit union is located to enjoin further proceedings. The court may, after citing the commissioner to show cause why further proceedings should not be enjoined and after a hearing, dismiss the application or enjoin the commissioner from further proceedings and order him or her to surrender the property and business of the foreign (other state) credit union to the foreign (other state) credit union or make any further order as may be just.

(2) The judgment of the court may be appealed by the commissioner or by the foreign (other state) credit union in the manner provided by law for appeals from the judgment of a superior court to the court of appeal. In case the commissioner appeals the judgment of the court, the appeal shall operate as a stay of the judgment, and the commissioner shall not be required to post any bond.

(c) Whenever the commissioner takes possession of the property and business of a foreign (other state) credit union pursuant to subdivision (a), the commissioner shall conserve or liquidate the property and business of the foreign (other state) credit union in accordance with Sections 14301 to 14304, inclusive.

(d) When the commissioner has completed the liquidation of the property and business of a foreign (other state) credit union in this state,

the commissioner shall transfer any remaining assets to the foreign (other state) credit union in accordance with any order the court may issue. However, in case the foreign (other state) credit union has an office in another state of the United States which is in liquidation and the assets of that office appear to be insufficient to pay in full the creditors of that office, the court shall order the commissioner to transfer to the liquidator of that office the amount of any remaining assets as appears to be necessary to cover the insufficiency. If there are two or more offices and the amount of remaining assets is less than the aggregate amount of insufficiencies with respect to those offices, the court shall order the commissioner to distribute the remaining assets among the liquidators of the offices in the manner as the court determines.

(b) Persons who are creditors of a foreign (other nation) credit union as a result of the business of an office of the foreign (other nation) credit union in this state shall be entitled to priority over other creditors with respect to the assets of the business in this state of the foreign (other nation) credit union.

16605. (a) In this section:

(1) ''Adjusted liabilities,'' when used with respect to a foreign (other nation) credit union, means the liabilities of the foreign (other nation) credit union's business in this state, determined in accordance with generally accepted accounting principles, but excluding (A) accrued expenses, (B) any liability to an office (whether in or outside of this state) or majority-owned subsidiary of the foreign (other nation) credit union, and (C) other liabilities as the commissioner may by regulation or order exclude.

(2) ''Applicable minimum,'' when used with respect to eligible assets deposited or to be deposited with an approved depository by a foreign (other nation) credit union, means the amount as the commissioner may from time to time by regulation or order determine to be necessary for the maintenance of sound financial condition, for the protection of the interests of creditors of the foreign (other nation) credit union's business in this state, or for the protection of the public interest. However, in the case of a foreign (other nation) credit union which is licensed to maintain a branch office, the applicable minimum shall not be less than 5 percent of the adjusted liabilities of the foreign (other nation) credit union.

(3) ''Approved depository,'' when used with respect to a foreign (other nation) credit union, means a bank or credit union organized under the laws of this state or a national bank headquartered in this state that has been selected by the foreign (other nation) credit union and approved by the commissioner for the purpose of acting as the approved depository of the foreign (other nation) credit union and that has filed with the commissioner, in the form as the commissioner may by regulation or order prescribe, an agreement to comply with all applicable provisions of this section and of any regulation or order issued under this section.

(4) ''Eligible assets'' when used with respect to a foreign (other nation) credit union, means any of the following:

(C) Any banker's acceptance that is payable in the United States and that is eligible for discount with a federal reserve bank.

(D) Any other asset that the commissioner by regulation or order determines to be eligible.

Notwithstanding the foregoing provisions of this paragraph, ''eligible asset,'' when used with respect to a foreign (other nation) credit union, does not include any instrument the issuer of which (i) is, or is affiliated with, the foreign (other nation) credit union, (ii) is domiciled in, or controlled by a person domiciled in, the same foreign nation as the foreign (other nation) credit union, or (iii) is, or is controlled by, the foreign nation. For purposes of the foregoing provision, to be ''affiliated'' means to control, to be controlled by, or to be under common control with; and to ''control'' has the meaning set forth in subdivision (b) of Section 700.

(b) For purposes of this section:

(1) The amount of adjusted liabilities of a foreign (other nation) credit union's business in this state shall be computed for the period of time and in the manner as the commissioner may by regulation or order prescribe.

(2) An eligible asset shall be valued at the lesser of market or par.

(2) Whenever a foreign (other nation) credit union that is licensed to transact business in this state ceases to be so licensed, the foreign (other nation) credit union shall thereafter maintain on deposit with an approved depository eligible assets having a value in an amount not less than the applicable minimum for the period of time as the commissioner may determine to be necessary for the protection of creditors of the foreign (other nation) credit union's business in this state or for the protection of the public interest.

(e) Any foreign (other nation) credit union that maintains eligible assets on deposit with an approved depository pursuant to this section shall, unless the commissioner shall have suspended or revoked its authorization to transact business in this state or taken possession of its property and business in this state, be entitled to receive any income paid on eligible assets.

(f) (1) Whenever a foreign (other nation) credit union deposits eligible assets with, or withdraws eligible assets from, an approved depository pursuant to this section, the foreign (other nation) credit union shall do so in accordance with the procedures and requirements as the commissioner may by regulation or order prescribe.

(2) Whenever an approved depository receives, holds, or releases eligible assets pursuant to this section, the approved depository shall do so in accordance with the procedures and requirements as the commissioner may by regulation or order prescribe and shall file with the commissioner reports as and when the commissioner may by regulation or order require.

(g) Whenever a foreign (other nation) credit union maintains eligible assets on deposit with an approved depository pursuant to this section:

(1) The eligible assets shall be deemed to be pledged to the commissioner for the benefit of the creditors of the foreign (other nation) credit union's business in the state; and, notwithstanding any provision of the Uniform Commercial Code to the contrary, the commissioner, for the benefit of these creditors, shall be deemed to have a security interest in the eligible assets.

(2) In case a foreign (other nation) credit union that maintains eligible assets on deposit with an approved depository pursuant to this section fails to pay any judgment creditor of its business in this state and the commissioner has not taken possession of the property and business of the foreign (other nation) credit union, the approved depository shall release the eligible assets to the commissioner, and the commissioner shall dispose of the eligible assets, as a court of competent jurisdiction of this state or of the United States may order for the benefit of the judgment creditor. For purposes of this paragraph, ''judgment creditor of its business in this state'' means a person to whom the foreign (other nation) credit union is required to pay money under a judgment that (A) arose out of the foreign (other nation) credit union's business in this state, (B) has been entered by a court of this state or of the United States, (C) has become final, in that all possibility of direct attack on the judgment by way of appeal, motion for new trial, motion to vacate, or petition for extraordinary writ has been exhausted, and (D) has remained unpaid for a period of not less than 60 days after becoming final.

16607. (a) In this section:

(2) ''Eligible assets'' means any asset which the commissioner by regulation or order determines to be eligible for purposes of this section. However, ''eligible asset,'' when used with respect to a foreign (other nation) credit union that is licensed to maintain a branch office, includes any asset which the foreign (other nation) credit union maintains on deposit pursuant to Section 16606.

(b) For purposes of this section, the amount of eligible assets and the amount of adjusted liabilities of a foreign (other nation) credit union that is licensed to maintain a branch office each be computed for the period of time and in the manner as the commissioner may by regulation or order prescribe.

(c) A foreign (other nation) credit union licensed to maintain a branch office shall hold at its branch offices in this state or at any other place as

the commissioner may approve, eligible assets in the amount, if any, as the commissioner may from time to time by regulation or order determine to be necessary for the maintenance of sound financial condition, for the protection of the interests of creditors of the foreign (other nation) credit union's business in this state, or for the protection of the public interest. However, in no event shall the amount exceed 108 percent of the adjusted liabilities of the foreign (other nation) credit union's business in this state.

(d) If the commissioner finds, with respect to a foreign (other nation) credit union licensed to maintain a branch office in this state, that the action is necessary for the maintenance of sound financial condition, for the protection of the interests of creditors of the foreign (other nation) credit union's business in this state, or for the protection of the public interest, the commissioner may order the foreign (other nation) credit union to place all or part of the eligible assets which the foreign (other nation) credit union is required to hold under subdivision (c) in the custody of a bank organized under the laws of this state or a national bank headquartered in this state as the commissioner may designate, and such assets shall be subject to the order of the commissioner.

16703. A foreign (other nation) credit union shall file with the commissioner any other report as the commissioner may from time to time require. Each report shall be in the form, contain the information, and be filed on the date, as may be prescribed by the commissioner.

16704. Each foreign (other nation) credit union that maintains an office shall make, keep, and preserve at that office, or at any other place that the commissioner may by regulation or order approve, the books, accounts, and other records relating to the business of the office, in the form, in the manner, and for the time that the commissioner may, by regulation or order, require.

Article 8. Voluntary Surrender of License

(2) If a proceeding to revoke or suspend a license is pending at the time when the license and the report called for in subdivision (a) are filed with the commissioner or if a proceeding to revoke or suspend a license or to impose conditions upon the surrender of a license is instituted before the 30th day after the license and the report called for in subdivision (a) are filed with the commissioner, the voluntary surrender of the license shall become effective at the time and upon the conditions that the commissioner may by order specify.

Article 9. Enforcement

16900. (a) The commissioner may bring an action in the name of the people of this state in the superior court to enjoin any violation of, to enforce compliance with, or to collect any penalty or other liability imposed under this division or any regulation or order issued under this chapter. Upon a proper showing, a permanent or preliminary injunction, restraining order, or writ of mandate shall be granted, and a monitor, receiver, conservator, or other designated fiduciary or officer of the court may be granted as appropriate.

(b) A receiver, monitor, conservator, or other designated fiduciary officer of the court appointed by the court pursuant to this section may, with the approval of the court, exercise all of the powers of the defendant's officers, directors, partners, trustees, or persons who exercise similar powers and perform similar duties, including the filing of a petition for bankruptcy. No action at law or in equity may be

maintained by any party against the commissioner, or a receiver, monitor, conservator, or other designated fiduciary or officer of the court by reason of their exercising these powers or performing these duties pursuant to the order of, or with the approval of, the court.

(c) If the commissioner finds that it is in the public interest, the commissioner may include in a claim for restitution, disgorgement, or damages on behalf of the person injured by the act or practice constituting the subject matter of the action, and the court shall have jurisdiction to award ancillary relief.

(d) The provisions of this section that authorize the commissioner to bring actions and seek relief are not intended to, and do not, affect any right that any other person may have to bring the same or similar actions or to seek the same or similar relief.

16900.5. (a) If the commissioner finds that any person has violated, or that there is reasonable cause to believe that any person is about to violate, Section 16020, the commissioner may order the person to cease and desist from the violation unless and until the person is issued a license.

(b) (1) Within 30 days after an order is issued pursuant to subdivision (a), the person to whom the order is directed may file with the commissioner an application for a hearing on the order. If the commissioner fails to commence a hearing within 15 business days after the application is filed with him or her (or within such longer period to which the person consents), the order shall be deemed rescinded. At the hearing the commissioner shall affirm, modify, or rescind the order.

(2) The right of any person, to whom an order is issued under subdivision (a), to petition for judicial review of the order shall not be affected by the failure of the person to apply to the commissioner for a hearing on the order pursuant to paragraph (1).

16901. If, after notice and hearing, the commissioner finds that any person has violated any provision of this chapter or of any regulation or order issued under this chapter, the commissioner may order the person to pay to the commissioner a civil penalty in an amount as the commissioner may specify; provided, however, that the amount of the civil penalty shall not exceed one hundred dollars ($100) for each violation or, in the case of a continuing violation, one hundred dollars ($100) for each day for which the violation continues.

16902. If, after notice and hearing, the commissioner finds any of the following with respect to a foreign (other nation) credit union that is licensed to maintain an office, the commissioner may issue an order suspending or revoking the license of the foreign (other nation) credit union.

(a) That the foreign (other nation) credit union has violated a provision of this division or of any regulation or order issued under this division or a provision of any other applicable law, regulation, or order.

(b) That the foreign (other nation) credit union is transacting the business in this state or elsewhere in an unsafe or unsound manner.

(c) That the foreign (other nation) credit union is in unsafe or unsound condition.

(d) That the foreign (other nation) credit union has ceased to operate its office.

(e) That the foreign (other nation) credit union is insolvent in that it has ceased to pay its debts in the ordinary course of business, it cannot pay its debts as they become due, or its liabilities exceed its assets.

(f) That the foreign (other nation) credit union has suspended payment of its obligations, has made an assignment for the benefit of its creditors, or has admitted in writing its inability to pay its debts as they become due.

(g) That the foreign (other nation) credit union has applied for an adjudication of bankruptcy, reorganization, arrangement, or other relief under any bankruptcy, reorganization, insolvency, or moratorium law, or that any person has applied for such relief under any such law against the foreign (other nation) credit union, and the foreign (other nation) credit union has by any affirmative act approved of or consented to the action or the relief has been granted.

(h) That a receiver, liquidator, or conservator has been appointed for the foreign (other nation) credit union or that any proceeding for an appointment or any similar proceeding has been initiated in the home country of the foreign (other nation) credit union.

(i) That the existence of the foreign (other nation) credit union or the authority of the foreign (other nation) credit union to transact banking business under the laws of the home country of the foreign (other nation) credit union has been suspended or terminated.

(j) That any fact or condition exists that, if it had existed at the time when the foreign (other nation) credit union applied for approval to transact business in this state, would have been grounds for denying the application.

16903. (a) If the commissioner finds that any of the factors set forth in Section 16902 is true with respect to any foreign (other nation) credit union that is licensed to maintain an office and that it is necessary for the protection of the interests of creditors of the foreign (other nation) credit union's business in this state or, in any case, for the protection of the public interest that the commissioner immediately suspend or revoke the license of the foreign (other nation) credit union, the commissioner may issue an order suspending or revoking the license of the foreign (other nation) credit union.

(b) (1) Within 30 days after an order is issued pursuant to subdivision (a), the foreign (other nation) credit union to which the order is issued may file with the commissioner an application for a hearing on the order. If the commissioner fails to commence the hearing within 15 business days after the application is filed with the commissioner (or within any longer period to which the foreign (other nation) credit union consents), the order shall be deemed rescinded. Within 30 days after the hearing, the commissioner shall affirm, modify, or rescind the order; otherwise, the order shall be deemed rescinded.

(2) The right of any foreign (other nation) credit union to which an order is issued under subdivision (a) to petition for judicial review of the order shall not be affected by the failure of the foreign (other nation) credit union to apply to the commissioner for a hearing on the order pursuant to paragraph (1).

16904. Any foreign (other nation) credit union whose license to maintain an office is suspended or revoked shall immediately surrender the license to the commissioner.

16905. (a) Any foreign (other nation) credit union to which an order is issued under Section 16902 and 16903 may apply to the commissioner to modify or rescind the order. The commissioner shall not grant the application unless the commissioner finds that it is in the public interest to do so and that it is reasonable to believe that the foreign (other nation) credit union will, if and when it is again authorized to maintain an office, comply with all applicable provisions of this division and of any regulation or order issued under this division.

(b) The right of any foreign (other nation) credit union to which an order is issued under Section 16902 or 16903 to petition for judicial review of the order shall not be affected by the failure of the foreign (other nation) credit union to apply to the commissioner pursuant to subdivision (a) to modify or rescind the order.

16906. (a) If the commissioner finds that any of the factors set forth in Section 16902 is true with respect to any foreign (other nation) credit union which is authorized to transact business in this state and that it is necessary for the protection of the interests of the creditors of the business of the foreign (other nation) credit union in this state or for the protection of the public interest that he or she take immediate possession of the property and business of the foreign (other nation) credit union, the commissioner may by order forthwith take possession of the property and business of the foreign (other nation) credit union and retain possession until the foreign (other nation) credit union resumes business in this state or is finally liquidated. The foreign (other nation) credit union may, with the consent of the commissioner, resume business in this state under the conditions as the commissioner may prescribe.

(b) (1) Whenever the commissioner takes possession of the property and business of a foreign (other nation) credit union pursuant to subdivision (a), the foreign (other nation) credit union may, within 10 days, apply to the superior court in the county in which the primary office in this state of the foreign (other nation) credit union is located to enjoin further proceedings. The court may, after citing the commissioner to show cause why further proceedings should not be enjoined and after a hearing, dismiss the application or enjoin the commissioner from further proceedings and order him or her to surrender the property and business of the foreign (other nation) credit union to the foreign (other nation) credit union or make any further order as may be just.

(2) The judgment of the court may be appealed by the commissioner or by the foreign (other nation) credit union in the manner provided by law for appeals from the judgment of a superior court to the court of appeal. In case the commissioner appeals the judgment of the court, the appeal shall operate as a stay of the judgment, and the commissioner shall not be required to post any bond.

(c) Whenever the commissioner takes possession of the property and business of a foreign (other nation) credit union pursuant to subdivision (a), the commissioner shall conserve or liquidate the property and business of the foreign (other nation) credit union in accordance with Sections 14301 to 14304, inclusive.

(d) When the commissioner has completed the liquidation of the property and business of a foreign (other nation) credit union in this state, the commissioner shall transfer any remaining assets to the foreign (other nation) credit union in accordance with any order the court may issue. However, in case the foreign (other nation) credit union has an office in another state of the United States which is in liquidation and the assets of that office appear to be insufficient to pay in full the creditors of that office, the court shall order the commissioner to transfer to the liquidator of that office the amount of any remaining assets as appears to be necessary to cover the insufficiency. If there are two or more offices and the amount of remaining assets is less than the aggregate amount of insufficiencies with respect to those offices, the court shall order the commissioner to distribute the remaining assets among the liquidators of the offices in the manner as the court determines is equitable.

CHAPTER 613

An act to amend Section 469 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 23, 2000. Filed with
Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

469. In any case in which locally assessable trade fixtures and business tangible personal property owned, claimed, possessed, or controlled by a taxpayer engaged in a profession, trade, or business has a full value of four hundred thousand dollars ($400,000) or more, the assessor shall audit the books and records of that profession, trade, or business at least once each four years. If the board determines the value of property pursuant to Section 15640 of the Government Code, that determination may be deemed an audit by the assessor for purposes of this section.

Upon completion of an audit of the taxpayer's books and records, the taxpayer shall be given the assessor's findings in writing with respect to data that would alter any previously enrolled assessment.

Equalization of the property by a county board of equalization or assessment appeals board pursuant to Chapter 1 (commencing with Section 1601) of Part 3 of this division shall not preclude a subsequent audit and shall not preclude the assessor from levying an escape assessment in appropriate instances, but shall preclude an escape assessment being levied on that portion of the assessment that was the subject of the equalization hearing.

If the result of an audit for any year discloses property subject to an escape assessment, then the original assessment of all property of the assessee at the location of the profession, trade, or business for that year shall be subject to review, equalization and adjustment by the county board of equalization or assessment appeals board pursuant to Chapter 1 (commencing with Section 1601) of Part 3 of this division, except in those instances when the property had previously been equalized for the year in question.

If the audit for any particular tax year discloses that the property of the taxpayer was incorrectly valued or misclassified for any cause, to the extent that this error caused the property to be assessed at a higher value than the assessor would have entered on the roll had the incorrect valuation or misclassification not occurred, then the assessor shall notify the taxpayer of the amount of the excess valuation or misclassification, and the fact that a claim for cancellation or refund may be filed with the county as provided by Sections 4986 and 5096.

CHAPTER 616

An act to amend Sections 7072 , 7073, and 7074 of, and to repeal Section 7073.3 of, the Government Code, relating to economic development.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 7072 of the Government Code is amended to read:

7072. For purposes of this chapter, the following definitions shall apply:

(a) ''Agency'' means the Trade and Commerce Agency.

(b) ''Date of original designation'' means the earlier of the following:

(1) The date the eligible area receives designation as an enterprise zone by the agency pursuant to this chapter.

(2) In the case of an enterprise zone deemed designated pursuant to subdivision (e) of Section 7073, the date the enterprise zone or program area received original designation by the agency pursuant to Chapter 12.8 (commencing with Section 7070) or Chapter 12.9 (commencing with Section 7080), as those chapters read prior to January 1, 1997.

(c) ''Eligible area'' means any of the following:

(1) An area designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070), as it read prior to January 1, 1997, or as a targeted economic development area, neighborhood development area, or program area pursuant to Chapter 12.9 (commencing with Section 7080), as it read prior to January 1, 1997.

(2) A geographic area that, based upon the determination of the agency, fulfills at least one of the following:

(A) The proposed geographic area meets the Urban Development Action Grant criteria of the United States Department of Housing and Urban Development.

(B) The area within the proposed zone has experienced plant closures within the past two years affecting more than 100 workers.

(C) The city or county has submitted material to the agency for a finding that the proposed geographic area meets criteria of economic distress related to those used in determining eligibility under the Urban Development Action Grant Program and is therefore an eligible area.

(D) The area within the proposed zone has a history of gang-related activity, whether or not crimes of violence have been committed.

(3) A geographic area that meets at least two of the following criteria:

(A) The census tracts within the proposed zone have an unemployment rate not less than 3 percentage points above the statewide average for the most recent calendar year as determined by the Employment Development Department.

(B) The county of the proposed zone has more than 70 percent of the children enrolled in public school participating in the federal free lunch program.

(C) The median household income for a family of four within the census tracts of the proposed zone does not exceed 80 percent of the statewide median income for the most recently available calendar year.

(d) ''Enterprise zone'' means any area within a city, county, or city and county that is designated as such by the agency in accordance with the provisions of Section 7073.

(e) ''Governing body'' means a county board of supervisors or a city council, as appropriate.

(f) ''High technology industries'' include, but are not limited to, the computer, biological engineering, electronics, and telecommunications industries.

(g) ''Resident,'' unless otherwise defined, means a person whose principal place of residence is within a targeted employment area.

(h) ''Targeted employment area'' means an area within a city, county, or city and county that is composed solely of those census tracts designated by the United States Department of Housing and Urban Development as having at least 51 percent of its residents of low- or moderate-income levels, using either the most recent United States Department of Census data available at the time of the original enterprise zone application or the most recent census data available at the time the targeted employment area is designated to determine that eligibility. The purpose of a ''targeted employment area'' is to encourage businesses in an enterprise zone to hire eligible residents of certain geographic areas within a city, county, or city and county. A targeted employment area may be, but is not required to be, the same as all or part of an enterprise zone. A targeted employment area's boundaries need not be contiguous. A targeted employment area does not need to encompass each eligible census tract within a city, county, or city and county. The governing body

of each city, county or city and county that has jurisdiction of the enterprise zone shall identify those census tracts whose residents are in the most need of this employment targeting. Only those census tracts within the jurisdiction of the city, county, or city and county that has jurisdiction of the enterprise zone may be included in a targeted employment area.

At least a part of each eligible census tract within a targeted employment area shall be within the territorial jurisdiction of the city, county, or city and county that has jurisdiction for an enterprise zone. If an eligible census tract encompasses the territorial jurisdiction of two or more local governmental entities, all of those entities shall be a party to the designation of a targeted employment area. However, any one or more of those entities, by resolution or ordinance, may specify that it shall not participate in the application as an applicant, but shall agree to complete all actions stated within the application that apply to its jurisdiction, if the area is designated.

Each local governmental entity of each city, county, or city and county that has jurisdiction of an enterprise zone shall approve, by resolution or ordinance, the boundaries of its targeted employment area, regardless of whether a census tract within the proposed targeted employment area is outside the jurisdiction of the local governmental entity.

SEC. 2. Section 7073 of the Government Code is amended to read:

7073. (a) Except as provided in subdivision (e), any city, county, or city and county with an eligible area within its jurisdiction may complete a preliminary application for designation as an enterprise zone. The applying entity shall establish definitive boundaries for the proposed enterprise zone and the targeted employment area.

(b) (1) In designating enterprise zones, the agency shall select from the applications submitted those proposed enterprise zones that, upon a comparison of all of the applications submitted, indicate that they propose the most effective, innovative, and comprehensive regulatory, tax, program, and other incentives in attracting private sector investment in the zone proposed.

(2) For purposes of this subdivision, regulatory incentives include, but are not limited to, all of the following:

(A) The suspension or relaxation of locally originated or modified building codes, zoning laws, general development plans, or rent controls.

(B) The elimination or reduction of fees for applications, permits, and local government services.

(C) The establishment of a streamlined permit process.

(3) For purposes of this subdivision, tax incentives include, but are not limited to, the elimination or reduction of construction taxes or business license taxes.

(E) The targeting of federal or state transportation grant moneys.

(F) The targeting of federal or state low-income housing and rental assistance moneys.

(G) The use of tax allocation bonds, special assessment bonds, bonds under the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5), industrial development bonds, revenue bonds, private activity bonds, housing bonds, bonds issued pursuant to the Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5), certificates of participation, hospital bonds, redevelopment bonds, school bonds, and all special provisions provided for under federal tax law for enterprise community or empowerment zone bonds.

(5) In the process of designating new enterprise zones, the agency shall take into consideration the location of existing zones and make every effort to locate new zones in a manner that will not adversely affect any existing zones.

(6) In designating new enterprise zones, the agency shall include in its criteria the fact that jurisdictions have been declared disaster areas by the President of the United States within the last seven years.

(7) When reviewing and ranking new enterprise zone applications, the agency shall give special consideration or bonus points, or both, to applications from jurisdictions that meet at least two of the following criteria:

(A) The percentage of households within the census tracts of the proposed enterprise zone area, the income of which is below the poverty level, is at least 17.5 percent.

(B) The average unemployment rate for the census tracts of the proposed enterprise zone area was not less than five percentage points above the statewide average for the most recent calendar year as determined by the Employment Development Department.

(C) The applicant jurisdiction has, and can document that it has, a unique distress factor affecting long-term economic development,

including, but not limited to, resource depletion, plant closure, industry recession, natural disaster, or military base closure.

(c) In evaluating applications for designation, the agency shall ensure that applications are not disqualified solely because of technical deficiencies, and shall provide applicants with an opportunity to correct the deficiencies. Applications shall be disqualified if the deficiencies are not corrected within two weeks.

(d) (1) Except as provided in paragraph (2), or upon dedesignation pursuant to subdivision (c) of Section 7076.1 or Section 7076.2, a designation made by the agency shall be binding for a period of 15 years from the date of the original designation.

(2) The designation period for any zone designated pursuant to either Section 7073 or 7085 prior to 1990 may total 20 years, subject to possible dedesignation pursuant to subdivision (c) of Section 7076.1 or Section 7076.2, if the following requirements are met:

(A) The zone receives a superior or passing audit pursuant to subdivision (c) of Section 7076.1.

(B) The local jurisdictions comprising the zone submit an updated economic development plan to the agency justifying the need for an additional five years by defining goals and objectives that still need to be achieved and indicating what actions are to be taken to achieve these goals and objectives.

(e) (1) Notwithstanding any other provision of law, any area designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or as a targeted economic development area, neighborhood economic development area, or program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, or any program area or part of a program area deemed designated as an enterprise zone pursuant to Section 7085.5 as it read prior to January 1, 1997, shall be deemed to be designated as an enterprise zone pursuant to this chapter. The effective date of designation of the enterprise zone shall be that of the original designation of the enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or of the program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, and in no event may the total designation period exceed 15 years, except as provided in paragraph (2) of subdivision (d).

(2) Notwithstanding any other provision of law, any enterprise zone authorized, but not designated, pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, shall be allowed to complete the application process started pursuant to that chapter, and to receive final designation as an enterprise zone pursuant to this chapter.

(3) Notwithstanding any other provision of law, any expansion of a designated enterprise zone or program area authorized pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, shall be deemed to be authorized as an expansion for a designated enterprise zone pursuant to this chapter.

(4) No part of this chapter may be construed to require a new application for designation by an enterprise zone designated pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or a targeted economic development area, neighborhood economic development area, or program area designated pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997.

(f) Notwithstanding any other provision of law, a city, county, or a city and county may designate a joint powers authority to administer the enterprise zone.

(g) No more than 39 enterprise zones may be designated at any one time pursuant to this chapter, including those deemed designated pursuant to subdivision (e). Upon the expiration or termination of a designation, the agency is authorized to designate another enterprise zone to maintain a total of 39 enterprise zones.

SEC. 3. Section 7073.3 of the Government Code is repealed.

SEC. 4. Section 7074 of the Government Code is amended to read:

7074. (a) In the case of any enterprise zone, including an enterprise zone formerly designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or as a program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, a city or county, or city and county may propose that the enterprise zone be expanded by 15 percent to include definitive boundaries that are contiguous to the enterprise zone.

(b) The agency may approve an enterprise zone expansion proposed pursuant to this section based on the following criteria:

(1) Each of the adjacent jurisdictions' governing bodies approves the expansion by adoption of an ordinance or resolution.

(2) Land included within the proposed expansion is zoned for industrial or commercial use.

(3) Basic infrastructure, including, but not limited to, gas, water, electrical service, and sewer systems, is available to the area that would be included in the expansion.

(1) The governing body of the local agency with jurisdiction over the existing enterprise zone and the governing body of the local agency with jurisdiction over the proposed expansion area each approve the expansion by adoption of an ordinance or resolution. The ordinance or resolution by the jurisdiction containing the proposed expansion area shall indicate that the jurisdiction will provide the same or equivalent local incentives as provided by the jurisdiction of the existing enterprise zone.

(2) (A) Land included within the proposed expansion is zoned for industrial or commercial use.

(B) An expansion area may contain noncommercial or nonindustrial land only if that land is a right-of-way and is needed to meet the requirement for a contiguous expansion between an existing enterprise zone and a proposed expansion area.

(3) Basic infrastructure, including, but not limited to, gas, water, electrical service, and sewer systems, is available to the area that would be included in the expansion.

(4) The expansion area is contiguous to the existing enterprise zone.

(2) Any retailer having any representative, agent, salesperson, canvasser, independent contractor, or solicitor operating in this state under the authority of the retailer or its subsidiary for the purpose of selling, delivering, installing, assembling, or the taking of orders for any tangible personal property.

(3) As respects a lease, any retailer deriving rentals from a lease of tangible personal property situated in this state.

(4) (A) Any retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this state or benefits from the location in this state of authorized installation, servicing, or repair facilities.

(B) This paragraph shall become operative upon the enactment of any congressional act that authorizes states to compel the collection of state sales and use taxes by out-of-state retailers.

(5) Notwithstanding Section 7262, a retailer specified in paragraph (4) above, and not specified in paragraph (1), (2), or (3) above, is a ''retailer engaged in business in this state'' for the purposes of this part and Part 1.5 (commencing with Section 7200) only.

(d) (1) For purposes of this section, ''engaged in business in this state'' does not include the taking of orders from customers in this state through a computer telecommunications network located in this state which is not directly or indirectly owned by the retailer when the orders result from the electronic display of products on that same network. The exclusion provided by this subdivision shall apply only to a computer telecommunications network that consists substantially of online

communications services other than the displaying and taking of orders for products.

(2) This subdivision shall become inoperative upon the operative date of provisions of a congressional act that authorize states to compel the collection of state sales and use taxes by out-of-state retailers.

(e) Except as provided in this subdivision, a retailer is not a ''retailer engaged in business in this state'' under paragraph (2) of subdivision (c) if that retailer's sole physical presence in this state is to engage in convention and trade show activities as described in Section 513(d)(3)(A) of the Internal Revenue Code, and if the retailer, including any of his or her representatives, agents, salespersons, canvassers, independent contractors, or solicitors, does not engage in those convention and trade show activities for more than 15 days, in whole or in part, in this state during any 12-month period and did not derive more than one hundred thousand dollars ($100,000) of net income from those activities in this state during the prior calendar year. Notwithstanding the preceding sentence, a retailer engaging in convention and trade show activities, as described in Section 513(d)(3)(A) of the Internal Revenue Code, is a ''retailer engaged in business in this state,'' and is liable for collection of the applicable use tax, with respect to any sale of tangible personal property occurring at the convention and trade show activities and with respect to any sale of tangible personal property made pursuant to an order taken at or during those convention and trade show activities.

(f) Any limitations created by this section upon the definition of ''retailer engaged in business in this state'' shall only apply for purposes of tax liability under this code. Nothing in this section is intended to affect or limit, in any way, civil liability or jurisdiction under Section 410.10 of the Code of Civil Procedure.

SEC. 1.5. Section 6203 of the Revenue and Taxation Code is amended to read:

6203. (a) Except as provided by Sections 6292 and 6293, every retailer engaged in business in this state and making sales of tangible personal property for storage, use, or other consumption in this state, not exempted under Chapter 3.5 (commencing with Section 6271) or Chapter 4 (commencing with Section 6351), shall, at the time of making the sales or, if the storage, use, or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use, or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the board.

(b) As respects leases constituting sales of tangible personal property, the tax shall be collected from the lessee at the time amounts are paid by the lessee under the lease.

(c) ''Retailer engaged in business in this state'' as used in this section and Section 6202 means and includes any of the following:

(1) Any retailer maintaining, occupying, or using, permanently or temporarily, directly or indirectly, or through a subsidiary, or agent, by whatever name called, an office, place of distribution, sales or sample room or place, warehouse or storage place, or other place of business.

(2) Any retailer having any representative, agent, salesperson, canvasser, independent contractor, or solicitor operating in this state under the authority of the retailer or its subsidiary for the purpose of selling, delivering, installing, assembling, or the taking of orders for any tangible personal property.

(3) As respects a lease, any retailer deriving rentals from a lease of tangible personal property situated in this state.

(4) (A) Any retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this state or benefits from the location in this state of authorized installation, servicing, or repair facilities.

(B) This paragraph shall become operative upon the enactment of any congressional act that authorizes states to compel the collection of state sales and use taxes by out-of-state retailers.

(5) Notwithstanding Section 7262, a retailer specified in paragraph (4) above, and not specified in paragraph (1), (2), or (3) above, is a ''retailer engaged in business in this state'' for the purposes of this part and Part 1.5 (commencing with Section 7200) only.

(d) (1) For purposes of this section, ''engaged in business in this state'' does not include the taking of orders from customers in this state through a computer telecommunications network located in this state which is not directly or indirectly owned by the retailer when the orders result from the electronic display of products on that same network. The exclusion provided by this subdivision shall apply only to a computer telecommunications network that consists substantially of online communications services other than the displaying and taking of orders for products.

(2) This subdivision shall become inoperative upon the operative date of provisions of a congressional act that authorize states to compel the collection of state sales and use taxes by out-of-state retailers.

(e) Except as provided in this subdivision, a retailer is not a ''retailer engaged in business in this state'' under paragraph (2) of subdivision (c) if that retailer's sole physical presence in this state is to engage in convention and trade show activities as described in Section 513(d)(3)(A) of the Internal Revenue Code, and if the retailer, including any of his or her representatives, agents, salespersons, canvassers,

independent contractors, or solicitors, does not engage in those convention and trade show activities for more than 15 days, in whole or in part, in this state during any 12-month period and did not derive more than one hundred thousand dollars ($100,000) of net income from those activities in this state during the prior calendar year. Notwithstanding the preceding sentence, a retailer engaging in convention and trade show activities, as described in Section 513(d)(3)(A) of the Internal Revenue Code, is a ''retailer engaged in business in this state,'' and is liable for collection of the applicable use tax, with respect to any sale of tangible personal property occurring at the convention and trade show activities and with respect to any sale of tangible personal property made pursuant to an order taken at or during those convention and trade show activities.

(f) Any limitations created by this section upon the definition of ''retailer engaged in business in the state'' shall only apply for purposes of tax liability under this code. Nothing in this section is intended to affect or limit, in any way, civil liability or jurisdiction under Section 410.10 of the Code of Civil Procedure.

(g) (1) The processing of orders electronically, by fax, telephone, the Internet, or other electronic ordering process, does not relieve a retailer of responsibility for collection of the tax from the purchaser if the retailer is engaged in business in this state pursuant to this section.

(2) For purposes of this section, a retailer is presumed to have an agent within the state, as defined in paragraphs (1) and (2) of subdivision (c), if both of the following conditions exist:

(A) The retailer holds a substantial ownership interest, directly or through a subsidiary, in a retailer maintaining sales locations in California or is owned in whole or in substantial part by such a retailer, or by a parent or subsidiary thereof. For purposes of this subparagraph, ''substantial ownership interest'' in an entity means that degree of ownership of equity interests in an entity that is not less than that degree of ownership specified by Section 78p of Title 15 of the United States Code, or any successor to that statute, with respect to a person other than a director or officer.

(B) The retailer sells the same or substantially similar line of products as the retailer maintaining sales locations in California under the same or substantially similar business name, or facilities or employees of the related retailer located in this state are used to advertise or promote sales by the retailer to California purchasers.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 6203 of the Revenue and Taxation Code proposed by both this bill and AB 2412. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, but this bill becomes operative first, (2) each bill amends Section 6203 of the Revenue and Taxation Code, and (3) this bill is enacted after AB 2412, in which case

Section 6203 of the Revenue and Taxation Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of AB 2412, at which time Section 1.5 of this bill shall become operative.

SEC. 3. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

CHAPTER 618

An act to amend Section 65004 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 65004 of the Revenue and Taxation Code is amended to read:

65004. (a) Except as provided in subdivision (b), no city, county, or city and county may impose, assess, or attempt to collect any of the following:

(1) A tax on Internet access, Online Computer Services, or the use of Internet access or any Online Computer Services.

(2) A bit tax or bandwidth tax.

(3) Any discriminatory tax on Online Computer Services or Internet access.

(b) The prohibition in subdivision (a) against the imposition of taxes shall not apply to any new or existing tax of general application, including, but not limited to, any sales and use tax, business license tax, or utility user tax that is imposed or assessed in a uniform and nondiscriminatory manner without regard to whether the activities or transactions taxed are conducted through the use of the Internet, Internet access, or Online Computer Services.

(c) A cable television franchise fee may not be imposed on Online Computer Services or Internet access delivered over a cable television system if the Federal Communications Commission, by issuing final

order, or a court of competent jurisdiction, by rendering a judgment enforceable in California, finds that those are not cable services as defined in Section 522(6) of Title 47 of the United States Code and are, therefore, not subject to a franchise fee. However, if that final order or judgment is overturned or modified by further administrative, legislative, or judicial action, that action shall control. The operation of this subdivision may be suspended by contract between a cable television franchising authority and a cable television operator.

(d) This part shall become inoperative on January 1, 2005.

SEC. 2. This bill shall become operative only if Assembly Bill 2412 is enacted and becomes effective on or before January 1, 2001.

CHAPTER 619

An act to add and repeal Part 18.3 (commencing with Section 38061) of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 23, 2000. Filed with Secretary of State September 24, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature find and declares all of the following:

(a) With the rapid development of the Internet and electronic commerce, policymakers at all levels of government are confronted with the challenge of finding ways to encourage this new technology and its impact on our economy continuing to develop prosperously, while addressing the needs for tax equity and assurance that governments at all levels have sufficient revenue to continue providing essential services critical to our economy's continuing growth.

(b) The current national debate on Internet taxation has focused almost entirely on the collection of sales tax on remote sales of tangible products and has produced a myriad of proposals for immediate action that have ranged from allowing states to collect sales taxes on all transactions to imposing a permanent moratorium on any taxes on the Internet.

(c) The Advisory Commission on Electronic Commerce, created by federal law in 1998 to develop ''tax and technologically neutral'' recommendations, thus far has failed to achieve a two-thirds majority vote on a recommendation that it can send to Congress for a national solution that would apply in all states. Furthermore, the commission's charter did not lead it to examine the critical interrelated policy issues of tax equity and government sustenance.

(d) A roundtable of tax and technology experts that convened recently at the University of California Berkeley School of Information Management and Systems cautioned that ''critical decisions about e-commerce taxation should not be made without further neutral and unbiased research.'' Its report specified several areas for detailed study that relate, not only to sales tax issues, but to technology and consumer behavior in the new economy, as well.

(e) The Legislative Analyst, in a January 2000 report titled ''California Tax Policy and the Internet,'' recommended that the Legislature undertake a comprehensive review of the sales and use tax, as well as telecommunications taxes and the corporate income tax, in relation to e-commerce activity and its impact on tax administration, tax equity, and overall state revenue.

(f) California's current tax structure is largely based on a 20th century industrial economy that produced most of its wealth from manufacturing and agriculture. California's 21st century technology-dependent economy is already based largely on information and services, part of a new global economy that is built on the rapid development of ideas and the exchange of information using multiple communications media. It is characterized by rapid restructuring of business-to-business and business-to-customer relationships in the state and across the world and a shift from production and consumption of tangible goods to use of intangible goods and services.

(g) Numerous reports, including the California Economic Strategy Panel's ''Collaborating to Compete in the New Economy'' have identified the characteristics of our state's economic transformation at the end of the last century. That report concluded that the state's developing economy is one that is ''fast, flexible, global, networked, and knowledge-based.'' There is a need to reevaluate our entire system of tax policies and collection mechanisms in light of this new economy. California should lead the way for all states in designing a 21st century tax system.

(h) State and local revenues are generally performing well, based on the state's strong economic performance. This situation provides an opportunity to assure that the tax system performs as well as possible during periods of weaker economic performance, and altogether to assure that sufficient revenues are available for governments to continue providing the services essential for an economy to expand and prosper, by: (1) removing inconsistencies and inefficiencies, (2) addressing equity and fairness concerns, (3) improving administration, and (4) considering base-broadening measures.

(i) Our tax policies must continue to be formulated in ways that recognize the need for government to provide resources for investment in the infrastructure necessary for economic growth, as well as to provide

for the legitimate health, public assistance, and safety needs of our citizens.

(j) It is the purpose of this act to create an open, public, fair, and balanced participatory process for the development of a long-term strategy for revising state and local tax structure for California that eliminates needless complexity and nurtures and expands the state's global leadership in key emerging industries and for businesses that are repositioning to take advantage of the new economy. That policy must balance tax restructuring with the generation of sufficient resources to continuously improve California's educational system, its physical and information infrastructure, its quality of life, and promote shared prosperity.

SEC. 2. Part 18.3 (commencing with Section 38061) is added to Division 2 of the Revenue and Taxation Code, to read:

PART 18.3. CALIFORNIA COMMISSION ON TAX POLICY IN THE NEW ECONOMY

38061. This part is known and may be cited as the ''California Commission on Tax Policy in the New Economy.''

38062. The California Commission on Tax Policy in the New Economy is hereby created.

38063. The commission shall be comprised as follows:

(a) Nine voting members of the commission, of which three members shall be public members representing business, three members shall be public members representing local government, and three members shall be at-large members who may represent various segments of the public, including, but not limited to, academia, organized labor, and public interest groups.

(1) The Governor shall appoint five members, taking into consideration the importance of bipartisan representation of public members. The Governor shall designate one of the public members as Chair of the Commission.

(2) The Senate Rules Committee shall appoint two members, including one upon recommendation of the minority party.

(3) The Speaker of the Assembly shall appoint two members, including one upon recommendation of the minority party.

(b) Ex officio nonvoting members shall include all of the following:

(1) The Executive Officer of the Franchise Tax Board, or a designee.

(2) The Chair of the State Board of Equalization, or a designee.

(3) The Director of Employment Development, or a designee.

(4) The Chair of the California Public Utilities Commission, or a designee.

(5) The Director of Finance, or a designee.

(6) The Controller, or a designee.

(7) A public member of the California Economic Strategy Panel to be appointed by the Secretary of Trade and Commerce.

(8) The Chair of the Senate Committee on Revenue and Taxation, or a designee.

(9) The Chair of the Assembly Committee on Revenue and Taxation, or a designee.

38064. The commission may form additional technical assistance workgroups, including experts from government, academia, and the private sector, and interested public stakeholders, as necessary to complete its work.

38065. The commission shall do all of the following:

(a) Identify all the key stakeholders in the new economy and invite them into the commission's process.

(b) Develop a comprehensive agenda of goals and a roadmap of all critical issues that ought to be addressed in achieving a workable, flexible, and balanced long-term solution.

(c) Undertake the process of conducting public hearings and in the correct phases address each of these critical issues and seek to arrive at a comprehensive conclusion with respect to the smartest public policy taxation of the Internet.

(d) Examine and describe all aspects of the current and future California economy, with special attention to the influence of new technologies, including, but not limited to, the use of the Internet in electronic commerce.

(e) Assess the impact of those predictions about the economy on the sources and size of projected public revenues, with special attention to the needs of local government.

(f) Study and make recommendations regarding specific elements of the California system of state and local taxes, including, but not limited to, the following:

(1) With respect to the sales and use tax, the commission shall do all of the following:

(A) Examine the impact that economic transitions have had on the sales and use tax.

(B) Determine whether uneven treatment with respect to the method of sales, the type of commodity, and the location of the buyer and the seller may occur and the extent to which they may have led to tax-generated distortions in economic decisionmaking and disadvantages for certain businesses and economic sectors.

(C) Examine the extent to which the allocation and distribution of sales and use taxes impact local decisionmaking on land use and whether alternative methods may be more appropriate.

(2) With respect to telecommunications taxes, the commission shall examine the status of the current telecommunications tax system, including state telecommunications surcharges, utility user charges, and franchise fees, in light of changes in the competitive and technological features of the industry. This examination should focus on the complexity, consistency, and efficiency of the system.

(3) With respect to income taxes, the commission shall do both of the following:

(A) Examine recent trends in the collection of bank and corporation taxes and the impact that a transitioning economy has had on those trends.

(B) Examine the relationship between the bank and corporation tax and the personal income tax and whether trends in the new economy will have an impact on that relationship.

(4) With respect to property taxes, the commission shall do both of the following:

(A) Investigate the revenue repercussions for local government in assessment of real property, assuming changes in the trends of real property versus personal property utilization.

(B) Examine the effects of electronic commerce activity on land-based enterprises in the new economy and evaluate the impact on local economic development approaches and consider what new tools could be used.

38066. The commission shall submit an interim report to the Governor and the Legislature not later than 12 months from the date of the commission's first public meeting and a final report with recommendations not later than 24 months from the date of the commission's first public meeting.

38067. This part shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

CHAPTER 620

The people of the State of California do enact as follows:

(b) Any peace officer who knowingly, willfully, and intentionally alters, modifies, plants, places, manufactures, conceals, or moves any physical matter, with specific intent that the action will result in a person being charged with a crime or with the specific intent that the physical matter will be wrongfully produced as genuine or true upon any trial, proceeding, or inquiry whatever, is guilty of a felony punishable by two, three, or five years in the state prison.

(c) Nothing in this section shall preclude prosecution under both this section and any other provision of law.

SEC. 2. CHAPTER 625

An act to repeal and add Section 2914 of the Business and Professions Code, and to add Sections 94729.3 and 94814.5 to the Education Code, relating to psychology.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 2914 of the Business and Professions Code is repealed.

SEC. 2. Section 2914 is added to the Business and Professions Code, to read:

2914. Each applicant for licensure shall comply with all of the following requirements:

(a) Is not subject to denial of licensure under Division 1.5.

(b) Possess an earned doctorate degree (1) in psychology, (2) in education psychology, or (3) in education with the field of specialization in counseling psychology or educational psychology. Except as provided in subdivision (g), this degree or training shall be obtained from an accredited university, college, or professional school.

No educational institution shall be denied recognition as an accredited academic institution solely because its program is not accredited by any professional organization of psychologists, and nothing in this chapter or in the administration of this chapter shall require the registration with the board by educational institutions of their departments of psychology or their doctoral programs in psychology.

(c) Have engaged for at least two years in supervised professional experience under the direction of a licensed psychologist, the specific requirements of which shall be defined by the board in its regulations, or under suitable alternative supervision as determined by the board in regulations duly adopted under this chapter, at least one year of which shall be after being awarded the doctorate in psychology. If the supervising licensed psychologist fails to provide verification to the board of the experience required by this subdivision within 30 days after being so requested by the applicant, the applicant may provide written verification directly to the board.

If the applicant sends verification directly to the board, the applicant shall file with the board a declaration of proof of service, under penalty of perjury, of the request for verification. A copy of the completed verification forms shall be provided to the supervising psychologist and the applicant shall prove to the board that a copy has been sent to the supervising psychologist by filing a declaration of proof of service under

penalty of perjury, and shall file this declaration with the board when the verification forms are submitted.

Upon receipt by the board of the applicant's verification and declarations, a rebuttable presumption affecting the burden of producing evidence is created that the supervised, professional experience requirements of this subdivision have been satisfied. The supervising psychologist shall have 20 days from the day the board receives the verification and declaration to file a rebuttal with the board.

The authority provided by this subdivision for an applicant to file written verification directly shall apply only to an applicant who has acquired the experience required by this subdivision in the United States.

The board shall establish qualifications by regulation for supervising psychologists and shall review and approve applicants for this position on a case-by-case basis.

(d) Take and pass the examination required by Section 2941 unless otherwise exempted by the board under this chapter.

(e) Show by evidence satisfactory to the board that he or she has completed training in the detection and treatment of alcohol and other chemical substance dependency. This requirement applies only to applicants who matriculate on or after September 1, 1985.

(f) Show by evidence satisfactory to the board that he or she has completed coursework, in spousal or partner abuse assessment, detection, and intervention. Coursework required under this subdivision may be satisfactory if taken either in fulfillment of other educational requirements for licensure or in a separate course. This requirement applies to applicants who begin graduate training on or after January 1, 1995. This requirement for coursework in spousal or partner abuse detection and treatment shall be satisfied by, and the board shall accept in satisfaction of the requirement, a certification from the chief academic officer of the educational institution from which the applicant graduated that the required coursework is included within the institution's required curriculum for graduation.

(g) An applicant holding a doctoral degree in psychology from an approved institution is deemed to meet the requirements of this section if all of the following are true:

(1) The approved institution offered a doctoral degree in psychology designed to prepare students for a license to practice psychology and was approved by the Bureau for Private Postsecondary and Vocational Education on or before July 1, 1999.

(2) The approved institution has not, since July 1, 1999, had a new location, as described in Section 94721 of the Education Code.

(3) The approved institution is not a franchise institution, as defined in Section 94729.3 of the Education Code.

SEC. 3. Section 94729.3 is added to the Education Code, to read:

94729.3. ''Franchise institution'' means a newly established location of an existing approved institution offering postsecondary education services leading to candidacy for psychology licensure that bears the same name as the existing approved institution and about which either of the following is true:

(a) The newly established location is owned or financially controlled by an individual or individuals other than those who own or financially control the existing approved institution.

(b) The newly established institution is administered by an individual or individuals other than those persons who administer the existing approved institution.

SEC. 4. Section 94814.5 is added to the Education Code, to read:

94814.5. (a) Each institution subject to this article, and offering a doctoral degree in psychology designed to prepare students for a license to practice psychology in California, shall provide to each prospective student in professional psychology a California Unaccredited Graduate Psychology School Disclosure Form that discloses all of the following information:

(1) The number of graduates of the institution who have taken, and the number of graduates of the institution who have passed, the psychology written licensing examination administered by the California Board of Psychology during the immediately preceding four years.

(2) The number of graduates of the institution who have taken, and the number of graduates of the institution who have passed, the psychology oral licensing examination administered by the California Board of Psychology during the immediately preceding four years.

(3) The number of graduates of the institution who have become licensed psychologists in the State of California during the immediately preceding four years.

(4) The practice limitations imposed on graduates of the institution who hold doctoral degrees in psychology. This paragraph shall be in 14-point boldface type, and shall read as follows:

''Prospective students should be aware that as a graduate of an unaccredited school of psychology you may face restrictions that could include difficulty in obtaining licensing in a state outside of California and difficulty in obtaining a teaching job or appointment at an accredited college or university. It may also be difficult to work as a psychologist for some federal government or other public agencies, or to be appointed to the medical staff of a hospital. Some major managed care organizations, insurance companies, or preferred provider organizations may not reimburse individuals whose degrees are from unaccredited schools. Graduates of unaccredited schools may also face limitations in their abilities to be listed in the 'National Register of Health Service

Providers' or to hold memberships in other major organizations of psychologists.''

(b) Annually, each institution shall provide to the bureau a copy of the disclosure form signed by each student who has enrolled in any course during the year that may be used in the graduate education leading to a doctoral degree in psychology that qualifies the graduate as a candidate for the psychology licensure examination.

(c) If an institution fails to satisfy any of the requirements of this section, the bureau may revoke the institution's approval to operate or to offer the psychology degree that leads to licensure as a psychologist, or may impose either an administrative penalty or a civil penalty not to exceed ten thousand dollars ($10,000) per noted violation.

On or before July 1, 1992, and every July 1 thereafter, the Department of Justice shall submit a report to the Legislature analyzing the results of the information obtained from local law enforcement agencies pursuant to this section.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 243.9 is added to the Penal Code, to read:

243.9. (a) Every person confined in any local detention facility who commits a battery by gassing upon the person of any peace officer, as

defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, or employee of the local detention facility is guilty of aggravated battery and shall be punished by imprisonment in a county jail or by imprisonment in the state prison for two, three, or four years.

(b) For purposes of this section, ''gassing'' means intentionally placing or throwing, or causing to be placed or thrown, upon the person of another, any human excrement or other bodily fluids or bodily substances or any mixture containing human excrement or other bodily fluids or bodily substances that results in actual contact with the person's skin or membranes.

(c) The person in charge of the local detention facility shall use every available means to immediately investigate all reported or suspected violations of subdivision (a), including, but not limited to, the use of forensically acceptable means of preserving and testing the suspected gassing substance to confirm the presence of human excrement or other bodily fluids or bodily substances. If there is probable cause to believe that the inmate has violated subdivision (a), the chief medical officer of the local detention facility, or his or her designee, may, when he or she deems it medically necessary to protect the health of an officer or employee who may have been subject to a violation of this section, order the inmate to receive an examination or test for hepatitis or tuberculosis or both hepatitis and tuberculosis on either a voluntary or involuntary basis immediately after the event, and periodically thereafter as determined to be necessary by the medical officer in order to ensure that further hepatitis or tuberculosis transmission does not occur. These decisions shall be consistent with an occupational exposure as defined by the Center for Disease Control and Prevention. The results of any examination or test shall be provided to the officer or employee who has been subject to a reported or suspected violation of this section. Nothing in this subdivision shall be construed to otherwise supersede the operation of Title 8 (commencing with Section 7500). (c) The warden or other person in charge of the state prison shall use every available means to immediately investigate all reported or suspected violations of subdivision (a), including, but not limited to, the use of forensically acceptable means of preserving and testing the suspected gassing substance to confirm the presence of human excrement or other bodily fluids or bodily substances. If there is probable cause to believe that the inmate has violated subdivision (a), the chief medical officer of the state prison or his or her designee, may, when he or she deems it medically necessary to protect the health of an officer or employee who may have been subject to a violation of this section, order the inmate to receive an examination or test for hepatitis or tuberculosis or both hepatitis and tuberculosis on either a voluntary or involuntary basis immediately after the event, and periodically thereafter as determined to be necessary by the medical officer in order to ensure that further hepatitis or tuberculosis transmission does not occur. These decisions shall be consistent with an occupational exposure as defined by the Center for Disease Control and Prevention. The results of any examination or test shall be provided to the officer or employee who has been subject to a reported or suspected violation of this section. Nothing in this subdivision shall be construed to otherwise supersede the operation of Title 8 (commencing with Section 7500). (e) The Department of Corrections shall report to the Legislature, by January 1, 2000, its findings and recommendations on gassing incidents at the state prison and the medical testing authorized by this section. The report shall include, but not be limited to, all of the following:

(1) The total number of gassing incidents at each state prison facility up to the date of the report.

(2) The disposition of each gassing incident, including the administrative penalties imposed, the number of incidents that are prosecuted, and the results of those prosecutions, including any penalties imposed.

(3) A profile of the inmates who commit the aggravated batteries, including the number of inmates who have one or more prior serious or violent felony convictions.

(4) Efforts that the department has taken to limit these incidents, including staff training and the use of protective clothing and goggles.

(5) The results and costs of the medical testing authorized by this section.

(f) Nothing in this section shall preclude prosecution under both this section and any other provision of law.

SEC. 3. Section 1768.85 is added to the Welfare and Institutions Code, to read:

1768.85. (a) Every person confined under the jurisdiction of the Department of the Youth Authority who commits a battery by gassing upon the person of any peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, or employee of the institution is guilty of aggravated battery and shall be punished by imprisonment in a county jail or by imprisonment in the state prison for two, three, or four years.

(b) For purposes of this section, ''gassing'' means intentionally placing or throwing, or causing to be placed or thrown, upon the person of another, any human excrement or other bodily fluids or bodily substances or any mixture containing human excrement or other bodily fluids or bodily substances that results in actual contact with the person's skin or membranes.

(c) The person in charge of the institution under the jurisdiction of the Department of the Youth Authority shall use every available means to immediately investigate all reported or suspected violations of subdivision (a), including, but not limited to, the use of forensically acceptable means of preserving and testing the suspected gassing substance to confirm the presence of human excrement or other bodily fluids or bodily substances. If there is probable cause to believe that a ward has violated subdivision (a), the chief medical officer of the institution under the jurisdiction of the Department of the Youth Authority, or his or her designee, may, when he or she deems it medically necessary to protect the health of an officer or employee who may have been subject to a violation of this section, order the ward to receive an examination or test for hepatitis or tuberculosis or both hepatitis and tuberculosis on either a voluntary or involuntary basis immediately after the event, and periodically thereafter as determined to be necessary by the medical officer in order to ensure that further hepatitis or tuberculosis

transmission does not occur. These decisions shall be consistent with an occupational exposure as defined by the Center for Disease Control and Prevention. The results of any examination or test shall be provided to the officer or employee who has been subject to a reported or suspected violation of this section. Nothing in this subdivision shall be construed to otherwise supersede the operation of Title 8 (commencing with Section 7500). Any person performing tests, transmitting test results, or disclosing information pursuant to this section shall be immune from civil liability for any action taken in accordance with this section.

(d) The person in charge of the institution under the jurisdiction of the Department of the Youth Authority shall refer all reports for which there is probable cause to believe that the inmate has violated subdivision (a) to the local district attorney for prosecution.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 628

An act to amend Section 502.01 of the Penal Code, relating to crimes.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 502.01 of the Penal Code is amended to read:

502.01. (a) As used in this section:

(1) ''Property subject to forfeiture'' means any property of the defendant that is illegal telecommunications equipment as defined in subdivision (g) of Section 502.8, or a computer, computer system, or computer network, and any software or data residing thereon, if the telecommunications device, computer, computer system, or computer network was used in committing a violation of, or conspiracy to commit a violation of, Section 422, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, 537e, 593d, 593e, or 646.9, or was used as a repository for the storage of software or data obtained in violation of those provisions. Forfeiture shall not be available for any property used solely in the commission of an infraction. If the defendant is a minor, it also includes property of the parent or guardian of the defendant.

(2) ''Sentencing court'' means the court sentencing a person found guilty of violating or conspiring to commit a violation of Section 422, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, 530.5, 537e, 593d, 593e, or 646.9, or, in the case of a minor, found to be a person described in Section 602 of the Welfare and Institutions Code because of a violation of those provisions, the juvenile court.

(3) ''Interest'' means any property interest in the property subject to forfeiture.

(4) ''Security interest'' means an interest that is a lien, mortgage, security interest, or interest under a conditional sales contract.

(5) ''Value'' has the following meanings:

(A) When counterfeit items of computer software are manufactured or possessed for sale, the ''value'' of those items shall be equivalent to the retail price or fair market price of the true items that are counterfeited.

(B) When counterfeited but unassembled components of computer software packages are recovered, including, but not limited to,

counterfeited computer diskettes, instruction manuals, or licensing envelopes, the ''value'' of those components of computer software packages shall be equivalent to the retail price or fair market price of the number of completed computer software packages that could have been made from those components.

(b) The sentencing court shall, upon petition by the prosecuting attorney, at any time following sentencing, or by agreement of all parties, at the time of sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this section. At the forfeiture hearing, the prosecuting attorney shall have the burden of establishing, by a preponderance of the evidence, that the property or property interests are subject to forfeiture. The prosecuting attorney may retain seized property that may be subject to forfeiture until the sentencing hearing.

(c) Prior to the commencement of a forfeiture proceeding, the law enforcement agency seizing the property subject to forfeiture shall make an investigation as to any person other than the defendant who may have an interest in it. At least 30 days before the hearing to determine whether the property should be forfeited, the prosecuting agency shall send notice of the hearing to any person who may have an interest in the property that arose before the seizure.

A person claiming an interest in the property shall file a motion for the redemption of that interest at least 10 days before the hearing on forfeiture, and shall send a copy of the motion to the prosecuting agency and to the probation department.

If a motion to redeem an interest has been filed, the sentencing court shall hold a hearing to identify all persons who possess valid interests in the property. No person shall hold a valid interest in the property if, by a preponderance of the evidence, the prosecuting agency shows that the person knew or should have known that the property was being used in violation of, or conspiracy to commit a violation of, Section 311.1, 311.2, 311.3, 311.4, 311.5, 311.10, 311.11, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, 530.5, 537e, 593d, 593e, or 646.9, and that the person did not take reasonable steps to prevent that use, or if the interest is a security interest, the person knew or should have known at the time that the security interest was created that the property would be used for a violation.

(d) If the sentencing court finds that a person holds a valid interest in the property, the following provisions shall apply:

(1) The court shall determine the value of the property.

(2) The court shall determine the value of each valid interest in the property.

(3) If the value of the property is greater than the value of the interest, the holder of the interest shall be entitled to ownership of the property upon paying the court the difference between the value of the property and the value of the valid interest.

If the holder of the interest declines to pay the amount determined under paragraph (2), the court may order the property sold and designate the prosecutor or any other agency to sell the property. The designated agency shall be entitled to seize the property and the holder of the interest shall forward any documentation underlying the interest, including any ownership certificates for that property, to the designated agency. The designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(4) If the value of the property is less than the value of the interest, the designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(e) If the defendant was a minor at the time of the offense, this subdivision shall apply to property subject to forfeiture that is the property of the parent or guardian of the minor.

(1) The prosecuting agency shall notify the parent or guardian of the forfeiture hearing at least 30 days before the date set for the hearing.

(2) The computer or telecommunications device shall not be subject to forfeiture if the parent or guardian files a signed statement with the court at least 10 days before the date set for the hearing that the minor shall not have access to any computer or telecommunications device owned by the parent or guardian for two years after the date on which the minor is sentenced.

(3) If the minor is convicted of a violation of Section 470, 470a, 472, 476, 480, or subdivision (b) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, within two years after the date on which the minor is sentenced, and the violation involves a computer or telecommunications device owned by the parent or guardian, the original property subject to forfeiture, and the property involved in the new offense, shall be subject to forfeiture notwithstanding paragraph (2).

(4) Notwithstanding paragraph (1), (2), or (3), or any other provision of this chapter, if a minor's parent or guardian makes full restitution to the victim of a crime enumerated in this chapter in an amount or manner determined by the court, the forfeiture provisions of this chapter do not apply to the property of that parent or guardian if the property was located in the family's primary residence during the commission of the crime.

(f) Notwithstanding any other provision of this chapter, the court may exercise its discretion to deny forfeiture where the court finds that the

convicted defendant, or minor adjudicated to come within the jurisdiction of the juvenile court, is not likely to use the property otherwise subject to forfeiture for future illegal acts.

(g) If the defendant is found to have the only valid interest in the property subject to forfeiture, it shall be distributed as follows:

(1) First, to the victim, if the victim elects to take the property as full or partial restitution for injury, victim expenditures, or compensatory damages, as defined in paragraph (1) of subdivision (e) of Section 502. If the victim elects to receive the property under this paragraph, the value of the property shall be determined by the court and that amount shall be credited against the restitution owed by the defendant. The victim shall not be penalized for electing not to accept the forfeited property in lieu of full or partial restitution.

(2) Second, at the discretion of the court, to one or more of the following agencies or entities:

(A) The prosecuting agency.

(B) The public entity of which the prosecuting agency is a part.

(C) The public entity whose officers or employees conducted the investigation resulting in forfeiture.

(D) Other state and local public entities, including school districts.

(E) Nonprofit charitable organizations.

(h) If the property is to be sold, the court may designate the prosecuting agency or any other agency to sell the property at auction. The proceeds of the sale shall be distributed by the court as follows:

(1) To the bona fide or innocent purchaser or encumbrancer, conditional sales vendor, or mortgagee of the property up to the amount of his or her interest in the property, if the court orders a distribution to that person.

(2) The balance, if any, to be retained by the court, subject to the provisions for distribution under subdivision (g).

SEC. 1.5. Section 502.01 of the Penal Code is amended to read:

502.01. (a) As used in this section:

(1) ''Property subject to forfeiture'' means any property of the defendant that is illegal telecommunications equipment as defined in subdivision (g) of Section 502.8, or a computer, computer system, or computer network, and any software or data residing thereon, if the telecommunications device, computer, computer system, or computer network was used in committing a violation of, or a conspiracy to commit a violation of, Section 422, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, 537e, 593d, 593e, or 646.9, or was used as a repository for the storage of software or data obtained in violation of those provisions. Forfeiture

shall not be available for any property used solely in the commission of an infraction. If the defendant is a minor, it also includes property of the parent or guardian of the defendant.

(2) ''Sentencing court'' means the court sentencing a person found guilty of violating or conspiring to commit a violation of Section 422, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, 530.5, 537e, 593d, 593e, or 646.9, or, in the case of a minor, found to be a person described in Section 602 of the Welfare and Institutions Code because of a violation of those provisions, the juvenile court.

(4) ''Security interest'' means an interest that is a lien, mortgage, security interest, or interest under a conditional sales contract.

(5) ''Value'' has the following meanings:

(A) When counterfeit items of computer software are manufactured or possessed for sale, the ''value'' of those items shall be equivalent to the retail price or fair market price of the true items that are counterfeited.

(B) When counterfeited but unassembled components of computer software packages are recovered, including, but not limited to, counterfeited computer diskettes, instruction manuals, or licensing envelopes, the ''value'' of those components of computer software packages shall be equivalent to the retail price or fair market price of the number of completed computer software packages that could have been made from those components.

(b) The sentencing court shall, upon petition by the prosecuting attorney, at any time following sentencing, or by agreement of all parties, at the time of sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture under this section. At the forfeiture hearing, the prosecuting attorney shall have the burden of establishing, by a preponderance of the evidence, that the property or property interests are subject to forfeiture. The prosecuting attorney may retain seized property that may be subject to forfeiture until the sentencing hearing.

(c) (1) Prior to the commencement of a forfeiture proceeding, the law enforcement agency seizing the property subject to forfeiture shall make an investigation as to any person other than the defendant who may have an interest in it. At least 30 days before the hearing to determine whether the property should be forfeited, the prosecuting agency shall send notice of the hearing to any person who may have an interest in the property that arose before the seizure.

(2) A person claiming an interest in the property shall file a motion for the redemption of that interest at least 10 days before the hearing on forfeiture, and shall send a copy of the motion to the prosecuting agency and to the probation department.

(3) If a motion to redeem an interest has been filed, the sentencing court shall hold a hearing to identify all persons who possess valid interests in the property. No person shall hold a valid interest in the property if, by a preponderance of the evidence, the prosecuting agency shows that the person knew or should have known that the property was being used in violation of, or conspiracy to commit a violation of, Section 311.1, 311.2, 311.3, 311.4, 311.5, 311.10, 311.11, 470, 470a, 472, 475, 476, 480, 483.5, 484g, or subdivision (a), (b), or (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) or (c) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, 530.5, 537e, 593d, 593e, or 646.9, and that the person did not take reasonable steps to prevent that use, or if the interest is a security interest, the person knew or should have known at the time that the security interest was created that the property would be used for a violation.

(d) If the sentencing court finds that a person holds a valid interest in the property, the following provisions shall apply:

(1) The court shall determine the value of the property.

(2) The court shall determine the value of each valid interest in the property.

(3) If the value of the property is greater than the value of the interest, the holder of the interest shall be entitled to ownership of the property upon paying the court the difference between the value of the property and the value of the valid interest.

If the holder of the interest declines to pay the amount determined under paragraph (2), the court may order the property sold and designate the prosecutor or any other agency to sell the property. The designated agency shall be entitled to seize the property and the holder of the interest shall forward any documentation underlying the interest, including any ownership certificates for that property, to the designated agency. The designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(4) If the value of the property is less than the value of the interest, the designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(e) If the defendant was a minor at the time of the offense, this subdivision shall apply to property subject to forfeiture that is the property of the parent or guardian of the minor.

(1) The prosecuting agency shall notify the parent or guardian of the forfeiture hearing at least 30 days before the date set for the hearing.

(2) The computer or telecommunications device shall not be subject to forfeiture if the parent or guardian files a signed statement with the court at least 10 days before the date set for the hearing that the minor shall not have access to any computer or telecommunications device owned by the parent or guardian for two years after the date on which the minor is sentenced.

(3) If the minor is convicted in an adult prosecution or is adjudicated to be a person to come within the jurisdiction of the juvenile court for the commission of a violation of, or a conspiracy to commit a violation of, a section specified in paragraph (1) of subdivision (a), within two years after the date on which the minor was subject to the disposition of the juvenile court, and the violation involves a computer or telecommunications device owned by the parent or guardian, the original property subject to forfeiture, and the property involved in the new offense, shall be subject to forfeiture notwithstanding paragraph (2).

(4) Notwithstanding paragraph (3), if the minor is convicted in an adult prosecution or is adjudicated to be a person to come within the jurisdiction of the juvenile court for the commission of a violation of, or a conspiracy to commit a violation of, this section or a section specified in paragraph (1) of subdivision (a), within two years after the date on which the minor was subject to the disposition of the juvenile court for an offense under this section, the property involved in the prior offense shall not be subject to forfeiture if the parent made restitution to the victim of the first offense and the second offense was not committed with a telecommunications device or computer located in the parent's primary residence.

(5) Notwithstanding paragraph (1), (2), or (3), or any other provision of this chapter, if a minor's parent or guardian makes full restitution to the victim of a crime enumerated in this chapter in an amount or manner determined by the court, the forfeiture provisions of this chapter do not apply to the property of that parent or guardian if the property was located in the family's primary residence during the commission of the crime.

(f) Notwithstanding any other provision of this chapter, the court may exercise its discretion to deny forfeiture where the court finds that the convicted defendant, or minor adjudicated to come within the jurisdiction of the juvenile court, is not likely to use the property otherwise subject to forfeiture for future illegal acts.

(g) If the defendant is found to have the only valid interest in the property subject to forfeiture, it shall be distributed as follows:

(1) First, to the victim, if the victim elects to take the property as full or partial restitution for injury, victim expenditures, or compensatory damages, as defined in paragraph (1) of subdivision (e) of Section 502. If the victim elects to receive the property under this paragraph, the value

of the property shall be determined by the court and that amount shall be credited against the restitution owed by the defendant. The victim shall not be penalized for electing not to accept the forfeited property in lieu of full or partial restitution.

(2) Second, at the discretion of the court, to one or more of the following agencies or entities:

(A) The prosecuting agency.

(B) The public entity of which the prosecuting agency is a part.

(C) The public entity whose officers or employees conducted the investigation resulting in forfeiture.

(D) Other state and local public entities, including school districts.

(E) Nonprofit charitable organizations.

(h) If the property is to be sold, the court may designate the prosecuting agency or any other agency to sell the property at auction. The proceeds of the sale shall be distributed by the court as follows:

(1) To the bona fide or innocent purchaser or encumbrancer, conditional sales vendor, or mortgagee of the property up to the amount of his or her interest in the property, if the court orders a distribution to that person.

(2) The balance, if any, to be retained by the court, subject to the provisions for distribution under subdivision (g).

(i) (1) A claimant of seized property alleged in the complaint of forfeiture may move the court for immediate release of the property. The motion shall be in writing and shall be served upon the agency that seized the property. The court shall grant the motion after making all of the following findings:

(A) The claimant has a valid possessory interest in the property.

(B) Continued possession by the government will cause substantial hardship to the claimant.

(C) The hardship to the claimant outweighs the risk that the property will be destroyed, damaged, lost, concealed, or transferred if it is returned to the claimant during the pendency of the forfeiture proceedings.

(2) Paragraph (1) shall not apply to property that is owned by a person charged with the underlying criminal offense for which the property is subject to forfeiture.

(j) (1) A law enforcement agency shall be liable for the real damages caused by the destruction, injury, or loss of goods, merchandise, or other property, while in the possession of a law enforcement officer employed by that agency, if that property was seized for the purpose of forfeiture under this section.

(2) A law enforcement agency shall not be liable under paragraph (1) to a person who is convicted of the underlying criminal offense for which the property was subject to forfeiture under this section.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 502.01 of the Penal Code proposed by both this bill and SB 2106. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 502.01 of the Penal Code, and (3) this bill is enacted after SB 2106, in which case Section 1 of this bill shall not become operative.

NOTE: AN AMENDED NOTICE MUST BE FILED BY THE BROKER WITHIN 30 DAYS OF ANY MATERIAL CHANGE IN THE INFORMATION REQUIRED TO BE SET FORTH HEREIN.

(b) All advertising employed for transactions under this section shall (1) show the name of the broker and (2) comply with Section 10235 of the Business and Professions Code and Sections 260.302 and 2848 of Title 10 of the California Code of Regulations. Brokers and their agents are cautioned that a reference to a prospective investor that a transaction is conducted under this section may be deemed misleading or deceptive if this representation may reasonably be construed by the investor as an implication of merit or approval of the transaction.

(c) The real property directly securing the notes or interests is located in this state, the note or notes are not by their terms subject to subordination to any subsequently created deed of trust upon the real property, and the note or notes are not promotional notes secured by liens on separate parcels of real property in one subdivision or in contiguous subdivisions. For purposes of this subdivision, a promotional note means a promissory note secured by a trust deed, executed on unimproved real property or executed after construction of an improvement of the property but before the first purchase of the property as so improved, or executed as a means of financing the first purchase of the property as so improved, that is subordinate, or by its terms may become subordinate, to any other trust deed on the property. However, the term ''promotional note'' does not include either of the following:

(1) A note that was executed in excess of three years prior to being offered for sale.

(2) A note secured by a first trust deed on real property in a subdivision that evidences a bona fide loan made in connection with the financing of the usual cost of the development in a residential, commercial, or industrial building or buildings on the property under a written agreement providing for the disbursement of the loan funds as costs are incurred or in relation to the progress of the work and providing for title insurance ensuring the priority of the security as against mechanic's and materialmen's liens or for the final disbursement of at least 10 percent of the loan funds after the expiration of the period for the filing of mechanic's and materialmen's liens.

(d) (1) The notes or interests are sold by or through a real estate broker, as principal or agent. At the time the interests are originally sold or assigned, neither the broker nor an affiliate of the broker shall have an interest as owner, lessor, or developer of the property securing the

loan, or any contractual right to acquire, lease, or develop the property securing the loan. This provision does not prohibit a broker from conducting the following transactions if, in either case, the disclosure statement furnished by the broker pursuant to subdivision (k) discloses the interest of the broker or affiliate in the transaction and the circumstances under which the broker or affiliate acquired the interest:

(A) A transaction in which the broker or an affiliate of the broker is acquiring the property pursuant to a foreclosure under, or sale pursuant to, a deed of trust securing a note for which the broker is the servicing agent or that the broker sold to the holder or holders.

(B) A transaction in which the broker or an affiliate of the broker is reselling from inventory property acquired by the broker pursuant to a foreclosure under, or sale pursuant to, a deed of trust securing a note for which the broker is the servicing agent or that the broker sold to the holder or holders.

(2) For the purposes of this subdivision, the following definitions apply:

(A) ''Broker'' means a person licensed as a broker under this part.

(B) ''Affiliate'' means a person controlled by, controlling, or under common control with, the broker.

(e) (1) The notes or interests shall not be sold to more than 10 persons, each of whom meets one or both of the qualifications of income or net worth set forth below and signs a statement, which shall be retained by the broker for four years, conforming to the following:

(2) The number of offerees shall not be considered for the purposes of this section.

(3) A husband and wife and their dependents, and an individual and his or her dependents, shall be counted as one person.

(4) A retirement plan, trust, business trust, corporation, or other entity that is wholly owned by an individual and the individual's spouse or the individual's dependents, or any combination thereof, shall not be counted separately from the individual, but the investments of these entities shall be aggregated with those of the individual for the purposes of the statement required by paragraph (1). If the investments of any entities are required to be aggregated under this subdivision, the adjusted gross income or net worth of these entities may also be aggregated with the net worth, income, or both, of the individual.

(5) The ''institutional investors'' enumerated in subdivision (i) of Section 25102 or subdivision (c) of Section 25104 of the Corporations Code, or in a rule adopted pursuant thereto, shall not be counted.

(f) The notes or interests of the purchasers shall be identical in their underlying terms, including the right to direct or require foreclosure, rights to and rate of interest, and other incidents of being a lender, and the sale to each purchaser pursuant to this section shall be upon the same terms, subject to adjustment for the face or principal amount or percentage interest purchased and for interest earned or accrued. This subdivision does not preclude different selling prices for interests to the extent that these differences are reasonably related to changes in the market value of the loan occurring between the sales of these interests. The interest of each purchaser shall be recorded.

(g) (1) Except as provided in paragraph (2), the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the real property senior thereto, shall not exceed the following percentages of the current market value of the real property, as determined in writing by the broker or appraiser pursuant to Section 10232.6, plus the amount for which the payment of principal and interest in excess of the percentage of current market value is insured for the benefit of the holders of the notes or interests by an insurer admitted to do business in this state by the Insurance Commissioner:

(A)	Single–family residence, owner occupied	80%
(B)	Single–family residence, not owner occupied	75%
(C)	Commercial and income–producing properties	65%
(D)	Single–family residentially zoned lot or parcel which has installed offsite improvements including drainage, curbs, gutters, sidewalks, paved roads, and utilities as mandated by the political subdivision having jurisdiction over the lot or parcel	65%

(E) Land that has been zoned for (and if required, approved for subdivision as) commercial or residential development . . . 50%

(F) Other real property 35%

(2) The percentage amounts specified in paragraph (1) may be exceeded when and to the extent that the broker determines that the encumbrance of the property in excess of these percentages is reasonable and prudent considering all relevant factors pertaining to the real property. However, in no event shall the aggregate principal amount of the notes or interests sold, together with the unpaid principal amount of any encumbrances upon the property senior thereto, exceed 80 percent of the current fair market value of improved real property or 50 percent of the current fair market value of unimproved real property, except in the case of a single-family zoned lot or parcel as defined in paragraph (1), which shall not exceed 65 percent of the current fair market value of that lot or parcel, plus the amount insured as specified in paragraph (1). A written statement shall be prepared by the broker that sets forth the material considerations and facts that the broker relies upon for his or her determination, which shall be retained as a part of the broker's record of the transaction. Either a copy of the statement or the information contained therein shall be included in the disclosures required pursuant to subdivision (k).

(3) A copy of the appraisal or the broker's evaluation shall be delivered to each purchaser. The broker shall advise purchasers of their right to receive a copy. For purposes of this paragraph, ''appraisal'' means a written estimate of value based upon the assembling, analyzing, and reconciling of facts and value indicators for the real property in question. A broker shall not purport to make an appraisal unless the person so employed is qualified on the basis of special training, preparation, or experience.

(h) The documentation of the transaction shall require that (1) a default upon any interest or note is a default upon all interests or notes and (2) the holders of more than 50 percent of the record beneficial interests of the notes or interests may govern the actions to be taken on behalf of all holders in accordance with Section 2941.9 of the Civil Code in the event of default or foreclosure for matters that require direction or approval of the holders, including designation of the broker, servicing agent, or other person acting on their behalf, and the sale, encumbrance, or lease of real property owned by the holders resulting from foreclosure or receipt of a deed in lieu of foreclosure. The terms called for by this subdivision may be included in the deed of trust, in the assignment of

interests, or in any other documentation as is necessary or appropriate to make them binding on the parties.

(i) (1) The broker shall not accept any purchase or loan funds or other consideration from a prospective lender or purchaser, or directly or indirectly cause the funds or other consideration to be deposited in an escrow or trust account, except as to a specific loan or note secured by a deed of trust that the broker owns, is authorized to negotiate, or is unconditionally obligated to buy.

(2) All funds received by the broker from the purchasers or lenders shall be handled in accordance with Section 10145 for disbursement to the persons thereto entitled upon recordation of the interests of the purchasers or lenders in the note and deed of trust. No provision of this section shall be construed as modifying or superseding applicable law regulating the escrowholder in any transaction or the handling of the escrow account.

(3) The books and records of the broker or servicing agent, or both, shall be maintained in a manner that readily identifies transactions under this section and the receipt and disbursement of funds in connection with these transactions.

(4) If required by paragraph (3) of subdivision (j), the review by the independent certified public accountant shall include a sample of transactions, as reflected in the records of the trust account required pursuant to paragraph (1) of subdivision (j), and the bank statements and supporting documents. These documents shall be reviewed for compliance with this section with respect to the handling and distribution of funds. The sample shall be selected at random by the accountant from all these transactions and shall consist of the following: (A) three sales made or 5 percent of the sales made pursuant to this section during the period for which the examination is conducted, whichever is greater, and (B) 10 payments processed or 2 percent of payments processed under this section during the period for which the examination is conducted, whichever is greater. The transaction that constitutes a ''sale,'' for purposes of this subdivision, is the series of transactions by which a series of notes of a maker, or the interests in the note of a maker, are sold or issued to their various purchasers under this section, including all receipts and disbursements in that process of funds received from the purchasers or lenders. The transaction that constitutes a ''payment,'' for the purposes of this subdivision, is the receipt of a payment from the person obligated on the note or from some other person on behalf of the person so obligated, including the broker or servicing agent, and the distribution of that payment to the persons entitled thereto. If a payment involves an advance paid by the broker or servicing agent as the result of a dishonored check, the inspection shall identify the source of funds from which the payment was made or, in the

alternative, the steps that are reasonably necessary to determine that there was not a disbursement of trust funds. The accountant shall inspect for compliance with the following specific provisions of this section: paragraphs (1), (2), and (3) of subdivision (i) and paragraphs (1) and (2) of subdivision (j).

(5) Within 30 days of the close of the period for which the report is made, or within any additional time as the commissioner may in writing allow in a particular case, the accountant shall forward to the broker or servicing agent, as the case may be, and to the commissioner, the report of the accountant, stating that the inspection was performed in accordance with this section, listing the sales and the payments examined, specifying the nature of the deficiencies, if any, noted by the accountant with respect to each sale or payment, together with any further information as the accountant may wish to include, such as corrective steps taken with respect to any deficiency so noted, or stating that no deficiencies were observed. If the broker meets the threshold criteria of Section 10232, the report of the accountant shall be submitted as part of the quarterly reports required under Section 10232.25.

(j) The notes or interests shall be sold subject to a written agreement that obligates a licensed real estate broker, or a person exempted from the licensing requirement for real estate brokers under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4, to act as agent for the purchasers or lenders to service the note or notes and deed of trust, including the receipt and transmission of payments and the institution of foreclosure proceedings in the event of a default. A copy of this servicing agreement shall be delivered to each purchaser. The broker shall offer to the lenders or purchasers the services of the broker or one or more affiliates of the broker, or both, as servicing agent for each transaction conducted pursuant to this section. The agreement shall require all of the following:

(1) (A) That payments received on the note or notes be deposited immediately to a trust account maintained in accordance with this section and with the provisions for trust accounts of licensed real estate brokers contained in Section 10145 and Article 15 (commencing with Section 2830.1) of Chapter 6 of Title 10 of the California Code of Regulations.

(B) That payments deposited pursuant to subparagraph (A) shall not be commingled with the assets of the servicing agent or used for any transaction other than the transaction for which the funds are received.

(2) That payments received on the note or notes shall be transmitted to the purchasers or lenders pro rata according to their respective interests within 25 days after receipt thereof by the agent. If the source for the payment is not the maker of the note, the agent shall inform the purchasers or lenders of the source for payment. A broker or servicing

agent who transmits to the purchaser or lenders the broker's or servicing agent's own funds to cover payments due from the borrower but unpaid as a result of a dishonored check may recover the amount of the advances from the trust fund when the past due payment is received. However, this section does not authorize the broker, servicing agent, or any other person to issue, or to engage in any practice constituting, any guarantee or to engage in the practice of advancing payments on behalf of the borrower.

(3) If the broker, directly or through an affiliate, is the servicing agent for notes or interests sold pursuant to this section upon which the payments due during any period of three consecutive months in the aggregate exceed one hundred twenty-five thousand dollars ($125,000) or the number of persons entitled to the payments exceeds 120, the trust account or accounts of that broker or affiliate shall be inspected by an independent certified public accountant at no less than three-month intervals during the time the volume is maintained. Within 30 days after the close of the period for which the review is made, the report of the accountant shall be forwarded as provided in paragraph (5) of subdivision (i). If the broker is required to file an annual report pursuant to subdivision (n) or Section 10232.2, the quarterly report pursuant to this subdivision need not be filed for the last quarter of the year for which the annual report is made. For the purposes of this subdivision, an affiliate of a broker is any person controlled by, controlling, or under common control with the broker.

(4) Unless the servicing agent will receive notice pursuant to Section 2924b of the Civil Code, the servicing agent shall file a request for notice of default upon any prior encumbrances and promptly notify the purchasers or lenders of any default on the prior encumbrances or on the note or notes subject to the servicing agreement.

(5) The servicing agent shall promptly forward copies of the following to each purchaser or lender:

(A) Any notice of trustee sale filed on behalf of the purchasers or lenders.

(B) Any request for reconveyance of the deed of trust received on behalf of the purchasers or lenders.

(k) The broker shall disclose in writing to each purchaser or lender the material facts concerning the transaction on a disclosure form adopted or approved by the commissioner pursuant to Section 10232.5, subject to the following:

(1) The disclosure form shall include a description of the terms upon which the note and deed of trust are being sold, including the terms of the undivided interests being offered therein, including the following:

(A) In the case of the sale of an existing note:

(i) The aggregate sale price of the note.

(ii) The percent of the premium over or discount from the principal balance plus accrued but unpaid interest.

(iii) The effective rate of return to the purchasers if the note is paid according to its terms.

(iv) The name and address of the escrowholder for the transaction.

(v) A description of, and the estimated amount of, each cost payable by the seller in connection with the sale and a description of, and the estimated amount of, each cost payable by the purchasers in connection with the sale.

(B) In the case of the origination of a note:

(i) The name and address of the escrowholder for the transaction.

(ii) The anticipated closing date.

(iii) A description of, and the estimated amount of, each cost payable by the borrower in connection with the loan and a description of, and the estimated amount of, each cost payable by the lenders in connection with the loan.

(2) A copy of the written statement or information contained therein, as required by paragraph (2) of subdivision (g), shall be included in the disclosure form.

(3) Any interest of the broker or affiliate in the transaction, as described in subdivision (d), shall be included with the disclosure form.

(4) When the particular circumstances of a transaction make information not specified in the disclosure form material or essential to keep the information provided in the form from being misleading, and the other information is known to the broker, the other information shall also be provided by the broker.

(*l*) The broker or servicing agent shall furnish any purchaser of a note or interest, upon request, with the names and addresses of the purchasers of the other notes or interests in the loan.

(m) No agreement in connection with a transaction covered by this section shall grant to the real estate broker, the servicing agent, or any affiliate of the broker or agent the option or election to acquire the interests of the purchasers or lenders or to acquire the real property securing the interests. This subdivision shall not prohibit the broker or affiliate from acquiring the interests, with the consent of the purchasers or lenders whose interests are being purchased, or the property, with the consent of the purchasers or lenders, if the consent is given at the time of the acquisition.

(n) Each broker who conducts transactions under this section and meets the criteria of paragraph (3) of subdivision (j) shall file with the commissioner an annual report of a review of its trust account. The report shall be prepared and filed in accordance with subdivision (a) of Section 10232.2 and the rules and procedures thereunder of the commissioner. That report shall cover the broker's transactions under this section and,

if the broker also meets the threshold criteria set forth in Section 10232, the broker's transactions subject to that section shall be included as well.

(o) Each broker conducting transactions pursuant to this section who meets the criteria of paragraph (3) of subdivision (j) shall file with the commissioner a report of the transactions that is prepared in accordance with subdivision (c) of Section 10232.2. If the broker also meets the threshold criteria of Section 10232, the report shall include the transactions subject to that section as well. This report shall be confidential pursuant to subdivision (f) of Section 10232.2.

(p) The jurisdiction of the Commissioner of Corporations under the Corporate Securities Law of 1968 shall be neither limited nor expanded by this section. Nothing in this section shall be construed to supersede or restrict the application of the Corporate Securities Law of 1968. A transaction under this section shall not be construed to be a transaction involving the issuance of securities subject to authorization by the Real Estate Commissioner under subdivision (e) of Section 25100 of the Corporations Code.

(q) Nothing in this section shall be construed to change the agency relationships between the parties where they exist or limit in any manner the fiduciary duty of brokers to borrowers, lenders, and purchasers of notes or interests in transactions subject to this section.

SEC. 2. Section 10232.2 of the Business and Professions Code is amended to read:

10232.2. A real estate broker who meets the criteria of subdivision (a) of Section 10232 shall annually file the reports referred to in subdivisions (a) and (c) with the Department of Real Estate within 90 days after the end of the broker's fiscal year or within any additional time as the Real Estate Commissioner may allow for filing for good cause:

(a) The report of a review by a licensed California independent public accountant of trust fund financial statements, conducted in accordance with generally accepted accounting practices, which shall include within its scope the following information for the fiscal year relative to the business activities of the broker described in subdivisions (d) and (e) of Section 10131:

(1) The receipt and disposition of all funds of others to be applied to the making of loans and the purchasing of promissory notes or real property sales contracts.

(2) The receipt and disposition of all funds of others in connection with the servicing by the broker of the accounts of owners of promissory notes and real property sales contracts including installment payments and loan or contract payoffs by obligors.

(3) A statement as of the end of the fiscal year which shall include an itemized trust fund accounting of the broker and confirmation that the

trust funds are on deposit in an account or accounts maintained by the broker in a financial institution.

(b) A broker who meets the criteria of Section 10232, but who, in carrying on the activities described in subdivisions (d) and (e) of Section 10131, has not during a fiscal year, accepted for the benefit of a person to whom the broker is a trustee, any payment or remittance in a form convertible to cash by the broker, need not comply with the provisions of subdivision (a). In lieu thereof, the broker shall submit to the commissioner within 30 days after the end of the broker's fiscal year or, within any additional time as the commissioner may allow for a filing for good cause, a notarized statement under penalty of perjury on a form provided by the department attesting to the fact that the broker did not receive any trust funds in cash or convertible to cash during the fiscal year.

(c) A report of all of the following aspects of the business conducted by the broker while engaging in activities described in subdivisions (d) and (e) of Section 10131 and in Section 10131.1:

(1) Number and aggregate dollar amount of loan, trust deed sales and real property sales contract transactions negotiated.

(2) Number and aggregate dollar amount of promissory notes and contracts serviced by the broker or an affiliate of the broker.

(3) Number and aggregate dollar amount of late payment charges, prepayment penalties and other fees or charges collected and retained by the broker under servicing agreements with beneficiaries and obligees.

(4) Default and foreclosure experience in connection with promissory notes and contracts subject to servicing agreements between the broker and beneficiaries or obligees.

(5) Commissions received by the broker for services performed as agent in negotiating loans and sales of promissory notes and real property sales contracts.

(6) Aggregate costs and expenses as referred to in Section 10241 paid by borrowers to the broker.

(d) The commissioner shall adopt regulations prescribing the form and content of the report referred to in subdivision (c) with appropriate categories to afford a better understanding of the business conducted by the broker.

(e) If the broker fails to file either of the reports required under subdivisions (a) and (c) within the time permitted herein, the commissioner may cause an examination and report to be made and may charge the broker one and one-half times the cost of making the examination and report. In determining the hourly cost incurred by the commissioner for conducting an examination and preparing the report, the commissioner may use the estimated average hourly cost for all department audit staff performing audits of real estate brokers. If a

broker fails to pay the above amount within 60 days of the mailing of a notice of billing, the commissioner may suspend the broker's license or deny renewal of the broker's license. The suspension or denial shall remain in effect until the above amount is paid or the broker's right to renew a license has expired. The commissioner may maintain an action for the recovery of the above amount in any court of competent jurisdiction.

(f) The reports referred to in subdivisions (a) and (c) are exempted from any requirement of public disclosure by paragraph (2) of subdivision (d) of Section 6254 of the Government Code. The commissioner shall annually make and file as a public record, a composite of the annual reports and any comments thereon which are deemed to be in the public interest.

SEC. 3. Section 10232.25 of the Business and Professions Code is amended to read:

10232.25. (a) A real estate broker who meets the criteria of subdivision (a) of Section 10232 shall, within 30 days after the end of each of the first three fiscal quarters of the broker's fiscal year, or within any additional time as the Real Estate Commissioner may allow for good cause, file with the commissioner a trust funds status report as of the last day of the fiscal quarter which shall include the following:

(5) A statement explaining any difference in amount between the broker's total accountability under paragraph (3) above and the adjusted trust account bank balance under paragraph (4) above.

(b) Each report made pursuant to subdivision (a) shall include the following:

(1) The name, address, and position or capacity of the person who prepared the report.

(2) A declaration under penalty of perjury by the broker that the information and representations in the report are true, complete, and correct to the best of the broker's knowledge and belief. The declaration in a report submitted on behalf of a corporate broker shall be signed by

a broker-officer through whom the corporation is licensed as a real estate broker and by the chief executive officer of the corporation if he or she is not the signing broker-officer.

(c) If a broker fails to file a report required under subdivision (a) within the time permitted, the commissioner may cause an examination and report to be made and may charge the broker one and one-half times the cost of making the examination and report. In determining the hourly cost incurred by the commissioner for conducting an examination and preparing the report, the commissioner may use the estimated average hourly cost for all department audit staff performing audits of real estate brokers. If a broker fails to pay the above amount within 60 days of the mailing of a notice of billing, the commissioner may suspend the broker's license or deny renewal of the broker's license. The suspension or denial shall remain in effect until the above amount is paid or the broker's right to renew a license has expired. The commissioner may maintain an action for the recovery of the above amount in any court of competent jurisdiction.

(d) A broker who meets the criteria of Section 10232, but who, in carrying on the activities described in subdivisions (d) and (e) of Section 10131, did not during a fiscal quarter, accept for the benefit of a person to whom the broker is trustee, any payment or remittance in a form convertible to cash by the broker, need not comply with the provisions of subdivision (a). In lieu thereof, the broker shall submit to the commissioner within 30 days after the end of the fiscal quarter or within any additional time as the commissioner may allow for good cause, a statement under penalty of perjury on a form provided by the department attesting to the fact that the broker did not receive any trust funds in cash or convertible to cash during the fiscal quarter.

(e) Any real estate broker who engages in any of the activities specified in subdivision (d) or (e) of Section 10131, but who is not required by this section to file trust funds status reports with the commissioner and who is not exempt therefrom under subdivision (d), shall complete trust funds status reports in accordance with either (1) the requirements of subdivisions (a) and (b) applicable to trust funds status reports filed with the commissioner, or (2) the requirements established by the lender or note owner, if the lender or note owner does all of the following: (i) requires monthly reconciliations of trust account balances; (ii) requires annual, CPA-audited financial statements; and (iii) maintains a contractual right to audit the trust accounts held by the broker on behalf of the lender or note owner.

The broker shall retain all trust funds status reports prepared under this subdivision on file at the broker's offices, where they shall be subject to inspection by representatives of the commissioner upon 24 hours' notice.

SEC. 4. Section 10232.5 of the Business and Professions Code is amended to read:

10232.5. (a) If the real estate broker is performing acts described in subdivision (d) of Section 10131 in negotiating a loan to be secured by a lien on real property or on a business opportunity, the statement required to be given to the prospective lender shall include, but shall not necessarily be limited to, the following information:

(1) Address or other means of identification of the real property that is to be the security for the borrower's obligation.

(2) Estimated fair market value of the securing property as determined by an appraisal, a copy of which shall be provided to the lender. However, a lender may waive the requirement of an independent appraisal in writing, on a case-by-case basis, in which case, the real estate broker shall provide the broker's written estimated fair market value of the securing property, which shall include the objective data upon which the broker's estimate is based.

(3) Age, size, type of construction and a description of improvements to the property if contained in the appraisal or as represented to the broker by the prospective borrower.

(4) Identity, occupation, employment, income, and credit data about the prospective borrower or borrowers as represented to the broker by the prospective borrower or borrowers.

(5) Terms of the promissory note to be given to the lender.

(6) Pertinent information concerning all encumbrances which constitute liens against the securing property and, to the extent of actual knowledge of the broker, pertinent information about other loans that the borrower expects or anticipates will result in a lien being recorded against the property securing the promissory note to be created in favor of the prospective lender.

As used in this paragraph, actual knowledge with respect to any anticipated or expected loan, means knowledge gained by the broker through arranging that other loan or receipt of written notification of that other loan. In this regard, the broker shall also provide to the prospective lender the option to apply to purchase a title insurance policy or an endorsement to an existing title insurance policy covering the securing property, and a copy of a written loan application, and a credit report.

(7) Provisions for servicing of the loan, if any, including disposition of the late charge and prepayment penalty fees paid by the borrower.

(8) Detailed information concerning any proposed arrangement under which the prospective lender along with persons not otherwise associated with him or her will be joint beneficiaries or obligees.

(9) If the solicitation is subject to the provisions of Section 10231.2, a detailed statement of the intended use and disposition of the funds

being solicited including an explanation of the nature and extent of the benefits to be directly or indirectly derived by the broker.

(b) If the real estate broker is performing acts described in subdivision (e) of Section 10131 or in Section 10131.1 in negotiating the sale of a real property sales contract or promissory note secured directly or collaterally by a lien on real property, the statement required to be given to the prospective purchaser by Section 10232.4 shall include, but shall not necessarily be limited to, the following information:

(1) Address or other means of identification of the real property that is the security for the trustor's or vendee's obligation.

(2) Estimated fair market value of the real property as determined by an appraisal, a copy of which shall be provided to the prospective purchaser. However, a purchaser may waive the requirement of an independent appraisal in writing, on a case-by-case basis, in which case, the real estate broker shall provide the broker's written estimated fair market value of the securing property, which shall include the objective data upon which the broker's estimate is based.

(3) Age, size, type of construction and a description of improvements to the real property if known by the broker.

(4) Information available to the broker relative to the ability of the trustor or vendee to meet his or her contractual obligations under the note or contract including the trustor's or vendee's payment history under the note or contract.

(5) Terms of the contract or note including the principal balance owing.

(6) Provisions for servicing of the note or contract, if any, including disposition of late charge, prepayment penalty or other fees or charges paid by the trustor or vendee.

(7) Detailed information concerning any proposed arrangement under which the prospective purchaser along with persons not otherwise associated with him or her will be joint beneficiaries or obligees. In this regard, the broker shall also provide to the prospective purchaser the option to apply to purchase a title insurance policy or an endorsement to an existing title insurance policy covering the real property and, if available from the seller of the note or contract or from the original lender, a copy of a written loan application, and a credit report.

(8) A statement as to whether the dealer is acting as a principal or as an agent in the transaction with the prospective purchaser.

SEC. 5. Section 1363 of the Civil Code is amended to read:

1363. (a) A common interest development shall be managed by an association which may be incorporated or unincorporated. The association may be referred to as a community association.

(b) An association, whether incorporated or unincorporated, shall prepare a budget pursuant to Section 1365 and disclose information, if requested, in accordance with Section 1368.

(c) Unless the governing documents provide otherwise, and regardless of whether the association is incorporated or unincorporated, the association may exercise the powers granted to a nonprofit mutual benefit corporation, as enumerated in Section 7140 of the Corporations Code, except that an unincorporated association may not adopt or use a corporate seal or issue membership certificates in accordance with Section 7313 of the Corporations Code.

The association, whether incorporated or unincorporated, may exercise the powers granted to an association by Section 383 of the Code of Civil Procedure and the powers granted to the association in this title.

(d) Meetings of the membership of the association shall be conducted in accordance with a recognized system of parliamentary procedure or any parliamentary procedures the association may adopt.

(e) Notwithstanding any other provision of law, notice of meetings of the members shall specify those matters the board intends to present for action by the members, but, except as otherwise provided by law, any proper matter may be presented at the meeting for action.

(f) Members of the association shall have access to association records in accordance with Article 3 (commencing with Section 8330) of Chapter 13 of Part 3 of Division 2 of Title 1 of the Corporations Code.

(g) If an association adopts or has adopted a policy imposing any monetary penalty, including any fee, on any association member for a violation of the governing documents or rules of the association, including any monetary penalty relating to the activities of a guest or invitee of a member, the board of directors shall adopt and distribute to each member, by personal delivery or first-class mail, a schedule of the monetary penalties that may be assessed for those violations, which shall be in accordance with authorization for member discipline contained in the governing documents. The board of directors shall not be required to distribute any additional schedules of monetary penalties unless there are changes from the schedule that was adopted and distributed to the members pursuant to this subdivision.

(h) When the board of directors is to meet to consider or impose discipline upon a member, the board shall notify the member in writing, by either personal delivery or first-class mail, at least 10 days prior to the meeting. The notification shall contain, at a minimum, the date, time, and place of the meeting, the nature of the alleged violation for which a member may be disciplined, and a statement that the member has a right to attend and may address the board at the meeting. The board of directors of the association shall meet in executive session if requested by the member being disciplined.

If the board imposes discipline on a member, the board shall provide the member a written notification of the disciplinary action, by either personal delivery or first-class mail, within 15 days following the action. A disciplinary action shall not be effective against a member unless the board fulfills the requirements of this subdivision.

(i) Whenever two or more associations have consolidated any of their functions under a joint neighborhood association or similar organization, members of each participating association shall be entitled to attend all meetings of the joint association other than executive sessions, (1) shall be given reasonable opportunity for participation in those meetings and (2) shall be entitled to the same access to the joint association's records as they are to the participating association's records.

(j) Nothing in this section shall be construed to create, expand, or reduce the authority of the board of directors of an association to impose monetary penalties on an association member for a violation of the governing documents or rules of the association.

SEC. 6. Section 2924 of the Civil Code is amended to read:

2924. Every transfer of an interest in property, other than in trust, made only as a security for the performance of another act, is to be deemed a mortgage, except when in the case of personal property it is accompanied by actual change of possession, in which case it is to be deemed a pledge. Where, by a mortgage created after July 27, 1917, of any estate in real property, other than an estate at will or for years, less than two, or in any transfer in trust made after July 27, 1917, of a like estate to secure the performance of an obligation, a power of sale is conferred upon the mortgagee, trustee, or any other person, to be exercised after a breach of the obligation for which that mortgage or transfer is a security, the power shall not be exercised except where the mortgage or transfer is made pursuant to an order, judgment, or decree of a court of record, or to secure the payment of bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations, or is made by a public utility subject to the provisions of the Public Utilities Act, until (a) the trustee, mortgagee, or beneficiary, or any of their authorized agents shall first file for record, in the office of the recorder of each county wherein the mortgaged or trust property or some part or parcel thereof is situated, a notice of default, identifying the mortgage or deed of trust by stating the name or names of the trustor or trustors and giving the book and page, or instrument number, if applicable, where the same is recorded or a description of the mortgaged or trust property and containing a statement that a breach of the obligation for which the mortgage or transfer in trust is security has occurred, and setting forth the nature of each breach actually known to the beneficiary and of his or her election to sell or cause to be sold the

property to satisfy that obligation and any other obligation secured by the deed of trust or mortgage that is in default, and where the default is curable pursuant to Section 2924c, containing the statement specified in paragraph (1) of subdivision (b) of Section 2924c; (b) not less than three months shall thereafter elapse; and (c) after the lapse of the three months the mortgagee, trustee or other person authorized to take the sale shall give notice of sale, stating the time and place thereof, in the manner and for a time not less than that set forth in Section 2924f. In performing acts required by this article, the trustee shall incur no liability for any good faith error resulting from reliance on information provided in good faith by the beneficiary regarding the nature and the amount of the default under the secured obligation, deed of trust, or mortgage. In performing the acts required by this article, a trustee shall not be subject to Title 1.6c (commencing with Section 1788) of Part 4. A recital in the deed executed pursuant to the power of sale of compliance with all requirements of law regarding the mailing of copies of notices or the publication of a copy of the notice of default or the personal delivery of the copy of the notice of default or the posting of copies of the notice of sale or the publication of a copy thereof shall constitute prima facie evidence of compliance with these requirements and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value and without notice. The mailing, publication, and delivery of notices as required herein, and the performance of the procedures set forth in this article, shall constitute privileged communications within Section 47. There is a rebuttable presumption that the beneficiary actually knew of all unpaid loan payments on the obligation owed to the beneficiary and secured by the deed of trust or mortgage subject to the notice of default. However, the failure to include an actually known default shall not invalidate the notice of sale and the beneficiary shall not be precluded from asserting a claim to this omitted default or defaults in a separate notice of default.

SEC. 7. Section 2924g of the Civil Code is amended to read:

2924g. (a) All sales of property under the power of sale contained in any deed of trust or mortgage shall be held in the county where the property or some part thereof is situated, and shall be made at auction, to the highest bidder, between the hours of 9 a.m. and 5 p.m. on any business day, Monday through Friday.

The sale shall commence at the time and location specified in the notice of sale. Any postponement shall be announced at the time and location specified in the notice of sale for commencement of the sale or pursuant to paragraph (1) of subdivision (c).

If the sale of more than one parcel of real property has been scheduled for the same time and location by the same trustee, (1) any postponement of any of the sales shall be announced at the time published in the notice of sale, (2) the first sale shall commence at the time published in the

notice of sale or immediately after the announcement of any postponement, and (3) each subsequent sale shall take place as soon as possible after the preceding sale has been completed.

(b) When the property consists of several known lots or parcels they shall be sold separately unless the deed of trust or mortgage provides otherwise. When a portion of the property is claimed by a third person, who requires it to be sold separately, the portion subject to the claim may be thus sold. The trustor, if present at the sale, may also, unless the deed of trust or mortgage otherwise provides, direct the order in which property shall be sold, when the property consists of several known lots or parcels which may be sold to advantage separately, and the trustee shall follow that direction. After sufficient property has been sold to satisfy the indebtedness no more can be sold.

If the property under power of sale is in two or more counties the public auction sale of all of the property under the power of sale may take place in any one of the counties where the property or a portion thereof is located.

(c) (1) There may be a postponement of the sale proceedings at any time prior to the completion of the sale at the discretion of the trustee, or upon instruction by the beneficiary to the trustee that the sale proceedings be postponed.

There may be a maximum of three postponements of the sale proceedings pursuant to this subdivision. In the event that the sale proceedings are postponed more than three times, the scheduling of any further sale proceedings shall be preceded by the giving of a new notice of sale in the manner prescribed by Section 2924f.

(2) The trustee shall postpone the sale upon the order of any court of competent jurisdiction, or where stayed by operation of law, or by the mutual agreement, whether oral or in writing, of any trustor and any beneficiary or any mortgagor and any mortgagee. Any postponement pursuant to this paragraph shall not be a postponement for purposes of determining the maximum number of postponements permitted pursuant to this subdivision nor shall a postponement resulting from the prohibition upon a sale within seven days from the expiration of an injunction, restraining order, or stay as provided in subdivision (d) be deemed a postponement for purposes of this subdivision. In addition, one postponement by the trustee based upon a reasonable belief that a petition for bankruptcy has been filed shall not be a postponement for purposes of determining the maximum number of postponements permitted pursuant to this subdivision.

(d) The notice of each postponement and the reason therefor shall be given by public declaration by the trustee at the time and place last appointed for sale. A public declaration of postponement shall also set forth the new date, time, and place of sale and the place of sale shall be

the same place as originally fixed by the trustee for the sale. No other notice of postponement need be given. However, the sale shall be conducted no sooner than on the seventh day after the earlier of (1) dismissal of the action or (2) expiration or termination of the injunction, restraining order, or stay (which required postponement of the sale), whether by entry of an order by a court of competent jurisdiction, operation of law, or otherwise, unless the injunction, restraining order, or subsequent order expressly directs the conduct of the sale within that seven-day period. For purposes of this subdivision, the seven-day period shall not include the day on which the action is dismissed, or the day on which the injunction, restraining order, or stay expires or is terminated. If the sale had been scheduled to occur, but this subdivision precludes its conduct during that seven-day period, a new notice of postponement shall be given if the sale had been scheduled to occur during that seven-day period. The trustee shall maintain records of each postponement and the reason therefor.

(e) Notwithstanding the time periods established under subdivision (d), if postponement of a sale is based on a stay granted under Title 11 of the United States Code (Bankruptcy), the sale shall be conducted no sooner than the expiration of the stay granted under that title.

SEC. 8. Section 2943 of the Civil Code is amended to read:

2943. (a) As used in this section:

(1) ''Beneficiary'' means a mortgagee or beneficiary of a mortgage or deed of trust, or his or her assignees.

(2) ''Beneficiary statement'' means a written statement showing:

(A) The amount of the unpaid balance of the obligation secured by the mortgage or deed of trust and the interest rate, together with the total amounts, if any, of all overdue installments of either principal or interest, or both.

(B) The amounts of periodic payments, if any.

(C) The date on which the obligation is due in whole or in part.

(D) The date to which real estate taxes and special assessments have been paid to the extent the information is known to the beneficiary.

(E) The amount of hazard insurance in effect and the term and premium of that insurance to the extent the information is known to the beneficiary.

(F) The amount in an account, if any, maintained for the accumulation of funds with which to pay taxes and insurance premiums.

(G) The nature and, if known, the amount of any additional charges, costs, or expenses paid or incurred by the beneficiary which have become a lien on the real property involved.

(H) Whether the obligation secured by the mortgage or deed of trust can or may be transferred to a new borrower.

(3) ''Delivery'' means depositing or causing to be deposited in the United States mail an envelope with postage prepaid, containing a copy of the document to be delivered, addressed to the person whose name and address is set forth in the demand therefor. The document may also be transmitted by facsimile machine to the person whose name and address is set forth in the demand therefor.

(4) ''Entitled person'' means the trustor or mortgagor of, or his or her successor in interest in, the mortgaged or trust property or any part thereof, any beneficiary under a deed of trust, any person having a subordinate lien or encumbrance of record thereon, the escrowholder licensed as an agent pursuant to Division 6 (commencing with Section 17000) of the Financial Code, or the party exempt by virtue of Section 17006 of the Financial Code who is acting as the escrowholder.

(5) ''Payoff demand statement'' means a written statement, prepared in response to a written demand made by an entitled person or authorized agent, setting forth the amounts required as of the date of preparation by the beneficiary, to fully satisfy all obligations secured by the loan that is the subject of the payoff demand statement. The written statement shall include information reasonably necessary to calculate the payoff amount on a per diem basis for the period of time, not to exceed 30 days, during which the per diem amount is not changed by the terms of the note.

(b) (1) A beneficiary, or his or her authorized agent, shall, within 21 days of the receipt of a written demand by an entitled person or his or her authorized agent, prepare and deliver to the person demanding it a true, correct, and complete copy of the note or other evidence of indebtedness with any modification thereto, and a beneficiary statement.

(2) A request pursuant to this subdivision may be made by an entitled person or his or her authorized agent at any time before, or within two months after, the recording of a notice of default under a mortgage or deed of trust, or may otherwise be made more than 30 days prior to the entry of the decree of foreclosure.

(c) A beneficiary, or his or her authorized agent, shall, on the written demand of an entitled person, or his or her authorized agent, prepare and deliver a payoff demand statement to the person demanding it within 21 days of the receipt of the demand. However, if the loan is subject to a recorded notice of default or a filed complaint commencing a judicial foreclosure, the beneficiary shall have no obligation to prepare and deliver this statement as prescribed unless the written demand is received prior to the first publication of a notice of sale or the notice of the first date of sale established by a court.

(d) (1) A beneficiary statement or payoff demand statement may be relied upon by the entitled person or his or her authorized agent in accordance with its terms, including with respect to the payoff demand

statement reliance for the purpose of establishing the amount necessary to pay the obligation in full. If the beneficiary notifies the entitled person or his or her authorized agent of any amendment to the statement, then the amended statement may be relied upon by the entitled person or his or her authorized agent as provided in this subdivision.

(2) If notification of any amendment to the statement is not given in writing, then a written amendment to the statement shall be delivered to the entitled person or his or her authorized agent no later than the next business day after notification.

(3) Upon the dates specified in subparagraphs (A) and (B) any sums that were due and for any reason not included in the statement or amended statement shall continue to be recoverable by the beneficiary as an unsecured obligation of the obligor pursuant to the terms of the note and existing provisions of law.

(A) If the transaction is voluntary, the entitled party or his or her authorized agent may rely upon the statement or amended statement upon the earlier of (i) the close of escrow, (ii) transfer of title, or (iii) recordation of a lien.

(B) If the loan is subject to a recorded notice of default or a filed complaint commencing a judicial foreclosure, the entitled party or his or her authorized agent may rely upon the statement or amended statement upon the acceptance of the last and highest bid at a trustee's sale or a court supervised sale.

(e) The following provisions apply to a demand for either a beneficiary statement or a payoff demand statement:

(1) If an entitled person or his or her authorized agent requests a statement pursuant to this section and does not specify a beneficiary statement or a payoff demand statement the beneficiary shall treat the request as a request for a payoff demand statement.

(2) If the entitled person or the entitled person's authorized agent includes in the written demand a specific request for a copy of the deed of trust or mortgage, it shall be furnished with the written statement at no additional charge.

(3) The beneficiary may, before delivering a statement, require reasonable proof that the person making the demand is, in fact, an entitled person or an authorized agent of an entitled person, in which event the beneficiary shall not be subject to the penalties of this section until 21 days after receipt of the proof herein provided for. A statement in writing signed by the entitled person appointing an authorized agent when delivered personally to the beneficiary or delivered by registered return receipt mail shall constitute reasonable proof as to the identity of an agent. Similar delivery of a policy of title insurance, preliminary report issued by a title company, original or photographic copy of a grant deed or certified copy of letters testamentary, guardianship, or

conservatorship shall constitute reasonable proof as to the identity of a successor in interest, provided the person demanding a statement is named as successor in interest in the document.

(4) If a beneficiary for a period of 21 days after receipt of the written demand willfully fails to prepare and deliver the statement, he or she is liable to the entitled person for all damages which he or she may sustain by reason of the refusal and, whether or not actual damages are sustained, he or she shall forfeit to the entitled person the sum of three hundred dollars ($300). Each failure to prepare and deliver the statement, occurring at a time when, pursuant to this section, the beneficiary is required to prepare and deliver the statement, creates a separate cause of action, but a judgment awarding an entitled person a forfeiture, or damages and forfeiture, for any failure to prepare and deliver a statement bars recovery of damages and forfeiture for any other failure to prepare and deliver a statement, with respect to the same obligation, in compliance with a demand therefor made within six months before or after the demand as to which the award was made. For the purposes of this subdivision, ''willfully'' means an intentional failure to comply with the requirements of this section without just cause or excuse.

(5) If the beneficiary has more than one branch, office, or other place of business, then the demand shall be made to the branch or office address set forth in the payment billing notice or payment book, and the statement, unless it specifies otherwise, shall be deemed to apply only to the unpaid balance of the single obligation named in the request and secured by the mortgage or deed of trust which is payable at the branch or office whose address appears on the aforesaid billing notice or payment book.

(6) The beneficiary may make a charge not to exceed sixty dollars ($60) for furnishing each required statement. The provisions of this paragraph shall not apply to mortgages or deeds of trust insured by the Federal Housing Administrator or guaranteed by the Administrator of Veterans Affairs.

(f) The preparation and delivery of a beneficiary statement or a payoff demand statement pursuant to this section shall not change a date of sale established pursuant to Section 2924g.

SEC. 9. Section 17312 of the Financial Code is amended to read:

(5) Reservation deposits required under Article 2 (commencing with Section 11010) of Chapter 1 of Part 2 of Division 4 of the Business and Professions Code or by regulation of the Department of Real Estate to be held in an escrow account.

(d) Coverage required to be provided by Fidelity Corporation under this chapter shall be provided to members only for loss of trust obligations with respect to those types of transactions specified in subdivision (c). Indemnity coverage for those types of transactions not specified in subdivision (c) shall be provided by escrow agents in accordance with Section 17203.1.

SEC. 10. Section 17320 of the Financial Code is amended to read:

17320. Fidelity Corporation shall establish and maintain the following funds for payment of claims and for payment of costs of administration: the membership fund, the operations fund, and the fidelity fund.

(a) An applicant or a licensee shall, at the time an application is filed for a license, pay to Fidelity Corporation a membership fee of three thousand dollars ($3,000) for each location for which a license is applied. If the application is denied, withdrawn, or abandoned, Fidelity Corporation may retain two hundred dollars ($200) from the membership fee to cover costs of administration.

(1) The membership fund shall be reserved for payment of claims which exceed the fidelity fund balance and for payment of extraordinary operational costs.

(2) Any member who, on the effective date of this section, has an account balance which exceeds the three thousand dollars ($3,000) membership fee times the number of its licensed locations shall be credited in a special reserve account for the excess amount. This balance shall be credited against future assessments made pursuant to subdivision (b) of Section 17321 in an amount not exceeding four hundred dollars ($400) per licensed location per year. Any member whose account balance is less than three thousand dollars ($3,000) times the number of its licensed locations shall, on or before December 1, 1988, pay to Fidelity Corporation an amount sufficient to allow the member's account to be maintained at three thousand dollars ($3,000) times the number of licensed locations. Fidelity Corporation shall provide each member with an accounting of the amounts being reserved for the members' membership account and amounts being held as a special reserve.

(3) The membership fee, less any unpaid assessments and related costs, shall be refunded to the member in accordance with Fidelity Corporation's bylaws not less than 30 months and no more than 36 months after the effective date of surrender of a license.

(4) Any member who does not engage in any escrow transactions pursuant to subdivision (c) of Section 17312 may terminate its membership in Fidelity Corporation by written notice to Fidelity Corporation and the Department of Corporations, as provided in the Fidelity Corporation's bylaws and rules and regulations. The membership fee, less any unpaid assessments and related costs, shall be refunded to the member in accordance with Fidelity Corporation's bylaws not less than 30 months and no more than 36 months after the effective date of the member's written request to terminate its membership in Fidelity Corporation. Before a licensee resumes those escrow transactions, it shall first be required to become a member of Fidelity Corporation, as provided in this subdivision.

(b) Fidelity Corporation shall prepare, prior to its fiscal year end, an estimated annual operational budget projecting the costs of operations and administration for the succeeding fiscal year, excluding the amount paid for claims and premiums paid for excess coverage bonding. The amount of the assessment shall be 150 percent of the budgetary projection. In succeeding years, the assessment shall be adjusted by adding the prior year's deficit or deducting unused surplus from the prior year.

(c) Fidelity Corporation shall establish a fidelity fund for the payment of claims and for the payment of the premium for the fidelity bond or

insurance policy, if any. All claims shall be paid from the fidelity fund, provided that, to the extent that the fidelity fund balance is not sufficient to pay claims, the claim shall be paid from the membership fund by charging each member's membership account a pro rata share of the excess.

(d) All interest earned on the membership fund and the operations fund shall be credited to the fidelity fund.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Discovery shall be completed no later than 15 days prior to the commencement of the proceeding or hearing before the board. This subdivision shall apply only to those proceedings or hearings involving a petition or protest filed pursuant to subdivision (c) or (d) of Section 3050. The board, its secretary, or a hearing officer designated by the board may issue subpoenas to compel attendance at depositions of persons having knowledge of the acts, omissions or events which are the basis for the proceedings, as well as the production of books, records, papers and other documents.

CHAPTER 638

An act to amend Section 33214 of, and to add Section 33217 to, the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 33214 of the Health and Safety Code is amended to read:

33214. (a) Notwithstanding Section 33120, the territorial jurisdiction of an agency in the county shall include all of the unincorporated territory that was included in a project area selected pursuant to Section 33322 or 34004 even if that territory is subsequently annexed to a city or included within the boundaries of a new city, unless territorial jurisdiction over the project area is transferred from a county to a city pursuant to Section 33215 , 33216, or 33217.

(b) Notwithstanding Section 33120, the territorial jurisdiction of an agency in a city shall include all of the territory within the limits of the city that was included in a project area selected pursuant to Section 33322 or 34004 even if that territory is subsequently annexed to another city or included within the boundaries of a new city, unless territorial jurisdiction over the project area is transferred to the other city pursuant to Section 33215, 33216, or 33217.

SEC. 2. Section 33217 is added to the Health and Safety Code, to read:

33217. If a portion of a city containing a portion of a redevelopment project area is incorporated as a new city, and the new city establishes an agency to be the receiving agency for that portion of the project area, the creating agency and the receiving agency shall have six months from the date of the establishment of that receiving agency to enter into an agreement pursuant to Section 33216. If that agreement is not entered into within that six-month period, the creating agency shall not thereafter expend any money pursuant to this part or Part 1.5 (commencing with Section 34000) within the project area, except to repay existing indebtedness, until those agencies have entered into that agreement. That indebtedness shall include outstanding bonded indebtedness, existing agreements, contracts, leases, and expenditures made to, or on behalf of, the project area from other resources or borrowings of the creating agency.

CHAPTER 639

An act to amend Sections 674, 699.510, 699.520, 699.540, 699.545, 700.010, and 700.160 of, and to add Section 680.135 to, the Code of Civil Procedure, relating to judgments.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 674 of the Code of Civil Procedure is amended to read:

674. (a) Except as otherwise provided in Section 4506 of the Family Code, an abstract of a judgment or decree requiring the payment of money shall be certified by the clerk of the court where the judgment or decree was entered and shall contain all of the following:

(1) The title of the court where the judgment or decree is entered and cause and number of the action.

(2) The date of entry of the judgment or decree and of any renewals of the judgment or decree and where entered in the records of the court.

(3) The name and last known address of the judgment debtor and the address at which the summons was either personally served or mailed to the judgment debtor or the judgment debtor's attorney of record.

(4) The name and address of the judgment creditor.

(5) The amount of the judgment or decree as entered or as last renewed.

(6) The social security number and driver's license number of the judgment debtor if they are known to the judgment creditor; and, if either or both of those numbers are not known to the judgment creditor, that fact shall be indicated on the abstract of judgment.

(7) Whether a stay of enforcement has been ordered by the court and, if so, the date the stay ends.

(8) The date of issuance of the abstract.

(b) An abstract of judgment, recorded after January 1, 1979, that does not list the social security number and driver's license number of the judgment debtor, or either of them, as required by subdivision (a) or by Section 4506 of the Family Code, may be amended by the recording of a document entitled ''Amendment to Abstract of Judgment.'' The Amendment to Abstract of Judgment shall contain all of the information required by this section or by Section 4506 of the Family Code, shall list both the social security number and driver's license number if both of those numbers were known at the date of recordation of the original abstract of judgment, or one of them, if only one was known, and shall set forth the date of recording and the book and page location in the records of the county recorder of the original abstract of judgment.

A recorded Amendment to Abstract of Judgment shall have priority as of the date of recordation of the original abstract of judgment, except as to any purchaser, encumbrancer, or lessee who obtained their interest after the recordation of the original abstract of judgment but prior to the recordation of the Amendment to Abstract of Judgment without actual notice of the original abstract of judgment. The purchaser, encumbrancer, or lessee without actual notice may assert as a defense

against enforcement of the abstract of judgment the failure to comply with this section or Section 4506 of the Family Code regarding the contents of the original abstract of judgment notwithstanding the subsequent recordation of an Amendment to Abstract of Judgment. With respect to an abstract of judgment recorded between January 1, 1979, and July 10, 1985, the defense against enforcement for failure to comply with this section or Section 4506 of the Family Code may not be asserted by the holder of another abstract of judgment or involuntary lien, recorded without actual notice of the prior abstract, unless refusal to allow the defense would result in prejudice and substantial injury as used in Section 475. The recordation of an Amendment to Abstract of Judgment does not extend or otherwise alter the computation of time as provided in Section 697.310.

(c) (1) The abstract of judgment shall be certified in the name of the judgment debtor as listed on the judgment and may also include the additional name or names by which the judgment debtor is known as set forth in the affidavit of identity, as defined in Section 680.135, filed by the judgment creditor with the application for issuance of the abstract of judgment. Prior to the clerk of court certifying an abstract of judgment containing any additional name or names by which the judgment debtor is known that are not listed on the judgment, the court shall approve the affidavit of identity. If the court determines, without a hearing or a notice, that the affidavit of identity states sufficient facts upon which the judgment creditor has identified the additional names of the judgment debtor, the court shall authorize the certification of the abstract of judgment with the additional name or names.

(2) The remedies provided in Section 697.410 apply to a recorded abstract of a money judgment based upon an affidavit of identity that appears to create a judgment lien on real property of a person who is not the judgment debtor.

SEC. 2. Section 680.135 is added to the Code of Civil Procedure, to read:

680.135. ''Affidavit of Identity'' means an affidavit or declaration executed by a judgment creditor, under penalty of perjury, that is filed with the clerk of the court in which the judgment is entered at the time the judgment creditor files for a writ of execution or an abstract of judgment. The affidavit of identity shall set forth the case name and number, the name of the judgment debtor stated in the judgment, the additional name or names by which the judgment debtor is known, and the facts upon which the judgment creditor has relied in obtaining the judgment debtor's additional name or names. The affidavit of identity shall not include the name or names of persons, including any corporations, partnerships, or any legal entities not separately named in

the judgment in which the judgment debtor is a partner, shareholder, or member, other than the judgment debtor.

SEC. 3. Section 699.510 of the Code of Civil Procedure is amended to read:

699.510. (a) Subject to subdivision (b), after entry of a money judgment, a writ of execution shall be issued by the clerk of the court upon application of the judgment creditor and shall be directed to the levying officer in the county where the levy is to be made and to any registered process server. A separate writ shall be issued for each county where a levy is to be made. Writs may be issued successively until the money judgment is satisfied, except that a new writ may not be issued for a county until the expiration of 180 days after the issuance of a prior writ for that county unless the prior writ is first returned.

(b) If the judgment creditor seeks a writ of execution to enforce a judgment made, entered, or enforceable pursuant to the Family Code, in addition to the requirements of this article, the judgment creditor shall satisfy the requirements of any applicable provisions of Chapter 7 (commencing with Section 5100) of Part 5 of Division 9 of the Family Code and Sections 290, 291, 2026, and 3556 of the Family Code.

(c) (1) The writ of execution shall be issued in the name of the judgment debtor as listed on the judgment and may include the additional name or names by which the judgment debtor is known as set forth in the affidavit of identity, as defined in Section 680.135, filed by the judgment creditor with the application for issuance of the writ of execution. Prior to the clerk of court issuing a writ of execution containing any additional name or names by which the judgment debtor is known that are not listed on the judgment, the court shall approve the affidavit of identity. If the court determines, without a hearing or a notice, that the affidavit of identity states sufficient facts upon which the judgment creditor has identified the additional names of the judgment debtor, the court shall authorize the issuance of the writ of execution with the additional name or names.

(2) In any case where the writ of execution lists any name other than that listed on the judgment, the person in possession or control of the levied property, if other than the judgment debtor, shall not pay to the levying officer the amount or deliver the property being levied upon until being notified to do so by the levying officer. The levying officer may not require the person, if other than the judgment debtor, in possession or control of the levied property to pay the amount or deliver the property levied upon until the expiration of 15 days after service of notice of levy.

(3) If a person who is not the judgment debtor has property erroneously subject to an enforcement of judgment proceeding based upon an affidavit of identity, the person shall be entitled to the recovery of reasonable attorneys' fees and costs from the judgment creditor

incurred in releasing the person's property from a writ of execution, in addition to any other damages or penalties to which an aggrieved person may be entitled to by law, including the provisions of Division 4 (commencing with Section 720.010).

SEC. 3.1. Section 699.510 of the Code of Civil Procedure is amended to read:

699.510. (a) Subject to subdivision (b), after entry of a money judgment, a writ of execution shall be issued by the clerk of the court upon application of the judgment creditor and shall be directed to the levying officer in the county where the levy is to be made and to any registered process server. A separate writ shall be issued for each county where a levy is to be made. Writs may be issued successively until the money judgment is satisfied, except that a new writ may not be issued for a county until the expiration of 180 days after the issuance of a prior writ for that county unless the prior writ is first returned.

(b) If the judgment creditor seeks a writ of execution to enforce a judgment made, entered, or enforceable pursuant to the Family Code, in addition to the requirements of this article, the judgment creditor shall satisfy the requirements of any applicable provisions of the Family Code.

(c) (1) The writ of execution shall be issued in the name of the judgment debtor as listed on the judgment and may include the additional name or names by which the judgment debtor is known as set forth in the affidavit of identity, as defined in Section 680.135, filed by the judgment creditor with the application for issuance of the writ of execution. Prior to the clerk of court issuing a writ of execution containing any additional name or names by which the judgment debtor is known that are not listed on the judgment, the court shall approve the affidavit of identity. If the court determines, without a hearing or a notice, that the affidavit of identity states sufficient facts upon which the judgment creditor has identified the additional names of the judgment debtor, the court shall authorize the issuance of the writ of execution with the additional name or names.

(2) In any case where the writ of execution lists any name other than that listed on the judgment, the person in possession or control of the levied property, if other than the judgment debtor, shall not pay to the levying officer the amount or deliver the property being levied upon until being notified to do so by the levying officer. The levying officer may not require the person, if other than the judgment debtor, in possession or control of the levied property to pay the amount or deliver the property levied upon until the expiration of 15 days after service of notice of levy.

(3) If a person who is not the judgment debtor has property erroneously subject to an enforcement of judgment proceeding based upon an affidavit of identity, the person shall be entitled to the recovery

of reasonable attorneys' fees and costs from the judgment creditor incurred in releasing the person's property from a writ of execution, in addition to any other damages or penalties to which an aggrieved person may be entitled to by law, including the provisions of Division 4 (commencing with Section 720.010).

SEC. 4. Section 699.520 of the Code of Civil Procedure is amended to read:

699.520. The writ of execution shall require the levying officer to whom it is directed to enforce the money judgment and shall include the following information:

(a) The date of issuance of the writ.

(b) The title of the court where the judgment is entered and the cause and number of the action.

(c) The name and address of the judgment creditor and the name and last known address of the judgment debtor.

(d) The date of the entry of the judgment and of any subsequent renewals and where entered in the records of the court.

(e) The total amount of the money judgment as entered or renewed, together with costs thereafter added to the judgment pursuant to Section 685.090 and the accrued interest on the judgment from the date of entry or renewal of the judgment to the date of issuance of the writ, reduced by any partial satisfactions and by any amounts no longer enforceable.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 41841.6 of the Education Code is amended to read:

41841.6. (a) Except as otherwise provided in subdivision (b) of Section 46191, commencing with the 1994–95 fiscal year, and for each fiscal year thereafter, for purposes of Sections 1909 and 41841.5, the calculation of the average daily attendance for schools or classes for adults in correctional facilities is subject to the following condition: A school district or county board of education shall not claim or report any increase in average daily attendance in excess of the percentage authorized by subdivision (c) of Section 52616.17, unless the Legislature approves the increase for that fiscal year in the annual Budget Act.

(b) No state funds shall be allocated to a school district or county board of education for units of average daily attendance that have not been approved by the Legislature pursuant to subdivision (a).

(c) This section shall become inoperative on July 1, 2000, and as of January 1, 2001, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2001, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 41841.6 is added to the Education Code, to read:

41841.6. (a) Except as otherwise provided in subdivision (b) of Section 46191, for the 2000–01 fiscal year for purposes of Sections 1909 and 41841.5, in calculating the average daily attendance for schools or classes for adults in correctional facilities, a school district or county board of education may not claim or report any increase in average daily attendance in excess of the average daily attendance claimed and authorized pursuant to this article during the previous fiscal year multiplied by a factor of 1.025 to 1.14, as specified as follows:

(1) A school district or county office of education that has not experienced a loss of average daily attendance due to extenuating circumstances may not claim or report an increase in average daily attendance in excess of that authorized pursuant to this article during the previous fiscal year multiplied by 1.025.

This subdivision shall apply only to average daily attendance generated in the 2000–01 fiscal year.

(b) Except as otherwise provided in subdivision (b) of Section 46191, commencing with the 2001-02 fiscal year, and for each fiscal year thereafter, for purposes of Sections 1909 and 41841.5, in calculating the average daily attendance for schools or classes for adults in correctional facilities, a school district or county board of education may not claim or report any increase in average daily attendance in excess of the average daily attendance authorized pursuant to this article during the previous fiscal year multiplied by 1.025, unless the Legislature approves a greater increase for that fiscal year in the annual Budget Act.

(c) No state funds shall be allocated to a school district or county board of education for units of average daily attendance that have not been approved by the Legislature pursuant to subdivision (a) or (b).

(d) This section shall become operative on July 1, 2000.

CHAPTER 641

An act to amend Section 12110 of, and to add Section 13351.85 to, the Vehicle Code, relating to vehicles.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 12110 of the Vehicle Code is amended to read:

12110. (a) Except as provided in subdivision (b), no towing service shall provide and no person or public entity shall accept any direct or indirect commission, gift, or any compensation whatever from a towing service in consideration of arranging or requesting the services of a tow truck. As used in this section, ''arranging'' does not include the activities of employees or principals of a provider of towing services in responding to a request for towing services.

(b) Subdivision (a) does not preclude a public entity otherwise authorized by law from requiring a fee in connection with the award of a franchise for towing vehicles on behalf of that public entity. However, the fee in those cases may not exceed the amount necessary to reimburse the public entity for its actual and reasonable costs incurred in connection with the towing program.

(c) Any towing service or any employee of a towing service that accepts or agrees to accept any money or anything of value from a repair shop and any repair shop or any employee of a repair shop that pays or agrees to pay any money or anything of value as a commission, referral fee, inducement, or in any manner a consideration, for the delivery or the arranging of a delivery of a vehicle, not owned by the repair shop or towing service, for the purpose of storage or repair, is guilty of a misdemeanor, punishable as set forth in subdivision (d). Nothing in this subdivision prevents a towing service from towing a vehicle to a repair shop owned by the same company that owns the towing service.

(d) Any person convicted of a violation of subdivision (a) or (c) shall be punished as follows:

(1) Upon first conviction, by a fine of not more than five thousand dollars ($5,000) or imprisonment in the county jail for not more than six months, or by both that fine and imprisonment. If the violation of

subdivision (a) or (c) is committed by a tow truck driver, the person's privilege to operate a motor vehicle shall be suspended by the department under Section 13351.85. The clerk of the court shall send a certified abstract of the conviction to the department. If the violation of either subdivision (a) or (c) is committed by a tow truck driver, the court may order the impoundment of the tow truck involved for not more than 15 days.

(2) Upon a conviction of a violation of subdivision (a) or (c) that occurred within seven years of one or more separate convictions of violations of subdivision (a) or (c), by a fine of not more than ten thousand dollars ($10,000) or imprisonment in the county jail for not more than one year, or by both that fine and imprisonment. If the violation of subdivision (a) or (c) is committed by a tow truck driver, the person's privilege to operate a motor vehicle shall be suspended by the department under Section 13351.85. The clerk of the court shall send a certified abstract of the conviction to the department. If the violation of either subdivision (a) or (c) is committed by a tow truck owner, the court may order the impoundment of the tow truck involved for not less than 15 days but not more than 30 days.

SEC. 2. Section 13351.85 is added to the Vehicle Code, to read:

13351.85. Upon receipt of a duly certified abstract of any court showing that a person has been convicted of a violation of Section 12110, the department shall suspend that person's driving privilege for four months if the conviction was a first conviction, and for one year, if the conviction was a second or subsequent conviction of a violation of that section that occurred within seven years of the current conviction.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

The court may, in lieu of or in addition to the suspension of the driving privilege, order a person convicted under this section to complete a court-approved anger management or "road rage" course, subsequent to the date of the current violation.

SEC. 5. Section 13351.8 is added to the Vehicle Code, to read:

13351.8. Upon receipt of a duly certified abstract of the record of any court showing that the court has ordered the suspension of a driver's license pursuant to Section 13210, on or after January 1, 2001, the department shall suspend the person's driving privilege in accordance with that suspension order commencing either on the date of the person's conviction or upon the person's release from confinement or imprisonment.

(A) A prior or current conviction that resulted in a determinate prison sentence for an offense described in subdivision (b).

SEC. 2. Section 639 of the Code of Civil Procedure is amended to read:

639. (a) When the parties do not consent, the court may, upon the written motion of any party, or of its own motion, appoint a referee in the following cases:

(1) When the trial of an issue of fact requires the examination of a long account on either side; in which case the referees may be directed to hear

and decide the whole issue, or report upon any specific question of fact involved therein.

(2) When the taking of an account is necessary for the information of the court before judgment, or for carrying a judgment or order into effect.

(3) When a question of fact, other than upon the pleadings, arises upon motion or otherwise, in any stage of the action.

(4) When it is necessary for the information of the court in a special proceeding.

(5) When the court in any pending action determines that it is necessary for the court to appoint a referee to hear and determine any and all discovery motions and disputes relevant to discovery in the action and to report findings and make a recommendation thereon.

(b) All appointments of referees pursuant to this section shall be by written order and shall include the following:

(1) When the referee is appointed pursuant to paragraph (1), (2), (3), or (4) of subdivision (a), a statement of the reason the referee is being appointed.

(2) When the referee is appointed pursuant to paragraph (5) of subdivision (a), the exceptional circumstances requiring the reference, which must be specific to the circumstances of the particular case.

(3) The subject matter or matters included in the reference.

(4) The name, business address, and telephone number of the referee.

(5) The maximum hourly rate the referee may charge and, at the request of any party, the maximum number of hours for which the referee may charge. Upon the written application of any party or the referee, the court may, for good cause shown, modify the maximum number of hours subject to any findings as set forth in paragraph (6).

(6) (A) Either a finding that no party has established an economic inability to pay a pro rata share of the referee's fee or a finding that one or more parties has established an economic inability to pay a pro rata share of the referee's fees and that another party has agreed voluntarily to pay that additional share of the referee's fee. A court shall not appoint a referee at a cost to the parties if neither of these findings is made.

(B) In determining whether a party has established an inability to pay the referee's fees under subparagraph (A), the court shall consider only the ability of the party, not the party's counsel, to pay these fees. If a party is proceeding in forma pauperis, the party shall be deemed by the court to have an economic inability to pay the referee's fees. However, a determination of economic inability to pay the fees shall not be limited to parties that proceed in forma pauperis. For those parties who are not proceeding in forma pauperis, the court, in determining whether a party has established an inability to pay the fees, shall consider, among other things, the estimated cost of the referral and the impact of the proposed fees on the party's ability to proceed with the litigation.

(c) In any matter in which a referee is appointed pursuant to paragraph (5) of subdivision (a), a copy of the order appointing the referee shall be forwarded to the office of the presiding judge of the court. The Judicial Council shall, by rule, collect information on the use of these references and the reference fees charged to litigants, and shall report thereon to the Legislature by January 1, 2003. This subdivision shall become inoperative on January 1, 2004.

SEC. 2.5. Section 639 of the Code of Civil Procedure is amended to read:

639. (a) When the parties do not consent, the court may, upon the written motion of any party, or of its own motion, appoint a referee in the following cases:

(1) When the trial of an issue of fact requires the examination of a long account on either side; in which case the referees may be directed to hear and decide the whole issue, or report upon any specific question of fact involved therein.

(2) When the taking of an account is necessary for the information of the court before judgment, or for carrying a judgment or order into effect.

(3) When a question of fact, other than upon the pleadings, arises upon motion or otherwise, in any stage of the action.

(4) When it is necessary for the information of the court in a special proceeding.

(5) When the court in any pending action determines that it is necessary for the court to appoint a referee to hear and determine any and all discovery motions and disputes relevant to discovery in the action and to report findings and make a recommendation thereon.

(b) In a discovery matter, a motion to disqualify an appointed referee pursuant to Section 170.6 shall be made to the court by a party either:

(A) Within 10 days after notice of the appointment, or if the party has not yet appeared in the action, a motion shall be made within 10 days after the appearance, if a discovery referee has been appointed for all discovery purposes.

(B) At least five days before the date set for hearing, if the referee assigned is known at least 10 days before the date set for hearing and the discovery referee has been assigned only for limited discovery purposes.

(c) When a referee is appointed pursuant to paragraph (5) of subdivision (a), the order shall indicate whether the referee is being appointed for all discovery purposes in the action.

(d) All appointments of referees pursuant to this section shall be by written order and shall include the following:

(1) When the referee is appointed pursuant to paragraph (1), (2), (3), or (4) of subdivision (a), a statement of the reason the referee is being appointed.

(2) When the referee is appointed pursuant to paragraph (5) of subdivision (a), the exceptional circumstances requiring the reference, which must be specific to the circumstances of the particular case.

(3) The subject matter or matters included in the reference.

(4) The name, business address, and telephone number of the referee.

(5) The maximum hourly rate the referee may charge and, at the request of any party, the maximum number of hours for which the referee may charge. Upon the written application of any party or the referee, the court may, for good cause shown, modify the maximum number of hours subject to any findings as set forth in paragraph (6).

(6) (A) Either a finding that no party has established an economic inability to pay a pro rata share of the referee's fee or a finding that one or more parties has established an economic inability to pay a pro rata share of the referee's fees and that another party has agreed voluntarily to pay that additional share of the referee's fee. A court shall not appoint a referee at a cost to the parties if neither of these findings is made.

(B) In determining whether a party has established an inability to pay the referee's fees under subparagraph (A), the court shall consider only the ability of the party, not the party's counsel, to pay these fees. If a party is proceeding in forma pauperis, the party shall be deemed by the court to have an economic inability to pay the referee's fees. However, a determination of economic inability to pay the fees shall not be limited to parties that proceed in forma pauperis. For those parties who are not proceeding in forma pauperis, the court, in determining whether a party has established an inability to pay the fees, shall consider, among other things, the estimated cost of the referral and the impact of the proposed fees on the party's ability to proceed with the litigation.

(e) In any matter in which a referee is appointed pursuant to paragraph (5) of subdivision (a), a copy of the order appointing the referee shall be forwarded to the office of the presiding judge of the court. The Judicial Council shall, by rule, collect information on the use of these references and the reference fees charged to litigants, and shall report thereon to the Legislature by January 1, 2003. This subdivision shall become inoperative on January 1, 2004.

SEC. 3. Section 640 of the Code of Civil Procedure is amended to read:

640. (a) The court shall appoint as referee or referees the person or persons, not exceeding three, agreed upon by the parties.

(b) If the parties do not agree on the selection of the referee or referees, each party shall submit to the court up to three nominees for appointment as referee and the court shall appoint one or more referees, not exceeding three, from among the nominees against whom there is no legal objection. If no nominations are received from any of the parties, the court shall appoint one or more referees, not exceeding three, against

whom there is no legal objection, or the court may appoint a court commissioner of the county where the cause is pending as a referee.

(c) Participation in the referee selection procedure pursuant to this section does not constitute a waiver of grounds for objection to the appointment of a referee under Section 641 or 641.2.

SEC. 4. Section 641 of the Code of Civil Procedure is amended to read:

641. A party may object to the appointment of any person as referee, on one or more of the following grounds:

(a) A want of any of the qualifications prescribed by statute to render a person competent as a juror, except a requirement of residence within a particular county in the state.

(b) Consanguinity or affinity, within the third degree, to either party, or to an officer of a corporation which is a party, or to any judge of the court in which the appointment shall be made.

(c) Standing in the relation of guardian and ward, conservator and conservatee, master and servant, employer and clerk, or principal and agent, to either party; or being a member of the family of either party; or a partner in business with either party; or security on any bond or obligation for either party.

(d) Having served as a juror or been a witness on any trial between the same parties.

(e) Interest on the part of the person in the event of the action, or in the main question involved in the action.

(f) Having formed or expressed an unqualified opinion or belief as to the merits of the action.

(g) The existence of a state of mind in the potential referee evincing enmity against or bias toward either party.

SEC. 5. Section 641.2 of the Code of Civil Procedure is amended to read:

641.2. In any action brought under Article 8 (commencing with Section 12600) of Chapter 6, Part 2, Division 3, Title 3 of the Government Code, a party may object to the appointment of any person as referee on the ground that the person is not technically qualified with respect to the particular subject matter of the proceeding.

SEC. 6. Section 642 of the Code of Civil Procedure is repealed.

SEC. 7. Section 642 is added to the Code of Civil Procedure, to read:

642. Objections, if any, to a reference or to the referee or referees appointed by the court shall be made in writing, and must be heard and disposed of by the court, not by the referee.

SEC. 8. Section 643 of the Code of Civil Procedure is amended to read:

643. (a) Unless otherwise directed by the court, the referees or commissioner must report their statement of decision in writing to the

court within 20 days after the hearing, if any, has been concluded and the matter has been submitted.

(b) A referee appointed pursuant to Section 638 shall report as agreed by the parties and approved by the court.

(c) A referee appointed pursuant to Section 639 shall file with the court a report that includes a recommendation on the merits of any disputed issue, a statement of the total hours spent and the total fees charged by the referee, and the referee's recommended allocation of payment. The referee shall serve the report on all parties. Any party may file an objection to the referee's report or recommendations within 10 days after the referee serves and files the report, or within another time as the court may direct. The objection shall be served on the referee and all other parties. Responses to the objections shall be filed with the court and served on the referee and all other parties within 10 days after the objection is served. The court shall review any objections to the report and any responses submitted to those objections and shall thereafter enter appropriate orders. Nothing in this section is intended to deprive the court of its power to change the terms of the referee's appointment or to modify or disregard the referee's recommendations, and this overriding power may be exercised at any time, either on the motion of any party for good cause shown or on the court's own motion.

SEC. 9. Section 644 of the Code of Civil Procedure is amended to read:

644. (a) In the case of a consensual general reference pursuant to Section 638, the decision of the referee or commissioner upon the whole issue must stand as the decision of the court, and upon filing of the statement of decision with the clerk of the court, or with the judge where there is no clerk, judgment may be entered thereon in the same manner as if the action had been tried by the court.

(b) In the case of all other references, the decision of the referee or commissioner is only advisory. The court may adopt the referee's recommendations in whole or in part after independently considering the referee's findings and any objections and responses thereto filed with the court.

SEC. 10. Section 645 of the Code of Civil Procedure is amended to read:

645. The decision of the referee appointed pursuant to Section 638 or commissioner may be excepted to and reviewed in like manner as if made by the court. When the reference is to report the facts, the decision reported has the effect of a special verdict.

SEC. 11. Section 645.1 of the Code of Civil Procedure is amended to read:

645.1. (a) When a referee is appointed pursuant to Section 638, the referee's fees shall be paid as agreed by the parties. If the parties do not

agree on the payment of fees and request the matter to be resolved by the court, the court may order the parties to pay the referee's fees as set forth in subdivision (b).

(b) When a referee is appointed pursuant to Section 639, at any time after a determination of ability to pay is made as specified in paragraph (6) of subdivision (b) of Section 639, the court may order the parties to pay the fees of referees who are not employees or officers of the court at the time of appointment, as fixed pursuant to Section 1023, in any manner determined by the court to be fair and reasonable, including an apportionment of the fees among the parties. For purposes of this section, the term ''parties'' does not include parties' counsel.

SEC. 12. Section 645.2 is added to the Code of Civil Procedure, to read:

645.2. The Judicial Council shall adopt all rules of court necessary to implement this chapter.

SEC. 13. Section 2.5 of this bill incorporates amendments to Section 639 of the Code of Civil Procedure proposed by both this bill and SB 2153. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 639 of the Code of Civil Procedure, and (3) this bill is enacted after SB 2153, in which case Section 2 of this bill shall not become operative.

CHAPTER 646

An act to amend Sections 75.11, 75.21, 532, 731, 732, 733, 746, 748, 749, 758, and 759 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 75.11 of the Revenue and Taxation Code is amended to read:

75.11. (a) If the change in ownership occurs or the new construction is completed on or after January 1 but on or before May 31, then there shall be two supplemental assessments placed on the supplemental roll. The first supplemental assessment shall be the difference between the new base year value and the taxable value on the current roll. In the case of a change in ownership of the full interest in the real property, the second supplemental assessment shall be the difference between the new base year value and the taxable value to be enrolled on the roll being prepared. If the change in ownership is of only a partial interest in the real property, the second supplemental assessment shall be the difference between the sum of the new base year value of the portion transferred plus the taxable value on the roll being prepared of the remainder of the property and the taxable value on the roll being prepared of the whole property. For new construction, the second supplemental assessment shall be the value change due to the new construction.

(b) If the change in ownership occurs or the new construction is completed on or after June 1 but before the succeeding January 1, then the supplemental assessment placed on the supplemental roll shall be the difference between the new base year value and the taxable value on the current roll.

(c) If there are multiple changes in ownership or multiple completions of new construction, or both, with respect to the same real property during the same assessment year, then there shall be a net supplemental assessment placed on the supplemental roll, in addition to the assessment pursuant to subdivision (a) or (b). The net supplemental assessment shall be the most recent new base year value less the sum of (1) the previous entry or entries placed on the supplemental roll computed pursuant to subdivision (a) or (b), and (2) the corresponding taxable value on the current roll or the taxable value to be entered on the roll being prepared, or both, depending on the date or dates the change of ownership occurs or new construction is completed as specified in subdivisions (a) and (b).

(d) (1) Except as otherwise provided in paragraph (2), no supplemental assessment authorized by this section shall be valid, or have any force or effect, unless it is placed on the supplemental roll on or before the applicable date specified in subparagraphs (A), (B), or (C) as follows:

(A) The fourth July 1 following the July 1 of the assessment year in which either a statement reporting the change in ownership was filed pursuant to Section 480, 480.1, or 480.2, a preliminary change in ownership report was filed pursuant to Section 480.3, or the new construction was completed.

(B) The sixth July 1 following the July 1 of the assessment year in which either a statement reporting the change in ownership was filed pursuant to Section 480, 480.1, or 480.2, a preliminary change in ownership report was filed pursuant to Section 480.3, or the new construction was completed, if the penalty provided for in Section 504 is added to the assessment.

(C) The eighth July 1 following the July 1 of assessment year in which the event giving rise to the supplemental assessment occurred, if the change in ownership or change in control was unrecorded and a change in ownership statement, required by Section 480, or a preliminary change in ownership report, as required by Section 480.3, was not timely filed.

(2) Notwithstanding paragraph (1), there shall be no limitations period on making a supplemental assessment, if the penalty provided for in Section 503 is required to be added to the assessment.

For the purposes of this subdivision, ''assessment year'' means the period beginning annually as of 12:01 a.m. on the first day of January and ending immediately prior to the succeeding first day of January.

(e) If, before the expiration of the applicable period specified in subdivision (d) for making a supplemental assessment, the taxpayer and the assessor agree in writing to extend the period for making a supplemental assessment, correction, or claim for refund, a

supplemental assessment may be made at any time prior to the expiration of that extended period. The extended period may be further extended by successive written agreements entered into prior to the expiration of the most recent extension.

SEC. 2. Section 75.21 of the Revenue and Taxation Code is amended to read:

75.21. (a) Exemptions shall be applied to the amount of the supplemental assessment, provided that all of the following are true:

(1) The property is not receiving any other exemption on either the current roll or the roll being prepared except as provided for in subdivision (b).

(2) The assessee is eligible for the exemption.

(3) In those instances in which the provisions of this division require the filing of claims for exemption assessee makes a claim for the exemption.

(b) If the property received an exemption on the current roll or the roll being prepared and the assessee on the supplemental roll is eligible for an exemption and in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for an exemption of a greater amount, then the difference in the amount between the two exemptions shall be applied to the supplemental assessment.

(c) (1) If this division requires the filing of claims for exemption, any person claiming to be eligible for an exemption to be applied against the amount of the supplemental assessment shall, except as otherwise provided in subdivision (d) or (e), file a claim or an amendment to a current claim, in that form as prescribed by the board, on or before the 30th day following the date of notice of the supplemental assessment, in order to receive a 100 percent exemption.

(2) With respect to property as to which the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, or welfare exemption was available but for which a timely application for exemption was not filed, the following amounts shall be canceled or refunded:

(A) Ninety percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount, whichever is greater, for each supplemental assessment, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(B) Eighty-five percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount, whichever is greater, for each

supplemental assessment, if an appropriate application for exemption is filed after the date specified in subparagraph (A).

(3) For property for which the welfare exemption or veterans' organization exemption was available, Section 254.5, other than the specified dates for the filing of affidavits and other acts, applies to the application of those exemptions against a supplemental assessment.

(4) For property for which the veterans', homeowners', or disabled veterans' exemption was available but for which a timely application for exemption was not filed, that portion of tax attributable to 80 percent of the amount of exemption available shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent as provided by Section 75.52.

(5) With respect to property as to which any other exemption was available, but for which a timely application for exemption was not filed, the following amounts shall be canceled or refunded:

(A) Ninety percent of any tax or penalty or interest thereon, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(B) Eight-five percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount, whichever is greater, for each supplemental assessment, if an appropriate applciation for exemption is filed after the date specified in subparagraph (A).

(6) Other provisions of this division pertaining to the late filing of claims for exemption do not apply to assessments made pursuant to this chapter.

(d) For purposes of this section, any claim for the homeowners' exemption, veterans' exemption, or disabled veterans' exemption previously filed by the owner of a dwelling, granted and in effect, constitutes the claim or claims for that exemption required in this section. In the event that no claim for the homeowners' exemption, veterans' exemption, or disabled veterans' exemption is in effect, a claim for any of those exemptions for a single supplemental assessment for a change in ownership or new construction occurring on or after June 1, up to and including December 31, shall apply to that assessment; a claim for any of those exemptions for the two supplemental assessments for a change in ownership or new construction occurring on or after January 1, up to and including May 31, one for the current fiscal year and one for the following fiscal year, shall apply to those assessments. In either case, if granted, the claim shall remain in effect until title to the property changes, the owner does not occupy the home as his or her

principal place of residence on the lien date, or the property is otherwise ineligible pursuant to Section 205, 205.5, or 218.

(e) Notwithstanding subdivision (c), both of the following apply:

(1) No additional exemption claim is required to be filed until the next succeeding lien date if a supplemental assessment results from the completion of new construction on property that has previously been granted exemption on either the current roll or the roll being prepared.

(2) No additional exemption application is required to be filed until the next succeeding lien date if a supplemental assessment results from a change in ownership of property where the purchaser of the property owns and uses or uses, as the case may be, other property that has been granted the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, or welfare exemption on either the current roll or the roll being prepared and the property purchased is put to the same use. If a timely application for exemption is not filed on or before the next succeeding lien date, then the provisions of paragraph (1) of subdivision (c) apply. In all other instances where a supplemental assessment results from a change in ownership of property, an application for exemption shall be filed pursuant to subdivision (c).

SEC. 3. Section 532 of the Revenue and Taxation Code is amended to read:

532. (a) Except as provided in subdivision (b), any assessment made pursuant to either Article 3 (commencing with Section 501) or this article shall be made within four years after July 1 of the assessment year in which the property escaped taxation or was underassessed.

(b) (1) Any assessment to which the penalty provided for in Section 504 is required to be added shall be made within six years after July 1 of the assessment year in which the property escaped taxation or was underassessed.

(2) Any assessment resulting from an unrecorded change in ownership or change in control for which either a change in ownership statement, as required by Section 480, or a preliminary change in ownership report, as required by Section 480.3, is not filed with respect to the event giving rise to the escape assessment or underassessment, shall be made within eight years after July 1 of the assessment year in which the property escaped taxation or was underassessed. For purposes of this paragraph, an ''unrecorded change in ownership or change in control'' means a deed or other document evidencing a change in ownership was not filed with the country recorder's office at the time the event took place.

(3) Notwithstanding paragraphs (1) and (2), in the case where property has escaped taxation, in whole or in part, or has been underassessed, following a change in ownership and either the penalty

provided for in Section 503 is required to be added or a change in ownership statement, as required by Section 480.1 or 480.2 was not filed with respect to the event giving rise to the escape assessment or underassessment, an escape assessment shall be made for every year in which the property escaped taxation or was underassessed.

(c) For purposes of this section, ''assessment year'' means the period defined in Section 118.

CHAPTER 647

An act to amend Sections 51, 75.11, 75.21, 75.31, 227, 408, 532, 534, 674, 731, 732, 733, 746, 748, 749, 758, 759, 1605, 17935, and 19236 of, and to add Section 19052 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 51 of the Revenue and Taxation Code is amended to read:

51. (a) For purposes of subdivision (b) of Section 2 of Article XIII A of the California Constitution, for each lien date after the lien date in which the base year value is determined pursuant to Section 110.1, the taxable value of real property shall, except as otherwise provided in subdivision (b) or (c), be the lesser of:

(1) Its base year value, compounded annually since the base year by an inflation factor, which shall be determined as follows:

(A) For any assessment year commencing prior to January 1, 1985, the inflation factor shall be the percentage change in the cost of living, as defined in Section 2212.

(B) For any assessment year commencing after January 1, 1985, and prior to January 1, 1998, the inflation factor shall be the percentage change, rounded to the nearest one-thousandth of 1 percent, from December of the prior fiscal year to December of the current fiscal year in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

(C) For any assessment year commencing on or after January 1, 1998, the inflation factor shall be the percentage change, rounded to the nearest one-thousandth of 1 percent, from October of the prior fiscal year to October of the current fiscal year in the California Consumer Price Index for all items, as determined by the California Department of Industrial Relations.

(D) In no event shall the percentage increase for any assessment year determined pursuant to subparagraph (A), (B), or (C) exceed 2 percent of the prior year's value.

(2) Its full cash value, as defined in Section 110, as of the lien date, taking into account reductions in value due to damage, destruction, depreciation, obsolescence, removal of property, or other factors causing a decline in value.

(b) If the real property was damaged or destroyed by disaster, misfortune, or calamity and the board of supervisors of the county in which the real property is located has not adopted an ordinance pursuant to Section 170, or any portion of the real property has been removed by voluntary action by the taxpayer, the taxable value of the property shall be the sum of the following:

(1) The lesser of its base year value of land determined under paragraph (1) of subdivision (a) or full cash value of land determined pursuant to paragraph (2) of subdivision (a).

(2) The lesser of its base year value of improvements determined pursuant to paragraph (1) of subdivision (a) or the full cash value of improvements determined pursuant to paragraph (2) of subdivision (a).

In applying this subdivision, the base year value of the subject real property does not include that portion of the previous base year value of that property that was attributable to any portion of the property that has been destroyed or removed. The sum determined under this subdivision shall then become the base year value of the real property until that property is restored, repaired, or reconstructed or other provisions of law require establishment of a new base year value.

(c) If the real property was damaged or destroyed by disaster, misfortune or calamity and the board of supervisors in the county in which the real property is located has adopted an ordinance pursuant to Section 170, the taxable value of the real property shall be its assessed value as computed pursuant to Section 170.

(d) For purposes of this section, ''real property'' means that appraisal unit that persons in the marketplace commonly buy and sell as a unit, or that is normally valued separately.

(e) Nothing in this section shall be construed to require the assessor to make an annual reappraisal of all assessable property. However, for each lien date after the first lien date for which the taxable value of property is reduced pursuant to paragraph (2) of subdivision (a), the value of that property shall be annually reappraised at its full cash value as defined in Section 110 until that value exceeds the value determined pursuant to paragraph (1) of subdivision (a). In no event shall the assessor condition the implementation of the preceding sentence in any year upon the filing of an assessment appeal.

SEC. 1.5. Section 75.11 of the Revenue and Taxation Code is amended to read:

75.11. (a) If the change in ownership occurs or the new construction is completed on or after January 1 but on or before May 31, then there shall be two supplemental assessments placed on the supplemental roll. The first supplemental assessment shall be the difference between the new base year value and the taxable value on the current roll. In the case of a change in ownership of the full interest in the real property, the second supplemental assessment shall be the difference between the new base year value and the taxable value to be enrolled on the roll being prepared. If the change in ownership is of only a partial interest in the real property, the second supplemental assessment shall be the difference between the sum of the new base year value of the portion transferred plus the taxable value on the roll being prepared of the remainder of the property and the taxable value on the roll being prepared of the whole property. For new construction, the second supplemental assessment shall be the value change due to the new construction.

(b) If the change in ownership occurs or the new construction is completed on or after June 1 but before the succeeding January 1, then the supplemental assessment placed on the supplemental roll shall be the difference between the new base year value and the taxable value on the current roll.

(c) If there are multiple changes in ownership or multiple completions of new construction, or both, with respect to the same real property during the same assessment year, then there shall be a net supplemental assessment placed on the supplemental roll, in addition to the assessment pursuant to subdivision (a) or (b). The net supplemental assessment shall be the most recent new base year value less the sum of (1) the previous entry or entries placed on the supplemental roll computed pursuant to subdivision (a) or (b), and (2) the corresponding taxable value on the current roll or the taxable value to be entered on the roll being prepared, or both, depending on the date or dates the change of ownership occurs or new construction is completed as specified in subdivisions (a) and (b).

(d) No supplemental assessment authorized by this section shall be valid, or have any force or effect, unless it is placed on the supplemental roll on or before the applicable date specified in paragraph (1), (2), or (3), as follows:

(1) The fourth July 1 following the July 1 of the assessment year in which either a statement reporting the change in ownership was filed pursuant to Section 480, 480.1, or 480.2, a preliminary change in ownership report was filed pursuant to Section 480.3, or the new construction was completed.

(2) The sixth July 1 following the July 1 of the assessment year in which either a statement reporting the change in ownership was filed pursuant to Section 480, 480.1, or 480.2, a preliminary change in ownership report was filed pursuant to Section 480.3, or the new construction was completed, if the penalty provided for in Section 504 is added to the assessment.

(3) The eighth July 1 following the July 1 of the assessment year in which the event giving rise to the supplemental assessment occurred, if the change in ownership or change in control was unrecorded and a change in ownership statement required by Section 480 or preliminary change in ownership report, as required by Section 480.3, was not timely filed.

(4) Notwithstanding paragraphs (1), (2), and (3), there shall be no limitations period on making a supplemental assessment, if the penalty provided for in Section 503 is added to the assessment.

For the purposes of this subdivision, ''assessment year'' means the period beginning annually as of 12:01 a.m. on the first day of January and ending immediately prior to the succeeding first day of January.

(e) If, before the expiration of the applicable period specified in subdivision (d) for making a supplemental assessment, the taxpayer and the assessor agree in writing to extend the period for making a supplemental assessment, correction, or claim for refund, a supplemental assessment may be made at any time prior to the expiration of that extended period. The extended period may be further extended by successive written agreements entered into prior to the expiration of the most recent extension.

SEC. 2. Section 75.21 of the Revenue and Taxation Code is amended to read:

75.21. (a) Exemptions shall be applied to the amount of the supplemental assessment, provided that the property is not receiving any other exemption on either the current roll or the roll being prepared except as provided for in subdivision (b), that the assessee is eligible for the exemption, and that in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for the exemption.

(b) If the property received an exemption on the current roll or the roll being prepared and the assessee on the supplemental roll is eligible for an exemption and in those instances in which the provisions of this division require the filing of claims for exemption, the assessee makes a claim for an exemption of a greater amount, then the difference in the amount between the two exemptions shall be applied to the supplemental assessment.

(c) In those instances in which the provisions of this division require the filing of claims for exemption, except as provided in subdivision (d),

(e), or (f), any person claiming to be eligible for an exemption to be applied against the amount of the supplemental assessment shall file a claim or an amendment to a current claim, in that form as prescribed by the board, on or before the 30th day following the date of notice of the supplemental assessment, in order to receive a 100-percent exemption.

(1) With respect to property as to which the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, or welfare exemption was available, but for which a timely application for exemption was not filed, the following amounts shall be canceled or refunded:

(A) Ninety percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount, whichever is greater, for each supplemental assessment, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(B) Eighty-five percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount, whichever is greater, for each supplemental assessment, if an appropriate application for exemption is thereafter filed.

(2) With respect to property as to which the welfare exemption or veterans' organization exemption was available, all provisions of Section 254.5, other than the specified dates for the filing of affidavits and other acts, are applicable to this section.

(3) With respect to property as to which the veterans', homeowners', or disabled veterans' exemption was available, but for which a timely application for exemption was not filed, that portion of tax attributable to 80 percent of the amount of exemption available shall be canceled or refunded, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(4) With respect to property as to which any other exemption was available, but for which a timely application for exemption was not filed, the following amounts shall be canceled or refunded:

(A) Ninety percent of any tax or penalty or interest thereon, provided that an appropriate application for exemption is filed on or before the date on which the first installment of taxes on the supplemental tax bill becomes delinquent, as provided by Section 75.52.

(B) Eighty-five percent of any tax or penalty or interest thereon, or any amount of tax or penalty or interest thereon exceeding two hundred fifty dollars ($250) in total amount, whichever is greater, for each

supplemental assessment, if an appropriate application for exemption is thereafter filed.

Other provisions of this division pertaining to the late filing of claims for exemption do not apply to assessments made pursuant to this chapter.

(d) For purposes of this section, any claim for the homeowners' exemption, veterans' exemption, or disabled veterans' exemption previously filed by the owner of a dwelling, granted and in effect, constitutes the claim or claims for that exemption required in this section. In the event that no claim for the homeowners' exemption, veterans' exemption, or disabled veterans' exemption is in effect, a claim for any of those exemptions for a single supplemental assessment for a change in ownership or new construction occurring on or after June 1, up to and including December 31, shall apply to that assessment; a claim for any of those exemptions for the two supplemental assessments for a change in ownership or new construction occurring on or after January 1, up to and including May 31, one for the current fiscal year and one for the following fiscal year, shall apply to those assessments. In either case, if granted, the claim shall remain in effect until title to the property changes, the owner does not occupy the home as his or her principal place of residence on the lien date, or the property is otherwise ineligible pursuant to Section 205, 205.5, or 218.

(e) Notwithstanding subdivision (c), no additional exemption claim shall be required to be filed until the next succeeding lien date in the case in which a supplemental assessment results from the completion of new construction on property that has previously been granted exemption on either the current roll or the roll being prepared.

(f) (1) Notwithstanding subdivision (c), no additional exemption claim shall be required to be filed until the next succeeding lien date in the instance where a supplemental assessment results from a change in ownership of property where the purchaser of the property owns and uses or uses, as the case may be, other property that has been granted the college, cemetery, church, religious, exhibition, veterans' organization, free public libraries, free museums, or welfare exemption on either the current roll or the roll being prepared and the property purchased is put to the same use. If a timely application for exemption is not filed on the next succeeding lien date, then the provisions of paragraph (1) of subdivision (c) shall apply.

(2) In all other instances where a supplemental assessment results from a change in ownership of property, an application for exemption shall be filed pursuant to the provisions of subdivision (c).

SEC. 3. Section 75.31 of the Revenue and Taxation Code is amended to read:

75.31. (a) Whenever the assessor has determined a new base year value as provided in Section 75.10, the assessor shall send a notice to the assessee showing the following:

(1) The new base year value of the property that has changed ownership, or the new base year value of the completed new construction that shall be added to the existing taxable value of the remainder of the property.

(2) The taxable value appearing on the current roll, and if the change in ownership or completion of new construction occurred between January 1 and May 31, the taxable value on the roll being prepared.

(3) The date of the change in ownership or completion of new construction.

(4) The amount of the supplemental assessments.

(5) The exempt amount, if any, on the current roll or the roll being prepared.

(6) The date the notice was mailed.

(7) A statement that the supplemental assessment was determined in accordance with Article XIII A of the California Constitution that generally requires reappraisal of property whenever a change in ownership occurs or property is newly constructed.

(8) Any other information which the board may prescribe.

(b) In addition to the information specified in subdivision (a), the notice shall inform the assessee of the procedure for filing a claim for exemption that is to be filed within 30 days of the date of the notice.

(c) (1) The notice shall advise the assessee of the right to an informal review and the right to appeal the supplemental assessment, and, unless subject to paragraph (2) or (3), that the appeal shall be filed within 60 days of the date of mailing printed on the notice or the postmark date therefor, whichever is later. For the purposes of equalization proceedings, the supplemental assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(2) For counties in which the board of supervisors has adopted the provisions of subdivision (c) of Section 1605, the notice shall advise the assessee of the right to appeal the supplemental assessment, and that the appeal shall, except as provided in paragraph (3), be filed within 60 days of the date of mailing printed on the tax bill or the postmark date therefor, whichever is later. For the purposes of equalization proceedings, the supplemental assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(3) (A) If the taxpayer does not receive a notice in accordance with this section at least 15 days prior to the deadline to file the application described in Section 1603, the affected party or his or her agent may file an application within 60 days of the date of mailing printed on the tax

bill or the postmark thereof, whichever is later, along with an affidavit declaring under penalty of perjury that the notice was not timely received.

(B) Notwithstanding any other provision of this subdivision, an application for reduction in a supplemental assessment may be filed within 12 months following the month in which the assessee is notified of that assessment, if the affected party or his or her agent and the assessor stipulate that there is an error in assessment as the result of the exercise of the assessor's judgment in determining the full cash value of the property and a written stipulation as to the full cash value and the assessed value is filed in accordance with Section 1607.

(d) The notice shall advise the assessee of both of the following:

(1) The requirements, procedures, and deadlines with respect to an application for the reduction of a base year value pursuant to Section 80, or the reduction of an assessment pursuant to Section 1603.

(2) The criteria under Section 51 for the determination of taxable value, and the requirement of Section 1602 that the custodial officer of the local roll make the roll, or a copy thereof, available for inspection by all interested parties during regular office hours.

(e) The notice shall advise the assessee that if the supplemental assessment is a negative amount the auditor shall make a refund of a portion of taxes paid on assessments made on the current roll, or the roll being prepared, or both.

(f) The notice shall be furnished by the assessor to the assessee by regular United States mail directed to the assessee at the assessee's latest address known to the assessor.

(g) The notice given by the assessor under this section shall be on a form prescribed by the State Board of Equalization.

SEC. 4. Section 227 of the Revenue and Taxation Code is amended to read:

227. A documented vessel, as defined in Section 130, shall be assessed at 4 percent of its full cash value only if the vessel is engaged or employed exclusively in any of the following:

(a) In the taking and possession of fish or other living resource of the sea for commercial purposes.

(b) In instruction or research studies as an oceanographic research vessel.

(c) In carrying or transporting seven or more people for hire for commercial passenger fishing purposes and holds a current certificate of inspection issued by the United States Coast Guard. A vessel shall not be deemed to be engaged or employed in activities other than the carrying or transporting of seven or more persons for hire for commercial passenger fishing purposes by reason of that vessel being used occasionally for dive, tour, or whale watching purposes. For purposes of

this subdivision, ''occasionally'' means 15 percent or less of the total operating time logged for the immediately preceding assessment year.

SEC. 4.6. Section 408 of the Revenue and Taxation Code is amended to read:

408. (a) Except as otherwise provided in subdivisions (b), (c), (d), and (e) any information and records in the assessor's office that are not required by law to be kept or prepared by the assessor, and homeowners' exemption claims, are not public documents and shall not be open to public inspection. Property receiving the homeowners' exemption shall be clearly identified on the assessment roll. The assessor shall maintain records which shall be open to public inspection to identify those claimants who have been granted the homeowners' exemption.

(b) The assessor may provide any appraisal data in his or her possession to the assessor of any county.

The assessor shall disclose information, furnish abstracts, or permit access to all records in his or her office to law enforcement agencies, the county grand jury, the board of supervisors or their duly authorized agents, employees or representatives when conducting an investigation of the assessor's office pursuant to Section 25303 of the Government Code, the Controller, employees of the Controller for property tax postponement purposes, probate referees, employees of the Franchise Tax Board for tax administration purposes only, staff appraisers of the Department of Financial Institutions, the Department of Transportation, the Department of General Services, the State Board of Equalization, the State Lands Commission, the State Department of Social Services, the Department of Water Resources, and other duly authorized legislative or administrative bodies of the state pursuant to their authorization to examine the records. Whenever the assessor discloses information, furnishes abstracts, or permits access to records in his or her office to staff appraisers of the Department of Financial Institutions, the Department of Transportation, the Department of General Services, the State Lands Commission, or the Department of Water Resources pursuant to this section, the department shall reimburse the assessor for any costs incurred as a result thereof.

(c) Upon the request of the tax collector, the assessor shall disclose and provide to the tax collector information used in the preparation of that portion of the unsecured roll for which the taxes thereon are delinquent. The tax collector shall certify to the assessor that he or she needs the information requested for the enforcement of the tax lien in collecting those delinquent taxes. Information requested by the tax collector may include social security numbers, and the assessor shall recover from the tax collector his or her actual and reasonable costs for providing the information. The tax collector shall add the costs described

in the preceding sentence to the assessee's delinquent tax lien and collect those costs subject to subdivision (e) of Section 2922.

(d) The assessor shall, upon the request of an assessee or his or her designated representative, permit the assessee or representative to inspect or copy any market data in the assessor's possession. For purposes of this subdivision, ''market data'' means any information in the assessor's possession, whether or not required to be prepared or kept by him or her, relating to the sale of any property comparable to the property of the assessee, if the assessor bases his or her assessment of the assessee's property, in whole or in part, on that comparable sale or sales. The assessor shall provide the names of the seller and buyer of each property on which the comparison is based, the location of that property, the date of the sale, and the consideration paid for the property, whether paid in money or otherwise. However, for purposes of providing market data, the assessor shall not display any document relating to the business affairs or property of another.

(e) (1) With respect to information, documents, and records, other than market data as defined in subdivision (d), the assessor shall, upon request of an assessee of property, or his or her designated representative, permit the assessee or representative to inspect or copy all information, documents, and records, including auditors' narrations and workpapers, whether or not required to be kept or prepared by the assessor, relating to the appraisal and the assessment of the assessee's property, and any penalties and interest thereon.

(2) After enrolling an assessment, the assessor shall respond to a written request for information supporting the assessment, including, but not limited to, any appraisal and other data requested by the assessee.

(3) Except as provided in Section 408.1, an assessee, or his or her designated representative, shall not be permitted to inspect or copy information and records that also relate to the property or business affairs of another, unless that disclosure is ordered by a competent court in a proceeding initiated by a taxpayer seeking to challenge the legality of the assessment of his or her property.

(f) (1) Permission for the inspection or copying requested pursuant to subdivision (d) or (e) shall be granted as soon as reasonably possible to the assessee or his or her designated representative.

(2) If the assessee, or his or her designated representative, requests the assessor to make copies of any of the requested records, the assessee shall reimburse the assessor for the reasonable costs incurred in reproducing and providing the copies.

(3) If the assessor fails to permit the inspection or copying of materials or information as requested pursuant to subdivision (d) or (e) and the assessor introduces any requested materials or information at any assessment appeals board hearing, the assessee or his or her

representative may request and shall be granted a continuance for a reasonable period of time. The continuance shall extend the two-year period specified in subdivision (c) of Section 1604 for a period of time equal to the period of continuance.

SEC. 4.7. Section 532 of the Revenue and Taxation Code is amended to read:

532. (a) Except as provided in subdivision (b), any assessment made pursuant to either Article 3 (commencing with Section 501) or this article shall be made within four years after July 1 of the assessment year in which the property escaped taxation or was underassessed.

(b) (1) Any assessment to which the penalty provided for in Section 504 must be added shall be made within six years after July 1 of the assessment year in which the property escaped taxation or was underassessed.

(2) Any assessment resulting from an unrecorded change in ownership or change in control for which either a change in ownership statement, as required by Section 480 or a preliminary change in ownership report, as required by Section 480.3, is not filed with respect to the event giving rise to the escape assessment or underassessment shall be made within eight years after July 1 of the assessment year in which the property escaped taxation or was underassessed. For purposes of this paragraph, an ''unrecorded change in ownership or change in control'' means a deed or other document evidencing a change in ownership that was not filed with the county recorder's office at the time the event took place.

(3) Notwithstanding paragraphs (1) and (2), in the case where property has escaped taxation, in whole or in part, or has been underassessed, following a change in ownership and either the penalty provided for in Section 503 must be added or a change in ownership statement, as required by Section 480.1 or 480.2 was not filed with respect to the event giving rise to the escape assessment or underassessment, an escape assessment shall be made for each year in which the property escaped taxation or was underassessed.

(c) For purposes of this section, ''assessment year'' means the period defined in Section 118.

SEC. 5. Section 534 of the Revenue and Taxation Code is amended to read:

534. (a) Assessments made pursuant to Article 3 (commencing with Section 501) or this article shall be treated like, and taxed at the same rate applicable to, property regularly assessed on the roll on which it is entered, unless the assessment relates to a prior year and then the tax rate of the prior year shall be applied, except that the tax rate for years prior to the 1981–82 fiscal year shall be divided by four.

(b) No assessment described in subdivision (a) shall be effective for any purpose, including its review, equalization and adjustment by the Board of Equalization, until the assessee has been notified thereof personally or by United States mail at his or her address as contained in the official records of the county assessor. For purposes of Section 532, the assessment shall be deemed made on the date on which it is entered on the roll pursuant to Section 533, if the assessee is notified of the assessment within 60 days after the statute of limitations or the placing of the escape assessment on the assessment roll. Otherwise the assessment shall be deemed made only on the date the assessee is so notified.

(c) The notice given by the assessor pursuant to this section shall include all of the following:

(1) The date the notice was mailed.

(2) Information regarding the assessee's right to an informal review and the right to appeal the assessment, and except in a case in which paragraph (3) applies, that the appeal shall be filed within 60 days of the date of mailing printed on the notice or the postmarked date therefor, whichever is later. For the purposes of equalization proceedings, the supplemental assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(3) For counties in which the board of supervisors has adopted a resolution in accordance with subdivision (c) of Section 1605, the notice shall advise the assessee of the right to appeal the assessment, and that the appeal shall be filed within 60 days of the date of mailing printed on the tax bill or the postmark therefor, whichever is later. For the purposes of equalization proceedings, the supplemental assessment shall be considered an assessment made outside of the regular assessment period as provided in Section 1605.

(4) A description of the requirements, procedures, and deadlines with respect to an application for the reduction of an assessment pursuant to Section 1605.

(d) (1) The notice given by the assessor under this section shall be on a form prescribed by the board.

(2) Giving of the notice required by Section 531.8 shall not satisfy the requirements of this section.

674. (a) All contracts for the performance of appraisal work for assessors by any person who is not an employee of the state, any county, or any city shall be entered into only after at least two competitive bids and shall be entered into either on a fixed fee basis or on the basis of an hourly rate with a maximum dollar amount.

(b) In addition to any provision in the Real Estate Appraisers' Licensing and Certification Law (Part 3 (commencing with Section 11300) of Division 4 of the Business and Professions Code), a contractor shall maintain the confidentiality of assessee information and records as provided in Sections 408, 451, and 481 that is obtained in performance of the contract.

(1) A request for information and records from an assessee shall be made by the assessor. The assessor may authorize a contractor to request additional information or records, if needed. However, a contractor shall not request that information or records without the written authorization of the assessor.

(2) A contractor shall not provide appraisal data in his or her possession to the assessor or a contractor of another county who is not a party to the contract. An assessor may provide that data to the assessor of another county as provided in subdivision (b) of Section 408.

(c) A contractor may not retain information contained in, or derived from, an assessee's confidential information and records after the conclusion, termination, or nonrenewal of the contract. Within 90 days of the conclusion, termination, or nonrenewal of the contract, the contractor shall:

(1) Purge and return to the assessor any assessee records, whether originals, copies, or electronically stored, provided by the assessor or otherwise obtained from the assessee.

(2) Provide a written declaration to the assessor that the contractor has complied with this subdivision.

(d) All contracts entered into pursuant to subdivision (a) shall include a provision incorporating the requirements of subdivisions (b) and (c). This provision of the contract shall use language that is prescribed by the State Board of Equalization.

At least 30 days prior to transmitting a statement of assessment of escaped property or making a roll correction, the board shall notify the assessee whose property's full value has increased as a result of an escape assessment or roll correction of the assessed value of that property as it shall appear on the corrected roll. The notice shall be mailed to the assessee at its address shown in the records of the board. SEC. 14. Section 1605 of the Revenue and Taxation Code is amended to read:

1605. (a) An assessment made outside of the regular assessment period is not effective for any purpose, including its review, equalization and adjustment by the county board, until the assessee has been notified thereof personally or by United States mail at the assessee's address as contained in the official records of the county assessor. For purposes of this subdivision, for counties in which the board of supervisors has adopted the provisions of subdivision (c) and counties of the first class, receipt by the assessee of a tax bill based on that assessment shall suffice as the notice.

(b) Upon application for reduction pursuant to subdivision (a) of Section 1603, the assessment shall be subject to review, equalization and adjustment by the county board. In the case of an assessment made pursuant to Article 3 (commencing with Section 501) or Article 4

(commencing with Section 531) of Chapter 3 of Part 2, the application shall be filed with the clerk no later than 60 days after the date of mailing printed on the notice of assessment, or the postmark therefor, whichever is later. For counties in which the board of supervisors has adopted a resolution in accordance with subdivision (c), and counties of the first class, an application subject to the preceding sentence shall be filed within 60 days of the date of mailing printed on the tax bill or the postmark therefor, whichever is later. If the taxpayer does not receive the notice of assessment described in Section 534 at least 15 calendar days prior to the deadline to file the application described in Section 1603, the party affected, or his or her agent, may file the application within 60 days of the date of mailing printed on the tax bill or the postmark therefor, whichever is later, along with an affidavit declaring under penalty of perjury that the notice was not timely received.

(c) The board of supervisors of any county may by resolution require that the application for reduction pursuant to subdivision (a) of Section 1603 be filed with the clerk no later than 60 days after the date of mailing printed on the tax bill or the postmark therefor, whichever is later.

(d) In counties where assessment appeals boards have not been created and are not in existence, at any regular meeting, the board of supervisors, on the request of the assessor or any taxpayer, shall sit as the county board to equalize any assessments made by the assessor outside the regular assessment period for those assessments. Notwithstanding any other provision of law to the contrary, in any county in which assessment appeals boards have been created and are in existence, the time for equalization of assessments made outside the regular assessment period for those assessments, including assessments made pursuant to Sections 501, 503, 504, 531, and 531.5, shall be prescribed by rules adopted by the board of supervisors.

(e) If an audit of the books and records of any profession, trade, or business pursuant to Section 469 discloses property subject to an escaped assessment for any year, then the original assessment of all property of the assessee at the location of the profession, trade, or business for that year shall be subject to review, equalization and adjustment by the county board of equalization or assessment appeals board pursuant to this chapter, except in those instances when that property had previously been equalized for the year in question by the county board of equalization or assessment appeals board. The application shall be filed with the clerk no later than 60 days after the date on which the assessee was notified. Receipt by the assessee of a tax bill based upon that assessment shall suffice as that notice.

(f) For purposes of subdivision (a), ''regular assessment period'' means January 1 to and including July 1 of the calendar year in which

the assessment, other than escape assessments, should have been enrolled if it had been timely made.

SEC. 15. Section 17935 of the Revenue and Taxation Code is amended to read:

17935. (a) For each taxable year beginning on or after January 1, 1997, every limited partnership doing business in this state (as defined by Section 23101) and required to file a return under Section 18633 shall pay annually to this state a tax for the privilege of doing business in this state in an amount equal to the applicable amount specified in Section 23153.

(b) (1) In addition to any limited partnership that is doing business in this state and therefore is subject to the tax imposed by subdivision (a), for each taxable year beginning on or after January 1, 1997, every limited partnership that has executed, acknowledged, and filed a certificate of limited partnership with the Secretary of State pursuant to Section 15621 of the Corporations Code, and every foreign limited partnership that has registered with the Secretary of State pursuant to Section 15692 of the Corporations Code, shall pay annually the tax prescribed in subdivision (a). The tax shall be paid for each taxable year, or part thereof, until a certificate of cancellation is filed on behalf of the limited partnership with the office of the Secretary of State pursuant to Section 15623 or 15696 of the Corporations Code.

(2) If a taxpayer files a return with the Franchise Tax Board that is designated its final return, that board shall notify the taxpayer that the minimum tax is due annually until a certificate of cancellation is filed with the Secretary of State pursuant to Section 15623 or 15696 of the Corporations Code.

(c) The tax imposed under this section shall be due and payable on the date the return is required to be filed under former Section 18432 or 18633.

(d) For purposes of this section, ''limited partnership'' means any partnership formed by two or more persons under the laws of this state or any other jurisdiction and having one or more general partners and one or more limited partners.

(e) Notwithstanding subdivision (b), any limited partnership that ceased doing business prior to January 1, 1997, filed a final return with the Franchise Tax Board for a taxable year ending before January 1, 1997, and filed a certificate of dissolution with the Secretary of State pursuant to Section 15623 of the Corporations Code prior to January 1, 1997, shall not be subject to the tax imposed by subdivision (b) of this section for any period following the date the certificate of dissolution was filed with the Secretary of State, but only if the limited partnership files a certificate of cancellation with the Secretary of State pursuant to Section 15623 of the Corporations Code. In the case where a notice of

proposed deficiency assessment of tax or a notice of tax due (whichever is applicable) is mailed after January 1, 2001, the first sentence of this subdivision shall not apply unless the certificate of cancellation is filed with the Secretary of State not later than 60 days after the date of the mailing of the notice.

SEC. 16. Section 19052 is added to the Revenue and Taxation Code, to read:

19052. Notwithstanding any other provision of this part to the contrary, denial of credits or refunds claimed on or after January 1, 2001, in accordance with Section 17052.6 may be made pursuant to Section 19051, except that in these cases claimants shall have the right of protest and appeal provided by this part.

SEC. 17. Section 19236 of the Revenue and Taxation Code is amended to read:

19236. For purposes of issuing a warrant pursuant to this article:

(a) (1) No levy may be issued on any property or right to property to be sold in accordance with the Code of Civil Procedure until a thorough investigation of the status of the property has been completed by the Franchise Tax Board.

(2) For purposes of paragraph (1), an investigation of the status of any property shall include all of the following:

(A) A verification of the taxpayer's liability.

(B) The completion of an analysis to determine whether the expense of the sale process to the state exceeds the liability for which the levy would be issued.

(C) The determination that the equity in the property is sufficient to yield net proceeds from the sale of the property to apply to the liability.

(D) A thorough consideration of alternative collection methods.

(b) If the amount of the levy does not exceed five thousand dollars ($5,000), no levy may be issued on either of the following:

(1) Any real property used as a residence by the taxpayer.

(2) Any real property of the taxpayer (other than real property which is rented) used by any other individual as a residence.

(c) Notwithstanding the investigation required under subdivision (a):

(1) The principal residence of the taxpayer may not be sold except in accordance with Article 4 (commencing with Section 704.710) of Chapter 4 of Division 2 of Title 9 of the Code of Civil Procedure, which requires a court order for sale.

(2) Tangible personal property or real property (other than real property which is rented or a principal residence) used in the trade or business of an individual taxpayer may not be levied unless:

(A) The levy is approved in writing by the assistant executive officer for collection (or delegate), or

(B) The Franchise Tax Board finds that collection of tax is in jeopardy. The officer, or delegate, may not approve a levy under subparagraph (A) unless the officer determines that the taxpayer's other assets subject to collection are insufficient to pay the amount due, together with expenses of the proceedings.

(d) This section shall be operative for any warrant issued on or after the effective date of the act adding this section.

SEC. 18. The amendments to Section 17935 of the Revenue and Taxation Code made by Section 15 of this act are consistent with the amendments made by Section 54 of Chapter 987 of the Statutes of 1999, and are declaratory of existing law.

SEC. 19. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(B) If the person who is registering has more than one residence address or location at which he or she regularly resides or is located, he or she shall register in accordance with subparagraph (A) in each of the jurisdictions in which he or she regularly resides or is located. If all of the addresses or locations are within the same jurisdiction, the person shall provide the registering authority with all of the addresses or locations where he or she regularly resides or is located.

(C) If the person who is registering has no residence address, he or she shall update his or her registration no less than once every 90 days in addition to the requirement in subparagraph (A), on a form as may be required by the Department of Justice, with the entity or entities described in subparagraph (A) in whose jurisdiction he or she is located at the time he or she is updating the registration.

(D) Beginning on his or her first birthday following registration or change of address, the person shall be required to register annually, within five working days of his or her birthday, to update his or her registration with the entities described in subparagraph (A), including verifying his or her name and address, or temporary location, and place of employment including the name and address of the employer, on a form as may be required by the Department of Justice.

The registering agency shall submit registrations, including annual updates or changes of address, directly into the Department of Justice Violent Crime Information Network (VCIN).

(G) Persons required to register in their state of residence who are out-of-state residents employed in California on a full-time or part-time

Persons described in paragraph (2) who are out-of-state residents enrolled in any educational institution in California, as defined in Section 22129 of the Education Code, on a full-time or part-time basis, shall register in accordance with subparagraph (A). The place where the out-of-state resident is located, for purposes of registration, shall be the place where the person is employed or attending school. The out-of-state resident subject to this subparagraph shall, in addition to the information required pursuant to subdivision (e), provide the registering authority with the name of his or her place of employment or the name of the school attended in California, and his or her address or location in his or her state of residence. The registration requirement for persons subject to this subparagraph shall become operative on November 25, 2000.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314, any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has

been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the

person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(c) (1) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(2) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is granted conditional release without supervised probation, or discharged upon payment of a fine, shall, prior to release or discharge, be informed of the duty to register under this section in open court by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any

offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

(B) Any offense defined in paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, Section 264.1, 266c, or 267, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 286, Section 288 or 288.5, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 288a, subdivision (a) of Section 289, or Section 647.6.

(C) A violation of Section 207 or 209 committed with the intent to violate Section 261, 286, 288, 288a, or 289.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of both of the following:

(A) A preregistration statement in writing, signed by the person, giving information that shall be required by the Department of Justice.

(B) The fingerprints and photograph of the person.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon release from incarceration, placement, or commitment, pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as shall be required by the Department of Justice and giving the name and address of the person's employer, and the address of the person's place of employment if that is different from the employer's main address.

(B) The fingerprints and photograph of the person.

(C) The license plate number of any vehicle owned by, regularly driven by, or registered in the name of the person.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with

which he or she last registered of the new address or location. The law enforcement agency or agencies shall, within three days after receipt of this information, forward a copy of the change of address or location information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

(2) If the person's new address is in a Department of the Youth Authority facility or a state prison or state mental institution, an official of the place of incarceration, placement, or commitment shall, within 90 days of receipt of the person, forward the registrant's change of address information to the Department of Justice. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. (2) Except as provided in paragraphs (5) and (7), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information

provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(6) For purposes of this section, ''likely to encounter'' means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, ''reasonably suspects'' means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, ''at risk'' means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

The official shall at the same time forward a current photograph of the person to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement

agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(2) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is granted conditional release without supervised probation, or discharged upon payment of a fine, shall, prior to release or discharge, be informed of the duty to register under this section in open court by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The

Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, ''parole authority'' has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice

shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(6) For purposes of this section, ''likely to encounter'' means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, ''reasonably suspects'' means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, ''at risk'' means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(2) The information shall be categorized by community of residence and ZIP Code. The information shall include the names and known aliases of the person, photograph, a physical description, gender, race, date of birth, the criminal history, and the address, including ZIP Code, in which the person resides, and any other information that the Department of Justice deems relevant, not including information that would identify the victim.

(3) The department shall operate a ‘‘900’’ telephone number that members of the public may call and inquire whether a named individual is listed among those described in this subdivision. The caller shall furnish his or her first name, middle initial, and last name. The department shall ascertain whether a named person reasonably appears to be a person so listed and provide the caller with the information described in paragraph (2), except the department shall not disclose the name or address of a listed person’s employer, or the street address or criminal history of a person listed, except to disclose the ZIP Code area in which the person resides and to describe the specific crimes for which the registrant was required to register. The department shall decide whether the named person reasonably appears to be a person listed,

The signed statement shall be maintained in a file in the designated law enforcement agency's office. A person under 18 years of age may accompany an applicant who is that person's parent or legal

guardian for the purpose of viewing the CD-ROM or other electronic medium.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

(C) Any information identifying the victim by name, birth date, address, or relationship to the registrant shall be excluded from the CD-ROM or other electronic medium.

(5) (A) The income from the operation of the ''900'' telephone number shall be deposited in the Sexual Predator Public Information Account, which is hereby established within the Department of Justice for the purpose of the implementation of this section by the Department of Justice, including all actual and reasonable costs related to establishing and maintaining the information described in subdivision (a) and the CD-ROM or other electronic medium described in this subdivision.

(B) The moneys in the Sexual Predator Public Information Account shall consist of income from the operation of the ''900'' telephone number program authorized by this section, proceeds of the loan made pursuant to Section 6 of the act adding this section, and any other funds made available to the account by the Legislature. Moneys in the account shall be available to the Department of Justice upon appropriation by the Legislature for the purpose specified in subparagraph (A).

(C) When the ''900'' telephone number is called, a preamble shall be played before charges begin to accrue. The preamble shall run at least the length of time required by federal law and shall provide the following information:

(vii) A statement that the number is not a crime hotline and that any suspected criminal activity should be reported to local authorities.

(viii) A statement that the caller should have a reasonable suspicion that a person is at risk.

(D) The Department of Justice shall expend no more than six hundred thousand dollars ($600,000) per year from any moneys appropriated by the Legislature from the account.

(b) (1) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to, any other punishment, by a five-year term of imprisonment in the state prison.

(2) Any person who, without authorization, uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(c) The record of the compilation of offender information on each CD-ROM or other electronic medium distributed pursuant to this section shall be used only for law enforcement purposes and the public safety purposes specified in this section and Section 290. This record shall not be distributed or removed from the custody of the law enforcement agency that is authorized to retain it. Information obtained from this record shall be disclosed to a member of the public only as provided in this section or Section 290, or any other statute expressly authorizing it.

Any person who copies, distributes, discloses, or receives this record or information from it, except as authorized by law, is guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six months or by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. This subdivision shall not apply to a law enforcement officer who makes a copy as part of his or her official duties in the course of a criminal investigation, court case, or as otherwise authorized by subdivision (n) of Section 290. The foregoing remedies shall be independent of any other remedies or procedures that may be available to an aggrieved party under other provisions of law, including Part 2 (commencing with Section 43) of Division 1 of the Civil Code.

(j) On or before July 1, 2000, the Department of Justice shall make a report to the Legislature concerning the changes to the operation of the ''900'' telephone number program made by the amendments to this section by Chapter 908 of the Statutes of 1996. The report shall include all of the following:

(1) Number of calls received by county.

The pamphlet shall provide basic information concerning appropriate steps parents, guardians, and other responsible adults can take to ensure a child is safe from a suspected child molester, including, but not limited to, how to identify suspicious activity by an adult, common facts and myths about child molesters, and how to obtain additional help and information. A notice to callers to the ''900'' telephone number that they will receive the pamphlet, if an address is provided, shall be included in the preamble required by this section.

(m) On or before July 1, 2001, and every year thereafter, the Department of Justice shall make a report to the Legislature concerning the operation of this section.

(n) This section shall remain operative only until January 1, 2004, and as of that date is repealed unless a later enacted statute, which becomes effective on or before that date, deletes or extends that date.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 290 of the Penal Code proposed by both this bill and SB 446. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 290 of the Penal Code, and (3) this bill is enacted after SB 446, in which case Section 1 of this bill shall not become operative.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(B) If the person who is registering has more than one residence address or location at which he or she regularly resides or is located, he or she shall register in accordance with subparagraph (A) in each of the jurisdictions in which he or she regularly resides or is located. If all of the addresses or locations are within the same jurisdiction, the person shall provide the registering authority with all of the addresses or locations where he or she regularly resides or is located.

(C) If the person who is registering has no residence address, he or she shall update his or her registration no less than once every 90 days in addition to the requirement in subparagraph (A), on a form as may be required by the Department of Justice, with the entity or entities described in subparagraph (A) in whose jurisdiction he or she is located at the time he or she is updating the registration.

(D) Beginning on his or her first birthday following registration or change of address, the person shall be required to register annually, within five working days of his or her birthday, to update his or her

registration with the entities described in subparagraph (A), including, verifying his or her name and address, or temporary location, and place of employment including the name and address of the employer, on a form as may be required by the Department of Justice.

(F) No entity shall require a person to pay a fee to register or update his or her registration pursuant to this section. The registering agency shall submit registrations, including annual updates or changes of address, directly into the Department of Justice Violent Crime Information Network (VCIN).

(G) Persons required to register in their state of residence who are out-of-state residents employed in California on a full-time or part-time basis, with or without compensation, for more than 14 days, or for an aggregate period exceeding 30 days in a calendar year, shall register in accordance with subparagraph (A). Persons described in paragraph (2) who are out-of-state residents enrolled in any educational institution in California, as defined in Section 22129 of the Education Code, on a full-time or part-time basis, shall register in accordance with subparagraph (A). The place where the out-of-state resident is located, for purposes of registration, shall be the place where the person is employed or attending school. The out-of-state resident subject to this subparagraph shall, in addition to the information required pursuant to subdivision (e), provide the registering authority with the name of his or her place of employment or the name of the school attended in California, and his or her address or location in his or her state of residence. The registration requirement for persons subject to this subparagraph shall become operative on November 25, 2000.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those

sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with

Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice. The official shall at the same time forward a current photograph of the person to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(c) (1) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(2) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is granted conditional release without supervised probation, or discharged upon payment of a fine, shall, prior to release or discharge,

be informed of the duty to register under this section in open court by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall

transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of both of the following:

(A) A preregistration statement in writing, signed by the person, giving information that shall be required by the Department of Justice.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(2) A person described in paragraph (2) of subdivision (a) shall register, or reregister if the person has previously registered, upon release from incarceration, placement, or commitment, pursuant to paragraph (1) of subdivision (a). The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as shall be required by the Department of Justice and giving the name and address of the person's employer, and the address of the person's place of employment if that is different from the employer's main address.

(E) Copies of adequate proof of residence, which shall be limited to a California driver's license, California identification card, recent rent or utility receipt, printed personalized checks or other recent banking documents showing that person's name and address, or any other

information that the registering official believes is reliable. If the person has no residence and no reasonable expectation of obtaining a residence in the foreseeable future, the person shall so advise the registering official and shall sign a statement provided by the registering official stating that fact. Upon presentation of proof of residence to the registering official or a signed statement that the person has no residence, the person shall be allowed to register. If the person claims that he or she has a residence but does not have any proof of residence, he or she shall be allowed to register but shall furnish proof of residence within 30 days of the day he or she is allowed to register.

(3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address or location, whether within the jurisdiction in which he or she is currently registered or to a new jurisdiction inside or outside the state, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address or location. The law enforcement agency or agencies shall, within three days after receipt of this information, forward a copy of the change of address or location information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence or location.

The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(2) Except as provided in paragraphs (5) and (7), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, ''parole authority'' has the same meaning as described in Section 3000.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, ''mentally disordered sex offender'' includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or

This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(5) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(6) For purposes of this section, ''likely to encounter'' means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, ''reasonably suspects'' means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, ''at risk'' means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(2) Any person who uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any

other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(G) Persons required to register in their state of residence who are out-of-state residents employed in California on a full-time or part-time basis, with or without compensation, for more than 14 days, or for an aggregate period exceeding 30 days in a calendar year, shall register in accordance with subparagraph (A). (C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction or sentencing that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice. The official shall at the same time forward a current photograph of the person to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement or hospital shall retain one copy.

(2) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is granted conditional release without supervised probation, or discharged upon payment of a fine, shall, prior to release or discharge, be informed of the duty to register under this section in open court by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under

this section has been explained to him or her. If the court finds that it is in the interest of the efficiency of the court, the court may assign the bailiff to require the person to read and sign forms under this section. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is

required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The agency need not provide a physical address for the registrant but shall indicate that he or she is serving a period of incarceration or commitment in a facility under the agency's jurisdiction. This paragraph shall apply to persons received in a Department of the Youth Authority facility or a state prison or state mental institution on or after January 1, 1999. The Department of Justice shall forward the change of address information to the agency with which the person last registered.

(3) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(2) Except as provided in paragraphs (5) and (7), any person who is required to register under this section based on a felony conviction or juvenile adjudication who willfully violates any requirement of this section or who has a prior conviction or juvenile adjudication for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, or who has had a petition sustained in a juvenile adjudication for an offense for which registration is required under this section pursuant to subdivision (d), but who has been found not guilty by reason of insanity, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony or suffers a juvenile adjudication as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. (6) Except as otherwise provided in paragraph (5), and in addition to any other penalty imposed under this subdivision, any person who is

required pursuant to subparagraph (C) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subparagraph (C) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who fails to provide proof of residence as required by subparagraph (E) of paragraph (2) of subdivision (e), regardless of the offense upon which the duty to register is based, is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding six months.

(8) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, ''parole authority'' has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(*l*) (1) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five

working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (4) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(6) For purposes of this section, ''likely to encounter'' means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(7) For purposes of this section, ''reasonably suspects'' means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(8) For purposes of this section, ''at risk'' means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(9) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

CHAPTER 658

An act to add Article 3.5 (commencing with Section 11180) to Chapter 2 of Title 1 of Part 4 of the Penal Code, relating to the Interstate Compact for the Supervision of Adult Offenders.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Article 3.5 (commencing with Section 11180) is added to Chapter 2 of Title 1 of Part 4 of the Penal Code, to read:

Article 3.5. Interstate Compact for Adult Offender Supervision

11180. The Interstate Compact for Adult Offender Supervision as contained herein is hereby enacted into law and entered into on behalf of the state with any and all other states legally joining therein in a form substantially as follows:

Preamble

Whereas: The interstate compact for the supervision of Parolees and Probationers was established in 1937. It is the earliest corrections ''compact'' established among the states and has not been amended since its adoption over 62 years ago.

Whereas: This compact is the only vehicle for the controlled movement of adult parolees and probationers across state lines and it currently has jurisdiction over more than a quarter of a million offenders.

Whereas: The complexities of the compact have become more difficult to administer, and many jurisdictions have expanded supervision expectations to include currently unregulated practices such as victim input, victim notification requirements, and sex offender registration.

Whereas: After hearings, national surveys, and a detailed study by a task force appointed by the National Institute of Corrections, the overwhelming recommendation has been to amend the document to bring about an effective management capacity that addresses public safety concerns and offender accountability.

Whereas: Upon the adoption of this Interstate Compact for Adult Offender Supervision, it is the intention of the Legislature to repeal the previous Interstate Compact for the Supervision of Parolees and Probationers on the effective date of this Compact.

Be it enacted by the General Assembly (Legislature) of the state of California.

Short title: This Act may be cited as The Interstate Compact for Adult Offender Supervision.

Article I. Purpose

The compacting states to this Interstate Compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the Bylaws and Rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner, and when necessary return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and

encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime. It is the purpose of this compact and the Interstate Commission created hereunder, through means of joint and cooperative action among the compacting states: to provide the framework for the promotion of public safety and protect the rights of victims through the control and regulation of the interstate movement of offenders in the community; to provide for the effective tracking, supervision, and rehabilitation of these offenders by the sending and receiving states; and to equitably distribute the costs, benefits, and obligations of the compact among the compacting states. In addition, this compact will: create an Interstate Commission which will establish uniform procedures to manage the movement between states of adults placed under community supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of Compact activities to heads of state councils, state executive, judicial, and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct non-compliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity. The compacting states recognize that there is no ''right'' of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and Bylaws and Rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and are therefore public business.

Specifically relate to the Interstate Commission's issuance of a subpoena, or its participation in a civil action or proceeding.

For every meeting closed pursuant to this provision, the Interstate Commission's chief legal officer shall publicly certify that, in his or her opinion, the meeting may be closed to the public, and shall reference each relevant exemptive provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any rollcall vote

(reflected in the vote of each Member on the question). All documents considered in connection with any action shall be identified in such minutes. The Interstate Commission shall collect standardized data concerning the interstate movement of offenders as directed through its By-laws and Rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements.

Such rulemaking shall substantially conform to the principles of the federal Administrative Procedure Act, 5 U.S.C.S. section 551 et seq., and the Federal Advisory Committee Act, 5 U.S.C.S. app. 2, section 1 et seq., as may be amended (hereinafter ''APA''). All Rules and amendments shall become binding as of the date specified in each Rule or amendment.

When promulgating a Rule, the Interstate Commission shall:

Publish the proposed Rule stating with particularity the text of the Rule which is proposed and the reason for the proposed Rule.

If the court finds that the Interstate Commission's action is not supported by substantial evidence, (as defined in the APA), in the rulemaking record, the court shall hold the Rule unlawful and set it aside. Subjects to be addressed within 12 months after the first meeting must at a minimum include:

Notice to victims and opportunity to be heard.

Upon determination by the Interstate Commission that an emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than 90 days after the effective date of the rule.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each Compacting State and shall promulgate a Rule binding upon all Compacting States which governs said assessment.

The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its By-laws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

Article XI. Compacting States, Effective Date and Amendment

The Withdrawing State shall immediately notify the Chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this Compact in the Withdrawing State. The Interstate Commission shall notify the other Compacting States of the Withdrawing State's intent to withdraw within sixty days of its receipt thereof. The Interstate Commission shall stipulate the conditions and the time period within which the Defaulting State must cure its default. If the Defaulting State fails to cure the default within the time period specified by the Interstate Commission, in addition to any other penalties imposed herein, the Defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Compacting States and all rights, privileges and benefits conferred by this Compact shall be terminated from the effective date of suspension. Within sixty days of the effective date of termination of a Defaulting State, the Interstate Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer and the Majority and Minority Leaders of the Defaulting State's legislature and the state council of such termination.

The Defaulting State is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

The Interstate Commission shall not bear any costs relating to the Defaulting State unless otherwise mutually agreed upon between the Interstate Commission and the Defaulting State. In the event any provision of this Compact exceeds the constitutional limits imposed on the legislature of any Compacting State, the obligations, duties, powers or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers or jurisdiction shall remain in the Compacting State and shall be exercised by the agency thereof to which such obligations, duties, powers or jurisdiction are delegated by law in effect at the time this Compact becomes effective.

SEC. 3. Section 17554 is added to the Welfare and Institutions Code, to read:

1755.4. The Department of the Youth Authority, in consultation with the State Department of Mental Health shall establish, by regulations adopted at the earliest possible date, but no later than December 31, 2001, standards and guidelines for the administration of psychotropic medications to any person under the jurisdiction of the Department of the Youth Authority, in a manner that protects the health and short- and long-term well-being of those persons. The standards and guidelines adopted pursuant to this section shall be consistent with the due process requirements set forth in Section 2600 of the Penal Code.

CHAPTER 660

An act to add Article 23 (commencing with Section 2500) to Chapter 5 of Division 2 of the Business and Professions Code, relating to healing arts.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) California is experiencing and witnessing the emergence amongst thousands if not millions of its people a fascination with and commitment to the philosophies and methodologies of alternative ways of health and healing, commonly known as holistic health, integrative medicine, humanistic medicine, or complementary health.

(b) California is also witnessing the emergence of more and more providers who are committed to these alternative modalities of health and healing, while there has been far too little effort expended to

understand and appreciate both the alleged benefits and the alleged damages attendant to those practices.

(c) In order to assure the people of California the dual goals of the most beneficial balance of access to these new modalities and the protection of their health and well-being, a wide-open study should be undertaken of these emerging modalities in order to seek to ascertain whether and how the state should best reconceptualize and redesign its structures of governance of health care provider practice in order to guarantee these dual goals.

SEC. 2. The Legislature hereby intends to commission a comprehensive review by the Medical Board of California and the Osteopathic Medical Board of California into the emergence of the phenomenon of holistic health, together with an assessment of whether and how the boards should redesign their systems of operation so as to meet the goals expressed in subdivision (c) of Section 1.

SEC. 3. Article 23 (commencing with Section 2500) is added to Chapter 5 of Division 2 of the Business and Professions Code, to read:

Article 23. Alternative Practices and Treatments

2500. The boards acknowledge the significant interest of physicians and patients alike in integrating preventative approaches and holistic-based alternatives into the practice of medicine, including, but not limited to, biopsychosocial techniques, nutrition, and the use of natural supplements to enhance health and wellness. The boards shall establish specific policies in this regard and shall review statutes and recommend modifications of law, when appropriate, in order to assure California consumers that the quality of medicine practiced in this state is the most advanced and innovative it can be both in terms of preserving the health of, as well as providing effective diagnosis and treatment of illness for, the residents of this state.

2501. In fulfilling their responsibilities under this article, the boards shall , on or before July 1, 2002, establish disciplinary policies and procedures to reflect emerging and innovative medical practices for licensed physicians and surgeons. The boards shall solicit the participation of interested parties in the development and preparation of these policies and procedures and shall consult technical advisors as necessary to fulfill the purposes of this article. In preparing these policies and procedures, the boards shall consult with professional medical associations and review the need for any changes in the boards' services, procedures, and activities. The boards shall also assess the need for:

(a) Specific standards for informed consent, if any, in order for patients to be able to understand the risks and benefits associated with the range of treatment options available.

(b) Standards for investigations to assure competent review in cases involving the practice of any type of alternative medicine, including, but not limited to, the skills and training of investigators.

SEC. 4. The University of California is requested to review the state of knowledge and emerging research regarding alternative and complementary health, focusing on cancer treatments and therapies, for the purposes of assisting the Governor and the Legislature in preparing relevant information, analyses, and recommendations to assure that California consumers diagnosed with cancer have the best range of treatment and therapeutic choices.

CHAPTER 661

An act to add Section 33333.7 to the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) It is the intent of the Legislature in enacting this act to enable the Redevelopment Agency of the City and County of San Francisco to redress the demolition of a substantial number of residential dwelling units affordable to very low, low-, and moderate-income households during the agency's earlier urban renewal efforts. San Francisco's housing situation is unique, in that median rents and sales prices are among the highest in the state even though it has consistently exceeded the housing production goals of the Community Redevelopment Law and has used local funds beyond the Low and Moderate Income Housing Fund to assist affordable housing development. San Francisco's early redevelopment activities, including the removal of previously existing dwelling units serving a lower income population, have compounded the effects of the private market that have led to the city's current affordable housing crisis.

(b) The Legislature finds and declares that prior to the enactment of the replacement housing obligations in Section 33413 of the Health and Safety Code (Chapter 970, Statutes of 1975), agencies destroyed or removed dwelling units housing persons and families of low or moderate income without replacing those units. In particular, some of San Francisco's existing redevelopment project areas have fewer housing units affordable to low- and moderate-income households than were in existence prior to the initiation of urban renewal activities. Four of San

Francisco's project areas adopted prior to 1970 experienced a combined net loss of approximately 7,000 units of housing affordable to low- and moderate-income households since the initiation of redevelopment activities. The Redevelopment Agency of the City and County of San Francisco, due to its unique housing situation and net loss of affordable housing units in these project areas, wishes, to the greatest extent feasible, to replace these lost units according to the formulas set forth in Section 33413 of the Health and Safety Code.

(c) The Legislature further finds and declares that allowing the Redevelopment Agency of the City and County of San Francisco to replace units destroyed or removed prior to the enactment of the replacement housing obligations in 1975 is consistent with a fundamental purpose of the Community Redevelopment Law identified in subdivision (a) of Section 33334.6 of the Health and Safety Code, namely the provision of affordable housing.

(d) The Legislature further finds and declares that the time limits for incurring indebtedness in Section 33333.6 of the Health and Safety Code impede the efforts of the Redevelopment Agency of the City and County of San Francisco to replace affordable housing units destroyed or removed prior to the enactment of the replacement housing obligations in 1975.

(e) The Legislature further finds and declares that the Redevelopment Agency of the City and County of San Francisco should be granted a limited continuance of specific tax increment financing powers to achieve its goal of replacing housing units, and that this continuance will have no fiscal impact on the state.

(f) This limited continuance in no way affords the Redevelopment Agency of the City and County of San Francisco an extension of any of its powers, above and beyond tax increment financing and the collection of tax increment to repay indebtedness exclusively to support Low and Moderate Housing Fund activities, nor does it signify the extension or expansion of the redevelopment plans or activities to which paragraph (1) of subdivision (a) of Section 33333.6 of the Health and Safety Code applies.

SEC. 2. Section 33333.7 is added to the Health and Safety Code, to read:

33333.7. (a) Notwithstanding the time limits in paragraph (1) of subdivision (a) of Section 33333.6, the Redevelopment Agency of the City and County of San Francisco may, subject to the approval of the Board of Supervisors of the City and County of San Francisco, retain its ability to incur indebtedness exclusively for Low and Moderate Income Housing Fund activities eligible under Sections 33334.2 and 33334.3 until January 1, 2014, or until the agency replaces all of the housing units demolished prior to the enactment of the replacement housing

obligations in Chapter 970 of the Statutes of 1975, whichever occurs earlier. The ability of the agency to receive tax increment revenues to repay indebtedness incurred for these Low and Moderate Income Housing Fund activities may be extended until no later than January 1, 2044. Nothing in this paragraph shall be construed to extend a plan's effectiveness, except to incur additional indebtedness for Low and Moderate Income Housing Fund activities, to pay previously incurred indebtedness, and to enforce existing covenants, contracts, or other obligations.

(b) Annual revenues shall not exceed the amount necessary to fund the Low and Moderate Income Housing Fund activities of the agency. The agency shall neither collect nor spend more than 10 percent for the planning and administrative costs authorized pursuant to subdivision (e) of Section 33334.3. Revenues received under this paragraph shall not exceed the amount of tax increment received and allocated to the agency pursuant to the plan, as it has been amended, less the amount necessary to pay prior outstanding indebtedness, and less the amount of the project area's property tax revenue that school entities are entitled to receive pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of Division 1 of the Revenue and Taxation Code if the plan had not been amended. Additionally, revenues collected under this paragraph are subject to the payments to affected taxing entities pursuant to Section 33607.

(c) The activities conducted with revenues received under this paragraph shall be consistent with the policies and objectives of the community's housing element, as reviewed and approved by the department, and shall address the unmet housing needs of very low, low- and moderate-income households. The activities shall also be consistent with the community's most recently approved consolidated and annual action plans submitted to the United States Department of Housing and Urban Development, and if the director deems it necessary, the annual action plans shall be submitted to the department on an annual basis. No less than 50 percent of the revenues received shall be devoted to assisting in the development of housing that is affordable to very low income households.

(d) The agency shall not incur any indebtedness pursuant to this paragraph until the director certifies, after consulting with the agency, the net difference between the number of housing units affordable to persons and families of low and moderate income that the agency destroyed or removed prior to January 1, 1976, and the number of housing units affordable to persons and families of low and moderate income that the agency rehabilitated, developed, or constructed, or caused to be rehabilitated, developed, or constructed within the project areas adopted prior to January 1, 1976.

(e) The agency shall not incur any indebtedness pursuant to this paragraph unless the director of the department certifies annually, prior to the creation of indebtedness, all of the following:

(1) The community has a current housing element that substantially complies with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(2) The community's housing element indicates an unmet need for Low and Moderate Income Housing Fund activities.

(3) The agency's most recent independent financial audit report prepared pursuant to Section 33080.1 reports acceptable findings and no major violations of this part.

(4) The agency has complied with subdivision (a) of Section 33334.2.

(5) The agency has met the requirements of this part with respect to the provision of dwelling units for persons and families of low or moderate income, including, but not limited to, the requirements of Section 33413.

CHAPTER 662

An act to amend Sections 47763.5 and 47771.5 of the Education Code, relating to high-risk youth, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 47763.5 of the Education Code is amended to read:

47763.5. (a) Effective July 1, 2000, and in addition to funds from all other sources and subject to the limitation in subdivision (h), the Superintendent of Public Instruction shall apportion to each county office of education or school district that operates a program under this chapter six thousand dollars ($6,000) per year for each unit of average daily attendance reported at the annual apportionment for pupil attendance in a program under this chapter.

(b) The average daily attendance for a program under this chapter shall be determined by dividing the total number of days of attendance in all full school months by a divisor of 135 for the first period of each fiscal year, by a divisor of 180 for the second period of each fiscal year, and by a divisor of 250 for the annual time of each fiscal year.

(c) Effective July 1, 2000, and subject to the limitation in subdivision (h), the Superintendent of Public Instruction shall apportion to each county office of education or school district that operates a program under this chapter a sum equal to ten dollars ($10), multiplied by the total of the number of hours each schoolday that follow completion of the full instructional day, not to exceed six hours per schoolday, that each high-risk first-time offender pupil receives services, as specified in the individual case management plan pursuant to paragraph (1) of subdivision (c) of Section 47761, when those services are provided by one or more employees of one or more of the agencies that are parties to the approved plans developed pursuant to Section 47761.

(d) Effective July 1, 2000, and subject to the limitation in subdivision (h), the Superintendent of Public Instruction shall apportion, to each county office of education or school district that operates a program under this chapter on days other than schooldays, a sum equal to ten dollars ($10), multiplied by the total of the number of hours, not to exceed 10 hours per calendar day that is not a schoolday that each high-risk first-time offender pupil receives services, as specified in the individual case management plan pursuant to paragraph (1) of subdivision (c) of Section 47761, when those services are provided by one or more employees of one or more of the agencies that are parties to the approved plans developed pursuant to Section 47761.

(e) Effective July 1, 2000, and notwithstanding any other provision of this section, a county office of education or school district shall receive an apportionment pursuant to subdivision (c) only for days on which a high-risk first-time offender pupil was required to attend any specified setting or settings in which services are provided for a total of at least eight hours each day as specified in his or her individual case management plan developed pursuant to Section 47761.

(f) The funds provided in this chapter shall be used only for the purpose of implementing the plans determined to be eligible for funding by the Superintendent of Public Instruction pursuant to Section 47756.

(g) Notwithstanding Section 42238.18, a county office of education implementing a plan pursuant to this chapter may use funds apportioned pursuant to this chapter to provide for the services of probation officers.

(i) Notwithstanding any other provision of law, a pupil's eligibility to attend the program for high-risk first-time offenders shall cease on the second anniversary of his or her first day of attendance in the program.

(j) Effective July 1, 2000, and notwithstanding any other provision of this section, a county office of education or school district that operates

a program under this chapter shall not be eligible to receive an apportionment pursuant to this section in excess of the product of the average number of pupils, per calendar day between July 1 and June 30, inclusive, enrolled to receive services in a program for high-risk first-time offenders, multiplied by twelve thousand dollars ($12,000).

(k) Notwithstanding any other provision of law, the Superintendent of Public Instruction may provide an apportionment to a county office of education or school district for startup costs, from the funds provided for the purposes of this chapter during the first year that a county office of education or a school district operates a program, if each of the following conditions is met:

(1) The county office of education or school district has submitted an application for startup funding to the Superintendent of Public Instruction by September 1, 1999, for the 1998–99 fiscal year, and for each fiscal year thereafter, not later than January 31st of the fiscal year for which startup funding is sought.

(2) The amount apportioned by the Superintendent of Public Instruction for startup funding pursuant to this subdivision may not exceed 15 percent of the county office of education's or school district's maximum permitted apportionment for the fiscal year startup funding is sought.

(3) Total funding for programs operated pursuant to this chapter, including funding for startup costs, may not exceed the recipient's maximum permitted apportionment for the fiscal year startup funding is sought.

(4) At the final apportionment for the fifth year of program operation, or at the final apportionment for the last year of program operation if the program operates for fewer than five years, the apportionment for a county office of education or school district operating a program under this chapter shall be reduced by the difference between the amount of startup funding apportioned pursuant to paragraph (2) and an amount equal to 15 percent of the maximum apportionment earned, for other than startup funding, in any one of the first five years of program operation.

(5) Approved startup costs may not include indirect costs, as defined in the California School Accounting Manual, or board and superintendent costs. If startup costs include personnel costs, those costs shall be documented by employee time records.

SEC. 2. Section 47771.5 of the Education Code is amended to read:

47771.5. (a) Effective July 1, 2000, and in addition to funds from all other sources and subject to the limitation in subdivision (h), the Superintendent of Public Instruction shall apportion to each county office of education or school district that operates a program under this chapter six thousand dollars ($6,000) per year for each unit of average

(c) Effective July 1, 2000, and subject to the limitation in subdivision (h), the Superintendent of Public Instruction shall apportion to each county office of education or school district that operates a program under this chapter a sum equal to ten dollars ($10), multiplied by the total of the number of hours each schoolday that follow completion of the full instructional day, not to exceed six hours per schoolday that each transitioning high-risk youth enrolled in a program for transitioning high-risk youth receives services, as specified in the individual case management plan pursuant to clause (i) of subparagraph (B) of paragraph (3) of subdivision (a) of Section 47766, when those services are provided by one or more employees of one or more of the agencies that are parties to the approved plans developed pursuant to Section 47766.

CHAPTER 663

An act to amend Section 629 of the Welfare and Institutions Code, relating to juvenile offenders.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 629 of the Welfare and Institutions Code is amended to read:

629. (a) As a condition for the release of a minor pursuant to Section 628.1 and subject to Sections 631 and 632, the probation officer shall require the minor to sign, and may also require his or her parent, guardian, or relative to sign, a written promise to appear before the probation officer at the juvenile hall or other suitable place designated by the probation officer at a specified time.

(b) A minor who is 14 years of age or older who is taken into custody by a peace officer for the commission or attempted commission of a felony offense shall not be released until the minor has signed a written promise to appear before the probation officer at the juvenile hall or other suitable place designated by the peace officer, or has been given an order to appear at the juvenile court on a date certain. The peace officer may also require the minor's parent, guardian, or relative to sign a written promise to appear at the same place designated for the minor.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains

costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 664

An act to add Chapter 8 (commencing with Section 17998) to Part 1.5 of Division 13 of, and to repeal Section 17998.2 of, the Health and Safety Code, relating to housing.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 17998) is added to Part 1.5 of Division 13 of the Health and Safety Code, to read:

CHAPTER 8. CODE ENFORCEMENT INCENTIVE PROGRAM

17998. The Legislature finds and declares all of the following:

(a) The Department of Housing and Community Development reports that one in every eight dwelling units in the state is substandard and that unless health and safety problems are corrected, habitability conditions generally deteriorate until the units become life threatening and uninhabitable and must be removed from the housing stock through closure or demolition.

(b) California is experiencing a housing shortage of significant proportions, particularly in the affordable housing sector. The state and many local governments are funding affordable housing from a variety of sources at substantial costs. It is ill advised to neglect timely code enforcement responsibilities and, as a result, to lose housing that could have been retained.

(c) The lack of code enforcement on a single dwelling unit can lead to the deterioration of an entire neighborhood as the substandard or abandoned unit becomes a magnet for crime, vandalism, fires, and other activities that rapidly infect the surrounding homes and neighborhood.

(d) Many local governments endeavor to fulfill their statutory responsibility for code enforcement. However, local governments with a higher percentage of lower income households with families, living in

older, overcrowded housing stock, exacerbated by the neglect of absentee slumlords, bear a disproportionate code enforcement cost and responsibility compared with more affluent communities.

(e) Existing law provides building standards to assure decent, safe, and sanitary housing for all Californians.

(f) Resources for code enforcement at the local level are frequently allocated to construction-related code enforcement activities, which generate fees to pay for regulatory services, including building and permit inspections, rather than housing maintenance activities that prevent or abate substandard conditions.

(g) The enforcement of housing maintenance codes for existing housing is frequently performed only on a complaint-by-complaint basis and frequently there is insufficient funding for the abatement of existing violations through timely and effective administrative or judicial proceedings.

17998.1. The Department of Housing and Community Development, upon appropriation by the Legislature for this purpose, shall make funds available as matching grants to cities, counties, and cities and counties to increase staffing dedicated to local building code enforcement efforts. The funds shall be subject to all of the following provisions:

(a) Grants shall be made to grantees through December 31, 2003.

(b) The city, county, or city and county shall provide a cash or in-kind local match of at least 25 percent in the first year, at least 50 percent in the second year, and at least 75 percent in the third year.

(c) The maximum grant to a single recipient shall not exceed one million dollars ($1,000,000). The department may establish minimum grant levels.

(d) Funds may be used to supplement, but shall not supplant, existing local funding for code enforcement related to housing code maintenance. The applicants shall demonstrate an intent to ensure cooperative and effective working relationships between code enforcement officials and local prosecutorial agencies, the local health department, and local government housing rehabilitation financing agencies.

(e) On or before June 30, 2004, grant recipients shall submit a report to their local legislative bodies and to the department regarding the results of the expanded housing maintenance code enforcement efforts and recommendations for changes in state or local laws and regulations related to code enforcement. The department shall summarize the results and transmit the reports to the Legislature by December 31, 2004. The department may require submission of interim progress reports.

(f) The department may use up to 5 percent of the funds appropriated by the Legislature for administering the programs authorized by this chapter.

(g) The department shall award the grants on a competitive basis with criteria to be established and specified in a ''Notice of Funding Availability.'' The criteria shall be weighted for local government applicants with neighborhoods populated by high percentages of lower income households, with significant numbers of deteriorating housing stock containing reported or suspected housing code violations and often owned by absentee owners. The criteria shall also be weighted for applications that propose to identify and prosecute owners with habitual, repeated, multiple code violations that have remained unabated beyond the period required for abatement. Eligibility criteria, applications, awards, and other program requirements implementing this chapter shall not be subject to the requirements of Chapter 2.5 (commencing with Section 11340) of Part 1 of Title 2 of the Government Code.

17998.2. (a) It is the intent of the Legislature in the enactment of this section to do all of the following:

(1) Initiate a coordinated active community approach to code enforcement.

(2) Create a pilot program in which the department awards grants to communities that develop a code enforcement program pursuant to the criteria established by this section.

(3) Substantially reduce the incidence of substandard housing through the use of creative and coordinated techniques of code enforcement involving an interdepartmental approach at the local government level.

(b) The grant program established pursuant to this section shall be known as the Community Code Enforcement Pilot Program. The Department of Housing and Community Development shall administer the Community Code Enforcement Pilot Program.

(1) The department need not adopt regulations for the program. The department shall publish and distribute a Notice of Funding Availability that contains application forms and instructions, eligibility criteria, criteria for the rating and ranking of applications, outcome evaluation criteria, interim or final reporting requirements, and other information that the department considers necessary or useful for implementation of the program.

(2) The department shall review, rate, and rank applications based on its evaluation of the information provided pursuant to subdivision (e), and their projected program performance as measured by all of the following criteria, considering the size of the applicant community:

(A) The minimum number of housing units affordable to lower income households that will be rehabilitated or otherwise brought into compliance with applicable building and housing codes.

(B) The estimated amount of grants and low interest rehabilitation loan funds, from sources other than this program, that will be made

available to the owners of housing units affordable to lower income households that are determined to need rehabilitation or repair pursuant to the program.

(C) The incidence of poverty and deteriorating housing or housing code violations in each target area.

(3) The department shall attempt to award community code enforcement pilot program grants to cities, counties, and cities and counties with a wide range of population sizes and compositions and geographical distribution.

(c) The department shall award community code enforcement pilot program grants for programs that shall operate until December 31, 2003. The grants shall not exceed four hundred fifty thousand dollars ($450,000), which shall pay for costs incurred over the life of the program. The department may establish minimum grant levels.

(d) Each city, county, or city and county receiving a grant shall develop a code enforcement team consisting of a least one full-time code enforcement officer and a part-time city planner, health officer, or comparable specialist. Each grantee shall provide, and fund at its own expense, at least one city planner, health officer, or comparable specialist for the duration of the pilot program, for a minimum of 20 hours per week. The grant funds shall be used for the code enforcement officer and related program costs, which may include full-time or part-time personnel, in addition to the grantee's contributions.

(e) Grant proposals shall include all of the following:

(1) Demonstration of serious, current housing code enforcement deficiencies within each target area, whether those code deficiencies are in violation of locally enacted ordinances or state codes.

(2) A plan to have high visibility of code enforcement staff and to create close and frequent communication and interaction with residents and property owners of the target area, including in the evenings and on weekends.

(3) A plan to convene community meetings to inform residents of the pilot program.

(4) A plan to conduct ongoing frequent informal and formal community meetings with the code enforcement team and residents of the community involved in the pilot program.

(5) A plan demonstrating an intent to ensure cooperative and effective working relationships between code enforcement officials, local health department officials, local prosecutorial agencies, and officials operating local programs providing public funds to finance affordable rental housing rehabilitation and repairs.

(6) A plan for timely and effective administrative and judicial enforcement of code violations.

(f) The administrator of each grantee's pilot program shall evaluate the pilot program and report the findings and other criteria requested by the department indicating the effectiveness of the pilot program to the department by June 30, 2004. The administrator shall evaluate the pilot program based on criteria including, but not limited to, the following:

(1) Results of a participant survey, including owners, residents, and active community leaders.

(2) Comparison of each targeted area with similar neighborhoods with respect to repeat calls for service and other criteria testing the effectiveness of the pilot program.

(3) The extent of any perceived or actual property value change between the commencement and the completion of the pilot program.

(4) The number of cases opened and the number of cases closed, identifying the nature of code violations, the necessity of formal proceedings, the cost and nature of abatement violations, or other factors influencing the effectiveness of the pilot program.

(g) The department shall review and report to the Legislature by December 31, 2004, on the findings of the pilot program administrators.

(h) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

17998.3. In implementing the programs governed by this chapter, the department has all the general powers granted to it by Division 31 (commencing with Section 50000).

SEC. 2. (a) Of the amount appropriated in Item 2240-112-0001 of Section 2.00 of the Budget Act of 2000, two million two hundred fifty thousand dollars ($2,250,000) shall be used by the Department of Housing and Community Development to implement Section 17998.2 of the Health and Safety Code as enacted by Section 1 of this act.

(b) Any funds not awarded by December 31, 2001, for the purposes of the program authorized by Section 17998.2 of the Health and Safety Code as enacted by Section 1 of this act shall be utilized by the Department of Housing and Community Development for the program authorized by Section 17998.1 of the Health and Safety Code as enacted by Section 1 of this act.

CHAPTER 665

An act to add Sections 65891.3, 65891.5, 65891.11, and 65891.12 to the Government Code, and to add Sections 50542.1, 50543, and 50546 to the Health and Safety Code, relating to balancing jobs and housing.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 65891.3 is added to the Government Code, to read:

65891.3. The Legislature finds and declares all of the following:

(a) California will experience significant population growth in the coming decades. In the San Francisco Bay Area, one million new residents are forecast by the year 2020. An equal number of new jobs are expected during the same time period. However, less than 500,000 new housing units are expected to be built in an already costly and competitive housing market.

(b) Under the current land use and policy framework, central valley communities expect to double or triple in size, but most of them will not attract equivalent numbers of new jobs. Instead, thousands of central valley residents are expected to commute far into the bay area, often driving two hours or more each way. The challenges to transportation, air quality, and social quality of life are enormous. Projections estimate the current number of less than 100,000 daily Altamont Pass commuters will more than double to 250,000 by the year 2020.

(c) These growth-related issues cut across county and regional boundaries. The Inter-Regional Partnership is intended to provide a forum for neighboring jurisdictions governed by different regional councils of government to deal collaboratively with land use, transportation, and air quality issues that affect a five county region, while also complementing existing collaborative regional organizations, including, but not limited to, the Bay Area Alliance for Sustainable Development, the Bay Area Council, the Silicon Valley Manufacturing Group, the Great Valley Center, and others, in order to support optimal intra-regional accountability for growth.

(d) The IRP State Pilot Project will stand as an important example for other regions in the state in dealing with multijurisdictional problem solving and addressing land use planning across metropolitan borders.

(e) The need for communication and cooperation among these jurisdictions is underscored by the fact that Alameda County recently sued the City of Tracy in San Joaquin County concerning the environmental impacts of a planned housing development on the

western edge of the county where a majority of residents would be assumed to commute into the San Francisco Bay Area through Alameda County.

(f) These interjurisdictional planning issues are not unique to the IRP's five county area; several other expanding metropolitan areas in California are beginning to experience similar problems. However, the geographic imbalance in housing and job growth in the IRP area is among the country's most extreme examples, and, driven by continued employment growth in the Silicon Valley, is predicted to worsen significantly in the coming years.

(g) The housing market in the Silicon Valley is now the most expensive in the nation. Land being developed for housing in the San Joaquin Valley is some of the highest quality agricultural land in the world.

(h) The IRP area is the best place in the state, and probably one of the best in the country, to implement a pilot program designed to mitigate the myriad of problems associated with unbalanced and uncoordinated growth.

(i) By implementing this pilot program, the state will play an important role in creating a more sustainable future pattern of land use in the IRP area.

(j) Active investment of state resources to balance job growth and housing growth will reduce the need for costly transportation infrastructure investments in the future.

(k) The current path of land development in the five county area will have very costly transportation and environmental impacts if efforts are not made soon to link job growth to housing production.

SEC. 2. Section 65891.5 is added to the Government Code, to read:

65891.5. (a) During the first year after the date that funding is received, the IRP shall complete all the necessary research, outreach, and negotiation to allow the successful establishment of jobs-housing opportunity zones throughout the five IRP counties. The IRP shall collaborate with local governments and existing regional and subregional organizations committed to improving inter-regional jobs-housing balance. During this phase, a series of outreach meetings shall be held with local jurisdictions and the public to review and comment on the data and make recommendations for locations of jobs-housing opportunity zones. Public input and participation shall be encouraged throughout phase one of the IRP pilot project. Local jurisdictions wishing to participate in the pilot project shall enter into agreements with the IRP to pursue the regional goals and objectives of opportunity zones within their jurisdictions.

(b) The first phase shall provide all of the following:

(1) An integrated Geographic Information System (GIS) designed, where feasible, to be compatible with existing regional GIS systems. The IRP's GIS system shall enable easy comparison of data on land use and transportation trends and alternative scenarios across the five county area. The GIS mapping shall focus on obtaining existing data from a variety of sources, including, but not limited to, the Bay Area Regional Livability Footprint Project that integrates land use with transportation, housing, job, economic, social equity, and environmental overlays, and integrating them into a single system to allow accurate analysis and scenario work on an interregional scale. The Legislature finds and declares that the IRP's GIS system will be a crucial tool for use in determining the location of proposed jobs-housing opportunity zones.

(2) General types of data to be assembled in the GIS system shall include:

(A) Demographic data, including population and employment by census tract.

(B) Projected growth data consisting of information on where growth, including jobs generation and new housing location, is predicted to occur over a 20-year period.

(C) Transportation information such as traffic capacity and usage, transit access and usage, and journey- to-work data.

(D) Land use information, including general plan layers and zoning designations. It is the intent of the Legislature that to reduce costs and setup time, the IRP's GIS undertaking shall not include parcel-level data.

(E) Basic environmental data, including floodplains, slopes, contamination, prime soils, open space, and important natural resources both inside and outside of urbanized areas.

(3) A refined description of the incentive program for application to the jobs-housing opportunity zones within the IRP counties. This list shall include thorough descriptions of fiscal and nonfiscal policy and regulatory incentives. A variety of state departments shall be involved in determining what incentives might be made available, including, but not limited to, the Office of Planning and Research, the Department of Housing and Community Development, the California Housing Finance Agency, the Department of Transportation, and the Department of Conservation.

(4) Recommendations for establishing five to 10 official Inter-Regional Partnership Jobs-Housing Opportunity Zones located throughout the five county area. Using the GIS system and conferring with interested regional organizations and with local jurisdictions, the IRP shall propose a series of jobs-housing opportunity zones. Each zone shall have specific goals and a description of the type of action desired to attain these goals, including recommended state sponsored incentives intended to encourage the desired results. The types of incentives

requested may vary by zone location and type. Zones located near, or with good transit access to, existing major employment centers may receive incentives designed to promote reasonably priced housing development. Zones located far from existing employment centers, but near, or with good transit access to, significant work force housing supply, may receive incentives designed to promote employment development. Adoption of land use policies that protect agriculture and natural resources and promote compact, higher density, mixed use, transit-oriented development may be required as selection criteria for jobs-housing opportunity zones.

SEC. 3. Section 65891.11 is added to the Government Code, to read:

65891.11. The department may administer the programs set forth in this article, and the funds transferred by Item 2240-112-0001 of the Budget Act of 2000 to the Housing Rehabilitation Loan Fund established by Section 50661 of the Health and Safety Code, pursuant to guidelines that shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2.

SEC. 4. Section 65891.12 is added to the Government Code, to read:

65891.12. This article shall become inoperative on July 31, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute that is enacted before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 5. Section 50542.1 is added to the Health and Safety Code, to read:

50542.1. (a) The Jobs-Housing Balance Improvement Account is hereby created as a special fund in the State Treasury. All money in the fund shall be available, upon appropriation by the Legislature, to the Department of Housing and Community Development for the following purposes:

(1) To make grants to local agencies pursuant to Section 50543.

(2) To make grants to cities, counties, and cities and counties pursuant to Section 50544.

(3) For transfer to the Rental Housing Construction Fund pursuant to Sections 50543 and 50545.

(4) For the related administrative expenses of the department.

(b) There shall be paid into the fund, the following moneys:

(1) Any moneys that may be made available by the Legislature for the purposes of the fund.

(2) Any other moneys that may be made available to the department for the purposes of this chapter from any other source or sources.

SEC. 6. Section 50543 is added to the Health and Safety Code, to read:

50543. (a) Five million dollars ($5,000,000) of the funds appropriated for purposes of this chapter in Item 2240-114-0001 of

Section 2.00 of the Budget Act of 2000 shall be transferred to the Rental Housing Construction Fund created pursuant to Section 50740 to be used pursuant to subdivisions (b) and (c).

(b) The department shall provide state grants to local agencies to assist them in attracting new business and jobs in ''housing rich'' communities that lack an adequate employment base to match the amount and cost of housing in those communities.

(c) A local agency that has completed an economic development strategic plan may apply for a grant to create an economic development strike team to assist the local agency in better targeting and coordinating outreach to employers who may choose to locate jobs within the community.

(d) In order to be eligible for a grant pursuant to this section, a local agency shall have an adopted housing element that the department has determined pursuant to Section 65585 of the Government Code to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(e) The department shall establish maximum grant amounts and establish an appropriate process for evaluating need and making grant awards.

(f) No later than December 31, 2002, the department shall provide an interim report to the Legislature indicating the progress of the program established by this section, including the number of jurisdictions accessing the program. No later than December 31, 2005, the department shall provide a final report with updates to the data contained in the interim report and a description of the achievements by local agencies participating in the program.

SEC. 7. Section 50546 is added to the Health and Safety Code, to read:

50546. (a) The administrative expenses of the department shall not exceed 3 percent of the amount available for the purposes of this chapter.

(b) The department may administer the programs set forth in this chapter pursuant to guidelines that shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.

SEC. 8. This act shall become operative only if AB 2864 is enacted and becomes effective on or before January 1, 2001, in which case Sections 65891.3, 65891.5, and 65891.11 of the Government Code, and Sections 50543 and 50546 of the Health and Safety Code, as added by AB 2864, shall not become operative.

(2) A statement that each of the type of entities listed in subdivision (d) has the right to purchase the development under this section.

(3) A statement that the owner will make available to each of the type of entities listed in subdivision (d), within 15 business days of receiving a request therefor, itemized lists of monthly operating expenses, capital improvements as determined by the owner made within each of the two preceding calendar years, the amount of project reserves, and copies of the two most recent financial and physical inspection reports on the development, if any, filed with the federal, state, or local agencies.

(4) A statement that the owner will make available to each of the entities listed in subdivision (d), within 15 business days of a request

therefor, the most recent rent roll listing the rent paid for each unit and the subsidy, if any, paid by a governmental agency as of the date the notice of intent was made pursuant to Section 65863.10, and a statement of the vacancy rate at the development for each of the two preceding calendar years.

(5) A statement that the owner has satisfied all notice requirements pursuant to subdivision (b) of Section 65863.10, unless the notice of opportunity to submit an offer to purchase is delivered more than 12 months prior to the anticipated date of termination of prepayment.

(i) If a qualified entity elects to purchase an assisted housing development, it shall make a bona fide offer to purchase the development. A qualified entity's bona fide offer to purchase shall identify whether it is a tenant association, nonprofit organization, public agency, or profit-motivated organizations or individuals and shall certify, under penalty of perjury, that it is qualified pursuant to subdivision (e). During the first 180 days from the date of an owner's bona fide notice of the opportunity to submit an offer to purchase, an owner shall accept a bona fide offer to purchase only from a qualified entity. During this 180-day period, the owner shall not accept offers from any other entity.

(j) When a bona fide offer to purchase has been made to an owner, and the offer is accepted, a purchase agreement shall be executed.

(k) Either the owner or the qualified entity may request that the fair market value of the property, as a development, be determined by an independent appraiser qualified to perform multifamily housing appraisals, who shall be selected and paid by the requesting party. All appraisers shall possess qualifications equivalent to those required by the members of the Appraisers Institute. This appraisal shall be nonbinding on either party with respect to the sales price of the development offered in the bona fide offer to purchase, or the acceptance or rejection of the offer.

(*l*) During the 180-day period following the initial 180-day period required pursuant to subdivision (i), an owner may accept an offer from a person or an entity that does not qualify under subdivision (e). This acceptance shall be made subject to the owner providing each qualified entity that made a bona fide offer to purchase the first opportunity to purchase the development at the same terms and conditions as the pending offer to purchase, unless these terms and conditions are modified by mutual consent. The owner shall notify in writing those qualified entities of the terms and conditions of the pending offer to purchase, sent by registered or certified mail, return receipt requested. The qualified entity shall have 30 days from the date the notice is mailed to submit a bona fide offer to purchase and that offer shall be accepted by the owner. The owner shall not be required to comply with the

provisions of this subdivision if the person or the entity making the offer during this time period agrees to maintain the development for persons and families of very low, low, and moderate income in accordance with paragraph (2) of subdivision (e). The owner shall notify the department regarding how the buyer is meeting the requirements of paragraph (2) of subdivision (e).

(m) This section shall not apply to any of the following: a government taking by eminent domain or negotiated purchase; a forced sale pursuant to a foreclosure; a transfer by gift, devise, or operation of law; a sale to a person who would be included within the table of descent and distribution if there were to be a death intestate of an owner; or an owner who certifies, under penalty of perjury, the existence of a financial emergency during the period covered by the first right of refusal requiring immediate access to the proceeds of the sale of the development. The certification shall be made pursuant to subdivision (p).

(n) Prior to the close of escrow, an owner selling, leasing, or otherwise disposing of a development to a purchaser who does not qualify under subdivision (e) shall certify under penalty of perjury that the owner has complied with all provisions of this section and Section 65863.10. This certification shall be recorded and shall contain a legal description of the property, shall be indexed to the name of the owner as grantor, and may be relied upon by good faith purchasers and encumbrances for value and without notice of a failure to comply with the provisions of this section.

Any person or entity acting solely in the capacity of an escrow agent for the transfer of real property subject to this section shall not be liable for any failure to comply with this section unless the escrow agent either had actual knowledge of the requirements of this section or acted contrary to written escrow instructions concerning the provisions of this section.

(o) The department shall undertake the following responsibilities and duties:

(1) Maintain a form containing a summary of rights and obligations under this section and make that information available to owners of assisted housing developments as well as to tenant associations, local nonprofit organizations, regional or national nonprofit organizations, public agencies, and other entities with an interest in preserving the state's subsidized housing.

(2) Compile, maintain, and update a list of entities in subdivision (d) that have either contacted the department with an expressed interest in purchasing a development in the subject area or have been identified by the department as potentially having an interest in participating in a right-of-first-refusal program. The department shall publicize the

existence of the list statewide. Upon receipt of a notice of intent under Section 65863.10, the department shall make the list available to the owner proposing the termination or removal of government assistance. If the department does not make the list available at any time, the owner shall only be required to send a written copy of the opportunity to submit an offer to purchase notice to the qualified entities which directly contact the owner and to post a copy of the notice in the common area pursuant to subdivision (g).

(p) (1) The provisions of this section may be enforced either in law or in equity by any qualified entity entitled to exercise the opportunity to purchase and right-of-first-refusal under this section, that has been adversely affected by an owner's failure to comply with this section.

(2) An owner may rely on the statements, claims, or representations of any person or entity that the person or entity is a qualified entity as specified in subdivision (d), unless the owner has actual knowledge that the purchaser is not a qualified entity.

(3) If the person or entity is not an entity as specified in subdivision (d), that fact, in the absence of actual knowledge as described in paragraph (2), shall not give rise to any claim against the owner for a violation of this section.

(q) It is the intent of the Legislature that the provisions of this section are in addition to, but not preemptive of, applicable federal laws governing the sale, or other disposition of a development that would result in either (1) a discontinuance of its use as an assisted housing development or (2) the termination of any low-income use restrictions which apply to the development.

(r) This section shall remain in effect only until January 1, 2011, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2011, deletes or extends that date.

CHAPTER 667

An act to amend Sections 50800, 50801, 50801.5, 50802, 50802.5, 50804, 53260, 53265, 53275, 53280, and 53300 of, and to add Sections 50675.12 and 53311 to, the Health and Safety Code, relating to housing.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 50675.12 is added to the Health and Safety Code, to read:

50675.12. (a) The department shall include in the annual report required by Section 50408 information that describes all of the following:

(1) The number of projects assisted through the program.

(2) The types of units assisted through the program.

(3) The location and geographical distribution of the projects and units assisted.

(4) The average cost per project, and cost per unit.

(5) The number of projects and units that have been assisted that serve special needs populations and information related to the types of special needs populations served.

(b) After each Notice of Funding Availability issued for the distribution of funds pursuant to the program, the department shall evaluate the ability of projects that serve families or special needs populations to competitively access the program. Based on its analysis, if the department determines that those projects are not able to apply for or to successfully compete for funding, the department shall make the adjustments it deems appropriate to ensure that these populations are adequately served in subsequent Notices of Funding Availability. These adjustments may include, but are not limited to, making adjustments to threshold requirements, evaluative criteria, or the timing of the issuance of Notices of Funding Availability to ensure that reasonable funding remains available for more complex projects that include the supportive services necessary to serve families and special needs populations.

SEC. 2. Section 50800 of the Health and Safety Code is amended to read:

50800. (a) It is the intent of the Legislature to encourage the provision of shelter, with effective personal rehabilitation and self-sufficiency development services, to homeless persons at as low a cost and as quickly as possible, without compromising the health and safety of shelter occupants. It is also the intent of the Legislature to encourage the move of homeless persons from shelters to a self-supporting environment as soon as possible, to encourage provision of services for as many persons at risk of homelessness as possible, to encourage compatible and effective funding of homeless services, and to encourage coordination among public agencies that fund or provide services to homeless individuals, as well as agencies that discharge people from their institutions, including, but not limited to, child welfare agencies, health care programs, and jails and prisons. Because many communities currently provide shelter and limited services to individuals who are unable or unwilling to comply with traditional housing programs only during cold and wet weather and because year-round shelter will encourage these individuals to accept services and move toward permanent housing, it is also the intent of the

Legislature to increase the availability of year-round shelter to meet the special needs of those individuals, including a Safe Haven that provides supportive housing for seriously mentally ill homeless persons.

(b) There is hereby created the Emergency Housing and Assistance Program.

(c) To the extent possible, the Emergency Housing and Assistance Program shall not conflict with the federal Stewart B. McKinney Homeless Assistance Act, as approved on July 22, 1987, cited as Public Law 100-77, as it is, from time to time, amended, and regulations promulgated thereunder by the United States Department of Housing and Urban Development, or its successor.

SEC. 3. Section 50801 of the Health and Safety Code is amended to read:

50801. As used in this chapter:

(a) ''Department'' means the Department of Housing and Community Development.

(b) ''Designated local board'' means a group, including social service providers and a representative of local government, that has met department requirements for distribution of grants allocated by the department pursuant to this chapter.

(c) ''Director'' means the Director of Housing and Community Development.

(d) ''Eligible organization'' means an agency of local government or a nonprofit corporation that provides, or contracts with community organizations to provide, emergency shelter or transitional housing, or both.

(e) ''Emergency shelter'' means housing with minimal supportive services for homeless persons that is limited to occupancy of six months or less by a homeless person. No individual or household may be denied emergency shelter because of an inability to pay.

(f) ''Nonurban county'' means any county with a population of less than 200,000, as published in the most recent edition of Population Estimates of California Cities and Counties, E-1, prepared by the Department of Finance, Population Research Unit.

(g) ''Region'' means a county or a consortium of counties voluntarily banding together by action of a designated local board.

(h) ''Safe Haven'' means supportive housing for seriously mentally ill homeless persons, many of whom have cooccurring substance abuse problems, that have been unable or unwilling to participate in high demand housing programs.

(i) ''Transitional housing'' means housing with supportive services for up to 24 months that is exclusively designated and targeted for recently homeless persons. Transitional housing includes self-sufficiency development services, with the ultimate goal of moving

recently homeless persons to permanent housing as quickly as possible, and limits rents and service fees to an ability-to-pay formula reasonably consistent with the United States Department of Housing and Urban Development's requirements for subsidized housing for low-income persons. Rents and service fees paid for transitional housing may be reserved, in whole or in part, to assist residents in moving to permanent housing.

(j) ''Urban county'' means any county that is not a nonurban county.

SEC. 4. Section 50801.5 of the Health and Safety Code is amended to read:

50801.5. (a) The department shall adopt regulations for the administration of the Emergency Housing and Assistance Program. The regulations shall govern the equitable distribution of funds in accordance with the intent and provisions of this chapter, and shall ensure that the program is administered in an effective and efficient manner. The regulations shall provide for reasonable delegation of authority to designated local boards, ensure that local priorities and criteria are reasonably designed to address the needs of homeless people, and ensure that designated local boards meet reasonable standards of inclusiveness, accountability, nondiscrimination, and integrity.

(b) The regulations adopted pursuant to this section shall ensure that emergency shelter and services shall be provided on a first-come, first-served basis for whatever time periods are established by the shelter. No individual or household may be denied shelter or services because of an inability to pay. Nothing in this provision shall be construed to preclude a shelter from accepting payment vouchers provided through any other public or private program so long as no shelter beds are reserved beyond sundown for that purpose. Notwithstanding Section 11135 of the Government Code, nothing in this section shall be construed to preclude a provider of emergency shelter or transitional housing from restricting occupancy on the basis of sex. However, in the case of families, providers of emergency shelter or transitional housing shall provide, to the greatest extent feasible, adequate facilities within their range of services so that all members of a family may be housed together, regardless of age and gender.

SEC. 5. Section 50802 of the Health and Safety Code is amended to read:

50802. (a) The department shall ensure that not less than 20 percent of the moneys in the Emergency Housing and Assistance Fund shall be allocated to nonurban counties during any given fiscal year. If the funds designated for facilities operation that are allocated to nonurban counties are not awarded by the end of that fiscal year, then those unencumbered funds shall be allocated in the next fiscal year to urban counties. Funds for capital development that are not awarded by the end of the second

fiscal year shall be awarded in the subsequent fiscal year to urban counties.

(b) The amount of funds that the department allocates from the Emergency Housing and Assistance Fund to each region, excluding funds allocated pursuant to subdivision (a), shall be based upon a formula that accords at least 20 percent weight to each of the following factors:

(1) The relative number of persons in the region below the poverty line according to the most recent federal census, updated, if possible, with an estimate by the Department of Finance, compared to the total of the urban counties.

(2) The relative number of persons unemployed within each region, based on the most recent one-year period for which data is available, compared to the total of the urban counties.

(c) Grant funds shall be disbursed as expeditiously as possible by the department.

(d) The department shall use not more than 4 percent of the amount available for funds pursuant to this chapter to defray the department's administrative costs pursuant to this chapter.

SEC. 6. Section 50802.5 of the Health and Safety Code is amended to read:

50802.5. (a) The department shall issue a notice or notices of funding availability to potential applicants and designated local boards, as applicable, as soon as possible after funding becomes available for the Emergency Housing and Assistance Program. Each notice of funding availability shall indicate the amounts and types of funds available under this program.

(b) A designated local board, or the department in the absence of a designated local board, shall solicit, receive, and select among applications for grants pursuant to this chapter from eligible organizations through an open, fair, and competitive process. These applications shall be ranked and selected by a designated local board, or by the department in the absence of a designated local board.

(c) Notwithstanding subdivision (b), the department may restrict a designated local board from selecting any application requesting a grant for capital developments if the amount requested by the application exceeds the limits determined by the department, and the department determines that the designated local board is not qualified to evaluate the application. The department shall establish criteria for distinguishing between a designated local board that may be so restricted and a designated local board that would not be so restricted. A designated local board may appeal to the director, or to the director's designee, any decision made by the department pursuant to this subdivision. The department, by June 30, 2001, shall consider increasing the maximum

grant limits to three hundred thousand dollars ($300,000) for operating grants and five hundred thousand dollars ($500,000) for capital grants.

(d) The department, or the designated local board, as applicable, shall not grant more than one million dollars ($1,000,000) to any eligible organization within a region in a funding round even if the eligible organization has filed multiple applications.

(e) The department shall determine requirements of the grant contract and shall contract directly with the grant recipient. The department shall not delegate this function to the designated local boards. Eligible designated local boards may use a percentage of the regional award funds to defray administrative costs. The department shall establish this percentage, which shall not exceed 2 percent.

(f) The designated local board shall regulate the performance of any grant contract within their region, subject to department oversight and requirements established by the department.

(g) The department shall not perform a secondary rating or ranking review on those grant applications that have been solicited, received, and selected by a designated local board according to a local ranking criterion that has been approved by the department.

SEC. 7. Section 50804 of the Health and Safety Code is amended to read:

50804. (a) Each designated local board shall submit to the department for approval, a local emergency shelter strategy for its region, describing the procedures for complying with requirements pursuant to this chapter and the regulations promulgated thereunder. The department shall establish, by regulation, the types of information that each designated local board shall include in the strategy, including, but not limited to, each of the following:

(1) A statement of goals and how goals will be achieved.

(2) A statement of priorities and how the priorities complement the local continuum of care planning process.

(3) A description of the application process and ranking criteria for the Emergency Housing and Assistance Program.

(4) Copies of application forms for the Emergency Housing and Assistance Program that the designated local board will use to evaluate requests for grants.

(5) A statement of how grant recipients shall be encouraged to develop year-round emergency shelters and transitional housing to meet the diverse needs of the homeless populations that include families, youth, and persons with physical and mental disabilities, people who are addicted to alcohol and drugs, people living with HIV/AIDS, veterans, the elderly, and pregnant women. Also, a description of how the local plan serves the needs of individuals and families at risk of homelessness as a result of eviction.

(b) The department shall establish a deadline, by which date the designated local board shall be required to submit a strategy for the department's review.

(c) Upon the department's approval of a strategy, the designated local board shall make the strategy broadly available to shelter and service providers and to other interested persons in its region.

SEC. 8. Section 53260 of the Health and Safety Code is amended to read:

53260. For the purposes of this chapter, the following definitions apply:

(a) ''Council'' means the Supportive Housing Program Council.

(b) ''Lead agency'' means the State Department of Mental Health, which shall be the governmental agency that is primarily responsible for administering this chapter.

(c) ''Supportive housing'' means housing with no limit on length of stay, that is occupied by the target population, and that is linked to onsite or offsite services that assist the tenant to retain the housing, improve his or her health status, maximize their ability to live and, when possible, to work in the community. This housing may include apartments, single-room occupancy residences, or single-family homes.

(d) ''Target population'' means adults with low incomes having one or more disabilities, including mental illness, HIV or AIDS, substance abuse, or other chronic health conditions, or individuals eligible for services provided under the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code) and may, among other populations, include families with children, elderly persons, young adults aging out of the foster care system, individuals exiting from institutional settings, veterans, or homeless people.

SEC. 9. Section 53265 of the Health and Safety Code is amended to read:

53265. (a) In order to encourage the integration of housing and services, it is the intent of the Legislature to promote interagency coordination and collaboration among not only local private and public agencies, but also among the state agencies responsible for the provision of housing and support services to very low income Californians.

(b) Therefore, there is hereby established the Supportive Housing Program Council to assist with the implementation of this chapter.

(2) Three consumer representatives from the target population, appointed by the Secretary of the Health and Welfare Agency, shall also serve on the council.

(d) The duties of the council shall include all of the following:

(6) Providing recommendations to the lead agency regarding this chapter.

(7) At the request of the lead agency, assisting agencies in planning and implementing this chapter including assisting with local technical assistance.

SEC. 10. Section 53275 of the Health and Safety Code is amended to read:

The lead agency shall issue requests for applications for awarding the grants, which shall specify maximum dollar amounts for which grants may be awarded. The request for applications also shall specify other criteria, as required by this chapter. Applicants may apply for a single supportive housing project, or may submit a single application for several projects.

(b) The lead agency shall award grants as follows:

The match shall be contributed in cash or as services or resources of comparable value. It is the intent of the Legislature that participants seek and utilize private funds, or public funds administered by the federal or local governments for this purpose.

(3) In order to receive a grant under this chapter, an applicant shall demonstrate a need for supportive housing for low-income individuals with special needs and a local commitment to providing funding for the purpose of developing and operating supportive housing.

(c) A local nonprofit agency or local government agency shall be eligible for a grant under this chapter if it demonstrates in its program plan that it:

(1) Meets local priorities for supportive housing as identified in a publicly adopted planning document, such as the Consolidated Plan prepared for the Department of Housing and Urban Development, the Continuum of Care Plan, or a local plan for housing services for the target population.

(2) Provides evidence that affordable housing linked to services appropriate to the target population will be made available.

(3) Has established collaborative agreements with housing and service programs to deliver the necessary services and housing to the target population.

(4) Requests funding supplements and does not supplant existing funding.

SEC. 11. Section 53280 of the Health and Safety Code is amended to read:

The Legislature shall be notified of the administrative costs of this program pursuant to Section 28 of the Budget Act.

(b) Notwithstanding the allocation of funds in the Budget Act of 2000 for the supportive housing initiative to the local assistance Item 4440-101-0001, up to 10 percent of the funds may be spent for administrative costs, as defined in subdivision (a).

CHAPTER 668

An act to amend Section 12200 of the Penal Code, relating to firearms.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 12200 of the Penal Code is amended to read:

12200. The term ''machinegun'' as used in this chapter means any weapon which shoots, is designed to shoot, or can readily be restored to shoot, automatically more than one shot, without manual reloading, by a single function of the trigger. The term shall also include the frame or receiver of any such weapon, any part designed and intended solely and exclusively, or combination of parts designed and intended, for use in converting a weapon into a machinegun, and any combination of parts from which a machinegun can be assembled if such parts are in the possession or under the control of a person. The term also includes any weapon deemed by the federal Bureau of Alcohol, Tobacco, and Firearms as readily convertible to a machinegun under Chapter 53 (commencing with Section 5801) of Title 26 of the United States Code.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 669

An act to amend Sections 646.9 and 646.93 of, and to add Section 646.94 to, the Penal Code, relating to stalking.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 646.9 of the Penal Code is amended to read:

646.9. (a) Any person who willfully, maliciously, and repeatedly follows or harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family, is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

(b) Any person who violates subdivision (a) when there is a temporary restraining order, injunction, or any other court order in effect prohibiting the behavior described in subdivision (a) against the same party, shall be punished by imprisonment in the state prison for two, three, or four years.

(c) (1) Every person who, after having been convicted of a felony under Section 273.5, 273.6, or 422, commits a violation of subdivision (a) shall be punished by imprisonment in a county jail for not more than one year, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison for two, three, or five years.

(2) Every person who, after having been convicted of a felony under subdivision (a), commits a violation of this section shall be punished by imprisonment in the state prison for two, three, or five years.

(d) In addition to the penalties provided in this section, the sentencing court may order a person convicted of a felony under this section to register as a sex offender pursuant to subparagraph (E) of paragraph (2) of subdivision (a) of Section 290.

(e) For the purposes of this section, ''harasses'' means a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, torments, or terrorizes the person, and that serves no legitimate purpose. This course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the person.

(f) For purposes of this section, ''course of conduct'' means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of ''course of conduct.''

(g) For the purposes of this section, ''credible threat'' means a verbal or written threat, including that performed through the use of an electronic communication device, or a threat implied by a pattern of conduct or a combination of verbal, written, or electronically communicated statements and conduct made with the intent to place the

person that is the target of the threat in reasonable fear for his or her safety or the safety of his or her family and made with the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her family. It is not necessary to prove that the defendant had the intent to actually carry out the threat. The present incarceration of a person making the threat shall not be a bar to prosecution under this section.

(h) For purposes of this section, the term ''electronic communication device'' includes, but is not limited to, telephones, cellular phones, computers, video recorders, fax machines, or pagers. ''Electronic communication'' has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

(i) This section shall not apply to conduct that occurs during labor picketing.

(j) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under this section, it shall be a condition of probation that the person participate in counseling, as designated by the court. However, the court, upon a showing of good cause, may find that the counseling requirement shall not be imposed.

(k) The sentencing court also shall consider issuing an order restraining the defendant from any contact with the victim, that may be valid for up to 10 years, as determined by the court. It is the intent of the Legislature that the length of any restraining order be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim and his or her immediate family.

(*l*) For purposes of this section, ''immediate family'' means any spouse, parent, child, any person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household.

(m) The court shall consider whether the defendant would benefit from treatment pursuant to Section 2684. If it is determined to be appropriate, the court shall recommend that the Department of Corrections make a certification as provided in Section 2684. Upon the certification, the defendant shall be evaluated and transferred to the appropriate hospital for treatment pursuant to Section 2684.

SEC. 2. Section 646.93 of the Penal Code is amended to read:

646.93. (a) (1) In those counties where the arrestee is initially incarcerated in a jail operated by the county sheriff, the sheriff shall designate a telephone number that shall be available to the public to inquire about bail status or to determine if the person arrested has been released and if not yet released, the scheduled release date, if known. This subdivision does not require a county sheriff or jail administrator

to establish a new telephone number but shall require that the information contained on the victim resource card, as defined in Section 264.2, specify the phone number that a victim should call to obtain this information. This subdivision shall not require the county sheriff or municipal police departments to produce new victim resource cards containing a designated phone number for the public to inquire about the bail or custody status of a person who has been arrested until their existing supply of victim resource cards has been exhausted.

(2) In those counties where the arrestee is initially incarcerated in an incarceration facility other than a jail operated by the county sheriff and in those counties that do not operate a Victim Notification (VNE) system, a telephone number shall be available to the public to inquire about bail status or to determine if the person arrested has been released and if not yet released, the scheduled release date, if known. This subdivision does not require a municipal police agency or jail administrator to establish a new telephone number but shall require that the information contained on the victim resource card, as defined in Section 264.2, specify the phone number that a victim should call to obtain this information. This subdivision shall not require the county sheriff or municipal police departments to produce new victim resource cards containing a designated phone number for the public to inquire about the bail or custody status of a person who has been arrested until their existing supply of victim resource cards has been exhausted.

(3) If an arrestee is transferred to another incarceration facility and is no longer in the custody of the initial arresting agency, the transfer date and new incarceration location shall be made available through the telephone number designated by the arresting agency.

(4) The resource car provided to victims pursuant to Section 264.2 shall list the designated telephone numbers to which this section refers.

(b) Any request to lower bail shall be heard in open court in accordance with Section 1270.1. In addition, the prosecutor shall make all reasonable efforts to notify the victim or victims of the bail hearing. The victims may be present at the hearing and shall be permitted to address the court on the issue of bail.

(c) Unless good cause is shown not to impose the following conditions, the judge shall impose as additional conditions of release on bail that:

(1) The defendant shall not initiate contact in person, by telephone, or any other means with the alleged victims.

(2) The defendant shall not knowingly go within 100 yards of the alleged victims, their residence, or place of employment.

(3) The defendant shall not possess any firearms or other deadly or dangerous weapons.

(4) The defendant shall obey all laws.

(5) The defendant, upon request at the time of his or her appearance in court, shall provide the court with an address where he or she is residing or will reside, a business address and telephone number if employed, and a residence telephone number if the defendant's residence has a telephone.

A showing by declaration that any of these conditions are violated shall, unless good cause is shown, result in the issuance of a no-bail warrant.

SEC. 3. Section 646.94 is added to the Penal Code, to read:

646.94. (a) Contingent upon a Budget Act appropriation, the Department of Corrections shall ensure that any parolee convicted of violating Section 646.9 on or after January 1, 2002, who is deemed to pose a high risk of committing a repeat stalking offense be placed on an intensive and specialized parole supervision program for a period not to exceed the period of parole.

(b) (1) The program shall include referral to specialized services, for example substance abuse treatment, for offenders needing those specialized services.

(2) Parolees participating in this program shall be required to participate in relapse prevention classes as a condition of parole.

(3) Parole agents may conduct group counseling sessions as part of the program.

(4) The department may include other appropriate offenders in the treatment program if doing so facilitates the effectiveness of the treatment program.

(c) The program shall be established with the assistance and supervision of the staff of the department primarily by obtaining the services of mental health providers specializing in the treatment of stalking patients. Each parolee placed into this program shall be required to participate in clinical counseling programs aimed at reducing the likelihood that the parolee will commit or attempt to commit acts of violence or stalk their victim.

(d) The department may require persons subject to this section to pay some or all of the costs associated with this treatment, subject to the person's ability to pay. ''Ability to pay'' means the overall capability of the person to reimburse the costs, or a portion of the costs, of providing mental health treatment, and shall include, but shall not be limited to, consideration of all of the following factors:

(1) Present financial position.

(2) Reasonably discernible future financial position.

(3) Likelihood that the person shall be able to obtain employment after the date of parole.

(4) Any other factor or factors that may bear upon the person's financial capability to reimburse the department for the costs.

(e) For purposes of this section, a mental health provider specializing in the treatment of stalking patients shall meet all of the following requirements:

(1) Be a licensed clinical social worker, as defined in Article 4 (commencing with Section 4996) of Chapter 14 of Division 2 of the Business and Professions Code, a clinical psychologist, as defined in Section 1316.5 of the Health and Safety Code, or a physician and surgeon engaged in the practice of psychiatry.

(2) Have clinical experience in the area of assessment and treatment of stalking patients.

(3) Have two letters of reference from professionals who can attest to the applicant's experience in counseling stalking patients.

(f) The program shall target parolees convicted of violating Section 646.9 who meet the following conditions:

(A) The offender has been subject to a clinical assessment.

(B) A review of the offender's criminal history indicates that the offender poses a high risk of committing further acts of stalking or acts of violence against his or her victim or other persons upon his or her release on parole.

(C) The parolee, based on his or her clinical assessment, may be amenable to treatment.

(g) On or before January 1, 2006, the Department of Corrections shall evaluate the intensive and specialized parole supervision program and make a report to the Legislature regarding the results of the program, including, but not limited to, the recidivism rate for repeat stalking related offenses committed by persons placed into the program and a cost-benefit analysis of the program.

(h) This section shall become operative upon the appropriation of sufficient funds in the Budget Act to implement this section.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement

does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 670

An act to amend Section 821 of, and to add Article 5 (commencing with Section 500) to Chapter 3 of Part 1 of Division 1 of, the Food and Agricultural Code, relating to sustainable agriculture.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) A growing number of California farmers and ranchers have adopted, or are seeking to adopt, sustainable farming practices that enable them to reduce pesticide use, manage pesticide and water use cost effectively, increase soil fertility, and reduce off-farm environmental impacts. California is also home to the nation's largest number of organic farmers and ranchers, who produce agricultural products in compliance with the California Organic Foods Act, and acreage dedicated to certified organic production is growing rapidly in California. Additionally, many growers and commodity groups are seeking ways to market their products based on consumer recognition of their stewardship activities.

(b) The State of California and the University of California have created a number of programs designed to promote research on, and facilitate adoption of, sustainable agricultural practices. These programs take a systems approach to agricultural research management, emphasizing on-farm work with farmers, including small-scale, immigrant, and minority farmers, who voluntarily seek to make a transition to more sustainable agricultural practices. The programs recognize that farmers are implementing successful innovative farming practices, and they support that innovation by applying scientific analysis to the practices and encouraging their broader dissemination to other farmers. The programs emphasize collaborative research and mutual learning among farmers, pest control advisors, extension advisers, commodity groups, and affiliated agricultural organizations to maximize adoption of sustainable agricultural practices by farmers and others in the agriculture industry. Sustainable agricultural programs at the university include research, teaching, and outreach in the areas of sustainable farming systems, biologically integrated farming systems,

organic agriculture, small farms, agroecology systems, biointensive integrated pest management, and biological pest control, and include, but are not limited to, the Sustainable Agriculture Research and Education Program, the Center for Agroecology and Sustainable Farming Systems, the Centers for Biological Control, and the Small Farm Center.

(c) California farmers and ranchers are demonstrating a growing desire to obtain the information on sustainable agricultural practices and marketing strategies that these university programs are designed to provide. They are looking to the university to incorporate the programs and the information and practices developed by these programs into the University of California Cooperative Extension and other state and university programs designed to assist California agriculture, so that the technical information and support to adopt these practices are readily available to California farmers and ranchers.

SEC. 2. Article 5 (commencing with Section 500) is added to Chapter 3 of Part 1 of Division 1 of the Food and Agricultural Code, to read:

Article 5. Sustainable Agriculture

500. Pursuant to subdivision (d) of Section 821, it is the intent of the Legislature that programs at the University of California designed to promote research on, and facilitate adoption of, sustainable agricultural practices, including, but not limited to, research, teaching, and outreach in the areas of sustainable farming systems, biologically integrated farming systems, organic agriculture, small farms, agroecology systems, biointensive integrated pest management, and biological pest control shall be adequately funded through the annual budget process to ensure the programs' ongoing ability to respond to the needs of all sectors of California's agricultural industry. It is the further intent of the Legislature that the sustainable agricultural practices, methods, and materials identified and developed by these programs be incorporated into appropriate programs of the state and the university to maximize the access of California farmers and ranchers to the information needed to adopt and implement these measures.

501. Pursuant to Section 500 and subdivision (d) of Section 821, the Legislature requests that the Regents of the University of California do both of the following:

(a) Provide adequate and ongoing funding to programs at the University of California designed to promote research on, and facilitate adoption of, sustainable agricultural practices, including, but not limited to, research, teaching, and outreach in the areas of sustainable farming systems, biologically integrated farming systems, organic agriculture,

small farms, agroecology systems, biointensive integrated pest management, and biological pest control to ensure the programs' ongoing ability to respond to the needs of all sectors of California's agricultural industry.

(b) Fully incorporate the sustainable agricultural practices, methods, and materials identified and developed by the programs enumerated in this article into all appropriate programs of the university to ensure that California farmers and ranchers have maximum access to the information needed to adopt and implement these measures.

SEC. 3. Section 821 of the Food and Agricultural Code is amended to read:

821. As part of promoting and protecting the agricultural industry of the state and for the protection of public health, safety, and welfare, the Legislature shall provide for a continuing sound and healthy agriculture in California and shall encourage a productive and profitable agriculture. Major principles of the state's agricultural policy shall be all of the following:

(a) To increase the sale of crops and livestock products produced by farmers, ranchers, and processors of food and fiber in this state.

(b) To enhance the potential for domestic and international marketing of California agricultural products through fostering the creation of value additions to commodities and the development of new consumer products.

(c) To sustain the long-term productivity of the state's farms by conserving and protecting the soil, water, and air, which are agriculture's basic resources.

(d) To maximize the ability of farmers, ranchers, and processors to learn about and adopt practices that will best enable them to achieve the policies stated in this section.

CHAPTER 671

An act to amend Sections 77201 and 77201.1 of the Government Code, and to amend Section 1 of Chapter 1045 of the Statutes of 1998, relating to state and local government, and declaring the urgency thereof, to take effect immediately.

(3) The installment due on January 1 shall be for 25 percent of the amounts specified in paragraphs (1) and (2). The installments due on April 1 and June 30 shall be prorated uniformly to reflect any adjustments made by the Department of Finance, as provided in this section. If no adjustment is made by April 1, 1998, the April 1, 1998, installment shall be for 15 percent of the amounts specified in paragraphs (1) and (2). If no adjustment is made by June 30, 1998, the June 30, 1998, installment shall be for the balance of the amounts specified in paragraphs (1) and (2).

(4) Except as otherwise specifically provided in this section, county remittances specified in paragraphs (1) and (2) shall not be increased in subsequent years.

(5) Any change in statute or rule of court that either reduces the bail schedule or redirects or reduces a county's portion of fee, fine, and forfeiture revenue to an amount that is less than (A) the fees, fines, and forfeitures retained by that county and (B) the county's portion of fines and forfeitures transmitted to the state in the 1994–95 fiscal year, shall reduce that county's remittance specified in paragraph (2) of this subdivision by an equal amount. Nothing in this paragraph is intended to limit judicial sentencing discretion.

(c) The Department of Finance shall adjust the amount specified in paragraph (1) of subdivision (b) that a county is required to submit to the state, pursuant to the following:

(1) A county shall submit a declaration to the Department of Finance, no later than February 15, 1998, that the amount it is required to submit to the state pursuant to paragraph (1) of subdivision (b) either includes or does not include the costs for local judicial benefits which are court operation costs as defined in Section 77003 and Rule 810 of the California Rules of Court. The trial courts in a county that submits such a declaration shall be given a copy of the declaration and the opportunity to comment on the validity of the statements in the declaration. The Department of Finance shall verify the facts in the county's declaration and comments, if any. Upon verification that the amount the county is required to submit to the state includes the costs of local judicial benefits, the department shall reduce on or before June 30, 1998, the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) by an amount equal to the cost of those judicial benefits, in which case the county shall continue to be responsible for the cost of those benefits. If a county disagrees with the Department of Finance's failure to verify the facts in the county's declaration and reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b), the county may request that the Controller conduct an audit to verify the facts in the county's declaration. The Controller shall conduct the requested audit which shall be at the requesting county's expense. If the Controller's audit verifies the facts in the county's declaration, the department shall reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) by an amount equal to the amount verified by the Controller's audit and the state shall reimburse the requesting county for the cost of the audit.

(d) The Department of Finance shall adjust the amount specified in paragraph (1) of subdivision (b) of Section 77201.1 that a county is required to submit to the state, pursuant to the following procedures:

(1) A county may submit a declaration to the Department of Finance, no later than February 15, 1998, that declares that (A) the county incorrectly reported county costs as court operations costs as defined in Section 77003 in the 1994–95 fiscal year, and that incorrect report resulted in the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) being too high, (B) the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) includes amounts that were specifically appropriated, funded, and expended by a county or city and county during the 1994–95 fiscal year to fund extraordinary one-time expenditures for court operation costs, or (C) the amount the county is

required to submit to the state pursuant to paragraph (1) of subdivision (b) includes expenses that were funded from grants or subventions from any source, for court operation costs that could not have been funded without those grants or subventions being available. A county submitting that declaration shall concurrently transmit a copy of the declaration to the trial courts of that county. The trial courts in a county that submits that declaration shall have the opportunity to comment to the Department of Finance on the validity of the statements in the declaration. Upon receipt of the declaration and comments, if any, the Department of Finance shall determine and certify which costs identified in the county's declaration were incorrectly reported as court operation costs or were expended for extraordinary one-time expenditures or funded from grants or subventions in the 1994–95 fiscal year. The Department of Finance shall reduce the amount a county must submit to the state pursuant to paragraph (1) of subdivision (b) of Section 77201.1 by an amount equal to the amount the department certifies was incorrectly reported as court operations costs or were expended for extraordinary one-time expense or funded from grants or subventions in the 1994–95 fiscal year. If a county disagrees with the Department of Finance's failure to verify the facts in the county's declaration and reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) of Section 77201.1, the county may request that the Controller conduct an audit to verify the facts in the county's declaration. The Controller shall conduct the requested audit, which shall be at the requesting county's expense. If the Controller's audit verifies the facts in the county's declaration, the department shall reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) of Section 77201.1 by an amount equal to the amount verified by the Controller's audit and the state shall reimburse the requesting county for the cost of the audit. A county shall provide, at no charge to the court, any service for which the amount in paragraph (1) of subdivision (b) of Section 77201.1 was adjusted downward, if the county is required to provide that service at no cost to the court by any other provision of law.

(2) A court may submit a declaration to the Department of Finance, no later than February 15, 1998, that the county failed to report county costs as court operations costs as defined in Section 77003 in the 1994–95 fiscal year, and that this failure resulted in the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) being too low. A court submitting that declaration shall concurrently transmit a copy of the declaration to the county. A county shall have the opportunity to comment to the Department of Finance on the validity of statements in the declaration and comments, if any. Upon receipt of the declaration, the Department of Finance shall determine and

certify which costs identified in the court's declaration should have been reported by the county as court operation costs in the 1994–95 fiscal year and whether this failure resulted in the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) being too low. The Department of Finance shall notify the county, the trial courts in the county, and the Judicial Council of its certification and decision. Within 30 days, the county shall either notify the Department of Finance, trial courts in the county, and the Judicial Council that the county shall assume responsibility for the costs the county has failed to report, or that the department shall increase the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) of Section 77201.1 by an amount equal to the amount certified by the department. A county shall not be required to continue to provide services for which the amount in paragraph (1) of subdivision (b) of Section 77201.1 was adjusted upward.

(e) The Legislature hereby finds and declares that to ensure an orderly transition to state trial court funding, it is necessary to delay the adjustments to county obligation payments provided for by Article 3 (commencing with Section 77200) of Chapter 13 of Title 8, as added by Chapter 850 of the Statutes of 1997, until the 1998–99 fiscal year. The Legislature also finds and declares that since increase adjustments to the county obligation amounts will not take effect in the 1997–98 fiscal year, county charges for those services related to the increase adjustments shall not occur in the 1997–98 fiscal year. It is recognized that the counties have an obligation to provide, and the trial courts have an obligation to pay, for services provided by the county pursuant to Section 77212. In the 1997–98 fiscal year, the counties shall charge for, and the courts shall pay, these obligations consistent with paragraphs (1) and (2) of this subdivision.

(1) For the 1997–98 fiscal year, a county shall reduce the charges to a court for those services for which the amount in paragraph (1) of subdivision (b) of Section 77201.1 is adjusted upward, by an amount equal to the lesser of the following:

(A) The amount of the increase adjustment certified by the department pursuant to paragraph (2) of subdivision (d).

(B) The difference between the actual amount charged and paid for from the trial court operations fund, and the amount charged in the 1994–95 fiscal year.

(2) For the 1997–98 fiscal year, any funds paid out of the trial court operations fund established pursuant to Section 77009 during the 1997–98 fiscal year to pay for those services for which there was an upward adjustment, shall be returned to the trial court operations fund in the amount equal to the lesser of the following:

(A) The amount of the increase adjustment certified by the department pursuant to paragraph (2) of subdivision (d).

(B) The difference between the actual amount charged and paid for from the trial court operations fund, and the amount charged in the 1994–95 fiscal year.

(3) The Judicial Council shall reduce the allocation to the courts by an amount equal to the amount of any increase adjustment certified by the Department of Finance, if the cost of those services was used in determining the Judicial Council's allocation of funding for the 1997–98 fiscal year.

(4) In the event the charges are not reduced as provided in paragraph (1) or the funds are not returned to the trial court operations fund as provided in paragraph (2), the trial court operations fund shall be refunded for the 1998–99 fiscal year. Funds provided to the trial court operations fund pursuant to this paragraph shall be available to the trial courts to meet financial obligations incurred during the 1997–98 fiscal year. To the extent that a trial court receives total resources for trial court funding from the county and the state for the 1997–98 fiscal year that exceeded the amount of the allocation approved by the Judicial Council by November 30, 1997, these amounts shall be available for expenditure in the 1998–99 fiscal year and the Judicial Council shall reduce the 1998–99 fiscal year allocation of the court by an equal amount.

(f) Nothing in this section is intended to relieve a county of the responsibility to provide necessary and suitable court facilities pursuant to Section 68073.

(g) Nothing in this section is intended to relieve a county of the responsibility for justice-related expenses not included in Section 77003 which are otherwise required of the county by law, including, but not limited to, indigent defense representation and investigation, and payment of youth authority charges.

(h) The Department of Finance shall notify the county, trial courts in the county, and Judicial Council of the final decision and resulting adjustment.

(i) On or before February 15, 1998, each county shall submit to the Department of Finance a report of the amount it expended for trial court operations as defined in Section 77003 and Rule 810 of the California Rules of Court as it read on July 1, 1996, between the start of the 1997–98 fiscal year and the effective date of this section. The department shall reduce the amount a county is required to remit to the state pursuant to paragraph (1) of subdivision (b) in the 1997–98 fiscal year by an amount equal to the amount a county expended for court operation costs between the start of the 1997–98 fiscal year and the effective date of this section. The department shall also reduce the amount a county is required to remit to the state pursuant to paragraph (2) of subdivision (b)

in the 1997–98 fiscal year by an amount equal to the amount of fine and forfeiture revenue that a county remitted to the state between the start of the 1997–98 fiscal year and the effective date of this section. The department shall notify the county, the trial courts of the county, and the Judicial Council of the amount it has reduced a county's obligation to remit to the state pursuant to this subdivision.

SEC. 2. Section 77201.1 of the Government Code is amended to read:

77201.1. (a) Commencing on July 1, 1997, no county shall be responsible for funding court operations, as defined in Section 77003 and Rule 810 of the California Rules of Court as it read on July 1, 1996.

(b) Commencing in the 1999–2000 fiscal year, and each fiscal year thereafter, each county shall remit to the state in four equal installments due on October 1, January 1, April 1, and May 1, the amounts specified in paragraphs (1) and (2), as follows:

(3) Except as otherwise specifically provided in this section, county remittances specified in paragraphs (1) and (2) shall not be increased in subsequent years.

(4) Except for those counties with a population of 70,000, or less, on January 1, 1996, the amount a county is required to remit pursuant to paragraph (1) shall be adjusted by the amount equal to any adjustment resulting from the procedures in subdivisions (c) and (d) of Section 77201 as that section read on June 30, 1998, to the extent a county filed an appeal with the Controller with respect to the findings made by the Department of Finance. This paragraph shall not be construed to establish a new appeal process beyond what was provided by Section 77201, as that section read on June 30, 1998.

(5) Any change in statute or rule of court that either reduces the bail schedule or redirects or reduces a county's portion of fee, fine, and forfeiture revenue to an amount that is less than (A) the fees, fines, and forfeitures retained by that county, and (B) the county's portion of fines and forfeitures transmitted to the state in the 1994–95 fiscal year, shall reduce that county's remittance specified in paragraph (2) of this

subdivision by an equal amount. Nothing in this paragraph is intended to limit judicial sentencing discretion.

(c) Nothing in this section is intended to relieve a county of the responsibility to provide necessary and suitable court facilities pursuant to Section 68073.

(d) Nothing in this section is intended to relieve a county of the responsibility for justice-related expenses not included in Section 77003 which are otherwise required of the county by law, including, but not limited to, indigent defense representation and investigation, and payment of youth authority charges.

(e) County base year remittance requirements specified in paragraph (2) of subdivision (b) incorporate specific reductions to reflect those instances where the Department of Finance has determined that a county's remittance to both the General Fund and the Trial Court Trust Fund during the 1994–95 fiscal year exceeded the aggregate amount of state funding from the General Fund and the Trial Court Trust Fund. The amount of the reduction was determined by calculating the difference between the amount the county remitted to the General Fund and the Trial Court Trust Fund and the aggregate amount of state support from the General Fund and the Trial Court Trust Fund allocated to the county's trial courts. In making its determination of whether a county is entitled to a reduction pursuant to that paragraph, the Department of Finance subtracted from county revenues remitted to the state, all moneys derived from the fee required by Section 42007.1 of the Vehicle Code and the parking surcharge required by subdivision (c) of Section 76000.

(f) Notwithstanding subdivision (e), the Department of Finance shall not reduce a county's base year remittance requirement, as specified in paragraph (2) of subdivision (b), if the county's trial court funding allocation was modified pursuant to the amendments to the allocation formula set forth in paragraph (4) of subdivision (d) of Section 77200, as amended by Chapter 2 of the Statutes of 1993, to provide a stable level of funding for small county courts in response to reductions in the General Fund support for the trial courts.

(g) In any fiscal year in which a county of the first class pays the employer-paid retirement contribution for court employees, or any other employees of the county who provide a service to the court, and the amounts of those payments are charged to the budget of the courts, the sum the county is required to pay to the state pursuant to paragraph (1) of subdivision (b) shall be increased by the actual amount charged to the trial court up to twenty-three million five hundred twenty-seven thousand nine hundred forty-nine dollars ($23,527,949) in that fiscal year. The county and the trial court shall report to the Controller and the Department of Finance the actual amount charged in that fiscal year.

(h) This section shall become operative on July 1, 1999.

SEC. 3. Section 1 of Chapter 1045 of the Statutes of 1998 is amended to read:

Section 1. (a) For a county that received a loan pursuant to Article 1.5 (commencing with Section 55620) of Chapter 4 of Part 2 of Division 2 of Title 2 of the Government Code, the amount of the local match required and those other funds necessary to complete the project as described in the grant award made pursuant to subdivision (b) of Section 4 of Chapter 339 of the Statutes of 1998 that is paid by the county during its participation in the program specified in that subdivision in the 1999–2000, 2000–2001, 2001–2002, and 2002–2003 fiscal years, shall be deemed a payment on the loan provided pursuant to that article.

(b) The principal balance of the loan made pursuant to that Article 1.5, following the application of any payments made by a county and the application of the payment deemed to have been made pursuant to subdivision (a), shall be paid by a county in annual installments of no less than 10 percent of the principal balance of the loan. These payments shall be made by December 31 of each year commencing in the fiscal year following the initial participation in the program authorized by Section 4 of Chapter 339 of the Statutes of 1998. No further interest shall accrue on the loan after the operative date of this act and any interest accrued to date is hereby waived.

(c) This act shall become operative only if the county participates during the 1998–99 fiscal year or the 1999–2000 fiscal year in the program or programs implemented pursuant to Sections 2 to 4, inclusive, of Chapter 339 of the Statutes of 1998.

SEC. 4. Section 2 of this bill shall not become operative if Assembly Bill 2402 is enacted and becomes operative before this bill and amends Section 77201.1 of the Government Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to correct the statutory amounts that Contra Costa, Del Norte, and San Bernardino Counties shall be required to remit to the state for purposes of trial court funding, and in order that Merced County may proceed with the construction of a new juvenile hall as contemplated in Chapter 1045 of the Statutes of 1998 it is necessary that this act take effect immediately.

CHAPTER 672

An act to amend Items 3790-101-0001, 3790-102-0005, 3940-101-0418, 3940-101-0419, 3940-101-0744, 3940-101-6013, 3940-101-6016, 3940-101-6017, 3940-101-6019, 3940-101-6020, 3940-101-6021, 3940-101-6022, and 8260-103-0001 of, and Provisions (10)(a)(4) and (10)(f) of Item 6440-001-0001 of, and to add Item 0540-491 to, and to add Provision 6 to Item 4200-101-0001 of, Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000), and to otherwise amend and supplement the Budget Act of 2000, relating to state government, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

Senate Bill 1681 makes various changes to the Budget Act.

I am signing Senate Bill 1681. However, I am deleting Section 24.5, which adds Provision 6 to Item 4200-101-0001. The Budget Act of 2000 includes an appropriation of $250,000 for People in Progress, Inc. Current statute requires counties of more than 100,000 population to provide 10 percent county matching funds for State-funded alcohol and drug programs and services. This provision would allow Los Angeles County to forgo the 10 percent county match related to the appropriation for the People in Progress, Inc. and require the State to pay the match. The section would treat Los Angeles differently from the other counties that must continue to provide the required match and could establish an unfavorable precedent and demands from other counties for similar treatment. Such demands could create potentially significant General Fund costs in the future. I, therefore, believe this section is inappropriate, potentially costly, and contrary to long-standing public policy.

GRAY DAVIS, Governor

The people of the State of California do enact as follows:

SECTION 1. The appropriations made by this act are in augmentation of the appropriations made in Section 2.00 of the Budget Act of 2000 (Ch. 52, Stats. 2000) and are subject to the provisions of that act, as appropriate, including, as applicable, the provisions of that act that apply to the items of appropriation that are augmented by this act. SECTION 1. Section 14320 of the Business and Professions Code is amended to read:

14320. (a) Subject to the provisions of Section 14340 a person shall be subject to a civil action by the owner of a registered mark and the remedies provided in Section 14330 for doing any of the following:

(1) Using, without the consent of the registrant, any reproduction, counterfeit, copy, or colorable imitation of a mark registered under this chapter in connection with the sale, offering for sale, or advertising of any goods or services on or in connection with which that use is likely to cause confusion or mistake or to deceive as to the source of origin of those goods or services.

(2) Reproducing, counterfeiting, copying, or colorably imitating any mark of that type and applying that reproduction, counterfeit, copy, or colorable imitation to labels, signs, prints, packages, wrappers, receptacles, or advertisements intended to be used upon or in conjunction with the sale or other distribution in this state of those goods or services. The registrant shall not be entitled under this paragraph to recover profits or damages unless the acts have been committed with knowledge that the mark is intended to be used to cause confusion or mistake or to deceive.

(A) A copy of the certificate of registration and of any claimed reproduction, counterfeit, copy, or colorable imitation of the registered mark.

(i) The name or description of the infringer.

(ii) The product or service and mark being or to be infringed.

(iii) The dates of the infringement.

(iv) Any other reasonable information to assist the recipient to identify the infringer.

(4) The presumption created in paragraph (3) does not affect the trademark owner's burden of showing that there was a violation of the trademark law.

(5) Paragraph (3) is applicable to a landlord or property owner who provides, rents, leases, or licenses the use of real property where any goods or services bearing any reproduction, counterfeit, copy, or colorable imitation of a mark registered pursuant to this chapter are sold, offered for sale, or advertised, where the landlord or property owner had control of the property and knew, or had reason to know, of the infringing activity.

(b) Notwithstanding any other provision of this chapter, the remedies given to the owner of the right infringed are limited as follows:

(1) If an infringer or violator is engaged solely in the business of printing the mark or violating matter for others and establishes that he or she was an innocent infringer or innocent violator, the owner of the right infringed is entitled only to an injunction against future printing of the mark by the innocent infringer or innocent violator.

(2) If the infringement complained of is contained in, or is part of, paid advertising matter in a newspaper, magazine, or other similar periodical, or in an electronic communication as defined in Title 18 U.S.C. Section 2510(12), the remedies of the owner of the right infringed against the publisher or distributor of the newspaper, magazine, or other similar periodical or electronic communication shall be confined to an injunction against the presentation of the advertising matter in future issues of the newspapers, magazines, or other similar periodicals or in further transmissions of the electronic communication. The limitation of this subdivision shall apply only to innocent infringers and innocent violators.

(3) Injunctive relief is not available to the owner of the right infringed with respect to an issue of a newspaper, magazine, or other similar periodical or electronic communication containing infringing matter if restraining the dissemination of the infringing matter in any particular issue of the periodical or in an electronic communication would delay the delivery of the issue or transmission of the electronic communication after the regular time for delivery and the delay would be due to the method by which publication and distribution of the periodical or transmission of the electronic communication is customarily conducted in accordance with sound business practice, and not to any method or device adopted for the evasion of this section or to prevent or delay the issuance of an injunction or restraining order with respect to the infringing matter.

(c) An innocent infringer or innocent violator is any person whose acts were committed without knowledge that the mark was intended to be used to cause confusion, mistake, or to deceive.

That proof shall include corroborating information from the collaborating ophthalmologist. If the ophthalmologist fails to respond within 60 days of a request for information from the State Board of Optometry, the board may act on the optometrist's application without that corroborating information.

(4) After an optometrist has treated a total of 50 patients for a period of two years each and has received certification from the State Board of Optometry, the optometrist may treat the original 50 collaboratively treated patients independently, with the written consent of the patient. However, any glaucoma patients seen by the optometrist before the two-year period has expired for each of the 50 patients shall be treated under the collaboration protocols described in this section.

(g) Notwithstanding any other provision of law, an optometrist shall not treat children under one year of age with therapeutic pharmaceutical agents.

(h) Any dispensing of a therapeutic pharmaceutical agent by an optometrist shall be without charge.

(i) Notwithstanding any other provision of law, the practice of optometry does not include performing surgery. ''Surgery'' means any procedure in which human tissue is cut, altered, or otherwise infiltrated by mechanical or laser means in a manner not specifically authorized by this act. Nothing in the act amending this section shall limit an optometrist's authority, as it existed prior to the effective date of the act amending this section, to utilize diagnostic laser and ultrasound technology.

(j) All collaborations, consultations, and referrals made by an optometrist pursuant to this section shall be to an ophthalmologist located geographically appropriate to the patient.

(b) The board may, in accordance with the intent of this section, make exceptions from continuing education requirements for reasons of health, military service, or other good cause.

(c) If for good cause compliance cannot be met for the current year, the board may grant exemption of compliance for that year, provided that a plan of future compliance that includes current requirements as well as makeup of previous requirements is approved by the board.

(d) The board may require that proof of compliance with this section be submitted on an annual or biennial basis as determined by the board.

(e) The board may adopt regulations to require licensees to maintain current certification in cardiopulmonary resuscitation. Training required for the granting or renewal of a cardiopulmonary certificate shall not be credited towards the requirements of subdivision (a) or (f).

(f) An optometrist certified to use therapeutic pharmaceutical agents pursuant to Section 3041.3 shall complete a total of 50 hours of continuing education every two years in order to renew his or her certificate. Thirty-five of the required 50 hours of continuing education shall be on the diagnosis, treatment, and management of ocular disease as follows: 12 hours on glaucoma, 10 hours on ocular infections; five hours on inflammation and topical steroids; six hours on systemic medications and two hours on the use of pain medications.

(g) The board shall encourage every optometrist to take a course or courses in pharmacology and pharmaceuticals as part of his or her continuing education.

CHAPTER 677

An act to add Section 4125 to the Business and Professions Code, relating to pharmacies.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 4125 is added to the Business and Professions Code, to read:

4125. (a) Every pharmacy shall establish a quality assurance program that shall, at a minimum, document medication errors attributable, in whole or in part, to the pharmacy or its personnel. The purpose of the quality assurance program shall be to assess errors that occur in the pharmacy in dispensing or furnishing prescription medications so that the pharmacy may take appropriate action to prevent a recurrence.

(b) Records generated for and maintained as a component of a pharmacy's ongoing quality assurance program shall be considered peer review documents and not subject to discovery in any arbitration, civil, or other proceeding, except as provided hereafter. That privilege shall not prevent review of a pharmacy's quality assurance program and records maintained as part of that system by the board as necessary to protect the public health and safety or if fraud is alleged by a government agency with jurisdiction over the pharmacy. Nothing in this section shall be construed to prohibit a patient from accessing his or her own prescription records. Nothing in this section shall affect the discoverability of any records not solely generated for and maintained as a component of a pharmacy's ongoing quality assurance program.

(c) This section shall become operative on January 1, 2002.

SEC. 2. The California State Board of Pharmacy shall adopt regulations on or before September 1, 2001, specifying the requirements and implementation of quality assurance programs established pursuant to Section 4125 of the Business and Professions Code.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 678

An act to amend Sections 8741, 8761, 8762, 8771, and 8773.2 of the Business and Professions Code, and to amend Section 66466 of the Government Code, relating to land surveyors.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 8741 of the Business and Professions Code is amended to read:

8741. (a) The first division of the examination shall test the applicant's fundamental knowledge of surveying, mathematics, and basic science. The board shall prescribe by regulation reasonable educational or experience requirements including two years of postsecondary education in land surveying, two years of experience in land surveying, or a combination of one year of postsecondary education and one year of experience in land surveying for admission to the first division of the examination. Applicants who have passed the engineer-in-training examination, or who hold professional engineer registration, are exempt from this division of the examination.

The second division of the examination shall test the applicant's ability to apply his or her knowledge and experience and to assume responsible charge in the professional practice of land surveying.

(b) The applicant for the second division examination shall have successfully passed the first division examination, or shall be exempt therefrom. The applicant shall be thoroughly familiar with (1) the procedure and rules governing the survey of public lands as set forth in ''Manual of Surveying Instructions,'' published by the Bureau of Land Management, Department of the Interior, Washington, D.C. and (2) the principles of real property relating to boundaries and conveyancing.

(c) The board may by rule provide for a waiver of the first division of the examination for applicants whose education and experience qualifications substantially exceed the requirements of Section 8742.

(d) The board may by rule provide for a waiver of the second division of the examination and the assignment to a special examination for those applicants whose educational qualifications are equal to, and whose experience qualifications substantially exceed, those qualifications established under subdivision (c). The special examination may be either written or oral, or a combination of both.

SEC. 2. Section 8761 of the Business and Professions Code is amended to read:

8761. Any licensed land surveyor or registered civil engineer may practice land surveying and prepare maps, plats, reports, descriptions, or other documentary evidence in connection with that practice. All maps, plats, reports, descriptions, or other documents issued by the licensed land surveyor or registered civil engineer shall be signed by the surveyor or engineer to indicate the surveyor's or engineer's responsibility for them. In addition to the signature, the map, plat, report, description, or other document shall bear the seal or stamp of the licensee or registrant and the expiration date of the license or registration. If the map, plat, report, description, or other document has multiple pages or sheets, the signature, seal or stamp, and expiration date of the license or registration need only appear on the originals of the map or plat and on the title sheet of the report, description, or other document.

It is unlawful for any person to sign, stamp, seal, or approve any map, plat, report, description, or other document unless the person is authorized to practice land surveying.

SEC. 2.5. Section 8761 of the Business and Professions Code is amended to read:

8761. Any licensed land surveyor or registered civil engineer may practice land surveying and prepare maps, plats, reports, descriptions, or other documentary evidence in connection with that practice. All maps, plats, reports, descriptions, or other documents issued by the licensed land surveyor or registered civil engineer shall be signed by the surveyor or engineer to indicate the surveyor's or engineer's responsibility for them. In addition to the signature, the map, plat, report, description, or other document shall bear the seal or stamp of the licensee or registrant and the expiration date of the license or registration. If the map, plat, report, description, or other document has multiple pages or sheets, the signature, seal or stamp, and expiration date of the license or registration need only appear on the originals of the map or plat and on the title sheet of the report, description, or other document.

It is unlawful for any person to sign, stamp, seal, or approve any map, plat, report, description, or other document unless the person is authorized to practice land surveying.

It is unlawful for any person to stamp or seal any map, plat, report, description, or other document with the seal after the certificate of the

licensee that is named on the seal has expired or has been suspended or revoked, unless the certificate has been renewed or reissued.

SEC. 3. Section 8762 of the Business and Professions Code is amended to read:

8762. After making a field survey in conformity with the practice of land surveying, the surveyor or civil engineer may file with the county surveyor in the county in which the survey was made, a record of the survey.

After making a field survey in conformity with the practice of land surveying, the licensed land surveyor or registered civil engineer shall file with the county surveyor in the county in which the field survey was made a record of the survey relating to land boundaries or property lines, if the field survey discloses any of the following:

(a) Material evidence or physical change, which in whole or in part does not appear on any subdivision map, official map, or record of survey previously recorded or properly filed in the office of the county recorder or county surveying department, or map or survey record maintained by the Bureau of Land Management of the United States.

(b) A material discrepancy with the information contained in any subdivision map, official map, or record of survey previously recorded or filed in the office of the county recorder or the county surveying department, or any map or survey record maintained by the Bureau of Land Management of the United States. For purposes of this subdivision, a ''material discrepancy'' is limited to a material discrepancy in the position of points or lines, or in dimensions.

(c) Evidence that, by reasonable analysis, might result in materially alternate positions of lines or points, shown on any subdivision map, official map, or record of survey previously recorded or filed in the office of the county recorder or the county surveying department, or any map or survey record maintained by the Bureau of Land Management of the United States.

(d) The establishment of one or more points or lines not shown on any subdivision map, official map, or record of survey, the positions of which are not ascertainable from an inspection of the subdivision map, official map, or record of survey.

(e) The points or lines set during the performance of a field survey of any parcel described in any deed or other instrument of title recorded in the county recorder's office are not shown on any subdivision map, official map, or record of survey.

The record of survey required to be filed pursuant to this section shall be filed within 90 days after the setting of boundary monuments during the performance of a field survey or within 90 days after completion of a field survey, whichever occurs first.

If the 90-day time limit contained in this section cannot be complied with for reasons beyond the control of the licensed land surveyor or registered civil engineer, the 90-day time period shall be extended until the time at which the reasons for delay are eliminated. If the licensed land surveyor or registered civil engineer cannot comply with the 90-day time limit, he or she shall, prior to the expiration of the 90-day time limit, provide the county surveyor with a letter stating that he or she is unable to comply. The letter shall provide an estimate of the date for completion of the record of survey, the reasons for the delay, and a general statement as to the location of the survey, including the assessor's parcel number or numbers.

The licensed land surveyor or registered civil engineer shall not initially be required to provide specific details of the survey. However, if other surveys at the same location are performed by others which may affect or be affected by the survey, the licensed land surveyor or registered civil engineer shall then provide information requested by the county surveyor without unreasonable delay.

Any record of survey filed with the county surveyor shall, after being examined by him or her, be filed with the county recorder. The county recorder shall provide the preparer of the map with the filing data within 10 days of the filing of the map.

SEC. 4. Section 8771 of the Business and Professions Code is amended to read:

8771. (a) Monuments set shall be sufficient in number and durability and efficiently placed so as not to be readily disturbed, to assure, together with monuments already existing, the perpetuation or facile reestablishment of any point or line of the survey.

(b) When monuments exist that control the location of subdivisions, tracts, boundaries, roads, streets, or highways, or provide survey control, the monuments shall be located and referenced by or under the direction of a licensed land surveyor or registered civil engineer prior to the time when any streets, highways, other rights-of-way, or easements are improved, constructed, reconstructed, maintained, resurfaced, or relocated, and a corner record or record of survey of the references shall be filed with the county surveyor. They shall be reset in the surface of the new construction, a suitable monument box placed thereon, or permanent witness monuments set to perpetuate their location if any monument could be destroyed, damaged, covered, or otherwise obliterated, and a corner record or record of survey filed with the county surveyor prior to the recording of a certificate of completion for the project. Sufficient controlling monuments shall be retained or replaced in their original positions to enable property, right-of-way and easement lines, property corners, and subdivision and tract boundaries to be reestablished without devious surveys necessarily originating on

monuments differing from those that currently control the area. It shall be the responsibility of the governmental agency or others performing construction work to provide for the monumentation required by this section. It shall be the duty of every land surveyor or civil engineer to cooperate with the governmental agency in matters of maps, field notes, and other pertinent records. Monuments set to mark the limiting lines of highways, roads, streets or right-of-way or easement lines shall not be deemed adequate for this purpose unless specifically noted on the corner record or record of survey of the improvement works with direct ties in bearing or azimuth and distance between these and other monuments of record.

(c) The decision to file the required corner record or a record of survey shall be at the election of the licensed land surveyor or registered civil engineer submitting the document.

SEC. 4.5. Section 8771 of the Business and Professions Code is amended to read:

8771. (a) Monuments set shall be sufficient in number and durability and efficiently placed so as not to be readily disturbed, to assure, together with monuments already existing, the perpetuation or facile reestablishment of any point or line of the survey.

(b) When monuments exist that control the location of subdivisions, tracts, boundaries, roads, streets, or highways, or provide survey control, the monuments shall be located and referenced by or under the direction of a licensed land surveyor or registered civil engineer prior to the time when any streets, highways, other rights-of-way, or easements are improved, constructed, reconstructed, maintained, resurfaced, or relocated, and a corner record or record of survey of the references shall be filed with the county surveyor. They shall be reset in the surface of the new construction, a suitable monument box placed thereon, or permanent witness monuments set to perpetuate their location if any monument could be destroyed, damaged, covered, or otherwise obliterated, and a corner record or record of survey filed with the county surveyor prior to the recording of a certificate of completion for the project. Sufficient controlling monuments shall be retained or replaced in their original positions to enable property, right-of-way and easement lines, property corners, and subdivision and tract boundaries to be reestablished without devious surveys necessarily originating on monuments differing from those that currently control the area. It shall be the responsibility of the governmental agency or others performing construction work to provide for the monumentation required by this section. It shall be the duty of every land surveyor or civil engineer to cooperate with the governmental agency in matters of maps, field notes, and other pertinent records. Monuments set to mark the limiting lines of highways, roads, streets or right-of-way or easement lines shall not be

deemed adequate for this purpose unless specifically noted on the corner record or record of survey of the improvement works with direct ties in bearing or azimuth and distance between these and other monuments of record.

(c) The decision to file either the required corner record or a record of survey pursuant to subdivision (b) shall be at the election of the licensed land surveyor or registered civil engineer submitting the document.

SEC. 5. Section 8773.2 of the Business and Professions Code is amended to read:

8773.2. (a) A ''corner record'' submitted to the county surveyor or engineer shall be examined by him or her for compliance with subdivision (d) of Section 8765 and Sections 8773, 8773.1, and 8773.4, endorsed with a statement of his or her examination, and filed with the county surveyor or returned to the submitting party within 20 working days after receipt.

(b) In the event the submitted ''corner record'' fails to comply with the examination criteria of subdivision (a), the county surveyor or engineer shall return it to the person who submitted it together with a written statement of the changes necessary to make it conform to the requirements of subdivision (a). The licensed land surveyor or registered civil engineer submitting the corner record may then make the changes in compliance with subdivision (a) and resubmit the corner record for filing. The county surveyor or engineer shall file the corner record within 10 working days after receipt of the resubmission.

(c) If the matters appearing on the corner record cannot be agreed upon by the licensed land surveyor or the registered civil engineer and the county surveyor within 10 working days after the licensed land surveyor or registered civil engineer resubmits and requests the corner record be filed without further change, an explanation of the differences shall be noted on the corner record and it shall be submitted to and filed by the county surveyor. When the county surveyor places an explanatory note on a corner record, the county surveyor shall transmit a copy of the filed corner record within 10 working days of the filing to the licensed land surveyor or registered civil engineer who submitted the corner record.

(d) The corner record filed with the county surveyor of any county shall be securely fastened by him or her into a suitable book provided for that purpose.

(e) A charge for examining, indexing, and filing the corner record may be collected by the county surveyor, not to exceed the amount required for the recording of a deed.

(f) If the preparer of the corner record provides a postage-paid, self-addressed envelope or postcard with the filing of the corner record,

the county surveyor shall provide the preparer of the corner record with the filing data within 20 days of final filing. For the purposes of this subdivision, ''filing data'' includes the date, book or volume, and the page at which the corner record is filed by the county surveyor. This subdivision shall not apply to a county surveyor's office that maintains an electronic data base of filed corner records that is accessible to the public by reference to the preparer's license number.

SEC. 6. Section 66466 of the Government Code is amended to read:

66466. (a) The county recorder shall have not more than 10 days within which to examine a final or parcel map and either accept or reject it for filing.

(b) If the county recorder rejects a final or parcel map for filing, the county recorder shall, within 10 days thereafter, mail notice to the subdivider and the city engineer if the map is within a city, or the county surveyor if the map is within the unincorporated area, that the map has been rejected for filing, giving the reasons therefor, and that the map is being returned to the city clerk if the map is within a city, or to the clerk of the board if the map is within the unincorporated area, for action by the legislative body. Upon receipt of the map, the clerk shall place the map on the agenda of the next regular meeting of the legislative body and the legislative body shall, within 15 days thereafter, rescind its approval of the map and return the map to the subdivider unless the subdivider presents evidence that the basis for the rejection by the county recorder has been removed. The subdivider may consent to a continuance of the matter; however, the prior approval of the legislative body shall be deemed rescinded during any period of continuance. If a map is returned to the county recorder, the county recorder shall have a new 10-day period to examine the map and either accept or reject it for filing.

(c) If the county recorder accepts the map for filing, the acceptance shall be certified on the face thereof. The map shall be securely fastened in a book of subdivision maps, in a book of parcel maps, or in a book of cities and towns which shall be kept for that purpose, or in any other manner as will assure that the maps will be kept together. The map shall become a part of the official records of the county recorder upon its acceptance by the county recorder for filing. If the preparer of the map provides a postage-paid, self-addressed envelope or postcard with the filing of the map, the county recorder shall provide the preparer of the map with the filing data within 10 days of the filing of the map. For the purposes of this subdivision, ''filing data'' includes the date, book or volume, and the page at which the map is filed by the county recorder.

(d) The fee for filing and indexing the map is as prescribed in Section 27372 of the Government Code.

(e) The original map shall be stored for safekeeping in a reproducible condition. The county recorder may maintain for public reference a set

of counter maps that are prints of the original maps and produce the original maps for comparison upon demand.

(f) Upon the filing of any map, including amended maps and certificates of correction for recordation pursuant to this section or any record of survey pursuant to the Professional Land Surveyors' Act (Chapter 15 (commencing with Section 8700) of Division 3 of the Business and Professions Code), the surveyor or engineer who prepared the document shall transmit a copy of the document, including all recording information, to the county surveyor, who shall maintain an index, by geographic location, of the documents. The county surveyor may charge a fee not to exceed the fee charged for recording the document, for purposes of financing the costs of maintaining the index of the documents.

The requirements of this subdivision shall not apply to any county that requires a document filed pursuant to this section to be transmitted to the county surveyor and requires that official to maintain an index of those documents.

SEC. 7. Section 2.5 of this bill incorporates amendments to Section 8761 of the Business and Professions Code proposed by both this bill and SB 1863. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 8761 of the Business and Professions Code, and (3) this bill is enacted after SB 1863, in which case Section 2 of this bill shall not become operative.

SEC. 8. Section 4.5 of this bill incorporates amendments to Section 8771 of the Business and Professions Code proposed by both this bill and SB 1863. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 8771 of the Business and Professions Code, and (3) this bill is enacted after SB 1863, in which case Section 4 of this bill shall not become operative.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

CHAPTER 679

An act to amend Section 1793.22 of the Civil Code, relating to warranties.

[Approved by Governor September 24, 2000. Filed with
Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1793.22 of the Civil Code is amended to read:

1793.22. (a) This section shall be known and may be cited as the Tanner Consumer Protection Act.

(b) It shall be presumed that a reasonable number of attempts have been made to conform a new motor vehicle to the applicable express warranties if, within 18 months from delivery to the buyer or 18,000 miles on the odometer of the vehicle, whichever occurs first, one or more of the following occurs:

(1) The same nonconformity results in a condition that is likely to cause death or serious bodily injury if the vehicle is driven and the nonconformity has been subject to repair two or more times by the manufacturer or its agents, and the buyer or lessee has at least once directly notified the manufacturer of the need for the repair of the nonconformity.

(2) The same nonconformity has been subject to repair four or more times by the manufacturer or its agents and the buyer has at least once directly notified the manufacturer of the need for the repair of the nonconformity.

(3) The vehicle is out of service by reason of repair of nonconformities by the manufacturer or its agents for a cumulative total of more than 30 calendar days since delivery of the vehicle to the buyer. The 30-day limit shall be extended only if repairs cannot be performed due to conditions beyond the control of the manufacturer or its agents. The buyer shall be required to directly notify the manufacturer pursuant to paragraphs (1) and (2) only if the manufacturer has clearly and conspicuously disclosed to the buyer, with the warranty or the owner's manual, the provisions of this section and that of subdivision (d) of Section 1793.2, including the requirement that the buyer must notify the manufacturer directly pursuant to paragraphs (1) and (2). The notification, if required, shall be sent to the address, if any, specified clearly and conspicuously by the manufacturer in the warranty or owner's manual. This presumption shall be a rebuttable presumption affecting the burden of proof, and it may be asserted by the buyer in any civil action, including an action in small claims court, or other formal or informal proceeding.

(c) If a qualified third-party dispute resolution process exists, and the buyer receives timely notification in writing of the availability of that qualified third-party dispute resolution process with a description of its operation and effect, the presumption in subdivision (b) may not be

asserted by the buyer until after the buyer has initially resorted to the qualified third-party dispute resolution process as required in subdivision (d). Notification of the availability of the qualified third-party dispute resolution process is not timely if the buyer suffers any prejudice resulting from any delay in giving the notification. If a qualified third-party dispute resolution process does not exist, or if the buyer is dissatisfied with that third-party decision, or if the manufacturer or its agent neglects to promptly fulfill the terms of the qualified third-party dispute resolution process decision after the decision is accepted by the buyer, the buyer may assert the presumption provided in subdivision (b) in an action to enforce the buyer's rights under subdivision (d) of Section 1793.2. The findings and decision of a qualified third-party dispute resolution process shall be admissible in evidence in the action without further foundation. Any period of limitation of actions under any federal or California laws with respect to any person shall be extended for a period equal to the number of days between the date a complaint is filed with a third-party dispute resolution process and the date of its decision or the date before which the manufacturer or its agent is required by the decision to fulfill its terms if the decision is accepted by the buyer, whichever occurs later.

(d) A qualified third-party dispute resolution process shall be one that does all of the following:

(1) Complies with the minimum requirements of the Federal Trade Commission for informal dispute settlement procedures as set forth in Part 703 of Title 16 of the Code of Federal Regulations, as those regulations read on January 1, 1987.

(2) Renders decisions which are binding on the manufacturer if the buyer elects to accept the decision.

(3) Prescribes a reasonable time, not to exceed 30 days after the decision is accepted by the buyer, within which the manufacturer or its agent must fulfill the terms of its decisions.

(4) Provides arbitrators who are assigned to decide disputes with copies of, and instruction in, the provisions of the Federal Trade Commission's regulations in Part 703 of Title 16 of the Code of Federal Regulations as those regulations read on January 1, 1987, Division 2 (commencing with Section 2101) of the Commercial Code, and this chapter.

(5) Requires the manufacturer, when the process orders, under the terms of this chapter, either that the nonconforming motor vehicle be replaced if the buyer consents to this remedy or that restitution be made to the buyer, to replace the motor vehicle or make restitution in accordance with paragraph (2) of subdivision (d) of Section 1793.2.

(6) Provides, at the request of the arbitrator or a majority of the arbitration panel, for an inspection and written report on the condition

of a nonconforming motor vehicle, at no cost to the buyer, by an automobile expert who is independent of the manufacturer.

(7) Takes into account, in rendering decisions, all legal and equitable factors, including, but not limited to, the written warranty, the rights and remedies conferred in regulations of the Federal Trade Commission contained in Part 703 of Title 16 of the Code of Federal Regulations as those regulations read on January 1, 1987, Division 2 (commencing with Section 2101) of the Commercial Code, this chapter, and any other equitable considerations appropriate in the circumstances. Nothing in this chapter requires that, to be certified as a qualified third-party dispute resolution process pursuant to this section, decisions of the process must consider or provide remedies in the form of awards of punitive damages or multiple damages, under subdivision (c) of Section 1794, or of attorneys' fees under subdivision (d) of Section 1794, or of consequential damages other than as provided in subdivisions (a) and (b) of Section 1794, including, but not limited to, reasonable repair, towing, and rental car costs actually incurred by the buyer.

(8) Requires that no arbitrator deciding a dispute may be a party to the dispute and that no other person, including an employee, agent, or dealer for the manufacturer, may be allowed to participate substantively in the merits of any dispute with the arbitrator unless the buyer is allowed to participate also. Nothing in this subdivision prohibits any member of an arbitration board from deciding a dispute.

(9) Obtains and maintains certification by the Department of Consumer Affairs pursuant to Chapter 9 (commencing with Section 472) of Division 1 of the Business and Professions Code.

(e) For the purposes of subdivision (d) of Section 1793.2 and this section, the following terms have the following meanings:

(1) ''Nonconformity'' means a nonconformity which substantially impairs the use, value, or safety of the new motor vehicle to the buyer or lessee.

(2) ''New motor vehicle'' means a new motor vehicle that is bought or used primarily for personal, family, or household purposes. ''New motor vehicle'' also means a new motor vehicle with a gross vehicle weight under 10,000 pounds that is bought or used primarily for business purposes by a person, including a partnership, limited liability company, corporation, association, or any other legal entity, to which not more than five motor vehicles are registered in this state. ''New motor vehicle'' includes the chassis, chassis cab, and that portion of a motor home devoted to its propulsion, but does not include any portion designed, used, or maintained primarily for human habitation, a dealer-owned vehicle and a ''demonstrator'' or other motor vehicle sold with a manufacturer's new car warranty but does not include a motorcycle or a motor vehicle which is not registered under the Vehicle Code because

it is to be operated or used exclusively off the highways. A demonstrator is a vehicle assigned by a dealer for the purpose of demonstrating qualities and characteristics common to vehicles of the same or similar model and type.

(3) ''Motor home'' means a vehicular unit built on, or permanently attached to, a self-propelled motor vehicle chassis, chassis cab, or van, which becomes an integral part of the completed vehicle, designed for human habitation for recreational or emergency occupancy.

(f) (1) Except as provided in paragraph (2), no person shall sell, either at wholesale or retail, lease, or transfer a motor vehicle transferred by a buyer or lessee to a manufacturer pursuant to paragraph (2) of subdivision (d) of Section 1793.2 or a similar statute of any other state, unless the nature of the nonconformity experienced by the original buyer or lessee is clearly and conspicuously disclosed to the prospective buyer, lessee, or transferee, the nonconformity is corrected, and the manufacturer warrants to the new buyer, lessee, or transferee in writing for a period of one year that the motor vehicle is free of that nonconformity.

(2) Except for the requirement that the nature of the nonconformity be disclosed to the transferee, paragraph (1) does not apply to the transfer of a motor vehicle to an educational institution if the purpose of the transfer is to make the motor vehicle available for use in automotive repair courses.

CHAPTER 680

An act to amend, repeal, and add Section 827 of the Civil Code, relating to landlord-tenant.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to respond to tight rental market conditions by providing tenants with longer notice when served with a rent increase of more than 10 percent in a 12-month period and providing owners with an easier method of service for notices of rent increases. The longer notice prescribed in this act provides tenants with additional time to respond to rent increases by, for example, augmenting their income with an additional job, finding a roommate, or relocating. The longer notice is not intended to constitute rent control, nor is it a

statement of public policy regarding acceptable or unacceptable levels of rent increases.

SEC. 2. Section 827 of the Civil Code is amended to read:

827. (a) Except as provided in subdivision (b), in all leases of lands or tenements, or of any interest therein, from week to week, month to month, or other period less than a month, the landlord may, upon giving notice in writing to the tenant, in the manner prescribed by Section 1162 of the Code of Civil Procedure, change the terms of the lease to take effect, as to tenancies for less than one month, upon the expiration of a period at least as long as the term of the hiring itself, and, as to tenancies from month to month, to take effect at the expiration of not less than 30 days, but if that change takes effect within a rental term, the rent accruing from the first day of the term to the date of that change shall be computed at the rental rate which obtained immediately prior to that change; provided, however, that it shall be competent for the parties to provide by an agreement in writing that a notice changing the terms thereof may be given at any time not less than seven days before the expiration of a term, to be effective upon the expiration of the term.

The notice, when served upon the tenant, shall of itself operate and be effectual to create and establish, as a part of the lease, the terms, rents, and conditions specified in the notice, if the tenant shall continue to hold the premises after the notice takes effect.

(b) (1) In all leases of a residential dwelling, or of any interest therein, from week to week, month to month, or other period less than a month, the landlord may increase the rent provided in the lease or rental agreement, upon giving written notice to the tenant, as follows, by either of the following procedures:

(A) By delivering a copy to the tenant personally.

(B) By serving a copy by mail under the procedures prescribed in Section 1013 of the Code of Civil Procedure.

(2) If the proposed rent increase for that tenant is 10 percent or less of the rental amount charged to that tenant at any time during the 12 months prior to the effective date of the increase, either in and of itself or when combined with any other rent increases for the 12 months prior to the effective date of the increase, the notice shall be delivered at least 30 days prior to the effective date of the increase, and subject to Section 1013 of the Code of Civil Procedure if served by mail.

(3) For an increase in rent greater than the amount described in paragraph (2), the minimum notice period required pursuant to that paragraph shall be increased by an additional 30 days, and subject to Section 1013 of the Code of Civil Procedure if served by mail.

(c) If a state or federal statute, state or federal regulation, recorded regulatory agreement, or contract provides for a longer period of notice regarding a rent increase than that provided in subdivision (a) or (b), the

personal service or mailing of the notice shall be in accordance with the longer period.

(d) This section shall be operative only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2006, deletes or extends that date.

SEC. 3. Section 827 is added to the Civil Code, to read:

827. (a) In all leases of lands or tenements, or of any interest therein, from week to week, month to month, or other period less than a month, the landlord may, upon giving notice in writing to the tenant, in the manner prescribed by Section 1162 of the Code of Civil Procedure, change the terms of the lease to take effect, as to tenancies for less than one month, upon the expiration of a period at least as long as the term of the hiring itself, and, as to tenancies from month to month, to take effect at the expiration of not less than 30 days, but if that change takes effect within a rental term, the rent accruing from the first day of the term to the date of that change shall be computed at the rental rate which was obtained immediately prior to that change; provided, however, that it shall be competent for the parties to provide by an agreement in writing that a notice changing the terms thereof may be given at any time not less than seven days before the expiration of a term, to be effective upon the expiration of the term.

The notice, when served upon the tenant, shall of itself operate and be effectual to create and establish, as a part of the lease, the terms, rents, and conditions specified in the notice, if the tenant shall continue to hold the premises after the notice takes effect.

(b) This section shall become operative on January 1, 2006.

CHAPTER 681

An act to add Sections 2242.1 and 4067 to the Business and Professions Code, relating to medicine, and making an appropriation therefor.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 2242.1 is added to the Business and Professions Code, to read:

2242.1. (a) No person or entity may prescribe, dispense, or furnish, or cause to be prescribed, dispensed, or furnished, dangerous drugs or dangerous devices, as defined in Section 4022, on the Internet for

delivery to any person in this state, without a good faith prior examination and medical indication therefor, except as authorized by Section 2242.

(b) Notwithstanding any other provision of law, a violation of this section may subject the person or entity that has committed the violation to either a fine of up to twenty-five thousand dollars ($25,000) per occurrence pursuant to a citation issued by the board or a civil penalty of twenty-five thousand dollars ($25,000) per occurrence.

(c) The Attorney General may bring an action to enforce this section and to collect the fines or civil penalties authorized by subdivision (b).

(d) For notifications made on and after January 1, 2002, the Franchise Tax Board, upon notification by the Attorney General or the board of a final judgment in an action brought under this section, shall subtract the amount of the fine or awarded civil penalties from any tax refunds or lottery winnings due to the person who is a defendant in the action using the offset authority under Section 12419.5 of the Government Code, as delegated by the Controller, and the processes as established by the Franchise Tax Board for this purpose. That amount shall be forwarded to the board for deposit in the Contingent Fund of the Medical Board of California.

(e) If the person or entity that is the subject of an action brought pursuant to this section is not a resident of this state, a violation of this section shall, if applicable, be reported to the person's or entity's appropriate professional licensing authority.

(f) Nothing in this section shall prohibit the board from commencing a disciplinary action against a physician and surgeon pursuant to Section 2242.

SEC. 2. Section 4067 is added to the Business and Professions Code, to read:

4067. (a) No person or entity shall dispense or furnish, or cause to be dispensed or furnished, dangerous drugs or dangerous devices, as defined in Section 4022, on the Internet for delivery to any person in this state without a prescription issued pursuant to a good faith prior examination if the person or entity either knew or reasonably should have known that the prescription was not issued pursuant to a good faith prior examination, or if the person or entity did not act in accordance with Section 1761 of Title 16 of the California Code of Regulations.

(b) Notwithstanding any other provision of law, a violation of this section may subject the person or entity that has committed the violation to either a fine of up to twenty-five thousand dollars ($25,000) per occurrence pursuant to a citation issued by the board or a civil penalty of twenty-five thousand dollars ($25,000) per occurrence.

(c) The Attorney General may bring an action to enforce this section and to collect the fines or civil penalties authorized by subdivision (b).

(d) For notifications made on and after January 1, 2002, the Franchise Tax Board, upon notification by the Attorney General or the board of a final judgment in an action brought under this section, shall subtract the amount of the fine or awarded civil penalties from any tax refunds or lottery winnings due to the person who is a defendant in the action using the offset authority under Section 12419.5 of the Government Code, as delegated by the Controller, and the processes as established by the Franchise Tax Board for this purpose. That amount shall be forwarded to the board for deposit in the Pharmacy Board Contingent Fund.

(e) Nothing in this section shall be construed to permit the unlicensed practice of pharmacy, or to limit the authority of the board to enforce any other provision of this chapter.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 682

An act to add Section 18901.8 to the Welfare and Institutions Code, relating to food stamps.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 18901.8 is added to the Welfare and Institutions Code, to read:

18901.8. (a) To the extent permitted by federal law, and with receipt of necessary federal approvals, the State Department of Social Services, in conjunction with affected stakeholder groups, shall develop and implement, if otherwise feasible, a simplified and shorter application form for nonassistance food stamp cases. The contents of this simpler form shall be evaluated for use in multiprogram application forms for the Food Stamp, Medi-Cal, and CalWORKs programs. The department shall seek any federal approvals necessary for implementation of the form.

(b) The department shall not require any county to implement use of the form described in subdivision (a) until the county has been allowed sufficient time to reprogram its automated systems for the purpose of implementing the form.

(c) The department shall provide information on implementation, including a simplified form, to the appropriate legislative committees on or before July 1, 2001.

CHAPTER 683

An act to amend Sections 7583.2, 7583.9, and 7587.8 of, to amend and repeal Section 7583.11 of, and to add Section 7587.15 to, the Business and Professions Code, relating to private patrol operators.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 7583.2 of the Business and Professions Code is amended to read:

7583.2. No person licensed as a private patrol operator shall do any of the following:

(a) Fail to properly maintain an accurate and current record of all firearms or other deadly weapons that are in the possession of the licensee or of any employee while on duty. Within seven days after a licensee or his or her employees discover that a deadly weapon which has been recorded as being in his or her possession has been misplaced, lost, or stolen, or in any other way missing, the licensee or his or her manager shall mail or deliver to any local law enforcement agency who has jurisdiction, a written report concerning the incident. The report shall describe fully the circumstances surrounding the incident, any injuries or damages incurred, the identity of all participants, and whether a police investigation was conducted.

(b) Fail to properly maintain an accurate and current record of the name, address, commencing date of employment, and position of each employee, and the date of termination of employment when an employee is terminated.

(c) Fail to properly maintain an accurate and current record of proof of completion by each employee of the licensee of the course of training in the exercise of the power to arrest as required by Section 7583.5.

(d) Fail to certify an employee's completion of the course of training in the exercise of the power to arrest prior to placing the employee at a duty station.

(e) Fail to certify proof of current and valid registration for each employee who is subject to registration or fail to comply with the provisions of Section 7583.11 if employing an individual who does not possess a current and valid registration from the bureau.

(f) Fail to certify within three business days after assigning an employee to work with a temporary registration card that the employee has submitted fingerprint cards as required by Section 7583.9.

(g) Permit any employee to carry a firearm or other deadly weapon without first ascertaining that the employee is proficient in the use of each weapon to be carried. With respect to firearms, evidence of proficiency shall include a certificate from a firearm training facility approved by the director certifying that the employee is proficient in the use of that specified caliber of firearm and a current and valid firearm qualification permit issued by the department. With respect to other deadly weapons, evidence of proficiency shall include a certificate from a training facility approved by the director certifying that the employee is proficient in the use of that particular deadly weapon.

For the purposes of this subdivision, a report shall be required only for physical altercations that result in any of the following: (1) the arrest of a security guard, (2) the filing of a police report by a member of the public, (3) injury on the part of a member of the public that requires medical attention, or (4) the discharge, suspension, or reprimand of a security guard by his or her employer. The report shall include, but not be limited to, a description of any injuries or damages incurred, the identity of all participants, and whether a police investigation was conducted. Any report may be investigated by the director to determine if any disciplinary action is necessary.

(i) Fail to notify the bureau in writing and within 30 days that a manager previously qualified pursuant to this chapter is no longer connected with the licensee.

SEC. 2. Section 7583.9 of the Business and Professions Code is amended to read:

7583.9. (a) Upon accepting employment by a private patrol operator, any employee who performs the function of a security guard or security patrolperson who is not currently registered with the bureau, shall complete an application for registration on a form as prescribed by

the director, and obtain two classifiable fingerprint cards for submission to the Department of Justice. The Department of Justice shall forward one classifiable fingerprint card to the Federal Bureau of Investigation for purposes of a background check. The applicant shall submit the application and registration fee to the bureau on or before the same business day that he or she is assigned to work as a security guard or security patrolperson performing any of the functions set forth in subdivision (a) of Section 7582.1. If the applicant is assigned to work on a Saturday, Sunday, or on a federal holiday, the applicant may submit the application and registration fee to the bureau on the first business day immediately following the Saturday, Sunday, or federal holiday. The applicant shall submit the fingerprints to the bureau within three business days after being assigned to work with a temporary registration card.

(b) If a private patrol operator pays the application fee on behalf of the applicant, nothing in this section shall preclude the private patrol operator from withholding the amount of the fee from the applicant's compensation.

(c) The licensee shall maintain supplies of applications and fingerprint cards that shall be provided by the bureau upon request.

(d) In lieu of classifiable fingerprint cards provided for in this section, the bureau may authorize applicants to submit their fingerprints into an electronic fingerprinting system administered by the Department of Justice. Applicants who submit their fingerprints by electronic means shall have their fingerprints entered into the system through a terminal operated by a law enforcement agency or other facility authorized by the Department of Justice to conduct electronic fingerprinting. The enforcement agency responsible for operating the terminal may charge a fee sufficient to reimburse it for the costs incurred in providing this service.

(e) Upon receipt of an applicant's electronic fingerprints as provided in this section, the Department of Justice shall determine whether the applicant has been convicted of any crime and forward the information to the bureau.

(f) The requirement of submission of fingerprint cards to the Federal Bureau of Investigation shall not apply to currently employed, full-time peace officers holding peace officer status under Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, or to level I or level II reserve officers as described in paragraphs (1) and (2) of subdivision (a) of Section 832.6 of the Penal Code.

(g) In addition to the amount authorized pursuant to Section 7570.1, the bureau may impose an additional fee not to exceed three dollars ($3) for processing classifiable fingerprint cards submitted by applicants

excluding those submitted into an electronic fingerprint system using electronic fingerprint technology.

(h) An employee shall, on the first day of employment, display to the client his or her registration card if it is feasible and practical to comply with this disclosure requirement. The employee shall thereafter display to the client his or her registration card upon the request of the client.

(i) ''Submit,'' as used in subdivision (a), means any of the following:

(1) To ensure that the application and registration fee have been received by the bureau on or before the business day that the employee is assigned to work.

(2) To ensure that the application and registration fee either have been mailed to the bureau and officially postmarked with a date on or before the employee is assigned to work or have been deposited with a carrier performing overnight delivery services on or before the business day that the employee is assigned to work.

(3) To ensure, if the applicant is assigned to work on a Saturday, Sunday, or on a federal holiday, that the application and registration fee either have been mailed to the bureau and officially postmarked with a date on the first business day immediately following that Saturday, Sunday, or federal holiday or have been deposited with a carrier performing overnight delivery services on the first business day immediately following that Saturday, Sunday, or federal holiday.

SEC. 3. Section 7583.11 of the Business and Professions Code is amended to read:

7583.11. (a) Except as provided in subdivision (b), an employee of a licensee may be assigned to work with a temporary registration card that indicates completion of the course in the exercise of the power to arrest until the bureau issues a registration card or denies the application for registration. However, a licensee shall not assign an employee to work with a temporary registration card unless the licensee submits the employee's application and registration fee to the bureau on or before the same business day that the employee is assigned to work as a security guard or security patrolperson performing any of the functions set forth in subdivision (a) of Section 7582.1. If a licensee assigns an employee to work with a temporary registration card on a Saturday, Sunday, or on a federal holiday, the licensee may submit the employee's application and registration fee to the bureau on the first business day immediately following the Saturday, Sunday, or federal holiday. A temporary registration card shall in no event be valid for more than 120 days. However, the director may extend the expiration date beyond the 120 days at any time when there is an abnormal delay in processing applications for prospective security guards. For purposes of this section, the 120-day period shall commence on the date the applicant signs the application.

(b) An employee who has been convicted of a crime prior to applying for a position as a security guard shall not be issued a temporary registration card and shall not be assigned to work as a security guard until the bureau issues a permanent registration card. This subdivision shall apply only if the applicant for registration as a security guard has disclosed the conviction to the bureau on his or her application form, or if the fact of the conviction has come to the attention of the bureau through official court or other governmental documents. In no event shall the director, the department, the bureau, the chief, or the State of California be liable for any civil damages in the event of the issuance of a temporary registration if the applicant has falsified his or her application to conceal a prior criminal conviction.

(c) A temporary registration card issued pursuant to this section shall include the name, address, and license number of the private patrol operator employer or training facility that issued the temporary registration card.

(d) An employee shall, on the first day of employment, display to the client his or her registration card or temporary registration card, when it is feasible and practical to comply with this disclosure requirement. The employee shall thereafter display to the client his or her registration card or temporary registration card upon the request of the client.

(e) ''Submit'' as used in subdivision (a), means any of the following:

(1) To ensure that the application and registration fee have been received by the bureau on or before the business day that the employee is assigned to work.

(2) To ensure that the application and registration fee either have been mailed to the bureau and officially postmarked with a date on or before the employee is assigned to work or have been deposited with a carrier performing overnight delivery services on or before the business day that the employee is assigned to work.

(3) To ensure, if the applicant is assigned to work on a Saturday, Sunday, or on a federal holiday, that the application and registration fee either have been mailed to the bureau and officially postmarked with a date on the first business day immediately following that Saturday, Sunday, or federal holiday or have been deposited with a carrier performing overnight delivery services on the first business day immediately following that Saturday, Sunday, or federal holiday.

(f) This section shall become inoperative on June 30, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 4. Section 7587.8 of the Business and Professions Code is amended to read:

7587.8. The director may assess fines for the following acts pursuant to Article 4 (commencing with Section 7583) only as follows:

(a) Violation of subdivisions (a), (b), and (c) of Section 7583.2; twenty-five dollars ($25) per violation.

(b) Violation of subdivisions (h) and (i) of Section 7583.2; twenty-five dollars ($25) for the first violation and one hundred dollars ($100) per violation for each violation thereafter.

(c) Violation of subdivision (d) of Section 7583.2; one hundred dollars ($100) per violation.

(d) Violation of subdivision (g) of Section 7583.2; two hundred fifty dollars ($250) per violation.

(e) Violation of subdivision (f) of Section 7583.2; two thousand five hundred dollars ($2,500) per violation, notwithstanding any other provision of law.

SEC. 5. Section 7587.15 is added to the Business and Professions Code, to read:

7587.15. Notwithstanding any other provision of law, the director may assess a fine of up to five thousand dollars ($5,000) per violation against any licensee for a failure to comply with subdivision (e) of Section 7583.2 or Section 7583.11. In addition, the director may deny, suspend, or revoke a license issued under this chapter for a failure to comply with Section 7583.11.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 684

An act to amend Section 13591.4 of the Penal Code, relating to peace officer training.

[Approved by Governor September 24, 2000. Filed with Secretary of State September 26, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 13519.4 of the Penal Code is amended to read:

13519.4. (a) On or before August 1, 1993, the commission shall develop and disseminate guidelines and training for all law enforcement officers in California as described in subdivision (a) of Section 13510 and who adhere to the standards approved by the commission, on the racial and cultural differences among the residents of this state. The course or courses of instruction and the guidelines shall stress understanding and respect for racial and cultural differences, and development of effective, noncombative methods of carrying out law enforcement duties in a racially and culturally diverse environment.

(b) The course of basic training for law enforcement officers shall, no later than August 1, 1993, include adequate instruction on racial and cultural diversity in order to foster mutual respect and cooperation between law enforcement and members of all racial and cultural groups. In developing the training, the commission shall consult with appropriate groups and individuals having an interest and expertise in the field of cultural awareness and diversity.

(c) For the purposes of this section, ''culturally diverse'' and ''cultural diversity'' include, but are not limited to, gender and sexual orientation issues. The Legislature finds and declares as follows:

(1) Racial profiling is a practice that presents a great danger to the fundamental principals of a democratic society. It is abhorrent and cannot be tolerated.

(2) Motorists who have been stopped by the police for no reason other than the color of their skin or their apparent nationality or ethnicity are the victims of discriminatory practices.

(3) It is the intent of the Legislature in enacting the changes to Section 13519.4 of the Penal Code made by the act that added this subdivision that more than additional training is required to address the pernicious practice of racial profiling and that enactment of this bill is in no way dispositive of the issue of how the state should deal with racial profiling.

(4) The working men and women in California law enforcement risk their lives every day. The people of California greatly appreciate the hard work and dedication of law enforcement officers in protecting public safety. The good name of these officers should not be tarnished by the actions of those few who commit discriminatory practices.

(d) ''Racial profiling,'' for purposes of this section, is the practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped.

(e) A law enforcement officer shall not engage in racial profiling.

(f) Every law enforcement officer in this state shall participate in expanded training as prescribed and certified by the Commission on Peace Officers Standards and Training. Training shall begin being offered no later than January 1, 2002. The curriculum shall be created by

the commission in collaboration with a five-person panel, appointed no later than March 1, 2001, as follows: the Governor shall appoint three members and one member each shall be appointed by the Senate Committee on Rules and the Speaker of the Assembly. Each appointee shall be appointed from among prominent members of the following organizations:

(1) State Conference of the NAACP.
(2) Brotherhood Crusade.
(3) Mexican American Legal Defense and Education Fund.
(4) The League of United Latin American Citizens.
(5) American Civil Liberties Union.
(6) Anti-Defamation League.
(7) California NOW.
(8) Asian Pacific Bar of California.
(9) The Urban League.

(g) Members of the panel shall not be compensated, except for reasonable per diem expenses related to their work for panel purposes.

(h) The curriculum shall utilize the Tools for Tolerance for Law Enforcement Professionals framework and shall include and examine the patterns, practices, and protocols that make up racial profiling. This training shall prescribe patterns, practices, and protocols that prevent racial profiling. In developing the training, the commission shall consult with appropriate groups and individuals having an interest and expertise in the field of racial profiling. The course of instruction shall include, but not be limited to, adequate consideration of each of the following subjects:

(1) Identification of key indices and perspectives that make up cultural differences among residents in a local community.

(2) Negative impact of biases, prejudices, and stereotyping on effective law enforcement, including examination of how historical perceptions of discriminatory enforcement practices have harmed police-community relations.

(3) The history and the role of the civil rights movement and struggles and their impact on law enforcement.

(4) Specific obligations of officers in preventing, reporting, and responding to discriminatory or biased practices by fellow officers.

(5) Perspectives of diverse, local constituency groups and experts on particular cultural and police-community relations issues in a local area.

(i) Once the initial basic training is completed, each law enforcement officer in California as described in subdivision (a) of Section 13510 who adheres to the standards approved by the commission shall be required to complete a refresher course every five years thereafter, or on a more frequent basis if deemed necessary, in order to keep current with changing racial and cultural trends.

(j) The Legislative Analyst shall conduct a study of the data being voluntarily collected by those jurisdictions that have instituted a program of data collection with regard to racial profiling, including, but not limited to, the California Highway Patrol, the City of San Jose, and the City of San Diego, both to ascertain the incidence of racial profiling and whether data collection serves to address and prevent such practices, as well as to assess the value and efficacy of the training herein prescribed with respect to preventing local profiling. The Legislative Analyst may prescribe the manner in which the data is to be submitted and may request that police agencies collecting such data submit it in the requested manner. The Legislative Analyst shall provide to the Legislature a report and recommendations with regard to racial profiling by July 1, 2002.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 685

An act to add Section 17155.5 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 17155.5 is added to the Revenue and Taxation Code, to read:

17155.5. Gross income does not include any amount received as reparation payments paid by the German Foundation known as Remembrance, Responsibility, and the Future, or any other source of humanitarian reparations made for purposes of redressing the injustice done to persons who were required to perform slave or forced labor during World War II.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 686

An act to amend Section 5205.5 of the Vehicle Code, relating to transportation.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 5205.5 of the Vehicle Code is amended to read:

5205.5. (a) For the purposes of implementing Section 21655.9, beginning July 1, 2000, and through December 31, 2003, the department, in consultation with the Department of the California Highway Patrol, shall make available for issuance, for a fee determined by the department to be sufficient to reimburse the department for actual costs incurred pursuant to this section, distinctive decals, labels, or other identifiers for vehicles that meet California's ultra-low emission vehicle (ULEV) standard for exhaust emissions and the federal ILEV evaporative emission standard, as defined in Part 88 (commencing with Section 88.101-94) of Title 40 of the Code of Federal Regulations, in a manner that clearly distinguishes them from other vehicles.

(b) For the purposes of implementing Section 21655.9, beginning January 1, 2004, and through December 31, 2007, the department shall make available for issuance, for a fee determined by the department to be sufficient to reimburse the department for actual costs incurred pursuant to this section, distinctive decals, labels, and other identifiers for vehicles that meet California's super ultra-low emission vehicle (SULEV) standard for exhaust emissions and the federal inherently low-emission vehicle (ILEV) evaporative emission standard, as defined in Part 88 (commencing with Section 88.101-94) of Title 40 of the Code of Federal Regulations, in a manner that clearly distinguishes them from other vehicles.

(c) The department shall include a summary of the provisions of this section on each motor vehicle registration renewal notice, or on a separate insert, if space is available and the summary can be included without incurring additional printing or postage costs.

(d) The Governor may remove individual high-occupancy vehicle (HOV) lanes, or portions of those lanes, during periods of peak

congestion from the ILEV access provisions provided in subdivisions (a) and (b), following a finding by the Department of Transportation as follows:

(1) The lane, or portion thereof, exceeds a level of service C, as discussed in subdivision (b) of Section 65089 of the Government Code.

(2) The operation or projected operation of the vehicles described in subdivisions (a) and (b) in these lanes, or portions thereof, will significantly increase congestion.

The finding also shall demonstrate the infeasibility of alleviating the congestion by other means, including, but not limited to, reducing the use of the lane by noneligible vehicles, further increasing vehicle occupancy, or adding additional capacity.

(e) For purposes of subdivisions (a) and (b), the Department of the California Highway Patrol shall design and specify the placement of the decal, label, or other identifier on the vehicle. Each decal, label, or other identifier issued for a vehicle shall display a unique number, which number shall be printed on, or affixed to, the vehicle registration.

(f) If the Metropolitan Transportation Commission, serving as the Bay Area Toll Authority, grants toll-free and reduced-rate passage on toll bridges under its jurisdiction to any vehicle pursuant to Section 30101.8 of the Streets and Highways Code, it shall also grant the same toll-free and reduced-rate passage to vehicles displaying a valid ULEV or SULEV identifier issued by the department pursuant to subdivisions (a) and (b).

(g) This section shall remain in effect only until January 1, 2008, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2008, deletes or extends that date.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(g) Except as provided in subdivisions (h) and (i), each city, county, or city and county shall submit copies of its second and fourth quarter reports to the California Debt and Investment Advisory Commission within 60 days after the close of the second and fourth quarters of each calendar year. Any city, county, or city and county not required to submit a report pursuant to subdivision (h) or (i) shall file with the commission a certification within 60 days of the end of the second and fourth quarters of the calendar year stating the distribution and amount of its investment portfolio and that it is therefore not subject to this reporting requirement. This subdivision shall become inoperative on January 1, 2007.

(h) A city shall not be required to submit a quarterly report to the commission if, during the entire reporting period, the city has maintained 100 percent of its investment portfolio in (1) the treasury of the county in which it is located for investment by the county treasurer pursuant to Section 53684, (2) the Local Agency Investment Fund created by Section 16429.1, (3) National Credit Union Share Insurance Fund-insured accounts in a credit union, in accounts insured or guaranteed pursuant to Section 14858 of the Financial Code, or in Federal Deposit Insurance Corporation-insured accounts in a bank or savings and loan association, or (4) in any combination of these.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1788.17 of the Civil Code is amended to read:

1788.17. Notwithstanding any other provision of this title, every debt collector collecting or attempting to collect a consumer debt shall comply with the provisions of Sections 1692b to 1692j, inclusive, of, and shall be subject to the remedies in Section 1692k of, Title 15 of the United States Code. However, subsection (11) of Section 1692e and Section 1692g shall not apply to any person specified in paragraphs (A) and (B) of subsection (6) of Section 1692a of Title 15 of the United States Code or that person's principal. The references to federal codes in this section refer to those codes as they read January 1, 2001.

SEC. 2. Section 403 of the Code of Civil Procedure is amended to read:

403. A judge may, on motion, transfer an action or actions from another court to that judge's court for coordination with an action involving a common question of fact or law within the meaning of Section 404. The motion shall be supported by a declaration stating facts showing that the actions meet the standards specified in Section 404.1, are not complex as defined by the Judicial Council and that the moving party has made a good faith effort to obtain agreement to the transfer from all parties to each action. Notice of the motion shall be served on all parties to each action and on each court in which an action is pending. Any party to that action may file papers opposing the motion within the time permitted by rule of the Judicial Council. The court to which a case is transferred may order the cases consolidated for trial pursuant to Section 1048 without any further motion or hearing.

If the cases are pending in different courts of the same county, the judge who grants the motion to transfer may also order the cases consolidated for trial in the receiving court.

The Judicial Council may adopt rules to implement this section, including rules prescribing procedures for preventing duplicative or conflicting transfer orders issued by different courts.

SEC. 3. Section 404 of the Code of Civil Procedure is amended to read:

404. When civil actions sharing a common question of fact or law are pending in different courts, a petition for coordination may be submitted to the Chairperson of the Judicial Council, by the presiding judge of any such court, or by any party to one of the actions after obtaining permission from the presiding judge, or by all of the parties plaintiff or defendant in any such action. A petition for coordination, or a motion for permission to submit a petition, shall be supported by a declaration stating facts showing that the actions are complex, as defined by the Judicial Council and that the actions meet the standards specified in Section 404.1. On receipt of a petition for coordination, the Chairperson of the Judicial Council may assign a judge to determine whether the actions are complex, and if so, whether coordination of the actions is appropriate, or the Chairperson of the Judicial Council may authorize the presiding judge of a court to assign the matter to judicial officers of the court to make the determination in the same manner as assignments are made in other civil cases.

Notwithstanding any other provision of law, when civil actions sharing a common question of fact or law are pending in a superior court and in a municipal court of the same county, the superior court may, on the motion of any party supported by an affidavit stating facts showing that the actions meet the standards specified in Section 404.1, order transfer from the municipal court and consolidation of the actions in the superior court.

SEC. 4. Section 527 of the Code of Civil Procedure is amended to read:

527. (a) A preliminary injunction may be granted at any time before judgment upon a verified complaint, or upon affidavits if the complaint in the one case, or the affidavits in the other, show satisfactorily that sufficient grounds exist therefor. No preliminary injunction shall be granted without notice to the opposing party.

(b) A temporary restraining order or a preliminary injunction, or both, may be granted in a class action, in which one or more of the parties sues or defends for the benefit of numerous parties upon the same grounds as in other actions, whether or not the class has been certified.

(c) No temporary restraining order shall be granted without notice to the opposing party, unless both of the following requirements are satisfied:

(1) It appears from facts shown by affidavit or by the verified complaint that great or irreparable injury will result to the applicant before the matter can be heard on notice.

(2) The applicant or the applicant's attorney certifies one of the following to the court under oath:

(A) That within a reasonable time prior to the application the applicant informed the opposing party or the opposing party's attorney at what time and where the application would be made.

(B) That the applicant in good faith attempted but was unable to inform the opposing party and the opposing party's attorney, specifying the efforts made to contact them.

(C) That for reasons specified the applicant should not be required to so inform the opposing party or the opposing party's attorney.

(d) In case a temporary restraining order is granted without notice in the contingency specified in subdivision (c):

(1) The matter shall be made returnable on an order requiring cause to be shown why a preliminary injunction should not be granted, on the earliest day that the business of the court will admit of, but not later than 15 days or, if good cause appears to the court, 22 days from the date the temporary restraining order is issued.

(2) The party who obtained the temporary restraining order shall, within five days from the date the temporary restraining order is issued or two days prior to the hearing, whichever is earlier, serve on the opposing party a copy of the complaint if not previously served, the order to show cause stating the date, time, and place of the hearing, any affidavits to be used in the application, and a copy of the points and authorities in support of the application. The court may for good cause, on motion of the applicant or on its own motion, shorten the time required by this paragraph for service on the opposing party.

(3) When the matter first comes up for hearing, if the party who obtained the temporary restraining order is not ready to proceed, or if the party has failed to effect service as required by paragraph (2), the court shall dissolve the temporary restraining order.

(4) The opposing party is entitled to one continuance for a reasonable period of not less than 15 days or any shorter period requested by the opposing party, to enable the opposing party to meet the application for a preliminary injunction. If the opposing party obtains a continuance under this paragraph, the temporary restraining order shall remain in effect until the date of the continued hearing.

(5) Upon the filing of an affidavit by the applicant that the opposing party could not be served within the time required by paragraph (2), the court may reissue any temporary restraining order previously issued. The reissued order shall be made returnable as provided by paragraph

(1), with the time for hearing measured from the date of reissuance. No fee shall be charged for reissuing the order.

(e) The opposing party may, in response to an order to show cause, present affidavits relating to the granting of the preliminary injunction, and if the affidavits are served on the applicant at least two days prior to the hearing, the applicant shall not be entitled to any continuance on account thereof. On the day the order is made returnable, the hearing shall take precedence over all other matters on the calendar of the day, except older matters of the same character, and matters to which special precedence may be given by law. When the cause is at issue it shall be set for trial at the earliest possible date and shall take precedence over all other cases, except older matters of the same character, and matters to which special precedence may be given by law.

(f) Notwithstanding failure to satisfy the time requirements of this section, the court may nonetheless hear the order to show cause why a preliminary injunction should not be granted if the moving and supporting papers are served within the time required by Section 1005 and one of the following conditions is satisfied:

(1) The order to show cause is issued without a temporary restraining order.

(2) The order to show cause is issued with a temporary restraining order, but is either not set for hearing within the time required by paragraph (1) of subdivision (d), or the party who obtained the temporary restraining order fails to effect service within the time required by paragraph (2) of subdivision (d).

(g) This section does not apply to an order issued under the Family Code.

(h) As used in this section:

(1) ''Complaint'' means a complaint or a cross-complaint.

(2) ''Court'' means the court in which the action is pending.

SEC. 5. Section 527.6 of the Code of Civil Procedure is amended to read:

527.6. (a) A person who has suffered harassment as defined in subdivision (b) may seek a temporary restraining order and an injunction prohibiting harassment as provided in this section.

(b) For the purposes of this section, ''harassment'' is unlawful violence, a credible threat of violence, or a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, or harasses the person, and that serves no legitimate purpose. The course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the plaintiff.

As used in this subdivision:

(1) ''Unlawful violence'' is any assault or battery, or stalking as prohibited in Section 646.9 of the Penal Code, but shall not include lawful acts of self-defense or defense of others.

(2) ''Credible threat of violence'' is a knowing and willful statement or course of conduct that would place a reasonable person in fear for his or her safety, or the safety of his or her immediate family, and that serves no legitimate purpose.

(3) ''Course of conduct'' is a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose, including following or stalking an individual, making harassing telephone calls to an individual, or sending harassing correspondence to an individual by any means, including, but not limited to, the use of public or private mails, interoffice mail, fax, or computer e-mail. Constitutionally protected activity is not included within the meaning of ''course of conduct.''

(c) Upon filing a petition for an injunction under this section, the plaintiff may obtain a temporary restraining order in accordance with Section 527, except to the extent this section provides a rule that is inconsistent. A temporary restraining order may be issued with or without notice upon an affidavit that, to the satisfaction of the court, shows reasonable proof of harassment of the plaintiff by the defendant, and that great or irreparable harm would result to the plaintiff. In the discretion of the court, and on a showing of good cause, a temporary restraining order issued under this section may include other named family or household members who reside with the plaintiff. A temporary restraining order issued under this section shall remain in effect, at the court's discretion, for a period not to exceed 15 days, or, if the court extends the time for hearing under subdivision (d), not to exceed 22 days, unless otherwise modified or terminated by the court.

(d) Within 15 days, or, if good cause appears to the court, 22 days from the date the temporary restraining order is issued, a hearing shall be held on the petition for the injunction. The defendant may file a response that explains, excuses, justifies, or denies the alleged harassment or may file a cross-complaint under this section. At the hearing, the judge shall receive any testimony that is relevant, and may make an independent inquiry. If the judge finds by clear and convincing evidence that unlawful harassment exists, an injunction shall issue prohibiting the harassment. An injunction issued pursuant to this section shall have a duration of not more than three years. At any time within the three months before the expiration of the injunction, the plaintiff may apply for a renewal of the injunction by filing a new petition for an injunction under this section.

(e) Nothing in this section shall preclude either party from representation by private counsel or from appearing on the party's own behalf.

(f) In a proceeding under this section where there are allegations or threats of domestic violence, a support person may accompany a party in court and, where the party is not represented by an attorney, may sit with the party at the table that is generally reserved for the party and the party's attorney. The support person is present to provide moral and emotional support for a person who alleges he or she is a victim of domestic violence. The support person is not present as a legal adviser and shall not give legal advice. The support person shall assist the person who alleges he or she is a victim of domestic violence in feeling more confident that he or she will not be injured or threatened by the other party during the proceedings where the person who alleges he or she is a victim of domestic violence and the other party must be present in close proximity. Nothing in this subdivision precludes the court from exercising its discretion to remove the support person from the courtroom if the court believes the support person is prompting, swaying, or influencing the party assisted by the support person.

(g) Upon filing of a petition for an injunction under this section, the defendant shall be personally served with a copy of the petition, temporary restraining order, if any, and notice of hearing of the petition. Service shall be made at least five days before the hearing. The court may for good cause, on motion of the plaintiff or on its own motion, shorten the time for service on the defendant.

(h) The court shall order the plaintiff or the attorney for the plaintiff to deliver a copy of each temporary restraining order or injunction, or modification or termination thereof, granted under this section, by the close of the business day on which the order was granted, to the law enforcement agencies within the court's discretion as are requested by the plaintiff. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported harassment.

An order issued under this section shall, on request of the plaintiff, be served on the defendant, whether or not the defendant has been taken into custody, by any law enforcement officer who is present at the scene of reported harassment involving the parties to the proceeding. The plaintiff shall provide the officer with an endorsed copy of the order and a proof of service that the officer shall complete and send to the issuing court.

Upon receiving information at the scene of an incident of harassment that a protective order has been issued under this section, or that a person who has been taken into custody is the subject of an order, if the protected

person cannot produce a certified copy of the order, a law enforcement officer shall immediately attempt to verify the existence of the order.

If the law enforcement officer determines that a protective order has been issued, but not served, the officer shall immediately notify the defendant of the terms of the order and shall at that time also enforce the order. Verbal notice of the terms of the order shall constitute service of the order and is sufficient notice for the purposes of this section and for the purposes of Section 273.6 and subdivision (g) of Section 12021 of the Penal Code.

(i) The prevailing party in any action brought under this section may be awarded court costs and attorney's fees, if any.

(j) Any willful disobedience of any temporary restraining order or injunction granted under this section is punishable pursuant to Section 273.6 of the Penal Code.

(k) This section does not apply to any action or proceeding covered by Title 1.6C (commencing with Section 1788) of the Civil Code or by Division 10 (commencing with Section 6200) of the Family Code. Nothing in this section shall preclude a plaintiff's right to use other existing civil remedies.

(*l*) The Judicial Council shall promulgate forms and instructions therefor, and rules for service of process, scheduling of hearings, and any other matters required by this section. The petition and response forms shall be simple and concise, and their use by parties in actions brought pursuant to this section shall be mandatory.

(m) A temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(n) Information on any temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be transmitted to the Department of Justice in accordance with subdivision (b) of Section 6380 of the Family Code.

(o) There shall be no filing fee for a petition that alleges that a person has inflicted or threatened violence against the petitioner, or stalked the petitioner, or acted or spoke in any other manner that has placed the petitioner in reasonable fear of violence, and that seeks a protective or restraining order or injunction restraining stalking or future violence or threats of violence, in any action brought pursuant to this section. No fee shall be paid for filing a response to a petition alleging these acts.

SEC. 6. Section 527.8 of the Code of Civil Procedure is amended to read:

527.8. (a) Any employer, whose employee has suffered unlawful violence or a credible threat of violence from any individual, that can reasonably be construed to be carried out or to have been carried out at the workplace, may seek a temporary restraining order and an injunction on behalf of the employee prohibiting further unlawful violence or threats of violence by that individual.

(b) For the purposes of this section:

(1) ''Unlawful violence'' is any assault or battery, or stalking as prohibited in Section 646.9 of the Penal Code, but shall not include lawful acts of self-defense or defense of others.

(2) ''Credible threat of violence'' is a knowing and willful statement or course of conduct that would place a reasonable person in fear for his or her safety, or the safety of his or her immediate family, and that serves no legitimate purpose.

(3) ''Course of conduct'' is a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose, including following or stalking an employee to or from the place of work; entering the workplace; following an employee during hours of employment; making telephone calls to an employee; or sending correspondence to an employee by any means, including, but not limited to, the use of the public or private mails, interoffice mail, fax, or computer e-mail.

(c) Nothing in this section shall be construed to permit a court to issue a temporary restraining order or injunction prohibiting speech or other activities that are constitutionally protected, or otherwise protected by Section 527.3 or any other provision of law.

(d) For purposes of this section, the terms ''employer'' and ''employee'' mean persons defined in Section 350 of the Labor Code. The term ''employer'' also includes a federal agency, the state, a state agency, a city, county, or district, and a private, public, or quasi-public corporation, or any public agency thereof or therein. The term ''employee'' also includes the members of boards of directors of private, public, and quasi-public corporations and elected and appointed public officers. For purposes of this section only, the term ''employee'' also includes a volunteer or independent contractor who performs services for the employer at the employer's worksite.

(e) Upon filing a petition for an injunction under this section, the plaintiff may obtain a temporary restraining order in accordance with subdivision (a) of Section 527, if the plaintiff also files an affidavit that, to the satisfaction of the court, shows reasonable proof that an employee has suffered unlawful violence or a credible threat of violence by the defendant, and that great or irreparable harm would result to an

employee. In the discretion of the court, and on a showing of good cause, a temporary restraining order issued under this section may include other named family or household members who reside with the employee.

A temporary restraining order granted under this section shall remain in effect, at the court's discretion, for a period not to exceed 15 days, unless otherwise modified or terminated by the court.

(f) Within 15 days of the filing of the petition, a hearing shall be held on the petition for the injunction. The defendant may file a response that explains, excuses, justifies, or denies the alleged unlawful violence or credible threats of violence or may file a cross-complaint under this section. At the hearing, the judge shall receive any testimony that is relevant and may make an independent inquiry. Moreover, if the defendant is a current employee of the entity requesting the injunction, the judge shall receive evidence concerning the employer's decision to retain, terminate, or otherwise discipline the defendant. If the judge finds by clear and convincing evidence that the defendant engaged in unlawful violence or made a credible threat of violence, an injunction shall issue prohibiting further unlawful violence or threats of violence. An injunction issued pursuant to this section shall have a duration of not more than three years. At any time within the three months before the expiration of the injunction, the plaintiff may apply for a renewal of the injunction by filing a new petition for an injunction under this section.

(g) Nothing in this section shall preclude either party from representation by private counsel or from appearing on his or her own behalf.

(h) Upon filing of a petition for an injunction under this section, the defendant shall be personally served with a copy of the petition, temporary restraining order, if any, and notice of hearing of the petition. Service shall be made at least five days before the hearing. The court may, for good cause, on motion of the plaintiff or on its own motion, shorten the time for service on the defendant.

(i) The court shall order the plaintiff or the attorney for the plaintiff to deliver a copy of each temporary restraining order or injunction, or modification or termination thereof, granted under this section, by the close of the business day on which the order was granted, to the law enforcement agencies within the court's discretion as are requested by the plaintiff. Each appropriate law enforcement agency shall make available information as to the existence and current status of these orders to law enforcement officers responding to the scene of reported unlawful violence or a credible threat of violence.

(j) Any intentional disobedience of any temporary restraining order or injunction granted under this section is punishable pursuant to Section 273.6 of the Penal Code.

(k) Nothing in this section shall be construed as expanding, diminishing, altering, or modifying the duty, if any, of an employer to provide a safe workplace for employees and other persons.

(*l*) The Judicial Council shall develop forms, instructions, and rules for scheduling of hearings and other procedures established pursuant to this section. The forms for the petition and response shall be simple and concise, and their use by parties in actions brought pursuant to this section shall be mandatory.

(m) A temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be issued on forms adopted by the Judicial Council of California and that have been approved by the Department of Justice pursuant to subdivision (i) of Section 6380 of the Family Code. However, the fact that an order issued by a court pursuant to this section was not issued on forms adopted by the Judicial Council and approved by the Department of Justice shall not, in and of itself, make the order unenforceable.

(n) Information on any temporary restraining order or injunction relating to harassment or domestic violence issued by a court pursuant to this section shall be transmitted to the Department of Justice in accordance with subdivision (b) of Section 6380 of the Family Code.

(o) There shall be no filing fee for a petition that alleges that a person has inflicted or threatened violence against an employee of the petitioner, or stalked the employee, or acted or spoke in any other manner that has placed the employee in reasonable fear of violence, and that seeks protective or restraining orders or injunctions restraining stalking or future violence or threats of violence, in any action brought pursuant to this section. No fee shall be paid for filing a response to a petition alleging these acts.

SEC. 7. Section 871.3 of the Code of Civil Procedure is amended to read:

871.3. (a) An action for relief under this chapter shall be treated as an unlimited civil case, regardless of the amount in controversy and regardless of whether a defendant cross-complains for relief under this chapter. Any other case in which a defendant cross-complains for relief under this chapter shall be treated as a limited civil case if the cross-complaint is defensive and the case otherwise satisfies the amount in controversy and other requirements of Section 85.

(b) In every case, the burden is on the good faith improver to establish that the good faith improver is entitled to relief under this chapter, and the degree of negligence of the good faith improver should be taken into account by the court in determining whether the improver acted in good faith and in determining the relief, if any, that is consistent with

substantial justice to the parties under the circumstances of the particular case.

SEC. 8. Section 1277 of the Code of Civil Procedure is amended to read:

1277. (a) Where an action for a change of name is commenced by the filing of a petition, the court shall thereupon make an order reciting the filing of the petition, the name of the person by whom it is filed and the name proposed, and directing all persons interested in the matter to appear before the court at a time and place specified, which shall be not less than four or more than eight weeks from the time of making the order, to show cause why the application for change of name should not be granted. A copy of the order to show cause shall be published pursuant to Section 6064 of the Government Code in a newspaper of general circulation to be designated in the order published in the county. If no newspaper of general circulation is published in the county, a copy of the order to show cause shall be posted by the clerk of the court in three of the most public places in the county in which the court is located, for a like period. Proof shall be made to the satisfaction of the court of this publication or posting, at the time of the hearing of the application.

Four weekly publications shall be sufficient publication of the order to show cause. If the order is published in a daily newspaper, publication once a week for four successive weeks shall be sufficient.

Where a petition has been filed for a minor and the other parent, if living, does not join in consenting thereto, the petitioner shall cause, not less than 30 days prior to the hearing, to be served notice of the time and place of the hearing or a copy of the order to show cause on the other parent pursuant to Section 413.10, 414.10, 415.10, or 415.40.

(b) An action for a change of name for a witness participating in the state Witness Protection Program established by Title 7.5 (commencing with Section 14020) of Part 4 of the Penal Code who has been approved for the change of name by the program is exempt from the requirement for publication of the order to show cause under subdivision (a).

(c) Where application for change of name is brought as part of an action under the Uniform Parentage Act (Part 3 (commencing with Section 7600) of Division 12 of the Family Code), whether as part of a petition or cross-complaint or as a separate order to show cause in a pending action thereunder, service of the application shall be made upon all other parties to the action in a like manner as prescribed for the service of a summons, as is set forth in Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2. Upon the setting of a hearing on the issue, notice of the hearing shall be given to all parties in the action in a like manner and within the time limits prescribed generally for the type of hearing (whether trial or order to show cause) at which the issue of the change of name is to be decided.

SEC. 8.2. Section 1277 of the Code of Civil Procedure is amended to read:

1277. (a) Where an action for a change of name is commenced by the filing of a petition, except as provided in subdivisions (b) and (c), the court shall thereupon make an order reciting the filing of the petition, the name of the person by whom it is filed and the name proposed, and directing all persons interested in the matter to appear before the court at a time and place specified, which shall be not less than four or more than eight weeks from the time of making the order, to show cause why the application for change of name should not be granted. A copy of the order to show cause shall be published pursuant to Section 6064 of the Government Code in a newspaper of general circulation to be designated in the order published in the county. If no newspaper of general circulation is published in the county, a copy of the order to show cause shall be posted by the clerk of the court in three of the most public places in the county in which the court is located, for a like period. Proof shall be made to the satisfaction of the court of this publication or posting, at the time of the hearing of the application.

Four weekly publications shall be sufficient publication of the order to show cause. If the order is published in a daily newspaper, publication once a week for four successive weeks shall be sufficient.

Where a petition has been filed for a minor by a parent and the other parent, if living, does not join in consenting thereto, the petitioner shall cause, not less than 30 days prior to the hearing, to be served notice of the time and place of the hearing or a copy of the order to show cause on the other parent pursuant to Section 413.10, 414.10, 415.10, or 415.40.

(b) Where the petition for a change of name alleges that the reason for the petition is to avoid domestic violence, as defined in Section 6211 of the Family Code, and the petitioner is a participant in the address confidentiality program created pursuant to Chapter 3.1 (commencing with Section 6205) of Division 7 of Title 1 of the Government Code, the petition, the order of the court, and the copy published pursuant to subdivision (a) shall, in lieu of reciting the proposed name, indicate that the proposed name is confidential and will be on file with the Secretary of State pursuant to the provisions of the address confidentiality program.

(c) An action for a change of name for a witness participating in the state Witness Protection Program established by Title 7.5 (commencing with Section 14020) of Part 4 of the Penal Code who has been approved for the change of name by the program is exempt from the requirement for publication of the order to show cause under subdivision (a).

(d) Where application for change of name is brought as part of an action under the Uniform Parentage Act (Part 3 (commencing with Section 7600) of Division 12 of the Family Code), whether as part of a

petition or cross-complaint or as a separate order to show cause in a pending action thereunder, service of the application shall be made upon all other parties to the action in a like manner as prescribed for the service of a summons, as is set forth in Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2. Upon the setting of a hearing on the issue, notice of the hearing shall be given to all parties in the action in a like manner and within the time limits prescribed generally for the type of hearing (whether trial or order to show cause) at which the issue of the change of name is to be decided.

SEC. 8.3. Section 1277 of the Code of Civil Procedure is amended to read:

1277. (a) Where an action for a change of name is commenced by the filing of a petition, except as provided in subdivisions (b) and (c), the court shall thereupon make an order reciting the filing of the petition, the name of the person by whom it is filed and the name proposed, and directing all persons interested in the matter to appear before the court at a time and place specified, which shall be not less than four or more than eight weeks from the time of making the order, to show cause why the application for change of name should not be granted. A copy of the order to show cause shall be published pursuant to Section 6064 of the Government Code in a newspaper of general circulation to be designated in the order published in the county. If no newspaper of general circulation is published in the county, a copy of the order to show cause shall be posted by the clerk of the court in three of the most public places in the county in which the court is located, for a like period. Proof shall be made to the satisfaction of the court of this publication or posting, at the time of the hearing of the application.

Where a petition has been filed for a minor by a parent and the other parent, if living, does not join in consenting thereto, the petitioner shall cause, not less than 30 days prior to the hearing, to be served notice of

the time and place of the hearing or a copy of the order to show cause on the other parent pursuant to Section 413.10, 414.10, 415.10, or 415.40.

(b) Where the petition for a change of name alleges that the reason for the petition is to avoid domestic violence, as defined in Section 6211 of the Family Code, or stalking, as defined in Section 646.9 of the Penal Code, and the petitioner is a participant in the address confidentiality program created pursuant to Chapter 3.1 (commencing with Section 6205) of Division 7 of Title 1 of the Government Code, the petition, the order of the court, and the copy published pursuant to subdivision (a) shall, in lieu of reciting the proposed name, indicate that the proposed name is confidential and will be on file with the Secretary of State pursuant to the provisions of the address confidentiality program.

(c) An action for a change of name for a witness participating in the state Witness Protection Program established by Title 7.5 (commencing with Section 14020) of Part 4 of the Penal Code who has been approved for the change of name by the program is exempt from the requirement for publication of the order to show cause under subdivision (a).

(d) Where application for change of name is brought as part of an action under the Uniform Parentage Act (Part 3 (commencing with Section 7600) of Division 12 of the Family Code), whether as part of a petition or cross-complaint or as a separate order to show cause in a pending action thereunder, service of the application shall be made upon all other parties to the action in a like manner as prescribed for the service of a summons, as is set forth in Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2. Upon the setting of a hearing on the issue, notice of the hearing shall be given to all parties in the action in a like manner and within the time limits prescribed generally for the type of hearing (whether trial or order to show cause) at which the issue of the change of name is to be decided.

(e) Where a guardian files a petition to change the name of his or her minor ward pursuant to Section 1276:

(1) The guardian shall provide notice of the hearing to any living parent of the minor by personal service at least 30 days prior to the hearing.

(2) If either or both parents are deceased or cannot be located, the guardian shall cause, not less than 30 days prior to the hearing, to be served a notice of the time and place of the hearing or a copy of the order to show cause on the child's grandparents, if living, pursuant to Section 413.10, 414.10, 415.10, or 415.40.

SEC. 9. Section 1731 of the Code of Civil Procedure is amended to read:

1731. As used in this title:

(a) ''Alternative dispute resolution process'' or ''ADR process'' means a process in which parties meet with a third party neutral to assist them in resolving their dispute outside of formal litigation.

(b) ''General civil case'' means all civil cases except probate, guardianship, conservatorship, family law (including proceedings under the Family Law Act, Uniform Parentage Act, and Uniform Child Custody Jurisdiction Act; freedom from parental custody and control proceedings; and adoption proceedings), juvenile court proceedings, small claims, and other civil petitions, as defined by the Judicial Council on the effective date of this section, including petitions for a writ of mandate or prohibition, temporary restraining orders, harassment restraining orders, domestic violence restraining orders, writs of possession, appointment of a receiver, release of property from lien, and change of name.

(c) ''Mediation'' means a process in which a neutral person or persons facilitate communication between disputants to assist them in reaching a mutually acceptable agreement.

SEC. 10. Section 1738 of the Code of Civil Procedure is amended to read:

1738. (a) All statements made by the parties during a mediation under this title shall be subject to Sections 703.5 and 1152, and Chapter 2 (commencing with Section 1115) of Division 9 of, the Evidence Code.

(b) Any reference to a mediation or the statement of nonagreement filed pursuant to Section 1739 during any subsequent trial shall constitute an irregularity in the proceedings of the trial for the purposes of Section 657.

SEC. 11. Section 2024 of the Code of Civil Procedure is amended to read:

2024. (a) Except as otherwise provided in this section, any party shall be entitled as a matter of right to complete discovery proceedings on or before the 30th day, and to have motions concerning discovery heard on or before the 15th day, before the date initially set for the trial of the action. If either of these dates falls on a Saturday, Sunday, or holiday as specified in Section 10, the last day shall be the next successive court day. As used in this section, discovery is considered completed on the day a response is due or on the day a deposition begins. Except as provided in subdivision (e), a continuance or postponement of the trial date does not operate to reopen discovery proceedings.

(b) The time limit on completing discovery in an action to be arbitrated under Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 is subject to Judicial Council Rule. After an award in a case ordered to judicial arbitration, completion of discovery is limited by Section 1141.24.

(c) This section does not apply to (1) summary proceedings for obtaining possession of real property governed by Chapter 4 (commencing with Section 1159) of Title 3 of Part 3, in which discovery shall be completed on or before the fifth day before the date set for trial except as provided in subdivisions (e) and (f), or (2) eminent domain proceedings governed by Title 7 (commencing with Section 1230.010) of Part 3.

(d) Any party shall be entitled as a matter of right to complete discovery proceedings pertaining to a witness identified under Section 2034 on or before the 15th day, and to have motions concerning that discovery heard on or before the 10th day, before the date initially set for the trial of the action.

(e) On motion of any party, the court may grant leave to complete discovery proceedings, or to have a motion concerning discovery heard, closer to the initial trial date, or to reopen discovery after a new trial date has been set. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any matter relevant to the leave requested, including, but not limited to, the following:

(1) The necessity and the reasons for the discovery.

(2) The diligence or lack of diligence of the party seeking the discovery or the hearing of a discovery motion, and the reasons that the discovery was not completed or that the discovery motion was not heard earlier.

(3) Any likelihood that permitting the discovery or hearing the discovery motion will prevent the case from going to trial on the date set, or otherwise interfere with the trial calendar, or result in prejudice to any other party.

(4) The length of time that has elapsed between any date previously set, and the date presently set, for the trial of the action.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to extend or to reopen discovery, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) Parties to the action may, with the consent of any party affected by it, enter into an agreement to extend the time for the completion of discovery proceedings or for the hearing of motions concerning discovery, or to reopen discovery after a new date for trial of the action has been set. This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date. In no event shall this

agreement require a court to grant a continuance or postponement of the trial of the action.

(g) When the last day to perform or complete any act provided for in this article falls on a Saturday, Sunday, or holiday as specified in Section 10, the time limit is extended until the next day that is not a Saturday, Sunday, or holiday.

SEC. 12. Section 2031 of the Code of Civil Procedure is amended to read:

2031. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by inspecting documents, tangible things, and land or other property that are in the possession, custody, or control of any other party to the action.

(1) A party may demand that any other party produce and permit the party making the demand, or someone acting on that party's behalf, to inspect and to copy a document that is in the possession, custody, or control of the party on whom the demand is made.

(2) A party may demand that any other party produce and permit the party making the demand, or someone acting on that party's behalf, to inspect and to photograph, test, or sample any tangible things that are in the possession, custody, or control of the party on whom the demand is made.

(3) A party may demand that any other party allow the party making the demand, or someone acting on that party's behalf, to enter on any land or other property that is in the possession, custody, or control of the party on whom the demand is made, and to inspect and to measure, survey, photograph, test, or sample the land or other property, or any designated object or operation on it.

(b) A defendant may make a demand for inspection without leave of court at any time. A plaintiff may make a demand for inspection without leave of court at any time that is 10 days after the service of the summons on, or in unlawful detainer actions within five days after service of the summons on or appearance by, the party to whom the demand is directed, whichever occurs first. However, on motion with or without notice, the court, for good cause shown, may grant leave to a plaintiff to make an inspection demand at an earlier time.

(c) A party demanding an inspection shall number each set of demands consecutively. In the first paragraph immediately below the title of the case, there shall appear the identity of the demanding party, the set number, and the identity of the responding party. Each demand in a set shall be separately set forth, identified by number or letter, and shall do all of the following:

(1) Designate the documents, tangible things, or land or other property to be inspected either by specifically describing each individual item or by reasonably particularizing each category of item.

(2) Specify a reasonable time for the inspection that is at least 30 days after service of the demand, or in unlawful detainer actions at least five days after service of the demand, unless the court for good cause shown has granted leave to specify an earlier date.

(3) Specify a reasonable place for making the inspection, copying, and performing any related activity.

(4) Specify any related activity that is being demanded in addition to an inspection and copying, as well as the manner in which that related activity will be performed, and whether that activity will permanently alter or destroy the item involved.

(d) The party demanding an inspection shall serve a copy of the inspection demand on the party to whom it is directed and on all other parties who have appeared in the action.

(e) In addition to the inspection demands permitted by this section, a party may propound a supplemental demand to inspect any later acquired or discovered documents, tangible things, or land or other property that are in the possession, custody, or control of the party on whom the demand is made (1) twice prior to the initial setting of a trial date, and (2) subject to the time limits on discovery proceedings and motions provided in Section 2024, once after the initial setting of a trial date. However, on motion, for good cause shown, the court may grant leave to a party to propound an additional number of supplemental demands for inspection.

(f) When an inspection of documents, tangible things or places has been demanded, the party to whom the demand has been directed, and any other party or affected person or organization, may promptly move for a protective order. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That all or some of the items or categories of items in the inspection demand need not be produced or made available at all.

(2) That the time specified in subdivision (i) to respond to the set of inspection demands, or to a particular item or category in the set, be extended.

(3) That the place of production be other than that specified in the inspection demand.

(4) That the inspection be made only on specified terms and conditions.

(5) That a trade secret or other confidential research, development, or commercial information not be disclosed, or be disclosed only to specified persons or only in a specified way.

(6) That the items produced be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the party to whom the demand was directed provide or permit the discovery against which protection was sought on terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(g) The party to whom an inspection demand has been directed shall respond separately to each item or category of item by a statement that the party will comply with the particular demand for inspection and any related activities, a representation that the party lacks the ability to comply with the demand for inspection of a particular item or category of item, or an objection to the particular demand.

In the first paragraph of the response immediately below the title of the case, there shall appear the identity of the responding party, the set number, and the identity of the demanding party. Each statement of compliance, each representation, and each objection in the response shall bear the same number and be in the same sequence as the corresponding item or category in the demand, but the text of that item or category need not be repeated.

(1) A statement that the party to whom an inspection demand has been directed will comply with the particular demand shall state that the production, inspection, and related activity demanded will be allowed either in whole or in part, and that all documents or things in the demanded category that are in the possession, custody, or control of that party and to which no objection is being made will be included in the production.

Any documents demanded shall either be produced as they are kept in the usual course of business, or be organized and labeled to correspond with the categories in the demand. If necessary, the responding party at the reasonable expense of the demanding party shall, through detection devices, translate any data compilations included in the demand into reasonably usable form.

(2) A representation of inability to comply with the particular demand for inspection shall affirm that a diligent search and a reasonable inquiry

has been made in an effort to comply with that demand. This statement shall also specify whether the inability to comply is because the particular item or category has never existed, has been destroyed, has been lost, misplaced, or stolen, or has never been, or is no longer, in the possession, custody, or control of the responding party. The statement shall set forth the name and address of any natural person or organization known or believed by that party to have possession, custody, or control of that item or category of item.

(3) If only part of an item or category of item in an inspection demand is objectionable, the response shall contain a statement of compliance, or a representation of inability to comply with respect to the remainder of that item or category. If the responding party objects to the demand for inspection of an item or category of item, the response shall (A) identify with particularity any document, tangible thing, or land falling within any category of item in the demand to which an objection is being made, and (B) set forth clearly the extent of, and the specific ground for, the objection. If an objection is based on a claim of privilege, the particular privilege invoked shall be stated. If an objection is based on a claim that the information sought is protected work product under Section 2018, that claim shall be expressly asserted.

(h) The party to whom the demand for inspection is directed shall sign the response under oath unless the response contains only objections. If that party is a public or private corporation or a partnership or association or governmental agency, one of its officers or agents shall sign the response under oath on behalf of that party. If the officer or agent signing the response on behalf of that party is an attorney acting in that capacity for a party, that party waives any lawyer-client privilege and any protection for work product under Section 2018 during any subsequent discovery from that attorney concerning the identity of the sources of the information contained in the response. The attorney for the responding party shall sign any responses that contain an objection.

(i) Within 30 days after service of an inspection demand, or in unlawful detainer actions within five days of an inspection demand, the party to whom the demand is directed shall serve the original of the response to it on the party making the demand, and a copy of the response on all other parties who have appeared in the action, unless on motion of the party making the demand the court has shortened the time for response, or unless on motion of the party to whom the demand has been directed, the court has extended the time for response. In unlawful detainer actions, the party to whom the demand is directed shall have at least five days from the date of service of the demand to respond unless on motion of the party making the demand the court has shortened the time for the response.

(j) The party demanding an inspection and the responding party may agree to extend the time for service of a response to a set of inspection demands, or to particular items or categories of items in a set, to a date beyond that provided in subdivision (i). This agreement may be informal, but it shall be confirmed in a writing that specifies the extended date for service of a response. Unless this agreement expressly states otherwise, it is effective to preserve to the responding party the right to respond to any item or category of item in the demand to which the agreement applies in any manner specified in subdivision (g).

(k) The inspection demand and the response to it shall not be filed with the court. The party demanding an inspection shall retain both the original of the inspection demand, with the original proof of service affixed to it, and the original of the sworn response until six months after final disposition of the action. At that time, both originals may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the originals be preserved for a longer period.

(*l*) If a party to whom an inspection demand has been directed fails to serve a timely response to it, that party waives any objection to the demand, including one based on privilege or on the protection for work product under Section 2018. However, the court, on motion, may relieve that party from this waiver on its determination that (1) the party has subsequently served a response that is in substantial compliance with subdivision (g), and (2) the party's failure to serve a timely response was the result of mistake, inadvertence, or excusable neglect.

The party making the demand may move for an order compelling response to the inspection demand. The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel a response to an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. If a party then fails to obey the order compelling a response, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(m) If the party demanding an inspection, on receipt of a response to an inspection demand, deems that (1) a statement of compliance with the demand is incomplete, (2) a representation of inability to comply is inadequate, incomplete, or evasive, or (3) an objection in the response is without merit or too general, that party may move for an order compelling further response to the demand. This motion (A) shall set forth specific facts showing good cause justifying the discovery sought by the inspection demand, and (B) shall be accompanied by a declaration

stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by it.

Unless notice of this motion is given within 45 days of the service of the response, or any supplemental response, or on or before any specific later date to which the demanding party and the responding party have agreed in writing, the demanding party waives any right to compel a further response to the inspection demand.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel further response to an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party fails to obey an order compelling further response, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

(n) If a party filing a response to a demand for inspection under subdivision (g) thereafter fails to permit the inspection in accordance with that party's statement of compliance, the party demanding the inspection may move for an order compelling compliance.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel compliance with an inspection demand, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a party then fails to obey an order compelling inspection, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to that sanction, the court may impose a monetary sanction under Section 2023.

SEC. 13. Section 2094 of the Code of Civil Procedure is amended to read:

2094. (a) An oath, affirmation, or declaration in an action or a proceeding, may be administered by obtaining an affirmative response to one of the following:

(2) ''You do solemnly state, under penalty of perjury, that the evidence that you shall give in this issue or matter shall be the truth, the whole truth, and nothing but the truth.''

(b) In the alternative to the forms prescribed in subdivision (a), the court may administer an oath, affirmation, or declaration in an action or a proceeding in a manner that is calculated to awaken the person's conscience and impress the person's mind with the duty to tell the truth. The court shall satisfy itself that the person testifying understands that his or her testimony is being given under penalty of perjury.

(b) The Legislature further finds and declares that the conservancy is a unique entity, that some lands acquired in furtherance of the goals and objectives of this title and the Lake Tahoe Acquisitions Bond Act (Title 7.43 (commencing with Section 66950)), though not wholly unimproved, are equivalent in character and uses to unimproved public lands coming within the purview of Section 831.2, and that, for the above reasons, the immunity provisions of Section 831.2 should be extended to provide an immunity from liability for injuries resulting from a natural condition of certain partially improved lands acquired in furtherance of the goals and objectives of the Lake Tahoe Acquisitions Bond Act and this title.

(c) It is the intent of the Legislature that the extension of Section 831.2 pursuant to this chapter apply only to lands acquired in furtherance of the goals and objectives of the Lake Tahoe Acquisitions Bond Act and this title and that this chapter does not affect the construction of Section 831.2, or justify a provision similar to this chapter, with respect to any other public property.

SEC. 18. Section 66909.5 of the Government Code is amended to read:

66909.5. (a) This chapter shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 2006, deletes or extends that date.

(b) On or before January 1, 2006, the conservancy shall report to the Legislature, with respect to any property that is subject to the immunity provided by this chapter, both of the following:

(1) The nature and extent of any injury sustained by any person on that property since September 17, 1984.

SEC. 20. Section 1310 of the Probate Code is amended to read:

1310. (a) Except as provided in subdivisions (b), (c), (d), and (e), an appeal pursuant to Chapter 1 (commencing with Section 1300) stays the operation and effect of the judgment or order.

(b) Notwithstanding that an appeal is taken from the judgment or order, for the purpose of preventing injury or loss to a person or property, the trial court may direct the exercise of the powers of the fiduciary, or may appoint a temporary guardian or conservator of the person or estate, or both, or special administrator, to exercise the powers, from time to time, as if no appeal were pending. All acts of the fiduciary pursuant to the directions of the court made under this subdivision are valid, irrespective of the result of the appeal. (c) In proceedings for guardianship of the person, Section 917.7 of the Code of Civil Procedure shall apply.

(1) A bond is posted as provided in Section 917.1 of the Code of Civil Procedure.

(2) The payment is to be made from a decedent's estate being administered under Division 7 (commencing with Section 7000) or from the estate of a person who is subject to a guardianship or conservatorship of the estate under Division 4 (commencing with Section 1400). CHAPTER 689

An act to amend Sections 1170.1 and 1385 of, and to repeal Section 1170.95 of, the Penal Code, relating to sentencing.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1170.1 of the Penal Code is amended to read:

1170.1. (a) Except as otherwise provided by law, and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term, and any additional term imposed for applicable enhancements for prior convictions, prior prison terms, and Section 12022.1. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any term imposed for applicable specific enhancements. The subordinate term for each consecutive offense shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for which a consecutive term of imprisonment is imposed, and shall include one-third of the term imposed for any specific enhancements applicable to those subordinate offenses.

(b) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving separate victims, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subordinate kidnapping conviction shall consist of the full middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include the full term imposed for specific enhancements applicable to those subordinate offenses.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison or is subject to reimprisonment for escape from custody and the law either requires the

terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions that the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a). This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

(d) When the court imposes a prison sentence for a felony pursuant to Section 1170, the court shall also impose the additional terms provided for any applicable enhancements. The court shall also impose any other additional term that the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of the additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) All enhancements shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the trier of fact.

(f) When two or more enhancements may be imposed for being armed with or using a dangerous or deadly weapon or a firearm in the commission of a single offense, only the greatest of those enhancements shall be imposed for that offense. This subdivision shall not limit the imposition of any other enhancements applicable to that offense, including an enhancement for the infliction of great bodily injury.

This subdivision shall not limit the imposition of any other enhancements applicable to that offense, including an enhancement for being armed with or using a dangerous or deadly weapon or a firearm.

(h) For any violation of an offense specified in Section 667.6, the number of enhancements that may be imposed shall not be limited, regardless of whether the enhancements are pursuant to this section, Section 667.6, or some other provision of law. Each of the enhancements shall be a full and separately served term.

SEC. 2. Section 1170.95 of the Penal Code is repealed.

The reasons for the dismissal must be set forth in an order entered upon the minutes. No dismissal shall be made for any cause which would be ground of demurrer to the accusatory pleading.

(b) This section does not authorize a judge to strike any prior conviction of a serious felony for purposes of enhancement of a sentence under Section 667.

(c) (1) If the court has the authority pursuant to subdivision (a) to strike or dismiss an enhancement, the court may instead strike the additional punishment for that enhancement in the furtherance of justice in compliance with subdivision (a).

(2) This subdivision does not authorize the court to strike the additional punishment for any enhancement that cannot be stricken or dismissed pursuant to subdivision (a).

CHAPTER 690

An act to add Section 10129 to the Public Contract Code, relating to public contracts.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 10129 is added to the Public Contract Code, to read:

10129. (a) Notwithstanding Section 3400, no agency of the state charged with the letting of contracts for the construction, alteration, or repair of public works may draft or cause to be drafted specifications for bids, in connection with the construction, alteration, or repair of public works, (1) in a manner as to limit the bidding, directly or indirectly, to any one specific concern, or (2) calling for a designated material, product, thing, or service by specific brand or trade name unless the specification lists at least two brands or trade names of comparable quality or utility and is followed by the words ''or equal'' so that bidders may furnish any equal material, product, thing, or service. In applying this section, the awarding authority shall, if aware of an equal product manufactured in this state, name that product in the specification. In those cases involving a unique or novel product application required to be used in the public interest, or where only one brand or trade name is known to the awarding authority, it may list only one. Specifications shall provide a period of time prior to or after the award of the contract for submission of data substantiating a request for a substitution of ''an equal'' item. If no time period is specified, data may be submitted any time within 35 days after the award of the contract.

(b) Subdivision (a) is not applicable if the awarding authority makes a finding that is described in the specifications that a particular material, product, thing, or service is designated by specific brand or trade name for either of the following purposes:

(1) In order that a field test or experiment may be made to determine the product's suitability for future use.

(2) In order to match other products in use on a particular public improvement either completed or in the course of completion.

CHAPTER 691

An act to amend Section 114145 of, and to add Sections 113831, 113946, and 113947 to, the Health and Safety Code, relating to environmental health.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Food facility inspection information is currently developed by each local health agency. The form, scope, and content of food facility inspection information varies from agency to agency. These various methods of reporting food facility inspection information can be confusing to food facility owners, public agencies, and the public.

(b) In the event that food facility inspection information is made available in a standardized format, it will be easier for local health agencies to compare and evaluate inspection information, and the State Department of Health Services will be better able to evaluate local health agency inspection programs.

(c) The purposes of the California Uniform Retail Food Facilities Act will be advanced through standardized retail food facility inspection training, increased department oversight of local inspection programs, continuing review of the act and the federal model, and adequate funding of the department's oversight activities.

(d) Standardization of food facility inspection formats and reporting procedures should further reduce any existing confusion between jurisdictions, and contribute to increased compliance by food facility operators and thereby decrease the risk of food-borne illnesses.

SEC. 2. Section 113831 is added to the Health and Safety Code, to read:

113831. ''Outdoor beverage bar'' means an unenclosed facility operated on the same premises as, or in conjunction with, a fully enclosed food establishment where any alcoholic and nonalcoholic beverages are prepared out of doors.

SEC. 3. Section 113946 is added to the Health and Safety Code, to read:

113946. (a) On or before January 1, 2002, the department shall establish, and each local health agency shall utilize, a standardized, food facility inspection format for food facility inspections that includes all of the following:

(1) The name and address of the food facility.

(2) Identification of the following inspection criteria, which shall be the basis of the inspection report:

(A) Improper holding temperatures.

(B) Inadequate cooking.

(C) Poor personal hygiene of food handlers.

(D) Contaminated equipment.

(E) Food from unsafe sources.

(3) For each violation identified pursuant to paragraph (2), classification of the violation as a ''minor violation'' or ''major violation.'' Major violations are those violations that pose an imminent risk to public health and warrant immediate closure of the food establishment or immediate correction. Minor violations are those that do not pose an imminent public health risk, but do warrant correction.

(b) A local health agency may modify the format to add criteria to the criteria specified pursuant to paragraph (2) of subdivision (a), provided both of the following conditions are met:

(1) The additional criteria are based on other provisions of this part.

(2) A violation is identified by reference to items and sections of this part, or the regulations adopted pursuant to this part relating to those items, if a food facility is cited for a violation of the additional criteria.

(c) A copy of the most recent inspection report shall be maintained at the food facility. The food facility shall post a notice advising patrons that a copy of the most recent inspection report is available for review by interested parties.

(d) The department and local health agencies shall conduct routine training on food facility inspection standardization to promote the uniform application of inspection procedures.

(e) This section shall not restrict the ability of a local health agency to inspect and report on matters other than matters subject to regulation under this chapter.

SEC. 4. Section 113947 is added to the Health and Safety Code, to read:

113947. (a) On or before January 1, 2002, the department, in consultation with local environmental health officers, representatives of the retail food industry, and other interested parties, shall establish standardized procedures for local health agencies to report the following food facility inspection information regarding each food facility:

(1) Name and address.

(2) Date of last inspection.

(3) Identification of any major violation identified in a food facility inspection.

(4) Reinspection date, if applicable.

(5) Period of closure, if applicable.

(b) The department, in consultation with local environmental health officers, representatives of the retail food industry, and other interested parties, may periodically review and revise the standardized procedures established pursuant to subdivision (a). In making any revisions, the department shall strive to ensure that the required information can be reported and made available in the most efficient, timely, and cost-effective manner.

(c) (1) The standardized procedures established pursuant to this section shall include a standardized electronic format and protocol for reporting the food facility inspection data in a timely manner, and shall strive to ensure that the information is readily accessible, can be rapidly reported, and, if necessary, corrected, for each food facility that has been inspected or reinspected. If the local health agency determines that reported information is materially in error, that error shall be corrected within 48 hours after that determination.

(2) The department may also establish standardized procedures for reporting the information on magnetic media, including, but not limited to, floppy disks or magnetic tape.

(d) Within 60 days after the department has established the standardized procedures pursuant to this section, the department shall publish these procedures.

(e) (1) Commencing July 1, 2002, each local health agency that reports food facility inspection information on an Internet web site shall report the information in accordance with the standardized procedures established pursuant to this section.

(2) This section shall not restrict the ability of a local health agency to report on matters other than matters subject to regulation under this chapter.

(f) The department may establish a link to each Internet web site utilized by any local health agency containing the food facility inspection information pursuant to subdivision (e).

(E) Outdoor displays comply with Section 114010 and have been approved by the enforcement agency.

(F) Outdoor displays are under the constant and complete control of the operator of the permitted food establishment.

(d) This section shall not be construed to require the enclosure during operating hours of customer self-service nonpotentially hazardous bulk beverage dispensing operations that meet the following requirements:

(1) The dispensing operations are installed contiguous with a fully enclosed food establishment that is in compliance with subdivision (a) and operated by the food establishment.

(2) The beverages are dispensed from enclosed equipment that precludes exposure of the beverages until they are dispensed at the nozzles.

CHAPTER 692

An act to amend Section 2253 of the Business and Professions Code, and to repeal Chapter 3 (commencing with Section 274) of Title 9 of Part 1 of the Penal Code, relating to abortions.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 2253 of the Business and Professions Code is amended to read:

2253. (a) The procuring or aiding, abetting, attempting, agreeing, or offering to procure an illegal abortion constitutes unprofessional conduct, unless the act is done in compliance with the Therapeutic Abortion Act (Article 2 (commencing with Section 123400) of Chapter 2 of Part 2 of Division 106 of the Health and Safety Code).

(b) A person is subject to Sections 2052 and 2053 if he or she performs or assists in performing a surgical abortion, and at the time of so doing, does not have a valid, unrevoked, and unsuspended license to practice as a physician and surgeon as provided in this chapter, or does not have a certificate obtained in accordance with some other provision of law that authorizes him or her to perform or assist in performing a surgical abortion.

SEC. 2. Chapter 3 (commencing with Section 274) of Title 9 of Part 1 of the Penal Code is repealed.

CHAPTER 693

An act to amend Section 69.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 69.5 of the Revenue and Taxation Code is amended to read:

69.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years, or any severely and permanently disabled person, who resides in property that is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the base year value of that property to any replacement dwelling of equal or lesser value that is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(2) Notwithstanding the limitation in paragraph (1) requiring that the original property and the replacement dwelling be located in the same county, this limitation shall not apply in any county in which the county board of supervisors, after consultation with local affected agencies within the boundaries of the county, adopts an ordinance making the provisions of paragraph (1) also applicable to situations in which replacement dwellings are located in that county and the original properties are located in another county within this state. The authorization contained in this paragraph shall be applicable in a county only if the ordinance adopted by the board of supervisors complies with all of the following requirements:

(A) It is adopted only after consultation between the board of supervisors and all other local affected agencies within the county's boundaries.

(B) It requires that all claims for transfers of base year value from original property located in another county be granted if the claims meet the applicable requirements of both subdivision (a) of Section 2 of Article XIII A of the California Constitution and this section.

(C) It requires that all base year valuations of original property located in another county and determined by its assessor be accepted in connection with the granting of claims for transfers of base year value.

(D) The ordinance provides that its provisions shall remain operative for a period of not less than five years.

(E) The ordinance specifies the date on and after which its provisions shall be applicable. However, the date specified shall not be earlier than November 9, 1988. The specified applicable date may be a date earlier than the date the county adopts the ordinance.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowner's exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age, or is severely and permanently disabled.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowner's exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and that, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) The replacement dwelling, including that portion of land on which it is situated that is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(7) The claimant has not previously been granted, as a claimant, the property tax relief provided by this section, except that this paragraph shall not apply to any person who becomes severely and permanently disabled subsequent to being granted, as a claimant, the property tax relief provided by this section for any person over the age of 55 years. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors and all claimants who have thereby received relief. The board may specify that the information include all or a part of the names and

social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media or other media and in a format that is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant, includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit development. If the unit or lot constitutes the original property of the claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A mobilehome or a mobilehome and any land owned by the claimant on which the mobilehome is situated. If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the mobilehome or the base year value of the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor of that portion of land that does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g). If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the mobilehome or the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor to that portion of land that does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of original property, as a joint tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this

section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years, or is severely and permanently disabled, shall be eligible under this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them is eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership that either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section, Section 69, or Section 69.3 because the property qualifies under this section, Section 69, or Section 69.3 as a replacement dwelling or property.

(f) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form that the assessor shall make available upon request, the following information:

(1) The name and social security number of each claimant and of any spouse of the claimant who was a record owner of the original property at the time of its sale or is a record owner of the replacement dwelling.

(2) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age, or severely and permanently disabled. Proof of severe and permanent disability shall be considered a certification, signed by a licensed physician and surgeon of appropriate specialty, attesting to the claimant's severely and permanently disabled condition. In the absence

of available proof that a person is over 55 years of age, the claimant shall certify under penalty of perjury that the age requirement is met. In the case of a severely and permanently disabled claimant either of the following shall be submitted:

(A) A certification, signed by a licensed physician or surgeon of appropriate specialty that identifies specific reasons why the disability necessitates a move to the replacement dwelling and the disability-related requirements, including any locational requirements, of a replacement dwelling. The claimant shall substantiate that the replacement dwelling meets disability-related requirements so identified and that the primary reason for the move to the replacement dwelling is to satisfy those requirements. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move to the replacement dwelling is to satisfy identified disability-related requirements.

(B) The claimant's substantiation that the primary purpose of the move to the replacement dwelling is to alleviate financial burdens caused by the disability. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move is to alleviate the financial burdens caused by the disability.

(3) The address and, if known, the assessor's parcel number of the original property.

(4) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(5) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

The State Board of Equalization shall design the form for claiming eligibility.

Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed.

(g) For purposes of this section:

(1) ''Person over the age of 55 years'' means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of original property.

(2) ''Base year value of the original property'' means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1,

determined as of the date immediately prior to the date that the original property is sold by the claimant.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, ''base year value of the original property'' also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the ''base year value of the original property'' shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) ''Replacement dwelling'' means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size that is used as a site for a residence, and ''land owned by the claimant'' includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling. For purposes of this paragraph, ''area of reasonable size that is used as a site for a residence'' includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site.

(4) ''Original property'' means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of original property includes only that area of reasonable size that is used as a site for a residence, and ''land owned by the claimant'' includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate original property. For purposes of this paragraph, ''area of reasonable size that is used as a site for a residence'' includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site.

(5) ''Equal or lesser value'' means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

For the purposes of this paragraph, except as otherwise provided in paragraph (4) of subdivision (h), if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the ''replacement dwelling is purchased or newly constructed'' is the date of purchase or the date of completion of construction, whichever is later.

(6) ''Full cash value of the replacement dwelling'' means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) ''Full cash value of the original property'' means its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) ''Sale'' means any change in ownership of the original property for consideration.

(9) ''Claimant'' means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the replacement dwelling, the spouse is also a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has been met.

(10) ''Property that is eligible for the homeowner's exemption'' includes property that is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(11) ''Person'' means any individual, but does not include any firm, partnership, association, corporation, company, or other legal entity or organization of any kind.

(12) ''Severely and permanently disabled'' means any person described in subdivision (b) of Section 74.3.

(h) (1) Upon the timely filing of a claim, the assessor shall adjust the new base year value of the replacement dwelling in conformity with this

section. This adjustment shall be made as of the latest of the following dates:

(A) The date the original property is sold.

(B) The date the replacement dwelling is purchased.

(C) The date the new construction of the replacement dwelling is completed.

(2) Any taxes that were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount that would be due when determined on the basis of the adjusted new base year value.

(3) Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(4) In the case where a claim under this section has been timely filed and granted, and new construction is performed upon the replacement dwelling subsequent to the transfer of base year value, the property tax relief provided by this section also shall apply to the replacement dwelling, as improved, and thus there shall be no reassessment upon completion of the new construction if both of the following conditions are met:

(A) The new construction is completed within two years of the date of the sale of the original property and the owner notifies the assessor in writing of completion of the new construction within 30 days after completion.

(B) The fair market value of the new construction on the date of completion, plus the full cash value of the replacement dwelling on the date of acquisition, is not more than the full cash value of the original property as determined pursuant to paragraph (7) of subdivision (g) for purposes of granting the original claim.

(i) Any claimant may rescind a claim for the property tax relief provided by this section and shall not be considered to have received that relief for purposes of paragraph (7) of subdivision (b), if a written notice of rescission is delivered to the office of the assessor in which the original claim was filed and all of the following have occurred:

(1) The notice is signed by the original filing claimant or claimants.

(2) The notice is delivered to the office of the assessor before the date that the county first issues, as a result of relief granted under this section, a refund check for property taxes imposed upon the replacement dwelling. If granting relief will not result in a refund of property taxes, then the notice shall be delivered before payment is first made of any property taxes, or any portion thereof, imposed upon the replacement

dwelling consistent with relief granted under this section. If payment of the taxes is not made, then notice shall be delivered before the first date that those property taxes, or any portion thereof, imposed upon the replacement dwelling, consistent with relief granted under this section, are delinquent.

(3) The notice is accompanied by the payment of a fee as the assessor may require, provided that the fee shall not exceed an amount reasonably related to the estimated cost of processing a rescission claim, including both direct costs and developmental and indirect costs, such as costs for overhead, personnel, supplies, materials, office space, and computers.

(j) (1) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, this section, except as provided in paragraph (3) or (4), shall apply to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(2) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, except as provided in paragraph (4), this section shall apply to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

(3) With respect to the transfer of base year value by a severely and permanently disabled person, this section shall apply only to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(4) The amendments made to subdivision (e) by the act adding this paragraph shall apply only to replacement dwellings under Section 69 that are acquired or newly constructed on or after October 20, 1991, and shall apply commencing with the 1991–92 fiscal year.

(k) No escape assessment may be levied if a transfer of base year value under this section has been erroneously granted by the assessor pursuant to an expired ordinance authorizing intercounty transfers of base year value.

SEC. 1.5. Section 69.5 of the Revenue and Taxation Code is amended to read:

69.5. (a) (1) Notwithstanding any other provision of law, pursuant to subdivision (a) of Section 2 of Article XIII A of the California Constitution, any person over the age of 55 years, or any severely and permanently disabled person, who resides in property that is eligible for the homeowner's exemption under subdivision (k) of Section 3 of Article XIII of the California Constitution and Section 218 may transfer, subject to the conditions and limitations provided in this section, the

base year value of that property to any replacement dwelling of equal or lesser value that is located within the same county and is purchased or newly constructed by that person as his or her principal residence within two years of the sale by that person of the original property, provided that the base year value of the original property shall not be transferred to the replacement dwelling until the original property is sold.

(2) Notwithstanding the limitation in paragraph (1) requiring that the original property and the replacement dwelling be located in the same county, this limitation shall not apply in any county in which the county board of supervisors, after consultation with local affected agencies within the boundaries of the county, adopts an ordinance making the provisions of paragraph (1) also applicable to situations in which replacement dwellings are located in that county and the original properties are located in another county within this state. The authorization contained in this paragraph shall be applicable in a county only if the ordinance adopted by the board of supervisors complies with all of the following requirements:

(A) It is adopted only after consultation between the board of supervisors and all other local affected agencies within the county's boundaries.

(B) It requires that all claims for transfers of base year value from original property located in another county be granted if the claims meet the applicable requirements of both subdivision (a) of Section 2 of Article XIII A of the California Constitution and this section.

(C) It requires that all base year valuations of original property located in another county and determined by its assessor be accepted in connection with the granting of claims for transfers of base year value.

(D) It provides that its provisions are operative for a period of not less than five years.

(E) The ordinance specifies the date on and after which its provisions shall be applicable. However, the date specified shall not be earlier than November 9, 1988. The specified applicable date may be a date earlier than the date the county adopts the ordinance.

(b) In addition to meeting the requirements of subdivision (a), any person claiming the property tax relief provided by this section shall be eligible for that relief only if the following conditions are met:

(1) The claimant is an owner and a resident of the original property either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(2) The original property is eligible for the homeowner's exemption, as the result of the claimant's ownership and occupation of the property as his or her principal residence, either at the time of its sale or within two years of the purchase or new construction of the replacement dwelling.

(3) At the time of the sale of the original property, the claimant or the claimant's spouse who resides with the claimant is at least 55 years of age, or is severely and permanently disabled.

(4) At the time of claiming the property tax relief provided by subdivision (a), the claimant is an owner of a replacement dwelling and occupies it as his or her principal place of residence and, as a result thereof, the property is currently eligible for the homeowner's exemption or would be eligible for the exemption except that the property is already receiving the exemption because of an exemption claim filed by the previous owner.

(5) The original property of the claimant is sold by him or her within two years of the purchase or new construction of the replacement dwelling. For purposes of this paragraph, the purchase or new construction of the replacement dwelling includes the purchase of that portion of land on which the replacement building, structure, or other shelter constituting a place of abode of the claimant will be situated and that, pursuant to paragraph (3) of subdivision (g), constitutes a part of the replacement dwelling.

(6) The replacement dwelling, including that portion of land on which it is situated that is specified in paragraph (5), is located entirely within the same county as the claimant's original property.

(7) The claimant has not previously been granted, as a claimant, the property tax relief provided by this section, except that this paragraph shall not apply to any person who becomes severely and permanently disabled subsequent to being granted, as a claimant, the property tax relief provided by this section for any person over the age of 55 years. In order to prevent duplication of claims under this section within this state, county assessors shall report quarterly to the State Board of Equalization that information from claims filed in accordance with subdivision (f) and from county records as is specified by the board necessary to identify fully all claims under this section allowed by assessors and all claimants who have thereby received relief. The board may specify that the information include all or a part of the names and social security numbers of claimants and their spouses and the identity and location of the replacement dwelling to which the claim applies. The information may be required in the form of data processing media or other media and in a format that is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

(c) The property tax relief provided by this section shall be available if the original property or the replacement dwelling, or both, of the claimant, includes, but is not limited to, either of the following:

(1) A unit or lot within a cooperative housing corporation, a community apartment project, a condominium project, or a planned unit development. If the unit or lot constitutes the original property of the

claimant, the assessor shall transfer to the claimant's replacement dwelling only the base year value of the claimant's unit or lot and his or her share in any common area reserved as an appurtenance of that unit or lot. If the unit or lot constitutes the replacement dwelling of the claimant, the assessor shall transfer the base year value of the claimant's original property only to the unit or lot of the claimant and any share of the claimant in any common area reserved as an appurtenance of that unit or lot.

(2) A mobilehome or a mobilehome and any land owned by the claimant on which the mobilehome is situated. If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's original property, the assessor shall transfer to the claimant's replacement dwelling either the base year value of the mobilehome or the base year value of the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor of that portion of land that does not constitute a part of the original property, as provided in paragraph (4) of subdivision (g). If the mobilehome or the mobilehome and the land on which it is situated constitutes the claimant's replacement dwelling, the assessor shall transfer the base year value of the claimant's original property either to the mobilehome or the mobilehome and the land on which it is situated, as appropriate. No transfer of base year value shall be made by the assessor to that portion of land that does not constitute a part of the replacement dwelling, as provided in paragraph (3) of subdivision (g).

This subdivision shall be subject to the limitations specified in subdivision (d).

(d) The property tax relief provided by this section shall be available to a claimant who is the coowner of original property, as a joint tenant, a tenant in common, or a community property owner, subject to the following limitations:

(1) If a single replacement dwelling is purchased or newly constructed by all of the coowners and each coowner retains an interest in the replacement dwelling, the claimant shall be eligible under this section whether or not any or all of the remaining coowners would otherwise be eligible claimants.

(2) If two or more replacement dwellings are separately purchased or newly constructed by two or more coowners and more than one coowner would otherwise be an eligible claimant, only one coowner shall be eligible under this section. These coowners shall determine by mutual agreement which one of them shall be deemed eligible.

(3) If two or more replacement dwellings are separately purchased or newly constructed by two coowners who held the original property as community property, only the coowner who has attained the age of 55 years, or is severely and permanently disabled, shall be eligible under

this section. If both spouses are over 55 years of age, they shall determine by mutual agreement which one of them is eligible.

In the case of coowners whose original property is a multiunit dwelling, the limitations imposed by paragraphs (2) and (3) shall only apply to coowners who occupied the same dwelling unit within the original property at the time specified in paragraph (2) of subdivision (b).

(e) Upon the sale of original property, the assessor shall determine a new base year value for that property in accordance with subdivision (a) of Section 2 of Article XIII A of the California Constitution and Section 110.1, whether or not a replacement dwelling is subsequently purchased or newly constructed by the former owner or owners of the original property.

This section shall not apply unless the transfer of the original property is a change in ownership that either (1) subjects that property to reappraisal at its current fair market value in accordance with Section 110.1 or 5803 or (2) results in a base year value determined in accordance with this section, Section 69, or Section 69.3 because the property qualifies under this section, Section 69, or Section 69.3 as a replacement dwelling or property.

(f) A claimant shall not be eligible for the property tax relief provided by this section unless the claimant provides to the assessor, on a form that the assessor shall make available upon request, the following information:

(1) The name and social security number of each claimant and of any spouse of the claimant who was a record owner of the original property at the time of its sale or is a record owner of the replacement dwelling.

(2) Proof that the claimant or the claimant's spouse who resided on the original property with the claimant was, at the time of its sale, at least 55 years of age, or severely and permanently disabled. Proof of severe and permanent disability shall be considered a certification, signed by a licensed physician and surgeon of appropriate specialty, attesting to the claimant's severely and permanently disabled condition. In the absence of available proof that a person is over 55 years of age, the claimant shall certify under penalty of perjury that the age requirement is met. In the case of a severely and permanently disabled claimant either of the following shall be submitted:

(A) A certification, signed by a licensed physician or surgeon of appropriate specialty that identifies specific reasons why the disability necessitates a move to the replacement dwelling and the disability-related requirements, including any locational requirements, of a replacement dwelling. The claimant shall substantiate that the replacement dwelling meets disability-related requirements so identified and that the primary reason for the move to the replacement

dwelling is to satisfy those requirements. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move to the replacement dwelling is to satisfy identified disability-related requirements.

(B) The claimant's substantiation that the primary purpose of the move to the replacement dwelling is to alleviate financial burdens caused by the disability. If the claimant, or the claimant's spouse or guardian, so declares under penalty of perjury, it shall be rebuttably presumed that the primary purpose of the move is to alleviate the financial burdens caused by the disability.

(3) The address and, if known, the assessor's parcel number of the original property.

(4) The date of the claimant's sale of the original property and the date of the claimant's purchase or new construction of a replacement dwelling.

(5) A statement by the claimant that he or she occupied the replacement dwelling as his or her principal place of residence on the date of the filing of his or her claim.

The State Board of Equalization shall design the form for claiming eligibility.

Any claim under this section shall be filed within three years of the date the replacement dwelling was purchased or the new construction of the replacement dwelling was completed subject to subdivision (k).

(g) For purposes of this section:

(1) ''Person over the age of 55 years'' means any person or the spouse of any person who has attained the age of 55 years or older at the time of the sale of original property.

(2) ''Base year value of the original property'' means its base year value, as determined in accordance with Section 110.1, with the adjustments permitted by subdivision (b) of Section 2 of Article XIII A of the California Constitution and subdivision (f) of Section 110.1, determined as of the date immediately prior to the date that the original property is sold by the claimant.

If the replacement dwelling is purchased or newly constructed after the transfer of the original property, ''base year value of the original property'' also includes any inflation factor adjustments permitted by subdivision (f) of Section 110.1 for the period subsequent to the sale of the original property. The base year or years used to compute the ''base year value of the original property'' shall be deemed to be the base year or years of any property to which that base year value is transferred pursuant to this section.

(3) ''Replacement dwelling'' means a building, structure, or other shelter constituting a place of abode, whether real property or personal

property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of a replacement dwelling includes only that area of reasonable size that is used as a site for a residence, and ''land owned by the claimant'' includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate replacement dwelling. For purposes of this paragraph, ''area of reasonable size that is used as a site for a residence'' includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site.

(4) ''Original property'' means a building, structure, or other shelter constituting a place of abode, whether real property or personal property, that is owned and occupied by a claimant as his or her principal place of residence, and any land owned by the claimant on which the building, structure, or other shelter is situated. For purposes of this paragraph, land constituting a part of original property includes only that area of reasonable size that is used as a site for a residence, and ''land owned by the claimant'' includes land for which the claimant either holds a leasehold interest described in subdivision (c) of Section 61 or a land purchase contract. Each unit of a multiunit dwelling shall be considered a separate original property. For purposes of this paragraph, ''area of reasonable size that is used as a site for a residence'' includes all land if any nonresidential uses of the property are only incidental to the use of the property as a residential site.

(5) ''Equal or lesser value'' means that the amount of the full cash value of a replacement dwelling does not exceed one of the following:

(A) One hundred percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed prior to the date of the sale of the original property.

(B) One hundred and five percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the first year following the date of the sale of the original property.

(C) One hundred and ten percent of the amount of the full cash value of the original property if the replacement dwelling is purchased or newly constructed within the second year following the date of the sale of the original property.

For the purposes of this paragraph, except as otherwise provided in paragraph (4) of subdivision (h), if the replacement dwelling is, in part, purchased and, in part, newly constructed, the date the ''replacement dwelling is purchased or newly constructed'' is the date of purchase or the date of completion of construction, whichever is later.

(6) ''Full cash value of the replacement dwelling'' means its full cash value, determined in accordance with Section 110.1, as of the date on which it was purchased or new construction was completed, and after the purchase or the completion of new construction.

(7) ''Full cash value of the original property'' means its new base year value, determined in accordance with subdivision (e), without the application of subdivision (h) of Section 2 of Article XIII A of the California Constitution, plus the adjustments permitted by subdivision (b) of Section 2 of Article XIII A and subdivision (f) of Section 110.1 for the period from the date of its sale by the claimant to the date on which the replacement property was purchased or new construction was completed.

(8) ''Sale'' means any change in ownership of the original property for consideration.

(9) ''Claimant'' means any person claiming the property tax relief provided by this section. If a spouse of that person is a record owner of the replacement dwelling, the spouse is also a claimant for purposes of determining whether in any future claim filed by the spouse under this section the condition of eligibility specified in paragraph (7) of subdivision (b) has been met.

(10) ''Property that is eligible for the homeowner's exemption'' includes property that is the principal place of residence of its owner and is entitled to exemption pursuant to Section 205.5.

(11) ''Person'' means any individual, but does not include any firm, partnership, association, corporation, company, or other legal entity or organization of any kind.

(12) ''Severely and permanently disabled'' means any person described in subdivision (b) of Section 74.3.

(h) (1) Upon the timely filing of a claim, the assessor shall adjust the new base year value of the replacement dwelling in conformity with this section. This adjustment shall be made as of the latest of the following dates:

(A) The date the original property is sold.

(B) The date the replacement dwelling is purchased.

(C) The date the new construction of the replacement dwelling is completed.

(2) Any taxes that were levied on the replacement dwelling prior to the filing of the claim on the basis of the replacement dwelling's new base year value, and any allowable annual adjustments thereto, shall be canceled or refunded to the claimant to the extent that the taxes exceed the amount that would be due when determined on the basis of the adjusted new base year value.

(3) Notwithstanding Section 75.10, Chapter 3.5 (commencing with Section 75) shall be utilized for purposes of implementing this

subdivision, including adjustments of the new base year value of replacement dwellings acquired prior to the sale of the original property.

(4) In the case where a claim under this section has been timely filed and granted, and new construction is performed upon the replacement dwelling subsequent to the transfer of base year value, the property tax relief provided by this section also shall apply to the replacement dwelling, as improved, and thus there shall be no reassessment upon completion of the new construction if both of the following conditions are met:

(A) The new construction is completed within two years of the date of the sale of the original property and the owner notifies the assessor in writing of completion of the new construction within 30 days after completion.

(B) The fair market value of the new construction on the date of completion, plus the full cash value of the replacement dwelling on the date of acquisition, is not more than the full cash value of the original property as determined pursuant to paragraph (7) of subdivision (g) for purposes of granting the original claim.

(i) Any claimant may rescind a claim for the property tax relief provided by this section and shall not be considered to have received that relief for purposes of paragraph (7) of subdivision (b), and the assessor shall grant the rescission, if a written notice of rescission is delivered to the office of the assessor as follows:

(1) A written notice of rescission signed by the original filing claimant or claimants is delivered to the office of the assessor in which the original claim was filed.

(2) (A) Except as otherwise provided in this paragraph, the notice of rescission is delivered to the office of the assessor before the date that the county first issues, as a result of relief granted under this section, a refund check for property taxes imposed upon the replacement dwelling. If granting relief will not result in a refund of property taxes, then the notice shall be delivered before payment is first made of any property taxes, or any portion thereof, imposed upon the replacement dwelling consistent with relief granted under this section. If payment of the taxes is not made, then notice shall be delivered before the first date that those property taxes, or any portion thereof, imposed upon the replacement dwelling, consistent with relief granted under this section, are delinquent.

(B) Notwithstanding any other provision in this division, any time the notice of rescission is delivered to the office of the assessor within six years after relief was granted, provided that the replacement property has been vacated as the claimant's principal place of residence within 90 days after the original claim was filed, regardless of whether the property continues to receive the homeowner's exemption. If the rescission

increases the base year value of a property, or the homeowners' exemption has been incorrectly allowed, appropriate escape assessments or supplemental assessments, including interest as provided in Section 506, shall be imposed. The limitations periods for any escape assessments or supplemental assessments shall not commence until July 1 of the assessment year in which the notice of rescission is delivered to the office of the assessor.

(3) The notice is accompanied by the payment of a fee as the assessor may require, provided that the fee shall not exceed an amount reasonably related to the estimated cost of processing a rescission claim, including both direct costs and developmental and indirect costs, such as costs for overhead, personnel, supplies, materials, office space, and computers.

(j) (1) With respect to the transfer of base year value of original properties to replacement dwellings located in the same county, this section, except as provided in paragraph (3) or (4), shall apply to any replacement dwelling that is purchased or newly constructed on or after November 6, 1986.

(2) With respect to the transfer of base year value of original properties to replacement dwellings located in different counties, except as provided in paragraph (4), this section shall apply to any replacement dwelling that is purchased or newly constructed on or after the date specified in accordance with subparagraph (E) of paragraph (2) of subdivision (a) in the ordinance of the county in which the replacement dwelling is located, but shall not apply to any replacement dwelling which was purchased or newly constructed before November 9, 1988.

(3) With respect to the transfer of base year value by a severely and permanently disabled person, this section shall apply only to replacement dwellings that are purchased or newly constructed on or after June 6, 1990.

(4) The amendments made to subdivision (e) by the act adding this paragraph shall apply only to replacement dwellings under Section 69 that are acquired or newly constructed on or after October 20, 1991, and shall apply commencing with the 1991–92 fiscal year.

(k) (1) In the case in which a county adopts an ordinance pursuant to paragraph (2) of subdivision (a) that establishes an applicable date which is more than three years prior to the date of adoption of the ordinance, those potential claimants who purchased or constructed replacement dwellings more than three years prior to the date of adoption of the ordinance and who would, therefore, be precluded from filing a timely claim, shall be deemed to have timely filed a claim if the claim is filed within three years after the date that the ordinance is adopted. This paragraph may not be construed as a waiver of any other requirement of this section.

(2) This subdivision does not apply to a claimant who has transferred his or her replacement dwelling prior to filing a claim.

(3) The property tax relief provided by this section, but filed under this subdivision, shall apply prospectively only, commencing with the lien date of the assessment year in which the claim is filed. There shall be no refund or cancellation of taxes prior to the date that the claim is filed.

(*l*) No escape assessment may be levied if a transfer of base year value under this section has been erroneously granted by the assessor pursuant to an expired ordinance authorizing intercounty transfers of base year value.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 69.5 of the Revenue and Taxation Code proposed by both this bill and SB 1417. It shall only become operative if (1) both bills are enacted and come effective on or before January 1, 2001, but this bill becomes operative first, (2) each bill amends Section 69.5 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 1417, in which case Section 69.5 of the Revenue and Taxation Code, as amended by Section 1 of this bill, shall remain operative only until the operative date of SB 1417, at which time Section 1.5 of this bill shall become operative.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

An act to add Section 10506.5 to the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 10506.5 is added to the Insurance Code, to read:

10506.5. (a) For the purposes of this section, ''guaranteed living benefit'' means a benefit in a variable annuity or a variable life insurance contract providing that one or more benefit amounts available to a living contractholder, under specified conditions, will be enhanced should it fall below a given level, in the absence of the guaranteed living benefit.

(b) An insurer may deliver or issue for delivery contracts containing, or riders to variable contracts providing, guaranteed living benefits if all the following requirements are met:

(1) The insurer is authorized to deliver, or issue for delivery, variable insurance products in this state.

(2) The insurer meets the requirements of paragraph (1) of subdivision (d) of Section 10506.4.

(3) The commissioner has issued a bulletin setting forth the terms and conditions under which variable contracts containing or riders to variable contracts providing guaranteed living benefits may be issued or delivered in this state.

(4) The variable contract or rider meets the terms and conditions for guaranteed living benefits established by the commissioner and set forth in the bulletin described in paragraph (3) and the insurer desiring to issue the variable contract or rider has satisfied the requirements set forth in Section 2529 of Title 10 of the California Code of Regulations.

(c) The bulletin described in paragraph (3) of subdivision (b) may include provisions covering requirements similar to those included in subdivision (f) of Section 10506.4. The bulletin shall have the same force and effect, and may be enforced by the commissioner to the same extent and degree as regulations issued by the commissioner until the time that the commissioner issues additional or amended regulations pertaining to guaranteed living benefits.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 695

An act to amend Sections 52052, 52052.3, 52053, 52054, 52054.5, 52055, 52055.5, 52056, 52057, and 52058 of the Education Code, and to amend Section 2 of Chapter 3 of the Statutes of 1999, relating to academic achievement, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 2000. Filed with
Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 52052 of the Education Code is amended to read:

52052. (a) (1) By July 1, 1999, the Superintendent of Public Instruction, with approval of the State Board of Education, shall develop an Academic Performance Index (API), to measure the performance of schools, especially the academic performance of pupils, and to demonstrate comparable improvement in academic achievement by all numerically significant ethnic and socioeconomically disadvantaged subgroups within schools.

(2) For purposes of this section, a numerically significant ethnic or socioeconomically disadvantaged subgroup is a subgroup that constitutes at least 15 percent of a school's total pupil population and consists of at least 30 pupils. An ethnic or socioeconomically disadvantaged subgroup of at least 100 pupils constitutes a numerically significant subgroup, even if the subgroup does not constitute 15 percent of the total enrollment at a school.

(3) The API shall consist of a variety of indicators currently reported to the State Department of Education including, but not limited to, the results of the achievement test administered pursuant to Section 60640, attendance rates for pupils and certificated school personnel for elementary schools, middle schools, and secondary schools, and the graduation rates for pupils in secondary schools.

(A) The pupil data collected for the API that comes from the achievement test administered pursuant to Sections 60640 and 60644 and the high school exit examination administered pursuant to Section 60851, when fully implemented, shall be disaggregated by special education status, English language learners, socioeconomic status, gender and ethnic group. Only the test scores of pupils who were enrolled in a school district in the prior fiscal year may be included in the test results reported in the API. Results of the achievement test and other tests specified in subdivision (b) shall constitute at least 60 percent of the value of the index.

(B) Before including high school graduation rates and attendance rates in the index, the Superintendent of Public Instruction shall determine the extent to which the data is currently reported to the state and the accuracy of the data.

(C) If the Superintendent of Public Instruction determines that accurate data for these indicators is not available, the Superintendent of Public Instruction shall report to the Governor and the Legislature by

September 1, 1999, and recommend necessary action to implement an accurate reporting system.

(b) Pupil scores from the following tests, when available and when found to be valid and reliable for this purpose, shall be incorporated into the API:

(1) The assessment of the applied academic skills matrix test developed pursuant to Section 60604.

(2) The nationally normed test as augmented pursuant to paragraph (1) of subdivision (f) of Section 60644.

(3) The high school exit examination.

(c) Based on the API, the Superintendent of Public Instruction shall develop, and the State Board of Education shall adopt, expected annual percentage growth targets for all schools based on their API baseline score as measured in July 1999. Schools are expected to meet these growth targets through effective allocation of available resources. For schools below the statewide API performance target adopted by the State Board of Education pursuant to subdivision (d), the minimum annual percentage growth target shall be 5 percent of the difference between a school's actual API score and the statewide API performance target, or one API point, whichever is greater. Schools at or above the statewide API performance target shall have, as their growth target, maintenance of their API score above the statewide API performance target. However, the State Board of Education may set differential growth targets based on grade level of instruction and may set higher growth targets for the lowest performing schools because they have the greatest room for improvement. To meet its growth target, a school shall demonstrate that the annual growth in its API is equal to or more than its schoolwide annual percentage growth target and that all numerically-significant ethnic and socioeconomically disadvantaged subgroups, as defined in subdivision (a) of Section 52052, are making comparable improvement.

(d) Upon adoption of state performance standards by the State Board of Education, the Superintendent of Public Instruction shall recommend, and the State Board of Education shall adopt, a statewide API performance target that includes consideration of performance standards and represents the proficiency level required to meet the state performance target. When fully developed, schools may either meet the state target or meet their growth targets to be eligible for the Governor's Performance Award Program as set forth in Section 52057.

(e) Beginning in June 2000, the API shall be used for both of the following:

(1) Measuring the progress of schools selected for participation in the Immediate Intervention/Underperforming Schools Program pursuant to Section 52053.

(2) Ranking all public schools in the state for the purpose of the High Achieving/Improving Schools Program pursuant to Section 52056.

(f) Only comprehensive high schools, middle schools, and elementary schools that have a population of 100 or more pupils may be included in the API ranking.

(g) By July 1, 2000, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall develop an alternative accountability system for schools with fewer than 100 pupils, and for schools under the jurisdiction of a county board of education or a county superintendent of schools, community day schools, and alternative schools, including continuation high schools and independent study schools.

SEC. 2. Section 52053 of the Education Code is amended to read:

52053. (a) The Immediate Intervention/Underperforming Schools Program is hereby established. By August 15, 1999, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall invite schools that scored below the 50th percentile on the achievement tests administered pursuant to Section 60640 both in the spring of 1998 and in the spring of 1999 to participate in the Immediate Intervention/Underperforming Schools Program. A school invited to participate may take any action not otherwise prohibited under state or federal law and that would not require reimbursement by the Commission on State Mandates to improve pupil performance.

(b) The total number of schools participating in the program in 1999 shall be 430. Unless subdivision (d) applies, schools that apply will be selected based on the order in which they apply within ranks of deciles, not to exceed 86 per decile, within the following grade level categories:

(1) No more than 301 elementary schools.

(2) No more than 78 middle schools.

(3) No more than 52 high schools.

(c) The 86 schools selected within each decile range pursuant to subdivision (b) shall proportionately represent elementary, middle, and high schools and shall provide statewide proportionate geographic representation of urban and rural schools.

(d) If fewer than the number of schools in any grade level category apply, schools that scored below the 50th percentile in those grade level categories that did not apply for the program shall randomly be selected by the Superintendent of Public Instruction, with the approval of the State Board of Education, to participate based on their proportional representation in the state until the number of schools in each grade level category set forth in subdivision (b) is achieved.

(e) If more than the requisite number of schools apply for any grade level category, the Superintendent of Public Instruction shall select an array of schools that reflect a broad range of academic performance of

schools that scored below the 50th percentile, until the number of schools in each grade level category set forth in subdivision (b) is achieved.

(f) A school selected to participate on or before September 1, 1999, shall be awarded a planning grant from funds appropriated pursuant to paragraph (1) of subdivision (a) of Section 2 of the act adding this section in the amount of fifty thousand dollars ($50,000). A school selected to receive federal funds pursuant to paragraph (2) of subdivision (a) of Section 2 of the act adding this section shall be awarded an implementation grant in an amount of at least fifty thousand dollars ($50,000) pursuant to Public Law 105-78.

(g) Schools receiving funding under paragraph (2) of subdivision (a) of Section 2 of the act adding this section shall comply with Public Law 105-78.

(h) By September 15, 2000, and each year thereafter, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall identify schools that failed to meet their Academic Performance Index (API) growth targets and that have an API below the 50th percentile relative to all other public elementary, middle or high schools. The Superintendent of Public Instruction shall invite these schools to participate in the Immediate Intervention/Underperforming Schools Programs. A school invited to participate may take any action to improve pupil performance not otherwise prohibited under state or federal law and that would not require reimbursement by the Commission on State Mandates.

(i) The total number of schools selected for participation in the program shall be no more than the number that can be funded through the total appropriation for the planning grants referenced in subdivision (l) below.

(j) If fewer schools apply for participation than can be funded, the Superintendent of Public Instruction, with the approval of the State Board of Education, shall randomly select the balance of schools from schools eligible to participate that did not apply. Insofar as possible, the schools randomly selected should reflect a representative proportion of elementary, middle and high schools, as well as a broad range of academic achievement.

(k) If more schools apply for participation than can be funded, the schools shall be selected on the order in which they apply. Insofar as possible, the schools randomly selected should reflect a representative proportion of elementary, middle and high schools, as well as a broad range of academic achievement.

(l) A school selected to participate on or before October 15, 2000, and each year thereafter, shall be awarded a planning grant from funds appropriated pursuant to this act of fifty thousand dollars ($50,000).

(m) Schools selected for participation in the program shall be notified by the Superintendent of Public Instruction no later than October 15 of each year.

SEC. 2.5. Section 52052.3 of the Education Code, as added by Chapter 71 of the Statutes of 2000, is amended to read:

52052.3. Test scores of pupils who are in the first year of enrollment in a high school district, but who, in the prior year, were enrolled in an elementary school district that normally matriculates to the high school district, shall be included in the Academic Performance Index, as provided in Section 52052.

SEC. 3. Section 52054 of the Education Code is amended to read:

52054. (a) By November 15 of the year that the school is selected to participate, the governing board of a school district having jurisdiction over a school selected for participation in the program shall contract with an external evaluator from the list of external evaluators and shall appoint a broad-based schoolsite and community team, consisting of a majority of nonschoolsite personnel. In a school that has a limited-English-proficient pupil population that constitutes at least 40 percent of the total pupil population, an external evaluator shall have demonstrated experience in working with a limited-English-proficient pupil population. Not less than 20 percent of the members of the team shall be parents or legal guardians of pupils in the school.

(b) The selected external evaluator shall solicit input from the parents and legal guardians of the pupils of the school. At a minimum, the evaluator shall do all of the following:

(1) Inform the parents and legal guardians, in writing, that the school has been selected to participate in the Immediate Intervention/Underperforming Schools Program due to its below average performance.

(2) Hold a public meeting at the school, in cooperation with the principal, to which all parents and legal guardians of pupils in the school receive a written invitation. The invitation to the meeting may be combined with the written notice required by paragraph (1).

(3) Solicit, at the public meeting, the recommendations and opinions of the participating parents and legal guardians of pupils in the school regarding actions that should be taken to improve the performance of the school. These opinions and recommendations shall be considered by the external evaluator and the community team in the development of the action plan pursuant to this section.

(4) Notify all parents and legal guardians of pupils in the school of their opportunity to provide written recommendations of actions that should be taken to improve the performance of the school which shall be considered by the external evaluator and the community team in the development of the action plan pursuant to this section. Notice required

by this subdivision may be combined with the written notice required by paragraph (1).

(c) By February 15 of the school year in which the school is selected to participate, the selected external evaluator, in collaboration with the broad-based schoolsite and community team selected pursuant to subdivision (a), shall complete a review of the school that identifies weaknesses that contribute to the school's below average performance, make recommendations for improvement, and begin to develop an action plan to improve the academic performance of the pupils enrolled at the school. The action plan shall include percentage growth targets at least as high as the annual growth targets adopted by the State Board of Education pursuant to Section 52052. The action plan shall include an expenditure plan and shall be of a scope that does not require expenditure of funds in excess of those provided pursuant to this article or otherwise available to the school. The action plan may not be of a scope that requires reimbursement by the Commission on State Mandates for its implementation.

(d) At a minimum, the action plan shall do all of the following:

(1) Review and include the school and district conditions identified in the school accountability report card pursuant to Section 33126.

(2) Identify the current barriers at the school and district toward improvements in pupil achievement.

(3) Identify schoolwide and districtwide strategies to remove these barriers.

(4) Review and include school and school district crime statistics, in accordance with Section 628.5 of the Penal Code.

(5) Examine and consider disaggregated data regarding pupil achievement and other indicators to consider whether all groups and types of pupils make adequate progress toward short-term growth targets and long-term performance goals. The disaggregated data to be included and considered by the plan shall, at a minimum, provide information regarding the achievement of English language learners, pupils with exceptional needs, pupils who qualify for free and reduced price meals, and all pupils, by race, ethnicity, and gender.

(6) Set short-term academic objectives pursuant to Section 52052 for a two-year period that will allow the school to make adequate progress toward the growth targets established for each participating school for pupil achievement as measured by all of the following to the extent that the data is available for the school:

(A) The achievement test administered pursuant to Section 60640.

(B) Graduation rates for grades 7 to 12, inclusive.

(C) Attendance rates for pupils and school personnel for elementary, middle, and secondary schools.

(D) Any other indicators approved by the State Board of Education.

(e) The school action plan shall focus on improving pupil academic performance, improving the involvement of parents and guardians, improving the effective and efficient allocation of resources and management of the school, and identifying and developing solutions that take into account the underlying causes for low performance by pupils.

(f) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(g) The school action plan may propose to increase the number of instructional days offered at the schoolsite and also may propose to increase up to a full 12 months the amount of time for which certificated employees are contracted, if all of the following conditions are met:

(1) Provisions of the plan proposed pursuant to this subdivision shall not violate current applicable collective bargaining agreements.

(2) An agreement is reached with the exclusive representative concerning staffing specifically to accommodate the extended school year or 12-month contract.

(h) The team, in the development of the action plan, shall consult with the exclusive representatives of employee organizations, where they exist.

(i) Upon its completion, the action plan shall be submitted to the governing board of the school districts for its approval. After the plan is approved, but no later than May 15 of the year that follows the year the school is selected to participate, the plan shall be submitted to the Superintendent of Public Instruction with a request for funding in the form prescribed by the Superintendent of Public Instruction, who shall review the school action plan and recommend approval or disapproval of the school's request for funding to the State Board of Education.

(j) Not later than July 15 of the year next following the year in which a school is selected for participation, the State Board of Education shall review and approve or disapprove the school's request for funding, based on the recommendation of the Superintendent of Public Instruction. Within thirty days of the State Board of Education's review, the State Superintendent of Public Instruction shall notify the effected school districts of the state of the board's action regarding the request for funding. In conjunction with its approval of a request for funding to implement a school's action plan, the State Board of Education may, at the request of the governing board of the school district or the county board of education for a school under its jurisdiction, waive all or any part of any provision of this code, or any regulation adopted by the State Board of Education, controlling any of the programs listed in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761 and Section 64000 if the waiver does not result in a decrease in the instructional time otherwise required by law or regulation or an increase

in state costs and is determined to be consistent with subdivision (a) of Section 46300.

SEC. 4. Section 52054.5 of the Education Code is amended to read:

52054.5. Subject to the appropriation of funds for this purpose in the Budget Act, a school whose application is approved shall receive a grant for implementing the program, in each subsequent fiscal year that it participates in the program, in an amount up to two hundred dollars ($200) per pupil enrolled in the school, with a minimum allocation of fifty thousand dollars ($50,000) per schoolsite. As a condition of receiving this funding, a participating school or the school district having jurisdiction over that school shall match the amount of state funding from any new or existing sources of funding. To help meet this matching requirement, a participating school and the governing board of the school district having jurisdiction over that school shall receive maximum flexibility in the expenditure of any new or existing categorical funds not otherwise prohibited by state or federal law and shall redirect for the purposes of their academic improvement plan new or existing categorical or general purpose funds.

SEC. 5. Section 52055 of the Education Code is amended to read:

52055. The governing board of a school that fails to meet its annual short-term growth target within 12 months following receipt of funding pursuant to Section 52054.5 shall hold a public hearing at a regularly scheduled meeting to ensure that members of the school community are aware of the lack of progress. The governing board of the school district shall, upon consultation with the external evaluator and the schoolsite and community team selected pursuant to Section 52054, choose from a range of interventions for the school, including reassignment of school personnel to the extent authorized by law, negotiation of site-specific amendments to collective bargaining agreements, or other changes deemed appropriate, in order to continue implementing the action plan approved pursuant to Section 51054, and to make progress toward meeting the school's growth target.

SEC. 6. Section 52055.5 of the Education Code is amended to read:

52055.5. (a) Twenty-four months after receipt of funding pursuant to Section 52054.5, a school that has met or exceeded its growth target each year shall receive a monetary or nonmonetary award, under the Governor's Performance Award Program, as set forth in Section 52057. Funds received pursuant to that section may be used at the school's discretion.

(b) Twenty-four months after receipt of funding pursuant to Section 52054.5, a school that has not met its growth targets each year, but demonstrates significant growth, as determined by the State Board of Education, shall continue to participate in the program for an additional year and to receive funding in the amount specified in Section 52054.5.

Thirty-six months after receipt of funds pursuant to Section 52054.5, a school is no longer eligible to receive funding pursuant to that section.

(c) A school that does not meet its growth targets within the periods described in either subdivision (a) or (b), as applicable, and has failed to show significant growth, as determined by the State Board of Education, shall be deemed a low-performing school. Notwithstanding any other provision of law, the Superintendent of Public Instruction shall assume all the legal rights, duties, and powers of the governing board with respect to that school. The Superintendent of Public Instruction, in consultation with the State Board of Education and the governing board of the school district, shall reassign the principal of that school subject to the findings in subdivision (e). In addition to reassigning the principal, the Superintendent of Public Instruction, in consultation with the State Board of Education, shall, notwithstanding any other provision of law, do at least one of the following:

(1) Revise attendance options for pupils to allow them to attend any public school in which space is available. If additional attendance options are made available, nothing in this option shall be construed to require either the sending or receiving school district to incur additional transportation costs.

(2) Allow parents to apply directly to the State Board of Education for the establishment of a charter school and allow parents to establish the charter school at the existing schoolsite.

(3) Under the supervision of the Superintendent of Public Instruction, assign the management of the school to a college, university, county office of education, or other appropriate educational institution. However, the Superintendent of Public Instruction may not assume the management of the school.

(4) Reassign other certificated employees of the school.

(5) Renegotiate a new collective bargaining agreement at the expiration of the existing collective bargaining agreement.

(6) Reorganize the school.

(7) Close the school.

(d) In addition to the actions listed in subdivision (c), the Superintendent of Public Instruction, in consultation with the State Board of Education, may take any other action considered necessary or desirable against the school district or the school district governing board, including appointment of a new superintendent or suspension of the authority of the governing board with respect to the school or schools identified pursuant to subdivision (c).

(e) Before the Superintendent of Public Instruction may take any action against a principal pursuant to subdivision (c), the Superintendent of Public Instruction or a designee of the superintendent shall hold a

public hearing on the matter in the school district and make both of the following findings:

(1) A finding that the principal had the authority to take specific enumerated actions that would have helped the school meet its performance goals.

(2) A finding that the principal failed to take specific enumerated actions pursuant to paragraph (1).

(f) An action taken pursuant to subdivision (c), (d), or (e) shall not increase local costs or require reimbursement by the Commission on State Mandates.

(g) An action taken pursuant to subdivision (c), (d), or (e) shall be accompanied by specific findings by the Superintendent of Public Instruction and the State Board of Education that the action is directly related to the identified causes for continued failure by a school to meet its performance goals.

SEC. 7. Section 52056 of the Education Code is amended to read:

52056. (a) The High Achieving/Improving Schools Program is hereby established. Commencing in June 2000, and every June thereafter, the Superintendent of Public Instruction, with approval of the State Board of Education, shall rank all public schools based on the Academic Performance Index established pursuant to Section 52052. The schools shall be ranked by the value of the API in decile categories by grade level of instruction provided and shall include three categories: elementary, middle, and high school. The schools shall also be ranked by the value of the API when compared to schools with similar characteristics. Commencing in June 2001, the Superintendent of Public Instruction shall also report the target annual growth rates of schools, and the actual growth rates attained by the schools. For purposes of this section, similar characteristics include, but are not limited to, the following characteristics, insofar as data is available from the State Department of Education's data: pupil mobility, pupil ethnicity, pupil socioeconomic status, percentage of teachers who are fully credentialed, percentage of teachers who hold emergency credentials, percentage of pupils who are English language learners, average class size per grade level, and whether the schools operate multitrack year-round educational programs. The Superintendent of Public Instruction shall annually publish these rankings on the Internet.

(b) All schools shall report their ranking, including a description of the components of the API, in their annual school accountability report card pursuant to Sections 33126 and 35256.

(c) Following the annual publication of the API and school rankings by the Superintendent of Public Instruction, the governing board of each school district shall discuss the results of the annual ranking at the next regularly scheduled meeting.

SEC. 8. Section 52057 of the Education Code is amended to read:

52057. (a) The State Board of Education shall establish a Governor's Performance Award Program to provide monetary and nonmonetary awards to schools that meet or exceed API performance growth targets established pursuant to Section 52052, and demonstrate comparable improvement in academic achievement by all numerically significant ethnic and socioeconomically disadvantaged subgroups within schools. For purposes of this section, an ethnic or socioeconomically disadvantaged subgroup of at least 100 pupils constitutes a numerically significant subgroup, even if the subgroup does not constitute 15 percent of the total enrollment at a school.

(b) All schools, including schools participating in the Immediate Intervention/Underperforming Schools Program are eligible to participate in the Governor's Performance Award Program. The manner and form in which the monetary and nonmonetary awards are given shall be established by the Superintendent of Public Instruction and approved by the State Board of Education. The monetary awards shall be made available on either a per pupil or per school basis, not to exceed one hundred fifty dollars ($150) per pupil enrolled and subject to funds appropriated in the annual Budget Act. A school that continues to show improvement in successive years is eligible to receive annual bonuses.

(c) In addition to or in substitution of monetary awards, the Superintendent of Public Instruction may establish, upon approval by the State Board of Education, nonmonetary awards that may include, but are not limited to, classification as a distinguished school, listing on a published public school honor roll, and public commendations by the Governor and the Legislature.

(d) A governing board of a school district or a county board of education with one or more schools under its jurisdiction that are eligible to receive an award from the Governor's Performance Award Program may request on behalf of those schools that the State Board of Education waive all or any part of any provision of this code, or any regulation adopted by the State Board of Education, controlling any of the programs listed in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761 and Section 64000. The board may grant the request if the waiver does not result in a decrease in the instructional time otherwise required by law or regulation or an increase in state costs and is determined to be consistent with subdivision (a) of Section 46300. The waiver shall be granted for no more than three consecutive fiscal years. A governing board of a school district or a county board of education may request a renewal for schools under their jurisdiction that still meet the eligibility criteria.

(e) The waiver granted pursuant to subdivision (d) of Section 52057 may also provide the governing board of a school district or a county

board of education with maximum flexibility, on the part of eligible schools within the districts, in the expenditure of any new or existing categorical funds not otherwise prohibited under state or federal law to enable the school to continue improvement in pupil performance.

SEC. 8.5. Section 52057 of the Education Code is amended to read:

52057. (a) The State Board of Education shall establish a Governor's Performance Award Program to provide monetary and nonmonetary awards to schools that meet or exceed API performance growth targets established pursuant to Section 52052, and demonstrate comparable improvement in academic achievement by all numerically significant ethnic and socioeconomically disadvantaged subgroups within schools. For purposes of this section, an ethnic or socioeconomically disadvantaged subgroup of at least 100 pupils constitutes a numerically significant subgroup, even if the subgroup does not constitute 15 percent of the total enrollment at school.

(b) All schools, including schools participating in the Immediate Intervention/Underperforming Schools Program are eligible to participate in the Governor's Performance Award Program. The manner and form in which the monetary and nonmonetary awards are given shall be established by the Superintendent of Public Instruction and approved by the State Board of Education. The monetary awards shall be made available on either a per pupil or per school basis, not to exceed one hundred fifty dollars ($150) per pupil enrolled and subject to funds appropriated in the annual Budget Act. A school that continues to show improvement in successive years is eligible to receive annual bonuses.

(c) In addition to or in substitution of monetary awards, the Superintendent of Public Instruction may establish, upon approval by the State Board of Education, nonmonetary awards that may include, but are not limited to, classification as a distinguished school, listing on a published public school honor roll, and public commendations by the Governor and the Legislature.

(d) A governing board of a school district or a county board of education with one or more schools under its jurisdiction that are eligible to receive an award from the Governor's Performance Award Program may request on behalf of those schools that the State Board of Education waive all or any part of any provision of this code, or any regulation adopted by the State Board of Education, controlling any of the programs listed in clause (i) of subparagraph (B) of paragraph (1) of subdivision (a) of Section 54761 and Section 64000, and the board may grant the request if the waiver does not result in a decrease in the instructional time otherwise required by law or regulation or an increase in state costs and is determined to be consistent with subdivision (a) of Section 46300. The waiver shall be granted for no more than three consecutive fiscal years. A governing board of a school district or a

county board of education may request a renewal for schools under their jurisdiction that still meet the eligibility criteria.

(e) The waiver granted pursuant to subdivision (d) of Section 52057 may also provide the governing board of a school district or a county board of education with maximum flexibility, on the part of eligible schools within the districts, in the expenditure of any new or existing categorical funds not otherwise prohibited under state or federal law to enable the school to continue improvement in pupil performance.

SEC. 9. Section 52058 of the Education Code is amended to read:

52058. (a) Each school district with schools participating in the Immediate Intervention/Underperforming Schools Program established pursuant to Section 52053 shall submit to the Superintendent of Public Instruction an evaluation of the impact, costs, and benefits of the program as it relates to the school district and the schools under its jurisdiction that are participating in the program and whether or not the schools met their growth targets, with an analysis of the reasons why the schools have or have not met those growth targets. Costs to develop and submit the evaluation shall be funded with resources provided pursuant to Article 3 (commencing with Section 52053). The evaluation shall be submitted by November 30, subsequent to the first full year of action plan implementation by participating schools, and on November 30, of each year thereafter.

(b) By January 15, 2000, the Superintendent of Public Instruction shall develop, and the State Board of Education shall approve, the guidelines for a request for proposal for an independent evaluator as described in this subdivision. By September 1, 2000, the Superintendent of Public Instruction shall contract with an independent evaluator to prepare a comprehensive evaluation of the implementation, impact, costs, and benefits of the Immediate Intervention/Underperforming Schools Program and the High Achieving/Improving Schools Program. The preliminary results of the evaluation shall be disseminated to the Legislature, the Governor, and interested parties no later than March 31, 2002, with a final report no later than June 30, 2002. The final report shall include recommendations for necessary or desirable modifications to the programs established pursuant to this chapter.

(c) The evaluations shall consider all of the following:

(1) Pupil performance data, including, but not limited to, results of assessments used to determine whether or not schools have made significant progress towards meeting their growth targets.

(2) Program implementation data, including, but not limited to, a review of startup activities, community support, parental participation, staff development activities associated with implementation of the program, percentage of fully credentialed teachers, percentage of teachers who hold emergency credentials, percentage of teachers

assigned outside their subject area of competence, the accreditation status of the school if appropriate, average class size per grade level, and the number of pupils in a multitrack year-round educational program.

(3) (A) Pupil performance data, and its impact on the API, for each of the following subgroups:

(i) English language learners.

(ii) Pupils with exceptional needs.

(iii) Pupils that qualify for free or reduced price meals and are enrolled in schools that receive funds under Chapter 1 of the federal Elementary and Secondary Education Act of 1965, as amended by the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988 (P.L. 100-290).

(B) Information concerning individual pupils may not be disclosed in the process of preparing pupil performance data pursuant to this subdivision.

(d) The Superintendent of Public Instruction shall recommend and the State Board of Education shall approve a schedule for biennial evaluations of the programs established pursuant to this chapter, subsequent to the evaluation required by this section. The biennial evaluations shall be submitted, with appropriate recommendations, by June 30 of every odd-numbered year, commencing with the year 2003.

SEC. 10. Section 2 of Chapter 3 of the Statutes of 1999, of the First Extraordinary Session, is amended to read:

(3) Ninety-six million one hundred fifty thousand dollars ($96,150,000) from the General Fund to the Superintendent of Public Instruction for allocation to school districts that meet or exceed performance growth targets established by the board pursuant to the

High Achieving/Improving Schools Program as set forth in Article 4 (commencing with Section 52056) of Chapter 6.1 of Part 28 of the Education Code. Funds appropriated pursuant to this paragraph that have not been allocated by June 30, 2000, shall be available for allocation and expenditure for purposes of this paragraph in the 2000–01 fiscal year.

(4) Nine hundred thousand dollars ($900,000) from the General Fund to the Superintendent of Public Instruction to provide support services related to programs established by the Public Schools Accountability Act of 1999 pursuant to Chapter 6.1 (commencing with Section 52050) of Part 28 of the Education Code.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by paragraphs (1) and (3) shall be deemed to be ''General Fund revenues appropriated for school districts,'' as defined in subdivision (c) of Section 41202 of the Education Code, for the 1999–2000 fiscal year, and included within the ''total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202 of the Education Code, for the 1999–2000 fiscal year.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 12. Section 8.5 of this bill incorporates amendments to Section 52057 of the Education Code proposed by both this bill and SB 961. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2001, (2) each bill amends Section 52057 of the Education Code, and (3) this bill is enacted after SB 961, in which case Section 52057 of the Education Code, as amended by Section 6 of this bill, shall remain operative only until January 1, 2001, at which time Section 8.5 of this bill shall become operative.

CHAPTER 5.6. OCCUPATIONAL THERAPY

2570. This chapter may be cited as the Occupational Therapy Practice Act.

2570.1. The Legislature finds and declares that the practice of occupational therapy in California affects the public health, safety, and welfare and there is a necessity for that practice to be subject to regulation and control.

2570.2. As used in this chapter, unless the context requires otherwise:

(a) ''Appropriate supervision of an aide'' means that the responsible occupational therapist shall provide direct in-sight supervision when the aide is providing delegated client-related tasks and shall be readily available at all times to provide advice or instruction to the aide. The occupational therapist is responsible for documenting the client's record concerning the delegated client-related tasks performed by the aide.

(b) ''Aide'' means an individual who provides supportive services to an occupational therapist and who is trained by an occupational therapist to perform, under appropriate supervision, delegated, selected client and nonclient-related tasks for which the aide has demonstrated competency. An occupational therapist licensed pursuant to this chapter may utilize the services of one aide engaged in patient-related tasks to assist the occupational therapist in his or her practice of occupational therapy. An occupational therapy assistant shall not supervise an aide engaged in client-related tasks.

(c) ''Association'' means the Occupational Therapy Association of California or a similarly constituted organization representing occupational therapists in this state.

(d) ''Board'' means the California Board of Occupational Therapy.

(e) ''Examination'' means an entry level certification examination for occupational therapists and occupational therapy assistants administered by the National Board for Certification in Occupational Therapy or by another nationally recognized credentialing body.

(f) ''Good standing'' means that the person has a current, valid license to practice occupational therapy or assist in the practice of occupational therapy and has not been disciplined by the recognized professional certifying or standard-setting body within five years prior to application or renewal of the person's license.

(g) ''Occupational therapist'' means an individual who meets the minimum education requirements specified in Section 2570.6 and is licensed pursuant to the provisions of this chapter and whose license is in good standing as determined by the board to practice occupational therapy under this chapter. Only the occupational therapist is responsible for the occupational therapy assessment of a client, and the development of an occupational therapy plan of treatment.

(h) ''Occupational therapy assistant'' means an individual who is certified pursuant to the provisions of this chapter, who is in good standing as determined by the board, and based thereon, who is qualified to assist in the practice of occupational therapy under this chapter, and who works under the appropriate supervision of a licensed occupational therapist.

(i) ''Occupational therapy services'' means the services of an occupational therapist or the services of an occupational therapy assistant under the appropriate supervision of an occupational therapist.

(j) ''Person'' means an individual, partnership, unincorporated organization, or corporation.

(k) ''Practice of occupational therapy'' means the therapeutic use of purposeful and meaningful goal-directed activities (occupations) which engage the individual's body and mind in meaningful, organized, and self-directed actions that maximize independence, prevent or minimize disability, and maintain health. Occupational therapy services encompass occupational therapy assessment, treatment, education of, and consultation with, individuals who have been referred for occupational therapy services subsequent to diagnosis of disease or disorder (or who are receiving occupational therapy services as part of an Individualized Education Plan (IEP) pursuant to the federal Individuals with Disabilities Education Act (IDEA)). Occupational therapy assessment identifies performance abilities and limitations that are necessary for self-maintenance, learning, work, and other similar meaningful activities. Occupational therapy treatment is focused on developing, improving, or restoring functional daily living skills, compensating for and preventing dysfunction, or minimizing disability. Occupational therapy techniques that are used for treatment involve teaching activities of daily living (excluding speech language skills); designing or fabricating selective temporary orthotic devices, and applying or training in the use of assistive technology or orthotic and prosthetic devices (excluding gait training). Occupational therapy

consultation provides expert advice to enhance function and quality of life. Consultation or treatment may involve modification of tasks or environments to allow an individual to achieve maximum independence. Services are provided individually, in groups, or through social groups.

(*l*) ''Hand therapy'' means the treatment of the hand, wrist, and forearm.

2570.3. (a) No person shall practice occupational therapy or hold himself or herself out as an occupational therapist or as being able to practice occupational therapy, or to render occupational therapy services in this state unless he or she is licensed as an occupational therapist under the provisions of this chapter. No person shall hold himself or herself out as an occupational therapy assistant or work as an occupational therapy assistant under the supervision of an occupational therapist unless he or she is certified as an occupational therapy assistant under the provisions of this chapter.

(b) Only an individual may be licensed or certified under this chapter.

(c) Nothing in this chapter shall be construed as authorizing an occupational therapist to practice physical therapy, as defined in Section 2620; speech-language pathology or audiology, as defined in Section 2530.2; nursing, as defined Section 2725; psychology, as defined in Section 2903; or spinal manipulation or other forms of healing, except as authorized by this section.

(d) An occupational therapist may provide feeding or swallowing assessment, evaluation, or intervention if the therapist has demonstrated to the satisfaction of the board that he or she has met educational training, and competency requirements that the board shall develop in collaboration with the Speech-Language Pathology and Audiology Board.

(e) Nothing in this chapter shall be construed as authorizing an occupational therapist to seek reimbursement for services other than for the practice of occupational therapy as defined in this chapter.

(f) ''Supervision of an occupational therapy assistant'' means that the responsible occupational therapist shall at all times be responsible for all occupational therapy services provided to the client. The occupational therapist who is responsible for appropriate supervision shall formulate and document in each client's record, with his or her signature, the goals and plan for that client, and shall make sure that the occupational therapy assistant assigned to that client functions under appropriate supervision. As part of the responsible occupational therapist's appropriate supervision, he or she shall conduct at least weekly review and inspection of all aspects of occupational therapy services by the occupational therapy assistant.

(1) The supervising occupational therapist has the continuing responsibility to follow the progress of each patient, provide direct care to the patient, and to assure that the occupational therapy assistant does not function autonomously.

(2) An occupational therapist shall not supervise more occupational therapy assistants, at any one time, than can be appropriately supervised in the opinion of the board. Two occupational therapy assistants shall be the maximum number of occupational therapy assistants supervised by an occupational therapist at any one time, but the board may permit the supervision of a greater number by an occupational therapist if, in the opinion of the board, there would be adequate supervision and the public's health and safety would be served. In no case shall the total number of occupational therapy assistants exceed twice the number of occupational therapists regularly employed by a facility at any one time.

(g) On and after January 1, 2005, any occupational therapist providing hand therapy services shall be certified by the Hand Therapy Certification Commission and shall maintain this certification in order to continue to provide hand therapy services.

(1) Techniques used by hand therapists to augment occupational therapy treatment are physical agent modalities and massage.

(2) On and after January 1, 2002, occupational therapists who are seeking certification by the Hand Therapy Certification Commission, and who have duly notified the board in writing of their intent to seek that certification, may provide hand therapy services under the supervision of an occupational therapist or physical therapist certified by the Hand Therapy Certification Commission in order to complete the experience requirements for certification.

(3) The board shall promulgate rules and regulations specifically pertaining to the practice of hand therapy by a person licensed under this chapter.

(h) In developing the rules and regulations required under this section, the board shall collaborate with the Physical Therapy Board of California and the Board of Registered Nursing.

2570.4. Nothing in this chapter shall be construed as preventing or restricting the practice, services, or activities of any of the following persons:

(a) Any person licensed, certified, or otherwise recognized in this state by any other law or regulation when that person is engaged in the profession or occupation for which he or she is licensed, certified, or otherwise recognized.

(b) Any person pursuing a supervised course of study leading to a degree or certificate in occupational therapy at an accredited educational program, if the person is designated by a title which clearly indicates his or her status as a student or trainee.

(c) Any person fulfilling the supervised fieldwork experience requirements of subdivision (c) of Section 2570.6, if the experience constitutes a part of the experience necessary to meet the requirement of that provision.

(d) Any person performing occupational therapy services in the state, if those services are performed for no more than 45 days in a calendar year in association with an occupational therapist licensed under this chapter, and if either of the following conditions is satisfied:

(1) The person is licensed under the laws of another state which the board determines has licensure requirements at least as stringent as the requirements of this chapter.

(2) The person successfully completes the entry-level certification examination requirement described in subdivision (b) of Section 2570.7.

(e) Any person employed as an aide subject to the supervision requirements of this section.

2570.5. (a) A limited permit may be granted to any person who has completed the education and experience requirements of this chapter.

(b) A person who meets the qualifications to be admitted to the examination for licensure or certification under this chapter and is awaiting the announcement of the results of the next succeeding examination, according to the application requirements for a limited permit, may practice as an occupational therapist or as an occupational therapy assistant under the direction and appropriate supervision of an occupational therapist duly licensed under this chapter. If that person fails to qualify for or pass the first announced examination, all privileges under this section shall automatically cease upon due notice to the applicant of that failure and may not be renewed.

An act to amend Sections 12698, 12705, and 12725 of the Insurance Code, relating to health insurance, and making an appropriation therefor.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California Indian Health Insurance Purchase Act of 1999.

SEC. 2. The Legislature finds and declares all of the following:

(a) California's Native American tribes lack access to adequate health care services and to health care coverage. The rural areas in which tribes traditionally have resided and the lack of employment relationships of some tribal members make health care coverage difficult to obtain for California's federally recognized Indian tribes and their members.

(b) At least two licensed health care service plans have agreed to offer group health care coverage to members of California tribes under certain conditions, including requirements pertaining to eligibility, participation, and tribal contributions toward premiums, and have agreed to file an undertaking with the Department of Managed Care describing these efforts. These health plans have also agreed to make affirmative efforts to market this coverage to tribes in California.

(c) It is the intent of the Legislature that these health care service plans provide information to the Department of Managed Care, beginning on or before December 31, 2001, on their marketing efforts to California tribes, the number of tribes that elect to purchase coverage, the number of tribal members that are covered pursuant to agreements with these health plans, and the participation of agents and brokers in this effort. It is the intent of the Legislature that these reports continue annually until December 31, 2006.

12698. To be eligible to participate in the program, a person shall meet all of the following requirements:

(a) Be a resident of the state for at least six continuous months prior to application. A person who is a member of a federally recognized California Indian tribe is a resident of the state for these purposes.

(b) (1) Until the first day of the second month following the effective date of the amendment made to this subdivision in 1994, have a household income that does not exceed 250 percent of the official federal poverty level unless the board determines that the program funds are adequate to serve households above that level.

(2) Upon the first day of the second month following the effective date of the amendment made to this subdivision in 1994, have a household income that is above 200 percent of the official federal poverty level but does not exceed 250 percent of the official federal poverty level unless the board determines that the program funds are adequate to serve households above the 250 percent of the official federal poverty level.

(c) Pay an initial subscriber contribution of not more than fifty dollars ($50), and agree to the payment of the complete subscriber contribution. A federally recognized California Indian tribal government may make the initial and complete subscriber contributions on behalf of a member of the tribe only if a contribution on behalf of members of federally recognized California Indian tribes does not limit or preclude federal financial participation under Title XXI of the Social Security Act. If a federally recognized California Indian tribal government makes a contribution on behalf of a member of the tribe, the tribal government shall ensure that the subscriber is made aware of all the health plan options available in the county where the member resides..

SEC. 4. Section 12705 of the Insurance Code is amended to read:

12705. For the purposes of this part, the following terms have the following meanings:

(a) ''Applicant'' means an individual who applies for major risk medical coverage through the program.

(b) ''Board'' means the Managed Risk Medical Insurance Board.

(c) ''Fund'' means the Major Risk Medical Insurance Fund, from which the program may authorize expenditures to pay for medically necessary services which exceed subscribers' contributions, and for administration of the program.

(e) ''Participating health plan'' means a private insurer (1) holding a valid outstanding certificate of authority from the Insurance Commissioner, a nonprofit hospital service plan qualifying under Chapter 11A (commencing with Section 11491) of Part 2 of Division 2, a nonprofit membership corporation lawfully operating under the Nonprofit Corporation Law (Division 2 (commencing with Section

5000) of the Corporations Code), or a health care service plan as defined under subdivision (f) of Section 1345 of the Health and Safety Code, which is lawfully engaged in providing, arranging, paying for, or reimbursing the cost of personal health care services under insurance policies or contracts, medical and hospital service agreements, or membership contracts, in consideration of premiums or other periodic charges payable to it, and (2) which contracts with the program to administer major risk medical coverage to program subscribers.

(f) ''Plan rates'' means the total monthly amount charged by a participating health plan for a category of risk.

(g) ''Program'' means the California Major Risk Medical Insurance Program.

(h) ''Subscriber'' means an individual who is eligible for and receives major risk medical coverage through the program, and includes a member of a federally recognized California Indian tribe.

(i) ''Subscriber contribution'' means the portion of participating health plan rates paid by the subscriber, or paid on behalf of the subscriber by a federally recognized California Indian tribal government. If a federally recognized California Indian tribal government makes a contribution on behalf of a member of the tribe, the tribal government shall ensure that the subscriber is made aware of all the health plan options available in the county where the member resides.

SEC. 5. Section 12725 of the Insurance Code is amended to read:

12725. Each resident of the state meeting the eligibility criteria of this section and who is unable to secure adequate private health coverage is eligible to apply for major risk medical coverage through the program. For these purposes, ''resident'' includes a member of a federally recognized California Indian tribe. To be eligible for enrollment in the program an applicant shall have been rejected for health care coverage by at least one private health plan. An applicant shall be deemed to have been rejected if the only private health coverage which the applicant could secure would (1) impose substantial waivers which the program determines would leave a subscriber without adequate coverage for medically necessary services, or (2) would afford such limited coverage, as the program determines would leave the subscriber without adequate coverage for medically necessary services, or (3) would afford coverage only at an excessive price, which the board determines is significantly above standard average individual coverage rates. Rejection for policies or certificates of specified disease or policies or certificates of hospital confinement indemnity, as described in Section 10198.61, shall not be deemed to be rejection for the purposes of eligibility for enrollment. The board may permit dependents of eligible subscribers to enroll in major risk medical coverage through the program if the board determines the

enrollment can be carried out in an actuarially and administratively sound manner.

CHAPTER 702

An act to amend Sections 17021 and 17055 of the Health and Safety Code, relating to housing.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 17021 of the Health and Safety Code is amended to read:

17021. (a) Except as provided in Sections 17021.5 and 17021.6, local use zone requirements, local fire zones, property line, source of water supply and method of sewage disposal requirements are hereby specifically and entirely reserved to the local jurisdictions.

(b) Notwithstanding any other provision of law, with respect to a building permit, grading permit, or other approval from a city or county building department for the rehabilitation of real property improvements that are or will be employee housing for agricultural employees, or from a city or county health department for the operation, construction, or repair of a water system or waste disposal system servicing employee housing for agricultural employees, all of the following processing requirements shall apply:

(1) The local building or health department shall have up to 60 calendar days to approve or deny a complete application or permit request accompanied by applicable fees, or a shorter time period if required by the Permit Streamlining Act (Chapter 4.5 (commencing with Section 65920) of Division 1 of Title 7 of the Government Code). An application or permit request may be denied on procedural grounds only if the denial occurs within 30 calendar days and the denial includes an itemization of the procedural defects. An application or permit request may be denied on substantive grounds if the denial includes an itemization of all substantive defects.

(2) If the application or permit request is not approved or denied by the local building or health department within the period prescribed by paragraph (1), then the Department of Housing and Community Development may approve the application or permit request if it determines that the plans are consistent with all applicable building codes and health and safety requirements. At that time, the applicant may

initiate any work consistent with the application or permit approved pursuant to this subdivision. Upon completion of the work, any other state or local agency shall accept the improvements as if they had been approved by the local building or health department. However, if that other local agency identifies any defects that would have resulted in that agency's disapproval of the improvements or plans thereto, those defects may be identified by the agency and shall be corrected by the applicant. The local building or health department shall inspect the plans and improvements prior to and during rehabilitation and issue a certificate of completion if the work is consistent with the plans and all applicable building codes and health and safety requirements.

(c) Nothing in this section shall be construed to exempt an application or permit request from complying with the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code).

(d) For purposes of this section, ''agricultural employee'' has the same meaning specified in subdivision (b) of Section 1140.4 of the Labor Code.

SEC. 2. Section 17055 of the Health and Safety Code is amended to read:

17055. (a) Any person residing in employee housing subject to this part may file an administrative complaint orally or in writing with the enforcement agency. The enforcement agency shall deliver a summary or copy of the complaint, by mail or in person, to the owner or operator, at the time of filing the complaint.

(b) If a civil action under this part has not been filed by the enforcement agency within 21 days after receipt of the complaint, the complainant may bring a civil action for injunctive or declaratory relief and appropriate statutory damages, civil penalties, actual damages, penalties, and other remedies which arise from any violation of this part, building standards published in the State Building Standards Code relating to employee housing, regulations adopted pursuant to this part, or conditions of the permit.

(c) In any civil action under this section, if the enforcement agency certifies that the employee housing is in compliance with this part, building standards published in the State Building Standards Code relating to employee housing, regulations adopted pursuant to this part, and conditions of the permit, no injunctive relief related to mandatory repairs shall be granted with respect to any alleged violation covered by the certificate.

(d) In any civil action brought by a private person or entity under this section, the private person or entity may be granted reasonable attorney's fees and costs, in addition to any other remedy granted, if the private person or entity prevails, and if the trier of fact finds that the violations

involve retaliation or are so extensive and of such a nature that the immediate health and safety of residents or the public is endangered or has been endangered.

(e) If a complainant alleges, and the court finds, that residents of the employee housing were in imminent peril as a result of serious violations of this part, the complainant may immediately proceed with the filing of a civil action without regard to the 21-day waiting period specified in subdivision (b).

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 703

An act to amend Sections 44227, 44253, 44274, 44274.2, and 44275.3 of, to add Sections 44270.3, 44270.4, 44274.1, and 44275.4 to, and to repeal Section 44274.4 of, the Education Code, relating to teacher credentialing, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

On this date I have signed Assembly Bill No. 877 with a reduction.

This bill would make specified changes to the requirements governing the issuance of a California teaching credential to teachers who have been trained in other states, and the issuance of a professional services credential to school administrators who have been trained in other states. It would also authorize the Commission on Teacher Credentialing to contract for studies of teacher and administrator training requirements in other states.

The appropriation in this bill, however, is in excess of the amount needed for these studies. Therefore, I am reducing the appropriation contained in this bill by $150,000 to reflect the actual amount needed to conduct the studies of teacher and administrator training requirements in other states. The revised appropriation shall be $350,000.

An act relating to child care, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The sum of forty-two million dollars ($42,000,000) is hereby appropriated from the General Fund to the State Department of Education for the purposes of funding, on a one-time basis, the following activities related to child care and development services:

(1) Expansion of child care facilities in state-subsidized centers through the purchase of portable facilities or renovation and remodeling of existing space through the Child Care Facilities Revolving Fund established pursuant to Section 8278.3.

(2) Grants for repairs and modifications to existing state-subsidized child care facilities to comply with health and safety and other licensing requirements and the federal Americans With Disabilities Act, and to increase inclusion of children with disabilities.

(3) Grants for equipment and instructional materials for state-subsidized child care providers, including those necessary to increase the inclusion of children with disabilities. (4) Grants for state-subsidized child care providers to bring playground equipment into compliance with regulatory requirements.

(b) It is intended that the State Department of Education not impose traditional limits on grant amounts or on the number of grants to child care providers for purposes of paragraphs (2), (3), or (4) of subdivision (a), in order to maximize service to children where need is demonstrated. The State Department of Education shall give priority in the allocation of funds pursuant to subdivision (a) to underserved areas and to expanding capacity to serve disabled children.

(c) (1) Funds appropriated pursuant to the act adding this section shall not be available for expenditure until an allocation plan is submitted by the State Department of Education to the Department of Finance and the Department of Finance approves the plan. The allocation plan shall include, but is not limited to, the amounts of funding that will be set aside for each of the purposes specified in subdivision (a), specific criteria for ensuring that priority is given to underserved areas, and specific criteria for expanding child care capacity to serve disabled children.

(2) The State Department of Education shall report to the Legislature and the Department of Finance on or before September 1 of each fiscal year, commencing with September 1, 2001, and for three years thereafter, on the implementation of the allocation plan described in paragraph (2). The report shall include the numbers of applications and funding by type of use, the child care capacity generated, and the amount of funds remaining for allocation.

(d) (1) The Department of Finance may consider and approve an amount equal to a maximum of 30 percent of the funds appropriated pursuant to subdivision (a), as determined by the State Department of Education, to be granted to local planning councils or resource and referrals agencies for purposes of increasing the capacity of nonstate subsidized child care providers to serve disabled children in child care settings that meet their developmental needs, consistent with the intent of the Child Care and Development Services Act pursuant to Chapter 2

(commencing with Section 8200) of Part 6. A local planning council or resource and referral agency may expend funds granted to it pursuant to this subdivision for any of the following:

(2) Any proposed allocations subject to this subdivision shall include a detailed description of and justification for the features of the program and shall include the specific uses of the funds that may be authorized, the amount and range of loan amounts, fiscal accountability requirements for administering agencies including loan repayments, and loan requirements for child care providers that assure the funds are utilized to efficiently increase services to children receiving subsidies through state alternative payment programs, including those serving CalWORKs populations.

(e) The Legislature finds and declares that funds allocated for purposes of subdivision (d) serve an essential educational purpose as a resource for public elementary and secondary schools and are intended to the educational mission of school districts and further the education of public school pupils and others by providing early childhood development for school readiness. It is, therefore, the intent of the Legislature that, notwithstanding Section 42102 of the Education Code, the appropriation made by subdivision (a), for purposes of subdivisions (a) and (d), shall be counted toward the state minimum funding obligation of the public school system under Section 8 of Article XVI of the California Constitution.

(f) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be ''General Fund revenue appropriated for school districts,'' as defined in subdivision (c) of Section 41202 of the Education Code, for the 2000–01 fiscal year, and included within the "total allocations to school districts and community college from General Fund proceeds of taxes appropriated pursuant to Article XIII B,'' as defined in subdivision (e) of Section 41202 of the Education Code for the 2000–01 fiscal year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide necessary funding for child care purposes, it is necessary that this act take effect immediately.

SEC. 4. Section 25102 of the Corporations Code is amended to read:

25102. The following transactions are exempted from the provisions of Section 25110:

(a) Any offer (but not a sale) not involving any public offering and the execution and delivery of any agreement for the sale of securities pursuant to the offer if (1) the agreement contains substantially the following provision: ''The sale of the securities that are the subject of this agreement has not been qualified with the Commissioner of Corporations of the State of California and the issuance of the securities or the payment or receipt of any part of the consideration therefor prior to the qualification is unlawful, unless the sale of securities is exempt from the qualification by Section 25100, 25102, or 25105 of the California Corporations Code. The rights of all parties to this agreement are expressly conditioned upon the qualification being obtained, unless the sale is so exempt''; and (2) no part of the purchase price is paid or received and none of the securities are issued until the sale of the securities is qualified under this law unless the sale of securities is exempt from the qualification by this section, Section 25100, or 25105.

(b) Any offer (but not a sale) of a security for which a registration statement has been filed under the Securities Act of 1933 but has not yet become effective, or for which an offering statement under Regulation A has been filed but has not yet been qualified, if no stop order or refusal order is in effect and no public proceeding or examination looking toward such an order is pending under Section 8 of the act and no order under Section 25140 or subdivision (a) of Section 25143 is in effect under this law.

(c) Any offer (but not a sale) and the execution and delivery of any agreement for the sale of securities pursuant to the offer as may be permitted by the commissioner upon application. Any negotiating permit under this subdivision shall be conditioned to the effect that none of the securities may be issued and none of the consideration therefor may be received or accepted until the sale of the securities is qualified under this law.

(d) Any transaction or agreement between the issuer and an underwriter or among underwriters if the sale of the securities is qualified, or exempt from qualification, at the time of distribution thereof in this state, if any.

(e) Any offer or sale of any evidence of indebtedness, whether secured or unsecured, and any guarantee thereof, in a transaction not involving any public offering.

(f) Any offer or sale of any security in a transaction (other than an offer or sale to a pension or profit-sharing trust of the issuer) that meets each of the following criteria:

(1) Sales of the security are not made to more than 35 persons, including persons not in this state.

(2) All purchasers either have a preexisting personal or business relationship with the offeror or any of its partners, officers, directors or controlling persons, or managers (as appointed or elected by the members) if the offeror is a limited liability company, or by reason of their business or financial experience or the business or financial experience of their professional advisors who are unaffiliated with and who are not compensated by the issuer or any affiliate or selling agent of the issuer, directly or indirectly, could be reasonably assumed to have the capacity to protect their own interests in connection with the transaction.

(3) Each purchaser represents that the purchaser is purchasing for the purchaser's own account (or a trust account if the purchaser is a trustee) and not with a view to or for sale in connection with any distribution of the security.

(4) The offer and sale of the security is not accomplished by the publication of any advertisement. The number of purchasers referred to above is exclusive of any described in subdivision (i), any officer, director, or affiliate of the issuer, or manager (as appointed or elected by the members) if the issuer is a limited liability company, and any other purchaser who the commissioner designates by rule. For purposes of this section, a husband and wife (together with any custodian or trustee acting for the account of their minor children) are counted as one person and a partnership, corporation, or other organization that was not specifically formed for the purpose of purchasing the security offered in reliance upon this exemption, is counted as one person. The commissioner may by rule require the issuer to file a notice of transactions under this subdivision. However, the failure to file the notice or the failure to file the notice within the time specified by the rule of the commissioner shall not affect the availability of this exemption. An issuer who fails to file the notice as provided by rule of the commissioner shall, within 15 business days after demand by the commissioner, file the notice and pay to the commissioner a fee equal to the fee payable had the transaction been qualified under Section 25110.

(g) Any offer or sale of conditional sale agreements, equipment trust certificates, or certificates of interest or participation therein or partial assignments thereof, covering the purchase of railroad rolling stock or equipment or the purchase of motor vehicles, aircraft, or parts thereof, in a transaction not involving any public offering.

(h) Any offer or sale of voting common stock by a corporation incorporated in any state if, immediately after the proposed sale and issuance, there will be only one class of stock of the corporation outstanding that is owned beneficially by no more than 35 persons, provided all of the following requirements have been met:

(1) The offer and sale of the stock is not accompanied by the publication of any advertisement, and no selling expenses have been given, paid, or incurred in connection therewith.

(2) The consideration to be received by the issuer for the stock to be issued consists of any of the following:

(A) Only assets (which may include cash) of an existing business enterprise transferred to the issuer upon its initial organization, of which all of the persons who are to receive the stock to be issued pursuant to this exemption were owners during, and the enterprise was operated for, a period of not less than one year immediately preceding the proposed issuance, and the ownership of the enterprise immediately prior to the proposed issuance was in the same proportions as the shares of stock are to be issued.

(B) Only cash or cancellation of indebtedness for money borrowed, or both, upon the initial organization of the issuer, provided all of the stock is issued for the same price per share.

(C) Only cash, provided the sale is approved in writing by each of the existing shareholders and the purchaser or purchasers are existing shareholders.

(D) In a case where after the proposed issuance there will be only one owner of the stock of the issuer, only any legal consideration.

(3) No promotional consideration has been given, paid, or incurred in connection with the issuance. Promotional consideration means any consideration paid directly or indirectly to a person who, acting alone or in conjunction with one or more other persons, takes the initiative in founding and organizing the business or enterprise of an issuer for services rendered in connection with the founding or organizing.

(4) A notice in a form prescribed by rule of the commissioner, signed by an active member of the State Bar of California, is filed with or mailed for filing to the commissioner not later than 10 business days after receipt of consideration for the securities by the issuer. That notice shall contain an opinion of the member of the State Bar of California that the exemption provided by this subdivision is available for the offer and sale of the securities. However, the failure to file the notice as required by this subdivision and the rules of the commissioner shall not affect the availability of this exemption. An issuer who fails to file the notice within the time specified by this subdivision shall, within 15 business days after demand by the commissioner, file the notice and pay to the commissioner a fee equal to the fee payable had the transaction been qualified under Section 25110. The notice, except when filed on behalf of a California corporation, shall be accompanied by an irrevocable consent, in the form that the commissioner by rule prescribes, appointing the commissioner or his or her successor in office to be the issuer's attorney to receive service of any lawful process in any noncriminal suit,

action, or proceeding against it or its successor that arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the issuer. An issuer on whose behalf a consent has been filed in connection with a previous qualification or exemption from qualification under this law (or application for a permit under any prior law if the application or notice under this law states that the consent is still effective) need not file another. Service may be made by leaving a copy of the process in the office of the commissioner, but it is not effective unless (A) the plaintiff, who may be the commissioner in a suit, action, or proceeding instituted by him or her, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at its last address on file with the commissioner, and (B) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within the further time as the court allows.

(5) Each purchaser represents that the purchaser is purchasing for the purchaser's own account, or a trust account if the purchaser is a trustee, and not with a view to or for sale in connection with any distribution of the stock.

For the purposes of this subdivision, all securities held by a husband and wife, whether or not jointly, shall be considered to be owned by one person, and all securities held by a corporation that has issued stock pursuant to this exemption shall be considered to be held by the shareholders to whom it has issued the stock.

All stock issued by a corporation pursuant to this subdivision as it existed prior to the effective date of the amendments to this section made during the 1996 portion of the 1995–96 Regular Session that required the issuer to have stamped or printed prominently on the face of the stock certificate a legend in a form prescribed by rule of the commissioner restricting transfer of the stock in a manner provided for by that rule shall not be subject to the transfer restriction legend requirement and, by operation of law, the corporation is authorized to remove that transfer restriction legend from the certificates of those shares of stock issued by the corporation pursuant to this subdivision as it existed prior to the effective date of the amendments to this section made during the 1996 portion of the 1995–96 Regular Session.

(i) Any offer or sale (1) to a bank, savings and loan association, trust company, insurance company, investment company registered under the Investment Company Act of 1940, pension or profit-sharing trust (other than a pension or profit-sharing trust of the issuer, a self-employed individual retirement plan, or individual retirement account), or other institutional investor or governmental agency or instrumentality that the commissioner may designate by rule, whether the purchaser is acting for

itself or as trustee, or (2) to any corporation with outstanding securities registered under Section 12 of the Securities Exchange Act of 1934 or any wholly owned subsidiary of the corporation that after the offer and sale will own directly or indirectly 100 percent of the outstanding capital stock of the issuer, provided the purchaser represents that it is purchasing for its own account (or for the trust account) for investment and not with a view to or for sale in connection with any distribution of the security.

(j) Any offer or sale of any certificate of interest or participation in an oil or gas title or lease (including subsurface gas storage and payments out of production) if either of the following apply:

(1) All of the purchasers meet one of the following requirements:

(B) Are persons described in clause (1) of subdivision (i).

(C) Have been found by the commissioner upon written application to be substantially engaged in the business of drilling for, producing, or refining oil or gas so as not to require the protection provided by this law (which finding shall be effective until rescinded).

(2) The security is concurrently hypothecated to a bank in the ordinary course of business to secure a loan made by the bank, provided that each purchaser represents that it is purchasing for its own account for investment and not with a view to or for sale in connection with any distribution of the security.

(k) Any offer or sale of any security under, or pursuant to, a plan of reorganization under Chapter 11 of the federal bankruptcy law that has been confirmed or is subject to confirmation by the decree or order of a court of competent jurisdiction.

(*l*) Any offer or sale of an option, warrant, put, call, or straddle, and any guarantee of any of these securities, by a person who is not the issuer of the security subject to the right, if the transaction, had it involved an offer or sale of the security subject to the right by the person, would not have violated Section 25110 or 25130.

(m) Any offer or sale of a stock to a pension, profit-sharing, stock bonus, or employee stock ownership plan, provided that (1) the plan meets the requirements for qualification under Section 401 of the Internal Revenue Code, and (2) the employees are not required or permitted individually to make any contributions to the plan. The exemption provided by this subdivision shall not be affected by whether the stock is contributed to the plan, purchased from the issuer with contributions by the issuer or an affiliate of the issuer, or purchased from the issuer with funds borrowed from the issuer, an affiliate of the issuer, or any other lender.

(n) Any offer or sale of any security in a transaction, other than an offer or sale of a security in a rollup transaction, that meets all of the following criteria:

(1) The issuer is (A) a California corporation or foreign corporation that, at the time of the filing of the notice required under this subdivision, is subject to Section 2115, or (B) any other form of business entity, including without limitation a partnership or trust organized under the laws of this state. The exemption provided by this subdivision is not available to a ''blind pool'' issuer, as that term is defined by the commissioner, or to an investment company subject to the Investment Company Act of 1940.

(2) Sales of securities are made only to qualified purchasers or other persons the issuer reasonably believes, after reasonable inquiry, to be qualified purchasers. A corporation, partnership, or other organization specifically formed for the purpose of acquiring the securities offered by the issuer in reliance upon this exemption may be a qualified purchaser if each of the equity owners of the corporation, partnership, or other organization is a qualified purchaser. Qualified purchasers include the following:

(A) A person designated in Section 260.102.13 of Title 10 of the California Code of Regulations.

(B) A person designated in subdivision (i) or any rule of the commissioner adopted thereunder.

(C) A pension or profit-sharing trust of the issuer, a self-employed individual retirement plan, or an individual retirement account, if the investment decisions made on behalf of the trust, plan, or account are made solely by persons who are qualified purchasers.

(D) An organization described in Section 501(c)(3) of the Internal Revenue Code, corporation, Massachusetts or similar business trust, or partnership, each with total assets in excess of five million dollars ($5,000,000) according to its most recent audited financial statements.

(E) With respect to the offer and sale of one class of voting common stock of an issuer or of preferred stock of an issuer entitling the holder thereof to at least the same voting rights as the issuer's one class of voting common stock, provided that the issuer has only one-class voting common stock outstanding upon consummation of the offer and sale, a natural person who, either individually or jointly with the person's spouse, (i) has a minimum net worth of two hundred fifty thousand dollars ($250,000) and had, during the immediately preceding tax year, gross income in excess of one hundred thousand dollars ($100,000) and reasonably expects gross income in excess of one hundred thousand dollars ($100,000) during the current tax year or (ii) has a minimum net worth of five hundred thousand dollars ($500,000). ''Net worth'' shall be determined exclusive of home, home furnishings, and automobiles.

Other assets included in the computation of net worth may be valued at fair market value.

Each natural person specified above, by reason of his or her business or financial experience, or the business or financial experience of his or her professional adviser, who is unaffiliated with and who is not compensated, directly or indirectly, by the issuer or any affiliate or selling agent of the issuer, can be reasonably assumed to have the capacity to protect his or her interests in connection with the transaction. The amount of the investment of each natural person shall not exceed 10 percent of the net worth, as determined by this subparagraph, of that natural person.

(F) Any other purchaser designated as qualified by rule of the commissioner.

(3) Each purchaser represents that the purchaser is purchasing for the purchaser's own account (or trust account, if the purchaser is a trustee) and not with a view to or for sale in connection with a distribution of the security.

(4) Each natural person purchaser, including a corporation, partnership, or other organization specifically formed by natural persons for the purpose of acquiring the securities offered by the issuer, receives, at least five business days before securities are sold to, or a commitment to purchase is accepted from, the purchaser, a written offering disclosure statement that shall meet the disclosure requirements of Regulation D (17 C.F.R. 230.501 et seq.), and any other information as may be prescribed by rule of the commissioner, provided that the issuer shall not be obligated pursuant to this paragraph to provide this disclosure statement to a natural person qualified under Section 260.102.13 of Title 10 of the California Code of Regulations. The offer or sale of securities pursuant to a disclosure statement required by this paragraph that is in violation of Section 25401, or that fails to meet the disclosure requirements of Regulation D (17 C.F.R. 230.501 et seq.), shall not render unavailable to the issuer the claim of an exemption from Section 25110 afforded by this subdivision. This paragraph does not impose, directly or indirectly, any additional disclosure obligation with respect to any other exemption from qualification available under any other provision of this section.

(5) (A) A general announcement of proposed offering may be published by written document only, provided that the general announcement of proposed offering sets forth the following required information:

(i) The name of the issuer of the securities.

(ii) The full title of the security to be issued.

(iii) The anticipated suitability standards for prospective purchasers.

(iv) A statement that (I) no money or other consideration is being solicited or will be accepted, (II) an indication of interest made by a prospective purchaser involves no obligation or commitment of any kind, and, if the issuer is required by paragraph (4) to deliver a disclosure statement to prospective purchasers, (III) no sales will be made or commitment to purchase accepted until five business days after delivery of a disclosure statement and subscription information to the prospective purchaser in accordance with the requirements of this subdivision.

(v) Any other information required by rule of the commissioner.

(vi) The following legend: ''For more complete information about (Name of Issuer) and (Full Title of Security), send for additional information from (Name and Address) by sending this coupon or calling (Telephone Number).''

(B) The general announcement of proposed offering referred to in subparagraph (A) may also set forth the following information:

(i) A brief description of the business of the issuer.

(ii) The geographic location of the issuer and its business.

(iii) The price of the security to be issued, or, if the price is not known, the method of its determination or the probable price range as specified by the issuer, and the aggregate offering price.

(C) The general announcement of proposed offering shall contain only the information that is set forth in this paragraph.

(D) Dissemination of the general announcement of proposed offering to persons who are not qualified purchasers, without more, shall not disqualify the issuer from claiming the exemption under this subdivision.

(6) No telephone solicitation shall be permitted until the issuer has determined that the prospective purchaser to be solicited is a qualified purchaser.

(7) The issuer files a notice of transaction under this subdivision both (A) concurrent with the publication of a general announcement of proposed offering or at the time of the initial offer of the securities, whichever occurs first, accompanied by a filing fee, and (B) within 10 business days following the close or abandonment of the offering, but in no case more than 210 days from the date of filing the first notice. The first notice of transaction under subparagraph (A) shall contain an undertaking, in a form acceptable to the commissioner, to deliver any disclosure statement required by paragraph (4) to be delivered to prospective purchasers, and any supplement thereto, to the commissioner within 10 days of the commissioner's request for the information. The exemption from qualification afforded by this subdivision is unavailable if an issuer fails to file the first notice required under subparagraph (A) or to pay the filing fee. The commissioner has the authority to assess an administrative penalty of up to one thousand

dollars ($1,000) against an issuer that fails to deliver the disclosure statement required to be delivered to the commissioner upon the commissioner's request within the time period set forth above. Neither the filing of the disclosure statement nor the failure by the commissioner to comment thereon precludes the commissioner from taking any action deemed necessary or appropriate under this division with respect to the offer and sale of the securities.

(o) An offer or sale of any security issued by a corporation or limited liability company pursuant to a purchase plan or agreement, or issued pursuant to an option plan or agreement, where the security at the time of issuance or grant is exempt from registration under the Securities Act of 1933, as amended, pursuant to Rule 701 adopted pursuant to that act (17 C.F.R. 230.701), the provisions of which are hereby incorporated by reference into this section, provided that (1) the terms of any purchase plan or agreement shall comply with Sections 260.140.42, 260.140.45, and 260.140.46 of Title 10 of the California Code of Regulations, (2) the terms of any option plan or agreement shall comply with Sections 260.140.41, 260.140.45, and 260.140.46 of Title 10 of the California Code of Regulations, and (3) the issuer files a notice of transaction in accordance with rules adopted by the commissioner no later than 30 days after the initial issuance of any security under that plan, accompanied by a filing fee as prescribed by subdivision (y) of Section 25608.

Offers and sales exempt pursuant to this subdivision shall be deemed to be part of a single, discrete offering and are not subject to integration with any other offering or sale, whether qualified under Chapter 2 (commencing with Section 25110), or otherwise exempt, or not subject to qualification.

(p) An offer or sale of nonredeemable securities to accredited investors (Section 28031) by a person licensed under the Capital Access Company Law (Division 3 (commencing with Section 28000) of Title 4). All nonredeemable securities shall be evidenced by certificates that shall have stamped or printed prominently on their face a legend in a form to be prescribed by rule or order of the commissioner restricting transfer of the securities in the manner as the rule or order provides.

(q) Any offer or sale of any viatical or life settlement contract or fractionalized or pooled interest therein in a transaction that meets all of the following criteria:

(1) Sales of securities described in this subdivision are made only to qualified purchasers or other persons the issuer reasonably believes, after reasonable inquiry, to be qualified purchasers. A corporation, partnership, or other organization specifically formed for the purpose of acquiring the securities offered by the issuer in reliance upon this exemption may be a qualified purchaser only if each of the equity owners

of the corporation, partnership, or other organization is a qualified purchaser. Qualified purchasers include the following:

(A) A person designated in Section 260.102.13 of Title 10 of the California Code of Regulations.

(B) A person designated in subdivision (i) or any rule of the commissioner adopted thereunder.

''Net worth'' shall be determined exclusive of home, home furnishings, and automobiles. Other assets included in the computation of net worth may be valued at fair market value.

Each natural person specified above, by reason of his or her business or financial experience, or the business or financial experience of his or her professional advisor, who is unaffiliated with and who is not compensated, directly or indirectly, by the issuer or any affiliate or selling agent of the issuer, can be reasonably assumed to have the capacity to protect his or her interests in connection with the transaction.

The amount of the investment of each natural person shall not exceed 10 percent of the net worth, as determined by this subdivision, of that natural person.

(F) Any other purchaser designated as qualified by rule of the commissioner.

(2) Each purchaser represents that the purchaser is purchasing for the purchaser's own account (or trust account, if the purchaser is a trustee) and not with a view to or for sale in connection with a distribution of the security.

(3) Each natural person purchaser, including a corporation, partnership, or other organization specifically formed by natural persons for the purpose of acquiring the securities offered by the issuer, receives, at least five business days before securities described in this subdivision

The financial statements listed in this subparagraph shall be prepared in conformity with generally accepted accounting principles. If the date of the audit report is more than 120 days before the date of the initial issuance of the securities described in this subdivision, the issuer shall provide unaudited interim financial statements.

(F) The names of all directors, officers, partners, members, or trustees of the issuer.

(c) Nothing in this section shall be construed as prohibiting any contract that limits or restricts any or all of the benefits provided under the contract in the manner contemplated in subdivision (b) from limiting its obligation to deliver services, and disclaiming any liability from any delay or failure to provide those services (1) in the event of a major disaster or epidemic or (2) in the event of circumstances not reasonably within the control of the issuer, such as the partial or total destruction of facilities, war, riot, civil insurrection, disability of a significant part of its health personnel, or similar circumstances so long as the provisions comply with the provisions of subdivision (h) of Section 1367.

(2) No issuer may advertise, solicit, or issue for delivery any Medicare supplement contract with hospital or medical coverage if the contract contains any of the prohibited provisions described in subdivision (b).

(b) The following provisions shall be deemed to be unfair, unreasonable, and inconsistent with the objectives of this chapter and shall not be contained in any Medicare supplement contract:

(1) Any waiver, exclusion, limitation, or reduction based on or relating to a preexisting disease or physical condition, unless that waiver, exclusion, limitation, or reduction (A) applies only to coverage for specified services rendered not more than six months from the effective date of coverage, (B) is based on or relates only to a preexisting disease or physical condition defined no more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage, (C) does not apply to any coverage under any group contract, and (D) is approved in advance by the director. Any limitations with respect to a preexisting condition shall appear as a separate paragraph of the contract and be labeled ''Preexisting Condition Limitations.''

(2) Except with respect to a group contract subject to, and in compliance with, Section 1399.62, any provision denying coverage, after termination of the contract, for services provided continuously beginning while the contract was in effect, during the continuous total disability of the subscriber or enrollee, except that the coverage may be limited to a reasonable period of time not less than the duration of the contract benefit period, if any, and may be limited to the maximum benefits provided under the contract.

(c) A Medicare supplement contract in force shall not contain benefits that duplicate benefits provided by Medicare.

1358.7. A contract shall not be advertised, solicited, or issued for delivery as a Medicare supplement contract prior to January 1, 2001, unless it meets or exceeds requirements applicable pursuant to this code that were in effect prior to that date.

1358.8. The following standards are applicable to all Medicare supplement contracts advertised, solicited, or issued for delivery on or after January 1, 2001. A contract shall not be advertised, solicited, or

issued for delivery as a Medicare supplement contract unless it complies with these benefit standards.

(a) The following general standards apply to Medicare supplement contracts and are in addition to all other requirements of this article:

(1) A Medicare supplement contract shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The contract shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(2) A Medicare supplement contract shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare supplement contract shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Prepaid or periodic charges may be modified to correspond with those changes.

(4) A Medicare supplement contract shall not provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the covered person, other than the nonpayment of the prepaid or periodic charge.

(5) Each Medicare supplement contract shall be guaranteed renewable.

(A) The issuer shall not cancel or nonrenew the contract solely on the ground of health status of the individual.

(B) The issuer shall not cancel or nonrenew the contract for any reason other than nonpayment of the prepaid or periodic charge or misrepresentation of the risk by the applicant that is shown by the plan to be material to the acceptance for coverage. The contestability period for Medicare supplement contracts shall be two years.

(C) If a group Medicare supplement contract is terminated by the subscriber and is not replaced as provided under subparagraph (E), the issuer shall offer enrollees an individual Medicare supplement contract that, at the option of the enrollee, either provides for continuation of the benefits contained in the terminated contract or provides for benefits that otherwise meet the requirements of this subsection.

(D) If an individual is an enrollee in a group Medicare supplement contract and the individual membership in the group is terminated, the issuer shall either offer the enrollee the conversion opportunity described in subparagraph (C) or, at the option of the subscriber, shall offer the enrollee continuation of coverage under the group contract.

(E) If a group Medicare supplement contract is replaced by another group Medicare supplement contract purchased by the same subscriber, the issuer of the replacement contract shall offer coverage to all persons covered under the old group contract on its date of termination. Coverage under the new contract shall not result in any exclusion for preexisting conditions that would have been covered under the group contract being replaced.

(6) Termination of a Medicare supplement contract shall be without prejudice to any continuous loss that commenced while the contract was in force, but the extension of benefits beyond the period during which the contract was in force may be predicated upon the continuous total disability of the covered person, limited to the duration of the contract benefit period, if any, or to payment of the maximum benefits.

(7) (A) A Medicare supplement contract shall provide that benefits and prepaid or periodic charges under the contract shall be suspended at the request of the enrollee for the period, not to exceed 24 months, in which the enrollee has applied for and is determined to be entitled to medical assistance under Title XIX of the federal Social Security Act, but only if the enrollee notifies the issuer of the contract within 90 days after the date the individual becomes entitled to assistance.

(B) If suspension occurs and if the enrollee loses entitlement to medical assistance, the contract shall be automatically reinstituted, effective as of the date of termination of entitlement, as of the termination of entitlement if the enrollee provides notice of loss of entitlement within 90 days after the date of loss and pays the prepaid or periodic charge attributable to the period, effective as of the date of termination of entitlement.

(C) Reinstitution of coverages:

(i) Shall not provide for any waiting period with respect to treatment of preexisting conditions.

(ii) Shall provide for coverage which is substantially equivalent to coverage in effect before the date of suspension.

(iii) Shall provide for classification of prepaid or periodic charges on terms at least as favorable to the enrollee as the prepaid or periodic charge classification terms that would have applied to the enrollee had the coverage not been suspended.

(8) A Medicare supplement contract shall not be limited to coverage for a single disease or affliction.

(9) A Medicare supplement contract shall provide an examination period of 30 days after the receipt of the contract by the applicant for purposes of review, during which time the applicant may return the contract as described in subdivision (e) of Section 1358.17.

(10) A Medicare supplement contract shall additionally meet any other minimum benefit standards as established by the director.

(11) Within 30 days prior to the effective date of any Medicare benefit changes, an issuer shall file with the director, and notify its subscribers and enrollees of, modifications it has made to Medicare supplement contracts.

(A) The notice shall include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement contract.

(B) The notice shall inform each subscriber and enrollee as to when any adjustment in the prepaid or periodic charges will be made due to changes in Medicare benefits.

(C) The notice of benefit modifications and any adjustments to the prepaid or periodic charges shall be in outline form and in clear and simple terms so as to facilitate comprehension. The notice shall not contain or be accompanied by any solicitation.

(12) No modifications to existing Medicare supplement coverage shall be made at the time of, or in connection with, the notice requirements of this article except to the extent necessary to eliminate duplication of Medicare benefits and any modifications necessary under the contract to provide indexed benefit adjustment.

(b) With respect to the standards for basic (core) benefits common to all benefit plans, every issuer shall make available a contract including only the following basic ''core'' package of benefits to each prospective applicant. This ''core'' package of benefits shall be referred to as standardized Medicare supplement benefit plan ''A''. An issuer may make available to prospective applicants any of the other Medicare supplement insurance benefit plans in addition to the basic core package, but not in lieu of it.

The provider shall accept the issuer's payment as payment in full and may not bill the enrollee or subscriber for any balance.

This benefit shall not include payment for any procedure covered by Medicare.

(10) With respect to the at-home recovery benefit, coverage for services to provide short-term, at-home assistance with activities of daily living for those recovering from an illness, injury, or surgery.

(*l*) At the time of initial purchase, a Medicare Select issuer shall make available to each applicant for a Medicare Select contract the opportunity to purchase any Medicare supplement contract otherwise offered by the issuer.

(m) (1) At the request of an enrollee under a Medicare Select contract, a Medicare Select issuer shall make available to the enrollee the opportunity to purchase a Medicare supplement contract offered by the issuer that has comparable or lesser benefits and that does not contain a restricted network provision, if a Medicare supplement contract of that nature is offered by the issuer. The issuer shall make the contracts available without regard to the health status of the enrollee and without requiring evidence of insurability after the Medicare Select contract has been in force for six months.

(2) For the purposes of this subdivision, a Medicare supplement contract will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare Select contract being replaced. For the purposes of this paragraph, a significant benefit means coverage for the Medicare Part A deductible, coverage for prescription drugs, coverage for at-home recovery services, or coverage for Medicare Part B excess charges.

(n) Medicare Select contracts shall provide for continuation of coverage in the event the secretary determines that Medicare Select contracts issued pursuant to this section should be discontinued due to either the failure of the Medicare Select program to be reauthorized under law or its substantial amendment.

(1) Each Medicare Select issuer shall make available to each enrollee covered by a Medicare Select contract the opportunity to purchase any Medicare supplement contract offered by the issuer that has comparable or lesser benefits and that does not contain a restricted provider network provision, if a Medicare supplement contract of that nature is offered by the issuer. The issuer shall make the contracts available without regard to the health status of the enrollee and without requiring evidence of insurability after the Medicare Select contract has been in force for six months.

(2) For the purposes of this subdivision, a Medicare supplement contract will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare Select contract being replaced. For the purposes of this paragraph, a significant benefit means coverage for the Medicare Part A deductible, coverage for prescription drugs, coverage for at-home recovery services, or coverage for Medicare Part B excess charges.

(o) An issuer offering Medicare Select contracts shall comply with reasonable requests for data made by state or federal agencies, including the United States Department of Health and Human Services, for the purpose of evaluating the Medicare Select program. An issuer shall not issue a Medicare Select contract in this state until the contract has been approved by the director.

1358.11. (a) An issuer shall not deny or condition the offering or effectiveness of any Medicare supplement contract available for sale in this state, nor discriminate in the pricing of a contract because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a contract that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement contract currently available from an issuer shall be made available to all applicants who qualify under this subdivision without regard to age.

(b) (1) If an applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage of at least six months, the issuer shall not exclude benefits based on a preexisting condition.

(2) If the applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage that is less than six months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date. The manner of the reduction under this subdivision shall be as specified by the director.

(c) Except as provided in subdivision (b) and Section 1358.23, subdivision (a) shall not be construed as preventing the exclusion of benefits under a contract, during the first six months, based on a preexisting condition for which the enrollee received treatment or was otherwise diagnosed during the six months before the coverage became effective.

(d) An individual enrolled in Medicare Part B by reason of disability shall be entitled to open enrollment described in this section for six months after he or she reaches age 65. Sales during the open enrollment period shall not be discouraged by any means, including the altering of the commission structure.

(e) An individual who is 65 years of age or older and enrolled in Medicare Part B is entitled to open enrollment described in this section for six months following:

(1) Receipt of a notice of termination or, if no notice is received, the effective date of termination, from any employer-sponsored health plan including an employer-sponsored retiree health plan. For purposes of this section, ''employer-sponsored retiree health plan'' includes any coverage for medical expenses that is directly or indirectly sponsored or established by an employer for employees or retirees, their spouses, dependents, or other included covered persons.

(2) Termination of health care services for a military retiree or the retiree's Medicare eligible spouse or dependent as a result of a military base closure.

(f) An individual who is 65 years of age or older and enrolled in Medicare Part B is entitled to open enrollment described in this section if the individual was covered under a policy, certificate, or contract providing Medicare supplement coverage but that coverage terminated because the individual established residence at a location not served by the issuer.

(g) (1) An individual who was previously enrolled in, but whose coverage was terminated between September 1, 1998, and December 31, 1998, by a Medicare managed care plan shall be entitled to a new 60-day open enrollment period in addition to any open enrollment authorized by federal law or regulations, for any and all Medicare supplement coverage available on a guaranteed basis under state and federal law or regulation for persons terminated by their Medicare managed care plan.

(2) The new open enrollment period specified in paragraph (1) shall commence 90 days after January 1, 2000. Within 30 days of January 1, 2000, health plans shall notify their former Medicare enrollees who were terminated during the period specified in paragraph (1) of the new open enrollment period. Health plan notices shall inform the terminated enrollees of the opportunity to secure advice and assistance from the Health Insurance Counseling and Advocacy Program (HICAP) in their area, along with the toll-free telephone number for HICAP.

(3) An individual who was previously enrolled in but whose coverage was terminated after January 1, 1999, by a Medicare managed care plan shall be entitled to an additional 60-day open enrollment period to be added on to and run consecutively after any open enrollment period authorized by federal law or regulations, for any and all Medicare supplement coverage available on a guaranteed basis under state and federal law or regulations for persons terminated by their Medicare managed care plan.

(4) Health plans that terminate Medicare enrollees shall notify those enrollees in the termination notice of the additional open enrollment period authorized by this subdivision. Health plan notices shall inform enrollees of the opportunity to secure advice and assistance from the

Health Insurance Counseling Advocacy Program (HICAP) in their area, along with the toll-free telephone number for HICAP.

(h) An individual shall be entitled to an annual open enrollment period lasting 30 days or more, commencing with the individual's birthday, during which time that person may purchase any Medicare supplement coverage, with the exception of a Medicare Select contract, that offers benefits equal to or lesser than those provided by the previous coverage. During this open enrollment period, no issuer that falls under this provision shall deny or condition the issuance or effectiveness of Medicare supplement coverage, nor discriminate in the pricing of coverage, because of health status, claims experience, receipt of health care, or medical condition of the individual if, at the time of the open enrollment period, the individual is covered under another Medicare supplement policy, certificate, or contract. An issuer that offers Medicare supplement contracts shall notify an enrollee of his or her rights under this subdivision at least 30 and no more than 60 days before the beginning of the open enrollment period.

1358.12. (a) (1) With respect to the guaranteed issue of a Medicare supplement contract, eligible persons are those individuals described in subdivision (b) who apply to enroll under the contract not later than 63 days after the date of the termination of enrollment described in subdivision (b), and who submit evidence of the date of termination or disenrollment with the application for a Medicare supplement contract.

(2) With respect to eligible persons, an issuer shall not deny or condition the issuance or effectiveness of a Medicare supplement contract described in subdivision (c) that is offered and is available for issuance to new enrollees by the issuer, shall not discriminate in the pricing of the Medicare supplement contract because of health status, claims experience, receipt of health care, or medical condition, and shall not impose an exclusion of benefits based on a preexisting condition under the Medicare supplement contract.

(b) An eligible person is an individual described in any of the following paragraphs:

(1) The individual is enrolled under an employee welfare benefit plan that provides health benefits that supplement the benefits under Medicare, and the plan terminates, or the plan ceases to provide all of those supplemental health benefits to the individual.

(2) The individual is enrolled with a Medicare+Choice organization under a Medicare+Choice plan under Medicare Part C, and any of the following apply:

(A) The organization's or plan's certification, under this part, has been terminated or the organization has terminated or otherwise discontinued providing the plan in the area in which the individual resides.

(B) The individual is no longer eligible to elect the plan because of a change in the individual's place of residence or other change in circumstances specified by the secretary, but not including termination of the individual's enrollment on the basis described in Section 1851(g)(3)(B) of the federal Social Security Act, where the individual has not paid premiums on a timely basis or has engaged in disruptive behavior as specified in standards under Section 1856 of that act, or the plan is terminated for all individuals within a residence area.

(C) The individual demonstrates, in accordance with guidelines established by the director, either of the following:

(i) The organization offering the plan substantially violated a material provision of the organization's contract under this article in relation to the individual, including the failure to provide an enrollee on a timely basis medically necessary care for which benefits are available under the plan or the failure to provide the covered care in accordance with applicable quality standards.

(ii) The organization, or agent or other entity acting on the organization's behalf, materially misrepresented the plan's provisions in marketing the plan to the individual.

(D) The individual meets other exceptional conditions as the director may provide.

(3) The individual meets both of the following conditions:

(A) The individual is enrolled with any of the following:

(i) An eligible organization under a contract under Section 1876 of the federal Social Security Act (Medicare risk or cost).

(ii) A similar organization operating under demonstration project authority, effective for periods before April 1, 1999.

(iii) An organization under an agreement under Section 1833(a)(1)(A) of the federal Social Security Act (health care prepayment plan).

(iv) An organization under a Medicare Select policy.

(B) The individual's enrollment ceases under the same circumstances that would permit discontinuance of an individual's election of coverage under the first sentence of Section 1851(e)(4) of the federal Social Security Act as delineated in paragraph (2) of subdivision (b).

(4) The individual is enrolled under a Medicare supplement contract and the enrollment ceases because of the following: the insolvency of the issuer or bankruptcy of the nonissuer organization; the involuntary termination of coverage or enrollment under the contract; the issuer of the contract substantially violated a material provision of the contract; or the issuer, or an agent or other entity acting on the issuer's behalf, materially misrepresented the contract's provisions in marketing the contract to the individual.

(5) The individual meets both of the following conditions:

(A) The individual was enrolled under a Medicare supplement contract and terminates enrollment and subsequently enrolls, for the first time, with any Medicare+Choice organization under a Medicare+Choice plan under Medicare Part C, any eligible organization under a contract under Section 1876 of the federal Social Security Act (Medicare risk or cost), any similar organization operating under demonstration project authority, an organization under an agreement under Section 1833(a)(1)(A) of the federal Social Security Act (health care prepayment plan), or a Medicare Select contract.

(B) The subsequent enrollment under subparagraph (A) is terminated by the enrollee during any period within the first 12 months of the subsequent enrollment (during which the enrollee is permitted to terminate the subsequent enrollment under Section 1851(e) of the federal Social Security Act).

(6) The individual, upon first becoming eligible for benefits under Medicare Part A at age 65 years, enrolls in a Medicare+Choice plan under Medicare Part C, and disenrolls from the plan by not later than 12 months after the effective date of enrollment.

(c) (1) Under paragraphs (1), (2), (3), and (4) of subdivision (b), eligible persons are entitled to a Medicare supplement contract that has a benefit package classified as plan A, B, C, or F offered by any issuer.

(2) Under paragraph (5) of subdivision (b), eligible persons are entitled to the same Medicare supplement contract in which they were most recently previously enrolled, if available from the same issuer, or, if not so available, a contract described in paragraph (1) of subdivision (c).

(3) Under paragraph (6) of subdivision (b), eligible persons are entitled to any Medicare supplement contract offered by any issuer.

(d) (1) At the time of an event described in subdivision (b) because of which an individual loses coverage or benefits due to the termination of a contract or agreement, policy, or plan, the organization that terminates the contract or agreement, the issuer terminating the contract, or the administrator of the plan being terminated, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement contracts under subdivision (a). That notice shall be communicated contemporaneously with the notification of termination.

(2) At the time of an event described in subdivision (b) because of which an individual ceases enrollment under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the contract, or the administrator of the plan, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement contracts under

subdivision (a). That notice shall be communicated within ten working days of the issuer receiving notification of disenrollment.

1358.13. (a) An issuer shall comply with Section 1882(c)(3) of the federal Social Security Act (as enacted by Section 4081(b)(2)(C) of the federal Omnibus Budget Reconciliation Act of 1987 (OBRA), Public Law 100-203) by doing all of the following:

(1) Accepting a notice from a Medicare carrier on dually assigned claims submitted by participating physicians and suppliers as a claim for benefits in place of any other claim form otherwise required and making a payment determination on the basis of the information contained in that notice.

(2) Notifying the participating physician or supplier and the beneficiary of the payment determination.

(3) Paying the participating physician or supplier directly.

(4) Furnishing, at the time of enrollment, each enrollee with a card listing the contract name, number, and a central mailing address to which notices respecting coverage from a Medicare carrier may be sent.

(5) Paying user fees established under Section 1395u(h)(3)(B) of Title 42 of the United States Code, for claim notices that are transmitted electronically or otherwise.

(6) Providing to the secretary, at least annually, a central mailing address to which all claims may be sent by Medicare carriers.

(b) Compliance with the requirements set forth in subdivision (a) shall be certified on the Medicare supplement insurance experience reporting form provided by the director.

1358.14. (a) (1) (A) With respect to loss ratio standards, a Medicare supplement contract shall not be advertised, solicited, or issued for delivery unless the contract can be expected, as estimated for the entire period for which prepaid or periodic charges are computed to provide coverage, to return to subscribers and enrollees in the form of aggregate benefits under the contract, not including anticipated refunds or credits provided under the contract, at least 75 percent of the aggregate amount of charges earned in the case of group contracts, or at least 65 percent of the aggregate amount of charges earned in the case of individual contracts, on the basis of incurred claims or costs of health care services experience and earned prepaid or periodic charges for that period and in accordance with accepted actuarial principles and practices.

(B) Loss ratio standards shall be calculated on the basis of incurred health care expenses where coverage is provided by a health care service plan on a service rather than reimbursement basis, and earned prepaid or periodic charges shall be calculated for the period and in accordance with accepted actuarial principles and practices.

(2) All filings of rates and rating schedules shall demonstrate that expected claims in relation to prepaid or periodic charges comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

(3) For purposes of applying paragraph (1) of subdivision (a) and paragraph (3) of subdivision (c) of Section 1358.15 only, contracts issued as a result of solicitations of individuals through the mail or by mass media advertising, including both print and broadcast advertising, shall be deemed to be individual contracts.

(b) (1) With respect to refund or credit calculations, an issuer shall collect and file with the director by May 31 of each year the data contained in the applicable reporting form required by the director (NAIC Appendix A) for each type of coverage in a standard Medicare supplement benefit plan.

(2) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type of contract offered by the issuer. For purposes of the refund or credit calculation, experience on contracts issued within the reporting year shall be excluded.

(3) For the purposes of this section, with respect to contracts advertised, solicited, or issued for delivery prior to January 1, 2001, the issuer shall make the refund or credit calculation separately for all individual contracts, including all group contracts subject to an individual loss ratio standard when issued, combined and all other group contracts combined for experience after January 1, 2001. The first report pursuant to paragraph (1) shall be due by May 31, 2003.

(4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds ten dollars ($10). The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the secretary, but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against prepaid or periodic charges due shall be made by September 30 following the experience year upon which the refund or credit is based.

(c) An issuer of Medicare supplement contracts shall file annually its prepaid or periodic charges and supporting documentation including ratios of incurred losses to earned prepaid or periodic charges by contract duration for approval by the director in accordance with the filing

requirements and procedures prescribed by the director. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which charges are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio that is greater than or equal to the applicable percentage shall be demonstrated for contracts in force less than three years.

As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement contracts shall file with the director, in accordance with applicable filing procedures, all of the following:

(1) (A) Appropriate prepaid or periodic charge adjustments necessary to produce loss ratios as anticipated for the current charge for the applicable contracts. The supporting documents necessary to justify the adjustment shall accompany the filing.

(B) An issuer shall make prepaid or periodic charge adjustments necessary to produce an expected loss ratio under the contract to conform to minimum loss ratio standards for Medicare supplement contracts and that are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current charges by the issuer for the Medicare supplement contracts. No charge adjustment that would modify the loss ratio experience under the contract other than the adjustments described in this section shall be made with respect to a contract at any time other than upon its renewal date or anniversary date.

(C) If an issuer fails to make prepaid or periodic charge adjustments acceptable to the director, the director may order charge adjustments, refunds, or credits deemed necessary to achieve the loss ratio required by this section.

(2) Any appropriate contract amendments needed to accomplish the Medicare supplement contract modifications necessary to eliminate benefit duplications with Medicare. The contract amendments shall provide a clear description of the Medicare supplement benefits provided by the contract.

(d) (1) The director may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a contract form issued before or after the effective date of January 1, 2001, if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the director.

(2) The director may conduct a public hearing to gather information if the experience of the form filed under paragraph (1) of subdivision (b)

for the previous reporting period is not in compliance with the applicable loss ratio standard.

The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the director.

1358.145. (a) The calculation of actual or expected loss ratios shall be pursuant to the formula in subdivision (a) of Section 1358.14, and pursuant to definitions, procedures, and other provisions as may be deemed by the director, with due consideration of the circumstances of the particular issuer, to be fair, reasonable, and consistent with the objectives of this chapter.

(b) Each issuer shall submit to the department a copy of the calculations for the actual or expected loss ratio as required by Section 1358.14. The calculations shall include the following data: the actual loss ratio for the entire period in which the contract has been in force, as well as for the immediate past three years and for each year in which the contract has been in force, the scale of prepaid or periodic charges for the loss ratio calculation period, a description of all assumptions, the formula used to calculate gross prepaid or periodic charges, the expected level of earned prepaid or periodic charges in the loss ratio calculation period, and the expected level of incurred claims for reimbursement, including paid claims and incurred but not paid claims, in the loss ratio calculation period. The calculations shall be accompanied by an actuarial certification, consisting of a signed declaration of an actuary who is a member in good standing of the American Academy of Actuaries in which the actuary states that the assumptions used in calculating the expected loss ratio are appropriate and reasonable, taking into account that the calculations are in accordance with the provisions of subdivision (a) and the provisions referred to therein. In addition, the director may require the issuer to submit actuarial certification, as described above, by one or more unaffiliated actuaries acceptable to the director.

(c) Notwithstanding the calculations required by subdivision (b), contracts shall be deemed to comply with the loss ratio standards if, and shall be deemed not to comply with the loss standards unless: (1) for the most recent year, the ratio of the incurred losses to earned prepaid charges for contracts that have been in force for three years or more is greater than or equal to the applicable percentages contained in this section; and (2) the expected losses in relation to charges over the entire period for which the contract is rated comply with the requirements of this section. An expected third-year loss ratio that is greater than or equal to the applicable percentage shall be demonstrated for contracts in force less than three years.

1358.146. The following format shall be used for reporting loss ratio experience:

MEDICARE SUPPLEMENT

INSTRUCTIONS FOR COMPLETING MEDICARE SUPPLEMENT HEALTH CARE SERVICE PLAN CONTRACT EXPERIENCE EXHIBIT

1. Experience on plan contracts issued more than three years prior to the reporting year should be shown separately as indicated on the form. For example, for the reporting year ended 12/31/88 (filed on June 30, 1989), experience on plan contracts issued in 1985 and prior should be shown separately from that of plan contracts issued in 1986 and later. For group coverage, the year of issue should be based on when the contract was issued if available; otherwise use the master plan contract year of issue.

2. Allocation of reserves on a state-by-state basis should be on sound actuarial principles and be consistent from year to year.

3. Membership or plan contract fees, if any, constitute, and should be included with, prepaid or periodic charges earned. Earned prepaid or periodic charges may be shown on an annual basis net of loadings for nonannual modes.

4. Mass marketing group coverage subject to individual loss ratio standards should be included with individual plan contracts.

5. Any dividends paid to subscribers should be included with costs for health care.

6. Neither costs for health care services nor earned prepaid or periodic charges should be adjusted for changes in plan contract (additional) reserves.

DEFINITIONS

For purposes of this form:

1. ''Costs for health care services'' means payment for health care services plus the increase in claim reserves. Claim reserves include only those unpaid liabilities for claims that have already been incurred. Costs for health care services in this exhibit do not include plan contract additional reserves.

1358.15. (a) An issuer shall not advertise, solicit, or issue for delivery a Medicare supplement contract to a resident of this state unless the contract has been filed with and approved by the director in accordance with filing requirements and procedures prescribed by the director. Until January 1, 2001, or 90 days after approval of Medicare supplement contracts submitted for approval pursuant to this section, whichever is later, issuers may continue to offer and market previously approved Medicare supplement contracts.

(b) An issuer shall not use or change prepaid or periodic charges for a Medicare supplement contract unless the charges and supporting documentation have been filed with and approved by the director in accordance with the filing requirements and procedures prescribed by the director.

(c) (1) Except as provided in paragraph (2), an issuer shall not file for approval more than one contract of each type for each standard Medicare supplement benefit plan.

(2) An issuer may offer, with the approval of the director, up to four additional contracts of the same type for the same standard Medicare supplement benefit plan, one for each of the following cases:

(A) The inclusion of new or innovative benefits.

(B) The addition of either direct response or agent marketing methods.

(C) The addition of either guaranteed issue or underwritten coverage.

(D) The offering of coverage to individuals eligible for Medicare by reason of disability.

(3) For the purposes of this section, a ''type'' means an individual contract, a group contract, an individual Medicare Select contract, or a group Medicare Select contract.

(d) (1) Except as provided in subdivision (a), an issuer shall continue to make available for purchase any contract issued after January 1, 2001, that has been approved by the director. A contract shall not be considered

to be available for purchase unless the issuer has actively offered it for sale in the previous 12 months.

(A) An issuer may discontinue the availability of a contract if the issuer provides to the director in writing its decision at least 30 days prior to discontinuing the availability of the form of the contract. After receipt of the notice by the director, the issuer shall no longer offer for sale the contract in this state.

(B) An issuer that discontinues the availability of a contract pursuant to subparagraph (A) shall not file for approval a new contract of the same type for the same standard Medicare supplement benefit plan as the discontinued contract for a period of five years after the issuer provides notice to the director of the discontinuance. The period of discontinuance may be reduced if the director determines that a shorter period is appropriate.

(2) The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this section.

(3) A change in the rating structure or methodology shall be considered a discontinuance under paragraph (1) unless the issuer complies with the following requirements:

(A) The issuer provides an actuarial memorandum, in a form and manner prescribed by the director, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates.

(B) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The director may approve a change to the differential which is in the public interest.

(e) (1) Except as provided in paragraph (2), the experience of all contracts of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in Section 1358.13.

(2) Contracts assumed under an assumption reinsurance agreement shall not be combined with the experience of other contracts for purposes of the refund or credit calculation.

(f) A Medicare supplement contract shall be deemed not to be fair, just, or consistent with the objectives of the this chapter at all times, and shall not be advertised, solicited, or issued for delivery at any time, except during that period of time, if any, beginning with the date of receipt by the plan of notification by the director that the provisions of the contract are deemed to be fair, just, and consistent with the objectives of this chapter, and ending with the earlier to occur of the events indicated in subdivision (g).

(g) The period of time indicated in subdivision (f) shall terminate at the earlier to occur of (1) receipt by the plan of written revocation by the director of the immediate past notification referred to in subdivision (f) specifying the basis for the revocation, (2) the last day of the prepaid or periodic charge calculation period, that in no event may exceed one year, or (3) June 30, of the next succeeding calendar year.

(h) An issuer shall secure the director's review of a contract subject to this article by submitting, not less than 30 days prior to any proposed advertising or other use of the contract not already protected by a currently effective notice under subdivision (f), the following for the director's review:

(1) A copy of the contract.

(2) A copy of the disclosure form.

(3) A representation that the contract complies with the provisions of this chapter and the rules adopted thereunder.

(4) A completed copy of the ''Medicare Supplement Health Care Service Plan Contract Experience Exhibit'' set forth in Section 1358.145.

(5) A copy of the calculations for the actual or expected loss ratio.

(6) Supporting data used in calculating the actual or expected loss ratio as indicated in Section 1358.14.

(7) An actuarial certification, as specified in Section 1358.14, of the loss ratio computations.

(8) If required by the director, actuarial certification, as specified in Section 1358.14, of the loss ratio computations by one or more unaffiliated actuaries acceptable to the director.

(9) An undertaking by the issuer to notify the subscribers in writing within 60 days of decertification, if the contract is identified as a certified contract at the time of sale and later decertified.

(10) A signed statement of the president of the issuer or other officer of the issuer designated by that person attesting that the information submitted for review is accurate and complete and does not misrepresent any material fact.

(i) An issuer that submits information pursuant to subdivision (h) shall provide any additional information as may be requested by the director to enable the director to conclude that the contract complies with the provisions of this chapter and rules adopted thereunder.

(j) For the purposes of this section, the term ''decertified,'' as applied to a contract, means that the director by written notice has found that the contract no longer complies with the provisions of this chapter and the rules adopted thereunder and has revoked the prior authorization to display on the contract the emblem indicating certification.

(k) Benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the

applicable Medicare deductible amount and copayment percentage factors and the amount of prepaid charges may be modified, as indicated in paragraph (6) of subdivision (a) of Section 1300.67.4 of the California Code of Regulations, to correspond with those changes.

1358.16. (a) An issuer or other entity may provide commission or other compensation to a solicitor or other representative for the sale of a Medicare supplement contract only if the first year commission or other first year compensation is no more than 200 percent of the commission or other compensation paid for selling or servicing the contract in the second year or period.

(b) The commission or other compensation provided in subsequent renewal years shall be the same as that provided in the second year or period and shall be provided for no fewer than five renewal years.

(c) If coverage is replaced, no issuer shall provide compensation to a solicitor or solicitor firm, and no solicitor or solicitor firm shall receive compensation, in a greater amount than the renewal compensation for the replaced coverage.

(d) For purposes of this section, ''commission'' or ''compensation'' includes pecuniary or nonpecuniary remuneration of any kind relating to the sale or renewal of the contract, including, but not limited to, bonuses, gifts, prizes, awards, and finders' fees.

1358.17. (a) (1) Medicare supplement contracts shall include a renewal or continuation provision. The language or specifications of the provision shall be consistent with subdivision (a) of Section 1365 and the rules adopted thereunder. The provision shall be appropriately captioned and shall appear on the first page of the contract, and shall include any reservation by the issuer of the right to change prepaid or periodic charges and any automatic renewal increases based on the enrollee's age.

(2) The contract shall contain the provisions required to be set forth by Section 1300.67.4 of the California Code of Regulations.

(b) (1) Except for contract amendments by which the issuer effectuates a request made in writing by the enrollee, exercises a specifically reserved right under a Medicare supplement contract, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all amendments to a Medicare supplement contract after the date of issue or upon reinstatement or renewal that reduce or eliminate benefits or coverage in the contract shall require a signed acceptance by the subscriber. After the date of contract issue, any amendment that increases benefits or coverage with a concomitant increase in prepaid or periodic charges during the contract term shall be agreed to in writing signed by the subscriber, unless the benefits are required by the minimum standards for Medicare supplement contracts, or if the increased benefits or coverage is required by law. Where a separate

additional charge is made for benefits provided in connection with contract amendments, the charge shall be set forth in the contract.

(2) An issuer shall not in any way reduce or eliminate any benefit or coverage under a Medicare supplement contract at any time after the date of entering the contract, including dates of reinstatement or renewal, unless and until the change is voluntarily agreed to in writing signed by the subscriber or enrollee, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits. The issuer shall not increase benefits or coverage with a concomitant increase in prepaid or periodic charges during the term of the contract unless and until the change is voluntarily agreed to in writing signed by the subscriber or enrollee or unless the increased benefits or coverage is required by law or regulation.

(c) Medicare supplement contracts shall not provide for the payment of benefits based on standards described as ''usual and customary,'' ''reasonable and customary,'' or words of similar import.

(d) If a Medicare supplement contract contains any limitations with respect to preexisting conditions, those limitations shall appear as a separate paragraph of the contract and be labeled as ''Preexisting Condition Limitations.''

(e) (1) Medicare supplement contracts shall have a notice prominently printed in no less than 10-point uppercase type, on the cover page of the contract or attached thereto stating that the applicant shall have the right to return the contract within 30 days of its receipt via regular mail, and to have any charges refunded in a timely manner if, after examination of the contract, the covered person is not satisfied for any reason. The return shall void the contract from the beginning, and the parties shall be in the same position as if no contract had been issued.

(2) For purposes of this section, a timely manner shall be no later than 30 days after the issuer receives the returned contract.

(3) If the issuer fails to refund all prepaid or periodic charges paid in a timely manner, then the applicant shall receive interest on the paid charges at the legal rate of interest on judgments as provided in Section 685.010 of the Code of Civil Procedure. The interest shall be paid from the date the issuer received the returned contract.

(f) (1) Issuers of health care service plan contracts that provide hospital or medical expense coverage on an expense incurred or indemnity basis to persons eligible for Medicare shall provide to those applicants a guide to health insurance for people with Medicare in the form developed jointly by the National Association of Insurance Commissioners and the Health Care Financing Administration and in a type size no smaller than 12-point type. Delivery of the guide shall be made whether or not the contracts are advertised, solicited, or issued for delivery as Medicare supplement contracts as defined in this article.

Except in the case of direct response issuers, delivery of the guide shall be made to the applicant at the time of application, and acknowledgment of receipt of the guide shall be obtained by the issuer. Direct response issuers shall deliver the guide to the applicant upon request, but not later than at the time the contract is delivered.

(2) For the purposes of this section, ''form'' means the language, format, type size, type proportional spacing, bold character, and line spacing.

(g) As soon as practicable, but no later than 30 days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its enrollees and subscribers of modifications it has made to Medicare supplement contracts in a format acceptable to the director. The notice shall include both of the following:

(1) A description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement contract.

(2) Inform each enrollee as to when any adjustment in prepaid or periodic charges is to be made due to changes in Medicare.

(h) The notice of benefit modifications and any adjustments of prepaid or periodic charges shall be in outline form and in clear and simple terms so as to facilitate comprehension.

(i) The notices shall not contain or be accompanied by any solicitation.

(j) (1) Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgment of receipt of the outline from the applicant. If an outline of coverage is provided at the time of application and the Medicare supplement contract is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the contract shall accompany the contract when it is delivered and contain the following statement, in no less than 12-point type, immediately above the company name:

''NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued.''

(2) The outline of coverage provided to applicants pursuant to this section consists of four parts: a cover page, information about prepaid or periodic charges, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed below in no less than 12-point type. All benefit plans A-J shall be shown on the cover page, and the

plans that are offered by the issuer shall be prominently identified. Information about prepaid or periodic charges for plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The charge and mode shall be stated for all plans that are offered to the prospective applicant. All possible charges for the prospective applicant shall be illustrated.

(3) The disclosure pages shall be in the language and format described below in no less than 12-point type.

INFORMATION ABOUT PREPAID OR PERIODIC CHARGES

[Insert plan's name] can only raise your charges if it raises the charge for all contracts like yours in this state. [If the charge is based on the increasing age of the enrollee, include information specifying when charges will change.]

DISCLOSURES

Use this outline to compare benefits and charges among policies.

READ YOUR POLICY VERY CAREFULLY

This is only an outline describing the most important features of your Medicare supplement plan contract. This is not the plan contract and only the actual contract provisions will control. You must read the contract itself to understand all of the rights and duties of both you and [insert the health care service plan's name].

RIGHT TO RETURN POLICY

If you find that you are not satisfied with your contract, you may return it to [insert plan's address]. If you send the contract back to us within 30 days after you receive it, we will treat the contract as if it had never been issued and return all of your payments.

POLICY REPLACEMENT

If you are replacing other health coverage, do NOT cancel it until you have actually received your new contract and are sure you want to keep it.

NOTICE

This contract may not fully cover all of your medical costs. Neither [insert the health care service plan's name] nor its agents are connected with Medicare.

This outline of coverage does not give all the details of Medicare coverage. Contact your local social security office or consult ''The Medicare Handbook'' for further details and limitations applicable to Medicare.

COMPLETE ANSWERS ARE VERY IMPORTANT

When you fill out the application for the new contract, be sure to answer truthfully and completely all questions about your medical and health history. The company may cancel your contract and refuse to pay any claims if you leave out or falsify important medical information. [If the contract is guaranteed issue, this paragraph need not appear.] Review the application carefully before you sign it. Be certain that all information has been properly recorded. [The charts displaying the features of each benefit plan offered by the issuer shall use the uniform format and language shown in the charts set forth in Section 17 of the Model Regulation to Implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, as most recently adopted by the National Association of Insurance Commissioners. No more than four benefit plans may be shown on one chart. For purposes of illustration, charts for each benefit plan are set forth below. An issuer may use additional benefit plan designations on these charts.]

[Include an explanation of any innovative benefits on the cover page and in the chart, in a manner approved by the director.]

(k) Notwithstanding Section 1300.63.2 of Title 10 of the California Code of Regulations, no issuer shall combine the evidence of coverage and disclosure form into a single document relating to a contract that supplements Medicare, or is advertised or represented as a supplement to Medicare, with hospital or medical coverage.

(*l*) The director may adopt regulations to implement this article, including, but not limited to, regulations that specify the required information to be contained in the outline of coverage provided to applicants pursuant to this section, including the format of tables, charts, and other information.

(m) (1) Any health care service plan contract, other than a Medicare supplement contract, a contract issued pursuant to a contract under Section 1876 of the federal Social Security Act (42 U.S.C.A. Sec. 1395 et seq.), a disability income policy, or any other contract identified in

subdivision (b) of Section 1358.3, issued for delivery in this state to persons eligible for Medicare, shall notify enrollees under the contract that the contract is not a Medicare supplement contract. The notice shall either be printed or attached to the first page of the outline of coverage delivered to enrollees under the contract, or if no outline of coverage is delivered, to the first page of the contract delivered to enrollees. The notice shall be in no less than 12-point type and shall contain the following language:

''THIS CONTRACT IS NOT A MEDICARE SUPPLEMENT. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company.''

(2) Applications provided to persons eligible for Medicare for the health insurance contracts described in paragraph (1) shall disclose the extent to which the contract duplicates Medicare in a manner required by the director. The disclosure statement shall be provided as a part of, or together with, the application for the contract.

(n) A Medicare supplement contract that does not cover custodial care shall, on the cover page of the outline of coverages, contain the following statement in uppercase type: ''THIS POLICY DOES NOT COVER CUSTODIAL CARE IN A SKILLED NURSING CARE FACILITY.''

1358.18. In the interest of full and fair disclosure, and to assure the availability of necessary consumer information to potential subscribers or enrollees not possessing a special knowledge of Medicare, health care service plans, or Medicare supplement contracts, an issuer shall comply with the following provisions:

(a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant has another Medicare supplement or other health insurance policy or certificate or plan contract in force or whether a Medicare supplement contract is intended to replace any other disability policy or certificate, or plan contract, presently in force. A supplementary application or other form to be signed by the applicant and solicitor containing those questions and statements may be used.

''(Statements)

(1) You do not need more than one Medicare supplement policy or contract.

(2) If you purchase this contract, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

(3) You may be eligible for benefits under Medi-Cal or medicaid and may not need a Medicare supplement contract.

(4) The benefits and premiums under your Medicare supplement contract can be suspended, if requested, during your entitlement to benefits under Medi-Cal or medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medi-Cal or medicaid. If you are no longer entitled to Medi-Cal or medicaid, your contract will be reinstituted if requested within 90 days of losing Medi-Cal or medicaid eligibility.

(5) Counseling services are available in your state to provide advice concerning your purchase of Medicare supplement coverage and concerning medical assistance through the Medi-Cal or medicaid program, including benefits as a qualified Medicare beneficiary (QMB) and a specified low-income Medicare beneficiary (SLMB). Information regarding counseling services may be obtained from the California Department of Aging.

(Questions)

To the best of your knowledge,

(1) Do you have another Medicare supplement policy or certificate, or contract, in force?

(a) If so, with which company?

(b) If so, do you intend to replace your current Medicare supplement policy or contract with this contract?

(2) Do you have any other health insurance coverage that provides benefits similar to this Medicare supplement contract?

(a) If so, with which company?

(b) What kind of coverage?

(3) Are you covered for medical assistance through the Medi-Cal or medicaid program:

(a) As a specified low-income Medicare beneficiary (SLMB)?

(b) As a qualified Medicare beneficiary (QMB)?

(c) For other Medi-Cal or medicaid medical benefits?''

(b) Solicitors shall list any other health insurance policies or plan contracts they have sold to the applicant as follows:

(1) List policies and contracts sold that are still in force.

(2) List policies and contracts sold in the past five years that are no longer in force.

(c) An issuer issuing Medicare supplement contracts without a solicitor or solicitor firm (a direct response issuer) shall return to the applicant, upon delivery of the contract, a copy of the application or

supplemental forms, signed by the applicant and acknowledged by the issuer.

(d) Upon determining that a sale will involve replacement of Medicare supplement coverage, any issuer, other than a direct response issuer, or its agent, shall furnish the applicant, prior to issuance for delivery of the Medicare supplement contract, a notice regarding replacement of Medicare supplement coverage. One copy of the notice signed by the applicant and the agent, except where the coverage is sold without an agent, shall be provided to the applicant and an additional signed copy shall be retained by the issuer. A direct response issuer shall deliver to the applicant at the time of the issuance of the contract the notice regarding replacement of Medicare supplement coverage.

(e) The notice required by subdivision (d) for an issuer shall be provided in substantially the following form in no less than 10-point type:

NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT COVERAGE

(Company name and address)

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate an existing Medicare supplement policy or contract and replace it with a contract to be issued by [Plan Name]. Your contract to be issued by [Plan Name] will provide 30 days within which you may decide without cost whether you desire to keep the contract. You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. Terminate your present policy or contract only if, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision.

STATEMENT TO APPLICANT BY PLAN, SOLICITOR, SOLICITOR FIRM, OR OTHER REPRESENTATIVE:

(1) I have reviewed your current medical or health coverage. The replacement of coverage involved in this transaction does not duplicate coverage, to the best of my knowledge. The replacement contract is being purchased for the following reason (check one):

__ Additional benefits.

__ No change in benefits, but lower premiums or charges.

__ Fewer benefits and lower premiums or charges.
__ Other. (please specify) _____

(2) You may not be immediately eligible for full coverage under the new contract. This could result in denial or delay of a claim for benefits under the new contract, whereas a similar claim might have been payable under your present policy or contract.

(3) State law provides that your replacement Medicare supplement contract may not contain new preexisting conditions, waiting periods, elimination periods, or probationary periods. The plan will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new coverage for similar benefits to the extent that time was spent (depleted) under the original contract.

(4) If you still wish to terminate your present policy or contract and replace it with new coverage, be certain to truthfully and completely answer any and all questions on the application concerning your medical and health history. Failure to include all material medical information on an application requesting that information may provide a basis for the plan to deny any future claims and to refund your prepaid or periodic payment as though your contract had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded.

(5) Do not cancel your present Medicare supplement coverage until you have received your new contract and are sure you want to keep it.

(f) The application form or other consumer information for persons eligible for Medicare and used by an issuer shall contain as an attachment a Medicare supplement buyer's guide in the form approved by the director. The application or other consumer information, containing as an attachment the buyer's guide, shall be mailed or delivered to each applicant applying for that coverage at or before the time of application and, to establish compliance with this subdivision, the issuer shall obtain an acknowledgment of receipt of the attached buyer's guide from each applicant. No issuer shall make use of or otherwise disseminate any

buyer's guide that does not accurately outline current Medicare supplement benefits. No issuer shall be required to provide more than one copy of the buyer's guide to any applicant.

(g) An issuer may comply with the requirement of this section in the case of group contracts by causing the subscriber (1) to disseminate copies of the disclosure form containing as an attachment the buyer's guide to all persons eligible under the group contract at the time those persons are offered the Medicare supplement plan, and (2) collecting and forwarding to the issuer an acknowledgment of receipt of the disclosure form containing as an attachment the buyer's guide from each enrollee.

1358.19. An issuer shall provide a copy of any Medicare supplement advertisement intended for use in this state whether through written, radio, or television medium to the director for review or approval.

(4) Inquire and otherwise make every reasonable effort to identify whether a prospective applicant for a Medicare supplement contract already has health care coverage and the types and amounts of that coverage.

(5) Establish auditable procedures for verifying compliance with this subdivision.

(b) In addition to the practices prohibited by this code or any other law, the following acts and practices are prohibited:

(1) Twisting, which means knowingly making any misleading representation or incomplete or fraudulent comparison of any coverages or issuers for the purpose of inducing or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any coverage or to take out coverage with another plan or insurer.

(2) High pressure tactics, which means employing any method of marketing having the effect of or tending to induce the purchase of

coverage through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of coverage.

(3) Cold lead advertising, which means making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is the solicitation of coverage and that contact will be made by a health care service plan or its representative.

(c) The terms ''Medicare supplement,'' ''Medicare Wrap-Around'' and words of similar import shall not be used unless the contract is issued in compliance with this article. The term ''Medigap'' shall not be used.

1358.21. (a) In recommending the purchase or replacement of any Medicare supplement coverage, an issuer or its representative shall make reasonable efforts to determine the appropriateness of a recommended purchase or replacement.

(b) Any sale of a Medicare supplement contract that will provide an individual more than one Medicare supplement policy or certificate, or contract, is prohibited.

1358.22. (a) On or before March 1 of each year, an issuer shall report the following information for every individual resident of this state for which the issuer has in force more than one Medicare supplement contract:

(1) Contract number.

(2) Date of issuance.

(b) The items set forth above shall be grouped by enrollee.

1358.225. (a) Every issuer shall, by June 30 of each year, file with the director a list of its Medicare supplement contracts offered or issued or outstanding in this state as of the end of the previous calendar year.

(b) The list shall identify the filing issuer by name and address, shall identify each type of contract it offers by name and form number, if one is used, and shall differentiate between contracts filed with and approved by the director in years prior to the previous calendar year, and those filed and approved in the previous calendar year.

(c) The list shall specifically identify all of the following:

(1) Contracts that are issued and outstanding in this state but are no longer offered for sale.

(2) Contracts that, for any reason, were not filed and approved by the director.

(3) Contracts for which the director's approval was withdrawn within the previous calendar year.

(d) The director shall, on or before the first day of September of each year provide the secretary with a list identifying each contract by name and address and the information required to be submitted by this section.

1358.23. (a) If a Medicare supplement contract replaces another Medicare supplement policy or certificate, or contract, the replacing

issuer shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new Medicare supplement contract for similar benefits to the extent that time was spent under the original policy or certificate, or contract.

(b) If a Medicare supplement contract replaces another Medicare supplement policy or certificate, or contract, that has been in effect for at least six months, the replacing contract shall not provide any time period applicable to preexisting conditions, waiting periods, elimination periods and probationary periods for benefits similar to those contained in the original policy or certificate, or contract.

SEC. 3. Article 6 (commencing with Section 10192.05) of Chapter 1 of Part 2 of Division 2 of the Insurance Code is repealed.

SEC. 4. Article 6 (commencing with Section 10192.1) is added to Chapter 1 of Part 2 of Division 2 of the Insurance Code, to read:

10192.2. The purpose of this article is to provide for the reasonable standardization of coverage and simplification of terms and benefits of Medicare supplement policies, to facilitate public understanding and comparison of those policies, to eliminate provisions contained in those policies that may be misleading or confusing in connection with the purchase of the policies or with the settlement of claims, and to provide for full disclosures in the sale of Medicare supplement insurance policies to persons eligible for Medicare.

10192.3. A policy or certificate shall not be advertised, solicited, or issued for delivery as a Medicare supplement policy or certificate unless it complies with these benefit standards.

(a) The following general standards apply to Medicare supplement policies and certificates and are in addition to all other requirements of this article:

(1) A Medicare supplement policy or certificate shall not exclude or limit benefits for losses incurred more than six months from the effective date of coverage because it involved a preexisting condition. The policy or certificate shall not define a preexisting condition more restrictively than a condition for which medical advice was given or treatment was recommended by or received from a physician within six months before the effective date of coverage.

(2) A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

(3) A Medicare supplement policy or certificate shall provide that benefits designed to cover cost-sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with those changes.

(4) A Medicare supplement policy or certificate shall not provide for termination of coverage of a spouse solely because of the occurrence of an event specified for termination of coverage of the insured, other than the nonpayment of premium.

(5) Each Medicare supplement policy shall be guaranteed renewable or noncancelable.

(A) The issuer shall not cancel or nonrenew the policy solely on the ground of health status of the individual.

(B) The issuer shall not cancel or nonrenew the policy for any reason other than nonpayment of premium or misrepresentation which is shown by the issuer to be material to the acceptance for coverage. The contestability period for Medicare supplement insurance shall be two years.

(C) If the Medicare supplement policy is terminated by the master policyholder and is not replaced as provided under subparagraph (E), the issuer shall offer certificate holders an individual Medicare supplement policy that, at the option of the certificate holder, either provides for continuation of the benefits contained in the group policy or provides for benefits that otherwise meet the requirements of one of the standardized policies defined in this article.

(D) If an individual is a certificate holder in a group Medicare supplement policy and membership in the group is terminated, the issuer shall either offer the certificate holder the conversion opportunity described in subparagraph (C) or, at the option of the group policyholder, shall offer the certificate holder continuation of coverage under the group policy.

(E) (i) If a group Medicare supplement policy is replaced by another group Medicare supplement policy purchased by the same policyholder, the issuer of the replacement policy shall offer coverage to all persons covered under the old group policy on its date of termination. Coverage under the new policy shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced.

(ii) If a Medicare supplement policy or certificate replaces another Medicare supplement policy or certificate that has been in force for six months or more, the replacing issuer shall not impose an exclusion or

limitation based on a preexisting condition. If the original coverage has been in force for less than six months, the replacing issuer shall waive any time period applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy or certificate to the extent the time was spent under the original coverage.

(6) Termination of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss that commenced while the policy was in force, but the extension of benefits beyond the period during which the policy was in force may be predicated upon the continuous total disability of the insured, limited to the duration of the policy benefit period, if any, or to payment of the maximum benefits.

(7) (A) A Medicare supplement policy or certificate shall provide that benefits and premiums under the policy or certificate shall be suspended at the request of the policyholder or certificate holder for the period, not to exceed 24 months, in which the policyholder or certificate holder has applied for and is determined to be entitled to Medi-Cal or medicaid under Title XIX of the federal Social Security Act, but only if the policyholder or certificate holder notifies the issuer of the policy or certificate within 90 days after the date the individual becomes entitled to assistance. Upon receipt of timely notice, the insurer shall return directly to the insured that portion of the premium attributable to the period of Medi-Cal or medicaid eligibility, subject to adjustment for paid claims.

(B) If suspension occurs and if the policyholder or certificate holder loses entitlement to Medi-Cal or medicaid, the policy or certificate shall be automatically reinstituted, effective as of the date of termination of entitlement, as of the termination of entitlement if the policyholder or certificate holder provides notice of loss of entitlement within 90 days after the date of loss and pays the premium attributable to the period, effective as of the date of termination of entitlement, or equivalent coverage shall be provided if the prior form is no longer available.

(C) Reinstitution of coverages:

(i) Shall not provide for any waiting period with respect to treatment of preexisting conditions.

(ii) Shall provide for coverage which is substantially equivalent to coverage in effect before the date of suspension.

(iii) Shall provide for classification of premiums on terms at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had the coverage not been suspended.

(8) No Medicare supplement policy may limit coverage exclusively to a single disease or affliction.

(b) With respect to the standards for basic (core) benefits common to all benefit plans, every issuer shall make available a policy or certificate

including only the following basic ''core'' package of benefits to each prospective insured. An issuer may make available to prospective insureds any of the other Medicare supplement insurance benefit plans in addition to the basic core package, but not in lieu of it. However, the benefits described in paragraphs (6) and (7) shall not be offered so long as California is required to disallow these benefits for Medicare beneficiaries by the Health Care Financing Administration or other agent of the federal government under Section 1395ss of Title 42 of the United States Code.

For the purposes of this paragraph, a significant benefit means coverage for the Medicare Part A deductible, coverage for prescription drugs, coverage for at-home recovery services, or coverage for Medicare Part B excess charges.

(p) The commissioner may grant special Medicare Select status to plans of guaranteed renewable Medicare supplement coverage provided through a preferred provider organization, which plans were offered to the public or in force before the effective date of this section, if the commissioner determines that the applicants will receive benefits and consumer protections that are substantially equivalent to those in other Medicare Select plans identified in this section, and if the issuer satisfies the following requirements:

(1) The issuer shall apply within one year of the effective date of this section by submitting to the commissioner the following items:

(A) The current plan of operation as defined in subdivision (e).

(B) If the written disclosures of subdivision (i) have not been delivered to each applicant as required, the issuer's plan to accomplish full disclosure to every insured and to achieve substantial compliance with subdivision (j).

(C) The issuer's statement of intent to comply with subdivision (f).

(D) If the plan of operation does not comply with the standards of subdivision (g), (h), (k), (*l*), or (m), the issuer's plan for achieving substantial compliance with these subdivisions for every insured.

10192.11. (a) An issuer shall not deny or condition the issuance or effectiveness of any Medicare supplement policy or certificate available

for sale in this state, nor discriminate in the pricing of a policy or certificate because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement policy and certificate currently available from an issuer shall be made available to all applicants who qualify under this subdivision without regard to age. This section shall not be construed as preventing the exclusion of benefits for preexisting conditions as defined in paragraph (1) of subdivision (a) of Section 10192.8.

(b) (1) If an applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage of at least six months, the issuer shall not exclude benefits based on a preexisting condition.

(2) If the applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage that is less than six months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date. The manner of the reduction under this subdivision shall be as specified by the commissioner.

(c) Except as provided in subdivision (b) and Section 10192.23, subdivision (a) shall not be construed as preventing the exclusion of benefits under a policy, during the first six months, based on a preexisting condition for which the policyholder or certificate holder received treatment or was otherwise diagnosed during the six months before the coverage became effective.

(d) An individual enrolled in Medicare Part B by reason of disability will be entitled to open enrollment described in this section for six months after he or she reaches age 65. Every issuer shall make available to every applicant qualified for open enrollment all policies and certificates offered by that issuer at the time of application. Issuers shall not discourage sales during the open enrollment period by any means, including the altering of the commission structure.

(e) An individual who is 65 years of age or older and enrolled in Medicare Part B is entitled to open enrollment described in this section for six months following:

(1) Receipt of a notice of termination or, if no notice is received, the effective date of termination, from any employer-sponsored health plan including an employer-sponsored retiree health plan. For purposes of

this section, ''employer-sponsored retiree health plan'' includes any coverage for medical expenses that is directly or indirectly sponsored or established by an employer for employees or retirees, their spouses, dependents, or other included insureds.

(2) Termination of health care services for a military retiree or the retiree's Medicare eligible spouse or dependent as a result of a military base closure.

(f) An individual who is 65 years of age or older and enrolled in Medicare Part B is entitled to open enrollment described in this section if the individual was covered under a policy, certificate, or contract providing Medicare supplement coverage but that coverage terminated because the individual established residence at a location not served by the plan.

(g) (1) An individual who was previously enrolled in but whose coverage was terminated between September 1, 1998, and December 31, 1998, by a Medicare managed care plan shall be entitled to a new 60-day open enrollment period in addition to any open enrollment authorized by federal law or regulations, for any and all Medicare supplement coverage provided by Medicare supplement insurers and available on a guaranteed basis under state and federal law or regulations for persons terminated by their Medicare managed care plan.

(2) The new open enrollment period specified in paragraph (1) shall commence 90 days after January 1, 2000.

(3) An individual who was previously enrolled in but whose coverage was terminated after January 1, 1999, by a Medicare managed care plan shall be entitled to an additional 60-day open enrollment period to be added on to and run consecutively after any open enrollment period authorized by federal law or regulations, for any and all Medicare supplement coverage provided by Medicare supplement insurers and available on a guaranteed basis under state and federal law or regulations for persons terminated by their Medicare managed care plan.

(h) An individual shall be entitled to an annual open enrollment period lasting 30 days or more, commencing with the individual's birthday, during which time that person may purchase any Medicare supplement policy, with the exception of a Medicare Select policy, that offers benefits equal to or lesser than those provided by the previous coverage. During this open enrollment period, no issuer that falls under this provision shall deny or condition the issuance or effectiveness of Medicare supplement coverage, nor discriminate in the pricing of coverage, because of health status, claims experience, receipt of health care, or medical condition of the individual if, at the time of the open enrollment period, the individual is covered under another Medicare supplement policy or contract. An issuer shall notify a policyholder of

his or her rights under this subdivision at least 30 and no more than 60 days before the beginning of the open enrollment period.

10192.12. (a) (1) With respect to the guaranteed issue of a Medicare supplement policy, eligible persons are those individuals described in subdivision (b) who apply to enroll under the policy not later than 63 days after the date of the termination of enrollment described in subdivision (b), and who submit evidence of the date of termination or disenrollment with the application for a Medicare supplement policy.

(2) With respect to eligible persons, an issuer shall not deny or condition the issuance or effectiveness of a Medicare supplement policy described in subdivision (c) that is offered and is available for issuance to new enrollees by the issuer, shall not discriminate in the pricing of such a Medicare supplement policy because of health status, claims experience, receipt of health care, or medical condition, and shall not impose an exclusion of benefits based on a preexisting condition under such a Medicare supplement policy.

(b) An eligible person is an individual described in any of the following paragraphs:

(1) The individual is enrolled under an employee welfare benefit plan that provides health benefits that supplement the benefits under Medicare, and the plan terminates, or the plan ceases to provide all of those supplemental health benefits to the individual.

(2) The individual is enrolled with a Medicare+Choice organization under a Medicare+Choice plan Medicare Part C, and any of the following apply:

(A) The organization's or plan's certification, under this part, has been terminated or the organization has terminated or otherwise discontinued providing the plan in the area in which the individual resides.

(B) The individual is no longer eligible to elect the plan because of a change in the individual's place of residence or other change in circumstances specified by the secretary, but not including termination of the individual's enrollment on the basis described in Section 1851(g)(3)(B) of the federal Social Security Act, where the individual has not paid premiums on a timely basis or has engaged in disruptive behavior as specified in standards under Section 1856 of that act, or the plan is terminated for all individuals within a residence area.

(C) The individual demonstrates, in accordance with guidelines established by the commissioner, either of the following:

(i) The organization offering the plan substantially violated a material provision of the organization's contract under this article in relation to the individual, including the failure to provide an enrollee on a timely basis medically necessary care for which benefits are available under the

plan or the failure to provide the covered care in accordance with applicable quality standards.

(ii) The organization, or agent or other entity acting on the organization's behalf, materially misrepresented the plan's provisions in marketing the plan to the individual.

(D) The individual meets other exceptional conditions as the commissioner may provide.

(3) The individual meets both of the following conditions:

(A) The individual is enrolled with any of the following:

(i) An eligible organization under a contract under Section 1876 of the federal Social Security Act (Medicare risk or cost).

(ii) A similar organization operating under demonstration project authority, effective for periods before April 1, 1999.

(iii) An organization under an agreement under Section 1833(a)(1)(A) of the federal Social Security Act (health care prepayment plan).

(iv) An organization under a Medicare Select policy.

(B) The individual's enrollment ceases under the same circumstances that would permit discontinuance of an individual's election of coverage under the first sentence of Section 1851(e)(4) of the federal Social Security Act as delineated in paragraph (2) of subdivision (b).

(4) The individual is enrolled under a Medicare supplement policy and the enrollment ceases because of the following: the insolvency of the issuer or bankruptcy of the nonissuer organization; the involuntary termination of coverage or enrollment under the policy; the issuer of the policy substantially violated a material provision of the policy; or the issuer, or an agent or other entity acting on the issuer's behalf, materially misrepresented the policy's provisions in marketing the policy to the individual.

(5) The individual meets both of the following conditions:

(A) The individual was enrolled under a Medicare supplement policy and terminates enrollment and subsequently enrolls, for the first time, with any Medicare+Choice organization under a Medicare+Choice plan under Medicare Part C, any eligible organization under a contract under Section 1876 of the federal Social Security Act (Medicare risk or cost), any similar organization operating under demonstration project authority, an organization under an agreement under Section 1833(a)(1)(A) of the federal Social Security Act (health care prepayment plan), or a Medicare Select policy.

(B) The subsequent enrollment under subparagraph (A) is terminated by the enrollee during any period within the first 12 months of the subsequent enrollment (during which the enrollee is permitted to terminate the subsequent enrollment under Section 1851(e) of the federal Social Security Act).

(6) The individual, upon first becoming eligible for benefits under Medicare Part A at age 65 years, enrolls in a Medicare+Choice plan under Medicare Part C, and disenrolls from the plan by not later than 12 months after the effective date of enrollment.

(c) (1) Under paragraphs (1), (2), (3), and (4) of subdivision (b), eligible persons are entitled to a Medicare supplement policy that has a benefit package classified as plan A, B, C, or F offered by any issuer.

(2) Under paragraph (5) of subdivision (b), eligible persons are entitled to the same Medicare supplement policy in which they were most recently previously enrolled, if available from the same issuer, or, if not so available, a policy described in paragraph (1) of subdivision (c).

(3) Under paragraph (6) of subdivision (b), eligible persons are entitled to any Medicare supplement policy offered by any issuer.

(d) (1) At the time of an event described in subdivision (b) because of which an individual loses coverage or benefits due to the termination of a contract or agreement, policy, or plan, the organization that terminates the contract or agreement, the issuer terminating the policy, or the administrator of the plan being terminated, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement policies under subdivision (a). That notice shall be communicated contemporaneously with the notification of termination.

(2) At the time of an event described in subdivision (b) because of which an individual ceases enrollment under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the policy, or the administrator of the plan, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement policies under subdivision (a). That notice shall be communicated within ten working days of the issuer receiving notification of disenrollment.

10192.13. (a) An issuer shall comply with Section 1882(c)(3) of the federal Social Security Act (as enacted by Section 4081(b)(2)(C) of the federal Omnibus Budget Reconciliation Act of 1987 (OBRA), Public Law 100-203) by doing all of the following and by certifying compliance on the Medicare supplement insurance experience reporting form:

(1) Accepting a notice from a Medicare carrier on dually assigned claims submitted by participating physicians and suppliers as a claim for benefits in place of any other claim form otherwise required and making a payment determination on the basis of the information contained in that notice.

(2) Notifying the participating physician or supplier and the beneficiary of the payment determination.

(3) Paying the participating physician or supplier directly.

(4) Furnishing, at the time of enrollment, each enrollee with a card listing the policy name, number, and a central mailing address to which notices from a Medicare carrier may be sent.

(5) Paying user fees for claim notices that are transmitted electronically or otherwise.

(6) Providing to the secretary, at least annually, a central mailing address to which all claims may be sent by Medicare carriers.

(7) File, by June 30 of each year, with the commissioner a list of its Medicare supplement policies and certificates offered or issued or in force in California as of the end of the previous year.

(A) The list shall identify the issuer by name and address, shall identify each type of form it offers by name and form number, and shall differentiate between forms approved in the previous calendar year and those approved before the previous calendar year.

(B) The list shall identify all of the following:

(i) Forms issued and in force but no longer offered in California.

(ii) Forms that, for any reason, were not filed and approved by the commissioner.

(iii) Forms for which the commissioner's approval was withdrawn within the previous calendar year.

(iv) The number of forms issued in California in the previous calendar year, and the number of forms in force in California on December 31 of the previous calendar year.

(b) (1) Compliance with the requirements set forth in subdivision (a) shall be certified on the Medicare supplement insurance experience reporting form provided by the commissioner.

(2) The commissioner shall, by September 1 of each year, provide the secretary with a list identifying each issuer by name and address and provide the information requested in this section.

(c) No issuer that administers Medicare coverage and federal employee programs may require that more than one form be submitted per claim in order to receive payment or reimbursement under any or all of those policies or programs.

10192.14. (a) (1) (A) With respect to loss ratio standards, a Medicare supplement policy form or certificate form shall not be advertised, solicited, or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits, not including anticipated refunds or credits, provided under the policy form or certificate form at least 75 percent of the aggregate amount of premiums earned in the case of group policies, or at least 65 percent of the aggregate amount of premiums earned in the case of individual policies.

(B) Loss ratio standards shall be calculated on the basis of incurred claims experience, and earned premiums shall be calculated for the period and in accordance with accepted actuarial principles and practices.

(2) All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards.

(3) For purposes of applying paragraph (1) of subdivision (a) and paragraph (3) of subdivision (c) of Section 10192.15 only, policies issued as a result of solicitations of individuals through the mail or by mass media advertising, including both print and broadcast advertising, shall be deemed to be individual policies.

(b) (1) With respect to refund or credit calculations, an issuer shall collect and file with the commissioner by May 31 of each year the data contained in the applicable reporting form required by the commissioner for each type of coverage in a standard Medicare supplement benefit plan.

(2) If on the basis of the experience as reported the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation shall be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

(3) For the purposes of this section, with respect to policies or certificates advertised, solicited, or issued for delivery prior to January 1, 2001, the issuer shall make the refund or credit calculation separately for all individual policies, including all group policies subject to an individual loss ratio standard when issued, combined and all other group policies combined for experience after January 1, 2001. The first report pursuant to paragraph (1) shall be due by May 31, 2003.

(4) A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the secretary, but in no event shall it be less than the average rate of interest for 13-week Treasury notes. A refund or credit against premiums due shall be made by September 30 following the experience year upon which the refund or credit is based.

(c) An issuer of Medicare supplement policies and certificates shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy duration for approval by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner and this code. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio that is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years.

As soon as practicable, but prior to the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates shall file with the commissioner, in accordance with applicable filing procedures, all of the following:

(1) (A) Appropriate premium adjustments necessary to produce loss ratios as anticipated for the current premium for the applicable policies or certificates. The supporting documents necessary to justify the adjustment shall accompany the filing.

(B) An issuer shall make premium adjustments necessary to produce an expected loss ratio under the policy or certificate to conform to minimum loss ratio standards for Medicare supplement policies and that are expected to result in a loss ratio at least as great as that originally anticipated in the rates used to produce current premiums by the issuer for the Medicare supplement policies or certificates. No premium adjustment that would modify the loss ratio experience under the policy other than the adjustments described in this section shall be made with respect to a policy at any time other than upon its renewal date or anniversary date.

(C) If an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds, or premium credits deemed necessary to achieve the loss ratio required by this section.

(2) Any appropriate riders, endorsements, or policy forms needed to accomplish the Medicare supplement policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements, or policy forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

(d) The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form issued before or after the effective date of January 1, 2001, if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio

standard. The determination of compliance is made without consideration of any refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner deemed appropriate by the commissioner.

10192.15. (a) An issuer shall not advertise, solicit, or issue for delivery a policy or certificate to a resident of this state unless the policy form or certificate form has been filed with and approved by the commissioner in accordance with filing requirements and procedures prescribed by the commissioner. Master policies issued outside California shall be filed for informational purposes along with the certificates. Until January 1, 2001, or 90 days after approval of Medicare supplement policies or certificates submitted for approval pursuant to this section, whichever is later, issuers may continue to offer and market previously approved Medicare supplement policies or certificates.

(b) (1) An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule, and supporting documentation have been filed with and approved by the commissioner in accordance with the filing requirements and procedures prescribed by the commissioner.

(2) Paragraph (1) of subdivision (b) of Section 10290 shall not apply to Medicare supplement insurance forms or rates. However, the commissioner may authorize in writing, for good cause only, the limited use of a form or rates after that form or the rates have been filed with the commissioner for 60 days and have not otherwise been acted upon.

(c) (1) Except as provided in paragraph (2), an issuer shall not file for approval more than one form of a policy or certificate of each type for each standard Medicare supplement benefit plan.

(2) An issuer may offer, with the approval of the commissioner, up to four additional policy forms or certificate forms of the same type for the same standard Medicare supplement benefit plan, one for each of the following cases:

(A) The inclusion of new or innovative benefits.

(B) The addition of either direct response or agent marketing methods.

(C) The addition of either guaranteed issue or underwritten coverage.

(D) The offering of coverage to individuals eligible for Medicare by reason of disability.

(3) For the purposes of this section, a ''type'' means an individual policy, a group policy, an individual Medicare Select policy, or a group Medicare Select policy.

(d) (1) Except as provided in subdivision (a), an issuer shall continue to make available for purchase any policy form or certificate form issued after January 1, 2001, that has been approved by the commissioner. A policy form or certificate form shall not be considered to be available for

purchase unless the issuer has actively offered it for sale in the previous 12 months.

(A) An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the commissioner in writing its decision at least 60 days prior to discontinuing the availability of the form of the policy or certificate. After receipt of the notice by the commissioner, the issuer shall no longer offer for sale the policy form or certificate form in this state.

(B) An issuer that discontinues the availability of a policy form or certificate form pursuant to subparagraph (A) shall not file for approval a new policy form or certificate form of the same type for the same standard Medicare supplement benefit plan as the discontinued form for a period of five years after the issuer provides notice to the commissioner of the discontinuance. The period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate.

(2) The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this subdivision.

(3) A change in the rating structure or methodology shall be considered a discontinuance under paragraph (1) unless the issuer complies with the following requirements:

(A) The issuer provides an actuarial memorandum, in a form and manner prescribed by the commissioner, describing the manner in which the revised rating methodology and resultant rates differ from the existing rating methodology and existing rates. The commissioner may approve the change if it is in the public interest.

(B) The issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The commissioner may approve a change to the differential which is in the public interest. The commissioner may approve a change to the differential if it is in the public interest.

(e) (1) Except as provided in paragraph (2), the experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in Section 10192.13.

(2) Forms assumed under an assumption reinsurance agreement shall not be combined with the experience of other forms for purposes of the refund or credit calculation.

10192.16. (a) An issuer or other entity may provide commission or other compensation to an agent or other representative for the sale of a Medicare supplement policy or certificate only if the first year commission or other first year compensation is no more than 200 percent of the commission or other compensation paid for selling or servicing

the policy or certificate in the second year or period. Every insurer shall file with the commissioner its commission structure or an explanation of the insurer's plan to comply with this provision.

(b) The commission or other compensation provided in subsequent renewal years must be the same as that provided in the second year or period and must be provided for no fewer than five renewal years.

(c) No issuer or other entity shall provide compensation to its agents or other producers, and no agent or producer shall receive compensation, greater than the renewal compensation payable by the replacing issuer on renewal policies or certificates if an existing policy or certificate is replaced.

(d) For purposes of this section, ''commission'' or ''compensation'' includes pecuniary or nonpecuniary remuneration of any kind relating to the sale or renewal of the policy or certificate, including, but not limited to, bonuses, gifts, prizes, awards, and finders' fees.

10192.165. (a) (1) As prescribed in this chapter, the commissioner shall have the administrative authority to assess penalties against issuers, brokers, agents, and other entities engaged in the business of insurance or any other person or entity for violations of this article.

(2) Upon a showing of a violation of this article in any civil action, a court may also assess the penalties prescribed in this chapter.

(3) Whenever the commissioner has reasonable cause to believe or determines after a public hearing that any issuer, agent, broker, or other person or entity engaged in the business of insurance, has violated this article he or she shall make and serve upon the issuer, broker, or other person or entity a notice of hearing. The notice shall state the commissioner's intent to assess the administrative penalties, the time and place of the hearing, and the conduct, condition, or ground upon which the commissioner is holding the hearing and assessing the penalties. The hearing shall occur within 30 days after the notice is served. Within 30 days after the hearing the commissioner shall issue an order specifying the amount of penalties to be paid. The penalties resulting from the hearing shall be paid to the Insurance Fund.

(4) The powers vested in the commissioner by this section shall be additional to any and all powers and remedies vested in the commissioner by law.

(b) (1) Any broker, agent, or other person or entity engaged in the business of insurance, other than an issuer, who violates this article is liable for administrative penalties of no less than two hundred fifty dollars ($250) for the first violation.

(2) Any broker, agent, other person, or other entity engaged in the business of insurance, other than an issuer, who engages in practices prohibited by this chapter a second or subsequent time or who commits a knowing violation of this article, is liable for administrative penalties

of no less than one thousand dollars ($1,000) and no more than twenty-five thousand dollars ($25,000) for each violation.

(3) Any issuer who violates this article is liable for administrative penalties of no less than two thousand five hundred dollars ($2,500) for the first violation.

(4) Any issuer who violates this article with a frequency as to indicate a general business practice or commits a knowing violation of this article, is liable for administrative penalties of no less than ten thousand dollars ($10,000) and no more than one hundred thousand dollars ($100,000) for each violation.

(c) (1) Actions for injunctive relief, penalties in the amounts specified in subdivision (a), damages, restitution, and all other remedies provided for in law, may be brought in superior court by the Attorney General, district attorney, or city attorney on behalf of the people of the State of California.

(2) The court shall award reasonable attorney's fees and costs to a prevailing plaintiff who establishes a violation of this article.

(d) In addition to any other applicable penalties, the commissioner may require issuers, agents, brokers, or other persons or entities violating any provision of this article or regulations promulgated pursuant to this article, to cease marketing in this state any Medicare supplement policy or certificate or may require the issuer, agent, broker, or other person or entity to take such actions as are necessary to comply with the provisions of this article, or both.

(e) Any person who knowingly or intentionally violates any provision of this article is guilty of a public offense punishable by imprisonment in a county jail not exceeding one year or by imprisonment in the state prison or by a fine not exceeding ten thousand dollars ($10,000), or by both that imprisonment and fine.

(f) (1) The requirements and remedies provided by this article are in addition to any other remedies provided by law.

(2) If any provision of this article or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the article which can be given effect without the invalid provision or application, and to this end the provisions of this article are severable.

10192.17. (a) Medicare supplement policies and certificates shall include a renewal, continuation, or conversion provision. The language or specifications of the provision shall be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy, and shall include any reservation by the issuer of the right to change premiums and any automatic renewal premium increases based on the policyholder's age.

(b) Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy after the date of issue or upon reinstatement or renewal that reduce or eliminate benefits or coverage in the policy shall require a signed acceptance by the insured. After the date of policy or certificate issue, any rider or endorsement which increases benefits or coverage with a concomitant increase in premium during the policy term shall be agreed to in writing signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies, or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy.

(c) Medicare supplement policies or certificates shall not provide for the payment of benefits based on standards described as ''usual and customary,'' ''reasonable and customary,'' or words of similar import.

(d) If a Medicare supplement policy or certificate contains any limitations with respect to preexisting conditions, those limitations shall appear as a separate paragraph of the policy and be labeled as ''Preexisting Condition Limitations.''

(e) Medicare supplement policies and certificates shall have a notice prominently printed on the first page of the policy or certificate, and of the outline of coverage, or attached thereto, in no less than 10-point uppercase type, stating in substance that the policyholder or certificate holder shall have the right to return the policy or certificate, via regular mail, within 30 days of receiving it, and to have the full premium refunded if, after examination of the policy or certificate, the insured person is not satisfied for any reason. The return shall void the contract from the beginning, and the parties shall be in the same position as if no contract had been issued.

(2) For purposes of this section, a timely manner shall be no later than 30 days after the issuer receives the returned contract.

(3) If the issuer fails to refund all prepaid or periodic charges paid in a timely manner, then the applicant shall receive interest on the paid charges at the legal rate of interest on judgments as provided in Section 685.010 of the Code of Civil Procedure. The interest shall be paid from the date the issuer received the returned contract.

(f) (1) Issuers of disability insurance policies, certificates, or contracts that provide hospital or medical expense coverage on an expense incurred or indemnity basis, other than incidentally, to persons eligible for Medicare shall provide to those applicants a Guide to Health

Insurance for People with Medicare in the form developed jointly by the National Association of Insurance Commissioners and the Health Care Financing Administration and in a type size no smaller than 12-point type. Delivery of the guide shall be made whether or not the policies or certificates are advertised, solicited, or issued for delivery as Medicare supplement policies or certificates as defined in this article. Except in the case of direct response issuers, delivery of the guide shall be made to the applicant at the time of application, and acknowledgment of receipt of the guide shall be obtained by the issuer. Direct response issuers shall deliver the guide to the applicant upon request, but not later than at the time the policy is delivered.

(2) For the purposes of this section, ''form'' means the language, format, type size, type proportional spacing, bold character, and line spacing.

(g) As soon as practicable, but no later than 30 days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificate holders of modifications it has made to Medicare supplement policies or certificates in a format acceptable to the commissioner. The notice shall include both of the following:

(1) A description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate.

(2) Inform each policyholder or certificate holder as to when any premium adjustment is to be made due to changes in Medicare.

(h) The notice of benefit modifications and any premium adjustments shall be in outline form and in clear and simple terms so as to facilitate comprehension.

(i) The notices shall not contain or be accompanied by any solicitation.

(j) (1) Issuers shall provide an outline of coverage to all applicants at the time application is presented to the prospective applicant and, except for direct response policies, shall obtain an acknowledgment of receipt of the outline from the applicant. If an outline of coverage is provided at the time of application and the Medicare supplement policy or certificate is issued on a basis which would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than 12-point type, immediately above the company name:

''NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued.''

(2) The outline of coverage provided to applicants pursuant to this section consists of four parts: a cover page, premium information, disclosure pages, and charts displaying the features of each benefit plan offered by the issuer. The outline of coverage shall be in the language and format prescribed below in no less than 12-point type. All plans A-J shall be shown on the cover page, and the plans that are offered by the issuer shall be prominently identified. Premium information for plans that are offered shall be shown on the cover page or immediately following the cover page and shall be prominently displayed. The premium and mode shall be stated for all plans that are offered to the prospective applicant. All possible premiums for the prospective applicant shall be illustrated.

(3) The commissioner may adopt regulations to implement this article, including, but not limited to, regulations that specify the required information to be contained in the outline of coverage provided to applicants pursuant to this section, including the format of tables, charts, and other information.

(k) (1) Any disability insurance policy or certificate, a basic, catastrophic or major medical expense policy, or single premium nonrenewal policy or certificate issued to persons eligible for Medicare, other than a Medicare supplement policy, a policy issued pursuant to a contract under Section 1876 of the federal Social Security Act (42 U.S.C.A. Sec. 1395 et seq.), a disability income policy, or any other policy identified in subdivision (b) of Section 10192.3, advertised, solicited, or issued for delivery in this state to persons eligible for Medicare, shall notify insureds under the policy that the policy is not a Medicare supplement policy or certificate. The notice shall either be printed or attached to the first page of the outline of coverage delivered to insureds under the policy, or if no outline of coverage is delivered, to the first page of the policy or certificate delivered to insureds. The notice shall be in no less than 12-point type and shall contain the following language:

''THIS [POLICY OR CERTIFICATE] IS NOT A MEDICARE SUPPLEMENT [POLICY OR CONTRACT]. If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company.''

(2) Applications provided to persons eligible for Medicare for the disability insurance policies or certificates described in paragraph (1) shall disclose the extent to which the policy duplicates Medicare in a manner required by the commissioner. The disclosure statement shall be provided as a part of, or together with, the application for the policy or certificate.

(*l*) (1) Insurers issuing Medicare supplement policies or certificates for delivery in California shall provide an outline of coverage to all applicants at the time of presentation for examination or sale as provided in Section 10605, and in no case later than at the time the application is made. Except for direct response policies, insurers shall obtain a written acknowledgment of receipt of the outline from the applicant.

Any advertisement that is not a presentation for examination or sale as defined in subdivision (e) of Section 10601 shall contain a notice in no less than 10-point uppercase type that an outline of coverage is available upon request. The insurer or agent that receives any request for an outline of coverage shall provide an outline of coverage to the person making the request within 14 days of receipt of the request.

(2) If an outline of coverage is provided at or before the time of application and the Medicare supplement policy or certificate is issued on a basis that would require revision of the outline, a substitute outline of coverage properly describing the policy or certificate shall accompany the policy or certificate when it is delivered and contain the following statement, in no less than 12-point type, immediately above the name:

''NOTICE: Read this outline of coverage carefully. It is not identical to the outline of coverage provided upon application and the coverage originally applied for has not been issued.''

(3) The outline of coverage shall be in the language and format prescribed in this subdivision in no less than 12-point type, and shall include the following items in the order prescribed below. Titles, as set forth below in paragraphs (B) to (H), inclusive, shall be capitalized, centered, and printed in boldface type. The outline of coverage shall include the items, and in the same order, specified in the chart set forth in paragraph (4) of subdivision (C) of Section 17 of the Model Regulation to implement the NAIC Medicare Supplement Insurance Minimum Standards Model Act, as adopted by the National Association of Insurance Commissioners on July 30, 1991.

(A) The cover page shall contain the 10-plan (A through J) chart. The plans offered by the insurer shall be clearly identified. Innovative benefits shall be explained in a manner approved by the commissioner. The text shall read:

''Medicare supplement insurance can be sold in only 10 standard plans. This chart shows the benefits included in each plan. Every insurance company must offer Plan A. Some plans may not be available.

The BASIC BENEFITS included in ALL plans are:

Hospitalization: Medicare Part A coinsurance plus coverage for 365 additional days after Medicare benefits end.

Medical expenses: Medicare Part B coinsurance (usually 20 percent of the Medicare-approved amount).

Blood: First three pints of blood each year.

Mammogram: One annual screening to the extent not covered by Medicare.

Cervical cancer test: One annual screening.''

[Reference to the mammogram and cervical cancer test shall not be included so long as California is required to disallow them for Medicare beneficiaries by the Health Care Financing Administration or other agent of the federal government under 42 U.S.C. Sec. 1395ss.]

(B) PREMIUM INFORMATION. Premium information for plans that are offered by the insurer shall be shown on, or immediately following, the cover page and shall be clearly and prominently displayed. The premium and mode shall be stated for all offered plans. All possible premiums for the prospective applicant shall be illustrated in writing. If the premium is based on the increasing age of the insured, information specifying when and how premiums will change shall be clearly illustrated in writing. The text shall state: ''We [the insurer's name] can only raise your premium if we raise the premium for all policies like yours in California.''

(C) The text shall state: ''Use this outline to compare benefits and premiums among policies.''

(D) READ YOUR POLICY VERY CAREFULLY. The text shall state: ''This is only an outline describing your policy's most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and your insurance company.''

(E) THIRTY-DAY RIGHT TO RETURN THIS POLICY. The text shall state: ''If you find that you are not satisfied with your policy, you may return it to [insert the insurer's address]. If you send the policy back to us within 30 days after you receive it, we will treat the policy as if it has never been issued and return all of your payments.''

(F) POLICY REPLACEMENT. The text shall read: ''If you are replacing another health insurance policy, do NOT cancel it until you have actually received your new policy and are sure you want to keep it.''

(G) DISCLOSURES. The text shall read: ''This policy may not fully cover all of your medical costs.'' ''Neither this company nor any of its agents are connected with Medicare.'' ''This outline of coverage does not give all the details of Medicare coverage. Contact your local social security office or consult ''The Medicare Handbook'' for more details.'' ''For additional information concerning policy benefits, contact the Health Insurance Counseling and Advocacy Program (HICAP) or your agent. Call the HICAP toll-free telephone number, 1-800-434-0222, for

a referral to your local HICAP office. HICAP is a service provided free of charge by the State of California.''

The disclosure required by this paragraph, as revised by amendments made during the 1996 portion of the 1995–96 Regular Session, shall be included in the required disclosure form no later than January 1, 1998.

(H) [For policies that are not guaranteed issue] COMPLETE ANSWERS ARE IMPORTANT. The text shall read: ''When you fill out the application for a new policy, be sure to answer truthfully and completely all questions about your medical and health history. The company may have the right to cancel your policy and refuse to pay any claims if you leave out or falsify important medical information.

Review the application carefully before you sign it. Be certain that all information has been properly recorded.''

(I) An example showing a physician's charge, which is equal to or less than the allowable limiting charge for the current year, of two thousand dollars ($2,000), the amount that Medicare would approve, the amount that Medicare would pay, the amount that the policy or certificate would pay, and any amount that would be owed by the insured, assuming that the annual deductible has already been paid. The statement shall be prominently displayed and in type no smaller than other type on the page.

(J) One chart for each benefit plan offered by the insurer showing the services, Medicare payments, payments under the policy and payments expected from the insured, using the same uniform format and language. No more than four plans may be shown on one page. Include an explanation of any innovative benefits in a manner approved by the commissioner.

10192.18. (a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant has another Medicare supplement or other health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other disability policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing those questions and statements may be used.

In addition, an agent who makes contact with a consumer, as a result of acquiring that consumer's name from a lead generating device shall disclose that fact in the initial contact with the consumer.

(c) No issuer, agent, broker, solicitor, or other person or other entity shall solicit residents of this state for the purchase of a Medicare supplement policy through the use of a true or fictitious name which is deceptive or misleading with regard to the status, character, or proprietary or representative capacity of the entity or person or the true purpose of the advertisement.

(d) For purposes of this section, an advertisement includes envelopes, stationery, business cards, or other materials designed to describe and encourage the purchase of a Medicare supplement policy.

(m) No issuer, agent, broker, or other entity may solicit a particular class by use of advertisements which state or imply that the occupational or other status as members of the class entitles them to reduced rates on a group or other basis when, in fact, the policy being advertised is sold only on an individual basis at regular rates.

10192.195. The commissioner may prescribe by regulation a standard form and the contents of an informational brochure for persons eligible for Medicare by reason of age which is intended to improve the buyer's ability to select the most appropriate coverage and improve the buyer's understanding of Medicare. Except in the case of direct response insurance policies, the commissioner may require by regulation that the information brochure be provided to any applicant eligible for Medicare concurrently with delivery of the outline of coverage. (2) High pressure tactics, which means employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

(3) Cold lead advertising, which means making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is the solicitation of insurance and that contact will be made by an insurance agent or insurance company.

(c) The terms ''Medicare supplement,'' ''Medicare Wrap-Around'' and words of similar import shall not be used unless the policy is issued in compliance with this article. The term ''Medigap'' shall not be used.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 1358.11 of the Health and Safety Code, as added by Senate Bill 764 of the 1999-2000 Regular Session, is amended to read:

1358.11. (a) An issuer shall not deny or condition the offering or effectiveness of any Medicare supplement contract available for sale in this state, nor discriminate in the pricing of a contract because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a contract that is submitted prior to or during the six-month period beginning with the

first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement contract currently available from an issuer shall be made available to all applicants who qualify under this subdivision and are 65 years of age or older. Medicare supplement contracts A, B, C, F, and at least one letter-designated plan (H, I, or J, at the discretion of the issuer) that includes coverage for prescription medications, if currently available from an issuer, shall be made available to any applicant who qualifies under this subdivision who is 64 years of age or younger and who does not have End-Stage Renal Disease. This section does not prohibit an issuer in determining subscriber rates from treating applicants who are under 65 years of age and are eligible for Medicare Part B as a separate risk classification.

(b) (1) If an applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage of at least six months, the issuer shall not exclude benefits based on a preexisting condition.

(2) If the applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage that is less than six months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date. The manner of the reduction under this subdivision shall be as specified by the director.

(c) Except as provided in subdivision (b) and Section 1358.23, subdivision (a) shall not be construed as preventing the exclusion of benefits under a contract, during the first six months, based on a preexisting condition for which the enrollee received treatment or was otherwise diagnosed during the six months before the coverage became effective.

(d) An individual enrolled in Medicare Part B by reason of disability shall be entitled to open enrollment described in this section for six months after he or she first becomes eligible for Medicare Part B. Sales during the open enrollment period shall not be discouraged by any means, including the altering of the commission structure.

There shall be a one-time open enrollment period of 120 days commencing on January 1, 2001, for all individuals eligible for Medicare by reason of disability who do not have End-Stage Renal Disease.

(e) An individual who is 65 years of age or older and enrolled in Medicare Part B is entitled to open enrollment described in this section for six months following:

(1) Receipt of a notice of termination or, if no notice is received, the effective date of termination, from any employer-sponsored health plan including an employer-sponsored retiree health plan. For purposes of this section, ''employer-sponsored retiree health plan'' includes any coverage for medical expenses that is directly or indirectly sponsored or established by an employer for employees or retirees, their spouses, dependents, or other included covered persons.

(2) Termination of health care services for a military retiree or the retiree's Medicare eligible spouse or dependent as a result of a military base closure.

(f) An individual who is 65 years of age or older and enrolled in Medicare Part B is entitled to open enrollment described in this section if the individual was covered under a policy, certificate, or contract providing Medicare supplement coverage but that coverage terminated because the individual established residence at a location not served by the issuer.

(g) (1) An individual who was previously enrolled in, but whose coverage was terminated between September 1, 1998, and December 31, 1998, by a Medicare managed care plan shall be entitled to a new 60-day open enrollment period in addition to any open enrollment authorized by federal law or regulations, for any and all Medicare supplement coverage available on a guaranteed basis under state and federal law or regulation for persons terminated by their Medicare managed care plan.

(2) The new open enrollment period specified in paragraph (1) shall commence 90 days after January 1, 2000. Within 30 days of January 1, 2000, health plans shall notify their former Medicare enrollees who were terminated during the period specified in paragraph (1) of the new open enrollment period. Health plan notices shall inform the terminated enrollees of the opportunity to secure advice and assistance from the Health Insurance Counseling and Advocacy Program (HICAP) in their area, along with the toll-free telephone number for HICAP.

(3) An individual who was previously enrolled in but whose coverage was terminated after January 1, 1999, by a Medicare managed care plan shall be entitled to an additional 60-day open enrollment period to be added on to and run consecutively after any open enrollment period authorized by federal law or regulations, for any and all Medicare supplement coverage available on a guaranteed basis under state and federal law or regulations for persons terminated by their Medicare managed care plan.

(4) Health plans that terminate Medicare enrollees shall notify those enrollees in the termination notice of the additional open enrollment period authorized by this subdivision. Health plan notices shall inform enrollees of the opportunity to secure advice and assistance from the

Health Insurance Counseling Advocacy Program (HICAP) in their area, along with the toll-free telephone number for HICAP.

(h) An individual shall be entitled to an annual open enrollment period lasting 30 days or more, commencing with the individual's birthday, during which time that person may purchase any Medicare supplement coverage, with the exception of a Medicare Select contract, that offers benefits equal to or lesser than those provided by the previous coverage. During this open enrollment period, no issuer that falls under this provision shall deny or condition the issuance or effectiveness of Medicare supplement coverage, nor discriminate in the pricing of coverage, because of health status, claims experience, receipt of health care, or medical condition of the individual if, at the time of the open enrollment period, the individual is covered under another Medicare supplement policy, certificate, or contract. An issuer that offers Medicare supplement contracts shall notify an enrollee of his or her rights under this subdivision at least 30 and no more than 60 days before the beginning of the open enrollment period.

SEC. 2. Section 1358.12 of the Health and Safety Code, as added by Senate Bill 764 of the 1999–2000 Regular Session, is amended to read:

(D) The individual meets other exceptional conditions as the director may provide.

(6) The individual, upon first becoming eligible for benefits under Medicare Part A at age 65 years, or who postpones enrollment in Medicare Part A or Part B while eligible for employer-sponsored coverage and is older than age 65 years, and enrolls in a Medicare+Choice plan under Medicare Part C, and disenrolls from the plan by not later than 12 months after the effective date of enrollment.

(d) (1) At the time of an event described in subdivision (b) because of which an individual loses coverage or benefits due to the termination of a contract or agreement, policy, or plan, the organization that terminates the contract or agreement, the issuer terminating the contract,

or the administrator of the plan being terminated, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement contracts under subdivision (a). That notice shall be communicated contemporaneously with the notification of termination.

(2) At the time of an event described in subdivision (b) because of which an individual ceases enrollment under a contract or agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the contract, or the administrator of the plan, respectively, shall notify the individual of his or her rights under this section, and of the obligations of issuers of Medicare supplement contracts under subdivision (a). That notice shall be communicated within ten working days of the issuer receiving notification of disenrollment.

SEC. 2.5. Section 1358.22 is added to the Health and Safety Code, to read:

1358.22. (a) (1) With respect to the guaranteed issue of a Medicare supplement contract, eligible persons are those individuals described in subdivision (b) who apply to enroll under the contract not later than 63 days after the date of the termination of enrollment described in subdivision (b), and who submit evidence of the date of termination or disenrollment with the application for a Medicare supplement contract.

SEC. 3. Section 10192.11 of the Insurance Code, as added by Senate Bill 764 of the 1999–2000 Regular Session, is amended to read:

10192.11. (a) An issuer shall not deny or condition the issuance or effectiveness of any Medicare supplement policy or certificate available for sale in this state, nor discriminate in the pricing of a policy or certificate because of the health status, claims experience, receipt of health care, or medical condition of an applicant in the case of an application for a policy or certificate that is submitted prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B. Each Medicare supplement policy and certificate currently available from an issuer shall be made available to all applicants who qualify under this subdivision and are 65 years of age or older. Medicare supplement contracts A, B, C, F, and at least one letter-designated plan (H, I, or J, at the discretion of the issuer) that includes coverage for prescription medications, if currently available from an issuer, shall be made available to any applicant who qualifies under this subdivision who is 64 years of age or younger and who does not have End-Stage Renal Disease. This section does not prohibit an issuer in determining premium rates from treating applicants who are under 65 years of age and are eligible for Medicare Part B as a separate risk classification. This section shall not be construed as preventing the exclusion of benefits for preexisting conditions as defined in paragraph (1) of subdivision (a) of Section 10192.8.

(b) (1) If an applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage of at least six months, the issuer shall not exclude benefits based on a preexisting condition.

(2) If the applicant qualifies under subdivision (a) and submits an application during the time period referenced in subdivision (a) and, as of the date of application, has had a continuous period of creditable coverage that is less than six months, the issuer shall reduce the period of any preexisting condition exclusion by the aggregate of the period of creditable coverage applicable to the applicant as of the enrollment date. The manner of the reduction under this subdivision shall be as specified by the commissioner.

(c) Except as provided in subdivision (b) and Section 10192.23, subdivision (a) shall not be construed as preventing the exclusion of benefits under a policy, during the first six months, based on a preexisting condition for which the policyholder or certificate holder received treatment or was otherwise diagnosed during the six months before the coverage became effective.

(d) An individual enrolled in Medicare Part B by reason of disability will be entitled to open enrollment described in this section for six months after he or she first becomes eligible for Medicare Part B. Every issuer shall make available to every applicant qualified for open enrollment all policies and certificates offered by that issuer at the time of application. Issuers shall not discourage sales during the open enrollment period by any means, including the altering of the commission structure.

There shall be a one-time open enrollment period of 120 days commencing on January 1, 2001, for all individuals eligible for Medicare by reason of disability who do not have End-Stage Renal Disease.

(e) An individual who is 65 years of age or older and enrolled in Medicare Part B is entitled to open enrollment described in this section for six months following:

(1) Receipt of a notice of termination or, if no notice is received, the effective date of termination, from any employer-sponsored health plan including an employer-sponsored retiree health plan. For purposes of this section, ''employer-sponsored retiree health plan'' includes any coverage for medical expenses that is directly or indirectly sponsored or established by an employer for employees or retirees, their spouses, dependents, or other included insureds.

(2) Termination of health care services for a military retiree or the retiree's Medicare eligible spouse or dependent as a result of a military base closure.

(f) An individual who is 65 years of age or older and enrolled in Medicare Part B is entitled to open enrollment described in this section if the individual was covered under a policy, certificate, or contract providing Medicare supplement coverage but that coverage terminated because the individual established residence at a location not served by the plan.

(g) (1) An individual who was previously enrolled in but whose coverage was terminated between September 1, 1998, and December 31, 1998, by a Medicare managed care plan shall be entitled to a new 60-day open enrollment period in addition to any open enrollment authorized by federal law or regulations, for any and all Medicare supplement coverage provided by Medicare supplement insurers and available on a guaranteed basis under state and federal law or regulations for persons terminated by their Medicare managed care plan.

(2) The new open enrollment period specified in paragraph (1) shall commence 90 days after January 1, 2000.

(3) An individual who was previously enrolled in but whose coverage was terminated after January 1, 1999, by a Medicare managed care plan shall be entitled to an additional 60-day open enrollment period to be added on to and run consecutively after any open enrollment period authorized by federal law or regulations, for any and all Medicare supplement coverage provided by Medicare supplement insurers and available on a guaranteed basis under state and federal law or regulations for persons terminated by their Medicare managed care plan. An individual shall be entitled to an annual open enrollment period lasting 30 days or more, commencing with the individual's birthday, during which time that person may purchase any Medicare supplement policy, with the exception of a Medicare Select policy, that offers benefits equal to or lesser than those provided by the previous coverage. During this open enrollment period, no issuer that falls under this provision shall deny or condition the issuance or effectiveness of Medicare supplement coverage, nor discriminate in the pricing of coverage, because of health status, claims experience, receipt of health care, or medical condition of the individual if, at the time of the open enrollment period, the individual is covered under another Medicare supplement policy or contract. An issuer shall notify a policyholder of his or her rights under this subdivision at least 30 and no more than 60 days before the beginning of the open enrollment period.

(C) The individual demonstrates, in accordance with guidelines established by the commissioner, either of the following:

(i) The organization offering the plan substantially violated a material provision of the organization's contract under this article in relation to the individual, including the failure to provide an enrollee on a timely basis medically necessary care for which benefits are available under the plan or the failure to provide the covered care in accordance with applicable quality standards.

(4) The individual is enrolled under a Medicare supplement policy and the enrollment ceases because of the following: the insolvency of the issuer or bankruptcy of the nonissuer organization; the involuntary termination of coverage or enrollment under the policy; the issuer of the policy substantially violated a material provision of the policy; or the issuer, or an agent or other entity acting on the issuer's behalf, materially misrepresented the policy's provisions in marketing the policy to the individual.

The people of the State of California do enact as follows:

SECTION 1. Section 10750 of the Water Code is amended to read:

10750. (a) The Legislature finds and declares that groundwater is a valuable natural resource in California, and should be managed to ensure both its safe production and its quality. It is the intent of the Legislature to encourage local agencies to work cooperatively to manage groundwater resources within their jurisdictions.

(b) The Legislature also finds and declares that additional study of groundwater resources is necessary to better understand how to manage groundwater effectively to ensure the safe production, quality, and proper storage of groundwater in this state.

SEC. 2. Part 2.78 (commencing with Section 10795) is added to Division 6 of the Water Code, to read:

PART 2.78. LOCAL GROUNDWATER MANAGEMENT ASSISTANCE ACT OF 2000

10795.12. (a) A Technical Advisory Panel shall review applications for grants based on criteria developed by the panel.

(b) The Technical Advisory Panel shall review applications and indicate whether, in its opinion, an application should be given priority pursuant to subdivisions (a) and (b) of Section 10795.6, and may place conditions on its recommendation for the funding of a specific project. These conditions may include requirements for additional clarification or further explanation of certain aspects of the project.

10795.14. (a) The Technical Advisory Panel shall be comprised of individuals appointed by the Secretary of the Resources Agency.

(b) (1) Panelists shall have background experience, or general knowledge, in the area of groundwater resources.

(2) Panelists shall include all of the following:

10795.16. (a) If a member of the Technical Advisory Panel, or a member of his or her immediate family, is employed by a grant applicant , the employer of a grant applicant, or a consultant or independent contractor employed by a grant applicant, the panel member shall make that disclosure to the other members of the panel and shall not participate in the review of the grant application of that applicant.

(b) The Technical Advisory Panel shall operate on principles of collaboration. Panelists shall be appointed who are committed to working together with other interests for the long-term benefit of California groundwater resources and the people who rely on those resources.

(c) Panelists shall be residents of the state and have an interest in the preservation, protection, and enhancement of the state's groundwater resources.

(d) Panelists shall not be employees of any state or federal agency.

Of that amount, not more than two hundred twenty thousand dollars ($220,000) may be used to defray administrative costs.

(b) Notwithstanding subdivision (a), the Department of Water Resources may not expend the funds specified in that subdivision unless and until the expenditure condition set forth in Provision 8 of Item 3860-001-0001 of Section 2.00 of the Budget Act of 2000 (Chapter 52 of the Statutes of 2000) is satisfied.

CHAPTER 709

An act relating to conservation camps, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) California has experienced dramatic increases in wildfire and flood losses, and in the cost to fight these losses during the last decade. Annual fire losses have doubled in the last five years. Handcrews to fight wildfires or floods and other emergencies are in short supply. On average, California has imported 187 paid fire crews each fire season over the last five years. During the 1999 fire season, the state expended twenty million dollars ($20,000,000) to import and use these crews. During this period, some low-cost inmate crews in conservation camps were unable to assist due to lack of tools, transportation, and supervision.

(b) Watershed health across the state has declined creating a large backlog of environmentally sensitive, labor intensive, restoration work ideally suited for inmate crews and California Conservation Corps crews.

(c) Conservation camp inmates provide a very economical way for the State of California to deal with the foregoing problems while minimizing organizational buildup. Each inmate provides an annual return to the state of over twenty-six thousand dollars ($26,000) in productive work, while costing taxpayers only thirteen thousand dollars ($13,000) per year.

(d) Conservation camps have provided over 2,000,000 work-hours of emergency fire and flood assistance to the state and over 4,000,000 work-hours of resource, environmental, and community service in a single year.

(e) Lower disciplinary and custodial costs result due to the fact that the hard-working emergency response team activities curtail disciplinary problems associated with idle time in prisons.

(f) Shortened incarceration time helps nonviolent inmates who reduce their sentence by performing meaningful work.

(g) Conservation camps provide significant rehabilitation benefits, as recidivism rates are reduced by the opportunity to learn strong work ethics, teamwork and job satisfaction, and by assisting communities, farms, and the state's natural resources.

(h) Minimum-security conservation centers cost less to construct than ''hardwall'' facilities and considerably less to operate.

SEC. 2. It is the intent of the Legislature to continue to expand the conservation camp program to provide additional beds for low-level inmates and at the same time provide additional capabilities to prevent and deal with fire, flood, earthquake, and other emergencies in the State of California in a more cost-effective manner. Therefore, the Secretary of the Resources Agency, after consultation with the Secretary of the Youth and Adult Correctional Agency, the California Conservation Corps, and other benefiting agencies, shall by November 1, 2001, report

to the Legislature and the Governor on additional inmate and civilian conservation camp construction or expansion needs.

SEC. 3. The Department of Corrections shall maximize the availability of conservation camp qualified inmates, subject to all of the following requirements:

(a) Necessary health and safety requirements shall be met at other facilities of the department.

(b) Public safety screening and training conditions and standards shall be maintained.

(c) The need for additional inmate positions at existing, expanded, or new conservation camps shall be considered.

SEC. 4. Subject to the appropriation of funds for this purpose in the annual Budget Act, the Department of Forestry and Fire Protection shall reactivate an additional 20-person crew module at each of the following 17 conservation camps, for the purpose of providing necessary training, vehicles, and equipment: Baseline, Bautista, Delta, Devils Garden, Eel River, Fenner Canyon, Gabilian, Growlersburg, McCain Valley, Oak Glen, Owens Valley, Preston/Pine Grove, Puerta La Cruz, Salt Creek, Sugar Pine, Trinity River, and Valley View.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to improve the ability of the conservation camp program to provide emergency services in event of fire, flood, or earthquake at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 710

An act relating to parks and recreation.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 (The Villaraigosa-Keeley Act) (Proposition 12 of the March 7, 2000, primary election; Chapter 1.692 (commencing with Section 5096.300) of Division 5 of the Public Resources Code) provides fifty million dollars ($50,000,000) in supplemental funds to cities and districts with populations under 200,000 in urbanized counties with populations of

200,000 or greater pursuant to subdivision (f) of Section 5096.310 and subdivision (b) of Section 5096.336 of the Public Resources Code. Subdivision (g) of Section 5096.310 of the Public Resources Code provides two hundred million dollars ($200,000,000) in grants to cities, counties, and districts for the acquisition, development, rehabilitation, and restoration of park and recreation areas and facilities pursuant to the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Act (Chapter 3.2 (commencing with Section 5620) of Division 5 of the Public Resources Code).

(b) Of the 444 cities and districts in urbanized counties throughout the state, all but five cities and one district (Stockton, Bakersfield, Fremont, Glendale, and Riverside and the Hayward Area Recreation and Park District) qualify for supplemental per capita funding, as either ''small cities'' and ''districts'' having a population under 200,000 or heavily ''urbanized areas'' having a population over 300,000, as eligible cities under the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Act. This inequity was not intended by the drafters of the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Act of 2000 or by the Legislature.

(c) It is the intent of the Legislature that the omitted five cities and one district receive supplemental per capita funding on the same basis as eligible cities with populations over 300,000 persons under the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Act.

(d) Funds shall be allocated to the Cities of Stockton, Bakersfield, Fremont, Glendale, and Riverside and the Hayward Area Recreation District when funds are appropriated to the Department of Parks and Recreation for that purpose, from a source other than the Safe Neighborhood Parks, Clean Water, Clean Air, and Coastal Protection Bond Fund, in the annual Budget Act. The department shall allocate these funds using the same criteria, dollar rate, and procedures as it employs to allocate funds to local agencies with populations over 300,000 and eligible for funding under the block grant portion of the Roberti-Z'berg-Harris Urban Open-Space and Recreation Program Act. Any amount in excess of the amount necessary to make that allocation shall revert to the General Fund.

(e) Funds appropriated for the purposes of subdivision (d) shall be available for encumbrance for three years after the date upon which funds first become available for encumbrance or, as allowed under Section 16304 of the Government Code, whichever period is longer.

(f) Disbursements in liquidation of encumbrances shall be made before the expiration of five years following the last day the appropriation is available for encumbrance pursuant to subdivision (e)

or, in accordance with Section 16304.1 of the Government Code, whichever period is longer.

CHAPTER 711

An act to amend Section 10631 of the Water Code, relating to water, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 2000. Filed with Secretary of State September 27, 2000.]

The people of the State of California do enact as follows:

SECTION 1. Section 10631 of the Water Code is amended to read:

10631. A plan shall be adopted in accordance with this chapter and shall do all of the following:

(a) Describe the service area of the supplier, including current and projected population, climate, and other demographic factors affecting the supplier's water management planning. The projected population estimates shall be based upon data from the state, regional, or local service agency population projections within the service area of the urban water supplier and shall be in five-year increments to 20 years or as far as data is available.

(b) Identify and quantify, to the extent practicable, the existing and planned sources of water available to the supplier over the same five-year increments as described in subdivision (a).

(c) Describe the reliability of the water supply and vulnerability to seasonal or climatic shortage, to the extent practicable, and provide data for each of the following:

(1) An average water year.

(2) A single dry water year.

(3) Multiple dry water years.

For any water source that may not be available at a consistent level of use, given specific legal, environmental, water quality, or climatic factors, describe plans to replace that source with alternative sources or water demand management measures, to the extent practicable.

(d) Describe the opportunities for exchanges or transfers of water on a short-term or long-term basis.

(e) (1) Quantify, to the extent records are available, past and current water use, over the same five-year increments described in subdivision (a), and projected water use, identifying the uses among water use sectors including, but not necessarily limited to, all of the following uses:

(A) Single-family residential.

(B) Multifamily.

(C) Commercial.

(D) Industrial.

(E) Institutional and governmental.

(F) Landscape.

(H) Saline water intrusion barriers, groundwater recharge, or conjunctive use, or any combination thereof.

(I) Agricultural.

(2) The water use projections shall be in the same five-year increments as described in subdivision (a).

(f) Provide a description of the supplier's water demand management measures. This description shall include all of the following:

(1) A description of each water demand management measure that is currently being implemented, or scheduled for implementation, including the steps necessary to implement any proposed measures, including, but not limited to, all of the following:

(A) Water survey programs for single-family residential and multifamily residential customers.

(B) Residential plumbing retrofit.

(2) A schedule of implementation for all water demand management measures proposed or described in the plan.

(3) A description of the methods, if any, that the supplier will use to evaluate the effectiveness of water demand management measures implemented or described under the plan.

(4) An estimate, if available, of existing conservation savings on water use within the supplier's service area, and the effect of such savings on the supplier's ability to further reduce demand.

(g) An evaluation of each water demand management measure listed in paragraph (1) of subdivision (f) that is not currently being implemented or scheduled for implementation. In the course of the evaluation, first consideration shall be given to water demand management measures, or combination of measures, that offer lower incremental costs than expanded or additional water supplies. This evaluation shall do all of the following:

(1) Take into account economic and noneconomic factors, including environmental, social, health, customer impact, and technological factors.

(2) Include a cost-benefit analysis, identifying total benefits and total costs.

(3) Include a description of funding available to implement any planned water supply project that would provide water at a higher unit cost.

(4) Include a description of the water supplier's legal authority to implement the measure and efforts to work with other relevant agencies to ensure the implementation of the measure and to share the cost of implementation.

(h) Urban water suppliers that are members of the California Urban Water Conservation Council and submit annual reports to that council in accordance with the ''Memorandum of Understanding Regarding Urban Water Conservation in California,'' dated September 1991, may submit the annual reports identifying water demand management measures currently being implemented, or scheduled for implementation, to satisfy the requirements of subdivisions (f) and (g).
